

AID 11 (6-90)

OMB No. 0412-0004
Expiration Date: 5/31/93

BLOCK 8: (a) Check the appropriate box to indicate whether the supplier expects to make partial shipments. If "yes" and a separate application form will be submitted for each partial shipment, enter the value of the shipment to which this application relates if only one application form will be submitted to cover all partial shipments, omit the dollar value.

(b) Enter the proposed loading port. If only the range of ports is known, enter the range of ports; e.g., North Atlantic, South Atlantic, Gulf, Pacific, Great Lakes. If expected that partial shipments will be made, but only one application form is to be submitted, entries under (b) and (c) will relate to the first shipment only.

(c) Enter the proposed destination port.

(d) Enter the month in which it is expected shipment will be made. In the case of partial shipments, indicate the estimated first and last months of shipments: e.g., April-September.

BLOCKS 9 and 10: Enter the U.S. Department of Commerce Schedule B 10-digit code in block 9 and describe the commodity in block 10, giving size, quantity, and a clear word description of the commodity, including any special formula or other distinguishing characteristics, such as substandard quality (e.g., reject, imperfect, second) which will help to identify it.

If the contract or letter of credit identifies the commodity by other than Schedule B code (e.g., importing country tariff classification), this identification should be furnished as part of the commodity description.

If the commodity description varies significantly within the same Schedule B Code, separate entries must be furnished for each commodity.

BLOCK 11: Enter the unit and unit price for the commodity on an FAS or FOB basis for the loading port specified in block 8. (b). For other delivery terms, enter a constructive price FAS or FOB vessel; i.e., subtract from a C&F or CIF price estimated ocean freight and marine insurance, or add to an inland price (e.g., ex plant, FOB rail cars (named point)) the estimated inland freight and accessory costs necessary to place the commodity in the custody of the ocean carrier.

If the supplier is unable to compute a unit price FAS or FOB vessel, the unit price of the commodity may be shown on the basis of the inland price with estimated inland freight cost, if available, footnoted in an explanatory entry in block 15.

SPECIAL INSTRUCTIONS--MULTIPLE ITEMS: If the shipment (or contract) is made up of commodities bearing differing Schedule B codes, or if the commodity description varies significantly within the same Schedule B code, separate entries must be furnished for each code or description. When there are six or more items to be listed in blocks 9 through 11, a signed and dated accepted contract, order, invoice, or other separate listing of the information may be attached to the original and copy of the form AID 11, provided the full 10-digit Schedule B code, complete and accurate description of the commodity, and FAS or FOB vessel unit price are shown for each. If the information required by Blocks 12 through 14 is not common to all commodities listed, appropriate information related to each such commodity is also required to be shown either on the attachment or in the blocks 12 through 14 and related to the appropriate line of the attachment. If an attachment is used in lieu of entry of the information on form AID-11, complete blocks 9-11 inclusive, and 12-14 inclusive (when applicable) by entering the words "See attachment."

SPECIAL INSTRUCTIONS--BLOCKS 12 through 14: If more than one commodity is listed in block 9, provide information required by blocks 12 through 14 on separate lines in those blocks, identified to the corresponding line on which the commodity is listed in block 9. For example, information concerning a commodity listed on line (c) in block 9 would be identified as line (c) in block 12 through 14. (When only one form AID-11 is submitted, information in these blocks should be descriptive of the total contract. If a separate form

AID-11 is submitted for each shipment under the contract, the information in these blocks should cover only that single shipment.

BLOCK 12: Enter check mark in the appropriate box to indicate the condition of the commodity. If the commodity is other than new and unused, describe the condition in the space below or in block 15. For this purpose, any commodity declared surplus by the U. S. Government agency and any commodity which has been rebuilt or reconditioned or contains components which have been rebuilt or reconditioned are not considered as "unused."

BLOCK 13: See § 201.11(b)(4) of A.I.D. Regulation 1 for countries and areas included in geographic code numbers.

(a) Enter in block 13(a) the authorized geographic source area stated in the letter of credit or A.I.D. direct letter of commitment.

(b) Enter in block 13(b) the country from which the commodity will be shipped to the importer. If the commodity will be shipped from a free port or bonded warehouse, indicate this fact in block 16 and give location.

(c) Enter in block 13(c) the country in which the commodity has been or will be mined, grown, or produced through manufacturing, processing or assembly.

BLOCK 14: (a) Enter in block 14(a) "Yes" if the commodity includes components imported into the country of production from a country not included in the authorized geographic source area indicated in block 13(a). If such components are not included, enter "no."

(b) If block 14(a) "Yes," identify in block 14b each country from which components were imported into the country of production.

(c) In block 14(c), enter the total cost, within each unit of the finished product, attributable to components imported from each country indicated in blocks 14(b). If the suppliers unable to furnish the information required by block 14(b) and 14(c) at the time of submission of the application and no componentry percentage other than the 50 percent set forth in § 201.11(b)(2)(ii)(b) of A.I.D. Regulation 1 has been authorized for the commodity, A.I.D. will accept a statement in these blocks or in block 15 that (1) the commodity contains no components from other than "free world" countries, and (2) the total cost of components imported into the country of production from other than countries included in the authorized geographic source code (or the cooperating country itself whenever Code 941 is authorized) per unit of finished commodity is no more than 50 percent of the lowest selling price per unit at which the supplier makes the commodity available for export. If A.I.D. has authorized a percentage of such components other than 50 percent, the supplier should state such other higher or lower modification of the percentage rule, with a citation to the pertinent modification, and the actual percentage of such components in the product, or an affirmation that the percentage of such components is not in excess of the percentage allowed by A.I.D. The supplier should thereafter be prepared to demonstrate the accuracy of these statements upon the request of A.I.D.

BLOCK 15: This block may be used to furnish explanation or additional information in connection with any entries on the form. Identify block (and line, as appropriate) to which entry relates.

BLOCK 16: The supplier, or its authorized representative, must manually sign this certification, showing name, title and date signed.

BLOCK 17: For A.I.D. use. Note that A.I.D. approval is not valid for deliveries on and after the expiration date shown in this block.

BLOCK 18: If reproduced copies of this original form are presented with the supplier's request for payment (see fifth paragraph of General Instructions), the supplier or its authorized representative must manually sign this certification in block 18 of the reproduced form, showing name, title and the date signed.

203.4 Certificates of registration.

203.5 Denial of registration and reconsideration.

AUTHORITY: Sec. 621, Foreign Assistance Act of 1961, as amended (22 U.S.C. 2381).

22 CFR Ch. II (4-1-03 Edition)

SOURCE: 48 FR 2760, Jan. 21, 1983, unless otherwise noted.

§ 203.1 Purpose.

(a) AID maintains two registries of PVOs engaging in, or intending to engage in, voluntary foreign aid operations—one of U.S., the other of foreign PVOs. The registry facilitates cooperation between AID and the non-profit private sector by providing a mechanism for identifying which organizations are eligible for AID resources intended for PVOs.

(b) Registration is a condition of eligibility for assistance under sections 123b and 607(a) of the FAA (the payment of transportation charges and the sale of services or commodities such as excess property) and confers a preference for assistance under section 202 of Pub. L. 480. Other eligibility requirements apply, however, including a program review.

(c) Registration is a condition of eligibility for assistance under the "PVO grant program." However, it is only one of several eligibility requirements for such assistance. Others include: (1) Program review; (2) pre-grant award review, including compliance with OMB Circulars A-110 and A-122; and (3) funding requirements of section 123(g) of the FAA.

(d) The registry serves as the basis for computing the amount of AID funding made available to PVOs.

(e) Registration provides the information necessary to determine whether a PVO meets the funding requirements of section 123(g) of the FAA. Section 123(g) provides that a PVO must obtain at least 20 percent of its total annual financial support for its international activities from sources other than the United States Government to be eligible to receive funding under the PVO grant program. Further, a preference is given to those PVOs which receive cash from private, i.e., nongovernmental, sources.

(f) It is not the purpose of registration to make, or enable to be made, any representation to the public concerning the meaning of being registered.

(g) Definitions: As used in this part:

(1) *AID* means Agency for International Development.
