President's Budget: Volumes and Documents

GENERAL NOTES

1. All years referenced for budget data are fiscal years unless otherwise noted. All years referenced for economic data are calendar years unless otherwise noted.
2. The Full-Year Continuing Appropriations and Extensions Act, 2025 did not provide account-by-account appropriations language for the 2025 enacted level. Accordingly, the 2026 Budget includes appropriations language in italics, reflecting the Administration's proposed language.
3. For the Department of Defense, this document contains only appropriations language. A separate document containing budget estimates for the Department of Defense will be published in June 2025.
4. Mandatory spending and receipts proposals in this document are limited to those proposals that support the President's 2026 discretionary request.
5. In the current year and the budget year, detailed budget estimates and estimates of full-time equivalent employment may not reflect all of the management and administrative actions underway or planned in Federal agencies.
6. Detail in this document may not add to the totals due to rounding.
