COMMUNICATION

VETO MESSAGE ON H.J. RES. 27

APRIL 10, 2023.—Ordered to be printed

U.S. GOVERNMENT PUBLISHING OFFICE

To the House of Representatives:

I am returning herewith without my approval H.J. Res. 27, a resolution that would disapprove the revised definition of “Waters of the United States”.

The 2023 revised definition of “Waters of the United States” carefully sets the bounds for which bodies of water are protected under the Clean Water Act. It provides clear rules of the road that will help advance infrastructure projects, economic investments, and agricultural activities—all while protecting water quality and public health.

The resolution would leave Americans without a clear definition of “Waters of the United States”. The increased uncertainty caused by H.J. Res. 27 would threaten economic growth, including for agriculture, local economies, and downstream communities. Farmers would be left wondering whether artificially irrigated areas remain excluded or not. Construction crews would be left wondering whether their waterfilled gravel pits remain excluded or not. The resolution would also negatively affect tens of millions of United States households that depend on healthy wetlands and streams.

Therefore, I am vetoing this resolution.

JOSEPH R. BIDEN, Jr.

THE WHITE HOUSE, *April 6, 2023.*
