Subpart 9903.1—General

9903.101 Cost Accounting Standards.

Public Law 100-679 (41 U.S.C. 422) requires certain contractors and subcontractors to comply with Cost Accounting Standards (CAS) and to disclose in writing and follow consistently their cost accounting practices.

9903.102 OMB approval under the Paperwork Reduction Act.

The Paperwork Reduction Act of 1980 (Pub. L. 96-511) imposes a requirement on Federal agencies to obtain approval from the Office of Management and Budget (OMB) before collecting information from ten or more members of the public. The information collection and recordkeeping requirements contained in this regulation have been approved by OMB. OMB has assigned Control Numbers 0348-0051 and 0348-0055 to the paperwork, recordkeeping and forms associated with this regulation.

Subpart 9903.2—CAS Program Requirements

9903.201 Contract requirements.

9903.201-1 CAS applicability.

(a) This subsection describes the rules for determining whether a proposed contract or subcontract is exempt from CAS. (See 9904 or 9905, as applicable.) Negotiated contracts not exempt in accordance with 9903.201-1(b) shall be subject to CAS. A CAS-covered contract may be subject to full, modified or other types of CAS coverage.

The rules for determining the applicable type of CAS coverage are in 9903.201-2.

(b) The following categories of contracts and subcontracts are exempt from all CAS requirements:

(1) Sealed bid contracts.

(2) Negotiated contracts and subcontracts not in excess of \$500,000. For purposes of this paragraph (b)(2) an order issued by one segment to another segment shall be treated as a subcontract.

(3) Contracts and subcontracts with small businesses.

(4) Contracts and subcontracts with foreign governments or their agents or instrumentalities or, insofar as the requirements of CAS other than 9904.401 and 9904.402 are concerned, any contract or subcontract awarded to a foreign concern.

(5) Contracts and subcontracts in which the price is set by law or regulation.

(6) Firm fixed-price contracts and subcontracts for the acquisition of commercial items.

(7)–(11) [Reserved]

(12) Contracts and subcontracts awarded to the United Kingdom contractor for performance substantially in the United Kingdom, provided that the contractor has filed with the United Kingdom Ministry of Defence, for retention by the Ministry, a completed Disclosure Statement (Form No. CASB-DS-1) which shall adequately describe its cost accounting practices. Whenever that contractor is already required to follow U.K. Government Accounting Conventions, the disclosed practices shall be in accord with the requirements of those conventions. (See 9903.201-4(d).)

(13) Subcontractors under the NATO PHM Ship program to be performed outside the United States by a foreign concern.

(14) Contracts and subcontracts to be executed and performed entirely outside the United States, its territories, and possessions.

(15) Firm-fixed-price contracts and subcontracts awarded without submission of any cost data.

[57 FR 14153, Apr. 17, 1992; 57 FR 34167, Aug. 3, 1992, as amended at 58 FR 58801, Nov. 4, 1993; 59 FR 55753, Nov. 8, 1994; 60 FR 16540, Mar. 30, 1995; 61 FR 39361, July 29, 1996]

9903.201-2 Types of CAS coverage.

(a) *Full coverage.* Full coverage requires that the business unit comply with all of the CAS specified in part 9904 that are in effect on the date of the contract award and with any CAS that become applicable because of later award of a CAS-covered contract. Full coverage applies to contractor business units that—

(1) Receive a single CAS-covered contract award of \$25 million or more; or

(2) Received \$25 million or more in net CAS-covered awards during its preceding cost accounting period, of which, at least one award exceeded \$1 million.

(b) *Modified coverage.* (1) Modified CAS coverage requires only that the contractor comply with Standard 9904.401, Consistency in Estimating, Accumulating, and Reporting Costs, Standard 9904.402, Consistency in Allocating Costs Incurred for the Same Purpose, Standard 9904.405, Accounting for Unallowable Costs, and Standard 9904.406, Cost Accounting Standard—Cost Accounting Period. Modified, rather than full, CAS coverage may be applied to a covered contract of less than \$25 million awarded to a business unit that received less than \$25 million in net CAS-covered awards in the immediately preceding cost accounting period. It also applies to covered contracts of business units that received more than \$25 million in net CAS covered awards in the immediately preceding cost accounting period, wherein no single contract award exceeded \$1 million.

(2) If any one contract is awarded with modified CAS coverage, all CAS-covered contracts awarded to the business unit during that cost accounting period must also have modified coverage with the following exception: if the business unit receives a single

CAS-covered contract award of \$25 million or more, that contract must be subject to full CAS coverage. Thereafter, any covered contract awarded in the same cost accounting period must also be subject to full CAS coverage.

(3) A contract awarded with modified CAS coverage shall remain subject to such coverage throughout its life regardless of changes in the business unit's CAS status during subsequent cost accounting periods.

(c) *Coverage for educational institutions—(1) Regulatory requirements.* Parts 9903 and 9905 apply to educational institutions except as otherwise provided in this paragraph (c) and at 9903.202-1(f).

(2) *Definitions.* (i) The following term is prominent in parts 9903 and 9905. Other terms defined elsewhere in this chapter 99 shall have the meanings ascribed to them in those definitions unless paragraph (c)(2)(ii) of this subsection below requires otherwise.

Educational institution means a public or nonprofit institution of higher education, e.g., an accredited college or university, as defined in section 1201(a) of Public Law 89-329, November 8, 1965, Higher Education Act of 1965; (20 U.S.C. 1141(a)).

(ii) The following modifications of terms defined elsewhere in this chapter 99 are applicable to educational institutions:

Business unit means any segment of an educational institution, or an entire educational institution which is not divided into segments.

Segment means one of two or more divisions, campus locations, or other subdivisions of an educational institution that operate as independent organizational entities under the auspices of the parent educational institution and report directly to an intermediary group office or the governing central system office of the parent educational institution. Two schools of instruction operating under one division, campus location or other subdivision would not be separate segments unless they follow different cost accounting practices, for example, the School of Engineering should not be treated as a separate segment from the School of Humanities if they both are part of the same division's cost accounting system and are subject to the same cost accounting

practices. The term includes Government-owned contractor-operated (GOCO) facilities, Federally Funded Research and Developments Centers (FFRDCs), and joint ventures and subsidiaries (domestic and foreign) in which the institution has a majority ownership. The term also includes those joint ventures and subsidiaries (domestic and foreign) in which the institution has less than a majority of ownership, but over which it exercises control.

(3) *Applicable standards.* Coverage for educational institutions requires that the business unit comply with all of the CAS specified in part 9905 that are in effect on the date of the contract award and with any CAS that become applicable because of later award of a CAS-covered contract. This coverage applies to business units that receive negotiated contracts in excess of \$500,000, except for CAS-covered contracts awarded to FFRDCs operated by an educational institution.

(4) *FFRDCs.* Negotiated contracts awarded to an FFRDC operated by an educational institution are subject to the full or modified CAS coverage prescribed in paragraphs (a) and (b) of this subsection. CAS-covered FFRDC contracts shall be excluded from the institution's universe of contracts when determining CAS applicability and disclosure requirements for contracts other than those to be performed by the FFRDC.

(5) *Contract clauses.* The contract clause at 9903.201-4(e) shall be incorporated in each negotiated contract and subcontract awarded to an educational institution when the negotiated contract or subcontract price exceeds \$500,000. For CAS-covered contracts awarded to a FFRDC operated by an educational institution, however, the full or modified CAS contract clause specified at 9903.201-4 (a) or (c), as applicable, shall be incorporated.

(6) *Continuity in fully CAS-covered contracts.* Where existing contracts awarded to an educational institution incorporate full CAS coverage, the contracting officer may continue to apply full CAS coverage, as prescribed at 9903.201-2(a), in future awards made to that educational institution.

(d) *Subcontracts.* Subcontract awards subject to CAS require the same type of CAS coverage as would prime contracts awarded to the same business unit. In measuring total net CAS-covered awards for a year, a transfer by one segment to another shall be deemed to be a subcontract award by the transferor.

(e) *Foreign concerns.* Contracts with foreign concerns subject to CAS shall only be subject to Standard 9904.401, Consistency in Estimating, Accumulating, and Reporting Costs, and Standard 9904.402, Consistency in Allocating Costs Incurred for the Same Purpose.

9903.201-3 Solicitation provisions.

(a) Cost Accounting Standards Notices and Certification. (1) The contracting officer shall insert the provision set forth below, Cost Accounting Standards Notices and Certification, in solicitations for proposed contracts subject to CAS as specified in 9903.201. The provision allows offerors to—

- (i) Certify their Disclosure Statement status;
- (ii) [Reserved];
- (iii) Claim exemption from full CAS coverage and elect modified CAS coverage when appropriate; and
- (iv) Certify whether award of the contemplated contract would require a change to existing cost accounting practices.

(2) If an award to an educational institution is contemplated prior to July 1, 1997, the contracting officer shall use the basic provision set forth below with its Alternate I, unless the contract is to be performed by an FFRDC (see 9903.201(c)(5)), or the provision at 9903.201(c)(6) applies.

COST ACCOUNTING STANDARDS NOTICES AND CERTIFICATIONS (JULY 1996)

NOTE: This notice does not apply to small businesses or foreign governments.

This notice is in three parts, identified by Roman numerals I through III.

Offerors shall examine each part and provide the requested information in order to determine Cost Accounting Standards (CAS) requirements applicable to any resultant contract.

If the offeror is an educational institution, Part II does not apply unless the contemplated contract will be subject to full or modified CAS-coverage pursuant to 9903.201-2(c)(5) or 9903.201-2(c)(6).

I. Disclosure Statement—Cost Accounting Practices and Certifications

(a) Any contract in excess of \$500,000 resulting from this solicitation, except for those contracts which are exempt as specified in 9903.201-1.

(b) Any offeror submitting a proposal which, if accepted, will result in a contract subject to the requirements of 48 CFR, chapter 99 must, as a condition of contracting, submit a Disclosure Statement as required by 9903.202. When required, the Disclosure Statement must be submitted as a part of the offeror's proposal under this solicitation unless the offeror has already submitted a Disclosure Statement disclosing the practices used in connection with the pricing of this proposal. If an applicable Disclosure Statement has already been submitted, the offeror may satisfy the requirement for submission by providing the information requested in paragraph (c) of Part I of this provision.

CAUTION: In the absence of specific regulations or agreement, a practice disclosed in a Disclosure Statement shall not, by virtue of such disclosure, be deemed to be a proper, approved, or agreed-to-practice for pricing proposals or accumulating and reporting contract performance cost data.

(c) Check the appropriate box below:

(1) Certificate of Concurrent Submission of Disclosure Statement.

The offeror hereby certifies that, as a part of the offer, copies of the Disclosure Statement have been submitted as follows: (i) Original and one copy to the cognizant Administrative Contracting Officer (ACO) or cognizant Federal agency official authorized to act in that capacity, as applicable, and (ii) one copy to the cognizant Federal auditor.

(Disclosure must be on Form No. CASB DS-1 or CASB DS-2, as applicable. Forms may be obtained from the cognizant ACO or cognizant Federal agency official acting in that capacity and/or from the looseleaf version of the Federal Acquisition Regulation.)
Date of Disclosure Statement: _____
Name and Address of Cognizant ACO or Federal Official where filed: _____

The offeror further certifies that the practices used in estimating costs in pricing this proposal are consistent with the cost accounting practices disclosed in the Disclosure Statement.

(2) Certificate of Previously Submitted Disclosure Statement. The offeror hereby certifies that the required Disclosure Statement was filed as follows:
Date of Disclosure Statement: _____

Name and Address of Cognizant ACO or Federal Official where filed: _____

The offeror further certifies that the practices used in estimating costs in pricing this proposal are consistent with the cost accounting practices disclosed in the applicable Disclosure Statement.

(3) Certificate of Monetary Exemption.

The offeror hereby certifies that the offeror, together with all divisions, subsidiaries, and affiliates under common control, did not receive net awards of negotiated prime contracts and subcontracts subject to CAS totaling more than \$25 million (of which at least one award exceeded \$1 million) in the cost accounting period immediately preceding the period in which this proposal was submitted. The offeror further certifies that if such status changes before an award resulting from this proposal, the offeror will advise the Contracting Officer immediately.

(4) Certificate of Interim Exemption.

The offeror hereby certifies that (i) the offeror first exceeded the monetary exemption for disclosure, as defined in (3) above, in the cost accounting period immediately preceding the period in which this offer was submitted and (ii) in accordance with 9903.202-1, the offeror is not yet required to submit a Disclosure Statement. The offeror further certifies that if an award resulting from this proposal has not been made within 90 days after the end of that period, the offeror will immediately submit a revised certificate to the Contracting Officer, in the form specified under subparagraph (c)(1) or (c)(2) of Part I of this provision, as appropriate, to verify submission of a completed Disclosure Statement.

CAUTION: Offerors currently required to disclose because they were awarded a CAS-covered prime contract or subcontract of \$25 million or more in the current cost accounting period may not claim this exemption (4). Further, the exemption applies only in connection with proposals submitted before expiration of the 90-day period following the cost accounting period in which the monetary exemption was exceeded.

II. Cost Accounting Standards—Eligibility for Modified Contract Coverage

If the offeror is eligible to use the modified provisions of 9903.201-2(b) and elects to do so, the offeror shall indicate by checking the box below. Checking the box below shall mean that the resultant contract is subject to the Disclosure and Consistency of Cost Accounting Practices clause in lieu of the Cost Accounting Standards clause.

The offeror hereby claims an exemption from the Cost Accounting Standards clause under the provisions of 9903.201-2(b) and certifies that the offeror is eligible for use of the Disclosure and Consistency of Cost Accounting Practices clause because during the

cost accounting period immediately preceding the period in which this proposal was submitted, the offeror received less than \$25 million in awards of CAS-covered prime contracts and subcontracts, or the offeror did not receive a single CAS-covered award exceeding \$1 million. The offeror further certifies that if such status changes before an award resulting from this proposal, the offeror will advise the Contracting Officer immediately.

CAUTION: An offeror may not claim the above eligibility for modified contract coverage if this proposal is expected to result in the award of a CAS-covered contract of \$25 million or more or if, during its current cost accounting period, the offeror has been awarded a single CAS-covered prime contract or subcontract of \$25 million or more.

III. Additional Cost Accounting Standards Applicable to Existing Contracts

The offeror shall indicate below whether award of the contemplated contract would, in accordance with subparagraph (a)(3) of the Cost Accounting Standards clause, require a change in established cost accounting practices affecting existing contracts and subcontracts.

Yes No

(End of provision)

ALTERNATE I (OCT 1994)

Insert the following subparagraph (5) at the end of Part I of the basic clause:

(5) Certificate of Disclosure Statement Due Date by Educational Institution. If the offeror is an educational institution that, under the transition provisions of 9903.202-1(f), is or will be required to submit a Disclosure Statement after receipt of this award, the offeror hereby certifies that (check one and complete):

(a) A Disclosure Statement filing Due Date of _____ has been established with the cognizant Federal agency.

(b) The Disclosure Statement will be submitted within the six month period ending _____ months after receipt of this award.

Name and Address of Cognizant ACO or Federal Official where Disclosure Statement is to be filed: _____

9903.201-4 Contract clauses.

(a) *Cost Accounting Standards.* (1) The contracting officer shall insert the clause set forth below, Cost Accounting Standards, in negotiated contracts, unless the contract is exempted (see 9903.201-1), the contract is subject to modified coverage (see 9903.201-2), or the clause prescribed in paragraph (d) or (e) of this section is used.

(2) The clause below requires the contractor to comply with all CAS specified in part 9904, to disclose actual cost accounting practices (applicable to CAS-covered contracts only), and to follow disclosed and established cost accounting practices consistently.

COST ACCOUNTING STANDARDS (JULY 1996)

(a) Unless the contract is exempt under 9903.201-1 and 9903.201-2, the provisions of 9903 are incorporated herein by reference and the Contractor in connection with this contract, shall—

(1) (CAS-covered Contracts Only) By submission of a Disclosure Statement, disclosed in writing the Contractor's cost accounting practices as required by 9903.202-1 through 9903.202-5 including methods of distinguishing direct costs from indirect costs and the basis used for allocating indirect costs. The practices disclosed for this contract shall be the same as the practices currently disclosed and applied on all other contracts and subcontracts being performed by the Contractor and which contain a Cost Accounting Standards (CAS) clause. If the Contractor has notified the Contracting Officer that the Disclosure Statement contains trade secrets, and commercial or financial information which is privileged and confidential, the Disclosure Statement shall be protected and shall not be released outside of the Government.

(2) Follow consistently the Contractor's cost accounting practices in accumulating and reporting contract performance cost data concerning this contract. If any change in cost accounting practices is made for the purposes of any contract or subcontract subject to CAS requirements, the change must be applied prospectively to this contract and the Disclosure Statement must be amended accordingly. If the contract price or cost allowance of this contract is affected by such changes, adjustment shall be made in accordance with subparagraph (a)(4) or (a)(5) of this clause, as appropriate.

(3) Comply with all CAS, including any modifications and interpretations indicated thereto contained in part 9904, in effect on the date of award of this contract or, if the Contractor has submitted cost or pricing data, on the date of final agreement on price as shown on the Contractor's signed certifi-

cate of current cost or pricing data. The Contractor shall also comply with any CAS (or modifications to CAS) which hereafter become applicable to a contract or subcontract of the Contractor. Such compliance shall be required prospectively from the date of applicability of such contract or subcontract.

(4)(i) Agree to an equitable adjustment as provided in the Changes clause of this contract if the contract cost is affected by a change which, pursuant to subparagraph (a)(3) of this clause, the Contractor is required to make to the Contractor's established cost accounting practices.

(ii) Negotiate with the Contracting Officer to determine the terms and conditions under which a change may be made to a cost accounting practice, other than a change made under other provisions of subparagraph (a)(4) of this clause; provided that no agreement may be made under this provision that will increase costs paid by the United States.

(iii) When the parties agree to a change to a cost accounting practice, other than a change under subdivision (a)(4)(i) of this clause, negotiate an equitable adjustment as provided in the Changes clause of this contract.

(5) Agree to an adjustment of the contract price or cost allowance, as appropriate, if the Contractor or a subcontractor fails to comply with an applicable Cost Accounting Standard, or to follow any cost accounting practice consistently and such failure results in any increased costs paid by the United States. Such adjustment shall provide for recovery of the increased costs to the United States, together with interest thereon computed at the annual rate established under section 6621 of the Internal Revenue Code of 1986 (26 U.S.C. 6621) for such period, from the time the payment by the United States was made to the time the adjustment is effected. In no case shall the Government recover costs greater than the increased cost to the Government, in the aggregate, on the relevant contracts subject to the price adjustment, unless the Contractor made a change in its cost accounting practices of which it was aware or should have been aware at the time of price negotiations and which it failed to disclose to the Government.

(b) If the parties fail to agree whether the Contractor or a subcontractor has complied with an applicable CAS in part 9904 or a CAS rule or regulation in part 9903 and as to any cost adjustment demanded by the United States, such failure to agree will constitute a dispute under the Contract Disputes Act (41 U.S.C. 601).

(c) The Contractor shall permit any authorized representatives of the Government to examine and make copies of any documents, papers, or records relating to compliance with the requirements of this clause.

(d) The Contractor shall include in all negotiated subcontracts which the

Contractor enters into, the substance of this clause, except paragraph (b), and shall require such inclusion in all other subcontracts, of any tier, including the obligation to comply with all CAS in effect on the subcontractor's award date or if the subcontractor has submitted cost or pricing data, on the date of final agreement on price as shown on the subcontractor's signed Certificate of Current Cost or Pricing Data. This requirement shall apply only to negotiated subcontracts in excess of \$500,000, except that the requirement shall not apply to negotiated subcontracts otherwise exempt from the requirement to include a CAS clause as specified in 9903.201-1.

(End of clause)

(b) [Reserved]

(c) *Disclosure and Consistency of Cost Accounting Practices.* (1) The contracting officer shall insert the clause set forth below, Disclosure and Consistency of Cost Accounting Practices, in negotiated contracts when the contract amount is over \$500,000 but less than \$25 million, and the offeror certifies it is eligible for and elects to use modified CAS coverage (see 9903.201-2, unless the clause prescribed in paragraph (d) of this subsection is used).

(2) The clause below requires the contractor to comply with CAS 9904.401, 9904.402, 9904.405, and 9904.406, to disclose (if it meets certain requirements) actual cost accounting practices, and to follow consistently disclosed and established cost accounting practices.

DISCLOSURE AND CONSISTENCY OF COST
ACCOUNTING PRACTICES (JULY 1996)

(a) The Contractor, in connection with this contract, shall—

(1) Comply with the requirements of 9904.401, Consistency in Estimating, Accumulating, and Reporting Costs; 9904.402, Consistency in Allocating Costs Incurred for the Same Purpose; 9904.405, Accounting for Unallowable Costs; and 9904.406, Cost Accounting Standard—Cost Accounting Period, in effect on the date of award of this contract, as indicated in part 9904.

(2) (CAS-covered Contracts Only) If it is a business unit of a company required to submit a Disclosure Statement, disclose in writing its cost accounting practices as required by 9903.202-1 through 9903.202-5. If the Contractor has notified the Contracting Officer that the Disclosure Statement contains trade secrets and commercial or financial in-

formation which is privileged and confidential, the Disclosure Statement shall be protected and shall not be released outside of the Government.

(3)(i) Follow consistently the Contractor's cost accounting practices. A change to such practices may be proposed, however, by either the Government or the Contractor, and the Contractor agrees to negotiate with the Contracting Officer the terms and conditions under which a change may be made. After the terms and conditions under which the change is to be made have been agreed to, the change must be applied prospectively to this contract, and the Disclosure Statement, if affected, must be amended accordingly.

(ii) The Contractor shall, when the parties agree to a change to a cost accounting practice and the Contracting Officer has made the finding required in 9903.201-6(b) that the change is desirable and not detrimental to the interests of the Government, negotiate an equitable adjustment as provided in the Changes clause of this contract. In the absence of the required finding, no agreement may be made under this contract clause that will increase costs paid by the United States.

(4) Agree to an adjustment of the contract price or cost allowance, as appropriate, if the Contractor or a subcontractor fails to comply with the applicable CAS or to follow any cost accounting practice, and such failure results in any increased costs paid by the United States. Such adjustment shall provide for recovery of the increased costs to the United States together with interest thereon computed at the annual rate of interest established under the Internal Revenue Code of 1986 (26 U.S.C. 6621), from the time the payment by the United States was made to the time the adjustment is effected.

(b) If the parties fail to agree whether the Contractor has complied with an applicable CAS rule, or regulation as specified in parts 9903 and 9904 and as to any cost adjustment demanded by the United States, such failure to agree will constitute a dispute under the Contract Disputes Act (41 U.S.C. 601).

(c) The Contractor shall permit any authorized representatives of the Government to examine and make copies of any documents, papers, and records relating to compliance with the requirements of this clause.

(d) The Contractor shall include in all negotiated subcontracts, which the Contractor enters into, the substance of this clause, except paragraph (b), and shall require such inclusion in all other subcontracts of any tier, except that—

(1) If the subcontract is awarded to a business unit which pursuant to 9903.201 is required to follow all CAS, the clause entitled "Cost Accounting Standards," set forth in 9903.201-4(a), shall be inserted in lieu of this clause; or

(2) This requirement shall apply only to negotiated subcontracts in excess of \$500,000.

(3) The requirement shall not apply to negotiated subcontracts otherwise exempt from the requirement to include a CAS clause as specified in 9903.201-1.

(End of clause)

(d) *Consistency in Cost Accounting Practices.* The contracting officer shall insert the clause set forth below, Consistency in Cost Accounting Practices, in negotiated defense contracts that are exempt from CAS requirements solely on the basis of the fact that the contract is to be awarded to a United Kingdom contractor and is to be performed substantially in the United Kingdom (see 9903.201-1(b)(12)).

CONSISTENCY IN COST ACCOUNTING PRACTICES
(APR 1992)

The Contractor agrees that it will consistently follow the cost accounting practices disclosed on Form CASB DS-1 in estimating, accumulating and reporting costs under this contract. In the event the Contractor fails to follow such practices, it agrees that the contract price shall be adjusted together with interest, if such failure results in increased cost paid by the U.S. Government. Interest shall be computed at the annual rate of interest established under section 6621 of the Internal Revenue Code of 1986 (26 U.S.C. 6621) from the time payment by the Government was made to the time adjustment is effected. The Contractor agrees that the Disclosure Statement filed with the U.K. Ministry of Defence shall be available for inspection and use by authorized representatives of the United States Government.

(End of clause)

(e) *Cost Accounting Standards—Educational Institutions.* (1) The contracting officer shall insert the clause set forth below, Cost Accounting Standards—Educational Institution, in negotiated contracts awarded to educational institutions, unless the contract is exempted (see 9903.201-1), the contract is to be performed by an FFRDC (see 9903.201-2(c)(5)), or the provision at 9903.201-2(c)(6) applies.

(2) The clause below requires the educational institution to comply with all CAS specified in part 9905, to disclose actual cost accounting practices as required by 9903.202-1(f), and to follow disclosed and established cost accounting practices consistently.

COST ACCOUNTING STANDARDS—EDUCATIONAL
INSTITUTIONS (JULY 1996)

(a) Unless the contract is exempt under 9903.201-1 and 9903.201-2, the provisions of part 9903 are incorporated herein by reference and the Contractor in connection with this contract, shall—

(1) (CAS-covered Contracts Only) If a business unit of an educational institution required to submit a Disclosure Statement, disclose in writing the Contractor's cost accounting practices as required by 9903.202-1 through 9903.202-5 including methods of distinguishing direct costs from indirect costs and the basis used for accumulating and allocating indirect costs. The practices disclosed for this contract shall be the same as the practices currently disclosed and applied on all other contracts and subcontracts being performed by the Contractor and which contain a Cost Accounting Standards (CAS) clause. If the Contractor has notified the Contracting Officer that the Disclosure Statement contains trade secrets, and commercial or financial information which is privileged and confidential, the Disclosure Statement shall be protected and shall not be released outside of the Government.

(2) Follow consistently the Contractor's cost accounting practices in accumulating and reporting contract performance cost data concerning this contract. If any change in cost accounting practices is made for the purposes of any contract or subcontract subject to CAS requirements, the change must be applied prospectively to this contract and the Disclosure Statement, if required, must be amended accordingly. If an accounting principle change mandated under Office of Management and Budget (OMB) Circular A-21, Cost Principles for Educational Institutions, requires that a change in the Contractor's cost accounting practices be made after the date of this contract award, the change must be applied prospectively to this contract and the Disclosure Statement, if required, must be amended accordingly. If the contract price or cost allowance of this contract is affected by such changes, adjustment shall be made in accordance with subparagraph (a)(4) or (a)(5) of this clause, as appropriate.

(3) Comply with all CAS, including any modifications and interpretations indicated thereto contained in 48 CFR part 9905, in effect on the date of award of this contract or, if the Contractor has submitted cost or pricing data, on the date of final agreement on price as shown on the Contractor's signed certificate of current cost or pricing data. The Contractor shall also comply with any CAS (or modifications to CAS) which hereafter become applicable to a contract or subcontract of the Contractor. Such compliance shall be required prospectively from the date

of applicability to such contract or subcontract.

(4)(i) Agree to an equitable adjustment as provided in the Changes clause of this contract if the contract cost is affected by a change which, pursuant to subparagraph (a)(3) of this clause, the Contractor is required to make to the Contractor's established cost accounting practices.

(ii) Negotiate with the Contracting Officer to determine the terms and conditions under which a change may be made to a cost accounting practice, other than a change made under other provisions of subparagraph (a)(4) of this clause; provided that no agreement may be made under this provision that will increase costs paid by the United States.

(iii) When the parties agree to a change to a cost accounting practice, other than a change under subdivision (a)(4)(i) or (a)(4)(iv) of this clause, negotiate an equitable adjustment as provided in the Changes clause of this contract.

(iv) Agree to an equitable adjustment as provided in the Changes clause of this contract, if the contract cost is materially affected by an OMB Circular A-21 accounting principle amendment which, on becoming effective after the date of contract award, requires the Contractor to make a change to the Contractor's established cost accounting practices.

(5) Agree to an adjustment of the contract price or cost allowance, as appropriate, if the Contractor or a subcontractor fails to comply with an applicable Cost Accounting Standard, or to follow any cost accounting practice consistently and such failure results in any increased costs paid by the United States. Such adjustment shall provide for recovery of the increased costs to the United States, together with interest thereon computed at the annual rate established under section 6621 of the Internal Revenue Code of 1986 (26 U.S.C. 6621) for such period, from the time the payment by the United States was made to the time the adjustment is effected. In no case shall the Government recover costs greater than the increased cost to the Government, in the aggregate, on the relevant contracts subject to the price adjustment, unless the Contractor made a change in its cost accounting practices of which it was aware or should have been aware at the time of price negotiations and which it failed to disclose to the Government.

(b) If the parties fail to agree whether the Contractor or a subcontractor has complied with an applicable CAS or a CAS rule or regulation in 9903 and as to any cost adjustment demanded by the United States, such failure to agree will constitute a dispute under the Contract Disputes Act (41 U.S.C. 601).

(c) The Contractor shall permit any authorized representatives of the Government to examine and make copies of any docu-

ments, papers, or records relating to compliance with the requirements of this clause.

(d) The Contractor shall include in all negotiated subcontracts which the Contractor enters into, the substance of this clause, except paragraph (b), and shall require such inclusion in all other subcontracts, of any tier, including the obligation to comply with all applicable CAS in effect on the subcontractor's award date or if the subcontractor has submitted cost or pricing data, on the date of final agreement on price as shown on the subcontractor's signed Certificate of Current Cost or Pricing Data, except that—

(1) If the subcontract is awarded to a business unit which pursuant to 9903.201-2 is subject to other types of CAS coverage, the substance of the applicable clause set forth in 9903.201-4 shall be inserted; and

(2) This requirement shall apply only to negotiated subcontracts in excess of \$500,000.

(3) The requirement shall not apply to negotiated subcontracts otherwise exempt from the requirement to include a CAS clause as specified in 9903.201-1.

(End of clause)

9903.201-5 Waiver.

(a) Upon request of an agency head or his designee, the Cost Accounting Standards Board may waive all or any part of the requirements of 9903.201-4(a), Cost Accounting Standards, or 9903.201-4(c), Disclosure and Consistency of Cost Accounting Practices, with respect to a contract subject to the Cost Accounting Standards. Any request for a waiver shall describe the proposed contract or subcontract for which the waiver is sought and shall contain—

(1) An unequivocal statement that the proposed contractor or subcontractor refuses to accept a contract containing all or a specified part of a CAS clause and the specific reason for that refusal;

(2) A statement as to whether the proposed contractor or subcontractor has accepted any prime contract or subcontract containing a CAS clause;

(3) The amount of the proposed award and the sum of all awards by the agency requesting the waiver to the proposed contractor or subcontractor in each of the preceding 3 years;

(4) A statement that no other source is available to satisfy the agency's needs on a timely basis;

(5) A statement of alternative methods considered for fulfilling the need and the agency's reasons for rejecting them;

(6) A statement of steps being taken by the agency to establish other sources of supply for future contracts for the products or services for which a waiver is being requested; and

(7) Any other information that may be useful in evaluating the request.

(b) Except as provided by the Cost Accounting Standards Board, the authority in 9903.201-5(a) shall not be delegated.

9903.201-6 Findings.

(a) Prior to making any equitable adjustment under the provisions of paragraph (a)(4)(iii) of the contract clause set forth in 9903.201-4(a) or 9903.201-4(e), the Contracting Officer shall make a finding that the change is desirable and is not detrimental to the interests of the Government.

(b) Prior to making any equitable adjustment under the provisions of paragraph (a)(3)(ii) of the contract clause set forth in 9903.201-4(c), the Contracting Officer shall make a finding that the change is desirable and is not detrimental to the interests of the Government.

[57 FR 14153, Apr. 17, 1992, as amended at 59 FR 55756, Nov. 8, 1994]

9903.201-7 Cognizant Federal agency responsibilities.

(a) The requirements of part 9903 shall, to the maximum extent practicable, be administered by the cognizant Federal agency responsible for a particular contractor organization or location, usually the Federal agency responsible for negotiating indirect cost rates on behalf of the Government. The cognizant Federal agency should take the lead role in administering the requirements of part 9903 and coordinating CAS administrative actions with all affected Federal agencies.

When multiple CAS-covered contracts or more than one Federal agency are involved, agencies should discourage Contracting Officers from individually administering CAS on a contract-by-contract basis. Coordinated administrative actions will provide greater assurances that individual contractors follow their cost accounting practices consistently under all their CAS-covered contracts and that changes in cost accounting practices or CAS non-compliance issues are resolved, equitably, in a uniform overall manner.

(b) Federal agencies shall prescribe regulations and establish internal policies and procedures governing how agencies will administer the requirements of CAS-covered contracts, with particular emphasis on inter-agency coordination activities. Procedures to be followed when an agency is and is not the cognizant Federal agency should be clearly delineated. Internal agency policies and procedures shall provide for the designation of the agency office(s) or officials responsible for administering CAS under the agency's CAS-covered contracts at each contractor business unit and the delegation of necessary contracting authority to agency individuals authorized to administer the terms and conditions of CAS-covered contracts, e.g., Administrative Contracting Officers (ACOs) or other agency officials authorized to perform in that capacity. Agencies are urged to coordinate on the development of such regulations.

[59 FR 55756, Nov. 8, 1994]

9903.202 Disclosure requirements.

9903.202-1 General requirements.

(a) A Disclosure Statement is a written description of a contractor's cost accounting practices and procedures. The submission of a new or revised Disclosure Statement is not required for any non-CAS-covered contract or from any small business concern.

(b) Completed Disclosure Statements are required in the following circumstances:

(1) Any business unit that is selected to receive a CAS-covered contract or subcontract of \$25 million or more shall submit a Disclosure Statement before award.

(2) Any company which, together with its segments, received net awards of negotiated prime contracts and subcontracts subject to CAS totaling more than \$25 million in its most recent cost accounting period, of which, at least one award exceeded \$1 million, must submit a Disclosure Statement before award of its first CAS-covered contract in the immediately following cost accounting period. However, if the first CAS-covered contract is received within 90 days of the start of the cost accounting period, the contractor is not required to file until the end of 90 days.

(c) When a Disclosure Statement is required, a separate Disclosure Statement must be submitted for each segment whose costs included in the total price of any CAS-covered contract or subcontract exceed \$500,000, unless (i) The contract or subcontract is of the type or value exempted by 9903.201-1 or (ii) In the most recently completed cost accounting period the segment's CAS-covered awards are less than 30 percent of total segment sales for the period and less than \$10 million.

(d) Each corporate or other home office that allocates costs to one or more disclosing segments performing CAS-covered contracts must submit a Part VIII of the Disclosure Statement.

(e) Foreign contractors and subcontractors who are required to submit a Disclosure Statement may, in lieu of filing a Form No. CASB-DS-1, make disclosure by using a disclosure form prescribed by an agency of its Government, provided that the Cost Accounting Standards Board determines that the information disclosed by that means will satisfy the objectives of Public Law 100-679. The use of alternative forms has been approved for the contractors of the following countries:

- (1) Canada.
- (2) Federal Republic of Germany.

(f) *Educational institutions—disclosure requirements.* (1) Educational institutions receiving contracts subject to the CAS specified in part 9905 are subject to the requirements of 9903.202, except that completed Disclosure Statements are required in the following circumstances.

(2) *Basic requirement.* For CAS-covered contracts placed on or after Janu-

ary 1, 1996, completed Disclosure Statements are required as follows:

(i) Any business unit of an educational institution that is selected to receive a CAS-covered contract or subcontract in excess of \$500,000 and is part of a college or university location listed in Exhibit A of Office of Management and Budget (OMB) Circular A-21 shall submit a Disclosure Statement before award. A Disclosure Statement is not required, however, if the listed entity can demonstrate that the net amount of Federal contract and financial assistance awards received during its immediately preceding cost accounting period was less than \$25 million.

(ii) Any business unit that is selected to receive a CAS-covered contract or subcontract of \$25 million or more shall submit a Disclosure Statement before award.

(iii) Any educational institution which, together with its segments, received net awards of negotiated prime contracts and subcontracts subject to CAS totaling \$25 million or more in its most recent cost accounting period, of which, at least one award exceeded \$1 million, must submit a Disclosure Statement before award of its first CAS-covered contract in the immediately following cost accounting period. However, if the first CAS-covered contract is received within 90 days of the start of the cost accounting period, the institution is not required to file until the end of 90 days.

(3) *Transition period requirement.* For CAS-covered contracts placed on or before December 31, 1995, completed Disclosure Statements are required as follows:

(i) For business units that are selected to receive a CAS-covered contract or subcontract in excess of \$500,000 and are part of the first 20 college or university locations (i.e., numbers 1 through 20) listed in Exhibit A of OMB Circular A-21, Disclosure Statements shall be submitted within six months after the date of contract award.

(ii) For business units that are selected to receive a CAS-covered contract or subcontract in excess of \$500,000 and are part of a college or university location that is listed as one of

the institutions numbered 21 through 50, in Exhibit A of OMB Circular A-21, Disclosure Statements shall be submitted during the six month period ending twelve months after the date of contract award.

(iii) For business units that are selected to receive a CAS-covered contract or subcontract in excess of \$500,000 and are part of a college or university location that is listed as one of the institutions numbered 51 through 99, in Exhibit A of OMB Circular A-21, Disclosure Statements shall be submitted during the six month period ending eighteen months after the date of contract award.

(iv) For any other business unit that is selected to receive a CAS-covered contract or subcontract of \$25 million or more, a Disclosure Statement shall be submitted within six months after the date of contract award.

(4) *Transition period due dates.* The educational institution and cognizant Federal agency should establish a specific due date within the periods prescribed in 9903.202-1(f)(3) when a Disclosure Statement is required under a CAS-covered contract placed on or before December 31, 1995.

(5) *Transition period waiver authority.* For a CAS-covered contract to be awarded during the period January 1, 1996, through June 30, 1997, the awarding agency may waive the preaward Disclosure Statement submission requirement specified in 9903.202-1(f)(2) when a due date for the submission of a Disclosure Statement has previously been established by the cognizant Federal agency and the educational institution under the provisions of 9903.202-1(f)(3) and (4).

CAUTION: This waiver authority is not available unless the cognizant Federal agency and the educational institution have established a disclosure statement due date pursuant to a written agreement executed prior to January 1, 1996, and award is made prior to the established disclosure statement due date.

[57 FR 14153, Apr. 17, 1992; 57 FR 34167, Aug. 3, 1992, as amended at 58 FR 58802, Nov. 4, 1993; 59 FR 55756, Nov. 8, 1994]

9903.202-2 Impracticality of submission.

The agency head may determine that it is impractical to secure the Disclosure Statement, although submission is required, and authorize contract award without obtaining the Statement. He shall, within 30 days of having done so, submit a report to the Cost Accounting Standards Board setting forth all material facts. This authority may not be delegated.

9903.202-3 Amendments and revisions.

Contractors and subcontractors are responsible for maintaining accurate Disclosure Statements and complying with disclosed practices. Amendments and revisions to Disclosure Statements may be submitted at any time and may be proposed by either the contractor or the Government. Resubmission of complete, updated, Disclosure Statements is discouraged except when extensive changes require it to assist the review process.

9903.202-4 Privileged and confidential information.

If the offeror or contractor notifies the contracting officer that the Disclosure Statement contains trade secrets and commercial or financial information, which is privileged and confidential, the Disclosure Statement shall be protected and shall not be released outside the Government.

9903.202-5 Filing Disclosure Statements.

(a) Disclosure must be on Form Number CASB DS-1 or CASB DS-2, as applicable. Forms may be obtained from the cognizant Federal agency (cognizant ACO or cognizant Federal agency official authorized to act in that capacity) or from the looseleaf version of the Federal Acquisition Regulation. When requested in advance by a contractor, the cognizant Federal agency may authorize contractor disclosure based on computer generated reproductions of the applicable Disclosure Statement Form.

(b) Offerors are required to file Disclosure Statements as follows:

(1) Original and one copy with the cognizant ACO or cognizant Federal agency official acting in that capacity, as applicable; and

(2) One copy with the cognizant Federal auditor.

(c) Amendments and revisions shall be submitted to the ACO or agency official acting in that capacity, as applicable, and the Federal auditor of the currently cognizant Federal agency.

[59 FR 55757, Nov. 8, 1994]

9903.202-6 Adequacy of Disclosure Statement.

Federal agencies shall prescribe regulations and establish internal procedures by which each will promptly determine on behalf of the Government, when serving as the cognizant Federal agency for a particular contractor location, that a Disclosure Statement has adequately disclosed the practices required to be disclosed by the Cost Accounting Standards Board's rules, regulations and Standards. The determination of adequacy shall be distributed to all affected agencies. Agencies are urged to coordinate on the development of such regulations.

[59 FR 55757, Nov. 8, 1994]

9903.202-7 [Reserved]

9903.202-8 Subcontractor Disclosure Statements.

(a) The contractor or higher tier subcontractor is responsible for administering the CAS requirements contained in subcontracts.

(b) If the subcontractor has previously furnished a Disclosure Statement to an ACO, the subcontractor may satisfy the submission requirement by identifying to the contractor or higher tier subcontractor the ACO to whom it was submitted.

(c)(1) If the subcontractor considers the Disclosure Statement (or other similar information) privileged or confidential, the subcontractor may submit it directly to the ACO and auditor cognizant of the subcontractor, notifying the contractor or higher tier subcontractor. A preaward determination of adequacy is not required in such cases. Instead, the ACO cognizant of the subcontractor shall

(i) Notify the auditor that the adequacy review will be performed during the postaward compliance review and, upon completion,

(ii) Notify the subcontractor, the contractor or higher tier subcontractor, and the cognizant ACOs of the findings.

(2) Even though a Disclosure Statement is not required, a subcontractor may

(i) Claim that CAS-related reviews by contractors or higher tier subcontractors would reveal proprietary data or jeopardize the subcontractor's competitive position and

(ii) Request that the Government perform the required reviews.

(d) When the Government requires determinations of adequacy or inadequacy, the ACO cognizant of the subcontractor shall make such recommendation to the ACO cognizant of the prime contractor or next higher tier subcontractor. ACOs cognizant of higher tier subcontractors or prime contractors shall not reverse the determination of the ACO cognizant of the subcontractor.

9903.202-9 Illustration of Disclosure Statement Form, CASB-DS-1.

The data which are required to be disclosed are set forth in detail in the Disclosure Statement Form, CASB-DS-1, which is illustrated below:

COST ACCOUNTING STANDARDS BOARD DISCLOSURE STATEMENT REQUIRED BY PUBLIC LAW 100-679	GENERAL INSTRUCTIONS
<p>1. This Disclosure Statement has been designed to meet the requirements of Public Law 100-679, and persons completing it are to describe the contractor and its contract cost accounting practices. For complete regulations, instructions and timing requirements concerning submission of the Disclosure Statement, refer to Section 9903.202 of Chapter 99 Of Title 48 CFR (48 CFR 9903.202).</p> <p>2. Part I of the Statement provides general information concerning each reporting unit (e.g., segment, Corporate or other intermediate level home office, or a business unit). Parts II through VII pertain to the types of costs generally incurred by the segment or business unit directly performing Federal contracts or similar cost objectives. Part VIII pertains to the types of costs that are generally incurred by a Home office and are allocated to one or more segments performing Federal contracts. For a definition of the term "home office", see 48 CFR 9904.403.</p> <p>3. Each segment or business unit required to disclose its cost accounting practices should complete the Cover Sheet, the Certification, and Parts I through VII.</p> <p>4. Each home office required to disclose its cost accounting practices for measuring, assigning and allocating its costs to segments performing Federal contracts or similar cost objectives shall complete the Cover Sheet, the Certification, Part I and Part VIII of the Disclosure Statement. Where a home office either establishes practices or procedures for the types of costs covered by Parts V, VI and VII, or incurs and then allocates these types of cost to its segments, the home office may complete Parts V, VI and VII to be included in the Disclosure Statement submitted by its segments. While a home office may have more than one segment submitting Disclosure Statements, only one Statement needs to be submitted to cover the home office operations.</p> <p>5. The Statement must be signed by an authorized signatory of the reporting unit.</p> <p>6. The Disclosure Statement should be answered by marking the appropriate line or inserting the applicable letter code which describes the segment's (reporting unit's) cost accounting practices.</p> <p>7. A number of questions in this Statement may need narrative answers requiring more space than is provided. In such instances, the reporting unit should use the attached continuation sheet provided. The continuation sheet may be reproduced locally as needed. The number of the question involved should be indicated and the same coding required to answer the questions in the Statement should be used in presenting the answer on the continuation sheet. Continuation sheets should be inserted at the end of the pertinent Part of the Statement. On each continuation sheet, the reporting unit should enter the next sequential page number for that Part and, on the last continuation sheet used, the words "End of Part" should be inserted after the last entry.</p> <p>8. Where the cost accounting practice being disclosed is clearly set forth in the contractor's existing written accounting policies and procedures, such documents may be cited on a continuation sheet and incorporated by reference at the option of the contractor. In such cases, the contractor should provide the date of issuance and effective date for each accounting policy and/or procedures document cited. Alternatively, copies of the relevant parts of such documents may be attached as appendices to the pertinent Disclosure Statement Part. Such continuation sheets and appendices should be labeled and cross-referenced with the applicable Disclosure Statement number and follow the page number specified in paragraph 7. Any supplementary comments needed to adequately describe the cost accounting practice being disclosed should also be provided.</p> <p>9. Disclosure Statements must be amended when cost accounting practices are changed to comply with a new CAS or when practices are changed with or without knowledge of the Government (Also see 48 CFR 9903.202-3).</p>	

COST ACCOUNTING STANDARDS BOARD DISCLOSURE STATEMENT REQUIRED BY PUBLIC LAW 100-679	GENERAL INSTRUCTIONS
<p>10. Amendments shall be submitted to the same offices to which submission would have been made were an original Disclosure Statement filed.</p> <p>11. Each amendment, or set of amendments should be accompanied by an amended cover sheet (indicating revision number and effective date of the change) and a signed certification. For all resubmissions, on each page, insert "Revision Number ____" and "Effective Date ____" in the Item Description block; and, insert a revision mark (e.g., "R") in the right hand margin of any line that is revised. Completely resubmitted Disclosure Statements must be accompanied by similar notations identifying the items which have been changed.</p> <p>12. Use of this Disclosure Statement, amended February 1996, shall be phased in as follows:</p> <p>A. <u>New Contractors</u>. This form shall be used by new contractors when they are initially required to disclose their cost accounting practices pursuant to 9903.202-1.</p> <p>B. <u>Existing Contractors</u>. If a contractor has disclosed its cost accounting practices on a prior edition of the Disclosure Statement (CASB DS-1), such disclosure shall remain in effect until the contractor amends or revises a significant portion of the Disclosure Statement in accordance with CAS 9903.202-3. Minor amendments to an existing DS-1 may continue to be made using the prior form. However, when a substantive change is made, a complete Disclosure Statement must be filed using this form. In any event, all contractors and subcontractors must submit a new Disclosure Statement (this version of the CASB DS-1) not later than the beginning of the contractor's next full fiscal year after December 31, 1998.</p> <p>ATTACHMENT - Blank Continuation Sheet</p>

	<u>Part II Instructions</u>	
	<p>This part covers the three major categories of direct costs, i.e., Direct Material, Direct Labor, and Other Direct Costs.</p> <p>It is not the intent here to spell out or define the three elements of direct costs. Rather, each contractor should disclose practices based on its own definitions of what costs are, or will be, charged directly to Federal contracts or similar cost objectives as Direct Material, Direct Labor, or Other Direct Costs. For example, a contractor may charge or classify purchased labor of a direct nature as "Direct Material" for purposes of pricing proposals, requests for progress payments, claims for cost reimbursement, etc.; some other contractor may classify the same cost as "Direct Labor," and still another as "Other Direct Costs." In these circumstances, it is expected that each contractor will disclose practices consistent with its own classifications of Direct Material, Direct Labor, and Other Direct Costs.</p>	
2.1.0	<p><u>Description of Direct Material.</u> Direct material as used here is <u>not</u> limited to those items of material actually incorporated into the end product; they also include material, consumable supplies, and other costs when charged to Federal contracts or similar cost objectives as Direct Material. (Describe on a continuation sheet the principal classes or types of material and services which are charged as direct material; group the material and service costs by those which are incorporated in an end product and those which are not.)</p>	
2.2.0	<p><u>Method of Charging Direct Material.</u></p>	
2.2.1	<p><u>Direct Charge Not Through an Inventory Account at:</u> (Mark the appropriate line(s) and if more than one is marked, explain on a continuation sheet.)</p> <p>A. <input type="checkbox"/> Standard costs (Describe the type of standards used.) <u>1/</u> B. <input type="checkbox"/> Actual Costs Y. <input type="checkbox"/> Other(s) <u>1/</u> Z. <input type="checkbox"/> Not applicable</p>

In the case of such a special allocation, the terms "less than full rate" or "more than full rate" should be used to describe the practice. The terms do <u>not</u> apply to situations where, as in some cases of off-site activities, etc., a separate indirect cost pool and base are used and the rate for such activities is lower than the "in-house" rate.</p> <p>For each of the transactions or costs listed below, enter one of the following codes to indicate your indirect cost allocation practice with respect to that transaction or cost. If Code A, full rate, is entered, identify on a continuation sheet the pool(s) reported under items 4.1.0, 4.2.0, and 4.3.0, which are applicable. 	<p>This part covers the measurement and assignment of costs for employee pensions, post retirement benefits other than pensions (including post retirement health benefits), certain other types of deferred compensation, and insurance. Some organizations may incur all of these costs at the corporate or home office level, while others may incur them at subordinate organizational levels. Still others may incur a portion of these costs at the corporate level and the balance at subordinate organizational levels.</p> <p>Where the segment (reporting unit) does not directly incur such costs, the segment should, on a continuation sheet, identify the organizational entity that incurs and records such costs, and should require that entity to complete the applicable portions of this Part VII. Each such entity is to fully disclose the methods and techniques used to measure, assign, and allocate such costs to the segment(s) performing Federal contracts or similar cost objectives. Necessary explanations required to achieve that objective should be provided by the entity on a continuation sheet.</p> <p>Where a home office either establishes practices or procedures for the types of costs covered in this Part VII or incurs and then allocates those costs to its segments, the home office may complete this Part to be included in the submission by the segment as indicated on page (i) 4., <u>General Instructions</u>.</p>

<p>COST ACCOUNTING STANDARDS BOARD DISCLOSURE STATEMENT REQUIRED BY PUBLIC LAW 100-679 EDUCATIONAL INSTITUTIONS</p>	<p>GENERAL INSTRUCTIONS</p>
<p>1. This Disclosure Statement has been designed to meet the requirements of Public Law 100-679, and persons completing it are to describe the educational institution and its cost accounting practices. For complete regulations, instructions and timing requirements concerning submission of the Disclosure Statement, refer to Section 9903.202 of Chapter 99 of Title 48 CFR (48 CFR 9903).</p> <p>2. Part I of the Statement provides general information concerning each reporting unit (e.g., segments, business units, and central system or group (intermediate administration) offices). Parts II through VI pertain to the types of costs generally incurred by the segment or business unit directly performing under Federally sponsored agreements (e.g., contracts, grants and cooperative agreements). Part VII pertains to the types of costs that are generally incurred by a central or group office and are allocated to one or more segments performing under Federally sponsored agreements.</p> <p>3. Each segment or business unit required to disclose its cost accounting practices should complete the Cover Sheet, the Certification, and Parts I through VI.</p> <p>4. Each central or group office required to disclose its cost accounting practices for measuring, assigning and allocating its costs to segments performing under Federally sponsored agreements should complete the Cover Sheet, the Certification, Part I and Part VII of the Disclosure Statement. Where a central or group office incurs the types of cost covered by Parts IV, V and VI, and the cost amounts allocated to segments performing under Federally sponsored agreements are material, such office(s) should complete Parts IV, V, or VI for such material elements of cost. While a central or group office may have more than one reporting unit submitting Disclosure Statements, only one Statement needs to be submitted to cover the central or group office operations.</p> <p>5. The Statement must be signed by an authorized signatory of the reporting unit.</p> <p>6. The Disclosure Statement should be answered by marking the appropriate line or inserting the applicable letter code which describes the segment's (reporting unit's) cost accounting practices.</p> <p>7. A number of questions in this Statement may need narrative answers requiring more space than is provided. In such instances, the reporting unit should use the attached continuation sheet provided. The continuation sheet may be reproduced locally as needed. The number of the question involved should be indicated and the same coding required to answer the questions in the Statement should be used in presenting the answer on the continuation sheet. Continuation sheets should be inserted at the end of the pertinent Part of the Statement. On each continuation sheet, the reporting unit should enter the next sequential page number for that Part and, on the last continuation sheet used, the words "End of Part" should be inserted after the last entry.</p>

<p>COST ACCOUNTING STANDARDS BOARD DISCLOSURE STATEMENT REQUIRED BY PUBLIC LAW 100-679 EDUCATIONAL INSTITUTIONS</p>	<p>GENERAL INSTRUCTIONS</p>
<p>8. Where the cost accounting practice being disclosed is clearly set forth in the institution's existing written accounting policies and procedures, such documents may be cited on a continuation sheet and incorporated by reference. In such cases, the reporting unit should provide the date of issuance and effective date for each accounting policy and/or procedures document cited. Alternatively, copies of the relevant parts of such documents may be attached as appendices to the pertinent Disclosure Statement Part. Such continuation sheets and appendices should be labeled and cross-referenced with the applicable Disclosure Statement item number. Any supplementary comments needed to fully describe the cost accounting practice being disclosed should also be provided.</p> <p>9. Disclosure Statements must be amended when disclosed practices are changed to comply with a new CAS or when practices are changed with or without agreement of the Government (Also see 48 CFR 9903.202-3).</p> <p>10. Amendments shall be submitted to the same offices to which submission would have to be made were an original Disclosure Statement being filed.</p> <p>11. Each amendment should be accompanied by an amended cover sheet (indicating revision number and effective date of the change) and a signed certification. For all resubmissions, on each page, insert "Revision Number ____" and "Effective Date ____" in the Item Description block; and, insert "Revised" under each Item Number amended. Resubmitted Disclosure Statements must be accompanied by similar notations identifying the items which have been changed.</p> <p>ATTACHMENT - Blank Continuation Sheet</p>

	Instructions for Part II Institutions should disclose what costs are, or will be, charged directly to Federally sponsored agreements or similar cost objectives as Direct Costs. It is expected that the disclosed cost accounting practices (as defined at 48 CFR 9903.302-1) for classifying costs either as direct costs or indirect costs will be consistently applied to all costs incurred by the reporting unit.	
2.1.0	<u>Criteria for Determining How Costs are Charged to Federally Sponsored Agreements or Similar Cost Objectives.</u> (For all major categories of cost under each major function or activity such, as instruction, organized research, other sponsored activities and other institutional activities, describe on a continuation sheet, your criteria for determining when costs incurred for the same purpose, in like circumstances, are treated either as direct costs only or as indirect costs only with respect to final cost objectives. Particular emphasis should be placed on items of cost that may be treated as either direct or indirect costs (e.g., Supplies, Materials, Salaries and Wages, Fringe Benefits, etc.) depending upon the purpose of the activity involved. Separate explanations on the criteria governing each direct cost category identified in this Part II are required. Also, list and explain if there are any deviations from the specified criteria.)

		NAME OF REPORTING UNIT
Item No.	Item Description	
	Instructions for Part VI This part covers the measurement and assignment of costs for employee pensions, post retirement benefits other than pensions (including post retirement health benefits) and insurance. Some organizations may incur all of these costs at the main campus level or for public institutions at the governmental unit level, while others may incur them at subordinate organization levels. Still others may incur a portion of these costs at the main campus level and the balance at subordinate organization levels. Where the segment (reporting unit) does not directly incur such costs, the segment should, on a continuation sheet, identify the organizational entity that incurs and records such costs. When the costs allocated to Federally sponsored agreements are material, and the reporting unit does not have access to the information needed to complete an item, the reporting unit should require that entity to complete the applicable portions of this Part VI. (See item 4, page (i), General Instructions)

Item No.	Item Description	
	DISCLOSURE BY CENTRAL SYSTEM OFFICE, OR GROUP (INTERMEDIATE ADMINISTRATION) OFFICE, AS APPLICABLE. Instructions for Part VII This part should be completed <u>only</u> by the central system office or a group office of an educational system when that office is responsible for administering two or more segments, where it allocates its costs to such segments and where at least one of the segments is required to file Parts I through VI of the Disclosure Statement. The reporting unit (central system or group office) should disclose how costs of services provided by the reporting unit are, or will be, accumulated and allocated to applicable segments of the institution. For a central system office, disclosure should cover the entire institution. For a group office, disclosure should cover all of the subordinate organizations administered by that group office.	
7.1.0	<u>Organizational Structure.</u> On a continuation sheet, list all segments of the university or university system, including hospitals, Federally Funded Research and Development Centers (FFRDC's), Government-owned Contractor-operated (GOCO) facilities, and lower-tier group offices serviced by the reporting unit.	
7.2.0	<u>Cost Accumulation and Allocation.</u> On a continuation sheet, provide a description of: A. The services provided to segments of the university or university system (including hospitals, FFRDC's, GOCO facilities, etc.), in brief. B. How the costs of the services are identified and accumulated. C. The basis used to allocate the accumulated costs to the benefitting segments. D. Any costs that are transferred from a segment to the central system office or the intermediate administrative office, and which are reallocated to another segment(s). If none, so state. E. Any fixed management fees that are charged to a segment(s) in lieu of a prorata or allocation basis and the basis of such charges. If none, so state.

9903.302 Definitions, explanations, and illustrations of the terms, "cost accounting practice" and "change to a cost accounting practice."

9903.302-1 Cost accounting practice.

Cost accounting practice, as used in this part, means any disclosed or established accounting method or technique which is used for allocation of cost to cost objectives, assignment of cost to cost accounting periods, or measurement of cost.

(a) *Measurement of cost*, as used in this part, encompasses accounting methods and techniques used in defining the components of cost, determining the basis for cost measurement, and establishing criteria for use of alternative cost measurement techniques. The determination of the amount paid or a change in the amount paid for a unit of goods and services is not a cost accounting practice. Examples of cost accounting practices which involve measurement of costs are—

(1) The use of either historical cost, market value, or present value;

(2) The use of standard cost or actual cost; or

(3) The designation of those items of cost which must be included or excluded from tangible capital assets or pension cost.

(b) *Assignment of cost to cost accounting periods*, as used in this part, refers

to a method or technique used in determining the amount of cost to be assigned to individual cost accounting periods. Examples of cost accounting practices which involve the assignment of cost to cost accounting periods are requirements for the use of specified accrual basis accounting or cash basis accounting for a cost element.

(c) *Allocation of cost to cost objectives*, as used in this part, includes both direct and indirect allocation of cost. Examples of cost accounting practices involving allocation of cost to cost objectives are the accounting methods or techniques used to accumulate cost, to determine whether a cost is to be directly or indirectly allocated to determine the composition of cost pools, and to determine the selection and composition of the appropriate allocation base.

9903.302-2 Change to a cost accounting practice.

Change to a cost accounting practice, as used in this part, means any alter-

ation in a cost accounting practice, as defined in 9903.302-1, whether or not such practices are covered by a Disclosure Statement, except for the following:

(a) The initial adoption of a cost accounting practice for the first time a cost is incurred, or a function is created, is not a change in cost accounting practice. The partial or total elimination of a cost or the cost of a function is not a change in cost accounting practice. As used here, function is an activity or group of activities that is identifiable in scope and has a purpose or end to be accomplished.

(b) The revision of a cost accounting practice for a cost which previously had been immaterial is not a change in cost accounting practice.

9903.302-3 Illustrations of changes which meet the definition of "change to a cost accounting practice."

(a) The method or technique used for measuring costs has been changed.

Description	Accounting treatment
(1) Contractor changes its actuarial cost method for computing pension costs..	(1)(i) Before change: The contractor computed pension costs using the aggregate cost method. (ii) After change: The contractor computes pension cost using the unit credit method.
(2) Contractor uses standard costs to account for its direct labor. Labor cost at standard was computed by multiplying labor-time standard by actual labor rates. The contractor changes the computation by multiplying labor-time standard by labor-rate standard.	(2)(i) Before change: Contractor's direct labor cost was measured with only one component set at standard. (ii) After change: Contractor's direct labor cost is measured with both the time and rate components set at standard.

(b) The method or technique used for assignment of cost to cost accounting periods has been changed.

Description	Accounting treatment
(1) Contractor changes his established criteria for capitalizing certain classes of tangible capital assets whose acquisition costs totaled \$1 million per cost accounting period.	(1)(i) Before change: Items having acquisition costs of between \$200 and \$400 per unit were capitalized and depreciated over a number of cost accounting periods. (ii) After change: The contractor charges the value of assets costing between \$200 and \$400 per unit to an indirect expense pool which is allocated to the cost objectives of the cost accounting period in which the cost was incurred.
(2) Contractor changes his methods for computing depreciation for a class of assets.	(2)(i) Before change: The contractor assigned depreciation costs to cost accounting periods using an accelerated method. (ii) After change: The contractor assigns depreciation costs to cost accounting periods using the straight line method.
(3) Contractor changes his general method of determining asset lives for classes of assets acquired prior to the effective date of CAS 409.	(3)(i) Before change: The contractor identified the cost accounting periods to which the cost of tangible capital assets would be assigned using guideline class lives provided in IRS Rev. Pro. 72-10. (ii) After change: The contractor changes the method by which he identifies the cost accounting periods to which the costs of tangible capital assets will be assigned. He now uses the expected actual lives based on past usage.

(c) The method or technique used for allocating costs has been changed.

Description	Accounting treatment
<p>(1) Contractor changes his method of allocating G&A expenses under the requirements of Cost Accounting Standard 410.</p>	<p>(1)(i) Before change: The contractor operating under Cost Accounting Standard 410 has been allocating his general and administrative expense pool to final cost objectives on a total cost input base in compliance with the Standard. The contractor's business changes substantially such that there are significant new projects which have only insignificant quantities of material.</p> <p>(ii) After change: After the addition of the new work, an evaluation of the changed circumstances reveals that the continued use of a total cost input base would result in a significant distortion in the allocation of the G&A expense pool in relation to the benefits received. To remain in compliance with Standard 410, the contractor alters his G&A allocation base from a total cost input base to a value added base.</p>
<p>(2) The contractor changes the accounting for hardware common to all projects.</p>	<p>(2)(i) Before change: The contractor allocated the cost of purchased or requisitioned hardware directly to projects.</p> <p>(ii) After change: The contractor charges the cost of purchased or requisitioned hardware to an indirect expense pool which is allocated to projects using an appropriate allocation base.</p>
<p>(3) The contractor merges operating segment A and B which use different cost accounting practices in accounting for manufacturing overhead costs.</p>	<p>(3)(i) Before change: In segment, A, the costs of the manufacturing overhead pool have been allocated to final cost objectives using a direct labor hours base; in segment B, the costs of the manufacturing overhead pool have been allocated to final cost objectives using a direct labor dollars base.</p> <p>(ii) After change: As a result of the merger of operations, the combined segment decides to allocate the cost of the manufacturing overhead pool to all final cost objectives, using a direct labor dollars base. Thus, for those final cost objectives referred to in segment A, the cost of the manufacturing overhead pool will be allocated to the final cost objectives of segment A using a direct labor dollars base instead of a direct labor hours base.</p>

9903.302-4 Illustrations of changes which do not meet the definition of “Change to a cost accounting practice.”

Description	Accounting treatment
<p>(a) Changes in the interest rate levels in the national economy have invalidated the prior actuarial assumption with respect to anticipated investment earnings. The pension plan administrators adopted an increased (decreased) interest rate actuarial assumption. The company allocated the resulting pension costs to all final cost objectives.</p>	<p>(a) Adopting the increase (decrease) in the interest rate actuarial assumption is not a change in cost accounting practice.</p>
<p>(b) The basic benefit amount for a company's pension plan is increased from \$8 to \$10 per year of credited service. The change increases the dollar amount of pension cost allocated to all final cost objectives.</p>	<p>(b) The increase in the amount of the benefits is not a change in cost accounting practice.</p>
<p>(c) A contractor who has never paid pensions establishes for the first time a pension plan. Pension costs for the first year amounted to \$3.5 million.</p>	<p>(c) The initial adoption of an accounting practice for the first time incurrence of a cost is not a change in cost accounting practice.</p>
<p>(d) A contractor maintained a Deferred Incentive Compensation Plan. After several years' experience, the plan was determined not to be attaining its objective, so it was terminated, and no future entitlements were paid.</p>	<p>(d) There was a termination of the Deferred Incentive Compensation Plan. Elimination of a cost is not a change in cost accounting practice.</p>
<p>(e) A contractor eliminates a segment that was operated for the purpose of doing research for development of products related to nuclear energy.</p>	<p>(e) The projects and expenses related to nuclear energy projects have been terminated. No transfer of these projects and no further work in this area is planned. This is an elimination of cost and not a change in cost accounting practice.</p>
<p>(f) For a particular class of assets for which technological changes have rarely affected asset lives, a contractor starts with a 5-year average of historical lives to estimate future lives. He then considers technological changes and likely use. For the past several years the process resulted in an estimated future life of 10 years for this class of assets. This year a technological change leads to a prediction of a useful life of 7 years for the assets acquired this year for the class of assets.</p>	<p>(f) The change in estimate (not in method) is not a change in cost accounting practice. The contractor has not changed the method or technique used to determine the estimate. The methodology applied has indicated a change in the estimated life, and this is not a change in cost accounting practice.</p>

Description	Accounting treatment
(g) The marketing department of a segment has reported directly to the general manager of the segment. The costs of the marketing department have been combined as part of the segment's G&A expense pool. The company reorganizes and requires the marketing department to report directly to a vice president at corporate headquarters.	(g) After the organization change in the company's reporting structure, the parties agree that the appropriate recognition of the beneficial or causal relationship between the costs of the marketing department and the segment is to continue to combine these costs as part of the segment's G&A expense pool. Thus, the organizational change has not resulted in a change in cost accounting practice.

9903.303 Effect of filing Disclosure Statement.

(a) A disclosure of a cost accounting practice by a contractor does not determine the allowability of particular items of cost. Irrespective of the practices disclosed by a contractor, the question of whether or not, or the extent to which, a specific element of cost is allowed under a contract remains for consideration in each specific instance. Contractors are cautioned that the determination of the allowability of cost items will remain a responsibility of the contracting officers pursuant to the provisions of the applicable procurement regulations.

(b) The individual Disclosure Statement may be used in audits of contracts or in negotiation of prices leading to contracts. The authority of the audit agencies and the contracting officers is in no way abrogated by the material presented by the contractor in his Disclosure Statement. Contractors are cautioned that their disclosures must be complete and accurate; the practices disclosed may have a significant impact on ways in which contractors will be required to comply with Cost Accounting Standards.

9903.304 Concurrent full and modified coverage.

Contracts subject to full coverage may be performed during a period in which a previously awarded contract subject to modified coverage is being performed. Compliance with full coverage may compel the use of cost accounting practices that are not required under modified coverage. Under these circumstances the cost accounting practices applicable to contracts subject to modified coverage need not be changed. Any resulting differences in practices between contracts subject to full coverage and those subject to modified coverage shall not constitute

a violation of 9904.401 and 9904.402. This principle also applies to contracts subject to modified coverage being performed during a period in which a previously awarded contract subject to full coverage is being performed.

9903.305 Materiality.

In determining whether amounts of cost are material or immaterial, the following criteria shall be considered where appropriate; no one criterion is necessarily determinative:

(a) The absolute dollar amount involved. The larger the dollar amount, the more likely that it will be material.

(b) The amount of contract cost compared with the amount under consideration. The larger the proportion of the amount under consideration to contract cost, the more likely it is to be material.

(c) The relationship between a cost item and a cost objective. Direct cost items, especially if the amounts are themselves part of a base for allocation of indirect costs, will normally have more impact than the same amount of indirect costs.

(d) The impact on Government funding. Changes in accounting treatment will have more impact if they influence the distribution of costs between Government and non-Government cost objectives than if all cost objectives have Government financial support.

(e) The cumulative impact of individually immaterial items. It is appropriate to consider whether such impacts:

(1) Tend to offset one another, or

(2) Tend to be in the same direction and hence to accumulate into a material amount.

(f) The cost of administrative processing of the price adjustment modification shall be considered. If the cost

to process exceeds the amount to be recovered, it is less likely the amount will be material.

9903.306 Interpretations.

In determining amounts of increased costs in the clauses at 9903.201-4(a), Cost Accounting Standards, 9903.201-4(c), Disclosure and Consistency of Cost Accounting Practices, and 9903.201-4(d), Consistency in Cost Accounting, the following considerations apply:

(a) Increased costs shall be deemed to have resulted whenever the cost paid by the Government results from a change in a contractor's cost accounting practices or from failure to comply with applicable Cost Accounting Standards, and such cost is higher than it would have been had the practices not been changed or applicable Cost Accounting Standards complied with.

(b) If the contractor under any fixed-price contract, including a firm fixed-price contract, fails during contract performance to follow its cost accounting practices or to comply with applicable Cost Accounting Standards, increased costs are measured by the difference between the contract price agreed to and the contract price that would have been agreed to had the contractor proposed in accordance with the cost accounting practices used during contract performance. The determination of the contract price that would have been agreed to will be left to the contracting parties and will depend on the circumstances of each case.

(c) The statutory requirement underlying this interpretation is that the United States not pay increased costs, including a profit enlarged beyond that in the contemplation of the parties to the contract when the contract costs, price, or profit is negotiated, by reason of a contractor's failure to use applicable Cost Accounting Standards, or to follow consistently its cost accounting practices. In making price adjustments under the Cost Accounting Standards clause at 9903.201-4(a) in fixed price or cost reimbursement incentive contracts, or contracts providing for prospective or retroactive price redetermination, the Federal agency shall apply this requirement appropriately in the circumstances.

(d) The contractor and the contracting officer may enter into an agreement as contemplated by subdivision (a)(4)(ii) of the Cost Accounting Standards clause at 9903.201-4(a), covering a change in practice proposed by the Government or the contractor for all of the contractor's contracts for which the contracting officer is responsible, provided that the agreement does not permit any increase in the cost paid by the Government. Such agreement may be made final and binding, notwithstanding the fact that experience may subsequently establish that the actual impact of the change differed from that agreed to.

(e) An adjustment to the contract price or of cost allowances pursuant to the Cost Accounting Standards clause at 9903.201-4(a) may not be required when a change in cost accounting practices or a failure to follow Standards or cost accounting practices is estimated to result in increased costs being paid under a particular contract by the United States. This circumstance may arise when a contractor is performing two or more covered contracts, and the change or failure affects all such contracts. The change or failure may increase the cost paid under one or more of the contracts, while decreasing the cost paid under one or more of the contracts. In such case, the Government will not require price adjustment for any increased costs paid by the United States, so long as the cost decreases under one or more contracts are at least equal to the increased cost under the other affected contracts, provided that the contractor and the affected contracting officers agree on the method by which the price adjustments are to be made for all affected contracts. In this situation, the contracting agencies would, of course, require an adjustment of the contract price or cost allowances, as appropriate, to the extent that the increases under certain contracts were not offset by the decreases under the remaining contracts.

(f) Whether cost impact is recognized by modifying a single contract, several but not all contracts, or all contracts, or any other suitable technique, is a contract administration matter. The Cost Accounting Standards rules do not in any way restrict the capacity of

the parties to select the method by which the cost impact attributable to a change in cost accounting practice is recognized.
