motor boat fuel tax and certain other taxes to the Aquatic Resources Trust Fund. In 2005, Title X of P.L. 109–59 changed the name of the Aquatic Resources Trust Fund to the Sport Fish Restoration and Boating Trust Fund. Appropriations are authorized from this fund to meet expenditures for programs specified by law, including sport fish restoration and boating safety activities. Excise tax receipts for the trust fund include motorboat fuel tax receipts, plus receipts from excise taxes on sport fishing equipment, sonar and fish finders, small engine fuels, and import duties on fishing equipment and recreational vessels.

The Oil Spill Liability Trust Fund (OSLTF) is used to finance oil pollution prevention and cleanup activities by various Federal agencies. In accordance with the provisions of the Oil Pollution Act of 1990, the Fund may finance annually up to \$50 million of emergency resources and all valid claims from injured parties resulting from oil spills. For Coast Guard, this funds the Trust Fund Share of Expenses and Maritime Oil Spill Programs accounts. The OSLTF is funded by an excise tax on each barrel of oil produced domestically or imported.

The Maritime Oil Spill Programs account provides resources from the Oil Spill Liability Trust Fund for costs associated with the cleanup of oil spills. These include emergency costs associated with oil spill cleanup, funding provided to the Prince William Sound Oil Spill Recovery Institute, and the payment of claims to those who suffer harm from oil spills where the responsible party is not identifiable or is without resources. The claims activity in this account will continue to be funded under separate permanent appropriations and are being displayed in a consolidated format to enhance presentation.

The United States Secret Service has statutory authority to carry out two primary missions: protection of the Nation's leaders and investigation of financial and electronic crimes. The Secret Service protects and investigates threats against the President and Vice President, their families, visiting heads of state and government, and other individuals as directed by the President; protects the White House Complex, Vice President's Residence, foreign missions, and other buildings within Washington, D.C.; and manages the security at designated National Special Security Events. The Secret Service also investigates violations of laws relating to counterfeiting of obligations and securities of the United States; financial crimes that include, but are not limited to, access device fraud, financial institution fraud, identity theft, and computer fraud; and computer-based attacks on financial, banking, telecommunications, and other critical infrastructure. Within Secret Service, the Operations and Support appropriation funds necessary operations, mission support, and associated management and administration costs.

## ADMINISTRATIVE PROVISIONS

SEC. 201. Section 201 of the Department of Homeland Security Appropriations Act, 2018 (division F of Public Law 115-141), related to overtime compensation limitations, shall apply with respect to funds made available in this Act in the same manner as such section applied to funds made available in that Act, except that "fiscal year **[2023] 2024**" shall be substituted for "fiscal year 2018".

SEC. 202. Funding made available under the headings "U.S. Customs and Border Protection—Operations and Support" and "U.S. Customs and Border Protection—Procurement, Construction, and Improvements" shall be available for customs expenses when necessary to maintain operations and prevent adverse personnel actions in Puerto Rico and the U.S. Virgin Islands, in addition to funding provided by sections 740 and 1406i of title 48, United States Code.

SEC. 203. As authorized by section 601(b) of the United States-Colombia Trade Promotion Agreement Implementation Act (Public Law 112-42), fees collected from passengers arriving from Canada, Mexico, or an adjacent island pursuant to section 13031(a)(5) of the Consolidated Omnibus Budget Reconciliation Act of 1985 (19 U.S.C. 58c(a)(5)) shall be available until expended.

SEC. 204. (a) For an additional amount for "U.S. Customs and Border Protection—Operations and Support", \$31,000,000, to remain available until expended, to be reduced by amounts collected and credited to this appropriation in fiscal year **[2023] 2024** from amounts authorized to be collected by section 286(i) of the Immigration and Nationality Act (8 U.S.C. 1356(i)), section 10412 of the Farm Security and Rural Investment Act of 2002 (7 U.S.C. 8311), and section 817 of the Trade Facilitation and Trade Enforcement Act of 2015 (Public Law 114-125), or other such authorizing language.

(b) To the extent that amounts realized from such collections exceed \$31,000,000, those amounts in excess of \$31,000,000 shall be credited to this appropriation, to remain available until expended.

SEC. 205. None of the funds made available in this Act for U.S. Customs and Border Protection may be used to prevent an individual not in the business of importing a prescription drug (within the meaning of section 801(g) of the Federal Food, Drug, and Cosmetic Act) from importing a prescription drug from Canada that complies with the Federal Food, Drug, and Cosmetic Act: *Provided*, That this section shall apply only to individuals transporting on their person a personal-use quantity of the prescription drug, not to exceed a 90-day supply: *Provided further*, That the prescription drug may not be—

(1) a controlled substance, as defined in section 102 of the Controlled Substances Act (21 U.S.C. 802); or

(2) a biological product, as defined in section 351 of the Public Health Service Act (42 U.S.C. 262).

SEC. 206. (a) Notwithstanding any other provision of law, none of the funds provided in this or any other Act shall be used to approve a waiver of the navigation and vessel-inspection laws pursuant to section 501(b) of title 46, United States Code, for the transportation of crude oil distributed from and to the Strategic Petroleum Reserve until the Secretary of Homeland Security, after consultation with the Secretaries of the Departments of Energy and Transportation and representatives from the United States flag maritime industry, takes adequate measures to ensure the use of United States flag vessels.

(b) The Secretary shall notify the Committees on Appropriations of the Senate and the House of Representatives, the Committee on Commerce, Science, and Transportation of the Senate, and the Committee on Transportation and Infrastructure of the House of Representatives within 2 business days of any request for waivers of navigation and vessel-inspection laws pursuant to section 501(b) of title 46, United States Code, with respect to such transportation, and the disposition of such requests.

SEC. 207. (a) Beginning on the date of enactment of this Act, the Secretary of Homeland Security shall not—

(1) establish, collect, or otherwise impose any new border crossing fee on individuals crossing the Southern border or the Northern border at a land port of entry; or

(2) conduct any study relating to the imposition of a border crossing fee.

(b) In this section, the term "border crossing fee" means a fee that every pedestrian, cyclist, and driver and passenger of a private motor vehicle is required to pay for the privilege of crossing the Southern border or the Northern border at a land port of entry.

SEC. 208. (a) Not later than 90 days after the date of enactment of this Act, the Commissioner of U.S. Customs and Border Protection shall submit an expenditure plan for any amounts made available for "U.S. Customs and Border Protection—Procurement, Construction, and Improvements" in this Act and prior Acts to the Committees on Appropriations of the Senate and the House of Representatives.

(b) No such amounts provided in this Act may be obligated prior to the submission of such plan.

SEC. 209. Section 211 of the Department of Homeland Security Appropriations Act, 2021 (division F of Public Law 116–260), prohibiting the use of funds for the construction of fencing in certain areas, shall apply with respect to funds made available in this Act in the same manner as such section applied to funds made available in that Act.

SEC. 210. (a) Funds made available in this Act may be used to alter operations within the National Targeting Center of U.S. Customs and Border Protection.

(b) None of the funds provided by this Act, provided by previous appropriations Acts that remain available for obligation or expenditure in fiscal year **[2023]** 2024, or provided from any accounts in the Treasury of the United States derived by the collection of fees available to the components funded by this Act, may be used to reduce **[anticipated or]** planned vetting operations at existing locations unless specifically authorized by a statute enacted after the date of enactment of this Act.

**[SEC. 211. (a) Of the amounts transferred from "U.S. Customs and Border Protection—Operations and Support" to "Federal Emergency Management Agency—Federal Assistance" in this Act, up to \$785,000,000 may be made available for the emergency food and shelter program under title II of the McKinney Vento Homeless Assistance Act (42 U.S.C. 11331) for the purposes of providing shelter and other services to families and individuals encountered by the Department of Homeland Security.**

(b) Notwithstanding sections 313(a) and 316 of such Act, up to \$50,000,000 of any amounts made available to the emergency food and shelter program under subsection (a) may be used for the construction and expansion of shelter facilities.

(c) Notwithstanding section 311 of such Act, funds made available for the purposes described in subsection (b) may be awarded to the Emergency Food and Shelter Program National Board up to 6 months after the date of enactment of this Act.

(d) Notwithstanding sections 315 and 316(b) of such Act, funds made available under subsection (b) may be disbursed by the Emergency Food and Shelter Program National Board up to 24 months after the date on which such funds become available.

(e) Amounts made available under subsection (a) may be available for the reimbursement of costs incurred after June 30, 2022.

(f) The real property disposition requirements at 2 CFR 200.311(c) shall not apply to grants funded by the amounts transferred from "U.S. Customs and Border Protection—Operations and Support" to "Federal Emergency Management Agency—Federal Assistance" in this Act.]

**[SEC. 212. Of the total amount made available under "U.S. Customs and Border Protection—Procurement, Construction, and Improvements", \$581,558,000 shall be available only as follows:**

(1) \$230,277,000 for the acquisition and deployment of border security technologies;

(2) \$126,047,000 for trade and travel assets and infrastructure;

(3) \$99,900,000 for facility construction and improvements;

(4) \$92,661,000 for integrated operations assets and infrastructure; and

(5) \$32,673,000 for mission support and infrastructure.]

SEC. **[213]** 211. None of the funds provided under the heading "U.S. Immigration and Customs Enforcement—Operations and Support" may be used to continue a delegation of law enforcement authority authorized under section 287(g) of the Immigration and Nationality Act (8 U.S.C. 1357(g)) if the Department of Homeland Security Inspector General determines that the terms of the agreement governing the delegation of authority have been materially violated.

SEC. **[214]** 212. (a) None of the funds provided under the heading "U.S. Immigration and Customs Enforcement—Operations and Support" may be used to continue any contract for the provision of detention services if the two most recent overall performance evaluations received by the contracted facility are less than "adequate" or the equivalent median score in any subsequent performance evaluation system.

(b) The performance evaluations referenced in subsection (a) shall be conducted by the U.S. Immigration and Customs Enforcement Office of Professional Responsibility.

SEC. **[215]** 213. Without regard to the limitation as to time and condition of section 503(d) of this Act, the Secretary may reprogram within and transfer funds to "U.S. Immigration and Customs Enforcement—Operations and Support" as necessary to ensure the detention of aliens prioritized for removal.

SEC. **[216]** 214. The reports required to be submitted under section 216 of the Department of Homeland Security Appropriations Act, 2021 (division F of Public Law 116–260) shall continue to be submitted semimonthly and each matter required to be included in such reports by such section 216 shall apply in the same manner and to the same extent during the period described in such section 216.

SEC. **[217]** 215. The terms and conditions of sections 216 and 217 of the Department of Homeland Security Appropriations Act, 2020 (division D of Public Law 116–93) shall apply to this Act.

SEC. **[218]** 216. Members of the United States House of Representatives and the United States Senate, including the leadership; the heads of Federal agencies and commissions, including the Secretary, Deputy Secretary, Under Secretaries, and Assistant Secretaries of the Department of Homeland Security; the United States Attorney General, Deputy Attorney General, Assistant Attorneys General, and the United States Attorneys; and senior members of the Executive Office of the President, including the Director of the Office of Management and Budget, shall not be exempt from Federal passenger and baggage screening.

SEC. **[219]** 217. Any award by the Transportation Security Administration to deploy explosives detection systems shall be based on risk, the airport's current reliance on other screening solutions, lobby congestion resulting in increased security concerns, high injury rates, airport readiness, and increased cost effectiveness.

SEC. **[220]** 218. Notwithstanding section 44923 of title 49, United States Code, for fiscal year **[2023]** 2024, any funds in the Aviation Security Capital Fund established by section 44923(h) of title 49, United States Code, may be used for the procurement and installation of explosives detection systems or for the issuance of other transaction agreements for the purpose of funding projects described in section 44923(a) of such title.

SEC. **[221]** 219. Not later than 45 days after the submission of the President's budget proposal, the Administrator of the Transportation Security Administration shall submit to the Committees on Appropriations and Commerce, Science, and Transportation of the Senate and the Committees on Appropriations and Homeland Security in the House of Representatives a single report that fulfills the following requirements:

(1) a Capital Investment Plan**[, both constrained and unconstrained,]** that includes a plan for continuous and sustained capital investment in new, and the replacement of aged, transportation security equipment;

(2) the 5-year technology investment plan as required by section 1611 of title XVI of the Homeland Security Act of 2002, as amended by section 3 of the Transportation Security Acquisition Reform Act (Public Law 113–245); and

(3) the Advanced Integrated Passenger Screening Technologies report as required by the Senate Report accompanying the Department of Homeland Security Appropriations Act, 2019 (Senate Report 115–283).

**[SEC. 222. Section 225 of division A of Public Law 116–6 (49 U.S.C. 44901 note), relating to a pilot program for screening outside of an existing primary passenger terminal screening area, is amended in subsection (e) by striking "2023" and inserting "2025".]**

SEC. [223] 220. (a) None of the funds made available by this Act under the heading "Coast Guard—Operations and Support" shall be for expenses incurred for recreational vessels under section 12114 of title 46, United States Code, except to the extent fees are collected from owners of yachts and credited to the appropriation made available by this Act under the heading "Coast Guard—Operations and Support".

(b) To the extent such fees are insufficient to pay expenses of recreational vessel documentation under such section 12114, and there is a backlog of recreational vessel applications, personnel performing non-recreational vessel documentation functions under subchapter II of chapter 121 of title 46, United States Code, may perform documentation under section 12114.

SEC. [224] 221. Without regard to the limitation as to time and condition of section 503(d) of this Act, after June 30, in accordance with the notification requirement described in subsection (b) of such section, up to the following amounts may be reprogrammed within "Coast Guard—Operations and Support"—

- (1) \$10,000,000 to or from the "Military Personnel" funding category; and
- (2) \$10,000,000 between the "Field Operations" funding subcategories.

SEC. [225] 222. Notwithstanding any other provision of law, the Commandant of the Coast Guard shall submit to the Committees on Appropriations of the Senate and the House of Representatives a future-years capital investment plan as described in the second proviso under the heading "Coast Guard—Acquisition, Construction, and Improvements" in the Department of Homeland Security Appropriations Act, 2015 (Public Law 114-4), which shall be subject to the requirements in the third and fourth provisos under such heading.

SEC. [226] 223. Of the funds made available for defense-related activities under the heading "Coast Guard—Operations and Support", up to \$190,000,000 that are used for enduring overseas missions in support of the global fight against terrorism may be reallocated by program, project, and activity, notwithstanding section 503 of this Act.

SEC. [227] 224. None of the funds in this Act shall be used to reduce the Coast Guard's legacy Operations Systems Center mission or its government-employed or contract staff levels.

SEC. [228] 225. None of the funds appropriated by this Act may be used to conduct, or to implement the results of, a competition under Office of Management and Budget Circular A-76 for activities performed with respect to the Coast Guard National Vessel Documentation Center.

SEC. [229] 226. Funds made available in this Act may be used to alter operations within the Civil Engineering Program of the Coast Guard nationwide, including civil engineering units, facilities design and construction centers, maintenance and logistics commands, and the Coast Guard Academy, except that none of the funds provided in this Act may be used to reduce operations within any civil engineering unit unless specifically authorized by a statute enacted after the date of enactment of this Act.

SEC. [230] 227. Amounts deposited into the Coast Guard Housing Fund in fiscal year [2023] 2024 shall be available until expended to carry out the purposes of section 2946 of title 14, United States Code, and shall be in addition to funds otherwise available for such purposes.

SEC. 231. (a) Notwithstanding section 2110 of title 46, United States Code, none of the funds made available in this Act shall be used to charge a fee for an inspection of a towing vessel, as defined in 46 CFR 136.110, that utilizes the Towing Safety Management System option for a Certificate of Inspection issued under subchapter M of title 46, Code of Federal Regulations.

(b) Subsection (a) shall not apply after the date the Commandant of the Coast Guard makes a determination under section 815(a) of the Frank LoBiondo Coast Guard Authorization Act of 2018 (Public Law 115-282) and, as necessary based on such determination, carries out the requirements of section 815(b) of such Act.

SEC. [232] 228. The United States Secret Service is authorized to obligate funds in anticipation of reimbursements from executive agencies, as defined in section 105 of title 5, United States Code, for personnel receiving training sponsored by the James J. Rowley Training Center, except that total obligations at the end of the fiscal year shall not exceed total budgetary resources available under the heading "United States Secret Service—Operations and Support" at the end of the fiscal year.

SEC. [233] 229. (a) None of the funds made available to the United States Secret Service by this Act or by previous appropriations Acts may be made available for the protection of the head of a Federal agency other than the Secretary of Homeland Security.

(b) The Director of the United States Secret Service may enter into agreements to provide such protection on a fully reimbursable basis.

SEC. [234] 230. For purposes of section 503(a)(3) of this Act, up to \$15,000,000 may be reprogrammed within "United States Secret Service—Operations and Support".

SEC. [235] 231. Funding made available in this Act for "United States Secret Service—Operations and Support" is available for travel of United States Secret Service employees on protective missions without regard to the limitations on such expenditures in this or any other Act if the Director of the United States Secret Service or a designee notifies the Committees on Appropriations of the Senate and the House of Representatives 10 or more days in advance, or as early as practicable, prior to such expenditures.

SEC. 236. Of the amounts made available by this Act under the heading "United States Secret Service—Operations and Support", \$23,000,000, to remain available until expended, shall be distributed as a grant or cooperative agreement for existing National Computer Forensics Institute facilities currently used by the United States Secret Service to carry out activities under section 383 of title 6, United States Code, of which not to exceed 5 percent, or the applicable negotiated rate, shall be for the administrative costs of the Department of Homeland Security in carrying out this section.

SEC. 232. The unobligated balances of amounts specified in section 209(a)(1) of division D of the Consolidated Appropriations Act, 2020 (Public Law 116-93) and section 210 of division F of the Consolidated Appropriations Act, 2021 (Public Law 116-260) shall, in addition to the purposes for which they were originally appropriated, be available for the construction and improvement of roads along the southwest border, the removal and eradication of vegetation along the southwest border that creates obstacles to the detection of illegal entry, remediation and environmental mitigation, including scientific studies, related to border barrier construction, including any barrier construction undertaken by the Department of Defense, and the acquisition and deployment of border security technology at and between ports of entry along the southwest border: Provided, That amounts repurposed by this section shall be in addition to any other amounts made available for such purposes.

SEC. 233. Section 209(b) of division D of the Consolidated Appropriations Act, 2020 (Public Law 116-93) shall no longer apply.

SEC. 234. The Secretary of Homeland Security may transfer up to \$225,000,000 in unobligated balances available from prior appropriations Acts under the heading "U.S. Customs and Border Protection—Procurement, Construction, and Improvements" to the Department of the Interior (including any agency or bureau within the Department of the Interior) or the Forest Service within the Department of Agriculture for the execution of environmental and other mitigation projects or activities, including the acquisition of land and scientific studies, related to the construction of border barriers on the southwest border between fiscal year 2017 and fiscal year 2021 by U.S. Customs and Border Protection and the Department of Defense. (Department of Homeland Security Appropriations Act, 2023.)

Procurement, Construction, and Improvements (PC&I) provides the funds necessary for the manufacture, purchase, or enhancement of one or more assets prior to sustainment. This funding supports the investments needed to understand and facilitate the security and resilience of infrastructure against terrorist attacks, cyber events, and natural disasters. Secure and resilient infrastructure is essential for national security, economic vitality, and public health and safety. This includes activities to understand and manage risk from natural disaster.

Federal Assistance provides monetary and non-monetary support to non-Federal Emergency Management Agency (FEMA) entities. Support may be provided in the form of grants or grant agreements, cooperative agreements, non-cash contributions, and other Federal support, but does not include amounts received as reimbursement for services rendered to individuals.

Through a variety of programs, FEMA provides for grants, training, exercises, and other support to assist Federal agencies, States, territories, and tribal and local jurisdictions to prevent, protect against, mitigate, respond to, and recover from terrorism and natural disasters.

**Grants:** FEMA provides State and local preparedness grants that focus on building and sustaining the 32 core capabilities associated with the five mission areas described in the National Preparedness Goal. These grants include: 1) the State Homeland Security Grant Program, including Operation Stonegarden, and the Nonprofit Security Grant Program, which supports the implementation of State homeland security strategies to address identified planning, organization, equipment, training, and exercise needs to prevent, protect against, mitigate, respond to, and recover from acts of terrorism and other catastrophic events; 2) the Urban Area Security Initiative, including the Nonprofit Security Grant Program, which addresses the unique risk-driven and capabilities-based planning, organization, equipment, training, and exercise needs of high-threat, high-density urban areas based on capability targets identified during the Threat Hazard Identification and Risk Assessment process; 3) the Transit Security Grant Program for public transportation security assistance and railroad security assistance, which supports owners and operators of transit systems, including intra-city bus, commuter bus, ferries, and all forms of passenger rail, to protect critical surface transportation infrastructure and the traveling public from acts of terrorism and to increase the resilience of transit infrastructure; 4) the Port Security Grant Program, which improves port-wide maritime security risk management, enhances maritime domain awareness, supports maritime security training and exercises, and maintains and/or reestablishes maritime security mitigation protocols that support port recovery and resiliency capabilities; 5) Firefighter Assistance Grants, including the Assistance to Firefighter Grant and the Staffing for Adequate Fire and Emergency Response grants, which provide direct assistance to local fire departments for investments to improve their ability to safeguard the lives of firefighting personnel and members of the public in the event of a terrorist attack or other major incident; 6) Emergency Management Performance Grants, which provides funding on a formula basis to all 56 States and Territories to achieve target levels of capability in catastrophic planning and emergency management; 7) the Flood Hazard Mapping and Risk Analysis program, which drives national actions to reduce flood risk by addressing flood hazard data update needs, supporting local government hazard mitigation planning, and providing the flood risk data needed to manage the NFIP's financial exposure; 8) the Regional Catastrophic Preparedness Grant program which builds regional capacity to manage catastrophic incidents by improving and expanding collaboration for catastrophic incident preparedness; 9) the Tribal Homeland Security Grant Program which provides funding directly to tribal nations to enhance their ability to prevent, protect against, respond to and recover from potential terrorist attacks and other hazards; 10) the Emergency Food and Shelter grant program which provides funds to nonprofit and governmental organizations at the local level to supplement their programs for emergency food and shelter; 11) the Shelter and Services Program (SSP), to support sheltering and related activities provided by non-Federal entities, including facility improvements and construction, in support of relieving overcrowding in short-term holding facilities of U.S. Customs and Border Protection and to provide humanitarian relief to families and individuals encountered by the Department of Homeland Security; and 12) a critical infrastructure cyber grant program to provide financial assistance to public and private entities to implement risk reduction strategies and capabilities to protect critical infrastructure from cyber-attacks.

**Education, Training, and Exercises Programs:** FEMA provides specialized training to emergency responders and supports development, execution, and evaluation of exercises to test the Nation's preparedness for all hazards. These programs include: 1) the National Exercise Program, which designs, coordinates, conducts, and evaluates exercises that rigorously test the Nation's ability to perform missions and functions that prevent, protect against, respond to, recover from, and mitigate all hazards; 2) the Center for Domestic Preparedness, which provides specialized all-hazards preparedness training to State, local, and tribal emergency responders on skills tied to national priorities, in particular those related to Weapons of Mass Destruction; 3) the Emergency Management Institute, which provides training to Federal, State, local, tribal, volunteer, public, and private sector officials to strengthen emergency management core competencies, knowledge, and skills, thus improving the Nation's capability to prepare for, protect against, respond to, recover from, and mitigate all hazards; 4) the National Domestic Preparedness Consortium, which provides first responders with a comprehensive, all-hazards training program that includes a focus on weapons of mass destruction, Chemical, Biological, Radiological, Nuclear, and Explosive (CBRNE) agents, natural hazards, and natural disasters aimed to improve their capacity to prevent, protect against, respond to, and recover from all hazards events including acts of terrorism; 5) the Continuing Training Grants, which provides funding via cooperative agreements to partners to develop and deliver training to prepare communities to prevent, protect against, mitigate, respond to, and recover from acts of terrorism and natural, man-made, and technological hazards; 6) the Center for Homeland Defense and Security, which develops and offers educational resources to the entire homeland security enterprise; and 7) the U.S. Fire Administration, which promotes fire awareness, safety, and risk reduction across communities and prepares the Nation's first responders through ongoing training in evaluating and minimizing community risk, improving protection of critical infrastructure, and preparing to respond to all-hazard emergencies.

Operations and Support funds the Federal Emergency Management Agency's core mission: development and maintenance of an integrated, nationwide capability to prepare for, mitigate, respond to, and recover from the consequences of terrorist attacks and other major disasters and emergencies, in partnership with other Federal agencies, State, local, tribal, and territorial (SLTT) governments, volunteer organizations, and the private sector. Activities supported by this account incorporate the essential command and control functions, mitigate long-term risks, ensure the continuity and restoration of essential services and functions, and provide leadership to build, sustain, and improve the coordination and delivery of support to citizens and State, local, tribal, and territorial governments.

Through the Disaster Relief Fund (DRF), the Federal Emergency Management Agency (FEMA) provides a significant portion of the total Federal response to Presidentially-declared major disasters and emergencies that overwhelm State and tribal resources, pursuant to the Robert T. Stafford Disaster Relief and Emergency Act, P.L. 93–288 (as amended), 42 U.S. Code sections 5121–5207. Primary assistance programs include Federal disaster support to individuals and households, public assistance, and hazard mitigation assistance which includes such activities as the repair and restoration of State, local, tribal, territorial, and nonprofit disaster damaged infrastructure, financial assistance to eligible disaster survivors, and funding to rebuild in a way that reduces or mitigates future disaster losses in communities.

The 2024 DRF funds requested under the disaster relief Major Disaster Allocation consist of five principal components: (1) catastrophic obligations; (2) non-catastrophic obligations; (3) recoveries; (4) the set-aside for the Building Resilient Infrastructure in Communities (BRIC) grant program; and (5) a reserve. Funds required for the catastrophic category, defined as events greater than \$500 million, are based on FEMA spend plans for all past declared catastrophic events and do not include funds for new catastrophic events that may occur in 2024. It is assumed that any new catastrophic event in 2024 will be funded through a future supplemental funding request. The non-catastrophic amount is based on an approach that uses the 10-year average for non-catastrophic events to provide a more realistic projection of non-catastrophic needs in 2024.

The DRF base request supports the 10-year average for the costs associated with emergency declarations, pre-disaster surge activities, and fire management assistance grants. The base also includes funds for projected yearly disaster readiness and support activities. The 2024 DRF base

requirements will be funded through a combination of new appropriations and available carryover balances from 2023.

The Federal Government provides flood insurance through the National Flood Insurance Program (NFIP), which is administered by the Federal Emergency Management Agency (FEMA). Flood insurance is available to homeowners and businesses in communities that have adopted and enforce appropriate floodplain management measures. Coverage is limited to buildings and their contents. At the end of 2022, the program had approximately 4.7 million policies in nearly 22,500 communities with approximately \$1.3 trillion of insurance in force.

The program uses a multi-pronged strategy for reducing future flood damage. The NFIP offers flood mitigation assistance grants for projects that reduce or eliminate the risk of flood damages to buildings insured by the NFIP. In addition, flood mitigation assistance grants targeted toward repetitive and severe repetitive loss properties not only help owners of high-risk property, but through acquisition, relocation, or elevation also reduce the disproportionate drain on the National Flood Insurance Fund these properties cause. FEMA works to ensure that the flood mitigation grant program is closely integrated with other FEMA mitigation grant programs, resulting

in better coordination and communication with State and local governments. Further, through the Community Rating System, FEMA adjusts premium rates to encourage community and State mitigation activities beyond those required by the NFIP. A study conducted in 2014 shows these efforts, in addition to the minimum NFIP requirements for floodplain management, can yield over \$1.9 billion annually in avoided flood claims.

In 2024, FEMA continues to put the NFIP on a more sustainable financial footing by signaling the true cost associated with living in a floodplain, through premium increases for policies which are priced at less than full risk.

The purpose of this 2024 Budget proposal to establish an affordability program is to highlight and remedy the recognized need to provide affordability assistance to certain households as FEMA puts the National Flood Insurance Program (NFIP) on a more sustainable financial footing. The Budget proposal moves this forward by signaling to households the true cost associated with the risk of living in a floodplain. This would be accomplished through a targeted means-tested assistance program to offer premium assistance based on income or ability to pay rather than location or date of construction. Overall, this proposal is expected to increase the number of policy holders and help make obtaining and maintaining flood insurance more affordable for those who qualify.

The purpose of this 2024 Budget proposal to establish a sound financial framework is to highlight and remedy the recognized need to provide a sustainable mechanism for financing the NFIP. The Budget proposal moves this forward by increasing the financial resiliency of the

The proposal includes equalization payments to NFIF so that FEMA no longer relies on borrowing and exhausting the Reserve Fund to pay claims - rather claims are paid with the equalization payment.

The purpose of this 2024 Budget proposal to establish an affordability program is to highlight the need to provide affordability assistance to certain homeowners as FEMA puts the National Flood Insurance Program (NFIP) on a more sustainable financial footing moving forward by signaling to homeowners the true cost associated with the risk of living in a floodplain. This would be accomplished through a targeted means-tested affordability program to offer premium assistance based on income or ability to pay rather than location or date of construction. Overall, this proposal is expected to increase policy holders and make attaining and maintaining flood insurance more affordable for those who are eligible for the means-tested assistance program. As a result of the increase in policy holders, additional revenue will be collected in the NFIP Reserve account.

The purpose of this 2024 Budget proposal to establish a sound financial framework is to highlight and remedy the recognized need to provide a sustainable mechanism for financing the NFIP. The Budget proposal moves this forward by increasing the financial resiliency of the NFIP and acknowledging that the catastrophic nature of floods cannot be managed in the current paradigm. In this proposal, the Reserve Fund would no longer be used for the annual routine expenses of the program such as paying claims; rather, the funds are saved and accrued to truly build a reserve that is available for catastrophic events.

Procurement, Construction, and Improvements (PC&I) provides funds necessary for the Federal Emergency Management Agency's (FEMA) major investments in information technology, communication, facilities, and infrastructure that support operations essential to FEMA's mission. The PC&I appropriation consists of three programs, projects, and activities:

**Operational Communications/Information Technology.**—The 2024 request includes funding for FEMA's investments in communications infrastructure, IT systems, and equipment that are directly used by field offices and personnel and have multi-mission frontline applications.

**Construction and Facility Improvements.**—The 2024 request includes funding for major construction and improvements for FEMA's land and facility investments above the real property threshold set for minor construction in Operations and Support and Federal Assistance appropriations.

**Mission Support Assets and Infrastructure.**—The 2024 request includes funding for the design, implementation, and integration of new solutions for major FEMA systems and data management that support the Agency's mission.

## (INCLUDING TRANSFER OF FUNDS)

SEC. 301. Funds made available under the heading "Cybersecurity and Infrastructure Security Agency—Operations and Support" may be made available for the necessary expenses of [procuring or] providing access to cybersecurity threat feeds for branches, agencies, independent agencies, corporations, establishments, and instrumentalities of the Federal Government of the United States, state, local, tribal, and territorial entities, fusion centers as described in section 210A of the Homeland Security Act (6 U.S.C. 124h), and Information and Analysis Organizations.

SEC. 302. (a) The Director of the Cybersecurity and Infrastructure Security Agency (or the Director's designee) shall provide the briefings to the Committees on Appropriations of the Senate and the House of Representatives described under the heading "Quarterly Budget and Staffing Briefings" in the explanatory statement for division F of Public Law 117-103 described in section 4 in the matter preceding division A of such Public Law—

(1) with respect to the first quarter of fiscal year 2023, not later than the later of 30 days after the date of enactment of this Act or January 30, 2023; and

(2) with respect to each subsequent fiscal quarter in fiscal year 2023, not later than 21 days after the end of each such quarter.

(b) In the event that any such briefing required during this fiscal year under subsection (a) is not provided, the amount made available in title III to the Cybersecurity and Infrastructure Security Agency under the heading "Operations and Support" shall be reduced by \$50,000 for each day of noncompliance with subsection (a), and the amount made available under such heading and specified in the detailed funding table in the explanatory statement for this division described in section 4 (in the matter preceding division A of this consolidated Act) for Management and Business Activities shall be correspondingly reduced by an equivalent amount.]

## SEC. [303] 302.

[(a)] Notwithstanding section 2008(a)(12) of the Homeland Security Act of 2002 (6 U.S.C. 609(a)(12)) or any other provision of law, not more than 5 percent of the amount of a grant made available in paragraphs (1) through [(5) 4], and [(11) under "Federal Emergency Management Agency—Federal Assistance", may be used by the recipient for expenses directly related to administration of the grant.

[(b) The authority provided in subsection (a) shall also apply to a state recipient for the administration of a grant under such paragraph (3).]

SEC. [304] 303. Notwithstanding section 2004(e)(1) of the Homeland Security Act of 2002 (6 U.S.C. 605(e)(1)), the meaning of "total funds appropriated for grants under this section and section 2003" in each place that it appears shall not include any funds provided for [the Nonprofit Security Grant Program] organizations determined by the Secretary of Homeland Security to be at high risk of a terrorist attack as described in paragraphs [(3) (1) and (2) under the heading "Federal Emergency Management Agency—Federal Assistance" in this Act.

SEC. [305] 304. Applications for grants under the heading "Federal Emergency Management Agency—Federal Assistance", for paragraphs (1) through [(5) 4] and [(11), shall be made available to eligible applicants not later than 60 days after the date of enactment of this Act, eligible applicants shall submit applications not later than 80 days after the grant announcement, and the Administrator of the Federal Emergency Management Agency shall act within 65 days after the receipt of an application.

## SEC. [306] 305.

[(a)] Under the heading "Federal Emergency Management Agency—Federal Assistance", for grants under paragraphs (1) through [(5) 4], (8), and [(9) 11], the Administrator of the Federal Emergency Management Agency shall brief the Committees on Appropriations of the Senate and the House of Representatives 5 full business days in advance of announcing publicly the intention of making an award.

[(b) If any such public announcement is made before 5 full business days have elapsed following such briefing, \$1,000,000 of amounts appropriated by this Act for "Federal Emergency Management Agency—Operations and Support" shall be rescinded.]

SEC. [307] 306. Under the heading "Federal Emergency Management Agency—Federal Assistance", for grants under paragraphs (1) and (2), the installation of communications towers is not considered construction of a building or other physical facility.

SEC. [308] 307. The reporting requirements in paragraphs (1) and (2) under the heading "Federal Emergency Management Agency—Disaster Relief Fund" in the Department of Homeland Security Appropriations Act, 2015 (Public Law 114-4),

related to reporting on the Disaster Relief Fund, shall be applied in fiscal year [2023] 2024 with respect to budget year [2024] 2025 and current fiscal year [2023] 2024, respectively—

(1) in paragraph (1) by substituting "fiscal year [2024] 2025" for "fiscal year 2016"; and

(2) in paragraph (2) by inserting "business" after "fifth".

SEC. [309] 308. In making grants under the heading "Federal Emergency Management Agency—Federal Assistance", for Staffing for Adequate Fire and Emergency Response grants, the Administrator of the Federal Emergency Management Agency may grant waivers from the requirements in subsections (a)(1)(A), (a)(1)(B), (a)(1)(E), (c)(1), (c)(2), and (c)(4) of section 34 of the Federal Fire Prevention and Control Act of 1974 (15 U.S.C. 2229a).

SEC. [310] 309. (a) The aggregate charges assessed during fiscal year [2023] 2024, as authorized in title III of the Departments of Veterans Affairs and Housing and Urban Development, and Independent Agencies Appropriations Act, 1999 (42 U.S.C. 5196e), shall not be less than 100 percent of the amounts anticipated by the Department of Homeland Security to be necessary for its Radiological Emergency Preparedness Program for the next fiscal year.

(b) The methodology for assessment and collection of fees shall be fair and equitable and shall reflect costs of providing such services, including administrative costs of collecting such fees.

(c) Such fees shall be deposited in a Radiological Emergency Preparedness Program account as offsetting collections and will become available for authorized purposes on October 1, [2023] 2024, and remain available until expended.

SEC. [311] 310. In making grants under the heading "Federal Emergency Management Agency—Federal Assistance", for Assistance to Firefighter Grants, the Administrator of the Federal Emergency Management Agency may waive subsection (k) of section 33 of the Federal Fire Prevention and Control Act of 1974 (15 U.S.C. 2229).

SEC. 311. Funds made available under the heading "Cybersecurity and Infrastructure Security Agency—Operations and Support" may be made available for the necessary expenses of carrying out the competition specified in section 2(e) of Executive Order No. 13870 (May 2, 2019), including the provision of monetary and non-monetary awards for Federal civilian employees and members of the uniformed services, the necessary expenses for the honorary recognition of any award recipients, and activities to encourage participation in the competition, including promotional items: Provided, That any awards made pursuant to this section shall be of the same type and amount as those authorized under sections 4501 through 4505 of title 5, United States Code.

SEC. 312. Any unobligated balances of funds appropriated in any prior Act for activities funded by the National Predisastrer Mitigation Fund under section 203 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5133), as in effect on the day before the date of enactment of section 1234 of division D of Public Law 115–254, may be transferred to and merged with funds set aside pursuant to subsection (i)(1) of section 203 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5133), as in effect on the date of the enactment of this section.

SEC. 313. Any unobligated balances of funds appropriated under the heading "Federal Emergency Management Agency—Flood Hazard Mapping and Risk Analysis Program" in any prior Act may be transferred to and merged with funds appropriated under the heading "Federal Emergency Management Agency—Federal Assistance" for necessary expenses for Flood Hazard Mapping and Risky Analysis: Provided, That funds transferred pursuant to this section shall be in addition to and supplement any other sums appropriated for such purposes under the National Flood Insurance Fund and such additional sums as may be provided by States or other political subdivisions for cost-shared mapping activities under section 1360(f)(2) of the National Flood Insurance Act of 1968 (42 U.S.C. 4101(f)(2)), to remain available until expended. (Department of Homeland Security Appropriations Act, 2023.)

The mission of U.S. Citizenship and Immigration Services (USCIS) is to adjudicate and grant immigration and citizenship benefits, provide accurate and useful information to applicants and petitioners, and promote an awareness and understanding of citizenship in support of immigrant integration, while also protecting the integrity of our nation's immigration system. USCIS approves millions of immigration benefit applications each year, ranging from work authorization and lawful permanent residence to asylum and refugee status. USCIS' Budget continues to invest in technology to improve and automate business operations, and enhance USCIS' ability to identify and prevent immigration benefit fraud. The Budget also continues to invest in people, prioritizing on backlog reduction and streamlining processes with asylum adjudications and continue with the efforts to support the international and refugee affairs mission more effectively in order to serve the public.

The Budget assumes that USCIS will continue to be funded primarily through fees on the applications and petitions it adjudicates.

The U.S. Citizenship and Immigration Services Federal Assistance appropriation provides funding for the Citizenship and Integration Grant Program. The goal of the program is to expand the availability of high-quality citizenship preparation services for lawful permanent residents across the nation and to provide opportunities for them to gain the knowledge and skills necessary to integrate into the fabric of American society. USCIS awards grant funding on a competitive basis to organizations that provide citizenship preparation, education and training and naturalization application services to lawful permanent residents, including former refugees and asylees.

## OPERATIONS AND SUPPORT

For necessary expenses of the Federal Law Enforcement Training Centers for operations and support, including the purchase of not to exceed 117 vehicles for police-type use and hire of passenger motor vehicles, and services as authorized by section 3109 of title 5, United States Code, [ \$354,552,000 ] \$359,098,000, of which [ \$66,665,000 ] \$66,665,000 shall remain available until September 30, [ 2024 ] 2025: Provided, That not to exceed \$7,180 shall be for

The Federal Law Enforcement Training Centers (FLETC) serves as an interagency law enforcement training organization for over 100 participating organizations, providing the necessary facilities, equipment, and support services to conduct basic, advanced, specialized, and refresher training for Federal law enforcement personnel. FLETC personnel conduct the instructional programs for basic law enforcement recruits and some advanced training based on agency requests. Additionally, FLETC provides advanced training tuition-free, or at a reduced cost, to State, local, rural, tribal, and territorial law enforcement officers at all four of its campuses, through export training deliveries, and through distance learning on a space-available basis. In cooperation with the Department of State, FLETC delivers training at International Law Enforcement Academies (ILEA) in Gaborone, Botswana; Bangkok, Thailand; Budapest, Hungary; Roswell, New Mexico; San Salvador, El Salvador; and the Regional Training Center in Accra, Ghana. Additionally, FLETC holds the Director position managing the ILEAs in Gaborone, Botswana and Budapest, Hungary as well as the Deputy Director position managing the ILEA in Roswell, New Mexico. FLETC provides other training and assistance internationally in collaboration with and in support of U.S. embassies. FLETC also hosts authorized and vetted international students for training programs at FLETC facilities in the United States on a space-available and fully reimbursable basis.

FLETC's Operations and Support account funds necessary operations, mission support, and associated management and administrative costs. In addition, this account includes the funding and activities that are associated with minor construction, maintenance, and improvement projects.

The Federal Law Enforcement Training Centers' (FLETC) Procurement, Construction, and Improvement (PC&I) account funds the purchase, building, manufacturing, or assemblage of one or more end items that create, extend or enhance FLETC's existing capabilities. Funds provided through this account support the procurement, construction, and/or improvements of personal property end items with an individual cost of \$250,000 or more, and real property end items with an individual cost of \$2 million or more. Language in the President's Budget authorizes FLETC to receive reimbursements in the PC&I account, and also authorizes reimbursements to FLETC from U.S. Government agencies for the construction of special use facilities. The language also authorizes the acquisition of necessary additional real property and facilities, construction and ongoing maintenance, facility improvements and related expenses of the Federal Law Enforcement Training Centers.

The Operations and Support (O&S) appropriation for the Science and Technology Directorate (S&T) provides funding to ensure delivery of advanced technology solutions to Department of Homeland Security (DHS) Components and first responders. This appropriation also supports Systems Engineering, Standards, and Test and Evaluation (T&E) to ensure that S&T and DHS Components develop effective technologies that work in the operational environment. This includes costs necessary for operations and support activities to advance S&T's mission, as well as salaries and benefits, and operating costs for five laboratory facilities.

S&T's Procurement, Construction, & Improvements (PC&I) appropriation supports requirements to ensure laboratory infrastructure remains aligned to S&T mission requirements. PC&I funding allows S&T to make essential investments in construction, expansion, maintenance, modernization, or removal as necessary to support requirements generated by DHS Components. In addition, PC&I funding allows S&T the ability to invest in equipment and information technology to ensure that S&T laboratories maintain accreditation.

S&T's Research and Development (R&D) appropriation provides funds for basic, applied, and developmental research supporting state-of-the-art technology and solutions to meet the needs of DHS Components and the first responder community. R&D activities also include technology demonstrations, university and industry partnerships, and technology transfer and commercialization. Funds also support critical homeland security-related research and education at U.S. colleges and universities to address high-priority, DHS-related issues and to enhance long term homeland security capabilities.

The Countering Weapons of Mass Destruction Office's (CWMD) Procurement, Construction, and Improvements account provides funds for the acquisition and deployment of chemical, biological, radiological, and nuclear systems to support Department of Homeland Security operational components, such as U.S. Customs and Border Protection. CWMD utilizes an integrated lifecycle approach in the management of these systems and achieves efficiencies through a centralized acquisition process. Funding in this account supports the acquisition and deployment of enhanced Radiation Portal Monitors to support scanning of cargo entering the Nation; and procurement of chemical, biological, radiological, and nuclear equipment that can be carried, worn, or easily moved to support operational end-users

The Countering Weapons of Mass Destruction Office's (CWMD) Federal Assistance account provides the funds for outreach efforts necessary to ensure Federal, State, local, territorial, and tribal (FSLTT) and international partners have the access and resources to support the threat detection mission. FSLTT support is focused on detecting devices or materials prior to their entry into the United States and maximizing the probability of an encounter prior to WMD materials reaching potential targets. The Federal Assistance account provides resources for Securing the Cities (STC) and the Nation's biodefense system. The funds support early warning and preparedness for biological and chemical events. The funds also support SLTT radiological and nuclear detection efforts.

## ADMINISTRATIVE PROVISIONS

SEC. 401. (a) Notwithstanding any other provision of law, funds otherwise made available to U.S. Citizenship and Immigration Services may be used to acquire, operate, equip, and dispose of up to 5 vehicles, for replacement only, for areas where the Administrator of General Services does not provide vehicles for lease.

(b) The Director of U.S. Citizenship and Immigration Services may authorize employees who are assigned to those areas to use such vehicles to travel between the employees' residences and places of employment.

SEC. 402. None of the funds appropriated by this Act may be used to process or approve a competition under Office of Management and Budget Circular A-76 for services provided by employees (including employees serving on a temporary or term basis) of U.S. Citizenship and Immigration Services of the Department of Homeland Security who are known as Immigration Information Officers, Immigration Service Analysts, Contact Representatives, Investigative Assistants, or Immigration Services Officers.

SEC. 403. Notwithstanding any other provision of law, any Federal funds made available to U.S. Citizenship and Immigration Services may be used for the collection and use of biometrics taken at a U.S. Citizenship and Immigration Services Application Support Center that is overseen virtually by U.S. Citizenship and Immigration Services personnel using appropriate technology.

SEC. 404. The Director of the Federal Law Enforcement Training Centers is authorized to distribute funds to Federal law enforcement agencies for expenses incurred participating in training accreditation.

SEC. 405. The Federal Law Enforcement Training Accreditation Board, including representatives from the Federal law enforcement community and non-Federal accreditation experts involved in law enforcement training, shall lead the Federal law enforcement training accreditation process to continue the implementation of measuring and assessing the quality and effectiveness of Federal law enforcement training programs, facilities, and instructors.

SEC. 406. (a) The Director of the Federal Law Enforcement Training Centers may accept transfers to its "Procurement, Construction, and Improvements" account from Government agencies requesting the construction of special use facilities, as authorized by the Economy Act (31 U.S.C. 1535(b)).

(b) The Federal Law Enforcement Training Centers shall maintain administrative control and ownership upon completion of such facilities.

SEC. 407. The functions of the Federal Law Enforcement Training Centers instructor or staff shall be classified as inherently governmental for purposes of the Federal Activities Inventory Reform Act of 1998 (31 U.S.C. 501 note).

SEC. 408. Section 1901(e) of the Homeland Security Act of 2002 (6 U.S.C. 591(e)) is repealed. (Department of Homeland Security Appropriations Act, 2023.)

## GENERAL PROVISIONS

(INCLUDING TRANSFERS AND RESCISSIONS OF FUNDS)

SEC. 501. No part of any appropriation contained in this Act shall remain available for obligation beyond the current fiscal year unless expressly so provided herein.

SEC. 502. Subject to the requirements of section 503 of this Act, the unexpended balances of prior appropriations provided for activities in this Act may be transferred to appropriation accounts for such activities established pursuant to this Act, may be merged with funds in the applicable established accounts, and thereafter may be accounted for as one fund for the same time period as originally enacted.

SEC. 503. (a) None of the funds provided by this Act, provided by previous appropriations Acts to the components in or transferred to the Department of Homeland Security that remain available for obligation or expenditure in fiscal year [2023] 2024, or provided from any accounts in the Treasury of the United States derived by the collection of fees available to the components funded by this Act, shall be available for obligation or expenditure through a reprogramming of funds that—

(1) creates or eliminates a program, project, or activity, or increases funds for any program, project, or activity for which funds have been denied or restricted by the Congress;

(2) contracts out any function or activity presently performed by Federal employees or any new function or activity proposed to be performed by Federal

employees in the President's budget proposal for fiscal year **[2023]** 2024 for the Department of Homeland Security;

(3) augments funding for existing programs, projects, or activities in excess of \$5,000,000 or 10 percent, whichever is less;

(4) reduces funding for any program, project, or activity, or numbers of personnel, by 10 percent or more; or

(5) results from any general savings from a reduction in personnel that would result in a change in funding levels for programs, projects, or activities as approved by the Congress.

(b) Subsection (a) shall not apply if the Committees on Appropriations of the Senate and the House of Representatives are notified at least 15 days in advance of such reprogramming.

(c) Up to 5 percent of any appropriation made available for the current fiscal year for the Department of Homeland Security by this Act or provided by previous appropriations Acts may be transferred between such appropriations if the Committees on Appropriations of the Senate and the House of Representatives are notified at least 30 days in advance of such transfer, but no such appropriation, except as otherwise specifically provided, shall be increased by more than 10 percent by such transfer.

(d) Notwithstanding subsections (a), (b), and (c), no funds shall be reprogrammed within or transferred between appropriations based upon an initial notification provided after June 30, except in extraordinary circumstances that imminently threaten the safety of human life or the protection of property.

(e) The notification thresholds and procedures set forth in subsections (a), (b), (c), and (d) shall apply to any use of deobligated balances of funds provided in previous Department of Homeland Security Appropriations Acts that remain available for obligation in the current year.

(f) Notwithstanding subsection (c), the Secretary of Homeland Security may transfer to the fund established by 8 U.S.C. 1101 note, up to \$20,000,000 from appropriations available to the Department of Homeland Security: Provided, That the Secretary shall notify the Committees on Appropriations of the Senate and the House of Representatives at least 5 days in advance of such transfer.

SEC. 504. (a) Section 504 of the Department of Homeland Security Appropriations Act, 2017 (division F of Public Law 115–31), related to the operations of a working capital fund, shall apply with respect to funds made available in this Act in the same manner as such section applied to funds made available in that Act.

(b) Funds from such working capital fund may be obligated and expended in anticipation of reimbursements from components of the Department of Homeland Security.

SEC. 505. (a) Except as otherwise specifically provided by law, not to exceed 50 percent of unobligated balances remaining available at the end of fiscal year **[2023]** 2024, as recorded in the financial records at the time of a reprogramming notification, but not later than June 30, **[2024]** 2025, from appropriations for "Operations and Support" for fiscal year **[2023]** 2024 in this Act shall remain available through September 30, **[2024]** 2025, in the account and for the purposes for which the appropriations were provided.

(b) Prior to the obligation of such funds, a notification shall be submitted to the Committees on Appropriations of the Senate and the House of Representatives in accordance with section 503 of this Act.

SEC. 506. (a) Funds made available by this Act for intelligence activities are deemed to be specifically authorized by the Congress for purposes of section 504 of the National Security Act of 1947 (50 U.S.C. 414) during fiscal year **[2023]** 2024 until the enactment of an Act authorizing intelligence activities for fiscal year **[2023]** 2024.

(b) Amounts described in subsection (a) made available for "Intelligence, Analysis, and Situational Awareness—Operations and Support" that exceed the amounts in such authorization for such account shall be transferred to and merged with amounts made available under the heading "Management Directorate—Operations and Support".

(c) Prior to the obligation of any funds transferred under subsection (b), the Management Directorate shall brief the Committees on Appropriations of the Senate and the House of Representatives on a plan for the use of such funds.

SEC. 507. (a) The Secretary of Homeland Security, or the designee of the Secretary, shall notify the Committees on Appropriations of the Senate and the House of Representatives at least 3 full business days in advance of—

(1) making or awarding a grant allocation or grant in excess of \$1,000,000;

(2) making or awarding a contract, other transaction agreement, or task or delivery order on a Department of Homeland Security multiple award contract, or to issue a letter of intent totaling in excess of \$4,000,000;

(3) awarding a task or delivery order requiring an obligation of funds in an amount greater than \$10,000,000 from multi-year Department of Homeland Security funds;

(4) making a sole-source grant award; or

(5) announcing publicly the intention to make or award items under paragraph (1), (2), (3), or (4), including a contract covered by the Federal Acquisition Regulation.

(b) If the Secretary of Homeland Security determines that compliance with this section would pose a substantial risk to human life, health, or safety, an award may be made without notification, and the Secretary shall notify the Committees on Appropriations of the Senate and the House of Representatives not later than 5 full business days after such an award is made or letter issued.

(c) A notification under this section—

(1) may not involve funds that are not available for obligation; and

(2) shall include the amount of the award; the fiscal year for which the funds for the award were appropriated; the type of contract; and the account from which the funds are being drawn.

SEC. 508. Notwithstanding any other provision of law, no agency shall purchase, construct, or lease any additional facilities, except within or contiguous to existing locations, to be used for the purpose of conducting Federal law enforcement training without advance notification to the Committees on Appropriations of the Senate and the House of Representatives, except that the Federal Law Enforcement Training Centers is authorized to obtain the temporary use of additional facilities by lease, contract, or other agreement for training that cannot be accommodated in existing Centers' facilities.

SEC. 509. None of the funds appropriated or otherwise made available by this Act may be used for expenses for any construction, repair, alteration, or acquisition project for which a prospectus otherwise required under chapter 33 of title 40, United States Code, has not been approved, except that necessary funds may be expended for each project for required expenses for the development of a proposed prospectus.

SEC. 510. No Federal funds may be available to pay the salary of any employee serving as a contracting officer's representative, or anyone acting in a similar capacity, who has not received contracting officer's representative training.

SEC. 511. Sections 522 and 530 of the Department of Homeland Security Appropriations Act, 2008 (division E of Public Law 110–161; 121 Stat. 2073 and 2074) shall apply with respect to funds made available in this Act in the same manner as such sections applied to funds made available in that Act.

SEC. 512. (a) None of the funds made available in this Act may be used in contravention of the applicable provisions of the Buy American Act.

(b) For purposes of subsection (a), the term "Buy American Act" means chapter 83 of title 41, United States Code.

SEC. 513. None of the funds made available in this Act may be used to amend the oath of allegiance required by section 337 of the Immigration and Nationality Act (8 U.S.C. 1448).

SEC. 514. None of the funds provided or otherwise made available in this Act shall be available to carry out section 872 of the Homeland Security Act of 2002 (6 U.S.C. 452) unless explicitly authorized by the Congress.

SEC. 515. None of the funds made available in this Act may be used for planning, testing, piloting, or developing a national identification card.

SEC. 516. Any official that is required by this Act to report or to certify to the Committees on Appropriations of the Senate and the House of Representatives may not delegate such authority to perform that act unless specifically authorized herein.

SEC. 517. None of the funds made available in this Act may be used for first-class travel by the employees of agencies funded by this Act in contravention of sections 301–10.122 through 301–10.124 of title 41, Code of Federal Regulations.

SEC. 518. None of the funds made available in this Act may be used to employ workers described in section 274A(h)(3) of the Immigration and Nationality Act (8 U.S.C. 1324a(h)(3)).

SEC. 519. Notwithstanding any other provision of this Act, none of the funds appropriated or otherwise made available by this Act may be used to pay award or incentive fees for contractor performance that has been judged to be below satisfactory performance or performance that does not meet the basic requirements of a contract.

SEC. 520. (a) None of the funds made available in this Act may be used to maintain or establish a computer network unless such network blocks the viewing, downloading, and exchanging of pornography.

(b) Nothing in subsection (a) shall limit the use of funds necessary for any Federal, State, tribal, territorial, or local law enforcement agency or any other entity carrying out criminal investigations, prosecution, or adjudication activities.

SEC. 521. None of the funds appropriated or otherwise made available by this Act may be used by the Department of Homeland Security to enter into any Federal contract unless such contract is entered into in accordance with the requirements of subtitle I of title 41, United States Code, or chapter 137 of title 10, United States Code, and the Federal Acquisition Regulation, unless such contract is otherwise

authorized by statute to be entered into without regard to the above referenced statutes.

SEC. 522. None of the funds made available in this Act may be used by a Federal law enforcement officer to facilitate the transfer of an operable firearm to an individual if the Federal law enforcement officer knows or suspects that the individual is an agent of a drug cartel unless law enforcement personnel of the United States continuously monitor or control the firearm at all times.

SEC. 523. (a) None of the funds made available in this Act may be used to pay for the travel to or attendance of more than 50 employees of a single component of the Department of Homeland Security, who are stationed in the United States, at a single international conference unless the Secretary of Homeland Security, or a designee, determines that such attendance is in the national interest and notifies the Committees on Appropriations of the Senate and the House of Representatives within at least 10 days of that determination and the basis for that determination.

(b) For purposes of this section the term "international conference" shall mean a conference occurring outside of the United States attended by representatives of the United States Government and of foreign governments, international organizations, or nongovernmental organizations.

(c) The total cost to the Department of Homeland Security of any such conference shall not exceed \$500,000.

(d) Employees who attend a conference virtually without travel away from their permanent duty station within the United States shall not be counted for purposes of this section, and the prohibition contained in this section shall not apply to payments for the costs of attendance for such employees.

SEC. 524. None of the funds made available in this Act may be used to reimburse any Federal department or agency for its participation in a National Special Security Event.

SEC. 525. (a) None of the funds made available to the Department of Homeland Security by this or any other Act may be obligated for the implementation of any structural pay reform or the introduction of any new position classification that will affect more than 100 full-time positions or costs more than \$5,000,000 in a single year before the end of the 30-day period beginning on the date on which the Secretary of Homeland Security submits to Congress a notification that includes—

- (1) the number of full-time positions affected by such change;
- (2) funding required for such change for the current fiscal year and through the Future Years Homeland Security Program;
- (3) justification for such change; and
- (4) for a structural pay reform, an analysis of compensation alternatives to such change that were considered by the Department.

(b) Subsection (a) shall not apply to such change if—

- (1) it was proposed in the President's budget proposal for the fiscal year funded by this Act; and
- (2) funds for such change have not been explicitly denied or restricted in this Act.

SEC. 526. (a) Any agency receiving funds made available in this Act shall, subject to subsections (b) and (c), post on the public website of that agency any report required to be submitted by the Committees on Appropriations of the Senate and the House of Representatives in this Act, upon the determination by the head of the agency that it shall serve the national interest.

(b) Subsection (a) shall not apply to a report if—

- (1) the public posting of the report compromises homeland or national security; or
- (2) the report contains proprietary information.

(c) The head of the agency posting such report shall do so only after such report has been made available to the Committees on Appropriations of the Senate and the House of Representatives for not less than 45 days except as otherwise specified in law.

SEC. 527. (a) Funding provided in this Act for "Operations and Support" may be used for minor procurement, construction, and improvements.

(b) For purposes of subsection (a), "minor" refers to end items with a unit cost of \$250,000 or less for personal property, and \$2,000,000 or less for real property.

SEC. 528. The authority provided by section 532 of the Department of Homeland Security Appropriations Act, 2018 (Public Law 115–141) regarding primary and secondary schooling of dependents shall continue in effect during fiscal year [2023] 2024.

SEC. 529. (a) None of the funds appropriated or otherwise made available to the Department of Homeland Security by this Act may be used to prevent any of the following persons from entering, for the purpose of conducting oversight, any facility operated by or for the Department of Homeland Security used to detain or otherwise house aliens, or to make any temporary modification at any such facility that in any way alters what is observed by a visiting Member of Congress or such designated employee, compared to what would be observed in the absence of such modification:

(1) A Member of Congress.

(2) An employee of the United States House of Representatives or the United States Senate designated by such a Member for the purposes of this section.

(b) Nothing in this section may be construed to require a Member of Congress to provide prior notice of the intent to enter a facility described in subsection (a) for the purpose of conducting oversight.

(c) With respect to individuals described in subsection (a)(2), the Department of Homeland Security may require that a request be made at least 24 hours in advance of an intent to enter a facility described in subsection (a).

SEC. 530. (a) For an additional amount for "Federal Emergency Management Agency—Federal Assistance", \$3,000,000, to remain available until September 30, 2024, exclusively for providing reimbursement of extraordinary law enforcement or other emergency personnel costs for protection activities directly and demonstrably associated with any residence of the President that is designated or identified to be secured by the United States Secret Service.

(b) Subsections (b) through (f) of section 534 of the Department of Homeland Security Appropriations Act, 2018 (Public Law 115–141), shall be applied with respect to amounts made available by subsection (a) of this section by substituting "October 1, 2023" for "October 1, 2018" and "October 1, 2022" for "October 1, 2017".

SEC. [531] 530. (a) Except as provided in subsection (b), none of the funds made available in this Act may be used to place restraints on a woman in the custody of the Department of Homeland Security (including during transport, in a detention facility, or at an outside medical facility) who is pregnant or in post-delivery recuperation.

(b) Subsection (a) shall not apply with respect to a pregnant woman if—

(1) an appropriate official of the Department of Homeland Security makes an individualized determination that the woman—

(A) is a serious flight risk, and such risk cannot be prevented by other means; or

(B) poses an immediate and serious threat to harm herself or others that cannot be prevented by other means; or

(2) a medical professional responsible for the care of the pregnant woman determines that the use of therapeutic restraints is appropriate for the medical safety of the woman.

(c) If a pregnant woman is restrained pursuant to subsection (b), only the safest and least restrictive restraints, as determined by the appropriate medical professional treating the woman, may be used. In no case may restraints be used on a woman who is in active labor or delivery, and in no case may a pregnant woman be restrained in a face-down position with four-point restraints, on her back, or in a restraint belt that constricts the area of the pregnancy. A pregnant woman who is immobilized by restraints shall be positioned, to the maximum extent feasible, on her left side.

SEC. [532] 531. (a) None of the funds made available by this Act may be used to destroy any document, recording, or other record pertaining to any—

(1) death of,

(2) potential sexual assault or abuse perpetrated against, or

(3) allegation of abuse, criminal activity, or disruption committed by an individual held in the custody of the Department of Homeland Security.

(b) The records referred to in subsection (a) shall be made available, in accordance with applicable laws and regulations, and Federal rules governing disclosure in litigation, to an individual who has been charged with a crime, been placed into segregation, or otherwise punished as a result of an allegation described in paragraph (3), upon the request of such individual.

SEC. [533] 532. Section 519 of division F of Public Law 114–113, regarding a prohibition on funding for any position designated as a Principal Federal Official, shall apply with respect to any Federal funds in the same manner as such section applied to funds made available in that Act.

SEC. 534. (a) Not later than 10 days after the date on which the budget of the President for a fiscal year is submitted to Congress pursuant to section 1105(a) of title 31, United States Code, the Under Secretary for Management of Homeland Security shall submit to the Committees on Appropriations of the Senate and the House of Representatives a report on the unfunded priorities, for the Department of Homeland Security and separately for each departmental component, for which discretionary funding would be classified as budget function 050.

(b) Each report under this section shall specify, for each such unfunded priority—

(1) a summary description, including the objectives to be achieved if such priority is funded (whether in whole or in part);

(2) the description, including the objectives to be achieved if such priority is funded (whether in whole or in part);

(3) account information, including the following (as applicable):

(A) appropriation account; and

- (B) program, project, or activity name; and
- (4) the additional number of full-time or part-time positions to be funded as part of such priority.
- (c) In this section, the term "unfunded priority", in the case of a fiscal year, means a requirement that—
  - (1) is not funded in the budget referred to in subsection (a);
  - (2) is necessary to fulfill a requirement associated with an operational or contingency plan for the Department; and
  - (3) would have been recommended for funding through the budget referred to in subsection (a) if—
    - (A) additional resources had been available for the budget to fund the requirement;
    - (B) the requirement has emerged since the budget was formulated; or
    - (C) the requirement is necessary to sustain prior-year investments. ]

**[SEC. 535.** (a) Not later than 10 days after a determination is made by the President to evaluate and initiate protection under any authority for a former or retired Government official or employee, or for an individual who, during the duration of the directed protection, will become a former or retired Government official or employee (referred to in this section as a "covered individual"), the Secretary of Homeland Security shall submit a notification to congressional leadership and the Committees on Appropriations of the Senate and the House of Representatives, the Committees on the Judiciary of the Senate and the House of Representatives, the Committee on Homeland Security and Governmental Affairs of the Senate, the Committee on Homeland Security of the House of Representatives, and the Committee on Oversight and Reform of the House of Representatives (referred to in this section as the "appropriate congressional committees").

(b) Such notification may be submitted in classified form, if necessary, and in consultation with the Director of National Intelligence or the Director of the Federal Bureau of Investigation, as appropriate, and shall include the threat assessment, scope of the protection, and the anticipated cost and duration of such protection.

(c) Not later than 15 days before extending, or 30 days before terminating, protection for a covered individual, the Secretary of Homeland Security shall submit a notification regarding the extension or termination and any change to the threat assessment to the congressional leadership and the appropriate congressional committees.

(d) Not later than 45 days after the date of enactment of this Act, and quarterly thereafter, the Secretary shall submit a report to the congressional leadership and the appropriate congressional committees, which may be submitted in classified form, if necessary, detailing each covered individual, and the scope and associated cost of protection. ]

**SEC. [536] 533.** (a) None of the funds provided to the Department of Homeland Security in this or any prior Act may be used by an agency to submit an initial project proposal to the Technology Modernization Fund (as authorized by section 1078 of subtitle G of title X of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115–91)) unless, concurrent with the submission of an initial project proposal to the Technology Modernization Board, the head of the agency *Chief Information Officer*—

- (1) notifies the Committees on Appropriations of the Senate and the House of Representatives of the proposed submission of the project proposal;
- (2) submits to the Committees on Appropriations a copy of the project proposal; and
- (3) provides a detailed analysis of how the proposed project funding would supplement or supplant funding requested as part of the Department's most recent budget submission.

(b) None of the funds provided to the Department of Homeland Security by the Technology Modernization Fund shall be available for obligation until 15 days after a report on such funds has been transmitted to the Committees on Appropriations of the Senate and the House of Representatives.

(c) The report described in subsection (b) shall include—

- (1) the full project proposal submitted to and approved by the Fund's Technology Modernization Board;
- (2) the finalized interagency agreement between the Department and the Fund including the project's deliverables and repayment terms, as applicable;
- (3) a detailed analysis of how the project will supplement or supplant existing funding available to the Department for similar activities;
- (4) a plan for how the Department will repay the Fund, including specific planned funding sources, as applicable; and
- (5) other information as determined by the **[Secretary]** *Chief Information Officer*.

**[SEC. 537.** Within 60 days of any budget submission for the Department of Homeland Security for fiscal year 2024 that assumes revenues or proposes a reduction from the previous year based on user fees proposals that have not been enacted into

law prior to the submission of the budget, the Secretary of Homeland Security shall provide the Committees on Appropriations of the Senate and the House of Representatives specific reductions in proposed discretionary budget authority commensurate with the revenues assumed in such proposals in the event that they are not enacted prior to October 1, 2023. ]

**SEC. [538] 534.** None of the funds made available by this Act may be obligated or expended to implement the Arms Trade Treaty until the Senate approves a resolution of ratification for the Treaty.

**SEC. #### TENANT-BASED RENTAL ASSISTANCE

For activities and assistance for the provision of tenant-based rental assistance authorized under the United States Housing Act of 1937, as amended (42 U.S.C. 1437 et seq.) (in this [title] heading "the Act"), not otherwise provided for, **[\$23,599,532,000] \$28,703,000,000**, to remain available until expended, which shall be available on October 1, **[2022] 2023** (in addition to the \$4,000,000,000 previously appropriated under this heading that shall be available on October 1, **[2022] 2023**), and \$4,000,000,000, to remain available until expended, which shall be available on October 1, **[2023] 2024**: *Provided*, That of the sums appropriated under this heading—

(1) **[\$23,748,420,000] \$27,840,000,000** shall be available for renewals of expiring section 8 tenant-based annual contributions contracts (including renewals of enhanced vouchers under any provision of law authorizing such assistance under section 8(t) of the Act) and including renewal of other special purpose incremental vouchers: *Provided*, That notwithstanding any other provision of law, from amounts provided under this paragraph and any carryover, the Secretary for the calendar year **[2023] 2024** funding cycle shall provide renewal funding for each public housing agency based on validated voucher management system (VMS) leasing and cost data for the prior calendar year and by applying an inflation factor as established by the Secretary, by notice published in the Federal Register, and by making any necessary adjustments for the costs associated with the first-time renewal of vouchers under this paragraph including tenant protection and Choice Neighborhoods vouchers: *Provided further*, That none of the funds provided under this paragraph may be used to fund a total number of unit months under lease which exceeds a public housing agency's authorized level of units under contract, except for public housing agencies participating in the Moving to Work (MTW) demonstration, which are instead governed in accordance with the requirements of the MTW demonstration program or their MTW agreements, if any: *Provided further*, That costs associated with any forgone increases in tenant rent payments due to the implementation of rent incentives as authorized pursuant to waivers or alternative requirements of the Jobs-Plus initiative as described under the heading "Self-Sufficiency Programs" shall be renewed: *Provided further*, That the Secretary shall, to the extent necessary to stay within the amount specified under this paragraph (except as otherwise modified under this paragraph), prorate each public housing agency's allocation otherwise established pursuant to this paragraph: *Provided further*, That except as provided in the following provisos, the entire amount specified under this paragraph (except as otherwise modified under this paragraph) shall be obligated to the public housing agencies based on the allocation and pro rata method described above, and the Secretary shall notify public housing agencies of their annual budget by the latter of 60 days after enactment of this Act or March 1, 2023: *Provided further*, That the Secretary may extend the notification period with the prior written approval of the House and Senate Committees on Appropriations: *Provided further*, That public housing agencies participating in the Moving to Work (MTW) demonstration shall be funded in accordance with the requirements of the MTW demonstration program or their MTW agreements, if any, and shall be subject to the same pro rata adjustments under the preceding provisos: *Provided further*, That the Secretary may offset public housing agencies' calendar year **[2023] 2024** allocations based on the excess amounts of public housing agencies' net restricted assets accounts, including HUD-held programmatic reserves (in accordance with VMS data in calendar year **[2022] 2023** that is verifiable and complete), as determined by the Secretary: *Provided further*, That public housing agencies participating in the MTW demonstration shall also be subject to the offset, as determined by the Secretary, **[excluding amounts subject to the single fund budget authority provisions of their MTW agreements,]** from the agencies' calendar year **[2023] 2024** funding allocation: *Provided further*, That the Secretary shall use any such offset amounts referred to in the preceding two provisos throughout the calendar year to prevent the termination of rental assistance for families as the result of insufficient funding, as determined by the Secretary, **[and ]** to avoid or reduce the proration of renewal funding allocations: **[ ]**, except that MTW agencies not subject to offset due to the terms of their MTW agreements may not receive amounts to avoid or reduce proration as determined by the Secretary; and to enable public housing agencies operating their existing housing choice voucher programs with high utilization rates and a demonstrated capacity to serve additional families, as determined by the Secretary, to assist more families: *Provided further*, That the Secretary may also reallocate authorized units from public housing agencies with a history of significant under-leasing and utilization to public housing agencies that meet the requirements of the previous proviso to receive funds to assist more families and that have under lease all, or nearly all, of their authorized units: *Provided further*, That such reallocations shall be made in accordance with terms and conditions established by the Secretary by notice: *Provided further*, That the Secretary may utilize unobligated balances, including recaptures and carryover, remaining from prior year appropriations (excluding special purpose vouchers), notwithstanding the purposes for which such amounts were appropriated, to avoid or reduce the proration of renewal funding allocations: *Provided further*, That up to **[\$200,000,000] \$100,000,000** shall be available only:

(A) for adjustments in the allocations for public housing agencies, after application for an adjustment by a public housing agency that experienced a significant increase, as determined by the Secretary, in renewal costs of vouchers resulting from unforeseen circumstances or from portability under section 8(r) of the Act;

(B) for vouchers that were not in use during the previous 12-month period in order to be available to meet a commitment pursuant to section 8(o)(13) of the Act, or an adjustment for a funding obligation not yet expended in the previous calendar year for a MTW-eligible activity to develop affordable housing for an agency added to the MTW demonstration under

the expansion authority provided in section 239 of the Transportation, Housing and Urban Development, and Related Agencies Appropriations Act, 2016 (division L of Public Law 114-113);

(C) for adjustments for costs associated with HUD-Veterans Affairs Supportive Housing (HUD-VASH) vouchers;

(D) for public housing agencies that despite taking reasonable cost savings measures, as determined by the Secretary, would otherwise be required to terminate rental assistance for families as a result of insufficient funding;

(E) for adjustments in the allocations for public housing agencies that—

(i) are leasing a lower-than-average percentage of their authorized vouchers,

(ii) have low amounts of budget authority in their net restricted assets accounts and HUD-held programmatic reserves, relative to other agencies, and

(iii) are not participating in the Moving to Work demonstration, to enable such agencies to lease more vouchers;

(F) for withheld payments in accordance with section 8(o)(8)(A)(ii) of the Act for months in the previous calendar year that were subsequently paid by the public housing agency after the agency's actual costs were validated; and

(G) for public housing agencies that have experienced increased costs or loss of units in an area for which the President declared a disaster under title IV of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5170 et seq.):

*Provided further*, That the Secretary shall allocate amounts under the preceding proviso based on need, as determined by the Secretary: *Provided further*, That of the total amount provided under this paragraph, up to \$50,000,000 shall be available to supplement funds transferred from the heading "Public Housing Fund" to fund contracts for properties converting from assistance pursuant to Section 9 of the Act under the heading "Rental Assistance Demonstration" in title II of the Transportation, Housing and Urban Development, and Related Agencies Appropriations Act, 2012 (division C of Public Law 112-55) to further long-term financial stability and promote the energy or water efficiency, climate resilience, or preservation of such properties: *Provided further*, That the amounts under the previous proviso may also be available, without additional competition, for cooperative agreements with Participating Administrative Entities that have been previously or newly selected under section 513(b) of the Multifamily Assisted Housing Reform and Affordability Act of 1997 (42 U.S.C. 1437f note) (MAHRAA) to provide direct support, including carrying out due diligence and underwriting functions for owners and for technical assistance activities, on conditions established by the Secretary for small properties and owners entering into any conversion contract under the First Component: *Provided further*, That the Secretary may establish a demonstration program to continue through fiscal year 2027 at a limited number of public housing agencies in difficult rental markets, as determined by the Secretary, for the purpose of testing whether the provision of additional assistance to facilitate leasing increases the ability of families participating in the program to lease a unit: *Provided further*, That amounts made available under this paragraph in this and prior Acts to public housing agencies participating in such demonstration program shall be available for making utility and security deposit assistance payments (including last month's rent) and other costs consistent with the terms of the demonstration, in addition to the purposes for which such funds were appropriated and obligated and in addition to amounts for administrative and other expenses otherwise available for such payments and costs: *Provided further*, That any such utility or security deposit payments returned to the public housing agency, including any interest earned while such amounts were held by the owner, shall be available only for future housing assistance payment expenses (including eligible uses during the term of the demonstration);

(2) **[\$337,000,000] \$385,000,000** shall be available for section 8 rental assistance for relocation and replacement of housing units that are demolished or disposed of pursuant to section 18 of the Act, conversion of section 23 projects to assistance under section 8, relocation of witnesses (including victims of violent crimes) in connection with efforts to combat crime in public and assisted housing pursuant to a request from a law enforcement or prosecution agency, enhanced vouchers under any provision of law authorizing such assistance under section 8(t) of the Act, Choice Neighborhood vouchers, mandatory and voluntary conversions, and tenant protection assistance including replacement and relocation assistance or for project-based assistance to prevent the displacement of unassisted elderly tenants currently residing in section 202 properties financed between 1959 and 1974 that are refinanced pursuant to Public Law 106-569, as amended, or under the authority as provided under this Act: *Provided*, That up to \$20,000,000 of the amounts made available under this paragraph may be used to provide replacement tenant protection assistance to low-income tenants assisted under section 521 of title V of the Housing Act of 1949 (42 U.S.C. 1471 et seq.), upon the determination and referral by the Secretary of the Department of Agriculture that section 521 assistance is no longer available to protect such tenants due to maturity, prepayment, or foreclosure of loans under section 514 or section 515 of such Act (42 U.S.C. 1484 and 1485): *Provided further*, That when a public housing development is submitted for demolition or disposition under section 18 of the Act, the Secretary may provide section 8 rental assistance when the units pose an imminent health and safety risk to residents: *Provided further*, That the Secretary may provide section 8 rental assistance from amounts made available under this paragraph for units assisted under a project-based subsidy contract funded under the "Project-Based Rental Assistance" heading under this title where the owner has received a Notice of Default and the units pose an imminent health and safety risk to residents: *Provided further*, That of the amounts made available under this paragraph, no less than \$5,000,000 may be available to provide tenant protection assistance, not otherwise provided under this paragraph, to residents residing in low vacancy areas and who may have to pay rents greater than 30 percent of household income, as the result of: (A) the maturity of a HUD-insured, HUD-held or section 202 loan that requires the permission of the Secretary prior to loan prepayment; (B) the expiration of a rental assistance contract for which the tenants are not eligible for enhanced

## TENANT BASED RENTAL ASSISTANCE—Continued

voucher or tenant protection assistance under existing law; or (C) the expiration of affordability restrictions accompanying a mortgage or preservation program administered by the Secretary: *Provided further*, That such tenant protection assistance made available under the preceding proviso may be provided under the authority of section 8(t) or section 8(o)(13) of the Act: *Provided further*, That any tenant protection voucher made available from amounts under this paragraph shall not be reissued by any public housing agency, except the replacement vouchers as defined by the Secretary by notice, when the initial family that received any such voucher no longer receives such voucher, and the authority for any public housing agency to issue any such voucher shall cease to exist: *Provided further*, That the Secretary may only provide replacement vouchers for units that were occupied within the previous 24 months that cease to be available as assisted housing, subject only to the availability of funds;

(3) **[\$2,777,612,000] \$3,202,000,000** shall be available for administrative and other expenses of public housing agencies in administering the section 8 tenant-based rental assistance program, of which up to \$30,000,000 shall be available to the Secretary to allocate to public housing agencies that need additional funds to administer their section 8 programs, including fees associated with section 8 tenant protection rental assistance, the administration of disaster related vouchers, HUD-VASH vouchers, and other special purpose incremental vouchers: *Provided*, That no less than **[\$2,747,612,000] \$30,172,000,000** of the amount provided in this paragraph shall be allocated to public housing agencies for the calendar year **[2023]** 2024 funding cycle based on section 8(q) of the Act (and related Appropriation Act provisions) as in effect immediately before the enactment of the Quality Housing and Work Responsibility Act of 1998 (Public Law 105-276): *Provided further*, That if the amounts made available under this paragraph are insufficient to pay the amounts determined under the preceding proviso, the Secretary may decrease the amounts allocated to agencies by a uniform percentage applicable to all agencies receiving funding under this paragraph or may, to the extent necessary to provide full payment of amounts determined under the preceding proviso, utilize unobligated balances, including recaptures and carryover, remaining from funds appropriated [to the Department of Housing and Urban Development] under this heading from prior fiscal years, excluding special purpose vouchers, notwithstanding the purposes for which such amounts were appropriated: *Provided further*, That all public housing agencies participating in the MTW demonstration shall be funded in accordance with the requirements of the MTW demonstration program or their MTW agreements, if any, and shall be subject to the same uniform percentage decrease as under the preceding proviso: *Provided further*, That amounts provided under this paragraph shall be only for activities related to the provision of tenant-based rental assistance authorized under section 8, including related development activities;

(4) **[\$606,500,000] \$686,000,000** shall be available for the renewal of tenant-based assistance contracts under section 811 of the Cranston-Gonzalez National Affordable Housing Act (42 U.S.C. 8013), including necessary administrative expenses: *Provided*, [That administrative and other expenses of public housing agencies in administering the special purpose vouchers in this paragraph shall be funded under the same terms and be subject to the same pro rata reduction as the percent decrease for administrative and other expenses to public housing agencies under paragraph (3) of this heading: *Provided further*,] That up to \$10,000,000 shall be available only—

(A) for adjustments in the allocation for public housing agencies, after applications for an adjustment by a public housing agency that experienced a significant increase, as determined by the Secretary, in Mainstream renewal costs resulting from unforeseen circumstances; and

(B) for public housing agencies that despite taking reasonable cost savings measures, as determined by the Secretary, would otherwise be required to terminate the rental assistance for Mainstream families as a result of insufficient funding:

*Provided further*, That the Secretary shall allocate amounts under the preceding proviso based on need, as determined by the Secretary: *Provided further*, That upon turnover, section 811 special purpose vouchers funded under this heading in this or prior Acts, or under any other heading in prior Acts, shall be provided to non-elderly persons with disabilities;

(5) Of the amounts provided under paragraph (1), up to **[\$7,500,000] \$5,000,000** shall be available for rental assistance and associated administrative fees for Tribal HUD-VASH to serve Native American veterans that are homeless or at-risk of homelessness living on or near a reservation or other Indian areas: *Provided*, That such amount shall be made available for renewal grants to recipients that received assistance under prior Acts under the Tribal HUD-VASH program: *Provided further*, That the Secretary shall be authorized to specify criteria for renewal grants, including data on the utilization of assistance reported by grant recipients: *Provided further*, That such assistance shall be administered in accordance with program requirements under the Native American Housing Assistance and Self-Determination Act of 1996 and modeled after the HUD-VASH program: *Provided further*, That the Secretary shall be authorized to waive, or specify alternative requirements for any provision of any statute or regulation that the Secretary administers in connection with the use of funds made available under this paragraph (except for requirements related to fair housing, nondiscrimination, labor standards, and the environment), upon a finding by the Secretary that any such waivers or alternative requirements are necessary for the effective delivery and administration of such assistance: *Provided further*, That grant recipients shall report to the Secretary on utilization of such rental assistance and other program data, as prescribed by the Secretary: *Provided further*, That the Secretary may reallocate, as determined by the Secretary, amounts returned or recaptured from awards under the Tribal HUD-VASH program under prior Acts to existing recipients under the Tribal HUD-VASH program;

**[(6) \$50,000,000]** shall be available for incremental rental voucher assistance for use through a supported housing program administered in conjunction with the Department of Veterans Affairs as authorized under section 8(o)(19) of the United States Housing Act of 1937: *Provided*, That the Secretary of Housing and Urban Development shall make such funding available, notwithstanding section 203 (competition provision) of this title, to public housing agencies that partner with eligible VA Medical Centers or other entities as designated by the

Secretary of the Department of Veterans Affairs, based on geographical need for such assistance as identified by the Secretary of the Department of Veterans Affairs, public housing agency administrative performance, and other factors as specified by the Secretary of Housing and Urban Development in consultation with the Secretary of the Department of Veterans Affairs: *Provided further*, That the Secretary of Housing and Urban Development may waive, or specify alternative requirements for (in consultation with the Secretary of the Department of Veterans Affairs), any provision of any statute or regulation that the Secretary of Housing and Urban Development administers in connection with the use of funds made available under this paragraph (except for requirements related to fair housing, nondiscrimination, labor standards, and the environment), upon a finding by the Secretary that any such waivers or alternative requirements are necessary for the effective delivery and administration of such voucher assistance: *Provided further*, That assistance made available under this paragraph shall continue to remain available for homeless veterans upon turn-over: *Provided further*, That of the total amount made available under this paragraph, up to \$10,000,000 may be for additional fees established by and allocated pursuant to a method determined by the Secretary for administrative and other expenses (including those eligible activities defined by notice to facilitate leasing, such as security deposit assistance and costs related to the retention and support of participating owners) of public housing agencies in administering HUD-VASH vouchers;]

**[(7) \$30,000,000]** shall be available for the family unification program as authorized under section 8(x) of the Act: *Provided*, That the amounts made available under this paragraph are provided as follows:]

**[(A) \$5,000,000]** shall be available for new incremental voucher assistance: *Provided*, That the assistance made available under this subparagraph shall continue to remain available for family unification upon turnover; and]

**[(B) \$25,000,000]** shall be available for new incremental voucher assistance to assist eligible youth as defined by such section 8(x)(2)(B) of the Act: *Provided*, That assistance made available under this subparagraph shall continue to remain available for such eligible youth upon turnover: *Provided further*, That of the total amount made available under this subparagraph, up to \$15,000,000 shall be available on a noncompetitive basis to public housing agencies that partner with public child welfare agencies to identify such eligible youth, that request such assistance to timely assist such eligible youth, and that meet any other criteria as specified by the Secretary: *Provided further*, That the Secretary shall review utilization of the assistance made available under the preceding proviso, at an interval to be determined by the Secretary, and unutilized voucher assistance that is no longer needed shall be recaptured by the Secretary and reallocated pursuant to the preceding proviso:]

*Provided further*, That for any public housing agency administering voucher assistance appropriated in a prior Act under the family unification program, or made available and competitively selected under this paragraph, that determines that it no longer has an identified need for such assistance upon turnover, such agency shall notify the Secretary, and the Secretary shall recapture such assistance from the agency and reallocate it to any other public housing agency or agencies based on need for voucher assistance in connection with such specified program or eligible youth, as applicable;]

**[(8) \$50,000,000] (6) \$565,000,000** shall be available for new incremental voucher assistance under section 8(o) of the Act to be allocated pursuant to a method, as determined by the Secretary, which may include a formula that may include such factors as severe cost burden, overcrowding, substandard housing for very low-income renters, homelessness, and administrative capacity, where such allocation method shall include both rural and urban areas: *Provided*, That the Secretary may specify additional terms and conditions to ensure that public housing agencies provide vouchers for use by survivors of domestic violence, *dating violence, sexual assault, stalking, or human trafficking*, or individuals and families who are homeless, as defined in section 103(a) of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11302(a)), or at risk of homelessness, as defined in section 401(1) of such Act (42 U.S.C. 11360(1));

**(7) \$25,000,000** shall be for mobility-related services, as defined by the Secretary, for voucher families with children modeled after services provided in connection with the mobility demonstration authorized under section 235 of division G of the Consolidated Appropriations Act, 2019 (42 U.S.C. 1437f note; Public Law 116-6): *Provided*, That the Secretary shall make funding available to public housing agencies on a competitive basis and shall give preference to public housing agencies with higher concentrations of voucher families with children residing in high-poverty neighborhoods: *Provided further*, That the Secretary may recapture from the public housing agencies unused balances based on utilization of such awards and reallocate such amounts to any other public housing agency or agencies based on need for such mobility-related services as identified under such competition; and

**[(9)] (8)** the Secretary shall separately track all special purpose vouchers funded under this heading:

*Provided further*, That the Secretary may waive, or specify alternative requirements for, any provision of any statute or regulation that the Secretary administers in connection with the use of funds made available for the demonstration to facilitate leasing under paragraph (1), new incremental voucher assistance or renewals for the Mainstream program, and the family unification program (including the Foster Youth to Independence program) in this and prior Acts (except for requirements related to fair housing, nondiscrimination, labor standards, and the environment), upon a finding by the Secretary that any such waivers or alternative requirements are necessary for the effective delivery and administration of voucher assistance in such respective programs. (Department of Housing and Urban Development Appropriations Act, 2023.)

## TENANT-BASED RENTAL ASSISTANCE

**[For an additional amount for "Tenant-Based Rental Assistance", \$2,653,580,000, to remain available until expended, for activities specified in paragraph (1) (excluding any set-asides) of such heading in title II of division L of this consolidated Act.] (Disaster Relief Supplemental Appropriations Act, 2023.)**

The Budget provides \$32.7 billion for the Tenant-Based Rental Assistance (TBRA) program (also known as the Housing Choice Voucher program), which is the Federal Government's largest income-targeted rental assistance program. The program currently provides housing assistance to around 2.3 million extremely low- to very low-income families to rent decent, safe,

and sanitary housing in the private market. About 2,100 state and local Public Housing Authorities (PHAs) administer the Housing Choice Voucher program.

The Budget provides \$27.8 billion in contract renewals to continue to assist families in calendar year 2024. This includes \$50 million for the Rental Assistance Demonstration to further long-term financial stability and promote the energy or water efficiency, climate resilience, or preservation of properties that convert to Project-Based Vouchers.

The Budget includes \$686 million for the renewal of Section 811 mainstream housing vouchers for persons with disabilities, including the first-time renewal of new mainstream vouchers allocated in 2023, and associated administrative fees, as well as a set-aside to provide adjustments to PHAs as a result of significant increases in mainstream renewal costs resulting from unforeseen circumstances and to prevent the termination of assistance for mainstream families should there be insufficient funding.

The Budget also requests the following: \$3.2 billion in PHA administrative fees to support core functions such as admitting households, conducting housing quality inspections, and completing tenant income certifications; \$385 million for tenant protection vouchers, which are provided to families who may have to relocate due to actions beyond their control, such as a public housing demolition or redevelopment, and when private owners of multi-family developments choose to leave the project-based program or convert to long-term Section 8 contracts, including up to \$20 million that may be used to assist low-income tenants referred by the Secretary of the Department of Agriculture (USDA) when section 521 assistance is no longer available to protect tenants due to the maturity, prepayment, or foreclosure of a section 514 or 515 loan, as part of the Budget's proposal to decouple USDA section 521 rental assistance from section 514 or 515 mortgage loans; and up to \$5 million for the renewal of vouchers by Tribes under the Tribal Housing and Department of Housing and Urban Development and Department of Veterans Affairs Supportive Housing program, to serve Native American veterans who are homeless or at risk of homelessness and living in and around designated tribal areas.

In addition, the Budget includes \$565 million for new incremental vouchers for 50,000 additional households, including those who are experiencing or at risk of homelessness or fleeing or attempting to flee domestic violence, dating violence, sexual assault, stalking, or human trafficking. The Budget also includes \$25 million for Mobility Services, which will provide funding for services to better enable families with children to move to areas of higher opportunity.

**TENANT BASED RENTAL ASSISTANCE**

(Legislative proposal, subject to PAYGO)

The Budget provides \$22 billion in mandatory funding to create new housing voucher programs for youth aging out of foster care and extremely low-income (ELI) veterans, two populations that are particularly vulnerable to homelessness. More specifically, the Budget proposes \$9 billion for all 20,000 youth aging out of foster care annually, and proposes \$13 billion to pave a path to guaranteed assistance for the estimated 450,000 ELI veteran families who have served the Nation and are in need.

The Consolidated Appropriations Act, 2021 (P.L. 116-260) combined the Public Housing Capital Fund and the Public Housing Operating Fund into the new Public Housing Fund. The Public Housing Operating Fund continues to make obligations and outlays from funds appropriated in 2020 and earlier.

## PUBLIC HOUSING FUND

For [2023] 2024 payments to public housing agencies for the operation and management of public housing, as authorized by section 9(e) of the United States Housing Act of 1937 (42 U.S.C. 1437g(e)) (the "Act"), and to carry out capital and management activities for public housing agencies, as authorized under section 9(d) of the Act (42 U.S.C. 1437g(d)), [2023] 2024: \$8,514,000,000, \$8,893,000,000, to remain available until September 30, [2026] 2027: \$5,109,000,000, \$5,133,000,000 shall be available for the Secretary to allocate pursuant to the Operating Fund formula at part 990 of title 24, Code of Federal Regulations, for [2023] 2024 payments: *Provided, That the amount of any forgone increases in tenant rent payments due to the implementation of rent incentives as authorized pursuant to waivers or alternative requirements of the Jobs-Plus initiative as described under the heading "Self-Sufficiency Programs" shall be factored into the PHA's general operating fund eligibility pursuant to such formula;*

(1) [2023] 2024 payments to public housing agencies for the operation and management of public housing, as authorized by section 9(e) of the United States Housing Act of 1937 (42 U.S.C. 1437g(e)) (the "Act"), and to carry out capital and management activities for public housing agencies, as authorized under section 9(d) of the Act (42 U.S.C. 1437g(d)), [2023] 2024: \$8,514,000,000, \$8,893,000,000, to remain available until September 30, [2026] 2027: \$5,109,000,000, \$5,133,000,000 shall be available for the Secretary to allocate pursuant to the Operating Fund formula at part 990 of title 24, Code of Federal Regulations, for [2023] 2024 payments: *Provided, That the amount of any forgone increases in tenant rent payments due to the implementation of rent incentives as authorized pursuant to waivers or alternative requirements of the Jobs-Plus initiative as described under the heading "Self-Sufficiency Programs" shall be factored into the PHA's general operating fund eligibility pursuant to such formula;*

(2) **[\$25,000,000]** \$50,000,000 shall be available for the Secretary to allocate pursuant to a need-based application process notwithstanding section 203 of this title and not subject to such Operating Fund formula to public housing agencies that experience, or are at risk of, financial shortfalls, as determined by the Secretary: *Provided*, That after all such shortfall needs are met, the Secretary may distribute any remaining funds to all public housing agencies on a pro-rata basis pursuant to such Operating Fund formula;

(3) **[\$3,200,000,000]** \$3,225,000,000 shall be available for the Secretary to allocate pursuant to the Capital Fund formula at section 905.400 of title 24, Code of Federal Regulations: *Provided*, That **for funds provided under this paragraph**, the limitation in section 9(g)(1) of the Act shall be 25 percent: *Provided further*, That the Secretary may waive the limitation in the preceding proviso to allow public housing agencies to fund activities authorized under section 9(e)(1)(C) of the Act: *Provided further*, That the Secretary shall notify public housing agencies requesting waivers under the preceding proviso if the request is approved or denied within 14 days of submitting the request: *Provided further*, That **from the funds made available under this paragraph**, the Secretary shall provide bonus awards in fiscal year **[2023]** 2024 to public housing agencies that are designated high performers: *Provided further*, That the Department shall notify public housing agencies of their formula allocation within 60 days of enactment of this Act;

(4) **[\$50,000,000]** \$40,000,000 shall be available for the Secretary to make grants, notwithstanding section 203 of this title, to public housing agencies for emergency capital needs, including safety and security measures necessary to address crime and drug-related activity, as well as needs resulting from unforeseen or unpreventable emergencies and natural disasters excluding Presidentially declared emergencies and natural disasters under the Robert T. Stafford Disaster Relief and Emergency Act (42 U.S.C. 5121 et seq.) occurring in fiscal year **[2023]**, of which \$20,000,000 shall be available for public housing agencies under administrative and judicial receiverships or under the control of a Federal monitor: *2024: Provided*, That of the amount made available under this paragraph, not less than **[\$10,000,000]** \$20,000,000 shall be for safety and security measures: *Provided further*, That in addition to the amount in the preceding proviso for such safety and security measures, any amounts that remain available, after all applications received on or before September 30, **[2024]** 2025, for emergency capital needs have been processed, shall be allocated to public housing agencies for such safety and security measures;

(5) **[\$65,000,000]** \$85,000,000 shall be available for competitive grants to public housing agencies to evaluate and reduce residential health hazards in public housing, including lead-based paint (by carrying out the activities of risk assessments, abatement, and interim controls, as those terms are defined in section 1004 of the Residential Lead-Based Paint Hazard Reduction Act of 1992 (42 U.S.C. 4851b)), carbon monoxide, mold, radon, and fire safety: *Provided*, That **not less than \$25,000,000** of the amounts provided under this paragraph shall be awarded for evaluating and reducing lead-based paint hazards: *Provided further*, That **for purposes of environmental review**, a grant under this paragraph shall be considered funds for projects or activities under title I of the Act for purposes of section 26 of the Act (42 U.S.C. 1437x) and shall be subject to the regulations implementing such section: *Provided further*, That amounts made available under this paragraph shall be combined with amounts made available under the sixth paragraph under this heading in the Consolidated Appropriations Act, 2021 (Public Law 116–260) and shall be used in accordance with the purposes and requirements under this paragraph;

(6) **[\$15,000,000]** \$45,000,000 shall be available to support the costs of administrative and judicial receiverships and for competitive grants to PHAs in receivership, designated troubled or substandard, or otherwise at risk, as determined by the Secretary, for costs associated with public housing asset improvement, in addition to other amounts for that purpose provided under any heading under this title: **[and]**

(7) **[\$50,000,000]** \$15,000,000 shall be available to support **[ongoing]** public housing **[financial and physical assessment activities]** *Physical Needs Assessments; and*

(8) \$300,000,000 shall be available to make high-impact capital investments in public housing, including for competitive grants to public housing agencies for site-specific capital improvements that include investments in energy, water, or resilience to natural disasters: *Provided*, That for purposes of environmental review, grants under this paragraph shall be considered funds for projects or activities under title I of the United States Housing Act of 1937 (42 U.S.C. 1437 et seq.) for purposes of section 26 of such Act (42 U.S.C. 1437x) and shall be subject to the regulations implementing such section: *Provided further*, That of the amounts made available under this paragraph, up to \$20,000,000 shall be available for utility benchmarking, including research and evaluations, technical assistance, and contracts, of which up to \$7,000,000 may be transferred to and merged with amounts made available under the heading "Information Technology Fund" to develop systems and tools necessary to collect and analyze PHA utility benchmarking data:

*Provided further*, That notwithstanding any other provision of law or regulation, during fiscal year **[2023]** 2024, the Secretary of Housing and Urban Development may not delegate to any Department official other than the Deputy Secretary and the Assistant Secretary for Public and Indian Housing any authority under paragraph (2) of section 9(j) of the Act regarding the extension of the time periods under such section: *Provided further*, That for purposes of such section 9(j), the term "obligate" means, with respect to amounts, that the amounts are subject to a binding agreement that will result in outlays, immediately or in the future: *Provided further*, That a public housing agency may use operating reserve funds or any amounts allocated to such agency pursuant to the Operating or Capital Fund formulas from amounts made available in this and prior Acts for any eligible activities under sections 9(d)(1) and 9(e)(1) of the United States Housing Act of 1937 (42 U.S.C. 1437g(d)(1) and (e)(1)). The Budget provides \$8.893 billion for the Public Housing Fund to carry out capital and management activities in the Public Housing program. The Budget allocates \$5.1 billion to Public Housing Agencies (PHAs) for the costs of operating public housing. The Budget includes \$50 million for need-based assistance to PHAs that are at risk of financial shortfalls. The Budget also allocates \$3.2 billion to PHAs for capital needs and modernization. The Budget includes \$40 million available to PHAs for emergency capital needs resulting from emergencies and natural disasters, which includes \$20 million for safety and security measures necessary to address crime and drug-related activity. The Budget includes \$25 million for competitive grants to PHAs to evaluate and reduce lead-based paint hazards in public housing. The Budget also includes \$60 million for competitive grants to public housing agencies to evaluate and reduce housing-based hazards including fire safety, carbon monoxide, radon, and mold. The Budget includes \$45 million to support the costs of administrative and judicial receiverships and for competitive grants to PHAs in receivership, designated troubled or substandard, or otherwise at risk, for costs associated with public housing asset improvement. To better understand its extensive capital needs, the Budget includes \$15 million to support an assessment of the public housing inventory. The Budget has moved the Financial and Physical Assessments function to a separate account, Operational Performance Evaluation and Risk Assessments (OPERA), to provide a single, unified account that funds all HUD inspections.

The Budget includes \$280 million for a new competitive grant program for targeted capital investments that also improve energy or water efficiency or climate resilience. The Budget also includes \$20 million for utility benchmarking, including contract support and technical assistance.

The Budget provides \$61 million for the Operational Performance Evaluation and Risk Assessments (OPERA) account for inspection and assessment programs, including travel, training, and analytics. This new account, previously funded under the Financial and Physical Assessment set-aside within the Public Housing Fund and accounts within the Office of Housing, streamlines the Real Estate Assessment Center (REAC) operations into a centrally funded account that performs inspections, evaluations, and assessments across HUD's housing programs. This centrally funded account will enhance the quality and capabilities of these services to ensure that millions of residents reside in housing that is healthy, safe, and operated at a high level.

CHOICE NEIGHBORHOODS INITIATIVE

For competitive grants under the Choice Neighborhoods Initiative (subject to section 24 of the United States Housing Act of 1937 (42 U.S.C. 1437v) (*the "Act"*) unless otherwise specified under this heading), for transformation, rehabilitation, and replacement housing needs of both public and HUD-assisted housing and to transform neighborhoods of poverty into functioning, sustainable, mixed-income neighborhoods with appropriate services, schools, public assets, transportation, and access to jobs, **[\$350,000,000] \$185,000,000**, to remain available until September 30, **[2027] 2028: *Provided***, That grant funds may be used for resident and community services, community development, and affordable housing needs in the community, and for conversion of vacant or foreclosed properties to affordable housing: *Provided further*, That **[not more than 20 percent of the amount of any grant made with amounts made available under this heading may be used for necessary supportive services notwithstanding subsection (d)(1)(L) of such section 24: *Provided further*, That]** the use of amounts made available under this heading shall not be deemed to be for public housing, notwithstanding section 3(b)(1) of **[such]** the Act: *Provided further*, That grantees shall commit to an additional period of affordability determined by the Secretary of not fewer than 20 years: *Provided further*, That the Secretary may specify a period of affordability that is less than 20 years with respect to homeownership units developed with grants from amounts made available under this heading: *Provided further*, That grantees shall provide a match in State, local, other Federal, or private funds: *Provided further*, That grantees may include local governments, Tribal entities, public housing agencies, and nonprofit organizations: *Provided further*, That for-profit developers may apply jointly with a public entity: *Provided further*, That for purposes of environmental review, a grantee shall be treated as a public housing agency under section 26 of the **[United States Housing] Act [of 1937]** (42 U.S.C. 1437x), and grants made with amounts available under this heading shall be subject to the regulations issued by the Secretary to implement such section: *Provided further*, That of the amounts made available under this heading, not less than **[\$175,000,000] \$92,500,000** shall be awarded to public housing agencies: *Provided further*, That such grantees shall create partnerships with other local organizations, including assisted housing owners, service agencies, and resident organizations: *Provided further*, That the Secretary shall consult with the Secretaries of Education, Labor, Transportation, Health and Human Services, Agriculture, and Commerce, the Attorney General, and the Administrator of the Environmental Protection Agency to coordinate and leverage other appropriate Federal resources: *Provided further*, That not more than \$10,000,000 of the amounts made available under this heading may be provided as grants to undertake comprehensive local planning with input from residents and the community: *Provided further*, That, notwithstanding section 24(m)(3) of the Act (42 U.S.C. 1437v(m)(3)), none of the funds made available under this heading may be obligated for main street housing grants: *Provided further*, That unobligated balances, including recaptures, remaining from amounts made available under the heading "Revitalization of Severely Distressed Public Housing (HOPE VI)" in fiscal year 2011 and prior fiscal years may be used for purposes under

The Budget requests \$185 million for Choice Neighborhoods to continue the transformation of neighborhoods of concentrated poverty into sustainable, mixed-income neighborhoods with well-functioning services, schools, public assets, transportation, and access to jobs. The goal of the program is to transform distressed neighborhoods and improve the quality of life of current and future residents by coordinating and concentrating neighborhood investments from multiple sources. HUD will allocate up to \$10 million for up to 20 Planning Grants and the remaining \$175 million will fund approximately four Implementation Grants.

The HOPE VI program has accomplished its goal of contributing to the demolition of approximately 100,000 severely distressed Public Housing units. The Budget proposes no additional funds for this program. Instead, the Budget builds on the success of HOPE VI with the Choice Neighborhoods program, which makes a broad range of transformative investments in high-poverty neighborhoods where Public Housing and other HUD-assisted housing is located.

**SELF-SUFFICIENCY PROGRAMS**

For activities and assistance related to Self-Sufficiency Programs, to remain available until September 30, [2026] 2027, \$175,000,000: *Provided*, That of the sums appropriated under this heading—

(1) \$125,000,000 shall be available for the Family Self-Sufficiency program to support family self-sufficiency coordinators under section 23 of the United States Housing Act of 1937 (42 U.S.C. 1437u), to promote the development of local strategies to coordinate the use of assistance under sections 8 and 9 of such Act with public and private resources, and enable eligible families to achieve economic independence and self-sufficiency;

(2) \$35,000,000 shall be available for the Resident Opportunity and Self-Sufficiency program to provide for supportive services, service coordinators, and congregate services as authorized by section 34 of the United States Housing Act of 1937 (42 U.S.C. 1437z–6) and the Native American Housing Assistance and Self-Determination Act of 1996 (25 U.S.C. 4101 et seq.): *Provided*, That amounts made available under this paragraph may be used to renew Resident Opportunity and Self-Sufficiency program grants to allow the public housing agency, or a new owner, to continue to serve (or restart service to) residents of a project with assistance converted from public housing to project-based rental assistance under section 8 of the United States Housing Act of 1937 (42 U.S.C. 1437f) or assistance under section 8(o)(13) of such Act under the heading "Rental Assistance Demonstration" in the Department of Housing and Urban Development Appropriations Act, 2012 (Public Law 112–55), as amended (42 U.S.C. 1437f note); and

(3) \$15,000,000 shall be available for a Jobs-Plus Initiative, modeled after the Jobs-Plus demonstration: *Provided*, That funding provided under this paragraph shall be available for competitive grants to partnerships between public housing authorities, or owners or sponsors of multifamily properties receiving project-based rental assistance under section 8 that, in partnership with local workforce investment boards established under section 107 of the Workforce Innovation and Opportunity Act of 2014 (29 U.S.C. 3122), and other agencies and organizations that provide support to help public housing residents, or tenants residing in units assisted under a project-based section 8 contract (including section 8(o)(13) of the United States Housing Act of 1937), obtain employment and increase earnings, or both: *Provided further*, That applicants must demonstrate the ability to provide services to residents, partner with workforce investment boards, and leverage service dollars: *Provided further*, That the Secretary may allow public housing agencies to request exemptions from rent and income limitation requirements under sections 3 and 6 of the United States Housing Act of 1937 (42 U.S.C. 1437a, 1437d), as necessary to implement the Jobs-Plus program, on such terms and conditions as the Secretary may approve upon a finding by the Secretary that any such waivers or alternative requirements are necessary for the effective implementation of the Jobs-Plus Initiative as a voluntary program for residents: *Provided further*, That the Secretary shall publish by notice in the Federal Register any waivers or alternative requirements pursuant to the preceding proviso no later than 10 days before the effective date of such notice: *Provided further*, That the costs of any rent incentives as authorized pursuant to such waivers or alternative requirements shall not be charged against the competitive grant amounts made available under this paragraph. ## NATIVE AMERICAN PROGRAMS

## [(INCLUDING RESCISSION)]

For activities and assistance authorized under title I of the Native American Housing Assistance and Self-Determination Act of 1996 (in this heading "NAHASDA") (25 U.S.C. 4111 et seq.), title I of the Housing and Community Development Act of 1974 (42 U.S.C. 5301 et seq.) with respect to Indian tribes, and related training and technical assistance, **[\$1,020,000,000]** \$1,053,000,000, to remain available until September 30, **[2027]** 2028: *Provided*, That of the sums appropriated under this heading—

(1) **[\$787,000,000]** \$820,000,000 shall be available for the Native American Housing Block Grants program, as authorized under title I of NAHASDA: *Provided*, That, notwithstanding NAHASDA, to determine the amount of the allocation under title I of such Act for each Indian tribe, the Secretary shall apply the formula under section 302 of such Act with the need component based on single-race census data and with the need component based on multi-race census data, and the amount of the allocation for each Indian tribe shall be the greater of the two resulting allocation amounts: *Provided further*, That the Secretary shall notify grantees of their formula allocation not later than 60 days after the date of enactment of this Act;

(2) \$150,000,000 shall be available for competitive grants under the Native American Housing Block Grants program, as authorized under title I of NAHASDA: *Provided*, That the Secretary shall obligate such amount for competitive grants to eligible recipients authorized under NAHASDA that apply for funds: *Provided further*, That in awarding amounts made available in this paragraph, the Secretary shall consider need and administrative capacity, **[and]** shall give priority to projects that will spur construction and rehabilitation of housing, and may give priority to projects that improve water or energy efficiency or increase climate or disaster resilience for housing units owned, operated, or assisted by eligible recipients authorized under NAHASDA: *Provided further*, That a grant funded pursuant to this paragraph shall be in an amount not greater than \$7,500,000: *Provided further*, That any amounts transferred for the necessary costs of administering and overseeing the obligation and expenditure of such additional amounts in prior Acts may also be used for the necessary costs of administering and overseeing such additional amount;

(3) \$1,000,000 shall be available for the cost of guaranteed notes and other obligations, as authorized by title VI of NAHASDA: *Provided*, That such costs, including the cost of modifying such notes and other obligations, shall be as defined in section 502 of the Congressional Budget Act of 1974 (2 U.S.C. 661a): *Provided further*, That amounts made available in this and prior Acts for the cost of such guaranteed notes and other obligations that are unobligated, including recaptures and carryover, shall be available to subsidize the total principal amount of any notes and other obligations, any part of which is to be guaranteed, not to exceed **[\$50,000,000]** \$25,000,000, to remain available until September 30, **[2024]** *Provided further*, That any remaining loan guarantee limitation authorized for this program in fiscal year 2020 or prior fiscal years is hereby rescinded **[2025]**;

(4) \$75,000,000 shall be available for grants to Indian tribes for carrying out the Indian Community Development Block Grant program under title I of the Housing and Community Development Act of 1974, notwithstanding section 106(a)(1) of such Act, of which, notwithstanding any other provision of law (including section 203 of this Act), not more than

\$5,000,000 may be used for emergencies that constitute imminent threats to health and safety: *Provided*, That not to exceed 20 percent of any grant made with amounts made available in this paragraph shall be expended for planning and management development and administration; and

(5) \$7,000,000, in addition to amounts otherwise available for such purpose, shall be available for providing training and technical assistance to Indian tribes, Indian housing authorities, and tribally designated housing entities, to support the inspection of Indian housing units, for contract expertise, and for training and technical assistance related to amounts made available under this heading and other headings in this Act for the needs of Native American families and Indian country: *Provided*, That of the amounts made available in this paragraph, not less than \$2,000,000 shall be for a national organization as authorized under section 703 of NAHASDA (25 U.S.C. 4212): *Provided further*, That amounts made available in this paragraph may be used, contracted, or competed as determined by the Secretary: *Provided further*, That notwithstanding chapter 63 of title 31, United States Code (commonly known as the Federal Grant and Cooperative Agreements Act of 1977), the amounts made available in this paragraph may be used by the Secretary to enter into cooperative agreements with public and private organizations, agencies, institutions, and other technical assistance providers to support the administration of negotiated rulemaking under section 106 of NAHASDA (25 U.S.C. 4116), the administration of the allocation formula under section 302 of NAHASDA (25 U.S.C. 4152), and the administration of performance tracking and reporting under section 407 of NAHASDA (25 U.S.C. 4167). The Native Hawaiian Housing Loan Guarantee program (also known as the Section 184A program) provides access to private mortgage financing to Native Hawaiian families who are eligible to reside on Hawaiian home lands and would otherwise face barriers to acquiring such financing because of the unique legal status of the Hawaiian home lands. Since 2017, this program has operated on a negative subsidy basis, but the Budget requests \$21 million in loan guarantee commitment authority to continue supporting these loans.

## COMMUNITY PLANNING AND DEVELOPMENT

## Federal Funds

## COMMUNITY DEVELOPMENT FUND

For assistance to States and units of general local government, and other entities, for economic and community development activities, and other purposes, **[\$6,397,285,641] \$3,415,000,000**, to remain available until September 30, **[2026] 2027: Provided**, That of the sums appropriated under this heading—

(1) \$3,300,000,000 shall be available for carrying out the community development block grant program under title I of the Housing and Community Development Act of 1974, as amended (42 U.S.C. 5301 et seq.) (in this heading "the Act"): *Provided*, That not to exceed 20 percent of any grant made with funds made available under this paragraph shall be expended for planning and management development and administration: *Provided further*, That a metropolitan city, urban county, unit of general local government, or insular area that directly or indirectly receives funds under this paragraph may not sell, trade, or otherwise transfer all or any portion of such funds to another such entity in exchange for any other funds, credits, or non-Federal considerations, but shall use such funds for activities eligible under title I of the Act: *Provided further*, That notwithstanding section 105(e)(1) of the Act, no funds made available under this paragraph may be provided to a for-profit entity for an economic development project under section 105(a)(17) unless such project has been evaluated and selected in accordance with guidelines required under subsection (e)(2) of section 105;

(2) \$85,000,000 shall be available for the Secretary to award grants on a competitive basis to State and local governments, metropolitan planning organizations, and multijurisdictional entities for additional activities under title I of the Act for the identification and removal of barriers to affordable housing production and preservation: *Provided*, That eligible uses of such grants include activities to further develop, evaluate, and implement housing policy plans, improve housing strategies, and facilitate affordable housing production and preservation: *Provided further*, That the Secretary shall prioritize applicants that are able to (A) demonstrate progress and a commitment to overcoming local barriers to facilitate the increase in affordable housing production and preservation; and (B) demonstrate an acute demand for housing affordable to households with incomes below 100 percent of the area median income: *Provided further*, That funds allocated for such grants shall not adversely affect the amount of any formula assistance received by a jurisdiction under paragraph (1) of this heading: *Provided further*, That in administering such amounts the Secretary may waive or specify alternative requirements for any provision of such title I except for requirements related to fair housing, nondiscrimination, labor standards, the environment, and requirements that activities benefit persons of low- and moderate-income, upon a finding that any such waivers or alternative requirements are necessary to expedite or facilitate the use of such amounts; *and*

(3) \$30,000,000 shall be available for activities authorized under section 8071 of the SUPPORT for Patients and Communities Act (Public Law 115–271): *Provided*, That funds allocated pursuant to this paragraph shall not adversely affect the amount of any formula assistance received by a State under paragraph (1) of this heading: *Provided further*, That the Secretary shall allocate the funds for such activities based on the notice establishing the funding formula published in 84 FR 16027 (April 17, 2019) [except that the formula shall use age-adjusted rates of drug overdose deaths for 2020 based on data from the Centers for Disease Control and Prevention] (unless such age-adjusted rate is unavailable for a jurisdiction, in which case the Secretary shall use the best available data to determine eligibility and to allocate to such jurisdiction); *and*

[(4) \$2,982,285,641 shall be available for grants for the Economic Development Initiative (EDI) for the purposes, and in amounts, specified for Community Project Funding/Congressionally Directed Spending in the table entitled "Community Project Funding/Congressionally Directed Spending" included in the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act): *Provided*, That eligible expenses of such grants may include administrative, planning, operations and maintenance, and other costs: *Provided further*, That such grants for the EDI shall be available for reimbursement of otherwise eligible expenses incurred on or after the date of enactment of this Act and prior to the date of grant execution: *Provided further*, That none of the amounts made available under this paragraph for grants for the EDI shall be used for reimbursement of expenses incurred prior to the date of enactment of this Act: *Provided further*, That grants for the EDI authorized under this heading in the Department of Housing and Urban Development Appropriations Act, 2022 (Public Law 117–103) shall also be available for reimbursement of otherwise eligible expenses (including those eligible expenses identified in the first proviso of this paragraph) incurred on or after the date of enactment of such Act and prior to the date of grant execution, and shall not be subject to the second proviso under such heading in such Act: ]

[*Provided further*, That for amounts made available under paragraphs (1) and (3), the Secretary shall notify grantees of their formula allocation within 60 days of enactment of this Act]. (Department of Housing and Urban Development Appropriations Act, 2023.)

#### COMMUNITY DEVELOPMENT FUND

##### (INCLUDING TRANSFERS OF FUNDS)

[For an additional amount for "Community Development Fund", \$3,000,000,000, to remain available until expended, for the same purposes and under the same terms and conditions as funds appropriated under such heading in title VIII of the Disaster Relief Supplemental Appropriations Act, 2022 (division B of Public Law 117–43), except that such amounts shall be for major disasters that occurred in 2022 or later until such funds are fully allocated and the fourth, twentieth, and twenty-first provisos under such heading in such Act shall not apply: *Provided*, That amounts made available under this heading in this Act and under such heading in such Act may be used by a grantee to assist utilities as part of a disaster-related eligible activity under section 105(a) of the Housing and Community Development Act of 1974 (42 U.S.C. 5305(a)): *Provided further*, That of the amounts made available under this heading in this Act, up to \$10,000,000 shall be made available for capacity building and technical assistance, including assistance on contracting and procurement processes, to support States, units of general local government, or Indian tribes (and their subrecipients) that receive allocations related to major disasters under this heading in this, prior, or future Acts: *Provided further*, That of the amounts made available under this heading in this Act, up to \$5,000,000 shall be transferred to "Department of Housing and Urban Development—Program Office Salaries and Expenses—Community Planning and Development" for necessary costs, including information technology costs, of administering and overseeing the obligation and expenditure of amounts made available under this heading in this Act or any prior or future Act that makes amounts available for purposes related to major disasters under such heading: *Provided further*, That the amount specified in the preceding proviso shall be combined with funds appropriated under this same heading for this same purpose in any prior Acts and the aggregate of such amounts shall be available for the costs of administering and overseeing any funds appropriated to the Department related to major disasters in this, prior, or future Acts, notwithstanding the purposes for which such funds were appropriated: *Provided further*, That of the amounts made available under this heading in this Act, up to \$5,000,000 shall be transferred to "Department of Housing and Urban Development—Office of the Inspector General" for necessary costs of overseeing and auditing amounts made available under this heading in this Act or any prior or future Act that makes amounts available for purposes related to major disasters under such heading: *Provided further*, That amounts repurposed under this heading that were previously designated by the Congress as an emergency requirement pursuant to the Balanced Budget and Emergency Deficit Control Act of 1985 or a concurrent resolution on the budget are designated by the Congress as an emergency requirement pursuant to section 4001(a)(1) of S. Con. Res. 14 (117th Congress), the concurrent

resolution on the budget for fiscal year 2022, and section 1(e) of H. Res. 1151 (117th Congress), as engrossed in the House of Representatives on June 8, 2022.] (Disaster Relief Supplemental Appropriations Act, 2023.)

The Community Development Fund account contains the following programs:

**Community Development Block Grant (CDBG).**—The CDBG program provides formula grants to States, local governments, and Insular Areas to benefit mainly low- to moderate-income persons, and support a wide range of community and economic development activities, such as public infrastructure improvements, housing rehabilitation and construction, job creation and retention, and public services. After \$7 million is allocated to Insular Areas, 70 percent of CDBG formula grants are distributed to mainly urban areas (entitlement communities), and 30 percent are distributed to States (non-entitlement communities). The Budget requests a total of \$3.4 billion, of which \$3.3 billion is funding for the CDBG program.

**Recovery Housing Program (SUPPORT Act).**—The Budget requests \$30 million for activities authorized under the SUPPORT for Patients and Communities Act. This formula program is allocated to states and the District of Columbia to provide temporary housing for individuals recovering from substance use disorders, including opioids.

The Budget requests \$1.8 billion for the HOME Investment Partnerships program (HOME). The HOME program provides annual formula grant assistance to States and units of local government to increase the supply of affordable housing and expand homeownership for low-income persons through the acquisition, new construction, and rehabilitation of affordable renter- and owner-occupied housing, as well as the provision of tenant-based rental assistance. The request also includes a \$100 million set-aside for a FirstHOME Downpayment initiative to States and insular areas to better ensure sustainable homeownership.

## PRESERVATION AND REINVESTMENT INITIATIVE FOR COMMUNITY ENHANCEMENT

**[For competitive grants to preserve and revitalize manufactured housing and eligible manufactured housing communities (including pre-1976 mobile homes) under title I of the Housing and Community Development Act of 1974, as amended (42 U.S.C. 5301 et seq.), \$225,000,000, to remain available until September 30, 2027: *Provided*, That recipients of grants provided with amounts made available under this heading shall be States, units of general local government, resident-owned manufactured housing communities, cooperatives, nonprofit entities including consortia of nonprofit entities, community development financial institutions, Indian Tribes (as such term is defined in section 4 of the Native American Housing Assistance and Self-Determination Act of 1996 (NAHASDA) (25 U.S.C. 4103)), or other entities approved by the Secretary: *Provided further*, That the Secretary may reserve an amount for Indian Tribes within such competition: *Provided further*, That the Secretary may approve entities for selection that partner with one or several residents of such eligible communities or that propose to implement a grant program that would assist residents of such eligible communities: *Provided further*, That eligible uses of such grants may include infrastructure, planning, resident and community services (including relocation assistance and eviction prevention), resiliency activities, and providing other assistance to residents or owners of manufactured homes, which may include providing assistance for manufactured housing land and site acquisition: *Provided further*, That, except as determined by the Secretary, participation in this program shall not encumber the future transfer of title or use of property by the residents, owners, or communities: *Provided further*, That when selecting recipients, the Secretary shall prioritize applications that primarily benefit low- or moderately low-income residents and preserve long-term housing affordability for residents of manufactured housing or a manufactured housing community: *Provided further*, That eligible manufactured housing communities may include those that are—**

PRICE competitive grants offer funding for states, local governments, resident-owned manufactured housing communities, cooperatives, nonprofits, Indian Tribes, or other approved entities to preserve and revitalize manufactured housing and eligible manufactured housing communities. Grantees can use funds for infrastructure, planning, resident and community services, resiliency activities, and other assistance to residents or owners of manufactured homes. Congress appropriated \$225 million in 2023 for such activities, which includes \$25 million to assist in the redevelopment of manufactured housing communities and affordable replacement housing.

The Homeless Assistance Grants account provides funds for the Emergency Solutions Grant (ESG) and Continuum of Care (CoC) programs. These programs, which award funds through formula and competitive processes, enable localities to shape and implement comprehensive, flexible, coordinated approaches to address the multiple issues of homelessness, including chronic homelessness, veteran homelessness, and homelessness among families and youth.

The Budget provides a total of \$3.75 billion for a wide range of activities to assist homeless persons and prevent future occurrences of homelessness. The Budget supports \$3.35 billion for the CoC program to fund competitive renewals and new projects for target populations, including \$52 million for rapid re-housing projects and other assistance to serve people fleeing domestic violence, dating violence, sexual assault, or stalking. The Budget also provides \$290 million for ESG formula funding for communities to address emergency needs such as emergency shelter, street outreach, essential services, homelessness prevention, and rapid rehousing; \$82 million to implement projects serving homeless youth; and \$27 million for the National Homeless Data Analysis Project, including \$15 million for a capacity building initiative for victim service providers' data collection and analysis efforts.

## HOUSING OPPORTUNITIES FOR PERSONS WITH AIDS

For carrying out the Housing Opportunities for Persons with AIDS program, as authorized by the AIDS Housing Opportunity Act (42 U.S.C. 12901 et seq.), **[\$499,000,000] \$505,000,000**, to remain available until September 30, **[2024]**, except that amounts allocated pursuant to section 854(c)(5) of such Act shall remain available until September 30, 2025: *Provided*, That the Secretary shall renew or replace all expiring contracts for permanent supportive housing that initially were funded under section 854(c)(5) of such Act from funds made available under this heading in fiscal year 2010 and prior fiscal years that meet all program requirements before awarding funds for new contracts under such section: *Provided further*, That the process for submitting amendments and approving replacement contracts shall be established by the Secretary in a notice: *Provided further*, That the Department shall notify grantees of their formula allocation within 60 days of enactment of this Act **[2027]**. The Budget provides \$505 million for the Housing Opportunities for Persons With AIDS (HOPWA) program. HOPWA funding provides States and localities with resources to devise long-term comprehensive strategies for providing housing and supportive services to meet the housing needs of persons living with HIV/AIDS and their families. These funds are critical for ensuring low-income people living with HIV remain stably housed and connected to care and other needed services and supporting national goals of ending the HIV epidemic.

Ninety percent of HOPWA funding is distributed to States and eligible metropolitan areas according to a formula, and the remaining ten percent is awarded competitively to States, local governments, and private nonprofit entities. The HOPWA formula allocates funds based on cases of persons living with HIV/AIDS and is adjusted for an area's fair market rent and poverty rates to further ensure HOPWA funds are focused on areas that have the most need. The Budget proposes to not prioritize renewals in its competition so that funds are able to better support more evidence-based service delivery models, address current community needs, and fund innovative projects that support the Administration's goal of ending the HIV epidemic by 2030.

## SELF-HELP AND ASSISTED HOMEOWNERSHIP OPPORTUNITY PROGRAM

For the Self-Help and Assisted Homeownership Opportunity Program, as authorized under section 11 of the Housing Opportunity Program Extension Act of 1996 (42 U.S.C. 12805 note), and for related activities and assistance, **[\$62,500,000] \$60,000,000**, to remain available until September 30, **[2025]** 2026: *Provided*, That of the sums appropriated under this heading—

(1) **[\$13,500,000] \$10,000,000** shall be available for the Self-Help Homeownership Opportunity Program as authorized under such section 11;

## SELF-HELP AND ASSISTED HOMEOWNERSHIP OPPORTUNITY PROGRAM—Continued

(2) **[\$42,000,000]** \$41,000,000 shall be available for the second, third, and fourth capacity building entities specified in section 4(a) of the HUD Demonstration Act of 1993 (42 U.S.C. 9816 note), of which not less than \$5,000,000 shall be for rural capacity building activities: *Provided*, That for purposes of awarding grants from amounts made available in this paragraph, the Secretary may enter into multiyear agreements, as appropriate, subject to the availability of annual appropriations;

(3) **[\$6,000,000]** \$5,000,000 shall be available for capacity building by national rural housing organizations having experience assessing national rural conditions and providing financing, training, technical assistance, information, and research to local nonprofit organizations, local governments, and Indian Tribes serving high need rural communities; and

(4) **[\$1,000,000]** \$4,000,000 shall be available for a program to rehabilitate and modify the homes of disabled or low-income veterans, as authorized under section 1079 of the Carl Levin and Howard P. "Buck" McKeon National Defense Authorization Act for Fiscal Year 2015 (38 U.S.C. 2101 note): *Provided*, That the issuance of a Notice of Funding Opportunity for the amounts made available in this paragraph shall be completed not later than 120 days after enactment of this Act and such amounts shall be awarded not later than 180 days after such issuance]. The Budget requests \$60 million for the Self-Help and Assisted Homeownership Opportunity Program (SHOP) account. The Budget includes \$10 million for SHOP, as authorized by Section 11 of the Housing Opportunity Program Extension Act of 1996, to award grants to eligible nonprofit organizations to assist low-income homebuyers willing to contribute "sweat equity" toward the construction of their houses.

The Budget provides \$41 million for Capacity Building for Community Development and Affordable Housing Program. The program is authorized by Section 4 of the HUD Demonstration Act of 1993 to develop the capacity and ability of community development corporations (CDCs) and community housing organizations (CHDOs) to undertake community development and affordable housing projects and programs.

The Budget provides \$5 million for the Rural Capacity Building Program which awards funds to national organizations to enhance the capacity and ability of local governments, Indian Tribes, housing development organizations, rural CDCs, and rural CHDOs, to carry out community development and affordable housing activities that benefit low- and moderate-income families and persons in rural areas.

Conducted in partnership with the U.S. Department of Veterans Affairs, the Budget includes \$4 million for the Veterans Housing Rehabilitation and Modification Pilot Program to rehabilitate and modify the homes of disabled and low-income veterans.

The Budget does not provide funding for the Rural Housing and Economic Development (RHED) program. RHED was created to support housing and economic development activities in rural communities. The Consolidated Appropriations Act, 2016 (Public Law 114-113) rescinded all unobligated balances of RHED funds remaining in the account as of the end of 2016.

## REVOLVING FUND (LIQUIDATING PROGRAMS)

The Revolving Fund (liquidating programs) was established by the Independent Offices Appropriations Act of 1955 for the efficient liquidation of assets acquired under a number of housing and urban development programs, all of which are no longer active. For example, the Section 312 loan program portfolio, which provided first and junior lien financing at below market interest rates for the rehabilitation of homes in low-income neighborhoods, constituted a large portion of the account activities but has not originated new loans for over 20 years. The operational expenses are financed from a permanent, indefinite appropriation to administer the remaining repayments of loans, recaptures, and lien releases in the portfolio. Any remaining unobligated balances in the account are returned to the Treasury annually.

The Housing Trust Fund was authorized by section 1131 of the Housing and Economic Recovery Act of 2008 (Public Law 110-289), which directed the account to be funded from assessments on Fannie Mae and Freddie Mac. The Budget estimates that \$324 million will be allocated in 2024 to the Housing Trust Fund to provide grants to States to increase and preserve the supply of affordable rental housing and homeownership opportunities for extremely low-income families. Funds will be distributed by formula to States to be used primarily for the construction, preservation, and rehabilitation of affordable rental housing for extremely low-income families, with up to ten percent of the funding available for similar eligible activities that support homeownership, and up to ten percent available for grantee administrative costs.

The Budget requests \$15.9 billion for Project-Based Rental Assistance (PBRA), of which \$400 million is requested as an advance appropriation to become available in 2025. The PBRA program assists approximately 1.3 million extremely low- to low-income households in obtaining decent, safe, and sanitary housing in private accommodations. PBRA serves families, elderly, and disabled households and provides transitional housing for the homeless through the McKinney-Vento SRO program. Through this funding, the Department of Housing and Urban Development (HUD) supports approximately 17,250 contracts with private owners of multifamily housing by paying the difference between a portion of a household's income and the approved market-based rent for a housing unit. The Budget continues to support the program's calendar year funding cycle and provides 12 months of funding for all contracts.

Program activities include the following:

**Contract Renewals and Amendments.**—These activities provide funding for HUD to renew expiring contracts and amend contracts that have not expired but require additional funding for HUD to meet remaining payment obligations. Appropriations for these activities are supplemented with recoveries of excess balances remaining on expired contracts that utilized less resources than anticipated during their initial terms. This appropriation includes \$62 million for the Rental Assistance Demonstration to further long-term financial stability and promote the energy or water efficiency or climate resilience of properties converting to project-based assistance.

**Contract Administrators.**—The Budget requests \$448 million for contract administration. This activity funds the local level administration of the program through HUD agreements with performance-based contract administrators or other supportive services contractors.

**Rent Adjustments for Select Properties.**—For at-risk post-Mark to Market Section 8 properties and other PBRA properties with health and safety deficiencies, the budget includes \$28 million to allow budget-based rent adjustments to facilitate rehabilitation and sustainable operation of the properties, consistent with program requirements that the property rents remain at or below comparable market rents.

**Service Coordinators.**—This Budget includes \$31 million to support budget based rent increases to cover the costs of service coordinators to help elderly residents stay healthy and age in place.

**Distressed Properties Capital Loan Program** — The Budget includes \$25 million to provide loans, including forgivable loans, to owners of distressed PBRA properties. This program will serve distressed properties already at market rate rents that need capital to address the causes of their distress.

The Budget provides \$7.5 billion in mandatory funding to support new Project-Based Rental Assistance (PBRA) contracts to serve extremely low-income households. These PBRA contracts would combine with capital sources like the Low-Income Housing Tax Credit, Housing Trust

Fund, and Federal Housing Administration-insured mortgages to enable development of sustainable, long-term affordable housing.

The Other Assisted Housing Programs account contains the programs listed below:

**Section 235.**—The Housing and Urban-Rural Recovery Act of 1983 (Public Law 98–181) authorized a restructured Section 235 (Homeownership Assistance) program that provided homeowners a ten-year interest reduction subsidy on their mortgages.

**Section 236.**—The Housing and Urban Development Act of 1968, as amended, authorized the Section 236 Rental Housing Assistance Program, which subsidizes the monthly mortgage payment that an owner of a rental or cooperative project is required to make. This interest subsidy reduces rents for lower income tenants.

The Flexible Subsidy Fund assisted financially troubled subsidized projects under certain Federal Housing Administration (FHA) authorities. The subsidies were intended to prevent potential losses to the FHA fund resulting from project insolvency and to preserve these projects as a viable source of housing for low- and moderate-income tenants. Priority was given to projects with Federal insurance-in-force and then to those with mortgages that had been assigned to the Department.

The Green and Resilient Retrofit Program, as enacted in the 2022 Inflation Reduction Act, will provide grants and loans to owners of Multifamily-assisted properties to rehabilitate these properties to reduce energy and water consumption, improve indoor air quality, support climate resilience, and reduce the likelihood of catastrophic damage from natural hazard events. This investment will improve the stock of affordable housing available to many low- and extremely low-income families, often from marginalized communities.

The Housing Counseling Assistance Program provides: 1) comprehensive housing counseling services to eligible homeowners and tenants through grants, oversight, and technical assistance; and 2) training to housing counselors and staff of government or non-profit entities that participate in HUD's Housing Counseling program. Eligible Housing Counseling program services include group education and individualized housing counseling on pre- and post-purchase homeownership budgeting and financial management, reverse mortgage counseling, homelessness prevention, rental counseling, and avoiding discrimination, foreclosure, and eviction. The objectives of the Housing Counseling program include overcoming barriers to stable and affordable housing; expanding sustainable homeownership and rental opportunities; preventing foreclosure and eviction; and deterring discrimination, scams, and fraud.

The Budget includes \$66 million for this program, which includes grants to HUD-approved Housing Counseling agencies for direct services and to develop training for HUD-approved housing counselors.

The Federal Housing Administration (FHA) provides mortgage insurance for the purchase, refinance and rehabilitation of single-family homes. FHA mortgage insurance is designed to encourage lenders to make credit available to borrowers whom the conventional market does not adequately serve, including first-time homebuyers, minorities, lower-income families and residents of underserved areas (central cities and rural areas). Historically, FHA has also provided countercyclical support in times of economic crisis. For budgetary purposes, the Mutual Mortgage Insurance (MMI) Fund is separated into two risk categories: forward loans and Home Equity Conversion Mortgages (HECMs). Forward programs guarantee loans for standard single-family purchases and refinances (Section 203(b) program), home improvements (Section 203(k) program) and condominiums. HECMs, also known as reverse mortgages, enable elderly homeowners to borrow against the equity in their homes without having to make repayments during their lifetime.

The Budget requests \$165 million in the MMI Program account for administrative expenses to support a range of FHA functions, such as loan underwriting, claims processing and risk monitoring. This amount includes up to \$15 million for a new Small Balance Mortgage Demonstration to increase access to FHA financing for lower cost homes.

The Budget also requests a limitation of \$400 billion on loan guarantees for the MMI Fund. The Budget projects insurance of \$206 billion and \$26 billion for forward mortgages and HECMs, respectively, with additional commitment authority available in case these amounts are exceeded during execution.

The MMI Capital Reserve account is the eventual depository for budgetary resources collected by MMI Fund programs, including negative credit subsidy receipts from new loan guarantees, downward reestimates and interest earnings on Treasury securities. This account has no authority to obligate funds, but transfers balances of budget authority, as necessary, to the MMI Program and Liquidating accounts.

The Federal Housing Administration's General Insurance and Special Risk Insurance (GI/SRI) programs provide mortgage insurance for a variety of purposes, including financing for the development and rehabilitation of multifamily housing, residential care facilities, hospitals, and for property improvement and manufactured home loans. The Budget requests a limitation of \$35 billion on loan guarantees for the GI/SRI Fund. GI/SRI's mortgage insurance programs are designed to operate without the need for subsidy appropriations, with fees set higher than anticipated losses. Therefore, the Budget does not request an appropriation of new credit subsidy funds.

GI/SRI programs guarantee loans at 100 percent, with three exceptions where other parties guarantee a portion of the loan: Housing Finance Agency Risk Sharing, Qualified Participating Entity Risk Sharing, and Federal Financing Bank Risk Sharing.

The National Manufactured Housing Construction and Safety Standards Act of 1974, as amended, authorizes the development and enforcement of appropriate standards for the construction, design, installation, and performance of manufactured homes to assure their quality, durability, affordability, and safety. All manufactured homes produced since the standards took effect in 1976 must comply with Federal construction and safety standards. Fees are charged to the manufacturers for each transportable section produced to offset the expenses incurred by the Department in carrying out the responsibilities under the authorizing legislation. The Budget proposes to fully fund the \$14 million cost of authorized activities with these fees.

## GOVERNMENT NATIONAL MORTGAGE ASSOCIATION

The Government National Mortgage Association (GNMA) was established by Federal charter in 1968. It is a wholly-owned Government corporation within HUD. It was established to support Federal housing initiatives by providing liquidity and attracting capital to the Nation's mortgage markets. Its primary function is to guarantee the timely payment of principal and interest on mortgage-backed securities (MBS) that are backed by loans insured or guaranteed by HUD, the Department of Veterans Affairs and the Department of Agriculture.

The GNMA Capital Reserve account is the eventual depository for budgetary resources collected by GNMA, including negative subsidy receipts from new security guarantees, downward reestimates, interest earnings on Treasury securities and loan repayments from the Financing account. This account has no authority to obligate funds but transfers balances of budget authority, as necessary, to other GNMA accounts, including the Program and Financing accounts.

The Housing and Urban Development Act of 1970 directs the Secretary to undertake programs of research, studies, testing, and demonstrations related to the Department of Housing and Urban Development's (HUD) mission. These functions are carried out by HUD's Office of Policy Development and Research (PD&R) through in-house analysis by staff; contracts with industry, nonprofit research organizations, and educational institutions; and cooperative agreements with educational, governmental, and philanthropic entities. In addition, centralized technical assistance for the Department is supported through this account; these funds enable HUD to support its partners with better coordinated, cross-program technical assistance rather than conventional, program-specific assistance.

The Budget requests \$155 million for HUD's Research and Technology (R&T) account. Activities include: R&T investments that support HUD's enterprise-wide commitment to integrate evidence and cross-disciplinary intelligence throughout program policy, management, and operations; core research support, surveys, data infrastructure, and knowledge management (i.e., research dissemination); research, evaluations, and demonstrations; technical assistance; and an eviction prevention grant program.

The Budget requests \$90 million for fair housing activities to support efforts to end housing discrimination. Of the amount requested, \$27.5 million is for the Fair Housing Assistance Program (FHAP); \$58.5 million is for the Fair Housing Initiatives Program (FHIP); \$3 million is for the National Fair Housing Training Academy (NFHTA); and \$1 million is for the Limited English Proficiency Initiative (LEPI).

FHAP provides funding to State and local agencies to ensure prompt and effective processing of complaints under State and local fair housing laws that are substantially equivalent to the Federal Fair Housing Act.

FHIP provides funding to fair housing organizations, including nonprofits and state and local agencies, that administer programs to prevent or eliminate discriminatory housing practices through enforcement, testing, education, and outreach.

The NFHTA provides comprehensive fair housing and civil rights training for FHIP and FHAP staff, investigators, local agencies, educators, attorneys, industry representatives, and other housing industry professionals.

LEPI funding provides oral interpretation and written translation services to provide meaningful access to HUD programs and services for persons with limited English proficiency.

# OFFICE OF LEAD HAZARD CONTROL AND HEALTHY HOMES

## Federal Funds

### LEAD HAZARD REDUCTION

#### (INCLUDING TRANSFER OF FUNDS)

For the Lead Hazard Reduction Program, as authorized by section 1011 of the Residential Lead-Based Paint Hazard Reduction Act of 1992 (42 U.S.C. 4852), the Healthy Homes Initiative, pursuant to sections 501 and 502 of the Housing and Urban Development Act of 1970 (12 U.S.C. 1701z-1 and 1701z-2), and for related activities and assistance, \$410,000,000, to remain available until September 30, [2025] 2026: *Provided*, That the amounts made available under this heading are provided as follows:

(1) **[\$290,000,000]** \$265,000,000 shall be for the award of grants pursuant to such section 1011, of which not less than **[\$95,000,000]** \$105,000,000 shall be provided to areas with the highest lead-based paint abatement needs;

(2) **[\$85,000,000]** \$125,000,000 shall be for the Healthy Homes Initiative, pursuant to sections 501 and 502 of the Housing and Urban Development Act of 1970, which shall include research, studies, testing, and demonstration efforts, including education and outreach concerning lead-based paint poisoning and other housing-related diseases and hazards, and mitigating housing-related health and safety hazards in housing of low-income families, of which—

(A) \$5,000,000 shall be for the implementation of projects in [up to five] communities that are served by both the Healthy Homes Initiative and the Department of Energy weatherization programs to demonstrate whether the coordination of Healthy Homes remediation activities with weatherization activities achieves cost savings and better outcomes in improving the safety and quality of homes; and

(B) \$30,000,000 shall be for grants to experienced non-profit organizations, States, local governments, or public housing agencies for safety and functional home modification repairs and renovations to meet the needs of low-income seniors to enable them to remain in their primary residence: *Provided*, That of the total amount made available under this subparagraph no less than \$10,000,000 shall be available to meet such needs in communities with substantial rural populations;

(3) \$5,000,000 shall be for the award of grants and contracts for research pursuant to sections 1051 and 1052 of the Residential Lead-Based Paint Hazard Reduction Act of 1992 (42 U.S.C. 4854, 4854a);

(4) Up to \$2,000,000 in total of the amounts made available under paragraphs (2) and (3) may be transferred to the heading "Research and Technology" for the purposes of conducting research and studies and for use in accordance with the provisos under that heading for non-competitive agreements;

[(5) \$25,000,000 shall be for a lead-risk assessment demonstration for public housing agencies to conduct lead hazard screenings or lead-risk assessments during housing quality standards inspections of units in which a family receiving assistance under section 8(o) of the U.S. Housing Act of 1937 (42 U.S.C. 1437f(o)) resides or expects to reside, and has or expects to have a child under age 6 residing in the unit, while preserving rental housing availability and affordability; and]

[(6) ] (5) \$5,000,000 shall be for grants for a radon testing and mitigation safety demonstration program (the radon demonstration) in public housing: *Provided*, That the testing method, mitigation method, or action level used under the radon demonstration shall be as specified by applicable State or local law, if such law is more protective of human health or the environment than the method or level specified by the Secretary; and

(6) \$10,000,000 shall be for grants to communities for a demonstration to replace lead service lines to HUD-assisted housing: *Provided*, That up to \$1,000,000 of the amounts made available under this paragraph shall be for an evaluation of such demonstration:

*Provided further*, That for purposes of environmental review, pursuant to the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.) and other provisions of law that further the purposes of such Act, a grant under the Healthy Homes Initiative, or the Lead Technical Studies program, or other demonstrations or programs under this heading or under prior appropriations Acts for such purposes under this heading, or under the heading "Housing for the Elderly" under prior Appropriations Acts, shall be considered to be funds for a special project for purposes of section 305(c) of the Multifamily Housing Property Disposition Reform Act of 1994: *Provided further*, That each applicant for a grant or cooperative agreement under this heading shall certify adequate capacity that is acceptable to the Secretary to carry out the proposed use of funds pursuant to a notice of funding opportunity: *Provided further*, That the Secretary shall conduct a demonstration to harmonize income eligibility criteria for grants under this heading in this and prior Acts with the income eligibility criteria of certain other Federal programs: *Provided further*, That, for purposes of such demonstration, the Secretary may establish income eligibility criteria for such grants using income eligibility criteria of any program administered by the Secretary, the Department of Energy weatherization assistance program (42 U.S.C. 6851 et seq.), the Department of Health and Human Services low income home energy assistance program (42 U.S.C. 8621 et seq.), and the Department of Veterans Affairs supportive services for veteran families program (38 U.S.C. 2044): *Provided further*, That amounts made available in paragraph (5) under this heading in prior Acts for a lead-risk assessment demonstration may be available for interim control and abatement of lead-based paint hazards identified by screenings or assessments funded under such demonstration: *Provided further*, That of the amounts made available in paragraph (3) under this heading in this and prior Acts for research, an aggregate amount of not more than \$2,000,000 may be used for an evaluation of such demonstration: *Provided further*, That amounts made available under this heading, except for amounts in paragraph (2)(B) for home modification repairs and renovations, in this or prior appropriations Acts, still remaining available, may be used for any purpose under this heading

notwithstanding the purpose for which such amounts were appropriated if a program competition is undersubscribed and there are other program competitions under this heading that are oversubscribed. (*Department of Housing and Urban Development Appropriations Act, 2023.*)

The primary purpose of the Lead Hazard Reduction and Healthy Homes Grant programs is to reduce the exposure of young children to lead-based paint and other environmental hazards in their homes, including protecting them from permanent developmental problems and asthma, and exposure to pesticides and carbon monoxide.

The programs play a critical role in addressing the number one environmental disease impacting children: lead poisoning. The Budget requests \$410 million, including \$265 million for the Department of Housing and Urban Development's (HUD) Lead Hazard Reduction Grants; \$125 million for the Healthy Homes Program, of which \$30 million will be for safety and functional home modification repairs and renovations for low-income elderly homeowners; \$5 million for a radon testing and mitigation demonstration program; \$5 million for lead-based paint technical studies and support; and \$10 million for lead service line removal. The Budget includes an appropriations provision that would allow the transfer of unobligated balances and recaptured funds from undersubscribed competitive programs to other competitive programs experiencing oversubscription.

The Office of the Inspector General (OIG) provides independent and objective reviews of the integrity, efficiency and effectiveness of HUD programs and operations. Through its oversight activities, the OIG seeks to promote efficiency and effectiveness, detect and deter fraud and abuse, investigate allegations of misconduct by HUD employees and review and make recommendations regarding existing and proposed legislation and regulations affecting HUD. The Budget requests \$154 million for the OIG.

## GENERAL PROVISIONS—DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

(INCLUDING TRANSFER OF FUNDS)

【(INCLUDING RESCISSION)】

(INCLUDING CANCELLATION)

SEC. 201. Fifty percent of the amounts of budget authority, or in lieu thereof 50 percent of the cash amounts associated with such budget authority, that are recaptured from projects described in section 1012(a) of the Stewart B. McKinney Homeless Assistance Amendments Act of 1988 (42 U.S.C. 1437f note) shall be **[rescinded]** *cancelled* or in the case of cash, shall be remitted to the Treasury, and such amounts of budget authority or cash recaptured and not **[rescinded]** *cancelled* or remitted to the Treasury shall be used by State housing finance agencies or local governments or local housing agencies with projects approved by the Secretary of Housing and Urban Development for which settlement occurred after January 1, 1992, in accordance with such section. Notwithstanding the previous sentence, the Secretary may award up to 15 percent of the budget authority or cash recaptured and not **[rescinded]**

*cancelled* or remitted to the Treasury to provide project owners with incentives to refinance their project at a lower interest rate.

SEC. 202. None of the funds made available by this Act may be used **[during fiscal year 2023]** to investigate or prosecute under the Fair Housing Act any other-wise lawful activity engaged in by one or more persons, including the filing or maintaining of a nonfrivolous legal action, that is engaged in solely for the purpose of achieving or preventing action by a Government official or entity, or a court of competent jurisdiction.

SEC. 203. Except as explicitly provided in law, any grant, cooperative agreement or other assistance made pursuant to title II of this Act shall be made on a competitive basis and in accordance with section 102 of the Department of Housing and Urban Development Reform Act of 1989 (42 U.S.C. 3545).

SEC. 204. Funds of the Department of Housing and Urban Development subject to the Government Corporation Control Act or section 402 of the Housing Act of 1950 shall be available, without regard to the limitations on administrative expenses, for legal services on a contract or fee basis, and for utilizing and making payment for services and facilities of the Federal National Mortgage Association, Government National Mortgage Association, Federal Home Loan Mortgage Corporation, Federal Financing Bank, Federal Reserve banks or any member thereof, Federal Home Loan banks, and any insured bank within the meaning of the Federal Deposit Insurance Corporation Act, as amended (12 U.S.C. 1811-1).

【SEC. 205. Unless otherwise provided for in this Act or through a reprogramming of funds, no part of any appropriation for the Department of Housing and Urban Development shall be available for any program, project or activity in excess of amounts set forth in the budget estimates submitted to Congress.】

SEC. **[206]** 205. Corporations and agencies of the Department of Housing and Urban Development which are subject to the Government Corporation Control Act are hereby authorized to make such expenditures, within the limits of funds and borrowing authority available to each such corporation or agency and in accordance with law, and to make such contracts and commitments without regard to fiscal year limitations as provided by section 104 of such Act as may be necessary in carrying out the programs set forth in the budget for **[2023]** 2024 for such corporation or agency except as hereinafter provided: *Provided*, That collections of these corporations and agencies may be used for new loan or mortgage purchase commitments only to the extent expressly provided for in this Act (unless such loans are in support of other forms of assistance provided for in this or prior appropriations Acts), except that this proviso shall not apply to the mortgage insurance or guaranty operations of these corporations, or where loans or mortgage purchases are necessary to protect the financial interest of the United States Government.

【SEC. 207. The Secretary shall provide quarterly reports to the House and Senate Committees on Appropriations regarding all uncommitted, unobligated, recaptured and excess funds in each program and activity within the jurisdiction of the Department and shall submit additional, updated budget information to these Committees upon request.】

【SEC. 208. None of the funds made available by this title may be used for an audit of the Government National Mortgage Association that makes applicable requirements under the Federal Credit Reform Act of 1990 (2 U.S.C. 661 et seq.).】

SEC. **[209]** 206. (a) Notwithstanding any other provision of law, subject to the conditions listed under this section, for fiscal years **[2023]** 2024 and **[2024]** 2025, the Secretary of Housing and Urban Development may authorize the transfer of some or all project-based assistance, debt held or insured by the Secretary and statutorily required low-income and very low-income use restrictions if any, associated with one or more multifamily housing project or projects to another multifamily housing project or projects.

(b) PHASED TRANSFERS.—Transfers of project-based assistance under this section may be done in phases to accommodate the financing and other requirements related to rehabilitating or constructing the project or projects to which the assistance is transferred, to ensure that such project or projects meet the standards under subsection (c).

(c) The transfer authorized in subsection (a) is subject to the following conditions:

(1) NUMBER AND BEDROOM SIZE OF UNITS.—

(A) For occupied units in the transferring project: The number of low-income and very low-income units and the configuration (i.e., bedroom size) provided by the transferring project shall be no less than when transferred to the receiving project or projects and the net dollar amount of Federal assistance provided to the transferring project shall remain the same in the receiving project or projects.

(B) For unoccupied units in the transferring project: The Secretary may authorize a reduction in the number of dwelling units in the receiving project or projects to allow for a reconfiguration of bedroom sizes to meet current market demands, as determined by the Secretary and provided there is no increase in the project-based assistance budget authority.

(2) The transferring project shall, as determined by the Secretary, be either physically obsolete or economically nonviable, or be reasonably expected to become economically nonviable when complying with State or Federal requirements for community integration and reduced concentration of individuals with disabilities.

(3) The receiving project or projects shall meet or exceed applicable physical standards established by the Secretary.

(4) The owner or mortgagor of the transferring project shall notify and consult with the tenants residing in the transferring project and provide a certification of approval by all appropriate local governmental officials.

(5) The tenants of the transferring project who remain eligible for assistance to be provided by the receiving project or projects shall not be required to vacate their units in the transferring project or projects until new units in the receiving project are available for occupancy.

(6) The Secretary determines that this transfer is in the best interest of the tenants.

(7) If either the transferring project or the receiving project or projects meets the condition specified in subsection (d)(2)(A), any lien on the receiving project resulting from additional financing obtained by the owner shall be subordinate to any FHA-insured mortgage lien transferred to, or placed on, such project by the Secretary, except that the Secretary may waive this requirement upon determination that such a waiver is necessary to facilitate the financing of acquisition, construction, and/or rehabilitation of the receiving project or projects.

(8) If the transferring project meets the requirements of subsection (d)(2), the owner or mortgagor of the receiving project or projects shall execute and record either a continuation of the existing use agreement or a new use agreement for the project where, in either case, any use restrictions in such agreement are of no lesser duration than the existing use restrictions.

(9) The transfer does not increase the cost (as defined in section 502 of the Congressional Budget Act of 1974 (2 U.S.C. 661a)) of any FHA-insured mortgage, except to the extent that appropriations are provided in advance for the amount of any such increased cost.

(d) For purposes of this section—

(1) the terms "low-income" and "very low-income" shall have the meanings provided by the statute and/or regulations governing the program under which the project is insured or assisted;

(2) the term "multifamily housing project" means housing that meets one of the following conditions—

(A) housing that is subject to a mortgage insured under the National Housing Act;

(B) housing that has project-based assistance attached to the structure including projects undergoing mark to market debt restructuring under the Multifamily Assisted Housing Reform and Affordability Housing Act;

(C) housing that is assisted under section 202 of the Housing Act of 1959 (12 U.S.C. 1701q);

(D) housing that is assisted under section 202 of the Housing Act of 1959 (12 U.S.C. 1701q), as such section existed before the enactment of the Cranston-Gonzales National Affordable Housing Act;

(E) housing that is assisted under section 811 of the Cranston-Gonzales National Affordable Housing Act (42 U.S.C. 8013); or

(F) housing or vacant land that is subject to a use agreement;

(3) the term "project-based assistance" means—

(A) assistance provided under section 8(b) of the United States Housing Act of 1937 (42 U.S.C. 1437f(b));

(B) assistance for housing constructed or substantially rehabilitated pursuant to assistance provided under section 8(b)(2) of such Act (as such section existed immediately before October 1, 1983);

(C) rent supplement payments under section 101 of the Housing and Urban Development Act of 1965 (12 U.S.C. 1701s);

(D) interest reduction payments under section 236 and/or additional assistance payments under section 236(f)(2) of the National Housing Act (12 U.S.C. 1715z-1);

(E) assistance payments made under section 202(c)(2) of the Housing Act of 1959 (12 U.S.C. 1701q(c)(2)); and

(F) assistance payments made under section 811(d)(2) of the Cranston-Gonzalez National Affordable Housing Act (42 U.S.C. 8013(d)(2));

(4) the term "receiving project or projects" means the multifamily housing project or projects to which some or all of the project-based assistance, debt, and statutorily required low-income and very low-income use restrictions are to be transferred;

(5) the term "transferring project" means the multifamily housing project which is transferring some or all of the project-based assistance, debt, and the statutorily

required low-income and very low-income use restrictions to the receiving project or projects; and

(6) the term "Secretary" means the Secretary of Housing and Urban Development.

(e) **RESEARCH REPORT.**—The Secretary shall conduct an evaluation of the transfer authority under this section, including the effect of such transfers on the operational efficiency, contract rents, physical and financial conditions, and long-term preservation of the affected properties.

**SEC. [210] 207.** (a) No assistance shall be provided under section 8 of the United States Housing Act of 1937 (42 U.S.C. 1437f) to any individual who—

(1) is enrolled as a student at an institution of higher education (as defined under section 102 of the Higher Education Act of 1965 (20 U.S.C. 1002));

(2) is under 24 years of age;

(3) is not a veteran;

(4) is unmarried;

(5) does not have a dependent child;

(6) is not a person with disabilities, as such term is defined in section 3(b)(3)(E) of the United States Housing Act of 1937 (42 U.S.C. 1437a(b)(3)(E)) and was not receiving assistance under such section 8 as of November 30, 2005;

(7) is not a youth who left foster care at age 14 or older and is at risk of becoming homeless; and

(8) is not otherwise individually eligible, or has parents who, individually or jointly, are not eligible, to receive assistance under section 8 of the United States Housing Act of 1937 (42 U.S.C. 1437f).

(b) For purposes of determining the eligibility of a person to receive assistance under section 8 of the United States Housing Act of 1937 (42 U.S.C. 1437f), any financial assistance (in excess of amounts received for tuition and any other required fees and charges) that an individual receives under the Higher Education Act of 1965 (20 U.S.C. 1001 et seq.), from private sources, or from an institution of higher education (as defined under section 102 of the Higher Education Act of 1965 (20 U.S.C. 1002)), shall be considered income to that individual, except for a person over the age of 23 with dependent children.

**SEC. [211] 208.** The funds made available for Native Alaskans under paragraph (1) under the heading "Native American Programs" in title II of this Act shall be allocated to the same Native Alaskan housing block grant recipients that received funds in fiscal year 2005, and only such recipients shall be eligible to apply for funds made available under paragraph (2) of such heading.

**SEC. [212] 209.** Notwithstanding any other provision of law, in fiscal year [2023] 2024, in managing and disposing of any multifamily property that is owned or has a mortgage held by the Secretary of Housing and Urban Development, and during the process of foreclosure on any property with a contract for rental assistance payments under section 8 of the United States Housing Act of 1937 (42 U.S.C. 1437f) or any other Federal programs, the Secretary shall maintain any rental assistance payments under section 8 of the United States Housing Act of 1937 and other programs that are attached to any dwelling units in the property. To the extent the Secretary determines, in consultation with the tenants and the local government that such a multifamily property owned or having a mortgage held by the Secretary is not feasible for continued rental assistance payments under such section 8 or other programs, based on consideration of (1) the costs of rehabilitating and operating the property and all available Federal, State, and local resources, including rent adjustments under section 524 of the Multifamily Assisted Housing Reform and Affordability Act of 1997 (in this section "MAHRAA") (42 U.S.C. 1437f note), and (2) environmental conditions that cannot be remedied in a cost-effective fashion, the Secretary may, in consultation with the tenants of that property, contract for project-based rental assistance payments with an owner or owners of other existing housing properties, or provide other rental assistance. The Secretary shall also take appropriate steps to ensure that project-based contracts remain in effect prior to foreclosure, subject to the exercise of contractual abatement remedies to assist relocation of tenants for imminent major threats to health and safety after written notice to and informed consent of the affected tenants and use of other available remedies, such as partial abatements or receivership. After disposition of any multifamily property described in this section, the contract and allowable rent levels on such properties shall be subject to the requirements under section 524 of MAHRAA.

**SEC. [213] 210.** Public housing agencies that own and operate 400 or fewer public housing units may elect to be exempt from any asset management requirement imposed by the Secretary in connection with the operating fund rule: *Provided*, That an agency seeking a discontinuance of a reduction of subsidy under the operating fund formula shall not be exempt from asset management requirements.

**SEC. [214] 211.** With respect to the use of amounts provided in this Act and in future Acts for the operation, capital improvement, and management of public housing as authorized by sections 9(d) and 9(e) of the United States Housing Act of 1937 (42 U.S.C. 1437g(d),(e)), the Secretary shall not impose any requirement

or guideline relating to asset management that restricts or limits in any way the use of capital funds for central office costs pursuant to paragraph (1) or (2) of section 9(g) of the United States Housing Act of 1937 (42 U.S.C. 1437g(g)(1), (2)): *Provided*, That a public housing agency may not use capital funds authorized under section 9(d) for activities that are eligible under section 9(e) for assistance with amounts from the operating fund in excess of the amounts permitted under paragraph (1) or (2) of section 9(g).

SEC. [215] 212. No official or employee of the Department of Housing and Urban Development shall be designated as an allotment holder unless the Office of the Chief Financial Officer has determined that such allotment holder has implemented an adequate system of funds control and has received training in funds control procedures and directives. The Chief Financial Officer shall ensure that there is a trained allotment holder for each HUD appropriation under the accounts "Executive Offices", "Administrative Support Offices", "Program Offices", "Government National Mortgage Association—Guarantees of Mortgage-Backed Securities Loan Guarantee Program Account", and "Office of Inspector General" within the Department of Housing and Urban Development.

SEC. [216] 213. The Secretary shall, for fiscal year [2023] 2024, notify the public through the Federal Register and other means, as determined appropriate, of the issuance of a notice of the availability of assistance or notice of funding opportunity (NOFO) for any program or discretionary fund administered by the Secretary that is to be competitively awarded. Notwithstanding any other provision of law, for fiscal year [2023] 2024, the Secretary may make the NOFO available only on the Internet at the appropriate Government website or through other electronic media, as determined by the Secretary.

[SEC. 217. Payment of attorney fees in program-related litigation shall be paid from the individual program office and Office of General Counsel salaries and expenses appropriations.]

SEC. [218] 214. The Secretary is authorized to transfer up to 10 percent or \$5,000,000, whichever is less, of funds appropriated for any office under the headings "Administrative Support Offices" [or], "Program Offices", or "Government National Mortgage Association—Guarantees of Mortgage-Backed Securities Loan Guarantee Program Account" to any other such office [under such headings]: *Provided*, That the Secretary shall provide notification to the House and Senate Committees on Appropriations three business days in advance of any such transfers: *Provided further*, That no appropriation for any such office [under such headings] shall be increased or decreased by more than 10 percent or \$5,000,000, whichever is less, [without prior written approval of the House and Senate] *unless such Committees [on Appropriations: Provided further*, That the Secretary shall provide notification to such Committees 3 business days in advance of any such transfers under this section up to 10 percent or \$5,000,000, whichever is less] *are notified in writing 10 business days in advance of any such transfers*.

SEC. [219] 215. (a) Any entity receiving housing assistance payments shall maintain decent, safe, and sanitary conditions, as determined by the Secretary, and comply with any standards under applicable State or local laws, rules, ordinances, or regulations relating to the physical condition of any property covered under a housing assistance payment contract.

(b) The Secretary shall take action under subsection (c) when a multifamily housing project with a contract under section 8 of the United States Housing Act of 1937 (42 U.S.C. 1437f) or a contract for similar project-based assistance—

(1) receives a *failing score under the Uniform Physical Condition Standards (UPCS) [score of 59 or less] or successor standard*; or

(2) fails to certify in writing to the Secretary within 3 days that all Exigent Health and Safety deficiencies, *or those deficiencies requiring correction within 24 hours*, identified by the inspector at the project have been corrected.

Such requirements shall apply to insured and noninsured projects with assistance attached to the units under section 8 of the United States Housing Act of 1937 (42 U.S.C. 1437f), but shall not apply to such units assisted under section 8(o)(13) of such Act (42 U.S.C. 1437f(o)(13)) or to public housing units assisted with capital or operating funds under section 9 of the United States Housing Act of 1937 (42 U.S.C. 1437g).

(c)

(1) Within 15 days of the issuance of the Real Estate Assessment Center ("REAC") inspection, the Secretary shall provide the owner with a Notice of Default with a specified timetable, determined by the Secretary, for correcting all deficiencies. The Secretary shall provide a copy of the Notice of Default to the tenants, the local government, any mortgagees, and any contract administrator. If the owner's appeal results in a [UPCS score of 60 or above] *passing score*, the Secretary may withdraw the Notice of Default.

(2) At the end of the time period for correcting all deficiencies specified in the Notice of Default, if the owner fails to fully correct such deficiencies, the Secretary may—

(A) require immediate replacement of project management with a management agent approved by the Secretary;

(B) impose civil money penalties, which shall be used solely for the purpose of supporting safe and sanitary conditions at applicable properties, as designated by the Secretary, with priority given to the tenants of the property affected by the penalty;

(C) abate the section 8 contract, including partial abatement, as determined by the Secretary, until all deficiencies have been corrected;

(D) pursue transfer of the project to an owner, approved by the Secretary under established procedures, who will be obligated to promptly make all required repairs and to accept renewal of the assistance contract if such renewal is offered;

(E) transfer the existing section 8 contract to another project or projects and owner or owners;

(F) pursue exclusionary sanctions, including suspensions or debarments from Federal programs;

(G) seek judicial appointment of a receiver to manage the property and cure all project deficiencies or seek a judicial order of specific performance requiring the owner to cure all project deficiencies;

(H) work with the owner, lender, or other related party to stabilize the property in an attempt to preserve the property through compliance, transfer of ownership, or an infusion of capital provided by a third-party that requires time to effectuate; or

(I) take any other regulatory or contractual remedies available as deemed necessary and appropriate by the Secretary.

(d) The Secretary shall take appropriate steps to ensure that project-based contracts remain in effect, subject to the exercise of contractual abatement remedies to assist relocation of tenants for major threats to health and safety after written notice to the affected tenants. To the extent the Secretary determines, in consultation with the tenants and the local government, that the property is not feasible for continued rental assistance payments under such section 8 or other programs, based on consideration of—

(1) the costs of rehabilitating and operating the property and all available Federal, State, and local resources, including rent adjustments under section 524 of the Multifamily Assisted Housing Reform and Affordability Act of 1997 ("MAHRAA"); and

(2) environmental conditions that cannot be remedied in a cost-effective fashion, the Secretary may contract for project-based rental assistance payments with an owner or owners of other existing housing properties, or provide other rental assistance.

(e) The Secretary shall report semi-annually on all properties covered by this section that are assessed through the Real Estate Assessment Center and have [UPCS] *failing* physical inspection scores [of less than 60] or have received an unsatisfactory management and occupancy review within the past 36 months. The report shall include—

(1) identification of the enforcement actions being taken to address such conditions, including imposition of civil money penalties and termination of subsidies, and identification of properties that have such conditions multiple times;

(2) identification of actions that the Department of Housing and Urban Development is taking to protect tenants of such identified properties; and

(3) any administrative or legislative recommendations to further improve the living conditions at properties covered under a housing assistance payment contract.

The first report shall be submitted to the Senate and House Committees on Appropriations not later than 30 days after the enactment of this Act, and the second report shall be submitted within 180 days of the transmittal of the first report.

SEC. [220] 216. None of the funds made available by this Act, or any other Act, for purposes authorized under section 8 (only with respect to the tenant-based rental assistance program) and section 9 of the United States Housing Act of 1937 (42 U.S.C. 1437 et seq.), may be used by any public housing agency for any amount of salary, including bonuses, for the chief executive officer of which, or any other official or employee of which, that exceeds the annual rate of basic pay payable for a position at level IV of the Executive Schedule at any time during any public housing agency fiscal year [2023] 2024.

[SEC. 221. None of the funds made available by this Act and provided to the Department of Housing and Urban Development may be used to make a grant award unless the Secretary notifies the House and Senate Committees on Appropriations not less than 3 full business days before any project, State, locality, housing authority, Tribe, nonprofit organization, or other entity selected to receive a grant award is announced by the Department or its offices: *Provided*, That such notification shall list each grant award by State and congressional district.]

SEC. [222] 217. None of the funds made available in this Act shall be used by the Federal Housing Administration, the Government National Mortgage Association, or the Department of Housing and Urban Development to insure, securitize, or establish a Federal guarantee of any mortgage or mortgage backed security that refinances or otherwise replaces a mortgage that has been subject to eminent domain condemnation or seizure, by a State, municipality, or any other political subdivision of a State.

SEC. [223] 218. None of the funds made available by this Act may be used to terminate the status of a unit of general local government as a metropolitan city (as defined in section 102 of the Housing and Community Development Act of 1974 (42 U.S.C. 5302)) with respect to grants under section 106 of such Act (42 U.S.C. 5306).

SEC. [224] 219. Amounts made available by this Act that are appropriated, allocated, advanced on a reimbursable basis, or transferred to the Office of Policy Development and Research of the Department of Housing and Urban Development and functions thereof, for research, evaluation, or statistical purposes, and that are unexpended at the time of completion of a contract, grant, or cooperative agreement, may be deobligated and shall immediately become available and may be reobligated in that fiscal year or the subsequent fiscal year for the research, evaluation, or statistical purposes for which the amounts are made available to that Office subject to reprogramming requirements in section [405] 404 of this Act.

SEC. [225] 220. None of the funds provided in this Act or any other Act may be used for awards, including performance, special act, or spot, for any employee of the Department of Housing and Urban Development subject to administrative discipline (including suspension from work), in this fiscal year, but this prohibition shall not be effective prior to the effective date of any such administrative discipline or after any final decision over-turning such discipline.

SEC. [226] 221. With respect to grant amounts awarded under the heading "Homeless Assistance Grants" for fiscal years 2015 through [2023] 2024 for the Continuum of Care (CoC) program as authorized under subtitle C of title IV of the McKinney-Vento Homeless Assistance Act, costs paid by program income of grant recipients may count toward meeting the recipient's matching requirements, provided the costs are eligible CoC costs that supplement the recipient's CoC program.

SEC. [227] 222. (a) From amounts made available under this title under the heading "Homeless Assistance Grants", the Secretary may award 1-year transition grants to recipients of funds for activities under subtitle C of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11381 et seq.) to transition from one Continuum of Care program component to another.

(b) In order to be eligible to receive a transition grant, the funding recipient must have the consent of the continuum of care and meet standards determined by the Secretary.

SEC. [228] 223. The Promise Zone designations and Promise Zone Designation Agreements entered into pursuant to such designations, made by the Secretary in prior fiscal years, shall remain in effect in accordance with the terms and conditions of such agreements.

[SEC. 229. None of the amounts made available in this Act may be used to consider Family Self-Sufficiency performance measures or performance scores in determining funding awards for programs receiving Family Self-Sufficiency program coordinator funding provided in this Act.]

SEC. [230] 224. Any public housing agency designated as a Moving to Work agency pursuant to section 239 of division L of Public Law 114–113 (42 U.S.C. 1437f note; 129 Stat. 2897) may, upon such designation, use funds (except for special purpose funding, including special purpose vouchers) previously allocated to any such public housing agency under section 8 or 9 of the United States Housing Act of 1937, including any reserve funds held by the public housing agency or funds held by the Department of Housing and Urban Development, pursuant to the authority for use of section 8 or 9 funding provided under such section and section 204 of title II of the Departments of Veterans Affairs and Housing and Urban Development and Independent Agencies Appropriations Act, 1996 (Public Law 104–134; 110 Stat. 1321–28), notwithstanding the purposes for which such funds were appropriated.

SEC. [231] 225. None of the amounts made available by this Act may be used to prohibit any public housing agency under receivership or the direction of a Federal monitor from applying for, receiving, or using funds made available under the heading "Public Housing Fund" for competitive grants to evaluate and reduce lead-based paint hazards in this Act or that remain available and not awarded from prior Acts, or be used to prohibit a public housing agency from using such funds to carry out any required work pursuant to a settlement agreement, consent decree, voluntary agreement, or similar document for a violation of the Lead Safe Housing or Lead Disclosure Rules.

[SEC. 232. None of the funds made available by this title may be used to issue rules or guidance in contravention of section 1210 of Public Law 115–254 (132 Stat.

3442) or section 312 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5155).]

SEC. [235] 227. For fiscal year [2023] 2024, if the Secretary determines or has determined, for any prior formula grant allocation administered by the Secretary through the Offices of Public and Indian Housing, Community Planning and Development, or Housing, that a recipient received an allocation greater than the amount such recipient should have received for a formula allocation cycle pursuant to applicable statutes and regulations, the Secretary may adjust for any such funding error in the next applicable formula allocation cycle by (a) offsetting each such recipient's formula allocation (if eligible for a formula allocation in the next applicable formula allocation cycle) by the amount of any such funding error, and (b) reallocating any available balances that are attributable to the offset to the recipient or recipients that would have been allocated additional funds in the formula allocation cycle in which any such error occurred (if such recipient or recipients are eligible for a formula allocation in the next applicable formula allocation cycle) in an amount proportionate to such recipient's eligibility under the next applicable formula allocation cycle: *Provided*, That all offsets and reallocations from such available balances shall be recorded against funds available for the next applicable formula allocation cycle: *Provided further*, That the term "next applicable formula allocation cycle" means the first formula allocation cycle for a program that is reasonably available for correction following such a Secretarial determination: *Provided further*, That if, upon request by a recipient and giving consideration to all Federal resources available to the recipient for the same grant purposes, the Secretary determines that the offset in the next applicable formula allocation cycle would critically impair the recipient's ability to accomplish the purpose of the formula grant, the Secretary may adjust for the funding error across two or more formula allocation cycles.

[SEC. 236. The Multifamily Assisted Housing Reform and Affordability Act of 1997 (42 U.S.C. 1437f note) is amended—

(a) in section 515, by adding at the end the following new subsection:

"(d) RENT ADJUSTMENTS AND SUBSEQUENT RENEWALS.—After the initial renewal of a section 8 contract pursuant to this section and notwithstanding any other provision of law or contract regarding the adjustment of rents or subsequent renewal of such contract for a project, including such a provision in section 514 or this section, in the case of a project subject to any restrictions imposed pursuant to sections 514 or this section, the Secretary may, not more often than once every 10 years, adjust such rents or renew such contracts at rent levels that are equal to the lesser of budget-based rents or comparable market rents for the market area upon the request of an owner or purchaser who—

"(1) demonstrates that—

"(A) project income is insufficient to operate and maintain the project, and no rehabilitation is currently needed, as determined by the Secretary; or

"(B) the rent adjustment or renewal contract is necessary to support commercially reasonable financing (including any required debt service coverage and replacement reserve) for rehabilitation necessary to ensure the long-term sustainability of the project, as determined by the Secretary, and in the event the owner or purchaser fails to implement the rehabilitation as required by the Secretary, the Secretary may take such action against the owner or purchaser as allowed by law; and

"(2) agrees to—

"(A) extend the affordability and use restrictions required under 514(e)(6) for an additional twenty years; and

"(B) enter into a binding commitment to continue to renew such contract for and during such extended term, provided that after the affordability and use restrictions required under 514(e)(6) have been maintained for a term of 30 years:

"(i) an owner with a contract for which rent levels were set at the time of its initial renewal under section 514(g)(2) shall request that the Secretary renew such contract under section 524 for and during such extended term; and

"(ii) an owner with a contract for which rent levels were set at the time of its initial renewal under section 514(g)(1) may request that the Secretary renew such contract under section 524 for and during such extended term."; and

(b) in section 579, by striking "October 1, 2022" each place it appears and inserting in lieu thereof "October 1, 2027". ]

*(1) on or off reservation or trust lands for awards made to Indian tribes or tribally designated housing entities; or*

*(2) on reservation or trust lands for awards made to eligible entities as defined in section 401 of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11360).*

(b) *With respect to funds made available for the Continuum of Care program authorized under subtitle C of title IV of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11381 et seq.) under the heading "Homeless Assistance Grants" in this title or under section 231 of the Department of Housing and Urban Development Appropriations Act, 2020 (42 U.S.C. 11364a)—*

*(1) applications for projects to be carried out on reservations or trust land shall contain a certification of consistency with an approved Indian housing plan developed under section 102 of the Native American Housing Assistance and Self-Determination Act (NAHASDA) (25 U.S.C. 4112), notwithstanding section 106 of the Cranston-Gonzalez National Affordable Housing Act (42 U.S.C. 12706) and section 403 of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11361);*

*(2) Indian tribes and tribally designated housing entities that are recipients of awards for projects on reservations or trust land shall certify that they are following an approved housing plan developed under section 102 of NAHASDA (25 U.S.C. 4112); and*

*(3) a collaborative applicant for a Continuum of Care whose geographic area includes only reservation and trust land is not required to meet the requirement in section 402(f)(2) of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11360a(f)(2)).*

SEC. 232. Paragraph (6) of section 542(c) of the Housing and Community Development Act of 1992 (12 U.S.C. 1715z–22(c)) is amended in its title by deleting "Prohibition on" and by revising its text to read as follows:

"(6) The Government National Mortgage Association may, at the discretion of the Secretary, securitize any multifamily loan insured under this subsection, provided that, notwithstanding any other provision, any successors and assigns of the risk share partner (including the holders of credit instruments issued under a trust mortgage or deed of trust pursuant to which such holders act by and through a trustee therein named) shall not assume any obligation under the risk-sharing agreement and may assign any defaulted loan to the Federal Housing Administration in exchange for payment of the full mortgage insurance claim. The risk-sharing agreement must provide for reimbursement to the Secretary by the risk share partner(s) for either all or a portion of the losses incurred on the loans insured. The originating Housing Finance Agency cannot assign or otherwise be relieved of its risk share obligations under the risk-sharing agreement."

SEC. 233. The United States Housing Act of 1937 is amended by adding after section 8 the following new section and renumbering the subsequent sections accordingly:

"SEC. 8A. CAPITAL ASSISTANCE FOR MULTIFAMILY DISTRESSED PROPERTIES.

"(a) *AUTHORITY.*—To such extent or in such amounts as provided in appropriations Acts, the Secretary may provide direct loans, which may be forgivable, for the purpose of making necessary physical improvements, to owners of multifamily properties that have deficiencies that cause the property to be at risk of physical obsolescence or economic non-viability.

"(b) *LOAN TERMS AND CONDITIONS.*—

"(1) *ELIGIBILITY.*—Owners of multifamily housing projects that meet each of the following requirements are eligible for loan assistance under this section:

"(A) The property has deficiencies that cause the property to be at risk of physical obsolescence or economic non-viability.

"(B) The actual rents received by the owner of the distressed property would not adequately sustain the debt needed to make necessary physical improvements.

"(C) Any such additional eligibility criteria as the Secretary determines to be appropriate, including factors that contributed to the property's distressed state.

"(2) **USE OF LOAN FUNDS.**—Each recipient of loan assistance under this section may only use such loan assistance for eligible uses, as determined by the Secretary, that result in the necessary physical improvements to a distressed property to return it to a position of economic viability.

"(3) **EXTENDED AFFORDABILITY PERIOD.**—Each recipient of loan assistance under this section shall agree to an extended affordability period for the property that is subject to the loan by extending any existing affordable housing use agreements for an additional 30 years or, if the property is not currently subject to a use agreement establishing affordability requirements, by establishing a use agreement for 30 years.

"(4) **ADDITIONAL LOAN CONDITIONS.**—The Secretary may establish additional conditions for loan eligibility provided under this section as the Secretary determines to be appropriate.

"(c) **DEFINITION.**—As used in this section, the term multifamily housing project means a project consisting of more than four dwelling units assisted, insured, or with a loan held by the Secretary or a State or State agency in part or in whole pursuant to section 8 of the United States Housing Act of 1937 (42 U.S.C. 1437f), not including subsection (o)(13) of such section.

"(d) **IMPLEMENTATION.**—The Secretary shall by notice establish such requirements as may be necessary to carry out the provisions of this section."

SEC. 234. The Multifamily Assisted Housing Reform and Affordability Act of 1997 (42 U.S.C. 1437f note) is amended in section 524 by adding at the end the following new subsection:

"(h) **RENT ADJUSTMENTS TO ADDRESS DISTRESS.**—In the case of a section 8 contract that will be eligible for renewal under this section when it expires or terminates, notwithstanding any provision of contract or law regarding the adjustment of rents, including such a provision in this section, the Secretary may adjust such rents, subject to the availability of funds for such rent adjustments, to rent levels that are equal to the lesser of budget-based rents or comparable market rents for the market area at the request of an owner or purchaser who demonstrates that such rent adjustment is needed to address project health and safety deficiencies and that—

"(1) project income is insufficient to operate and maintain the project, as determined by the Secretary; or

"(2) the rent adjustment is necessary to support commercially reasonable financing (including any required debt service coverage and replacement reserve) for rehabilitation necessary to ensure the long-term sustainability of the project, as determined by the Secretary."

SEC. 235. (a) Section 236 of the National Housing Act (12 U.S.C. 1715z–1) is amended—

(1) in subsection (c), by—

(A) designating the existing subsection (c) as (c)(1);

(B) by inserting ", except as described in (c)(2)," before "in an amount not exceeding"; and

(C) by inserting after (c)(1), as redesignated above, the following new paragraph:

"(2) During the term of the interest reduction payments, a project owner, including an owner subject to (e)(2) below, may request to combine the remaining interest reduction payments described in (c)(1) which the project owner would be eligible to receive under this section into one lump-sum payment, and the Secretary will pay this lump-sum amount to a mortgagee on behalf of the project owner provided the project owner agrees to remain subject to such binding commitments and affordability restrictions as projected prior to such lump-sum payment."; and

(2) in subsection (e)(1), by—

(A) inserting "including the lump sum payment available under (c)(2)," after "As a condition for receiving the benefits of interest reduction payments,"; and

(B) inserting "If a project owner that receives a lump-sum payment under (c)(2) fails to operate the project in accordance with requirements prescribed by the Secretary for the full period that would have been covered by monthly payments under (c)(1), all or a portion of such lump-sum payment will be subject to repayment to the Secretary." after the first sentence.

(b) The Secretary of Housing and Urban Development may implement the amendments made in subsection (a) by notice or other administrative means, including by providing alternative requirements to regulations implementing section 236 of the National Housing Act, other than provisions related to fair housing, nondiscrimination, labor standards, and the environment.

SEC. 236. The language under the heading "Rental Assistance Demonstration" in the Department of Housing and Urban Development Appropriations Act, 2012 (Public Law 112–55), as most recently amended by the Department of Housing and

Urban Development Appropriations Act, 2018 (Public Law 115–141), is further amended—

(a) in the initial undesignated matter, by striking "and 'Public Housing Operating Fund'" and inserting ", 'Public Housing Operating Fund', and 'Public Housing Fund'";

(b) in the second proviso, by striking "until September 30, 2024" and inserting "for fiscal year 2012 and thereafter";

(c) by striking the fourth proviso and inserting the following new provisos:

"Provided further, That at properties with assistance under section 9 of the Act requesting to partially convert such assistance, and where an event under section 18 of the Act occurs that results in the eligibility for tenant protection vouchers under section 8(o) of the Act, the Secretary may convert the tenant protection voucher assistance to assistance under a project-based subsidy contract under section 8 of the Act, which shall be eligible for renewal under section 524 of the Multifamily Assisted Housing Reform and Affordability Act of 1997, or assistance under section 8(o)(13) of the Act, so long as the property meets any additional requirements established by the Secretary to facilitate conversion: Provided further, That to facilitate the conversion of assistance under the previous proviso, the Secretary may transfer an amount equal to the total amount that would have been allocated for tenant protection voucher assistance for properties that have requested such conversions from amounts made available for tenant protection voucher assistance under the heading 'Tenant-Based Rental Assistance' to the heading 'Project-Based Rental Assistance': Provided further, That at properties with assistance previously converted hereunder to assistance under the heading "Project-Based Rental Assistance," which are also separately assisted under section 8(o)(13) of the Act, the Secretary may, with the consent of the public housing agency and owner, terminate such project-based subsidy contracts and immediately enter into one new project-based subsidy contract under section 8 of the Act, which shall be eligible for renewal under section 524 of the Multifamily Assisted Housing Reform and Affordability Act of 1997, subject to the requirement that any residents assisted under section 8(o)(13) of the Act at the time of such termination of such project-based subsidy contract shall retain all rights accrued under section 8(o)(13)(E) of the Act under the new project-based subsidy contract, and section 8(o)(13)(F)(iv) of the Act shall not apply: Provided further, That to carry out the previous proviso, the Secretary may transfer from the heading "Tenant-Based Rental Assistance" to the heading "Project-Based Rental Assistance" an amount equal to the amounts associated with such terminating contract under section 8(o)(13) of the Act:"

(d) in the thirteenth proviso, as reordered above, by—

(1) inserting "'Public Housing Fund', 'Self-Sufficiency Programs', 'Family Self-Sufficiency', 'Housing for the Elderly', " following "'Public Housing Operating Fund'"; and

(2) inserting "or the ongoing availability of services for residents" after "effective conversion of assistance under the demonstration";

(e) after the twenty-third proviso, as reordered above, by inserting the following proviso: "Provided further, That owners of properties with a senior preservation rental assistance contract under section 811 of the American Homeownership and Economic Opportunity Act of 2000 (12 U.S.C. 1701q note), shall be eligible, subject to requirements established by the Secretary as necessary to facilitate the conversion of assistance while maintaining the affordability period and the designation of the property as serving elderly families, and tenant consultation procedures, for conversion of assistance available for such assistance contracts to assistance under a long term project-based subsidy contract under section 8 of the Act";

(f) in the twenty-eighth proviso, as reordered above, by inserting ", section 811 of the American Homeownership and Economic Opportunity Act of 2000," after "Housing Act of 1959"; and

(g) in the thirty-third proviso, as reordered above, by striking "any section 202 project rental assistance contract or section 811 project rental assistance contract conversions" and inserting "the conversion of assistance from section 202(c)(2) of the Housing Act of 1959, section 811 of the American Homeownership and Economic Opportunity Act of 2000, or section 811(d)(2) of the Cranston-Gonzalez National Affordable Housing Act".

SEC. 237. Notwithstanding sections 3(b) and 8 of the United States Housing Act of 1937 (the Act) and chapter 63 of title 31, United States Code, amounts made available to the Secretary in this or any prior Act under the headings "Project-Based Rental Assistance" or "Housing Certificate Fund" for performance-based contract administrators to carry out section 8 of the Act (42 U.S.C. 1437f), as implemented by the Secretary in chapter VIII of title 24, Code of Federal Regulations, may be awarded through a Notice of Funding Opportunity not subject to procurement laws or regulations: Provided, That such awards shall be deemed for all purposes to be cooperative agreements: Provided further, That for purposes of such Notice, eligible applicants are public housing agencies as defined by section 3(b)(6)(A) of the Act and nonprofits of such agencies when operating outside of the State or territory in

*which such agency is established: Provided further, That the Secretary shall award one cooperative agreement for each State or territory, except that the Secretary may award more than one cooperative agreement for a State or territory if the population of such State or territory exceeds 25,000,000: Provided further, That the Secretary may select the best qualified applicant regardless of whether it operates within the jurisdiction of the State or territory served: Provided further, That if the Secretary does not select a qualified applicant under such Notice, the Secretary may utilize a*

*procurement contract subject to all procurement laws and regulations to assist in carrying out such section 8.*

*SEC. 238. Public housing agencies may not renew rental assistance contracts under the moderate rehabilitation program under section 8(e)(2) of the United States Housing Act of 1937 (42 U.S.C. 1437f(e)(2)) or the moderate rehabilitation single room occupancy program under section 441 of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11401) after September 30, 2027. ## LAND AND MINERALS MANAGEMENT

### BUREAU OF LAND MANAGEMENT

The Bureau of Land Management (BLM) is charged with the multiple use management of natural resources on approximately 245 million acres of surface estate of public land, about one-eighth of the land in the United States. The BLM also administers approximately 700 million acres of onshore Federal mineral estate underlying the BLM and other surface ownerships. In addition, the BLM has trust responsibilities on 56 million acres of Indian trust lands for mineral operations and cadastral (land) surveys. The lands managed by the BLM provide important natural resources, recreational and scenic values to the American people, as well as resource commodities and revenue to the Federal Government, States, and counties. It is the mission of the BLM to sustain the health, diversity, and productivity of the public lands for the use and enjoyment of present and future generations.

### Federal Funds

#### MANAGEMENT OF LANDS AND RESOURCES

For necessary expenses for protection, use, improvement, development, disposal, cadastral surveying, classification, acquisition of easements and other interests in lands, and performance of other functions, including maintenance of facilities, as authorized by law, in the management of lands and their resources under the jurisdiction of the Bureau of Land Management, including the general administration of the Bureau, and assessment of mineral potential of public lands pursuant to section 1010(a) of Public Law 96-487 (16 U.S.C. 3150(a)), **[\$1,368,969,000]** \$1,497,069,000, to remain available until September 30, **[2024]** 2025; of which **[\$76,187,000]** \$85,003,000 for annual maintenance and deferred maintenance programs and **[\$147,888,000]** \$154,787,000 for the wild horse and burro program, as authorized by Public Law 92-195 (16 U.S.C. 1331 et seq.), shall remain available until expended: *Provided*, That amounts in the fee account of the BLM Permit Processing Improvement Fund may be used for any bureau-related expenses associated with the processing of oil and gas applications for permits to drill and related use of authorizations: *Provided further*, That of the amounts made available under this heading, up to **[\$3,500,000]** \$1,000,000 may be made available for the purposes described in section 122(e)(1)(A) of division G of Public Law **[115-21]** 115-31 (43 U.S.C. 1748c(e)(1)(A)): *Provided further*, That of the amounts made available under this heading, \$3,500,000 is for projects specified for Land Management Priorities in the table titled "Interior and Environment Incorporation of Community Project Funding Items/Congressionally Directed Spending Items" included for this division in the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act) **paragraph, not to exceed \$15,000 may be for official reception and representation expenses.**

In addition, **[\$39,696,000]** \$42,696,000 is for Mining Law Administration program operations, including the cost of administering the mining claim fee program, to remain available until expended, to be reduced by amounts collected by the Bureau and credited to this appropriation from mining claim maintenance fees and location fees that are hereby authorized for fiscal year **[2023]** 2024, so as to result in a final appropriation estimated at not more than **[\$1,368,969,000]** \$1,497,069,000, and \$2,000,000, to remain available until expended, from communication site rental fees established by the Bureau for the cost of administering communication site activities.

*In addition, \$51,020,000, to remain available until expended, is for conducting oil and gas inspection activities, to be reduced by amounts collected by the Bureau and credited to this appropriation from onshore oil and gas inspection fees that the Bureau shall collect, as provided for in this Act, so as to result in a final appropriation estimated at not more than \$1,497,069,000. (Department of the Interior, Environment, and Related Agencies Appropriations Act, 2023.)*

*Land resources.*—Provides for the integrated management of public land resources, including forestry, rangeland, and cultural resources, as well as wild horses and burros.

*Wildlife habitat management and aquatic resources.*—This activity encompasses programs that provide for the maintenance, improvement, or enhancement of wildlife habitats; the protection, conservation, consultation, recovery, and evaluation of populations and habitats of threatened, endangered and special status animal and plant species; as well as the management of water resources and riparian and wetlands areas, as part of the management of public lands and ecosystems.

*Recreation management.*—Provides for management and protection of recreational resource values, designated and potential wilderness areas, visitor services, and collection and expenditure of recreation user fees.

*Energy and minerals management.*—Provides for the management of: onshore oil, gas, and coal in line with the requirements of Executive Orders 13990 and 14008; renewable energy resources such as wind, solar, and geothermal energy; other leasable minerals and mineral materials activities; and the administration of encumbrances on the mineral estate on Federal and Indian lands. These programs also address needed remediation and reclamation of abandoned or orphaned oil and gas wells on BLM lands. The 2024 Budget continues to fund oil and gas

## MANAGEMENT OF LANDS AND RESOURCES—Continued

management activities through a combination of direct appropriations and permanent appropriations authorized by the National Defense Authorization Act of 2015. The 2024 Budget continue to offset the costs of oil and gas inspection activities through revenue from new inspection fees similar to those already in place for offshore operations.

**Realty and ownership management.**—Provides for management and non-reimbursable processing of authorizations and compliance for realty actions and rights-of-way (including Alaska), administration of land title records and completion of cadastral surveys on public lands.

**Communication site management.**—This program grants and administers authorizations for communications sites; develops site management plans to guide users and analyze the impacts of communication structures on the sites and the surrounding lands; and conducts facility compliance inspections. Program costs are expected to be fully offset by site rental fees in 2024.

**Resource protection.**—Provides for management of the land use planning and National Environmental Policy Act processes, including assessment and monitoring activities. Also ensures the health and safety of users of the public lands through remediation of abandoned mine lands and protection from criminal and other unlawful activities; mitigation of the effects of hazardous material and/or waste and physical safety hazards.

**Transportation and facilities management.**—Provides for construction and maintenance of administrative and recreation sites, roads, trails, bridges and dams, including compliance with building codes and standards and environmental protection requirements. These funds allow for the systematic management of facilities with critical health and safety concerns, and ensure the protection of natural and cultural resources and the environment. The Bureau of Land Management funds all construction and deferred maintenance projects from this activity, including those on the Oregon and California grant lands.

**National Conservation Lands.**—Provides for the management of National Monuments, National Conservation Areas, and other Congressional conservation designations in the National Conservation Lands. The program provides for the recurring operational (base) budgets of these units. Beginning in 2023, this program also includes funding for National Scenic and Historic Trails.

**Workforce and organizational support.**—Provides for the management of bureau business practices, such as human resources, Equal Employment Opportunity, financial resources, procurement, property, information technology, and fixed costs.

**Mining law administration.**—Provides for exploration and development of minerals on public lands pursuant to the General Mining Law of 1872, including validity examinations, patent application reviews, enforcement of environmental and bonding requirements, and recordation of mining claims. Program costs are expected to be fully offset by claim maintenance and other fees in 2024.

Funding requested in this account will complement the Civilian Climate Corps and will develop the next generation of conservation workers and create a new pathway to good-paying jobs.

**Western Oregon resources management.**—Provides for the management of approximately 2.4 million acres of lands that are primarily forested ecosystems in western Oregon. These lands support a number of resource activities including timber management, grazing management, and recreation management. In support of these activities, the Bureau of Land Management (BLM) is involved in improving critical watersheds, restoring wildlife and fish habitat, providing recreation opportunities, and preserving cultural resources.

**Western Oregon information and resource data systems.**—Provides for the acquisition, operation, and maintenance of the automated data support systems and spatial data systems required for management of the Oregon and California programs.

**Western Oregon transportation and facilities maintenance.**—Provides for annual maintenance activities of the transportation system, office buildings, warehouse and storage structures, shops, greenhouses, and recreation sites necessary to assure public safety and effective management of the lands in western Oregon. The BLM funds deferred maintenance projects on Oregon and California Grant Lands from the Management of Lands and Resources appropriation.

**Western Oregon acquisition.**—Provides for the necessary acquisition of easements and road-use agreements to facilitate timber sale and administrative site access for general resource management purposes and for monitoring and fee collection of timber hauling on government

controlled roads. This activity also provides for transportation planning, survey, and design of access and other resource management roads.

*Western Oregon National Conservation Lands.* —Provides for the management of National Monuments, National Conservation Areas, and other Congressional conservation designations on the National Conservation Lands. The program provides for the recurring operational (base) budgets of these National Conservation Lands units.

This appropriation provides for the acquisition of lands or interests in lands, by purchase, easement or exchange, when necessary for public access and recreation use, preservation of open space, resource protection, and/or other purposes related to the management of public lands. Beginning in 2021, BLM land acquisition is funded with permanent appropriations through the Land and Water Conservation Fund. The 2024 Budget invests funding in projects that substantially conserve or protect against threats to resources, improve public access to outdoor recreation opportunities, and have strong local partner engagement and support.

This appropriation is derived from: 1) revenues received to offset administrative and other costs incurred to process applications for rights-of-way, and the monitoring of construction, operation, and termination of rights-of-ways; 2) recovery of costs associated with the adopt-a-horse program; 3) revenues received for rehabilitation of damages to lands, resources, and facilities; 4) fees for processing specified categories of realty actions under the Federal Land Policy and Management Act of 1976; 5) deposits received from contractors in lieu of completing contract requirements such as slash burning and timber extension expenses; 6) fees for costs of reproduction and administrative services involved in providing requested copies of materials; 7) fixed fees for energy and minerals lease applications, assignments, and transfers; 8) costs of processing applications and administering permits, including environmental analysis and monitoring of special recreation permits; and, 9) rents received for permits to conduct filming and photography on public lands that rise above casual use. The Bureau of Land Management will continue to seek new opportunities to recover costs of services provided to benefiting public land users to reduce the need for direct appropriations from the Treasury.

Permanent operating funds accounts include:

**Operations and maintenance of quarters.**—Funds in this account are used to maintain and repair the Bureau of Land Management (BLM) employee-occupied quarters from which rental charges are collected. Agencies are required to collect rental charges from employees who occupy Government-owned housing and quarters. This housing is provided only in isolated areas or where an employee is required to live on-site at a Federally owned facility or reservation.

**Forest ecosystems health and recovery.**—The Forest Ecosystems Health and Recovery Fund was established as a permanent appropriation in the FY 1993 Interior Appropriations Act (Public Law 102-381). This authority was subsequently amended to temporarily expand the use of the Fund to cover additional forest health and recovery activities. A five-year reauthorization of the FEHRF was included in the FY 2015 Consolidated and Further Continuing Appropriations Act (Public Law 113-235) and expired at the end of FY 2020. The Consolidated Appropriations Act, 2021 (Public Law 116-260) included a one-year extension of the authority for the FEHRF to continue to be used for the broader forest health and recovery activities. The FY 2024 President's Budget proposes a one-year extension of this authority (through September 30, 2024). Without this reauthorization, funds in the FEHRF could only be used for the limited purposes provided for in the original FEHRF authorization. Funds in this account are derived from revenue generated from the Federal share of receipts from the sale of salvage timber from the Oregon and California grant lands, public domain lands, and Coos Bay Wagon Road lands. Pursuant to Public Law 102-381, as amended, this account was established to allow the BLM to more efficiently and effectively address forest health issues. Funds can be used for other forest health purposes, including vegetation and density control treatments.

**Timber sale pipeline restoration fund.**—This Fund provides for the deposit and use of fees collected by the BLM for sales of timber authorized by section 2001(k) of Public Law 104-19. Of the total deposited into this account, 75 percent is to be used for the preparation of timber sales to fill the timber pipeline on lands administered by the BLM, and 25 percent is to be used to address recreation projects on the BLM lands.

**Stewardship contract product sales.**—Stewardship contracting improves, maintains, or restores forest and rangeland health; restores or maintains water quality; improves fish and wildlife habitat; reestablishes native plant species and increases their resilience to insects and disease; and reduces hazardous fuels that pose risks to communities and ecosystem values. With stewardship contracting, the BLM may apply the value of timber or other forest products removed as an offset against the cost of services received, and monies from a contract may be retained by the BLM. These monies are available for expenditure without further appropriation at project sites.

**Expenses, road maintenance deposits.**—Users of certain roads under the BLM's jurisdiction make deposits for maintenance purposes. Moneys collected are appropriated for necessary road maintenance. Moneys collected on Oregon and California grant lands are available only for those lands (43 U.S.C. 1762(c), 43 U.S.C. 1735(b)).

**Federal Lands Recreation Enhancement Act, BLM.**—The Federal Lands Recreation Enhancement Act (FLREA) was enacted on December 8, 2004, as part of the Consolidated Appropriations Act for 2005. All recreation fee receipts collected under this authority at BLM sites are deposited in the Recreation Fee account. The BLM returns 100 percent of these receipts back to the site where the fees were generated. The 2024 budget proposes appropriations language to extend the program through October 1, 2025.

**Operations and acquisitions in Nevada from land sale receipts.**—Pursuant to the Southern Nevada Public Land Management Act (SNPLMA) (Public Law 105-263), 85 percent of receipts from sales of public domain lands in southern Nevada are used to acquire environmentally sensitive lands in Nevada; make capital improvements to areas administered by the National Park Service, the U.S. Fish and Wildlife Service and BLM in Clark County, Nevada; develop a multi-species habitat plan in Clark County, Nevada; develop parks, trails and natural areas and implement other conservation initiatives in Clark County, Nevada; and reimburse the BLM for costs incurred arranging sales and exchanges under the Act.

**Lincoln County Land Sales Act.**—Public Law 106-298 authorizes the Secretary to dispose of certain lands in Lincoln County, Nevada, and distribute the proceeds as follows: five percent to the State of Nevada; 10 percent to the county; and 85 percent to an interest bearing account available for expenditure without further appropriation to be used by the Secretary of the Interior to acquire environmentally sensitive lands in the State of Nevada, for identification and management of unique archaeological resources, for development of a multi-species habitat conservation plan in the county, and for other specified administrative purposes.

**White Pine County Land Sales Act.**—Public Law 109-432 authorizes the Secretary to dispose of certain lands in White Pine County, Nevada, and to distribute the proceeds as follows: five percent to the State of Nevada; 10 percent to the county; and 85 percent to an account available for expenditure without further appropriation for the management of archaeological resources, wilderness protection, recreation activities, preparation of a management plan, reimbursement for sale costs, and other purposes.

**Leases from Naval Petroleum Reserve No. 2.**—The 2005 Energy Policy Act established this Fund for environmental investigation and restoration on that site located in Kern County,

California. A portion of revenue from new leases on the site is authorized to be deposited to this account. In 2008, it was certified that sufficient funds had been collected to cover the cost of the cleanup and other expenses and no more deposits were to be made to the Fund. New revenue from site operations is distributed under the Mineral Leasing Act.

**BLM Permit Processing Improvement Fund.**—The 2005 Energy Policy Act, as amended by the National Defense Authorization Act for Fiscal Year 2015, established pilot offices to improve interagency coordination in processing onshore Federal oil and gas permits. Fifty-percent of the rents from non-geothermal onshore mineral leases are authorized to be deposited in this Fund and used to facilitate the BLM oil and gas permit processing in these pilot offices. In addition, in 2016 through 2026, fees collected for processing applications for permits to drill will be deposited to this Fund and available for Federal oil and gas permitting activities.

**Federal land disposal.**—The Federal Land Transaction Facilitation Act, Public Law 106-248 (114 Stat. 613), provided authority for the BLM to sell public lands classified as suitable for disposal under resource management plans in effect at the time of enactment. This law provided that receipts from such sales could be used to acquire non-Federal lands with significant resource values that fall within the boundaries of areas now managed by the Department of the Interior and the U.S. Forest Service. The Federal Land Transaction Facilitation Act was permanently reauthorized by Public Law 115-141, the 2018 Consolidated Appropriations Act.

**Owyhee Land Acquisition Account.**—The 2009 Omnibus Public Land Management Act, Public Law 111-11 (123 Stat. 1039), provides that the Secretary may sell public land located within the Boise District of the BLM that, as of July 25, 2000, was identified for disposal in appropriate resource management plans. Amounts in the account shall be available to the Secretary, without further appropriation, to purchase land or interests in land in, or adjacent to certain wilderness areas.

**Washington County, Utah Land Acquisition Account.**—The 2009 Omnibus Public Land Management Act, Public Law 111-11 (123 Stat. 1091), authorizes the sale of public land located within Washington County, Utah, that, as of July 25, 2000, was identified for disposal in appropriate resource management plans. Amounts in the account shall be available to the Secretary, without further appropriation, to purchase land or interests in land, in or adjacent to certain wilderness areas.

**Silver Saddle Endowment Account.**—The 2009 Omnibus Public Land Management Act, Public Law 111-11 (123 Stat. 1114), requires Carson City, Nevada to deposit twenty-five percent of the difference between what the Secretary of the Interior and the City paid for the 62-acre Bernhard parcel before the Secretary conveys the land to the City. Amounts deposited in the account shall be available to the Secretary, without further appropriation, for the oversight and enforcement of a certain conservation easement.

**Carson City Special Account.**—The 2009 Omnibus Public Land Management Act, Public Law 111-11 (123 Stat. 1113), authorizes the sale of 158 acres of public land described in the statute. Five percent of the proceeds are paid to the State of Nevada for use for public education. The remainder is deposited to this account and used to acquire environmentally sensitive land or an interest in environmentally sensitive land in Carson City; to cover the cost of surveys and appraisals; and to reimburse the BLM for administrative expenses.

**Ojito Land Acquisition.**—The Ojito Wilderness Act authorized the sale of land to the Pueblo Indian Tribe and the purchase of land from willing sellers within the State of New Mexico.

## Miscellaneous permanent payments include:

*Payments for Oregon and California and Coos Bay Wagon Road grant lands, receipts.*—The Secure Rural Schools and Community Self-Determination Act of 2000 (as amended by P.L. 116–93, the Further Consolidated Appropriations Act, 2020), provides annual revenue sharing payments to the 18 O&C counties. These payments are derived from revenues from Federal activities on O&C lands in the previous fiscal year that were not deposited to permanent operating funds, supplemented by amounts from the General Fund when necessary. The Infrastructure Investment and Jobs Act, P.L. 117–58, amended the Secure Rural Schools and Community Self-Determination Act to extend SRS payments through 2023, with the final payment in 2024. In the absence of this authority, eligible counties would receive funds authorized under the 1937 and 1939 statutes. Payments to the Oregon counties under the 1937 statute would be 50 percent of revenues from O&C grant lands. Payments under the 1939 statute are for lost tax revenue in two Oregon counties and would be roughly 75 percent of all revenues from Coos Bay Wagon Road grant lands.

*Payments to States (proceeds of sales).*—States are paid five percent of the net proceeds from the sale of public land and public land products (31 U.S.C. 1305).

*Payments to States from grazing receipts, etc, public lands outside grazing districts.*—States are paid 50 percent of the grazing receipts from public lands outside of grazing districts (43 U.S.C. 315i, 315m).

*Payments to States from grazing receipts, etc, public lands within districts.*—States are paid 12.5 percent of grazing receipts from public lands inside grazing districts (43 U.S.C. 315b, 315i).

*Payments to States from grazing receipts, etc, public lands within grazing districts, miscellaneous.*—States are paid specifically determined amounts from grazing receipts derived from miscellaneous lands within grazing districts when payment is not feasible on a percentage basis (43 U.S.C. 315).

*Payments to counties, National Grasslands.*—Of the revenues received from the use of Bankhead-Jones Act lands administered by the Bureau of Land Management (BLM), 25 percent is paid to the counties in which such lands are situated, for school and road purposes (7 U.S.C. 1012).

*Payments to Nevada from receipts on land sales.*—Public Law 96–586 authorizes and directs the Secretary to sell not more than 700 acres of public lands per calendar year in and around Las Vegas, Nevada, the proceeds of which are to be used to acquire environmentally sensitive lands in the Lake Tahoe Basin of California and Nevada. Annual revenues are distributed to the State of Nevada (five percent) and the county in which the land is located (10 percent).

Public Law 105–263, as amended by Public Law 107–282, authorizes the disposal through sale of approximately 49,000 acres in Clark County Nevada, the proceeds of which are to be distributed as follows: a) five percent for use in the general education program of the State of Nevada; b) 10 percent for use by the Southern Nevada Water Authority for water treatment and transmission facility infrastructure in Clark County, Nevada; and c) the remaining 85 percent to a special fund administered by the Secretary of the Interior to be used to acquire environmentally sensitive lands in Nevada; make capital improvements to areas administered by the National Park Service, Fish and Wildlife Service, and the BLM in Clark County, Nevada; develop a multi-species habitat plan in Clark County, Nevada; develop parks, trails, and natural areas and implement other conservation initiatives in Clark County, Nevada; and reimburse the BLM for costs incurred arranging sales and exchanges under the Act.

Public Law 106–298 authorizes the sale of certain lands in Lincoln County, Nevada. The proceeds of these sales are to be distributed as follows: a) five percent to the State of Nevada for general education purposes; b) 10 percent to Lincoln County for general purposes with emphasis on supporting schools; and c) the remaining 85 percent to a special fund administered by the Secretary of the Interior to acquire environmentally sensitive lands in the State of Nevada, for identification and management of unique archaeological resources, for development of a multi-species habitat conservation plan in the county, and for other specified administrative purposes.

*Cook Inlet Region, Incorporated Account.*—This account received funding appropriated by section 9102 of the 1990 Department of Defense Appropriations Act for the acquisition of Federal real properties, improvements on such lands or rights to their use or exploitation, and any personal property related to the land purchased by the Cook Inlet Region, Incorporated as authorized by the provisions of section 12(b) of Public Law 94–204 (43 U.S.C. 1611). The BLM maintains an accounting of the funds used by the Cook Inlet Region, Incorporated to purchase properties.

*State 5 Percent Share, Carson City Land Sales.*—The 2009 Omnibus Public Land Management Act, Public Law 111–11 (123 Stat. 1113), requires that five percent of proceeds from the sale of 158 acres described in the statute shall be paid to the State of Nevada for general public education purposes.

The Helium Act Amendments of 1960, Public Law 86-777 (50 U.S.C. 167), authorized activities necessary to provide sufficient helium to meet the current and foreseeable future needs of essential government activities. The Helium Privatization Act of 1996 (HPA), Public Law 104-273, provided for the eventual privatization of the program and its functions, specifying that once the helium debt is retired, the Helium Production Fund would be dissolved. The debt was repaid at the beginning of 2014. The Helium Stewardship Act of 2013 (HSA), Public Law 113-40, provided for continued operation of the Helium program while facilitating a gradual exit from the helium market. The Helium program consists of: (a) continued storage and transmission of crude helium; (b) oversight of the production of helium on Federal lands; and (c) administration of in-kind and open market crude helium gas sale programs. To minimize impacts to the helium market, the HSA provides a "glide path" from the sales mandated under HPA, increasing the sales price of helium through an auction mechanism and reducing the total volume of helium sold each year until the amount in storage reaches 3.0 billion cubic feet. The 3.0 bcf target was reached October 1, 2018, and BLM is no longer selling crude helium. Additionally, pursuant to HSA BLM transferred all assets for disposal to the General Services Administration (GSA) at the end of FY 2021. The GSA, following its disposal process, will complete marketing, asset valuation, and dispose of all assets.

Section 306 of the Federal Land Policy and Management Act of 1976 authorizes a Bureau of Land Management working capital fund. The fund is managed as a self-sustaining revolving fund for purchase and maintenance of vehicles and equipment, purchase of materials for resource conservation projects, purchase of uniforms, and other business-type functions.

#### Current Trust Funds include:

*Land and Resource Management Trust Fund.*—Provides for the acceptance of contributed money or services for: 1) resource development, protection, and management; 2) conveyance or acquisition of public lands (including omitted lands or islands) to States, their political subdivisions, or individuals; and 3) conducting cadastral surveys, provided that estimated costs are paid prior to project initiation. (The Federal Land Policy and Management Act of 1976 (43 U.S.C. 1721, 1737).) The Sikes Act of 1974, as amended, provides for acceptance of contributions for conservation, restoration, and management of species and their habitats in cooperation with State wildlife agencies (16 U.S.C. 670 et seq.).

#### Permanent Trust Funds include:

*Range improvements.*—Acceptance of contributions for rangeland improvements is authorized by the Taylor Grazing Act (43 U.S.C. 315h and 315i). These funds are permanently appropriated as trust funds to the Secretary for uses specified by those Acts.

*Public surveys.*—Acceptance of contributions for public surveys is authorized by 43 U.S.C. 759, 761, and 31 U.S.C. 1321(a). These contributions are permanently appropriated as trust funds to the Secretary for uses specified by those Acts.

*Trustee funds, Alaska townsites.*—Amounts received from the sale of Alaska town lots are available for expenses incident to the maintenance and sale of townsites (31 U.S.C. 1321; Comp. Gen. Dec. of Nov. 18, 1935).

## ADMINISTRATIVE PROVISIONS

The Bureau of Land Management may carry out the operations funded under this Act by direct expenditure, contracts, grants, cooperative agreements, and reimbursable agreements with public and private entities, including with States. Appropriations for the Bureau shall be available for purchase, erection, and dismantlement of temporary structures, and alteration and maintenance of necessary buildings and appurtenant facilities to which the United States has title; up to \$100,000 for payments, at the discretion of the Secretary, for information or evidence concerning violations of laws administered by the Bureau; miscellaneous and emergency expenses of enforcement activities authorized or approved by the Secretary and to be accounted for solely on the Secretary's certificate, not to exceed \$10,000: *Provided*, That notwithstanding Public Law 90–620 (44 U.S.C. 501), the Bureau may, under cooperative cost-sharing and partnership arrangements authorized by law, procure printing services from cooperators in connection with jointly produced publications for which the cooperators share the cost of printing either in cash or in services, and the Bureau determines the cooperator is capable of meeting accepted quality standards: *Provided further*, That projects to be funded pursuant to a written commitment by a State government to provide an identified amount of money in support of the project may be carried out by the Bureau on a reimbursable basis. (*Department of the Interior, Environment, and Related Agencies Appropriations Act, 2023.*)

The Bureau of Ocean Energy Management (BOEM) manages the exploration and development of the nation's offshore energy and marine mineral resources on the U.S. Outer Continental Shelf (OCS). BOEM's work supports Administration efforts, including creating good paying jobs as the Nation transitions to a clean energy future, advancing energy security, and supporting economic prosperity and the reliability and affordability of domestic clean energy. BOEM oversees development of renewable energy resources such as offshore wind, wave and ocean currents; vast deposits of oil and natural gas; and non-energy minerals. BOEM's goal is to balance economic development, energy security, and environmental protection through responsible and transparent management of offshore resources based on the best available science. To carry out this mission, BOEM: supports renewable energy leasing and development; provides OCS oil

and gas planning, leasing and oversight, including inventories of oil and gas reserves, resource and economic evaluation, review and administration of oil and gas exploration and development plans, geological and geophysical (G&G) permitting, and financial assurance and risk management; conveys sand and gravel resources; and conducts National Environmental Policy Act (NEPA) analysis and environmental studies.

The Ocean Energy Management account includes the following budget activities: Renewable Energy, Conventional Energy, Marine Minerals, Environmental Programs, and Executive Direction.

**Renewable Energy.**—Supports the Administration's commitment to deepen and diversify the Nation's energy portfolio by accelerating offshore renewable energy production in response to EO 14008. Oversees renewable energy program development and implementation, including: identification of wind energy areas; environmental and compliance work; competitive and noncompetitive leasing actions; review of site assessment plans, and construction and operations plans; and consultation with Tribal Nations, State and local governments, Federal agencies, and other stakeholders.

**Conventional Energy.**—Manages OCS oil and gas development in line with the requirements of Executive Orders 13990 and 14008. BOEM activities include: developing the National OCS Oil and Gas Leasing Program; implementing the lease sale process; administering leases; protecting the Federal Government from financial risks related to natural resource development; reviewing exploration and development plans and geological and geophysical permit applications; developing and maintaining the OCS cadastre; and conducting technical and economic resource evaluation and fair market value determination. In conducting these activities, BOEM fosters environmental justice; actively involves Tribal Nations, the public and stakeholders; and addresses the challenges posed by climate change.

**Marine Minerals.**—Manages non-energy minerals on the OCS and conveys, on a noncompetitive basis, the rights to those resources to Federal, State, and local government agencies for shore protection, beach and wetlands restoration projects, or for use in construction projects funded or authorized by the Federal Government. Facilitates access to and manages these crucial OCS resources to support resilient coasts, natural disaster preparedness, and protection of shoreline infrastructure vital to the Nation's security, economy, and ecosystems. Funding supports mineral resource exploration and leasing activities, coordination with governmental partners, engagement of stakeholders, and scientific research to improve decision-making and risk management.

**Environmental Programs.**—Advances Administration priorities by ensuring that science and environmental protection are foremost considerations in BOEM decision-making, fostering conservation of natural and cultural resources, combating climate change, and advancing environmental justice. Informs decision-makers and the public about the potential impacts of OCS energy and mineral activities on the marine, coastal, and human environments and measures to avoid or reduce impacts. Develops the environmental impact statements and environmental assessments needed to consider the potential environmental impacts of proposed actions in accordance with the National Environmental Protection Act, the OCS Lands Act, and numerous other environmental statutes, regulations, and executive orders. Funding supports scientific research needed to inform policy decisions regarding energy and mineral development on the OCS.

**Executive Direction.**—Funds bureau-wide leadership, direction, management, coordination, communication strategies, outreach, and regulatory development. This includes budget management, administrative services management, bureau-wide information technology management and governance, congressional and public affairs, policy analysis, regulations, overseeing official documents, international affairs, and Freedom of Information Act activities.

The Bureau of Safety and Environmental Enforcement (BSEE) was established on October 1, 2011, to ensure the safe and environmentally responsible exploration, development, production, and conservation of the Nation's offshore energy resources. BSEE uses its full range of authorities, policies, and tools to ensure safety, oil spill preparedness, environmental stewardship, and appropriate development and regulatory oversight of offshore oil, natural gas, and renewable energy resources and activities. The Bureau continues to improve its mission processes and staff capabilities to keep pace with the continued innovation in Outer Continental Shelf (OCS) exploration and production and the forthcoming commencement of carbon sequestration activities. BSEE must adapt and respond to changes in renewable energy, carbon sequestration, and oil and gas sectors throughout the lifecycle of offshore energy development. BSEE is committed to continually improving the effectiveness of its safety management systems program and compliance assurance functions such as the inspection program, enhancing its permitting processes around greater quality assurance and consistency, ensuring high levels of preparedness in the event of oil spills, and addressing requirements for an expanded OCS renewable energy and carbon sequestration programs. BSEE's work supports Administration efforts to create good paying jobs as the Nation transitions to a clean energy future. The Offshore Safety and Environmental Enforcement (OSEE) account is BSEE's primary operating account and funds the following activities: Operations, Safety, and Regulation; Environmental Enforcement; Administrative Operations; Executive Direction; and Offshore Decommissioning.

**Operations, Safety, and Regulation.**—Funds reviews of OCS energy permit applications and offshore wind industry submittals; inspections of OCS facilities, including critical high-risk activities; offshore operator oil spill planning and preparedness compliance; investigations; enforcement; audit programs; annual operator performance reviews; verification of oil and gas production levels to help ensure the public receives a fair return; research supporting the analysis of emerging technologies, standards and regulatory review and development activities; and technical training.

**Environmental Enforcement.**—Funds environmental compliance staff and operational support required to: manage compliance verification and enforcement of environmental standards placed on OCS operations; ensure BSEE's compliance with NEPA, the Endangered Species Act (ESA), and the National Historic Preservation Act (NHPA) when conducting permitting; conduct specialized inspections to ensure compliance with air and water quality requirements, and other environmental mitigation measures; and provide support for BSEE's Tribal consultation requirements, and other environmental statutes, regulations, and policies.

**Administrative Operations.**—Funds general administration programs, emergency management, finance, human resources, procurement, and information management. BSEE also provides administrative services, such as human resources, procurement, and finance, to the Bureau of Ocean Energy Management (BOEM) and other entities within the Department on a reimbursable basis.

**Executive Direction.**—Funds bureau-wide leadership, direction, management, coordination, communications strategies, and outreach. This includes functions such as budget, equal employment opportunity services, congressional and public affairs, and policy and analysis.

**Offshore Decommissioning.**—Funds according to regulatory standards, the proper maintenance, monitoring, and decommissioning of orphaned wells, pipelines, and structures left on the OCS for which there is no remaining liable party.

The Oil Pollution Act of 1990 authorizes use of the Oil Spill Liability Trust Fund, established by section 9509 of the Internal Revenue Code of 1986. The Oil Spill Research appropriation is drawn from the Oil Spill Liability Trust Fund and funds: 1) oil spill prevention, abatement, planning, preparedness, and response functions for all facilities seaward of the coastline of the

United States that handle, store, or transport oil; 2) oil spill research; and 3) Ohmsett—the National Oil Spill Response Research and Renewable Energy Test Facility.

**Environmental protection.**—This activity includes functions that directly contribute to ensuring the environment is protected during surface coal mining operations and coal operators adequately reclaim the land after mining is completed.

Under this activity, the Office of Surface Mining Reclamation and Enforcement provides grants and support to States to operate enforcement programs on State and private lands under the terms of the Surface Mining Control and Reclamation Act of 1977. This activity also provides for the Federal operation of enforcement programs in States without their own regulatory program and on Federal and Indian lands, as well as Federal oversight of the State regulatory programs.

**Technology development and transfer.**—This activity provides funding to enhance the technical skills that States and Indian Tribes need to operate their regulatory programs. It provides training and technical tools, such as the Coal Information Management System, to States and Indian Tribes to solve problems related to the environmental effects of coal mining and technical assistance to address specific coal mining issues.

**Financial management.**—This activity provides resources for managing, accounting, and processing collections, and pursuing delinquent civil penalties. This includes developing and maintaining information management systems that support these functions and enhance the agency's ability to deny new mining permits to applicants with unabated State or Federal violations. This activity also includes accounting for and reporting on grants awarded to States and Tribes for regulatory purposes.

**Executive direction and administration.**—This activity provides funding for executive direction, general administrative support, and the acquisition of certain agency-wide common services, such as rent, telephones, and postage.

**Environmental restoration.**—This activity includes functions that contribute to reclaiming lands affected by past coal mining practices. This activity provides discretionary funding for the Federal reclamation program for watershed restoration projects and for the evaluation of State and tribal reclamation programs that now receive mandatory funding for reclamation activities. This activity also provides for the operation of Federal reclamation programs for activities in those States without their own reclamation programs.

**Technology development and transfer.**—This activity provides funding to enhance the technical skills States and Indian Tribes need to operate their reclamation programs. The Office of Surface Mining Reclamation and Enforcement (OSMRE) provides training and technical assistance on mining and reclamation-related problems.

**Financial management.**—This activity provides funding to identify, notify operators of, collect, and audit fees from coal operators for the Abandoned Mine Reclamation Fund. The OSMRE seeks to maximize voluntary compliance with the Surface Mining Control and Reclamation Act's reclamation fee provisions. This activity also includes accounting for and reporting on grants awarded to States and Tribes for reclamation activities.

**Executive direction and administration.**—This activity provides funding for executive direction, general administrative support, and the acquisition of certain agency-wide common services such as rent, telephones, and postage.

Funding in this account supports the Administration's efforts to address the needs of coal communities by reclaiming formerly mined lands so that they can be repurposed for beneficial economic uses, providing local, good-paying union jobs for skilled technicians and operators in some of the hardest hit communities in the Nation. The Budget provides \$135 million in grants to Appalachian States and qualified Tribes through the Abandoned Mine Land Economic Revitalization grant program to return legacy coal mining sites to productive use and foster economic and community development activities.

The Surface Mining Reclamation and Enforcement Act of 1977 (30 U.S.C. 1243), as amended by the Bipartisan Infrastructure Law (Public Law 117–58), the Tax Relief and Health Care Act of 2006 (Public Law 109–432), the Bipartisan Miners Act of 2019 (Division M of Public Law 116–94), and the American Miner Benefits Improvement Act of 2020 (Division Y of Public Law 116–260), authorizes mandatory Treasury payments to three United Mine Workers of America (UMWA) retiree health benefit plans (the Combined Benefit Fund, the 1992 Plan, and the 1993 Plan), to the extent that other Federal funding sources do not meet the plans' expenditure needs, and to the 1974 UMW Pension Plan, subject to certain limitations.

## WATER AND SCIENCE

## BUREAU OF RECLAMATION

Appropriations to the Bureau of Reclamation are made from the General Fund and from certain special funds in the Treasury. Projects funded from the General Fund include the Colorado River Basin Project and the Colorado River Storage Project, among others. Special funds include the Reclamation Fund, the Central Valley Project Restoration Fund, the Colorado River Dam Fund, and the Recreation, Entrance, and User Fee account. Non-Federal entities also advance funds for operation and maintenance and provide funds under the Contributed Funds Act.

Of the Bureau's special funds, the Reclamation Fund consists of repayments and other revenues from water and power users; receipts from the sale, lease, and rental of Federal lands; and certain oil and mineral revenues. It can finance program activities authorized under "Reclamation Law" that directly benefit the 17 Western States. The Central Valley Project Restoration Fund consists of revenues from project beneficiaries. The Colorado River Dam Fund generates revenue from the sale of Boulder Canyon Project power.

The Water and Related Resources account supports the development, management, and restoration of water and related resources in the 17 Western States. The account includes funds to operate, maintain, and rehabilitate existing water and power facilities; protect public safety; conduct studies and perform work to improve the reliability of water and related resources; and provide financial assistance for various projects, water conservation, and fish and wildlife activities. Work funded through the account will support environmental justice for communities that have been left behind.

Work is done in partnership and cooperation with non-Federal entities and other Federal agencies to reduce conflict, facilitate solutions to complex water issues, and stretch limited water supplies.

The Administration's FY 2024 President's Budget Request proposes legislation to address the ongoing Operation, Maintenance, and Repair requirements associated with four enacted Indian water rights settlements managed by the Bureau of Reclamation. These annual requirements are associated with the Ak Chin Indian Water Rights Settlement Project, the Animas-La Plata Project (Colorado Ute Settlement), the Columbia and Snake River Salmon Recovery Project (Nez Perce Settlement), and the Navajo-Gallup Water Supply Project.

The proposal provides \$34.0 million a year over ten years in mandatory funding to cover these requirements. Funds would be deposited into the Indian Water Rights Settlement Completion Fund established by the Bipartisan Infrastructure Law (P.L. 117-58) and shall transfer to the Bureau of Reclamation for implementation.

This account funds activities that are consistent with the CALFED Bay-Delta Program, a collaborative effort involving State and Federal agencies and representatives of California's urban, agricultural, and environmental communities. The goals of the program are to improve fish and wildlife habitat, water supply reliability, water quality, and levee integrity in the San Francisco Bay-San Joaquin River Delta, the principal hub of California's water distribution system.

This fund was established to carry out the provisions of the Central Valley Project Improvement Act—to provide funding from project beneficiaries for habitat restoration, improvement and acquisition, and other fish and wildlife restoration activities in the Central Valley Project area of California. Resources are derived from donations, revenues from voluntary water transfers, and tiered water pricing. The account is also financed through additional mitigation and restoration payments collected on an annual basis from project beneficiaries.

This account receives funding (user fees and repayment receipts) from the Friant Division long-term water contractors and other Federal and non-Federal sources to implement the provisions described in the settlement for the National Resources Defense Council et al. v. Rodgers lawsuit. The settlement's two primary goals are: 1) to restore and maintain fish populations in "good condition" in the main stem of the San Joaquin River below Friant Dam to the confluence of the Merced River, including naturally reproducing and self-sustaining populations of salmon and other fish; and 2) to reduce or avoid adverse water supply impacts to all of the Friant Division long-term contractors that may result from the Interim Flows and Restoration Flows provided for in the Settlement.

Ongoing construction costs of the Central Arizona project are financed through appropriations transferred to this Fund. Revenues from the operation and repayment, including interest, of project facilities are available without further appropriation. A portion of the revenues from the Boulder Canyon power and Parker-Davis projects are also transferred to this Fund. Use of the revenues are authorized for operation and maintenance expenses, for a share of Colorado River salinity control projects, and for other purposes defined in the Colorado River Basin Project Act as amended by the Arizona Water Settlements Act, Public Law 108-451.

## BUREAU OF RECLAMATION LOAN PROGRAM ACCOUNT

Under the Small Reclamation Projects Act, loans and grants can be made to non-Federal organizations for construction of small water resource projects.

As required by the Federal Credit Reform Act of 1990, the Reclamation loan program account records the subsidy costs associated with the direct loans obligated in 1992 and beyond, as well as administrative expenses of this program. The subsidy amounts are estimated on a present value basis and the administrative expenses are estimated on a cash basis.

No funds are requested for the Reclamation loan program for direct loans or for loan program administration for 2024.

The Utah Reclamation Mitigation and Conservation account was established under Title IV of Public Law 102–575 for contributions from the State of Utah, the Federal Government (through the Secretary of the Interior and the Western Area Power Administration), and project beneficiaries (the Conservancy District). The requirement for contributions from the State, the Secretary, and the Conservancy District ended in 2001. The requirement for contributions from the Western Area Power Administration ended in 2013. Funds are deposited into the account as principal and may not be expended for any purpose. Interest earned annually on the account is available for expenditure, without further appropriations, by the Utah Reclamation Mitigation and Conservation Commission, which has the option to use the funds for the mitigation, conservation, and enhancement of fish and wildlife and recreational resources, or to reinvest the funds into the account as principal.

The U.S. Geological Survey (USGS) monitors, analyzes, and predicts current and evolving Earth-system interactions and delivers actionable information at scales and timeframes relevant to decision makers. USGS provides science about natural hazards, natural resources, ecosystems and environmental health, and the effects of climate and land-use change.

**Ecosystems.**—The USGS Ecosystems Mission Area is the biological research arm of Interior and provides science to ensure the Nation's ecosystems are managed sustainably and biological resources in wild and urban spaces are conserved now and into the future. Scientists examine the consequences of climate and environmental change, effects of management actions on communities, lands and species, and risks of and solutions to harmful invasive species, wildlife diseases, and contaminants in the environment.

**Energy and Mineral Resources.**—The USGS Energy and Mineral Resources Mission Area is the Nation's primary source of impartial scientific information on domestic and global geologic resources and their supply chains. The Nation relies on a variety of energy and mineral resources to power homes and businesses and to manufacture products and technologies from phones to vehicles. The mission area maps and conducts research on the full life-cycle of these resources, including, geologic resource occurrence, extraction, use, disposal, and environmental and socioeconomic effects such as wastes and demands on water supplies. The mission area also assesses emerging uses of the Nation's subsurface, including carbon storage and hydrogen energy storage. The mission area's science informs economic, technological, national security, and global trade strategies and investments, as well as sustainable natural resource management and the development of infrastructure and new technologies.

**Natural Hazards.**—The USGS Natural Hazards Mission Area plays a critical role in providing policymakers and the public with a clear understanding of potential threats from natural hazards, societal vulnerability to these threats, and strategies for improving resilience to earthquakes, volcanic eruptions, landslides, floods, hurricanes, geomagnetic storms, tsunamis, and wildfires. This mission area also includes USGS activities that characterize and assess coastal and marine hazards, processes, conditions, change, and vulnerability. The USGS Natural Hazards mission area works with partners and stakeholders to define and mitigate hazards risks, build an understanding of natural hazard processes, and characterize potential impacts on human activity and health, the economy, and the changing environment.

**Water Resources.**—The USGS Water Resources Mission Area is the Nation's primary Federal source of information about water resources. To fulfill this responsibility, the mission area monitors and assesses the amount and characteristics of the Nation's water resources, assesses sources and behavior of contaminants in the water environment, and develops tools to improve management and understanding of water resources. This work supports Federal, State, tribal, and municipal government decisions in managing water resources for domestic, agricultural, commercial, industrial, recreational, and ecological uses; protects and enhances water resources for human health, aquatic health, and environmental quality; minimizes loss of life and property as a result of water-related natural hazards, such as floods, droughts, and land movement; and contributes to sustainable stewardship and development of the Nation's resources for the benefit of present and future generations.

**Core Science Systems.**—The USGS is the Federal agency responsible for mapping the geologic, geographic, and land features of the United States. The USGS conducts detailed surveys and distributes high-quality and highly-accurate topographic, geologic, hydrographic, and biogeographic maps and remotely sensed data to the public. Mapping accuracy enabled by cutting-edge technologies allows precise planning for: recreational use on public lands; collaborative conservation with Department of the Interior partners; critical mineral resource assessments; renewable energy development; transportation and pipeline infrastructure projects; urban planning

and development; land change and flood prediction at regional, local, and neighborhood scales; emergency response; and hazards mitigation. The USGS Core Science Systems Mission Area fulfills the USGS role as the primary national civilian mapping agency, including topographic and geologic mapping in support of Federal and State requirements; national geospatial coordination in support of Interior and the Federal Geographic Data Committee; geospatial mapping and applications through the Civil Applications Committee; and satellite operations and remote sensing. The mission area is the Federal steward of this high-quality geospatial and remote sensing data, and provides access to the public through The National Map, the Federal Geospatial Platform, the National Land Cover Database, the National Geologic Map Database, the USGS Earth Explorer, the National Biogeographic Map, and the Protected Areas Database of the United States. The USGS also operates Landsat satellites and data systems necessary to understand, monitor, and detect changes that affect the Nation's natural and agricultural resources, economy, public safety and national security, and historical heritage.

**Science Support.**—The USGS Science Support Program provides business and information services including acquisition and grants; finance; financial reporting; internal controls; communications; budget and performance; monitoring and evaluation of science quality and integrity; information assurance; information management and technology services; strategic planning; international program activities; Freedom of Information Act (FOIA); and human capital, each of which are crucial to conducting quality science. Science Support also provides policy and analysis services related to technology transfer, intellectual property, agreement reviews, and directive management. Included under the Science Support umbrella are the offices of the Director; Administration; Budget, Planning, and Integration; Communications and Publishing; Diversity and Equal Opportunity; the FOIA Officer; International Programs; Science Quality and Integrity; and the Office of the Associate Chief Information Officer.

**Facilities.**—The USGS Facilities activity provides safe, functional workspace to accomplish the bureau's scientific mission. The Facilities activity's goal is to meet bureau science needs while optimizing facility locations, functionality of workspace, and reducing costs. The USGS defines facilities to include all sites where USGS activities are housed and mission-related work is conducted. Facilities typically provide space for offices, laboratories, storage, and parking, as well as shared support for cafeterias, conference rooms, and other common space uses. USGS research vessels are also considered facilities for funding purposes. Rent costs, basic facility operations, and security are funded and performed through this program. This activity is also responsible for facility maintenance and ensuring facilities are in compliance with Federal, State, and local standards to provide a safe, sustainable working environment for employees, visiting partners, and customers.

**Reimbursable Program.**—This program includes reimbursements from non-Federal sources (States, Tribes, and municipalities) for cooperative efforts; proceeds from the sale of copies of photographs and records and the sale of personal property; reimbursements from permittees and licensees of the Federal Energy Regulatory Commission; and reimbursements from foreign countries and international organizations for technical assistance. The USGS also receives reimbursements from other Federal agencies for mission-related work performed at the request of the financing agency.

Funds in this account are provided by States, local governments, and private organizations (pursuant to 43 U.S.C. 36c). This appropriation (a permanent, indefinite, special fund) makes these funds available to the U.S. Geological Survey (USGS) to perform the work desired by the contributor and the USGS. Research and development, data collection and analysis, and services are undertaken when such activities are of mutual interest and benefit and assist USGS in accomplishing its mandated purposes.

**Ecological Services.**—The Service conserves, protects, and enhances fish, wildlife, plants, and their habitat by working with private landowners, States, Tribes, non-governmental organizations, and other Federal agencies. These partnership activities help protect and recover species listed under the Endangered Species Act and work to make the listing of additional species unnecessary. Financial assistance is provided to private landowners to restore or improve habitat for endangered species and other at-risk species. Technical assistance helps prevent or minimize potential conflicts between development projects and imperiled species.

**Habitat Conservation.**—Through technical and financial assistance, the Service promotes the protection, conservation, and restoration of the Nation's fish and wildlife resources. These conservation activities are accomplished through a voluntary citizen and community based stewardship program with partners on private lands. Conserving the Nation's coastal trust resources is accomplished through collaboration with others on public and private lands.

**National Wildlife Refuge System.**—The Service maintains the National Wildlife Refuge System consisting of 568 refuges, waterfowl production areas in 212 counties managed by 38 wetland management districts, 49 wildlife coordination areas, and seven national monuments. The National Wildlife Refuge System administers this network of lands and waters to conserve and restore fish, wildlife, plants, and their habitats, for the benefit of present and future generations of Americans.

**Conservation and Enforcement.**—The Service directs and coordinates national migratory bird programs to protect and enhance populations and habitat of more than 1,000 species of birds. Grants and partnerships are key to these programs, such as Joint Ventures that implement the North American Waterfowl Management Plan. The Service Law Enforcement program investigates wildlife crimes, regulates wildlife trade, helps Americans understand and obey wildlife protection laws, and works in partnership with international, State, and Tribal counterparts to conserve wildlife resources. The Service, through the International Affairs Program, works with domestic and international partners to promote a coordinated strategy to protect, restore, and enhance the world's diverse wildlife and their habitats, with a focus on species of international concern.

**Fish and Aquatic Conservation.**—The Fish and Aquatic Conservation Program consists of a network of 71 National Fish Hatcheries, one historic National Fish Hatchery, six Fish Health Centers, seven Fish Technology Centers, 51 Fish and Wildlife Conservation Offices, and the Aquatic Animal Drug Approval Partnership Program. Working with partners, the program recovers, restores and maintains fish and other aquatic resources at self-sustaining levels; provides technical assistance to States, Tribes and others; and supports Federal mitigation programs for the benefit of the American public.

**Science Applications.**—Science Applications provides funding for applied science directed at high impact questions of concern to management of fish and wildlife resources. This science provides information to inform resource management decisions to best manage species at healthy and sustainable levels. This program is divided into Science Partnerships and Service Science.

**General Operations.**—Funding for the Service's general operations provides policy guidance, program coordination, and administrative services to all of the Fish and Wildlife Service's programs. The funds also support the National Conservation Training Center and projects through the National Fish and Wildlife Foundation to restore and enhance fish and wildlife populations.

Funding requested in this account will complement the Civilian Climate Corps and will develop the next generation of conservation workers and create a new pathway to good-paying jobs.

The Construction activity provides funding for projects that focus on construction and rehabilitation, environmental compliance, pollution abatement, hazardous materials cleanup, and seismic safety for facilities on Fish and Wildlife Service lands. This also includes repair and inspection of the Service's dams and bridges. This activity also provides funding for modernization of field communications capability. These projects are needed to accomplish the management objectives and purposes of these structures, protect and enhance natural resources, and fulfill the Service's mission.

The State and Tribal Wildlife Grants program provides funds to States, Commonwealths, the District of Columbia, and Territories, and to federally-recognized Tribes to stabilize, restore, enhance, and protect species and their habitats that are of conservation concern. For States, this is primarily through a formula-based apportionment. Additionally, a competitive program for States uses a merit-based process to fund outcome-oriented, results-based projects. At the discretion of affected States, the competitive program may be used by regional associations of State fish and wildlife agencies. The Tribal Wildlife Grant program supports federally-recognized Tribes in the development and implementation of conservation programs for the benefit of wildlife and their habitats, including species of Tribal cultural or traditional importance.

Federal Land Acquisition funds are used to protect areas that have native fish or wildlife values and provide natural resource benefits over a broad geographical area. Funds in this account also cover acquisition management activities, such as title fees and land surveys. The U.S. Fish and Wildlife Service places emphasis on acquiring important fish, wildlife, and plant habitat for the conservation of listed endangered and threatened species, implementing the North American Waterfowl Management Plan, and conserving migratory birds of conservation concern. The Federal Land Acquisition program uses alternative and innovative conservation tools, including conservation easements, and implements projects that have the input and participation of the affected local communities and stakeholders. The U.S. Fish and Wildlife Service is not requesting discretionary funding for this account.

The Great American Outdoors Act (P.L. 116–152) makes funds deposited into the Land and Water Conservation Fund available for expenditure without further appropriation or fiscal year limitation while providing that the U.S. Fish and Wildlife Service shall submit to Congress detailed account, program, and project allocations made available under the statute.

## LANDOWNER INCENTIVE PROGRAM

The Landowner Incentive Program provided cost-shared, competitive grants to States, Commonwealths, the District of Columbia, Territories, and Tribes to create, supplement or expand upon new or ongoing landowner incentive programs. These programs provided technical and financial assistance to private landowners to help them protect and manage imperiled species and their habitat, while continuing to engage in traditional land use or working conservation practices. The program was phased out in 2008 and minimal balances remain in this account.

Funds deposited into this account include import duties on arms and ammunition and receipts in excess of U.S. Postal Service expenses from the sale of Migratory Bird Hunting and Conservation Stamps, also known as Duck Stamps. These funds are used to acquire land and water for migratory bird refuges and waterfowl production areas. In addition, any funds reverted from the States within the Federal Aid in Wildlife Restoration Fund are available for this purpose. The Federal Duck Stamp Act (P.L. 113-264) increased the price of Duck Stamps from \$15 to \$25, with the \$10 increase to be dedicated to the acquisition of conservation easements for conservation of migratory birds.

Funds deposited into this account include direct appropriations and fines, penalties, and forfeitures collected under the authority of the Migratory Bird Treaty Act (16 U.S.C. 707). The North American Wetlands Conservation Fund supports wetlands conservation projects approved by the Migratory Bird Conservation Commission. Interest on obligations held in the Federal Aid in Wildlife Restoration Fund is also available for this purpose. In addition, a portion of receipts to the Sport Fish Restoration Account is also available for coastal wetlands conservation projects.

These projects help fulfill the habitat protection, restoration, and enhancement goals of the North American Waterfowl Management Plan and the Tripartite Agreement among Mexico, Canada, and the United States. These projects may involve partnerships with public agencies and private entities, with non-Federal matching contributions, for the long-term conservation of habitat for migratory birds and other fish and wildlife, including species that are listed, or are candidates to be listed, under the Endangered Species Act (16 U.S.C. 1531).

Wetlands conservation projects include obtaining a real property interest in lands or waters, including water rights; the restoration, management or enhancement of habitat; and training and development for conservation management in Mexico. Funding may be provided for assistance for wetlands conservation projects in Canada or Mexico.

The Cooperative Endangered Species Conservation Fund provides grants to States and U.S. Territories for species and habitat conservation actions on non-Federal lands, including habitat acquisition, conservation planning, habitat restoration, status surveys, captive propagation and reintroduction, research, and education for species that are listed or are candidates for listing, as threatened or endangered. These activities support recovery efforts and Habitat Conservation Plans in partnership with local governments and other interested parties to protect species. Appropriations to this account have been financed by both the Land and Water Conservation Fund and the Cooperative Endangered Species Conservation Fund. The latter is an unavailable receipt account that receives a transfer from the General Fund of the U.S. Treasury equal to five percent of receipts deposited to the Federal Aid in Wildlife and Sport Fish Restoration accounts plus Lacey Act receipts over \$500,000. Funds made available for grants from the Cooperative Endangered Species Conservation Fund are subject to annual appropriations from Congress. The Great American Outdoors Act, enacted in 2020, provides mandatory funding for the Land and Water Conservation Fund (LWCF). The 2024 President's Budget continues to allocate mandatory LWCF to support land acquisition activities associated with this program.

The Refuge Revenue Sharing Act (16 U.S.C. 715s) authorizes the Service to make payments to counties in which Fish and Wildlife Service fee lands are located, from the revenues resulting from the sale of products from Service lands, less expenses for producing the revenue and activities related to revenue sharing. The 2024 Budget does not propose to supplement revenues with discretionary funding.

The Federal Lands Recreation Enhancement Act (FLREA) was passed as part of the Omnibus Appropriations bill for 2005. Approximately 164 Fish and Wildlife Service sites collect entrance fees and other receipts. All receipts are deposited into a recreation fee account of which at least 80 percent is returned to the collecting site.

The recreation fee program supports user generated cost recovery for the operation and maintenance of recreation areas, visitor services improvements, and habitat enhancement projects on Federal lands. Fees are used primarily at the site to improve visitor access, enhance public safety and security, address maintenance needs, enhance resource protection, and cover the costs of collection. Recreation fees are often used at Service sites to fund student intern and various youth programs focusing on hunting, fishing, wildlife observation, wildlife photography, environmental education, and environmental interpretation. Section 421 of Division G of the Consolidated Appropriations Act, 2023 (P.L. 117–328) extended FLREA through October 1, 2024. The 2024 budget includes appropriations language to extend FLREA through October 1, 2025.

The Federal Aid in Wildlife Restoration Act (16 U.S.C. 669 et seq.), also known as the Pittman-Robertson Wildlife Restoration Act, created a program to fund the selection, restoration, rehabilitation and improvement of wildlife habitat, hunter education and safety, and wildlife management research. Under the program, States, Puerto Rico, Guam, the Virgin Islands, American Samoa, and the Northern Mariana Islands are allocated funds from an excise tax on sporting arms and ammunition, handguns, and a tax on certain archery equipment. States are reimbursed up to 75 percent of the cost of approved wildlife and hunter education projects.

The Wildlife and Sport Fish Restoration Programs Improvement Act (P.L. 106–408) amends the Pittman-Robertson Wildlife Restoration Act and authorizes a Multistate Conservation Grant Program, as well as the Firearm and Bow Hunter Education and Safety Program that provides grants to the States.

The Target Practice and Marksmanship Training Support Act (P.L. 116–17) amends the Pittman-Robertson Wildlife Restoration Act to define a public target range and offers States alternatives for funding specific activities related to public target ranges.

The Energy Policy Act (P.L. 109–58) amends section 31 of the Outer Continental Shelf (OCS) Lands Act (43 U.S.C. 1356 et seq.) to require that for each of the fiscal years 2007 through 2010, \$250,000,000 in OCS revenues be distributed each year to coastal States that have submitted approved coastal impact assistance plans. The formula for distribution is based on the amount of qualified OCS revenues generated off the coastline of each producing State. In addition, 35 percent of each State's allocable share is to be distributed to coastal political subdivisions based on population, coastline, and distance to applicable OCS leases. In 2011, administration of this program was transferred from the Bureau of Ocean Energy Management, Regulation, and Enforcement to the Fish and Wildlife Service.

*Operation and maintenance of quarters.*—Revenue from the rental of Government quarters is deposited in this account for use in the operation and maintenance of such quarters for the Fish and Wildlife Service, pursuant to Public Law 98–473, Section 320; 98 Stat. 1874, as amended.

*Proceeds from sales, water resources development projects.*—Receipts collected from the sale of timber and crops from National Wildlife Refuge System lands leased or licensed from the Department of the Army may be used to pay the costs of production of the timber and crops and for managing wildlife habitat, 16 U.S.C. 460(d).

*Lahontan Valley and Pyramid Lake Fish and Wildlife Fund.*—Under the Truckee-Carson Pyramid Lake Water Rights Settlement Act, the Lahontan Valley and Pyramid Lake Fish and Wildlife Fund receives revenues and donations from non-Federal parties to support the restoration and enhancement of wetlands in the Lahontan Valley and to restore and protect the Pyramid Lake fishery. Revenues received from the Bureau of Reclamation's Washoe Project in excess of operation and maintenance costs for the Stampede Reservoir are available without further appropriation. Donations made for express purposes and State cost-sharing funds are available without further appropriation. The Secretary of the Interior is also authorized to deposit proceeds

from the sale of certain lands and interests in lands into the Pyramid Lake Fish and Wildlife Fund.

*Community Partnership Enhancement.*—Under the National Wildlife Refuge System Volunteer and Community Partnership Enhancement Act (P.L. 105–242, dated October 5, 1998), the Service is authorized to enter into cooperative agreements with nonprofit organizations, academic institutions, or State and local governments to construct, operate, maintain, or improve refuge facilities and services, and to promote volunteer outreach and education programs.

The Federal Aid in Sport Fish Restoration Act, also known as the Dingell-Johnson Sport Fish Restoration Act (16 U.S.C. 777 et seq.), created a fishery resources, conservation, and restoration program funded by excise taxes on fishing equipment and certain other sport fish related products and fuel.

The Wildlife and Sport Fish Restoration Programs Improvement Act (P.L. 106–408) amends the Dingell-Johnson Sport Fish Restoration Act and authorizes a Multistate Conservation Grant Program. It also provides funding for several fisheries commissions and the Sport Fishing and Boating Partnership Council.

The Sport Fish Restoration Act specifies that the net deposits made into the Sport Fish Restoration and Boating Safety Trust Fund, minus the distributions for administrative expenses for the Fish and Wildlife Service and the United States Coast Guard, special commissions, and the Boating Council, be distributed to support the following:

*The Coastal Wetlands Planning, Protection, and Restoration Act (16 U.S.C. 3951 et seq.).*—18.673 percent of net deposits, or amounts collected in small engine fuels excise taxes as provided by 26 U.S.C. 9504(b), whichever is greater, are to be made available and distributed as follows: 70 percent to the U.S. Army Corps of Engineers for priority project and conservation planning activities in Louisiana; 15 percent to the Fish and Wildlife Service for coastal wetlands conservation grants; and 15 percent to the Fish and Wildlife Service for wetlands conservation projects per the North American Wetlands Conservation Act (16 U.S.C. 4407).

*Boating Safety Programs.*—17.315 percent of net deposits are to be made available to the United States Coast Guard for State recreational boating safety programs.

*Boating Infrastructure Improvement.*—Four percent of net deposits are to be made available to the Secretary of the Interior to make grants to 1) States, as determined through a competitive award process, for the development and maintenance of facilities for transient non-trailerable recreational vessels 26 feet or longer, or 2) States, Commonwealths, the District of Columbia and Territories, as determined through a competitive award process, to carry out projects for the construction, renovation, operation, and maintenance of pumpout stations and waste reception facilities, as well as for educational programs on proper disposal of sewage. Not more than 75 percent of the four percent shall be available for grants under either of the award processes referenced in this paragraph.

*National Outreach and Communications Programs.*—Two percent of net deposits are to be made available to the Secretary of the Interior to develop national and State outreach plans to promote safe fishing and boating opportunities and the conservation of aquatic resources.

*Grants to States.*—58.012 percent of net deposits are provided to the States, Puerto Rico, Guam, the Virgin Islands, American Samoa, the Northern Mariana Islands, and the District of Columbia for up to 75 percent of the cost of approved projects including: research into fisheries problems, surveys and inventories of fish populations, acquisition and improvement of fish habitat, and provision of access for public use and \$3 million is reserved for Multistate Conservation Activities.

The Bipartisan Infrastructure Law (P.L. 117–58) amends Section 3 and 4 of the Federal Aid in Sport Fish Restoration Act, changing the amounts available for administration and extending the funding authorization for Coastal Wetlands Planning, Protection, and Restoration Act, Boating Infrastructure Improvement, and the National Outreach and Communications program through FY 2026.

## ADMINISTRATIVE PROVISIONS

The United States Fish and Wildlife Service may carry out the operations of Service programs by direct expenditure, contracts, grants, cooperative agreements and reimbursable agreements with public and private entities. Appropriations and funds available to the United States Fish and Wildlife Service shall be available for repair of damage to public roads within and adjacent to reservation areas caused by operations of the Service; options for the purchase of land at not to exceed one dollar for each option; facilities incident to such public recreational uses on conservation areas as are consistent with their primary purpose; and the maintenance and improvement of aquaria, buildings, and other facilities under the jurisdiction of the Service and to which the United States has title, and which are used pursuant to law in connection with management, and investigation of fish and wildlife resources: *Provided*, That notwithstanding 44 U.S.C. 501, the Service may, under cooperative cost sharing and partnership arrangements authorized by law, procure printing services from cooperators in connection with jointly produced publications for which the cooperators share at least one-half the cost of printing either in cash or services and the Service determines the cooperator is capable of meeting accepted quality standards: *Provided further*, That the Service may accept donated aircraft as replacements for existing aircraft: *Provided further*, That notwithstanding 31 U.S.C. 3302, all fees collected for non-toxic shot review and approval shall be deposited under the heading "United States Fish and Wildlife Service—Resource Management" and shall be available to the Secretary, without further appropriation, to be used for expenses of processing of such non-toxic shot type or coating applications and revising regulations as necessary, and shall remain available until expended: *Provided further*, That the second proviso under the heading "United States Fish and Wildlife Service—Resource Management" in title I of division E of Public Law 112–74 (16 U.S.C. 7421–1) is amended by striking "2012" and inserting "2023" and striking "\$400,000" and inserting "\$750,000".

The Secretary may recover costs for response, assessment, and damages to Service resources from the unauthorized actions of private parties, including non-compliance with Service-issued permits, or for costs as otherwise provided by Federal, State, or local law, regulation, or court order as a result of the destruction, loss of, or injury to any living or non-living Service resource: *Provided*, That such damages may include compensation for the cost of replacing, restoring, or acquiring the equivalent of the damaged Service resource; the value of any significant loss of use of a Service resource pending its restoration, replacement, or the acquisition of an equivalent resource; or the value of the Service resource in the event the resource cannot be restored, replaced or re-acquired: *Provided further*, That response costs as described herein may include the following actions: preventing, minimizing, or abating destruction or loss of, or injury to, a Service resource; abating or minimizing the imminent risk of such destruction, loss, or injury; or monitoring the ongoing effects of any incident causing such destruction, loss, or injury: *Provided further*, That any instrumentality, including but not limited to a vessel, vehicle, aircraft, or other equipment or mechanism that destroys, causes the loss of, or injures any living or non-living Service resource or which causes the Secretary to undertake actions to prevent, minimize, or abate destruction, loss of, injury, or risk to such resource shall be liable in rem to the United States for response costs and damages resulting from such destruction, loss, injury, or risk to the same extent as a person would be liable under the same or similar circumstances: *Provided further*, That in addition to any other authority to accept donations, the Secretary may accept donations of money or services to meet expected, immediate, or ongoing response costs and damages: *Provided further*, That amounts and damages recovered by the Secretary for response and assessment costs, and donations collected pursuant to this provision, shall be credited to the "United States Fish and Wildlife Service—Resource Management" account, and shall remain available until expended for response costs and damage assessments conducted; restoration, replacement, or acquisition of Service resources; and monitoring and studying Service resources. (Department of the Interior, Environment, and Related Agencies Appropriations Act, 2023.)

The National Park Service administers 424 units and over 85 million acres of land in 50 States, the District of Columbia, Puerto Rico, the U.S. Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands. This annual appropriation funds the operation of areas and facilities administered under the National Park System through two budget activities. Funds within this appropriation are available for one year, with the exception of funds for repair and rehabilitation, cyclic maintenance, cooperative restoration of the Everglades, and uses authorized by section 101122 of title 54, United States Code, which are available for two years. The FY 2024 Budget proposes all appropriations in this account be made available for two years. This account contains reimbursable activity such as recovery of costs associated with special use permits.

The first activity, Park Management, covers the management and operation of park areas, and is divided into five subactivities that represent functional areas:

**Resource stewardship.**—Encompasses resource management operations that provide for the protection and preservation of unique natural, cultural, and historical features of units of the National Park System.

**Visitor services.**—Includes operations that provide orientation, educational, and interpretive programs to enhance the visitor's park experience. It also provides for the efficient management of commercial services for the benefit of visitors and the protection of resources.

**Park protection.**—Provides for the protection of park resources, visitors, and staff. Funding supports law enforcement operations, including the United States Park Police, that reduce vandalism and other destruction of park resources, safety, and public health operations.

**Facility operations and maintenance.**—Encompasses the maintenance and protection of buildings, other facilities, lands, and other government investments.

**Park support.**—Covers the management, supervision, and administrative operations for park areas and partnerships.

The second activity, External Administrative Costs, funds costs which are largely determined by organizations outside the National Park Service and for which funding requirements are less flexible. The requirements for these costs are mandated in accordance with applicable laws. To promote the efficient performance of the National Park Service, these costs are most effectively managed on a centralized basis.

The Visitor Experience Improvements Authority (VEIA) Revolving Fund provides for the administration of commercial services contracts, and related professional services contracts, for the operation and expansion of commercial visitor facilities and visitor services programs. This includes expenses necessary for the management, improvement, enhancement, operation, construction, and maintenance of commercial visitor services facilities. Funds will also be used to make payments for possessory interest and leasehold surrender interest in existing commercial services contracts awarded under separate authorities. VEIA is designated as a revolving fund pursuant to Title VII of the National Park Service Centennial Act of 2016 (P.L. 114–289). The authority provides the National Park Service with the tools to improve commercial visitor facilities and services.

The National Recreation and Preservation appropriation covers a broad range of activities relating to preservation of natural, cultural and historic resources, environmental compliance, international park affairs, and heritage partnership programs. These programs provide a central point at the Federal level for recreation and preservation planning; the coordination of Federal and State policies, procedures and guidelines; and the administration of technical and financial assistance to international, Federal, State, and local governments and private organizations. This appropriation is comprised of the following five budget activities:

**Natural Programs.**—Increases river and trail opportunities through Rivers, Trails, and Conservation Assistance, State and local technical assistance and Chesapeake Bay Gateways and Water Trails grants; creates river conservation and recreational opportunities that are compatible with continuing and future operations of hydropower facilities, fulfills National Park Service responsibilities under the Federal Power Act, and protects park resources through the Hydropower Recreation Assistance Program; manages the National Natural Landmark program; and provides technical assistance to State and local governments and transfers surplus real property to local governments for recreation uses.

**Cultural Programs.**—Manages the National Register of Historic Places; reviews and certifies applications for Federal Tax Credits for Historic Preservation as a reimbursable activity; conducts cultural resources management planning through the National Historic Landmarks program, the Historic American Buildings Survey, the Historic American Engineering Record and the Historic American Landscapes Survey programs; and advances the application of science and technology in historic preservation and provides information distribution and skills training in the preservation and conservation of the Nation's significant historic and cultural resources through the National Center for Preservation Technology and Training. This program activity also supports the

American Battlefield Protection Program Assistance Grants program, the Japanese American Confinement Site Grants program, the Native American Graves Protection and Repatriation Grants program, the 9/11 Memorial Act Grants program, African American Burial Grounds program, and the American Indian and Native Hawaiian Art & Culture Grants. This activity also includes relevant grant administration funding.

**Environmental Compliance and Review.**—Provides review and commentary on environmental impact statements, Federal licensing, permit applications, and other actions that may impact areas of National Park Service jurisdiction.

**International Park Affairs.**—Coordinates international assistance programs and the exchange and support functions that complement the Service's domestic role.

**Heritage Partnership Programs.**—Provides financial and technical assistance to Congressionally designated national heritage areas, managed by private or State organizations to promote the conservation of natural, historic, scenic, and cultural resources.

## URBAN PARK AND RECREATION FUND

The Urban Park Recreation Recovery Act of 1978 authorizes matching grants and technical assistance to eligible economically distressed urban communities to revitalize and improve recreation opportunities. The program provides direct Federal grants to local governments to rehabilitate existing indoor and outdoor recreation facilities; to demonstrate innovative ways to enhance park and recreation opportunities; and to develop local Recovery Action Plans to identify needs, priorities and strategies for revitalization of the total recreation system. No funds are requested for this program in FY 2024.

The Construction appropriation provides support to several National Park Service mission goals, including preserving park resources, providing for visitor enjoyment, and improving organizational effectiveness. In addition, this account contains activity related to reimbursable agreements.

The Construction appropriation is composed of five budget activities:

**Line item construction.**—This activity provides for the construction, rehabilitation, and replacement of facilities needed to accomplish the management objectives approved for each park.

**Special programs.**—This activity includes Emergency and Unscheduled Projects, Employee Housing, Dam Safety, and Equipment Replacement.

**Construction planning.**—This activity includes the project planning function to prepare working drawings, specification documents, and contracts needed to construct or rehabilitate National Park Service facilities.

**Construction program management and operations.**—This activity provides centralized design and engineering management services, as well as contracting services for park construction projects.

**Management planning.**—Under this activity, funding is used to prepare and update Unit Management Plans. The plans guide National Park Service actions for the protection, use, development, and management of each park unit. Funding also is used to conduct studies of alternatives for the protection of areas that may have potential for addition to the National Park System and for environmental impact planning and compliance.

The Land Acquisition and State Assistance appropriation uses permanent funding derived from the Land and Water Conservation Fund to support National Park Service land acquisition activities and provide grants to States for the purchase and development of land for outdoor recreation activities. The Great American Outdoors Act (P.L. 116–152) makes funds deposited into the Land and Water Conservation Fund available for expenditure without further appropriation or fiscal year limitation while providing that the National Park Service shall submit to Congress detailed account, program and project allocations made available under the statute.

In addition, the Gulf of Mexico Energy Security Act of 2006 (P.L. 109–432) allows a portion of the revenue collected from certain oil and gas leases in the Gulf of Mexico Outer Continental Shelf (OCS) to be deposited to the Land and Water Conservation Fund and distributed to States in accordance with the Land and Water Conservation Act of 1965. The National Park Service portion of the revenue is 12.5 percent of total qualified OCS revenues. These OCS receipts became available for expenditure as mandatory funding beginning in 2009. The Consolidated Appropriations Act, 2023 (P.L. 117–328) permits the use of up to three percent of the amounts authorized to be disbursed for costs of administration per the statute.

The Consolidated Appropriations Act, 2023 (P.L. 117–328) also made available up to seven percent of State Conservation Grants for use by states for their grant administration.

The Land Acquisition and State Assistance program is composed of the following budget activities:

**Federal land acquisition.**—Provides for the acquisition of land and interests in land to preserve and protect, for public use and enjoyment, the historic, scenic, natural, and recreational values of congressionally authorized areas within the National Park System.

**State conservation grants.**—Provides matching grants to States and local units of government for the acquisition and development of land and facilities that provide the public access to new opportunities to engage in outdoor recreation. The program includes both traditional formula and competitive grant programs for States.

**American Battlefield Protection Program.**—The American Battlefield Protection Program awards grants for the acquisition, modernization and restoration of American battlefields. The program supports the protection of battlefield lands associated with the Revolutionary War, the Civil War, and the War of 1812 and it aids State and local governments and non-profit organizations acquire or otherwise preserve these important cultural resources for recreational access and education.

The National Park Medical Services Fund was established in the John D. Dingell, Jr. Conservation, Management, and Recreation Act (P.L. 116–9). The Fund consists of fees collected for medical services provided to persons in units of the National Park System or for medical services provided by National Park Service personnel outside units of the National Park System and donations to the Fund. Amounts deposited into the Fund are available, to the extent provided in advance by Acts of appropriation, for units of the National Park System to provide medical services. Funds may also be used to obtain and improve medical facilities, equipment, vehicles, and other needs as well as prepare needs assessments or other programmatic analyses and management plans for medical services programs.

**Recreation fee program.**—The National Park Service (NPS) and other land management agencies operate a fee program that allows parks and other units to collect admission and user fees in accordance with the Federal Lands Recreation Enhancement Act (FLREA). The Consolidated Appropriations Act, 2023 (P.L. 117–328) extended the implementation of FLREA through October 1, 2024. The FY 2024 Budget includes appropriations language to apply the authority for FLREA through October 1, 2025.

Net proceeds are used to provide benefits and services to the visitor throughout the National Park System. At least 80 percent of collections must remain at the park unit until expended, unless that revenue exceeds the reasonable needs for the unit for that fiscal year, in which case the NPS can reduce the percent retained, but not below 60 percent. Proceeds from the sale of the America the Beautiful passes, which allow access to all public lands that charge fees for a year, are distributed among the Federal land management agencies which offer them for sale, including the National Park Service, the Bureau of Land Management, the U.S. Fish and Wildlife Service, the Bureau of Reclamation, and the U.S. Forest Service, as determined by the Secretaries of the Department of the Interior and the Department of Agriculture in accordance with Public Law 108–447. The National Park Service Centennial Act (P.L. 114–289) established in the National Park Foundation, a Second Century Endowment for NPS projects and activities, funded through offsetting collections from the first \$10 million collected in each fiscal year, generated from the America the Beautiful Senior Pass.

**Deed-restricted parks fee program.**—Park units where admission fees may not be collected by reason of deed restrictions retain any other recreation fees collected and use them for certain park operation purposes in accordance with Public Law 105–327. This law applies to Great Smoky Mountains National Park, Lincoln Home National Historic Site, and Abraham Lincoln Birthplace National Historic Site.

*Transportation systems fund.*—Fees charged for public use of transportation services at parks are retained and used by each collecting park for costs associated with the transportation systems in accordance with section 501 of Public Law 105–391.

*Payment for tax losses on land acquired for Grand Teton National Park.*—Revenues received from fees collected from visitors are used to compensate the State of Wyoming for tax losses on Grand Teton National Park lands (16 U.S.C. 406d–3).

The Historic Preservation Fund appropriation includes grant programs to facilitate the preservation of the Nation's historic and cultural resources. This appropriation provides grants-in-aid to States, Territories, Indian Tribes, and Historically Black Colleges and Universities. Grants-in-aid to States and local governments require a 40 percent funding match; grants to Tribes do not require matching funds. In addition to the traditional grants-in-aid described above, the account includes Tribal Heritage Grants and other competitive grant programs. This includes grants for the survey and nomination of properties associated with communities currently under-represented in the National Register and as National Historic Landmarks, grants to preserve sites related to the struggle for any or all people to achieve equal rights in America, and grants to preserve the sites and stories of the Civil Rights Movement. The account also includes Semiquincentennial Preservation Grants and Save America's Treasures Grants.

**Park concessions franchise fees.**—Franchise fees for concessioner activities in the National Park System (NPS) are deposited in this account and used for certain park operations activities in accordance with section 407 of Public Law 105–391. By law, 20 percent of franchise fees collected are used to support activities throughout the National Park System and 80 percent are retained and used by each collecting park unit for visitor services and for purposes of funding high-priority and urgently necessary resource management programs and operations. The National Park Service Centennial Act (P.L. 114–289), establishes a new concessions contracting authority within NPS, which is described under the Visitor Experience Improvements Fund account.

**Concessions improvement accounts.**—National Park Service agreements with private concessioners providing visitor services within national parks can require concessioners to deposit a portion of gross receipts or a fixed sum of money in a separate bank account. A concessioner may expend funds from such an account with the approval of the park superintendent for improvements to facilities that directly support concession visitor services but would not otherwise be funded through the appropriations process. Concessioners do not accrue possessory interests from improvements funded through these accounts.

**Park buildings lease and maintenance fund.**—Rental payments for leases to use buildings and associated property in the National Park System are deposited in this account and used for infrastructure needs at park units in accordance with section 802 of Public Law 105–391.

**Operation and maintenance of quarters.**—Revenues from the rental of Government-owned quarters to park employees are deposited in this account and used to operate and maintain Government-owned quarters within the National Park System.

**Filming and photography special use fees.**—In limited circumstances, the National Park Service may issue permits and retain associated fees to use park lands and facilities for commercial filming, still photography, and similar activities.

**Contributions to U.S. Park Police annuity benefits.**—Necessary costs of benefit payments to annuitants under the pension program for United States Park Police officers hired prior to January 1, 1984, established under Public Law 85–157, are paid from the General Fund of the Treasury to the extent the payments exceed deductions from salaries of active duty employees in the program. Permanent funding for such payments was provided in the Department of the Interior and Related Agencies Appropriations Act, 2002. Before 2002, such payments were funded from appropriations made annually to the National Park Service.

**Delaware Water Gap, Route 209 Operations.**—The Delaware Water Gap National Recreation Area Improvement Act, section 4(b) of Public Law 109–156, as amended by Public Law 115–101, directs the Department of the Interior to establish a fee and permit program for the use of Highway 209 by commercial vehicles. All fees received are set aside in a special account and made available for the administration and enforcement of the program, including registering vehicles, issuing permits and vehicle identification stickers, and personnel costs. The FY 2024 Budget proposes to extend the statutory authority through FY 2024.

**ADMINISTRATIVE PROVISIONS****(INCLUDING TRANSFER OF FUNDS)**

In addition to other uses set forth in section 101917(c)(2) of title 54, United States Code, franchise fees credited to a sub-account shall be available for expenditure by the Secretary, without further appropriation, for use at any unit within the National Park System to extinguish or reduce liability for Possessory Interest or leasehold surrender interest. Such funds may only be used for this purpose to the extent that the benefitting unit anticipated franchise fee receipts over the term of the contract at that unit exceed the amount of funds used to extinguish or reduce liability. Franchise fees at the benefitting unit shall be credited to the sub-account of the originating unit over a period not to exceed the term of a single contract at the benefitting unit, in the amount of funds so expended to extinguish or reduce liability.

For the costs of administration of the Land and Water Conservation Fund grants authorized by section 105(a)(2)(B) of the Gulf of Mexico Energy Security Act of 2006 (Public Law 109-432), the National Park Service may retain up to 3 percent of the amounts which are authorized to be disbursed under such section, such retained amounts to remain available until expended.

National Park Service funds may be transferred to the Federal Highway Administration (FHWA), Department of Transportation, for purposes authorized under 23 U.S.C. 203. Transfers may include a reasonable amount for FHWA administrative support costs. (*Department of the Interior, Environment, and Related Agencies Appropriations Act, 2023.*)

The Operation of Indian Programs appropriation consists of a wide range of services and benefits provided to federally recognized Indian Tribes, Alaska Native groups, and individual American Indians and Alaska Natives, to fulfill Federal trust and treaty responsibilities and support tribal self-determination. The Budget reflects broad increases within this account to empower tribal communities, address the impacts of climate change, create economic opportunities, enhance public safety, and advance environmental justice for tribal communities that have been left behind.

This account covers expenses associated with the following activities:

**Tribal Government.**—This activity promotes the sovereignty of federally recognized Indian Tribes by supporting and assisting them in the development and maintenance of strong and stable governments capable of administering quality programs and developing economies. This activity also provides for the maintenance of Bureau of Indian Affairs (BIA) roads and bridges.

**Human Services.**—This activity provides funding for social services, welfare assistance, and Indian Child Welfare Act programs. The objective of this activity is to improve the quality of life for individual Indians who live on or near Indian reservations and to help protect children, the elderly, and disabled from abuse and neglect.

**Trust: Natural Resources Management.**—This activity provides for the management, development, and protection of Indian trust land and natural resource assets and related treaty rights. This activity also provides funding to address the impacts of climate change. Natural resource programs in Indian Country include agriculture, forestry, water, irrigation operations and maintenance including related power distribution, fish, wildlife, and parks, and energy and minerals.

**Trust: Real Estate.**—This activity promotes cooperative efforts with landowners for the optimal utilization, development, and enhancement of trust and restricted Federal Indian-owned lands. The activity includes general real estate services, probate, land title and records, environmental compliance, land acquisition, and other trust services and rights protection.

**Public Safety and Justice.**—This activity funds law enforcement activities in Indian Country in over 25 States. Programs under this activity include investigative, police, and detention services; tribal courts; fire protection; implementation of the Violence Against Women Act; and facilities maintenance.

**Community and Economic Development.**—This activity promotes the economic vitality of American Indians and Alaska Natives through job placement and training, economic development, and community development programs.

**Executive Direction and Administrative Services.**—This activity supports the management of finance, budget, acquisition, property functions, and subsistence management; as well as

information technology resources, personnel services, facilities management, payment of General Services Administration rentals and direct rentals, and intra-governmental payments. Significant portions of Indian Affairs activities are executed under contracts or compacts with federally recognized Indian Tribes to run tribal and Federal programs. Funding also supports BIA or Bureau of Indian Education oversight and technical assistance for these activities in the central and regional offices.

The Contract Support Costs account provides payments to Tribes for the administrative costs associated with executing tribal self-determination contracts and self-governance compacts under the Indian Self-Determination and Education Assistance Act. Payments are available for direct and indirect contract support costs. Indirect contract support costs are those incurred for a Tribe's or tribal organization's common services, including, but not limited to, insurance and audits. Direct contract support costs include program-specific costs such as unemployment taxes and workers compensation insurance. The account also supports costs associated with executing or administering new and/or expanded self-determination contracts. The 2024 Budget proposes to continue to manage this account as an indefinite appropriation to ensure the availability of full funding to meet contract support costs requirements for the fiscal year.

This account covers expenses associated with the following authorized activities.

## Land settlements:

*White Earth Reservation Land Settlement Act (P.L. 99–264).*—Funds are used to investigate and verify questionable transfers of land by which individual Indian allottees, or their heirs, were divested of ownership and to achieve the payment of compensation to said allottees or heirs in accordance with the Act. A major portion of work is contracted under Public Law 93–638, as amended, to the White Earth Reservation Business Committee.

## Water settlements:

The 2024 budget does not request discretionary funding for Indian water rights settlement payments. The BIA responsibility for payments to all water settlements enacted prior to November 15, 2021 has been satisfied either through discretionary appropriations or the Indian Water Rights Settlement Completion Fund established in Division G of the Bipartisan Infrastructure Law (P.L. 117–58).

## Miscellaneous Payments to Indians:

*Truckee River Operating Agreement (P.L. 101–618).*—Funds are used to pay the BIA share of ongoing administrative fees for the Truckee River Operating Agreement authorized in Section 205 of the Truckee-Carson-Pyramid Lake Water Settlement Act for services provided to implement the settlement. In addition, funds are used to pay the BIA share of the cost of operation and maintenance of Boca Dam and Reservoir pursuant to Section 7 of the Truckee River Operating Agreement.

The 2024 Budget proposes legislation to expand the Indian Water Rights Settlement Completion Fund to cover the costs of enacted and future water rights settlements and to address the ongoing Operation, Maintenance, and Repair requirements associated with four enacted Indian Water Rights Settlements managed by the Bureau of Reclamation. The proposal would provide a total of \$2.8 billion; \$250 million annually over ten years for enacted and future water rights settle-

ments, and \$34 million annually over ten years for requirements associated with the Ak Chin Indian Water Rights Settlement Project, the Animas-La Plata Project (Colorado Ute Settlement), the Columbia and Snake River Salmon Recovery Project (Nez Perce Settlement), and the Navajo-Gallup Water Supply Project. Funds for these four settlements would be deposited into the Indian Water Rights Settlement Completion Fund and shall transfer to the Bureau of Reclamation for implementation.

**INDIAN LAND CONSOLIDATION**

For the acquisition of fractional interests to further land consolidation as authorized under the Indian Land Consolidation Act Amendments of 2000 (Public Law 106–462), and the American Indian Probate Reform Act of 2004 (Public Law 108–374), **[\$8,000,000] \$30,500,000**, to remain available until expended: *Provided*, That any provision of the Indian Land Consolidation Act Amendments of 2000 (Public Law 106–462) that requires or otherwise relates to application of a lien shall not apply to the acquisitions funded herein. This appropriation was established in 1999 and received appropriations between 1999–2010 to fund a program to consolidate fractional interests in Indian lands. Funds were used to purchase small interests in parcels of land from willing individual Indian landowners and convey those interests to the Tribe on whose reservation the land is located. Current funding activity in this account reflects ongoing legacy activities funded through reimbursable work. This program is authorized under the Indian Land Consolidation Act Amendments of 2000 (P.L. 106–462), the American Indian Probate Reform Act of 2004 (P.L. 108–374) and other authorities.

*Indian Land Consolidation.*—The 2022 Budget proposed to reestablish the Indian Land Consolidation Program with modifications. The reestablished program consolidates fractional interests in Indian lands. Funds will be used to purchase small interests in parcels of land from willing individual Indian landowners and convey those interests to the Tribe on whose reservation the land is located. Consolidation of these interests is expected to reduce the Government's cost for managing Indian lands and promote conservation on these lands. This program is authorized under the Indian Land Consolidation Act Amendments of 2000 (P.L. 106–462), the American Indian Probate Reform Act of 2004 (P.L. 108–374), and other authorities. This program is independent of the Land Buy Back Program for Tribal Nations which has been completed. Any

The Selis-Qlispe Ksanka Settlement Trust Fund was established in the Montana Water Rights Protection Act (P.L. 116-260). The Act settles claims to water rights in Montana for the Confederated Salish and Kootenai Tribes of the Flathead Indian Reservation. The Act authorizes annual payments of \$90,000,000 to the Trust Fund out of any Funds in the Treasury not otherwise appropriated starting in fiscal year 2021 through fiscal year 2030 for a total of \$900,000,000. The Act also authorizes discretionary appropriations of \$1,000,000,000 for deposit in the Trust Fund. The Trust Fund includes two accounts: the Salish and Kootenai Compact Account and the Salish and Kootenai Settlement implementation Account. Funds deposited into the account are adjusted to reflect fluctuations in costs occurring after the date of enactment of the act up to the day of deposit to the Fund. The Trust Fund is interest bearing.

## ADMINISTRATIVE PROVISIONS

The Bureau of Indian Affairs and the Bureau of Indian Education may carry out the operation of Indian programs by direct expenditure, contracts, cooperative agreements, compacts, and grants, either directly or in cooperation with States and other organizations.

Notwithstanding Public Law 87–279 (25 U.S.C. 15), the Bureau of Indian Affairs may contract for services in support of the management, operation, and maintenance of the Power Division of the San Carlos Irrigation Project.

Notwithstanding any other provision of law, no funds available to the Bureau of Indian Affairs or the Bureau of Indian Education for central office oversight and Executive Direction and Administrative Services (except Executive Direction and Administrative Services funding for Tribal Priority Allocations, regional offices, and facilities operations and maintenance) shall be available for contracts, grants, compacts, or cooperative agreements with the Bureau of Indian Affairs or the Bureau of Indian Education under the provisions of the Indian Self-Determination Act or the Tribal Self-Governance Act of 1994 (Public Law 103–413).

In the event any tribe returns appropriations made available by this Act to the Bureau of Indian Affairs or the Bureau of Indian Education, this action shall not diminish the Federal Government's trust responsibility to that tribe, or the government-to-government relationship between the United States and that tribe, or that tribe's ability to access future appropriations.

Notwithstanding any other provision of law, no funds available to the Bureau of Indian Education, other than the amounts provided herein for assistance to public schools under 25 U.S.C. 452 et seq., shall be available to support the operation of any elementary or secondary school in the State of Alaska.

No funds available to the Bureau of Indian Education shall be used to support expanded grades for any school or dormitory beyond the grade structure in place or approved by the Secretary of the Interior at each school in the Bureau of Indian Education school system as of October 1, 1995, except that the Secretary of the Interior may waive this prohibition to support expansion of up to one additional grade when the Secretary determines such waiver is needed to support accomplishment of the mission of the Bureau of Indian Education, or more than one grade to expand the elementary grade structure for Bureau-funded schools with a K-2 or K-4 grade structure on October 1, 1996. Appropriations made available in this or any prior Act for schools funded by the Bureau shall be available, in accordance with the Bureau's funding formula, only to the schools in the Bureau school system as of September 1, 1996, and to any school or school program that was reinstated in fiscal year 2012. Funds made available under this Act may not be used to establish a charter school at a Bureau-funded school (as that term is defined in section 1141 of the Education Amendments of 1978 (25 U.S.C. 2021)), except that a charter school that is in existence on the date of the enactment of this Act and that has operated at a Bureau-funded school before September 1, 1999, may continue to operate during that period, but only if the charter school pays to the Bureau a pro rata share of funds to reimburse the Bureau for the use of the real and personal property (including buses and vans), the funds of the charter school are kept separate and apart from Bureau funds, and the Bureau does not assume any obligation for charter school programs of the State in which the school is located if the charter school loses such funding. Employees of Bureau-funded schools sharing a campus with a charter school and performing functions related to the charter school's operation and employees of a charter school shall not be treated as Federal employees for purposes of chapter 171 of title 28, United States Code.

Notwithstanding any other provision of law, including section 113 of title I of appendix C of Public Law 106–113, if in fiscal year 2003 or 2004 a grantee received indirect and administrative costs pursuant to a distribution formula based on section 5(f) of Public Law 101–301, the Secretary shall continue to distribute indirect and administrative cost funds to such grantee using the section 5(f) distribution formula.

Funds available under this Act may not be used to establish satellite locations of schools in the Bureau school system as of September 1, 1996, except that the Secretary may waive this prohibition in order for an Indian tribe to provide language and cultural immersion educational programs for non-public schools located within the jurisdictional area of the tribal government which exclusively serve tribal members, do not include grades beyond those currently served at the existing Bureau-funded school, provide an educational environment with educator presence and academic facilities comparable to the Bureau-funded school, comply with all applicable Tribal, Federal, or State health and safety standards, and the Americans with Disabilities Act, and demonstrate the benefits of establishing operations at a satellite location in lieu of incurring extraordinary costs, such as for transportation or other impacts to students such as those caused by busing students extended distances: *Provided*, That no funds available under this Act may be used to fund operations, maintenance, rehabilitation, construction, or other facilities-related costs for such assets that are not owned by the Bureau: *Provided further*, That the term "satellite school" means a school location physically separated from the existing Bureau school by more than 50 miles but that forms part of the existing school in all other respects.

Funds made available for Tribal Priority Allocations within Operation of Indian Programs and Operation of Indian Education Programs may be used to execute requested adjustments in tribal priority allocations initiated by an Indian Tribe. (*Department of the Interior, Environment, and Related Agencies Appropriations Act, 2023.*)

The Tribal Trust Fund includes the following accounts: Funds Contributed for Advancement of the Indian Race, Bequest of George C. Edgeter Fund, Ella M. Franklin Fund, Josephine Lambert Fund, Orrie Shaw Fund, Welmas Endowment Fund, Arizona Intertribal Trust Fund, Navajo Trust Fund, Chippewa Cree Tribal Trust Fund, Shivwits Band of Paiute Indians Trust Fund, Northern Cheyenne Trust Fund, Crow Creek Sioux Tribe Infrastructure Development Trust Fund, and Lower Brule Infrastructure Fund. More detailed information on specific accounts is provided in the budget justification for the Bureau of Trust Funds Administration.

Tribal trust funds are deposited into a consolidated account in the U.S. Department of the Treasury pursuant to: 1) general or specific Acts of the Congress and 2) Federal management of tribal real properties, the titles to which are held in trust for the Tribes by the United States. These funds are available to respective tribal groups for various purposes, under various acts of the Congress, and may be subject to the provisions of tribal constitutions, bylaws, charters, and resolutions of the various Tribes, bands, or groups.

Under the Mineral Leasing Act (MLA), States receive fifty percent of Federal revenues generated from mineral production occurring on Federal lands within that State's boundaries. Alaska is the exception, receiving a 90 percent share of receipts from Federal mineral leasing in that State. Separate statutes cover revenue sharing payments from the National Petroleum Reserve-Alaska and the 1002 Area of the Arctic National Wildlife Refuge, where the traditional MLA fifty-percent state share applies. To partially cover the costs of administering the Federal mineral leasing program, the Bipartisan Budget Act of 2013 permanently amended the MLA to deduct two percent from the required payments to States under the Act. These payments are administered by Interior's Office of Natural Resources Revenue.

LEASES OF LANDS ACQUIRED FOR FLOOD CONTROL, NAVIGATION, AND ALLIED  
PURPOSES—Continued

According to the Flood Control Act of 1936 (33 U.S.C. 701 et seq.), 75 percent of revenue collected in the Treasury from the leasing of lands acquired by the United States for flood control, navigation, and allied purposes, is to be shared with the State in which it was collected. These funds are to be expended as the State legislature may prescribe for the benefit of the public schools and roads in the county from which the revenue was collected, or for defraying other expenses of county government. These expenses include public obligations of levee and drainage districts for flood control and drainage improvements. Payments are administered by Interior's Office of Natural Resources Revenue.

Since May 23, 1908 (16 U.S.C. 499), 25 percent of the revenues collected from onshore mineral leasing and production on national forest lands have been paid to the State in which the national forest resides. A State's payment is based on national forest acreage. Where a national forest is situated in several States, an individual State payment is proportionate to its area within that particular national forest. These payments are administered by Interior's Office of Natural Resources Revenue.

The Gulf of Mexico Energy Security Act of 2006 (GOMESA, P.L. 109-432) provides that 37.5 percent of Outer Continental Shelf revenues from certain leases, in most cases subject to an annual payment cap, be distributed to four coastal States (Alabama, Louisiana, Mississippi, and Texas) and their local governments based on a complex allocation formula. These payments are administered by Interior's Office of Natural Resources Revenue.

Title IV of the Department of the Interior and Related Agencies Appropriation Act, 1998 (P.L. 105-83) established the Environmental Improvement and Restoration Fund account. As required by law, 50 percent of the principal and 50 percent of the interest from the Alaska Escrow account are deposited into the Environmental Improvement and Restoration Fund. The law requires that the corpus of the Fund be invested. Twenty percent of the interest earned by the Fund is permanently appropriated to the Department of Commerce, and the unappropriated balance of interest remains in the Fund, subject to appropriation. At this time, no budget authority is requested.

## NONRECURRING EXPENSES FUND

The 2024 Budget proposes appropriations language to establish a Non-Recurring Expenses Fund (NEF). This Fund will allow the Department to transfer unobligated balances of expired discretionary funds from Fiscal Year 2024 and subsequent years, no later than the fifth fiscal year after the last fiscal year of availability, to the NEF to become for use as no-year funds to support specific purposes. The NEF will provide funding for critical infrastructure projects that may require significant one-time investments such as information technology modernization projects. These requirements often do not coincide with the timing of the budget formulation process and are difficult to forecast. In many cases, these costs either cannot be accommodated within existing funds or are emergency requirements that would otherwise require the Department to reprogram existing funds from other priorities.

## ADMINISTRATIVE PROVISIONS

For fiscal year [2023] 2024, up to \$400,000 of the payments authorized by chapter 69 of title 31, United States Code, may be retained for administrative expenses of the Payments in Lieu of Taxes Program: *Provided*, That the amounts provided under this Act specifically for the Payments in Lieu of Taxes program are the only amounts available for payments authorized under chapter 69 of title 31, United States Code: *Provided further*, That in the event the sums appropriated for any fiscal year for payments pursuant to this chapter are insufficient to make the full payments authorized by that chapter to all units of local government, then the payment to each local government shall be made proportionally: *Provided further*, That the Secretary may make adjustments to payment to individual units of local government to correct for prior overpayments or underpayments: *Provided further*, That no payment shall be made pursuant to that chapter to otherwise eligible units of local government if the computed amount of the payment is less than \$100. (*Department of the Interior, Environment, and Related Agencies Appropriations Act, 2023*.)

The Office of the Secretary provides for the administration of the Payments in Lieu of Taxes program, which makes payments to counties and other units of local government for lands within their boundaries administered by the Bureau of Land Management, U.S. Forest Service, the National Park Service, the Fish and Wildlife Service, and certain other agencies. Funding for the program is in a separate account within Department-Wide programs.

## INSULAR AFFAIRS

The Secretary of the Interior is charged with the responsibility of promoting the economic and political development of those insular areas which are under U.S. jurisdiction and within the responsibility of the Department of the Interior. The Secretary originates and implements Federal policy for the U.S. Territories; guides and coordinates certain operating programs and construction projects; provides information services and technical assistance; coordinates certain Federal programs and services provided to the Freely Associated States, and participates in

foreign policy and defense matters concerning the U.S. Territories and the Freely Associated States.

The peoples of the Republic of the Marshall Islands, the Federated States of Micronesia and the Republic of Palau approved Compacts of Free Association negotiated by the United States and their governments. The Compact of Free Association Act of 1985 (P.L. 99-239) constituted the necessary authorizing legislation to make annual payments to the Republic of the Marshall Islands and the Federated States of Micronesia. Payments began in 1987 and continued through 2003 when the original economic assistance package expired. The Compact of Free Association Amendments Act of 2003 (P.L. 108-188), continues financial assistance to the Federated States of Micronesia and the Republic of the Marshall Islands through 2023. The Compact of Free Association for the Republic of Palau was enacted on November 14, 1986 as Public Law 99-658, and was implemented on October 1, 1994. Financial assistance provisions under the Compact of Free Association with the Republic of Palau were set to expire on September 30, 2009, however, under the 2010 Compact Review Agreement (CRA) the United States agreed to provide continued economic assistance to the Government of Palau through 2024. The Administration supports funding the renewal of the United States' COFA relationships with the Federated States of Micronesia (FSM), the Republic of the Marshall Islands (RMI), and the Republic of Palau. The 2024 budget will seek \$6.5 billion in economic assistance over 20 years to be provided through a mandatory appropriation at the Department of State with language calling for continued implementation by the Department of the Interior.

In 2000, the American Samoa Government (ASG) was authorized to borrow \$18.6 million from the U.S. Treasury in order to reduce significant past due debts to vendors. Repayment of the loan is secured and accomplished with funds, as they become due and payable to ASG from the Escrow Account established under the terms and conditions of the Tobacco Master Settlement Agreement. The ASG agreed to significant financial reforms as a prerequisite to receiving the loan proceeds.

The Indian Gaming Regulatory Act (IGRA) established the National Indian Gaming Commission (NIGC) as an independent Federal regulatory agency within the Department of the Interior. The purpose of the IGRA and the NIGC is to support and promote tribal economic development, self-sufficiency and strong tribal governments through the operation of gaming on Indian lands. The Commission collaborates with Tribes to monitor and regulate gaming activities conducted on Indian Lands to ensure that gaming operations are conducted with integrity and that Tribes are the primary beneficiaries of gaming revenues. IGRA authorizes the Commission to assess and collect fees on tribal gaming revenues to cover agency operating costs.

Public Law 94-565 (31 U.S.C. 6901-07), as amended, authorizes Payments in Lieu of Taxes ("PILT payments") to counties and other units of local government for lands within their boundaries administered by the Bureau of Land Management, the National Park Service, the Fish and Wildlife Service, and the Bureau of Reclamation. Additionally, PILT payments cover Federal lands administered by the U.S. Forest Service, U.S. Army Corps of Engineers, and the Utah Reclamation Mitigation and Conservation Commission. The PILT payment formula is based on a number of factors, including the amount of Federal land within an eligible unit of local government, its population, and certain other Federal payments the local government may receive. From the inception of the PILT program in 1977 through 2007, PILT funding was subject to annual appropriations. The Emergency Economic Stabilization Act of 2008 provided a five-year (FYs 2008-2012) mandatory funding stream for PILT at the full authorization levels calculated using the existing PILT formula. The Moving Ahead for Progress in the 21st Century Act (P.L. 112-141) extended the mandatory authorization through 2013, and the Agricultural Act of 2014 (P.L. 113-79) extended the mandatory authorization through 2014.

The Carl Levin and Howard P. "Buck" McKeon National Defense Authorization Act for Fiscal Year 2015 and the Consolidated and Further Continuing Appropriations Act (P.L. 113-235) extended PILT payment authority through 2015 with a combination of discretionary and mandatory funds. The Consolidated Appropriations Act of 2016 (P.L. 114-113) provided discretionary PILT funding within the Office of the Secretary, Departmental Operations account to extend payment authority through 2016. The Consolidated Appropriations Act, 2017 (P.L. 115-31) provided discretionary PILT funding within Department-wide Programs.

Congressional appropriations for 2018 (P.L. 115-141), 2019 (P.L. 116-6), 2020 (P.L. 116-94), 2021 (P.L. 116-260), 2022 (P.L. 117-103), and 2023 (P.L. 117-328) each provided PILT funding at the full authorized levels. The 2024 Budget proposes discretionary funding for PILT payments within Department-wide Programs.

The Comprehensive Environmental Response, Compensation and Liability Act, as amended (42 U.S.C. 9601 et seq.) authorizes the President to investigate and clean up releases of hazardous substances. Under Executive Order 12580, the Secretary of the Interior is vested with the authority to address releases or threatened releases of hazardous substances on lands under the Department's jurisdiction, custody or control. The Central Hazardous Materials Fund is used to fund remedial investigations and cleanup of hazardous waste sites on such lands and to enable the Department to pursue potentially responsible parties for recovery of costs. The Fund is authorized to collect and retain within this account amounts recovered from responsible parties.

Under the Natural Resource Damage Assessment and Restoration Fund (Restoration Fund), natural resource damage assessments are performed to provide the basis for claims against responsible parties for the restoration of injured natural resources. Funds are appropriated to conduct damage assessments, provide restoration support, prepare for response to potential inland oil spills, and for program management. In addition, funds will be received for the restoration of damaged resources and other activities and for natural resource damage assessments from responsible parties through cooperative assessment agreements, negotiated settlements, or other legal actions by the Department of the Interior. Responsible parties may also provide in-kind services to restore injured natural resources.

Restoration activities include: 1) the replacement and enhancement of affected resources; 2) acquisition of equivalent resources and services; and, 3) long-term environmental monitoring and research programs directed to the prevention, containment, and amelioration of hazardous substances and oil spill sites.

The Restoration Fund operates as a Department-wide program, incorporating the interdisciplinary expertise of its various bureaus and offices. Natural resource damage assessments and the restoration of injured natural resources are authorized by the Comprehensive Environmental Response, Compensation, and Liability Act, as amended (42 U.S.C. 9601 et seq.), Federal Water Pollution Control Act, as amended (33 U.S.C. 1251 et seq.), the Oil Pollution Act of 1990 (33 U.S.C. 2701 et seq.), and the System Unit Resource Protection Act (54 U.S.C. 100721). Since 1992, amounts received by the United States and its State and tribal co-trustee partners from responsible parties for restoration or reimbursement in settlement of natural resource damages may be deposited in the Fund and shall accrue interest.

#### EXXON VALDEZ RESTORATION PROGRAM

The 2024 Budget reflects the receipts, transfers, and mandatory spending by the Department of the Interior associated with the civil and criminal settlements resulting from the 1989 *Exxon Valdez* oil spill in the Prince William Sound and surrounding areas. Funding from the settlements, including interest, is provided to Federal and State of Alaska natural resource trustee agencies to restore the natural resources and services damaged by the spill. The *Exxon Valdez* Oil Spill Trustee Council consists of three State and three Federal trustees who oversee restoration of the injured ecosystem through the use of civil settlement funds. The criminal settlement funds are managed separately by the Federal and Alaska State governments, but are coordinated with the Council.

The 2024 Budget builds on the historic reforms in the Bipartisan Infrastructure Law (P.L. 117-58) by providing a permanent solution for the enhancement of Federal and tribal wildland firefighters' compensation and by furthering steps to improve their quality of life. The budget makes significant new investments and proposes legislative authorities to deliver long-term solutions and better support America's wildland fire management workforce. Enacting these reforms is essential to addressing the challenges posed by longer and more intense fire seasons while providing wildland firefighters with more competitive and equitable wages, helping prevent employee burnout and fatigue, and ensuring stable recruitment and retention.

The cornerstone of the Administration's long-term reforms is a permanent increase in pay for wildland firefighters. The Administration proposes legislation to establish this increase through a special base rate salary table and a new premium pay category that provides some additional compensation for all hours that a wildland fire responder is mobilized on an incident. The Budget provides funding for similar pay increases for tribal firefighters. Additionally, the Budget proposes legislation that streamlines the wildland firefighter pay cap—considering all premium and hazard pay—that each Secretary may waive using specific criteria.

**Preparedness.**—Funds the non-emergency and predictable aspects of Interior's wildland fire management activities, including the initial attack suppression action on wildfires. Preparedness includes readiness, operational planning, oversight, procurement, training, supervision, and deployment of wildland fire suppression personnel and equipment prior to the occurrence of wildfire, and rural fire readiness, in which assistance is provided to local cooperators to enhance their capacity to protect remote communities and natural resources. It also includes activities related to program monitoring and evaluation, and integration of fire into land-use planning.

**Suppression Operations.**—Funds the emergency and unpredictable aspects of Interior's wildland fire management activities. Suppression operations include the total spectrum of management actions taken on wildfires in a safe, cost-effective manner, considering public benefits and values to be protected consistent with resource objectives and land management plans. This activity includes emergency actions taken during and immediately following a wildfire to stabilize the soil and structures to prevent erosion, floods, landslides, and further resource damage. Generally, emergency stabilization actions may be performed within one year of containment of a fire; however, exceptions to this time limit are allowed under certain circumstances. In fiscal years 2010 through 2017, funding for the ten-year average of inflation-adjusted suppression obligations was split between the FLAME Wildfire Suppression Reserve Fund and the annual appropriation. The 2024 Budget request fully funds suppression operations at the ten-year average of obligations as reported in the 2015 President's Budget, in accordance with the Consolidated Appropriations Act, 2018 (P.L. 115-141). This Act also amended the Balanced Budget and Emergency Deficit Control Act to provide additional new budget authority for fiscal years 2020 through 2027. This additional budget authority is provided in the Wildfire Suppression Operations Reserve Fund account and made available subject to the requirements in P.L. 115-141. This additional new budget authority will help ensure that adequate resources are available to Interior and Agriculture to fight wildland fires, protect communities, and safeguard human life during the most severe wildfire seasons. Interior will continue to strengthen oversight and accountability of suppression spending and ensure that the Department provides a management response to every wildfire.

**Fuels Management.**—Funds the application of fuels treatments aimed at mitigating risk to communities and their values, including areas in the wildland urban interface. This activity may also fund treatments that improve the integrity and resilience of our forests and rangelands. Through fuels management, Interior contributes to community adaptation to wildland fire and improves the ability to safely and appropriately respond to wildfire. Funding for the Fuels Management activity covers the planning, operational aspects, and monitoring of fuels treatments. Interior uses such treatment methods as prescribed fire, and mechanical, chemical, and biological treatments.

**Other Operations.**—Funds all other aspects of Interior's wildland fire management, which includes Facilities Construction and Maintenance, Burned Area Rehabilitation, and Joint Fire Science. The Facilities Construction and Maintenance sub-activity funds construction and maintenance of facilities to house firefighters and other personnel, and equipment used in wildland firefighting and fuels management activities. Burned Area Rehabilitation begins the recovery process for lands and resources damaged by wildland fires that would not return to fire-adapted conditions on their own. Interior undertakes such actions as soil stabilization and the introduction of native and other desirable plant species for up to three years, or up to five years under certain circumstances, following containment of a wildfire to return severely-burned areas to appropriate fire regimes and resource conditions. The Joint Fire Science subactivity funds Interior's share of the Joint Fire Science Program, an interagency partnership with the Department of Agriculture that sponsors and delivers applied research to assist field managers with fuels treatment, post-fire rehabilitation, smoke management, and many other related topics.

## FLAME WILDFIRE SUPPRESSION RESERVE FUND

In 2010 through 2017, amounts in the FLAME Fund included the portion of the ten-year average of suppression obligations, adjusted for inflation, intended to support the most severe, complex, and threatening fires. The Secretary is authorized to permit transfers from this account to cover these extreme fire events. The Secretary may also transfer funds in the event DOI has exhausted its suppression resources due to an active fire season. Funds have not been appropriated to the FLAME account since 2017, and remaining FLAME balances were transferred to the Wildland Fire Management account in 2018.

*Suppression Operations.*—In addition to the amounts provided under the heading "Department of the Interior—Department-Wide Programs—Wildland Fire Management" for wildfire suppression operations, the Consolidated Appropriations Act, 2018 (P.L. 115-141) amended the Balanced Budget and Emergency Deficit Control Act to provide additional budget authority for fiscal years 2020 through 2027. This budget authority is available for fire suppression requirements in a severe fire season when annual appropriations are close to depletion. The additional budget authority will help ensure adequate resources are available to the Departments of the Interior and Agriculture to fight wildland fires, protect communities, and safeguard human life during the most severe wildland fire seasons.

The Working Capital Fund finances services and activities that can be performed more effectively and efficiently in a centralized manner, including business services provided by the Interior Business Center (IBC). Activities financed through the Fund include information technology and security, systems hosting and help desk services, Departmental news and information, aircraft services, central reproduction, supplies and health services, and safety and health initiatives. Departmental administrative systems hosted through the Fund include the Federal Personnel and Payroll System and the Financial and Business Management System (FBMS). The IBC provides financial management, acquisition, and human resources services as well as payroll services to other agencies as one of the Government-wide shared service providers selected by the Office of Personnel Management. Through the National Indian Program Training Center, a component of Department of the Interior (DOI) University, the Working Capital Fund provides training courses and other services related to Indian culture, law and programs to Federal Government employees. The appropriated portion of the Working Capital Fund includes funding for FBMS operations and maintenance, and enhancements; strengthening cybersecurity and the IT supply chain, improving data management and customer experience; evaluating program effectiveness; and field communications infrastructure.

The Great American Outdoors Act (P.L. 116–152) established the National Parks and Public Land Legacy Restoration Fund to address deferred maintenance at the Department of the Interior and the U.S. Forest Service. The Fund supports restoration of deteriorating assets through allocations to the National Park Service, U.S. Fish and Wildlife Service, Bureau of Land Management, Bureau of Indian Education, and U.S. Forest Service. The Fund is supported by an annual deposit for five years (2021–2025) based on 50 percent of all Federal energy development revenue from the prior year that would otherwise be credited or deposited as miscellaneous receipts to the Treasury. The Departments of the Interior and Agriculture annually submit projects to Congress, execute projects, and monitor results/program performance. This Fund makes a significant investment in the facilities which support the important missions of the Department of the Interior and the U.S. Forest Service and help maintain America's national treasures for future generations.

This account includes funding to execute programs and activities authorized by Section 40704 of P.L. 117-58 (30 U.S.C. 1245). The Abandoned Hardrock Mine Reclamation Program provides grants to States and Tribal communities impacted by abandoned hard rock mining activities. No discretionary funds are requested in this account in 2024 for orphaned oil and gas well remediation activities, which are funded and management separately through supplemental appropriations available through the Bipartisan Infrastructure Law (P.L. 117-58). The program provides resources to States and Tribes to address the sites where the companies that created them have left and are no longer viable to address the needed cleanup and closure. This program creates jobs in these communities to repair the damage from these legacy activities and in doing so, improve the environment, restore water quality, and make the community safer.

The Abandoned Hard Rock Mine Reclamation Program also provides critical funding to address the hundreds of thousands of abandoned hardrock mines scattered across Federal lands. The Federal program assists Interior bureaus to inventory, assess, and prioritize these sites for cleanup. The primary focus of the 2024 request will be to remediate abandoned hardrock mines posing the highest risks to the environment and physical safety on Department lands.

## GENERAL PROVISIONS

(INCLUDING TRANSFERS OF FUNDS)

### EMERGENCY TRANSFER AUTHORITY—INTRA-BUREAU

SEC. 101. Appropriations made in this title shall be available for expenditure or transfer (within each bureau or office), with the approval of the Secretary of the Interior, for the emergency reconstruction, replacement, or repair of aircraft, buildings, utilities, or other facilities or equipment damaged or destroyed by fire, flood, storm, or other unavoidable causes: *Provided*, That no funds shall be made available under this authority until funds specifically made available to the Department of the Interior for emergencies shall have been exhausted: *Provided further*, That it is the sense of the Congress that all funds used pursuant to this section [must] should be replenished by a supplemental appropriation, [which must] to be requested as promptly as possible.

### EMERGENCY TRANSFER AUTHORITY—DEPARTMENT-WIDE

SEC. 102. The Secretary of the Interior may authorize the expenditure or transfer of any no year appropriation in this title, in addition to the amounts included in the budget programs of the several agencies, for the suppression or emergency prevention of wildland fires on or threatening lands under the jurisdiction of the Department of the Interior; for the emergency rehabilitation of burned-over lands under its jurisdiction; for emergency actions related to potential or actual earthquakes, floods, volcanoes, storms, or other unavoidable causes; for contingency planning subsequent to actual oil spills; for response and natural resource damage assessment activities related to actual oil spills or releases of hazardous substances into the environment; for the prevention, suppression, and control of actual or potential grasshopper and Mormon cricket outbreaks on lands under the jurisdiction of the Secretary, pursuant to the authority in section 417(b) of Public Law 106–224 (7 U.S.C. 7717(b)); for emergency reclamation projects under section 410 of Public Law 95–87; and shall transfer, from any no year funds available to the Office of Surface Mining Reclamation and Enforcement, such funds as may be necessary to permit assumption of regulatory authority in the event a primacy State is not carrying out the regulatory provisions of the Surface Mining Act: *Provided*, That appropriations made in this title for wildland fire operations shall be available for the payment of obligations incurred during the preceding fiscal year, and for reimbursement to other Federal agencies for destruction of vehicles, aircraft, or other equipment in connection with their use for wildland fire operations, with such reimbursement to be credited to appropriations currently available at the time of receipt thereof: *Provided further*, That for wildland fire operations, no funds shall be made available under this authority until the Secretary determines that funds appropriated for "wildland fire suppression" shall be exhausted within 30 days: *Provided further*, That it is the sense of the Congress that all funds used pursuant to this section [must] should be replenished by a supplemental appropriation, [which must] to be requested as promptly as possible: *Provided further*, That such replenishment funds shall be used to reimburse, on a pro rata basis, accounts from which emergency funds were transferred.

### AUTHORIZED USE OF FUNDS

SEC. 103. Appropriations made to the Department of the Interior in this title shall be available for services as authorized by section 3109 of title 5, United States Code, when authorized by the Secretary of the Interior, in total amount not to exceed \$500,000; purchase and replacement of motor vehicles, including specially equipped law enforcement vehicles; hire, maintenance, and operation of aircraft; hire of passenger motor vehicles; purchase of reprints; payment for telephone service in private residences in the field, when authorized under regulations approved by the Secretary; and the payment of dues, when authorized by the Secretary, for library membership in societies or associations which issue publications to members only or at a price to members lower than to subscribers who are not members.

### AUTHORIZED USE OF FUNDS, INDIAN TRUST MANAGEMENT

SEC. 104. Appropriations made in this Act under the headings Bureau of Indian Affairs and Bureau of Indian Education, and [Office of the Special Trustee for American Indians] *Bureau of Trust Funds Administration* and any unobligated balances from prior appropriations Acts made under the same headings shall be available for expenditure or transfer for Indian trust management and reform activities. Total funding for [historical accounting] *settlement support* activities shall not exceed amounts specifically designated in this Act for such purpose. The Secretary shall notify the House and Senate Committees on Appropriations within 60 days of the expenditure or transfer of any funds under this section, including the amount expended or transferred and how the funds will be used.

### REDISTRIBUTION OF FUNDS, BUREAU OF INDIAN AFFAIRS

SEC. 105. Notwithstanding any other provision of law, the Secretary of the Interior is authorized to redistribute any Tribal Priority Allocation funds, including tribal base funds, to alleviate tribal funding inequities by transferring funds to address identified, unmet needs, dual enrollment, overlapping service areas or inaccurate distribution methodologies. No tribe shall receive a reduction in Tribal Priority Allocation funds of more than 10 percent in fiscal year [2023] 2024. Under circumstances of dual enrollment, overlapping service areas or inaccurate distribution methodologies, the 10 percent limitation does not apply.

### ELLIS, GOVERNORS, AND LIBERTY ISLANDS

SEC. 106. Notwithstanding any other provision of law, the Secretary of the Interior is authorized to acquire lands, waters, or interests therein, including the use of all or part of any pier, dock, or landing within the State of New York and the State of New Jersey, for the purpose of operating and maintaining facilities in the support of transportation and accommodation of visitors to Ellis, Governors, and Liberty Islands, and of other program and administrative activities, by donation or with appropriated funds, including franchise fees (and other monetary consideration), or by exchange; and the Secretary is authorized to negotiate and enter into leases, subleases, concession contracts, or other agreements for the use of such facilities on such terms and conditions as the Secretary may determine reasonable: *Provided*, That for purposes of 54 U.S.C. 200306(a), such lands, waters, or interests acquired under this heading shall be considered to be within the exterior boundary of a System unit authorized or established.

### OUTER CONTINENTAL SHELF INSPECTION FEES

SEC. 107. (a) In fiscal year [2023] 2024, the Secretary of the Interior shall collect a nonrefundable inspection fee, which shall be deposited in the "Offshore Safety and Environmental Enforcement" account, from the designated operator for facilities subject to inspection under 43 U.S.C. 1348(c).

(b) Annual fees shall be collected for facilities that are above the waterline, excluding drilling rigs, and are in place at the start of the fiscal year. Fees for fiscal year [2023] 2024 shall be—

- (1) [\$10,500] \$11,725 for facilities with no wells, but with processing equipment or gathering lines;
- (2) [\$17,000] \$18,984 for facilities with 1 to 10 wells, with any combination of active or inactive wells; and
- (3) [\$31,500] \$35,176 for facilities with more than 10 wells, with any combination of active or inactive wells.

(c) Fees shall be assessed for facilities that are above the waterline, excluding drilling rigs, and require follow-up inspections. Fees for fiscal year 2024 shall be—

- (1) \$5,863 for facilities with no wells, but with processing or gathering lines;
- (2) \$9,492 for facilities with 1 to 10 wells, with any combination of active or inactive wells; and
- (3) \$17,588 for facilities with more than 10 wells, with any combination of active or inactive wells.

(c)(d) Fees for drilling rigs shall be assessed for all inspections completed in fiscal year [2023] 2024. Fees for fiscal year [2023] 2024 shall be—

- (1) [\$30,500] \$34,059 per inspection for rigs operating in water depths of 500 feet or more; and
- (2) [\$16,700] \$18,649 per inspection for rigs operating in water depths of less than 500 feet.

(d)(e) Fees for inspection of well operations conducted via non-rig units as outlined in title 30 CFR 250 subparts D, E, F, and Q shall be assessed for all inspections completed in fiscal year [2023] 2024. Fees for fiscal year [2023] 2024 shall be—

- (1) \$13,260 per inspection for non-rig units operating in water depths of 2,500 feet or more;
- (2) \$11,530 per inspection for non-rig units operating in water depths between 500 and 2,499 feet; and
- (3) \$4,470 per inspection for non-rig units operating in water depths of less than 500 feet.

(e)(f) The Secretary shall bill designated operators under subsection (b) quarterly, with payment required within 30 days of billing. The Secretary shall bill designated operators under subsections (c) and (d) within 30 days of the end of the month in which the inspection occurred, with payment required within 30 days of billing. The Secretary shall bill designated operators under subsection (d)(e) with payment required by the end of the following quarter.

### CONTRACTS AND AGREEMENTS FOR WILD HORSE AND BURRO HOLDING FACILITIES

SEC. 108. Notwithstanding any other provision of this Act, the Secretary of the Interior may enter into multiyear cooperative agreements with nonprofit organizations and other appropriate entities, and may enter into multiyear contracts in accordance with the provisions of section 3903 of title 41, United States Code (except that the

5-year term restriction in subsection (a) shall not apply), for the long-term care and maintenance of excess wild free roaming horses and burros by such organizations or entities on private land. Such cooperative agreements and contracts may not exceed 10 years, subject to renewal at the discretion of the Secretary.

#### MASS MARKING OF SALMONIDS

SEC. 109. The United States Fish and Wildlife Service shall, in carrying out its responsibilities to protect threatened and endangered species of salmon, implement a system of mass marking of salmonid stocks, intended for harvest, that are released from federally operated or federally financed hatcheries including but not limited to fish releases of coho, chinook, and steelhead species. Marked fish must have a visible mark that can be readily identified by commercial and recreational fishers.

#### CONTRACTS AND AGREEMENTS WITH INDIAN AFFAIRS

SEC. 110. Notwithstanding any other provision of law, during fiscal year [2023] 2024, in carrying out work involving cooperation with State, local, and tribal governments or any political subdivision thereof, Indian Affairs may record obligations against accounts receivable from any such entities, except that total obligations at the end of the fiscal year shall not exceed total budgetary resources available at the end of the fiscal year.

#### DEPARTMENT OF THE INTERIOR EXPERIENCED SERVICES PROGRAM

SEC. 111. (a) Notwithstanding any other provision of law relating to Federal grants and cooperative agreements, the Secretary of the Interior is authorized to make grants to, or enter into cooperative agreements with, private nonprofit organizations designated by the Secretary of Labor under title V of the Older Americans Act of 1965 to utilize the talents of older Americans in programs authorized by other provisions of law administered by the Secretary and consistent with such provisions of law.

(b) Prior to awarding any grant or agreement under subsection (a), the Secretary shall ensure that the agreement would not—

- (1) result in the displacement of individuals currently employed by the Department, including partial displacement through reduction of non-overtime hours, wages, or employment benefits;
- (2) result in the use of an individual under the Department of the Interior Experienced Services Program for a job or function in a case in which a Federal employee is in a layoff status from the same or substantially equivalent job within the Department; or
- (3) affect existing contracts for services.

#### 【OBLIGATION OF FUNDS】

【SEC. 112. Amounts appropriated by this Act to the Department of the Interior shall be available for obligation and expenditure not later than 60 days after the date of enactment of this Act.】

#### SEPARATION OF ACCOUNTS

SEC. [113] 112. The Secretary of the Interior, in order to implement an orderly transition to separate accounts of the Bureau of Indian Affairs and the Bureau of Indian Education, may transfer funds among and between the successor offices and bureaus affected by the reorganization only in conformance with the reprogramming guidelines described in this Act.

#### 【PAYMENTS IN LIEU OF TAXES (PILT)】

【SEC. 114. Section 6906 of title 31, United States Code, shall be applied by substituting "fiscal year 2023" for "fiscal year 2019".】

#### DISCLOSURE OF DEPARTURE OR ALTERNATE PROCEDURE APPROVAL

SEC. [115] 113. (a) Subject to subsection (b), in any case in which the Bureau of Safety and Environmental Enforcement or the Bureau of Ocean Energy Management prescribes or approves any departure or use of alternate procedure or equipment, in regards to a plan or permit, under 30 CFR 585.103; 30 CFR 550.141; 30 CFR 550.142; 30 CFR 250.141; or 30 CFR 250.142, the head of such bureau shall post a description of such departure or alternate procedure or equipment use approval on such bureau's publicly available website not more than 15 business days after such issuance.

(b) The head of each bureau may exclude confidential business information.

#### 【LONG BRIDGE PROJECT】

SEC. [116] 114. 【(a) AUTHORIZATION OF CONVEYANCE.—On request by the State of Virginia or the District of Columbia for the purpose of the construction of rail and other infrastructure relating to the Long Bridge Project, the Secretary of the Interior may convey to the State or the District of Columbia, as applicable, all right, title, and interest of the United States in and to any portion of the approximately 4.4 acres of National Park Service land depicted as "Permanent Impact to NPS Land" on the Map dated May 15, 2020, that is identified by the State or the District of Columbia.】

【(b) TERMS AND CONDITIONS.—Such conveyance of the National Park Service land under subsection (a) shall be subject to any terms and conditions that the Secretary may require. If such conveyed land is no longer being used for the pur-

poses specified in this section, the lands or interests therein shall revert to the National Park Service after they have been restored or remediated to the satisfaction of the Secretary.】

【(c) CORRECTIONS.—The Secretary and the State or the District of Columbia, as applicable, by mutual agreement, may—

- (1) make minor boundary adjustments to the National Park Service land to be conveyed to the State or the District of Columbia under subsection (a); and
- (2) correct any minor errors in the Map referred to in subsection (a).】

【(d) DEFINITIONS.—For purposes of this section:

(1) LONG BRIDGE PROJECT.—The term "Long Bridge Project" means the rail project, as identified by the Federal Railroad Administration, from Rosslyn (RO) Interlocking in Arlington, Virginia, to L'Enfant (LE) Interlocking in Washington, DC, which includes a bicycle and pedestrian bridge.

(2) SECRETARY.—The term "Secretary" means the Secretary of the Interior, acting through the Director of the National Park Service.

(3) STATE.—The term "State" means the State of Virginia.】

#### INTERAGENCY MOTOR POOL

SEC. [117] 115. Notwithstanding any other provision of law or Federal regulation, federally recognized Indian tribes or authorized tribal organizations that receive Tribally-Controlled School Grants pursuant to Public Law 100–297 may obtain interagency motor vehicles and related services for performance of any activities carried out under such grants to the same extent as if they were contracting under the Indian Self-Determination and Education Assistance Act.

#### 【NATIONAL HERITAGE AREAS AND CORRIDORS】

(Department of the Interior, Environment, and Related Agencies Appropriations Act, 2023.)

## GENERAL PROVISIONS—DEPARTMENT OF THE INTERIOR

**SEC. 201.** (a) None of the funds provided in title II of this Act for Water and Related Resources, or provided by previous or subsequent appropriations Acts to the agencies or entities funded in title II of this Act for Water and Related Resources that remain available for obligation or expenditure in fiscal year [2023] 2024, shall be available for obligation or expenditure through a reprogramming of funds that—

- (1) initiates or creates a new program, project, or activity;
- (2) eliminates a program, project, or activity;

(3) increases funds for any program, project, or activity for which funds have been denied or restricted by this Act, unless [prior approval is received from] *notice has been transmitted* to the Committees on Appropriations of both Houses of Congress;

(4) restarts or resumes any program, project or activity for which funds are not provided in this Act, unless [prior approval is received from] *notice has been transmitted* to the Committees on Appropriations of both Houses of Congress;

(5) transfers funds in excess of the following limits, unless [prior approval is received from] *notice has been transmitted* to the Committees on Appropriations of both Houses of Congress:

(A) 15 percent for any program, project or activity for which \$2,000,000 or more is available at the beginning of the fiscal year; or

(B) \$400,000 for any program, project or activity for which less than \$2,000,000 is available at the beginning of the fiscal year;

(6) transfers more than \$500,000 from either the Facilities Operation, Maintenance, and Rehabilitation category or the Resources Management and Development category to any program, project, or activity in the other category, unless [prior approval is received from] *notice has been transmitted* to the Committees on Appropriations of both Houses of Congress; or

(7) transfers, where necessary to discharge legal obligations of the Bureau of Reclamation, more than \$5,000,000 to provide adequate funds for settled contractor claims, increased contractor earnings due to accelerated rates of operations, and real estate deficiency judgments, unless [prior approval is received from] *notice has been transmitted* to the Committees on Appropriations of both Houses of Congress.

(b) Subsection (a)(5) shall not apply to any transfer of funds within the Facilities Operation, Maintenance, and Rehabilitation category.

(c) For purposes of this section, the term "transfer" means any movement of funds into or out of a program, project, or activity.

(d) Except as provided in subsections (a) and (b), the amounts made available in this title under the heading "Bureau of Reclamation—Water and Related Resources" shall be expended for the programs, projects, and activities specified in the "Final Bill" columns in the "Water and Related Resources" table included under the heading "Title II—Department of the Interior" in the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act).

(e) The Bureau of Reclamation shall submit reports on a quarterly basis to the Committees on Appropriations of both Houses of Congress detailing all the funds reprogrammed between programs, projects, activities, or categories of funding. The first quarterly report shall be submitted not later than 60 days after the date of enactment of this Act.

SEC. 202. (a) None of the funds appropriated or otherwise made available by this Act may be used to determine the final point of discharge for the interceptor drain for the San Luis Unit until development by the Secretary of the Interior and the State of California of a plan, which shall conform to the water quality standards of the State of California as approved by the Administrator of the Environmental Protection Agency, to minimize any detrimental effect of the San Luis drainage waters.

(b) The costs of the Kesterson Reservoir Cleanup Program and the costs of the San Joaquin Valley Drainage Program shall be classified by the Secretary of the Interior as reimbursable or nonreimbursable and collected until fully repaid pursuant to the "Cleanup Program—Alternative Repayment Plan" and the "SJVD—Alternative Repayment Plan" described in the report entitled "Repayment Report, Kesterson Reservoir Cleanup Program and San Joaquin Valley Drainage Program, February 1995", prepared by the Department of the Interior, Bureau of Reclamation. Any future obligations of funds by the United States relating to, or providing for, drainage service or drainage studies for the San Luis Unit shall be fully reimbursable by San Luis Unit beneficiaries of such service or studies pursuant to Federal reclamation law.

[(a)] Title I of Public Law 108–361 (the Calfed Bay-Delta Authorization Act) (118 Stat. 1681), as amended by section 204 of division D of Public Law 117–103, shall be applied by substituting ["2023"] "2024" for "2022" each place it appears.

[(b)] Section 103(f)(4)(A) of Public Law 108–361 (the Calfed Bay-Delta Authorization Act) is amended by striking "\$25,000,000" and inserting "\$30,000,000".

SEC. 205. Section 9106(g)(2) of Public Law 111–11 (Omnibus Public Land Management Act of 2009) shall be applied by substituting ["2023"] "2024" for "2022".

SEC. 206. (a) Section 104(c) of the Reclamation States Emergency Drought Relief Act of 1991 (43 U.S.C. 2214(c)) shall be applied by substituting ["2023"] "2024" for "2022".

(b) Section 301 of the Reclamation States Emergency Drought Relief Act of 1991 (43 U.S.C. 2241) [shall be applied by substituting "2023" for "2022" and by substituting "\$130,000,000" for "\$120,000,000"].—

(1) *shall be applied by substituting "2024" for "2022"; and*

(2) *is amended by striking "\$120,000,000" and inserting "\$130,000,000".*

[SEC. 207. Section 529(b)(3) of the Water Resources Development Act of 2000 (Public Law 106–541) as amended, is amended by striking "\$30,000,000" and inserting "\$40,000,000".]

[SEC. 208. None of the funds made available by this Act may be used for pre-construction or construction activities for any project recommended after enactment of the Energy and Water Development and Related Agencies Appropriations Act, 2020 and prior to enactment of this Act by the Secretary of the Interior and transmitted to the appropriate committees of Congress pursuant to section 4007 of the Water Infrastructure Improvements for the Nation Act (Public Law 114–322) if such project is not named in this Act, Public Law 116–260, or Public Law 117–43.] (*Energy and Water Development and Related Agencies Appropriations Act, 2023.*)

## TITLE IV—GENERAL PROVISIONS

### (INCLUDING TRANSFERS OF FUNDS)

#### RESTRICTION ON USE OF FUNDS

SEC. 401. No part of any appropriation contained in this Act shall be available for any activity or the publication or distribution of literature that in any way tends to promote public support or opposition to any legislative proposal on which Congressional action is not complete other than to communicate to Members of Congress as described in 18 U.S.C. 1913.

#### OBLIGATION OF APPROPRIATIONS

SEC. 402. No part of any appropriation contained in this Act shall remain available for obligation beyond the current fiscal year unless expressly so provided herein.

#### DISCLOSURE OF ADMINISTRATIVE EXPENSES

SEC. 403. The amount and basis of estimated overhead charges, deductions, reserves, or holdbacks, including working capital fund charges, from programs, projects, activities and subactivities to support government-wide, departmental, agency, or bureau administrative functions or headquarters, regional, or central operations shall be presented in annual budget justifications [and subject to approval by] to the Committees on Appropriations of the House of Representatives and the Senate. Changes to such estimates shall be presented to the Committees on Appropriations [for approval].

#### MINING APPLICATIONS

SEC. 404. (a) **LIMITATION OF FUNDS.**—None of the funds appropriated or otherwise made available pursuant to this Act shall be obligated or expended to accept or process applications for a patent for any mining or mill site claim located under the general mining laws.

(b) **EXCEPTIONS.**—Subsection (a) shall not apply if the Secretary of the Interior determines that, for the claim concerned: (1) a patent application was filed with the Secretary on or before September 30, 1994; and (2) all requirements established under sections 2325 and 2326 of the Revised Statutes (30 U.S.C. 29 and 30) for vein or lode claims, sections 2329, 2330, 2331, and 2333 of the Revised Statutes (30 U.S.C. 35, 36, and 37) for placer claims, and section 2337 of the Revised Statutes (30 U.S.C. 42) for mill site claims, as the case may be, were fully complied with by the applicant by that date.

(c) **REPORT.**—On September 30, [2024] 2025, the Secretary of the Interior shall file with the House and Senate Committees on Appropriations and the Committee on Natural Resources of the House and the Committee on Energy and Natural Resources of the Senate a report on actions taken by the Department under the plan submitted pursuant to section 314(c) of the Department of the Interior and Related Agencies Appropriations Act, 1997 (Public Law 104–208).

(d) **MINERAL EXAMINATIONS.**—In order to process patent applications in a timely and responsible manner, upon the request of a patent applicant, the Secretary of the Interior shall allow the applicant to fund a qualified third-party contractor to be selected by the Director of the Bureau of Land Management to conduct a mineral examination of the mining claims or mill sites contained in a patent application as set forth in subsection (b). The Bureau of Land Management shall have the sole responsibility to choose and pay the third-party contractor in accordance with the standard procedures employed by the Bureau of Land Management in the retention of third-party contractors.

## CONTRACT SUPPORT COSTS, PRIOR YEAR LIMITATION

SEC. 405. Sections 405 and 406 of division F of the Consolidated and Further Continuing Appropriations Act, 2015 (Public Law 113–235) shall continue in effect in fiscal year [2023] 2024.

## CONTRACT SUPPORT COSTS, FISCAL YEAR 2024 LIMITATION

SEC. 406. Amounts provided by this Act for fiscal year [2023] 2024 under the headings "Department of Health and Human Services, Indian Health Service, Contract Support Costs" and "Department of the Interior, Bureau of Indian Affairs and Bureau of Indian Education, Contract Support Costs" are the only amounts available for contract support costs arising out of self-determination or self-governance contracts, grants, compacts, or annual funding agreements for fiscal year [2023] 2024 with the Bureau of Indian Affairs, Bureau of Indian Education, and the Indian Health Service: *Provided*, That such amounts provided by this Act are not available for payment of claims for contract support costs for prior years, or for repayments of payments for settlements or judgments awarding contract support costs for prior years.

## FOREST MANAGEMENT PLANS

SEC. 407. The Secretary of Agriculture shall not be considered to be in violation of section 6(f)(5)(A) of the Forest and Rangeland Renewable Resources Planning Act of 1974 (16 U.S.C. 1604(f)(5)(A)) solely because more than 15 years have passed without revision of the plan for a unit of the National Forest System. Nothing in this section exempts the Secretary from any other requirement of the Forest and Rangeland Renewable Resources Planning Act (16 U.S.C. 1600 et seq.) or any other law: *Provided*, That if the Secretary is not acting expeditiously and in good faith, within the funding available, to revise a plan for a unit of the National Forest System, this section shall be void with respect to such plan and a court of proper jurisdiction may order completion of the plan on an accelerated basis.

## PROHIBITION WITHIN NATIONAL MONUMENTS

SEC. 408. No funds provided in this Act may be expended to conduct preleasing, leasing and related activities under either the Mineral Leasing Act (30 U.S.C. 181 et seq.) or the Outer Continental Shelf Lands Act (43 U.S.C. 1331 et seq.) within the boundaries of a National Monument established pursuant to the Act of June 8, 1906 (16 U.S.C. 431 et seq.) as such boundary existed on January 20, 2001, except where such activities are allowed under the Presidential proclamation establishing such monument.

## LIMITATION ON TAKINGS

SEC. 409. Unless otherwise provided herein, no funds appropriated in this Act for the acquisition of lands or interests in lands may be expended for the filing of declarations of taking or complaints in condemnation without [the approval of] notice to the House and Senate Committees on Appropriations: *Provided*, That this provision shall not apply to funds appropriated to implement the Everglades National Park Protection and Expansion Act of 1989, or to funds appropriated for Federal assistance to the State of Florida to acquire lands for Everglades restoration purposes.

## PROHIBITION ON NO-BID CONTRACTS

SEC. 410. None of the funds appropriated or otherwise made available by this Act to executive branch agencies may be used to enter into any Federal contract unless such contract is entered into in accordance with the requirements of Chapter 33 of title 41, United States Code, or Chapter 137 of title 10, United States Code, and the Federal Acquisition Regulation, unless—

- (1) Federal law specifically authorizes a contract to be entered into without regard for these requirements, including formula grants for States, or federally recognized Indian tribes;
- (2) such contract is authorized by the Indian Self-Determination and Education Assistance Act (Public Law 93–638, 25 U.S.C. 450 et seq.) or by any other Federal laws that specifically authorize a contract within an Indian tribe as defined in section 4(e) of that Act (25 U.S.C. 450b(e)); or
- (3) such contract was awarded prior to the date of enactment of this Act.

## POSTING OF REPORTS

SEC. 411. (a) Any agency receiving funds made available in this Act, shall, subject to subsections (b) and (c), post on the public website of that agency any report required to be submitted by the Congress in this or any other Act, upon the determination by the head of the agency that it shall serve the national interest.

- (b) Subsection (a) shall not apply to a report if—
  - (1) the public posting of the report compromises national security; or
  - (2) the report contains proprietary information.

(c) The head of the agency posting such report shall do so only after such report has been made available to the requesting Committee or Committees of Congress for no less than 45 days.

## NATIONAL ENDOWMENT FOR THE ARTS GRANT GUIDELINES

SEC. 412. Of the funds provided to the National Endowment for the Arts—

(1) The Chairperson shall only award a grant to an individual if such grant is awarded to such individual for a literature fellowship, National Heritage Fellowship, or American Jazz Masters Fellowship.

(2) The Chairperson shall establish procedures to ensure that no funding provided through a grant, except a grant made to a State or local arts agency, or regional group, may be used to make a grant to any other organization or individual to conduct activity independent of the direct grant recipient. Nothing in this subsection shall prohibit payments made in exchange for goods and services.

(3) No grant shall be used for seasonal support to a group, unless the application is specific to the contents of the season, including identified programs or projects.

## NATIONAL ENDOWMENT FOR THE ARTS PROGRAM PRIORITIES

SEC. 413. (a) In providing services or awarding financial assistance under the National Foundation on the Arts and the Humanities Act of 1965 from funds appropriated under this Act, the Chairperson of the National Endowment for the Arts shall ensure that priority is given to providing services or awarding financial assistance for projects, productions, workshops, or programs that serve underserved populations.

(b) In this section:

(1) The term "underserved population" means a population of individuals, including urban minorities, who have historically been outside the purview of arts and humanities programs due to factors such as a high incidence of income below the poverty line or to geographic isolation.

(2) The term "poverty line" means the poverty line (as defined by the Office of Management and Budget, and revised annually in accordance with section 673(2) of the Community Services Block Grant Act (42 U.S.C. 9902(2))) applicable to a family of the size involved.

(c) In providing services and awarding financial assistance under the National Foundation on the Arts and Humanities Act of 1965 with funds appropriated by this Act, the Chairperson of the National Endowment for the Arts shall ensure that priority is given to providing services or awarding financial assistance for projects, productions, workshops, or programs that will encourage public knowledge, education, understanding, and appreciation of the arts.

(d) With funds appropriated by this Act to carry out section 5 of the National Foundation on the Arts and Humanities Act of 1965—

- (1) the Chairperson shall establish a grant category for projects, productions, workshops, or programs that are of national impact or availability or are able to tour several States;
- (2) the Chairperson shall not make grants exceeding 15 percent, in the aggregate, of such funds to any single State, excluding grants made under the authority of paragraph (1);
- (3) the Chairperson shall report to the Congress annually and by State, on grants awarded by the Chairperson in each grant category under section 5 of such Act; and
- (4) the Chairperson shall encourage the use of grants to improve and support community-based music performance and education.

## STATUS OF BALANCES OF APPROPRIATIONS

SEC. 414. The Department of the Interior, the Environmental Protection Agency, the Forest Service, and the Indian Health Service shall provide the Committees on Appropriations of the House of Representatives and Senate quarterly reports on the status of balances of appropriations including all uncommitted, committed, and unobligated funds in each program and activity within 60 days of enactment of this Act.

## EXTENSION OF GRAZING PERMITS

SEC. 415. The terms and conditions of section 325 of Public Law 108–108 (117 Stat. 1307), regarding grazing permits issued by the Forest Service on any lands not subject to administration under section 402 of the Federal Lands Policy and Management Act (43 U.S.C. 1752), shall remain in effect for fiscal year [2023] 2024.

## FUNDING PROHIBITION

SEC. 416. (a) None of the funds made available in this Act may be used to maintain or establish a computer network unless such network is designed to block access to pornography websites.

(b) Nothing in subsection (a) shall limit the use of funds necessary for any Federal, State, tribal, or local law enforcement agency or any other entity carrying out criminal investigations, prosecution, or adjudication activities.

## HUMANE TRANSFER AND TREATMENT OF ANIMALS

SEC. 417. (a) Notwithstanding any other provision of law, the Secretary of the Interior, with respect to land administered by the Bureau of Land Management, or the Secretary of Agriculture, with respect to land administered by the Forest Service (referred to in this section as the "Secretary concerned"), may transfer excess wild horses and burros that have been removed from land administered by the Secretary concerned to other Federal, State, and local government agencies for use as work animals.

(b) The Secretary concerned may make a transfer under subsection (a) immediately on the request of a Federal, State, or local government agency.

(c) An excess wild horse or burro transferred under subsection (a) shall lose status as a wild free-roaming horse or burro (as defined in section 2 of Public Law 92–195 (commonly known as the "Wild Free-Roaming Horses and Burros Act") (16 U.S.C. 1332)).

(d) A Federal, State, or local government agency receiving an excess wild horse or burro pursuant to subsection (a) shall not—

(1) destroy the horse or burro in a manner that results in the destruction of the horse or burro into a commercial product;

(2) sell or otherwise transfer the horse or burro in a manner that results in the destruction of the horse or burro for processing into a commercial product; or

(3) euthanize the horse or burro, except on the recommendation of a licensed veterinarian in a case of severe injury, illness, or advanced age.

(e) Amounts appropriated by this Act shall not be available for—

(1) the destruction of any healthy, unadopted, and wild horse or burro under the jurisdiction of the Secretary concerned (including a contractor); or

(2) the sale of a wild horse or burro that results in the destruction of the wild horse or burro for processing into a commercial product.

#### FOREST SERVICE FACILITY REALIGNMENT AND ENHANCEMENT AUTHORIZATION EXTENSION

SEC. 418. Section 503(f) of Public Law 109–54 (16 U.S.C. 580d note) shall be applied by substituting "September 30, [2023] 2024" for "September 30, 2019".

#### USE OF AMERICAN IRON AND STEEL

SEC. 419. (a)

(1) None of the funds made available by a State water pollution control revolving fund as authorized by section 1452 of the Safe Drinking Water Act (42 U.S.C. 300j–12) shall be used for a project for the construction, alteration, maintenance, or repair of a public water system or treatment works unless all of the iron and steel products used in the project are produced in the United States.

(2) In this section, the term "iron and steel" products means the following products made primarily of iron or steel: lined or unlined pipes and fittings, manhole covers and other municipal castings, hydrants, tanks, flanges, pipe clamps and restraints, valves, structural steel, reinforced precast concrete, and construction materials.

(b) Subsection (a) shall not apply in any case or category of cases in which the Administrator of the Environmental Protection Agency (in this section referred to as the "Administrator") finds that—

(1) applying subsection (a) would be inconsistent with the public interest;

(2) iron and steel products are not produced in the United States in sufficient and reasonably available quantities and of a satisfactory quality; or

(3) inclusion of iron and steel products produced in the United States will increase the cost of the overall project by more than 25 percent.

(c) If the Administrator receives a request for a waiver under this section, the Administrator shall make available to the public on an informal basis a copy of the request and information available to the Administrator concerning the request, and shall allow for informal public input on the request for at least 15 days prior to making a finding based on the request. The Administrator shall make the request and accompanying information available by electronic means, including on the official public Internet Web site of the Environmental Protection Agency.

(d) This section shall be applied in a manner consistent with United States obligations under international agreements.

(e) The Administrator may retain up to 0.25 percent of the funds appropriated in this Act for the Clean and Drinking Water State Revolving Funds for carrying out the provisions described in subsection (a)(1) for management and oversight of the requirements of this section.】

#### LOCAL COOPERATOR TRAINING AGREEMENTS AND TRANSFERS OF EXCESS EQUIPMENT AND SUPPLIES FOR WILDFIRES

SEC. [420] 419. The Secretary of the Interior is authorized to enter into grants and cooperative agreements with volunteer fire departments, rural fire departments, rangeland fire protection associations, and similar organizations to provide for wildland fire training and equipment, including supplies and communication devices. Notwithstanding section 121(c) of title 40, United States Code, or section 521 of title 40, United States Code, the Secretary is further authorized to transfer title to excess Department of the Interior firefighting equipment no longer needed to carry out the functions of the Department's wildland fire management program to such organizations.

#### RECREATION FEES

SEC. [421] 420. Section 810 of the Federal Lands Recreation Enhancement Act (16 U.S.C. 6809) shall be applied by substituting "October 1, [2024] 2025" for "September 30, 2019".

#### REPROGRAMMING GUIDELINES

SEC. 422. #### TRIBAL LEASES

SEC. [429] 427. (a) Notwithstanding any other provision of law, in the case of any lease under section 105(l) of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 5324(l)), the initial lease term shall commence no earlier than the date of receipt of the lease proposal.

(b) The Secretaries of the Interior and Health and Human Services shall, jointly or separately, during fiscal year [2023] 2024 consult with tribes and tribal organizations through public solicitation and other means regarding the requirements for leases under section 105(l) of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 5324(l)) on how to implement a consistent and transparent process for the payment of such leases.

#### FOREST ECOSYSTEM HEALTH AND RECOVERY FUND

SEC. [430] 428. The authority provided under the heading "Forest Ecosystem Health and Recovery Fund" in title I of Public Law 111–88, as amended by section 117 of division F of Public Law 113–235, shall be applied by substituting "fiscal year [2023] 2024" for "fiscal year 2020" each place it appears.

#### ALLOCATION OF PROJECTS, NATIONAL PARKS AND PUBLIC LAND LEGACY RESTORATION FUND AND LAND AND WATER CONSERVATION FUND

SEC. [431] 429. (a)

(1) Within 45 days of enactment of this Act, the Secretary of the Interior shall allocate amounts made available from the National Parks and Public Land Legacy Restoration Fund for fiscal year [2023] 2024 pursuant to subsection (c) of section 200402 of title 54, United States Code, and as provided in subsection (e) of such section of such title, to the agencies of the Department of the Interior and the Department of Agriculture specified, in the amounts specified, for the stations and unit names specified, and for the projects and activities specified in the table titled "Allocation of Funds: National Parks and Public Land Legacy Restoration Fund Fiscal Year [2023] 2024" in the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act).

(2) Within 45 days of enactment of this Act, the Secretary of the Interior and the Secretary of Agriculture, as appropriate, shall allocate amounts made available for expenditure from the Land and Water Conservation Fund for fiscal year [2023] 2024 pursuant to subsection (a) of section 200303 of title 54, United States Code, to the agencies and accounts specified, in the amounts specified,

and for the projects and activities specified in the table titled "Allocation of Funds: Land and Water Conservation Fund Fiscal Year [2023] 2024" in the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act).

(b) Except as otherwise provided by subsection (c) of this section, neither the President nor his designee may allocate any amounts that are made available for any fiscal year under subsection (c) of section 200402 of title 54, United States Code, or subsection (a) of section 200303 of title 54, United States Code, other than in amounts and for projects and activities that are allocated by subsections (a)(1) and (a)(2) of this section: *Provided*, That in any fiscal year, the matter preceding this proviso shall not apply to the allocation of amounts for continuing administration of programs allocated funds from the National Parks and Public Land Legacy Restoration Fund or the Land and Water Conservation Fund, which may be allocated only in amounts that are no more than the allocation for such purposes in subsections (a)(1) and (a)(2) of this section.

(c) The Secretary of the Interior and the Secretary of Agriculture may reallocate amounts from each agency's "Contingency Fund" line in the table titled "Allocation of Funds: National Parks and Public Land Legacy Restoration Fund Fiscal Year [2023] 2024" to any project funded by the National Parks and Public Land Legacy Restoration Fund within the same agency, from any fiscal year, that experienced a funding deficiency due to unforeseen cost overruns, in accordance with the following requirements:

(1) "Contingency Fund" amounts may only be reallocated if there is a risk to project completion resulting from unforeseen cost overruns;

(2) "Contingency Fund" amounts may only be reallocated for cost of adjustments and changes within the original scope of effort for projects funded by the National Parks and Public Land Legacy Restoration Fund; and

(3) The Secretary of the Interior or the Secretary of Agriculture must provide written notification to the Committees on Appropriations 30 days before taking any actions authorized by this subsection if the amount reallocated from the "Contingency Fund" line for a project is projected to be 10 percent or greater than the following, as applicable:

(A) The amount allocated to that project in the table titled "Allocation of Funds: National Parks and Public Land Legacy Restoration Fund Fiscal Year [2023] 2024" in the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act); or

(B) The initial estimate in the most recent report submitted, prior to enactment of this Act, to the Committees on Appropriations pursuant to section 431(e) of division G of the Consolidated Appropriations Act, [2022] 2023 (Public Law [117–103] 117–328).

(d)

(1) Concurrent with the annual budget submission of the President for fiscal year [2024] 2025, the Secretary of the Interior and the Secretary of Agriculture shall each submit to the Committees on Appropriations of the House of Representatives and the Senate project data sheets for the projects in the "Submission of Annual List of Projects to Congress" required by section 200402(h) of title 54, United States Code: *Provided*, That the "Submission of Annual List of Projects to Congress" must include a "Contingency Fund" line for each agency within the allocations defined in subsection (e) of section 200402 of title 54, United States Code: *Provided further*, That in the event amounts allocated by this Act or any prior Act for the National Parks and Public Land Legacy Restoration Fund are no longer needed to complete a specified project, such amounts may be reallocated in such submission to that agency's "Contingency Fund" line: *Provided further*, That any proposals to change the scope of or terminate a previously approved project must be clearly identified in such submission.

(2)

(A) Concurrent with the annual budget submission of the President for fiscal year [2024] 2025, the Secretary of the Interior and the Secretary of Agriculture shall each submit to the Committees on Appropriations of the House of Representatives and the Senate a list of supplementary allocations for Federal land acquisition and Forest Legacy Projects at the National Park Service, the U.S. Fish and Wildlife Service, the Bureau of Land Management, and the U.S. Forest Service that are in addition to the "Submission of Cost Estimates" required by section 200303(c)(1) of title 54, United States Code, that are prioritized and detailed by account, program, and project, and that total no less than half the full amount allocated to each account for that land management Agency under the allocations submitted under section 200303(c)(1) of title 54, United States Code: *Provided*, That in the event amounts allocated by this Act or any prior Act pursuant to subsection (a) of section 200303 of title 54, United States Code are no longer needed because a project has been completed or can no longer be executed, such amounts must be clearly identified if proposed for reallocation in the annual budget submission.

(B) The Federal land acquisition and Forest Legacy projects in the "Submission of Cost Estimates" required by section 200303(c)(1) of title 54, United States Code, and on the list of supplementary allocations required by subparagraph (A) shall be comprised only of projects for which a willing seller has been identified and for which an appraisal or market research has been initiated.

(C) Concurrent with the annual budget submission of the President for fiscal year [2024] 2025, the Secretary of the Interior and the Secretary of Agriculture shall each submit to the Committees on Appropriations of the House of Representatives and the Senate project data sheets in the same format and containing the same level of detailed information that is found on such sheets in the Budget Justifications annually submitted by the Department of the Interior with the President's Budget for the projects in the "Submission of Cost Estimates" required by section 200303(c)(1) of title 54, United States Code, and in the same format and containing the same level of detailed information that is found on such sheets submitted to the Committees pursuant to section 427 of division D of the Further Consolidated Appropriations Act, 2020 (Public Law 116–94) for the list of supplementary allocations required by subparagraph (A).

(e) The Department of the Interior and the Department of Agriculture shall provide the Committees on Appropriations of the House of Representatives and Senate quarterly reports on the status of balances of projects and activities funded by the National Parks and Public Land Legacy Restoration Fund for amounts allocated pursuant to subsection (a)(1) of this section and the status of balances of projects and activities funded by the Land and Water Conservation Fund for amounts allocated pursuant to subsection (a)(2) of this section, including all uncommitted, committed, and unobligated funds, and, for amounts allocated pursuant to subsection (a)(1) of this section, National Parks and Public Land Legacy Restoration Fund amounts reallocated pursuant to subsection (c) of this section.

#### POLICIES RELATING TO BIOMASS ENERGY

SEC. [432] 430. To support the key role that forests in the United States can play in addressing the energy needs of the United States, the Secretary of Energy, the Secretary of Agriculture, and the Administrator of the Environmental Protection Agency shall, consistent with their missions, jointly—

(1) ensure that Federal policy relating to forest bioenergy—

(A) is consistent across all Federal departments and agencies; and

(B) recognizes the full benefits of the use of forest biomass for energy, conservation, and responsible forest management; and

(2) establish clear and simple policies for the use of forest biomass as an energy solution, including policies that—

(A) reflect the carbon neutrality of forest bioenergy and recognize biomass as a renewable energy source, provided the use of forest biomass for energy production does not cause conversion of forests to non-forest use;

(B) encourage private investment throughout the forest biomass supply chain, including in—

(i) working forests;

(ii) harvesting operations;

(iii) forest improvement operations;

(iv) forest bioenergy production;

(v) wood products manufacturing; or

(vi) paper manufacturing;

(C) encourage forest management to improve forest health; and

(D) recognize State initiatives to produce and use forest biomass.

#### SMALL REMOTE INCINERATORS

SEC. [433] 431. None of the funds made available in this Act may be used to implement or enforce the regulation issued on March 21, 2011 at 40 CFR part 60 subparts CCCC and DDDD with respect to units in the State of Alaska that are defined as "small, remote incinerator" units in those regulations and, until a subsequent regulation is issued, the Administrator shall implement the law and regulations in effect prior to such date.

#### TIMBER SALE REQUIREMENTS

SEC. [434] 432. No timber sale in Alaska's Region 10 shall be advertised if the indicated rate is deficit (defined as the value of the timber is not sufficient to cover all logging and stumpage costs and provide a normal profit and risk allowance under the Forest Service's appraisal process) when appraised using a residual value appraisal. The western red cedar timber from those sales which is surplus to the needs of the domestic processors in Alaska, shall be made available to domestic processors in the contiguous 48 United States at prevailing domestic prices. All additional western red cedar volume not sold to Alaska or contiguous 48 United States domestic processors may be exported to foreign markets at the election of the timber sale holder. All Alaska yellow cedar may be sold at prevailing export prices at the election of the timber sale holder.

The Justice Information Sharing Technology (JIST) appropriation provides resources to the Department of Justice (DOJ) Chief Information Officer (CIO) to ensure progress towards DOJ's strategic goals in supporting agents, attorneys, analysts, and administrative staffs across the world in support of their missions. The CIO is also responsible for ensuring these and other IT investments align with DOJ's overall IT strategy, as well as its technical reference and enterprise architectures. JIST resources will fund the following programs in FY 2024: cybersecurity, IT transformation, IT architecture and oversight, and innovation engineering.

**Cybersecurity.**—Enhancing DOJ's cybersecurity posture remains a top priority for the Department and its leadership, as DOJ supports a wide range of missions, including national security, law enforcement investigations, prosecution, and incarceration. The systems supporting these critical missions must secure sensitive information, enable critical mission workflows, and protect the integrity of data and information guiding vital decisions.

**IT Transformation.**—IT transformation is an ongoing commitment to evolve DOJ's IT environment by driving toward shared commodity infrastructure services and seeking simplified design and implementation of tools to advance the mission. These efforts allow DOJ to shift from custom, government-owned solutions, to advanced industry-leading offerings at competitive pricing. The OCIO recognizes modernization as an ongoing activity, requiring IT strategies to adapt as technology changes.

**IT Architecture and Oversight.**—OCIO provides guidance on IT objectives and serves as a central aggregation point for reporting on activities from across components to help ensure compliance with enterprise architecture (EA) requirements from OMB and the Government Accountability Office. OCIO provides support to a wide range of IT planning, governance, and oversight processes such as IT investment management and Capital Planning and Investment Control (CPIC), as well as the DOJ Investment Review Council and Investment Review Board, which allow OCIO to ensure alignment of investments across the Department. The EA repository contains information on all departmental system, aligns investments to these systems, and maintains the Department's IT asset inventory in compliance with OMB Circular A-130. Oversight of the DOJ's IT environment by the CIO is vital given the role of technology in supporting DOJ's varied legal, investigative, and administrative missions. JIST resources fund the DOJ-wide IT architecture governance and oversight responsibilities of the OCIO. These efforts support the CIO's responsibilities in complying with FITARA, the Clinger-Cohen Act, and other applicable laws, regulations and Executive Orders covering Federal information technology management.

**Innovation Engineering.**—OCIO facilitates adoption of new and innovative technologies to support DOJ mission requirements. By creating partnerships with DOJ components, Federal agencies, and industry for the exploration of these new technologies, OCIO is responsible for leading the ideation, design, planning, and execution of enterprise-wide IT innovations to enhance DOJ user experiences, while ensuring alignment with DOJ architectures and strategic priorities.

The Executive Office for Immigration Review (EOIR) was created on January 9, 1983 through an internal Department of Justice (DOJ) reorganization that combined the Board of Immigration Appeals (BIA) with the Immigration Judge function. In addition to establishing EOIR as a separate agency within DOJ, this reorganization made the Immigration Courts independent of the agency charged with enforcement of Federal immigration laws. Under delegated authority from the Attorney General, EOIR conducts immigration court proceedings, appellate reviews, and administrative hearings. The Office of the Chief Administrative Hearing Officer was added in 1987. EOIR is headed by a Director, appointed by the Attorney General, who oversees approximately 70 Immigration Courts nationwide, the BIA, and the headquarters organization located in Falls Church.

The Office of the Inspector General (OIG) was statutorily established in the Department of Justice on April 14, 1989. The OIG investigates alleged violations of criminal and civil laws, regulations, and ethical standards arising from the conduct of the Department's employees. The OIG provides leadership and assists management in promoting integrity, economy, efficiency, and effectiveness within the Department and in its financial, contractual, and grant relationships with others. By statute, the OIG also reports to the Attorney General, the Congress, and the public on a semiannual basis regarding its significant activities.

The Audit Division is responsible for independent audits and reviews of Department organizations, programs, functions, computer security and information technology systems, and financial statement audits. The Audit Division also conducts or reviews external audits of expenditures made under Department contracts, grants, and other agreements.

The Investigations Division investigates allegations of civil rights violations, bribery, fraud, abuse and violations of other laws, rules, and procedures that govern Department employees, contractors, and grantees. This Division also develops these cases for criminal prosecution, civil action, or administrative action. In some instances, the OIG refers allegations to components within the Department and requests notification of their findings and of any disciplinary action taken.

The Evaluation and Inspections Division conducts program and management reviews that involve on-site inspection, statistical analysis, and other techniques to review Department programs and activities and makes recommendations for improvement.

The Oversight and Review Division investigates allegations of significant interest to the American public and the Congress, and of vital importance to the Department.

The Office of the General Counsel provides legal advice to OIG management and staff. It also drafts memoranda on issues of law; prepares administrative subpoenas; represents the OIG in personnel, contractual, ethical, and legal matters; and responds to Freedom of Information Act requests.

The Management and Planning Division provides advice to OIG senior leadership on administrative and fiscal policy, and assists OIG components in the areas of budget formulation and execution, security, personnel, training, travel, procurement, property management, telecommunications, records management, quality assurance, internal controls, and general support.

The Information Technology Division executes the OIG's IT strategic vision and goals by directing technology and business process integration, network administration, implementation of computer hardware and software, cybersecurity, applications development, programming services, policy formulation, and other mission-support activities.

and enforcing the conditions of supervised release for District of Columbia Code offenders; 3) making release decisions for United States citizens convicted of a crime in another country who voluntarily return to the United States for service of sentence; 4) performing parole-related functions for certain State offenders; and 5) exercising decision-making authority over State offenders who are on the State probation or parole, and are transferred to Federal authorities under the witness security program.

The Parole Commission works to reduce offender recidivism rates by implementing new revocation guidelines and establishing alternatives to incarceration for low-risk, non-violent offenders. In addition, the Commission seeks to improve the rehabilitation process by monitoring an effective offender supervision program through U.S. and District of Columbia probation officers, and through research studies that evaluate the effectiveness of offender supervision programs. The Parole Commission has oversight responsibility for the supervision of District of Columbia parolees and supervised releases under the National Capital Revitalization and Self-Government Improvement Act (P.L. 105–33).

The following Department legal activities are financed from this appropriation:

**Supreme Court Proceedings and Appellate Matters.**—The Office of the Solicitor General conducts substantially all litigation on behalf of the United States and its agencies in the Supreme Court of the United States, approves decisions to appeal and seek further review in cases involving the United States in the lower Federal courts, and supervises the handling of litigation in the Federal appellate courts.

**General Tax Matters.**—The mission of the Tax Division is to enforce the nation's tax laws fully, fairly, and consistently, through both criminal and civil litigation, in order to promote voluntary compliance with the tax laws, maintain public confidence in the integrity of the tax system, and promote the sound development of the law.

**Criminal Matters.**—The Criminal Division develops, enforces, and supervises the application of all Federal criminal laws, except those specifically assigned to other divisions. The mission of the Criminal Division is to identify and respond to critical and emerging national and international criminal threats, and to lead the enforcement, regulatory, and intelligence communities in a coordinated nationwide response to reduce those threats.

**Claims, Customs, and General Civil Matters.**—The Civil Division represents the Federal Government in civil litigation to defend Federal statutes, regulations, and policies, and to avoid payment of unjustified monetary claims. It also investigates and pursues perpetrators of financial, economic, health care, and other forms of fraud to recover billions of dollars owed to the Federal Government. Examples of non-monetary litigation include the defense of thousands of challenges to immigration enforcement decisions and to Federal activities involving counterterrorism, as well as enforcement of consumer protection laws.

**Environment and Natural Resource Matters.**—The Environment and Natural Resources Division enforces the Nation's civil and criminal environmental laws and defends environmental challenges to Government action. Additionally, the Division represents the United States in virtually all matters concerning the use and development of the Nation's natural resources and public lands, wildlife protection, Indian rights and claims, worker safety, animal welfare, and the acquisition of Federal property.

**Legal Opinions.**—The Office of Legal Counsel provides written opinions and oral advice in response to requests from the Counsel to the President, the various agencies of the executive branch, and offices within the Department, including the offices of the Attorney General and Deputy Attorney General.

**Civil Rights Matters.**—This program enforces the Nation's Federal civil rights laws. Through the enforcement of a wide range of anti-discrimination laws, the Division gives meaning to our Nation's promise of equal opportunity. The Division works to uphold and defend the civil and constitutional rights of all individuals, particularly some of the most vulnerable members of our society. The Division enforces Federal statutes that prohibit discrimination and provide a remedy for constitutional violations.

**INTERPOL Washington.**—This program is the United States National Central Bureau and designated representative to INTERPOL on behalf of the Attorney General. Its mission includes, but is not limited to, facilitating international police cooperation; transmitting criminal justice, humanitarian, and other law enforcement related information between U.S. law enforcement authorities and their foreign counterparts; and coordinating and integrating information for investigations of an international nature.

**Office of The Pardon Attorney.**—The Office of the Pardon Attorney (OPA) receives and evaluates clemency petitions for federal crimes and prepares letters of advice for the President for each application with approval from the Deputy Attorney General. In addition, OPA responds to inquiries concerning executive clemency petitions and the clemency process from applicants, their legal representatives, members of the public, and Members of Congress; prepares all necessary documents to effect the President's decision to grant or deny clemency; and provides advisory services to White House Counsel concerning executive clemency procedures.

**Reimbursable Programs.**—This reflects reimbursable funding for the following:

**Civil Division.**—For litigating cases under the National Childhood Vaccine Injury Act, and for litigating a number of extraordinarily large cases on behalf of the United States;

**Criminal Division.**—For activities related to healthcare fraud and drug prosecutions, international training programs, and asset forfeiture related activities;

**Environment and Natural Resources Division.**—From numerous client agencies for personnel, automated litigation support, and litigation consultant services for a variety of environmental, natural resource, land acquisition, and Native American cases, including from the Environmental Protection Agency for Superfund enforcement litigation; and,

**Civil Rights Division.**—For activities related to the Division's Complaint Adjudication Office and Health Care Fraud activities.

The Antitrust Division administers and enforces antitrust and related statutes. This program primarily involves the investigation of suspected violations of the antitrust laws, the conduct of civil and criminal proceedings in the Federal courts, and the maintenance of competitive conditions.

The Department of Justice Antitrust Division and the Federal Trade Commission (FTC) are responsible for reviewing corporate mergers to ensure they do not promote anticompetitive practices. Revenue collected from pre-merger filing fees, known as Hart-Scott-Rodino fees, are collected by the FTC and split evenly between the two agencies. In 2024, the Antitrust Division will continue to collect filing fees for pre-merger notifications and will retain these fees for expenditure in support of its programs.

The Federal Government is represented by a United States Marshal in each of the 94 judicial districts. The primary mission of the United States Marshals Service (USMS) is to protect, defend, and enforce the American justice system by securing Federal court facilities and ensuring the safety of judges and other court personnel; apprehending fugitives and non-compliant sex offenders; exercising custody of Federal prisoners, and providing for their security and transportation from arrest to incarceration; ensuring the safety of protected government witnesses and their families; executing Federal warrants and court orders; managing seized assets acquired through illegal means; and providing custody, management, and disposal of forfeited assets. The USMS is the principal support force in the Federal judicial system and an integral part of the Federal law enforcement community.

Other Federal funds are derived from the Administrative Office of the U.S. Courts for the Judicial Facility Security Program, the Assets Forfeiture Fund for seized assets management and disposal, the Fees and Expenses of Witnesses appropriation for security and relocation of protected witnesses, the Organized Crime Drug Enforcement Task Forces Program for multi-agency drug investigations, and the Department of Health and Human Services for protecting the Strategic National Stockpile. Non-Federal funds are derived from State and local governments for witness protection and the transportation of prisoners pursuant to State writs, as well as fees collected from service of civil process and sales associated with judicial orders.

For 2024, the USMS requests program increases totaling \$109.9 million. These program increases support the Administration's goals of upholding the rule of law by protecting public servants from violence and keeping our country safe by combating violent crime. To improve the safety, health, and resilience of Deputy U.S. Marshals, the USMS requests \$29.0 million to establish the protective equipment program, enhance the Deputy health medical examination contract, and establish psychological assessment reviews for Deputy applicants. To strengthen the Executive Protection Branch, the USMS requests \$21.0 million to add permanent protection details to surge resources when threats necessitate enhanced security. To support the full implementation of the Federal Officer Body Worn Camera program, the USMS requests \$48.6 million. To upgrade and replace electronic surveillance equipment which provides critical technological support for USMS fugitive investigations, the USMS requests \$6.3 million. Finally, the USMS request \$5.0 million to support the Administration's Zero Emission Vehicle initiative.

The Federal Prisoner Detention (FPD) appropriation is responsible for the costs associated with the care of Federal detainees in the custody of the United States Marshals Service (USMS). The USMS must ensure the safe, secure, and humane confinement of persons in its custody while allowing unimpeded prisoner transportation operations. The FPD appropriation provides for housing, subsistence, transportation, medical care, and medical guard service of Federal detainees in State, local, and private facilities.

The Federal Government utilizes various methods to house detainees. The USMS acquires detention bed space for Federal detainees through several means, using the most appropriate method to maximize efficiency and effectiveness for the Government:

- 1) Federally-owned and managed detention facilities, where the Government has paid for construction and operation of the facility, funded through the Federal Bureau of Prisons (BOP) appropriation;
- 2) Intergovernmental Agreements (IGAs) with State and local jurisdictions, whose excess prison and jail bed capacity is utilized via a negotiated daily rate paid to those jurisdictions; and
- 3) Private performance-based contract facilities, where an individual daily rate or contract minimum rate is paid. In response to the President's Executive Order (EO) 14006, "Reforming Our Incarceration System to Eliminate the Use of Privately Operated Criminal Detention Facilities," the USMS began the process of discontinuing its private detention facility contracts in March 2021.

Over 80 percent of the USMS detainee population that is placed in government facilities will be housed under IGAs.

For 2024, the USMS requests base adjustments to account for the projected changes to the detention population and per day jail costs.

This appropriation is used to pay fees and expenses of witnesses who appear on behalf of the Government in litigation in which the United States is a party. The United States Attorneys, the United States Marshals Service, and the Department's six litigating divisions are served by this appropriation.

**Fees and Expenses of Witnesses.**—Pays the fees and expenses associated with the presentation of testimony on behalf of the United States for fact witnesses who testify as to events or facts about which they have personal knowledge, and for expert witnesses who provide technical or scientific testimony. This program also pays the fees of physicians and psychiatrists who examine accused persons upon order of the court to determine their mental competency.

**Protection of Witnesses.**—Pays subsistence and other costs to ensure the safety of Government witnesses whose testimony on behalf of the United States places them or their families in jeopardy.

**Victim Compensation Fund.**—Pays restitution to any victim of a crime committed by a protected witness who causes or threatens death or serious bodily injury.

**Private Counsel.**—Pays private counsel retained to represent Government employees who are sued, charged, or subpoenaed for actions taken while performing their official duties (private counsel expenditures may be authorized for congressional testimony as well as for litigation in instances where Government counsel is precluded from representing the employee or private counsel is otherwise appropriate).

**Foreign Counsel.**—Allows the Civil Division, which is authorized to oversee litigation in foreign courts, to pay legal expenses of foreign counsel, retained and supervised by the Department of Justice, who represent the United States in cases filed in foreign courts.

**Alternative Dispute Resolution.**—Pays the costs of providing Alternative Dispute Resolution (ADR) services in instances wherein the Department has taken the initiative to use such services and wherein the courts have directed the parties to attempt a settlement using mediation or some other ADR process.

Public Law 114–113 provided \$4.6 billion starting in 2017 for the settlement of claims related to the September 11th attacks. Per Section 410, a new Treasury account was established called the "Victims Compensation Fund." This fund is available for the settlement of claim determinations issued after December 17, 2015. After all claims in the September 11th Victim Compensation Fund were resolved, \$813 million in remaining funding became available in the new Victims Compensation Fund.

On July 29, 2019, the President signed into law the Never Forget the Heroes: James Zadroga, Ray Pfeifer, and Luis Alvarez Permanent Authorization of the September 11th Victim Compensation Fund, Public Law 116–34. The Act extends the VCF's claim filing deadline to October 1, 2090, and appropriates such funds as may be necessary in each fiscal year through fiscal year 2092 to pay all eligible claims.

The United States Trustee Program (USTP or Program) supervises the administration of bankruptcy cases and private trustees in the Federal Bankruptcy Courts and litigates against fraud and abuse in the system by debtors, creditors, attorneys, bankruptcy petition preparers, and others. The Bankruptcy Judges, U.S. Trustees and Family Farmer Bankruptcy Act of 1986 (P.L. 99–554) expanded the pilot trustee program to a 21 region, nationwide program encompassing 88 judicial districts (bankruptcy cases filed in Alabama and North Carolina are administered by the Administrative Office of the U.S. Courts). The Bankruptcy Abuse Prevention and Consumer Protection Act of 2005, (P.L. 109–8) expanded the Program's responsibilities to include, among other things, means testing, credit counseling/debtor education, and debtor audits. The August 2019 enactment of the Small Business Reorganization Act (P.L. 116–54) gave the Program additional responsibilities regarding small business debtors.

USTP appropriations are offset primarily by revenues deposited into the United States Trustee System Fund from filing fees paid by consumer and business debtors as well as quarterly fees based on disbursements made by most chapter 11 debtors. The rates for quarterly fees were most recently amended by the January 2021 enactment of the Bankruptcy Administration Improvement Act of 2020 (P.L. 116–325), which adjusts rates from April 1, 2021 through December 31, 2025. In FY 2024, due to the impact of reduced bankruptcy filings over the COVID-19 pandemic on fee collections, the Program anticipates drawing down on the balance of the fund to fully offset the USTP's appropriation.

The Comprehensive Crime Control Act of 1984 established the Assets Forfeiture Fund (AFF) as a repository for forfeited cash and the proceeds of sales of forfeited property under any law enforced and administered by the Department of Justice in accordance with 28 U.S.C. 524(c). Authorities of the AFF have been amended by various public laws enacted since 1984. Under current law, authority to use the AFF for certain investigative expenses shall be specified in annual appropriations acts. Expenses necessary to seize, detain, inventory, safeguard, maintain, advertise, or sell property under seizure are funded through a permanent, indefinite appropriation. In addition, beginning in 1993, other general expenses of managing and operating the assets forfeiture program are paid from the permanent, indefinite portion of the AFF. Once all expenses are covered, the balance is maintained to meet ongoing expenses of the program. Excess unobligated balances may also be allocated by the Attorney General in accordance with 28 U.S.C. 524(c)(8)(E). During FY 2022 in response to the Russian invasion of Ukraine, the AFF provided resources in support of Task Force KleptoCapture investigations into Russian sanctions violations. This support will continue as necessary in FY 2023 and FY 2024. Pursuant to section 1708 of the Additional Ukraine Supplemental Appropriations Act, 2023 (Division M, Public Law 117-328), the AFF may transfer to the Secretary of State the proceeds of certain forfeited property for use by the Secretary of State to remediate the harms of Russian aggression towards Ukraine.

The Justice Prisoner and Alien Transportation System (JPATS) is responsible for transporting the majority of Federal detainees and prisoners in the custody of the United States Marshals Service or the Bureau of Prisons. JPATS transports both pretrial detainees and sentenced prisoners via coordinated air and ground systems without sacrificing the safety of the public, Federal employees, or those in custody. JPATS also transports detainees and prisoners on a reimbursable space-available basis for the Department of Defense, other participating Federal departments, and State and local agencies. Customers are billed based on the number of flight hours and the number of seats used to move their detainees/prisoners.

The Mission of the National Security Division (NSD) is to protect the United States from threats to our national security by pursuing justice through the law. NSD strengthens the Department's core national security functions by providing strategic national security policy coordination and development. NSD combines counterterrorism, counterintelligence, export control, and cyber prosecutors with attorneys who oversee the Department's foreign intelligence/counterintelligence operations, as well as attorneys who provide policy and legal advice on a wide range of national security issues. For 2024, NSD is requesting \$145 million to protect and defend the United States against the full range of national security threats, consistent with the rule of law.

The Organized Crime Drug Enforcement Task Forces (OCDETF) program identifies, disrupts, and dismantles major domestic and transnational criminal organizations (TCOs) that engage in high-level illicit activities which pose priority threats to public safety and the economic and national security of the United States. OCDETF accomplishes this mission by synthesizing the resources and expertise of 11 Federal law enforcement agency members, the Department of Justice's Criminal Division, United States Attorneys' Offices, and State and local law enforcement.

## ORGANIZED CRIME DRUG ENFORCEMENT TASK FORCES—Continued

The OCEDEF task force approach effectively coordinates two primary activities: investigation and prosecution.

**Investigation.**—This activity includes resources for the direct investigative, intelligence, and support activities of OCEDEF's multi-agency task forces, focusing on the disruption and dismantlement of major TCOs. Organizations participating under the Investigations function are the Drug Enforcement Administration, Federal Bureau of Investigation, Internal Revenue Service, Bureau of Alcohol, Tobacco, Firearms and Explosives, U.S. Coast Guard, U.S. Marshals Service, U.S. Secret Service, U.S. Postal Inspection Service, and Homeland Security Investigations. This activity also includes resources for the OCEDEF Fusion Center (OFC), a multi-agency intelligence center which analyzes fused law enforcement financial and human intelligence information. The OFC produces actionable intelligence for use by OCEDEF member agencies to disrupt and dismantle major criminal organizations and their supporting financial structures. In addition, the OFC contributes to the creation of strategic intelligence products that enhance TCO threat analyses and support national strategic efforts against transnational organized crime. OCEDEF also maintains 19 Co-Located Strike Forces and supports transnational organized crime investigations through its International Organized Crime Intelligence and Operations Center (IOC-2). IOC-2 is a multi-agency intelligence center with a mission to significantly disrupt and dismantle those international criminal organizations posing the greatest threat to the United States. Multiple Federal agencies participate in IOC-2 activities and related investigations.

**Prosecution.**—This activity includes resources for the prosecution of cases generated through the investigative efforts of task force agents. Litigation efforts are intended to dismantle in their entirety those major transnational criminal organizations engaged in the highest levels of drug trafficking, violence, and money laundering by targeting the leadership and support structures of these organizations. This includes activities designed to secure the seizure and forfeiture of the assets of these enterprises. Participating agencies are the U.S. Attorneys and the Department of Justice's Criminal Division.

The mission of the Federal Bureau of Investigation (FBI) is to protect the American people and uphold the Constitution of the United States.

The FBI's enterprise strategy includes several integrated components. The vision outlines the FBI's desired strategic position, which it aims to accomplish by continuously evolving to mitigate existing threats and anticipate future threats. To focus efforts across the enterprise, the FBI developed strategic objectives, operational mission priorities, through its Integrated Program Management process.

The FBI is headed by a Director, who is appointed by the President and confirmed by the Senate. FBI Headquarters, located in Washington, DC, provides centralized operational, policy, and administrative support to FBI investigations. The FBI operates 56 field offices in major U.S. cities and approximately 350 resident agencies (RAs) throughout the country. RAs are satellite offices that allow the FBI to maintain a presence in and serve local communities. The FBI also operates 63 Legal Attache offices and 36 sub-offices in 80 foreign countries around the world. Additionally, there are several specialized facilities and analytical centers within the FBI that are located across the country, such as the Criminal Justice Information Services Division in Clarksburg, WV; the Richard Shelby Center for Innovation and Advanced Training in Huntsville, AL; and the FBI Academy and Laboratory at Quantico, VA.

A number of FBI activities are carried out on reimbursable bases. For example, the FBI is reimbursed for its participation in the Organized Crime Drug Enforcement Task Force program and by other Federal agencies for certain intelligence and investigative services, such as pre-employment background inquiries and fingerprint and name checks. The FBI is also authorized to conduct fingerprint and name checks for certain non-Federal agencies.

For 2024, the FBI is requesting \$11.3 billion in Salaries and Expenses funding. Specifically, the FBI requests program increases of \$63.4 million to bolster its cyber investigative program, \$13.0 million to counter acts of terrorism, \$4.5 million to address core counterintelligence needs and other national security priorities, \$14.9 million to combat violent crime, \$53.1 million to enhance its DNA program, \$27.2 million to defend the organization against cybersecurity threats, \$3.1 million to bolster the organization's technology, \$14.1 million to deploy zero emission vehicles and charging and refueling infrastructure, and \$2.8 million for body worn cameras.

For 2024, the FBI is requesting a total of \$61.9 million in Construction funding for the Secure Work Environment program and for renovations at the FBI Academy in Quantico, Virginia.

The Administration recognizes the critical need for a new FBI headquarters. The J. Edgar Hoover building can no longer support the long-term mission of the FBI. Major building systems are near end-of-life and structural issues continue to mount, making the current building unsustainable. The Administration proposes continuation of a multi-year effort to construct a modern, secure suburban facility from which the FBI can continue its mission to protect the American people.

GSA and FBI are currently working to select one of the three sites previously included in the 2016 procurement, on which GSA will construct a Federally-owned, modern and secure headquarters facility for at least 7,500 personnel in the D.C. suburbs. Pending the site selection and full funding, GSA and FBI will proceed with procurement and construction activities.

## CONSTRUCTION—Continued

The 2024 Budget supports the funding necessary for execution of this complex project via the Federal Capital Revolving Fund (FCRF). The Administrations FCRF proposal provides a new budgetary mechanism to fully fund the costs of very large civilian real property capital projects that are difficult to accommodate in the annual appropriations process. This is accomplished by providing mandatory resources for the total project cost upfront and repaying those resources with annual discretionary appropriations over 15 years. For the FBI suburban headquarters campus, the Budget proposes a \$3.5 billion allocation from the FCRF, to be repaid by the Federal Buildings Fund in 15 annual amounts of \$233 million. The FCRF funding would be paired with \$645 million in GSA prior year appropriations to support the acquisition and construction of the FBI's new suburban headquarters campus.

Additionally, GSA and FBI continue efforts to identify a Federally-owned location in the District of Columbia to support a presence of approximately 750–1,000 FBI personnel that would support day-to-day FBI engagement with DOJ headquarters, the White House, Congress and other partners. The Administration plans to use existing balances in the FBI's account previously appropriated for the new headquarters effort to build out a downtown D.C. location to support the FBI's mission.

The Drug Enforcement Administration's (DEA) mission is to enforce the controlled substances laws and regulations of the United States. To meet this mission, the DEA prioritizes addressing current, emerging, and evolving drug threats domestically by dismantling criminal drug networks that threaten the safety and health of communities spanning the country. The DEA's major focus is to defeat the Sinaloa and the Jalisco cartels, the largest Mexican criminal networks trafficking fentanyl and methamphetamines into the United States. The DEA is committed to implementing a transformative data strategy powering data-driven intelligence and analyses enabling the DEA to trace the flow of deadly drugs from manufacture to distribution. By leveraging data and subject matter expertise to map trafficking networks, the DEA has developed a sophisticated means of isolating and eliminating threats, leading to increased public safety.

The DEA recognizes the importance of community outreach and support in preventing drug misuse as well as combatting drug trafficking. Along with its enforcement efforts, the DEA continues to message the danger of counterfeit pills through its One Pill Can Kill campaign. One Pill Can Kill and other community outreach efforts provide the public with critical information through websites, publications, exhibits, educational programs, and presentations. Additionally, these efforts facilitate collaboration throughout the domestic field divisions and in partnerships with dozens of Federal, State, and local organizations that have the common cause of preventing substance misuse.

The DEA has 241 domestic offices including 23 field divisions throughout the United States. Internationally, the DEA has 93 foreign offices in 69 countries and coordinates and pursues U.S. drug investigations abroad. For nearly 44 years, the DEA has led a task force program that today includes approximately 3,000 task force officers participating in approximately 360 task forces. The DEA's Special Operations Division (SOD) and the El Paso Intelligence Center (EPIC) are vital resources for Federal, State, and local law enforcement. Additionally, through the Office of National Security Intelligence (ONSI), the DEA shares national security information obtained in the course of conducting its drug law enforcement mission with the Intelligence Community.

DEA's activities are divided into three decision units:

**Domestic Enforcement.**—Through effective enforcement efforts and associated support functions, the DEA disrupts and dismantles the leadership, command, control, and infrastructure of major drug trafficking syndicates, criminal organizations, and violent drug trafficking groups that threaten the United States. This decision unit contains most of DEA's resources, domestic enforcement groups, State and local task forces, other Federal and local task forces, intelligence groups, and all the support functions essential to accomplishing their mission. DEA's objectives for Domestic Enforcement include:

—Identifying and targeting the national/regional organizations most responsible for the domestic distribution and manufacture of illicit drugs;

—Systematically disrupting or dismantling targeted organizations by arresting/convicting their leaders and facilitators, seizing and forfeiting their assets, targeting their money laundering operations, and destroying their command and control networks; and,

—Working with international offices to dismantle domestic organizations directly affiliated with Transnational Criminal Organizations, including the Sinaloa and Jalisco cartels.

**International Enforcement.**—The DEA works with its foreign counterparts to attack the vulnerabilities in the leadership, production, transportation, communications, finance, and distribution sectors of major international drug trafficking organizations. DEA's objectives for International Enforcement include:

—Identifying and targeting the most significant international drug and chemical trafficking organizations;

—Disrupting and dismantling the networks, financial infrastructures, operations, and resource bases of targeted international drug and chemical trafficking organizations; and

—Preventing drug trafficking organizations from funding terrorist organizations and activities.

**State and Local Assistance.**—The DEA supports State and local law enforcement with assistance and training so that State and local agencies can better address the environmental threat of clandestine laboratories in their communities.

For 2024, DEA requests \$9.0 million to expand Operation Overdrive, a data-driven, intelligence-led approach for identifying and dismantling criminal drug networks operating in areas with the highest rates of violence and drug poisoning deaths; \$10 million for the development of a modern case management system and unified data platform to enhance the DEA's ability to process, analyze, and apply intelligence to large volumes of data; and \$6.8 million for zero emission vehicles.

Public Law 102–395 established the Diversion Control Fee Account in 1993. The Drug Enforcement Administration's (DEA) Diversion Control Program sets fees at a level to ensure the recovery of the full cost of operating the program. By carrying out the mandates of the Controlled Substances Act (CSA), the DEA ensures that adequate supplies of controlled drugs are available to meet legitimate medical, scientific, industrial, and export needs, while preventing, detecting, and eliminating diversion of these substances to illicit traffic. The CSA requires physicians, pharmacists, and chemical companies to register with the DEA in order to distribute or manufacture controlled substances or listed chemicals. The registrant community, physicians, prescribers, and pharmacists, can be seen as the first line of defense against the opioid epidemic now facing the United States. The engagement and education of these community members can help in reducing the overprescribing of opioids and the prevention of abuse and illicit use. Investigations conducted by the Diversion Control Program fall into two distinct categories: the diversion of legitimately manufactured pharmaceutical controlled substances and the diversion of controlled chemicals (List I and II) used in the illicit manufacture of controlled substances. The DEA's objectives for diversion control include:

—Identifying and targeting those responsible for the diversion of pharmaceutical controlled substances through traditional investigations and cybercrime initiatives to systematically disrupt and dismantle those entities involved in diversion schemes;

—Supporting the registrant population with improved technology, including e-commerce and customer support, while maintaining cooperation, support, and assistance from the regulated industry;

—Educating the public on the dangers of controlled prescription drug abuse and proactive enforcement measures to combat emerging drug trends; and,

—Ensuring an adequate and uninterrupted supply of pharmaceutical controlled substances and listed chemicals to meet legitimate medical, commercial, and scientific needs.

The Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) is the U.S. law enforcement agency dedicated to protecting our Nation from the illicit use of firearms and explosives in violent crime and acts of terrorism. The ATF protects our communities from violent criminals and criminal organizations by investigating and preventing the illegal use and trafficking of firearms, the illegal use and improper storage of explosives, acts of arson and bombings, and the illegal diversion of alcohol and tobacco products. The ATF regulates the firearms and explosives industries from manufacture and/or importation through retail sale to ensure that Federal Firearms Licensees and Federal Explosives Licensees and permittees conduct business in compliance with all applicable laws and regulations.

For FY 2024, the ATF requests \$70.2 million for targeted efforts to fight violent crime and promote gun safety, which includes \$25.6 million for Combating Gun Violence; \$37.8 million to enhance community policing efforts through the Body Worn Camera Program and \$6.8 million for Zero Emission Vehicles.

This appropriation will provide for the custody and care of a projected average daily population of over 158,000 individuals, and for the maintenance and operation of 122 penal institutions, regional offices, and a central office located in Washington, D.C. The appropriation also finances the incarceration of individuals in our care and custody who are in State and local jails and other facilities for short periods of time. The Federal Prison System (FPS) also receives reimbursements for the daily care and maintenance of State and local offenders, for utilities used by Federal Prison Industries, Inc., for staff housing, and for meals purchased by FPS staff at institutions.

**Inmate Care and Programs.**—This activity covers the costs of all food, medical supplies, clothing, welfare services, release clothing, transportation, gratuities, staff salaries (including salaries of Health Resources and Services Administration commissioned officers), and operational costs of functions directly related to providing inmate care. This decision unit also finances the costs of GED classes and other educational programs, vocational training, drug treatment, religious programs, psychological services, and other inmate programs such as Life Connections.

**Institution Security and Administration.**—This activity covers costs associated with the maintenance of facilities and institution security. This activity finances institution maintenance, motor pool operations, powerhouse operations, institution security, and other administrative functions. In addition, this activity covers all costs associated with general administration and provides funding for the central office, regional offices, and staff training centers. Also included are oversight functions of the executive staff and regional and central office program managers in the areas of budget development and execution; financial management; procurement and property management; human resource management; inmate systems management; safety; legal counsel; research and evaluation; and systems support.

**Contract Confinement.**—This activity provides for the confinement of sentenced Federal offenders in a Government-owned, contractor-operated facility, and State, local, and private contract facilities. It also provides for the care of individuals in custody who are in contract community residential centers and covers the costs associated with management and oversight of contract confinement functions.

For 2024, the Federal Bureau of Prisons (BOP) requests a total of \$409 million in base funding to continue robustly implementing the First Step Act. The full and timely implementation of the First Step Act remains a priority for the BOP. The 2024 request also includes \$22.1 million in program increases: \$12 million for Inmate Communications, to establish a secure system to provide electronic access to court documents for those in the BOP's care; and \$10.1 million for Zero Emission Vehicles and Infrastructure. In addition, the 2024 Budget supports a transfer of no less than 2 percent from the BOP First Step Act funding to support NIJ's research and evaluation of First Step Act related programs and activities.

Federal Prison Industries, Inc. (FPI), was created by the Congress in 1934 and is a wholly-owned Government corporation. Its mission is to employ and train Federal inmates through a diversified work program providing products and services to other Federal agencies. These operations are conducted in a self-sustaining manner so as to maximize meaningful inmate employment opportunities and minimize the effects of competition on private industry and labor. Employment provides inmates with work, occupational knowledge and skills, plus money for personal expenses and family assistance.

FPI operates as a revolving fund and does not receive an annual appropriation. The majority of revenues are derived from the sale of products and services to other Federal Departments, agencies, and bureaus. Operating expenses such as the cost of raw materials and supplies, inmate wages, staff salaries, and capital expenditures are applied against these revenues resulting in operating income or loss, which is reapplied toward operating costs for future production. In this regard, FPI makes capital investments in buildings and improvements, machinery, and equipment as necessary in the conduct of its industrial operation.

In order to increase inmate work opportunities, FPI continues to explore opportunities with commercial customers. In the Consolidated and Further Continuing Appropriations Act, 2012 (P.L. 112-55), FPI received two new authorities to increase inmate employment. The first enables FPI to recapture work that would otherwise be performed outside of the United States, also known as repatriation. The second authorized FPI to participate in the Prison Industries Enhancement Certification Program, which allows FPI to partner with commercial businesses under a strict set of conditions to manufacture and sell prison-made goods in interstate commerce.

The 2024 Budget requests \$141 million for the Office of Justice Programs (OJP) Research, Evaluation, and Statistics appropriation. This appropriation provides nationwide support for criminal justice professionals and decision-makers through programs that provide grants, contracts, and cooperative agreements for research, development, and evaluation, and support development and dissemination of quality and relevant statistical and scientific information. The information and technologies developed through OJP's research and statistical programs improve the efficiency and effectiveness of criminal justice programs at all levels of government.

**Research, Development, and Evaluation Program.**—The 2024 Budget proposes a direct appropriation of \$63 million for the National Institute of Justice (NIJ) to support high-quality research, development, and evaluation in the forensic, social, and physical sciences. Of this funding, \$1 million will be dedicated to school safety research; \$7.5 million will support research on domestic radicalization; \$1 million will research violence against American Indians and Alaskan Natives at extractive industry sites; \$5 million will support the new Building Better Metrics on Community Relations, Engagement, Safety & Trust (CREST) program; \$5 million will support the new Minority Serving Institutions (MSI) Research Capacity Building Program; \$5 million will be dedicated to the new NIJ Evidence Act Implementation Program; \$10 million will be used to establish the Reforming Policing Research Program; and \$5 million will support the new Novel Psychoactive Substances (NPS) Discovery Program. In addition, the 2024 Budget supports a transfer of no less than 2 percent from the Federal Bureau of Prisons (BOP) First Step Act funding to support NIJ's research and evaluation of First Step Act related programs and activities.

**Criminal Justice Statistics Program.**—The 2024 Budget proposes \$78 million for the Bureau of Justice Statistics (BJS) to carryout national statistical collections supporting data-driven approaches to reduce and prevent crime and to assist state, local and tribal governments in enhancing their statistical capabilities, including improving criminal history records and information systems. Current programs provide statistics on: victimization, corrections, law enforcement, Federal justice systems, prosecution and adjudication (courts), criminal histories and recidivism, and tribal communities. Of this total, \$2 million will support the new Better Cybercrime Metrics Act program; \$3 million will support a new Data on Maternal Health of Incarcerated Women data collection program; \$5 million will be used to support the Death in Custody Reporting Act data collection program; \$24 million will be used to support the redesign and enhancement of the National Crime Victimization Survey; \$2 million will be used to establish the Tracking Arrest and Court Case Outcomes Using Administrative Data program; \$4 million will support the new BJS Evidence Act Implementation Program; and \$1 million will support Implementation of Executive Orders on Advancing Effective, Accountable Policing and Criminal Justice Practices to Enhance Public Trust and Public Safety

**3% Research, Evaluation and Statistics Set Aside.**—The 2024 Budget requests a set-aside of up to 3 percent for research, evaluation, and statistics. The set-aside amount from OJP discretionary programs supports the base programs for NIJ and BJS.

**Management and Administration.**—The 2024 Budget proposes a total Management and Administration funding level of \$319.3 million for OJP, supporting 837 total FTE.

The 2024 Budget requests \$2.438 billion for the Office of Justice Programs' (OJP) State and Local Law Enforcement Assistance appropriation. State, local, and tribal law enforcement and criminal justice professionals are responsible for the majority of the Nation's day-to-day crime prevention and control activities. The programs supported by this account help OJP partners throughout the Nation to advance work that promotes civil rights, increases access to justice, supports crime victims, protects the public from crime and evolving threats, and builds trust between law enforcement and the community. These programs include a combination of formula and discretionary grant programs, coupled with robust training and technical assistance activities designed to address the most pressing crime-related challenges of confronting the criminal justice system. Priority programs in the 2024 Budget will promote criminal and juvenile justice system reform, advance innovation and the use of science, research, and statistics, prevent and reduce violent crime, combat the growing threat of hate crimes, and identify and promote services to victims. They include:

**Byrne Justice Assistance Grants (JAG).**—The Byrne Justice Assistance Grants program awards grants to state, local, and tribal governments to support a broad range of activities that prevent and control crime, including: law enforcement programs; prosecution and court programs; prevention and education programs; corrections and community corrections programs; drug treatment programs; and planning, evaluation, and technology improvement programs. The 2024 Budget proposes \$542.6 million for the JAG appropriation. Included in this amount is \$40 million for Project Safe Neighborhoods, which supports expanding the nationwide initiative that identifies the most pressing state and local violent crime problems and develops comprehensive strategies to address and prevent them, \$28 million for a new Criminal Justice Justice Researcher-Practitioner Smart Suite program, and \$15 million for a new Forensic Science Research and Development program. In addition, as part of the Byrne JAG program, the 2024 Budget continues to invest in the Capital Litigation Improvement Program (\$12 million), Training to Improve Police-Based Responses to the People with Mental Illness (\$10 million), Training to Improve Racial Profiling, De-escalation, and Duty to Intervene Program (\$20 million), Prison Rape Elimination Act Implementation Program (\$15.5 million), National Missing and Unidentified Persons System (NamUs) (\$5 million), Rural Law Enforcement Violent Crime Initiative (\$7 million), and the VALOR Initiative (\$13 million).

**Promoting Criminal Justice System Reform and Enhancing Civil Rights.**—The 2024 Budget directs funding to criminal justice system reform efforts, including efforts to address systemic inequities and build community trust with law enforcement. The 2024 Budget supports a wide range of programs addressing these issues, including \$300 million for a new Accelerating Justice System Reform initiative, which provides state, local, and tribal governments with additional resources to invest in addressing the root cause of crime, including gun crime and other violent crime.

**Preventing and Reducing Violent Crime through Community Based Programs.**—The 2024 Budget proposes to fund programs that help communities find evidence-based approaches to reduce crime and improve public safety, including \$200 million for Community Violence Intervention Initiative, which provides communities with funding to plan localized intervention programs to reduce violence and \$82 million for the STOP School Violence Act program.

**Assisting Communities, Law Enforcement, and Criminal Justice Agencies in Countering the Growing Threat of Hate Crime.**—The Budget requests funding for programs focused on addressing hate-crimes, including \$10 million for the Community-Based Approaches to Prevent and Address Hate Crimes program, \$10 million for the Matthew Shepard and James Byrd, Jr. Hate Crimes Prevention Grants Program, \$15 million for the Khalid Jabara and Heather Heyer NO HATE Act Program, and \$3 million for the Emmett Till Unsolved Civil Rights Crimes Act Program.

**Comprehensive Addiction Recovery Act (CARA).**—The 2024 Budget requests \$411 million for continued support for programs authorized by the Comprehensive Addiction Recovery Act, including \$190 million for OJP's Comprehensive Opioid, Stimulant, and Substance Use Program (COSSUP), which aims to reduce substance use and address use disorders, while reducing the number of overdose fatalities. The 2024 Budget also requests \$88 million for the Drug Court

Program, which provides an alternative to incarceration to addicted offenders who enter the criminal justice system, addressing their addiction through treatment and recovery support services and subsequently reducing recidivism. Other CARA-authorized programs requested in the budget include: Veterans Treatment Courts (\$25 million), Residential Substance Abuse Treatment (\$35 million), Justice and Mental Health Collaborations (\$40 million), and the Prescription Drug Monitoring Program (\$33 million).

**Second Chance Act Program.**—This program provides grants to establish and expand various adult and juvenile offender reentry programs and funds related research. Successful reintegration will reduce rates of criminal recidivism, thus increasing public safety. The 2024 Budget proposes \$117 million for this program. Of this total, \$10 million is for the Crisis Stabilization and Community Reentry program and \$5 million is for the Children of Incarcerated Parents Demonstration Grant Program.

**Combatting Sexual Assault and Human Trafficking.**—The 2024 Budget continues investments in several programs that assist state, local, and tribal governments in improving their response to sexual assault and eliminating forensic evidence analysis backlogs related to these cases. The 2024 Budget requests \$100 million for the Sexual Assault Kit Initiative and \$20 million for a regional training program to improve investigation of and response to sexual assault. The 2024 Budget also requests \$90 million to support human trafficking grant programs, including support for comprehensive and specialized services for human trafficking victims.

In addition to the budget request outlined above, OJP will also manage \$280 million in supplemental funding provided under the Bipartisan Safer Communities Act in FY 2024, including \$150 million for the Byrne State Crisis Intervention Program, \$50 million for Community Violence Intervention, \$40 million for the STOP School Violence program, and \$40 million for the National Criminal Records History Improvement Program.

#### STATE AND LOCAL LAW ENFORCEMENT ASSISTANCE

##### (Legislative proposal, subject to PAYGO)

As part of the Safer America Plan, the 2024 Budget proposes \$14.7 in mandatory funding over 10 years beginning in 2025 to support the Accelerating Justice System Reform program. Combined with the request for \$300 million in discretionary funding in 2024, the proposal would offer states, cities, tribes, and territories robust funding to advance strategies that will prevent violent crime and ease the burden on police officers so they do not have to respond to non-violent situations that may not merit police intervention, and in doing so deliver evidence-based criminal justice reforms that advance racial equity.

Examples of supported activities include drug court and diversion programs, co-responder or alternative responder programs, enhanced mental health and substance use disorder services, juvenile and youth-focused job opportunities and mentoring, environmental improvement and design strategies proven to reduce violent crime in high-risk neighborhoods, housing and other supportive services, and re-entry programs.

In order to receive these critical grants, jurisdictions must repeal mandatory minimums for non-violent crimes and change other laws that contribute to increased incarceration rates without making our communities safer.

The Community Oriented Policing Services (COPS) Office advances the practice of community policing by the Nation's state and local law enforcement agencies through information sharing and grant resources. COPS develops programs that respond directly to the emerging needs of law enforcement agencies to shift focus from reacting to preventing crime and disorder.

To advance this mission, COPS develops training and technical assistance to enhance law enforcement officers problem-solving and community interaction skills, promotes collaboration between law enforcement and community members to develop innovative initiatives to prevent crime, and provides cost-effective service delivery to grantees to support community policing. COPS awards grants to hire community policing professionals, develop and test innovative policing strategies, and provide training and technical assistance to community members, local government leaders, and all levels of law enforcement. Since 1994, the COPS Office has invested more than \$14 billion to help advance community policing, supporting over 13,000 of the Nation's 18,000 law enforcement agencies.

The Budget requests \$651 million for COPS programs, including \$537 million for the COPS Hiring Program. Within this amount, \$40 million is for tribal law enforcement; \$35 million is for Community Policing Development; \$20 million is for collaborative reform; \$8 million for Law Enforcement Mental Health and Wellness; and \$6 million is for the Tribal Access Program.

The Budget additionally proposes to implement reforms that seek to more closely align the COPS Hiring program with evidence-based strategies to reduce violent crime in partnership with communities.

President Biden's Safer America Plan calls for an investment to support 100,000 additional police officers who will be recruited, trained, hired, and supervised consistent with the standards in the Presidents Executive Order to advance effective, accountable community policing in order to enhance trust and public safety. In support of this plan, the 2024 Budget proposes an investment of \$10.9 billion in mandatory funding over five years to support the COPS Hiring Program.

The FY 2024 Budget requests \$4.4 billion in mandatory funding over five years to establish the new Gun Crime Prevention Strategic Fund. Announced as part of President Biden's Safer America Plan, this program supports comprehensive, evidence-based strategies to reduce crime and promote public safety.

Included in this proposal is \$2.67 billion to support task forces focused on reducing gun and violent crime rates, enhance the technological capacity of communities, clear court backlogs, and improve pretrial supervision; \$1 billion to implement new police training programs that enhance accountability, transparency, and the well-being of both officers and the communities they are sworn to serve; and \$750 million to bolster police officer recruitment and retention through new bonuses, student loan repayments, tuition reimbursement, pilot programs for workplace flexibilities, and expand mental health and wellness.

The mission of the Office on Violence Against Women (OVW) is to provide Federal leadership in developing the Nation's capacity to reduce domestic violence, dating violence, sexual assault, and stalking through the implementation of the Violence Against Women Act (VAWA).

By forging state, local, and tribal partnerships among police, prosecutors, judges, victim advocates, health care providers, faith leaders, organizations that serve culturally specific and underserved communities and others, OVW grant programs help provide victims with the protection and services they need to pursue safe and healthy lives, while simultaneously enabling communities to hold offenders accountable for their violence.

The 2024 Budget proposes \$1 billion for programs administered by OVW to prevent and respond to violence against women, including domestic violence, dating violence, sexual assault, and stalking.

The 2024 Budget requests \$760 million for the Office of Justice Programs (OJP) Juvenile Justice Programs to support State, local, tribal, and community efforts to develop and implement effective crime and delinquency prevention programs, develop and implement effective and innovative juvenile justice programs, ensure fairness and equitable treatment for all juveniles in contact with the justice system, provide appropriate reentry services for youth returning to their communities after detention in secure correctional facilities, and effectively address crimes against children and young people. The 2024 Budget requests \$157 million for the Part B: Formula Grants Program, which is the core program that supports State, local, and tribal efforts to improve the fairness and responsiveness of the juvenile justice system and to ensure appropriate accountability of the juvenile offender. The Budget requests \$151 million for Delinquency Prevention programs, including \$30 million for the Children Exposed to Violence Awareness and Intervention Initiative and \$20 million for the Girls in the Juvenile Justice System Program. The 2024 Budget invests in new juvenile justice programs, requesting \$15 million for the Eliminating Records-Related Barriers to Youth Success Program to aid justice-system-involved youth in setting aside (i.e. expunging, sealing, or vacating) their records to help bolster reentry success, \$30 million for a new Juvenile Justice and Child Welfare Collaboration Initiative that will assist communities in supporting dual status youth who have come into contact with both the juvenile justice system and the child welfare system, \$6 million for a new Youth and Family Engagement Training and Technical Assistance program, and \$5 million for a Youth-Focused Hate Crime Prevention and Intervention Initiative to combat hate crimes. The 2024 Budget also maintains support for priority programs, including \$50 million to support community-based alternatives to youth incarceration, \$40 million for the Improving Juvenile Indigent Defense Program, \$130 million for the Missing and Exploited Children Program (MECP), \$120 million for Youth Mentoring, and \$50 million for the Victims of Child Abuse Act program.

The 2024 Budget requests \$226.8 million for the Office of Justice Programs' Public Safety Officers' Benefits (PSOB) Program, of which \$192 million is a mandatory appropriation for death benefits and \$34.8 million is a discretionary appropriation for disability and education benefits. This appropriation supports programs that provide benefits to public safety officers who are severely injured in the line of duty and to the families and survivors of public safety officers killed or mortally injured in the line of duty. These programs represent the continuation of a partnership between the Department of Justice, national public safety organizations, and public safety agencies at the state, local, and tribal levels. The PSOB program oversees three types of benefits:

**Death Benefits.**—This program provides a one-time financial benefit to survivors of public safety officers whose deaths resulted from injuries sustained in the line of duty.

**Disability Benefits.**—This program offers a one-time financial benefit to public safety officers permanently disabled by catastrophic injuries sustained in the line of duty.

**Education Benefits.**—This program provides financial support for higher education expenses to the eligible spouses and children of public safety officers killed or permanently disabled in the line of duty.

The Crime Victims Fund (CVF) provides formula grants to states and territories to support compensation and services for victims of crime. CVF resources also supports training, technical assistance, and demonstration grants designed to improve the capabilities and capacity of victims services providers throughout the Nation. The Fund is financed by collections of fines, penalty assessments, and bond forfeitures from defendants convicted of Federal crimes. The 2024 Budget proposes to provide \$1.2 billion from collections and balances for crime victim compensation, services, and related needs. Of this amount, up to \$60 million is available for the Office for Victims of Crime for Tribal Victims Assistance Grants.

The Justice for Victims of Trafficking Act of 2015 (Public Law 114-22) created the Domestic Victims of Trafficking Fund (DVTf) and authorizes grants to expand and improve services for victims of trafficking in the U.S. and victims of child pornography as authorized by the Victims of Child Abuse Act of 1990, the Trafficking Victims Protection Act of 2000, and the Trafficking Victims Protection Reauthorization Act of 2005. All programs supported by DVTf are administered by the Office of Justice Programs in consultation with the Department of Health and Human Services. The 2023 Budget proposes a total of \$7 million (including \$5 million in funding transferred from the Department of Health and Human Services and \$2 million in collections from the Federal court system) to support grants under this program.

## GENERAL PROVISIONS—DEPARTMENT OF JUSTICE

(INCLUDING TRANSFER OF FUNDS)

SEC. 201. In addition to amounts otherwise made available in this title for official reception and representation expenses, a total of not to exceed \$50,000 from funds appropriated to the Department of Justice in this title shall be available to the Attorney General for official reception and representation expenses.

SEC. 202. None of the funds appropriated by this title shall be available to pay for an abortion, except where the life of the mother would be endangered if the fetus were carried to term, or in the case of rape or incest: *Provided*, That should this prohibition be declared unconstitutional by a court of competent jurisdiction, this section shall be null and void.

SEC. 203. None of the funds appropriated under this title shall be used to require any person to perform, or facilitate in any way the performance of, any abortion.

SEC. 204. Nothing in the preceding section shall remove the obligation of the Director of the Bureau of Prisons to provide escort services necessary for a female inmate to receive such service outside the Federal facility: *Provided*, That nothing in this section in any way diminishes the effect of section 203 intended to address the philosophical beliefs of individual employees of the Bureau of Prisons.

SEC. 205. Not to exceed 5 percent of any appropriation made available for the current fiscal year for the Department of Justice in this Act may be transferred between such appropriations, but no such appropriation, except as otherwise specifically provided, shall be increased by more than 10 percent by any such transfers: *Provided*, That any transfer pursuant to this section shall be treated as a reprogramming of funds under section [505] 504 of this Act and shall not be available for obligation except in compliance with the procedures set forth in that section: *Provided further*, That this section shall not apply to the following—

[(1) paragraph 1(Q) under the heading "State and Local Law Enforcement Assistance"; and]

[(2) paragraph (7) under the heading "Community Oriented Policing Services Programs".]

SEC. 206. None of the funds made available under this title may be used by the Federal Bureau of Prisons or the United States Marshals Service for the purpose of transporting an individual who is a prisoner pursuant to conviction for crime under State or Federal law and is classified as a maximum or high security prisoner, other than to a prison or other facility certified by the Federal Bureau of Prisons as appropriately secure for housing such a prisoner.

SEC. 207. (a) None of the funds appropriated by this Act may be used by Federal prisons to purchase cable television services, or to rent or purchase audiovisual or electronic media or equipment used primarily for recreational purposes.

(b) Subsection (a) does not preclude the rental, maintenance, or purchase of audiovisual or electronic media or equipment for inmate training, religious, or educational programs.

[SEC. 208. None of the funds made available under this title shall be obligated or expended for any new or enhanced information technology program having total estimated development costs in excess of \$100,000,000, unless the Deputy Attorney General and the investment review board certify to the Committees on Appropriations of the House of Representatives and the Senate that the information technology program has appropriate program management controls and contractor oversight mechanisms in place, and that the program is compatible with the enterprise architecture of the Department of Justice.]

SEC. [209] 208. The notification thresholds and procedures set forth in section [505] 504 of this Act shall apply to deviations from the amounts designated for specific activities in this Act and in the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act), and to any use of deobligated balances of funds provided under this title in previous years.

SEC. [210] 209. None of the funds appropriated by this Act may be used to plan for, begin, continue, finish, process, or approve a public-private competition under the Office of Management and Budget Circular A-76 or any successor administrative regulation, directive, or policy for work performed by employees of the Bureau of Prisons or of Federal Prison Industries, Incorporated.

[SEC. 211. Notwithstanding any other provision of law, no funds shall be available for the salary, benefits, or expenses of any United States Attorney assigned dual or additional responsibilities by the Attorney General or his designee that exempt that United States Attorney from the residency requirements of section 545 of title 28, United States Code.]

SEC. [212] 210. At the discretion of the Attorney General, and in addition to any amounts that otherwise may be available (or authorized to be made available) by law, with respect to funds appropriated by this title under the headings "Research, Evaluation and Statistics", "State and Local Law Enforcement Assistance", and "Juvenile Justice Programs"—

(1) up to 2 percent of funds made available to the Office of Justice Programs for grant or reimbursement programs may be used by such Office to provide training and technical assistance; and

(2) up to [2] 3 percent of funds made available for grant or reimbursement programs under such headings, except for amounts appropriated specifically for research, evaluation, or statistical programs administered by the National Institute of Justice and the Bureau of Justice Statistics, shall be transferred to and merged with funds provided to the National Institute of Justice and the Bureau of Justice Statistics, to be used by them for research, evaluation, or statistical purposes, without regard to the authorizations for such grant or reimbursement programs.

[This section shall not apply to paragraph 1(Q) under the heading "State and Local Law Enforcement Assistance".]

SEC. [213] 211. Upon request by a grantee for whom the Attorney General has determined there is a fiscal hardship, the Attorney General may, with respect to funds appropriated in this or any other Act making appropriations for fiscal years [2020] 2021 through [2023] 2024 for the following programs, waive the following requirements:

(1) For the adult and juvenile offender State and local reentry demonstration projects under part FF of title I of the Omnibus Crime Control and Safe Streets Act of 1968 (34 U.S.C. 10631 et seq.), the requirements under section 2976(g)(1) of such part (34 U.S.C. 10631(g)(1)).

(2) For grants to protect inmates and safeguard communities as authorized by section 6 of the Prison Rape Elimination Act of 2003 (34 U.S.C. 30305(c)(3)), the requirements of section 6(c)(3) of such Act.

SEC. [214] 212. Notwithstanding any other provision of law, section 20109(a) of subtitle A of title II of the Violent Crime Control and Law Enforcement Act of 1994 (34 U.S.C. 12109(a)) shall not apply to amounts made available by this or any other Act.

SEC. [215] 213. None of the funds made available under this Act, other than for the national instant criminal background check system established under section 103 of the Brady Handgun Violence Prevention Act (34 U.S.C. 40901), may be used by a Federal law enforcement officer to facilitate the transfer of an operable firearm to an individual if the Federal law enforcement officer knows or suspects that the individual is an agent of a drug cartel, unless law enforcement personnel of the United States continuously monitor or control the firearm at all times.

[SEC. 216. (a) None of the income retained in the Department of Justice Working Capital Fund pursuant to title I of Public Law 102-140 (105 Stat. 784; 28 U.S.C. 527 note) shall be available for obligation during fiscal year 2023, except up to \$12,000,000 may be obligated for implementation of a unified Department of Justice financial management system.

(b) Not to exceed \$30,000,000 of the unobligated balances transferred to the capital account of the Department of Justice Working Capital Fund pursuant to title I of Public Law 102-140 (105 Stat. 784; 28 U.S.C. 527 note) shall be available for obligation in fiscal year 2023, and any use, obligation, transfer, or allocation of such funds shall be treated as a reprogramming of funds under section 505 of this Act.

(c) Not to exceed \$10,000,000 of the excess unobligated balances available under section 524(c)(8)(E) of title 28, United States Code, shall be available for obligation during fiscal year 2023, and any use, obligation, transfer or allocation of such funds shall be treated as a reprogramming of funds under section 505 of this Act.]

SEC. [217] 214. Discretionary funds that are made available in this Act for the Office of Justice Programs may be used to participate in Performance Partnership

Pilots authorized under such authorities as have been enacted for Performance Partnership Pilots in appropriations acts in prior fiscal years and the current fiscal year.

【SEC. 218. The Attorney General shall submit to the Committees on Appropriations of the House of Representatives and the Senate quarterly reports on the Crime Victims Fund, the Working Capital Fund, the Three Percent Fund, and the Asset Forfeiture Fund. Enacted in 2014, the Workforce Innovation and Opportunity Act (WIOA) is the primary authorization for this appropriation account. The Act is intended to provide job seekers and workers with the labor market information, job search assistance, and training they need to get and keep good jobs, and to provide employers with skilled workers. Funds appropriated for this account generally are available on a July to June program year basis, and include substantial advance appropriation amounts. This account includes:

*Adult employment and training activities.*—Grants to provide financial assistance to States and territories to design and operate training and employment assistance programs for adults, including low-income individuals and public assistance recipients.

*Youth activities.*—Grants to support a wide range of activities and services to prepare low-income youth for academic and employment success, including summer and year-round jobs. The program links academic and occupational learning with youth development activities.

*Dislocated worker employment and training activities.*—Grants to provide reemployment services and retraining assistance to individuals dislocated from their employment. Includes competitive grants for POWER+, which will support community-led workforce transition, layoff aversion, job creation, and other strategic initiatives designed to ensure economic prosperity for workers and job seekers in the coal, oil, and gas industries. Also includes grants that will strengthen community colleges' capacity to provide effective training programs.

*Reentry Employment Opportunities.*—Supports activities authorized under section 169 of the WIOA to help individuals exiting incarceration make a successful transition to community life and long-term employment through mentoring, job training, and other services. The Department also provides competitive grants for a range of young adults who have been involved with the criminal justice system or who left high school before graduation, particularly those in high-poverty, high-crime areas, with similar services. The Administration intends to devote funds to test and replicate evidence-based strategies for serving individuals leaving incarceration. The Department of Labor will continue to coordinate closely with the Department of Justice and other relevant Agencies in carrying out this program.

*Apprenticeship.*—Activities that support and expand Registered Apprenticeship programs at the state and local levels through a range of activities, such as state-specific outreach strategies, partnerships, economic development strategies, and expanded access to apprenticeship opportunities for under-represented populations through pre-apprenticeships and career pathways.

*YouthBuild.*—Grants to provide academic training and occupational skills training, mentoring, and supportive services to eligible at-risk youth, with a specific focus on attaining construction skills through building or rehabilitating affordable housing for low-income or homeless families in their own neighborhoods.

*Indian and Native American Program.*—Grants to provide employment, education, intensive training, and supportive services to tribes, tribal consortia, and nonprofit Indian organizations.

*Migrant and Seasonal Farmworkers.*—Grants to provide employment and training services to migrant and seasonal farmworkers (MSFW) and their dependents. The program provides career, training, housing assistance, youth, and other related assistance services to MSFWs.

*Civilian Climate Corps.*—A multi-Departmental initiative to mobilize the next generation of conservation and resilience workers and maximize the creation of accessible training opportunities and good jobs.

*SECTOR.*—Grants to support the development and expansion of sector partnerships between employers, education and training providers, and community-based groups to equitably deliver high-quality training focused on growing industries, with a particular focus on clean energy sectors of the economy.

*Workforce Data Quality Initiative.*—Grants to support states in developing, connecting, and enhancing their longitudinal data systems that integrate education and workforce data to support evaluation and research on the effectiveness of workforce and education programs, and to provide customer-friendly information to help job seekers select the education and training programs that best suit their needs.

Established in 1964 as part of the Economic Opportunity Act and authorized by the Workforce Innovation and Opportunity Act of 2014 (P.L. 113–128, Title 1, Subtitle C, section 141), Job Corps is the nation's largest federally-funded, primarily residential, training program for at-risk youth. Job Corps provides economically disadvantaged youth with academic, career technical and marketable skills to enter the workforce, enroll in post-secondary education, or enlist in the military. Job Corps participants must be economically disadvantaged youth, between the ages of 16–24, and meet one or more of the following criteria: basic skills deficient; a school dropout; homeless, a runaway, or a foster child; a parent; or in need of additional education, vocational training, or intensive counseling and related assistance in order to participate successfully in regular schoolwork or to secure and hold employment.

Large and small businesses, nonprofit organizations, Native American organizations and Alaskan Native corporations manage and operate the majority of the Job Corps centers through contractual agreements with the Department of Labor, while the remaining centers are operated through an interagency agreement with the U.S. Department of Agriculture.

Community Service Employment for Older Americans (CSEOA) is a community service and work-based job training program for older Americans. Authorized by Title IV of the Older Americans Act, as amended, and reauthorized in 2020 (P.L. 116–131), the program provides training for low-income, unemployed seniors ages 55 and older. Participants gain work experience in a variety of community service activities at non-profit and public facilities, including schools, hospitals, day-care centers, and senior centers. The program provides over 40 million community service hours to public and non-profit agencies, allowing them to enhance and provide needed services.

The FY2024 Budget proposes a reauthorization of the Reversion 2021 version of the TAA program. This reauthorization would restore the version of TAA that was in effect from July 1, 2021, through June 30, 2022. Restoring Reversion 2021 would allow new eligible manufacturing workers displaced by foreign trade to receive the critical benefits and services of TAA, including employment and case management services, training, and income support.

**Unemployment compensation.**—State administration amounts provide administrative grants to State agencies that pay unemployment compensation to eligible workers and collect State unemployment taxes from employers. These agencies also pay unemployment benefits to former Federal personnel and ex-servicemembers as well as trade readjustment allowances to eligible individuals. State administration amounts also provide administrative grants to State agencies to improve the integrity and financial stability of the unemployment compensation program through a comprehensive performance management system, UI Performs. The purpose is to effect continuous improvement in State performance and implement activities designed to reduce errors and prevent fraud, waste, and abuse in the payment of unemployment compensation benefits and the collection of unemployment taxes. National activities relating to the Federal-State unemployment insurance programs are conducted through contracts or agreements with the State agencies or non-State entities. A workload contingency reserve is included in State administration to meet increases in the costs of administering the program resulting from increases in the number of unemployment claims filed and paid. The appropriation automatically provides additional funds whenever unemployment claim workloads increase above levels specified in the appropriations language.

**Employment service.**—The public employment service is a nationwide system providing no-fee employment services to job-seekers and employers. State employment service activities are financed by grants provided by formula to States. Funding allotments are provided annually on a Program Year basis beginning July 1 and ending June 30 of the following year.

Employment service activities serving national needs are conducted through specific reimbursable agreements between the States and the Federal Government under the Wagner-Peyser Act, as amended, and other legislation. States also receive funding under this activity for administration of the Work Opportunity Tax Credit, as well as for amortization payments for those States that had independent retirement plans prior to 1980 in their State employment service agencies.

Number of Participants Served .....	2,500,982	2,518,851	2,537,507	2,607,694

**Foreign Labor Certification.**—This activity provides for the administration and operation of the foreign labor certification programs within the Employment and Training Administration. Under these programs, U.S. employers that can demonstrate a shortage of qualified, available U.S. workers and no adverse impact on similarly situated U.S. workers may seek the Secretary of Labor's certification as a first step in the multi-agency process required to hire a foreign worker to fill critical permanent or temporary vacancies. Major programs include the permanent, H-2A temporary agricultural, H-2B temporary non-agricultural, CW-1 temporary, and H-1B temporary specialty occupations labor certification programs. The account is divided into Federal and State activities.

**Federal Administration.**—The Federal Administration budget activity provides adjudication services to employers filing applications for labor certification and prevailing wage determinations, including leadership, policy, budget, program operations including staffing (Federal and contractors), information technology, three national processing center facilities, and operational direction to Federal activities supporting the effective and efficient administration of foreign labor certification programs.

**State grants.**—The State grants budget activity provides grants to State workforce agencies in 50 States and 5 U.S. territories to fund activities required for the administration of Federal foreign labor certification programs. Activities funded through these grants include State Workforce Agency posting and circulation of job orders and other assistance to employers in the recruitment of U.S. workers, processing of employer requests for prevailing wage determinations for the permanent and temporary programs, inspection of housing provided by employers to temporary agricultural workers, and the development and implementation of prevailing wage and prevailing practice surveys used to set wages and standards in a defined geographic area.

**Workforce Information, Electronic Tools, and System Building.**—These funds are used to support the joint Federal-State efforts to improve the comprehensive American Job Center system authorized under the Workforce Innovation and Opportunity Act. This system provides workers and employers with quick and easy access to a wide array of enhanced career development and labor market information services. A portion of these funds supports a joint initiative between the Employment and Training Administration and the Office of Disability Employment Policy

to improve the accessibility and accountability of the public workforce development system for individuals with disabilities.

*National Agricultural Workers Survey fee.*—The Department of Labor conducts the National Agricultural Workers Survey (NAWS), which collects information annually about the demographic, employment, and health characteristics of the U.S. crop labor force. The information is obtained directly from farm workers through face-to-face interviews.

This account provides for general fund financing of extended unemployment benefit programs under certain statutes. It is also the mechanism used to make general fund reimbursements for

some or all of the benefits and administrative costs incurred for temporary Federal programs. These funds are transferred from the Payments to the Unemployment Trust Fund account to a receipt account in the Unemployment Trust Fund (UTF) so that resources may be transferred to the Employment Security Administration Account in the UTF for administrative costs, or to the Extended Unemployment Compensation Account or the Federal Unemployment Account in the UTF for benefit costs.

The Coronavirus Aid, Relief, and Economic Security Act (Public Law 116–136) provided as an incentive for states to enact state Short-Time Compensation (STC) programs and promote the use of STC, 100 percent reimbursement of STC benefit costs paid under state law for weeks ending on or before December 31, 2020. The Continued Assistance for Unemployed Workers Act of 2020 (Public Law 116–260) extended the 100 percent STC reimbursements to include weeks of unemployment ending on or before March 14, 2021, and the American Rescue Plan Act (Public Law 117–2) further extended the 100 percent STC reimbursements to include weeks of unemployment ending on or before September 6, 2021. Grant funding was also available to states whose permanent STC laws meet the Federal definition.

This account provides mandatory general revenue funding for Federal Pandemic Unemployment Compensation (FPUC), a temporary program established under the Coronavirus Aid, Relief, and Economic Security Act (Public Law 116–136). This program paid a supplement of \$600 on every week of unemployment compensation through July 31, 2020. It was then reauthorized by the Continued Assistance for Unemployed Workers Act of 2020 (Public Law 116–260) and modified to provide \$300 per week in supplemental benefits for weeks of unemployment beginning after December 26, 2020, and ending on or before March 14, 2021. In addition to reestablishing the FPUC program, the Continued Assistance for Unemployed Workers Act of 2020 established the Mixed Earners Unemployment Compensation (MEUC) program, which paid a \$100 supplemental to certain claimants with self-employment income for weeks of unemployment ending on or before March 14, 2021. The FAUC account also provides funding for the MEUC program. The American Rescue Plan Act (Public Law 117–2) extended the FPUC program at \$300 per week and the MEUC program at \$100 per week for certain claimants for weeks of unemployment ending on or before September 6, 2021.

#### ADVANCES TO THE UNEMPLOYMENT TRUST FUND AND OTHER FUNDS

For repayable advances to the Unemployment Trust Fund as authorized by sections 905(d) and 1203 of the Social Security Act, and to the Black Lung Disability Trust Fund as authorized by section 9501(c)(1) of the Internal Revenue Code of 1986; and for nonrepayable advances to the revolving fund established by section 901(e) of the Social Security Act, to the Unemployment Trust Fund as authorized by 5 U.S.C. 8509, and to the "Federal Unemployment Benefits and Allowances" account, such sums as may be necessary, which shall be available for obligation through September 30, [2024] 2025. (*Department of Labor Appropriations Act, 2023.*)

This appropriation makes available funding for repayable advances (loans) to two accounts in the Unemployment Trust Fund (UTF): the Extended Unemployment Compensation Account (EUCA) which pays the Federal share of extended unemployment benefits, and the Federal Unemployment Account (FUA) which makes loans to States to fund unemployment benefits. In addition, the account has provided repayable advances to the Black Lung Disability Trust Fund (BLDTF) when its balances proved insufficient to make payments from that account. The BLDTF now has authority to borrow directly from the Treasury under the trust fund debt restructuring provisions of Public Law 110–343. Repayable advances are shown as borrowing authority within the UTF or the BLDTF, and they do not appear as budget authority or outlays in the Advances to the Unemployment Trust Fund and Other Funds account.

This appropriation also makes available funding as needed for nonrepayable advances to the Federal Employees Compensation Account (FEC Account) to pay the costs of unemployment compensation for former Federal employees and ex-servicemembers, and to the Federal Unemployment Benefits and Allowances (FUBA) account to pay the costs of benefits and services under the Trade Adjustment Assistance (TAA) for Workers program. These advances are shown

as budget authority and outlays in the Advances account. The 2014 appropriations language included new authority for nonrepayable advances to the revolving fund for the Employment Security Administration Account (ESAA) in the UTF. In turn, this revolving fund may provide repayable, interest-bearing advances to the ESAA if it runs short of funds, and the borrowing authority will enable the ESAA to cover its obligations despite seasonal variations in the account's receipts.

Advances were not needed for the FUA and EUCA accounts in FY 2022, and the Department estimates that no advances will be necessary in FY 2023 or FY 2024. Detail on the nonrepayable advances is provided above; detail on the repayable advances is shown separately in the UTF or the BLDTF.

To address the potential need for significant and somewhat unpredictable advances to various accounts, the Congress appropriates such sums as necessary for advances to all of the potential recipient accounts. The FY 2024 request continues this authority.

#### PROGRAM ADMINISTRATION

For expenses of administering employment and training programs, **[\$118,900,000]** \$157,344,000, together with not to exceed **[\$54,015,000]** \$68,122,000 which **[may be expended]** shall be available from the Employment Security Administration Account in the Unemployment Trust Fund: *Provided, That such amounts shall remain available through September 30, 2025. (Department of Labor Appropriations Act, 2023.)*

This account provides for the Federal administration of Employment and Training Administration programs.

**Training and Employment services.**—Training and Employment services provides leadership, policy direction and administration for a decentralized system of grants to State and local governments. The account also provides Federally administered programs for job training and employment assistance for low-income adults, youth, and dislocated workers; training and employment services to special targeted groups; settlement of trade adjustment petitions; and related program operations support activities.

**Workforce security.**—Provides leadership and policy direction for the administration of the comprehensive nationwide public employment service system; oversees unemployment insurance programs in each State; supports a one-stop career center network, including a comprehensive system of collecting, analyzing and disseminating labor market information; and includes related program operations support activities.

**Office of Apprenticeship.**—Bolsters Registered Apprenticeship programs across the U.S. and ensures that historically underrepresented groups have access. Oversees the administration of a Federal-State apprenticeship structure that registers apprenticeship training programs meeting national standards. Provides outreach to employers and labor organizations to promote and develop high-quality apprenticeship programs.

**Executive direction.**—Provides leadership and policy direction for all training and employment services programs and activities and provides for related program operations support, including research, evaluations, and demonstrations.

The Budget proposes authorizing legislation to establish and retain fees to cover the costs of operating the foreign labor certification programs. For several employment-based visa categories, the foreign labor certification programs help ensure that employers proposing to hire foreign workers have verified that there are an insufficient number of able, willing, and qualified U.S. workers available for the job and that the foreign workers will be appropriately compensated and not disadvantage similarly employed U.S. workers. The ability to charge fees in these programs would give the Department a more reliable, workload-based funding source for this function, similar to the fee-based funding structure in place at the Department of Homeland Security. The proposal would reduce reliance on annual discretionary appropriations and impose the cost of operations on the employers that use and most benefit from the foreign labor certification programs.

The proposal would authorize the Department to charge fees for its prevailing wage determinations, permanent labor certification program, H-2B nonagricultural workers program, and CW-1 Northern Mariana Islands transitional workers program, as well as retain and adjust the fees already collected for H-2A labor certifications, which are currently deposited in the U.S. Treasury's General Fund. The fee levels, including possible expedited processing fees, would be set via regulation to ensure that the amounts are subject to review and reflect the cost to DOL of operating the programs. Given the DOL Office of the Inspector General's (OIG) important role in investigating fraud and abuse, the proposal also includes a mechanism to provide funding for OIG's work in the foreign labor certification programs.

The financial transactions of the Federal-State and railroad unemployment insurance systems are made through the Unemployment Trust Fund (UTF). The UTF has two accounts for the railroad unemployment insurance system but for the Federal-State unemployment insurance system there are 57 separate accounts: one for each of the 50 states, three jurisdictions (District of Columbia, Puerto Rico, Virgin Islands) and four Federal accounts. The state and jurisdiction accounts receive funds from a state unemployment insurance payroll tax which is used to pay benefits. The Federal Unemployment Tax Act (FUTA) payroll tax provides funds for two of the Federal accounts—the Employment Security Administration Account (ESAA) and the Extended Unemployment Compensation Account (EUC)—while the remaining two, the Federal Unemployment Account (FUA) and the Federal Employees Compensation Account (FEC Account), are revolving accounts.

Except for FEC Account balances, funds on deposit in the UTF accounts are invested in Government securities until needed for payment of benefits or administrative expenses. The FUTA payroll tax is deposited in the ESAA which retains 80 percent of the deposit and pays the costs of Federal and State administration of the unemployment insurance system, veterans' employment services, surveys of wages and employment, foreign labor certifications and about 97 percent of the costs of the Employment Service. The other 20 percent of FUTA is transferred to the EUC which pays for certain extended benefit (EB) payments. During periods of high State unemployment, there is a stand-by program of EB, financed one-half by State unemployment taxes and one-half by the FUTA payroll tax.

The UTF also provides repayable advances (loans) from the FUA to States and jurisdictions when the balances in their individual accounts are insufficient to pay benefits. Federal accounts in the UTF may receive repayable and nonrepayable advances from the general fund when they have insufficient balances to make advances to States, pay the Federal share of extended unemployment benefits, or pay for State and Federal administrative costs.

The FEC Account in the UTF provides funds to States for unemployment compensation benefits paid to eligible former Federal civilian personnel, Postal Service employees, and ex-serVICEmembers. In turn, the various Federal agencies reimburse the FEC Account for benefits paid to their former employees. The FEC Account is not funded out of Federal unemployment taxes. Any additional resources necessary to assure that the FEC Account can make the required payments to States are provided from the Advances to the Unemployment Trust Fund and Other Funds appropriation.

Both the benefit payments and administrative expenses of the separate unemployment insurance program for railroad employees are paid from the UTF, and receipts from a tax on railroad payrolls are deposited into the program's accounts in the UTF to meet expenses.

The FY 2024 Budget proposes a package of legislative changes to improve Unemployment Insurance (UI) program integrity. This compilation of proposals would provide new tools and controls to states to ensure the right payments go to the right workers. The package would require states to conduct certain anti-fraud steps, incentivize them to recover overpayments, and provide the Department with more actionable enforcement authority.

*Jobs for Veterans State grants.*—The Jobs for Veterans Act (JVA) of 2002 provides the foundation for this budget activity. The JVA requires the Veterans' Employment and Training Service (VETS) to act on behalf of the Secretary in the promulgation of policies and regulations that ensure maximum employment and training opportunities for veterans and priority of service for veterans (38 U.S.C. 4215) within the state workforce delivery system for employment and training programs funded in whole or in part by the U.S. Department of Labor. Under the JVA, grants are allocated to the states according to the statutory formula to support Disabled Veterans' Outreach Program (DVOP) specialists and Local Veterans' Employment Representative (LVERs) staff.

DVOP specialists (38 U.S.C. 4103A) provide intensive services to meet the employment needs of eligible veterans. DVOP specialists place maximum emphasis on assisting veterans with significant barriers to employment. LVER staff (38 U.S.C. 4104) conduct outreach to employers, employer associations, and business groups to promote the advantages of hiring veterans. LVERs also facilitate employment, training, and placement services provided to veterans under the applicable state employment service delivery system, including American Job Centers by educating all workforce partner staff on current employment initiatives and programs for veterans. In addition, each LVER provides reports to the manager of the state employment service delivery system and to the state Director for Veterans Employment and Training (38 U.S.C. 4103) regarding the state's compliance with Federal law and regulations with respect to special services and priorities for eligible veterans.

*Transition Assistance Program (TAP).*—(10 U.S.C. 1144, 38 U.S.C. 4113) This program provides employment workshops for separating service members and their spouses to prepare these individuals for entry into the civilian workforce and job market. Its primary goal is to facilitate the transition from military to civilian employment. VETS coordinates with Federal agencies including the Departments of Defense, Veterans Affairs, Education and Homeland Security, and also the Small Business Administration and the Office of Personnel Management to provide transition services to military service members separating from active duty. The 2019 National Defense Authorization Act instructed responsible agencies to improve TAP and directed DOL to deliver a mandatory one-day employment planning workshop for all transitioning service members, as well as optional days of instruction on general employment preparation and Vocational Training for transitioning service members interested in apprenticeship opportunities and

technical careers. VETS also serves veterans and veteran spouses through the Off Base Transition Training pilot at selected states, to further serve and support underserved populations in locations away from active duty installations.

**National Veterans' Training Institute (NVTI).**—NVTI develops and supplies competency-based training to Federal and state providers of services to veterans (38 U.S.C. 4109). NVTI is administered through a contract and supported by dedicated funds. NVTI ensures that these service providers receive a comprehensive foundation and ongoing staff development so they can effectively assist job-seeking veterans.

**Homeless Veterans' Reintegration Program (HVRP).**—HVRP (38 U.S.C. 2021, 2021A and 2023) provides grants to states or other public entities, as well as to non-profits, including faith-based organizations. Grantees operate employment programs to assist homeless veterans reintegrate into meaningful employment and stimulate the development of effective service delivery systems that will address the complex problems facing homeless veterans. VETS partners with the U.S. Departments of Veterans Affairs and Housing and Urban Development to promote multi-agency-funded programs that integrate the different services needed by homeless veterans.

**Federal management.**—VETS' Federal management budget activity supports the Federal administration of 38 U.S.C. 41, 42, and 43. This allows VETS to carry out programs and develop policies to provide employment and training opportunities designed to meet the needs of veterans (38 U.S.C. 4102–4115). This activity provides for the salary and benefits, travel, and training for all VETS' current staff in the national office, six regional offices, and offices in each state, the District of Columbia, and Puerto Rico. In addition, this activity provides for outreach and engagement with Federal, state, and local governments; private sector employers and trade associations; institutions of higher learning; non-profit organizations; and Veteran Service Organizations to help service members, returning veterans, and families reintegrate into the workforce.

It also enables VETS to discharge its responsibilities to administer, interpret, and enforce the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA), 38 U.S.C. 4301–4335, by providing technical assistance and investigating complaints received from veterans and service members who believe their employment and reemployment rights were violated. This budget activity enables VETS to investigate complaints received from veterans who claim a violation of their veterans' preference rights in Federal hiring pursuant to the Veterans' Employment Opportunities Act of 1998 (VEOA), 5 U.S.C. 3330a. VETS' Federal Contractor Program (VETS-4212) is also supported under this activity, pursuant to 38 U.S.C. 4212. These responsibilities involve the administration of a system whereby Federal contractors submit reports setting forth their affirmative action efforts to hire and retain eligible veterans.

Resources under the Federal management activity are also used to evaluate the job training and employment assistance services provided to veterans under the Jobs for Veterans State Grants (38 U.S.C. 4102A(b)(5)), and the Homeless Veterans Reintegration (38 U.S.C. 2021). VETS personnel provide technical assistance to grantees to ensure they meet negotiated and mandated performance goals and other grant provisions.

Federal management supports the oversight and development of policies for TAP (10 U.S.C. 1144 and 38 U.S.C. 4113). Through outreach and education efforts, such as job fairs, VETS staff raise the awareness of employers about the benefits of hiring veterans. The activities of the Advisory Committee for Veterans Employment, Training, and Employer Outreach (38 U.S.C. 4110) also are supported through this budget activity. In addition, through fee collection, the federal management activity fund administrative processes associated with the Honoring Investments in Recruiting and Employing American Military Veterans Act of 2017 (HIRE VETS Act or the Act).

The FY 2024 budget proposes to provide the Department with \$275,000,000 over 10 years to increase capacity for the agency to perform audits related to mental health and substance abuse (including investigating reimbursement rates as Non-Quantitative Treatment Limitations) and take action against non-compliant actors. These enhanced oversight and compliance efforts would increase the number of large group market health plans and issuers that are complying with the mental health parity requirements under the Mental Health Parity and Addiction Equity Act. Additionally, the Budget proposes to authorize EBSA to assess civil monetary penalties for parity violations.

The Pension Benefit Guaranty Corporation (PBGC or the Corporation) is a Federal corporation established under the Employee Retirement Income Security Act (ERISA) of 1974, as amended. It guarantees payment of basic pension benefits earned by over 33,000,000 of America's workers and retirees participating in more than 25,000 private-sector defined benefit pension plans. The Single-Employer Program protects about 22,300,000 workers and retirees in about 23,800 pension plans. The Multiemployer Program protects about 11,200,000 workers and retirees in about 1,360 pension plans. The Corporation's two insurance programs are legally separate and operationally and financially independent.

The Single-Employer Program is financed by insurance premiums, investment income, and recoveries from companies formerly responsible for the plans. Congress sets PBGC premium rates.

The Multiemployer Program is financed by premiums and investment income. The American Rescue Plan (ARP) Act of 2021—a historic law passed by Congress and signed by President Biden on March 11, 2021—established the Special Financial Assistance (SFA) Program for certain financially troubled multiemployer plans. The SFA payments are derived from appropriated funds and financed by general revenues of the U.S. Department of the Treasury.

PBGC is requesting \$512,900,000 in spending authority for administrative expenses in FY 2024. The request includes spending authority of \$10,361,000 for Mandates that Deliver Secure Federal Services, \$515,000 for the Diversity, Equity, Inclusion, and Accessibility Program, and \$8,710,000 for Cost-of-Living Adjustments.

The Budget re-proposes the FY 2023 Budget proposal to repeal the provisions accelerating fiscal year 2026 premiums into fiscal year 2025 and repeals the requirement for certain multiemployer premium revenues to be held in non-interest-bearing investments.

**Plan Preservation Efforts.**—PBGC works to preserve plans and keep pension promises in the hands of the employers who make them. When companies undertake major transactions that might threaten their ability to pay pensions, PBGC negotiates protections for their pension plans. PBGC encouraged companies, both in bankruptcy and otherwise, to preserve their plans that were at risk. In 2022, PBGC:

—Paid \$226,000,000 in traditional financial assistance consisting of \$217,000,000 in financial assistance to 115 insolvent plans and a final payment of \$9,000,000 in financial assistance as part of PBGC's first facilitated merger of two multiemployer plans under Multiemployer Pension Reform Act of 2014 (MPRA); and

—Initiated audits of six insolvent multiemployer plans covering nearly 11,053 participants to ensure timely and accurate benefit payments to all participants, compliance with laws and regulations, and the effective and efficient management of the remaining assets in terminated or insolvent plans.

**Stepping in to Insure Pensions When Plans Fail.**—When plans do fail, PBGC steps in to ensure that basic benefits continue to be paid. PBGC is directly responsible for the benefits of more than 1,500,000 current and future retirees in trusted pension plans. In 2022, PBGC:

—Paid \$7,000,000,000 in benefits to more than 960,000 retirees in single-employer plans; and

—Completed 242 standard termination audits of single-employer plans that resulted in more than \$1,030,000 in additional benefits to 663 participants and beneficiaries in these plans.

**Single-employer benefit payments.**—The Single-Employer Program covers defined benefit pension plans that generally are sponsored by a single employer. When an under-funded single-employer plan terminates, PBGC steps in to pay participants' benefits up to legal limits. This typically happens when the employer sponsoring an underfunded plan liquidates in bankruptcy, ceases operation, or can no longer afford to keep the plan going. PBGC takes over the plan's assets, administration, and payment of benefits up to the legal limits. A plan has enough money to pay all benefits owed to participants and beneficiaries, the plan sponsor can choose to terminate a plan by filing a standard termination. In FY 2022, PBGC:

—Took responsibility for 32 single-employer plans that provide the pension benefits to nearly 8,000 current and future retirees; and

—Protected 999 single-employer plan participants from employers emerging from bankruptcy.

**Multiemployer financial assistance.**—The Multiemployer Program protects about 11,200,000 workers and retirees in about 1,360 pension plans. A multiemployer plan is a pension plan sponsored by two or more unrelated employers under collective bargaining agreements with one or more unions. Multiemployer plans cover most unionized workers in the trucking, retail food, construction, mining, garment, and other industries. If a PBGC-insured multiemployer plan is unable to pay guaranteed benefits when due, PBGC provides insolvent multiemployer plans with financial assistance, in the statutorily required form of loans, sufficient to pay PBGC guaranteed benefits and reasonable administrative expenses.

Under the SFA Program, PBGC expects to provide financial assistance to approximately 200 eligible plans covering millions of people. PBGC provides funding to eligible plans to enable them to pay benefits at the plan level.

**Investment management fees.**—PBGC contracts with professional financial services corporations to manage Trust Fund assets in accordance with an investment strategy approved by PBGC's Board of Directors. Investment management fees are driven by the amount of assets under management. They are a direct, programmatic expense required to maintain the Trust Fund which supports single-employer benefit payments.

**Consolidated Administrative Budget.**—PBGC's administrative budget comprises all expenditures and operations that support:

- Benefit payments to pension plan participants;
- Financial assistance to distressed multiemployer pension plans; and
- Stewardship and accountability.

These operations include premium collections, pre-trusteeship work, efforts to preserve pension plans, recovery of assets from former plan sponsors, and pension insurance program protection

activities. This area also covers the expenditures that support activities related to trusteeship; plan asset management (excluding investment management fees) and trust accounting; as well as benefit payments and administration services. Finally, this area includes the administrative functions covering procurement, financial management, human resources, facilities management, communications, legal support, and information technology infrastructure. These funds support the operations of the Participant and Plan Sponsor Advocate. They also support the required functions and efforts of the Office of the Inspector General, including training and participation in Council of the Inspectors General on Integrity and Efficiency (CIGIE) activities.

## PENSION BENEFIT GUARANTY CORPORATION FUND

(Legislative proposal, subject to PAYGO)

The Budget calls for the repeal of the provision accelerating FY 2026 premiums into FY 2025. This provision creates unnecessary confusion and burden on insured plans and employers because they are forced to pay PBGC premiums early for just one year. The provision will create unnecessary accounting and management costs for both the plans and PBGC given the high likelihood of late or incorrect premium payments, which trigger interest and late payment penalty charges. In addition, the early premium due date disrupts the timing of employer pension contributions for the prior plan year. That is because premiums and plan contributions are due on the same day and the employer contribution to the plan affects the amount of premium owed to PBGC. It is impractical for plans to receive employer contributions and then calculate, file, pay, and certify PBGC premium payments on the same day.

Most employers that sponsor PBGC-insured plans are small, so repeal of the provision supports the goal of reducing compliance burdens and cost for small businesses. Repealing this provision will be budget neutral, enhance compliance, and avoid unnecessary administrative costs for pension plans and the PBGC.

**Federal Employees' Compensation Act benefits.**—The Federal Employees' Compensation Act (FECA) program provides monetary and medical benefits to Federal workers who sustain work-related injury or disease. Not all benefits are paid by the program, since the first 45 days of disability are usually covered by keeping injured workers in pay status with their employing agencies (the continuation-of-pay period). A workers' compensation case is created following the receipt of an injury report or claim for occupational disease. In 2024, the FECA program projects to create 140,000 cases for Federal workers or their survivors; 15,000 Federal employees are projected to submit initial wage-loss claims; and 36,000 are projected to receive long-term wage replacement benefits for job-related injuries, diseases, or deaths. Most of the costs of this account are charged back to the beneficiaries' employing agencies.

The remainder is provided from the Special Workers' Compensation Fund, which is financed by private employers, and is assessed at the beginning of each calendar year for their proportionate share of these payments.

*Energy Employees Occupational Illness Compensation Act of 2000 (EEOICPA) benefits.*—The Department of Labor is delegated responsibility to adjudicate and administer claims for benefits under the Energy Employees Occupational Illness Compensation Program Act of 2000 (EEOICPA). In July 2001, the program began accepting claims from employees or survivors of employees of the Department of Energy (DOE) and of private companies under contract with DOE who suffer from a radiation-related cancer, beryllium-related disease, or chronic silicosis as a result of their work in producing or testing nuclear weapons. The Act authorizes a lump-sum payment of \$150,000 and reimbursement of medical expenses. This program is EEOICPA Part B.

The Ronald Reagan National Defense Authorization Act of 2005 (P.L. 108–767) amended EEOICPA, giving DOL responsibility for a new program (Part E) to pay workers' compensation benefits to DOE contractors and their families for illness and death arising from toxic exposures in DOE's nuclear weapons complex. This law also provides compensation for uranium workers covered under section 5 of the Radiation Exposure Compensation Act. Benefit payments under Part E began in 2005.

*Energy Employees Occupational Illness Compensation Program Act of 2000 (EEOICPA) administration.*—Under Executive Order 13179 the Secretary of Labor is assigned primary responsibility for administering the EEOICPA program, while other responsibilities have been delegated to the Departments of Health and Human Services (HHS), Energy (DOE), and Justice (DOJ). The Office of Workers' Compensation Programs (OWCP) in the Department of Labor (DOL) is responsible for claims adjudication, and award and payment of compensation and medical benefits. DOL's Office of the Solicitor provides legal support and represents the Department in claimant appeals of OWCP decisions. HHS is responsible for developing individual dose reconstructions to estimate occupational radiation exposure, and developing regulations to guide DOL's determination of whether an individual's cancer was caused by radiation exposure at a DOE or atomic weapons facility. DOE is responsible for providing exposure histories at employment facilities covered under the Act, and other employment information. DOJ assists claimants who have been awarded compensation under the Radiation Exposure Compensation Act to file for additional compensation, including medical benefits, under EEOICPA.

The Ronald Reagan National Defense Authorization Act of 2005 (P.L. 108–767) amended EEOICPA, giving DOL responsibility for a new program Part E, to pay workers' compensation benefits to DOE contractors and their families for illness and death arising from toxic exposures in DOE's nuclear weapons complex. This law also provides compensation for uranium workers covered by the Radiation Exposure Compensation Act.

Part B was created in 2000 with a definite mandatory appropriation for administrative costs, consistent with other DOL Office of Workers Compensation Programs (OWCP) administration accounts, which is reflected in the appropriations language for this account. Part E was created in 2005 with an indefinite mandatory appropriation, because initial administration costs were uncertain, which is why the Part E amount is not included in the appropriations account, though the planned amount is included in tables.

The Carl Levin and Howard P. "Buck" McKeon National Defense Authorization Act of 2015 (P.L. 113–291) amended EEOICPA to include Section 3687, creating the Advisory Board on Toxic Substances and Worker Health to advise the Secretary of Labor (as delegated by Executive Order 13699) with respect to technical aspects of the EEOICPA program. The Advisory Board is charged with advising the Secretary on four statutorily-specific technical issues related to EEOICPA: DOL's site exposure matrices; medical guidance for claims examiners; evidentiary requirements for claims under subtitle B related to lung disease; and the work of industrial hygienists and staff physicians and consulting physicians to ensure quality, objectivity, and consistency.

Title IV of the Federal Mine Safety and Health Act authorizes monthly benefits to coal miners disabled due to coal workers' pneumoconiosis (black lung), and to their spouses and certain other dependents. Part B of the Act assigned the processing and paying of claims filed between December 30, 1969 (when the program originated) and June 30, 1973 to the Social Security Administration (SSA). P.L. 107–275 transferred Part B claims processing and payment operations from SSA to the Department of Labor's Office of Workers' Compensation Programs. This change was implemented on October 1, 2003.

This fund was established to provide for the accumulation of funds to meet the Panama Canal Commission's obligations to defray costs of workers' compensation which will accrue pursuant to the Federal Employees' Compensation Act (FECA). On December 31, 1999, the Commission was dissolved as set forth in the Panama Canal Treaty of 1977; however, the liability of the Commission for payments beyond that date did not end with its termination. The establishment of this fund, into which funds were deposited on a regular basis by the Commission, was in conjunction with the transfer of the administration of the FECA program from the Commission to the Department of Labor, effective January 1, 1989.

The Black Lung Disability Trust Fund (BLDTF) consists of all monies collected from the coal mine industry under the provisions of the Black Lung Benefits Revenue Act of 1981, as amended by the Consolidated Omnibus Budget Reconciliation Act of 1985, in the form of an excise tax on coal mined and used domestically, along with the amounts borrowed from Treasury. These monies are used to pay compensation, medical, and survivor benefits to eligible miners and their survivors, where mine employment terminated prior to 1970 or where no mine operator can be assigned liability. In addition, the BLDTF pays all administrative costs incurred in the operation of Part C of the Black Lung program. The fund is administered jointly by the Secretaries of Labor, Treasury, and Health and Human Services. Because excise tax receipts were insufficient to cover the BLDTF's expenses, the fund borrowed monies necessary to meet the shortfall from the U.S. Treasury, subject to repayment with interest. This led to the fund accumulating a large amount of debt. The Emergency Economic Stabilization Act of 2008, enacted on October 3, 2008, authorized restructuring of the Black Lung Disability Trust Fund (BLDTF) debt by (1) extending the current coal excise tax rates of \$1.10 per ton on underground-mined coal and \$0.55 per ton on surface-mined coal until December 31, 2018; (2) providing a one-time appropriation for the BLDTF to repay the market value of parts of the outstanding repayable advances and accrued interest; and (3) refinancing the remainder of the outstanding debt through the issuance of zero-coupon bonds, to be retired using the BLDTF's annual operating surplus until all of its remaining obligations have been paid. Due to a decline in coal production and other factors, however, the Trust Fund's debt has continued to grow.

*Note.*—The coal excise tax rate fluctuated between 2019 and 2022, alternating between \$0.50 to \$1.10 per ton on underground-mined coal and \$0.25 to \$0.55 per ton on surface-mined coal or 2% of the sales price (whichever is lower). With the Inflation Reduction Act of 2022, Congress permanently set the rates to provide more stability for the BLDTF. Effective September 30, 2022, all coal from underground mines is taxed at \$1.10 per ton or 4.4% of the sale price and all coal from surface mines is taxed at \$0.55 per ton or 4.4% of the sale price.

The trust fund consists of amounts received from employers for the death of an employee where no person is entitled to compensation for such death, for fines and penalty payments, and—pursuant to an annual assessment of the industry—for the general expenses of the fund under the Longshore and Harbor Workers' Compensation Act (LHWCA), as amended.

The trust fund is available for payments of additional compensation for second injuries. When a second injury is combined with a previous disability and results in increased permanent partial disability, permanent total disability, or death, the employer's liability for benefits is limited to a specified period of compensation payments, after which the fund provides continuing compensation benefits. In addition, the fund pays one-half of the increased benefits provided under the LHWCA for persons receiving benefits prior to 1972. Maintenance payments are made to disabled employees undergoing vocational rehabilitation to enable them to return to remunerative occupations, and the costs of necessary rehabilitation services not otherwise available to disabled workers are defrayed. Payments are made in cases where other circumstances preclude payment by an employer and to provide medical, surgical, and other treatment in disability cases where there has been a default by the insolvency of an uninsured employer.

The Wage and Hour Division enforces the minimum wage, overtime, child labor, and other employment standards under the Fair Labor Standards Act (FLSA), the Migrant and Seasonal Agricultural Worker Protection Act (MSPA), the Family and Medical Leave Act (FMLA), certain

provisions of the Immigration and Nationality Act (INA), the wage garnishment provisions in Title III of the Consumer Credit Protection Act (CCPA), and the Employee Polygraph Protection Act (EPPA). The Division also determines prevailing wages and enforces employment standards under various Government contract wage standards, including the Davis-Bacon and Related Acts (DBRA) and the McNamara-O'Hara Service Contract Act (SCA). Collectively, these labor standards cover most private, state, and local government employment. They protect over 148 million workers in more than 10.2 million establishments throughout the United States and its territories.

The Wage and Hour Division has traditionally had responsibility for enforcing certain worker protections provisions of the Immigration and Nationality Act, specifically the H-2A and H-1B temporary non-immigrant foreign worker programs. Pursuant to an Interagency Agreement (IAA) between the U.S. Department of Homeland Security (DHS) and the U.S. Department of Labor (DOL) and section 214(c)(14)(B) of the Immigration and Nationality Act (INA), 8 U.S.C. 1184(c)(14)(B), DOL and WHD have been delegated the enforcement authority located at section 214(c)(14)(A)(i) of the INA, 8 U.S.C. 1184(c)(14)(A)(i) for enforcing the H-2B temporary non-immigrant foreign worker program. Under section 524 of H.R. 3288, the Secretary of Labor may use one-third of the H-1B and L Fraud Protection and Detection fee account for enforcement of these temporary worker program provisions and for related enforcement activities.

The Office of Federal Contract Compliance Programs (OFCCP) enforces, for the benefit of job seekers and wage earners, the affirmative action and equal employment opportunity obligations required of those who do business with the Federal Government. OFCCP administers and enforces three equal employment opportunity authorities: Executive Order 11246, as amended (Executive Order); Section 503 of the Rehabilitation Act of 1973, as amended, 29 U.S.C. 793 (Section 503); and the Vietnam Era Veterans' Readjustment Assistance Act of 1974, as amended, 38 U.S.C. 4212 (VEVRAA).<sup>1</sup> Collectively, these authorities, as amended, make it unlawful for contractors and subcontractors doing business with the Federal Government to discriminate in employment because of race, color, religion, sex, sexual orientation, gender identity, national origin, disability, or status as a protected veteran. In addition, contractors and subcontractors are prohibited from discriminating against applicants or employees because they inquire about, discuss, or disclose their compensation or that of others, subject to certain limitations, and may not retaliate against applicants or employees for engaging in protected activities. OFCCP conducts compliance evaluations and complaint investigations of F contractors' and subcontractors' personnel policies and procedures. OFCCP also offers compliance assistance to F contractors and subcontractors to help them understand the regulatory requirements and review process. The FY 2024 Budget proposes to enable OFCCP to ensure it has the needed capacity to: 1) support OFCCP's increased enforcement responsibility over the growing number of contractors receiving Bipartisan Infrastructure Law (BIL) investments; 2) strengthen its development and resolution of systemic discrimination cases, and 3) empower workers through outreach and education to increase OFCCP's ability to address issues of greatest concern to workers.

The Office of Labor-Management Standards (OLMS) administers the Labor-Management Reporting and Disclosure Act (LMRDA) and related laws. The LMRDA was enacted to protect union members by ensuring that unions have the transparency, democracy, and financial integrity members need to make informed decisions about their membership in a union as well as its operations and to ensure that members and employees who are engaged in organizing activities know the sources of their employers' messages urging them not to organize. These laws were enacted to strengthen labor unions by protecting union members from individuals, organizations, and influences that do not function in their best interests. While the vast majority of America's labor unions and their leaders operate for the benefit of the hard-working people who comprise their membership, OLMS is tasked with protecting the union members by administering the LMRDA. OLMS also administers employee protections under various federally sponsored transportation programs that require fair and equitable protective arrangements for mass transit employees when federal funds are used to acquire, improve, or operate a transit system.

The FY 2024 Budget provides \$53.469 million, \$4.954 million above the FY 2023 enacted funding level. This funding level includes an inflationary increase of \$1.619 million related to pay and benefits. The Budget fully funds the agency's request for \$1.500 million and 10 FTE to help promote and leverage labor-management partnerships, expand worker outreach and education, and timely review employer and consultant reports required under the Labor-Management Reporting and Disclosure Act.

## SALARIES AND EXPENSES

For necessary expenses for the Occupational Safety and Health Administration, **[\$632,309,000] \$738,668,000, to remain available until September 30, 2025**, including not to exceed **[\$120,000,000] \$127,115,000** which shall be the maximum amount available for grants to States under section 23(g) of the Occupational Safety and Health Act (the "Act"), which grants shall be no less than 50 percent of the costs of State occupational safety and health programs required to be incurred under plans approved by the Secretary under section 18 of the

Act; and, in addition, notwithstanding 31 U.S.C. 3302, the Occupational Safety and Health Administration may retain up to \$499,000 per fiscal year of training institute course tuition and fees, otherwise authorized by law to be collected, and may utilize such sums for occupational safety and health training and education: *Provided*, That notwithstanding 31 U.S.C. 3302, the Secretary is authorized, during the fiscal year ending September 30, **[2023] 2024**, to collect and retain fees for services provided to Nationally Recognized Testing Laboratories, and may utilize such sums, in accordance with the provisions of 29 U.S.C. 9a, to administer national and international laboratory recognition programs that ensure the safety of equipment and products used by workers in the workplace: *Provided further*, That none of the funds appropriated under this paragraph shall be obligated or expended to prescribe, issue, administer, or enforce any standard, rule, regulation, or order under the Act which is applicable to any person who is engaged in a farming operation which does not maintain a temporary labor camp and employs 10 or fewer employees: *Provided further*, That no funds appropriated under this paragraph shall be obligated or expended to administer or enforce any standard, rule, regulation, or order under the Act with respect to any employer of 10 or fewer employees who is included within a category having a Days Away, Restricted, or Transferred ("DART") occupational injury and illness rate, at the most precise industrial classification code for which such data are published, less than the national average rate as such rates are most recently published by the Secretary, acting through the Bureau of Labor Statistics, in accordance with section 24 of the Act, except—

(1) to provide, as authorized by the Act, consultation, technical assistance, educational and training services, and to conduct surveys and studies;

(2) to conduct an inspection or investigation in response to an employee complaint, to issue a citation for violations found during such inspection, and to assess a penalty for violations which are not corrected within a reasonable abatement period and for any willful violations found;

(3) to take any action authorized by the Act with respect to imminent dangers;

(4) to take any action authorized by the Act with respect to health hazards;

(5) to take any action authorized by the Act with respect to a report of an employment accident which is fatal to one or more employees or which results in hospitalization of two or more employees, and to take any action pursuant to such investigation authorized by the Act; and

(6) to take any action authorized by the Act with respect to complaints of discrimination against employees for exercising rights under the Act:

*Provided further*, That the foregoing proviso shall not apply to any person who is engaged in a farming operation which does not maintain a temporary labor camp and employs 10 or fewer employees: *Provided further*, That **[\$12,787,000] \$13,787,000** shall be available for Susan Harwood training grants, of which not more than \$6,500,000 is for Susan Harwood Training Capacity Building Developmental grants, for program activities starting not later than September 30, 2023 and lasting for a period of 12 months: *Provided further*, That not less than \$3,500,000 shall be for Voluntary Protection Programs. **Safety and Health Standards.**—This activity provides for the protection of worker safety and health through the development, promulgation, review, and evaluation of occupational safety and health standards and guidance, as specified under the Occupational Safety and Health Act of 1970 (OSH Act). Before any standard is proposed or promulgated, a determination is made that: (1) a significant risk of serious injury or health impairment exists; (2) the standard will reduce this risk; (3) the standard is economically and technologically feasible; and (4) the standard is cost effective when compared with alternative regulatory proposals providing equal levels of protection. This activity also ensures, through the Small Business Regulatory Enforcement Fairness Act of 1996 (SBREFA) process, that small business concerns are considered in the process of developing standards.

**Federal Enforcement.**—This activity provides for the protection of employees through the enforcement of workplace standards promulgated under the OSH Act, through the physical inspection of worksites, and by providing guidance on how to comply with the requirements of OSHA standards. OSHA's enforcement strategy ranges from a selective targeting of inspections and related compliance activities to a focus on specific high-hazard industries and worksites. Enforcement is prioritized by the investigation of imminent danger situations and employee complaints, investigation of fatal and catastrophic accidents, programmed inspections of firms with injury and illness rates that are above the national average, and special emphasis inspections for serious safety and health hazards.

**Whistleblower Programs.**—This activity provides for the enforcement of 25 whistleblower protection statutes, including Section 11(c) of the OSH Act, which prohibits any person from discharging or in any manner retaliating against any employee because the employee has exercised rights under the Act, including complaining to OSHA and seeking an OSHA inspection, participating in an OSHA inspection, and participating or testifying in any proceeding related to an OSHA inspection. In addition to the OSH Act, this activity includes administration of 24 other whistleblower protection statutes that protect employees who report violations of various airline, commercial motor carrier, consumer product, environmental, financial reform, food safety, health care reform, nuclear, pipeline, public transportation agency, railroad, maritime, automotive manufacturing, and securities, tax, antitrust, and anti-money laundering laws.

**State Programs.**—This activity supports states that assume responsibility for administering occupational safety and health programs under State Plans approved by the Secretary. Under section 23 of the OSH Act, grants matching up to 50 percent of total program costs are made to States that meet the Act's criteria for establishing and implementing State programs that are at least as effective as the Federal OSHA program. State programs, like Federal OSHA, provide a mix of enforcement, outreach, training, and compliance assistance activities. There are 29 approved State Plans.

**Technical Support.**—This activity provides support for OSHA's emergency response activities, including responses to oil spills, hurricanes, tornados, and other natural or manmade disasters. This activity also provides specialized technical expertise and advice in support of a wide range of program areas, including construction, standards setting, variance determinations, compliance assistance, and enforcement. Areas of expertise include laboratory accreditation, industrial hygiene, occupational medicine, chemical analysis, equipment calibration, safety engineering, environmental impact statements, technical and scientific databases, computer-based outreach products, and emergency preparedness.

**Federal Compliance Assistance.**—This activity supports a broad range of training, outreach, and cooperative programs that provide compliance assistance for employers and employees in protecting workers' safety and health, with particular emphasis on high-hazard industries, small business, and other hard-to-reach workers. OSHA works with employer and employee stakeholder groups to share compliance assistance information, resources, and tools, and to plan, coordinate, and participate in meetings, conferences, training events, and outreach activities in support of the agency's key initiatives, including enforcement and rulemaking activities, outreach campaigns, and other priority initiatives. OSHA also works with employers and employees through cooperative programs, such as the Voluntary Protection Programs to recognize employers with exemplary safety and health programs, and Alliances and Strategic Partnerships, which commit organizations to proactively collaborate with OSHA. This activity also provides assistance to federal agencies in implementing and improving their job safety and health programs. Occupational safety and health training is provided at the OSHA Training Institute and affiliated Education Centers throughout the country. Compliance and technical assistance materials are prepared and disseminated to the public through various means, including online.

**State Compliance Assistance: Consultation Grants.**—This activity supports OSHA's On-Site Consultation Program, which offers no-cost and confidential occupational safety and health services to small- and medium-sized businesses in all 50 states, the District of Columbia, and several U.S. territories, with priority given to high-hazard worksites. On-Site Consultation services are separate from enforcement and do not result in penalties and citations. Consultants from state agencies or universities work with employers to identify workplace hazards, provide advice for compliance with OSHA standards, and assist in establishing and improving safety and health programs. Designated state agencies or universities enter into cooperative agreements that provide a 90 percent federal funding match.

**Training Grants.**—This activity supports safety and health grants to organizations that provide face-to-face training, education, and technical assistance; and develop educational materials for employers and employees. These grants address education needs for workers with limited access to occupational safety health training, including young workers, temporary, minority, low literacy, domestic, limited English speaking, or other hard-to-reach workers; and specific high-risk topics and industries identified by the agency.

**Safety and Health Statistics.**—This activity supports the agency's information technology infrastructure, management of information, OSHA's webpage and web-based compliance assistance services, and the statistical basis for OSHA's programs and field operations. These services are provided through an integrated data network and statistical analysis and review. OSHA administers and maintains the recordkeeping system that serves as the foundation for the BLS survey on occupational injuries and illnesses and provides guidance on recordkeeping requirements to both the public and private sectors.

**Executive Direction.**—This activity supports overall leadership, direction, and support for agency operations. This includes developing strategic and agency priorities, coordination of policy, planning and evaluation, audit, management support, legislative liaison, interagency affairs, federal agency liaison, administrative services, and budgeting and financial control.
