## THE CAPITOL.

The Capitol is situated in latitude  $38^{\circ} 53' 20.4''$  north and longitude  $77^{\circ} 00' 35.7''$  west from Greenwich. It fronts east, and stands on a plateau 88 feet above the level of the Potomac.

### THE ORIGINAL BUILDING.

The southeast corner stone of the original building was laid on the 18th of September, 1793, by President Washington, with Masonic ceremonies. It is constructed of sandstone from quarries on Aquia Creek, Virginia. The original designs were prepared by Dr. William Thornton, and the work was done under the direction of Stephen H. Hallet, James Hoban, George Hadfield, and B. H. Latrobe, architects. The north wing was finished in 1800 and the south wing in 1811. A wooden passageway connected them. On the 24th of August, 1814, the interior of both wings was destroyed by fire, set by the British. The damage to the building was immediately repaired. In 1818 the central portion of the building was commenced, under the architectural superintendence of Charles Bulfinch. The original building was finally completed in 1827. Its cost, including the grading of the grounds, alterations, and repairs, up to 1827, was \$2,433,844.13.

### THE EXTENSIONS.

The corner stone of the extensions was laid on the 4th of July, 1851, by President Fillmore, Daniel Webster officiating as orator. This work was prosecuted under the architectural direction of Thomas U. Walter till 1865, when he resigned, and it was completed under the supervision of Edward Clark. The material used in the walls is white marble from the quarries at Lee, Mass., and that in the columns from the quarries at Cockeysville, Md. These extensions were first occupied for legislative purposes January 4, 1859.

### DIMENSIONS OF THE BUILDING.

The entire length of the building from north to south is 751 feet 4 inches, and its greatest dimension from east to west 350 feet. The area covered by the building is 153,112 square feet.

### THE DOME.

The Dome of the original central building was constructed of wood, covered with copper. This was replaced in 1856 by the present structure of cast iron. It was completed in 1865. The entire weight of iron used is 8,909,200 pounds.

The Dome is crowned by a bronze statue of Freedom, which is 19 feet 6 inches high and weighs 14,985 pounds. It was modeled by Crawford. The height of the Dome above the base line of the east front is 287 feet 5 inches. The height from the top of the balustrade of the building is 217 feet 11 inches. The greatest diameter at the base is 135 feet 5 inches.

The Rotunda is 97 feet 6 inches in diameter, and its height from the floor to the top of the canopy is 180 feet 3 inches.

The Senate Chamber is 113 feet 3 inches in length by 80 feet 3 inches in width and 36 feet in height. The galleries will accommodate one thousand persons.

The Representatives' Hall is 139 feet in length by 93 feet in width and 36 feet in height.

The room now occupied by the Supreme Court was, until 1859, occupied as the Senate Chamber. Previous to that time the court occupied the room immediately beneath, now used as a law library.

## THE LIBRARY OF CONGRESS.

(Capitol Hill.)

The Library of Congress was established in 1800, destroyed in 1814 by the burning of the Capitol, afterwards replenished by the purchase by Congress of the library of ex-President Jefferson, 6,760 volumes (cost, \$23,950); in 1851, 35,000 volumes destroyed by fire; in 1852, partially replenished by an appropriation of \$75,000; increased (1) by regular appropriations by Congress; (2) by deposits under the copyright law; (3) by gifts and exchanges; (4) by the exchanges of the Smithsonian Institution, the library of which (40,000 volumes) was, in 1866, deposited in the Library of Congress with the stipulation that future accessions should follow it. Sixty sets of Government publications are at the disposal of the Librarian of Congress for exchange, through the Smithsonian, with foreign governments, and this number may be increased up to 100. Other special accessions have been: The Peter Force collection (22,529 volumes, 37,000 pamphlets) purchased, 1867, cost \$100,000; the Count de Rochambeau collection (manuscript) purchased, 1883, cost \$20,000; the Toner collection (24,484 volumes, numerous pamphlets), gift in 1882 of Dr. Joseph M. Toner; the Hubbard collection (engravings), gift in 1898 of Mrs. Gardiner G. Hubbard.

The collection is now the largest on the Western Hemisphere. It comprised at the end of the fiscal year (June 30, 1902) about 1,114,111 printed books and pamphlets (including the law library of 92,582 volumes, which, while a division of the Library of Congress, still remains at the Capitol), 99,532 manuscripts, 64,921 maps and charts, 345,511 pieces of music, and 127,002 photographs, prints, engravings, and lithographs. Of the printed books, probably one-sixth are duplicates not in use.

The collection is rich in history, political science, jurisprudence, in official documents, National, State, and foreign, and in Americana, including important files of American newspapers and original manuscripts (colonial, revolutionary, and formative periods). Many of the rare books and manuscripts belonging to the Library are exhibited in show cases on the second floor.

The Smithsonian deposit is strong in scientific works, and includes the largest assemblage of the transactions of learned societies which exists in this country.

In 1897 the main collection was removed from the Capitol to the building erected for it under the acts of Congress approved April 15, 1886, October 2, 1888, and March 2, 1889, at a cost of \$6,347,000 (limit by law, \$6,500,000) exclusive of the land, which cost \$585,000. The architects who furnished the original designs were John L. Smithmeyer and Paul J. Pelz. By the act of October 2, 1888, before the foundations were laid, Thomas L. Casey, Chief of Engineers of the Army, was placed in charge of the construction of the building, and the architectural details were worked out by Paul J. Pelz and Edward P. Casey. Upon the death of General Casey, in March, 1896, the entire charge of the construction devolved upon Bernard R. Green, General Casey's assistant, and under his superintendence the building was completed in February, 1897; opened to the public November, 1897. The building occupies three and three-quarters acres upon a site ten acres in extent at a distance of 1,270 feet east of the Capitol, and is the largest and most magnificent library building in the world. In the decorations, some forty painters and sculptors are represented—all American citizens. The floor space is 326,195 square feet, or nearly 8 acres. The book stacks contain about 45 miles of shelving, affording space for 2,200,000 octavo volumes. Were the long corridors, now used in part for exhibition purposes, completely shelved, the building would accommodate over 4,000,000 such volumes.

The Library is maintained by annual appropriations by Congress for various purposes, including the purchase of books. For the year 1902-3 these amounted to \$652,785, as follows: \$384,185 for services (including the Copyright Office, and including also the care of the building); \$91,300 for books and periodicals; \$37,300 for fuel, supplies, miscellaneous purposes, including contingent expenses; \$45,000 for furniture, shelving, etc., and \$95,000 allotment for printing and binding at the Government Printing Office.

*Library service.*—Library proper, 231 employees; Copyright, 58; disbursement and care of buildings and grounds, 117. Total, 406.

*Copyright Office.*—The Copyright Office is a distinct division of the Library of Congress and is located on the ground floor, south side; open 9 to 4. It is under the immediate charge of the Register of Copyrights, who, by the act of February 19, 1897, is authorized, "under the direction and supervision of the Librarian of Congress," to perform all the duties relating to copyrights. Copyright registration was transferred to the Librarian of Congress by the act of July 8, 1870. The copyright entries from that date to June 30, 1902, numbered 1,317,496. Of most articles copyrighted two copies, and of some one copy, must be deposited in the Library of Congress to perfect copyright. Books, maps, musical compositions, photographs, periodicals, and other articles deposited in the Copyright Office to complete copyright numbered, during the fiscal year 1901-2, 169,726 articles. Copyright fees applied and paid into the Treasury for the fiscal year 1901-2 amounted to \$64,687.

The Librarian of Congress and the Superintendent of Buildings and Grounds are now appointed by the President of the United States, by and with the advice and consent of the Senate (act of 1897). These two officials have the appointment of their respective subordinates.

Entitled by statute to draw books for home use are the following: The President, the Vice-President; Senators, Representatives, and Delegates in Congress (no books may be given out upon the orders of members in favor of those who are not members); Heads of Departments; the Justices, Reporter, and Clerk of the Supreme Court; the judges and clerk of the Court of Claims; Judges of the Court of Appeals of the District of Columbia and Judges of the Supreme Court of the District of Columbia; representatives at Washington of foreign governments; the Solicitor-General and Assistant Attorneys-General; the Secretary of the Senate; the Clerk of the House of Representatives; the Solicitor of the Treasury; ex-Presidents of the United States; the Chaplains of the two Houses of Congress; the Secretary and Regents of the Smithsonian Institution; the members and secretary of the Interstate Commerce Commission; Chief of Engineers of the Army.

*Hours.*—The Library building is open to the public all days in the year excepting legal holidays. The hours are from 9 a. m. to 10 p. m. week days and from 2 p. m. to 10 p. m. Sundays.

The Main Reading Room, Periodical Reading Room, and Music Division are open to the public from 9 a. m. to 10 p. m. week days and from 2 p. m. to 10 p. m. Sundays.

The Reading Room for the Blind is open week days from 9 a. m. to 4 p. m.

The Librarian's Office and the Division of Bibliography are open for the transaction of business from 9 a. m. to 4 p. m. week days and from 2 p. m. to 6 p. m. Sundays.

The other administrative divisions of the Library, including the Copyright Office, are open for the transaction of business from 9 a. m. to 4 p. m. all days in the year, excepting legal holidays and Sundays.

### THE DEPARTMENT OF THE TREASURY.

(Fifteenth street and Pennsylvania avenue.)

LESLIE M. SHAW, of Iowa, Secretary of the Treasury (1750 Massachusetts avenue), was born in Morristown, Lamoille County, Vt., November 2, 1848. When 4 years of age his people moved to Stowe, where he received a common-school education, with a few terms in the village high school and in Peoples' Academy, at Morrisville. When 21 years of age he went to Iowa, graduated from Cornell College in 1874, and from the Iowa College of Law in 1876, having earned the means with which to educate himself. After graduation he located in Denison, the county seat of Crawford County, Iowa, and engaged in the practice of law. He was led by the demands of the community into the negotiation of farm loans, and from that into general banking at Denison, at Manilla, and at Charter Oak, in the same county. While keeping the practice of law in the foreground, he was thus kept in touch with financial matters, both East and West. Until 1896 he took no active part in politics, excepting in national campaigns, when he frequently made speeches in defense of the principles of the Republican party, in which he was a firm believer. In 1896, at the request of the State central committee, he placed his entire time at its disposal. This led to his nomination for governor and election in 1897, and his reelection in 1899, in which he doubled his previous plurality and quadrupled his previous majority. He peremptorily declined a third term, and planned to return to his law practice and business interests. A few days before the close of his term, however, without solicitation or suggestion from himself or friends, he was tendered the position of Secretary of the Treasury, and assumed the duties of the office on February 1, 1902.

THE INTERSTATE COMMERCE COMMISSION.

This Commission, appointed under "An act to regulate commerce," approved February 4, 1887, has authority to inquire into the management of the business of all common carriers who are subject to the provisions of the act. These are all which are "engaged in the transportation of passengers or property wholly by railroad, or partly by railroad and partly by water when both are used, under a common control, management, or arrangement, for a continuous carriage or shipment, from one State or Territory of the United States or the District of Columbia to any other State or Territory of the United States or the District of Columbia, or from any place in the United States to an adjacent foreign country, or from any place in the United States through a foreign country to any other place in the United States, and also in the transportation in like manner of property shipped from any place in the United States to a foreign country and carried from such place to a port of transshipment, or shipped from a foreign country to any place in the United States and carried to such place from a port of entry either in the United States or an adjacent foreign country." It has jurisdiction to inquire into and report upon the reasonableness of rates on interstate traffic, to decide questions of unjust discrimination and of undue preference, to prescribe the publicity to be given to joint tariffs, and to institute and carry on proceedings for the enforcement of the provisions of the law. It has power to call for reports, to require the attendance of witnesses and the production of books and papers, to hear complaints of a violation of the act made against any such carrier, and to determine what reparation shall be made to a party wronged; to institute inquiries on its own motion or at the request of State railroad commissions, and to report thereon; and it is required to make an annual report, which shall be transmitted to Congress. It is also empowered in special cases to authorize any such common carrier to charge less for a longer distance than for a shorter over the same line, and to prescribe the extent to which the carrier may be relieved from the "long and short haul clause" of said act. The Commission also appoints a secretary and clerks, whose duties are not specifically defined by the act.

Under the act of August 7, 1888, all railroad and telegraph companies to which the United States have granted any subsidy in lands or bonds or loan of credit for the construction of either railroad or telegraph lines are required to file annual reports with the Commission, and such other reports as the Commission may call for. The act also directs every such company to file with the Commission copies of all contracts and agreements of every description existing between it and every other person or corporation whatsoever in reference to the ownership, possession, or operation of any telegraph lines over or upon the right of way, and to decide questions relating to the interchange of business between such Government-aided telegraph

company and any connecting telegraph company. The act provides penalties for failure to perform and carry out within a reasonable time the order or orders of the Commission.

The act of March 2, 1893, known as the "Safety Appliance Act," provides that within specified periods railroad cars used in interstate commerce must be equipped with automatic couplers and standard height of drawbars for freight cars, and have grab irons or hand holds in the ends and sides of each car. A further provision is that locomotive engines used in moving interstate traffic shall be fitted with a power driving-wheel brake and appliances for operating the train-brake system, and a sufficient number of cars in the train shall be equipped with power or train brakes. The act directs the Commission to lodge with the proper district attorneys information of such violations as may come to its knowledge. The Commission is authorized to, from time to time, upon full hearing and for good cause, extend the period within which any common carrier shall comply with the provisions of the statute.

The act of June 1, 1898, concerning carriers engaged in interstate commerce and their employees, known as the "Arbitration Act," directs the Chairman of the Interstate Commerce Commission and the Commissioner of Labor to use their best efforts, by mediation and conciliation, to settle controversies between railway companies and their employees. Every agreement of arbitration made under the act must be forwarded to the Chairman of the Interstate Commerce Commission, who shall file the same in the office of that Commission. When the agreement of arbitration is signed by employees individually instead of a labor organization, the act provides, if various specified conditions have been complied with, that the Chairman of the Commission shall, by notice in writing, fix a time and place for the meeting of the board of arbitrators. If the two arbitrators chosen by the parties fail to select a third within five days after the first meeting, the third arbitrator shall be named by the Chairman of the Interstate Commerce Commission and the Commissioner of Labor.

The act of March 3, 1901, "requiring common carriers engaged in interstate commerce to make reports of all accidents to the Interstate Commerce Commission," makes it the duty of such carrier to monthly report, under oath, all collisions and derailments of its trains and accidents to its passengers, and to its employees while on duty in its service, and to state the nature and causes thereof. The act prescribes that a fine shall be imposed against any such carrier failing to make the report so required.

## THE DEPARTMENT OF LABOR.

### COMMISSIONER OF LABOR.

The Department of Labor was established by act of Congress approved June 13, 1888. It is placed in charge of a Commissioner of Labor, who is directed to acquire and diffuse among the people of the United States useful information on subjects connected with labor in the most general and comprehensive sense of that word, and especially upon its relations to capital, the hours of labor, the earnings of laboring men and women, and the means of promoting their material, social, intellectual, and moral prosperity.

He is especially charged to investigate the causes of and facts relating to all controversies and disputes between employers and employees as they may occur, and which may happen to interfere with the welfare of the people of the different States. He may obtain information upon the various subjects committed to him, and, as he may deem desirable, from different foreign countries. He is to make a report annually in writing to the President and Congress of the information collected and collated by him, and is authorized to make special reports on particular subjects whenever required to do so by the President or either House of Congress or when he shall think the subject in his charge requires it.

He is also authorized, by act of March 2, 1895, to publish a bulletin of the Department of Labor as to the condition of labor in this and other countries, condensations of State and foreign labor reports, facts as to conditions of employment, and such other facts as may be deemed of value to the industrial interests of the country; by act of July 1, 1898, he is authorized to compile and publish annually, as a part of the Bulletin of the Department of Labor, an abstract of the main features of the official statistics of the cities of the United States having over thirty thousand population, and there shall be printed one edition of not exceeding 15,000 copies (act of June 4, 1897) of each issue of said bulletin for distribution by the Department of Labor.

This bulletin is issued every other month and contains usually from 120 to 150 pages.

By section 76 of an act to provide a government for the Territory of Hawaii, approved April 30, 1900, it is made the duty of the Commissioner of Labor to collect and present in annual reports statistical details relating to all departments of labor in the Territory of Hawaii, especially those statistics which relate to the commercial, industrial, social, educational, and sanitary condition of the laboring classes.

## THE CIVIL SERVICE COMMISSION.

The purpose of the civil-service act (approved January 16, 1883), as declared in its title, is "to regulate and improve the civil service of the United States." It provides for the appointment of three Commissioners, not more than two of whom shall be adherents of the same political party, and makes it the duty of the Commission to aid the President, as he may request, in preparing suitable rules for carrying the act into effect. The act requires that the rules shall provide, among other things, for open competitive examinations for testing the fitness of applicants for the public service, the filling of classified positions by selections from among those passing with highest grades, an apportionment of appointments in the Departments at Washington among the States and Territories, a period of probation before absolute appointment, and the prohibition of the use of official authority to coerce the political action of any person or body. The act also provides for investigations touching the enforcement of the rules promulgated, and forbids, under penalty of fine or imprisonment, or both, the solicitation by any person in the service of the United States of contributions to be used for political purposes from persons in such service, or the collection of such contributions by any person in a Government building.

### EXTENT OF THE SERVICE.

The following figures are based principally upon unofficial estimates furnished by the Departments early in 1902: Positions in the Executive civil service, 235,854; in Executive Departments and offices, and Government Printing Office, at Washington, D. C., 20,931; in local offices and offices outside Washington, D. C., 214,923. Of the positions in Washington, 17,260 are classified competitive, 286 are classified excepted, 391 are above classification, and 2,994 are below classification. Of the positions in local offices and outside Washington, 92,544 are classified competitive, 11,870 classified excepted, 1,111 above classification, and 109,398 below classification or not yet classified. Summarizing for the entire service, 109,804 are classified competitive, 12,156 are classified excepted, 1,502 are above classification, and 112,392 are below classification or not classified.

### DIVISIONS OF THE SERVICE.

The classified civil service is divided into five great branches, as follows: The Departmental Service, the Customs Service, the Postal Service, the Government Printing Service, and the Internal-Revenue Service.

The Departmental Service includes all officers and employees who, on the one hand, are not appointed subject to the consent of the Senate, and, on the other are above the grade of laborers.

The Customs, Government Printing, and Internal-Revenue Services include all similar officers and employees whose appointments are not confirmed by the Senate or who are not engaged in unskilled manual labor. The Postal Service includes like positions and employees in all free-delivery post-offices and the rural free-delivery service.

### EXCEPTED POSITIONS.

About 12,156 positions in the classified service are excepted, either in whole or in part, from examination, and are hence termed "excepted" positions. Some 1,972 of these are in the Indian service and filled by Indians; about 4,471 are pension examining surgeons, and the remaining positions are largely those in which duty is performed in the character of deputy, as in the places of deputy collector of internal revenue, office deputy marshal, etc., or those where the duties are of a confidential or fiduciary nature.

## EXAMINATIONS.

Examinations are held in every State and Territory at fixed times and places. They relate as nearly as possible to the duties to be performed, and, wherever practicable, include experience and practical tests. No one is certified for appointment whose standing in any examination is less than 70 per cent, except soldiers and sailors granted preference under section 1754 Revised Statutes, who need obtain but 65 per cent. A certificate is given to each person examined stating whether he passed or failed to pass.

A Manual of Examinations is published, in which all necessary information is given concerning examinations, the method of appointment, the apportionment of appointments, etc.

## THE FILLING OF VACANCIES.

Upon requisition of an appointing officer, the Commission certifies the names of three eligibles for the position desired to be filled, and from the eligibles thus certified selection is made. Provision is also made in the rules for the filling of positions by promotion, reduction, reinstatement, or transfer.

## MILITARY PREFERENCE.

Persons who served in the military or naval service of the United States, and were discharged by reason of disabilities resulting from wounds or sickness incurred in the line of duty, are, under the rules, given certain preferences. They are released from all maximum age limitations, are eligible for appointment at a grade of 65, while all others are obliged to obtain a grade of 70, and are certified to appointing officers before nonveterans. Subject to the other conditions of the rules, a veteran of the war of the rebellion or the war with Spain, or the widow of any such person, or any army nurse of either war, may be reinstated without regard to the length of time he or she has been separated from the classified service.

## THE CIVIL SERVICE IN PORTO RICO AND HAWAII.

In pursuance of an act of Congress approved April 12, 1900, the civil authority of the United States succeeded the military in Porto Rico. Inasmuch as the executive officers and employees under this act became a part of the executive civil service of the United States they were held to come within the operations of the civil-service act and rules. There are approximately 301 Federal positions, of which 152 are subject to competitive educational examination, 81 subject to competitive registration, 20 are excepted, and 48 are not subject to classification.

In Hawaii the same classes of positions are embraced within the classified civil service as are included in that service in other Territories.

## THE PHILIPPINE CIVIL SERVICE.

On September 19, 1900, the United States Philippine Commission passed "An act for the establishment and maintenance of an efficient and honest civil service in the Philippine Islands." The act provides for a civil-service board of three persons, which is authorized to prepare rules for appointments and promotions according to merit, and by competitive examinations as far as practicable.

The act applies, with few exceptions, to all appointments of civilians to positions under the civil government, and vacancies in the highest positions must be filled by promotion.

On November 30, 1900, the President issued an order directing the United States Civil Service Commission to render such assistance as may be practicable to the Philippine civil-service board. Over 200 have been sent to the Philippines through the agency of the Commission. These examinations were for positions requiring professional, technical, scientific, or special clerical ability, as natives are appointed to all positions for which they are competent.

## THE INTERNATIONAL BUREAU OF THE AMERICAN REPUBLICS.

The International Bureau of the American Republics was established under the recommendation of the International American Conference in 1890 for the purpose of maintaining closer relations between the several Republics of the Western Hemisphere. It was reorganized by the International American Conference of 1901 and its scope widened by imposing many new and important duties. A prominent feature of the new arrangement was the foundation of the Columbus Memorial Library. The International Bureau corresponds, through the diplomatic representatives of the several Governments in Washington, with the executive departments of these Governments, and is required to furnish such information as it possesses or can obtain to any of the Republics making requests. It is the custodian of the archives of the International American Conferences and is especially charged with the performance of duties imposed upon it by these conferences. The International Bureau is sustained by contributions from the American Republics in proportion to their population. It publishes a monthly bulletin containing the latest official information respecting the resources, commerce, and general features of the American Republics, as well as maps and geographical sketches of these countries, which publications are considered public documents and as such are carried free in the mails of all the Republics.

## COURT OF CLAIMS.

(Corner Pennsylvania avenue and Seventeenth street.)

Chief Justice Charles C. Nott, 1755 N street.

Judge Lawrence Weldon, Hamilton House.

Judge Stanton J. Peelle, The Concord.

Judge Charles B. Howry, 1728 N street.

*Chief Clerk.*—Archibald Hopkins, 1826 Massachusetts avenue.*Assistant Clerk.*—John Randolph, 28 I street.*Bailiff.*—Stark B. Taylor, 485 H street SW.

This court was established by act of Congress, February 24, 1855 (10 Stat. L., 612). It has general jurisdiction of all "claims founded upon the Constitution of the United States or any law of Congress, except for pensions, or upon any regulation of an Executive Department, or upon any contract, expressed or implied, with the Government of the United States, or for damages, liquidated or unliquidated, in cases not sounding in tort, in respect of which claims the party would be entitled to redress against the United States, either in a court of law, equity, or admiralty, if the United States were suable, except claims growing out of the late civil war and commonly known as war claims," and certain rejected claims.

It has jurisdiction also of claims of like character which may be referred to it by any Executive Department, involving disputed facts or controverted questions of law, where the amount in controversy exceeds \$3,000, or where the decision will affect a class of cases or furnish a precedent for the future action of any Executive Department in the adjustment of a class of cases, or where any authority, right, privilege, or exemption is claimed or denied under the Constitution. In all the above-mentioned cases the court, when it finds for the claimant, may enter judgment against the United States, payable out of the public Treasury. An appeal, only upon questions of law, lies to the Supreme Court on the part of the defendants in all cases, and on the part of the claimants when the amount in controversy exceeds \$3,000. The findings of fact by the Court of Claims are final and not subject to review by the Supreme Court.

By the act of March 3, 1883, chapter 116 (22 Stat. L., 485, and 1 Supplement to R. S., 2d ed., p. 403), called the "Bowman Act," the head of an Executive Department may refer to the court any "claim or matter" pending in his Department involving controverted questions of fact or law. The court is required to find the facts and its conclusions of law and to report the same to the Department for its guidance and action. The same act authorizes either House of Congress or any of its committees to refer to the court any "claim or matter" involving the investigation and determination of facts, the court to find the facts and report the same to Congress for such action thereon as may there be determined. This act is extended by act of March 2, 1887, chapter 359 (24 Stat. L., 505, and 1 Supplement to R. S., 2d ed., p. 559).

There is a statute of limitations which prevents parties from bringing actions on their own motion beyond six years after the cause of action accrued, but the Departments may refer claims at any time, if they were pending therein within the six years. The only limitation under the Bowman Act is that the court shall have no jurisdiction of any claim barred before the passage of the act by any then existing provision of law.

By act of January 20, 1885 (23 Stat. L., 283, and 1 Supplement to R. S., 2d ed., p. 471), Congress gave to the court jurisdiction over "claims to indemnity upon the French Government arising out of illegal captures, detentions, seizures, condemnations, and confiscations prior to the ratification of the convention between the United States and the French Republic concluded on the 30th day of September, 1800." The time of filing claims is limited to two years from the passage of the act, and all claims not presented within that time are forever barred. The court finds the facts and the law, and reports the same in each case to Congress.

By act of March 3, 1891, chapter 538 (26 Stat. L., 851, and Supplement to R. S., 2d ed., p. 913), the court is vested with jurisdiction of certain Indian depredation claims.

The Secretary of the Navy has referred to the court, under the act of March 2, 1887 (24 Stat. L., 505), all cases growing out of claims for bounty for war vessels captured or destroyed by the United States Navy during the late war with Spain, involving a consideration of every naval conflict that took place and the rights of all the officers and men engaged.

By the act of April 29, 1902 (31 Stat. L., 176), Congress conferred jurisdiction

upon the court of all claims against the United States arising out of the payment of customs duties to the military authorities in the island of Porto Rico upon articles imported from the several States, with authority to render judgment against the United States with interest at the rate of 6 per cent per annum from date of payment of said duties to date of judgment, such claim to be filed within six months from the date of the passage of this act.

There are five judges, who sit together in the hearing of cases, the concurrence of three of whom is necessary for the decision of any case.

The court sits at Washington, D. C., in the old Corcoran Art Building, Seventeenth and Pennsylvania avenue NW., on the first Monday in December each year, and continues into the following summer and until all cases ready for trial are disposed of. Cases may be commenced and entered at any time, whether the court be in session or not.

RULES GOVERNING PRESS GALLERIES.

1. Persons desiring admission to the Press Galleries shall make application to the Speaker, as required by Rule XXXVI of the House of Representatives, and to the Committee on Rules of the Senate, as required by Rule V for the Regulation of the Senate Wing of the Capitol; and shall also state, in writing, for what paper or papers they are employed; and shall further state that they are not engaged in the prosecution of claims pending before Congress or the Departments, and will not become so engaged while allowed admission to the galleries; and that they are not in any sense the agents or representatives of persons or corporations having legislation before Congress, and will not become either while retaining their places in the galleries, and that they are not employed in an Executive or Legislative department, and will not become so employed while accepting the privileges of the galleries. 3. Persons employed in the Executive or Legislative Departments of the Govern-

ment, and persons engaged in other occupations whose chief attention is not given to newspaper correspondence, shall not be entitled to admission to the Press Galleries; and the Press List in the Congressional Directory shall be a list only of telegraphic correspondents.

4. Members of the families of correspondents are not entitled to admission.

5. The galleries, subject to the approval of the Speaker of the House of Representatives, and the supervision and control of the Senate Committee on Rules, shall be under the control of the Standing Committee of Correspondents.
