Shokin/Lutsenko Notes

January 23, 2019
445 Park Avenue
New York, NY 10022

Shokin:

On January 23, 2019 a telephone interview with Mr. Viktor Shokin the former General Prosecutor of Ukraine was conducted. Present in the New York location were: Rudolph Giuliani, Mr. Igor Fruman, Mr. Lev Parnas and Mr. George Boyle. The conversation was conducted through the use of two (2) interpreters one (1) in Ukraine and one (1) Lev Parnas in New York. The sum and substance of the conversation are as follows:

Mr. Shokin stated that he was appointed to the position of General Prosecutor of Ukraine from 2015 until April of 2016 when he was removed at the request of Mr. Joseph Biden the Vice President of the United States. Mr. Shokin was a Deputy Prosecutor prior to becoming the General Prosecutor. He became involved in a case against Mr. Mykola Zlochevsky the former Minister of Ecology and Natural Resources of Ukraine. The case was opened as a result of Mr. Zlochevsky giving himself/company permits to drill for gas and oil in Ukraine. Mr. Zlochevsky is also the owner of Burisma Holdings, which a corporation registered in Cyprus. Mr. Shokin stated that there are documents that list five (5) criminal cases in which Mr. Zlochevsky is listed, with the main case being for issuing illegal gas exploration permits. The following complaints are in the criminal case.

1. Mr. Zlochevsky was laundering money
2. Obtained assets by corrupt acts bribery
3. Mr. Zlochevsky removed approximately twenty three million U.S. dollars out of Ukraine without permission
4. While seated as the Minister he approved two addition entities to receive permits for gas exploration
5. Mr. Zlochevsky was the owner of two secret companies that were part of Burisma Holdings and gave those companies permits which made it possible for him to profit while he was the sitting Minister.

The above cases were closed after Mr. Zlochevsky was dismissed from the Ministry.

Mr. Shokin further stated that there were several Burisma board appointments were made in 2014 as follows:

1. Hunter Biden son of Vice President Joseph Biden
2. Joseph Blade former CIA employee assigned to Anti-Terrorist Unit
3. Alesksander Kwasnieski former President of Poland
4. Devon Archer roommate to the Christopher Heinz the step-son of Mr. John Kerry United States Secretary of State

Mr. Shokin stated that these appointments were made by Mr. Zlochevsky in order to protect himself.
Mr. Zlochevsky left Ukraine while the above mentioned cases were open.
Mr. Shokin stated that the investigations stopped out of fear of the United States. Mr. Shokin attempted to continue the investigations but on or around June or July of 2015 the U.S. Ambassador Geoffrey R. Pyatt told him that the investigation has to be handled with white gloves, which according to Mr. Shokin, that implied do nothing. On or about September 2015 Mr. Pyatt gave a speech in Odessa where he stated that the cases were not investigated correctly and that Mr. Shokin may be corrupt.

Mr. Shokin stated that in 2014 Mr. Zlochevsky was in the UK and that the twenty three million dollars were frozen in the UK in the BNP Bank. Mr. Shokin stated that false documents were prepared and the money was released to Mr. Slochevsky before Mr. Shokin took office. That release of the money made Mr. Shokin look into the above cases again. Mr. Shoken stated that there were several articles written about bribes being taken during the investigation of the cases. The bribes were an effort to have the cases closed. On April of 2016 Mr. Shokin was dismissed as the General Prosecutor of Ukraine. In November of 2016 the cases were closed by the current Prosecutor General Yuriy Lutsenko.

Mr. Shokin further stated that on February of 2016 warrants were placed on the accounts of multiple people in Ukraine. There were requests for information on Hunter Biden to which nothing was received. It is believed that Hunter Biden receives a salary, commission plus one million dollars. There were no documents or information on Hunter Biden and Mr. Shokin stated he was warned to stop by Ambassador Geoffrey R. Pyatt. President of Ukraine Petro Poroshenko told Mr. Shokin not to investigate Burisma as it was not in the interest of Joe and/or Hunter Biden. Mr. Shokin was called into Mr. Poroshenko's office and told that the investigation into Burisma and the Managing Director where Hunter Biden is on the board, has caused Joe Biden to hold up one billion dollars in U.S. aid to Ukraine.

Mr. Shokin stated that on or around April of 2016 Mr. Petro Poroshenko called him and told him he had to be fired as the aid to the Ukaraine was being withheld by Joe Biden. Mr. Biden told Mr. Poroshenko that he had evidence that Mr. Shokin was corrupt and needed to be fired. Mr. Shokin was dismissed in April of 2016 and the U.S. aid was delivered within one and one half months.

On a different point Mr. Shokin believes the current Ambassador Marie L. Yovanovitch denied his visa to travel to the U.S. Mr. Shokin stated that she is close to Mr. Biden. Mr. Shokin also stated that there were leaks by a person named Reshenko of the Ukrainian State Secret Service about the Manafort Black Book. Mr. Shokin stated that there is possible deceit in the Manafort Black Book.

End of interview.

Mr. Kent is currently the Deputy Assistant Secretary Bureau of European and Eurasian Affairs for the U.S. State Department.

Mr. Yuriy Lutsenko requested that we break for the day, and that he would meet again with everyone tomorrow.

End of interview:

Yuriy Lutsenko Continued: 3 days late

On January 26, 2019 Mr. Yuriy Lutsenko the current Prosecutor General of Ukraine was present at 445 Park Ave, New York, NY. He was present to speak about corruption in Ukraine. He was accompanied by Glib Zagoriy, Gyunduz Mamedov, Lev Parnas, Igor Fruman. Also present were Mayor Rudolph Giuliani and George Boyle.

Mr. Yuriy Lutsenko stated that in 2010 there was a system set up that was comprised of five hundred (500) companies. This system was set up in order to remove money from the Ukraine have it laundered and then collect the laundered money. These companies were all headed by one Chief Financial Officer. Mr. Lutsenko stated that about twenty (20) to forty (40) of these companies were shell companies. He further stated that there were twenty-three (23) companies located off shore, and that two of them had approximately seven billion dollars that were placed in the Templeton Fund. The "system" ran similar to a pyramid scheme and all of the beneficiaries were pro-Russian. Mr. Lutsenk stated that there was about one point five billion dollars in International Bonds inside the Ukraine which allowed for the recovery of that money.

Mr. Letsenko stated that there was a "Black Book" found near the home of a former Deputy of the Ukrainian Secret Service . This book contained a list of people who were receiving kickbacks. He stated examples such as: 3 million dollars for a vote on the state budget by a member of Parliament.

He stated that it wasn't an actual book just several pieces of paper consisting of approximately ten (10) to twelve (12) pages long. The next day the U.S. media had the story, and a Mr. Leschenko who is member of Parliament and a journalist said that Paul Manafort's' name was also in the book. Mr. Letsenko further stated that Mr. Leschenko and the U.S. Ambassador are close. Several weeks after the discovery of the "Black Book" NABU opened a case. At some point during his first week in office Mr. Letsenko met with the Ambassador Marie Yovanovitch where she asked him to close three cases including one against Mr. Leschenko. The head of NABU confirmed that Mr. Manafort's name was in the "Black Book" however there was no signature where Mr. Manafort would have to sign for the money. There is bank transfer to Mr. Manafort from Kirgizstan. NABU also confirmed to the press that Mr. Manafort's name appears in the "Black Book".

Mr. Letsenko who oversees SAP and NABU cannot inquire about their cases/investigations. The Head of SAP is Nazar Kholodnitskiy and the head of NABU is Artem Sytnyk and do not like each other and are currently at odds with one another. At an anti-corruption training seminar in Panam Mr. Kholodnitskiy asked Mr. Sytnyk why would you say there is no signature (Manafort's) and MR. Sytnyk stated he wanted Hillary to win.

Mr. Letsenko stated that Ambassador Yovanovitch spends money on good public relations for NABU. Mr. Letsenk stated that NABU has no results. NABU took on approximately three hundred (300) cases/investigations which only resulted in 23 people taking plea deals. Mr. Letsenk further stated that Ambassador Yovanovitch said she would make Sytnyk President.

The formation of SAP and was on or about October 2014. The formation of SAP and NABU was publicly announced, stating Mr. Shokin was not getting any results, showed no arrests, no proceedings against government officials. The U.S. Ambassador Geofrey Pyatt recommended a special body to investigate high level corruption. Ambassador Pyatt gave a speech on September 25, 2015 in Odessa against the Prosecutor Generals' Office . On or around October of 2014 a law was passed creating NABU which was set up by Mr. George Kent who was the Deputy Chief to the Mission in Ukraine. Mr. Kent is currently the Deputy Assistant Secretary Bureau of European and Eurasian Affairs for the U.S. State Department.

Mr. Yuriy Lutsenko requested that we break for the day, and that he would meet again with everyone tomorrow.

End of interview:

Yuriy Lutsenko Continued:

On January 26, 2019 Mr. Yuriy Lutsenko the current Prosecutor General of Ukraine was present at 445 Park Ave, New York, NY. He was present to speak about corruption in Ukraine. He was accompanied by Glib Zagoriy, Gyunduz Mamedov, Lev Parnas, Igor Fruman. Also present were Mayor Rudolph Giuliani and George Boyle.

Mr. Yuriy Lutsenko stated that in 2010 there was a system set up that was comprised of five hundred (500) companies. This system was set up in order to remove money from the Ukraine have it laundered and then collect the laundered money. These companies were all headed by one Chief Financial Officer. Mr. Lutsenko stated that about twenty (20) to forty (40) of these companies were shell companies. He further stated that there were twenty-three (23) companies located off shore, and that two of them had approximately seven billion dollars that were placed in the Templeton Fund. The "system" ran similar to a pyramid scheme and all of the beneficiaries were pro-Russian. Mr. Lutsenk stated that there was about one point five billion dollars in International Bonds inside the Ukraine which allowed for the recovery of that money.

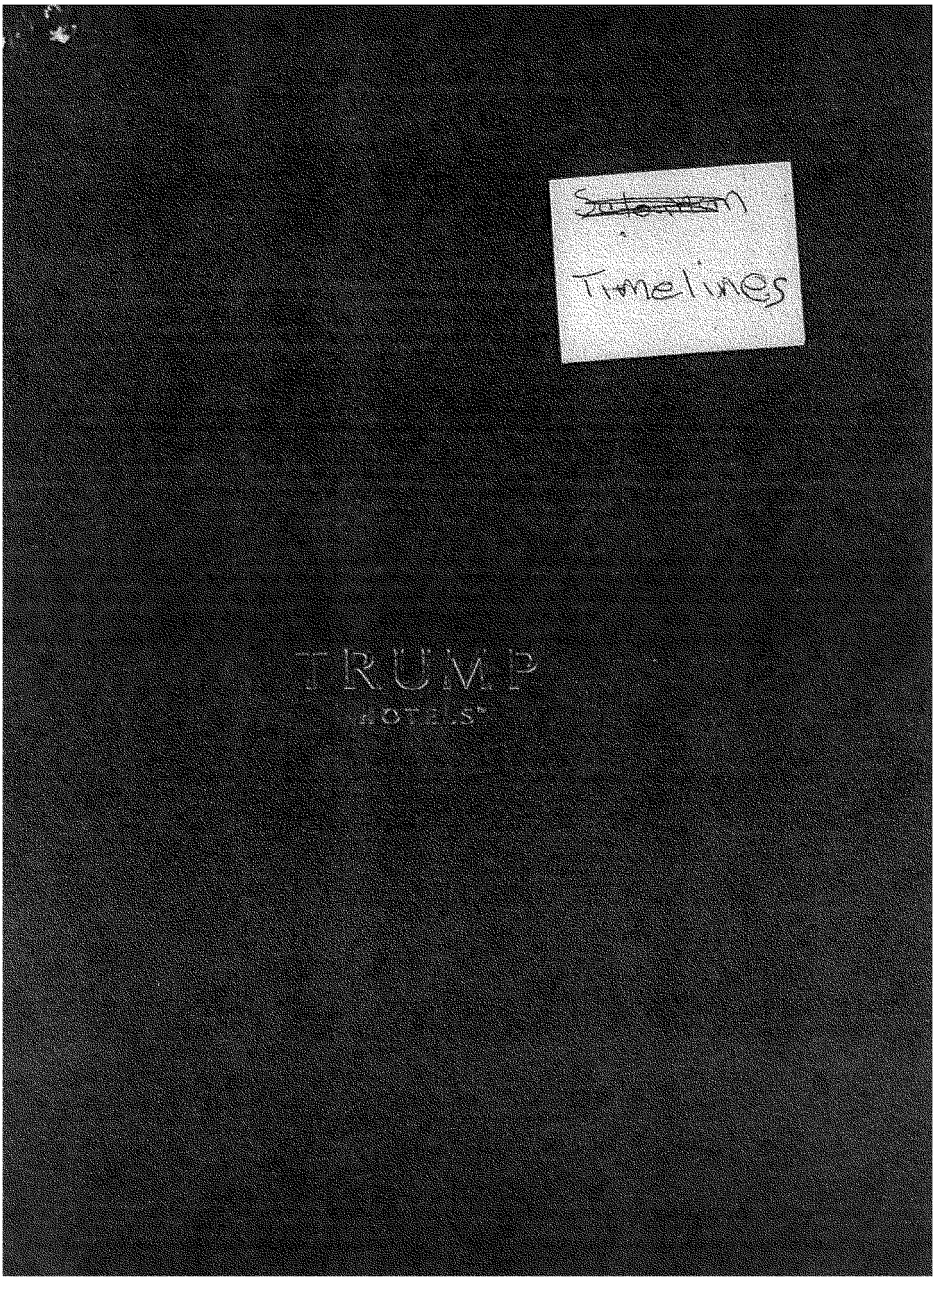

Mr. Letsenko stated that there was a "Black Book" found near the home of a former Deputy of the Ukrainian Secret Service . This book contained a list of people who were receiving kickbacks. He stated examples such as: 3 million dollars for a vote on the state budget by a member of Parliament.

He stated that it wasn't an actual book just several pieces of paper consisting of approximately ten (10) to twelve (12) pages long. The next day the U.S. media had the story, and a Mr. Leschenko who is member of Parliament and a journalist said that Paul Manafort's' name was also in the book. Mr. Letsenko further stated that Mr. Leschenko and the U.S. Ambassador are close. Several weeks after the discovery of the "Black Book" NABU opened a case. At some point during his first week in office Mr. Letsenko met with the Ambassador Marie Yovanovitch where she asked him to close three cases including one against Mr. Leschenko. The head of NABU confirmed that Mr. Manafort's name was in the "Black Book" however there was no signature where Mr. Manafort would have to sign for the money. There is bank transfer to Mr. Manafort from Kirgizstan. NABU also confirmed to the press that Mr. Manafort's name appears in the "Black Book".

Mr. Letsenko who oversees SAP and NABU cannot inquire about their cases/investigations. The Head of SAP is Nazar Kholodnitskiy and the head of NABU is Artem Sytnyk and do not like each other and are currently at odds with one another. At an anti-corruption training seminar in Panam Mr. Kholodnitskiy asked Mr. Sytnyk why would you say there is no signature (Manafort's) and MR. Sytnyk stated he wanted Hillary to win.

Mr. Letsenko stated that Ambassador Yovanovitch spends money on good public relations for NABU. Mr. Letsenk stated that NABU has no results. NABU took on approximately three hundred (300) cases/investigations which only resulted in 23 people taking plea deals. Mr. Letsenk further stated that Ambassador Yovanovitch said she would make Sytnyk President.

End of interview.

Joe Biden addresses the Council on Foreign Relations in DC and brags about strong arming President Poroshenko to remove Prosecutor General. BIDEN FAILS TO MENTION THAT HIS SON WAS A MAJOR FIGURE IN BURISMA'S FRAUD, which was at that time under investigation by Prosecutor General Shokin.

Records show payments of approximately $3.2 million to Hunter Biden through a Cypriot Bank and a separate payment of $900,000 to his company Rosemont Seneca, The $900,000 payment is described as being for "lobbying Joe Biden."

Additionally, witnesses can testify that Ambassador Yovanovitch and key members of her staff including GEORGE KENT, now working at State in DC and protecting her, played a role in the scheme to fix the BURISMA case by setting up separate and independent offices to allegedly investigate corruption. Instead these offices were used to dismiss the cases against BURISMA, H.Biden and the notorious criminal Zlochevsky.

This same group is alleged to be involved in helping to resurrect a case against Paul Manafort that had been closed in 2014. A "black book" was discovered which may or may not be legitimate. It was used as the newly discovered evidence to justify re-opening the investigation. It is suspected that members of the Embassy were involved in developing evidence concerning Manafort. There is also a suggestion that they may have worked on some parts of the Steele dossier.

This and other aspects of the case have not been developed because Yovanovitch's presence there convinces potential witnesses that she is still in a position of power. For example, she denied a visa to Shokin on some claim he was corrupt. He was going to the US to be interviewed about his knowledge of this corrupt scheme. More likely she knows Shokin is aware of the whole story of her and Biden's corruption and could corroborate everything Lutsenko has said. In fact, Shokin was interviewed by video conference and independently verified every material aspect of this conspiracy.

There is also a third prosecutor who has supplied a memorandum supporting these facts and there are substantial records inside the Department of State that corroborate the testimony.

Yovanovitch has recently met with President Poroshenko and asked him to fire the present Prosecutor General Lutsenko. They are also circulating a rumor that VP Pence has interceded on her behalf to say she will remain. This is not true, but is an example of the kind of false information the Embassy spreads to intimidate.

President Trump has three times ordered the Ambassador to be removed as long ago as May,

2018 when Congressman Pete Sessions reported to him she was telling officials in Ukraine that he will be impeached. I have independently developed similar evidence of her telling officials the the President twill be gone soon.

It is also believed that George Soros played a big role in having her assigned to Ukraine as he has other Ambassadors in several other Eastern European countries. Soros under the pretense of helping these countries set up independent Corruption Prosecutor's offices and then puts people loyal to him and his allies in charge. Instead of fighting corruption, they protect Soros' substantial businesses and bring cases against their enemies and dismiss or ignore cases against their friends.

Until she is removed Soros has as much, or more, power over Yovanovitch as the President and Secretary of State.

Embassy of the United States of America
Kyiv, Ukraine

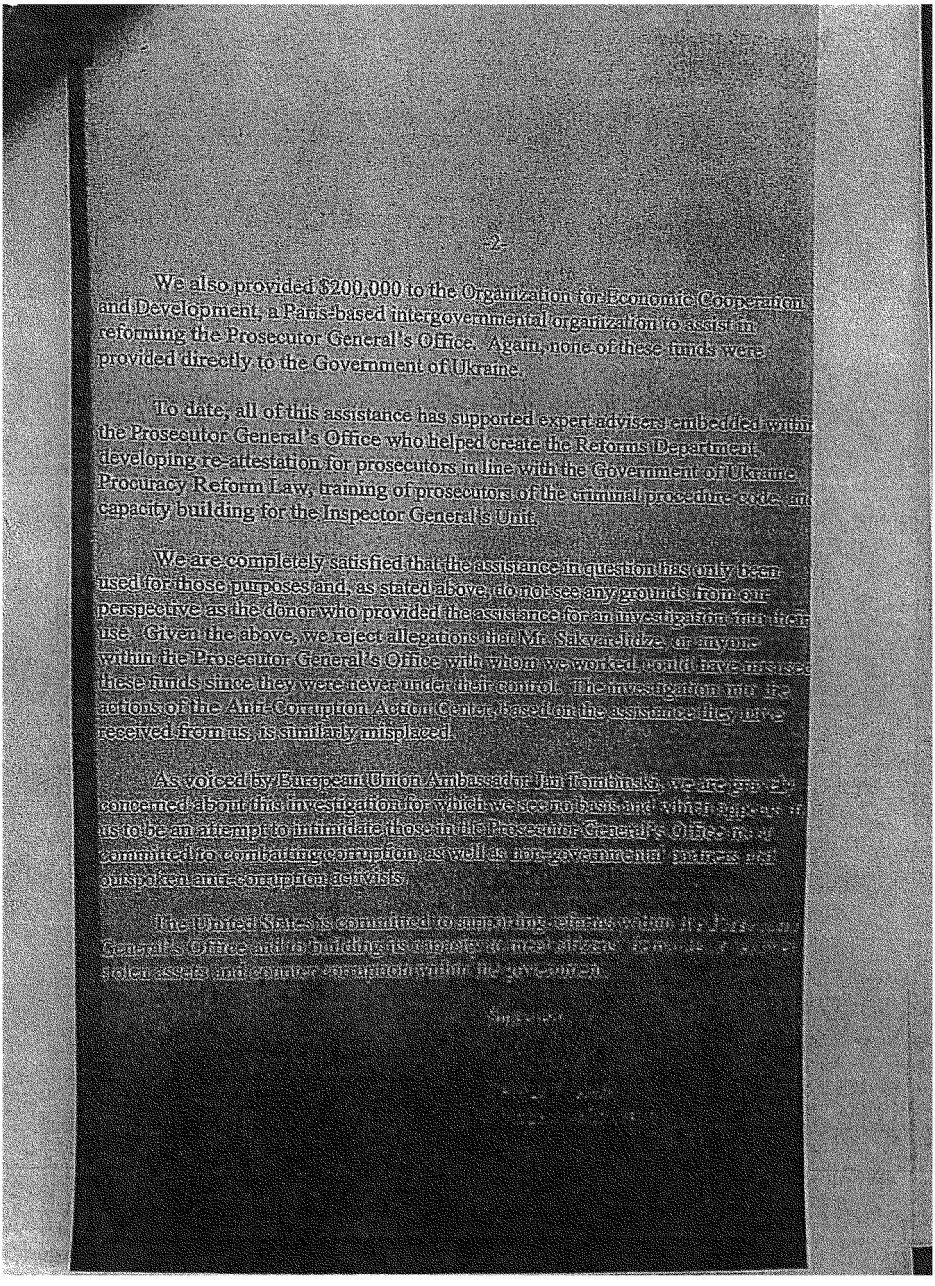

April 4, 2016

Mr. Yuriy Stolyarchuk
Deputy Prosecutor General
Prosecutor General's Office of Ukraine
Kyiv

Dear Mr. Stolyarchuk:

Thank you for your letter dated March 29, 2016, and the clarification of yo remarks. I am answering on behalf of Ambassador Pyatt. I would like to make clear, as has Ambassador Pyatt in his public statements, that the United States has no concerns about the use of our assistance funds for our joint project with the Prosecutor General's Office. Furthermore, as we have also said publicly, none of these assistance funds were provided directly to any entity within the Prosecutor General's Office, including Deputy Prosecutor David Sakvarelidze and his staff. We have accounted for every single foreign assistance dollar provided within the framework of this project, as is our practice for every project we support in Ukraine. All of this assistance was administered according to U.S. laws and regulations and in strict compliance with our bilateral agreement dated March 13, 2015, and our joint action plan, signed on August 10, 2015.

This U.S. assistance package, which the Prosecutor General's Office has publicly stated it is "investigating," is implemented through the International Development and Law Organization, an intergovernmental organization, and through the U.S. Department of Justice's Office of Overseas Prosecutorial Development Assistance and Training. Management and oversight of this fundin is done by the U.S. Embassy in Kyiv, through the International Narcotics and Law Enforcement section.

-2-

We also provided $200,000 to the Organization for Economic Cooperation and Development, a Paris-based intergovernmental organization to assist in reforming the Prosecutor General's Office. Again, none of these funds were provided directly to the Government of Ukraine.

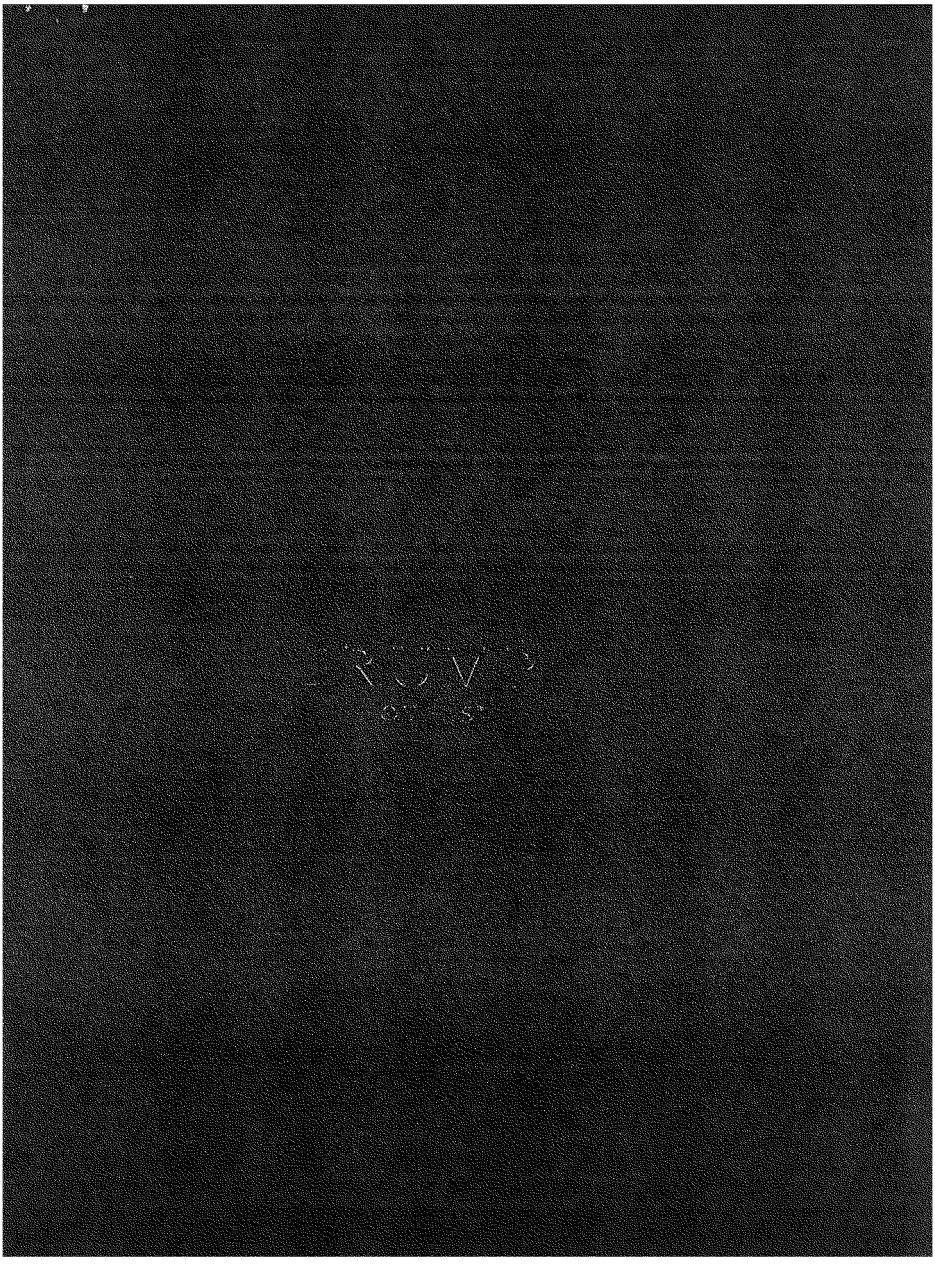

To date, all of this assistance has supported expert advisers embedded within the Prosecutor General's Office who helped create the Reforms Department, developing re-attestation for prosecutors in line with the Government of Ukraine's Procuracy Reform Law, training of prosecutors of the criminal procedure code, and capacity building for the Inspector General's Unit.

We are completely satisfied that the assistance in question has only been used for those purposes and, as stated above, do not see any grounds from our perspective as the donor who provided the assistance for an investigation into their use. Given the above, we reject allegations that Mr. Sakvarelidze, or anyone within the Prosecutor General's Office with whom we worked, could have misused these funds since they were never under their control. The investigation into the actions of the Anti-Corruption Action Center, based on the assistance they have received from us, is similarly misplaced.

As voiced by European Union Ambassador Jan Tombinski, we are greatly concerned about this investigation for which we see no basis and which appears to us to be an attempt to intimidate those in the Prosecutor General's Office who are committed to combatting corruption, as well as non-governmental partners and outspoken anti-corruption activists.

The United States is committed to supporting reforms within the Prosecutor General's Office and its building its capacity to meet citizens' demands to recover stolen assets and counter corruption within the government.

Sincerely,

THE HILL

After nearly three years and millions of tax dollars, the Trump-Russia collusion probe is about to be resolved. Emerging in its place is newly unearthed evidence suggesting another foreign effort to influence the 2016 election — this time, in favor of the Democrats.

Ukraine's top prosecutor divulged in an interview aired Wednesday on Hill.TV that he has opened an investigation into whether his country's law enforcement apparatus intentionally leaked financial records during the 2016 U.S. presidential campaign about then-Trump campaign chairman Paul Manafort in an effort to sway the election in favor of Hillary Clinton.

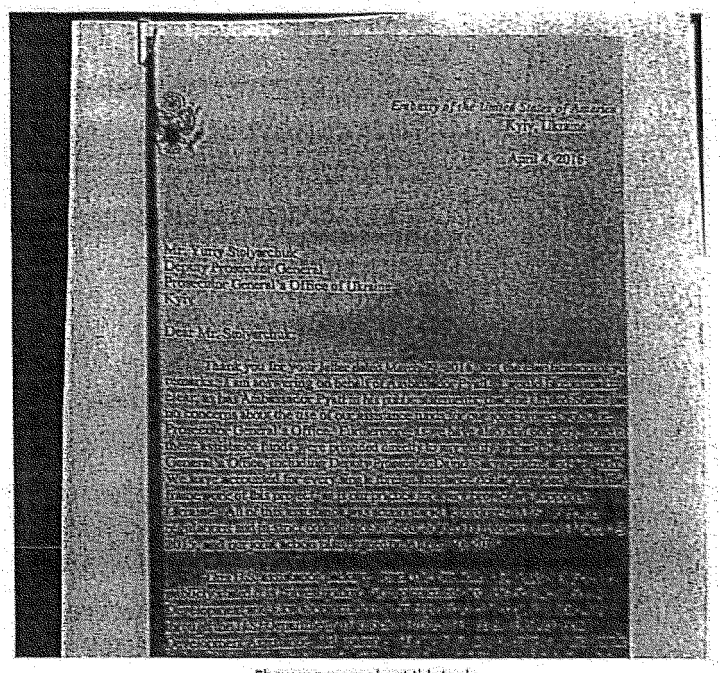

The leak of the so-called black ledger files to U.S. media prompted Manafort's resignation from the Trump campaign and gave rise to one of the key allegations in the Russia collusion probe that has dogged Trump for the last two and a half years.

Ukraine Prosecutor General Yurii Lutsenko's probe was prompted by a Ukrainian parliamentarian's release of a tape recording purporting to quote a top law enforcement official as saying his agency leaked the Manafort financial records to help Clinton's campaign.

The parliamentarian also secured a court ruling that the leak amounted to "an illegal intrusion into the American election campaign," Lutsenko told me. Lutsenko said the tape recording is a serious enough allegation to warrant opening a probe, and one of his concerns is that the Ukrainian

pursue and then refused to cooperate in an early investigation into the alleged misappropriation of U.S. aid in Ukraine.

Lutsenko provided me with a letter from the embassy, supporting part of his story by showing that a U.S. official did in fact ask him to stand down on the misappropriation-of-funds case. "We are gravely concerned about this investigation for which we see no basis," an embassy official named George Kent wrote to the prosecutor's office.

The State Department on Wednesday issued a statement declaring that it no longer financially supports Lutsenko's office in its anti-corruption mission and considers his allegation about the do-not-prosecute list "an outright fabrication."

My reporting, however, indicates Lutsenko isn't the only person complaining about the U.S. Embassy in Kiev.

Last year, when he served as House Rules Committee chairman, Rep. Pete Sessions (R-Texas) wrote a private letter asking Secretary of State Mike Pompeo to recall the current U.S. ambassador, alleging that she made disparaging statements about President Trump.

Top Ukrainian justice official says US ambassador gave him a do not prose(list

3/20/2019

Ukrainian Prosecutor General Yuriy Lutsenko told Hill.TV's John Solomon in an interview that aired Wednesday that U.S. Ambassador to Ukraine Marie Yovanovitch gave him a do not prosecute list during their first meeting.

"Unfortunately, from the first meeting with the U.S. ambassador in Kiev, [Yovanovitch] gave me a list of people whom we should not prosecute," Lutsenko, who took his post in 2016, told Hill.TV last week.

"My response of that is it is inadmissible. Nobody in this country, neither our president nor our parliament nor our ambassador, will stop me from prosecuting whether there is a crime," he continued.

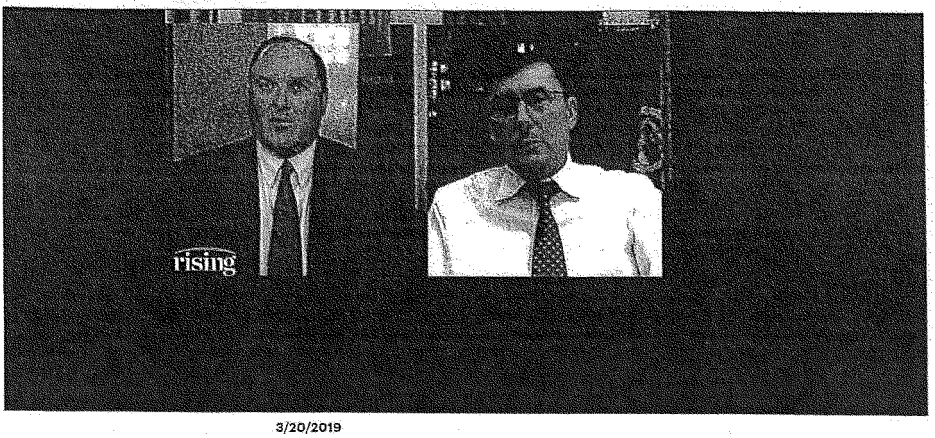

The State Department called Lutsenko's claim of receiving a do not prosecute list, "an outright fabrication."

"We have seen reports of the allegations," a department spokesperson told Hill.TV. "The United States is not currently providing any assistance to the Prosecutor General's Office (PGO), but did previously attempt to support fundamental justice sector reform, including in the PGO, in the aftermath of the 2014 Revolution of Dignity. When the political will for genuine reform by successive Prosecutors General proved lacking, we exercised our fiduciary responsibility to the American taxpayer and redirected assistance to more productive projects."

Hill.TV has reached out to the U.S. Embassy in Ukraine for comment.

Senior Ukrainian official says he's op probe into US election interference

3/20/2019

Ukrainian Prosecutor General Yuriy Lutsenko told Hill.TV's John Solomon in an interview aired on Wednesday that he has opened a probe into alleged attempts by Ukrainians to interfere in the 2016 U.S. presidential election.

"Today we will launch a criminal investigation about this and we will give legal assessment of this information," Lutsenko said last week.

Lutsenko is probing a claim from a member of the Ukrainian parliament that the director of the National Anti-Corruption Bureau of Ukraine (NABU), Artem Sytnyk, attempted to influence the 2016 vote to the benefit of Democratic presidential nominee Hillary Clinton.

A State Department spokesman told Hill.TV that officials are aware of news reports regarding Sytnyk.

"We have always emphasized the need for deep, comprehensive, and timely reforms that respond to the demands the Ukrainian people made during the Revolution of Dignity: an end to systemic corruption, faster economic growth, and a European future for all Ukrainians," a State spokesperson told Hill.TV.

"We have consistently said that Ukraine's long-term success and resilience depends on its commitment to reform, in particular the fight to address corruption. To succeed, Ukraine needs committed government officials and strong anti-corruption institutions. The United States is committed to engaging with our partners in Ukraine, including on efforts to roll back the persistent corruption that continues to threaten Ukraine's national security, prosperity, and democratic development."

NABU issued a statement on Friday, calling Lutsenko's comments "not true and is an absurd effort to discredit an independent anti-corruption agency."

Hill.TV has also reached out to the U.S. Embassy in Ukraine and Clinton's spokesperson for comment.

"According to the member of parliament of Ukraine, he got the court decision that the NABU official conducted an illegal intrusion into the American election campaign," Lutsenko said.

"It means that we think Mr. Sytnyk, the NABU director, officially talked about criminal investigation with Mr. [Paul] Manafort, and at the same time, Mr. Sytnyk stressed that in such a way, he wanted to assist the campaign of Ms. Clinton," he continued.

Solomon asked Lutsenko about reports that a member of Ukraine's parliament obtained a tape of the current head of the NABU saying that he was attempting to help Clinton win the 2016 presidential election, as well as connections that helped release the black-ledger files that exposed Trump campaign chairman Paul Manafort's wrongdoing in Ukraine.

"This member of parliament even attached the audio tape where several men, one of which had a voice similar to the voice of Mr. Sytnyk, discussed the matter."

US embassy pressed Ukraine to drop probe of George Soros group during 2016 election

By John Solomon

While the 2016 presidential election was raging in America, Ukrainian prosecutors ran into some unexpectedly strong headwinds as they pursued an investigation into the activities of a nonprofit in their homeland known as the Anti-Corruption Action Centre (AntAC).

The focus on AntAC -- whose youthful street activists famously wore "Ukraine F*&k Corruption" t-shirts -- was part of a larger probe by Ukraine's Prosecutor General's office into whether $4.4 million in U.S. funds to fight corruption inside the former Soviet republic had been improperly diverted.

The prosecutors would soon learn the resistance they were facing was blowing directly from the U.S. embassy in Kiev, where the Obama administration took the rare step of trying to press the Ukrainian government to back off its investigation of both the U.S. aid and the group.

"The investigation into the Anti-Corruption Action Center (sic), based on the assistance they have received from us, is similarly misplaced," then-U.S. embassy Charge d' Affaires George Kent wrote the prosecutor's office in April 2016 that also argued U.S. officials had no concerns about how the U.S. aide had been spent.

At the time, the nation's Prosecutor General had just been fired under pressure from the United States, and a permanent replacement had not yet been named.

A few months later, Yurii Lutsenko, widely regarded as a hero in the West for spending two years in prison after fighting Russian aggression in his country, was named the new prosecutor general and invited to meet the new U.S. Ambassador Marie Yovanovitch.

Lutsenko told me he was stunned when the ambassador "gave me a list of people whom we should not prosecute." The list included a founder of the AntAC group as well as two members of Parliament who vocally supported the group's anti-corruption reform agenda, according to a source directly familiar with the meeting.

It turns out the group that Ukrainian law enforcement was probing was being co-funded both by the Obama administration and the liberal megadonor George Soros. And it was collaborating with the very FBI agents investigating then-Trump campaign manager Paul Manafort's business activities with pro-Russian figures in Ukraine.

The implied message to Ukraine's prosecutors was clear: Don't target AntAC in the middle of an America presidential election where Soros was backing Hillary Clinton to succeed another Soros-favorite, Barack Obama, Ukrainian officials said.

"We ran right into a buzzsaw, and we got bloodied," a senior Ukrainian official told me.

Lutsenko suggested the embassy applied pressure because it did not want Americans to see who was being funded with its tax dollars. "At the time Ms. Ambassador thought our interviews of the

Ukrainian citizens, of the Ukrainian civil servants who were frequent visitors in the U.S. embassy, could cast a shadow on that anti-corruption policy," he said.

State officials told me privately they wanted Ukraine prosecutors to back off AntAC because they feared the investigation was simply retribution for the group's high-profile efforts to force anticorruption reforms inside Ukraine, some of which took authorities and prestige from the Prosecutor General's office.

But at the same time, the officials acknowledged, it was an unusual intervention. "We're not normally in the business of telling a country's police force who they can and can't pursue, unless it involves an American citizen we think is wrongly accused," one official said.

In the end, no action was taken against AntAC and it remains thriving today. Nonetheless, the anecdote is taking on new significance.

First, it conflicts with the State Department's official statement last week after Lutsenko first mentioned the do-not-prosecute list. The embassy responded the claim was a fabrication and a sign that corruption was alive and well inside Ukraine.

But Kent's letter unequivocally shows the embassy did press Ukrainian prosecutors to back off what normally would be considered an internal law enforcement matter inside a sovereign country. And more than a half dozen U.S. and Ukrainian sources confirmed to me the AntAC case wasn't the only one where American officials exerted pressure on Ukrainian investigators in 2016.

I asked State to explain the letter and the inclusion of the Soros-connected names during the meeting, and it demurred. "As a general rule, we don't read out private diplomatic meetings," it responded. "Ambassador Yovanovitch represents the President of the United States in Ukraine, and America stands behind her and her statements."

The second significance is the AntAC anecdote highlights a little-known fact that the pursuit of foreign corruption has resulted in an unusual alliance between the U.S. government and a political megadonor.

After the Obama Justice Department launched its Kleptocracy Initiative a decade ago to prosecute corruption in other countries, the State Department, the Justice Department and the FBI outsourced some of its work in Ukraine to groups funded by Soros.

The Hungarian-American businessman is one of the largest donors to American liberal causes, including Hillary Clinton's 2016 campaign, a champion of the U.S. kleptocracy crackdown and a man with extensive business interests in Ukraine.

One key U.S. partner was AntAC, which received 59 percent (or $1 million) of its nearly $1.7 million budget since 2012 from U.S. budgets tied to State and nearly $290,000 from Soros' International Renaissance Foundation, according to the group's donor disclosure records.

The U.S.-Soros collaboration was visible in Kiev. Several senior Justice Department officials and FBI agents appeared in pictures as participants or attendees at Soros-sponsored events and conferences.

One attendee was Karen Greenaway, then the FBI supervisor in charge of international fraud cases and one of the lead agents in the Manafort investigation in Ukraine. She attended multiple such events and won glowing praise in a social post from AntAC's own executive director.

In one event during 2016, both Greenaway and Ambassador Yovanovitch participated alongside AntAC's executive director Daria Kaleniuk while Lutsenko was present. The message was clear: the embassy supported AntAC.

The FBI confirmed Greenaway's contacts with the Soros group,saying they were part of her investigative work.

"In furtherance of the FBI's mission and in the course of their duties, FBI employees routinely travel and participated in public forums in an official capacity. At a minimum, all such travel and speaking engagements are authorized by the employee's direct supervisor and can receive further authorization all the way up to the relevant division head, along with an ethics official determination," the bureau said.

Greenaway recently retired, and Soros' AntAC soon after announced she was joining its supervisory board.

Internal memos from Soros' umbrella charity organization, the Open Society Foundations, describe a concerted strategy of creating friendships inside key government agencies like State, DOJ and the FBI that can be leveraged inside the countries Soros was targeting for anti-corruption activism.

"We have broadly recognized the importance of developing supportive constituencies in order to make headway in tightening the global web of anticorruption accountability," a Feb. 21, 2014 memo states. "We first conceived of this in terms of fostering and helping to build a political environment favorable to high-level anti-corruption cases.

That same memo shows Soros' organization wanted to make Ukraine a top priority starting in 2014 and planned to use the Anti-Corruption Action Centre as its lead.

"Ukraine: Behind the scenes advice and support to Ukrainian partner Anti-Corruption Action Centre's efforts to generate corruption litigation in Europe and the U.S. respecting state assets stolen by senior Ukrainian leaders," the memo state.

The memo included a chart of Ukrainians the Soros team wanted pursued. Multiple figures on the chart had ties to Manafort.

Senior U.S. law enforcement officials confirmed to me that the early kleptocracy collaborations inside Ukraine led to highly visible U.S. actions against both the oligarch Dmitri Firtash, a major target of the Soros group, and Manafort. Firtash is now represented by former Hillary Clinton lawyer Lanny Davis and former U.S. Attorney Dan Webb.

Documents posted online by the Open Society Foundations show that after U.S. officials scored some early successes in kleptocracy actions in Ukraine, such as asset forfeitures, AntAC requested to receive some of the seized monies.

"Ukrainian NGO Anticorruption Action Centre (AntAC) petitioned the United States Justice Department on behalf of Ukrainian civil society to dedicate the nearly $3 million in forfeited and seized assets allegedly laundered by former Ukrainian Prime Minister Pavlo Lazarenko, to creating an anticorruption training facility," a 2015 foundation document stated.

Spokespersons for AntAC and Open Society Foundations did not respond to repeated request for comment.

Michael Vashon, a spokesman for Soros, deferred any comment about AntAC to the group. But he did he confirm his boss supported the continued investigation of Russia collusion allegations against Trump well past 2016.

Vashon said Soros wrote a sizable check from his personal funds in fall 2017 to a new group called the Democracy Integrity Project started by a former FBI agent and Senate staffer named Daniel Jones to continue "investigation and research into foreign interference in American elections and European elections.

Vashon said the group asked Soros not to divulge the size of his contribution and Soros later learned the group hired Fusion GPS, the same firm that was paid by Hillary Clinton's campaign and the Democratic Party to create the now-infamous Steele dossier alleging Trump-Russia collusion.

The he-said-she-said battle playing out between Ukraine's chief prosecutor and the American ambassador doesn't benefit either side. Rather, an honest, complete and transparent account of what the embassy communicated to Ukraine's law enforcement does.

And the tale of AntAC raises some cogent questions.

- Why would the U.S. embassy intervene on a Ukrainian internal investigation and later deny it exerted such pressure?
- Did Soros' role as a major political funder have any impact?
- Do Americans want U.S. tax dollars commingled with activists' private funds when it comes to anti-corruption probes?

Someone in State and Congress should try to get the answers.

Ukraine's Election Is a Mess—and That's Exactly What Putin Wants

NO DISCERNIBLE CLASSIFICATION

A chaotic campaign, feuding oligarchs, and Russian disinformation efforts have combined to shake public faith in the electoral process....

...Since Ukrainians took to the streets to overthrow the Russian-backed leader Viktor Yanukovych in 2014, the country has become the front line of the West's new cold war with the Kremlin. Ukraine is considered Russia's biggest foreign policy priority, and Moscow-backed separatists have sliced off two separate parts of this former Soviet appendage: the Crimean Peninsula and a chunk of Eastern Ukraine. Three days before election day there were reports of mass armed searches and arrests targeting Crimean Tatars by Russian authorities. But Western countries, led by the United States, have poured hundreds of millions of dollars into Ukraine and sent advisors to mentor the armed forces to stop the Russian advance. Ukraine is flirting with NATO and European Union membership, which would irrevocably alter both institutions. All of this means that Ukraine's elections are an inflection point for a country that is literally split between East and West. But the presidential vote in Ukraine is shrouded with mystery....

The biggest risk to Ukraine's vote is perception. Russia may attempt to hack the preliminary, projected results that appear on election day in an attempt to make Ukrainians doubt the final verified vote that comes out days later, experts and election officials say. The idea is to torpedo trust in the winner in a cunning blitz of psychological warfare. The polling places outside major cities are particularly at risk of cyberattack, an election official, who spoke on the condition of anonymity, told Foreign Policy. "You don't even need to change the result—just by messing with the data, people will doubt the vote," said Kenneth Geers, a fellow at the Atlantic Council. "If having the Ukrainian vote lose legitimacy is your goal, that would be a powerful way to do it," he added.

At times, it feels like Russia will not have to do much to portray Ukraine's election as chaotic. Allegations of vote buying, wiretapping, and oligarchs funding candidates have already fueled doubts. More than 80 percent of Ukrainians believe that the elections will be rigged, one expert told a Radio Free Europe/Radio Liberty subsidiary. Even the United States has not been immune to the mudslinging.

Less than two weeks before election day, the country's prosecutor general, Yuriy Lutsenko, alleged in an interview with the Hill that the U.S. ambassador, Marie Yovanovitch, gave him a do-not-prosecute list in their first meeting. Lutsenko added that he was investigating whether anyone in Ukraine's government leaked financial records about former Trump campaign chairman Paul Manafort in order to support Hillary Clinton's 2016 presidential run. (The State Department did not respond to questions, but the embassy has previously denied the story.)

Although the story has zipped through the U.S. right-wing media, with the help of a tweet from President Donald Trump, experts view it with skepticism. Lutsenko offered no evidence to support his claim. Rather, it looks like an attempt from Poroshenko, the president, to convince senior Trump administration officials that he is an ally in case the elections are disputed. The logic is bizarre but relies on senior Trump administration officials backing Poroshenko because of his interest in investigating the Manafort leaks. If anything, the gambit has backfired already—a U.S. official told FP the embassy was "very angry." A spokesperson for Lutsenko said he was not available for interviews until after election day.

Yet this chaotic sentiment should not be cause for alarm, explained Liubov Tsybulska, the head of the Hybrid Warfare Analytical Group, which analyzes Russian disinformation campaigns. "I like that it's real democracy," she wrote in a text message. "Russians call it mess, but that's how free society does election." In fact, Ukraine's

elections could not be any more different than Russia's, because current polls show the outcome is almost completely unpredictable.

Of the three major candidates, Zelensky has consistently received the biggest vote in pre-election opinion surveys, but he has no political experience. He is the star of a popular TV show called Servant of the People, which is about a schoolteacher who accidentally becomes president of Ukraine. His politics are a mystery. Instead of traveling across Ukraine to give policy speeches, he has chosen to tour the country with stars from his production company. What is most suspect about Zelensky is that he models his candidacy on his television personality. Actors know that to make their character real they must draw on personal experiences. Zelensky has reversed this phenomenon.

"To some degree, maybe people really do have the feeling that the guy on screen and the guy in real life are one and the same person," Zelensky told reporters, according to the Washington Post. "This might even be true, to some extent." But no one knows how Zelensky will react when he encounters problems that lie outside the boundaries of a TV sitcom, like if Russia launches a cyberattack against the country's banks. Perhaps a scriptwriter will advise him. The other two major candidates—Poroshenko and Tymoshenko—do not share such an apolitical past.

Even Poroshenko's supporters admit that he has not done enough as president to fight corruption. His campaign is plagued by an investigative report that found Poroshenko's allies were smuggling spare military parts from Russia and selling them at inflated prices to the Ukrainian military. For a country at war with Russia, the allegations have sparked ire. But Peter Dickinson, a fellow at the Atlantic Council, said that the claims may not be significant. "He has almost zero credibility as an anti-corruption crusader and therefore this issue is not an important part of his re-election bid," Dickinson wrote. "Poroshenko's electoral appeal is rooted in the notion of 'better the devil you know' and his presidential campaign rests on his ability to convince voters that he is the lesser of all available evils."

U.S. officials are skeptical of Tymoshenko, the country's former prime minister, and fear that she has a pro-Russian outlook. They point to a 2009 deal that Tymoshenko signed with then-Russian Prime Minister Vladimir Putin to supply Ukraine with Russian gas. Steven Pifer, who served as U.S. ambassador to Ukraine during the Clinton administration, said Tymoshenko could also simply be a pragmatic politician who saw a personal political advantage in working with Putin. "She is pro-Tymoshenko," Pifer said. "She is also smart enough as a politician to know that anyone who gets elected and moves in a dramatically pro-Russian way is going to lose the country's support very quickly. Her views are flexible." Pifer argued that what is most worrying about Tymoshenko is her populist campaign to cut gas prices and raise pensions that would bankrupt the country and lead to the loss of crucial IMF funding.

The success of both initiatives will depend on Moscow's willingness to negotiate. And Ukraine's powerful oligarchs could shackle the future president. The oligarchs support different candidates in this election. Perhaps the two most influential—Poroshenko himself and the billionaire Ihor Kolomoisky—have feuded during this campaign. If the oligarchs don't come to a consensus and compromise on a presidential candidate, then there will be political gridlock, according to Victor Andrusiv, the head of the Ukrainian Institute for the Future think tank. Currently, there is little indication the country's richest men will come together.

"This is the first election where the oligarchs do not have a common candidate," Andrusiv said. "If there is no consensus, nobody can get power."

But Ukraine's next president may be at the mercy of larger forces. Parliamentary elections that take place this fall could thwart the president's agenda. The next president will be tasked with immediately renegotiating a gas deal with Russia and trying to end the war in the east.

#3: Novoye Vremya published a long interview today with Biletsky of National Corps. Below is a brief excerpt relating to Amb Y (rough translation)

- Question: Many Western experts have a negative attitude to the Ukrainian right-wing movement. Here is a phrase from the monitoring of specialists who deal with right-wing radical movements: "Activists and patriots of Ukraine repeatedly attacked people with non-Slavic appearance on the street." Rejection of the actions of the Ukrainian right-wing is also expressed in the US Embassy.

- Answer: Let's talk about the US Embassy or similar organizations.

In the West, there is a grand internal struggle. Western society is split about 50 to 50 between the liberals, who are literally neo-Marxists and conservatives, and the right, whatever you like to call them. We see this split in all countries: Italy, Austria, USA. In the States, the Democratic conflict is not even with the Republicans, but with the Trump-ists, who are much more conservative.

US Ambassador Marie Yovanovitch here represents the State Department, which in principle was the last stronghold of the Democrats, where the Trump-ists have not yet reached. The State Department is the fortress of the democratic party, the outpost of the liberals. And Yovanovitch actually reflects this political force. We can say the same about the French Embassy.

The daily update of the fake news driven smear out of Ukraine:

- Podcast from a US amplifer (Bongino) involved in last week's first wave tweeting goes after Masha multiple times, and mixes in the latest "soros funding" storyline launched this week.
- The key Ukrainian anti-corruption NGO (AnTAC) smeared as a Soros organization mounts a spirited defense via transparency and fact-checking.
- *Newsweek* reporting article out last night.
- The fake list of alleged "do not prosecute" names posted on the dubious site Medium was from an "author" that apparently does not exist – no known profile, and only one follower. This is a common tactic to create "facts in the ether" then picked up later.

Subject: RE: Thursday Updates on The Hill Article

As mentioned in an earlier email, there was a new Dan Bongino podcast relating to Ukraine published yesterday. AMB Y was frequently mentioned by name throughout it. Here is a brief summary:

Main takeaway:
Bongino mentions the Ambassador multiple times during his speech, stresses her name and makes it a point that his viewers should remember her full name. According to Bongino, "...the lead of this story is the Obama administration co-mingled diplomatic U.S. efforts -- funded by your taxpayer dollars -- with political attacks from liberal mega-donors [Soros]," claiming that this story will be "a neutron bomb level bombshell."
--
[Ukraine references start around 17:20] ..."that real collusion scandal involves the media, the Democrats, Russian operatives, and Ukraine." Bongino relates to the latest story on The.Hill by John Solomon, reads the headline "US Embassy pressed Ukraine to drop probe of George Soros group during 2016 election", and an excerpt of a paragraph.

When reading the part about U.S. Embassy's alleged involvement, Bongino stresses that he's "talking about **OUR ambassador - U.S. ambassador**!" He later continues, "So, the Ukrainian Attorney General is saying that the **United States Ambassador**, a woman by the name -- remember this name -- **Marie Yovanovitch** -- REMEMBER the name -- gave him a list of people that should not be prosecuted in the Ukraine." Bongino finishes by reading the next paragraph from The Hill piece.

He then shifts to his book and makes a reference to Alexandra Chalupa, "a DNC operative, [...] alleged to work hand-in-hand with Ukrainian officials in the United States and the media to feed stories about Manafort", explaining Manafort's position in Ukraine and his role in the Trump presidential campaign. Bongino continues, "we now find out that the **U.S. Ambassador** -- remember the NAME -- this is gonna get good folks, I promise you, I've got some GOOD intel on this -- **Marie Yovanovitch** gives the Ukrainian, effectively, Attorney General a list of people [to] do not prosecute, because they're investigating this group AntAC for corruption and as it turns out, the group is being funded by our tax dollars via the Obama administration and also a liberal mega-donor George Soros". [21:12]

Bongino gets heated about the "fact" that democratic political consultants were being funded by U.S. tax dollars and stresses "These were not diplomatic efforts!"
He then references an old POLITICO piece from 2009 about the Obama administration political consultants coming to Ukraine (https://www.politico.com/story/2009/11/obama-consultants-land-abroad-029410). "These are not DIPLOMATS on behalf of the United States, folks! These are paid political consultants, working in the free market, who should be financed not even a [centiloid?] with your tax dollars!"

Also, Bongino drops a reference to John McCain being accused of Russian collusion back in the days of the Bush administration, the "same attack tried on Trump", which was nipped in the bud, according to Bongino, due to President Bush not allowing such attacks [by the Democrats].

Bongino going back to the Solomon piece, again mentioning U.S. taxpayer dollars being spent on funding political attacks and co-mingling with Soros ... "and suspiciously, the **United States Ambassador**, who is the highest diplomat in Ukraine for the United States, Joe [co host], then conveniently gives the Ukrainians a list of people "don't touch these people", according to the report, at least"... "and on that list are people associated with the group funded by George Soros and YOU!" -- stresses and repeats the point multiple times that U.S. taxpayer money is being used to go "after the political opponents of the Obama administration in Ukraine".

[28:42] "**The U.S. ambassador** is alleged to have told them not to touch these people, while they were using Manafort and the history of Manafort to fabricate a phony dossier through Steele to then go after and spy on Trump in the United States and his team!"

[31:40] "Two final points", Bongino continues, "the real collusion here is the Ukrainian collusion with the Obama administration and serious allegations that **Marie Yovanovitch**, Alexandra Chalupa, the DNC, and others are knee-deep in this whole thing in an effort to launder information to the Ukraine, into the United States, while U.S. tax dollars are [used] to fund the group associated with George Soros."

Bongino continues with the Soros narrative, liberals, antisemitism, liberal attacks on free speech and briefly mentions Ukrainian AG Lutsenko and The Hill article.

Bongino's "final story" related to Ukraine is in reference to Joe Biden and his son, John Kerry and his step son, as well as Kerry's former political consultant, and their activities in Ukraine. "Are any of those people [associated with Joe Biden's son] going to appear on a 'do not prosecute' list?", he asks in conclusion [end approx. at 37:45].

AntAC responds to allegations in The Hill's column:

Daria Kaleniuk posted in English on Facebook:

On Tuesday The Hill journalist John Solomon published a manipulative oped based on speculative and untrue quotes from Yuri Lutsenko.

Among other crazy statements Solomon called Lutsenko "widely regarded as a hero in the West for spending two years in prison after fighting Russian aggression in his country".

Lutsenko was actually well known on the West, but as a "hero" for his drunken and disorderly conduct in Frankfurt airport, where he was detained by the police in 2009 while serving as a Minister of Interior Affairs of Ukraine - https://reut.rs/2FFxWhn. And he was serving in prison not for fighting Russian aggression, but for embezzlement of state funds.

In the oped Solomon was attempting to drag AntAC into the internal political discussion within the US. He played with facts and part-truth to put a story on alleged mystical collusion between AntAC, NABU, Soros, US Embassy, Obama and FBI to intervene into the US presidential elections back in 2016.

I wish we could have such an influence and power at AntAC to be able to intervene into the presidential elections of the most powerful nation on the world, if we were that powerful Yuri Lutsenko would not have been appointed at the post of the Prosecutor General of Ukraine and Ukraine would have been in much better conditions than it is now.

Immediately the messages from Solomon were spread by FoxNews to feed the internal political debates in the US.

I wonder who were Solomon and Lutsenko consultants in the US who helped to build up and play with the story. This must be not a cheap operation. Or could Solomon himself serve as undeclared lobbyist? Will The Hill take a responsibility for disseminating lies? Would TheHill give us oped place to tell the true version of the story?

In the post-truth era we can fight manipulations only with facts.

Below is AntAC rebuttal of all fake messages from Solomon and Lutsenko: https://antac.org.ua/.../hero-lutsenko-and-soros-group-antac.../

ANTAC: "Hero" Lutsenko and "Soros group": AntAC rebuts new accusations of The Hill journalist

The opinion article, which was published on March 26 on The Hill media platform, contained a number of allegations regarding AntAC. We would like to offer our fact check and explanations.

Quote from the opinion article: ***"While the 2016 presidential race was raging in America, Ukrainian prosecutors ran into some unexpectedly strong headwinds as they pursued an investigation into the activities of a nonprofit in their homeland known as the Anti-Corruption Action Centre (AntAC).***

The focus on AntAC was part of a larger probe by Ukraine's Prosecutor General's Office into whether $4.4 million in U.S. funds to fight corruption inside the former Soviet republic had been improperly diverted.
The prosecutors soon would learn the resistance they faced was blowing directly from the U.S. Embassy in Kiev, where the Obama administration took the rare step of trying to press the Ukrainian government to back off its investigation of both the U.S. aid and the group."

The criminal case into alleged embezzlement of U.S. technical assistance of 4 million USD of the US taxpayers money which had to be spent on the PGO's reforms was opened on March 16, 2016 by the Prosecutor General's Office under the leadership of the previous Prosecutor General Viktor Shokin.

On April 4, 2016 the PGO received the letter from the U.S. Embassy.

Yuriy Lutsenko, who was appointed to the position of the Prosecutor General in May 2016, fully agreed that the allegations were groundless, he even said that they 'simply dishonor the Prosecutor General's Office of Ukraine'.

As soon as Lutsenko was appointed, the case was closed in May 2016 by the PGO.

"Yuri Lutsenko, widely regarded as a hero in the West for spending two years in prison after fighting Russian aggression in his country, was named prosecutor general and invited to meet new U.S. Ambassador to Ukraine Marie Yovanovitch."

Firstly, Yuri Lutsenko is widely regarded in the West as "hero" for his drunken and disorderly conduct in Frankfurt airport, where he was detained by the police in 2009 while serving as a Minister of Interior Affairs of Ukraine.

Secondly, Yuri Lutsenko was sentenced to four years in prison in early 2012, this was two years before Russian aggression that started in 2014. Allegations against Lutsenko were for embezzlement of funds of the Ministry of Interior under his leadership and abuse of office resulting in illicit allocation of state-owned apartment to his former driver, facilitating illicit social security payments to this person and illicit allocation of funds for the celebration of the Militia (police) day in 2008-2009. He was charged with causing damages of $125,000 to the state. Lutsenko submitted a claim to the European Court of Human Rights and in 2012 the court ruled that Lutsenko's arrest and subsequent detention violated the European Convention on Human Rights.

NO DISCERNIBLE CLASSIFICATION

"Lutsenko told me he was stunned when the ambassador "gave me a list of people whom we should not prosecute." The list included a founder of the AntAC group and two members of Parliament who vocally supported the group's anti-corruption reform agenda, according to a source directly familiar with the meeting."

During the first possible meeting of Madam Ambassador with Lutsenko, which could not have happened earlier than late August 2016, there were no ongoing criminal prosecutions against AntAC Head of Board Vitaliy Shabunin.

The criminal case against AntAC on alleged embezzlement of the U.S. taxpayers money was already closed for around 3 months.

The criminal investigation into Shabunin's punch of a bully-provocateur, which took place on June 8, 2017, was triggered in summer 2017. There is an ongoing trial in this case in the court.

"It turns out the group that Ukrainian law enforcement was probing was co-funded by the Obama administration and liberal mega-donor George Soros."

AntAC was founded in the end of 2011 by Vitaliy Shabunin and Daria Kaleniuk, who formerly were activists of youth NGO "Foundation of Regional Initiatives". In 2012 AntAC was functioning without any financial support as a volunteer project of its founders.

In 2013 the NGO received first funding as a subgrant from the All-Ukrainian Network of People Living with HIV/AIDs supported by the Global Fund to Fight AIDS, Tuberculosis and Malaria for the public monitoring of public procurement of medications in Ukraine.

"In the end, no action was taken against AntAC and it remains thriving today."

This is not true. The action was taken in May 2016 – the PGO closed the criminal case "due to the absence of criminal offence." However, no-one from PGO officers who abused the power triggering criminal investigation on AntAC was punished disregarding organization's requests.

Information PGO obtained through the course of the investigation (banking statements) was later repeatedly leaked to media with the goal to discredit the organization.

"After the Obama Justice Department launched its Kleptocracy Asset Recovery Initiative a decade ago to prosecute corruption in other countries, the State Department, Justice Department and FBI outsourced some of its work in Ukraine to groups funded by Soros."

In December 2013 in the middle of the Revolution of Dignity in Ukraine AntAC launched a campaign on freezing foreign assets of Ukraine's former President Yanukovych and his associates. AntAC was running a webpage yanukovich.info, which gathered all publicly available facts about corrupt assets of Yanukovych's allies and mapped the role of Western lawyers, banks and companies in covering and enabling grand corruption. The campaign was funded via crowdfunding from concerned citizens and was not financially supported by neither government of the U.S. nor Soros foundation.

NO DISCERNIBLE CLASSIFICATION

Within the campaign AntAC reached out to the law enforcement agencies in the EU, Switzerland, the U.S. with request to investigate foreign assets of Yanukovych and his associates. DoJ Kleptocracy Asset Recovery Initiative was part of a long list of foreign law enforcement agencies AntAC reached out in December 2013 – February 2014.

"One key U.S. partner was AntAC, which received 59 percent (or $1 million) of its nearly $1.7 million budget since 2012 from U.S. budgets tied to State and Justice, and nearly $290,000 from Soros's International Renaissance Foundation, <u>according to the group's donor disclosure records</u>."

Apart from the projects, funded by abovementioned donors U.S. government and Open Society foundations, since 2013 AntAC was funded by a wide range of other donors, including:

§ The Global Fund via All-Ukraine Charitable Organization "All-Ukraininan Network of People living with HIV/AIDS"
§ The Government of the Kingdom of the Netherlands via Matra program
§ The Embassy of the United Kingdom
§ The Ministry of Foreign Affairs of the Czech Republic
§ European Union
§ Donations from individuals/legal entities

"The U.S.-Soros collaboration was visible in Kiev. Several senior Department of Justice (DOJ) officials and FBI agents appeared in pictures as participants or attendees at Soros-sponsored events and conferences."

Right after the victory of the Revolution of Dignity and runaway of former President Yanukovych from Ukraine, AntAC activists were invited to the meetings with law enforcement officers from various countries willing to help Ukraine in tracing proceeds of corruption of ousted president Yanukovych. AntAC also met with representatives from DOJ and shared with them all publicly available information the organization gathered on corrupt officials under Yanukovych regime.

Recovery of proceeds of corruption of Yanukovych and his associates was one of the key priorities of work of AntAC, which was organizing specialized asset recovery conference in Ukraine in 2014, 2015, 2016. Law enforcement officers from Ukraine and abroad were invited to these conferences, including Karen Greenaway. Apart from DOJ officials there were Ukrainian (including PGO), Italian, British, Swiss law enforcement officers speaking and participating at AntAC asset recovery conferences.

"Greenaway recently retired, and Soros's AntAC <u>soon after announced</u> she was joining its supervisory board."

In February 2019 Karen Greenaway agreed to join AntAC Supervisory Board after she will finish her other professional obligations.

AntAC Supervisory Board membership is a non-paid commitment from distinguished professionals who care about Ukraine and countering grand political corruption. Among AntAC Supervisory Board members there <u>are</u> Francis Fukuyama from Stanford University, Giovanni Kessler, former head of the EU Anti-Fraud Office, Oliver Bullough, British author and investigative journalists, Oleksa Shalayskyi, head of Nashi Groshi investigative project in Ukraine.

"Senior U.S. law enforcement officials confirmed to me that the early kleptocracy collaborations inside Ukraine led to highly visible U.S. actions against the oligarch Dmitri Firtash, a major target of the Soros group, and Manafort. Firtash is now represented by former Hillary Clinton lawyer Lanny Davis and former U.S. Attorney Dan Webb."

Dmitri Firtash was never a major target of the Anti-corruption Action Centre.

AntAC collects publicly available evidence of alleged corruption and money laundering of all oligarchs in Ukraine, as well as all top corrupt officials. AntAC has been doing this under the regime of ousted president Yanukovych and continues to do that under the new government leaded by President Poroshenko since spring 2014.

"Ukrainian NGO Anticorruption Action Centre (AntAC) petitioned the United States Justice Department on behalf of Ukrainian civil society to dedicate the nearly $3 million in forfeited and seized assets allegedly laundered by former Ukrainian Prime Minister Pavlo Lazarenko, to creating an anti-corruption training facility," a 2015 foundation document stated.

In 2013 AntAC submitted a petition to the DoJ with request to repatriate $250mln proceeds of corruption of Pavlo Lazarenko, a former Prime Minister of Ukraine, convicted in the US for money laundering back in 2006. Since 2004, the U.S. government started in rem forfeiture procedure aiming at recovery of proceeds of crime. The procedure is still pending.

In the petition supported by more than 10 civil society organizations AntAC called the US government to refrain from repatriation of stolen assets back to the corrupt government of Ukraine at that time headed by Yanukovych, which could steal them again. AntAC called the US Government to consider the success story of repatriating proceeds of corruption to Kazakhstan, where independent BOTA foundation was set up for the repatriation of proceeds of corruption. In 2015, AntAC updated the petition given the abrupt changes in the country and emerged news in media claiming that Lazarenko's funds were about to be confiscated by the DoJ.

"Spokespersons for AntAC and Open Society Foundations did not respond to repeated requests for comment."

AntAC did not receive any requests for the comments by John Solomon following recent Lutsenko's interview. The only request from him to provide answers to the questions was received back in October 2018 (six months before publication of Lutsenko's interview). At that time, AntAC did not provide any response to Solomon after the background checks on him. AntAC became aware of John Solomon's controversial reputation in American media for spreading manipulative and biased messages. For instance, last year, the staffers of the Hill expressed their concerns over Solomon's biased reporting. AntAC was rightfully concerned that our answers would be misused and manipulated by Solomon.

Also, here's a post by Mykola Bieliskov, blogger, Institute of World Policy (rough translation to English) :

This stream of publications of The Hill is an interesting connection of internal disputes in Ukraine with internal disputes in the U.S.

But whatever that was, these articles would not do anything good for Ukrainian-American relations. The hit will not be against the image of individual Ukrainians, but the image of the country as a whole. It's harder to tell why Washington should help Kyiv. It can be expected that in the United States there will be those who will begin to demand an investigation into the misuse of U.S. taxpayer money in Ukraine.

And tell me this is the price that some politicians are willing to pay for setting the scores within the country? ||

I personally feel very disappointed to watch it all.

Subject: Thursday Updates on The Hill Article

Below is a Newsweek article published last night. Commentator Dan Bongino also issued a new podcast in which he discusses Ukraine; we will send a brief synopsis of this a bit later today, once we've had a chance to listen. Ukraine and George Soros continue to be widely discussed on social media, and the latest Hill column continues to be frequently shared on Twitter.

Newsweek: How Donald Trump and Sean Hannity are promoting theory Ukraine interfered in 2016 election to help Hillary Clinton
As Ukraine prepares for its presidential elections on March 31, collusion with a foreign country and President Donald Trump's former campaign manager Paul Manafort have made their way into the public discourse. And President Trump, his son Donald Trump Jr., and the president's favorite television presenter Sean Hannity are helping the conversation along, alleging that anti-corruption leaders in Ukraine tried to sway the U.S. election in favor of Hillary Clinton.

It all started on March 5, when U.S. Ambassador to Ukraine Marie Yovanovitch criticized the country's record on corruption, pointing to a recent high court decision to decriminalize illicit enrichment—when a public official has significant increases to their wealth or assets that cannot be explained by their income. Ambassador Yovanovitch specifically noted that the high court's decision weakens Ukraine's National Anti-Corruption Bureau, a law enforcement body established after a pro-Western movement ousted pro-Russian president Viktor Yanukovych in 2014.

From there, Ukraine's officials went on the offensive, appearing to target the bureau. Ukraine's Prosecutor General, Yuriy Lutsenko, announced on U.S.-based Hill Television earlier this month that he was opening a probe into alleged efforts by Ukrainians to influence the 2016 U.S. presidential election. Those efforts, he said, involved the head of the National Anti-Corruption Bureau, Artem Sytnyk. He also alleged that U.S. ambassador Yovanovitch had attempted to pressure him not to prosecute certain people, a claim the State Department denied in an email to *Radio Free Europe*.

Lutsenko alleged that Sytnyk published information about secret payments from Ukraine's former President Yanukovych's party to Trump's former campaign manager Paul Manafort in order to hurt the Trump campaign. The bureau says the information was published in the name of transparency, not to influence the U.S. election.

The prosecutor also told *The Hill* this month that he is expanding the inquiry into whether Sytnyk was trying to sway the 2016 elections in favor of Clinton. Conservative television presenter Sean Hannity then invited the reporter from *The Hill* onto his show to repeat the claims. Trump, who watches Hannity's show and reportedly speaks with the television presenter frequently, then promoted Lutsenko's narrative.

"As Russia Collusion fades, Ukrainian plot to help Clinton emerges," Trump tweeted on March 20.

Sytnyk played a central role in discovering and publishing secret records, nicknamed the "black ledger," with information about $12.7 million in undisclosed cash payments made by Yanukovych's party to Manafort from 2007 and 2012. The anti-corruption bureau alleges that Yanukovych stole from Ukrainian taxpayers in order to pay Manafort. The former Trump campaign manager had worked as a political consultant for Yanukovych for years.

On Wednesday, a Swedish broadcaster revealed that a shell company that Yanukovych allegedly used for accepting bribes also made payments to a company, Inlord Sales LLP, which transferred funds to Manafort.

But some members of Ukraine's government—who are eager to curry favor with the Trump administration to gain U.S. support in their own fight against Russian interference—have tried to frame Sytnyk's revelation about the payments to Manafort as an attempt to hurt Trump's campaign.

Previous reports suggested that Ukraine's government may have stopped cooperating with special counsel Robert Mueller's investigation into Manafort so that the Trump administration would sell the country lethal weapons with which to defend itself from pro-Russian separatists in eastern Ukraine. And a Ukranian court ruled in December last year that the National Anti-Corruption Bureau's transparency efforts were an attempt to influence U.S. elections.

Olga Lautman, an investigator covering Russia and the former Soviet Union, told *Newsweek* that Lutsenko recently met with Trump's lawyer Rudy Giuliani in Washington, and that the efforts to create a narrative about people in Ukraine working to help Clinton and hurt Trump was coordinated with Republican leaders.

"Manafort is at the heart of this investigation and Lutsenko is investigating how Manafort's black ledger files were leaked and whether this was an attempt to sway the election in Hillary Clinton's favor," Lautman told *Newsweek*. "This is all a very poorly orchestrated attempt between Prosecutor General Lutsenko, Trump, and the Republican Party, who are now vowing to open their own investigations into the matter to deflect from Russia's attack on America to Ukraine's 'involvement' with Hillary Clinton."

Michael Carpenter, a former deputy assistant secretary of defense in charge of Russia and Ukraine, argues that an investigation into Manafort's work in Ukraine should not be politicized.

"It's outrageous that anyone would question the motive of Ukrainian authorities for investigating Paul Manafort—a corrupt political hack who worked for Ukraine's disgraced, kleptocratic former president," Carpenter told *Newsweek*. "Manafort's a convicted felon who committed financial fraud in the United States, and he may have committed similar crimes in Ukraine, so why wouldn't they investigate him? Even more appalling, however, is that the investigation was reportedly stymied by senior Ukrainian officials because they thought it would upset Trump."

"Whether they arrived at that conclusion on their own or whether Trump advisors like Rudy Giuliani helped guide them to that realization remains an open question," Carpenter added.

Conservative U.S. media have focused on U.S. ambassador to Ukraine Yovanovitch, pointing out that former President Barack Obama had appointed her.

"Calls to remove former President Barack Obama's U.S. Ambassador to Ukraine, Marie Yovanovitch, have intensified over the last week as a scandal in Ukraine surrounding the 2016 U.S. presidential election has started to gain more attention," reads a March 24 article in the Daily Wire, a conservative website founded by political commentator Ben Shapiro.

The article cited claims that former Congressman Pete Sessions had written a letter to Secretary of State Mike Pompeo asking for Yovanovitch to be removed. The U.S. president's son Donald Trump Jr. then tweeted the article.

"We need more @RichardGrenell's and less of these jokers as ambassadors. Calls Grow To Remove Obama's U.S. Ambassador To Ukraine," Donald Trump Jr. Tweeted, referring to Trump's pick for ambassador to Germany Richard Grenell.

Grenell has been widely criticized for lacking experience and offending U.S. allies during his short tenure as U.S. ambassador to Germany.

Meanwhile, Ukraine's National Anti-Corruption Bureau issued a statement saying Lutsenko's claims about U.S. election interference are an effort to "discredit an independent anti-corruption agency."

"The NABUs jurisdiction is to expose and eradicate corruption offenses committed by Ukrainian top-officials," the statement reads. "Therefore, during the investigations, the NABU Detectives have never collected evidence as of illegal activities of Paul Manafort, as he was beyond the competence of the National Bureau.... We remind that the NABU published information mentioning the presence of Paul Manafort's name among others on the pages of the so-called 'black ledger' in response to numerous requests from Ukrainian and foreign media in order to avoid any speculations."

One wonders why they didn't bother to do a bit more quality control in the fake list. Thankfully, those behind the crude forgery had not gone to the Gene Fishel school of how the USG spells Ukrainian names in transliteration. There are only two of the 13 names spelled how I would, or USG officials should, spell them. Or even close alternative spellings – the frequent use of "j" and the "c" for Hrytsenko suggests a Balkan (or Czech?) predilection for spelling Slavic names – certainly not Ukrainian, Russian, Belarusian, or Polish practice. And some of them are people I have never met (and one I had never heard of – Aleksandr (sic) Pasenyuk – judge of the high administrative court). This is a classic disinfo play – start with the three amigos that everyone knows have been close to us, add corrupt associates that Lutsenko can then point to as "I would have prosecuted them, but the US embassy told me not to," and some other random names.

The business card attached is the one I used in 2015 during 3 A/DCM stints – not only the title, but the temporary email [redacted]. When I returned to Kyiv in March 2016 full time, I transferred my email account from DC, switching to my normal [redacted] email.

Two items of note posted on-line this morning:

- *The Hill* story last night, which broke nothing new but repackaged an element from last week to focus on an alleged Soros angle, is being retweeted by folk who have many followers (one below 640K).

- Of more note in the Ukrainian context, the second item below has a totally manufactured/fake list of alleged untouchables – ie, Lutsenko's alleged. One key sign of it being fake is that most of the names are misspelled in English – we would never spell most that way. (I know Embassy Moscow has in the past derided fake letters by circling in red all the misspellings and grammar mistakes and reposting it. If we wanted to push back hard(er), we could consider a similar approach.)

On substance, we also never dealt with some of the individuals – key Poroshenko insiders, known corrupt actors, or random folk. In classic disinformation operation fashion, the list includes people we were known to associate with (element of truth) with those we wouldn't ever touch (the disinfo intent). This list appears to be an effort by Lutsenko to inoculate himself for why he did not pursue corrupt Poroshenko associates and political allies – to claim that the US told him not to. Complete poppycock.

Finally, the list includes my 2015 business card as Acting Deputy Chief of Mission (I spent a better part of the 2015-16 year deploying out in Kyiv in acting status because my predecessor Bruce Donahue was medevaced/dying of cancer back in the States, and we did not want to curtail Bruce's formal assignment due to the greater coverage available on medevac status).

The Hill: U.S. Embassy Pressured Ukraine Not To Investigate Liberal "Mega-Donor"

During the 2016 U.S. presidential race Ukrainian prosecutors said they were stymied by then-President Obama's appointed U.S. Ambassador to Ukraine from pursing investigations into the activities of a nonprofit known as the Anti-Corruption Action Centre (AntAC), according to John Solomon with The Hill.

Ukraine's Prosecutor General Yuri Lutsenko, who is considered a hero in the West for spending two years as a political prisoner for fighting Russian aggression in Ukraine , told Solomon that he was invited to meet new U.S. Ambassador to Ukraine Marie Yovanovitch. He was appointed to this position in 2016 and it was then that he spoke to Yovanovitch, he said.

He said they, "gave me a list of people whom we should not prosecute." According to Yovanovitch, it included a founder of the AntAC group and two members of Parliament. Those people "supported the group's anti-corruption reform agenda, according to a source directly familiar with the meeting," according to Solomon, who spoke to a source.

Ukrainian law enforcement was probing a group that was co-funded by the Obama administration, as well as billionaire donor George Soros. Further, according to Solomon the group was allegedly collaborating with the FBI agents investigating then-Trump campaign manager Paul Manafort's business activities in Ukraine.

The focus on AntAC — whose youthful street activists famously wore "Ukraine F&k Corruption" T-shirts — was part of a larger probe by Ukraine's Prosecutor General's Office into whether $4.4 million in U.S. funds to fight corruption inside the former Soviet republic had been improperly diverted.*

"The investigation into the Anti-Corruption Action Center (sic), based on the assistance they have received from us, is similarly misplaced," then-embassy Charge d' Affaires George Kent wrote the prosecutor's office in April 2016 in a letter that also argued U.S. officials had no concerns about how the U.S. aid had been spent...

Below is a Medium article allegedly listing the names on the "Yovanovitch list")

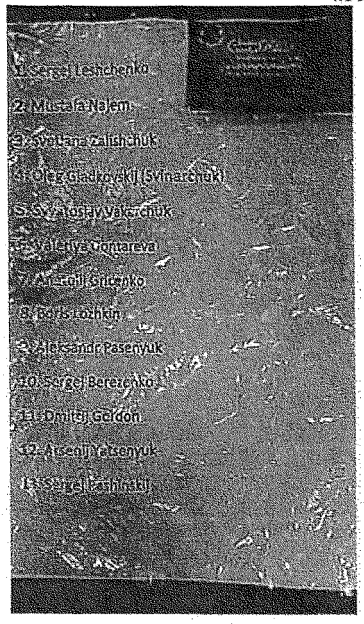

The names of 'improsecutable' Ukrainians from the Yovanovitch list got out

By Tony Sealy

The main thing appeared in the scandal around the Ukrainian Prosecutor General Yuriy Lutsenko's statement on the list of individuals he should not prosecute given to him by the American Ambassador. That thing is the names. Ukrainians started to actively share the photo leaked out to the web on Facebook communities oppositional to the current President of Ukraine.

(Note: Photo below – in case it doesn't display well for those reading on Blackberries, etc. -- lists the names: Sergej Leshchenko, Mustafa Najem, Svetlana Zalishchuk, Oleg Gladkovskij (Svinarchuk), Svyatoslav Vakarchuk, Valeriya Gontareva, Anatolij Gricenko, Boris Lozhkin, Aleksandr Posenyuk, Sergej Berezenko, Dmitrij Gordon, Arsenij Yatsenuk, Sergej Pashinskij, and also displays what appears to be a business card of George Kent.)

NO DISCERNIBLE CLASSIFICATION

To recap, earlier on, the Prosecutor General of Ukraine stated in an interview to the Hill that in 2016 US Ambassador to Ukraine Marie Yovanovitch had given him a list of individuals who should not be prosecuted by his department. However, Lutsenko did not mention any names.

The fact that such classified document could get out on the web behind the Trump Administration's back is now as hard to believe as the fact that a high ranked official like Lutsenko could even make such a revelation without the knowledge of Poroshenko.

Most likely Poroshenko himself ordered to set Yovanovitch up trying to gain support of both Donald Trump and the Republicans at the elections. However, Trump did not appreciate such an attempt. He made it clear he never forgave Poroshenko's support of Clinton at the elections in the United States. After receiving an aggressive reaction, Poroshenko instantly passed the buck to Lutsenko, and confirmed he completely backed Yovanovitch. Yet, the last move was still made by the White House. The list of the names that were not mentioned in the sensational interview by the Prosecutor General of Ukraine has magically appeared on the web.

Mr mayor — trying to set up call in 5 min via state Dept. If now is not convenient, is there a time later today?

9/22/19, 8:35 AM

Kurt,
Thanks for the support. All I need is for you to tell the truth. You called me about Yermak and I reported back to you and Sondland, eg., a

conference call on Aug. 11. Three others before. Really this is not hard just fair to affirm truth. Rudy

Also Secretary seems not to know you put us together. Straighten him out.

I certainly will let him know

Please send dates when you will be in Madrid. I am seeing Yermak tomorrow morning. He will come to you in Madrid.

Thanks for your help! Kurt

Kurt will you please get out a statement that State connected me to Yermak and I reported back to State on my conversations. Yermak has talked about this to Press so it's now public information. All I'm asking is to tell the truth. I can send you text chain if you need to check your recollection.

Also have Sondland inform Pompeo he can say State connected me with Ukraine official and was aware of it.

9/22/19, 6:40 PM

Hi Rudy — sorry for delay — just spoke w Secretary Pompeo — wanted to be sure we are coordinated. We have a statement from Aug 22 that makes clear it was coordinated — indeed, that i made the connection between you and Yermak.

Was tweeted by NYTimes Ken Vogel at the time

STATE DEPARTMENT SPOKESPERSON STATEMENT
AUGUST 22, 2019

- The United States strongly supports Ukraine as it deepens its democracy, fights corruption, pursues economic reform, and improves its ability to defend itself against Russia's ongoing aggression.
- President Trump has invited President Zelenskyy to visit him at the White House, and both sides are working on the scheduling of such a meeting.
- We understand that the Ukrainian government taking shape under President Zelenskyy is committed to fighting corruption and other illegal activities and that investigations into such matters would be consistent within that overall approach.
- Ambassador Volker has confirmed that, at Presidential Advisor Andriy Yermak's request, Volker put Yermak in direct contact with Mr. Giuliani.
- Mr. Giuliani is a private citizen and acts in a personal capacity as a lawyer for President

Trump. He does not speak on behalf of the U.S. Government. We would refer you to Mr. Giuliani for information about the content of Mr. Giuliani's conversations with Ukrainian officials.

@StenyHoyer JUST IN: The @StateDept, which facilitated @RudyGiuliani's communications with the Ukrainian gov't (during which he urged an investigation of @JoeBiden), says Giuliani "acts in a personal capacity as a lawyer for President TRUMP. He does not speak on behalf of the US Government."

THE WHITE HOUSE

WASHINGTON

May 29, 2019

His Excellency
Volodymyr Zelenskyy
President of Ukraine
Kyiv

Dear Mr. President,

On the occasion of your inauguration, I wish to offer my congratulations on your historic election victory.

The United States and Ukraine are steadfast partners, working together to realize the shared vision of a stable, prosperous, and democratic Ukraine that is integrated into the Euro-Atlantic community. Our partnership is rooted in the idea that free citizens should be able to exercise their democratic rights, choose their own destiny, and live in peace. As you said in your victory speech, your election demonstrates that democracy is possible anywhere in the former Soviet region. Ukraine's success exemplifies the triumph of democracy over resurgent despotism. United States support for Ukraine's sovereignty and territorial integrity is unwavering.

As you prepare to address the many challenges facing Ukraine, please know that the American people are with you and are committed to helping Ukraine realize its vast potential. To help show that commitment, I would like to invite you to meet with me at the White House in Washington, D.C., as soon as we can find a mutually convenient time.

I wish you every success as you assume office, and I look forward to meeting with you.

Sincerely,

Dear Vladislav,

Following the recent meetings in Sochi of Secretary Pompeo with President Putin and Foreign Minister Lavrov, and in light of Volodymyr Zelenskyy having taken office as President of Ukraine, I wonder if you believe the time may now be right to renew efforts to achieve genuine peace in eastern Ukraine through the full implementation of the Minsk agreements.

I have been in close consultation with our French and German colleagues, and have had initial discussions with the emerging Ukrainian team under President Zelenskyy. On all counts, there is a belief that with the election of a new Ukrainian President, we should see whether it is possible to renew efforts to end the war and implement the Minsk agreements.

To generate good will and momentum, a good first step by Russia would be the release of the Ukrainian sailors. I would hope that this could be done immediately, and then quickly followed by additional confidence building measures – most particularly, a mutually agreed, comprehensive prisoner exchange. I would also hope that Russia and Ukraine could agree on a genuine and lasting ceasefire. Other important early steps could be those proposed by OSCE Chairman-in-Office Lajcak. We believe it is particularly important to make progress on full humanitarian access for the local population, the establishment of an incident prevention mechanism and protection of critical civilian infrastructure as well as, at long last, progress on replacing the bridge at Stanytsya-Luhanska and opening additional Line of Contact crossing points at Zolote and Shchastya.

Our ultimate goal remains the full implementation of the Minsk agreements. Security is an essential first step and we continue to believe that the best course of action is the staged deployment of a UN-mandated peacekeeping force that eventually assumes responsibility for security in the entire contested area as the illegal armed groups are dismantled, foreign forces withdrawn, and the so-called "People's Republics," are disbanded. An international peacekeeping force and interim civil administration would be best placed to oversee full Minsk implementation – including special status and amnesty - and eventual restoration of Ukrainian control. President Zelenskyy and his team has made clear that he shares these goals and is committed to reaching out to the people of eastern Ukraine and supporting their rights as citizens of Ukraine.

With all that in mind, I wonder if you believe that Russia is prepared to do its part, and if so, whether it would be worthwhile to schedule a meeting between us in the coming weeks. Ideally, this could be in Moscow after the release of the sailors, though other options are possible. If not, perhaps you would prefer to meet after Ukraine's parliamentary elections?

I hope you are well, and do let me know.

Best wishes,

Kurt

[7/30/19, 3:02:51 PM] Kurt Volker: Dear Vadym, Alex and Andrey -- Thank you again for a great visit to Ukraine last week. It could not have gone better, and I very much appreciate the chance to visit Stanitsa Luhanska.
[7/30/19, 3:03:19 PM] Kurt Volker: Attached is a draft note I propose to send to Surkov suggesting that now is a good time to get together. Would welcome your thoughts

[7/30/19, 3:06:42 PM] Kurt Volker: I would welcome your thoughts on the phased deployment of a peacekeeping force as we discussed last week. I think we need to produce a fresh concept among ourselves, even if we do not deploy as a proposal at this time.
[7/30/19, 3:06:48 PM] Kurt Volker: Best - Kurt
[7/30/19, 3:09:30 PM] Vadym Prystaiko: Dear Kurt, thank you for sharing the draft with us. I believe you can build up the momentum on your personal experience in st. Luhanska.We will try to push for the more concrete steps in bridging (literally) tmrw at Minsk. I will keep you informed about the progress.
[7/30/19, 3:11:57 PM] Kurt Volker: Thanks -- looking forward to hearing how tomorrow's meeting goes.

Dear Vladislav --

I hope you are well!

As you know, the Ukrainian elections are now behind us. The result is a renewed Ukrainian leadership that enjoys a strong majority in parliament and should be able to make decisions and pass significant legislation.

President Zelenskyy has also taken the initiative to order the disengagement of Ukrainian forces and to prepare for repairing the bridge at Stantisa Luhanska -- something I referred to in my last letter. As you may have seen, I visited there on Friday last week and was impressed with the reciprocal disengagement by the Russian-led forces, and the access afforded to engineers to evaluate the bridge for repair.

I hope that this disengagement continues to be successful, that it leads to a marginal improvement in the lives of the local population who depend on that boundary crossing point, and that it can become a catalyst for disengagement at other areas, and for the introduction of new boundary crossing points.

Of course, releasing the Ukrainian sailors held by Russia, and a further prisoner exchange, would also help build momentum for peace.

With all this in mind, I consulted with Ambassador Huntsman, and he strongly agrees that now is a good time for me to visit Moscow to resume bilateral dialogue about ending the war.

For my part, mid- to late-August is good timing. Ambassador Huntsman will be in touch in Moscow to see what specific dates might work best.

Please let me know if you agree that now is a good time to meet, and that the conditions are right for a productive discussion.

Best wishes,

Kurt

[8/10/19, 5:01:32 PM] Kurt Volker: Ok! It's late for you — why don't we talk in my morning, your afternoon tomorrow? Say 10am/5pm?
[8/10/19, 5:02:18 PM] Kurt Volker: I agree with your approach. Let's iron out statement and use that to get date and then PreZ can go forward with it?
[8/10/19, 5:26:17 PM] Andrey Yermak: Ok

[8/12/19, 8:24:20 PM] Andrey Yermak: Missed voice call
[8/12/19, 8:31:25 PM] Andrey Yermak: Отдельного внимания заслуживает проблема вмешательства в политические процессы Соединенных Штатов, в том числе при возможном участии некоторых украинских политиков. Хочу заявить о недопустимости подобной практики. Мы намерены обеспечить и довести до конца прозрачное и непредвзятое расследование всех имеющихся фактов и эпизодов, что в свою очередь предотвратит повторение данной проблемы в будущем.

Special attention should be paid to the problem of interference in the political processes of the United States, especially with the alleged involvement of some Ukrainian politicians. I want to declare that this is unacceptable. We intend to initiate and complete a transparent and unbiased investigation of all available facts and episodes, which in turn will prevent the recurrence of this problem in the future.
[8/17/19, 2:09:08 PM] Andrey Yermak: Hi Kurt! Can you talk?
[8/17/19, 3:03:45 PM] Kurt Volker: Hi Andrey — am driving for the next hour. Would it work to call you then?

[8/13/19, 12:11:19 PM] Kurt Volker: Special attention should be paid to the problem of interference in the political processes of the United States, especially with the alleged involvement of some Ukrainian politicians. I want to declare that this is unacceptable. We intend to initiate and complete a transparent and unbiased investigation of all available facts and episodes, including those involving Burisma and the 2016 U.S. elections, which in turn will prevent the recurrence of this problem in the future.

[6/27/19, 2:05:42 PM] You created group "Bill and Emmanuel"
[6/27/19, 2:05:42 PM] Bill and Emmanuel: Messages to this group are now secured with end-to-end encryption.
[6/27/19, 2:07:03 PM] Kurt Volker: Hi Bill -- allow me to introduce here Metropolitan Emmanuel. He would like to meet with you when he is in Kyiv next week (Tuesday-Thursday). Concerned about F and seeking US help. Best - Kurt
[6/27/19, 2:11:54 PM] Emmanuel Adamakis: Thanks a lot Kurt. I'll be honored to meet Bill while in Kiev
[6/27/19, 2:28:21 PM] Bill Taylor: Glad to meet you. We have a congressional delegation in town next week, but later in the week could work?
Bill
[6/27/19, 2:30:03 PM] Emmanuel Adamakis: I m arriving on 2nd July and I staying up to the 5th July. I fully understand if not this time propably when I come back
[6/27/19, 2:42:05 PM] Bill Taylor: Maybe when you come back -- the 4th of July is a holiday and I have 1200 people invited to my residence on the evening of the 5th!
[6/27/19, 2:42:53 PM] Emmanuel Adamakis: OK looking forward next time

[12/24/18, 6:33:34 AM] Bill Taylor: Messages to this chat and calls are now secured with end-to-end encryption.
[12/24/18, 6:33:34 AM] Bill Taylor: Kurt, did you send a draft of the op-ed we discussed to Steve?
[1/2/19, 11:12:47 AM] Bill Taylor: Steve hasn't received a draft yet. Still a good idea?
[1/2/19, 11:13:02 AM] Kurt Volker: Yes - I should have it today
[1/2/19, 11:37:21 AM] Bill Taylor: On another topic, we continue to plan the February 12 roundtable on Donbas peace plans. It's on Steve's calendar. Two questions: can you kick off the discussion? Minister Avakov will also speak. Second, would you be OK if we invited Professor Dynkin, Steve's friend from IMEMO? He made a proposal for peacekeepers last year. Minister Avakov and Gregory Nemyria are both comfortable inviting Dynkin.
[1/2/19, 11:38:07 AM] Kurt Volker: Yes — all good. What time on 12th?
[1/2/19, 11:40:58 AM] Bill Taylor: Opening comments at 9:30. First session on peacekeepers until 12:30. Informal lunch. Afternoon sessions on interim international administration and political prospects in the UN. Close by 5.
[1/2/19, 11:43:01 AM] Kurt Volker: Ok — so I can be there from 9:30-10:15am?
[1/2/19, 11:47:33 AM] Bill Taylor: Yes
[1/2/19, 12:32:13 PM] Kurt Volker: Great. Will it be as USIP?
[1/2/19, 1:53:37 PM] Bill Taylor: Yes
[1/3/19, 11:57:43 AM] Bill Taylor: Dynkin declined.
[1/3/19, 11:58:43 AM] Kurt Volker: Interesting. Means there is no room for progress
[1/3/19, 12:22:13 PM] Bill Taylor: Not with this Ukrainian administration, he says.
[1/5/19, 11:02:14 AM] Bill Taylor: Haven't heard from Steve on the edits he asked me to make. He wanted it shortened and the recommendations focused. I tried to shorten but didn't want to lose any of the recommendations. Am checking to see if Steve is flying back from China and thus offline.
[1/5/19, 1:10:13 PM] Kurt Volker: Good -- I saw the edits -- I think he will want to make the recommendations less of a "list" — but let's hear from him.
[1/5/19, 1:11:00 PM] Kurt Volker: If we don't get Steve (although we should) is there someone else the WH would be impressed by?
[1/5/19, 1:23:58 PM] Bill Taylor: That's a hard question. Steve is almost unique -- a reasonable Republican, respected by both ends of that spectrum.
[1/5/19, 1:24:39 PM] Kurt Volker: Exactly. Almost anyone else would not be respected at WH. So let's convince him!
[1/5/19, 1:26:40 PM] Bill Taylor: Yup. I'm hoping he's in an airplane. He is usually very responsive. Is there a way to repackage the recommendations in a way that looks less like a laundry list?
[1/5/19, 1:36:55 PM] Kurt Volker: I think just turning it into prose instead of bullets would do it
[1/5/19, 1:38:21 PM] Bill Taylor: Could be, but might make it longer. Want to take a shot? Or I can
[1/5/19, 1:38:40 PM] Kurt Volker: I can do it now — back to you in half an hour
[1/5/19, 2:43:05 PM] Kurt Volker: Just sent via email to the group - kv
[1/5/19, 3:01:43 PM] Bill Taylor: Got it -- looks good
[1/5/19, 3:03:50 PM] Kurt Volker: Same recommendations, but less jarring — think he'll like that better
[1/5/19, 3:05:43 PM] Bill Taylor: Agree. Hope it gets published before the Russians move.
[1/5/19, 10:10:08 PM] Bill Taylor: Missed voice call
[1/7/19, 3:15:33 PM] Bill Taylor: WSJ declined saying they'd recently done a piece on the Orthodox Church and that our piece is too long for them. Jackson Diehl has a piece similar to ours in the Post today. We are pitching our piece to the Times.
[1/7/19, 4:01:13 PM] Kurt Volker: Have you considered foreign policy ?
[1/7/19, 4:02:04 PM] Bill Taylor: Good idea
[1/7/19, 5:05:02 PM] Kurt Volker: Btw -- surprised wsj rejected since this has nothing to do with the church. Did shai speak with an editor and explain who it is and why it is impt?
[1/7/19, 5:47:43 PM] Bill Taylor: I'll press
[1/7/19, 8:17:53 PM] Bill Taylor: Shai did push and did talk to their op-ed editor. Steve came back asking us to offer it to the Post -- he knows Fred Hiatt well -- and to consider FT and Foriegn Affairs website.
[1/7/19, 9:59:37 PM] Kurt Volker: Ok - great - thanks - hope they take it!
[1/9/19, 10:22:43 AM] Bill Taylor: Status: submitted to the NYT two days ago, no response yet. If they accept but ask that it be shortened, we will -- and check with you. If they decline, we will go to Foreign Affairs, then Foreign Policy.
[1/9/19, 10:24:34 AM] Bill Taylor: Different topic: what do you think about inviting Chesnakov to the February 12 roundtable? Not to present, but to participate.
[1/9/19, 5:37:18 PM] Kurt Volker: I think it is a good idea
[1/9/19, 5:52:01 PM] Bill Taylor: I agree. John Herbst doesn't think that Chesnakov will agree to participate. But we can ask.
We are submitting the op-ed to Foreign Affairs tomorrow morning.
[1/9/19, 11:50:33 PM] Kurt Volker: Sounds good — thx!
[1/9/19, 11:51:01 PM] Kurt Volker: And on chesnakov — let it be him who declines — good that we ask
[1/10/19, 5:07:24 AM] Bill Taylor: Sounds good
[1/15/19, 7:07:33 PM] Kurt Volker: Hi bill — any news on the op-Ed? Needed now more than ever. Indeed, may need to be sharper up front.
[1/15/19, 7:55:21 PM] Bill Taylor: I asked our guys this afternoon -- apparently FA requires multiple pings. Told Steve. Got any changes to the opening?
[1/15/19, 8:25:52 PM] Kurt Volker: Just sent you a tougher opening. Steve may not like it, but all the info I am getting is that we are going to do absolutely nothing. Zero from the list we discussed.
[1/15/19, 8:36:35 PM] Bill Taylor: Just sent it to Steve, blind copying you.
[1/16/19, 3:40:28 PM] Kurt Volker: Hi Bill — should we try foreign policy instead? I can send you contact for lead editor Jonathan Tepperman if you want - kv
[1/16/19, 3:51:30 PM] Bill Taylor: Yes. We submitted it to FA this morning, pinged twice and haven't heard from them. If we don't hear by 5:30, we'll pull it and resubmit it to FP. As soon as we do, I will let you know so you can alert your contact there. We have another contact there as well.
[1/16/19, 3:52:29 PM] Kurt Volker: Ok - great - thanks!
[1/16/19, 9:53:33 PM] Bill Taylor: Submitted and alerted Jonathan Tepperman
[1/16/19, 10:08:52 PM] Kurt Volker: Great - thanks!
[1/17/19, 9:42:25 AM] Bill Taylor: Looking good for FP. Will confirm
[1/17/19, 9:42:32 AM] Kurt Volker: Great!
[1/17/19, 9:42:51 AM] Kurt Volker: Let me know and I'll try to get it into TV interviews
[1/17/19, 11:08:52 AM] Bill Taylor: Will do
[1/17/19, 11:49:41 AM] Bill Taylor: Regarding the February 12 roundtable, I was thinking about inviting representatives from Normandy Format embassies. I'm keeping Chaly and Oksana informed. No word back from Chesnakov but Dynkin's colleague Zagorski is trying to get here. The Russian embassy? Are there Donbas watchers at the French and German embassies?

[1/17/19, 1:14:41 PM] Kurt Volker: Yes — Chris knows the names at the Normandy embassies. Fine on Zagorsky. Avakov is a mixed bag. Is he still coming?
[1/17/19, 1:17:43 PM] Bill Taylor: Yes
[1/18/19, 12:23:17 PM] Kurt Volker: Hi bill — did they publish?
[1/18/19, 1:59:09 PM] Bill Taylor: As soon as they get the contributor consent form back from Steve, they hit publish.
[1/18/19, 2:23:29 PM] Kurt Volker: Great - thanks!
[1/18/19, 4:12:22 PM] Bill Taylor: It's up. On your email
[1/18/19, 6:05:31 PM] Kurt Volker: Great!! Thanks!
[4/29/19, 5:01:59 PM] Bill Taylor: What did you volunteer me for?
[4/29/19, 5:02:31 PM] Kurt Volker: I can't remember— context?
[4/29/19, 5:14:8 PM] Bill Taylor: George has asked me to go to Kyiv for a while.
[4/29/19, 5:16:52 PM] Kurt Volker: Ah… good!!!
[4/29/19, 5:16:56 PM] Kurt Volker: You should!
[4/29/19, 5:17:39 PM] Bill Taylor: George described two snake pits, one in Kyiv and one in Washington.
[4/29/19, 5:19:15 PM] Kurt Volker: :) so what's new?
[4/29/19, 5:23:05 PM] Bill Taylor: Yes, but he described much more than I knew. Very ugly
[5/25/19, 10:07:55 AM] Kurt Volker: Anti-Trust Reform • 2 pages <attached: 00000072-Anti-Trust Reform.docx>
[5/25/19, 10:21:15 AM] Bill Taylor: I like this a lot.
[5/25/19, 10:22:50 AM] Kurt Volker: Thanks! Will need more expert advice, but wanted to kick this off
[5/25/19, 10:23:22 AM] Bill Taylor: I look forward to pushing it in Kyiv.
[5/26/19, 2:14:39 PM] Bill Taylor: I am still struggling with the decision whether to go. Can anyone hope to succeed with the Guliani-Biden issue swirling for the next 18 months? Can S offer any reassurance on this issue?
[5/26/19, 6:25:42 PM] Bill Taylor: You mentioned that several people have asked you to go out as CDA. I think that is the answer. It wouldn't be that long. No one knows the issues better. People will ask, why isn't Kurt going out -- we already have a special envoy.
[5/26/19, 11:23:10 PM] Kurt Volker: Let's see how it looks on Tuesday … I don't know if there is much to do about the Giuliani thing, but I do think the key thing is to do what we can right now since the future of the country is in play right now
[5/27/19, 6:47:44 AM] Bill Taylor: It is, and that's why it's encouraging that you would consider being chargé during this critical time. I, for one, fully support you -- as would Steve in any way we can.
[5/27/19, 2:33:31 PM] Kurt Volker: But as we discussed — I can't do it for a variety of reasons, and I am more useful being here anyway. We need someone on the ground there.
[5/27/19, 3:20:12 PM] Bill Taylor: How about for a short period of time?
[5/27/19, 4:27:43 PM] Kurt Volker: I can visit for a day or two, but not longer. Still have all the other commitments here
[5/28/19, 5:49:28 PM] Bill Taylor: Do we know for sure that there is a letter inviting Ze to visit? Fiona doesn't think so
[5/28/19, 5:59:25 PM] Kurt Volker: I heard it from Mulvaney — so I think so
[5/28/19, 6:00:39 PM] Bill Taylor: Wouldn't it have to go through Fiona?
[5/28/19, 6:01:04 PM] Kurt Volker: I don't know how things work over there. In a normal world, of course. But …
[5/28/19, 6:03:31 PM] Bill Taylor: Do I want to enter this non-normal world?
[5/28/19, 6:09:01 PM] Kurt Volker: Despite everything, I feel like we have moved the ball substantially forward over the last 2 years. I think it is worth it to continue to keep pushing…
[5/28/19, 6:15:16 PM] Kurt Volker: And just checked w Sondland, who said Mulvaney told him today it is with POTUS… tbc…
[6/11/19, 4:05:35 PM] Kurt Volker: Hi bill — Perry, Sondland and I had a good call w Bolton yesterday. He is going to get a date for Z visit — maybe late July - and also ask about VPOTUS visit to Kyiv. All good. Best - Kurt
[6/11/19, 4:20:41 PM] Bill Taylor: Excellent -- thanks, Kurt. I am hoping to meet AMB Sondland, maybe in Brussels on my way to Kyiv.
[6/11/19, 4:59:53 PM] Kurt Volker: Good idea!
[6/12/19, 7:56:49 AM] Bill Taylor: Can you introduce me to AMB Sondland? I looked to see if I could see him in Brussels on the way to Kyiv, but it looks like that won't work. I will try to get there sometime soon or see him in Kyiv.
[6/14/19, 4:43:35 PM] Kurt Volker: Hi Bill — are you in DC now? We should take a picture together!
[6/14/19, 4:43:46 PM] Kurt Volker: Then can tweet when you are in Kyiv
[6/14/19, 4:46:24 PM] Bill Taylor: Excellent idea! I am here until Sunday night. Where are you?
[6/14/19, 4:59:20 PM] Bill Taylor: I am en route to the Ukrainian embassy now.
[6/19/19, 2:26:12 AM] Bill Taylor: Kurt, what's the view of Kobolyev among the three of you?
[6/19/19, 6:07:25 AM] Kurt Volker: Hi bill ! I think Perry is the most negative — sees him as obstructing both the upstream and downstream opening up of the market. Perry also wants 2 senior US energy industry people on an expanded board.
[6/19/19, 6:07:59 AM] Kurt Volker: Gordon shares this view - but maybe a little less negative.
[6/19/19, 6:09:13 AM] Kurt Volker: I remember Naftogaz before the reform, so I know K did a lot of good. But now he needs to get behind even more ambitious reform. He is capable of doing it, but he needs to be committed to
it.
[6/19/19, 6:10:02 AM] Kurt Volker: Btw - hope the testimony went over well - kv
[6/19/19, 11:04:25 AM] Bill Taylor: Kurt, I am getting the same thing out here -- stifling private investment. Will look for your testimony
[6/19/19, 11:16:05 AM] Kurt Volker: Yes — exactly — stifling private investment
[6/19/19, 11:17:26 AM] Kurt Volker: Here's the testimony - best - Kurt
https://www.c-span.org/video/?461818-1/us-policy-russia-ukraine
[6/25/19, 11:31:15 AM] Bill Taylor: Do you think Gordon saw my note asking him for help with the meeting date and the delegation to Independence Day?
[6/25/19, 2:36:53 PM] Bill Taylor: At a dinner this evening, Klimkin advised you to engage Ze in Toronto "on an emotional level." He was at pains to emphasize how important is the US role right here, right now. You have to play it right, he said. The Russians are clever.
[6/25/19, 2:47:13 PM] Kurt Volker: Hi - he is religious about checking messages so am sure he did. Got the point on Ze — will do my best — any thoughts about "emotions?"
[6/25/19, 2:48:21 PM] Bill Taylor: I am checking that suggestion with Prystaiko.
[6/28/19, 11:38:56 AM] Bill Taylor: Are you telling Chris about the call?
[6/28/19, 11:40:45 AM] Bill Taylor: Prystaiko?
[6/28/19, 11:41:16 AM] Bill Taylor: He will be in Toronto with Ze.

[6/28/19, 11:53:24 AM] Kurt Volker: Yes — in person though
[6/28/19, 12:00:53 PM] Bill Taylor: Chris in person, right? Should I give Vadym a heads up since he will be in Toronto with Ze?
[6/28/19, 12:25:39 PM] Kurt Volker: Yes -- that's a good idea
[7/3/19, 2:01:39 PM] Bill Taylor: Are you OK with me briefing Ulrich on these conversations? Maybe you have already?
[7/3/19, 5:53:34 PM] Kurt Volker: I have not — please feel free
[7/3/19, 5:54:06 PM] Kurt Volker: The key thing is to tee up a phone call w potus and then get visit nailed down
[7/3/19, 11:09:58 PM] Bill Taylor: I agree. Is Ze on board with a phone call?
[7/4/19, 1:30:29 AM] Kurt Volker: Yes — bogdan was a little skeptical, but Zelensky was ok with it. Now we need to get it on potus schedule...
[7/4/19, 1:40:35 AM] Bill Taylor: The three amigos are on a roll. Let me know when I can help.
[7/7/19, 2:46:13 PM] Bill Taylor: Do you have a minute to talk?
[7/7/19, 3:08:45 PM] Bill Taylor: My question is about Danyliuk-Prystaiko -- have you been working with both on the phone call? Did Prystaiko and Ze get it when you laid out what needs to happen on the call? Should I follow up with Prystaiko?
[7/7/19, 3:09:30 PM] Bill Taylor: Or with Bohdan?
[7/7/19, 4:30:24 PM] Kurt Volker: Hi bill -- sorry -- just saw this -- I can talk now or first thing tomorrow if you can - best Kurt
[7/7/19, 4:32:31 PM] Kurt Volker: Spoke w Zelensky, bogdan and Prystaiko in Toronto. Have spoke w Danylyuk by phone and will see him in DC Tuesday. There does seem to be some disconnect on their side -- in addition to our side! Best - Kurt
[7/7/19, 11:21:12 PM] Bill Taylor: Yup. Can I tell the three of them -- Prystaiko, Danyliuk and Bohdan -- that we can schedule the phone call if Ze is ready to say that he is not interfering, one way or another, in any investigations? I would like to talk about it -- what's a good time for you today?
[7/8/19, 9:12:25 AM] Bill Taylor: Let's talk today. I will be asking to see Bohdan (probably with Vadym) to try to nail down this end of the phone call. They didn't say that they were on board for the call when you talked to them in Toronto?
[7/8/19, 9:12:30 AM] Kurt Volker: Hi bill - I can call around 9:30/9:40 dc time of ok?
[7/8/19, 9:14:05 AM] Kurt Volker: Zelensky was on board - bogdan was skeptical. Worried that a call substitutes for a visit. I pulled the two of them aside at the end and explained the Giuliani factor...
[7/8/19, 9:16:50 AM] Bill Taylor: Live interview here 4:30 here, 9:30 there. How about 6 here, 11 there? Or pick a later time today.
[7/8/19, 5:31:17 AM] Kurt Volker: Great — I can do 1:30pm here / 8:30 for you — does that work?
[7/8/19, 10:01:37 AM] Bill Taylor: Perfectly
[7/8/19, 1:29:42 PM] Bill Taylor: Calling shortly
[7/10/19, 3:22:20 AM] Bill Taylor: Are you OK on MNNA for Ukraine? They are raising it a lot. Would be a win for Ze?
[7/10/19, 9:23:34 AM] Kurt Volker: Personally I think it is fine. Not sure what it gets them, but is a nice symbolic gesture, Would be impt to message that this does not change our commitment to Ukraine's eventual NATO membership...
[7/10/19, 6:24:38 AM] Bill Taylor: Absolutely
[7/10/19, 2:28:34 PM] Bill Taylor: Ulrich is still looking for ideas for candidates to be ambassador here. I have already put you on the list. Other candidates?
[7/10/19, 10:30:22 PM] Bill Taylor: Missed voice call
[7/10/19, 10:39:22 PM] Bill Taylor: Missed voice call
[7/10/19, 10:45:02 PM] Bill Taylor: Can you talk now?
[7/10/19, 10:48:07 PM] Bill Taylor: Missed voice call
[7/11/19, 9:24:23 AM] Bill Taylor: When can we talk?
[7/11/19, 9:26:39 AM] Kurt Volker: Hi Bill! Can we try around 11am my time?
[7/11/19, 9:46:51 AM] Bill Taylor: Yes. I will call you then. Thanks
[7/11/19, 10:29:23 AM] Kurt Volker: I have another call at 11:15 so let's talk at 11 but then follow up again later as needed...
[7/11/19, 10:53:42 AM] Bill Taylor: I can call now if that works
[7/11/19, 10:54:41 AM] Bill Taylor: Missed voice call
[7/11/19, 10:58:15 AM] Bill Taylor: Missed voice call
[7/11/19, 10:59:45 AM] Bill Taylor: Calling shortly
[7/11/19, 11:01:39 AM] Bill Taylor: Missed voice call
[7/11/19, 11:01:57 AM] Bill Taylor: Missed voice call
[7/11/19, 11:02:19 AM] Bill Taylor: Call when you can
[7/16/19, 9:48:08 AM] Bill Taylor: Should I suggest that you join your N4 counterparts starting soon?
[7/16/19, 9:48:43 AM] Bill Taylor: And do you have dates for your (and Gordon's) visit?
[7/16/19, 9:59:10 AM] Kurt Volker: Hi bill — looking at leaving here 23rd — arriving east on 24th. Meetings there on 25th, Kyiv on 26th return on 27th. Catherine Croft should be working w your staff.
[7/16/19, 10:00:30 AM] Kurt Volker: On N4 — what specifically? I saw Jan Hecker in DC last week — I know they are planning another meeting in August. But taking stock after seeing how TCG goes tomorrow in Minsk...
[7/16/19, 11:30:45 AM] Bill Taylor: On your trip, Vadym asks what you want to see in the east -- the bridge? the Mariopol district? The latter is of course easier to get to. He also wondered about the president's participation.
[7/16/19, 12:22:47 PM] Kurt Volker: Hi — I want to be supportive of the president's efforts, so whatever helps them them most. I would be interested in visiting somewhere together with the president if that works, but would do on my own if not. I am fine with either S-L or Mariupol — both have reasons to be visited, so whichever they prefer
[7/16/19, 12:40:55 PM] Bill Taylor: Got it
[7/17/19, 1:45:10 PM] Kurt Volker: Prystaiko confirmed the dates work for my visit — Ze will not go east with me but will meet in Kyiv on Friday. He is looking to nail down logistics. -kv
[7/17/19, 1:59:01 PM] Bill Taylor: Excellent. I will plan to join you. Gordon coming?
[7/17/19, 2:00:42 PM] Kurt Volker: Yes - he wants to. And Prystaiko will also come
[7/17/19, 2:04:16 PM] Bill Taylor: Excellent. My folks will work with Catherine.
[7/19/19, 11:55:14 PM] Bill Taylor: Preparations for the trip are well underway. You had breakfast with RG?
[7/22/19, 10:43:00 AM] Kurt Volker: Should I plan on being in Kyiv on National day? Will get my own ticket this time... come down from Vilnius— arrive late 23rd or early 24th, depart 25th
[7/22/19, 11:59:50 AM] Bill Taylor: Excellent idea! Stay at the residence.
[7/22/19, 12:06:49 PM] Kurt Volker: Ok — will do!
[7/24/19, 3:39:05 AM] Bill Taylor: I will call you back

(7/24/19, 6:23:59 AM) Kurt Volker: Hi bill — can you talk now?
(8/3/19, 1:41:55 PM) Bill Taylor: Did Tim say how he was doing on the call?
(8/11/19, 12:55:01 PM) Bill Taylor: Is your Moscow trip on track?
(8/11/19, 2:18:06 PM) Kurt Volker: Not yet. We heard from surkov but nothing from ushakov or Kozak.
(8/11/19, 2:18:35 PM) Kurt Volker: Meantime Yermak is in touch with Kozak and will be in dc next week and wants to coordinate before a Moscow trip
(8/11/19, 2:19:16 PM) Kurt Volker: Spoke w Etienne on Friday and have joint FR/GE SVTC Monday. Paris hoping for N4 summit (at UKR request) in mid September
(8/11/19, 2:21:08 PM) Bill Taylor: I like the bilateral Ukraine-Russia process with the Ukrainians coordinating with us. Not clear to me what the Germans and French bring.
(8/11/19, 2:23:00 PM) Bill Taylor: You are still planning to be here for August 24?
(8/11/19, 2:23:43 PM) Kurt Volker: Yes — assuming there are things to do — arrive on 23rd early evening and depart 25th early morning. Any sense on what they are planning ?
(8/11/19, 2:25:08 PM) Bill Taylor: I asked Prystaiko again friday. He smiled and said something about a parade with no tanks. Sounds pretty vague
(8/11/19, 2:26:21 PM) Kurt Volker: Some kind of Ukrainian pride March I think ... but if it would be awkward for me to go, we should rethink... let's clarify their plans for DV's this week if we can
...
(8/11/19, 2:27:43 PM) Bill Taylor: Will do. I am sure they would love to have you here in any case.
(8/11/19, 2:37:10 PM) Kurt Volker: And the timing is easy so I'm happy to do it
(8/11/19, 2:44:15 PM) Bill Taylor: Standing invitation to stay here.
(8/11/19, 2:52:08 PM) Kurt Volker: Thank you! You don't happen to have a gym, do you?
(8/11/19, 2:52:22 PM) Kurt Volker: That's the single best thing about the Hyatt...
(8/11/19, 2:55:21 PM) Kurt Volker: I am supposed to arrive on 23rd at 6:15pm from Vilnius on Ukrainian Air 178. Maybe we can plan on casual dinner if you do not have National day duties — maybe together w Vadym and Andrey Y
(8/11/19, 2:56:48 PM) Bill Taylor: Sounds good. Sadly, no gym.
(8/13/19, 10:05:59 AM) Bill Taylor: Kurt, we are meeting with Honcharuk and Ryabshapka on Thursday to get their thoughts on de-oligarchization. We may want to enlist the reform-minded G-7 to this effort. Clearly this has to be Ukrainian-owned for it to have a chance. You are OK on all this?
(8/13/19, 10:11:19 AM) Kurt Volker: Yes — all good. Would it be possible to arrange a follow up with G7 (with or sequentially with or Ryabshapka) on 24th?
(8/15/19, 10:36:15 AM) Kurt Volker: Hi bill — can you take a call?
(8/15/19, 10:38:50 AM) Bill Taylor: In a car in Lviv. Can call now.
(8/15/19, 10:39:02 AM) Bill Taylor: Missed voice call
(8/15/19, 10:39:06 AM) Kurt Volker: 2 min
(8/15/19, 10:39:22 AM) Bill Taylor: Sounds good
(8/16/19, 12:54:11 AM) Bill Taylor: The person who asked for an official request was Yermak?
(8/16/19, 7:01:10 AM) Kurt Volker: Yes — but don't cite him.
(8/16/19, 7:04:33 AM) Bill Taylor: I won't. You are right -- this is not good. We need to stay clear.
(8/16/19, 7:06:33 AM) Kurt Volker: Were you able to discover if we have ever asked for an investigation, or what it would take to do so?
(8/16/19, 7:07:40 AM) Bill Taylor: Just landed back in Kyiv. En route back to the embassy.
(8/16/19, 8:52:44 AM) Bill Taylor: Turns out that our legatt just left on leave. You should ask Bruce Schwartz at Justice.
(8/16/19, 8:53:14 AM) Kurt Volker: Ok — will do
(8/20/19, 8:40:36 AM) Bill Taylor: We have dinner Friday, the ceremony Saturday morning, a Zelenskyy reception Saturday afternoon. Other requests? What time do you leave on Sunday?
(8/20/19, 10:43:27 AM) Kurt Volker: Yes — can we do a G7 Amb coffee? And a separate meeting w Yermak? Anyone else we should see on anti-trust legislation?
(8/20/19, 12:33:37 PM) Bill Taylor: Let's ask Yermak to stay after the dinner. Most G-7 ambassadors are not in town, both turnover and leave. I can see if Honcharuk is available.
(8/20/19, 11:14:36 PM) Bill Taylor: Honcharuk can meet us after the president's reception. What about a dinner with the embassy team working on de-oligarking?
(8/21/19, 6:03:53 AM) Kurt Volker: Yes - casual embassy dinner would be great. And Yermak after dinner or lunch Saturday — whatever is best for him
(8/21/19, 8:13:03 AM) Bill Taylor: Got it
(8/21/19, 8:21:06 AM) Bill Taylor: Turns out it works for Honcharuk for lunch on Saturday, Yermak after dinner on Friday. Internal, informal dinner Saturday.
(8/21/19, 8:31:05 AM) Kurt Volker: Great!
(8/22/19, 3:45:56 AM) Bill Taylor: Honcharuk moved to 16:30 Saturday at the residence.
PAS is suggesting skipping the Sunday press engagements because of the G-7/8 comments and the NYT article. Thoughts?
(8/22/19, 4:39:48 AM) Kurt Volker: I think I can handle those topics... might even be useful. But let's decide tomorrow or Saturday. Things always seem to change ...
(8/22/19, 5:38:09 AM) Bill Taylor: Sounds good
(8/23/19, 4:59:09 AM) Kurt Volker: Hi bill — is it casual or suits for dinner? Thanks! Kurt
(8/23/19, 5:00:14 AM) Bill Taylor: No ties
(8/23/19, 5:00:33 AM) Kurt Volker: But no jeans then either -- no prob!
(8/23/19, 5:25:45 AM) Bill Taylor: We are working today!
(8/23/19, 5:44:20 AM) Kurt Volker: :) great - see you later
(8/26/19, 4:46:31 PM) Kurt Volker: Hi Bill — thanks for a great visit!
(8/26/19, 4:47:43 PM) Kurt Volker: Briefed Bolton, spoke w Huntsman and with Jamie Fly. Jamie will visit in mid- late September.
(8/26/19, 4:48:44 PM) Kurt Volker: Since Bolton has extra time, strongly recommend you set up a meeting with Yermak for him tomorrow, before he sees Ze on Wednesday. I will also recommend thru WHSR. - kv
(8/26/19, 4:48:58 PM) Kurt Volker: Talk tomorrow if it is too late today. Best - Kurt
(8/26/19, 11:05:35 PM) Bill Taylor: When you briefed Bolton, did you recommend he see Yermak?
(8/27/19, 5:59:19 AM) Kurt Volker: Yes, but I did not stress the point. On reflection, think he really should ...
(8/27/19, 7:34:55 AM) Bill Taylor: Bolton said he talked to you and Gordon briefly, nothing specific. What should they talk about? Tim says Bolton wants to stay out of politics.
(8/27/19, 7:44:57 AM) Kurt Volker: How to make the POTUS encounter a success, and what deliverables we achieve for a WH meeting.
(8/27/19, 8:03:03 AM) Bill Taylor: Bolton is pretty sure the meeting in Warsaw will happen. Wants to judge the dynamics of that meeting first. That one will be short.
(8/27/19, 2:09:55 PM) Kurt Volker: Good. Any luck on sitting him down with Yermak?
(8/27/19, 2:17:58 PM) Kurt Volker: He would like to meet with Bolton after the meeting with Zelenskyy if possible (to help coach for Warsaw)
(8/27/19, 2:42:03 PM) Bill Taylor: Have questions in with Bolton team, Prystaiko and Yermak. Nothing back yet.
(9/2/19, 11:26:26 AM) Bill Taylor: <attached: 00000230-Andrei Zagorodnyuk.vcf>
(9/2/19, 11:28:40 AM) Bill Taylor: Kurt, can you WhatsApp Defense Minister Zagorodnyuk? We just met to discuss the pause in security assistance. He would like your advice and assistance.

[9/2/19, 11:28:59 AM] Kurt Volker: Sure -- need a few min but will do!
[9/2/19, 11:29:38 AM] Bill Taylor: Many thanks. I think he is very good.
[9/2/19, 12:32:19 PM] Bill Taylor: You two connected?
[9/2/19, 3:25:47 PM] Kurt Volker: Hi bill -- we are taking in half an hour. Have you got a minute to talk?
[9/2/19, 11:08:28 PM] Bill Taylor: Sorry to miss you last night. Glad you connected. Glad to talk -- when works for you?
[9/3/19, 11:27:50 AM] Kurt Volker: Ukraine Security Letter • 2 pages <attached: 00000237-Ukraine Security Letter.pdf>
[9/6/19, 10:44:57 AM] Kurt Volker: Hi Bill greetings from Munich -- en route to Tbilisi...
[9/6/19, 10:45:10 AM] Kurt Volker: I'll let Chris answer on who the advisor is...
[9/6/19, 10:45:42 AM] Bill Taylor: Looking forward to seeing you next week
[9/6/19, 10:45:59 AM] Kurt Volker: However -- what I did not want to say in that wider group is that Z team does not plan on a Minsk-related constitutional amendment. They want to do decentralization through legislation
[9/6/19, 10:46:05 AM] Kurt Volker: Yes -- me too!
[9/6/19, 10:47:27 AM] Bill Taylor: And I agree with him on no constitutional amendment on special status. Decentralization!
[9/9/19, 8:01:57 AM] Kurt Volker: Hi bill -- is there a good time to call this afternoon / eve? Best - Kurt
[9/9/19, 8:10:16 AM] Bill Taylor: Maybe around 9?
[9/9/19, 8:30:59 AM] Kurt Volker: Ok -- in 30 min?
[9/9/19, 8:33:41 AM] Bill Taylor: No, sorry -- 9 PM my time.
[9/9/19, 8:34:10 AM] Kurt Volker: Ok - 10pm here - can do
[9/13/19, 7:55:14 AM] Bill Taylor: We just had a good meeting with Zelenskyy, Bohdan and Zhovka (now in Yelisieiev position) and discussed Donbas and Steinmyer formula at some length. If Yermak is not available for breakfast, how about Bohdan and Zhovka for breakfast?
[9/13/19, 7:55:36 AM] Kurt Volker: Sure -- that would be great
[9/13/19, 8:06:14 AM] Kurt Volker: Did you ask about Privatbank?
[9/13/19, 8:08:34 AM] Bill Taylor: Yes, and Kolomoisky. NBU. Hontereva.
[9/13/19, 8:11:13 AM] Kurt Volker: Great -- interested to hear...

CONCEPT NOTE

Breaking the Oligarchic System through Anti-Trust Reform

Objectives:

- Fundamentally break the grip of the oligarchic system on Ukrainian society.
- Reverse the incentives that now prevent rule of law, instead creating a demand for rule of law by the most powerful elements in society.
- Create the conditions for substantial foreign investment, boosting GDP growth, new job creation, and higher wages.
- Overcome divisions in Ukrainian society that have deepened over perceived injustice and corruption in the judicial and economic system.

Why Go Big?

- Corruption is often treated as a problem in Ukraine, but in reality, it is just a symptom of a bigger problem.
- The larger problem is a political and economic system distorted by oligarchs with disproportionate power in the country.
    - They seek control of institutions to private benefit, rather than maintenance of institutions that protect successful competition.
    - They seek monopolistic returns rather than additional, diverse investment in the Ukrainian economy as a whole.
    - This corrupts the judicial system, the Rada, and repels foreign investment.
- In this circumstance, incrementalism does not work.
- Only a major reform attacking the core problem itself gives Ukraine the opportunity for fundamental change.

Key Components

- Identify, draft, and gain Parliamentary approval of highly restrictive anti-trust legislation modeled on European Union best practices.
    - Prohibit excessive control by any single actor, or small number of actors, in any sector the economy.
    - Prevent excessive vertical or horizontal integration.
    - Require any person or company in excess of these limits to sell off assets in order to come into compliance.
    - Fixed time period for compliance – e.g., 3 years.
- Those coming into compliance retain proceeds of selling assets, minus 10 percent one-time tax.

UNOFFICIAL DRAFT

  - After compliance, amnesty from prosecution for crimes related to the acquisition of these assets, or past bribery or corruption charges.
- For those failing to come into compliance, state forcibly sells assets on behalf of those targeted and retains 30 percent one-time tax
  - No amnesty from prosecution for past crimes.
  - Failure to accept sale is prosecutable offense in itself.
- Agree on implementation of such legislation with U.S., EU, IMF as major reform
- Establish special, international Court of Appeals in London or The Hague to oversee implementation of legislation and adjudicate contested cases

Political Benefits

- Provides ambitious, major reform that truly tackles entire system in Ukraine, commensurate with President Zelensky's campaign promises.

- Use as litmus test for those seeking election to Rada – President's candidates will adopt pledge to support such legislation, and challenge others to do the same. Creates identity and method for advancing President's agenda through Rada election.

- Use as a compact with U.S., EU, and IMF as basis for securing further tranches of budgetary support, technical assistance, and support for private sector business investment.

- Establishes President and his political party as fundamentally aligning with EU and U.S. standards.

- Implementation will open door to substantial foreign investment that will raise GDP growth, job creation, and wages.

- Creatives "pole of attraction" for occupied territories in Donbas and Crimea.

UNOFFICIAL DRAFT

United States Senate
WASHINGTON, DC 20510

September 3, 2019

Mick Mulvaney
Director
Office of Management and Budget
725 17th Street N.W.
Washington, D.C. 20007

Dear Director Mulvaney:

As members of the bi-partisan Ukraine Caucus we write to express our deep concerns of reports that the Administration is considering not obligating the Ukraine Security Initiative funds for 2019.

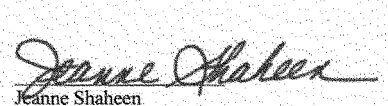

This body has long advocated for increasing the military capacity and capabilities of Ukraine—a fledgling democracy that is pro-West and pro-United States, and since 2014 has been under increased military, political and economic pressure from Russia.

The funds designated for the Ukraine Security Assistance Initiative are vital to the long term viability of the Ukrainian military. It has helped Ukraine develop the independent military capabilities and skills necessary to fend off the Kremlin's continued onslaughts within its territory. In fact, Ukraine continues to fight daily on its eastern border against Russia-backed separatists in the provinces of Donetsk and Luhansk, and over 10,000 Ukrainian soldiers and civilians have lost their lives in this war. U.S.-funded security assistance has already helped turn the tide in this conflict, and it is necessary to ensure the protection of the sovereign territory of this young country, going forward. This is not only critical from a security perspective, but it is the only way for Ukrainians to continue their progress toward reforming and defending their country's democratic institutions. In this way, we are helping Ukraine to one day become a net assistance provider, and not just a recipient.

We have worked hard in a bi-partisan manner in the Senate to provide funding for a security assistance program for Ukraine that is effective, transparent and fiscally responsible. This funding is crucial to the long term stability of Ukraine and has the continued backing and approval of the U.S. Congress which appropriated these funds. We strongly urge you to direct the Department of Defense to obligate these funds immediately.

Thank you for your prompt attention to this matter.

Sincerely,

Jeanne Shaheen

Ambassador, good to meet you. I look forward to working with you.
Bill
[6/19/19, 5:12:14 AM] Gordon Sondland: This message was deleted.
[6/19/19, 5:13:31 AM] Gordon Sondland: Bill, thanks for joining us on the call yesterday. This is a great team working together in support of the Ukranian people. I look forward to meeting you in person soon. All the best, Gordon
[6/19/19, 9:33:02 AM] Bill Taylor: Thanks, Gordon -- a very productive call. We are working on several of the actions and will keep you posted on progress. Bill
[6/24/19, 3:01:31 PM] Bill Taylor: Gordon,
Can I ask you to see if you can break through on two key issues: a date from the White House for the Ze visit and a senior lead for a delegation to Kyiv for their Independence Day parade and celebration on August 24. The date for the visit is urgent. The NSC has not been able get a date (many are traveling, of course). Two years ago Secretary Mattis came for Independence Day; last year Ambassador Bolton, Secretary Pompeo can't make it, The Vice President? Many thanks
[6/26/19, 3:48:43 PM] Bill Taylor: Gordon,
You might not have seen the message from George Kent on the high side that tells us that senior levels at the WH said that the visit is not happening any time soon. Very discouraging. Any chance you can turn this around? If not, I don't think a senior call with the Ukrainians on Friday as your staff is suggesting makes sense. (Plus it's a Ukrainian holiday -- Constitution Day.) Your thoughts?
[6/26/19, 3:49:33 PM] Kurt Volker: Let's have an internal call Friday -- three of us plus Secretary Perry. - Kurt
[6/26/19, 3:50:13 PM] Gordon Sondland: This is Vindman and is being fixed. Agree Kurt, lets talk Fri
[6/26/19, 3:51:04 PM] Bill Taylor: Good idea.
[6/27/19, 7:13:33 AM] Bill Taylor: Gordon, is this fixed? If we have a date for the meeting, I am glad to ask Ukrainians to talk to us tomorrow on their Constitution Day holiday. If we don't yet have a date, I am reluctant and agree with Kurt that the call tomorrow should be just Americans. Thoughts?
[6/27/19, 7:53:52 AM] Gordon Sondland: Just Americans tomorrow. Give me a call when u can on this line
[6/27/19, 8:46:02 AM] Bill Taylor: Calling now
[6/27/19, 10:23:19 AM] Bill Taylor: Calling again shortly
[6/27/19, 10:28:11 AM] Bill Taylor: Call when it's convenient. I will be on this number for the next 30 minutes. After that, I will be in my office and will need an email alert to come get this phone.
taylorwb@state.gov
[6/28/19, 9:47:19 AM] Bill Taylor: Call this afternoon still on?
[6/28/19, 9:52:06 AM] Gordon Sondland: Yes, they will be calling you. Just got moved by Ukraine to 10:15-10:30 Eastern
[6/28/19, 9:52:52 AM] Bill Taylor: Got it -- thanks
[6/28/19, 11:03:23 AM] Bill Taylor: Good call.
Thanks for including me and for the Secretary's kind endorsement. Good luck in Toronto, Kurt
[6/28/19, 11:08:30 AM] Gordon Sondland: Whew, glad you stayed on!
[6/28/19, 11:13:33 AM] Bill Taylor: Me, too. I might see him Sunday with Congressman Hoyer's congressional delegation.
[6/28/19, 11:15:54 AM] Bill Taylor: How do you plan to handle informing anyone else about the call? I will completely follow your lead.
[6/28/19, 11:23:52 AM] Kurt Volker: I think we just keep it among ourselves to try to build working relationship and just get the d*** date for the meeting!
[6/28/19, 11:23:57 AM] Kurt Volker: :)
[6/28/19, 11:34:39 AM] Gordon Sondland: Agree with KV. Very close hold
[6/28/19, 11:37:32 AM] Bill Taylor: Got it
[7/3/19, 1:20:45 PM] Bill Taylor: Kurt had a good meeting with Ze, I hear. I just sent Danyliuk's strategic partnership plan in preparation for next Wednesday's meeting. OK to talk with Ulrich about these conversations, or have you already briefed him?
[7/3/19, 1:22:28 PM] Gordon Sondland: Did Danyliuk get confirmed with Bolton for next week?
[7/3/19, 1:26:21 PM] Bill Taylor: Yes -- 2 PM Wednesday
[7/3/19, 1:50:06 PM] Gordon Sondland: I have not briefed Ulrich yet. Waiting for the Bolton meeting and then a comprehensive briefing. If you want to chat with him sooner, no worries on my end. Have a great 4th!
[7/3/19, 1:54:03 PM] Bill Taylor: Thanks -- to you as well.
[7/7/19, 10:04:34 AM] Bill Taylor: Prystaiko is with the president at the line of contact. They asked if we have anything more on the phone call. I am with Danyliuk in his helicopter on the way back from the Crimean border. Can pass on any new information.
[7/7/19, 10:07:30 AM] Gordon Sondland: We are seeing Danyliuk in a couple of days. Better face to face with Bolton
[7/7/19, 1:50:19 PM] Bill Taylor: As Kurt knows, the NSDC office is a ways from the president's. For now, Prystaiko is physically closer, traveling with Ze to Toronto and the line of contact. Let me know if I can get answers.
[7/7/19, 2:15:32 PM] Gordon Sondland: Call me.
[7/7/19, 2:29:01 PM] Bill Taylor: Just called. Let me know what's a convenient time.
[7/7/19, 2:34:01 PM] Kurt Volker: Gordon - maybe we can talk e Mulvaney on Monday by phone? Kurt
[7/7/19, 5:08:56 PM] Gordon Sondland: Yes, lets do that
[7/7/19, 11:24:09 PM] Bill Taylor: Great. If you get me a time for the call, I will get them ready and the call on their schedule.
[7/10/19, 7:56:33 AM] Bill Taylor: Just had a meeting with Andriy and Vadym. Very concerned about what Lutsenko told them -- that, according to RG, the ZE-POTUS meeting will not happen. Advice?
[7/10/19, 7:57:58 AM] Kurt Volker: Good grief. Please tell Vadym to let the official USG representatives speak for the U.S. lutsenko has his own self-interest here...
[7/10/19, 7:58:37 AM] Bill Taylor: Exactly what I told them.
[7/10/19, 7:59:41 AM] Bill Taylor: And I said that RG is a private citizen.
[7/10/19, 11:43:41 AM] Bill Taylor: I briefed Ulrich this afternoon on this.
[7/10/19, 2:26:06 PM] Bill Taylor: Eager to hear if your meeting with Danyliuk and Bolton resulted in a decision on a call.
[7/10/19, 10:26:13 PM] Bill Taylor: How did the meeting go?
[7/10/19, 10:29:44 PM] Kurt Volker: Not good — let's talk — kv

[7/10/19, 10:31:20 PM] Bill Taylor: Just called. You are on the phone.
[7/14/19, 10:07:27 AM] Gordon Sondland: Everyone is now focused on making the Potus ZE call happen prior to 7/21
[7/14/19, 10:09:33 AM] Kurt Volker: Anything new you have heard?
[7/14/19, 10:12:57 AM] Gordon Sondland: Tim Morrison is also tracking now. Good sign
[7/14/19, 10:16:46 AM] Bill Taylor: They will make it happen whenever, but they want him in an office, ideally his, so the connection and interpretation are clear. Any indication of timing most welcome
[7/15/19, 10:10:22 AM] Bill Taylor: We keep getting readouts of the Danyliuk-Bolton meeting that predict no phone call or meeting any time soon. This can't be my message to Ze. How to proceed?
[7/15/19, 10:31:05 AM] Gordon Sondland: Talking to NSC tomorrow at 8:30 eastern
[7/16/19, 12:47:13 PM] Bill Taylor: Make any progress?
[7/17/19, 10:46:23 AM] Bill Taylor: Danyliuk just asked if there was any news from the WH. Any update?
[7/17/19, 10:47:01 AM] Gordon Sondland: I put in a call to Potus and am waiting for a return
[7/17/19, 10:47:44 AM] Bill Taylor: Excellent -- thanks, Gordon
[7/18/19, 10:19:54 AM] Bill Taylor: OMB on a SVTS just now said that all security assistance to Ukraine is frozen, per a conversation with Mulvaney and POTUS. Over to you.
[7/18/19, 11:07:38 AM] Gordon Sondland: All over it
[7/19/19, 10:19:16 AM] Bill Taylor: Can we marshal our forces to get a congratulatory phone call from POTUS to Ze mid to late next week, assuming the election goes well and Servant of the People does well?
[7/19/19, 11:31:03 AM] Gordon Sondland: Talked to WH. This is moving but post election
[7/19/19, 11:49:51 AM] Bill Taylor: If we can get a congratulatory call post election, that could begin to establish the relationship?
[7/19/19, 4:48:42 PM] Kurt Volker: Can we three do a call tomorrow -- say noon WASHINGTON?
[7/19/19, 5:50:29 PM] Gordon Sondland: Looks like Potus call tomorrow. I spike directly to Zelensky and gave him a full briefing. He's got it.
[7/19/19, 5:52:57 PM] Gordon Sondland: Sure!
[7/19/19, 7:01:22 PM] Kurt Volker: Good. Had breakfast with Rudy this morning -- teeing up call w Yermak Monday. Must have helped. Most impt is for Zelensky to say that he will help investigation -- and address any specific personnel issues -- if there are any
[7/19/19, 11:53:55 PM] Bill Taylor: Good idea for us to check in at noon Washington time. I just heard that the POTUS call that had been scheduled for 1500 Kyiv time today has been put on hold pending the outcome of the election tomorrow. Is that what you hear?
[7/20/19, 4:52:58 AM] Bill Taylor: If possible, I'd like to at least know when these are scheduled. I can at least reinforce what you are doing.
[7/20/19, 4:53:15 AM] Gordon Sondland: Call me Bill thx
[7/20/19, 10:41:01 AM] Bill Taylor: Do we need to talk at noon Washington time?
[7/20/19, 10:45:50 AM] Kurt Volker: Yes - I'm available. Not sure if Gordon can or not but let's plan on it, and we'll loop Gordon in if we can
[7/20/19, 11:33:00 AM] Bill Taylor: Kupperman (sp?) wants to talk to Danyliuk secure so I am meeting taking him to my office. Can we reschedule?
[7/20/19, 11:37:11 AM] Kurt Volker: Absolutely
[7/20/19, 11:37:19 AM] Kurt Volker: Anytime today will work for me
[7/20/19, 11:46:20 AM] Bill Taylor: Maybe after the Kupperman-Danyliuk call? Around 9 my time tonight?
[7/20/19, 12:29:14 PM] Kurt Volker: Ok
[7/20/19, 1:48:41 PM] Bill Taylor: Just finished with Danyliuk. Will be in the car in 10 minutes. Call then?
[7/20/19, 1:49:33 PM] Kurt Volker: Yes - good
[7/20/19, 2:27:04 PM] Bill Taylor: Call now?
[7/21/19, 1:45:54 AM] Bill Taylor: Gordon, one thing Kurt and I talked about yesterday was Sasha Danyliuk's point that President Zelenskyy is sensitive about Ukraine being taken seriously, not merely as an instrument in Washington domestic, reelection politics.
[7/21/19, 4:45:44 AM] Gordon Sondland: Absolutely, but we need to get the conversation started and the relationship built, irrespective of the pretext. I am worried about the alternative.
[7/21/19, 5:21:47 AM] Bill Taylor: So, the call tomorrow can be a positive step.
[7/22/19, 12:15:55 AM] Bill Taylor: Good, pretty long meeting -- both one-on-one and with Bohdan, Sasha, Yermak, Razumkov -- with the president at his campaign headquarters last night. Interested in both the call and meeting. I couldn't be specific.
[7/22/19, 12:17:16 AM] Bill Taylor: Sounds like Washington is thinking about a congratulatory call in the next couple of days -- Kupperman wrote asking when the results will be known.
[7/22/19, 12:20:58 AM] Bill Taylor: Very good election result for Zelenskyy and us. Likely a young, Western-oriented prime minister. Ze likely in coalition with Vakarchuk (with whom I have met one-on-one twice in the last three days).
[7/22/19, 12:22:01 AM] Gordon Sondland: So Monday call was just rumor?
[7/22/19, 12:28:22 AM] Bill Taylor: Doesn't sound like from either side that it was actually scheduled.
[7/22/19, 8:38:05 AM] Kurt Volker: Yermak thinks Call is at 6pm Kiev today. Bill -- any idea? Should I call sitroom?
[7/22/19, 8:40:38 AM] Gordon Sondland: Good idea
[7/22/19, 8:42:39 AM] Bill Taylor: Tim Morrison just told me it's not on today and I should tell Danyliuk that they will schedule through him shortly.
[7/22/19, 8:43:12 AM] Bill Taylor: I have told Sasha (and Vadym).
[7/22/19, 8:44:12 AM] Bill Taylor: Don't you think we should work through Sasha?
[7/22/19, 8:46:03 AM] Kurt Volker: Yes -- you've got the latest. That's good. Work thru Sasha. And great they will schedule thru danyliyuk. Keep us posted what you hear.
[7/22/19, 8:46:10 AM] Kurt Volker: I'll tell Yermak same thing
[7/22/19, 8:46:52 AM] Bill Taylor: Excellent. Will do
[7/23/19, 4:18:41 AM] Bill Taylor: NSC is trying to schedule the call for Thursday. I am checking with Sasha to see if that works for them.
[7/23/19, 4:28:55 AM] Gordon Sondland: Great. I will be in Kyiv Thu night
[7/23/19, 4:57:47 AM] Bill Taylor: Looking forward to seeing you here!
[7/23/19, 11:33:06 PM] Bill Taylor: NSC now looking at Friday for the call. Ukrainians are checking to see if that works
[7/24/19, 1:39:08 AM] Kurt Volker: Great! Sounds like this is now on track?
[7/24/19, 1:40:57 AM] Gordon Sondland: Fly
[7/24/19, 1:41:05 AM] Gordon Sondland: Vey
[7/24/19, 2:56:33 AM] Bill Taylor: Is right. Also, some question about which day to go east, which to stay here for meetings. On the call, it sounds like the NSC is on board with the call and are just trying to get it scheduled. Not final but shooting for Friday. I am waiting to hear if Friday works for the Ukrainians.
[7/24/19, 2:57:25 AM] Kurt Volker: Great. I'll go east on whichever day in order to accommodate zelenskyy -- fine either way
[7/24/19, 2:57:41 AM] Gordon Sondland: Call me just spoke to Danyliuk. I have clarity

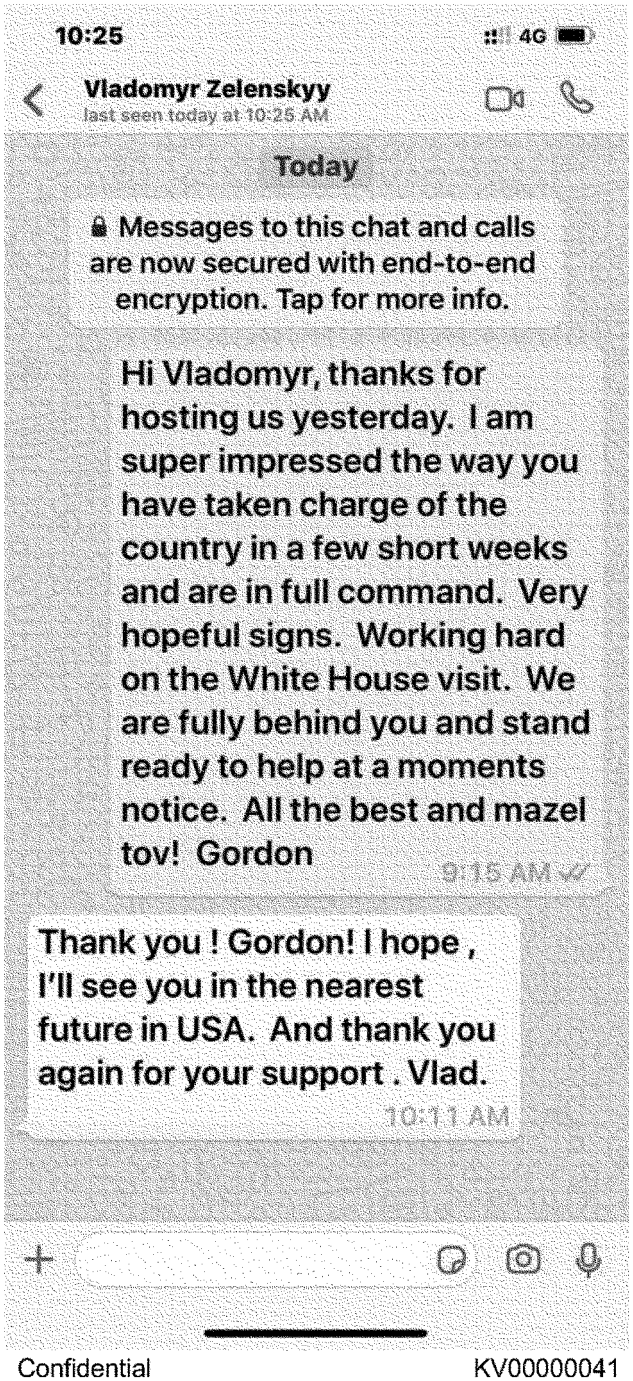

[7/24/19, 2:58:21 AM] Bill Taylor: Calling now
[7/24/19, 3:30:19 AM] Bill Taylor: Prystaiko and Danyliuk are now coordinating the call. President Zelenskyy is traveling on Friday.
[7/24/19, 3:39:03 AM] Kurt Volker: Ok -- so we are meeting Ze on Thursday and going east Friday?
[7/24/19, 3:39:09 AM] Kurt Volker: Great the call is on!
[7/24/19, 3:39:25 AM] Kurt Volker: Have just boarded in Zurich en route to Vienna
[7/24/19, 3:50:52 AM] Bill Taylor: The call is not yet scheduled -- NCS trying for Friday. Zelensky traveling on Friday, they prefer Thursday. Prystaiko wants our meeting and the POTUS call on Thursday, trip to the East on Friday. That doesn't work for you, Gordon.
[7/24/19, 4:03:15 AM] Kurt Volker: We should do what works for Ze on Kyiv/S-L schedule. Most impt thing is that potus call happens no matter what day.
[7/24/19, 9:18:00 AM] Bill Taylor: Still waiting on word from NSC on the phone call tomorrow. President Zelenskyy will be here on Friday morning if you two wanted to schedule a meeting with him then. That would, however, make the trip to the East with Prystaiko difficult.
[7/24/19, 9:23:08 AM] Gordon Sondland: My primary objective is Zelensky. Friday morning is great
[7/24/19, 9:24:13 AM] Bill Taylor: Got it, Kurt?
[7/24/19, 10:33:55 AM] Kurt Volker: Gordon -- can you get there in time for a Thursday meeting? I think it is important to see the conflict area and the people affected by it -- and in doing, reinforce zelensky's substantive efforts.
[7/24/19, 10:39:20 AM] Bill Taylor: There is a report -- from Vadym via an irritated Sasha -- that the phone call could happen at 7 tomorrow evening our time. Tim Morrison is trying to confirm.
[7/24/19, 10:41:07 AM] Kurt Volker: That's great! Why are they irritated? They are getting the date they asked for.
[7/24/19, 10:41:47 AM] Kurt Volker: Also -- Gordon just called and danyluyk said meeting w president is confirmed for 11am Friday -- so we should keep the trip east on Thursday
[7/24/19, 2:08:46 PM] Bill Taylor: The phone call is now confirmed for tomorrow at 16.00 Kyiv time. We are planning the trip to the East after the Zelenskyy meeting on Friday morning.
[7/24/19, 2:54:33 PM] Gordon Sondland: Thanks Bill
[7/24/19, 2:55:48 PM] Bill Taylor: Looking forward to seeing you both tomorrow.
[7/24/19, 3:25:23 PM] Kurt Volker: Outstanding -- thanks! Kurt
[7/25/19, 12:00:55 PM] Bill Taylor: Gordon, Kurt and I will be at the restaurant in 10 minutes. Sounds like the call went well. Sasha will give us a readout.

[7/27/19, 7:21:45 AM] Gordon Sondland: Ric and I are talking later today
[7/27/19, 7:22:16 AM] Kurt Volker: Great -- give him my best. I'm arriving to Kyiv on aug 23 and departing aug 25.
[7/27/19, 7:22:31 AM] Kurt Volker: Would be happy if he joined
[7/27/19, 7:23:56 AM] Bill Taylor: Thanks for getting him on message, Gordon. This is why you are the US ambassador to Europe.
[8/1/19, 9:54:13 AM] Kurt Volker: Hi bill -- what's the status on dates? Thanks
[8/1/19, 10:04:23 AM] Gordon Sondland: Kurt, thx for flagging. Bill, S' office getting conflicting info. Did the WH formally offer dates for Ze's consideration,
[8/1/19, 10:42:45 AM] Bill Taylor: WH offered three windows: the weeks of September 9, 16 and 30. The Ukrainians want to make one trip, so either the week before UNGA or the week after. Ball is back in Tim's court.
[8/1/19, 11:03:57 AM] Kurt Volker: Thanks! I'm seeing Tim tomorrow and will ask. I guess the week of 16th in this case makes most sense. A shame not to do it 3 weeks earlier...
[8/1/19, 11:06:47 AM] Bill Taylor: Yes, but let Tim handle it!
[8/1/19, 11:07:21 AM] Kurt Volker: Of course!
[8/1/19, 11:07:45 AM] Gordon Sondland: This team works like a Swiss Watch
[8/1/19, 11:08:28 AM] Kurt Volker: Or a Timex.... takes a licking and keeps on ticking... :)
[8/1/19, 11:58:28 AM] Bill Taylor: I know about the licking part
[8/3/19, 6:27:26 AM] Bill Taylor: Standing by to hear from Tim who had hoped to have a date by yesterday.
[8/3/19, 6:34:01 AM] Bill Taylor: On another topic, we just met a staffdel from the Senate Armed Services Committee. Very supportive. But also very concerned that the message on Ukraine in Washington is neutral at best and negative in many spheres -- the Russian message: Ukraine is lost, totally corrupt, beyond saving not worth investing in. Makes these staffers' jobs harder -- increase military support to Ukraine. (They had heard about the proposed pause in security assistance to Ukraine.) Kurt, we may need Steve Hadley to reengage.
[8/3/19, 11:19:50 AM] Gordon Sondland: I have a sec call w Tim Mon. Sounds like bad news. Kurt, call if u have a sec. thx
[8/3/19, 1:39:17 PM] Kurt Volker: Hi all -- Gordon -- will call in a bit -- had a long talk w Tim on Friday. Seeing steve H on Thursday. We just keep working it....
[8/4/19, 8:52:00 AM] Bill Taylor: I just talked to Tim secure. He's looking forward to talking with you, Gordon, tomorrow. Kurt is right -- work to do.
[8/6/19, 4:15:13 AM] Bill Taylor: Now that we have all three talked with Tim, what's our strategy?
[8/6/19, 7:00:55 AM] Kurt Volker: Keep going...
[8/6/19, 7:01:35 AM] Kurt Volker: Formally, WH asked for a preference on week from ukraine, and ukraine responded?
[8/6/19, 7:02:05 AM] Kurt Volker: There should be a paper going up that seeks a decision based on that, no?
[8/6/19, 7:57:32 AM] Bill Taylor: Ukraine responded saying that they want to plan one trip, so the week before UNGA or the week after works. The week of September 9 doesn't. But my conversation with Tim on Sunday did not fill me with hope that they will agree on a date any time soon unless, Tim said, "Gordon turns it around."
[8/6/19, 7:59:21 AM] Bill Taylor: Gordon, you talked to Tim yesterday, right? Is that your sense? (Tim actually said, "Unless Gordon turns it around like he did with the phone call."
[8/6/19, 8:27:12 AM] Bill Taylor: So, Kurt, I don't think a paper is going up -- at least as of Sunday.
[8/6/19, 10:11:17 AM] Kurt Volker: That does sound right...
[8/6/19, 10:27:04 AM] Gordon Sondland: Tim and I had to bump secure till Thurs morning. I am working the problem however
[8/29/19, 3:00:42 PM] Bill Taylor: Meeting on for 2:40 Sunday afternoon
[8/29/19, 3:01:01 PM] Kurt Volker: Full bilat?
[8/29/19, 3:01:28 PM] Bill Taylor: Yup, an hour.
[8/29/19, 3:01:48 PM] Kurt Volker: Outstanding!!
[8/29/19, 3:02:08 PM] Gordon Sondland: Fantastic News Bill
[8/29/19, 3:02:55 PM] Gordon Sondland: Vlad must have made quite the impression on John B
[8/29/19, 3:03:01 PM] Bill Taylor: You are listed as a participant, Gordon.
[8/29/19, 3:04:10 PM] Bill Taylor: He did have a good, long meeting.
[8/29/19, 3:04:43 PM] Bill Taylor: Does this mean no Washington meeting?

[8/29/19, 3:05:02 PM] Kurt Volker: Just the opposite — should open the door
[8/29/19, 3:05:33 PM] Bill Taylor: Hope you are right
[8/30/19, 12:14:57 AM] Bill Taylor: Trip canceled
[8/30/19, 12:16:02 AM] Kurt Volker: Hope VPOTUS keeps the bilat — and tees up WH visit…
[8/30/19, 12:16:18 AM] Kurt Volker: And hope Gordon and Perry still going…
[8/30/19, 5:31:14 AM] Gordon Sondland: I am going. Pompeo is speaking to Potus today to see if he can go.
[9/1/19, 12:08:57 PM] Bill Taylor: Are we now saying that security assistance and WH meeting are conditioned on investigations?
[9/1/19, 12:42:29 PM] Gordon Sondland: Call me
[9/3/19, 11:49:46 AM] Bill Taylor: Defense Minister Zagorodnyuk is calling you both about security assistance. I think Kurt talked with him last night.
[9/4/19, 9:55:18 AM] Kurt Volker: Yes — we had a good talk — Bill — I'll call you later today
[9/4/19, 11:08:05 AM] Bill Taylor: Sounds good. Am heading to the airport to pick up Senators Johnson and Murphy. Messages for them?
[9/4/19, 12:42:20 PM] Kurt Volker: Thank you for the letter!! And push for WH visit…
[9/4/19, 12:42:44 PM] Kurt Volker: Being denied visas for Russia is a badge of honor
[9/4/19, 12:44:03 PM] Kurt Volker: Even more convinced of our assessment after inauguration— zelenskyy is the real deal and he needs our support
[9/4/19, 3:22:02 PM] Bill Taylor: Made those points. They are in exactly the right place.
[9/12/19, 12:08:40 AM] Kurt Volker: Hi — got an email overnight from SASC — says hold is lifted. Let's verify…
[9/12/19, 12:10:19 AM] Bill Taylor: Got the same message. Checking with NSC
[9/12/19, 12:10:49 AM] Kurt Volker: Great - thanks! Let me know what you hear!

[9/12/19, 3:58:08 AM] Bill Taylor: Yup
[9/12/19, 3:58:31 AM] Kurt Volker: Will be interesting to talk w Honcharuk on Saturday
[9/12/19, 3:59:09 AM] Bill Taylor: Yes

[7/22/19, 4:28:26 PM] Kurt Volker: I have call into Fiona's replacement and will call Bolton if needed.
[7/22/19, 4:28:48 PM] Kurt Volker: But I can tell Bolton and you can tell Mick that Rudy agrees on a call, if that helps
[7/22/19, 4:30:10 PM] Gordon Sondland: I talked to Tim Morrison, (Fiona's replacement). He is pushing but feel free as well.

We still meeting in Kyiv Fri?
[7/22/19, 4:30:35 PM] Kurt Volker: Yes — Morrison. We're talking in 5

[7/25/19, 9:35:32 AM] Kurt Volker: Hi Gordon - got your message. Had a great lunch w Yermak and then passed your message to him. He will see you tomorrow. Think everything in place
[7/26/19, 9:34:51 AM] Kurt Volker: Hi Gordon — when are you flying, and when can I call you about Sweden? Kurt
[7/26/19, 9:39:42 AM] Gordon Sondland: Call
[7/26/19, 9:41:03 AM] Kurt Volker: When we land — still in helo — maybe another 45 min?
[7/26/19, 9:41:12 AM] Gordon Sondland: Sure
[7/26/19, 4:54:58 PM] Kurt Volker: Hi Gordon - we could not get a chance to call. Free for 2 min or call tomorrow? Kurt
[7/26/19, 11:23:43 PM] Gordon Sondland: In air. On ground after 10am Brussels time
[7/27/19, 12:43:35 AM] Kurt Volker: Ok - will call
[7/27/19, 6:14:08 AM] Kurt Volker: Hi Gordon — have an hour now — let's talk when you can.
[7/27/19, 6:15:50 AM] Kurt Volker: I want to connect you to the Swedish ambassador in Washington, who was dispatched from her vacation to go back to work...
[7/29/19, 9:29:26 AM] Kurt Volker: Hi Gordon — can you take a call?
[7/29/19, 9:30:27 AM] Gordon Sondland: Yes
[7/29/19, 10:56:47 AM] Kurt Volker: I gather potus is getting à Sweden briefing this afternoon -- Swedes met with O'Brien, and somehow WH lawyer thinks they did not take the meeting.... crazy...
[7/29/19, 12:05:24 PM] Gordon Sondland: Missed voice call
[7/29/19, 12:05:41 PM] Kurt Volker: Call you back in 15
[7/29/19, 12:05:52 PM] Gordon Sondland: Sure

[8/4/19, 4:21:51 PM] Kurt Volker: Gordon — on east coast time?
[8/4/19, 4:22:29 PM] Gordon Sondland: West coast
[8/4/19, 4:22:46 PM] Kurt Volker: Even better — call in a few?
[8/4/19, 4:22:54 PM] Gordon Sondland:
[8/9/19, 10:36:23 AM] Kurt Volker: Got a minute? Best - Kurt
[8/9/19, 10:56:31 AM] Gordon Sondland: Missed voice call
[8/9/19, 5:35:53 PM] Gordon Sondland: Morrison ready to get dates as soon as Yermak confirms.
[8/9/19, 5:46:21 PM] Kurt Volker: Excellent!! How did you sway him? :)
[8/9/19, 5:47:34 PM] Gordon Sondland: Not sure i did. I think potus really wants the deliverable
[8/9/19, 5:48:00 PM] Kurt Volker: But does he know that?
[8/9/19, 5:48:09 PM] Gordon Sondland: Yep
[8/9/19, 5:48:37 PM] Gordon Sondland: Clearly lots of convos going on
[8/9/19, 5:48:38 PM] Kurt Volker: Ok — then that's good it's coming from two separate sources
[8/9/19, 5:51:18 PM] Gordon Sondland: To avoid misunderstandings, might be helpful to ask Andrey for a draft statement (embargoed) so that we can see exactly what they propose to cover. Even though Ze does a live presser they can still summarize in a brief statement. Thoughts?
[8/9/19, 5:51:42 PM] Kurt Volker: Agree!
[8/10/19, 11:58:56 AM] Gordon Sondland: Anything from Andrey?
[8/10/19, 1:22:51 PM] Kurt Volker: Not yet — will give him some time
[8/10/19, 1:23:24 PM] Gordon Sondland: I briefed Ulrich. All good
[8/10/19, 5:12:44 PM] Kurt Volker: This came in from Andrey — I suggested we talk at my 10am / his 5pm tomorrow...
[8/10/19, 5:12:49 PM] Kurt Volker: Hi Kurt. Please let me know when you can talk. I think it's possible to make this declaration and mention all these things. Which we discussed yesterday. But it will be logic to do after we receive a confirmation of date. We inform about date of visit and about our expectations and our guarantees for future visit. Let discuss it
[8/10/19, 5:14:08 PM] Gordon Sondland: If that's 10am Eastern, I can join you if you wish.
[8/10/19, 5:14:31 PM] Kurt Volker: Yes — hoping you can!
[8/10/19, 5:14:51 PM] Gordon Sondland: Great. You want to call State ops or shall I?
[8/10/19, 5:15:05 PM] Kurt Volker: No — I'll just do via what's App
[8/10/19, 5:15:28 PM] Gordon Sondland: Perfect. Talk tomorrow.
[8/11/19, 9:48:53 AM] Kurt Volker: Hi Gordon — ready in 10 min?
[8/11/19, 9:49:08 AM] Gordon Sondland: Yes
[8/11/19, 9:51:16 AM] Kurt Volker: He needs another 15 min. So 10:15

[8/11/19, 9:52:54 AM] Gordon Sondland: Ok
[8/13/19, 9:20:21 AM] Kurt Volker: You free?
[8/13/19, 10:26:44 AM] Kurt Volker: Special attention should be paid to the problem of interference in the political processes of the United States, especially with the alleged involvement of some Ukrainian politicians. I want to declare that this is unacceptable. We intend to initiate and complete a transparent and unbiased investigation of all available facts and episodes, including those involving Burisma and the 2016 U.S. elections, which in turn will prevent the recurrence of this problem in the future.
[8/13/19, 10:27:20 AM] Gordon Sondland: Perfect. Lets send to Andrey after our call
[8/13/19, 10:27:53 AM] Kurt Volker: Yes

[8/15/19, 7:26:36 AM] Gordon Sondland: Hi, did you connect with Andrey?
[8/15/19, 7:34:14 AM] Kurt Volker: Not yet - will talk w bill and then call him later today. Want to know our status on asking them to investigate
[8/15/19, 7:51:49 AM] Gordon Sondland: Good thought
[8/17/19, 2:48:40 PM] Gordon Sondland: Yermak just tapped on me about dates. Havent responded. Any updates?
[8/17/19, 3:02:55 PM] Kurt Volker: Hi -- I've got nothing. Bill had no info on requesting an investigation -- calling a friend at DOJ (Bruce Schwartz)
[8/17/19, 3:06:19 PM] Gordon Sondland: Do we still want Ze to give us an unequivocal draft with 2016 and Boresma?
[8/17/19, 4:34:21 PM] Kurt Volker: That's the clear message so far ...
[8/17/19, 4:34:39 PM] Kurt Volker: I'm hoping we can put something out there that causes him to respond with that
[8/17/19, 4:41:09 PM] Gordon Sondland: Unless you think otherwise I will return Andreys call tomorrow and suggest they send us a clean draft.
[8/17/19, 6:57:11 PM] Kurt Volker: Let's talk tomorrow my morning so you have all latest. We spoke for about 30 min today
[8/17/19, 8:58:05 PM] Gordon Sondland: Deal

Rompetrol II Investigation—Background September 2019

US citizens Phil Stephenson and Colin Hart remain under investigation by DIICOT prosecutors for transactions from 1998-2004 relating to the privatization and restructuring of Petromidia, Romania's largest refinery.

Starting in 1998, Phil, Colin and local partners invested in, raised money for, and helped manage The Rompetrol Group (TRG). They brought in as co-investors the World Bank's IFC, Germany's development fund DEG, and Austrian oil major OMV in what prosecutors later bizarrely described as an organized crime group. With technology and funding from the US and Europe, TRG's international management team revamped the outdated refinery and built a successful retail gas station network which continues today.

In the late 1990s investors like Phil, Colin and others bought assets at rock bottom prices as Romania, not yet in the EU or NATO, was on its knees economically with exhortations from the IMF to either privatize state owned dinosaurs immediately or lose critical funding. In response, Romanian officials had no choice but to sell assets at prices that their successors later came to regret once the Romanian economy stabilized. Though these were legal transactions at the time, the Romanian prosecutors later hoped to find flaws in them that would justify re-nationalizing the assets (in this case almost 20 years after the deal was done.)

Troubles first began in 2004 when Petromidia turned its first profit four years after Phil and Colin got involved. Local oil barons, losing out to Rompetrol in a competitive market because they lacked transparency and therefore access to financing, suggested "merging with Rompetrol" on very favorable returns – "or you will face problems". Three months after the US citizens said no, a series of government inspections, reports, and tax raids started including the opening of a criminal investigation against a dozen Rompetrol executives, including Phil and Colin **(Rompetrol I).**

Prosecutors **dropped the investigation against Colin and Phil in 2006.** Both men sold their Romanian interests in 2007 and exited Romania completely. A majority of TRG was sold to Kazahkstan's oil company (KMG) at the top of the oil price market. Prosecutors today see the difference between 2000's low buy price and 2007's high sale price as evidence that Romanian officials were somehow tricked (or forced by the IMF) into selling too low. The actual reasons for the high profit was a perfect storm of (a) improvements in the global economy, (b) expanding credit conditions, (c) record high oil prices, (d) expanding refining margins, (e) Kazakhstan's desperation to own an EU refinery (f) better management of a company that had expanded its presence to Holland, France, Spain, Bulgaria, and other countries.

Surprisingly, a new Rompetrol investigation **started in April 2016 (Rompetrol II)** after a ten-year hiatus. This second investigation justified Romania freezing the assets of the new owners of Rompetrol (KMG) when a dispute over a billion-dollar investment promise by KMG failed to materialize and soured Romania-Kazakh relations.

Colin and Phil have hired US and Romanian counsel and fully participated as required under Romanian law (without physically visiting Bucharest). While corruption remains a big problem in Romania that needs fighting, the Rompetrol case is not about corruption. No public officials are accused, and no allegations of bribery have ever been raised by anyone during the 15-year span of this Rompetrol investigation.

These accusations suffer from fatal deficiencies, including:

- Expired statute of limitations;
- Lack of evidence proving specific actions or intent of each accused; (both Rompetrol I and II have followed a Soviet-style "gang trial" approach);
- Lack of due process (missing evidence binders, procedural delays, refusal to subpoena foreign witnesses or to obtain exculpatory evidence located outside of Romania.

Letters from U.S. legislators since 2005-2019 have helped keep a spotlight on the need to adhere to due process standards. On May 13, 2019, legal counsel for Phil and Colin filed a **request for dismissal of all charges**. Legal counsel believes the current prosecutors no longer believe in the case and would like to dismiss. There are many good legal reasons for dismissal but finding someone to take responsibility for this after so much time and resources have been expended is challenging.

[11/12/17, 5:36:25 AM] Pavlo Klimkin: Messages to this chat and calls are now secured with end-to-end encryption.
[11/12/17, 5:36:25 AM] Kurt Volker: Test -- morning Pavlo! - Kurt
[11/12/17, 5:59:38 AM] Pavlo Klimkin: It's a good test) p
[11/12/17, 5:59:41 AM] Pavlo Klimkin: Missed video call
[11/12/17, 6:00:20 AM] Kurt Volker: Great -- I had a good meeting with Etienne and De Riviere yesterday. Nothing new.
[11/12/17, 6:01:12 AM] Kurt Volker: On the "elements" paper -- I revised it to take account of input from your paper, and especially our phone call. Emphasis on geography (all of conflict zone, and conflict zone only); local policing supervision; and the border.
[11/12/17, 6:01:36 AM] Kurt Volker: Sending here -- hope you can open it -- let me know -- would like to send to RU today before tomorrow's meeting
[11/12/17, 6:01:47 AM] Kurt Volker: 171111 Draft parameters - after ukr input.docx <attached: 00000008-171111 Draft parameters - after ukr input.docx>
[11/12/17, 6:01:57 AM] Pavlo Klimkin: Great good luck for tomorrow
[11/12/17, 8:08:05 AM] Pavlo Klimkin: I've had a look through this paper and still see a number of points which need to be properly addressed, especially the geographical scope: only territories of certain occupied areas, the border,": monitoring and control, no local security forces without reshuffling them and putting under our and/or international control. On other points some further adjustments are needed but probably less critical. Anyway the border control is key, broad security function including policing the same. And you know my point about geography and why the RU could be happy with vague formula on that. Best p
[11/12/17, 8:21:45 AM] Kurt Volker: Thanks pavlo -- this is not specific enough on geographic area? K

"Ensure peace and security throughout its area of operations (extending from Ukrainian controlled territory along the line of contact, throughout the contested area, and to the international border with Russia) until such time as all Minsk-related steps have been completed and the territory can be fully restored to Ukrainian control. "
[11/12/17, 10:08:14 AM] Pavlo Klimkin: A, I wasn't able to open it on my phone fully, but we need full consistency through the whole text. I'll try to send you more detailed impression. Important that FKO operations wouldn't extend beyond the occupied territory for reasons I told you before yesterday
[11/12/17, 10:17:30 AM] Kurt Volker: Yes -- in an eventual UNSCR, we'll need lawyers to really scrub the text. For now, these are just key elements, and I think we have the issue covered. The only thing I would say is that the FKO probably needs to operate on both sides of the ceasefire line (like SMM does) -- so maybe 25km back from line, and then throughout occupied territory
[11/12/17, 10:26:05 AM] Pavlo Klimkin: Nominal presence and verification could be considered but not operative part like disarmament and broad security etc.
[11/12/17, 10:27:41 AM] Kurt Volker: Operating in the area from which heavy weapons withdrawn?
[11/12/17, 10:28:47 AM] Pavlo Klimkin: Will not fly and will be misused further down
[11/12/17, 10:29:04 AM] Kurt Volker: Ok
[11/12/17, 10:29:47 AM] Kurt Volker: We may need to revisit, but good for where we are now
[3/7/18, 12:59:37 PM] Pavlo Klimkin: I've been asked whether you are going to meet Surkov in Brussels. It's under discussion or fake?
[3/7/18, 1:00:51 PM] Kurt Volker: fake. No plans, and my understanding is that he refuses to travel to E.U. countries because of sanctions.
[3/7/18, 1:01:18 PM] Kurt Volker: Kortunov will be there, but not expecting anything serious from him
[3/7/18, 1:01:45 PM] Pavlo Klimkin: Ok thanks
[3/7/18, 1:02:16 PM] Kurt Volker: No prob. Who is going from ukraine?
[3/7/18, 1:04:02 PM] Pavlo Klimkin: Ivanna Klimpush should be there, i'll skip it this time)
[3/7/18, 1:04:23 PM] Kurt Volker: Good - I'll make a point to see her
[3/7/18, 1:04:31 PM] Kurt Volker: Sorry to miss you
[3/7/18, 1:06:07 PM] Pavlo Klimkin: (((
[6/10/18, 2:09:06 PM] Kurt Volker: Hi Pavlo - got a note from Surkov on the weekend - he also is claiming they are waiting for proposal from me, and will seek meeting w me in light of N4 ministerial. Am coordinating w FR and GE so we don't have multiple efforts but one coordinated position
[6/11/18, 2:19:11 AM] Pavlo Klimkin: Very important, cause see a threat of different approaches. Should we talk on Wednesday when I am back on a conf line?
[6/12/18, 9:32:31 AM] Kurt Volker: Hi Pavlo -- how was yesterday / dinner?
[6/12/18, 9:56:28 AM] Pavlo Klimkin: Not good on peacekeepers, otherwise the same. What about our chat on a conf line tomorrow or aftertomorrow
[6/12/18, 3:00:23 AM] Kurt Volker: Yes -- let's do. I should be able early DC time before a flight to LA
[6/12/18, 3:04:38 AM] Pavlo Klimkin: Great

[8/14/18, 9:37:57 PM] Kurt Volker: Hi Pavlo -- see document sent here. I want to re-engage surkov on what we discussed in January. Attached has FR and GE sign off. Have a look and let me know any thoughts. Also sending to Kostiantyn. - Kurt
[8/15/18, 3:36:15 AM] Pavlo Klimkin: Hi, very good outline of what we had discussed although some issues need further discussion, what is important though is NOT to discuss timelines without capabilities and mandate. Ready to talk whenever you can on a conf line. Also discussed it yesterday shortly with Heiko Mass. Pavlo
[8/15/18, 7:00:34 AM] Kurt Volker: Thanks Pavlo -- could on what's app this morning (DC time), or via secure video or call tomorrow morning - good on Maas, and yes -- capabilities and mandate important. Referring S back to our "parameters" paper from November
[8/15/18, 11:36:36 AM] Pavlo Klimkin: Do you need kind of feedback on that? And if yes what's the deadline? I mean if you are going to send it to S or show it to RU ! any other way?
[8/15/18, 11:44:10 AM] Kurt Volker: Yes -- planning to send to S to see if that stimulates a response and if he is willing / able to meet. But do not expect anything in reality.
[8/15/18, 11:44:42 AM] Kurt Volker: If we do end up meeting, I'd like to get detailed feed back from you. But until then not sure it is necessary
[8/15/18, 11:44:43 AM] Pavlo Klimkin:)
[8/15/18, 11:44:48 AM] Kurt Volker: Will let you know

[9/8/19, 11:26:13 AM] Kurt Volker: Try again -- could not hear
[9/8/19, 11:40:11 AM] Bill Taylor: Gordon and I just spoke. I can brief you if you and Gordon don't connect
[9/8/19, 12:37:28 PM] Bill Taylor: The nightmare is they give the interview and don't get the security assistance. The Russians love it. (And I quit.)
[9/8/19, 5:04:16 PM] Kurt Volker: I'm not in the loop. Talk Monday?
[9/9/19, 12:16:42 AM] Gordon Sondland: Call at your convenience or let me know a good time. I am in Brussels
[9/9/19, 12:20:32 AM] Kurt Volker: Will do - just getting started here in Georgia -- will step out and call in an hour or so a thanks!
[9/9/19, 12:31:06 AM] Bill Taylor: The message to the Ukrainians (and Russians) we send with the decision on security assistance is key. With the hold, we have already shaken their faith in us. Thus my nightmare scenario.
[9/9/19, 12:34:44 AM] Bill Taylor: Counting on you to be right about this interview, Gordon.
[9/9/19, 12:37:16 AM] Gordon Sondland: Bill, I never said I was "right". I said we are where we are and believe we have identified the best pathway forward. Lets hope it works.
[9/9/19, 12:47:11 AM] Bill Taylor: As I said on the phone, I think it's crazy to withhold security assistance for help with a political campaign.
[9/9/19, 5:19:35 AM] Gordon Sondland: Bill, I believe you are incorrect about President Trump's intentions. The President has been crystal clear: no quid pro quo's of any kind. The President is trying to evaluate whether Ukraine is truly going to adopt the transparency and reforms that President Zelensky promised during his campaign. I suggest we stop the back and forth by text. If you still have concerns, I recommend you give Lisa Kenna or S a call to discuss them directly. Thanks.
[9/9/19, 5:47:09 AM] Bill Taylor: I agree

[5/25/19, 8:43:45 AM] Vadym Prystaiko: Messages to this chat and calls are now secured with end-to-end encryption.

[5/30/19, 12:58:55 PM] Kurt Volker: Good — thanks. You should get this "officially" from the embassy, but wanted you to get it right away

[6/4/19, 3:07:21 PM] Kurt Volker: Understood! Hope it is going well!
[6/5/19, 9:00:36 AM] Kurt Volker: Hi vadym — all good? Kurt
[6/5/19, 9:25:39 AM] Vadym Prystaiko: Hi, finishing up last meetings in Bru. Just agreed to have EU summit on July 8. Great message. Unfortunately NATO is trying to reschedule. This will be used to show that we are changing our NATO course. I hate it
[6/5/19, 9:27:14 AM] Kurt Volker: We'll back you up
[6/5/19, 9:27:25 AM] Kurt Volker: And good press already on Z at nato
[6/5/19, 9:27:33 AM] Kurt Volker: (RFE)
[6/5/19, 12:01:42 PM] Vadym Prystaiko: thank you, Kurt, for the letter. I believe, I have to report it to Pr Ze. I fully share your believe that there is a chance we should grasp. I am ready to meet with my colleagues - forpol advisors in the nearest future Surkov included. Although, I urged our deputies to meet first to assess the new reality and prepare the talks
[6/5/19, 1:06:28 PM] Kurt Volker: Great — thanks Vadym! Please do let him know — and if he has any comment or guidance, please do convey that to me.
[6/5/19, 1:06:39 PM] Kurt Volker: I will let you know what response we get
[6/5/19, 1:07:06 PM] Kurt Volker: I also shared the text with the French and Germans, so feel free in discussing with them too

[6/12/19, 1:56:53 PM] Vadym Prystaiko: Dear Kurt, I bother you on purpose that you will not forget about your duties in the middle of celebration!
But, seriously, please accept my best wishes. Long, prosperous and happy life for you both!
[6/12/19, 2:50:11 PM] Kurt Volker: Thank you Vadym! Very kind of you!! We are very happy!
[6/21/19, 1:04:33 PM] Kurt Volker: Hi Vadym — hope it is going well. From what I saw, paris was good. Berlin as well?
[6/21/19, 1:07:23 PM] Kurt Volker: We are looking at a visit to east on July 22-23 — ideally together w president z. But want to be sure this is done in a way that works substantively for the president.
[6/21/19, 1:08:54 PM] Kurt Volker: Maybe Stanitsa Luhanska? Or Zolote? Or Mariupol?
[6/21/19, 1:09:16 PM] Kurt Volker: And we should coordinate message / new "initiative"?
[6/21/19, 1:09:35 PM] Kurt Volker: Would then come to Kyiv and have meetings there before departure
[6/21/19, 1:10:33 PM] Kurt Volker: Also — I will head US del to Toronto. Would like to arrange bilat there to discuss this, plans, WH visit, etc.
[6/22/19, 3:34:44 PM] Vadym Prystaiko: Kurt, thank you. We are looking to your visit. I guess that St.Luh will be good move as we are hoping to withdraw forces from here after the sustainable ceasefire and start contracting the bridge.
Hope to see you in Toronto. Will talk in more details
[6/22/19, 4:34:18 PM] Kurt Volker: That sounds good — see you in Toronto. I get in Monday eve and leave Wednesday morning
[6/23/19, 1:21:31 PM] Vadym Prystaiko: Same with us. See you there
[6/30/19, 5:56:16 PM] Kurt Volker: Hi Vadym — looking forward to seeing you in Toronto. Will you join the first panel (I am moderating) with Swedish FM and EU Commissioner? Best - Kurt
[7/1/19, 1:17:46 AM] Vadym Prystaiko: Hi Kurt. Will see you in Toronto. I was planning for the first panel but see now that Pr has his meeting, so I might be with him. Will see how it goes. Best, Vadym
[7/1/19, 7:35:33 AM] Kurt Volker: Got it — thanks — see you later today and certainly at breakfast tomorrow. Best - Kurt
[7/1/19, 2:43:27 PM] Kurt Volker: Hi Vadym. At the airport heading up to Toronto. Please tell the president I was unhappy to see the media link my comments about sakharova's claims on sailors with Klimkin's behavior. I was responding directly to Russian MFA claims before Klimkin had said anything, and of course I did not know that Klimkin would do so in a way that undercuts Zelensky. If I can help to reframe this in any way to help Zelensky, let me know. See you later — best — Kurt
[7/1/19, 11:31:14 PM] Vadym Prystaiko: Hi, Kurt, I knew you are a good friend with Pavlo!
[7/2/19, 6:12:43 AM] Kurt Volker: Very funny — thanks — see you in a bit
[7/2/19, 6:42:54 AM] Vadym Prystaiko: yiu still have you sense of humor with you - good sign. see you in a bit
[7/4/19, 8:22:14 AM] Kurt Volker: Thanks for everything. What is your take on our meeting, and the visit overall?
[7/4/19, 1:33:54 PM] Vadym Prystaiko: thank you. it was important contact. I must admit, I felt that you sugarcoated a message on a visit. Or the message I got earlier was not correct. the visit went well - he is fast learner and adapts constantly. Frankly, this one was expectedly easy and friendly. Will introduce him to a tougher ones gradually. What was your reading?

[7/4/19, 1:52:44 PM] Kurt Volker: I wanted to make sure he knew we are supporting him and his stated commitment to reforms — and that there are still concerns at the highest level he needs to address proactively — about Kolo and whether he will really pursue reforms he says. I talked to him privately about Giuliani and impact on president T
[7/4/19, 1:53:5! PM] Kurt Volker: My impression is that he is sincere in wanting to press forward on everything, but doesn't have a full team yet, doesn't quite know how to do it, and and knows there will be tough opposition
[7/4/19, 1:54:26 PM] Kurt Volker: But he made a good impression in Toronto and am sure he will do the same in Washington
[7/5/19, 10:13:3! AM] Vadym Prystaiko: Got it. Thank you. will you advise us on time for telephone call?
[7/5/19, 10:14:12 AM] Kurt Volker: Yes — am hoping we can nail that down on Monday or Tuesday
[7/5/19, 3:52:12 PM] Vadym Prystaiko: Thank you
[7/14/19, 7:23:56 AM] Vadym Prystaiko: Morning Kurt. Are you coming to UA?
[7/14/19, 9:06:14 AM] Kurt Volker: Hi Vadym — yes — still working out dates — what works for you and president? And how was paris?
[7/14/19, 9:08:19 AM] Kurt Volker: Also — am hearing from Bartholomeo's people they are very unhappy with Filaret and concerned that the president is backing him — any thoughts on that? Thx
[7/14/19, 10:49:20 AM] Vadym Prystaiko: Paris was OK. Will forward a final paper to you.
[7/14/19, 10:49:53 AM] Vadym Prystaiko: I have to check the dates for the Pr but am ready to accommodate your time lines
[7/14/19, 10:49:54 AM] Vadym Prystaiko: do jot think it is true, but will have to check
[7/14/19, 11:35:50 AM] Kurt Volker: Ok - for dates, am thinking of arriving in the east on the 23rd. Meetings out there (S-L) or 24th and then Kyiv on 25th. Would any of that work?
[7/14/19, 4:43:44 PM] Vadym Prystaiko: will check tmrw. How many of you?
[7/14/19, 4:49:40 PM] Kurt Volker: Sorry — push that to the right — arrive 24th, meetings in S-L on 25th, Kyiv 26th. Probably 3 or 4? But we can adjust.

[7/17/19, 1:43:28 PM] Kurt Volker: That sounds great. No idea what problem could be with embassy. I'll push them. Looking forward to it. Kurt
[7/17/19, 1:44:10 PM] Vadym Prystaiko: Pls, do not. Good people. Will check with them myself
[7/17/19, 1:44:46 PM] Kurt Volker: Ok ... will you be coming east or we can find time in Kyiv as well?
[7/17/19, 1:45:41 PM] Vadym Prystaiko: Hate it, being there so many times but will go with you if Pr allows
[7/17/19, 1:46:13 PM] Kurt Volker: Ok — entirely your call. I just want to be as supportive as possible
[7/17/19, 1:47:15 PM] Vadym Prystaiko: You are, sorry just one of those days. Of course, I will go

[7/26/19, 6:28:36 AM] Kurt Volker: Suggest we review and change as makes sense to you. And I can seek meetings in Moscow — maybe use then or maybe meet first and then propose something.

Talked to Pu and Mak this morning, reaching out for Merk. Asking them to get together to reflect on updating Minsk or take other steps to achieve tangible progress
[8/7/19, 4:49:40 PM] Kurt Volker: Good. Let us know how we can help. Am looking at dates for a Moscow trip — want to be sure the right people are there ...
[8/8/19, 10:47:28 AM] Kurt Volker: Hi Vadym - Did macron agree to try to schedule N4 meeting?
[8/8/19, 11:59:22 AM] Vadym Prystaiko: Yes, he promised to reach to Merk and he will see Pu soo anyways. I felt that he is planning for UNGA. You think that your leader would like to join?
[8/8/19, 12:12:16 PM] Kurt Volker: Not sure — but let's try.
[8/8/19, 12:19:16 PM] Vadym Prystaiko: not sure either, but can forsee a new big deal with possiblele outcome of eventual resolution. Will he rather be a part of historic moment? A leader and driver of the process?
[8/8/19, 4:52:22 PM] Kurt Volker: If we are there, he will want in
[8/9/19, 1:04:35 AM] Vadym Prystaiko: is that your educated guess or you know something? could be Warsaw, BTW

[8/29/19, 4:37:03 PM] Kurt Volker: On Tbilisi, you and others should have received an invitation to the McCain Institute Tbilisi Int'l Conference. Are you aware of that? I can tell them to re-send.
[8/29/19, 4:37:46 PM] Kurt Volker: On OSCE Rep on Ukraine — I know you don't like Mayr-Harting, but not sure who is available or would be better that would get consensus

[9/1/19, 1:27:11 PM] Vadym Prystaiko: have to recognize it was a good meet. Nobody was rushing, seems the chemistry was there, It could easily be a very successful meeting with POTUS. THE WHITE HOUSE

WASHINGTON

May 29, 2019

His Excellency
Volodymyr Zelenskyy
President of Ukraine
Kyiv

Dear Mr. President,

On the occasion of your inauguration, I wish to offer my congratulations on your historic election victory.

The United States and Ukraine are steadfast partners, working together to realize the shared vision of a stable, prosperous, and democratic Ukraine that is integrated into the Euro-Atlantic community. Our partnership is rooted in the idea that free citizens should be able to exercise their democratic rights, choose their own destiny, and live in peace. As you said in your victory speech, your election demonstrates that democracy is possible anywhere in the former Soviet region. Ukraine's success exemplifies the triumph of democracy over resurgent despotism. United States support for Ukraine's sovereignty and territorial integrity is unwavering.

As you prepare to address the many challenges facing Ukraine, please know that the American people are with you and are committed to helping Ukraine realize its vast potential. To help show that commitment, I would like to invite you to meet with me at the White House in Washington, D.C., as soon as we can find a mutually convenient time.

I wish you every success as you assume office, and I look forward to meeting with you.

Sincerely,

Paris, July 12th 2019

Steps to be taken by the sides

Bearing in mind the decisions of the October 2015 and 2016 N4 Summits, the N4 political advisors agreed on the following steps to be taken by the sides. They request the Trilateral Contact Group to implement these steps in its work.

- Ensure the **disengagement of forces and hardware** from and demining in the three agreed pilot areas (Zolote, Petrivske, Stanytsa Luhanska). Demining and dismantling of the fortification infrastructure inside the disengagement areas. Full OSCE SMM access to these areas, monitoring and verification. If necessary, agreement in the TCG on introducing supplements to the Framework Decision of the Trilateral Contact Group on the Disengagement of Forces and Hardware.

- Agree in the Trilateral Contact Group on **additional disengagement areas**.

- Agree on the **"Harvest ceasefire"**, ensure a comprehensive respect of the ceasefire, strengthened by the implementation of all necessary ceasefire support measures.

- Grant the **OSCE SMM** safe and secure access to fully implement its mandate.

- Develop and implement a **concept of step-by-step de-escalation** envisaging the simultaneous disengagement of forces and equipment, verifiable withdrawal of heavy weapons and demining in the areas agreed by the sides in advance on the entire line of contact.

- Develop and implement an updated **demining plan** on the basis of the TCG's Decision on demining activities of March 3, 2016.

- Conduct within one month an **exchange of a significant number of conflict related detainees** on the basis of the work of the TCG humanitarian subgroup, aiming at an "all for all" exchange. The ICRC should be given full and unconditional access to all detained persons. The coordination mechanism of interaction within the Trilateral Contact Group on the issue of missing persons should be established with the participation of the ICRC.

- Develop a **plan to resume socio-economic ties and to take concrete steps to improve the humanitarian situation**, inter alia by :

    - Demining and dismantling of the fortification infrastructure inside the Stanytsia Luhanska disengagement area,
    - Agreeing within one month in the Trilateral Contact Group, taking into account the proposal of the ICRC, on the project of the rehabilitation of the bridge in Stanytsia Luhanska and agreeing on the principles for its exploitation,
    - Beginning consultations in the Trilateral Contact Group on the prospects of launching passenger shuttle services across the line of contact when the sustainable security conditions are established on the ground,
    - Agreeing on the actions of the sides on opening additional civilian crossing points within two months in mutually agreed locations.

- Commit to **preparing the necessary legal framework**. Open questions to be addressed are: special status (including the Steinmeier formula), amnesty, local elections.

The advisors in the Normandy format will remain seized of the matter and intend to reconvene later this summer to identify common ground for a potential meeting of the four leaders.

The Honorable Jerrold Nadler
Chairman
Committee on the Judiciary
U.S. House of Representatives
2138 Raybum House Office Building
Washington, D.C. 20515

Dear Chairman Nadler:

Pursuant to Section 3 of H. Res. 660, following consultation with the Ranking Minority Member, I am transmitting to the House Committee on the Judiciary two flash drives containing additional records and other materials related to the impeachment inquiry. This evidence was produced to the House Permanent Select Committee on Intelligence pursuant to duly authorized subpoenas and shared with the Committee on Oversight and Reform and the Committee on Foreign Affairs.

One flash drive is in a sealed envelope marked "sensitive"—this flash drive contains call records with sensitive personal information that should be protected from public disclosure. The other flash drive includes some of the records recently produced by Lev Parnas, an associate of President Trump's personal attorney, Rudy Giuliani, that are pertinent to the impeachment inquiry and some of which are described in more detail in the enclosure. Despite unprecedented obstruction by the President, the Committee continues to receive and review potentially relevant evidence and will make supplemental transmittals under H. Res. 660, as appropriate.

Thank you for your prompt attention to this matter.

Sincerely,

Adam B. Schiff

Enclosure: Certain Documents Produced by Lev Parnas to the House Permanent Select Committee on Intelligence

The House Permanent Select Committee on Intelligence ("Committee") requested on September 30, 2019, that Lev Parnas, an associate of Rudy Giuliani, President Trump's personal attorney, voluntarily produce records as part of the House of Representatives' impeachment inquiry. On October 3, Mr. Parnas' then-attorney, John Dowd, communicated to the Committee that Mr. Parnas would not comply with the request. On October 9, Mr. Parnas was detained pursuant to an arrest warrant from the Southern District of New York. The next day, on October 10, the Committee issued a duly-authorized subpoena to compel Mr. Parnas to produce records pertinent to the impeachment inquiry.

On October 30, after securing new counsel, Mr. Parnas informed the Committee that he intended to comply with the subpoena. Mr. Parnas recently received court authorization to share with the Committee materials that were seized from him by the U.S. Attorney's Office for the Southern District of New York. He also produced to the Committee other material in his possession and continues to provide material responsive to the subpoena on a rolling basis.

A preliminary review of Mr. Parnas' production, a voluminous record of data extracted primarily from one of his personal cell phones, further corroborates the findings and evidence related to the President's scheme, which was laid out in the Trump-Ukraine Impeachment Inquiry Report, released by the Committee on December 3.

As an example of the relevancy to the impeachment inquiry of the evidence that you are receiving today, attached here are some documents pertinent to the President's Ukraine effort that we identified in our initial review of Mr. Parnas' production. Because some messages retrieved from Mr. Parnas' device were written in Russian, the Committee is also providing a rough translation of a number of those messages, which is also included here. The evidence you are receiving today shows:

- Mr. Parnas produced handwritten notes on stationery from the Ritz-Carlton Hotel in Vienna, Austria that appear directly related to the President's scheme to press Ukraine to announce investigations beneficial to his reelection campaign. Mr. Parnas' attorney confirmed that the notes were written by his client. One hand-written note states:

  ** get Zalensky [sic] to Annonce [sic] that the Biden case will Be Investigated*
  ** start commun[icating] with Zalensky [sic] without (Pinchuk or Kolomoisky)*

  Victor Pinchuk and Ihor Kolomoisky are prominent and politically-connected Ukrainian oligarchs. As described in the Committee's impeachment report, Mr. Parnas unsuccessfully sought Mr. Kolomoisky's assistance in facilitating a meeting between Mr. Giuliani and President Zelensky.

- In January of 2019, Mr. Parnas and Mr. Giuliani exchanged text messages about securing a visa for former Ukrainian Prosecutor General Viktor Shokin. When Mr. Parnas advised that the United States had denied Mr. Shokin's visa, Mr. Giuliani responded "I can revive it."

Mr. Giuliani later revealed, "It's going to work I have no 1 in it." He also gave Jay Sekulow, President Trump's personal attorney, Mr. Parnas' phone number.

- In March 2019, Mr. Parnas communicated by text message with Robert F. Hyde about former U.S. Ambassador to Ukraine Marie Yovanovitch. In response to some articles, tweets, and videos accusing the Ambassador of being disloyal to President Trump, Mr. Hyde wrote "Wow. Can't believe Trumo [sic] hasn't fired this bitch. I'll get right in that." Mr. Hyde then sent a series of text messages suggesting that he had Ambassador Yovanovitch under physical surveillance in Kyiv and that "They are willing to help if we/you would like a price."

- Mr. Parnas communicated with Mr. Giuliani, Victoria Toensing and others about the removal of Ambassador Yovanovitch. For example, on April 23, the day before Ambassador Yovanovitch received a phone call from the State Department that she had to return to the United States because there were "concerns" from "up the street" at the White House, Mr. Giuliani texted Parnas, "He fired her again." Mr. Parnas responded, "I pray it happens this time I'll call you tomorrow my brother."

- Mr. Parnas communicated extensively by phone and messaging applications with Mr. Giuliani about matters relevant to the House impeachment inquiry.

  For example, Mr. Parnas' phone included a screenshot of a previously-undisclosed May 10, 2019, letter from Mr. Giuliani to then-President-elect Zelensky. The one-page letter signed by Mr. Giuliani states, in part:

  > *Dear President-Elect Zelensky:*
  >
  > *I am private counsel to President Donald J. Trump. Just to be precise, I represent him as a private citizen, not as President of the United States. This is quite common under American law because the duties and privileges of a President and a private citizen are not the same. Separate representation is usual process.*
  >
  > *[...]*
  >
  > *However, I have a more specific request. In my capacity as personal counsel to President Trump and with his knowledge and consent, I request a meeting with you on this upcoming Monday, May 13th or Tuesday, May 14th. I will need no more than a half-hour of your time and I will be accompanied by my colleague Victoria Toensing, a distinguished American attorney who is very familiar with this matter.*

  Mr. Parnas texted a copy of the letter to a close aide to then-President-elect Zelensky shortly after it was drafted.

  Mr. Giuliani's letter makes clear that his trip, which he publicly described at the time as an effort to "meddle in an investigation," was undertaken with the knowledge and support of President Trump.

Around the same time, Mr. Giuliani also sent Mr. Parnas a text message asking, "This guy is canceling meeting I think?" Approximately three hours later, Mr. Giuliani sent Mr. Parnas drafts of a public statement that claimed that "people advising the PRES ELECT are no friends of the President."

As detailed in the Committee's impeachment inquiry report, Mr. Giuliani cancelled his trip to Ukraine following public revelations that he was traveling there to manufacture dirt on President Trump's political opponent, former Vice President Joe Biden.

Following his cancellation, Mr. Giuliani publicly criticized President-elect Zelensky and his aides, claiming that Mr. Zelensky was surrounded by "enemies of the President."

- Mr. Parnas continued to try to arrange a meeting with President Zelensky. For example, on July 3, Mr. Parnas told Mr. Giuliani that he was traveling to Vienna. Mr. Giuliani responded, "Wow!", and Mr. Parnas explained "trying to get us mr Z."

- Mr. Parnas communicated via encrypted messaging applications, particularly WhatsApp, with senior Ukrainian officials and figures at key junctures in 2019 while President Trump's scheme was underway. These communications, often in Russian, demonstrate that Mr. Parnas served as a direct channel between President Trump's agent, Mr. Giuliani, and individuals close to President Volodymyr Zelensky.

    - In early May 2019, Mr. Parnas was in contact with senior aides to President Zelensky, including Ivan Bakanov, who serves as the head of Ukraine's Security Service, and Serhiy Shefir, who is the chief aide to President Zelensky. Mr. Parnas sought their assistance in scheduling a meeting between Mr. Giuliani and President Zelensky.

      Mr. Parnas also sent these aides several news articles promoting the same false allegations about former Vice President Biden and his son and Ukraine's purported interference in the 2016 election that President Trump raised during his July 25, 2019, call with President Zelensky.

      On May 2, Mr. Bakanov replied to Mr. Parnas: "I shared the information you provided with Mr. President via the established channel, but I have not yet received confirmation." It appears that Mr. Bakanov provided the press articles to President-elect Zelensky, indicating that President Zelensky learned of the false allegations promoted by Mr. Giuliani and his associates at least as early as May of 2019.

    - Mr. Parnas was also in contact with two former corrupt Prosecutors General of Ukraine, Viktor Shokin and Yuriy Lutsenko. Mr. Lutsenko in particular was Mr. Giuliani's primary source for the same false allegations about Vice President Biden and the 2016 election. Mr. Parnas' communications with Mr. Lutsenko included frequent reference to Ambassador Yovanovitch, often in deeply offensive terms. Ambassador Yovanovitch was ousted by President Trump after a smear campaign

launched against her by Mr. Lutsenko, Mr. Giuliani, and their associates in the United States and Ukraine.

- On October 2, 2019, Jay Sekulow, personal counsel to the President, informed President Trump's former attorney John Dowd that he had discussed with President Trump "the issue of representation" and that President Trump "consents to allowing your representation of Mr. Parnas and Mr. Fruman." This email was sent three days after the Committee sent Mr. Parnas and Mr. Fruman a request to voluntarily produce records and testify before the investigating Committees.

  On October 3, the day after Mr. Sekulow's letter was sent to Mr. Dowd, Mr. Dowd wrote to the Committee to clarify that he represented Mr. Parnas and Mr. Fruman, advising that, "Mssrs. Parnas and Fruman assisted Mr. Giuliani in connection with his representation of President Trump."

One week later, Mr. Parnas and Mr. Fruman were arrested. Mr. Parnas changed counsel thereafter and, on October 30, 2019, informed the Committee that he wanted to comply its request and subpoena.

RUDOLPH W. GIULIANI

May 10, 2019

President-Elect Volodymyr Oleksandrovych Zelensky
c/o Ministry of Internal Affairs of Ukraine
10 Bogomoltsa str. 01601
Kyiv, Ukraine

Dear President-Elect Zelensky:

I am private counsel to President Donald J. Trump. Just to be precise, I represent him as a private citizen, not as President of the United States. This is quite common under American law because the duties and privileges of a President and a private citizen are not the same. Separate representation is usual process.

Congratulations on a truly impressive victory in the recent election. I have a great fondness for your country and have visited there often. I have even had the privilege of being there most recently on 2017. Along with many others, I am very hopeful that your election is a real turning point and allows the Ukraine to prosper and overcome some of the long-standing problems of the past. Anything I can do to help you or your country would be a great honor.

However, I have a more specific request. In my capacity as personal counsel to President Trump and with his knowledge and consent, I request a meeting with you on this upcoming Monday, May 13th or Tuesday, May 14th. I will need no more than a half-hour of your time and I will be accompanied by my colleague Victoria Toensing, a distinguished American attorney who is very familiar with this matter.

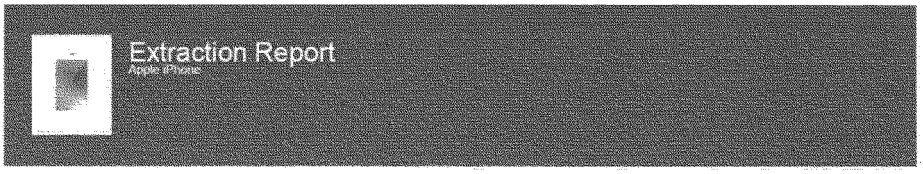

Please have your office let me know what time or times are convenient for you, and Victoria and I will be there.

Sincerely,

Rudolph W. Giuliani

I am going to say I have been informed the people advising the PRES ELECT are no friends of the President. At least one was involved in delivering fraudulent evidence falsely accusing the campaign and made horrible statements about his desire to defeat him. Hopefully Pres elect will realize that tge operatives around him don't have his best interests at heart

I concluded that the President elect is being advised by people who were very vocal opponents of President Trump and peculiarly vocal supporters of Hillary Clinton in particular Sergii Leschenko. He has already been found to have acted improperly with regard to our 2016 election. Under these circumstances the meeting would have accomplished little and may be in the hands of those who might misrepresent it. My purpose was to share information to assess their on-going investigation of Ukrainian officials being used by Americans to gather information to assist Clinton in last election. It was also to alert them to the very real dangers that there are people involved in the investigation as targets who are attempting to shut it down before it reaches a conclusion. This investigation has the potential to reveal some of the people who originated and or propagated the false claim of collusion which has been found to be false now by 2 not 1, FBI investigations. This false charge didn't emerge from thin air. If it didn't originate in Ukraine, there is evidence it was pursued there and pursued using illicit means

Ivan Bakanov

In early May 2019, Parnas reached out to Ivan Bakanov, a close aide to Zelensky, asking for help in connecting with President Volodymyr Zelensky. Bakanov, a childhood friend of Zelensky, ran his campaign in 2019. Once Zelensky became president, he appointed Bakanov to head the SBU, Ukraine's main secret service agency.

"Ivan, hello, we have to do this call[,] if you are currently on vacation please connect someone else who is close to President Volodymyr [and] who can call me back so that I can connect them with Giuliani[.] Thanks, I'm waiting"

Dear President-Elect Zelensky:

I am private counsel to President Donald J. Trump. Just to be precise, I represent him as a private citizen, not as President of the United States. This is quite common under American law because the duties and privileges of a President and a private citizen are not the same. Separate representation is usual process.

Congratulations on a truly impressive victory in the recent election. I have a great fondness for your country and have visited there often. I have even had the privilege of being there most recently on 2017. Along with many others, I am very hopeful that your election is a real turning point and allows the Ukraine to prosper and overcome some of the long-standing problems of the past. Anything I can do to help you or your country would be a great honor.

However, I have a more specific request. In my capacity as personal counsel to President Trump and with his knowledge and consent, I request a meeting with you on this upcoming Monday, May 13th or Tuesday, May 14th. I will need no more than a half-hour of your time and I will be accompanied by my colleague Victoria Toensing, a distinguished American attorney who is very familiar with this matter.

Please have your office let me know what time or times are convenient for you, and Victoria and I will be there.

Sincerely,

Rudolph W. Giuliani

Parnas connected with Serhiy Shefir, a close aide to President Zelensky, in May in preparation for Giuliani's trip. Parnas met with Shefir in Kyiv after Giuliani cancelled his trip.

Arsen Avakov

The first WhatsApp message from Parnas to Arsen Avakov, Ukraine's Minister of the Interior, was sent on April 15, 2019. Avakov is a well-connected politician who survived Petro Poroshenko's loss and remained in power under Zelensky, Ukraine's new president. In this message, Parnas wrote that he was in Kyiv and wanted to meet. Avakov proposed a meeting at noon the following day. It is not clear if they met then, but they stayed in touch and met at the end of April.

"Until we meet"

"I was happy to see you[,] my friend[.] I'm flying to Washington now and will call you later tomorrow…"

Parnas continued to send Avakov articles about the Bidens and the Ukrainian collusion allegations.

Arsen Avakov

In early May 2019, Parnas reached out to Avakov, asking for his help in facilitating Giuliani's trip to Ukraine. They connected several times. Parnas continued to send him various thematic articles including from the *The Hill* and *Fox News*. On May 9, Parnas sent Avakov *The New York Times* article about Giuliani's trip, with Giuliani saying they have a right to "meddle" in investigations ("Giuliani Plans Ukraine Trip to Push for Inquiries That Could Help Trump")

Arsen Avakov

Giuliani cancelled his trip on May 11, but Parnas and Avakov stayed touch, spoke by phone, and likely met in person, based on the WhatsApp communications. Parnas wanted Avakov's help in connecting with Zelensky's team. In a couple of instances Parnas and Avakov referred to connecting with "Sh" or "Sergey," possibly referring to Serhiy Shefir, Zelensky's close aide.

"Hi!!! Sergey won't connect!!!! And there's no message from the relevant person!!!! It is imperative that we talk today!!!

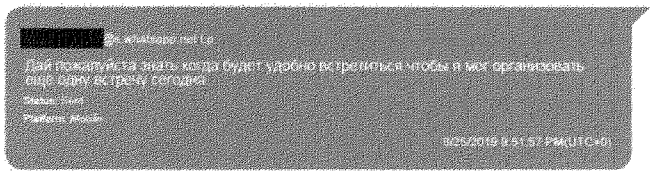

Avakov, like Shefir, did not reply to the last message.

Andriy Yermak

Parnas was in touch with Andriy Yermak during the week Zelensky traveled to New York for the UN General Assembly.

"Please let me know when would be convenient to meet so that I can organize one more meeting today"

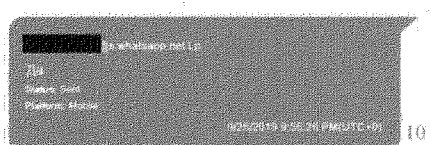

"With whom?"

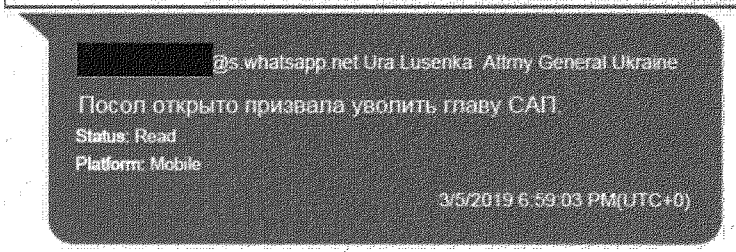

"Our friend?"

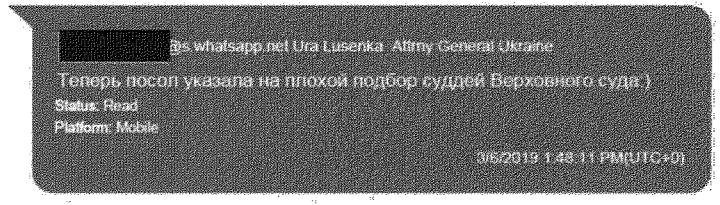

"Yes"

Prosecutor General Lutsenko

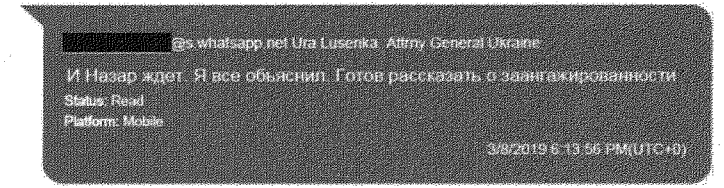

Parnas frequently communicated with former Prosecutor General Lutsenko, who fed Parnas information about the Bidens. Lutsenko frequently made references to Ambassador Yovanovitch, whom he wanted removed from her post in Kyiv.

"The Ambassador openly calls for the firing of SAP [*Special Anti-Corruption Prosecutor*]."

"Now the Ambassador points to bad selection of judges for the Superior court ☺"

Igor Kolomoisky

Parnas also communicated with Igor Kolomoisky, a Ukrainian oligarch, in September and October 2019. Recall that they had a falling out in May 2019, following which Igor Fruman and Parnas filed a lawsuit against him. And Giuliani called him out on Twitter for "threatening" his clients, Parnas and Fruman.

The Honorable Michael Pompeo

Dear Secretary Pompeo:
I wanted to bring to your attention an encounter that I recently had with individuals regarding the current U.S. Ambassador to Ukraine.
As you likely know, Marie Yovanovitch is the U.S. Ambassador to Ukraine. She previously served as Ambassador to the Republic of Armenia (2008-2011) and the Kyrgyz Republic (2005-2008). I have received notice of concrete evidence from close companions that Ambassador Yovanovitch has spoken privately and repeatedly about her disdain for the current Administration in a way that might call for the expulsion of Ms. Yovanovitch as U.S. Ambassador to Ukraine immediately.
I kindly ask you to consider terminating her ambassadorship and find a replacement as soon as possible. If you would like to discuss this matter further, I can be reached directly at 214.215.5849 or
Thank you for reviewing this matter.
Sincerely,
Pete Sessions

Public Television: *Ambassador Yovanovitch yesterday said that for the sake of integrity of anti-corruption institutions of Ukraine, the special anti-corruption prosecutor should be changed. Is it a demand by the United States, to whom is it addressed, and how does it go with the issue of interfering or not interfering with the affairs of a sovereign nation?*

Under Secretary Hale: Well, Ambassador Yovanovitch represents the President of the United States here in Ukraine, and America stands behind her statements. And I don't see any value in my own elaboration on what they may or may not have meant. They meant what she said. As a visitor here from Washington, I perhaps can widen a little bit the question if you permit me. What we seek is what the Ukrainian people seek: the aspirations that were so clearly defined and expressed during the Revolution of Dignity. The Ukrainian people said then, and they say now, I believe, that they want to make a choice. A choice for transparency, accountability, and modern corporate good governance. It's especially important that the institutions be led by individuals who are committed to those values — especially the institutions that are, in fact, designed to enforce those rules. But in the end of the day, these are

EMBASSY OF THE UNITED STATES OF AMERICA
THE AMBASSADOR

Kyiv, Ukraine
February 12, 2019

Dear Mr. Ambassador:

As senior U.S. officials have raised with Ukrainian counterparts on multiple occasions, I am writing to follow up on the case of fraudulent passports issued by Ukrainian officials. We remain very concerned by the lack of progress prosecuting those behind the Pimakhova passport fraud case or accurately tracking the number of fake passports still in circulation. I must emphasize how seriously we take this case, which has national security implications and the potential to threaten the safety of citizens of the United States, Ukraine, and third countries.

The U.S. government has confirmed that at least one individual entered the United States with a fraudulently obtained Ukrainian passport, and the Security Service of Ukraine (SBU) indicated terrorists and other individuals from high terrorism-threat countries were issued or were in possession of fraudulently obtained Ukrainian passports. ISIS leadership has repeatedly called upon its followers to attack western targets. The FBI remains concerned extremists could use fraudulently obtained Ukrainian travel documents to enter the United States to conduct an attack or conduct an attack against western interests in Europe.

More than one year has passed since the arrest of three officers of the National Anti-corruption Bureau of Ukraine (NABU) and the disruption by SBU and the Prosecutor General's Office (PGO) of the above passport case. I am therefore requesting, in writing, your government's cooperation and update on three issues:

1. To ensure all NABU evidence seized by SBU is returned immediately so NABU's investigation into the Pimakhova case can proceed in earnest;
2. To proceed with a joint PGO-NABU-SBU investigation into the PGO and SBU attempts to disrupt the case; and
3. To remove Directorate K from the SBU, in line with Article 19 of Ukraine's Law on National Security, which defines the competencies of SBU as counter-intelligence, counter-terrorism, and protection of state secrets. In keeping with Western principles, an intelligence and state security organization should not be involved in criminal investigations focused on organized crime or corruption offenses.

His Excellency
Ambassador Kostyantyn Yelisieiev,
Deputy Head of the Presidential Administration,
Kyiv, Ukraine.

I would appreciate your assistance in bringing these national security threats to the attention of the President and to ensure immediate and effective action is taken to address them. I would be grateful for an update on your efforts at your earliest convenience.

Sincerely,

Marie L. Yovanovitch

On tarmac for almost one hour. I think Mueller knew I was on this plane and is delaying it so he gets me to say whatever he wants me to say. But I'm just incapable of lying to save my own skin. He wants me to say that 35 years ago DT didn't pay two parking tickets. You say so what's so important? Well they may have been right in front of then Soviet embassy. I WILL NOT BE BROKEN!

I've got nothing. The anti corruption prosecutor made some very weak comments that are equivocal at best. And not consistent with the facts. Story would get blown up. Don't want to lead with my weakest hand.
I need Poroshenko And the AG on the record about the ambassador and Biden. Can u make that happen? Just starting to get cooperation from former AG Shokin. So we are moving in good direction

First of all, I want to thank you for your understanding, as well as for interesting and conclusive questions. I will do my best to give essential answers keeping in mind format specifics. Though during live interview, being in Washington, it would be possible to significantly expand the circle of questions, and more information on the topics of your interest could have been revealed.

One of the key motivation for my willingness for dialogue is that I sincerely love and respect the United States of America and the American people. I could hardly feel different considering the fact that American doctors saved my life, and my daughters and grandchildren are US citizens living in United States.

As for the questions about the US Ambassador Marie Louise Yovanovitch. First of all, I want to clarify that I am not acquainted with her and have never communicated with her. However, I carefully analyze her activities as the US Ambassador to Ukraine. In my opinion, her recent comments, among other things, on personnel decisions issues and the fight against corruption, indicate that her speeches might lead to regress in relations between the United States of America and Ukraine. Unfortunately, I am not familiar with the letter you mention in one of your questions, so I can not comment on that.

As for activities of Mr. Joseph Biden in Ukraine, I would note that the video you mention was seen not only by me, but also by millions of people around the world. I received a lot of addresses and comments from people who were deeply outraged and disappointed with Mr. Biden's act. By and large, I have nothing to add to the storyline itself. The Vice President of the United States of America demands that the leadership of Ukraine dismisses the Attorney General of a sovereign country within six hours. Based on the narrative by Joe Biden himself, he was given a refusal at first. It was then that the ultimatum followed, the subject of which was a billion dollars in credit guarantees. I want to note that Joseph Biden repeatedly, starting the summer of 2015, approached the President of Ukraine, Petro Poroshenko, demanding my dismissal.
To my knowledge, President Poroshenko has repeatedly rejected. It got to the point that Mr.Biden promised to provide the President of Ukraine with information about my allegedly corrupt activities. After Joe Biden's last visit to Ukraine, in December 2014, I asked Petro Poroshenko about whether the Vice President of the United States provided any materials about my committing acts of corruption or any other offenses. The President replied that no Joseph Biden did not provide any information or about my illegal activities.

Regarding Mr. Nikolay Zlochevsky, who is the former Minister of Ecology under the presidency of Mr. Viktor Yanukovych, and a number of his companies including Burisma Holdings Limited, several criminal cases were opened in 2013-2015 under various articles of the Criminal Code of Ukraine, including illegal large-scale enrichment, money laundering on a large scale, and abuse of power. These criminal cases had been dismissed unreasonably and perpetrated by the Prosecutor General's Office of Ukraine after my dismissal. Moreover, at that same time the Prosecutor General Office unlawfully dismissed criminal case on embezzlement of US taxpayers' money, which the US government allocated for various programs in Ukraine in 2013-2015, proven by the document attached.

In course of investigation of criminal cases against Mr. Nikolai Zlochevsky and his companies, including Burisma Holdings Limited, suicide plans were drafted. Those plans included interrogations and other crime investigation procedures also all members of the executive board, including Hunter Biden. I would like to emphasize on the fact that presumption of innocence principle in Ukraine is in act, as well as investigatory and judicial privilege. Therefore, I can not give any details on preliminary investigation of these criminal cases.

I concluded that the President elect is being advised by people who were very vocal opponents of President Trump and peculiarly vocal supporters of Hillary Clinton in particular Sergii Leschenko. He has already been found to have acted improperly with regard to our 2016 election. Under these circumstances the meeting would have accomplished little and may be in the hands of those who might misrepresent it. My purpose was to share information to assist their on-going investigation of Ukrainian officials being used by Americans to gather information to assist Clinton in last election. It was also to alert them to the very real dangers that their are people involved in the investigation as targets who are attempting to shut it down before it reaches a conclusion. This investigation has the potential to reveal some of the people who originated and/or propagated the false claim of collusion which has been found to be false now by 2 not 1, FBI investigations. This false charge didn't emerge from thin air. If it didn't originate in Ukraine, there is evidence it was pursued there and pursued using illicit means.

it a demand by the United States, to whom is it addressed, and how does it go with the issue of interfering or not interfering with the affairs of a sovereign nation?

Under Secretary Hale: Well, Ambassador Yovanovitch represents the President of the United States here in Ukraine, and America stands behind her statements. And I don't see any value in my own elaboration on what they may or may not have meant. They meant what she said. As a visitor here from Washington, I perhaps can widen a little bit the question if you permit me. Once again case falls apart. Let's move on to who instructed Mifsud to frame Papadopoulos? Did Weissmann try to suborn perjurious testimony from Firtash, Corsi and Manafort among others? If Mueller didn't write report, as his disastrous testimony made clear, who did? Weissmann (ethically challenged) Rhee (Clinton Foundation) Quarles($35,000 to Hillary alone) or all of them which is who it is almost fighting with the truth, ethics and itself

This is like a Grade B horror movie with Nadler and Schiff the stars. Remember the hand keeps coming up and you have to bat it down 4 or 5 times. It's getting easier and may become a satirical comedy. I don't think Pelosi wasn't to be in the movie. Soon it will be The End and credits will appear Note the names for possible parts in the Grade A movie which is already being filmed. Dont miss it

You want me to go on Fox news and talk about it? I would not mention any names if I did that. I would just say a client approached and six months back with allegations that FBI and US Ambassador in Ukraine were playing favorites. And reference Burisma getting free pass and alleged ties to high level Obama administration officials. Maybe mention allegations about setting up Manafort. The media could connect the dots from there.

The Honorable Michael Pompeo
Secretary
United States Department of State
2201 C St NW
Washington, DC 20520-0099

Dear Secretary Pompeo:

I wanted to bring to your attention an interaction that I recently had with individuals regarding the current U.S. Ambassador to Ukraine.

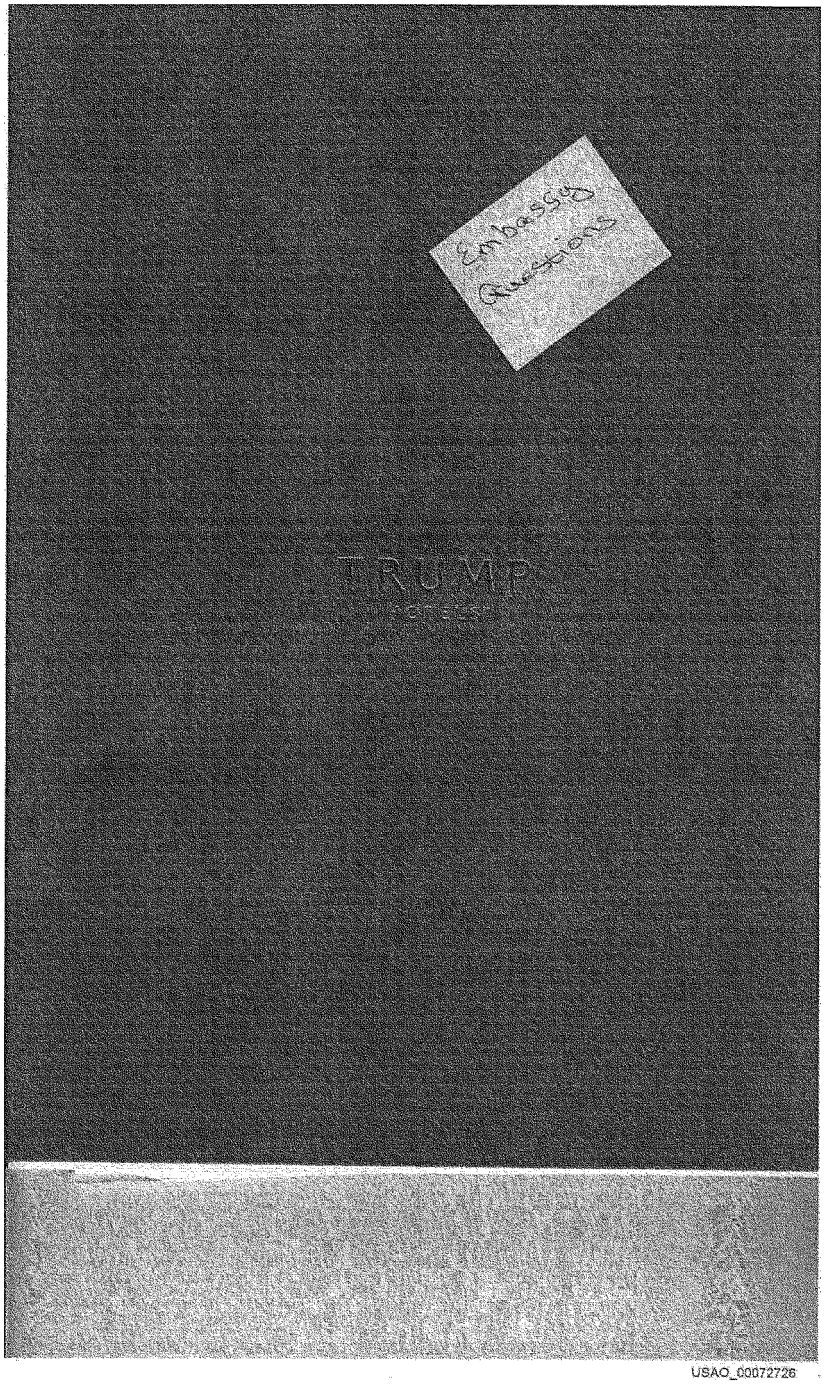

As you likely know, Marie Yovanovitch is the U.S. Ambassador to Ukraine. She previously served as Ambassador to the Republic of Armenia (2008-2011) and the Kyrgyz Republic (2005-2008). I have received notice of concrete evidence from close companions that Ambassador Yovanovitch has spoken privately and repeatedly about her disdain for the current Administration in a way that might call for the expulsion of Ms. Yovanovitch as U.S. Ambassador to Ukraine immediately.

I kindly ask you to consider terminating her ambassadorship and find a replacement as soon as possible. If you would like to discuss this matter further, I can be reached directly at 214.215[redacted] or [redacted]@petesessions.com

Thank you for reviewing this matter.

Sincerely,

Pete Sessions

On January 25, 2019 Mr. Yuriy Lutsenko the current Prosecutor General of Ukraine was present at 445 Park Ave, New York, NY. He was present to speak about corruption in Ukraine. He was accompanied by Glib Zagoriy, Gyunduz Mamedov, Lev Parnas, Igor Fruman. Also present were Mayor Rudolph Giuliani and George Boyle.

Mr. Lutsenko stated that he is currently the Prosecutor General for Ukraine. He was the Minister of Interior from 2007 to 2010. He further stated that he was placed in jail for two and one half years as a political prisoner.

Mr. Lutsenko stated that his office has the following units under his purview:

1. Police Department
2. Fiscals

Mr. Lutsenko stated that his office has recovered several billion dollars and has had two thousand six hundred thirty-seven verdicts for corruption. Mr. Lusenko went on to explain that there is a unit called Specialized Anticorruption Prosecutors Office (SAP) which has under its purview National Anticorruption Bureau Ukraine (NABU) which investigates corruption cases that involved public figures from Mayors upward. He stated that the current U.S. Ambassador protects SAP and NABU. He feels they are good organizations but have terrible leadership. His office has absolutely no control over SAP or NABU and can't even ask what they are working on however they fall under his "control".
He further state that he believes Mr. Viktor Shokin the former Prosecutor General is honest.

Mr. Lutsenko went on to say that he began looking at the same case Mr. Shokin was looking at (mentioned above) and he believes Hunter Biden receives millions of dollars in compensation from Burisma. He produced a document from Latvia that showed several million dollars that were distributed out of Burisma's account. The record showed two (2) companies and four (4) individuals receiving approximately sixteen million dollars in disbursements as follows:

Hunter Biden is a partner in Rosemont Seneca Partners LLC along with Devon Archer and the dates of this transaction are approximately anywhere from January to December of 2015. According to Mr. Lutsenko the $ 900,000.00 invoice was for services rendered for lobbying by Joe Biden.

The U.S. Ambassador Geofrey Pyatt recommended a special body to investigate high level corruption. Ambassador Pyatt gave a speech on September 25, 2015 in Odessa against the Prosecutor Generals' Office . On or around October of 2014 a law was passed creating NABU which was set up by Mr. George Kent who was the Deputy Chief to the Mission in Ukraine. End of Interview:

Shokin/Lutsenko Notes

January 23, 2019
445 Park Avenue
New York, NY 10022

Shokin:

On January 23, 2019 a telephone interview with Mr. Viktor Shokin the former General Prosecutor of Ukraine was conducted. Present in the New York location were: Rudolph Giuliani, Mr. Igor Fruman, Mr. Lev Parnas and Mr. George Boyle. The conversation was conducted through the use of two (2) interpreters one (1) in Ukraine and one (1) Lev Parnas in New York. The sum and substance of the conversation are as follows:

Mr. Shokin stated that he was appointed to the position of General Prosecutor of Ukraine from 2015 until April of 2016 when he was removed at the request of Mr. Joseph Biden the Vice President of the United States. Mr. Shokin was a Deputy Prosecutor prior to becoming the General Prosecutor. He became involved in a case against Mr. Mykola Zlochevsky the former Minister of Ecology and Natural Resources of Ukraine. The case was opened as a result of Mr. Zlochevsky giving himself/company permits to drill for gas and oil in Ukraine. Mr. Zlochevsky is also the owner of Burisma Holdings, which a corporation registered in Cyprus. Mr. Shokin stated that there are documents that list five (5) criminal cases in which Mr. Zlochevsky is listed, with the main case being for issuing illegal gas exploration permits. The following complaints are in the criminal case.

1. Mr. Zlochevsky was laundering money
2. Obtained assets by corrupt acts bribery
3. Mr. Zlochevsky removed approximately twenty three million U.S. dollars out of Ukraine without permission
4. While seated as the Minister he approved two addition entities to receive permits for gas exploration
5. Mr. Zlochevsky was the owner of two secret companies that were part of Burisma Holdings and gave those companies permits which made it possible for him to profit while he was the sitting Minister.

The above cases were closed after Mr. Zlochevsky was dismissed from the Ministry.

Mr. Shokin further stated that there were several Burisma board appointments were made in 2014 as follows:

1. Hunter Biden son of Vice President Joseph Biden
2. Joseph Blade former CIA employee assigned to Anti-Terrorist Unit
3. Aleksander Kwasnieski former President of Poland
4. Devon Archer roommate to the Christopher Heinz the step-son of Mr. John Kerry United States Secretary of State

Mr. Shokin stated that these appointments were made by Mr. Zlochevsky in order to protect himself.
Mr. Zlochevsky left Ukraine while the above mentioned cases were open.
Mr. Shokin stated that the investigations stopped out of fear of the United States. Mr. Shokin attempted to continue the investigations but on or around June or July of 2015 the U.S. Ambassador Geoffrey R. Pyatt told him that the investigation has to be handled with white gloves, which according to Mr. Shokin, that implied do nothing. On or about September 2015 Mr. Pyatt gave a speech in Odessa where he stated that the cases were not investigated correctly and that Mr. Shokin may be corrupt.

Mr. Shokin stated that in 2014 Mr. Zlochevsky was in the UK and that the twenty three million dollars were frozen in the UK in the BNP Bank. Mr. Shokin stated that false documents were prepared and the money was released to Mr. Slochevsky before Mr. Shokin took office. That release of the money made Mr. Shokin look into the above cases again. Mr. Shoken stated that there were several articles written about bribes being taken during the investigation of the cases. The bribes were an effort to have the cases closed. On April of 2016 Mr. Shokin was dismissed as the General Prosecutor of Ukraine. In November of 2016 the cases were closed by the current Prosecutor General Yuriy Lutsenko.

Mr. Shokin further stated that on February of 2016 warrants were placed on the accounts of multiple people in Ukraine. There were requests for information on Hunter Biden to which nothing was received. It is believed that Hunter Biden receives a salary, commission plus one million dollars. There were no documents or information on Hunter Biden and Mr. Shokin stated he was warned to stop by Ambassador Geoffrey R. Pyatt. President of Ukraine Petro Poroshenko told Mr. Shokin not to investigate Burisma as it was not in the interest of Joe and/or Hunter Biden. Mr. Shokin was called into Mr. Poroshenko's office and told that the investigation into Burisma and the Managing Director where Hunter Biden is on the board, has caused Joe Biden to hold up one billion dollars in U.S. aid to Ukraine.

Mr. Shokin stated that on or around April of 2016 Mr. Petro Poroshenko called him and told him he had to be fired as the aid to the Ukaraine was being withheld by Joe Biden. Mr. Biden told Mr. Poroshenko that he had evidence that Mr. Shokin was corrupt and needed to be fired. Mr. Shokin was dismissed in April of 2016 and the U.S. aid was delivered within one and one half months.

On a different point Mr. Shokin believes the current Ambassador Marie L. Yovanovitch denied his visa to travel to the U.S. Mr. Shokin stated that she is close to Mr. Biden. Mr. Shokin also stated that there were leaks by a person named Reshenko of the Ukrainian State Secret Service about the Manafort Black Book. Mr. Shokin stated that there is possible deceit in the Manafort Black Book.

Subject: RE: Bidens and Ukraine...

If Joseph Biden enters the race for U.S. president in 2020, he'll face renewed questions about his son Hunter's association with Ukraine's Burisma energy company during his eight years as U.S. vice president.

The allegations are resurfacing as Peter Schweizer, the president of the conservative non-profit think tank Government Accountability Institute, made sensational comments on American news channel Fox News on March 23.

Schweizer claimed that, according to financial records, Hunter Biden, is connected to a bank account in which $3.1 million were deposited over a period of 14 months – a time period during which Joe Biden went to Ukraine several times as vice president.

It is not the first time that Biden's visits to Ukraine are being used against him.

Some had already criticized what they perceive as possible signs of corruption and even cynicism on Joe Biden's part – promoting anticorruption in Ukraine while simultaneously pushing for his son's interests in a faraway country.

Hunter Biden, a former Washington lobbyist, ended up sitting on the supervisory board of Burisma Holding, one of Ukraine's largest natural gas companies owned, at the same time that his father started to visit the country in order to support the EuroMaidan Revolution that drove President Viktor Yanukovych from power on Feb. 22, 2014.

The owner of Burisma Holding – Mykola Zlochevsky, a former ecology minister under Yanukovych – remains accused of money laundering and illegally issuing oil and gas licenses his own companies throughout 2010-2012.

The former minister owns 38 oil and gas extraction permits through 14 separate companies, which gives him big control over the Ukrainian market.

A criminal proceeding was opened in 2014 against Zlochevsky, but the Burisma Group announced in January 2017 that all judicial proceedings against him and his operating companies in Ukraine were closed.

Zlochevsky was also put under investigation in the United Kingdom, where a bank account under his name of $23 million was temporarily frozen, until Ukrainian prosecutors refused to give the necessary documents for British authorities to continue the investigation, according to the New York Times.

A British judge ultimately decided to stop the inquiry and unfreeze the former minister's account due to a lack of evidence.

According to Schweizer, the latest financial findings about Hunter Biden constitute "a very troublesome issue" that "has all the markings of payoffs going to the Bidens."

Former U.S. Attorney Joe Digenova had no doubt while speaking on air, saying that this case "deserves a full-blown investigation into the conduct of the Biden family in Ukraine."

The Kyiv Post interviewed former U.S. Ambassador to Ukraine from 1998 to 2000 Steven Pifer, in September 2018, during the 15th edition of the Yalta European Strategy conference, and the subject came up.

Even though Hunter Biden's entrance to Burisma's supervisory board appears suspicious, Pifer said the former vice president "genuinely feels sympathy and support for Ukraine, so it was something he chose to engage in, whether or not his son was working (in Ukraine)."

Kate Bedingfield, a Biden spokeswoman, stressed to the New York Times in December 2015 that Hunter Biden's professional life was totally independent from his father's diplomatic mission.

Shokin/Lutsenko Notes

January 23, 2019
445 Park Avenue
New York, NY 10022

Shokin:

On January 23, 2019 a telephone interview with Mr. Viktor Shokin the former General Prosecutor of Ukraine was conducted. Present in the New York location were: Rudolph Giuliani, Mr. Igor Fruman, Mr. Lev Parnas and Mr. George Boyle. The conversation was conducted through the use of two (2) interpreters one (1) in Ukraine and one (1) Lev Parnas in New York. The sum and substance of the conversation are as follows:

Mr. Shokin stated that he was appointed to the position of General Prosecutor of Ukraine from 2015 until April of 2016 when he was removed at the request of Mr. Joseph Biden the Vice President of the United States. Mr. Shokin was a Deputy Prosecutor prior to becoming the General Prosecutor. He became involved in a case against Mr. Mykola Zlochevsky the former Minister of Ecology and Natural Resources of Ukraine. The case was opened as a result of Mr. Zlochevsky giving himself/company permits to drill for gas and oil in Ukraine. Mr. Zlochevsky is also the owner of Burisma Holdings, which a corporation registered in Cyprus. Mr. Shokin stated that there are documents that list five (5) criminal cases in which Mr. Zlochevsky is listed, with the main case being for issuing illegal gas exploration permits. The following complaints are in the criminal case.

1. Mr. Zlochevsky was laundering money
2. Obtained assets by corrupt acts bribery
3. Mr. Zlochevsky removed approximately twenty three million U.S. dollars out of Ukraine without permission
4. While seated as the Minister he approved two addition entities to receive permits for gas exploration
5. Mr. Zlochevsky was the owner of two secret companies that were part of Burisma Holdings and gave those companies permits which made it possible for him to profit while he was the sitting Minister.

The above cases were closed after Mr. Zlochevsky was dismissed from the Ministry.

Mr. Shokin further stated that there were several Burisma board appointments were made in 2014 as follows:

1. Hunter Biden son of Vice President Joseph Biden
2. Joseph Blade former CIA employee assigned to Anti-Terrorist Unit
3. Alesksander Kwasnieski former President of Poland
4. Devon Archer roommate to the Christopher Heinz the step-son of Mr. John Kerry United States Secretary of State

Mr. Shokin stated that these appointments were made by Mr. Zlochevsky in order to protect himself.
Mr. Zlochevsky left Ukraine while the above mentioned cases were open.
Mr. Shokin stated that the investigations stopped out of fear of the United States. Mr. Shokin attempted to continue the investigations but on or around June or July of 2015 the U.S. Ambassador Geoffrey R. Pyatt told him that the investigation has to be handled with white gloves, which according to Mr. Shokin, that implied do nothing. On or about September 2015 Mr. Pyatt gave a speech in Odessa where he stated that the cases were not investigated correctly and that Mr. Shokin may be corrupt.

Mr. Shokin stated that in 2014 Mr. Zlochevsky was in the UK and that the twenty three million dollars were frozen in the UK in the BNP Bank. Mr. Shokin stated that false documents were prepared and the money was released to Mr. Slochevsky before Mr. Shokin took office. That release of the money made Mr. Shokin look into the above cases again. Mr. Shoken stated that there were several articles written about bribes being taken during the investigation of the cases. The bribes were an effort to have the cases closed. On April of 2016 Mr. Shokin was dismissed as the General Prosecutor of Ukraine. In November of 2016 the cases were closed by the current Prosecutor General Yuriy Lutsenko.

Mr. Shokin further stated that on February of 2016 warrants were placed on the accounts of multiple people in Ukraine. There were requests for information on Hunter Biden to which nothing was received. It is believed that Hunter Biden receives a salary, commission plus one million dollars. There were no documents or information on Hunter Biden and Mr. Shokin stated he was warned to stop by Ambassador Geoffrey R. Pyatt. President of Ukraine Petro Poroshenko told Mr. Shokin not to investigate Burisma as it was not in the interest of Joe and/or Hunter Biden. Mr. Shokin was called into Mr. Poroshenko's office and told that the investigation into Burisma and the Managing Director where Hunter Biden is on the board, has caused Joe Biden to hold up one billion dollars in U.S. aid to Ukraine.

Mr. Shokin stated that on or around April of 2016 Mr. Petro Poroshenko called him and told him he had to be fired as the aid to the Ukaraine was being withheld by Joe Biden. Mr. Biden told Mr. Poroshenko that he had evidence that Mr. Shokin was corrupt and needed to be fired. Mr. Shokin was dismissed in April of 2016 and the U.S. aid was delivered within one and one half months.

On a different point Mr. Shokin believes the current Ambassador Marie L. Yovanovitch denied his visa to travel to the U.S. Mr. Shokin stated that she is close to Mr. Biden. Mr. Shokin also stated that there were leaks by a person named Reshenko of the Ukrainian State Secret Service about the Manafort Black Book. Mr. Shokin stated that there is possible deceit in the Manafort Black Book.

He stated that the current U.S. Ambassador protects SAP and NABU. He feels they are good organizations but have terrible leadership. His office has absolutely no control over SAP or NABU and can't even ask what they are working on however they fall under his "control".
He further state that he believes Mr. Viktor Shokin the former Prosecutor General is honest.

Mr. Lutsenko went on to say that he began looking at the same case Mr. Shokin was looking at (mentioned above) and he believes Hunter Biden receives millions of dollars in compensation from Burisma. He produced a document from Latvia that showed several million dollars that were distributed out of Burisma's account. Hunter Biden is a partner in Rosemont Seneca Partners LLC along with Devon Archer and the dates of this transaction are approximately anywhere from January to December of 2015. According to Mr. Lutsenko the $ 900,000.00 invoice was for services rendered for lobbying by Joe Biden.

The formation of SAP and was on or about October 2014. The formation of SAP and NABU was publicly announced, stating Mr. Shokin was not getting any results, showed no arrests, no proceedings against government officials. The U.S. Ambassador Geofrey Pyatt recommended a special body to investigate high level corruption. Ambassador Pyatt gave a speech on September 25, 2015 in Odessa against the Prosecutor Generals' Office . On or around October of 2014 a law was passed creating NABU which was set up by Mr. George Kent who was the Deputy Chief to the Mission in Ukraine. Mr. Kent is currently the Deputy Assistant Secretary Bureau of European and Eurasian Affairs for the U.S. State Department.

RUDOLPH W. GIULIANI

May 10, 2019

President-Elect Volodymyr Oleksandrovych Zelensky
c/o Ministry of Internal Affairs of Ukraine
10 Bogomoltsa str. 01601
Kyiv, Ukraine

Dear President-Elect Zelensky:

I am private counsel to President Donald J. Trump. Just to be precise, I represent him as a private citizen, not as President of the United States. This is quite common under American law because the duties and privileges of a President and a private citizen are not the same. Separate representation is usual process.

Congratulations on a truly impressive victory in the recent election. I have a great fondness for your country and have visited there often. I have even had the privilege of being there most recently on 2017. Along with many others, I am very hopeful that your election is a real turning point and allows the Ukraine to prosper and overcome some of the long-standing problems of the past. Anything I can do to help you or your country would be a great honor.

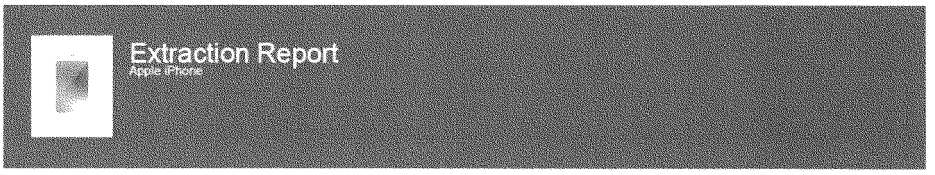

However, I have a more specific request. In my capacity as personal counsel to President Trump and with his knowledge and consent, I request a meeting with you on this upcoming Monday, May 13th or Tuesday, May 14th. I will need no more than a half-hour of your time and I will be accompanied by my colleague Victoria Toensing, a distinguished American attorney who is very familiar with this matter.

Please have your office let me know what time or times are convenient for you, and Victoria and I will be there.

Sincerely,

Rudolph W. Giuliani

I concluded that the President elect is being advised by people who were very vocal opponents of President Trump and peculiarly vocal supporters of Hillary Clinton in particular Sergii Leschenko. He has already been found to have acted improperly with regard to our 2016 election. Under these circumstances the meeting would have accomplished little and may be in the hands of those who might misrepresent it. My purpose was to share information to assist their on-going investigation of Ukrainian officials being used by Americans to gather information to assist Clinton in last election. It was also to alert them to the very real dangers that their are people involved in the investigation as targets who are attempting to shut it down before it reaches a conclusion. This investigation has the potential to reveal some of the people who originated and or propagated the false claim of collusion which has been found to be false now by 3 not 1 FBI investigations. This false charge didn't emerge from thin air. If it didn't originate in Ukraine, there is evidence it was pursued there and pursued using illicit means.

[redacted] via WhatsApp Web

Mr. Prosecutor General:

My name is John Solomon and I am the executive vice president of The Hill newspaper in Washington DC, one of America's largest political news sources with more than 35 million monthly readers. I run the Hill's new television division and would like to invite you to be interviewed on air this Thursday at your convenience. Our studio currently has opened between 11:30a and 2:30p EDT on Thursday.

Below are the topics we are interested in. I deeply appreciate considering our interview request.

Sincerely,

John Solomon
Executive Vice President
The Hill
202-235-[redacted]

TOPICS FOR INTERVIEW WITH PROSECUTOR GENERAL

1. What is at stake in your upcoming national elections, both for the Ukrainian people and your ally, the United States?

2. How is your country's relationship with the United States and more specifically with U.S. Ambassador Yovanovitch?

3. There seems to be a spate of recent comments by the US ambassador and some career State Department officials lamenting the fight against corruption inside Ukraine. What is your response to that and are you surprised about the timing of those comments so close to an election?

4. I recently was shown a letter from a member of Congress who suggested Ambassador Yovanovitch was saying derogatory things about President Trump. Do you have any evidence that has happened with her or her staff at the embassy? What comments have been made that were derogatory to President Trump? Specifically have any US officials suggested to Ukrainian officials that they can ignore President Trump because he might be impeached and what was the Ukrainian reaction?

5. In 2015, VP Joe Biden came to visit Ukraine and met with President Poroshenko. I've seen some recent video in which VP Biden claimed he used that visit to get your predecessor as Prosecutor General fired. Please tell us what happened and what if any role U.S. loan guarantees played in the incident. What did President Poroshenko tell you was the reason your predecessor was fired? Do you think it was justified?

6. At the time Mr. Shokin was fired, did VP Biden have an interest personally in the prosecutor's office and its activities?

7. Was the VP's son Hunter Biden and his company Burisma Holdings under investigation and how serious were the allegations?

8. What happened to that case after the vice president's intervention?

9. Has the case been recently been reopened to your knowledge? In layman's terms what is the nature of the criminality that was going on with the company?

10. What evidence specifically in the case involved Hunter Biden and was any of his activity criminal under Ukraine statutes?

11. Did you ever see any evidence of financial transaction inside Burisma that suggested the company had lobbied or compensated someone to lobby VP Biden? How much money was cited as the payment?

12. Given that Hunter Biden had no prior experience listed on his public resume with Ukrainian law, why do you think Burisma hired him?

13. Why was the former CIA official Cofer Black hired by Burisma in your understanding of the case?

14. Attached is a copy of the alleged Ukrainian court file in the Burisma investigation. Can you review it and confirm it is an authentic record of what went on in the case?

15. Why did the courts suddenly conclude there was no evidence of criminality after two years of pretrial activities suggesting the financial transfers were criminal in nature? Do you think VP Biden's intervention had any impact?

16. Did the Prosecutor General's office have difficulty getting financial records information from Cyprus? Why and what records were not provided?

17. Do you have any evidence that Ambassador Yovanovitch or the US embassy played any role in interfering with the Burisma prosecution?

Attached below are questions I just sent to the US embassy in Kiev. I'm hoping Mr. Lutsenko can answer these as well.

Thanks

John

1.) What did Ambassador Yovanovitch communicate during her first meeting with the General Prosecutor's office in 2016 about the following individuals:

Parliamentary member Leshchenko, Parliamentary member Nayem and Vitaliy Shabunin, founder of ANTAC

2.) Why did the US embassy take a special interest in these Ukrainian citizens and was any instruction given concerning the prosecutor's office dealings with these individuals? Did any instructions or requests concerning these individuals come from the department's Eurasia office in Washington DC (Ambassador Nuland's team) or from representatives of George Soros or his charitable entities? Did any of these individuals or their affiliated entities receive financial support from the Department of State or the Department of Justice?

3.) Describe the role that Mr. Shabunin, ANTAC or Daria Kaleniak played in assisting the embassy or FBI in the Ukraine kleptocracy investigations and the Paul Manafort probe?

4.) Did the embassy or any of its leaders officially or unofficially encourage NABU to release any information about Mr. Manafort's case in 2016? When did the embassy learn that NABU had leaked the black ledger files and what was its response?

5.) Please describe any support that the DOS or the embassy provided to ANTAC? Please describe any role Mr. Soros or his representative played in supporting ANTAC along with the embassy?

6.) In an April 2016 letter to the GP's office, Mr. Kerr explicitly raised concerns about the GP's office investigation of ANTAC, calling the investigation "misplaced." What interest would the United States have in an internal investigation of a Ukrainian NGO and did the embassy receive any inquiries from Mr. Soros' representatives about this investigation? Was there any concern the US would be viewed as applying pressure to what was an internal matter of a Ukrainian sovereign agency?

7.) Why was the General Prosecutor's office investigating ANTAC (the Anti-Corruption Centre)?

[redacted]@s.whatsapp.net (1)

While the 2016 presidential election was raging in America, Ukrainian prosecutors ran into some unexpectedly strong headwinds as they pursued an investigation into the activities of a nonprofit in their homeland known as the Anti-Corruption Action Centre (AntAC).

The focus on AntAC – whose youthful street activists famously wore "Ukraine F**k Corruption" T-shirts – was part of a larger probe by Ukraine's Prosecutor General's office into whether U.S. funds earmarked to fight corruption inside the former Soviet republic were being poorly spent, politicized or misused to settle business scores.

The prosecutors would soon learn the resistance they were facing was blowing directly from the U.S. embassy in Kiev, where Obama administration took the rare step of trying to pressure the Ukrainian government to back off its investigation of both the U.S. aid and the group.

"The investigation into the Anti-Corruption Action Center (sic), based on the assistance they have received from us, is similarly misplaced," then-U.S. embassy Charge d' Affaires George Kent wrote the prosecutor's office in April 2016 that also argued U.S. officials had no concerns about how the aid monies had been spent.

At the time, the nation's Prosecutor General had just been fired under pressure from the United States, and a permanent replacement had not yet been named.

A few months later, Yuri Lutsenko, widely regarded as a hero in the West for spending two years in prison after fighting Russian aggression in his country, was named the new prosecutor general and invited to meet the new U.S. Ambassador Marie Yovanovitch.

Lutsenko told me he was stunned when the ambassador provided him a list of names she did not want his office to pursue for investigation. The list included a founder of the AntAC group as well as two members of Parliament who vocally supported the group's anti-corruption reform agenda, according to a source directly familiar with the meeting.

It turns out the group that Ukrainian law enforcement was probing was being co-funded both by the Obama administration and the liberal megadonor George Soros. And it was collaborating with the very FBI agents investigating then-Trump campaign manager Paul Manafort's business activities with pro-Russian figures in Ukraine.

The implied message to Ukraine's prosecutors was clear: It was a mistake to target AntAC in the middle of an America presidential election where Soros was backing Hillary Clinton to beat Trump in the race to replace another Soros-favorite, Barack Obama, Ukrainian sources told me.

"We ran right into a buzzsaw, and we got bloodied," a senior Ukrainian official told me.

State officials told me privately they wanted Ukraine prosecutors to back off AntAC because they feared the investigation was simply retribution for the group's high-profile efforts to force anticorruption reforms inside Ukraine, some of which took authorities and prestige from the Prosecutor General's office.

But at the same time, the officials said, it was an unusual message.

"We're not normally in the business of telling a country's police force who they can and can't pursue, unless it involves an American citizen we think is wrongly accused," one official said.

In the end, no action was taken against AntAC, and it remains thriving today, and supported by the U.S. embassy. Nonetheless, the anecdote is taking on new significance for three reasons.

First, it conflicts with the State Department's official statement last week after Lutsenko first mentioned the do-not-prosecute list. The embassy responded the claim was a fabrication and a sign that corruption was alive and well inside Ukraine.

But Kent's letter unequivocally shows the embassy did press Ukrainian prosecutors to back off what normally would be considered an internal law enforcement matter inside a

sovereign country. And more than a half dozen U.S. and Ukrainian sources confirmed to me the AntAC case wasn't the only one where American officials exerted pressure on Ukrainian investigators in 2016.

I asked State to explain the letter and the inclusion of the Soros-connected names during the meeting and it demurred. "As a general rule, we don't read out private diplomatic meetings," it responded. "Ambassador Yovanovitch represents the President of the United States in Ukraine, and America stands behind her and her statements."

The second significance of the AntAC anecdote exposes a reality often not visible to the American public: After the Obama Justice Department launched its Kleptocracy initiative a decade ago to prosecute corruption in other countries, the State Department, the Justice Department and the FBI outsourced much of its work, creating partnerships with private groups and parties that have political and business interests too.

Inside Ukraine, the partners were tied to Soros, the Hungarian-American businessman who is one of the largest donors to American liberal causes, a champion of the U.S. kleptocracy crackdown and a man with extensive business interests in Ukraine.

The partners ranged from internationally acclaimed Transparency International to the smaller AntAC, which received 59 percent (or $1 million of its nearly $1.7 million budget since 2012 from U.S. budgets tied to State and nearly $230,000 from Soros' International Renaissance Foundation, according to the group's donor disclosure records.

The U.S.-Soros collaboration was visible in Kiev. Several senior Justice Department officials and FBI agents appeared in pictures as participants or attendees at Soros-sponsored events and conferences.

One attendee was Karen Greenaway, the FBI supervisor in charge of international fraud cases and one of the lead agents in the Manafort investigation in Ukraine. She attended multiple such events and won glowing praise in a social post from AntAC's own executive director.

The FBI confirmed her trips. "In furtherance of the FBI's mission and in the course of their duties, FBI employees routinely travel and participate in public forums in an official capacity. At a minimum, all such travel and speaking engagements are authorized by the employee's direct supervisor and can receive further authorization all the way up to the relevant division head, along with an ethics official determination," the bureau said.

Greenaway recently retired, and Soros' AntAC immediately announced she was joining its supervisory board.

Internal memos from Soros' umbrella charity organization, the Open Society Foundations, describe a concerted strategy of creating friendships inside key government agencies like State, DOJ and the FBI that can be leveraged inside the countries Soros was targeting for anti-corruption activism.

"We have broadly recognized the importance of developing supportive constituencies in order to make headway in tightening the global web of anticorruption accountability," a Feb. 21, 2014 memo states. "We first conceived of this in terms of fostering and helping to build a political environment favorable to high-level anti-corruption cases."

That same memo shows Soros' organization wanted to make Ukraine a top priority starting in 2014 and planned to use the Anti-Corruption Action Centre as the leading edge of its strategy.

"Ukraine: Behind the scenes advice and support to Ukrainian partner Anti-Corruption Action Center's efforts to generate corruption litigation in Europe and the U.S. respecting state assets stolen by senior Ukrainian leaders," the memo state.

The memo included a chart of Ukrainians the Soros team wanted pursued. Multiple figures on the chart had ties to Manafort.

Senior U.S. law enforcement officials confirmed to me that the early kleptocracy collaborations inside Ukraine led to highly visible U.S. actions against both the oligarch Dmitri Firtash, a major target of the Soros group, and Manafort.

In 2014, FBI agents interviewed Manafort but closed down the case for lack of evidence. But during the 2016 election, it was revived based on new information that surfaced both inside Ukraine and with the British intelligence operative Christopher Steele, who at the time was working to defeat Trump on an opposition project funded by Hillary Clinton's campaign, documents released by Congress and the courts show.

Spokespersons for AntAC and Open Society Foundations did not respond to repeated requests for comment.

Michael Vachon, a spokesman for Soros, deferred any comment about AntAC to the group. But he did he confirm his boss supported the continued investigation of Russia collusion allegations against Trump well past 2016.

Vachon said Soros wrote a sizable check from his personal funds in fall 2017 to a new group called the Democracy Integrity Project started by a former FBI agent and Senate staffer named Dan Jones to continue investigation and research into foreign interference in American elections and European elections.

Vachon said the group asked Soros not to divulge the size of his contribution and he later learned the group hired Fusion GPS, the same firm that was paid by Hillary Clinton's

campaign and the Democratic Party to create the now-infamous Steele dossier alleging Trump-Russia collusion.

The he-said-she-said battle playing out between Ukraine's chief prosecutor and the American ambassador doesn't benefit either side. Rather, an honest, complete and transparent account of what the embassy communicated to Ukraine's law enforcement does.

And the tale of AntAC raises some cogent questions.

Why would the U.S. embassy intervene on a Ukrainian internal investigation and later deny it exerted such pressure? Did Soros' role as a major political funder have any impact? Do Americans want U.S. tax dollars commingled with activists' private funds when it comes to anti-corruption probes?

Someone in State and Congress should try to get the answers.

I concluded that the President elect is being advised by people who were very vocal opponents of President Trump and peculiarly vocal supporters of Hillary Clinton in particular Sergi Leschenko. He has already been found to have acted improperly with regard to our 2016 election. Under these circumstances the meeting would have accomplished little and may be in the hands of those who might misrepresent it. My purpose was to share information to assist their on-going investigation of Ukrainian officials being used by Americans to gather information to assist Clinton in last election. It was also to alert them to the very real dangers that their are people involved in the investigation as targets who are attempting to shut it down before it reaches a conclusion. This investigation has the potential to reveal some of the people who originated and or propagated the false claim of collusion which has been found to be false now by 2 hot 1. FBI investigations. This false charge didn't emerge from thin air. If it didn't originate in Ukraine, there is evidence it was pursued there and pursued using illicit means.

Can you please have him email it back to me and confirm that this is an accurate transcript of our call.

At no time since our interview have I ever retracted the statement I made about the US ambassador providing me a list of names of people and organizations she did not want my office to prosecute. Shortly after my televised interview with your news organization I was asked by a Ukraine reporter if I had a copy of the letter that Ambassador Yovanovitch provided me with the names of those she did not want prosecuted. The reporter misunderstood how the names were transmitted to me. I explained to the reporter that the Ambassador did not hand me a written list but rather provided the list of names orally over the course of a meeting. And I wrote those names down in my hand written notes I believe then as I do now that the US ambassadors demand amounted to an intrusion on the sovereign authority of my office to handle all enforcement matters for Ukraine. I also provided you a letter showing a specific written example of when the US Embassy in Kiev order pressured me not to pursue a specific investigation of a non-governmental organization. I stand by my assertions I made during our interview.

8 МАР, 22:59
NYT: Байден может объявить об участии в президентских выборах в апреле

По информации издания, его ближайшие советники уже начали предлагать посты в руководстве предвыборной кампании

НЬЮ-ЙОРК, 8 марта. /ТАСС/. Бывший вице-президент США Джозеф Байден может уже в начале апреля объявить о начале кампании за выдвижение кандидатом от Демократической партии на выборах президента в 2020 году. Об этом сообщила в пятницу газета The New York Times.

По ее данным, "постепенно формируются все элементы предвыборной кампании Байдена": группа его ближайших советников уже начала предлагать посты в руководстве предвыборной кампании видным деятелям Демократической партии, рассматривается вопрос о возможности размещения предвыборного штаба либо в штате Делавэр, либо в окрестностях Филадельфии (штат Пенсильвания), в качестве срока начала кампании рассматривается апрель.

Кроме того, по данным The New York Times, 76-летний Байден в частном порядке обращался к целому ряду влиятельных демократов, к финансовым донорам партии, а также к членам Конгресса от Демократической партии, чтобы оценить уровень возможной поддержки его кандидатуры. Ранее, по данным газеты, Байден встречался с Хиллари Клинтон, соперничавшей с Дональдом Трампом за пост президента в 2016 году.

О намерении участвовать в президентских выборах 2020 года уже объявили 77-летний сенатор от штата Вермонт Берни Сандерс, соперничавший с Клинтон за выдвижение кандидатом от демократов в 2016 году, бывший мэр города Сан-Антонио (штат Техас) Джулиан Кастро, занимавший пост министра жилищного строительства и городского развития в администрации Барака Обамы, экс-конгрессмен от штата Мэриленд Джон Делени, мэр города Саут-Бенд (штат Индиана) Пит Баттиджиг, член Палаты представителей Конгресса США от штата Гавайи Тулси Габбард, сенатор от штата Нью-Йорк Кирстен Джиллибранд, сенатор от штата Калифорния Камала Харрис, бывший член законодательного собрания штата Западная Вирджиния, отставной майор и бывший десантник Ричард Охида, сенатор от штата Массачусетс Элизабет Уоррен, сенатор от штата Миннесота Эми Клобушар, сенатор от штата Нью-Джерси Кори Букер, бизнесмен Эндрю Янг и писательница Марианна Уильямсон.

Первые собрания партийных активистов в ходе будущей президентской кампании пройдут в штате Айова в начале февраля 2020 года. Съезд Демократической партии, на котором будет выдвинут кандидат на пост президента, состоится 13-16 июля 2020 года. На право принять у себя съезд претендуют Майами-Бич (штат Флорида), Милуоки (штат Висконсин) и Хьюстон (штат Техас). Республиканцы проведут свой съезд 24-27 августа 2020 года в городе Шарлотт (штат Северная Каролина).

59-е выборы президента США пройдут 3 ноября 2020 года.

As it is known gas oil group "Burisma group" is the largest in Ukraine largely due to its founder – Nukolay Zlochevskuy, who was the minister of ecology under the presidency of Viktor Yanukovych. Licenses for the development of new deposits to firms of Zlochevskuy agreed agency, which he himself headed.
The General Prosecutors Office of Ukraine was only able to do the dubious affairs of the "Burizma group" in full only in 2015.
Months of productive work allowed the department to reach the finish line rather quickly. A matter of weeks remained untill the official indictment of Nukolay Zlochevskuy and the interrogation of the co-founders of his company, including the son of Former Vice – President of the USA Joseph Biden – Hanter Biden.
The first signs of pressure on this case, I began to feel in summer of 2015.
And on the 25 September I received vivid proof of this. While at a business forum in Odessa Former US Ambassador in Ukraine J. Payette said that the investigation allegedly "has negative results and is in unsatisfactory condition."
This statement caused a slight bewilderment not only in me as the head of the General Prosecutor's Office of Ukraine.
On the same day the UK received the official reaction as countries whose law enforcement agencies also took part in the investigation of criminal cases against the Burisma group and at one time blocked Nukolay Zlochevsky's accounts with 23,000,000 US dollars. Patrick Torquington, an employee of the British Embassy in Ukraine and an international liaison officer of the National Agency for the Fight against Crime of the United Kingdom, informed the Central Investigation Department of the Prosecutor General of Ukraine that neither he nor the country he represents the motives of the US ambassador to Ukraine are incomprehensible.
Moreover, a similar opinion was expressed by US citizens (Karen A. Tramontano, John D. Buretta, Sally A. Painter), who were on a visit to the GPU and reported that they had previously worked in the Clinton administration.
A brief official report on this visit is attached. For a clearer picture, I recommend to talk with the above people.
Despite the pressure, we continued our work. On February 2, 2016, the property of Nukolay Zlochevskuy was arrested, including houses of about 1000 square meters (about four square yards), as well as the «Rolls-Royse Phantom» car.
And after that an immediate reaction followed- already by the former US Vice President Joseph Biden. However, he did not hide it, moreover he bragged about it.
Speaking later in the Council on Foreign Relations of the United States, Biden said that he delivered an ultimatum to the leadership of Ukraine: either Viktor Shokin will be dismissed within six hours, or the country will not receive a loan guarantee of one billion dollars.

It should be noted that Biden did not make any specific claims to me, related to either corruption or other illegal actions.
And the President of Ukraine, on the contrary, clearly outlined in his speeches such achievements as the complete reform of the department and staff reduction by 25 percent, delegation by the Prosecutor General of his influence and powers to the qualification and disciplinary commission and the council of prosecutors, as self-governing bodies;
the creation of a specialized anti-corruption prosecutor's office, which gave a start to the work of the National Anti-Corruption Bureau of Ukraine; the creation in the General Prosecutor's Office of the General Inspectorate to detect corruption in the department.
Currently, the criminal cases that were initiated against Nukolay Zlochevskuy and his companies have been closed and work on them is not being conducted, that the current attorney general has repeatedly stated. In my opinion, they were closed prematurely and unreasonably.

Lev:

Given General Shokin's lack of English fluency, I'd like to submit these questions to be answered in writing. Hopefully this will make him feel more comfortable answering in English without worry about misspeaking or an errant interpretation.

Deadline is noon Thursday if possible.

Thanks

John

Questions for Former Ukraine Attorney General Viktor Shokin

1. How is your country's relationship with the United States and more specifically with U.S. Ambassador Yovanovitch?

2. There seems to be a spate of recent comments by our ambassador and some career State officials lamenting the fight against the corruption. What is your response to that and are you surprised about the timing of those comments so close to an election?

3. I recently was shown a letter from a member of Congress who suggested Ambassador Yovanovitch was saying derogatory things about President Trump. Do you have any evidence that has happened with her or her staff at the embassy?

4. In 2016, VP Joe Biden came to visit Ukraine and met with President Porchenko. I've seen some recent video in which VP Biden claimed he used that visit to get you fired. Please tell us what happened and what if any role U.S. loan guarantees played in the incident?

5. What did President Porchenko tell you privately was the reason you were fired? Do you think it was justified?

6. At the time you were fired, did VP Biden have an interest personally in the prosecutor's office and its activities?

7. Was the VP's son Hunter Biden and his company Barisma Holdings under investigation and how serious were the allegations?

8. What happened to that case after the vice president's intervention?

9. Has the case been recently been reopened to your knowledge? In layman's terms what is the nature of the criminality that was going on with the company?

10. What evidence specifically in the case you built involved Hunter Biden and was any of his activity criminal under Ukraine statutes?

11. Did you ever see any evidence of financial transaction inside Barisma that suggested the company had lobbied or compensated someone to lobby VP Biden? How much money was cited as the payment?

12. Given that Hunter Biden had no prior experience listed on his public resume with Ukrainian law, why do you think Barisma hired him?

13. Why was the former CIA official Cofer Black hired by Barisma in your understanding of the case?

14. Attached is a copy of the alleged Ukrainian court file in the Barisma investigation. Can you review it and confirm it is an authentic record of what went on in the case?

15. Why did the courts suddenly conclude there was no evidence of criminality after two years of pretrial activities suggesting the financial transfers were criminal in nature? Do you think VP Biden's intervention had any impact?

16. Did your office have difficulty getting financial records information from Cyprus? Why and what records were not provided?

CERTIFICATE

At the end of March 2016 the Head of the Department of the General Prosecutor's Office of Ukraine Kondratenko O.O. told me that 3 US citizens want to get to the reception. I agreed to accept them. These were Karen Tramantano, Sally Paunter and John Burretta. They turned out to be the representatives of the "BlueStar Strategies" company and simultaneously Karen Tramantano and Sally Paunter stated that they worked earlier at the administration of the US President Clinton. The purpose of their visit became the apologize for the dissemination of false information by the United States and public activists on the activities of the General Prosecutor's Office of Ukraine in investigating criminal proceedings against Zlochevskuy. The stated people indicated that they know about the execution of all the necessary actions by the General Prosecutor's Office of Ukraine to bring Zlochevskuy to justice and that he was released by the UK court due to the lack of law enforcement by the authorities of the United Kingdom.
I thanked the abovementioned representatives for such an assessment of the activity of the Prosecutor's Office of Ukraine and represented them the results of the reforming of the prosecutor's office, including those posted on the website of the General Prosecutor's Office of Ukraine.
These individuals were surprised with this information and reported that absolutely other information was circulating in the US Department of State. In particular about fail in reforming the prosecutor's office in Ukraine, but having read the materials provided, they realized that the information spread in the United States is invalid and reported that they would facilitate my secondment to the United States to bring true information to the heads of the State Department.
This visit was preparing but was canceled after nomination of Lutsenko U.V. for the post of the Prosecutor General of Ukraine.
Addition: copies of the business card of these individuals provided to me during the meeting

Генпрокурор США Билл Барр сейчас изучает информацию о том, что украинские правоохранители пытались повлиять на результаты американских выборов в 2016 году в пользу Хиллари Клинтон. Об этом президент США Дональд Трамп рассказал в интервью Fox News.

Трамп уточнил, что речь идет о "сливе" данных о Поле Манафорте, тогдашем руководителе его избирательной кампании.

На вопрос ведущего интервью Шона Ханнити, должны ли американцы увидеть результаты продолжающегося в Украине расследования того, работали ли ее правоохранители с командой Клинтон, Трамп ответил: "Думаю, да".

Ранее генпрокурор Украины Юрий Луценко заявил, что ГПУ ведет расследование того, был ли у правоохранителей Украины умысел повлиять на предвыборные настроения в 2016 году в США в пользу Клинтон через компрометирующий "слив" финансовой документации о Манафорте.

В НАБУ заявили,https://news.liga.net/politics/news/nabu-oprovergio-zayavlenie-lutsenko что эти слова Луценко (о том, что НАБУ могло повлиять на выборы президента США) не соответствуют действительности.

"Компетенция НАБУ - изобличение и привлечение к ответственности именно украинских топ-чиновников. Поэтому никаких доказательств противоправной деятельности американского политтехнолога Пола Манафорта детективы НАБУ не собирали и не передавали, поскольку это вне компетенции Национального бюро" - сообщила пресс-служба.

В НАБУ считают, что и генпрокурор об этом знает, поскольку все материалы расследования "черной бухгалтерии" Партии регионов (кроме эпизода относительно действий бывшего председателя ЦИКа) еще в июне 2017 года были переданы в департамент специальных расследований ГПУ.

Наприкінці квітня колишній віце-президент США Джо Байден оголосив, що балотуватиметься в президенти. Судячи з опитувань, серед демократів Байден має найвищі рейтинги, а отже саме він є найімовірнішим суперником Дональда Трампа на майбутніх президентських виборах, які пройдуть у 2020 році.

На тлі заяви Байдена йому починають пригадувати сумнівні епізоди його біографії, найчастіше - звинувачення у непристойній поведінці з жінками й роботу в Україні.

Байден йде в президенти. Джо Байден оголосив про похід у президенти Він - один з найімовірніших суперників Трампа

Байден порадив Трампу "подорослішати"

Вибори президента США: хто вони, конкуренти Трампа?

Лише протягом останніх днів матеріали "українському питанню" присвятили New York Times і Vanity Fair - обидва видання міркують, чи може "українська тема" вплинути на президентські перспективи Байдена.

Vanity Fair припускає, що Україна може стати для нього такою ж проблемою, якою у 2016 році для Гілларі Клінтон став скандал з фінансуванням Фонду Клінтонів: його у своїй передвиборчій кампанії активно використовував Дональд Трамп.

Як Джо Байден пов'язаний з Україною і в чому його звинувачуютьВ адміністрації Барака Обами Джо Байден вважався чи не головним відповідальним за Україну: він часто приїздив до Києва, а у грудні 2015 навіть виступив з промовою у Верховній Раді.

Байден неодноразово заявляв, що одне з його головних завдань - допомогти Україні у боротьбі з корупцією. Однак тепер опоненти політика називають ці твердження лицемірством - і ось чому.

Getty Images

Факт 1. У 2016 році Верховна рада схвалила постанову про звільнення тодішнього генерального прокурора Віктора Шокіна, а на початку 2018 року Джо Байден заявив, що це рішення - його особиста заслуга.

За словами Байдена, під час одного з візитів до Києва він поставив українській владі ультиматум: або вони звільняють генпрокурора, або Україна не отримає від США $1 мільярд кредитних гарантій.

"Я сказав: я їду через шість годин. Якщо ваш генпрокурор не буде звільнений до того часу, ви не отримаєте грошей. І той сучий син був звільнений. І на його місце поставили того, кому на той час довіряли", - заявив Байден.

Факт 2. За часів керівництва Віктора Шокіна ГПУ проводила розслідування щодо газовидобувної компанії Burisma, власником якої вважають колишнього регіонала Миколу Злочевського. До Ради директорів цієї фірми донедавна входив син Джо Байдена, Гантер Байден.

Опоненти Джо Байдена вже використовують цю інформацію як доказ наявності у нього конфлікту інтересів, а його намагання звільнити українського генпрокурора пояснюють маніпулюванням українським правосуддям з метою захистити власні інтереси.

Сам Джо Байден ці звинувачення неодноразово заперечував.

Він заявляв, що його діяльність на посаді віце-президента не мала жодного стосунку до роботи сина і що вони ніколи не обговорювали роботу Burisma в Україні. Та більше: про причетність сина до Burisma Джо Байден нібито сам дізнався з повідомлень у новинах.

Чому про це згадали зараз

Getty Images

Про роботу Гантера Байдена в Burisma американські ЗМІ писали ще у 2015 році. Проте з висуненням Джо Байдена у президенти США, інформація знову опинилася в центрі уваги як ЗМІ, так і опонентів політика.

Масла у вогонь підлили і слова Юрія Луценка, який у березні заявив, що закриту справу проти Burisma знову відкриють. New York Times припустило, що українська влада могла піти на такий крок, аби "сподобатись" адміністрації Трампа, яка на майбутніх виборах матиме змогу використати це для критики Байдена.

За інформацією видання, один із найближчих союзників Дональда Трампа, колишній мер Нью-Йорка Рудольф Джуліані, вже обговорював справу Burisma з колишнім генпрокурором України, а з Луценком навіть кілька разів зустрічався в Нью-Йорку.

Під час однієї з таких зустрічей Джуліані нібито навіть телефонував Дональду Трампу і ділився з ним останньою інформацією.

Сам Рудольф Джуліані відмовився коментувати свої телефонні розмови з президентом США, але підтвердив, що неодноразово обговорював це питання з Трампом.

Vanity Fair припускає, що разом із наближенням дати виборів тиск на Джо Байдена буде тільки посилюватися, і "українське питання" посідатиме у критиці політика одне з провідних місць.

Как сообщает Цензор.НЕТ, об этом пишет The Washington Post со ссылкой на собственные источники.

По информации издания, соратники избранного президента Украины Владимира Зеленского заявили в субботних интервью о своих опасениях, что их втягивают во внутриполитическую борьбу в Соединенных Штатах, в которой вероятно хотят победить за счет Украины.

Отмечается, что опасения команды Зеленского связаны с намерением властей США убедить Киев провести расследование в отношении сына бывшего вице-президента США Джо Байдена.

Именно с этой целью, а также для обсуждения расследования, связанного с интересами президента США Дональда Трампа и делом о вмешательстве РФ в президентские выборы в 2016 году, и собирался прибыть в Украину личный адвокат президента США Дональда Трампа Рудольф Джулиани, который в итоге решил отменить свой визит.

Один из членов команды Зеленского, который говорил на условиях анонимности, сказал, что у избранного президента рассматривают интерес Трампа к расследованиям как внутреннее дело США и твердо намерена не дать данному вопросу отвлечь Зеленского от повестки дня.

Політичний експерт Денис Гасвський вважає, що для відставки Юрія Луценка з посади генерального прокурора у Верховній Раді не вистачить голосів.

Таку думку Гасвський висловив в коментарі для golos.ua, зазначивши, що Луценко на сьогоднішній день володіє зовнішньою підтримкою з боку США.

"Для відставки Луценка в Раді не вистачить голосів. За цю ініціативу не голосуватиме "Народний фронт", БПП і союзники Луценка серед мажоритарників і таких груп, як "Воля народу" і "Відродження", – розповів експерт.

Водночас, він підкреслив, що генпрокурор активно комунікує з командою президента США Трампа, з приводу втручання Києва в американську виборчу кампанію в 2016 році. Крім того, Гасвський додав, що Луценко продовжує розслідування справу кандидата в президенти США Джозефа Байдена – головного конкурента Дональда Трампа на президентських виборах.

"Відсутність голосів в Раді і підтримка Трампа призведе до того, що Луценко в довгостроковій перспективі збереже свій пост", – додав експерт.

Нагадаємо, у генпрокурора Юрія Луценка була офіційна зустріч 11 травня з новообраним президентом Володимиром Зеленським у офісі "Кварталу 95".

Я, Виктор Шокин, был назначен на должность Генерального прокурора Украины 10 февраля 2015 года. Моя кандидатура была поддержана 315-тью депутатами украинского парламента, что является Конституционным большинством. Другими словами, я стал генеральным прокурором и украинского парламента, и украинского народа.
Хочу обратить внимание, что после моего назначения ряд парламентариев отметили что я - лучший генеральный прокурор за последние 20 лет. А посол США Джеффри Пайет во время нашей двусторонней встречи 15 июня высоко оценил мою работу.
Ситуация изменилась после того, как возглавляемая мною Генеральная прокуратура вплотную занялась сомнительными делами газодобывающей компании «Бурисма», той самой членом правления которой был сын Джо Байдена – Хантер Байден. Даже не я, а американское издание «The New York Times», назвало это кадровое решение сомнительным, сославшись на отсутствие у Хантера Байдена опыта работы в энергетической сфере и его серьезные проблемы в США на тот период.
Травля моего вероисткая и меня лично началась с середины лета 2015 года и усугублялась по мере наращивания следственных и процессуальных действий по компании «Бурисма», что не дало возможности провести допрос Хантера Байдена и других руководителей. По мере усиления давления мне стало совершенно очевидно, что вице-президент США Джо Байден использует свое положение куратора Украины в своих личных целях и целях своей семьи. Так им была создана и им же руководилась группировка из числа как так называемых активистов и членов украинского парламента так и высокопоставленных чиновников и правоохранителей, услуги которых Джо Байден оплачивал деньгами американских налогоплательщиков.
Хочу четко отделить интересы США от личных корыстных интересов Джо Байдена. Для меня это было и есть совершенно очевидным. Последующие действия Байдена и членов его группировки, которая была создана им для преследования своих личных корыстных целей, подтвердили мои выводы.
Вот тогда и последовал известный всему миру ультиматум, предметом которого выступил миллиард долларов кредитных гарантий. Вице-президент Соединенных Штатов Америки, открыто вмешался во внутренние дела чужой страны в личных корыстных целях, потребовав от руководства Украины уволить Генерального прокурора за шесть часов, не приведя никаких аргументов и оснований в пользу такого решения. Из вышесказанного можно сделать совершенно очевидный вывод о противоправной деятельности Байдена в Украине. Для выяснения всех обстоятельств необходимо в соответствии с законом закончить и направить в суд уголовные дела по этим фактам, к чему и призвал в своем интервью адвокат президента США – Рудольф Джулиани.

Фактически своими действиями он способствовал полному развалу моральных принципов только что образовавшейся после Майдана новой республики. В котором элиты и общество увидели , что если вместо борьбы с коррупцией партнёр и ближайший союзник Америка в лице Байден стараются ее организовать и возглавить. У ніч проти 16 травня Ігор Коломойський повернувся в Україну

ПОЛІТИКА

Коломойський повернувся. «Я вирішив найближчі п'ять років прожити в Україні»

17 травня 2019, 15:57

Михайло Ткач

Після двох років добровільного вигнання Ігор Коломойський повернувся в Україну. Це сталося в ніч проти 16 травня. Він прилетів із Тель-Авіва до Дніпра. І того ж дня під вечір прибув до Києва. Знімальна група «Схем» зафіксувала, як олігарх із аеропорту «Бориспіль» попрямував до ресторану Catch у центрі столиці. Цей заклад розташований у бізнес-центрі по вулиці Володимирській, де має офіс Коломойський. Журналіст «Схем» зайшов до ресторану та помітив, що олігарх перебуває у компанії народних депутатів від групи «Відродження» Віталія Хомутинника, Андрія Шипка та Євгена Геллера, бізнесмена Павла Фукса та свого друга та співвласника «95-го кварталу» Тімура Міндіча.

Коломойський погодився поговорити зі «Схемами». У першому експрес-інтерв'ю після

повернення в Україну Коломойський розповів про справу, яку розслідують проти нього в Америці, знайомство з підозрюваним у справі щодо розкраданні сотень мільйонів обленерго Дмитром Крючковим та про те, чи піде на інавгурацію Володимира Зеленського.

– Скажіть, з ким першим ви зустрінетесь із представників влади?

– Ні з ким.

– А із Зеленським коли буде зустріч?

– Не знаю. Запросять...

– А ви плануєте зустрітися із ним?

– Я – ні. Він же президент – він планує.

– Ви казали, що при Порошенку ви не приїжджали в Україну, тому що була вірогідність, що у вас будуть якісь проблеми із законом і вас не випустять з країни...

– Такого не було.

– Ви не приїжджали два роки.

– Я не приїжджав, бо казав, що раптом може статися таке, що я не зможу виїхати.

– А чому зараз ви приїхали? Це може свідчити про те, що Порошенко втратив владу...

– Ні, я вирішив найближчі п'ять років прожити в Україні.

– А чому саме ці п'ять років? З чим це пов'язано?

– Бо я сподіваюсь на верховенство права в країні.

– А це не пов'язано із вашими відносинами з паном Зеленським?

– Ні, ніяк не пов'язано. Я приїхав сюди і планую тут перебувати у зв'язку із сімейними обставинами. У мене син планує підписати контракт із баскетбольним клубом України.

– А чи можна буде побачити вас у Адміністрації президента Зеленського?

– Ні.

– Тобто, ви не плануєте відвідувати його Адміністрацію?

– Ні.

– Ну, ви ж відвідували Адміністрацію Порошенка свого часу?

– Я планую жити в Україні і насолоджуватися життям в Україні. Без усіляких відвідин.

Примітка від редакції: У лютому 2016-го «Схеми» зняли, як Адміністрацію президента Петра Порошенка відвідував олігарх Ігор Коломойський. Тоді, щоб непомітно завезти його на територію АП, вдалися до додаткових заходів конспірації: з власного кортежу олігарха пересаджували в службову автівку.

– Це правда, що ви зараз не можете виїхати за кордон? Ось ви приїхали в Україну – і не можете виїхати в Євросоюз?

– Я, якщо хочете, можу задля експерименту виїхати з вами, а згодом повернутися. У будь-яку країну, яку ви назвете.

– А як щодо інформації про розслідування ФБР у США?

– Дивіться, я ж не можу коментувати інформацію. Може якесь розслідування і ведеться, напевно. Але, я думаю, воно буде проведене і нічим не завершиться.

– Тобто, воно ведеться – у вас особисто є така інформація?

– Дивіться, цілком можливо, що якесь розслідування і ведеться. І воно буде проведене, і нічим не завершиться, як завжди. Те, що стосується мене. Бо я нічого протизаконного на території Сполучених Штатів, чи Європейського Союзу, чи України не скоїв. І ви всі це добре знаєте. А все решта – це політичні маніпуляції.

Примітка від редакції: Американське інтернет-видання The Daily Beast опублікувало матеріал «Український олігарх-мільярдер Ігор Коломойський перебуває під слідством ФБР», у якому йдеться, що він потрапив під слідство за звинуваченнями у фінансових злочинах.

Слідчі розглядають імовірні фінансові злочини, включно з відмиванням грошей, про що журналістам повідомили три окремі людини, ознайомлені з темою. Водночас адвокат олігарха Мелкл Саллівен у коментарі виданню заявив, що Коломойський не обвинувачений у жодному злочині і категорично заперечує твердження, що він відмивав кошти у США.

– Ось Фірташ сидить там у Відні з політично мотивованим обвинуваченням – і нічим це не завершується. Нормально там почувається. Але теж дуже хоче повернутися в Україну. Ось його обвинуватили – і він на 5…

– Майже 6…

– … років випав із української політичної, економічної і бізнес-тусовки. Але ж ми знаємо, хто за цим стоїть, що за цим стоїть – уже все стало відомо. Свого часу по телевізору, я думаю, всі все покажуть – хто за цим стоїть.

Примітка від редакції: Дмитра Фірташа вважають одним з основних фінансових «донорів» режиму екс-президента Віктора Януковича, який втік у Росію внаслідок Революції Гідності у 2014 році. Олігарх Фірташ опинився у Австрії, де його заарештували у 2014 році на запит правоохоронних органів США. Він був звільнений після виплати застави у 125 мільйонів євро з умовою не покидати Австрію та наразі досі очікує на остаточне рішення щодо екстрадиції.

– Ви не спілкувалися з паном Порошенком перед візитом в Україну? Чи вже коли приїхали?

– Ні, я не спілкувався з 14 червня 2017 року.

Коломойський: я не спілкувався з Порошенком з 14 червня 2017 року

– Як ви оцінюєте президентство Петра Порошенка?

– Неоднозначно.

– Що ви маєте на увазі?

– Неоднозначно – є і плюси, і мінуси. Ми вистояли у війні з Росією, правильно? Він – головнокомандувач. Але при цьому, нас роздирали внутрішні конфлікти, яким він не перешкоджав.

– А от вас називають оточенням пана Зеленського. Ви, напевно, читали заяву пана Джуліані, адвоката президента США Дональда Трампа…

Примітка від редакції: Раніше Руді Джуліані заявив, що для виконання передвиборчих обіцянок Зеленському треба позбутися людей «з минулого».

«Він повинен очиститися від причеп з минулого і кримінальних олігархів – Ігоря Коломойського та інших. Тих, з приводу кого, ведуть розслідування в Америці, тих, хто перешкоджають нашій прямій комунікації з новообраним президентом Зеленським», – наголосив він.

Джуліані заявив, що для виконання передвиборчих обіцянок Зеленському треба позбутися людей «з минулого»

– Я вже сто разів казав, що я ніяке не оточення. Я сам по собі. І коли я займався бізнесом, пан Зеленський ходив у школу. Тому не потрібно нас пов'язувати. Можна прив'язати щось одне до іншого – але я не хочу наводити якісь банальні приклади.

Хочете детально? Але лише за умови, що ви це опублікуєте. В Україні діють два аферисти, які перебувають під розслідуванням США. Один, здається, Лев Парнас, а інший – Ігор – чи то Фурман, чи то Фурман. І вони ходять тут Україною, збирають з людей гроші, розповідають, що вони близькі з паном Джуліані – і що вони вирішать з паном Луценком будь-яке питання. Пан Луценко про це навіть не знає. І, я думаю, пан Джуліані теж про це не знає. Два «Остапи Бендери», які ходять поміж двома країнами й розповідають всіляке… І вони намагаються спрогнозувати кожному з них свою PR-позицію. І ми знаємо всі подробиці й всі нюанси, що є.

І в найближчому майбутньому, повірте мені, ми цих двох «субчиків» виведемо на світло боже. Щоб вони не думали… Запам'ятайте ці два імені: Лев Парнас і Ігор Фруман. Вони приїжджали до мене в Ізраїль і розповідали, як мені треба із Зеленським спілкуватися. Я сказав, – я не маю відношення до Зеленського. Після цього вони зникли – і тут почалися всі ці провокації: щодо Джуліані, оточення, позбутися, ще якось маячні.

Примітка від редакції: Лев Парнас – це американський бізнесмен, який має відношення до благодійної організації American Friends of Anatevka. Анатевка –побудований на кошти єврейської громади населений пункт на Київщині.

Ім'я Ігоря Фрумана згадується в одній із публікацій видання «Лівий берег», як бізнесмен із США, який допомагає збирати гроші на облаштування містечка для єврейських переселенців зі сходу України. Фрумен також розповідав, що робив пожертви до фонду виборчої кампанії Дональда Трампа.

– Ви ось коментували виданню «theБабель», що ви не знаєте, чим будете займатися в Україні, якими будуть ваші перші кроки.

– Ну уявіть, третя ночі, дзвонять з «theБабель» чи пишуть повідомлення. І питають: чим будете займатися. Ну, я міг сказати – спати буду. Ну я сказав – не знаю. Але в принципі спати.

– А які плани? Є якісь активи, які ви плануєте придбати в Україні найближчим часом?

– Дивіться, ні активів, ні придбати – просто приїхав в Україну. Два роки не був на батьківщині.

– Ну, чим ви будете займатися?

– Та просто літом відпочивати.

– А в плані бізнесу? Ви кажете, що «Приватбанк» ви не збираєтесь повертати. Може, є якісь інші активи, які вас цікавлять і які ви хотіли б отримати?

Раніше Коломойський заявляв: мені не потрібен «Приват», але хай повернуть 2 мільярди доларів

– Я ж сказав щодо «Приватбанку» – нас цікавить юридична оцінка того, що відбувається.

– Так, а щодо активів: ось у вас є активи – і вас більше жодні активи не цікавлять?

– А щось продається чи купується? Бо я не чув.

– Тобто, зараз у вас немає ніяких зацікавленостей чи планів, якими ви б могли поділитися?

– Просто на ринку держава щось продає чи купує? Ви зверніть увагу на придбання пана Ахметова. І на придбання ДТЕК.

Раніше Антимонопольний комітет дозволив компанії Ахметова ДТЕК придбати два обленерго

І на те що з 1 липня – хоча кажуть, що ринок не готовий – хочуть позбавити Україну від регуляції на ціни. Це ж не просто так робиться. Зараз вступає на посаду новий президент – а з 1 липня почне діяти закон, що НКРЕ не може регулювати ціни на енергію. Отримаєте ціни вдвічі дорожчі – і ні до кого апелювати не можна, бо був ухвалений закон.

Тебе ж це особисто не хвилює?

– Чому ні? Я розумію, чому це вас турбує.

– Мене взагалі не турбує. Але я ж особисто впораюсь з будь-якими цінами.

– Хотів спитати щодо пана Крючкова, ви, напевно, знаєте ситуацію...

– Хто в нас пан Крючков?

– Дмитро Крючков.

– Крючков – це людина, яка грабувала наші обленерго, наші підприємства і носила гроші Кононенку. Що тут знати, всі це знають. НАБУ знає, і прокуратура знає, і антикорупційна прокуратура знає. Я чув навіть, що Крючков планує піти на угоду зі слідством.

– А брати Суркіси до вас зверталися?

– Суркіси познайомили Крючкова з Кононенком.

Коломойський: брати Суркіси познайомили Дмитра Крючкова з Ігорем Кононенком

– А з вами вони знайомили Крючкова?

– Я знаю Крючкова, я його особисто знаю. Він пройдисвіт, аферист і шахрай.

Примітка від редакції: У програмі «Схеми: корупція в деталях» раніше були оприлюднені записи телефонних розмов екс-голови правління «Енергомережі» та колишнього народного депутата Дмитра Крючкова із першим заступником голови фракції «Блоку Петра Порошенка» у Верховній Раді Ігорем Кононенком і братами-бізнесменами Ігорем та Григорієм Суркісами, на яких обговорюється схема з виведення сотень мільйонів гривень з українських обленерго – на прохання журналістів перед публікацією вони були верифіковані американськими спеціалістами, які співпрацюють з урядом США.

17 квітня Солом'янський суд міста Києва взяв під варту Крючкова, якого 15 квітня екстрадували з Німеччини до України. А за декілька днів, 19 квітня Дмитра Крючкова випустили із СІЗО під заставу в 7 мільйонів гривень, яку вніс його адвокат. І зобов'язали носити електронний браслет. Хоча обвинувачення клопотало про розмір застави у 345 мільйонів гривень, що відповідає сумі завданих збитків.

Основна схема заробітку, за даними НАБУ, полягала в тому, що кілька напівдержавних обленерго погодилися, щоб великі місцеві промислові підприємства платили за вже поставлену електроенергію не їм напряму, а приватній компанії «Енергомережа», якою керував Крючков. Ця фірма, в свою чергу, потім обіцяла віддати гроші постачальнику – обленерго. На тристоронні договори пішли великі підприємства, в тому числі і завод Коломойського «Запорізький завод феросплавів». Однак за даними слідства,

обленерго гроші від фірми Крючкова потім так і не отримували. Сам Дмитро Крючков свою провину не визнає.

– Ви прийдете на інавгурацію пана Зеленського?

– Якщо мені запрошення дадуть.

Коломойський: на інавгурацію Зеленського мене ще не запрошували

– Тобто, вас ще не запрошували?

– Ні. Нас лише сьогодні прийняли. Я не знаю – може на коктейль, на цю світську частину – може прийду. А на офіціну – що мені там робити? Плескати в долоні? Куди йти, куди проходити – я ніколи не був на подібних заходах.

– Ви були в Порошенка в Арсеналі – ця фотографія з Ахметовим...

– Я був в Арсеналі – але там уже було «дрінк», легка ситуація. Але в парламенті не був.

– І в парламент не прийдете?

– Мене не запрошували, по-перше. А по-друге, я не розумію, як це виглядає. І які складнощі там – потрібен дрес-код, метелики, краватки – це складно. Але ми люди більш вільні, спокійні – ми з покоління «Зе». Хоча нам років на 20 більше.

В четверг, 16 мая, генпрокурор Юрий Луценко дал интервью изданию Bloomberg, вызвавшее глубокий шок. Не у украинцев, привыкших к тому, что наши политики любят резко менять свою позицию, «переобуваясь в воздухе» в зависимости от конъюнктуры. В состояние прострации глава ГПУ отправил всю верхушку Белого дома.В течение последних месяцев, с момента его откровенного выпада в отношении уже бывшего посла США в Украине Мари Йованович, главный прокурор полунамеками давал понять, что по сыну Джо Байдена – Хантеру Байдену, бывшему члену совета директоров скандальной газодобывающей компании Burisma, возможно появление компрометирующих материалов. Более того, Луценко несколько раз по этому вопросу встречался с личным адвокатом президента США Дональда Трампа Рудольфом Джулиани в Нью-Йорке.Вот как описывало этот момент издание New York Times: «Нынешний генеральный прокурор позже сообщил коллегам, что во время одной из встреч господин Джулиани с воодушевлением позвонил господину Трампу, чтобы сообщить ему о своих выводах». Имеется в виду – выводы относительно перспектив «похоронить» Джо Байдена как будущего претендента на президентское кресло.Более того, в марте этого года Луценко вновь возобновил дело в отношении Burisma. Данные действия в украинском политикуме неофициально связывали с желанием Петра Порошенко вместе с Луценко получить поддержку от Администрации Трампа перед выборами. Потом, когда Порошенко с треском проиграл президентскую кампанию и публично дистанцировался от этой истории, Луценко остался один, продолжая идти в фарватере Джулиани (а значит – Трампа). Именно это послужило одной из главных причин атаки на Луценко нардепа-«еврооптимиста» Сергея Лещенко, о чем мы писали ранее.И вот, казалось бы, верный союзник Белого дома нынешний генпрокурор Луценко делает резкий разворот, передавая новый сигнал через Bloomberg. «Хантер Байден не нарушал никаких украинских законов, по крайней мере, пока мы не видим никаких нарушений. Любая компания может платить своим директорам столько, сколько захочет». Более того, по его словам, он не имеет никаких сведений о правонарушениях Джо Байдена, основного оппонента Трампа на предстоящих выборах. Сказано это было четко, с правильно расставленными акцентами, лишая его спич какой-либо двоякой трактовки. Луценко не мог не знать, насколько вопрос Байденов важен для Джулиани и Трампа. Луценко прекрасно понимал, что значит для Белого дома даже полунамеки украинского генпрокурора в отношение Байденов. Он прекрасно осознавал и то, что Джулиани встречался с ним в Нью-Йорке не для того, чтобы показать ему город. А его интервью, данное изданию The Hill, имело целью вовсе не атаку Йованович. Тогда это был старт «отработки» по Байдену, ным человеком считают экс-посла США в Украине.И тут Луценко взял и, после многих месяцев явного подыгрывания команде Трампа, сдал назад. Я бы договорившись с олигархом Игорем Коломойским, лояльным к демократам и Байдену, о своей неприкосновенности. Почему это может оказаться фатальной ошибкой Луценко, которая к тому же может серьезно навредить Украине?Дело тут не в виновности/невиновности Байдена и его сына, и не в том, хороши Трамп со своей командой или нет. Понятно, что дело вокруг Байдена имеет исключительно политический контекст. На кону – кресло президента США. Дело тут в другом. В политической культуре Запада, в политической культуре США так не поступают. Подобные «пробросы» партнера (да еще к тому же если он – действующий Президент США), который сделал на тебя ставку – это даже не моветон, это – грубое нарушение неписанных правил поведения.То, что этот кидок аукнется Луценко – сомнений нет. И Джулиани и, тем более, Трамп вряд ли простят такое человеку, на заявления и, возможно, на получение материалов от которого они рассчитывали выстраивать львиную долю своей дискредитационной кампании против Байдена.Самая большая проблема для Украины состоит в том, что поведение Луценко будет экстраполировано американскими элитами (а поступок Луценко уже оценили многие в Вашингтоне) на весь украинский политикум и даже общество. Украина и до этого считалась на Западе не самым надежным партнером.Остается надеяться, что такое поведение Луценко не отобразится на отношениях США и Украины при президенте Трампе. Хотя риск этого существует. Как показывает история, личное с государственным переплетается везде – что в Украине, что в США. Виктор Калашников

Народный депутат Украины СЕРГЕЙ ЛЕЩЕНКО недавно стал известным не только в Украине, но и в США. Адвокат президента США Рудольф Джулиани назвал антикоррупционера личным врагом Трампа. О том, почему Лещенко стал врагом Трампа, как он помогал американскому правосудию в деле Пола Манафорта и почему генпрокурор Юрий Луценко должен уйти со своей должности, нардеп рассказал в интервью "Апострофу". - Недавно вы были на допросе в ГПУ по делам, в которых фигурирует бывший советник экс-президента Виктора Януковича Пол Манафорт. Известно также, что вы передали документы, которые вам вернуло ФБР. Что это были за документы и будете ли вы их обнародовать? - Смотрите, вот я вам даже покажу этот документ. Это письмо о возврате вещественных доказательств. То есть это ФБР мне вручило этот конверт, в котором было все то содержание, которое я им дал два года назад. Тогда в феврале 2017 года на меня вышли ребята, которые снимали офис на улице Софийская 4, в котором много лет находился офис Пола Манафорта в Киеве, когда он тут работал на Януковича. После того, как Манафорт и Янукович сбежали, этот офис стали арендовать украинские айтишники. Они решили проверить содержимое одного из сейфов и нашли в нем кучу всяких документов, которые включают, например, документы Партии Регионов с подписями Януковича, Колесникова, Раисы Богатыревой. Там были, например, персональные документы Константина Килимника, который был связным Манафорта, которого ФБР считает агентом государственного разведуправления России". - То есть так спешили, что не успели забрать столько важных документов? Откуда уверенность, что они подлинные? - Там было много личных данных, анкеты его дочери с фотографией и просьбой направить эту анкету, чтоб устроить ее в одну из частных школ Германии. Весь массив точно правдивый, потому что такие вещи ты вряд ли будешь фальсифицировать. И среди всех этих бумаг был контракт на один из переводов, который был перечислен Манафорту на его счет в банке в штате Вирджиния. Оказалось, что эти деньги пришли со счета офшорной компании, которая была зарегистрирована в Белизе, в сам счет был открыт в банке в Киргизии. Сумма в 750 тысяч долларов и дата перевода полностью совпадают с платежом, который зафиксирован в черной бухгалтерии Партии Регионов. Это было еще одно дополнительное подтверждение, что черная бухгалтерия у регионалов существовала. У украинской прокуратуры были только копии этих документов, потому что, как я говорил, оригиналы еще в 2017 году я отдал ФБРовцам, когда они приезжали в Киев. А сейчас, когда они мне их вернули, я все отдал Генпрокуратуре. Там еще были, например, платежные карты на имя Фила Гриффина, Леонида Аврашова - это люди, которые работали с Манафортом. То есть вещественные доказательства, которые теперь украинская прокуратура должна исследовать. Сегодня эта информация полностью в их распоряжении. Надеюсь, что они дадут оценку этим данным, потому что оригиналы – это всегда возможность

провести экспертизу, как минимум. – Как в целом оцениваете следствие в Украине по этому делу? – На сегодняшний день Манафорт проходит по нескольким уголовным делам. Одно из них уже закончилось. В определении подозрения бывшему министру юстиции Александру Лавриновичу Манафорт не фигурирует как обвиняемый. Но именно он был человеком, который предложил нанять американскую компанию для того, чтобы подготовить отчет, отбеляющий Януковича. Манафорт, как я понимаю, организовал там серьезную сумму денег, которая измерялась пятью миллионами долларов, из которых один миллион был заплачен из бюджета Украины. И Лавриновичу было предъявлено подозрение за растрату этого миллиона. По сути это была пиар-компания за счет государственного бюджета, которую Лавринович выполнил по просьбе, наверное, Януковича, а ему, в свою очередь, это организовывал Манафорт. В Америке закончилось тем, что другому фигуранту этого дела, юристу из американской кампании по фамилии Крейг, тоже было выдвинуто обвинение. Он подписал сделку со следствием, признавая свою вину. – По этой и другим причинам тема Украины не утихает в Штатах. Есть даже мнение, что чем ближе к выборам в США, тем больше будет развиваться так называемый "Украинагейт". Согласны ли вы с этим мнением и чем в принципе является "Украинагейт"? – Мне кажется, на сегодняшний день серьезных оснований для этого нет. Есть попытки генпрокурора Юрия Луценко втянуть Украину в эту разборку, сделать нас разменной монетой или футбольным мячом, который будут бить по очереди то республиканцы, то демократы. Луценко это нужно, чтобы сохранить свою должность, чтобы показать свою лояльность одному из кандидатов, окружению этого кандидата, даже не официальной власти, а просто физическим лицам, которые ходят в окружении Трампа, и таким образом зацепиться за пост генпрокурора, который он обещал оставить еще очень давно. Но видим, что обещания Луценко ничего не значат. А теперь он втягивает всю Украину в заложники игры между двумя кандидатами в президенты США. – К чему это приведет? – Это может привести к осложнению для Украины в Америке. До сих пор у нас было с Америкой достаточно безоблачное небо. Более того, вся черная бухгалтерия была подтверждена американским правосудием, то есть Манафорт сел в тюрьму на семь с половиной лет по двум уголовным делам. Одно уголовное дело касалось неуплаты налогов с тех денег, которые ему платили Янукович и компания из черной бухгалтерии Партии Регионов. То есть украинская помощь в расследовании действий американского преступника была очевидна, и никто в Америке не ставит под сомнение приговор Манафорта. Это доказано американским правосудием и независимым правоохранительным органом – ФБР. Поэтому все попытки как-то нивелировать черную бухгалтерию или доказательства, которые в Украине были собраны – это абсурд. Мне кажется, никто и не оспаривает, что все это имело место. Поэтому тот же Манафорт в Америке даже среди республиканцев стал достаточно токсичным лицом. Никто с ним не хочет иметь дело, поддерживать его, потому что все понимают: он нарушал закон, и этот факт доказан. – Конечно, одна из самых обсуждаемых персон сейчас – это адвокат Дональда Трампа Рудольф Джулиани. Что Джулиани может предъявить украинским так называемым подозреваемым – Петру Порошенко, Артему Сытнику, Валерию Чалому? – Джулиани нужно дать украинское гражданство и нанять на работу в украинскую власть, потому что он так много интересуется тем, что происходит в Украине, дает указания, кого куда назначать. Сперва он по мне прошелся, сказал, что я враг Трампа. Потом он стал Коломойского привлекать к ответственности в своих интервью, теперь за Богдана взялся. Я думаю, что ему нужно дать паспорт – и пусть работает на украинское государство. – И какую должность вы бы ему предложили? – За эту должность пусть уже договаривается с украинской властью. Если человек так переживает за Украину, дает много дельных советов, ему нужно здесь поработать. В другом статусе я его советы не понимаю – какой они имеют вес? Сейчас он – физическое лицо, гражданин США... – Но не забывайте, что это физическое лицо приближенное к президенту США, которому он доверяет. – И что это значит? К президенту США было много приближенных. Некоторые из них получили приговоры тюремные, некоторые из них получили сделку со следствием, например, Коэн. Он был очень близок к президенту США, делал всю деликатную работу. Представьте, если бы, например, два года назад так же выступал Коэн. Разве мы бы за чистую монету воспринимали все, что он говорил? Коэн, кстати, тоже был личным адвокатом Трампа, уладил для него тоже достаточно болезненную тему, связанную со Шторми Дэниэлс, заплатил ей деньги, потом признал свою вину за то, что он заплатил деньги, нарушая американские законы. Вот представьте, если бы сейчас, например, на месте Джулиани был Коэн. Должны ли мы точно также серьезно воспринимать слова Коэна? Поэтому давайте тогда определимся, с кем мы имеем дело. Мы имеем дело с государством США или просто с физическими лицами, которые торгуют своим влиянием, пытаясь показать, что они вхожи в кабинет к Трампу? – Тем не менее, недавно он встретился с бывшим дипломатом Андреем Телиженко, который тоже якобы готов выступить свидетелем по делу о преступлениях топ-чиновников украинской власти. – На здоровье, я тут не вижу проблемы. Телиженко работал в Генпрокуратуре при Яреме. Насколько я понимаю, сейчас мы имеем дело с поставленным спектаклем, потому что Виталий Ярема и Луценко близки исторически. Если кто забыл, то все пять лет, пока Луценко был министром, одно из ключевых направлений – киевскую полицию – возглавлял как раз Ярема. Ярема с Луценко – близкие люди. Было даже расследование программы "Схемы", где показали, как Луценко регулярно посещает офис Яремы на Львовской площади, так называемый бизнес-центр "фонтан", в котором находится офис Яремы и его зама Даниленко. Сейчас Ярема вообще является замом Игоря Кононенко в Киевской областной партии Порошенко, вы знали об этом? – Нет, впервые от вас это слышу. – На сегодняшний день Ярема – это зам Кононенко в киевской партии "Солидарность". В то же время Ярема – это вечный человек Луценко. Такой вот треугольник. Поэтому если кто-то из этой орбиты дает показания, то это выглядит просто как продолжение заангажированного сценария, по моему мнению. Возможно, его показания в чем-то и правдивы, но в целом это достаточно поставленный спектакль. Насколько он талантливо поставлен? Мне кажется, так себе, потому что в основе-то спектакля лежала докладная, которую я публиковал. И это странный документ, никем не подписанный, который передала Генеральная прокуратура Украины Джулиани. В этом документе сказано, что, оказывается, Украина платила взятки – компания "Бурисма" платила взятки Байдену и Керри. Логика изложения не просто сомнительна, а

абсурдна. Например, как они пишут, в обмен на эти взятки Байден обещал помочь украинской власти установить контакты с Дональдом Трампом. Как это возможно, если Байден был представителем демократов, главного врага Трампа, а Трамп был, соответственно, республиканцем, причем еще достаточно таким, нефэрмэтным республиканцем? То есть как мог кандидат от республиканцев использовать вице-президента времен Обамы, который постоянно был под огнем критики Трампа, чтобы установить контакты между Украиной и США? Я не вижу здесь даже формальной логики. Там многие вещи вызывают вопросы. Например, взятки получал не только Байден в изложении украинской Генпрокуратуры. Например, взятки получал еще и пасынок Джона Керри - Кристофер Хайнц (приемный сын Джона Керри от первого брака его супруги), наследник империи кетчупов Heinz , одной из самых больших в мире продуктовых компаний. Все это звучит абсурдно. Возможно, это и правда, но пока что это сомнительно. Пусть прокуратура расследует. Но пока что факты не вяжутся между собой, логики нет: все выглядит как пришито даже не белыми нитками, а рукав, пришитый к брючине. - А при чем в этой истории Джордж Сорос? Тот же Джулиани всячески пытается его втянуть в этот конфликт. Это внутриполитическая борьба в США, или зачем это все? – Это просто объясняется. Есть такие триггерные или рефлорные точки, на которые нажимаешь и идет реакция по организму. Вот у Трампа Сорос является некой триггерной точкой. Ты нажимаешь на нее и у Трампа и крыла республиканской партии сразу появляется соответствующая болезненная реакция. То есть он специально это вбрасывает для того, чтобы усилить эффект от своих действий. Какое я имею отношение к Соросу? Хотелось бы узнать, потому что грант, который я получал от Сороса, был в 2013 году на издание книжки про украинского премьера Павла Лазаренко. Тогда я получил грант вместе с журналистом Вахтангом Кипиани - он тогда был продюсером этой книги, а я ее автором. Мы издали ее шесть или семь лет назад. С тех пор вспомнить какие-то гранты от Сороса мне очень сложно вообще. Когда-то Сорос поддерживал "Украинскую правду", но это тоже было 10-15 лет назад. С того времени "Украинская правда" обходится без грантов Сороса. То есть настолько давно все было, что построить тут какую-то связь – это просто притянуть за уши. Мне кажется, что фонд "Відродження", который в Украине действует, давал гранты в десятки, а то и в сотни раз на большие суммы разным лицам и, конечно же, никто их не называет агентами Сороса. Грант на книгу измерялся всего парой тысяч долларов. - Будут ли еще попытки со стороны Джулиани организовать встречу с Зеленским? Насколько это важно? - Я не знаю. Вся эта история лишена какого-то здравого смысла. Она просто выглядит как спектакль в исполнении нескольких персонажей для того, чтобы один показывал свою полезность в Америке Трампу, а другой держался за кресло генпрокурора в Украине. Но это все печально, потому что Луценко – человек, который должен был давно уйти с должности. Он не имеет ни моральных, ни профессиональных навыков быть генпрокурором, продолжая держаться за должность вопреки даже тому, что сам обещал свой уход. Неужели украинское общество может терпеть это? Для меня это вообще большая загадка. - Кто мог бы претендовать на должность генпрокурора при новом президенте? - Это решать не мне, но я уверен, что в Украине достаточно профессиональных юристов, у которых есть хотя бы базовые знания, подтвержденные соответствующим дипломом о том, чтобы быть на этом месте. А что такое политик в кресле генпрокурора, мы видим последние три года. На сегодняшний день Луценко – это самый дольше сидящий в кресле генпрокуроров деятель. Он сел в это кресло больше трех лет назад. Что он достиг за это время и можно ли это назвать справедливой прокуратурой, реформированной прокуратурой? Какая-то борьба с преступностью в Украине велась за эти годы, указание топередников и так далее? Почему он должен дальше работать генпрокурором? Для этого нет ни фактов, ни каких-то моральных аргументов. Поэтому я только могу надеяться, что ситуация в ближайшее время изменится. Я не имею возможности это артикулировать Зеленскому. Но надеюсь, что он понимает, что Луценко должен уйти. - А какие у вас сейчас есть контакты с командой Зеленского? Судя по всему, от вас там сейчас отстранились немного... - Не то, чтобы отстранились... Для меня это достаточно понятная история, потому что когда тебя начинают называть врагом американского президента на американских же телеканалах, причем несправедливо, ведь я же обратился и к каналу, и к сайтам, которые это все печатали, возьмите и мою точку зрения. - То есть вы обращались в Fox News? - Да, ответ какой-то был, но без конкретики. В итоге, мою позицию никто даже не спросил, хотя я всегда оперирую документами. Я же не говорю просто от себя, а могу конкретно объяснить свои действия в хронологическом порядке. В той конспирологии, в том сценарии, который Луценко написал, я могу показать четко, где этот сценарий не вяжется вообще с реальностью. Например, в эфире Fox News Джулиани сказал, что я convicted person - осужденное лицо. Смотрим, что такое осужденное лицо: есть решение Окружного административного суда Киева, который вообще не должен принимать иски к депутатам, потому что депутат не является субъектом административного права. Верховная Рада как орган власти да, но не конкретный депутат. Они приняли этот иск в нарушение предписаний Верховного суда. Потом они взяли это дело с нарушением сроков и начали рассматривать. Срок давности – три месяца, а суд принял решение через полтора года. Оно лежало и потом... То есть сначала они нарушили субъект (ответчик), потом они нарушили срок давности. Даже с нарушением срока давности дело у них лежало где-то год вообще без рассмотрения. Потом вдруг какой-то финальный момент - в декабре прошлого года они принимают это решение. Смотрим на решение, в котором указано, что административный иск Розенблатта удовлетворить частично. Признать противоправными действия депутата Лещенко по поводу вмешательства во внешнюю политику государства Украина, совершенных путем распространения информации в отношении гражданина США Пола Манафорта. Это нормально? То есть народный депутат вмешивается во внешнюю политику государства Украина. Потом не является ли народный депутат Украины человеком, который по своему статусу может делать все, что подпадает под описание этих действий? То есть в чем заключается вмешательство? Я гражданин Украины, обнародую информацию о коррупции в Украине, фигурантом которой является американский гражданин, преступления которого в этой части уже подтверждены американским судом. В чем заключается вмешательство в украинскую внешнюю политику? Читаем дальше: "что имело следствием вмешательство в избирательные

процессы США в 2016 году и нанесло ущерб государству Украина". Как это вообще суд может устанавливать? Административный суд признает вмешательство сначала мной во внешнюю политику государства Украина, а потом так же, что это привело к вмешательству в выборы, что нанесло ущерб интересам Украины. Если был нанесен ущерб интересам Украины, тогда я должен как-то компенсировать эти убытки, если следовать логике этого всего абсурда? Каким образом я должен компенсировать это? Путем раздачи интервью? Это решение не вяжется ни с политикой, ни с нормами права. Оно обжалуется, оно не вступило в законную силу. Но Джулиани на трезвую голову выходит в эфир Fox News и говорит, что я осужден, вмешательство было, а черная бухгалтерия - это фейк. Во-первых, черная бухгалтерия - не фейк. Это подтверждено экспертизами в Украине, которые подтвердили подписи, например, бывшего депутата региона Калюжного и нынешнего депутата группы "Відродження", тогдашнего регионала Геллера, которые ставили подписи за Манафорта при получении этих средств. Во-вторых, получение Манафортом этих денег подтверждено американским правосудием. В чем тогда состоит фальсификация? А Джулиани все это рассказывает. Кто ему это наплел в уши? Так же самое о том, что я осужденное лицо? Украинская прокуратура (ему рассказала), кто же еще. Это все один большой сценарий сохранения власти человеком, который не имеет права быть генеральным прокурором. – Кто предпочтительней для Украины, президент Трамп или Байден? – Я не могу давать оценку, потому что меня еще раз будут осуждать, что я вмешиваюсь в американскую внутреннюю политику. Кого выберут американские граждане, с тем мы и будем работать. У меня были высказывания во время прошлых выборов и они имели под собой какие-то рациональные и эмоциональные аргументы. Я был против Манафорта, считая его человеком, который помогал Януковичу грабить Украину. Он помогал Януковичу избираться, за это получал деньги, которые тот воровал. Придя к власти, они продолжали воровать, строили свой клан и так далее. То есть я считал Манафорта вредителем. И я рад, что он в итоге сел в тюрьму. Борьба с коррупцией – это мое профессиональное и моральное призвание, чем я все время и занимаюсь. Поэтому разоблачение Манафорта для меня было разоблачением коррупционеров. Я от этих слов никогда не откажусь и это было подтверждено американским правосудием. Параллельно было много высказываний во время той избирательной кампании - почитайте слова Авакова, Яценюка по поводу Трампа. Эти высказывания были ошибочны, конечно, потому что украинские политики, как и все политики в мире, допускают ошибки и могут высказаться, ошибаясь о том, что они, например, перед собой видят. Мы высказывались по поводу Трампа, основываясь на определенном опыте. Например, когда Трамп баллотировался, он позволял высказывания себе, что Крым населен русскоязычными гражданами, поэтому аннексия Крыма – это нормально со стороны России. Но любой украинец такие слова Трампа не может воспринимать с теплым сердцем. Или, например, спецпрокурор Мюллер установил, что после контакта в окружении Трампа с послом России в Америке Кисляком были изменены ключевые тезисы программы Республиканской партии - например, изменили формулировку предоставления Украине летального оружия. То есть позиции в отношении Украины ослаблялись в результате контактов окружения Трампа с россиянами. И любой украинский политик это бы воспринимал на эмоциях, которые были обоснованными. Хотя опыт показал, что мы ошибались - за эти ошибки каждый платит свою цену. Не ошибается тот, кто ничего не делает. Вторую часть интервью с Сергеем Лещенко о кадровой политике Владимира Зеленского и досрочных выборах в Верховную Раду читайте на "Апострофе" в среду, 5 июня.

«Замечательная» новость с интересными выводами. Тут Укринформ со ссылкой на источники сообщает, что Конституционный суд по иску Запорожского завода ферросплавов признал неконституционным положение пункта 13 части первой статьи 17 закона о НАБУ. Чей завод все знают? Если нет, то на всякий случай, это важно – предприятие контролируется группой Приват Игоря Коломойского и Геннадия Боголюбова. А статья 17 закона "О НАБУ", по которой НАБУ предоставлены полномочия обжаловать в суде коррупционные сделки. Так вот, истец требовал признать неконституционными полномочия НАБУ обращаться в суд с гражданскими исками о признании недействительными сделок фигурантов уголовных расследований о коррупции. У Коломойского были все причины отменить эту статью. Ведь не так давно суд по иску НАБУ признал неправомерной сделку "Запорожского завода ферросплавов" и "Запорожьеоблэнерго". Убытков государству там более, чем на 172,4 млн грн. Серьезный мотив, согласитесь. Всего государство рискует потерять почти 5 млрд грн по 93 подобным сделкам. Но нас интересуют эти конкретные 172, из-за которых Игорь Валериевич задействовал все ресурсы и добивается победы в Конституционном суде. Такое решение и такой иск – серьезный удар по репутации Украины. Ну и для бюджета серьезные убытки. Плюс, экономический криминал может праздновать, а государство посыпать голову пеплом. Видимо, 172 миллиона того стоили. Но есть еще один интересный нюанс. Сейчас КСУ рассматривает конституционность Указа президента о роспуске парламента. По быстрой процедуре. И есть серьезные основания полагать, что Указ таки отменят. Очень похоже, что к этому все идет. И тут Коломойский, который партнер президента Зеленского вдруг открыто демонстрирует свое влияние на КСУ. То есть, это правда, что людей Игоря Валериевича не хотят брать в список «Слуги народа», да? И отговорка нужна для раскрутки альтернативной «партии мэров и Видродження» для установления контроля над «Галицией»? Получается, Коломойский заранее вскрыл карты. Неужели 172 миллиона того стоили? Или с Зеленским отношения все хуже и нет смысла скрывать свои планы? Жду, когда «плюсы» начнут активно мочить Зеленского, как недавно Порошенко. Или пока рано?

Quotes I'd like to use from Shokin. Pls have him confirm accuracy.

The next day (after Shokin was fired) the Americans representing Burisma were in the Prosecutor General's office meeting with my successor, Mr. Sevruk. There was going to be a new way for handling the Burisma case, different from the way I had, and they wanted to thank him. They also invited him to the United States, saying they could help introduce him to Americans and get him help for the fight against corruption in Ukraine.

"President Poroshenko told me that VP Joe Biden has directly ordered him to fire me as General Prosecutor. He said that I would have to go for the good of our country. I asked, what did I do. He said 'I dont know all the details but it appears to have to do with the way you handled the Burisma case and the fact that I was digging too deep.'

Коррупционные скандалы, касающиеся США и Украины — это не новость. До недавнего времени самым громким делом было разбирательство с бывшим украинским премьер-министром Павлом Лазаренко, который получил реальный срок именно в Штатах. Теперь маятник качнулся в обратную сторону — ключевой фигурой нового скандала стал американец Джо Байден, в недавнем прошлом вице-президент США. Политика обвинили в причастности к шантажу на высшем государственном уровне, целью которого было спасение делового будущего собственного отпрыска. Таким образом, в свете будущих выборов президента США дело имеет ярко выраженную политическую и коррупционную окраску. Джо Байден противопоставляется действующему главе государства, Дональду Трампу, поэтому скандал может стать главным событием всей гонки. Читайте также: Что на самом деле думает Трамп про конфликт Украины и России? Сын Байдена в Украине Общеизвестно, что сын Байдена, Хантер, после известных событий 2014-го года внезапно вошёл в совет управления крупной газодобывающей украинской компании «Burisma», что уже тогда вызвало подозрения в законности и прозрачности назначения. Негатива добавлял откровенно менторский тон советов и указаний вице-президента новому украинскому руководству, что было подчеркнуто встречей с чиновниками и депутатами, на которой чиновник из США занял главенствующее, президентское кресло. Все это не выходило за рамки подозрений, подкрепленных личной неприязнью и возмущением подобным поведением. Но затем политик сам подбросил дров в костер, разгоревшийся до такой степени, что способен испепелить его политическую карьеру, успешно развивающуюся с далёких семидесятых. Как Джо Байден оказался в центре политического скандала С момента смены власти в Украине многие указывали на превышение допустимых полномочий вице-президентом США, но тогда, на фоне всеобщей эйфории и восторга от помощи Штатов новому руководству, подобные высказывания повсеместно порицались и считались действиями, играющими на знаменитую «руку Кремля». Также отрицалось вмешательство во внутренние дела Украины, в чём подозревалась администрация Обамы и лично Джо Байден. Тем не менее, подозрения были не беспочвенны, что подтвердил сам руководитель внешнеполитического ведомства Соединённых Штатов. В январе 2018-го Джо Байден выступал на форуме в США, где рассказывал о своей борьбе с коррупционными властями Украины. В частности, всех заинтересовала история об увольнении Шокина, занимавшего должность Генерального прокурора в 2016-м году. Этот эмоциональный спич прямо-таки фонил презрением, подогреваемым смехом из зала. В частности, бывший вице-президент с ухмылкой рассказал, что потребовал уволить Шокина якобы за его коррупционность, при этом надавил на Порошенко отказом предоставлять очередной кредит. Завершающей фразой этой речи было: «И это сукин сын был уволен», которая была произнесена в отношении, на минуточку, Генерального прокурора Украины. Возможно, такие изречения так и остались бы в памяти как пример грубого вмешательства со значительной примесью презрения в дела независимого государства, но уже в 2019 году дело обросло новыми подробностями. В преддверии разразившегося, как гром среди ясного неба, скандала, высказывание экс-вице-президента США связали с тем, что сын Байдена неплохо зарабатывал в компании «Burisma», а генпрокурор Шокин якобы инициировал расследования в её отношении. Именно этот фактор стал главным при шантаже украинского правительства, а не стремление искоренить в этой стране коррупцию. Информацию об этом американским друзьям «слил» Юрий Луценко — Генеральный прокурор Украины без юридического образования, но с политическим нюхом. И сделал он это не просто так. Байден против Трампа, на кого поставила Украина? Дело в том, что господин Луценко просто-напросто решил держать нос по ветру. С Дональдом Трампа сняты обвинения в сотрудничестве с Россией во время выборов, что развязывает ему руки в борьбе со своими оппонентами. Президент США помнит, как сильно и неприкрыто украинские власти поддерживали Хиллари Клинтон, к тому же иногда опускались до откровенных оскорблений в его сторону. А Трамп, как видно, такого не забывает. И Юрий Луценко понял, что Порошенко, чем протеже и по совместительству кумом он является, лишился поддержки Америки, а ставка будет делаться на других политиков. Чтобы не зависеть от новых лиц, генпрокурор решил оказать личную услугу Трампу и публично раскрыл информацию о сыне Байдена и расследовании в отношении «Burisma». Более того, он решил дополнительно утопить Мари Йованович — посла США в Украине, которая якобы прямо указывала, в отношении кого из украинских политиков не стоит инициировать уголовные дела. И Джо Байден, и бывшая госпожа амбассадор являются ставленниками Обамы, которого, мягко говоря, недолюбливает Трамп. В

итоге, Луценко показывает себя хорошим прокурором, не боящимся западных авторитетов, и получает возможную благодарность от Белого Дома. Читайте также: Дональд Трамп и распад США Юрий Витальевич пошел еще дальше и «сдал» Сергея Лещенко, в своё время опубликовавшего «Амбарную книгу Партии Регионов», в которой фигурировал Пол Манафорт, бывший во время предвыборной кампании главой штаба Трампа. И не в последнюю очередь из-за этих материалов политтехнолог теперь будет отбывать наказание в тюрьме, что бросило тень и на самого президента США. Таким образом, Украина играет серьёзную роль в борьбе Трампа против демократов, желающих выдвинуть на следующие выборы Джо Байдена. Теперь эта инициатива под большим вопросом. Шансы вице-президента на выборах президента США В целом, «Украинагейт» стал не просто коррупционным инцидентом, а настоящим козырем для действующего президента в предстоящей борьбе. И участие в нём украинских политиков, делающих свои ставки на кандидатов, — это попытка заручиться поддержкой будущего победителя. Пока Байден и Трамп не могут идти на равных, ведь первый, помимо коррупции с украинским следом, ещё обвиняется в сексуальных домогательствах, что ставит под вопрос его выдвижение в президенты. А второй наконец-то официально избавился от клейма «российского агента» и взялся за своих противников всерьез, используя все возможные ресурсы. И здесь ему очень помогает Украина, которая благодаря своим недальновидным политикам в 2016-м поставила не на того кандидата. Вот только теперь поступки отдельных людей, преследовавших свои личные интересы, могут привести к проблемам для страны. Идет борьба за будущее под теплым, ласковым политическим солнцем — где здесь думать о будущем благополучии государства? Ну а Джо Байден пока лишь терпит наносимые ему со всех сторон удары. Выйдет ли он из этого поединка победителем, или его отправят в нокаут — пока неизвестно. Но сдаваться этот опытнейший боец политического ринга точно не собирается. А значит, в дальнейшем нас ждет крайне напряженный и зрелищный бой.

Бизнес партнер и близкий друг главы Администрации президента Андрея Богдана Андрей Вавриш пытается «сесть на потоки» в Киеве с помощью мажоритарщиков, идущих от партии «Слуга народа» президента Владимира Зеленского.

Об этом сообщили осведомленные в ситуации источники.

«За всех мажоритарщиков Зеленского в столице отвечает новый смотрящий Вавриш», – заявил источник.

При этом он подчеркнул, что Андрей Вавриш фактически является доверенным лицом олигарха Игоря Коломойского, с которым также тесно связан и глава АП.

«Вавриш – это именно тот человек, которому Коломойский вместе с Богданом поручили захватить потоки в Киеве и отодвинуть от них серого кардинала Столара (столичный бизнесмен Вадим Столар, которому приписывают фактическое руководство городом. – ред.).

Напомним, ранее СМИ писали о том, что в АП планируют сместить Виталия Кличко с поста главы Киевской городской государственной администрации. Также сообщалось, что собеседования всех потенциальных кандидатов на пост главы КГГА проходят «через кабинет Андрея Вавриша».

Временно исполняющий обязанности главы Службы безопасности Украины (СБУ) Иван Баканов прибыл в Соединенные Штаты Америки для ознакомления с результатами украино-американского безопасного сотрудничества. Об этом сообщает РБК-Украина со ссылкой на пресс-службу СБУ.

Баканов провел беседу со специальным помощником президента США по вопросам Европы Фионой Гил обсудив практические шаги стратегического партнерства между двумя странами.

"Особое внимание уделено подготовке визита в Вашингтон Президента Украины Владимира Зеленского, который вскоре должен состояться на приглашение Президента США Дональда Трампа" - заявили в СБУ.

Сообщается, что Баканов доказал американской стороне ряд стратегических посланий Зеленского.

"в Частности, во время встречи с заместителем помощника Государственного секретаря США по вопросам Европы и Евразии Джорджем Кентом была подтверждена неизменность внешнеполитического курса Украины, углубление евроатлантической интеграции нашего государства" - рассказали в СБУ.

Также глава СБУ подчеркнул приверженность новой команды в Киеве курса политических и экономических реформ, которые должны приблизить Украину к лучшим европейским стандартам.

Ранее РБК-Украина сообщало, что Баканов отказался прояснить ситуацию с гражданством жены. Баканов не сообщил, как давно его жена подала заявление на получение украинского гражданства.

Ближайшее окружение главы Администрации президента Украины – важные люди, поскольку по-своему влияют на принятие решений АП и президентом. Люди, которые сейчас находятся рядом с Андреем Богданом , вероятно, останутся в его близком окружении и после переформатирования администрации в Офис президента. Актуальный список советников и помощников главы государства и руководителя его офиса опубликовали " Українські новини ."

Штатные советники главы Администрации Президента Андрея Богдана:

Пивторак Владимир Викторович , 58 лет – юрист.

Бывший судья, народный депутат 2-го созыва (1996-1998 года). При Кучме был консультантом президента Украины, затем – работал в Главном государственно-правовом управлении АП. Уже при Ющенко был 1-м заместителем руководителя Главной государственно-правовой службы Секретариата Президента. При Януковиче - заместитель главы Государственной судебной администрации Украины.

Заместитель директора адвокатского объединения "Нечаев и партнеры". Подавал документы на конкурс в Верховный Суд, но к конкурсу допущен не был. Был кандидатом на место в Конституционном суде Украины.

Страхова Виктория Константиновна , 37 лет – банкир.

Получила образование в Лондоне (Великобритания), была сотрудницей Национального совета реформ. Стала корпоративным секретарем в Приватбанке сразу после его национализации. По ее словам, "выполняла обязанности не только секретаря, но и юриста, переводчика, менеджера по лизингу, личного ассистента, и еще ряд других при необходимости". Ушла из Приватбанка публично высказав позицию о происходящем в финансовом учреждении. На выборах-2019 – активный член Зе-команды.

Внештатные советники главы АП:

Качура Александр Анатольевич , 28 лет - адвокат, предприниматель, основатель адвокатской компании Kachura Lawyers.

Является членом общественного совета при Министерстве юстиции Украины. Также адвокат входит в экспертный совет Верховной Рады по вопросам внесения изменений в Уголовно-процессуальный кодекс Украины. Основная цель – наработка изменений, позволяющих защитить бизнес от незаконных действий правоохранительных органов на стадии ведения досудебного расследования.

После старта президентской компании Владимира Зеленского стало известно, что Александр Качура является адвокатом политической партии "Слуга народа" и компании "Квартал 95". Так, в конце марта 2019 года адвокатское бюро Kachura Lawyers выиграло дело о запрете сериала "Сваты" в интересах Студии "Квартал 95". Также известно, что адрес регистрации партии "Слуга народа" совпадает с адресом адвокатского бюро Kachura Lawyers.

Сейчас является кандидатом в народные депутаты - №50 избирательного списка "Слуги народа".

Москаленко Сергей Валерьевич , Человек с такими же фамилией, именем и отчеством - судья Высшего административного суда Украины.

Глава Офиса президента Андрей Богдан не исключает, что в будущем сможет стать главой правительства. Об этом он рассказал каналу 1+1.

Отвечая на вопрос журналиста об амбициях в политике и перспективах увидеть его в кресле премьера, чиновник ответил: "Пока нет, но ноубоди ноуз (nobody knows, то есть "никто не знает" - ред.)".

По его словам, у него три телефона, причем президент Владимир Зеленский единственный может звонить ему на все три. "У него есть особенность: он их (номера - ред.) забывает. Путает и злится. "Почему ты не брал трубку". Я спрашиваю - на какой телефон звонил? Не на тот".

Глава ОП утверждает, что "давно не общался" с бывшим работодателем - олигархом Игорем Коломойским, но "никогда разговаривает". "Раньше практически каждый день встречался. Сейчас я не могу с ним встретиться и выпить кофе. Я не человек Коломойского. Я человек Зеленского", - отметил Богдан.

Колишня очільниця НБУ Валерія Гонтарева заявила, що сприймає окремі висловлювання Ігоря Коломойського як особисті погрози з його боку.

Про це вона розповіла в інтерв'ю для BBC News Україна.

"Це дуже погано, що він повернувся. Погано для мене особисто, бо особисто мені він погрожує. Особисто в інтерв'ю Коломойський заявив: якщо я не повернуся в Україну, то він мене вивезе у приватному порядку", - каже екс-керівниця Національного банку.

"Англійською це kidnapping. Це злочин на території Великої Британії. Я хочу, щоб це було всім зрозуміло. Якщо зі мною щось станеться, щоб усі знали чому", - сказала вона.

Пані Гонтарева має на увазі заяву Ігоря Коломойського про те, що якщо буде потрібно, екс-голову НБУ доставлять в Україну.

Так ще до свого повернення в Україну бізнесмен прокоментував цитату журналіста Bihus.Info: "В цікаві часи живемо - Коломойський ще не прилітає в Україну, а Гонтарева вже не прилітає в Україну".

На це Коломойський відповів: "Якщо вона не прилітає, нічого страшного, ми її привеземо, якщо треба буде... Приватним порядком".

Нагадаємо, Коломойський відреагував на заяву Зеленського щодо відновлення Донбасу через інвестиції олігархів.

По мнению экс-главы Нацбанка Украины Валерии Гонтаревой, возвращение бизнесмена Игоря Коломойского в Украину – "плохо" и для нее лично, и для страны. Экс-глава Национального банка Украины Валерия Гонтарева заявила о личных угрозах в свой адрес со стороны украинского бизнесмена Игоря Коломойского. Об этом она сказала "Громадскому" и "ВВС-Україна".

"Вы знаете, что в страну вернулась не только преступная власть (экс-президента Украины Виктора) Януковича, с которой мы боролись. Вернулся один из олигархов, который постоянно мне угрожает. Это очень плохо, что он вернулся. Плохо для меня лично и для страны. Лично мне он угрожает. В интервью Коломойский заявил, что если я не вернусь в Украину, то он меня вывезет в частном порядке. По-английски это kidnapping ("похищение человека", "ГОРДОН"). Это преступление на территории Великобритании. Я хочу, чтобы это было всем понятно. Если со мной что случится, хочу, чтобы все знали почему", подчеркнула Гонтарева.

По ее словам, последний раз она видела Коломойского в ночь перед национализацией банка, совладельцем которого был бизнесмен.

"ПриватБанк" крупнейший коммерческий банк в Украине был национализирован 19 декабря 2016 года.

18 апреля 2019 года Окружной административный суд Киева удовлетворил иск экс-владельца банка Игоря Коломойского о незаконности национализации "ПриватБанка". Этот же суд отменил решение Нацбанка Украины, принятое в 2016 году, которое определяло список физических и юридических лиц, связанных с банком. Печерский районный суд Киева 20 апреля разрешил разорвать договор личного поручительства Коломойского по кредитам рефинансирования "ПриватБанка", полученным до его национализации.

3 мая Хозяйственный суд Киева объединил в одно все пять производств, открытых по искам Коломойского к НБУ и "ПриватБанку" о недействительности договоров личного поручительства.

16 мая Кабинет Министров Украины подал апелляцию на решение Окружного административного суда Киева, отменившего 18 апреля национализацию "ПриватБанка". 24 мая НБУ подал апелляционные жалобы на два решения Окружного административного судя Киева по "ПриватБанку".

23 мая стало известно, что "ПриватБанк" требует возмещения Коломойским и еще одним бывшим владельцем банка Геннадием Боголюбовым "нескольких сотен миллионов долларов". Аналитический центр Atlantic Council сообщил, что речь идет о отмывании 3470 млрд через кипрские компании.

В конце мая 2019 года Коломойский, который несколько лет жил за границей, вернулся в Украину. Он заявил, что выход из ситуации, сложившейся вокруг "ПриватБанка", видит в возвращении своего капитала.

Гонтарева живет в Лондоне. О переезде туда она сообщила в ноябре 2016 года.

"Из ста человек, которых мы берем к себе в команду, двадцать нужно будет срочно терять"

Когда вы приходили к власти, я сначала испугался.

Чего?

Что сейчас будет что-то невероятное. Прошел месяц, и я так вижу, что, наверное, все будет как всегда.

Наоборот, все уже невероятно. Никто так не распускал еще Верховную раду, не вымарывал Конституционный суд, не делал такие быстрые шаги, как мы делаем.

Возьмите, проанализируйте первый месяц других президентов и увидите ровным счетом ничего.

Первый вопрос будет касаться назначения губернаторов. По закону все правильно, но вы обещали другое: прозрачные конкурсы, чуть ли не голосование людей. В итоге – кулуарное решение. Где эйчары (специалисты по подбору персонала, - ред.), все это?

Все губернаторы отобраны эйчарами. Поскольку идут выборы, нет возможности проводить какие-то голосования. Хотя была классная идея, но мы от нее отказались, - сделать референдум по избранию губернаторов. У нас выборы Верховной рады, добровольно проголосуйте еще за четыре-пять кандидатур, кого вы хотите видеть губернатором. Было бы классно, но не успеваем. Есть вариант через год это совместить с местными выборами.

Будущих одесского и луганского губернаторов – Андрея Андрейчикова и Виталия Комарницкого – тоже эйчары привели?

Одесский – это какой-то коллега Владимира Александровича. Было несколько вариантов, но этот самый подходящий. То, что в него кидают какашки, абсолютно несправедливо.

В каком месте он коллега? Занимался телевизионным бизнесом?

Где-то был в каком-то бизнесе.

А луганского – эйчары привели?

Луганского, по-моему, да, эйчары привели. Мой зам Трофимов может более подробно рассказать. Я лишь согласовывал те кандидатуры, которые поступили. Я не понимаю в чем негатив.

Андрейчиков торговал металлоломом с Приднестровьем, а Комарницкий чуть ли не выступал за "русский мир".

Я не видел, чтобы выступал за "русский мир", может я что-то пропустил. А второй металлоломом занимался. Он нарушал законодательство Украины?

У людей есть энергетика, желание и возможность какое-то время жить за свои деньги и делать реформы. Что такое губернатор? Это предохранитель, коммуникатор между бизнесом и обществом, регионом и центральной властью. Он должен доносить правильные сигналы, чтобы концентрация власти в регионе не была в одних руках и чтобы эта концентрация не несла какого-то ущерба развитию региона. Мало того, он должен быть рекламным агентством этого региона для международных инвесторов. Эти люди все из бизнеса, образованы, идеологически вписываются в нашу систему координат.

Вы уверены, что у них, как минимум, проукраинские взгляды?

Я уверен, что из ста человек, которых мы берем к себе в команду, двадцать нужно будет срочно терять, еще тридцать потеряются в пути. Это естественный отбор. У меня нет кнопки "дайте мне министра транспорта". Бах, принесли, идеальный и всем нравится. Нет. В Украине вообще есть глобальная проблема – кадровый дефолт. Спросите кого хотите. Вы представляете назначить 24 губернатора, где их взять? Он должен быть с опытом. То есть, уже был на государственной службе? О, у него квартира? О, все!

Могу возразить. Вы, когда шли во власть, то знали, что Зеленский может стать президентом с 2015 года, с 2017 года – уверенно. Почему не подготовились, не набрали людей, команду, почему все в пожарном темпе?

А где взять деньги, чтобы подготовить эту команду, набрать ее? У Игоря Валерьевича или Рината Леонидовича?

Умозрительно договориться с людьми, что в случае, если мы...

Умозрительно договориться могут только журналисты в своих фантазиях. Если ты приглашаешь человека на работу, то он должен откуда-то уйти, оставить какой-то бизнес, отставить семью в сторону и заниматься чем-то.

Так пусть занимается бизнесом.

Не может он как губернатор заниматься бизнесом.

Не может, но тогда мог же, пока вы не выиграли.

Я люблю сказки, но они не живут в реальности. Нужно снять розовые очки и понять, что мы находимся на войне, потому берем тех людей, которых находим. Допустим, будет 200 народных депутатов от "Слуги народа". Я понимаю, что какая-то часть из них не оправдает наши надежды. Это новые люди, они ниоткуда, они реально приходили через Facebook, через социальные лифты. Их давали региональные штабы, их советовали эксперты, мы брали людей из офиса BRDO, это разные люди. И 20% из них будут плохие, их купят, они будут брать взятки, потом еще 20%. Но из них 60-70% будут нормальные идеологические люди.

Но вам не хватит на коалицию.

Если бы мы брали бывших народных депутатов, то они 100% уже инфицированы, все.

С первого дня они уже не ваши.

Если в депутаты бывшим нельзя, то чего в губернаторы бывшим можно? Я сейчас, например, о херсонском Юрие Гусеве.

А он что, бывший народный депутат?

Он бывший чиновник, у Каськива работал.

Я у Азарова работал, до этого у Ющенко и у Тимошенко. Я и у Петра Алексеевича работал, и у Луценко был адвокатом.

Так что это за новые лица?

Новые идеологически. Тут такой же сидел: "Так они ж без опыта, как же вы взяли человека без опыта, он же не понимает ничего в государственной службе". Так кто из вас умнее? Мы берем людей, которые отвечают нашей идеологии, которые пришли строить страну, не воровать и не брать взятки. У меня в кабинете за последний месяц ни одной кражи не согласовано, и ни одной взятки не взято. Верю, что так дальше и будет.

Вопрос двойных стандартов. В список "бывшим" нельзя, а губернатором быть можно.

В список нельзя, в депутаты нельзя, даже Лещенко, который нам помогал, да, нельзя. Есть правило и его нельзя нарушать.

А чего в губернаторы можно?

Где степень этого можно или нельзя? Он работал с Каськивым, значит нельзя?

Он бывший чиновник.

И я бывший чиновник. Там все имели опыт государственной службы. Уровень инфицированности разный. Среди действующих народных депутатов есть нормальные и хорошие люди. Кто работал у Каськива – тоже не все.

Кто работал у Азарова – тоже не все.

Ваши коллеги считают как раз с точностью да наоборот.

Вопрос в том, что ваша команда исповедует двойные стандарты.

Нет. Пункт первый: мы считаем, что депутаты, которые сегодня работают в Верховной раде, даже хорошие, нормальные ребята, не имеют права снова идти в Верховную раду. Это наше правило, мы его не нарушаем.

Пункт два: мы можем где-то с "Голосом" договориться, где-то с "Оппозиционным блоком", одним из двух, где-то с Тимошенко. Всегда так было. Мы выставили на округа 199 реальных кандидатов.

Но некоторые округа вы откровенно "слили".

Нет. Ни одного округа мы откровенно не слили.

Пример. По 100-му и 74-му идут люди экс-регионала Вячеслава Богуслаева, а против Богуслаева на его округе вы ставите семейного фотографа.

Может быть. Это предложения областных штабов. Мы не можем из центра назначить в Шепетовку народного депутата. Мы не знаем, где она находится, как туда проехать. Мы обращаемся в областной штаб и говорим: "Дайте нам, ребята, человека на такой округ". И они нам дают. Мы как иначе должны 199 человек найти? Из газеты или у вас ходить спрашивать? Вот вопрос: кого назначить в СБУ? В моей телефонной книге около 50 сбушников, я никого из них не хочу рекомендовать.

Я понимаю почему, но договоренности по округам я тоже вижу.

У нас в центральном штабе нет договоренности ни по одному округу. Нам могли и в список, и в Киев, и в Шепетовку внести человека, который куплен, подыгрывает кому-то или вообще не собирается идти на выборы. Могли, да, но это не является умыслом центрального штаба. И я верю, что не является умыслом регионального штаба. В каждых 100% есть 20% плохого.

Я слабо верю в то, что региональный штаб...

Вы можете верить, можете не верить, главное, чтобы вы не фантазировали.

Я же сюда за этим и пришел, чтобы спросить, а не фантазировать. Олег Семинский, бывший начальник "Нафтогазвыдобування", работал с Нестором Шуфричем, идет по округу в Черниговской области. Его региональный штаб привез?

Я не знаю, как он появился. Лично его не знаю. Знаю хорошо его жену, мы работали пятнадцать лет назад в суде вместе. Известный человек, у него очень трагичная история, но он себя вел достойно. Я не высказал против него никаких минусов, потому что то, что я о нем знаю, говорит о нем, как о мужчине.

"80% действующего политикума – это мои бывшие клиенты"

Если уже зашел такой разговор, то вспомним о журналистских расследованиях. Bigus.Info опубликовали информацию по поводу вашего участия в нехороших делах, назовем это так, по кредитным историям. Одно касается банка Константина Жеваго "Финансы и кредит", второе – компаний братьев Сегалей, бывших акционеров банка "Надра". Насколько морально, исходя из этого, заявлять о новых лицах, новых стандартах, конце эпохи жадности?

Очень морально. И в одной, и в другой истории я являюсь адвокатом, защищаю интересы своих клиентов, качественно выполняю свою работу. Мои клиенты платят мне деньги. Я соответствую мировым стандартам работы адвоката. Мне не о чем краснеть и не о чем сожалеть. Вопрос к журналистам, в чем меня обвиняют, в том, что я хороший юрист?

Могу вам ответить. Есть причастность к оффшорке, которая участвует в двух несвязанных между собой делах, на которую выводятся деньги. Достаточно обоснованное мнение, что эта оффшорка создана юристами для обхода кредитных договоров.

Это тоже часть работы. Я не помню этих событий, я больше политический адвокат. Но моя компания ведет, в том числе, и эти дела. Что в этом плохого?

Что вы клиенту предлагали схему, как говорил Остап Бендер, сравнительно честного отъема денег.

Нужно понимать, что эти расследования – это передергивание фактов. Люди или не хотят изучать дс конца дело, или у них нет соответствующего образования, чтобы они дали оценку тем или иным словам, которые они произносят. У меня вопрос к вам, как к журналисту, что мне делать, судиться с ними?

То же касается и моего имущества. Там (в сюжете Bigus.Info говорится о поместье Андрея Богдана в Конча-Заспе и владении землей в Киевской области. — ред.) есть откровенная ложь. Самое интересное – что я оформил на свою жену в 2013 году две квартиры, будучи госчиновником с 2008 года. Так я развелся с женой и с себя переписал на свою уже бывшую жену две квартиры, она стала их владельцем. До этого это были мои квартиры.

Когда они были куплены?

Квартиры на меня были оформлены в 2012 году.

А когда ушли из государственной службы?

В 2014 году, я ушел после Майдана.

Значит, они были куплены во время чиновничества.

Во время чиновничества. В 2012 году я стал владельцем двух квартир. Но вот эти договора купли-продажи (показывает договора. - ред.) - это инвестиции. В 2006 году, будучи адвокатом, я пошел в "Познякижилбуд", заключил инвестиционный договор и в 2007 году выплачивал деньги, и выплатил все. Вот платежные поручения (показывает поручения. - ред.). А они строили шесть лет и сдали мне в эксплуатацию в 2012 году. И я, будучи госчиновником, получил две квартиры, но не купил. А купил их в 2007 году. Замминистра юстиции я стал в январе 2008 года.

Более того, мне пришлось в 2012 году доплачивать. Когда квартиры сдают в эксплуатацию, они замеряют и обязывают тебя доплатить от договорной цены к реальной. И это все указано у меня в декларации. А в 2013 году я развелся с женой и отдал ей две квартиры.

А в Козине?

Есть документ, что я купил в 2007 году землю с недостроем, до чиновничества. Основание возникновения права собственности датируются 2011 годом. Свидетельство о праве собственности было выдано тогда, когда дом был сдан в эксплуатацию – я его достраивал. Это был не договор купли-продажи. С 2007 года я четыре года заканчивал недострой, сдал в эксплуатацию в 2011 году и отразил в декларации.

Такая же история с офисными помещениями – в 2007 году я заключил договор участия в финансировании. Тогда я вкладывал деньги, у меня еще много было такого имущества, но потом, когда был на госслужбе, каждый год я что-то продавал.

Оффшорка (в сюжете Bigus.Info говорится, что Idelberg resources INC помогла маслосыркомбинату из группы "Клуб сыра" не рассчитаться за кредит в банке "Финансы и кредит", заявив, что также претендует на деньги комбината. - ред.) ваша?

Наша, с 2017 года. Мы ее оформили на себя.

Как вы объясните то, что она фигурирует в этой схеме?

А что незаконного она делала?

Она делала долги.

Где она делала долги?

Была одна известная в мире группа, которая скупала разные заводы и заводила на

них деньги, делала их реконструкцию. Она считала, что, скупив четыре завода по десять, они будут вместе стоить сто. Тогда это была обычная практика. Это называется доля в рынке. Они реально с Idelberg заводили сюда деньги.

То есть это не фиктивные долги?

Это не фиктивные долги. Это реальные деньги, которые сюда приходили. За эти деньги они делали реконструкцию заводов. А потом эти заводы ставили в залог, в том числе в банке "Финансы и кредит", и брали у них кредит на операционную деятельность. Это была первая инвестиция.

Но, во-первых, оказался воровитый менеджмент, который просто разворовал все.

Как эта оффшорка у вас оказалась?

Мы ее на себя оформили. Эта группа имела тогда проблемы и попросила, чтобы официально во всех документах были все наши представители.

Доверенность оффшоркой выдана на мою фамилию. Были официальные деньги, которые заведены из-за рубежа. Пройдены все четыре инстанции. В процедуре банкротства компания продала имущественный комплекс и все деньги, полученные в результате продажи, уплачены банку "Финансы и кредит". Был кризис в 2008-2008 годах. Стоимость завода была 20 миллионов долларов, а поскольку Россия закрыла рынок, вычеркнула их из поставщиков, экономическая модель нарушилась и завод начал стоить 2 миллиона долларов.

Завод продали, а деньги вернули банку "Финансы и кредит", полностью, до копейки, и никто себе ничего не взял. Все дела прошли четыре инстанцию – первую, вторую, третью и Верховный суд – и нигде нет другого решения. Мало того, в 2015 году вышел на связь депутат Александр Грановский, я лично с ним встречался. Тогда банк "Финансы и кредит" ушел на ликвидацию в фонд гарантирования вкладов. И от Грановского поступило предложение адвокатской помощи нам в защите нашего клиента, за некоторое материальное вознаграждение. Я отказал, я сказал, что мы сами – квалифицированные адвокаты, и мы выиграем в суде дела, мы на сто процентов уверены в своей юридической позиции, и нам эта помощь не нужна.

Через два-три месяца было возбуждено уголовное дело, по обращению того же депутата Александра Грановского.

В моей жизни были две встречи с Грановским. Вторая – когда Левочкин был в этом кабинете, в 2010 году. Фирташ ограбил своего оппонента, Сегаля. Когда я уже вернулся к адвокатской деятельности, Сегаль ко мне пришел, я изучил дело и понял – это чисто кража, они подделали документы на стадии исполнительной продажи имущества, они полностью заплатили кредит, они забрали деньги исполнительной службе, а потом они все равно забрали у них завод. Я выиграл четыре суда во всех инстанциях, я доказал право собственности Сегалей на завод. Адвокатом был Грановский и его компания.

То есть, с Грановским есть конфликт?

Это человек, который злоупотребляя доверием судейского корпуса и правоохранительной системы, все время вмешивался в их деятельность.

Что касается братьев Сегаль (в сюжете Bigus.info говорится, что фирма Ильи и Вадима Сегалей взяла кредит в своем же банке "Надра" под залог соперерабатывающего завода, позже банк выкупил Дмитрий Фирташ, а завод оказался в собственности "Мисто банка" младшего партнера Фирташа Ивана Фурсина спустя годы после банкротства "Надра" оффшорная компания Vesdix Investments Limited, соучредителем которой была Idelberg resources INC, выдававшая доверенность на Богдана, заявила, что занимала бывшим владельцем соепереробного завода - фирме братьев Сегаль - деньги и хочет их вернуть, в результате суд вернул завод фирме братьев. - ред.)? Это также ваша оффшорка?

Это их. У нас были такие условия адвокатского контракта. Нам не платили, но если мы выиграем все до конца, то мы получаем процент от выигрыша.

Вопрос о влиянии ваших клиентов на текущую политическую жизнь.

Я дистанцируюсь от любого коннекта. 80% действующего политикума – это мои бывшие клиенты. Даже Петр Алексеевич, я с ним познакомился в штабе "Нашей Украины" в 2004 году на президентских выборах.

Я помню письмо, которое Сергей Лещенко писал в защиту Ильи Сегаля, чтобы его пустили в Украину. Вы с Лещенко таким образом познакомились?

Нет. Мы с Лещенко познакомились, когда я начал войну в министерстве юстиции по деньгам Лазаренко. Потом была история с выплатами Минюстом роялти разным компаниям за государственные реестры. Меня из-за этой истории и люстрировали. Когда принимали закон о люстрации, один из авторов Юрий Деревянко, специально вписал туда мою должность в порядке личной мести.

"Портнов - это мой многолетний друг"

Все-таки, влияние ваших клиентов в политической жизни будет проявляться?

Я не могу сказать ни да, ни нет. Я от них дистанцировался, я ни влияю ни на их бизнес, ни на их политическую жизнь.

Простой тест. Ваш бывший клиент Юрий Луценко должен остаться генпрокурором?

Нет.

Когда он будет уволен?

Мы не имеем конституционных полномочий его уволить. Несмотря на это, мы подали политическое заявление в Верховную раду с требованием его уволить, оно там лежит без рассмотрения.

Вы знаете Андрея Портнова, вы работали вместе?

Да.

Как вы оцениваете его деятельность сейчас?

Он очень квалифицированный юрист, который выиграл все европейские суды, и я не слышал ни одного момента, чтобы государство имело к нему претензий.

Имею в виду его деятельность по поводу написания заявлений по Порошенко и т.д. Это с вами согласовано или это самодеятельность?

Это самодеятельность Портнова. Я не знаю материалов этих заявлений, но я думаю, там очень много всего по делу.

Портнов может занять какую-то должность при вашей власти?

Нет.

Вы против, или президент?

Президент. Это было бы неправильное политическое решение, мы не может себе этого позволить. Я тоже против, и не буду подставлять президента. Но да, это мой многолетний друг.

Является ли вашим бизнес-партнером Андрей Ваврыш, бывший начальник Департамента градостроительства и архитектуры КГГА?

Нет. Я ему помогал во многих случаях юридическими советами, но материально я никак не вовлечен в его проекты.

Говорят, что Ваврыш сейчас "смотрящий" от вас в Киеве.

Это полное вранье.

Как вы оцениваете деятельность мэра Виталия Кличко и бизнесмена Вадима Столара?

Информацию о том, что Ваврыш – смотрящий по Киеву, распространяет именно Столар. Они всегда чем-то делились, договаривались, вот и сейчас они собирают деньги, а что делать дальше, как делить, они не понимают, в панике ищут способ где-то договориться.

За что вас не любит Столар (киевский бизнесмен Вадим Столар, баллотируется в Верховную раду по списку "Оппозиционной платформы – За життя" – ред.)?

Наверное, хорошо, что он меня не любит. Значит, я делаю что-то хорошее, раз меня не любит Столар, Грановский и другие персонажи.

Я слышал, что вы хотите разделить должности мэра и главы КГГА, лишив Кличко реальной власти.

Я не хочу, чтобы в госбюджете, в местном бюджете воровали.

Это правда?

Да.

То есть, вы действительно разделите эти должности?

Не знаю.

Такой план был?

У меня есть договоренность.

О чем?

Что мэр Киева демонстрирует открытую, честную, прогосударственную позицию в экономических и политических вопросах и в интересах граждан города Киева.

И тогда что?

И тогда мы примем кадровое решение по нему.

А если не будет демонстрировать?

Тоже примем кадровое решение. Но это будут разные кадровые решения.

Но то, что происходит сейчас в городе, вам не нравится?

То, что происходило до сих пор, мне не нравится. Якобы они со Столаром поссорились и его удалили от производственных процессов. Но якобы все ходят в один и тот же офис, в который раньше ходили и там якобы согласовывают свои действия. Я пока не верю в эти слухи, но судя по тому, что про меня пишут в прессе, что слухи имеют место быть.

Я с легкостью могу сделать так, что все обо мне будут говорить хорошо. Но тогда мне лучше в адвокаты пойти — мне там спокойней будет. Пока я здесь, я не настроен брать какие-то взятки и не настроен разрешать кому-то брать взятки. Поэтому, наверное, меня будут "мочить".

Доводилось слышать историю, что экс-чиновник Минрегионстроя Максим Исаенко, партнер Ваврыша, будет финансировать строительство нового офиса президента.

Нет, неправда, мы ни у кого денег брать не будем.

А как вы профинансируете?

Я не могу этого раскрывать, но это будет абсолютно законная схема, она не будет иметь отношения к госбюджету и ни один бизнесмен не будет таким образом отмазываться.

Как часто вы общаетесь с Игорем Коломойским?

Раньше почти каждый день, сейчас очень редко.

Он дает советы?

В основном критикует.

За что?

Ему многое не нравится, что мы делаем.

Например?

Не буду открывать.

Тем не менее, у него человек 25 в вашем списке имеется.

Например?

"Укроповцы". Или "плюсовцы" во главе с Александром Ткаченко.

Ткаченко – как и я, нанятый менеджер, который выполняет свою работу. Я долго с ним общался, защищал его интересы, защищал его от политических преследований, у меня свое мнение об этом человеке. Я не являюсь ни его бизнес-партнером, ни частью его ближайшего окружения.

Тем не менее, от вас в Раду идут сотрудники Ткаченко: Дубинский, Василевская, Швец.

И что? Они журналисты, такие, как и вы. Во время избирательной кампании мы общались со многими людьми, кто-то говорит: я хочу идти в этом округе, потому что там идет мой враг.

То есть, "плюсовцы" и "укроповцы" не от Коломойского?

Наверное, кто-то из них с ним в каких-то отношениях. Что такое "Укроп"? Вот, например, Юрий Мисягин, член совета партии "Укроп"? Он с Коломойским? Наверное, он его один или два раза видел. Это мой друг, мы с ним на фронт три года ездили, под "грады". Да, я его рекомендовал на этот округ. Но он что, человек Коломойского?

Какие у вас отношения с Арсеном Аваковым?

Дружеские.

Он должен остаться на должности?

Не знаю, не мое решение.

Как думает президент? С ним обсуждали?

Не обсуждали. Не думает пока.

А отношения между командами дружеские?

С Аваковым – да. Кто его команда – я не знаю.

Антон Геращенко, Нижний (один из юридических советников Владимира Зеленского, советник министра внутренних дел Арсена Авакова Сергей Нижний. – ред.), еще ларчеловек у вас в списке есть - Денис Монастырский, например.

Это эксперты, которые работали у нас в штабе с сентября. Они не являются людьми Авакова. Вы что-то знаете и додумываете. Это очень неправильно.

Ко мне из безопасности приходили люди и говорили, что якобы они там все собрались вместе с Геращенко и против меня делают заговор, чтобы сместить меня с этой должности. Они просто не понимают, что я с этими людьми общаюсь и доверяю им, потому что они пришли тогда, когда никто не верил в нашу победу. Они работали без денег, считая, что это возможность себя реализовать. Но они когда-то работали где-то там. Нельзя говорить, что человек, работавший на "1+1", до конца жизни – человек Коломойского.

Как Баканов (друг детства и глава избирательного штаба Владимира Зеленского, бывший руководитель студии "Квартал 95", экс-глава партии "Слуга народа" Иван Баканов. — ред.) пошел работать в СБУ без соответствующего опыта работы? Это нормально?

Я не знаю.

Вы были против этого назначения?

За.

Какие у вас отношения с Сергеем Шефиром (один из основателей и совладелец студии "Квартал 95", друг Владимира Зеленского, сейчас первый помощник президента. — ред.)?

Отличные.

Нет конфликтов в команде?

Постоянно, каждый день.

Из-за чего?

Ему не нравятся мои шутки, а мне – его. Он ворует все время мой салат.

На самом деле, это очень рабочие и теплые отношения. У меня здесь нет ни одного конфликта.

Вы "за доступ к телу" не конкурируете?

Нет, вообще.

Просто интересно: Зеленский вас назначает главой Администрации президента (теперь Офис президента. — ред.), а Шефира — первым помощником. Такое впечатление, что президент хотел сбалансировать внутри команды уровни влияния.

Был ужасный скандал, который кто-то раздул, о моей близости к Коломойскому. И, действительно, тогда в день инаугурации много было всяких предупреждений о том, что если он меня назначит, это будет проблема.

А кого тогда сюда назначить? Шефира сюда? Здесь сложнее аппарат. Если ты нажимаешь кнопку роспуска Верховной рады, ты должен до конца понимать алгоритм действий и что делать. Я знаю, потому что мы распускали в 2007 году, и знаю, какие сразу начинаются суды, какие персонажи включаются, кто будет против. Поэтому я знаю, что я делаю и отвечаю за свои действия.

Я знаю, что Зеленский перед роспуском переживал по вопросу судов, в том числе, что ему "похоронят" эту всю историю с роспуском.

До последнего дня переживал.

Кто настоял?

У нас нет такого, чтобы кто-то настоял. Ни я, ни Шефир, никто из нас не может настоять. Это коллективное решение. Он меня спросил: "Ты отвечаешь?". Я говорю: "Это сложно. Но думаю, что да".

"Вакарчуку не надо ходить на телевидение – просто запрещено"

Почему вы решили именно распускать - бонтесь, что к осени рейтинг обрушится?

Мы два раза внесли постановление на Климкина (на утверждение Верховной радой постановление об увольнении министра иностранных дел Павла Климкина. — ред.), нам отказали. Все, что мы вносим - нам отказывают.

Так вам же и хорошо.

Что хорошо?

Негатив сливать на Раду.

Нет. Они же убивают рейтинг.

До осени вас могли окончательно "погасить"?

Конечно. Весь Кабмин их, вся Рада их, а они сидят и говорят нам: "а почему вы тарифы не снижаете, вы же президент"?

Про тарифы шутили или не шутили? Тарифы снижать будете?

Обязательно будем снижать.

И с ремонтом дорог будем кардинально менять ситуацию. Мы не выбираем те деньги, которые нам дает на дороги Европейский союз, потому что тогда конкурс на компанию, контроль качества, бюджет и процедуру допуска к конкурсу определяет Европейский союз. Зачем тратить свое время на рентабельность 3-5%, это ведь неинтересно, когда можешь своровать с бюджета? Наши выбирают 10-15% финансирования, которое дает Европейский союз.

А мы хотим, наоборот, все государственные деньги отдать Европейскому союзу. Мы им даем миллиард, а они его мультиплицирую в десять, но только при условии, чтобы ни один из наших не имел отношения к распределению этих средств и контролю качества.

Но все это можно сделать только со своим Кабмином.

Да.

Кто будет премьер-министром?

Не знаю.

Вы?

Не могу.

Почему?

Люстрирован.

Разумков (глава партии "Слуга народа" Дмитрий Разумков. — ред.) может быть премьером?

Наверно, нет. Хороший парень, но молодой.

И не Шефир?

Не Шефир.

Я бы взял какого-то номинанта на Нобелевскую премию по экономике.

А списка кандидатур в Кабмин у вас еще нет?

Нет.

Кадры не подбирали?

Занимаемся этим. HR-агентства подбирают незапятнанных людей, понятных Европе, желательно с опытом работы на госслужбе.

Вы же, скорее всего, не возьмете единоличное большинство в Раде.

И выборы президента не должны были выиграть.

Кого-то "на борт" вам все равно придется брать.

Кого-то "на борт", наверное, надо будет брать, а, может, и не надо будет.

Кого вы возьмете - Смешко, Тимошенко или Вакарчука?

Не знаю. Как я могу сейчас определять, если рейтинги "прыгают". Они все очень важные, очень умные и очень классные политики. Но они ничего не понимают. Например, Славе Вакарчуку не надо ходить на телевидение - просто запрещено. А как ты ему это объяснишь? Он вещать хочет. А это вообще не его. Он убивает свою партию. Мы же видели, как упал рейтинг "Европейской солидарности". А сейчас падает "Голос", но "Солидарность" растет. Не пускайте его, пусть ездит по областям.

Ваше мнение: Вакарчук – проект Пинчука?

Нет.

Фридмана?

Не знаю. Там есть какая-то группа - Томаш Фиала, Петр Чернышов и еще кто-то.

То, что сейчас происходит с судами, например, в Окружном админсуде – с отменой переименования Московского проспекта в Степана Бандеры и прочее – кто это делает?

Это же не мы делаем.

Я не знаю. Но, по-моему, вы попустительствуете, по крайней мере.

А что надо делать? Мы не вмешиваемся в судебную систему, не имеем права по Конституции.

Проспект Бандеры в Киеве должен вернуться или нет?

Я бы вынес этот вопрос референдум. Почему кто-то должен определять, как называть? Хотят Бандеры — пусть будет Бандеры. Это может быть соцопрос, консультативный.

"Есть мнение международных партнеров, что политические разговоры возможны только в нормандском формате"

Почему вы так поздно среагировали на решение ПАСЕ, когда Россию туда вернули?

Мы сразу отреагировали.

Россию вернули в час ночи, от вас реакция появилась в одиннадцать утра.

Реакция ПАСЕ – это реакция мира на поведение Порошенко. Это решение было принято уже давным-давно, до нашей победы. Он всячески его пытался оторочить, он не боролся с решением – он боролся с датой его вынесения.

Решение о снятии санкций с России также может быть принято?

Не слышал, чтобы такие решения готовились.

Громкая идея, с которой вы выступили в первый день, на весь мир — о референдуме о переговорах с Россией...

Там было не так - не о переговорах с Россией, а по каким-то тонким моментам, например, по вопросу о языке. Мы можем Донецкой и Луганской области разрешить разговаривать на русском языке, если у нас начнется мир в стране? Ставим вопрос – "да/нет". Если можем, тогда Донецк и Луганск общаются на русском языке.

Но вы понимаете силу прецедента? Вы разрешили Донецку и Луганску, потом приходит Одесса и говорит, что тоже хочет.

Давайте еще угробим пятнадцать тысяч наших граждан в войне?

Я гробить никого не предлагаю. Я спрашиваю, понимаете ли вы цепную реакцию?

Разговаривать бесконечно о хорошем можно. Но в это время надо поехать на фронт, посмотреть кто и как разговаривает в окопах и принять решение.

Тогда, может, проще сразу сделать русский вторым государственным?

Нет. Я сам со Львова, у меня же там "бандеровцы", я за украинский язык и я за Украину. Но у нас есть проблема, ее надо решать. Мы говорим бесконечно, а ничего не решаем, а надо решать.

Второй государственный решает этот вопрос? Украинский же никуда не девается.

Не думаю, что он решает этот вопрос. Он углубляет конфликт. В данном случае я – против.

А закон Колесниченко-Кивалова, например, решает – региональные языки?

Региональные языки – наверное. Лично мое мнение: я бы разрешил Донецку и Луганску государственный – украинский, региональный – русский и при условии, что после этого они – территория Украины.

А если так же захочет Харьков и Одесса?

Давайте тогда всех заставим разговаривать по-украински? Тогда остановимся на том, что Украина – это у нас будет Тернопольская, Львовская и Ивано-Франковская области.

Мы должны искать компромиссы или мы должны всем навязывать мнение какой-то части Украины?

По поводу России, как сейчас движется вопрос переговоров и правда ли то, что сейчас для вас в приоритете любыми способами договориться о возвращении моряков и прочих наших заключенных?

Любыми – нет. Да, для нас это приоритетно вернуть наших людей, не только моряков, а всех.

Говорят, что вы сейчас ищете по всему миру эффективного коммуникатора, который в состоянии выступить посредником.

Мы можем искать и находить кого угодно, но пока не появится коммуникатор от них, у которого будут полномочия разговаривать...

А он появился?

Нет.

И без коммуникатора эта ситуация не "взлетит"?

Это как тыканье на ощупь.

После визита президента в Париж и Берлин стали ли более реальными прямые переговоры с Россией или все еще будут использоваться международные посредники – нормандский формат и так далее?

Я так понимаю, что будем все еще использовать международных посредников.

Почему?

Есть мнение международных партнеров, что политические разговоры возможны только в нормандском формате.

Ваш рейтинг "кушает" "Оппоплатформа". Что вы с этим будете делать?

А что ты с этим можешь сделать? Будем с этим бороться.

Может, какой-то план есть технологического противостояния?

У нас нет плана. Все наши действия эмоциональны. Служба безопасности при предыдущем президенте все время писала фантастические доклады о том, что мы будем делать, и никогда не угадывала, потому что мы сами не знаем, что мы будем делать. С утра что-то произошло, в обед мы посоветовались, в пять часов выпустили ролик, или выступление, или что-то сказали. С этим невозможно бороться, когда ты не можешь залезть в голову человека, который сам не знает, что он будет делать. Это эмоциональная кампания, а не стратегическое планирование.

Враг Мосийчука, Сытника и Горбатюка

Впервые Украина услышала о Кизе в 2015 г., когда вся страна увидела видео с "радикалом" Игорем Мосийчуком, на котором последний якобы получал взятки за депутатские запросы. Занимался этим делом именно Кизь, который в то время работал заместителем начальника управления по расследованию особо важных дел ГПУ. Это дело заглохло через год, по странному совпадению обстоятельств тогда же закончился и конфликт президента Порошенко с "радикалами".

В апреле 2016 г. Кизя назначили руководителем департамента организации и процессуального руководства досудебными расследованиями ГПУ. Это подразделение осуществляет процессуальное руководство по преступлениям, подследственным ГБР, и занимается публичным обвинением по ним. Другими словами, подчиненные Кизя являются надзирающими прокурорами в делах, которые расследует ведомство Романа Трубы.

Перевод на новую должность сопровождался скандалом, ведь в подразделение Кизя перевели прокуроров, ранее работавших в департаменте спецрасследований, которым руководил небезызвестный Сергей Горбатюк. Обвинив руководство ГПУ в развале департамента, который занимался делами Майдана, и попытке избавиться от него, Горбатюк не забыл и о Кизе. Как только последнего повысили до замгенпрокурора, он сразу же обрушился на новоназначенного, обвинив его в блокировании расследования дел Майдана в регионах.

Кроме упомянутых выше эпизодов, СМИ также обвиняли Кизя в срыве спецоперации НАБУ по увольнению зампредседателя Госмиграционной службы Дины Пимаховой, подозреваемой в коррупционных сделках с продажей украинского гражданства. Якобы из-за срыва спецоперации ей удалось избежать ответственности, а в НАБУ заявили, что ГПУ и СБУ незаконно вмешались в работу Бюро, и назвали действия правоохранителей, которые привели к разоблачению тайных агентов, "диверсией".

Двойной агент

Таким образом, раньше Кизя было сложно заподозрить в нелояльности как к своему непосредственному руководству, так и к главе государства. Впрочем, это не означает, что все покровители нового замгенпрокурора, кроме Луценко, ушли вместе с Петром Порошенко. В прессе его называют старым товарищем руководителя Офиса президента Андрея Богдана. Якобы именно Богдану принадлежит идея повышения Кизя после проведения с ним ряда встреч. К слову, недавно старых знакомых видели вместе на концерте российского исполнителя Артура Пирожкова. Но дружба с Богданом — не самое интересное, что удалось выяснить о высокопоставленном прокуроре.

Его жена Марина Кизь владеет компанией "Рент-Техно", которая была основана в прошлом году. Среди ее учредителей значится Василий Кавлак — бизнес-партнер депутата Ивано-Франковского облсовета от партии УКРОП Дмитрия Сиреджука. Как известно, в Ивано-Франковской области УКРОП возглавляет нардеп Александр Шевченко, который, в свою очередь, является партнером олигарха Игоря Коломойского по нардепу Буковель и одним из его близких соратников.

Учитывая связи Кизя с Богданом и Коломойским, примечательно, что его назначение произошло в разгар открытия инициированных близкими к Коломойскому Андреем Портновым производств против Порошенко, которых уже набралось около десятка.

То есть, с одной стороны, назначение может быть связано с желанием старой власти притормозить дела, которые сыпятся на Порошенко, как из рога изобилия. С другой стороны, если верить информации о связях нового зама Луценко с Богданом, то дела, заведенные на Порошенко, заиграют новыми красками.

На самом деле противоречий в информации о том, что Кизь — протеже и Луценко, и Богдана, — нет. Генпрокурора и руководителя Офиса президента объединяет третья фигура — Коломойский.

Тут стоит напомнить обстоятельства разговора олигарха с генпрокурором, который состоялся 25 ноября 2017 г. в столице Нидерландов. Тогда Луценко "случайно" встретил Коломойского, якобы поговорил с ним о нецелесообразности поддержки протестных акций Саакашвили, а также, комментируя встречу, рассыпался в комплиментах "защитнику Украины", назначение которого на должность главы Днепропетровской ОГА он, оказывается, лоббировал в 2014 г.

Примечательно, что Луценко и Коломойский практически не критикуют друг друга, более того, после президентских выборов олигарх фактически поддержал генпрокурора, заявив, что не видит причин менять Луценко. Да и сам Юрий Витальевич не один раз давал понять, что не против и впредь возглавлять ГПУ. Не нужно забывать, что Луценко — опытный политик, сменивший за годы карьеры не одну команду. При этом с Порошенко он открыто не конфликтует, но и в "Европейской солидарности" ни в каком виде представлен не был.

Для Коломойского же Луценко в роли генпрокурора может быть выгоден как канал коммуникации с представителями спецслужб США, особенно в контексте расследования ФБР, которое якобы ведется против Коломойского.

Что же касается Кизя, то Коломойский может его использовать как для присмотра за Луценко (мало ли, тот все-таки самостоятельная фигура), так и за возможными назначенцами Зеленского в ГПУ.

В любом случае назначение Кизя — это усиление позиций Коломойского в Генпрокуратуре. Скорее всего, олигарх будет стремиться оставить Луценко на его должности, но даже если этого и не произойдет, Коломойский постарается сохранить максимальное влияние на ГПУ, которая будет одним из противовесов президенту Зеленскому.

Президент Владимир Зеленский предложил внести изменения в закон о люстрации: добавить в список лиц, которым запрещено управлять государством, всех политиков и топ-чиновников, которые занимали должности с февраля 2014 по май 2019 года. Об этом он заявил в видеообращении, опубликованном на Facebook-странице президента. В расширенный список должностей, подпадающих под люстрацию, по предложению Зеленского войдут: президент Украины, члены Кабмина, все нардепы, глава Верховной Рады, генеральный прокурор, глава СБУ, глава Антимонопольного комитета и Фонда госимущества, глав ГФС и таможни, секретаря СНБО и руководителей оборонных предприятий. Под люстрацию подпадают все, занимавшие эти должности 23 февраля 2014 по 19 мая 2019.

В Украине замкнулся мистический круг, по которому страна упорно шагала почти тридцать лет. Смычка была скреплена Генеральной прокуратурой Украины, Которая возбудила против второго президента страны – Леонида Кучмы – уголовное дело. Обвинив его в нарушении сразу четырех тяжелых статей Уголовного кодекса: ч. 1 ст. 111 (Государственная измена), ч. 1 ст. 14 (Приготовление к преступлению), ч. 1 ст. 114-1 (Воспрепятствование законной деятельности Вооруженных Сил Украины и других военных формирований), ч. 1 ст. 14 ч. 2 ст. 258-2 (Публичные призывы к совершению террористического акта с использованием средств массовой информации. Об этом в блогах «Фокуса» пишет Андрей Капустин.

Здесь прекрасно практически все. И то, что момент «совершения преступления» Леонид Кучма официально возглавлял украинскую делегацию на переговорах в Минске по мирному урегулированию ситуации на Донбассе. И то, что отправиться в Минск ему предложил действующий президент Владимир Зеленский. И то, что во главе ГПУ все еще находится, не имеющий юридического образования генпрокурор Юрий Луценко.

Который подозреваю, инициируя возбуждения дела против Кучмы, полагал, что стреляет дуплетом. Целясь не только в своего давнего противника, благодаря которому, напомню, и начался (в рамках акции «Украина без Кучмы») политический взлет нынешнего генпрокурора. А еще и целился (из второго ствола) в нового главу государства, который, судя по всему, резко прерывает столь успешный карьерный рост экс-министра МВД, экс-депутата и экс-политзаключенного.

То, что на линию его огня попало и собственно государство Украина, Луценко, похоже, особо не волновало.

Но вернемся к замкнутому кругу, вспомнив персонажей, его протаптывавших. Ибо, благодаря им, Украина стала одним из мировых лидеров, где в ветвях высшей власти собралось наибольшее количество «сидельцев».

Мало того, на определенном этапе новейшей эволюции украинского государства на полном серьезе стало казаться, что без тюремных проплешин в анамнезе, в Украине вообще сложно пробиться в первые ряды политической элиты.

Судите сами.

Из шести президентов страны (плюс один и.о.), уголовные дела возбуждались против четырех: Виктор Янукович, Виктор Ющенко, Петр Порошенко и Леонид Кучма – дважды.

Это, не говоря о том, что Виктор Янукович последний раз был заочно осужден на 13 лет лишения свободы, имея за спиной судимости по неполитическим статьям – от хулиганства до грабежа – с которыми он и взошел на трон.

Из шестнадцати премьер-министров (плюс два и.о.), на сегодня тюремный налет в своей биографии в той или иной форме имеют восемь: Ефим Звягильский, Виктор Янукович (дважды премьер-министр), Леонид Кучма, Павел Лазаренко, Виктор Ющенко, Юлия Тимошенко (дважды премьер-министр), Николай Азаров (дважды премьер-министр) и Сергей Арбузов.

И единственной должностью, которую пока миновала чаша криминальных преследований остается пост спикера Верховной Рады.

Чего, конечно, нельзя сказать о депутатском корпусе всех уровней, в котором не иметь хотя бы одну «ходку», невольно оживляют в памяти известную присказку советских времен: «Кто зону не топтал, тот жизни не видел».

Понятно, что не все, на кого были обращены взоры силовиков, были классическими уголовниками.

Преследования по политическим мотивам с последующей отправкой оппонентов за решеткой придумали не в Украине, и не в 21 веке.

Иное дело, что в Украине за решетку попадали исключительно те, кого новая власть начинала прессовать именно в формате политической расправы. Как это было с теми же Юлией Тимошенко и Юрием Луценко.

А вот те, к кому возникало немало чисто коррупционно-экономических претензий, умудрялись проскакивать между капель.

За исключением, правда, Павла Лазаренко. Но и то, это пример неудачный, его правосудие настигло в Соединенных Штатах.

Остальные же, упорно доказывали, что Украина – это не Израиль, не Перу, не Бразилия, и уж тем более, не Южная Корея. Где посадка первых лица государства по коррупционным статьям вещь более чем привычная.

И, кто знает, насколько быстрее замкнулся бы порочный круг, который Украина начала протаптывать почти тридцать лет назад, если бы первые лица сразу отвечали за свое «руководство страной».

Но случилось, как с рационом слона в зоопарке – «Да, на бумаге все это ему положено, но кто ж ему даст».

И, чем дольше длился праздник безнаказанности, тем больше желающих мечтало принять в нем участие.

В итоге, как говорил один из героев этого праздника, – «маємо те, що маємо...».

Хотя, если исходить из сотен журналистских расследований, многие из них явно перегуляли на свободе.

Да, новая власть пока демонстрирует решимость вывести страну на новую дорогу. Рассказывая о том, что ей известен этот самый светлый путь. Станет ли это движением по прямой, или вновь по кругу, пока не рассеется старый туман, неясно. Тем более, что среди новых поводырей все еще узнаются старые, до боли знакомые лица.

А за Леонида Кучму можно не переживать... Кто ж его посадит. Он же памятник.

Конфликт между Зеленским и Коломойским разрастается. После того, как внутренний контур охраны у Зеленского заменили на сотрудников СБУ, начались и явные изменения в отношениях между олигархом, который думал, что у него карточный клоун в руках и новым президентом. Зеленский внезапно почувствовал полную власть над всеми - сообщает источник, и не собирается ею особо делиться. Более серьезный конфликт возник на последнем заседании в ОПе, пишет IZE.inform.

Интересные подробности вчерашнего (23.07.2019 г.) совещания у Зеленского. На заседании не присутствовал Баканов. Вообще его отношения с Зеленским сейчас носят исключительно индивидуальный характер, а встречи проходят в недоступных простым смертным (таким как мы) местах. Кроме обычного круга Зеленского на совещании присутствовал незнакомый большинству человек, которого Зеленский представил словами "наш хороший друг Ури". В обсуждение он фактически не вмешивался, сидел возле Богдана и что то писал, передавая ему бумажки. С определенной долей вероятности можно говорить, что это Уриель Лейберт, долговременный партнер Коломойского, фигурант судебных слушаний в Дедавэре. Сомнения связаны с тем, что год назад Лейберт перенес пластическую операцию. Она не связана с попытками изменить личность, а была просто медицинской необходимостью. С тех пор актуальных фотографий его нет и визуальное опознание весьма затруднено.

По самому собранию. Во-первых - фактически принято окончательное решение о создании монокоалиции исключительно из состава партии Зеленского и части независимых депутатов. Основная цель - конституционное большинство. Против упорно выступает Шефир. Очень мягко и осторожно с ним солидарен Данилюк, но Зеленский видимо все уже решил.Во-вторых – практически утверждена кандидатура Разумкова на главу ВР. Против отчаянно возражает Богдан. Остальные вроде "за". Собственно это означает, что Зеленский не принимает условий Коломойского и кандидатуры Разумкова, как кандидатуру на премьера.

Основной вопрос - премьер. Критерии отбора - нужна ничтожная, управляемая фигура. Зеленский отчаянно боится. Дело в том, что по украинскому законодательству премьер обладает полномочиями вполне сравнимыми с президентскими, при том в очень важной сфере - реального денежного оборота. Тем более после утверждения программы правительства он получает годичный иммунитет от отставки кабинета, а именно этот год критично важен для Зеленского.Рашкован четко заявивший о независимости Кабмина отпадает. Абромавичус вызывает у Зеленского большие сомнения в лояльности. Заместитель главы офиса президента Алексей Гончарук - слишком большое ничтожество. Опыта реальной экономики нет, знания в экономике практически тоже. Кандидатура называлась, но собственно всеобщий скепсис не дал даже возможности обсуждать.Каболев и Витренко вызывают истерику в России с которой еще переговоры в транзите вести. Все эти мямлилось и пережевывалось достаточно долгое время и закончилось словами Зеленского "Мне уже пора".

Возникает логичный вопрос - зачем это все было? Понятно что решение будет принято непосредственно Зеленским. Понятно что оглашать он его не будет до максимально возможного срока. Так что это? Все просто - это маленький спектакль для "хорошего друга Ури" присланного "ценителем творчества Квартала" Коломойским, у которого когда то Вова слезно просил денежек за работу. Фактически - это декларация о разрыве. Финальный аккорд процесса, на котором мы акцентировали ваше внимание уже не раз. Завершившийся фактически перехват функций личной охраны Зеленского структурами СБУ. После победы на выборах Зеленский решил что уже не нуждается в Коломойском и К.

Очевидно именно это "хороший друг Ури" доложил "хорошему другу Бэне".

А дальше в 18-45, впервые в истории Украины были полностью обесточены здания Офиса Президента и Кабинета Министров. Мы не утверждаем что это мы то целенаправленные действия. Более того, мы считаем это чистой случайностью. Но первое сообщение "Киевэнерго говорило про"... несанкционоване втручання в роботу лінії подачі електроенергії..." Сообщение быстро убрали, но линий этих несколько. И проложены они по разным маршрутам. И вероятность одновременного выход а их со строя близка к вероятности услышать правду из уст Зеленского...

Вы должны понимать психологию этих людей. Там личные сообщения передаются не словами и не заявлениями. Слова для них существуют чтобы скрывать мысли. Личные сообщения там передаются знаками, событиями, знаками, если хотите, положением рук при рукопожатии.

Блэкаут означает, что кто то принял вызов...

Амбиции главы Офиса президента Андрея Богдана, по некоторым данным, подталкивают его к тому, чтобы занять пост генерального прокурора. Об этом сообщает "Апостроф". По информации источников в окружении президента, кандидат в премьер-министры Украины Руслан Рябошапка является креатурой Богдана, а сам он хотел бы занять кресло генпрокурора. "У него большие амбиции и ему надоело находится в тени президента. Поэтому он серьезно задумался о том, чтобы занять этот пост", - говорит источник в окружении президента. Если такой вариант не будет поддержан главой государства и парламентом, то назначение именно Рябошапки будет для Богдана наиболее приемлемым развитием событий. "Они (Богдан и Рябошапка, - "Апостроф") долго сидели в одном кабинете в Кабмине, и через многое вместе прошли. Можно даже сказать, что именно он ввел Рябошапку в команду, а не Данилюк, как многие думают", - говорит собеседник издания, добавляя, что фактически и секретарь СНБО Александр Данилюк является протеже Богдана, который, таким образом, всячески пытается стать монопольным каналом коммуникации с президентом. Подробнее об этом читайте в материале "Апостроф". Борьба за Зеленского: кто займет кресло генпрокурора.

А если победит Байден?

США тем временем постепенно входят в президентскую кампанию 2020 года, и уже сейчас очевидно, что украинский вопрос в ней будет одним из ключевых. И дело не только в том, что старая украинская власть всеми способами помогала Клинтон победить Трампа в 2016-м, – хотя этот факт, безусловно, вспомнят. Дело еще и в том, что та же украинская власть, испугавшись победы Трампа, отдала ему весь компромат на недавних союзников из Демократической партии.

Вчера американское издание BuzzFeed сообщило, что бывший генпрокурор Шокин и его сменщик Луценко передали Трампу целую гору компрометирующих материалов на бывшего вице-президента США Байдена. Там и информация по работе американского посольства в Киеве на кандидата Клинтон, и подробности спецоперации против Манафорта, и все материалы расследования по компании "Бурисма", в которой числился Байден-младший и которую покрывал Байден-старший.

Поскольку на данный момент бывший вице-президент остается фаворитом президентской гонки в Демократической партии, переданная информация будет явно нелишней. Правда, Шокину и Луценко она уже не поможет вернуться на вершины украинской власти. Им вообще теперь нужно надеяться, что президентом не станет Байден – потому что в этом случае гнев Белого дома окажется еще более сильным и еще более целенаправленным, чем гнев Трампа.

"Украинский вопрос" - вновь на первых полосах американских СМИ в контексте набирающего ход предвыборной гонки за кресло президента США. Как известно, за Овальный кабинет Белого дома на Капитолийских холмах уже идет борьба между действующим главой государства - республиканцем Дональдом Трампом и ставленником Демократической партии, бывшим вице-президентом Джо Байденом.

Скандальные события в Киеве с участием последнего, произошедшие в период президентства Петра Порошенко, нынешняя Администрация в Вашингтоне пытается использовать как ключевой козырь для обкручения шансов на успех 76-летнего демократа на выборах президента США, запланированных на 2020 год.

Но и сторонники Байдена, похоже, не сидят сложа руки, контратакуя своего оппонента, выдвигая в адрес команды Трампа претензии в нечестной игре. А это новая интрига, разобраться в которой следует украинцам, и не только.

Что стоит за очередной гонкой компроматов американских "политических динозавров", как с этим связаны увольнение бывшего генпрокурора Украины Виктора Шокина и лавирование его преемника Юрия Луценко, а также сколь нелегкий выбор во всей истории предстоит сделать нынешнему главе нашего государства Владимиру Зеленскому, разбиралась "Страна".

"Чаевые для сына" за наезд на Шокина. Как "Дядюшка Джо" стал серым кардиналом украинской политики

На страницах нашего издания мы неоднократно касались аспектов называемого "украиногейта": вспыхнувшего весной нынешнего года скандала вокруг Джо Байдена - бывшего вице-президент США и экс-куратора "киевского участка" работы Госдепа времен администрации Барака Обамы.

Основные претензии, которые выдвигаются к нему, касаются двух взаимосвязанных аспектов.

Прежде всего, речь идет о скандальной истории, имевшей место в конце 2015 года в момент приезда Байдена в Киев. Сам он признавался СМИ о, по сути, вмешательстве с его стороны во внутренние дела Украины. И бравировал, как в ходе беседы с Порошенко шантажировал последнего невыделением кредитного транша в размере $1 млрд, если президент не уволит "сукина сына" - генпрокурора Виктора Шокина.

"Петр, ты не получишь свой миллиард долларов, - пересказывал Байден свой разговор с Порошенко в комментарии изданию The Atlantic. - Ну да ладно, ты можешь оставить генерального прокурора. Только учти, что в этом случае мы не будем платить".

В интервью "Стране" Шокин объяснял: он впал в немилость у "Дядюшки Джо" из-за того, что ГПУ в период его работы активно расследовала пачку уголовных дел в отношении компании экс-министра экологии Николая Злочевского Burisma. В наблюдательный совет этой структуры на тот момент входил сын вице-президента США Хантер Байден и еще один американец - Девон Арчер (пасынок бывшего госсекретаря Джона Керри). Получение ими солидного денежного вознаграждения на общую сумму $3,5 млн от структуры Злочевского оппоненты Байдена-старшего трактуют как "откаты" за "политическую крышу Госдепа", организованную вторым человеком в Америке. А травлю Шокина - как один из элементов этой деятельности.

Все это предыстория, где мы не ставим точку. Гораздо важнее дальнейшие события.

Дрейф Луценко и казус Коломойского/Джулиани повернули историю вспять

Итак, признав о сути обвинений семейство Байденов претензии в ангажированности и коррупции, естественно, отбросило (чуть ниже мы детальнее остановимся на их аргументах). Но ряд дополнительных обстоятельств позволяет предположить, что при разложении пасьянса большинство фигурантов не были честны до конца, играя крапленными картами.

Прежде всего, это генпрокурор Юрий Луценко.

Три года назад - вскоре после того, как его предшественника Шокина вынудили уйти в отставку, он сел в главное кресло на Резницкой и вскоре (отчасти, совместно с НАБУ и САП) "свернул" расследование всех уголовных дел по вероятным злоупотреблениям компании Burisma.

Со Злочевского были сняты подозрения, а экс-министр даже наведывался в Киев. Его адвокаты уверяют - Николай Владиславович стал жертвой "фантомных болей" постмайдановских силовиков, которые стремились доказать свою значимость новой украинской власти.

В дальнейшем карты, как считалось, смешало изменение политического ландшафта в Украине, связанное с поражением Порошенко на выборах президента. Так, в конце марта 2019 года стало известно, с подачи главы ГПУ расследование в отношении Злочевского возобновили, а прокуроры направили ему по почте текст новой "пидозры" в отмывании денег. По одной из версий, за всем этим стоял снова Луценко.

Недоброжелатели Юрия Витальевича намекали - организовывая "накат" на Злочевского, генпрокурор всего лишь пытается "выслужиться" перед командой Трампа, собирая компромат на сына его главного противника на американских выборах. Что должно позволить Луценко если не усидеть в должности, то хотя бы получить индульгенцию от последующего уголовного преследования.

Эта логика не была лишена смысла, если вспомнить - в новых претензиях к Злочевскому (образца весны-2019) отдельно прописали, как члены совета директоров его газодобывающей стратуры Burisma (в том числе Байден-младший, Арчер и экс-президент Польши Александр Квасьневский) получали "чаевые" от украинского экс-министра, которые оседали на счетах офшоров Wirelogic Technology A.S., Digitex Organisation LLP и Rosemont Seneca без уплаты налогов.

Эти же сведения содержатся и в англоязычной справке из так называемого "400-го дела" в отношении олигарха Сергея Курченко. Как писала "Страна", текст этого документа обнародовал журналист Владимир Бойко. Он уверял – бумаги с соответствующим компроматом на Байдена-младшего были направлены в Министерство юстиции США. А также вручены генпрокурором Луценко в ходе встреч с бывшим мэром Нью-Йорка Рудольфом Джулиани. На этом аспекте следует остановиться подробнее.

Дело в том, что вскоре после избрания Зеленского Джулиани - видный представитель команды Дональда Трампа (74-летнего юриста и фаната бейсбола СМИ окрестили адвокатом президента США), планировал посетить Киев, но со скандалом отменил поездку. Причиной стала пикировка, произошедшая между олигархом Игорем Коломойским (ему приписывают влияние на нового президента Украины) и близкими к "Руди" американскими бизнесменами украинского происхождения Львом Парнасом и Игорем Фруманом.

На сегодня их конфликт вылился в поданный 200-миллионный иск в отношении экс-совладельца "ПриватБанка". И расследование уголовного дела о якобы озвученных им во второй декаде мая в интервью журналистам угрозах убийством в отношении соратников адвоката Трампа.

В контексте "Украинагейта" следует уточнить - через неделю после спича Коломойского свет увидели новые откровения генпрокурора Луценко. В них он де-факто наступил на горло своим прежним заявлениям весны-2019, кардинально изменив позицию по отношению к выплатам членам совета директоров Burisma.

Руководитель надзорного ведомства Украины однозначно дал понять журналисту Bloomberg, через месяц после обнародования претензий ГПУ уже не видит нарушений украинского закона в действиях Байдена-младшего.

"Компания (Burisma - Прим. Ред.) может заплатить сколько угодно своему руководству" - умыл руки Луценко.

Этот сигнал американцам выглядит еще более симптоматично с учетом диалога автора этих строк с адвокатом Злочевского Ярослава Белявского.

В беседе со "Страной" 26 июля защитник заявил, что за три месяца постфактум появления в СМИ (28 марта) якобы "пидозры" его клиенту, невзирая на ряд обращений, ГПУ так и не предоставила ни одного официального документа.

"Ни одной повестки, ни вызова, ни уж тем более - ходатайства об избрании меры пресечения нашему клиенту мы не получали. Я считаю, что подозрение, обнародованное в конце марта, существует исключительно в воображении Луценко", - говорит Белявский.

Если сложить это воедино, то выходит что де-юре украинские правоохранители не имеют никаких претензий ни к Николаю Злочевскому, ни уж тем более к Хантеру Байдену. Как следует все это понимать и что это значит?

"Ответка" американских демократов и фидбек Шокина

Дабы прийти к ответу, стоит напомнить еще ряд деталей. Дело в том, что на "разворот сознания" украинского генпрокурора совпал с моментом, когда общественности стало известно, после публичного объявления о президентских амбициях "Дядюшки Джо" и платежах, которые получал в Burisma Хантер Байден, сын бывшего вице-президента США решил покинуть свой пост в компании Злочевского. Вслед за этим последовали три месяца молчания, опровержения имени Луценко и... новая сенсация.

Так, в начале июля в двух выпусках издания The NewYorker журналисты привели историю жизни Хантера Байдена, включая нелицеприятные периоды моментов его проблем с наркотиками и лечения от алкогольной зависимости, а также перипетии семейных неурядиц (включая даже интрижку с вдовой его покойного брата Бо Байдена).

Если обойти стороной моральные драмы и фобии "Охотника" (Хантера Байдена - Прим. Ред.), то в материале недвусмысленно отмечается - шпильки в сторону отца по части его работы в Burisma-де являются "неуместными". Зато назван главный выгодоприобретатель озвучивания компромата - действующий президент США.

"Я бы никогда не подумал, что Трамп будет использовать меня против того, кто может его победить. И сейчас мы с отцом понимаем, что единственным противоядием от всего этого станет его победа", - отметил Хантер Байден, комментируя свою работу в структурах Злочевского.

Это несколько расходится с его же логикой образца конца 80-х, которую обходит стороной авторы The NewYorker. Тогда Джо Байден впервые задумывал стать президентом США и, как вспоминал его сын - потребовал от отпрыска выйти из лоббистского бизнеса во избежание двусмысленностей.

Это ограничение, к слову, не сработало ни тогда, ни позднее. Хантер Байден вместе с Девоном Арчером активно подключались к лоббистской и бизнес-деятельностям компаний на тех территориях, где имел статус "Дядюшка Джо" - в США, Китае и Украине.

Обстоятельства же появления сына вице-президента США в Burisma журналисты представляют так. Якобы в начале 2014 году Арчер приехал в Киев, дабы привлечь инвесторов в свой фонд Rosemont Realty по вопросам недвижимости, но параллельно встретился с Николаем Злочевским, после чего ударил с ним по рукам, и решил участвовать в деле газодобывающей компании. После чего уже Байден-младший, дабы предвосхитить возможные риски сотрудничества с экс-министром экологии Украины, решил обратиться к фирме Boies Schiller Flexner. Выводы ее инсайдеров гласили - Злочевский "ходит" под уголовным делом. В американских СМИ данный пассаж выглядит так: экс-министр может быть "уязвим для расследования финансовых преступлений" и "предполагаемого злоупотребления властью".

Иначе обстоятельства появления сына "Дядюшки Джо" в совете директоров одной из крупнейших газодобывающих компаний трактует экс-глава ГПУ Шокин.

"Я бы советовал всем внимательно перечитать эту статью - там подробно описаны стиль жизни и привычки сына бывшего вице-президента США Джозефа Байдена, дана его характеристика как "специалиста" в области энергетики. Из нее четко видно, какую "пользу" на самом деле мог принести Хантер Байден в плане работы компании Burisma, - говорит он "Стране". - Это все подтверждает мою позицию о том, что он (Хантер Байден - Прим. Ред.) попал туда не случайно, а с помощью серого отца и в качестве прикрытия для обеспечения безопасности фирмы Злочевского. Иначе истолковать его роль в деятельности Burisma невозможно".

Бывший генпрокурор Украины заявляет - в процессе следствия за деятельностью Burisma силовики зафиксировали: Хантер Байден крайне редко там появлялся, и "что-то полезное для производства делать не мог". Однако, наряду с прочими иностранцами в наблюдательном совете компании, получал существенное вознаграждение.

"Расследуя эти обстоятельства мы далеко продвинулись, в планах следственных действий Генпрокуратуры в период моей работы уже значились допросы (члена НС Burisma Александра - Прим. Ред.) Квасьневского, (друга сына бывшего вице-президента США Девона - Прим. Ред.) Арчера и Байдена-младшего - всех руководителей совета директоров Burisma. Почему все они появились в компании Злочевского? Для меня это очевидно, а следствием ГПУ было практически доказано - с целью прикрытия, вероятно, незаконной деятельности Burisma в качестве гарантии безопасности от претензий украинских правоохранителей. Ведь ни один из них - ни Байден-младший, ни Арчер, ни Квасьневский не являются специалистами в сфере газодобычи, и никак не были связаны со спецификой работы этой отрасли. К сожалению, в мой период работы в Генпрокуратуре, закончить начатое мы не успели. А после назначения главой ГПУ Юрия Луценко он дал команду свернуть все расследования", - уверен Шокин.

Автор этих строк беседовал с ним в середине июля, но в дальнейшем потребовались и новые комментарии опального силовика.

Новый виток скандала

Дело в том, что 22 июля, аккурат на следующий день после проведения парламентских выборов в Украине сразу два американских издания вновь вспомнили об истории "Дядюшки Джо".

Так, издание The Washington Post вышло с материалом под заголовком "На должности вице-президента США Байден заявлял, что Украина должна увеличить добычу газа. После этого его сын получил работу в украинской газодобывающей компании". И отсылкой к тому, что именно протекция второго человека в Администрации Обамы способствовала возвышению "Охотника", а главное - о наличии конкретного конфликта интересов у Хантера Байдена.

"Его работа в в правлении Burisma оказалась проблемой для (предвыборной - Прим. Ред.) кампании отца и стала предметом для нападений со стороны Трампа и его союзников", - резюмируется в материале.

В тот же день свет увидел и другой сюжет, авторства BuzzFeed. В этом материале указано - посредники адвоката президента США Рудольфа Джулиани (Парнас и Фруман) свели бывшего мэра Нью-Йорка с украинскими силовиками - Шокиным и Луценко.

Якобы именно они организовали онлайн-разговор между Джулиани и Шокиным, у которого был компромат на Байдена.

"Шокину было известно о том, что сын Байдена работал в компании Burisma экс-министра экологии Николая Злочевского, где заработал 33,5 млн. ГПУ во главе с Шокиным расследовала деятельность компании, и Байден потребовал от Порошенко уволить Шокина, чтобы он не навредил репутации Байдена", - говорится в статье.

Шокин в ответ заявляет "Стране": "Прошу никогда не ставить меня на одну доску с Луценко. Для меня он никогда не был и не будет генеральным прокурором. Заявления, будто я кому-то что-то "сливал" меня оскорбляют. Весь "компромат", который я озвучил Джулиани, выписан в текстах моих исков в украинские суды и ЕСПЧ - там документированы нюансы, как и для чего Байден добивался моей отставки. Я действительно общался с Джулиани по Skype около часа, но никаких гарантий или обещаний этот диалог не предусматривал. Если бы это был "договорняк", как думаете, решился бы вопрос с моей визой в США?" - отмечает экс-глава ГПУ.

По его словам Фруман и Парнас "принимали участие, но играли не основную роль" в организации диалога экс-генпрокурора с адвокатом Трампа. "Мне помогли донести позицию граждане Украины. Их имена не называют американские СМИ, поэтому и я не буду. Никаких документов, рассказов о денежных средствах в виде переводов Байдену-младшему и так далее Джулиани я не передавал. Рассказал то, как меня уволили, как к этому приложил руку Байден, как "испарились" деньги американских налогоплательщиков на реформу ГПУ и что затем делал Луценко по делу Burisma, - говорит Шокин. - Я не участвую в какой-то борьбе, мне хочется лишь доказать, что меня уволили незаконно и этим занимался Байден. Хотя даже он, с учетом его возможностей и полномочий, но ни разу официально нигде не смог предоставить доказательств того, что я как-то связан с коррупцией. Меня крайне поражает, что такой человек сегодня выдвигает свою кандидатуру на пост президента самой

демократической страны в мире. Где его совесть и моральное право на это?".

С другой стороны, BuzzFeed утверждает о передаче компромата против бывшего вице-президента США и преемником Шокина - Юрием Луценко.

Узнать мнение Юрия Витальевича, а также процессуальные нюансы данного подозрения с учетом ухода главы ГПУ в отпуск с начала недели "Стране" не удалось (редакция обнародует его комментарий по мере появления).

Глобально же можно зафиксировать то, что президент Зеленский пока еще не занимает никакой конкретной позиции по делу Байдена. Однако администрация Трампа его к этому постепенно подталкивает. "Страна" уже писала, что Госдеп завернул кандидатуры нескольких новых послов Украины в США. Причем главной причиной этого называется отсутствие подвижек с украинской стороны по расследованию коррупционных деяний Байдена.

"Украинский вопрос" - вновь на первых полосах американских СМИ в контексте набирающей ход предвыборной гонки за кресло президента США. Как известно, за Овальный кабинет Белого дома на Капиталийских холмах уже идет борьба между действующим главой государства - республиканцем Дональдом Трампом и ставленником Демократической партии, бывшим вице-президентом Джо Байденом.

Скандальные события в Киеве с участием последнего, произошедшие в период президентства Петра Порошенко, нынешняя Администрация в Вашингтоне пытается использовать как ключевой козырь для обнуления шансов на успех 76-летнего демократа на выборах президента США, запланированных на 2020 год.

Но и сторонники Байдена, похоже, не сидят сложа руки, контратакуя своего оппонента, выдвигая в адрес команды Трампа претензии в нечестной игре. А это новая интрига, разобраться в которой следует украинцам, и не только.

Что стоит за очередной гонкой компроматов американских "политических динозавров", как с этим связаны увольнение бывшего генпрокурора Украины Виктора Шокина и лавирование его преемника Юрия Луценко, а также сколь нелегкий выбор во всей истории предстоит сделать нынешнему главе нашего государства Владимиру Зеленскому, разбиралась "Страна".

"Чаевые для сына" за наезд на Шокина. Как "Дядюшка Джо" стал серым кардиналом украинской политики

На страницах нашего издания мы неоднократно касались аспектов называемого "украинагейта", вспыхнувшего весной нынешнего года скандала вокруг Джо Байдена - бывшего вице-президент США и экс-куратора "киевского участка" работы Госдепа времен администрации Барака Обамы.

Основные претензии, которые выдвигаются к нему, касаются двух взаимосвязанных аспектов.

Прежде всего, речь идет о скандальной истории, имевшей место в конце 2015 года в момент приезда Байдена в Киев. Сам он признавался СМИ о, по сути, вмешательстве с его стороны во внутренние дела Украины. И бравировал, как в ходе беседы с Порошенко шантажировал последнего невыделением кредитного транша в размере $1 млрд, если президент не уволит "сукина сына" - генпрокурора Виктора Шокина.

"Петр, ты не получишь свой миллиард долларов, - пересказывал Байден свой разговор с Порошенко в комментарии изданию The Atlantic. - Ну да ладно, ты можешь оставить генерального прокурора. Только учти, что в этом случае мы не будем платить".

В интервью "Стране" Шокин объяснял: он впал в немилость у "Дядюшки Джо" из-за того, что ГПУ в период его работы активно расследовала пачку уголовных дел в отношении компании экс-министра экологии Николая Злочевского Burisma. В наблюдательный совет этой структуры на тот момент входил сын вице-президента США Хантер Байден и еще один американец - Девон Арчер (пасынок бывшего госсекретаря Джона Керри). Получение ими солидного денежного вознаграждения на общую сумму $3,5 млн от структуры Злочевского оппоненты Байдена-старшего трактуют как "откаты" за "политическую крышу Госдепа", организованную вторым человеком в Америке. А травлю Шокина - как один из элементов этой деятельности.

Все это предыстория, где мы не ставим точку. Гораздо важнее дальнейшие события.

Дрейф Луценко и казус Коломойского/Джулиани повернули историю вспять.

Итак, познав с сути обвинений семейство Байденов претензии в ангажированности и коррупции, естественно, отбросило (чуть ниже мы детальнее остановимся на их аргументах). Но ряд дополнительных обстоятельств позволяет предположить, что при разложении пасьянса большинство фигурантов не были честны до конца, играя краплеными картами.

Прежде всего, это генпрокурор Юрий Луценко.

Три года назад - вскоре после того, как его предшественника Шокина вынудили уйти в отставку, он сел в главное кресло на Резницкой и вскоре (отчасти, совместно с НАБУ и САП) "свернул" расследование всех уголовных дел по вероятным злоупотреблениям компании Burisma.

Со Злочевского были сняты подозрения, а экс-министр даже наведывался в Киев. Его адвокаты уверяют - Николай Владиславович стал жертвой "фантомных болей" постмайдановских силовиков, которые стремились доказать свою значимость новой украинской власти.

В дальнейшем карты, как считалось, смешало изменение политического ландшафта в Украине, связанное с поражением Порошенко на выборах президента. Так, в конце марта 2019 года стало известно, с подачи главы ГПУ расследования в отношении Злочевского возобновили, а прокуроры направили ему по почте текст новой "подозры" в отмывании денег. По одной из версий, за всем этим стоял снова Луценко.

Недоброжелатели Юрия Витальевича намекали - организовывая "накат" на Злочевского, генпрокурор всего лишь пытается "выслужиться" перед командой Трампа, собирая компромат на сына его главного противника на американских выборах. Что должно позволить Луценко если не усидеть в должности, то хотя бы получить индульгенцию от последующего уголовного преследования.

Эта логика не была лишена смысла, если вспомнить - в новых претензиях к Злочевскому (образца весны-2019) отдельно прописали, как члены совета директоров его газодобывающей стратуры Burisma (в том числе Байден-младший, Арчер и экс-президент Польши Александр Квасьневский) получали "чаевые" от украинского экс-министра, которые оседали на счетах офшоров Wirelogic Technology A.S., Digitex Organisation LLP и Rosemont Seneca без уплаты налогов.

Эти же сведения содержатся и в англоязычной справке из так называемого "400-го дела" в отношении олигарха Сергея Курченко. Как писала "Страна", текст этого документа обнародовал журналист Владимир Бойко. Он уверял - бумаги с соответствующим компроматом на Байдена-младшего были направлены в Министерство юстиции США. А также вручены генпрокурором Луценко в ходе встреч с бывшим мэром Нью-Йорка Рудольфом Джулиани. На этом аспекте следует остановиться подробнее.

Дело в том, что вскоре после избрания Зеленского Джулиани - видный представитель команды Дональда Трампа (74-летнего юриста и фаната бейсбола СМИ окрестили адвокатом президента США), планировал посетить Киев, но со скандалом отменил поездку. Причиной стала пикировка, произошедшая между олигархом Игорем Коломойским (ему приписывают влияние на нового президента Украины) и близкими к "Руди" американскими бизнесменами украинского происхождения Львом Парнасом и Игорем Фруманом.

На сегодня их конфликт вылился в поданный 200-миллионный иск в отношении экс-совладельца "Приватбанка". И расследование уголовного дела с якобы озвученных им во второй декаде мая в интервью журналистам угрозах убийством в отношении соратников адвоката Трампа.

В контексте "Украингейта" следует уточнить - через неделю после спича Коломойского свет увидели новые откровения генпрокурора Луценко. В них он де-факто наступил на горло своим прежним заявлениям весны-2019, кардинально изменив позицию по отношению к выплатам членам совета директоров Burisma.

Руководитель надзорного ведомства Украины однозначно дал понять журналисту Bloomberg, через месяц после обнародования претензий ГПУ уже не видит нарушений украинского закона в действиях Байдена-младшего.

"Компания (Burisma - Прим. Ред.) может заплатить сколько угодно своему руководству" - умыл руки Луценко.

Этот сигнал американцам выглядит еще более симптоматично с учетом диалога автора этих строк с адвокатом Злочевского Ярослава Белявского.

В беседе со "Страной" 26 июля защитник заявил, что за три месяца постфактум появления в СМИ (28 марта) якобы "подозрь" его клиенту, невзирая на ряд обращений, ГПУ так и не предоставила ни одного официального документа.

"Ни одной повестки, ни вызова, ни уж тем более - ходатайства об избрании меры пресечения нашему клиенту мы не получали. Я считаю, что подозрение, обнародованное в конце марта, существует исключительно в воображении Луценко", - говорит Белявский.

Если сложить это воедино, то выходит что де-юре украинские правоохранители не имеют никаких претензий ни к Николаю Злочевскому, ни уж тем более к Хантеру Байдену. Как следует все это понимать и что это значит?

"Отвертка" американских демократов и фидбек Шокина

Дабы прийти к ответу, стоит напомнить еще ряд деталей. Дело в том, что на "разворот сознания" украинского генпрокурора совпал с моментом, когда общественности стало известно, после публичного объявления о президентских амбициях "Дядюшки Джо" и платежах, которые получал в Burisma Хантер Байден, сын бывшего вице-президента США решил покинуть свой пост в компании Злочевского. Вслед за этим последовали три месяца молчания, опровержения имени Луценко и... новая сенсация.

Так, в начале июля в двух выпусках издания The New Yorker журналисты привели историю жизни Хантера Байдена, включая неприятные периоды моментов его проблем с наркотиками и лечения от алкогольной зависимости, а также перипетии семейных неурядиц (включая даже интрижку с вдовой его покойного брата Бо Байдена).

Если обойти стороной моральные драмы и фобии "Охотника" (Хантера Байдена - Прим. Ред.), то в материале недвусмысленно отмечается - шпильки в сторону отца по части его работы в Burisma-де являются "неуместными". Зато назван главный выгодоприобретатель озвучивания компромата - действующий президент США.

"Я бы никогда не подумал, что Трамп будет использовать меня против того, кто может его победить. И сейчас мы с отцом понимаем, что единственным противоядием от всего этого станет его победа", - отметил Хантер Байден, комментируя свою работу в структурах Злочевского.

Это несколько расходится с его же логикой образца конца 80-х, которую обходят стороной авторы The New Yorker. Тогда Джо Байден впервые задумывал стать президентом США и, как вспоминал его сын - потребовал от отпрыска выйти из лоббистского бизнеса во избежание двусмысленностей.

Это ограничение, к слову, не сработало ни тогда, ни позднее. Хантер Байден вместе с Девоном Арчером активно подключались к лоббистской и бизнес-деятельностям компаний на тех территориях, где имел статус "Дядюшка Джо" - в США, Китае и Украине.

Обстоятельства же появления сына вице-президента США в Burisma журналисты представляют так. Якобы в начале 2014 году Арчер приехал в Киев, дабы привлечь инвесторов в свой фонд Rosemont Realty по вопросам недвижимости. Алекса ШВЕЦ / Деловая столицаПрезидент Украины Владимир Зеленский хочет подружиться с богатейшими людьми страны. Особенно прослеживается сближение с собственником инвестиционно-консалтинговой группы «EastOne» Виктором Пинчуком.На прошлой неделе пришла удивительная весть. Евразийская экономическая комиссия, где главной скрипкой, понятно, является Россия, приостановила до июня 2020 г. действие антидемпинговых пошлин на украинские стальные цельнокатаные колеса в размере 34,22%. Ясное дело, особенно порадовался новости украинский миллиардер Виктор Пинчук, ведь на его компанию "Интерпайп" приходится более 90% импорта железнодорожных колес в страны Евразийского экономического союза (ЕАЭС). По данным "Схем", этот производитель только за пять месяцев 2019-го продал в Россию трубы и колеса на сумму свыше 1 млрд грн.Однако новость ли это для Пинчука? Ведь таможенные барьеры для его продукции сняли в аккурат после возвращения главой украинского представительства в Минскую группу второго президента Украины Леонида Кучмы, который, как известно, приходится олигарху зятем. Он уже занимал этот пост до 28 сентября 2018 г., а в начале июня был вновь назначен президентом Владимиром Зеленским. Тогда Кучма признал, что раньше был на переговорах чуть ли не "свадебным генералом", а сейчас рассчитывает на результативные решения.Конечно, официально приостановку пошлин не связывают с политикой. Якобы этим летом в ЕАЭС наконец-то осознали, что ущерб от антидемпинговых мер против украинских колес больше, чем вероятна угроза от их импорта. Расследование, которое стало причиной отмены заградительных мер, начали на основании жалобы ОАО БелАЗ и Казахстанской железной дороги на дефицит железнодорожных колес. По оценкам Евразийской экономической комиссии, в 2019 г. трем странам понадобится 1,7 млн шт. цельнокатаных колес, в том числе 1,5 млн шт. - России, 70 тыс. шт. - Беларуси и 136 тыс. шт. - Казахстану.Но удивительно, почему в этих странах опомнились только сейчас, ведь колеса от "Интерпайп" на их рынке подорожали еще с 2015 г., когда ЕАЭС и ввел антидемпинговые пошлины на эту продукцию из Украины в размере 4,75% от таможенной стоимости, а затем - 34,22%. Примечательно, что их действие было рассчитано на пять лет, то есть до 2020 г., а значит недавнее решение можно называть даже не приостановкой, а по факту отменой пошлин.Итак, вернемся к политической составляющей. Еще в конце мая Виктор Пинчук посещал Администрацию Президента вместе с Леонидом Кучмой. О чем договаривались доподлинно неизвестно. Владимир Зеленский, естественно, утверждает, что миллиардер ничего не просил и только помогал уговаривать своего зятя снова возглавить украинскую делегацию Трехсторонней контактной группы в Минске. Как бы там ни было, Кучма согласился, съездил на переговоры и вскоре для бизнеса Пинчука пришли хорошие вести. Если предположить, что это не совпадение, то возникает вопрос, а что взамен, на какие уступки пошла в Минске Украина? Ответа нет. Пока...Зато о сближении Пинчука с новой властью есть множество других свидетельств. Прежде всего партия "Голос" Святослава Вакарчука, которую связывают с этим миллиардером, официально попросилась в коалицию с подредившей на парламентских выборах пропрезидентской "Слугой народа". Кстати, "Голос" по сути в открытую поддерживается Вашингтоном: посол США в Украине Вильям Тейлор даже приезжал в штаб партии в день голосования. В свою очередь и Пинчук также в ладах с Белым домом. Один факт: в прошлом году стало известно, что советник президента по США по вопросам нацбезопасности Джон Болтон по вопросам нацбезопасности получил гонорар $115 тыс. за участие в мероприятиях фонда Пинчука.Более того, люди из орбиты миллиардера уже сейчас занимают важные должности. Из последнего. Советником президента назначен Владимир Бородянский, который возглавлял пинчуковскую медиагруппу StarLightMedia в 2012-2018 гг. Одним з четырех независимых членов набсовета "Укргидроэнерго" стала экс-заместитель министра экономики и торговли Наталия Микольская. Она успела побывать партнером в юркомпании "Саенко-Харенко", засветившейся в общих проектах с Фондом Виктора Пинчука, а в прошлом году отучилась в Стэнфордском университете на программе "Новые лидеры", которую за год до этого прослушал Вакарчук. Кроме того, по данным СМИ, Зеленский планирует назначить госуполномоченным Антимонопольного комитета Украины (АМКУ) адвоката Наталью Буроменскую, которая только что баллотировалась в нардепы от "Голоса".Что примечательно, новые власти не забыли и об интересах в АМКУ другого олигарха - Рината Ахметова. Аналогичную должность может получить сотрудница Офиса эффективного регулирования Ольга Нечитайло, которая уже была главным специалистом в антимонопольном ведомстве и вела дела ахметовского энергохолдинга ДТЭК. И, по всей видимости, вела так, что монополизма в его действиях АМКУ не усмотрел. При этом есть некая преемственность передачи "ДТЭКовских дел" в комитете. Дело в том, что до последнего времени за рынок электроэнергии там отвечала замглавы АМКУ Мария Никник, которая, в частности, этой весной подписала решение об отказе госкомпании "Энергоатом" в рассмотрении дела относительно нарушения законодательства об экономической конкуренции путем предоставления преимуществ тепловых электростанциям (по формуле "Роттердам+").Если же "снять" ситуацию общим планом, то видны действия администрации Зеленского на сближение с некоторыми финансово-промышленными группами, другими словами, желание найти новый компромисс с олигархами. Правда, еще не очень понятно, как в эту схему вписывается совладелец группы "Приват" Игорь Коломойский, которого оппоненты нынешнего главы государства до сих пор называют "кукловодом" на украинской политической сцене. Может, Зеленский решил окончательно сорвать с себя ярлык "марионетки Коломойского" и порвать с ним? Или в Офисе президента все-таки пытаются сложить пазл интересов всех названных миллиардеров? Увидим.

Мэр Киева Виталий Кличко использовал личные связи для официальной встречи с личным адвокатом президента США Дональда Трампа Рудольфом Джулиани, и таким образом ради сохранения поста главы Киевской городской государственной администрации попытался применить негатив, который еще остался в отношениях между США и Украиной в связи с несколькими скандалами из-за обвинений во вмешательстве Украины в американские выборы. Такое мнение в интервью изданию "ГОРДОН" высказал экс-сотрудник посольства Украины в США, политический

консультант в США и Канаде Андрей Телиженко. Он убежден, что Украине нужно срочно назначить посла в США и начать сглаживать слухи и недопонимания между Киевом и Вашингтоном, а не усугублять ситуацию.31 июля мэр Киева Виталий Кличко сообщил, что встретился в США с экс-мэром Нью-Йорка, личным адвокатом президента США Дональда Трампа Рудольфом Джулиани. Этой новости предшествовал ряд событий, связанных с конфликтом вокруг отделения полномочий избранного киевлянами мэра от обязанностей главы Киевской горгосадминистрации. Сейчас обе должности занимает Кличко, но в Офисе президента считают, они должны быть разделены.

Еще 10 июля в ходе встречи с киевским городским головой Виталием Кличко президент Украины Владимир Зеленский подтвердил намерение разделить эти полномочия. Кличко заявил в ответ, что это будет означать возвращение методов управления времен беглого президента Виктора Януковича и лишение Киева самоуправления.

24 июля глава Офиса президента Украины Андрей Богдан отправил в Кабмин письмо с "напоминанием" о необходимости внесения представления на увольнение Кличко. 30 июля на брифинге глава Офиса президента заявил, что Кличко потерял контроль над столицей и не может справиться со "смотрящими" в Киевсовете. Также, по словам Богдана, он недавно получил предложение от одного из "смотрящих" Киева разделить деньги из местного бюджета и "не трогать главу КГГА". Глава ОПУ добавил, что Зеленский рассматривает несколько кандидатур на пост главы КГГА, в том числе кандидатуру действующего мэра столицы.

Кличко назвал брифинг Богдана "байками из склепа". 31 июля сообщил о встрече с Джулиани и обсуждении с ним в том числе "важности развития местного самоуправления", а 1 августа заявил, что обратился в Национальное антикоррупционное бюро по поводу заявлений Богдана.

Что может означать эта поездка Кличко в США и какой она может дать эффект, журналисты интернет-издания "ГОРДОН" спросили у бывшего сотрудника посольства Украины в США, а сейчас политического консультанта в США и Канаде Андрея Телиженко. В мае этого года он также встречался с Джулиани, об этом писало американское издание The Washington Post.

Можно ли считать встречу Кличко с Джулиани ответом главе Офиса президента Андрею Богдану?

Абсолютно! Кличко пытался такой встречей фактически выбить ситуацию из-под ног у Андрея Богдана. Известно, что существует неоднозначное мнение с американской стороны по поводу Богдана и Игоря Коломойского. Поэтому Кличко таким образом втянул Украину глубже в предвыборный процесс в США, чтобы остаться в должности.

Как фигура Джулиани может повлиять на украинскую политику?

Джулиани личный адвокат Дональда Трампа. Человек, приближенный к президенту США. В дипломатических кругах такой неофициальный контакт очень весомый и ценный. Я несколько месяцев назад также встречался с Джулиани и пытался сгладить напряжение, возникшее после отмены его визита в Киев. Кроме того, со своей стороны пытался уменьшить негативный эффект от истории с генпрокурором Юрием Луценко и его попыткой втянуть Украину в предвыборный процесс в США.

Кличко, в свою очередь, сейчас пытается использовать оставшийся негатив в личных целях. Как следствие, он фактически ухудшил отношения Офиса президента Зеленского и администрации президента Дональда Трампа. И все это только ради того, чтобы остаться в должности главы КГГА. Я считаю, что это недопустимо и для нашего государства, и для отношений Украины и США.

Откуда у Кличко такое влияние на внешнеполитической арене?

Кличко спортсмен, которого знают во всем мире. В том числе он участвовал во многих поединках в Нью-Йорке, США. Там он фигура известная. У Кличко есть личные контакты с Джулиани.

По большому счету, Кличко использовал личные связи для официальной встречи именно в той манере, как это было. А сам Руди Джулиани работает только на Дональда Трампа. Он ищет любую полезную информацию, касающуюся выборов в США и оппонентов американского президента.

Известно, что Украина была вовлечена во внутриполитические процессы США еще задолго до истории с Кличко. Среди примеров ситуация с нардепом Сергеем Лещенко, а также когда украинское посольство по указанию Петра Порошенко пыталось вмешаться в выборы в США. Ситуация обостряется из-за таких встреч, как Кличко-Джулиани, а по факту попыткой привлечь для решения исключительно внутриполитических украинских вопросов американских союзников. Это вредит нам как стране. Возможно, лично Кличко это поможет, но такие методы нанесут урон Украине. К сожалению, наша дипломатия еще не настолько реформирована, чтобы оперативно реагировать на такие вызовы.

Джулиани в мае собирался посетить Украину, но потом заявил, что не поедет из опасений попасть в группу людей, которые являются врагами президента США, "а в некоторых случаях врагами Соединенных Штатов". Он прямо назвал Сергея Лещенко, тогдашнего нардепа от Блока Петра Порошенко. Не повторит ли теперь Богдан судьбу Лещенко?

Влияние Джулиани сейчас очень сильное. В первую очередь, через президента

Дональда Трампа, который уж точно может влиять на Украину через разные государственные органы США. Интерес Трампа "шкурный": он пытается победить на выборах. Поэтому американский президент сейчас будет делать все, чтобы заручиться поддержкой разных, как он думает, союзников в Украине.

Главе ОП Андрею Богдану и президенту Зеленскому сейчас нужно усиливать дипломатическую команду. Недавно был уволен наш посол. Нужно немедленно его заменить сильной кандидатурой, которая сможет правильно выстроить контакты с Белым домом и непосредственно с Трампом.

1 августа издание LIGA.net со ссылкой на свои источники написало, что американская сторона не согласовывает встречу Зеленского с Трампом, пока главой ОПУ остается Богдан, а причиной инсайдеры называют подозрение со стороны американцев в связях украинской власти с бизнесменом Игорем Коломойским. Глава офиса Зеленского действительно настолько токсичен в переговорах со Штатами или ему такой образ рисуют оппоненты?

Есть такие слухи в Вашингтоне. По моей информации, это все создано оппонентами, состоящими из предыдущей власти, внутри Украины. Цель попытка подвинуть сильную фигуру Богдана и нивелировать моральную поддержку Игоря Валерьевича Коломойского команде Зеленского. Нужно также понимать, что Коломойский это топ-бизнесмен, который в свое время помог сохранить Украину. Он не дал захватить Днепропетровскую и Одесскую области, а также поддержал [мэра Харькова] Геннадия Кернеса в его усилиях сохранить Харьков под контролем Украины. Сейчас президент Владимир Зеленский и Андрей Богдан, как одна из ключевых фигур в его команде, своим внутриполитическим весом удерживают Украину от попытки реванша [пятого президента Украины Петра] Порошенко и пророссийских сил.

Сегодня оппоненты используют лоббистов, чтобы навязать определенное мнение о главе ОП Богдане американской стороне. Я две недели назад был в Вашингтоне, где общался с сенатором США Роном Джонсоном, который является главой комитета Сената по вопросам национальной безопасности, а также с некоторыми официальными лицами в Белом доме. На некоторых встречах мне пытались намекнуть, что американской стороне настоятельно пытаются навязать мнение о токсичности Богдана и Коломойского. Но это все можно и нужно исправить, тем самым не дав навязать нашим союзникам беспочвенные слухи. Для этого нужна профессиональная дипломатическая команда, которая будет работать в этом направлении.

Какую стратегию нужно построить офису Зеленского, чтобы лавировать между демократами и республиканцами? Или нужно вообще максимально отстраниться от внутренней политической повестки США?

Нам нужно никому не подыгрывать и иметь свою украинскую позицию. Но это не должна быть позиция, диктуемая только пролиберальными или проконсервативными силами. У президента Зеленского в команде на данный момент есть прозападные реформаторы, которые представляют позицию пролиберальных демократических сил. Но администрация Белого дома и Сенат сейчас в большинстве представлены консерваторами. В Украине также есть профессионалы с прозападными консервативными взглядами, которые имеют контакты с действующей администрацией Белого дома и государственными структурами, но их почему-то сегодня не привлекают к государственным процессам. Возможно, и не хотят привлекать из-за влияния команды [финансиста и миллиардера] Джорджа Сороса, который является врагом Дональда Трампа. Таким образом и формируется ошибочное мнение о том, что Сорос представляет всю Америку.

Наладить отношения и сгладить существующие слухи и недопонимание между официальным Киевом и администрацией Белого дома, которая, скорее всего, останется при власти и на следующий срок, смогут те люди, у которых есть понимание и контакт с командой Дональда Трампа. Необязательно играться с демократами и республиканцами. Нужно изначально открыто заявить о четкой украинской позиции американским коллегам. Не бояться это сделать. Нужно объяснить, что если кто-то хочет что-то получить от Украины, то мы должны от этого выиграть в десять раз больше. Есть реальные примеры не только такой страны, как Израиль, но и Египта, который 20 лет получал не финансовые обязательства и кредиты, а реальную денежную помощь в размере $2 млрд ежегодно.

Украина только учится играть на международной политической арене. Я считаю, что именно сейчас у команды и у президента Зеленского в этом направлении открыта возможность сделать шаг вперед. Тем самым президент не только наладит испорченные Петром Порошенко отношения Украина США, но и сделает нас сильной страной на геополитической арене.

Во время "европейского турне" Владимира Зеленского и Украина, и Европа могли убедиться, что в сфере отношений с ЕС новый президент в цепом будет следовать в фарватере политики предшественника. Но вот поездка в Вашингтон по личному приглашению Дональда Трампа вполне может быть менее формальной и более производительной, чем турне Брюссель-Париж-Берлин. Ведь есть ряд оснований считать, что если не отношения между двумя странами, то отношения между двумя президентам имеют все шансы перейти на качественно новый уровень. Чего же ждать от встречи Зеленского и Трампа, узнавал "Апостроф". С "чистого листа" Стоит посмотреть правде в глаза - отношения Порошенко и Трампа откровенно не сложились. С самого начала, еще во время избирательной кампании 2016 года, украинская сторона все возможные ставки сделала на Хиллари Клинтон. И когда кресло в Белом доме занял кандидат-республиканец, у Порошенко в горячке бросились "наводить мосты". Тогда благодаря сильным проукраинским позициям в Конгрессе и Сенате серьезного ухудшения американо-украинских отношений удалось избежать, но "холодок" между Белым домом и Банковой остался. Впрочем, когда Владимир Зеленский во втором туре выборов буквально "разгромил" Порошенко, ситуация изменилась. Попытки налаживания контактов между людьми Трампа и командой Зеленского осуществлялись еще до окончательной победы Зеленского на выборах, но из-за скандалов с участием Игоря Коломойского и Сергея Лещенко, визит адвоката Трампа Джулиани в Украину тогда сорвался. С того момента американская сторона периодически напоминает новой украинской власти о необходимости дистанцирования от "токсичных персонажей". Недаром же во время последнего телефонного разговора с Зеленским Трамп подчеркнул, что "обновленная украинская власть сможет быстро завершить расследование коррупционных дел, которые сдерживали взаимодействие между Украиной и США". Что характерно, подобные "рекомендации" - дистанцироваться от олигарха Игоря Коломойского - звучат и в американской прессе. В итоге, первые неудачные контакты оказались несущественными для американо-украинских отношений. "Инцидентам с Джулиани, да и вообще, "неудачному" наследию в отношениях с Трампом, которое оставил Порошенко, не стоит придавать большого значения. На данный момент решающим является то, что Трамп фактически одним из первых поздравил Зеленского с победой на президентских выборах, а затем - и с успешным проведением парламентских. Сегодня открывается возможность начать украино-американский диалог "с чистого листа". Не случайно было принято решение заменить посла в Соединенных Штатах. Все идет к тому, что обе стороны решили оставить определенные негативные моменты в прошлом и сосредоточиться на действительно важных вопросах", - сказал "Апостробу" военный дипломат, эксперт "Майдана иностранных дел" Олег Белоколос. Более того, как сообщил в одном из недавних интервью бывший посол Украины в США Валерий Чалый, команда президента полностью устранила диппредставительство Украины в США от организации предстоящей встречи. Американские выборы и Украина Хотя президентские выборы в США состоялись три года назад, страсти вокруг внешних "вмешательств" в американский избирательный процесс до сих пор не утихают. И именно в них лежит корень интереса Трампа к Украине. Ведь, очевидно, поддержка украинскими политическими и финансовыми кругами Хиллари Клинтон не была исключительно декларативной, как и действия против команды Дональда Трампа. Учитывая достаточно высокую заинтересованность американского президента в проведении расследований о махинациях и вмешательстве в поддержку его оппонентов, перед новой украинской властью вполне может возникнуть соблазн "разыграть эту карту на переговорах". Но эксперты солидарны в том, что таких действий следует избежать. Ведь корень интереса Трампа - во внутренних и электоральных интересах. И Украине не стоит погружаться в эти проблемы. "Что касается Украины - нам главное не вмешиваться. Появились сообщения, что мы слили компромат на Джо Байдена. Такого делать нельзя. Нам главное избежать зеркальной ситуации, которая была в 2016 году, когда мы неосторожно поддержали Клинтон, а затем победил Трамп. Тогда мы оказались в такой ситуации, когда не можем нормально выстраивать отношения со Штатами... Сейчас мы должны строить отношения с Трампом и взять с него максимум в

соответствии с нашими национальными интересами", - сказал "Апострофу" эксперт по вопросам международной политики Украинского института будущего Илья Куса. Такого же мнения придерживается и Олег Белоколос. "Нам не стоит пытаться играть на внутренних раскладах в США. Нужно исходить из стратегических, жизненно важных для Украины задач. А расследования, если они действительно понадобятся, надо оставить правоохранительным органам. Тем более, что есть международная нормативно-правовая база для сотрудничества с США в этом направлении. Нет нужды выносить эту проблему на сверхвысокий уровень и делать пунктом повестки дня переговоров", - добавил Белоколос. "Теоретически команда Зеленского может использовать обещания "дать зеленый свет" расследованию украинского вмешательства в выборы, но я надеюсь, что они этого не сделают. Ведь не совсем понятно, что из этого можно получить. Команде Зеленского нужен публичный успех, закрепленный прорыв в двусторонних отношениях. Вряд ли они получат это в обмен на помощь Трампу в его избирательной борьбе. Это довольно опасная игра, которая ничем хорошим для Украины не закончится", - добавил в комментарии "Апострофу" эксперт Международного центра перспективных исследований Николай Капитоненко.

Темы для диалога

По информации "Апострофа", встреча Владимира Зеленского и Дональда Трампа, вероятнее всего, состоится с 24 по 28 сентября, когда в Нью-Йорке пройдет 74-я сессия Генеральной ассамблеи Организации Объединенных Наций. "Встреча, вероятнее всего, состоится во время визита Зеленского в США, где украинский президент готовится выступить на заседании Генеральной Ассамблеи ООН", - рассказывает собеседник. По его словам, подготовительный процесс уже запущен, и обе администрации заинтересованы во встрече. Таким образом, на формирование конкретной повестки дня переговоров у сторон есть почти два месяца. Но уже сейчас можно выделить главные темы для разговора Зеленского и Трампа. В первую очередь - это продолжение американской военной и экономической поддержки Украины. Как отмечал бывший посол Украины в США Валерий Чалый, 92% всей внешней военной и финансовой помощи Украине поступает из США. Сейчас решается судьба многострадальных поставок летального оружия и расширения именно военного аспекта взаимоотношений. И хотя формально новый украинский президент занимает менее "воинственную" позицию, чем Порошенко, сворачивать военным вектор сотрудничества отнюдь не отвечает интересам новой украинской власти. "Дипломатический путь решения конфликта абсолютно не предусматривает отказа от военно-технического сотрудничества с США. Дипломатия чувствует себя гораздо увереннее, когда за спиной есть военная сила. Это классический постулат международных отношений. Поэтому чем теснее будет наше сотрудничество в военной сфере с США, тем сильнее будут наши позиции в переговорном процессе с Россией", - объясняет Олег Белоколос. Другая тема для переговоров - это согласование позиций Украины и США вокруг болезненной проблемы налаживания европейско-российских отношений. Владимир Зеленский вообще не скрывает намерений переложить проблему "Северного потока" на американские плечи. "Единственное решение этого вопроса - у меня будет встреча в Соединенных Штатах с президентом США. Это единственный человек, который, я уверен, решит этот вопрос в сторону Украины", - заявил президент еще в июля во время рабочей поездки во Львовскую область. Впрочем, эффективность этих попыток, как убежден Николай Капитоненко, будет сомнительной. "Северный поток" - это один из немногих вопросов, где совпадают стратегические интересы Украины и США. Но непонятно, что может Украина предложить в качестве помощи американцам в этом вопросе. Ведь для препятствования строительству мы ничего не делаем - только призываем других. Поэтому поднять вопрос на встрече можно будет, но содержания явно будет мало. Американцы ведут свою игру, а мы можем только наблюдать, и в случае, если будут какие успехи, делать вид, что мы тоже к этому причастны", - отметил эксперт. Но самой важной проблемой, которая, вероятно, будет поднята на переговорах между Зеленским и Трампом - это судьба инициативы по расширению нормандского формата через привлечение к переговорному процессу США и Великобритании. Однако Олег Белоколос убежден, что какого-то прорыва в этом направлении ждать не стоит. "Эта инициатива довольно интересная. Но международная дипломатия предполагает определенный механизм в реализации таких инициатив, особенно на уровне глав государств. Сначала должны состояться консультации на уровне экспертов. Нужен "дипломатический зондаж", чтобы идея не звучала как декларация, за которой ничего не стоит. Для таких инициатив нужна серьезная предварительная работа, и выносить ее на встречу двух президентов можно будет только тогда, когда предварительно будут четкие позитивные сигналы из Вашингтона", - отметил он. Николай Капитоненко также не ожидает значительных успехов по этому вопросу. "Вполне возможно, что инициатива по расширению нормандского формата прозвучит на переговорах Трампа и Зеленского. Но будет это признаком не нового плана, а скорее, его отсутствия. Потому что это старая идея, сформированная командой Зеленского еще перед выборами, которая остается довольно сырой. И без доработки она не может быть эффективной. Мы, по большому счету, еще ничего не слышали от команды Зеленского. Поэтому на переговорах с Трампом этот вопрос вполне может быть поднят", - считает эксперт. И хотя есть довольно много вопросов на предстоящих переговорах Зеленского и Трампа, ожидать быстрых "побед" не стоит. Дипломатические процедуры, история отношений и реалии международного положения Украины свидетельствуют в пользу того, что ключевые и важные для нас вопросы звучать будут, но ответы - нет. Впрочем, налаживание личного контакта и обновление дипломатической команды уже будет позитивом для Украины. Если на новой странице в украино-американских отношениях, то хотя бы прологом к ней.

В стране многие аналитики ставят этого человека на позицию вице-президента, хотя де-юре такой должности в стране нет.Должности нет, а 42летний Андрей Богдан, львовский юрист, бывший адвокат миллиардера Игоря Коломойского и знаток государственных процедур, есть.100 дней нахождения Владимира Зеленского на Банковой доказали: Богдан, глава Офиса президента (ОП), стоит за многими ключевыми решениями своего шефа.Именно Богдан частенько комментирует политический процесс, контролирует разработку законопроектов и принимает в своем кабинете большую часть важных гостей ОП, которые не имеют статуса официальных делегаций.Именно Богдан осуществлял юридическую поддержку главного на сегодня решения главы государства — о роспуске Рады и назначении досрочных выборов. Последние закончились триумфом президентской партии Слуга народа (СН), которая уже осенью самостоятельно сформирует большинство. И поможет Зеленскому без проблем назначить премьера, новый Кабмин и провести через Раду любые законопроекты.Именно Богдан обкатывает на публике важные идеи главы государства — например, о законодательном оформлении особого статуса русского языка. И он же стал драйвером эпической борьбы Банковой и мэра Виталия Кличко за столицу, стремясь лишить экс-боксера портфеля руководителя исполнительной власти в городе.Богдан — он теперь везде, в каждой рабочей поездке главы государства, на отдыхе главы государства, на большинстве фотографий главы государства. Даже личный автомобиль руководителя ОП, электрический Тесла, пошел в дело...в нем Зеленский в июле записал свой монолог за рулем, рассказав о планах и проблемах.И когда вдруг вечером 1 августа большинство украинских СМИ сообщили, что Богдан написал заявление об отставке, это стало «инфобомбой». Реакция на эту новость — а только на сайте НВ она набрала беспрецедентные 425 тыс. просмотров — доказала: не одна лишь пресса, но и общество считает, что Богдан занял исключительную позицию во властной вертикали. Именно поэтому его «уход» привлек к себе столько внимания.Но, как сказал тогда один из замов Богдана в ОП Руслан Рабошапка, «не дождетесь». Хотя мы обнародовали копию заявления правой руки Зеленского об отставке по собственному желанию, президент его не подписал.А позже глава государства пояснил, что якобы все члены его команды написали подобные заявления, чтобы в случае какихто проблем уйти, «не держась за кресло».Под контролемБогдан не очень любит, когда его упрекают во всевластии. «В нашей команде все решения принимает президент», — заявил он недавно журналистам, собравшимся в ОП.Прессу допускают лишь в отдельные помещения президентского офиса, и потому спорить в этом вопросе с ближайшим помощником Зеленского работникам СМИ сложно. А вот люди, которые бывают в ОП регулярно и подолгу, не готовы поверить Богдану на слово.Один из бизнесменов, который постоянно бывает в ОП, рассказал НВ на условиях анонимности, что у него создалось стойкое впечатление, именно руководитель офиса держит под контролем буквально все

процессы и всматривается в каждый документ, который идет на стол Зеленского.Отдельная забота Богдана — кадры. «Назначения в разных отраслях глава ОП держит под своим полным контролем», — объяснил собеседник, знакомый с ситуацией в президентском окружении.Причем эта история началась еще со времени избирательной кампании Зеленского: как раз Богдан привел в команду комика, начинавшего карьеру политика, целую экспертную команду. В нее попали: эксперт по антикоррупционным делам Рябошапка, еще один нынешний замглавы ОП юрист Алексей Гончарук, а также специалист по энергетике Андрей Герус, ставший депутатом СН, и экс-министр экономразвития Айварас Абромавичюс, возглавивший недавно набсовет государственного оборонного монстра — концерна Укроборонпром.Из близких себе людей и опытных экспертов Богдан и выстроил президентский офис. В итоге в окружении Зеленского осталось не так и много людей, которые составляли его ближний круг до похода во власть. По большому счету из «старичков» свое влияние сохранил разве что первый помощник президента Сергей Шефир.А ведь он и возглавивший теперь СБУ друг Зеленского Иван Баканов были претендентами на должность, которая в итоге досталась Богдану. Обоим, по словам экспертов, не хватило политического опыта, чтобы соревноваться с человеком, чью фамилию в Украине уже перестали путать с именем.Неудивительно, что Богдан взял верх — он, по сути, привел Зеленского в политику. В мае этот топ-чиновник рассказал, что еще в 2015м начал убеждать уже знакомого ему на тот момент лидера Студии Квартал 95 попробовать себя в роли хотя бы депутата.Теперь «провидец» Богдан, по словам ряда экспертов, занят наполнением будущего Кабмина — именно с его подачи Гончарук стал одним из главных претендентов на премьерское кресло.«В отношениях Богдан — Зеленский первый демонстрирует свое преимущество даже там, где для этого нет особой необходимости», — делится впечатлениями от работы правой руки Зеленского Олег Рыбачук, глава общественной организации ЦентрUA, а в прошлом — руководитель президентской администрации (АП) Виктора Ющенко.Но люди из ЗеКоманды «узурпации власти» в действиях главы ОП не усматривают. Примером может служить позиция Давида Арахамии, будущего главы фракции СН в парламенте девятого созыва. «Я знаю, как принимаются решения в ОП, и особых рисков не вижу», — сказал он.А один из будущих 254 депутатов-слуганародовцев осторожно признался, что глава ОП — человек жесткий, но хорошо понимающий украинскую систему власти и знающий, как с ней справиться.Богдан вместе с Зеленским посетил отель Rixos в Трускавце, где проходила недельная школа для будущих депутатов СН. Глава ОП выступил перед фракцией, но коротко и обще. И потому ничем особо не запомнился, объясняет Роксолана Пидласа, будущий депутат, прошедшая через трускавецкий тренинг.Но на неформальной встрече с будущей фракцией Богдан, по словам ее участников, был красноречивее. «Не обделайтесь!» — обратился он к новобранцам, объяснив: партия дала им мандаты и в корне изменила их жизнь, но и искушений у них появилось много.Как рассказал НВ источник в СН, в Трускавце к будущим депутатам уже подбирались «рекрутеры» — лоббисты крупного бизнеса. Дескать, поэтому Богдан всерьез опасается, что в партии возникнут очаги влияния крупных промышленных групп — аграрных, энергетических.Отдельные очаги, но не влияния, а сопротивления появились и внутри самого президентского Офиса.Сейчас там активно трудится группа специалистов, разрабатывающих стратегию реинтеграции Донбасса. Как стало известно НВ, Богдан пытался подчинить их себе, но эксперты решили ориентироваться на Александра Данилюка, секретаря Совбеза, и самого Зеленского.Однако если это и бунт, то локальный. «Очевидно, что из сферы компетенции Богдана будут постепенно выпадать определенные направления. А он продолжит за них бороться, чтобы укреплять свое доминирование», — считает Виталий Кулик, директор Института исследования проблем гражданского общества.Затяжной подъемБогдан, неженатый отец четырех дочерей, специально играет роль «плохого парня», считает Анатолий Октисюк, политический аналитик экспертного центра Дом демократии. «Он собирает на себя всю токсичность. Чтобы именно о нем, а не о президенте говорили плохо», — подчеркивает эксперт.О Богдане сейчас говорят даже слишком много. А ведь еще полгода назад он совершенно отсутствовал в информационном поле страны.Выпускник юрфака Львовского университета, в котором преподавал его отец, нынешний глава ОП вначале уверенно шел по правовой стезе.Так он и попал в юркомпанию Пукшин и партнеры, где специализировался на решении сложных вопросов в судах. Основатель фирмы Игорь Пукшин работал замглавы АП при Ющенко и ввел Богдана в высшие политические круги.В 2007 году львовский юрист попал в список партии Наша Украина на парламентских выборах, но мандат не получил. Тогда же он поработал адвокатом нынешнего генпрокурора Юрия Луценко, который в то время занимал пост главы МВД, — защищал министра в деле о якобы безосновательной раздаче наградного оружия.Впоследствии клиентом Богдана стал лидер бизнес-группы Приват миллиардер Коломойский. А до этого нынешний руководитель ОП поработал заместителем министра юстиции в Кабмине Юлии Тимошенко и уполномоченным по антикоррупционной политике в правительстве Николая Азарова. Последняя должность подпадает под действующий закон о люстрации, но ради Богдана президент и его команда закрыли на это глаза, вызвав неудовольствие политических оппонентов.Работа с Коломойским, который открыто называл Богдана своим юристом, тоже вызвала неудовольствие. И не только среди оппозиционно настроенных к Зеленскому отечественных политиков и активистов, но и у западных партнеров Украины. Однако говорить об этом вслух в дипломатических кругах не стали, а появившуюся в отечественной прессе информацию о давлении на Зеленского с целью помешать назначению Богдана на Западе мягко опровергли.У Богдана был даже краткий период сотрудничества с Блоком Петра Порошенко (БПП), представители которого нынче нещадно критикуют главу ОП. В 2014м он получил непроходное 74е место в списке БПП, но с переходом некоторых депутатов в исполнительную власть все же должен был попасть в Раду. Однако отношения Порошенко с Коломойским, клиентом Богдана, на тот момент испортились. И Богдан мандата не дождался.Осенний призывЗатем в жизни Богдана началась история с Зеленским, которая в ближайшее время вряд ли закончится.У главы ОП большие планы на осень — начало работы парламента девятого созыва.Новой Раде и новому большинству предстоит назначить Кабмин, принять госбюджет и запустить в большое плавание целые тома законопроектов.В партии Зеленского заявили, что они хотят с ходу, уже

осенью, принять невиданное доселе число законов. Потому что президенту, мол, нужны быстрые победы, чтобы показать обществу первые реальные и масштабные результаты своей работы.Арахамия рассказал, что только у Гончарука из ОП лежит стопка из сотни экономических проектов. И если Европейская бизнес-ассоциация, Американская торговая палата и Союз украинских предпринимателей дадут на них свое «ок», все эти документы тут же отправятся в парламент.Общий настрой подтверждает и Марьян Заблоцкий, еще один будущий депутат от СН. Сейчас он разрабатывает законопроекты о борьбе с коррупцией в аграрной сфере. «Надеемся принять эти законы буквально в первые недели работы Верховной Рады», — говорит Заблоцкий.Но без Богдана запланированную скорость принятия документов депутатам Зеленского не развить. И потому сейчас, по словам представителей СН, правая рука президента думает над процедурами: для достижения нужного Зеленскому результата необходимо максимально ускорить прохождение документов через парламентские комитеты и провести два чтения-голосования в сессионном зале.В любом случае осенью Украину ждет появление жесткой президентской вертикали, основой которой станет парламентское монобольшинство и избранный им Кабмин. И в такой системе Богдан продолжит быть ключевым звеном. «Центр политических решений останется в ОП, а депутаты и премьер будут статистами», — уверен политолог Октисюк.Но ничто не вечно под луной — против Богдана рано или поздно сыграет сама его должность. Рыбачук из ЦентрUA говорит о том, что политическая карьера главы ОП — это очень ограниченный отрезок времени. «Руководители офисов знают, что они приходят, условно говоря, на год, и за это время максимально собирают на себя весь негатив», — говорит многоопытный бывший глава администрации Ющенко.Что по этому поводу думает сам Богдан? Нам не удалось этого узнать: глава ОП не предоставил ни устных, ни письменных ответов на запрос редакции.Он вообще не склонен общаться с прессой, если нет острой политической необходимости. А после своей мнимой отставки даже высказался в том духе, что нынешняя власть для общения с народом не нуждается в посреднических услугах СМИ.Возможно, это всего лишь шутка — в близком кругу Зеленского частенько иронизируют над требованиями оппозиции или СМИ.К примеру, 7 августа, буквально через неделю после появления новости об «увольнении», президент заявил, что действительно уволил Богдана.Мол, на сайте главы государства еще майская петиция с требованием отставки Богдана с должности главы Администрации президента набрала необходимое количество голосов. И Зеленский, по его же словам, выполнил требование еще 25 июня, когда переформатировал АП, превратив ее в ОП.Потому Богдана как главы АП уже нет. А Богдан как глава ОП — это уже совсем другое дело.

Оригинал на странице Виктора Небоженко в Facebook

Сенсационная и странная смерть американского миллиардера и педофила Эпштейна мгновенно превратилась в США в главную новость страны. Тем более что мало кто верит в версию о самоубийстве Эпштейна, который слишком много знал и по-своему любил жизнь. Ни чудовищные расстрелы в трех американских городах, ни ракеты КНДР, ни "российский след" не вызвали такого отклика в СМИ как загадочная смерть Эпштейна, который дружил с самыми влиятельными и известными людьми Америки.

Первый, кто быстро сориентировался, был президент Трамп, который мгновенно открестился от многолетней дружбы с Эпштейном и тут же связал его смерть с кланом Клинтон. Все правильно и цинично, но неудачно, ибо не Хиллари Клинтон выдвигается в президенты от демократической партии, а осторожный и высокоморальный Байден, который не участвовал в оргиях Эпштейна. Зато демократическая пресса США уже напомнила Трампу, что он был таким же другом Эпштейна, как и Клинтон.

И теперь никто не знает, кому больше навредит мертвый Эпштейн – самому Трампу или кандидату в президенты Байдену, который принципиально сторонился Эпштейна. Поэтому связать смерть Эпштейна с Байденом во время избирательной кампании вряд ли удастся. А вот Трампу придется тяжело. Ибо в самый разгар избирательной кампании могут всплыть какие-то секреты его связи с Эпштейном.

Американский президент должен быстро найти ответ на тяжелый вопрос: кто опаснее для Трампа – мертвый Эпштейн или живой Байден?

Поэтому, скорее всего, для дискредитации Байдена Трампу придется возвращаться к "украинскому следу". Но для этого в США нужны важные свидетели – бывший президент Порошенко и нынешний генпрокурор Луценко. Оба они – второсортные свидетели для вашингтонского Олимпа, но для борьбы против демократов во время избирательной кампании и тот, и другой могут пригодиться. Поэтому пока Трамп на своем рабочем месте, ни Луценко, ни Порошенко могут не бояться судебного преследования в Украине. Они нужны Трампу, но точно не нужны Байдену как кандидату в президенты.

Мэр Днепра Борис Филатов заявил, что 15 лет собирает компромат на олигарха Игоря Коломойского.

Об этом он написал на своей странице в Facebook.

Таким образом, Филатов отреагировал на намерения телеканала "1+1", который принадлежит Коломойскому, снять "страшный" фильм о нашумевшем мосте, по которому прокуратура Днепропетровской области начала расследование о возможном присвоении государственных средств.

"Тут, намедни, один телеканал решил снять страшное кино про мост и даже ищет статистов. Пожалуйста, репост, и найдите пострадавших. Ну а если серьезно, то давайте по-честному. Кто-то вызывает поговорить? Я готов. Обо всем. Обо всем без исключения", - говорится в сообщении.

Далее мэр Днепра намекнул, что "обо всем без исключения" – это значит о действиях самого Коломойского.

"Кто и где был в 2014 году (можно проверить по пересечениям границы). Почему в Днепре умер аэропорт и кто заставляет нас платить за билеты в Киев по 15 тысяч гривен. Футбольный клуб "Днепр" - наш стыд и наша боль и как его уничтожили. Продолжать? Не? Не надо? А еще есть "Укртатнафта", ЮГОК и другие ситуации... Князь Тьмы решил кого-то испугать? Ну-ну. Так его никто не боится", - отметил он.

Кроме того, он пообещал подкрепить эти "удивительные истории" документами, которые собирал 15 лет.

"Нас всех может ждать время удивительных историй. Если мальчик Боря заговорит системно и с документами за 15 лет, то у кого-то может начать высыпаться борода. Потому, что на лжи, ненависти и пустоте не построишь будущего..." – резюмировал Филатов.

Напомним, что 12 июля Президент Украины Владимир Зеленский и мэр Днепра Борис Филатов заключили пари относительно сроков открытия Центрального моста в городе. Если мост не будет готов к 14 сентября, Филатов пообещал уйти в отставку.

Глава Офиса Президента Андрей Богдан тогда заявил, что Зеленский может даже первым испытать мост.

"Только не бутафорное открытие, а открытие качественного моста... Президент сам первый на КамАЗе будет ехать через мост", - сообщил Богдан.

Центральный мост соединяет правый и левый берег Днепра. Он был открыт в 1966 году. До начала капитального ремонта он был в ужасном состоянии, его балки и металлические конструкции были сильно изношены. Ремонт моста в Днепре начался в марте 2017 года.

Мэр Днепра Борис Филатов назвал новоизбранного нардепа от партии "Слуга народа" Александра Дубинского жопой из-за поста, в котором тот намекнул на то, что Филатов присвоил бюджетные средства при проведении ремонта Нового моста в Днепре.

Радник мера Нью-Йорка, один зі спонсорів Дональда Трампа, мільярдер Сем Кіслін звернувся до Президента України Володимира Зеленського з повідомленням про спроби залякування його працівниками ГПУ. Про це він розповів в ексклюзивному інтерв'ю "Стопкору".

Сем Кіслін

"Ми вже маємо випадки такі – сьогодні приходили, порядок вручали мені, що я щось знаю. Хочуть запість свою вилити на мене, що я, мовляв, говорю багато. І хочуть мене депутати. Добре, що адвокати поруч зі мною. І цього не сталося. І ми написали листи і заяви в СБУ, потім президенту", – заявив він та надав копію звернення.

Копія звернення Кісліна до Зеленського

Кіслін підозрює, що його хочуть залякати через оприлюднене в Інтернеті відео, де він заявив, що має інформацію про корупційні дії високопосадовців України.

У розмові зі "СтопКором", він зазначив, що оприлюднить дані після того, як призначать нового Генерального прокурора.

"Мені дуже багато відомо, і документи є у мене. Я цього прагну, щоб оприлюднити, і я це зроблю. Але поки що сьогодні при владі один з корупціонерів – Луценко, я не можу. Прокуратура Президента України ще не при владі. Як тільки його призначать (Луценка, ред.), тобто знімуть з посади, я негайно все озвучу і все покажу, і все розповім. І це буде публічна інформація для людей і тоді подивимося, що буде", – наголосив американець.

Відомий американський політик, колишній віце-президент США і один із головних кандидатів на пост президента Джо Байден заявив, що Україна має стати пріоритетом у міжнародній політиці Вашингтона.

Байден озвучив чотири пункти своєї програми стосовно України, які він планує втілювати в разі обрання на посаду очільника Білого дому, передає Голос Америки.

Він вважає, що США мають постачати зброю нашій державі.

"У військовій сфері, я надав би безпекову допомогу від США, включаючи зброю, щоби посилити здатність України захищатись. Я також би розширив успішне навчання збройних сил України, розпочате адміністрацією Обами-Байдена", – сказав колишній віце-президент.

В економічній сфері Байден обіцяє працювати над збільшенням західних прямих інвестицій і підтримувати енергетичну незалежність України від Росії.

Політик вважає, що допомога США має надаватися лише за умови антикорупційних реформ.

"Я підтримав би набагато потужнішу роль США поряд із Францією та Німеччиною в переговорах з Росією. Щоб дипломатія працювала, нам потрібний більший важіль щодо Москви, це означає більш тісну співпрацю з європейськими партнерами та союзниками, щоб Росія сплачувала більшу ціну за війну, що триває в Україні. Наша стратегічна мета – підтримати еволюцію демократичної, єдиної, суверенної України і змусити Кремль платити ціну за постійні атаки на міжнародний порядок", – підсумував Джо Байден.

В прошлом году ему на пять лет запретили въезд в нашу страну по распоряжению СБУ. Официальная причина — необходимость защиты экономических интересов", неофициальная — устная "просьба" тогдашнего президента Петра Порошенко, который испугался денежных разборок с влиятельным американцем. Тот в свое время инвестировал в государственные облигации Украины на сумму в десятки миллионов долларов, при этом с него потребовали 3 млн долларов взятки. После этого Кислик записал скандальное видеообращение, в котором обвинил Порошенко в геноциде украинского народа.

Впрочем, ждать пять лет, чтобы попасть в Украину, Кислику не пришлось. Спустя год он снова здесь, и, как рассказал "Стране", готов давать показания против Порошенко.

- Вы были невъездным в Украину, и в предыдущем интервью "Стране" сказали, что главная причина — ваша осведомленность о коррупционных схемах с участием окружения теперь уже экс- президента Петра Порошенко. И вот вы снова в Украине. То есть, запрет на въезд сняли?

— Тогда запрет ввели по устному распоряжению Порошенко, и я уж написал заявление в суд на СБУ. Порошенко испугался разоблачений, что я открою факты о его коррупции, поэтому и не пустил меня в Украину. Недавно Служба безопасности, у которой уже новый руководитель (Иван Баканов — Ред.) отменила запрет.

- Зачем вы приехали?

— Я приехал встретиться с новым руководством страны. По делу Порошенко в том

числе. Сейчас против него идет расследование, но при этом прокуроре (Луценко — Ред.) никакого результата не будет. Он — свой человек в "семье" Порошенко и Луценко — коррупционеры, которые работали не на свой народ, а на свои карманы, и украли очень много денег. Только Порошенко за время президентства вывел из Украины не меньше 8 миллиардов долларов. Только по известным мне фактам через гос компанию "Центрэнерго" было выведено от 700 до 800 млн. долларов.

- Вам удалось встретиться с представителями новой власти? С кем именно?

— Да, уже кое с кем были официальные встречи. С новым главой СБУ Иваном Баканом уже встречались.

- Вы раньше были знакомы?

— Раньше их не знал — я бизнесмен, они — государственные чиновники, мы из разных миров. Но надеюсь, они будут проводить демократическую политику и главное — искоренят коррупцию.

- О чем говорили с Баканом?

— Все о том же — коррупция и как ее побороть. Сегодня Украине нужны кардинальные изменения в законодательстве, полная замена кадров на всех ключевых позициях в судебной, правоохранительной системах. А затем — привлечение международных инвесторов. Но вначале нужно разобраться по старым делам — по преступлениям Порошенко и его окружения. И я могу посодействовать привлечению международных правоохранительных органов, которые совместно с вашими СБУ, МВД и иными правоохранительными органами, смену руководителей которых уже анонсировал президент, будут вести расследования против старой власти. Чтобы в итоге не только виновные понесли наказание, но и в бюджет страны были возвращены миллиарды долларов, которые находятся на счетах компаний, прямо или косвенно подконтрольных экс-президенту Порошенко.

- В интервью "Стране" вы рассказывали, что обратились в Госдеп США с просьбой начать расследование против Порошенко. Уже есть какие-то результаты?

— Да, расследование идет, возбуждены уголовные дела. Я сейчас не могу раскрывать все подробности. Скажу лишь, что расследование идет не меньше чем по трем статьям. Одно из дел — по деньгам МВФ. Точнее, по последнему миллиарду долларов кредитного транша. Есть основания полагать, что все эти деньги ушли не по назначению, их вывели в виде рефинансирование на коммерческие банки, а дальше — они рассосались по карманам. Все это делалось по распоряжению Порошенко.

Рекомендованный МВФ директор департамента НБУ Александр Завадецкий был незаконно уволен со своей должности (на сегодняшний день он восстановлен судом). То есть, не было контроля и прозрачности за расходованием средств МВФ.

- Но ведь вы в прошлом году уже знали, что в Украине — тотальная коррупция. И все равно вложили деньги в госпредприятие — ОПЗ?

— Я подозревал, но точно не знал, что все до такой степени плохо. Получается, что это очередная моя потеря. Уже на евробондах прокололся. (Как рассказывал ранее "Стране" Кислин, в 2014 году он через английского брокера купил кипрскую компанию Opalcore Ltd за 3 млн долларов по дисконту. На ее счетах в украинских банках размещались бонды-облигации, стоимостью 20 млн долларов, они находились под арестом. Вместе с процентами набежало около 23 млн долларов. Но денег он не получил — эти средства были конфискованы по приговору Краматорского суда по делу Януковича — Ред.)

Никакого отношения к деньгам Януковича и предыдущего режима эти инвестиции не имеют.

Кому не рассказываю, никто не верит в эту абсурдную историю. Причем тут Янукович, он что — на этих деньгах расписался?

- Но вам же в Администрации президента предлагали все вернуть за 3 млн долларов?

— Мне такие условия выставил куратор судебной системы — нардеп Грановский. Предлагали, но я не дал ни копейки. Я законопослушный гражданин, почему я должен давать взятки.

- Вы все еще рассчитываете вернуть эти деньги?

— Рассчитываю, и я их верну. И не только я, но и другие инвесторы, которых кинули в Украине. Из 8 миллиардов, которые Порошенко украл, реально вернуть — приблизительно 5 миллиардов. И возвращать будет по решению судов государство Украина — из бюджета. То есть, каждый налогоплательщик. Поэтому я и обвинил Порошенко в геноциде украинского народа (накануне президентских выборов Кислин записал видеообращение "ко всем патриотам страны", где анонсировал скорую потерю власти Петром Порошенко и обвинил его в геноциде украинского народа — Ред.). Но, надеюсь, что и Порошенко ответит за все, имуществом и деньгами.

Он же думает, что он умный, но утром пил виски вместо каши, так его напугал мой приезд. Он позвонил Луценко, а тот — своим людям дал команду, и мне принесли три повестки.

- Какие повестки?

— Явится как свидетель по делу Януковича. Это — отместка за то, что я вчера согласился давать вам интервью. Они испугались.

- А по делу Порошенко вас в качестве свидетеля не вызывают?

— Пока нет, но, если вызовут — пойду, у меня есть что рассказать. Только пойдут уже к новому генеральному прокурору. Вину их всех — Порошенко, Кононенко, Грановского и других — на самом деле легко доказать. К примеру, в отношении "Центрэнерго" официально потерпевшим лицом является мой друг и бизнес-партнер Дима Крючков. Мы с Дмитрием знакомы больше 20 лет, но наш совместный бизнес не на территории Украины. Только из одной компании "Центрэнерго" было выведено более 7000 млн долларов которые осели на счетах офшорных компаний, контролируемых Порошенко.

Правда, Порошенко почти все деньги отсюда уже вывел на зарубежные счета, остались только конфетные фабрики. Но и деньги реально найти и вернуть. Для этого нужно привлечь ФБР, которая может контролировать корсчета в валюте. И я этому тоже могу поспособствовать, о чем и шла речь на встрече с Иваном Бакановым.

- Если Порошенко и его окружением займутся международные правоохранительные органы и докажут факты масштабной коррупции, в том числе, и с деньгами МВФ, какие приговоры могут быть?

Коррупционерам такого уровня как Порошенко и Кононенко в США дают по 200-300 лет тюрьмы.

- Есть ли у вас в делах против Порошенко поддержка американских властей и если да, то от кого именно?

— Есть поддержка ФБР и международных институций по борьбе с коррупцией.

- Вы единственный из американских инвесторов, кто будет требовать возбуждения дел против Порошенко, или будут другие?

— Пока не могу ответить вам на этот вопрос.

- Факт освоения миллиарда долларов от МВФ как-то может повлиять на дальнейшее сотрудничество Международного валютного фонда с Украиной?

— Власть поменялась, поэтому очень важное значение будет иметь результат встречи господина Трампа с господином Зеленским. Сейчас важно, чтобы Зеленский согласился на встречу с инвесторами и дал свои президентские гарантии, что здесь можно будет вести прозрачный бизнес. И через полгода — пойдет поток инвестиций.

- А вы не допускаете другого сценария — что представители новой власти просто подвинут предшественников с денежных потоков и сядут на них сами?

— Все может быть, если президент даст слабинку.

Людмила КСЕНЗ

Мэр Днепра заявил, что влияние бизнесмена Игоря Коломойского в стране значительно преувеличено - "он продавец воздуха, и очень боится, чтобы этот образ не был разрушен". Мэр Днепра Борис Филатов заявил, что из телефонного разговора с украинским олигархом Игорем Коломойским, который опубликован в Сети вырезали момент, как он грубо прервал бизнесмена. "Если вы переслушаете, то поймете, что там нет ни "Привет", ни "Пока". Там есть только фраза: "...Ты потерял телефон, ты "сливу залил". А потом раз — и обрывается. В этой записи отсутствуют два предложения, в самом конце», — сказал Филатов в интервью изданию Страна.ua. По его словам, из аудиозаписи вырезали фразу "Пошел ты н**уй! Я не хочу слушать эту х*ю, бл*ть". Мэр Днепра считает, что этот разговор специально слил в Сеть Коломойский между первым и вторым туром мерских выборов. Филатов отметил, что влияние Коломойского в Украине значительно преувеличено. "Все думают, что он — князь тьмы, который всех дергает за ниточки как марионеток. Он продавец воздуха, и очень боится, чтобы этот образ не был разрушен. Я давно изучаю японскую демонологию. Так вот когда демона достают из чулана и направляют на него свет, знаете, что с ним случается? Он рассыпается. Так вот я готов направить на него свет. Если он этого хочет", - заявил мэр Днепра. Напомним, что во время визита в Днепр президент Владимир Зеленский предложил Филатову пари, что если Новый мост в Днепре до 14 сентября не отремонтируют, то городской голова уйдет в отставку. Петр пятый и его враги. Станет ли Шокин одним из них?

Такое впечатление, что количество заядлых врагов у Петра Порошенко увеличивается чуть ли не с каждым днем. Сэм Кислин – всего лишь один из них, но зато какой! Его называют человеком из окружения Рудольфа Д-улиани, который с недавних пор уже настолько известен украинцам, что не требует особого представления. А еще у одесского американца» к Петру Алексеевичу неприязнь личного характера, хоть и основывается на деньгах. Обидел наш экс-президент Сэма, причем сильно. И вот теперь Кислин здесь – в Украине, и готов практически на все, чтобы отомстить за свои невзгоды.
Насколько сильной будет травля Порошенко – покажет лишь время. Я же хочу обратить внимание на то, с чем пожаловал Сэм Кислин в Украину. Исходя из его повествования, если оно конечно окажется правдивым, наш экс-президент может получить еще одного врага-тяжеловеса, который до этого времени сохранял определенный нейтралитет наверное больше из-за своего джентельменского воспитания, нежели из-за нежелания брать участие в погоне за Порошенко. Речь о Викторе Шокине и миллиарде долларов США, который был запланен за его отставку. О том, что она была вынуждённой знают все, но вот подноготная из уст Кислина звучит несколько иначе, чем та, которая была подана широкой общественности. До недавних пор считалось, что экс-вице-президент США Джо Байден буквально заставил Петра Порошенко принять все меры для увольнения непокорного генерального прокурора, который отказывался прекращать расследование по делу компании Бурисма. Мотивация американского чиновника очевидна – дабы развеять криминальные тучи над настоящим и будущим своего сына Хантера, который в руководстве Бурисмы же и трудился. В качестве давления Байден использовал один миллиард долларов кредитных гарантий, исходя из которого выбор у нашей страны был невелик: либо устранение неподконтрольного президенту Шокина и получение денег, либо же с Шокиным но без кредита, что для воюющей страны было смерти подобно. Принято считать, что Шокина принесли в жертву для благополучия государства в угоду сугубо личным интересам Джо Байдена, но вот Сэм Кислин считает несколько иначе. Американец уверен, что речь в вопросе с Шокиным таки идет о благополучии, но не страны-украины, а Петра Порошенко, как частного лица. Сэм Кислин уверен, что тот самый миллиард, который таки был выделен нашей стране, ушел не в бюджет, а в карманы Петра Алексеевича и его команды, для чего использовалась схема с рефинансированием коммерческих банков. Другими словами речь идет о распасовке двух политиков, которые действовали сугубо в личных интересах, а не интересах своих граждан – Джо Байден заплатил Петру Порошенко миллиард долларов США (деньги МВФ) за увольнение Виктора Шокина. Этим и объясняется та щедрость, с которой «кассиры» Порошенко обеспечивали оперативное голосование за отставку Шокина в Верховной Раде.
А теперь вопрос – подозревал ли об этом сам Шокин, который является одним из кандидатов на по сути отобранную у него должность Генерального прокурора. Скорее всего не знал. Если так, то неприятности у Петра Алексеевича только начинаются и все, что было до этого – только цветочки. Ягодки поспеют сразу же после восстановления Шокина в должности, а может быть даже и раньше.

Личный адвокат президента США Дональда Трампа, Рудольф Джулиани, пытается заставить Киев провести расследование, которое поможет президенту Трампу в кампании за переизбрание, пишет газета New York Times. Расследование, требуемое Джулиани от Киева, касается политических оппонентов президента Трампа, в частности бывшего вице-президента США Джозефа Байдена и его сына, занимавшегося бизнесом в Украине.

Также американская пресса анализирует недавнюю неудачную попытку президента США Дональда Трампа купить у Дании ее автономный регион – Гренландию. Проблемам территории посвящают внимание и другие американские и британские издания – их беспокоит принадлежность Северной Ирландии после того, как Великобритания покинет ЕС.

Выбор Зеленского: поссориться с республиканцами или демократами

Бывший мэр Нью-Йорка, а ныне личный адвокат президента США Дональда Трампа Рудольф Джулиани возобновляет свои попытки надавить на Киев, чтобы тот провел расследование по двум делам, в которых заинтересован Трамп, сообщает New York Times. Как пишет газета, несколько месяцев назад Джулиани пришлось отложить планируемый визит в Киев относительно этого дела, однако, в последние несколько недель он провел несколько разговоров по телефону и личную встречу с представителем нового президента Украины в Мадриде.

Джулиани, по данным газеты, интересуют два дела – первое, пытались ли украинские официальные лица помешать избранию Дональда Трампа президентом в 2016 году, и второе – о возможной нелегальной связи между дипломатическими усилиями вице-президента США Джозефа Байдена и ролью его сына в газовой компании в Украине.

Джулиани, по словам журналистов, сказал, что действует в этом деле как частное лицо, но Государственный департамент США знает о его работе и помогает в ней. Относительно того, знает ли о его усилиях сам президент Трамп, Джулиани газете New York Times не ответил.

Газета отмечает, что это «удивительно, как Джулиани использует свой статус адвоката господина Трампа, чтобы попытаться повлиять на дела другой страны, и политически помочь своему клиенту».

Удивительно, как Джулиани использует свой статус адвоката господина Трампа, чтобы попытаться повлиять на дела другой страны, и политически помочь своему клиенту

New York Times

Издание отмечает, что украинскому президенту Владимиру Зеленскому, который еще недавно был комедиантом, сейчас сложно, потому что он получает из Америки совершенно противоположные сигналы – от демократов, возмущенных действиями Джулиани, и от американской администрации. Для Украины, находящейся в состоянии войны, отношения с Америкой являются ключевыми и из-за политической поддержки, и из-за военной помощи.

Поэтому расследуя эти дела, Зеленский получит неприятности либо с одним, либо с

другим политическим лагерем США.

Представители президентской команды в Киеве пожаловались американским журналистам, что уже сейчас Джулиани создает препятствия для предстоящего визита в США президента Зеленского, намекая на то, что встреча в следующем месяце зависит от того, начнется ли расследование по делам, интересующим Джулиани.

В разговоре с газетой во вторник, Джулиани признал, что он поставил администрацию Зеленского в сложное положение, но сказал: «Если решение должно кого-то разозлить так или иначе, то надо принять правильное решение». Он добавил, что помощник президента по правовым вопросам Андрей Ермак заверил его, что расследование начнутся. При этом Джулиани сказал, что не действует от имени президента Трампа.

В мае после публикации в New York Times о планах Джулиани в Киеве, ему пришлось отложить свой визит в Украину.

Кеннет П. Фогель: Бомба: Через несколько месяцев после того, как он отказался от поездки в Украину, чтобы призвать новое правительство расследовать действия конкурентов Трампа Джулиани начал тайно разговаривать с близким помощником нового президента Украины (в том числе на встрече в Мадриде), чтобы подтолкнуть расследование.

«Это уже даже не абсурд»

Другие публикации в американской прессе посвящены недавний неудачной попытке президента Трампа купить остров Гренландия, являющийся автономной территорией Дании. Бывший премьер-министр Швеции Карл Бильдт написал на эту тему колонку в газете Washington Post, где он выражает свое возмущение шагами президента Трампа.

В современном мире, я убежден, это – уникальный случай

Карл Бильдт

«Это уже не абсурд», – говорит Бильдт, потому что Трамп сначала «напросился» в гости на государственный визит, а потом, когда его «абсурдную идею» не восприняли, отменил визит, подготовка которого включает работу сотен людей в течение нескольких месяцев.

«В современном мире, я убежден, это – уникальный случай, когда глава государства ставит в зависимость свой визит от того, готов ли другой глава государства уступить свою территорию, и это уже более чем абсурд», – возмущается Бильдт. Потому что это – не только «сюрреалистический театр», но и «оскорбление длительного и верного союзника».

Бильдт приводит и другие примеры провала американской политики в Арктике из-за упорного нежелания нынешней американской администрации признать климатические изменения, и говорит, что сейчас отмена визитов выглядит единственным, что остается от арктической политики США. «Все страны пытаются сделать так, чтобы Гренландия снова не стала зеленой. Ибо последствия от этого будут губительными для всех», – отмечает Бильдт.

«Инфантильная жадность к ресурсам»

На другой аспект поведения администрации Трампа указывает редакционная статья британской газеты The Guardian. Там заметили, что некоторые республиканцы, возможно, не верят в глобальные изменения климата, зато верят в его последствия – лед, тающий в Гренландии рекордными темпами, открывает доступ к полезным ископаемым, которые американцы были бы не против вытащить на поверхность.

Нет никакой логики в инфантильной жадности к безудержному потреблению ресурсов Земли

The Guardian

Как напоминает газета, в начале года государственный секретарь США Майкл Помпео перечислял «возможности» в Гренландии – «13% мировых неисследованных резервов нефти, 30% резервов газа, уран, редкоземельные металлы, золото, бриллианты, миллионы квадратных километров неразработанных ресурсов».

Это отношение, по словам автора редакционной статьи, даже более опрометчиво и недальновидно, чем создание ядерных баз во всем мире. «Хотя ядерная война может уничтожить цивилизацию, была логика ядерного сдерживания, что, можно утверждать, сделало такую войну менее вероятной в целом», но нет никакой логики в «инфантильной жадности к безудержному потреблению ресурсов Земли».

Идея объединенной Ирландии вернулась в политическую повестку дня

Обозреватели в журнале Foreign Policy беспокоят перспективы границ Великобритании и Ирландии после «Брекзита». Ирландская националистическая партия Шин Фейн в Северной Ирландии уже заявила, что после «Брекзита» нужно провести референдум о единстве Ирландии. Дело в том, что Северная Ирландия голосовала против «Брекзита», предчувствуя экономические проблемы, которые могут ожидать Британию после ее выхода из ЕС. Эта часть объединенного королевства является дотационной и очень зависит от торговли с Ирландией, поэтому, когда, как ожидается, Великобритания будет испытывать трудности после выхода из ЕС, этот регион может пострадать особенно сильно.

Также обозреватель американского журнала напоминает о том, что рано или поздно присоединение Северной Ирландии к остальному острову может произойти по вполне естественным причинам – там будет преобладать католическое население, которое выскажется на каком-то референдуме за присоединение к своим братьям по вере в Ирландии. Когда-то, почти сто лет назад, Великобритания согласилась предоставить независимость Ирландии, оставив за собой Ольстер, единую провинцию, где большинство было протестантским, то есть там, где можно было сохранить свою власть, опираясь на демократическое большинство.

Но с тех пор демография этой территории очень изменилась. Сейчас католиков и протестантов почти поровну. И это дает шанс сторонникам ирландского единства. Если раньше большинство населения Северной Ирландии, даже ирландцы по происхождению и католики, высказывались за статус-кво, то есть за то, чтобы остаться в составе Великобритании, то теперь, с перспективой экономических проблем, эти люди могут изменить свои взгляды, проголосовав за присоединение к остальной Ирландии.

После кризиса с «Брекзитом» идея объединенной Ирландии вернулась в политическую повестку дня. Дэниел Финн обсуждает, как демографические изменения в последние десятилетия сделали референдум об объединении более правдоподобным.

Про це раніше вже натякав особисто президент України Володимир Зеленський. Вчора цю інформацію вхотрє підтвердили ЗМІ.

Словосполучення "держава в смартфоні" набуває нового значення: тепер всю владу в країні в прямому сенсі зосереджено в одному гаджеті - айфоні Володимира Зеленського.

Президенту, відтоді як український народ поклав йому в руки практично всю повноту влади, немає підстав грітися в коаліцію і торгуватися з кимось щодо майбутнього розподілу посад, констатує Depo.ua. Керована більшість у 253 депутатських мандати станом на зараз в "Слузі народу" є.

І найбільше це стосується посади Генерального прокурора, в якого упирається весь задум Зеленського щодо остаточної зачистки системи влади від кадрів попереднього голови держави і реалізації жорстких дій та рішень. Не треба сумніватись, що питання звільнення Луценка та призначення нового господаря будівлі на Різницькій буде одним з перших, які розглядатиме нова Верховна Рада. І це ім'я ми почуємо раніше, аніж ім'я нового прем'єр-міністра.

З огляду на численні інсайди з Офісу президента, питання щодо внесення кандидатури Рябошапки є практично вирішеним. Тож спробуємо розібратись, чого очікувати країні від нового генпрокурора і чи слід комусь сушити сухарі.

Хто такий Рябошапка

Руслан Рябошапка народився 14 листопада 1976 року у селищі Зеленопрське Любашівського району Одеської області. За освітою Рябошапка юрист - у 1998 році він закінчив відповідний факультет Міжнародного Соломонова університету в Києві.

У міністерство юстиції майбутній член команди Зе потрапив відразу після університету, оскільки проходив там практику і отримав пропозицію залишитись на посаді головного консультанта (потім - заступника начальника) управління законодавства про правосуддя, охорону правопорядку і оборону.

Доріс до посади директора Департаменту законодавства про правосуддя, правоохоронної діяльності та антикорупційної політики Міністерства юстиції України. І працював тут до 2010 року. Саме в цей час розпочалася співпраця Рябошапки і нинішнього керівника Офісу президента Андрія Богдана, який на посаді заступника міністра в той час був куратором департаменту Рябошапки. В 2010-му Рябошапка став директором новоствореного Бюро з питань антикорупційної політики Секретаріату Кабінету Міністрів України - на цю посаду його лобіював саме Богдан.

У лютому 2011-го Кабмін ліквідував посаду урядового уповноваженого та Бюро з питань антикорупційної політики.

Але Рябошапка залишився в Секретаріаті Кабміну на посаді заступника директора Департаменту юридичного забезпечення.

У жовтні 2013 року залишив державну службу і очолив департамент в неурядовій організації Transparency International Україна.

Але вже менше ніж через рік отримав призначення заступником міністра юстиції України.

Після створення Національного агентства з питань запобігання корупції в 2016 році був

обраний його членом, а через рік, у червні 2017 року, написав заяву про відставку. Пояснив це «вседієвістю НАБК».

Знову прізвище Рябошапки у публічному просторі з'явилося під час президентської виборчої кампанії, коли з'ясувалося, що він є радником Зеленського з правоохоронної та антикорупційної політики.

Після інавгурації, 21 травня 2019 року президент призначив Руслана Рябошапку заступником глави Адміністрації президента нині - Офіс президента).

З регалій у Рябошапки є звання заслуженого юриста України та почесна грамота Кабінету міністрів

Реформи від Рябошапки

Кандидат на посаду Генпрокурора неодноразово висловлювався з приводу реформи правоохоронної і антикорупційної системи. Він вважає цю сферу своєю - на відміну від реформування судочинства, яке Рябошапка "залишив" своєму патрону Андрію Богдану.

Отже, в мріях Рябошапки здійснити з прокуратурою те, що три роки тому зробили з патрульною поліцією Деканоїдзе та Згуладзе - всіх існуючих звільнити і набрати нових. Але Руслан Георгійович свідомий того, що такий радикальний крок з ліквідації прокуратури залишить країну на певний час без інституту державного обвинувачення (його в разі такої реформи облаштують у міністерстві юстиції). Тож в планах реформатора нині - обмежитись зміною генерального прокурора і оновленням складу Кваліфікаційно-дисциплінарної комісії прокурорів, котра очищає систему.

Він вважає, що впродовж останніх п'яти років влада, прикриваючись дотриманням європейських стандартів, закріпила в системі прокуратури своїх людей, яких дуже важко скопупути, бо процедури звільнення є дуже громіздкими.

Одним з тих, в кого на думку Рябошапки "немає політичного майбутнього в цій країні" є прокурор Спеціалізованої антикорупційної прокуратури Назар Холодницький. Його Рябошапка вважає дуже схожим на нинішнього генпрокурора Юрія Луценка, в якого також "немає політичного майбутнього в найближчій перспективі".

Водночас Рябошапка залишає Холодницькому шанс допрацювати до кінця його каденції (наступного року), якщо припиняться публічні конфлікти між ним та директором НАБУ Артемом Ситником, які дискредитують ці два органи. А також позбудеться впливу соратника екс-президента Порошенка Грановського, який і продукує, на думку Рябошапки, конфлікт всередині когорти антикорупціонерів.

До речі, одним з аспектів нової антикорупційної політики, яку впроваджуватиме нова команда, є встановлення жорсткої відповідальності за незаконне збагачення. Зокрема, буде введено так звану цивільну конфіскацію необґрунтованих активів у розмірі понад 900 тисяч гривень. А якщо збагачення відбудеться у сумі понад 11,5 млн - корупціонера вже чекатиме кримінальна відповідальність.

Таку систему Рябошапка називає справедливістю і заперечує, що за цим криється намагання помститись попередній владі.

В той же час кандидат вважає принципово важливим якомога швидше активізувати антикорупційні органи вкупі з антикорупційним судом і вже до кінця року продемонструвати перші вироки. Щонайменше 20-30 вироків.

Мріє Рябошапка і про те, що попередній голова держави Петро Порошенко наступні п'ять років займатиметься не політичною діяльністю, а спілкуванням з детективами та слідчими. Водночас він відкидає звинувачення у намаганні помститись, декларуючи лише прагнення до покарання зла. Мовляв, є окремо політична відповідальність, яку несе екс-президент. "Але коли він, умовно кажучи, займається розкраданнями бюджету і використовує для цього політичну позицію, то за це передбачена абсолютно чітка і жорстка кримінальна відповідальність", - сказав імовірний майбутній генпрокурор в нещодавньому інтерв'ю.

Також варто сказати, що новій команді Зеленського потрібні будуть гучні процеси і посадки. СБУ Баканова вже трясе Мінекономрозвитку і ГПУ так само зацікавиться оборонкою. А ще токсичними Грановським, Кононенком, можливо, навіть Пашинським, які фігурували раніше у журналістських розслідуваннях. Парад посадок стане ключовим завданням Рябошапки.

Нова влада планує провести реформу Генеральної прокуратури та її підрозділів. Структуру перейменують в Офіс генпрокурора, в областях будуть офіси регіональних прокурорів, а місцеві - стануть окружними прокуратурами.

Про це повідомляє LB.ua з посиланням на власні джерела.

Реформу проведуть задля "чистки" всіх кадрів.

У рамках реформи прокуратури планується ліквідація органів прокурорського самоврядування - Кваліфікаційно-дисциплінарної комісії прокурорів і Ради прокурорів, які були створені за вимогами міжнародних експертів. Ці дві структури займаються кадровими питаннями, якими раніше займалися керівники Генпрокуратури або регіональних прокуратур, а також притягненням прокурорів до дисциплінарної відповідальності (аж до рекомендації звільнити їх).

Запланована й ліквідація військової прокуратури з її нинішніми повноваженнями. Джерело LB.ua попереджає, що разом з ратифікацією Римського статуту, про намір чого вже було заявлено, це може спричинити закриття кримінальних справ проти Російської Федерації і породити загрозу кримінального переслідування українських військовослужбовців.

Нагадаємо, головним претендентом на посаду генпрокурора називають заступник глави Офісу президента Руслан Рябошапка.

Нинішній генпрокурор Юрій Луценко пішов у відпустку. Президент Володимир Зеленський під час виступу в штабі партії "Слуга народу" після оголошення результатів екзитполів парламентських виборів розповів, хто може стати новим очільником Генеральної прокуратури України.

"Точно не на "Лу" починається", – зазначив президент у відповідь на запитання журналістів.

До цього Зеленський знайшов причину для звільнення Луценка і вніс подання до Ради. Згідно з проектом постанови щодо звільнення генпрокурора, "Луценко Юрій Віталійович не відповідає встановленим Законом України "Про прокуратуру" вимогам до Генерального прокурора України, а тому не може перебувати на цій посаді, а його призначення на посаду відбулось із порушенням Конституції України та Закону України "Про прокуратуру."

В конце сентября на полях Генассамблеи ООН может состояться встреча президента Украины Владимира Зеленского с американским лидером Дональдом Трампом. Накануне этой встречи администрация Белого дома сделала несколько выпадов в адрес Украины: потребовала пересмотра программы военной помощи и отказа от сделки с китайцами по украинскому предприятию "Мотор Сич". Издание "ГОРДОН" рассказывает о традиционной для Трампа тактике подготовки к переговорам.Старая тактика Трампа

В своей книге 1987 года "Искусство заключать сделки" Трамп написал: "Иногда же, чтобы протолкнуть свою сделку, приходится идти на то, чтобы бросить тень сомнения на конкурента". Этим подходом американский президент руководствуется во время дипломатических переговоров. И это подтверждают его действия. Обычно за несколько недель до встречи с иностранными лидерами Трамп принимает подзаконный акт или ужесточает позицию в отношении того или иного политика, партии, страны.

Например, 16 января 2017 года президент Трамп дал интервью двум газетам: британской The Times и немецкой Bild. Там он раскритиковал миграционную политику канцлера Германии Ангелы Меркель и заявил о необходимости введения в США заградительных пошлин на люксовые немецкие авто, в частности компании Daimler.

В марте 2017 года Меркель встретилась с Трампом в Вашингтоне и пыталась поднять вопрос ввозных пошлин. Переговоры проходили на фоне начавшейся в Германии парламентской кампании. На протокольной фотосессии Трамп отказался пожимать руку главе немецкого правительства. Как сообщала газета The Times, президент США передал канцлеру счет на $375 млрд сумму взносов, которые ФРГ якобы недоплатила в систему коллективной обороны. Тогда пресс-служба Белого дома опровергла эту информацию.

После этого в апреле США и Германия договорились продлить миссию немецкого военного контингента в Афганистане, а в июле Меркель принимала саммит "Большой двадцатки", где высказалась положительно о встрече президента РФ Владимира Путина и Трампа. Закончился G20 подписанием финального коммюнике, где стороны согласились открыть рынки и бороться с протекционизмом.

На протяжении последующих двух лет Трамп время от времени угрожал введением пошлин на немецкие авто, требуя взамен прекратить строительство российского газопровода "Северный поток 2" и открыть для американских компаний газовый рынок Германии. Меркель частично соглашалась с требованиями американского коллеги:

продолжала сотрудничать с РФ и помогала американским газовым компаниям зайти на немецкий рынок.

Еще один пример тактики Трампа. 13 июля 2018 года, за день до встречи с тогдашним премьером Великобритании Терезой Мэй президент США дал интервью британскому таблоиду The Sun. Там он раскритиковал главу правительства Объединенного Королевства за мягкую политику в отношении ЕС и нежелание проводить "жесткий Brexit" - выведение в одностороннем порядке страны из состава Евросоюза. Трамп отметил, что решения Мэй не позволяют подписать торговое соглашение между Британией и США.

В том же интервью глава Белого дома потребовал, чтобы британцы платили больше за коллективную оборону, сказал, что после отравления бывшего офицера российской военной разведки Сергея Скрипаля и его дочери Юлии нервно-паралитическим газом типа "Новичок" он все равно продолжит диалог с Путиным и заявил, что Борис Джонсон (на тот момент главный конкурент Мэй) будет "прекрасным" премьер-министром Великобритании.

В ходе переговоров стороны договорились подписать торговое соглашение сразу после Brexit. После чего, общаясь с журналистами, американский лидер назвал интервью таблоида фейковым, а Мэй "очень умным, твердым и способным человеком". Он отметил: между США и Британией сохраняются "особые отношения".

Один из последних примеров переговорного стиля Трампа инцидент в августе 2019 года перед встречей "Большой семерки" во французском Биаррице. Президент США повторно пригрозил президенту Франции Эммануэлю Макрону введением пошлин на винную продукцию. Таким образом Трамп ответил на решение французского лидера подписать закон, который вводит в стране трехпроцентный налог для цифровых гигантов вроде Facebook, Google и Amazon (это позволит Франции дополнительно получить €400 млн в год).

После переговоров с главой Белого дома на полях G7 Макрон сообщил, что стороны достигли компромисса относительно введения цифрового налога для глобальных интернет-концернов. Однако Трамп, выступая перед прессой, не подтвердил договоренности и не ответил на вопрос о возможном повышении ввозных пошлин на французское вино.

Провокация для Зеленского

1 сентября в Варшаве пройдут памятные мероприятия по случаю начала Второй мировой войны. В польской столице должна была состояться первая встреча Трампа и Зеленского, но глава Белого дома отменил свой визит из-за движущегося к берегам штата Флорида урагана. Тем не менее, американская делегация все же там присутствовать будет. Возглавит ее вице-президент США Майк Пенс. Пока что неизвестно, состоятся ли переговоры Зеленского с представителем Белого дома. Однако американская Администрация (в стиле Трампа) создала определенное напряжение в отношениях официальных Киева и Вашингтона.

28 августа американский журнал "Politico", ссылаясь на свои источники в Белом доме, сообщил: Трамп поручил своей команде пересмотреть программу финансирования Украины "Инициатива содействия безопасности Украины". Издание указало: глава Белого дома захотел убедиться, что средства, которые тратятся на обороноспособность страны, используются должным образом и это не противоречит интересам Соединенных Штатов.

Речь идет о $250 млн, которые Конгресс планировал выделить Украине в 2019 году для развития сферы безопасности и обороны. Эта сумма включает расходы на предоставление новых технологий, усиление разведывательной поддержки, дополнительное обучение военнослужащих. $50 млн выделяются на закупку вооружения. С конца 2015 года решением Конгресса США начало выделять средства на развитие оборонного сектора Украины. До сегодняшнего дня выплаты шли без задержек.

На следующий день, 29 августа, Politico (ссылаясь на свои источники в Минобороны США) сообщил: Пентагон рекомендовал Администрации Трампа продолжить предоставление финансовой помощи Украине. Ни Белый дом, ни лично Трамп пока не опровергли данные издания о возможной приостановке программы по развитию и поддержке сектора обороны Украины.

Для Украины имеются дополнительные риски: если инициатива по предоставлению средств находится на стадии пересмотра, деньги получить нельзя. 30 сентября в США заканчивается фискальный год. Это означает, что американское правительство может не успеть рассмотреть вопрос выделения утвержденной Конгрессом суммы, а Украина, соответственно, направить средства на развитие оборонного комплекса.

График Пенса пока неизвестен. Непонятно, состоятся ли переговоры у него с Зеленским и будет ли вынесен в повестку вопрос о предоставлении Украине финансовой помощи.

Трампу нужен Байден

Переговоры Тарампа и Зеленского могут пройти в конце сентября во время заседания Генассамблеи ООН. Главе Белого дома есть что обсудить с Зеленским. В первую очередь и об этом неоднократно заявлял личный адвокат президента США Рудольф Джулиани. Трампу необходимо получить от украинской стороны информацию о вероятном сопернике в избирательной кампании, которая уже стартовала в Соединенных Штатах. Речь о бывшем вице-президенте США, представителе

Демократической партии Джо Байдене и нюансах сотрудничества Байдена-младшего с нефтегазовой компанией Burisma Holdings Limited. Одним из совладельцев фирмы был экс-министр экологии времен президентства Виктора Януковича Николай Злочевский (находится под следствием).

Согласно информации The New York Times, Байден-старший прикрывал деятельность этой корпорации и оказывал давление на предыдущую украинскую власть в связи с расследованием против его сына.

10 мая 2019 года, до инаугурации Зеленского, Джулиани планировал отправиться в Украину, чтобы попросить на тот момент избранного президента расследовать российское вмешательство в американские выборы, а также попытки влияния Джо Байдена на официальный Киев.

22 июля 2019 года американское издание BuzzFeed сообщило, что бывшие генпрокуроры Украины, Виктор Шокин и Юрий Луценко передали Джулиани компромат на Байдена-старшего и информацию о деятельности посольства США в Украине в 2016 году (во время выборов американского президента).

2 августа Джулиани обвинил Байдена в том, что его семья получала миллионы из Украины и Китая. 22 августа газета The New York Times сообщила о встрече в Мадриде Джулиани с помощником президента Зеленского Андреем Ермаком. Как указывало издание, они обсуждали вмешательство Украины в выборы в США и давление Байдена-старшего на украинских политиков. Джулиани признал, что вел переговоры как частное лицо, но при содействии Государственного департамента. Вскоре Трамп и Зеленский также могут обсудить эти вопросы.

Борьба за "Мотор Сич"

Второй вопрос, который интересует американскую администрацию сотрудничество оборонных предприятий Украины с Китаем. Во время своего визита в Киев советник Трампа по вопросам национальной безопасности Джон Болтон выступил против продажи украинского оборонного предприятия "Мотор Сич" китайским компаниям Skyrizon и Xinwei Group. Он провел встречу с Владимиром Зеленским и с представителями Офиса президента.

В 2015 году Владелец "Мотор Сич" Вячеслав Богуслаев продал контрольный пакет акций предприятия китайцам из-за чего возник скандал, ведь у государства 25% акций "Мотор Сич". Как пояснил журналист Юрий Бутусов, "сделку в интересах нацбезопасности пытался сорвать президент Петр Порошенко, но она была законной, и тогда власти заблокировали ее оформление в ручном режиме через Антимонопольный комитет".

Китай владеет значительным парком военных самолетов и вертолетов, какая-то часть воздушных судов советские разработки или модели, выпущенные на их базе. Эти машины необходимо обслуживать и ремонтировать. К тому же китайский военно-промышленный комплекс не стоит на месте и пополняет свой авиапарк новыми боевыми единицами. Единственное, как указывает Бутусов, чего не хватает китайской промышленности, это инженеров и конструкторов, способных разработать двигатели. Украинское предприятие "Мотор Сич" один из мировых лидеров в этом секторе.

Болтон полагает, что китайцы не собираются развивать предприятие, им нужны только технологии и кадры, способные поставить производство в Китае. Он отметил: "Существуют механизмы, чтобы защитить те отрасли, которые касаются нацбезопасности. Украине стоило бы рассмотреть такую возможность".

15 августа 2018 года американская газета The Washington Post сообщила о решении "Мотор Сич" поставлять в Китай двигатели для учебно-боевых самолетов палубной авиации Hongdu JL-10. Речь шла о сделке на сумму $380 млн. Руководство украинского предприятия эти сведения опровергло, указав, что в информационной кампании против "Мотор Сич" замешан главный конкурент Россия.

После начала войны украинское предприятие разработало двигатель АИ-222 без комплектующих из РФ. Китайцы предпочли запчасти "Мотор Сич" российскому аналогу. По словам Бутусова, покупка украинского завода позволит Китаю вырваться в лидеры вертолетостроения. Однако полноценное блокирование инициатив официального Пекина относительно украинского предприятия может привести к потере китайского рынка, который начнет закупать такие же двигатели у России.

Пока неясно, какие конкретные предложения были озвучены Болтоном во время переговоров с Зеленским, предоставят ли США дополнительные рынки для украинских разработчиков.

Ускорить "Минск" и вернуть Россию в G8

После завершения саммита "Большой семерки" 2019 года Государственный секретарь США Майк Помпео заявил о том, что Администрация Трампа будет работать над возвращением России в G8. Но еще во время заседания президент США предположил, что может пригласить российскую делегацию в качестве гостя на следующую встречу "Семерки" в 2020 году в Вашингтон. Он также сказал, что большую часть тем обсуждать без РФ не возможно.

В итоговом коммюнике G7 указано, что Франция и Германия договорились вскоре провести встречу в "нормандском формате". Меркель сказала, что РФ может вернуться в элитный клуб, если выполнит Минские соглашения. При этом канцлер не указала, нужно ли российским властям имплементировать все пункты договора или достаточно добиться малого прогресса.

В ходе своего визита в Киев Болтон обсудил с Зеленским вовлечение США в "нормандский формат". В интервью "Радіо Свобода" советник Трампа заявил, что не исключает такой возможности.

"Нормандский формат" может продолжаться, если этого хотят стороны-участники. Если они считают, что это приемлемый путь, чтобы двигаться вперед, то США и я уверен Великобритания будут рады принять в этом участие. И вопрос к представителям власти, какой путь, по их мнению, будет иметь больше преимуществ. Мы будем рады их поддержать", - обозначил он.

Администрацию Трампа очень интересует и компрометирующие данные о Байдене, и возвращение России в "Большую восьмерку", и вопрос выведения китайского капитала из оборонного сектора Украины. Все эти пункты Трамп или его представители готовы обсуждать с Офисом президента Зеленского. В то же время глава украинского государства должен быть готов к тому, что Трамп будет провоцировать. Ведь главе Белого дома нужна победа на следующих президентских выборах. А у Украины есть то, что может эту победу ему обеспечить.

США действуют в отношении Украины методом кнута и пряника. Вначале были обещания о готовности списать кредиты, которые брала прежняя власть, а сейчас началась политика угроз. В частности, о сокращении военной помощи.

Такое мнение в комментарии «Слову и Делу» выразил военный эксперт Олег Жданов.

По его словам, с момента избрания Зеленского президентом ключ победы Трампа на президентских выборах в США находиться в Киеве.

«В США раскручивается информация о том, что Байден выбил кредит для бывшей власти Украины в размере 1 млрд долл., которые лежат на офшорных счетах, взамен на уступки для себя. Если Порошенко даст такие показания, то Байден вылетает из президентской гонки», — подчеркнул собеседник.

По его словам, Байден — единственный кандидат, который опережает Трампа почти на 8 процентов.

Жданов напомнил, что в сентябре стартует праймериз, партия выбирает кандидата от партии.

На его взгляд, не исключено, что серый штат, который стоит за Зеленским, — представители демократической партии.

По словам эксперта, Украина, наверное, снова будет работать с демократической партией.

«Если Байден становится президентом США, а к этому времени Зеленский в Украине откроет рынок земли и начнет масштабную приватизацию госсектора, — демократическая партия может зайти в Украину в качестве хозяина страны», — пояснил Жданов.

По его мнению, в РФ уже подыгрывают Трампу, что выражается в заявлениях о готовности дать 50 процентов скидки на газ, только бы подписать газовые контракты для транзита в Европу.

«У Украины сейчас сильные позиции на международной арене. Если мы их правильно используем — сможем выставить свои суверенные требования», — констатировал Олег Жданов.

Ранее сообщалось о том, что Трамп решил пересмотреть выделение Украине 250 млн долл. военной помощи.

Также сообщалось, что предусматривается выделение в общей сложности до 700 млн долл. помощи для Украины в 2020 финансовом году.

The Honorable Michael Pompeo
Secretary

2201 C St NW
Washington, DC 20520-0099

Dear Secretary Pompeo:

I wanted to bring to your attention an interaction that I recently had with individuals regarding the current U.N. Ambassador to Ukraine.

As you likely know, Marie Yovanovitch is the U.S. Ambassador to Ukraine. She previously served as Ambassador to the Republic of Armenia (2008-2011) and the Kyrgyz Republic (2005-2008). I have received notice of concrete evidence from close companions that Ambassador Yovanovitch has spoken privately and repeatedly about her disdain for the current Administration in a way that might call for the expulsion of Ms. Yovanovitch as U.S. Ambassador to Ukraine immediately.

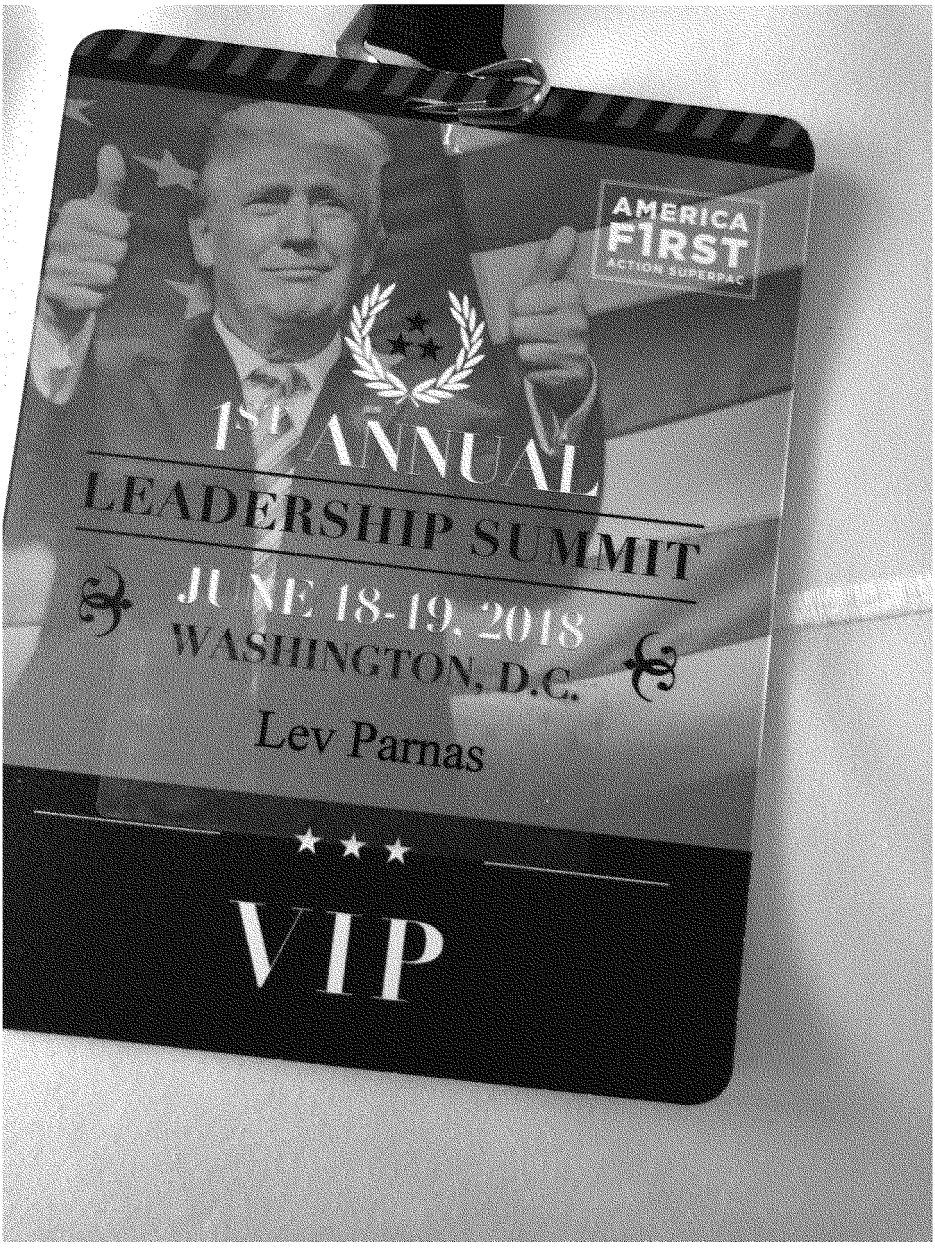

I kindly ask you to consider terminating her ambassadorship and find a replacement as soon as possible. If you would like to discuss this matter further, I can be reached directly at 214.215.[redacted] or [redacted]@petesessions.com

Thank you for reviewing this matter.

Sincerely,

Pete Sessions

President Porchenko, thanks for joining us here today at The Hill newspaper and the our Hill TV network.

I know you are in the middle of an election right now, can you tell us what is at stake in the election for you and for relations with the United States?

How do you think you will fare in your re-election bid?

Now when most American think of Ukraine they think of Russia and we're go get to that. But I know there is one important development that doesn't get much attention here but was important to the Ukrainian people. And that is the recent split in the Orthodox Christian Church and the independence that Ukraine now has from Russia within the church? Why has that been so important?

Speaking of Russia, how are relations with your neighbor and are there any new developments on Crimea, the capture pilot, and other bilateral issues.

How is the state of NATO and your efforts to join it?

Do you have evidence that Vladimir Putin is meddling in the current election?

How is your country's relationship with the United States and more specifically with U-S ambassador YO-van-NO-VITCH?

There seems to be a spate of recent comments by our ambassador and some careere State officials lamenting the fight against the corruption. What is your response to that and are you surprised about the timing of those comments so close to an election.

I recently was shown a letter from a member of Congress who suggested Ambassador YO-van-NO-witch was saying derogatory things about president Trump. Do you have any evidence that has happened?

Mr. President I would like to take you back to September 2016 when VP Joe Biden came to visit. I've seen some recent video of Biden talking where he there seemed to be a dispute about loan goarantees. What is your recollection of what happened?

Did he specifically ask you to fire the country's chief prosecutor? Were you reluctant?

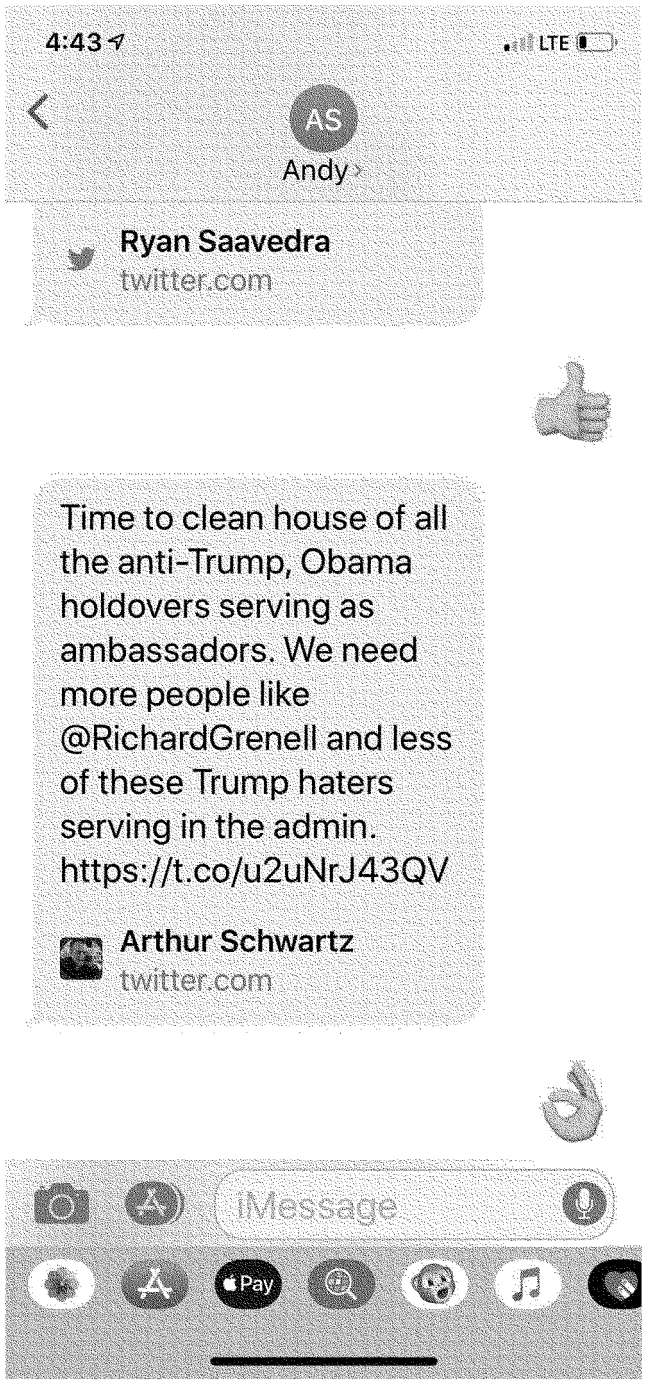

Did VP Biden have an interest personally in the prosecutor's office and its activities?

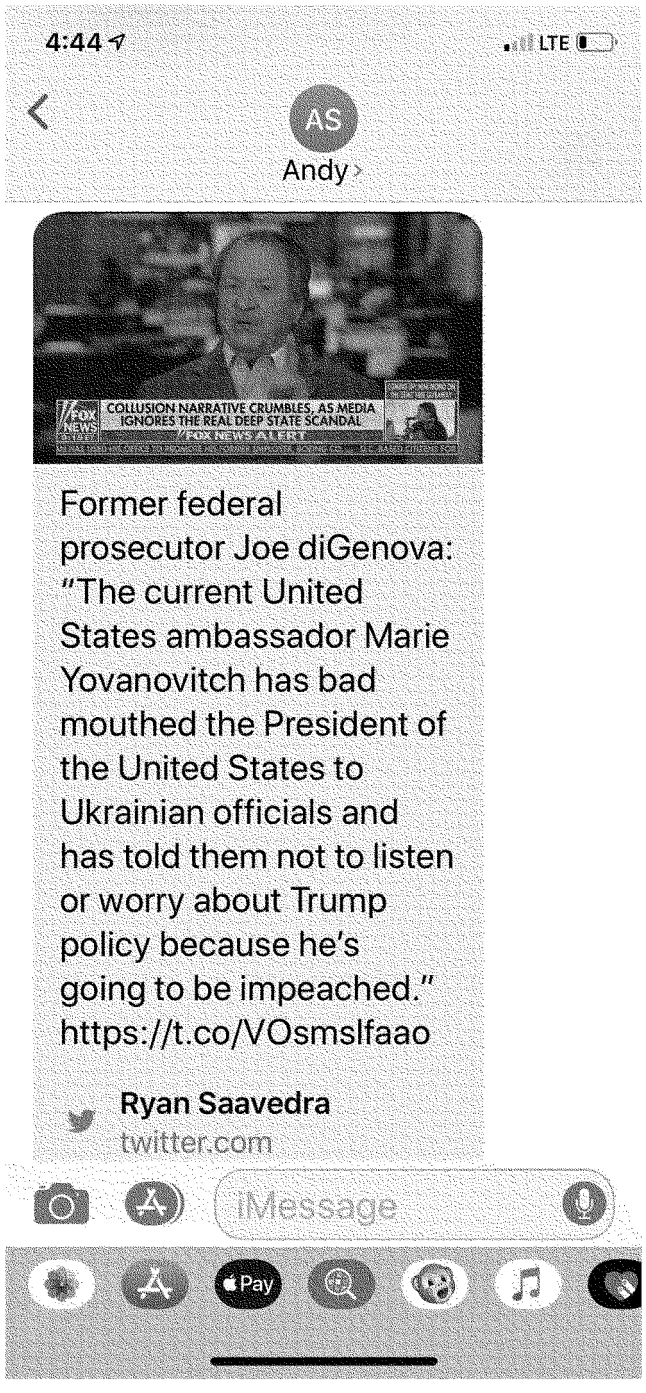

Was the VP's son and his company Barisma Holdings under investigation and how serious were the allegations?

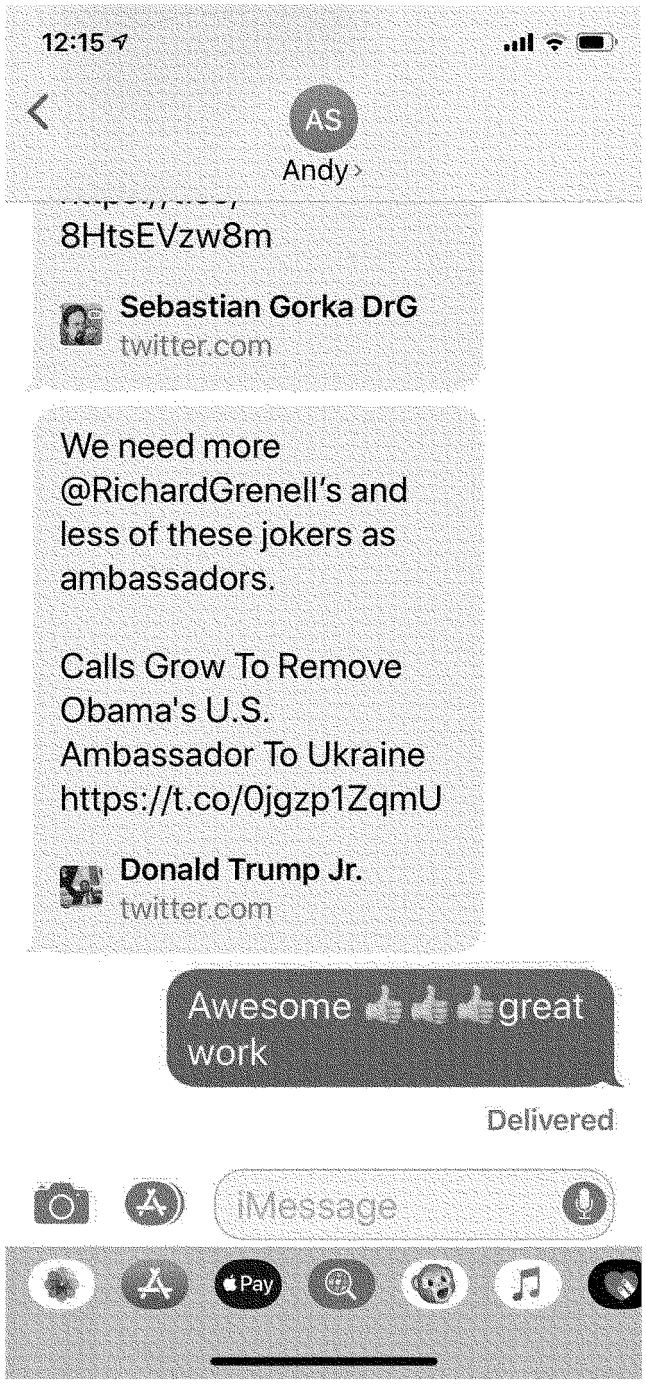

What happened to that case after the vice president's intervention?

What does Ukraine need from its partnership with the United States going forward?

House Permanent Select Committee on Intelligence
Democratic Congress of the United States
Washington, D.C. 20515

Subject: Your letters of September 30, 2019, to Lev Parnas and Igor Fruman

Dear [redacted]

This letter will confirm our recent telephone conversation of October 1, 2019, in response to the Committees' extensive and detailed letters which the Committees unfortunately caused to be published on the internet in violation of all norms of fairness and decency.

In that call, I advised you of my anticipated retainer by Lev Parnas and Igor Frumas. I now represent Lev Parnas and Igor Fruman with respect to the alleged impeachment investigation referenced in your letters of September 30, 2019.

I will meet with Mr. Parnas and Mr. Fruman beginning this weekend to get acquainted with them, the facts and documents requested in your detailed letter in order to prepare a response to the Committees' requests. This effort will take some time.

Be advised that Messrs. Parnas and Fruman assisted Mr. Giuliani in connection with his representation of President Trump. Mr. Parnas and Mr. Furman have also been represented by Mr. Giuliani in connection with their personal and business affairs. They also assisted Joseph DiGenova and Victoria Toensing in their law practice.Thus, certain information you seek in your September 30, 2019, letter is protected by the attorney-client, attorney work product and other privileges. Given the breadth and detail of your request for information, an appropriate privilege review cannot reasonably be conducted by October 7, 2019, the date you have set to produce documents and communications. The amount of time required is difficult to determine. but we are happy to keep you advised of our progress and engage in a rolling production of non-privileged documents.

Your request for documents and communications is overly broad and unduly burdensome. The subject matter of your requests is well beyond the scope of your inquiry. This, in combination with requiring immediate responses, leads me to the inescapable conclusion that the Democratic Committee members' intent is to harass, intimidate and embarrass my clients.

The "Committees" and its Democratic members are well aware that my clients are entitled to retain counsel and counsel is entitled to an adequate period of time to get acquainted with the clients, review documents, consult with the clients and prepare the clients for any

potential testimony and document production. Requesting production of documents within seven days and requiring testimony within fifteen days is unreasonable and not in keeping with your Committees' standard procedures.

Considering the important factual questions and legal issues attendant to the alleged whistleblower, your investigation, your authority and requests for information, your charter should be amended to exhibit some semblance of due process, fairness, justice and common decency.

Respectfully submitted,

John M. Dowd

FY 2019 Apportionment
OMB Footnotes

Footnotes for Apportioned Amounts

A2 A classified attachment displaying the apportionment of specific classified programs within the amount displayed may be included. All documents associated with this apportionment are unclassified except for the Classified Attachment. The classified apportionment shall be allotted in full and executed without change. Such apportionment shall remain valid during the fiscal year until such time as a reapportionment of such classified apportionment is required. Allotments shall be made no later than 30 days after OMB signs the apportionment or the start of the subsequent calendar month, whichever is later.

A3 Pursuant to 31 U.S.C. 1553(b), not to exceed one percent of the total appropriations for this account is apportioned for the purpose of paying legitimate obligations related to canceled appropriations.

A4 Amounts apportioned, but not yet obligated as of the date of this reapportionment, for the Ukraine Security Assistance Initiative (Initiative) are not available for obligation until August 5, 2019, to allow for an interagency process to determine the best use of such funds. Based on OMB's communication with DOD on July 25, 2019, OMB understands from the Department that this brief pause in obligations will not preclude DOD's timely execution of the final policy direction. DOD may continue its planning and casework for the Initiative during this period.

Footnotes for Budgetary Resources

B1 Funds provided by P. L. 115-245 signed September 28, 2018 appropriated amount of $43,534,193,000; plus section 8048 $44,000,000; plus section 8118 $16,571,000; plus section 9013 $250,000,000 plus section 9018 $500,000,000 minus 8024(f) $7,788,000.

Attachment #1

OMB reached out to the Department of Defense (DOD) on June 19, 2019, about the Ukraine Security Assistance Initiative (USAI). On July 18, 2019, OMB notified an interagency working group, which included DOD and the Department of State, about an instruction to withhold all funds for Ukraine security assistance. OMB issued its first written apportionment with the USAI footnote restricting obligations on July 25 for the DOD account (TAFS 97-0100/2019). In its apportionment, OMB noted that it "understands from the Department that this brief pause in obligations will not preclude DOD's timely execution of the final policy direction. DOD may continue its planning and casework for the Initiative during this period." (See attached footnote). The remaining unobligated USAI funds were made available for use by DOD for FY 2019 on September 12, 2019.

With regard to the August 3, 2019, Letter Apportionment, OMB instructed the Department of State and the U.S. Agency for International Development to withhold the funds listed in the August 3 letter. This letter was the first reapportionment action with respect to the withholding of these funds. The funds were made available for use by the agencies for FY 2019 on August 9, 2019.

Attached potential vendors as discussed. Most, but not all, are U.S.

For example, Rohde&Schwarz and Draeger are German companies. Kongsberg is a Norwegian company. But they have U.S. subsidy companies.

Attached paper we provided to OMB on Friday regarding similar question. It does not have info on U.S. firms or other NATO support to Ukraine, but answers the other basics as a start.

There was a follow up item (b) (5) . Can you all provide additional detail on the recent security cooperation funds to Ukraine?

https://dod.defense.gov/News/News-Releases/News-Release-View/Article/1879340/dod-announces-250m-to-ukraine/

Specifically,

What was the funding used for? i.e., did it go to U.S. firms?

Who funded it?

What do other NATO members spend to support Ukraine?

Good morning.

OMB intends to send us another footnote today with direction to continuing holding until Friday.

Normally would not send you this level of detail, but given the situation, providing the below assessment for background on the increasing risk of execution. Thanks to the DSCA team for continued excellent responsiveness on this.

Good morning. Last night, we received another footnote - pasted below - from OMB directing no further obligations on Ukraine funding until August 26, 2019.

(b) (5)

(b) (5)

I expect another call with OMB later this morning but wanted to make sure you were in the loop on the latest.

Also just received word that HAC-D traveled to Ukraine earlier this month and has sent us an RFI regarding funds being held up.

Vr,
Elaine

OMB 8/20/19 Footnote:
Amounts apportioned, but not yet obligated as of the date of this reapportionment, for the Ukraine Security Assistance Initiative (Initiative) are not available for obligation until August 26, 2019, to allow for an interagency process to determine the best use of such funds. DOD may continue its planning and casework for the Initiative during this period.

Amounts apportioned, but not yet obligated as of the date of this reapportionment, for the Ukraine Security Assistance Initiative (Initiative) are not available for obligation until August 5, 2019, to allow for an interagency process to determine the best use of such funds. Based on OMB's communication with DOD on July 25, 2019, OMB understands from the Department that this brief pause in obligations will not preclude DOD's timely execution of the final policy direction. DOD may continue its planning and casework for the Initiative during this period.

David/Elaine/Eric:

Based on guidance I have received and in light of the Administration's plan to review assistance to Ukraine, including the Ukraine Security Assistance Initiative, please hold off on any additional DoD obligations of these funds, pending direction from that process. I understand that DOD will continue its planning and casework during this period and that this brief pause in obligations will not preclude DOD's timely execution of the final policy direction.

We intend to formalize the pause with an apportionment footnote to be provided later today.

Given the sensitive nature of the request, I appreciate your keeping that information closely held to those who need to know to execute the direction. Please let me know if you have any questions.

Pentagon to send $250M in weapons to Ukraine

by Russ Read
| June 19, 2019 01:17 PM

The Department of Defense plans to send $250 million in military equipment to Ukraine to assist in building up the country's military capabilities as it continues to counter Russian-backed forces in its eastern provinces.

The aid package will include sniper rifles, grenade launchers, and counter-artillery radars for the Ukrainian Navy, special operations forces, and land troops. Electronic warfare detection equipment, night vision technology, and military medical equipment will also be included. This additional equipment brings total U.S. security assistance to Ukraine to $1.5 billion since 2014, according to the Pentagon.

"I think the provision of security assistance to Ukraine is vitally important. I think it has had an impact both psychologically as well as militarily on the professionalization and the capacity of the Ukrainian forces," Kurt Volker, the U.S. special representative for Ukraine, told the Senate Foreign Relations Committee at a Tuesday hearing.

"I think it's also important that Ukraine reciprocate with foreign military purchases from us as well, and I know that they intend to do so."

The assistance comes at a pivotal moment for Ukraine's newly minted president, Volodymyr Zelensky, a popular comedian who won a landslide victory in April. Zelensky has made ending the Russian-backed insurrection in Ukraine's eastern Donbas region his top political priority. The conflict remains in an uneasy stalemate following international attempts to broker a ceasefire. Tensions spiked in November when Russian forces captured and detained 24 sailors following an attack on three Ukrainian vessels.

"We must become Icelanders in football, Israelis in defending our native land, Japanese in technology," Zelensky said during his swearing-in speech in May.

"Our first task is to achieve a ceasefire in Donbas."

Volker told senators the United States should continue to add maritime and air defense capabilities to the Ukrainian arsenal as Russia continues to pose a threat in the Black Sea.

"I think it's important that NATO stand up to make clear that all of us have an interest in the freedom of navigation, the open access, the economic development of the region, and the security of the region," he said.

The U.S. created the European Deterrence Initiative in 2014 in response to Russia's annexation of Ukraine's Crimea territory. Congress authorized the sale of lethal aid to Ukraine that year, but the Obama administration did not sign off on the provision due to concerns that offensive weapons could escalate tensions. U.S. support was limited to non-lethal aid until President Trump reversed the policy in 2017, though his administration proposed a 10% cut to the fund in this year's budget proposal.

Rick Berger, a former Senate Budget Committee staffer who studies defense budgets for the American Enterprise Institute, told the *Washington Examiner* there is broad bipartisan support for continuing aid to Ukraine. He expects Congress will increase Ukrainian military support, saying there is minimal concern regarding escalation on Capitol Hill.

"These aid packages are very well tailored to the things that, by and large, the Ukrainian military actually needs," Berger said. "Congress cares about Ukraine in a bipartisan fashion, and I wouldn't be surprised if [aid] goes up again in this year's" National Defense Authorization Act.

The fate of next year's defense budget remains unclear, however, as congressional leaders wrangle over the federal budget as a whole.

"I think it's important that NATO stand up to make clear that all of us have an interest in the freedom of navigation, the open access, the economic development of the region, and the security of the region," he said.

The U.S. created the European Deterrence Initiative in 2014 in response to Russia's annexation of Ukraine's Crimea territory. Congress authorized the sale of lethal aid to Ukraine that year, but the Obama administration did not sign off on the provision due to concerns that offensive weapons could escalate tensions. U.S. support was limited to non-lethal aid until President Trump reversed the policy in 2017, though his administration proposed a 10% cut to the fund in this year's budget proposal.

Rick Berger, a former Senate Budget Committee staffer who studies defense budgets for the American Enterprise Institute, told the *Washington Examiner* there is broad bipartisan support for continuing aid to Ukraine. He expects Congress will increase Ukrainian military support, saying there is minimal concern regarding escalation on Capitol Hill.

"These aid packages are very well tailored to the things that, by and large, the Ukrainian military actually needs," Berger said. "Congress cares about Ukraine in a bipartisan fashion, and I wouldn't be surprised if [aid] goes up again in this year's" National Defense Authorization Act.

The fate of next year's defense budget remains unclear, however, as congressional leaders wrangle over the federal budget as a whole.

FYI - as I know you are still the CFO at heart:

Team obligated all of the $2.5B Section 284

USAI is coming in at about $214.8M, so $35.2M short. This money will be reapportioned as 19/20 money under the CR.

Got the final committee approval for the $165M for AF/AFCENT [redacted] this afternoon, along with a few other lower dollar items, so that funding is moving tonight as well.

A few other last minute sporty items that the team is handling with their usual expertise and humor.

Just an FYI - we are getting a lot of interest and questions from the Hill (both House and Senate) today on our projected obligations for USAI now that funds are moving.

HAC/SAC are completing the draft CR and seriously contemplating rescinding and re-appropriating some of the FY 2019 funds to be available during the CR period. I will talk with OMB and then try to provide a reliable estimate tomorrow.

David/Elaine/Eric:

Based on guidance I have received and in light of the Administration's plan to review assistance to Ukraine, including the Ukraine Security Assistance Initiative, please hold off on any additional DoD obligations of these funds, pending direction from that process. I understand that DOD will continue its planning and casework during this period and that this brief pause in obligations will not preclude DOD's timely execution of the final policy direction.

We intend to formalize the pause with an apportionment footnote to be provided later today.

Given the sensitive nature of the request, I appreciate your keeping that information closely held to those who need to know to execute the direction. Please let me know if you have any questions.

Ukraine Security Assistance: U.S. Industry Benefits and International Burden-Sharing

What is funding under the FY2019 Ukraine Security Assistance Initiative (USAI) used for?

The package consists of $250M in security cooperation funds for additional training, equipment, and advisory efforts to build the capacity of Ukraine's armed forces, ultimately enhancing U.S. security.

This includes the provision of equipment to support training programs and operational needs, including capabilities to enhance Ukraine's Land and Special Operations Forces, Navy and Naval Infantry, and National Guard, and some funds to provide associated training, transportation, and administrative costs.

Did funding go to U.S. firms?

Almost all of the dozens of vendors are U.S. companies, and the non-U.S. companies are authorized suppliers of specific equipment for the U.S. military. A list of vendors is attached.

Who funded the USAI?

Congress provided $250M in funds through the Department of Defense Appropriations Act, 2019.

Broader context on Ukraine burden sharing

Ukraine remains committed to providing for its own security and building a strategic partnership with the United States:

- Spends more than 5% of GDP on security and defense;
- Spent (b)(3) 10 on U.S. defense articles in 2018; and
- Negotiating now to purchase Javelin anti-tank missiles and (b)(3) 10 USC 130c

What do other NATO members spend to support Ukraine?

Below is an overview of security assistance contributions to Ukraine by key NATO Allies and partners for which we have readily available data. These activities complement U.S. and Ukrainian efforts to counter Russian aggression.

Canada: Approximately (b)(3) 10 in security assistance since 2014
-Training: Nearly (b) trainers ((b)(3) 10 USC 130c); equipment: (b)(3) 10
-$750 million total assistance (includes humanitarian, development, and financial) since 2014
-Contributes a Senior Advisor on Defense Reform

UK: Approximately (b)(3) 10 in security assistance since 2014
-Training: (b)(3) rotational trainers ((b)(3) 10 USC 130c); equipment: (b)(3) 10
-Contributes a Senior Advisor on Defense Reform
- Recently committed to increasing Black Sea security efforts, including training Ukraine's Navy and Naval Infantry and conducting port visits to Odesa, Ukraine.

Bill,

Mike extended the USAI obligation hold through Thursday. I will forward the signed apportionment when I get into the office. Obligations may be made starting on Friday.

I reiterated the information that Elaine sent to him on Monday as a reminder before he signed the apportionment. Alas, he must have received OGC's OK before signing it.

I still have no insight on the rationale for the hold.

Bill,

I received an email from Mike tonight at 7:30pm requesting that I provide him a new Operation and Maintenance, Defense-wide apportionment that makes the USAI funds available for obligation immediately. I did not get home until 1145pm, and just saw Mike's note. I drafted the attached apportionment that removes the USAI footnote, but am currently unable to get into the MAX apportionment system to upload the apportionment for his signature.

I will get it into the system either before I leave for work in the morning, and if I still can't get into the apportionment system, I'll try again when I get into the office.

Hope that this is good news!
Edna

Our leadership requested another update to the USAI footnote. The apportionment with the updated footnote was just transferred to DOD via the MAX system.

Please let me know if you received it or would like me to send you a copy via email.

Good morning.

OMB intends to send us another footnote today with direction to continuing holding until Friday.

Normally would not send you this level of detail, but given the situation, providing the below assessment for background on the increasing risk of execution. Thanks to the DSCA team for continued excellent responsiveness on this.

Hi Eric,

I would greatly appreciate your insight on this issue. L3Harris Technologies has been informed that there is a "hold" on FMS cases that are funded through Ukraine Security Assistance Initiative (USAI). USAI funding is 2019 defense-wide O&M funding that has gone through the congressional notification process and will expire on September 30.

We have been working with DSCA on executing three USAI cases through the FMS process. The FMS orders support the provision of critical communications capability to the Ukrainian military. The U.S. has supported providing the Ukrainians with this type of "non-lethal" support in the past.

CECOM notified us that the cases are on hold pending an OMB approval to continue with contracting actions. We've engaged with OMB to understand the issue but have been told there are larger policy issues involved here.

The impact of holding this case and allowing the funding to expire is extremely serious for us as the communications devices have been built and are ready to ship.

I'd greatly appreciate any guidance that you may be able to provide. Is this a temporary hold or one that has been solidified? Could we work with DoD to ship these capabilities to other partners/allies if U.S. policy has changed on providing USAI funding to the Ukrainians? Any information would be appreciated as we try to map out next steps for the business.

Many thanks for your time and consideration.

There was a follow up item (b) (5) . Can you all provide additional detail on the recent security cooperation funds to Ukraine?

Specifically,

What was the funding used for? i.e., did it go to U.S. firms?

Who funded it?

What do other NATO members spend to support Ukraine?

FYI - as I know you are still the CFO at heart:

Team obligated all of the $2.5B Section 284.

USAI is coming in at about $214.8M, so $35.2M short. This money will be reapportioned as 19/20 money under the CR.

Got the final committee approval for the $165M for AF/AFCENT (b) (5) this afternoon, along with a few other lower dollar items, so that funding is moving tonight as well.

A few other last minute sporty items that the team is handling with their usual expertise and humor.

Vr,
EM
