

for the transaction. See paragraph (h)(v)(A) of this section.

*Example 5 Gross proceeds (deferred exchange).* [Reserved]

*Example 6 Gross proceeds (contingencies).* K, an individual, sells an unencumbered apartment building to L for \$500,000, payable at closing, plus an amount equal to 2% of gross rents from the apartment building for each of the next 5 years, the contingent payments to be made annually with adequate stated interest. The agreement provides that the maximum amount K may receive (including the downpayment but excluding the interest) is \$600,000. Under paragraph (i)(3)(ii) of this section the real estate transaction is a "contingent payment transaction." Under paragraph (i)(3)(iii) of this section, the maximum amount of gross proceeds determined by assuming all contingencies are satisfied is \$600,000. Thus, \$600,000 is the "maximum determinable proceeds" and is the amount reported.

*Example 7 Gross proceeds (contingencies).* The facts are the same as in example (6), except that the agreement does not provide for adequate stated interest. The result is the same as in example (6).

*Example 8 Gross proceeds (contingencies).* The facts are the same as in example (6), except that no maximum amount is stated in the agreement (or any other document available at closing). Under paragraph (i)(3)(iii) of this section, assuming all contingencies are satisfied, the maximum amount of gross proceeds cannot be determined with certainty. The greatest amount that can be determined with certainty at the time of the closing, assuming all contingencies are satisfied, is \$500,000, the cash downpayment. Therefore, \$500,000 is the "maximum determinable proceeds" under paragraph (i)(3)(iii) of this section and is the amount reported. In addition, (to the extent required by the Form 1099 and its instructions) the reporting person must indicate that the gross proceeds cannot be determined with certainty. See paragraph (h)(1)(iv)(C) of this section.

*Example 9 Gross proceeds (contingencies).* The facts are the same as in example (8), except that the agreement provides that the minimum amount K will receive (including the downpayment) is \$570,000. Thus, under paragraph (i)(3)(iii) of this section, assuming all contingencies are satisfied, the maximum amount of gross proceeds cannot be determined with certainty. The greatest amount that can be determined with certainty at the time of the closing, assuming all contingencies are satisfied, is \$570,000, the minimum amount stated in the agreement. Therefore, \$570,000 is the "maximum determinable proceeds" under paragraph (i)(3)(iii) of this section and is the amount reported. In addition, (to the extent required by the Form 1099 and its instructions) the reporting person must indicate that the gross proceeds

cannot be determined with certainty. See paragraph (h)(1)(iv)(C) of this section.

(s) *Effective date.* This section is effective for real estate transactions with dates of closing (as determined under paragraph (h)(2)(ii) of this section) that occur on or after January 1, 1991.

**§ 1.6046-1 Returns as to organization or reorganization of foreign corporations and as to acquisitions of their stock, on or after January 1, 1963.**

(a) *Officers or directors*—(1) *When liability arises on January 1, 1963.* Each U.S. citizen or resident who is on January 1, 1963, an officer or director of a foreign corporation shall make a return on Form 959 showing the name, address, and identifying number of each U.S. person who, on January 1, 1963, owns 5 percent or more in value of the outstanding stock of such foreign corporation.

(2) *When liability arises after January 1, 1963*—(i) *Requirement of return.* Each U.S. citizen or resident who is at any time after January 1, 1963, an officer or director of a foreign corporation shall make a return on Form 959 setting forth the information described in subdivision (ii) of this subparagraph with respect to each U.S. person who, during the time such citizen or resident is such an officer or director:

(a) Acquires (whether in one or more transactions) outstanding stock of such corporation which has, or which when added to any such stock then owned by him (excluding any stock owned by him on January 1, 1963, if on that date he owned 5 percent or more in value of such stock) has, a value equal to 5 percent or more in value of the outstanding stock of such foreign corporation, or

(b) Acquires (whether in one or more transactions) an additional 5 percent or more in value of the outstanding stock of such foreign corporation.

(ii) *Information required to be shown on return.* The return required under subdivision (i) of this subparagraph shall contain the following information:

(a) Name, address, and identifying number of each shareholder with respect to whom the return is filed;

(b) A statement showing that the shareholder is either described in subdivision (i)(a) or (i)(b) of this subparagraph; and

(c) The date on which the shareholder became a person described in subdivision (i)(a) or (i)(b) of this subparagraph.

(3) *Application of rules.* The provisions of this paragraph may be illustrated by the following examples:

*Example (1).* A, a United States citizen, is, on January 1, 1963, a director of M, a foreign corporation. X, on January 1, 1963, is a United States person owning 5 percent in value of the outstanding stock of M Corporation. A must file a return under the provisions of subparagraph (1) of this paragraph.

*Example (2).* The facts are the same as in Example (1) except that X owns only 2 percent in value of the outstanding stock of M Corporation on January 1, 1963. On July 1, 1963, X acquires 2 percent in value of the outstanding stock of M Corporation and on September 1, 1963, he acquires an additional 2 percent in value of such stock. The July 1, 1963, transaction does not give rise to liability to file a return; however, A must file a return as a result of the September 1, 1963, transaction because X's holdings now exceed 5 percent.

*Example (3).* The facts are the same as in Example (2) and, on September 15, 1963, X acquires an additional 4 percent in value of the outstanding stock of M Corporation (X's total holdings are now 10 percent). On November 1, 1963, X acquires an additional 2 percent in value of the outstanding stock of M Corporation. The September 15, 1963, transaction does not give rise to liability to file a return since X has not acquired 5 percent in value of the outstanding stock of M Corporation since A last became liable to file a return. However, A must file a return as a result of the November 1, 1963, transaction because X has not acquired an additional 5 percent in value of the outstanding stock of M Corporation.

*Example (4).* The facts are the same as in examples (2) and (3) and, in addition, B, a United States citizen, becomes an officer of M Corporation on October 1, 1963. B is not required to file a return either as a result of the facts set forth in Example (2) or as a result of the September 15, 1963, transaction described in Example (3). However, B is required to file a return as a result of the November 1, 1963, transaction described in Example (3) because X has acquired an additional 5 percent in value of the outstanding stock of M Corporation while B is an officer or director.

(b) *Returns required of U.S. persons when liability to file arises on January 1, 1963.* Each U.S. person who, on January

1, 1963, owns 5 percent or more in value of the outstanding stock of a foreign corporation, shall make a return on Form 959 with respect to such foreign corporation setting forth the following information:

(1) The name, address, and identifying number of the shareholder (or shareholders) filing the return, and the internal revenue district in which such shareholder filed his most recent United States income tax return;

(2) The name, business address, and employer identification number, if any, of the foreign corporation, the name of the country under the laws of which it is incorporated, and the name of the country in which is located its principal place of business;

(3) The date of organization and, if any, of each reorganization of the foreign corporation if such reorganization occurred on or after January 1, 1960, while the shareholder owned 5 percent or more in value of the outstanding stock of such corporation;

(4) The name and address of the foreign corporation's statutory or resident agent in the country of incorporation;

(5) The name, address, and identifying number of any branch office or agent of the foreign corporation located in the United States;

(6) If the foreign corporation has filed a United States income tax return, or participated in the filing of a consolidated return, for any of its last three calendar or fiscal years immediately preceding January 1, 1963, state each year for which a return was filed (including, in the case of a consolidated return, the name of the corporation filing such return), the type of form used, the internal revenue office to which it was sent, and the amount of tax, if any, paid;

(7) The name and address of the person (or persons) having custody of the books of account and records of the foreign corporation, and the location of such books and records if different from such address;

(8) The names, addresses, and identifying numbers of all United States persons who are principal officers (for example, president, vice president, secretary, treasurer, and comptroller) or members of the board of directors of

the foreign corporation as of January 1, 1963;

(9) A complete description of the principal business activities in which the foreign corporation is actually engaged and, if the foreign corporation is a member of a group constituting a chain of ownership with respect to each unit of which the shareholder owns 5 percent or more in value of the outstanding stock, a chart showing the foreign corporation's position in the chain of ownership and the percentages of ownership;

(10) The following information prepared in accordance with generally accepted accounting principles and in such detail as is customary for the corporation's accounting records:

(i) The corporation's profit and loss statement for the most recent complete annual accounting period; and

(ii) The corporation's balance sheet as of the end of the most recent complete annual accounting period;

(11) A statement showing as of January 1, 1963, the amount and type of any indebtedness of the foreign corporation:

(i) To any United States person owning 5 percent or more in value of its stock, or

(ii) To any other foreign corporation owning 5 percent or more in value of the outstanding stock of the foreign corporation with respect to which the return is filed provided that the shareholder filing the return owns 5 percent or more in value of the outstanding stock of such other foreign corporation,

together with the name, address, and identifying number, if any, of each such shareholder or entity;

(12) A statement, as of January 1, 1963, showing the name, address, and identifying number, if any, of each person who is, on January 1, 1963, a subscriber to the stock of the foreign corporation, and the number of shares subscribed to by each;

(13) A statement showing the number of shares of each class of stock of the foreign corporation owned by each shareholder filing the return and:

(i) If such stock was acquired after December 31, 1953, the dates of acquisition, the amounts paid or value given therefor, the method of acquisition,

i.e., by original issue, purchase on open market, direct purchase, gift, inheritance, etc., and from whom acquired; or

(ii) If such stock was acquired before January 1, 1954, a statement that such stock was acquired before such date, and the value at which such stock is carried on the books of such shareholder;

(14) A statement showing as of January 1, 1963, the name, address, and identifying number of each United States person who owns 5 percent or more in value of the outstanding stock of the foreign corporation, the classes of stock held, the number of shares of each class held, including the name, address, and identifying number, if any, of each actual owner if such person is different from the shareholder of record and a statement of the nature and amount of the interests of each such actual owner; and

(15) The total number of shares of each class of outstanding stock of the foreign corporation (or other data indicating the shareholder's percentage of ownership).

(c) *Returns required of U.S. persons when liability to file arises after January 1, 1963*—(1) *U.S. persons required to file.* A return on Form 959, containing the information required by subparagraph (3) of this paragraph, shall be made by each U.S. person when at any time after January 1, 1963:

(i) Such person acquires (whether in one or more transactions) outstanding stock of such foreign corporation which has, or which when added to any such stock then owned by him (excluding any stock owned by him on January 1, 1963, if on that date he owned 5 percent or more in value of such stock) has, a value equal to 5 percent or more in value of the outstanding stock of such foreign corporation, or

(ii) Such person, having already acquired the interest referred to in paragraph (b) of this section or in subdivision (i) of this subparagraph—

(a) Acquires (whether in one or more transactions) an additional 5 percent or more in value of the outstanding stock of such foreign corporation,

(b) Owns 5 percent or more in value of the outstanding stock of such foreign

corporation when such foreign corporation is reorganized (as defined in paragraph (f)), or

(c) Disposes of sufficient stock in such foreign corporation to reduce his interest to less than 5 percent in value of the outstanding stock of such foreign corporation.

The provisions of this subparagraph may be illustrated by the following examples:

*Example (1).* On January 15, 1963, A, a United States person, acquires 5 percent in value of the outstanding stock of M, a foreign corporation. A must file a return under the provisions of this subparagraph.

*Example (2).* On January 1, 1963, B, a United States person, owns 2 percent in value of the outstanding stock of M, a foreign corporation. B is not required to file a return under the provisions of this section because he does not own 5 percent or more in value of the outstanding stock of M Corporation. On February 1, 1963, B acquires an additional 3 percent in value of the outstanding stock of M Corporation. B must file a return under the provisions of this subparagraph.

*Example (3).* On January 1, 1963, C, a United States person, owns 6 percent in value of the outstanding stock of M, a foreign corporation. C must file a return under the provisions of paragraph (b) of this section. On February 1, 1963, C acquires an additional 2 percent in value of the outstanding stock of M Corporation in a transaction not involving a reorganization. C is not required to file a return under the provisions of this subparagraph.

*Example (4).* The facts are the same as in Example (3) except that, in addition, on April 1, 1963, C acquires 2 percent in value of the outstanding stock of M Corporation in a transaction not involving a reorganization. (C's total holdings are now 10 percent.) C is not required to file a return under the provisions of this subparagraph because he has not acquired 5 percent or more in value of the outstanding stock of M Corporation since he last became liable to file a return. On May 1, 1963, C acquires 1 percent in value of the outstanding stock of M Corporation. C must file a return under the provisions of this subparagraph.

*Example (5).* On June 1, 1963, D, a United States person, owns 12 percent in value of the outstanding stock of M, a foreign corporation. Also, on June 1, 1963, M Corporation is reorganized and, as a result of such reorganization, D owns only 6 percent of the outstanding stock of such foreign corporation. D must file a return under the provisions of this subparagraph.

*Example (6).* The facts are the same as in Example (5) except that, in addition, on November 1, 1970, D donates 2 percent of the

outstanding stock of M Corporation to a charity. Since D has disposed of sufficient stock to reduce his interest in M Corporation to less than 5 percent in value of the outstanding stock of such corporation, D must file a return under the provisions of this subparagraph.

(2) *Shareholders who become U.S. persons.* A return on Form 959, containing the information required by subparagraph (3) of this paragraph, shall be made by each person who at any time after January 1, 1963, becomes a U.S. person while owning 5 percent or more in value of the outstanding stock of such foreign corporation.

(3) *Information required to be shown on return—(i) In general.* The return on Form 959, required to be filed by persons described in subparagraph (1) or (2) of this paragraph, shall set forth the same information as is required by the provisions of paragraph (b) of this section except that where such provisions require information with respect to January 1, 1963, such information shall be furnished with respect to the date on which liability arises to file the return required under this paragraph.

(i) *Additional information.* In addition to the information required under subdivision (i) of this subparagraph, the following information shall also be furnished in the return required under this paragraph:

(a) The date on or after January 1, 1963, if any, on which such shareholder (or shareholders) last filed a return under this section with respect to the corporation;

(b) If a return is filed by reason of becoming a United States person, the date the shareholder became a United States person;

(c) If a return is filed by reason of the disposition of stock, the date and method of such disposition and the person to whom such disposition was made; and

(d) If a return is filed by reason of the organization or reorganization of the foreign corporation on or after January 1, 1963, the following information with respect to such organization or reorganization:

(1) A statement showing a detailed list of the classes and kinds of assets transferred to the foreign corporation including a description of the assets (such as a list of patents, copyrights,

stock, securities, etc.), the fair market value of each asset transferred (and, if such asset is transferred by a United States person, its adjusted basis), the date of transfer, the name, address, and identifying number, if any, of the owner immediately prior to the transfer, and the consideration paid by the foreign corporation for such transfer;

(2) A statement showing the assets transferred and the notes or securities issued by the foreign corporation, the name, address, and identifying number, if any, of each person to whom such transfer or issue was made, and the consideration paid to the foreign corporation for such transfer or issue; and

(3) An analysis of the changes in the corporation's surplus accounts occurring on or after January 1, 1963.

(iii) *Exclusion of information previously furnished.* In any case where any identical item of information required to be filed under this paragraph by a shareholder with respect to a foreign corporation has previously been furnished by such shareholder in any return made in accordance with the provisions of this section, such shareholder may satisfy the requirements of this paragraph by filing Form 959, identifying such item of information, the date furnished, and stating that it is unchanged.

(d) *Associations, etc.* Returns are required to be filed in accordance with the provisions of this section with respect to any foreign association, foreign joint-stock company, or foreign insurance company, etc., which would be considered to be a corporation under § 301.7701-2 of this chapter (Regulations on Procedure and Administration). Persons who would qualify by the nature of their functions and ownership in such associations, etc., as officers, directors, or shareholders thereof will be treated as such for purposes of this section without regard to their designations under local law.

(e) *Special provisions*—(1) *Return jointly made.* Any two or more persons required under paragraph (a) of this section to make a return with respect to one or more shareholders of the same corporation, or under paragraph (b) or (c) of this section to make a return with respect to the same corporation,

may in lieu of making several returns, jointly make one return.

(2) *Separate return for each corporation.* When returns are required with respect to more than one foreign corporation, a separate return must be made for each corporation.

(3) *Use of power of attorney by officers or directors*—(i) *In general.* Any two or more persons required under paragraph (a) of this section to make a return with respect to one or more shareholders of the same corporation may, by means of one or more duly executed powers of attorney, constitute one of their number as attorney in fact for the purpose of making such returns or for the purpose of making a joint return under subparagraph (1) of this paragraph.

(ii) *Nature of power of attorney.* The power of attorney referred to in subdivision (i) of this subparagraph shall be limited to the making of returns required under paragraph (a) of this section and shall be limited to a single calendar year with respect to which such returns are required.

(iii) *Manner of execution of power of attorney.* The use of technical language in the preparation of the power of attorney referred to in subdivision (i) of this subparagraph is not necessary. Such power of attorney shall be signed by the individual United States citizen or resident required to file a return or returns under paragraph (a) of this section. Such power of attorney must be acknowledged before a notary public or, in lieu thereof, witnessed by two disinterested persons. The notarial seal must be affixed unless such seal is not required under the laws of the state or country wherein such power of attorney is executed.

(iv) *Manner of execution of return under authority of power of attorney.* A return made under authority of one or more powers of attorney referred to in subdivision (i) of this subparagraph shall be signed by the attorney in fact for each principal for which such attorney in fact is acting. A copy of such one or more powers of attorney shall be kept at a convenient and safe location accessible to internal revenue officers, and shall at all times be available for inspection by such officers.

(v) *Effect on penalties.* The fact that a return is made under authority of a power of attorney referred to in subdivision (i) of this subparagraph shall not affect the principal's liability for penalties provided for failure to file a return required under paragraph (a) of this section or for filing a false or fraudulent return.

(4) *Persons excepted from filing returns*—(i) *Return required of officer or director under paragraph (a)(1).* Notwithstanding paragraph (a)(1) of this section, any U.S. citizen or resident required to make a return under such paragraph with respect to shareholders of a foreign corporation, need not make such return if, on January 1, 1963, three or fewer U.S. persons own 95 percent or more in value of the outstanding stock of such foreign corporation and file a return or returns with respect to such corporation under paragraph (b) of this section.

(ii) *Return required of officer or director under paragraph (a)(2).* Notwithstanding paragraph (a)(2) of this section, any U.S. citizen or resident required to make a return under such paragraph with respect to a person acquiring stock of a foreign corporation in an acquisition described in subdivision (i)(a) or (b) of such paragraph need not make such return, if:

(a) As a result of such acquisition of stock of such foreign corporation, a U.S. person files a return as a shareholder under paragraph (c) (1) of this section, and

(b) Immediately after such acquisition of stock, three or fewer U.S. persons own 95 percent or more in value of the outstanding stock of such foreign corporation.

(iii) *Return required by reason of attribution rules.* Notwithstanding paragraph (b) or (c) of this section, any person required to make a return under such paragraph with respect to a foreign corporation need not make such return, if:

(a) Such person does not directly own an interest in the foreign corporation,

(b) Such person is required to furnish the information solely by reason of attribution of stock ownership from a U.S. person under paragraph (i) of this section, and

(c) The person from whom the stock ownership is attributed furnishes all of the information required under paragraph (b) or (c) of this section of the person to whom such stock ownership is attributed.

(iv) *Return required of officer or director with respect to person described in subdivision (iii).* Notwithstanding paragraph (a) of this section, any U.S. citizen or resident required to make a return under such paragraph with respect to a person exempted under subdivision (iii) of this subparagraph from making a return need not make a return with respect to such person.

(5) *Persons excepted from furnishing items of information.* Any person required to furnish any item of information under paragraph (b) or (c) of this section with respect to a foreign corporation, may, if such item of information is furnished by another person having an equal or greater stock interest (measured in terms of value of such stock) in such foreign corporation, satisfy such requirement by filing a statement with his return on Form 959 indicating that such liability has been satisfied and identifying the return in which such item of information was included.

(f) *Meaning of terms.* For purposes of this section:

(1) *Acquisition.* Stock in a foreign corporation shall be considered acquired when a person has an unqualified right to receive such stock even though such stock is not actually issued. For example, when under the law of a foreign country, all the necessary steps for incorporation are completed but stock in the corporation will not be issued within 30 days, every United States citizen or resident who is an officer or a director of such corporation, provided a United States person has an interest of 5 percent or more in such corporation, and every such United States person shall, within 90 days of the date of incorporation, file the returns required under section 6046 and this section. In the case of a reorganization, new stock may be acquired, depending on the type of reorganization, whether or not any stock certificates are surrendered or exchanged or the designation of such stock is altered.

(2) *Reorganization.* With respect to a foreign corporation, the term “reorganization” shall mean not only a transaction described in section 368(a)(1) and the regulations thereunder but also any other transaction or series of transactions which has the same effect.

(3) *U.S. person.* For purposes of section 6046 and this section the term “United States person” has the meaning assigned to it by section 7701(a)(30) of the Code, except that:

(i) With respect to a corporation organized under the laws of the Commonwealth of Puerto Rico, such term does not include an individual who is a bona fide resident of Puerto Rico, if a dividend received by such individual during the taxable year from such corporation would, for purposes of section 933(1), be treated as income derived from sources within Puerto Rico,

(ii) With respect to a corporation organized under the laws of the Virgin Islands, such term does not include an individual who is a bona fide resident of the Virgin Islands and whose income tax obligation under subtitle A (relating to income taxes) of the Code for the taxable year is satisfied pursuant to section 28(a) of the Revised Organic Act of the Virgin Islands, approved July 22, 1954 (48 U.S.C. 1642), by paying tax on income derived from all sources both within and outside the Virgin Islands into the treasury of the Virgin Islands, and

(iii) With respect to a corporation organized under the laws of any possession of the United States (other than Puerto Rico or the Virgin Islands), such term does not include an individual who is a bona fide resident of such possession and whose income derived from sources within any possession of the United States is not, by reason of section 931(a), includible in gross income under subtitle A (relating to income taxes) of the Code for the taxable year.

The provisions of paragraph (b), (c), or (d), respectively, of §1.957-4 shall apply for purposes of determining whether an individual is excepted under subdivision (i), (ii), or (iii), respectively, of this subparagraph from being a U.S. person with respect to a corporation described in such subdivision.

(4) *Applicable Form 959.* The Form 959 which shall be used for purposes of this section is Form 959 (Revised January 1963) or such subsequent revision of such form as may be in use at the time the liability to file a return on Form 959 arises.

(5) *Accounting period and taxable year.* In the case of a specified foreign corporation (as defined in section 898), the taxable year of such corporation shall be treated as its annual accounting period.

(g) *Method of reporting.* All amounts furnished in returns prescribed under this section shall be expressed in United States currency with a statement of the exchange rates used. All statements required to be submitted on or with returns under this section shall be rendered in the English language. For taxable years ending after December 31, 1994, with respect to returns filed after December 31, 1995, all amounts furnished under paragraph (c) of this section shall be expressed in United States dollars computed and translated in conformity with United States generally accepted accounting principles. Amounts furnished under paragraph (c)(3)(i) of this section shall also be furnished in the foreign corporation’s functional currency as required on the form. Information described in paragraphs (b)(10) and (c)(3) of this section shall be submitted in such form or manner as the form shall prescribe. If an individual who is a United States person required to make a return with respect to a foreign corporation under section 6046 is entitled under a treaty to be treated as a non-resident of the United States, and if the individual claims this treaty benefit, and if there are no other United States persons that are required to furnish information under section 6046 with respect to the foreign corporation, then the individual may satisfy the requirements of paragraphs (b)(10), (11) and (12), (c)(3)(ii)(d), and (g) of this section by filing the audited foreign financial statements of the foreign corporation with the individual’s return required under section 6046.

(h) *Actual ownership of stock.* If any shareholder, referred to in this section, is not the actual owner of the stock of

the foreign corporation, the information required under this section shall be furnished in the name of and by such actual owner. For example, in the case of stock held by a nominee, the information required under this section shall be furnished by the actual owner of such stock.

(i) *Constructive ownership of stock*—(1) *In general.* Stock owned directly or indirectly by or for a foreign corporation or a foreign partnership shall be considered as being owned proportionately by its shareholders or partners. Thus, any United States person who is a member of a nonresident foreign partnership which becomes a shareholder in a foreign corporation shall be considered to be a shareholder in such foreign corporation to the extent of his proportionate share in such partnership.

(2) *Members of family.* An individual shall be considered as owning the stock owned directly or indirectly by or for his brothers and sisters (whether by the whole or half blood), his spouse, his ancestors, and his lineal descendants. However, when stock is treated as owned by an individual under the rule provided in this subparagraph, it shall not be treated as owned by him for the purpose of again applying such rule in order to make another the constructive owner of such stock. The provisions of this subparagraph may be illustrated by the following example:

*Example.* H, W, and HF are United States citizens. W, wife of H, owns 20 percent of the value of the outstanding stock of X, a foreign corporation. X Corporation owns 90 percent of the value of the outstanding stock of Y Corporation, a foreign corporation. Y Corporation becomes the owner of 50 percent of the value of the outstanding stock of each of two newly organized foreign corporations, M and N. In applying the “members of family” rule, H is considered to own 20 percent of the value of the outstanding stock of X Corporation, and 18 percent of the value of the outstanding stock of Y Corporation, and 9 percent of M Corporation and N Corporation. However, HF, the father of H, is not considered to own stock of X, Y, M, or N since his son, H, is not treated as the owner of such stock for purposes of again applying the “members of family” rule.

(j) *Time and place for filing return*—(1) *Time for filing.* Any return required by section 6046 and this section shall be filed on or before the 90th day after the

date on which a United States citizen, resident, or person becomes liable to file such return under any provision of section 6046(a) and of paragraph (a), (b), or (c) of this section. With respect to returns filed after September 3, 1982, such return shall be filed on or before such later date (if any) as may be authorized by the return form. The Director of the Internal Revenue Service Center where the return is required to be filed is authorized to grant reasonable extensions of time for filing returns under section 6046 and this section in accordance with the applicable provisions of section 6081(a) and § 1.6081-1.

(2) *Place for filing.* Returns required by section 6046 and this section shall be filed with the Internal Revenue Service Center designated in the instructions of the applicable form.

(k) *Penalties.* (1) For criminal penalties for failure to file a return and filing a false or fraudulent return, see sections 7203, 7206, and 7207.

(2) For civil penalty for failure to file return, or failure to show information required on a return, under this section, see section 6679.
