

REQUEST TO USE PREVIOUSLY APPROPRIATED FUNDS
FOR THE DEPARTMENT OF HEALTH AND HUMAN
SERVICES

COMMUNICATION

FROM

THE PRESIDENT OF THE UNITED STATES

TRANSMITTING

A REQUEST TO MAKE AVAILABLE PREVIOUSLY APPROPRIATED
EMERGENCY FUNDS FOR THE DEPARTMENT OF HEALTH AND
HUMAN SERVICES PURSUANT TO SECTION 251(b)(2)(A) OF THE
BALANCED BUDGET AND EMERGENCY DEFICIT CONTROL ACT
OF 1985, AS AMENDED

JANUARY 3, 2001.—Referred to the Committee on Appropriations and
ordered to be printed

U.S. GOVERNMENT PRINTING OFFICE

THE WHITE HOUSE,
Washington, December 30, 2000.

The SPEAKER OF THE HOUSE OF REPRESENTATIVES.

SIR: In accordance with provisions of the Departments of Labor, Health and Human Services, Education, and Related Agencies Appropriations Act, 2001, as included in Public Law 106-554, I hereby request and make available appropriations of \$300,000,000 in budget authority for the Low Income Home Energy Assistance Program of the Department of Health and Human Services. These funds will enable the Department to address the needs of all States, territories, and Tribes due to continuing, high increases in home heating fuel costs.

I designate the \$300,000,000 made available today as an emergency requirement pursuant to section 251(b)(2)(A) of the Balanced Budget and Emergency Deficit Control Act of 1985, as amended.

The details of this action are set forth in the enclosed letter from the Director of the Office of Management and Budget. I concur with his comments and observations.

Sincerely,

WILLIAM J. CLINTON.

Enclosure.

[Estimate No. 28, 107th Cong., 1st Sess.]

EXECUTIVE OFFICE OF THE PRESIDENT,
OFFICE OF MANAGEMENT AND BUDGET,
Washington, DC, December 30, 2000.

The PRESIDENT,
The White House.

Submitted for your consideration is a request to make available \$300.0 million in emergency appropriations for the Department of Health and Human Services. Your approval of this request would make available previously appropriated funds to the Low Income Home Energy Assistance Program (LIHEAP) to help all States, territories, and Tribes to address the needs of low-income households that are facing continuing, substantial increases in heating fuel prices, with a majority of funds distributed to the colder weather States of the Northeast and Midwest.

The FY 2001 Departments of Labor, Health and Human Services, Education, and Related Agencies Appropriations Act, as included in Public Law 106-554, provided \$300.0 million for LIHEAP, contingent upon the President submitting a budget request to the Congress and designating the entire amount requested as an emergency requirement. To date, you have not released any of these emergency funds.

I recommend that you designate this request for \$300.0 million as an emergency funding requirement in accordance with section 251(b)(2)(A) of the Balanced Budget and Emergency Deficit Control Act of 1985, as amended. No further congressional action will be required.

I have carefully reviewed this proposal and am satisfied that it is necessary at this time. Therefore, I join the Secretary of Health and Human Services in recommending that you make the requested funds available by signing the enclosed letter to the Speaker of the House of Representatives.

Sincerely,

JACOB J. LEW,
Director.

Enclosure.

EMERGENCY APPROPRIATIONS: AMOUNTS PREVIOUSLY APPROPRIATED
MADE AVAILABLE BY THE PRESIDENT

Department of Health and Human Services

Administration for Children and Families: Low income home energy assistance program	\$300,000,000
---	---------------

The Departments of Labor, Health and Human Services, Education, and Related Agencies Appropriations Act, 2001, as included in Public Law 106-554, provided \$300,000,000 for the Low Income Home Energy Assistance Program, contingent upon the President

submitting a budget request to the Congress and designating the entire amount requested as an emergency requirement.

Of the \$300,000,000 in contingent emergency appropriations provided by Public Law 106-554, no funds have been designated as an emergency requirement. At this time, the entire \$300,000,000 in contingent funding is required to support the needs of low-income households throughout the United States arising from continuing, substantial increases in heating fuel prices. These funds will enable all States, territories, and Tribes to assist low-income households affected by price increases that have occurred throughout the country and will provide additional assistance to the States in proportion to their usage of heating oil, natural gas, and propane.
