

DEPARTMENT OF THE INTERIOR

LAND AND MINERALS MANAGEMENT

BUREAU OF LAND MANAGEMENT

The Bureau of Land Management (BLM) is charged with the multiple use management of natural resources on approximately 245 million acres of surface estate of public land, about one-eighth of the land in the United States. The BLM also administers approximately 700 million acres of onshore Federal mineral estate underlying the BLM and other surface ownerships. In addition, the BLM has trust responsibilities on 56 million acres of Indian trust lands for mineral operations and cadastral (land) surveys. The lands managed by the BLM provide important natural resources, recreational and scenic values to the American people, as well as resource commodities and revenue to the Federal Government, States, and counties. It is the mission of the BLM to sustain the health, diversity, and productivity of the public lands for the use and enjoyment of present and future generations.

Federal Funds

MANAGEMENT OF LANDS AND RESOURCES

For necessary expenses for protection, use, improvement, development, disposal, cadastral surveying, classification, acquisition of easements and other interests in lands, and performance of other functions, including maintenance of facilities, as authorized by law, in the management of lands and their resources under the jurisdiction of the Bureau of Land Management, including the general administration of the Bureau, and assessment of mineral potential of public lands pursuant to section 1010(a) of Public Law 96-487 (16 U.S.C. 3150(a)), \$1,395,249,000, to remain available until September 30, 2026; of which \$76,963,000 for annual maintenance and deferred maintenance programs and \$170,917,000 for the wild horse and burro program, as authorized by Public Law 92-195 (16 U.S.C. 1331 et seq.), shall remain available until expended: Provided, That amounts in the fee account of the BLM Permit Processing Improvement Fund may be used for any bureau-related expenses associated with the processing of oil and gas applications for permits to drill and related use of authorizations: Provided further, That of the amounts made available under this heading, up to \$1,000,000 may be made available for the purposes described in section 122(e)(1)(A) of division G of Public Law 115-31 (43 U.S.C. 1748c(e)(1)(A)): Provided further, That of the amounts made available under this paragraph, not to exceed \$15,000 may be for official reception and representation expenses.

In addition, \$42,696,000 is for Mining Law Administration program operations, including the cost of administering the mining claim fee program, to remain available until expended, to be reduced by amounts collected by the Bureau and credited to this appropriation from mining claim maintenance fees and location fees that are hereby authorized for fiscal year 2025, so as to result in a final appropriation estimated at not more than \$1,395,249,000, and \$2,000,000, to remain available until expended, from communication site rental fees established by the Bureau for the cost of administering communication site activities.

In addition, \$51,020,000, to remain available until expended, is for conducting oil and gas inspection activities, to be reduced by amounts collected by the Bureau and credited to this appropriation from onshore oil and gas inspection fees that the Bureau shall collect, as provided for in this Act, so as to result in a final appropriation estimated at not more than \$1,395,249,000.

Note.—A full-year 2024 appropriation for this account was not enacted at the time the Budget was prepared; therefore, the Budget assumes this account is operating under the Continuing Appropriations Act, 2024 and Other Extensions Act (Division A of Public Law 118-15, as amended). The amounts included for 2024 reflect the annualized level provided by the continuing resolution.

Land resources.—Provides for the integrated management of public land resources, including forestry, rangeland, and cultural resources, as well as wild horses and burros.

Wildlife habitat management and aquatic resources.—This activity encompasses programs that provide for the maintenance, improvement, or enhancement of wildlife habitats; the protection, conservation, consultation, recovery, and evaluation of populations and habitats of threatened, endangered and special status animal and plant species; as well as the management of water resources and riparian and wetlands areas, as part of the management of public lands and ecosystems.

Recreation management.—Provides for management and protection of recreational resource values, designated and potential wilderness areas, visitor services, and collection and expenditure of recreation user fees.

MANAGEMENT OF LANDS AND RESOURCES—Continued

Energy and minerals management.—Provides for the management of: onshore oil, gas, and coal in line with the requirements of Executive Orders 13990 and 14008; renewable energy resources such as wind, solar, and geothermal energy; other leasable minerals and mineral materials activities; and the administration of encumbrances on the mineral estate on Federal and Indian lands. These programs also address needed remediation and reclamation of abandoned or orphaned oil and gas wells on BLM lands. The 2025 Budget continues to fund oil and gas management activities through a combination of direct appropriations and permanent appropriations authorized by the National Defense Authorization Act of 2015. The 2025 Budget proposes to offset the costs of oil and gas inspection activities through revenue from new inspection fees similar to those already in place for offshore operations.

Realty and ownership management.—Provides for management and non-reimbursable processing of authorizations and compliance for realty actions and rights-of-way (including Alaska), administration of land title records and completion of cadastral surveys on public lands.

Communication site management.—This program grants and administers authorizations for communications sites; develops site management plans to guide users and analyze the impacts of communication structures on the sites and the surrounding lands; and conducts facility compliance inspections. Program costs are expected to be fully offset by site rental fees in 2025.

Resource protection.—Provides for management of the land use planning and National Environmental Policy Act processes, including assessment and monitoring activities. Also ensures the health and safety of users of the public lands through remediation of abandoned mine lands and protection from criminal and other unlawful activities; mitigation of the effects of hazardous material and/or waste and physical safety hazards.

Transportation and facilities management.—Provides for construction and maintenance of administrative and recreation sites, roads, trails, bridges and dams, including compliance with building codes and standards and environmental protection requirements. These funds allow for the systematic management of facilities with critical health and safety concerns, and ensure the protection of natural and cultural resources and the environment. The Bureau of Land Management funds all construction and deferred maintenance projects from this activity, including those on the Oregon and California grant lands.

National Conservation Lands.—Provides for the management of National Monuments, National Conservation Areas, and other Congressional conservation designations in the National Conservation Lands. The program provides for the recurring operational (base) budgets of these units. Beginning in 2023, this program also includes funding for National Scenic and Historic Trails.

Workforce and organizational support.—Provides for the management of bureau business practices, such as human resources, Equal Employment Opportunity, financial resources, procurement, property, information technology, and fixed costs.

Mining law administration.—Provides for exploration and development of minerals on public lands pursuant to the General Mining Law of 1872, including validity examinations, patent application reviews, enforcement of environmental and bonding requirements, and recordation of mining claims. Program costs are expected to be fully offset by claim maintenance and other fees in 2025.

Western Oregon resources management.—Provides for the management of approximately 2.4 million acres of lands that are primarily forested ecosystems in western Oregon. These lands support a number of resource activities including timber management, grazing management, and recreation management. In support of these activities, the Bureau of Land Management (BLM) is involved in improving critical watersheds, restoring wildlife and fish habitat, providing recreation opportunities, and preserving cultural resources.

Western Oregon information and resource data systems.—Provides for the acquisition, operation, and maintenance of the automated data support systems and spatial data systems required for management of the Oregon and California programs.

Western Oregon transportation and facilities maintenance.—Provides for annual maintenance activities of the transportation system, office buildings, warehouse and storage structures, shops, greenhouses, and recreation sites necessary to assure public safety and effective management

of the lands in western Oregon. The BLM funds deferred maintenance projects on Oregon and California Grant Lands from the Management of Lands and Resources appropriation.

Western Oregon acquisition.—Provides for the necessary acquisition of easements and road-use agreements to facilitate timber sale and administrative site access for general resource management purposes and for monitoring and fee collection of timber hauling on government controlled roads. This activity also provides for transportation planning, survey, and design of access and other resource management roads.

Western Oregon National Conservation Lands.—Provides for the management of National Monuments, National Conservation Areas, and other Congressional conservation designations on the National Conservation Lands. The program provides for the recurring operational (base) budgets of these National Conservation Lands units.

This appropriation provides for the acquisition of lands or interests in lands, by purchase, easement or exchange, when necessary for public access and recreation use, preservation of open space, resource protection, and/or other purposes related to the management of public lands. Beginning in 2021, BLM land acquisition is funded with permanent appropriations through the Land and Water Conservation Fund. The 2025 Budget invests funding in projects that substantially conserve or protect against threats to resources, improve public access to outdoor recreation opportunities, and have strong local partner engagement and support.

This appropriation is derived from a percentage of receipts from grazing of livestock on the public lands and from grazing and mineral leasing receipts on Bankhead-Jones Farm Tenant Act lands transferred from the Department of Agriculture by various Executive Orders. These funds are used for the planning, construction, development, and monitoring of range improvements.

SERVICE CHARGES, DEPOSITS, AND FORFEITURES

For administrative expenses and other costs related to processing application documents and other authorizations for use and disposal of public lands and resources, for costs of providing copies of official public land documents, for monitoring construction, operation, and termination of facilities in conjunction with use authorizations, and for rehabilitation of damaged property, such amounts as may be collected under Public Law 94–579 (43 U.S.C. 1701 et seq.), and under section 28 of the Mineral Leasing Act (30 U.S.C. 185), to remain available until expended: Provided, That notwithstanding any provision to the contrary of section 305(a) of Public Law 94–579 (43 U.S.C. 1735(a)), any moneys that have been or will be received pursuant to that section, whether as a result of forfeiture, compromise, or settlement, if not appropriate for refund pursuant to section 305(c) of that Act (43 U.S.C. 1735(c)), shall be available and may be expended under the authority of this Act by the Secretary of the Interior to improve, protect, or rehabilitate any public lands administered through the Bureau of Land Management which have been damaged by the action of a resource developer, purchaser, permittee, or any unauthorized person, without regard to whether all moneys collected from each such action are used on the exact lands damaged which led to the action: Provided further, That any such moneys that are in excess of amounts needed to repair damage to the exact land for which funds were collected may be used to repair other damaged public lands.

Note.—A full-year 2024 appropriation for this account was not enacted at the time the Budget was prepared; therefore, the Budget assumes this account is operating under the Continuing Appropriations Act, 2024 and Other Extensions Act (Division A of Public Law 118–15, as amended). The amounts included for 2024 reflect the annualized level provided by the continuing resolution.

Permanent operating funds accounts include:

Operations and maintenance of quarters.—Funds in this account are used to maintain and repair the Bureau of Land Management (BLM) employee-occupied quarters from which rental charges are collected. Agencies are required to collect rental charges from employees who occupy Government-owned housing and quarters. This housing is provided only in isolated areas or where an employee is required to live on-site at a Federally owned facility or reservation.

Forest ecosystems health and recovery.—The Forest Ecosystems Health and Recovery Fund was established as a permanent appropriation in the FY 1993 Interior Appropriations

PERMANENT OPERATING FUNDS—Continued

Act (Public Law 102–381). This authority was subsequently amended to temporarily expand the use of the Fund to cover additional forest health and recovery activities. A five-year reauthorization of the FEHRF was included in the FY 2015 Consolidated and Further Continuing Appropriations Act (Public Law 113–235) and expired at the end of FY 2020. The Consolidated Appropriations Act, 2021 (Public Law 116–260) included a one-year extension of the authority for the FEHRF to continue to be used for the broader forest health and recovery activities. The FY 2025 President's Budget proposes a one-year extension of this authority (through September 30, 2025). Without this reauthorization, funds in the FEHRF could only be used for the limited purposes provided for in the original FEHRF authorization. Funds in this account are derived from revenue generated from the Federal share of receipts from the sale of salvage timber from the Oregon and California grant lands, public domain lands, and Coos Bay Wagon Road lands. Pursuant to Public Law 102–381, as amended, this account was established to allow the BLM to more efficiently and effectively address forest health issues. Funds can be used for other forest health purposes, including vegetation and density control treatments.

Timber sale pipeline restoration fund.—This Fund provides for the deposit and use of fees collected by the BLM for sales of timber authorized by section 2001(k) of Public Law 104–19. Of the total deposited into this account, 75 percent is to be used for the preparation of timber sales to fill the timber pipeline on lands administered by the BLM, and 25 percent is to be used to address recreation projects on the BLM lands.

Stewardship contract product sales.—Stewardship contracting improves, maintains, or restores forest and rangeland health; restores or maintains water quality; improves fish and wildlife habitat; reestablishes native plant species and increases their resilience to insects and disease; and reduces hazardous fuels that pose risks to communities and ecosystem values. With stewardship contracting, the BLM may apply the value of timber or other forest products removed as an offset against the cost of services received, and monies from a contract may be retained by the BLM. These monies are available for expenditure without further appropriation at project sites.

Expenses, road maintenance deposits.—Users of certain roads under the BLM's jurisdiction make deposits for maintenance purposes. Moneys collected are appropriated for necessary road maintenance. Moneys collected on Oregon and California grant lands are available only for those lands (43 U.S.C. 1762(c), 43 U.S.C. 1735(b)).

Federal Lands Recreation Enhancement Act, BLM.—The Federal Lands Recreation Enhancement Act (FLREA) was enacted on December 8, 2004, as part of the Consolidated Appropriations Act for 2005. All recreation fee receipts collected under this authority at BLM sites are deposited in the Recreation Fee account. The BLM returns 100 percent of these receipts back to the site where the fees were generated. The 2025 budget proposes appropriations language to extend the program through October 1, 2026.

Operations and acquisitions in Nevada from land sale receipts.—Pursuant to the Southern Nevada Public Land Management Act (SNPLMA) (Public Law 105–263), 85 percent of receipts from sales of public domain lands in southern Nevada are used to acquire environmentally sensitive lands in Nevada; make capital improvements to areas administered by the National Park Service, the U.S. Fish and Wildlife Service and BLM in Clark County, Nevada; develop a multi-species habitat plan in Clark County, Nevada; develop parks, trails and natural areas and implement other conservation initiatives in Clark County, Nevada; and reimburse the BLM for costs incurred arranging sales and exchanges under the Act.

Lincoln County Land Sales Act.—Public Law 106–298 authorizes the Secretary to dispose of certain lands in Lincoln County, Nevada, and distribute the proceeds as follows: five percent to the State of Nevada; 10 percent to the county; and 85 percent to an interest bearing account available for expenditure without further appropriation to be used by the Secretary of the Interior to acquire environmentally sensitive lands in the State of Nevada, for identification and management of unique archaeological resources, for development of a multi-species habitat conservation plan in the county, and for other specified administrative purposes.

White Pine County Land Sales Act.—Public Law 109–432 authorizes the Secretary to dispose of certain lands in White Pine County, Nevada, and to distribute the proceeds as follows: five percent to the State of Nevada; 10 percent to the county; and 85 percent to an account available for expenditure without further appropriation for the management of archaeological resources, wilderness protection, recreation activities, preparation of a management plan, reimbursement for sale costs, and other purposes.

Leases from Naval Petroleum Reserve No. 2.—The 2005 Energy Policy Act established this Fund for environmental investigation and restoration on that site located in Kern County, California. A portion of revenue from new leases on the site is authorized to be deposited to this account. In 2008, it was certified that sufficient funds had been collected to cover the cost of the cleanup and other expenses and no more deposits were to be made to the Fund. New revenue from site operations is distributed under the Mineral Leasing Act.

BLM Permit Processing Improvement Fund.—The 2005 Energy Policy Act, as amended by the National Defense Authorization Act for Fiscal Year 2015, established pilot offices to improve interagency coordination in processing onshore Federal oil and gas permits. Fifty-percent of the rents from non-geothermal onshore mineral leases are authorized to be deposited in this Fund and used to facilitate the BLM oil and gas permit processing in these pilot offices. In addition, in 2016 through 2026, fees collected for processing applications for permits to drill will be deposited to this Fund and available for Federal oil and gas permitting activities.

Federal land disposal.—The Federal Land Transaction Facilitation Act, Public Law 106–248 (114 Stat. 613), provided authority for the BLM to sell public lands classified as suitable for disposal under resource management plans in effect at the time of enactment. This law provided that receipts from such sales could be used to acquire non-Federal lands with significant resource values that fall within the boundaries of areas now managed by the Department of the Interior and the U.S. Forest Service. The Federal Land Transaction Facilitation Act was permanently reauthorized by Public Law 115–141, the 2018 Consolidated Appropriations Act.

Owyhee Land Acquisition Account.—The 2009 Omnibus Public Land Management Act, Public Law 111–11 (123 Stat. 1039), provides that the Secretary may sell public land located within the Boise District of the BLM that, as of July 25, 2000, was identified for disposal in appropriate resource management plans. Amounts in the account shall be available to the Secretary, without further appropriation, to purchase land or interests in land in, or adjacent to certain wilderness areas.

Washington County, Utah Land Acquisition Account.—The 2009 Omnibus Public Land Management Act, Public Law 111–11 (123 Stat. 1091), authorizes the sale of public land located within Washington County, Utah, that, as of July 25, 2000, was identified for disposal in appropriate resource management plans. Amounts in the account shall be available to the Secretary, without further appropriation, to purchase land or interests in land, in or adjacent to certain wilderness areas.

Silver Saddle Endowment Account.—The 2009 Omnibus Public Land Management Act, Public Law 111–11 (123 Stat. 1114), requires Carson City, Nevada to deposit twenty-five percent of the difference between what the Secretary of the Interior and the City paid for the 62-acre Bernhard parcel before the Secretary conveys the land to the City. Amounts deposited in the account shall be available to the Secretary, without further appropriation, for the oversight and enforcement of a certain conservation easement.

Carson City Special Account.—The 2009 Omnibus Public Land Management Act, Public Law 111–11 (123 Stat. 1113), authorizes the sale of 158 acres of public land described in the statute. Five percent of the proceeds are paid to the State of Nevada for use for public education. The remainder is deposited to this account and used to acquire environmentally sensitive land or an interest in environmentally sensitive land in Carson City; to cover the cost of surveys and appraisals; and to reimburse the BLM for administrative expenses.

Ojito Land Acquisition.—The Ojito Wilderness Act authorized the sale of land to the Pueblo Indian Tribe and the purchase of land from willing sellers within the State of New Mexico.

Miscellaneous permanent payments include:

Payments for Oregon and California and Coos Bay Wagon Road grant lands, receipts.—The Secure Rural Schools and Community Self-Determination Act of 2000 (as amended by P.L. 116-93, the Further Consolidated Appropriations Act, 2020), provides annual revenue sharing payments to the 18 O&C counties. These payments are derived from revenues from Federal activities on O&C lands in the previous fiscal year that were not deposited to permanent operating funds, supplemented by amounts from the General Fund when necessary. The Infrastructure Investment and Jobs Act, Public Law 117-58, amended the Secure Rural Schools and Community Self-Determination Act to extend SRS payments through 2023, with the final payment in 2024. In the absence of this authority, eligible counties would receive funds authorized under the 1937 and 1939 statutes. Payments to the Oregon counties under the 1937

statute would be 50 percent of revenues from O&C grant lands. Payments under the 1939 statute are for lost tax revenue in two Oregon counties and would be roughly 75 percent of all revenues from Coos Bay Wagon Road grant lands.

Payments to States (proceeds of sales).—States are paid five percent of the net proceeds from the sale of public land and public land products (31 U.S.C. 1305).

Payments to States from grazing receipts, etc., public lands outside grazing districts.—States are paid 50 percent of the grazing receipts from public lands outside of grazing districts (43 U.S.C. 315i, 315m).

Payments to States from grazing receipts, etc., public lands within districts.—States are paid 12.5 percent of grazing receipts from public lands inside grazing districts (43 U.S.C. 315b, 315i).

Payments to States from grazing receipts, etc., public lands within grazing districts, miscellaneous.—States are paid specifically determined amounts from grazing receipts derived from miscellaneous lands within grazing districts when payment is not feasible on a percentage basis (43 U.S.C. 315).

Payments to counties, National Grasslands.—Of the revenues received from the use of Bankhead-Jones Act lands administered by the Bureau of Land Management (BLM), 25 percent is paid to the counties in which such lands are situated, for school and road purposes (7 U.S.C. 1012).

Payments to Nevada from receipts on land sales.—Public Law 96-586 authorizes and directs the Secretary to sell not more than 700 acres of public lands per calendar year in and around Las Vegas, Nevada, the proceeds of which are to be used to acquire environmentally sensitive lands in the Lake Tahoe Basin of California and Nevada. Annual revenues are distributed to the State of Nevada (five percent) and the county in which the land is located (10 percent).

Public Law 105-263, as amended by Public Law 107-282, authorizes the disposal through sale of approximately 49,000 acres in Clark County Nevada, the proceeds of which are to be distributed as follows: a) five percent for use in the general education program of the State of Nevada; b) 10 percent for use by the Southern Nevada Water Authority for water treatment and transmission facility infrastructure in Clark County, Nevada; and c) the remaining 85 percent to a special fund administered by the Secretary of the Interior to be used to acquire environmentally sensitive lands in Nevada; make capital improvements to areas administered by the National Park Service, Fish and Wildlife Service, and the BLM in Clark County, Nevada; develop a multi-species habitat plan in Clark County, Nevada; develop parks, trails, and natural areas and implement other conservation initiatives in Clark County, Nevada; and reimburse the BLM for costs incurred arranging sales and exchanges under the Act.

Public Law 106-298 authorizes the sale of certain lands in Lincoln County, Nevada. The proceeds of these sales are to be distributed as follows: a) five percent to the State of Nevada for general education purposes; b) 10 percent to Lincoln County for general purposes with emphasis on supporting schools; and c) the remaining 85 percent to a special fund administered by the Secretary of the Interior to acquire environmentally sensitive lands in the State of Nevada, for identification and management of unique archaeological resources, for development of a multi-species habitat conservation plan in the county, and for other specified administrative purposes.

Cook Inlet Region, Incorporated Account.—This account received funding appropriated by section 9102 of the 1990 Department of Defense Appropriations Act for the acquisition of Federal real properties, improvements on such lands or rights to their use or exploitation, and any personal property related to the land purchased by the Cook Inlet Region, Incorporated as authorized by the provisions of section 12(b) of Public Law 94-204 (43 U.S.C. 1611). The BLM maintains an accounting of the funds used by the Cook Inlet Region, Incorporated to purchase properties.

The Helium Act Amendments of 1960, Public Law 86-777 (50 U.S.C. 167), authorized activities necessary to provide sufficient helium to meet the current and foreseeable future needs of essential government activities. The Helium Privatization Act of 1996 (HPA), Public Law 104-273, provided for the eventual privatization of the program and its functions, specifying that once the helium debt is retired, the Helium Production Fund would be dissolved. The debt was repaid at the beginning of 2014. The Helium Stewardship Act of 2013 (HSA), Public Law 113-40, provided for continued operation of the Helium program while facilitating a gradual exit from the helium market. The Helium program consists of: (a) continued storage and transmission of crude helium; (b) oversight of the production of helium on Federal lands; and (c) administration of in-kind and open market crude helium gas sale programs. To minimize impacts to the helium market, the HSA provides a "glide path" from the sales mandated under HPA, increasing the sales price of helium through an auction mechanism and reducing the total volume of helium sold each year until the amount in storage reaches 3.0 billion cubic feet. The 3.0 bcf target was reached October 1, 2018, and BLM is no longer selling crude helium. Additionally, pursuant to HSA BLM transferred all assets for disposal to the General Services Administration (GSA) at the end of FY 2021. The GSA, following its disposal process, will complete marketing, asset valuation, and dispose of all assets.

ADMINISTRATIVE PROVISIONS

The Bureau of Land Management may carry out the operations funded under this Act by direct expenditure, contracts, grants, cooperative agreements, and reimbursable agreements with public and private entities, including with States. Appropriations for the Bureau shall be available for purchase, erection, and dismantlement of temporary structures, and alteration and maintenance of necessary buildings and appurtenant facilities to which the United States has title; up to \$100,000 for payments, at the discretion of the Secretary, for information or evidence concerning violations of laws administered by the Bureau; miscellaneous and emergency expenses of enforcement activities authorized or approved by the Secretary and to be accounted for solely on the Secretary's certificate, not to exceed \$10,000: Provided, That notwithstanding Public Law 90–620 (44 U.S.C. 501), the Bureau may, under cooperative cost-sharing and partnership arrangements authorized by law, procure printing services from cooperators in connection with jointly produced publications for which the cooperators share the cost of printing either in cash or in services, and the Bureau determines the cooperator is capable of meeting accepted quality standards: Provided further, That projects to be funded pursuant to a written commitment by a State government to provide an identified amount of money in support of the project may be carried out by the Bureau on a reimbursable basis.

BUREAU OF OCEAN ENERGY MANAGEMENT

Federal Funds

OCEAN ENERGY MANAGEMENT

For expenses necessary for granting and administering leases, easements, rights-of-way, and agreements for use for oil and gas, other minerals, energy, and marine-related purposes on the Outer Continental Shelf and approving operations related thereto, as authorized by law; for environmental studies, as authorized by law; for implementing other laws and to the extent provided by Presidential or Secretarial delegation; and for grants and cooperative agreements, both with or without a non-Federal share, \$242,045,000, of which \$183,434,000 is to remain available until September 30, 2026, and of which \$58,611,000 is to remain available until expended: Provided, That this total appropriation shall be reduced by amounts collected by the Secretary of the Interior and credited to this appropriation from additions to receipts resulting from increases to lease rental rates in effect on August 5, 1993, and from cost recovery fees from activities conducted by the Bureau of Ocean Energy Management pursuant to the Outer Continental Shelf Lands Act, including studies, assessments, analysis, and miscellaneous administrative activities: Provided further, That the sum herein appropriated shall be reduced as such collections are received during the fiscal year, so as to result in a final fiscal year 2025 appropriation estimated at not more than \$183,434,000: Provided further, That not to exceed \$3,000 shall be available for reasonable expenses related to promoting volunteer beach and marine cleanup activities: Provided further, That not to exceed \$5,000 shall be available for official reception and representation expenses.

Note.—A full-year 2024 appropriation for this account was not enacted at the time the Budget was prepared; therefore, the Budget assumes this account is operating under the Continuing Appropriations Act, 2024 and Other Extensions Act (Division A of Public Law 118–15, as amended). The Bureau of Ocean Energy Management (BOEM) manages the development of the nation's offshore energy and marine mineral resources on the U.S. Outer Continental Shelf (OCS). BOEM's work supports Administration efforts, including creating good paying jobs as the Nation transitions to a clean energy future, advancing energy security, and supporting economic prosperity and the reliability and affordability of domestic clean energy. BOEM oversees development of renewable energy resources such as offshore wind, wave and ocean currents; vast deposits of oil and natural gas; and non-energy minerals. BOEM's goal is to balance economic development, energy security, and environmental protection through responsible and transparent management of offshore resources based on the best available science. To carry out this mission, BOEM: supports renewable energy leasing and development; provides OCS oil and gas planning, leasing and oversight, including inventories of oil and gas reserves, resource and economic evaluation, review and administration of oil and gas exploration and development plans, geological and geophysical (G&G) permitting, and financial assurance and risk management; conveys sand and gravel resources; and conducts National Environmental Policy Act (NEPA) analysis and environmental studies.

The Ocean Energy Management account includes the following budget activities: Renewable Energy, Conventional Energy, Marine Minerals, Environmental Programs, and Executive Direction.

Renewable Energy.—Supports the Administration's commitment to deepen and diversify the Nation's energy portfolio by accelerating offshore renewable energy production in response to EO 14008. Oversees renewable energy program development and implementation, including:

identification of wind energy areas; environmental and compliance work; competitive and noncompetitive leasing actions; review of site assessment plans, and construction and operations plans; and consultation with Tribal Nations, State and local governments, Federal agencies, and other stakeholders.

Conventional Energy.—Manages OCS oil and gas development in line with the requirements of Executive Orders 13990 and 14008. BOEM activities include: developing and implementing the National OCS Oil and Gas Leasing Program; implementing the lease sale process; administering leases; protecting the Federal Government from financial risks related to natural resource development; reviewing exploration and development plans and geological and geophysical permit applications; developing and maintaining the OCS cadastre; conducting technical and economic resource evaluation and fair market value determination; and, engaging in carbon sequestration efforts. In conducting these activities, BOEM fosters environmental justice; actively involves Tribal Nations, the public and stakeholders; and addresses the challenges posed by climate change.

Marine Minerals.—Manages non-energy minerals on the OCS and conveys, on a noncompetitive basis, the rights to those resources to Federal, State, and local government agencies for shore protection, beach and wetlands restoration projects, or for use in construction projects funded or authorized by the Federal Government. Facilitates access to and manages these crucial OCS resources to support resilient coasts, natural disaster preparedness, and protection of shoreline infrastructure vital to the Nation's security, economy, and ecosystems. Funding supports mineral resource exploration and leasing activities, coordination with governmental partners, engagement of stakeholders, and scientific research to improve decision-making and risk management.

Environmental Programs.—Advances Administration priorities by ensuring science and environmental protection are foremost considerations in BOEM decision-making, fostering conservation of natural and cultural resources, combating climate change, and advancing environmental justice. Informs decision-makers and the public about the potential impacts of OCS energy and mineral activities on the marine, coastal, and human environments and measures to avoid or reduce impacts. Develops the environmental impact statements and environmental assessments needed to consider the potential environmental impacts of proposed actions in accordance with the National Environmental Protection Act, the OCS Lands Act, and numerous other environmental statutes, regulations, and executive orders. Funding supports scientific research needed to inform policy decisions regarding energy and mineral development on the OCS.

Executive Direction.—Funds bureau-wide leadership, direction, management, coordination, communication strategies, outreach, and regulatory development. This includes budget management, administrative services management, bureau-wide information technology management and governance, congressional and public affairs, policy analysis, regulations, overseeing official documents, international affairs, and Freedom of Information Act activities.

OFFSHORE SAFETY AND ENVIRONMENTAL ENFORCEMENT

For expenses necessary for the regulation of operations related to leases, easements, rights-of-way, and agreements for use for oil and gas, other minerals, energy, and marine-related purposes on the Outer Continental Shelf, as authorized by law; for enforcing and implementing laws and regulations as authorized by law and to the extent provided by Presidential or Secretarial delegation; and for matching grants or cooperative agreements, \$187,654,000, of which \$143,295,000, including not to exceed \$3,000 for official reception and representation expenses, is to remain available until September 30, 2026, and of which \$44,359,000 is to remain available until expended, including \$12,000,000 for offshore decommissioning activities: *Provided, That this total appropriation shall be reduced by amounts collected by the Secretary of the Interior and credited to this appropriation from additions to receipts resulting from increases to lease rental rates in effect on August 5, 1993, and from cost recovery fees from activities conducted*

by the Bureau of Safety and Environmental Enforcement pursuant to the Outer Continental Shelf Lands Act, including studies, assessments, analysis, and miscellaneous administrative activities: Provided further, That the sum herein appropriated shall be reduced as such collections are received during the fiscal year, so as to result in a final fiscal year 2025 appropriation estimated at not more than \$155,295,000.

For an additional amount, \$49,831,000, to remain available until expended, to be reduced by amounts collected by the Secretary and credited to this appropriation, which shall be derived from non-refundable inspection fees collected in fiscal year 2025, as provided in this Act: Provided, That to the extent that amounts realized from such inspection fees exceed \$49,831,000, the amounts realized in excess of \$49,831,000 shall be credited to this appropriation and remain available until expended: Provided further, That for fiscal year 2025, not less than 50 percent of the inspection fees expended by the Bureau of Safety and Environmental Enforcement will be used to fund personnel and mission-related costs to expand capacity and expedite the orderly development, subject to environmental safeguards, of the Outer Continental Shelf pursuant to the Outer Continental Shelf Lands Act (43 U.S.C. 1331 et seq.), including the review of applications for permits to drill.

Note.—A full-year 2024 appropriation for this account was not enacted at the time the Budget was prepared; therefore, the Budget assumes this account is operating under the Continuing Appropriations Act, 2024 and Other Extensions Act (Division A of Public Law 118-15, as amended). The amounts included for 2024 reflect the annualized level provided by the continuing resolution.

The Bureau of Safety and Environmental Enforcement (BSEE) was established on October 1, 2011, to ensure the safe and environmentally responsible exploration, development, production, and conservation of the Nation's offshore energy resources. BSEE uses its full range of authorities, policies, and tools to ensure safety, oil spill preparedness, environmental stewardship, and appropriate development and regulatory oversight of offshore oil, natural gas, and renewable energy resources and activities. The Bureau continues to improve its mission processes and staff capabilities to keep pace with the continued innovation in Outer Continental Shelf (OCS) exploration and production and the forthcoming commencement of carbon sequestration activities. BSEE must adapt and respond to changes in renewable energy, carbon sequestration, and oil and gas sectors throughout the lifecycle of offshore energy development. BSEE is committed to continually improving the effectiveness of its safety management systems program and compliance assurance functions such as the inspection program, enhancing its permitting processes around greater quality assurance and consistency, ensuring high levels of preparedness in the event of oil spills, and addressing requirements for an expanded OCS renewable energy and carbon sequestration programs. BSEE's work supports Administration efforts to create good paying jobs as the Nation transitions to a clean energy future. The Offshore Safety and Environmental Enforcement (OSEE) account is BSEE's primary operating account and funds the following activities: Operations, Safety, and Regulation; Renewable Energy Operations; Environmental Enforcement; Administrative Operations; Executive Direction; and Offshore Decommissioning.

Operations, Safety, and Regulation.—Funds reviews of OCS energy permit applications; inspections of OCS facilities, including critical high-risk activities; offshore operator oil spill planning and preparedness compliance; investigations; enforcement; audit programs; annual operator performance reviews; verification of oil and gas production levels to help ensure the public receives a fair return; research supporting the analysis of emerging technologies, standards and regulatory review and development activities; and technical training.

Renewable Energy Operations.—Funds activities to establish, deploy, and maintain an effective offshore renewable energy program. BSEE develops and implements rigorous safety and environmental regulations and oversight of this nascent industry. BSEE, in collaboration with the Bureau of Ocean Energy Management, is developing strategies to oversee safety and environmental requirements for facility design, fabrication, installation, operation, and decommissioning; promote the safety of operations through regulatory requirements and programs such as safety management systems, inspections, incident reporting, and investigations; and, enforce compliance with all applicable safety, environmental, and conservation laws and regulations.

Environmental Enforcement.—Funds environmental compliance staff and operational support required to: manage compliance verification and enforcement of environmental standards placed on OCS energy and marine mineral operations; ensure BSEE's compliance with NEPA, the Endangered Species Act (ESA), the National Historic Preservation Act (NHPA), and other environmental laws and regulations; specialized inspections to ensure compliance with air and water quality requirements and other environmental mitigation measures, management of the "Rigs-to-Reefs"/artificial reef program; and support for BSEE's Tribal consultation responsibilities.

Administrative Operations.—Funds general administration programs, emergency management, finance, human resources, procurement, and information management. BSEE also provides administrative services, such as human resources, procurement, and finance, to the Bureau of Ocean Energy Management (BOEM) and other entities within the Department on a reimbursable basis.

Executive Direction.—Funds bureau-wide leadership, direction, management, coordination, communications strategies, and outreach. This includes functions such as budget, equal employment opportunity services, congressional and public affairs, and policy and analysis.

Offshore Decommissioning.—Funds according to regulatory standards, the proper maintenance, monitoring, and decommissioning of orphaned wells, pipelines, and structures left on the OCS for which there is no remaining liable party.

OFFICE OF SURFACE MINING RECLAMATION AND ENFORCEMENT

Federal Funds**REGULATION AND TECHNOLOGY**

For necessary expenses to carry out the provisions of the Surface Mining Control and Reclamation Act of 1977, Public Law 95–87, \$128,875,000, to remain available until September 30, 2026, of which \$65,000,000 shall be available for State and tribal regulatory grants, and of which not to exceed \$5,000 may be for official reception and representation expenses: Provided, That appropriations for the Office of Surface Mining Reclamation and Enforcement may provide for the travel and per diem expenses of State and tribal personnel attending Office of Surface Mining Reclamation and Enforcement sponsored training.

In addition, for costs to review, administer, and enforce permits issued by the Office pursuant to section 507 of Public Law 95–87 (30 U.S.C. 1257), \$40,000, to remain available until expended: Provided, That fees assessed and collected by the Office pursuant to such section 507 shall be credited to this account as discretionary offsetting collections, to remain available until expended: Provided further, That the sum herein appropriated from the general fund shall be reduced as collections are received during the fiscal year, so as to result in a fiscal year 2025 appropriation estimated at not more than \$128,875,000.

Environmental protection.—This activity ensures the environment is protected during surface coal mining operations and coal operators adequately reclaim disturbed land after mining is completed.

Under this activity, the Office of Surface Mining Reclamation and Enforcement provides grants and support to States and Tribes to operate enforcement programs on lands within their jurisdiction under the terms of the Surface Mining Control and Reclamation Act of 1977. This activity also provides for the Federal operation of enforcement programs in States without their own regulatory program and on Federal and Indian lands, as well as Federal oversight of the State regulatory programs.

Technology development and transfer.—This activity provides funding to enhance the technical skills that States and Indian Tribes need to operate their regulatory programs. It provides training and technical tools, such as the Coal Information Management System, to States and Indian Tribes to solve problems related to the environmental effects of coal mining and technical assistance to address specific coal mining issues.

Financial management.—This activity provides resources for managing, accounting, and processing collections, and pursuing delinquent civil penalties. This includes developing and maintaining information management systems that support these functions and enhance the agency's ability to deny new mining permits to applicants with unabated State or Federal violations. This activity also includes accounting for and reporting on grants awarded to States and Tribes for regulatory purposes.

Executive direction and administration.—This activity provides funding for executive direction, general administrative support, and the acquisition of certain agency-wide common services, such as rent, telephones, and postage.

ABANDONED MINE RECLAMATION FUND

For necessary expenses to carry out title IV of the Surface Mining Control and Reclamation Act of 1977, Public Law 95–87, \$40,815,000, to be derived from receipts of the Abandoned Mine Reclamation Fund and to remain available until expended: Provided, That pursuant to Public Law 97–365, the Department of the Interior is authorized to use up to 20 percent from the recovery of the delinquent debt owed to the United States Government to pay for contracts to collect these debts: Provided further, That funds made available under title IV of Public Law 95–87 may be used for any required non-Federal share of the cost of projects funded by the Federal Government for the purpose of environmental restoration related to treatment or abatement of acid mine drainage from abandoned mines: Provided further, That such projects must be consistent with the purposes and priorities of the Surface Mining Control and Reclamation Act: Provided further, That amounts provided under this heading may be used for the travel and per diem expenses of State and tribal personnel attending Office of Surface Mining Reclamation and Enforcement sponsored training: Provided further, That of the amounts provided under this heading, not to exceed \$5,000 shall be available for official reception and representation expenses.

In addition, \$135,000,000, to remain available until expended, for grants to States and federally recognized Indian Tribes for reclamation of abandoned mine lands and other related activities in accordance with the terms and conditions described in the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act): Provided, That such additional amount shall be used for economic and community development in conjunction with the priorities in section 403(a) of the Surface Mining Control and Reclamation Act of 1977 (30 U.S.C. 1233(a)): Provided further, That of such additional amount, 0.75 percent shall be available to the Office of Surface Mining Reclamation and Enforcement for program administration and 0.5 percent shall be available for transfer to the Office of the Inspector General of the Department of the Interior for oversight of funding provided under this heading: Provided further, That of such additional amount, \$86,850,000 shall be distributed in equal amounts to the three Appalachian States with the greatest amount of unfunded needs to meet the priorities described in paragraphs (1) and (2) of such section, \$34,740,000 shall be distributed in equal amounts to the three Appalachian States with the subsequent greatest amount of unfunded needs to meet such priorities, and \$11,722,500 shall be for grants to federally recognized Indian Tribes without regard to their status as certified or uncertified under the Surface Mining Control and Reclamation Act of 1977 (30 U.S.C. 1233(a)), for reclamation of abandoned mine lands and other related activities in accordance with the terms and conditions described in the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act) and shall be used for economic and community development in conjunction with the priorities in section 403(a) of the Surface Mining Control and Reclamation Act of 1977: Provided further, That such additional amount shall be allocated to States and Indian Tribes within 60 days after the date of enactment of this Act.

Note.—A full-year 2024 appropriation for this account was not enacted at the time the Budget was prepared; therefore, the Budget assumes this account is operating under the Continuing Appropriations Act, 2024 and Other Extensions Act (Division A of Public Law 118–15, as amended). The amounts included for 2024 reflect the annualized level provided by the continuing resolution.

Environmental restoration.—This activity includes functions that contribute to the reclamation of lands and waters affected by historical coal mining. This activity provides discretionary funding for the Federal reclamation program, including for watershed restoration projects, and for the evaluation of State and tribal reclamation programs that now receive mandatory funding for reclamation activities. This activity also provides for the operation of Federal reclamation programs for activities in those States without their own reclamation programs.

This activity also supports the Administration's efforts to revitalize coal communities by reclaiming abandoned mine lands so that they can be repurposed for beneficial economic uses, and, in the process, creating local, good-paying, union jobs in some of the hardest-hit communities

in the Nation. The 2025 Budget includes \$135 million for grants to six Appalachian States and eligible Tribes through the Abandoned Mine Land Economic Revitalization program, which aims to return legacy coal mining sites to productive use and foster economic and community development.

Technology development and transfer.—This activity provides funding to enhance the technical skills States and Indian Tribes need to operate their reclamation programs. The Office of Surface Mining Reclamation and Enforcement (OSMRE) provides training and technical assistance on mining and reclamation-related problems.

Financial management.—This activity provides funding to identify, notify operators of, collect, and audit fees from coal operators for the Abandoned Mine Reclamation Fund. The OSMRE seeks to maximize voluntary compliance with the Surface Mining Control and Reclamation Act's reclamation fee provisions. This activity also includes accounting for and reporting on grants awarded to States and Tribes for reclamation activities.

Executive direction and administration.—This activity provides funding for executive direction, general administrative support, and the acquisition of certain agency-wide common services such as rent, telephones, and postage.

The Surface Mining Control and Reclamation Act of 1977, as amended by the Bipartisan Infrastructure Law (Public Law 117–58), the Tax Relief and Health Care Act of 2006 (Public Law 109–432), the Bipartisan Miners Act of 2019 (Division M of Public Law 116–94), and the American Miner Benefits Improvement Act of 2020 (Division Y of Public Law 116–260), authorizes mandatory Treasury payments to three United Mine Workers of America (UMWA) retiree health benefit plans (the Combined Benefit Fund, the 1992 Plan, and the 1993 Plan), to the extent that other Federal funding sources do not meet the plans' expenditure needs, and to the 1974 UMWA Pension Plan, subject to certain limitations.

WATER AND SCIENCE

BUREAU OF RECLAMATION

Appropriations to the Bureau of Reclamation are made from the General Fund and from certain special funds in the Treasury. Projects funded from the General Fund include the Colorado River Basin Project and the Colorado River Storage Project, among others. Special funds include the Reclamation Fund, the Central Valley Project Restoration Fund, the Colorado River Dam Fund, and the Recreation, Entrance, and User Fee account. Non-Federal entities also advance funds for operation and maintenance and provide funds under the Contributed Funds Act.

Of the Bureau's special funds, the Reclamation Fund consists of repayments and other revenues from water and power users; receipts from the sale, lease, and rental of Federal lands; and certain oil and mineral revenues. It can finance program activities authorized under "Reclamation Law" that directly benefit the 17 Western States. The Central Valley Project Restoration Fund consists of revenues from project beneficiaries. The Colorado River Dam Fund generates revenue from the sale of Boulder Canyon Project power.

The 2025 estimates are summarized by source as follows (in millions of dollars):

WATER AND RELATED RESOURCES

(INCLUDING TRANSFERS OF FUNDS)

For management, development, and restoration of water and related natural resources and for related activities, including the operation, maintenance, and rehabilitation of reclamation and other facilities, participation in fulfilling related Federal responsibilities to Native Americans, and related grants to, and cooperative and other agreements with, State and local governments, federally recognized Indian Tribes, and others, \$1,443,527,000, to remain available until expen-

ded, of which \$23,620,000 shall be available for transfer to the Upper Colorado River Basin Fund and \$7,584,000 shall be available for transfer to the Lower Colorado River Basin Development Fund; of which such amounts as may be necessary may be advanced to the Colorado River Dam Fund: Provided, That \$100,000 shall be available for transfer into the Aging Infrastructure Account established by section 9603(d)(1) of the Omnibus Public Land Management Act of 2009, as amended (43 U.S.C. 510b(d)(1)): Provided further, That such transfers, except for the transfer authorized by the preceding proviso, may be increased or decreased within the overall appropriation under this heading: Provided further, That of the total appropriated, the amount for program activities that can be financed by the Reclamation Fund, the Water Storage Enhancement Receipts account established by section 4011(e) of Public Law 114–322, or the Bureau of Reclamation special fee account established by 16 U.S.C. 6806 shall be derived from that Fund or account: Provided further, That funds contributed under 43 U.S.C. 395 are available until expended for the purposes for which the funds were contributed: Provided further, That funds advanced under 43 U.S.C. 397a shall be credited to this account and are available until expended for the same purposes as the sums appropriated under this heading: Provided further, That of the amounts provided herein, funds may be used for high-priority projects which may be carried out by the Youth Conservation Corps, as authorized by 16 U.S.C. 1706: Provided further, That within available funds, up to \$250,000 may be for grants and financial assistance for educational activities: Provided further, That of the amounts provided under this heading, not to exceed \$5,000 may be used for official reception and representation expenses.

Note.—A full-year 2024 appropriation for this account was not enacted at the time the Budget was prepared; therefore, the Budget assumes this account is operating under the Continuing Appropriations Act, 2024 and Other Extensions Act (Division A of Public Law 118–15, as amended). The amounts included for 2024 reflect the annualized level provided by the continuing resolution.

The Water and Related Resources account supports the development, management, and restoration of water and related resources in the 17 Western States. The account includes funds to operate, maintain, and rehabilitate existing water and power facilities; protect public safety; conduct studies and perform work to improve the reliability of water and related resources; and provide financial assistance for various projects, water conservation, and fish and wildlife activities. Work funded through the account will support environmental justice for communities that have been left behind.

Work is done in partnership and cooperation with non-Federal entities and other Federal agencies to reduce conflict, facilitate solutions to complex water issues, and stretch limited water supplies.

The Administration's FY 2025 President's Budget Request proposes legislation to address the ongoing Operation, Maintenance, and Repair requirements associated with four enacted Indian water rights settlements managed by the Bureau of Reclamation. These annual requirements are associated with the Ak Chin Indian Water Rights Settlement Project, the Animas-La Plata Project (Colorado Ute Settlement), the Columbia and Snake River Salmon Recovery Project (Nez Perce Settlement), and the Navajo-Gallup Water Supply Project.

WATER AND RELATED RESOURCES—Continued

The proposal provides \$34.0 million a year over ten years in mandatory funding to cover these requirements. Funds would be deposited into the Indian Water Rights Settlement Completion Fund established by the Bipartisan Infrastructure Law (P.L. 117–58) and shall transfer to the Bureau of Reclamation for implementation.

CALIFORNIA BAY-DELTA RESTORATION

(INCLUDING TRANSFERS OF FUNDS)

For carrying out activities authorized by the Water Supply, Reliability, and Environmental Improvement Act, consistent with plans to be approved by the Secretary of the Interior, \$33,000,000, to remain available until expended, of which such amounts as may be necessary to carry out such activities may be transferred to appropriate accounts of other participating Federal agencies to carry out authorized purposes: Provided, That funds appropriated herein may be used for the Federal share of the costs of Calfed Program management: Provided further, That Calfed implementation shall be carried out in a balanced manner with clear performance measures demonstrating concurrent progress in achieving the goals and objectives of the Program.

Note.—A full-year 2024 appropriation for this account was not enacted at the time the Budget was prepared; therefore, the Budget assumes this account is operating under the Continuing Appropriations Act, 2024 and Other Extensions Act (Division A of Public Law 118–15, as amended). The amounts included for 2024 reflect the annualized level provided by the continuing resolution.

This account funds activities that are consistent with the CALFED Bay-Delta Program, a collaborative effort involving State and Federal agencies and representatives of California's urban, agricultural, and environmental communities. The goals of the program are to improve fish and wildlife habitat, water supply reliability, water quality, and levee integrity in the San Francisco Bay-San Joaquin River Delta, the principal hub of California's water distribution system.

This fund is derived from repayments and other revenues from water and power users, together with certain receipts from the sale, lease, and rental of Federal lands in the 17 Western States and certain oil and mineral revenues. Receipts deposited are made available by the Congress through annual appropriations acts.

POLICY AND ADMINISTRATION

For expenses necessary for policy, administration, and related functions in the Office of the Commissioner, the Denver office, and offices in the six regions of the Bureau of Reclamation, to remain available until September 30, 2026, \$66,794,000, to be derived from the Reclamation Fund and be nonreimbursable as provided in 43 U.S.C. 377: Provided, That no part of any other appropriation in this Act shall be available for activities or functions budgeted as policy and administration expenses.

Note.—A full-year 2024 appropriation for this account was not enacted at the time the Budget was prepared; therefore, the Budget assumes this account is operating under the Continuing Appropriations Act, 2024 and Other Extensions Act (Division A of Public Law 118–15, as amended). CENTRAL VALLEY PROJECT RESTORATION FUND

For carrying out the programs, projects, plans, habitat restoration, improvement, and acquisition provisions of the Central Valley Project Improvement Act, such sums as may be collected in fiscal year 2025 in the Central Valley Project Restoration Fund pursuant to sections 3407(d), 3404(c)(3), and 3405(f) of Public Law 102–575, to remain available until expended: Provided, That the Bureau of Reclamation is directed to assess and collect the full amount of the additional mitigation and restoration payments authorized by section 3407(d) of Public Law 102–575: Provided further, That none of the funds made available under this heading may be used for the acquisition or leasing of water for in-stream purposes if the water is already committed to in-stream purposes by a court adopted decree or order.

Note.—A full-year 2024 appropriation for this account was not enacted at the time the Budget was prepared; therefore, the Budget assumes this account is operating under the Continuing Appropriations Act, 2024 and Other Extensions Act (Division A of Public Law 118–15, as amended). The amounts included for 2024 reflect the annualized level provided by the continuing resolution.

This fund was established to carry out the provisions of the Central Valley Project Improvement Act—to provide funding from project beneficiaries for habitat restoration, improvement and acquisition, and other fish and wildlife restoration activities in the Central Valley Project area of California. Resources are derived from donations, revenues from voluntary water transfers, and tiered water pricing. The account is also financed through additional mitigation and restoration payments collected on an annual basis from project beneficiaries.

This account receives funding (user fees and repayment receipts) from the Friant Division long-term water contractors and other Federal and non-Federal sources to implement the provisions described in the settlement for the National Resources Defense Council et al. v. Rodgers lawsuit. The settlement's two primary goals are: 1) to restore and maintain fish populations in "good condition" in the main stem of the San Joaquin River below Friant Dam to the confluence of the Merced River, including naturally reproducing and self-sustaining populations of salmon and other fish; and 2) to reduce or avoid adverse water supply impacts to all of the Friant Division long-term contractors that may result from the Interim Flows and Restoration Flows provided for in the Settlement.

Ongoing construction costs of the Central Arizona project are financed through appropriations transferred to this Fund. Revenues from the operation and repayment, including interest, of project facilities are available without further appropriation. A portion of the revenues from the Boulder Canyon power and Parker-Davis projects are also transferred to this Fund. Use of the

revenues are authorized for operation and maintenance expenses, for a share of Colorado River salinity control projects, and for other purposes defined in the Colorado River Basin Project Act as amended by the Arizona Water Settlements Act, Public Law 108-451.

BUREAU OF RECLAMATION LOAN PROGRAM ACCOUNT

Under the Small Reclamation Projects Act, loans and grants can be made to non-Federal organizations for construction of small water resource projects.

As required by the Federal Credit Reform Act of 1990, the Reclamation loan program account records the subsidy costs associated with the direct loans obligated in 1992 and beyond, as well as administrative expenses of this program. The subsidy amounts are estimated on a present value basis and the administrative expenses are estimated on a cash basis.

No funds are requested for the Reclamation loan program for direct loans or for loan program administration for 2025.

The Utah Reclamation Mitigation and Conservation account was established under Title IV of Public Law 102-575 for contributions from the State of Utah, the Federal Government (through the Secretary of the Interior and the Western Area Power Administration), and project beneficiaries (the Conservancy District). The requirement for contributions from the State, the Secretary, and the Conservancy District ended in 2001. The requirement for contributions from the Western Area Power Administration ended in 2013. Funds are deposited into the account as principal and may not be expended for any purpose. Interest earned annually on the account is available for expenditure, without further appropriations, by the Utah Reclamation Mitigation and Conservation Commission, which has the option to use the funds for the mitigation, conservation, and enhancement of fish and wildlife and recreational resources, or to reinvest the funds into the account as principal.

The U.S. Geological Survey (USGS) monitors, analyzes, and predicts current and evolving Earth-system interactions and delivers actionable information at scales and timeframes relevant to decision makers. The USGS provides science about natural hazards, natural resources, ecosystems and environmental health, and the effects of climate and land-use change.

Ecosystems.—The USGS Ecosystems Mission Area is the biological research arm of Interior and provides science to ensure the Nation's ecosystems are managed sustainably and biological resources in wild and urban spaces are conserved now and into the future. Scientists examine the consequences of climate and environmental change, effects of management actions on communities, lands, and species, and risks of and solutions to harmful invasive species, wildlife diseases, and contaminants in the environment.

Energy and Mineral Resources.—The USGS Energy and Mineral Resources Mission Area is the Nation's primary source of impartial scientific information on domestic and global geologic resources and their supply chains. The Nation relies on energy and mineral resources to power

homes and businesses and to manufacture products and technologies from phones to vehicles. The mission area maps and conducts research on the full life-cycle of these resources, including geologic resource occurrence, extraction, use, disposal, and environmental and socioeconomic effects such as wastes and demands on water supplies. The mission area also assesses emerging uses of the Nation's subsurface, including carbon storage and hydrogen energy storage. The mission area's science informs economic, technological, national security, and global trade strategies and investments, as well as sustainable natural resource management and the development of infrastructure and new technologies.

Natural Hazards.—The USGS Natural Hazards Mission Area plays a critical role in providing policymakers and the public with a clear understanding of potential threats from natural hazards, societal vulnerability to these threats, and strategies for improving resilience to earthquakes, volcanic eruptions, landslides, floods, hurricanes, geomagnetic storms, tsunamis, as well as longer-term climate change-driven impacts such as sea level rise and coastal erosion. This mission area also includes USGS activities that characterize and assess coastal and marine hazards, processes, conditions, change, and vulnerability. The USGS Natural Hazards Mission Area works with partners and stakeholders to define and mitigate hazards risks, build an understanding of natural hazard processes, and characterize potential impacts on human activity and health, the economy, and the changing environment.

Water Resources.—The USGS Water Resources Mission Area is the Nation's primary Federal source of information about water resources. To fulfill this responsibility, the mission area monitors and assesses the amount and characteristics of the Nation's water resources, assesses sources and behavior of contaminants in the water environment, and develops tools to improve management and understanding of water resources. These activities support an overarching science strategy to observe, understand, predict, and deliver water science to the Nation. This work assists Federal, State, tribal, and municipal government decisions in managing water resources for domestic, agricultural, commercial, industrial, recreational, and ecological uses; protects and enhances water resources for human health, aquatic health, and environmental quality; minimizes loss of life and property as a result of water-related natural hazards, such as floods, droughts, and land movement; and contributes to sustainable stewardship and development of the Nation's resources for the benefit of present and future generations.

Core Science Systems.—The USGS is the Federal agency responsible for mapping the geologic, geographic, and land features of the United States. The USGS conducts detailed surveys and distributes high-quality and highly-accurate topographic, geologic, hydrographic, and biogeographic maps and remotely sensed data to the public. Mapping accuracy enabled by cutting-edge technologies allows precise planning for recreational use on public lands; collaborative conservation with Department of the Interior partners; critical mineral resource assessments; renewable energy development; transportation and pipeline infrastructure projects; urban planning and development; land change and flood prediction at regional, local, and neighborhood scales; emergency response; and hazards mitigation. The USGS Core Science Systems Mission Area fulfills the USGS role as the primary national civilian mapping agency, including topographic and geologic mapping in support of Federal and State requirements; national geospatial coordination in support of Interior and the Federal Geographic Data Committee; geospatial mapping and applications through the Civil Applications Committee; and satellite operations and remote sensing. The mission area is the Federal steward of this high-quality geospatial and remote sensing data and provides data access to the public through The National Map, the Federal Geospatial Platform, the National Land Cover Database, the National Geologic Map Database, the USGS Earth Explorer, the National Biogeographic Map, and the Protected Areas Database of the United States. The USGS also operates Landsat satellites and data systems necessary to understand, monitor, and detect changes that affect the Nation's natural and agricultural resources, economy, public safety and national security, and historical heritage.

Science Support.—The USGS Science Support Program provides business and information services including acquisition and grants; finance; financial reporting; internal controls; communications; budget and performance; monitoring and evaluation of science quality and integrity; information assurance; information management and technology services; strategic planning; international program activities; Freedom of Information Act (FOIA); and human capital, each of which are crucial to conducting high-quality science. Science Support also provides policy and analysis services related to technology transfer, intellectual property, agreement reviews, and directive management. Included under the Science Support umbrella are the offices of the Director; Administration; Budget, Planning, and Integration; Communications and Publishing; Diversity and Equal Opportunity; the FOIA Officer; International Programs; Science Quality and Integrity; and the Office of the Associate Chief Information Officer.

Facilities.—The USGS Facilities activity provides safe, functional workspace to accomplish the bureau's science mission. The Facilities activity's goal is to meet bureau science needs while optimizing facility locations and functionality of workspace, and reducing costs. The USGS defines facilities as all sites where USGS activities are housed and mission-related work is conducted. Facilities typically provide space for offices, laboratories, storage, and parking, as well as shared support for food services, conference rooms, and other common space uses. USGS research vessels are also considered facilities for funding purposes. Rent costs, basic facility operations, and security are funded and performed through this program. This activity is also responsible for facility maintenance and ensuring facilities are in compliance with Federal, State, and local standards to provide a safe, sustainable working environment for employees, visiting partners, and customers.

Reimbursable Activities.—This work includes reimbursements from non-Federal sources (States, Tribes, and municipalities) for cooperative efforts; proceeds from the sale of copies of photographs and records and the sale of personal property; reimbursements from permittees and licensees of the Federal Energy Regulatory Commission; and reimbursements from foreign countries and international organizations for technical assistance. The USGS also receives reimbursements from other Federal agencies for mission-related work performed at the request of the financing agency.

Funds in this account are provided by States, local governments, and private organizations (pursuant to 43 U.S.C. 36c). This appropriation (a permanent, indefinite, special fund) makes these funds available to the U.S. Geological Survey (USGS) to perform work agreed upon by the contributor and the USGS. Research and development, data collection and analysis, and other services are undertaken when such activities are of mutual interest and benefit, and assist the USGS in accomplishing its mission.

RESOURCE MANAGEMENT

For necessary expenses of the United States Fish and Wildlife Service, as authorized by law, and for scientific and economic studies, general administration, and for the performance of other authorized functions related to such resources, \$1,705,572,000, to remain available until September 30, 2026, of which not to exceed \$15,000 may be for official reception and representation expenses: Provided, That not to exceed \$23,941,000,000 shall be used for implementing

subsections (a), (b), (c), and (e) of section 4 of the Endangered Species Act of 1973 (16 U.S.C. 1533) (except for processing petitions, developing and issuing proposed and final regulations, and taking any other steps to implement actions described in subsection (c)(2)(A), (c)(2)(B)(i), or (c)(2)(B)(ii) of such section).

Note.—A full-year 2024 appropriation for this account was not enacted at the time the Budget was prepared; therefore, the Budget assumes this account is operating under the Continuing Appropriations Act, 2024 and Other Extensions Act (Division A of Public Law 118–15, as amended). The amounts included for 2024 reflect the annualized level provided by the continuing resolution.

Ecological Services.—The Service conserves, protects, and enhances fish, wildlife, plants, and their habitat by working with private landowners, States, Tribes, non-governmental organizations, and other Federal agencies. These partnership activities help protect and recover species listed under the Endangered Species Act and work to make the listing of additional species unnecessary. Financial assistance is provided to private landowners to restore or improve habitat for endangered species and other at-risk species. Technical assistance helps prevent or minimize potential conflicts between development projects and imperiled species.

Habitat Conservation.—Through technical and financial assistance, the Service promotes the protection, conservation, and restoration of the Nation's fish and wildlife resources. These conservation activities are accomplished through a voluntary citizen and community based stewardship program with partners on private lands. Conserving the Nation's coastal trust resources is accomplished through collaboration with others on public and private lands.

National Wildlife Refuge System.—The Service maintains the National Wildlife Refuge System consisting of 570 refuges, waterfowl production areas in 212 counties managed by 38 wetland management districts, 48 wildlife coordination areas, and seven national monuments. The National Wildlife Refuge System administers this network of lands and waters to conserve and restore fish, wildlife, plants, and their habitats, for the benefit of present and future generations of Americans.

Conservation and Enforcement.—The Service directs and coordinates national migratory bird programs to protect and enhance populations and habitat of more than 1,000 species of birds. Grants and partnerships are key to these programs, such as Joint Ventures that implement the North American Waterfowl Management Plan. The Service Law Enforcement program investigates wildlife crimes, regulates wildlife trade, helps Americans understand and obey wildlife protection laws, and works in partnership with international, State, and Tribal counterparts to conserve wildlife resources. The Service, through the International Affairs Program, works with domestic and international partners to promote a coordinated strategy to protect, restore, and enhance the world's diverse wildlife and their habitats, with a focus on species of international concern.

Fish and Aquatic Conservation.—The Fish and Aquatic Conservation Program consists of a network of 71 National Fish Hatcheries, one historic National Fish Hatchery, six Fish Health Centers, seven Fish Technology Centers, 51 Fish and Wildlife Conservation Offices, and the Aquatic Animal Drug Approval Partnership Program. Working with partners, the program recovers, restores and maintains fish and other aquatic resources at self-sustaining levels; provides technical assistance to States, Tribes and others; and supports Federal mitigation programs for the benefit of the American public.

Science Applications.—Science Applications provides funding for applied science directed at high impact questions of concern to management of fish and wildlife resources. This science provides information to inform resource management decisions to best manage species at healthy and sustainable levels. This program is divided into Science Partnerships and Service Science.

General Operations.—Funding for the Service's general operations provides policy guidance, program coordination, and administrative services to all of the Fish and Wildlife Service's programs. The funds also support the National Conservation Training Center and projects through the National Fish and Wildlife Foundation to restore and enhance fish and wildlife populations.

The Construction activity provides funding for projects that focus on construction and rehabilitation, environmental compliance, pollution abatement, hazardous materials cleanup, and seismic safety for facilities on Fish and Wildlife Service lands. This also includes repair and inspection of the Service's dams and bridges. This activity also supports modernization of field communications capability. These projects are needed to accomplish the management objectives and purposes of these structures, protect and enhance natural resources, and fulfill the Service's mission.

STATE AND TRIBAL WILDLIFE GRANTS

For wildlife conservation grants to States and to the District of Columbia, Puerto Rico, Guam, the United States Virgin Islands, the Northern Mariana Islands, American Samoa, and Indian tribes under the provisions of the Fish and Wildlife Act of 1956 and the Fish and Wildlife Coordination Act, for the development and implementation of programs for the benefit of wildlife and their habitat, including species that are not hunted or fished, \$73,812,000, to remain available until expended: Provided, That of the amount provided herein, \$6,200,000 is for a competitive grant program for Indian tribes not subject to the remaining provisions of this appropriation: Provided further, That \$7,612,000 is for a competitive grant program to implement

approved plans for States, territories, and other jurisdictions and at the discretion of affected States, the regional Associations of fish and wildlife agencies, not subject to the remaining provisions of this appropriation: Provided further, That the Secretary shall, after deducting \$13,812,000 and administrative expenses, apportion the amount provided herein in the following manner: (1) to the District of Columbia and to the Commonwealth of Puerto Rico, each a sum equal to not more than one-half of 1 percent thereof; and (2) to Guam, American Samoa, the United States Virgin Islands, and the Commonwealth of the Northern Mariana Islands, each a sum equal to not more than one-fourth of 1 percent thereof: Provided further, That the Secretary of the Interior shall apportion the remaining amount in the following manner: (1) one-third of which is based on the ratio to which the land area of such State bears to the total land area of all such States; and (2) two-thirds of which is based on the ratio to which the population of such State bears to the total population of all such States: Provided further, That the amounts apportioned under this paragraph shall be adjusted equitably so that no State shall be apportioned a sum which is less than 1 percent of the amount available for apportionment under this paragraph for any fiscal year or more than 5 percent of such amount: Provided further, That the Federal share of planning grants shall not exceed 75 percent of the total costs of such projects and the Federal share of implementation grants shall not exceed 65 percent of the total costs of such projects: Provided further, That the non-Federal share of such projects may not be derived from Federal grant programs: Provided further, That any amount apportioned in 2025 to any State, territory, or other jurisdiction that remains unobligated as of September 30, 2026, shall be reapportioned, together with funds appropriated in 2027, in the manner provided herein.

Note.—A full-year 2024 appropriation for this account was not enacted at the time the Budget was prepared; therefore, the Budget assumes this account is operating under the Continuing Appropriations Act, 2024 and Other Extensions Act (Division A of Public Law 118–15, as amended). The State and Tribal Wildlife Grants program provides funds to States, Commonwealths, the District of Columbia, and Territories, and to federally-recognized Tribes to stabilize, restore, enhance, and protect species and their habitats that are of conservation concern. For States, funds are primarily awarded through a formula-based apportionment. Additionally, a competitive program for States uses a merit-based process to fund outcome-oriented, results-based projects. At the discretion of affected States, the competitive program may be used by regional associations of State fish and wildlife agencies. The Tribal Wildlife Grant program supports federally-recognized Tribes in the development and implementation of conservation programs for the benefit of wildlife and their habitats, including species of Tribal cultural or traditional importance.

Federal Land Acquisition funds are used to protect areas that have native fish or wildlife values and provide natural resource benefits over a broad geographical area. Funds in this account also cover acquisition management activities, such as title fees and land surveys. The U.S. Fish and Wildlife Service places emphasis on acquiring important fish, wildlife, and plant habitat for the conservation of listed endangered and threatened species, implementing the North American Waterfowl Management Plan, and conserving migratory birds of conservation concern. The Federal Land Acquisition program uses alternative and innovative conservation tools, including conservation easements, and implements projects that have the input and participation of the affected local communities and stakeholders. The U.S. Fish and Wildlife Service is not requesting discretionary funding for this account.

The Great American Outdoors Act (P.L. 116–152) makes funds deposited into the Land and Water Conservation Fund available for expenditure without further appropriation or fiscal year limitation while providing that for each fiscal year the Department shall submit to Congress detailed proposed account, program, and project allocations of funding made available under the statute.

LANDOWNER INCENTIVE PROGRAM

The Landowner Incentive Program provided cost-shared, competitive grants to States, Commonwealths, the District of Columbia, Territories, and Tribes to create, supplement or expand upon new or ongoing landowner incentive programs. These programs provided technical and financial assistance to private landowners to help them protect and manage imperiled species and their habitat, while continuing to engage in traditional land use or working conservation practices. The program was phased out in 2008 and minimal balances remain in this account.

Funds deposited into this account include import duties on arms and ammunition and receipts in excess of U.S. Postal Service expenses from the sale of Migratory Bird Hunting and Conservation Stamps, also known as Duck Stamps. These funds are used to acquire land and water for migratory bird refuges and waterfowl production areas. In addition, any funds reverted from the States within the Federal Aid in Wildlife Restoration Fund are available for this purpose. The Federal Duck Stamp Act (P.L. 113-264) increased the price of Duck Stamps from \$15 to \$25, with the \$10 increase to be dedicated to the acquisition of conservation easements for conservation of migratory birds.

Funds deposited into this account include direct appropriations and fines, penalties, and forfeitures collected under the authority of the Migratory Bird Treaty Act (16 U.S.C. 707). The North American Wetlands Conservation Fund supports wetlands conservation projects approved by the Migratory Bird Conservation Commission. Interest on obligations held in the Federal Aid in Wildlife Restoration Fund is also available for this purpose. In addition, a portion of receipts to the Sport Fish Restoration Account is also available for coastal wetlands conservation projects.

These projects help fulfill the habitat protection, restoration, and enhancement goals of the North American Waterfowl Management Plan and the Tripartite Agreement among Mexico, Canada, and the United States. These projects may involve partnerships with public agencies and private entities, with non-Federal matching contributions, for the long-term conservation of habitat for migratory birds and other fish and wildlife, including species that are listed, or are candidates to be listed, under the Endangered Species Act (16 U.S.C. 1531).

Wetlands conservation projects include obtaining a real property interest in lands or waters, including water rights; the restoration, management or enhancement of habitat; and training and development for conservation management in Mexico. Funding may be provided for assistance for wetlands conservation projects in Canada or Mexico.

The Cooperative Endangered Species Conservation Fund provides grants to States and U.S. Territories for species and habitat conservation actions on non-Federal lands, including habitat acquisition, conservation planning, habitat restoration, status surveys, captive propagation and reintroduction, research, and education for species that are listed or are candidates for listing, as threatened or endangered. These activities support recovery efforts and Habitat Conservation Plans in partnership with local governments and other interested parties to protect species. Appropriations to this account have been financed by both the Land and Water Conservation Fund and the Cooperative Endangered Species Conservation Fund. The latter is an unavailable receipt account that receives a transfer from the General Fund of the U.S. Treasury equal to five percent of receipts deposited to the Federal Aid in Wildlife and Sport Fish Restoration accounts plus Lacey Act receipts over \$500,000. Funds made available for grants from the Cooperative Endangered Species Conservation Fund are subject to annual appropriations from Congress. The Great American Outdoors Act, enacted in 2020, provides mandatory funding for the Land and Water Conservation Fund (LWCF). The 2025 President's Budget continues to allocate mandatory LWCF funding to support land acquisition activities associated with this program. Congress reviews and approves LWCF funding allocations through the annual appropriations process.

The Refuge Revenue Sharing Act (16 U.S.C. 715s) authorizes the Service to make payments to counties in which Fish and Wildlife Service fee lands are located from the revenues resulting from the sale of products from Service lands, less expenses for producing the revenue and activities related to revenue sharing. The 2025 Budget does not propose to supplement revenues with discretionary funding.

RECREATION ENHANCEMENT FEE PROGRAM, FWS—Continued

The Federal Lands Recreation Enhancement Act (FLREA) was passed as part of the Omnibus Appropriations bill for 2005. Approximately 164 Fish and Wildlife Service sites collect entrance fees and other receipts. All receipts are deposited into a recreation fee account of which at least 80 percent is returned to the collecting site.

The recreation fee program supports user generated cost recovery for the operation and maintenance of recreation areas, visitor services improvements, and habitat enhancement projects on Federal lands. Fees are used primarily at the site to improve visitor access, enhance public safety and security, address maintenance needs, enhance resource protection, and cover the costs of collection. Recreation fees are often used at Service sites to fund student intern and various youth programs focusing on hunting, fishing, wildlife observation, wildlife photography, environmental education, and environmental interpretation. Section 421 of Division G of the Consolidated Appropriations Act, 2023 (P.L. 117–328) extended FLREA through October 1, 2024. The 2025 budget includes appropriations language to extend FLREA through October 1, 2026.

The Federal Aid in Wildlife Restoration Act (16 U.S.C. 669 et seq.), also known as the Pittman-Robertson Wildlife Restoration Act, created a program to fund the selection, restoration, rehabilitation and improvement of wildlife habitat, hunter education and safety, and wildlife management research. Under the program, States, Puerto Rico, Guam, the Virgin Islands, American Samoa, and the Northern Mariana Islands are allocated funds from an excise tax on sporting arms and ammunition, handguns, and a tax on certain archery equipment. States are reimbursed up to 75 percent of the cost of approved wildlife and hunter education projects.

The Wildlife and Sport Fish Restoration Programs Improvement Act (P.L. 106–408) amends the Pittman-Robertson Wildlife Restoration Act and authorizes a Multistate Conservation Grant Program, as well as the Firearm and Bow Hunter Education and Safety Program that provides grants to the States.

The Target Practice and Marksmanship Training Support Act (P.L. 116–17) amends the Pittman-Robertson Wildlife Restoration Act to define a public target range and offers States alternatives for funding specific activities related to public target ranges.

The Energy Policy Act (P.L. 109–58) amends section 31 of the Outer Continental Shelf (OCS) Lands Act (43 U.S.C. 1356 et seq.) to require that for each of the fiscal years 2007 through 2010, \$250,000,000 in OCS revenues be distributed each year to coastal States that have submitted approved coastal impact assistance plans. The formula for distribution is based on the amount of qualified OCS revenues generated off the coastline of each producing State. In addition, 35 percent of each State's allocable share is to be distributed to coastal political subdivisions based on population, coastline, and distance to applicable OCS leases. In 2011, administration of this program was transferred from the Bureau of Ocean Energy Management to the Fish and Wildlife Service.

Operation and maintenance of quarters.—Revenue from the rental of Government quarters is deposited in this account for use in the operation and maintenance of such quarters for the Fish and Wildlife Service, pursuant to Public Law 98–473, Section 320; 98 Stat. 1874, as amended.

Proceeds from sales, water resources development projects.—Receipts collected from the sale of timber and crops from National Wildlife Refuge System lands leased or licensed from the Department of the Army may be used to pay the costs of production of the timber and crops and for managing wildlife habitat, 16 U.S.C. 460(d).

Lahontan Valley and Pyramid Lake Fish and Wildlife Fund.—Under the Truckee-Carson Pyramid Lake Water Rights Settlement Act, the Lahontan Valley and Pyramid Lake Fish and Wildlife Fund receives revenues and donations from non-Federal parties to support the restoration and enhancement of wetlands in the Lahontan Valley and to restore and protect the Pyramid Lake fishery. Revenues received from the Bureau of Reclamation's Washoe Project in excess of operation and maintenance costs for the Stampede Reservoir are available without further appropriation. Donations made for express purposes and State cost-sharing funds are available without further appropriation. The Secretary of the Interior is also authorized to deposit proceeds from the sale of certain lands and interests in lands into the Pyramid Lake Fish and Wildlife Fund.

Community Partnership Enhancement.—Under the National Wildlife Refuge System Volunteer and Community Partnership Enhancement Act (P.L. 105–242, dated October 5, 1998), the Service is authorized to enter into cooperative agreements with nonprofit organizations, academic institutions, or State and local governments to construct, operate, maintain, or improve refuge facilities and services, and to promote volunteer outreach and education programs.

The Federal Aid in Sport Fish Restoration Act, also known as the Dingell-Johnson Sport Fish Restoration Act (16 U.S.C. 777 et seq.), created a fishery resources, conservation, and restoration program funded by excise taxes on fishing equipment and certain other sport fish related products and fuel.

The Wildlife and Sport Fish Restoration Programs Improvement Act (P.L. 106–408) amends the Dingell-Johnson Sport Fish Restoration Act and authorizes a Multistate Conservation Grant Program. It also provides funding for several fisheries commissions and the Sport Fishing and Boating Partnership Council.

The Sport Fish Restoration Act specifies that the net deposits made into the Sport Fish Restoration and Boating Safety Trust Fund, minus the distributions for administrative expenses for the Fish and Wildlife Service and the United States Coast Guard, special commissions, and the Boating Council, be distributed to support the following:

The Coastal Wetlands Planning, Protection, and Restoration Act (16 U.S.C. 3951 et seq.).—18.673 percent of net deposits, or amounts collected in small engine fuels excise taxes as provided by 26 U.S.C. 9504(b), whichever is greater, are to be made available and distributed as follows: 70 percent to the U.S. Army Corps of Engineers for priority project and conservation planning activities in Louisiana; 15 percent to the Fish and Wildlife Service for coastal wetlands conservation grants; and 15 percent to the Fish and Wildlife Service for wetlands conservation projects per the North American Wetlands Conservation Act (16 U.S.C. 4407).

Boating Safety Programs.—17.315 percent of net deposits are to be made available to the United States Coast Guard for State recreational boating safety programs.

Boating Infrastructure Improvement.—Four percent of net deposits are to be made available to the Secretary of the Interior to make grants to 1) States, as determined through a competitive award process, for the development and maintenance of facilities for transient non-trailerable recreational vessels 26 feet or longer, or 2) States, Commonwealths, the District of Columbia and Territories, as determined through a competitive award process, to carry out projects for the construction, renovation, operation, and maintenance of pumpout stations and waste reception

facilities, as well as for educational programs on proper disposal of sewage. Not more than 75 percent of the four percent shall be available for grants under either of the award processes referenced in this paragraph.

National Outreach and Communications Programs.—Two percent of net deposits are to be made available to the Secretary of the Interior to develop national and State outreach plans to promote safe fishing and boating opportunities and the conservation of aquatic resources.

Grants to States.—58.012 percent of net deposits are provided to the States, Puerto Rico, Guam, the Virgin Islands, American Samoa, the Northern Mariana Islands, and the District of Columbia for up to 75 percent of the cost of approved projects including: research into fisheries problems, surveys and inventories of fish populations, acquisition and improvement of fish habitat, and provision of access for public use and \$3 million is reserved for Multistate Conservation Activities.

The Bipartisan Infrastructure Law (P.L. 117–58) amends Section 3 and 4 of the Federal Aid in Sport Fish Restoration Act, changing the amounts available for administration and extending the funding authorization for Coastal Wetlands Planning, Protection, and Restoration Act, Boating Infrastructure Improvement, and the National Outreach and Communications program through FY 2026.

ADMINISTRATIVE PROVISIONS

The United States Fish and Wildlife Service may carry out the operations of Service programs by direct expenditure, contracts, grants, cooperative agreements and reimbursable agreements with public and private entities. Appropriations and funds available to the United States Fish and Wildlife Service shall be available for repair of damage to public roads within and adjacent to reservation areas caused by operations of the Service; options for the purchase of land at not to exceed one dollar for each option; facilities incident to such public recreational uses on conservation areas as are consistent with their primary purpose; and the maintenance and improvement of aquaria, buildings, and other facilities under the jurisdiction of the Service and to which the United States has title, and which are used pursuant to law in connection with management, and investigation of fish and wildlife resources: Provided, That notwithstanding 44 U.S.C. 501, the Service may, under cooperative cost sharing and partnership arrangements authorized by law, procure printing services from cooperators in connection with jointly produced publications for which the cooperators share at least one-half the cost of printing either in cash or services and the Service determines the cooperator is capable of meeting accepted quality standards: Provided further, That the Service may accept donated aircraft as replacements for existing aircraft: Provided further, That notwithstanding 31 U.S.C. 3302, all fees collected for non-toxic shot review and approval shall be deposited under the heading "United States Fish and Wildlife Service—Resource Management" and shall be available to the Secretary, without further appropriation, to be used for expenses of processing of such non-toxic shot type or coating applications and revising regulations as necessary, and shall remain available until expended.

The Secretary may recover costs for response, assessment, and damages to Service resources from the unauthorized actions of private parties, including non-compliance with Service-issued permits, or for costs as otherwise provided by Federal, State, or local law, regulation, or court order as a result of the destruction, loss of, or injury to any living or non-living Service resource: Provided, That such damages may include compensation for the cost of replacing, restoring, or acquiring the equivalent of the damaged Service resource; the value of any significant loss of use of a Service resource pending its restoration, replacement, or the acquisition of an equivalent resource; or the value of the Service resource in the event the resource cannot be restored, replaced or re-acquired: Provided further, That response costs as described herein may include the following actions: preventing, minimizing, or abating destruction or loss of, or injury to, a Service resource; abating or minimizing the imminent risk of such destruction, loss, or injury; or monitoring the ongoing effects of any incident causing such destruction, loss, or injury: Provided further, That any instrumentality, including but not limited to a vessel, vehicle, aircraft, or other equipment or mechanism that destroys, causes the loss of, or injures any living or non-

living Service resource or which causes the Secretary to undertake actions to prevent, minimize, or abate destruction, loss of, injury, or risk to such resource shall be liable in rem to the United States for response costs and damages resulting from such destruction, loss, injury, or risk to the same extent as a person would be liable under the same or similar circumstances: Provided further, That in addition to any other authority to accept donations, the Secretary may accept donations of money or services to meet expected, immediate, or ongoing response costs and damages: Provided further, That amounts and damages recovered by the Secretary for response and assessment costs, and donations collected pursuant to this provision, shall be credited to the "United States Fish and Wildlife Service—Resource Management" account, and shall remain available until expended for response costs and damage assessments conducted; restoration, replacement, or acquisition of Service resources; and monitoring and studying Service resources.

NATIONAL PARK SERVICE

Federal Funds

OPERATION OF THE NATIONAL PARK SYSTEM

For expenses necessary for the management, operation, and maintenance of areas and facilities administered by the National Park Service and for the general administration of the National Park Service, \$3,090,350,000, to remain available until September 30, 2026, of which \$11,941,000 shall be for planning and interagency coordination in support of Everglades restoration, \$110,980,000 shall be for maintenance, repair, or rehabilitation projects for constructed assets, \$193,184,000 shall be for cyclic maintenance projects for constructed assets and cultural resources, \$10,000,000 shall be for uses authorized by section 101122 of title 54, United States Code, and not to exceed \$15,000 may be for official reception and representation expenses: Provided, That funds appropriated under this heading in this Act are available for the purposes of section 5 of Public Law 95-348: Provided further, That notwithstanding section 9 of the 400 Years of African-American History Commission Act (36 U.S.C. note prec. 101; Public Law 115-102), \$3,300,000 of the funds provided under this heading shall be made available for the purposes specified by that Act: Provided further, That sections (7)(b) and (8)(a) of that Act shall be amended by striking "July 1, 2024" and inserting "July 1, 2026".

In addition, for purposes described in section 2404 of Public Law 116-9, an amount equal to the amount deposited in this fiscal year into the National Park Medical Services Fund established pursuant to such section of such Act, to remain available until expended, shall be derived from such Fund.

Note.—A full-year 2024 appropriation for this account was not enacted at the time the Budget was prepared; therefore, the Budget assumes this account is operating under the Continuing Appropriations Act, 2024 and Other Extensions Act (Division A of Public Law 118-15, as amended). The amounts included for 2024 reflect the annualized level provided by the continuing resolution.

The National Park Service administers 428 units and over 85 million acres of land in 50 States, the District of Columbia, Puerto Rico, the U.S. Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands. This annual appropriation funds the operation of areas and facilities administered under the National Park System through two budget activities. Funds within this appropriation are available for one year, with the exception of funds for repair and rehabilitation, cyclic maintenance, cooperative restoration of the Everglades, and uses authorized by section 101122 of title 54, United States Code, which are available for two years. The FY 2025 Budget proposes all appropriations in this account be made available for two years. This account also contains reimbursable activity such as recovery of costs associated with special use permits.

The first activity, Park Management, covers the management and operation of park areas, and is divided into five subactivities that represent functional areas:

Resource stewardship.—Encompasses resource management operations that provide for the protection and preservation of unique natural, cultural, and historical features of units of the National Park System.

Visitor services.—Includes operations that provide orientation, educational, and interpretive programs to enhance the visitor's park experience. It also provides for the efficient management of commercial services for the benefit of visitors and the protection of resources.

Park protection.—Provides for the protection of park resources, visitors, and staff. Funding supports law enforcement operations, including the United States Park Police, that reduce vandalism and other destruction of park resources, and advance safety, and public health operations across the national park system.

Facility operations and maintenance.—Encompasses the maintenance and protection of buildings, other facilities, lands, and other government investments.

Park support.—Covers the management, supervision, and administrative operations for park areas and partnerships.

The second activity, External Administrative Costs, funds costs which are largely determined by organizations outside the National Park Service and for which funding requirements are less flexible. The requirements for these costs are mandated in accordance with applicable laws. To promote the efficient performance of the National Park Service, these costs are most effectively managed on a centralized basis.

The Visitor Experience Improvements Authority (VEIA) Revolving Fund provides for the administration of commercial services contracts, and related professional services contracts, for the operation and expansion of commercial visitor facilities and visitor services programs. This includes expenses necessary for the management, improvement, enhancement, operation, construction, and maintenance of commercial visitor services facilities. Funds will also be used to make payments for possessory interest and leasehold surrender interest in existing commercial services contracts awarded under separate authorities. VEIA is designated as a revolving fund pursuant to Title VII of the National Park Service Centennial Act of 2016 (P.L. 114-289). The authority provides the National Park Service with the tools to improve commercial visitor facilities and services.

The National Recreation and Preservation appropriation covers a broad range of activities relating to preservation of natural, cultural and historic resources, environmental compliance, international park affairs, and heritage partnership programs. These programs provide a central point at the Federal level for recreation and preservation planning; the coordination of Federal and State policies, procedures and guidelines; and the administration of technical and financial assistance to international, Federal, State, and local governments and private organizations. This appropriation is comprised of the following five budget activities:

Natural Programs.—Increases river and trail opportunities through Rivers, Trails, and Conservation Assistance, State and local technical assistance and Chesapeake Bay Gateways and Water Trails grants; creates river conservation and recreational opportunities that are compatible with continuing and future operations of hydropower facilities, fulfill National Park Service responsibilities under the Federal Power Act, and protect park resources through the Hydropower Recreation Assistance Program; manages the National Natural Landmark program; and provides technical assistance to State and local governments and transfers surplus real property to local governments for recreation uses.

Cultural Programs.—Manages the National Register of Historic Places; reviews and certifies applications for Federal Tax Credits for Historic Preservation as a reimbursable activity; conducts cultural resources management planning through the National Historic Landmarks program, the Historic American Buildings Survey, the Historic American Engineering Record and the Historic American Landscapes Survey programs; and advances the application of science and technology in historic preservation and provides information distribution and skills training in the preservation and conservation of the Nation's significant historic and cultural resources through the National Center for Preservation Technology and Training. This program activity also supports the American Battlefield Protection Program Assistance Grants program, the Japanese American Confinement Site Grants program, the Native American Graves Protection and Repatriation Grants program, the 9/11 Memorial Act Grants program, the African American Burial Grounds program, and the American Indian and Native Hawaiian Art & Culture Grants. This activity also includes relevant grant administration funding.

Environmental Compliance and Review.—Provides review and commentary on environmental impact statements, Federal licensing, permit applications, and other actions that may impact areas of National Park Service jurisdiction.

International Park Affairs.—Coordinates international assistance programs and the exchange and support functions that complement the Service's domestic role.

Heritage Partnership Programs.—Provides financial and technical assistance to Congressionally designated national heritage areas, managed by private or State organizations to promote the conservation of natural, historic, scenic, and cultural resources.

URBAN PARK AND RECREATION FUND

The Urban Park Recreation Recovery Act of 1978 authorizes matching grants and technical assistance to eligible economically distressed urban communities to revitalize and improve recreation opportunities. The program provides direct Federal grants to local governments to rehabilitate existing indoor and outdoor recreation facilities; to demonstrate innovative ways to enhance park and recreation opportunities; and to develop local Recovery Action Plans to identify needs, priorities and strategies for revitalization of the total recreation system. No funds are requested for this program in FY 2025.

CONSTRUCTION

For construction, improvements, repair, or replacement of physical facilities, and related equipment, and compliance and planning for programs and areas administered by the National Park Service, \$237,183,000, to remain available until expended: Provided, That notwithstanding any other provision of law, for any project initially funded in fiscal year 2025 with a future phase indicated in the National Park Service 5-Year Line Item Construction Plan, a single procurement may be issued which includes the full scope of the project: Provided further, That the solicitation and contract shall contain the clause availability of funds found at 48 CFR 52.232–18: Provided further, That National Park Service Donations, Park Concessions Franchise Fees, and Recreation Fees may be made available for the cost of adjustments and changes within the original scope of effort for projects funded by the National Park Service Construction appropriation: Provided further, That the Secretary of the Interior shall notify the Committees on Appropriations, in accordance with current reprogramming thresholds, prior to making any charges authorized under this heading.

Note.—A full-year 2024 appropriation for this account was not enacted at the time the Budget was prepared; therefore, the Budget assumes this account is operating under the Continuing Appropriations Act, 2024 and Other Extensions Act (Division A of Public Law 118–15, as amended). The amounts included for 2024 reflect the annualized level provided by the continuing resolution.

The Construction appropriation supports several National Park Service mission goals, including preserving park resources, providing for visitor enjoyment, and improving organizational effectiveness. In addition, this account contains activity related to reimbursable agreements.

The Construction appropriation is composed of five budget activities:

Line item construction.—This activity provides for the construction, rehabilitation, and replacement of facilities needed to accomplish the management objectives approved for each park.

Special programs.—This activity includes Emergency and Unscheduled Projects, Employee Housing, Dam Safety, and Equipment Replacement.

Construction planning.—This activity includes the project planning to prepare working drawings, specification documents, and contracts needed to construct or rehabilitate National Park Service facilities.

Construction program management and operations.—This activity provides centralized design and engineering management services, as well as contracting services for park construction projects.

Management planning.—This activity provides funding to prepare and update Unit Management Plans. The plans guide National Park Service actions for the protection, use, development, and management of each park unit. Funding also is used to conduct studies of alternatives for the protection of areas that may have potential for addition to the National Park System and for environmental impact planning and compliance.

The Land Acquisition and State Assistance appropriation uses permanent funding derived from the Land and Water Conservation Fund to support National Park Service land acquisition activities and provide grants to States for the purchase and development of land for outdoor recreation activities. The Great American Outdoors Act (P.L. 116–152) makes funds deposited into the Land and Water Conservation Fund available for expenditure without further appropriation or fiscal year limitation while requiring that the National Park Service shall submit to Congress detailed account, program and project allocations made available under the statute each fiscal year. Congress considers the proposed allocations through the annual appropriations process.

In addition, the Gulf of Mexico Energy Security Act of 2006 (P.L. 109–432) allows a portion of the revenue collected from certain oil and gas leases in the Gulf of Mexico Outer Continental Shelf (OCS) to be deposited to the Land and Water Conservation Fund and distributed to States in accordance with the Land and Water Conservation Act of 1965. The National Park Service portion of the revenue is 12.5 percent of total qualified OCS revenues. These OCS receipts became available for expenditure as mandatory funding beginning in 2009. The Consolidated Appropriations Act, 2023 (P.L. 117–328) permits the use of up to three percent of the amounts authorized to be disbursed for costs of administration per the statute.

The Consolidated Appropriations Act, 2023 (P.L. 117–328) also made available up to seven percent of State Conservation Grant funding for use by States for their grant administration. The FY 2025 Budget proposed to continue this authority.

The Land Acquisition and State Assistance program is composed of the following budget activities:

Federal land acquisition.—Provides for the acquisition of land and interests in land to preserve and protect, for public use and enjoyment, the historic, scenic, natural, and recreational values of congressionally authorized areas within the National Park System.

State conservation grants.—Provides matching grants to States and local units of government for the acquisition and development of land and facilities that provide the public access to new opportunities to engage in outdoor recreation. The program includes both traditional formula and competitive grant programs for States.

American Battlefield Protection Program.—The American Battlefield Protection Program awards grants for the acquisition, modernization and restoration of American battlefields. The program supports the protection of battlefield lands associated with the Revolutionary War, the Civil War, and the War of 1812 and it aids State and local governments and non-profit organizations to acquire or otherwise preserve these important cultural resources for recreational access and education.

The National Park Medical Services Fund was established in the John D. Dingell, Jr. Conservation, Management, and Recreation Act (P.L. 116–9). The Fund consists of fees collected for medical services provided to persons in units of the National Park System or for medical services provided by National Park Service personnel outside units of the National Park System and donations to the Fund. Amounts deposited into the Fund are available, to the extent provided in advance by Acts of appropriation, for units of the National Park System to provide medical services. Funds may also be used to obtain and improve medical facilities, equipment, vehicles, and other needs as well as prepare needs assessments or other programmatic analyses and management plans for medical services programs.

Recreation fee program.—The National Park Service and other land management agencies operate a fee program that allows parks and other units to collect admission and user fees in accordance with the Federal Lands Recreation Enhancement Act (FLREA). The Consolidated Appropriations Act, 2023 (P.L. 117–328) extended the implementation of FLREA through October 1, 2024. The FY 2025 Budget includes appropriations language to apply the authority for FLREA through October 1, 2026.

Net proceeds are used to provide benefits and services to the visitor throughout the National Park System. At least 80 percent of collections must remain at the park unit until expended, unless that revenue exceeds the reasonable needs for the unit for that fiscal year, in which case the NPS can reduce the percent retained, but not below 60 percent. Proceeds from the sale of the America the Beautiful passes, which allow access to all public lands that charge fees for a year, are distributed among the Federal land management agencies which offer them for sale, including the National Park Service, the Bureau of Land Management, the U.S. Fish and Wildlife Service, the Bureau of Reclamation, and the U.S. Forest Service, as determined by the Secretaries of the Department of the Interior and the Department of Agriculture in accordance with Public Law 108–447. The National Park Service Centennial Act (P.L. 114–289) established in the National Park Foundation, a Second Century Endowment for NPS projects and activities, funded through offsetting collections from the first \$10 million collected in each fiscal year, generated from the America the Beautiful Senior Pass.

Deed-restricted parks fee program.—Park units where admission fees may not be collected by reason of deed restrictions retain any other recreation fees collected and use them for certain park operation purposes in accordance with Public Law 105–327. This law applies to Great Smoky Mountains National Park, Lincoln Home National Historic Site, and Abraham Lincoln Birthplace National Historic Site.

Transportation systems fund.—Fees charged for public use of transportation services at parks are retained and used by each collecting park for costs associated with the transportation systems in accordance with section 501 of Public Law 105–391.

Payment for tax losses on land acquired for Grand Teton National Park.—Revenues received from fees collected from visitors are used to compensate the State of Wyoming for tax losses on Grand Teton National Park lands (16 U.S.C. 406d–3).

The Historic Preservation Fund appropriation includes grant programs to facilitate the preservation of the Nation's historic and cultural resources. This appropriation provides grants-in-aid to States, Territories, Indian Tribes, and Historically Black Colleges and Universities. Grants-in-aid to States and local governments require a 40 percent funding match; grants to Tribes do not require matching funds. In addition to the traditional grants-in-aid described above, the account includes Tribal Heritage Grants and other competitive grant programs. This includes grants for the survey and nomination of properties associated with communities currently under-represented in the National Register and as National Historic Landmarks, grants to preserve sites related to the struggle for any or all people to achieve equal rights in America, and grants to preserve the sites and stories of the Civil Rights Movement. The account also includes Semiquincentennial Preservation Grants and Save America's Treasures Grants.

Park concessions franchise fees.—Franchise fees for concessioner activities in the National Park System (NPS) are deposited in this account and used for certain park operations activities in accordance with section 407 of Public Law 105–391. By law, 20 percent of franchise fees collected are used to support activities throughout the National Park System and 80 percent are retained and used by each collecting park unit for visitor services and for purposes of funding high-priority and urgently necessary resource management programs and operations. The National Park Service Centennial Act (P.L. 114–289), established a new concessions contracting authority within NPS, which is described under the Visitor Experience Improvements Fund account.

Concessions improvement accounts.—National Park Service agreements with private concessioners providing visitor services within national parks can require concessioners to deposit a portion of gross receipts or a fixed sum of money in a separate bank account. A concessioner

may expend funds from such an account with the approval of the park superintendent for improvements to facilities that directly support concession visitor services but would not otherwise be funded through the appropriations process. Concessioners do not accrue possessory interests from improvements funded through these accounts.

Park buildings lease and maintenance fund.—Rental payments for leases to use buildings and associated property in the National Park System are deposited in this account and used for infrastructure needs at park units in accordance with section 802 of Public Law 105–391.

Operation and maintenance of quarters.—Revenues from the rental of Government-owned quarters to park employees are deposited in this account and used to operate and maintain Government-owned quarters within the National Park System.

Filming and photography special use fees.—In limited circumstances, the National Park Service may issue permits and retain associated fees to use park lands and facilities for commercial filming, still photography, and similar activities.

Contributions to U.S. Park Police annuity benefits.—Necessary costs of benefit payments to annuitants under the pension program for United States Park Police officers hired prior to January 1, 1984, established under Public Law 85–157, are paid from the General Fund of the Treasury to the extent the payments exceed deductions from salaries of active duty employees in the program. Permanent funding for such payments was provided in the Department of the Interior and Related Agencies Appropriations Act, 2002. Before 2002, such payments were funded from appropriations made annually to the National Park Service.

Delaware Water Gap, Route 209 Operations.—The Delaware Water Gap National Recreation Area Improvement Act, section 4(b) of Public Law 109–156, as amended by Public Law 115–101, directs the Department of the Interior to establish a fee and permit program for the use of Highway 209 by commercial vehicles. All fees received are set aside in a special account and made available for the administration and enforcement of the program, including registering vehicles, issuing permits and vehicle identification stickers, and personnel costs. The Consolidated Appropriations Act, 2023 (P.L. 117–328) extended this authority through the end of FY 2026.

ADMINISTRATIVE PROVISIONS

(INCLUDING TRANSFER OF FUNDS)

In addition to other uses set forth in section 101917(c)(2) of title 54, United States Code, franchise fees credited to a sub-account shall be available for expenditure by the Secretary, without further appropriation, for use at any unit within the National Park System to extinguish or reduce liability for Possessory Interest or leasehold surrender interest. Such funds may only be used for this purpose to the extent that the benefitting unit anticipated franchise fee receipts over the term of the contract at that unit exceed the amount of funds used to extinguish or reduce liability. Franchise fees at the benefitting unit shall be credited to the sub-account of the originating unit over a period not to exceed the term of a single contract at the benefitting unit, in the amount of funds so expended to extinguish or reduce liability.

For the costs of administration of the Land and Water Conservation Fund grants authorized by section 105(a)(2)(B) of the Gulf of Mexico Energy Security Act of 2006 (Public Law 109–432), the National Park Service may retain up to 3 percent of the amounts which are authorized to be disbursed under such section, such retained amounts to remain available until expended.

National Park Service funds may be transferred to the Federal Highway Administration (FHWA), Department of Transportation, for purposes authorized under 23 U.S.C. 203. Transfers may include a reasonable amount for FHWA administrative support costs.

The Operation of Indian Programs appropriation consists of a wide range of services and benefits provided to federally recognized Indian Tribes, Alaska Native groups, and individual American Indians and Alaska Natives, to fulfill Federal trust and treaty responsibilities and support tribal self-determination. The Budget reflects broad increases within this account to empower tribal communities, address the impacts of climate change, create economic opportunities, enhance public safety, and advance environmental justice for tribal communities that have been left behind.

This account covers expenses associated with the following activities:

Tribal Government.—This activity promotes the sovereignty of federally recognized Indian Tribes by supporting and assisting them in the development and maintenance of strong and stable governments capable of administering quality programs and developing economies. This activity also provides for the maintenance of Bureau of Indian Affairs (BIA) roads and bridges.

Human Services.—This activity provides funding for social services, welfare assistance, and Indian Child Welfare Act programs. The objective of this activity is to improve the quality of life for individual Indians who live on or near Indian reservations and to help protect children, the elderly, and disabled from abuse and neglect.

Trust: Natural Resources Management.—This activity provides for the management, development, and protection of Indian trust land and natural resource assets and related treaty rights. This activity also provides funding to address the impacts of climate change. Natural resource programs in Indian Country include agriculture, forestry, water, irrigation operations and maintenance including related power distribution, fish, wildlife, and parks, and energy and minerals.

Trust: Real Estate.—This activity promotes cooperative efforts with landowners for the optimal utilization, development, and enhancement of trust and restricted Federal Indian-owned lands. The activity includes general real estate services, probate, land title and records, environmental compliance, land acquisition, and other trust services and rights protection.

Public Safety and Justice.—This activity funds law enforcement activities in Indian Country in over 25 States. Programs under this activity include investigative, police, and detention services; tribal courts; fire protection; implementation of the Violence Against Women Act; and facilities maintenance.

Community and Economic Development.—This activity promotes the economic vitality of American Indians and Alaska Natives through job placement and training, economic development, and community development programs.

Executive Direction and Administrative Services.—This activity supports the management of finance, budget, acquisition, and property functions; as well as information technology resources, personnel services, facilities management, payment of General Services Administration rentals and direct rentals, and intra-governmental payments. Significant portions of Indian Affairs activities are executed under contracts or compacts with federally recognized Indian Tribes to run tribal and Federal programs. Funding also supports BIA or Bureau of Indian Education oversight and technical assistance for these activities in the central and regional offices.

The Contract Support Costs account provides payments to Tribes for the administrative costs associated with executing tribal self-determination contracts and self-governance compacts under the Indian Self-Determination and Education Assistance Act with the Bureau of Indian Affairs or the Bureau of Indian Education. Payments are available for direct and indirect contract support costs. Indirect contract support costs are those incurred for a Tribe's or tribal organization's common services, including, but not limited to, insurance and audits. Direct contract support costs include program-specific costs such as unemployment taxes and workers compensation insurance. The account also supports costs associated with executing or administering new and/or expanded self-determination contracts. The 2025 Budget proposes to continue to manage this account as an indefinite appropriation to ensure the availability of full funding to meet contract support costs requirements for the fiscal year.

CONTRACT SUPPORT COSTS

(Legislative proposal, not subject to PAYGO)

The 2025 Budget proposes to reclassify Contract Support Costs funding from discretionary to mandatory beginning in 2026. Specifically, the Budget proposes that beginning in 2026, the Indian Affairs Contract Support Costs account will continue to be funded through the Appropriations process but will be reclassified as mandatory funding for the purposes of scoring. This account will continue as an indefinite appropriation to ensure the availability of full funding to meet Contract Support Costs requirements for the fiscal year

PAYMENTS FOR TRIBAL LEASES

For payments to tribes and tribal organizations for leases pursuant to section 105(l) of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 5324(l)) for fiscal year 2025, such sums as may be necessary, which shall be available for obligation through September 30, 2026: Provided, That notwithstanding any other provision of law, no amounts made available under this heading shall be available for transfer to another budget account.

Note.—A full-year 2024 appropriation for this account was not enacted at the time the Budget was prepared; therefore, the Budget assumes this account is operating under the Continuing Appropriations Act, 2024 and Other Extensions Act (Division A of Public Law 118–15, as amended). The Payments for Tribal Leases account provides for the reasonable and allowable costs for leases with a Tribe or tribal organization for a building owned or leased by the Tribe or tribal organization used for administration or to deliver services under Section 105(l) of the Indian Self-Determination and Education Assistance Act. The 2025 Budget proposes to continue to manage this account as an indefinite appropriation to ensure the full availability of budget authority needed for such lease agreements. Funding from the account would be used for either Bureau of Indian Affairs or Bureau of Indian Education Section 105(l) lease costs.

The White Earth Reservation Land Settlement Act of 1985 (P.L. 99-264) authorizes the payment of funds to eligible allottees or heirs of the White Earth Reservation in Minnesota, as determined by the Secretary of the Interior. The payment of funds shall be treated as the final judgment, award, or compromise settlement under the provisions of Title 31, United States Code, section 1304.

INDIAN LAND AND WATER CLAIM SETTLEMENTS AND MISCELLANEOUS
PAYMENTS TO INDIANS

For payments and necessary administrative expenses for implementation of Indian land and water claim settlements pursuant to Public Laws 99-264, 101-618, and 117-349, and for implementation of other land and water rights settlements, \$45,897,000, to remain available until expended.

Note.—A full-year 2024 appropriation for this account was not enacted at the time the Budget was prepared; therefore, the Budget assumes this account is operating under the Continuing Appropriations Act, 2024 and Other Extensions Act (Division A of Public Law 118-15, as amended). The amounts included for 2024 reflect the annualized level provided by the continuing resolution.

This account covers expenses associated with the following authorized activities.

Land settlements:

White Earth Reservation Land Settlement Act (P.L. 99–264).—Funds are used to investigate and verify questionable transfers of land by which individual Indian allottees, or their heirs, were divested of ownership; and to pay compensation to said allottees or heirs in accordance with the Act. A major portion of work is contracted under Public Law 93–638, as amended, to the White Earth Reservation Business Committee.

Water settlements:

Hualapai Tribe Water Rights Settlement Act of 2022 (P.L. 117–349).—Funds are used for payments in accordance with the enacted settlement which establishes the Hualapai Water Trust Fund Account, which the Tribe can use to develop water infrastructure on its reservation; and the Hualapai Water Settlement Implementation Fund Account for groundwater monitoring in the Truxton Basin.

Miscellaneous Payments to Indians:

Truckee River Operating Agreement (P.L. 101–618).—Funds are used to pay the BIA share of ongoing administrative fees for the Truckee River Operating Agreement authorized in Section 205 of the Truckee-Carson-Pyramid Lake Water Settlement Act for services provided to implement the settlement. In addition, funds are used to pay the BIA share of the cost of operation and maintenance of Boca Dam and Reservoir pursuant to Section 7 of the Truckee River Operating Agreement.

The 2025 Budget proposes legislation to expand the Indian Water Rights Settlement Completion Fund to cover the costs of enacted and future water rights settlements and to address the ongoing Operation, Maintenance, and Repair requirements associated with four enacted Indian Water Rights Settlements managed by the Bureau of Reclamation. The proposal would provide a total of \$2.8 billion; \$250 million annually over ten years for enacted and future water rights settlements, and \$34 million annually over ten years for requirements associated with the Ak Chin Indian Water Rights Settlement Project, the Animas-La Plata Project (Colorado Ute Settlement), the Columbia and Snake River Salmon Recovery Project (Nez Perce Settlement), and the Navajo-Gallup Water Supply Project. Funds for these four settlements would be deposited into the Indian Water Rights Settlement Completion Fund and shall transfer to the Bureau of Reclamation for implementation.

INDIAN LAND CONSOLIDATION

For the acquisition of fractional interests to further land consolidation as authorized under the Indian Land Consolidation Act Amendments of 2000 (Public Law 106–462), and the American Indian Probate Reform Act of 2004 (Public Law 108–374), \$11,000,000, to remain available until expended: Provided, That any provision of the Indian Land Consolidation Act Amendments of 2000 (Public Law 106–462) that requires or otherwise relates to application of a lien shall not apply to the acquisitions funded herein.

Note.—A full-year 2024 appropriation for this account was not enacted at the time the Budget was prepared; therefore, the Budget assumes this account is operating under the Continuing Appropriations Act, 2024 and Other Extensions Act (Division A of Public Law 118–15, as amended). This appropriation was established in 1999 and received appropriations between 1999–2010 to fund a program to consolidate fractional interests in Indian lands. Funds were used to purchase small interests in parcels of land from willing individual Indian landowners and convey those

INDIAN LAND CONSOLIDATION—Continued

interests to the Tribe on whose reservation the land is located. Current funding activity in this account reflects ongoing legacy activities funded through reimbursable work. This program is authorized under the Indian Land Consolidation Act Amendments of 2000 (P.L. 106–462), the American Indian Probate Reform Act of 2004 (P.L. 108–374) and other authorities.

Indian Land Consolidation.—In 2022, the Indian Land Consolidation Program was reestablished with modifications. The reestablished program consolidates fractional interests in Indian lands. Funds will be used to purchase small interests in parcels of land from willing individual Indian landowners and convey those interests to the Tribe on whose reservation the land is located. Consolidation of these interests is expected to reduce the Government's cost for managing Indian lands and promote conservation on these lands. This program is authorized under the Indian Land Consolidation Act Amendments of 2000 (P.L. 106–462), the American Indian Probate Reform Act of 2004 (P.L. 108–374), and other authorities. This program is independent of the Land Buy Back Program for Tribal Nations which has been completed. Any provision of the Indian Land Consolidation Act Amendments of 2000 (P.L. 106–462) that requires or otherwise relates to application of a lien shall not apply to the acquisitions funded by this account.

The Selis-Qlispe Ksanka Settlement Trust Fund was established in the Montana Water Rights Protection Act (P.L. 116-260). The Act settles claims to water rights in Montana for the Confederated Salish and Kootenai Tribes of the Flathead Indian Reservation. The Act authorizes annual payments of \$90,000,000 to the Trust Fund out of any Funds in the Treasury not otherwise appropriated starting in fiscal year 2021 through fiscal year 2030 for a total of \$900,000,000. The Act also authorizes discretionary appropriations of \$1,000,000,000 for deposit in the Trust Fund. The Trust Fund includes two accounts: the Salish and Kootenai Compact Account and the Salish and Kootenai Settlement implementation Account. Funds deposited into the account are adjusted to reflect fluctuations in costs occurring after the date of enactment of the Act up to the day of deposit to the Fund. The Trust Fund is interest bearing.

ADMINISTRATIVE PROVISIONS

The Bureau of Indian Affairs and the Bureau of Indian Education may carry out the operation of Indian programs by direct expenditure, contracts, cooperative agreements, compacts, and grants, either directly or in cooperation with States and other organizations.

Notwithstanding Public Law 87–279 (25 U.S.C. 15), the Bureau of Indian Affairs may contract for services in support of the management, operation, and maintenance of the Power Division of the San Carlos Irrigation Project.

Notwithstanding any other provision of law, no funds available to the Bureau of Indian Affairs or the Bureau of Indian Education for central office oversight and Executive Direction and Administrative Services (except Executive Direction and Administrative Services funding for Tribal Priority Allocations, regional offices, and facilities operations and maintenance) shall be available for contracts, grants, compacts, or cooperative agreements with the Bureau of Indian Affairs or the Bureau of Indian Education under the provisions of the Indian Self-Determination Act or the Tribal Self-Governance Act of 1994 (Public Law 103–413).

In the event any tribe returns appropriations made available by this Act to the Bureau of Indian Affairs or the Bureau of Indian Education, this action shall not diminish the Federal Government's trust responsibility to that tribe, or the government-to-government relationship between the United States and that tribe, or that tribe's ability to access future appropriations.

Notwithstanding any other provision of law, no funds available to the Bureau of Indian Education, other than the amounts provided herein for assistance to public schools under 25 U.S.C. 452 et seq., shall be available to support the operation of any elementary or secondary school in the State of Alaska.

No funds available to the Bureau of Indian Education shall be used to support expanded grades for any school or dormitory beyond the grade structure in place or approved by the Secretary of the Interior at each school in the Bureau of Indian Education school system as of October 1, 1995, except that the Secretary of the Interior may waive this prohibition to support expansion of up to one additional grade when the Secretary determines such waiver is needed to support accomplishment of the mission of the Bureau of Indian Education, or more than one grade to expand the elementary grade structure for Bureau-funded schools with a K-2 or K-4 grade structure on October 1, 1996. Appropriations made available in this or any prior Act for schools funded by the Bureau shall be available, in accordance with the Bureau's funding formula, only to the schools in the Bureau school system as of September 1, 1996, and to any school or school program that was reinstated in fiscal year 2012. Funds made available under this Act may not be used to establish a charter school at a Bureau-funded school (as that term is defined in section 1141 of the Education Amendments of 1978 (25 U.S.C. 2021)), except that a charter school that is in existence on the date of the enactment of this Act and that has operated at a Bureau-funded school before September 1, 1999, may continue to operate during that period, but only if the charter school pays to the Bureau a pro rata share of funds to reimburse the Bureau for the use of the real and personal property (including buses and vans), the funds of the charter school are kept separate and apart from Bureau funds, and the Bureau does not assume any obligation for charter school programs of the State in which the school is located if the charter school loses such funding. Employees of Bureau-funded schools sharing a campus with a charter school and performing functions related to the charter school's operation and employees of a charter school shall not be treated as Federal employees for purposes of chapter 171 of title 28, United States Code.

Notwithstanding any other provision of law, including section 113 of title I of appendix C of Public Law 106–113, if in fiscal year 2003 or 2004 a grantee received indirect and administrative costs pursuant to a distribution formula based on section 5(f) of Public Law 101–301, the Secretary shall continue to distribute indirect and administrative cost funds to such grantee using the section 5(f) distribution formula.

Funds available under this Act may not be used to establish satellite locations of schools in the Bureau school system as of September 1, 1996, except that the Secretary may waive this prohibition in order for an Indian tribe to provide language and cultural immersion educational programs for non-public schools located within the jurisdictional area of the tribal government which exclusively serve tribal members, do not include grades beyond those currently served at the existing Bureau-funded school, provide an educational environment with educator presence and academic facilities comparable to the Bureau-funded school, comply with all applicable Tribal, Federal, or State health and safety standards, and the Americans with Disabilities Act, and demonstrate the benefits of establishing operations at a satellite location in lieu of incurring extraordinary costs, such as for transportation or other impacts to students such as those caused by busing students extended distances: Provided, That no funds available under this Act may be used to fund operations, maintenance, rehabilitation, construction, or other facilities-related

costs for such assets that are not owned by the Bureau: Provided further, That the term "satellite school" means a school location physically separated from the existing Bureau school by more than 50 miles but that forms part of the existing school in all other respects.

Funds made available for Tribal Priority Allocations within Operation of Indian Programs and Operation of Indian Education Programs may be used to execute requested adjustments in tribal priority allocations initiated by an Indian Tribe.

BUREAU OF TRUST FUNDS ADMINISTRATION

Federal Funds

FEDERAL TRUST PROGRAMS

(INCLUDING TRANSFER OF FUNDS)

For the operation of trust programs for Indians by direct expenditure, contracts, cooperative agreements, compacts, and grants, \$111,277,000, to remain available until expended, of which not to exceed \$17,997,000 from this or any other Act, may be available for settlement support: Provided, That funds for trust management improvements and litigation support may, as needed, be transferred to or merged with the Bureau of Indian Affairs, "Operation of Indian Programs" and Bureau of Indian Education, "Operation of Indian Education Programs" accounts; the Office of the Solicitor, "Salaries and Expenses" account; and the Office of the Secretary, "Departmental Operations" account: Provided further, That funds made available through contracts or grants obligated during fiscal year 2025, as authorized by the Indian Self-Determination Act of 1975 (25 U.S.C. 5301 et seq.), shall remain available until expended by the contractor or grantee: Provided further, That notwithstanding any other provision of law, the Secretary shall not be required to provide a quarterly statement of performance for any Indian trust account that has not had activity for at least 15 months and has a balance of \$15 or less: Provided further, That the Secretary shall issue an annual account statement and maintain a record of any such accounts and shall permit the balance in each such account to be withdrawn upon the express written request of the account holder: Provided further, That not to exceed \$100,000 is available for the Secretary to make payments to correct administrative errors of either disbursements from or deposits to Individual Indian Money or Tribal accounts after September 30, 2002: Provided further, That erroneous payments that are recovered shall be credited to and remain available in this account for this purpose: Provided further, That the Secretary shall not be required to reconcile Special Deposit Accounts with a balance of less than \$1,000 unless the Bureau of Trust Funds Administration receives proof of ownership from a Special Deposit Accounts claimant: Provided further, That notwithstanding section 102 of the American Indian Trust Fund Management Reform Act of 1994 (Public Law 103-412) or any other provision of law, the Secretary may aggregate the trust accounts of individuals whose whereabouts are unknown for a continuous period of at least 5 years and shall not be required to generate periodic statements of performance for the individual accounts: Provided further, That with respect to the preceding proviso, the Secretary shall continue to maintain sufficient records to determine the balance of the individual accounts, including any accrued interest and income, and such funds shall remain available to the individual account holders.

Note.—A full-year 2024 appropriation for this account was not enacted at the time the Budget was prepared; therefore, the Budget assumes this account is operating under the Continuing Appropriations Act, 2024 and Other Extensions Act (Division A of Public Law 118-15, as amended). The amounts included for 2024 reflect the annualized level provided by the continuing resolution.

The Tribal Trust Fund includes the following accounts: Funds Contributed for Advancement of the Indian Race, Bequest of George C. Edgeter Fund, Ella M. Franklin Fund, Josephine Lambert Fund, Orrie Shaw Fund, Welmas Endowment Fund, Arizona Intertribal Trust Fund, Navajo Trust Fund, Chippewa Cree Tribal Trust Fund, Shivwits Band of Paiute Indians Trust Fund, Northern Cheyenne Trust Fund, Crow Creek Sioux Tribe Infrastructure Development Trust Fund, and Lower Brule Infrastructure Fund. More detailed information on specific accounts is provided in the budget justification for the Bureau of Trust Funds Administration.

Tribal trust funds are deposited into a consolidated account in the U.S. Department of the Treasury pursuant to: 1) general or specific Acts of the Congress and 2) Federal management of tribal real properties, the titles to which are held in trust for the Tribes by the United States. These funds are available to respective tribal groups for various purposes, under various acts of the Congress, and may be subject to the provisions of tribal constitutions, bylaws, charters, and resolutions of the various Tribes, bands, or groups.

Under the Mineral Leasing Act (MLA), States receive fifty percent of Federal revenues generated from mineral production occurring on Federal lands within that State's boundaries. Alaska is the exception, receiving a 90 percent share of receipts from Federal mineral leasing in that State. Separate statutes cover revenue sharing payments from the National Petroleum Reserve-Alaska and the 1002 Area of the Arctic National Wildlife Refuge, where the traditional MLA fifty-percent State share applies. To partially cover the costs of administering the Federal mineral leasing program, the Bipartisan Budget Act of 2013 permanently amended the MLA to deduct two percent from the required payments to States under the Act. These payments are administered by Interior's Office of Natural Resources Revenue.

LEASES OF LANDS ACQUIRED FOR FLOOD CONTROL, NAVIGATION, AND ALLIED
PURPOSES—Continued

According to the Flood Control Act of 1936 (33 U.S.C. 701 et seq.), 75 percent of revenue collected in the Treasury from the leasing of lands acquired by the United States for flood control, navigation, and allied purposes, is to be shared with the State in which it was collected. These funds are to be expended as the State legislature may prescribe for the benefit of the public schools and roads in the county from which the revenue was collected, or for defraying other expenses of county government. These expenses include public obligations of levee and drainage districts for flood control and drainage improvements. Payments are administered by Interior's Office of Natural Resources Revenue.

Since May 23, 1908 (16 U.S.C. 499), 25 percent of the revenues collected from onshore mineral leasing and production on national forest lands have been paid to the State in which the national forest resides. A State's payment is based on national forest acreage. Where a national forest is situated in several States, an individual State payment is proportionate to its area within that particular national forest. These payments are administered by Interior's Office of Natural Resources Revenue.

The Gulf of Mexico Energy Security Act of 2006 (GOMESA, P.L. 109-432) provides that 37.5 percent of Outer Continental Shelf revenues from certain leases, in most cases subject to an annual payment cap, be distributed to four coastal States (Alabama, Louisiana, Mississippi, and Texas) and their local governments based on a complex allocation formula. These payments are administered by Interior's Office of Natural Resources Revenue.

Title IV of the Department of the Interior and Related Agencies Appropriation Act, 1998 (P.L. 105-83) established the Environmental Improvement and Restoration Fund account. As required by law, 50 percent of the principal and 50 percent of the interest from the Alaska Escrow account are deposited into the Environmental Improvement and Restoration Fund. The law requires that the corpus of the Fund be invested. Twenty percent of the interest earned by the Fund is permanently appropriated to the Department of Commerce, and the unappropriated balance of interest remains in the Fund, subject to appropriation. At this time, no budget authority is requested.

NONRECURRING EXPENSES FUND

The 2025 Budget proposes appropriations language to establish a Non-Recurring Expenses Fund (NEF). This Fund will allow the Department to transfer unobligated balances of expired discretionary funds from Fiscal Year 2025 and subsequent years, no later than the fifth fiscal year after the last fiscal year of availability, to the NEF to become available for use as no-year funds to support specific purposes. The NEF will provide funding for critical infrastructure projects that may require significant one-time investments such as information technology modernization projects. These requirements often do not coincide with the timing of the budget formulation process and are difficult to forecast. In many cases, these costs either cannot be accommodated within existing funds or are emergency requirements that would otherwise require the Department to reprogram existing funds from other priorities.

ADMINISTRATIVE PROVISIONS

For fiscal year 2025, up to \$550,000 of the payments authorized by chapter 69 of title 31, United States Code, may be retained for administrative expenses of the Payments in Lieu of Taxes Program: Provided, That the amounts provided under this Act specifically for the Payments in Lieu of Taxes program are the only amounts available for payments authorized under chapter 69 of title 31, United States Code: Provided further, That in the event the sums appropriated for any fiscal year for payments pursuant to this chapter are insufficient to make the full payments authorized by that chapter to all units of local government, then the payment to each local government shall be made proportionally: Provided further, That the Secretary may make adjustments to payment to individual units of local government to correct for prior overpayments or underpayments: Provided further, That no payment shall be made pursuant to that chapter to otherwise eligible units of local government if the computed amount of the payment is less than \$100.

The Office of the Secretary provides for the administration of the Payments in Lieu of Taxes program, which makes payments to counties and other units of local government for lands within their boundaries administered by the Bureau of Land Management, U.S. Forest Service, the National Park Service, the Fish and Wildlife Service, and certain other agencies. Funding for the program is in a separate account within Department-Wide programs.

INSULAR AFFAIRS

The Secretary of the Interior is charged with the responsibility of promoting the economic and political development of those insular areas which are under U.S. jurisdiction and within the responsibility of the Department of the Interior. The Secretary originates and implements Federal policy for the U.S. Territories; guides and coordinates certain operating programs and construction projects; provides information services and technical assistance; coordinates certain Federal programs and services provided to the Freely Associated States, and participates in foreign policy and defense matters concerning the U.S. Territories and the Freely Associated States.

Federal Funds**COMPACT OF FREE ASSOCIATION**

For grants and necessary expenses, \$813,000, to remain available until expended, to support Federal services and programs provided to the Republic of Palau, the Republic of the Marshall Islands, and the Federated States of Micronesia.

Note.—A full-year 2024 appropriation for this account was not enacted at the time the Budget was prepared; therefore, the Budget assumes this account is operating under the Continuing Appropriations Act, 2024 and Other Extensions Act (Division A of Public Law 118–15, as amended). The amounts included for 2024 reflect the annualized level provided by the continuing resolution.

The peoples of the Republic of the Marshall Islands, the Federated States of Micronesia and the Republic of Palau approved Compacts of Free Association negotiated by the United States and their governments. The Compact of Free Association Act of 1985 (P.L. 99–239) constituted the necessary authorizing legislation to make annual payments to the Republic of the Marshall Islands and the Federated States of Micronesia. Payments began in 1987 and continued through 2003 when the original economic assistance package expired. The Compact of Free Association Amendments Act of 2003 (P.L. 108–188), continued financial assistance to the Federated States of Micronesia and the Republic of the Marshall Islands through 2023. The Compact of Free Association for the Republic of Palau was enacted on November 14, 1986 as Public Law 99–658, and was implemented on October 1, 1994. Financial assistance provisions under the Compact of Free Association with the Republic of Palau were set to expire on September 30, 2009, however, under the 2010 Compact Review Agreement (CRA) the United States agreed to provide continued economic assistance to the Government of Palau through 2024. The Administration supports funding the renewal of the United States' COFA relationships with the Federated States of Micronesia (FSM), the Republic of the Marshall Islands (RMI), and the Republic of Palau. The 2025 Budget continues the Administration's commitment to seek \$6.5 billion in economic assistance over 20 years to be provided through a mandatory appropriation. The 2025 proposal would provide economic assistance funding directly to the Department of the Interior.

The mission of the Office of Inspector General is to provide independent oversight to promote accountability, integrity, economy, efficiency, and effectiveness within the U.S. Department of the Interior. This mission is achieved by conducting independent investigations, audits, inspections, and evaluations and by reporting findings of fraud, waste, abuse, or mismanagement along with recommendations for improvement. New language highlights the Office's important role in supporting accurate collection of energy and mineral lease revenue and appropriate program administration by requesting additional funding to directly support oversight of these programs and operations in 2025.

The Indian Gaming Regulatory Act (IGRA) established the National Indian Gaming Commission (NIGC) as an independent Federal regulatory agency within the Department of the Interior. The purpose of the IGRA and the NIGC is to support and promote tribal economic development, self-sufficiency and strong tribal governments through the operation of gaming on Indian lands. The Commission collaborates with Tribes to monitor and regulate gaming activities conducted on Indian Lands to ensure gaming operations are conducted with integrity and Tribes are the primary beneficiaries of gaming revenues. IGRA authorizes the Commission to assess and collect fees on tribal gaming revenues to cover agency operating costs.

Public Law 94–565 (31 U.S.C. 6901–07), as amended, authorizes Payments in Lieu of Taxes ("PILT payments") to counties and other units of local government for lands within their boundaries administered by the Bureau of Land Management, the National Park Service, the Fish and Wildlife Service, and the Bureau of Reclamation. Additionally, PILT payments cover Federal lands administered by the U.S. Forest Service, U.S. Army Corps of Engineers, and the Utah Reclamation Mitigation and Conservation Commission. The PILT payment formula is based on a number of factors, including the amount of Federal land within an eligible unit of local government, its population, and certain other Federal payments the local government may receive. From the inception of the PILT program in 1977 through 2007, PILT funding was subject to annual appropriations. The Emergency Economic Stabilization Act of 2008 provided a five-year (FYs 2008–2012) mandatory funding stream for PILT at the full authorization levels calculated using the existing PILT formula. The Moving Ahead for Progress in the 21st Century Act (P.L. 112–141) extended the mandatory authorization through 2013, and the Agricultural Act of 2014 (P.L. 113–79) extended the mandatory authorization through 2014.

The Carl Levin and Howard P. "Buck" McKeon National Defense Authorization Act for Fiscal Year 2015 and the Consolidated and Further Continuing Appropriations Act (P.L. 113–235) extended PILT payment authority through 2015 with a combination of discretionary and mandatory funds. The Consolidated Appropriations Act of 2016 (P.L. 114–113) provided discretionary PILT funding within the Office of the Secretary, Departmental Operations account to extend payment authority through 2016. The Consolidated Appropriations Act, 2017 (P.L. 115–31) provided discretionary PILT funding within Department-wide Programs.

Congressional appropriations for 2018 (P.L. 115–141), 2019 (P.L. 116–6), 2020 (P.L. 116–94), 2021 (P.L. 116–260), 2022 (P.L. 117–103), and 2023 (P.L. 117–328) each provided PILT funding at the full authorized payment levels. The 2025 Budget proposes discretionary funding for PILT payments within Department-wide Programs.

The Comprehensive Environmental Response, Compensation and Liability Act, as amended (42 U.S.C. 9601 et seq.) authorizes the President to investigate and clean up releases of hazardous substances. Under Executive Order 12580, the Secretary of the Interior is vested with the authority to address releases or threatened releases of hazardous substances on lands under the Department's jurisdiction, custody or control. The Central Hazardous Materials Fund is used to fund response investigations and cleanup of hazardous substances on such lands and to enable the Department to pursue potentially responsible parties for recovery of costs. The Fund is authorized to collect and retain within this account amounts recovered from responsible parties.

Under the Natural Resource Damage Assessment and Restoration Fund (NRDAR Fund), natural resource damage assessments are performed to provide the basis for claims against responsible parties for the restoration of injured natural resources. Funds are appropriated to conduct damage assessments, provide restoration support, prepare for response to potential inland oil spills, and for program management. In addition, funds will be received for the restoration of damaged resources and other activities and for natural resource damage assessments from responsible parties through cooperative assessment agreements, negotiated settlements, or other legal actions by the Department of the Interior. Responsible parties may also provide in-kind services to restore injured natural resources.

Restoration activities include: 1) the replacement and enhancement of affected resources; 2) acquisition of equivalent resources and services; and, 3) long-term environmental monitoring and research programs directed to the prevention, containment, and amelioration of hazardous substances and oil spill sites.

The NRDAR Fund operates as a Department-wide program, incorporating the interdisciplinary expertise of its various bureaus and offices. Natural resource damage assessments and the restoration of injured natural resources are authorized by the Comprehensive Environmental Response, Compensation, and Liability Act, as amended (42 U.S.C. 9601 et seq.), Federal Water Pollution Control Act, as amended (33 U.S.C. 1251 et seq.), the Oil Pollution Act of 1990 (33 U.S.C. 2701 et seq.), and the System Unit Resource Protection Act (54 U.S.C. 100721). Since 1992, amounts received by the United States and its State and tribal co-trustee partners from responsible parties for restoration or reimbursement in settlement of natural resource damages may be deposited in the Fund and shall accrue interest.

EXXON VALDEZ RESTORATION PROGRAM

The 2025 Budget reflects the receipts, transfers, and mandatory spending by the Department of the Interior associated with the civil and criminal settlements resulting from the 1989 Exxon Valdez oil spill in the Prince William Sound and surrounding areas. Funding from the settlements, including interest, is provided to Federal and State of Alaska natural resource trustee agencies to restore the natural resources and services damaged by the spill. The Exxon Valdez Oil Spill Trustee Council consists of three State and three Federal trustees who oversee restoration of the injured ecosystem through the use of civil settlement funds.

WILDLAND FIRE MANAGEMENT
(INCLUDING TRANSFERS OF FUNDS)

For necessary expenses for fire preparedness, fire suppression operations, fire science and research, emergency rehabilitation, fuels management activities, and rural fire assistance by the Department of the Interior, \$1,279,510,000, to remain available until expended, of which not to exceed \$15,000,000 shall be for the renovation or construction of fire facilities: Provided, That such funds are also available for repayment of advances to other appropriation accounts from which funds were previously transferred for such purposes: Provided further, That of the funds provided \$287,606,000 is for fuels management and post-fire activities: Provided further, That of the funds provided \$20,470,000 is for burned area rehabilitation: Provided further, That persons hired pursuant to 43 U.S.C. 1469 may be furnished subsistence and lodging without cost from funds available from this appropriation: Provided further, That notwithstanding 42 U.S.C. 1856d, sums received by a bureau or office of the Department of the Interior for fire protection rendered pursuant to 42 U.S.C. 1856 et seq., protection of United States property, may be credited to the appropriation from which funds were expended to provide that protection, and are available without fiscal year limitation: Provided further, That using the amounts designated under this title of this Act, the Secretary of the Interior may enter into procurement contracts, grants, or cooperative agreements, for (1) fuels management and post-fire activities or (2) training and monitoring associated with such activities: Provided further, That activities for the purposes specified in the preceding proviso may occur on Federal land, or on non-Federal land when such activities benefit resources on Federal land or Federally-recognized Tribal land: Provided further, That not to exceed 15 percent of funds provided for fuels management and post-fire activities may be used for activities on non-Federal land: Provided further, That the costs of implementing any cooperative agreement between the Federal Government and any non-Federal entity may be shared, as mutually agreed on by the affected parties: Provided further, That notwithstanding requirements of the Competition in Contracting Act, the Secretary, for purposes of fuels management activities, may obtain maximum practicable competition among: (1) local private, nonprofit, or cooperative entities; (2) Youth Conservation Corps crews, Public Lands Corps (Public Law 109-154), or related partnerships with State, local, or nonprofit youth groups; (3) small or micro-businesses; or (4) other entities that will hire or train locally a significant percentage, defined as 50 percent or more, of the project workforce to complete such contracts: Provided further, That in implementing this section, the Secretary shall develop written guidance to field units to ensure accountability and consistent application of the authorities provided herein: Provided further, That funds appropriated under this heading may be used to reimburse the United States Fish and Wildlife Service and the National Marine Fisheries Service for the costs of carrying out their responsibilities under the Endangered Species Act of 1973 (16 U.S.C. 1531 et seq.) to consult and conference, as required by section 7 of such Act, in connection with wildland fire management activities: Provided further, That the Secretary of the Interior may use wildland fire appropriations to enter into leases of real property with local governments, at or below fair market value, to construct capitalized improvements for fire facilities on such leased properties, including but not limited to fire guard stations, retardant stations, and other initial attack and fire support facilities, and to make advance payments for any such lease or for construction activity associated with the lease: Provided further, That the Secretary of the Interior and the Secretary of Agriculture may authorize the transfer of funds appropriated for wildland fire management, in an aggregate amount not to exceed \$50,000,000 between the Departments when such transfers would facilitate and expedite wildland fire management programs and projects: Provided further, That funds provided for wildfire suppression shall be available for support of Federal emergency response actions: Provided further, That funds appropriated under this heading shall be available for assistance to or through the Department of State in connection with forest and rangeland research, technical information, and assistance in foreign countries, and, with the concurrence of the Secretary of State, shall be available to support forestry, wildland fire management, and related natural resource activities outside the United States and its territories and possessions, including technical assistance, education and training, and cooperation with United States and international organizations: Provided further, That of the funds provided under this heading, \$383,657,000 shall be available for wildfire suppression operations, and is provided as the average costs for wildfire suppression operations to meet the terms of section 251(b)(2)(F)(ii)(I) of the Balanced Budget and Emergency Deficit Control Act of 1985, as amended: Provided further, That of the amounts made available under this heading, \$831,816,000 is designated by the Congress as being for an emergency requirement pursuant to section 251(b)(2)(A)(i) of the Balanced Budget and Emergency Deficit

The 2025 Budget builds on the historic reforms in the Bipartisan Infrastructure Law (P.L. 117–58) by providing permanent pay increases for Federal and tribal wildland firefighters and taking other steps to improve their quality of life. The budget makes significant investments in expanding workforce capacity, improving firefighters' health and well-being, and advancing wildland fire science and technology to deliver long-term solutions and better support America's wildland fire management. Enacting these reforms is essential to addressing the challenges posed by longer and more intense fire seasons while providing wildland firefighters with more competitive and equitable wages, helping prevent employee burnout and fatigue, and supporting stable recruitment and retention.

The cornerstone of the Administration's long-term reforms is a permanent increase in pay for wildland firefighters. The Administration has proposed legislation to establish this increase through a special base rate salary table and a new premium pay category that provides some additional compensation for all hours that a wildland fire responder is mobilized on an incident. The Budget provides funding for similar pay increases for tribal firefighters. Additionally, the proposed legislation streamlines the wildland firefighter pay cap—considering all premium and hazard pay—that each Secretary may waive using specific criteria.

Preparedness.—Funds the non-emergency and predictable aspects of Interior's wildland fire management activities, including the initial attack suppression action on wildfires. Preparedness includes readiness, operational planning, oversight, procurement, training, supervision, and deployment of wildland fire suppression personnel and equipment prior to the occurrence of wildfire, and rural fire readiness, in which assistance is provided to local cooperators to enhance their capacity to protect remote communities and natural resources. It also includes activities related to program monitoring and evaluation, and the integration of fire into land-use planning.

Suppression Operations.—Funds the emergency and unpredictable aspects of Interior's wildland fire management activities. Suppression operations include the total spectrum of management actions taken on wildfires in a safe, cost-effective manner, considering public benefits and values to be protected consistent with resource objectives and land management plans. This activity includes emergency actions taken during and immediately following a wildfire to stabilize the soil and structures to prevent erosion, floods, landslides, and further resource damage. Generally, emergency stabilization actions may be performed within one year of containment of a fire; however, exceptions to this time limit are allowed under certain circumstances. The 2025 Budget request fully funds suppression operations at the ten-year average of obligations as reported in the 2015 President's Budget, in accordance with the Consolidated Appropriations Act, 2018 (P.L. 115–141). That Act also amended the Balanced Budget and Emergency Deficit Control Act to provide additional new budget authority for fiscal years 2020 through 2027. This additional budget authority is provided in the Wildfire Suppression Operations Reserve Fund account and made available subject to the requirements in P.L. 115–141. This additional new budget authority helps ensure that adequate resources are available to Interior and the Department of Agriculture (USDA) to fight wildland fires, protect communities, and safeguard human life during the most severe wildfire seasons. Interior will continue to strengthen oversight and accountability of suppression spending.

Fuels Management.—Funds the application of fuels treatments aimed at mitigating risk to communities and their values, including areas in the wildland urban interface. This activity may also fund treatments that improve the integrity and resilience of our forests and rangelands. Through fuels management, Interior contributes to community adaptation to wildland fire and improves the ability to safely and appropriately respond to wildfire. Funding for the Fuels Management activity covers the planning, operational aspects, and monitoring of fuels treatments. Interior uses such treatment methods as prescribed fire, and mechanical, chemical, and biological treatments.

Other Operations.—Funds all other aspects of Interior's wildland fire management, which includes Facilities Construction and Maintenance, Burned Area Rehabilitation, and Joint Fire Science. The Facilities Construction and Maintenance subactivity funds construction and maintenance of facilities to house firefighters and other personnel, and equipment used in wildland firefighting and fuels management activities. Burned Area Rehabilitation begins the recovery process for lands and resources damaged by wildland fires that would not return to fire-adapted conditions on their own. Interior undertakes such actions as soil stabilization and the introduction of native and other desirable plant species for up to three years, or up to five years under certain circumstances, following containment of a wildfire to return severely-burned areas to appropriate fire regimes and resource conditions. The Joint Fire Science subactivity funds Interior's share of the Joint Fire Science Program, an interagency partnership with USDA that sponsors and delivers applied research to assist field managers with fuels treatment, post-fire rehabilitation, smoke management, and many other related topics.

In addition to the amounts provided under the heading "Department of the Interior—Department-Wide Programs—Wildland Fire Management" for wildfire suppression operations, the Consolidated Appropriations Act, 2018 (P.L. 115–141) amended the Balanced Budget and Emergency Deficit Control Act to provide additional budget authority for fiscal years 2020 through 2027. This budget authority is available for transfer to the Wildland Fire Management account for wildfire suppression requirements when appropriations in the Wildland Fire Management account are close to depletion. The budget authority helps ensure adequate resources are available to the Departments of the Interior and Agriculture to fight wildland fires, protect communities, and safeguard human life during the most severe fire seasons.

WORKING CAPITAL FUND

For the operation and maintenance of a departmental financial and business management system, data management, information technology improvements of general benefit to the Department, cybersecurity, and the consolidation of facilities and operations throughout the Department, \$134,807,000, to remain available until expended: Provided, That none of the funds appropriated in this Act or any other Act may be used to establish reserves in the Working Capital Fund account other than for accrued annual leave and depreciation of equipment without prior notice to the Committees on Appropriations of the House of Representatives and the Senate: Provided further, That the Secretary of the Interior may assess reasonable charges to State, local, and tribal government employees for training services provided by the National Indian Program Training Center, other than training related to Public Law 93–638: Provided further, That the Secretary may lease or otherwise provide space and related facilities, equipment, or professional services of the National Indian Program Training Center to State, local and tribal government employees or persons or organizations engaged in cultural, educational, or recreational activities (as defined in section 3306(a) of title 40, United States Code) at the prevailing rate for similar space, facilities, equipment, or services in the vicinity of the National Indian Program Training Center: Provided further, That all funds received pursuant to the two preceding provisos shall be credited to this account, shall be available until expended, and shall be used by the Secretary for necessary expenses of the National Indian Program Training Center: Provided further, That the Secretary may enter into grants and cooperative agreements to support the Office of Natural Resource Revenue's collection and disbursement of royalties, fees, and other mineral revenue proceeds, as authorized by law.

Note.—A full-year 2024 appropriation for this account was not enacted at the time the Budget was prepared; therefore, the Budget assumes this account is operating under the Continuing Appropriations Act, 2024 and Other Extensions Act (Division A of Public Law 118–15, as amended). The Department's Working Capital Fund finances services and activities that can be performed more effectively and efficiently in a centralized manner, including business services provided by the Interior Business Center (IBC). Activities financed through the Fund include information technology and security, systems hosting and help desk services, Departmental news and information, aircraft services, central reproduction, supplies and health services, and safety and health initiatives. Departmental administrative systems hosted through the Fund include the Federal Personnel and Payroll System and the Financial and Business Management System (FBMS). The IBC provides financial management, acquisition, and human resources services as well as payroll services to other agencies as one of the Government-wide shared service providers selected by the Office of Personnel Management. Through the National Indian Program Training Center, a component of Department of the Interior (DOI) University, the Working Capital Fund provides training courses and other services related to Indian culture, law and programs to Federal Government employees. The appropriated portion of the Working Capital Fund includes discretionary funding for FBMS operations and maintenance, and enhancements; strengthening cybersecurity and the IT supply chain; improving data management and customer experience; and evaluating program effectiveness.

The Great American Outdoors Act (P.L. 116–152) established the National Parks and Public Land Legacy Restoration Fund to address deferred maintenance at the Department of the Interior and the U.S. Forest Service. The Fund supports restoration of deteriorating assets through allocations to the National Park Service, U.S. Fish and Wildlife Service, Bureau of Land Management, Bureau of Indian Education, and U.S. Forest Service. The Fund is supported by an annual deposit for five years (2021–2025) based on 50 percent of all Federal energy development revenue from the prior year that would otherwise be credited or deposited as miscellaneous receipts to the Treasury. The Departments of the Interior and Agriculture annually submit projects to Congress, execute projects, and monitor results/program performance. This Fund makes a significant investment in the facilities which support the important missions of the Department of the Interior and the U.S. Forest Service and help maintain America's national treasures for future generations.

ENERGY COMMUNITY REVITALIZATION PROGRAM
(INCLUDING TRANSFERS OF FUNDS)

For necessary expenses of the Department of the Interior to inventory, assess, decommission, reclaim, respond to hazardous substance releases, remediate lands pursuant to section 40704 of Public Law 117–58 (30 U.S.C. 1245), and carry out the purposes of section 349 of the Energy Policy Act of 2005 (42 U.S.C. 15907), as amended, \$7,009,000, to remain available until expended: Provided, That such amount shall be in addition to amounts otherwise available for such purposes: Provided further, That amounts appropriated under this heading are available for program management and oversight of these activities: Provided further, That the Secretary may transfer the funds provided under this heading in this Act to any other account in the Department to carry out such purposes, and may expend such funds directly, or through grants: Provided further, That these amounts are not available to fulfill Comprehensive Environmental Response, Compensation, and Liability Act (42 U.S.C. 9601 et seq.) obligations agreed to in settlement or imposed by a court, whether for payment of funds or for work to be performed.

Note.—A full-year 2024 appropriation for this account was not enacted at the time the Budget was prepared; therefore, the Budget assumes this account is operating under the Continuing Appropriations Act, 2024 and Other Extensions Act (Division A of Public Law 118–15, as amended). The amounts included for 2024 reflect the annualized level provided by the continuing resolution.

This account includes funding to execute programs and activities authorized by Section 40704 "Abandoned Hardrock Mine Reclamation" and Section 40601 "Orphaned Well Site Plugging, Remediation, and Restoration of P.L. 117–58 (30 U.S.C. 1245). The Abandoned Hardrock Mine Reclamation Program is funded through discretionary appropriations and provides grants to States and Tribal communities impacted by abandoned hard rock mining activities. The Aban-

doned Hard Rock Mine Reclamation Program also provides critical funding to address the hundreds of thousands of abandoned hardrock mines scattered across Federal lands. The Federal program assists Interior bureaus to inventory, assess, and prioritize these sites for cleanup. The primary focus of the program is to remediate abandoned hardrock mines posing the highest risks to the environment and physical safety on Department lands.

Under Section 40601 of 30 U.S.C. 1245, the Orphaned Wells program provides mandatory funding resources to States and Tribes to address orphaned sites where the companies that created them have left and are no longer viable to address the needed cleanup and closure. This program creates jobs in these energy communities to repair the damage from legacy activities and in doing so, improve the environment, restore water quality, and make the community safer. No discretionary funds are requested in this account in 2025 for orphaned oil and gas well remediation activities which are funded separately through the Bipartisan Infrastructure Law (P.L. 117–58).

GENERAL PROVISIONS

(INCLUDING TRANSFERS OF FUNDS)

EMERGENCY TRANSFER AUTHORITY—INTRA-BUREAU

SEC. 101. Appropriations made in this title shall be available for expenditure or transfer (within each bureau or office), with the approval of the Secretary of the Interior, for the emergency reconstruction, replacement, or repair of aircraft, buildings, utilities, or other facilities or equipment damaged or destroyed by fire, flood, storm, or other unavoidable causes: Provided, That no funds shall be made available under this authority until funds specifically made available to the Department of the Interior for emergencies shall have been exhausted: Provided further, That it is the sense of the Congress that all funds used pursuant to this section should be replenished by a supplemental appropriation, to be requested as promptly as possible.

EMERGENCY TRANSFER AUTHORITY—DEPARTMENT-WIDE

SEC. 102. The Secretary of the Interior may authorize the expenditure or transfer of any no year appropriation in this title, in addition to the amounts included in the budget programs of the several agencies, for the suppression or emergency prevention of wildland fires on or threatening lands under the jurisdiction of the Department of the Interior; for the emergency rehabilitation of burned-over lands under its jurisdiction; for emergency actions related to potential or actual earthquakes, floods, volcanoes, storms, or other unavoidable causes; for contingency planning subsequent to actual oil spills; for response and natural resource damage assessment activities related to actual oil spills or releases of hazardous substances into the environment; for the prevention, suppression, and control of actual or potential grasshopper and Mormon cricket outbreaks on lands under the jurisdiction of the Secretary, pursuant to the authority in section 417(b) of Public Law 106–224 (7 U.S.C. 7717(b)); for emergency reclamation projects under section 410 of Public Law 95–87; and shall transfer, from any no year funds available to the Office of Surface Mining Reclamation and Enforcement, such funds as may be necessary to permit assumption of regulatory authority in the event a primacy State is not carrying out the regulatory provisions of the Surface Mining Act: Provided, That appropriations made in this title for wildland fire operations shall be available for the payment of obligations incurred during the preceding fiscal year, and for reimbursement to other Federal agencies for destruction of vehicles, aircraft, or other equipment in connection with their use for wildland fire operations, with such reimbursement to be credited to appropriations currently available at the time of receipt thereof: Provided further, That for wildland fire operations, no funds shall be made available under this authority until the Secretary determines that funds appropriated for "wildland fire suppression" shall be exhausted within 30 days: Provided further, That it is the sense of the Congress that all funds used pursuant to this section should be replenished by a supplemental appropriation, to be requested as promptly as possible: Provided further, That such replenishment funds shall be used to reimburse, on a pro rata basis, accounts from which emergency funds were transferred.

AUTHORIZED USE OF FUNDS

SEC. 103. Appropriations made to the Department of the Interior in this title shall be available for services as authorized by section 3109 of title 5, United States Code, when authorized by the Secretary of the Interior, in total amount not to exceed \$500,000; purchase and replacement of motor vehicles, including specially equipped law enforcement vehicles; hire, maintenance, and operation of aircraft; hire of passenger motor vehicles; purchase of reprints; payment for telephone service in private residences in the field, when authorized under regulations approved by the Secretary; and the payment of dues, when authorized by the Secretary, for library membership in societies or associations which issue publications to members only or at a price to members lower than to subscribers who are not members.

AUTHORIZED USE OF FUNDS, INDIAN TRUST MANAGEMENT

SEC. 104. Appropriations made in this Act under the headings Bureau of Indian Affairs and Bureau of Indian Education, and Bureau of Trust Funds Administration and any unobligated balances from prior appropriations Acts made under the same headings shall be available for expenditure or transfer for Indian trust management and reform activities. Total funding for settlement support activities shall not exceed amounts specifically designated in this Act for such purpose. The Secretary shall notify the House and Senate Committees on Appropriations within 60 days of the expenditure or transfer of any funds under this section, including the amount expended or transferred and how the funds will be used.

REDISTRIBUTION OF FUNDS, BUREAU OF INDIAN AFFAIRS

SEC. 105. Notwithstanding any other provision of law, the Secretary of the Interior is authorized to redistribute any Tribal Priority Allocation funds, including tribal

base funds, to alleviate tribal funding inequities by transferring funds to address identified, unmet needs, dual enrollment, overlapping service areas or inaccurate distribution methodologies. No tribe shall receive a reduction in Tribal Priority Allocation funds of more than 10 percent in fiscal year 2025. Under circumstances of dual enrollment, overlapping service areas or inaccurate distribution methodologies, the 10 percent limitation does not apply.

ELLIS, GOVERNORS, AND LIBERTY ISLANDS

SEC. 106. Notwithstanding any other provision of law, the Secretary of the Interior is authorized to acquire lands, waters, or interests therein, including the use of all or part of any pier, dock, or landing within the State of New York and the State of New Jersey, for the purpose of operating and maintaining facilities in the support of transportation and accommodation of visitors to Ellis, Governors, and Liberty Islands, and of other program and administrative activities, by donation or with appropriated funds, including franchise fees (and other monetary consideration), or by exchange; and the Secretary is authorized to negotiate and enter into leases, subleases, concession contracts, or other agreements for the use of such facilities on such terms and conditions as the Secretary may determine reasonable: Provided, That for purposes of 54 U.S.C. 200306(a), such lands, waters, or interests acquired under this heading shall be considered to be within the exterior boundary of a System unit authorized or established.

OUTER CONTINENTAL SHELF INSPECTION FEES

SEC. 107. (a) In fiscal year 2025, the Secretary of the Interior shall collect a non-refundable inspection fee, which shall be deposited in the "Offshore Safety and Environmental Enforcement" account, from the designated operator for facilities subject to inspection under 43 U.S.C. 1348(c).

(b) Annual fees shall be collected for facilities that are above the waterline, excluding drilling rigs, and are in place at the start of the fiscal year. Fees for fiscal year 2025 shall be—

- (1) \$11,725 for facilities with no wells, but with processing equipment or gathering lines;
- (2) \$18,984 for facilities with 1 to 10 wells, with any combination of active or inactive wells; and
- (3) \$35,176 for facilities with more than 10 wells, with any combination of active or inactive wells.

(c) Fees shall be assessed for facilities that are above the waterline, excluding drilling rigs, and require follow-up inspections. Fees for fiscal year 2025 shall be—

- (1) \$5,863 for facilities with no wells, but with processing or gathering lines;
- (2) \$9,492 for facilities with 1 to 10 wells, with any combination of active or inactive wells; and
- (3) \$17,588 for facilities with more than 10 wells, with any combination of active or inactive wells.

(d) Fees for drilling rigs shall be assessed for all inspections completed in fiscal year 2025. Fees for fiscal year 2025 shall be—

- (1) \$34,059 per inspection for rigs operating in water depths of 500 feet or more; and
- (2) \$18,649 per inspection for rigs operating in water depths of less than 500 feet.

(e) Fees for inspection of well operations conducted via non-rig units as outlined in title 30 CFR 250 subparts D, E, F, and Q shall be assessed for all inspections completed in fiscal year 2025. Fees for fiscal year 2025 shall be—

- (1) \$13,260 per inspection for non-rig units operating in water depths of 2,500 feet or more;
- (2) \$11,530 per inspection for non-rig units operating in water depths between 500 and 2,499 feet; and
- (3) \$4,470 per inspection for non-rig units operating in water depths of less than 500 feet.

(f) The Secretary shall bill designated operators under subsection (b) quarterly, with payment required within 30 days of billing. The Secretary shall bill designated operators under subsections (c) and (d) within 30 days of the end of the month in which the inspection occurred, with payment required within 30 days of billing. The Secretary shall bill designated operators under subsection (e) with payment required by the end of the following quarter.

CONTRACTS AND AGREEMENTS FOR WILD HORSE AND BURRO HOLDING FACILITIES

SEC. 108. Notwithstanding any other provision of this Act, the Secretary of the Interior may enter into multiyear cooperative agreements with nonprofit organizations and other appropriate entities, and may enter into multiyear contracts in accordance with the provisions of section 3903 of title 41, United States Code (except that the 5-year term restriction in subsection (a) shall not apply), for the long-term care and maintenance of excess wild free roaming horses and burros by such organizations or entities on private land. Such cooperative agreements and contracts may not exceed 10 years, subject to renewal at the discretion of the Secretary.

MASS MARKING OF SALMONIDS

SEC. 109. The United States Fish and Wildlife Service shall, in carrying out its responsibilities to protect threatened and endangered species of salmon, implement a system of mass marking of salmonid stocks, intended for harvest, that are released from federally operated or federally financed hatcheries including but not limited to fish releases of coho, chinook, and steelhead species. Marked fish must have a visible mark that can be readily identified by commercial and recreational fishers.

CONTRACTS AND AGREEMENTS WITH INDIAN AFFAIRS

SEC. 110. Notwithstanding any other provision of law, during fiscal year 2025, in carrying out work involving cooperation with State, local, and tribal governments or any political subdivision thereof, Indian Affairs may record obligations against accounts receivable from any such entities, except that total obligations at the end of the fiscal year shall not exceed total budgetary resources available at the end of the fiscal year.

DEPARTMENT OF THE INTERIOR EXPERIENCED SERVICES PROGRAM

SEC. 111. (a) Notwithstanding any other provision of law relating to Federal grants and cooperative agreements, the Secretary of the Interior is authorized to make grants to, or enter into cooperative agreements with, private nonprofit organizations designated by the Secretary of Labor under title V of the Older Americans Act of 1965 to utilize the talents of older Americans in programs authorized by other provisions of law administered by the Secretary and consistent with such provisions of law.

(b) Prior to awarding any grant or agreement under subsection (a), the Secretary shall ensure that the agreement would not—

- (1) result in the displacement of individuals currently employed by the Department, including partial displacement through reduction of non-overtime hours, wages, or employment benefits;
- (2) result in the use of an individual under the Department of the Interior Experienced Services Program for a job or function in a case in which a Federal employee is in a layoff status from the same or substantially equivalent job within the Department; or
- (3) affect existing contracts for services.

SEPARATION OF ACCOUNTS

SEC. 112. The Secretary of the Interior, in order to implement an orderly transition to separate accounts of the Bureau of Indian Affairs and the Bureau of Indian Education, may transfer funds among and between the successor offices and bureaus affected by the reorganization only in conformance with the reprogramming guidelines described in this Act.

DISCLOSURE OF DEPARTURE OR ALTERNATE PROCEDURE APPROVAL

SEC. 113. (a) Subject to subsection (b), in any case in which the Bureau of Safety and Environmental Enforcement or the Bureau of Ocean Energy Management prescribes or approves any departure or use of alternate procedure or equipment, in regards to a plan or permit, under 30 CFR 585.103; 30 CFR 550.141; 30 CFR 550.142; 30 CFR 250.141; or 30 CFR 250.142, the head of such bureau shall post a description of such departure or alternate procedure or equipment use approval on such bureau's publicly available website not more than 15 business days after such issuance.

(b) The head of each bureau may exclude confidential business information.

INTERAGENCY MOTOR POOL

SEC. 114. Notwithstanding any other provision of law or Federal regulation, federally recognized Indian tribes or authorized tribal organizations that receive Tribally-Controlled School Grants pursuant to Public Law 100–297 may obtain interagency motor vehicles and related services for performance of any activities carried out under such grants to the same extent as if they were contracting under the Indian Self-Determination and Education Assistance Act.

APPRAISER PAY AUTHORITY

SEC. 115. For fiscal year 2025, funds made available in this or any other Act or otherwise made available to the Department of the Interior for the Appraisal and Valuation Services Office may be used by the Secretary of the Interior to establish higher minimum rates of basic pay for employees of the Department of the Interior in the Appraiser (GS-1171) job series at grades 11 through 15 carrying out appraisals of real property and appraisal reviews conducted in support of the Department's realty programs at rates no greater than 15 percent above the minimum rates of basic pay normally scheduled, and such higher rates shall be consistent with subsections (e) through (h) of section 5305 of title 5, United States Code.

STATE CONSERVATION GRANTS

SEC. 116. For expenses necessary to carry out section 200305 of title 54, United States Code, the National Park Service may retain up to 7 percent of the State Conservation Grants program to provide to States, the District of Columbia, and insular areas, as matching grants to support state program administrative costs.

ONSHORE OIL AND GAS INSPECTION FEE

SEC. 117. Onshore Oil and Gas Inspection Fees.

(a) The designated operator under each oil and gas lease on Federal or Indian lands, or under each unit and communitization agreement that includes one or more such Federal or Indian leases, that is subject to inspection under section 108(b) of the Federal Oil and Gas Royalty Management Act of 1982 (30 U.S.C. 1718(b)) and that is in force at the start of fiscal year 2024 shall pay a nonrefundable annual inspection fee that the Bureau of Land Management (BLM) shall collect and deposit in the Management of Lands and Resources account.

(b) Fees for fiscal year 2025 shall be—

(1) \$1,560 for each lease or unit or communitization agreement with 1 to 10 wells, with any combination of active or inactive wells;

(2) \$7,000 for each lease or unit or communitization agreement with 11 to 50 wells, with any combination of active or inactive wells; and

(3) \$14,000 for each lease or unit or communitization agreement with more than 50 wells, with any combination of active or inactive wells.

(c) BLM shall bill designated operators within 60 days of enactment of this Act, with payment required within 30 days of billing.

(d) If the designated operator fails to pay the full amount of the fee as prescribed in this section, the Secretary may, in addition to utilizing any other applicable enforcement authority, assess civil penalties against the operator in the same manner as if this section were a mineral leasing law as defined in paragraph (8) of section 3 of Public Law 97–451 (30 U.S.C. 1702(8)), as amended.

(e) An operator that is a Tribe or is controlled by a Tribe is not subject to subsection (a) with respect to a lease, unit, or communitization agreement that is located entirely on the lands of such Tribe.

RETENTION OF CONCESSION FRANCHISE FEES

SEC. 118. Section 101917(c) of title 54, United States Code, is amended by adding at the end the following new paragraph: "(3) Reduction.—The Secretary may reduce the percentage allocation otherwise applicable under paragraph (2) to a unit or area of the National Park Service for a fiscal year if the Secretary determines that the revenues collected at the unit or area exceed the reasonable needs of the unit or area for which expenditures may be made for that fiscal year. In no event may a percentage allocation be reduced below 60 percent."

HISTORIC PRESERVATION FUND

SEC. 119. Section 303102 of title 54, United States Code, is amended by striking "2023" and inserting "2025".

DECOMMISSIONING ACCOUNT

SEC. 120. The matter under the amended heading "Royalty and Offshore Minerals Management" for the Minerals Management Service in Public Law 101–512 (104 Stat. 1926, as amended) (43 U.S.C. 1338a) is further amended by striking the fifth and sixth provisos in their entirety and inserting the following: "Provided further, That notwithstanding section 3302 of title 31, United States Code, any moneys hereafter received as a result of the forfeiture of a bond or other security by an Outer Continental Shelf permittee, lessee, or right-of-way holder that does not fulfill the requirements of its permit, lease, or right-of-way or does not comply with the regulations of the Secretary, or as a bankruptcy distribution or settlement associated with such failure or noncompliance, shall be credited to a separate account established in the Treasury for decommissioning activities and shall be available to the Bureau of Ocean Energy Management without further appropriation or fiscal year limitation to cover the cost to the United States of any improvement, protection, rehabilitation, or decommissioning work rendered necessary by the action or inaction that led to the forfeiture or bankruptcy distribution or settlement, to remain available until expended: Provided further, That amounts deposited into the decommissioning account may be allocated to the Bureau of Safety and Environmental Enforcement for such costs: Provided further, That any moneys received for such costs currently held in the Ocean Energy Management account shall be transferred to the decommissioning account: Provided further, That any portion of the moneys so credited shall be returned to the bankruptcy estate, permittee, lessee, or right-of-way holder to the extent that the money is in excess of the amount expended in performing the work necessitated by the action or inaction which led to their receipt or, if the bond or security was forfeited for failure to pay the civil penalty, in excess of the civil penalty imposed."

NONRECURRING EXPENSES FUND

SEC. 121. There is hereby established in the Treasury of the United States a fund to be known as the Department of the Interior Nonrecurring Expenses Fund (the Fund): Provided, That unobligated balances of expired discretionary funds appropriated for this or any succeeding fiscal year from the general fund of the Treasury to the Department of the Interior by this or any other Act may be transferred (not later than the end of the fifth fiscal year after the last fiscal year for which such funds are available for the purposes for which appropriated) into the Fund: Provided further, That amounts deposited in the Fund shall be available until expended, and

in addition to such other funds as may be available, for information and business technology system modernization and facilities infrastructure improvements and associated administrative expenses, including nonrecurring maintenance, necessary for the operation of the Department or its bureaus, subject to approval by the Office of Management and Budget: Provided further, That amounts in the Fund may be obligated only after the Committees on Appropriations of the House of Representatives and the Senate are notified at least 15 days in advance of the planned use of funds.

INDIAN REORGANIZATION ACT

SEC. 122.

(a) MODIFICATION.

(1) In general. The first sentence of section 19 of the Act of June 18, 1934 (commonly known as the "Indian Reorganization Act") (25 U.S.C. 5129), is amended—

(A) by striking "The term" and inserting "Effective beginning on June 18, 1934, the term"; and

(B) by striking "any recognized Indian tribe now under Federal jurisdiction" and inserting "any federally recognized Indian tribe".

(2) EFFECTIVE DATE. The amendments made by paragraph (1) shall take effect as if included in the Act of June 18, 1934 (25 U.S.C. 5101 et seq.) on the date of enactment of that Act.

(b) RATIFICATION AND CONFIRMATION OF ACTIONS. Any action taken by the Secretary of the Interior pursuant to the Act of June 18, 1934 (25 U.S.C. 5101 et seq.) for any Indian tribe that was federally recognized on the date of the action is ratified and confirmed, to the extent such action is subjected to challenge based on whether the Indian tribe was federally recognized or under Federal jurisdiction on June 18, 1934, as if the action had, by prior act of Congress, been specifically authorized and directed.

(c) EFFECT ON OTHER LAWS.

(1) Nothing in this section or the amendments made by this section shall affect—

(A) the application or effect of any Federal law other than the Act of June 18, 1934 (25 U.S.C. 5101 et seq.) (as amended by subsection (a)); or

(B) any limitation on the authority of the Secretary of the Interior under any Federal law or regulation other than the Act of June 18, 1934 (25 U.S.C. 5101 et seq.) (as so amended).

(2) REFERENCES IN OTHER LAWS. An express reference to the Act of June 18, 1934 (25 U.S.C. 5101 et seq.) contained in any other Federal law shall be considered to be a reference to that Act as amended by subsection (a).

EMERGENCY LAW ENFORCEMENT CEILING

SEC. 123. Section 103101 of title 54, United States Code, is amended in subsection (c)(1) by striking "\$250,000" and inserting "\$500,000".

CONTRIBUTION AUTHORITY EXTENSION

SEC. 124. Section 113 of division G of Public Law 113–76, as amended by Public Law 116–6, is further amended by striking "2024" and inserting "2029".

INTERIOR AUTHORITY FOR OPERATING EFFICIENCIES

SEC. 125. (a) The Secretary of the Interior may authorize and execute agreements to achieve operating efficiencies among and between two or more component bureaus and offices through the following activities:

(1) co-locating in facilities leased or owned by any such component bureau or office and sharing related utilities and equipment;

(2) detailing or assigning staff on a non-reimbursable basis for up to 5 business days; or

(3) sharing staff and equipment necessary to meet mission requirements.

(b) The authority provided by subsection (a) shall be to support areas of mission alignment between and among component bureaus and offices or where geographic proximity allows for efficiencies.

(c) Component bureaus and offices entering into agreements authorized under subsections (a)(1) and (a)(3) shall bear the costs for such agreements in a manner that reflects the approximate benefit and share of the total costs to each such component bureau or office, which may or may not include indirect costs.

(d) In furtherance of the requirement in subsection (c), the Secretary of the Interior may make transfers of funds in advance or on a reimbursable basis.

GENERAL PROVISIONS—DEPARTMENT OF THE INTERIOR

SEC. 201. (a) None of the funds provided in title II of this Act for Water and Related Resources, or provided by previous or subsequent appropriations Acts to the agencies or entities funded in title II of this Act for Water and Related Resources that remain available for obligation or expenditure in fiscal year 2025, shall be available for obligation or expenditure through a reprogramming of funds that—

(1) initiates or creates a new program, project, or activity;

(2) eliminates a program, project, or activity;

(3) increases funds for any program, project, or activity for which funds have been denied or restricted by this Act, unless notice has been transmitted to the Committees on Appropriations of both Houses of Congress;

(4) restarts or resumes any program, project or activity for which funds are not provided in this Act, unless notice has been transmitted to the Committees on Appropriations of both Houses of Congress;

(5) transfers funds in excess of the following limits, unless notice has been transmitted to the Committees on Appropriations of both Houses of Congress:

(A) 15 percent for any program, project or activity for which \$2,000,000 or more is available at the beginning of the fiscal year; or

(B) \$400,000 for any program, project or activity for which less than \$2,000,000 is available at the beginning of the fiscal year;

(6) transfers more than \$500,000 from either the Facilities Operation, Maintenance, and Rehabilitation category or the Resources Management and Development category to any program, project, or activity in the other category, unless notice has been transmitted to the Committees on Appropriations of both Houses of Congress; or

(7) transfers, where necessary to discharge legal obligations of the Bureau of Reclamation, more than \$5,000,000 to provide adequate funds for settled contractor claims, increased contractor earnings due to accelerated rates of operations, and real estate deficiency judgments, unless notice has been transmitted to the Committees on Appropriations of both Houses of Congress.

(b) Subsection (a)(5) shall not apply to any transfer of funds within the Facilities Operation, Maintenance, and Rehabilitation category.

(c) For purposes of this section, the term "transfer" means any movement of funds into or out of a program, project, or activity.

(d) Except as provided in subsections (a) and (b), the amounts made available in this title under the heading "Bureau of Reclamation—Water and Related Resources" shall be expended for the programs, projects, and activities specified in the "Final Bill" columns in the "Water and Related Resources" table included under the heading "Title II—Department of the Interior" in the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act).

(e) The Bureau of Reclamation shall submit reports on a quarterly basis to the Committees on Appropriations of both Houses of Congress detailing all the funds reprogrammed between programs, projects, activities, or categories of funding. The first quarterly report shall be submitted not later than 60 days after the date of enactment of this Act.

SEC. 202. (a) None of the funds appropriated or otherwise made available by this Act may be used to determine the final point of discharge for the interceptor drain for the San Luis Unit until development by the Secretary of the Interior and the State of California of a plan, which shall conform to the water quality standards of the State of California as approved by the Administrator of the Environmental Protection Agency, to minimize any detrimental effect of the San Luis drainage waters.

(b) The costs of the Kesterson Reservoir Cleanup Program and the costs of the San Joaquin Valley Drainage Program shall be classified by the Secretary of the Interior as reimbursable or nonreimbursable and collected until fully repaid pursuant to the "Cleanup Program—Alternative Repayment Plan" and the "SJVD—Alternative Repayment Plan" described in the report entitled "Repayment Report, Kesterson Reservoir Cleanup Program and San Joaquin Valley Drainage Program, February 1995", prepared by the Department of the Interior, Bureau of Reclamation. Any future obligations of funds by the United States relating to, or providing for, drainage service or drainage studies for the San Luis Unit shall be fully reimbursable by San Luis Unit beneficiaries of such service or studies pursuant to Federal reclamation law.

SEC. 203.

Title I of Public Law 108–361 (the Calfed Bay-Delta Authorization Act) (118 Stat. 1681), as amended, shall be applied by substituting "2025" for "2022" each place it appears.

SEC. 204. Section 104(c) of the Reclamation States Emergency Drought Relief Act of 1991, as amended (43 U.S.C. 2214(c)), shall be applied by substituting "2025" for "2022".

TITLE IV—GENERAL PROVISIONS

(INCLUDING TRANSFERS OF FUNDS)

RESTRICTION ON USE OF FUNDS

SEC. 401. No part of any appropriation contained in this Act shall be available for any activity or the publication or distribution of literature that in any way tends to promote public support or opposition to any legislative proposal on which Con-

gressional action is not complete other than to communicate to Members of Congress as described in 18 U.S.C. 1913.

OBLIGATION OF APPROPRIATIONS

SEC. 402. No part of any appropriation contained in this Act shall remain available for obligation beyond the current fiscal year unless expressly so provided herein.

DISCLOSURE OF ADMINISTRATIVE EXPENSES

SEC. 403. The amount and basis of estimated overhead charges, deductions, reserves, or holdbacks, including working capital fund charges, from programs, projects, activities and subactivities to support government-wide, departmental, agency, or bureau administrative functions or headquarters, regional, or central operations shall be presented in annual budget justifications to the Committees on Appropriations of the House of Representatives and the Senate. Changes to such estimates shall be presented to the Committees on Appropriations.

MINING APPLICATIONS

SEC. 404. (a) **LIMITATION OF FUNDS.**—None of the funds appropriated or otherwise made available pursuant to this Act shall be obligated or expended to accept or process applications for a patent for any mining or mill site claim located under the general mining laws.

(b) **EXCEPTIONS.**—Subsection (a) shall not apply if the Secretary of the Interior determines that, for the claim concerned: (1) a patent application was filed with the Secretary on or before September 30, 1994; and (2) all requirements established under sections 2325 and 2326 of the Revised Statutes (30 U.S.C. 29 and 30) for vein or lode claims, sections 2329, 2330, 2331, and 2333 of the Revised Statutes (30 U.S.C. 35, 36, and 37) for placer claims, and section 2337 of the Revised Statutes (30 U.S.C. 42) for mill site claims, as the case may be, were fully complied with by the applicant by that date.

(c) **REPORT.**—On September 30, 2026, the Secretary of the Interior shall file with the House and Senate Committees on Appropriations and the Committee on Natural Resources of the House and the Committee on Energy and Natural Resources of the Senate a report on actions taken by the Department under the plan submitted pursuant to section 314(c) of the Department of the Interior and Related Agencies Appropriations Act, 1997 (Public Law 104–208).

(d) **MINERAL EXAMINATIONS.**—In order to process patent applications in a timely and responsible manner, upon the request of a patent applicant, the Secretary of the Interior shall allow the applicant to fund a qualified third-party contractor to be selected by the Director of the Bureau of Land Management to conduct a mineral examination of the mining claims or mill sites contained in a patent application as set forth in subsection (b). The Bureau of Land Management shall have the sole responsibility to choose and pay the third-party contractor in accordance with the standard procedures employed by the Bureau of Land Management in the retention of third-party contractors.

CONTRACT SUPPORT COSTS, PRIOR YEAR LIMITATION

SEC. 405. Sections 405 and 406 of division F of the Consolidated and Further Continuing Appropriations Act, 2015 (Public Law 113–235) shall continue in effect in fiscal year 2025.

CONTRACT SUPPORT COSTS, FISCAL YEAR 2025 LIMITATION

SEC. 406. Amounts provided by this Act for fiscal year 2025 under the headings "Department of Health and Human Services, Indian Health Service, Contract Support Costs" and "Department of the Interior, Bureau of Indian Affairs and Bureau of Indian Education, Contract Support Costs" are the only amounts available for contract support costs arising out of self-determination or self-governance contracts, grants, compacts, or annual funding agreements for fiscal year 2025 with the Bureau of Indian Affairs, Bureau of Indian Education, and the Indian Health Service: Provided, That such amounts provided by this Act are not available for payment of claims for contract support costs for prior years, or for repayments of payments for settlements or judgments awarding contract support costs for prior years.

FOREST MANAGEMENT PLANS

SEC. 407. The Secretary of Agriculture shall not be considered to be in violation of section 6(f)(5)(A) of the Forest and Rangeland Renewable Resources Planning Act of 1974 (16 U.S.C. 1604(f)(5)(A)) solely because more than 15 years have passed without revision of the plan for a unit of the National Forest System. Nothing in this section exempts the Secretary from any other requirement of the Forest and Rangeland Renewable Resources Planning Act (16 U.S.C. 1600 et seq.) or any other law: Provided, That if the Secretary is not acting expeditiously and in good faith, within the funding available, to revise a plan for a unit of the National Forest System, this section shall be void with respect to such plan and a court of proper jurisdiction may order completion of the plan on an accelerated basis.

PROHIBITION WITHIN NATIONAL MONUMENTS

SEC. 408. No funds provided in this Act may be expended to conduct preleasing, leasing and related activities under either the Mineral Leasing Act (30 U.S.C. 181 et seq.) or the Outer Continental Shelf Lands Act (43 U.S.C. 1331 et seq.) within

the boundaries of a National Monument established pursuant to the Act of June 8, 1906 (16 U.S.C. 431 *et seq.*) as such boundary existed on January 20, 2001, except where such activities are allowed under the Presidential proclamation establishing such monument.

LIMITATION ON TAKINGS

SEC. 409. Unless otherwise provided herein, no funds appropriated in this Act for the acquisition of lands or interests in lands may be expended for the filing of declarations of taking or complaints in condemnation without notice to the House and Senate Committees on Appropriations: Provided, That this provision shall not apply to funds appropriated to implement the Everglades National Park Protection and Expansion Act of 1989, or to funds appropriated for Federal assistance to the State of Florida to acquire lands for Everglades restoration purposes.

PROHIBITION ON NO-BID CONTRACTS

SEC. 410. None of the funds appropriated or otherwise made available by this Act to Executive Branch agencies may be used to enter into any Federal contract unless such contract is entered into in accordance with the requirements of Chapter 33 of title 41, United States Code, or Chapter 137 of title 10, United States Code, and the Federal Acquisition Regulation, unless—

(1) Federal law specifically authorizes a contract to be entered into without regard for these requirements, including formula grants for States, or federally recognized Indian tribes;

(2) such contract is authorized by the Indian Self-Determination and Education Assistance Act (Public Law 93–638, 25 U.S.C. 450 *et seq.*) or by any other Federal laws that specifically authorize a contract within an Indian tribe as defined in section 4(e) of that Act (25 U.S.C. 450b(e)); or

(3) such contract was awarded prior to the date of enactment of this Act.

POSTING OF REPORTS

SEC. 411. (a) Any agency receiving funds made available in this Act, shall, subject to subsections (b) and (c), post on the public website of that agency any report required to be submitted by the Congress in this or any other Act, upon the determination by the head of the agency that it shall serve the national interest.

(b) Subsection (a) shall not apply to a report if—

(1) the public posting of the report compromises national security; or

(2) the report contains proprietary information.

(c) The head of the agency posting such report shall do so only after such report has been made available to the requesting Committee or Committees of Congress for no less than 45 days.

NATIONAL ENDOWMENT FOR THE ARTS GRANT GUIDELINES

SEC. 412. Of the funds provided to the National Endowment for the Arts—

(1) The Chairperson shall only award a grant to an individual if such grant is awarded to such individual for a literature fellowship, National Heritage Fellowship, or American Jazz Masters Fellowship.

(2) The Chairperson shall establish procedures to ensure that no funding provided through a grant, except a grant made to a State or local arts agency, or regional group, may be used to make a grant to any other organization or individual to conduct activity independent of the direct grant recipient. Nothing in this subsection shall prohibit payments made in exchange for goods and services.

(3) No grant shall be used for seasonal support to a group, unless the application is specific to the contents of the season, including identified programs or projects.

NATIONAL ENDOWMENT FOR THE ARTS PROGRAM PRIORITIES

SEC. 413. (a) In providing services or awarding financial assistance under the National Foundation on the Arts and the Humanities Act of 1965 from funds appropriated under this Act, the Chairperson of the National Endowment for the Arts shall ensure that priority is given to providing services or awarding financial assistance for projects, productions, workshops, or programs that serve underserved populations.

(b) In this section:

(1) The term "underserved population" means a population of individuals, including urban minorities, who have historically been outside the purview of arts and humanities programs due to factors such as a high incidence of income below the poverty line or to geographic isolation.

(2) The term "poverty line" means the poverty line (as defined by the Office of Management and Budget, and revised annually in accordance with section 673(2) of the Community Services Block Grant Act (42 U.S.C. 9902(2))) applicable to a family of the size involved.

(c) In providing services and awarding financial assistance under the National Foundation on the Arts and Humanities Act of 1965 with funds appropriated by this Act, the Chairperson of the National Endowment for the Arts shall ensure that priority is given to providing services or awarding financial assistance for projects,

productions, workshops, or programs that will encourage public knowledge, education, understanding, and appreciation of the arts.

(d) With funds appropriated by this Act to carry out section 5 of the National Foundation on the Arts and Humanities Act of 1965—

(1) the Chairperson shall establish a grant category for projects, productions, workshops, or programs that are of national impact or availability or are able to tour several States;

(2) the Chairperson shall not make grants exceeding 15 percent, in the aggregate, of such funds to any single State, excluding grants made under the authority of paragraph (1);

(3) the Chairperson shall report to the Congress annually and by State, on grants awarded by the Chairperson in each grant category under section 5 of such Act; and

(4) the Chairperson shall encourage the use of grants to improve and support community-based music performance and education.

STATUS OF BALANCES OF APPROPRIATIONS

SEC. 414. The Department of the Interior, the Environmental Protection Agency, the Forest Service, and the Indian Health Service shall provide the Committees on Appropriations of the House of Representatives and Senate quarterly reports on the status of balances of appropriations including all uncommitted, committed, and unobligated funds in each program and activity within 60 days of enactment of this Act.

EXTENSION OF GRAZING PERMITS

SEC. 415. The terms and conditions of section 325 of Public Law 108–108 (117 Stat. 1307), regarding grazing permits issued by the Forest Service on any lands not subject to administration under section 402 of the Federal Lands Policy and Management Act (43 U.S.C. 1752), shall remain in effect for fiscal year 2025.

FUNDING PROHIBITION

SEC. 416. (a) None of the funds made available in this Act may be used to maintain or establish a computer network unless such network is designed to block access to pornography websites.

(b) Nothing in subsection (a) shall limit the use of funds necessary for any Federal, State, tribal, or local law enforcement agency or any other entity carrying out criminal investigations, prosecution, or adjudication activities.

HUMANE TRANSFER AND TREATMENT OF ANIMALS

SEC. 417. (a) Notwithstanding any other provision of law, the Secretary of the Interior, with respect to land administered by the Bureau of Land Management, or the Secretary of Agriculture, with respect to land administered by the Forest Service (referred to in this section as the "Secretary concerned"), may transfer excess wild horses and burros that have been removed from land administered by the Secretary concerned to other Federal, State, and local government agencies for use as work animals.

(b) The Secretary concerned may make a transfer under subsection (a) immediately on the request of a Federal, State, or local government agency.

(c) An excess wild horse or burro transferred under subsection (a) shall lose status as a wild free-roaming horse or burro (as defined in section 2 of Public Law 92–195 (commonly known as the "Wild Free-Roaming Horses and Burros Act") (16 U.S.C. 1332)).

(d) A Federal, State, or local government agency receiving an excess wild horse or burro pursuant to subsection (a) shall not—

(1) destroy the horse or burro in a manner that results in the destruction of the horse or burro into a commercial product;

(2) sell or otherwise transfer the horse or burro in a manner that results in the destruction of the horse or burro for processing into a commercial product; or

(3) euthanize the horse or burro, except on the recommendation of a licensed veterinarian in a case of severe injury, illness, or advanced age.

(e) Amounts appropriated by this Act shall not be available for—

(1) the destruction of any healthy, unadopted, and wild horse or burro under the jurisdiction of the Secretary concerned (including a contractor); or

(2) the sale of a wild horse or burro that results in the destruction of the wild horse or burro for processing into a commercial product.

FOREST SERVICE FACILITY REALIGNMENT AND ENHANCEMENT AUTHORIZATION EXTENSION

SEC. 418. Section 503(f) of Public Law 109–54 (16 U.S.C. 580d note) shall be applied by substituting "September 30, 2025" for "September 30, 2019".

LOCAL COOPERATOR TRAINING AGREEMENTS AND TRANSFERS OF EXCESS EQUIPMENT AND SUPPLIES FOR WILDFIRES

SEC. 419. The Secretary of the Interior is authorized to enter into grants and cooperative agreements with volunteer fire departments, rural fire departments, rangeland fire protection associations, and similar organizations to provide for wildland fire training and equipment, including supplies and communication devices. Notwithstanding section 121(c) of title 40, United States Code, or section 521 of title 40,

United States Code, the Secretary is further authorized to transfer title to excess Department of the Interior firefighting equipment no longer needed to carry out the functions of the Department's wildland fire management program to such organizations.

RECREATION FEES

SEC. 420. Section 810 of the Federal Lands Recreation Enhancement Act (16 U.S.C. 6809) shall be applied by substituting "October 1, 2026" for "September 30, 2019".

LOCAL CONTRACTORS

SEC. 421. Section 412 of division E of Public Law 112–74 shall be applied by substituting "fiscal year 2025" for "fiscal year 2019".

SHASTA-TRINITY MARINA FEE AUTHORITY AUTHORIZATION EXTENSION

SEC. 422. Section 422 of division F of Public Law 110–161 (121 Stat 1844), as amended, shall be applied by substituting "fiscal year 2025" for "fiscal year 2019".

INTERPRETIVE ASSOCIATION AUTHORIZATION EXTENSION

SEC. 423. Section 426 of division G of Public Law 113–76 (16 U.S.C. 565a–1 note) shall be applied by substituting "September 30, 2025" for "September 30, 2019".

PUERTO RICO SCHOOLING AUTHORIZATION EXTENSION

SEC. 424. Funds available to the Forest Service in this and prior Acts under the headings "National Forest System" and "Forest and Rangeland Research" may be used for expenses associated with primary and secondary schooling for dependents of agency personnel stationed in Puerto Rico, who are subject to transfer and reassignment to other locations in the United States, at a cost not in excess of those authorized for the Department of Defense for the same area, when it is determined by the Chief of the Forest Service that public schools available in the locality are unable to provide adequately for the education of such dependents: Provided, That the Congress hereby ratifies and approves payments for such purposes to agency employees stationed in Puerto Rico made by the Forest Service after August 2, 2005, in accordance with the 19th unnumbered paragraph under the heading "Administrative Provisions, Forest Service" in title III of Public Law 109–54, as amended.

ALLOCATION OF PROJECTS, NATIONAL PARKS AND PUBLIC LAND LEGACY RESTORATION FUND AND LAND AND WATER CONSERVATION FUND

SEC. 429. (a)

(1) Within 45 days of enactment of this Act, the Secretary of the Interior shall allocate amounts made available from the National Parks and Public Land Legacy Restoration Fund for fiscal year 2025 pursuant to subsection (c) of section 200402 of title 54, United States Code, and as provided in subsection (e) of such section of such title, to the agencies of the Department of the Interior and the Department of Agriculture specified, in the amounts specified, for the stations and unit names specified, and for the projects and activities specified in the table titled "Allocation of Funds: National Parks and Public Land Legacy Restoration Fund Fiscal Year 2025" in the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act).

(2) Within 45 days of enactment of this Act, the Secretary of the Interior and the Secretary of Agriculture, as appropriate, shall allocate amounts made available for expenditure from the Land and Water Conservation Fund for fiscal year 2025 pursuant to subsection (a) of section 200303 of title 54, United States Code, to the agencies and accounts specified, in the amounts specified, and for the projects and activities specified in the table titled "Allocation of Funds: Land and Water Conservation Fund Fiscal Year 2025" in the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act).

(b) Except as otherwise provided by subsection (c) of this section, neither the President nor his designee may allocate any amounts that are made available for any fiscal year under subsection (c) of section 200402 of title 54, United States Code, or subsection (a) of section 200303 of title 54, United States Code, other than in amounts and for projects and activities that are allocated by subsections (a)(1) and (a)(2) of this section: Provided, That in any fiscal year, the matter preceding this proviso shall not apply to the allocation of amounts for continuing administration of programs allocated funds from the National Parks and Public Land Legacy Restoration Fund or the Land and Water Conservation Fund, which may be allocated only in amounts that are no more than the allocation for such purposes in subsections (a)(1) and (a)(2) of this section.

(c) The Secretary of the Interior and the Secretary of Agriculture may reallocate amounts from each agency's "Contingency Fund" line in the table titled "Allocation of Funds: National Parks and Public Land Legacy Restoration Fund Fiscal Year 2025" to any project funded by the National Parks and Public Land Legacy Restoration Fund within the same agency, from any fiscal year, that experienced a funding deficiency due to unforeseen cost overruns, in accordance with the following requirements:

(1) "Contingency Fund" amounts may only be reallocated if there is a risk to project completion resulting from unforeseen cost overruns;

(2) "Contingency Fund" amounts may only be reallocated for cost of adjustments and changes within the original scope of effort for projects funded by the National Parks and Public Land Legacy Restoration Fund; and

(3) The Secretary of the Interior or the Secretary of Agriculture must provide written notification to the Committees on Appropriations 30 days before taking any actions authorized by this subsection if the amount reallocated from the "Contingency Fund" line for a project is projected to be 10 percent or greater than the following, as applicable:

(A) The amount allocated to that project in the table titled "Allocation of Funds: National Parks and Public Land Legacy Restoration Fund Fiscal Year 2025" in the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act); or

(B) The initial estimate in the most recent report submitted, prior to enactment of this Act, to the Committees on Appropriations pursuant to section 431(e) of division G of the Consolidated Appropriations Act, 2023 (Public Law 117–328).

(d)

(1) Concurrent with the annual budget submission of the President for fiscal year 2026, the Secretary of the Interior and the Secretary of Agriculture shall each submit to the Committees on Appropriations of the House of Representatives and the Senate project data sheets for the projects in the "Submission of Annual List of Projects to Congress" required by section 200402(h) of title 54, United States Code: Provided, That the "Submission of Annual List of Projects to Congress" must include a "Contingency Fund" line for each agency within the allocations defined in subsection (e) of section 200402 of title 54, United States Code: Provided further, That in the event amounts allocated by this Act or any prior Act for the National Parks and Public Land Legacy Restoration Fund are no longer needed to complete a specified project, such amounts may be reallocated in such submission to that agency's "Contingency Fund" line: Provided further, That any proposals to change the scope of or terminate a previously approved project must be clearly identified in such submission.

(2)

(A) Concurrent with the annual budget submission of the President for fiscal year 2026, the Secretary of the Interior and the Secretary of Agriculture shall each submit to the Committees on Appropriations of the House of Representatives and the Senate a list of supplementary allocations for Federal land acquisition and Forest Legacy Projects at the National Park Service, the U.S. Fish and Wildlife Service, the Bureau of Land Management, and the U.S. Forest Service that are in addition to the "Submission of Cost Estimates" required by section 200303(c)(1) of title 54, United States Code, that are prioritized and detailed by account, program, and project, and that total no less than half the full amount allocated to each account for that land management Agency under the allocations submitted under section 200303(c)(1) of title 54,

United States Code: Provided, That in the event amounts allocated by this Act or any prior Act pursuant to subsection (a) of section 200303 of title 54, United States Code are no longer needed because a project has been completed or can no longer be executed, such amounts must be clearly identified if proposed for reallocation in the annual budget submission.

(B) *The Federal land acquisition and Forest Legacy projects in the "Submission of Cost Estimates" required by section 200303(c)(1) of title 54, United States Code, and on the list of supplementary allocations required by subparagraph (A) shall be comprised only of projects for which a willing seller has been identified and for which an appraisal or market research has been initiated.*

(C) *Concurrent with the annual budget submission of the President for fiscal year 2026, the Secretary of the Interior and the Secretary of Agriculture shall each submit to the Committees on Appropriations of the House of Representatives and the Senate project data sheets in the same format and containing the same level of detailed information that is found on such sheets in the Budget Justifications annually submitted by the Department of the Interior with the President's Budget for the projects in the "Submission of Cost Estimates" required by section 200303(c)(1) of title 54, United States Code, and in the same format and containing the same level of detailed information that is found on such sheets submitted to the Committees pursuant to section 427 of division D of the Further Consolidated Appropriations Act, 2020 (Public Law 116–94) for the list of supplementary allocations required by subparagraph (A).*

(e) *The Department of the Interior and the Department of Agriculture shall provide the Committees on Appropriations of the House of Representatives and Senate quarterly reports on the status of balances of projects and activities funded by the National Parks and Public Land Legacy Restoration Fund for amounts allocated pursuant to subsection (a)(1) of this section and the status of balances of projects and activities funded by the Land and Water Conservation Fund for amounts allocated pursuant to subsection (a)(2) of this section, including all uncommitted, committed, and unobligated funds, and, for amounts allocated pursuant to subsection (a)(1) of this section, National Parks and Public Land Legacy Restoration Fund amounts reallocated pursuant to subsection (c) of this section.*

(f) *Amounts allocated by the Secretary of the Interior pursuant to subsection (a)(2) of this section shall include \$8,483,563 to the "Office of the Secretary—Departmental Operations" account for a Tribal Land Stewardship program for Tribal governments to acquire, whether in fee or in trust, land, water, or interests in land or water, for purposes consistent with chapter 2003 of title 54, United States Code, in accordance with criteria determined by the Secretary of the Interior in consultation with Tribes: Provided, That payments may be made by the Secretary of the Interior through direct expenditure or through grants, compacts, contracts, or cooperative agreements with Indian Tribes: Provided further, That of the amounts allocated, up to \$500,000 shall be available for Federal administrative expenses.*

(g) *In this section, the term "Tribal government" means the recognized governing body of any Indian or Alaska Native tribe, band, nation, pueblo, village, community, component band, or component reservation individually identified (including parenthetically) in the list published most recently pursuant to section 104 of the Federally Recognized Indian Tribe List Act of 1994 (25 U.S.C. 5131).*
