The Justice Information Sharing Technology (JIST) appropriation provides resources to the Department of Justice (DOJ) Chief Information Officer (CIO) to ensure progress towards DOJ's strategic goals in supporting agents, attorneys, analysts, and administrative staffs across the world in support of their missions. The CIO is also responsible for ensuring these and other IT investments align with DOJ's overall IT strategy, as well as its technical reference and enterprise architectures. JIST resources will fund the following programs in FY 2022: cybersecurity, IT transformation, IT architecture and oversight, and innovation engineering.

Cybersecurity: Enhancing DOJ's cybersecurity posture remains a top priority for the Department and its leadership, as DOJ supports a wide range of missions, including national security, law enforcement investigations, prosecution, and incarceration. The systems supporting these critical missions must secure sensitive information, enable critical mission workflows, and protect the integrity of data and information guiding vital decisions.

IT Transformation: IT transformation is an ongoing commitment to evolve DOJ's IT environment by driving toward shared commodity infrastructure services and seeking simplified design and implementation of tools to advance the mission. These efforts allow DOJ to shift from custom, government-owned solutions, to advanced industry-leading offerings at competitive pricing. The OCIO recognizes modernization as an ongoing activity, requiring IT strategies to adapt as technology changes.

IT Architecture and Oversight: OCIO provides guidance on IT objectives and serves as a central aggregation point for reporting on activities from across components to help ensure compliance with enterprise architecture (EA) requirements from OMB and the Government Accountability Office. OCIO provides support to a wide range of IT planning, governance, and oversight processes such as IT investment management and Capital Planning and Investment Control (CPIC), as well as the DOJ Investment Review Council and Investment Review Board, which allow OCIO to ensure alignment of investments across the Department. The EA repository contains information on all departmental system, aligns investments to these systems, and maintains the Department's IT asset inventory in compliance with OMB Circular A-130. Oversight of the DOJ's IT environment by the CIO is vital given the role of technology in supporting DOJ's varied legal, investigative, and administrative missions. JIST resources fund the DOJ-wide IT architecture governance and oversight responsibilities of the OCIO. These efforts support the CIO's responsibilities in complying with FITARA, the Clinger-Cohen Act, and other applicable laws, regulations and Executive Orders covering Federal information technology management.

Innovation Engineering: OCIO facilitates adoption of new and innovative technologies to support DOJ mission requirements. By creating partnerships with DOJ components, Federal agencies, and industry for the exploration of these new technologies, OCIO is responsible for leading the ideation, design, planning, and execution of enterprise-wide IT innovations to enhance DOJ user experiences, while ensuring alignment with DOJ architectures and strategic priorities.

The Executive Office for Immigration Review (EOIR) was created on January 9, 1983 through an internal Department of Justice (DOJ) reorganization that combined the Board of Immigration Appeals (BIA) with the Immigration Judge function. In addition to establishing EOIR as a separate agency within DOJ, this reorganization made the Immigration Courts independent of the agency charged with enforcement of Federal immigration laws. Under delegated authority from the Attorney General, EOIR conducts immigration court proceedings, appellate reviews, and administrative hearings. The Office of the Chief Administrative Hearing Officer was added in 1987. EOIR is headed by a Director, appointed by the Attorney General, who oversees 70 Immigration Courts nationwide, the BIA, and the headquarters organization located in Falls Church.

The Office of the Inspector General (OIG) was statutorily established in the Department of Justice on April 14, 1989. The OIG investigates alleged violations of criminal and civil laws, regulations, and ethical standards arising from the conduct of the Department's employees. The OIG provides leadership and assists management in promoting integrity, economy, efficiency, and effectiveness within the Department and in its financial, contractual, and grant relationships with others. By statute, the OIG also reports to the Attorney General, the Congress, and the public on a semiannual basis regarding its significant activities.

The Audit Division is responsible for independent audits and reviews of Department organizations, programs, functions, computer security and information technology systems, and financial statement audits. The Audit Division also conducts or reviews external audits of expenditures made under Department contracts, grants, and other agreements.

The Investigations Division investigates allegations of civil rights violations, bribery, fraud, abuse and violations of other laws, rules, and procedures that govern Department employees, contractors, and grantees. This Division also develops these cases for criminal prosecution, civil action, or administrative action. In some instances, the OIG refers allegations to components within the Department and requests notification of their findings and of any disciplinary action taken.

The Evaluation and Inspections Division conducts program and management reviews that involve on-site inspection, statistical analysis, and other

techniques to review Department programs and activities and makes recommendations for improvement.

The Oversight and Review Division investigates allegations of significant interest to the American public and the Congress, and of vital importance to the Department.

The Office of the General Counsel provides legal advice to OIG management and staff. It also drafts memoranda on issues of law; prepares administrative subpoenas; represents the OIG in personnel, contractual, ethical, and legal matters; and responds to Freedom of Information Act requests.

The Management and Planning Division provides advice to OIG senior leadership on administrative and fiscal policy, and assists OIG components in the areas of budget formulation and execution, security, personnel, training, travel, procurement, property management, telecommunications, records management, quality assurance, internal controls, and general support.

The Information Technology Division executes the OIG's IT strategic vision and goals by directing technology and business process integration, network administration, implementation of computer hardware and software, cybersecurity, applications development, programming services, policy formulation, and other mission-support activities.

The United States Parole Commission is responsible for 1) making parole release and revocation decisions for all parole-eligible Federal and District of Columbia Code offenders; 2) setting and enforcing the conditions of supervised release for District of Columbia Code offenders; 3) making release decisions for United States citizens convicted of a crime in another country who voluntarily return to the United States for service of sentence; 4) performing parole-related functions for certain military and State offenders; and 5) exercising decision-making authority over State offenders who are on the State probation or parole, and are transferred to Federal authorities under the witness security program.

The Parole Commission works to reduce offender recidivism rates by implementing new revocation guidelines and establishing alternatives to incarceration for low-risk, non-violent offenders. In addition, the Commission seeks to improve the rehabilitation process by monitoring an effective offender supervision program through U.S. and District of Columbia probation officers, and through research studies that evaluate the effectiveness of offender supervision programs. The Parole Commission has oversight responsibility for the supervision of District of Columbia parolees and supervised releases under the National Capital Revitalization and Self-Government Improvement Act (P.L. 105–33).

The following Department legal activities are financed from this appropriation:

Supreme Court proceedings and appellate matters.—The Office of the Solicitor General conducts substantially all litigation on behalf of the United States and its agencies in the Supreme Court of the United States, approves decisions to appeal and seek further review in cases involving the United States in the lower Federal courts, and supervises the handling of litigation in the Federal appellate courts.

General tax matters.—The mission of the Tax Division is to enforce the nation's tax laws fully, fairly, and consistently, through both criminal and civil litigation, in order to promote voluntary compliance with the tax laws, maintain public confidence in the integrity of the tax system, and promote the sound development of the law.

Criminal matters.—The Criminal Division develops, enforces, and supervises the application of all Federal criminal laws, except those specifically assigned to other divisions. The mission of the Criminal Division is to identify and respond to critical and emerging national and international criminal threats, and to lead the enforcement, regulatory, and intelligence communities in a coordinated nationwide response to reduce those threats.

Claims, customs, and general civil matters.—The Civil Division represents the Federal Government in civil litigation to defend Federal statutes, regulations, and policies, and to avoid payment of unjustified monetary claims. It also investigates and pursues perpetrators of financial, economic, health care, and other forms of fraud to recover billions of dollars owed to the Federal Government. Examples of non-monetary litigation include the defense of thousands of challenges to immigration enforcement decisions and to Federal activities involving counterterrorism, as well as enforcement of consumer protection laws.

Environment and natural resource matters.—The Environment and Natural Resources Division enforces the Nation's civil and criminal environmental laws and defends environmental challenges to Government action. Additionally, the Division represents the United States in virtually all matters concerning the use and development of the Nation's natural resources and public lands, wildlife protection, Indian rights and claims, worker safety, animal welfare, and the acquisition of Federal property.

Legal opinions.—The Office of Legal Counsel provides written opinions and oral advice in response to requests from the Counsel to the President, the various agencies of the executive branch, and offices within the Department, including the offices of the Attorney General and Deputy Attorney General.

Civil rights matters.—This program enforces the Nation's Federal civil rights laws. Through the enforcement of a wide range of anti-discrimination laws, the Division gives meaning to our Nation's promise of equal opportunity. The Division works to uphold and defend the civil and constitutional rights of all individuals, particularly some of the most vulnerable members of our society. The Division enforces Federal statutes that prohibit discrimination and provide a remedy for constitutional violations. The 2021 Budget is not requesting an appropriation for the Community Relations Service (CRS), and instead proposes to consolidate those functions within the Civil Rights Division (CRT). This consolidation would appropriately rightsize the Federal role in local conflict resolutions, while eliminating duplicative functions and improving efficiency. The Budget provides \$5 million and 15 positions to CRT to support this proposal.

INTERPOL Washington.—This program is the United States National Central Bureau and designated representative to INTERPOL on behalf of the Attorney General. Its mission includes, but is not limited to, facilitating international police cooperation; transmitting criminal justice, humanitarian, and other law enforcement related information between U.S. law enforcement authorities and their foreign counterparts; and coordinating and integrating information for investigations of an international nature.

Office of The Pardon Attorney.—The Office of the Pardon Attorney (OPA) receives and evaluates clemency petitions for federal crimes and prepares letters of advice for the President for each application with approval from the Deputy Attorney General. In addition, OPA responds to inquiries concerning executive clemency petitions and the clemency process from applicants, their legal representatives, members of the public, and Members of Congress; prepares all necessary documents to effect the President's decision to grant or deny clemency; and provides advisory services to White House Counsel concerning executive clemency procedures.

Office for Access to Justice.—The proposed Office for Access to Justice helps the justice system efficiently deliver outcomes that are fair and accessible to all, irrespective of wealth and status by working with Federal agencies and state, local, and tribal justice system stakeholders to increase access to legal assistance and to improve the justice delivery systems that serve people who are unable to afford lawyers.

Reimbursable programs.—This reflects reimbursable funding for the following:

SALARIES AND EXPENSES, GENERAL LEGAL ACTIVITIES—Continued

Civil Division.—For litigating cases under the National Childhood Vaccine Injury Act, and for litigating a number of extraordinarily large cases on behalf of the United States;

Criminal Division.—For activities related to healthcare fraud and drug prosecutions, international training programs, and asset forfeiture related activities;

The Antitrust Division administers and enforces antitrust and related statutes. This program primarily involves the investigation of suspected violations of the antitrust laws, the conduct of civil and criminal proceedings in the Federal courts, and the maintenance of competitive conditions.

The Department of Justice Antitrust Division and the Federal Trade Commission (FTC) are responsible for reviewing corporate mergers to ensure they do not promote anticompetitive practices. Revenue collected from pre-merger filing fees, known as Hart-Scott-Rodino fees, are collected by the FTC and split evenly between the two agencies. In 2022, the Antitrust Division will continue to collect filing fees for pre-merger notifications and will retain these fees for expenditure in support of its programs.

The Federal Government is represented by a United States Marshal in each of the 94 judicial districts. The primary mission of the United States Marshals Service (USMS) is to protect, defend, and enforce the American justice system by securing Federal court facilities and ensuring the safety of judges and other court personnel; apprehending fugitives and non-compliant sex offenders; exercising custody of Federal prisoners, and providing for their security and transportation from arrest to incarceration; ensuring the safety of protected government witnesses and their families; executing Federal warrants and court orders; managing seized assets acquired through illegal means; and providing custody, management, and disposal of forfeited assets. The USMS is the principal support force in the Federal judicial system and an integral part of the Federal law enforcement community.

Other Federal funds are derived from the Administrative Office of the U.S. Courts for the Judicial Facility Security Program, the Assets Forfeiture Fund for seized assets management and disposal, the Fees and Expenses of Witnesses appropriation for protected witnesses' security and relocation, the Organized Crime Drug Enforcement Task Forces Program for multi-agency drug investigations, and the Department of Health and Human Services. Non-Federal funds are derived from State and local governments for witness protection and the transportation of prisoners pursuant to State writs, as well as fees collected from service of civil process and sales associated with judicial orders.

For 2022, the USMS requests program increases totaling \$85.3 million. To strengthen judicial security, the USMS requests \$33.5 million to increase protection capacity, threat investigation and mitigation capabilities; and improve the USMS ability to keep pace with an ever-evolving threat landscape. For technical and tactical operations that support the fugitive apprehension mission, the USMS requests \$20.2 million to upgrade electronic surveillance equipment, \$12.2 million to provide a rapidly deployable tactical resource by transitioning the Special Operations Group from col-

lateral duty assignments to full-time dedicated positions, \$4.4 million to implement a video management solution for Task Force Officer Body Worn Cameras, and \$3.0 million to support the rising cost of returning international fugitives to the United States for judicial proceedings. The USMS remains integral in the Administration's push to reduce violent crime and human trafficking. To enhance these efforts, the USMS requests \$3.3 million to expand its support for missing child investigations as authorized by the Justice for Victims of Trafficking Act. Finally, the USMS requests \$8.7 million to provide temporary duty personnel to facilitate the expected transfer of felony cases from Oklahoma court to Federal courts due to the Supreme Court decision in *McGirt v. Oklahoma*.

The Federal Prisoner Detention (FPD) appropriation is responsible for the costs associated with the care of Federal detainees in the custody of the United States Marshals Service (USMS). The USMS must ensure the safe, secure, and humane confinement of persons in its custody while allowing unimpeded prisoner transportation operations. The FPD appropriation provides for the care of Federal detainees in private, State, and local facilities, which includes housing, subsistence, transportation, medical care, and medical guard service.

The Federal Government utilizes various methods to house detainees. The USMS acquires detention bed space for Federal detainees through several means, using the most appropriate method to maximize efficiency and effectiveness for the Government:

- 1) Federally-owned and managed detention facilities, where the Government has paid for construction and operation of the facility, funded through the Federal Bureau of Prisons (BOP) appropriation;
- 2) Intergovernmental Agreements (IGAs) with State and local jurisdictions, whose excess prison and jail bed capacity is utilized via a negotiated daily rate paid to those jurisdictions; and
- 3) Private performance-based contract facilities, where an individual daily rate or contract minimum rate is paid. In response to the President's Executive Order (EO) 14006, "Reforming Our Incarceration System to Eliminate the Use of Privately Operated Criminal Detention Facilities," the USMS began the process of discontinuing its private detention facility contracts in March 2021.

Over 80 percent of the USMS's Federally-detained population will be housed in State and local facilities.

For 2022, the USMS requests program increases totaling \$87.9 million. Within that funding, the USMS requests \$677,000 for seven new positions to expand oversight and internal controls to ensure that State and local facilities meet established standards of confinement when providing detention bedspace through IGAs. The USMS requests \$12.2 million and two new positions to develop and integrate technology solutions that modernize detention-related systems. Finally, the USMS requests \$75.0 million to continue implementation of EO 14006.

The USMS will continue to identify cost reduction and avoidance opportunities through process and infrastructure improvements. The costs associated with these efforts are funded from the FPD appropriation. In recent years, the USMS has successfully implemented a number of efficiency initiatives, including:

- 1) eDesignate, which was developed to provide a more efficient workflow between the U.S. Courts, the USMS, and the BOP;
- 2) core-rate IGA, which standardizes the pricing strategy for paying for non-Federal detention space in order to control costs;

3) the Quality Assurance Review Program, which ensures non-Federal facilities' housing meet Department of Justice requirements for safe, secure and humane confinement; and

4) increased use of detention alternatives by providing funding to the Federal Judiciary to support alternatives to pretrial detention such as electronic monitoring, halfway house placement, and drug testing and treatment.

This appropriation is used to pay fees and expenses of witnesses who appear on behalf of the Government in litigation in which the United States is a party. The United States Attorneys, the United States Marshals Service, and the Department's six litigating divisions are served by this appropriation.

Fees and expenses of witnesses.—Pays the fees and expenses associated with the presentation of testimony on behalf of the United States for fact witnesses who testify as to events or facts about which they have personal knowledge, and for expert witnesses who provide technical or scientific testimony. This program also pays the fees of physicians and psychiatrists who examine accused persons upon order of the court to determine their mental competency.

Protection of witnesses.—Pays subsistence and other costs to ensure the safety of Government witnesses whose testimony on behalf of the United States places them or their families in jeopardy.

Victim compensation fund.—Pays restitution to any victim of a crime committed by a protected witness who causes or threatens death or serious bodily injury.

Private counsel.—Pays private counsel retained to represent Government employees who are sued, charged, or subpoenaed for actions taken while performing their official duties (private counsel expenditures may be authorized for congressional testimony as well as for litigation in instances where Government counsel is precluded from representing the employee or private counsel is otherwise appropriate).

Foreign Counsel.—Allows the Civil Division, which is authorized to oversee litigation in foreign courts, to pay legal expenses of foreign counsel, retained and supervised by the Department of Justice, who represent the United States in cases filed in foreign courts.

Alternative Dispute Resolution.—Pays the costs of providing Alternative Dispute Resolution (ADR) services in instances wherein the Department has taken the initiative to use such services and wherein the courts have directed the parties to attempt a settlement using mediation or some other ADR process.

The Community Relations Service provides assistance to State and local communities in the prevention and resolution of tension, violence, and civil disorders relating to actual or perceived discrimination on the basis of race, color, or national origin. The Service also works with communities to employ strategies to prevent and respond to bias and hate crimes committed on the basis of actual or perceived race, color, national origin, gender, gender identity, sexual orientation, religion, or disability. The 2022 Budget will allow CRS to expand its mediation and conciliation services to communities experiencing conflict.

A permanent appropriation is available to fund independent and special counsel activities (28 U.S.C. 591 note). In recent years, special counsels have been appointed to investigate allegations that senior Executive Branch officials violated Federal law. This permanent appropriation is used to fund such investigations.

Title II of the James Zadroga 9/11 Health and Compensation Act of 2010 (P.L. 111–347) reopened the September 11th Victim Compensation Fund (VCF), extending eligibility for compensation associated with physical harm stemming from debris removal and extending the deadline for claims associated with harms not discovered before the Fund's original deadline. The VCF was established by the Air Transportation Safety and System Stabilization Act (P.L. 107–42) as an alternative to litigation, and had terminated operations in 2004 after making compensation payments of more than \$7 billion to survivors of 2,880 persons killed in the September 11, 2001 terrorist attacks and to 2,680 individuals who were injured in the attacks and subsequent rescue efforts.

P.L. 111–347 made \$2.775 billion available for the settlement of claim determinations issued on or before December 17, 2015. After all claims in this group were resolved, roughly all remaining funds (\$813 million) became available in the new Victims Compensation Fund. The Victims Compensation Fund is available for the settlement of claim determinations issued after December 17, 2015.

Public Law 114–113 provided \$4.6 billion starting in 2017 for the settlement of claims related to the September 11th attacks. Per Section 410, a new Treasury account was established called the "Victims Compensation Fund." This fund is available for the settlement of claim determinations issued after December 17, 2015. After all claims in the September 11th Victim Compensation Fund were resolved, \$813 million in remaining funding became available in the new Victims Compensation Fund.

On July 29, 2019, the President signed into law the Never Forget the Heroes: James Zadroga, Ray Pfeifer, and Luis Alvarez Permanent Authorization of the September 11th Victim Compensation Fund, Public Law 116–34. The Act extends the VCF's claim filing deadline to October 1, 2090, and appropriates such funds as may be necessary in each fiscal year through fiscal year 2092 to pay all eligible claims.

The United States Trustee Program (USTP or Program) supervises the administration of bankruptcy cases and private trustees in the Federal Bankruptcy Courts and litigates against fraud and abuse in the system by debtors, creditors, attorneys, bankruptcy petition preparers, and others. The Bankruptcy Judges, U.S. Trustees and Family Farmer Bankruptcy Act of 1986 (P.L. 99-554) expanded the pilot trustee program to a 21 region, nationwide program encompassing 88 judicial districts (bankruptcy cases filed in Alabama and North Carolina are administered by the Administrative Office of the U.S. Courts). The Bankruptcy Abuse Prevention and Consumer Protection Act of 2005, (P.L. 109-8) expanded the Program's responsibilities to include, among other things, means testing, credit counseling/debtor education, and debtor audits. The August 2019 enactment of the Small Business Reorganization Act (P.L. 116-54) gave the Program additional responsibilities regarding small business debtors.

USTP appropriations are offset primarily by revenues deposited into the United States Trustee System Fund from filing fees paid by consumer and business debtors as well as quarterly fees based on disbursements made by most chapter 11 debtors. In October 2017, the Bankruptcy Judgeship Act of 2017 (P.L. 115-72) was enacted, adjusting quarterly fees for the largest chapter 11 debtors beginning January 1, 2018 and through September 30, 2022, depending on the balance of the Fund. Following the enactment of the Bankruptcy Administration Improvement Act (BAIA),

(P.L. 116-325) in January 2021, quarterly fees were further amended beginning April 1, 2021 through December 31, 2025. The BAIA reduces quarterly fees paid in almost all chapter 11 cases, does not increase quarterly fees for any case, and simplifies the fee structure. Under the new law, the USTP's FY 2022 appropriation is anticipated to be fully offset by bankruptcy fees collected and on deposit in the United States Trustee System Fund. Further, the law continues funding for bankruptcy judgeships and uses surplus fees for additional private chapter 7 bankruptcy trustee compensation.

The Comprehensive Crime Control Act of 1984 established the Assets Forfeiture Fund (AFF) as a repository for forfeited cash and the proceeds of sales of forfeited property under any law enforced and administered by the Department of Justice in accordance with 28 U.S.C. 524(c). Authorities of the AFF have been amended by various public laws enacted since 1984. Under current law, authority to use the AFF for certain investigative expenses shall be specified in annual appropriations acts. Expenses necessary to seize, detain, inventory, safeguard, maintain, advertise, or sell property under seizure are funded through a permanent, indefinite appropriation. In addition, beginning in 1993, other general expenses of managing and operating the assets forfeiture program are paid from the permanent, indefinite portion of the AFF. Once all expenses are covered, the balance is maintained to meet ongoing expenses of the program. Excess unobligated balances may also be allocated by the Attorney General in accordance with 28 U.S.C. 524(c)(8)(E).

The Justice Prisoner and Alien Transportation System (JPATS) is responsible for transporting the majority of Federal detainees and prisoners in the custody of the United States Marshals Service or the Bureau of Prisons. JPATS transports both sentenced prisoners and pretrial detainees via coordinated air and ground systems without sacrificing the safety of the public, Federal employees, or those in custody. JPATS also transports prisoners and detainees on a reimbursable space-available basis for the Department of Defense, other participating Federal departments, and State and local agencies. Customers are billed based on the number of flight hours and the number of seats used to move their prisoners/detainees.

The Mission of the National Security Division (NSD) is to protect the United States from threats to our national security by pursuing justice through the law. NSD strengthens the Department's core national security functions by providing strategic national security policy coordination and development. NSD combines counterterrorism, counterintelligence, export control, and cyber prosecutors with attorneys who oversee the Department's foreign intelligence/counterintelligence operations, as well as attorneys who provide policy and legal advice on a wide range of national security issues. For 2022, NSD is requesting \$123 million to protect and defend the United States against the full range of national security threats, consistent with the rule of law.

The Interagency Crime and Drug Enforcement (ICDE) account funds the Organized Crime Drug Enforcement Task Forces (OCDETF) program. OCDETF combines the resources and expertise of 11 Federal law enforcement agency members, the Department of Justice's Criminal Division, United States Attorneys' Offices, and State and local law enforcement. OCDETF's mission is to identify, disrupt, and dismantle the major domestic and transnational criminal organizations (TCO) that engage in the drug trafficking, violence, and money laundering activities that threaten the public safety and economic and national security of the United States.

The OCDETF Program performs the following activities:

Investigation.—This activity includes resources for the direct investigative, intelligence, and support activities of OCDETF's multi-agency task forces, focusing on the disruption and dismantlement of major TCOs. This activity also includes resources for the OCDETF Fusion Center (OFC). The OFC is a multi-agency intelligence center which analyzes fused law enforcement financial and human intelligence information, and produces actionable intelligence for use by OCDETF member agencies to disrupt and dismantle major criminal organizations and their supporting financial structures. In addition, the OFC creates strategic intelligence products to enhance TCO threat analyses and support the national strategic efforts against transnational organized crime. Organizations participating under the Investigations function are the Drug Enforcement Administration, Federal Bureau of Investigation, Internal Revenue Service, Bureau of Alcohol, Tobacco, Firearms and Explosives, U.S. Coast Guard, U.S. Marshals Service, U.S. Secret Service, U.S. Postal Inspection Service, and Homeland Security Investigations. OCDETF also maintains 18 Co-Located Strike Forces. The ICDE account also supports transnational organized crime investigations through the International Organized Crime Intelligence and Operations Center (IOC-2). IOC-2 is a multi-agency intelligence center with a mission to significantly disrupt and dismantle those international criminal organizations posing the greatest threat to the United States. Multiple Federal agencies participate in IOC-2 activities and related investigations.

Prosecution.—This activity includes resources for the prosecution of cases generated through the investigative efforts of task force agents. Litigation efforts are intended to dismantle in their entirety those major transnational criminal organizations engaged in the highest levels of drug trafficking, violence, and money laundering by targeting the leaders of these organizations. This includes activities designed to secure the seizure and forfeiture of the assets of these enterprises. Participating agencies are the U.S. Attorneys and the Department of Justice's Criminal Division.

The mission of the Federal Bureau of Investigation (FBI) is to protect the American people and uphold the Constitution of the United States.

The FBI's enterprise strategy includes several integrated components. The vision outlines the FBI's desired strategic position, which it aims to accomplish by continuously evolving to mitigate existing threats and anticipate future threats. To focus efforts across the enterprise, the FBI developed strategic objectives, operational mission priorities, through its Integrated Program Management process.

The FBI is headed by a Director, who is appointed by the President and confirmed by the Senate. FBI Headquarters, located in Washington, DC, provides centralized operational, policy, and administrative support to FBI investigations. The FBI operates 56 field offices in major U.S. cities and 350 resident agencies (RAs) throughout the country. RAs are satellite offices that allow the FBI to maintain a presence in and serve local communities. The FBI also operates 63 Legal Attache offices and 29 sub-offices in 73 foreign countries around the world. Additionally, there are several specialized facilities and analytical centers within the FBI that are located across the country, such as the Criminal Justice Information Services Division in Clarksburg, WV; the Terrorist Explosive Device Analytical Center and Hazardous Devices School in Huntsville, AL; and the FBI Academy and Laboratory at Quantico, VA.

A number of FBI activities are carried out on reimbursable bases. For example, the FBI is reimbursed for its participation in the Organized Crime Drug Enforcement Task Force program and by other Federal agencies for certain intelligence and investigative services, such as pre-employment background inquiries and fingerprint and name checks. The FBI is also authorized to conduct fingerprint and name checks for certain non-Federal agencies.

For 2022, the FBI is requesting \$10.214 billion in Salaries and Expenses funding. Specifically, the FBI requests program increases of \$45.0 million to counter domestic terrorism, \$25.5 million to address its increased responsibilities in Oklahoma stemming from the Supreme Court's recent *McGirt v. Oklahoma* decision, \$40.0 million to bolster its cyber investigative program, \$18.8 million to address threats posed to the Nation by foreign intelligence actors, \$6.2 million to store data from the body-worn cameras of Federal task force officers, and \$15.2 million to defend the organization against cybersecurity threats.

The Drug Enforcement Administration's (DEA) mission is to enforce the controlled substances laws and regulations of the United States. DEA's major focus is the disruption and dismantlement of Priority Target Organizations (PTOs)—domestic and international drug trafficking and money laundering organizations having a significant impact on drug availability in the United States. DEA emphasizes PTOs with links to organizations on the Attorney General's Consolidated Priority Organization Target list, which represents the "Most Wanted" drug trafficking and money laundering organizations believed to be primarily responsible for the United States' illicit drug supply, including heroin. DEA also considers it a high priority to target the financial infrastructure of major drug trafficking organizations, and members of the financial community who facilitate the laundering of their proceeds. In 2020, DEA denied drug traffickers \$4.1 billion in revenue through the seizure of both assets and drugs. In addition to keeping drugs and drug-related violence out of the United States, DEA plays a vital role in the areas of national and border security.

DEA has 238 domestic offices organized in 23 divisions throughout the United States. Internationally, DEA has 91 offices in 69 countries and is responsible for coordinating and pursuing U.S. drug investigations abroad. Federal, State, local, and international partnerships continue to play an important role in DEA's enforcement efforts. For nearly 43 years, DEA has led a task force program that today includes nearly 3,000 task force officers participating in 398 task forces. DEA's Special Operations Division and the El Paso Intelligence Center are vital resources for Federal, State, and local law enforcement. Additionally, through the Office of National Security Intelligence, DEA ensures that national security information obtained in the course of conducting its drug law enforcement mission is expeditiously shared with the Intelligence Community.

DEA's activities are divided into three decision units:

Domestic Enforcement.—Through effective enforcement efforts and associated support functions, DEA disrupts and dismantles the leadership, command, control, and infrastructure of major drug trafficking syndicates, criminal organizations, and violent drug trafficking groups that threaten the United States. This decision unit contains most of DEA's resources, domestic enforcement groups, State and local task forces, other Federal and local task forces, intelligence groups, and all the support functions essential to accomplishing their mission. DEA's objectives for Domestic Enforcement include:

—Identifying and targeting the national/regional organizations most responsible for the domestic distribution and manufacture of illicit drugs;

—Systematically disrupting or dismantling targeted organizations by arresting/convicting their leaders and facilitators, seizing and forfeiting their assets, targeting their money laundering operations, and destroying their command and control networks; and,

—Working with international offices to dismantle domestic organizations directly affiliated with Transnational Criminal Organizations

International Enforcement.—DEA works with its foreign counterparts to attack the vulnerabilities in the leadership, production, transportation, communications, finance, and distribution sectors of major international drug trafficking organizations. DEA's objectives for International Enforcement include:

—Identifying and targeting the most significant international drug and chemical trafficking organizations;

—Disrupting and dismantling the networks, financial infrastructures, operations, and resource bases of targeted international drug and chemical trafficking organizations; and

—Preventing drug trafficking organizations from funding terrorist organizations and activities.

State and Local Assistance.—DEA provides clandestine laboratory training and meets the hazardous waste cleanup needs of the U.S. law enforcement community. DEA supports State and local law enforcement with assistance and training so that State and local agencies can better address the methamphetamine threat in their communities and reduce the impact that methamphetamine has on the quality of life for American citizens. As a result, DEA's nationwide contracts, container program, and established training programs allow DEA to provide State and local clandestine lab cleanup and training assistance in a cost-effective manner. In 2021, DEA received expanded authority to support state and local agencies in addressing additional illicit hazardous environments where controlled substances are clandestinely processed, such as fentanyl. Due to the differing natures of the various hazards associated with clandestine processing of many different controlled substances, DEA is currently updating the training courses and guidance documents to ensure proper waste handling and the safety of the state and local law enforcement working within the agreed upon parameters of the Container Program. Strategic implementation is planned for 2022 to allow for a controlled and safe expansion.

For 2022, DEA requests \$3.7 million to expand Operation Engage, the DEA's community outreach and drug prevention program; \$2.7 million to provide additional staffing support to the DEA's Tulsa, Oklahoma, Resident Office in response to the Supreme Court's decision in *McGirt v. Oklahoma* revoking the State of Oklahoma's law enforcement jurisdiction on certain tribal lands; and \$2.0 million to provide software and storage to store data and video from the body worn cameras of the DEA's Federally deputized Task Force Officers.

Public Law 102–395 established the Diversion Control Fee Account in 1993. Fees charged by the Drug Enforcement Administration (DEA) under the Diversion Control Program are set at a level that ensures the recovery of the full costs of operating this program. By carrying out the mandates of the Controlled Substances Act (CSA), DEA ensures that adequate supplies of controlled drugs are available to meet legitimate medical, scientific,

industrial, and export needs, while preventing, detecting, and eliminating diversion of these substances to illicit traffic. The CSA requires physicians, pharmacists, and chemical companies to register with the DEA in order to distribute or manufacture controlled substances or listed chemicals. The registrant community, physicians, prescribers, and pharmacists, can be seen as the first line of defense against the opioid epidemic now facing the United States. The engagement and education of these community members can help in reducing the overprescribing of opioids and the prevention of abuse and illicit use. Investigations conducted by the Diversion Control Program fall into two distinct categories: the diversion of legitimately manufactured pharmaceutical controlled substances and the diversion of controlled chemicals (List I and II) used in the illicit manufacture of controlled substances. DEA's objectives for diversion control include:

—Identifying and targeting those responsible for the diversion of pharmaceutical controlled substances through traditional investigation and cybercrime initiatives to systematically disrupt and dismantle those entities involved in diversion schemes;

—Supporting the registrant population with improved technology, including e-commerce and customer support, while maintaining cooperation, support, and assistance from the regulated industry;

—Educating the public on the dangers of prescription drug abuse and proactive enforcement measures to combat emerging drug trends; and,

—Ensuring an adequate and uninterrupted supply of pharmaceutical controlled substances and listed chemicals to meet legitimate medical, commercial, and scientific needs.

The Bureau of Alcohol, Tobacco, Firearms, and Explosives (ATF) is the U.S. law enforcement agency dedicated to protecting our Nation from the illicit use of firearms and explosives in violent crime and acts of terrorism. ATF protects our communities from violent criminals and criminal organizations by investigating and preventing the illegal use and trafficking of firearms, the illegal use and improper storage of explosives, acts of arson and bombings, and the illegal diversion of alcohol and tobacco products. ATF regulates the firearms and explosives industries from manufacture and/or importation through retail sale to ensure that Federal Firearms Licensees and Federal Explosives Licensees and permittees conduct business in compliance with all applicable laws and regulations.

For 2022 the ATF requests \$23.4 million for targeted efforts to halt gun violence; \$5.3 million for Crime Gun Intelligence associated with the National Integrated Ballistics Information Network; \$4.3 million for Forensic Services to conduct DNA analysis on fired cartridge casings; \$12.7 million for Federal Firearms Licensee Outreach and Compliance to enhance regulatory and industry partnerships; and \$1.0 million for TFO Body Worn Cameras to facilitate enhanced community policing efforts.

This appropriation will provide for the custody and care of a projected average daily population of nearly 143,000 offenders, and for the maintenance and operation of 122 penal institutions, regional offices, and a central office located in Washington, D.C. The appropriation also finances the incarceration of sentenced Federal prisoners in State and local jails and other facilities for short periods of time. An average daily population of about 22,500 prisoners will be in contract facilities in 2022. The Federal Prison System (FPS) also receives reimbursements for the daily care and maintenance of State and local offenders, for utilities used by Federal Prison Industries, Inc., for staff housing, and for meals purchased by FPS staff at institutions.

Inmate Care and Programs.—This activity covers the costs of all food, medical supplies, clothing, welfare services, release clothing, transportation, gratuities, staff salaries (including salaries of Health Resources and Services Administration commissioned officers), and operational costs of functions directly related to providing inmate care. This decision unit also finances the costs of GED classes and other educational programs, vocational training, drug treatment, religious programs, psychological services, and other inmate programs such as Life Connections.

Institution Security and Administration.—This activity covers costs associated with the maintenance of facilities and institution security. This activity finances institution maintenance, motor pool operations, power-house operations, institution security, and other administrative functions.

Contract Confinement.—This activity provides for the confinement of sentenced Federal offenders in a Government-owned, contractor-operated facility, and State, local, and private contract facilities. It also provides for the care of Federal prisoners in contract community residential centers and covers the costs associated with management and oversight of contract confinement functions.

Management and Administration.—This activity covers all costs associated with general administration and provides funding for the central office, regional offices, and staff training centers. Also included are oversight functions of the executive staff and regional and central office program

managers in the areas of: budget development and execution; financial management; procurement and property management; human resource management; inmate systems management; safety; legal counsel; research and evaluation; and systems support.

For 2022, the BOP requests a total of \$409 million in base funding to continue robustly implementing the First Step Act. The full and timely implementation of the First Step Act remains a priority for the BOP. Building on the bipartisan FSA, the Budget also incorporates \$267 million in estimated savings from reductions in the Federal prison population achieved through criminal justice reform measures. Savings further reflect reductions in the BOP's inmate population over time.

Federal Prison Industries, Inc. (FPI), was created by the Congress in 1934 and is a wholly-owned Government corporation. Its mission is to employ and train Federal inmates through a diversified work program providing products and services to other Federal agencies. These operations are conducted in a self-sustaining manner so as to maximize meaningful inmate employment opportunities and minimize the effects of competition on private industry and labor. Employment provides inmates with work, occupational knowledge and skills, plus money for personal expenses and family assistance.

FPI operates as a revolving fund and does not receive an annual appropriation. The majority of revenues are derived from the sale of products and services to other Federal Departments, agencies, and bureaus. Operating expenses such as the cost of raw materials and supplies, inmate wages, staff salaries, and capital expenditures are applied against these revenues resulting in operating income or loss, which is reapplied toward operating costs for future production. In this regard, FPI makes capital investments in buildings and improvements, machinery, and equipment as necessary in the conduct of its industrial operation.

In order to increase inmate work opportunities, FPI continues to explore opportunities with commercial customers. In the Consolidated and Further Continuing Appropriations Act, 2012 (P.L. 112-55), FPI received two new authorities to increase inmate employment. The first enables FPI to recapture work that would otherwise be performed outside of the United States, also known as repatriation. The second authorized FPI to participate in the Prison Industries Enhancement Certification Program, which allows FPI to partner with commercial businesses under a strict set of conditions to manufacture and sell prison-made goods in interstate commerce.

The 2022 Budget requests \$86 million for the Office of Justice Programs (OJP) Research, Evaluation, and Statistics appropriation. This appropriation provides nationwide support for criminal justice professionals and decision-makers through programs that provide grants, contracts, and cooperative agreements for research, development, and evaluation, and support development and dissemination of quality and relevant statistical and scientific information. The information and technologies developed through OJP's research and statistical programs improve the efficiency and effectiveness of criminal justice programs at all levels of government.

Research, Development, and Evaluation Program. - The 2022 Budget proposes a total of \$41 million for the National Institute of Justice (NIJ)

to support high- quality research, development, and evaluation in the forensic, social, and physical sciences. Of this funding, at least \$1 million will be dedicated to school safety research and \$10 million will support research on domestic radicalization.

Criminal Justice Statistics Program. - The 2022 Budget proposes \$45 million for the Bureau of Justice Statistics (BJS) to carryout national statistical collections supporting data-driven approaches to reduce and prevent crime and to assist state, local and tribal governments in enhancing their statistical capabilities, including improving criminal history records and information systems. Current programs provide statistics on: victimization, corrections, law enforcement, Federal justice systems, prosecution and adjudication (courts), criminal histories and recidivism, and tribal communities.

2% Research, Evaluation and Statistics Set Aside. - The 2022 Budget requests a set-aside of up to two percent for research, evaluation, and statistics. The set-aside amount from OJP discretionary programs supports the base programs for NIJ and BJS.

Management and Administration. - The 2022 Budget proposes a total Management and Administration funding level of \$261 million for OJP, supporting 665 total FTE.

The 2022 Budget requests \$2.049 billion for the Office of Justice Programs' (OJP) State and Local Law Enforcement Assistance appropriation. State, local, and tribal law enforcement and criminal justice professionals are responsible for the majority of the Nation's day-to-day crime prevention and control activities. The programs supported by this account help OJP partners throughout the Nation to advance work that promotes civil rights, increases access to justice, supports crime victims, protects the public from crime and evolving threats, and builds trust between law enforcement and the community. These programs include a combination of formula and

discretionary grant programs, coupled with robust training and technical assistance activities designed to address the most pressing crime-related challenges of confronting the criminal justice system. Priority programs in the 2022 Budget will promote criminal justice system reform, support efforts to prevent and reduce gun violence, combat the addiction crisis, address the issue and impact of unsubmitted sexual assault kits, and help victims of crime. They include:

Byrne Justice Assistance Grants (JAG). - The Byrne Justice Assistance Grants program awards grants to state, local, and tribal governments to support a broad range of activities that prevent and control crime, including: law enforcement programs; prosecution and court programs; prevention and education programs; corrections and community corrections programs; drug treatment programs; and planning, evaluation, and technology improvement programs. The 2022 Budget proposes \$513.5 million for this program. Included in this amount is \$20 million for a training on racial profiling, duty to intervene, and de-escalation tactics, \$10 million for training to improve police-based responses to people with mental illness, \$7 million for an initiative to address violent crime in rural areas, \$20 million for Project Safe Neighborhoods, and \$13 million for VALOR. In addition to JAG, the Budget proposes funding for other important law enforcement assistance programs, including the Bulletproof Vest Program (\$30 million) and the Emergency Federal Law Enforcement Assistance Program (\$10 million).

Promoting Criminal and Juvenile Justice System Reform and Enhancing Civil Rights. - The 2022 Budget directs funding to criminal justice system reform efforts, including efforts to address systemic bias in the criminal justice system. The 2022 Budget supports a wide range of programs addressing these issues, including a new Public Defender Improvement Program (\$25 million) and a new Legal Representation for Immigrant Children and Families pilot program (\$15 million). The Budget also requests funding for the Hate Crimes Prevention Training Program (\$9 million) to provide law enforcement with resources to respond and investigate hate- and bias-motivated crimes and support non-profit organizations outreach efforts to communities affected by hate crimes.

Preventing and Reducing Gun Violence. - The 2022 Budget invests in proven strategies that will reduce gun violence while respecting the rights of law-abiding gun owners. The 2022 Budget proposes new programs to incentivize states to implement red flag and gun licensing laws (\$40 million) and support local gun buyback and relinquishment efforts (\$10 million). The 2022 Budget also proposes a new community violence intervention initiative (\$100 million), complementing a similar Department of Health and Human Services program for a government-wide total of \$200 million in discretionary resources for the initiative in 2022.

STOP School Violence Act Program. - This program aims to prevent or mitigate incidents of school violence. It supports training for teachers and education for students with the intent to prevent school violence, as well as specialized training for school officials in responding to related mental health crises that may precipitate violent attacks on schools. The program also promotes state, local, and tribal efforts to improve school security through evidence-based school safety programs making use of physical security measures, technology, and coordination with local law enforcement. The 2022 Budget proposes \$82 million for this program.

Comprehensive Addiction Recovery Act (CARA). - The 2022 Budget includes \$418 million for programs authorized by the Comprehensive Addiction Recovery Act, including \$190 million for OJP's Comprehensive Opioid and Stimulant and Substance Abuse Program (COSSAP), which aims to reduce substance abuse and the number of overdose fatalities. The Budget requests \$95 million for the Drug Court Program, which provides an alternative to incarceration to addicted offenders who enter the criminal justice system, addressing their addiction through treatment and recovery support services and subsequently reducing re-

STATE AND LOCAL LAW ENFORCEMENT ASSISTANCE—Continued

cidivism. The 2022 Budget requests funding for other CARA-authorized programs: Veterans Treatment Courts (\$25 million), Residential Substance Abuse Treatment (\$35 million), Justice and Mental Health Collaborations (\$40 million), and the Prescription Drug Monitoring Program (\$33 million).

Second Chance Act Program. - This program provides grants to establish and expand various adult and juvenile offender reentry programs and funds related research. Successful reintegration will reduce rates of criminal recidivism, thus increasing public safety. The 2022 Budget proposes \$125 million for this program. Of this total, \$8 million is to help states, localities, and tribes develop comprehensive, innovative probation and parole supervision programs and \$5 million is for the Children of Incarcerated Parents Demonstration Grant Program.

Combating Sexual Assault and Human Trafficking. - The FY 2022 Budget expands several programs that assist state, local, and tribal governments in improving their response to sexual assault and eliminating forensic evidence analysis backlogs related to these cases. The Budget requests \$100 million for the Sexual Assault Kit Initiative and \$20 million for a new regional training program to improve investigation of and response to sexual assault. The Budget also requests \$90 million to support human trafficking grant programs, including support for comprehensive and specialized services for human trafficking victims.

STATE AND LOCAL LAW ENFORCEMENT ASSISTANCE

(Legislative proposal, subject to PAYGO)

The Budget includes a request for a total of \$2.5 billion in mandatory funding to support a Community Violence Intervention initiative at DOJ, beginning in FY 2023 and continuing through FY 2029. This complements a similar investment in the Department of Health and Human Services for a government-wide total of \$5 billion from FYs 2023–2029.

The Community Oriented Policing Services (COPS) Office advances the practice of community policing by the Nation's state and local law enforcement agencies through information sharing and grant resources. COPS develops programs that respond directly to the emerging needs of law enforcement agencies to shift focus from reacting to preventing crime and disorder.

To advance this mission, COPS develops training and technical assistance to enhance law enforcement officers problem-solving and community interaction skills, promotes collaboration between law enforcement and community members to develop innovative initiatives to prevent crime, and provides cost-effective service delivery to grantees to support community policing. COPS awards grants to hire community policing professionals, develop and test innovative policing strategies, and provide training and technical assistance to community members, local government leaders, and all levels of law enforcement. Since 1994, the COPS Office has invested more than \$14 billion to help advance community policing, supporting over 13,000 of the Nation's 18,000 law enforcement agencies.

The 2022 Presidents Budget requests \$651 million for COPS programs, including \$537 million for the COPS Hiring Program. Within this amount, \$40 million is for tribal law enforcement; \$35 million is for Community Policing Development; \$20 million is for collaborative reform; and \$6 million is for the Tribal Access Program.

The Budget additionally proposes to implement reforms that seek to more closely align the COPS Hiring program with evidence-based strategies to reduce violent crime in partnership with communities. This includes new priorities for jurisdictions that support Community Violence Intervention (CVI) programs, for jurisdictions that seek to hire officers to engage directly with CVI teams and other community stakeholders to ensure those groups are involved in strategic operations and planning, and for jurisdictions seeking to implement hiring practices to help agencies mirror the racial diversity of the communities that they serve.

The mission of the Office on Violence Against Women (OVW) is to provide Federal leadership in developing the Nation's capacity to reduce domestic violence, dating violence, sexual assault, and stalking through the implementation of the Violence Against Women Act (VAWA).

Since its inception in 1995, OVW has awarded over \$8.6 billion in grants and cooperative agreements, and has launched a multifaceted approach to implementing VAWA. By forging state, local, and tribal partnerships among police, prosecutors, judges, victim advocates, health care providers, faith leaders, organizations that serve culturally specific and underserved communities and others, OVW grant programs help provide victims with the protection and services they need to pursue safe and healthy lives, while simultaneously enabling communities to hold offenders accountable for their violence.

The 2022 Budget proposes \$1 billion for OVW, including \$435 million from the Crime Victims Fund (CVF) to support OVW activities and programs.

The 2022 Budget requests \$796 million for the Office of Justice Programs (OJP) Juvenile Justice Programs for programs that support State, local, tribal, and community efforts to develop and implement effective crime and delinquency prevention programs, develop and implement effective and innovative juvenile justice programs, ensure fairness and equitable treatment for all juveniles in contact with the justice system, provide appropriate reentry services for youth returning to their communities after detention in secure correctional facilities, and effectively address crimes against children and young people.

The 2022 Budget requests \$250 million for the Part B: Formula Grants Program. Part B is the core program that supports State, local, and tribal efforts to improve the fairness and responsiveness of the juvenile justice system and to ensure appropriate accountability of the juvenile offender. The Budget also requests \$40 million for the Improving Juvenile Indigent Defense Program to improve access to high quality defense and reentry legal services for juveniles across the Nation. In support of juvenile justice system reforms and to reduce the number of incarcerated youth, the Budget requests \$100 million to establish a new program to encourage community-based alternatives to youth incarceration. Additionally, the Budget requests \$120 million for the Missing and Exploited Children Program (MECP), including Internet Crime Against Children (ICAC) task forces. Other major programs funded by this appropriation include Youth Mentoring (\$120 million), Delinquency Prevention (\$100 million), Victims of Child Abuse Act (\$50 million), a new Community Violence Intervention initiative for youth (\$10 million), and Child Abuse Training for Judicial Personnel (\$6 million).

The 2022 Budget requests \$226.8 million for the Office of Justice Programs' Public Safety Officers' Benefits (PSOB) Program, of which \$192 million is a mandatory appropriation for death benefits and \$34.8 million is a discretionary appropriation for disability and education benefits. This appropriation supports programs that provide benefits to public safety officers who are severely injured in the line of duty and to the families and survivors of public safety officers killed or mortally injured in the line of duty. These programs represent the continuation of a partnership

between the Department of Justice, national public safety organizations, and public safety agencies at the state, local, and tribal levels. The PSOB program oversees three types of benefits:

Death Benefits. - This program provides a one-time financial benefit to survivors of public safety officers whose deaths resulted from injuries sustained in the line of duty.

Disability Benefits. - This program offers a one-time financial benefit to public safety officers permanently disabled by catastrophic injuries sustained in the line of duty.

Education Benefits. - This program provides financial support for higher education expenses to the eligible spouses and children of public safety officers killed or permanently disabled in the line of duty.

The Crime Victims Fund provides formula grants to states and territories to support compensation and services for victims of crime. CVF funding also supports training, technical assistance, and demonstration grants designed to improve the capabilities and capacity of victims services providers throughout the Nation. The Fund is financed by collections of fines, penalty assessments, and bond forfeitures from defendants convicted of Federal crimes. The 2022 Budget proposes to provide \$2.650 billion from collec-

tions and balances for crime victim compensation, services, and related needs. Of this amount, the Budget also proposes to use \$50 million to establish a new victim advocate program.

The Justice for Victims of Trafficking Act of 2015 (Public Law 11422) created the Domestic Victims of Trafficking Fund (DVTF) and authorizes grants to expand and improve services for victims of trafficking in the U.S. and victims of child pornography as authorized by the Victims of Child Abuse Act of 1990, the Trafficking Victims Protection Act of 2000, and the Trafficking Victims Protection Reauthorization Act of 2005. All programs supported by DVTF are administered by the Office of Justice Programs in consultation with the Department of Health and Human Services. The 2022 Budget proposes a total of \$6 million (including \$5 million in funding transferred from the Department of Health and Human Services and \$1 million in collections from the Federal court system) to support grants under this program.

GENERAL PROVISIONS—DEPARTMENT OF JUSTICE

(INCLUDING TRANSFER OF FUNDS)

(INCLUDING CANCELLATION OF FUNDS)

SEC. 201. In addition to amounts otherwise made available in this title for official reception and representation expenses, a total of not to exceed \$50,000 from funds appropriated to the Department of Justice in this title shall be available to the Attorney General for official reception and representation expenses.

SEC. 202. None of the funds appropriated by this title shall be available to pay for an abortion, except where the life of the mother would be endangered if the fetus were carried to term, or in the case of rape or incest: *Provided*, That should this prohibition be declared unconstitutional by a court of competent jurisdiction, this section shall be null and void.

SEC. 203. None of the funds appropriated under this title shall be used to require any person to perform, or facilitate in any way the performance of, any abortion.

SEC. 204. Nothing in the preceding section shall remove the obligation of the Director of the Bureau of Prisons to provide escort services necessary for a female inmate to receive such service outside the Federal facility: *Provided*, That nothing in this section in any way diminishes the effect of section 203 intended to address the philosophical beliefs of individual employees of the Bureau of Prisons.

SEC. 205. Not to exceed 5 percent of any appropriation made available for the current fiscal year for the Department of Justice in this Act may be transferred between such appropriations, but no such appropriation, except as otherwise specifically provided, shall be increased by more than 10 percent by any such transfers:

Provided, That any transfer pursuant to this section shall be treated as a reprogramming of funds under section [505] 504 of this Act and shall not be available for obligation except in compliance with the procedures set forth in that section.

SEC. 206. None of the funds made available under this title may be used by the Federal Bureau of Prisons or the United States Marshals Service for the purpose of transporting an individual who is a prisoner pursuant to conviction for crime under State or Federal law and is classified as a maximum or high security prisoner, other than to a prison or other facility certified by the Federal Bureau of Prisons as appropriately secure for housing such a prisoner.

SEC. 207. (a) None of the funds appropriated by this Act may be used by Federal prisons to purchase cable television services, or to rent or purchase audiovisual or electronic media or equipment used primarily for recreational purposes.

(b) Subsection (a) does not preclude the rental, maintenance, or purchase of audiovisual or electronic media or equipment for inmate training, religious, or educational programs.

SEC. 208. None of the funds made available under this title shall be obligated or expended for any new or enhanced information technology program having total estimated development costs in excess of \$100,000,000, unless the Deputy Attorney General and the investment review board certify to the Committees on Appropriations of the House of Representatives and the Senate that the information technology program has appropriate program management controls and contractor oversight mechanisms in place, and that the program is compatible with the enterprise architecture of the Department of Justice.]

SEC. [209] 208. The notification thresholds and procedures set forth in section [505] 504 of this Act shall apply to deviations from the amounts designated for specific activities in this Act and in the explanatory statement [described in section 4 (in the matter preceding division A of this consolidated Act)] *that accompanies this Act*, and to any use of deobligated balances of funds provided under this title in previous years.

SEC. [210] 209. None of the funds appropriated by this Act may be used to plan for, begin, continue, finish, process, or approve a public-private competition under the Office of Management and Budget Circular A-76 or any successor administrative regulation, directive, or policy for work performed by employees of the Bureau of Prisons or of Federal Prison Industries, Incorporated.

SEC. 211. Notwithstanding any other provision of law, no funds shall be available for the salary, benefits, or expenses of any United States Attorney assigned dual or additional responsibilities by the Attorney General or his designee that exempt that United States Attorney from the residency requirements of section 545 of title 28, United States Code.]

SEC. [212] 210. At the discretion of the Attorney General, and in addition to any amounts that otherwise may be available (or authorized to be made available) by law, with respect to funds appropriated by this title under the headings "Research, Evaluation and Statistics", "State and Local Law Enforcement Assistance", and "Juvenile Justice Programs"—

(1) up to 2 percent of funds made available [to the Office of Justice Programs] for grant or reimbursement programs may be used by [such Office] *the Office of Justice Programs* to provide training and technical assistance; and

(2) up to 2 percent of funds made available for grant or reimbursement programs [under such headings], except for amounts appropriated specifically for research, evaluation, or statistical programs administered by the National Institute of Justice and the Bureau of Justice Statistics, shall be transferred to and merged with funds provided to the National Institute of Justice and the Bureau of Justice Statistics, to be used by them for research, evaluation, or statistical purposes, without regard to the authorizations for such grant or reimbursement programs.

SEC. [213] 211. Upon request by a grantee for whom the Attorney General has determined there is a fiscal hardship, the Attorney General may, with respect to funds appropriated in this or any other Act making appropriations for fiscal years [2018] 2019 through [2021] 2022 for the following programs, waive the following requirements:

(1) For the adult and juvenile offender State and local reentry demonstration projects under part FF of title I of the Omnibus Crime Control and Safe Streets Act of 1968 [(34 U.S.C. 10631 et seq.)], the requirements under section 2976(g)(1) of such part [(34 U.S.C. 10631(g)(1))].

(2) For grants to protect inmates and safeguard communities as authorized by section 6 of the Prison Rape Elimination Act of 2003 [(34 U.S.C. 30305(c)(3))], the requirements of section 6(c)(3) of such Act.

SEC. [214] 212. Notwithstanding any other provision of law, section 20109(a) of subtitle A of title II of the Violent Crime Control and Law Enforcement Act of 1994 (34 U.S.C. 12109(a)) shall not apply to amounts made available by this or any other Act.

SEC. [215] 213. None of the funds made available under this Act, other than for the national instant criminal background check system established under section

103 of the Brady Handgun Violence Prevention Act (34 U.S.C. 40901), may be used by a Federal law enforcement officer to facilitate the transfer of an operable firearm to an individual if the Federal law enforcement officer knows or suspects that the individual is an agent of a drug cartel, unless law enforcement personnel of the United States continuously monitor or control the firearm at all times.

SEC. 216. (a) None of the income retained in the Department of Justice Working Capital Fund pursuant to title I of Public Law 102–140 (105 Stat. 784; 28 U.S.C. 527 note) shall be available for obligation during fiscal year 2021, except up to \$12,000,000 may be obligated for implementation of a unified Department of Justice financial management system.

(b) Not to exceed \$30,000,000 of the unobligated balances transferred to the capital account of the Department of Justice Working Capital Fund pursuant to title I of Public Law 102–140 (105 Stat. 784; 28 U.S.C. 527 note) shall be available for obligation in fiscal year 2021, and any use, obligation, transfer, or allocation of such funds shall be treated as a reprogramming of funds under section 505 of this Act.

(c) Not to exceed \$10,000,000 of the excess unobligated balances available under section 524(c)(8)(E) of title 28, United States Code, shall be available for obligation during fiscal year 2021, and any use, obligation, transfer or allocation of such funds shall be treated as a reprogramming of funds under section 505 of this Act. **]**

SEC. [217] 214. Discretionary funds that are made available in this Act for the Office of Justice Programs may be used to participate in Performance Partnership Pilots authorized under such authorities as have been enacted for Performance Partnership Pilots in appropriations acts in prior fiscal years and the current fiscal year.

SEC. 218. Section 1930(a)(6)(B) of title 28, United States Code, shall be applied for this fiscal year and next fiscal year by substituting " \$300,000,000" for " \$200,000,000". **]**
