§ 12.26 Importations of wild animals, fish, amphibians, reptiles, mollusks, and crustaceans; prohibited and endangered and threatened species; designated ports of entry; permits required.

(a)(1) The importation into the United States, the Commonwealth of Puerto Rico, and the territories and possessions of the United States of live specimens of:

(i) Any species of the so-called "flying fox" or fruit bat of the genus *Pteropus*;

(ii) Any species of mongoose or meerkat of the genera *Atilax*, *Cynictis*, *Helogale*, *Herpestes*, *Ichneumia*, *Mungos*, and *Suricata*;

If any such prohibited specimen is imported, or if any species or subspecies of other live or dead fish or wildlife, including any parts, products, or eggs thereof, appearing on the Endangered Species List published by the U.S. Fish and Wildlife Service, is

imported, Customs release of the prohibited specimen or endangered fish or wildlife shall be refused unless there has been issued and presented in connection with entry a proper U.S. Fish and Wildlife Service permit authorizing the import transaction. In the absence of such permit, injurious specimens prohibited entry shall be required to be immediately exported or destroyed. Changes in injurious species and endangered species or subspecies which are prohibited or restricted importation may be published from time to time in 50 CFR part 13—Importation of Wildlife or Eggs Thereof or in part 17—Conservation of Endangered Species and Other Fish or Wildlife. Unreleased species or subspecies of live or dead endangered fish or wildlife, including parts, products, or eggs thereof, shall remain under detention subject to seizure and delivery to an appropriate regional director or other agent of the U.S. Fish and Wildlife Service for disposition as appropriate pursuant to 50 CFR part 17.

(2) Fish and eggs of salmonids of the fish family Salmonidae are prohibited entry into the United States for any purpose unless such importations are by direct shipment, accompanied by the signed certification of a qualified fish pathologist in substantially the form as prescribed in 50 CFR 13.7. The following are excepted from the certification requirements:

(i) Salmon landed in North America and brought into the United States for processing or sale;

(ii) Any salmonid caught in the wild in North America under a sport or a commercial fishing license; and

(iii) Fish or eggs of the family Salmonidae when processed or prepared in accordance with 50 CFR 13.7(c), or otherwise exempted from the requirement of certification.

(3) Regulations (50 CFR part 17) require the importer or his agent to file a Declaration for the Importation of Fish or Wildlife, unless it is an import transaction exempted from the requirement by 50 CFR part 13 or part 17. Such declaration on U.S. Fish and Wildlife Service Form 3-177, available to importers through Customs ports of entry, shall be filed with the appropriate Customs officer at the port of

entry conducting the actual Customs clearance and release of the declared fish, wild mammal, or bird, amphibian, reptile, mollusk, crustacean, or dead body or egg thereof. The declaration on Form 3-177 shall show the common and scientific names, number, and country of origin of all species or subspecies declared, designate and identify any species listed on the U.S. List of Endangered Foreign Fish and Wildlife, 50 CFR part 17, appendix A, and indicate whether any species is subject to laws and regulations in any foreign country regarding its taking, transportation, or sale. See paragraph (g) of this section for special documentation requirements.

(4) Federal agencies, subject to requirements in paragraph (a)(2) of this section, may import solely for their own use live wildlife except migratory birds, or their eggs, without a permit from the U.S. Fish and Wildlife Service, upon filing the declaration on Form 3-177. Importation of bald or golden eagles, or their eggs is prohibited.

(5) Customs entry for consumption or bonded warehousing of fish and wildlife, as defined in 50 CFR 17.2 (e) and (f), intended for importation into the United States, or admission into a foreign trade zone, shall be filed at a port of entry among those designated for Customs entry in 50 CFR part 17, appendix B. However, Customs entry for consumption or bonded warehousing of shipments subject to emergency diversion or otherwise authorized under regulations or by permit issued by the U.S. Fish and Wildlife Service pursuant to 50 CFR part 17, appendices B and C, may be filed for examination and release at the ports of entry so named or permitted, but no consumption or bonded warehouse entry shall be filed or accepted at an undesignated port for any endangered species or subspecies permitted importation pursuant to 50 CFR 17.12 except in the case of an emergency diversion of live endangered fish or wildlife accepted for such entry in accordance with item 2(b) of 50 CFR part 17, appendix B. Importations of fish and wildlife subject to regulations of the U.S. Fish and Wildlife Service which arrive from abroad at any place in the United States not designated as

an authorized port for Customs entry, unless occurring under conditions or circumstances in which Customs entry for consumption or bonded warehousing and final clearance has been authorized by U.S. Fish and Wildlife Service regulations or permit, may be entered only for immediate transportation without appraisalment for movement under Customs bond to one of the designated ports of entry. Customs entry, release, and delivery of any shipment of shellfish and fishery products defined in 50 CFR 17.2(j) imported for commercial purposes is authorized at any port of entry, except insofar as such items include any species or subspecies which appears on the Endangered Species List in 50 CFR part 17, appendix A.

(b) Permits are required for the importation of wild animals and birds as follows:

(1) Wild birds protected by the Migratory Bird Treaty Act (16 U.S.C. 703 through 711) and the regulations promulgated thereunder (50 CFR part 10), may be imported from foreign countries for scientific, propagating, or other limited purposes only under permits issued by the U.S. Fish and Wildlife Service, United States Department of the Interior, Washington, DC, 20240. State game departments, municipal game farms or parks, and public museums, zoological parks or societies, and scientific or educational institutions may import migratory birds without a permit. Such migratory birds, when imported from Mexico, must be accompanied by Mexican export permits (50 CFR 16.3 and 16.5).

(2) Game mammals (antelopes, mountain sheep, deer, bears, peccaries, squirrels, rabbits, and hares), protected by the Migratory Bird Treaty Act (16 U.S.C. 703 through 711), dead or alive, or their parts or products, must be accompanied by Mexican export permits (50 CFR 15.3) when imported from Mexico.

(3) Wild ruminants (all animals which chew the cud, such as cattle, buffaloes, sheep, goats, deer, antelopes, camels, llamas, and giraffes) and swine (various varieties of wild hogs), except from Canada and certain northern States of Mexico may be imported only under a permit from the Animal and Plant

Health Inspection Service, Veterinary Services, United States Department of Agriculture, Washington, DC 20250. Such permits must be obtained before the animals are shipped from the country of exportation. All wild ruminants and swine must be inspected at designated ports of entry by veterinarians of the Animal and Plant Health Inspection Service, Veterinary Services, United States Department of Agriculture.

(4) Psittacine birds, which include all birds commonly known as parrots, Amazons, African grays, cockatoos, macaws, parrotlets, beebees, parakeets, lovebirds, lorries, lorikeets, and all other birds of the order Psittaciformes, when destined for a zoological park or medical research institution without having had prior confinement and treatment abroad at an approved treatment center, and psittacine birds taken out of the United States but inadmissible under paragraph (c) of this section, may be imported when accompanied by a permit issued by the Surgeon General. Application for such a permit may be made to the Chief, Foreign Quarantine Program, National Communicable Disease Center, U.S. Public Health Service, Atlanta, Ga. 30333, or to a Public Health Service quarantine station established at a port of entry in the United States.

(5) Ducks, geese, swans, turkeys, pigeons, doves, pheasants, grouse, partridges, quail, guinea fowl, and pea fowl, except from Canada, may be imported only under a permit from the Animal and Plant Health Inspection Service, Veterinary Services, United States Department of Agriculture, Washington, DC 20250. Such permits must be obtained before the birds are shipped from the country of origin. Such birds from Canada must be accompanied by a certificate issued by a Canadian Government veterinarian. All such birds must be inspected at designated ports of entry by veterinarians of the Animal and Plant Health Inspection Service, Veterinary Services, United States Department of Agriculture.

(c) Psittacine birds as defined in paragraph (b)(4) of this section, not to exceed two such birds by members of a family comprising a single household

in any 12-month period, may be imported under prescribed conditions (see 42 CFR 71.164(e)) without permit and without prior confinement and treatment, to be kept as pets by the owner, who will be required to comply with the Foreign Quarantine Regulations of the U.S. Public Health Service. Birds taken out of the United States and being returned may be admitted, without permit, upon full compliance with prescribed conditions of those regulations for admission of birds imported as pets. No such birds shall be released until the importer has complied with applicable requirements of the Public Health regulations.

(d) Cats, dogs, and monkeys are subject to the Foreign Quarantine Regulations of the United States Public Health Service, Department of Health, Education, and Welfare, Washington, D.C. Such animals shall not be released until the Public Health regulations are complied with by the importer.

(e) If a shipment contains migratory birds for which a permit is required by the Fish and Wildlife Service of the Department of the Interior, and such permit is not at hand when the birds arrive, an examination thereof shall be made at once by the port director and any duties estimated to be due shall be collected. A stipulation shall be filed with the port director within 24 hours of the entry to produce the necessary permit within 30 days from the date of entry, whereupon final liquidation shall be suspended until the permit is produced or the 30-day period expires. The shipment may be immediately released if a bond is filed with the port director on Customs Form 301, containing the bond conditions set forth in § 113.62 of this chapter, in an amount equal to the entered value plus estimated duties. If the bond conditions are violated the port director shall issue a claim for liquidated damages under the bond. In lieu of filing a bond the merchandise may be left in Customs custody at the risk and expense of the importer pending issuance of the permit.

(f) If the permit referred to in paragraph (e) of this section is refused by the Fish and Wildlife Service, or if the permit is not produced within the said 30 days, the port director shall promptly

recall the property, if delivered under bond, and shall require its immediate exportation at the expense of the importer or consignee.

(g)(1) All import shipments of fish and wildlife subject to the regulations or permit requirements of the U.S. Fish and Wildlife Service, published pursuant to the Endangered Species Act of 1973, 16 U.S.C. 1531, or other statutory authority, shall be subject to examination or inspection by that agency's officer serving the port of entry, for determination as to permissible release or such other disposition as he may direct. Customs officers performing examinations of such fish and wildlife in accordance with regulations of the U.S. Fish and Wildlife Service in 50 CFR part 10 and parts 13 through 17, shall release shipments only upon submission by the importer of evidence sufficient to establish compliance with those regulations, any applicable permit requirements, and compliance with applicable identification and package or container marking requirements as specified by 50 CFR 17.6(a) and 17.9. In case of doubt as to whether fish, birds, or other wildlife belong to prohibited or endangered species or subspecies or whether an entry permit is required, or in case of suspicion on the part of officers of the Customs that the species sought to be entered are prohibited or endangered species or subspecies imported under other names or descriptions, the importation shall be refused Customs release, and the importer shall be responsible for concluding arrangements acceptable to the regional director or other agent of the U.S. Fish and Wildlife Service for proper handling, custody, and care, at the importer's expense and risk, of the unreleased fish, birds, or other wildlife. No Customs disposition of the importation shall be concluded pending the determination by the U.S. Fish and Wildlife Service of the true nature of the species or subspecies. In case of refusal or neglect of the importer or consignee, or agent of either, to have the identity so established, final disposition of the importation shall be required as determined by the U.S. Fish and Wildlife Service. In addition to U.S. Fish and Wildlife Service Form 3-177, required to be filed as prescribed in 50 CFR 17.4

upon entry of importations of fish and wildlife, entrants shall present appropriate foreign export permits, other acceptable foreign documentary evidence of lawful taking, transportation, or sale, or appropriate American consular certificates upon importation of fish and wildlife species or subspecies subject to such documentation requirements of 50 CFR 17.4 (c) and (d).

(2) Any antique article imported under §10.53(g) of this chapter shall be entered at one of the following ports:

Boston, Massachusetts
 New York, New York
 Baltimore, Maryland, Philadelphia, Pennsylvania
 Miami, Florida, San Juan, Puerto Rico
 New Orleans, Louisiana
 Houston, Texas
 Los Angeles, California
 San Francisco, California
 Anchorage, Alaska, Honolulu, Hawaii
 O'Hare International Airport, Chicago, Illinois

(h) All invoices of animals and birds shall specify the species covered thereby and the number of each species. In the event of the return to the port director of any importation under the bond given under paragraph (e) of this section, if the number and species of birds does not correspond with the description stated in the invoice and if no satisfactory explanation of any discrepancy is furnished, a claim for liquidated damages shall be issued under the bond.

(i) The privilege of entry for immediate transportation granted by section 552, Tariff Act of 1930, shall not be allowed for importations of fish, birds, or other wildlife which are confirmed at the port of first arrival or discharge to be injurious prohibited species, or which require permits issued prior to importation, or which are subject to quarantine regulations or inspection at the ports of first arrival or discharge or other specified place of veterinary inspection. However, entry for immediate transportation properly is allowed for any importation of fish, birds, or other wildlife which at the place of first arrival or discharge is not confirmed to be an injurious prohibited species and which, following compliance with any applicable quarantine regulations or required veterinary inspection, is being transported by means of an in-bond

movement to a port of entry designated in 50 CFR part 17, appendix B, for Customs entry (see paragraphs (a) and (b) of this section). Ports of designated entry, inspection, quarantine, and related enforcement procedures covering certain animals and poultry and certain animal and poultry products imported into the United States are regulated by requirements and standards prescribed in regulations of the Secretary of Agriculture, Department of Agriculture (see 9 CFR parts 92-96; 19 CFR 12.8 and 12.24).

(j) Wild animals and birds shall be imported under humane and healthful conditions, due regard being given to the accommodations and facilities necessary for the species transported.

(k) When any Customs officer has good reason to believe that wild animals or birds have been imported under inhumane or unhealthful conditions in violation of 18 U.S.C. 42, an immediate investigation shall be made to ascertain whether they have in fact been transported under such conditions. The investigation shall determine the provisions made on the vessel or other conveyance for the accommodation of the animals or birds, the suitability of the boxes, cages, stalls, etc., the space, ventilation, and protection from the elements accorded the animals or birds, the facilities for cleaning, feeding, watering, bedding, and such other services as may be required for the species imported. The investigation shall also determine, the physical condition of such animals or birds and the ratio of dead, crippled, diseased, or starving animals or birds. If necessary, officers of the Animal and Plant Health Inspection Service, Veterinary Services, or Fish and Wildlife Service, or other officers or experts, may be called upon to assist customs officers in the matter.

(l) Unless the port director is satisfied that the provisions of 18 U.S.C. 42 have not been violated, he shall report the matter to the United States attorney for appropriate action.

UNFAIR COMPETITION

§ 12.39 Imported articles involving unfair methods of competition or practices.

(a) *Determinations of the International Trade Commission.* Under section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), unfair methods of competition and unfair practices in the importation or sale of articles, the effect or tendency of which is to destroy, substantially injure, or prevent the establishment of an efficiently and economically operated United States industry, or to restrain or monopolize trade and commerce in the United States, are unlawful. After an investigation of an alleged violation of section 337, the U.S. International Trade Commission ("the Commission") may determine that section 337 has been violated. The Commission also may determine during the course of its investigation that there is reason to believe that a violation of section 337 exists. The Commission's determination in either case is effective on the date of its publication in the FEDERAL REGISTER and is referred to the President, who may disapprove the determination for policy reasons on or before the close of a 60-day period beginning on the day after the day he receives a copy of the determination. A Commission determination disapproved by the President shall have no force or effect as of the date the Commission is notified of his disapproval. If the Com-

mission's determination is not disapproved by the President during the 60-day period, or if he notifies the Commission before the close of the period that he approves the determination, the determination becomes final on the day after the close of the period or the day of the notification, whichever is earlier.

(b) *Exclusion from entry; entry under bond; notice of exclusion order.* (1) If the Commission finds a violation of section 337, or reason to believe that a violation exists, it may direct the Secretary of the Treasury to exclude from entry into the United States the articles concerned which are imported by the person violating or suspected of violating section 337. The Commission's exclusion order remains in effect until the Commission determines, and notifies the Secretary of the Treasury, that the conditions which led to the exclusion no longer exist, or until the determination of the Commission on which the order is based is disapproved by the President.

(2) During the period the Commission's exclusion order remains in effect, excluded articles may be entered under a single entry bond on Customs Form 301, containing the bond conditions set forth in § 113.62 of this chapter in an amount determined by the International Trade Commission. However, on or after the date that the Commission's determination of a violation of section 337 becomes final, as set forth in paragraph (a) of this section, articles covered by the determination shall be refused entry.

(3) Port directors shall notify each importer or consignee of articles released under bond pursuant to paragraph (b)(2) of this section when the Commission's determination of a violation of section 337 becomes final and that entry of the articles is refused. The importer or consignee shall export or destroy the released articles under customs supervision within 30 days after the date of notification. The port director who released the articles shall assess liquidated damages in the full amount of the bond if the importer or consignee fails to export or destroy the released articles under Customs supervision within the 30-day period.

(4) In addition to the notice given to importers or consignees of articles released under bond, port directors shall provide written notice to all owners, importers or consignees of articles which are denied entry into the United States pursuant to an exclusion order that any future attempt to import such articles may result in the articles being seized and forfeited. Copies of all such notices are to be forwarded to the Commercial Enforcement, Trade Compliance Division, at Customs Headquarters, and to the Office of The General Counsel, USITC, 500 E Street, SW., Washington, DC 20436 by port directors.

(c) *Seizure and Forfeiture Orders.* (1) In addition to issuing an exclusion order under paragraph (b)(1) of this section, the Commission may issue an order providing that any article determined to be in violation of §337 be seized and forfeited to the United States. Such order may be issued if:

(i) The owner, importer, or consignee of the article previously attempted to import the article or like articles into the United States;

(ii) The article or like articles were previously denied entry into the United States by reason of an exclusion order issued under paragraph (b)(1) of this section; and

(iii) Upon such previous denial of entry, the port director of the port in which the entry was attempted had notified the owner, importer, or consignee of the article in writing of both the exclusion order and that seizure and forfeiture would result from any further attempt to import the article or like articles into the United States.

(2) Upon receipt of any seizure order issued by the Commission in accordance with this paragraph, Customs shall immediately notify all ports of entry of the property subject to the seizure order and identify the persons notified under paragraph (b)(4) of this section.

(3) The port director in the port in which the article was seized shall issue a notice of seizure to parties known to have an interest in the seized property. All interested parties to the property shall have an opportunity to petition for relief under the provisions of 19 CFR part 171. All petitions must be filed within 30 days of the date of

issuance of the notice of seizure, and failure of a claimant to petition will result in the commencement of administrative forfeiture proceedings. All petitions will be decided by the appropriate Customs officer, based upon the value of the articles under seizure.

(4) If seized articles are found to be not includable in an order for seizure and forfeiture, then the seizure and the forfeiture shall be remitted in accordance with standard Customs procedures.

(5) Forfeited merchandise shall be disposed of in accordance with the Customs laws.

(d) *Certain importations by or for the United States.* Any exclusion from entry under section 337 based on claims of United States letters patent shall not apply to articles imported by and for the use of the United States, or imported for, and to be used for, the United States with the authorization or consent of the Government.

(e) *Importations of semiconductor chip products.* (1) In accordance with the Semiconductor Chip Protection Act of 1984 (17 U.S.C. 901 *et seq.*), if the owner of a mask work which is registered with the Copyright Office seeks to have Customs deny entry to any imported semiconductor chip products which infringe his rights in such mask work, the owner must obtain a court order enjoining, or an order of the U.S. International Trade Commission (USITC), under section 337, Tariff Act of 1930, as amended (19 U.S.C.1337), excluding importation of such products. Exclusion orders issued by the USITC are enforceable by Customs under paragraph (b) of this section. Court orders or exclusion orders issued by the USITC shall be forwarded, for enforcement purposes, to the Director, International Trade Compliance Division, U.S. Customs Service, Washington, DC 20229.

(2) The port director shall enforce any court order or USITC exclusion order based upon a mask work registration in accordance with the terms of such order. Court orders may require either denial of entry or the seizure of violative semiconductor chip products. Forfeiture proceedings in accordance with part 162 of this chapter shall be instituted against any such products so seized.

(3) This regulation will be effective against all importers regardless of whether they have knowledge that their importations are in violation of the Semiconductor Chip Protection Act of 1984 (17 U.S.C. 901 through 904).

§ 12.39a Registered patent owners; import survey.

(a) When the owner of a patent registered in the United States believes that merchandise is being imported into the United States which infringes such patent, an application for a survey to assist the patent owner in taking appropriate action may be made. The purpose of the survey is to provide the patent owner with the names and addresses of importers of merchandise which appears to infringe the registered patent.

(b) The application may be made by letter addressed to the Commissioner of Customs, U.S. Customs Service, Washington, DC 20229. It shall state the name and address of the patent owner; and if available, a description of the merchandise believed to infringe the registered patent and the country of manufacture of the merchandise. A certified copy of the patent registration issued by the Patent and Trademark Office showing ownership to be in the name as claimed, 3 additional copies of the patent registration for Customs files, and a check or money order to cover the fee prescribed by § 24.12(a)(3) of this chapter for the survey selected shall be submitted with the application.

(c) Surveys will be made for periods of 2, 4 or 6 months at the option of the applicant.

IMMORAL ARTICLES

§ 12.40 Seizure; disposition of seized articles; reports to United States attorney.

(a) Any book, pamphlet, paper, writing, advertisement, circular, print, picture, or drawing containing any matter

advocating or urging treason or insurrection against the United States or forcible resistance to any law of the United States, or containing any threat to take the life of or inflict bodily harm upon any person in the United States, seized under section 305, Tariff Act of 1930, shall be transmitted to the United States attorney for his consideration and action.

(b) Upon the seizure of articles or matter prohibited entry by section 305, Tariff Act of 1930 (with the exception of the matter described in paragraph (a) of this section), a notice of the seizure of such articles or matter shall be sent to the consignee or addressee.

(c) When articles of the class covered by paragraph (b) of this section are of small value and no criminal intent is apparent, a blank assent to forfeiture, Customs Form 4607, shall be sent with the notice of seizure. Upon receipt of the assent to forfeiture duly executed, the articles shall be destroyed if not needed for official use and the case closed.

(d) In the case of a repeated offender or when the facts indicate that the importation was made deliberately with intent to evade the law, the facts and evidence shall be submitted to the United States attorney for consideration of prosecution of the offender as well as an action in rem under section 305 for condemnation of the articles.

(e) All cases in which articles have been seized pursuant to 19 U.S.C. 1305(a) should be referred to the U.S. Attorney, for possible institution of condemnation proceedings, within 4 days, but in no event more than 14 days, after the date of Customs initial examination. The referral to the U.S. Attorney should be initiated simultaneously with the mailing to the importer of the seizure notice and the assent to forfeiture form. If the importer declines to execute an assent to forfeiture of the articles other than those mentioned in paragraph (a) of this section and fails to submit, within 30 days after being notified of his privilege to do so, a petition under section 618, Tariff Act of 1930 (19 U.S.C. 1618), for remission of the forfeiture and permission to export the seized articles, then

§ 12.41

the U.S. Attorney, who has already received information concerning the seizure pursuant to this paragraph, may proceed with the condemnation action.

(f) If seizure is made of books or other articles which do not contain obscene matter but contain information or advertisements relative to means of causing unlawful abortion, the procedure outlined in paragraphs (b), (c), (d), and (e) of this section shall be followed.

(g) In any case when a book is seized as being obscene and the importer declines to execute an assent to forfeiture on the ground that the book is a classic, or of recognized and established literary or scientific merit, a petition addressed to the Secretary of the Treasury with evidence to support the claim may be filed by the importer for release of the book. Mere unsupported statements or allegations will not be considered. If the ruling is favorable, release of such book shall be made only to the ultimate consignee.

(h) Whenever it clearly appears from information, instructions, advertisements enclosed with or appearing on any drug or medicine or its immediate or other container, or otherwise that such drug or medicine is intended for inducing unlawful abortion, such drug or medicine shall be detained or seized.

When imported films are claimed to be free of duty as American goods returned, this certification may be made on Customs Form 3311 in the space designated "Remarks" in lieu of on Form 3291.

(b) Films exposed abroad by a foreign concern or individual shall be previewed by a qualified employee of

19 CFR Ch. I (4-1-00 Edition)

the Customs Service before release. In case such films are imported as undeveloped negatives exposed abroad, the approximate number of feet shall be ascertained by weighing before they are allowed to be developed and printed and such film shall be previewed by a qualified employee of the Customs Service after having been developed and printed.

(c) Any objectionable film shall be detained pending instructions from Headquarters, U.S. Customs Service or a decision of the court as to its final disposition.

MERCHANDISE PRODUCED BY CONVICT,
FORCED, OR INDENTURED LABOR

§ 12.42 Findings of Commissioner of Customs.

(a) If any port director or other principal Customs officer has reason to believe that any class of merchandise which is being, or is likely to be, imported into the United States is being produced, whether by mining, manufacture, or other means, in any foreign locality with the use of convict labor, forced labor, or indentured labor under penal sanctions so as to come within the purview of the first sentence of section 307, Tariff Act of 1930, he shall communicate his belief to the Commissioner of Customs. Every such communication shall contain or be accompanied by a statement of substantially the same information as is required in paragraph (b) of this section, if in the possession of the port director or other officer or readily available to him.

(b) Any person outside the Customs Service who has reason to believe that merchandise produced in the circumstances mentioned in paragraph (a) of this section is being, or is likely to be, imported into the United States and, if the production is with the use of forced labor or indentured labor under penal sanctions, that merchandise of the same class is being produced in the United States in such quantities as to meet the consumptive demands of the United States may communicate his belief to any port director or the Commissioner of Customs. Every such communication shall contain, or be accompanied by, (1) a full statement of the

reasons for the belief, (2) a detailed description or sample of the merchandise, and (3) all pertinent facts obtainable as to the production of the merchandise abroad. If the foreign merchandise is believed to be mined, produced, or manufactured with the use of forced labor or indentured labor under penal sanctions, such communication shall also contain (4) detailed information as to the production and consumption of the particular class of merchandise in the United States and the names and addresses of domestic producers likely to be interested in the matter.

(c) If any information filed with a port director pursuant to paragraph (b) of this section does not conform with the requirements of that paragraph, the communication shall be returned promptly to the person who submitted it with detailed written advice as to the respects in which it does not conform. If such information is found to comply with the requirements, it shall be transmitted by the port director within 10 days to the Commissioner of Customs, together with all pertinent additional information available to the port director.

(d) Upon receipt by the Commissioner of Customs of any communication submitted pursuant to paragraph (a) or (b) of this section and found to comply with the requirements of the pertinent paragraph, the Commissioner will cause such investigation to be made as appears to be warranted by the circumstances of the case and the Commissioner or his designated representative will consider any representations offered by foreign interests, importers, domestic producers, or other interested persons.

(e) If the Commissioner of Customs finds at any time that information available reasonably but not conclusively indicates that merchandise within the purview of section 307 is being, or is likely to be, imported, he will promptly advise all port directors accordingly and the port directors shall thereupon withhold release of any such merchandise pending instructions from the Commissioner as to whether the merchandise may be released otherwise than for exportation.

(f) If it is determined on the basis of the foregoing that the merchandise is

subject to the provisions of the said section 307, the Commissioner of Customs, with the approval of the Secretary of the Treasury, will publish a finding to that effect in a weekly issue of the Customs Bulletin and in the FEDERAL REGISTER.

(g) Any merchandise of a class specified in a finding made under paragraph (f) of this section, which is imported directly or indirectly from the locality specified in the findings and has not been released from Customs custody before the date of publication of such finding in the FEDERAL REGISTER shall be considered and treated as an importation prohibited by section 307, Tariff Act of 1930, unless the importer establishes by satisfactory evidence that the merchandise was not mined, produced, or manufactured in any part with the use of a class of labor specified in the finding.

(h) The following findings made under the authority of section 307, Tariff Act of 1930 are currently in effect with respect to the merchandise listed below:

If the article was mined, produced, or manufactured wholly or in part in a country other than that from which it was exported to the United States, an additional certificate in such form and signed by the last owner or seller in such other country, substituting the facts of transportation from such other country for the statements with respect to shipment

(c) If the certificate or certificates and statements specified in paragraphs (a) and (b) of this section are submitted within the time prescribed and the Commissioner finds that the merchandise is admissible, the port director concerned will be advised to that effect, whereupon he shall release the merchandise upon compliance with the usual entry requirements.

director shall ascertain whether the proof specified in § 12.43 has been submitted within the time prescribed in that section. If the proof has not been so submitted, or if the Commissioner of Customs advises the port director that the proof furnished does not establish the admissibility of the merchandise, the port director shall promptly advise the importer in writing that the merchandise is excluded from entry. Upon the expiration of 60 days after the delivery or mailing of such advice by the port director, the merchandise shall be deemed to have been abandoned and shall be destroyed, unless it has been exported or a protest has been filed as provided for in section 514, Tariff Act of 1930.

(iii) The negatives and plates used in making the illustrations shall be destroyed after their final use in accordance with this section.

(2) The making or importation, but not for advertising purposes except philatelic advertising, of motion-picture films, microfilms, or slides, for projection upon a screen or for use in telecasting, of postage and revenue stamps and other obligations and securities of the United States, and postage and revenue stamps, notes, bonds, and other obligations or securities of any foreign government, bank, or corporation. No prints or other reproductions shall be made from such films or slides, except for the purposes of paragraph (1), without the permission of the Secretary of the Treasury.

For the purposes of this section the term "postage stamp" includes "postage meter stamps." (18 U.S.C. 504).

ENTRY OF MOTOR VEHICLES, MOTOR VEHICLE ENGINES AND NONROAD ENGINES UNDER THE CLEAN AIR ACT, AS AMENDED

§ 12.73 Motor vehicle and engine compliance with Federal antipollution emission requirements.

(a) *Applicability of EPA requirements.* This section is ancillary to the regulations of the U.S. Environmental Protection Agency (EPA) issued under the Clean Air Act, as amended (42 U.S.C. 7401 *et seq.*), and found in 40 CFR parts 85 and 86. Those regulations should be consulted for more detailed information concerning EPA emission requirements. The requirements apply to imported motor vehicles, but do not apply to separately imported non-chassis mounted engines to be used in light-duty trucks or other light-duty vehicles. Other separately imported engines

for heavy-duty motor vehicles are covered, and all references in this section to motor vehicles should be deemed to include motor vehicles as well as these heavy-duty engines. Nothing in this section should be construed as limiting or changing in any way the applicability of the EPA regulations.

(b) *Importation of complying vehicles—*

(1) *Labeled vehicles.* Vehicles which in their condition as imported are covered by an EPA certificate of conformity and which bear the manufacturer's label showing such conformity and other EPA-required information shall be deemed in compliance with applicable emission requirements for the purpose of Customs admissibility and entry liquidation determinations. This paragraph does not apply to importations of ICI's covered by paragraph (d) of this section.

(2) *Pending certification.* Vehicles otherwise covered by paragraph (b)(1) of this section which were manufactured for compliance with applicable emission requirements, but for which an application for a certificate of conformity is pending with the EPA may be conditionally released from Customs custody pending production of the certificate of conformity within 120 days of release.

(c) *Importation of vehicles previously in compliance—*(1) *Vehicles of returning residents.* Vehicles of residents returning from Canada, Mexico or other countries as EPA may designate are not covered by this section.

(2) *Vehicles of commuting nonresidents and tourists.* A port director through the issuance of an appropriate means of identification to be affixed to a vehicle may waive all of the requirements of this section for a nonresident regularly crossing the Canadian or Mexican border, or waive the requirements for Mexico or Canadian-registered vehicles of tourists or other travelers.

(3) *Participants in EPA-approved catalytic converter or oxygen sensor control programs.* Further evidence of emissions compliance will not be required for catalytic converter or oxygen sensor-equipped vehicles imported for participating in EPA-approved catalytic converter or oxygen sensor control programs and subject to the requirements of those programs.

(4) *Previously labeled, modified or imported vehicles.* Any other vehicle of United States or foreign origin manufactured with a catalytic converter or oxygen sensor, or any previously imported vehicle subsequently modified with a catalytic converter or oxygen sensor, will not be deemed in compliance with applicable emission requirements if used outside of the United States, Canada, Mexico, or other countries as EPA may designate, until the catalytic converter and/or oxygen sensor is replaced. Conditional release from Customs custody for the purpose of the modification is subject to a 120-day period for completion. Subject to special documentation at the time of export from the United States and approval and other requirements of EPA, replacement of a catalytic converter or oxygen sensor may be avoided if the equipment is disconnected before export from the United States and reconnected after subsequent importation.

(d) *Importation of vehicles by ICI's.* Except for motor vehicles imported in the applicable circumstances covered by paragraphs (c), (e), (f), (g) or (h) of this section, an individual or business other than an independent commercial importer (ICI) holding a currently valid EPA certificate of conformity may not enter a motor vehicle to which EPA emission requirements apply. An ICI, subject to the more specific definition in EPA regulations, is an importer which does not have a contract with a foreign or domestic motor vehicle manufacturer for distributing products into the United States market. However, a motor vehicle may not be conditionally admitted unless it falls within one of the categories provided for in 40 CFR 85.1505 or 85.1509. Before the vehicle is deemed to be in compliance with applicable emission requirements and, therefore, finally admitted into the United States, the ICI must keep the vehicle in storage for a 15-working day period. This period follows notice to EPA of completion of the compliance work to give EPA the opportunity to conduct confirmatory testing and inspect the vehicle and records. The 15-working day period is part of the 120-day period in which an ICI must bring the vehicle into emissions compliance. Individuals and businesses not entitled

§ 12.73

19 CFR Ch. I (4-1-00 Edition)

to enter nonconforming motor vehicles may arrange for their importation through an ICI certificate holder. In these circumstances, the ICI will not act as an agent or broker for Customs transaction purposes unless otherwise licensed or authorized to do so.

(e) *Exemptions and exclusions from emission requirements based on age of vehicle.* The following motor vehicles, except as shown, may be imported by any person and do not have to be shown to be in compliance with emission requirements or modified before entitled to admissibility:

(1) Gasoline-fueled light-duty trucks and light-duty motor vehicles manufactured before January 1, 1968;

(2) Diesel-fueled light-duty motor vehicles manufactured before January 1, 1975;

(3) Diesel-fueled light-duty trucks manufactured before January 1, 1976;

(4) Motorcycles manufactured before January 1, 1978;

(5) Gasoline-fueled and diesel-fueled heavy-duty engines manufactured before January 1, 1970; and

(6) Motor vehicles not otherwise exempt from EPA emission requirements and more than 20 years old. Age is determined by subtracting the year of production (as opposed to model year) from the year of importation. The exemption under this subparagraph is available only if the vehicle is imported by an ICI.

(f) *Exemption for exports.* A motor vehicle intended solely for export to a country not having the same emission standards applicable in the United States, and both the vehicle and its container bear a label or tag indicating that it is intended solely for export, is exempt from applicable United States emission requirements. 40 CFR 85.1709.

(g) *Exemptions for diplomats, foreign military personnel and nonresidents.* Subject to the condition that they are not resold in the United States, the following motor vehicles are exempt from applicable emission requirements:

(1) A motor vehicle imported solely for the personal use of a nonresident importer or consignee and the use will be for a period not to exceed one year; and

(2) A motor vehicle of a member of the armed forces of a foreign country

on assignment in the United States, or of a member of the personnel of a foreign government on assignment in the United States or other individual who comes within the class of persons for whom free entry of motor vehicles has been authorized by the Department of State in accordance with general principles of international law. For special documentation requirements see paragraph (i)(4) of this section.

(h) *Exemptions and exclusions based on prior EPA authorization.* The following motor vehicles are exempt or excluded from applicable emission requirements if prior approval has been obtained in writing from EPA:

(1) *Importations for repairs.* Any motor vehicle which is imported solely for repairs or alterations and which is not sold, leased, registered or licensed for use or operated on public roads or highways in the United States. 40 CFR 85.1511(b)(1);

(2) *Importations for testing.* Any motor vehicle imported solely for testing. Test vehicles may be operated on and registered for use on public roads or highways provided that the operation is an integral part of the test. 40 CFR 85.1511(b)(2). This exemption is limited to a period not exceeding one year from the date of importation unless a request is made under 40 CFR 85.1705(f) for a one-year extension;

(3) *Prototype vehicles.* Any motor vehicle imported for use as a prototype in applying for EPA certification. 40 CFR 85.1511(b)(3) and 85.1706. In the case of an ICI, unless the vehicle is brought into conformity within 180 days from the date of entry it shall be exported or otherwise disposed of subject to paragraph (1) of this section;

(4) *Display vehicles.* Any motor vehicle which is imported solely for display and which will not be sold, leased, registered or licensed for use on or operated on the public roads or highways in the United States. 40 CFR 85.1511(b)(4);

(5) *Racing cars.* Any motor vehicle which qualifies as a racing vehicle meeting one or more of the criteria found at 40 CFR 85.1703(a), and which will not be registered or licensed for use on or operated on public roads or highways in the United States. See also 40 CFR 85.1511(c)(1);

(6) *National security importations.* Any motor vehicle imported for purposes of national security by a manufacturer. 40 CFR 85.1511(c)(2), 85.1702(a)(2) and 85.1708; and

(7) *Hardship exemption.* Any motor vehicle imported by anyone qualifying for a hardship exemption. 40 CFR 85.1511(c)(3).

(i) *Documentation requirements—(1) Exemption for manufacturers.* The special documentation requirements of this paragraph do not apply to the entry of any motor vehicles shown to be in compliance with applicable emission requirements under paragraph (b)(1) of this section relating to labeling.

(2) *Declarations of other importers.* Release from Customs custody shall be refused with respect to all other entries unless there is filed with the entry in duplicate a declaration in which the importer or consignee declares or affirms its status as an original equipment manufacturer, an ICI holding an applicable certificate of conformity, or other status, and further declares or affirms the status or condition of the imported vehicles and the circumstances concerning importation including a citation to the specific paragraph or subparagraph in this section upon which application for conditional or final release from Customs custody is applied for.

(3) *Other documentation and information.* An importer's declaration shall include or be submitted with the following further information and documentation:

(A) The importer's name and address and telephone number;

(B) Identification of the vehicle or engine number, the vehicle owner's taxpayer identification number, and his or her current address and telephone number in the United States if different than as provided for in paragraph (3)(A) of this paragraph;

(C) Identification, where applicable, of the place where the vehicle will be stored until EPA approval of the importer's application to EPA for final admission as required for vehicles imported under 40 CFR 85.1505, 85.1509, or 85.1512 having reference to certain importations under paragraphs (c)(4) or (d)(1) of this section;

(D) Authorization for EPA enforcement officers to conduct inspections or testing otherwise permitted by the Clean Air Act and regulations promulgated thereunder;

(E) Identification, where applicable, of the certificate of conformity by means of which the vehicle is being imported;

(F) The date of manufacture of the vehicle;

(G) The date of entry;

(H) Identification of the vessel or carrier on which the merchandise was shipped;

(I) The entry number where applicable;

(J) Where prior EPA authorization is required for an exemption or exclusion, a copy of that authorization; and

(K) Such other further information as may be required by the EPA or the Customs Service.

(4) *Documentation from diplomats and foreign military personnel.* For entries for which an exemption is claimed under paragraph (g)(2) of this section, there must also be attached to the declaration required under paragraph (i)(2) of this section a copy of the motor vehicle importer's official orders, if any, or if a qualifying member of the personnel of a foreign government on assignment in the United States, the name of the embassy to which the importer is accredited.

(j) *Release under bond.* If a declaration filed in accordance with paragraph (i)(2) of this section states that the entry is being filed under circumstances described in either paragraph (c)(4), (h)(1), (h)(2), (h)(3) or (h)(4) of this section, the entry shall be accepted only if the importer or consignee gives a bond on Customs Form 301, containing the bond condition set forth in §113.62 of this chapter for the production of an EPA statement that the vehicle or engine is in conformity with Federal emission requirements. Within the period in paragraph (h)(2), (h)(3) or (c)(4) of this section, or in the case of paragraph (h)(1) or (h)(4) of this section, the period specified by EPA in its authorization for an exemption, or such additional period as the port director may allow for good cause shown, the importer or consignee shall deliver to the port director the prescribed

statement. If the statement is not delivered to the director of the port of entry within the specified period, the importer or consignee shall deliver or cause to be delivered to the port director those vehicles which were released under a bond required by this paragraph. In the event that the vehicle or engine is not redelivered within five days following the date specified in the preceding sentence, liquidated damages shall be assessed in the full amount of the bond, if it is a single entry bond, or if a continuous bond is used, the amount that would have been taken under a single entry bond.

(k) *Notices of inadmissibility or detention.* If a motor vehicle is determined to be inadmissible before release from Customs custody, or inadmissible after release from Customs custody, the importer or consignee shall be notified in writing of the inadmissibility determination and/or redelivery requirement. However, if a motor vehicle cannot be released from Customs custody merely because the importer has failed to attach to the entry the documentation required by paragraph (i) of this section, the vehicle shall be held in detention by the director of a period not to exceed 30 days after filing of the entry at the risk and expense of the importer pending submission of the missing documentation. An additional 30-day extension may be granted by the port director upon application for good cause shown. If at the expiration of a period not over 60 days the documentation has not been filed, a notice of inadmissibility will be issued.

(l) *Disposal of vehicles not entitled to admission.* A motor vehicle denied admission under any provision of this section shall be disposed of in accordance with applicable Customs laws and regulations. However, a motor vehicle or engine will not be disposed of in a manner in which it may ultimately either directly or indirectly reach a consumer in a condition in which it is not in conformity with applicable EPA emission requirements.

(m) *Prohibited importations.* The importation of motor vehicles otherwise than in accordance with this section and the regulations of EPA in 40 CFR parts 80, 85, 86 and 600 is prohibited.

[T.D. 88-40, 53 FR 26240, July 12, 1988]

§ 12.74 Nonroad engine compliance with Federal antipollution emission requirements.

(a) *Applicability of EPA regulations.* The requirements governing the importation of nonroad engines subject to conformance with applicable emissions standards of the U.S. Environmental Protection Agency (EPA) are contained in EPA regulations, issued under the Clean Air Act, as amended (42 U.S.C. 7401 *et seq.*). These EPA regulations should be consulted for detailed information as to the admission requirements for subject nonroad engines, as follows:

(1) For nonroad compression-ignition engines at or above 37 kilowatts, see 40 CFR part 89, subpart G;

(2) For nonroad spark-ignition engines at or below 19 kilowatts, see 40 CFR part 90, subpart G; and

(3) For marine spark-ignition engines, see 40 CFR part 91, subpart H.

(b) *Admission of nonconforming nonroad engines.* (1) *EPA declaration required.* EPA Form 3520-21, "Importation of Nonroad Engines and Nonroad Engines Incorporated Into Nonroad Equipment or Vehicles, Subject to Federal Air Pollution Regulations", must be completed by the importer and retained on file by him before making a customs entry for such nonroad engines/equipment/vehicles.

(2) *Retention and submission of records to Customs.* Documents supporting the information required in the EPA declaration must be retained by the importer for a period of at least 5 years in accordance with § 162.1c of this chapter and shall be provided to Customs upon request.

(c) *Release under bond.* (1) *Conditional admission.* If the EPA declaration states that the entry for a nonconforming nonroad engine is being filed under one of the exemptions described in paragraphs (c)(3)(i) through (c)(3)(iv) of this section, under which the engine must be conditionally admitted under bond, the entry for such engine shall be accepted only if a bond is given on Customs Form 301 containing the conditions set forth in § 113.62 of this chapter for the presentation of an EPA statement that the engine has been brought into conformity with Federal emissions requirements.

(2) *Final admission.* Should final admission be sought and granted pursuant to EPA regulations for an engine conditionally admitted initially under one of the exemptions described in paragraphs (c)(3)(i) through (c)(3)(iv) of this section, the importer or consignee shall deliver to the port director the prescribed statement. The statement shall be delivered within the period authorized by EPA for the specific exemption, or such additional period as the port director of Customs may allow for good cause shown. Otherwise, the importer or consignee shall deliver or cause to be delivered to the port director the subject engine, either for export or other disposition under applicable Customs laws and regulations (see paragraph (e) of this section). If such engine is not redelivered within 5 days following the allotted period, liquidated damages shall be assessed in the full amount of the bond, if a single entry bond, or if a continuous bond, the amount that would have been taken under a single entry bond (see 40 CFR 89.612-96(d), 90.613(c) & (d), 91.705(c) & (d)).

(3) *Exemptions.* The specific exemptions under which a nonconforming nonroad engine may be conditionally admitted, and for which a Customs bond is required, are as follows:

(i) Repairs or alterations (see 40 CFR 89.611-96(b)(1), 90.612(b)(1), 91.704(b)(1));

(ii) Testing (see 40 CFR 89.611-96(b)(2), 90.612(b)(2), 91.704(b)(2));

(iii) Precertification (see 40 CFR 89.611-96(b)(3), 89.906); and

(iv) Display (see 40 CFR 89.611-96(b)(4), 90.612(b)(3), 91.704(b)(3)).

(d) *Notice of inadmissibility or detention.* If an engine is found to be inadmissible either before or after release from Customs custody, the importer or consignee shall be notified in writing of the inadmissibility determination and/or redelivery requirement. However, an engine which cannot be released merely due to a failure to furnish with the entry any documentary information as required by EPA shall be held in detention by the port director for a period not to exceed 30 days after filing of the entry at the risk and expense of the importer pending submission of the missing information. An additional 30-day extension may be

granted by the port director upon application for good cause shown. If at the expiration of a period not over 60 days the required documentation has not been filed, a notice of inadmissibility will be issued.

(e) *Disposal of engines not entitled to admission; prohibited importations.* A nonroad engine denied admission under EPA regulations shall be disposed of consistent with such EPA regulations and in accordance with applicable Customs laws and regulations. The importation of nonroad engines otherwise than as prescribed under EPA regulations is prohibited.

MOTOR VEHICLES AND MOTOR VEHICLE EQUIPMENT MANUFACTURED ON OR AFTER JANUARY 1, 1968

§12.80 Federal motor vehicle safety standards.

(a) *Standards prescribed by the Department of Transportation.* Motor vehicles and motor vehicle equipment manufactured on or after January 1, 1968, offered for sale, or introduction or delivery for introduction in interstate Commerce, or importation into the United States are subject to Federal motor vehicle safety standards ("safety standards") prescribed by the Secretary of Transportation under sections 103 and 119 of the National Traffic and Motor Vehicle Safety Act of 1966, as amended (15 U.S.C. 1392, 1407) ("the Act"), and set forth in 49 CFR part 571. A motor vehicle ("vehicle") or item of motor vehicle equipment ("equipment item"), manufactured on or after January 1, 1968, is not permitted entry into the Customs territory of the United States unless (with certain exceptions set forth in paragraph (b) of this section) it is in conformity with applicable safety standards in effect at the time the vehicle or equipment item was manufactured.

(b) *Requirements for entry and release.*

(1) Unless the requirement for filing is waived by the port director as provided for in paragraph (f) of this section, each vehicle or equipment item offered

for introduction into the Customs territory of the United States shall be denied entry unless the importer or consignee files with the entry a declaration, in duplicate, which declares or affirms one of the following:

(i) The vehicle or equipment item was manufactured on a date when no applicable safety standards were in effect.

(ii) The vehicle or equipment item conforms to all applicable safety standards (or, the vehicle does not conform solely because readily attachable equipment items which will be attached to the vehicle before it is offered for sale to the first purchaser for purposes other than resale are not attached) and bears a certification label or tag to that effect permanently affixed by the original manufacturer to the vehicle or to the equipment item, or to the outside of the container in which the equipment item is delivered, in accordance with regulations issued by the Secretary of Transportation (49 CFR parts 555, 567, 568 and 571) under section 114 of the Act (15 U.S.C. 1403).

(iii) The vehicle or equipment item was not manufactured in conformity to all applicable safety standards, but it has been or will be brought into conformity. Within 120 days after entry, or within a period not to exceed 180 days after entry, if additional time is granted by the Administrator, National Highway Traffic Safety Administration ("Administrator, NHTSA"), the importer or consignee will submit a true and complete statement to the Administrator, NHTSA, identifying the manufacturer, contractor, or other person who has brought the vehicle or equipment item into conformity, describing the exact nature and extent of the work performed, and certifying that the vehicle or equipment item has been brought into conformity, and that the vehicle or equipment item will not be sold or offered for sale until the Administrator, NHTSA, issues an approval letter to the port director stating that the vehicle or equipment item described in the declaration has been brought into conformity with all applicable safety standards.

(iv) The vehicle or equipment item is intended solely for export, and the vehicle or equipment item, and the out-

side of the container of the equipment item, if any, bears a label or tag to that effect.

(v) The importer or consignee is a nonresident of the United States, is importing the vehicle or equipment item primarily for personal use for a period not exceeding 1 year from the date of entry, will not sell it in the United States during that period, and has stated his passport number and country of issue, if he has a passport, on the declaration.

(vi) The importer or consignee is a member of the armed forces of a foreign country on assignment in the U.S. or is a member of the personnel of a foreign government on assignment in the U.S. or other individual who is within the class of persons for whom free entry of vehicles has been authorized by the Department of State in accordance with general principles of international law, is importing the vehicle or equipment item for purposes other than resale; and a copy of his official orders, if any, is attached to the declaration (or, if a qualifying member of the personnel of a foreign government on assignment in the U.S., the name of the Embassy to which he is accredited is stated on the declaration).

(vii) The vehicle or equipment item is imported solely for the purpose of show, test, experiment, competition (a vehicle the configuration of which at the time of entry is such that it cannot be licensed for use on the public roads is considered to be imported for the purpose of competition), repair or alteration, and the statement required by 19 CFR 12.80(c)(2) or (c)(3) is attached to the declaration.

(viii) The vehicle was not manufactured primarily for use on the public roads and is not a "motor vehicle" as defined in section 102 of the Act (15 U.S.C. 1391).

(ix) The vehicle is an "incomplete vehicle" as defined in 49 CFR part 568.

(2) A vehicle imported solely for the purpose of test or experiment which is the subject of a declaration filed under paragraph (b)(1)(vii) of this section may be licensed for use on the public roads for a period not to exceed 1 year from the date of importation if use on the public roads is an integral part of the test or experiment. The vehicle

may be licensed for use on the public roads for one or more further periods which, when added to the initial 1 year period, shall not exceed a total of 3 years, upon application to and approval by the Administrator, NHTSA.

(c) *Declaration; contents.* (1) Each declaration filed under paragraph (b)(1) of this section shall include the name and address in the United States of the importer or consignee, the date and the entry number (if applicable), the make, model, and engine and body serial numbers, or other identification number (if a vehicle), or a description of the item (if an equipment item), and shall be signed by the importer or consignee.

(2) Each declaration filed under paragraph (b)(1)(vii) of this section which relates to a vehicle or equipment item reported for the purpose of show, competition, repair, or alteration shall have attached a statement fully describing the use to be made of the vehicle or equipment item and its ultimate disposition.

(3) Each declaration filed under paragraph (b)(1)(vii) of this section which relates to a vehicle imported solely for the purpose of test or experiment shall have attached a statement fully describing the test or experiment, the estimated period of time necessary to use the vehicle on the public roads, and the disposition to be made of the vehicle after completion of the test or experiment.

(4) Any declaration filed under paragraph (b)(1) of this section may, if appropriate, relate to more than one vehicle or equipment item imported on the same entry.

(d) *Declaration; disposition.* The port director shall forward the original of each declaration submitted to him under paragraph (b)(1) of this section as soon as practicable to the Director, Office of Vehicle Safety Compliance, National Highway Traffic Safety Administration, Washington, DC 20590.

(e) *Release under bond.* (1) If a declaration is filed under paragraph (b)(1)(iii) of this section, the entry shall be accepted only if the importer or consignee gives a bond on Customs Form 301, containing the bond conditions set forth in §113.62 of this chapter. An approval letter shall be issued upon approval by the Administrator, NHTSA,

of the conformity statement submitted by the importer or consignee as provided for in paragraph (b)(1)(iii) of this section. The approval letter shall be forwarded by the Administrator, NHTSA, to the port director with a copy to the importer or consignee. Upon receipt of the approval letter the port director shall cancel the charge against the bond.

(2) If the approval letter is not received by the port director within 180 days after entry, the port director shall issue a Notice of Redelivery, Customs Form 4647, requiring the redelivery to Customs custody of the vehicle or equipment item. If the vehicle or equipment item is not redelivered to Customs custody or exported under Customs supervision within the period allowed by the port director in the Notice of Redelivery, liquidated damages shall be assessed in the full amount of a bond if it is single entry bond or if a continuous bond is used, the amount that would have been taken under a single entry bond.

Those regulations or standards are prescribed by the Commandant, U.S. Coast Guard, pursuant to sections 5, 7, and 39, Federal Boat Safety Act of 1971 (46 U.S.C. 1454, 1456, 1488), as set forth in 33 CFR parts 181, 183.

(iii) All vessels engaged in the carrying of six or fewer passengers (see section 4.80 of this chapter on prohibitions against foreign vessels transporting passengers in the coastwise trade).

(2) For purposes of § 12.85 the term "boat" does not include:

(i) Foreign vessels temporarily using waters subject to U.S. jurisdiction.

(ii) Military or public vessels of the United States, except recreational type public vessels.

(ii) Any accessory or equipment for, or appurtenance to, a boat (excluding radio equipment).

(iii) Any marine safety article, accessory, or equipment intended for use by a person on board a boat (excluding radio equipment).

(4) The term "product" as used in this section, includes the terms "boats" and "associated equipment" as defined in paragraphs (a) (1), (2), and (3) of this section.

(b) *Evidence of compliance with boating standards or regulations as condition of entry.* A product for which entry is sought into the Customs territory of the United States will, subject to the exceptions specified in paragraph (c) of this section, be denied entry unless accompanied by evidence of compliance with standards or regulations as follows:

identification number affixed, as is required by subparts B and C, 33 CFR part 181, if they fall within one of the following categories, and if the conditions for entry and release specified for each category of product are met:

(1) *Products manufactured before standards or regulations in effect.* For certain products manufactured before an applicable standard or regulation was in effect, a declaration will be filed in accordance with the requirements of paragraph (d) of this section. The declaration will state that the product was manufactured before the applicable standard or regulation was in effect. If the port director believes that it is necessary in a particular case, he may communicate with the nearest Coast Guard district commander by the most expedient means to request that the Coast Guard determine that alteration of the product is not required.

(2) *Products exempted from standards or regulations by Coast Guard Grant of Exemption.* For certain products specifically exempted from applicable standards or regulations by a Coast Guard Grant of Exemption, a declaration will be filed in accordance with paragraph (d) of this section. The declaration will state that the product has been specifically exempted from applicable standards or regulations by a U.S. Coast Guard Grant of Exemption, issued under the authority of section 9 of the Federal Boat Safety Act of 1971 (46 U.S.C. 1458), and in effect on the date the product was manufactured. The declaration will also state that the product complies with all the terms and conditions of the exemption. A copy of the exemption, certified by the importer or consignee to be a true copy, shall be attached to each declaration.

(3) *Products to be brought into conformity.* In the case of products that are not in conformity at the time of entry but will be brought into conformity, a declaration will be filed in accordance with paragraph (d) of this section. The declaration will state that the product does not conform with applicable safety standards or regulations, but that the importer or consignee will bring the product into conformity with safety standards or regulations, and will also state that the product will not be

sold or offered for sale, or used on waters subject to the jurisdiction of the United States and on the high seas beyond the territorial seas for a vessel owned in the United States except for the purpose of bringing it into conformity, until the bond has been satisfied with respect to this obligation. To secure entry under this provision, bond must be given in accordance with paragraph (e)(1) of this section.

(4) *Certain products entering the United States for repair or alteration.* In the case of a nonresident of the United States who wishes to enter a product for the purpose of making repairs or alterations to it for a period not exceeding 1 year from the date of entry, a declaration will be filed in accordance with paragraph (d) of this section. The declaration shall state that the importer or consignee is a nonresident of the United States, that the product is being brought in for the purpose of making repairs or alterations to it, that it will not remain in the Customs territory of the United States for more than 1 year following the date of the entry, and that it will not be offered for sale, sold, or used for pleasure in waters subject to the jurisdiction of the United States during that time.

(5) *Products owned by certain foreign governments.* In the case of an importer or consignee employed in one of the capacities set forth in this subparagraph, a declaration will be filed in accordance with paragraph (d) of this section. The declaration shall state that the importer or consignee is either a member of the armed forces of a foreign country on assignment in the U.S. or is a member of the personnel of a foreign government on assignment in the U.S. or other individual who comes within the class of persons for whom free entry of boats has been authorized by the Department of State in accordance with general principles of international law, and that he is importing the product for purposes other than resale.

(6) *Certain products entered for tests, experiments, exhibits, or races.* An importer or consignee seeking to enter a product for period not to exceed 1 year, for tests, experiments, exhibits, or races but not for sale in the United

States, shall file a declaration in accordance with paragraph (d) of this section. The declaration shall state that the importer or consignee is importing the product solely for the stated purpose and that it will not be sold or operated in the United States, unless the operation is an integral part of the stated use for which the product was imported. The importer or consignee shall attach to the declaration a description of use for which the product is being imported, the time period estimated for completion, and disposition to be made of the product after completion. Entry under this paragraph may be authorized for a period not to exceed 1 year from the date of importation. However, this period may be extended at the discretion of the port director for one or more additional periods which, when added to the initial 1-year period, shall not exceed a total of 3 years.

(3) State the name and U.S. address of the importer or consignee.

(7) Be sent by the port director, to the Commandant (G-BBS-1/42), U.S. Coast Guard, Washington, D.C. 20593.

(e) *Release under bond—(1) When bond required.* A bond will be required of the importer or consignee on Customs Form 301, containing the bond conditions set forth in §113.62 of this chapter, in such amount as the port director deems appropriate, when a declaration is made that a product is to be brought into conformity. When the importer or consignee of a product declares that it will be brought into conformity before being sold or offered for sale, or before being used on waters subject to the jurisdiction of the

United States and on the high seas beyond the territorial seas for a vessel owned in the United States and seeks entry of the product under paragraph (c)(3) of this section, the entry shall be accepted only if bond is given for the production of a statement by either the importer or the consignee that the product described in the declaration is in conformity with applicable safety standards or regulations. The statement shall identify the person or firm who has brought the product into conformity with the standards or regulations and shall describe the nature and extent of the work performed.

(2) *Time limitation to produce statement for which bond is obligated.* Within 180 days after entry, the importer or consignee shall deliver to both the port director and the Commandant, U.S. Coast Guard, a copy of the statement for production of which the bond was obligated. If the statement is not delivered to the director of the port of entry of the product within 180 days after the date of entry, the importer or consignee shall deliver or cause to be delivered to the port director the product that was released in accordance with this paragraph.

(3) *Damages to be assessed against bond.* In the event that any product is not redelivered within 5 days following the date required by paragraph (e)(2) of this section, liquidated damages shall be assessed in the full amount of the bond if it is a single entry bond, or if a continuous bond is used, the amount that would have been taken under a single entry bond.

(f) *Products refused entry.* If a product is denied entry under the provisions of this section, the port director shall refuse to release the product for entry into the United States and shall issue a notice of the refusal to the importer or consignee.

(g) *Disposition of products refused entry into the United States; redelivered products.* Products which are denied entry under paragraph (b) of this section, or which are redelivered in accordance with paragraph (e)(2) of this section, and which are not exported under Customs supervision within 90 days from

the date of notice of refusal of admission or date of redelivery, shall be disposed of under Customs laws and regulations. However, no such disposition shall result in an introduction into the United States of a product in violation of the Federal Boat Safety Act of 1971 (46 U.S.C. 1451-1489).

(a) *Standards prescribed by the Department of Health and Human Services.* Electronic products offered for importation into the customs territory of the United States are subject to standards prescribed under section 358 of the Act (42 U.S.C. 263f) unless intended solely for export. Prescribed standards shall not apply to any electronic product intended solely for export if:

(1) Such product and the outside of any shipping container used in the export of such product are labeled or tagged to show that it is intended for export, and

(2) Such product meets all the applicable requirements of the country to which it is intended for export.

(See 21 CFR, chapter I, subchapter J.)

(b) *Requirements for entry and release.* Electronic products subject to standards in effect under section 358 of the Act (42 U.S.C. 263f), when offered for importation into the customs territory of the United States, shall be refused entry unless there is filed with the entry, in duplicate, a declaration (FDA Form FD 2877) verified by the importer of record which identifies the products and affirms:

(1) That the electronic products were manufactured before the date of any applicable electronic product performance standard (the date of manufacture shall be specified); or

(2) That the electronic products comply with all standards in effect under section 358 of the Act (42 U.S.C. 263f), and chapter I, subchapter J, title 21, Code of Federal Regulations (21 CFR, chapter I, subchapter J), and that the certification required by section 360 of the Act (42 U.S.C. 263h) in the form of a label or tag is attached to the product; or

(3)(i) That the electronic products do not comply with all standards in effect under section 358 of the Act (42 U.S.C. 263f), and chapter I, subchapter J, title 21, Code of Federal Regulations (21 CFR, chapter I, subchapter J), but are being imported for the purpose of research, investigations, studied, demonstrations, or training, (ii) that the products will not be introduced into commerce and when the use for which they were imported is completed they will be destroyed or exported under Customs supervision, and (iii) that an exemption for these products has been or will be requested from the National Center for Devices and Radiological Health, Food and Drug Administration, in accordance with section 360B(b) of the Act (42 U.S.C. 263j); or

(4) That the electronic products do not comply with all standards in effect under section 358 of the Act (42 U.S.C. 263f) and chapter I, subchapter J, Code of Federal Regulations (21 CFR, chapter I, subchapter J), but that a timely and adequate petition for permission to bring the products into compliance with applicable standards has been or will be filed with the Secretary of Health and Human Services in accordance with section 360 of the Public Health Service Act, as amended, and as implemented by 21 CFR 1005.21.

(c) *Notice of sampling.* When a sampling of a product offered for importation has been requested by the Secretary of Health and Human Services, as provided for in 21 CFR 1005.10, the port director having jurisdiction over the shipment from which the sample is

procured shall give to its owner or importer of record prompt notice of delivery of, or intention to deliver, the sample. If the notice so requires, the owner or importer of record shall hold the shipment of which the sample is typical and not release the shipment until notice of the results of the tests of the sample from the Secretary of Health and Human Services stating the product fulfills the requirements of the Act.

(d) *Release under bond.* If a declaration filed in accordance with paragraph (b) of this section states that the entry is being made under circumstances described in paragraph (b)(4) of this section, the entry shall be accepted only if the owner or importer of record gives a bond on Customs Form 301, containing the bond conditions set forth in §113.62 of this chapter, for the production of a notification from the Secretary of Health and Human Services or his designee, in accordance with 21 CFR 1005.23, that the electronic product described in the declaration filed by the importer of record is in compliance with the applicable standards. The bond shall be in an amount deemed appropriate by the port director. Within 180 days after the entry of such additional period as the port director may allow for good cause shown, the importer of record shall take any action necessary to insure delivery to the port director of the notification described in this paragraph. If the notification is not delivered to the director of the port of entry of the electronic products within 180 days of the date of entry or such additional period as may be allowed by the port director, for good cause shown, the importer of record shall deliver or cause to be delivered to the port director those electronic products which were released. In the event that any electronic products are not redelivered to Customs custody or exported under Customs supervision within the period allowed by the port director in the Notice of Redelivery (Customs Form 4647), liquidated damages shall be assessed in the full amount of a bond if it is a single entry bond, or if a continuous bond is used, the amount that would have been taken under a single entry bond.

(e) *Release without bond—special exemptions.* For certain electronic prod-

ucts the Director, National Center for Devices and Radiological Health, has granted special exemptions from the otherwise applicable standards under the Act. Such exempted products may be imported and released without bond if they meet all the criteria of the special exemption. If a special exemption is granted after the product has been imported under bond in accordance with paragraph (d) of this section, the bond conditions pertaining to the notification of compliance from the Secretary of Health and Human Services shall be deemed to have been satisfied.

CHEMICAL SUBSTANCES IN BULK AND AS PART OF MIXTURES AND ARTICLES

SOURCE: Sections 12.118 through 12.127 were issued under T.D. 83-158, 48 FR 34739, Aug. 1, 1983, unless otherwise noted.

§ 12.118 Toxic Substances Control Act.

The importation into the customs territory of the United States of a chemical substance in bulk or as part of a mixture, or article *containing a chemical substance or mixture*, is governed by the Toxic Substances Control Act ("TSCA") (15 U.S.C. 2601 *et seq.*), and by regulations issued under the authority of section 13(b), TSCA (15 U.S.C. 2612(b)) by the Secretary of the Treasury in consultation with the Administrator, Environmental Protection Agency ("EPA").

§ 12.119 Scope.

Sections 12.120 through 12.127 apply to the importation into the customs territory of the United States of chemical substances in bulk and as part of mixtures under TSCA. Sections 12.120

through 12.127 also apply to articles containing a chemical substance or mixture if so required by the Administrator by specific rule under TSCA.

§ 12.120 Definitions.

Except as otherwise provided below, the terms used in §§ 12.121 through 12.127 have the meanings set forth for those terms in TSCA.

(a) *Article*—(1) *Article* means a manufactured item which:

- (i) Is formed to a specific shape or design during manufacture,
- (ii) Has end use functions dependent in whole or in part upon its shape or design during the end use, and
- (iii) Has either no change of chemical composition during its end use or only those changes of composition which have no commercial purpose separate from that of the article and that may occur as described in § 12.120(a)(2); except that fluids and particles are not considered articles regardless of shape or design.

(2) The allowable changes of composition, referred to in § 12.120(a)(1), are those which result from a chemical reaction that occurs upon the end use of other chemical substances, mixtures, or articles such as adhesives, paints, miscellaneous cleaners or other household products, fuels and fuel additives, water softening and treatment agents, photographic films, batteries, matches, and safety flares in which the chemical substance manufactured upon end use of the article is not itself manufactured for distribution in commerce or for use as an intermediate.

(b) *Chemical substance in bulk form* means a chemical substance (other than as part of a mixture or article) in containers used for purposes of transportation or containment, provided that the chemical substance is intended to be removed from the container and has an end use or commercial purpose separate from the container.

§ 12.121 Reporting requirements.

(a) *Chemical substances in bulk or mixtures*—(1) *Certification required.* The importer of a chemical substance imported in bulk or as part of a mixture, or the authorized agent of such an importer, must certify either that the

chemical shipment is subject to TSCA and complies with all applicable rules and orders thereunder, or that the chemical shipment is not subject to TSCA, by signing and filing with Customs one of the following statements:

I certify that all chemical substances in this shipment comply with all applicable rules or orders under TSCA and that I am not offering a chemical substance for entry in violation of TSCA or any applicable rule or order thereunder.

I certify that all chemical substances in this shipment are not subject to TSCA.

(2) *Filing of certification*—(i) *General*. The appropriate certification required under paragraph (a)(1) of this section must be filed with the director of the port of entry before release of the shipment and, except when a blanket certification is on file as provided for in paragraph (a)(2)(ii) of this section, must appear as a typed or stamped statement:

(A) On an appropriate entry document or commercial invoice or on an attachment to that entry document or invoice; or

(B) In the event of release under a special permit for an immediate delivery as provided for in §142.21 of this chapter or in the case of an entry as provided for in §142.3 of this chapter, on the commercial invoice or on an attachment to that invoice.

(ii) *Blanket certifications*. A port director may, in his discretion, approve an importer's use of a "blanket" certification, in lieu of filing a separate certification for each chemical shipment, for any chemical shipment that conforms to a product description provided to Customs pursuant to paragraph (a)(2)(ii)(A) of this section. In approving the use of a "blanket" certification, the port director should consider the reliability of the importer and Customs broker. Approval and use of a "blanket" certification will be subject to the following conditions:

(A) A "blanket" certification must be filed with the port director on the letterhead of the certifying firm, must list the products covered by name and Harmonized Tariff Schedule of the United States subheading number, must identify the foreign supplier by name and address, and must be signed by an authorized person;

(B) A "blanket" certification will remain valid, and may be used, for 1 year from the date of approval unless the approval is revoked earlier for cause by the port director. Separate "blanket" certifications must be approved and used for chemical substances that are subject to TSCA and for chemical substances that are not subject to TSCA; and

(C) An importer for whom the use of a "blanket" certification has been approved must include, on the invoice used in connection with the entry and entry summary procedures for each shipment covered by the "blanket" certification, a statement referring to the "blanket" certification and incorporating it by reference. This statement need not be signed.

(b) *Chemical substances or mixtures as parts of articles*. Each importer of a chemical substance or mixture as part of an article must comply with the certification requirements set forth in paragraph (a) of this section only if required to do so by a rule or order issued under TSCA.

(c) *Facsimile signatures*. The certification statements required under paragraph (a)(1) of this section may be signed by means of an authorized facsimile signature.

[T.D. 00-13, 65 FR 10704, Feb. 29, 2000]

§ 12.122 Detention of certain shipments.

(a) The director of the port of arrival shall detain, at the importer's risk and expense, shipments of chemical substances, mixtures, or articles:

(1) Which have been banned from the customs territory of the United States by a rule or order issued under section 5 or 6 of TSCA (15 U.S.C. 2604 or 2605) or

(2) Which have been ordered seized because of imminent hazards as specified under section 7 of TSCA (15 U.S.C. 2606).

(b) The director of the port of entry shall detain shipments of chemical substances, mixtures, or articles at the importer's risk and expense, in the following situations:

(1) Whenever the Administrator has reasonable grounds to believe that the shipment is not in compliance with TSCA and notifies the port director to detain the shipment.

(2) Whenever the port director has reasonable grounds to believe that the shipment is not in compliance with TSCA; or

(3) Whenever the importer fails to certify compliance with TSCA as required by § 12.121.

(c) Upon detention of a shipment, the port director shall give prompt notice to the Administrator and the importer. The notice shall include the reasons for detention.

(d) A detained shipment shall not be held in the custody of the port director for more than 48 hours after the date of detention. Thereafter, the shipment shall be promptly turned over to the Administrator for storage or disposition as provided for in §§ 12.127 and 127.28(i), unless previously released to the importer under bond as provided in § 12.123(b). Notice of intent to abandon the shipment by the importer shall constitute a waiver of all time periods specified in parts 12 and 127.

§ 12.123 Procedure after detention.

(a) *Submission of written documentation.* If a shipment is detained by a port director under § 12.122, the importer may submit written documentation to the Administrator with a copy to the port director within 20 days from the date of notice of detention, to show cause why the shipment should not be refused entry. If an importer submits that documentation, the Administrator shall allow or deny entry of the shipment within 10 days of receipt of the documentation, and in any case shall allow or deny entry of the shipment within 30 days of the date of notice of detention.

(b) *Release under Bond.* The port director may release to the importer a shipment detained for any of the reasons given in § 12.122 when the port director has reasonable grounds to believe that the shipment may be brought into compliance, or when the port director deems it appropriate under § 141.66 of this chapter. Any such release shall be conditioned upon furnishing a bond on Customs Form 7551, 7553, or 7595 for the return of the shipment to Customs custody. The bond shall be for the full amount required in § 113.14 of this chapter. If a shipment of chemical substance, mixture, or article

is released to the importer under bond, the shipment shall be held intact and shall not be used or otherwise disposed of until the Administrator makes a final determination on entry as provided for in paragraph (c) of this section.

(c) *Determination by the Administrator.* After consideration of the available evidence and within 30 days from the notice of detention, the Administrator shall notify the port director and the importer of his decision either to permit or refuse entry of the shipment. If the Administrator finds that the shipment is in compliance with TSCA, the port director shall release the shipment to the importer. If the Administrator finds that the shipment is not in compliance, the port director shall:

(1) Refuse delivery to the importer, giving reasons for such refusal, or

(2) If the shipment has been released on bond, demand its redelivery under the terms of the bond, giving reasons for such demand. If the merchandise is not redelivered within 30 days from the date of the redelivery notice, the port director shall assess liquidated damages in the full amount of the bond.

§ 12.124 Time limitations and extensions.

(a) *Time limitations.* The importer of a shipment of chemical substances, mixtures, or articles which has been detained under § 12.122 shall bring the shipment into compliance with TSCA or export the shipment from the customs territory of the United States within 90 days after notice of detention or 30 days of demand for redelivery, whichever comes first.

(b) *Time extensions.* The port director, upon notification by the Administrator, may grant an extension of not more than 30 days if, due to delays caused by the Environmental Protection Agency or the Customs Service:

(1) The importer is unable, for good cause shown, to bring a shipment into compliance with the Act within the required time period; or

(2) The importer is unable to export the shipment from the customs territory of the United States within the required time period.

§ 12.125

19 CFR Ch. I (4-1-00 Edition)

§ 12.125 Notice of exportation.

Whenever the Administrator directs the port director to refuse entry under § 12.123 and the importer exports the non-complying shipment within the 30 day period of notice of refusal of entry or within 90 days of demand for redelivery, the importer shall give written notice of the fact of exportation to the Administrator and the port director. The importer shall include the following information in the notice of exportation:

- (a) The name and address of the exporter or his agent;
- (b) A description of the chemical substances, mixtures, or articles exported;
- (c) The destination (country);
- (d) The port of arrival at the destination;
- (e) The carrier;
- (f) The date of exportation; and
- (g) The bill of lading or the air way bill number.

§ 12.126 Notice of abandonment.

If the importer intends to abandon the shipment after receiving notice of refusal of entry, the importer shall present a written notice of intent to abandon to the port director and the Administrator. Notification under this section is a waiver of any right to export the merchandise. The importer shall remain liable for any expense incurred in the storage and/or disposal of abandoned merchandise.

§ 12.127 Decision to store or dispose.

(a) A shipment detained under § 12.122 shall be considered to be unclaimed or abandoned and shall be turned over to the Administrator for storage or disposition as provided for in § 127.28(i) of this chapter if the importer has not brought the shipment into compliance with TSCA and has not exported the shipment within time limitations or extensions specified according to § 12.124. The importer shall remain liable for any expenses in the storage and/or disposal of abandoned merchandise.

TEXTILES AND TEXTILE PRODUCTS

§ 12.130 Textiles and textile products country of origin.

(a) *General.* Textile or textile products subject to section 204, Agricul-

tural Act of 1956, as amended (7 U.S.C. 1854), include merchandise which is subject to the provisions of the International Arrangement Regarding Trade in Textiles (The Multi-Fiber Arrangement).

(1) Is in chief value of cotton, wool, or man-made fibers, or any textile fibers subject to the terms of any textile trade agreement, or any combination thereof; or

(2) Contains 50 percent or more by weight of cotton or man-made fibers, or any textile fibers subject to the terms of any textile trade agreement; or

(3) Contains 17 percent or more by weight of wool; or

(4) If in chief value of textile fibers or textile materials, contains a blend of cotton, wool, or man-made fibers, or any textile fibers subject to the terms of any textile trade agreement, or any combination thereof, which fibers, in the aggregate amount to 50 percent or more by weight of all component fibers.

(b) *Country of origin.* For the purpose of this section and except as provided in paragraph (c), a textile or textile product, subject to section 204, Agricultural Act of 1956, as amended, imported into the customs territory of the United States, shall be a product of a particular foreign territory or country, or insular possession of the U.S., if it is wholly the growth, product, or manufacture of that foreign territory or country, or insular possession. However, except as provided in paragraph (c), a textile or textile product, subject to section 204, which consists of materials produced or derived from, or processed in, more than one foreign territory or country, or insular possession of the U.S., shall be a product of that foreign territory or country, or insular possession where it last underwent a substantial transformation. A textile or textile product will be considered to have undergone a substantial transformation if it has been transformed by means of substantial manufacturing or processing operations into a new and different article of commerce. However, the origin of products of Canada and Mexico, and the origin of textile and apparel products covered by § 102.21

of this chapter, are determined pursuant to the procedures set forth in part 102 of this chapter.

(c) *Articles exported for processing and returned*—(1) *Applicability to U.S. articles sent abroad.* Chapter 98, Subchapter II, Note 2, Harmonized Tariff Schedule of the United States, provides that any product of the U.S. which is returned after having been advanced in value or improved in condition abroad, or assembled abroad, shall be a foreign article for the purposes of the Tariff Act of 1930, as amended. In order to have a single definition of the term “product of” and, therefore, a single country of origin for a textile or textile product, notwithstanding paragraph (b), merchandise which falls within the purview of Chapter 98, Subchapter II, Note 2, Harmonized Tariff Schedule of the United States, may not, upon its return to the U.S., be considered a product of the U.S.

(2) *Applicability to U.S. insular possession products processed outside the insular possession.* Unless otherwise required by law, the rules of origin applicable to products of the U.S. shall also apply to products of insular possessions of the U.S. Accordingly, notwithstanding paragraph (b) of this section, for purposes of section 204, Agricultural Act of 1956, as amended, products of insular possessions of the U.S., if imported into the U.S. after having been advanced in value, improved in condition, or assembled, outside the insular possessions shall not be treated as products of those insular possessions.

(d) *Criteria for determining country of origin.* The criteria in paragraphs (d) (1) and (2) of this section shall be considered in determining the country of origin of imported merchandise. These criteria are not exhaustive. One or any combination of criteria may be determinative, and additional factors may be considered. However, the origin of products of Canada and Mexico, and the origin of textile and apparel products covered by § 102.21 of this chapter, are determined pursuant to the procedures set forth in part 102 of this chapter.

(1) A new and different article of commerce will usually result from a manufacturing or processing operation if there is a change in:

- (i) Commercial designation or identity,
- (ii) Fundamental character or
- (iii) Commercial use.

(2) In determining whether merchandise has been subjected to substantial manufacturing or processing operations, the following will be considered:

(i) The physical change in the material or article as a result of the manufacturing or processing operations in each foreign territory or country, or insular possession of the U.S.

(ii) The time involved in the manufacturing or processing operations in each foreign territory or country, or insular possession of the U.S.

(iii) The complexity of the manufacturing or processing operations in each foreign territory or country, or insular possession of the U.S.

(iv) The level or degree of skill and/or technology required in the manufacturing or processing operations in each foreign territory or country, or insular possession of the U.S.

(v) The value added to the article or material in each foreign territory or country, or insular possession of the U.S., compared to its value when imported into the U.S.

§ 12.131

(g) *Incomplete or insufficient information.* If the port director is unable to determine the country of origin of an article from the information set forth in the declaration, the declarant shall submit such additional information as requested. Release of the article from Customs custody will be denied until the determination is made based upon the information provided or the best information available. In this regard if incomplete or insufficient information is provided, the port director may consider the experience and costs of domestic industry in similar manufacturing or processing operations.

(h) *Shipments covered by an informal entry.* While a declaration is not required for shipments covered by an informal entry, the port director may require such other evidence of the country of origin as deemed necessary. The filing of the appropriate declaration will be required in a case involving consolidation of individual shipments under §§12.131 and 143.22 of this chapter.

(i) *Date of exportation.* For quota, visa or export license requirements, and statistical purposes, the date of exportation for textiles or textile products, subject to section 204, Agricultural Act of 1956, as amended, shall be the date the vessel or carrier leaves the last port in the country of origin, as defined by this section. Contingency of diversion in another foreign territory or country shall not change the date of exportation for quota, visa or export license requirements or for statistical purposes.

§ 12.131 Entry of textiles and textile products.

which is over \$250, shall not be entered under the informal entry procedures set forth in subpart C, part 143 or procedures set forth in §141.52 of this chapter. Port directors shall refuse separate informal entries and require a formal entry and visa or export license, as appropriate, for all such merchandise. A consignee for purposes of this section is the ultimate consignee and does not include a freight forwarder or Customs broker not importing for its own account.

(b) *Denial of entry pursuant to directive.* Textiles and textile products subject to section 204 of the Agricultural Act of 1956, as amended (7 U.S.C. 1854), whether or not the requirements set forth in §12.130 have been met, will be denied entry where the factory, producer or manufacturer named in the entry documents for such textiles or textile products is named in a directive published in the FEDERAL REGISTER by the Committee for the Implementation of Textile Agreements as a company found to be illegally transshipping, closed or unable to produce records to verify production. In these circumstances, no additional information will be accepted or considered by Customs for purposes of determining the admissibility of such textiles or textile products.

§ 12.132 Textile and apparel goods under the North American Free Trade Agreement.

(a) *Country of origin declaration.* The provisions of §12.130(f) of this part regarding submission of a country of origin declaration shall apply to all textile and apparel goods which are subject to the provisions of Annex 300-B of the North American Free Trade Agreement (NAFTA). Although a separate country of origin declaration shall not be required for such goods for NAFTA purposes, the following additional requirements shall apply for purposes of this section:

(1) All commercial importations of textile and apparel goods shall be accompanied by the appropriate declaration;

(2) A declaration by each U.S., Canadian, and/or Mexican manufacturer or producer of the goods, and, if there are multiple manufacturers or producers, a separate declaration by each manufacturer or producer shall be furnished by the importer. Packaging operations shall not be considered manufacture or production for purposes of this paragraph; and

(3) If the port director is unable to determine the country of origin of the goods because the information contained in a declaration is incomplete, the shipment to which that declaration pertains shall not be entitled to preferential tariff treatment or any other benefit under the NAFTA for which it would otherwise be eligible.

(b) *Certificate of eligibility.* In connection with a claim for NAFTA preferential tariff treatment involving non-originating textile and apparel goods subject to the tariff preference level provisions of appendix 6.B. to Annex 300-B of the NAFTA and Additional U.S. Notes 3 through 6 to Section XI, Harmonized Tariff Schedule of the United States, the importer shall submit to Customs a Certificate of Eligibility covering the goods. The Certificate of Eligibility shall be properly completed and signed by an authorized official of the Canadian or Mexican government and shall be presented to Customs at the time the claim for preferential tariff treatment is filed under § 181.21 of this chapter.

SOFTWOOD LUMBER FROM CANADA

§ 12.140 Entry of softwood lumber from Canada.

The requirements set forth in this section are applicable for as long as the Softwood Lumber Agreement, entered into on May 29, 1996, by the Governments of the United States and Canada, remains in effect.

(a) *Encumbrance regarding export permit and export fee.* In the case of softwood lumber first manufactured into a product classifiable in subheading 4407.10.00, 4409.10.10, 4409.10.20, or 4409.10.90, Harmonized Tariff Schedule of the United States (HTSUS), in

the Province of Ontario, Quebec, British Columbia, or Alberta, the requirement that the Government of Canada issue an export permit and collect the appropriate export fees under the Softwood Lumber Agreement attaches to and encumbers the product when it is imported into the United States. Such imported merchandise remains subject to the encumbrance until the Government of Canada issues an export permit and collects the appropriate fees. The merchandise shall be released by Customs subject to the following conditions: The importer of record assumes an obligation to ensure within 20 working days of release that such export permit is issued by the Government of Canada and to provide sufficient information to satisfy U.S. Customs that the encumbrance no longer attaches or, if the merchandise remains encumbered at the expiration of 20 working days, to pay any liquidated damages assessed under the Customs bond.

(b) *Reporting requirements.* Except as otherwise provided in paragraph (d) of this section, in the case of a softwood lumber product classifiable in HTSUS subheading 4407.10.00, 4409.10.10, 4409.10.20, or 4409.10.90 that is imported from Canada and that was manufactured (that is, subjected to any processing operation other than mere loading, unloading or processing necessary to maintain the condition of the product) in Canada, whether or not such product was previously subjected to any processing operation outside Canada, the following information shall be included on the entry summary, Customs Form 7501, or on an electronic equivalent:

(1) The Canadian province or territory in which the product was first manufactured; and

(2) In the case of a product first manufactured into a product classifiable in HTSUS subheading 4407.10.00, 4409.10.10, 4409.10.20, or 4409.10.90 in the Province of Ontario, Quebec, British Columbia, or Alberta:

(i) The export permit number issued by the Government of Canada for the product; and

(ii) An indication of the export fee payment status of the product for

§ 12.150

which the permit was issued according to the following categories:

(A) Category A: No payment of an export fee because the exported product falls within the base amount of 14.7 billion board feet. This category includes products for which the export permit was issued without an indication of the export fee status;

(B) Category B: Payment of the export fee applicable to a product exported in excess of 14.7 billion board feet but not in excess of 15.35 billion board feet;

(C) Category C: Payment of the export fee applicable to a product exported in excess of 15.35 billion board feet; or

(D) Category D: No payment of an export fee where the product was exported in excess of 14.7 billion board feet because the average price of a benchmark softwood lumber price exceeds a prescribed trigger price during any quarterly period as determined by the Governments of Canada and the United States. If the issued permit pertains to this category, the specific quarterly period shall also be indicated on the Customs Form 7501 or electronic equivalent.

(c) *Untimely issuance of export permit.* If an export permit for the product has not been issued by the Government of Canada on or before the required date for filing the entry summary documentation as provided in §142.12(b) or §142.23 of this chapter, the importer shall have a maximum of 10 additional working days to file the entry summary documentation setting forth all of the information specified in paragraph (b)(2) of this section. If an export permit for the product has not been issued by the Government of Canada within the maximum time period specified in this paragraph, the entry summary or electronic equivalent shall be filed on the next business day and shall be completed in pertinent part as follows:

(1) The export permit number field shall be completed by inserting as many eights as are necessary to complete the field; and

(2) The export fee payment status field shall be completed by inserting an "A" followed by two zeros.

(d) *Absence of export permit number and fee status data for certain remanufactured softwood lumber products.* In the case of a softwood lumber mill product classifiable in HTSUS subheading 4407.10.00, 4409.10.10, 4409.10.20, or 4409.10.90 that is imported from Canada and that was first manufactured in Canada in the Province of Ontario, Quebec, British Columbia, or Alberta, if no export permit for the product is issued by the Government of Canada because the product was previously subjected to processing operations outside Canada, the entry summary, Customs Form 7501, or an electronic equivalent, shall include the Canadian province or territory in which the product was first manufactured and also shall be completed in pertinent part as follows:

(1) The export permit number field shall be completed by inserting as many nines as are necessary to complete the field; and

(2) The export fee payment status field shall be completed by inserting an "A" followed by two zeros.

MERCHANDISE SUBJECT TO ECONOMIC SANCTIONS

§12.150 **Merchandise prohibited by economic sanctions; detention; seizure or other disposition; blocked property.**

(a) *Generally.* Merchandise from certain countries designated by the President as constituting a threat to the national security, foreign policy, or economy of the United States shall be detained until the question of its release, seizure, or other disposition has been determined under law and regulations issued by the Treasury Department's Office of Foreign Assets Control (OFAC) (31 CFR Chapter V).

(b) *Seizure.* When an unlicensed importation of merchandise subject to OFAC's regulations is determined to be prohibited, no entry for any purpose shall be permitted and, unless the immediate reexportation or other disposition of such merchandise under Customs supervision has previously been authorized by OFAC, the merchandise shall be seized.

(c) *Licenses.* OFAC's regulations may authorize OFAC to issue licenses on a case-by-case basis authorizing the importation of otherwise prohibited merchandise under certain conditions. If such a license is issued subsequent to the attempted entry and seizure of the merchandise, importation shall be conditioned upon the importer:

(1) Agreeing in writing to hold the Government harmless, and

(2) Paying any storage and other Customs fees, costs, or expenses, as well as any mitigated forfeiture amount or monetary penalty imposed or assessed by Customs or OFAC, or both.

(d) *Blocked property.* Merchandise which constitutes property in which the government or any national of certain designated countries has an interest may be blocked (frozen) pursuant to OFAC's regulations and may not be transferred, sold, or otherwise disposed of without an OFAC license.

(e) *Additional information.* For further information concerning importing merchandise prohibited under economic sanctions programs currently in effect, the Office of Foreign Assets Control of the Department of the Treasury should be contacted. The address of that office is 1500 Pennsylvania Ave., NW., Annex 2nd Floor, Washington, DC 20220.
