The 2024 payment to the Military Retirement Fund includes funds for the amortization of the unfunded liability for all retirement benefits earned by Department of Defense military personnel for service prior to 1985 and Coast Guard military personnel for service prior to 2023. The amortization schedule for the unfunded liability is determined by the Department of Defense Retirement Board of Actuaries. Included in the unfunded liability are the consolidated requirements of the military departments to cover retired officers and enlisted personnel of the Army, Navy, Marine Corps, Air Force, Space Force and Coast Guard; retainer pay of enlisted personnel of the Fleet Reserve of the Navy and Marine Corps; and survivors' benefits.

The 2004 National Defense Authorization Act (P.L. 108–136) created additional benefits for certain retirees who receive disability compensation from the Department of Veterans Affairs and moved the responsibility for payments under the Combat-Related Special Compensation program to the Military Retirement Fund. Any additional funding requirements for retirees with service prior to 1985 will be included in this payment.

The 2016 National Defense Authorization Act (P.L. 114–92) enacted substantial changes to the current military retirement system. The new retirement system, which took effect January 1, 2018, is a blend of several components, including a defined retired pay benefit, a defined contribution to the Thrift Savings Plan, and a bonus (continuation pay) paid to the member to maintain Service retention requirements. Currently serving members will remain grandfathered under the legacy retirement system.

The 2021 National Defense Authorization Act (P.L. 116–283) added the Coast Guard and their survivors to the Military Retirement Fund effective 2023. Service in the Coast Guard performed before 2023 is the original Coast Guard unfunded liability of the fund.

Public Law 98–94, amended by Public Law 116–283, provided for accrual funding of the Department of Defense military retirement system and for the establishment of a Department of Defense Military Retirement Fund in 1985. The fund has three sources of income. The first is payments from the Department of Defense military personnel accounts and the Coast Guard retired pay account, which cover the accruing costs of the future retirement benefits being earned by today's service members. The second source is interest on investments of the fund. The third source is made up of two payments from the general fund of the Treasury. The first Treasury payment covers a portion of the accrued unfunded liability for all Department of Defense and Coast Guard retirees and their current members who had earned benefits before entering into the accrual funding system. The second Treasury payment covers the liability for concurrent receipt of Department of Defense and Coast Guard military retired pay and disability compensation paid by the Department of Veterans Affairs. This benefit was added in the 2004 National Defense Authorization Act.

The status of the fund is as follows:

Public Law 106–398 provides for accrual funding for health care to Medicare-eligible retirees. The statute establishes an accrual health care fund which has three sources of funding. The first is contributions from employing agencies, which cover the liability for future benefits accruing to current service members. The second is an annual payment from the general fund of the Treasury on the accrued unfunded liability, and the third source is income from the investment of fund balances.

The 1985 Department of Defense Authorization Act, Public Law 98-525, as amended by Public Laws 100-48 and 108-375, and the Post 9/11 Veterans Educational Assistance Improvements Act of 2010, Public Law 111-377, provide for the accrual funding of certain education benefits for active duty military personnel under the authority of Chapters 30 and 33, Title 38 U.S.C., and to selected Reserve personnel under the authority of Chapters 1606 and 1607, Title 10 U.S.C. Chapter 1607 was sunset by Public Law 114-92, although the statute allows members who were receiving Chapter 1607 benefits before the statute was enacted to continue to receive these education benefits through November 2019. The fund is financed through actuarially determined Government contributions from the Department of Defense military personnel appropriations and interest on investments. Funds are transferred to the Department of Veterans Affairs to make benefit payments to eligible personnel. The status of the fund is as follows:

The American Battle Monuments Commission is responsible for: the maintenance and construction of U.S. monuments and memorials commemorating the achievements in battle of our Armed Forces since 1917; controlling erection of monuments and markers by U.S. citizens and organizations in foreign countries; and the design, construction, and maintenance of permanent military cemetery memorials in foreign countries. The Commission requests 528 full-time equivalent (FTE) civilian employees to manage and support the annual investment in maintenance, infrastructure, and interpretive projects.

The agency has a currency fluctuation account that insulates its appropriation's buying power from changes in exchange rates. Under "such sums as may be necessary" language, the Commission will reprogram prior year available funds to address exchange rate imbalances in 2024. The Commission will continue to estimate and report its Foreign Currency Fluctuations Account requirements.

Public Law 101-510 created an Armed Forces Retirement Home (AFRH) Trust Fund to finance the AFRH—Gulfport and the AFRH—Washington Homes. The Homes are financed by appropriations drawn from the Trust Fund. AFRH provides residences and related services for certain retired and former members of the Armed Forces and the Coast Guard. The members receiving domiciliary and hospital care are:

	2022 actual	2023 est.	2024 est.
Domiciliary care	484	532	540
Hospital care	127	140	150
Totals	611	672	690

Both AFRH facilities (Gulfport, MS and Washington, DC) are accredited in all areas by The Joint Commission (TJC) and Commission on Accreditation of Rehabilitation Facilities (CARF). AFRH is accredited with TJC for the wellness clinics (Ambulatory Care), nursing care (Assisted Living, Memory Support, Long Term Care, and Independent Living Plus (Home Health Care)), and as an Assisted Living Community. For FY 2022, AFRH earned its 18th consecutive unmodified financial audit opinion with no weaknesses or deficiencies identified in the management letter. From March 2020 to March 2021, access at both AFRH campuses was restricted due to the COVID-19 pandemic. As a result, resident activities and new resident admissions were curtailed. In March 2021 the campuses began a phased reopening to safely restore activities, visitation, and new admissions. In November 2019, AFRH selected a development team for the 80-acre master planned parcel on the Washington campus with the goal of executing a lease agreement in FY 2020. The master plan authorizes 4.9 million square feet of mixed-use development (residential, commercial, retail, hotel) under a ground lease for AFRH to receive long-term revenue from previously underutilized property. In July 2020, AFRH executed a memorandum of understanding with the National Capital Planning Commission and the District of Columbia Office of Planning laying out the zoning process for private redevelopment on AFRH's federally-owned land. AFRH continues to work with the development team, National Capital Planning Commission, and the District of Columbia on Master Plan refinements, tax increment financing, zoning, traffic mitigation, environmental impacts and utilities planning.

Operation and Maintenance.—Funding supports day-to-day operations of Arlington National Cemetery (ANC), including planning and execution for more than 7,000 interments and inurnments annually, as well as routine repairs made to facilities, contracted services, and horticultural work at Arlington National Cemetery and the Soldiers' and Airmen's Home National Cemetery.

Construction.—A ten-year capital investment plan has been developed to manage all construction, major rehabilitation, major maintenance, automation and study efforts. Funding supports long-term planning and capital investments made in construction of facilities, land improvements, and other major infrastructure sustainment, restoration, and maintenance.

Sustainment, Restoration and Modernization (SRM).—Funding supports ANC's infrastructure to include the renovation, sustainment, and maintenance of ANC facilities, infrastructure, and roadways.

4190	Outlays, net (total)	29	11	2

These appropriations provide for development and conservation of fish and wildlife and recreational facilities on military installations. Proceeds from the sale of fishing and hunting permits are used for these programs at Army, Navy, Marine Corps, and Air Force installations charging such user fees. These programs are carried out through cooperative plans agreed upon by the local representatives of the Secretary of Defense, the Secretary of the Interior, and the appropriate agency of the State in which the installation is located.

SELECTIVE SERVICE SYSTEM

Federal Funds

SALARIES AND EXPENSES

For necessary expenses of the Selective Service System, including expenses of attendance at meetings and of training for uniformed personnel assigned to the Selective Service System, as authorized by 5 U.S.C. 4101–4118 for civilian employees; hire of passenger motor vehicles; services as authorized by 5 U.S.C. 3109; and not to exceed **[\$750]** \$1,000 for official reception and representation expenses; **[\$31,700,000]** 31,300,000: *Provided*, That during the current fiscal year, the President may exempt this appropriation from the provisions of 31 U.S.C. 1341, whenever the President deems such action to be necessary in the interest of national defense: *Provided further*, That none of the funds appropriated by this Act may be expended for or in connection with the induction of any person into the Armed Forces of the United States. (*Financial Services and General Government Appropriations Act, 2023.*)

The Selective Service System (SSS) registers young men when they reach age 18 and maintains an active database of over 92 million registrant records. The agency stands poised to deliver personnel to the Department of Defense (DoD) when directed by Congress and the President. In the event of a national emergency and call for conscription, the agency would mobilize, conduct the lottery process, issue induction notices, and transport the first draftees to military entrance processing stations. The law also requires the agency to manage a program for conscientious objectors in lieu of military service that contributes to the maintenance of the national health, safety, and interest of the United States.

While SSS continues to strengthen its national security partnership with the Armed Services, the agency pursues strong outreach initiatives and social media presence to inform men and their influencers of the importance of registration to achieve the most fair and equitable draft. The agency's critical national security capabilities provide young men with the opportunity to fulfill their civic duty and to serve their country if called.

The agency's strategy to modernize all operations to 21st century standards has enabled SSS to complete its mission from virtually anywhere and at anytime during this challenging period through state-of-the-art secure, agile, and redundant IT solutions. The agency strives to continually improve core business processes through best-in-class customer service, information technology and cyber services delivery, and continuous risk management. Our next generation of cloud-based solutions will deliver cost-efficient and secure data and agile applications to meet the agency's mission, while delivering robust security, higher bandwidth, and sustained services in support of more efficient and accurate registration processing and mobilization readiness.
