

**EO 13026****Title 3—The President**

Sec. 2. The second and third sentences of section 3 of Executive Order 13010 shall read “The Steering Committee shall comprise five members. Four of the members shall be appointed by the President, and the fifth member shall be the Chair of the Commission. Two of the members of the Committee shall be employees of the Executive Office of the President.”

Sec. 3. The first sentence of section 5 of Executive Order 13010 shall be amended by deleting “ten” and inserting “15” in lieu thereof.

WILLIAM J. CLINTON

THE WHITE HOUSE,  
November 13, 1996.

Executive Order 13026 of November 15, 1996

**Administration of Export Controls on Encryption Products**

By the authority vested in me as President by the Constitution and the laws of the United States of America, including but not limited to the International Emergency Economic Powers Act (50 U.S.C. 1701 *et seq.*), and in order to take additional steps with respect to the national emergency described and declared in Executive Order 12924 of August 19, 1994, and continued on August 15, 1995, and on August 14, 1996, I, WILLIAM J. CLINTON, President of the United States of America, have decided that the provisions set forth below shall apply to administration of the export control system maintained by the Export Administration Regulations, 15 CFR Part 730 *et seq.* (“the EAR”). Accordingly, it is hereby ordered as follows:

Section 1. *Treatment of Encryption Products.* In order to provide for appropriate controls on the export and foreign dissemination of encryption products, export controls of encryption products that are or would be, on this date, designated as defense articles in Category XIII of the United States Munitions List and regulated by the United States Department of State pursuant to the Arms Export Control Act, 22 U.S.C. 2778 *et seq.* (“the AECA”), but that subsequently are placed on the Commerce Control List in the EAR, shall be subject to the following conditions: (a) I have determined that the export of encryption products described in this section could harm national security and foreign policy interests even where comparable products are or appear to be available from sources outside the United States, and that facts and questions concerning the foreign availability of such encryption products cannot be made subject to public disclosure or judicial review without revealing or implicating classified information that could harm United States national security and foreign policy interests. Accordingly, sections 4(c) and 6(h)(2)–(4) of the Export Administration Act of 1979 (“the EAA”), 50 U.S.C. App. 2403(c) and 2405(h)(2)–(4), as amended and as continued in effect by Executive Order 12924 of August 19, 1994, and by notices of August 15, 1995, and August 14, 1996, all other analogous provisions of the EAA relating to foreign availability, and the regulations in the EAR relating to such EAA provisions, shall not be applicable with respect to export controls on such encryption products. Notwithstanding this, the Secretary of Commerce (“Secretary”) may, in his discretion, consider the foreign availability of comparable encryption products in determining whether to issue a license in a particular case or to remove controls on par-

ticular products, but is not required to issue licenses in particular cases or to remove controls on particular products based on such consideration;

(b) Executive Order 12981, as amended by Executive Order 13020 of October 12, 1996, is further amended as follows:

(1) A new section 6 is added to read as follows:

“Sec. 6. *Encryption Products.* In conducting the license review described in section 1 above, with respect to export controls of encryption products that are or would be, on November 15, 1996, designated as defense articles in Category XIII of the United States Munitions List and regulated by the United States Department of State pursuant to the Arms Export Control Act, 22 U.S.C. 2778 *et seq.*, but that subsequently are placed on the Commerce Control List in the Export Administration Regulations, the Departments of State, Defense, Energy, and Justice and the Arms Control and Disarmament Agency shall have the opportunity to review any export license application submitted to the Department of Commerce. The Department of Justice shall, with respect to such encryption products, be a voting member of the Export Administration Review Board described in section 5(a)(1) of this order and of the Advisory Committee on Export Policy described in section 5(a)(2) of this order. The Department of Justice shall be a full member of the Operating Committee of the ACEP described in section 5(a)(3) of this order, and of any other committees and consultation groups reviewing export controls with respect to such encryption products.”

(2) Sections 6 and 7 of Executive Order 12981 of December 5, 1995, are renumbered as new sections 7 and 8, respectively.

(c) Because the export of encryption software, like the export of other encryption products described in this section, must be controlled because of such software’s functional capacity, rather than because of any possible informational value of such software, such software shall not be considered or treated as “technology,” as that term is defined in section 16 of the EAA (50 U.S.C. App. 2415) and in the EAR (61 Fed. Reg. 12714, March 25, 1996);

(d) With respect to encryption products described in this section, the Secretary shall take such actions, including the promulgation of rules, regulations, and amendments thereto, as may be necessary to control the export of assistance (including training) to foreign persons in the same manner and to the same extent as the export of such assistance is controlled under the AECA, as amended by section 151 of Public Law 104–164;

(e) Appropriate controls on the export and foreign dissemination of encryption products described in this section may include, but are not limited to, measures that promote the use of strong encryption products and the development of a key recovery management infrastructure; and

(f) Regulation of encryption products described in this section shall be subject to such further conditions as the President may direct.

Sec. 2. *Effective Date.* The provisions described in section 1 shall take effect as soon as any encryption products described in section 1 are placed on the Commerce Control List in the EAR.

Sec. 3. *Judicial Review.* This order is intended only to improve the internal management of the executive branch and to ensure the implementation of appropriate controls on the export and foreign dissemination of encryption

products. It is not intended to, and does not, create any rights to administrative or judicial review, or any other right or benefit or trust responsibility, substantive or procedural, enforceable by a party against the United States, its agencies or instrumentalities, its officers or employees, or any other person.

Executive Order 13027 of November 15, 1996

**Establishing an Emergency Board To Investigate a Dispute  
Between the Southeastern Pennsylvania Transportation  
Authority and Its Employees Represented by the  
Brotherhood of Locomotive Engineers**

A dispute exists between Southeastern Pennsylvania Transportation Authority and certain of its employees represented by the Brotherhood of Locomotive Engineers.

The dispute has not heretofore been adjusted under the provisions of the Railway Labor Act, as amended (45 U.S.C. 151 *et seq.*) (the “Act”).

A party empowered by the Act has requested that the President establish a second emergency board pursuant to section 9A of the Act (45 U.S.C. 159a).

Section 9A(e) of the Act provides that the President, upon such request, shall appoint a second emergency board to investigate and report on the dispute.

NOW, THEREFORE, by the authority vested in me as President, by the Constitution and the laws of the United States, including section 9A of the Act, it is hereby ordered as follows:

Section 1. *Establishment of the Board.* There is established effective 12:01 a.m., eastern standard time, on November 16, 1996, a board of three members to be appointed by the President to investigate this dispute. No member shall be pecuniarily or otherwise interested in any organization of railroad employees or any carrier. The board shall perform its functions subject to the availability of funds.

Sec. 2. *Report.* Within 30 days after creation of the board, the parties to the dispute shall submit to the board final offers for settlement of the dispute. Within 30 days after submission of final offers for settlement of the dispute, the board shall submit a report to the President setting forth its selection of the most reasonable offer.

Sec. 3. *Maintaining Conditions.* As provided by section 9A(h) of the Act, from the time a request to establish a board is made until 60 days after the board makes its report, no change, except by agreement, shall be made by the parties in the conditions out of which the dispute arose.
