(a) Application by an insured state nonmember bank (except a District bank) to establish and operate a new

branch<sup>2</sup>, to move its main office, or relocate a branch should be filed with the appropriate regional director. Under this paragraph, situations where an insured state nonmember bank closes a branch in one location and opens a branch in another location outside the immediate neighborhood of the closed branch are considered the establishment of a new branch and the closing of an existing branch. Applications filed under this paragraph shall indicate whether they are to establish and operate a new branch, move a main office, or relocate a branch office. The application shall be mailed or delivered to the regional director on the date on which the notice required in §303.6(f)(1) is published or not more than 30 days subsequent to the first required publication of notice. Unless the institution is notified otherwise by the FDIC within seven days of receipt of the letter, the institution may establish and operate or relocate the RSF. In the event that the institution cannot represent in good faith that the site of the proposed or relocated RSF is not in-

cluded in or eligible for inclusion in the National Register of Historic Places or evidence that written verification has been obtained from the appropriate state historic preservation officer, the institution shall proceed pursuant to paragraph (c)(3) of this section.

(3) An insured state nonmember bank or an insured state-licensed branch of a foreign bank whose most recent Community Reinvestment Act rating is not Satisfactory or better and who desires to establish and operate or relocate an RSF shall file the letter described in paragraph (c)(2) of this section and comply with the notice provisions of §303.6(f). Unless the institution is notified otherwise by the FDIC within 15 days after completion of processing of the letter, the institution may establish and operate or relocate the RSF; provided however, that in the event that a protest is filed with the FDIC or other objection is taken prior to completion of processing the letter, the institution shall not establish and operate or relocate the RSF until the FDIC provides written notice of its approval. ### § 303.4 Change in bank control.

(a) *Acquisition of control.*<sup>3</sup> Under the Change in Bank Control Act of 1978, acquisitions by a person<sup>4</sup> or persons acting in concert with the power to vote 25 percent or more of a class of voting securities of an insured depository institution, unless exempted, require prior notice to the Corporation. In addition, a purchase, assignment, transfer, pledge, or other disposition of voting stock through which any person will acquire ownership, control, or the power to vote ten percent or more of a class of voting securities of an insured depository institution will be presumed to be an acquisition by such person of the power to direct that institution's management or policies if:

(1) The institution has issued any class of securities subject to the registration requirements of section 12 of the Securities Exchange Act of 1944 (15 U.S.C. 78I); or

(2) Immediately after the transaction, no other person will own a greater proportion of that class of voting securities.

Other transactions resulting in a person's control of less than 25 percent of a class of voting shares of an insured depository institution would not result in control for purposes of the Act. An acquiring person may request an opportunity to contest any presumption established by this paragraph (a) of this section with respect to a proposed transaction. The Corporation will afford the person an opportunity to

<sup>3</sup>Control is defined in section 7(j)(8)(B) of the Act as "the power, directly or indirectly, to direct the management or policies of an insured bank or to vote over 25 percent or more of any class of voting securities of an insured bank." 12 U.S.C. 1817(j)(8)(B).

<sup>4</sup>Person is defined in section 7(j)(8)(A) of the Act as "an individual or a corporation, partnership, trust, association, joint venture, pool, syndicate, sole proprietorship, unincorporated organization, or any other form of entity not specifically listed herein." 12 U.S.C. 1817(j)(8)(A).

present views in writing, or, where appropriate, orally before its designated representatives either at informal conference discussions or at informal presentations of evidence.

(b) *Notices.* (1) Notice of a proposed acquisition of control should be filed with the regional director of the FDIC region in which the depository institution in which stock is being acquired is located. The FDIC will not accept a notice unless the information provided is responsive to every item specified in paragraph 6 of the Change in Bank Control Act of 1978 (12 U.S.C. 1817(j)(6)) and every item prescribed in the appropriate FDIC forms. With respect to personal financial statements required by paragraph 6(b) of the Change in Bank Control Act of 1978, an acquiring person may include a current statement of assets and liabilities, as of a date not more than ninety days prior to the date the notice is filed, a brief income summary, and a statement of material changes since the date of the statement. The appropriate regional director, the Director (DOS), or the Board of Directors may require additional information with respect to personal financial statements.

(2)(i) Except as otherwise provided in paragraph (b)(2)(ii) or (b)(2)(iii) of this section, within ten days after receiving confirmation that the appropriate FDIC regional office has accepted the notice, the acquiring person(s) shall publish an announcement of such acceptance in the business section of a newspaper having general circulation in the community in which the home office of the depository institution whose stock is sought to be acquired is located. Promptly thereafter, the acquiring person(s) shall send a copy of the newspaper announcement and the publisher's affidavit of publication to the regional director of the FDIC region in which the subject depository institution is located. The newspaper announcement shall contain the name(s) of the proposed acquirer(s), the name of the depository institution whose stock is sought to be acquired, and the date of acceptance by the FDIC of the notice of acquisition of control. The announcement shall also state that any person wishing to comment on the proposed change in control may

do so by submitting written comments to the regional director of the FDIC at (give address of the regional office) within twenty days following the required newspaper publication or, if the FDIC has shortened the public comment period pursuant to paragraph (b)(3) of this section, within such shorter period.

(ii) In a community in which there is no daily or weekly community newspaper, the acquiring person(s) may satisfy the publication requirement contained in paragraph (b)(2)(i) of this section by publishing the required newspaper announcement in either a county-wide newspaper (in the county in which the bank's home office is located) or, if there is no county-wide newspaper, in a state-wide newspaper.

(iii) In the case of a notice filed in contemplation of a public tender offer subject to the requirements of the Securities Exchange Act of 1934 (15 U.S.C. 78m and 78n) and the FDIC's regulations governing tender offers (12 CFR 335.501 through 335.530), the acquiring person(s) shall publish the required newspaper announcement not later than the earliest of:

(A) The commencement of the tender offer under §335.502 of the FDIC's regulations (12 CFR 335.502);

(B) Other public announcement of the tender offer; or

(C) Thirty-four days after the FDIC's acceptance of the notice of acquisition of control.

(3)(i) In acting upon a proposed change in control, the FDIC shall consider all public comments received within twenty days following the required newspaper publication. At the FDIC's option, comments received after this twenty-day period may be, but need not be, considered.

(ii) If the FDIC determines in writing that the newspaper publication or comment solicitation requirements of this paragraph would seriously threaten the safety or soundness of the depository institution to be acquired, including situations where the FDIC must act immediately in order to prevent the probable failure of the bank to be acquired, then the FDIC may:

(A) Waive the publication requirement;

§ 303.4

12 CFR Ch. III (1-1-98 Edition)

(B) Waive the public comment solicitation requirement; or

(C) Act on the proposed change in control prior to the expiration of the public comment period.

(iii) In other circumstances, for good cause, the FDIC may shorten the public comment period to a period of not less than ten days. Such good cause will exist only if the FDIC determines that circumstances beyond the control of the acquiring person or persons warrant a shorter period.

(4) A notice of acquisition of control that is filed in contemplation of a public tender offer subject to sections 13(d) and 14(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m and 78n) and the FDIC's regulations governing tender offers (12 CFR 335.501 through 335.530) may be given confidential treatment for up to thirty-four days after the notice is accepted if:

(i) The filing party requests confidential treatment under this rule and represents that a public announcement of the tender offer and the filing of appropriate forms with the FDIC will occur within thirty-four days from the acceptance of the notice; and

(ii) The FDIC determines, in its discretion, that it is in the public interest to grant confidential treatment. In its discretion, the FDIC may grant confidential treatment under other circumstances when consistent with the purposes of the Change in Bank Control Act of 1978.

(5) Nothing in this regulation shall affect any obligation which the acquiring person(s) may have to comply with the Federal securities laws or any other laws.

(6)(i) Whenever a notice of a proposed acquisition of control is not filed in accordance with the Change in Bank Control Act of 1978 and these regulations, the acquiring person(s) shall, within ten days of being so directed by the FDIC, publish an announcement of the acquisition of control in the business section of a newspaper having general circulation in the community in which the home office of the depository institution involved is located. In a community in which there is no daily or weekly community newspaper, the required newspaper announcement may be published in a county-wide newspaper (in

the county in which the depository institution's home office is located) or, if there is no county-wide newspaper, in a statewide newspaper.

(ii) The newspaper announcement shall contain the name(s) of the acquire(s), the name of the depository institution involved, and the date of the acquisition of the stock. The announcement shall also contain a statement indicating that the FDIC is currently reviewing the acquisition of control. The announcement shall also state that any person wishing to comment on the change in control may do so by submitting written comments to the regional director of the FDIC at (give address of the regional office) within twenty days following the required newspaper publication.

(c) *Exempt transactions.* The following transactions are not subject to the prior notice requirements of the Change in Bank Control Act of 1978:

(1) The acquisition of additional shares of an insured depository institution by a person who continuously since March 9, 1979, held power to vote 25 percent or more of the voting shares of that institution, or by a person who has acquired and maintained control of that institution after complying with the procedures of the Change in Bank Control Act;

(2) The acquisition of additional shares of an insured depository institution by a person who under paragraph (a) of this section would be presumed to have controlled that institution continuously since March 9, 1979, if:

(i) The transaction will not result in that person's direct or indirect ownership or power to vote 25 percent or more of any class of voting securities of the institution; or

(ii) In other cases, the Corporation determines that the person has controlled the institution since March 9, 1979;

(3) The acquisition of shares in satisfaction of a debt previously contracted in good faith or through testate or intestate succession or bona fide gift; *Provided*, The acquirer advises the appropriate regional director within thirty days after the acquisition and provides such of the information specified in paragraph 6 of the Change in Bank

(3) *Evidence.* The presiding officer shall have the authority to exclude data or materials which he deems to be improper, irrelevant, or repetitive. Formal rules of evidence shall not be applicable to these hearings. Documentary material submitted as evidence must be of a size consistent with ease of handling, transportation, and filing. While large exhibits may be used during the hearing, copies of such exhibits must be provided by the person in reduced size for submission as evidence.

(4) *Procedural questions.* The presiding officer, or any designated member of the panel, shall determine all procedural questions not governed by this section. The presiding officer shall have the authority to limit the number of witnesses to be used by any person and to impose reasonable time limitations.

The person or persons who requested the hearing will be expected to pay all the expenses of such service, including the furnishing of one copy of the transcript to the regional director. *Provided, however,* That the Corporation may, for good cause, waive this requirement in individual cases. Where a hearing is held at the Corporation's initiative, the Corporation shall bear the expense of such service. Copies of the transcript will be furnished to any interested person requesting the same at that person's expense.

(6) *The hearing record—(i) Contents.* The nonconfidential portions of the application, as described in paragraph (c) of this section, shall automatically be a part of the hearing record.

Such person shall simultaneously mail or have delivered copies of the corrected transcript or additional statements or materials to all other persons who participated in the hearing.

(k) *Disposition and notice thereof.* (1) The final disposition of any application or other matter under this section need not be determined exclusively by, or be limited to, the information contained in the public file established by paragraph (g) of this section.

#### § 303.10 Applications and enforcement matters where authority is not delegated.

(a) *Authority not specifically delegated is retained by the Board of Directors.* (1) Except as otherwise provided in this part, or with respect to matters which generally involve conditions or circumstances requiring prompt action in the field for the better protection of the interests of the FDIC and to achieve flexibility and expedition in its operations and in the exercise of its functions in connection with the FDIC's litigation and liquidation matters and with the payment of claims for insured deposits, the Board of Directors does not delegate its authority and no delegations of final authority are made by the Board of Directors. Any person having a proper and direct concern therein may ascertain the scope of authority of any officer, agent or employee of the FDIC by communicating with the Executive Secretary of the FDIC.

(2) In all cases where authority to act on applications, requests or enforcement matters listed in this part is not delegated to a Director, or to an associate director, or to a regional director, deputy regional director or regional manager"; the authority to act on such applications, requests, or enforcement matters remains vested in the Board of Directors of the FDIC. In addition, the Board of Directors retains the authority to act on any application, request or enforcement matter upon which any member of the Board of Directors wishes to act even if the authority to act on such application, request or enforcement matter has been delegated.

(b) *Applications and requests.* Without limiting the Board of Directors' authority, the Board of Directors has retained the authority to act upon the following applications and requests:

(1) Except as provided in § 303.7(b)(9) of this part to deny applications for merger transactions, and to approve applications for merger transactions where:

(i) The applicant does not agree in writing to comply with any conditions imposed by the FDIC (other than the standard condition listed in § 303.0(b)(26) which may be imposed

without the applicant's written agreement); or

(ii) The resulting bank, upon consummation of the merger transaction, would have more than 35% of the individual, partnership and corporate deposits held by commercial banks and/or thrift institutions, as may be appropriate, in the relevant market(s); or

(iii) Irrespective of the resulting market share, the Attorney General has determined that the proposed merger transaction may have a significantly adverse effect on competition; or

(iv) The application (including an application for phantom bank merger or reorganization) falls within the *probable failure* or *emergency* provisions of section 18(c)(6) of the FDI Act, or the resultant bank does not meet the minimum capital requirements of part 325.

(2) To deny applications for deposit insurance, and to approve applications for deposit insurance where:

(i) The applicant does not agree in writing to comply with any condition imposed by the FDIC (other than the standard conditions listed in §§ 303.0(b)(31), and 303.7(d)(4), which may be imposed without the applicant's written agreement), or

(ii) The applicant depository institution is a United States branch of a foreign bank; and

(3) To consider an application made by an insured depository institution pursuant to section 19 of the Act (12 U.S.C. 1829) for participation, directly or indirectly, in any manner in the conduct of the affairs of an insured depository institution or any person who has been convicted or is hereafter convicted of any criminal offense involving dishonesty or a breach of trust following a hearing held in accordance with the provisions of part 308 of this chapter (12 CFR part 308).

(c) *Enforcement matters.* Without limiting the Board of Directors' authority, the Board of Directors has retained the authority to act upon the following enforcement matters:

(1) To issue: (i) Notifications to primary regulator when the respondent bank's book capital is at or above 2% of total assets and adjusted Tier 1 capital is at or above 2% of adjusted part 325 total assets;

(ii) Notices of intent to terminate insured status; and

(iii) Orders terminating insured status, pursuant to section 8(a) of the Act (12 U.S.C. 1818(a));

(2) To issue cease-and-desist orders pursuant to section 8(b) of the Act (12 U.S.C. 1818(b)) when the respondent depository institution or individual does not consent to the issuance of such orders;

(3) To issue: (i) Temporary orders of suspension and prohibition pursuant to section 8(e) of the Act (12 U.S.C. 1818(e)); and

(ii) Orders of removal, suspension or prohibition from participation in the conduct of the affairs of an insured depository institution pursuant to section 8(e) of the Act (12 U.S.C. 1818(e)) when the individual does not consent to the issuance of such orders;

(4) To issue orders of suspension or prohibition to an indicted director, officer or person participating in the conduct of the affairs of an insured depository institution and orders of removal or prohibition to a convicted director, officer or person participating in the conduct of the affairs of an insured depository institution pursuant to section 8(g) of the Act (12 U.S.C. 1818(g)) when such director, officer or person does not consent to the suspension or removal;

(5) To issue final orders to pay civil money penalties where respondents do not consent to the assessment of civil money penalties and hearings have been held;

(6) To deny requests for modifications or terminations of orders issued pursuant to section 8(g) of the Act (12 U.S.C. 1818(g)); and

(7) To grant or deny requests for reinstatement to office, whether or not an informal hearing has been requested, pursuant to § 308.203 of this chapter.

### § 303.11 Confirmation, limitations, rescissions and special cases.

(a) *Written confirmation, limitations or subsequent rescission.* (1) The authority delegated in §§ 303.7, 303.8 and 303.9 of this part by the Board of Directors to the associate director, the appropriate

regional director or deputy regional director is subject, as to each associate director, regional director and deputy regional director, to written confirmation, limitations, or subsequent rescission of any confirmation, by the Director. Such written confirmation, limitations or rescissions shall be filed with the Executive Secretary of the FDIC at its offices in Washington, DC, and at the office of the regional director or deputy regional director concerned, and shall be available for public inspection by interested parties.

(2) The conditions set forth in this part to which the exercise of delegated authority is subject are procedural in nature only, and shall not be construed as standards or criteria which will be used in determining the merits of a specific application, petition, request or enforcement matter.

(b) *Action under delegated authority not mandated.* (1) The Director (DOS) or the Director (DCA) may, in writing, rescind the authority of an associate director, regional director, deputy regional director or regional manager to act on an application, request, notice of acquisition of control or enforcement matter, and may himself act on the same.

(2)(i) An associate director, regional director, deputy regional director or regional manager may, in writing, recommend that the authority to act on an application, request, notice of acquisition of control or enforcement matter may not be exercised by him; in such cases, the authority to act on such application, request, notice of acquisition of control or enforcement matter may be exercised by the Director (DOS) or the Director (DCA). The Director may, in writing, recommend that the authority to act on an application, request, notice of acquisition of control or enforcement matter may not be exercised by him; in such cases the Board of Directors will act on the application, request, notice of acquisition of control or enforcement matter.

(ii) A regional counsel may, in writing, recommend that the authority to act on an application made by insured depository institutions pursuant to section 19 of the Act (12 U.S.C. 1829) or an enforcement matter not be exercised by him; in such cases the author-

ity to act in such enforcement matters may be exercised by the Associate General Counsel for Compliance and Enforcement. The Associate General Counsel for Compliance and Enforcement may, in writing, recommend that the authority to act on an application pursuant to section 19 of the Act or enforcement matter not be exercised by him; in such cases, the Board of Directors will act on the application or enforcement matter.

(iii) Upon determining not to act upon the application, request, notice of acquisition of control or enforcement matter under delegated authority, the regional manager, deputy regional director, regional director, associate director, or the Director (DOS) or the Director (DCA), and/or the regional counsel, or the Associate General Counsel for Compliance and Enforcement, as the case may be, shall forward the application, request, notice of acquisition of control or enforcement matter, together with his recommendations as to the disposition of such application, request, notice of acquisition of control or enforcement matter to the appropriate authority as determined by the rules set forth in paragraphs (b)(2) (i) and/or (ii) of this section.

(c) *Request for review.* Any aggrieved party or person may request the Board of Directors to review any action taken under authority delegated in §§ 303.7, 303.8 and 303.9 of this part.

**§ 303.13 Applications and notices by savings associations.**

(a) *Definitions.* For the purposes of this section, the following definitions apply:

(1) As used in paragraphs (b) and (c) of this section, the term *activity* includes acquiring or retaining any investment other than an equity investment.

(2) *Control* means the power to vote, directly or indirectly, 25 per centum or more of any class of the voting stock of a company, the ability to control in any manner the election of a majority of a company's directors or trustees, or the ability to exercise a controlling influence over the management and policies of a company.

(3) *Corporate debt securities not of investment grade* refers to any corporate debt security that when acquired was not rated among the four highest rating categories by at least one nationally recognized statistical rating organization. The term shall not include any obligation issued or guaranteed by a corporation that may be held by a federal savings association without limitation as to percentage of assets under subparagraphs (D), (E), or (F) of section 5(c)(1) of the Home Owners' Loan Act (12 U.S.C. 1464(c)(1)).

(4) *Equity investment* means any equity security as defined herein; any partnership interest; any equity interest in real estate as defined herein; and any transaction which in substance falls into any of these categories, even though it may be structured as some other form of business transaction.

(5) *Equity interest in real estate* means any form of direct or indirect ownership of any interest in real property (whether in the form of an equity interest, partnership, joint venture or other form) which is accounted for as an investment in real estate or real estate joint ventures under generally accepted accounting principles or is oth-

erwise determined to be an investment in a real estate venture under Federal Financial Institutions Examination Council instructions for the preparation of reports of condition. The term *equity interest in real estate* shall not include:

(i) An interest in real property that is primarily used or intended to be used for future expansion by a savings association, its subsidiaries, or its affiliates as offices or related facilities for the conduct of its business;

(ii) An interest in real property that is acquired in satisfaction of a debt previously contracted in good faith, acquired by way of deed in lieu of foreclosure, or acquired in sales under judgments, decrees, or mortgages held by a savings association, provided that the property is not intended to be held for real estate investment purposes but is expected to be disposed of in a timely fashion as permitted by applicable law; and

(iii) Interests in real property that are primarily in the nature of charitable contributions to community development.

(6) *Equity security* means any stock, (other than adjustable rate preferred stock and money market (auction rate) preferred stock) certificate of interest or participation in any profit-sharing agreement, collateral-trust certificate, preorganization certificate or subscription, transferable share, investment contract, or voting-trust certificate; any security immediately convertible at the option of the holder without payment of substantial additional consideration into such a security; any security carrying any warrant or right to subscribe to or purchase any such security; and any certificate of interest or participation in, temporary or interim certificate for, or receipt for any of the foregoing. The term *equity security* does not include any of the foregoing if it is acquired through foreclosure or settlement in lieu of foreclosure.

(7) *Qualified affiliate* means, in the case of a stock savings association, an affiliate other than a subsidiary or an insured depository institution; and, in the case of a mutual savings association, a subsidiary other than an insured depository institution, so long as

§ 303.13

12 CFR Ch. III (1-1-98 Edition)

all of the savings association's investments in, and extensions of credit to, the subsidiary are deducted from the savings association's capital.

(8) The term *service corporation* means any corporation the capital stock of which is available for purchase only by savings associations.

(9) A *significant risk* is understood to be present whenever there is a high probability that any insurance fund administered by the FDIC may suffer a loss.

(10) *Subsidiary* means any corporation, partnership, business trust, association, joint venture, pool, syndicate or other similar business organization directly or indirectly controlled by a savings association. For the purposes of § 303.13(f), the term does not include an *insured depository institution* as that term is defined in section 3(c)(2) of the Federal Deposit Insurance Act, (*FDI Act*, 12 U.S.C. 1813(c)(2)).

(b) *Engaging other than as agent on behalf of customers in activities not permissible for Federal savings associations*—(1) After January 1, 1990, no state savings association may directly engage, other than as agent on behalf of its customers, in an activity that is not expressly authorized for federal savings associations by the Home Owners' Loan Act (12 U.S.C. 1461 *et seq.*) or any other statute, regulations issued by the Office of Thrift Supervision (OTS), official OTS Regulatory or Thrift Bulletins, or any order or interpretation issued in writing by OTS unless the state savings association obtains the approval of the FDIC. Any state savings association that wishes to obtain approval to initiate or continue such an activity, as well as any state savings association that wishes to make, or already has, nonresidential real property loans in an amount exceeding that described in section 5(c)(2)(B) of the HOLA (12 U.S.C. 1464(c)(2)(B)) must file a letter application with the DOS regional director for the region in which the state savings association's principal office is located. The letter application should contain the following information:

(i) A brief description of the activity and the manner in which it is (or will be) conducted;

(ii) A copy, if available, of any feasibility study, management plan, financial projections, business plan, or similar document concerning the conduct of the activity;

(iii) An estimate of the present or expected dollar volume of the activity;

(iv) Resolutions by the board of directors (or the board of trustees in a mutual association) of the savings association authorizing the conduct of such activity and the filing of this submission;

(v) A current statement of the association's assets, liabilities, and capital on both a consolidated and a non-consolidated basis, respectively;

(vi) A discussion by management of its analysis regarding the impact of the proposed activity on the association's earnings, capital adequacy, and general condition;

(vii) A statement by the savings association of whether or not it is in compliance with the fully phased-in capital standards prescribed under section 5(t) of HOLA (12 U.S.C. 1464(t)), including a calculation of the relevant capital ratio; and

(viii) A statement of the authority the savings association is relying upon for the conduct of the activity in the amount set forth in the letter application.

The regional director may request that the state savings association provide such other information as the director deems appropriate. Approval will not be granted if it is determined by the FDIC that engaging in the activity poses a significant risk to the affected deposit insurance fund. Furthermore, no savings association will be granted approval unless it is in compliance with the fully phased-in capital standards prescribed in section 5(t) of HOLA. Consequently, no application to engage in an activity after January 1, 1990 should be filed if a state association is not in compliance with the fully phased-in capital requirements.

(2) Paragraph (b)(1) of this section shall not be read to require the divestiture by a state savings association of any asset (including a nonresidential real estate loan) it had on its books prior to August 9, 1989 despite the fact that such asset may be held in connection with the conduct of an activity for

which the state savings association must obtain the FDIC's approval under § 303.13(b)(1). A notice describing the activities and those assets is nevertheless required by this section.

(c) *Engaging other than as agent on behalf of customers in activities authorized for Federal savings associations but to an extent not so authorized*—(1) *Activities conducted as of December 29, 1989.* (i) Any state savings association which as of December 29, 1989 is directly engaging, other than as agent on behalf of its customers, in an activity expressly authorized to all federal savings associations by statute or regulation adopted by OTS, or an official OTS Regulatory or Thrift Bulletin interpreting such statutes or regulations, in an amount in excess of that permitted to federal savings associations and intends to continue to do so after January 1, 1990, must file a notice, return receipt requested, with the DOS regional director for the region in which the state savings association's principal office is located. The notice must contain the same information that is required to be included in a letter application filed pursuant to § 303.13(b)(1). The regional director may request such other information as the regional director deems appropriate. The notice must be received by the regional director no later than January 29, 1990.

(ii) A state savings association which is, and continues to be, in compliance with the fully phased-in capital standards prescribed under section 5(t) of HOLA and which has filed notice with the FDIC pursuant to paragraph (c)(1)(i) of this section may continue the activities that are the subject of the 30-day notice in the amount set forth in the notice unless the FDIC notifies the state savings association to the contrary. No state savings association will be permitted to continue the activities at the level described in a notice filed pursuant to this section if it is determined that to do so poses a significant risk to the affected deposit insurance fund. A state savings association which is not in compliance with the fully phased-in capital standards as of December 29, 1989 must decrease the level of the activity to that allowed to a federal savings association in order

for continuation of the activity to be permissible.

(iii) Paragraph (c)(1) of this section shall not be read to require the divestiture by a state savings association of any asset it had on its books before August 9, 1989. A notice describing those assets is nevertheless required by this section if the assets are held in connection with the conduct of an activity in an amount that triggers notice under § 303.13(c)(1)(i).

(2) *Initiation of activities after December 29, 1989.* Any state savings association that intends to initiate activities of a type and in an amount described in paragraph (c)(1)(i) of this section must file a notice, return receipt requested, with the (DOS) regional director for the region in which the state savings association's principal office is located at least 60 days prior to the initiation of the level of the activity described in the notice. The notice must contain the same information required by § 303.13(b)(1). The regional director may request such other information as the regional director deems appropriate. A state savings association that files a 60-day notice may initiate the level of activity as described in its notice 60 days after the FDIC accepts the notice as complete, or 60 days after the FDIC accepts as complete the additional information, if any, that has been requested *provided that* the association is in compliance with the fully phased-in capital standards prescribed in section 5(t) of HOLA and *provided that* the FDIC does not, prior to that date, pose an objection to the association doing so. A state savings association may initiate the level of activity described in its notice prior to the expiration of the 60-day period if so notified. The continued conduct of the activities as described in the notice is conditioned upon the association's continued compliance with the fully phased-in capital standards and the FDIC's continued non-objection to those activities.

The 60-day period may be extended upon notice to the state savings association if the notice as received is incomplete or the notice raises issues that require additional information or time for analysis. If the 60-day period

is extended, the state savings association may begin the conduct of the activities only upon receipt of written notification to that effect. No state savings association will be permitted to initiate activities subject to this paragraph if it is determined that to do so would pose a significant risk to the affected deposit insurance fund.

(d) *Equity investments*—(1) *General*. No state savings association may directly acquire or retain any equity investment after August 9, 1989 of a type or in an amount that is not expressly authorized for federal savings associations by HOLA, regulations issued by OTS, official OTS Regulatory or Thrift Bulletins, or any order or interpretation issued in writing by OTS. Any state savings association which, as of August 9, 1989, had one or more such equity investments must file an application, return receipt requested, with the DOS regional director for the region in which the state savings association's principal office is located no later than 30 days from December 29, 1989. The application shall:

(i) Describe the obligor, type, amount, and book and market values of the equity investment;

(ii) Set forth the association's plans to comply with the requirements of section 28(c) of the FDI Act to divest the investment as quickly as prudently possible, but in any event not later than July 1, 1994;

(iii) Describe the anticipated gain or loss (anticipated or realized) from the sale of the investment and the impact thereof on the association's capital (including capital ratios before and after their sale);

(iv) Include a copy of a resolution by the board of directors, or board of trustees in the case of a mutual association, authorizing the filing of this submission; and

(v) Request the FDIC's permission to accomplish divestiture in accordance with said plans.

The regional director may request such additional information as the regional director deems appropriate. Upon review of the application and such additional information as requested, and at any time during the divestiture period thereafter, the FDIC may impose such conditions and requirements as it

deems appropriate in its sole discretion with regard to the divestiture of the equity investment, including requiring completion of divestiture in advance of July 1, 1994.

(2) *Service corporations*—(i) *General*. Section 303.13(d)(1) notwithstanding, a state savings association may acquire or retain an equity investment in a service corporation, provided that the service corporation's activities are limited solely to those expressly authorized by HOLA or any other statute, regulations issued by OTS, official OTS Regulatory or Thrift Bulletins, or any order or interpretation issued in writing by OTS for all service corporations owned by federal savings associations and provided that the investment in such service corporation does not exceed that permissible for a federal savings association pursuant to statute or regulation of OTS. If either of these two conditions does not exist, the state association must file a letter application under paragraph (d)(2)(ii) of this section with the DOS regional director for the region in which the state savings association's principal office is located requesting permission to acquire or retain the equity investment in the service corporation in question.

(ii) *Content and filing of application*. An application requesting permission to retain an equity investment in a service corporation in which a federal association could not invest that was held as of August 9, 1989 must be filed with the regional office no later than January 29, 1990. Approval of the acquisition or retention of an equity investment in a service corporation in which a federal association could not invest will not be granted if the state association is not in compliance with the fully phased-in capital standards prescribed by section 5(t) of HOLA. Consequently, no application to acquire or retain an equity investment in such a service corporation should be filed if a state association is not in compliance with these capital requirements. In addition, approval of the retention or acquisition of such investments will not be granted if the acquisition or retention is determined to pose a significant risk to the affected deposit insurance

## Federal Deposit Insurance Corporation

fund. If an application to retain an investment is denied, the state association must file a divestiture plan with the regional director requesting the FDIC's permission to accomplish divestiture in accordance with said plan.

The letter application required hereby should contain the information required by §303.13(b)(1), as it relates both to the service corporation and to its parent state savings association. In addition, the application should contain: A listing of the officers (contemplated officers) of the service corporation, a listing of any other shareholders of the service corporation (existing or prospective) and their respective holdings, and a listing of the locations (expected locations) of all of the offices of the service corporation. The regional director may request such other information as the regional director deems appropriate.

(e) *Corporate debt securities not of investment grade.* Notwithstanding anything to the contrary in §303.13, no state or federal savings association may, directly or through a subsidiary (other than a subsidiary that is a qualified affiliate), acquire or retain after August 9, 1989 any corporate debt security that is not of investment grade. Any state or federal savings association which, as of August 9, 1989, held corporate debt securities not of investment grade must divest those securities as quickly as can prudently be done, but in no event later than July 1, 1994. Any state or federal savings association that must divest corporate debt securities shall file an application with the DOS regional director for the region in which the state or Federal savings association's principal office is located not later than 30 days from December 29, 1990. The application shall:

(1) Describe the obligor, type, amount, and book and market values of the corporate debt securities;

(2) Set forth the state or federal association's plans to comply with the requirements of section 28(d) of the FDI Act to divest the securities as quickly as prudently possible, but in any event not later than July 1, 1994;

(3) Describe the gain or loss (anticipated or realized) from the sale of the securities and the impact thereof on the association's capital (including

capital ratios before and after the sale);

(4) Include a copy of the resolution by the board of directors, or the board of trustees in the case of a mutual association, authorizing the filing of this submission; and

(5) Request the FDIC's permission to accomplish divestiture in accordance with said plans.

The regional director may request such additional information as the regional director deems appropriate. Upon review of the application and such additional information as requested, and at any time during the divestiture period thereafter, the FDIC may impose such conditions and requirements as it deems appropriate in its sole discretion with regard to the divestiture of the debt securities, including requiring completion of divestiture in advance of July 1, 1994.

(f) *Notice of acquisition or establishment of a subsidiary or the conduct of new activities through a subsidiary.* (1) No insured savings association may establish or acquire a subsidiary, or conduct any new activity through a subsidiary, without providing the DOS regional director for the region in which the insured savings association's principal office is located prior notice of the association's intent to do so. Notice must be sent return receipt requested and be received by the regional director at least 30 days prior to the establishment or acquisition of the subsidiary or the commencement of the new activity. The notice shall contain the same information required to be in a letter application filed pursuant to §303.13(b)(1) plus the following:

(i) A description of how the activities of the subsidiary will be funded;

(ii) The amount of the insured savings association's investment in the subsidiary and the form of the investment;

(iii) The percentage ownership the insured savings association will have in the subsidiary;

(iv) A listing of the other owners of the subsidiary if any; and

(v) In the case of the acquisition of an existing concern, the terms and conditions of the acquisition including an appraisal, assessment of value, or other substantiation of the purchase price

and operating statements for the previous three years (if applicable).

If the insured savings association's filing with the OTS under section 18(m)(1) of the FDI Act contains all of the information required, that filing may be submitted to the FDIC in satisfaction of this provision. In any case, the regional director may request such additional information as the regional director deems appropriate. In all such cases, the 30-day period will not begin to run until the response to the request for additional information is complete.

(2) Any Federal savings bank that was chartered prior to October 15, 1982 as a savings bank under state law, and any savings association that acquired its principal assets from such an institution, is not required to file prior notice in accordance with paragraph (f)(1) of this section.

(3) Any insured savings association that had one or more subsidiaries prior to August 9, 1989 must file a notice with the DOS regional director for the region in which the insured savings association's principal office is located within 30 days from December 29, 1989. The notice should set forth the name, location, and type of activity conducted by the subsidiary and the amount of the insured savings association's investment in the subsidiary.

(4) Section 303.13(f)(1) notwithstanding, an insured savings association may establish or acquire one or more subsidiaries whose sole purpose is to hold interests in real property acquired by the savings association that fit the description in §303.13(a)(5)(ii) provided that the savings association files a written notice, return receipt requested, with the DOS regional director for the region in which the savings association's principal office is located indicating that the association intends to establish or acquire one or more subsidiaries that will be engaged solely in the disposition of such property. Notice must be received by the regional director at least 30 days prior to the establishment or acquisition of any such subsidiary. An association that has filed a notice pursuant to this paragraph may thereafter establish or acquire additional such subsidiaries provided that each time within 14 days after doing so the

association notifies the regional director in writing. The notice shall identify the savings association, give the date of the initial notice, identify the new subsidiary, and state the value of the property at the time it was transferred to the subsidiary.

(g) *Notice by Federal savings associations conducting grandfathered activities.* Any federal savings association authorized by section 5(i)(4) of HOLA (12 U.S.C. 1464(i)(4)) to make any investment or engage in any activity not otherwise generally authorized to federal savings association by section 5 of HOLA must file a notice with the DOS regional director for the region in which the federal savings association's principal office is located within 30 days after December 29, 1989 or within 30 days after the date the federal savings association is first able to rely upon section 5(i)(4) of HOLA as a result of the acquisition of an association that is covered by such section. The notice should briefly describe the activity or investment.

(h) *Delegations.* The authority to act on applications and notices filed pursuant to §303.13, and to make any and all determinations called for in regard to the same, is delegated to the Director (DOS), and where confirmed in writing by the director, to an associate director, or to the regional director or deputy regional director.

### § 303.14 Change in senior executive officer or board of directors.

(a) *Definitions.* For the purposes of this section:

(1) The term *individual* means any natural person, as well as any other entity and/or its employees substituted for such natural person.

(2) The term *insured nonmember bank* means any bank, including any foreign bank having an insured branch the deposits of which are insured in accordance with the provisions of the Federal Deposit Insurance Act, which is not a

member of the Federal Reserve System. The term does not include any institution chartered by the Comptroller of the Currency, any branch licensed by the Comptroller of the Currency, any District bank, or any federal savings bank.

(3) The term *senior executive officer* means any individual who exercises significant influence over, or participates in, major policymaking decisions of an insured nonmember bank, without regard to title, salary, or compensation. The term includes, but is not limited to, the following positions: president, chief executive officer, chief managing official (in an insured state branch of a foreign bank), chief operating officer, chief financial officer, chief lending officer, or chief investment officer. The term also includes employees of entities retained by an insured nonmember bank to perform such functions in the insured nonmember bank, when such firm is hired in lieu of directly hiring the individuals.

(4) The term *troubled condition* means any insured nonmember bank that:

(i) Has been assigned a composite rating by the FDIC of 4 or 5 under the Uniform Financial Institutions Rating System, or, in the case of an insured state-licensed branch of a foreign bank (*State branch*), an equivalent rating;

(ii) Is subject to a proceeding initiated by the FDIC for termination or suspension of deposit insurance;

(iii) Is subject to a written agreement which requires action to improve or maintain the safety and soundness of the institution and which is issued by either the FDIC or by the appropriate state banking authority, a cease and desist order issued by either the FDIC or the appropriate state banking authority, a cease and desist order or proceeding initiated by either the FDIC or the appropriate state banking authority, or a capital directive issued by either the FDIC or the appropriate state banking authority; or

(iv) Is informed in writing by the DOS regional director of the region in which the institution is located (*appropriate regional director*) or his or her designee, based on a visitation, examination, or report of condition, that it has been designated a *troubled institution* for the purposes of § 303.14.

(b) *Prior Notice Requirement.* An insured nonmember bank shall give the FDIC written notice at least 30 days prior to the effective date of any addition or replacement of a member of the board of directors (or a member of the board of trustees in an insured nonmember bank held in a mutual form of ownership) or the employment or change in responsibilities of any individual to a position as a senior executive officer if:

(1) The bank has been chartered or the insured state branch has been licensed less than two years;

(2) Within the two years preceding the proposed addition or employment;

(i) The insured nonmember bank or any of its parents has undergone a change in control which required a notice under section 7(j) of the Federal Deposit Insurance Act or regulations issued pursuant to that statute; or

(ii) The insured nonmember bank has undergone a transaction subject to section 3 of the Bank Holding Company Act or section 10 of the Home Owners Loan Act or regulations issued pursuant to either of those statutes;

(3) The insured nonmember bank is not in compliance with the minimum capital requirements applicable to it and which are imposed by 12 CFR part 325 or by other regulatory action of the FDIC or the appropriate state banking authority; or

(4) The insured nonmember bank is otherwise in a troubled condition.

In the case of the addition of a member of the board of directors or a change in senior executive officer in a foreign bank having an insured State branch, the notice requirement shall not apply to such additions and changes in the foreign bank parent, but only to changes in senior executive officers in the State branch. The notice requirement also does not apply in the case of an advisory director who is not elected by the shareholders of the bank or any of its parents, who is not authorized to vote on matters before the board of directors, and who provides solely general policy advice to the board of directors.

(c) *Procedures for notice of proposed change in Director or Senior Executive Officer*—(1) *Filing and acceptance.* Notices shall be filed with the appropriate

### § 303.15

### 12 CFR Ch. III (1-1-98 Edition)

regional director and shall contain information pertaining to the competence, experience, character, or integrity of the individual with respect to whom the notice is submitted, as prescribed in the designated FDIC form, subject to the authority of the regional director or his or her designee to require additional information. Each individual on whose behalf the notice is filed must attest to the validity of the information filed which pertains to that individual. At the option of the individual, the information may be forwarded to the regional director by the individual; however, in such cases, the insured nonmember bank must file a notice to that effect. The 30-day notice period will begin to run on the date all required information is received by the appropriate regional director. The bank submitting the notice shall be notified of the date on which all such required information is received and the notice is accepted for processing.

(2) *Waiver of prior notice requirement—*  
(i) *Procedure for obtaining.* Parties may petition the appropriate regional director for a waiver of the prior notice required under this section. Waiver may be granted if it is found that delay could harm the bank or the public interest. Any waiver shall not affect the authority of the FDIC to issue a notice of disapproval within 30 days of the waiver.

(ii) *Election of directors.* In the case of the election of a new member of the board of directors at a meeting of the shareholders of an insured nonmember bank, such waiver is hereby granted, but a completed notice must be filed with the appropriate regional director within 48 hours of the election.

(3) *Notice of intent not to disapprove.* A proposed director or senior executive officer may begin service before the expiration of the 30-day period if the FDIC notifies the bank and the individual in writing of the FDIC's intention not to disapprove the proposed addition or employment.

(4) *Commencement of service.* A proposed senior executive officer or director may begin service upon the expiration of the 30-day period following acceptance of a complete notice, unless

the FDIC issues a notice of disapproval before the end of the 30-day period.

(d) *Notice of disapproval.* The FDIC may disapprove the individual's serving as a director or senior executive officer if it finds that the competence, experience, character, or integrity of the individual with respect to whom a notice under this section is submitted indicates that it would not be in the best interests of the depositors of the bank or in the best interests of the public to permit the individual to be employed by, or associated with, the bank. The notice of disapproval will advise the parties of their rights of appeal.

(e) *Delegations.* The authority to issue notices of disapproval or notices of intent not to disapprove under this section; to grant waivers of the prior notice requirement; to determine the informational adequacy of a notice; to designate an insured nonmember bank as a troubled institution; and to determine when the 30-day period begins to run is delegated to the Director (DOS), and where confirmed in writing by the director, to an associate director, or to the regional director or deputy regional director.

### § 303.15 Mutual-to-stock conversions of mutually owned state-chartered savings banks.

(a) *Prior notice requirement.* In addition to complying with the substantive requirements in § 333.4 of this chapter, an insured state-chartered mutually owned savings bank that proposes to convert from mutual to stock form shall file with the FDIC a notice of intent to convert to stock form and copies of all documents filed with state and federal banking and/or securities regulators in connection with the proposed conversion. An institution that is in the process of converting to stock form that has filed a proposed stock conversion application with the applicable state and federal regulators (or otherwise has initiated a stock conversion) prior to the effective date of this section shall file the required materials with the FDIC as soon as practicable. An insured mutual savings bank chartered by a state that does not

require the filing of application materials to convert from mutual to stock form that proposes to convert to the stock form shall notify the FDIC of the proposed conversion and provide the materials requested by the FDIC.

(b) *Content and filing of notice*—(1) *Content of notice.* The notice required to be filed under paragraph (a) of this section shall provide a description of the proposed conversion and include a copy of all notices or applications concerning the proposed conversion, including all attachments or appendices thereto, that have been filed with any state and federal banking and/or securities regulators. Copies of all agreements entered into as part of the mutual-to-stock conversion between the institution, its officers, directors/trustees and any other institution and/or its successors also must be provided.

(2) *Filing of notice.* Notices shall be filed with the regional director (DOS) in the region in which the institution seeking to convert is headquartered at the same time as the conversion application materials are filed with the institution's primary state regulator.

(c) *Review by FDIC.* (1) The FDIC shall review the materials submitted by the institution seeking to convert from mutual to stock form. The FDIC, in its discretion, may request any additional information it deems necessary to evaluate the proposed conversion and the institution shall provide such information to the FDIC expeditiously. Among the factors to be reviewed by the FDIC are:

(i) The use of the proceeds from the sale of stock, as prescribed in the business plan;

(ii) The adequacy of the disclosure materials;

(iii) The participation of depositors in approving the transaction;

(iv) The form of the proxy statement required for the vote of the depositors/members on the conversion;

(v) Any increased compensation and other remuneration (including stock grants, stock option rights and other similar benefits) to be obtained by officers and directors/trustees of the bank in connection with the conversion;

(vi) The adequacy and independence of the appraisal of the value of the mutual savings bank for purposes of deter-

mining the price of the shares of stock to be sold;

(vii) The process by which the bank's trustees approved the appraisal, the pricing of the stock and the compensation arrangements for insiders;

(viii) The nature and apportionment of stock subscription rights; and

(ix) The bank's plans to fulfill its commitment to serving the convenience and needs of its community.

(2) In reviewing the materials required to be submitted under this section, the FDIC will take into account the extent to which the proposed conversion conforms with the various provisions of the mutual-to-stock conversion regulations of the Office of Thrift Supervision (12 CFR Part 563b), as currently in effect at the time the FDIC reviews the required materials related to the proposed conversion. Any non-conformity with those provisions will be closely scrutinized. Conformity with the OTS requirements, however, will not be sufficient for FDIC regulatory purposes if the FDIC determines that the proposed conversion would pose a risk to the institution's safety and soundness, violate any law or regulation or present a breach of fiduciary duty.

(d) *Notification of completed filing of materials.* The FDIC shall notify the institution when all the required materials related to the proposed conversion have been filed with the FDIC and the notice is thereby complete for purposes of computing the time periods designated in paragraphs (e) and (g) of this section.

(e) *Notice of intent not to object.* If the FDIC determines, in its discretion, that the proposed conversion would not pose a risk to the institution's safety and soundness, violate any law or regulation or present a breach of fiduciary duty, then the FDIC shall issue to the bank seeking to convert, within 60 days of receipt of a complete notice of proposed conversion or within 20 days after the last applicable state or other federal regulator has acted on the proposed conversion, whichever is later, a notice of intent not to object to the proposed conversion. The FDIC may, in its discretion, extend by written notice to the institution the initial 60-day period by an additional 60 days.

(f) *Letter of objection.* If the FDIC determines, in its discretion, that the proposed conversion poses a risk to the institution's safety and soundness, violates any law or regulation or presents a breach of fiduciary duty, then the FDIC shall issue a letter to the institution stating its objection(s) to the proposed conversion and advising the institution that the conversion shall not be consummated until such letter is rescinded. A copy of the letter of objection shall be furnished to the institution's primary state regulator and any other state or federal banking and/or securities regulator involved in the conversion. The letter of objection shall advise the institution of its right to petition the FDIC for reconsideration under §303.6(e). Such action shall not, in any way, prohibit the FDIC from taking any other action(s) that it may deem necessary.

(g) *Consummation of the conversion.* An institution may consummate the proposed conversion upon either:

(1) The receipt of a notice of intent not to object; or

(2) The expiration of the 60-day period following acceptance of a complete notice by the FDIC or the 20-day period after the last applicable state or other federal regulator has acted on the proposed conversion, whichever is later, unless the FDIC issues a notice of objection before the end of that period and, in which case, the conversion shall not be consummated until such letter is rescinded. The FDIC may, in its discretion, extend by written notice to the institution the initial 60-day period by an additional 60 days.

### § 304.4 Reports of condition and income.

(a) *Description.* Forms FFIEC 031, 032, 033, and 034, Consolidated Reports of Condition and Income, are quarterly reports for insured state nonmember banks (except District banks) of different asset sizes or with foreign offices, as appropriate, that are required to be prepared as of the close of business on the following report dates: March 31, June 30, September 30, and December 31. These reports are also known as the "Call Report." The Call Report includes a balance sheet, an income statement, and a statement of changes in equity capital of the reporting bank. Supporting schedules request additional detail with respect to charge-offs and recoveries, income from international operations, specific asset and liability accounts, off-balance sheet items, past due and non-accrual assets, information for assessment purposes, and regulatory capital. All assets and liabilities, including contingent assets and liabilities, must be reported in, or otherwise taken into account in the preparation of, the Call Report. Reporting banks must also submit annually such information on small business and small farm lending as the FDIC may need to assess the availability of credit to these sectors of the economy. Call Reports must be prepared in accordance with the appropriate instructions contained in the Federal Financial Institutions Examination Council booklet entitled "Instructions—Consolidated Reports of Condition and Income". The report forms, the instructions for completing the reports, and the accompanying materials will be furnished to all insured state nonmember banks (except District banks) by, or may be obtained upon request from, the Call Reports Analysis Unit, Division of Supervision, FDIC, Washington, D.C. 20429.

(b) *Submission of reports.* All insured state nonmember banks (except District banks) shall file their completed

reports by the method and with the appropriate collection agent for the FDIC as designated in the materials accompanying the report forms each quarter. Completed reports must be received no more than 30 calendar days after the report date, subject to the timely filing provisions set forth in the "Instructions—Consolidated Reports of Condition and Income" and in the materials accompanying the report forms each quarter. Any bank which has or has had more than one foreign office, other than a shell branch or an International Banking Facility, may take an additional 15 calendar days to submit its Call Reports. A bank using any of these additional 15 calendar days to complete its reports is required to submit its reports electronically.

Insured branches must also submit annually such information on small business and small farm lending as the FDIC may need to assess the availability of credit to these sectors of the economy. The report must be prepared in accordance with the instructions contained in the instruction booklet for the report, copies of which are furnished to all U.S. branches and agencies of foreign banks by the Federal Reserve System. The reports or any form containing identical information must be submitted to the bank's board of directors by January 31 of each year and cover indebtedness to correspondent banks during the preceding calendar year. Form FFIEC 004 is mailed annually by the FDIC to each insured state nonmember bank.

All other parties to the proceeding shall have an opportunity, within ten days of receipt of service of the ex parte communication, to file responses thereto and to recommend any sanctions that they believe to be appropriate under the circumstances. The administrative law judge or the Board of Directors shall then determine whether any action should be taken concerning the ex parte communication in accordance with paragraph (d) of this section.

(d) *Sanctions*. Any party or his or her counsel who makes a prohibited ex parte communication, or who encourages or solicits another to make any such communication, may be subject to any appropriate sanction or sanctions imposed by the Board of Directors or the administrative law judge including, but not limited to, exclusion from the proceedings and an adverse ruling on the issue which is the subject of the prohibited communication.

(e) *Separation of functions*. Except to the extent required for the disposition of ex parte matters as authorized by law, the administrative law judge may not consult a person or party on any matter relevant to the merits of the adjudication, unless on notice and opportunity for all parties to participate. An employee or agent engaged in the performance of investigative or prosecuting functions for the FDIC in a case may not, in that or a factually related case, participate or advise in the decision, recommended decision, or agency review of the recommended decision under § 308.40 except as witness or counsel in public proceedings.

**§ 308.10 Filing of papers.**

(a) *Filing*. Any papers required to be filed, excluding documents produced in response to a discovery request pursuant to §§ 308.25 and 308.26, shall be filed with the OFIA, except as otherwise provided.

(b) *Manner of filing*. Unless otherwise specified by the Board of Directors or the administrative law judge, filing may be accomplished by:

(1) Personal service;

(2) Delivering the papers to a reliable commercial courier service, overnight delivery service, or to the U.S. Post Office for Express Mail delivery;

(3) Mailing the papers by first class, registered, or certified mail; or

(4) Transmission by electronic media, only if expressly authorized, and upon any conditions specified, by the Board of Directors or the administrative law judge. All papers filed by electronic media shall also concurrently be filed in accordance with paragraph (c) of this section.

## § 308.11

(c) *Formal requirements as to papers filed*—(1) *Form*. All papers filed must set forth the name, address, and telephone number of the counsel or party making the filing and must be accompanied by a certification setting forth when and how service has been made on all other parties. All papers filed must be double-spaced and printed or typewritten on 8½×11 inch paper, and must be clear and legible.

(2) *Signature*. All papers must be dated and signed as provided in §308.7.

(3) *Caption*. All papers filed must include at the head thereof, or on a title page, the name of the FDIC and of the filing party, the title and docket number of the proceeding, and the subject of the particular paper.

(4) *Number of copies*. Unless otherwise specified by the Board of Directors, or the administrative law judge, an original and one copy of all documents and papers shall be filed, except that only one copy of transcripts of testimony and exhibits shall be filed.

### § 308.11 Service of papers.

(a) *By the parties*. Except as otherwise provided, a party filing papers shall serve a copy upon the counsel of record for all other parties to the proceeding so represented, and upon any party not so represented.

(b) *Method of service*. Except as provided in paragraphs (c)(2) and (d) of this section, a serving party shall use one or more of the following methods of service:

(1) Personal service;

(2) Delivering the papers to a reliable commercial courier service, overnight delivery service, or to the U.S. Post Office for Express Mail delivery;

(3) Mailing the papers by first class, registered, or certified mail; or

(4) Transmission by electronic media, only if the parties mutually agree. Any papers served by electronic media shall also concurrently be served in accordance with the requirements of §308.10(c).

(c) *By the Board of Directors*. (1) All papers required to be served by the Board of Directors or the administrative law judge upon a party who has appeared in the proceeding in accordance with §308.6, shall be served by any

## 12 CFR Ch. III (1–1–98 Edition)

means specified in paragraph (b) of this section.

(2) If a party has not appeared in the proceeding in accordance with §308.6, the Board of Directors or the administrative law judge shall make service by any of the following methods:

(i) By personal service;

(ii) If the person to be served is an individual, by delivery to a person of suitable age and discretion at the physical location where the individual resides or works;

(iii) If the person to be served is a corporation or other association, by delivery to an officer, managing or general agent, or to any other agent authorized by appointment or by law to receive service and, if the agent is one authorized by statute to receive service and the statute so requires, by also mailing a copy to the party;

(iv) By registered or certified mail addressed to the party's last known address; or

(v) By any other method reasonably calculated to give actual notice.

(d) *Subpoenas*. Service of a subpoena may be made:

(1) By personal service;

(2) If the person to be served is an individual, by delivery to a person of suitable age and discretion at the physical location where the individual resides or works;

(3) By delivery to an agent which, in the case of a corporation or other association, is delivery to an officer, managing or general agent, or to any other agent authorized by appointment or by law to receive service and, if the agent is one authorized by statute to receive service and the statute so requires, by also mailing a copy to the party;

(4) By registered or certified mail addressed to the person's last known address; or

(5) In such other manner as is reasonably calculated to give actual notice.

(e) *Area of service*. Service in any state, territory, possession of the United States, or the District of Columbia, on any person or company doing business in any state, territory, possession of the United States, or the District of Columbia, or on any person as otherwise provided by law, is effective without regard to the place where the hearing is held, provided that if

service is made on a foreign bank in connection with an action or proceeding involving one or more of its branches or agencies located in any state, territory, possession of the United States, or the District of Columbia, service shall be made on at least one branch or agency so involved. [56 FR 37975, Aug. 9, 1991, as amended at 61 FR 20347, May 6, 1996]

### § 308.12 Construction of time limits.

(a) *General rule.* In computing any period of time prescribed by this subpart, the date of the act or event that commences the designated period of time is not included. The last day so computed is included unless it is a Saturday, Sunday, or Federal holiday. When the last day is a Saturday, Sunday, or Federal holiday, the period runs until the end of the next day that is not a Saturday, Sunday, or Federal holiday. Intermediate Saturdays, Sundays, and Federal holidays are included in the computation of time. However, when the time period within which an act is to be performed is ten days or less, not including any additional time allowed for in paragraph (c) of this section, intermediate Saturdays, Sundays, and Federal holidays are not included.

(b) *When papers are deemed to be filed or served.* (1) Filing and service are deemed to be effective:

(i) In the case of personal service or same day commercial courier delivery, upon actual service;

(ii) In the case of overnight commercial delivery service, U.S. Express Mail delivery, or first class, registered, or certified mail, upon deposit in or delivery to an appropriate point of collection;

(iii) In the case of transmission by electronic media, as specified by the authority receiving the filing, in the case of filing, and as agreed among the parties, in the case of service.

(2) The effective filing and service dates specified in paragraph (b) (1) of this section may be modified by the Board of Directors or administrative law judge in the case of filing or by agreement of the parties in the case of service.

(c) *Calculation of time for service and filing of responsive papers.* Whenever a time limit is measured by a prescribed

period from the service of any notice or paper, the applicable time limits are calculated as follows:

(1) If service is made by first class, registered, or certified mail, add three calendar days to the prescribed period;

(2) If service is made by express mail or overnight delivery service, add one calendar day to the prescribed period; or

(3) If service is made by electronic media transmission, add one calendar day to the prescribed period, unless otherwise determined by the Board of Directors or the administrative law judge in the case of filing, or by agreement among the parties in the case of service.

[56 FR 37975, Aug. 9, 1991, as amended at 61 FR 20348, May 6, 1996]

### § 308.13 Change of time limits.

Except as otherwise provided by law, the administrative law judge may, for good cause shown, extend the time limits prescribed by the Uniform Rules or by any notice or order issued in the proceedings. After the referral of the case to the Board of Directors pursuant to § 308.38, the Board of Directors may grant extensions of the time limits for good cause shown. Extensions may be granted at the motion of a party or of the Board of Directors after notice and opportunity to respond is afforded all non-moving parties, or on the administrative law judge's own motion.

### § 308.14 Witness fees and expenses.

Witnesses subpoenaed for testimony or depositions shall be paid the same fees for attendance and mileage as are paid in the United States district courts in proceedings in which the United States is a party, provided that, in the case of a discovery subpoena addressed to a party, no witness fees or mileage need be paid. Fees for witnesses shall be tendered in advance by the party requesting the subpoena, except that fees and mileage need not be tendered in advance where the FDIC is the party requesting the subpoena. The FDIC shall not be required to pay any fees to, or expenses of, any witness not subpoenaed by the FDIC.

## § 308.15

### § 308.15 Opportunity for informal settlement.

Any respondent may, at any time in the proceeding, unilaterally submit to Enforcement Counsel written offers or proposals for settlement of a proceeding, without prejudice to the rights of any of the parties. No such offer or proposal shall be made to any FDIC representative other than Enforcement Counsel. Submission of a written settlement offer does not provide a basis for adjourning or otherwise delaying all or any portion of a proceeding under this part. No settlement offer or proposal, or any subsequent negotiation or resolution, is admissible as evidence in any proceeding.

### § 308.16 FDIC's right to conduct examination.

Nothing contained in this subpart limits in any manner the right of the FDIC to conduct any examination, inspection, or visitation of any institution or institution-affiliated party, or the right of the FDIC to conduct or continue any form of investigation authorized by law.

### § 308.17 Collateral attacks on adjudicatory proceeding.

If an interlocutory appeal or collateral attack is brought in any court concerning all or any part of an adjudicatory proceeding, the challenged adjudicatory proceeding shall continue without regard to the pendency of that court proceeding. No default or other failure to act as directed in the adjudicatory proceeding within the times prescribed in this subpart shall be excused based on the pendency before any court of any interlocutory appeal or collateral attack.

### § 308.18 Commencement of proceeding and contents of notice.

(a) *Commencement of proceeding.* (1)(i) Except for change-in-control proceedings under section 7(j)(4) of the FDIA (12 U.S.C. 1817(j)(4)), a proceeding governed by this subpart is commenced by issuance of a notice by the FDIC.

(ii) The notice must be served by the Executive Secretary upon the respondent and given to any other appropriate financial institution supervisory authority where required by law.

## 12 CFR Ch. III (1-1-98 Edition)

(iii) The notice must be filed with the OFIA.

(2) Change-in-control proceedings under section 7(j)(4) of the FDIA (12 U.S.C. 1817(j)(4)) commence with the issuance of an order by the FDIC.

(b) *Contents of notice.* The notice must set forth:

(1) The legal authority for the proceeding and for the FDIC's jurisdiction over the proceeding;

(2) A statement of the matters of fact or law showing that the FDIC is entitled to relief;

(3) A proposed order or prayer for an order granting the requested relief;

(4) The time, place, and nature of the hearing as required by law or regulation;

(5) The time within which to file an answer as required by law or regulation;

(6) The time within which to request a hearing as required by law or regulation; and

(7) That the answer and/or request for a hearing shall be filed with OFIA.

### § 308.19 Answer.

(a) *When.* Within 20 days of service of the notice, respondent shall file an answer as designated in the notice. In a civil money penalty proceeding, respondent shall also file a request for a hearing within 20 days of service of the notice.

(b) *Content of answer.* An answer must specifically respond to each paragraph or allegation of fact contained in the notice and must admit, deny, or state that the party lacks sufficient information to admit or deny each allegation of fact. A statement of lack of information has the effect of a denial. Denials must fairly meet the substance of each allegation of fact denied; general denials are not permitted. When a respondent denies part of an allegation, that part must be denied and the remainder specifically admitted. Any allegation of fact in the notice which is not denied in the answer must be deemed admitted for purposes of the proceeding. A respondent is not required to respond to the portion of a notice that constitutes the prayer for relief or proposed order. The answer must set forth affirmative defenses, if any, asserted by the respondent.

## Federal Deposit Insurance Corporation

## § 308.23

(c) *Default*—(1) *Effect of failure to answer.* Failure of a respondent to file an answer required by this section within the time provided constitutes a waiver of his or her right to appear and contest the allegations in the notice. If no timely answer is filed, Enforcement Counsel may file a motion for entry of an order of default. Upon a finding that no good cause has been shown for the failure to file a timely answer, the administrative law judge shall file with the Board of Directors a recommended decision containing the findings and the relief sought in the notice. Any final order issued by the Board of Directors based upon a respondent's failure to answer is deemed to be an order issued upon consent.

(2) *Effect of failure to request a hearing in civil money penalty proceedings.* If respondent fails to request a hearing as required by law within the time provided, the notice of assessment constitutes a final and unappealable order.

### § 308.20 Amended pleadings.

(a) *Amendments.* The notice or answer may be amended or supplemented at any stage of the proceeding. The respondent must answer an amended notice within the time remaining for the respondent's answer to the original notice, or within ten days after service of the amended notice, whichever period is longer, unless the Board of Directors or administrative law judge orders otherwise for good cause.

(b) *Amendments to conform to the evidence.* When issues not raised in the notice or answer are tried at the hearing by express or implied consent of the parties, they will be treated in all respects as if they had been raised in the notice or answer, and no formal amendments are required. If evidence is objected to at the hearing on the ground that it is not within the issues raised by the notice or answer, the administrative law judge may admit the evidence when admission is likely to assist in adjudicating the merits of the action and the objecting party fails to satisfy the administrative law judge that the admission of such evidence would unfairly prejudice that party's action or defense upon the merits. The administrative law judge may grant a

continuance to enable the objecting party to meet such evidence.

[61 FR 20348, May 6, 1996]

### § 308.21 Failure to appear.

Failure of a respondent to appear in person at the hearing or by a duly authorized counsel constitutes a waiver of respondent's right to a hearing and is deemed an admission of the facts as alleged and consent to the relief sought in the notice. Without further proceedings or notice to the respondent, the administrative law judge shall file with the Board of Directors a recommended decision containing the findings and the relief sought in the notice.

### § 308.22 Consolidation and severance of actions.

(a) *Consolidation.* (1) On the motion of any party, or on the administrative law judge's own motion, the administrative law judge may consolidate, for some or all purposes, any two or more proceedings, if each such proceeding involves or arises out of the same transaction, occurrence or series of transactions or occurrences, or involves at least one common respondent or a material common question of law or fact, unless such consolidation would cause unreasonable delay or injustice.

(2) In the event of consolidation under paragraph (a)(1) of this section, appropriate adjustment to the pre-hearing schedule must be made to avoid unnecessary expense, inconvenience, or delay.

(b) *Severance.* The administrative law judge may, upon the motion of any party, sever the proceeding for separate resolution of the matter as to any respondent only if the administrative law judge finds that:

(1) Undue prejudice or injustice to the moving party would result from not severing the proceeding; and

(2) Such undue prejudice or injustice would outweigh the interests of judicial economy and expedition in the complete and final resolution of the proceeding.

### § 308.23 Motions.

(a) *In writing.* (1) Except as otherwise provided herein, an application or request for an order or ruling must be made by written motion.

## § 308.24

## 12 CFR Ch. III (1–1–98 Edition)

(2) All written motions must state with particularity the relief sought and must be accompanied by a proposed order.

(3) No oral argument may be held on written motions except as otherwise directed by the administrative law judge. Written memoranda, briefs, affidavits or other relevant material or documents may be filed in support of or in opposition to a motion.

(b) *Oral motions.* A motion may be made orally on the record unless the administrative law judge directs that such motion be reduced to writing.

(c) *Filing of motions.* Motions must be filed with the administrative law judge, except that following the filing of the recommended decision, motions must be filed with the Executive Secretary for disposition by the Board of Directors.

(d) *Responses.* (1) Except as otherwise provided herein, within ten days after service of any written motion, or within such other period of time as may be established by the administrative law judge or the Executive Secretary, any party may file a written response to a motion. The administrative law judge shall not rule on any oral or written motion before each party has had an opportunity to file a response.

(2) The failure of a party to oppose a written motion or an oral motion made on the record is deemed a consent by that party to the entry of an order substantially in the form of the order accompanying the motion.

(e) *Dilatory motions.* Frivolous, dilatory or repetitive motions are prohibited. The filing of such motions may form the basis for sanctions.

(f) *Dispositive motions.* Dispositive motions are governed by §§ 308.29 and 308.30.

### § 308.24 Scope of document discovery.

(a) *Limits on discovery.* (1) Subject to the limitations set out in paragraphs (b), (c), and (d) of this section, a party to a proceeding under this subpart may obtain document discovery by serving a written request to produce documents. For purposes of a request to produce documents, the term “documents” may be defined to include drawings, graphs, charts, photographs, recordings, data stored in electronic

form, and other data compilations from which information can be obtained, or translated, if necessary, by the parties through detection devices into reasonably usable form, as well as written material of all kinds.

(2) Discovery by use of deposition is governed by subpart I of this part.

(3) Discovery by use of interrogatories is not permitted.

(b) *Relevance.* A party may obtain document discovery regarding any matter, not privileged, that has material relevance to the merits of the pending action. Any request to produce documents that calls for irrelevant material, that is unreasonable, oppressive, excessive in scope, unduly burdensome, or repetitive of previous requests, or that seeks to obtain privileged documents will be denied or modified. A request is unreasonable, oppressive, excessive in scope or unduly burdensome if, among other things, it fails to include justifiable limitations on the time period covered and the geographic locations to be searched, the time provided to respond in the request is inadequate, or the request calls for copies of documents to be delivered to the requesting party and fails to include the requestor’s written agreement to pay in advance for the copying, in accordance with § 308.25.

(c) *Privileged matter.* Privileged documents are not discoverable. Privileges include the attorney-client privilege, work-product privilege, any government’s or government agency’s deliberative-process privilege, and any other privileges the Constitution, any applicable act of Congress, or the principles of common law provide.

(d) *Time limits.* All discovery, including all responses to discovery requests, shall be completed at least 20 days prior to the date scheduled for the commencement of the hearing. No exceptions to this time limit shall be permitted, unless the administrative law judge finds on the record that good cause exists for waiving the requirements of this paragraph.

[56 FR 37975, Aug. 9, 1991, as amended at 61 FR 20348, May 6, 1996]

**§ 308.25 Request for document discovery from parties.**

(a) *General rule.* Any party may serve on any other party a request to produce for inspection any discoverable documents that are in the possession, custody, or control of the party upon whom the request is served. The request must identify the documents to be produced either by individual item or by category, and must describe each item and category with reasonable particularity. Documents must be produced as they are kept in the usual course of business or must be organized to correspond with the categories in the request.

(b) *Production or copying.* The request must specify a reasonable time, place, and manner for production and performing any related acts. In lieu of inspecting the documents, the requesting party may specify that all or some of the responsive documents be copied and the copies delivered to the requesting party. If copying of fewer than 250 pages is requested, the party to whom the request is addressed shall bear the cost of copying and shipping charges. If a party requests 250 pages or more of copying, the requesting party shall pay for the copying and shipping charges. Copying charges are the current per-page copying rate imposed by 12 CFR part 310 implementing the Freedom of Information Act (5 U.S.C. 552). The party to whom the request is addressed may require payment in advance before producing the documents.

(c) *Obligation to update responses.* A party who has responded to a discovery request with a response that was complete when made is not required to supplement the response to include documents thereafter acquired, unless the responding party learns that:

(1) The response was materially incorrect when made; or

(2) The response, though correct when made, is no longer true and a failure to amend the response is, in substance, a knowing concealment.

(d) *Motions to limit discovery.* (1) Any party that objects to a discovery request may, within ten days of being served with such request, file a motion in accordance with the provisions of § 308.23 to strike or otherwise limit the request. If an objection is made to only

a portion of an item or category in a request, the portion objected to shall be specified. Any objections not made in accordance with this paragraph and § 308.23 are waived.

(2) The party who served the request that is the subject of a motion to strike or limit may file a written response within five days of service of the motion. No other party may file a response.

(e) *Privilege.* At the time other documents are produced, the producing party must reasonably identify all documents withheld on the grounds of privilege and must produce a statement of the basis for the assertion of privilege. When similar documents that are protected by deliberative process, attorney-work-product, or attorney-client privilege are voluminous, these documents may be identified by category instead of by individual document. The administrative law judge retains discretion to determine when the identification by category is insufficient.

(f) *Motions to compel production.* (1) If a party withholds any documents as privileged or fails to comply fully with a discovery request, the requesting party may, within ten days of the assertion of privilege or of the time the failure to comply becomes known to the requesting party, file a motion in accordance with the provisions of § 308.23 for the issuance of a subpoena compelling production.

(2) The party who asserted the privilege or failed to comply with the request may file a written response to a motion to compel within five days of service of the motion. No other party may file a response.

(g) *Ruling on motions.* After the time for filing responses pursuant to this section has expired, the administrative law judge shall rule promptly on all motions filed pursuant to this section. If the administrative law judge determines that a discovery request, or any of its terms, calls for irrelevant material, is unreasonable, oppressive, excessive in scope, unduly burdensome, or repetitive of previous requests, or seeks to obtain privileged documents, he or she may deny or modify the request, and may issue appropriate protective orders, upon such conditions as

justice may require. The pendency of a motion to strike or limit discovery or to compel production is not a basis for staying or continuing the proceeding, unless otherwise ordered by the administrative law judge. Notwithstanding any other provision in this part, the administrative law judge may not release, or order a party to produce, documents withheld on grounds of privilege if the party has stated to the administrative law judge its intention to file a timely motion for interlocutory review of the administrative law judge's order to produce the documents, and until the motion for interlocutory review has been decided.

(h) *Enforcing discovery subpoenas.* If the administrative law judge issues a subpoena compelling production of documents by a party, the subpoenaing party may, in the event of noncompliance and to the extent authorized by applicable law, apply to any appropriate United States district court for an order requiring compliance with the subpoena. A party's right to seek court enforcement of a subpoena shall not in any manner limit the sanctions that may be imposed by the administrative law judge against a party who fails to produce subpoenaed documents.

[56 FR 37975, Aug. 9, 1991, as amended at 61 FR 20348, May 6, 1996]

**§ 308.26 Document subpoenas to non-parties.**

(a) *General rules.* (1) Any party may apply to the administrative law judge for the issuance of a document discovery subpoena addressed to any person who is not a party to the proceeding. The application must contain a proposed document subpoena and a brief statement showing the general relevance and reasonableness of the scope of documents sought. The subpoenaing party shall specify a reasonable time, place, and manner for making production in response to the document subpoena.

(2) A party shall only apply for a document subpoena under this section within the time period during which such party could serve a discovery request under § 308.24(d). The party obtaining the document subpoena is responsible for serving it on the subpoenaed person and for serving copies on

all parties. Document subpoenas may be served in any state, territory, or possession of the United States, the District of Columbia, or as otherwise provided by law.

(3) The administrative law judge shall promptly issue any document subpoena requested pursuant to this section. If the administrative law judge determines that the application does not set forth a valid basis for the issuance of the subpoena, or that any of its terms are unreasonable, oppressive, excessive in scope, or unduly burdensome, he or she may refuse to issue the subpoena or may issue it in a modified form upon such conditions as may be consistent with the Uniform Rules.

(b) *Motion to quash or modify.* (1) Any person to whom a document subpoena is directed may file a motion to quash or modify such subpoena, accompanied by a statement of the basis for quashing or modifying the subpoena. The movant shall serve the motion on all parties, and any party may respond to such motion within ten days of service of the motion.

(2) Any motion to quash or modify a document subpoena must be filed on the same basis, including the assertion of privilege, upon which a party could object to a discovery request under § 308.25(d), and during the same time limits during which such an objection could be filed.

(c) *Enforcing document subpoenas.* If a subpoenaed person fails to comply with any subpoena issued pursuant to this section or any order of the administrative law judge which directs compliance with all or any portion of a document subpoena, the subpoenaing party or any other aggrieved party may, to the extent authorized by applicable law, apply to an appropriate United States district court for an order requiring compliance with so much of the document subpoena as the administrative law judge has not quashed or modified. A party's right to seek court enforcement of a document subpoena shall in no way limit the sanctions that may be imposed by the administrative law judge on a party who induces a failure to comply with subpoenas issued under this section.

**§ 308.27 Deposition of witness unavailable for hearing.**

(a) *General rules.* (1) If a witness will not be available for the hearing, a party desiring to preserve that witness' testimony for the record may apply in accordance with the procedures set forth in paragraph (a)(2) of this section, to the administrative law judge for the issuance of a subpoena, including a subpoena duces tecum, requiring the attendance of the witness at a deposition. The administrative law judge may issue a deposition subpoena under this section upon showing that:

(i) The witness will be unable to attend or may be prevented from attending the hearing because of age, sickness or infirmity, or will otherwise be unavailable;

(ii) The witness' unavailability was not procured or caused by the subpoenaing party;

(iii) The testimony is reasonably expected to be material; and

(iv) Taking the deposition will not result in any undue burden to any other party and will not cause undue delay of the proceeding.

(2) The application must contain a proposed deposition subpoena and a brief statement of the reasons for the issuance of the subpoena. The subpoena must name the witness whose deposition is to be taken and specify the time and place for taking the deposition. A deposition subpoena may require the witness to be deposed at any place within the country in which that witness resides or has a regular place of employment or such other convenient place as the administrative law judge shall fix.

(3) Any requested subpoena that sets forth a valid basis for its issuance must be promptly issued, unless the administrative law judge on his or her own motion, requires a written response or requires attendance at a conference concerning whether the requested subpoena should be issued.

(4) The party obtaining a deposition subpoena is responsible for serving it on the witness and for serving copies on all parties. Unless the administrative law judge orders otherwise, no deposition under this section shall be taken on fewer than ten days' notice to the witness and all parties. Deposition

subpoenas may be served in any state, territory, possession of the United States, or the District of Columbia, on any person or company doing business in any state, territory, possession of the United States, or the District of Columbia, or as otherwise permitted by law.

(b) *Objections to deposition subpoenas.* (1) The witness and any party who has not had an opportunity to oppose a deposition subpoena issued under this section may file a motion with the administrative law judge to quash or modify the subpoena prior to the time for compliance specified in the subpoena, but not more than ten days after service of the subpoena.

(2) A statement of the basis for the motion to quash or modify a subpoena issued under this section must accompany the motion. The motion must be served on all parties.

(c) *Procedure upon deposition.* (1) Each witness testifying pursuant to a deposition subpoena must be duly sworn, and each party shall have the right to examine the witness. Objections to questions or documents must be in short form, stating the grounds for the objection. Failure to object to questions or documents is not deemed a waiver except where the ground for the objection might have been avoided if the objection had been timely presented. All questions, answers, and objections must be recorded.

(2) Any party may move before the administrative law judge for an order compelling the witness to answer any questions the witness has refused to answer or submit any evidence the witness has refused to submit during the deposition.

(3) The deposition must be subscribed by the witness, unless the parties and the witness, by stipulation, have waived the signing, or the witness is ill, cannot be found, or has refused to sign. If the deposition is not subscribed by the witness, the court reporter taking the deposition shall certify that the transcript is a true and complete transcript of the deposition.

(d) *Enforcing subpoenas.* If a subpoenaed person fails to comply with any order of the administrative law judge which directs compliance with all or any portion of a deposition subpoena

## § 308.28

under paragraph (b) or (c)(3) of this section, the subpoenaing party or other aggrieved party may, to the extent authorized by applicable law, apply to an appropriate United States district court for an order requiring compliance with the portions of the subpoena that the administrative law judge has ordered enforced. A party's right to seek court enforcement of a deposition subpoena in no way limits the sanctions that may be imposed by the administrative law judge on a party who fails to comply with, or procures a failure to comply with, a subpoena issued under this section.

### § 308.28 Interlocutory review.

(a) *General rule.* The Board of Directors may review a ruling of the administrative law judge prior to the certification of the record to the Board of Directors only in accordance with the procedures set forth in this section and § 308.23.

(b) *Scope of review.* The Board of Directors may exercise interlocutory review of a ruling of, the administrative law judge if the Board of Directors finds that:

(1) The ruling involves a controlling question of law or policy as to which substantial grounds exist for a difference of opinion;

(2) Immediate review of the ruling may materially advance the ultimate termination of the proceeding;

(3) Subsequent modification of the ruling at the conclusion of the proceeding would be an inadequate remedy; or

(4) Subsequent modification of the ruling would cause unusual delay or expense.

(c) *Procedure.* Any request for interlocutory review shall be filed by a party with the administrative law judge within ten days of his or her ruling and shall otherwise comply with § 308.23. Any party may file a response to a request for interlocutory review in accordance with § 308.23(d). Upon the expiration of the time for filing all responses, the administrative law judge shall refer the matter to the Board of Directors for final disposition.

(d) *Suspension of proceeding.* Neither a request for interlocutory review nor any disposition of such a request by

## 12 CFR Ch. III (1-1-98 Edition)

the Board of Directors under this section suspends or stays the proceeding unless otherwise ordered by the administrative law judge or the Board of Directors.

### § 308.29 Summary disposition.

(a) *In general.* The administrative law judge shall recommend that the Board of Directors issue a final order granting a motion for summary disposition if the undisputed pleaded facts, admissions, affidavits, stipulations, documentary evidence, matters as to which official notice may be taken, and any other evidentiary materials properly submitted in connection with a motion for summary disposition show that:

(1) There is no genuine issue as to any material fact; and

(2) The moving party is entitled to a decision in its favor as a matter of law.

(b) *Filing of motions and responses.* (1) Any party who believes that there is no genuine issue of material fact to be determined and that he or she is entitled to a decision as a matter of law may move at any time for summary disposition in its favor of all or any part of the proceeding. Any party, within 20 days after service of such a motion, or within such time period as allowed by the administrative law judge, may file a response to such motion.

(2) A motion for summary disposition must be accompanied by a statement of the material facts as to which the moving party contends there is no genuine issue. Such motion must be supported by documentary evidence, which may take the form of admissions in pleadings, stipulations, depositions, investigatory depositions, transcripts, affidavits and any other evidentiary materials that the moving party contends support his or her position. The motion must also be accompanied by a brief containing the points and authorities in support of the contention of the moving party. Any party opposing a motion for summary disposition must file a statement setting forth those material facts as to which he or she contends a genuine dispute exists. Such opposition must be supported by evidence of the same type as that submitted with the motion for summary disposition and a brief containing the points and authorities in support of the

## § 308.32

contention that summary disposition would be inappropriate.

(c) *Hearing on motion.* At the request of any party or on his or her own motion, the administrative law judge may hear oral argument on the motion for summary disposition.

(d) *Decision on motion.* Following receipt of a motion for summary disposition and all responses thereto, the administrative law judge shall determine whether the moving party is entitled to summary disposition. If the administrative law judge determines that summary disposition is warranted, the administrative law judge shall submit a recommended decision to that effect to the Board of Directors. If the administrative law judge finds that no party is entitled to summary disposition, he or she shall make a ruling denying the motion.

### § 308.30 Partial summary disposition.

If the administrative law judge determines that a party is entitled to summary disposition as to certain claims only, he or she shall defer submitting a recommended decision as to those claims. A hearing on the remaining issues must be ordered. Those claims for which the administrative law judge has determined that summary disposition is warranted will be addressed in the recommended decision filed at the conclusion of the hearing.

### § 308.31 Scheduling and prehearing conferences.

(a) *Scheduling conference.* Within 30 days of service of the notice or order commencing a proceeding or such other time as parties may agree, the administrative law judge shall direct counsel for all parties to meet with him or her in person at a specified time and place prior to the hearing or to confer by telephone for the purpose of scheduling the course and conduct of the proceeding. This meeting or telephone conference is called a "scheduling conference." The identification of potential witnesses, the time for and manner of discovery, and the exchange of any prehearing materials including witness lists, statements of issues, stipulations, exhibits and any other materials may also be determined at the scheduling conference.

(b) *Prehearing conferences.* The administrative law judge may, in addition to the scheduling conference, on his or her own motion or at the request of any party, direct counsel for the parties to meet with him or her (in person or by telephone) at a prehearing conference to address any or all of the following:

- (1) Simplification and clarification of the issues;
- (2) Stipulations, admissions of fact, and the contents, authenticity and admissibility into evidence of documents;
- (3) Matters of which official notice may be taken;
- (4) Limitation of the number of witnesses;
- (5) Summary disposition of any or all issues;
- (6) Resolution of discovery issues or disputes;
- (7) Amendments to pleadings; and
- (8) Such other matters as may aid in the orderly disposition of the proceeding.

(c) *Transcript.* The administrative law judge, in his or her discretion, may require that a scheduling or prehearing conference be recorded by a court reporter. A transcript of the conference and any materials filed, including orders, becomes part of the record of the proceeding. A party may obtain a copy of the transcript at his or her expense.

(d) *Scheduling or prehearing orders.* At or within a reasonable time following the conclusion of the scheduling conference or any prehearing conference, the administrative law judge shall serve on each party an order setting forth any agreements reached and any procedural determinations made.

### § 308.32 Prehearing submissions.

(a) Within the time set by the administrative law judge, but in no case later than 14 days before the start of the hearing, each party shall serve on every other party, his or her:

- (1) Prehearing statement;
- (2) Final list of witnesses to be called to testify at the hearing, including name and address of each witness and a short summary of the expected testimony of each witness;
- (3) List of the exhibits to be introduced at the hearing along with a copy of each exhibit; and

### § 308.33

(4) Stipulations of fact, if any.

(b) Effect of failure to comply. No witness may testify and no exhibits may be introduced at the hearing if such witness or exhibit is not listed in the prehearing submissions pursuant to paragraph (a) of this section, except for good cause shown.

### § 308.33 Public hearings.

(a) *General rule.* All hearings shall be open to the public, unless the FDIC, in its discretion, determines that holding an open hearing would be contrary to the public interest. Within 20 days of service of the notice or, in the case of change-in-control proceedings under section 7(j)(4) of the FDIA (12 U.S.C. 1817(j)(4)), within 20 days from service of the hearing order, any respondent may file with the Executive Secretary a request for a private hearing, and any party may file a reply to such a request. A party must serve on the administrative law judge a copy of any request or reply the party files with the Executive Secretary. The form of, and procedure for, these requests and replies are governed by § 308.23. A party's failure to file a request or a reply constitutes a waiver of any objections regarding whether the hearing will be public or private.

(b) *Filing document under seal.* Enforcement Counsel, in his or her discretion, may file any document or part of a document under seal if disclosure of the document would be contrary to the public interest. The administrative law judge shall take all appropriate steps to preserve the confidentiality of such documents or parts thereof, including closing portions of the hearing to the public.

### § 308.34 Hearing subpoenas.

(a) *Issuance.* (1) Upon application of a party showing general relevance and reasonableness of scope of the testimony or other evidence sought, the administrative law judge may issue a subpoena or a subpoena *duces tecum* requiring the attendance of a witness at the hearing or the production of documentary or physical evidence at the hearing. The application for a hearing subpoena must also contain a proposed subpoena specifying the attendance of

### 12 CFR Ch. III (1-1-98 Edition)

a witness or the production of evidence from any state, territory, or possession of the United States, the District of Columbia, or as otherwise provided by law at any designated place where the hearing is being conducted. The party making the application shall serve a copy of the application and the proposed subpoena on every other party.

(2) A party may apply for a hearing subpoena at any time before the commencement of a hearing. During a hearing, a party may make an application for a subpoena orally on the record before the administrative law judge.

(3) The administrative law judge shall promptly issue any hearing subpoena requested pursuant to this section. If the administrative law judge determines that the application does not set forth a valid basis for the issuance of the subpoena, or that any of its terms are unreasonable, oppressive, excessive in scope, or unduly burdensome, he or she may refuse to issue the subpoena or may issue it in a modified form upon any conditions consistent with this subpart. Upon issuance by the administrative law judge, the party making the application shall serve the subpoena on the person named in the subpoena and on each party.

(b) *Motion to quash or modify.* (1) Any person to whom a hearing subpoena is directed or any party may file a motion to quash or modify the subpoena, accompanied by a statement of the basis for quashing or modifying the subpoena. The movant must serve the motion on each party and on the person named in the subpoena. Any party may respond to the motion within ten days of service of the motion.

(2) Any motion to quash or modify a hearing subpoena must be filed prior to the time specified in the subpoena for compliance, but not more than ten days after the date of service of the subpoena upon the movant.

(c) *Enforcing subpoenas.* If a subpoenaed person fails to comply with any subpoena issued pursuant to this section or any order of the administrative law judge which directs compliance with all or any portion of a document subpoena, the subpoenaing party or any other aggrieved party may seek

### § 308.35 Conduct of hearings.

(a) *General rules.* (1) Hearings shall be conducted so as to provide a fair and expeditious presentation of the relevant disputed issues. Each party has the right to present its case or defense by oral and documentary evidence and to conduct such cross examination as may be required for full disclosure of the facts.

(2) *Order of hearing.* Enforcement Counsel shall present its case-in-chief first, unless otherwise ordered by the administrative law judge, or unless otherwise expressly specified by law or regulation. Enforcement Counsel shall be the first party to present an opening statement and a closing statement, and may make a rebuttal statement after the respondent's closing statement. If there are multiple respondents, respondents may agree among themselves as to their order of presentation of their cases, but if they do not agree the administrative law judge shall fix the order.

(3) *Examination of witnesses.* Only one counsel for each party may conduct an examination of a witness, except that in the case of extensive direct examination, the administrative law judge may permit more than one counsel for the party presenting the witness to conduct the examination. A party may have one counsel conduct the direct examination and another counsel conduct re-direct examination of a witness, or may have one counsel conduct the cross examination of a witness and another counsel conduct the re-cross examination of a witness.

(4) *Stipulations.* Unless the administrative law judge directs otherwise, all stipulations of fact and law previously agreed upon by the parties, and all documents, the admissibility of which have been previously stipulated, will be admitted into evidence upon commencement of the hearing.

(b) *Transcript.* The hearing must be recorded and transcribed. The reporter will make the transcript available to any party upon payment by that party to the reporter of the cost of the tran-

script. The administrative law judge may order the record corrected, either upon motion to correct, upon stipulation of the parties, or following notice to the parties upon the administrative law judge's own motion.

### § 308.36 Evidence.

(a) *Admissibility.* (1) Except as is otherwise set forth in this section, relevant, material, and reliable evidence that is not unduly repetitive is admissible to the fullest extent authorized by the Administrative Procedure Act and other applicable law.

(2) Evidence that would be admissible under the Federal Rules of Evidence is admissible in a proceeding conducted pursuant to this subpart.

(3) Evidence that would be inadmissible under the Federal Rules of Evidence may not be deemed or ruled to be inadmissible in a proceeding conducted pursuant to this subpart if such evidence is relevant, material, reliable and not unduly repetitive.

(b) *Official notice.* (1) Official notice may be taken of any material fact which may be judicially noticed by a United States district court and any material information in the official public records of any Federal or state government agency.

(2) All matters officially noticed by the administrative law judge or Board of Directors shall appear on the record.

(3) If official notice is requested or taken of any material fact, the parties, upon timely request, shall be afforded an opportunity to object.

(c) *Documents.* (1) A duplicate copy of a document is admissible to the same extent as the original, unless a genuine issue is raised as to whether the copy is in some material respect not a true and legible copy of the original.

(2) Subject to the requirements of paragraph (a) of this section, any document, including a report of examination, supervisory activity, inspection or visitation, prepared by an appropriate Federal financial institution regulatory agency or state regulatory agency, is admissible either with or without a sponsoring witness.

(3) Witnesses may use existing or newly created charts, exhibits, calendars, calculations, outlines or other graphic material to summarize, illustrate, or simplify the presentation of testimony. Such materials may, subject to the administrative law judge's discretion, be used with or without being admitted into evidence.

(d) *Objections.* (1) Objections to the admissibility of evidence must be timely made and rulings on all objections must appear on the record.

(2) When an objection to a question or line of questioning propounded to a witness is sustained, the examining counsel may make a specific proffer on the record of what he or she expected to prove by the expected testimony of the witness, either by representation of counsel or by direct interrogation of the witness.

(3) The administrative law judge shall retain rejected exhibits, adequately marked for identification, for the record, and transmit such exhibits to the Board of Directors.

(4) Failure to object to admission of evidence or to any ruling constitutes a waiver of the objection.

(e) *Stipulations.* The parties may stipulate as to any relevant matters of fact or the authentication of any relevant documents. Such stipulations must be received in evidence at a hearing, and are binding on the parties with respect to the matters therein stipulated.

(f) *Depositions of unavailable witnesses.* (1) If a witness is unavailable to testify at a hearing, and that witness has testified in a deposition to which all parties in a proceeding had notice and an opportunity to participate, a party may offer as evidence all or any part of the transcript of the deposition, including deposition exhibits, if any.

(2) Such deposition transcript is admissible to the same extent that testimony would have been admissible had that person testified at the hearing, provided that if a witness refused to answer proper questions during the depositions, the administrative law judge may, on that basis, limit the admissibility of the deposition in any manner that justice requires.

(3) Only those portions of a deposition received in evidence at the hearing constitute a part of the record.

### § 308.37 Post-hearing filings.

(a) *Proposed findings and conclusions and supporting briefs.* (1) Using the same method of service for each party, the administrative law judge shall serve notice upon each party, that the certified transcript, together with all hearing exhibits and exhibits introduced but not admitted into evidence at the hearing, has been filed. Any party may file with the administrative law judge proposed findings of fact, proposed conclusions of law, and a proposed order within 30 days following service of this notice by the administrative law judge or within such longer period as may be ordered by the administrative law judge.

(2) Proposed findings and conclusions must be supported by citation to any relevant authorities and by page references to any relevant portions of the record. A post-hearing brief may be filed in support of proposed findings and conclusions, either as part of the same document or in a separate document. Any party who fails to file timely with the administrative law judge any proposed finding or conclusion is deemed to have waived the right to raise in any subsequent filing or submission any issue not addressed in such party's proposed finding or conclusion.

(b) *Reply briefs.* Reply briefs may be filed within 15 days after the date on which the parties' proposed findings, conclusions, and order are due. Reply briefs must be strictly limited to responding to new matters, issues, or arguments raised in another party's papers. A party who has not filed proposed findings of fact and conclusions of law or a post-hearing brief may not file a reply brief.

(c) *Simultaneous filing required.* The administrative law judge shall not order the filing by any party of any brief or reply brief in advance of the other party's filing of its brief.

[56 FR 37975, Aug. 9, 1991, as amended at 61 FR 20349, May 6, 1996]

### § 308.38 Recommended decision and filing of record.

(a) *Filing of recommended decision and record.* Within 45 days after expiration of the time allowed for filing reply

briefs under §308.37(b), the administrative law judge shall file with and certify to the Executive Secretary, for decision, the record of the proceeding. The record must include the administrative law judge's recommended decision, recommended findings of fact, recommended conclusions of law, and proposed order; all prehearing and hearing transcripts, exhibits, and rulings; and the motions, briefs, memoranda, and other supporting papers filed in connection with the hearing. The administrative law judge shall serve upon each party the recommended decision, findings, conclusions, and proposed order.

(b) *Filing of index.* At the same time the administrative law judge files with and certifies to the Executive Secretary for final determination the record of the proceeding, the administrative law judge shall furnish to the Executive Secretary a certified index of the entire record of the proceeding. The certified index shall include, at a minimum, an entry for each paper, document or motion filed with the administrative law judge in the proceeding, the date of the filing, and the identity of the filer. The certified index shall also include an exhibit index containing, at a minimum, an entry consisting of exhibit number and title or description for: Each exhibit introduced and admitted into evidence at the hearing; each exhibit introduced but not admitted into evidence at the hearing; each exhibit introduced and admitted into evidence after the completion of the hearing; and each exhibit introduced but not admitted into evidence after the completion of the hearing.

[61 FR 20350, May 6, 1996]

**§ 308.39 Exceptions to recommended decision.**

(a) *Filing exceptions.* Within 30 days after service of the recommended decision, findings, conclusions, and proposed order under §308.38, a party may file with the Executive Secretary written exceptions to the administrative law judge's recommended decision, findings, conclusions or proposed order, to the admission or exclusion of evidence, or to the failure of the administrative law judge to make a ruling proposed by a party. A supporting brief

may be filed at the time the exceptions are filed, either as part of the same document or in a separate document.

(b) *Effect of failure to file or raise exceptions.* (1) Failure of a party to file exceptions to those matters specified in paragraph (a) of this section within the time prescribed is deemed a waiver of objection thereto.

(2) No exception need be considered by the Board of Directors if the party taking exception had an opportunity to raise the same objection, issue, or argument before the administrative law judge and failed to do so.

(c) *Contents.* (1) All exceptions and briefs in support of such exceptions must be confined to the particular matters in, or omissions from, the administrative law judge's recommendations to which that party takes exception.

(2) All exceptions and briefs in support of exceptions must set forth page or paragraph references to the specific parts of the administrative law judge's recommendations to which exception is taken, the page or paragraph references to those portions of the record relied upon to support each exception, and the legal authority relied upon to support each exception.

**§ 308.40 Review by Board of Directors.**

(a) *Notice of submission to Board of Directors.* When the Executive Secretary determines that the record in the proceeding is complete, the Executive Secretary shall serve notice upon the parties that the proceeding has been submitted to the Board of Directors for final decision.

(b) *Oral argument before the Board of Directors.* Upon the initiative of the Board of Directors or on the written request of any party filed with the Executive Secretary within the time for filing exceptions, the Board of Directors may order and hear oral argument on the recommended findings, conclusions, decision, and order of the administrative law judge. A written request by a party must show good cause for oral argument and state reasons why arguments cannot be presented adequately in writing. A denial of a request for oral argument may be set forth in the Board of Directors' final decision. Oral argument before the

## § 308.41

Board of Directors must be on the record.

(c) *Final decision.* (1) Decisional employees may advise and assist the Board of Directors in the consideration and disposition of the case. The final decision of the Board of Directors will be based upon review of the entire record of the proceeding, except that the Board of Directors may limit the issues to be reviewed to those findings and conclusions to which opposing arguments or exceptions have been filed by the parties.

(2) The Board of Directors shall render a final decision within 90 days after notification of the parties that the case has been submitted for final decision, or 90 days after oral argument, whichever is later, unless the Board of Directors orders that the action or any aspect thereof be remanded to the administrative law judge for further proceedings. Copies of the final decision and order of the Board of Directors shall be served upon each party to the proceeding, upon other persons required by statute, and, if directed by the Board of Directors or required by statute, upon any appropriate state or Federal supervisory authority.

### § 308.41 Stays pending judicial review.

The commencement of proceedings for judicial review of a final decision and order of the FDIC may not, unless specifically ordered by the Board of Directors or a reviewing court, operate as a stay of any order issued by the FDIC. The Board of Directors may, in its discretion, and on such terms as it finds just, stay the effectiveness of all or any part of its order pending a final decision on a petition for review of that order.

## Subpart B—General Rules of Procedure

### § 308.101 Scope of Local Rules.

(a) Subparts B and C of the Local Rules prescribe rules of practice and procedure to be followed in the administrative enforcement proceedings initiated by the FDIC as set forth in § 308.01 of the Uniform Rules.

(b) Except as otherwise specifically provided, the Uniform Rules and subpart B of the Local Rules shall not

## 12 CFR Ch. III (1–1–98 Edition)

apply to subparts D through P of the Local Rules.

(c) Subpart C of the Local Rules shall apply to any administrative proceeding initiated by the FDIC.

### § 308.102 Authority of Board of Directors and Executive Secretary.

(a) *The Board of Directors.* (1) The Board of Directors may, at any time during the pendency of a proceeding, perform, direct the performance of, or waive performance of, any act which could be done or ordered by the Executive Secretary.

(2) Nothing contained in this part 308 shall be construed to limit the power of the Board of Directors granted by applicable statutes or regulations.

(b) *The Executive Secretary.* When no administrative law judge has jurisdiction over a proceeding, the Executive Secretary may act in place of, and with the same authority as, an administrative law judge, except that the Executive Secretary may not hear a case on the merits or make a recommended decision on the merits to the Board of Directors.

### § 308.103 Appointment of administrative law judge.

(a) *Appointment.* Unless otherwise directed by the Board of Directors or as otherwise provided in the Local Rules, a hearing within the scope of this part 308 shall be held before an administrative law judge of the Office of Financial Institution Adjudication (“OFIA”).

(b) *Procedures.* (1) The Executive Secretary shall promptly after issuance of the notice refer the matter to the OFIA which shall secure the appointment of an administrative law judge to hear the proceeding.

(2) OFIA shall advise the parties, in writing, that an administrative law judge has been appointed.

### § 308.104 Filings with the Board of Directors.

(a) *General rule.* All materials required to be filed with or referred to the Board of Directors in any proceedings under this part 308 shall be filed with the Executive Secretary, Federal Deposit Insurance Corporation, 550 17th Street, NW., Washington, DC 20429.

(b) *Scope.* Filings to be made with the Executive Secretary include pleadings and motions filed during the proceeding; the record filed by the administrative law judge after the issuance of a recommended decision; the recommended decision filed by the administrative law judge following a motion for summary disposition; referrals by the administrative law judge of motions for interlocutory review; motions and responses to motions filed by the parties after the record has been certified to the Board of Directors; exceptions and requests for oral argument; and any other papers required to be filed with the Board of Directors under this part 308.

**§ 308.105 Custodian of the record.**

The Executive Secretary is the official custodian of the record when no administrative law judge has jurisdiction over the proceeding. As the official custodian, the Executive Secretary shall maintain the official record of all papers filed in each proceeding.

**§ 308.106 Written testimony in lieu of oral hearing.**

(a) *General rule.* (1) At any time more than fifteen days before the hearing is to commence, on the motion of any party or on his or her own motion, the administrative law judge may order that the parties present part or all of their case-in-chief and, if ordered, their rebuttal, in the form of exhibits and written statements sworn to by the witness offering such statements as evidence, provided that if any party objects, the administrative law judge shall not require such a format if that format would violate the objecting party's right under the Administrative Procedure Act, or other applicable law, or would otherwise unfairly prejudice that party.

(2) Any such order shall provide that each party shall, upon request, have the same right of oral cross-examination (or redirect examination) as would exist had the witness testified orally rather than through a written statement. Such order shall also provide that any party has a right to call any hostile witness or adverse party to testify orally.

(b) *Scheduling of submission of written testimony.* (1) If written direct testimony and exhibits are ordered under paragraph (a) of this section, the administrative law judge shall require that it be filed within the time period for commencement of the hearing, and the hearing shall be deemed to have commenced on the day such testimony is due.

(2) Absent good cause shown, written rebuttal, if any, shall be submitted and the oral portion of the hearing begun within 30 days of the date set for filing written direct testimony.

(3) The administrative law judge shall direct, unless good cause requires otherwise, that—

(i) All parties shall simultaneously file any exhibits and written direct testimony required under paragraph (b)(1) of this section; and

(ii) All parties shall simultaneously file any exhibits and written rebuttal required under paragraph (b)(2) of this section.

(c) *Failure to comply with order to file written testimony.* (1) The failure of any party to comply with an order to file written testimony or exhibits at the time and in the manner required under this section shall be deemed a waiver of that party's right to present any evidence, except testimony of a previously identified adverse party or hostile witness. Failure to file written testimony or exhibits is, however, not a waiver of that party's right of cross-examination or a waiver of the right to present rebuttal evidence that was not required to be submitted in written form.

(2) Late filings of papers under this section may be allowed and accepted only upon good cause shown.

**§ 308.107 Document discovery.**

(a) Parties to proceedings set forth at § 308.01 of the Uniform Rules and as provided in the Local Rules may obtain discovery only through the production of documents. No other form of discovery shall be allowed.

(b) Any questioning at a deposition of a person producing documents pursuant to a document subpoena shall be strictly limited to the identification of documents produced by that person and a reasonable examination to determine whether the subpoenaed person

**§ 308.108**

made an adequate search for, and has produced, all subpoenaed documents.

**Subpart C—Rules of Practice Before the FDIC and Standards of Conduct**

**§ 308.108 Sanctions.**

(a) *General rule.* Appropriate sanctions may be imposed when any counsel or party has acted, or failed to act, in a manner required by applicable statute, regulations, or order, and that act or failure to act:

- (1) Constitutes contemptuous conduct;
- (2) Has in a material way injured or prejudiced some other party in terms of substantive injury, incurring additional expenses including attorney's fees, prejudicial delay, or otherwise;
- (3) Is a clear and unexcused violation of an applicable statute, regulation, or order; or
- (4) Has unduly delayed the proceeding.

(b) *Sanctions.* Sanctions which may be imposed include any one or more of the following:

- (1) Issuing an order against the party;
- (2) Rejecting or striking any testimony or documentary evidence offered, or other papers filed, by the party;
- (3) Precluding the party from contesting specific issues or findings;
- (4) Precluding the party from offering certain evidence or from challenging or contesting certain evidence offered by another party;
- (5) Precluding the party from making a late filing or conditioning a late filing on any terms that are just; and
- (6) Assessing reasonable expenses, including attorney's fees, incurred by any other party as a result of the improper action or failure to act.

(c) *Limits on dismissal as a sanction.* No recommendation of dismissal shall be made by the administrative law judge or granted by the Board of Directors based on the failure to hold a hearing within the time period called for in this part 308, or on the failure of an administrative law judge to render a recommended decision within the time period called for in this part 308, absent a finding:

(1) That the delay resulted solely or principally from the conduct of the FDIC enforcement counsel;

(2) That the conduct of the FDIC enforcement counsel is unexcused;

(3) That the moving respondent took all reasonable steps to oppose and prevent the subject delay;

(4) That the moving respondent has been materially prejudiced or injured; and

(5) That no lesser or different sanction is adequate.

(d) *Procedure for imposition of sanctions.* (1) The administrative law judge, upon the request of any party, or on his or her own motion, may impose sanctions in accordance with this section, provided that the administrative law judge may only recommend to the Board of Directors the sanction of entering a final order determining the case on the merits.

(2) No sanction, other than refusing to accept late papers, authorized by this section shall be imposed without prior notice to all parties and an opportunity for any counsel or party against whom sanctions would be imposed to be heard. Such opportunity to be heard may be on such notice, and the response may be in such form, as the administrative law judge directs. The opportunity to be heard may be limited to an opportunity to respond orally immediately after the act or inaction covered by this section is noted by the administrative law judge.

(3) Requests for the imposition of sanctions by any party, and the imposition of sanctions, shall be treated for interlocutory review purposes in the same manner as any other ruling by the administrative law judge.

(4) *Section not exclusive.* Nothing in this section shall be read as precluding the administrative law judge or the Board of Directors from taking any other action, or imposing any restriction or sanction, authorized by applicable statute or regulation.

**§ 308.109 Suspension and disbarment.**

(a) *Discretionary suspension and disbarment.* (1) The Board of Directors may suspend or revoke the privilege of any counsel to appear or practice before the FDIC if, after notice of and opportunity for hearing in the matter,

that counsel is found by the Board of Directors:

(i) Not to possess the requisite qualifications to represent others;

(ii) To be seriously lacking in character or integrity or to have engaged in material unethical or improper professional conduct;

(iii) To have engaged in, or aided and abetted, a material and knowing violation of the FDIA; or

(iv) To have engaged in contemptuous conduct before the FDIC. Suspension or revocation on the grounds set forth in paragraphs (a)(1) (ii), (iii), and (iv) of this section shall only be ordered upon a further finding that the counsel's conduct or character was sufficiently egregious as to justify suspension or revocation.

(2) Unless otherwise ordered by the Board of Directors, an application for reinstatement by a person suspended or disbarred under paragraph (a)(1) of this section may be made in writing at any time more than three years after the effective date of the suspension or disbarment and, thereafter, at any time more than one year after the person's most recent application for reinstatement. The suspension or disbarment shall continue until the applicant has been reinstated by the Board of Directors for good cause shown or until, in the case of a suspension, the suspension period has expired. An applicant for reinstatement under this provision may, in the Board of Directors' sole discretion, be afforded a hearing.

(b) *Mandatory suspension and disbarment.* (1) Any counsel who has been and remains suspended or disbarred by a court of the United States or of any state, territory, district, commonwealth, or possession; or any person who has been and remains suspended or barred from practice before the OCC, Board of Governors, the OTS, the NCUA, the Securities and Exchange Commission, or the Commodity Futures Trading Commission; or any person who has been convicted of a felony, or of a misdemeanor involving moral turpitude, within the last ten years, shall be suspended automatically from appearing or practicing before the FDIC. A disbarment, suspension, or conviction within the meaning of this paragraph (b) shall be deemed to have

occurred when the disbarring, suspending, or convicting agency or tribunal enters its judgment or order, regardless of whether an appeal is pending or could be taken, and includes a judgment or an order on a plea of nolo contendere or on consent, regardless of whether a violation is admitted in the consent.

(2) Any person appearing or practicing before the FDIC who is the subject of an order, judgment, decree, or finding of the types set forth in paragraph (b)(1) of this section shall promptly file with the Executive Secretary a copy thereof, together with any related opinion or statement of the agency or tribunal involved. Failure to file any such paper shall not impair the operation of any other provision of this section.

(3) A suspension or disbarment under paragraph (b)(1) of this section from practice before the FDIC shall continue until the applicant has been reinstated by the Board of Directors for good cause shown, provided that any person suspended or disbarred under paragraph (b)(1) of this section shall be automatically reinstated by the Executive Secretary, upon appropriate application, if all the grounds for suspension or disbarment under paragraph (b)(1) of this section are subsequently removed by a reversal of the conviction (or the passage of time since the conviction) or termination of the underlying suspension or disbarment. An application for reinstatement on any other grounds by any person suspended or disbarred under paragraph (b)(1) of this section may be filed at any time not less than one year after the applicant's most recent application. An applicant for reinstatement under this provision may, in the Board of Directors' sole discretion, be afforded a hearing.

(c) *Hearings under this section.* Hearings conducted under this section shall be conducted in substantially the same manner as other hearings under the Uniform Rules, provided that in proceedings to terminate an existing FDIC suspension or disbarment order, the person seeking the termination of the order shall bear the burden of going forward with an application and with proof, and that the Board of Directors may, in its sole discretion, direct that

any proceeding to terminate an existing suspension or disbarment by the FDIC be limited to written submissions.

(d) *Summary suspension for contemptuous conduct.* A finding by the administrative law judge of contemptuous conduct during the course of any proceeding shall be grounds for summary suspension by the administrative law judge of a counsel or other representative from any further participation in that proceeding for the duration of that proceeding.

(e) *Practice defined.* Unless the Board of Directors orders otherwise, for the purposes of this section, practicing before the FDIC includes, but is not limited to, transacting any business with the FDIC as counsel or agent for any other person and the preparation of any statement, opinion, or other paper by a counsel, which statement, opinion, or paper is filed with the FDIC in any registration statement, notification, application, report, or other document, with the consent of such counsel.

**Subpart D—Rules and Procedures Applicable to Proceedings Relating to Disapproval of Acquisition of Control**

**§ 308.110 Scope.**

Except as specifically indicated in this subpart, the rules and procedures in this subpart, subpart B of the Local Rules, and the Uniform Rules shall apply to proceedings in connection with the disapproval by the Board of Directors or its designee of a proposed acquisition of control of an insured nonmember bank.

**§ 308.111 Grounds for disapproval.**

The following are grounds for disapproval of a proposed acquisition of control of an insured nonmember bank:

(a) The proposed acquisition of control would result in a monopoly or would be in furtherance of any combination or conspiracy to monopolize or attempt to monopolize the banking business in any part of the United States;

(b) The effect of the proposed acquisition of control in any section of the United States may be to substantially

**12 CFR Ch. III (1–1–98 Edition)**

lessen competition or to tend to create a monopoly or would in any other manner be in restraint of trade, and the anticompetitive effects of the proposed acquisition of control are not clearly outweighed in the public interest by the probable effect of the transaction in meeting the convenience and needs of the community to be served;

(c) The financial condition of any acquiring person might jeopardize the financial stability of the bank or prejudice the interests of the depositors of the bank;

(d) The competence, experience, or integrity of any acquiring person or of any of the proposed management personnel indicates that it would not be in the interest of the depositors of the bank, or in the interest of the public, to permit such person to control the bank;

(e) Any acquiring person neglects, fails, or refuses to furnish to the FDIC all the information required by the FDIC; or

(f) The FDIC determines that the proposed acquisition would result in an adverse effect on the Bank Insurance Fund or the Savings Association Insurance Fund.

**§ 308.112 Notice of disapproval.**

(a) *General rule.* (1) Within three days of the decision by the Board of Directors or its designee to disapprove a proposed acquisition of control of an insured nonmember bank, a written notice of disapproval shall be mailed by first class mail to, or otherwise served upon, the party seeking acquire control.

(2) The notice of disapproval shall:

(i) Contain a statement of the basis for the disapproval; and

(ii) Indicate that a hearing may be requested by filing a written request with the Executive Secretary within ten days after service of the notice of disapproval; and if a hearing is requested, that an answer to the notice of disapproval, as required by § 308.113, must be filed within 20 days after service of the notice of disapproval.

(b) *Waiver of hearing.* Failure to request a hearing pursuant to this section shall constitute a waiver of the

opportunity for a hearing and the notice of disapproval shall constitute a final and unappealable order.

(c) Section 308.18(b) of the Uniform Rules shall not apply to the content of the Notice of Disapproval.

**§ 308.113 Answer to notice of disapproval.**

(a) *Contents.* (1) An answer to the notice of disapproval of a proposed acquisition of control shall be filed within 20 days after service of the notice of disapproval and shall specifically deny those portions of the notice of disapproval which are disputed. Those portions of the notice of disapproval which are not specifically denied are deemed admitted by the applicant.

(2) Any hearing under this subpart shall be limited to those parts of the notice of disapproval that are specifically denied.

(b) *Failure to answer.* Failure of a respondent to file an answer required by this section within the time provided constitutes a waiver of his or her right to appear and contest the allegations in the notice of disapproval. If no timely answer is filed, Enforcement Counsel may file a motion for entry of an order of default. Upon a finding that no good cause has been shown for the failure to file a timely answer, the administrative law judge shall file a recommended decision containing the findings and relief sought in the notice. A final order issued by the Board of Directors based upon a respondent's failure to answer is deemed to be an order issued upon consent.

**§ 308.114 Burden of proof.**

The ultimate burden of proof shall be upon the person proposing to acquire a depository institution. The burden of going forward with a *prima facie* case shall be upon the FDIC.

**Subpart E—Rules and Procedures Applicable to Proceedings Relating to Assessment of Civil Penalties for Willful Violations of the Change in Bank Control Act**

**§ 308.115 Scope.**

**§ 308.116 Assessment of penalties.**

(d) *Failure to answer.* Failure of a respondent to file an answer required by this section within the time provided constitutes a waiver of his or her right to appear and contest the allegations in the notice of disapproval. If no timely answer is filed, Enforcement Counsel may file a motion for entry of an order of default. Upon a finding that no good cause has been shown for the failure to file a timely answer, the administrative law judge shall file a recommended decision containing the findings and relief sought in the notice. ### § 308.117 Effective date of, and payment under, an order to pay.

If the respondent both requests a hearing and serves an answer, civil penalties assessed pursuant to this subpart are due and payable 60 days after an order to pay, issued after the hearing or upon default, is served upon the respondent, unless the order provides for a different period of payment. The FDIC may collect any civil penalty assessed pursuant to this subpart by agreement with the respondent, or the FDIC may bring an action against the respondent to recover the penalty amount in the appropriate United States district court. **Subpart F—Rules and Procedures  
Applicable to Proceedings for  
Involuntary Termination of In-  
sured Status**

**§ 308.119 Scope.**

(a) *Involuntary termination of insurance pursuant to section 8(a) of the FDIA.* The rules and procedures in this subpart, subpart B of the Local Rules and the Uniform Rules shall apply to proceedings in connection with the involuntary termination of the insured status of an insured bank depository institution or an insured branch of a foreign bank pursuant to section 8(a) of the FDIA (12 U.S.C. 1818(a)), except that the Uniform Rules and subpart B of the Local Rules shall not apply to the temporary suspension of insurance pursuant to section 8(a)(8) of the FDIA (12 U.S.C. 1818(a)(8)).

(b) *Involuntary termination of insurance pursuant to section 8(p) of the Act.* The rules and procedures in § 308.124 of this subpart F shall apply to proceedings in connection with the involuntary termination of the insured status of an insured depository institution or an insured branch of a foreign bank pursuant to section 8(p) of the FDIA (12 U.S.C. 1818(p)). The Uniform Rules shall not apply to proceedings under section 8(p) of the FDIA.

**§ 308.120 Grounds for termination of insurance.**

(a) *General rule.* The following are grounds for involuntary termination of insurance pursuant to section 8(a) of the FDIA:

(1) An insured depository institution or its directors or trustees have engaged or are engaging in unsafe or unsound practices in conducting the business of such depository institution;

(2) An insured depository institution is in an unsafe or unsound condition such that it should not continue operations as an insured depository institution; or

(3) An insured depository institution or its directors or trustees have violated an applicable law, rule, regulation, order, condition imposed in writing by the FDIC in connection with the granting of any application or other request by the insured depository institution or have violated any written

agreement entered into between the insured depository institution and the FDIC.

(b) *Extraterritorial acts of foreign banks.* An act or practice committed outside the United States by a foreign bank or its directors or trustees which would otherwise be a ground for termination of insured status under this section shall be a ground for termination if the Board of Directors finds:

(1) The act or practice has been, is, or is likely to be a cause of, or carried on in connection with or in furtherance of, an act or practice committed within any state, territory, or possession of the United States or the District of Columbia that, in and of itself, would be an appropriate basis for action by the FDIC; or

(2) The act or practice committed outside the United States, if proven, would adversely affect the insurance risk of the FDIC.

(c) *Failure of foreign bank to secure removal of personnel.* The failure of a foreign bank to comply with any order of removal or prohibition issued by the Board of Directors or the failure of any person associated with a foreign bank to appear promptly as a party to a proceeding pursuant to section 8(e) of the FDIA (12 U.S.C. 1818(e)), shall be a ground for termination of insurance of deposits in any branch of the bank.

**§ 308.121 Notification to primary regulator.**

(a) *Service of notification.* (1) Upon a determination by the Board of Directors or its designee pursuant to § 308.120 of an unsafe or unsound practice or condition or of a violation, a notification shall be served upon the appropriate Federal banking agency of the insured depository institution, or the State banking supervisor if the FDIC is the appropriate Federal banking agency.

The notification shall be served not less than 30 days before the Notice of Intent to Terminate Insured Status required by section 8(a)(2)(B) of the FDIA (12 U.S.C. 1818(a)(2)(B)), and § 308.122, except that this period for notification may be reduced or eliminated with the agreement of the appropriate Federal banking agency.

(2) *Appropriate Federal banking agency* shall have the meaning given that term in section 3(q) of the FDIA (12 U.S.C. 1813(q)), and shall be the OCC in the case of a national bank, a District bank or an insured Federal branch of a foreign bank; the FDIC in the case of an insured nonmember bank, including an insured State branch of a foreign bank; the Board of Governors in the case of a state member bank; or the OTS in the case of an insured Federal or state savings association.

(3) In the case of a state nonmember bank, insured Federal branch of a foreign bank, or state member bank, in addition to service of the notification upon the appropriate Federal banking agency, a copy of the notification shall be sent to the appropriate State banking supervisor.

(4) In instances in which a Temporary Order Suspending Insurance is issued pursuant to section 8(a)(8) of the FDIA (12 U.S.C. 1818(a)(8)), the notification may be served concurrently with such order.

(b) *Contents of notification.* The notification shall contain the FDIC's determination, and the facts and circumstances upon which such determination is based, for the purpose of securing correction of such practice, condition, or violation.

**§ 308.122 Notice of intent to terminate.**

(a) If, after serving the notification under §308.121, the Board of Directors determines that any unsafe or unsound practices, condition, or violation, specified in the notification, requires the termination of the insured status of the insured depository institution, the Board of Directors or its designee, if it determines to proceed further, shall cause to be served upon the insured depository institution a notice of its intention to terminate insured status not less than 30 days after service of the notification, unless a shorter time period has been agreed upon by the appropriate Federal banking agency.

(b) The Board of Directors or its designee shall cause a copy of the notice to be sent to the appropriate Federal banking agency and to the appropriate state banking supervisor, if any.

### § 308.128 Grounds for cease-and-desist orders.

(a) *General rule.* The Board of Directors or its designee may issue and have served upon any insured nonmember bank or an institution-affiliated party a notice, as set forth in § 308.18 of the Uniform Rules for practices and violations as described in § 308.127.

(b) *Extraterritorial acts of foreign banks.* An act, violation or practice committed outside the United States by a foreign bank or an institution-affiliated party that would otherwise be a ground for issuing a cease-and-desist order under paragraph (a) of this section or a temporary cease-and-desist order under § 308.131 of this subpart, shall be a ground for an order if the Board of Directors or its designee finds that:

(1) The act, violation or practice has been, is, or is likely to be a cause of, or carried on in connection with or in furtherance of, an act, violation or practice committed within any state, territory, or possession of the United States or the District of Columbia which act, violation or practice, in and of itself, would be an appropriate basis for action by the FDIC; or

(2) The act, violation or practice, if proven, would adversely affect the insurance risk of the FDIC.

### § 308.129 Notice to state supervisory authority.

The Board of Directors or its designee shall give the appropriate state supervisory authority notification of its intent to institute a proceeding pursuant to subpart G of this part, and the grounds thereof. Any proceedings shall be conducted according to subpart G of this part, unless, within the time period specified in such notification, the state supervisory authority has effected satisfactory corrective action. No insured institution or other party who is the subject of any notice or order issued by the FDIC under this section shall have standing to raise the requirements of this subpart as grounds for attacking the validity of any such notice or order.

### § 308.130 Effective date of order and service on bank.

(a) *Effective date.* A cease-and-desist order issued by the Board of Directors after a hearing, and a cease-and-desist order issued based upon a default, shall become effective at the expiration of 30 days after the service of the order upon the bank or its official. A cease-and-desist order issued upon consent shall become effective at the time specified therein. All cease-and-desist orders shall remain effective and enforceable, except to the extent they are stayed, modified, terminated, or set aside by the Board of Directors or its designee or by a reviewing court.

### § 308.131 Temporary cease-and-desist order.

(a) *Issuance.* (1) When the Board of Directors or its designee determines that the violation, or the unsafe or unsound practice, as specified in the notice, or the continuation thereof, is likely to cause insolvency or significant dissipation of assets or earnings of the bank, or is likely to weaken the condition of the bank or otherwise prejudice the interests of its depositors prior to the completion of the proceedings under section 8(b) of the FDIA (12 U.S.C. 1818(b)) and § 308.128 of this subpart, the Board of Directors or its designee may issue a temporary order requiring the bank or an institution-affiliated party to immediately cease and desist from any such violation, practice or to take affirmative action to prevent such insolvency, dissipation, condition or prejudice pending completion of the proceedings under section 8(b) of the FDIA (12 U.S.C. 1818(b)).

The reply shall be filed within 15 days after service of the answer. If the reply is based on any alleged facts not already in the record of the proceeding, the reply shall include either supporting affidavits or a request for further proceedings under § 308.180.

(c) *By other parties.* Any party to the adversary adjudication, other than the applicant and the FDIC, may file comments on an application within 20 days after service of the application. If the applicant is entitled to file a reply to the FDIC's answer under paragraph (b) of this section, another party may file comments on the answer within 15 days after service of the answer. A commenting party may not participate in any further proceedings on the application unless the administrative law judge determines that the public interest requires such participation in order to permit additional exploration of matters raised in the comments.

(d) *Additional response.* Additional filings in the nature of pleadings may be submitted only by leave of the administrative law judge.

### § 308.172 Eligibility of applicants.

(a) *General rule.* To be eligible for an award under this subpart, an applicant must have been named or admitted as a party to the proceeding. In addition, the applicant must show that it meets all other conditions of eligibility set out in paragraph (b) of this section.

(b) *Types of eligible applicant.* The types of eligible applicant are:

(1) An individual with a net worth of not more than \$2,000,000 at the time the adversary adjudication was initiated; or

(2) Any owner of an unincorporated business, or any partnership, corporation, associations, unit of local government or organi-

zation, the net worth of which did not exceed \$7,000,000 and which did not have more than 500 employees at the time the adversary adjudication was initiated.

(c) *Factors to be considered.* In determining the types of eligible applicants:

(1) An applicant who owns an unincorporated business shall be considered as an *individual* rather than a *sole owner of an unincorporated business* if the issues on which he or she prevails are related to personal interests rather than to business interests.

(2) An applicant's net worth includes the value of any assets disposed of for the purpose of meeting an eligibility standard and excludes the value of any obligations incurred for this purpose. Transfers of assets or obligations incurred for less than reasonably equivalent value will be presumed to have been made for this purpose.

(3) The net worth of a bank shall be established by the net worth information reported in conformity with applicable instructions and guidelines on the bank's Consolidated Report of Condition and Income filed for the last reporting date before the initiation of the adversary adjudication.

(4) The employees of an applicant include all those persons who were regularly providing services for remuneration for the applicant, under its direction and control, on the date the adversary adjudication was initiated. Part-time employees are included as though they were full-time employees.

(5) The net worth and number of employees of the applicant and all of its affiliates shall be aggregated to determine eligibility. The aggregated net worth shall be adjusted if necessary to avoid counting the net worth of any entity twice. As used in this subpart, *affiliates* are individuals, corporations, and entities that directly or indirectly or acting through one or more entities control a majority of the voting shares of the applicant; and corporations and entities of which the applicant directly or indirectly owns or controls a majority of the voting shares. The Board of Directors may, however, on the recommendation of the administrative law judge, or otherwise, determine that such aggregation with regard to one or more of the applicant's affiliates would be unjust and contrary to the purposes

## Federal Deposit Insurance Corporation

## § 308.124

of this subpart in light of the actual relationship between the affiliated entities. In such a case the net worth and employees of the relevant affiliate or affiliates will not be aggregated with those of the applicant. In addition, the Board of Directors may determine that financial relationships of the applicant other than those described in this paragraph constitute special circumstances that would make an award unjust.

(6) An applicant that participates in a proceeding primarily on behalf of one or more other persons or entities that would be ineligible is not itself eligible for an award.

### § 308.173 Prevailing party.

(a) *General rule.* An eligible applicant who, following an adversary adjudication has gained victory on the merits in the proceeding is a "prevailing party". An eligible applicant may be a "prevailing party" if a settlement of the proceeding was effected on terms favorable to it or if the proceeding against it has been dismissed. In appropriate situations an applicant may also have prevailed if the outcome of the proceeding has substantially vindicated the applicant's position on the significant substantive matters at issue, even though the applicant has not totally avoided adverse final action.

(b) *Segregation of costs.* When a proceeding has presented a number of discrete substantive issues, an applicant may have prevailed even though all the issues were not resolved in its favor. If such an applicant is deemed to have prevailed, any award shall be based on the fees and expenses incurred in connection with the discrete significant substantive issue or issues on which the applicant's position has been upheld. If such segregation of costs is not practicable, the award may be based on a fair proration of those fees and expenses incurred in the entire proceeding which would be recoverable under § 308.175 if proration were not performed, whether separate or prorated treatment is appropriate, and the appropriate proration percentage, shall be determined on the facts of the particular case. Attention shall be given to the significance and nature of the respective issues and their separability and interrelationship.

### § 308.174 Standards for awards.

A prevailing applicant may receive an award for fees and expenses unless the position of the FDIC during the proceeding was substantially justified or special circumstances make the award unjust. An award will be reduced or denied if the applicant has unduly or unreasonably protracted the proceedings. Awards for fees and expenses incurred before the date on which the adversary adjudication was initiated are allowable if their incurrence was necessary to prepare for the proceeding.

### § 308.175 Measure of awards.

(a) *General rule.* Awards will be based on rates customarily charged by persons engaged in the business of acting as attorneys, agents, and expert witnesses, even if the services were made available without charge or at a reduced rate, provided that no award under this subpart for the fee of an attorney or agent may exceed \$75 per hour. No award to compensate an expert witness may exceed the highest rate at which the FDIC pays expert witnesses. An award may include the reasonable expenses of the attorney, agent, or expert witness as a separate item, if the attorney, agent, or expert witness ordinarily charges clients separately for such expenses.

(b) *Determination of reasonableness of fees.* In determining the reasonableness of the fee sought for an attorney, agent, or expert witness, the administrative law judge shall consider the following:

(1) If the attorney, agent, or expert witness is in private practice, his or her customary fee for like services, or, if he or she is an employee of the applicant, the fully allocated cost of the services;

(2) The prevailing rate for similar services in the community in which the attorney, agent, or expert witness ordinarily performs services;

(3) The time actually spent in the representation of the applicant;

(4) The time reasonably spent in light of the difficulty or complexity of the issues in the proceeding; and

**§ 308.124**

(5) Such other factors as may bear on the value of the services provided.

(c) *Awards for studies.* The reasonable cost of any study, analysis, test, project, or similar matter prepared on behalf of an applicant may be awarded to the extent that the charge for the service does not exceed the prevailing rate payable for similar services, and the study or other matter was necessary for preparation of the applicant's case and not otherwise required by law or sound business or financial practice.

**§ 308.176 Application for awards.**

(a) *Contents.* An application for an award of fees and expenses under this subpart shall contain:

(1) The name of the applicant and an identification of the proceeding;

(2) A showing that the applicant has prevailed, and an identification of each issue with regard to which the applicant believes that the position of the FDIC in the proceeding was not substantially justified;

(3) A statement of the amount of fees and expenses for which an award is sought;

(4) If the applicant is not an individual, a statement of the number of its employees on the date the proceeding was initiated;

(5) A description of any affiliated individuals or entities, as defined in §308.172(c)(5), or a statement that none exist;

(6) A declaration that the applicant, together with any affiliates, had a net worth not more than the ceiling established for it by §308.172(b) as of the date the proceeding was initiated; and

(7) Any other matters that the applicant wishes the FDIC to consider in determining whether and in what amount an award should be made.

(b) *Verification.* The application shall be signed by the applicant or an authorized officer or attorney of the applicant. It shall also contain or be accompanied by a written verification under oath or under penalty of perjury that the information provided in the application and supporting documents is true and correct.

**12 CFR Ch. III (1-1-98 Edition)**

**§ 308.177 Statement of net worth.**

(a) *General rule.* A statement of net worth must be filed with the application for an award of fees. The statement shall reflect the net worth of the applicant and all affiliates of the applicant.

(b) *Contents.* (1) The statement of net worth may be in any form convenient to the applicant which fully discloses all the assets and liabilities of the applicant and all the assets and liabilities of its affiliates, as of the time of the initiation of the adversary adjudication. Unaudited financial statements are acceptable unless the administrative law judge or the Board of Directors otherwise requires. Financial statements or reports to a Federal or state agency, prepared before the initiation of the adversary adjudication for other purposes, and accurate as of a date not more than three months prior to the initiation of the proceeding, are acceptable in establishing net worth as of the time of the initiation of the proceeding, unless the administrative law judge or the Board of Directors otherwise requires.

(2) In the case of applicants or affiliates that are not banks, net worth shall be considered for the purposes of this subpart to be the excess of total assets over total liabilities, as of the date the underlying proceeding was initiated, except as adjusted under §308.172(c)(2). Assets and liabilities of individuals shall include those beneficially owned within the meaning of the FDIC's rules and regulations.

(3) If the applicant or any of its affiliates is a bank, the portion of the statement of net worth which relates to the bank shall consist of a copy of the bank's last Consolidated Report of Condition and Income filed before the initiation of the adversary adjudication. In all cases the administrative law judge or the Board of Directors may call for additional information needed to establish the applicant's net worth as of the initiation of the proceeding. Except as adjusted by additional information that was called for under the preceding sentence, net worth shall be considered for the purposes of this subpart to be the total equity capital (or, in the case of mutual savings banks, the total surplus accounts) as reported,

## Federal Deposit Insurance Corporation

## § 308.124

in conformity with applicable instructions and guidelines, on the bank's Consolidated Report of Condition and Income filed for the last reporting date before the initiation of the proceeding.

(c) *Statement confidential.* Unless otherwise ordered by the Board of Directors or required by law, the statement of net worth shall be for the confidential use of counsel for the FDIC, the Board of Directors, and the administrative law judge.

### § 308.178 Statement of fees and expenses.

The application shall be accompanied by a statement fully documenting the fees and expenses for which an award is sought. A separate itemized statement shall be submitted for each professional firm or individual whose services are covered by the application, showing the hours spent in work in connection with the proceeding by each individual, a description of the specific services performed, the rate at which each fee has been computed, any expenses for which reimbursement is sought, the total amount claimed, and the total amount paid or payable by the applicant or by any other person or entity for the services performed. The administrative law judge or the Board of Directors may require the applicant to provide vouchers, receipts, or other substantiation for any expenses claimed.

### § 308.179 Settlement negotiations.

If counsel for the FDIC and the applicant believe that the issues in a fee application can be settled, they may jointly file with the Executive Secretary a statement of their intent to negotiate a settlement. The filing of this statement shall extend the time for filing an answer under § 308.171 for an additional 20 days, and further extensions may be granted by the administrative law judge upon the joint request of counsel for the FDIC and the applicant.

### § 308.180 Further proceedings.

(a) *General rule.* Ordinarily, the determination of a recommended award will be made by the administrative law judge on the basis of the written record. However, on request of either the applicant or the FDIC, or on his or her own initiative, the administrative law

judge may order further proceedings such as an informal conference, oral argument, additional written submissions, or an evidentiary hearing. Such further proceedings will be held only when necessary for full and fair resolution of the issues arising from the application and will be conducted promptly and expeditiously.

(b) *Request for further proceedings.* A request for further proceedings under this section shall specifically identify the information sought or the issues in dispute and shall explain why additional proceedings are necessary.

(c) *Hearing.* Ordinarily, the administrative law judge shall hold an oral evidentiary hearing only on disputed issues of material fact which cannot be adequately resolved through written submissions.

### § 308.181 Recommended decision.

The administrative law judge shall file with the Executive Secretary a recommended decision on the fee application not later than 90 days after the filing of the application or 30 days after the conclusion of the hearing, whichever is later. The recommended decision shall include written proposed findings and conclusions on the applicant's eligibility and its status as a prevailing party and an explanation of the reasons for any difference between the amount requested and the amount of the recommended award. The recommended decision shall also include, if at issue, proposed findings on whether the FDIC's position was substantially justified, whether the applicant unduly protracted the proceedings, or whether special circumstances make an award unjust. The administrative law judge shall file the record of the proceeding on the fee application and, at the same time, serve upon each party a copy of the recommended decision, findings, conclusions, and proposed order.

### § 308.182 Board of Directors action.

(a) *Exceptions to recommended decision.* Within 20 days after service of the recommended decision, findings, conclusions, and proposed order, the applicant or counsel for the FDIC may file

## § 308.124

with the Executive Secretary written exceptions thereto. A supporting brief may also be filed.

(b) *Decision of Board of Directors.* The Board of Directors shall render its decision within 60 days after the matter is submitted to it by the Executive Secretary. The Executive Secretary shall furnish copies of the decision and order of the Board of Directors to the parties. Judicial review of the decision and order may be obtained as provided in 5 U.S.C. 504(c)(2).

## § 308.183 Payment of awards.

An applicant seeking payment of an award made by the Board of Directors shall submit to the Executive Secretary a statement that the applicant will not seek judicial review of the decision and order or that the time for seeking further review has passed and no further review has been sought. The FDIC will pay the amount awarded within 30 days after receiving the applicant's statement, unless judicial review of the award or of the underlying decision of the adversary adjudication has been sought by the applicant or any other party to the proceeding.

## Subpart Q—Issuance and Review of Orders Pursuant to the Prompt Corrective Action Provisions of the Federal Deposit Insurance Act

SOURCE: 57 FR 44897, Sept. 29, 1992, unless otherwise noted.

### § 308.200 Scope.

The rules and procedures set forth in this subpart apply to banks, insured branches of foreign banks and senior executive officers and directors of banks that are subject to the provisions of section 38 of the Federal Deposit Insurance Act (section 38) (12 U.S.C. 1831o) and subpart B of part 325 of this chapter. [57 FR 44897, Sept. 29, 1992; 57 FR 48426, Oct. 23, 1992]

### § 308.201 Directives to take prompt corrective action.

(a) *Notice of intent to issue directive—(1) In general.* The FDIC shall provide an under-

## 12 CFR Ch. III (1–1–98 Edition)

capitalized, significantly undercapitalized, or critically undercapitalized bank prior written notice of the FDIC's intention to issue a directive requiring such bank to take actions or to follow proscriptions described in section 38 that are within the FDIC's discretion to require or impose under section 38 of the FDI Act, including sections 38 (e)(5), (f)(2), (f)(3), or (f)(5). The bank shall have such time to respond to a proposed directive as provided by the FDIC under paragraph (c) of this section.

(2) *Immediate issuance of final directive.* If the FDIC finds it necessary in order to carry out the purposes of section 38 of the FDI Act, the FDIC may, without providing the notice prescribed in paragraph (a)(1) of this section, issue a directive requiring a bank immediately to take actions or to follow proscriptions described in section 38 that are within the FDIC's discretion to require or impose under section 38 of the FDI Act, including section 38 (e)(5), (f)(2), (f)(3), or (f)(5). A bank that is subject to such an immediately effective directive may submit a written appeal of the directive to the FDIC. Such an appeal must be received by the FDIC within 14 calendar days of the issuance of the directive, unless the FDIC permits a longer period. The FDIC shall consider any such appeal, if filed in a timely matter, within 60 days of receiving the appeal. During such period of review, the directive shall remain in effect unless the FDIC, in its sole discretion, stays the effectiveness of the directive.

(b) *Contents of notice.* A notice of intention to issue a directive shall include:

(1) A statement of the bank's capital measures and capital levels;

(2) A description of the restrictions, prohibitions or affirmative actions that the FDIC proposes to impose or require;

(3) The proposed date when such restrictions or prohibitions would be effective or the proposed date for completion of such affirmative actions; and

(4) The date by which the bank subject to the directive may file with the FDIC a written response to the notice.

(c) *Response to notice—(1) Time for response.* A bank may file a written response to a notice of intent to issue a

## Federal Deposit Insurance Corporation

## § 308.124

directive within the time period set by the FDIC. The date shall be at least 14 calendar days from the date of the notice unless the FDIC determines that a shorter period is appropriate in light of the financial condition of the bank or other relevant circumstances.

(2) *Content of response.* The response should include:

(i) An explanation why the action proposed by the FDIC is not an appropriate exercise of discretion under section 38;

(ii) Any recommended modification of the proposed directive; and

(iii) Any other relevant information, mitigating circumstances, documentation, or other evidence in support of the position of the bank regarding the proposed directive.

(d) *FDIC consideration of response.* After considering the response, the FDIC may:

(1) Issue the directive as proposed or in modified form;

(2) Determine not to issue the directive and so notify the bank; or

(3) Seek additional information or clarification of the response from the bank or any other relevant source.

(e) *Failure to file response.* Failure by a bank to file with the FDIC, within the specified time period, a written response to a proposed directive shall constitute a waiver of the opportunity to respond and shall constitute consent to the issuance of the directive.

(f) *Request for modification or rescission of directive.* Any bank that is subject to a directive under this subpart may, upon a change in circumstances, request in writing that the FDIC reconsider the terms of the directive, and may propose that the directive be rescinded or modified. Unless otherwise ordered by the FDIC, the directive shall continue in place while such request is pending before the FDIC.

### § 308.202 Procedures for reclassifying a bank based on criteria other than capital.

(a) *Reclassification based on unsafe or unsound condition or practice—(1) Issuance of notice of proposed reclassification—(i) Grounds for reclassification.* (A) Pursuant to § 325.103(d) of this chapter, the FDIC may reclassify a well

capitalized bank as adequately capitalized or subject an adequately capitalized or undercapitalized institution to the supervisory actions applicable to the next lower capital category if:

(1) The FDIC determines that the bank is in unsafe or unsound condition; or

(2) The FDIC, pursuant to section 8(b)(8) of the FDI Act (12 U.S.C. 1818(b)(8)), deems the bank to be engaged in an unsafe or unsound practice and not to have corrected the deficiency.

(B) Any action pursuant to this paragraph (a)(1)(i) shall hereinafter be referred to as *reclassification*.

(ii) *Prior notice to institution.* Prior to taking action pursuant to § 325.103(d) of this chapter, the FDIC shall issue and serve on the bank a written notice of the FDIC's intention to reclassify the bank.

(2) *Contents of notice.* A notice of intention to reclassify a bank based on unsafe or unsound condition shall include:

(i) A statement of the bank's capital measures and capital levels and the category to which the bank would be reclassified;

(ii) The reasons for reclassification of the bank;

(iii) The date by which the bank subject to the notice of reclassification may file with the FDIC a written appeal of the proposed reclassification and a request for a hearing, which shall be at least 14 calendar days from the date of service of the notice unless the FDIC determines that a shorter period is appropriate in light of the financial condition of the bank or other relevant circumstances.

(3) *Response to notice of proposed reclassification.* A bank may file a written response to a notice of proposed reclassification within the time period set by the FDIC. The response should include:

(i) An explanation of why the bank is not in an unsafe or unsound condition or otherwise should not be reclassified; and

(ii) Any other relevant information, mitigating circumstances, documentation, or other evidence in support of the position of the bank regarding the reclassification.

(4) *Failure to file response.* Failure by a bank to file, within the specified

time period, a written response with the FDIC to a notice of proposed reclassification shall constitute a waiver of the opportunity to respond and shall constitute consent to the reclassification.

(5) *Request for hearing and presentation of oral testimony or witnesses.* The response may include a request for an informal hearing before the FDIC under this section. If the bank desires to present oral testimony or witnesses at the hearing, the bank shall include a request to do so with the request for an informal hearing. A request to present oral testimony or witnesses shall specify the names of the witnesses and the general nature of their expected testimony. Failure to request a hearing shall constitute a waiver of any right to a hearing, and failure to request the opportunity to present oral testimony or witnesses shall constitute a waiver of any right to present oral testimony or witnesses.

(6) *Order for informal hearing.* Upon receipt of a timely written request that includes a request for a hearing, the FDIC shall issue an order directing an informal hearing to commence no later than 30 days after receipt of the request, unless the bank requests a later date. The hearing shall be held in Washington, DC or at such other place as may be designated by the FDIC, before a presiding officer(s) designated by the FDIC to conduct the hearing.

(7) *Hearing procedures.* (i) The bank shall have the right to introduce relevant written materials and to present oral argument at the hearing. The bank may introduce oral testimony and present witnesses only if expressly authorized by the FDIC or the presiding officer(s). Neither the provisions of the Administrative Procedure Act (5 U.S.C. 554–557) governing adjudications required by statute to be determined on the record nor the Uniform Rules of Practice and Procedure in this part apply to an informal hearing under this section unless the FDIC orders that such procedures shall apply.

(ii) The informal hearing shall be recorded, and a transcript shall be furnished to the bank upon request and payment of the cost thereof. Witnesses need not be sworn, unless specifically requested by a party or the pre-

siding officer(s). The presiding officer(s) may ask questions of any witness.

(iii) The presiding officer(s) may order that the hearing be continued for a reasonable period (normally five business days) following completion of oral testimony or argument to allow additional written submissions to the hearing record.

(8) *Recommendation of presiding officers.* Within 20 calendar days following the date the hearing and the record on the proceeding are closed, the presiding officer(s) shall make a recommendation to the FDIC on the reclassification.

(9) *Time for decision.* Not later than 60 calendar days after the date the record is closed or the date of the response in a case where no hearing was requested, the FDIC will decide whether to reclassify the bank and notify the bank of the FDIC's decision.

(b) *Request for rescission of reclassification.* Any bank that has been reclassified under this section, may, upon a change in circumstances, request in writing that the FDIC reconsider the reclassification, and may propose that the reclassification be rescinded and that any directives issued in connection with the reclassification be modified, rescinded, or removed. Unless otherwise ordered by the FDIC, the bank shall remain subject to the reclassification and to any directives issued in connection with that reclassification while such request is pending before the FDIC.

#### § 308.203 Order to dismiss a director or senior executive officer.

(a) *Service of notice.* When the FDIC issues and serves a directive on a bank pursuant to § 308.201 of this part requiring the bank to dismiss from office any director or senior executive officer under § 38(f)(2)(F)(ii) of the FDI Act, the FDIC shall also serve a copy of the directive, or the relevant portions of the directive where appropriate, upon the person to be dismissed.

(b) *Response to directive—(1) Request for reinstatement.* A director or senior executive officer who has been served with a directive under paragraph (a) of this section (Respondent) may file a written request for reinstatement. The request for reinstatement shall be filed

within 10 calendar days of the receipt of the directive by the Respondent, unless further time is allowed by the FDIC at the request of the Respondent.

(2) *Contents of request; informal hearing.* The request for reinstatement shall include reasons why the Respondent should be reinstated, and may include a request for an informal hearing before the FDIC under this section. If the Respondent desires to present oral testimony or witnesses at the hearing, the Respondent shall include a request to do so with the request for an informal hearing. The request to present oral testimony or witnesses shall specify the names of the witnesses and the general nature of their expected testimony. Failure to request a hearing shall constitute a waiver of any right to a hearing and failure to request the opportunity to present oral testimony or witnesses shall constitute a waiver of any right or opportunity to present oral testimony or witnesses.

(3) *Effective date.* Unless otherwise ordered by the FDIC, the dismissal shall remain in effect while a request for reinstatement is pending.

(c) *Order for informal hearing.* Upon receipt of a timely written request from a Respondent for an informal hearing on the portion of a directive requiring a bank to dismiss from office any director or senior executive officer, the FDIC shall issue an order directing an informal hearing to commence no later than 30 days after receipt of the request, unless the Respondent requests a later date. The hearing shall be held in Washington, DC, or at such other place as may be designated by the FDIC, before a presiding officer(s) designated by the FDIC to conduct the hearing.

(d) *Hearing procedures.* (1) A Respondent may appear at the hearing personally or through counsel. A Respondent shall have the right to introduce relevant written materials and to present oral argument. A Respondent may introduce oral testimony and present witnesses only if expressly authorized by the FDIC or the presiding officer(s). Neither the provisions of the Administrative Procedure Act governing adjudications required by statute to be determined on the

record nor the Uniform Rules of Practice and Procedure in this part apply to an informal hearing under this section unless the FDIC orders that such procedures shall apply.

(2) The informal hearing shall be recorded, and a transcript shall be furnished to the Respondent upon request and payment of the cost thereof. Witnesses need not be sworn, unless specifically requested by a party or the presiding officer(s). The presiding officer(s) may ask questions of any witness.

(3) The presiding officer(s) may order that the hearing be continued for a reasonable period (normally five business days) following completion of oral testimony or argument to allow additional written submissions to the hearing record.

(e) *Standard for review.* A Respondent shall bear the burden of demonstrating that his or her continued employment by or service with the bank would materially strengthen the bank's ability:

(1) To become adequately capitalized, to the extent that the directive was issued as a result of the bank's capital level or failure to submit or implement a capital restoration plan; and

(2) To correct the unsafe or unsound condition or unsafe or unsound practice, to the extent that the directive was issued as a result of classification of the bank based on supervisory criteria other than capital, pursuant to section 38(g) of the FDI Act.

(f) *Recommendation of presiding officers.* Within 20 calendar days following the date the hearing and the record on the proceeding are closed, the presiding officer(s) shall make a recommendation to the FDIC concerning the Respondent's request for reinstatement with the bank.

(g) *Time for decision.* Not later than 60 calendar days after the date the record is closed or the date of the response in a case where no hearing was requested, the FDIC shall grant or deny the request for reinstatement and notify the Respondent of the FDIC's decision. If the FDIC denies the request for reinstatement, the FDIC shall set forth in the notification the reasons for the FDIC's action.

## § 308.124

### § 308.204 Enforcement of directives.

(a) *Judicial remedies.* Whenever a bank fails to comply with a directive issued under section 38, the FDIC may seek enforcement of the directive in the appropriate United States district court pursuant to section 8(i)(1) of the FDI Act (12 U.S.C. 1818(i)(1)).

(b) *Administrative remedies*—(1) *Failure to comply with directive.* Pursuant to section 8(i)(2)(A) of the FDI Act, the FDIC may assess a civil money penalty against any bank that violates or otherwise fails to comply with any final directive issued under section 38 and against any institution-affiliated party who participates in such violation or noncompliance.

(2) *Failure to implement capital restoration plan.* The failure of a bank to implement a capital restoration plan required under section 38, or subpart B of part 325 of this chapter, or the failure of a company having control of a bank to fulfill a guarantee of a capital restoration plan made pursuant to section 38(e)(2) of the FDI Act shall subject the bank to the assessment of civil money penalties pursuant to section 8(i)(2)(A) of the FDI Act.

(c) *Other enforcement action.* In addition to the actions described in paragraphs (a) and (b) of this section, the FDIC may seek enforcement of the provisions of section 38 or subpart B of part 325 of this chapter through any other judicial or administrative proceeding authorized by law.

### Subpart R—Submission and Review of Safety and Soundness Compliance Plans and Issuance of Orders To Correct Safety and Soundness Deficiencies

SOURCE: 60 FR 35684, July 10, 1995, unless otherwise noted.

#### § 308.300 Scope.

The rules and procedures set forth in this subpart apply to insured state nonmember banks and to state-licensed insured branches of foreign banks, that are subject to the pro-

visions of section 39 of the Federal Deposit Insurance Act (section 39) (12 U.S.C. 1831p–1).

#### § 308.301 Purpose.

Section 39 of the FDI Act requires the FDIC to establish safety and soundness standards. Pursuant to section 39, a bank may be required to submit a compliance plan if it is not in compliance with a safety and soundness standard established by guideline under section 39(a) or (b). An enforceable order under section 8 of the FDI Act may be issued if, after being notified that it is in violation of a safety and soundness standard established under section 39, the bank fails to submit an acceptable compliance plan or fails in any material respect to implement an accepted plan. This subpart establishes procedures for requiring submission of a compliance plan and issuing an enforceable order pursuant to section 39.

#### § 308.302 Determination and notification of failure to meet a safety and soundness standard and request for compliance plan.

(a) *Determination.* The FDIC may, based upon an examination, inspection, or any other information that becomes available to the FDIC, determine that a bank has failed to satisfy the safety and soundness standards set out in part 364 of this chapter and in the Interagency Guidelines Establishing Standards for Safety and Soundness set forth in appendix A to part 364 of this chapter.

(b) *Request for compliance plan.* If the FDIC determines that a bank has failed a safety and soundness standard pursuant to paragraph (a) of this section, the FDIC may request, by letter or through a report of examination, the submission of a compliance plan and the bank shall be deemed to have notice of the request three days after mailing of the letter by the FDIC or delivery of the report of examination.

#### § 308.303 Filing of safety and soundness compliance plan.

(a) *Schedule for filing compliance plan*—(1) *In general.* A bank shall file a written safety and soundness compliance plan with the FDIC within 30 days of receiving a request for a compliance

plan pursuant to §308.302(b), unless the FDIC notifies the bank in writing that the plan is to be filed within a different period.

(2) *Other plans.* If a bank is obligated to file, or is currently operating under, a capital restoration plan submitted pursuant to section 38 of the FDI Act (12 U.S.C. 1831o), a cease-and-desist order entered into pursuant to section 8 of the FDI Act, a formal or informal agreement, or a response to a report of examination or report of inspection, it may, with the permission of the FDIC, submit a compliance plan under this section as part of that plan, order, agreement, or response, subject to the deadline provided in paragraph (a)(1) of this section.

(b) *Contents of plan.* The compliance plan shall include a description of the steps the bank will take to correct the deficiency and the time within which those steps will be taken.

(c) *Review of safety and soundness compliance plans.* Within 30 days after receiving a safety and soundness compliance plan under this subpart, the FDIC shall provide written notice to the bank of whether the plan has been approved or seek additional information from the bank regarding the plan. The FDIC may extend the time within which notice regarding approval of a plan will be provided.

(d) *Failure to submit or implement a compliance plan—(1) Supervisory actions.* If a bank fails to submit an acceptable plan within the time specified by the FDIC or fails in any material respect to implement a compliance plan, then the FDIC shall, by order, require the bank to correct the deficiency and may take further actions provided in section 39(e)(2)(B). Pursuant to section 39(e)(3), the FDIC may be required to take certain actions if the bank commenced operations or experienced a change in control within the previous 24-month period, or the bank experienced extraordinary growth during the previous 18-month period.

(2) *Extraordinary growth.* For purposes of paragraph (d)(1) of this section, extraordinary growth means an increase in assets of more than 7.5 percent during any quarter within the 18-month period preceding the issuance of a request for submission of a

compliance plan, by a bank that is not well capitalized for purposes of section 38 of the FDI Act. For purposes of calculating an increase in assets, assets acquired through merger or acquisition approved pursuant to the Bank Merger Act (12 U.S.C. 1828(c)) will be excluded.

(e) *Amendment of compliance plan.* A bank that has filed an approved compliance plan may, after prior written notice to and approval by the FDIC, amend the plan to reflect a change in circumstance. Until such time as a proposed amendment has been approved, the bank shall implement the compliance plan as previously approved.

**§308.304 Issuance of orders to correct deficiencies and to take or refrain from taking other actions.**

(a) *Notice of intent to issue order—(1) In general.* The FDIC shall provide a bank prior written notice of the FDIC's intention to issue an order requiring the bank to correct a safety and soundness deficiency or to take or refrain from taking other actions pursuant to section 39 of the FDI Act. The bank shall have such time to respond to a proposed order as provided by the FDIC under paragraph (c) of this section.

(2) *Immediate issuance of final order.* If the FDIC finds it necessary in order to carry out the purposes of section 39 of the FDI Act, the FDIC may, without providing the notice prescribed in paragraph (a)(1) of this section, issue an order requiring a bank immediately to take actions to correct a safety and soundness deficiency or take or refrain from taking other actions pursuant to section 39. A bank that is subject to such an immediately effective order may submit a written appeal of the order to the FDIC. Such an appeal must be received by the FDIC within 14 calendar days of the issuance of the order, unless the FDIC permits a longer period. The FDIC shall consider any such appeal, if filed in a timely matter, within 60 days of receiving the appeal. During such period of review, the order shall remain in effect unless the FDIC, in its sole discretion, stays the effectiveness of the order.

(b) *Contents of notice.* A notice of intent to issue an order shall include:

## § 308.124

(1) A statement of the safety and soundness deficiency or deficiencies that have been identified at the bank;

(2) A description of any restrictions, prohibitions, or affirmative actions that the FDIC proposes to impose or require;

(3) The proposed date when such restrictions or prohibitions would be effective or the proposed date for completion of any required action; and

(4) The date by which the bank subject to the order may file with the FDIC a written response to the notice.

(c) *Response to notice*—(1) *Time for response.* A bank may file a written response to a notice of intent to issue an order within the time period set by the FDIC. Such a response must be received by the FDIC within 14 calendar days from the date of the notice unless the FDIC determines that a different period is appropriate in light of the safety and soundness of the bank or other relevant circumstances.

(2) *Contents of response.* The response should include:

(i) An explanation why the action proposed by the FDIC is not an appropriate exercise of discretion under section 39;

(ii) Any recommended modification of the proposed order; and

(iii) Any other relevant information, mitigating circumstances, documentation, or other evidence in support of the position of the bank regarding the proposed order.

(d) *Agency consideration of response.* After considering the response, the FDIC may:

(1) Issue the order as proposed or in modified form;

(2) Determine not to issue the order and so notify the bank; or

(3) Seek additional information or clarification of the response from the bank, or any other relevant source.

(e) *Failure to file response.* Failure by a bank to file with the FDIC, within the specified time period, a written response to a proposed order shall constitute a waiver of the opportunity to respond and shall constitute consent to the issuance of the order.

(f) *Request for modification or rescission of order.* Any bank that is subject to an order under this subpart may, upon a change in circumstances, request in writing that the

## 12 CFR Ch. III (1–1–98 Edition)

FDIC reconsider the terms of the order, and may propose that the order be rescinded or modified. Unless otherwise ordered by the FDIC, the order shall continue in place while such request is pending before the FDIC.

### § 308.305 Enforcement of orders.

(a) *Judicial remedies.* Whenever a bank fails to comply with an order issued under section 39, the FDIC may seek enforcement of the order in the appropriate United States district court pursuant to section 8(i)(1) of the FDI Act.

(b) *Failure to comply with order.* Pursuant to section 8(i)(2)(A) of the FDI Act, the FDIC may assess a civil money penalty against any bank that violates or otherwise fails to comply with any final order issued under section 39 and against any institution-affiliated party who participates in such violation or noncompliance.

(c) *Other enforcement action.* In addition to the actions described in paragraphs (a) and (b) of this section, the FDIC may seek enforcement of the provisions of section 39 or this part through any other judicial or administrative proceeding authorized by law.

**§ 309.5 Procedures for requesting records.**

(a) *Definitions.* For purposes of this section:

(1) *Commercial use request* means a request from or on behalf of a requester who seeks records for a use or purpose that furthers the commercial, trade, or profit interests of the requester or the person on whose behalf the request is made. In determining whether a request falls within this category, the FDIC will determine the use to which a requester will put the records requested and seek additional information as it deems necessary.

(2) *Direct costs* means those expenditures the FDIC actually incurs in searching for, duplicating, and, in the case of commercial requesters, reviewing records in response to a request for records.

(3) *Duplication* means the process of making a copy of a record necessary to respond to a request for records or for inspection of original records that contain exempt material or that cannot otherwise be directly inspected. Such copies can take the form of paper copy, microfilm, audiovisual records, or machine readable records (e.g., magnetic tape or computer disk).

(4) *Educational institution* means a preschool, a public or private elementary or secondary school, an institution of undergraduate or graduate higher education, an institution of professional education, and an institution of vocational education, which operates a program or programs of scholarly research.

(5) *Non-commercial scientific institution* means an institution that is not operated on a *commercial* basis as that term is defined in paragraph (a)(1) of this section, and which is operated solely for the purpose of conducting scientific research, the results of which are not intended to promote any particular product or industry.

(6) *Representative of the news media* means any person actively gathering news for, or a free-lance journalist who reasonably expects to have his or her work product published or broadcast by, an entity that is organized and operated to publish or broadcast news to the public. The term *news* means information that is about current events or

that would be of current interest to the general public.

(7) *Review* means the process of examining records located in response to a request for records to determine whether any portion of any record is permitted to be withheld as exempt information. It includes processing any record for disclosure, e.g., doing all that is necessary to excise them or otherwise prepare them for release.

(8) *Search* includes all time spent looking for material that is responsive to a request, including page-by-page or line-by-line identification of material within records. Searches may be done manually and/or by computer using existing programming.

(b) *Initial request.* (1) Except as provided in paragraphs (d) and (h) of this section, the FDIC, upon request for any record in its possession, will make the record available to any person who agrees to pay the costs of searching, review and duplication as set forth in paragraph (c) of this section. The request must be in writing, provide information reasonably sufficient to enable the FDIC to identify the requested records and specify a dollar limit which the requester is willing to pay for the costs of searching, review and duplication, unless the costs are believed to be less than the FDIC's cost of processing the requester's remittance, which cost will be set forth in the "Notice of Federal Deposit Insurance Corporation Records Fees" as described in paragraph (c)(3) of this section. Requests under this paragraph (b) should be addressed to the Office of the Executive Secretary, FDIC, 550 17th Street, N.W., Washington, DC 20429.

(2) The FDIC will transmit notice to the requester within 10 business days after receipt of the initial request whether it is granted or denied. Denials of requests will be based on the exemptions provided for in paragraph (d) of this section.

(3) Notification of a denial of an initial request will be in writing and will state:

- (i) If the denial is in part or in whole;
- (ii) The name and title of each person responsible for the denial (when other than the person signing the notification);

(iii) The exemptions relied on for the denial; and

(iv) The right of the requester to appeal the denial to the FDIC's General Counsel within 30 business days following receipt of the notification.

(c) *Fees*—(1) *General rules.* (i) Persons requesting records of the FDIC shall be charged for the direct costs of search, duplication and review as set forth in paragraphs (c)(2) and (c)(3) of this section, unless such costs are less than the FDIC's cost of processing the requester's remittance.

(ii) Requesters will be charged for search and review costs even if responsive records are not located and, if located, are determined to be exempt from disclosure.

(iii) Multiple requests seeking similar or related records from the same requester or group of requesters will be aggregated for the purposes of this section.

(iv) If the FDIC determines that the estimated costs of search, duplication or review of requested records will exceed the dollar amount specified in the request or if no dollar amount is specified, the FDIC will advise the requester of the estimated costs (if greater than the FDIC's cost of processing the requester's remittance). The requester must agree in writing to pay the costs of search, duplication and review prior to the FDIC initiating any records search.

(v) If the FDIC estimates that its search, duplication and review costs will exceed \$250.00, the requester must pay an amount equal to 20 percent of the estimated costs prior to the FDIC initiating any records search.

(vi) The FDIC may require any requester who has previously failed to pay the charges under this section within 30 days of mailing of the invoice to pay in advance the total estimated costs of search, duplication and review. The FDIC may also require a requester who has any charges outstanding in excess of 30 days following mailing of the invoice to pay the full amount due, or demonstrate that the fee has been paid in full, prior to the FDIC initiating any additional records search.

(vii) The FDIC may begin assessing interest charges on unpaid bills on the 31st day following the day on which the

notice was sent. Interest will be at the rate prescribed in section 3717 of title 31 of the United States Code and will accrue from the date of the invoice.

(viii) The time limit for FDIC to respond to a request will not begin to run until the FDIC has received the requester's written agreement under paragraph (c)(1)(iv) of this section, and advance payment under paragraph (c)(1) (v) or (vi) of this section, or outstanding charge under paragraph (c)(1)(vi) of this section.

(ix) As part of the initial request, a requester may ask that the FDIC waive or reduce fees if disclosure of the records is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in the commercial interest of the requester. Determinations as to a waiver or reduction of fees will be made by the Executive Secretary (or designee) and the requester will be notified in writing of his/her determination. A determination not to grant a request for a waiver or reduction of fees under this paragraph may be appealed to the FDIC's General Counsel (or designee) pursuant to the procedure set forth in paragraph (e) of this section.

(2) *Chargeable fees by category of requester.* (i) Commercial use requesters shall be charged search, duplication and review costs.

(ii) Educational institutions, non-commercial scientific institutions and news media representatives shall be charged duplication costs, except for the first 100 pages.

(iii) Requesters not within the scope of paragraph (c)(2) (i) or (ii) of this section shall be charged the full reasonable direct cost of search and duplication, except for the first two hours of search time and first 100 pages of duplication.

(3) *Fee schedule.* The dollar amount of fees which the FDIC may charge to records requesters will be established by the Chief Financial Officer of the FDIC (or designee), and will be set forth in the "Notice of Federal Deposit Insurance Corporation Records Fees" issued in December of each year or in such "Interim Notice of Federal Deposit Insurance Corporation Records

Fees'' as may be issued. Copies of such notices may be obtained at no charge from the FDIC's Office of the Executive Secretary, FOIA Unit, 550 17th Street NW., Washington, DC 20429. The fees implemented in the December or Interim Notice will be effective 30 days after issuance. The FDIC may charge fees that recoup the full allowable direct costs it incurs. The FDIC may contract with independent contractors to locate, reproduce, and/or disseminate records; provided however, that the FDIC has determined that the ultimate cost to the requester will be no greater than it would be if the FDIC performed these tasks itself. In no case will the FDIC contract out responsibilities which the Freedom of Information Act (FOIA) (5 U.S.C. 552) provides that the FDIC alone may discharge, such as determining the applicability of an exemption or whether to waive or reduce fees. Fees are subject to change as costs change.

(i) *Manual searches for records.* The FDIC will charge for manual searches for records at the basic rate of pay of the employee making the search plus 16 percent to cover employee benefit costs. Where a single class of personnel (e.g., all clerical, all professional, or all executive) is used exclusively, the FDIC, at its discretion, may establish and charge an average rate for the range of grades typically involved.

(ii) *Computer searches for records.* The fee for searches of computerized records is the actual direct cost of the search, including computer time, computer runs, and the operator's time apportionable to the search. The fee for a computer printout is the actual cost. The fees for computer supplies are the actual costs. The FDIC may, at its discretion, establish and charge a fee for computer searches based upon a reasonable FDIC-wide average rate for central processing unit operating costs and the operator's basic rate of pay plus 16 percent to cover employee benefit costs.

(iii) *Duplication of records.* (A) The per-page fee for paper copy reproduction of documents is the average FDIC-wide cost based upon the reasonable direct costs of making such copies.

(B) For other methods of reproduction or duplication, the FDIC will

charge the actual direct costs of reproducing or duplicating the documents.

(iv) *Review of records.* The FDIC will charge commercial use requesters for the review of records at the time of processing the initial request to determine whether they are exempt from mandatory disclosure at the basic rate of pay of the employee making the search plus 16 percent to cover employee benefit costs. Where a single class of personnel (e.g., all clerical, all professional, or all executive) is used exclusively, the FDIC, at its discretion, may establish and charge an average rate for the range of grades typically involved. The FDIC will not charge at the administrative appeal level for review of an exemption already applied. When records or portions of records are withheld in full under an exemption which is subsequently determined not to apply, the FDIC may charge for a subsequent review to determine the applicability of other exemptions not previously considered.

(v) *Other services.* Complying with requests for special services is at the FDIC's discretion. The FDIC may recover the full costs of providing such services to the extent it elects to provide them.

(d) *Exempt information.* A request for records may be denied if the requested record contains information which falls into one or more of the following categories.<sup>4</sup> If the requested record contains both exempt and nonexempt information, the nonexempt portions which may reasonably be segregated from the exempt portions will be released to the requester.

(1) Records which are specifically authorized under criteria established by an Executive Order to be kept secret in the interest of national defense or foreign policy and are in fact properly classified pursuant to such Executive Order;

<sup>4</sup>Classification of a record as exempt from disclosure under the provisions of § 309.5(d) shall not be construed as authority to withhold the record if it is otherwise subject to disclosure under the Privacy Act of 1974 (5 U.S.C. 552a) or other federal statute, any applicable regulation of FDIC or any other federal agency having jurisdiction thereof, or any directive or order of any court of competent jurisdiction.

(2) Records related solely to the internal personnel rules and practices of the FDIC;

(3) Records specifically exempted from disclosure by statute, provided that such statute:

(i) Requires that the matters be withheld from the public in such a manner as to leave no discretion on the issue; or

(ii) Establishes particular criteria for withholding or refers to particular types of matters to be withheld;

(4) Trade secrets and commercial or financial information obtained from a person that is privileged or confidential;

(5) Interagency or intra-agency memoranda or letters which would not be available by law to a private party in litigation with the FDIC;

(6) Personnel, medical, and similar files (including financial files) the disclosure of which would constitute a clearly unwarranted invasion of personal privacy;

(7) Records compiled for law enforcement purposes, but only to the extent that the production of such law enforcement records:

(i) Could reasonably be expected to interfere with enforcement proceedings;

(ii) Would deprive a person of a right to a fair trial or an impartial adjudication;

(iii) Could reasonably be expected to constitute an unwarranted invasion of personal privacy;

(iv) Could reasonably be expected to disclose the identity of a confidential source, including a state, local, or foreign agency or authority or any private institution which furnished records on a confidential basis;

(v) Would disclose techniques and procedures for law enforcement investigations or prosecutions, or would disclose guidelines for law enforcement investigations or prosecutions if such disclosure could reasonably be expected to risk circumvention of the law; or

(vi) Could reasonably be expected to endanger the life or physical safety of any individual;

(8) Records that are contained in or related to examination, operating, or condition reports prepared by, on be-

half of, or for the use of the FDIC or any agency responsible for the regulation or supervision of financial institutions; or

(9) geological and geophysical information and data, including maps, concerning wells.

(e) *Appeals.* (1) A person whose initial request for records under paragraph (a) of this section, or whose request for a waiver of fees under paragraph (c)(1)(ix) of this section, has been denied, either in part or in whole, has the right to appeal the denial to FDIC's General Counsel (or designee) within 30 business days after receipt of notification of the denial. Appeals of denials of initial requests or for a waiver of fees must be in writing and include any additional information relevant to consideration of the appeal. Appeals should be addressed to the Office of the Executive Secretary, FDIC, 550 17th Street, N.W., Washington, DC 20429.

(2) The FDIC will notify the appellant within 20 business days after receipt of the appeal whether it is granted or denied. Denials of appeals on initial requests for records will be based on the exemptions provided for in paragraph (c) of this section.

(3) Notifications of a denial of an appeal will be in writing and will state:

(i) Whether the denial is in part or in whole;

(ii) The name and title of each person responsible for the denial (if other than the person signing the notification);

(iii) The exemptions relied upon for the denial in the case of initial requests for records; and

(iv) The right to judicial review of the denial under the FOIA.

(f) *Extension of time.* (1) Under unusual circumstances the FDIC may require additional time, up to a maximum of 10 business days, to determine whether to grant or deny an initial request or to respond to an appeal of an initial denial. These circumstances would arise in cases where:

(i) The records are in facilities, such as field offices or storage centers, that are not part of the FDIC's Washington office;

(ii) The records requested are voluminous and are not in close proximity to one another; or

(iii) There is a need to consult with another agency or among two or more components of the FDIC having a substantial interest in the determination.

(2) The FDIC will promptly give written notification to the person making the request of the estimated date it will make its determination and the reasons why additional time is required.

(g) *FDIC procedures.* (1) Initial requests for records will be forwarded by the Executive Secretary to the head of the FDIC division or office which has primary authority over such records. Where it is determined that the requested records may be released, the appropriate division or office head will grant access to the records. A request for records may be denied only by the Executive Secretary (or designee), except that a request for records not responded to within 10 business days following its receipt by the Office of Executive Secretary—by notice to the requester either granting the request, denying the request, or extending the time for making a determination on the request—shall, if the requester chooses to treat such delay in response as a denial, be deemed to have been denied.

(2) Appeals from a denial of an initial request will be forwarded by the Executive Secretary to the General Counsel (or designee) for a determination whether the appeal will be granted or denied. The General Counsel (or designee) may on his or her own motion refer an appeal to the Board of Directors for a determination or the Board of Directors may in its discretion consider such an appeal.

(h) *Records of another agency.* If a requested record is the property of another federal agency or department, and that agency or department, either in writing or by regulation, expressly retains ownership of such record, upon receipt of a request for the record the FDIC will promptly inform the requester of this ownership and immediately shall forward the request to the proprietary agency or department either for processing in accordance with the latter's regulations or for guidance with respect to disposition.

The Corporation will maintain all records it uses in making any determination about any individual with such accuracy, relevance, timeliness and completeness as is reasonably necessary to assure fairness to the individual in the determination. An individual may request that the Corporation amend any portion of a record pertaining to that individual which the Corporation maintains in a designated system of records. Such a request should be submitted in writing to the Office of the Executive Secretary, Records Unit, Federal Deposit Insurance Corporation, Washington, DC 20429 and should contain the individual's reason for requesting the amendment and a description of the record (including the name of the appropriate designated system and category thereof) sufficient to enable the Corporation to identify the particular record or portion thereof with respect to which amendment is sought.

#### **§ 310.8 Agency review of request for amendment of record.**

(a) Requests by individuals for the amendment of records will be acknowledged by the Executive Secretary of the Corporation, and referred to the system manager of the system of records in which the record is contained for determination, within ten business days following receipt of such requests. Promptly thereafter, the Executive Secretary will notify the individual of the system manager's decision to grant or deny the request to amend.

(b) If the system manager denies a request to amend a record, the notification of such denial shall contain the reason for the denial and a description of the individual's right to appeal the denial as more fully set forth in § 310.9. #### **§ 310.9 Appeal of adverse initial agency determination on access or amendment.**

(a) A system manager's denial of an individual's request for access to or amendment of a record pertaining to him/her may be appealed in writing to the Corporation's General Counsel (or designee) within 30 business days following receipt of notification of the denial. Such an appeal should be addressed to the Office of the Executive Secretary, FDIC, 550 17th Street NW., Washington, DC 20429, and contain all the information specified for requests for access in § 310.3 or for initial requests to amend in § 310.7, as well as any other additional information the individual deems relevant for the consideration by the General Counsel (or designee) of the appeal.

(b) The General Counsel (or designee) will normally make a final determination with respect to an appeal made under this part within 30 business days following receipt by the Office of the Executive Secretary of the appeal. The General Counsel (or designee) may, however, extend this 30-day time period for good cause. Where such an extension is required, the individual making the appeal will be notified of the reason for the extension and the expected date upon which a final decision will be given.

(c) If the General Counsel (or designee) affirms the initial denial of a request for access or to amend, he or she will inform the individual affected of the decision, the reason therefor, and the right of judicial review of the decision. In addition, as pertains to a request for amendment, the individual may at that point submit to the Corporation a concise statement setting forth his or her reasons for disagreeing with the Corporation's refusal to amend.

(d) Any statement of disagreement with the Corporation's refusal to amend, filed with the Corporation by an individual pursuant to § 310.9(c), will be included in the disclosure of any records under the authority of § 310.10(b). The Corporation may in its discretion also include a copy of a concise statement of its reasons for not making the requested amendment.

conduct, or disposition by the Corporation of a particular case of formal agency adjudication pursuant to the procedures in 5 U.S.C. 554 or otherwise involving a determination on the record after opportunity for a hearing.

#### §311.4 Procedures for announcing meetings.

(a) *Scope.* Except to the extent that such announcements are exempt from disclosure under §311.3(b), announcements relating to open meetings, and meetings closed under the regular closing procedures of §311.5, will be made in the manner set forth in this section.

(b) *Time and content of announcement.* The Corporation will make public announcement at least seven days before the meeting of the time, place, and subject matter of the meeting, whether it is to be open or closed to the public, and the name and telephone number of the official designated by the Corporation to respond to requests for information about the meeting. This announcement will be made unless a majority of the Board determines by a recorded vote that Corporation business requires that a meeting be called on lesser notice. In such cases, the Corporation will make public announcement of the time, place, and subject matter of the meeting, and whether it is open or closed to the public, at the earliest practicable time, which may be later than the commencement of the meeting.

(c) *Changing time or place of meeting.* The time or place of a meeting may be changed following the public announcement required by paragraph (b) of this section only if the Corporation publicly announces the change at the earliest practicable time, which may be later than the commencement of the meeting.

(d) *Changing subject matter or nature of meeting.* The subject matter of a meeting, or the determination to open or close a meeting or a portion of a meeting, may be changed following the public announcement only if:

(1) A majority of the entire Board determines by recorded vote that agency business so requires and that no earlier announcement of the change was possible; and,

## §311.6

(2) The Corporation publicly announces the change and the vote of each member upon such change at the earliest practicable time, which may be later than the commencement of the meeting.

(e) *Publication of announcements in Federal Register.* Immediately following each public announcement under this section, such announcement will be submitted for publication in the FEDERAL REGISTER by the Office of the Executive Secretary.

### §311.5 Regular procedure for closing meetings.

(a) *Scope.* Unless §311.6 is applicable, the procedures for closing meetings will be those set forth in this section.

(b) *Procedure.* (1) A decision to close a meeting or portion of a meeting will be taken only when a majority of the entire Board votes to take such action. In deciding whether to close a meeting or portion of a meeting, the Board will consider whether the public interest requires an open meeting. A separate vote of the Board will be taken with respect to each meeting which is proposed to be closed in whole or in part to the public. A single vote may be taken with respect to a series of meetings which are proposed to be closed in whole or in part to the public, or with respect to any information concerning such series of meetings, so long as each meeting in the series involves the same particular matters and is scheduled to be held no more than thirty days after the initial meeting in the series. The vote of each Board member will be recorded and no proxies will be allowed.

(2) Any individual whose interests may be directly affected may request that the Corporation close any portion of a meeting for any of the reasons referred to in paragraph (b) (5), (6), or (b)(7) of §311.3. Requests should be directed to the Office of the Executive Secretary, Federal Deposit Insurance Corporation, 550 17th Street, NW., Washington, DC 20429. After receiving notice that an individual desires a portion of a meeting to be closed, the Board, upon request of any one of its members, will vote by recorded vote whether to close the relevant portion of the meeting. This procedure will apply even if the individual's request is

made subsequent to the announcement of a decision to hold an open meeting.

(3) The Corporation's General Counsel will make the public certification required by §311.7.

(4) Within 1 day after any vote taken pursuant to paragraphs (b)(1) or (2) of this section, the Corporation will make publicly available a written copy of the vote, reflecting the vote of each Board member. Except to the extent that such information is exempt from disclosure, if a meeting or portion of a meeting is to be closed to the public, the Corporation will make publicly available within 1 day after the required vote a full written explanation of its action, together with a list of all persons expected to attend the meeting and their affiliation.

(5) The Corporation will publicly announce the time, place, and subject matter of the meeting, with determinations as to open and closed portions, in the manner and within the time limits prescribed in §311.4.

[42 FR 14675, Mar. 16, 1977; 42 FR 16616, Mar. 29, 1977, as amended at 42 FR 59494, Nov. 18, 1977]

### §311.6 Expedited procedure for announcing and closing certain meetings.

(a) *Scope.* Since a majority of its meetings may properly be closed pursuant to paragraph (b)(4), (8), (9)(i), or (b)(10) of §311.3, subsection (d)(4) of the Government in the Sunshine Act (5 U.S.C. 552b) allows the Corporation to use expedited procedures in closing meetings under these four subparagraphs. Absent a compelling public interest to the contrary, meetings or portions of meetings that can be expected to be closed using these procedures include, but are not limited to: Administrative enforcement proceedings under section 8 of the Federal Deposit Insurance Act (12 U.S.C. 1818); appointment of the Corporation as conservator of a depository institution, or as receiver, liquidator or liquidating agent of a closed depository institution or a depository institution in danger of closing; and certain management and liquidation activities pursuant to such appointments; possible financial assistance by the Corporation under section 13 of the Federal Deposit Insurance Act

### §311.7

(12 U.S.C. 1823); certain depository institution applications including applications to establish or move branches, applications to merge, and applications for insurance; and investigatory activity under section 10(c) of the Federal Deposit Insurance Act (12 U.S.C. 1820(c)). In announcing and closing meetings or portions of meetings under this section, the following procedures will be observed.

(b) *Announcement.* Except to the extent that such information is exempt from disclosure under the provisions of §311.3(b) the Corporation will make public announcement of the time, place and subject matter of the meeting and of each portion thereof at the earliest practicable time. This announcement will be published in the FEDERAL REGISTER if publication can be effected at least 1 day prior to the scheduled date of the meeting.

(c) *Procedure for closing.* (1) The Corporation's General Counsel will make the public certification required by §311.7.

(2) At the beginning of a meeting or portion of a meeting to be closed under this section, a recorded vote of the Board will be taken. The Board will determine by its vote whether to proceed with the closing. If a majority of the entire Board votes to close, the meeting will be closed to public observation. Even though a meeting or portion thereof could properly be closed under this section, a majority of the entire Board may find that the public interest requires an open session and vote, reflecting the vote of each Board member, will be made available to the public.

[42 FR 14675, Mar. 16, 1977; 42 FR 16616, Mar. 29, 1977, as amended at 54 FR 38965, Sept. 22, 1989]

### §311.7 General Counsel certification.

For every meeting or portion thereof closed under §311.5 or §311.6, the Corporation's General Counsel will publicly certify that, in the opinion of such General Counsel, the meeting may be closed to the public and will state each relevant exemptive provision. In the absence of the General Counsel, the next ranking official in the Legal Division may perform the certification. If the General Counsel and such next

ranking official in the Legal Division are both absent, the official in the Legal Division who is then next in rank may provide the required certification. A copy of this certification, together with a statement from the presiding officer of the meeting setting forth the time and place of the meeting, and the persons present, will be retained in the Board's permanent files.

[42 FR 14675, Mar. 16, 1977, as amended at 61 FR 38357, July 24, 1996]

### §311.8 Transcripts and minutes of meetings.

(a) *When required.* The Corporation will maintain a complete transcript, identifying each speaker, to record fully the proceedings of each meeting or portion of a meeting closed to the public, except that in the case of a meeting or portions of a meeting closed to the public pursuant to paragraph (b)(8), (9)(i), or (10) of §311.3, the Corporation may, in lieu of a transcript, maintain a set of minutes.

(b) *Content of minutes.* If minutes are maintained, they will fully and clearly describe all matters discussed and will provide a full and accurate summary of any actions taken, and the reasons for taking such action. Minutes will also include a description of each of the views expressed by each person in attendance on any item and the record of any roll call vote, reflecting the vote of each member. All documents considered in connection with any action will be identified in the minutes.

(c) *Available material.* The Corporation will maintain a complete verbatim copy of the transcript or minutes of each meeting or portion of a meeting closed to the public for a period of at least 2 years after the meeting, or until 1 year after the conclusion of any proceeding with respect to which the meeting or portion was held, whichever occurs later. The Corporation will make promptly available to the public the transcript, identifying each speaker, or minutes of items on the agenda or testimony of any witness received at the closed meeting except that in cases where the Privacy Act of 1974 (5 U.S.C. 552a) does not apply, the Corporation may withhold information exempt from disclosure under §311.3(b). For the convenience of members of the public

## Federal Deposit Insurance Corporation

## §312.1

who may be unable to attend open meetings of the Board, the Corporation will maintain for at least 2 years a set of minutes of each meeting of the Board or portion thereof open to public observation.

(d) *Procedures for inspecting or copying available material.* (1) An individual may inspect materials made available under paragraph (c) of this section at the Office of the Executive Secretary, Federal Deposit Insurance Corporation, 550 17th Street, N.W., Washington, DC 20429, during normal business hours. If the individual desires a copy of such material, the Corporation will furnish copies at a cost of 10 cents per page. Whenever the Corporation determines that in the public interest a reduction or waiver is warranted, it may reduce or waive any fees imposed under this section.

(2) An individual may also submit a written request for transcripts or minutes, reasonably identifying the records sought, to the Office of the Executive Secretary, Federal Deposit Insurance Corporation, 550 17th Street, N.W., Washington, DC 20429.

(e) *Procedures for obtaining documents identified in minutes.* Copies of documents identified in minutes or considered by the Board in connection with any action identified in the minutes may be made available to the public upon request, to the extent permitted by the Freedom of Information Act, under the provisions of 12 CFR part 309, Disclosure of Information.

### § 323.3 Appraisals required; transactions requiring a State certified or licensed appraiser.

(a) *Appraisals required.* An appraisal performed by a State certified or licensed appraiser is required for all real estate-related financial transactions except those in which:

(1) The transaction value is \$250,000 or less;

(2) A lien on real estate has been taken as collateral in an abundance of caution;

(3) The transaction is not secured by real estate;

(ii) There is no advancement of new monies, other than funds necessary to cover reasonable closing costs;

(8) The transaction involves the purchase, sale, investment in, exchange of, or extension of credit secured by, a loan or interest in a loan, pooled loans, or interests in real property, including mortgaged-backed securities, and each loan or interest in a loan, pooled loan, or real property interest met FDIC regulatory requirements for appraisals at the time of origination;

(b) *Evaluations required.* For a transaction that does not require the services of a State certified or licensed appraiser under paragraph (a)(1), (a)(5) or (a)(7) of this section, the institution shall obtain an appropriate evaluation of real property collateral that is consistent with safe and sound banking practices.

(c) *Appraisals to address safety and soundness concerns.* The FDIC reserves the right to require an appraisal under this part whenever the agency believes it is necessary to address safety and soundness concerns.

(d) *Transactions requiring a State certified appraiser—*(1) *All transactions of \$1,000,000 or more.* All federally related transactions having a transaction value of \$1,000,000 or more shall require an appraisal prepared by a State certified appraiser.

(2) *Nonresidential transactions of \$250,000 or more.* All federally related transactions having a transaction value of \$250,000 or more, other than those involving appraisals of 1-to-4 family residential properties, shall require an appraisal prepared by a State certified appraiser.

(3) *Complex residential transactions of \$250,000 or more.* All complex 1-to-4 family residential property appraisals rendered in connection with federally related transactions shall require a State certified appraiser if the transaction value is \$250,000 or more. A regulated institution may presume that appraisals of 1-to-4 family residential properties are not complex, unless the institution has readily available information that a given appraisal will be complex. The regulated institution shall be responsible for making the final determination of whether the appraisal is complex. If during the course of the appraisal a licensed appraiser identifies factors that would result in the property, form of ownership, or market conditions being considered atypical, then either:

## § 323.4

(i) The regulated institution may ask the licensed appraiser to complete the appraisal and have a certified appraiser approve and co-sign the appraisal; or

(ii) The institution may engage a certified appraiser to complete the appraisal.

(a) Conform to generally accepted appraisal standards as evidenced by the Uniform Standards of Professional Appraisal Practice (USPAP) promulgated by the Appraisal Standards Board of the Appraisal Foundation, 1029 Vermont Ave., NW., Washington, DC 20005, unless principles of safe and sound banking require compliance with stricter standards;

(b) Be written and contain sufficient information and analysis to support the institution's decision to engage in the transaction;

(c) Analyze and report appropriate deductions and discounts for proposed construction or renovation, partially leased buildings, non-market lease terms, and tract developments with unsold units;

(d) Be based upon the definition of market value as set forth in this part; and

[59 FR 29502, June 7, 1994]

## 12 CFR Ch. III (1-1-98 Edition)

functions and not involved, except as an appraiser, in the federally related transaction, and have no direct or indirect interest, financial or otherwise, in the property. If the only qualified persons available to perform an appraisal are involved in the lending, investment, or collection functions of the regulated institution, the regulated institution shall take appropriate steps to ensure that the appraisers exercise independent judgment and that the appraisal is adequate. Such steps include, but are not limited to, prohibiting an individual from performing appraisals in connection with federally related transactions in which the appraiser is otherwise involved and prohibiting directors and officers from participating in any vote or approval involving assets on which they performed an appraisal.

(b) *Fee appraisers.* (1) If an appraisal is prepared by a fee appraiser, the appraiser shall be engaged directly by the regulated institution or its agent, and have no direct or indirect interest, financial or otherwise, in the property or the transaction.

(ii) The regulated institution determines that the appraisal conforms to the requirements of this part and is otherwise acceptable.

[55 FR 33888, Aug. 20, 1990, as amended by 59 FR 29502, June 7, 1994]

### § 323.6 Professional association membership; competency.

(a) *Membership in appraisal organizations.* A State certified appraiser or a State licensed appraiser may not be excluded from consideration for an assignment for a federally related transaction solely by virtue of membership or lack of membership in any particular appraisal organization.

(b) *Competency.* All staff and fee appraisers performing appraisals in connection with federally related transactions must be State certified or licensed, as appropriate. However, a

### § 324.3

#### § 324.3 Loss amortization and re-appraisal.

(b) With respect to each asset subject to loss deferral under the program, the bank shall maintain accounting records adequate to document the amount and timing of the deferrals, repayments and amortizations;

(c) The financial condition of the bank shall not deteriorate to the point where it is no longer a viable, fundamentally sound institution;

(d) The bank shall agree to make a reasonable effort, consistent with safe and sound banking practices, to maintain a percentage of agricultural loans and agriculturally related other property to total loans which is not lower than the percentage of such loans in its loan portfolio on January 1, 1986; and

(e) The bank shall agree to provide the Accepting Official, upon request, with such information as the Accepting Official deems necessary to monitor the bank's amortization, its compliance with conditions, and its continued eligibility.

(b) The proposal shall contain the following information:

- (1) Name and address of the bank;
- (2) Information establishing that the bank is located in an area, the economy of which is dependent on agriculture such as a description of the bank's location, dominant lines of commerce in its service area, and any other information the bank believes will support the contention that the bank is located in an area dependent on agriculture;
- (3) A copy of the bank's most recent Reports of Condition and Income;
- (4) If the Report of Condition fails to show that at least 25 percent of the bank's total loans are qualified agricultural loans, the basis upon which the bank believes that it should be declared eligible to amortize losses;
- (5) A capital plan demonstrating that the bank will achieve an acceptable capital level not later than the end of the bank's amortization period (the plan should provide for a realistic improvement in the bank's capital, over the course of the bank's amortization period, from earnings retention, capital injections, or other sources and include specific information regarding dividend levels, compensation to directors, executive officers and individuals who have a controlling interest, and payments for services or products furnished by affiliated companies or companies which are related interests of insiders);
- (6) A list of the loans and agriculturally related other property upon which the bank proposes to defer loss including, for each such loan or property, the following information:
- (i) The name of the borrower, the amount of the loan that resulted in the loss, and the amount of the loss;
  - (ii) The date on which the loss was declared;
  - (iii) The basis upon which the loss resulted from a qualified agricultural loan;
- (7) A certification by the bank's chief executive officer that there is no evidence that the losses resulted from fraud or criminal abuse by the bank, its officers, directors, or principal shareholders;
- (8) A copy of a resolution by the bank's Board of Directors authorizing submission of the proposal; and

- (9) Such other information as the Accepting Official may require.

(Approved by the Office of Management and Budget under control number 3064-0091)

#### § 324.8 Revocation of eligibility.

If the bank fails to continue to meet eligibility requirements or to comply with the capital plan or any condition of an acceptance, the Accepting Official may notify the bank of the intent to revoke authorization for deferral of losses. The bank will have 60 days from receipt of the notice in which it may submit written objections and reasons why authorization should continue. If no written objections are received within 60 days, the revocation shall be final. If the bank submits objections, they will be considered and a final decision, or a request for additional information, shall be made within the next 30 days.

#### § 324.9 Other administrative actions.

Acceptance of a bank for loss amortization does not foreclose any administrative action against the bank that the Corporation may deem appropriate.

### Subpart A—Minimum Capital Requirements

#### § 325.1 Scope.

The provisions of this subpart A apply to those circumstances for which the Federal Deposit Insurance Act or this chapter requires an evaluation of the adequacy of an insured depository institution's capital structure. The FDIC is required to evaluate capital before approving various applications by insured depository institutions. The FDIC also must evaluate capital, as an essential component, in determining the safety and soundness of state non-member banks it insures and supervises and in determining whether depository institutions are in an unsafe or unsound condition. This subpart A establishes the criteria and standards the FDIC will use in calculating the minimum leverage capital requirement and in determining capital adequacy. In addition, appendix A to this subpart sets forth the FDIC's risk-based capital policy statement and appendix B to this subpart includes a statement of policy on capital adequacy that provides interpretational guidance as to how this subpart will be administered and enforced. In accordance with subpart B of part 325, the FDIC also must evaluate an institution's capital for purposes of determining whether the institution is subject to the prompt corrective action provisions set forth in section 38 of the Federal Deposit Insurance Act (12 U.S.C. 1831o). [58 FR 8219, Feb. 12, 1993]

#### § 325.2 Definitions.

(a) *Allowance for loan and lease losses* means those general valuation allowances that have been established through charges against earnings to absorb losses on loans and lease financ-

ing receivables. Allowances for loan and lease losses exclude allocated transfer risk reserves established pursuant to 12 U.S.C. 3904 and specific reserves created against identified losses.

(b) *Assets classified loss* means:

(1) When measured as of the date of examination of an insured depository institution, those assets that have been determined by an evaluation made by a state or federal examiner as of that date to be a loss; and

(2) When measured as of any other date, those assets:

(i) That have been determined—

(A) By an evaluation made by a state or federal examiner at the most recent examination of an insured depository institution to be a loss; or

(B) By evaluations made by the insured depository institution since its most recent examination to be a loss; and

(ii) That have not been charged off from the insured depository institution's books or collected.

(c) *Bank* means an FDIC-insured, state-chartered commercial or savings bank that is not a member of the Federal Reserve System and for which the FDIC is the appropriate federal banking agency pursuant to section 3(q) of the FDI Act (12 U.S.C. 1813(q)).

(d) *Common stockholders' equity* means the sum of common stock and related surplus, undivided profits, disclosed capital reserves that represent a segregation of undivided profits, and foreign currency translation adjustments, less net unrealized holding losses on available-for-sale equity securities with readily determinable fair values.

(e)(1) *Control* has the same meaning assigned to it in section 2 of the Bank Holding Company Act (12 U.S.C. 1841), and the term *controlled* shall be construed consistently with the term *control*.

(2) *Exclusion for fiduciary ownership*. No insured depository institution or company controls another insured depository institution or company by virtue of its ownership or control of shares in a fiduciary capacity. Shares shall not be deemed to have been acquired in a fiduciary capacity if the acquiring insured depository institution

or company has sole discretionary authority to exercise voting rights with respect thereto.

(3) *Exclusion for debts previously contracted.* No insured depository institution or company controls another insured depository institution or company by virtue of its ownership or control of shares acquired in securing or collecting a debt previously contracted in good faith, until two years after the date of acquisition. The two-year period may be extended at the discretion of the appropriate federal banking agency for up to three one-year periods.

(f) *Controlling person* means any person having control of an insured depository institution and any company controlled by that person.

(g)(1) *Highly leveraged transaction* means an extension of credit to or investment in a business by an insured depository institution where the financing transaction involves a buyout, acquisition, or recapitalization of an existing business and one of the following criteria is met:

(i) The transaction results in a liabilities-to-assets leverage ratio higher than 75 percent; or

(ii) The transaction at least doubles the subject company's liabilities and results in a liabilities-to-assets leverage ratio higher than 50 percent; or

(iii) The transaction is designated an HLT by a syndication agent or a federal bank regulator.

(2) Notwithstanding paragraph (g)(1) of this section, loans and exposures to any obligor in which the total financing package, including all obligations held by all participants is \$20 million or more, or such lower level as the FDIC may establish by order on a case-by-case basis, will be excluded from this definition.

(h) *Identified losses* means:

(1) When measured as of the date of examination of an insured depository institution, those items that have been determined by an evaluation made by a state or federal examiner as of that date to be chargeable against income, capital and/or general valuation allowances such as the allowance for loan and lease losses (examples of identified losses would be assets classified loss, off-balance sheet items classified loss,

any provision expenses that are necessary for the institution to record in order to replenish its general valuation allowances to an adequate level, liabilities not shown on the institution's books, estimated losses in contingent liabilities, and differences in accounts which represent shortages); and

(2) When measured as of any other date, those items:

(i) That have been determined—

(A) By an evaluation made by a state or federal examiner at the most recent examination of an insured depository institution to be chargeable against income, capital and/or general valuation allowances; or

(B) By evaluations made by the insured depository institution since its most recent examination to be chargeable against income, capital and/or general valuation allowances; and

(ii) For which the appropriate accounting entries to recognize the loss have not yet been made on the insured depository institution's books nor has the item been collected or otherwise settled.

(i) *Insured depository institution* means any depository institution (except for a foreign bank having an insured branch) the deposits of which are insured in accordance with the provisions of the Federal Deposit Insurance Act (12 U.S.C. 1811 *et seq.*)

(j) *Intangible assets* means those assets that are required to be reported as intangible assets in a banking institution's "Reports of Condition and Income" (Call Report) or in a savings association's "Thrift Financial Report."

(k) *Leverage ratio* means the ratio of Tier 1 capital to total assets, as calculated under this part.

(l) *Management fee* means any payment of money or provision of any other thing of value to a company or individual for the provision of management services or advice to the bank or related overhead expenses, including payments related to supervisory, executive, managerial, or policymaking functions, other than compensation to an individual in the individual's capacity as an officer or employee of the bank.

(m) *Minority interests in consolidated subsidiaries* means minority interests in

equity capital accounts of those subsidiaries that have been consolidated for the purpose of computing regulatory capital under this part, except that minority interests which fail to provide meaningful capital support are excluded from this definition.

(n) *Mortgage servicing rights* means those intangible assets that represent the rights to perform the servicing function for a specific group of mortgage loans that are owned by others. Mortgage servicing rights must be amortized over a period not to exceed 15 years or their estimated useful life, whichever is shorter. For purposes of determining regulatory capital under this part, mortgage servicing rights will be recognized only to the extent the rights meet the conditions, limitations and restrictions described in § 325.5(f).

(o) *Noncumulative perpetual preferred stock* means perpetual preferred stock (and related surplus) where the issuer has the option to waive payment of dividends and where the dividends so waived do not accumulate to future periods nor do they represent a contingent claim on the issuer. Preferred stock issues where the dividend is reset periodically based, in whole or in part, upon the bank's current credit standing, including but not limited to, auction rate, money market and remarketable preferred stock, are excluded from this definition of noncumulative perpetual preferred stock, regardless of whether the dividends are cumulative or noncumulative.

(p) *Perpetual preferred stock* means a preferred stock that does not have a maturity date, that cannot be redeemed at the option of the holder, and that has no other provisions that will require future redemption of the issue. It includes those issues of preferred stock that automatically convert into common stock at a stated date. It excludes those issues, the rate on which increases, or can increase, in such a manner that would effectively require the issuer to redeem the issue.

(q) *Risk-weighted assets* means total risk-weighted assets, as calculated in accordance with the FDIC's Statement of Policy on Risk-Based Capital (appendix A to part 325).

(r) *Savings association* means any federally-chartered savings association, any state-chartered savings association, and any corporation (other than a bank) that the Board of Directors of the FDIC and the Director of the Office of Thrift Supervision jointly determine to be operating in substantially the same manner as a savings association.

(s) *Tangible equity* means the amount of core capital elements as defined in Section I.A.1. of the FDIC's Statement of Policy on Risk-Based Capital (appendix A to this Part 325), plus the amount of outstanding cumulative perpetual preferred stock (including related surplus), minus all intangible assets except mortgage servicing rights to the extent that the FDIC determines pursuant to § 325.5(f) of this part that mortgage servicing rights may be included in calculating the bank's Tier 1 capital.

(t) *Tier 1 capital* or *core capital* means the sum of common stockholders' equity, noncumulative perpetual preferred stock (including any related surplus), and minority interests in consolidated subsidiaries, minus all intangible assets (other than mortgage servicing rights and purchased credit card relationships eligible for inclusion in core capital pursuant to § 325.5(f) and qualifying supervisory goodwill eligible for inclusion in core capital pursuant to 12 CFR part 567), minus deferred tax assets in excess of the limit set forth in § 325.5(g), minus identified losses, (to the extent that Tier 1 capital would have been reduced if the appropriate accounting entries to reflect the identified losses had been recorded on the insured depository institution's books) and minus investments in securities subsidiaries subject to 12 CFR 337.4.

(u) *Tier 1 risk-based capital ratio* means the ratio of Tier 1 capital to risk-weighted assets, as calculated in accordance with the FDIC's Statement of Policy on Risk-Based Capital (appendix A to part 325).

(v) *Total assets* means the average of total assets required to be included in a banking institution's "Reports of Condition and Income" (Call Report) or, for savings associations, the consolidated total assets required to be included in the "Thrift Financial Report," as these reports may from time

to time be revised, as of the most recent report date (and after making any necessary subsidiary adjustments for state nonmember banks as described in §§ 325.5(c) and 325.5(d) of this part), minus intangible assets (other than mortgage servicing rights and purchased credit card relationships eligible for inclusion in core capital pursuant to § 325.5(f) and qualifying supervisory goodwill eligible for inclusion in core capital pursuant to 12 CFR part 567), minus deferred tax assets in excess of the limit set forth in 325.5(g), and minus assets classified loss and any other assets that are deducted in determining Tier 1 capital. For banking institutions, the average of total assets is found in the Call Report schedule of quarterly averages. For savings associations, the consolidated total assets figure is found in Schedule CSC of the Thrift Financial Report.

(w) *Total risk-based capital ratio* means the ratio of qualifying total capital to risk-weighted assets, as calculated in accordance with the FDIC's Statement of Policy on Risk-Based Capital (appendix A to part 325).

(x) *Written agreement* means an agreement in writing executed by authorized representatives entered into with the FDIC by an insured depository institution which is enforceable by an action under section 8(a) and/or section 8(b) of the Federal Deposit Insurance Act (12 U.S.C. 1818 (a), (b)).

### § 325.3 Minimum leverage capital requirement.

(a) *General.* Banks must maintain at least the minimum leverage capital requirement set forth in this section. The capital standards in this part are the minimum acceptable for banks whose overall financial condition is fundamentally sound, which are well-managed and which have no material or significant financial weaknesses. Thus, the FDIC is not precluded from requiring an institution to maintain a higher capital level based on the institution's particular risk profile. Where the FDIC determines that the financial history or condition, managerial resources and/

or the future earnings prospects of a bank are not adequate, or where a bank has sizable off-balance sheet or funding risks, significant risks from concentrations of credit or nontraditional activities, excessive interest rate risk exposure, or a significant volume of assets classified substandard, doubtful or loss or otherwise criticized, the FDIC will take these other factors into account in analyzing the bank's capital adequacy and may determine that the minimum amount of capital for that bank is greater than the minimum standards stated in this section. These same criteria will apply to any insured depository institution making an application to the FDIC that requires the FDIC to consider the adequacy of the institution's capital structure.

(b) *Minimum leverage capital requirement.* (1) The minimum leverage capital requirement for a bank (or an insured depository institution making application to the FDIC) shall consist of a ratio of Tier 1 capital to total assets of not less than 3 percent if the FDIC determines that the institution is not anticipating or experiencing significant growth and has well-diversified risk, including no undue interest rate risk exposure, excellent asset quality, high liquidity, good earnings and in general is considered a strong banking organization, rated composite 1 under the Uniform Financial Institutions Rating System (the CAMEL rating system) established by the Federal Financial Institutions Examination Council.

(2) For all but the most highly-rated institutions meeting the conditions set forth in paragraph (b)(1) of this section, the minimum leverage capital requirement for a bank (or for an insured depository institution making an application to the FDIC) shall be 3 percent plus an additional cushion of at least 100 to 200 basis points and therefore shall consist of a ratio of Tier 1 capital to total assets of not less than 4 percent.

(c) *Insured depository institutions with less than the minimum leverage capital requirement.* (1) A bank (or an insured depository institution making an application to the FDIC) operating with less

## § 325.4

## 12 CFR Ch. III (1–1–98 Edition)

than the minimum leverage capital requirement does not have adequate capital and therefore has inadequate financial resources.

(2) Any insured depository institution operating with an inadequate capital structure, and therefore inadequate financial resources, will not receive approval for an application requiring the FDIC to consider the adequacy of its capital structure or its financial resources.

(3) As required under § 325.104(a)(1) of this part, a bank must file a written capital restoration plan with the appropriate FDIC regional director within 45 days of the date that the bank receives notice or is deemed to have notice that the bank is undercapitalized, significantly undercapitalized or critically undercapitalized, unless the FDIC notifies the bank in writing that the plan is to be filed within a different period.

(4) In any merger, acquisition or other type of business combination where the FDIC must give its approval, where it is required to consider the adequacy of the financial resources of the existing and proposed institutions, and where the resulting entity is either insured by the FDIC or not otherwise federally insured, approval will not be granted when the resulting entity does not meet the minimum leverage capital requirement.

(d) *Exceptions.* Notwithstanding the provisions of paragraphs (a), (b) and (c) of this section:

(1) The FDIC, in its discretion, may approve an application pursuant to the Federal Deposit Insurance Act where it is required to consider the adequacy of capital if it finds that such approval must be taken to prevent the closing of a depository institution or to facilitate the acquisition of a closed depository institution, or, when severe financial conditions exist which threaten the stability of an insured depository institution or of a significant number of depository institutions insured by the FDIC or of insured depository institutions possessing significant financial resources, such action is taken to lessen the risk to the FDIC posed by an insured depository institution under such threat of instability.

(2) The FDIC, in its discretion, may approve an application pursuant to the Federal Deposit Insurance Act where it is required to consider the adequacy of capital or the financial resources of the insured depository institution where it finds that the applicant has committed to and is in compliance with a reasonable plan to meet its minimum leverage capital requirements within a reasonable period of time.

### § 325.4 Inadequate capital as an unsafe or unsound practice or condition.

(a) *General.* As a condition of federal deposit insurance, all insured depository institutions must remain in a safe and sound condition.

(b) *Unsafe or unsound practice.* Any bank which has less than its minimum leverage capital requirement is deemed to be engaged in an unsafe or unsound practice pursuant to section 8(b)(1) and/or 8(c) of the Federal Deposit Insurance Act (12 U.S.C. 1818(b)(1) and/or 1818(c)). Except that such a bank which has entered into and is in compliance with a written agreement with the FDIC or has submitted to the FDIC and is in compliance with a plan approved by the FDIC to increase its Tier 1 leverage capital ratio to such level as the FDIC deems appropriate and to take such other action as may be necessary for the bank to be operated so as not to be engaged in such an unsafe or unsound practice will not be deemed to be engaged in an unsafe or unsound practice pursuant to section 8(b)(1) and/or 8(c) of the Federal Deposit Insurance Act (12 U.S.C. 1818(b)(1) and/or 1818(c)) on account of its capital ratios. The FDIC is not precluded from taking section 8(b)(1), section 8(c) or any other enforcement action against a bank with capital above the minimum requirement if the specific circumstances deem such action to be appropriate. Under the conditions set forth in section 8(t) of the Federal Deposit Insurance Act (12 U.S.C. 1818(t)), the FDIC also may take section 8(b)(1) and/or 8(c)

enforcement action against any savings association that is deemed to be engaged in an unsafe or unsound practice on account of its inadequate capital structure.

(c) *Unsafe or unsound condition.* Any insured depository institution with a ratio of Tier 1 capital to total assets that is less than two percent is deemed to be operating in an unsafe or unsound condition pursuant to section 8(a) of the Federal Deposit Insurance Act (12 U.S.C. 1818(a)).

(1) A bank with a ratio of Tier 1 capital to total assets of less than two percent which has entered into and is in compliance with a written agreement with the FDIC (or any other insured depository institution with a ratio of Tier 1 capital to total assets of less than two percent which has entered into and is in compliance with a written agreement with its primary federal regulator and to which agreement the FDIC is a party) to increase its Tier 1 leverage capital ratio to such level as the FDIC deems appropriate and to take such other action as may be necessary for the insured depository institution to be operated in a safe and sound manner, will not be subject to a proceeding by the FDIC pursuant to 12 U.S.C. 1818(a) on account of its capital ratios.

(2) An insured depository institution with a ratio of Tier 1 capital to total assets that is equal to or greater than two percent may be operating in an unsafe or unsound condition. The FDIC is not precluded from bringing an action pursuant to 12 U.S.C. 1818(a) where an insured depository institution has a ratio of Tier 1 capital to total assets that is equal to or greater than two percent.

[56 FR 10162, Mar. 11, 1991]

#### § 325.5 Miscellaneous.

(a) *Intangible assets.* Any intangible assets that were explicitly approved by the FDIC as part of the bank's regulatory capital on a specific case basis will be included in capital under the terms and conditions that were approved by the FDIC, provided that the intangible asset is being amortized over a period not to exceed 15 years or its estimated useful life, whichever is shorter. However, pursuant to section

18(n) of the Federal Deposit Insurance Act (12 U.S.C. 1828(n)), an unidentifiable intangible asset such as goodwill, if acquired after April 12, 1989, cannot be included in calculating regulatory capital under this part.

(b) *Reservation of authority.* Notwithstanding the definition of *Tier 1 capital* in § 325.2(t) of this subpart and the risk-based capital definitions of Tier 1 and Tier 2 capital in appendix A to this subpart, the Director of the Division of Supervision may, if the Director finds a newly developed or modified capital instrument or a particular balance sheet entry or account to be the functional equivalent of a component of Tier 1 or Tier 2 capital, permit one or more insured depository institutions to include all or a portion of such instrument, entry, or account as Tier 1 or Tier 2 capital, permanently, or on a temporary basis, for purposes of this part. Similarly, the Director of the Division of Supervision may, if the Director finds that a particular Tier 1 or Tier 2 capital component or balance sheet entry or account has characteristics or terms that diminish its contribution to an insured depository institution's ability to absorb losses, require the deduction of all or a portion of such component, entry, or account from Tier 1 or Tier 2 capital.

(c) *Securities subsidiary.* For purposes of this part, any securities subsidiary subject to 12 CFR 337.4 shall not be consolidated with its bank parent and any investment therein shall be deducted from the bank parent's Tier 1 capital and total assets.

(d) *Depository institution subsidiary.* Any domestic depository institution subsidiary that is not consolidated in the "Reports of Condition and Income" (Call Report) of its insured parent bank shall be consolidated with the insured parent bank for purposes of this part. The financial statements of the subsidiary that are to be used for this consolidation must be prepared in the same manner as the "Reports of Condition and Income" (Call Report). A domestic depository institution subsidiary of a savings association shall be consolidated for purposes of this part if such consolidation also is required pursuant to the capital requirements of

the association's primary federal regulator.

(e) *Restrictions relating to capital components.* To qualify as Tier 1 capital under this part or Tier 1 or Tier 2 capital under appendix A to this part, a capital instrument must not contain or be subject to any conditions, covenants, terms, restrictions, or provisions that are inconsistent with safe and sound banking practices. A condition, covenant, term, restriction, or provision is inconsistent with safe and sound banking practices if it:

(1) Unduly interferes with the ability of the issuer to conduct normal banking operations;

(2) Results in significantly higher dividends or interest payments in the event of deterioration in the financial condition of the issuer;

(3) Impairs the ability of the issuer to comply with statutory or regulatory requirements regarding the disposition of assets or incurrence of additional debt; or

(4) Limits the ability of the FDIC or a similar regulatory authority to take any necessary action to resolve a problem bank or failing bank situation.

Other conditions and covenants that are not expressly listed in paragraphs (e)(1) through (e)(4) of this section also may be inconsistent with safe and sound banking practices.

(f) *Treatment of mortgage servicing rights and purchased credit card relationships.* For purposes of determining Tier 1 capital under this part, mortgage servicing rights and purchased credit card relationships will be deducted from assets and from equity capital to the extent that the mortgage servicing rights and purchased credit card relationships do not meet the conditions, limitations, and restrictions described in this section.

(1) *Market valuations.* A valuation of the estimated fair market value of mortgage servicing rights and purchased credit card relationships shall be performed at least quarterly. The quarterly market valuation shall include adjustments for any significant changes in the original valuation assumptions, including changes in prepayment estimates or attrition rates. The valuation shall be based on an analysis of the current fair market

value of the mortgage servicing rights and purchased credit card relationships, determined by applying an appropriate market discount rate to the net cash flows expected to be generated from the intangible assets. The FDIC in its discretion may require independent market valuations on a case-by-case basis where it is deemed appropriate for safety and soundness purposes.

(2) *Market value limitation.* For purposes of calculating Tier 1 capital under this part (but not for financial statement purposes), the balance sheet assets for mortgage servicing rights and purchased credit card relationships will be reduced to an amount equal to the lesser of:

(i) 90 percent of the fair market value of the intangible assets, determined in accordance with paragraph (f)(1) of this section; or

(ii) 100 percent of the remaining unamortized book value of the intangible assets, determined in accordance with the instructions for the preparation of Consolidated Reports of Condition and Income (Call Reports).

(3) *Tier 1 capital limitation.* The maximum allowable amount of mortgage servicing rights and purchased credit card relationships, in the aggregate, will be limited to the lesser of:

(i) Fifty percent of the amount of Tier 1 capital that exists before the deduction of any disallowed mortgage servicing rights, any disallowed purchased credit card relationships, and any disallowed deferred tax assets; or

(ii) The amount of mortgage servicing rights and purchased credit card relationships, and any disallowed deferred tax assets determined in accordance with paragraph (f)(2) of this section.

(4) *Purchased credit card relationships limitation.* In addition to the aggregate limitation on mortgage servicing rights and purchased credit card relationships set forth in paragraph (f)(3) of this section, a sublimit will apply to purchased credit card relationships. The maximum allowable amount of purchased credit card relationships will be limited to the lesser of:

(i) Twenty-five percent of the amount of Tier 1 capital that exists before the deduction of any disallowed mortgage

servicing rights, any disallowed purchased credit card relationships, and any disallowed deferred tax assets; or

(ii) The amount of purchased credit card relationships determined in accordance with paragraph (f)(2) of this section.

(g) *Treatment of deferred tax assets.* For purposes of calculating Tier 1 capital under this part (but not for financial statement purposes), deferred tax assets are subject to the conditions, limitations, and restrictions described in this section.

(1) *Deferred tax assets that are dependent upon future taxable income.* These assets are:

(i) Deferred tax assets arising from deductible temporary differences that exceed the amount of taxes previously paid that could be recovered through loss carrybacks if existing temporary differences (both deductible and taxable and regardless of where the related deferred tax effects are reported on the balance sheet) fully reverse at the calendar quarter-end date; and

(ii) Deferred tax assets arising from operating loss and tax credit carryforwards.

(2) *Tier 1 capital limitations.* (i) The maximum allowable amount of deferred tax assets that are dependent upon future taxable income, net of any valuation allowance for deferred tax assets, will be limited to the lesser of:

(A) The amount of deferred tax assets that are dependent upon future taxable income that is expected to be realized within one year of the calendar quarter-end date, based on projected future taxable income for that year; or

(B) Ten percent of the amount of Tier 1 capital that exists before the deduction of any disallowed mortgage servicing rights, any disallowed purchased credit card relationships, and any disallowed deferred tax assets.

(ii) For purposes of this limitation, all existing temporary differences should be assumed to fully reverse at the calendar quarter-end date. The recorded amount of deferred tax assets that are dependent upon future taxable income, net of any valuation allowance for deferred tax assets, in excess of this limitation will be deducted from assets and from equity capital for purposes of determining Tier 1 capital under this part. The amount of deferred tax assets

that can be realized from taxes paid in prior carryback years and from the reversal of existing taxable temporary differences generally would not be deducted from assets and from equity capital. However, notwithstanding the above, the amount of carryback potential that may be considered in calculating the amount of deferred tax assets that a member of a consolidated group (for tax purposes) may include in Tier 1 capital may not exceed the amount which the member could reasonably expect to have refunded by its parent.

(3) *Projected future taxable income.* Projected future taxable income should not include net operating loss carryforwards to be used within one year of the most recent calendar quarter-end date or the amount of existing temporary differences expected to reverse within that year. Projected future taxable income should include the estimated effect of tax planning strategies that are expected to be implemented to realize tax carryforwards that will otherwise expire during that year. Future taxable income projections for the current fiscal year (adjusted for any significant changes that have occurred or are expected to occur) may be used when applying the capital limit at an interim calendar quarter-end date rather than preparing a new projection each quarter.

(4) *Unrealized holding gains and losses on available-for-sale debt securities.* The deferred tax effects of any unrealized holding gains and losses on available-for-sale debt securities may be excluded from the determination of the amount of deferred tax assets that are dependent upon future taxable income and the calculation of the maximum allowable amount of such assets. If these deferred tax effects are excluded, this treatment must be followed consistently over time.

(5) *Intangible assets acquired in nontaxable purchase business combinations.* A deferred tax liability that is specifically related to an intangible asset (other than mortgage servicing rights and purchased credit card relationships) acquired in a nontaxable purchase business combination may be netted against this intangible asset. Only the net amount of the intangible

## § 325.6

## 12 CFR Ch. III (1–1–98 Edition)

asset must be deducted from Tier 1 capital. When a deferred tax liability is netted in this manner, the taxable temporary difference that gives rise to this deferred tax liability must be excluded from existing taxable temporary differences when determining the amount of deferred tax assets that are dependent upon future taxable income and calculating the maximum allowable amount of such assets.

### § 325.6 Issuance of directives.

(a) *General.* A directive is a final order issued to a bank that fails to maintain capital at or above the minimum leverage capital requirement as set forth in §§ 325.3 and 325.4. A directive issued pursuant to this section, including a plan submitted under a directive, is enforceable in the same manner and to the same extent as a final cease-and-desist order issued under 12 U.S.C. 1818(b).

(b) *Issuance of directives.* If a bank is operating with less than the minimum leverage capital requirement established by this regulation, the Board of Directors, or its designee(s), may issue and serve upon any insured state non-member bank a directive requiring the bank to restore its capital to the minimum leverage capital requirement within a specified time period. The directive may require the bank to submit to the appropriate FDIC regional director, or other specified official, for review and approval, a plan describing the means and timing by which the bank shall achieve the minimum leverage capital requirement. After the FDIC has approved the plan, the bank may be required under the terms of the directive to adhere to and monitor compliance with the plan. The directive may be issued during the course of an examination of the bank, or at any other time that the FDIC deems appropriate, if the bank is found to be operating with less than the minimum leverage capital requirement.

(c) *Notice and opportunity to respond to issuance of a directive.* (1) If the FDIC makes an initial determination that a directive should be issued to a bank

pursuant to paragraph (b) of this section, the FDIC, through the appropriate designated official(s), shall serve written notification upon the bank of its intent to issue a directive. The notice shall include the current Tier 1 leverage capital ratio, the basis upon which said ratio was calculated, the proposed capital injection, the proposed date for achieving the minimum leverage capital requirement and any other relevant information concerning the decision to issue a directive. When deemed appropriate, specific requirements of a proposed plan for meeting the minimum leverage capital requirement may be included in the notice.

(2) Within 14 days of receipt of notification, the bank may file with the appropriate designated FDIC official(s) a written response, explaining why the directive should not be issued, seeking modification of its terms, or other appropriate relief. The bank's response shall include any information, mitigating circumstances, documentation or other relevant evidence which supports its position, and may include a plan for attaining the minimum leverage capital requirement.

(3) After considering the bank's response, the appropriate designated FDIC official(s) shall serve upon the bank a written determination addressing the bank's response and setting forth the FDIC's findings and conclusions in support of any decision to issue or not to issue a directive. The directive may be issued as originally proposed or in modified form. The directive may order the bank to:

(i) Achieve the minimum leverage capital requirement established by this regulation by a certain date;

(ii) Submit for approval and adhere to a plan for achieving the minimum leverage capital requirement;

(iii) Take other action as is necessary to achieve the minimum leverage capital requirement; or

(iv) A combination of the above actions.

If a directive is to be issued, it may be served upon the bank along with the final determination.

(4) Any bank, upon a change in circumstances, may request the FDIC to reconsider the terms of a directive and may propose changes in the plan under

which it is operating to meet the minimum leverage capital requirement. The directive and plan continue in effect while such request is pending before the FDIC.

(5) All papers filed with the FDIC must be postmarked or received by the appropriate designated FDIC official(s) within the prescribed time limit for filing.

(6) Failure by the bank to file a written response to notification of intent to issue a directive within the specified time period shall constitute consent to the issuance of such directive.

(d) *Enforcement of a directive.* (1) Whenever a bank fails to follow the directive or to submit or adhere to its capital adequacy plan, the FDIC may seek enforcement of the directive in the appropriate United States district court, pursuant to 12 U.S.C. 3907(b)(2)(B)(ii), in the same manner and to the same extent as if the directive were a final cease-and-desist order. In addition to enforcement of the directive, the FDIC may seek assessment of civil money penalties for violation of the directive against any bank, any officer, director, employee, agent, or other person participating in the conduct of the affairs of the bank, pursuant to 12 U.S.C. 3909(d).

(2) The directive may be issued separately, in conjunction with, or in addition to, any other enforcement mechanisms available to the FDIC, including cease-and-desist orders, orders of correction, the approval or denial of applications, or any other actions authorized by law. In addition to addressing a bank's minimum leverage capital requirement, the capital directive may also address minimum risk-based capital requirements that are to be maintained and calculated in accordance with appendix A to this part.

### Subpart B—Prompt Corrective Action

SOURCE: 57 FR 44900, Sept. 29, 1992, unless otherwise noted.

### § 325.101 Authority, purpose, scope, other supervisory authority, and disclosure of capital categories.

(a) *Authority.* This subpart is issued by the FDIC pursuant to section 38 (section 38) of the Federal Deposit Insurance Act (FDI Act), as added by section 131 of the Federal Deposit Insurance Corporation Improvement Act of 1991 (Pub. L. 102-242, 105 Stat. 2236 (1991)) (12 U.S.C. 1831o).

(b) *Purpose.* Section 38 of the FDI Act establishes a framework of supervisory actions for insured depository institutions that are not adequately capitalized. The principal purpose of this subpart is to define, for FDIC-insured state-chartered nonmember banks, the capital measures and capital levels, and for insured branches of foreign banks, comparable asset-based measures and levels, that are used for determining the supervisory actions authorized under section 38 of the FDI Act. This subpart also establishes procedures for submission and review of capital restoration plans and for issuance and review of directives and orders pursuant to section 38.

(c) *Scope.* This subpart implements the provisions of section 38 of the FDI Act as they apply to FDIC-insured state-chartered nonmember banks and insured branches of foreign banks for which the FDIC is the appropriate Federal banking agency. Certain of these provisions also apply to officers, directors and employees of those insured institutions. In addition, certain provisions of this subpart apply to all insured depository institutions that are deemed critically undercapitalized.

(d) *Other supervisory authority.* Neither section 38 nor this subpart in any way limits the authority of the FDIC under any other provision of law to take supervisory actions to address unsafe or unsound practices, deficient capital levels, violations of law, unsafe or unsound conditions, or other practices. Action under section 38 of the FDI Act and this subpart may be taken independently of, in conjunction with,

## § 325.102

or in addition to any other enforcement action available to the FDIC, including issuance of cease and desist orders, capital directives, approval or denial of applications or notices, assessment of civil money penalties, or any other actions authorized by law.

(e) *Disclosure of capital categories.* The assignment of a bank or insured branch under this subpart within a particular capital category is for purposes of implementing and applying the provisions of section 38. Unless permitted by the FDIC or otherwise required by law, no bank may state in any advertisement or promotional material its capital category under this subpart or that the FDIC or any other federal banking agency has assigned the bank to a particular capital category.

### § 325.102 Notice of capital category.

(a) *Effective date of determination of capital category.* A bank shall be deemed to be within a given capital category for purposes of section 38 of the FDI Act and this subpart as of the date the bank is notified of, or is deemed to have notice of, its capital category, pursuant to paragraph (b) of this section.

(b) *Notice of capital category.* A bank shall be deemed to have been notified of its capital levels and its capital category as of the most recent date:

(1) A Consolidated Report of Condition and Income (Call Report) is required to be filed with the FDIC;

(2) A final report of examination is delivered to the bank; or

(3) Written notice is provided by the FDIC to the bank of its capital category for purposes of section 38 of the FDI Act and this subpart or that the bank's capital category has changed as provided in § 325.103(d).

(c) *Adjustments to reported capital levels and capital category—(1) Notice of adjustment by bank.* A bank shall provide the appropriate FDIC regional director with written notice that an adjustment to the bank's capital category may have occurred no later than 15 calendar days following the date that any material event has occurred that would cause the bank to be placed in a lower capital category from the category assigned to the bank for purposes of section 38 and this subpart on the basis of

## 12 CFR Ch. III (1–1–98 Edition)

the bank's most recent Call Report or report of examination.

(2) *Determination by the FDIC to change capital category.* After receiving notice pursuant to paragraph (c)(1) of this section, the FDIC shall determine whether to change the capital category of the bank and shall notify the bank of the FDIC's determination.

### § 325.103 Capital measures and capital category definitions.

(a) *Capital measures.* For purposes of section 38 and this subpart, the relevant capital measures shall be:

(1) The total risk-based capital ratio;

(2) The Tier 1 risk-based capital ratio; and

(3) The leverage ratio.

(b) *Capital categories.* For purposes of section 38 and this subpart, a bank shall be deemed to be:

(1) *Well capitalized* if the bank:

(i) Has a total risk-based capital ratio of 10.0 percent or greater; and

(ii) Has a Tier 1 risk-based capital ratio of 6.0 percent or greater; and

(iii) Has a leverage ratio of 5.0 percent or greater; and

(iv) Is not subject to any written agreement, order, capital directive, or prompt corrective action directive issued by the FDIC pursuant to section 8 of the FDI Act (12 U.S.C. 1818), the International Lending Supervision Act of 1983 (12 U.S.C. 3907), or section 38 of the FDI Act (12 U.S.C. 1831o), or any regulation thereunder, to meet and maintain a specific capital level for any capital measure.

(2) *Adequately capitalized* if the bank:

(i) Has a total risk-based capital ratio of 8.0 percent or greater; and

(ii) Has a Tier 1 risk-based capital ratio of 4.0 percent or greater; and

(iii) Has:

(A) A leverage ratio of 4.0 percent or greater; or

(B) A leverage ratio of 3.0 percent or greater if the bank is rated composite 1 under the CAMEL rating system in the most recent examination of the bank and is not experiencing or anticipating significant growth; and

(iv) Does not meet the definition of a *well capitalized* bank.

(3) *Undercapitalized* if the bank:

(i) Has a total risk-based capital ratio that is less than 8.0 percent; or

(ii) Has a Tier 1 risk-based capital ratio that is less than 4.0 percent; or

(iii)(A) Except as provided in paragraph (b)(3)(iii)(B) of this section, has a leverage ratio that is less than 4.0 percent; or

(B) Has a leverage ratio that is less than 3.0 percent if the bank is rated composite 1 under the CAMEL rating system in the most recent examination of the bank and is not experiencing or anticipating significant growth.

(4) *Significantly undercapitalized* if the bank has:

(i) A total risk-based capital ratio that is less than 6.0 percent; or

(ii) A Tier 1 risk-based capital ratio that is less than 3.0 percent; or

(iii) A leverage ratio that is less than 3.0 percent.

(5) *Critically undercapitalized* if the insured depository institution has a ratio of tangible equity to total assets that is equal to or less than 2.0 percent.

(c) *Capital categories for insured branches of foreign banks.* For purposes of the provisions of section 38 and this subpart, a insured branch of a foreign bank shall be deemed to be:

(1) *Well capitalized* if the insured branch:

(i) Maintains the pledge of assets required under 12 CFR 346.19; and

(ii) Maintains the eligible assets prescribed under 12 CFR 346.20 at 108 percent or more of the preceding quarter's average book value of the insured branch's third-party liabilities; and

(iii) Has not received written notification from:

(A) The OCC to increase its capital equivalency deposit pursuant to 12 CFR 28.6(a), or to comply with asset maintenance requirements pursuant to 12 CFR 28.9; or

(B) The FDIC to pledge additional assets pursuant to 12 CFR 346.19 or to maintain a higher ratio of eligible assets pursuant to 12 CFR 346.20.

(2) *Adequately capitalized* if the insured branch:

(i) Maintains the pledge of assets required under 12 CFR 346.19; and

(ii) Maintains the eligible assets prescribed under 12 CFR 346.20 at 106 percent or more of the preceding quarter's average book value of the insured branch's third-party liabilities; and

(iii) Does not meet the definition of a *well capitalized* insured branch.

(3) *Undercapitalized* if the insured branch:

(i) Fails to maintain the pledge of assets required under 12 CFR 346.19; or

(ii) Fails to maintain the eligible assets prescribed under 12 CFR 346.20 at 106 percent or more of the preceding quarter's average book value of the insured branch's third-party liabilities.

(4) *Significantly undercapitalized* if it fails to maintain the eligible assets prescribed under 12 CFR 346.20 at 104 percent or more of the preceding quarter's average book value of the insured branch's third-party liabilities.

(5) *Critically undercapitalized* if the insured depository institution fails to maintain the eligible assets prescribed under 12 CFR 346.20 at 102 percent or more of the preceding quarter's average book value of the insured branch's third-party liabilities.

(d) *Reclassifications based on supervisory criteria other than capital.* The FDIC may reclassify a well capitalized bank as adequately capitalized and may require an adequately capitalized bank or an undercapitalized bank to comply with certain mandatory or discretionary supervisory actions as if the bank were in the next lower capital category (except that the FDIC may not reclassify a significantly undercapitalized bank as critically undercapitalized) (each of these actions are hereinafter referred to generally as "reclassifications") in the following circumstances:

(1) *Unsafe or unsound condition.* The FDIC has determined, after notice and opportunity for hearing pursuant to §308.202(a) of this chapter, that the bank is in unsafe or unsound condition; or

(2) *Unsafe or unsound practice.* The FDIC has determined, after notice and opportunity for hearing pursuant to §308.202(a) of this chapter, that, in the most recent examination of the bank, the bank received and has not corrected a less-than-satisfactory rating for any of the categories of asset quality, management, earnings, or liquidity.

**§ 325.104 Capital restoration plans.**

(a) *Schedule for filing plan*—(1) *In general.* A bank shall file a written capital restoration plan with the appropriate FDIC regional director within 45 days of the date that the bank receives notice or is deemed to have notice that the bank is undercapitalized, significantly undercapitalized, or critically undercapitalized, unless the FDIC notifies the bank in writing that the plan is to be filed within a different period. An adequately capitalized bank that has been required pursuant to § 325.103(d) of this subpart to comply with supervisory actions as if the bank were undercapitalized is not required to submit a capital restoration plan solely by virtue of the reclassification.

(2) *Additional capital restoration plans.* Notwithstanding paragraph (a)(1) of this section, a bank that has already submitted and is operating under a capital restoration plan approved under section 38 and this subpart is not required to submit an additional capital restoration plan based on a revised calculation of its capital measures or a reclassification of the institution under § 325.103 unless the FDIC notifies the bank that it must submit a new or revised capital plan. A bank that is notified that it must submit a new or revised capital restoration plan shall file the plan in writing with the appropriate FDIC regional director within 45 days of receiving such notice, unless the FDIC notifies the bank in writing that the plan must be filed within a different period.

(b) *Contents of plan.* All financial data submitted in connection with a capital restoration plan shall be prepared in accordance with the instructions provided on the Call Report, unless the FDIC instructs otherwise. The capital restoration plan shall include all of the information required to be filed under section 38(e)(2) of the FDI Act. A bank that is required to submit a capital restoration plan as a result of a reclassification of the bank pursuant to § 325.103(d) of this subpart shall include a description of the steps the bank will take to correct the unsafe or unsound condition or practice. No plan shall be accepted unless it includes any performance guarantee described in sec-

tion 38(e)(2)(C) of the FDI Act by each company that controls the bank.

(c) *Review of capital restoration plans.* Within 60 days after receiving a capital restoration plan under this subpart, the FDIC shall provide written notice to the bank of whether the plan has been approved. The FDIC may extend the time within which notice regarding approval of a plan shall be provided.

(d) *Disapproval of capital plan.* If a capital restoration plan is not approved by the FDIC, the bank shall submit a revised capital restoration plan within the time specified by the FDIC. Upon receiving notice that its capital restoration plan has not been approved, any undercapitalized bank (as defined in § 325.103(b) of this subpart) shall be subject to all of the provisions of section 38 and this subpart applicable to significantly undercapitalized institutions. These provisions shall be applicable until such time as a new or revised capital restoration plan submitted by the bank has been approved by the FDIC.

(e) *Failure to submit capital restoration plan.* A bank that is undercapitalized (as defined in § 325.103(b) of this subpart) and that fails to submit a written capital restoration plan within the period provided in this section shall, upon the expiration of that period, be subject to all of the provisions of section 38 and this subpart applicable to significantly undercapitalized institutions.

(f) *Failure to implement capital restoration plan.* Any undercapitalized bank that fails in any material respect to implement a capital restoration plan shall be subject to all of the provisions of section 38 and this subpart applicable to significantly undercapitalized institutions.

(g) *Amendment of capital restoration plan.* A bank that has filed an approved capital restoration plan may, after prior written notice to and approval by the FDIC, amend the plan to reflect a change in circumstance. Until such time as a proposed amendment has been approved, the bank shall implement the capital restoration plan as approved prior to the proposed amendment.

(h) *Performance guarantee by companies that control a bank*—(1) *Limitation*

*on liability*—(i) *Amount limitation.* The aggregate liability under the guarantee provided under section 38 and this subpart for all companies that control a specific bank that is required to submit a capital restoration plan under this subpart shall be limited to the lesser of:

(A) An amount equal to 5.0 percent of the bank's total assets at the time the bank was notified or deemed to have notice that the bank was undercapitalized; or

(B) The amount necessary to restore the relevant capital measures of the bank to the levels required for the bank to be classified as adequately capitalized, as those capital measures and levels are defined at the time that the bank initially fails to comply with a capital restoration plan under this subpart.

(ii) *Limit on duration.* The guarantee and limit of liability under section 38 and this subpart shall expire after the FDIC notifies the bank that it has remained adequately capitalized for each of four consecutive calendar quarters. The expiration or fulfillment by a company of a guarantee of a capital restoration plan shall not limit the liability of the company under any guarantee required or provided in connection with any capital restoration plan filed by the same bank after expiration of the first guarantee.

(iii) *Collection on guarantee.* Each company that controls a given bank shall be jointly and severally liable for the guarantee for such bank as required under section 38 and this subpart, and the FDIC may require and collect payment of the full amount of that guarantee from any or all of the companies issuing the guarantee.

(2) *Failure to provide guarantee.* In the event that a bank that is controlled by any company submits a capital restoration plan that does not contain the guarantee required under section 38(e)(2) of the FDI Act, the bank shall, upon submission of the plan, be subject to the provisions of section 38 and this subpart that are applicable to banks that have not submitted an acceptable capital restoration plan.

(3) *Failure to perform guarantee.* Failure by any company that controls a bank to perform fully its guarantee of

any capital plan shall constitute a material failure to implement the plan for purposes of section 38(f) of the FDI Act. Upon such failure, the bank shall be subject to the provisions of section 38 and this subpart that are applicable to banks that have failed in a material respect to implement a capital restoration plan.

**§ 325.105 Mandatory and discretionary supervisory actions under section 38.**

(a) *Mandatory supervisory actions*—(1) *Provisions applicable to all banks.* All banks are subject to the restrictions contained in section 38(d) of the FDI Act on payment of capital distributions and management fees.

(2) *Provisions applicable to undercapitalized, significantly undercapitalized, and critically undercapitalized banks.* Immediately upon receiving notice or being deemed to have notice, as provided in §325.102 of this subpart, that the bank is undercapitalized, significantly undercapitalized, or critically undercapitalized, the bank shall become subject to the provisions of section 38 of the FDI Act:

(i) Restricting payment of capital distributions and management fees (section 38(d));

(ii) Requiring that the FDIC monitor the condition of the bank (section 38(e)(1));

(iii) Requiring submission of a capital restoration plan within the schedule established in this subpart (section 38(e)(2));

(iv) Restricting the growth of the bank's assets (section 38(e)(3)); and

(v) Requiring prior approval of certain expansion proposals (section 38(e)(4)).

(3) *Additional provisions applicable to significantly undercapitalized, and critically undercapitalized banks.* In addition to the provisions of section 38 of the FDI Act described in paragraph (a)(2) of this section, immediately upon receiving notice or being deemed to have notice, as provided in §325.102 of this subpart, that the bank is significantly undercapitalized, or critically undercapitalized, or that the bank is subject to the provisions applicable to institutions that are significantly undercapitalized because the bank failed to

submit or implement in any material respect an acceptable capital restoration plan, the bank shall become subject to the provisions of section 38 of the FDI Act that restrict compensation paid to senior executive officers of the institution (section 38(f)(4)).

(4) *Additional provisions applicable to critically undercapitalized institutions.* (i) In addition to the provisions of section 38 of the FDI Act described in paragraphs (a)(2) and (a)(3) of this section, immediately upon receiving notice or being deemed to have notice, as provided in §325.102 of this subpart, that the insured depository institution is critically undercapitalized, the institution is prohibited from doing any of the following without the FDIC's prior written approval:

(A) Entering into any material transaction other than in the usual course of business, including any investment, expansion, acquisition, sale of assets, or other similar action with respect to which the depository institution is required to provide notice to the appropriate Federal banking agency;

(B) Extending credit for any highly leveraged transaction;

(C) Amending the institution's charter or bylaws, except to the extent necessary to carry out any other requirement of any law, regulation, or order;

(D) Making any material change in accounting methods;

(E) Engaging in any covered transaction (as defined in section 23A(b) of the Federal Reserve Act (12 U.S.C. 371c(b)));

(F) Paying excessive compensation or bonuses;

(G) Paying interest on new or renewed liabilities at a rate that would increase the institution's weighted average cost of funds to a level significantly exceeding the prevailing rates of interest on insured deposits in the institution's normal market areas; and

(H) Making any principal or interest payment on subordinated debt beginning 60 days after becoming critically undercapitalized except that this restriction shall not apply, until July 15, 1996, with respect to any subordinated debt outstanding on July 15, 1991, and not extended or otherwise renegotiated after July 15, 1991.

(ii) In addition, the FDIC may further restrict the activities of any critically undercapitalized institution to carry out the purposes of section 38 of the FDI Act.

(5) *Exception for certain savings associations.* The restrictions in paragraph (a)(4) of this section shall not apply, before July 1, 1994, to any insured savings association if:

(i) The savings association had submitted a plan meeting the requirements of section 5(t)(6)(A)(ii) of the Home Owners' Loan Act (12 U.S.C. 1464(t)(6)(A)(ii)) prior to December 19, 1991;

(ii) The Director of OTS had accepted the plan prior to December 19, 1991; and

(iii) The savings association remains in compliance with the plan or is operating under a written agreement with the appropriate federal banking agency.

(b) *Discretionary supervisory actions.* In taking any action under section 38 that is within the FDIC's discretion to take in connection with:

(1) An insured depository institution that is deemed to be undercapitalized, significantly undercapitalized, or critically undercapitalized, or has been reclassified as undercapitalized, or significantly undercapitalized; or

(2) An officer or director of such institution, the FDIC shall follow the procedures for issuing directives under §§308.201 and 308.203 of this chapter, unless otherwise provided in section 38 or this subpart.

#### APPENDIX A TO PART 325—STATEMENT OF POLICY ON RISK-BASED CAPITAL

Capital adequacy is one of the critical factors that the FDIC is required to analyze when taking action on various types of applications and when conducting supervisory activities related to the safety and soundness of individual banks and the banking system. In view of this, the FDIC's Board of Directors has adopted part 325 of its regulations, which sets forth (1) minimum standards of capital adequacy for insured state non-member banks and (2) standards for determining when an insured bank is in an unsafe or unsound condition by reason of the amount of its capital.

This capital maintenance regulation was designed to establish, in conjunction with other Federal bank regulatory agencies, uniform capital standards for all federally-regulated banking organizations, regardless of

size. The uniform capital standards were based on ratios of capital to total assets. While those leverage ratios have served as a useful tool for assessing capital adequacy, the FDIC believes there is a need for a capital measure that is more explicitly and systematically sensitive to the risk profiles of individual banks. As a result, the FDIC's Board of Directors has adopted this Statement of Policy on Risk-Based Capital to supplement the part 325 regulation. This statement of policy does not replace or eliminate the existing part 325 capital-to-total assets leverage ratios. Once the risk-based capital framework is implemented, the FDIC will consider whether the part 325 definitions of capital for leverage purposes and the minimum leverage ratios should be amended.

The framework set forth in this statement of policy consists of (1) a *definition of capital* for risk-based capital purposes, (2) a system for calculating *risk-weighted assets* by assigning assets and off-balance sheet items to broad risk categories, and (3) a schedule, which includes transitional arrangements during a phase-in period, for achieving a *minimum supervisory ratio* of capital to risk weighted assets. A bank's risk-based capital ratio is calculated by dividing its qualifying total capital base (the numerator of the ratio) by its risk-weighted assets (the denominator).<sup>1</sup> Table I outlines the definition of capital and provides a general explanation of how the risk-based capital ratio is calculated, Table II summarizes the risk weights and risk categories, and Table III sets forth the credit conversation factors for off-balance sheet items. Additional explanations of the capital definitions, the risk-weighted asset calculations, and the minimum risk-based capital ratio guidelines are provided in Sections I, II and III of this statement of policy.

In addition, when certain banks that engage in trading activities calculate their risk-based capital ratio under this appendix A, they must also refer to appendix C of this part, which incorporates capital charges for certain market risks into the risk-based capital ratio. When calculating their risk-based capital ratio under this appendix A, such banks are required to refer to appendix C of this part for supplemental rules to determine qualifying and excess capital, calculate risk-weighted assets, calculate market risk equivalent assets and add them to risk-weighted assets, and calculate risk-based capital ratios as adjusted for market risk.

<sup>1</sup>Period-end amounts, rather than average balances, normally will be used when calculating risk-based capital ratios. However, on a case-by-case basis, ratios based on average balances may also be required if supervisory concerns render it appropriate.

This statement of policy applies to all *FDIC-insured state-chartered banks* (excluding insured branches of foreign banks) that are *not* members of the Federal Reserve System, hereafter referred to as *state nonmember banks*, regardless of size, and to all circumstances in which the FDIC is required to evaluate the capital of a banking organization. Therefore, the risk-based capital framework set forth in this statement of policy will be used in the examination and supervisory process as well as in the analysis of applications that the FDIC is required to act upon.

The risk-based capital ratio focuses principally on broad categories of credit risk, however, the ratio does not take account of many other factors that can affect a bank's financial condition. These factors include overall interest rate risk exposure, liquidity, funding and market risks; the quality and level of earnings; investment, loan portfolio, and other concentrations of credit risk, certain risks arising from nontraditional activities; the quality of loans and investments; the effectiveness of loan and investment policies; and management's overall ability to monitor and control financial and operating risks, including the risk presented by concentrations of credit and nontraditional activities. In addition to evaluating capital ratios, an overall assessment of capital adequacy must take account of each of these other factors, including, in particular, the level and severity of problem and adversely classified assets as well as a bank's interest rate risk as measured by the bank's exposure to declines in the economic value of its capital due to changes in interest rates. For this reason, the final supervisory judgment on a bank's capital adequacy may differ significantly from the conclusions that might be drawn solely from the absolute level of the bank's risk-based capital ratio.

In light of these other considerations, banks generally are expected to operate above the minimum risk-based capital ratio. Banks contemplating significant expansion plans, as well as those institutions with high or inordinate levels of risk, should hold capital commensurate with the level and nature of the risks to which they are exposed.

#### I. DEFINITION OF CAPITAL FOR THE RISK-BASED CAPITAL RATIO

A bank's qualifying total capital base consists of two types of capital elements: *core capital elements* (Tier 1) and *supplementary capital elements* (Tier 2). To qualify as an element of Tier 1 or Tier 2 capital, a capital instrument should not contain or be subject to any conditions, covenants, terms, restrictions, or provisions that are inconsistent with safe and sound banking practices.

*A. The Components of Qualifying Capital (see Table I)*

1. *Core capital elements (Tier 1) consists of:*

- Common stockholders' equity capital (includes common stock and related surplus, undivided profits, disclosed capital reserves that represent a segregation of undivided profits, and foreign currency translation adjustments, less net unrealized holding losses on available-for-sale equity securities with readily determinable fair values);
- Noncumulative perpetual preferred stock,<sup>2</sup> including any related surplus; and
- Minority interests in the equity capital accounts of consolidated subsidiaries.

At least 50 percent of the qualifying total capital base should consist of Tier 1 capital. *Core (Tier 1) capital* is defined as the sum of core capital elements<sup>3</sup> minus all intangible assets other than mortgage servicing rights and purchased credit card relationships<sup>4</sup> and minus any disallowed deferred tax assets.

Although nonvoting common stock noncumulative perpetual preferred stock, and minority interests in the equity capital accounts of consolidated subsidiaries are normally included in Tier 1 capital, voting common stockholders' equity generally will be expected to be the dominant form of Tier 1 capital. Thus, banks should avoid undue reliance on nonvoting equity, preferred stock and minority interests.

Although minority interests in consolidated subsidiaries are generally included in regulatory capital, exceptions to this general rule will be made if the minority interests fail to provide meaningful capital support to the consolidated bank. Such a situation could arise if the minority interests are entitled to a preferred claim on essentially low risk assets of the subsidiary. Similarly, although intangible assets in the form of mortgage servicing rights and purchased credit

<sup>2</sup>Preferred stock issues where the dividend is reset periodically based, in whole or in part, upon the bank's current credit standing, including but not limited to, auction rate, money market or remarketable preferred stock, are assigned to Tier 2 capital, regardless of whether the dividends are cumulative or noncumulative.

<sup>3</sup>In addition to the core capital elements, Tier 1 may also include certain supplementary capital elements during the transition period subject to certain limitations set forth in section III of this statement of policy.

<sup>4</sup>An exception is allowed for intangible assets that are explicitly approved by the FDIC as part of the bank's regulatory capital on a specific case basis. These intangibles will be included in capital for risk-based capital purposes under the terms and conditions that are specifically approved by the FDIC.

card relationships are generally recognized for risk-based capital purposes, the deduction of part or all of the mortgage servicing rights and purchased credit card relationships may be required if the carrying amounts of these rights are excessive in relation to their market value or the level of the bank's capital accounts. Mortgage servicing rights and purchased credit card relationships that do not meet the conditions, limitations and restrictions described in 12 CFR 325.5(f) will not be recognized for risk-based capital purposes.

2. *Supplementary capital elements (Tier 2) consist of:*

—Allowances for loan and lease losses, up to a maximum of 1.25 percent of risk-weighted assets;

—Cumulative perpetual preferred stock, long-term preferred stock (original maturity of at least 20 years) and any related surplus;

—Perpetual preferred stock (and any related surplus) where the dividend is reset periodically based, in whole or part, on the bank's current credit standing, regardless of whether the dividends are cumulative or noncumulative;

—Hybrid capital instruments, including mandatory convertible debt securities; and

—Term subordinated debt and intermediate-term preferred stock (original average maturity of five years or more) and any related surplus.

The definition of supplementary capital does *not* include revaluation reserves or hidden reserves that represent unrealized appreciation on assets such as bank premises and equity securities. Although such reserves will not be explicitly recognized when calculating a bank's risk-based capital ratio, these reserves may be taken into account as additional factors when assessing a bank's overall capital adequacy.

The maximum amount of Tier 2 capital that may be recognized for risk-based capital purposes is limited to 100 percent of Tier 1 capital (after any deductions for disallowed intangibles). In addition, the combined amount of term subordinated debt and intermediate-term preferred stock that may be treated as part of Tier 2 capital for risk-based capital purposes is limited to 50 percent of Tier 1 capital. Amounts in excess of these limits may be issued but are not included in the calculation of the risk-based capital ratio.

(a) *Allowance for loan and lease losses.* Allowances for loan and lease losses are reserves that have been established through a charge against earnings to absorb future losses on loans or lease financing receivables. Allowances for loan and lease losses

exclude *allocated transfer risk reserves*,<sup>5</sup> and reserves created against identified losses.

This risk-based capital framework provides a phasedown during the transition period of the extent to which the allowance for loan and lease losses may be included in an institution's capital base. By year-end 1990, the allowance for loan and lease losses, as an element of supplementary capital, may constitute no more than 1.5 percent of risk-weighted assets and, by year-end 1992, no more than 1.25 percent of risk-weighted assets.<sup>6</sup>

(b) *Preferred stock*. Perpetual preferred stock is defined as preferred stock that does not have a maturity date, that cannot be redeemed at the option of the holder, and that has no other provisions that will require future redemption of the issue. Long-term preferred stock includes limited-life preferred stock with an original maturity of 20 years or more, provided that the stock cannot be redeemed at the option of the holder prior to maturity, except with the prior approval of the FDIC.

Cumulative perpetual preferred stock and long-term preferred stock qualify for inclusion in supplementary capital provided that the instruments can absorb losses while the issuer operates as a going concern (a fundamental characteristic of equity capital) and provided the issuer has the option to defer payment of dividends on these instruments. Given these conditions, and the perpetual or long-term nature of the instruments, there is no limit on the amount of these preferred stock instruments that may be included with Tier 2 capital.

Noncumulative perpetual preferred stock where the dividend is reset periodically based, in whole or in part, on the bank's current credit standing, including auction rate, money market, or remarketable preferred stock, are also assigned to Tier 2 capital without limit, provided the above conditions are met.

<sup>5</sup>Allocated transfer risk reserves are reserves that have been established in accordance with section 905(a) of the International Lending Supervision Act of 1983 against certain assets whose value has been found by the U.S. supervisory authorities to have been significantly impaired by protracted transfer risk problems.

<sup>6</sup>The amount of the allowance for loan and lease losses that may be included as a supplementary capital element is based on a percentage of gross risk-weighted assets. A bank may deduct reserves for loan and lease losses that are in excess of the amount permitted to be included in capital, as well as allocated transfer risk reserves, from gross risk-weighted assets when computing the denominator of the risk-based capital ratio.

(c) *Hybrid capital instruments*. Hybrid capital instruments include instruments that have certain characteristics of both debt and equity. In order to be included as supplementary capital elements, these instruments should meet the following criteria:

(1) The instrument should be unsecured, subordinated to the claims of depositors and general creditors, and fully paid-up.

(2) The instrument should not be redeemable at the option of the holder prior to maturity, except with the prior approval of the FDIC. This requirement implies that holders of such instruments may not accelerate the payment of principal except in the event of bankruptcy, insolvency, or reorganization.

(3) The instrument should be available to participate in losses while the issuer is operating as a going concern. (Term subordinated debt would not meet this requirement.) To satisfy this requirement, the instrument should convert to common or perpetual preferred stock in the event that the sum of the undivided profits and capital surplus accounts of the issuer results in a negative balance.

(4) The instrument should provide the option for the issuer to defer principal and interest payments if: (a) The issuer does not report a profit in the preceding annual period, defined as combined profits (i.e., net income) for the most recent four quarters, and (b) the issuer eliminates cash dividends on its common and preferred stock.

Mandatory convertible debt securities, which are subordinated debt instruments that require the issuer to convert such instruments into common or perpetual preferred stock by a date at or before the maturity of the debt instruments, will qualify as hybrid capital instruments provided the maturity of these instruments is 12 years or less and the instruments meet the criteria set forth below for "term subordinated debt." There is no limit on the amount of hybrid capital instruments that may be included within Tier 2 capital.

(d) *Term subordinated debt and intermediate-term preferred stock*. The aggregate amount of term subordinated debt (excluding mandatory convertible debt securities) and intermediate-term preferred stock (including any related surplus) that may be treated as Tier 2 capital for risk-based capital purposes is limited to 50 percent of Tier 1 capital. Term subordinated debt and intermediate-term preferred stock should have an original average maturity of at least five years to qualify as supplementary capital and should not be redeemable at the option of the holder prior to maturity, except with the prior approval of the FDIC. For state nonmember banks, a *term subordinated debt* instrument is an obligation other than a deposit obligation that:

(1) Bears on its face, in boldface type, the following: This obligation is not a deposit

and is not insured by the Federal Deposit Insurance Corporation;

(2)(i) Has a maturity of at least five years; or

(ii) In the case of an obligation or issue that provides for scheduled repayments of principal, has an average maturity of at least five years; provided that the Director of the Division of Supervision may permit the issuance of an obligation or issue with a shorter maturity or average maturity if the Director has determined that exigent circumstances require the issuance of such obligation or issue; provided further that the provisions of this paragraph I.A.2.(d)(2) shall not apply to mandatory convertible debt obligations or issues;

(3) States express that the obligation:

(i) Is subordinated and junior in right of payment to the issuing bank's obligations to its depositors and to the bank's other obligations to its general and secured creditors; and

(ii) Is ineligible as collateral for a loan by the issuing bank;

(4) Is unsecured;

(5) States expressly that the issuing bank may not retire any part of its obligation without the prior written consent of the FDIC or other primary federal regulator; and

(6) Includes, if the obligation is issued to a depository institution, a specific waiver of the right of offset by the lending depository institution.

Subordinated debt obligations issued prior to December 2, 1987 that satisfied the definition of the term "subordinated note and debenture" that was in effect prior to that date also will be deemed to be term subordinated debt for risk-based capital purposes. An optional redemption ("call") provision in a subordinated debt instrument that is exercisable by the issuing bank in less than five years will not be deemed to constitute a maturity of less than five years, provided that the obligation otherwise has a stated contractual maturity of at least five years; the call is exercisable solely at the discretion or option of the issuing bank, and not at the discretion or option of the holder of the obligation; and the call is exercisable only with the express prior written consent of the FDIC under 12 U.S.C. 1828(i)(1) at the time early redemption or retirement is sought, and such consent has not been given in advance at the time of issuance of the obligation. Optional redemption provisions will be accorded similar treatment when determining the perpetual nature and/or maturity of preferred stock and other capital instruments.

*Discount of limited-life supplementary capital instruments.* As a limited-life capital instrument approaches maturity, the instrument begins to take on characteristics of a short-term obligation and becomes less like a component of capital. Therefore, for risk-based

capital purposes, the outstanding amount of term subordinated debt and limited-life preferred stock eligible for inclusion in capital will be adjusted downward, or discounted, as the instruments approach maturity. Each limited-life capital instrument will be discounted by reducing the outstanding amount of the capital instrument eligible for inclusion as supplementary capital by a fifth of the original amount (less redemptions) each year during the instrument's last five years before maturity. Such instruments, therefore, will have no capital value when they have a remaining maturity of less than a year.

#### *B. Deductions from Capital and Other Adjustments*

Certain assets are deducted from a bank's capital base for the purpose of calculating the numerator of the risk-based capital ratio.<sup>7</sup> These assets include:

(1) All *intangible assets* other than mortgage servicing rights and purchased credit card relationships.<sup>8</sup> These disallowed intangibles are deducted from the core capital (Tier 1) elements.

(2) Investments in *unconsolidated* banking and finance subsidiaries.<sup>9</sup> This includes any

<sup>7</sup> Any assets deducted from capital when computing the numerator of the risk-based capital ratio will also be excluded from risk-weighted assets when computing the denominator of the ratio.

<sup>8</sup> In addition to mortgage servicing rights and purchased credit card relationships, certain other intangibles may be allowed if explicitly approved by the FDIC as part of the bank's regulatory capital on a specific case basis. In evaluating whether other types of intangibles should be recognized for regulatory capital purposes on a specific case basis, the FDIC will accord special attention to the general characteristics of the intangibles, including: (1) The separability of the intangible asset and the ability to sell it separate and apart from the bank or the bulk of the bank's assets, (2) the certainty that a readily identifiable stream of cash flows associated with the intangible asset can hold its value notwithstanding the future prospects of the bank, and (3) the existence of a market of sufficient depth to provide liquidity for the intangible asset.

<sup>9</sup> For risk-based capital purposes, these subsidiaries are generally defined as any company that is primarily engaged in banking or finance and in which the bank, either directly or indirectly, owns more than 50 percent of the outstanding voting stock but does not consolidate the company for regulatory capital purposes. In addition to investments in unconsolidated banking and finance subsidiaries, the FDIC may, on a case-

equity or debt capital investments in banking or finance subsidiaries if the subsidiaries are not consolidated for regulatory capital requirements.<sup>10</sup> Generally, these investments include equity and debt capital securities and any other instruments or commitments that are deemed to be capital of the subsidiary. These investments are deducted from the bank's total (Tier 1 plus Tier 2) capital base.

(3) Investments in *securities subsidiaries* established pursuant to 12 CFR 337.4. The FDIC may also consider deducting investments in other subsidiaries, either on a case-by-case basis or, as with securities subsidiaries, based on the general characteristics or functional nature of the subsidiaries.

(4) *Reciprocal holdings* of capital instruments of banks that represent intentional cross-holdings by the banks. These holdings are deducted from the bank's total capital base.

(5) *Deferred tax assets* in excess of the limit set forth in §325.5(g). These disallowed deferred tax assets are deducted from the core capital (Tier 1) elements.

by-case basis, deduct investments in associated companies or joint ventures, which are generally defined as any companies in which the bank, either directly or indirectly, owns 20 to 50 percent of the outstanding voting stock. Alternatively, the FDIC may, in certain cases, apply an appropriate risk-weighted capital charge against a bank's proportionate interest in the assets of associated companies and joint ventures. The definitions for subsidiaries, associated companies and joint ventures are contained in the instructions for the preparation of the Consolidated Reports of Condition and Income.

<sup>10</sup>Consolidation requirements for regulatory capital purposes generally follow the consolidation requirements set forth in the instructions for preparation of the consolidated Reports of Condition and Income. However, although investments in subsidiaries representing majority ownership in another Federally-insured depository institution are not consolidated for purposes of the consolidated Reports of Condition and Income that are filed by the parent bank, they are generally consolidated for purposes of determining FDIC regulatory capital requirements. Therefore, investments in these depository institution subsidiaries generally will not be deducted for risk-based capital purposes; rather, assets and liabilities of such subsidiaries will be consolidated with those of the parent bank when calculating the risk-based capital ratio. In addition, although securities subsidiaries established pursuant to 12 CFR 337.4 are consolidated for Report of Condition and Income purposes, they are not consolidated for regulatory capital purposes.

On a case-by-case basis, and in conjunction with supervisory examinations, other deductions from capital may also be required, including any adjustments deemed appropriate for assets classified as loss.

## II. PROCEDURES FOR COMPUTING RISK-WEIGHTED ASSETS

### A. General Procedures

Under the risk-based capital framework, a bank's balance sheet assets and credit equivalent amounts of off-balance sheet items are assigned to one of four broad risk categories according to the obligor or, if relevant, the guarantor or the nature of the collateral. The aggregate dollar amount in each category is then multiplied by the risk weight assigned to that category. The resulting weighted values from each of the four risk categories are added together and this sum is the *risk-weighted assets* total that, as adjusted,<sup>11</sup> comprises the denominator of the risk-based capital ratio.

The risk-weighted amounts for all off-balance sheet items are determined by a two-step process. First, the notional principal, or face value, amount of each off-balance sheet item generally is multiplied by a credit conversion factor to arrive at a balance sheet *credit equivalent amount*. Second, the credit equivalent amount generally is assigned to the appropriate risk category, like any balance sheet asset, according to the obligor or, if relevant, the guarantor or the nature of the collateral.

### B. Other Considerations

1. *Indirect Holdings of Assets.* Some of the assets on a bank's balance sheet may represent an indirect holding of a pool of assets; for example, *mutual funds*. An investment in shares of a mutual fund whose portfolio consists solely of various securities or money market instruments that, if held separately, would be assigned to different risk categories, generally is assigned to the risk category appropriate to the highest risk-weighted asset that the fund is permitted to hold in accordance with its stated investment objectives, but in no case to the zero percent risk category. If, in order to maintain a necessary degree of liquidity, a fund is permitted to hold an insignificant amount of its investments in short-term, highly liquid assets that are of superior credit quality but that do not qualify for a preferential risk weight, such assets may generally be disregarded in determining the risk category into which the bank's holding in the overall

<sup>11</sup> Any asset deducted from a bank's capital accounts when computing the numerator of the risk-based capital ratio will also be excluded from risk-weighted assets when calculating the denominator for the ratio.

fund should be assigned. Regardless of the composition of the fund's assets, if the fund is allowed to engage in any activities that appear speculative in nature (for example, use of futures, forwards, or option contracts for purposes other than to reduce interest rate risk) or if the fund has any other characteristics that are inconsistent with the preferential risk-weighting assigned to the fund's assets, holdings in the fund will be assigned to the 100 percent risk category.

2. *Collateral.* In determining risk weights of various assets, the only forms of collateral that are formally recognized by the risk-based capital framework are cash on deposit in the lending bank; securities issued or guaranteed by the central governments of the OECD-based group of countries,<sup>12</sup> U.S. Government agencies, or U.S. Government-sponsored agencies; and securities issued or guaranteed by multilateral lending institutions or regional development banks. Claims fully secured by such collateral are assigned to the 20 percent risk category. The extent to which these securities are recognized as collateral for risk-based capital purposes is determined by their current market value. If a claim is partially secured, the portion of the claim that is not covered by the collateral is assigned to the risk category appropriate to the obligor or, if relevant, the guarantor.

3. *Guarantees.* Guarantees of the OECD and non-OECD central governments, U.S. Gov-

<sup>12</sup>The OECD-based group of countries comprises all full members of the Organization for Economic Cooperation and Development (OECD) regardless of entry date, as well as countries that have concluded special lending arrangements with the International Monetary Fund (IMF) associated with the IMF's General Arrangements to Borrow, but excludes any country that has rescheduled its external sovereign debt within the previous five years. As of November 1995, the OECD included the following countries: Australia, Austria, Belgium, Canada, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Japan, Luxembourg, Mexico, the Netherlands, New Zealand, Norway, Portugal, Spain, Sweden, Switzerland, Turkey, the United Kingdom, and the United States; and Saudi Arabia had concluded special lending arrangements with the IMF associated with the IMF's General Arrangements to Borrow. A rescheduling of external sovereign debt generally would include any renegotiation of terms arising from a country's inability or unwillingness to meet its external debt service obligations, but generally would not include renegotiations of debt in the normal course of business, such as a renegotiation to allow the borrower to take advantage of a decline in interest rates or other change in market conditions.

ernment agencies, U.S. Government-sponsored agencies, state and local governments of the OECD-based group of countries, multilateral lending institutions and regional development banks, U.S. depository institutions and foreign banks are also recognized. If a claim is partially guaranteed, the portion of the claim that is not fully covered by the guarantee is assigned to the risk category appropriate to the obligor or, if relevant, the collateral.

4. *Maturity.* Maturity is generally not a factor in assigning items to risk categories with the exceptions of claims on non-OECD banks, commitments, and interest rate and foreign exchange rate related contracts. Except for commitments, short-term is defined as one year or less *remaining* maturity and long-term is defined as over one year *remaining* maturity. In the case of commitments, short-term is defined as one year or less *original* maturity and long-term is defined as over one year *original* maturity.<sup>13</sup>

5. *Mortgage-Backed Securities.* Mortgage-backed securities, including pass-throughs and collateralized mortgage obligations (but not stripped mortgage-backed securities) that are issued or guaranteed by a U.S. Government agency or a U.S. Government-sponsored agency, normally are assigned to the risk weight category appropriate to the issuer or guarantor. Generally, a privately-issued mortgage-backed security is treated as essentially an indirect holding of the underlying assets, and assigned to the same risk category as the underlying assets, in accordance with the provisions and criteria spelled out in detail in the accompanying footnote;<sup>14</sup> however, such privately-issued

<sup>13</sup>Through year-end 1992, remaining rather than original maturity may be used for determining term to maturity for commitments.

<sup>14</sup>A privately-issued mortgage-backed security may be treated as an indirect holding of the underlying assets provided that (1) the underlying assets are held by an independent trustee and the trustee has a first priority, perfected security interest in the underlying assets on behalf of the holders of the security, (2) either the holder of the security has an undivided *pro rata* ownership interest in the underlying mortgage assets or the trust or single purpose entity (or conduit) that issues the security has no liabilities unrelated to the issued securities, (3) the security is structured such that the cash flow from the underlying assets in all cases fully meets the cash flow requirements of the security without undue reliance on any reinvestment income, and (4) there is no material reinvestment risk associated with any funds awaiting distribution to the holders of the security. In addition, if the underlying assets of a mortgage-backed security are composed of

mortgage-backed securities may not be assigned to the zero percent risk category. Privately-issued mortgage-backed securities whose structures do not comply with the specified provisions set forth in the footnote are assigned to the 100 percent risk category. In addition, any class of a mortgage-backed security that can absorb more than its *pro rata* share of loss without the whole issue being in default (for example, a subordinated class or residual interest) will also be assigned to the 100 percent risk weight category. All stripped mortgage-backed securities, including interest-only strips (IOs), principal-only strips (POs), and similar instruments, are assigned to the 100 percent risk weight category, regardless of the issuer or guarantor.

6. *Small Business Loans and Leases on Personal Property Transferred with Recourse*—(a) Notwithstanding other provisions of this appendix A, a qualifying institution that has transferred small business loans and leases on personal property (small business obligations) with recourse shall include in risk-weighted assets only the amount of retained recourse, provided two conditions are met. First, the transaction must be treated as a sale under generally accepted accounting principles (GAAP) and, second, the qualifying institution must establish pursuant to GAAP a non-capital reserve sufficient to meet the institution's reasonably estimated liability under the recourse arrangement. Only loans and leases to businesses that meet the criteria for a small business concern established by the Small Business Administration under section 3(a) of the Small Business Act (15 U.S.C. 632(a)) are eligible for this capital treatment.

(b) For purposes of this appendix A, a qualifying institution is a bank that is well capitalized. In addition, by order of the FDIC, a bank that is adequately capitalized may be deemed a qualifying institution. In determining whether a bank meets the qualifying institution criteria, the prompt corrective action well capitalized and adequately capitalized definitions set forth in §325.103 shall be used, except that the bank's capital ratios must be calculated without regard to the preferential capital treatment for transfers of small business obligations with recourse specified in section II.B.6.(a) of this appendix A. The total outstanding amount of recourse retained by a qualifying institution on transfers of small business obligations receiving the preferential capital treatment cannot exceed 15 percent of the institution's total risk-based capital. By order, the FDIC may approve a higher limit.

more than one type of asset, the entire mortgage-backed security is generally assigned to the category appropriate to the highest risk-weighted asset underlying the issue.

(c) If a bank ceases to be a qualifying institution or exceeds the 15 percent of capital limit under section II.B.6.(b) of this appendix A, the preferential capital treatment will continue to apply to any transfers of small business obligations with recourse that were consummated during the time the bank was a qualifying institution and did not exceed such limit.

(d) The risk-based capital ratios of a bank shall be calculated without regard to the preferential capital treatment for transfers of small business obligations with recourse specified in paragraph (a) of this section for purposes of:

(i) Determining whether a bank is adequately capitalized, undercapitalized, significantly undercapitalized, or critically undercapitalized under the prompt corrective action capital category definitions specified in §325.103; and

(ii) Applying the prompt corrective action reclassification provisions specified in §325.103(d), regardless of the bank's capital level.

#### C. Risk Weights for Balance Sheet Assets (see Table II)

The risk-based capital framework contains four risk weight categories—0 percent, 20 percent, 50 percent and 100 percent. In general, if a particular item can be placed in more than one risk category, it is assigned to the category that has the lowest risk weight. An explanation of the components of each category follows:

*Category 1—Zero Percent Risk Weight.* This category includes cash (domestic and foreign) owned and held in all offices of the bank or in transit; balances due from Federal Reserve Banks and central banks in other OECD countries; the portions of local currency claims on or unconditionally guaranteed by non-OECD central governments to the extent that the bank has liabilities booked in that currency; and gold bullion held in the bank's own vaults or in another bank's vaults on an allocated basis, to the extent it is offset by gold bullion liabilities.<sup>15</sup>

The zero percent risk category also includes direct claims<sup>16</sup> (including securities, loans, and leases) on, and the portions of

<sup>15</sup> All other bullion holdings are to be assigned to the 100 percent risk weight category.

<sup>16</sup> For purposes of determining the appropriate risk weights for this risk-based capital framework, the terms *claims* and *securities* refer to loans or other *debt* obligations of the entity on whom the claim is held. Investments in the form of stock or equity holdings in commercial or financial firms are generally assigned to the 100 percent risk category.

claims that are unconditionally guaranteed by, OECD central governments<sup>17</sup> and U.S. Government agencies.<sup>18</sup> Federal Reserve Bank stock also is included in this category.

*Category 2—20 Percent Risk Weight.* This category includes short-term claims (including demand deposits) on, and portions of short-term claims that are guaranteed<sup>19</sup> by, U.S. depository institutions<sup>20</sup> and foreign

banks;<sup>21</sup> portions of claims collateralized by cash held in a segregated deposit account of the lending bank; cash items in process of collection, both foreign and domestic; and long-term claims on, and portions of long-term claims guaranteed by, U.S. depository institutions and OECD banks.<sup>22</sup>

This category also includes claims on, or portions of claims guaranteed by, U.S. Government-sponsored agencies;<sup>23</sup> and portions of claims (including repurchase agreements) collateralized by securities issued or guaranteed by OECD central governments, U.S. Government agencies, or U.S. Government-sponsored agencies. Also included in the 20 percent risk category are portions of claims that are conditionally guaranteed by OECD

<sup>17</sup>A central government is defined to include departments and ministries, including the central bank, of the central government. The U.S. central bank includes the 12 Federal Reserve Banks. The definition of central government does not include state, provincial or local governments or commercial enterprises owned by the central government. In addition, it does not include local government entities or commercial enterprises whose obligations are guaranteed by the central government. OECD central governments are defined as central governments of the OECD-based group of countries. Non-OECD central governments are defined as central governments of countries that do not belong to the OECD-based group of countries.

<sup>18</sup>For risk-based capital purposes U.S. Government agency is defined as an instrumentality of the U.S. Government whose debt obligations are fully and explicitly guaranteed as to the timely payment of principal and interest by the full faith and credit of the U.S. Government. These agencies include the Government National Mortgage Association (GNMA), the Veterans Administration (VA), the Federal Housing Administration (FHA), the Farmers Home Administration (FHA), the Export-Import Bank (Exim Bank), the Overseas Private Investment Corporation (OPIC), the Commodity Credit Corporation (CCC), and the Small Business Administration (SBA). U.S. Government agencies generally do not directly issue securities to the public; however, a number of U.S. Government agencies, such as GNMA, guarantee securities that are publicly held.

<sup>19</sup>Claims guaranteed by U.S. depository institutions and foreign banks include risk participations in both bankers acceptances and standby letters of credit, as well as participations in commitments, that are *conveyed* to other U.S. depository institutions or foreign banks.

<sup>20</sup>U.S. depository institutions are defined to include branches (foreign and domestic) of federally-insured banks and depository institutions chartered and headquartered in the 50 states of the United States, the District of Columbia, Puerto Rico, and U.S. territories and possessions. The definition encompasses banks, mutual or stock savings banks, savings or building and loan associations, cooperative banks, credit unions, international banking facilities of domestic depository institutions, and U.S.-chartered depository in-

stitutions owned by foreigners. However, this definition excludes branches and agencies of foreign banks located in the U.S. and bank holding companies.

<sup>21</sup>Foreign banks are distinguished as either OECD banks or non-OECD banks. OECD banks include banks and their branches (foreign and domestic) organized under the laws of countries (other than the U.S.) that belong to the OECD-based group of countries. Non-OECD banks include banks and their branches (foreign and domestic) organized under the laws of countries that do not belong to the OECD-based group of countries. For risk-based capital purposes, a bank is defined as an institution that engages in the business of banking; is recognized as a bank by the bank supervisory or monetary authorities of the country of its organization or principal banking operations; receives deposits to a substantial extent in the regular course of business; and has the power to accept demand deposits.

<sup>22</sup>Long-term claims on, or guaranteed by, non-OECD banks and all claims on bank holding companies are assigned to the 100 percent risk weight category, as are holdings of bank-issued securities that qualify as capital of the issuing banks for risk-based capital purposes.

<sup>23</sup>For risk-based capital purposes, U.S. Government-sponsored agencies are defined as agencies originally established or chartered by the U.S. Government to serve public purposes specified by the U.S. Congress but whose debt obligations are *not explicitly* guaranteed by the full faith and credit of the U.S. Government. These agencies include the Federal Home Loan Mortgage Corporation (FHLMC), the Federal National Mortgage Association (FNMA), the Farm Credit System, the Federal Home Loan Bank System, and the Student Loan Marketing Association (SLMA). For risk-based capital purposes, claims on U.S. Government-sponsored agencies also include capital stock in a Federal Home Loan Bank that is held as a condition of membership in that Bank.

central governments and U.S. Government agencies,<sup>24</sup> as well as portions of local currency claims that are conditionally guaranteed by non-OECD central governments to the extent that the bank has liabilities booked in that currency.

General obligation claims on, or portions of claims guaranteed by, the full faith and credit of states or other political subdivisions of the United States or other countries of the OECD-based group are also assigned to this 20 percent risk category.<sup>25</sup> In addition, this category includes claims on the International Bank for Reconstruction and Development (World Bank), International Finance Corporation the Inter-American Development Bank, the Asian Development Bank, the African Development Bank, the European Investment Bank, the European Bank for Reconstruction and Development, the Nordic Investment Bank, and other multilateral lending institutions or regional development institutions in which the U.S. Government is a shareholder or contributing member, as well as portions of claims guaranteed by such organizations or collateralized by their securities.

*Category 3—50 Percent Risk Weight.* This category includes loans fully secured by first liens<sup>26</sup> on *one-to-four family residential properties*, provided that such loans have been approved in accordance with prudent underwriting standards, including standards relating to the loan amount as a percent of the appraised value of the property,<sup>27</sup> and provided that the loans are not past due 90 days or more or carried in nonaccrual status.<sup>28</sup>

<sup>24</sup> For risk-based capital purposes, a conditional guarantee is deemed to exist if the validity of the guarantee by the OECD central government or the U.S. Government agency is dependent upon some affirmative action (e.g., servicing requirements on the part of the beneficiary of the guarantee). Portions of claims that are unconditionally guaranteed by OECD central governments or U.S. Government agencies are assigned to the zero percent risk category.

<sup>25</sup> Claims on, or guaranteed by, states or other political subdivisions of countries that do not belong to the OECD-based group of countries are to be placed in the 100 percent risk weight category.

(1) The purchaser is an individual(s) who intends to occupy the residence and is not a partnership, joint venture, trust, corporation, or any other entity (including an entity acting as a sole proprietorship) that is purchasing one or more of the homes for speculative purposes;

(2) The builder must incur at least the first ten percent of the direct costs (i.e., actual costs of the land, labor, and material) before any drawdown is made under the construction loan and the construction loan may not exceed 80 percent of the sales price of the presold home;

The types of loans that qualify as loans secured by one-to-four family residential properties are listed in the instructions for preparation of the Consolidated Reports of Condition and Income. These properties may be either owner-occupied or rented. In addition, for risk-based capital purposes, loans secured by one-to-four family residential properties include loans to builders with substantial project equity for the construction of one-to-four family residences that have been presold under firm contracts to purchasers who have obtained firm commitments for permanent qualifying mortgage loans and have made substantial earnest money deposits. Such loans to builders will be considered prudently underwritten only if the bank has obtained sufficient documentation that the buyer of the home intends to purchase the home (i.e., has a legally binding written sales contract) and has the ability to obtain a mortgage loan sufficient to purchase the home (i.e., has a firm written commitment for permanent financing of the home upon completion), provided the following criteria are met:

<sup>26</sup> If a bank holds the first and junior lien(s) on a residential property and no other party holds an intervening lien, the transactions will be treated as a single loan secured by a first lien.

<sup>27</sup> For risk-based capital purposes, the loan-to-value ratio generally is based upon the most current appraised value of the property. The appraisal should be performed in a manner consistent with the Federal banking agencies' real estate appraisal guidelines and with the bank's own appraisal guidelines.

<sup>28</sup> Real estate loans that do not meet all of the specified criteria or that are made for the purpose of property development are placed in the 100 percent risk category.

<sup>29</sup> The types of loans that qualify as loans secured by multifamily residential properties are listed in the instructions for preparation of the Consolidated Reports of Condition and Income. In addition, as provided in those instructions, a multifamily residential property loan that is sold subject to a pro rata loss sharing arrangement is treated by the selling bank as sold (and excluded from balance sheet assets) to the extent that the sales agreement provides for the purchaser of the loan to share in any loss incurred on the loan on a pro rata basis with the selling bank. In such a transaction, from the standpoint of the selling bank, the portion of the loan that is treated as sold is not subject to the risk-based capital standards. In connection with sales of multifamily residential property loans in which the purchaser of a loan shares in any loss incurred on the loan, the most current appraised value of the property. The appraisal should be performed in a manner consistent with the Federal banking agencies' real estate appraisal guidelines and with the bank's own appraisal guidelines.

This category also includes loans fully secured by first liens on multifamily residential properties,<sup>29</sup> provided that:

(1) The loan amount does not exceed 80 percent of the value<sup>30</sup> of the property securing the loan as determined by the most current appraisal or evaluation, whichever may be appropriate (75 percent if the interest rate on the loan changes over the term of the loan);

(2) For the property's most recent fiscal year, the ratio of annual net operating income generated by the property (before payment of any debt service on the loan) to annual debt service on the loan is not less than 120 percent (115 percent if the interest rate on the loan changes over the term of the loan) or, in the case of a property owned by a cooperative housing corporation or non-profit organization, the property generates sufficient cash flow to provide comparable protection to the bank;

(3) Amortization of principal and interest on the loan occurs over a period of not more than 30 years;

(4) The minimum original maturity for repayment of principal on the loan is not less than seven years;

(5) All principal and interest payments have been made on a timely basis in accordance with the terms of the loan for at least one year before the loan is placed in this category;<sup>31</sup>

<sup>28</sup>Real estate loans that do not meet all of the specified criteria or that are made for the purpose of property development are placed in the 100 percent risk category.

<sup>29</sup>The types of loans that qualify as loans secured by multifamily residential properties are listed in the instructions for preparation of the Consolidated Reports of Condition and Income. In addition, as provided in those instructions, a multifamily residential property loan that is sold subject to a pro rata loss sharing arrangement is treated by the selling bank as sold (and excluded from balance sheet assets) to the extent that the sales agreement provides for the purchaser of the loan to share in any loss incurred on the loan on a pro rata basis with the selling bank. In such a transaction, from the standpoint of the selling bank, the portion of the

(6) The loan is not 90 days or more past due or carried in nonaccrual status; and

(7) The loan has been made in accordance with prudent underwriting standards.

Also included in this category are privately-issued mortgage-backed securities provided that: (1) The structure of the security meets the criteria described above for "Mortgage-Backed Securities;" (2) if the security is backed by a pool of conventional mortgages on one-to-four family residential or multifamily residential properties, each underlying mortgage meets the criteria described in this section for inclusion in the 50 percent risk weight category at the time the pool is originated; (3) if the security is backed by privately-issued mortgage-backed securities, each underlying security qualifies for inclusion in the 50 percent risk category; and (4) if the security is backed by a pool of multifamily residential mortgages, principal or interest payments on the security are not 30 days or more past due.<sup>32</sup>

This category also includes *revenue* (non-general obligation) bonds or similar obligations, including loans and leases, that are obligations of states or political subdivisions of the United States or other OECD countries, but for which the government entity is committed to repay the debt with revenues from the specific projects financed, rather than from general tax funds (e.g., municipal revenue bonds). In addition, the credit equivalent amount of derivative contracts that do not qualify for a lower risk weight are assigned to the 50 percent risk category.

*Category 4—100 Percent Risk Weight.* All assets not included in the above risk categories are assigned to this category, which comprises standard risk assets. Long-term claims on, or guaranteed by, non-OECD banks, and all claims on non-OECD central governments that entail some degree of

meet all of the other eligibility criteria in order to qualify for a 50 percent risk weight.

<sup>32</sup> Privately-issued mortgage-backed securities that do not meet these criteria or that do not qualify for a lower risk weight generally are assigned to the 100 percent risk weight category.

transfer risk are assigned to the 100 percent risk category.<sup>33</sup>

This category also includes all claims on foreign and domestic private sector obligors that are not assigned to lower risk weight categories, including: loans to nondepository financial institutions and bank holding companies; claims on commercial firms owned by the public sector; customer liabilities to the bank on acceptances outstanding involving standard risk claims;<sup>34</sup> investments in fixed assets, premises and other real estate owned; common and preferred stock of corporations, including stock acquired for debt previously contracted; commercial and consumer loans (except those loans assigned to lower risk categories due to recognized guarantees or collateral); real estate loans and mortgage-backed securities that do not meet the criteria for assignment to a lower risk weight (including any classes of mortgage-backed securities that can absorb more than their *pro rata* share of loss without the whole issue being in default, such as subordinated classes or residual interests); and all stripped mortgage-backed securities, including interest-only (IOs) and principal-only (POs) strips.

Also included in this category are industrial development bonds and similar obligations issued under the auspices of state or political subdivisions of the OECD-based group of countries for the benefit of a private party or enterprise where that party or enterprise, rather than the government entity, is obligated to pay the principal and interest, and all obligations of states or political subdivisions of countries that do not belong to the OECD-based group of countries.

Unless already deducted from capital for risk-based capital purposes, the following assets also are included in the 100 percent risk category: investments in unconsolidated subsidiaries, joint ventures or associated companies; instruments that qualify as capital

issued by other banks; and mortgage servicing rights and other allowed intangibles.

#### D. Conversion Factors for Off-Balance Sheet Items (see Table III)

The face amount of an off-balance sheet item is generally multiplied by a *credit conversion factor* and the resulting *credit equivalent amount* is assigned to the appropriate risk category according to the obligor or, if relevant, the guarantor or the nature of the collateral.<sup>35</sup>

1. *Items With a 100 Percent Conversion Factor.* A 100 percent conversion factor applies to *direct credit substitutes*, which include *guarantees*, or equivalent instruments, backing *financial* claims, such as securities, loans or other financial obligations, or backing off-balance sheet items that require capital under the risk-based capital framework. These direct credit substitutes include *financial standby letters of credit*, or other equivalent irrevocable undertakings or surety arrangements, that effectively guarantee repayment of financial obligations such as: commercial paper, tax-exempt securities, commercial or individual loans or other debt obligations, or standby or commercial letters of credit.

For risk-based capital purposes, financial standby letters of credit (100 percent conversion factor) are distinguished from loan commitments (normally a 50 percent conversion factor) in that financial standbys are irrevocable obligations of the bank to pay a third-party beneficiary when a customer (account party) *fails to repay* an outstanding loan or debt instrument. A loan commitment, on the other hand, involves an obligation (with or without a material adverse change clause) of the bank to provide funds to its customer *in the normal course* of business should the customer seek to draw down the commitment.

Therefore, the distinguishing characteristics of a financial standby letter of credit for risk-based capital purposes is the combination of irrevocability with the notion that funding is triggered by some failure to repay or perform on a financial obligation. Thus, any commitment (by whatever name) that involves an *irrevocable* obligation to make a payment to the customer or to a third party in the event the customer *fails to repay* an outstanding debt obligation will be treated,

<sup>33</sup>Such assets include all non-local currency claims on non-OECD central governments and those portions of local currency claims on, or guaranteed by, non-OECD central governments that exceed the local currency liabilities held by the bank.

<sup>34</sup>Customer liabilities on acceptances outstanding involving non-standard risk claims, such as claims on U.S. depository institutions, are assigned to the risk category appropriate to the identity of the obligor or, if relevant, the nature of the collateral or guarantees backing the claim. Portions of acceptances conveyed as risk participations to U.S. depository institutions or foreign banks should be assigned to the 20 percent risk category that is appropriate for short-term claims guaranteed by U.S. depository institutions and foreign banks.

<sup>35</sup>The sufficiency of collateral and guarantees for off-balance-sheet items is determined by the market value of the collateral or the amount of the guarantee in relation to the face amount of the item, except for derivative contracts, for which this determination is generally made in relation to the credit equivalent amount. Collateral and guarantees are subject to the same provisions noted under section II.B. of this appendix A.

for risk-based capital purposes, as a financial standby letter of credit and assigned a 100 percent conversion factor. (Performance-related standby letters of credit are assigned a conversion factor of 50 percent.)

A bank that has conveyed *risk participation*<sup>36</sup> in a direct credit substitute to a third party should convert the full amount of the direct credit substitute at a 100 percent conversion factor without deducting the risk participations conveyed. However, portions of direct credit substitutes that have been conveyed as risk participations to U.S. depository institutions and OECD banks may then be assigned to the 20 percent risk category that is appropriate for claims guaranteed by U.S. depository institutions and OECD banks, rather than to the risk category appropriate to the account party obligor.<sup>37</sup> A bank acquiring a risk participation in a direct credit substitute or bankers acceptance should convert the participation at 100 percent and then assign the credit equivalent amount to the risk category that is appropriate to the account party obligor or, if relevant, the guarantor or the nature of the collateral.

In the case of direct credit substitutes that are structured in the form of a *syndication* as defined in the instructions for the preparation of the Consolidated Reports of Condition and Income (that is, where each bank is obligated only for its *pro rata* share of the risk and there is no recourse to the originating bank), each bank will only include its *pro rata* share of the direct credit substitute in its risk-based capital calculation.

*Sale and repurchase agreements* and *asset sales with recourse*, if not already included on the balance sheet, are also converted at 100 percent. For risk-based capital purposes, the definition of sales of assets with recourse, including the sale of one-to-four family residential mortgages, is consistent with the definition contained in the instructions for the preparation of the Consolidated Reports of Condition and Income. Accordingly, except as noted below, the entire amount of any assets transferred with recourse that are not already included on the balance sheet, including pools of one-to-four family residential mortgages, is to be converted at 100 percent and assigned to the risk weight category appropriate to the obligor or, if relevant, the guarantor or the nature of the

collateral. The terms of a transfer of assets with recourse may contractually limit the amount of the bank's liability to an amount less than the effective risk-based capital requirement for the assets being transferred with recourse. If such a transaction (including one that, in accordance with the instructions for the preparation of the Consolidated Reports of Condition and Income, is reported as a financing, *i.e.*, the assets are not removed from the balance sheet) meets the criteria for sale treatment under generally accepted accounting principles, the amount of total capital required is equal to the maximum amount of loss possible under the recourse provision. If the transaction is also treated as a sale in accordance with the instructions for the preparation of the Consolidated Reports of Condition and Income, then the required amount of capital may be reduced by the balance of any associated non-capital liability account established pursuant to generally accepted accounting principles to cover estimated probable losses under the recourse provision. So-called "loan strips" (that is, short-term advances sold under long-term commitments without direct recourse) are defined in the instructions for the preparation of the Consolidated Reports of Condition and Income and for risk-based capital purposes as assets sold with recourse.

In addition, a 100 percent conversion factor applies to forward agreements. Forward agreements are legally binding contractual obligations to purchase assets with draw-down which is certain at a specified future date. These obligations include forward purchases, forward deposits placed, and partly paid shares and securities, but do not include forward foreign exchange rate contracts or commitments to make residential mortgage loans.

*Securities lent* by a bank are treated in one of two ways, depending on whether the lender is exposed to risk of loss. If a bank, as agent for a customer, lends the customer's securities and is not obligated to indemnify the customer against loss, the securities lending transaction is excluded from the risk-based capital calculation. On the other hand, if a bank lends its own securities, or acting as agent lends the customer's securities and agrees to indemnify the customer against loss, the transaction is converted at 100 percent and assigned to the risk weight category appropriate to the obligor or, if applicable, to the collateral delivered to the lending bank or to the independent custodian acting on the lending bank's behalf.

2. *Items With a 50 Percent Conversion Factor.* Transaction-related contingencies are to be converted at 50 percent. Such contingencies include bid bonds, performance bonds, warranties, and *performance standby letters of credit* related to particular transactions, as well as acquisitions of risk participations in

<sup>36</sup>That is, participations in which the originating bank remains liable to the beneficiary for the full amount of the direct credit substitute if the party that has acquired the participation fails to pay when the instrument is drawn upon.

<sup>37</sup>Risk participations with a remaining maturity of one year or less that are conveyed to non-OECD banks are also assigned to the 20 percent risk weight category.

performance standby letters of credits. Performance standby letters of credit (performance bonds) are irrevocable obligations of the bank to pay a third-party beneficiary when a customer (account party) *fails to perform* on some contractual nonfinancial obligation. Thus, performance standby letters of credit represent obligations backing the performance of *nonfinancial* or *commercial* contracts or undertakings. To the extent permitted by law or regulation, performance standby letters of credit include arrangements backing, among other things, subcontractors' and suppliers' performance, labor and materials contracts, and construction bids.

The unused portion of *commitments* with an *original* maturity exceeding *one year*,<sup>38</sup> including underwriting commitments and commercial and consumer credit commitments, also are to be converted at 50 percent. Original maturity is defined as the length of time between the date the commitment is issued and the earliest date on which: (1) The bank can at its option, *unconditionally* (without cause) cancel the commitment,<sup>39</sup> and (2) the bank is scheduled to (and as a normal practice actually does) review the facility to determine whether or not it should be extended and, on at least an annual basis, continues to regularly review the facility. Facilities that are unconditionally cancelable (without cause) at any time by the bank are not deemed to be commitments, provided the bank makes a separate credit decision before each drawing under the facility.

Commitments, for risk-based capital purposes, are defined as any arrangements that obligate a bank to extend credit in the form of loans or lease financing receivables; to purchase loans, securities, or other assets; or to participate in loans and leases. Commitments also include overdraft facilities, revolving credit, home equity and mortgage lines of credit, and similar transactions. Normally, commitments involve a written contract or agreement and a commitment fee, or some other form of consideration. Commitments are included in risk-weighted assets regardless of whether they contain *material adverse change* clauses or other provisions

<sup>38</sup>Remaining maturity may be used for determining the term to maturity for loan commitments through year-end 1992; thereafter, original maturity shall be used.

<sup>39</sup>In the case of home equity or mortgage lines of credit secured by liens on one-to-four family residential properties, a bank is deemed able to unconditionally cancel the commitment if, at its option, it can prohibit additional extensions of credit, reduce the credit line, and terminate the commitment to the full extent permitted by relevant Federal law.

that are intended to relieve the issuer of its funding obligation under certain conditions.

In the case of commitments structured as syndications where the bank is obligated only for its *pro rata* share, the risk-based capital framework includes only the bank's proportional share of such commitments. Thus, after a commitment has been converted at 50 percent, portions of commitments that have been conveyed to other U.S. depository institutions or OECD banks, but for which the originating bank retains the full obligation to the borrower if the participating bank fails to pay when the commitment is drawn upon, will be assigned to the 20 risk category. The acquisition of such a participation in a commitment would be converted at 50 percent and the credit equivalent amount would be assigned to the risk category that is appropriate for the account party obligor or, if relevant, to the nature of the collateral or guarantees.

Revolving underwriting facilities (RUFs), note issuance facilities (NIFs), and other similar arrangements also are converted at 50 percent. These are facilities under which a borrower can issue on a revolving basis short-term notes in its own name, but for which the underwriting banks have a legally binding commitment either to purchase any notes the borrower is unable to sell by the rollover date or to advance funds to the borrower.

3. *Items With a 20 Percent Conversion Factor.* Short-term, self-liquidating, trade-related contingencies which arise from the movement of goods are converted at 20 percent. Such contingencies include *commercial letters of credit* and other documentary letters of credit collateralized by the underlying shipments.

4. *Items With a Zero Percent Conversion Factor.* These include unused portions of *commitments* with an *original* maturity of *one year or less*, or which are *unconditionally cancellable* at any time (provided a separate credit decision is made before each drawing under the facility). Unused portions of *retail credit card lines* and related plans are deemed to be short-term commitments if the bank, in accordance with applicable law, has the unconditional option to cancel the credit line at any time.

E. *Derivative Contracts (Interest Rate, Exchange Rate, Commodity (including precious metal) and Equity Derivative Contracts)*

1. Credit equivalent amounts are computed for each of the following off-balance-sheet derivative contracts:

- (a) Interest Rate Contracts
  - (i) Single currency interest rate swaps.
  - (ii) Basis swaps.
  - (iii) Forward rate agreements.
  - (iv) Interest rate options purchased (including caps, collars, and floors purchased).
  - (v) Any other instrument linked to interest rates that gives rise to similar credit

risks (including when-issued securities and forward deposits accepted).

- (b) Exchange Rate Contracts
  - (i) Cross-currency interest rate swaps.
  - (ii) Forward foreign exchange contracts.
  - (iii) Currency options purchased.
  - (iv) Any other instrument linked to exchange rates that gives rise to similar credit risks.
- (c) Commodity (including precious metal) or Equity Derivative Contracts
  - (i) Commodity- or equity-linked swaps.
  - (ii) Commodity- or equity-linked options purchased.
  - (iii) Forward commodity- or equity-linked contracts.
  - (iv) Any other instrument linked to commodities or equities that gives rise to similar credit risks.

2. Exchange rate contracts with an original maturity of 14 calendar days or less and derivative contracts traded on exchanges that require daily receipt and payment of cash variation margin may be excluded from the risk-based ratio calculation. Gold contracts are accorded the same treatment as exchange rate contracts except gold contracts with an original maturity of 14 calendar days or less are included in the risk-based calculation. Over-the-counter options purchased are

included and treated in the same way as other derivative contracts.

3. *Credit Equivalent Amounts for Derivative Contracts.* (a) The credit equivalent amount of a derivative contract that is not subject to a qualifying bilateral netting contract in accordance with section II.E.5. of this appendix A is equal to the sum of:

- (i) The current exposure (which is equal to the mark-to-market value,<sup>40</sup> if positive, and is sometimes referred to as the replacement cost) of the contract; and
- (ii) An estimate of the potential future credit exposure.

(b) The current exposure is determined by the mark-to-market value of the contract. If the mark-to-market value is positive, then the current exposure is equal to that mark-to-market value. If the mark-to-market value is zero or negative, then the current exposure is zero.

(c) The potential future credit exposure of a contract, including a contract with a negative mark-to-market value, is estimated by multiplying the notional principal amount of the contract by a credit conversion factor. Banks should, subject to examiner review, use the effective rather than the apparent or stated notional amount in this calculation. The credit conversion factors are:

CONVERSION FACTOR MATRIX

Remaining maturity	Interest rate	Exchange rate and gold	Equity	Precious metals, except gold	Other commodities
One year or less .....	0.0%	1.0%	6.0%	7.0%	10.0%
More than one year to five years .....	0.5%	5.0%	8.0%	7.0%	12.0%
More than five years .....	1.5%	7.5%	10.0%	8.0%	15.0%

(d) For contracts that are structured to settle outstanding exposure on specified dates and where the terms are reset such that the market value of the contract is zero on these specified dates, the remaining maturity is equal to the time until the next reset date. For interest rate contracts with remaining maturities of more than one year and that meet these criteria, the conversion factor is subject to a minimum value of 0.5 percent.

(e) For contracts with multiple exchanges of principal, the conversion factors are to be multiplied by the number of remaining payments in the contract. Derivative contracts not explicitly covered by any of the columns of the conversion factor matrix are to be treated as "other commodities."

(f) No potential future exposure is calculated for single currency interest rate swaps in which payments are made based

upon two floating rate indices (so called floating/floating or basis swaps); the credit exposure on these contracts is evaluated solely on the basis of their mark-to-market values.

4. *Risk Weights and Avoidance of Double Counting.* (a) Once the credit equivalent amount for a derivative contract, or a group of derivative contracts subject to a qualifying bilateral netting agreement, has been determined, that amount is assigned to the risk category appropriate to the counterparty, or, if relevant, the guarantor or the nature of any collateral. However, the maximum weight that will be applied to the credit equivalent amount of such contracts is 50 percent.

(b) In certain cases, credit exposures arising from the derivative contracts covered by these guidelines may already be reflected, in part, on the balance sheet. To avoid double

<sup>40</sup>Mark-to-market values are measured in dollars, regardless of the currency or currencies specified in the contract and should

reflect changes in both underlying rates, prices and indices, and counterparty credit quality.

counting such exposures in the assessment of capital adequacy and, perhaps, assigning inappropriate risk weights, counterparty credit exposures arising from the types of instruments covered by these guidelines may need to be excluded from balance sheet assets in calculating a bank's risk-based capital ratio.

(c) The FDIC notes that the conversion factors set forth in section II.E.3. of appendix A, which are based on observed volatilities of the particular types of instruments, are subject to review and modification in light of changing volatilities or market conditions.

(d) Examples of the calculation of credit equivalent amounts for these types of contracts are contained in Table IV of this appendix A.

5. *Netting.* (a) For purposes of this appendix A, netting refers to the offsetting of positive and negative mark-to-market values when determining a current exposure to be used in the calculation of a credit equivalent amount. Any legally enforceable form of bilateral netting (that is, netting with a single counterparty) of derivative contracts is recognized for purposes of calculating the credit equivalent amount provided that:

(i) The netting is accomplished under a written netting contract that creates a single legal obligation, covering all included individual contracts, with the effect that the bank would have a claim or obligation to receive or pay, respectively, only the net amount of the sum of the positive and negative mark-to-market values on included individual contracts in the event that a counterparty, or a counterparty to whom the contract has been validly assigned, fails to perform due to default, bankruptcy, liquidation, or similar circumstances;

(ii) The bank obtains a written and reasoned legal opinion(s) representing that in the event of a legal challenge, including one resulting from default, insolvency, bankruptcy or similar circumstances, the relevant court and administrative authorities would find the bank's exposure to be such a net amount under:

(1) The law of the jurisdiction in which the counterparty is chartered or the equivalent location in the case of noncorporate entities and, if a branch of the counterparty is involved, then also under the law of the jurisdiction in which the branch is located;

(2) The law that governs the individual contracts covered by the netting contract; and

(3) The law that governs the netting contract.

(iii) The bank establishes and maintains procedures to ensure that the legal characteristics of netting contracts are kept under review in the light of possible changes in relevant law; and

(iv) The bank maintains in its file documentation adequate to support the netting of derivative contracts, including a copy of

the bilateral netting contract and necessary legal opinions.

(b) A contract containing a walkaway clause is not eligible for netting for purposes of calculating the credit equivalent amount.<sup>41</sup>

(c) By netting individual contracts for the purpose of calculating its credit equivalent amount, a bank represents that it has met the requirements of this appendix A and all the appropriate documents are in the bank's files and available for inspection by the FDIC. Upon determination by the FDIC that a bank's files are inadequate or that a netting contract may not be legally enforceable under any one of the bodies of law described in paragraphs (ii)(1) through (3) of section II.E.5.(a) of this appendix A, underlying individual contracts may be treated as though they were not subject to the netting contract.

(d) The credit equivalent amount of derivative contracts that are subject to a qualifying bilateral netting contract is calculated by adding:

(i) The net current exposure of the netting contract; and

(ii) The sum of the estimates of potential future exposure for all individual contracts subject to the netting contract, adjusted to take into account the effects of the netting contract.<sup>42</sup>

(e) The net current exposure is the sum of all positive and negative mark-to-market values of the individual contracts subject to the netting contract. If the net sum of the mark-to-market values is positive, then the net current exposure is equal to that sum. If the net sum of the mark-to-market values is zero or negative, then the net current exposure is zero.

(f) The effects of the bilateral netting contract on the gross potential future exposure are recognized through application of a formula, resulting in an adjusted add-on amount ( $A_{net}$ ). The formula, which employs the ratio of net current exposure to gross current exposure (NGR) is expressed as:

$$A_{net} = (0.4 \times A_{gross}) + 0.6(NGR \times A_{gross})$$

<sup>41</sup> For purposes of this section, a walkaway clause means a provision in a netting contract that permits a non-defaulting counterparty to make lower payments than it would make otherwise under the contract, or no payment at all, to a defaulter or to the estate of a defaulter, even if a defaulter or the estate of a defaulter is a net creditor under the contract.

<sup>42</sup> For purposes of calculating potential future credit exposure for foreign exchange contracts and other similar contracts in which notional principal is equivalent to cash flows, total notional principal is defined as the net receipts to each party falling due on each value date in each currency.

The effect of this formula is that  $A_{net}$  is the weighted average of  $A_{gross}$ , and  $A_{gross}$  adjusted by the NGR.

(g) The NGR may be calculated in either one of two ways—referred to as the counterparty-by-counterparty approach and the aggregate approach.

(i) Under the counterparty-by-counterparty approach, the NGR is the ratio of the net current exposure of the netting contract to the gross current exposure of the netting contract. The gross current exposure is the sum of the current exposures of all individual contracts subject to the netting contract calculated in accordance with section II.E. of this appendix A.

(ii) Under the aggregate approach, the NGR is the ratio of the sum of all of the net current exposures for qualifying bilateral netting contracts to the sum of all of the gross current exposures for those netting contracts (each gross current exposure is calculated in the same manner as in section II.E.5.(g)(i) of this appendix A). Net negative mark-to-market values to individual counterparties cannot be used to offset net positive current exposures to other counterparties.

(iii) A bank must use consistently either the counterparty-by-counterparty approach or the aggregate approach to calculate the NGR. Regardless of the approach used, the NGR should be applied individually to each qualifying bilateral netting contract to determine the adjusted add-on for that netting contract.

III. MINIMUM RISK-BASED CAPITAL RATIO

A. Minimum Risk-Based Capital Ratio After Transition Period

Banks generally will be expected to meet a minimum ratio of qualifying total capital to risk-weighted assets of 8 percent, of which at least 4 percentage points should be in the form of core capital (Tier 1). Any bank that does not meet the minimum risk-based capital ratio, or whose capital is otherwise considered inadequate, generally will be expected to develop and implement a capital plan for achieving an adequate level of capital, consistent with the provisions of this risk-based capital framework, the specific circumstances affecting the individual bank, and the requirements of any related agreements between the bank and the FDIC.

B. Transitional Arrangements

The transition period commences with the adoption of this statement of policy and ends on December 31, 1992. Initially, this risk-based capital framework does not establish a minimum level of capital. However, by year-end 1990, banks generally will be expected to meet a minimum total capital to risk-weighted assets ratio of 7.25 percent, at least one-half of which should be in the form of

Tier 1 capital. For purposes of calculating this interim minimum ratio, the amount of the allowance for loan and lease losses that may be included as a supplementary capital element is limited to 1.5 percent of risk-weighted assets. In addition, up to 10 percent of a bank's Tier 1 capital (before any deduction for disallowed intangibles) may consist of supplementary capital elements. Thus, the 7.25 percent interim ratio implies a minimum ratio of Tier 1 capital to risk-weighted assets of approximately 3.6 percent (or one-half of 7.25) and a minimum ratio of core capital elements to risk-weighted assets of 3.25 percent (or nine-tenths of the Tier 1 capital ratio). By the end of 1992, a state nonmember bank's Tier 1 capital should consist solely of core capital elements.

During the transition period, banks should monitor their risk-based capital ratios and work toward achieving the interim and final risk-based capital ratios. Any bank that has risk-based capital ratios of less than 4 percent Tier 1 capital and 8 percent total capital should develop and implement a capital plan for achieving those minimum standards by December 31, 1992, and for achieving the interim minimum ratio of 7.25 percent by December 31, 1990. Banks that at present have a risk-based capital ratio in excess of 8 percent generally should not take any action that would cause the ratio to fall below 8 percent.

[NOTE: See footnotes at end of table.]

Components	Minimum Requirements and Limitations After Transition Period.
Term subordinated debt and intermediate-term preferred stock (original weighted average maturity of 5 years or more).	Term subordinated debt and intermediate-term preferred stock are limited to 50% of Tier 1 <sup>4</sup> and amortized for capital purposes as they approach maturity.
<i>Deductions (from the sum of Tier 1 plus Tier 2).</i> Investments in banking and finance subsidiaries that are not consolidated for regulatory capital purposes. Intentional, reciprocal cross-holdings of capital securities issued by banks. Other deductions (such as investments in other subsidiaries or in joint ventures) as determined by supervisory authority.	On case-by-case basis or as matter of policy after formal consideration of relevant issues.
<i>Total Capital (Tier 1 + Tier 2 – Deductions).</i>	Must equal or exceed 8% of risk-weighted assets.

<sup>1</sup> No express limits are placed on the amounts of nonvoting common, noncumulative perpetual preferred stock and minority interests that may be recognized as part of Tier 1 capital. However, voting common stockholders' equity capital generally will be expected to be the dominant form of Tier 1 capital and banks should avoid undue reliance on other Tier 1 capital elements.

<sup>2</sup> The amounts of mortgage servicing rights and purchased credit card relationships that can be recognized for purposes of calculating Tier 1 capital are subject to the limitations set forth in § 325.5(f) of the FDIC's regulations. All deductions are for capital purposes only; deductions would not affect accounting treatment.

<sup>3</sup> Deferred tax assets are subject to the capital limitations set forth in § 325.5(g).

<sup>4</sup> Amounts in excess of limitations are permitted but do not qualify as capital.

CALCULATION OF THE RISK-BASED CAPITAL RATIO

When calculating the risk-based capital ratio under the framework set forth in this statement of policy, qualifying total capital (the numerator) is divided by risk-weighted assets (the denominator). The process of determining the numerator for the ratio is summarized in Table I. The calculation of the denominator is based on the risk weights and conversion factors that are summarized in Tables II and III.

When determining the amount of risk-weighted assets, balance sheet assets are assigned an appropriate risk weight (see Table II) and off-balance sheet items are first converted to a credit equivalent amount (see Table III) and then assigned to one of the risk weight categories set forth in Table II.

The balance sheet assets and the credit equivalent amount of off-balance sheet items are then multiplied by the appropriate risk weight percentages and the sum of these risk-weighted amounts is the gross risk-weighted asset figure used in determining the denominator of the risk-based capital ratio. Any items deducted from capital when computing the amount of qualifying capital may also be excluded from risk-weighted assets when calculating the denominator for the risk-based capital ratio.

**Federal Deposit Insurance Corporation**

**Pt. 325, App. A**

(2) Acquisitions of risk participations in bankers acceptances and in such direct credit substitutes and financial standby letters of credit.

(3) Sale and repurchase agreements and asset sales with recourse, if not already included on the balance sheet.

*Zero Percent Conversion Factor*

(1) Unused portions of commitments with an original maturity<sup>1</sup> of one year or less.

(2) Unused portions of commitments (regardless of maturity) which are unconditionally cancelable at any time, provided a separate credit decision is made before each drawing.

*Credit Conversion for Interest Rate and Foreign Exchange Rate Related Contracts*

The total replacement cost of contracts (obtained by summing the positive mark-to-market values of contracts) is added to a measure of future potential increases in credit exposure. This future potential credit exposure measure is calculated by multiplying the total notional value of contracts by one of the following credit conversion factors, as appropriate:

**CONVERSION FACTOR MATRIX**

Remaining maturity	Interest rate	Exchange rate and gold	Equity	Precious metals, except gold	Other commodities
One year or less .....	0.0%	1.0%	6.0%	7.0%	10.0%
More than one year to five years .....	0.5%	5.0%	8.0%	7.0%	12.0%
More than five years .....	1.5%	7.5%	10.0%	8.0%	15.0%

No potential exposure is calculated for single currency interest rate contracts on which payments are made based on two floating rate indices (floating/floating or basis swaps); the credit exposure on these contracts is evaluated solely on the basis of their mark-to-market values. In the event a netting contract covers transactions that are normally not included in the risk-based ratio calculation—for example, exchange rate contracts with an original maturity of

fourteen calendar days or less or instruments traded on exchanges that require daily payment of variation margin—an institution may elect to consistently either include or exclude all mark-to-market values of such transactions when determining a net current exposure. Multiple contracts with the same counterparty may be netted for risk-based capital purposes pursuant to section II.E.5. of this appendix.

**TABLE IV.—CALCULATION OF CREDIT EQUIVALENT AMOUNTS FOR DERIVATIVE CONTRACTS**

Potential exposure	+	Current exposure	=	Credit equivalent amount		Credit equivalent amount
				Mark-to market value	Current exposure (dollars)	
Type of contract (remaining maturity)	Notional principal (dollars)	Conversion factor	Potential exposure (dollars)	Mark-to market value	Current exposure (dollars)	Credit equivalent amount
(1) 120-Day Forward Foreign Exchange .....	5,000,000	.01	50,000	100,000	100,000	150,000
(2) 4-Year Forward Foreign Exchange .....	6,000,000	.05	300,000	-120,000	0	300,000
(3) 3-Year Single-Currency Fixed/Floating Interest Rate Swap .....	10,000,000	.005	50,000	200,000	200,000	250,000
(4) 6-Month Oil Swap .....	10,000,000	.10	1,000,000	-250,000	0	1,000,000
(5) 7-Year Cross-Currency Floating/Floating Interest Rate Swap .....	20,000,000	.075	1,500,000	-1,500,000	0	1,500,000
Total .....			2,900,000		300,000	3,200,000

<sup>1</sup>Remaining maturity may be used until year-end 1990.

(1) If contracts (1) through (5) above are subject to a qualifying bilateral netting contract, then the following applies:

	Potential future exposure (from above)		Net current exposure*		Credit equivalent amount
(1) .....	50,000				
(2) .....	300,000				
(3) .....	50,000				
(4) .....	1,000,000				
(5) .....	1,500,000				
Total .....	2,900,000	+	0	=	2,900,000

\*The total of the mark-to-market values from above is -1,370,000. Since this is a negative amount, the net current exposure is zero.

(2) To recognize the effects of netting on potential future exposure, the following formula applies:

$$A_{net} = (0.4 \times A_{gross}) + 0.6(NGR \times A_{gross})$$

(3) In the above example:

$$NGR = 0 = (0/300,000)$$

$$A_{net} = (0.4 \times 2,900,000) + 0.6(0 \times 2,900,000)$$

$$A_{net} = 1,160,000$$

Credit	Equivalent	Amount:
1,160,000	+0	=1,160,000

(4) If the net current exposure was a positive amount, for example, \$200,000, the credit equivalent amount would be calculated as follows:

$$NGR = .67 = (200,000/300,000)$$

$$A_{net} = (0.4 \times 2,900,000) + 0.6(.67 \times 2,900,000)$$

$$A_{net} = 2,325,800$$

Credit	Equivalent	Amount:
2,325,800	+200,000	=2,525,800

APPENDIX B TO PART 325—STATEMENT OF POLICY ON CAPITAL ADEQUACY

Part 325 of the Federal Deposit Insurance Corporation rules and regulations (12 CFR part 325) sets forth minimum leverage capital requirements for fundamentally sound, well-managed banks having no material or significant financial weaknesses. It also defines capital and sets forth sanctions which will be used against banks which are in violation of the part 325 regulation. This statement of policy on capital adequacy provides some interpretational and definitional guidance as to how this part 325 regulation will be administered and enforced by the FDIC. This statement of policy also addresses certain aspects of the FDIC's minimum risk-based capital guidelines that are set forth in appendix A to part 325. This statement of policy does not address the prompt correc-

tive action provisions mandated by the Federal Deposit Insurance Corporation Improvement Act of 1991. However, section 38 of the Federal Deposit Insurance Act and subpart B of part 325 provide guidance on the prompt corrective action provisions, which generally apply to institutions with inadequate levels of capital.

I. ENFORCEMENT OF MINIMUM CAPITAL REQUIREMENTS

Section 325.3(b)(1) specifies that FDIC-supervised, state-chartered nonmember commercial and savings banks (or other insured depository institutions making applications to the FDIC that require the FDIC to consider the adequacy of the institutions' capital structure) must maintain a minimum leverage ratio of Tier 1 (or core) capital to total assets of at least 3 percent; however, this minimum only applies to the most highly-rated banks (i.e., those with a composite CAMEL rating of 1 under the Uniform Financial Institutions Rating System established by the Federal Financial Institutions Examination Council) that are not anticipating or experiencing any significant growth. All other state nonmember banks would need to meet a minimum leverage ratio that is at least 100 to 200 basis points above this minimum. That is, in accordance with §325.3(b)(2), an absolute minimum leverage ratio of not less than 4 percent must be maintained by those banks that are not highly-rated or that are anticipating or experiencing significant growth.

In addition to the minimum leverage capital standards, section III of appendix A to part 325 indicates that state nonmember banks generally are expected to maintain a minimum risk-based capital ratio of qualifying total capital to risk-weighted assets of 8 percent by December 31, 1992 (and at least 7.25 percent by December 31, 1990), with at least one-half of that total capital amount consisting of Tier 1 capital.

State nonmember banks (hereinafter referred to as "banks") operating with leverage capital ratios below the minimums set

forth in part 325 will be deemed to have inadequate capital and will be in violation of the part 325 regulation. Furthermore, banks operating with risk-based capital ratios below the minimums set forth in appendix A to part 325 generally will be deemed to have inadequate capital. Banks failing to meet the minimum leverage and/or risk-based capital ratios normally can expect to have any application submitted to the FDIC denied (if such application requires the FDIC to evaluate the adequacy of the institution's capital structure) and also can expect to be subject to the use of capital directives or other formal enforcement action by the FDIC to increase capital.

Capital adequacy in banks which have capital ratios at or above the minimums will be assessed and enforced based on the following factors (these same criteria will apply to any insured depository institutions making applications to the FDIC and to any other circumstances in which the FDIC is requested or required to evaluate the adequacy of a depository institution's capital structure):

*A. Banks Which Are Fundamentally Sound and Well-Managed*

The minimum leverage capital ratios set forth in §325.3(b)(2) and the minimum risk-based capital ratios set forth in section III of appendix A to part 325 generally will be viewed as the minimum acceptable capital standards for banks whose overall financial condition is fundamentally sound, which are well-managed and which have no material or significant financial weaknesses. While the FDIC will make this determination in each bank based upon its own condition and specific circumstances, this definition will generally apply to those banks evidencing a level of risk which is no greater than that normally associated with a Composite rating of 1 or 2 under the Uniform Financial Institutions Rating System. Banks meeting this definition which are in compliance with the minimum leverage and risk-based capital ratio standards will not generally be required by the FDIC to raise new capital from external sources.

The FDIC does, however, encourage such banks to maintain capital well above the minimums, particularly those institutions that are anticipating or experiencing significant growth, and will carefully evaluate their earnings and growth trends, dividend policies, capital planning procedures and other factors important to the continuous maintenance of adequate capital. Adverse trends or deficiencies in these areas will be subject to criticism at regular examinations and may be an important factor in the FDIC's action on applications submitted by such banks. In addition, the FDIC's consideration of capital adequacy in banks making applications to the FDIC will also fully ex-

amine the expected impact of those applications on the bank's ability to maintain its capital adequacy. In all cases, banks should maintain capital commensurate with the level and nature of risks, including the volume and severity of adversely classified assets, to which they are exposed.

*B. All Other Banks*

Banks not meeting the definition set forth in I.A. of this appendix, that is, banks evidencing a level of risk which is at least as great as that normally associated with a Composite rating of 3, 4, or 5 under the Uniform Financial Institutions Rating System, will be required to maintain capital higher than the minimum regulatory requirement and at a level deemed appropriate in relation to the degree of risk within the institution. These higher capital levels will normally be addressed through memorandums of understanding between the FDIC and the bank or, in cases of more pronounced risk, through the use of formal enforcement actions under section 8 of the Federal Deposit Insurance Act (12 U.S.C. 1818).

*C. Capital Requirements of Primary Regulator*

Notwithstanding I.A. and B. of this appendix, all banks (or other depository institutions making applications to the FDIC that require the FDIC to consider the adequacy of the institutions' capital structure) will be expected to meet any capital requirements established by their primary state or federal regulator which exceed the minimum capital requirement set forth in the FDIC's part 325 regulation. In addition, the FDIC will, when establishing capital requirements higher than the minimum set forth in the regulation, consult with an institution's primary state or federal regulator.

II. CAPITAL PLANS

Section 325.4(b) specifies that any bank which has less than its minimum leverage capital requirement is deemed to be engaging in an unsafe or unsound banking practice unless it has submitted, and is in compliance with, a plan approved by the FDIC to increase its Tier 1 leverage capital ratio to such level as the FDIC deems appropriate.

As required under §325.104(a)(1) of this part, a bank must file a written capital restoration plan with the appropriate FDIC regional director within 45 days of the date that the bank receives notice or is deemed to have notice that the bank is undercapitalized, significantly undercapitalized or critically undercapitalized, unless the FDIC notifies the bank in writing that the plan is to be filed within a different period. The amount of time allowed to achieve the minimum leverage capital requirement will be evaluated by the FDIC on a case-by-case basis and will depend on a number of factors, including the

viability of the bank and whether it is fundamentally sound and well-managed.

Banks evidencing more than normal levels of risk will normally have their minimum capital requirements established in a formal or informal enforcement proceeding. The time frames for meeting these requirements will be set forth in such actions and will generally require some immediate action on the bank's part to meet its minimum capital requirement. The reasonableness of capital plans submitted by depository institutions in connection with applications as provided for in §325.3(d)(2) will be determined in conjunction with the FDIC's consideration of the application.

### III. WRITTEN AGREEMENTS

Section 325.4(c) provides that any insured depository institution with a Tier 1 capital to total assets (leverage) ratio of less than 2 percent must enter into and be in compliance with a written agreement with the FDIC (or with its primary federal regulator with FDIC as a party to the agreement) to increase its Tier 1 leverage capital ratio to such level as the FDIC deems appropriate or may be subject to a section 8(a) termination of insurance action by the FDIC. Except in the very rarest of circumstances, the FDIC will require that such agreements contemplate immediate efforts by the depository institution to acquire the required capital.

A bank which has issued net worth certificates to the FDIC or received approval from the FDIC to defer agricultural loan losses will be considered to be in compliance with this written agreement requirement for so long as it is in compliance with the FDIC requirements set forth in the net worth certificate program and/or agricultural loan loss deferral program, provided that both its board and the FDIC agree that the net worth certificate or agricultural loan loss deferral agreements they enter into or have entered into are written agreements as defined in the part 325 regulation. In addition, a savings association with qualifying supervisory goodwill that is being recognized as Tier 1 capital by the association's primary federal regulator will be allowed to recognize this intangible asset for purposes of calculating core capital under part 325.

The guidance in this section III is not intended to preclude the FDIC from taking section 8(a) or other enforcement action against any institution, regardless of its capital level, if the specific circumstances deem such action to be appropriate.

### IV. CAPITAL COMPONENTS

Section 325.2 sets forth the definition of Tier 1 capital for the leverage standard as well as the definitions for the various instruments and accounts which are included

therein. Although nonvoting common stock, noncumulative perpetual preferred stock, and minority interests in consolidated subsidiaries are normally included in Tier 1 capital, voting common stockholders' equity generally will be expected to be the dominant form of Tier 1 capital. Thus, banks should avoid undue reliance on nonvoting equity, preferred stock and minority interests. The following provides some additional guidance with respect to some of the items that affect the calculation of Tier 1 capital.

#### A. Intangible Assets

The FDIC permits state nonmember banks to record intangible assets on their books and to report the value of such assets in the Consolidated Reports of Condition and Income ("Call Report"). As noted in the instructions for preparation of the Consolidated Reports of Condition and Income (published by the Federal Financial Institutions Examination Council), intangible assets may arise from business combinations accounted for under the purchase method in accordance with Accounting Principles Board Opinion No. 16, as amended, and acquisitions of portions or segments of another institution's business, such as branch offices, mortgage servicing portfolios, and credit card portfolios.

Intangible assets created from such transactions may be booked in accordance with generally accepted accounting principles with one exception. For the purpose of reporting such assets on Call Reports, banks reporting to the FDIC shall amortize such assets over their estimated useful lives or a period not in excess of 15 years, whichever is shorter.

Notwithstanding the authority to report all intangible assets in the Consolidated Reports of Condition and Income, §325(t) of the regulation specifies that mortgage servicing rights and purchased credit card relationships are the only intangible assets which will be allowed as Tier 1 capital.<sup>1</sup> The portion of equity capital represented by other types of intangible assets will be deducted

<sup>1</sup>Although intangible assets in the form of mortgage servicing rights and purchased credit card relationships are generally recognized for regulatory capital purposes, the -- deduction of part or all of the mortgage servicing rights and purchased credit card relationships may be required if the carrying amounts of these rights are excessive in relation to their market value or the level of the bank's capital accounts. In this regard, mortgage servicing rights and purchased credit card relationships will be recognized for regulatory capital purposes only to the extent the rights meet the conditions, limitations and restrictions described in §325.5(f).

from equity capital and assets in the computation of a bank's Tier 1 capital. Certain of these intangible assets may, however, be recognized for regulatory capital purposes if explicitly approved by the Director of the Division of Supervision as part of the bank's regulatory capital on a specific case basis. These intangibles will be included in regulatory capital under the terms and conditions that are specifically approved by the FDIC.<sup>2</sup>

In certain instances banks may have investments in unconsolidated subsidiaries or joint ventures that have large volumes of intangible assets. In such instances the bank's consolidated statements will reflect an investment in a tangible asset even though such investment will, in fact, be represented by a large volume of intangible assets. In any such situation where this is material, the bank's investment in the unconsolidated subsidiary will be divided into a tangible and an intangible portion based on the percentage of intangible assets to total assets in the subsidiary. The intangible portion of the investment will be treated as if it were an intangible asset on the bank's books in the calculation of Tier 1 capital. However, intangible assets in the form of mortgage servicing rights and purchased credit card relationships, including servicing intangibles held by mortgage banking subsidiaries, are subject to the specific criteria set forth in § 325.5(f).

#### *B. Perpetual Preferred Stock*

Perpetual preferred stock is defined as preferred stock that does not have a maturity date, that cannot be redeemed at the option of the holder, and that has no other provisions that will require future redemption of the issue. Also, pursuant to section 18(i)(1) of the Federal Deposit Insurance Act (12 U.S.C. 1828(i)(1)), a state nonmember bank cannot, without the prior consent of the FDIC, re-

<sup>2</sup>This specific approval must be received in accordance with § 325.5(b). In evaluating whether other types of intangibles should be recognized for regulatory capital purposes, the FDIC will accord special attention to the general characteristics of the intangibles, including: (1) The separability of the intangible asset and the ability to sell it separate and apart from the bank or the bulk of the bank's assets, (2) the certainty that a readily identifiable stream of cash flows associated with the intangible asset can hold its value notwithstanding the future prospects of the bank, and (3) the existence of a market of sufficient depth to provide liquidity for the intangible asset. However, pursuant to section 18(n) of the Federal Deposit Insurance Act (12 U.S.C. 1828(n)), specific approval cannot be given for an unidentifiable intangible asset, such as goodwill, if acquired after April 12, 1989.

duce the amount or retire any part of its preferred stock. (This prior consent is also required for the reduction or retirement of any part of a state nonmember bank's common stock or capital notes and debentures.)

Noncumulative perpetual preferred stock is generally included in Tier 1 capital. Nonetheless, it is possible for banks to issue preferred stock with a dividend rate which escalates to such a high rate that the terms become so onerous as to effectively force the bank to call the issue (for example, an issue with a low initial rate that is scheduled to escalate to much higher rates in subsequent periods). Preferred stock issues with such onerous terms have much the same characteristics as limited life preferred stock in that the bank would be effectively forced to redeem the issue to avoid performance of the onerous terms. Such instruments may be disallowed as Tier 1 capital and, for risk-based capital purposes, would be included in Tier 2 capital only to the extent that the instruments fall within the limitations applicable to intermediate-term preferred stock. Banks which are contemplating issues bearing terms which may be so characterized are encouraged to submit them to the appropriate FDIC regional office for review prior to issuance. Nothing herein shall prohibit banks from issuing floating rate preferred stock issues where the rate is constant in relation to some outside market or index rate. However, noncumulative floating rate instruments where the rate paid is based in some part on the current credit standing of the bank, and all cumulative preferred stock instruments, are excluded from Tier 1 capital. These instruments are included in Tier 2 capital for risk-based capital purposes in accordance with the limitations set forth in appendix A to part 325.

The FDIC will also require that issues of perpetual preferred stock be consistent with safe and sound banking practices. Issues which would unduly enrich insiders or which contain dividend rates or other terms which are inconsistent with safe and sound banking practices will likely be the subject of appropriate supervisory response from the FDIC. Banks contemplating preferred stock issues which may pose safety and soundness concerns are encouraged to submit such issues to the appropriate FDIC regional office for review prior to sale. Pursuant to § 325.5(e), capital instruments that contain or that are subject to any conditions, covenants, terms, restrictions or provisions that are inconsistent with safe and sound banking practices will not qualify as capital under part 325.

#### *C. Other Instruments or Transactions Which Fail to Provide Capital Support*

Section 325.5(b) specifies that any capital component or balance sheet entry or account

which has characteristics or terms that diminish its contribution to an insured depository institution's ability to absorb losses shall be deducted from capital. An example involves certain types of minority interests in consolidated subsidiaries. Minority interests in consolidated subsidiaries have been included in capital based on the fact that they provide capital support to the risk in the consolidated subsidiaries. Certain transactions have been structured where a bank forms a subsidiary by transferring essentially risk-free or low-risk assets to the subsidiary in exchange for common stock of the subsidiary. The subsidiary then sells preferred stock to third parties.

The preferred stock becomes a minority interest in a consolidated subsidiary but, in effect, represents an essentially risk-free or low-risk investment for the preferred stockholders. This type of minority interest fails to provide any meaningful capital support to the consolidated entity inasmuch as it has a preferred claim on the essentially risk-free or low-risk assets of the subsidiary. In addition, certain minority interests are not substantially equivalent to permanent equity in that the interests must be paid off on specified future dates, or at the option of the holders of the minority interests, or contain other provisions or features that limit the ability of the minority interests to effectively absorb losses. Capital instruments or transactions of this nature which fail to absorb losses or provide meaningful capital support will be deducted from Tier 1 capital.

#### *D. Mandatory Convertible Debt*

Mandatory convertible debt securities are subordinated debt instruments that require the issuer to convert such instruments into common or perpetual preferred stock by a date at or before the maturity of the debt instruments. The maturity of these instruments must be 12 years or less and the instruments must also meet the other criteria set forth in appendix A to part 325. Mandatory convertible debt is excluded from Tier 1 capital but, for risk-based capital purposes, is included in Tier 2 capital as a "hybrid capital instrument."

So-called "equity commitment notes," which merely require a bank to sell common or perpetual preferred stock during the life of the subordinated debt obligation, are specifically excluded from the definition of mandatory convertible debt securities and are only included in Tier 2 capital under the risk-based capital framework to the extent that they satisfy the requirements and limitations for "term subordinated debt" set forth in appendix A to part 325.

#### V. ANALYSIS OF CONSOLIDATED COMPANIES

In determining a bank's compliance with its minimum capital requirements the FDIC

will, with two exceptions, generally utilize the bank's consolidated statements as defined in the instructions for the preparation of Consolidated Reports of Condition and Income.

The first exception relates to securities subsidiaries of state nonmember banks which are subject to §337.4 of the FDIC's rules and regulations (12 CFR 337.4). Any subsidiary subject to this section must be a bona fide subsidiary which is adequately capitalized. In addition, §337.4(b)(3) requires that any insured state nonmember bank's investment in such a subsidiary shall not be counted towards the bank's capital. In those instances where the securities subsidiary is consolidated in the bank's Consolidated Report of Condition it will be necessary, for the purpose of calculating the bank's Tier 1 capital, to adjust the Consolidated Report of Condition in such a manner as to reflect the bank's investment in the securities subsidiary on the equity method. In this case, and in those cases where the securities subsidiary has not been consolidated, the investment in the subsidiary will then be deducted from the bank's capital and assets prior to calculation of the bank's Tier 1 capital ratio. (Where deemed appropriate, the FDIC may also consider deducting investments in other subsidiaries, either on a case-by-case basis or, as with securities subsidiaries, based on the general characteristics or functional nature of the subsidiaries.)

The second exception relates to the treatment of subsidiaries of insured banks that are domestic depository institutions such as commercial banks, savings banks, or savings associations. These subsidiaries are not consolidated on a line-by-line basis with the insured bank parent in the bank parent's Consolidated Reports of Condition and Income. Rather, the instructions for these reports provide that bank investments in such depository institution subsidiaries are to be reported on an unconsolidated basis in accordance with the equity method. Since the FDIC believes that the minimum capital requirements should apply to a bank's depository activities in their entirety, regardless of the form that the organization's corporate structure takes, it will be necessary, for the purpose of calculating the bank's Tier 1 leverage and total risk-based capital ratios, to adjust a bank parent's Consolidated Report of Condition to consolidate its domestic depository institution subsidiaries on a line-by-line basis. The financial statements of the subsidiary that are used for this consolidation must be prepared in the same manner as the Consolidated Report of Condition.

The FDIC will, in determining the capital adequacy of a bank which is a member of a bank holding company or chain banking group, consider the degree of leverage and risks undertaken by the parent company or other affiliates. Where the level of risk in a

holding company system is no more than normal and the consolidated company is adequately capitalized at all appropriate levels, the FDIC generally will not require additional capital in subsidiary banks under its supervision over and above that which would be required for the subsidiary bank on its own merit. In cases where a holding company or other affiliated banks (or other companies) evidence more than a normal degree of risk (either by virtue of the quality of their assets, the nature of the activities conducted, or other factors) or where the affiliated organizations are inadequately capitalized, the FDIC will consider the potential impact of the additional risk or excess leverage upon an individual bank to determine if such factors will likely result in excessive requirements for dividends, management fees, or other support to the holding company or affiliated organizations which would be detrimental to the bank. Where the excessive risk or leverage in such organizations is determined to be potentially detrimental to the bank's condition or its ability to maintain adequate capital, the FDIC may initiate appropriate supervisory action to limit the bank's ability to support its weaker affiliates and/or require higher than minimum capital ratios in the bank.

#### VI. APPLICABILITY OF PART 325 TO SAVINGS ASSOCIATIONS

Section 325.3(c) indicates that, where the FDIC is required to evaluate the adequacy of any depository institution's (including any savings association's) capital structure in conjunction with an application filed by the institution, the FDIC will not approve the application if the depository institution does not meet the minimum leverage capital requirement set forth in §325.3(b).

Also, §325.4(b) states that, under certain conditions specified in section 8(t) of the Federal Deposit Insurance Act, the FDIC may take section 8(b)(1) and/or 8(c) enforcement action against a savings association that is deemed to be engaged in an unsafe or unsound practice on account of its inadequate capital structure. Section 325.4(c) further specifies that any insured depository institution with a Tier 1 leverage ratio (as defined in part 325) of less than 2 percent is deemed to be operating in an unsafe or unsound condition pursuant to section 8(a) of the Federal Deposit Insurance Act.

In addition, the Office of Thrift Supervision (OTS), as the primary federal regulator of savings associations, has established minimum core capital leverage, tangible capital and risk-based capital requirements for savings associations (12 CFR part 567). In this regard, certain differences exist between the methods used by the OTS to calculate a savings association's capital and the methods set forth by the FDIC in part 325. These

differences include, among others, the core capital treatment for investments in subsidiaries and for certain intangible assets.

In determining whether a savings association's application should be approved pursuant to §325.3(c), or whether an unsafe or unsound practice or condition exists pursuant to §§325.4(b) and 325.4(c), the FDIC will consider the extent of the savings association's capital as determined in accordance with part 325. However, the FDIC will also consider the extent to which a savings association is in compliance with (a) the minimum capital requirements set forth by the OTS, (b) any related capital plans for meeting the minimum capital requirements approved by the OTS, and/or (c) any other criteria deemed by the FDIC as appropriate based on the association's specific circumstances.

#### APPENDIX C TO PART 325—RISK-BASED CAPITAL FOR STATE NON-MEMBER BANKS; MARKET RISK

##### *Section 1. Purpose, Applicability, Scope, and Effective Date*

(a) *Purpose.* The purpose of this appendix is to ensure that banks with significant exposure to market risk maintain adequate capital to support that exposure.<sup>1</sup> This appendix supplements and adjusts the risk-based capital ratio calculations under appendix A of this part with respect to those banks.

(b) *Applicability.* (1) This appendix applies to any insured state nonmember bank whose trading activity<sup>2</sup> (on a worldwide consolidated basis) equals:

- (i) 10 percent or more of total assets;<sup>3</sup> or
- (ii) \$1 billion or more.

(2) The FDIC may additionally apply this appendix to any insured state nonmember

<sup>1</sup>This appendix is based on a framework developed jointly by supervisory authorities from the countries represented on the Basle Committee on Banking Supervision and endorsed by the Group of Ten Central Bank Governors. The framework is described in a Basle Committee paper entitled "Amendment to the Capital Accord to Incorporate Market Risks," January 1996. Also see modifications issued in September 1997.

<sup>2</sup>Trading activity means the gross sum of trading assets and liabilities as reported in the bank's most recent quarterly Consolidated Report of Condition and Income (Call Report).

<sup>3</sup>Total assets means quarter-end total assets as reported in the bank's most recent Call Report.

bank if the FDIC deems it necessary or appropriate for safe and sound banking practices.

(3) The FDIC may exclude an insured state nonmember bank otherwise meeting the criteria of paragraph (b)(1) of this section from coverage under this appendix if it determines the bank meets such criteria as a consequence of accounting, operational, or similar considerations, and the FDIC deems it consistent with safe and sound banking practices.

(c) *Scope.* The capital requirements of this appendix support market risk associated with a bank's covered positions.

(d) *Effective date.* This appendix is effective as of January 1, 1997. Compliance is not mandatory until January 1, 1998. Subject to supervisory approval, a bank may opt to comply with this appendix as early as January 1, 1997.<sup>4</sup>

#### Section 2. Definitions

For purposes of this appendix, the following definitions apply:

(a) *Covered positions* means all positions in a bank's trading account, and all foreign exchange<sup>5</sup> and commodity positions, whether or not in the trading account.<sup>6</sup> Positions include on-balance-sheet assets and liabilities and off-balance-sheet items. Securities subject to repurchase and lending agreements are included as if they are still owned by the lender.

(b) *Market risk* means the risk of loss resulting from movements in market prices. Market risk consists of general market risk and specific risk components.

(1) *General market risk* means changes in the market value of covered positions resulting from broad market movements, such as changes in the general level of interest rates, equity prices, foreign exchange rates, or commodity prices.

(2) *Specific risk* means changes in the market value of specific positions due to factors other than broad market movements. Specific risk includes such risk as idiosyncratic variation, as well as event and default risk.

(c) *Tier 1* and *Tier 2 capital* are defined in appendix A of this part.

(d) *Tier 3 capital* is subordinated debt that is unsecured; is fully paid up; has an original maturity of at least two years; is not redeemable before maturity without prior approval by the FDIC; includes a lock-in clause precluding payment of either interest or

principal (even at maturity) if the payment would cause the issuing bank's risk-based capital ratio to fall or remain below the minimum required under appendix A of this part; and does not contain and is not covered by any covenants, terms, or restrictions that are inconsistent with safe and sound banking practices.

(e) *Value-at-risk (VAR)* means the estimate of the maximum amount that the value of covered positions could decline during a fixed holding period within a stated confidence level, measured in accordance with section 4 of this appendix.

#### Section 3. Adjustments to the Risk-Based Capital Ratio Calculations.

(a) *Risk-based capital ratio denominator.* A bank subject to this appendix shall calculate its risk-based capital ratio denominator as follows:

(1) *Adjusted risk-weighted assets.* Calculate adjusted risk-weighted assets, which equals risk-weighted assets (as determined in accordance with appendix A of this part), excluding the risk-weighted amounts of all covered positions (except foreign exchange positions outside the trading account and over-the-counter derivative positions).<sup>7</sup>

(2) *Measure for market risk.* Calculate the measure for market risk, which equals the sum of the VAR-based capital charge, the specific risk add-on (if any), and the capital charge for de minimis exposures (if any).

(i) *VAR-based capital charge.* The VAR-based capital charge equals the higher of:

(A) The previous day's VAR measure; or

(B) The average of the daily VAR measures for each of the preceding 60 business days multiplied by three, except as provided in section 4(e) of this appendix;

(ii) *Specific risk add-on.* The specific risk add-on is calculated in accordance with section 5 of this appendix; and

(iii) *Capital charge for de minimis exposure.* The capital charge for de minimis exposure is calculated in accordance with section 4(a) of this appendix.

(3) *Market risk equivalent assets.* Calculate market risk equivalent assets by multiplying the measure for market risk (as calculated in paragraph (a)(2) of this section) by 12.5.

(4) *Denominator calculation.* Add market risk equivalent assets (as calculated in paragraph (a)(3) of this section) to adjusted risk-weighted assets (as calculated in paragraph (a)(1) of this section). The resulting sum is

<sup>4</sup>A bank that voluntarily complies with the final rule prior to January 1, 1998, must comply with all of its provisions.

<sup>5</sup>Subject to FDIC review, a bank may exclude structural positions in foreign currencies from its covered positions.

<sup>6</sup>The term trading account is defined in the instructions to the Call Report.

<sup>7</sup>Foreign exchange positions outside the trading account and all over-the-counter derivative positions, whether or not in the trading account, must be included in adjusted risk weighted assets as determined in appendix A of this part.

the bank's risk-based capital ratio denominator.

(b) *Risk-based capital ratio numerator.* A bank subject to this appendix shall calculate its risk-based capital ratio numerator by allocating capital as follows:

(1) *Credit risk allocation.* Allocate Tier 1 and Tier 2 capital equal to 8.0 percent of adjusted risk-weighted assets (as calculated in paragraph (a)(1) of this section).<sup>8</sup>

(2) *Market risk allocation.* Allocate Tier 1, Tier 2, and Tier 3 capital equal to the measure for market risk as calculated in paragraph (a)(2) of this section. The sum of Tier 2 and Tier 3 capital allocated for market risk must not exceed 250 percent of Tier 1 capital allocated for market risk. (This requirement means that Tier 1 capital allocated in this paragraph (b)(2) must equal at least 28.6 percent of the measure for market risk.)

(3) *Restrictions.* (i) The sum of Tier 2 capital (both allocated and excess) and Tier 3 capital (allocated in paragraph (b)(2) of this section) may not exceed 100 percent of Tier 1 capital (both allocated and excess).<sup>9</sup>

(ii) Term subordinated debt (and intermediate-term preferred stock and related surplus) included in Tier 2 capital (both allocated and excess) may not exceed 50 percent of Tier 1 capital (both allocated and excess).

(4) *Numerator calculation.* Add Tier 1 capital (both allocated and excess), Tier 2 capital (both allocated and excess), and Tier 3 capital (allocated under paragraph (b)(2) of this section). The resulting sum is the bank's risk-based capital ratio numerator.

#### Section 4. Internal Models

(a) *General.* For risk-based capital purposes, a bank subject to this appendix must use its internal model to measure its daily VAR, in accordance with the requirements of this section.<sup>10</sup> The FDIC may permit a bank

<sup>8</sup> A bank may not allocate Tier 3 capital to support credit risk (as calculated under appendix A of this part).

<sup>9</sup> Excess Tier 1 capital means Tier 1 capital that has not been allocated in paragraphs (b)(1) and (b)(2) of this section. Excess Tier 2 capital means Tier 2 capital that has not been allocated in paragraph (b)(1) and (b)(2) of this section, subject to the restrictions in paragraph (b)(3) of this section.

<sup>10</sup> A bank's internal model may use any generally accepted measurement techniques, such as variance-covariance models, historical simulations, or Monte Carlo simulations. However, the level of sophistication and accuracy of a bank's internal model must be commensurate with the nature and size of its covered positions. A bank that modifies its existing modeling procedures to comply with the requirements of this appendix for risk-based capital purposes should, nonetheless, continue to use the internal

model it considers most appropriate in evaluating risks for other purposes.

to use alternative techniques to measure the market risk of de minimis exposures so long as the techniques adequately measure associated market risk.

(b) *Qualitative requirements.* A bank subject to this appendix must have a risk management system that meets the following minimum qualitative requirements:

(1) The bank must have a risk control unit that reports directly to senior management and is independent from business trading units.

(2) The bank's internal risk measurement model must be integrated into the daily management process.

(3) The bank's policies and procedures must identify, and the bank must conduct, appropriate stress tests and backtests.<sup>11</sup> The bank's policies and procedures must identify the procedures to follow in response to the results of such tests.

(4) The bank must conduct independent reviews of its risk measurement and risk management systems at least annually.

(c) *Market risk factors.* The bank's internal model must use risk factors sufficient to measure the market risk inherent in all covered positions. The risk factors must address interest rate risk,<sup>12</sup> equity price risk, foreign exchange rate risk, and commodity price risk.

(d) *Quantitative requirements.* For regulatory capital purposes, VAR measures must meet the following quantitative requirements:

(1) The VAR measures must be calculated on a daily basis using a 99 percent, one-tailed confidence level with a price shock equivalent to a ten-business day movement in rates and prices. In order to calculate VAR measures based on a ten-day price shock, the bank may either calculate ten-day figures directly or convert VAR figures based on holding periods other than ten days to the equivalent of a ten-day holding period (for instance, by multiplying a one-day VAR measure by the square root of ten).

(2) The VAR measures must be based on an historical observation period (or effective observation period for a bank using a

model it considers most appropriate in evaluating risks for other purposes.

<sup>11</sup> Stress tests provide information about the impact of adverse market events on a bank's covered positions. Backtests provide information about the accuracy of an internal model by comparing a bank's daily VAR measures to its corresponding daily trading profits and losses.

<sup>12</sup> For material exposures in the major currencies and markets, modeling techniques must capture spread risk and must incorporate enough segments of the yield curve—at least six—to capture differences in volatility and less than perfect correlation of rates along the yield curve.

weighting scheme or other similar method) of at least one year. The bank must update data sets at least once every three months or more frequently as market conditions warrant.

(3) The VAR measures must include the risks arising from the non-linear price characteristics of options positions and the sensitivity of the market value of the positions to changes in the volatility of the underlying rates or prices. A bank with a large or complex options portfolio must measure the volatility of options positions by different maturities.

(4) The VAR measures may incorporate empirical correlations within and across risk categories, provided that the bank's process for measuring correlations is sound. In the event that the VAR measures do not incorporate empirical correlations across risk categories, then the bank must add the separate VAR measures for the four major risk categories to determine its aggregate VAR measure.

(e) *Backtesting.* (1) Beginning one year after a bank starts to comply with this appendix, a bank must conduct backtesting by comparing each of its most recent 250 business days' actual net trading profit or loss<sup>13</sup> with the corresponding daily VAR measures generated for internal risk measurement purposes and calibrated to a one-day holding period and a 99 percent, one-tailed confidence level.

(2) Once each quarter, the bank must identify the number of exceptions, that is, the number of business days for which the magnitude of the actual daily net trading loss, if any, exceeds the corresponding daily VAR measure.

(3) A bank must use the multiplication factor indicated in Table 1 of this appendix in determining its capital charge for market risk under section 3(a)(2)(i)(B) of this appendix until it obtains the next quarter's backtesting results, unless the FDIC determines that a different adjustment or other action is appropriate.

5 .....	3.40

<sup>13</sup> Actual net trading profits and losses typically include such things as realized and unrealized gains and losses on portfolio positions as well as fee income and commissions associated with trading activities.

Number of exceptions	Multiplication factor
9 .....	3.85
10 or more .....	4.00

*Section 5. Specific Risk*

(a) *Modeled specific risk.* A bank may use its internal model to measure specific risk. If the bank has demonstrated to the FDIC that its internal model measures the specific risk, including event and default risk as well as idiosyncratic variation, of covered debt and equity positions and includes the specific risk measure in the VAR-based capital charge in section 3(a)(2)(i) of this appendix, then the bank has no specific risk add-on for purposes of section 3(a)(2)(ii) of this appendix. The model should explain the historical price variation in the trading portfolio and capture concentration, both magnitude and changes in composition. The model should also be robust to an adverse environment and have been validated through backtesting which assesses whether specific risk is being accurately captured.

(b) *Add-on charge for modeled specific risk.* If a bank's model measures specific risk, but the bank has not been able to demonstrate to the FDIC that the model adequately measures event and default risk for covered debt and equity positions, then the bank's specific risk add-on for purposes of section 3(a)(2)(ii) of this appendix is as follows:

(1) If the model is susceptible to valid separation of the VAR-measure into a specific risk portion and a general market risk portion, then the specific risk add-on is equal to the previous day's specific risk portion.

(2) If the model does not separate the VAR measure into a specific risk portion and a general market risk portion, then the specific risk add-on is the sum of the previous day's VAR measures for subportfolios of covered debt and covered equity positions.

(c) *Add-on Charge if specific risk is not modeled.* If a bank does not model specific risk in accordance with paragraph (a) or (b) of this section, the bank's specific risk add-on charge for purposes of section 3(a)(2)(ii) of this appendix equals the components for covered debt and equity positions as appropriate:

(1) *Covered debt positions.* (i) For purposes of this section 5, covered debt positions means fixed-rate or floating-rate debt instruments located in the trading account and instruments located in the trading account with values that react primarily to changes in interest rates, including certain non-convertible preferred stock, convertible bonds, and

instruments subject to repurchase and lending agreements. Also included are derivatives (including written and purchased options) for which the underlying instrument is a covered debt instrument that is subject to a non-zero specific risk capital charge.

(A) For covered debt positions that are derivatives, a bank must risk-weight (as described in paragraph (c)(1)(iii) of this section) the market value of the effective notional amount of the underlying debt instrument or index portfolio. Swaps must be included as the notional position in the underlying debt instrument or index portfolio, with a receiving side treated as a long position and a paying side treated as a short position; and

(B) For covered debt positions that are options, whether long or short, a bank must risk-weight (as described in paragraph (c)(1)(iii) of this section) the market value of the effective notional amount of the underlying debt instrument or index multiplied by the option's delta.

(i) A bank may net long and short covered debt positions (including derivatives) in identical debt issues or indices.

(iii) A bank must multiply the absolute value of the current market value of each net long or short covered debt position by the appropriate specific risk weighting factor indicated in Table 2 of this appendix. The specific risk capital charge component for covered debt positions is the sum of the weighted values.

(1) Rated investment-grade by at least two nationally recognized credit rating services;

(2) Rated investment-grade by one nationally recognized credit rating agency and not rated less than investment-grade by any other credit rating agency; or

(3) Unrated, but deemed to be of comparable investment quality by the reporting bank and the issuer has instruments listed on a recognized stock exchange, subject to review by the FDIC.

(C) The *other* category includes debt instruments that are not included in the government or qualifying categories.

(2) *Covered equity positions.* (i) For purposes of this section 5, covered equity positions means equity instruments located in the trading account and instruments located in the trading account with values that react primarily to changes in equity prices, including voting or non-voting common stock, certain convertible bonds, and commitments to buy or sell equity instruments. Also included are derivatives (including written and purchased options) for which the underlying is a covered equity position.

(A) For covered equity positions that are derivatives, a bank must risk weight (as described in paragraph (c)(2)(iii) of this section) the market value of the effective notional amount of the underlying equity instrument or equity portfolio. Swaps must be included as the notional position in the underlying equity instrument or index portfolio, with a receiving side treated as a long position and a paying side treated as a short position; and

(B) For covered equity positions that are options, whether long or short, a bank must risk weight (as described in paragraph (c)(2)(iii) of this section) the market value of the effective notional amount of the underlying equity instrument or index multiplied by the option's delta.

net long or short covered equity position by a risk weighting factor of 8.0 percent, or by 4.0 percent if the equity is held in a portfolio that is both liquid and well-diversified.<sup>17</sup> For covered equity positions that are index contracts comprising a well-diversified portfolio of equity instruments, the net long or short position is multiplied by a risk weighting factor of 2.0 percent.

(B) For covered equity positions from the following futures-related arbitrage strategies, a bank may apply a 2.0 percent risk weighting factor to one side (long or short) of each position with the opposite side exempt from charge, subject to review by the FDIC:

(1) Long and short positions in exactly the same index at different dates or in different market centers; or

(2) Long and short positions in index contracts at the same date in different but similar indices.

(C) For futures contracts on broadly-based indices that are matched by offsetting positions in a basket of stocks comprising the index, a bank may apply a 2.0 percent risk weighting factor to the futures and stock basket positions (long and short), provided that such trades are deliberately entered into and separately controlled, and that the basket of stocks comprises at least 90 percent of the capitalization of the index.

(iv) The specific risk capital charge component for covered equity positions is the sum of the weighted values.

- (ii) The time and manner of payment of the semiannual assessments by such institutions; and

(2) Deductions from the assessment base of an insured branch of a foreign bank are stated in part 346 of this chapter.

## Federal Deposit Insurance Corporation

## § 327.3

### § 327.2 Certified statements.

(a) *Required.* Each insured depository institution shall file a certified statement during each semiannual period.

(b) *Time of filing.* Certified statements for any semiannual period must be filed no later than the second-quarterly payment date specified in §327.3(d)(2). Certified statements postmarked on or before such date are deemed to be timely filed.

(c) *Form.* The Corporation will provide to each insured depository institution a certified statement form showing the amount and computation of the institution's semiannual assessment. The president of the insured depository institution, or such other officer as the institution's board of directors or trustees may designate, shall review the information shown on the form.

(d) *Certification—(1) Form accepted.* If such officer agrees that to the best of his or her knowledge and belief the information shown on the certified statement form is true, correct and complete and in accordance with the Federal Deposit Insurance Act and the regulations issued thereunder, the officer shall so certify.

(2) *Form amended—(i) In general.* If such officer determines that to the best of his or her knowledge and belief the information shown on the certified statement form is not true, correct and complete and in accordance with the Federal Deposit Insurance Act and the regulations issued thereunder, the officer shall make such amendments to the information as he or she believes necessary. (ii) *Request for revision.* The certification and filing of an amended form under paragraph (d)(2) of this section does not constitute a request for revision by the Corporation of the information shown on the form. Any such request to the Corporation for revision of the information shown on the form shall be submitted separately from the certified statement and in accordance with the provisions of §327.3(h).

(iii) *Rate multiplier.* The rate multiplier shown on the certified statement form shall be amended only if it is inconsistent with the assessment risk classification assigned to the institution in writing by the Corporation for the current semiannual period pursuant to §327.4(a). Agreement with the rate multiplier shall not be deemed to constitute agreement with the assessment risk classification assigned.

### § 327.3 Payment of semiannual assessments.

(a) *Required—(1) In general.* Except as provided in paragraph (b) of this section, each insured depository institution shall pay to the Corporation, in two quarterly payments, a semiannual assessment determined in accordance with this part 327.

(2) *Notice of designated deposit account.* For the purpose of making such payments, each insured depository institution shall designate a deposit account for direct debit by the Corporation. No later than 30 days prior to the next payment date specified in paragraphs (c)(2) and (d)(2) of this section, each institution shall provide written notice to the Corporation of the account designated, including all information and authorizations needed by the Corporation for direct debit of the account. After the initial notice of the designated account, no further notice is required unless the institution designates a different account for assessment debit by the Corporation, in which case the requirements of the preceding sentence apply.

(b) *Newly insured institutions.* A newly insured institution shall not be required to pay an assessment for the semiannual period during which it becomes an insured institution. For the semiannual period following the period during which it becomes an insured institution, it shall pay its full semiannual assessment at the time and in the manner provided for in paragraph (d) of this section, in an amount that is the product of its assessment base for the prior semiannual period, as provided for in §327.5(c), multiplied by one-half of the annual assessment rate corresponding to the assessment risk

classification assigned to the institution pursuant to § 327.4(a). For the purpose of making such payment, the institution shall provide to the Corporation no later than the payment date specified in paragraph (d)(2) of this section the notice required by paragraph (a)(2) of this section.

(c) *First-quarterly payment*—(1) *Invoice*. Except in the case of invoices for the first quarterly payment for the first semiannual period of 1997, no later than 30 days prior to the payment date specified in paragraph (c)(2) of this section, the Corporation will provide to each insured depository institution an invoice showing the amount of the assessment payment due from the institution for the first quarter of the upcoming semiannual period, and the computation of that amount. Subject to paragraph (g) of this section and to subpart B of this part, the invoiced amount shall be the product of the following: The assessment base of the institution for the preceding September 30 (for the semiannual period beginning January 1) or March 31 (for the semiannual period beginning July 1) computed in accordance with § 327.5; multiplied by one-quarter of the annual assessment rate corresponding to the assessment risk classification assigned to the institution pursuant to § 327.4(a).

(2) *Payment date and manner*. Except as provided in paragraphs (c)(3) and (j) of this section, the Corporation will cause the amount stated in the applicable invoice to be directly debited on the appropriate regular payment date from the deposit account designated by the insured depository institution for that purpose, as follows:

(i) In the case of the first quarterly payment for a semiannual period that begins on January 1, the regular payment date is January 2; and

(ii) In the case of the first quarterly payment for a semiannual period that begins on July 1, the regular payment date is the preceding June 30.

(3) *Alternate payment date*—(i) *Election*. An insured depository institution may elect to pay the first quarterly payment for a semiannual period that begins on January 1 of a current year on the alternate payment date. The alternate payment date is December 30 of the prior year.

(ii) *Certification*. (A) In order to elect the alternate payment date with respect to a current semiannual period, an institution must so certify in writing in advance. In order for the election to be effective with respect to the current semiannual period, the Corporation must receive the certification no later than the prior November 1.

(B) The certification shall be made on a pre-printed form provided by the Corporation. The form shall be signed by the institution's chief financial officer or such other officer as the institution's board of directors may designate for that purpose. The form shall be sent to the attention of the Chief of the Assessment Operations Section of the Corporation's Division of Finance. An institution may obtain the form from the Corporation's Division of Finance.

(C) The election of the alternate payment date shall be effective with respect to the semiannual period specified in the certification and thereafter, until terminated.

(iii) *Termination*. (A) An insured depository institution may terminate its election of the alternate payment date, and thereby revert to the regular payment date, by so certifying in writing to the Corporation in advance. In order for the termination to be effective for a current semiannual period, the Corporation must receive the termination certification no later than the prior November 1.

(B) The termination certification shall be made on a pre-printed form provided by the Corporation. The form shall be signed by the institution's chief financial officer or such other officer as the institution's board of directors may designate for that purpose. The form shall be sent to the attention of the Chief of the Assessment Operations Section of the Corporation's Division of Finance. An institution may obtain the form from the Corporation's Division of Finance.

(C) The termination shall be permanent, except that an institution that has terminated an election may make a new election under paragraph (c)(3)(i) of this section.

(iv) *Manner of payment*. Except as provided in paragraph (j) of this section, if an insured depository institution elects the alternate payment date,

the Corporation will cause the amount stated in the applicable invoice to be directly debited on the alternate payment date from the deposit account designated by the insured depository institution for that purpose.

(d) *Second-quarterly payment*—(1) *Invoice*. No later than 30 days prior to the payment date specified in paragraph (d)(2) of this section, the Corporation will provide to each insured depository institution an invoice showing the amount of the assessment payment due from the institution for the second quarter of that semiannual period, and the computation of that amount. Subject to paragraph (g) of this section and to subpart B of this part, the invoiced amount shall be the product of the following: The assessment base of the institution for the preceding December 31 (for the semiannual period beginning January 1) or June 30 (for the semiannual period beginning July 1) computed in accordance with § 327.5; multiplied by one-quarter of the annual assessment rate corresponding to the assessment risk classification assigned to the institution pursuant to § 327.4(a).

(2) Except as provided in paragraph (j) of this section, the Corporation will cause the amount stated in the applicable invoice to be directly debited on the appropriate regular payment date from the deposit account designated by the insured depository institution for that purpose, as follows:

(i) In the case of the second quarterly payment for a semiannual period that begins on January 1, the regular payment date is March 30; and

(ii) In the case of the second quarterly payment for a semiannual period that begins on July 1, the regular payment date is September 30.

(e) *Necessary action, sufficient funding by institution*. Each insured depository institution shall take all actions necessary to allow the Corporation to debit assessments from the insured depository institution's designated deposit account. Each insured depository institution shall, prior to each payment date indicated in paragraphs (c)(2), (c)(3)(i), and (d)(2) of this section, ensure that funds in an amount at least equal to the invoiced amount (or twice the invoiced amount if the insured depository institution has elected the

doubled-payment option pursuant to paragraph (j) of this section) are available in the designated account for direct debit by the Corporation. Failure to take any such action or to provide such funding of the account shall be deemed to constitute nonpayment of the assessment.

(f) *Business days*. If a payment date specified in paragraph (c)(2)(i) falls on a date that is not a business day, the applicable date shall be the following business day. If a payment date specified in paragraph (c)(1), (c)(2)(ii), (c)(3)(i), or (d)(2) of this section falls on a date that is not a business day, the applicable date shall be the previous business day.

(g) *Payment adjustments in succeeding quarters*. The quarterly assessment invoices provided by the Corporation may reflect adjustments, initiated by the Corporation or an institution, resulting from such factors as amendments to prior quarterly reports of condition, retroactive revision of the institution's assessment risk classification, and revision of the Corporation's assessment computations for prior quarters.

(h) *Request for revision of computation of quarterly assessment payment*—(1) *In general*. An institution may submit a request for revision of the computation of the institution's quarterly assessment payment as shown on the quarterly invoice. Such revision may be requested in the following circumstances:

(i) The institution disagrees with the computation of the assessment base as stated on the invoice;

(ii) The institution determines that the rate multiplier applied by the Corporation is inconsistent with the assessment risk classification assigned to the institution in writing by the Corporation for the semiannual period for which the payment is due; or

(iii) The institution believes that the invoice does not fully or accurately reflect adjustments provided for in paragraph (g) of this section.

(2) *Inapplicability*. This paragraph (h) is not applicable to requests for review of an institution's assessment risk classification, which are covered by § 327.4(d).

(3) *Requirements.* Any such request for revision must be submitted within 60 days of the date of the quarterly assessment invoice for which revision is requested, except that requests for revision resulting from detection by the institution of an error or omission for which the institution files an amendment to its quarterly report of condition must be submitted within 60 days of the filing date of the amendment to the quarterly report of condition. The request for revision shall be submitted to the Chief of the Assessment Operations Section and shall provide documentation sufficient to support the revision sought by the institution. If additional information is requested by the Corporation, such information shall be provided by the institution within 21 days of the date of the Corporation's request for additional information. Any institution submitting a timely request for revision will receive written response from the Corporation's Chief Financial Officer (or his or her designee) within 60 days of receipt by the Corporation of the request for revision or, if additional information has been requested by the Corporation, within 60 days of receipt of the additional information. Whenever feasible, the response will notify the institution of the determination of the Chief Financial Officer (or designee) as to whether the requested revision is warranted. In all instances in which a timely request for revision is submitted, the Chief Financial Officer (or designee) will make a determination on the request as promptly as possible and notify the institution in writing of the determination.

(i) *Assessment notice not received.* Any institution that has not received an assessment invoice for any quarterly payment by the fifteenth day of the month in which the quarterly payment is due shall promptly notify the Corporation. Failure to provide prompt notice to the Corporation shall not affect the institution's obligation to make full and timely assessment payment. Unless otherwise directed by the Corporation, the institution shall preliminarily pay the amount shown on its assessment invoice for the preceding quarter, subject to subsequent correction.

(j) *Doubled-payment option*—(1) *Election.* In the case of a quarterly payment to be made on March 30, on June 30, on September 30, or on the alternate payment date, an insured depository institution may elect to pay twice the amount of such quarterly payment.

(2) *Certification.* (i) In order to elect the doubled-payment option with respect to a selected payment date, an institution must so certify in writing to the Corporation in advance. In order for the election to be effective, the Corporation must receive the certification by the following dates: in the case of a quarterly payment to be made on March 30, June 30, or September 30, the Corporation must receive the certification no later than the prior February 1, May 1, or August 1, respectively; in the case of a quarterly payment to be made on the alternate payment date, the Corporation must receive the certification by the prior November 1.

(ii) The certification shall be made on a pre-printed form provided by the Corporation. The form shall be signed by the institution's chief financial officer or such other officer as the institution's board of directors may designate for that purpose. The form shall be sent to the attention of the Chief of the Assessment Operations Section of the Corporation's Division of Finance. An institution may obtain the form from the Corporation's Division of Finance.

(iii) The election shall be effective with respect to the selected quarterly payment for the year specified in the certification and with respect to subsequent quarterly payments made on the selected payment date in subsequent years, until the election is terminated.

(3) *Termination.* (i) An insured depository institution may terminate its election of the doubled-payment option for a selected payment date by so certifying in writing to the Corporation in advance. In order for the termination to be effective, the Corporation must receive the termination certification by the following dates: In the case of a quarterly payment to be made on March 30, June 30, or September 30, the Corporation must receive the termination certification no later than the prior February 1, May 1, or August 1, respectively; in the case of a quarterly payment to be made on the alternate

(ii) The termination certification shall be made on a pre-printed form provided by the Corporation. The form shall be signed by the institution's chief financial officer or such other officer as the institution's board of directors may designate for that purpose. The form shall be sent to the attention of the Chief of the Assessment Operations Section of the Corporation's Division of Finance. An institution may obtain the form from the Corporation's Division of Finance.

(iii) The termination shall be permanent, except that an institution that has terminated its election of the double-payment option for a selected payment date may make a new election.

(4) *Manner of payment.* If an insured depository institution elects the double-payment option for a selected payment date, the Corporation will cause an amount equal to twice the amount stated in the applicable invoice to be directly debited on the selected payment date from the deposit account designated by the insured depository institution for that purpose.

### § 327.4 Annual assessment rate.

(a) *Assessment risk classification.* For the purpose of determining the annual assessment rate for insured depository institutions under § 327.9, each insured depository institution will be assigned an "assessment risk classification". Notice of the assessment risk classification applicable to a particular semiannual period will be provided to the institution with the first-quarterly invoice provided pursuant to § 327.3(c)(1). Each institution's assessment risk classification, which will be composed of a group and a subgroup assignment, will be based on the following capital and supervisory factors:

(1) *Capital factors.* Institutions will be assigned to one of the following three capital groups on the basis of data reported in the institution's Report of Income and Condition, Report of Assets and Liabilities of U.S. Branches and Agencies of Foreign Banks, or Thrift

Financial Report containing the necessary capital data, for the report date that is closest to the last day of the seventh month preceding the current semiannual period.

(i) *Well capitalized.* For assessment risk classification purposes, the short-form designation for this group is "1".

(A) Except as provided in paragraph (a)(1)(i)(B) of this section, this group consists of institutions satisfying each of the following capital ratio standards: Total risk-based ratio, 10.0 percent or greater; Tier 1 risk-based ratio, 6.0 percent or greater; and Tier 1 leverage ratio, 5.0 or greater. New insured depository institutions coming into existence after the report date specified in paragraph (a)(1) of this section will be included in this group for the first semiannual period for which they are required to pay assessments. For the purpose of computing the ratios referred to in this paragraph (a)(1)(i)(A) for the second semiannual period of 1997, each such ratio shall be computed for an institution as if the institution had retained the funds that the institution disbursed in payment of the special assessment prescribed by § 329.41(a).

(B) For purposes of assessment risk classification, an insured branch of a foreign bank will be deemed to be "well capitalized" if the insured branch:

(1) Maintains the pledge of assets required under 12 CFR 346.19; and

(2) Maintains the eligible assets prescribed under 12 CFR 346.20 at 108 percent or more of the average book value of the insured branch's third-party liabilities for the quarter ending on the report date specified in paragraph (a)(1) of this section.

(ii) *Adequately capitalized.* For assessment risk classification purposes, the short-form designation for this group is "2".

(A) Except as provided in paragraph (a)(1)(ii)(B) of this section, this group consists of institutions that do not satisfy the standards of "well capitalized" under this paragraph but which satisfy each of the following capital ratio standards: Total risk-based ratio, 8.0 percent or greater; Tier 1 risk-based ratio, 4.0 percent or greater; and Tier 1 leverage ratio, 4.0 percent or greater.

## § 327.4

## 12 CFR Ch. III (1-1-98 Edition)

For the purpose of computing the ratios referred to in this paragraph (a)(1)(ii)(A) for the second semiannual period of 1997, each such ratio shall be computed for an institution as if the institution had retained the funds that the institution disbursed in payment of the special assessment prescribed by § 327.41(a).

(B) For purposes of assessment risk classification, an insured branch of a foreign bank will be deemed to be “adequately capitalized” if the insured branch:

(1) Maintains the pledge of assets required under 12 CFR 346.19;

(2) Maintains the eligible assets prescribed under 12 CFR 346.20 at 106 percent or more of the average book value of the insured branch’s third-party liabilities for the quarter ending on the report date specified in paragraph (a)(1) of this section; and

(3) Does not meet the definition of a well capitalized insured branch of a foreign bank.

(iii) *Undercapitalized*. For assessment risk classification purposes, the short-form designation for this group is “3”. This group consists of institutions that do not qualify as either “well capitalized” or “adequately capitalized” under paragraphs (a)(1) (i) and (ii) of this section.

(2) *Supervisory risk factors*. Within its capital group, each institution will be assigned to one of three subgroups based on the Corporation’s consideration of supervisory evaluations provided by the institution’s primary federal regulator. The supervisory evaluations include the results of examination findings by the primary federal regulator, as well as other information the primary federal regulator determines to be relevant. In addition, the Corporation will take into consideration such other information (such as state examination findings, if appropriate) as it determines to be relevant to the institution’s financial condition and the risk posed to the BIF or SAIF. Authority to set dates applicable to the determination of supervisory subgroup assignments is delegated to the Corporation’s Director of the Division of Supervision (or his or her designee). The three supervisory subgroups are:

(i) *Subgroup “A”*. This subgroup consists of financially sound institutions with only a few minor weaknesses;

(ii) *Subgroup “B”*. This subgroup consists of institutions that demonstrate weaknesses which, if not corrected, could result in significant deterioration of the institution and increased risk of loss to the BIF or SAIF; and

(iii) *Subgroup “C”*. This subgroup consists of institutions that pose a substantial probability of loss to the BIF or SAIF unless effective corrective action is taken.

(b) *Payment of assessment at rate assigned*. Institutions shall make timely payment of assessments based on the assessment risk classification assigned in the notice provided to the institution pursuant to paragraph (a) of this section. Timely payment is required notwithstanding any request for review filed pursuant to paragraph (d) of this section. An institution for which the assessment risk classification cannot be determined prior to an invoice date specified in § 327.3(c)(1) or (d)(1) shall preliminarily pay on that invoice at the assessment rate applicable to the classification designated “2A” in the appropriate rate schedule set forth in § 327.9. If such institution is subsequently assigned for that semiannual period an assessment risk classification other than that designated as “2A”, or if the classification assigned to an institution in the notice is subsequently changed, any excess assessment paid by the institution will be credited by the Corporation, with interest, and any additional assessment owed shall be paid by the institution, with interest, in the next quarterly assessment payment after such subsequent assignment or change. Interest payable under this paragraph shall be determined in accordance with § 327.7.

(c) *Classification for certain types of institutions*. The annual assessment rate applicable to institutions that are bridge banks under 12 U.S.C. 1821(n) and to institutions for which the Corporation has been appointed or serves as conservator shall in all cases be the rate applicable to the classification designated as “2A” in the appropriate assessment schedule prescribed pursuant to § 327.9.

## Federal Deposit Insurance Corporation

## § 327.5

(d) *Requests for review.* An institution may submit a written request for review of its assessment risk classification. Any such request must be submitted within 30 days of the date of the assessment risk classification notice provided by the Corporation pursuant to paragraph (a) of this section. The request shall be submitted to the Corporation's Director of the Division of Supervision in Washington, DC, and shall include documentation sufficient to support the reclassification sought by the institution. If additional information is requested by the Corporation, such information shall be provided by the institution within 21 days of the date of the request for the additional information. Any institution submitting a timely request for review will receive written notice from the Corporation regarding the outcome of its request. Upon completion of a review, the Director of the Division of Supervision (or his or her designee) shall promptly notify the institution in writing of the FDIC's determination of whether reclassification is warranted. Notice of the procedures applicable to reviews will be included with the assessment risk classification notice to be provided pursuant to paragraph (a) of this section.

(e) *Disclosure restrictions.* The supervisory subgroup to which an institution is assigned by the Corporation pursuant to paragraph (a) of this section is deemed to be exempt information within the scope of § 309.5(c)(8) of this chapter and, accordingly, is governed by the disclosure restrictions set out at § 309.6 of this chapter.

(f) *Limited use of assessment risk classification.* The assignment of a particular assessment risk classification to a depository institution under this part 327 is for purposes of implementing and operating a risk-based assessment system. Unless permitted by the Corporation or otherwise required by law, no institution may state in any advertisement or promotional material the assessment risk classification assigned to it pursuant to this part.

(g) *Lifeline accounts.* Notwithstanding any other provision of this part 327, the portion of an institution's assessment base that is attributable to deposits in lifeline accounts pursuant to the Bank

Enterprise Act, 12 U.S.C. 1834, will be assessed at such rate as may be established by the Corporation pursuant to 12 U.S.C. 1834 and section 7(b)(2)(H) of the Federal Deposit Insurance Act, as amended, 12 U.S.C. 1817(b)(2)(H).

### § 327.5 Assessment base.

(a) *Computation of assessment base.* Except as provided in paragraph (c) of this section, the assessment base of an insured depository institution for any date on which the institution is required to file a quarterly report of condition shall be computed by:

(1) Adding—

(i) All demand deposits—

(A) That the institution reported as such in the quarterly report of condition for that date;

(B) That belong to subsidiaries of the institution and were eliminated in consolidation;

(C) That are held in any insured branches of the institution that are located in the territories and possessions of the United States;

(D) That represent any uninvested trust funds required to be separately stated in the quarterly report for that date;

(E) That represent any unposted credits to demand deposits, as determined in accordance with the provisions of paragraph (b)(1) of this section; and

(ii) All time and savings deposits, together with all interest accrued and unpaid thereon—

(A) That the institution reported as such in the quarterly report of condition for that date;

(B) That belong to subsidiaries of the institution and were eliminated in consolidation;

(C) That are held in any insured branches of the institution that are located in the territories and possessions of the United States;

(D) That represent any unposted credits to time and savings deposits, as determined in accordance with the provisions of paragraph (b)(1) of this section; then

(2) Subtracting, in the case of any institution that maintains such records as will readily permit verification of

## § 327.6

## 12 CFR Ch. III (1-1-98 Edition)

the correctness of its assessment base—

- (i) Any unposted debits;
- (ii) Any pass-through reserve balances;
- (iii) 16% percent of the amount computed by subtracting, from the amount specified in paragraph (a)(1)(i) of this section, the sum of:
  - (A) Unposted debits allocated to demand deposits pursuant to the provisions of paragraph (b)(2) of this section; plus
  - (B) Pass-through reserve balances representing demand deposits;
  - (iv) 1 percent of the amount computed by subtracting, from the amount specified in paragraph (a)(1)(ii) of this section, the sum of:
    - (A) Unposted debits allocated to time and savings deposits pursuant to the provisions of paragraph (b)(2) of this section; plus
    - (B) Pass-through reserve balances representing time and savings deposits;
  - (v) Liabilities arising from a depository institution investment contract that are not treated as insured deposits under section 11(a)(8) of the Federal Deposit Insurance Act (12 U.S.C. 1821(a)(8)).

(b) *Methods of reporting unposted credits and unposted debits*—(1) *Unposted credits*. Each insured depository institution shall report unposted credits in quarterly reports of condition for addition to the assessment base in the following manner:

(i) If the institution's records show the total actual amount of unposted credits segregated into demand deposits and time and savings deposits, the institution must report the segregated amounts for addition to demand deposits and time and savings deposits, respectively.

(ii) If the institution's records show the total actual amount of unposted credits but do not segregate the amount as stated in paragraph (b)(1)(i) of this section, the institution must report the total actual amount of the unposted credits for addition to time and savings deposits.

(2) *Unposted debits*. Unposted debits may be reported in the same manner as stated in paragraph (b)(1) of this section for deduction from the assessment base, except that unsegregated

amounts may be reported for deduction only from demand deposits.

(c) *Newly insured institutions*. In the case of a newly insured institution, the assessment base for the last date for which insured depository institutions are required to file quarterly reports of condition within the semiannual period in which the newly insured institution became an insured institution shall be deemed to be its assessment base for that semiannual period. If the institution has not filed such a report by the due date for such reports from insured depository institutions, it shall promptly provide to the Corporation such information as the Corporation may require to prepare the certified statement form for the institution for the current semiannual period.

[59 FR 67163, Dec. 29, 1994]

### § 327.6 Terminating transfers; other terminations of insurance.

(a) *Terminating transfer*—(1) *Assessment base computation*. If a terminating transfer occurs at any time in the second half of a semiannual period, each surviving institution's assessment base (as computed pursuant to § 327.5) for the first half of that semiannual period shall be increased by an amount equal to such institution's pro rata share of the terminating institution's assessment base for such first half.

(2) *Pro rata share*. For purposes of paragraph (a)(1) of this section, the phrase *pro rata share* means a fraction the numerator of which is the deposits assumed by the surviving institution from the terminating institution during the second half of the semiannual period during which the terminating transfer occurs, and the denominator of which is the total deposits of the terminating institution as required to be reported in the quarterly report of condition for the first half of that semiannual period.

(3) *Other assessment-base adjustments*. The Corporation may in its discretion make such adjustments to the assessment base of an institution participating in a terminating transfer, or in a related transaction, as may be necessary properly to reflect the likely amount of the loss presented by the institution to its insurance fund.

(4) *Limitation on aggregate adjustments.* The total amount by which the Corporation may increase the assessment bases of surviving or other institutions under this paragraph (a) shall not exceed, in the aggregate, the terminating institution's assessment base as reported in its quarterly report of condition for the first half of the semi-annual period during which the terminating transfer occurs.

(b) *Other terminations.* When the insured status of an institution is terminated, and the deposit liabilities of such institution are not assumed by another insured depository institution—

(1) *Payment of assessments; certified statements.* The terminating depository institution shall continue to file certified statements and pay assessments for the period its deposits are insured. Such terminating institution shall not be required to file further certified statements or to pay further assessments after the depository institution has paid in full its deposit liabilities and the assessment to the Corporation required to be paid for the semiannual period in which its deposit liabilities are paid in full, and after it, under applicable law, has ceased to have authority to transact a banking business and to have existence, except for the purpose of, and to the extent permitted by law for, winding up its affairs.

(2) *Payment of deposits; certification to Corporation.* When the deposit liabilities of the depository institution have been paid in full, the depository institution shall certify to the Corporation that the deposit liabilities have been paid in full and give the date of the final payment. When the depository institution has unclaimed deposits, the certification shall further state the amount of the unclaimed deposits and the disposition made of the funds to be held to meet the claims. For assessment purposes, the following will be considered as payment of the unclaimed deposits:

(i) The transfer of cash funds in an amount sufficient to pay the unclaimed and unpaid deposits to the public official authorized by law to receive the same; or

(ii) If no law provides for the transfer of funds to a public official, the trans-

fer of cash funds or compensatory assets to an insured depository institution in an amount sufficient to pay the unclaimed and unpaid deposits in consideration for the assumption of the deposit obligations by the insured depository institution.

(3) *Notice to depositors.* (i) The terminating depository institution shall give sufficient advance notice of the intended transfer to the owners of the unclaimed deposits to enable the depositors to obtain their deposits prior to the transfer. The notice shall be mailed to each depositor and shall be published in a local newspaper of general circulation. The notice shall advise the depositors of the liquidation of the depository institution, request them to call for and accept payment of their deposits, and state the disposition to be made of their deposits if they fail to promptly claim the deposits.

(ii) If the unclaimed and unpaid deposits are disposed of as provided in paragraph (b)(2)(i) of this section, a certified copy of the public official's receipt issued for the funds shall be furnished to the Corporation.

(iii) If the unclaimed and unpaid deposits are disposed of as provided in paragraph (b)(2)(ii) of this section, an affidavit of the publication and of the mailing of the notice to the depositors, together with a copy of the notice and a certified copy of the contract of assumption, shall be furnished to the Corporation.

(4) *Notice to Corporation.* The terminating depository institution shall advise the Corporation of the date on which the authority or right of the depository institution to do a banking business has terminated and the method whereby the termination has been effected (*i.e.*, whether the termination has been effected by the surrender of the charter, the cancellation of its authority or license to do a banking business by the supervisory authority, or otherwise).

(c) *Resumption of insured status before insurance of deposits ceases.* If a depository institution whose insured status has been terminated is permitted by the Corporation to continue or resume

## § 327.7

## 12 CFR Ch. III (1–1–98 Edition)

its status as an insured depository institution before the insurance of its deposits has ceased, the institution will be deemed, for assessment purposes, to continue as an insured depository institution and must thereafter furnish certified statements and pay assessments as though its insured status had not been terminated. The procedure for applying for the continuance or resumption of insured status is set forth in § 303.5 of this chapter.

[54 FR 51374, Dec. 15, 1989, as amended at 59 FR 67164, Dec. 29, 1994; 61 FR 64983, Dec. 10, 1996]

### § 327.7 Payment of interest on assessment underpayments and overpayments.

(a) *Payment of interest*—(1) *Payment by institutions.* Each insured depository institution shall pay interest to the Corporation on any underpayment of the institution's assessment.

(2) *Payment by Corporation.* (i) The Corporation will pay interest on any overpayment by the institution of its assessment.

(ii) When an institution elects the alternate payment date pursuant to § 327.3(c)(3), or otherwise pays an amount due on a regular payment date before that date, the payment of the invoiced amount prior to the regular payment date shall not be regarded as an overpayment of an assessment.

(iii) When an institution elects the doubled-payment option pursuant to § 327.3(j), the payment of any amount in excess of the invoiced amount shall not be regarded as an overpayment of an assessment.

(3) *Accrual of interest.* (i) Interest on an amount owed to or by the Corporation for the underpayment or overpayment of an assessment shall accrue interest at the relevant interest rate.

(ii) Interest on an amount specified in paragraph (a)(3)(i) of this section shall begin to accrue on the day following the regular payment date, as provided for in § 327.3(c)(2) and (d)(2), for the amount so overpaid or underpaid, provided, however, that interest shall not begin to accrue on any overpayment until the day following the date such overpayment was received by the Corporation. Interest shall continue to accrue through the date on which the overpayment or under-

payment (together with any interest thereon) is discharged.

(iii) The relevant interest rate shall be redetermined for each quarterly assessment interval. A quarterly assessment interval begins on the day following a regular payment date, as specified in § 327.3(c)(2) and (d)(2), and ends on the immediately following regular payment date.

(b) *Rates after the first payment date in 1996.* (1) On and after January 3, 1996, the relevant interest rate for a quarterly assessment interval that includes the month of January, April, July, and October, respectively, is the coupon equivalent yield of the average discount rate set on the 3-month Treasury bill at the last auction held by the United States Treasury Department during the preceding December, March, June, and September, respectively.

(2) The relevant interest rate for a quarterly assessment interval will apply to any amounts overpaid or underpaid on the payment date (whether regular or alternate) immediately prior to the beginning of the quarterly assessment interval. The relevant interest rate will also apply to any amounts owed for previous overpayments or underpayments (including any interest thereon) that remain outstanding, after any adjustments to such overpayments or underpayments have been made thereon, at the end of the regular payment date immediately prior to the beginning of the quarterly assessment interval.

(c) *Rates prior to the first payment date in 1996.* Through January 3, 1996:

(1) The interest rate will be the United States Treasury Department's current value of funds rate which is issued under the Treasury Fiscal Requirements Manual (TFRM rate) and published in the FEDERAL REGISTER;

(2) The interest will be calculated based on the rate issued under the TFRM for each applicable period and compounded annually;

(3) For the initial year, the rate will be applied to the gross amount of the underpayment or overpayment; and

(4) For each additional year or portion thereof, the rate will be applied to the net amount of the underpayment or overpayment after that amount has

been reduced by the assessment credit, if any, for the year.

### § 327.8 Definitions.

For the purposes of this part 327:

(a) *Unposted credits and debits*—(1) *Unposted credit*. The term *unposted credit* means any deposit received in any office of a depository institution for deposit in any other office of the depository institution located in any State of the United States, the District of Columbia, Puerto Rico, Guam, American Samoa, the Northern Marianas Islands, or the Virgin Islands, except those which have been:

(i) Included in the total deposits in the quarterly report of condition; or

(ii) Offset in the quarterly report of condition by an equal amount of cash items in the institution's possession drawn on itself (on the same type of deposits as those offset) and not charged against deposit liabilities at the close of business on the date of the quarterly report of condition.

(2) *Unposted debit*. The term *unposted debit* means a cash item in the reporting institution's possession that is drawn on the institution and immediately chargeable, but not yet charged, against the institution's deposit liabilities at the close of business on the date of the quarterly report of condition. The following items are excluded:

(i) Cash items drawn on other depository institutions,

(ii) Overdrafts and nonsufficient fund (NSF) items,

(iii) Cash items returned unpaid to the last endorser for any reason, and

(iv) Drafts and warrants that are *payable at or payable through* the reporting institution for which there is no written authorization on file at the institution or State statute allowing the institution at its discretion to charge the items against the deposit accounts of the drawees.

(3) *Exclusion*. The above terms *unposted credit* and *unposted debit* do not include items which have been reflected in deposit accounts on the general ledger and in the quarterly report of condition, even though they have

not been credited or debited to individual deposit accounts.

(b) *Deposits*—(1) *Deposit*. The term *deposit* has the meaning specified in section 3(I) of the Federal Deposit Insurance Act. In particular, the term *deposit* includes any liability—without regard for whether the liability is a liability of an insured bank or of an insured savings association—that is of a kind which, had the liability been a liability of an insured bank immediately prior to the effective date of the Financial Institutions Reform, Recovery, and Enforcement Act of 1989, would have constituted a deposit in such bank within the meaning of section 3(I) of the Federal Deposit Insurance Act as such section 3(I) was then in effect.

(2) *Demand deposits*. The term *demand deposits* refers to deposits specified in § 329.1(b) of this chapter, except that any reference to *bank* in such section shall be deemed to refer to *depository institution*.

(3) *Time and savings deposits*. The term *time and savings deposits* refers to any deposits other than demand deposits.

(4) *Exception*. (i) Deposits accumulated for the payment of personal loans, which represent actual loan payments received by the depository institution from borrowers and accumulated by the depository institution in hypothecated deposit accounts for payment of the loans at maturity, shall not be reported as deposits on the quarterly report of condition. The deposit amounts covered by the exception are to be deducted from the loan amounts for which these deposits have been accumulated and assigned or pledged to effectuate payment.

(ii) Time and savings deposits that are pledged as collateral to secure loans are not *deposits accumulated for the payment of personal loans* and are to be reported in the same manner as if they were not securing a loan.

(c) *Quarterly report of condition*. The term *quarterly report of condition* means a report required to be filed pursuant to section 7(a)(3) of the Federal Deposit Insurance Act.

(d) *Semiannual period*—(1) *In general.* The term *semiannual period* means a period beginning on January 1 of any calendar year and ending on June 30 of the same year, or a period beginning on July 1 of any calendar year and ending on December 31 of the same year.

(2) *Current semiannual period.* The term *current semiannual period* means, with respect to a certified statement or an assessment, the semiannual period within which such certified statement is required to be filed or for which such assessment is required to be paid.

(3) *Prior semiannual period.* The term *prior semiannual period* means, with respect to a certified statement or an assessment, the semiannual period immediately prior to the current semiannual period.

(e) *Newly insured institution.* The term *newly insured institution* means an institution that became an insured depository institution during the semiannual period immediately prior to the period for which the certified statement is required: *Provided*, That the term *newly insured institution* does not include any institution that became an insured depository institution as a result of the operation of section 4(a)(2) of the Federal Deposit Insurance Act.

(f) *BIF; BIF member.*—(1) *BIF.* The term *BIF* means the Bank Insurance Fund.

(2) *BIF member.* The term *BIF member* means a depository institution that is a member of the BIF.

(g) *SAIF; SAIF member.*—(1) *SAIF.* The term *SAIF* means the Savings Association Insurance Fund.

(2) *SAIF member.* The term *SAIF member* means a depository institution that is a member of the SAIF.

(h) As used in § 327.6(a), the following terms are given the following meanings:

(1) *Surviving institution.* The term *surviving institution* means an insured depository institution that assumes some or all of the deposits of another insured depository institution in a terminating transfer.

(2) *Terminating institution.* The term *terminating institution* means an insured depository institution some or all of the deposits of which are assumed by another insured depository institution in a terminating transfer.

(3) *Terminating transfer.* The term *terminating transfer* means the assumption by one insured depository institution of another insured depository institution's liability for deposits, whether by way of merger, consolidation, or other statutory assumption, or pursuant to contract, when the terminating institution goes out of business or transfers all or substantially all its assets and liabilities to other institutions or otherwise ceases to be obliged to pay subsequent assessments by or at the end of the semiannual period during which such assumption of liability for deposits occurs. The term *terminating transfer* does not refer to the assumption of liability for deposits from the estate of a failed institution, or to a transaction in which the FDIC contributes its own resources in order to induce a surviving institution to assume liabilities of a terminating institution.

(i) [Reserved]

(j) *Primary fund.* The *primary fund* of an insured depository institution is the insurance fund of which the institution is a member.

(k) *Secondary fund.* The *secondary fund* of an insured depository institution is the insurance fund that is not the primary fund of the institution.

Each base assessment schedule utilizes the group and subgroup designations specified in § 327.4(a). An institution shall pay assessments at the rate specified in the appropriate base assessment schedule except as provided in paragraph (b) of this section.

(2) *Assessment schedules*—(i) *Base rates for BIF members.* The following base assessment schedule applies with respect to assessments paid to the BIF by BIF

(2) *Adjusted rates for BIF members.* The Board has adjusted the BIF Base Assessment Schedule by reducing each rate therein by 4 basis points for the first semiannual period of 1997 and thereafter. Accordingly, the following adjusted assessment schedule applies to BIF members:

(B) *Termination of special rate schedule.* An institution that makes a pro-rata payment of the special assessment shall cease to be subject to paragraph (b)(3)(ii)(A) of this section. The pro-rata payment must be equal to the following product: 16.7 percent of the amount the institution would have owed for the special assessment, multiplied by the number of full semiannual periods remaining between the date of the payment and December 31, 1999.

(c) *Rate adjustments; procedures—(1) Semiannual adjustments.* The Board may increase or decrease the BIF Base Assessment Schedule set forth in paragraph (a)(2)(i) of this section or the SAIF Base Assessment Schedule set forth in paragraph (a)(2)(ii) of this section up to a maximum increase of 5 basis points or a fraction thereof or a maximum decrease of 5 basis points or a fraction thereof (after aggregating increases and decreases), as the Board

## § 327.10

deems necessary to maintain the reserve ratio of an insurance fund at the designated reserve ratio for that fund. Any such adjustment shall apply uniformly to each rate in the base assessment schedule. In no case may such adjustments result in an assessment rate that is mathematically less than zero or in a rate schedule for an insurance fund that, at any time, is more than 5 basis points above or below the base assessment schedule for that fund, nor may any one such adjustment constitute an increase or decrease of more than 5 basis points. The adjustment for any semiannual period for a fund shall be determined by:

(i) The amount of assessment revenue necessary to maintain the reserve ratio at the designated reserve ratio; and

(ii) The assessment schedule that would generate the amount of revenue in paragraph (c)(1)(i) of this section considering the risk profile of the institutions required to pay assessments to the fund.

(2) *Amount of revenue.* In determining the amount of assessment revenue in paragraph (c)(1)(i) of this section, the Board shall take into consideration the following:

(i) Expected operating expenses of the insurance fund;

(ii) Case resolution expenditures and income of the insurance fund;

(iii) The effect of assessments on the earnings and capital of the institutions paying assessments to the insurance fund; and

(iv) Any other factors the Board may deem appropriate.

(3) *Adjustment procedure.* Any adjustment adopted by the Board pursuant to this paragraph (c) will be adopted by rulemaking. Nevertheless, because the Corporation is generally required by statute to set assessment rates as necessary (and only to the extent necessary) to maintain or attain the target designated reserve ratio, and because the Corporation must do so in the face of constantly changing conditions, and because the purpose of the adjustment procedure is to permit the Corporation to act expeditiously and frequently to maintain or attain the designated reserve ratio in an environment of constant change, but within set parameters not exceeding 5 basis

## 12 CFR Ch. III (1-1-98 Edition)

points, without the delays associated with full notice-and-comment rulemaking, the Corporation has determined that it is ordinarily impracticable, unnecessary and not in the public interest to follow the procedure for notice and public comment in such a rulemaking, and that accordingly notice and public procedure thereon are not required as provided in 5 U.S.C. 553(b). For the same reasons, the Corporation has determined that the requirement of a 30-day delayed effective date is not required under 5 U.S.C. 553(d). Any adjustment adopted by the Board pursuant to a rulemaking specified in this paragraph (c) will be reflected in an adjusted assessment schedule set forth in paragraph (b)(2) or (b)(3) of this section, as appropriate.

(4) *Announcement.* Except with respect to assessments for the first semiannual period of 1997, the Board shall announce the semiannual assessment schedule and the amount and basis for any adjustment thereto not later than 15 days before the invoice date specified in § 327.3(c) for the first quarter of the semiannual period for which the adjustment shall be effective.

(d) *Refunds or credits of certain assessments.* If the amount paid by an institution for the regular semiannual assessment for the second semiannual period of 1996 exceeds, as a result of the reduction in the rate schedule for a portion of that semiannual period, the amount due from the institution for that semiannual period, the Corporation will refund or credit any such excess payment and will provide interest on the excess payment in accordance with the provisions of § 327.7. Notwithstanding § 327.7(a)(3)(ii), such interest will accrue beginning as of October 1, 1996.

(1) Is either a BIF or SAIF member; and

(2) Is the assuming, surviving, or resulting institution in a transaction undertaken pursuant to section 5(d)(3) of the Federal Deposit Insurance Act.

(b) *Duration.* This subpart B shall cease to apply to an insured depository institution if:

(1) On or after August 9, 1994, the Corporation approves an application by an insured depository institution to treat the transaction described in paragraph (a) of this section as a conversion transaction; and

[57 FR 45286, Oct. 1, 1992, as amended at 59 FR 67165, Dec. 29, 1994]

#### § 327.32 Computation and payment of assessment.

(a) *Rate of assessment*—(1) *BIF and SAIF member rates.* (i) Except as provided in paragraph (a)(2) of this section, and consistent with the provisions of §327.4, the assessment to be paid by an institution that is subject to this subpart B shall be computed at the rate applicable to institutions that are members of the primary fund of such institution. (ii) Such applicable rate shall be applied to the institution’s assessment base less that portion of the assessment base which is equal to the institution’s adjusted attributable deposit amount.

(2) *Rate applicable to the adjusted attributable deposit amount.* Notwithstanding paragraph (a)(1)(i) of this sec-

tion, that portion of the assessment base of any acquiring, assuming, or resulting institution which is equal to the adjusted attributable deposit amount of such institution shall:

(i) Be subject to assessment at the assessment rate applicable to members of the secondary fund of such institution pursuant to subpart A of this part; and

(ii) Not be taken into account in computing the amount of any assessment to be allocated to the primary fund of such institution.

(3) *Adjusted attributable deposit amount.* An insured depository institution’s “adjusted attributable deposit amount” for any semiannual period is equal to the sum of:

(i) The amount of any deposits acquired by the institution in connection with the transaction (as determined at the time of such transaction) described in §327.31(a), but subject to the adjustment specified in paragraph (c) of this section;

(ii) The total of the amounts determined under paragraph (a)(3)(iii) of this section for semiannual periods preceding the semiannual period for which the determination is being made under this section; and

(iii) The amount by which the sum of the amounts described in paragraphs (a)(3)(i) and (a)(3)(ii) of this section would have increased during the preceding semiannual period (other than any semiannual period beginning before the date of such transaction) if such increase occurred at a rate equal to the annual rate of growth of deposits of the acquiring, assuming, or resulting depository institution minus the amount of any deposits acquired through the acquisition, in whole or in part, of another insured depository institution.

(4) *Deposits acquired by the institution.* As used in paragraph (a)(3)(i) of this section, the term “deposits acquired by the institution” means all deposits that are held in the institution acquired by such institution on the date of such transaction; provided, that if on or before June 30, 1997, the Corporation has been appointed or serves as conservator or receiver for the acquired institution, such term:

(i) Does not include any deposit held in the acquired institution on the date of such transaction which the acquired institution has obtained, directly or indirectly, by or through any deposit broker;

(ii) Does not include that part of any remaining deposit held in the acquired institution on the date of such transaction that is in excess of \$80,000; and

(iii) Is limited to 80 per centum of the remaining portion of the aggregate of the deposits specified in paragraph (a)(4)(ii) of this section.

(5) *Deposit broker.* As used in paragraph (a)(4) of this section, the term “deposit broker” has the meaning specified in section 29 of the Federal Deposit Insurance Act (12 U.S.C. 1831f).

(b) *Procedures for computation and payment.* An insured depository institution subject to this subpart B shall follow the payment procedure that is set forth in subpart A of this part.

(c) *Reduction of deposits acquired by certain institutions.* In the case of a transaction occurring on or before March 31, 1995, the amount determined under paragraph (a)(3)(i) of this section shall be reduced by 20 percent for the purpose of computing the adjusted attributable deposit amount for any semiannual period beginning after December 31, 1996, of a BIF member bank that, as of June 30, 1995:

(1) Had an adjusted attributable deposit amount the value of which was less than 50 percent of the amount of its total deposits; or

(2)(i) Had an adjusted attributable deposit amount the value of which was less than 75 percent of the value of its total deposits;

(ii) Had total deposits greater than \$5,000,000,000; and

(iii) Was owned or controlled by a bank holding company that owned or controlled insured depository institutions having an aggregate amount of deposits insured or treated as insured by the BIF greater than the aggregate amount of deposits insured or treated as insured by the SAIF.

[59 FR 67165, Dec. 29, 1994, as amended at 61 FR 53839, Oct. 16, 1996; 61 FR 64983, Dec. 10, 1996]

### § 327.33 “Acquired” deposits.

This section interprets the phrase “deposits acquired by the institution” as used in § 327.32(a)(3)(i).

(a) *In general*—(1) *Secondary-fund deposits.* The phrase “deposits acquired by the institution” refers to deposits that are insured by the secondary fund of the acquiring institution, and does not include deposits that are insured by the acquiring institution’s primary fund.

(2) *Nominal dollar amount.* Except as provided in paragraph (b) of this section, an acquiring institution is deemed to acquire the entire nominal dollar amount of any deposits that the transferring institution holds on the date of the transaction and transfers to the acquiring institution.

(b) *Conduit deposits*—(1) *Defined.* As used in this paragraph (b), the term “conduit deposits” refers to deposits that an acquiring institution has assumed from another institution (original transferor) in the course of a transaction described in § 327.31(a), and that are treated as insured by the secondary fund of the acquiring institution, but which the acquiring institution has been explicitly and specifically ordered by the Corporation, or by the appropriate federal banking agency for the institution, or by the Department of Justice to commit to re-transfer to another insured depository institution (re-transferee institution) as a condition of approval of the transaction. The commitment must be enforceable, and the divestiture must be required to occur and must occur within 6 months after the date of the initial transaction.

(2) *Treatment with respect to acquiring institution.* Conduit deposits are not considered to be acquired by the acquiring institution within the meaning of § 327.32(a)(3)(i) for the purpose of computing the acquiring institution’s adjusted attributable deposit amount for a current semiannual period that begins after the end of the semiannual period following the semiannual period in which the acquiring institution re-transfers the deposits.

(3) *Treatment with respect to re-transferee institution.* Conduit deposits are treated as insured by the same insurance fund after having been acquired

by the re-transferee institution as when held by the original transferor. [61 FR 64983, Dec. 10, 1996]

### § 327.34 Application of AADAs.

This section interprets the meaning of the phrase “an insured depository institution’s ‘adjusted attributable deposit amount’ for any semiannual period” as used in the introductory text of § 327.32(a)(3).

(a) *In general.* The phrase “for any semiannual period” refers to the current semiannual period: that is, the period for which the assessment is due, and for which an institution’s adjusted attributable deposit amount (AADA) is computed.

(b) *Quarterly components of AADAs.* An AADA for a current semiannual period consists of 2 quarterly AADA components. The first quarterly AADA component for the current period is determined with respect to the first quarter of the prior semiannual period, and the second quarterly AADA component for the current period is determined with respect to the second quarter of the prior period.

(c) *Application of AADAs.* The value of an AADA that is to be applied to a quarterly assessment base in accordance with § 327.32(a)(2) is the value of the quarterly AADA component for the corresponding quarter.

(d) *Initial AADAs.* If an AADA for a current semiannual period has been generated in a transaction that has occurred in the second calendar quarter of the prior semiannual period, the first quarterly AADA component for the current period is deemed to have a value of zero.

(e) *Transition rule.* Paragraphs (b), (c) and (d) of this section shall apply to any AADA for any semiannual period beginning on or after July 1, 1997.

[61 FR 64984, Dec. 10, 1996]

### § 327.35 Grandfathered AADA elements.

This section explains the meaning of the phrase “total of the amounts determined under paragraph (a)(3)(iii)” in § 327.32(a)(3)(ii). The phrase “total of the amounts determined under paragraph (a)(3)(iii)” refers to the aggregate of the increments of growth determined in accordance with

§ 327.32(a)(3)(iii). Each such increment is deemed to be computed in accordance with the contemporaneous provisions and interpretations of such section. Accordingly, any increment of growth that is computed with respect to a semiannual period has the value appropriate to the proper calculation of the institution’s assessment for the semiannual period immediately following such semiannual period.

[61 FR 64984, Dec. 10, 1996]

### § 327.36 Growth computation.

This section interprets various phrases used in the computation of growth as prescribed in § 327.32(a)(3)(iii).

(a) *Annual rate.* The annual rate of growth of deposits refers to the rate, which may be expressed as an annual percentage rate, of growth of an institution’s deposits over any relevant interval. A relevant interval may be less than a year.

(b) *Growth; increase; increases.* Except as provided in paragraph (c) of this section, references to “growth”, “increase”, and “increases” may generally include negative values as well as positive ones.

(c) *Growth of deposits.* “Growth of deposits” does not include any decrease in an institution’s deposits representing deposits transferred to another insured depository institution, if the transfer occurs on or after July 1, 1996.

(d) *Quarterly determination of growth.* For the purpose of computing assessments for semiannual periods beginning on July 1, 1997, and thereafter, the rate of growth of deposits for a semiannual period, and the amount by which the sum of the amounts specified in § 327.32(a)(3)(i) and (ii) would have grown during a semiannual period, is to be determined by computing such rate of growth and such sum of amounts for each calendar quarter within the semiannual period.

[61 FR 64984, Dec. 10, 1996]

### § 327.37 Attribution of transferred deposits.

This section explains the attribution of deposits to the BIF and the SAIF

when one insured depository institution (acquiring institution) acquires deposits from another insured depository institution (transferring institution). For the purpose of determining whether the assumption of deposits (assumption transaction) constitutes a transaction undertaken pursuant to section 5(d)(3) of the Federal Deposit Insurance Act (12 U.S.C. 1815(d)(3)), and for the purpose of computing the adjusted attributable deposit amounts, if any, of the acquiring and the transferring institutions after the transaction:

(a) *Transferring institution*—(1) *Transfer of primary-fund deposits*. To the extent that the aggregate volume of deposits that is transferred by a transferring institution in a transaction, or in a related series of transactions, does not exceed the volume of deposits that is insured by its primary fund (primary-fund deposits) immediately prior to the transaction (or, in the case of a related series of transactions, immediately prior to the initial transaction in the series), the transferred deposits shall be deemed to be insured by the institution's primary fund. The primary institution's volume of primary-fund deposits shall be reduced by the aggregate amount so transferred.

(2) *Transfer of secondary-fund deposits*. To the extent that the aggregate volume of deposits that is transferred by the transferring institution in a transaction, or in a related series of transactions, exceeds the volume of deposits that is insured by its primary fund immediately prior to the transaction (or, in the case of a related series of transactions, immediately prior to the initial transaction in the series), the following volume of the deposits so transferred shall be deemed to be insured by the institution's secondary fund (secondary-fund deposits): the aggregate amount of the transferred deposits minus that portion thereof that is equal to the institution's primary-fund deposits. The transferring institution's volume of secondary-fund deposits

shall be reduced by the volume of the secondary-fund deposits so transferred.

(b) *Acquiring institution*. The deposits shall be deemed, upon assumption by the acquiring institution, to be insured by the same fund or funds in the same amount or amounts as the deposits were so insured immediately prior to the transaction.

However, no bank becoming an insured bank shall be required to display such an official sign until twenty-one (21) days after its first day of operation as an insured bank. An official sign may be displayed by an insured bank prior to the date display is required. Additional bank signs or savings association signs may be displayed in other locations within an insured bank in other sizes, colors, or materials. The official advertising statement shall be of such size and print to be clearly legible. Where it is desired to use the "symbol" of the Corporation as the official advertising statement, and the "symbol" must be reduced to such proportions that the small lines of type and the Corporation seal therein are indistinct and illegible, the Corporation seal in the letter C and the two lines of small type may be blocked out or dropped.

### § 329.0 Scope.

This part applies to any deposit which is payable by a bank within the States of the United States or the District of Columbia, or which is directly or indirectly accessible by check, draft, or order payable within the States of the United States or the District of Columbia, which check, draft or order is drawn on an account maintained at a bank office located within the States of the United States or the District of Columbia. An *international banking facility time deposit*, as defined by the Board of Governors of the Federal Reserve System in §204.8(a)(2) of this title, is not a *deposit* within the meaning of this part.

### § 329.1 Definitions.

(a) The term *bank* includes:

(1) Any State bank, as defined in section 3(a) of the Federal Deposit Insurance Act, 12 U.S.C. 1813(a), the deposits in which are insured by the Corporation, and which is not a member of the Federal Reserve System;

(2) Any State branch of a foreign bank, the deposit obligations in which branch are insured by the Corporation; and

(3) Any noninsured bank in a State if the total amount of time and savings deposits held in all such banks in the

State, plus the total amount of deposits, shares, and withdrawable accounts held in all building and loan, savings and loan, and homestead associations (including cooperative banks) in the State which are not members of a Federal home loan bank, is more than 20 per centum of the total amount of such deposits, shares, and withdrawable accounts held in all banks and building and loan, savings and loan, and homestead associations (including cooperative banks) in the State.

(b) The term *demand deposit* includes:

(1) Any deposit that has a maturity or required-notice period of less than seven days;

(2) Any deposit regarding which the bank does not reserve the right to require at least seven days' written notice prior to withdrawal or transfer of any funds from the account; or

(3) Any other deposit from which, under the terms of the deposit contract, the depositor is authorized to make, during any month or statement cycle of at least four weeks, more than six transfers by means of a preauthorized or automatic transfer or telephonic (including data transmission) agreement, order or instruction, which transfers are made to another account of the depositor at the same bank, to the bank itself, or to a third party:

*Provided*, That any deposit specified in this paragraph (b)(3) will be deemed to be a *demand deposit* if more than three of the six authorized transfers are authorized to be made by check, draft, debit card or similar order made by the depositor;

*And provided further*, That no deposit specified in this paragraph (3) will be deemed to be a *demand deposit* if the entire beneficial interest of the deposit is held by a depositor identified in paragraph (2) of section 2(a) of Pub. L. 93-100 (12 U.S.C. 1832(a)(2)).<sup>1</sup>

<sup>1</sup>Paragraph (1) of 12 U.S.C. 1832(a) authorizes banks to let certain depositors make withdrawals from interest-bearing deposits by negotiable or transferable instruments for the purpose of making transfers to third parties—*i.e.*, to hold deposits commonly called *NOW accounts*.

Paragraph (2) of 12 U.S.C. 1832(a) provides: "Paragraph (1) shall apply only with respect to deposits or accounts which consist solely

(c) The term *interest* means any payment to or for the account of any depositor as compensation for the use of funds constituting a deposit. A bank's absorption of expenses incident to providing a normal banking function or its forbearance from charging a fee in connection with such a service is not considered a payment of interest.

[51 FR 10808, Mar. 31, 1986, as amended at 53 FR 47523, Nov. 23, 1988]

### § 329.2 Payment of interest.

No bank shall, directly or indirectly, by any device whatsoever, pay interest on any demand deposit.

### § 329.101 Transfers not included within the six transfers allowed for non-demand deposits pursuant to § 329.1(b)(3).

This interpretive rule describes certain transfers that are not included as any of the six transfers allowed pursuant to § 329.1(b)(3).

(a) Transfers from a deposit described in § 329.1(b)(3) that are made to the bank are not deemed to be included within the six transfers permitted for a nondemand deposit by that paragraph (3) when the transfers are made for the purpose of repaying loans and associated expenses at the bank (as originator or servicer). This exemption does not apply to transfers to the bank that are made for the purpose of repaying loans that are made by the bank to the depositor's demand account for the purpose of covering overdrafts.

(b) Transfers from a deposit described in § 329.1(b)(3) that are made to another account of the same depositor at the bank are not deemed to be included within the six transfers permitted for a nondemand deposit by that paragraph

of funds in which the entire beneficial interest is held by one or more individuals or by an organization which is operated primarily for religious, philanthropic, charitable, educational, political, or other similar purposes and which is not operated for profit, and with respect to deposits of public funds by an officer, employee, or agent of the United States, any State, county, municipality, or political subdivision thereof, the District of Columbia, the Commonwealth of Puerto Rico, American Samoa, Guam, any territory or possession of the United States, or any political subdivision thereof.

## § 329.102

(3) when the transfers are made by mail, messenger, automated teller machine or in person.

(c) Withdrawals from a deposit described in § 329.1(b)(3) are not deemed to be included within the six transfers permitted for a nondemand deposit by that paragraph (3) when the withdrawals are made by mail, messenger, telephone (via check mailed to the depositor), automated teller machine, or in person.

### § 329.102 Deposits described in § 329.1(b)(3).

This interpretive rule explains the second proviso of § 329.1(b)(3).

(a) No deposit described in § 329.1(b)(3) that is held by an organization that is not organized for profit and that is described in paragraphs 501(c) (3) through (13) and (19) and section 528 of the Internal Revenue Code of 1954 (26 U.S.C. 501(c) (3) through (13) and (19), and 528) is deemed to be a demand deposit. Actual Internal Revenue Service documentation of the organization's tax-exempt status is not required; it is merely an aid in making the determination.

(b) No deposit described in § 329.1(b)(3) that is held by a depositor identified in section 2(a)(2) of Pub. L. 93-100 (12 U.S.C. 1832(a)(2))—whether the deposit is used for business purposes or otherwise—is deemed to be a demand deposit.

(c) No deposit described in § 329.1(b)(3) that represents funds held in a fiduciary capacity (whether the fiduciary is a natural person or otherwise) is deemed to be a demand deposit if all the beneficiaries of the account are natural persons.

### § 329.103 Premiums.

This interpretive rule describes certain payments that are not deemed to be *interest* as defined in § 329.1(c).

(a) Premiums, whether in the form of merchandise, credit, or cash, given by a bank to the holder of a deposit will not be regarded as *interest* as defined in § 329.1(c) if:

(1) The premium is given to the depositor only at the time of the opening of a new account or an addition to an existing account;

(2) No more than two premiums per deposit are given in any twelve-month

## 12 CFR Ch. III (1-1-98 Edition)

interval; and (3) the value of the premium (in the case of merchandise, the total cost to the bank, including shipping, warehousing, packaging, and handling costs) does not exceed \$10 for a deposit of less than \$5,000 or \$20 for a deposit of \$5,000 or more.

(b) The costs of premiums may not be averaged.

(c) A bank may not solicit funds for deposit on the basis that the bank will divide the funds into several accounts for the purpose of enabling the bank to pay the depositor more than two premiums within a twelve-month interval on the solicited funds.

(d) The bank must retain sufficient information for examiners to determine that the requirements of this section have been satisfied.

(e) Notwithstanding paragraph (a) of this section, any premium that is not, directly or indirectly, related to or dependent on the balance in a demand deposit account and the duration of the account balance shall not be considered the payment of interest on a demand deposit account and shall not be subject to the limitations in paragraph (a) of this section.

[51 FR 10808, Mar. 31, 1986, as amended at 62 FR 40732, July 30, 1997]

### § 329.104 Ten-day grace period.

This interpretive rule provides for 10-day grace periods during which interest may be paid on a deposit without violating § 329.2.

(a) During the ten calendar days following the maturity of a time deposit, the bank may continue to pay interest on the matured deposit at the contract rate of the deposit, or at any lesser rate, if the deposit contract provides for such post-maturity interest. The payment of such post-maturity interest will not be regarded as the payment of interest on a demand deposit.

(b) If a time deposit is renewed within ten calendar days after maturity, the renewed deposit may be dated back to the maturity date of the matured deposit and may draw interest from that date. The payment of such additional interest will not be regarded as the payment of interest on a demand deposit.

(c) If a time or savings deposit is renewed within ten days after expiration

of the period of notice given with respect to its repayment, the renewed deposit may draw interest from the date such notice period expired. The payment of such additional interest will not be regarded as the payment of interest on a demand deposit.

#### § 330.2 Authority and purpose.

Section 311 of the Federal Deposit Insurance Corporation Improvement Act of 1991 (FDICIA), Pub. L. 102-242, 105 Stat. 2236, amended sections 3, 7 and 11 of the Federal Deposit Insurance Act (FDI Act), 12 U.S.C. 1813, 1817 and 1821, which govern the amount of deposit insurance provided by the FDIC. Section 311 of FDICIA deleted the provision in section 3 of the Federal Deposit Insurance Act which authorized the FDIC to clarify and define, by regulation, the extent of deposit insurance coverage resulting from subsections 3(m)(1), 3(p), 7(i) and 11(a) of the FDI Act, 12 U.S.C. 1813(m)(1), 1813(p), 1817(i) and 1821(a) and to define the terms used in those sections. However, FDICIA did not change the FDIC's authority, in section 9 [Tenth] of the FDI Act, to prescribe by its Board of Directors such rules and regulations as it may deem necessary to carry out the provisions of the FDI Act or of any other law which it has the responsibility of administering or enforcing (except to the

### § 330.3

### 12 CFR Ch. III (1-1-98 Edition)

extent that authority to issue such rules and regulations has been expressly and exclusively granted to any other regulatory agency). Moreover, in section 302(d) of FDICIA, Congress added a new subsection to section 10 of the FDI Act which provides that except to the extent that authority under the FDI Act is conferred on any of the Federal banking agencies other than the Corporation, the Corporation may prescribe regulations to carry out the FDI Act and by regulation define terms as necessary to carry out the FDI Act. The purpose of the regulations in this part is to clarify the rules and define the terms employed in affording deposit insurance coverage under the Act and provide rules for the recognition of deposit ownership in various circumstances.

[58 FR 29963, May 25, 1993]

#### § 330.3 General principles.

(a) *Ownership rights and capacities.* The insurance coverage provided by the Act and the regulations in this part is based upon the ownership rights and capacities in which deposit accounts are maintained at insured depository institutions. All deposits in an insured depository institution which are maintained in the same right and capacity (by or for the benefit of a particular depositor or depositors) shall be added together and insured in accordance with the regulations in this part. Deposits maintained in different rights and capacities, as recognized under this part, shall be insured separately from each other.

(b) *Deposits maintained in separate insured depository institutions or in separate branches of the same insured depository institution.* Any deposit accounts maintained by a depositor at one insured depository institution are insured separately from, and without regard to, any deposit accounts that the same depositor maintains at any other separately chartered and insured depository institution, even if two or more separately chartered and insured depository institutions are affiliated through common ownership. The deposit accounts of a depositor maintained in the same right and capacity at different branches or offices of the same insured depository institution are

not separately insured; rather they shall be added together and insured in accordance with the regulations in this part.

(c) *Deposits maintained by foreigners and deposits denominated in foreign currency.* The availability of deposit insurance is not limited to citizens and residents of the United States. Any person or entity that maintains deposits in an insured depository institution is entitled to the deposit insurance provided by the Act and the provisions of this part. In addition, deposits denominated in a foreign currency shall be insured in accordance with the provisions of this part. Deposit insurance for such deposits shall be determined and paid in the amount of United States dollars that is equivalent in value to the amount of the deposit denominated in the foreign currency as of close of business on the date of default of the insured depository institution. The exchange rates to be used for such conversions are the 12 PM rates (the *noon buying rates for cable transfers*) quoted for major currencies by the Federal Reserve Bank of New York on the date of default of the insured depository institution, unless the deposit agreement specifies that some other widely recognized exchange rates are to be used for all purposes under that agreement, in which case, the rates so specified shall be used for such conversions.

(d) *Deposits in insured branches of foreign banks.* Deposits in an insured branch of a foreign bank which are payable by contract in the United States shall be insured in accordance with the provisions of this part, except that any deposits to the credit of the foreign bank, or any office, branch, agency or any wholly owned subsidiary of the foreign bank, shall not be insured. All deposits held by a depositor in the same right and capacity in more than one insured branch of the same foreign bank shall be added together for the purpose of determining the amount of deposit insurance.

(e) *Deposits payable solely outside of the United States.* Any obligation of an insured depository institution which is payable solely at an office of such institution located outside the States of

## Federal Deposit Insurance Corporation

## § 330.3

the United States, the District of Columbia, Puerto Rico, Guam, the Commonwealth of the Northern Mariana Islands, American Samoa, the Trust Territory of the Pacific Islands, and the Virgin Islands, is not a deposit for the purposes of this part.

(f) *International banking facility deposits.* An “international banking facility time deposit,” as defined by the Board of Governors of the Federal Reserve System in Regulation D (12 CFR 204.8(a)(2)), or in any successor regulation, is not a deposit for the purposes of this part.

(g) *Continuation of separate deposit insurance after merger of insured depository institutions.* Whenever the liabilities of one or more insured depository institutions for deposits shall have been assumed by another insured depository institution, whether by merger, consolidation, other statutory assumption, or contract:

(1) The insured status of the institutions whose liabilities have been so assumed terminates on the date of receipt by the FDIC of satisfactory evidence of such assumption, and

(2) The separate insurance of deposits so assumed continues for six months from the date such assumption takes effect or, in the case of a time deposit, the earliest maturity date after the six-month period.

In the case of time deposits which mature within six months of the date such deposits are assumed and which are renewed at the same dollar amount (either with or without accrued interest having been added to the principal amount) and for the same term as the original deposit, the separate insurance is applicable to the renewed deposits until the first maturity date after the six-month period. Time deposits that mature within six months of the deposit assumption and that are renewed on any other basis, or that are not renewed and thereby become demand deposits, are separately insured only until the end of the six-month period.

(h) *Application of state or local law to deposit insurance determinations.* In general, deposit insurance is for the benefit of the owner or owners of funds on deposit. However, while ownership under state law of deposited funds is a necessary condition for deposit insur-

ance, ownership under state law is not sufficient for, or decisive in, determining deposit insurance coverage. Deposit insurance coverage is also a function of the deposit account records of the insured depository institution, of recordkeeping requirements, and of other provisions of this part, which, in the interest of uniform national rules for deposit insurance coverage, are controlling for purposes of determining deposit insurance coverage.

(i) *Determination of the amount of a deposit—(1) General rule.* The amount of a deposit is the balance of principal and interest unconditionally credited to the deposit account as of the date of default of the insured depository institution, plus the ascertainable amount of interest to that date, accrued at the contract rate (or the anticipated or announced interest or dividend rate), which the insured depository institution in default would have paid if the deposit had matured on that date and the insured depository institution had not failed. In the absence of any such announced or anticipated interest or dividend rate, the rate for this purpose shall be whatever rate was paid in the immediately preceding payment period.

(2) *Discounted certificates of deposit.* The amount of a certificate of deposit sold by an insured depository institution at a discount from its face value is its original purchase price plus the amount of accrued earnings calculated by compounding interest annually at the rate necessary to increase the original purchase price to the maturity value over the life of the certificate.

(3) *Waiver of minimum requirements.* In the case of a deposit with a fixed payment date, fixed or minimum term, or a qualifying or notice period that has not expired as of such date, interest thereon to the date of closing shall be computed according to the terms of the deposit contract as if interest had been credited and as if the deposit could have been withdrawn on such date without any penalty or reduction in the rate of earnings.

**§ 330.4 Recognition of deposit ownership and recordkeeping requirements.**

(a) *Recognition of deposit ownership—*

(1) *Evidence of deposit ownership.* In determining the amount of insurance available to each depositor, the FDIC shall presume that deposited funds are actually owned in the manner indicated on the deposit account records of the insured depository institution. If the FDIC, in its sole discretion, determines that the deposit account records of the insured depository institution are clear and unambiguous, those records shall be considered binding on the depositor, and no other records shall be considered, as to the manner in which the funds are owned. If the deposit account records are ambiguous or unclear as to the manner in which the funds are owned, then the FDIC may, in its sole discretion, consider evidence other than the deposit account records of the insured depository institution for the purpose of establishing the manner in which the funds are owned. Notwithstanding the foregoing, if the FDIC has reason to believe that the insured depository institution's deposit account records misrepresent the actual ownership of deposited funds and such misrepresentation would increase deposit insurance coverage, the FDIC may consider all available evidence and pay claims for insured deposits on the basis of the actual rather than the misrepresented ownership.

(2) *Recognition of deposit ownership in custodial accounts.* In the case of custodial deposits, the interest of each beneficial owner may be determined on a fractional or percentage basis. This may be accomplished in any manner which indicates that where the funds of an owner are commingled with other funds held in a custodial capacity and a portion thereof is placed on deposit in one or more insured depository institutions without allocation, the owner's insured interest in such a deposit in any one insured depository institution would represent, at any given time, the same fractional share as his or her share of the total commingled funds.

(b) *Recordkeeping requirements—*(1) *Disclosure of fiduciary relationships.* The deposit account records of an insured

depository institution must expressly disclose, by way of specific references, the existence of any fiduciary relationship including, but not limited to, relationships involving a trustee, agent, nominee, guardian, executor or custodian, pursuant to which funds in an account are deposited and on which a claim for insurance coverage is based. No claim for insurance coverage based on a fiduciary relationship will be recognized if no fiduciary relationship is evident from the deposit account records of the insured depository institution.

(2) *Details of fiduciary relationships.* If the deposit account records of an insured depository institution disclose the existence of a relationship which might provide a basis for additional insurance, the details of the relationship and the interests of other parties in the account must be ascertainable either from the deposit account records of the insured depository institution or from records maintained, in good faith and in the regular course of business, by the depositor or by some person or entity that has undertaken to maintain such records for the depositor.

(3) *Multi-tiered fiduciary relationships.* In deposit accounts where there are multiple levels of fiduciary relationships, there are two alternative methods of satisfying paragraphs (b)(1) and (b)(2) of this section so as to obtain insurance coverage for the interests of the true beneficial owners of a deposit account.

(i) One method is to: (A) Expressly indicate, on the deposit account records of the insured depository institution, the existence of each and every level of fiduciary relationships; and

(B) Disclose, at each level, the name(s) and interest(s) of the person(s) on whose behalf the party at that level is acting.

(ii) An alternative method is to: (A) Expressly indicate, on the deposit account records of the insured depository institution, that the depositor is acting in a fiduciary capacity on behalf of certain persons or entities who may, in turn, be acting in a fiduciary capacity for others;

(B) Disclose the existence of additional levels of fiduciary relationships in records, maintained in good faith

and in the regular course of business, by parties at subsequent levels; and

(C) Disclose, at each of the levels, the name(s) and interest(s) of the person(s) on whose behalf the party at that level is acting.

No person or entity in the chain of parties will be permitted to claim that they are acting in a fiduciary capacity for others unless the possible existence of such a relationship is revealed at some previous level in the chain.

(4) *Exceptions to recordkeeping requirements*—(i) *Deposits evidenced by negotiable instruments*. If any deposit obligation of an insured depository institution is evidenced by a negotiable certificate of deposit, negotiable draft, negotiable cashier's or officer's check, negotiable certified check, negotiable traveler's check, letter of credit or other negotiable instrument, the FDIC will recognize the owner of such deposit obligation for all purposes of claim for insured deposits to the same extent as if his or her name and interest were disclosed on the records of the insured depository institution;

*Provided*, That the instrument was in fact negotiated to such owner prior to the date of default of the insured depository institution. The owner must provide affirmative proof of such negotiation, in a form satisfactory to the FDIC, to substantiate his or her claim. Receipt of a negotiable instrument directly from the insured depository institution in default shall, in no event, be considered a negotiation of said instrument for purposes of this provision.

(ii) *Deposit obligations for payment of items forwarded for collection by depository institution acting as agent*. Where an insured depository institution in default has become obligated for the payment of items forwarded for collection by a depository institution acting solely as agent, the FDIC will recognize the holders of such items for all purposes of claim for insured deposits to the same extent as if their name(s) and interest(s) were disclosed as depositors on the deposit account records of the insured depository institution, when such claim for insured deposits, if otherwise payable, has been established by the execution and delivery of prescribed forms. The FDIC will recognize such depository institution forwarding

such items for the holders thereof as agent for such holders for the purpose of making an assignment to the FDIC of their rights against the insured depository institution in default and for the purpose of receiving payment on their behalf.

#### § 330.5 Single ownership accounts.

(a) *Individual accounts*. Funds owned by a natural person and deposited in one or more deposit accounts in his or her own name shall be added together and insured up to \$100,000 in the aggregate. If more than one natural person has the right to withdraw funds from an individual account (excluding persons who have the right to withdraw by virtue of a Power of Attorney) the account shall be treated as a joint ownership account and shall be insured in accordance with the provisions of § 330.7 of this part, unless the deposit account records clearly indicate, to the satisfaction of the FDIC, that the funds are owned by one individual and that other signatories on the account are merely authorized to withdraw funds on behalf of the owner.

(b) *Sole proprietorship accounts*. (1) Funds owned by a business which is a sole proprietorship and deposited in one or more deposit accounts in the name of the business, shall be treated as the individual account(s) of the person who is the sole proprietor, added to any other individual accounts of that person, and insured up to \$100,000 in the aggregate.

(2) The term *sole proprietorship* means a form of business in which one person owns all the assets of the business, in contrast to a partnership or corporation.

(c) *Single-name accounts containing community property funds*. Community property funds deposited into one or more deposit accounts in the name of one member of a husband-wife community shall be treated as the individual account(s) of the named member, added to any other individual accounts of that person, and insured up to \$100,000 in the aggregate.

(d) *Accounts of a decedent and accounts held by executors or administrators of a decedent's estate*. Funds held in the name of a decedent or in the name of the executor, administrator, or other

### § 330.6

### 12 CFR Ch. III (1-1-98 Edition)

personal representative of his or her estate and deposited into one or more deposit accounts shall be added together and insured up to \$100,000 in the aggregate. Such deposit insurance shall be separate from any insurance coverage provided for the individual deposit accounts of the executor, administrator, other personal representative or the beneficiaries of the estate.

#### **§ 330.6 Accounts held by an agent, nominee, guardian, custodian or conservator.**

(a) *Agency or nominee accounts.* Funds owned by a principal or principals and deposited into one or more deposit accounts in the name of an agent, custodian or nominee shall be insured to the same extent as if deposited in the name of the principal(s). When such funds are deposited by an insured depository institution acting as a trustee of an irrevocable trust, the insurance coverage shall be governed by the provisions of § 330.10 of this part.

(b) *Guardian, custodian or conservator accounts.* Funds held by a guardian, custodian, or conservator for the benefit of his or her ward, or for the benefit of a minor under the Uniform Gifts to Minors Act, and deposited into one or more accounts in the name of the guardian, custodian or conservator shall, for purposes of this part, be deemed to be agency or nominee accounts and shall be insured in accordance with paragraph (a) of this section.

(c) *Accounts held by fiduciaries on behalf of two or more persons.* Funds held by an agent, nominee, guardian, custodian, conservator or loan servicer, on behalf of two or more persons jointly, shall be treated as a joint ownership account and shall be insured in accordance with the provisions of § 330.7 of this part.

(d) *Mortgage servicing accounts.* Accounts maintained by a mortgage servicer, in a custodial or other fiduciary capacity, which are comprised of payments by mortgagors of principal and interest, shall be added together and insured in the amount of up to \$100,000 for the interest of each owner (mortgagee, investor or security holder) in such accounts. Accounts maintained by a mortgage servicer, in a custodial or other fiduciary capacity,

which are comprised of payments by mortgagors of taxes and insurance premiums shall be added together and insured in the amount of up to \$100,000 for the ownership interest of each mortgagor in such accounts.

(e) *Custodial accounts for American Indians.* Paragraph (a) of this section shall not apply to any interest an individual American Indian may have in funds deposited by the Bureau of Indian Affairs of the United States Department of the Interior (the *BIA*) on behalf of that person pursuant to 25 U.S.C. 162(a), or by any other disbursing agent of the United States on behalf of that person pursuant to similar authority, in an insured depository institution. The interest of each American Indian in all such accounts maintained at the same insured depository institution shall be added together and insured, up to \$100,000, separately from any other accounts maintained by that person in the same insured depository institution.

(f) *Annuity Contract Accounts.* Funds held by an insurance company or other corporation in a deposit account for the sole purpose of funding life insurance or annuity contracts and any benefits incidental to such contracts, shall be insured in the amount of up to \$100,000 per annuitant, provided that, pursuant to a state statute:

(1) The corporation establishes a separate account for such funds; and

(2) The account cannot be charged with the liabilities arising out of any other business of the corporation; and

(3) The account cannot be invaded by other creditors of the corporation in the event that the corporation becomes insolvent and its assets are liquidated.

Such insurance coverage shall be separate from the insurance provided for any other accounts maintained in a different right and capacity by the corporation or the annuitants at the same insured depository institution.

#### **§ 330.7 Joint ownership accounts.**

(a) *Separate insurance coverage.* Qualifying joint accounts, whether owned as joint tenants with right of survivorship, as tenants in common or as tenants by the entirety, shall be insured

separately from any individually owned (single ownership) deposit accounts maintained by the co-owners. Qualifying joint accounts in the names of both husband and wife which are comprised of community property funds shall be added together and insured up to \$100,000, separately from any funds deposited into accounts bearing their individual names.

(b) *Determination of insurance coverage.* All qualifying joint accounts owned by the same combination of individuals shall first be added together and insured up to \$100,000 in the aggregate. The interests of each co-owner in all qualifying joint accounts, whether owned by the same or different combinations of persons, shall then be added together and the total shall be insured up to \$100,000.

(c) *Qualifying joint accounts.* (1) A joint deposit account shall be deemed to be a qualifying joint account, for purposes of this section, only if:

(i) All co-owners of the funds in the account are natural persons; and

(ii) Each co-owner has personally signed a deposit account signature card; and

(iii) Each co-owner possesses withdrawal rights on the same basis.

(2) The requirement of paragraph (c)(1)(ii) of this section shall not apply to certificates of deposit, to any deposit obligation evidenced by a negotiable instrument, or to any account maintained by an agent, nominee, guardian, custodian or conservator on behalf of two or more persons.

(3) All deposit accounts that satisfy the criteria in paragraph (c)(1) of this section, and those accounts that come within the exception provided for in paragraph (c)(2) of this section, shall be deemed to be jointly owned provided that, in accordance with the provisions of § 330.4(a) of this part, the FDIC determines that the deposit account records of the insured depository institution are clear and unambiguous as to the ownership of the accounts. If the deposit account records are ambiguous or unclear as to the manner in which the deposit accounts are owned, then the FDIC may, in its sole discretion, consider evidence other than the deposit account records of the insured depository institution for the purpose of es-

tablishing the manner in which the funds are owned. The signatures of two or more persons on the deposit account signature card or the names of two or more persons on a certificate of deposit or other deposit instrument shall be conclusive evidence that the account is a joint account unless the deposit records as a whole are ambiguous and some other evidence indicates, to the satisfaction of the FDIC, that there is a contrary ownership capacity.

(d) *Nonqualifying joint accounts.* A deposit account held in two or more names which is not a qualifying joint account, for purposes of this section, shall be treated as being owned by each named owner, as an individual, corporation, partnership, or unincorporated association, as the case may be, and the actual ownership interest of each individual or entity in such account shall be added to any other single ownership accounts of such individual or other accounts of such entity, and shall be insured in accordance with the provisions of this part governing the insurance of such accounts.

(e) *Determination of interests.* (1) The interests of the co-owners of qualifying joint accounts, held as tenants in common, shall be deemed equal, unless otherwise stated in the insured depository institution's deposit account records.

(2) The rule set forth in paragraph (e)(1) of this section shall apply regardless of whether the conjunction "and" or "or" is used in the title of a joint deposit account, even when both terms are used, such as in the case of a joint deposit account with three or more co-owners.

### § 330.8 Revocable trust accounts.

(a) *General rule.* Funds owned by an individual and deposited into any account commonly referred to as a tentative or "Totten" trust account, "payable-on-death" account, revocable trust account, or similar account evidencing an intention that upon the death of the owner, the funds shall belong to such owner's spouse, or to one or more children or grandchildren of the owner, shall be insured in the

### § 330.9

amount of up to \$100,000 in the aggregate as to each such named beneficiary, separately from any other accounts of the owner or the beneficiaries. Such intention must be manifested in the title of the account using commonly accepted terms such as, but not limited to, "in trust for," "as trustee for," "payable-on-death to," or any acronym therefor, and the beneficiaries of the account must be specifically named in the deposit account records of the insured depository institution. The settlor of a revocable trust account shall be presumed to own the funds deposited into the account.

(b) *Interests of nonqualifying beneficiaries.* If a named beneficiary of such an account is not a spouse, child, or grandchild of one or more owners, the funds corresponding to that beneficiary, who is not within the qualifying degree of kinship, shall be treated as individually owned (single ownership) accounts of such owner(s), aggregated with any other single ownership accounts of such owners, and insured up to \$100,000 per owner.

(c) *Joint revocable trust accounts.* Where an account described in paragraph (a) of this section is established by more than one owner and held for the benefit of others, some or all of whom are within the qualifying degree of kinship, the respective interests of each owner (which shall be deemed equal unless otherwise stated in the insured depository institution's deposit account records) held for the benefit of each qualifying beneficiary shall be separately insured up to \$100,000. However, where a husband and a wife establish a revocable trust account naming themselves as the sole beneficiaries, such account shall not be insured according to the provisions of this section but shall instead be insured in accordance with the provisions of § 330.7 of this part.

(d) *Definition of children and grandchildren.* For the purpose of establishing the qualifying degree of kinship set forth in paragraph (a) of this section, the term *children* includes any natural-born, adopted and step-children of the owner and the term *grandchildren* includes natural-born, adopted, or step-children of any of the owner's children.

#### § 330.9 Accounts of a corporation, partnership or unincorporated association.

(a) *Corporate accounts.* (1) The deposit accounts of a corporation engaged in any independent activity shall be added together and insured up to \$100,000 in the aggregate. If a corporation has divisions or units which are not separately incorporated, the deposit accounts of those divisions or units shall be added to any other deposit accounts of the corporation. If a corporation maintains deposit accounts in a representative or fiduciary capacity, such accounts shall not be treated as the deposit accounts of the corporation but shall be treated as fiduciary accounts and insured in accordance with the provisions of § 330.6 of this part.

(2) Notwithstanding any other provision of this part, any trust or other business arrangement which has filed or is required to file a registration statement with the Securities and Exchange Commission pursuant to section 8 of the Investment Company Act of 1940 or that would be required so to register but for the fact it is not created under the laws of the United States or a state or but for sections 2(b), 3(c)(1), or 6(a)(1) of that act shall be deemed to be a corporation for purposes of determining deposit insurance coverage.

(b) *Partnership accounts.* The deposit accounts of a partnership engaged in any independent activity shall be added together and insured up to \$100,000 in the aggregate. Such insurance coverage shall be separate from any insurance provided for individually owned (single ownership) accounts maintained by the individual partners. A partnership shall be deemed to exist, for purposes of this paragraph, any time there is an association of two or more persons or entities formed to carry on, as co-owners, an unincorporated business for profit.

(c) *Unincorporated association accounts.* The deposit accounts of an unincorporated association engaged in any independent activity shall be added together and insured up to \$100,000 in the aggregate, separately from the accounts of the person(s) or

## Federal Deposit Insurance Corporation

## § 330.11

entity(ies) comprising the unincorporated association. An unincorporated association shall be deemed to exist, for purposes of this paragraph, whenever there is an association of two or more persons formed for some religious, educational, charitable, social or other noncommercial purpose.

(d) *Definition of independent activity.* A corporation, partnership or unincorporated association shall be deemed to be engaged in an *independent activity*, for purposes of this section, if the entity is operated primarily for some purpose other than to increase deposit insurance. The deposit accounts of an entity which is not engaged in an independent activity shall be deemed to be owned by the person or persons owning the corporation or comprising the partnership or unincorporated association, and, for deposit insurance purposes, the interest of each person in such a deposit account shall be added to any other deposit accounts individually owned by that person and insured up to \$100,000 in the aggregate.

### § 330.10 Accounts held by a depository institution as the trustee of an irrevocable trust.

(a) *Separate insurance coverage.* Trust funds held by an insured depository institution in its capacity as trustee of an irrevocable trust, whether held in its trust department, held or deposited in any other department of the fiduciary institution, or deposited by the fiduciary institution in another insured depository institution, shall be insured up to \$100,000 of each owner or beneficiary represented. This insurance shall be separate from, and in addition to, the insurance provided for any other deposits of the owners or the beneficiaries.

(b) *Determination of interests.* The insurance for funds held by an insured depository institution in its capacity as trustee of an irrevocable trust shall be determined in accordance with the following rules:

(1) *Allocated funds of a trust estate.* If trust funds of a particular trust estate are allocated by the fiduciary and deposited, the insurance with respect to such trust estate shall be determined by ascertaining the amount of its funds allocated, deposited and remaining to

the credit of the claimant as fiduciary at the insured depository institution in default.

(2) *Interest of a trust estate in unallocated trust funds.* If funds of a particular trust estate are commingled with funds of other trust estates and deposited by the fiduciary institution in one or more insured depository institutions to the credit of the depository institution as fiduciary, without allocation of specific amounts from a particular trust estate to an account in such institution(s), the percentage interest of that trust estate in the unallocated deposits in any institution in default is the same as that trust estate's percentage interest in the entire commingled investment pool.

(c) *Limitation on applicability.* This section shall not apply to deposits of trust funds belonging to a trust which is classified as a corporation under § 330.9(b) of this part.

[55 FR 20122, May 15, 1990, as amended at 58 FR 29963, May 25, 1993; 60 FR 7710, Feb. 9, 1995]

### § 330.11 Irrevocable trust accounts.

(a) *General rule.* Funds representing the non-contingent trust interest(s) of a beneficiary deposited into one or more deposit accounts established pursuant to one or more irrevocable trust agreements created by the same settlor(s) (grantor(s)) shall be added together and insured up to \$100,000 in the aggregate. Such insurance coverage shall be separate from the coverage provided for other accounts maintained by the settlor(s), trustee(s) or beneficiary(ies) of the irrevocable trust(s) at the same insured depository institution. Each trust interest in any irrevocable trust established by two or more settlors shall be deemed to be derived from each settlor pro rata to his or her contribution to the trust.

(b) *Treatment of contingent trust interests.* In the case of any trust in which certain trust interests do not qualify as non-contingent trust interests, the funds representing those interests shall be added together and insured up to \$100,000 in the aggregate. Such insurance coverage shall be in addition to the coverage provided for the funds

representing non-contingent trust interests which are insured pursuant to paragraph (a) of this section.

(c) *Definitions of trust interest and non-contingent trust interest.* For the purposes of this section:

(1) The term *trust interest* means the interest of a beneficiary in an irrevocable express trust (other than an employee benefit plan) created either by written trust instrument or by statute, but does not include any interest retained by the settlor.

(2) The term *non-contingent trust interest* means a trust interest capable of determination without evaluation of contingencies except for those covered by the present worth tables and rules of calculation for their use set forth in § 20.2031-7 of the Federal Estate Tax Regulations (26 CFR 20.2031-7) or any similar present worth or life expectancy tables which may be adopted by the Internal Revenue Service.

(d) *Commingled accounts of bankruptcy trustees.* Whenever a bankruptcy trustee appointed under Title 11 of the *United States Code* commingles the funds of various bankruptcy estates in the same account at an insured depository institution, the funds of each Title 11 bankruptcy estate will be added together and insured for up to \$100,000, separately from the funds of any other such estate.

**§ 330.12 Retirement and other employee benefit plan accounts.**

(a) *“Pass-through” insurance.* Except as provided in paragraph (b) of this section, any deposits of an employee benefit plan or of any eligible deferred compensation plan described in section 457 of the Internal Revenue Code of 1986 (26 U.S.C. 457) in an insured depository institution shall be insured on a “pass-through” basis, in the amount of up to \$100,000 for the non-contingent interest of each plan participant, provided that the FDIC’s recordkeeping requirements, as outlined in § 330.4, are satisfied.

(b) *Exception.* “Pass-through” insurance shall not be provided pursuant to paragraph (a) of this section with respect to any deposit accepted by an insured depository institution which, at

the time the deposit is accepted, may not accept brokered deposits pursuant to section 29 of the Act unless, at the time the deposit is accepted:

(1) The institution meets each applicable capital standard; and

(2) The depositor receives a written statement from the institution indicating that such deposits are eligible for insurance coverage on a “pass-through” basis.

(c) *Aggregation—(1) Multiple plans.* Funds representing the non-contingent interests of a beneficiary in an employee benefit plan, or eligible deferred compensation plan described in section 457 of the Internal Revenue Code of 1986, which are deposited in one or more deposit accounts shall be aggregated with any other deposited funds representing such interests of the same beneficiary in other employee benefit plans, or eligible deferred compensation plans described in section 457 of the Internal Revenue Code of 1986, established by the same employer or employee organization.

(2) *Certain retirement accounts.* (i) Deposits in an insured depository institution made in connection with the following types of retirement plans shall be aggregated and insured in the amount of up to \$100,000 per participant:

(A) Any individual retirement account described in section 408(a) of the Internal Revenue Code of 1986 (26 U.S.C. 408(a));

(B) Any eligible deferred compensation plan described in section 457 of the Internal Revenue Code of 1986; and

(C) Any individual account plan defined in section 3(34) of the Employee Retirement Income Security Act (ERISA) (29 U.S.C. 1002) and any plan described in section 401(d) of the Internal Revenue Code of 1986 (26 U.S.C. 401(d)), to the extent that participants and beneficiaries under such plans have the right to direct the investment of assets held in individual accounts maintained on their behalf by the plans.

(ii) The provisions of this paragraph (c) shall not apply with respect to the deposits of any employee benefit plan, or eligible deferred compensation plan described in section 457 of the Internal Revenue Code of 1986, which is not entitled to “pass-through” insurance pursuant to paragraph (b) of this section. Such deposits shall be aggregated and

insured in the amount of \$100,000 per plan.

(d) *Determination of interests*—(1) *Defined contribution plans.* The value of an employee's non-contingent interest in a defined contribution plan shall be deemed to be the employee's account balance as of the date of default of the insured depository institution, regardless of whether said amount was derived, in whole or in part, from contributions of the employee and/or the employer to the account.

(2) *Defined benefit plans.* The value of an employee's non-contingent interest in a defined benefit plan shall be deemed to be the present value of the employee's interest in the plan, evaluated in accordance with the method of calculation ordinarily used under such plan, as of the date of default of the insured depository institution.

(3) *Amounts taken into account.* For the purposes of applying the rule under paragraph (c)(2) of this section, only the present vested and ascertainable interests of each participant in an employee benefit plan or "457 Plan," excluding any remainder interest created by, or as a result of, the plan, shall be taken into account in determining the amount of deposit insurance accorded to the deposits of the plan.

(e) *Treatment of contingent interests.* In the event that employee' interests in an employees benefit plan are not capable of evaluation in accordance with the rules contained in this section, or an account established for any such plan includes amounts for future participants in the plan, payment by the FDIC with respect to all such interests shall not exceed \$100,000 in the aggregate.

(f) *Overfunded pension plan deposits.* Any portion(s) of an employee benefit plan's deposits which are not attributable to the interests of the beneficiaries under the plan shall be deemed attributable to the overfunded portion of the plan's assets and shall be aggregated and insured up to \$100,000, separately from any other deposits.

(g) *Definitions of "depositor", "employee benefit plan", "employee organizations" and "non-contingent interest".* Except as otherwise indicated in this section, for purposes of this section:

(1) The term *depositor* means the person(s) administering or managing an employee benefit plan.

(2) The term *employee benefit plan* has the same meaning given to such term in section 3(3) of the Employee Retirement Income Security Act of 1974 (ERISA) (29 U.S.C. 1002) and includes any plan described in section 401(d) of the Internal Revenue Code of 1986.

(3) The term *employee organization* means any labor union, organization, employee representation committee, association, group, or plan, in which employees participate and which exists for the purpose, in whole or in part, of dealing with employers concerning an employee benefit plan, or other matters incidental to employment relationships; or any employees' beneficiary association organized for the purpose, in whole or in part, of establishing such a plan.

(4) The term *non-contingent interest* means an interest capable of determination without evaluation of contingencies except for those covered by the present worth tables and rules of calculation for their use set forth in §20.2031-7 of the Federal Estate Tax Regulations (26 CFR 20.2031-7) or any similar present worth or life expectancy tables as may be published by the Internal Revenue Service.

(h) *Disclosure of capital status*—(1) *Disclosure upon request.* An insured depository institution shall, upon request, provide a clear and conspicuous written notice to any depositor of employee benefit plan funds of the institution's leverage ratio, Tier 1 risk-based capital ratio, total risk-based capital ratio and prompt corrective action (PCA) capital category, as defined in the regulations of the institution's primary federal regulator, and whether, in the depository institution's judgment, employee benefit plan deposits made with the institution, at the time the information is requested, would be eligible for "pass-through" insurance coverage under paragraphs (a) and (b) of this section. Such notice shall be provided within five business days after receipt of the request for disclosure.

(2) *Disclosure upon opening of an account.* (i) An insured depository institution shall, upon the opening of any account comprised of employee benefit

plan funds, provide a clear and conspicuous written notice to the depositor consisting of: an accurate explanation of the requirements for pass-through deposit insurance coverage provided in paragraphs (a) and (b) of this section; the institution's PCA capital category; and a determination of whether or not, in the depository institution's judgment, the funds being deposited are eligible for "pass-through" insurance coverage.

(ii) An insured depository institution shall provide the notice required in paragraph (h)(2)(i) of this section to depositors who have employee benefit plan deposits with the insured depository institution on July 1, 1995 that, at the time such deposits were placed with the insured depository institution, were not eligible for pass-through insurance coverage under paragraphs (a) and (b) of this section. The notice shall be provided to the applicable depositors within ten business days after July 1, 1995.

(3) *Disclosure when "pass-through" coverage is no longer available.* Whenever new, rolled-over or renewed employee benefit plan deposits placed with an insured depository institution would no longer be eligible for "pass-through" insurance coverage, the institution shall provide a clear and conspicuous written notice to all existing depositors of employee benefit plan funds of its new PCA capital category, if applicable, and that new, rolled-over or renewed deposits of employee benefit plan funds made after the applicable date shall not be eligible for "pass-through" insurance coverage under paragraphs (a) and (b) of this section. Such written notice shall be provided within 10 business days after the institution receives notice or is deemed to have notice that it is no longer permitted to accept brokered deposits under section 29 of the Act and the institution no longer meets the requirements in paragraph (b) of this section.

(4) *Definition of "employee benefit plan".* For purposes of this paragraph, the term *employee benefit plan* has the same meaning as provided under paragraph (g)(2) of this section but also includes any eligible deferred compensation plans described in section 457 of

#### § 330.13 Bank investment contracts.

(a) *General rule.* Any liability arising under any insured depository institution investment contract between any insured depository institution and any employee benefit plan which expressly permits benefit-responsive withdrawals or transfers shall not be treated as an "insured deposit" and thus shall not be entitled to deposit insurance.

(b) *Definitions.* For purposes of paragraph (a) of this section:

(1) *Benefit-responsive withdrawals or transfers* means any withdrawal or transfer of funds (consisting of any portion of the principal and any interest credited at a rate guaranteed by the insured depository institution investment contract) during the period in which any guaranteed rate is in effect, without substantial penalty or adjustment, to pay benefits provided by the employee benefit plan or to permit a plan participant or beneficiary to redirect the investment of his or her account balance. This term excludes penalty-free withdrawals from employee benefit plan deposits which are based on penalty-free withdrawals of funds from an employee benefit plan that are permitted or required pursuant to the Employee Retirement Income Security Act of 1974 or the Internal Revenue Code.

(2) *Official custodian of the funds of more than one public unit.* For the purposes of paragraph (a) of this section, if the same person is an official custodian of the funds of more than one public unit, he or she shall be separately insured with respect to the funds held by him or her for each such public unit, but shall not be separately insured by virtue of holding different offices in such public unit or, except as provided in paragraph (c) of this section, holding such funds for different purposes.

(3) *Split of authority or control over public unit funds.* If the exercise of authority or control over the funds of a public unit requires action by, or the consent of, two or more officers, employees, or agents of such public unit, then they will be treated as one *official custodian* for the purposes of this section.

(c) *Public bond issues.* Where an officer, agent or employee of a public unit has custody of certain funds which by law or under a bond indenture are required to be set aside to discharge a debt owed to the holders of notes or bonds issued by the public unit, any deposit of such funds in an insured depository institution shall be deemed to be a deposit by a trustee of trust funds of which the noteholders or bondholders are pro rata beneficiaries, and the beneficial interest of each noteholder or bondholder in the deposit shall be separately insured up to \$100,000.

(d) *Definition of political subdivision.* The term *political subdivision* includes drainage, irrigation, navigation, improvement, levee, sanitary, school or power districts, and bridge or port authorities and other special districts created by state statute or compacts between the states. In December 1993, some of the FDIC's deposit insurance rules will change. The rule changes will primarily affect the total amount of coverage which is provided for IRA, self-directed Keogh plan accounts, self-directed defined contribution plan accounts, "457 Plan" accounts and accounts where an insured institution is acting in a fiduciary capacity. If you do not have these types of accounts, those rule changes will not affect you. For further information contact [insert "your branch office" or some other contact point for the institution].

(b) The language of this notice may not be materially altered in any way. The required notice may be included on account statements, included as a separate enclosure with account statements or it may be sent to all depositors/accontholders in a separate mailing. With respect to any depositor/accontholder who maintains a time deposit and would not otherwise receive a regular monthly or quarterly account statement prior to October 10, 1993, the required notice may be sent to said depositor/accontholder at any time prior to the later of:

(1) 60 days prior to the first maturity date of that time deposit; or

## Federal Deposit Insurance Corporation

## § 333.4

any time deposits made before December 19, 1991 that do not mature until after December 19, 1993, shall be subject to the rules as they existed on the date the deposits were made. Any time deposits made after December 19, 1991 but before December 19, 1993, shall be subject to the rules as they existed on the date the deposits were made. Any rollover or renewal of such time deposits prior to December 19, 1993 shall subject those deposits to the rules in effect on the date of such rollover or renewal. #### REGULATIONS

#### § 333.1 Classification of general character of business.

State nonmember insured banks are divided into five categories for the purpose of classifying their general character or type of business,<sup>2</sup> viz: commercial banks, banks and trust companies, savings banks (including mutual and stock), industrial banks, and cash depositories.

[15 FR 8644, Dec. 6, 1950]

<sup>2</sup> A bank's business may include two or more of the general classifications.

#### § 333.2 Change in general character of business.

No State nonmember insured bank (except a District bank) or branch thereof shall hereafter cause or permit any change to be made in the general character or type of business exercised by it after the effective date of this part without the prior written consent of the Corporation.

[15 FR 8644, Dec. 6, 1950]

#### § 333.4 Conversions from mutual to stock form.

(a) *Scope.* This section applies to the conversion of insured mutual state savings banks to the stock form of ownership. It supplements the procedural and other requirements for such conversions in § 303.15 of this chapter. This section also applies, to the extent appropriate, to the reorganization of insured mutual state savings banks to the mutual holding company form of ownership. As determined by the Board of Directors of the FDIC on a case-by-case basis, the requirements of paragraphs (d), (e), and (f) of this section do not apply to mutual-to-stock conversions of insured mutual state savings banks whose capital category under § 325.103 of this chapter is “undercapitalized”, “significantly undercapitalized” or “critically undercapitalized”. The Board of Directors of the FDIC may grant a waiver in writing from any requirement of this section for good cause shown.

(b) *Conflicts with state law.* In the event that an insured mutual state savings bank that proposes to convert to the stock form of ownership finds that compliance with any provision of this section would be inconsistent or in conflict with applicable state law, the bank may file a written request for waiver of compliance with such provision by the FDIC. In making such request, the bank shall demonstrate that the requested waiver, if granted, would not result in any effects that would be detrimental to the safety and soundness of the bank, entail a breach of fiduciary duty on part of the bank's

management or otherwise be detrimental or inequitable to the bank, its depositors, any other insured depository institution(s), the federal deposit insurance funds or to the public interest.

(c) *Definition of Eligible Depositor.* For purposes of this section, *eligible depositors* are depositors holding qualifying deposits at the bank as of a date designated in the bank's plan of conversion that is not less than one year prior to the date of adoption of the plan of conversion by the converting bank's board of directors/trustees.

(d) *Requirements.* In addition to other requirements that may be imposed by the applicable state statutes and regulations and other federal statutes and regulations, including §303.15 of this chapter, an insured mutual state savings bank shall not convert to the stock form of ownership unless the following requirements are satisfied:

(1) Eligible depositors shall have higher subscription rights than employee stock ownership plans;

(2) The proposed conversion shall be approved by a vote of at least a majority of the bank's depositors and, as reasonably determined by the bank's directors or trustees, other stakeholders of the bank who are entitled to vote on the conversion, unless the applicable state law requires a higher percentage, in which case the higher percentage shall be used. Voting may be in person or by proxy;

(3) Management shall not use proxies executed outside the context of the proposed conversion to satisfy the voting requirement imposed in the previous paragraph; and

(4) In addition to the materials to be submitted to the FDIC pursuant to §303.15(c) of this chapter, the bank must submit to the FDIC:

(i) A full appraisal report on the value of the converting bank and the pricing of the stock to be sold in the conversion. The report must be prepared by an independent appraiser and must include a complete and detailed description of the elements that make up an appraisal report, justification for the methodology employed and sufficient support for the conclusions reached therein, including a full discussion of the applicability of each peer group member and documented

analytical evidence supporting any variance (above or below) the institution proposing to convert may have from the peer group statistics and a complete analysis of the institution's *pro forma* earnings which should include its full potential once the institution fully deploys its new capital pursuant to its business plan; and

(ii) A business plan which must include, in part, a detailed discussion of how the capital acquired in the conversion will be used, expected earnings resulting from the plan and a justification for any proposed stock repurchases.

(e) *Restriction on repurchase of stock.* An insured mutual state savings bank that has converted from the mutual to stock form of ownership may not repurchase its capital stock within one year following the date of its conversion to stock form, except that stock repurchases of no greater than 5% of the bank's outstanding capital stock may be repurchased during this one-year period where compelling and valid business reasons are established, to the satisfaction of the FDIC. Any stock repurchases shall be subject to the requirements of section 18(i)(1) of the Federal Deposit Insurance Act (12 U.S.C. 1828(i)(1)).

(f) *Stock benefit plan limitations.* The FDIC will presume that a stock option plan or management or employee stock benefit plan that does not conform with the applicable percentage limitations of the regulations issued by the Office of Thrift Supervision constitutes excessive insider benefits and thereby evidences a breach of the board of directors' or trustees' fiduciary responsibility. In addition, no converted insured mutual state savings bank shall, for one year from the date of the conversion, implement a stock option plan or management or employee stock benefit plan, other than a tax-qualified employee stock ownership plan, unless each of the following requirements is met:

(1) Each of the plans was fully disclosed in the proxy solicitation and conversion stock offering materials;

(2) All such plans are approved by a majority of the bank's stockholders, or in the case of a recently formed holding company, its stockholders, prior to

## Federal Deposit Insurance Corporation

## § 335.101

implementation at a duly called meeting of shareholders, either annual or special, to be held no sooner than six months after the completion of the conversion;

(3) In the case of a savings bank subsidiary of a mutual holding company, all such plans are approved by a majority of stockholders other than its parent mutual holding company prior to implementation at a duly called meeting of shareholders, either annual or special, to be held no sooner than six months following the stock issuance;

(4) For stock option plans, stock options are granted at no lower than the market price at which the stock is trading at the time of grant; and

(5) For management or employee stock benefit plans, no conversion stock is used to fund the plans.

[59 FR 61246, Nov. 30, 1994]

### INTERPRETATIONS

#### § 333.101 Prior consent not required.

(a) The extension by any State nonmember insured bank of its business to include personal, character or installment loans, or the extension by an industrial bank of its business to include the business of a commercial bank, is not a change in the general character or type of business requiring the prior written consent of the Corporation.

(b) An insured State nonmember bank, not exercising trust powers may act as trustee or custodian of Individual Retirement Accounts established pursuant to the Employee Retirement Income Security Act of 1974 and Self-Employed Retirement Plans established pursuant to the Self-Employed Individuals Retirement Act of 1962 without the prior written consent of the Corporation provided:

(1) The bank's duties as trustee or custodian are essentially custodial or ministerial in nature, (2) the bank is required to invest the funds from such plans only (i) in its own time or savings deposits, or (ii) in any other assets at the direction of the customer provided the bank does not exercise any investment discretion or provided any investment advice with respect to such account assets, and (3) the bank's acceptance of such accounts without

trust powers is not contrary to State law.

(iv) Neither the subsidiary nor any of its directors, officers, general partners, employees, or 10 percent shareholders of any class of voting securities of the subsidiary is subject to any state or federal administrative order or court order, judgment, or decree entered within five years of the notice required by this part temporarily or preliminarily enjoining or restraining such person or the subsidiary from engaging in, or continuing, any conduct or practice in connection with the purchase or sale of any security involving the making of a false filing with the Securities and Exchange Commission or arising out of the conduct of the business of an underwriter, broker, dealer, municipal securities dealer, or investment adviser;

(v) None of the subsidiary’s directors, officers, general partners, employees, or 10 percent shareholders of any class of voting securities of the subsidiary are subject to an order entered within five years of the notice required by this part of the Securities and Exchange Commission entered pursuant to section 15(b) or 15B(c) of the Securities Exchange Act of 1934 (15 U.S.C. 780, 780-4) or section 203(c) or (f) of the Investment Advisors Act of 1940 (15 U.S.C. 80b-3(c), (f)); and

(vi) All officers of the subsidiary who have supervisory responsibility for underwriting activities have at least five year experience in similar activities at NASD member securities firms.

(3) An insured nonmember bank’s direct investment in a securities subsidiary described in paragraph (b)(1) or (b)(2) of this section will not be counted toward the bank’s capital.

(c) *Affiliation with a securities company.* An insured nonmember bank is prohibited from becoming affiliated with any company that directly engages in the sale, distribution, or underwriting of stocks, bonds, debentures, notes, or other securities unless:

(1) The securities business of the affiliate is physically separate and distinct from the operation of the bank;<sup>6</sup>

(2) The bank and affiliate share no common officers;

(3) A majority of the board of directors of the bank is composed of persons who are neither directors nor officers of the affiliate;

(4) Any employee of the affiliate who is also an employee of the bank does not conduct any securities activities on behalf of the affiliate on the premises of the bank that involve customer contact;

(5) The affiliate conducts business pursuant to independent policies and procedures designed to inform customers and prospective customers of the affiliate that the affiliate is a separate organization from the bank and that investments recommended, offered or sold by the affiliate are not bank deposits, are not insured by the FDIC, and are not guaranteed by the bank nor are otherwise obligations of the bank.<sup>7</sup>

(d) *Filing of notice.* Every insured nonmember bank that intends to acquire or establish a subsidiary that—

(1) Engages in the sale, distribution, or underwriting of stocks, bonds, debentures, notes, or other securities;

<sup>6</sup>If the affiliate conducts business in the same location in which the bank conducts business, the affiliate must utilize physically separate offices or office space from that used by the bank. Such offices or office space must be clearly and prominently identified so as to distinguish the affiliate from the bank. The physically separate office or office space requirement only applies in areas to which the public has access.

<sup>7</sup>This requirement shall not be construed to prohibit the affiliate from brokering deposits to the extent and in the manner as otherwise permitted by statute and regulation.

§ 337.4

12 CFR Ch. III (1-1-98 Edition)

(2) Acts as an investment adviser to any investment company;

(3) Conducts any activity for which the subsidiary is required to register with the Securities and Exchange Commission as a broker/dealer; or

(4) Engages in any other securities activity, shall notify the regional director of the FDIC region in which the bank is located of such intent.

Notice shall be in writing and must be received in the regional office at least 60 days prior to consummation of the acquisition or commencement of the operation of the subsidiary, whichever is earlier. The bank shall also notify the regional office in writing within 10 days after the consummation of the acquisition or commencement of the operation of the subsidiary, whichever is earlier. The 60-day notice requirement may be waived in FDIC's discretion where such notice is impracticable such as in the case of a purchase and assumption transaction or an emergency merger. Where the above notices pertain solely to the transfer of securities activities previously performed by the bank to the subsidiary, an additional written notice must be filed with the regional office if the subsidiary commences any securities activity covered by § 337.4 (b)(1)(i) or (2) of this part. This notice must be received in the regional office within thirty days after the subsidiary commences the new activity. If the 60-day advance notice and 10-day follow-up notice pertain to the establishment or acquisition of a subsidiary that engages in underwriting activities as limited by § 337.4(b)(1)(i), an additional written notice must be filed with the regional office if the subsidiary commences underwriting activities as permitted by § 337.4(b)(2) of this part. This notice must be received in the regional office within thirty days after the subsidiary commences the new activity.

(e) *Restrictions.* An insured nonmember bank which has a subsidiary or affiliate that engages in the sale, distribution, or underwriting of stocks, bonds, debentures, notes, or other securities, or acts as an investment adviser to any investment company shall not:

(1) Purchase in its discretion as fiduciary, co-fiduciary, or managing agent any security currently distributed, cur-

rently underwritten, or issued by such subsidiary or affiliate or purchase as fiduciary, co-fiduciary, or managing agent any security currently issued by an investment company advised by such subsidiary or affiliate, unless (i) the purchase is expressly authorized by the trust instrument, court order, or local law, or specific authority for the purchase is obtained from all interested parties after full disclosure, (ii) the purchase, although not expressly authorized under paragraph (e)(1)(i) of this section, is otherwise consistent with the insured nonmember bank's fiduciary obligation, or (iii) the purchase is permissible under applicable federal and/or state statute or regulation;

(2) Transact business through its trust department with such subsidiary or affiliate unless the transactions are at least comparable to transactions with an unaffiliated securities company or a securities company that is not a subsidiary of the bank;

(3) Extend credit or make any loan directly or indirectly to any company the stocks, bonds, debentures, notes or other securities of which are currently underwritten or distributed by such subsidiary or affiliate of the bank unless the company's stocks, bonds, debentures, notes or other securities that are underwritten or distributed (i) qualify as investment quality debt securities, or (ii) qualify as investment quality equity securities;<sup>8</sup>

(4) Extend credit or make any loan directly or indirectly to any investment company whose shares are currently underwritten or distributed by such subsidiary or affiliate of the bank;

(5) Extend credit or make any loan where the purpose of the extension of credit or loan is to acquire (i) any stock, bond, debenture, note, or other

<sup>8</sup>This restriction shall not be construed to prohibit the bank from honoring a loan commitment or revolving loan agreement or funding a line of credit where the loan commitment, revolving loan agreement, or line of credit was entered into prior in time to the underwriting or distribution. This restriction does not apply to any extension of credit to a non-U.S. company whose securities are underwritten or distributed outside the United States by a non-U.S. affiliate of an insured nonmember bank.

security currently underwritten or distributed by such subsidiary or affiliate; (ii) any security currently issued by an investment company advised by such subsidiary or affiliate; or (iii) any stock, bond, debenture, note, or other security issued by such subsidiary or affiliate, except that a bank may extend credit or make a loan to employees of the subsidiary or affiliate for the purpose of acquiring securities of such subsidiary or affiliate through an employee stock bonus or stock purchase plan adopted by the board of directors or board trustees of the subsidiary or affiliate;<sup>9</sup>

(6) Make any loan or extension of credit to a subsidiary or affiliate of the bank that (i) distributes or underwrites stocks, bonds, debentures, notes, or other securities, or (ii) advises any investment company, if such loans or extensions of credit would be in excess of the limit as to amount, and not in accordance with the restrictions imposed on “covered transactions” by section 23A of the Federal Reserve Act (12 U.S.C. 371c) and that are not within any exemptions established thereby;

(7) Make any loan or extension of credit to any investment company for which the bank’s subsidiary or affiliate acts as an investment adviser if the loan or extension of credit would be in excess of the limit as to amount, and not in accordance with the restrictions imposed on “covered transactions” by section 23A of the Federal Reserve Act and that are not within any exemptions established thereby; and

(8) Directly or indirectly condition any loan or extension of credit to any company on the requirement that the company contract with, or agree to contract with, the bank’s subsidiary or affiliate to underwrite or distribute the company’s securities or directly or indirectly condition any loan or extension of credit to any person on the requirement that that person purchase any security currently underwritten or distributed by the bank’s subsidiary or affiliate.<sup>10</sup>

<sup>9</sup>In complying with §337.4(e)(5) of this part, the bank shall be entitled to rely in good faith on the customer’s statement as to the purpose of the extension of credit or loan.

<sup>10</sup>An insured nonmember bank in complying with the requirements of §§337.4 (e)(1),

(f) Nothing in this section prohibits an insured nonmember bank from establishing or acquiring a subsidiary that sells, distributes, or underwrites stocks, bonds, debentures, notes, or other securities or engages in any other securities activity if those activities would be permitted to an insured nonmember bank by sections 16 and 21 of the Glass-Steagall Act (12 U.S.C. 24 (Seventh) and 378).

(g) Nothing in this section authorizes an insured nonmember bank to directly engage in any securities activity not authorized to it under sections 16 and 21 of the Glass-Steagall Act (12 U.S.C. 24 (Seventh) and 378).

(h) *Disclosure*—(1) *Applicability*. Any subsidiary of an insured nonmember bank required by §337.4(b)(1)(ii) to be a bona fide subsidiary, and any affiliate of an insured nonmember bank whose affiliation with such a bank is governed by §337.4(c), which:

(i) Shares the same or a similar name or logo with the insured nonmember bank,

(ii) Conducts business in the same location in which the insured nonmember bank conducts business,

(iii) Advertises or promotes particular securities or solicits purchasers for particular securities in advertisements, promotions, solicitations or other similar communications in which the insured nonmember bank also advertises or promotes its services, or

(iv) Places or causes to be placed in communications from the insured nonmember bank to the bank’s customers advertisements, promotions or solicitations concerning particular securities, must comply with the disclosure requirements of paragraphs (h)(2) and (3) of this section in order for the subsidiary to meet the definition of a bona fide subsidiary and in order for the affiliation to be permissible.

Any insured nonmember bank that established or acquired a securities subsidiary or become affiliated with a securities company prior to December 28, 1984 and which as of December 14, 1987,

(e)(3), and (e)(4) of this part concerning “current” underwritings and distributions may rely upon the affiliate’s or subsidiary’s statement that the underwriting or distribution of any particular security has terminated.

### § 337.5

### 12 CFR Ch. III (1-1-98 Edition)

conducted business in the same location as its securities subsidiary or affiliate or shared the same or a similar name or logo with its securities subsidiary or affiliate has until not later than June 1, 1988 to comply with paragraphs (h)(2) and (3) of this section.

(2) *Content of Disclosure.* Sections 337.4(a)(2)(viii) and 337.4(c)(5) notwithstanding, any subsidiary and/or affiliate of an insured nonmember bank described in paragraph (h)(1) of this section must disclose to its customers and prospective customers that securities recommended, offered or sold by or through the subsidiary and/or affiliate are not FDIC insured deposits (unless otherwise indicated), that such securities are not guaranteed by, nor are they obligations of, the bank, and that the subsidiary and/or affiliate and the bank are separate organizations. The following or a similar statement will satisfy the disclosure requirement:

[name of affiliate/subsidiary] is not a bank and securities offered by it are not backed or guaranteed by any bank nor are they insured by the FDIC.

(3) *Timing and Placement of Disclosure.* In order for any subsidiary or affiliate of an insured nonmember bank described in paragraph (h)(1) of this section, to comply with paragraph (h)(2) of this section, the subsidiary/affiliate must make disclosure to its customers prominently, in writing, in opening account documents and periodically (at least semiannually) in customer statements. Disclosure may be made in confirmations in lieu of customer statements. In the case of joint advertisements, promotions, or solicitations and advertisements, promotions, or solicitations placed in bank communications, the advertisement, promotion, or solicitation must carry the requisite disclosure. Disclosure may be in a form and manner consistent with the advertising or other media utilized. Television or radio advertisements which do not exceed 30 seconds in length need not contain disclosure. Disclosure in television advertisements may either be spoken or displayed. All disclosures must be prominent and clearly legible. Disclosure in opening account documents and periodic disclosure in customer statements or confirmations is only required for one year after the

bank and its subsidiary/affiliate cease to jointly advertise, promote or solicit and for one year after advertisements, promotions, or solicitations are placed in bank communications with bank customers provided, however, that at least two semiannual disclosures must have been made during that one year period.

(4) It is considered an unsafe and unsound banking practice for an insured nonmember bank to:

(i) Share the same or a similar name or logo with a securities subsidiary that is required to be a bona fide subsidiary or an affiliate that is subject to the provisions contained in § 337.4(c);

(ii) Conduct business in the same location as any such subsidiary or affiliate;

(iii) Jointly advertise or promote its services in an advertisement, promotion, or solicitation concerning particular securities made by such a subsidiary or affiliate; or

(iv) Permit such a subsidiary or affiliate to place advertisements, promotions, or solicitations concerning particular securities in communications sent by the bank to the bank's customers, unless the disclosure requirements of paragraphs (h)(2) and (3) of this section, are met.

Failure to comply with paragraphs (h)(2) and (3) of this section, will subject the insured nonmember bank to appropriate administrative action including, but not necessarily limited to, an order to cease and desist use of the same or a similar name or logo as the subsidiary/affiliate, the conduct of business in the same location as the subsidiary/affiliate, the making of joint advertisements, or the placement of the subsidiary's/affiliate's promotions, advertisements, or solicitations in the bank's communications with its customers.

(2) *Brokered deposit* means any deposit that is obtained, directly or indirectly, from or through the mediation or assistance of a deposit broker.

(B) An agent or trustee who establishes a deposit account to facilitate a business arrangement with an insured depository institution to use the proceeds of the account to fund a pre-arranged loan.

(ii) The term *deposit broker* does not include:

(A) An insured depository institution, with respect to funds placed with that depository institution;

<sup>13</sup>The regulations implementing section 38 of the Federal Deposit Insurance Act and issued by the federal banking agencies generally provide that an insured depository institution is deemed to have been notified of its capital levels and its capital category as of the most recent date: (1) A Consolidated Report of Condition and Income or Thrift Financial Report is required to be filed with the appropriate federal banking agency; (2) A final report of examination is delivered to the institution; or (3) Written notice is provided by the appropriate federal banking agency to the institution of its capital category for purposes of section 38 of the Federal Deposit Insurance Act and implementing regulations or that the institution's capital category has changed. Provisions specifying the effective date of determination of capital category are generally published in the following regulations: FDIC—12 CFR 325.102. (D) The trustee of a pension or other employee benefit plan, with respect to funds of the plan;

(E) A person acting as a plan administrator or an investment adviser in connection with a pension plan or other employee benefit plan provided that person is performing managerial functions with respect to the plan;

(F) The trustee of a testamentary account;

(G) The trustee of an irrevocable trust (other than one described in paragraph (a)(5)(i)(B) of this section), as long as the trust in question has not been established for the primary purpose of placing funds with insured depository institutions;

(H) A trustee or custodian of a pension or profit-sharing plan qualified under section 401(d) or 403(a) of the Internal Revenue Code of 1986 (26 U.S.C. 401(d) or 403(a));

(I) An agent or nominee whose primary purpose is not the placement of funds with depository institutions; or

(J) An insured depository institution acting as an intermediary or agent of a U.S. government department or agency for a government sponsored minority or women-owned depository institution deposit program.

(iii) Notwithstanding paragraph (a)(5)(ii) of this section, the term *deposit broker* includes any insured depository institution, and any employee of any insured depository institution, which engages, directly or indirectly, in the solicitation of deposits by offering rates of interest (with respect to such deposits) which are significantly higher than the prevailing rates of interest on deposits offered by other insured depository institutions having the same type of charter in such depository institution's normal market area.

(6) *Employee* means any employee: (i) Who is employed exclusively by the insured depository institution;

(ii) Whose compensation is primarily in the form of a salary;

(iii) Who does not share such employee's compensation with a deposit broker; and

(iv) Whose office space or place of business is used exclusively for the benefit of the insured depository institution which employs such individual.

(7) *FDIC* means the Federal Deposit Insurance Corporation.

(8) *Insured depository institution* means any bank, savings association, or branch of a foreign bank insured under the provisions of the Federal Deposit Insurance Act (12 U.S.C. 1811 et. seq.).

(b) *Solicitation and acceptance of brokered deposits by insured depository institutions.* (1) A well capitalized insured depository institution may solicit and accept, renew or roll over any brokered deposit without restriction by this section.

(2)(i) An adequately capitalized insured depository institution may not accept, renew or roll over any brokered deposit unless it has applied for and been granted a waiver of this prohibition by the FDIC in accordance with the provisions of this section.

(ii) Any adequately capitalized insured depository institution that has been granted a waiver to accept, renew or roll over a brokered deposit may not pay an effective yield on any such deposit which, at the time that such deposit is accepted, renewed or rolled over, exceeds by more than 75 basis points:

(A) The effective yield paid on deposits of comparable size and maturity in such institution's normal market area for deposits accepted from within its normal market area; or

(B) The national rate paid on deposits of comparable size and maturity for deposits accepted outside the institution's normal market area. For purposes of this paragraph (b)(2)(ii)(B), the national rate shall be:

(1) 120 percent of the current yield on similar maturity U.S. Treasury obligations; or

(2) In the case of any deposit at least half of which is uninsured, 130 percent of such applicable yield.

(3)(i) An undercapitalized insured depository institution may not accept,

## Federal Deposit Insurance Corporation

## § 337.6

renew or roll over any brokered deposit.

(ii) An undercapitalized insured depository institution may not solicit deposits by offering an effective yield that exceeds by more than 75 basis points the prevailing effective yields on insured deposits of comparable maturity in such institution's normal market area or in the market area in which such deposits are being solicited.

(4) For purposes of the restriction contained in paragraphs (b)(2)(ii)(A) and (b)(3)(ii) of this section, the effective yields in the relevant markets are the average of effective yields offered by other insured depository institutions in the market area in which deposits are being solicited. An effective yield on a deposit with an odd maturity violates paragraphs (b)(2)(ii)(A) and (b)(3)(ii) of this section if it is more than 75 basis points higher than the yield calculated by interpolating between the yields offered by other insured depository institutions on deposits of the next longer and shorter maturities offered in the market. A market area is any readily defined geographical area in which the rates offered by any one insured depository institution soliciting deposits in that area may affect the rates offered by other insured depository institutions operating in the same area.

(c) *Waiver.* The FDIC may, on a case-by-case basis and upon application by an adequately capitalized insured depository institution, waive the prohibition on the acceptance, renewal or rollover of brokered deposits upon a finding that such acceptance, renewal or rollover does not constitute an unsafe or unsound practice with respect to such institution. The FDIC may conclude that it is not unsafe or unsound and may grant a waiver when the acceptance, renewal or rollover of brokered deposits is determined to pose no undue risk to the institution. Any waiver granted may be revoked at any time by written notice to the institution.

(d) *Application.* An adequately capitalized insured depository institution wishing to accept, renew or roll over brokered deposits may apply to the appropriate regional director for supervision for the region in which the main

office of the institution is located. The application may be in letter form and shall include the following information:

(1) The time period for which a waiver may be needed;

(2) A statement of the policy governing the use of brokered deposits in the institution's overall funding and liquidity management program;

(3) The volume, rates and maturities associated with the brokered deposits held currently and anticipated during the waiver period sought, including any internal limits placed on the terms, solicitation and use of brokered deposits;

(4) A description of how brokered deposits are costed and compared to other funding alternatives and how such deposits are used in the institution's lending and investment activities, including a detailed discussion of any plans for asset growth;

(5) A description of the procedures and practices used to solicit brokered deposits, including an identification of the principal sources of such deposits;

(6) A description of the management systems in overseeing the solicitation, acceptance and use of brokered deposits;

(7) A recent consolidated financial statement with balance sheet and income statements; and

(8) Reasons the institution believes its acceptance, renewal or rollover of brokered deposits would pose no undue risk.

(e) *Decision.* (1) The Director of the Division of Supervision and, when confirmed in writing by the Director, an associate director or the appropriate regional director or deputy regional director, shall each have the authority to approve any waiver application properly filed. An application is properly filed when complete and accurate information addressing each of the informational elements stated in paragraph (d) of this section has been provided to the appropriate regional director. Any properly authorized FDIC official may grant a temporary waiver based upon a preliminary review for a short period in order to facilitate the orderly processing of an application for a waiver. Any waiver granted will be for a fixed period, generally no longer than two

years, but may be extended upon re-application. The FDIC will provide notice to the depository institution's appropriate Federal banking agency and any state regulatory agency, as appropriate, that a request for a waiver has been filed and will consult with such agency or agencies, prior to taking action on the institution's request for a waiver. Notwithstanding the foregoing, prior notice and/or consultation shall not be required in any particular case if the FDIC determines that the circumstances require it to take action without giving such notice and opportunity for consultation.

(2) Any application filed by an institution that is CAMEL- or MACRO-rated 1 or 2 by its appropriate Federal banking agency shall be deemed approved for the period requested (not to exceed 2 years) 21 days after filing unless the institution in the interim has been notified in writing that further review and consideration are required and that it will be specifically notified when its application has been decided.

(f) *60-Day transition period.* An adequately capitalized insured depository institution may accept, renew or roll over any brokered deposit for a period of 60 days following June 16, 1992, provided it has properly filed an application within 30 days after June 16, 1992, and the FDIC has not notified the institution that the application has been denied.

(g) *Exclusion for institutions in FDIC conservatorship.* No insured depository institution for which the FDIC has been appointed conservator shall be subject to the prohibition on the acceptance, renewal or rollover of brokered deposits contained in this §337.6 or section 29 of the Federal Deposit Insurance Act for 90 days after the date on which the institution was placed in conservatorship. During this 90-day period, the institution shall, nevertheless, be subject to the restriction on the payment of interest contained in paragraph (b)(2)(ii) of the section. After such 90-day period, the institution may not accept, renew or roll over any brokered deposit.

(h) *Deposit brokers.* (1) A deposit broker shall not solicit or place any deposit with an insured depository institution unless it has provided the FDIC

with written notice that it is acting as a deposit broker. The notice may be in letter form and shall describe generally the history, nature and volume of its deposit brokerage operations, including the sources and placement of such funds. The notice should be submitted to the Federal Deposit Insurance Corporation, Office of Compliance and Special Activities, Division of Supervision, Washington, DC 20429. The notice shall be effective upon receipt.

(2) A deposit broker shall maintain sufficient records of the volume of brokered deposits placed with any insured depository institution over the preceding 12 months and the volume outstanding currently, including the maturities, rates and costs associated with such deposits.

(3) The Director of the Division of Supervision or designee may request, from time to time, quarterly written reports from any deposit broker regarding the volume of brokered deposits placed with a specified insured depository institution and the maturities, rates and costs associated with such deposits.

(4) When a deposit broker ceases to act as such, it shall notify the FDIC in writing at the address indicated in paragraph (h)(1) of this section that it is no longer acting as a deposit broker. [57 FR 23941, June 5, 1992, as amended at 58 FR 54935, Oct. 25, 1993; 60 FR 31384, June 15, 1995]

**§§ 337.7—337.9 [Reserved]**

**§337.10 Waiver.**

An insured State nonmember bank has the right to petition the Board of Directors of the Corporation for a waiver of this part or any subpart thereof with respect to any particular transaction or series of similar transactions. A waiver may be granted at the discretion of the Board upon a showing of good cause. All such petitions should be filed with the Office of the Executive Secretary, Federal Deposit Insurance Corporation, 550 17th Street, NW., Washington, DC 20429.

**§337.11 Effect on other banking practices.**

Nothing in this part shall be construed as restricting in any manner the

## Federal Deposit Insurance Corporation

## § 338.1

Corporation's authority to deal with any banking practice which is deemed to be unsafe or unsound or otherwise not in accordance with law, rule, or regulation; or which violates any condition imposed in writing by the Corporation in connection with the granting of any application or other request by an insured State nonmember bank, or any written agreement entered into by such bank with the Corporation. Compliance with the provisions of this part shall not relieve an insured State nonmember bank from its duty to conduct its operations in a safe and sound manner nor prevent the Corporation from taking whatever action it deems necessary and desirable to deal with specific acts or practices which, although they do not violate the provisions of this part, are considered detrimental to the safety and sound operation of the bank engaged therein.

### § 337.12 Frequency of examination.

(a) *General.* The Federal Deposit Insurance Corporation examines insured state nonmember banks pursuant to authority conferred by section 10 of the Federal Deposit Insurance Act (12 U.S.C. 1820). The FDIC is required to conduct a full-scope, on-site examination of every insured state nonmember bank at least once during each 12-month period.

(b) *18-month rule for certain small institutions.* The FDIC may conduct a full-scope, on-site examination at least once during each 18-month period, rather than each 12-month period as provided in paragraph (a) of this section, if the following conditions are satisfied:

(1) The insured state nonmember bank has total assets of \$250 million or less;

(2) The insured state nonmember bank is well capitalized as defined in 12 CFR 325.103(b)(1);

(3) At its most recent examination, the FDIC found the insured state nonmember bank to be well managed;

(4) At its most recent examination, the FDIC determined that the insured state nonmember bank was in outstanding or good condition, that is, it received a composite rating of 1 or 2 under the Uniform Financial Institutions Rating System (Copies are avail-

able at the addresses specified in § 309.4 of this chapter);

(5) The insured state nonmember bank currently is not subject to a formal enforcement proceeding or order by the FDIC, OCC, or Federal Reserve Board; and

(6) No person acquired control of the insured state nonmember bank during the preceding 12-month period in which a full-scope on-site examination would have been required but for this section.

(c) *Authority to conduct more frequent examinations.* This section does not limit the authority of the FDIC to examine any insured state nonmember bank as frequently as the agency deems necessary.

## Federal Deposit Insurance Corporation

## § 339.7

### § 339.3 Requirement to purchase flood insurance where available.

(a) *In general.* A bank shall not make, increase, extend, or renew any designated loan unless the building or mobile home and any personal property securing the loan is covered by flood insurance for the term of the loan. The amount of insurance must be at least equal to the lesser of the outstanding principal balance of the designated loan or the maximum limit of coverage available for the particular type of property under the Act. Flood insurance coverage under the Act is limited to the overall value of the property securing the designated loan minus the value of the land on which the property is located.

(b) *Table funded loans.* A bank that acquires a loan from a mortgage broker or other entity through table funding shall be considered to be making a loan for the purposes of this part.

### § 339.4 Exemptions.

The flood insurance requirement prescribed by § 339.3 does not apply with respect to:

(a) Any State-owned property covered under a policy of self-insurance satisfactory to the Director of FEMA, who publishes and periodically revises the list of States falling within this exemption; or

(b) Property securing any loan with an original principal balance of \$5,000 or less and a repayment term of one year or less.

### § 339.5 Escrow requirement.

If a bank requires the escrow of taxes, insurance premiums, fees, or any other charges for a loan secured by *residential* improved real estate or a mobile home that is made, increased, extended, or renewed on or after October 1, 1996, the bank shall also require the escrow of all premiums and fees for any flood insurance required under § 339.3. The bank, or a servicer acting on behalf of the bank, shall deposit the flood insurance premiums on behalf of the borrower in an escrow account. This escrow account will be subject to escrow requirements adopted pursuant to section 10 of the Real Estate Settlement Procedures Act of 1974 (12 U.S.C. 2609) (RESPA), which generally limits the

amount that may be maintained in escrow accounts for certain types of loans and requires escrow account statements for those accounts, only if the loan is otherwise subject to RESPA. Following receipt of a notice from the Director of FEMA or other provider of flood insurance that premiums are due, the bank, or a servicer acting on behalf of the bank, shall pay the amount owed to the insurance provider from the escrow account by the date when such premiums are due.

### § 339.6 Required use of standard flood hazard determination form.

(a) *Use of form.* A bank shall use the standard flood hazard determination form developed by the Director of FEMA (as set forth in Appendix A of 44 CFR part 65) when determining whether the building or mobile home offered as collateral security for a loan is or will be located in a special flood hazard area in which flood insurance is available under the Act. The standard flood hazard determination form may be used in a printed, computerized, or electronic manner.

(b) *Retention of form.* A bank shall retain a copy of the completed standard flood hazard determination form, in either hard copy or electronic form, for the period of time the bank owns the loan.

### § 339.7 Forced placement of flood insurance.

If a bank, or a servicer acting on behalf of the bank, determines, at any time during the term of a designated loan, that the building or mobile home and any personal property securing the designated loan is not covered by flood insurance or is covered by flood insurance in an amount less than the amount required under § 339.3, then the bank or its servicer shall notify the borrower that the borrower should obtain flood insurance, at the borrower's expense, in an amount at least equal to the amount required under § 339.3, for the remaining term of the loan. If the borrower fails to obtain flood insurance within 45 days after notification, then the bank or its servicer shall purchase insurance on the borrower's behalf. The bank or its servicer may charge the borrower for the cost of premiums and

## § 339.8

fees incurred in purchasing the insurance.

### § 339.8 Determination fees.

(a) *General.* Notwithstanding any Federal or State law other than the Flood Disaster Protection Act of 1973, as amended (42 U.S.C. 4001-4129), any bank, or a servicer acting on behalf of the bank, may charge a reasonable fee for determining whether the building or mobile home securing the loan is located or will be located in a special flood hazard area. A determination fee may also include, but is not limited to, a fee for life-of-loan monitoring.

(b) *Borrower fee.* The determination fee authorized by paragraph (a) of this section may be charged to the borrower if the determination:

(1) Is made in connection with a making, increasing, extending, or renewing of the loan that is initiated by the borrower;

(2) Reflects the Director of FEMA's revision or updating of floodplain areas or flood-risk zones;

(3) Reflects the Director of FEMA's publication of a notice or compendium that:

(i) Affects the area in which the building or mobile home securing the loan is located; or

(ii) By determination of the Director of FEMA, may reasonably require a determination whether the building or mobile home securing the loan is located in a special flood hazard area; or

(4) Results in the purchase of flood insurance coverage by the lender or its servicer on behalf of the borrower under § 339.7.

(c) *Purchaser or transferee fee.* The determination fee authorized by paragraph (a) of this section may be charged to the purchaser or transferee of a loan in the case of the sale or transfer of the loan.

### § 339.9 Notice of special flood hazards and availability of Federal disaster relief assistance.

(a) *Notice requirement.* When a bank makes, increases, extends, or renews a loan secured by a building or a mobile home located or to be located in a special flood hazard area, the bank shall mail or deliver a written notice to the borrower and to the servicer in all

## 12 CFR Ch. III (1-1-98 Edition)

cases whether or not flood insurance is available under the Act for the collateral securing the loan.

(b) *Contents of notice.* The written notice must include the following information:

(1) A warning, in a form approved by the Director of FEMA, that the building or the mobile home is or will be located in a special flood hazard area;

(2) A description of the flood insurance purchase requirements set forth in section 102(b) of the Flood Disaster Protection Act of 1973, as amended (42 U.S.C. 4012a(b));

(3) A statement, where applicable, that flood insurance coverage is available under the NFIP and may also be available from private insurers; and

(4) A statement whether Federal disaster relief assistance may be available in the event of damage to the building or mobile home caused by flooding in a Federally-declared disaster.

(c) *Timing of notice.* The bank shall provide the notice required by paragraph (a) of this section to the borrower within a reasonable time before the completion of the transaction, and to the servicer as promptly as practicable after the bank provides notice to the borrower and in any event no later than the time the bank provides other similar notices to the servicer concerning hazard insurance and taxes. Notice to the servicer may be made electronically or may take the form of a copy of the notice to the borrower.

(d) *Record of receipt.* The bank shall retain a record of the receipt of the notices by the borrower and the servicer for the period of time the bank owns the loan.

(e) *Alternate method of notice.* Instead of providing the notice to the borrower required by paragraph (a) of this section, a bank may obtain satisfactory written assurance from a seller or lessor that, within a reasonable time before the completion of the sale or lease transaction, the seller or lessor has provided such notice to the purchaser or lessee. The bank shall retain a record of the written assurance from the seller or lessor for the period of time the bank owns the loan.

(f) *Use of prescribed form of notice.* A bank will be considered to be in compliance with the requirement for notice

to the borrower of this section by providing written notice to the borrower containing the language presented in appendix A to this part within a reasonable time before the completion of the transaction. The notice presented in appendix A to this part satisfies the borrower notice requirements of the Act.

#### § 339.10 Notice of servicer's identity.

(a) *Notice requirement.* When a bank makes, increases, extends, renews, sells, or transfers a loan secured by a building or mobile home located or to be located in a special flood hazard area, the bank shall notify the Director of FEMA (or the Director of FEMA's designee) in writing of the identity of the servicer of the loan. The Director of FEMA has designated the insurance provider to receive the bank's notice of the servicer's identity. This notice may be provided electronically if electronic transmission is satisfactory to the Director of FEMA's designee.

(b) *Transfer of servicing rights.* The bank shall notify the Director of FEMA (or the Director of FEMA's designee) of any change in the servicer of a loan described in paragraph (a) of this section within 60 days after the effective date of the change. This notice may be provided electronically if electronic transmission is satisfactory to the Director of FEMA's designee. Upon any change in the servicing of a loan described in paragraph (a) of this section, the duty to provide notice under this paragraph (b) shall transfer to the transferee servicer.

#### APPENDIX A TO PART 339—SAMPLE FORM OF NOTICE OF SPECIAL FLOOD HAZARDS AND AVAILABILITY OF FEDERAL DISASTER RELIEF ASSISTANCE

We are giving you this notice to inform you that:

The building or mobile home securing the loan for which you have applied is or will be located in an area with special flood hazards.

The area has been identified by the Director of the Federal Emergency Management Agency (FEMA) as a special flood hazard area using FEMA's *Flood Insurance Rate Map* or the *Flood Hazard Boundary Map* for the following community: \_\_\_\_\_. This area has at least a one percent (1%) chance of a flood equal to or exceeding the base flood elevation (a 100-year flood) in any given year. During the life of a 30-year mort-

gage loan, the risk of a 100-year flood in a special flood hazard area is 26 percent (26%).

Federal law allows a lender and borrower jointly to request the Director of FEMA to review the determination of whether the property securing the loan is located in a special flood hazard area. If you would like to make such a request, please contact us for further information.

\_\_\_\_\_ The community in which the property securing the loan is located participates in the National Flood Insurance Program (NFIP). Federal law will not allow us to make you the loan that you have applied for if you do not purchase flood insurance. The flood insurance must be maintained for the life of the loan. If you fail to purchase or renew flood insurance on the property, Federal law authorizes and requires us to purchase the flood insurance for you at your expense.

- Flood insurance coverage under the NFIP may be purchased through an insurance agent who will obtain the policy either directly through the NFIP or through an insurance company that participates in the NFIP. Flood insurance also may be available from private insurers that do not participate in the NFIP.

- At a minimum, flood insurance purchased must cover *the lesser of:*

- (1) the outstanding principal balance of the loan; *or*

- (2) the maximum amount of coverage allowed for the type of property under the NFIP.

Flood insurance coverage under the NFIP is limited to the overall value of the property securing the loan minus the value of the land on which the property is located.

- Federal disaster relief assistance (usually in the form of a low-interest loan) may be available for damages incurred in excess of your flood insurance if your community's participation in the NFIP is in accordance with NFIP requirements.

\_\_\_\_\_ Flood insurance coverage under the NFIP is not available for the property securing the loan because the community in which the property is located does not participate in the NFIP. In addition, if the non-participating community has been identified for at least one year as containing a special flood hazard area, properties located in the community will not be eligible for Federal disaster relief assistance in the event of a Federally-declared flood disaster.

### § 344.1 Purpose and scope.

(a) *Purpose.* The purpose of this part is to ensure that purchasers of securities in transactions effected by a state nonmember insured bank (except a District bank) or a foreign bank having an insured branch are provided adequate information regarding transactions. This part is also designed to ensure that banks subject to this part maintain adequate records and controls with respect to the securities transactions they effect.

(b) *Scope; general.* Any security transaction effected for a customer by a bank is subject to this part unless excepted by § 344.2. A bank effecting

transactions in government securities is subject to the notification, record-keeping, and policies and procedures requirements of this part. This part also applies to municipal securities transactions by a bank that is not registered as a “municipal securities dealer” with the Securities and Exchange Commission. See 15 U.S.C. 78c(a)(30) and 78o-4.

The calculation of this average does not include transactions in government securities.

(4) *Foreign branches.* Activities of foreign branches of a bank shall not be subject to the requirements of this part.

(5) *Transactions effected by registered broker/dealers.* (i) This part does not apply to securities transactions effected for a bank customer by a registered broker/dealer if:

(A) The broker/dealer is fully disclosed to the bank customer; and

(B) The bank customer has a direct contractual agreement with the broker/dealer.

(ii) This exemption extends to bank arrangements with broker/dealers which involve bank employees when

### § 344.3

### 12 CFR Ch. III (1–1–98 Edition)

acting as employees of, and subject to the supervision of, the registered broker/dealer when soliciting, recommending, or effecting securities transactions.

(b) *Safe and sound operations.* Notwithstanding this section, every bank effecting securities transactions for customers shall maintain, directly or indirectly, effective systems of records and controls regarding their customer securities transactions to ensure safe and sound operations. (a) A bank shall not effect or enter into a contract for the purchase or sale of a security (other than an exempted security as defined in 15 U.S.C. 78c(a)(12), government security, municipal security, commercial paper, bankers' acceptances, or commercial bills) that provides for payment of funds and delivery of securities later than the third business day after the date of the contract unless otherwise expressly agreed to by the parties at the time of the transaction.

(b) Paragraphs (a) and (c) of this section shall not apply to contracts:

(1) For the purchase or sale of limited partnership interests that are not listed on an exchange or for which quotations are not disseminated through an automated quotation system of a registered securities association; or

(c) Paragraph (a) of this section shall not apply to contracts for the sale for cash of securities that are priced after 4:30 p.m. Eastern time on the date the securities are priced and that are sold by an issuer to an underwriter pursuant to a firm commitment underwritten offering registered under the Securities Act of 1933, 15 U.S.C. 77a et seq., or sold to an initial purchaser by a bank participating in the offering. A bank shall not effect or enter into a contract for the purchase or sale of the securities that provides for payment of funds and delivery of securities later

than the fourth business day after the date of the contract unless otherwise expressly agreed to by the parties at the time of the transaction.

(d) For purposes of paragraphs (a) and (c) of this section, the parties to a contract shall be deemed to have expressly agreed to an alternate date for payment of funds and delivery of securities at the time of the transaction for a contract for the sale for cash of securities pursuant to a firm commitment offering if the managing underwriter and the issuer have agreed to the date for all securities sold pursuant to the offering and the parties to the contract have not expressly agreed to another date for payment of funds and delivery of securities at the time of the transaction.

### § 345.11 Authority, purposes, and scope.

(a) *Authority and OMB control number—(1) Authority.* The authority for this part is 12 U.S.C. 1814-1817, 1819-1820, 1828, 1831u and 2901-2907, 3103-3104, and 3108(a).

(2) *OMB control number.* The information collection requirements contained in this part were approved by the Office of Management and Budget under the provisions of 44 U.S.C. 3501 *et seq.* and

## Federal Deposit Insurance Corporation

## § 345.12

have been assigned OMB control number 3064-0092.

(b) *Purposes.* In enacting the Community Reinvestment Act (CRA), the Congress required each appropriate Federal financial supervisory agency to assess an institution's record of helping to meet the credit needs of the local communities in which the institution is chartered, consistent with the safe and sound operation of the institution, and to take this record into account in the agency's evaluation of an application for a deposit facility by the institution. This part is intended to carry out the purposes of the CRA by:

(1) Establishing the framework and criteria by which the Federal Deposit Insurance Corporation (FDIC) assesses a bank's record of helping to meet the credit needs of its entire community, including low- and moderate-income neighborhoods, consistent with the safe and sound operation of the bank; and

(2) Providing that the FDIC takes that record into account in considering certain applications.

(c) *Scope*—(1) *General.* Except for certain special purpose banks described in paragraph (c)(3) of this section, this part applies to all insured State nonmember banks, including insured State branches as described in paragraph (c)(2) and any uninsured State branch that results from an acquisition described in section 5(a)(8) of the International Banking Act of 1978 (12 U.S.C. 3103(a)(8)).

(2) *Insured State branches.* Insured State branches are branches of a foreign bank established and operating under the laws of any State, the deposits of which are insured in accordance with the provisions of the Federal Deposit Insurance Act. In the case of insured State branches, references in this part to *main office* mean the principal branch within the United States and the term *branch* or *branches* refers to any insured State branch or branches located within the United States. The *assessment area* of an insured State branch is the community or communities located within the United States served by the branch as described in §345.41.

(3) *Certain special purpose banks.* This part does not apply to special purpose banks that do not perform commercial

or retail banking services by granting credit to the public in the ordinary course of business, other than as incident to their specialized operations. These banks include banker's banks, as defined in 12 U.S.C. 24 (Seventh), and banks that engage only in one or more of the following activities: providing cash management controlled disbursement services or serving as correspondent banks, trust companies, or clearing agents.

### Subpart B—Standards for Assessing Performance

SOURCE: 60 FR 22201, May 4, 1995, unless otherwise noted.

#### § 345.21 Performance tests, standards, and ratings, in general.

(a) *Performance tests and standards*. The FDIC assesses the CRA performance of a bank in an examination as follows:

(1) *Lending, investment, and service tests*. The FDIC applies the lending, investment, and service tests, as provided in §§ 345.22 through 345.24, in evaluating the performance of a bank, except as provided in paragraphs (a)(2), (a)(3), and (a)(4) of this section.

(2) *Community development test for wholesale or limited purpose banks*. The FDIC applies the community development test for a wholesale or limited purpose bank, as provided in § 345.25, except as provided in paragraph (a)(4) of this section.

(3) *Small bank performance standards*. The FDIC applies the small bank performance standards as provided in § 345.26 in evaluating the performance of a small bank or a bank that was a small bank during the prior calendar year, unless the bank elects to be assessed as provided in paragraphs (a)(1), (a)(2), or (a)(4) of this section. The bank may elect to be assessed as provided in paragraph (a)(1) of this section only if it collects and reports the data required for other banks under § 345.42.

(4) *Strategic plan*. The FDIC evaluates the performance of a bank under a strategic plan if the bank submits, and the FDIC approves, a strategic plan as provided in § 345.27.

(b) *Performance context*. The FDIC applies the tests and standards in paragraph (a) of this section and also considers whether to approve a proposed strategic plan in the context of:

(1) Demographic data on median income levels, distribution of household

## § 345.22

income, nature of housing stock, housing costs, and other relevant data pertaining to a bank's assessment area(s);

(2) Any information about lending, investment, and service opportunities in the bank's assessment area(s) maintained by the bank or obtained from community organizations, state, local, and tribal governments, economic development agencies, or other sources;

(3) The bank's product offerings and business strategy as determined from data provided by the bank;

(4) Institutional capacity and constraints, including the size and financial condition of the bank, the economic climate (national, regional, and local), safety and soundness limitations, and any other factors that significantly affect the bank's ability to provide lending, investments, or services in its assessment area(s);

(5) The bank's past performance and the performance of similarly situated lenders;

(6) The bank's public file, as described in §345.43, and any written comments about the bank's CRA performance submitted to the bank or the FDIC; and

(7) Any other information deemed relevant by the FDIC.

(c) *Assigned ratings.* The FDIC assigns to a bank one of the following four ratings pursuant to §345.28 and Appendix A of this part: "outstanding"; "satisfactory"; "needs to improve"; or "substantial noncompliance" as provided in 12 U.S.C. 2906(b)(2). The rating assigned by the FDIC reflects the bank's record of helping to meet the credit needs of its entire community, including low- and moderate-income neighborhoods, consistent with the safe and sound operation of the bank.

(d) *Safe and sound operations.* This part and the CRA do not require a bank to make loans or investments or to provide services that are inconsistent with safe and sound operations. To the contrary, the FDIC anticipates banks can meet the standards of this part with safe and sound loans, investments, and services on which the banks expect to make a profit. Banks are permitted and encouraged to develop and apply flexible underwriting standards for loans that benefit low- or moderate-income geographies or individuals,

## 12 CFR Ch. III (1-1-98 Edition)

only if consistent with safe and sound operations.

### § 345.22 Lending test.

(a) *Scope of test.* (1) The lending test evaluates a bank's record of helping to meet the credit needs of its assessment area(s) through its lending activities by considering a bank's home mortgage, small business, small farm, and community development lending. If consumer lending constitutes a substantial majority of a bank's business, the FDIC will evaluate the bank's consumer lending in one or more of the following categories: motor vehicle, credit card, home equity, other secured, and other unsecured loans. In addition, at a bank's option, the FDIC will evaluate one or more categories of consumer lending, if the bank has collected and maintained, as required in §345.42(c)(1), the data for each category that the bank elects to have the FDIC evaluate.

(2) The FDIC considers originations and purchases of loans. The FDIC will also consider any other loan data the bank may choose to provide, including data on loans outstanding, commitments and letters of credit.

(3) A bank may ask the FDIC to consider loans originated or purchased by consortia in which the bank participates or by third parties in which the bank has invested only if the loans meet the definition of community development loans and only in accordance with paragraph (d) of this section. The FDIC will not consider these loans under any criterion of the lending test except the community development lending criterion.

(b) *Performance criteria.* The FDIC evaluates a bank's lending performance pursuant to the following criteria:

(1) *Lending activity.* The number and amount of the bank's home mortgage, small business, small farm, and consumer loans, if applicable, in the bank's assessment area(s);

(2) *Geographic distribution.* The geographic distribution of the bank's home mortgage, small business, small farm, and consumer loans, if applicable, based on the loan location, including:

(ii) Small business and small farm loans to businesses and farms with gross annual revenues of \$1 million or less;

(iii) Small business and small farm loans by loan amount at origination; and

(iv) Consumer loans, if applicable, to low-, moderate-, middle-, and upper-income individuals;

(5) *Innovative or flexible lending practices.* The bank's use of innovative or flexible lending practices in a safe and sound manner to address the credit needs of low- or moderate-income individuals or geographies.

(c) *Affiliate lending.* (1) At a bank's option, the FDIC will consider loans by an affiliate of the bank, if the bank provides data on the affiliate's loans pursuant to §345.42.

(2) The FDIC considers affiliate lending subject to the following constraints:

(i) No affiliate may claim a loan origination or loan purchase if another institution claims the same loan origination or purchase; and

(ii) If a bank elects to have the FDIC consider loans within a particular lending category made by one or more of the bank's affiliates in a particular assessment area, the bank shall elect to have the FDIC consider, in accordance with paragraph (c)(1) of this section, all the loans within that lending category

in that particular assessment area made by all of the bank's affiliates.

(3) The FDIC does not consider affiliate lending in assessing a bank's performance under paragraph (b)(2)(i) of this section.

(d) *Lending by a consortium or a third party.* Community development loans originated or purchased by a consortium in which the bank participates or by a third party in which the bank has invested:

(1) Will be considered, at the bank's option, if the bank reports the data pertaining to these loans under §345.42(b)(2); and

(2) May be allocated among participants or investors, as they choose, for purposes of the lending test, except that no participant or investor:

(i) May claim a loan origination or loan purchase if another participant or investor claims the same loan origination or purchase; or

(ii) May claim loans accounting for more than its percentage share (based on the level of its participation or investment) of the total loans originated by the consortium or third party.

(e) *Lending performance rating.* The FDIC rates a bank's lending performance as provided in Appendix A of this part.

### §345.23 Investment test.

(a) *Scope of test.* The investment test evaluates a bank's record of helping to meet the credit needs of its assessment area(s) through qualified investments that benefit its assessment area(s) or a broader statewide or regional area that includes the bank's assessment area(s).

(b) *Exclusion.* Activities considered under the lending or service tests may not be considered under the investment test.

(c) *Affiliate investment.* At a bank's option, the FDIC will consider, in its assessment of a bank's investment performance, a qualified investment made by an affiliate of the bank, if the qualified investment is not claimed by any other institution.

(d) *Disposition of branch premises.* Donating, selling on favorable terms, or making available on a rent-free basis a branch of the bank that is located in a predominantly minority neighborhood to a minority depository institution or

## § 345.24

women's depository institution (as these terms are defined in 12 U.S.C. 2907(b)) will be considered as a qualified investment.

(e) *Performance criteria.* The FDIC evaluates the investment performance of a bank pursuant to the following criteria:

- (1) The dollar amount of qualified investments;
- (2) The innovativeness or complexity of qualified investments;
- (3) The responsiveness of qualified investments to credit and community development needs; and
- (4) The degree to which the qualified investments are not routinely provided by private investors.

(f) *Investment performance rating.* The FDIC rates a bank's investment performance as provided in Appendix A of this part.

### § 345.24 Service test.

(a) *Scope of test.* The service test evaluates a bank's record of helping to meet the credit needs of its assessment area(s) by analyzing both the availability and effectiveness of a bank's systems for delivering retail banking services and the extent and innovativeness of its community development services.

(b) *Area(s) benefited.* Community development services must benefit a bank's assessment area(s) or a broader statewide or regional area that includes the bank's assessment area(s).

(c) *Affiliate service.* At a bank's option, the FDIC will consider, in its assessment of a bank's service performance, a community development service provided by an affiliate of the bank, if the community development service is not claimed by any other institution.

(d) *Performance criteria—retail banking services.* The FDIC evaluates the availability and effectiveness of a bank's systems for delivering retail banking services, pursuant to the following criteria:

- (1) The current distribution of the bank's branches among low-, moderate-, middle-, and upper-income geographies;
- (2) In the context of its current distribution of the bank's branches, the bank's record of opening and closing

## 12 CFR Ch. III (1–1–98 Edition)

branches, particularly branches located in low- or moderate-income geographies or primarily serving low- or moderate-income individuals;

(3) The availability and effectiveness of alternative systems for delivering retail banking services (*e.g.*, RSFs, RSFs not owned or operated by or exclusively for the bank, banking by telephone or computer, loan production offices, and bank-at-work or bank-by-mail programs) in low- and moderate-income geographies and to low- and moderate-income individuals; and

(4) The range of services provided in low-, moderate-, middle-, and upper-income geographies and the degree to which the services are tailored to meet the needs of those geographies.

(e) *Performance criteria—community development services.* The FDIC evaluates community development services pursuant to the following criteria:

(1) The extent to which the bank provides community development services; and

(2) The innovativeness and responsiveness of community development services.

(f) *Service performance rating.* The FDIC rates a bank's service performance as provided in Appendix A of this part.

### § 345.25 Community development test for wholesale or limited purpose banks.

(a) *Scope of test.* The FDIC assesses a wholesale or limited purpose bank's record of helping to meet the credit needs of its assessment area(s) under the community development test through its community development lending, qualified investments, or community development services.

(b) *Designation as a wholesale or limited purpose bank.* In order to receive a designation as a wholesale or limited purpose bank, a bank shall file a request, in writing, with the FDIC, at least three months prior to the proposed effective date of the designation. If the FDIC approves the designation, it remains in effect until the bank requests revocation of the designation or until one year after the FDIC notifies the bank that the FDIC has revoked the designation on its own initiative.

(c) *Performance criteria.* The FDIC evaluates the community development performance of a wholesale or limited purpose bank pursuant to the following criteria:

(1) The number and amount of community development loans (including originations and purchases of loans and other community development loan data provided by the bank, such as data on loans outstanding, commitments, and letters of credit), qualified investments, or community development services;

(2) The use of innovative or complex qualified investments, community development loans, or community development services and the extent to which the investments are not routinely provided by private investors; and

(1) Qualified investments or community development services provided by an affiliate of the bank, if the investments or services are not claimed by any other institution; and

(2) Community development lending by affiliates, consortia and third parties, subject to the requirements and limitations in §345.22 (c) and (d).

(e) *Benefit to assessment area(s)*—(1) *Benefit inside assessment area(s).* The FDIC considers all qualified investments, community development loans, and community development services that benefit areas within the bank's assessment area(s) or a broader statewide or regional area that includes the bank's assessment area(s).

(2) *Benefit outside assessment area(s).* The FDIC considers the qualified investments, community development loans, and community development services that benefit areas outside the bank's assessment area(s), if the bank has adequately addressed the needs of its assessment area(s).

(f) *Community development performance rating.* The FDIC rates a bank's community development performance as provided in Appendix A of this part.

#### § 345.26 Small bank performance standards.

(a) *Performance criteria.* The FDIC evaluates the record of a small bank, or a bank that was a small bank during the prior calendar year, of helping to meet the credit needs of its assessment area(s) pursuant to the following criteria:

(1) The bank's loan-to-deposit ratio, adjusted for seasonal variation and, as appropriate, other lending-related activities, such as loan originations for sale to the secondary markets, community development loans, or qualified investments;

(2) The percentage of loans and, as appropriate, other lending-related activities located in the bank's assessment area(s);

(3) The bank's record of lending to and, as appropriate, engaging in other lending-related activities for borrowers of different income levels and businesses and farms of different sizes;

(4) The geographic distribution of the bank's loans; and

(5) The bank's record of taking action, if warranted, in response to written complaints about its performance in helping to meet credit needs in its assessment area(s).

(b) *Small bank performance rating.* The FDIC rates the performance of a bank evaluated under this section as provided in Appendix A of this part.

#### § 345.27 Strategic plan.

(a) *Alternative election.* The FDIC will assess a bank's record of helping to meet the credit needs of its assessment area(s) under a strategic plan if:

(1) The bank has submitted the plan to the FDIC as provided for in this section;

(2) The FDIC has approved the plan;

(3) The plan is in effect; and

(4) The bank has been operating under an approved plan for at least one year.

(b) *Data reporting.* The FDIC's approval of a plan does not affect the bank's obligation, if any, to report data as required by §345.42.

(c) *Plans in general*—(1) *Term.* A plan may have a term of no more than five years, and any multi-year plan must include annual interim measurable

goals under which the FDIC will evaluate the bank's performance.

(2) *Multiple assessment areas.* A bank with more than one assessment area may prepare a single plan for all of its assessment areas or one or more plans for one or more of its assessment areas.

(3) *Treatment of affiliates.* Affiliated institutions may prepare a joint plan if the plan provides measurable goals for each institution. Activities may be allocated among institutions at the institutions' option, provided that the same activities are not considered for more than one institution.

(d) *Public participation in plan development.* Before submitting a plan to the FDIC for approval, a bank shall:

(1) Informally seek suggestions from members of the public in its assessment area(s) covered by the plan while developing the plan;

(2) Once the bank has developed a plan, formally solicit public comment on the plan for at least 30 days by publishing notice in at least one newspaper of general circulation in each assessment area covered by the plan; and

(3) During the period of formal public comment, make copies of the plan available for review by the public at no cost at all offices of the bank in any assessment area covered by the plan and provide copies of the plan upon request for a reasonable fee to cover copying and mailing, if applicable.

(e) *Submission of plan.* The bank shall submit its plan to the FDIC at least three months prior to the proposed effective date of the plan. The bank shall also submit with its plan a description of its informal efforts to seek suggestions from members of the public, any written public comment received, and, if the plan was revised in light of the comment received, the initial plan as released for public comment.

(f) *Plan content—(1) Measurable goals.*

(i) A bank shall specify in its plan measurable goals for helping to meet the credit needs of each assessment area covered by the plan, particularly the needs of low- and moderate-income geographies and low- and moderate-income individuals, through lending, investment, and services, as appropriate.

(ii) A bank shall address in its plan all three performance categories and, unless the bank has been designated as

a wholesale or limited purpose bank, shall emphasize lending and lending-related activities. Nevertheless, a different emphasis, including a focus on one or more performance categories, may be appropriate if responsive to the characteristics and credit needs of its assessment area(s), considering public comment and the bank's capacity and constraints, product offerings, and business strategy.

(2) *Confidential information.* A bank may submit additional information to the FDIC on a confidential basis, but the goals stated in the plan must be sufficiently specific to enable the public and the FDIC to judge the merits of the plan.

(3) *Satisfactory and outstanding goals.* A bank shall specify in its plan measurable goals that constitute "satisfactory" performance. A plan may specify measurable goals that constitute "outstanding" performance. If a bank submits, and the FDIC approves, both "satisfactory" and "outstanding" performance goals, the FDIC will consider the bank eligible for an "outstanding" performance rating.

(4) *Election if satisfactory goals not substantially met.* A bank may elect in its plan that, if the bank fails to meet substantially its plan goals for a satisfactory rating, the FDIC will evaluate the bank's performance under the lending, investment, and service tests, the community development test, or the small bank performance standards, as appropriate.

(g) *Plan approval—(1) Timing.* The FDIC will act upon a plan within 60 calendar days after the FDIC receives the complete plan and other material required under paragraph (d) of this section. If the FDIC fails to act within this time period, the plan shall be deemed approved unless the FDIC extends the review period for good cause.

(2) *Public participation.* In evaluating the plan's goals, the FDIC considers the public's involvement in formulating the plan, written public comment on the plan, and any response by the bank to public comment on the plan.

(3) *Criteria for evaluating plan.* The FDIC evaluates a plan's measurable goals using the following criteria, as appropriate:

(i) The extent and breadth of lending or lending-related activities, including, as appropriate, the distribution of loans among different geographies, businesses and farms of different sizes, and individuals of different income levels, the extent of community development lending, and the use of innovative or flexible lending practices to address credit needs;

(ii) The amount and innovativeness, complexity, and responsiveness of the bank's qualified investments; and

(iii) The availability and effectiveness of the bank's systems for delivering retail banking services and the extent and innovativeness of the bank's community development services.

(h) *Plan amendment.* During the term of a plan, a bank may request the FDIC to approve an amendment to the plan on grounds that there has been a material change in circumstances. The bank shall develop an amendment to a previously approved plan in accordance with the public participation requirements of paragraph (d) of this section.

(i) *Plan assessment.* The FDIC approves the goals and assesses performance under a plan as provided for in Appendix A of this part.

#### § 345.28 Assigned ratings.

(a) *Ratings in general.* Subject to paragraphs (b) and (c) of this section, the FDIC assigns to a bank a rating of "outstanding," "satisfactory," "needs to improve," or "substantial non-compliance" based on the bank's performance under the lending, investment and service tests, the community development test, the small bank performance standards, or an approved strategic plan, as applicable.

(b) *Lending, investment, and service tests.* The FDIC assigns a rating for a bank assessed under the lending, investment, and service tests in accordance with the following principles:

(1) A bank that receives an "outstanding" rating on the lending test receives an assigned rating of at least "satisfactory";

(2) A bank that receives an "outstanding" rating on both the service test and the investment test and a rat-

ing of at least "high satisfactory" on the lending test receives an assigned rating of "outstanding"; and

(3) No bank may receive an assigned rating of "satisfactory" or higher unless it receives a rating of at least "low satisfactory" on the lending test.

(c) *Effect of evidence of discriminatory or other illegal credit practices.* Evidence of discriminatory or other illegal credit practices adversely affects the FDIC's evaluation of a bank's performance. In determining the effect on the bank's assigned rating, the FDIC considers the nature and extent of the evidence, the policies and procedures that the bank has in place to prevent discriminatory or other illegal credit practices, any corrective action that the bank has taken or has committed to take, particularly voluntary corrective action resulting from self-assessment, and other relevant information.

#### § 345.29 Effect of CRA performance on applications.

(a) *CRA performance.* Among other factors, the FDIC takes into account the record of performance under the CRA of each applicant bank in considering an application for approval of:

(1) The establishment of a domestic branch or other facility with the ability to accept deposits;

(2) The relocation of the bank's main office or a branch;

(3) The merger, consolidation, acquisition of assets, or assumption of liabilities; and

(4) Deposit insurance for a newly chartered financial institution.

(b) *New financial institutions.* A newly chartered financial institution shall submit with its application for deposit insurance a description of how it will meet its CRA objectives. The FDIC takes the description into account in considering the application and may deny or condition approval on that basis.

(c) *Interested parties.* The FDIC takes into account any views expressed by interested parties that are submitted in accordance with the FDIC's procedures set forth in part 303 of this chapter in considering CRA performance in an application listed in paragraphs (a) and (b) of this section.

(d) *Denial or conditional approval of application.* A bank's record of performance may be the basis for denying or conditioning approval of an application listed in paragraph (a) of this section.

#### § 345.41 Assessment area delineation.

(a) *In general.* A bank shall delineate one or more assessment areas within which the FDIC evaluates the bank's record of helping to meet the credit needs of its community. The FDIC does not evaluate the bank's delineation of its assessment area(s) as a separate performance criterion, but the FDIC reviews the delineation for compliance with the requirements of this section.

(b) *Geographic area(s) for wholesale or limited purpose banks.* The assessment area(s) for a wholesale or limited purpose bank must consist generally of one or more MSAs (using the MSA boundaries that were in effect as of January 1 of the calendar year in which the delineation is made) or one or more contiguous political subdivisions, such as counties, cities, or towns, in which the bank has its main office, branches, and deposit-taking RSFs.

(c) *Geographic area(s) for other banks.* The assessment area(s) for a bank other than a wholesale or limited purpose bank must:

(1) Consist generally of one or more MSAs (using the MSA boundaries that were in effect as of January 1 of the calendar year in which the delineation is made) or one or more contiguous political subdivisions, such as counties, cities, or towns; and

(2) Include the geographies in which the bank has its main office, its branches, and its deposit-taking RSFs, as well as the surrounding geographies in which the bank has originated or purchased a substantial portion of its loans (including home mortgage loans, small business and small farm loans, and any other loans the bank chooses, such as those consumer loans on which the bank elects to have its performance assessed).

(d) *Adjustments to geographic area(s).* A bank may adjust the boundaries of its assessment area(s) to include only the portion of a political subdivision that it reasonably can be expected to serve. An adjustment is particularly appropriate in the case of an assessment area that otherwise would be extremely large, of unusual configuration, or divided by significant geographic barriers.

(e) *Limitations on the delineation of an assessment area.* Each bank's assessment area(s):

(1) Must consist only of whole geographies;

(2) May not reflect illegal discrimination;

(3) May not arbitrarily exclude low- or moderate-income geographies, taking into account the bank's size and financial condition; and

(4) May not extend substantially beyond a CMSA boundary or beyond a state boundary unless the assessment area is located in a multistate MSA. If a bank serves a geographic area that extends substantially beyond a state boundary, the bank shall delineate separate assessment areas for the areas in each state. If a bank serves a geographic area that extends substantially beyond a CMSA boundary, the bank shall delineate separate assessment areas for the areas inside and outside the CMSA.

(f) *Banks serving military personnel.* Notwithstanding the requirements of this section, a bank whose business predominantly consists of serving the needs of military personnel or their dependents who are not located within a defined geographic area may delineate its entire deposit customer base as its assessment area.

(g) *Use of assessment area(s).* The FDIC uses the assessment area(s) delineated by a bank in its evaluation of the bank's CRA performance unless the FDIC determines that the assessment area(s) do not comply with the requirements of this section.

#### § 345.42 Data collection, reporting, and disclosure.

(a) *Loan information required to be collected and maintained.* A bank, except a small bank, shall collect, and maintain

## Federal Deposit Insurance Corporation

(2) The loan amount at origination;

(3) The loan location; and

(4) An indicator whether the loan was to a business or farm with gross annual revenues of \$1 million or less.

(b) *Loan information required to be reported.* A bank, except a small bank or a bank that was a small bank during the prior calendar year, shall report annually by March 1 to the FDIC in machine readable form (as prescribed by the FDIC) the following data for the prior calendar year:

(1) *Small business and small farm loan data.* For each geography in which the bank originated or purchased a small business or small farm loan, the aggregate number and amount of loans:

(2) *Community development loan data.* The aggregate number and aggregate amount of community development loans originated or purchased; and

(3) *Home mortgage loans.* If the bank is subject to reporting under part 203 of this title, the location of each home mortgage loan application, origination, or purchase outside the MSAs in which the bank has a home or branch office (or outside any MSA) in accordance with the requirements of part 203 of this title.

(c) *Optional data collection and maintenance—(1) Consumer loans.* A bank may collect and maintain in machine readable form (as prescribed by the FDIC) data for consumer loans originated or purchased by the bank for consideration under the lending test. A bank

may maintain data for one or more of the following categories of consumer loans: motor vehicle, credit card, home equity, other secured, and other unsecured. If the bank maintains data for loans in a certain category, it shall maintain data for all loans originated or purchased within that category. The bank shall maintain data separately for each category, including for each loan:

(i) A unique number or alpha-numeric symbol that can be used to identify the relevant loan file;

(ii) The loan amount at origination or purchase;

(iii) The loan location; and

(iv) The gross annual income of the borrower that the bank considered in making its credit decision.

(2) *Other loan data.* At its option, a bank may provide other information concerning its lending performance, including additional loan distribution data.

(d) *Data on affiliate lending.* A bank that elects to have the FDIC consider loans by an affiliate, for purposes of the lending or community development test or an approved strategic plan, shall collect, maintain, and report for those loans the data that the bank would have collected, maintained, and reported pursuant to paragraphs (a), (b), and (c) of this section had the loans been originated or purchased by the bank. For home mortgage loans, the bank shall also be prepared to identify the home mortgage loans reported under part 203 of this title by the affiliate.

(e) *Data on lending by a consortium or a third party.* A bank that elects to have the FDIC consider community development loans by a consortium or third party, for purposes of the lending or community development tests or an approved strategic plan, shall report for those loans the data that the bank would have reported under paragraph (b)(2) of this section had the loans been originated or purchased by the bank.

(f) *Small banks electing evaluation under the lending, investment, and service tests.* A bank that qualifies for evaluation under the small bank performance standards but elects evaluation under the lending, investment, and service

tests shall collect, maintain, and report the data required for other banks pursuant to paragraphs (a) and (b) of this section.

(g) *Assessment area data.* A bank, except a small bank or a bank that was a small bank during the prior calendar year, shall collect and report to the FDIC by March 1 of each year a list for each assessment area showing the geographies within the area.

(h) *CRA Disclosure Statement.* The FDIC prepares annually for each bank that reports data pursuant to this section a CRA Disclosure Statement that contains, on a state-by-state basis:

(1) For each county (and for each assessment area smaller than a county) with a population of 500,000 persons or fewer in which the bank reported a small business or small farm loan:

(i) The number and amount of small business and small farm loans reported as originated or purchased located in low-, moderate-, middle-, and upper-income geographies;

(i) *Aggregate disclosure statements.* The FDIC, in conjunction with the Board of Governors of the Federal Reserve System, the Office of the Comptroller of the Currency, and the Office of Thrift Supervision, prepares annually, for each MSA (including an MSA that crosses a state boundary) and the non-MSA portion of each state, an aggregate disclosure statement of small business and small farm lending by all institutions subject to reporting under this part or parts 25, 228, or 563e of this title. These disclosure statements indicate, for each geography, the number and amount of all small business and small farm loans originated or purchased by reporting institutions, except that the FDIC may adjust the form of the disclosure if necessary, because of special circumstances, to protect the privacy of a borrower or the competitive position of an institution.

(j) *Central data depositories.* The FDIC makes the aggregate disclosure statements, described in paragraph (i) of this section, and the individual bank CRA Disclosure Statements, described in paragraph (h) of this section, available to the public at central data depositories. The FDIC publishes a list of the depositories at which the statements are available.

(a) *Information available to the public.* A bank shall maintain a public file that includes the following information:

(1) All written comments received from the public for the current year and each of the prior two calendar years that specifically relate to the bank's performance in helping to meet community credit needs, and any response to the comments by the bank, if neither the comments nor the responses contain statements that reflect adversely on the good name or reputation of any persons other than the bank or publication of which would violate specific provisions of law;

set forth in Appendix B of this part. Only a branch of a bank having more than one assessment area shall include the bracketed material in the notice for branch offices. Only a bank that is an affiliate of a holding company shall include the next to the last sentence of the notices. #### APPENDIX A TO PART 345—RATINGS

(a) *Ratings in general.* (1) In assigning a rating, the FDIC evaluates a bank's performance under the applicable performance criteria in this part, in accordance with § 345.21, and § 345.28, which provides for adjustments on the basis of evidence of discriminatory or other illegal credit practices.

(2) A bank's performance need not fit each aspect of a particular rating profile in order to receive that rating, and exceptionally strong performance with respect to some aspects may compensate for weak performance in others. The bank's overall performance, however, must be consistent with safe and sound banking practices and generally with the appropriate rating profile as follows.

(b) *Banks evaluated under the lending, investment, and service tests.*—(1) *Lending performance rating.* The FDIC assigns each bank's lending performance one of the five following ratings.

(F) Limited use of innovative or flexible lending practices in a safe and sound manner

to address the credit needs of low- or moderate-income individuals or geographies; and

(G) It has made an adequate level of community development loans.

(iv) *Needs to improve.* The FDIC rates a bank's lending performance "needs to improve" if, in general, it demonstrates:

(A) Poor responsiveness to credit needs in its assessment area(s), taking into account the number and amount of home mortgage, small business, small farm, and consumer loans, if applicable, in its assessment area(s);

(ii) A majority of its loans and, as appropriate, other lending-related activities are in its assessment area(s);

(v) A reasonable geographic distribution of loans given the bank's assessment area(s).

(2) *Eligibility for an outstanding rating.* A bank that meets each of the standards for a "satisfactory" rating under this paragraph and exceeds some or all of those standards may warrant consideration for an overall rating of "outstanding." In assessing whether a bank's performance is "outstanding," the FDIC considers the extent to which the bank exceeds each of the performance standards for a "satisfactory" rating and its performance in making qualified investments and its performance in providing branches and other services and delivery systems that enhance credit availability in its assessment area(s).

(3) *Needs to improve or substantial noncompliance ratings.* A bank also may receive a rating of "needs to improve" or "substantial noncompliance" depending on the degree to which its performance has failed to meet the standards for a "satisfactory" rating.

(e) *Strategic plan assessment and rating.* (1) *Satisfactory goals.* The FDIC approves as "satisfactory" measurable goals that adequately help to meet the credit needs of the bank's assessment area(s).

(2) *Outstanding goals.* If the plan identifies a separate group of measurable goals that substantially exceed the levels approved as "satisfactory," the FDIC will approve those goals as "outstanding."

(3) *Rating.* The FDIC assesses the performance of a bank operating under an approved plan to determine if the bank has met its plan goals:

(i) If the bank substantially achieves its plan goals for a satisfactory rating, the FDIC will rate the bank's performance under the plan as "satisfactory."

(ii) If the bank exceeds its plan goals for a satisfactory rating and substantially achieves its plan goals for an outstanding rating, the FDIC will rate the bank's performance under the plan as "outstanding."

(iii) If the bank fails to meet substantially its plan goals for a satisfactory rating, the FDIC will rate the bank as either "needs to improve" or "substantial noncompliance," depending on the extent to which it falls short of its plan goals, unless the bank elected in its plan to be rated otherwise, as provided in §345.27(f)(4).

### Subpart B—Insurance of Deposits

#### § 346.2 Scope.

(a) This subpart B implements the insurance provisions of section 6 of the International Banking Act of 1978 (12 U.S.C. 3104). It sets out the FDIC's rules regarding deposit activities requiring a State branch to be an insured branch; deposit activities not requiring a State branch to be an insured branch; procedures for a State branch to apply for an exemption from the insurance requirement; and, depositor notification requirements.<sup>1</sup> It sets out the FDIC's policy regarding the operation of insured and noninsured branches, whether State or Federal, by a foreign bank and it provides that any branch has the option of applying for insurance.

(b) Any application for insurance under this subpart should be filed in accordance with part 303 of the FDIC's Rules and Regulations.

<sup>1</sup>Sections 346.4, 346.5, 346.6 and 346.7 do not apply to a Federal branch; the Comptroller of the Currency's regulations establish such rules for Federal branches. Federal branches deemed by the Comptroller to require insurance must apply to the FDIC for insurance.

#### § 346.3 Restriction on operation of insured and noninsured branches.

The FDIC will not insure deposits in any branch of a foreign bank unless the foreign bank agrees that every branch established or operated by the foreign bank in the same State will be an insured branch; *Provided*, That this restriction does not apply to any branch which accepts only initial deposits in an amount of \$100,000 or greater.

#### § 346.4 Insurance requirement.

*General rule.* Except as provided in § 346.5 or § 346.6, a foreign bank shall not establish or operate any State branch which is not an insured branch whenever:

(a) The branch is engaged in a domestic retail deposit activity; and

(b) The branch is located in a State which requires a bank organized and existing under State law to have deposit insurance whenever the bank accepts deposits from the general public. A State requirement is one imposed by statute or by State banking department regulation or policy.

[44 FR 40060, July 9, 1979, as amended at 54 FR 14067, Apr. 7, 1989]

#### § 346.5 Branches established under section 5 of the International Banking Act.

A foreign bank may operate any State branch as a noninsured branch whenever the foreign bank has entered into an agreement with the Board of Governors of the Federal Reserve System to accept at that branch only those deposits as would be permissible for a corporation organized under section 25(a) of the Federal Reserve Act (12 U.S.C. 611 *et seq.*) and implementing rules and regulations administered by the Board of Governors (12 CFR part 211).

#### § 346.6 Exemptions from the insurance requirement.

(a) *Deposit activities not requiring insurance.* A state branch will not be deemed to be engaged in a domestic retail deposit activity which requires the branch to be an insured branch under § 346.4 if initial deposits in an amount

§ 346.6

12 CFR Ch. III (1-1-98 Edition)

of less than \$100,000 are derived solely from the following:

(1) Individuals who are not citizens or residents of the United States at the time of the initial deposit;

(2) Individuals who:

(i) Are not citizens of the United States;

(ii) Are residents of the United States; and

(iii) Are employed by a foreign bank, foreign business, foreign government, or recognized international organization;

(3) Persons (including immediate family members of natural persons) to whom the branch or foreign bank (including any affiliate thereof) has extended credit or provided other non-deposit banking services within the past twelve months or has entered into a written agreement to provide such services within the next twelve months;

(4) Foreign businesses, large United States businesses, and persons from whom an Edge Corporation may accept deposits under §211.4(e)(1) of Regulation K of the Board of Governors of the Federal Reserve System, 12 CFR 211.4(e)(1);

(5) Any governmental unit, including the United States government, any state government, any foreign government and any political subdivision or agency of any of the foregoing, and recognized international organizations;

(6) Persons who are depositing funds in connection with the issuance of a financial instrument by the branch for the transmission of funds or the transmission of such funds by any electronic means; and

(7) Any other depositor but only if the amount of deposits under this paragraph (a)(7) does not exceed on an average daily basis one percent of the average of the branch's deposits for the last 30 days of the most recent calendar quarter, excluding deposits in the branch of other offices, branches, agencies or wholly owned subsidiaries of the bank and the branch does not solicit deposits from the general public by advertising, display of signs, or similar activity designed to attract the attention of the general public. A foreign bank which has more than one state branch in the same state may aggre-

gate deposits in such branches (excluding deposits of other branches, agencies or wholly owned subsidiaries of the bank) for the purpose of this paragraph (a)(7). The average shall be computed by using the sum of the close of business figures for the last 30 calendar days ending with and including the last day of the calendar quarter divided by 30. For days on which the branch is closed, balances from the last previous business day are to be used.

(b) *Application for an exemption.* (1) Whenever a foreign bank proposes to accept at a state branch initial deposits of less than \$100,000 and such deposits are not otherwise excepted under paragraph (a) of this section, the foreign bank may apply to the FDIC for consent to operate the branch as a non-insured branch. The Board of Directors may exempt the branch from the insurance requirement if the branch is not engaged in domestic retail deposit activities requiring insurance protection. The Board of Directors will consider the size and nature of depositors and deposit accounts, the importance of maintaining and improving the availability of credit to all sectors of the United States economy, including the international trade finance sector of the United State economy, whether the exemption would give the foreign bank an unfair competitive advantage over United States banking organizations, and any other relevant factors in making this determination.

(2) Any request for an exemption under this paragraph should be in writing and authorized by the board of directors of the foreign bank. If a resolution is not required pursuant to the applicant's organizational documents, the request shall include evidence of approval by the bank's senior management. The request should be filed with the Regional Director of the Division of Supervision for the region where the state branch is located.

(3) The request should detail the kinds of deposit activities in which the branch proposes to engage, the expected source of deposits, the manner in which deposits will be solicited, how this activity will maintain or improve the availability of credit to all sectors

## Federal Deposit Insurance Corporation

## § 346.17

of the United States economy, including the international trade finance sector, that the activity will not give the foreign bank an unfair competitive advantage over United States banking organizations and any other relevant information.

(c) *Transition period.* An uninsured state branch may maintain a retail deposit lawfully accepted pursuant to this section prior to April 1, 1996:

(1) If the deposit qualifies pursuant to paragraph (a) or (b) of this section; or

(2) If the deposit does not qualify pursuant to paragraph (a) or (b) of this section, no later than:

(i) In the case of a non-time deposit, five years from April 1, 1996; or

(ii) In the case of a time deposit, the first maturity date of the time deposit after April 1, 1996 or the date that is 90 days after April 1, 1996, whichever is later.

[61 FR 5674, Feb. 14, 1996]

### § 346.7 Notification to depositors.

Any State branch that is exempt from the insurance requirement pursuant to § 346.6 shall—

(a) Display conspicuously at each window or place where deposits are usually accepted a sign stating that deposits are not insured by the FDIC; and

(b) Include in bold face conspicuous type on each signature card, passbook, and instrument evidencing a deposit the statement “This deposit is *not* insured by the FDIC”; or require each depositor to execute a statement which acknowledges that the initial deposit and all future deposits at the branch are not insured by the FDIC. This acknowledgment shall be retained by the branch so long as the depositor maintains any deposit with the branch. This provision applies to any negotiable certificates of deposit made in a branch on or after July 6, 1989, as well as to any renewals of such deposits which become effective on or after July 6, 1989. [54 FR 14067, Apr. 7, 1989]

### § 346.8 Optional insurance.

A foreign bank may apply to the FDIC for deposit insurance for any State branch that is not otherwise required to be insured under § 346.4 or for any Federal branch that is not other-

wise required to be insured under the rules and regulations of the Comptroller of the Currency.

### §§ 346.9—346.15 [Reserved]

## Subpart C—Foreign Banks Having Insured Branches

### § 346.16 Scope.

These rules relate to the following matters: an agreement to provide information and to be examined and provisions concerning recordkeeping, pledge of assets, asset maintenance, and deductions from the assessment base.

[44 FR 40060, July 9, 1979, as amended at 54 FR 14067, Apr. 7, 1989]

### § 346.17 Agreement to provide information and to be examined.

(a) A foreign bank that applies for insurance for any branch shall agree in writing to the following terms:

(1) The foreign bank will provide the FDIC with information regarding the affairs of the bank and its affiliates which are located outside of the United States as the FDIC from time to time may request to:

(i) Determine the relations between the insured branch and the bank and its affiliates and

(ii) Assess the financial condition of the bank as it relates to the insured branch.

If the laws of the country of the bank's domicile or the policy of the Central Bank or other banking authority prohibit or restrict the foreign bank from entering into this agreement, the foreign bank shall agree to provide information to the extent permitted by such law or policy. Information provided shall be in the form requested by the FDIC and shall be made available in the United States. The Board of Directors will consider the existence and extent of this prohibition or restriction in determining whether to grant insurance and may deny the application if the information available is so limited

in extent that an unacceptable risk to the insurance fund is presented.

(2) The FDIC may examine the affairs of any office, agency, branch or affiliate of the foreign bank located in the United States as the FDIC deems necessary to: (i) Determine the relations between the insured branch and such offices, agencies, branches or affiliates and (ii) assess the financial condition of the bank as it relates to the insured branch. The foreign bank shall also agree to provide the FDIC with information regarding the affairs of such offices, agencies, branches or affiliates as the FDIC deems necessary. The Board of Directors will not grant insurance to any branch if the foreign bank fails to enter into an agreement as required under paragraph (a)(2) of this section.

(b) The agreement shall be signed by an officer of the bank who has been so authorized by the foreign bank's board of directors. The agreement and the authorization shall be included with the foreign bank's application for insurance. Any agreement not in English shall be accompanied by an English translation.

#### § 346.18 Records.

(a) Each insured branch shall keep a set of accounts and records in the words and figures of the English language which accurately reflect the business transactions of the branch on a daily basis.

(b) The records of each insured branch shall be kept as though it were a separate entity, with its assets and liabilities separate from the other operations of the head office, other branches or agencies of the foreign bank and its subsidiaries or affiliates. A foreign bank which has more than one insured branch in a State may treat such branches as one entity for record keeping purposes and may designate a branch to maintain records for all the branches in the State.

#### § 346.19 Pledge of assets.

(a) *Purpose.* A foreign bank that has an insured branch shall pledge assets for the benefit of the FDIC or its designee(s). Whenever the FDIC is obligated under section 11(f) of the Federal

Deposit Insurance Act (12 U.S.C 1821(f)) to pay the insured deposits of an insured branch, the assets pledged under this section shall become the property of the FDIC to be used to the extent necessary to protect the deposit insurance fund.

(b) *Amount of assets to be pledged.* (1) A foreign bank shall pledge assets equal to five percent of the average of the insured branch's liabilities for the last 30 days of the second and fourth calendar quarters, respectively. This average shall be computed by using the sum of the close of business figures for the 30 calendar days of the second and fourth calendar quarters, respectively, ending with and including the last date of the respective calendar quarter, divided by 30.<sup>3</sup> In determining its average liabilities, the branch may exclude liabilities to other offices, agencies, branches, and wholly owned subsidiaries of the foreign bank. The value of the pledged assets shall be computed based on the lesser of the principal amount (par value) or market value of such assets at the time of the original pledge and thereafter as of the last date of the second and fourth calendar quarters, respectively.

(2) The initial five-percent deposit for a newly established insured branch shall be based on the branch's projection of liabilities at the end of the first year of its operation.

(3) The FDIC may require a foreign bank to pledge additional assets or to compute its pledge on a daily basis whenever the FDIC determines that the foreign bank's or any branch's condition is such that the assets pledged under § 346.19(b) (1) and (2) will not adequately protect the deposit insurance fund. In requiring a foreign bank to pledge additional assets, the FDIC will consult with the branch's primary regulator. Among the factors to be considered in imposing these requirements are the concentration of risk to any one borrower or group of related borrowers, or the concentration of transfer risk to any one country, including the country in which the foreign bank's head office is located.

<sup>3</sup>For days on which the branch is closed, balances from the last previous business day are to be used.

(4) Each insured branch shall separately comply with the requirements of this section. A foreign bank which has more than one insured branch in a state may treat all of its insured branches in the same state as one entity and shall designate one branch to be responsible for compliance with this section.

(c) *Depository.* A foreign bank shall place pledged assets for safekeeping at any depository which is located in any state. A foreign bank must obtain the FDIC's prior written approval of the depository selected, and such approval may be revoked and dismissal of the depository required whenever the depository does not fulfill any one of its obligations under the agreement. A foreign bank shall appoint and constitute the depository as its attorney in fact for the sole purpose of transferring title to pledged assets to the FDIC as may be required to effectuate the provisions of § 346.19(a).

(d) *Assets that may be pledged.* Subject to the right of the FDIC to require substitution, a foreign bank may pledge any of the kinds of assets listed below; such assets must be denominated in United States dollars. A foreign bank shall be deemed to have pledged any such assets for the benefit of the FDIC or its designees at such time as any such asset is placed with the depository.

(1) Certificates of deposit that are payable in the United States and that are issued by any state bank, national bank, or branch of a foreign bank which has executed a valid waiver of offset agreement or similar debt instruments that are payable in the United States and that are issued by any agency of a foreign bank which has executed a valid waiver of offset agreement; *Provided*, That the maturity of any certificate or issuance is not greater than one year; and *Provided further*, That the issuing branch or agency of a foreign bank is not an affiliate of the pledging bank or from the same country as the pledging bank's domicile.

(2) Interest bearing bonds, notes, debentures, or other direct obligations of or obligations fully guaranteed as to principal and interest by the United States or any agency or instrumentality thereof;

(3) Commercial paper that is rated P-1 or P-2, or their equivalent, by a nationally recognized rating service; *Provided*, That any conflict in a rating shall be resolved in favor of the lowest rating.

(4) Banker's acceptances that are payable in the United States and that are issued by any state bank, national bank, or branch or agency of a foreign bank; *Provided*, That the maturity of any acceptance is not greater than 180 days; and *Provided further*, That the branch or agency issuing the acceptance is not an affiliate of the pledging bank or from the same country as the pledging bank's domicile;

(5) General obligations of any state of the United States, or any county or municipality of any state of the United States, or any agency, instrumentality, or political subdivision of the foregoing or any obligation guaranteed by a state of the United States or any county or municipality of any state of the United States; *Provided*, That such obligations have a credit rating within the top two rating bands of a nationally-recognized rating service (with any conflict in a rating resolved in favor of the lowest rating).

(6) Obligations of the African Development Bank, Asian Development Bank, Inter-American Development Bank, and the International Bank for Reconstruction and Development; or

(7) Notes issued by bank holding companies or banks organized under the laws of the United States or any state thereof or notes issued by United States branches or agencies of foreign banks; *Provided*, That the notes have a credit rating within the top two rating bands of a nationally-recognized rating service (with any conflict in a rating resolved in favor of the lowest rating) and that they are payable in the United States, and *Provided further*, That the issuer is not an affiliate of the foreign bank pledging the note.

(8) Any asset determined by the FDIC to be acceptable.

(e) *Pledge agreement.* A foreign bank shall not pledge any assets unless a pledge agreement in form and substance satisfactory to the FDIC has been executed by the foreign bank and the depository. The agreement, in addition to other terms not inconsistent

### § 346.19

### 12 CFR Ch. III (1–1–98 Edition)

with this paragraph (e), shall give effect to the following terms:

(1) *Original pledge.* The foreign bank shall place with the depository assets of the kind described in § 346.19(d), having an aggregate value in the amount as required pursuant to § 346.19(b).

(2) *Additional assets required to be pledged.* Whenever the foreign bank is required to pledge additional assets for the benefit of the FDIC or its designees pursuant to § 346.19(b)(1), it shall place (within two (2) business days after the last day of the immediately preceding second or fourth calendar quarter, respectively, unless otherwise ordered) additional assets of the kind described in § 346.19(d), having an aggregate value in the amount required by the FDIC.

(3) *Substitution of assets.* The foreign bank, at any time, may substitute any assets for pledged assets, and, upon such substitution, the depository shall promptly release any such assets to the foreign bank. *Provided,* That (i) the foreign bank pledges assets of the kind described in § 346.19(d) having an aggregate value not less than the value of the pledged assets for which they are substituted and certified as such by the foreign bank and (ii) the FDIC has not by written notification to the foreign bank, a copy of which shall be provided to the depository, suspended or terminated the foreign bank's right of substitution.

(4) *Delivery of other documents.* Concurrently with the pledge of any assets, the foreign bank shall deliver to the depository all documents and instruments necessary or advisable to effectuate the transfer of title to any such assets and thereafter, from time to time, at the request of the FDIC, deliver to the depository any such additional documents or instruments.

(5) *Acceptance and safekeeping responsibilities of the depository.* (i) The depository shall accept and hold any assets pledged by the foreign bank pursuant to the pledge agreement for safekeeping free and clear of any lien, charge, right of offset, credit, or preference in connection with any claim the depository may assert against the foreign bank and shall designate any such assets as a special pledge for the benefit of the FDIC or its designees. The depository shall not accept the pledge of any such assets unless con-

currently with such pledge the foreign bank delivers to the depository the documents and instruments necessary for the transfer of title thereto as provided in this part.

(ii) The depository shall hold any such assets separate from all other assets of the foreign bank or the depository. Such assets may be held in book-entry form but must at all times be segregated on the records of the depository and clearly identified as assets subject to the pledge agreement.

(6) *Reporting requirements of the branch and the depository—(i) Initial reports.* Upon the original pledge of assets as provided in § 346.19(e)(1),

(A) The depository shall provide to the foreign bank and to the regional director of the FDIC region in which the branch is located a written report in the form of a receipt identifying each asset pledged and specifying in reasonable detail with respect to each such asset the complete title, interest rate, series, serial number (if any), principal amount (par value), maturity date and call date; and

(B) The foreign bank shall provide to the regional director of the FDIC region in which the branch is located a written report certified as correct by the foreign bank which sets forth the value of each pledged asset and the aggregate value of all such assets, and which states that the aggregate value of all such assets is the amount required pursuant to § 346.19(b) and that all such assets are of the kind described in § 346.19(d).

(ii) *Semiannual reports.* Within ten (10) calendar days after the end of the second and fourth calendar quarters:

(A) The depository shall provide to the regional director of the FDIC region in which the branch is located a written report specifying in reasonable detail with respect to each asset currently pledged (including any asset pledged to satisfy the requirements of § 346.19(b)(3) and identified as such), as of two business days after the end of each of the specified calendar quarters, the complete title, interest rate, series, serial number (if any), principal amount (par value), maturity date, and call date, *Provided,* That if no substitution of any asset has occurred during the reporting period, the report need

only specify that no substitution of assets has occurred; and

(B) The foreign bank shall provide as of two business days after the end of each of the specified calendar quarters to the regional director of the FDIC region in which the branch is located a written report certified as correct by the foreign bank which sets forth the value of each pledged asset and the aggregate value of all such assets, which states that the aggregate value of all such assets is the amount required pursuant to § 346.19(b) and that all such assets are of the kind described in § 346.19(d), and which states the average of the liabilities of each branch of the foreign bank computed in the manner and for the period prescribed in § 346.19(b).

(iii) *Additional reports.* The foreign bank shall, from time to time, as may be required, provide to the regional director of the FDIC region in which the branch is located a written report in the form specified containing the information requested with respect to any asset then currently pledged.

(7) *Access to assets.* With respect to any asset pledged pursuant to the pledge agreement, the depository will provide representatives of the FDIC or the foreign bank access (during regular business hours of the depository and at the location where any such asset is held, without other limitation or qualification) to all original instruments, documents, books, and records evidencing or pertaining to any such asset.

(8) *Release upon the order of the FDIC.* The depository shall release to the foreign bank any pledged assets, as specified in a written notification of the regional director of the FDIC region in which the branch is located, upon the terms and conditions provided in such notification, including without limitation the waiver of any requirement that any assets be pledged by the foreign bank in substitution of any released assets.

(9) *Release to the FDIC.* Whenever the FDIC is obligated under section 11(f) of the Federal Deposit Insurance Act (12 U.S.C. 1821(f)) to pay insured deposits of an insured branch, the FDIC by written certification shall so inform the depository; and the depository, upon receipt of such certification, shall

thereupon promptly release and transfer title to any pledged assets to the FDIC or release such assets to the foreign bank, as specified in the certification. Upon release and transfer of title to all pledged assets specified in the certification, the depository shall be discharged from any further obligation under the pledge agreement.

(10) *Interest earned on assets.* The foreign bank may regain any interest earned with respect to the assets currently pledged unless the FDIC by written notice prohibits retention of interest by the foreign bank, in which case the notice shall specify the disposition of any such interest.

(11) *Expenses of agreement.* The FDIC shall not be required to pay any fees, costs, or expenses for services provided by the depository to the foreign bank pursuant to, or in connection with, the pledge agreement.

(12) *Substitution of depository.* The depository may resign, or the foreign bank may discharge the depository, from its duties and obligations under the pledge agreement by giving at least sixty (60) days' written notice thereof to the other party and to the regional director of the FDIC region in which the branch is located. The FDIC, upon thirty (30) days' written notice to the foreign bank and the depository, may require the foreign bank to dismiss the depository if the FDIC in its discretion determines that the depository is in breach of the pledge agreement. The depository shall continue to function as such until the appointment of a successor depository becomes effective and the depository has released to the successor depository the pledged assets and documents and instruments to effectuate transfer of title in accordance with the written instructions of the foreign bank as approved by the FDIC. The appointment by the foreign bank of a successor depository shall not be effective until—

(i) The FDIC has approved in writing the successor depository and

(ii) A pledge agreement in form and substance satisfactory to the FDIC has been executed.

(13) *Waiver of terms.* The FDIC may by written order waive compliance by the foreign bank or the depository with

any term or condition of the pledge agreement.

### § 346.20 Asset maintenance.

(a) An insured branch of a foreign bank shall maintain on a daily basis eligible assets in an amount not less than 106% of the preceding quarter's average book value of the branch's liabilities or, in the case of a newly-established branch, the estimated book value of its liabilities at the end of the first full quarter of operation, exclusive of liabilities due to the foreign bank's head office, other branches, agencies, offices, or wholly owned subsidiaries. The Director of the Division of Supervision or his designee may impose a computation of total liabilities on a daily basis in those instances where it is found necessary for supervisory purposes. The Board of Directors, after consulting with the branch's primary regulator, may require that a higher ratio of eligible assets be maintained if the financial condition of the branch warrants such action. Among the factors which will be considered in requiring a higher ratio of eligible assets are the concentration of risk to any one borrower or group of related borrowers or the concentration of transfer risk to any one country, including the country in which the foreign bank's head office is located. Eligible assets shall be payable in United States dollars or in a currency freely convertible into United States dollars.

(b) In determining eligible assets for the purposes of compliance with paragraph (a) of this section, the branch shall exclude the following:

(1) Any asset due from the foreign bank's head office, other branches, agencies, offices or affiliates;

(2) Any asset classified *Value Impaired*, to the extent of the required Allocated Transfer Risk Reserves or equivalent write down, or *Loss* in the most recent state or federal examination report;

(3) Any deposit of the branch in a bank unless the bank has executed a valid waiver of offset agreement;

(4) Any asset not supported by sufficient credit information to allow a review of the asset's credit quality, as determined at the most recent state or federal examination;<sup>4</sup>

(5) Any asset not in the branch's actual possession unless the branch holds title to such asset and the branch maintains records sufficient to enable independent verification of the branch's ownership of the asset, as determined at the most recent state or federal examination;

(6) Any intangible asset.

(c) A foreign bank which has more than one insured branch in a state may treat all of its insured branches in the same state as one entity for purposes of compliance with paragraph (a) of this section, and shall designate one branch to be responsible for maintaining the records of the branches' compliance with this section.

<sup>4</sup>Whether an asset has sufficient credit information will be a function of the size of the borrower and the location within the foreign bank of the responsibility for authorizing and monitoring extensions of credit to the borrower. For large, well known companies, when credit responsibility is located in an office of the foreign bank outside the insured branch, the branch must have adequate documentation to show that the asset is of good quality and is being supervised adequately by the bank. In such cases, copies of periodic memoranda that include an analysis of the borrower's recent financial statements and a report on recent developments in the borrower's operations and borrowing relationships with the bank generally would constitute sufficient information. For other borrowers, periodic memoranda must be supplemented by information such as copies of recent financial statements, recent correspondence concerning the borrower's financial condition and repayment history, credit terms and collateral, data on any guarantors, and where necessary, the status of any corrective measures being employed.

Subsequent to the determination that an asset lacks sufficient credit information, an insured branch may not include the amount of that asset among eligible assets until the FDIC determines that sufficient documentation exists. Such a determination may be made either at the next federal examination, or upon request of the branch, by the regional director of the FDIC region in which the branch is located.

(d) The average book value of the branch's liabilities for a quarter shall be, at the branch's option, either an average of the balances as of the close of business for each day of the quarter or an average of the balances as of the close of business on each Wednesday during the quarter. Quarters end on March 31, June 30, September 30, and December 31 of any given year. For days on which the branch is closed, balances from the previous business day are to be used. Calculations of the average book value of the branch's liabilities for a quarter shall be retained by the branch until the next Federal examination.

**Subpart D—Applications Seeking Approval for Insured State Branches To Conduct Activities Not Permissible for Federal Branches**

**§ 346.101 Applications.**

(a) *Scope.* A foreign bank operating an insured state branch which desires to engage in or continue to engage in any type of activity that is not permissible for a federal branch, pursuant to the National Bank Act (12 U.S.C. 21 *et seq.*) or any other federal statute, regulation, official bulletin or circular, or order or interpretation issued in writing by the Office of the Comptroller of the Currency, or which is rendered impermissible due to a subsequent change in statute, regulation, official bulletin or circular, written order or interpretation, or decision of a court of competent jurisdiction (each an impermissible activity), shall file a written application for permission to conduct such activity with the FDIC pursuant

to this section. An applicant may submit to the FDIC a copy of its application to the Board of Governors of the Federal Reserve System (Board of Governors), provided that such application contains the information described in paragraph (d) of this section.

(b) *Exceptions.* A foreign bank operating an insured state branch which would otherwise be required to submit an application pursuant to paragraph (a) of this section will not be required to submit such an application if the activity it desires to engage in or continue to engage in has been determined by the FDIC not to present a significant risk to the affected deposit insurance fund pursuant to 12 CFR Part 362, "Activities and Investments of Insured State Banks".

(c) *Agency activities.* A foreign bank operating an insured state branch which would otherwise be required to submit an application pursuant to paragraph (a) of this section will not be required to submit such an application if it desires to engage in or continue to engage in an activity conducted as agent which would be a permissible agency activity for a state-chartered bank located in the state in which the state-licensed insured branch of the foreign bank is located and is also permissible for a state-licensed branch of a foreign bank located in that state; provided, however, that the agency activity must be permissible pursuant to any other applicable federal law or regulation.

(d) *Content of application.* An application submitted pursuant to paragraph (a) of this section shall be in letter form and shall contain the following information:

(1) A brief description of the activity, including the manner in which it will be conducted and an estimate of the expected dollar volume associated with the activity;

(2) An analysis of the impact of the proposed activity on the condition of the United States operations of the foreign bank in general and of the branch in particular, including a copy, if available, of any feasibility study, management plan, financial projections, business plan, or similar document concerning the conduct of the activity;

(3) A resolution by the applicant's board of directors or, if a resolution is not required pursuant to the applicant's organizational documents, evidence of approval by senior management authorizing the conduct of such activity and the filing of this application;

(4) A statement by the applicant of whether or not it is in compliance with §§ 346.19 and 346.20, Pledge of Assets and Asset Maintenance, respectively;

(5) A statement by the applicant that it has complied with all requirements of the Board of Governors concerning applications to conduct the activity in question and the status of such application, including a copy of the Board of Governors' disposition of such application, if applicable;

(6) A statement of why the activity will pose no significant risk to the deposit insurance fund; and

(7) Any other information which the regional director deems appropriate.

(e) *Application procedures.* Applications pursuant to this section shall be filed with the Regional Director of the Division of Supervision for the region in which the insured state branch is located. An application shall not be deemed complete until it contains all the information requested by the Regional Director and has been accepted. Approval of such an application may be conditioned on the applicant's agreement to conduct the activity subject to specific limitations, such as but not limited to the pledging of assets in excess of the requirements of § 346.19 and/or the maintenance of eligible assets in excess of the requirements of § 346.20. In the case of an application to conduct an activity, as opposed to an application to continue to conduct an activity, the insured branch shall not commence the activity until it has been approved in writing by the FDIC pursuant to this part and the Board of Governors, and any and all conditions imposed in such approvals have been satisfied.

(f) *Divestiture or cessation.* (1) If an application for permission to continue to conduct an activity is not approved by the FDIC or the Board of Governors, the applicant shall submit a detailed written plan of divestiture or cessation of the activity to the Regional Director of the Division of Supervision for the

region where the insured branch is located within 60 days of the disapproval. The divestiture or cessation plan shall describe in detail the manner in which the applicant will divest itself of or cease the activity in question and shall include a projected timetable describing how long the divestiture or cessation is expected to take. Divestitures or cessations shall be completed within one year from the date of the disapproval, or within such shorter period of time as the Corporation shall direct.

(2) A foreign bank operating an insured state branch which elects not to apply to the FDIC for permission to continue to conduct an impermissible activity shall submit a written plan of divestiture or cessation, in conformance with paragraph (f)(1) of this section, within 60 days of January 1, 1995, or of any change in statute, regulation, official bulletin or circular, written order or interpretation, or decision of a court of competent jurisdiction rendering such activity impermissible.

(g) *Delegation of authority.* Authority is hereby delegated to the Director of the Division of Supervision and, when confirmed in writing by the Director, to an associate director, or to the appropriate regional director or deputy regional director, to approve plans of divestiture and cessation submitted pursuant to paragraph (f) of this section.

## Federal Deposit Insurance Corporation

## § 347.3

### § 347.1 Authority and scope.

Under sections 3(o), 18(d) and 18(l) of the Federal Deposit Insurance Act, as amended by section 301, Pub. L. No. 95-630, 92 Stat. 3641 (12 U.S.C. 1813(o), 1828(d), 1828(l)), the Federal Deposit Insurance Corporation (the *Corporation*) prescribes the following regulation relating to: (a) Foreign branches of insured State nonmember banks, (b) the acquisition and holding of stock in foreign banks and other financial entities, and (c) loans or extensions of credit to or for the account of such foreign banks or other financial entities.

### § 347.2 Definitions.

For the purposes of this part:

(a) *Foreign branch* means any office or place of business of an insured State nonmember bank located outside the United States, its territories, Puerto Rico, Guam, American Samoa, or the Virgin Islands, at which banking operations (excluding representative offices solely concerned with new business development or public relations) are conducted.

(b) *Foreign country* means any foreign nation or colony, dependency, or possession thereof.

(c) *Foreign bank* means a bank organized under the law of a foreign country or any dependency or insular possession of the United States which is principally engaged in a commercial banking business and not engaged, directly or indirectly, in any activity in the United States except as in the judgment of the Federal Deposit Insurance Corporation, shall be incidental to the international or foreign business of such foreign bank.

(d) *Other financial entity* means a foreign institution other than a foreign bank which is: (1) Organized under the law of a foreign country or any dependency or insular possession of the United States, (2) not engaged, directly or indirectly, in any activity in the United States except as is incidental to its foreign business, and (3) engaged solely in the business of holding the shares of foreign banks, performing nominee, fiduciary, or other banking services incidental to the activities of a foreign branch or banking affiliate of an insured State nonmember bank, or performing other financial activities

approved by the Corporation as being consistent with this part.

### § 347.3 Foreign branches.

(a) *Establishing, moving, or closing foreign branches.* A foreign branch may not be established, operated, or relocated by an insured State nonmember bank without the prior written consent of the Corporation. This consent may be obtained through the application procedures set forth under part 303. For all foreign branches and relocations thereof, the application shall contain information on the exact location of the facility and on the involvement of insiders as such involvement is specified in § 303.2, as well as the name and address of the newspaper in which the notice required by § 303.14(b)(1) is published and the date of that publication. At the time of the closing of a foreign branch, the insured State nonmember bank shall by letter advise the regional director of the name, the location, and the date of the closing of the branch.

(b) *Existing foreign branches.* The Corporation hereby grants its general consent for any insured State nonmember bank with a foreign branch that was established prior to March 10, 1979 to continue operating such branch without application for specific approval, provided the activity does not conflict with the provisions of this part and the following information regarding the branch is submitted (unless already submitted) within 90 days from April 30, 1979: Name and location; statement of condition; earnings statement, with year-to-date and last two full years' data; estimated time when branch will be profitable if it is not; description of policies and management procedures designed to ensure safe and sound operation; and description of services offered.

(c) *Powers of foreign branches.* In addition to its general banking powers and to the extent consistent with its charter, the banking practices in the country where it does business, and the provisions of this part, a Branch may:

(1) Guarantee customer's debts or otherwise agree for their benefit to make payments on the occurrence of

## § 347.4

readily ascertainable events<sup>1</sup> if the guarantee or agreement specifies its maximum monetary liability thereunder. The guarantee or agreement shall be combined with all standby letters of credit and loans for purposes of applying any legal limitation on loans of the bank: *Provided*, That if the guarantee or agreement is subject to separate limitation under State or Federal law, the separate limitation shall apply in lieu of the loan limitation.

(2) Accept drafts or bills of exchange drawn upon it;

(3) Acquire and hold securities (including certificates or other evidences of ownership or participation) of the central bank, clearinghouses, governmental entities, and development banks of the country in which it is located, but the total investment in such securities (exclusive of securities held as required by the law of that country or as authorized for national banks under 12 U.S.C. 24) shall not exceed 1 percent of its total deposits on the preceding year-end call report date (or on the date of such acquisition in the case of a newly approved branch which has never reported);

(4) Underwrite, distribute, buy, and sell obligations of the national government of the country in which it is located;<sup>2</sup> but no bank may hold, or be under commitment with respect to, obligations of such a government as a result of underwriting, dealing in, or purchasing for its own account, in an aggregate amount exceeding 10 percent of its capital and surplus;

(5) Take liens or other encumbrances on foreign real estate in connection with its extensions of credit, whether or not of first priority and whether or not such real estate is improved or has been appraised;

(6) Pay to any officer or employee of the branch a greater rate of interest on deposits than that paid to other depositors on similar deposits with the branch;

<sup>1</sup> Including, but not limited to, events such as nonpayment of taxes, rentals, customs duties, or costs of transport and loss or non-conformance of shipping documents.

<sup>2</sup> Including obligations issued by an agency or instrumentality, and supported by the full faith and credit, of such government.

(7) Act as insurance agent or broker. An insured State nonmember bank that is of the opinion that other activities are usual in connection with the transaction of the business of banking in the places where its branches transact business, may apply to the Corporation for permission to engage in such activities.

(d) *Limitations*. Nothing in paragraph (c) of this section shall authorize a foreign branch to engage in the general business of producing, distributing, buying, or selling goods, wares, or merchandise, or, except as permitted by paragraph (c)(4) of this section, to engage or participate, directly, or indirectly, in the business of underwriting, selling, or distributing securities.

(e) *Suspending operations during disturbed conditions*. The officer in charge of a foreign branch may suspend its operations during disturbed conditions which make conduct of operations impracticable; but every effort shall be made before and during such suspension to serve its customers. Full information concerning any suspension shall be promptly reported to the branch's main office, which shall immediately send a copy thereof to the Regional Director of the region in which the main office exists.

### **§ 347.4 Acquisition and holding of stock in foreign banks or other financial entities.**

(a) *General*. No insured State nonmember bank may acquire or hold, directly or indirectly, ownership interest in a foreign bank or other entity except as provided in this section. When authorized by State law, an insured State nonmember bank may, with the prior written consent of the Corporation and subject to the provisions of this part, acquire and hold, directly or indirectly, the stock or other evidences of ownership in one or more foreign banks or other financial entities without regard to the provisions of 12 U.S.C. 1828(j):

*Provided*, That the aggregate amount invested directly or indirectly (other than through a corporation organized

under section 25(a) of the Federal Reserve Act) in the stock or other evidences of ownership of all foreign banks and other financial entities, taken together with investments by the bank in the shares of corporations organized under section 25(a) of the Federal Reserve Act, shall not exceed 25 percent of the bank's capital and surplus.

(b) *Acquisitions to prevent loss.* Nothing contained in this part shall prevent the acquisition and holding of stock or other evidences of ownership in a foreign bank or other financial entity where such acquisition is necessary to prevent a loss upon a debt previously contracted in good faith; but such stock or other evidences of ownership shall be disposed of within 12 months from the date of acquisition unless the time is extended by the Corporation.

(c) *Limitations.* Stock or other evidences of ownership in a foreign bank or other financial entity shall be disposed of as promptly as practicable if: (1) Such bank or other financial entity should engage in the business of underwriting, selling, or distributing securities in the United States or (2) the insured State nonmember bank is advised by the Corporation that its holding is inappropriate under this part. The terms *stock, shares, and evidences of ownership* in this section include any right to acquire stock, shares, or evidences of ownership, except that prior Corporation consent is not required for the acquisition and exercise of stock rights in lieu of dividends which are declared on shares already held by an insured State nonmember bank and which do not result in an increase in percentage ownership of the foreign bank or other financial entity.

(d) *Required information.* An insured State nonmember bank may apply for the consent of the Corporation to acquire and hold, directly or indirectly, the stock or other evidences of ownership in a foreign bank or other financial entity by filing the information specified in §303.5(c). The Corporation hereby grants its general consent for any insured State nonmember bank having stock or other evidence of ownership in a foreign bank or other financial entity that was acquired prior to March 10, 1979 to continue holding such

stock or evidence without application for specific approval provided it does not conflict with the provisions of this part and the following information is submitted (unless already submitted) within 90 days from April 30, 1979: Name and location of bank or other financial entity; number, type and par value of shares held, percentage of total voting shares outstanding, and, if different, percentage of total equity, historical cost, current carrying value and any premium paid that has not been amortized; description of the company activities, principal locations, subsidiaries and affiliates (including company locations, subsidiaries and affiliates in the United States), and any activity that is not of a banking or financial nature; recent balance sheets and income statements; and amount of any credit extended to the subsidiary or affiliate and description of any contracts with company (including management or service contracts).

(e) *Reports.* An insured State nonmember bank shall immediately inform the Corporation, through the Regional Director of the region in which the bank is located, of any acquisition or disposition of stock in a foreign bank or other financial entity, including the cost and number of shares acquired pursuant to this section.

and reports that, at minimum, provide for the following:

(1) *Risk assets.* To permit assessment of exposure to loss, information furnished or available to the main office should be sufficient to permit periodic and systematic appraisals of the quality of loans and other extensions of credit. Coverage should extend to a substantial proportion of the risk assets in the branch or subsidiary, and include the status of all large credit lines and of credits to customers also borrowing from other offices of the bank. Information on credit extensions should include:

- (i) A recent financial statement of the borrower and current information on the borrower's financial condition;
- (ii) Credit terms, conditions, and collateral;
- (iii) Data on any guarantors;
- (iv) Payment history; and
- (v) Status of corrective measures employed.

(2) *Liquidity.* To enable assessment of local management's ability to meet its obligations from available resources, reports should identify the general sources and character of the deposits, borrowing, etc., employed in the branch or subsidiary with special reference to their terms and volatility. Information should be available on sources of liquidity—cash, balances with banks, marketable securities, and repayment flows—such as will reveal their accessibility in time and any risk elements involved.

(3) *Contingencies.* Data on the volume and nature of contingent items such as loan commitments and guaranties or their equivalents that permit analysis of potential risk exposure and liquidity requirements.

(4) *Controls.* Reports on the internal and external audits of the branch or subsidiary in sufficient detail to permit determination of conformance to auditing guidelines. Such reports should cover:

- (i) Verification and identification of entries on financial statements;
- (ii) Income and expense accounts, including descriptions of significant chargeoffs and recoveries;
- (iii) Operations and dual-control procedures and other internal controls;

(iv) Conformance to head office guidelines on loans, deposits, foreign exchange activities, proper accounting procedures, and discretionary authority of local management;

(v) Compliance with local laws and regulations; and

(vi) Compliance with applicable U.S. laws and regulations.

(b) The bank shall submit an annual report of condition for each foreign branch pursuant to instructions provided by the Corporation.

(c) The Corporation may from time to time require an insured State non-member bank to make and submit such reports and information as may be necessary to implement and enforce the provisions of this part.

Sec.

348.1 Authority, purpose, and scope.

348.2 Definitions.

348.3 Prohibitions.

348.4 Interlocking relationships permitted by statute.

348.5 Regulatory Standards exemption.

348.6 Management Consignment exemption.

AUTHORITY: 12 U.S.C. 3207, 12 U.S.C. 1823(k).

SOURCE: 61 FR 40305, Aug. 2, 1996, unless otherwise noted.

### § 348.1 Authority, purpose, and scope.

(a) *Authority.* This part is issued under the provisions of the Depository Institution Management Interlocks Act (Interlocks Act) (12 U.S.C. 3201 *et seq.*), as amended.

(b) *Purpose.* The purpose of the Interlocks Act and this part is to foster competition by generally prohibiting a management official from serving two nonaffiliated depository organizations in situations where the management interlock likely would have an anti-competitive effect.

(c) *Scope.* This part applies to management officials of insured non-member banks and their affiliates.

### § 348.2 Definitions.

For purposes of this part, the following definitions apply:

(a) *Affiliate*. (1) The term *affiliate* has the meaning given in section 202 of the Interlocks Act (12 U.S.C. 3201). For purposes of section 202, shares held by an individual include shares held by members of his or her immediate family. “Immediate family” means spouse, mother, father, child, grandchild, sister, brother or any of their spouses, whether or not any of their shares are held in trust.

(2) For purposes of section 202(3)(B) of the Interlocks Act (12 U.S.C. 3201(3)(B)), an affiliate relationship involving an insured nonmember bank based on common ownership does not exist if the FDIC determines, after giving the affected persons the opportunity to respond, that the asserted affiliation was established in order to avoid the prohibitions of the Interlocks Act and does not represent a true commonality of interest between the depository organizations. In making this determination, the FDIC considers, among other things, whether a person, including members of his or her immediate family whose shares are necessary to constitute the group, owns a nominal percentage of the shares of one of the organizations and the percentage is substantially disproportionate to that person’s ownership of shares in the other organization.

(b) *Anticompetitive effect* means a monopoly or substantial lessening of competition.

(c) *Area median income* means:

(1) The median family income for the metropolitan statistical area (MSA), if a depository organization is located in an MSA; or

(2) The statewide nonmetropolitan median family income, if a depository organization is located outside an MSA.

(d) *Community* means a city, town, or village, and contiguous or adjacent cities, towns, or villages.

(e) *Contiguous or adjacent cities, towns, or villages* means cities, towns, or villages whose borders touch each other or whose borders are within 10 road miles of each other at their closest points. The property line of an office located in an unincorporated city, town, or village is the boundary line of that city, town, or village for the purpose of this definition.

(f) *Critical* means important to restoring or maintaining a depository organization’s safe and sound operations.

(g) *Depository holding company* means a bank holding company or a savings and loan holding company (as more fully defined in section 202 of the Interlocks Act (12 U.S.C. 3201)) having its principal office located in the United States.

(h) *Depository institution* means a commercial bank (including a private bank), a savings bank, a trust company, a savings and loan association, a building and loan association, a home- stead association, a cooperative bank, an industrial bank, or a credit union, chartered under the laws of the United States and having a principal office located in the United States. Additionally, a United States office, including a branch or agency, of a foreign commercial bank is a depository institution.

(i) *Depository institution affiliate* means a depository institution that is an affiliate of a depository organization.

(j) *Depository organization* means a depository institution or a depository holding company.

(k) *Low- and moderate-income areas* means census tracts (or, if an area is not in a census tract, block numbering areas delineated by the United States Bureau of the Census) where the median family income is less than 100 percent of the area median income.

(1) *Management official*. (1) The term *management official* means:

(i) A director;

(ii) An advisory or honorary director of a depository institution with total assets of \$100 million or more;

(iii) A senior executive officer as that term is defined in 12 CFR 303.14(a)(3);

(iv) A branch manager;

(v) A trustee of a depository organization under the control of trustees; and

(vi) Any person who has a representative or nominee serving in any of the capacities in this paragraph (1)(1).

(2) The term *management official* does not include:

(i) A person whose management functions relate exclusively to the business of retail merchandising or manufacturing;

### § 348.3

(ii) A person whose management functions relate principally to the business outside the United States of a foreign commercial bank; or

(iii) A person described in the provisos of section 202(4) of the Interlocks Act (12 U.S.C. 3201(4)) (referring to an officer of a State-chartered savings bank, cooperative bank, or trust company that neither makes real estate mortgage loans nor accepts savings).

(m) *Office* means a principal or branch office of a depository institution located in the United States. *Office* does not include a representative office of a foreign commercial bank, an electronic terminal, or a loan production office.

(n) *Person* means a natural person, corporation, or other business entity.

(o) *Relevant metropolitan statistical area (RMSA)* means an MSA, a primary MSA, or a consolidated MSA that is not comprised of designated Primary MSAs to the extent that these terms are defined and applied by the Office of Management and Budget.

(p) *Representative or nominee* means a natural person who serves as a management official and has an obligation to act on behalf of another person with respect to management responsibilities. The FDIC will find that a person has an obligation to act on behalf of another person only if the first person has an agreement, express or implied, to act on behalf of the second person with respect to management responsibilities. The FDIC will determine, after giving the affected persons an opportunity to respond, whether a person is a *representative or nominee*.

(q) *Total assets*. (1) The term *total assets* includes assets measured on a consolidated basis and reported in the most recent fiscal year-end Consolidated Report of Condition and Income.

(2) The term *total assets* does not include:

(i) Assets of a diversified savings and loan holding company as defined by section 10(a)(1)(F) of the Home Owners' Loan Act (12 U.S.C. 1467a(a)(1)(F)) other than the assets of its depository institution affiliate;

(ii) Assets of a bank holding company that are exempt from the prohibitions of section 4 of the Bank Holding Company Act of 1956 pursuant to an order

### 12 CFR Ch. III (1–198 Edition)

issued under section 4(d) of that Act (12 U.S.C. 1843(d)) other than the assets of its depository institution affiliate; or

(iii) Assets of offices of a foreign commercial bank other than the assets of its United States branch or agency.

(r) *United States* means the United States of America, any State or territory of the United States of America, the District of Columbia, Puerto Rico, Guam, American Samoa, and the Virgin Islands.

### § 348.3 Prohibitions.

(a) *Community*. A management official of a depository organization may not serve at the same time as a management official of an unaffiliated depository organization if the depository organizations in question (or a depository institution affiliate thereof) have offices in the same community.

(b) *RMSA*. A management official of a depository organization may not serve at the same time as a management official of an unaffiliated depository organization if the depository organizations in question (or a depository institution affiliate thereof) have offices in the same RMSA and each depository organization has total assets of \$20 million or more.

(c) *Major assets*. A management official of a depository organization with total assets exceeding \$1 billion (or any affiliate thereof) may not serve at the same time as a management official of an unaffiliated depository organization with total assets exceeding \$500 million (or any affiliate thereof), regardless of the location of the two depository organizations.

### § 348.4 Interlocking relationships permitted by statute.

The prohibitions of § 348.3 do not apply in the case of any one or more of the following organizations or to a subsidiary thereof:

(a) A depository organization that has been placed formally in liquidation, or which is in the hands of a receiver, conservator, or other official exercising a similar function;

(b) A corporation operating under section 25 or section 25A of the Federal Reserve Act (12 U.S.C. 601 *et seq.* and 12 U.S.C. 611 *et seq.*, respectively) (Edge

## Federal Deposit Insurance Corporation

## § 348.5

Corporations and Agreement Corporations);

(c) A credit union being served by a management official of another credit union;

(d) A depository organization that does not do business within the United States except as an incident to its activities outside the United States;

(e) A State-chartered savings and loan guaranty corporation;

(f) A Federal Home Loan bank or any other bank organized solely to serve depository institutions (a bankers' bank) or solely for the purpose of providing securities clearing services and services related thereto for depository institutions and securities companies;

(g) A depository organization that is closed or is in danger of closing as determined by the appropriate Federal depository institutions regulatory agency and is acquired by another depository organization. This exemption lasts for five years, beginning on the date the depository organization is acquired;

(h) A savings association whose acquisition has been authorized on an emergency basis in accordance with section 13(k) of the Federal Deposit Insurance Act (12 U.S.C. 1823(k)) with resulting dual service by a management official that would otherwise be prohibited under the Interlocks Act which may continue for up to 10 years from the date of the acquisition provided that the FDIC has given its approval for the continuation of such service; and

(i)(1) A diversified savings and loan holding company (as defined in section 10(a)(1)(F) of the Home Owners' Loan Act (12 U.S.C. 1467a(a)(1)(F)) with respect to the service of a director of such company who is also a director of an unaffiliated depository organization if:

(i) Both the diversified savings and loan holding company and the unaffiliated depository organization notify their appropriate Federal depository institutions regulatory agency at least 60 days before the dual service is proposed to begin; and

(ii) The appropriate regulatory agency does not disapprove the dual service before the end of the 60-day period.

(2) The FDIC may disapprove a notice of proposed service if it finds that:

(i) The service cannot be structured or limited so as to preclude an anti-competitive effect in financial services in any part of the United States;

(ii) The service would lead to substantial conflicts of interest or unsafe or unsound practices; or

(iii) The notificant failed to furnish all the information required by the FDIC.

(3) The FDIC may require that any interlock permitted under this paragraph (h) be terminated if a change in circumstances occurs with respect to one of the interlocked depository organizations that would have provided a basis for disapproval of the interlock during the notice period.

### § 348.5 Regulatory Standards exemption.

(a) *Criteria.* The FDIC may permit an interlock that otherwise would be prohibited by the Interlocks Act and § 348.3 if:

(1) The board of directors of the depository organization (or the organizers of a depository organization being formed) that seeks the exemption provides a resolution to the FDIC certifying that the organization, after the exercise of reasonable efforts, is unable to locate any other candidate from the community or RMSA, as appropriate, who:

(i) Possesses the level of expertise required by the depository organization and who is not prohibited from service by the Interlocks Act; and

(ii) Is willing to serve as a management official; and

(2) The FDIC, after reviewing an application submitted by the depository organization seeking the exemption, determines that:

(i) The management official is critical to the safe and sound operations of the affected depository organization; and

(ii) Service by the management official will not produce an anticompetitive effect with respect to the depository organization.

(b) *Presumptions.* The FDIC applies the following presumptions when reviewing any application for a Regulatory Standards exemption:

## § 348.6

## 12 CFR Ch. III (1–1–98 Edition)

(1) An interlock will not have an anticompetitive effect if it involves depository organizations that, if merged, would not cause the post-merger Herfindahl-Hirschman Index (HHI) to exceed 1800 and would not cause the HHI to increase by more than 200 points. This presumption shall not apply to depository organizations subject to the Major Assets prohibition of § 348.3(c).

(2) A proposed management official is critical to the safe and sound operations of a depository institution if:

(i) That official is approved by the FDIC to serve as a director or a senior executive officer of that institution pursuant to 12 CFR 303.14; and

(ii) The institution had operated for less than two years, was not in compliance with minimum capital requirements, or otherwise was in a “troubled condition” as defined by 12 CFR 303.14(a)(4) at the time the service under that section was approved.

(c) *Duration of interlock.* An interlock permitted under this section may continue until the FDIC notifies the affected depository organizations otherwise. The FDIC may require termination of any interlock permitted under this section if the FDIC concludes, after giving the affected persons the opportunity to respond, that the determinations under paragraph (a)(2) of this section no longer may be made. A management official may continue serving the depository organization involved in the interlock for a period of 15 months following the date of the order to terminate the interlock. The FDIC may shorten this period under appropriate circumstances.

### § 348.6 Management Consignment exemption.

(a) *Criteria.* The FDIC may permit an interlock that otherwise would be prohibited by the Interlocks Act and § 348.3 if the FDIC, after reviewing an application submitted by the depository organization seeking an exemption, determines that the interlock would:

(1) Improve the provision of credit to low- and moderate-income areas;

(2) Increase the competitive position of a minority- or women-owned depository organization;

(3) Strengthen the management of a depository institution that has been chartered for less than two years at the time an application is filed under this part; or

(4) Strengthen the management of a depository institution that is in an unsafe or unsound condition as determined by the FDIC on a case-by-case basis.

(b) *Presumptions.* The FDIC applies the following presumptions when reviewing any application for a Management Consignment exemption:

(1) A proposed management official is capable of strengthening the management of a depository institution described in paragraph (a)(3) of this section if that official is approved by the FDIC to serve as a director or a senior executive officer of that institution pursuant to 12 CFR 303.14 and the institution had operated for less than two years at the time the service under 12 CFR 303.14 was approved; and

(2) A proposed management official is capable of strengthening the management of a depository institution described in paragraph (a)(4) of this section if that official is approved by the FDIC to serve as a director or a senior executive officer of that institution pursuant to 12 CFR 303.14 and the institution was not in compliance with minimum capital requirements or otherwise was in a “troubled condition” as defined under 12 CFR 303.14 at the time service under that section was approved.

(c) *Duration of interlock.* An interlock granted under this section may continue for a period of two years from the date of approval. The FDIC may extend this period for one additional two-year period if the depository organization applies for an extension at least 30 days before the current exemption expires and satisfies one of the criteria specified in paragraph (a) of this section. The provisions set forth in paragraph (b) of this section also apply to applications for extensions.

### § 348.7 Change in circumstances.

(a) *Termination.* A management official shall terminate his or her service or apply for an exemption to the Interlocks Act if a change in circumstances

## Federal Deposit Insurance Corporation

## § 349.2

causes the service to become prohibited under that Act. A change in circumstances may include, but is not limited to, an increase in asset size of an organization, a change in the delimitation of the RMSA or community, the establishment of an office, an acquisition, a merger, a consolidation, or any reorganization of the ownership structure of a depository organization that causes a previously permissible interlock to become prohibited.

(b) *Transition period.* A management official described in paragraph (a) of this section may continue to serve the insured nonmember bank involved in the interlock for 15 months following the date of the change in circumstances. The FDIC may shorten this period under appropriate circumstances.

### § 348.8 Enforcement.

Except as provided in this section, the FDIC administers and enforces the Interlocks Act with respect to insured nonmember banks and their affiliates and may refer any case of a prohibited interlocking relationship involving these entities to the Attorney General of the United States to enforce compliance with the Interlocks Act and this part. If an affiliate of an insured nonmember bank is subject to the primary regulation of another federal depository organization supervisory agency, then the FDIC does not administer and enforce the Interlocks Act with respect to that affiliate.

### § 349.1 Purpose and scope.

Section 106(b)(2) of the Bank Holding Company Act Amendments of 1970 (12 U.S.C. 1972(2)) (*BHCA Amendments*) prohibits—(1) preferential lending by a bank to executive officers, directors, and principal shareholders of another bank when there is a correspondent account relationship between the banks, or (2) the opening of a correspondent account relationship between banks when there is a preferential extension of credit by one of the banks to an executive officer, director, or principal shareholder of the other bank. Section 106(b)(2) also imposes requirements on executive officers and principal shareholders to submit reports on their indebtedness to correspondent banks to the board of directors of their bank. Section 7(k) of the Federal Deposit Insurance Act (12 U.S.C. 1817(k)) and section 106(b)(2)(G)(ii) of the BHCA Amendments (12 U.S.C. 1972(2)(G)(ii)) authorize the Federal banking agencies to issue rules and regulations, including definitions of terms, to require the reporting and public disclosure of information by a bank or an executive officer or principal shareholder thereof concerning extensions of credit by the bank or its correspondent banks to any of the reporting bank’s executive officers or principal shareholders, or the related interests of such persons. This part 349 implements the authorization of the latter sections to require such reporting and disclosure by insured State nonmember banks and their executive officers and principal shareholders.

### § 349.2 Definitions.

For the purposes of the reporting and disclosure requirements of this part 349, the following definitions apply:

(a) *Bank* has the meanings provided in (1) 12 U.S.C. 1841(c), and includes a branch or agency of a foreign bank, or a commercial lending company controlled by a foreign bank or by a company that controls a foreign bank, where the branch or agency is maintained in a State of the United States

Notwithstanding the foregoing, with respect to disclosures made pursuant to paragraph (a)(1) of § 349.4 and with respect to copies of requests maintained pursuant to paragraph (c) of § 349.4, *bank* shall mean *State non-member bank* as defined in 12 U.S.C. 1813(b), including a *mutual savings bank* as defined in 12 U.S.C. 1813(f).

(b) *Capital stock and unimpaired surplus* shall have the meaning provided in § 215.2(f) of Federal Reserve Board Regulation O, subpart A (12 CFR 215.2(f)). Notwithstanding the foregoing, with respect to *mutual savings banks*, the term *total equity capital* found in 12 CFR 215.2(f) shall mean *total surplus accounts*.

(c) *Company, control of a company or bank, executive officer,*<sup>1</sup> *extension of credit, immediate family, and person* have the meanings provided in §§ 215.2 and 215.3 of subpart A of Federal Reserve Board Regulation O (12 CFR 215.2 and 215.3). (d) *Correspondent account* is an account that is maintained by an insured State nonmember bank with another bank for the deposit or placement of funds. A correspondent account does not include:

(e) *Correspondent bank* means a bank that maintains one or more correspondent accounts for an insured State nonmember bank during a calendar year that in the aggregate ex-

ceed an average daily balance during that year of \$100,000 or one-half of one percent of the insured State nonmember bank's total deposits (as reported in its first Consolidated Report of Condition during that calendar year), whichever amount is smaller.

(f) *Indebtedness* means an extension of credit, but does not include:

(1) Commercial paper, bonds, debentures and other types of marketable securities issued in the ordinary course of business; or

(2) Consumer credit (as defined in 12 CFR 226.2(p)), in an aggregate amount of \$5,000 or less from each of the insured State nonmember bank's correspondent banks, provided the indebtedness is incurred under terms that are not more favorable than those offered to the general public.

(g) *Maximum amount of indebtedness* means, at the option of the reporting person, either (1) the highest outstanding indebtedness during the calendar year for which the report is made, or (2) the highest end of the month indebtedness outstanding during the calendar year for which the report is made.

(h) For the purpose of this part 349, *principal shareholder* and *related interest* have the meanings provided in § 215.10(a) of Federal Reserve Board Regulation O, subpart A (12 CFR 215.10(a)), except that the term *principal shareholder* is synonymous with the term *stockholder of record* as that term is used in the reporting provisions of 12 U.S.C. 1972(2)(G)(i). All references to the term *member bank* in § 215.10(a) shall be deemed to refer to an insured State nonmember bank for the purposes of this part 349.

### § 349.3 Reports by executive officers and principal shareholders.

(a) *Annual report*. If during any calendar year an executive officer or principal shareholder of an insured State nonmember bank or a related interest of such a person has outstanding an extension of credit from a correspondent bank, the executive officer or principal

<sup>1</sup>For the purposes of this part 349, executive officers of an insured State nonmember bank do not include an executive officer of a bank holding company of which such bank is a subsidiary or of any other subsidiary of the bank holding company, unless the executive officer is also an executive officer of the insured State nonmember bank.

(b) *Contents of report.* The report required by this section shall include the following information:

(3) A description of the terms and conditions (including the range of interest rates, the original amount and date, maturity date, payment terms, security, if any, and any other unusual terms or conditions) of each extension of credit included in the indebtedness reported under paragraph (b)(1) of this section.

(c) *Retention of reports.* The reports required by this section must ordinarily be retained at the insured State nonmember bank for a period of three years, but the Federal Deposit Insurance Corporation may require that they be retained by the bank for an additional period of time. The reports filed under this section are not required by this regulation to be made available to the public and shall not be filed with the Federal Deposit Insurance Corporation unless specifically requested.

<sup>2</sup>Persons reporting under this section are not required to include information on extensions of credit that are fully described in a report by a person they control or a person that controls them, provided they identify their relationship with such other person.

<sup>3</sup> If the amount of indebtedness outstanding to a correspondent bank ten days before the filing of the report is not available or cannot be readily ascertained, an estimate of the amount of indebtedness may be filed with the report, provided that the report is supplemented within the next 30 days with the actual amount of indebtedness.

(d) *Bank's responsibility.* Each insured State nonmember bank shall advise each of its executive officers and each of its principal shareholders (to the extent known by the bank) of the reports required by this section and make available to each of these persons a list with the name and address of each of the insured State nonmember bank's correspondent banks.

**§ 349.4 Disclosure of indebtedness of executive officers and principal shareholders.**

(a) Upon receipt of a written request, an insured State nonmember bank shall disclose to the requester the name of each executive officer or principal shareholder of the bank whose aggregate indebtedness, including the indebtedness of related interests of such person.

(2) At the correspondent banks of the disclosing bank at any time during the previous calendar year

equals or exceeds the lesser of five percent (5%) of the disclosing bank's capital stock and unimpaired surplus or \$500,000, but in no event shall an insured State nonmember bank be required to make such disclosure where the aggregate indebtedness of an executive officer or principal shareholder is less than \$25,000.

(b) *Contents of disclosure.* (1) An insured State nonmember bank is not required to disclose any additional information concerning the indebtedness referred to in paragraph (a) of this section, except that it must observe the requirement of paragraph (b)(2) of this section.

(2) Disclosures made pursuant to paragraph (a) of this section shall specify whether the individual or individuals named in the disclosure, who are indebted in the amount specified in paragraph (a) of this section, are indebted solely to the bank itself or to one or more correspondent banks of the reporting bank or to both.

(c) An insured State nonmember bank shall maintain a copy of any request for information made under paragraph (a) of this section and a record of the bank's disposition of such request for a period of two years.

## PART 351—INTERNATIONAL OPERATIONS

Sec.

351.1 Allocated transfer risk reserve.

351.2 Accounting for fees on international loans.

351.3 Reporting and disclosure of international assets.

AUTHORITY: Title IX, Pub. L. 98-181, 97 Stat. 1153.

## § 351.1 Allocated transfer risk reserve.

(a) *Definitions.* For the purposes of this subpart:

(1) *Banking institution* means an insured state nonmember bank.

(2) *Federal banking agencies* means the Board of Governors of the Federal Reserve System, the Comptroller of the Currency, and the Federal Deposit Insurance Corporation.

(3) *International assets* means those assets required to be included in banking institutions' "Country Exposure Report" forms (FFIEC No. 009).

(4) *Transfer risk* means the possibility that an asset cannot be serviced in the currency of payment because of a lack of, or restraints on the availability of, needed foreign exchange in the country of the obligor.

(b) *Allocated Transfer Risk Reserve*—(1) *Establishment of Allocated Transfer Risk Reserve.* A banking institution shall establish an allocated transfer risk reserve (ATRR) for specified international assets when required by the FDIC in accordance with this section.

(2) *Procedures and Standards*—(i) *Joint agency determination.* At least annually,

## Federal Deposit Insurance Corporation

## § 351.1

the Federal banking agencies shall determine jointly, based on the standards set forth in paragraph (b)(2)(ii) of this section, the following:

(A) Which international assets subject to transfer risk warrant establishment of an ATRR;

(B) The amount of the ATRR for the specified assets; and

(C) Whether an ATRR established for specified assets may be reduced.

(ii) *Standards for requiring ATRR—(A) Evaluation of assets.* The Federal banking agencies shall apply the following criteria in determining whether an ATRR is required for particular international assets:

(1) Whether the quality of a banking institution's assets has been impaired by a protracted inability of public or private obligors in a foreign country to make payments on their external indebtedness as indicated by such factors, among others, as whether:

(i) Such obligors have failed to make full interest payments on external indebtedness;

(ii) Such obligors have failed to comply with the terms of any restructured indebtedness; or

(iii) A foreign country has failed to comply with any International Monetary Fund or other suitable adjustment program; or

(2) Whether no definite prospects exist for the orderly restoration of debt service.

(B) *Determination of amount of ATRR.* (1) In determining the amount of the ATRR, the Federal banking agencies shall consider:

(i) The length of time the quality of the asset has been impaired;

(ii) Recent actions taken to restore debt service capability;

(iii) Prospects for restored asset quality; and

(iv) Such other factors as the Federal banking agencies may consider relevant to the quality of the asset.

(2) The initial year's provision for the ATRR shall be ten percent of the principal amount of each specified international asset, or such greater or lesser percentage determined by the Federal banking agencies. Additional provision, if any, for the ATRR in subsequent years shall be fifteen percent of the principal amount of each specified

international asset, or such greater or lesser percentage determined by the Federal banking agencies.

(iii) *FDIC notification.* Based on the joint agency determinations under paragraph (b)(2)(i) of this section, the FDIC shall notify each banking institution holding assets subject to an ATRR:

(A) Of the amount of the ATRR to be established by the institution for specified international assets; and

(B) That an ATRR established for specified assets may be reduced.

(3) *Accounting treatment of ATRR—(i) Charge to current income.* A banking institution shall establish an ATRR by a charge to current income and the amounts so charged shall not be included in the banking institution's capital or surplus.

(ii) *Separate accounting.* A banking institution shall account for an ATRR separately from the Allowance for Possible Loan Losses, and shall deduct the ATRR from *gross loans and leases* to arrive at *net loans and leases*. The ATRR must be established for each asset subject to the ATRR in the percentage amount specified.

(iii) *Consolidation.* A banking institution shall establish an ATRR, as required, on a consolidated basis. For banks, consolidation should be in accordance with the procedures and tests of significance set forth in the instructions for preparation of *Consolidated Reports of Condition and Income* (FFIEC Nos. 031, 032, 033 and 034).

(iv) *Alternative accounting treatment.* A banking institution need not establish an ATRR if it writes down in the period in which the ATRR is required, or has written down in prior periods, the value of the specified international assets in the requisite amount for each such asset. For purposes of this paragraph, international assets may be written down by a charge to the allowance for Possible Loan Losses or a reduction in the principal amount of the asset by application of interest payments or other collections on the asset. However, the Allowance for Possible Loan Losses must be replenished in such amount necessary to restore it to a level which adequately provides for the estimated losses inherent in the banking institution's loan portfolio.

## § 351.2

## 12 CFR Ch. III (1-1-98 Edition)

(v) *Reduction of ATRR.* A banking institution may reduce an ATRR when notified by the FDIC or, at any time, by writing down such amount of the international asset for which the ATRR was established.

[49 FR 5593, Feb. 13, 1984]

### § 351.2 Accounting for fees on international loans.

(a) *Definitions.* For the purpose of this subpart:

(1) *International loan* means a loan as defined in the instructions to the "Report of Condition and Income" for the respective banking institution (FFIEC Nos. 031, 032, 033 and 034) and made to a foreign government, or to an individual, a corporation, or other entity not a citizen of, resident in, or organized or incorporated in the United States.

(2) *International syndicated loan* means a loan characterized by the formation of a group of *managing* banking institutions and, in the usual case, assumption by them of underwriting commitments and participation in the loan by other banking institutions.

(3) *Loan agreement* means the documents signed by all of the parties to a loan, containing the amount, terms and conditions of the loan, and the interest and fees to be paid by the borrower.

(4) *Restructured international loan* means a loan that meets the following criteria: (i) The borrower is unable to service the existing loan according to its terms and is a resident of a foreign country in which there is a generalized inability of public and private sector obligors to meet their external debt obligations on a timely basis because of a lack of, or restraints on the availability of, needed foreign exchange in the country; and either (ii) the terms of the existing loan are amended to reduce stated interest or extend the schedule of payments; or (iii) a new loan is made to, or for the benefit of, the borrower, enabling the borrower to service or refinance the existing debt.

(b) *Restrictions on fees for restructured international loans.* No banking institution shall charge any fee in connection with a restructured loan unless all fees exceeding the banking institution's administrative costs, as described in

paragraph (d)(2) of this section, are deferred and recognized over the term of the loan as an interest yield adjustment.

(c) *Amortizing fees.* Except as otherwise provided by this section, fees received on international loans shall be deferred and amortized over the term of the loan. The interest method should be used during the loan period to recognize the deferred fee revenue in relation to the outstanding loan balance. If it is not practicable to apply the interest method during the loan period, the straight-line method shall be used.

(d) *Accounting treatment of international loan or syndication administrative costs and corresponding fees.* (1) Administrative costs of originating, restructuring, or syndicating an international loan shall be expensed as incurred. A portion of the fee income equal to the banking institution's administrative costs may be recognized as income in the same period such costs are expensed.

(2) The administrative costs of originating, restructuring, or syndicating an international loan include those costs which are specifically identified with negotiating, processing and consummating the loan. These costs include, but are not necessarily limited to: legal fees; costs of preparing and processing loan documents; and an allocable portion of salaries and related benefits of employees engaged in the international lending function and, where applicable, the syndication function. No portion of supervisory and administrative expenses or other indirect expenses such as occupancy and other similar overhead costs shall be included.

(e) *Fees received by managing banking institutions.* Fees received on international syndicated loans representing an adjustment of the yield on the loan shall be recognized over the loan period using the interest method. If the interest yield portion of a fee received on an international syndicated loan by a managing banking institution is unstated or differs materially from the pro rata portion of fees paid other participants in the syndication, an amount necessary for an interest yield adjustment shall be recognized. This amount shall at least be equivalent (on

a pro rata basis) to the largest fee received by a loan participant in the syndication that is not a managing banking institution. The remaining portion of the syndication fee may be recognized as income at the loan closing date to the extent that it is identified and documented as compensation for services in arranging the loan. Such documentations shall include the loan agreement. Otherwise, the fee shall be deemed an adjustment of yield.

(f) *Loan commitment fees.* (1) Fees which are based upon the unfunded portion of a credit for the period until it is drawn and represent compensation for a binding commitment to provide funds or for rendering a service in issuing the commitment shall be recognized as income over the term of the commitment period using the straight-line method of amortization. Such fees for revolving credit arrangements, where the fees are received periodically in arrears and are based on the amount of the unused loan commitment, may be recognized as income when received provided the income result would not be materially different.

(2) If it is not practicable to separate the commitment portion from other components of the fee, the entire fee shall be amortized over the term of the combined commitment and expected loan period. The straight-line method of amortization should be used during the commitment period to recognize the fee revenue. The interest method should be used during the loan period to recognize the remaining fee revenue in relation to the outstanding loan balance. If the loan is funded before the end of the commitment period, any unamortized commitment fees shall be recognized as revenue at that time.

(g) *Agency fees.* Fees paid to an agent banking institution for administrative services in an international syndicated loan shall be recognized at the time of the loan closing or as the service is performed, if later.

[49 FR 12198, Mar. 29, 1984]

### §351.3 Reporting and disclosure of international assets.

(a) *Requirements.* (1) Pursuant to section 907(a) of the International Lending Supervision Act of 1983 (Title IX, Pub. L. 98-181, 97 Stat. 1153) (ILSA), a bank-

ing institution shall submit to the FDIC, at least quarterly, information regarding the amounts and composition of its holdings of international assets.

(2) Pursuant to section 907(b) of ILSA, a banking institution shall submit to the FDIC information regarding concentrations in its holdings of international assets that are material in relation to total assets and to capital of the institution, such information to be made publicly available by the FDIC on request.

(b) *Procedures.* The format, content and reporting and filing dates of the reports required under paragraph (a) of this section shall be determined jointly by the Federal banking agencies. The requirements to be prescribed by the Federal banking agencies may include changes to existing forms (such as revisions to the Country Exposure Report, Form FFIEC No. 009) or such other requirements as the Federal banking agencies deem appropriate. The Federal banking agencies also may determine to exempt from the requirements of paragraph (a) of this section banking institutions that, in the Federal banking agencies' judgment, have *de minimis* holdings of international assets.

(c) *Reservation of authority.* Nothing contained in this rule shall preclude the FDIC from requiring from a banking institution such additional or more frequent information on the institution's holdings of international assets as the agency may consider necessary. [49 FR 5587, Feb. 13, 1984]

The purpose of this part is to implement the spirit of section 119 of the Rehabilitation, Comprehensive Services, and Developmental Disabilities Amendments of 1978, which amended section 504 of the Rehabilitation Act of 1973 to prohibit discrimination on the basis of handicap in programs or activities conducted by various Executive agencies. Although the FDIC does not believe that Congress contemplated coverage of non-appropriated, independent regulatory agencies such as the FDIC, it has chosen to promulgate this final regulation to ensure that, to the extent practicable, handicapped persons are provided with equal access to FDIC programs and activities.

### § 352.2 Application.

(a) This part applies to all programs and activities conducted by the FDIC. The following programs and activities involve the direct provision of benefits and services to, or participation by, members of the public:

It does not apply to financial institutions insured by the FDIC.

(c) Although application for employment and employment with the FDIC are programs and activities of the FDIC for purposes of this regulation, they shall be governed only by the standards set forth in § 352.6 of this part.

### § 352.3 Definitions.

For purposes of this part, the term—

(b) *Complete complaint* means, with respect to any FDIC program or activity other than employment, a written statement that contains the complainant's name and address and describes the FDIC's action in sufficient detail to inform the FDIC of the nature and date of the alleged violation of these regulations. Complaints filed on behalf of classes or third parties shall describe or identify (by name if possible) the alleged victims of discrimination.

(e) *Qualified handicapped person* means—

(1) With respect to any FDIC program or activity under which a person is required to perform services or to achieve a level of accomplishment, a handicapped person who meets the essential eligibility requirements and can achieve the purpose of the program or activity without modifications in the program or activity that the FDIC can determine on the basis of a written record would result in a fundamental alteration in its nature;

(2) With respect to any other program or activity, a handicapped person

who meets the essential eligibility requirements for participation in, or receipt of benefits from, that program or activity;

(3) With respect to employment, a handicapped person as defined in 29 CFR 1613.702(f), which is made applicable to this part by §352.6.

(f) *Section 504* means section 504 of the Rehabilitation Act of 1973 (Pub. L. 93-112, 87 Stat. 394 (29 U.S.C. 794)), as amended by the Rehabilitation Act Amendments of 1974 (Pub. L. 93-516, 88 Stat. 1617), and the Rehabilitation, Comprehensive Services, and Developmental Disabilities Amendments of 1978 (Pub. L. 95-602, 92 Stat. 2955). As used in this regulation, section 504 shall be applied only to the programs and activities conducted by the FDIC as set forth in §352.2 of this regulation.

### §352.4 Self-evaluation.

(a) Within one year of the effective date of this regulation, the FDIC shall conduct a self-evaluation of its program implementing the spirit of section 504.

(b) The agency shall provide an opportunity to interested persons, including handicapped persons or organizations representing handicapped persons, to participate in the self-evaluation process by submitting written comments. Comments on the program made by such persons or organizations, while not binding on the FDIC for adoption, will be received and considered as part of the FDIC's self-evaluation process.

(c) The FDIC shall, for a period of three years from the date of completion of the self-evaluation, maintain on file and make available for public inspection:

(1) A description of areas examined and any problems identified in the program implementing the spirit of section 504; and

(2) A description of any modifications made in the program.

FDIC and set forth in § 352.2 of this regulation.

(b) The FDIC, in providing any services under the programs and activities set forth in § 352.2 of this part, shall ensure that qualified handicapped persons are provided with an equal opportunity to benefit from or to reach the same level of achievement from such services as that provided to non-handicapped persons.

(c) The FDIC, in providing any services under the programs and activities set forth in § 352.2 of this part, shall give priority to those methods of administration which will not segregate participation by qualified handicapped persons in FDIC-conducted programs and activities from participation by non-handicapped individuals.

### § 352.6 Employment.

No qualified handicapped person shall, on the basis of handicap, be subjected to discrimination in employment under any program or activity conducted by the FDIC. The definitions, requirements, and procedures (including those pertaining to employment discrimination complaints) of section 501 of the Rehabilitation Act of 1973 (29 U.S.C. 791), as established in 29 CFR part 1613, shall apply to employment in the FDIC.

### § 352.7 Program accessibility: Existing facilities.

(a) *General.* The FDIC shall operate each of the programs or activities set forth in § 352.2 of this part so that the program or activity, when viewed in its entirety, is readily accessible to and usable by handicapped persons. This paragraph does not—

(1) Necessarily require the FDIC to make each of its existing facilities accessible to and usable by handicapped persons; or

(2) Require the FDIC to take any action that the FDIC can determine on the basis of a written record would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. If it is determined that an action would result in such an alteration or such burdens, the FDIC shall take other reasonable actions that would not result in such an alteration or such

burdens but would nevertheless ensure that handicapped persons receive the benefits and services of the program or activity.

(b) *Methods.* The FDIC may comply with the requirements of this section through such means as redesign of equipment, reassignment of services to accessible buildings, assignment of aides to beneficiaries, delivery of services at alternate accessible sites, alteration of existing facilities and construction of new facilities or any other methods that result in making its programs or activities readily accessible to and usable by handicapped persons. The FDIC is not required to make structural changes in existing facilities where other methods are effective in achieving compliance with this section.

(c) *Time period for compliance.* The FDIC shall comply with the obligations established under this section within ninety days of the effective date of this part except that where structural changes in facilities are undertaken, such changes shall be made within three years of the effective date of this part, but in any event as expeditiously as possible.

(d) *Transition plan.* In the event that structural changes to existing facilities will be undertaken to achieve program accessibility, the FDIC shall develop, within six months of the effective date of this part, a transition plan setting forth the steps necessary to complete such changes. The plan shall be developed after consultation with representatives of the General Services Administration and the Architectural and Transportation Barriers Compliance Board. The plan shall—

(1) Identify physical obstacles in the FDIC's facilities that limit the accessibility of its programs or activities to handicapped persons;

(2) Describe the methods that will be used to make the facilities accessible;

(3) Specify the proposed schedule for taking the steps necessary to achieve compliance with this section and, if the time period of the transition plan is longer than one year, identify proposed steps that will be taken during each year of the transition period;

(4) Indicate the official responsible for implementation of the plan; and

## § 352.10

(5) Identify the persons or groups with whose assistance the plan was prepared.

### **§ 352.8 Program accessibility: New construction and alterations.**

Each building or part of a building in which the programs or activities set forth in § 352.2 will be carried on, and which is newly constructed, or substantially altered by, on behalf of, or for the use of the FDIC, shall be designed, constructed or altered so as to be readily accessible to, and usable by, handicapped persons.

### **§ 352.9 Communications.**

(a) The FDIC shall take appropriate steps to ensure effective communication with participants in the FDIC programs and activities set forth in § 352.2.

(1) The FDIC shall furnish appropriate auxiliary aids where necessary to afford a handicapped person an equal opportunity to participate in, and enjoy the benefits of, the FDIC programs or activities set forth in § 352.2 of this part.

(i) In determining what type of auxiliary aid is necessary, the FDIC shall give primary consideration to any reasonable requests of the handicapped person.

(ii) The FDIC need not provide individually prescribed devices, readers for personal use or study, or other devices of a personal nature.

(2) Where the FDIC communicates by telephone, it shall use telecommunications devices for deaf persons (TDD's) or equally effective telecommunication systems with hearing impaired participants and beneficiaries.

(b) The FDIC shall ensure that interested persons, including persons with impaired vision or hearing, can obtain information as to the existence and location of accessible services, activities, and facilities. Interested persons may obtain such information by calling, writing or visiting the FDIC Office of Equal Employment Opportunity, located at 550 17th Street, NW., Washington, DC 20429. The Office of Equal Employment Opportunity telephone number is (202) 898-6745 (District of Columbia area) and (800) 424-5488 (all others) (TDD).

(c) The FDIC shall provide information at a primary entrance to each of its accessible and inaccessible facilities where programs or activities as set forth in § 352.2 are conducted, directing users to a location at which they can obtain information about accessible facilities. The international symbol for accessibility shall be used at each primary entrance of an accessible facility.

(d) This section does not require the FDIC to take any action that the FDIC can determine on the basis of a written record would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. If an action that is required to comply with this section would result in such an alteration or such burdens, the FDIC shall take other reasonable actions that would not result in such an alteration or such burdens but would nevertheless ensure that, to the maximum extent possible, handicapped persons receive the benefits and services of the program or activity.

### **§ 352.10 Compliance procedures.**

(a) Except as provided in paragraph (b) of this section, this section applies to all allegations of discrimination on the basis of handicap in the FDIC programs or activities set forth in § 352.2 of this part.

(b) The FDIC shall process complaints alleging employment discrimination on the basis of handicap according to the procedures established in 29 CFR part 1613 pursuant to section 501 of the Rehabilitation Act of 1973 (29 U.S.C. 791).

(c) The FDIC's Office of Equal Employment Opportunity shall be responsible for coordinating implementation of this section. All complaints should be sent to the FDIC's Office of Equal Employment Opportunity, 550 17th Street, NW., Washington, DC 20429.

(d) The FDIC shall accept and investigate all complete complaints over which it has jurisdiction. All complete complaints must be filed within 180 days of the alleged act of discrimination. The FDIC may extend this time period for good cause.

## § 352.11

(e) If the FDIC receives a complaint over which it does not have jurisdiction, it shall promptly notify the complainant and shall make reasonable efforts to refer the complainant to the appropriate government entity.

(f) Within 180 days of the receipt of a complete complaint for which it has jurisdiction, the FDIC shall notify the complainant of the results of the investigation in a letter containing—

(1) Finding regarding the alleged violations;

(2) A description of a remedy for each violation found; and

(3) A notice of the right to appeal.

(g) Appeals of the findings or remedies must be filed by the complainant within 90 days of receipt from the FDIC of the letter required by § 352.10(f). The FDIC may extend this time for good cause.

(h) Timely appeals shall be accepted and processed by the Chairman of the FDIC or designee.

(i) The Chairman of the FDIC or designee shall notify the complainant of the results of the appeal within 90 days of the receipt of the request. If the Chairman of the FDIC or designee determines that additional information is needed from the complainant, he or she shall have 60 days from the date of receipt of the additional information to make a determination on the appeal.

(j) The time limits set forth in paragraphs (f) and (i) of this section, may be extended for an individual case when the Chairman of the FDIC or designee determines that there is good cause, based on the particular circumstances of that case, for the extension.

(k) The FDIC may delegate its authority for conducting complaint investigations to other federal agencies, except that the authority for making the final determination may not be delegated.

### § 352.11 Notice.

## PART 353—SUSPICIOUS ACTIVITY REPORTS

Sec.

353.1 Purpose and scope.

353.2 Definitions.

353.3 Reports and records.

AUTHORITY: 12 U.S.C. 1818, 1819; 31 U.S.C. 5318.

SOURCE: 61 FR 6099, Feb. 16, 1996, unless otherwise noted.

### § 353.1 Purpose and scope.

The purpose of this part is to ensure that an insured state nonmember bank files a Suspicious Activity Report when it detects a known or suspected criminal violation of federal law or a suspicious transaction related to a money laundering activity or a violation of the Bank Secrecy Act. This part applies to all insured state nonmember banks as well as any insured, state-licensed branches of foreign banks.

### § 353.2 Definitions.

For the purposes of this part:

(a) *FinCEN* means the Financial Crimes Enforcement Network of the Department of the Treasury.

(b) *Institution-affiliated party* means any institution-affiliated party as that term is defined in sections 3(u) and 8(b)(5) of the Federal Deposit Insurance Act (12 U.S.C. 1813(u) and 1818(b)(5)).

### § 353.3 Reports and records.

(a) *Suspicious activity reports required.* A bank shall file a suspicious activity report with the appropriate federal law enforcement agencies and the Department of the Treasury, in accordance with the form's instructions, by sending a completed suspicious activity report to FinCEN in the following circumstances:

(1) *Insider abuse involving any amount.* Whenever the bank detects any known or suspected federal criminal violation, or pattern of criminal violations, committed or attempted against the bank or involving a transaction or transactions conducted through the bank,

where the bank believes it was either an actual or potential victim of a criminal violation, or series of criminal violations, or that the bank was used to facilitate a criminal transaction, and the bank has a substantial basis for identifying one of the bank's directors, officers, employees, agents, or other institution-affiliated parties as having committed or aided in the commission of the criminal violation, regardless of the amount involved in the violation;

(2) *Transactions aggregating \$5,000 or more where a suspect can be identified.* Whenever the bank detects any known or suspected federal criminal violation, or pattern of criminal violations, committed or attempted against the bank or involving a transaction or transactions conducted through the bank, and involving or aggregating \$5,000 or more in funds or other assets, where the bank believes it was either an actual or potential victim of a criminal violation, or series of criminal violations, or that the bank was used to facilitate a criminal transaction, and the bank has a substantial basis for identifying a possible suspect or group of suspects. If it is determined prior to filing this report that the identified suspect or group of suspects has used an "alias", then information regarding the true identity of the suspect or group of suspects, as well as alias identifiers, such as driver's license or social security numbers, addresses and telephone numbers, must be reported;

(3) *Transactions aggregating \$25,000 or more regardless of potential suspects.* Whenever the bank detects any known or suspected federal criminal violation, or pattern of criminal violations, committed or attempted against the bank or involving a transaction or transactions conducted through the bank, involving or aggregating \$25,000 or more in funds or other assets, where the bank believes it was either an actual or potential victim of a criminal violation, or series of criminal violations, or that the bank was used to facilitate a criminal transaction, even though the bank has no substantial basis for identifying a possible suspect or group of suspects; or

(4) *Transactions aggregating \$5,000 or more that involve potential money laun-*

*dering or violations of the Bank Secrecy Act.* Any transaction (which for purposes of this paragraph (a)(4) means a deposit, withdrawal, transfer between accounts, exchange of currency, loan, extension of credit, purchase or sale of any stock, bond, certificate of deposit, or other monetary instrument or investment security, or any other payment, transfer, or delivery by, through, or to a financial institution, by whatever means effected) conducted or attempted by, at or through the bank and involving or aggregating \$5,000 or more in funds or other assets, if the bank knows, suspects, or has reason to suspect that:

(i) The transaction involves funds derived from illegal activities or is intended or conducted in order to hide or disguise funds or assets derived from illegal activities (including, without limitation, the ownership, nature, source, location, or control of such funds or assets) as part of a plan to violate or evade any federal law or regulation or to avoid any transaction reporting requirement under federal law;

(ii) The transaction is designed to evade any regulations promulgated under the Bank Secrecy Act; or

(iii) The transaction has no business or apparent lawful purpose or is not the sort of transaction in which the particular customer would normally be expected to engage, and the bank knows of no reasonable explanation for the transaction after examining the available facts, including the background and possible purpose of the transaction.

(b) *Time for reporting.* (1) A bank shall file the suspicious activity report no later than 30 calendar days after the date of initial detection of facts that may constitute a basis for filing a suspicious activity report. If no suspect was identified on the date of detection of the incident requiring the filing, a bank may delay filing a suspicious activity report for an additional 30 calendar days to identify a suspect. In no case shall reporting be delayed more than 60 calendar days after the date of initial detection of a reportable transaction.

(2) In situations involving violations requiring immediate attention, such as when a reportable violation is ongoing,

the bank shall immediately notify, by telephone, an appropriate law enforcement authority and the appropriate FDIC regional office (Division of Supervision) in addition to filing a timely report.

(c) *Reports to state and local authorities.* A bank is encouraged to file a copy of the suspicious activity report with state and local law enforcement agencies where appropriate.

(d) *Exemptions.* (1) A bank need not file a suspicious activity report for a robbery or burglary committed or attempted, that is reported to appropriate law enforcement authorities.

(2) A bank need not file a suspicious activity report for lost, missing, counterfeit, or stolen securities if it files a report pursuant to the reporting requirements of 17 CFR 240.17f-1.

(e) *Retention of records.* A bank shall maintain a copy of any suspicious activity report filed and the original or business record equivalent of any supporting documentation for a period of five years from the date of filing the suspicious activity report. Supporting documentation shall be identified and maintained by the bank as such, and shall be deemed to have been filed with the suspicious activity report. A bank must make all supporting documentation available to appropriate law enforcement authorities upon request.

(f) *Notification to board of directors.* The management of a bank shall promptly notify its board of directors, or a committee thereof, of any report filed pursuant to this section. The term “board of directors” includes the managing official of an insured state-licensed branch of a foreign bank for purposes of this part.

(g) *Confidentiality of suspicious activity reports.* Suspicious activity reports are confidential. Any bank subpoenaed or otherwise requested to disclose a suspicious activity report or the information contained in a suspicious activity report shall decline to produce the suspicious activity report or to provide any information that would disclose that a suspicious activity report has been prepared or filed citing this part, applicable law (e.g., 31 U.S.C. 5318(g)), or both, and notify the appropriate FDIC regional office (Division of Supervision).

(h) *Safe harbor.* The safe harbor provisions of 31 U.S.C. 5318(g), which exempts any bank that makes a disclosure of any possible violation of law or regulation from liability under any law or regulation of the United States, or any constitution, law or regulation of any state or political subdivision, cover all reports of suspected or known criminal violations and suspicious activities to law enforcement and financial institution supervisory authorities, including supporting documentation, regardless of whether such reports are filed pursuant to this part or are filed on a voluntary basis.

## PART 357—DETERMINATION OF ECONOMICALLY DEPRESSED REGIONS

AUTHORITY: 12 U.S.C. 1823(k)(5); 12 U.S.C. 1819.

### §357.1 Economically depressed regions.

(a) *Purpose.* Section 13(k)(5) of the Federal Deposit Insurance Act (12 U.S.C. 1823(k)(5)) provides that the FDIC shall consider proposals for financial assistance for eligible Savings Association Insurance Fund members before grounds exist for appointment of a conservator or receiver for such member. One of the criteria for eligibility is that an institution's offices are located in an economically depressed region as determined by the FDIC.

(b) *Economically depressed regions.* The FDIC has determined that the following geographical regions are *economically depressed regions* for purposes of section 13(k)(5) of the Federal Deposit Insurance Act (12 U.S.C. 1823(k)(5)): Alaska, Arizona, Arkansas, Colorado, Louisiana, New Mexico, Oklahoma and Texas.

## § 359.1

359.4 Permissible golden parachute payments.

359.5 Permissible indemnification payments.

359.7 Applicability in the event of receivership.

AUTHORITY: 12 U.S.C. 1828(k).

SOURCE: 61 FR 5930, Feb. 15, 1996, unless otherwise noted.

### § 359.0 Scope.

(a) This part limits and/or prohibits, in certain circumstances, the ability of insured depository institutions, their subsidiaries and affiliated depository institution holding companies to enter into contracts to pay and to make golden parachute and indemnification payments to institution-affiliated parties (IAPs).

(b) The limitations on golden parachute payments apply to troubled insured depository institutions which seek to enter into contracts to pay or to make golden parachute payments to their IAPs. The limitations also apply to depository institution holding companies which are troubled and seek to enter into contracts to pay or to make golden parachute payments to their IAPs as well as healthy holding companies which seek to enter into contracts to pay or to make golden parachute payments to IAPs of a troubled insured depository institution subsidiary. A "golden parachute payment" is generally considered to be any payment to an IAP which is contingent on the termination of that person's employment and is received when the insured depository institution making the payment is troubled or, if the payment is being made by an affiliated holding company, either the holding company itself or the insured depository institution employing the IAP, is troubled. The definition of golden parachute payment does not include payments pursuant to qualified retirement plans, non-qualified *bona fide* deferred compensation plans, nondiscriminatory severance pay plans, other types of common benefit plans, state statutes and death benefits. Certain limited exceptions to the golden parachute payment prohibition are provided for in cases involving the hiring of a white knight and unassisted changes in control. A procedure

is also set forth whereby an institution or IAP can request permission to make what would otherwise be a prohibited golden parachute payment.

(c) The limitations on indemnification payments apply to all insured depository institutions, their subsidiaries and affiliated depository institution holding companies regardless of their financial health. Generally, this part prohibits insured depository institutions, their subsidiaries and affiliated holding companies from indemnifying an IAP for that portion of the costs sustained with regard to an administrative or civil enforcement action commenced by any federal banking agency which results in a final order or settlement pursuant to which the IAP is assessed a civil money penalty, removed from office, prohibited from participating in the affairs of an insured depository institution or required to cease and desist from or take an affirmative action described in section 8(b) (12 U.S.C. 1818(b)) of the Federal Deposit Insurance Act (FDI Act). However, there are exceptions to this general prohibition. First, an institution or holding company may purchase commercial insurance to cover such expenses, except judgments and penalties. Second, the institution or holding company may advance legal and other professional expenses to an IAP directly (except for judgments and penalties) if its board of directors makes certain specific findings and the IAP agrees in writing to reimburse the institution if it is ultimately determined that the IAP violated a law, regulation or other fiduciary duty.

### § 359.1 Definitions.

(a) *Act* means the Federal Deposit Insurance Act, as amended (12 U.S.C. 1811, *et seq.*).

(b) *Appropriate federal banking agency, bank holding company, depository institution holding company and savings and loan holding company* have the meanings given to such terms in section 3 of the Act.

(c) *Benefit plan* means any plan, contract, agreement or other arrangement which is an "employee welfare benefit plan" as that term is defined in section 3(1) of the Employee Retirement Income Security Act of 1974, as amended

(29 U.S.C. 1002(1)), or other usual and customary plans such as dependent care, tuition reimbursement, group legal services or cafeteria plans; provided however, that such term shall not include any plan intended to be subject to paragraphs (f)(2) (iii) and (v) of this section.

(d) *Bona fide deferred compensation plan or arrangement* means any plan, contract, agreement or other arrangement whereby:

(1) An IAP voluntarily elects to defer all or a portion of the reasonable compensation, wages or fees paid for services rendered which otherwise would have been paid to such party at the time the services were rendered (including a plan that provides for the crediting of a reasonable investment return on such elective deferrals) and the insured depository institution or depository institution holding company either:

(i) Recognizes compensation expense and accrues a liability for the benefit payments according to generally accepted accounting principles (GAAP); or

(ii) Segregates or otherwise sets aside assets in a trust which may only be used to pay plan and other benefits, except that the assets of such trust may be available to satisfy claims of the institution's or holding company's creditors in the case of insolvency; or

(2) An insured depository institution or depository institution holding company establishes a nonqualified deferred compensation or supplemental retirement plan, other than an elective deferral plan described in paragraph (e)(1) of this section:

(i) Primarily for the purpose of providing benefits for certain IAPs in excess of the limitations on contributions and benefits imposed by sections 415, 401(a)(17), 402(g) or any other applicable provision of the Internal Revenue Code of 1986 (26 U.S.C. 415, 401(a)(17), 402(g)); or

(ii) Primarily for the purpose of providing supplemental retirement benefits or other deferred compensation for a select group of directors, management or highly compensated employees (excluding severance payments described in paragraph (f)(2)(v) of this section and permissible golden para-

chute payments described in §359.4); and

(3) In the case of any nonqualified deferred compensation or supplemental retirement plans as described in paragraphs (d) (1) and (2) of this section, the following requirements shall apply:

(i) The plan was in effect at least one year prior to any of the events described in paragraph (f)(1)(ii) of this section;

(ii) Any payment made pursuant to such plan is made in accordance with the terms of the plan as in effect no later than one year prior to any of the events described in paragraph (f)(1)(ii) of this section and in accordance with any amendments to such plan during such one year period that do not increase the benefits payable thereunder;

(iii) The IAP has a vested right, as defined under the applicable plan document, at the time of termination of employment to payments under such plan;

(iv) Benefits under such plan are accrued each period only for current or prior service rendered to the employer (except that an allowance may be made for service with a predecessor employer);

(v) Any payment made pursuant to such plan is not based on any discretionary acceleration of vesting or accrual of benefits which occurs at any time later than one year prior to any of the events described in paragraph (f)(1)(ii) of this section;

(vi) The insured depository institution or depository institution holding company has previously recognized compensation expense and accrued a liability for the benefit payments according to GAAP or segregated or otherwise set aside assets in a trust which may only be used to pay plan benefits, except that the assets of such trust may be available to satisfy claims of the institution's or holding company's creditors in the case of insolvency; and

(vii) Payments pursuant to such plans shall not be in excess of the accrued liability computed in accordance with GAAP.

(e) *Corporation* means the Federal Deposit Insurance Corporation, in its corporate capacity.

(f) *Golden parachute payment*. (1) The term *golden parachute payment* means

(3) Any shareholder (other than a depository institution holding company), consultant, joint venture partner, and any other person as determined by the appropriate federal banking agency (by regulation or case-by-case) who participates in the conduct of the affairs of an insured depository institution or depository institution holding company; and

(4) Any independent contractor (including any attorney, appraiser, or accountant) who knowingly or recklessly participates in: Any violation of any law or regulation, any breach of fiduciary duty, or any unsafe or unsound practice, which caused or is likely to cause more than a minimal financial loss to, or a significant adverse effect on, the insured depository institution

## Federal Deposit Insurance Corporation

## § 359.4

(i) The determination, after such date, of the liability for the payment of such amount; or

(ii) The liquidation, after such date, of the amount of such payment.

(1) *Prohibited indemnification payment.*

(1) The term *prohibited indemnification payment* means any payment (or any agreement or arrangement to make any payment) by any insured depository institution or an affiliated depository institution holding company for the benefit of any person who is or was an IAP of such insured depository institution or holding company, to pay or reimburse such person for any civil money penalty or judgment resulting from any administrative or civil action instituted by any federal banking agency, or any other liability or legal expense with regard to any administrative proceeding or civil action instituted by any federal banking agency which results in a final order or settlement pursuant to which such person:

(i) Is assessed a civil money penalty;

(ii) Is removed from office or prohibited from participating in the conduct of the affairs of the insured depository institution; or

(iii) Is required to cease and desist from or take any affirmative action described in section 8(b) of the Act with respect to such institution.

(2) *Exceptions.* (i) The term *prohibited indemnification payment* shall not include any reasonable payment by an insured depository institution or depository institution holding company which is used to purchase any commercial insurance policy or fidelity bond, provided that such insurance policy or bond shall not be used to pay or reimburse an IAP for the cost of any judgment or civil money penalty assessed against such person in an administrative proceeding or civil action commenced by any federal banking agency, but may pay any legal or professional expenses incurred in connection with such proceeding or action or the amount of any restitution to the insured depository institution, depository institution holding company or receiver.

(ii) The term *prohibited indemnification payment* shall not include any reasonable payment by an insured depository institution or depository institu-

tion holding company that represents partial indemnification for legal or professional expenses specifically attributable to particular charges for which there has been a formal and final adjudication or finding in connection with a settlement that the IAP has not violated certain banking laws or regulations or has not engaged in certain unsafe or unsound banking practices or breaches of fiduciary duty, unless the administrative action or civil proceeding has resulted in a final prohibition order against the IAP.

### § 359.2 Golden parachute payments prohibited.

No insured depository institution or depository institution holding company shall make or agree to make any golden parachute payment, except as provided in this part.

### § 359.3 Prohibited indemnification payments.

No insured depository institution or depository institution holding company shall make or agree to make any prohibited indemnification payment, except as provided in this part.

### § 359.4 Permissible golden parachute payments.

(a) An insured depository institution or depository institution holding company may agree to make or may make a golden parachute payment if and to the extent that:

(1) The appropriate federal banking agency, with the written concurrence of the Corporation, determines that such a payment or agreement is permissible; or

(2) Such an agreement is made in order to hire a person to become an IAP either at a time when the insured depository institution or depository institution holding company satisfies or in an effort to prevent it from imminently satisfying any of the criteria set forth in § 359.1(f)(1)(ii), and the institution's appropriate federal banking agency and the Corporation consent in writing to the amount and terms of the golden parachute payment. Such consent by the FDIC and the institution's appropriate federal banking agency shall not improve the IAP's position in

**§ 359.5**

**12 CFR Ch. III (1-1-98 Edition)**

the event of the insolvency of the institution since such consent can neither bind a receiver nor affect the provability of receivership claims. In the event that the institution is placed into receivership or conservatorship, the FDIC and/or the institution's appropriate federal banking agency shall not be obligated to pay the promised golden parachute and the IAP shall not be accorded preferential treatment on the basis of such prior approval; or

(3) Such a payment is made pursuant to an agreement which provides for a reasonable severance payment, not to exceed twelve months salary, to an IAP in the event of a change in control of the insured depository institution; *provided, however*, that an insured depository institution or depository institution holding company shall obtain the consent of the appropriate federal banking agency prior to making such a payment and this paragraph (a)(3) shall not apply to any change in control of an insured depository institution which results from an assisted transaction as described in section 13 of the Act (12 U.S.C. 1823) or the insured depository institution being placed into conservatorship or receivership; and

(4) An insured depository institution, depository institution holding company or IAP making a request pursuant to paragraphs (a)(1) through (3) of this section shall demonstrate that it does not possess and is not aware of any information, evidence, documents or other materials which would indicate that there is a reasonable basis to believe, at the time such payment is proposed to be made, that:

(i) The IAP has committed any fraudulent act or omission, breach of trust or fiduciary duty, or insider abuse with regard to the depository institution or depository institution holding company that has had or is likely to have a material adverse effect on the institution or holding company;

(ii) The IAP is substantially responsible for the insolvency of, the appointment of a conservator or receiver for, or the troubled condition, as defined by applicable regulations of the appropriate federal banking agency, of the insured depository institution, depository institution holding company or

any insured depository institution subsidiary of such holding company;

(iii) The IAP has materially violated any applicable federal or state banking law or regulation that has had or is likely to have a material effect on the insured depository institution or depository institution holding company; and

(iv) The IAP has violated or conspired to violate section 215, 656, 657, 1005, 1006, 1007, 1014, 1032, or 1344 of title 18 of the United States Code, or section 1341 or 1343 of such title affecting a federally insured financial institution as defined in title 18 of the United States Code.

(b) In making a determination under paragraphs (a) (1) through (3) of this section, the appropriate federal banking agency and the Corporation may consider:

(1) Whether, and to what degree, the IAP was in a position of managerial or fiduciary responsibility;

(2) The length of time the IAP was affiliated with the insured depository institution or depository institution holding company, and the degree to which the proposed payment represents a reasonable payment for services rendered over the period of employment; and

(3) Any other factors or circumstances which would indicate that the proposed payment would be contrary to the intent of section 18(k) of the Act or this part.

**§ 359.5 Permissible indemnification payments.**

(a) An insured depository institution or depository institution holding company may make or agree to make reasonable indemnification payments to an IAP with respect to an administrative proceeding or civil action initiated by any federal banking agency if:

(1) The insured depository institution's or depository institution holding company's board of directors, in good faith, determines in writing after due investigation and consideration that the institution-affiliated party acted in good faith and in a manner he/she believed to be in the best interests of the institution;

(2) The insured depository institution's or depository institution holding

company's board of directors, respectively, in good faith, determines in writing after due investigation and consideration that the payment of such expenses will not materially adversely affect the institution's or holding company's safety and soundness;

(3) The indemnification payments do not constitute prohibited indemnification payments as that term is defined in § 359.1(1); and

(4) The IAP agrees in writing to reimburse the insured depository institution or depository institution holding company, to the extent not covered by payments from insurance or bonds purchased pursuant to § 359.1(1)(2), for that portion of the advanced indemnification payments which subsequently become prohibited indemnification payments, as defined in § 359.1(1)

(b) An IAP requesting indemnification payments shall not participate in any way in the board's discussion and approval of such payments; *provided, however,* that such IAP may present his/her request to the board and respond to any inquiries from the board concerning his/her involvement in the circumstances giving rise to the administrative proceeding or civil action.

(c) In the event that a majority of the members of the board of directors are named as respondents in an administrative proceeding or civil action and request indemnification, the remaining members of the board may authorize independent legal counsel to review the indemnification request and provide the remaining members of the board with a written opinion of counsel as to whether the conditions delineated in paragraph (a) of this section have been met. If independent legal counsel opines that said conditions have been met, the remaining members of the board of directors may rely on such opinion in authorizing the requested indemnification.

(d) In the event that all of the members of the board of directors are named as respondents in an administrative proceeding or civil action and request indemnification, the board shall authorize independent legal counsel to review the indemnification request and provide the board with a written opinion of counsel as to whether the conditions delineated in para-

graph (a) of this section have been met. If independent legal counsel opines that said conditions have been met, the board of directors may rely on such opinion in authorizing the requested indemnification.

#### § 359.6 Filing instructions.

Requests to make excess nondiscriminatory severance plan payments pursuant to § 359.1(f)(2)(v) and golden parachute payments permitted by § 359.4 shall be submitted in writing to the FDIC regional director (Supervision) for the region in which the institution is located. The request shall be in letter form and shall contain all relevant factual information as well as the reasons why such approval should be granted. In the event that the consent of the institution's primary federal regulator is required in addition to that of the FDIC, the requesting party shall submit a copy of its letter to the FDIC to the institution's primary federal regulator. In the case of national banks, such written requests shall be submitted to the OCC. In the case of state member banks and bank holding companies, such written requests shall be submitted to the Federal Reserve district bank where the institution or holding company, respectively, is located. In the case of savings associations and savings association holding companies, such written requests shall be submitted to the OTS regional office where the institution or holding company, respectively, is located. In cases where the prior consent of only the institution's primary federal regulator is required and that agency is not the FDIC, a written request satisfying the requirements of this section shall be submitted to the primary federal regulator as described in this section.

#### § 359.7 Applicability in the event of receivership.

The provisions of this part, or any consent or approval granted under the provisions of this part by the FDIC (in its corporate capacity), shall not in any way bind any receiver of a failed insured depository institution. Any consent or approval granted under the provisions of this part by the FDIC or any other federal banking agency shall not in any way obligate such agency or

receiver to pay any claim or obligation pursuant to any golden parachute, severance, indemnification or other agreement. Claims for employee welfare benefits or other benefits which are contingent, even if otherwise vested, when the FDIC is appointed as receiver for any depository institution, including any contingency for termination of employment, are not provable claims or actual, direct compensatory damage claims against such receiver. Nothing in this part may be construed to permit the payment of salary or any liability or legal expense of any IAP contrary to 12 U.S.C. 1828(k)(3).

### § 360.1 Least-cost resolution.

(a) *General rule.* Except as provided in section 13(c)(4)(G) of the FDI Act (12 U.S.C. 1823 (c)(4)(G)), the FDIC shall not take any action, directly or indirectly, under sections 13(c), 13(d), 13(f), 13(h) or 13(k) of the FDI Act (12 U.S.C. 1823 (c), (d), (f), (h) or (k)) with respect to any insured depository institution that would have the effect of increasing losses to any insurance fund by protecting:

(1) Depositors for more than the insured portion of their deposits (determined without regard to whether such institution is liquidated); or

(2) Creditors other than depositors.

(b) *Purchase and assumption transactions.* Subject to the requirement of section 13(c)(4)(A) of the FDI Act (12 U.S.C. 13(c)(4)(A)), paragraph (a) of this section shall not be construed as prohibiting the FDIC from allowing any person who acquires any assets or assumes any liabilities of any insured depository institution, for which the FDIC has been appointed conservator

or receiver, to acquire uninsured deposit liabilities of such institution as long as the applicable insurance fund does not incur any loss with respect to such uninsured deposit liabilities in an amount greater than the loss which would have been incurred with respect to such liabilities if the institution had been liquidated.

### § 360.2 Federal Home Loan banks as secured creditors.

(a) Notwithstanding any other provisions of federal or state law or any other provisions of these regulations, the receiver of a borrower from a Federal Home Loan Bank shall recognize the priority of any security interest granted to a Federal Home Loan Bank by any member of any Federal Home Loan Bank or any affiliate of any such member, whether such security interest is in specifically designated assets or a blanket interest in all assets or categories of assets, over the claims and rights of any other party (including any receiver, conservator, trustee or similar party having rights of a lien creditor) other than claims and rights that

(1) Would be entitled to priority under otherwise applicable law; and

(2) Are held by actual bona fide purchasers for value or by actual secured parties that are secured by actual perfected security interests.

(b) If the receiver rather than the Bank shall have possession of any collateral consisting of notes, securities, other instruments, chattel paper or cash securing advances of the Bank, the receiver shall, upon request by the Bank, promptly deliver possession of such collateral to the Bank or its designee.

(c) In the event that a receiver is appointed for any member of a Federal Home Loan Bank, the following procedures shall apply:

(1) The receiver and the Bank shall immediately seek and develop a mutually agreeable plan for the payment of any advances made by the Bank to such borrower or for the servicing, foreclosure upon and liquidation of the collateral securing any such advances, taking into account the nature and amount of such collateral, the markets

## § 360.3

in which such collateral is normally traded or sold and other relevant factors.

(2) In the event that the receiver and the Bank shall not, in good faith, be able to develop such a mutually agreeable plan, or, in the interim, the Bank in good faith reasonably concludes that the value of such collateral is decreasing, because of interest rate or other market changes, at such a rate that to delay liquidation or other exercise of the Bank's rights as a secured party for the development of a mutually agreeable plan could reasonably cause the value of such collateral to decrease to an amount that is insufficient to satisfy the Bank's claim in full, the Bank may, at any time thereafter if permitted to do so by the terms of the advances or other security agreement with such borrower or otherwise by applicable law, proceed to foreclose upon, sell, lease or otherwise dispose of such collateral (or any portion thereof), or otherwise exercise its rights as a secured party, provided that the Bank acts in good faith and in a commercially reasonable manner and otherwise in accordance with applicable law.

(3) The foregoing provisions of this paragraph (c) shall not apply in the event that a purchase and assumption transaction is entered into regarding any such member.

(d) The Bank's rights pursuant to the second sentence of section 10(d) of the Federal Home Loan Bank Act shall not be affected or diminished by any provisions of state law that may be applicable to a security interest in property of the member.

(e) The receiver for a borrower from a Federal Home Loan Bank shall allow a claim for a prepayment fee by the Bank if, and only if:

(1) Made pursuant to a written contract that provides for a prepayment fee, provided, however, that such prepayment fee allowed by the receiver shall not exceed the present value of the loss attributable to the difference between the contract rate of the secured borrowing and the reinvestment rate then available to the Bank; and

(2) The indebtedness owed to the Bank by such borrower is secured by sufficient collateral in which a perfected security interest in favor of the

Bank exists or as to which the Bank's security interest is entitled to priority under the Competitive Equality Banking Act of 1987, Pub. L. 100-86, section 306(d), 101 Stat. 552, 601-02, or otherwise so that the aggregate of the outstanding principal on the advances secured by such collateral, the accrued by unpaid interest thereon and the prepayment fee applicable to such advances can be paid in full from the amounts realized from such collateral. For purposes of this paragraph (e)(2), the adequacy of such collateral shall be determined as of the date such prepayment fees shall be due and payable under the terms of the written contract providing therefor.

### § 360.3 Priorities.

(a) Unsecured claims against an association or the receiver that are proved to the satisfaction of the receiver shall have priority in the following order:

(1) Administrative expenses of the receiver, including the costs, expenses, and debts of the receiver;

(2) Administrative expenses of the association, *provided* that such expenses were incurred within thirty (30) days prior to the receiver's taking possession, and that such expenses shall be limited to reasonable expenses incurred for services actually provided by accountants, attorneys, appraisers, examiners, or management companies, or reasonable expenses incurred by employees which were authorized and reimbursable under a pre-existing expense reimbursement policy, that, in the opinion of the receiver, are of benefit to the receivership, and shall not include wages or salaries of employees of the association;

(3) Claims for wages and salaries, including vacation and sick leave pay and contributions to employee benefit plans, earned prior to the appointment of the receiver by an employee of the association whom the receiver determines it is in the best interests of the receivership to engage or retain for a reasonable period of time;

**§ 360.3**

**12 CFR Ch. III (1-1-98 Edition)**

(4) If authorized by the receiver, claims for wages and salaries, including vacation and sick leave pay and contributions to employee benefits plans, earned prior to the appointment of the receiver, up to a maximum of three thousand dollars (\$3,000) per person, by an employee of the association not engaged or retained pursuant to a determination by the receiver pursuant to the third category above;

(5) Claims of governmental units for unpaid taxes, other than Federal income taxes, except to the extent subordinated pursuant to applicable law; but no other claim of a governmental unit shall have a priority higher than that of a general creditor under paragraph (a)(6) of this section;

(6) Claims for withdrawable accounts, including those of the Corporation as subrogee or transferee, and all other claims which have accrued and become unconditionally fixed on or before the date of default, whether liquidated or unliquidated, except as provided in paragraphs (a)(1) through (a)(5) of this section, provided, however, that if the association is chartered and was operated under the laws of a state that provided a priority for holders of withdrawable accounts over such other claims or general creditors, such priority within this paragraph (a)(6) shall be observed by the receiver; and provided further, that if deposits of a Federal association are booked or registered at an office of such association that is located in a State that provides such priority with respect to State-chartered associations, such deposits in a Federal association shall have priority over such other claims or general creditors, which shall be observed by the receiver;

(7) Claims other than those that have accrued and become unconditionally fixed on or before the date of default, including claims for interest after the date of default on claims under paragraph (a)(6) of this section, *Provided* that any claim based on an agreement for accelerated, stipulated, or liquidated damages, which claim did not accrue prior to the date of default, shall be considered as not having accrued and become unconditionally fixed on or before the date of default;

(8) Claims of the United States for unpaid Federal income taxes;

(9) Claims that have been subordinated in whole or in part to general creditor claims, which shall be given the priority specified in the written instruments that evidence such claims; and

(10) Claims by holders of nonwithdrawable accounts, including stock, which shall have priority within this paragraph (a)(10) in accordance with the terms of the written instruments that evidence such claims.

(b) Interest after the date of default on claims under paragraph (a)(6) of this section shall be at a rate or rates adjusted monthly to reflect the average rate for U.S. Treasury bills with maturities of not more than ninety-one (91) days during the preceding three (3) months.

(c) [Reserved]

(d) All unsecured claims of any category or class or priority described in paragraphs (a)(1) through (a)(10) of this section shall be paid in full, or provision made for such payment, before any claims of lesser priority are paid. If there are insufficient funds to pay all claims of a category or class in full, distribution to claimants in such category or class shall be made pro rata. Notwithstanding anything to the contrary herein, the receiver may, at any time, and from time to time, prior to the payment in full of all claims of a category or class with higher priority, make such distributions to claimants in priority classes outlined in paragraphs (a)(1) through (a)(6) of this section as the receiver believes are reasonably necessary to conduct the receivership.

*Provided* that the receiver determines that adequate funds exist or will be recovered during the receivership to pay in full all claims of any higher priority.

(e) If the association is in mutual form, and a surplus remains after making distribution in full of allowed claims as set forth in paragraphs (a) and (b) of this section, such surplus shall be distributed to the depositors in proportion to their accounts as of the date of default.

(f) Under the provisions of section 11(d)(11) of the Act (12 U.S.C. 1821(d)(11)), the provisions of this § 360.3

do not apply to any receivership established and liquidation or other resolution occurring after August 10, 1993.

#### § 360.4 Administrative expenses.

The priority for *administrative expenses of the receiver*, as that term is used in section 11(d)(11) of the Act (12 U.S.C. 1821(d)(11)), shall include those necessary expenses incurred by the receiver in liquidating or otherwise resolving the affairs of a failed insured depository institution. Such expenses shall include pre-failure and post-failure obligations that the receiver determines are necessary and appropriate to facilitate the smooth and orderly liquidation or other resolution of the institution.

#### § 360.5 Definition of qualified financial contracts.

(a) *Authority and purpose.* Sections 11(e) (8) through (10) of the Federal Deposit Insurance Act, 12 U.S.C. 1821(e) (8) through (10), provide special rules for the treatment of qualified financial contracts of an insured depository institution for which the FDIC is appointed conservator or receiver, including rules describing the manner in which qualified financial contracts may be transferred or closed out. Section 11(e)(8)(D)(i) of the Federal Deposit Insurance Act, 12 U.S.C. 1821(e)(8)(D)(i), grants the Corporation authority to determine by regulation whether any agreement, other than those identified within section 11(e)(8)(D), should be recognized as qualified financial contracts under the statute. The purpose of this section is to identify additional agreements which the Corporation has determined to be qualified financial contracts.

(b) *Repurchase agreements.* The following agreements shall be deemed “repurchase agreements” under section 11(e)(8)(D)(v) of the Federal Deposit Insurance Act, as amended (12 U.S.C. 1821(e)(8)(D)(v)): A repurchase agreement on qualified foreign government

securities is an agreement or combination of agreements (including master agreements) which provides for the transfer of securities that are direct obligations of, or that are fully guaranteed by, the central governments (as set forth at 12 CFR part 325, appendix A, section II.C, n. 17, as may be amended from time to time) of the OECD-based group of countries (as set forth at 12 CFR part 325, appendix A, section II.B.2., note 12 as may be amended from time to time) against the transfer of funds by the transferee of such securities with a simultaneous agreement by such transferee to transfer to the transferor thereof securities as described above, at a date certain not later than one year after such transfers or on demand, against the transfer of funds.

(c) *Swap agreements.* The following agreements shall be deemed “swap agreements” under section 11(e)(8)(D)(vi) of the Federal Deposit Insurance Act, as amended (12 U.S.C. 1821(e)(8)(D)(vi)): A spot foreign exchange agreement is any agreement providing for or effecting the purchase or sale of one currency in exchange for another currency (or a unit of account established by an intergovernmental organization such as the European Currency Unit) with a maturity date of two days or less after the agreement has been entered into, and includes short-dated transactions such as tomorrow/next day and same day/tomorrow transactions.

(d) Nothing in this section shall be construed as limiting or changing a party’s obligation to comply with all reasonable trading practices and requirements, non-insolvency law requirements and any other requirements imposed by other provisions of the FDI Act. This section in no way limits the authority of the Corporation to take supervisory or enforcement actions, or to otherwise manage the affairs of a financial institution for which the Corporation has been appointed conservator or receiver.

**§ 361.5 Oversight and monitoring.**

(a) The FDIC Office of Equal Opportunity has overall responsibility for nationwide MWOP oversight, which includes, but is not limited to, the monitoring, review and interpretation of MWOP regulation. In addition, the OEO is responsible for providing the FDIC with technical assistance and guidance to facilitate the identification, registration, and solicitation of minority and women-owned businesses.

(b) Each FDIC office and division that performs contracting or outreach activities shall submit information to the OEO on a quarterly basis, or upon

For the purposes of this part, the following definitions apply:

(a) *Activity* refers to the authorized conduct of business by an insured state bank. *Activity* as used in connection with the direct conduct of business by an insured state bank includes acquiring or retaining any investment other than an equity investment. *Activity* as used in connection with the conduct of business by a subsidiary of an insured state bank includes acquiring or retaining any investment.

(b) The phrase *activity permissible for a national bank* shall be understood to refer to any activity authorized for national banks under the National Bank Act (12 U.S.C. 21 et seq.) or any other statute. (d) *Bona fide subsidiary* means a subsidiary of an insured state bank that at a minimum:

(1) Is adequately capitalized;

(2) Is physically separate and distinct in its operations from the operations of the bank, however, this requirement shall not be construed to prohibit the bank and its subsidiary from sharing the same facility provided that the area in which the subsidiary conducts

(3) Maintains separate accounting and other corporate records;

(4) Observes separate formalities such as separate board of directors' meetings;

(5) Maintains separate employees who are compensated by the subsidiary, however, this requirement shall not be construed to prohibit the use by the subsidiary of bank employees to perform functions which do not directly involve customer contact such as accounting, data processing and recordkeeping, so long as the bank and the subsidiary contract for such services on terms and conditions comparable to those agreed to by independent entities;

(6) Has no less than a majority of its executive officers who are neither executive officers nor directors of the bank;

(7) Has as a majority of its board of directors persons who are neither directors nor executive officers of the bank; and

(g) *An insured state bank will be considered to convert its charter* if the bank undergoes any transaction which causes the bank to operate under a different form of charter than that under which it operated as of December 19, 1991, however, a change from mutual to stock form shall not be considered to constitute a charter conversion.

(h) *Department* means a division of an insured state bank that:

(1) Is physically distinct from the remainder of the bank;

(2) Maintains separate accounting and other records;

(3) Has assets, liabilities, obligations and expenses that are separate and distinct from those of the remainder of the bank; and

percent of the bank's tier one capital, provided however, that the bank's aggregate investment in such interest may be as great as 10 percent of the bank's tier one capital if its appropriate Federal banking agency has determined that making such investments does not pose a significant risk to the deposit insurance fund. In the case of an insured state nonmember bank, making an aggregate investment in interests in real property that are primarily in the nature of charitable contributions up to a maximum of 10 percent of tier one capital shall not be considered to present a significant risk to the deposit insurance fund.

(k) *Equity investment* means any equity security as defined in §362.2(g); any partnership interest; any equity interest in real estate as defined in §362.2(e); and any transaction which in substance falls into any of these categories even though it may be structured as some other form of business transaction, however, the term *equity investment* shall not include any of the foregoing if it is acquired through foreclosure or settlement in lieu of foreclosure.

(l) *Equity security* means any stock (other than adjustable rate preferred stock and money market (auction rate) preferred stock), certificate of interest or participation in any profit-sharing agreement, collateral-trust certificate, preorganization certificate or subscription, transferable share, investment contract, or voting-trust certificate; any security immediately convertible at the option of the holder without payment of substantial additional consideration into such a security; any security carrying any warrant or right to subscribe to or purchase any such security; and any certificate of interest or participation in, temporary or interim certificate for, or receipt for any of the foregoing. The term *equity security* does not include any of the foregoing if it is acquired through foreclosure or settlement in lieu of foreclosure.

(m) The phrase *equity investment permissible for a national bank* shall be understood to refer to any equity investment authorized for national banks under the National Bank Act (12 U.S.C. 21 et seq.) or any other statute. Investments expressly authorized by statute

or recognized as permissible in regulations, official bulletins or circulars issued by the Office of the Comptroller of the Currency or in any order or interpretation issued in writing by the Office of the Comptroller of the Currency will be accepted as permissible for state banks.

(n) *Executive officer, director, principal shareholder, related interest, and extension of credit* shall have the same meaning as is relevant for the purpose of section 22(h) of the Federal Reserve Act (12 U.S.C. 375) and §337.3 of this chapter.

(o) *Insured state bank* shall mean any state bank insured by the Federal Deposit Insurance Corporation (FDIC) whether or not a member of the Federal Reserve System.

(p) *Investment in a department* by an insured state bank means any transfer of funds by an insured state bank to one of its departments which is represented on the department's accounts and records as an accounts payable, a liability, or equity of the department except that transfers of funds to the department in payment of services rendered by that department shall not be considered an investment in the department.

(q) *Investment in a subsidiary* by an insured state bank shall mean the total of any equity investment in a subsidiary by an insured state bank, any debt issued by the subsidiary that is held by the insured state bank, and any extensions of credit from the insured state bank to the subsidiary.

(r) *Lower income* means income that is less than or equal to the median income for the area in which the qualified housing project is located as determined by state or federal statistics. The "area" in which a housing project is located shall be understood to refer to the relevant Metropolitan Statistical Area (MSA) in which the project is located if the project is located within an MSA. If the project is not located in a MSA, the median income of the "area" in which the project is located shall be understood to refer to the median income of the state or territory in which the project is located exclusive of the designated MSA's if no state statistics for the local area are available.

(s) *National securities exchange* means a securities exchange that is registered as a national securities exchange by the Securities and Exchange Commission pursuant to section 6 of the Securities Exchange Act of 1934 (15 U.S.C. 78f) and the National Market System, i.e., the top tier of the National Association of Securities Dealers Automated Quotation System (NASDAQ).

(t) *Residents of the state* shall be understood to include companies or partnerships incorporated in, organized under the laws of, licensed to do business in, or having an office in the state.

(u) *Significant risk to the deposit insurance fund* shall be understood to be present whenever there is a high probability that any insurance fund administered by the FDIC may suffer a loss.

(v) *Subsidiary* means any company directly or indirectly controlled by an insured state bank.

(w) *Tier one capital* shall have the same meaning as set forth in Part 325 of this chapter in the case of an insured state nonmember bank and, in the case of an insured state member bank, shall have the same meaning as set forth in regulations defining the term tier one capital as adopted by the bank's appropriate federal banking agency.

(x) *Well-capitalized* shall have the same meaning as is found in §325.103(b)(1) of this chapter, however, for the purposes of applying this definition, the terms *risk-weighted assets*, *total capital*, and *total book assets* shall have the respective meaning prescribed in regulations issued by the appropriate federal banking agency. In order to be considered well-capitalized for the purposes of §362.3(b)(7) and 362.4(c)(2)(i), an insured state bank must meet the above requirements before excluding the bank's investment in its insurance underwriting department and/or its insurance underwriting subsidiary and the bank must be adequately capitalized after such investment is excluded from the bank's capital. The term *adequately capitalized* shall have the same meaning as is found in §325.103(b)(2) of this chapter.

[57 FR 53234, Nov. 9, 1992, as amended at 58 FR 64483, Dec. 8, 1993]

### § 362.3 Equity investments.

(a) *Prohibited investments.* No insured state bank may directly or indirectly acquire or retain any equity investment of a type, or in an amount, that is not permissible for a national bank.

(b) *Exceptions—(1) Majority owned subsidiaries.* An insured state bank is not prohibited from acquiring or retaining a majority interest in a subsidiary. If the FDIC denied an application by a Savings Association Insurance Fund (SAIF) member state bank for permission to acquire or retain the majority interest in a subsidiary pursuant to §333.3 of this chapter, this exception does not apply. If the denial concerned an application for permission to retain the investment, the SAIF member state bank must divest its interest in the subsidiary in accordance with whatever conditions and restrictions are set forth in the FDIC's order denying the application.

(2) *Qualified housing projects.* (i) Subject to the limitation contained in paragraph (b)(2)(ii) of this section, an insured state bank is not prohibited from investing as a limited partner in a partnership the sole purpose of which is direct or indirect investment in the acquisition, rehabilitation, or new construction of a qualified housing project. A qualified housing project shall be understood to mean residential real estate intended to primarily benefit lower income persons throughout the period of the bank's investment including but not necessarily limited to any project eligible for the low income housing tax credit under section 42 of the Internal Revenue Code (26 U.S.C. 42). A residential real estate project that does not qualify for the tax credit under section 42 of the Internal Revenue Code may be considered primarily for the benefit of lower income persons if 50 percent or more of the housing units are to be occupied by lower income persons. A real estate project that does not qualify for the tax credit under section 42 of the Internal Revenue Code will be considered residential despite the fact that some portion of the total square footage of the project is utilized for commercial purposes provided that such commercial use is not the primary purpose of the project.

(ii) Investments described in paragraph (b)(2)(i) of this section may only be made if the bank's investment in the partnership, when aggregated with any existing investment in such a partnership or partnerships, does not exceed 2 percent of the bank's total assets as reported on the bank's most recent consolidated report of condition. For the purposes of this section, legally binding commitments are included as part of the bank's investment.

(3) *Savings bank life insurance.* Unless it is otherwise found to pose a significant risk to the insurance fund of which the bank is a member, an insured state bank located in Massachusetts, New York, or Connecticut is not prohibited from owning stock in a savings bank life insurance company provided that the savings bank life insurance company discloses to purchasers of life insurance policies, annuities, and other insurance products that the policies offered to the public are not insured by the FDIC, are not obligations of, and are not guaranteed by, any insured state bank. The following or similar statement will satisfy this requirement: "This [policy, annuity, insurance product] is not a federally insured deposit and is not an obligation of, nor is it guaranteed by, any federally insured bank." The disclosure must be made prior to the time of purchase, must be prominent, and must be in a separate document clearly labeled "consumer disclosure" if the disclosure does not appear on the face of the policy, annuity or other insurance product. If state law or regulation provides for substantially similar disclosure requirements, compliance with the state imposed disclosure requirements will satisfy the requirements of this paragraph (b)(3).

(4) *Common or preferred stock; shares of investment companies.* (i) To the extent permitted by the FDIC, and subject to the requirements of paragraph (d) of this section, an insured state bank that is located in a state which as of September 30, 1991 authorized investment in:

(A)(1) Common or preferred stock listed on a national securities exchange (listed stock); or

(2) Shares of an investment company registered under the Investment Company Act of 1940 (15 U.S.C. 80a-1 *et seq.*) (registered shares); and

(B) Which during any time in the period beginning on September 30, 1990 and ending on November 26, 1991 made or maintained an investment in such listed stock or registered shares, may retain whatever listed stock or registered shares that were lawfully acquired or held prior to December 19, 1991, and continue to acquire listed stock and/or registered shares.

(ii) The exception provided for by paragraph (b)(4)(i) of this section shall cease to apply to any insured state bank if the bank converts its charter, the bank undergoes any transaction for which notice is required to be filed under section 7(j) of the Federal Deposit Insurance Act (12 U.S.C. 1817(j)) except a transaction that is presumed to be an acquisition of control under §303.4(a) of this chapter, the bank undergoes any transaction subject to section 3 of the Bank Holding Company Act (12 U.S.C. 1842) other than a one bank holding company formation in which all or substantially all of the shares of the holding company will be owned by persons who were shareholders of the bank, the bank is acquired by or merged into a depository institution other than a depository institution described in paragraph (b)(4)(i) of this section, or control of the bank's parent company changes. In such event the insured state bank may not make any additional investments pursuant to the exception provided for by paragraph (b)(4)(i) of this section. The bank is not prohibited under this section from retaining its existing investments provided that the FDIC does not order a divestiture under paragraph (d)(3) of this section, section 8 of the Federal Deposit Insurance Act (FDI Act, 12 U.S.C. 1818) or some other provision of the FDI Act or FDIC's regulations, or some other provision of law.

(5) *Stock of company that provides director and officer liability insurance.* An insured state bank is not prohibited from acquiring up to 10 percent of the voting stock of a company that solely provides or reinsures directors', trustees', and officers' liability insurance coverage or bankers' blanket bond

group insurance coverage for insured depository institutions.

(6) *Shares of depository institutions.* An insured state bank is not prohibited from acquiring or retaining the voting shares of a depository institution if the institution engages only in activities permissible for national banks; the institution is subject to examination and regulation by a state bank supervisor; 20 or more depository institutions own voting shares of the institution but no one institution owns more than 15 percent of the shares; and the institution's voting shares (other than directors' qualifying shares or shares held under or acquired through a plan established for the benefit of the officers and employees) are owned only by depository institutions.

(7) *Interests in insurance subsidiaries.*

(i) A well-capitalized insured state bank is not prohibited from retaining after December 19, 1992 its equity investment in a majority owned subsidiary that was lawfully providing insurance as principal in a state on November 21, 1991 of a sort that could not be so provided by a national bank provided that the activities of the subsidiary continue to be limited to underwriting insurance of the same type provided by the subsidiary as of November 21, 1991 to residents of the state, individuals employed in the state, and any other person to whom the subsidiary provided insurance as principal without interruption since such person resided in or was employed in the state. In the case of resident companies or partnerships, the subsidiary's activities must be limited to providing insurance to the company's or partnership's employees residing in the state and/or to providing insurance to cover the company's or partnership's property located in the state.

(ii) A bank that does not meet the requirements necessary to be considered well-capitalized for the purposes of paragraph (b)(7)(i) of this section may file an application with the regional director for the Division of Supervision for the region in which the bank's principal office is located requesting permission to retain its insurance underwriting department and/or subsidiary. Such application will be granted solely in the FDIC's discretion but in no

event will it be granted unless the FDIC determines that the bank is expected to satisfy the definition of well-capitalized for the purposes of paragraph (b)(7) no later than three years from December 9, 1992, and it is determined that retention of the department and/or subsidiary until the bank meets the definition of well-capitalized will not pose a significant risk to the insurance fund. The application may be in letter form and should contain the bank's plan for meeting the well-capitalized definition before three years from December 9, 1992, taking into consideration the gradual deduction of the bank's investment over that period.

(iii) An insured state bank is not prohibited from retaining after December 19, 1992 its equity investment in a majority owned title insurance underwriting subsidiary provided that the bank was required before June 1, 1991 to provide title insurance as a condition of the bank's initial chartering under state law and none of the transactions described in paragraph (b)(4)(ii) of this section (other than a charter conversion) has occurred since June 1, 1991.

(c) *Divestiture of prohibited equity investments—(1) Requirement to divest.* Any equity investment acquired prior to December 19, 1991 that is not of a type, or in an amount, that is permissible for a national bank, and which does not fall within one of the exceptions in paragraph (b) of this section, must be divested as quickly as prudently possible but in no event later than December 19, 1996. If a SAIF member state bank holds an equity investment that was subject to divestiture pursuant to § 333.3 of this chapter, and the equity investment is subject to divestiture under this paragraph (c)(1) the equity investment must be divested as quickly as prudently possible but in no event later than July 1, 1994 or any earlier date established by a divestiture plan that was filed by the bank under, and approved by the FDIC pursuant to, § 333.3 of this chapter.

(2) *Requirement to file divestiture plan.* Any insured state bank that is required by paragraph (c)(1) of this section to divest an equity investment must submit a divestiture plan with the regional director for the Division of Supervision

### § 362.3

### 12 CFR Ch. III (1-1-98 Edition)

for the region in which the bank's principal office is located not later than 60 days from December 9, 1992. An insured state bank that has submitted a plan pursuant to this section may proceed to act in accordance with that plan unless and until it is informed in writing by the FDIC that the plan is unacceptable.

(3) *Content of divestiture plan.* The divestiture plan shall:

(i) Describe the obligor, type, amount, book and market values (estimated or known) of the equity investments subject to divestiture as of the bank's most recent consolidated report of condition prior to the filing;

(ii) Set forth the bank's plan to comply with paragraph (c)(1) of this section;

(iii) Describe the anticipated gain or loss (anticipated or realized) if any from the divestiture of the investment and the impact thereof on the bank's capital (including capital ratios before and after the sale);

(iv) Include a copy of a resolution by the bank's board of directors or board of trustees authorizing the filing of the divestiture plan; and

(v) Provide such other information as requested by the regional director.

(4) *Retention of equity investments during divestiture period.* Upon review of the divestiture plan and such additional information as requested by the regional director, and at any time during the divestiture period, the FDIC may impose such conditions and restrictions on the retention of the equity investments as the FDIC deems appropriate including requiring divestiture in advance of December 19, 1996.

(d) *Notice and approval of intent to invest in common or preferred stock or shares of an investment company; divestiture of excess investments—(1) Notice and required FDIC determination.* No insured state bank may acquire or retain any listed stock or registered shares pursuant to paragraph (b)(4) of this section unless the bank files a one-time notice with the FDIC setting forth the bank's intention to acquire and retain the listed stock or registered shares and the FDIC has determined that acquiring or retaining listed stock or registered shares will not pose a significant risk to the deposit insurance fund

of which the bank is a member. The notice must be filed with the regional director for the Division of Supervision for the region in which the bank's principal office is located.

(2) *Content of notice.* The notice shall contain:

(i) A statement indicating whether the bank made or maintained investments in listed stock and/or registered shares during the period between September 30, 1990 and November 26, 1991;

(ii) The aggregate dollar book value amount of the bank's investment in listed stock and registered shares held as of December 19, 1991 expressed as a percentage of the bank's tier one capital as measured on December 19, 1991 (tier one capital as reported on the bank's December 31, 1991 consolidated report of condition may be used in lieu of calculating tier one capital as of December 19, 1991);

(iii) The aggregate highest dollar book value amount of the bank's investments in listed stock and registered shares between September 30, 1990 and November 26, 1991 expressed as a percentage of tier one capital as reported in the consolidated report of condition for the quarter in which the aggregate high dollar amount of investment occurred;

(iv) A description of the bank's funds management policies and how the bank's investments (planned or existing) in listed stock and/or registered shares relate to the objectives set out in the bank's funds management policies;

(v) A description of the bank's investment policies and a discussion of to what extent those policies:

(A) Limit concentrations in listed stock and/or registered shares both by issue and by industry;

(B) Set an aggregate limit on investment in listed stock and/or registered shares; and

(C) Deal with the sale of listed stock and/or registered shares in light of market conditions;

(vi) A discussion of the parameters used to determine the quality of the bank's outstanding and proposed investments in listed stock and/or registered shares as well as future investments;

(vii) A copy of a resolution by the board of directors or board of trustees authorizing the filing of the notice; and

(viii) Such additional information as deemed appropriate by the regional director.

(3) *FDIC determination.* Approval of a notice filed under paragraph (d)(1) of this section will not be granted unless the FDIC determines that acquiring and retaining the listed stock and/or registered shares does not pose a significant risk to the insurance fund of which the bank is a member. Approval may be made subject to whatever conditions or restrictions the FDIC determines is necessary or appropriate. The FDIC may require divestiture of some or all of the investments in listed stock or registered shares made during the period from September 30, 1990 to December 19, 1991, as well as any investments in listed stock or registered shares made subsequent to that period if it is determined that retention of the investments in question will have an adverse effect on the safety and soundness of the bank.

(4) *Maximum permissible investment.* (i) The maximum permissible investment in listed stock and registered shares an insured state bank may make pursuant to paragraph (b)(4) of this section may in no event exceed one hundred percent of the bank's tier one capital as measured in its most recent consolidated report of condition. Book value of the investment shall be used for the purposes of compliance with this limit. Generally, it will be presumed that it does not pose a significant risk to the fund for a well-capitalized bank to acquire and retain listed stock and/or registered shares pursuant to paragraph (b)(4) of this section up to a maximum of one hundred percent of the bank's tier one capital, and absent some mitigating factors, it will also be presumed that it does not present a significant risk to the fund for an adequately capitalized bank to acquire and retain such stock and/or shares up to a maximum of one hundred percent of the bank's tier one capital. It will also be presumed, absent some mitigating factors, that it does present a significant risk to the fund for a bank that is under capitalized to acquire or retain listed stock and/or registered shares in

excess of the highest aggregate level of investment made by the bank in such listed stock and/or registered shares during the period from September 30, 1990 to November 26, 1991 expressed as a percentage of the bank's tier one capital as reported by the bank in its consolidated report of condition for the quarter in which the high aggregate investment occurred. "Adequately capitalized" and "under capitalized" shall have the same meaning as is found in § 325.103 of this chapter.

(ii) The FDIC, in response to a notice filed under paragraph (d)(1) of this section, may set a percentage as the maximum permissible investment for any insured state bank that is lower than that which would otherwise be applicable under paragraph (d)(4)(i) of this section.

(iii) Any acquisition of listed stock or registered shares by an insured state bank made after December 19, 1991 pursuant to approval of a notice filed under paragraph (d)(1) of this section may not, when made, exceed the maximum permissible investment percentage (as set out in the FDIC's approval of such notice) of the bank's tier one capital as reported on the bank's consolidated report of condition for the period immediately preceding the acquisition.

(5) *Divestiture of excess stock and/or shares.* (i) An insured state bank that held as of December 19, 1991 investments in listed stock and/or registered shares in an aggregate amount in excess of 100 percent of the bank's tier one capital as measured on December 19, 1991 is prohibited from retaining the excess listed stock and/or registered shares. (Tier one capital as reported on the bank's December 31, 1991 consolidated report of condition may be used in lieu of calculating tier one capital as of December 19, 1991.) Such bank's outstanding investment in listed stock or registered shares must comply by no later than December 19, 1994 with the maximum permissible investment set for the bank by the FDIC in connection with the notice filed pursuant to § 362.3(d)(1) if the bank's maximum permissible investment is 100 percent of tier one capital. In such event, the bank shall divest the excess investment by not less than  $\frac{1}{3}$  in each of the

three years beginning on December 19, 1991, provided however, that the bank shall be relieved of the obligation to divest at least ½ of its excess investment each year if divesting a lesser amount will reduce the bank's outstanding investment to 100 percent of its current tier one capital. If the bank's maximum permissible investment set by the FDIC is lower than 100 percent of tier one capital, paragraph (d)(5)(ii) of this section shall apply.

(ii) If an insured state bank does not receive approval in connection with a notice filed pursuant to paragraph (d)(1) of this section to retain its outstanding investment in listed stock and/or registered shares, the bank must, as quickly as prudently possible but in no event later than December 19, 1996, divest the listed stock and/or registered shares for which approval to retain was denied. The bank must file a divestiture plan with the regional director for the Division of Supervision for the region in which the bank's principal office is located no later than 60 days after the bank receives notice that approval to retain the investment(s) was denied. The divestiture plan shall contain the information specified in paragraph (c)(3) of this section.

**§362.4 Activities of insured state banks and their subsidiaries.**

(a) *General prohibitions.* (1) Except as otherwise provided in this part, after December 19, 1992, an insured state bank may not directly engage as principal in any activity that is not permissible for a national bank, and a majority-owned subsidiary of an insured state bank may not engage as principal in any activity that is not permissible for a subsidiary of a national bank, unless the bank meets and continues to meet the applicable minimum capital standards prescribed by the appropriate federal banking agency and the FDIC determines that the conduct of the activity by the bank and/or its majority-owned subsidiary will not pose a significant risk to the affected deposit insurance fund. Applications for consent to directly, or indirectly through a majority-owned subsidiary, engage as principal in activities that are not per-

missible for a national bank or a subsidiary of a national bank should be filed in accordance with §362.4(d). An insured state bank must file an application for each subsidiary regardless of whether the bank previously obtained consent for a subsidiary to engage as principal in the same activity. An insured state bank that obtained the FDIC's consent pursuant to §333.3 of this chapter prior to that section's repeal to directly or indirectly through a subsidiary engage as principal in an activity that was otherwise impermissible under §333.3 of this chapter and which is impermissible under this part without the FDIC's consent, does not need to obtain the FDIC's consent pursuant to this part in order to continue the activity.

(2) Except as otherwise provided in this part, no insured state bank may directly or indirectly through a subsidiary, engage in insurance underwriting except to the extent such activities are permissible for a national bank.

(b) *Phase-out for banks that do not meet capital standard.* (1) Any insured state bank which does not meet the applicable minimum capital requirements set out in paragraph (a)(1) of this section and which as of December 19, 1992, directly, or indirectly through a subsidiary, engaged as principal in any activity that is not permissible for a national bank or a subsidiary of a national bank, must cease the impermissible activity as soon as practicable but in no event later than June 8, 1994, unless an extension is granted by the FDIC for good cause.

(2) In no event shall any extension granted pursuant to this paragraph exceed one year from December 8, 1993. If the insured state bank is expected to meet the requisite capital level prior to June 8, 1994, the bank may apply for permission to continue the activity. An insured state bank that does not meet the requisite capital requirements, and which has a majority-owned subsidiary that has equity investments in real estate which are not permissible for a subsidiary of a national bank, must divest the subsidiary or the equity investments in the real estate as soon as practicable but in no event later than December 19, 1996.

(c) *Exceptions*—(1) *Savings bank life insurance*. Any insured state bank that is located in Massachusetts, New York or Connecticut that is otherwise authorized to do so is not prohibited from engaging in the underwriting of savings bank life insurance *provided that*:

(i) The FDIC does not alter its determination made pursuant to section 24(e)(2) of the FDI Act (12 U.S.C. 1831a(e)) that such activities do not pose a significant risk to the insurance fund of which the bank is a member;

(ii) The insurance underwriting is conducted through a division of the bank that meets the definition of “department” contained in §362.2(h); and

(iii) The bank discloses to purchasers of life insurance policies, other insurance products and annuities which are offered to the public that the policies, other insurance products and annuities are not insured by the FDIC and that only the assets of the insurance department may be used to satisfy the obligations of the insurance department. The disclosure must be made prior to the time of purchase of the insurance policy, other insurance product, or annuity; must be prominent; and must be in a separate document clearly labeled “consumer disclosure” if the disclosure does not appear on the face of the policy, other insurance product, or annuity. The following or a similar statement will satisfy the disclosure obligation: “This [insurance policy, other insurance product, annuity] is not a federally insured deposit and only the assets of the bank’s insurance department may legally be used to satisfy any obligation of that department.” If state law or regulation provides for substantially similar disclosure requirements, compliance with the state imposed disclosure requirements will satisfy the requirements of this paragraph.

(2) *Insurance underwriting*. (i) A well-capitalized insured state bank that was lawfully providing insurance as principal on November 21, 1991 may continue to provide insurance as principal in the state or states in which the bank did so on November 21, 1991 so long as the insurance that is provided is of the same type which the bank provided as of November 21, 1991 and the insurance is only offered to residents of that

state, individuals employed in that state, and any other person to whom the bank provided insurance as principal without interruption since such person resided in, or was employed in, that state. In the case of resident companies or partnerships, the bank’s as principal activities must be limited to providing insurance to the company’s or partnership’s employees residing in the state and/or to providing insurance to cover the company’s or partnership’s property located in the state.

(ii) Any insured state bank or any subsidiary thereof that engaged in the underwriting of insurance on or before September 30, 1991 which was reinsured in whole or in part by the Federal Crop Insurance Corporation may continue to do so.

(iii) Any title insurance subsidiary of an insured state bank described in §362.3(b)(7)(iii) may continue to provide title insurance provided that none of the transactions described in §362.3(b)(4)(i) (other than a charter conversion) has occurred to the parent insured state bank since June 1, 1991.

(3) *Activities that do not present a significant risk*. The FDIC has determined that the following as principal activities do not represent a significant risk to the deposit insurance funds and that the listed activities may therefore be conducted by an insured state bank or its majority-owned subsidiary (as the case may be) without first obtaining the FDIC’s prior consent provided that the bank is otherwise authorized to engage in the activity under state law, the conduct of the activity by the bank and/or its subsidiary is otherwise permitted under federal law and regulation, and the bank meets and continues to meet the applicable minimum capital standards as prescribed by the appropriate federal banking agency. The fact that prior consent is not required by this part does not preclude the FDIC from taking any appropriate action within its authority with respect to the activities if the facts and circumstances warrant such action.

(i) *Guarantee activities*. An insured state bank may:

(A) Directly guarantee the obligations of others as provided for in §347.3(c)(1) of this chapter; and

(B) Directly offer customer-sponsored credit card programs, and similar arrangements, in which the insured state bank undertakes to guarantee the obligations of individuals who are its retail banking deposit customers, *provided, however*, that the bank must establish the creditworthiness of the individual before undertaking to guarantee his/her obligations.

(ii) *Activities that are closely related to banking.* An insured state bank may:

(A) Engage as principal in any activity that is not permissible for a national bank provided that the Federal Reserve Board by regulation or order has found the activity to be closely related to banking for the purposes of section 4(c)(8) of the Bank Holding Company Act (12 U.S.C. 1843(c)(8)), *provided, further however*, That this exception shall not be construed to permit the bank to directly hold equity securities that a national bank may not hold and which are not otherwise permissible investments for insured state banks pursuant to § 362.3(b); and

(B) Establish or acquire a majority-owned subsidiary which solely engages as principal in any activity that the Federal Reserve Board by regulation or order has found to be closely related to banking for the purposes of section 4(c)(8) of the Bank Holding Company Act.

(iii) *Securities activities conducted through a subsidiary of an insured nonmember bank.* An insured nonmember bank may conduct securities activities through a subsidiary of the bank in accordance with the requirements and restrictions of § 337.4 of this chapter in lieu of any requirement or restriction contained in this part.

(iv) *Equity securities held by a majority-owned subsidiary of an insured state bank—(A) Grandfathered investments in common or preferred stock and shares of investment companies.* Any insured state bank that has received approval to invest in common or preferred stock or shares of an investment company pursuant to § 362.3(d) may conduct the approved investment activities through a majority-owned subsidiary of the bank without any additional approval from the FDIC provided that any conditions or restrictions imposed with regard to

the approval granted under § 362.3(d) are met.

(B) *Bank stock.* An insured state bank may indirectly through a majority-owned subsidiary organized for such purpose invest in up to ten percent of the outstanding stock of another insured bank.

(C) *Stock of a corporation that engages in activities permissible for a bank service corporation.* An insured state bank may indirectly through a majority-owned subsidiary organized for such purpose invest in 50% or less of the stock of a corporation which engages solely in any activity that is permissible for a bank service corporation. (The term “bank service corporation” shall have the same meaning as is relevant for the purposes of the Bank Service Corporation Act (12 U.S.C. 1861 et seq.)) This exception shall not be construed to override any other limitation imposed by this part as to the amount of stock which may be held in a subsidiary without obtaining the FDIC’s consent.

(D) *Stock of a corporation which engages in activities which are not “as principal”.* An insured state bank may indirectly through a majority-owned subsidiary invest in 50% or less of the stock of a corporation which engages solely in activities which are not considered to be “as principal” as that term is defined in § 362.2(c).

(v) *Investments in adjustable rate and money market preferred stock.* An insured state bank may invest up to 15 percent of the bank’s total capital (as that term is defined by the appropriate federal banking agency) in adjustable rate preferred stock and money market (auction rate) preferred stock.

(d) *Application for consent to directly, or indirectly through a majority-owned subsidiary, engage as principal in an activity that is not permissible for a national bank—(1) Timing and place of filing application.* All applications for consent pursuant to paragraph (d) of this section should be filed with the regional director for the Division of Supervision for the FDIC regional office in which the insured state bank’s principal office is located. Applications for consent to continue an activity in which an insured state bank and/or its majority-owned subsidiary was engaged as of December 19, 1992, must be filed with the

appropriate regional office no later than February 7, 1994.

(2) *Continuation of activity while application is pending.* Any insured state bank which has filed an application in accordance with paragraph (d)(1) of this section requesting consent to directly or indirectly continue any ongoing activity may continue to engage in the activity while the application is pending provided, however, in no event may such an insured state bank or its subsidiary continue the activity for more than six months from the receipt of the application by the appropriate FDIC regional office unless the FDIC grants an extension or approval of the application has been granted.

(3) *Copy of application filed with another agency.* Unless the FDIC requests additional information, in a case in which an insured state bank has sought the approval of another federal or state regulatory authority to directly or indirectly engage in an activity for which consent is required under this part, the application filing requirements of paragraph (d) of this section may be satisfied by submitting to the FDIC a copy of the request as filed with such other regulatory authority provided that the request as filed with such authority substantially satisfies all of the information requirements of paragraph (d) of this section.

(4) *Form and content of application—(i) Form.* Applications filed pursuant to § 362.4(d) may be in letter form.

(ii) *Applications for consent to directly engage as principal in activities that are not permissible for a national bank.* Applications for consent to begin for the first time to directly engage as principal in any activity that is not permissible for a national bank, as well as applications for consent to continue to conduct as principal an activity in which a bank was engaged as of December 19, 1992 which is not permissible for a national bank, shall contain the following:

(A) A brief description of the activity, the manner in which it is or will be conducted, and the present and expected volume or level of the activity;

(B) A copy, if any, of the bank's feasibility study, financial projections and/or business plan regarding the conduct of the activity;

(C) A citation to the state statutory or regulatory authority for the conduct of the activity;

(D) A copy of the order or other document from the appropriate regulatory authority granting approval for the bank to conduct the activity if such approval is necessary and has already been granted;

(E) A copy of a resolution by the bank's board of directors or trustees authorizing the filing of the application;

(F) A brief description of the bank's policy and practice with regard to any present or anticipated involvement in the activity by a director, executive officer or principal shareholder of the bank or any related interest of such a person;

(G) A description of the bank's expertise in the activity; and

(H) Such other information as requested by the FDIC.

(iii) *Applications for consent to engage as principal through a majority-owned subsidiary in activities that are not permissible for a subsidiary of a national bank.* Applications for consent to begin for the first time to conduct, as principal, through a majority-owned subsidiary activities that are not permissible for a subsidiary of a national bank, as well as applications for consent for the bank's majority-owned subsidiary to continue to conduct, as principal, activities in which the bank's subsidiary was engaged as of December 19, 1992 that are not permissible for a subsidiary of a national bank, shall contain the following information:

(A) The information described in paragraph (d)(4)(ii) of this section;

(B) The amount of the bank's existing and proposed investment in the subsidiary; and

(C) The bank's investment in other subsidiaries conducting the same type of activity.

(iv) If an insured state bank previously obtained consent for a majority-owned subsidiary to engage as principal in a particular activity, any subsequent request for consent for another subsidiary of the bank to engage as principal in the same activity may omit the information described in paragraph (d)(4)(ii) of this section.

(5) *Phase-out of activities for which consent to continue has been denied*—(i) *Direct activity.* If a request filed pursuant to paragraph (d) of this section for consent to continue the direct conduct of an activity is denied, the bank must cease the activity as soon as practicable but in no event later than one year from the denial unless the FDIC specifically sets a different time which may in the FDIC's sole discretion be longer than one year. The FDIC may condition or restrict the conduct of the activity during the phase-out period as is deemed necessary in order to protect the affected deposit insurance fund.

(ii) *Activity in a majority-owned subsidiary.* If a request filed pursuant to paragraph (d) of this section for consent to continue the conduct of an activity through a majority-owned subsidiary of the bank is denied, the bank must divest its equity investment in the subsidiary as quickly as prudently possible but in no event later than December 19, 1996. The bank shall file a divestiture plan in accordance with § 362.3(c)(3) no later than 60 days after the bank receives notice that consent was denied. In the alternative, the bank may choose to discontinue the activity rather than divest its equity investment in the subsidiary in which case the activity must be discontinued as soon as practicable but in no event later than one year from the denial unless the FDIC specifically sets a different time period which may, in the FDIC's sole discretion, be longer than one year. If the bank elects to discontinue the activity rather than to divest the subsidiary, the bank must notify the FDIC of that decision no later than 60 days after the bank receives notice that consent was denied. The notice must be in writing and should be filed with the appropriate FDIC regional office. If an insured state bank is denied consent to continue impermissible equity investments in real estate through a majority-owned subsidiary and the bank elects to discontinue those investments rather than divest the subsidiary, the period of time which the subsidiary shall have to divest the equity investments in real estate shall not extend beyond December 19, 1996. The FDIC may condition or restrict the conduct of any ac-

tivity during the phase-out period as it deems necessary in order to protect the affected deposit insurance fund.

(e) *Disclosures.* Except as otherwise provided herein, any approval of an application filed pursuant to § 362.4(d) shall be subject to the condition that the bank and/or subsidiary shall provide any persons doing or about to do business with the bank and/or subsidiary written disclosure that the products, goods or services offered by the bank and/or subsidiary are not insured by the FDIC. If the products, goods or services are offered by a subsidiary of the bank, the disclosure must also indicate that the products, goods or services are not guaranteed by the bank and that only the assets of the subsidiary are available to satisfy the obligations of, or any contractual claims arising in connection with, the operation of the subsidiary. If the products, goods or services are offered by a department of the bank, the disclosure must indicate that only the assets of the department are available to satisfy the obligations of the department. Disclosures must occur prior to the time any contractual obligation to purchase any product, good or service arises; must be prominent; and must be clearly labeled "customer disclosure". If any communications from the bank to its depositors contain advertisements, promotions, or solicitations pertaining to the activities of the bank or its subsidiary which were approved pursuant to § 362.4(d) those communications must contain a disclosure that the products, goods or services are not insured by the FDIC. Disclosures will not be imposed under this part if state law or regulation establishes disclosure requirements which are substantially similar to those contained in this paragraph. Disclosure that the product, good or service is not an insured deposit will not be required if it is determined by the FDIC that the likelihood of confusing the product, good, or service with an insured deposit is minimal.

(f) *Conditions.* Approvals granted pursuant to § 362.4(d) may be made subject to any conditions or restrictions found by the FDIC to be necessary to protect the bank and/or the deposit insurance funds from risk, to prevent unsafe or unsound banking practices, and/or to

ensure that the activity is consistent with the purposes of federal deposit insurance.

(g) *Conditions and restrictions applicable to insured state banks and/or their subsidiaries that engage in insurance underwriting activities excepted under § 362.3(b)(7) or § 362.4(c)(2)(i).* (1) No insured state bank may directly or indirectly through a subsidiary underwrite insurance pursuant to the exception contained in § 362.3(b)(7) or § 362.4(c)(2)(i) unless the following conditions and restrictions are met:

(i) Any insurance underwriting directly conducted by the bank must be done through a division of the bank that meets the definition of "department" contained in § 362.2(h);

(ii) Any subsidiary that underwrites insurance must meet the definition of a "bona fide subsidiary" contained in § 362.2(d); and

(iii) The disclosure requirements of § 362.3(b)(3) and/or § 362.4(c)(1)(iii) are met to the same extent as they would be applicable if the bank and/or its subsidiary were conducting savings bank life insurance activities.

(2) Any insured state bank or a subsidiary of an insured state bank that would be eligible for the exception in § 362.3(b)(7) or § 362.4(c)(2) but for the requirements of paragraphs (g)(1)(i) or (g)(1)(ii) of this section may continue to conduct the insurance underwriting activities provided that the requirements of paragraph (g)(1)(iii) of this section are met and provided that the requirements of paragraphs (g)(1)(i) and (g)(1)(ii) of this section are met no later than one year from December 8, 1993.

be permissible for a national bank or a subsidiary of a national bank. The notice requirement does not apply in the case of an insured state bank described in § 362.3(b)(7)(ii). The notice shall contain the following information:

(a) The name of the bank and/or subsidiary;

(c) A recitation of the authority for the bank or subsidiary to conduct insurance underwriting activities;

(d) A list of the types of insurance that the bank and/or subsidiary provided to the public as of November 21, 1991 in the state(s) identified in paragraph (b) of this section. For purposes of this list, various lines of insurance are considered to be distinct types of insurance.

Schedule A to Appendix A—Agreed Upon Procedures for Determining Compliance With Designated Laws

INTRODUCTION

Congress added section 36, "Early Identification of Needed Improvements in Financial Management" (section 36), to the Federal Deposit Insurance Act (FDI Act) in 1991.

The FDIC Board of Directors adopted 12 CFR part 363 of its rules and regulations (the Rule) to implement those provisions of section 36 that require rulemaking. The FDIC also approved these "Guidelines and Interpretations" (the Guidelines) and directed that they be published with the Rule to facilitate a better understanding of, and full compliance with, the provisions of section 36.

Although not contained in the Rule itself, some of the guidance offered restates or refers to statutory requirements of section 36 and is therefore mandatory. If that is the case, the statutory provision is cited.

Furthermore, upon adopting the Rule, the FDIC reiterated its belief that every insured depository institution, regardless of its size or charter, should have an annual audit of its financial statements performed by an

independent public accountant, and should establish an audit committee comprised entirely of outside directors.

The following Guidelines reflect the views of the FDIC concerning the interpretation of section 36. The Guidelines are intended to assist insured depository institutions (institutions), their boards of directors, and their advisors, including their independent public accountants and legal counsel, and to clarify section 36 and the Rule. It is recognized that reliance on the Guidelines may result in compliance with section 36 and the Rule which may vary from institution to institution. Terms which are not explained in the Guidelines have the meanings given them in the Rule, the FDI Act, or professional accounting and auditing literature.

SCOPE OF RULE (§363.1)

1. *Measuring Total Assets.* To determine whether this part applies, an institution should use total assets as reported on its most recent Report of Condition (Call Report) or Thrift Financial Report (TFR), the date of which coincides with the end of its preceding fiscal year. If its fiscal year ends on a date other than the end of a calendar quarter, it should use its Call Report or TFR for the quarter end immediately preceding the end of its fiscal year.

2. *Insured Branches of Foreign Banks.* Unlike other institutions, insured branches of foreign banks are not separately incorporated or capitalized. To determine whether this part applies, an insured branch should measure claims on non-related parties reported on its Report of Assets and Liabilities of U.S. Branches and Agencies of Foreign Banks (form FFIEC 002).

3. *Compliance by Holding Company Subsidiaries.* Audited consolidated financial statements and other reports or notices required by this part which are submitted by a holding company for any subsidiary institution, should be accompanied by a cover letter identifying all subsidiary institutions to which they pertain. An institution filing holding company consolidated financial statements as permitted by §363.1(b) also may report on changes in its independent public accountant on a holding company basis. An institution that does not meet the criteria in section 36(1) must satisfy the remaining provisions of the statute and this part on an individual institution basis, and maintain its own audit committee. Multitiered holding companies may satisfy all requirements of this part at any level.

4. *Comparable Services and Functions.* Services and functions will be considered "comparable" to those required by this part if the holding company:

- (a) Prepares reports used by the subsidiary institution to meet the requirements of this part;

(b) Has an audit committee that meets the requirements of this part appropriate to its largest subsidiary institution; and

(c) Prepares and submits the management assessments of the effectiveness of the internal control structure and procedures for financial reporting (internal controls), and compliance with the Designated Laws defined in guideline 12 based on information concerning the relevant activities and operations of those subsidiary institutions within the scope of the rule.

#### ANNUAL REPORTING REQUIREMENTS (§ 363.2)

5. *Annual Financial Statements.* Each institution should prepare comparative annual consolidated financial statements (balance sheets, statements of income, changes in equity capital, and cash flows, with accompanying footnote disclosures) in accordance with generally accepted accounting principles (GAAP) for each of its two most recent fiscal years. Statements for the earlier year may be presented on an unaudited basis if the institution was not subject to this part for that year and audited statements were not prepared.

6. *Holding Company Statements.* Subsidiary institutions may file copies of their holding company's audited financial statements filed with the Securities and Exchange Commission (SEC) or prepared for their FR Y-6 Annual Report under the Bank Holding Company Act of 1956.

7. *Insured Branches of Foreign Banks.* An insured branch of a foreign bank should satisfy the financial statements requirement by filing one of the following for the two preceding fiscal years:

(a) Audited balance sheets, disclosing information about financial instruments with off-balance-sheet risk;

(b) Schedules RAL and L of form FFIEC 002, prepared and audited on the basis of the instructions for its preparation; or

(c) With written approval of the appropriate federal banking agency, consolidated financial statements of the parent bank.

8. *Management Report.* Management should perform its own investigation and review of the effectiveness of internal controls and compliance with the Designated Laws defined in Guideline 12. Management also should maintain records of its determinations and assessments until the next federal safety and soundness examination, or such later date as specified by the FDIC or appropriate federal banking agency. Management should provide in its assessment of the effectiveness of internal controls, or supplementally, sufficient information to enable the accountant to report on its assertion. The management report of an insured branch of a foreign bank should be signed by the branch's managing official if the branch does not have a chief executive or financial officer.

9. *Safeguarding of Assets.* "Safeguarding of assets", as the term relates to internal control policies and procedures regarding financial reporting, and which has precedent in accounting literature, should be encompassed in the management report and the independent public accountant's attestation discussed in guideline 18. Testing the existence of and compliance with internal controls on the management of assets, including loan underwriting and documentation, represents a reasonable implementation of section 36. The FDIC expects such internal controls to be encompassed by the assertion in the management report, but the term "safeguarding of assets" need not be specifically stated. The FDIC does not require the accountant to attest to the adequacy of safeguards, but does require the accountant to determine whether safeguarding policies exist.<sup>1</sup>

10. *Standards for Internal Controls.* Each institution should determine its own standards for establishing, maintaining, and assessing the effectiveness of its internal controls.<sup>2</sup>

11. *Service Organizations.* Although service organizations should be considered in determining if internal controls are adequate, an institution's independent public accountant, its management, and its audit committee should exercise independent judgment concerning that determination. On-site reviews

<sup>1</sup>It is management's responsibility to establish policies concerning underwriting and asset management and to make credit decisions. The auditor's role is to test compliance with management's policies relating to financial reporting.

<sup>2</sup>In considering what information is needed on safeguarding of assets and standards for internal controls, management may review guidelines provided by its primary federal regulator; the FDIC's Division of Supervision Manual of Examination Policies; the Federal Reserve Board's Commercial Bank Examination Manual and other relevant regulations; the Office of Thrift Supervision's Thrift Activities Handbook; the Comptroller of the Currency's Handbook for National Bank Examiners; and standards published by professional accounting organizations, such as the American Institute of Certified Public Accountants' (AICPA) Statement on Auditing Standards No. 55, "Consideration of the Internal Control Structure in a Financial Statement Audit," as amended by Statement of Auditing Standards No. 78; the Committee of Sponsoring Organizations (COSO) of the Treadway Commission's *Internal Control—Integrated Framework*, including its addendum on safeguarding of assets; and other internal control standards published by the AICPA, other accounting or auditing professional associations, and financial institution trade associations.

of service organizations may not be necessary to prepare the reports required by the Rule, and the FDIC does not intend that the Rule establish any such requirement.

12. *Compliance with Laws and Regulations.* The designated laws and regulations are the federal laws and regulations concerning loans to insiders and the federal and state laws and regulations concerning dividend restrictions (the Designated Laws). Table 1 to this Appendix A lists the designated federal laws and regulations pertaining to insider loans and dividend restrictions that are applicable to each type of institution.

ROLE OF INDEPENDENT PUBLIC ACCOUNTANT  
(§363.3)

13. *General Qualifications.* To provide audit and attest services to insured depository institutions, an independent public accountant should be registered or licensed to practice as a public accountant, and be in good standing, under the laws of the state or other political subdivision of the United States in which the home office of the institution (or the insured branch of a foreign bank) is located. As required by section 36(g)(3)(A)(i), the accountant must agree to provide copies of any workpapers, policies, and procedures relating to services performed under this part.

14. *Independence.* The independent public accountant also should be in compliance with the AICPA's *Code of Professional Conduct* and meet the independence requirements and interpretations of the SEC and its staff.

15. *Peer Reviews.* As required by section 36(g)(3)(A)(ii), the independent public accountant must have received, or be enrolled in, a peer review that meets acceptable guidelines. The following peer review guidelines are acceptable:

(a) The external peer review should be conducted by an organization independent of the accountant or firm being reviewed, as frequently as is consistent with professional accounting practices;

(b) The peer review should be generally consistent with AICPA standards<sup>3</sup> and

(c) The review should include, if available, at least one audit of an insured depository institution or consolidated financial holding company. Peer review working papers are to be retained for 120 days after the peer review report is filed with the FDIC, and be made available to the FDIC upon request, in a

<sup>3</sup>These would include Standards for Performing and Reporting on Peer Reviews, codified in the *SEC Practice Section Reference Manual*, and Standards for Performing and Reporting on Peer Reviews, contained in Volume 2 of the AICPA's *Professional Standards*.

form consistent with the SEC's agreement with the accounting profession.

16. *Filing Peer Review Reports.* Within 15 days of receiving notification that the peer review has been accepted, or before commencing any audit under the Rule, whichever is earlier, two copies of the most recent peer review report, accompanied by any letter of comments and letter of response, should be filed by the independent public accountant (if not already on file) with the FDIC, Registration and Disclosure Section, 550 17th Street, N.W., Washington, D.C. 20429, where they will be available for public inspection. All corrective action required under any qualified peer review report should have been taken before commencing services under this Rule.

17. *Information to Independent Public Accountant.* Attention is directed to section 36(h) which requires institutions to provide specified information to their accountants. An institution also should provide its accountant with copies of any notice that the institution's capital category is being changed or reclassified under section 38 of the FDI Act, and any correspondence from the appropriate federal banking agency concerning compliance with this part.

18. *Attestation Report.* The independent public accountant should provide the institution with an internal controls attestation report and any management letter at the conclusion of the audit as required by section 36(c)(1). If a holding company subsidiary relies on its holding company management report, the accountant may attest to and report on management's assertions in one report, without reporting separately on each subsidiary covered by the Rule. The FDIC has determined that management letters are exempt from public disclosure.

19. *Reviews with Audit Committee and Management.* The independent public accountant should meet with the institution's audit committee to review the accountant's reports required by this part before they are filed. It also may be appropriate for the accountant to review its findings with the institution's board of directors and management.

20. *Notice of Termination.* The notice required by §363.3(c) should state whether the independent public accountant agrees with the assertions contained in any notice filed by the institution under §363.4(d), and whether the institution's notice discloses all relevant reasons.

21. *Reliance on Internal Auditors.* Nothing in this part or this appendix is intended to preclude the ability of the independent public accountant to rely on the work of an institution's internal auditor.

## FILING AND NOTICE REQUIREMENTS (§363.4)

22. *Place for Filing.* Except for peer review reports filed pursuant to Guideline 16, all reports and notices required by, and other communications or requests made pursuant to, the Rule should be filed as follows:

(a) FDIC: Appropriate FDIC Regional Office (Supervision), i.e., the FDIC regional office in the FDIC region in which the institution is headquartered or, in the case of a subsidiary institution of a holding company, the FDIC regional office that is responsible for monitoring the consolidated company. A filing made on behalf of several covered institutions owned by the same parent holding company should be accompanied by a transmittal letter identifying all of the institutions covered.

(b) Office of the Comptroller of the Currency (OCC): Appropriate OCC Supervisory Office.

(c) Federal Reserve: Appropriate Federal Reserve Bank.

(d) Office of Thrift Supervision (OTS): Appropriate OTS District Office.

(e) State bank supervisor: The filing office of the appropriate State bank supervisor.

23. *Relief from Filing Deadlines.* Although the reasonable deadlines for filings and other notices established by this part are specified, some institutions may occasionally be confronted with extraordinary circumstances beyond their reasonable control that may justify extensions of a deadline. In that event, upon written application from an insured depository institution, setting forth the reasons for a requested extension, the FDIC or appropriate federal banking agency may, for good cause, extend a deadline in this part for a period not to exceed 30 days.

24. *Public Availability.* Each institution's annual report should be available for public inspection at its main and branch offices no later than 15 days after it is filed with the FDIC. Alternatively, an institution may elect to mail one copy of its annual report to any person who requests it. The annual report should remain available to the public until the annual report for the next year is available. An institution may use its annual report under this part to meet the annual disclosure statement required by 12 CFR 350.3, if the institution satisfies all other requirements of 12 CFR part 350.

25. *Independent Public Accountant's Reports.* Section 36(h)(2)(A) requires that, within 15 days of receipt by an institution of any management letter or other report, such letter or other report shall be filed with the FDIC, any appropriate federal banking agency, and any appropriate state bank supervisor. Institutions and their accountants are encouraged to coordinate preparation and delivery of audit and attestation reports and filing the annual report, to avoid duplicate filings.

26. *Notices Concerning Accountants.* Institutions should review and satisfy themselves as to compliance with the required qualifications set forth in guidelines 13-15 before engaging an independent public accountant. With respect to any selection, change or termination of an accountant, institutions should be familiar with the notice requirements in guideline 21, and should send a copy of any notice under §363.4(d) to the accountant when it is filed with the FDIC. An institution which files reports with its appropriate federal banking agency under, or is a subsidiary of a holding company which files reports with the SEC pursuant to, the Securities Exchange Act of 1934 may use its current report (e.g. SEC Form 8-K) concerning a change in accountant to satisfy the similar notice requirements of this part.

## AUDIT COMMITTEES (§363.5)

27. *Composition.* The board of directors of each institution should determine if outside directors meet the requirements of section 36 and this part. At least annually, it should determine whether all existing and potential audit committee members are "independent of management of the institution." If the institution has total assets in excess of \$3 billion, the board also should determine whether members of the committee satisfy the additional requirements of this part. Because an insured branch of a foreign bank does not have a separate board of directors, the FDIC will not apply the audit committee requirements to such branch. However, any such branch is encouraged to make a reasonable good faith effort to see that similar duties are performed by persons whose experience is generally consistent with the Rule's requirements for an institution the size of the insured branch.

28. *"Independent of Management" Considerations.* In determining whether an outside director is independent of management, the board should consider all relevant information. This would include considering whether the director:

(a) Is or has been an officer or employee of the institution or its affiliates;

(b) Serves or served as a consultant, advisor, promoter, underwriter, legal counsel, or trustee of or to the institution or its affiliates;

(c) Is a relative of an officer or other employee of the institution or its affiliates;

(d) Holds or controls, or has held or controlled, a direct or indirect financial interest in the institution or its affiliates; and

(e) Has outstanding extensions of credit from the institution or its affiliates.

29. *Lack of Independence.* An outside director should not be considered independent of management if such director is, or has been within the preceding year, an officer or employee of the institution or any affiliate, or owns or controls, or has owned or controlled

within the preceding year, assets representing 10 percent or more of any outstanding class of voting securities of the institution.

30. *Holding Company Audit Committees.* When an insured depository institution subsidiary fails to meet the requirements for the holding company exception in §363.1(b)(2) or maintains its own separate audit committee to satisfy the requirements of this part, members of the independent audit committee of the holding company may serve as the audit committee of the subsidiary institution if they are otherwise independent of management of the subsidiary, and, if applicable, meet any other requirements for a large subsidiary institution covered by this part. However, this does not permit officers or employees of a holding company to serve on the audit committee of its subsidiary institutions. When the subsidiary institution satisfies the requirements for the holding company exception in §363.1(b)(2), members of the audit committee of the holding company should meet all the membership requirements applicable to the largest subsidiary depository institution and may perform all the duties of the audit committee of a subsidiary institution, even though such holding company directors are not directors of the institution.

31. *Duties.* The audit committee should perform all duties determined by the institution's board of directors. The duties should be appropriate to the size of the institution and the complexity of its operations, and include reviewing with management and the independent public accountant the basis for their respective reports issued under §§363.2(a) and (b) and 363.3(a) and (b). Appropriate additional duties could include:

(a) Reviewing with management and the independent public accountant the scope of services required by the audit, significant accounting policies, and audit conclusions regarding significant accounting estimates;

(b) Reviewing with management and the accountant their assessments of the adequacy of internal controls, and the resolution of identified material weaknesses and reportable conditions in internal controls, including the prevention or detection of management override or compromise of the internal control system;

(c) Reviewing with management and the accountant the institution's compliance with laws and regulations;

(d) Discussing with management the selection and termination of the accountant and any significant disagreements between the accountant and management; and

(e) Overseeing the internal audit function.

It is recommended that audit committees maintain minutes and other relevant records of their meetings and decisions.

32. *Banking or Related Financial Management Expertise.* At least two members of the audit committee of a large institution shall

have "banking or related financial management expertise" as required by section 36(g)(1)(C)(i). This determination is to be made by the board of directors of the insured depository institution. A person will be considered to have such required expertise if the person has significant executive, professional, educational, or regulatory experience in financial, auditing, accounting, or banking matters as determined by the board of directors. Significant experience as an officer or member of the board of directors or audit committee of a financial services company would satisfy these criteria.

33. *Large Customers.* Any individual or entity (including a controlling person of any such entity) which, in the determination of the board of directors, has such significant direct or indirect credit or other relationships with the institution, the termination of which likely would materially and adversely affect the institution's financial condition or results of operations, should be considered a "large customer" for purposes of §363.5(b).

34. *Access to Counsel.* The audit committee should be able to retain counsel at its discretion without prior permission of the institution's board of directors or its management. Section 36 does not preclude advice from the institution's internal counsel or regular outside counsel. It also does not require retaining or consulting counsel, but if the committee elects to do either, it also may elect to consider issues affecting the counsel's independence. Such issues would include whether to retain or consult only counsel not concurrently representing the institution or any affiliate, and whether to place limitations on any counsel representing the institution concerning matters in which such counsel previously participated personally and substantially as outside counsel to the committee.

35. *Forming and Restructuring Audit Committees.* Audit committees should be formed within four months of the effective date of this part. Some institutions may have to restructure existing audit committees to comply with this part. No regulatory action will be taken if institutions restructure their audit committees by the earlier of their next annual meeting of stockholders, or one year from the effective date of this part.

#### OTHER

36. *Modifications of Guidelines.* The FDIC Board of Directors has delegated to the Director of the FDIC's Division of Supervision authority to make and publish in the FEDERAL REGISTER minor technical amendments to the Guidelines in this appendix (including the attached Agreed Upon Procedures in Schedule A to this appendix), in consultation with the other appropriate federal banking agencies, to reflect the practical experience gained from implementation of this part. It

is not anticipated any such modification would be effective until affected institutions have been given reasonable advance notice of the modification. Any material modification or amendment will be subject to review and approval of the FDIC Board of Directors.

#### I. INTRODUCTION

i. Section 39 of the Federal Deposit Insurance Act<sup>1</sup> (FDI Act) requires each Federal banking agency (collectively, the agencies) to establish certain safety and soundness standards by regulation or by guideline for all insured depository institutions. Under section 39, the agencies must establish three types of standards: (1) Operational and managerial standards; (2) compensation standards; and (3) such standards relating to asset quality, earnings, and stock valuation as they determine to be appropriate.

ii. Section 39(a) requires the agencies to establish operational and managerial standards relating to: (1) Internal controls, information systems and internal audit systems, in accordance with section 36 of the FDI Act (12 U.S.C. 1831m); (2) loan documentation; (3) credit underwriting; (4) interest rate exposure; (5) asset growth; and (6) compensation, fees, and benefits, in accordance with subsection (c) of section 39. Section 39(b) requires the agencies to establish standards relating to asset quality, earnings, and stock valuation that the agencies determine to be appropriate.

iii. Section 39(c) requires the agencies to establish standards prohibiting as an unsafe and unsound practice any compensatory arrangement that would provide any executive officer, employee, director, or principal shareholder of the institution with excessive compensation, fees or benefits and any compensatory arrangement that could lead to material financial loss to an institution. Section 39(c) also requires that the agencies

<sup>1</sup>Section 39 of the Federal Deposit Insurance Act (12 U.S.C. 1831p-1) was added by section 132 of the Federal Deposit Insurance Corporation Improvement Act of 1991 (FDICIA), Pub. L. 102-242, 105 Stat. 2236 (1991), and amended by section 956 of the Housing and Community Development Act of 1992, Pub. L. 102-550, 106 Stat. 3895 (1992) and section 318 of the Riegle Community Development and Regulatory Improvement Act of 1994, Pub. L. 103-325, 108 Stat. 2160 (1994).

establish standards that specify when compensation is excessive.

iv. If an agency determines that an institution fails to meet any standard established by guideline under subsection (a) or (b) of section 39, the agency may require the institution to submit to the agency an acceptable plan to achieve compliance with the standard. In the event that an institution fails to submit an acceptable plan within the time allowed by the agency or fails in any material respect to implement an accepted plan, the agency must, by order, require the institution to correct the deficiency. The agency may, and in some cases must, take other supervisory actions until the deficiency has been corrected.

v. The agencies have adopted amendments to their rules and regulations to establish deadlines for submission and review of compliance plans.<sup>2</sup>

vi. The following Guidelines set out the safety and soundness standards that the agencies use to identify and address problems at insured depository institutions before capital becomes impaired. The agencies believe that the standards adopted in these Guidelines serve this end without dictating how institutions must be managed and operated. These standards are designed to identify potential safety and soundness concerns and ensure that action is taken to address those concerns before they pose a risk to the deposit insurance funds.

#### A. Preservation of Existing Authority

Neither section 39 nor these Guidelines in any way limits the authority of the agencies to address unsafe or unsound practices, violations of law, unsafe or unsound conditions, or other practices. Action under section 39 and these Guidelines may be taken independently of, in conjunction with, or in addition to any other enforcement action available to the agencies. Nothing in these Guidelines limits the authority of the FDIC pursuant to section 38(i)(2)(F) of the FDI Act (12 U.S.C. 1831(o)) and Part 325 of Title 12 of the Code of Federal Regulations.

#### B. Definitions

## II. Operational and Managerial Standards

A. *Internal controls and information systems.* An institution should have internal controls and information systems that are appropriate to the size of the institution and the nature, scope and risk of its activities and that provide for:

1. An organizational structure that establishes clear lines of authority and responsibility for monitoring adherence to established policies;

2. Effective risk assessment;

3. Timely and accurate financial, operational and regulatory reports;

4. Adequate procedures to safeguard and manage assets; and

5. Compliance with applicable laws and regulations.

B. *Internal audit system.* An institution should have an internal audit system that is appropriate to the size of the institution and the nature and scope of its activities and that provides for:

1. Adequate monitoring of the system of internal controls through an internal audit function. For an institution whose size, complexity or scope of operations does not warrant a full scale internal audit function, a system of independent reviews of key internal controls may be used;

2. Independence and objectivity;

<sup>3</sup>In applying these definitions for savings associations, pursuant to 12 U.S.C. 1464, savings associations shall use the terms "savings association" and "insured savings association" in place of the terms "member bank" and "insured bank".

<sup>4</sup>See footnote 3 in section I.B.4. of this appendix.

<sup>5</sup>See footnote 3 in section I.B.4. of this appendix.

3. Qualified persons;
4. Adequate testing and review of information systems;
5. Adequate documentation of tests and findings and any corrective actions;
6. Verification and review of management actions to address material weaknesses; and
7. Review by the institution's audit committee or board of directors of the effectiveness of the internal audit systems.

C. *Loan documentation.* An institution should establish and maintain loan documentation practices that:

1. Enable the institution to make an informed lending decision and to assess risk, as necessary, on an ongoing basis;
2. Identify the purpose of a loan and the source of repayment, and assess the ability of the borrower to repay the indebtedness in a timely manner;
3. Ensure that any claim against a borrower is legally enforceable;
4. Demonstrate appropriate administration and monitoring of a loan; and
5. Take account of the size and complexity of a loan.

D. *Credit underwriting.* An institution should establish and maintain prudent credit underwriting practices that:

1. Are commensurate with the types of loans the institution will make and consider the terms and conditions under which they will be made;
2. Consider the nature of the markets in which loans will be made;
3. Provide for consideration, prior to credit commitment, of the borrower's overall financial condition and resources, the financial responsibility of any guarantor, the nature and value of any underlying collateral, and the borrower's character and willingness to repay as agreed;
4. Establish a system of independent, ongoing credit review and appropriate communication to management and to the board of directors;
5. Take adequate account of concentration of credit risk; and
6. Are appropriate to the size of the institution and the nature and scope of its activities.

E. *Interest rate exposure.* An institution should:

1. Manage interest rate risk in a manner that is appropriate to the size of the institution and the complexity of its assets and liabilities; and
2. Provide for periodic reporting to management and the board of directors regarding interest rate risk with adequate information for management and the board of directors to assess the level of risk.

F. *Asset growth.* An institution's asset growth should be prudent and consider:

1. The source, volatility and use of the funds that support asset growth;

2. Any increase in credit risk or interest rate risk as a result of growth; and

3. The effect of growth on the institution's capital.

G. *Asset quality.* An insured depository institution should establish and maintain a system that is commensurate with the institution's size and the nature and scope of its operations to identify problem assets and prevent deterioration in those assets. The institution should:

1. Conduct periodic asset quality reviews to identify problem assets;
2. Estimate the inherent losses in those assets and establish reserves that are sufficient to absorb estimated losses;
3. Compare problem asset totals to capital;
4. Take appropriate corrective action to resolve problem assets;
5. Consider the size and potential risks of material asset concentrations; and
6. Provide periodic asset reports with adequate information for management and the board of directors to assess the level of asset risk.

H. *Earnings.* An insured depository institution should establish and maintain a system that is commensurate with the institution's size and the nature and scope of its operations to evaluate and monitor earnings and ensure that earnings are sufficient to maintain adequate capital and reserves. The institution should:

1. Compare recent earnings trends relative to equity, assets, or other commonly used benchmarks to the institution's historical results and those of its peers;
2. Evaluate the adequacy of earnings given the size, complexity, and risk profile of the institution's assets and operations;
3. Assess the source, volatility, and sustainability of earnings, including the effect of nonrecurring or extraordinary income or expense;
4. Take steps to ensure that earnings are sufficient to maintain adequate capital and reserves after considering the institution's asset quality and growth rate; and
5. Provide periodic earnings reports with adequate information for management and the board of directors to assess earnings performance.

I. *Compensation, fees and benefits.* An institution should maintain safeguards to prevent the payment of compensation, fees, and benefits that are excessive or that could lead to material financial loss to the institution.

### III. PROHIBITION ON COMPENSATION THAT CONSTITUTES AN UNSAFE AND UNSOUND PRACTICE

#### A. Excessive Compensation

Excessive compensation is prohibited as an unsafe and unsound practice. Compensation shall be considered excessive when amounts paid are unreasonable or disproportionate to

the services performed by an executive officer, employee, director, or principal shareholder, considering the following:

1. The combined value of all cash and non-cash benefits provided to the individual;
2. The compensation history of the individual and other individuals with comparable expertise at the institution;
3. The financial condition of the institution;
4. Comparable compensation practices at comparable institutions, based upon such factors as asset size, geographic location, and the complexity of the loan portfolio or other assets;
5. For postemployment benefits, the projected total cost and benefit to the institution;
6. Any connection between the individual and any fraudulent act or omission, breach of trust or fiduciary duty, or insider abuse with regard to the institution; and
7. Any other factors the agencies determine to be relevant.

*B. Compensation Leading to Material Financial Loss*

Compensation that could lead to material financial loss to an institution is prohibited as an unsafe and unsound practice. [60 FR 35678, 35685, July 10, 1995; 61 FR 43951, Aug. 27, 1996]

## PART 365—REAL ESTATE LENDING STANDARDS

Sec.

365.1 Purpose and scope.

365.2 Real estate lending standards.

APPENDIX A TO PART 365—INTERAGENCY GUIDELINES FOR REAL ESTATE LENDING POLICIES

AUTHORITY: 12 U.S.C. 1828(o).

SOURCE: 57 FR 62896, 62900, Dec. 31, 1992, unless otherwise noted.

### § 365.1 Purpose and scope.

This part, issued pursuant to section 304 of the Federal Deposit Insurance Corporation Improvement Act of 1991, 12 U.S.C. 1828(o), prescribes standards for real estate lending to be used by insured state nonmember banks (including state-licensed insured branches of foreign banks) in adopting internal real estate lending policies.

### § 365.2 Real estate lending standards.

(a) Each insured state nonmember bank shall adopt and maintain written policies that establish appropriate limits and standards for extensions of

credit that are secured by liens on or interests in real estate, or that are made for the purpose of financing permanent improvements to real estate.

(b)(1) Real estate lending policies adopted pursuant to this section must:

(i) Be consistent with safe and sound banking practices;

(ii) Be appropriate to the size of the institution and the nature and scope of its operations; and

(iii) Be reviewed and approved by the bank's board of directors at least annually.

(2) The lending policies must establish:

(i) Loan portfolio diversification standards;

(ii) Prudent underwriting standards, including loan-to-value limits, that are clear and measurable;

(iii) Loan administration procedures for the bank's real estate portfolio; and

(iv) Documentation, approval, and reporting requirements to monitor compliance with the bank's real estate lending policies.

(c) Each insured state nonmember bank must monitor conditions in the real estate market in its lending area to ensure that its real estate lending policies continue to be appropriate for current market conditions.

(d) The real estate lending policies adopted pursuant to this section should reflect consideration of the Interagency Guidelines for Real Estate Lending Policies established by the Federal bank and thrift supervisory agencies.

APPENDIX A TO PART 365—INTERAGENCY GUIDELINES FOR REAL ESTATE LENDING POLICIES

The agencies' regulations require that each insured depository institution adopt and maintain a written policy that establishes appropriate limits and standards for all extensions of credit that are secured by liens on or interests in real estate or made for the purpose of financing the construction of a building or other improvements.<sup>5</sup> These guidelines are intended to assist institutions

<sup>5</sup>The agencies have adopted a uniform rule on real estate lending. See 12 CFR part 365 (FDIC); 12 CFR part 208, subpart C (FRB); 12 CFR part 34, subpart D (OCC); and 12 CFR 563.100-101 (OTS).

in the formulation and maintenance of a real estate lending policy that is appropriate to the size of the institution and the nature and scope of its individual operations, as well as satisfies the requirements of the regulation.

Each institution's policies must be comprehensive, and consistent with safe and sound lending practices, and must ensure that the institution operates within limits and according to standards that are reviewed and approved at least annually by the board of directors. Real estate lending is an integral part of many institutions' business plans and, when undertaken in a prudent manner, will not be subject to examiner criticism.

#### LOAN PORTFOLIO MANAGEMENT CONSIDERATIONS

The lending policy should contain a general outline of the scope and distribution of the institution's credit facilities and the manner in which real estate loans are made, serviced, and collected. In particular, the institution's policies on real estate lending should:

- Identify the geographic areas in which the institution will consider lending.
- Establish a loan portfolio diversification policy and set limits for real estate loans by type and geographic market (e.g., limits on higher risk loans).
- Identify appropriate terms and conditions by type of real estate loan.
- Establish loan origination and approval procedures, both generally and by size and type of loan.
- Establish prudent underwriting standards that are clear and measurable, including loan-to-value limits, that are consistent with these supervisory guidelines.
- Establish review and approval procedures for exception loans, including loans with loan-to-value percentages in excess of supervisory limits.
- Establish loan administration procedures, including documentation, disbursement, collateral inspection, collection, and loan review.
- Establish real estate appraisal and evaluation programs.
- Require that management monitor the loan portfolio and provide timely and adequate reports to the board of directors.

The institution should consider both internal and external factors in the formulation of its loan policies and strategic plan. Factors that should be considered include:

- The size and financial condition of the institution.
- The expertise and size of the lending staff.
- The need to avoid undue concentrations of risk.
- Compliance with all real estate related laws and regulations, including the Commu-

nity Reinvestment Act, anti-discrimination laws, and for savings associations, the Qualified Thrift Lender test.

- Market conditions.

The institution should monitor conditions in the real estate markets in its lending area so that it can react quickly to changes in market conditions that are relevant to its lending decisions. Market supply and demand factors that should be considered include:

- Demographic indicators, including population and employment trends.
- Zoning requirements.
- Current and projected vacancy, construction, and absorption rates.
- Current and projected lease terms, rental rates, and sales prices, including concessions.
- Current and projected operating expenses for different types of projects.
- Economic indicators, including trends and diversification of the lending area.
- Valuation trends, including discount and direct capitalization rates.

#### UNDERWRITING STANDARDS

Prudently underwritten real estate loans should reflect all relevant credit factors, including:

- The capacity of the borrower, or income from the underlying property, to adequately service the debt.
- The value of the mortgaged property.
- The overall creditworthiness of the borrower.
- The level of equity invested in the property.
- Any secondary sources of repayment.
- Any additional collateral or credit enhancements (such as guarantees, mortgage insurance or takeout commitments).

The lending policies should reflect the level of risk that is acceptable to the board of directors and provide clear and measurable underwriting standards that enable the institution's lending staff to evaluate these credit factors. The underwriting standards should address:

- The maximum loan amount by type of property.
- Maximum loan maturities by type of property.
- Amortization schedules.
- Pricing structure for different types of real estate loans.
- Loan-to-value limits by type of property.

For development and construction projects, and completed commercial properties, the policy should also establish, commensurate with the size and type of the project or property:

- Requirements for feasibility studies and sensitivity and risk analyses (e.g., sensitivity of income projections to changes in economic variables such as interest rates, vacancy rates, or operating expenses).
- Minimum requirements for initial investment and maintenance of hard equity by the borrower (e.g., cash or unencumbered investment in the underlying property).
- Minimum standards for net worth, cash flow, and debt service coverage of the borrower or underlying property.
- Standards for the acceptability of and limits on non-amortizing loans.
- Standards for the acceptability of and limits on the use of interest reserves.
- Pre-leasing and pre-sale requirements for income-producing property.
- Pre-sale and minimum unit release requirements for non-income-producing property loans.
- Limits on partial recourse or non-recourse loans and requirements for guarantor support.
- Requirements for takeout commitments.
- Minimum covenants for loan agreements.

LOAN ADMINISTRATION

The institution should also establish loan administration procedures for its real estate portfolio that address:

- Documentation, including:
  - Type and frequency of financial statements, including requirements for verification of information provided by the borrower;
  - Type and frequency of collateral evaluations (appraisals and other estimates of value).
- Loan closing and disbursement.
- Payment processing.
- Escrow administration.
- Collateral administration.
- Loan payoffs.
- Collections and foreclosure, including:
  - Delinquency follow-up procedures;
  - Foreclosure timing;
  - Extensions and other forms of forbearance;
  - Acceptance of deeds in lieu of foreclosure.
- Claims processing (e.g., seeking recovery on a defaulted loan covered by a government guaranty or insurance program).
- Servicing and participation agreements.

SUPERVISORY LOAN-TO-VALUE LIMITS

Institutions should establish their own internal loan-to-value limits for real estate loans. These internal limits should not exceed the following supervisory limits:

Loan category	Loan-to-value limit (percent)
Raw land .....	65
Land development .....	75
Construction:	
Commercial, multifamily, <sup>1</sup> and other non-residential .....	80
1- to 4-family residential .....	85
Improved property .....	85
Owner-occupied 1- to 4-family and home equity	( <sup>2</sup> )

<sup>1</sup>Multifamily construction includes condominiums and co-operatives.

<sup>2</sup>A loan-to-value limit has not been established for permanent mortgage or home equity loans on owner-occupied, 1- to 4-family residential property. However, for any such loan with a loan-to-value ratio that equals or exceeds 90 percent at origination, an institution should require appropriate credit enhancement in the form of either mortgage insurance or readily marketable collateral.

The supervisory loan-to-value limits should be applied to the underlying property that collateralizes the loan. For loans that fund multiple phases of the same real estate project (e.g., a loan for both land development and construction of an office building), the appropriate loan-to-value limit is the limit applicable to the final phase of the project funded by the loan; however, loan disbursements should not exceed actual development or construction outlays. In situations where a loan is fully cross-collateralized by two or more properties or is secured by a collateral pool of two or more properties, the appropriate maximum loan amount under supervisory loan-to-value limits is the sum of the value of each property, less senior liens, multiplied by the appropriate loan-to-value limit for each property. To ensure that collateral margins remain within the supervisory limits, lenders should redetermine conformity whenever collateral substitutions are made to the collateral pool.

In establishing internal loan-to-value limits, each lender is expected to carefully consider the institution-specific and market factors listed under "Loan Portfolio Management Considerations," as well as any other relevant factors, such as the particular sub-category or type of loan. For any sub-category of loans that exhibits greater credit risk than the overall category, a lender should consider the establishment of an internal loan-to-value limit for that sub-category that is lower than the limit for the overall category.

The loan-to-value ratio is only one of several pertinent credit factors to be considered when underwriting a real estate loan. Other credit factors to be taken into account are highlighted in the "Underwriting Standards" section above. Because of these other factors, the establishment of these supervisory limits should not be interpreted to mean that loans at these levels will automatically be considered sound.

## LOANS IN EXCESS OF THE SUPERVISORY LOAN-TO-VALUE LIMITS

The agencies recognize that appropriate loan-to-value limits vary not only among categories of real estate loans but also among individual loans. Therefore, it may be appropriate in individual cases to originate or purchase loans with loan-to-value ratios in excess of the supervisory loan-to-value limits, based on the support provided by other credit factors. Such loans should be identified in the institution's records, and their aggregate amount reported at least quarterly to the institution's board of directors. (See additional reporting requirements described under "Exceptions to the General Policy.")

The aggregate amount of all loans in excess of the supervisory loan-to-value limits should not exceed 100 percent of total capital.<sup>2</sup> Moreover, within the aggregate limit, total loans for all commercial, agricultural, multifamily or other non-1-to-4 family residential properties should not exceed 30 percent of total capital. An institution will come under increased supervisory scrutiny as the total of such loans approaches these levels.

## EXCLUDED TRANSACTIONS

The agencies also recognize that there are a number of lending situations in which other factors significantly outweigh the need to apply the supervisory loan-to-value limits. These include:

- Loans guaranteed or insured by the U.S. government or its agencies, provided that the amount of the guaranty or insurance is at least equal to the portion of the loan that exceeds the supervisory loan-to-value limit.

<sup>2</sup>For the state member banks, the term "total capital" means "total risk-based capital" as defined in appendix A to 12 CFR part 208. For insured state non-member banks, "total capital" refers to that term described in table I of appendix A to 12 CFR part 325. For national banks, the term "total capital" is defined at 12 CFR 3.2(e). For savings associations, the term "total capital" is defined at 12 CFR 567.5(c).

In determining the aggregate amount of such loans, institutions should: (a) Include all loans secured by the same property if any one of those loans exceeds the supervisory loan-to-value limits; and (b) include the recourse obligation of any such loan sold with recourse. Conversely, a loan should no longer be reported to the directors as part of aggregate totals when reduction in principal or senior liens, or additional contribution of collateral or equity (e.g., improvements to the real property securing the loan), bring the loan-to-value ratio into compliance with supervisory limits.

- Loans backed by the full faith and credit of a state government, provided that the amount of the assurance is at least equal to the portion of the loan that exceeds the supervisory loan-to-value limit.

- Loans guaranteed or insured by a state, municipal or local government, or an agency thereof, provided that the amount of the guaranty or insurance is at least equal to the portion of the loan that exceeds the supervisory loan-to-value limit, and provided that the lender has determined that the guarantor or insurer has the financial capacity and willingness to perform under the terms of the guaranty or insurance agreement.

- Loans that are to be sold promptly after origination, without recourse, to a financially responsible third party.

- Loans that are renewed, refinanced, or restructured without the advancement of new funds or an increase in the line of credit (except for reasonable closing costs), or loans that are renewed, refinanced, or restructured in connection with a workout situation, either with or without the advancement of new funds, where consistent with safe and sound banking practices and part of a clearly defined and well-documented program to achieve orderly liquidation of the debt, reduce risk of loss, or maximize recovery on the loan.

- Loans that facilitate the sale of real estate acquired by the lender in the ordinary course of collecting a debt previously contracted in good faith.

- Loans for which a lien on or interest in real property is taken as additional collateral through an abundance of caution by the lender (e.g., the institution takes a blanket lien on all or substantially all of the assets of the borrower, and the value of the real property is low relative to the aggregate value of all other collateral).

- Loans, such as working capital loans, where the lender does not rely principally on real estate as security and the extension of credit is not used to acquire, develop, or construct permanent improvements on real property.

- Loans for the purpose of financing permanent improvements to real property, but not secured by the property, if such security interest is not required by prudent underwriting practice.

## EXCEPTIONS TO THE GENERAL LENDING POLICY

Some provision should be made for the consideration of loan requests from credit-worthy borrowers whose credit needs do not fit within the institution's general lending policy. An institution may provide for prudently underwritten exceptions to its lending policies, including loan-to-value limits,

on a loan-by-loan basis. However, any exceptions from the supervisory loan-to-value limits should conform to the aggregate limits on such loans discussed above.

The board of directors is responsible for establishing standards for the review and approval of exception loans. Each institution should establish an appropriate internal process for the review and approval of loans that do not conform to its own internal policy standards. The approval of any such loan should be supported by a written justification that clearly sets forth all of the relevant credit factors that support the underwriting decision. The justification and approval documents for such loans should be maintained as a part of the permanent loan file. Each institution should monitor compliance with its real estate lending policy and individually report exception loans of a significant size to its board of directors.

#### SUPERVISORY REVIEW OF REAL ESTATE LENDING POLICIES AND PRACTICES

The real estate lending policies of institutions will be evaluated by examiners during the course of their examinations to determine if the policies are consistent with safe and sound lending practices, these guidelines, and the requirements of the regulation. In evaluating the adequacy of the institution's real estate lending policies and practices, examiners will take into consideration the following factors:

- The nature and scope of the institution's real estate lending activities.
- The size and financial condition of the institution.
- The quality of the institution's management and internal controls.
- The expertise and size of the lending and loan administration staff.
- Market conditions.

Lending policy exception reports will also be reviewed by examiners during the course of their examinations to determine whether the institutions' exceptions are adequately documented and appropriate in light of all of the relevant credit considerations. An excessive volume of exceptions to an institution's real estate lending policy may signal a weakening of its underwriting practices, or may suggest a need to revise the loan policy.

#### DEFINITIONS

For the purposes of these Guidelines:

*Construction loan* means an extension of credit for the purpose of erecting or rehabilitating buildings or other structures, including any infrastructure necessary for development.

*Extension of credit or loan* means:

- (1) The total amount of any loan, line of credit, or other legally binding lending commitment with respect to real property; and

- (2) The total amount, based on the amount of consideration paid, of any loan, line of credit, or other legally binding lending commitment acquired by a lender by purchase, assignment, or otherwise.

*Improved property loan* means an extension of credit secured by one of the following types of real property:

- (1) Farmland, ranchland or timberland committed to ongoing management and agricultural production;
- (2) 1- to 4-family residential property that is not owner-occupied;
- (3) Residential property containing five or more individual dwelling units;
- (4) Completed commercial property; or
- (5) Other income-producing property that has been completed and is available for occupancy and use, except income-producing owner-occupied 1- to 4-family residential property.

*Land development loan* means an extension of credit for the purpose of improving unimproved real property prior to the erection of structures. The improvement of unimproved real property may include the laying or placement of sewers, water pipes, utility cables, streets, and other infrastructure necessary for future development.

*Loan origination* means the time of inception of the obligation to extend credit (i.e., when the last event or prerequisite, controllable by the lender, occurs causing the lender to become legally bound to fund an extension of credit).

*Loan-to-value or loan-to-value ratio* means the percentage or ratio that is derived at the time of loan origination by dividing an extension of credit by the total value of the property(ies) securing or being improved by the extension of credit plus the amount of any readily marketable collateral and other acceptable collateral that secures the extension of credit. The total amount of all senior liens on or interests in such property(ies) should be included in determining the loan-to-value ratio. When mortgage insurance or collateral is used in the calculation of the loan-to-value ratio, and such credit enhancement is later released or replaced, the loan-to-value ratio should be recalculated.

*Other acceptable collateral* means any collateral in which the lender has a perfected security interest, that has a quantifiable value, and is accepted by the lender in accordance with safe and sound lending practices. Other acceptable collateral should be appropriately discounted by the lender consistent with the lender's usual practices for making loans secured by such collateral. Other acceptable collateral includes, among other items, unconditional irrevocable standby letters of credit for the benefit of the lender.

*Owner-occupied*, when used in conjunction with the term 1- to 4-family residential property means that the owner of the underlying

real property occupies at least one unit of the real property as a principal residence of the owner.

*Readily marketable collateral* means insured deposits, financial instruments, and bullion in which the lender has a perfected interest. Financial instruments and bullion must be salable under ordinary circumstances with reasonable promptness at a fair market value determined by quotations based on actual transactions, on an auction or similarly available daily bid and ask price market. Readily marketable collateral should be appropriately discounted by the lender consistent with the lender's usual practices for making loans secured by such collateral.

*Value* means an opinion or estimate, set forth in an appraisal or evaluation, whichever may be appropriate, of the market value of real property, prepared in accordance with the agency's appraisal regulations and guidance. For loans to purchase an existing property, the term "value" means the lesser of the actual acquisition cost or the estimate of value.

*1- to 4-family residential property* means property containing fewer than five individual dwelling units, including manufactured homes permanently affixed to the underlying property (when deemed to be real property under state law).

(1) A contractor; any management officials or affiliated business entities of a contractor; or any employees, agents, or subcontractors of a contractor who will perform services under a proposed or existing contract with the FDIC, has one or more personal, business, or fi-

ancial interests or relationships which would cause a reasonable individual with knowledge of the relevant facts to question the integrity or impartiality of those who are or will be acting under a proposed or existing FDIC contract; or

#### § 366.3 Appropriate officials.

(a) The General Counsel of the FDIC, or the designee of the General Counsel, shall administer the provisions of this part with respect to contracts involving the provision of services by law firms or sole practitioner lawyers.

(b) The FDIC Executive Secretary, or the designee of the Executive Secretary, shall administer the provisions of this part with respect to all other contracts.

**§ 366.4 Disqualification of contractors.**

(a) *Disqualifying conditions.* No person shall perform services under an FDIC contract and no contractor shall enter into any contract with the FDIC if that person or contractor:

- (1) Has been convicted of any felony;
- (2) Has been removed from, or prohibited from participating in the affairs of, any insured depository institution pursuant to any final enforcement action by the Office of the Comptroller of the Currency, the Office of Thrift Supervision, the Board of Governors of the Federal Reserve System, or the Federal Deposit Insurance Corporation or their successors;
- (3) Has demonstrated a pattern or practice of defalcation regarding obligations; or
- (4) Has caused a substantial loss to Federal deposit insurance funds.

(b) *Contractors with disqualifying conditions arising prior to contract award.* (1) A contractor which has any of the disqualifying conditions identified in paragraph (a) of this section prior to the award of an FDIC contract is disqualified and is prohibited from entering into contracts with the FDIC.

(2) If after submitting an offer but prior to award, a contractor discovers that it has any of the disqualifying conditions identified in paragraph (a) of this section, it shall notify the FDIC in writing within 10 days or prior to award, whichever is earlier.

(c) *Disqualifying conditions that arise or are discovered after contract award.* A contractor must notify the FDIC in writing within 10 days after discovering that it or any person performing services under an FDIC contract has any of the disqualifying conditions identified in paragraph (a) of this section. Such notification shall contain a detailed description of the disqualifying condition and may include a statement of how the contractor intends to resolve such condition. The FDIC, after receipt of such notification or other discovery of the contractor's disqualifying condition, shall take such action as it determines is in the FDIC's best interests, including that:

(1) The FDIC may notify the contractor in writing of the corrective actions, if any, which the contractor must take to eliminate the disquali-

fying condition. Corrective actions must be completed by the contractor not later than 30 days after notification is mailed by the FDIC unless the FDIC, at its sole discretion, determines that it will be in the best interests of the FDIC to grant the contractor an extension of time in which to complete such corrective action;

(2) The FDIC may immediately declare any contracts with such contractor in default, terminate the contracts, and order an immediate transfer of duties and responsibilities under the contracts; or

(3) The FDIC may declare any contracts with such contractor in default and temporarily waive such default in order to allow an orderly transfer of duties and responsibilities under the contracts.

(d) *Reconsideration of decisions.* Decisions issued by the FDIC may be reconsidered upon application by an affected party to the Chairman or the Chairman's designee. Such requests shall be in writing and contain the bases for the request. The FDIC, at its discretion and after determining that it is in its best interests, may stay any corrective or other actions ordered by it pending reconsideration of a decision.

**§ 366.5 Contractor conflicts of interest.**

(a) *General.* The FDIC will not award contracts to contractors that have conflicts of interest associated with a particular contract or permit contractors to continue performance under existing contracts when such contractors have conflicts of interest, unless such conflicts are eliminated by the contractor or are waived by the appropriate FDIC official.

(b) *Waivers.* Waivers of conflicts of interest will only be granted when, in light of all relevant circumstances, the interests of the FDIC in the contractor's participation outweigh the concern that a reasonable person may question the integrity of the FDIC's operations.

(c) *Conflicts of interest arising prior to contract award (1) Requests for review of conflicts of interest.* (i) A contractor, with its offer, may request a determination as to the existence of a conflict of interest, may request that the conflict of interest, if any, be waived in

accordance with paragraph (b) of this section, or may propose how the contractor could eliminate the conflict.

(ii) If after submitting an offer, but prior to award, a contractor discovers that it has a conflict, it shall notify the FDIC in writing within 10 days or prior to award, whichever is earlier. The contractor, with its notice, may make such requests or proposals regarding the conflict or potential conflict as are described in paragraph (c)(1)(i) of this section.

(2) *Review by the FDIC.* (i) Subject to the restrictions set forth in paragraphs (c)(2)(ii) and (c)(3) of this section, the appropriate FDIC official, at his or her sole discretion, may determine whether a conflict of interest exists, may waive the conflict of interest in accordance with paragraph (b) of this section, or may approve in writing a contractor's proposal to eliminate a conflict of interest.

(ii) For contractors other than law firms and sole practitioner lawyers, the FDIC may consider a contractor's conflict or potential conflict of interest only if the FDIC first determines that the contractor's offer is the most advantageous of all received.

(3) *Pre-bid requests and pre-bid review for contractors other than law firms and sole practitioner lawyers.* A request for pre-bid review must be in writing and describe in detail the conflict or potential conflict of interest. The request may provide a proposal for elimination of the conflict or request a waiver of the conflict. The FDIC may perform a pre-bid review of conflicts of interest only if it first determines, at its sole discretion, that the participation of the contractor in the bidding process is necessary to provide adequate competition.

(d) *Conflicts of interest that arise or are discovered after contract award.* A contractor shall notify the FDIC in writing within 10 days after discovering that it has a conflict of interest. Such notification shall contain a detailed description of the conflict of interest and state how the contractor intends to eliminate the conflict. The FDIC, after receipt of such notification or other discovery of the contractor's conflict or potential conflict of interest, shall take such action as it determines

is in the FDIC's best interests, including that:

(1) The FDIC may notify the contractor in writing of its finding as to whether a conflict of interest exists and the basis for such determination; whether or not a waiver will be granted; or whether corrective actions may be taken in order to eliminate the conflict of interest. Corrective actions must be completed by the contractor not later than 30 days after notification is mailed by the FDIC unless the FDIC, at its sole discretion, determines that it is in the best interests of the FDIC to grant the contractor an extension in which to complete such corrective action;

(2) The FDIC may immediately declare any affected contracts with such contractor in default, terminate the contracts, and order an immediate transfer of duties and responsibilities under such contracts; or

(3) The FDIC may declare any affected contract with such contractor in default and temporarily waive such default in order to allow an orderly transfer of duties and responsibilities under such contract.

(e) *Reconsideration of decisions.* Decisions issued pursuant to this part may be reconsidered by the Chairman or the Chairman's designee upon application by the contractor. Such requests shall be in writing and shall contain the bases for the request. The FDIC, at its discretion and after determining that it is in its best interests, may stay any corrective or other actions ordered by the FDIC pending reconsideration of a decision.

#### **§ 366.6 Information required to be submitted.**

(a) *Initial submission.* Every offer submitted to the FDIC by any contractor shall include a completed Representations and Certifications Form and such other information as the FDIC may deem appropriate to permit it to make a determination with respect to disqualifying conditions or conflicts of interest. The Representations and Certifications Form shall require that the contractor provide the following:

(1) Certifications that, to the best of the contractor's knowledge, the contractor is not disqualified from service

on behalf of the FDIC because of the existence of any of the conditions identified in § 366.4(a), or conflicts of interest as defined in § 366.2(c)(1) through (3), subject to the contractor's request for waiver of a conflict of interest or proposal for elimination of a conflict of interest as described in § 366.5;

(2) A list and description of any instance during the ten (10) years preceding the submission of the offer in which the contractor or any company under the contractor's control defaulted on a material obligation to any insured depository institution;

(3) The contractor's agreement that it will not allow any employee, agent, or subcontractor to perform services under the proposed contract with the FDIC unless the contractor first verifies with each such employee, agent, or subcontractor that, to the best of such person's knowledge, such person:

(i) Is not disqualified from performing services under the FDIC contract because of the existence of any of the conditions identified in § 366.4(a);

(ii) Has no conflicts of interest as defined in § 366.2(c)(1) through (3), subject to a request by the contractor for a conflict of interest waiver or proposal for the elimination of a conflict of interest as set forth in § 366.5; and

(iii) Has not, during the ten (10) years preceding the submission of the offer, defaulted on a material obligation to any insured depository institution; and

(4) Any other information which the FDIC may deem appropriate, the scope of which will be dependent on the particular contract under consideration.

(b) *Subsequent submissions.* During the term of the contract, the contractor shall:

(1) Verify the information described in paragraph (a)(3) of this section for any employee, agent, or subcontractor who will perform services under the contract for whom such information has not been previously verified, prior to such employee, agent, or subcontractor performing services under the contract; and

(2) Immediately notify the FDIC if any of the information submitted pursuant to paragraph (a) of this section was incorrect at time of submission or has subsequently become incorrect.

(c) *Failure to provide information.* A contractor that fails to provide any required information or misstates a material fact may be determined by the FDIC to be ineligible for the award of the FDIC contract for which such information is required or to be in default with respect to any existing contract for which such information is required.

(d) *Retention of information.* A contractor shall retain the information upon which it relied in preparing its certification(s) during the term of the contract and for a period of three (3) years following the termination or expiration of the contract and shall make such information available for review by the FDIC upon request.

(e) *Delayed compliance in emergencies.* In emergencies, when unforeseeable circumstances make it necessary to contract immediately in order to protect FDIC personnel or property, the FDIC may authorize delayed compliance with this part.

(f) *Additional contractual requirements.* In addition to the provisions of this part, the FDIC may include in its contract provisions, conditions and limitations, including additional standards for contractor fitness and integrity.

#### **§ 366.7 Minimum ethical standards for independent contractors.**

(a) In connection with the performance of any contract and during the term of such contract, a contractor, shall not:

(1) Accept or solicit for itself or others favors, gifts, or other items of monetary value from any person the contractor knows is seeking official action from the FDIC in connection with the contract or has interests which may be substantially affected by the contractor's performance or nonperformance of duties to the FDIC;

(2) Use improperly or allow the improper use of FDIC property, or property over which the contractor has supervision or charge by reason of the contract;

(c) Pursuant to 18 U.S.C. 1001, whoever knowingly and willingly falsifies a material fact, makes a false statement, or utilizes a false writing in connection with an FDIC contract is subject to criminal sanctions under Title 18 of the United States Code.

(d) A contractor that violates the provisions of this section may be determined by the FDIC to be ineligible for the award of an FDIC contract and the FDIC may determine that such contractor is in default under any existing FDIC contract.

### § 366.8 Confidentiality of information.

(a) A contractor has a duty to protect confidential information and shall not use or allow the use of confidential information to further a private interest other than as contemplated by the contract.

(b) If a contractor fails to comply with the provisions of this section, the FDIC may:

(1) Declare the contractor ineligible for the award of any FDIC contract not yet awarded; or

(2) Declare the contractor in default under any existing contract with the FDIC.

(c) As used in this section, "confidential information" means information that a contractor obtains from the FDIC or a third party in connection with an FDIC contract but does not include information generally available to the public unless the information becomes available to the public as a result of unauthorized disclosure by the contractor.

### § 366.9 Liability for rescission or termination.

The FDIC may seek its actual, direct, and consequential damages from a contractor whose disqualifying conditions,

## 12 CFR Ch. III (1-1-98 Edition)

conflicts of interest, failure to comply with information submission or confidentiality requirements, or failure to comply with the minimum ethical standards for independent contractors were the basis for rescission or termination of a contract between the FDIC and the contractor. This right to terminate or rescind and these remedies are cumulative and in addition to any other remedies or rights the FDIC may have under the terms of the contract, at law, or otherwise.

### § 366.10 Finality of determination.

Any determination made by the FDIC pursuant to this part is at the FDIC's sole discretion and shall not be subject to further review.

(4) RTC actions taken under the RTC regulations on or before December 31, 1995, will be honored as if taken by the FDIC. A contractor subject to an RTC exclusion or suspension will be precluded thereby from participation in the FDIC's contracting program unless that exclusion or suspension is modified or terminated under the provisions of this part.

tracting program for any of the causes set forth in § 367.6, using procedures established in this part.

(b) Exclusion is a serious action to be imposed when there exists a preponderance of the evidence that a contractor has violated one or more of the causes set forth in § 367.6. Contractors excluded from FDIC contracting programs are prohibited from entering into any new contracts with FDIC for the duration of the period of exclusion as determined pursuant to this part. The FDIC shall not solicit offers from, award contracts to, extend or modify existing contracts, award task orders under existing contracts, or consent to subcontracts with such contractors. Excluded contractors are also prohibited from conducting business with FDIC as agents or representatives of other contractors. *Provided however*, that these limitations do not become effective upon the notification of the contractor that there is a possible cause to exclude under § 367.13. Rather, they become effective only upon the Ethics Counselor's decision to exclude the contractor pursuant to § 367.16. *Provided further*, that the causes for exclusion set forth in § 367.6(a)(1) through (4) reflect statutorily established mandatory bars to contracting with the FDIC.

(c) Except when one or more of the statutorily established mandatory bars to contracting are shown to exist, the existence of a cause for exclusion does not necessarily require that the contractor be excluded; the seriousness of the contractor's acts or omissions and any mitigating or aggravating circumstances shall be considered in making any exclusion decision.

(2) Violation of federal or state anti-trust statutes, including those proscribing price fixing between competitors, allocation of customers between competitors, and bid rigging, or conspiracy to do the same;

(3) Commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, receiving stolen property, making false claims, obstructing of justice, or conspiracy to do the same;

(4) Commission of any other offense indicating a breach of trust, dishonesty or lack of integrity, or conspiracy to do the same;

(1) The contractor's performance under previous contract(s) with FDIC or RTC has resulted in:

(1) The FDIC or RTC declaring such contract(s) to be in default; or

(2) The termination of such contract(s) for poor performance; or

### 12 CFR Ch. III (1-1-98 Edition)

(3) A violation of the terms of a contract that would have resulted in a default or termination of the contract for poor performance if that violation had been discovered during the course of the contract; or

(m) The contractor has engaged in any conduct:

(1) Indicating a breach of trust, dishonesty, or lack of integrity that seriously and directly affects its ability to meet standards of present responsibility required of an FDIC contractor; or

(2) So serious or compelling in nature that it adversely affects the ability of a contractor to meet the minimum ethical standards required by 12 CFR part 366.

#### § 367.7 Suspensions.

(a) The Ethics Counselor may suspend a contractor for any of the causes in § 367.8 using the procedures established in this section.

(b) Suspension is an action to be imposed when there exists adequate evidence of one or more of the causes set out in § 367.8. This includes, but is not limited to, situations where immediate action is necessary to protect the integrity of the FDIC contracting program and/or the security of FDIC assets during the pendency of legal or investigative proceedings initiated by FDIC, any federal agency or any law enforcement authority.

(c) The duration of any suspension action shall be for a temporary period pending the completion of an investigation and such other legal proceedings as may ensue.

(d) A suspension shall become effective immediately upon issuance of the notice specified in § 367.13(b).

(e) Contractors suspended from FDIC contracting programs are prohibited from entering into any new contracts with the FDIC for the duration of the period of suspension. The FDIC shall not solicit offers from, award contracts to, extend or modify existing contracts, award task orders under existing contracts, or consent to subcontracts with such contractors. Suspended contractors are also prohibited from conducting business with FDIC as agents or representatives of other contractors.

## § 367.13

### § 367.8 Causes for suspension.

(a) Suspension may be imposed under the procedures set forth in this section upon adequate evidence:

(1) Of suspension by another federal agency;

(2) That a cause for exclusion under § 367.6 may exist;

(3) Of the commission of any other offense indicating a breach of trust, dishonesty, or lack of integrity that seriously and directly affects the minimum ethical standards required of an FDIC contractor; or

(4) Of any other cause so serious or compelling in nature that it adversely affects the ability of a contractor to meet the minimal ethical standards required by 12 CFR part 366.

(b) Indictment for any offense described in § 367.6 is adequate evidence to suspend a contractor.

(c) In assessing the adequacy of the evidence, FDIC will consider how much information is available, how credible it is given the circumstances, whether or not important allegations are corroborated and what inferences can reasonably be drawn as a result.

### § 367.9 Imputation of causes.

(a) Where there is cause to suspend and/or exclude any affiliated business entity of the contractor, that conduct may be imputed to the contractor if the conduct occurred in connection with the affiliated business entity's performance of duties for or on behalf of the contractor, or with the contractor's knowledge, approval, or acquiescence. The contractor's acceptance of the benefits derived from the conduct shall be evidence of such knowledge, approval, or acquiescence.

(b) Where there is cause to suspend and/or exclude any contractor, that conduct may be imputed to any affiliated business entity, key employee, or management official of a contractor who participated in, knew of or had reason to know of the contractor's conduct.

(c) Where there is cause to suspend and/or exclude a key employee or management official of a contractor, that cause may be imputed to the contractor if the conduct occurred in connection with the key employee or management official's performance of du-

ties for or on behalf of the contractor, or with the contractor's knowledge, approval, or acquiescence. The contractor's acceptance of the benefits derived from the conduct shall be evidence of such knowledge, approval, or acquiescence.

(d) Where there is cause to suspend and/or exclude one contractor participating in a joint venture or similar arrangement, that cause may be imputed to other participating contractors if the conduct occurred for or on behalf of the joint venture or similar arrangement, or with the knowledge, approval, or acquiescence of these contractors. Acceptance of the benefits derived from the conduct shall be evidence of such knowledge, approval, or acquiescence.

(e) Where there is cause to suspend and/or exclude a subcontractor, that cause may be imputed to the contractor for which the subcontractor performed services, if the conduct occurred for or on behalf of the contractor and with the contractor's knowledge, approval, or acquiescence. Acceptance of the benefits derived from the conduct shall be evidence of such knowledge, approval, or acquiescence.

### §§ 367.10–367.11 [Reserved]

### § 367.12 Procedures.

(a) FDIC shall process suspension and exclusion actions as informally as practicable, consistent with its policy of providing contractors with adequate information on the grounds that give rise to the proposed action and affording contractors with a reasonable opportunity to respond.

(b) For purposes of determining filing dates for the pleadings required by this part, including responses, notices of appeal, appeals and requests for reconsideration, the provisions relating to the construction of time limits in 12 CFR 308.12 will control.

### § 367.13 Notices.

(a) *Exclusions.* Before excluding a contractor, the FDIC shall send it a written notice of possible cause to exclude. Such notice shall include:

## § 367.14

## 12 CFR Ch. III (1–1–98 Edition)

(1) Notification that exclusion for a specified period of time is being considered based on the specified cause(s) in § 367.6 to be relied upon;

(2) Identification of the event(s), circumstance(s), or condition(s) that indicates that there is cause to believe a cause for exclusion exists, described in sufficient detail to put the contractor on notice of the conduct or transaction(s) upon which an exclusion proceeding is based;

(3) Notification that the contractor is not prohibited from contracting with the FDIC unless and until it is either suspended from FDIC contracting or the FDIC Ethics Counselor issues a decision excluding the contractor, *provided however*, in any case where the possible cause for exclusion would also be an impediment to the contractor's eligibility pursuant to 12 CFR part 366, the contractor's eligibility for any contract will be determined under that part; and

(4) Notification of the regulatory provisions governing the exclusion proceeding and the potential effect of a final exclusion decision.

(b) *Suspensions.* Before suspending a contractor, the FDIC shall send it notice, including:

(1) Notice that a suspension is being imposed based on specified causes in § 367.8;

(2) Identification of the event(s), circumstance(s), or condition(s) that indicate that there is adequate evidence to believe a cause for suspension exists, described in sufficient detail to put the contractor on notice of the basis for the suspension, recognizing that the conduct of ongoing investigations and legal proceedings, including criminal proceedings, place limitations on the evidence that can be released;

(3) Notification that the suspension prohibits the contractor from contracting with the FDIC for a temporary period, pending the completion of an investigation or other legal proceedings; and

(4) Notification of the regulatory provisions governing the suspension proceeding.

(c) *Service of notices.* Notices will be sent to the contractor by first class mail, postage prepaid. For purposes of compliance with this section, notice

shall be considered to have been received by the contractor if the notice is properly mailed to the last known address of such contractor. Whenever practical, a copy of the notice will also be transmitted to the contractor by facsimile. In the event the notice is not sent by facsimile, a copy will be sent by an overnight delivery service such as Express Mail or a commercial equivalent.

### § 367.14 Responses.

(a) The contractor will have 15 days from the date of the notice within which to respond.

(b) The response shall be in writing and may include: information and argument in opposition to the proposed exclusion and/or suspension, including any additional specific information pertaining to the possible causes for exclusion; and information and argument in mitigation of the proposed period of exclusion.

(c) The response may request a meeting with an FDIC official identified in the notice to permit the contractor to discuss issues of fact or law relating to the suspension and/or proposed exclusion or to otherwise resolve the pending matters.

(1) Any such meetings between a contractor and FDIC shall take such form as the FDIC deems appropriate.

(2) In cases of suspensions, no meeting will be held where a representative of the Department of Justice has advised in writing that the substantial interests of the Government would be prejudiced by such a meeting and the Ethics Counselor determines that a suspension is based on the same facts as pending or contemplated legal proceedings referenced by the representative of the Department of Justice.

(d) Failure to respond to the notice shall be deemed an admission of the existence of the cause(s) for suspension and/or exclusion set forth in the notice and an acceptance of the period of exclusion proposed therein. In such circumstances, the FDIC may proceed to a final decision without further proceedings.

(e) Where a contractor has received more than one notice, the FDIC may consolidate the pending proceedings,

## Federal Deposit Insurance Corporation

## § 367.17

including the scheduling of any meetings, in accordance with this section.

### § 367.15 Additional proceedings as to disputed material facts.

(a) In actions not based upon a conviction or civil judgment, if the Ethics Counselor finds that the contractor's submission raises a genuine dispute over facts material to the proposed suspension and/or exclusion, the contractor shall be afforded an opportunity to appear (with counsel, if desired), submit documentary evidence, present witnesses, and confront any witnesses the FDIC presents.

(b) The Ethics Counselor may refer disputed material facts to another official for analysis and recommendation.

(c) If requested, a transcribed record of any additional proceedings shall be made available at cost to the contractor.

### § 367.16 Ethics Counselor decisions.

(a) Standard of proof:

(1) An exclusion must be based on a finding that the cause(s) for exclusion is established by a preponderance of the evidence in the administrative record of the case; and

(2) A suspension must be based on a finding that the cause(s) for suspension is established by adequate evidence in the administrative record of the case.

(b) The administrative record consists of the portion of any information, reports, documents or other evidence identified and relied upon in the Notice of Possible Cause to Exclude, the Notice of Suspension and/or supplemental notices, if any, together with any material portions of the contractor's response. When additional proceedings are necessary to determine disputed material facts, the Ethics Counselor shall base the decision on the facts as found, together with any information and argument submitted by the contractor and any other information in the administrative record.

(c) In actions based upon a conviction, judgment, a final enforcement action by a federal financial institution regulatory agency, or in which all facts and circumstances material to the exclusion action have been finally adjudicated in another forum, the Ethics Counselor may exclude a contractor

without regard to the procedures set out in §§ 367.13 and 367.14. Any such decisions will be subject to the review and reconsideration provisions of § 367.20.

(d) *Notice of decisions.* Contractors shall be given prompt notice of the Ethics Counselor's decision in the manner described in § 367.13(c). If the Ethics Counselor suspends a contractor or imposes a period of exclusion, the decision shall:

(1) Set forth the cause(s) for suspension and/or exclusion included in the notice that were found by a preponderance of the evidence with reference to the administrative record support for that finding;

(2) Set forth the effect of the exclusion action and the effective dates of that action;

(3) Refer the contractor to its procedural rights of review and reconsideration under § 367.20; and

(4) Inform the contractor that a copy of the exclusion decision shall be placed in the FDIC Public Reading Room.

(e) If the FDIC Ethics Counselor decides that a period of exclusion is not warranted, the Notice of Possible Cause to Exclude may be withdrawn or the proceeding may be otherwise terminated. A decision to terminate an exclusion proceeding may include the imposition of appropriate conditions on the contractor in their future dealings with the FDIC.

### § 367.17 Duration of suspensions and exclusions.

(a) *Suspensions.* (1) Suspensions shall be for a temporary period pending the completion of an investigation or other legal or exclusion proceedings.

(2) If legal or administrative proceedings are not initiated within 12 months after the date of the suspension notice, the suspension shall be terminated unless a representative of the Department of Justice requests its extension in writing. In such cases, the suspension may be extended for an additional six months. In no event may a suspension be imposed for more than 18 months, unless such proceedings have been initiated within that period.

(3) FDIC shall notify the Department of Justice of an impending termination

## § 367.18

of a suspension at least 30 days before the 12-month period expires to give the Department of Justice an opportunity to request an extension.

(4) The time limitations for suspension in this section may be waived by the affected contractor.

(b) *Exclusions.* (1) Exclusions shall be for a period commensurate with the seriousness of the cause(s) after due consideration of mitigating evidence presented by the contractor.

(2) If a suspension precedes an exclusion, the suspension period shall be considered in determining the exclusion period.

(3) Exclusion for causes other than the mandatory bars in 12 CFR 366.4(a) generally should not exceed three years, but where circumstances warrant, a longer period of exclusion may be imposed.

(4) The Ethics Counselor may extend an existing exclusion for an additional period if the Ethics Counselor determines that an extension is necessary to protect the integrity of the FDIC contracting program and the public interest. However, an exclusion may not be extended solely on the basis of the facts and circumstances upon which the initial exclusion action was based. The standards and procedures in this part shall be applied in any proceeding to extend an exclusion.

### § 367.18 Abrogation of contracts.

(a) The FDIC may, in its discretion, rescind or terminate any contract in existence at the time a contractor is suspended or excluded.

(b) Any contract not rescinded or terminated shall continue in force in accordance with the terms thereof.

(c) The right to rescind or terminate a contract in existence is cumulative and in addition to any other remedies or rights the FDIC may have under the terms of the contract, at law, or otherwise.

### § 367.19 Exceptions to suspensions and exclusions.

(a) Exceptions to the effects of suspensions and exclusions may be available in unique circumstances, where there are compelling reasons to utilize a particular contractor for a specific task. Requests for such exceptions may be submitted only by the FDIC pro-

gram office requesting the contract services.

(b) In the case of the modification or extension of an existing contract, the Ethics Counselor may except such a contracting action from the effects of suspension and/or exclusion upon a determination, in writing, that a compelling reason exists for utilization of the contractor in the particular instance. The Ethics Counselor's authority under this section shall not be delegated to any lower official.

(c) In the case of new contracts, the Corporation Ethics Committee may except a particular new contract from the effects of suspension and/or exclusion upon a determination in writing that a compelling reason exists for utilization of the contractor in the particular instance.

### § 367.20 Review and reconsideration of Ethics Counselor decisions.

(a) *Review.* (1) A suspended and/or excluded contractor may appeal the exclusion decision to the Corporation Ethics Committee.

(2) In order to avail itself of the right to appeal, a suspended and/or excluded contractor must file a written notice of intent to appeal within 5 days of the Ethics Counselor's decision.

(3) The appeal shall be filed in writing within 30 days of the decision.

(4) The Corporation Ethics Committee, at its discretion and after determining that it is in the best interests of the FDIC, may stay the effect of the suspension and/or exclusion pending conclusion of its review of the matter.

(b) *Reconsideration.* (1) A suspended and/or excluded contractor may submit a request to the Ethics Counselor to reconsider the suspension and/or exclusion decision, reduce the period of exclusion or terminate the suspension and/or exclusion.

(2) Such requests shall be in writing and supported by documentation that the requested action is justified by:

(i) Reversal of the conviction or civil judgment upon which the suspension and/or exclusion was based;

(ii) Newly discovered material evidence;

(iii) Bona fide change in ownership or management;

## Federal Deposit Insurance Corporation

## § 368.5

(iv) Elimination of other causes for which the suspension and/or exclusion was imposed; or

(v) Other reasons the FDIC Ethics Counselor deems appropriate.

(3) A request for reconsideration based on the reversal of the conviction or civil judgment may be filed at any time.

(4) Requests for reconsideration based on other grounds may only be filed during the period commencing 60 days after the Ethics Counselor's decision imposing the suspension and/or exclusion. Only one such request may be filed in any twelve month period.

(5) The Ethics Counselor's decision on a request for reconsideration is subject to the review procedure set forth in paragraph (a) of this section.

Sec.

368.1 Scope.

368.2 Definitions.

368.3 Business conduct.

368.4 Recommendations to customers.

368.5 Customer information.

368.100 Obligations concerning institutional customers.

AUTHORITY: 15 U.S.C. 78o-5.

SOURCE: 62 FR 13287, Mar. 19, 1997, unless otherwise noted.

#### § 368.1 Scope.

This part is applicable to state non-member banks and insured state branches of foreign banks that have filed notice as, or are required to file notice as, government securities brokers or dealers pursuant to section 15C of the Securities Exchange Act (15 U.S.C. 78o-5) and Department of the Treasury rules under section 15C (17 CFR 400.1(d) and part 401).

#### § 368.2 Definitions.

(a) *Bank that is a government securities broker or dealer* means a state non-member bank or an insured state branch of a foreign bank that has filed notice, or is required to file notice, as a government securities broker or dealer pursuant to section 15C of the Securities Exchange Act (15 U.S.C. 78o-5) and Department of the Treasury rules

under section 15C (17 CFR 400.1(d) and part 401).

(b) *Customer* does not include a broker or dealer or a government securities broker or dealer.

(c) *Government security* has the same meaning as this term has in section 3(a)(42) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a)(42)).

(d) *Non-institutional customer* means any customer other than:

(1) A bank, savings association, insurance company, or registered investment company;

(2) An investment adviser registered under section 203 of the Investment Advisers Act of 1940 (15 U.S.C. 80b-3); or

(3) Any entity (whether a natural person, corporation, partnership, trust, or otherwise) with total assets of at least \$50 million.

#### § 368.3 Business conduct.

A bank that is a government securities broker or dealer shall observe high standards of commercial honor and just and equitable principles of trade in the conduct of its business as a government securities broker or dealer.

#### § 368.4 Recommendations to customers.

In recommending to a customer the purchase, sale or exchange of a government security, a bank that is a government securities broker or dealer shall have reasonable grounds for believing that the recommendation is suitable for the customer upon the basis of the facts, if any, disclosed by the customer as to the customer's other security holdings and as to the customer's financial situation and needs.

#### § 368.5 Customer information.

Prior to the execution of a transaction recommended to a non-institutional customer, a bank that is a government securities broker or dealer shall make reasonable efforts to obtain information concerning:

(a) The customer's financial status;

(b) The customer's tax status;

(c) The customer's investment objectives; and

(d) Such other information used or considered to be reasonable by such bank in making recommendations to the customer.

**§ 368.100 Obligations concerning institutional customers.**

(a) As a result of broadened authority provided by the Government Securities Act Amendments of 1993 (15 U.S.C. 780-3 and 780-5), the FDIC is adopting sales practice rules for the government securities market, a market with a particularly broad institutional component. Accordingly, the FDIC believes it is appropriate to provide further guidance to banks on their suitability obligations when making recommendations to institutional customers.

(b) The FDIC's suitability rule (§368.4) is fundamental to fair dealing and is intended to promote ethical sales practices and high standards of professional conduct. Banks' responsibilities include having a reasonable basis for recommending a particular security or strategy, as well as having reasonable grounds for believing the recommendation is suitable for the customer to whom it is made. Banks are expected to meet the same high standards of competence, professionalism, and good faith regardless of the financial circumstances of the customer.

(c) In recommending to a customer the purchase, sale, or exchange of any government security, the bank shall have reasonable grounds for believing that the recommendation is suitable for the customer upon the basis of the facts, if any, disclosed by the customer as to the customer's other security holdings and financial situation and needs.

(d) The interpretation in this section concerns only the manner in which a bank determines that a recommendation is suitable for a particular institutional customer. The manner in which a bank fulfills this suitability obligation will vary, depending on the nature of the customer and the specific transaction. Accordingly, the interpretation in this section deals only with guidance regarding how a bank may fulfill customer-specific suitability obligations under §368.4.<sup>1</sup>

<sup>1</sup> The interpretation in this section does not address the obligation related to suitability that requires that a bank have " \* \* \* a 'reasonable basis' to believe that the recommendation could be suitable for at

(e) While it is difficult to define in advance the scope of a bank's suitability obligation with respect to a specific institutional customer transaction recommended by a bank, the FDIC has identified certain factors that may be relevant when considering compliance with §368.4. These factors are not intended to be requirements or the only factors to be considered but are offered merely as guidance in determining the scope of a bank's suitability obligations.

(f) The two most important considerations in determining the scope of a bank's suitability obligations in making recommendations to an institutional customer are the customer's capability to evaluate investment risk independently and the extent to which the customer is exercising independent judgement in evaluating a bank's recommendation. A bank must determine, based on the information available to it, the customer's capability to evaluate investment risk. In some cases, the bank may conclude that the customer is not capable of making independent investment decisions in general. In other cases, the institutional customer may have general capability, but may not be able to understand a particular type of instrument or its risk. This is more likely to arise with relatively new types of instruments, or those with significantly different risk or volatility characteristics than other investments generally made by the institution. If a customer is either generally not capable of evaluating investment risk or lacks sufficient capability to evaluate the particular product, the scope of a bank's customer-specific obligations under §368.4 would not be diminished by the fact that the bank was dealing with an institutional customer. On the other hand, the fact that a customer initially needed help understanding a potential investment need not necessarily imply that the customer did not ultimately develop an understanding and make an independent investment decision.

least some customers." *In the Matter of the Application of F.J. Kaufman and Company of Virginia and Frederick J. Kaufman, Jr.*, 50 SEC 164 (1989).

(g) A bank may conclude that a customer is exercising independent judgment if the customer's investment decision will be based on its own independent assessment of the opportunities and risks presented by a potential investment, market factors and other investment considerations. Where the bank has reasonable grounds for concluding that the institutional customer is making independent investment decisions and is capable of independently evaluating investment risk, then a bank's obligations under §368.4 for a particular customer are fulfilled.<sup>2</sup> Where a customer has delegated decision-making authority to an agent, such as an investment advisor or a bank trust department, the interpretation in this section shall be applied to the agent.

(h) A determination of capability to evaluate investment risk independently will depend on an examination of the customer's capability to make its own investment decisions, including the resources available to the customer to make informed decisions. Relevant considerations could include:

(1) The use of one or more consultants, investment advisers, or bank trust departments;

(2) The general level of experience of the institutional customer in financial markets and specific experience with the type of instruments under consideration;

(3) The customer's ability to understand the economic features of the security involved;

(4) The customer's ability to independently evaluate how market developments would affect the security; and

(5) The complexity of the security or securities involved.

(i) A determination that a customer is making independent investment decisions will depend on the nature of the relationship that exists between the bank and the customer. Relevant considerations could include:

(1) Any written or oral understanding that exists between the bank and the customer regarding the nature of the relationship between the bank and the

customer and the services to be rendered by the bank;

(2) The presence or absence of a pattern of acceptance of the bank's recommendations;

(3) The use by the customer of ideas, suggestions, market views and information obtained from other government securities brokers or dealers or market professionals, particularly those relating to the same type of securities; and

(4) The extent to which the bank has received from the customer current comprehensive portfolio information in connection with discussing recommended transactions or has not been provided important information regarding its portfolio or investment objectives.

(j) Banks are reminded that these factors are merely guidelines that will be utilized to determine whether a bank has fulfilled its suitability obligation with respect to a specific institutional customer transaction and that the inclusion or absence of any of these factors is not dispositive of the determination of suitability. Such a determination can only be made on a case-by-case basis taking into consideration all the facts and circumstances of a particular bank/customer relationship, assessed in the context of a particular transaction.

(k) For purposes of the interpretation in this section, an institutional customer shall be any entity other than a natural person. In determining the applicability of the interpretation in this section to an institutional customer, the FDIC will consider the dollar value of the securities that the institutional customer has in its portfolio and/or under management. While the interpretation in this section is potentially applicable to any institutional customer, the guidance contained in this section is more appropriately applied to an institutional customer with at least \$10 million invested in securities in the aggregate in its portfolio and/or under management.

USE OF INTERSTATE BRANCHES  
PRIMARILY FOR DEPOSIT PRO-  
DUCTION**

Sec.

- 369.1 Purpose and scope.
- 369.2 Definitions.
- 369.3 Loan-to-deposit ratio screen.
- 369.4 Credit needs determination.
- 369.5 Sanctions.

AUTHORITY: 12 U.S.C. 1819 (Tenth) and 1835a.

SOURCE: 62 FR 47737, Sept. 10, 1997, unless otherwise noted.

**§ 369.1 Purpose and scope.**

(a) *Purpose.* The purpose of this part is to implement section 109 (12 U.S.C. 1835a) of the Riegle-Neal Interstate Banking and Branching Efficiency Act of 1994 (Interstate Act).

(b) *Scope.* (1) This part applies to any State nonmember bank that has operated a covered interstate branch for a period of at least one year.

(2) This part describes the requirements imposed under 12 U.S.C. 1835a, which requires the appropriate Federal banking agencies (the FDIC, the Office of the Comptroller of the Currency, and the Board of Governors of the Federal Reserve System) to prescribe uniform rules that prohibit a bank from using any authority to engage in interstate branching pursuant to the Interstate Act, or any amendment made by the Interstate Act to any other provision of law, primarily for the purpose of deposit production.

**§ 369.2 Definitions.**

For purposes of this part, the following definitions apply:

(a) *Bank* means, unless the context indicates otherwise:

- (1) A State nonmember bank; and
- (2) A foreign bank as that term is defined in 12 U.S.C. 3101(7) and 12 CFR 346.1(a).

(b) *Covered interstate branch* means any branch of a State nonmember bank, and any insured branch of a foreign bank licensed by a State, that:

- (1) Is established or acquired outside the bank's home state pursuant to the interstate branching authority granted by the Interstate Act or by any amend-

ment made by the Interstate Act to any other provision of law; or

(2) Could not have been established or acquired outside of the bank's home state but for the establishment or acquisition of a branch described in paragraph (b)(1) of this section.

(c) *Home state* means:

(1) With respect to a state bank, the state that chartered the bank;

(2) With respect to a national bank, the state in which the main office of the bank is located; and

(3) With respect to a foreign bank, the home state of the foreign bank as determined in accordance with 12 U.S.C. 3103(c) and 12 CFR 346.1(j).

(d) *Host state* means a state in which a bank establishes or acquires a covered interstate branch.

(e) *Host state loan-to-deposit ratio* generally means, with respect to a particular host state, the ratio of total loans in the host state relative to total deposits from the host state for all banks (including institutions covered under the definition of "bank" in 12 U.S.C. 1813(a)(1)) that have that state as their home state, as determined and updated periodically by the appropriate Federal banking agencies and made available to the public.

(f) *State* means state as that term is defined in 12 U.S.C. 1813(a)(3).

(g) *Statewide loan-to-deposit ratio* means, with respect to a bank, the ratio of the bank's loans to its deposits in a state in which the bank has one or more covered interstate branches, as determined by the FDIC.

**§ 369.3 Loan-to-deposit ratio screen.**

(a) *Application of screen.* Beginning no earlier than one year after a bank establishes or acquires a covered interstate branch, the FDIC will consider whether the bank's statewide loan-to-deposit ratio is less than 50 percent of the relevant host state loan-to-deposit ratio.

(b) *Results of screen.* (1) If the FDIC determines that the bank's statewide loan-to-deposit ratio is 50 percent or more of the host state loan-to-deposit ratio, no further consideration under this part is required.

(2) If the FDIC determines that the bank's statewide loan-to-deposit ratio is less than 50 percent of the host state

## § 369.5

loan-to-deposit ratio, or if reasonably available data are insufficient to calculate the bank's statewide loan-to-deposit ratio, the FDIC will make a credit needs determination for the bank as provided in § 369.4.

### § 369.4 Credit needs determination.

(a) *In general.* The FDIC will review the loan portfolio of the bank and determine whether the bank is reasonably helping to meet the credit needs of the communities in the host state that are served by the bank.

(b) *Guidelines.* The FDIC will use the following considerations as guidelines when making the determination pursuant to paragraph (a) of this section:

(1) Whether covered interstate branches were formerly part of a failed or failing depository institution;

(2) Whether covered interstate branches were acquired under circumstances where there was a low loan-to-deposit ratio because of the nature of the acquired institution's business or loan portfolio;

(3) Whether covered interstate branches have a high concentration of commercial or credit card lending, trust services, or other specialized activities, including the extent to which the covered interstate branches accept deposits in the host state;

(4) The Community Reinvestment Act (CRA) ratings received by the bank, if any, under 12 U.S.C. 2901 *et seq.*;

(5) Economic conditions, including the level of loan demand, within the communities served by the covered interstate branches;

(6) The safe and sound operation and condition of the bank; and

(7) The FDIC's Community Reinvestment regulations (12 CFR Part 345) and interpretations of those regulations.

### § 369.5 Sanctions.

(a) *In general.* If the FDIC determines that a bank is not reasonably helping to meet the credit needs of the communities served by the bank in the host state, and that the bank's statewide loan-to-deposit ratio is less than 50 percent of the host state loan-to-deposit ratio, the FDIC:

(1) May order that a bank's covered interstate branch or branches be closed unless the bank provides reasonable assurances to the satisfaction of the FDIC, after an opportunity for public comment, that the bank has an acceptable plan under which the bank will reasonably help to meet the credit needs of the communities served by the bank in the host state; and

(2) Will not permit the bank to open a new branch in the host state that would be considered to be a covered interstate branch unless the bank provides reasonable assurances to the satisfaction of the FDIC, after an opportunity for public comment, that the bank will reasonably help to meet the credit needs of the community that the new branch will serve.

(b) *Notice prior to closure of a covered interstate branch.* Before exercising the FDIC's authority to order the bank to close a covered interstate branch, the FDIC will issue to the bank a notice of the FDIC's intent to order the closure and will schedule a hearing within 60 days of issuing the notice.

(c) *Hearing.* The FDIC will conduct a hearing scheduled under paragraph (b) of this section in accordance with the provisions of 12 U.S.C. 1818(h) and 12 CFR part 308.
