

Pt. 406

7 CFR Ch. IV (1-1-01 Edition)

1. This option must be submitted to us on or before the final date for accepting applications for each crop year in which you wish to insure apples under this option.

2. You must have an apple policy and the Apple Fresh Fruit Option B in force.

3. You must insure all the acreage of apples in the county to which the Apple Fresh Fruit Option B applies and in which you have a share.

4. In addition to the causes of loss specified in paragraph 1.a. of the Apple Crop Insurance policy, excess sun is an insurable cause of loss.

5. In lieu of sections 9.e.(1), 9.e.(2), 17.l, and 17.q. of the Apple Policy, the total production to be counted for a unit must include all harvested and appraised production. Harvested apple production which, due solely to excessive sun or along with hail damage, does not grade 80 percent U.S. Fancy or better, in accordance with applicable USDA Standards, will be adjusted as follows:

a. Production with 21 thru 40 percent not grading U.S. Fancy or better due solely to excessive sun or along with hail damage will be reduced 2 percent for each percent in excess of 20 percent. The difference between the reduced production and the total production will be considered cull production.

b. Production with 41 thru 50 percent not grading U.S. Fancy or better due solely to excessive sun or along with hail damage will be reduced 40 percent plus an additional 3 percent for each percent in excess of 40 percent. The difference between the reduced production and the total production will be considered cull production.

c. Production with 51 thru 64 percent not grading U.S. Fancy or better due solely to excessive sun or along with hail damage will be reduced 70 percent plus an additional 2 percent for each percent in excess of 50 percent. The difference between the reduced production and the total production will be considered cull production.

d. Production with 65 percent or more not grading U.S. Fancy or better due solely to excessive sun or along with hail damage will be considered 100 percent cull production.

Fifteen (15) percent of all cull production, will be counted as production.

6. The premium for this sunburn option will be established by the actuarial table.

7. All provisions of the apple policy and the Fresh Fruit Option-B not in conflict with this option are applicable.

8. All determinations under this option will be made by us.

9. a. *Excessive sun* is defined as the exposure of the unharvested apples to direct or indirect sun sufficient to cause the apples to grade less than U.S. Fancy due to sunburn.

b. *Sunburn* is defined in accordance with applicable U.S.D.A. Standards.

SOURCE: 54 FR 3412, Jan. 24, 1989, unless otherwise noted.

§ 406.1 Availability of nursery crop insurance.

(a) Insurance shall be offered under the provisions of this subpart on the insured crop in counties within the limits prescribed by and in accordance with the provisions of the Federal Crop Insurance Act, as amended (the Act). The counties shall be designated by the Manager of the Corporation from those approved by the Board of Directors of the Corporation.

Federal Crop Insurance Corporation, USDA

§ 406.5

(b) The insurance is offered through two methods. First, the Corporation offers the contract contained in this part directly to the insured through Agents of the Corporation. Those contracts are specifically identified as being offered by the Federal Crop Insurance Corporation. Second, companies reinsured by the Corporation (hereinafter "Reinsured companies") offer contracts containing substantially the same terms and conditions as the contract set out in this part.

(c) No person may have in force more than one contract on the same crop for the crop year, whether insured by the Corporation or insured by a Reinsured company.

(d) If a person has more than one contract under the Act outstanding on the same crop for the same crop year, all such contracts will be voided for that crop year but the person will still be liable for the premium on all contracts unless the person can show to the satisfaction of the Corporation that the multiple contract insurance was inadvertent and without the fault of the insured.

(e) If the multiple contract insurance is shown to be inadvertent and without the fault of the insured, the contract with the earliest application will be valid and all other contracts on that crop for that crop year will be cancelled. No liability for indemnity or premium will attach to the contracts so cancelled.

(f) The person must repay all amounts received in violation of this section with interest at the rate contained in the contract for delinquent premiums.

(g) An insured whose contract with the Corporation or with a Reinsured company under the Act has been terminated because of violation of the terms of the contract is not eligible to obtain multi-peril crop insurance under the Act with the Corporation or with a Reinsured company unless the insured can show that the default in the prior contract was cured prior to the sales closing date of the contract applied for or unless the insured can show that the termination was improper and should not result in subsequent ineligibility.

(h) All applicants for insurance under the Act must advise the agent, in writ-

ing, at the time of application, of any previous applications for a Contract under the Act and the present status of the applications or contracts.

§ 406.2 Premium rates, amounts of insurance, and coverage levels at which indemnities shall be computed.

(a) The Manager shall establish premium rates, amounts of insurance, and coverage levels, for the insured crop which will be included in the actuarial table on file in the applicable service offices for the county and which may be changed from year to year.

(b) At the time the application for insurance is made, the applicant will elect a coverage level from among those contained in the actuarial table for the crop year.

§ 406.3 OMB control numbers.

OMB control numbers are contained in subpart H of part 400, title 7 CFR.

§ 406.4 Creditors.

An interest of a person in an insured crop existing by virtue of a lien, mortgage, garnishment, levy, execution, bankruptcy, involuntary transfer or other similar interest shall not entitle the holder of the interest to any benefit under the contract.

§ 406.5 Good faith reliance on misrepresentation.

Notwithstanding any other provision of the nursery insurance contract, whenever:

(a) An insured under a contract of crop insurance entered into under these regulations, as a result of a misrepresentation or other erroneous action or advice by an agent or employee of the Corporation or a Reinsured company:

(1) Is indebted to the Corporation or a Reinsured company for additional premiums; or

(2) Has suffered a loss to a crop which is not insured or for which the insured is not entitled to an indemnity because of failure to comply with the terms of the insurance contract, but which the insured believed to be insured, or believed the terms of the insurance contract to have been complied with or waived; and

§ 406.6

(b) The Board of Directors of the Corporation (the Manager in cases involving not more than \$100,000) or a Reinsured company finds that:

(1) An agent or employee of the Corporation or a Reinsured company did in fact make such misrepresentation or take other erroneous action or give erroneous advice;

(2) Said insured relied thereon in good faith; and

(3) To require the payment of the additional premiums or to deny such insured's entitlement to the indemnity would not be fair and equitable, such insured shall be granted relief the same as if otherwise entitled thereto. Request for relief under this section must be submitted, in writing, to the Corporation or to the Reinsured Company, whichever is applicable.

[54 FR 3412, Jan. 24, 1989, as amended at 54 FR 33494, Aug. 15, 1989]

§ 406.6 The contract.

The insurance contract shall become effective upon the acceptance by the Corporation or a Reinsured company of a duly executed application for insurance on a form prescribed by the Corporation or a Reinsured company and payment of the premium due. The contract shall cover the nursery crop as provided in the policy. The contract shall consist of the application, the policy and any amendments thereto, and the county actuarial table. Changes made in the contract shall not affect its continuity from year to year. No indemnity will be paid unless the insured complies with all terms and conditions of the contract. The forms referred to in the contract are available at the applicable service offices.

§ 406.7 The application and policy.

(a) Application for insurance on a form prescribed by the Corporation must be made by any person to cover such person's share in the nursery crop as owner if the person wishes to participate in the program. The application shall be submitted to the Corporation or a Reinsured company at the service office on or before the applicable sales closing date on file in the service office.

7 CFR Ch. IV (1-1-01 Edition)

(b) The Corporation or a Reinsured company may discontinue the acceptance of any application or applications in any county upon its determination that the insurance risk is excessive. The Manager of the Corporation is authorized in any crop year to extend the sales closing date for submitting applications in any county, by placing the extended date on file in the applicable service offices and publishing a notice in the FEDERAL REGISTER upon the Manager's determination that no adverse selectivity will result during the extended period. However, if adverse conditions should develop during such period, the Corporation will immediately discontinue the acceptance of applications.

(c) A contract in the form provided for in this subpart will come into effect as a continuation of the contract issued under such prior regulations, without the filing of a new application.

(d) The application for the 1989 through 1995 crop years is found at subpart D of part 400, General Administrative Regulations (7 CFR 400.37, 400.38). The provisions of the Nursery Crop Insurance Policy for the 1989 through 1995 crop years are as follows:

FEDERAL CROP INSURANCE CORPORATION

Nursery Crop Insurance

(This is a continuous contract. Refer to Section 15.)

NOTE: This is a contract with the Federal Crop Insurance Corporation, a United States Government Agency. The terms of the contract are published in the FEDERAL REGISTER under the provisions of the FEDERAL REGISTER Act (44 U.S.C. 1501), and may not be waived or varied in any way by the crop insurance agent or any other agent or employee of FCIC.

Agreement to Insure: We will provide the insurance described in this policy in return for the premium and your compliance with ALL provisions of the crop insurance contract.

Throughout this policy, "you" and "your" refer to the insured shown on the accepted Application and "we," "us," and "our" refer to the Federal Crop Insurance Corporation. Unless the context indicates otherwise, use of the plural form of a word includes the singular and use of the singular form of the word includes the plural.

Federal Crop Insurance Corporation, USDA

§ 406.7

1. Insured Crops

a. The crops insured will be all nursery crops grown in the county in standard nursery containers which are listed on the eligible plant listing located in the actuarial table.

b. We do not insure any nursery crops which:

- (1) Are not grown in standard nursery containers;
- (2) Are not classified as woody, herbaceous, or foliage landscape plants;
- (3) Produce citrus fruit or other edible fruits or berries;
- (4) Are grown in the field;
- (5) Are not listed on the eligible plant listing located in the actuarial table;
- (6) Have not been inspected prior to submission of your application;
- (7) Are inspected by us and determined unacceptable;
- (8) Are not grown in a hardiness zone listed on the eligible plant listing for those crops; or
- (9) Are not grown in accordance with the production practices for which premium rates have been established.

2. Causes of Loss

a. The insurance provided is against unavoidable damage resulting from the following causes occurring within the insurance period:

- (1) Adverse weather conditions;
- (2) Fire;
- (3) Insects;
- (4) Plant disease;
- (5) Wildlife;
- (6) Earthquake;
- (7) Volcanic eruption; or
- (8) If applicable, failure of the irrigation water supply due to an unavoidable cause occurring after insurance attaches;

unless those causes are excepted, excluded, or limited by the actuarial table.

b. We do not insure against any loss caused by:

- (1) The neglect, mismanagement, or wrongdoing by you, any member of your family or household, your tenants, or employees;
- (2) The failure to follow recognized good production practices for nursery crops;
- (3) Water contained by any governmental, public, or private dam or reservoir project;
- (4) Flooding on any unit subject to a flood or water flowage easement;
- (5) Failure or breakdown of irrigation equipment or facilities;
- (6) Failure to carry out a good irrigation practice for the nursery crops;
- (7) The inability to market the nursery crop as a direct result of quarantine, boycott or refusal of any entity to accept production;
- (8) Any loss of production due to fire, where weeds and other forms of undergrowth have not been controlled; or

(9) Any cause not specified in this policy as an insured cause of loss.

c. You must not obtain any other crop insurance under the Federal Crop Insurance Act (Multiple Peril Crop Insurance Policy or Federal Crop Insurance Policy) on the insured crops. More than one policy will result in our voiding the policies and collecting the premium from you unless the violation of this provision is found by us to have been inadvertent. If we determine that the violation was inadvertent, the policy with the earliest date of application will be the one in force and all other policies will be void. Nothing in this paragraph prevents the insured from obtaining other hail and fire insurance not issued under the Act and which is subject to the provisions of section 9 hereof.

d. Although your violation of a number of federal statutes including the Federal Crop Insurance Act may cause cancellation, termination, or avoidance of your insurance contract, you are specifically directed to the provisions of Title XII of the Food Security Act of 1985 (Pub. L. 99-198) and the regulations promulgated thereunder, generally referred to as the sobbuster, swampbuster, and controlled substance provisions. Your insurance policy will be cancelled if you are determined to be in violation of these provisions. We will recover any and all monies paid to you or received by you and your premium will be refunded.

3. Nursery Crop Report

a. You must submit an annual crop report to us of all of your eligible nursery crops in the county by unit, type, container size, number of plants and wholesale price of plants for each month of the crop year. This report must be submitted on or before September 30 preceding the crop year.

b. Your crop report may be revised only with our consent.

c. We may determine all losses on the basis of information on your crop report or the inventory as determined by us.

d. You must designate separately any inventory which is not insurable. Your annual crop report will be used as the basis to determine your premium and the amount of insurance for each unit. If you do not submit the report by the reporting date, we may elect to determine the inventory for each unit or we may deny liability on any unit. Errors in reporting units may be corrected by us at the time of adjusting a loss.

4. Amount of Insurance and Coverage Level

a. The amount of insurance and coverage levels are contained in the actuarial table and must be elected on or before September 30 prior to the crop year.

b. You may change the amount of insurance and the coverage level on or before the sales closing date for that crop year.

§ 406.7

7 CFR Ch. IV (1-1-01 Edition)

5. Annual Premium.

a. The annual premium is earned and payable on or before September 30 preceding each crop year and will be earned in full when the policy becomes effective. Interest will begin to accrue on March 31 of the crop year. Premium will be delinquent on the termination date.

b. Except for the 1993 and 1994 crop years, coverage will not begin if the premium due under this policy is not paid when due and payable. For the 1993 and 1994 crop year only insurance will attach on October 1, preceding the crop year.

c. The annual premium amount for each unit is computed in accordance with these subsections:

(1) Develop an inventory of all eligible containerized crops, by type of crop and container size, for each month of the proposed policy period.

(2) Apply market values to these inventory numbers using your wholesale price list. If you discount prices published in your wholesale price list, the discounted prices must be used in calculating market values. Record these monthly values by type of crop on your insurance application.

(3) Add the total monthly market values separately for each type of crop and divide that monthly total for each crop by the number of months in the crop year to get the "Average Monthly Market Value".

(4) Add the Average Monthly Market Value for each of the eligible crops in the unit to get the "Yearly Average".

(5) Multiply the Yearly Average by 90% to obtain the "Field Market Value".

(6) Multiply Field Market Value by the coverage level.

(7) Multiply this result by the applicable premium rate contained in the actuarial table.

6. Amounts Due Us

a. Interest will accrue at the rate of one and one-fourth percent (1¼%) simple interest per calendar month, or any part thereof, on any unpaid balance due us. Interest will start on the date that notice is issued to you for the collection of any amount determined to be due. Interest, penalties and costs will be charged in accordance with 31 U.S.C. 3717 and 4 CFR 102.13. The penalty for accounts more than 90 days past due (31 U.S.C. 3717(e)(2)) is six percent (6%) per annum. Interest on any amount due us found to have been received by you because of fraud or misrepresentation will start on the date you received the amount with the penalty beginning 90 days after the notice of amount due is issued to you.

b. All amounts paid will be applied first to costs and penalties, second to accrued interest, and then to reduction of the principal balance.

c. If we determine that it is necessary to contract with a collection agency or to employ an attorney to assist in collection, you agree to pay all of the expenses of collection. Those expenses will be paid before the application of any amounts to interest, penalties or principal.

d. Any amount due us may be deducted from any indemnity payment due you, or from any loan or payment due you under any Act of Congress or program administered by the United States Department of Agriculture or its Agencies and from any amounts due you from any other United States Government Agency.

7. Insurance Period

Insurance attaches on October 1 and ends for each unit at the earliest of:

a. Sale or disposal of all or a portion of the crop;

b. Final adjustment of the loss on the part of the insured crop damaged; or

c. September 30 of the crop year.

8. Notice of Damage or Loss

In case of damage or probable loss you must:

a. Provide sufficient care to protect the crop from further damage;

b. Provide us with written notice within 72 hours of your discovery of the loss and obtain our written consent prior to:

(1) Destroying, selling or otherwise disposing of any crop that is damaged; or

(2) Changing or discontinuing your normal growing practices with respect to care and maintenance of the insured crop; and

c. Upon our request, provide complete copies of your nursery crop wholesale price list for the 12-month period immediately preceding the loss and your marketing records for the same period.

9. Claim for Indemnity

a. Any claim for indemnity on a unit must be submitted to us on our form not later than 60 days after the earliest of:

(1) Your loss; or

(2) September 30 of the crop year.

b. We will not pay any indemnity unless you:

(1) Establish the value of the insured crop on the unit and that any loss of value has been directly caused by one or more of the insured causes during the insurance period; and

(2) Furnish all information we require concerning the loss.

c. The production to count (containers) will be all plants eligible for insurance in a unit.

d. The indemnity will not exceed the lesser of:

(1) The amount of insurance applicable to the unit less 90% of the value of the crop remaining on the unit after the loss; or

(2) The amount, calculated for each unit as follows:

(a) Subtract field market value B from field market value A (see section 17) to determine the total amount of loss; and

(b) Subtract therefrom the annual loss deductible.

e. Annual Loss Deductible amounts will be applied on an annual aggregate loss deductible basis for each individual unit insured for the crop year. Individual insured losses occurring on the same unit during the crop year may be accumulated (but each loss must be reported and valued by us). The total amount of insured losses on a unit during the crop year, less the annual aggregate loss deductible applicable to that unit, is the amount payable under this policy for that unit during the crop year, as limited by the amount of insurance for that unit.

f. The value of production of any insured crop may be determined on the basis of our field appraisals conducted after the end of the insurance period.

g. If you elect to exclude hail and fire as insured causes of loss and the insured crop is damaged by hail or fire, appraisals will be made in accordance with the applicable Form FCI-78 or FCI-78-A, "Request To Exclude Hail And Fire."

h. You must not abandon any part of the insured crop to us.

i. Any suit against us for an indemnity must be brought in accordance with the provisions of 7 U.S.C. 1508(c). You must bring suit within 12 months of the date notice of denial of the claim is received by you.

j. An indemnity will not be paid unless you comply with all policy provisions.

k. Under no circumstances will we be liable for the payment of damages (compensatory, punitive, or other), attorney's fees, or other charges in connection with any claim for indemnity, whether we approve or disapprove such claim. (State and local laws to the contrary are not applicable to this insurance contract). We will pay simple interest computed on the net indemnity ultimately found to be due by us or by the final judgment of a court of competent jurisdiction, from and including the 61st day after the date you sign, date and submit to us the properly completed FCIC claim form. Interest will be paid only if the reason for our failure to timely pay is not due to your failure to provide information or other material necessary for the computation or payment of the indemnity. The interest rate will be that established by the Secretary of the Treasury under section 12 of the Contract Disputes Act of 1978 (41 U.S.C. 611), and published in the FEDERAL REGISTER semiannually on or about January 1 and July 1 of each year and will vary with each publication.

l. If you die, disappear, or are judicially declared incompetent, or if you are an entity other than an individual and such entity is dissolved after insurance attaches for any crop year, any indemnity will be paid to the person determined to be beneficially entitled thereto.

m. If you have other fire insurance, fire damage occurs during the insurance period, and you have not elected to exclude fire insurance from this policy, we will be liable for loss due to fire only for the smaller of the amount:

(1) Of indemnity determined pursuant to this contract without regard to any other insurance; or

(2) By which the loss from fire exceeds the indemnity paid or payable under such other insurance. (For the purpose of this subsection, the amount of loss from fire will be the difference between the fair market value of the production on the unit before the fire and after the fire).

10. Concealment or Fraud

We may void the insurance contract on all crops without affecting your liability for premiums or waiving any right, including the right to collect any amount due us, if at any time, you have concealed or misrepresented any material fact or committed any fraud relating to this or any other contract with us. The voidance will be effective as of the beginning of the crop year with respect to which such act or omission occurred.

11. Transfer of Right to Indemnity on Insured Share

If you transfer any part of your share during the crop year, you may transfer your right to the applicable indemnity. The transfer must be on our form and approved by us. Both you and the person to whom you transfer your interest are jointly and severally liable for the payment of the premium. The transferee has all rights and responsibilities under the contract consistent with the transferee's interest.

12. Assignment of Indemnity

You may assign to another party your right to an indemnity for the crop year. The assignment must be on our form and will not be effective until approved in writing by us. The assignee may submit all notices and forms required to protect the insurance contract and to claim an indemnity.

13. Subrogation (Recovery of Loss From a Third Party)

Because you may be able to recover all or a part of your loss from someone other than us, you must do all you can to preserve any such right. If we pay you for your loss, then your right of recovery will at our option belong to us. If we recover more than we paid

§ 406.7

7 CFR Ch. IV (1-1-01 Edition)

you plus our expenses, the excess will be paid to you.

14. Access to Nursery

Any person designated by us will have access to the nursery for purposes related to the contract.

15. Contract Term, Cancellation and Termination Dates

a. This contract will be in effect for the crop year specified on the application and may not be cancelled by you for such crop year after insurance attaches. Thereafter, the contract will continue in force for each succeeding crop year unless cancelled or terminated as provided in this section or unless the premium is not paid.

b. This contract may be cancelled by either you or us for any succeeding crop year by giving written notice on or before September 30, preceding such crop year.

c. This contract will terminate as to any crop year if any amount due us on this or any other contract with you is not paid on or before September 30 preceding such crop year for the contract on which the amount is due.

d. If you die or are judicially declared incompetent, or if you are an entity other than an individual and such entity is dissolved, the contract will terminate as of the date of death, judicial declaration, or dissolution. If such event occurs after insurance attaches for any crop year, the contract will continue in force through the crop year and terminate at the end thereof. Death of a partner in a partnership will dissolve the partnership unless the partnership agreement provides otherwise. If two or more persons having a joint interest are insured jointly, death of one of the persons will dissolve the joint entity.

e. The contract will terminate if no premium is earned for three consecutive years.

16. Contract Changes

We may change any terms and provisions of the contract from year to year. The date by which contract changes will be available in your service office is August 15 preceding the crop year.

As a convenience to you and without limitation on our rights under this contract, a short description of most of the dates, reports and notices have been compiled in this section.
