[Estimate No. 17, 106th Cong., 1st Sess.]

EXECUTIVE OFFICE OF THE PRESIDENT,
OFFICE OF MANAGEMENT AND BUDGET,
Washington, DC, May 28, 1999.

The PRESIDENT,
The White House.

Submitted for your consideration are requests to make available previously appropriated emergency funds for the Departments of Agriculture, Defense, the Interior, and State; the Federal Emergency Management Agency; International Assistance Programs; and, the United States Holocaust Memorial Council.

P.L. 106-31, the 1999 Emergency Supplemental Appropriations Act, provided certain emergency funds for which the availability was made contingent upon the President submitting a budget request to the Congress that includes designation of the amount requested as an emergency requirement. I recommend that you designate the amounts listed on the enclosure as emergency requirements in accordance with section 251(b)(2)(A) of the Balanced Budget and Emergency Deficit Control Act of 1985, as amended. No further congressional action will be required.

The resources that you are making available will fund disaster-related requirements, including damage caused by Hurricane Mitch and Hurricane Georges and agricultural emergencies, and will fund military and humanitarian operations related to the crisis in Kosovo and costs associated with on-going, enhanced operations in Southwest Asia.

P.L. 106-31 also provided an additional \$4.6 billion in contingent emergency funding for the Departments of Agriculture, Defense, Health and Human Services, and Transportation, and other agencies. We will provide you with recommendations on the timing and the amount of the release of these funds as additional requirements are identified.

In addition, in accordance with provisions of Public Law 105-277, the FY 1999 Omnibus Consolidated and Emergency Appropriations Act, I recommend that you designate as emergency requirements and request the release of \$102 million and \$453 mil-

lion for the Department of Agriculture and FEMA, respectively. The funds made available to the Department of Agriculture would support emergency firefighting needs of the Forest Service and the funds made available to FEMA would allow it to address remaining recovery, repair, and mitigation needs resulting from previously declared disasters in all 50 States, including Hurricane Georges, Hurricane Bonnie, and Tropical Storm Frances.

I have carefully reviewed these proposals and am satisfied that they are necessary at this time. Therefore, I join the heads of the affected Departments and agencies in recommending that you make the requested funds available by signing the enclosed letter to the Speaker of the House of Representatives.

Sincerely,

JACOB J. LEW, *Director.*

Enclosure.
