## Explanation

The Code of Federal Regulations is a codification of the general and permanent rules published in the Federal Register by the Executive departments and agencies of the Federal Government. The Code is divided into 50 titles which represent broad areas subject to Federal regulation. Each title is divided into chapters which usually bear the name of the issuing agency. Each chapter is further subdivided into parts covering specific regulatory areas.

Each volume of the Code is revised at least once each calendar year and issued on a quarterly basis approximately as follows:

Title 1 through Title 16.....	as of January 1
Title 17 through Title 27.....	as of April 1
Title 28 through Title 41.....	as of July 1
Title 42 through Title 50.....	as of October 1

The appropriate revision date is printed on the cover of each volume.

### LEGAL STATUS

The contents of the Federal Register are required to be judicially noticed (44 U.S.C. 1507). The Code of Federal Regulations is prima facie evidence of the text of the original documents (44 U.S.C. 1510).

### HOW TO USE THE CODE OF FEDERAL REGULATIONS

The Code of Federal Regulations is kept up to date by the individual issues of the Federal Register. These two publications must be used together to determine the latest version of any given rule.

To determine whether a Code volume has been amended since its revision date (in this case, July 1, 2003), consult the "List of CFR Sections Affected (LSA)," which is issued monthly, and the "Cumulative List of Parts Affected," which appears in the Reader Aids section of the daily Federal Register. These two lists will identify the Federal Register page number of the latest amendment of any given rule.

### EFFECTIVE AND EXPIRATION DATES

Each volume of the Code contains amendments published in the Federal Register since the last revision of that volume of the Code. Source citations for the regulations are referred to by volume number and page number of the Federal Register and date of publication. Publication dates and effective dates are usually not the same and care must be exercised by the user in determining the actual effective date. In instances where the effective date is beyond the cut-off date for the Code a note has been inserted to reflect the future effective date. In those instances where a regulation published in the Federal Register states a date certain for expiration, an appropriate note will be inserted following the text.

### OMB CONTROL NUMBERS

The Paperwork Reduction Act of 1980 (Pub. L. 96-511) requires Federal agencies to display an OMB control number with their information collection request.

Many agencies have begun publishing numerous OMB control numbers as amendments to existing regulations in the CFR. These OMB numbers are placed as close as possible to the applicable recordkeeping or reporting requirements.

#### OBSOLETE PROVISIONS

Provisions that become obsolete before the revision date stated on the cover of each volume are not carried. Code users may find the text of provisions in effect on a given date in the past by using the appropriate numerical list of sections affected. For the period before January 1, 2001, consult either the List of CFR Sections Affected, 1949–1963, 1964–1972, 1973–1985, or 1986–2000, published in 11 separate volumes. For the period beginning January 1, 2001, a “List of CFR Sections Affected” is published at the end of each CFR volume.

#### INCORPORATION BY REFERENCE

*What is incorporation by reference?* Incorporation by reference was established by statute and allows Federal agencies to meet the requirement to publish regulations in the Federal Register by referring to materials already published elsewhere. For an incorporation to be valid, the Director of the Federal Register must approve it. The legal effect of incorporation by reference is that the material is treated as if it were published in full in the Federal Register (5 U.S.C. 552(a)). This material, like any other properly issued regulation, has the force of law.

*What is a proper incorporation by reference?* The Director of the Federal Register will approve an incorporation by reference only when the requirements of 1 CFR part 51 are met. Some of the elements on which approval is based are:

- (a) The incorporation will substantially reduce the volume of material published in the Federal Register.
- (b) The matter incorporated is in fact available to the extent necessary to afford fairness and uniformity in the administrative process.
- (c) The incorporating document is drafted and submitted for publication in accordance with 1 CFR part 51.

Properly approved incorporations by reference in this volume are listed in the Finding Aids at the end of this volume.

*What if the material incorporated by reference cannot be found?* If you have any problem locating or obtaining a copy of material listed in the Finding Aids of this volume as an approved incorporation by reference, please contact the agency that issued the regulation containing that incorporation. If, after contacting the agency, you find the material is not available, please notify the Director of the Federal Register, National Archives and Records Administration, Washington DC 20408, or call (202) 741-6010.

#### CFR INDEXES AND TABULAR GUIDES

A subject index to the Code of Federal Regulations is contained in a separate volume, revised annually as of January 1, entitled CFR INDEX AND FINDING AIDS. This volume contains the Parallel Table of Statutory Authorities and Agency Rules (Table I). A list of CFR titles, chapters, and parts and an alphabetical list of agencies publishing in the CFR are also included in this volume.

An index to the text of “Title 3—The President” is carried within that volume.

The Federal Register Index is issued monthly in cumulative form. This index is based on a consolidation of the “Contents” entries in the daily Federal Register.

A List of CFR Sections Affected (LSA) is published monthly, keyed to the revision dates of the 50 CFR titles.

#### REPUBLICATION OF MATERIAL

There are no restrictions on the republication of material appearing in the Code of Federal Regulations.

(d) *Official Seal*—(1) *Description of official seal.* The Department of Veterans Affairs prescribes as its official seal, of which judicial notice shall be taken pursuant to 38 U.S.C. 302, the imprint illustrated below:

(i) The official seal includes an American eagle clutching a cord in its talons. The cord binds a 13-star U.S. flag and a 50-star U.S. flag. In the field over the eagle is a pentagon formation of stars, with one point down. The words Department of Veterans Affairs and United States of America surround the eagle, stars, and flags. A rope motif makes up the outermost ring of the seal.

(ii) The eagle represents the eternal vigilance of all our nation's veterans. The stars represent the five branches of military service. The crossed flags represent our nation's history. The gold cord that binds the two flags, which is shown clutched in the eagle's talons is symbolic of those who have fallen in the defense of liberty. Each of the various individual items placed together in the seal is a salute to the past, present, and future.

(iii) The colors used in the configuration are gold, brown, blue, white, silver, yellow, black, and red.

(iv) The colors are derived from the American flag and from nature. By invoking this symbolism, the color scheme represents the Nation's commitment to its veterans.

(a) *Eligibility for burial flags*—(1) *Persons eligible.* (i) A veteran of any war, of Mexican border service, or of service after January 31, 1955, discharged or released from active duty under conditions other than dishonorable. (For the

## § 1.10

## 38 CFR Ch. I (7-1-03 Edition)

purpose of this section, the term *Mexican border service* means active military, naval, or air service during the period beginning on January 1, 1911, and ending on April 5, 1917, in Mexico, on the borders thereof, or in the waters adjacent thereto.)

(ii) A peacetime veteran discharged or released, before June 27, 1950, from the active military, naval, or air service, under conditions other than dishonorable, after serving at least one enlistment, or for a disability incurred or aggravated in line of duty.

(iii) Any person who has died while in military or naval service of the United States after May 27, 1941. This subdivision authorizes and requires the furnishing of a flag only where the military or naval service does not furnish a flag immediately. The only cases wherein a flag is not supplied immediately are those of persons whose remains are interred outside the continental limits of the United States, or whose remains are not recovered or are recovered and not identified.

(iv) Any person who served in the organized military forces of the Commonwealth of the Philippines while such forces were in the service of the Armed Forces of the United States pursuant to the military order of the President of the United States, dated July 26, 1941, including among such military forces organized guerrilla forces under commanders appointed, designated, or subsequently recognized by the Commander in Chief, Southwest Pacific Area, or other competent authority in the Army of the United States, and who dies after separation from such service under conditions other than dishonorable, on or after April 25, 1951.

(Authority: 38 U.S.C. 2301(f)(1))

(b) *Disposition of burial flags.* (1) When a flag is actually used to drape the casket of a deceased veteran, it must be delivered to the next of kin following interment. Where the flag is not claimed by the next of kin it may be given upon request to a close friend or associate of the deceased veteran. Such action will constitute final and conclusive determination of rights under this section. (38 U.S.C. 2301)

(2) The phrase *next of kin* for the purpose of disposing of the flag used for burial purposes is defined as follows, with preference to entitlement in the order listed:

### PROGRAM EVALUATION

#### § 1.15 Standards for program evaluation.

(a) The Department of Veterans Affairs will evaluate all programs authorized under title 38 U.S.C. These evaluations will be conducted so as to determine each program's effectiveness in achieving its stated goals and in achieving such goals in relation to their cost. In addition, these evaluations will determine each program's impact on related programs and its structure and mechanism for delivery of services. All programs will be evaluated on a continuing basis and all evaluations will be conducted by Department of Veterans Affairs staff assigned to an organizational entity other than

those responsible for program administration. These evaluations will be conducted with sufficient frequency to allow for an assessment of the continued effectiveness of the programs.

(b) The program evaluation will be designed to determine if the existing program supports the intent of the law. A program evaluation must identify goals and objectives that support this intent, contain a method to measure fulfillment of the objectives, ascertain the degree to which goals and objectives are met, and report the findings and conclusions to Congress, as well as make them available to the public.

(c) The goals must be clear, specific, and measurable. To be clear they must be readily understood, free from doubt or confusion, and specific goals must be explicitly set forth. They must be measurable by objective means. These means can include use of existing record systems, observations, and information from other sources.

(d) All program evaluations require a detailed evaluation plan. The evaluation plan must clearly state the objectives of the program evaluation, the methodology to be used, resources to be committed, and a timetable of major phases.

(e) Each program evaluation must be objective. It must report the accomplishments as well as the shortcomings of the program in an unbiased way. The program evaluation must have findings that give decision-makers information which is of a level of detail and importance to enable decisions to be made affecting either direction or operation. The information in the program evaluation must be timely, and must contain information of sufficient currency that decisions based on the data in the evaluation can be made with a high degree of confidence in the data.

(f) Each program evaluation requires a systematic research design to collect the data necessary to measure the objectives. This research design should conform to the following:

(1) *Rationale*. The research design for each evaluation should contain a specific rationale and should be structured to determine possible cause and effect relationships.

(2) *Relevancy*. It must deal with issues currently existing within the

## § 1.17

## 38 CFR Ch. I (7-1-03 Edition)

program, within the Department, and within the environment in which the program operates.

(3) *Validity.* The degree of statistical validity should be assessed within the research design. Alternatives include an assessment of cost of data collection vs. results necessary to support decisions.

(4) *Reliability.* Use of the same research design by others should yield the same findings.

(g) The final program evaluation report will be reviewed for comments and concurrence by relevant organizations within the Department of Veterans Affairs, but in no case should this review unreasonably delay the results of the evaluation. Where disagreement exists, the dissenting organization's position should be summarized for a decision by the Secretary.

(h) The final program evaluation report will be forwarded, with approved recommendations, to the concerned organization. An action plan to accomplish the approved recommendations will be forwarded for evaluation by the evaluating entity.

(i) Program evaluation results should be integrated to the maximum extent possible into Department of Veterans Affairs plans and budget submissions to ensure continuity with other Department of Veterans Affairs management processes.

### § 1.17 Evaluation of studies relating to health effects of dioxin and radiation exposure.

(a) From time to time, the Secretary shall publish evaluations of scientific or medical studies relating to the adverse health effects of exposure to a herbicide containing 2, 3, 7, 8 tetrachlorodibenzo-p-dioxin (dioxin) and/or exposure to ionizing radiation in the "Notices" section of the FEDERAL REGISTER.

(b) Factors to be considered in evaluating scientific studies include:

(1) Whether the study's findings are statistically significant and replicable.

(2) Whether the study and its findings have withstood peer review.

(3) Whether the study methodology has been sufficiently described to permit replication of the study.

(4) Whether the study's findings are applicable to the veteran population of interest.

(5) The views of the appropriate panel of the Scientific Council of the Veterans' Advisory Committee on Environmental Hazards.

(c) When the Secretary determines, based on the evaluation of scientific or medical studies and after receiving the advice of the Veterans' Advisory Committee on Environmental Hazards and applying the reasonable doubt doctrine as set forth in paragraph (d)(1) of this section, that a significant statistical association exists between any disease and exposure to a herbicide containing dioxin or exposure to ionizing radiation, § 3.311a or § 3.311b of this title, as appropriate, shall be amended to provide guidelines for the establishment of service connection.

(d)(1) For purposes of paragraph (c) of this section a *significant statistical association* shall be deemed to exist when the relative weights of valid positive and negative studies permit the conclusion that it is at least as likely as not that the purported relationship between a particular type of exposure and a specific adverse health effect exists.

(2) For purposes of this paragraph a valid study is one which:

(i) Has adequately described the study design and methods of data collection, verification and analysis;

(ii) Is reasonably free of biases, such as selection, observation and participation biases; however, if biases exist, the investigator has acknowledged them and so stated the study's conclusions that the biases do not intrude upon those conclusions; and

(iii) Has satisfactorily accounted for known confounding factors.

(3) For purposes of this paragraph a valid positive study is one which satisfies the criteria in paragraph (d)(2) of this section and whose findings are statistically significant at a probability level of .05 or less with proper accounting for multiple comparisons and subgroup analyses.

(4) For purposes of this paragraph a valid negative study is one which satisfies the criteria in paragraph (d)(2) of

## Department of Veterans Affairs

## § 1.205

this section and has sufficient statistical power to detect an association between a particular type of exposure and a specific adverse health effect if such an association were to exist.

(e) For purposes of assessing the relative weights of valid positive and negative studies, other studies affecting epidemiological assessments including case series, correlational studies and studies with insufficient statistical power as well as key mechanistic and animal studies which are found to have particular relevance to an effect on human organ systems may also be considered.

(f) Notwithstanding the provisions of paragraph (d) of this section, a *significant statistical association* may be deemed to exist between a particular exposure and a specific disease if, in the Secretary's judgment, scientific and medical evidence on the whole supports such a decision.

Tampering with, destruction, marring, or removal of such posted signs is prohibited.

(5) *Disturbances.* Conduct on property which creates loud or unusual noise; which unreasonably obstructs the usual use of entrances, foyers, lobbies, corridors, offices, elevators, stairways, or parking lots; which otherwise impedes or disrupts the performance of official duties by Government employees; which prevents one from obtaining medical or other services provided on the property in a timely manner; or the use of loud, abusive, or otherwise improper language; or unwarranted loitering, sleeping, or assembly is prohibited. In addition to measures designed to secure voluntary terminations of violations of this paragraph the head of the facility or designee may cause the issuance of orders for persons who are creating a disturbance to depart the property. All parking fees shall be set at a rate which shall be equivalent to one-half of the appropriate fair rental value (i.e., monthly, weekly, daily, hourly) for the use of equivalent commercial space in the vicinity of the medical facility, subject to the terms and conditions stated in paragraph (a) of this section. Fair rental value shall include an allowance for the costs of management of the parking facilities. The Secretary will determine the fair market rental value through use of generally accepted appraisal techniques. If the appraisal establishes that there is no comparable commercial rate because of the absence of commercial parking facilities within a two-mile radius of the medical facility, then the rate established shall be not less than the lowest rate charged for parking at the VA medical facility with the lowest established parking fees. Rates established shall be reviewed biannually by the Secretary to reflect any increase or decrease in value as determined by appraisal updating.

### § 1.460 Definitions.

For purposes of §§1.460 through 1.499 of this part, the following definitions apply:

*Alcohol abuse.* The term "alcohol abuse" means the use of an alcoholic beverage which impairs the physical, mental, emotional, or social well-being of the user.

*Contractor.* The term “contractor” means a person who provides services to VA such as data processing, dosage preparation, laboratory analyses or medical or other professional services. Each contractor shall be required to enter into a written agreement subjecting such contractor to the provisions of §§1.460 through 1.499 of this part; 38 U.S.C. 5701 and 7332; and 5 U.S.C. 552a and 38 CFR 1.576(g).

*Diagnosis.* The term “diagnosis” means any reference to an individual’s alcohol or drug abuse or to a condition which is identified as having been caused by that abuse or any reference to sickle cell anemia or infection with the human immunodeficiency virus which is made for the purpose of treatment or referral for treatment. A diagnosis prepared for the purpose of treatment or referral for treatment but which is not so used is covered by §§1.460 through 1.499 of this part. These regulations do not apply to a diagnosis of drug overdose or alcohol intoxication which clearly shows that the individual involved is not an alcohol or drug abuser (e.g., involuntary ingestion of alcohol or drugs or reaction to a prescribed dosage of one or more drugs).

*Disclose or disclosure.* The term “disclose” or “disclosure” means a communication of patient identifying information, the affirmative verification of another person’s communication of patient identifying information, or the communication of any information from the record of a patient who has been identified.

*Drug abuse.* The term “drug abuse” means the use of a psychoactive substance for other than medicinal purposes which impairs the physical, mental, emotional, or social well-being of the user.

*Infection with the human immunodeficiency virus (HIV).* The term “infection with the human immunodeficiency virus (HIV)” means the presence of laboratory evidence for human immunodeficiency virus infection. For the purposes of §§1.460 through 1.499 of this part, the term includes the testing of an individual for the presence of the virus or antibodies to the virus and information related to such testing (including tests with negative results).

*Informant.* The term “informant” means an individual who is a patient or employee or who becomes a patient or employee at the request of a law enforcement agency or official and who at the request of a law enforcement agency or official observes one or more patients or employees for the purpose of reporting the information obtained to the law enforcement agency or official.

*Patient.* The term “patient” means any individual or subject who has applied for or been given a diagnosis or treatment for drug abuse, alcoholism or alcohol abuse, infection with the human immunodeficiency virus, or sickle cell anemia and includes any individual who, after arrest on a criminal charge, is interviewed and/or tested in connection with drug abuse, alcoholism or alcohol abuse, infection with the human immunodeficiency virus, or sickle cell anemia in order to determine that individual’s eligibility to participate in a treatment or rehabilitation program. The term patient includes an individual who has been diagnosed or treated for alcoholism, drug abuse, HIV infection, or sickle cell anemia for purposes of participation in a VA program or activity relating to those four conditions, including a program or activity consisting of treatment, rehabilitation, education, training, evaluation, or research. The term “patient” for the purpose of infection with the human immunodeficiency virus or sickle cell anemia, includes one tested for the disease.

*Patient identifying information.* The term “patient identifying information” means the name, address, social security number, fingerprints, photograph, or similar information by which the identity of a patient can be determined with reasonable accuracy and speed either directly or by reference to other publicly available information. The term does not include a number assigned to a patient by a treatment program, if that number does not consist of, or contain numbers (such as social security, or driver’s license number) which could be used to identify a patient with reasonable accuracy and speed from sources external to the treatment program.

*Person.* The term “person” means an individual, partnership, corporation, Federal, State or local government agency, or any other legal entity.

*Records.* The term “records” means any information received, obtained or maintained, whether recorded or not, by an employee or contractor of VA, for the purpose of seeking or performing VA program or activity functions relating to drug abuse, alcoholism, tests for or infection with the human immunodeficiency virus, or sickle cell anemia regarding an identifiable patient. A program or activity function relating to drug abuse, alcoholism, infection with the human immunodeficiency virus, or sickle cell anemia includes evaluation, treatment, education, training, rehabilitation, research, or referral for one of these conditions. Sections 1.460 through 1.499 of this part apply to a primary or other diagnosis, or other information which identifies, or could reasonably be expected to identify, a patient as having a drug or alcohol abuse condition, infection with the human immunodeficiency virus, or sickle cell anemia (e.g., alcoholic psychosis, drug dependence), but only if such diagnosis or information is received, obtained or maintained for the purpose of seeking or performing one of the above program or activity functions. Sections 1.460 through 1.499 of this part do not apply if such diagnosis or other information is not received, obtained or maintained for the purpose of seeking or performing a function or activity relating to drug abuse, alcoholism, infection with the human immunodeficiency virus, or sickle cell anemia for the patient in question. Whenever such diagnosis or other information, not originally received or obtained for the purpose of obtaining or providing one of the above program or activity functions, is subsequently used in connection with such program or activity functions, those original entries become a “record” and §§1.460 through 1.499 of this part thereafter apply to those entries. Segregability: these regulations do not apply to records or information contained therein, the disclosure of which (the circumstances surrounding the disclosure having been considered) could not reasonably be ex-

pected to disclose the fact that a patient has been connected with a VA program or activity function relating to drug abuse, alcoholism, infection with the human immunodeficiency virus, or sickle cell anemia.

(1) The following are examples of instances whereby records or information related to alcoholism or drug abuse are covered by the provisions of §§1.460 through 1.499 of this part:

(i) A patient with alcoholic delirium tremens is admitted for detoxification. The patient is offered treatment in a VA alcohol rehabilitation program which he declines.

(ii) A patient who is diagnosed as a drug abuser applies for and is provided VA drug rehabilitation treatment.

(iii) While undergoing treatment for an unrelated medical condition, a patient discusses with the physician his use and abuse of alcohol. The physician offers VA alcohol rehabilitation treatment which is declined by the patient.

(2) The following are examples of instances whereby records or information related to alcoholism or drug abuse are not covered by the provisions of §§1.460 through 1.499 of this part:

(i) A patient with alcoholic delirium tremens is admitted for detoxification, treated and released with no counseling or treatment for the underlying condition of alcoholism.

(ii) While undergoing treatment for an unrelated medical condition, a patient informs the physician of a history of drug abuse fifteen years earlier with no ingestion of drugs since. The history and diagnosis of drug abuse is documented in the hospital summary and no treatment is sought by the patient or offered or provided by VA during the current period of treatment.

(iii) While undergoing treatment for injuries sustained in an accident, a patient’s medical record is documented to support the judgment of the physician to prescribe certain alternate medications in order to avoid possible drug interactions in view of the patient’s enrollment and treatment in a non-VA methadone maintenance program. The patient states that continued treatment and follow-up will be obtained from private physicians and VA treatment for the drug abuse is not

sought by the patient nor provided or offered by the staff.

(iv) A patient is admitted to the emergency room suffering from a possible drug overdose. The patient is treated and released; a history and diagnosis of drug abuse may be documented in the hospital summary. The patient is not offered treatment for the underlying conditions of drug abuse, nor is treatment sought by the patient for that condition.

*Third party payer.* The term “third party payer” means a person who pays, or agrees to pay, for diagnosis or treatment furnished to a patient on the basis of a contractual relationship with the patient or a member of his or her family or on the basis of the patient’s eligibility for Federal, State, or local governmental benefits.

*Treatment.* The term “treatment” means the management and care of a patient for drug abuse, alcoholism or alcohol abuse, infection with the human immunodeficiency virus, or sickle cell anemia, or a condition which is identified as having been caused by one or more of these conditions, in order to reduce or eliminate the adverse effects upon the patient. The term includes testing for the human immunodeficiency virus or sickle cell anemia.

*Undercover agent.* The term “undercover agent” means an officer of any Federal, State, or local law enforcement agency who becomes a patient or employee for the purpose of investigating a suspected violation of law or who pursues that purpose after becoming a patient or becoming employed for other purposes.

#### § 1.461 Applicability.

(a) *General*—(1) *Restrictions on disclosure.* The restrictions on disclosure in these regulations apply to any information whether or not recorded, which:

(i) Would identify a patient as an alcohol or drug abuser, an individual tested for or infected with the human immunodeficiency virus (HIV), hereafter referred to as HIV, or an individual with sickle cell anemia, either directly, by reference to other publicly available information, or through

verification of such an identification by another person; and

(ii) Is provided or obtained for the purpose of treating alcohol or drug abuse, infection with the HIV, or sickle cell anemia, making a diagnosis for that treatment, or making a referral for that treatment as well as for education, training, evaluation, rehabilitation and research program or activity purposes.

(2) *Restriction on use.* The restriction on use of information to initiate or substantiate any criminal charges against a patient or to conduct any criminal investigation of a patient applies to any information, whether or not recorded, which is maintained for the purpose of treating drug abuse, alcoholism or alcohol abuse, infection with the HIV, or sickle cell anemia, making a diagnosis for that treatment, or making a referral for that treatment as well as for education, training, evaluation, rehabilitation, and research program or activity purposes.

(b) *Period covered as affecting applicability.* The provisions of §§ 1.460 through 1.499 of this part apply to records of identity, diagnosis, prognosis, or treatment pertaining to any given individual maintained over any period of time which, irrespective of when it begins, does not end before March 21, 1972, in the case of diagnosis or treatment for drug abuse; or before May 14, 1974, in the case of diagnosis or treatment for alcoholism or alcohol abuse; or before September 1, 1973, in the case of testing, diagnosis or treatment of sickle cell anemia; or before May 20, 1988, in the case of testing, diagnosis or treatment for an infection with the HIV.

(c) *Exceptions*—(1) *Department of Veterans Affairs and Armed Forces.* The restrictions on disclosure in §§ 1.460 through 1.499 of this part do not apply to communications of information between or among those components of VA who have a need for the information in connection with their duties in the provision of health care, adjudication of benefits, or in carrying out administrative responsibilities related to those functions, including personnel of the Office of the Inspector General who are conducting audits, evaluations, healthcare inspections, or non-patient

investigations, or between such components and the Armed Forces, of information pertaining to a person relating to a period when such person is or was subject to the Uniform Code of Military Justice. Information obtained by VA components under these circumstances may be disclosed outside of VA to prosecute or investigate a non-patient only in accordance with § 1.495 of this part. Similarly, the restrictions on disclosure in §§ 1.460 through 1.499 of this part do not apply to communications of information to the Department of Justice or U.S. Attorneys who are providing support in civil litigation or possible litigation involving VA.

(2) *Contractor.* The restrictions on disclosure in §§ 1.460 through 1.499 of this part do not apply to communications between VA and a contractor of information needed by the contractor to provide his or her services.

(3) *Crimes on VA premises or against VA personnel.* The restrictions on disclosure and use in §§ 1.460 through 1.499 of this part do not apply to communications from VA personnel to law enforcement officers which:

(i) Are directly related to a patient's commission of a crime on the premises of the facility or against personnel of VA or to a threat to commit such a crime; and

(ii) Are limited to the circumstances of the incident, including the patient status of the individual committing or threatening to commit the crime, that individual's name and address to the extent authorized by 38 U.S.C. 5701(f)(2), and that individual's last known whereabouts.

(4) *Undercover agents and informants.*

(i) Except as specifically authorized by a court order granted under § 1.495 of this part, VA may not knowingly employ, or admit as a patient, any undercover agent or informant in any VA drug abuse, alcoholism or alcohol abuse, HIV infection, or sickle cell anemia treatment program.

(ii) No information obtained by an undercover agent or informant, whether or not that undercover agent or informant is placed in a VA drug abuse, alcoholism or alcohol abuse, HIV infection, or sickle cell anemia treatment program pursuant to an authorizing court order, may be used to criminally

investigate or prosecute any patient unless authorized pursuant to the provisions of § 1.494 of this part.

(iii) The enrollment of an undercover agent or informant in a treatment unit shall not be deemed a violation of this section if the enrollment is solely for the purpose of enabling the individual to obtain treatment for drug or alcohol abuse, HIV infection, or sickle cell anemia.

(d) *Applicability to recipients of information—*(1) *Restriction on use of information.* In the absence of a proper § 1.494 court order, the restriction on the use of any information subject to §§ 1.460 through 1.499 of this part to initiate or substantiate any criminal charges against a patient or to conduct any criminal investigation of a patient applies to any person who obtains that information from VA, regardless of the status of the person obtaining the information or of whether the information was obtained in accordance with §§ 1.460 through 1.499 of this part. This restriction on use bars, among other things, the introduction of that information as evidence in a criminal proceeding and any other use of the information to investigate or prosecute a patient with respect to a suspected crime. Information obtained by undercover agents or informants (see paragraph (c) of this section) or through patient access (see § 1.469 of this part) is subject to the restriction on use.

(2) *Restrictions on disclosures—third-party payers and others.* The restrictions on disclosure in §§ 1.460 through 1.499 of this part apply to third-party payers and persons who, pursuant to a consent, receive patient records directly from VA and who are notified of the restrictions on redisclosure of the records in accordance with § 1.476 of this part.

(Authority: 38 U.S.C. 7332(e) and 7334)

#### § 1.462 Confidentiality restrictions.

(a) *General.* The patient records to which §§ 1.460 through 1.499 of this part apply may be disclosed or used only as permitted by these regulations and may not otherwise be disclosed or used in any civil, criminal, administrative, or legislative proceedings conducted by any Federal, State, or local authority.

### § 1.463

Any disclosure made under these regulations must be limited to that information which is necessary to carry out the purpose of the disclosure.

(b) *Unconditional compliance required.* The restrictions on disclosure and use in §§1.460 through 1.499 of this part apply whether the person seeking the information already has it, has other means of obtaining it, is a law enforcement or other official, has obtained a subpoena, or asserts any other justification for a disclosure or use which is not permitted by §§1.460 through 1.499 of this part. These provisions do not prohibit VA from acting accordingly when there is no disclosure of information.

(c) *Acknowledging the presence of patients: responding to requests.* (1) The presence of an identified patient in a VA facility for the treatment or other VA program activity relating to drug abuse, alcoholism or alcohol abuse, infection with the HIV, or sickle cell anemia may be acknowledged only if the patient's written consent is obtained in accordance with §1.475 of this part or if an authorizing court order is entered in accordance with §§1.490 through 1.499 of this part. Acknowledgment of the presence of an identified patient in a facility is permitted if the acknowledgment does not reveal that the patient is being treated for or is otherwise involved in a VA program or activity concerning drug abuse, alcoholism or alcohol abuse, infection with the HIV, or sickle cell anemia.

(2) Any answer to a request for a disclosure of patient records which is not permissible under §§1.460 through 1.499 of this part must be made in a way that will not affirmatively reveal that an identified individual has been, or is being diagnosed or treated for drug abuse, alcoholism or alcohol abuse, infection with the HIV, or sickle cell anemia. These regulations do not restrict a disclosure that an identified individual is not and never has been a patient.

(Authority: 38 U.S.C. 7334)

### § 1.463 Criminal penalty for violations.

Under 38 U.S.C. 7332(g), any person who violates any provision of this statute or §§1.460 through 1.499 of this part shall be fined not more than \$5,000 in

### 38 CFR Ch. I (7-1-03 Edition)

the case of a first offense, and not more than \$20,000 for a subsequent offense.

(Authority: 38 U.S.C. 7332(g))

### § 1.464 Minor patients.

(a) *Definition of minor.* As used in §§1.460 through 1.499 of this part the term "minor" means a person who has not attained the age of majority specified in the applicable State law, or if no age of majority is specified in the applicable State law, the age of eighteen years.

(b) *State law not requiring parental consent to treatment.* If a minor patient acting alone has the legal capacity under the applicable State law to apply for and obtain treatment for drug abuse, alcoholism or alcohol abuse, infection with the HIV, or sickle cell anemia, any written consent for disclosure authorized under §1.475 of this part may be given only by the minor patient. This restriction includes, but is not limited to, any disclosure of patient identifying information to the parent or guardian of a minor patient for the purpose of obtaining financial reimbursement. Sections 1.460 through 1.499 of this part do not prohibit a VA facility from refusing to provide non-emergent treatment to an otherwise ineligible minor patient until the minor patient consents to the disclosure necessary to obtain reimbursement for services from a third party payer.

(c) *State law requiring parental consent to treatment.* (1) Where State law requires consent of a parent, guardian, or other person for a minor to obtain treatment for drug abuse, alcoholism or alcohol abuse, infection with the HIV, or sickle cell anemia, any written consent for disclosure authorized under §1.475 of this part must be given by both the minor and his or her parent, guardian, or other person authorized under State law to act in the minor's behalf.

(2) Where State law requires parental consent to treatment, the fact of a minor's application for treatment may be communicated to the minor's parent, guardian, or other person authorized under State law to act in the minor's behalf only if:

(i) The minor has given written consent to the disclosure in accordance with § 1.475 of this part; or

(ii) The minor lacks the capacity to make a rational choice regarding such consent as judged by the appropriate VA facility director under paragraph (d) of this section.

(d) *Minor applicant for service lacks capacity for rational choice.* Facts relevant to reducing a threat to the life or physical well being of the applicant or any other individual may be disclosed to the parent, guardian, or other person authorized under State law to act in the minor's behalf if the appropriate VA facility director judges that:

(1) A minor applicant for services lacks capacity because of extreme youth or mental or physical condition to make a rational decision on whether to consent to a disclosure under § 1.475 of this part to his or her parent, guardian, or other person authorized under State law to act in the minor's behalf, and

(2) The applicant's situation poses a substantial threat to the life or physical well-being of the applicant or any other individual which may be reduced by communicating relevant facts to the minor's parent, guardian, or other person authorized under State law to act in the minor's behalf.

(Authority: 38 U.S.C. 7334)

**§ 1.465 Incompetent and deceased patients.**

(a) *Incompetent patients other than minors.* In the case of a patient who has been adjudicated as lacking the capacity, for any reason other than insufficient age, to manage his or her own affairs, any consent which is required under §§ 1.460 through 1.499 of this part may be given by a court appointed legal guardian.

(b) *Deceased patients—(1) Vital statistics.* Sec. 1.460 through 1.499 of this part do not restrict the disclosure of patient identifying information relating to the cause of death of a patient under laws requiring the collection of death or other vital statistics or permitting inquiry into the cause of death.

(2) *Consent by personal representative.* Any other disclosure of information identifying a deceased patient as being treated for drug abuse, alcoholism or

alcohol abuse, infection with the HIV, or sickle cell anemia is subject to §§ 1.460 through 1.499 of this part. If a written consent to the disclosure is required, the Under Secretary for Health or designee may, upon the prior written request of the next of kin, executor/executrix, administrator/administratrix, or other personal representative of such deceased patient, disclose the contents of such records, only if the Under Secretary for Health or designee determines such disclosure is necessary to obtain survivorship benefits for the deceased patient's survivor. This would include not only VA benefits, but also payments by the Social Security Administration, Worker's Compensation Boards or Commissions, or other Federal, State, or local government agencies, or nongovernment entities, such as life insurance companies.

(3) *Information related to sickle cell anemia.* Information related to sickle cell anemia may be released to a blood relative of a deceased veteran for medical follow-up or family planning purposes.

(Authority: 38 U.S.C. 7332(b)(3))

**§ 1.466 Security for records.**

(a) Written records which are subject to §§ 1.460 through 1.499 of this part must be maintained in a secure room, locked file cabinet, safe or other similar container when not in use. Access to information stored in computers will be limited to authorized VA employees who have a need for the information in performing their duties. These security precautions shall be consistent with the Privacy Act of 1974 (5 U.S.C. 552a).

(b) Each VA facility shall adopt in writing procedures related to the access to and use of records which are subject to §§ 1.460 through 1.499 of this part.

(Authority: 38 U.S.C. 7334)

**§ 1.467 Restrictions on the use of identification cards and public signs.**

(a) No facility may require any patient to carry on their person while away from the facility premises any card or other object which would identify the patient as a participant in any

## § 1.468

VA drug abuse, alcoholism or alcohol abuse, HIV infection, or sickle cell anemia treatment program. A facility may require patients to use or carry cards or other identification objects on the premises of a facility. Patients may not be required to wear clothing or colored identification bracelets or display objects openly to all facility staff or others which would identify them as being treated for drug or alcohol abuse, HIV infection, or sickle cell anemia.

(b) Treatment locations should not be identified by signs that would identify individuals entering or exiting these locations as patients enrolled in a drug or alcohol abuse, HIV infection, or sickle cell anemia program or activity.

(Authority: 38 U.S.C. 7334)

### **§ 1.468 Relationship to Federal statutes protecting research subjects against compulsory disclosure of their identity.**

(a) *Research privilege description.* There may be concurrent coverage of patient identifying information by the provisions of §§ 1.460 through 1.499 of this part and by administrative action taken under Sec. 303(a) of the Public Health Service Act (42 U.S.C. 241(d) and the implementing regulations at 42 CFR Part 2a); or Sec. 502(c) of the Controlled Substances Act (21 U.S.C. 872(c) and the implementing regulations at 21 CFR 1316.21). These "research privilege" statutes confer on the Secretary of Health and Human Services and on the Attorney General, respectively, the power to authorize researchers conducting certain types of research to withhold from all persons not connected with the research the names and other identifying information concerning individuals who are the subjects of the research.

(b) *Effect of concurrent coverage.* Sections 1.460 through 1.499 of this part restrict the disclosure and use of information about patients, while administrative action taken under the research privilege statutes and implementing regulations protects a person engaged in applicable research from being compelled to disclose any identifying characteristics of the individuals who are the subjects of that research. The issuance under §§ 1.490 through 1.499 of

## 38 CFR Ch. I (7-1-03 Edition)

this part of a court order authorizing a disclosure of information about a patient does not affect an exercise of authority under these research privilege statutes. However, the research privilege granted under 21 CFR 291.505(g) to treatment programs using methadone for maintenance treatment does not protect from compulsory disclosure any information which is permitted to be disclosed under those regulations. Thus, if a court order entered in accordance with §§ 1.490 through 1.499 of this part authorizes a VA facility to disclose certain information about its patients, the facility may not invoke the research privilege under 21 CFR 291.505(g) as a defense to a subpoena for that information.

(Authority: 38 U.S.C. 7334)

### **§ 1.469 Patient access and restrictions on use.**

(a) *Patient access not prohibited.* Sections 1.460 through 1.499 of this part do not prohibit a facility from giving a patient access to his or her own records, including the opportunity to inspect and copy any records that VA maintains about the patient, subject to the provisions of the Privacy Act (5 U.S.C. 552a(d)(1)) and 38 CFR 1.577. If the patient is accompanied, giving access to the patient and the accompanying person will require a written consent by the patient which is provided in accordance with § 1.475 of this part.

(b) *Restrictions on use of information.* Information obtained by patient access to patient record is subject to the restriction on use of this information to initiate or substantiate any criminal charges against the patient or to conduct any criminal investigation of the patient as provided for under § 1.461(d)(1) of this part.

(Authority: 38 U.S.C. 7334)

### **§§ 1.470-1.474 [Reserved]**

#### DISCLOSURES WITH PATIENT'S CONSENT

### **§ 1.475 Form of written consent.**

(a) *Required elements.* A written consent to a disclosure under §§ 1.460 through 1.499 of this part must include:

(1) The name of the facility permitted to make the disclosure (such a

## Department of Veterans Affairs

## § 1.477

designation does not preclude the release of records from other VA health care facilities unless a restriction is stated on the consent).

(2) The name or title of the individual or the name of the organization to which disclosure is to be made.

(3) The name of the patient.

(4) The purpose of the disclosure.

(5) How much and what kind of information is to be disclosed.

(6) The signature of the patient and, when required for a patient who is a minor, the signature of a person authorized to give consent under § 1.464 of this part; or, when required for a patient who is incompetent or deceased, the signature of a person authorized to sign under § 1.465 of this part in lieu of the patient.

(7) The date on which the consent is signed.

(8) A statement that the consent is subject to revocation at any time except to the extent that the facility which is to make the disclosure has already acted in reliance on it. Acting in reliance includes the provision of treatment services in reliance on a valid consent to disclose information to a third party payer.

(9) The date, event, or condition upon which the consent will expire if not revoked before. This date, event, or condition must ensure that the consent will last no longer than reasonably necessary to serve the purpose for which it is given.

(b) *Expired, deficient, or false consent.* A disclosure may not be made on the basis of a consent which:

(1) Has expired;

(2) On its face substantially fails to conform to any of the requirements set forth in paragraph (a) of this section;

(3) Is known to have been revoked; or

(4) Is known, or through a reasonable effort could be known, by responsible personnel of VA to be materially false.

(c) *Notification of deficient consent.* Other than the patient, no person or entity may be advised that a special consent is required in order to disclose information relating to an individual participating in a drug abuse, alcoholism or alcohol abuse, HIV, or sickle cell anemia program or activity. Where a person or entity presents VA with an

insufficient written consent for information protected by 38 U.S.C. 7332, VA must, in the process of obtaining a legally sufficient consent, correspond only with the patient whose records are involved, or the legal guardian of an incompetent patient or next of kin of a deceased patient, and not with any other person.

(d) It is not necessary to use any particular form to establish a consent referred to in paragraph (a) of this section, however, VA Form 10-5345, titled Request for and Consent to Release of Medical Records Protected by 38 U.S.C. 7332, may be used for such purpose.

(Authority: 38 U.S.C. 7332(a)(2) and (b)(1))

### § 1.476 Prohibition on redisclosure.

Each disclosure under §§ 1.460 through 1.499 of this part made with the patient's written consent must be accompanied by a written statement similar to the following:

This information has been disclosed to you from records protected by Federal confidentiality rules (38 CFR Part 1). The Federal rules prohibit you from making any further disclosure of this information unless further disclosure is expressly permitted by the written consent of the person to whom it pertains or as otherwise permitted by 38 CFR Part 1. A general authorization for the release of medical or other information is NOT sufficient for this purpose. The Federal rules restrict any use of the information to criminally investigate or prosecute any alcohol or drug abuse patient or patient with sickle cell anemia or HIV infection.

(Authority: 38 U.S.C. 7334)

### § 1.477 Disclosures permitted with written consent.

If a patient consents to a disclosure of his or her records under § 1.475 of this part, a facility may disclose those records in accordance with that consent to any individual or organization named in the consent, except that disclosures to central registries and in connection with criminal justice referrals must meet the requirements of §§ 1.478 and 1.479 of this part, respectively.

§ 1.478

38 CFR Ch. I (7-1-03 Edition)

**§ 1.478 Disclosures to prevent multiple enrollments in detoxification and maintenance treatment programs; not applicable to records relating to sickle cell anemia or infection with the human immunodeficiency virus.**

(a) *Definitions.* For purposes of this section:

(1) *Central registry* means an organization which obtains from two or more member programs patient identifying information about individuals applying for maintenance treatment or detoxification treatment for the purpose of avoiding an individual's concurrent enrollment in more than one program.

(2) *Detoxification treatment* means the dispensing of a narcotic drug in decreasing doses to an individual in order to reduce or eliminate adverse physiological or psychological effects incident to withdrawal from the sustained use of a narcotic drug.

(3) *Maintenance treatment* means the dispensing of a narcotic drug in the treatment of an individual for dependence upon heroin or other morphine-like drugs.

(4) *Member program* means a non-VA detoxification treatment or maintenance treatment program which reports patient identifying information to a central registry and which is in the same State as that central registry or is not more than 125 miles from any border of the State in which the central registry is located.

(b) *Restrictions on disclosure.* VA may disclose patient records to a central registry which is located in the same State or is not more than 125 miles from any border of the State or to any non-VA detoxification or maintenance treatment program not more than 200 miles away for the purpose of preventing the multiple enrollment of a patient only if:

(1) The disclosure is made when:

(i) The patient is accepted for treatment;

(ii) The type or dosage of the drug is changed; or

(iii) The treatment is interrupted, resumed or terminated.

(2) The disclosure is limited to:

(i) Patient identifying information;

(ii) Type and dosage of the drug; and

(iii) Relevant dates.

(3) The disclosure is made with the patient's written consent meeting the requirements of § 1.475 of this part, except that:

(i) The consent must list the name and address of each central registry and each known non-VA detoxification or maintenance treatment program to which a disclosure will be made; and

(ii) The consent may authorize a disclosure to any non-VA detoxification or maintenance treatment program established within 200 miles after the consent is given without naming any such program.

(c) *Use of information limited to prevention of multiple enrollments.* A central registry and any non-VA detoxification or maintenance treatment program to which information is disclosed to prevent multiple enrollments may not re-disclose or use patient identifying information for any purpose other than the prevention of multiple enrollments unless authorized by a court order under §§ 1.490 through 1.499 of this part.

(Authority: 38 U.S.C. 7334)

**§ 1.479 Disclosures to elements of the criminal justice system which have referred patients.**

(a) VA may disclose information about a patient from records covered by §§ 1.460 through 1.499 of this part to those persons within the criminal justice system which have made participation in a VA treatment program a condition of the disposition of any criminal proceedings against the patient or of the patient's parole or other release from custody if:

(1) The disclosure is made only to those individuals within the criminal justice system who have a need for the information in connection with their duty to monitor the patient's progress (e.g., a prosecuting attorney who is withholding charges against the patient, a court granting pretrial or posttrial release, probation or parole officers responsible for supervision of the patient); and

(2) The patient has signed a written consent as a condition of admission to the treatment program meeting the requirements of § 1.475 of this part (except paragraph (a)(8) which is inconsistent with the revocation provisions of paragraph (c) of this section) and the

requirements of paragraphs (b) and (c) of this section.

(b) *Duration of consent.* The written consent must state the period during which it remains in effect. This period must be reasonable, taking into account:

(1) The anticipated length of the treatment recognizing that revocation of consent may not generally be effected while treatment is ongoing;

(2) The type of criminal proceeding involved, the need for the information in connection with the final disposition of that proceeding, and when the final disposition will occur; and

(3) Such other factors as the facility, the patient, and the person(s) who will receive the disclosure consider pertinent.

(c) *Revocation of consent.* The written consent must state that it is revocable upon the passage of a specified amount of time or the occurrence of a specified, ascertainable event. The time or occurrence upon which consent becomes revocable may be no earlier than the individual's completion of the treatment program and no later than the final disposition of the conditional release or other action in connection with which consent was given.

(d) *Restrictions on redisclosure and use.* A person who receives patient information under this section may redisclose and use it only to carry out that person's official duties with regard to the patient's conditional release or other action in connection with which the consent was given, including parole.

**§§ 1.480-1.484 [Reserved]**

DISCLOSURES WITHOUT PATIENT  
CONSENT

**§ 1.485 Medical emergencies.**

(a) *General rule.* Under the procedures required by paragraph (c) of this section, patient identifying information from records covered by §§ 1.460 through 1.499 of this part may be disclosed to medical personnel who have a need for information about a patient for the purpose of treating a condition which poses an immediate threat to the health of any individual and which re-

quires immediate medical intervention.

(b) *Special rule.* Patient identifying information may be disclosed to medical personnel of the Food and Drug Administration (FDA) who assert a reason to believe that the health of any individual may be threatened by an error in the manufacture, labeling, or sale of a product under FDA jurisdiction, and that the information will be used for the exclusive purpose of notifying patients or their physicians of potential dangers.

(c) *Procedures.* Immediately following disclosure, any VA employee making an oral disclosure under authority of this section shall make an accounting of the disclosure in accordance with the Privacy Act (5 U.S.C. 552a(c) and 38 CFR 1.576(c)) and document the disclosure in the patient's records setting forth in writing:

(1) The name and address of the medical personnel to whom disclosure was made and their affiliation with any health care facility;

(2) The name of the individual making the disclosure;

(3) The date and time of the disclosure;

(4) The nature of the emergency (or error, if the report was to FDA);

(5) The information disclosed; and

(6) The authority for making the disclosure (§ 1.485 of this part).

(Authority: 38 U.S.C. 7332(b)(2)(A))

**§ 1.486 Disclosure of information related to infection with the human immunodeficiency virus to public health authorities.**

(a) In the case of any record which is maintained in connection with the performance of any program or activity relating to infection with the HIV, information may be disclosed to a Federal, State, or local public health authority, charged under Federal or State law with the protection of the public health, and to which Federal or State law requires disclosure of such record, if a qualified representative of such authority has made a written request that such record be provided as required pursuant to such law for a purpose authorized by such law. In the case of a State law, such law must, in

(b) A person to whom a record is disclosed under this section may not redisclose or use such record for a purpose other than that for which the disclosure was made.

(Authority: 38 U.S.C. 7332(b)(2)(C))

### **§ 1.487 Disclosure of information related to infection with the human immunodeficiency virus to the spouse or sexual partner of the patient.**

(a) Subject to paragraph (b) of this section, a physician or a professional counselor may disclose information or records indicating that a patient is infected with the HIV if the disclosure is made to the spouse of the patient, or to an individual whom the patient has, during the process of professional counseling or of testing to determine whether the patient is infected with such virus, identified as being a sexual partner of such patient.

(b) A disclosure under this section may be made only if the physician or counselor, after making reasonable efforts to counsel and encourage the patient to provide the information to the spouse or sexual partner, reasonably believes that the patient will not provide the information to the spouse or sexual partner and that the disclosure is necessary to protect the health of the spouse or sexual partner.

(c) A disclosure under this section may be made by a physician or counselor other than the physician or counselor referred to in paragraph (b) of this section if such physician or counselor is unavailable by reason of extended absence or termination of employment to make the disclosure.

(Authority: 38 U.S.C. 7332(b))

### **§ 1.488 Research activities.**

Subject to the provisions of 38 U.S.C. 5701, 38 CFR 1.500–1.527, the Privacy Act (5 U.S.C. 552a), 38 CFR 1.575–1.584 and the following paragraphs, patient med-

ical record information covered by §§ 1.460 through 1.499 of this part may be disclosed for the purpose of conducting scientific research.

(a) Information in individually identifiable form may be disclosed from records covered by §§ 1.460 through 1.499 of this part for the purpose of conducting scientific research if the Under Secretary for Health or designee makes a determination that the recipient of the patient identifying information:

(1) Is qualified to conduct the research.

(2) Has a research protocol under which the information:

(i) Will be maintained in accordance with the security requirements of § 1.466 of this part (or more stringent requirements); and

(ii) Will not be redisclosed except as permitted under paragraph (b) of this section.

(3) Has furnished a written statement that the research protocol has been reviewed by an independent group of three or more individuals who found that the rights of patients would be adequately protected and that the potential benefits of the research outweigh any potential risks to patient confidentiality posed by the disclosure of records.

(b) A person conducting research may disclose information obtained under paragraph (a) of this section only back to VA and may not identify any individual patient in any report of that research or otherwise disclose patient identities.

(Authority: 38 U.S.C. 7332(b)(2)(B))

### **§ 1.489 Audit and evaluation activities.**

Subject to the provisions of 38 U.S.C. 5701, 38 CFR 1.500–1.527, the Privacy Act (5 U.S.C. 552a), 38 CFR 1.575–1.584, and the following paragraphs, patient medical records covered by §§ 1.460 through 1.499 of this part may be disclosed outside VA for the purposes of conducting audit and evaluation activities.

(a) *Records not copied.* If patient records covered by §§ 1.460 through 1.499 of this part are not copied, patient identifying information may be disclosed in the course of a review of records on VA facility premises to any person who agrees in writing to comply with the limitations on redisclosure

and use in paragraph (d) of this section and:

(1) Where audit or evaluation functions are performed by a State or Federal governmental agency on behalf of VA; or

(2) Who is determined by the VA facility director to be qualified to conduct the audit or evaluation activities.

(b) *Copying of records.* Records containing patient identifying information may be copied by any person who:

(1) Agrees in writing to:

(i) Maintain the patient identifying information in accordance with the security requirements provided in § 1.466 of this part (or more stringent requirements);

(ii) Destroy all the patient identifying information upon completion of the audit or evaluation; and

(iii) Comply with the limitations on disclosure and use in paragraph (d) of this section.

(2) The VA medical facility director determines to be qualified to conduct the audit or evaluation activities.

(c) *Congressional oversight.* Records subject to §§ 1.460 through 1.499 of this part upon written request may be released to congressional committees or subcommittees for program oversight and evaluation if such records pertain to any matter within the jurisdiction of such committee or subcommittee.

(d) *Limitation on disclosure and use.* Records containing patient identifying information disclosed under this section may be disclosed only back to VA and used only to carry out an audit or evaluation purpose, or, to investigate or prosecute criminal or other activities as authorized by a court order entered under § 1.494 of this part.

(Authority: 38 U.S.C. 7332(b)(2)(B))

### COURT ORDERS AUTHORIZING DISCLOSURES AND USE

#### § 1.490 Legal effect of order.

The records to which §§ 1.460 through 1.499 of this part apply may be disclosed if authorized by an appropriate order of a court of competent jurisdiction granted after application showing good cause therefore. In assessing good cause the court is statutorily required to weigh the public interest and the

need for disclosure against the injury to the patient or subject, to the physician-patient relationship, and to the treatment services. Upon the granting of such order, the court, in determining the extent to which any disclosure of all or any part of any record is necessary, is required by statute to impose appropriate safeguards against unauthorized disclosure. An order of a court of competent jurisdiction to produce records subject to §§ 1.460 through 1.499 of this part will not be sufficient unless the order reflects that the court has complied with the requirements of 38 U.S.C. 7332(b)(2)(D). Such an order from a Federal court compels disclosure. However, such an order from a State court only acts to authorize the Secretary to exercise discretion pursuant to 38 U.S.C. 5701(b)(5) and 38 CFR 1.511 to disclose such records. It does not compel disclosure.

(Authority: 38 U.S.C. 7332(b)(2)(D))

#### § 1.491 Confidential communications.

(a) A court order under §§ 1.490 through 1.499 of this part may authorize disclosure of confidential communications made by a patient to a treatment program in the course of diagnosis, treatment, or referral for treatment only if:

(1) The disclosure is necessary to protect against an existing threat to life or of serious bodily injury, including circumstances which constitute suspected child abuse and neglect and verbal threats against third parties;

(2) The disclosure is necessary in connection with investigation or prosecution of an extremely serious crime, such as one which directly threatens loss of life or serious bodily injury, including homicide, rape, kidnapping, armed robbery, assault with a deadly weapon, or child abuse and neglect; or

(3) The disclosure is in connection with litigation or an administrative proceeding in which the patient offers testimony or other evidence pertaining to the content of the confidential communications.

(b) [Reserved]

(Authority: 38 U.S.C. 7334)

## § 1.492

### **§ 1.492 Order not applicable to records disclosed without consent to researchers, auditors and evaluators.**

A court order under §§ 1.460 through 1.499 of this part may not authorize qualified personnel, who have received patient identifying information from VA without consent for the purpose of conducting research, audit or evaluation, to disclose that information or use it to conduct any criminal investigation or prosecution of a patient. However, a court order under § 1.495 of this part may authorize disclosure and use of records to investigate or prosecute VA personnel.

(Authority: 38 U.S.C. 7334)

### **§ 1.493 Procedures and criteria for orders authorizing disclosures for noncriminal purposes.**

(a) *Application.* An order authorizing the disclosure of patient records covered by §§ 1.460 through 1.499 of this part for purposes other than criminal investigation or prosecution may be applied for by any person having a legally recognized interest in the disclosure which is sought. The application may be filed separately or as part of a pending civil action in which it appears that the patient records are needed to provide evidence. An application must use a fictitious name, such as John Doe, to refer to any patient and may not contain or otherwise disclose any patient identifying information unless the patient is the applicant or has given a written consent (meeting the requirements of § 1.475 of this part) to disclosure or the court has ordered the record of the proceeding sealed from public scrutiny.

(b) *Notice.* The patient and VA facility from whom disclosure is sought must be given:

(1) Adequate notice in a manner which will not disclose patient identifying information to other persons; and

(2) An opportunity to file a written response to the application, or to appear in person, for the limited purpose of providing evidence on whether the statutory and regulatory criteria for the issuance of the court order are met.

(c) *Review of evidence: Conduct of hearing.* Any oral argument, review of evidence, or hearing on the application must be held in the judge's chambers

## 38 CFR Ch. I (7-1-03 Edition)

or in some manner which ensures that patient identifying information is not disclosed to anyone other than a party to the proceeding, the patient, or VA, unless the patient requests an open hearing in a manner which meets the written consent requirements of § 1.475 of this part. The proceeding may include an examination by the judge of the patient records referred to in the application.

(d) *Criteria for entry of order.* An order under this section may be entered only if the court determines that good cause exists. To make this determination the court must find that:

(1) Other ways of obtaining the information are not available or would not be effective; and

(2) The public interest and need for the disclosure outweigh the potential injury to the patient, the physician-patient relationship and the treatment services.

(e) *Content of order.* An order authorizing a disclosure must:

(1) Limit disclosure to those parts of the patient's record which are essential to fulfill the objective of the order;

(2) Limit disclosure to those persons whose need for information is the basis for the order; and

(3) Include such other measures as are necessary to limit disclosure for the protection of the patient, the physician-patient relationship and the treatment services; for example, sealing from public scrutiny the record of any proceeding for which disclosure of a patient's record has been ordered.

(Authority: 38 U.S.C. 7334)

### **§ 1.494 Procedures and criteria for orders authorizing disclosure and use of records to criminally investigate or prosecute patients.**

(a) *Application.* An order authorizing the disclosure or use of patient records covered by §§ 1.460 through 1.499 of this part to criminally investigate or prosecute a patient may be applied for by VA or by any person conducting investigative or prosecutorial activities with respect to the enforcement of criminal laws. The application may be filed separately, as part of an application for a subpoena or other compulsory process, or in a pending criminal

action. An application must use a fictitious name such as John Doe, to refer to any patient and may not contain or otherwise disclose patient identifying information unless the court has ordered the record of the proceeding sealed from public scrutiny.

(b) *Notice and hearing.* Unless an order under § 1.495 of this part is sought with an order under this section, VA must be given:

(1) Adequate notice (in a manner which will not disclose patient identifying information to third parties) of an application by a person performing a law enforcement function;

(2) An opportunity to appear and be heard for the limited purpose of providing evidence on the statutory and regulatory criteria for the issuance of the court order; and

(3) An opportunity to be represented by counsel.

(c) *Review of evidence: Conduct of hearings.* Any oral argument, review of evidence, or hearing on the application shall be held in the judge's chambers or in some other manner which ensures that patient identifying information is not disclosed to anyone other than a party to the proceedings, the patient, or VA. The proceeding may include an examination by the judge of the patient records referred to in the application.

(d) *Criteria.* A court may authorize the disclosure and use of patient records for the purpose of conducting a criminal investigation or prosecution of a patient only if the court finds that all of the following criteria are met:

(1) The crime involved is extremely serious, such as one which causes or directly threatens loss of life or serious bodily injury including, but not limited to, homicide, rape, kidnapping, armed robbery, assault with a deadly weapon, and child abuse and neglect.

(2) There is a reasonable likelihood that the records will disclose information of substantial value in the investigation or prosecution.

(3) Other ways of obtaining the information are not available or would not be effective.

(4) The potential injury to the patient, to the physician-patient relationship and to the ability of VA to provide services to other patients is

outweighed by the public interest and the need for the disclosure.

(5) If the applicant is a person performing a law enforcement function, VA has been represented by counsel independent of the applicant.

(e) *Content of order.* Any order authorizing a disclosure or use of patient records under this section must:

(1) Limit disclosure and use to those parts of the patient's record which are essential to fulfill the objective of the order;

(2) Limit disclosure to those law enforcement and prosecutorial officials who are responsible for, or are conducting, the investigation or prosecution, and limit their use of the records to investigation and prosecution of extremely serious crime or suspected crime specified in the applications; and

(3) Include such other measures as are necessary to limit disclosure and use to the fulfillment on only that public interest and need found by the court.

(Authority: 38 U.S.C. 7332(c))

**§ 1.495 Procedures and criteria for orders authorizing disclosure and use of records to investigate or prosecute VA or employees of VA.**

(a) *Application.* (1) An order authorizing the disclosure or use of patient records covered by §§ 1.460 through 1.499 of this part to criminally or administratively investigate or prosecute VA (or employees or agents of VA) may be applied for by an administrative, regulatory, supervisory, investigative, law enforcement, or prosecutorial agency having jurisdiction over VA activities.

(2) The application may be filed separately or as part of a pending civil or criminal action against VA (or agents or employees of VA) in which it appears that the patient records are needed to provide material evidence. The application must use a fictitious name, such as John Doe, to refer to any patient and may not contain or otherwise disclose any patient identifying information unless the court has ordered the record of the proceeding sealed from public scrutiny or the patient has given a written consent (meeting the requirements of § 1.475 of this part) to that disclosure.

(b) *Notice not required.* An application under this section may, in the discretion of the court, be granted without notice. Although no express notice is required to VA or to any patient whose records are to be disclosed, upon implementation of an order so granted VA or the patient must be afforded an opportunity to seek revocation or amendment of that order, limited to the presentation of evidence on the statutory and regulatory criteria for the issuance of the court order.

(c) *Requirements for order.* An order under this section must be entered in accordance with, and comply with the requirements of, § 1.493(d) and (e) of this part.

(d) *Limitations on disclosure and use of patient identifying information.* (1) An order entered under this section must require the deletion of patient identifying information from any documents made available to the public.

(2) No information obtained under this section may be used to conduct any investigation or prosecution of a patient, or be used as the basis for an application for an order under § 1.494 of this part.

(Authority: 38 U.S.C. 7334)

**§ 1.496 Orders authorizing the use of undercover agents and informants to criminally investigate employees or agents of VA.**

(a) *Application.* A court order authorizing the placement of an undercover agent or informant in a VA drug or alcohol abuse, HIV infection, or sickle cell anemia treatment program as an employee or patient may be applied for by any law enforcement or prosecutorial agency which has reason to believe that employees or agents of the VA treatment program are engaged in criminal misconduct.

(b) *Notice.* The VA facility director must be given adequate notice of the application and an opportunity to appear and be heard (for the limited purpose of providing evidence on the statutory and regulatory criteria for the issuance of the court order), unless the application asserts a belief that:

(1) The VA facility director is involved in the criminal activities to be investigated by the undercover agent or informant; or

(2) The VA facility director will intentionally or unintentionally disclose the proposed placement of an undercover agent or informant to the employees or agents who are suspected of criminal activities.

(c) *Criteria.* An order under this section may be entered only if the court determines that good cause exists. To make this determination the court must find:

(1) There is reason to believe that an employee or agent of a VA treatment program is engaged in criminal activity;

(2) Other ways of obtaining evidence of this criminal activity are not available or would not be effective; and

(3) The public interest and need for the placement of an undercover agent or informant in the VA treatment program outweigh the potential injury to patients of the program, physician-patient relationships and the treatment services.

(d) *Content of order.* An order authorizing the placement of an undercover agent or informant in a VA treatment program must:

(1) Specifically authorize the placement of an undercover agent or an informant;

(2) Limit the total period of the placement to six months;

(3) Prohibit the undercover agent or informant from disclosing any patient identifying information obtained from the placement except as necessary to criminally investigate or prosecute employees or agents of the VA treatment program; and

(4) Include any other measures which are appropriate to limit any potential disruption of the program by the placement and any potential for a real or apparent breach of patient confidentiality; for example, sealing from public scrutiny the record of any proceeding for which disclosure of a patient's record has been ordered.

(e) *Limitation on use of information.* No information obtained by an undercover agent or informant placed under this section may be used to criminally investigate or prosecute any patient or as the basis for an application for an order under § 1.494 of this part.

#### RELEASE OF INFORMATION FROM DEPARTMENT OF VETERANS AFFAIRS CLAIMANT RECORDS

NOTE: Sections 1.500 through 1.527 concern the availability and release of information from files, records, reports, and other papers and documents in Department of Veterans Affairs custody pertaining to claims under any of the laws administered by the Department of Veterans Affairs. As to the release of information from Department of Veterans Affairs records other than claimant records, see §§ 1.550 through 1.558. (a) Files, records, reports, and other papers and documents pertaining to any claim filed with the Department of Veterans Affairs, whether pending or adjudicated, and the names and addresses of present or former personnel of the armed services, and their dependents, in the possession of the Department of Veterans Affairs, will be deemed confidential and privileged, and no disclosure therefrom will be made except in the circumstances and under the conditions set forth in §§ 1.501 through 1.526.

(b) A claimant may not have access to or custody of official Department of Veterans Affairs records concerning himself or herself nor may a claimant inspect records concerning himself or herself. Disclosure of information from Department of Veterans Affairs records to a claimant or his or her duly authorized agent or representative may be made, however, under the provisions of §§ 1.501 through 1.526.

(c) Each administration, staff office, and field facility head will designate an employee(s) who will be responsible for initial action on (granting or denying) requests to inspect or obtain information from or copies of records under their jurisdiction and within the purview of §§ 1.501 through 1.526 unless the regulations in this part currently contain such designations. The request should be made to the office concerned

(having jurisdiction of the record desired) or, if not known, to the Director or Veterans Assistance Officer in the nearest VA regional office, or to the VA Central Office, 810 Vermont Avenue NW., Washington, DC 20420. Personal contacts should normally be made during the regular duty hours of the office concerned, which are 8 a.m. to 4:30 p.m., Monday through Friday, for VA Central Office and most field facilities. Any legal question arising in a field facility concerning the release of information will be referred to the appropriate Regional Counsel for disposition as contemplated by § 13.401 of this chapter. In central office such legal questions will be referred to the General Counsel. Any administrative question will be referred through administrative channels to the appropriate administration or staff office head.

(d) Upon denial of a request under paragraph (c) of this section, the responsible Department of Veterans Affairs official or designated employee will inform the requester in writing of the denial and advise him or her that he or she may appeal the denial. The requester will also be furnished the title and address of the Department of Veterans Affairs official to whom the appeal should be addressed. (See § 1.527.) In each instance of denial of a request, the denial will be made a matter of record and the record will contain a citation to the specific provision of Department of Veterans Affairs regulations upon which the denial is based.

(a) All records or documents required for official purposes by any department or other agency of the U.S. Government or any state unemployment compensation agency acting in an official capacity for the Department of Veterans Affairs shall be furnished in response to an official request, written, or oral, from such department or agency. If the requesting department or agency does not indicate the purpose for which the records or documents are requested and there is doubt as to whether they are to be used for official purposes, the requesting department or agency will be asked to specify the purpose for which they are to be used.

However, in any unusual case, the request will be presented to the Secretary, Deputy Secretary, or staff or administration head for personal action. ### **§ 1.508 Disclosure in cases where claimants are charged with or convicted of criminal offenses.**

(a) Where incompetent claimants are charged with, or convicted of, offenses other than those growing out of their relationship with the Department of Veterans Affairs and in which it is desired to disclose information from the files and records of the Department of Veterans Affairs, the Regional Counsel, Under Secretary for Benefits, Veterans Benefits Administration, or the General Counsel if the General Counsel deems it necessary and proper, may disclose to the court having jurisdiction so much of the information from the files and records of the Department of Veterans Affairs relating to the mental condition of such beneficiaries, the same to be available as evidence, as may be necessary to show the mental condition of the accused and the time of its onset. This provision, however, does not alter the general procedure for handling offenses growing out of relations with the Department of Veterans Affairs.

(b) When desired by a U.S. district court, the Regional Counsel or the General Counsel may supply information as to whether any person charged with crime served in the military or naval service of the United States and whether the Department of Veterans Affairs has a file on such person. If the file is desired either by the court or by the prosecution or defense, it may be produced only in accord with §§ 1.501 through 1.526.

[21 FR 10375, Dec. 28, 1956, as amended at 32 FR 10848, July 25, 1967; 54 FR 34980, Aug. 23, 1989]

### **§ 1.509 Disclosure to courts in proceedings in the nature of an inquest.**

The Under Secretary for Benefits, Veterans Benefits Administration, Regional Counsels, and facility heads are authorized to make disclosures to courts of competent jurisdiction of such files, records, reports, and other documents as are necessary and proper evidence in proceedings in the nature of an inquest into the mental competency of claimants and other proceedings incident to the appointment and discharge of guardians, curators, or conservators to any court having jurisdiction of such fiduciaries in all matters of appointment, discharge, or accounting in such courts.

[32 FR 10848, July 25, 1967]

### **§ 1.510 Disclosure to insurance companies cooperating with the Department of Justice in the defense of insurance suits against the United States.**

Copies of records from the files of the Department of Veterans Affairs will, in the event of litigation involving commercial insurance policies issued by an insurance company cooperating with the Department of Justice in defense of insurance suits against the United States, be furnished to such companies without charge, provided the claimant or his or her duly authorized representative has authorized the release of the information contained in such records. If the release of information is not authorized in writing by the claimant or his or her duly authorized representative, information contained in the files may be furnished to such company if to withhold same would tend to permit the accomplishment of a fraud or miscarriage of justice. However, before such information may be released without the consent of the claimant, the request therefor must be accompanied by an affidavit of the representative of the insurance company, setting forth that litigation is pending, the character of the suit, and the purpose for which the information desired is to be used. If such information is to be used adversely to the claimant, the affidavit must set forth facts from which it may be determined by the General Counsel

or Regional Counsel whether the furnishing of the information is necessary to prevent the perpetration of a fraud or other injustice. The averments contained in such affidavit should be considered in connection with the facts shown by the claimant's file, and, if such consideration shows the disclosure of the record is necessary and proper to prevent a fraud or other injustice, information as to the contents thereof may be furnished to the insurance company or copies of the records may be furnished to the court, workmen's compensation, or similar board in which the litigation is pending upon receipt of a subpoena duces tecum addressed to the Secretary of Veterans Affairs, or the head of the office in which the records desired are located. In the event the subpoena requires the production of the file, as distinguished from the copies of the records, no expense to the Department of Veterans Affairs may be involved in complying therewith, and arrangements must be made with the representative of the insurance company causing the issuance of the subpoena to insure submission of the file to the court without expense to the Department of Veterans Affairs.

[32 FR 10848, July 25, 1967]

### **§ 1.511 Disclosure of claimant records in connection with judicial proceedings generally.**

(a)(1) Where a suit (or legal proceeding) has been threatened or instituted against the Government, or a prosecution against a claimant has been instituted or is being contemplated, the request of the claimant or his or her duly authorized representative for information, documents, reports, etc., shall be acted upon by the General Counsel in Central Office, or the Regional Counsel for the field facility, who shall determine the action to be taken with respect thereto. Where the records have been sent to the Department of Justice in connection with any such suit (or legal proceeding), the request will be referred to the Department of Justice, Washington, DC, through the office of the General Counsel, for attention. Where the records have been sent to an Assistant U.S. Attorney, the request will be referred by the appropriate Regional Counsel to

the Assistant U.S. Attorney. In all other cases where copies of documents or records are desired by or on behalf of parties to a suit (or legal proceeding), whether in a Federal court or any other, such copies shall be disclosed as provided in paragraphs (b) and (c) of this section where the request is accompanied by court process, or paragraph (e) of this section where the request is not accompanied by court process. A court process, such as a court order or subpoena duces tecum should be addressed to either the Secretary of Veterans Affairs or to the head of the field facility at which the records desired are located. The determination as to the action to be taken upon any request for the disclosure of claimant records received in this class of cases shall be made by the component having jurisdiction over the subject matter in Central Office, or the division having jurisdiction over the subject matter in the field facility, except in those cases in which representatives of the component or division have determined that the records desired are to be used adversely to the claimant, in which event the process will be referred to the General Counsel in Central Office or to the Regional Counsel for the field facility for disposition.

(2) Where a claim under the provisions of the Federal Tort Claims Act has been filed, or where such a claim can reasonably be anticipated, no information, documents, reports, etc., will be disclosed except through the Regional Counsel having jurisdiction, who will limit the disclosure of information to that which would be available under discovery proceedings, if the matter were in litigation. Any other information may be disclosed only after concurrence in such disclosure is provided by the General Counsel.

(b) *Disclosures in response to Federal court process*—(1) *Court order*. Except for drug and alcohol abuse, human immunodeficiency virus and sickle cell anemia treatment records, which are protected under 38 U.S.C. 7332, where the records sought are maintained in a VA Privacy Act system of records, and are retrieved by the name or other personal identifier of a living claimant who is a citizen of the United States or

## Department of Veterans Affairs

## §1.511

an alien lawfully admitted for permanent residence, a Federal court order is the process necessary for the disclosure of such records. Upon receipt of a Federal court order directing disclosure of claimant records, such records will be disclosed. Disclosure of records protected under 38 U.S.C. 7332 will be made in accordance with provisions of paragraph (g) of this section.

(2) *Subpoena.* Except for drug and alcohol abuse, human immunodeficiency virus and sickle cell anemia treatment records, which are protected under 38 U.S.C. 7332, where the records sought are maintained in a VA Privacy Act system of records, and are retrieved by the name or other personal identifier of a claimant, a subpoena is not sufficient authority for the disclosure of such records and such records will not be disclosed, unless the claimant is deceased, or either is not a citizen of the United States, or is an alien not lawfully admitted for permanent residence. Where one of these exceptions applies, upon receipt of a Federal court subpoena, such records will be disclosed. Additionally, where the subpoena is accompanied by authorization from the claimant, disclosure will be made. Regarding the disclosure of medical records pertaining to drug and alcohol abuse, human immunodeficiency virus and sickle cell anemia treatment, a subpoena is insufficient for such disclosure. Specific provisions for the disclosure of these records are set forth in paragraph (g) of this section.

(3) A disclosure of records in response to the receipt of a Federal court process will be made to those individuals designated in the process to receive such records, or to the court from which the process issued. Where original records are produced, they must remain at all times in the custody of a representative of the Department of Veterans Affairs, and, if offered and received in evidence, permission should be obtained to substitute a copy so that the original may remain intact in the record. Where a court process is issued by or on behalf of a party litigant other than the United States, such party litigant must prepay the costs of copies in accordance with fees prescribed by §1.526(i) and any other costs incident to producing the records.

(c) *Disclosures in response to state or local court process—*(1) *State or local court order.* Except for drug and alcohol abuse, human immunodeficiency virus and sickle cell anemia treatment records, which are protected under 38 U.S.C. 7332, where the records sought are maintained in a VA Privacy Act system of records, and are retrieved by the name or other personal identifier of a living claimant who is a citizen of the United States or an alien lawfully admitted for permanent residence, a State or local court order is the process necessary for disclosure of such records. Upon receipt of a State or local court order directing disclosure of claimant records, disclosure of such records will be made in accordance with the provisions set forth in paragraph (c)(3) of this section. Disclosure of records protected under 38 U.S.C. 7332 will be made in accordance with provisions of paragraph (g) of this section.

(2) *State or local court subpoena.* Except for drug and alcohol abuse, human immunodeficiency virus and sickle cell anemia treatment records, which are protected under 38 U.S.C. 7332, where the records sought are maintained in a VA Privacy Act system of records, and are retrieved by the name or other personal identifier of a claimant, a subpoena is not sufficient authority for disclosure of such records and such records will not be disclosed unless the claimant is deceased, or, either is not a citizen of the United States, or is an alien not lawfully admitted for permanent residence. Where one of these exceptions applies, upon receipt of a State or local court subpoena directing disclosure of claimant records, disclosure of such records will be made in accordance with the provisions set forth in paragraph (c)(3), of this section. Regarding the disclosure of 7332 records, a subpoena is insufficient for such disclosure. Specific provisions for the disclosure of these records are set forth in paragraph (g) of this section.

(3) Where the disclosure provisions of paragraph (c) (1) or (2) of this section apply, disclosure will be made as follows:

(i) When the process presented is accompanied by authority from the claimant; or,

(ii) In the absence of claimant disclosure authority, the Regional Counsel having jurisdiction must determine whether the disclosure of the records is necessary to prevent the perpetration of fraud or other injustice in the matter in question. To make such a determination, the Regional Counsel may require such additional documentation, *e.g.*, affidavit, letter of explanation, or such other documentation which would detail the need for such disclosure, set forth the character of the pending suit, and the purpose for which the documents or records sought are to be used as evidence. The claimant's record may also be considered in the making of such determination. Where a court process is received, and the Regional Counsel finds that additional documentation will be needed to make the foregoing determination, the Regional Counsel, or other employee having reasonable knowledge of the requirements of this regulation, shall contact the person causing the issuance of such court process, and advise that person of the need for additional documentation. Where a court appearance is appropriate, and the Regional Counsel has found that there is an insufficient basis upon which to warrant a disclosure of the requested information, the Regional Counsel, or other employee having reasonable knowledge of the requirement of this regulation and having consulted with the Regional Counsel, shall appear in court and advise the court that VA records are confidential and privileged and may be disclosed only in accordance with applicable Federal regulations, and to further advise the court of such regulatory requirements and how they have not been satisfied. Where indicated, the Regional Counsel will take appropriate action to have the matter of disclosure of the affected records removed to Federal court.

(4) Any disclosure of records in response to the receipt of State or local court process will be made to those individuals designated in the process to receive such records, or to the court from which such process issued. Payment of the fees as prescribed by § 1.526(i), as well as any other cost incident to producing the records, must first be deposited with the Department

of Veterans Affairs by the party who caused the process to be issued. The original records must remain at all times in the custody of a representative of the Department of Veterans Affairs, and, if there is an offer and admission of any record or document contained therein, permission should be obtained to substitute a copy so that the original may remain intact in the record.

(d) Notice requirements where disclosures are made pursuant to court process. Whenever a disclosure of Privacy Act protected records is made in response to the process of a Federal, State, or local court, the custodian of the records disclosed will make reasonable efforts to notify the subject of such records that such subject's records were disclosed to another person under compulsory legal process. Such notice should be accomplished when the process compelling disclosure becomes a matter of public record. Generally, a notice sent to the last known address of the subject would be sufficient to comply with this requirement.

(e) Disclosures in response to requests when not accompanied by court process. Requests received from attorneys or others for copies of records for use in suits in which the Government is not involved, not accompanied by a court process, will be handled by the component or division having jurisdiction over the subject matter. If the request can be complied with under § 1.503 or § 1.504, and under the Privacy Act (to the extent that such records are protected by the Privacy Act), the records requested will be disclosed upon receipt of the required fee. If, however, the records cannot be furnished under such authority, the applicant will be advised of the procedure to obtain copies of records as set forth in paragraphs (b) and (c) of this section.

(f) Suits by or against the Secretary under 38 U.S.C. 3720. Records pertaining to the loan guaranteed, insured, or made by the Department of Veterans Affairs may be made available by the General Counsel or the Regional Counsel subject to the usual rules of evidence, and where authorized under the Privacy Act, after clearance

with the Department of Justice or U.S. Attorney if appropriate.

(g) Disclosure of drug abuse, alcohol abuse, human immunodeficiency virus and sickle cell anemia treatment or related records under court process. Disclosure of these types of records, which are protected from unauthorized disclosure under 38 U.S.C. 7332, may be made only in response to an appropriate order of a court of competent jurisdiction granted after application showing good cause therefore. In assessing good cause the court is required to weigh the public interest and the need for disclosure against the injury to the patient or subject, to the physician-patient relationship, and to the treatment services. The court, in determining the extent to which any disclosure of all or any part of any record is necessary, shall impose appropriate safeguards against unauthorized disclosure. As to a Federal court order satisfying the requirements of this paragraph, the records will be disclosed as provided in such order. As to a State or local court order satisfying the requirements of this subsection, the disclosure of the records involved is conditioned upon satisfying the provisions set forth in paragraph (c)(3) of this section. If the aforementioned section is satisfied, and a disclosure of records is to be forthcoming, the records will be disclosed as provided in the court order.

### **§ 1.512 Disclosure of loan guaranty information.**

(a) The disclosure of records or information contained in loan guaranty files is governed by the Freedom of Information Act, 5 U.S.C. 552; the Privacy Act, 5 U.S.C. 552a; the confidentiality provisions of 38 U.S.C. 5701, and the provisions of 38 CFR 1.500-1.584. In addition, the release of names and addresses and the release of certificates of reasonable value, appraisal reports, property inspection reports, or reports of inspection on individual water supply and sewage disposal systems shall be governed by paragraphs (b), (c), (d), and (e) of this section.

(b)(1) Upon request, any person is entitled to obtain copies of certificates of reasonable value, appraisal reports, property inspection reports, or reports of inspection on individual water supply and sewage disposal systems provided that the individual identifiers of the veteran-purchaser(s) or dependents are deleted prior to release of such documents. However, individual identifiers may be disclosed in accordance with paragraph (b)(2) of this section. The address of the property being appraised or inspected shall not be considered an individual identifier.

(Authority: 38 U.S.C. 5701(a), (c))

(2) Individual identifiers of veteran purchasers or dependents may be disclosed when disclosure is made to the following:

### **§ 1.514 Disclosure to private physicians and hospitals other than Department of Veterans Affairs.**

(a) When a beneficiary elects to obtain medical attention as a private patient from a private practitioner or in a medical center other than a Department of Veterans Affairs hospital, there may be disclosed to such private practitioner or head of such medical center (Federal, State, municipal, or private), such information as to the medical history, diagnosis, findings, or treatment as is requested, including the loan of original X-ray films, whether Department of Veterans Affairs clinical X-rays or service department entrance and separation X-rays, provided there is also submitted a written authorization from the beneficiary or his or her duly authorized representative. The information will be supplied without charge directly to the private physician or medical center head and not through the beneficiary or representative. In forwarding this information, it will be accompanied by the stipulations that it is released with consent of or on behalf of the patient and that the information will be treated as confidential, as is customary in civilian professional medical practice.

(b) Such information may be released without charge and without consent of the patient or his or her duly authorized representative when a request for such information is received from:

However, station heads, upon receipt of a request from the commanding officer of a State soldiers' home for the character of the discharge of a veteran from a period of hospital treatment or domiciliary care as a beneficiary of the Department of Veterans Affairs, will comply with the request, restricting the information disclosed solely to the character of the veteran's discharge from such treatment or care. ### **§ 1.516 Disclosure of information to undertaker concerning burial of a deceased veteran.**

When an undertaker requests information believed to be necessary in connection with the burial of a deceased veteran, such as the name and address of the beneficiary of the veteran's Government insurance policy, name and address of the next of kin, rank or grade of veteran and organization in which he or she served, character of the veteran's discharge, or date and place of birth of the veteran, and it appears that the undertaker is holding the body awaiting receipt of the information requested, the undertaker, in such instances, may be considered the duly authorized representative of the deceased veteran for the purpose of obtaining said information. In ordinary cases, however, the undertaker will be advised that information concerning the beneficiary of a Government insurance policy is confidential and cannot be disclosed; the beneficiary will be advised immediately of the inquiry, and the furnishing of the desired information will be discretionary with the beneficiary. ### **§ 1.517 Disclosure of vocational rehabilitation and education information to educational institutions cooperating with the Department of Veterans Affairs.**

Requests from educational institutions and agencies cooperating with the Department of Veterans Affairs in the vocational rehabilitation and education of veterans for the use of vocational rehabilitation and education records for research studies will be forwarded to central office with the facility head's recommendation for review by the Under Secretary for Benefits. Where the request to conduct a research study is approved by the Under Secretary for Benefits, the facility head is authorized by this section to release information for such studies from vocational rehabilitation and education records as required: *Provided, however,* That any data or information obtained shall not be published without prior approval of the Under Secretary for Benefits and that data contained in published material shall not identify any individual veteran.

[30 FR 6435, May 8, 1965]

### **§ 1.518 Addresses of claimants.**

(a) It is the general policy of the Department of Veterans Affairs to refuse to furnish addresses from its records to persons who desire such information for debt collection, canvassing, harassing or for propaganda purposes.

(b) The address of a Department of Veterans Affairs claimant as shown by Department of Veterans Affairs files may be furnished to:

(1) Duly constituted police or court officials upon official request and the submission of a certified copy either of the indictment returned against the claimant or of the warrant issued for his or her arrest.

(2) Police, other law enforcement agencies, or Federal, State, county, or city welfare agencies upon official written request showing that the purpose of the request is to locate a parent who has deserted his or her child or children and that other reasonable efforts to obtain an address have failed.

## Department of Veterans Affairs

## § 1.519

The address will not be released when such disclosure would be prejudicial to the mental or physical health of the claimant. When an address is furnished it will be accompanied by the stipulation that it is furnished on a confidential basis and may not be disclosed to any other individual or agency.

(c) When an address is requested that may not be furnished under §§ 1.500 through 1.526, the person making the request will be informed that a letter, or in those cases involving judicial actions, the process or notice in judicial proceedings, enclosed in an unsealed envelope showing no return address, with the name of the addressee thereon, and bearing sufficient postage to cover mailing costs will be forwarded by the Department of Veterans Affairs. If a request indicates that judicial action is involved in which a process or notice in judicial proceedings is required to be forwarded, the Department of Veterans Affairs will inform the person who requests the forwarding of such a document that the envelope must bear sufficient postage to cover costs of mailing and certified or registered mailing fees, including cost of obtaining receipt for the certified or registered mail when transmission by this type special mail is desired. At the time the letter, process, or notice in judicial proceedings is forwarded, the facility's return address will be placed on the envelope. When the receipt for certified or registered mail or the undelivered envelope is returned to the Department of Veterans Affairs, the original sender will be notified thereof. However, the receipt or the envelope will be retained by the Department of Veterans Affairs. This provision will be applicable only when it does not interfere unduly with the functions of the Service or division concerned. In no event will letters be forwarded to aid in the collection of debts or for the purpose of canvassing, harassing, or propaganda. Neither will a letter be forwarded if the contents could be harmful to the physical or mental health of the recipient.

(d) Subject to the conditions set forth in § 1.922, the Department of Veterans Affairs may disclose to consumer reporting agencies information contained in a debtor's claims folder. Such

information may include the debtor's name and/or address, Department of Veterans Affairs file number, Social Security number, and date of birth.

### § 1.519 Lists of names and addresses.

(a) Any organization wanting a list of names and addresses of present or former personnel of the armed services and their dependents from the Department of Veterans Affairs must make written application to the Department of Veterans Affairs Controller, except lists of educationally disadvantaged veterans should be requested from the Director of the nearest regional office. The application must:

(1) Clearly identify the type or category of names and addresses sought;

(2) Furnish proof satisfactory to the Department of Veterans Affairs that the organization seeking the list is a "nonprofit organization." Normally, evidence establishing that the organization is exempt from taxation in accordance with the provisions of 26 U.S.C. 501 or is a governmental body or institution will be accepted as satisfying this criteria;

(3) Contain a statement clearly setting forth the purpose for which the list is sought, the programs and the resources the organization proposes to devote to this purpose, and establish how such purpose is "directly connected with the conduct of programs and the utilization of benefits" under title 38, U.S.C.; and

(4) Contain a certification that the organization, and all members thereof who will have access to the list, are aware of the penalty provisions of 38 U.S.C. 5701(f) and will not use the list for any purpose other than that stated in the application.

(b) If the Director of the regional office concerned finds that the organization requesting the list of names and addresses of educationally disadvantaged veterans is a nonprofit organization and operates an approved program of special secondary, remedial, preparatory or other educational or supplementary assistance to veterans as provided under subchapter V, title 38

U.S.C., then he or she may authorize the release of such names and addresses to the organization requesting them.

(c) The Associate Deputy Assistant Secretary for Information Resources Management, with the concurrence of the General Counsel, is authorized to release lists of names and addresses to organizations which have applied for such lists in accordance with paragraph (a) of this section if he or she finds that the purpose for which the organization desires the names and addresses is directly connected with the conduct of programs and the utilization of benefits under title 38 U.S.C. Lists of names and addresses authorized to be released pursuant to this paragraph shall not duplicate lists released to other elements, segments, or chapters of the same organization.

(d) If the list requested is one that the Department of Veterans Affairs has previously compiled or created, in the same format, to carry out one or more of its basic program responsibilities and it is determined that it can be released, the list may be furnished without charge. For other types of lists, a charge will be made in accordance with the provisions of § 1.526.

(e) Upon denial of a request, the Department of Veterans Affairs Controller or Regional Office Director will inform the requester in writing of the denial and the reasons therefor and advise the organization that it may appeal the denial to the General Counsel. In each instance of a denial of a request, the denial and the reasons therefor will be made a matter of record.

(f) Section 5701(f), title 38 U.S.C., provides that any organization, or member thereof, which uses the names and addresses furnished it for any purpose other than one directly connected with the conduct of programs and the utilization of benefits under title 38 U.S.C., shall be fined not more than \$500 in the case of the first offense and not more than \$5,000 in the case of the subsequent offenses. Any instance in which there is evidence of a violation of these

penal provisions will be reported in accordance with § 14.560.

### § 1.520 Confidentiality of social data.

Persons having access to social data will be conscious of the fact that the family, acquaintances, and even the veteran have been willing to reveal these data only on the promise that they will be held in complete confidence. There will be avoided direct, ill-considered references which may jeopardize the personal safety of these individuals and the relationship existing among them, the patient, and the social worker, or may destroy their mutual confidence and influence, rendering it impossible to secure further cooperation from these individuals and agencies. Physicians in talking with beneficiaries will not quote these data directly but will regard them as indicating possible directions toward which they may wish to guide the patient's self-revelations without reproaching the patient for his or her behavior or arousing natural curiosity or suspicion regarding any informant's statement. The representatives of service organizations and duly authorized representatives of veterans will be especially cautioned as to their grave responsibility in this connection.

[46 FR 62059, Dec. 22, 1981]

### § 1.521 Special restrictions concerning social security records.

Information received from the Social Security Administration may be filed in the veteran's claims folder without special provisions. Such information will be deemed privileged and may not be released by the Department of Veterans Affairs except that information concerning the amount of social security benefits paid to a claimant or the amount of social security tax contributions made by the claimant may be disclosed to the claimant or his or her

duly authorized representative. Any request from outside the Department of Veterans Affairs for other social security information will be referred to the Social Security Administration for such action as they deem proper.

### **§ 1.522 Determination of the question as to whether disclosure will be prejudicial to the mental or physical health of claimant.**

Determination of the question when disclosure of information from the files, records, and reports will be prejudicial to the mental or physical health of the claimant, beneficiary, or other person in whose behalf information is sought, will be made by the Chief Medical Director; Chief of Staff of a hospital; or the Director of an outpatient clinic.

[33 FR 19009, Dec. 20, 1968]

### **§ 1.523 [Reserved]**

### **§ 1.524 Persons authorized to represent claimants.**

A duly authorized representative will be:

- (a) Any person authorized in writing by the claimant to act for him or her,
- (b) An attorney who has filed the declaration required by § 14.629(b)(1) of this chapter, or
- (c) His or her legally constituted fiduciary, if the claimant is incompetent. Where for proper reasons no legally constituted fiduciary has been or will be appointed, his or her spouse, his or her children, or, if the claimant is unmarried, either of his or her parents shall be recognized as the fiduciary of the claimant.

[33 FR 6536, Apr. 30, 1968]

### **§ 1.525 Inspection of records by or disclosure of information to recognized representatives of organizations and recognized attorneys.**

(a)(1) The accredited representatives of recognized organizations (§ 14.627 of this chapter) holding appropriate power of attorney and recognized attorneys (§ 14.629(b) of this chapter) with the written authorization of the claimant may, subject to the restrictions imposed by paragraph (a)(2) of this section, inspect the claims, insurance and

allied folders of any claimant upon the condition that only such information contained therein as may be properly disclosed under §§ 1.500 through 1.526 will be disclosed by him or her to the claimant or, if the claimant is incompetent, to his or her legally constituted fiduciary. Under the same restrictions, it is permissible to release information from and permit inspection of loan guaranty folders in which a request for a waiver of the debt of a veteran or his or her spouse has been received, or where there has been a denial of basic eligibility for loan guaranty benefits. All other information in the files shall be treated as confidential and will be used only in determining the status of the cases inspected or in connection with the presentation to officials of the Department of Veterans Affairs of the claim of the claimant. The heads of field facilities and the directors of the services concerned in Central Office will each designate a responsible officer to whom requests for all files must be made, except that managers of centers with insurance activities will designate two responsible officials, recommended by the division chiefs concerned, one responsible for claims and allied folders and the other for insurance files. The term *claimant* as used in this paragraph includes insureds.

(2) In the case of a living veteran a representative acting under a power of attorney from any person not acting on behalf of the veteran will not be permitted to review the records of the veteran or be furnished any information therefrom to which the person is not entitled, i.e., information not relating to such person alone. Powers of attorney submitted by the other person will be considered "Limited" and will be so noted when associated with the veteran's records. The provisions of this subparagraph are also applicable to recognized attorneys and the requisite declarations filed by them.

(3) When power of attorney does not obtain, the accredited representative will explain to the designated officer of the Department of Veterans Affairs the reason for requesting information from the file, and the information will be

made available only when in the opinion of the designated officer it is justified; in no circumstances will such representatives be allowed to inspect the file; in such cases a contact report will be made out and attached to the case, outlining the reasons which justify the verbal or written release of the information to the accredited representative.

(4) In any case where there is an unrevoked power of attorney or declaration of representation, no persons or organizations other than the one named in such document shall be afforded information from the file except under the conditions set forth in § 14.629(b)(2) of this chapter. When any claimant has filed notice with the Department of Veterans Affairs that he or she does not want his or her file inspected, such file will not be made available for inspection.

(b)(1) Inspection of folders by accredited representatives or recognized attorneys holding a written authorization where such cases are being processed shall be in space assigned for such inspection. Otherwise station heads may permit inspection of folders at the desks of the accredited representatives, in the office(s) which they regularly occupy.

(2) An insured or after maturity of the insurance by death of the insured, the beneficiary, may authorize the release to a third person of such insurance information as the insured or the beneficiary would be entitled to receive, provided there is submitted to the Department of Veterans Affairs, a specific authorization in writing for this purpose.

(3) Unless otherwise authorized by the insured or the beneficiary, as the case may be, such authorized representative, recognized attorney or accredited representative shall not release information as to the designated beneficiary to anyone other than the insured or to the beneficiary after death of the insured. Otherwise, information in the insurance file shall be subject to the provisions of §§ 1.500 through 1.526.

(4) Clinical records and medical files, including files for outpatient treatment, may be inspected by accredited representatives or recognized attorneys

holding a written authorization only to the extent such records or parts thereof are incorporated in the claims folder, or are made available to Department of Veterans Affairs personnel in the adjudication of the claim. Records or data in clinical or medical files which are not incorporated in the claims folder or which are not made available to Department of Veterans Affairs personnel for adjudication purposes will not be inspected by anyone other than those employees of the Department of Veterans Affairs whose duties require same for the purpose of clinical diagnosis or medical treatment.

(5) Under no circumstances shall any paper be removed from a file, except by a Department of Veterans Affairs employee, for purpose of having an authorized copy made. Copying of material in a file shall not be permitted except in connection with the performance of authorized functions under the power of attorney or requisite declaration of a recognized attorney.

(6) In any case involving litigation against the Government, whether contemplated or initiated, inspection, subject to the foregoing, shall be within the discretion of the General Counsel or Regional Counsel, except that in insurance suits under 38 U.S.C. 1975, 1984, inspection shall be within the discretion of the official having jurisdiction of the claim. Files in such cases may be released to the Department of Justice, but close liaison will be maintained to insure their return intact upon termination of the litigation.

(c) Facility heads and the directors of the services concerned in central office will be responsible for the administrative compliance with and accomplishment of the foregoing within their jurisdiction, and any violations of the prescribed conditions for inspection of files or release of information therefrom will be brought to the immediate attention of the Secretary.

(d) Any person holding power of attorney, a recognized attorney who has filed the requisite declaration, or the accredited representative of a recognized organization holding power of attorney shall be supplied with a copy of each notice to the claimant respecting the adjudication of the claim. If a

claimant dies before action on the claim is completed, the person or organization holding power of attorney or the attorney who has filed the requisite declaration may continue to act until the action is completed except where the power of attorney or requisite declaration was filed on behalf of a dependent.

(e) When in developing a claim the accredited representative of a recognized organization finds it necessary to call upon a local representative to assemble information or evidence, he or she may make such disclosures to the local representative as the circumstances of the case may warrant, provided the power of attorney to the recognized organization contains an authorization permitting such disclosure.

### § 1.526 Copies of records and papers.

(a) Any person desiring a copy of any record or document in the custody of the Department of Veterans Affairs, which is subject to be furnished under §§ 1.501 through 1.526, must make written application for such copy to the Department of Veterans Affairs installation having custody of the subject matter desired, stating specifically: (1) The particular record or document the copy of which is desired and whether certified and validated, or uncertified, (2) the purpose for which such copy is desired to be used.

(b) The types of services provided by the Department of Veterans Affairs for which fees will be charged are identified in paragraph (i) of this section.

(c) This section applies to the services furnished in paragraph (b) of this section when rendered to members of the public by the Department of Veterans Affairs. It does not apply to such services when rendered to or for other agencies or branches of the Federal Government, or State and local governments when furnishing the service will help to accomplish an objective of the Department of Veterans Affairs, or when performed in connection with a special research study or compilation when the party requesting such serv-

ices is charged an amount for the whole job.

(d) When copies of a record or document are furnished under §§ 1.506, 1.507, 1.510, and 1.514, such copies shall be supplied without charge. Moreover, free service may be provided, to the extent of one copy, to persons who have been required to furnish original documents for retention by the Department of Veterans Affairs.

(e) The following are circumstances under which services may be provided free at the discretion of facility heads or responsible Central Office officials:

(1) When requested by a court, when the copy will serve as a substitute for personal court appearance of a Government witness.

(2) When furnishing the service free saves costs or yields income equal to the direct costs of the agency providing the service. This includes cases where the fee for the service would be included in a billing against the Government (for example, in cost-type contracts, or in the case of private physicians who are treating Government beneficiaries at Government expense).

(3) When a service is occasional and incidental, not of a type that is requested often, and if it is administratively determined that a fee would be inappropriate in such an occasional case.

(f) When information, statistics, or reports are released or furnished under § 1.501 or § 1.519, the fee charge, if any, will be determined upon the merits of each individual application.

(g) In those cases where it is determined that a fee shall be charged, the applicant will be advised to deposit the amount of the lawful charge for the copy desired. The amount of such charge will be determined in accordance with the schedule of fees prescribed in paragraph (i) of this section. The desired copy will not be delivered, except under court subpoena, until the full amount of the lawful charge is deposited. Any excess deposit of \$1 or more over the lawful charge will be returned to the applicant. Excess deposits of less than \$1 will be returned upon request. When a deposit is received with an application, such a deposit will be returned to the applicant should the application be denied.

(j) If the copy is to be transmitted by certified or registered mail, airmail, or special delivery mail, the postal fees therefor shall be added to the other fees provided in paragraph (i) of this section (or the order must include postage stamps or stamped return envelopes for the purpose).

(k) Those Department of Veterans Affairs installations not having copying equipment are authorized to arrange with the nearest Department of Veterans Affairs installation having such equipment to make the necessary authorized copies of records or documents.

(l) Administration, staff office, and field facility heads are authorized to designate employees to certify copies of records and papers furnished under

Such appeal, stating the circumstances of the denial, should be addressed, as appropriate, to the field facility, administration, or staff office head.

## Department of Veterans Affairs

## § 1.552

### RELEASE OF INFORMATION FROM DEPARTMENT OF VETERANS AFFAIRS RECORDS OTHER THAN CLAIMANT RECORDS

NOTE: Sections 1.550 through 1.559 concern the availability and release of information from files, records, reports, and other papers and documents in Department of Veterans Affairs custody other than those pertaining to claims under any of the laws administered by the Department of Veterans Affairs. As to the release of information from Department of Veterans Affairs claimant records, see §§1.500 through 1.527. Section 1.550 series implement the provisions of 5 U.S.C. 552.

[40 FR 12656, Mar. 20, 1975]

AUTHORITY: Sections 1.550 to 1.559 issued under 72 Stat. 1114; 38 U.S.C. 501.

#### § 1.550 General.

The Department of Veterans Affairs policy is one of disclosure of information from agency records to the extent permitted by law. This includes the release of information which the Department of Veterans Affairs is authorized to withhold under 5 U.S.C. 552(b) (see §1.554) if it is determined: (a) By the Secretary of Veterans Affairs or the Deputy Secretary that disclosure of such information will serve a useful purpose or (b) by an administration, staff office, or field facility head or designee under §1.556(a) that disclosure will not adversely affect the proper conduct of official business or constitute an invasion of personal privacy.

[40 FR 12656, Mar. 20, 1975]

#### § 1.551 [Reserved]

#### § 1.552 Public access to information that affects the public when not published in the Federal Register as constructive notice.

(a) All final orders in such actions as entertained by the Contract Appeals Board, those statements of policy and interpretations adopted by the Department of Veterans Affairs but not published in the FEDERAL REGISTER, and administrative manuals and staff instructions that affect any member of the public, unless promptly published and copies offered for sale, will be kept currently indexed by the office of primary program responsibility or the Manager, Administrative Services, as determined by the Secretary or des-

ignee. Such index or indexes or supplements thereto will be promptly published, quarterly or more frequently, and distributed (by sale or otherwise) unless the Department of Veterans Affairs determines by order published in the FEDERAL REGISTER that publication would be unnecessary and impracticable, in which case the Department of Veterans Affairs will nonetheless provide copies of such index or indexes or supplements thereto on request at a cost not to exceed the direct cost of duplication. Both the index and the materials indexed as required by this paragraph will be made available to the public, for inspection and copying. Public reading facilities for this purpose will be maintained in Department of Veterans Affairs Central Office and Department of Veterans Affairs field facilities, open to the public during the normal duty hours of the office in which located. Orders made in the adjudication of individual claims under laws administered by the Department of Veterans Affairs are confidential and privileged by statute (38 U.S.C. 5701) and so are exempt from this requirement.

(b) The voting records of the Contract Appeals Board will be maintained in a public reading facility in the Office of the Board in Central Office and made available to the public upon request.

(c) When publishing or making available to the public any opinion, order, statement of policy, interpretation, staff manual or instruction to staff, identifying details will be deleted, and the deletion justified in writing, to the extent required to prevent a clearly unwarranted invasion of personal privacy.

(d) No final order, opinion, statement of policy, interpretation, staff manual or instruction which is issued, adopted, or promulgated after July 4, 1967, that affects any member of the public may be relied upon, used, or cited as precedent against any private party unless it has been indexed and either made available or published as provided in this section or unless that private party shall have actual and timely notice of the terms thereof.

[32 FR 10850, July 25, 1967, as amended at 40 FR 12657, Mar. 20, 1975]

## § 1.553

### § 1.553 Public access to other reasonably described records.

(a) Except for requests for records which are processed under §§1.551 and 1.552 of this part, unless otherwise provided for in title 38, Code of Federal Regulations, all requests for records shall be processed under paragraph (b) of this section, as well as under any other VA law or regulation governing access to or confidentiality of records or information. Records or information customarily furnished to the public in the regular course of the performance of official duties may be furnished to the public without reference to paragraph (b) of this section. To the extent permitted by other laws and regulations, VA will also consider making available records which it is permitted to withhold under the FOIA if it determines that such disclosure could be in the public interest.

(b) Reasonably described records in VA custody, or copies thereof, other than records made available to the public under provisions of §§1.551 and 1.552 of this part, or unless otherwise provided for in title 38, Code of Federal Regulations, requested in accordance with published rules stating the time, place, fees (if any), and procedures to be followed, will be made promptly available, except as provided in §1.554 of this part, to any person upon request. Such request must be in writing, over the signature of the requester and must contain a reasonable description of the record desired so that it may be located with relative ease. The request should be made to the office concerned (having jurisdiction of the record desired) or, if not known, to the Director or Veterans Services Officer in the nearest VA regional office; the Director, or Chief, Medical Administration Service, or other responsible official of VA medical facility where most recently treated; or to the Department of Veterans Affairs Central Office, 810 Vermont Avenue NW., Washington, DC 20420. Personal contacts should normally be made during the regular duty hours of the office concerned, which are 8 a.m. to 4:30 p.m. Monday through

### § 1.553a Time limits for Department of Veterans Affairs response to requests for records.

(a) When a request for records made under §1.551, §1.552 or §1.553 is received it will be promptly referred for action to the proper employee designated in accordance with §1.556 to take initial action on granting or denying requests to inspect or obtain information from or copies of the records described.

(b) Any such request will then be promptly evaluated and a determination made within 10 days (excepting Saturdays, Sundays, and legal public holidays) after the receipt of the request whether the Department of Veterans Affairs will comply with the request. Upon determination to comply or deny the request the person making the request will be notified immediately of the determination and the reasons therefor, and of the right of the person to appeal to the Secretary of Veterans Affairs any adverse determination. Records to be furnished will be supplied promptly.

(c) Upon receipt of such an appeal from an adverse determination it will be evaluated and a further determination made within 20 days (excepting Saturdays, Sundays, and legal public holidays) after receipt of the appeal. If on appeal the denial is in whole or in part upheld the Department of Veterans Affairs will notify the requester of the provisions for judicial review of this determination. (See §§1.557 and 1.558.)

(d) In unusual circumstances, specifically as follows, the time limits in paragraphs (b) and (c) of this section may be extended by written notice to the requester setting forth the reasons for such extension and the date on which a determination is expected to be dispatched. The date specified will not result in an extension for more than 10 working days. *Unusual circumstances* will be interpreted to mean,

## Department of Veterans Affairs

## § 1.554

but only to the extent reasonably necessary to the proper processing of the particular request, as follows:

(1) The need to search for and collect the requested records from field facilities or other establishments that are separate from the office processing the request;

(2) The need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records which are demanded in a single request; or

(3) The need for consultation, which shall be conducted with all practicable speed, with another agency having a substantial interest in the determination of the request or among two or more components of the Department of Veterans Affairs having substantial subject-matter interest therein.

(e) Pursuant to section 552(a)(6), title 5 U.S.C., any person making a request to the Department of Veterans Affairs for records under section 552(a) (1), (2) or (3) (see §§ 1.551, 1.552 and 1.553) will be deemed to have exhausted his or her administrative remedies with respect to such request if the Department of Veterans Affairs fails to comply with the applicable time limit provisions of this section. If, however, the Government can show exceptional circumstances exist and that the Department of Veterans Affairs is exercising due diligence in responding to the request, the statute also permits the court to retain jurisdiction and allow the Department of Veterans Affairs additional time to complete its review of the records.

(f) Requests for the release of information from files, records, reports, and other papers and documents in Department of Veterans Affairs custody pertaining to claims under any of the laws administered by the Department of Veterans Affairs (covered by §§ 1.500 through 1.527) may also be initiated under 5 U.S.C. 552. Such requests will also be evaluated, a determination made within 10 days (excepting Saturdays, Sundays, and legal public holidays) after the receipt of the request whether the Department of Veterans Affairs will comply with the request, and the requester notified immediately of the determination and the reasons therefor, and of the right of the person

to appeal to the Secretary of Veterans Affairs any adverse determination. Records to be furnished will be supplied promptly.

[40 FR 12657, Mar. 20, 1975]

### § 1.554 Exemptions from public access to agency records.

(a) The exemptions in this paragraph constitute authority to withhold from disclosure certain categories of information in Department of Veterans Affairs records except that any reasonably segregable portion of a record shall be provided to any person requesting such record after deletion of the portions which are exempt under this paragraph.

(1) Specifically authorized under criteria established by an Executive order to be kept secret in the interest of the national defense or foreign policy, and are in fact properly classified pursuant to such Executive order.

(2) Related solely to internal Department of Veterans Affairs personnel rules and practices.

(3) Specifically exempted from disclosure by statute other than 5 U.S.C. 552b, provided that such statute:

(i) Requires that the matters be withheld from the public in such a manner as to leave no discretion on the issue, or

(ii) Establishes particular criteria for withholding or refers to particular types of matters to be withheld.

(4) Trade secrets and commercial or financial information obtained from any person and privileged or confidential.

(5) Interagency or intra-agency memorandums or letters which would not be available by law to a private party in litigation with the Department of Veterans Affairs.

(6) Personnel and medical files and similar files the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

(7) Records or information compiled for law enforcement purposes, but only to the extent that the production of such law enforcement records or information:

(i) Could reasonably be expected to interfere with enforcement proceedings;

**§ 1.554a**

**38 CFR Ch. I (7-1-03 Edition)**

(ii) Would deprive a person of a right to a fair trial or an impartial adjudication;

(iii) Could reasonably be expected to constitute an unwarranted invasion of personal privacy;

(iv) Could reasonably be expected to disclose the identity of a confidential source, including a State, local or foreign agency or authority or any private institution which furnished information on a confidential basis, and, in the case of a record or information compiled by a criminal law enforcement authority in the course of a criminal investigation, or by an agency conducting a lawful national security intelligence investigation, information furnished by a confidential source;

(v) Would disclose techniques and procedures for law enforcement investigations or prosecutions, or would disclose guidelines for law enforcement investigations or prosecutions if such disclosure could reasonably be expected to risk circumvention of the law, or

(vi) Could reasonably be expected to endanger the life or physical safety of any individual.

(Authority: 5 U.S.C. 552(b)(7))

(8) Contained in or related to examination, operating, or condition reports prepared by, on behalf of, or for the use of any agency responsible for the regulation or supervision of financial institutions.

(9) Geological and geophysical information and data (including maps) concerning wells.

(b) Information in the categories exempted under paragraph (a) of this section, other than in paragraph (a)(3) which is applicable to Department of Veterans Affairs claimant records, will be released only as authorized in § 1.550. The release of information from Department of Veterans Affairs claimant records will be made only in accordance with §§ 1.501 through 1.526.

(c)(1) Whenever a request is made which involves access to records described in paragraph (a)(7)(i) of this section and

(i) The investigation or proceeding involves a possible violation of criminal law, and

(ii) There is reason to believe that

(A) The subject of the investigation or proceeding is not aware of its pendency, and

(B) Disclosure of the existence of the records could reasonably be expected to interfere with enforcement proceedings, the Agency may, during only such time as that circumstance continues, treat the records as not subject to the requirements of this section.

(2) Whenever informant records maintained by a criminal law enforcement agency under an informant's name or personal identifier are requested by a third party according to the informant's name or personal identifier, the Department may treat the records as not subject to the requirements of this section unless the informant's status as an informant has been officially confirmed.

**§ 1.554a Predisclosure notification procedures for confidential commercial information.**

(a) *General.* During the conduct of its business the Department of Veterans Affairs (VA) may acquire records which contain confidential commercial information, as defined in paragraph (b) of this section. Such records will not be released in response to a Freedom of Information Act (FOIA) request, except under the provisions of this section. This section establishes uniform VA procedures for giving submitters predisclosure notice of requests for their records which contain confidential commercial information that may be exempt from disclosure under 38 CFR 1.554(a)(4). These procedures are required by Executive Order 12600, Predisclosure Notification Procedures for Confidential Commercial Information, dated June 23, 1987.

(b) *Definitions*—(1) *Confidential commercial information* means records provided to the government by a submitter that arguably contain material exempt from release under Exemption 4 of the FOIA, 5 U.S.C. 552 (b)(4), as implemented by § 1.554 of this part, because disclosure could reasonably be expected to cause substantial competitive harm.

## Department of Veterans Affairs

## § 1.554a

(2) *Submitter* means any person or entity who provides confidential commercial information to the government. The term "submitter" includes, but is not limited to corporations, State governments, and foreign governments.

(c) *Notification to submitters of confidential commercial information.* When a request is received, for a submitter's record(s), or information which contains confidential commercial information, and the request is being processed under the FOIA, 5 U.S.C. 552, the submitter will be promptly notified in writing of the request when required by paragraph (d) of this section. The notification will advise the submitter that a request for its record(s) has been received and is being processed under the FOIA. The notice will describe the exact nature of the record(s) requested or will provide to the submitter copies of the record(s) or portions thereof containing the requested confidential commercial information. It will also inform the submitter of the opportunity to object to the disclosure in writing within 10 working days, and of the requirements for such a written objection, as described in paragraph (f) of this section. The notification will be sent by certified mail, return receipt requested.

(d) *When notification is required.* (1) For confidential commercial information submitted to VA prior to January 1, 1988, notification to submitters is required whenever:

(i) The records are less than 10 years old and the requested information has been designated by the submitter as confidential commercial information; or

(ii) VA facility, administration, or staff office which has custody of the requested records has reason to believe that disclosure of the requested information could reasonably be expected to cause substantial competitive harm.

(2) For confidential commercial information submitted to VA on or after January, 1, 1988, notification is required whenever:

(i) The submitter has in good faith designated the requested records as confidential information in accordance with paragraph (e) of this section; or

(ii) VA facility, administration, or staff office which has custody of the re-

quested records has reason to believe that disclosure could reasonably be expected to cause substantial competitive harm.

(e) *Designation by submitters of information as confidential commercial information.* (1) When business records are provided to VA, the submitter may appropriately designate any records or portions thereof which contain confidential commercial information, the disclosure of which could reasonably be expected to cause substantial competitive harm. This designation may be made at the time the information or record is given to VA or within a reasonable period of time thereafter, but not later than 60 days after receipt of the information by VA. Information so designated will be clearly identified by marking it with the words "confidential commercial information" or by an accompanying detailed written description of the specific kinds of information that is designated. If a complete document or record is designated, the cover page of the document or record will be clearly marked "This entire (document, record, etc.) consists of confidential commercial information." If only portions of documents are designated, only those specific designated portions will be conspicuously annotated as "confidential commercial information."

(2) A designation described in paragraph (e)(1) of this section will remain in effect for a period of not more than 10 years after submission to VA, unless the submitter provides acceptable justification for a longer specific period. If a shorter designation period is adequate, the submitter's designation should include the earlier expiration date. Whenever possible, the submitter's designation should be supported by a statement or certification by an officer or authorized representative of the submitter that the records are in fact confidential commercial information and have not been published or made available to the public.

(f) *Opportunity to object to disclosure.*

(1) When notification to a submitter is made pursuant to paragraph (c) of this section, the submitter or designee may object to the disclosure of any specified portion of the record(s). Such objection will be in writing, will be addressed to

§ 1.554a

38 CFR Ch. I (7-1-03 Edition)

the VA official who provided notice, will identify the specific record(s) or portion(s) of records that should not be disclosed, will specify all grounds upon which disclosure is opposed, and will explain in detail why the information is considered to be a trade secret or confidential commercial information, i.e., why disclosure of the specified records could reasonably be expected to cause substantial competitive harm. Information provided by a submitter pursuant to this paragraph may itself be subject to disclosure under the FOIA.

(2) Any objection to disclosure must be submitted within 10 working days after receipt by the submitter of notification as provided for in paragraph (c) of this section.

(3) If an objection to disclosure is received within the 10 working day time period, careful consideration will be given to all specified grounds for non-disclosure prior to making an administrative determination whether to disclose the record. When it is determined to disclose the requested record(s) or portions of records which are the subject of an objection, the submitter will be provided a written statement of the VA decision, the reason(s) that the submitter's objections to disclosure were overruled, a description or copy of the exact information or record(s) to be disclosed which were the subject of an objection, and the specified date of disclosure. The date of disclosure will not be less than 10 working days from the date this notice is placed into mail delivery channels.

(g) *Notices to requester.* (1) When a request is received for records that may contain confidential commercial information protected by FOIA exemption (b)(4), 5 U.S.C. 552(B)(4), the requester will be notified that the request is being processed under the provisions of this regulation and, as a consequence, there may be a delay in receiving a response.

(2) Whenever a submitter is notified, pursuant to paragraph (c) of this section, that VA has received a request for records which had been provided by such submitter, and that such request was being processed under the FOIA, the requester will be notified that the submitter is being provided an oppor-

tunity to comment on the request. The notice to the requester should not include any of the specific information contained in the records being requested.

(3) Whenever VA notifies a submitter of a final decision, the requester will also be notified by separate correspondence. This notification to the requester may be contained in VA's FOIA decision.

(h) *Notices of lawsuit.* Whenever a FOIA requester brings suit seeking to compel disclosure of confidential commercial information, the submitter of the information will be promptly notified.

(i) *Exceptions to the notification requirements.* The predisclosure notification requirements in paragraph (c) of this section need not be followed if:

(1) It is determined that the record(s) or information should not be disclosed;

(2) The record(s) requested have been published or have been officially made available to the public;

(3) Disclosure of the record(s) or information is required by law (other than the FOIA, 5 U.S.C. 552);

(4) Disclosure is required by an Agency rule that:

(i) Was adopted pursuant to notice and public comment;

(ii) Specifies narrow classes of records submitted to VA that are to be released under the FOIA; and

(iii) Provides in exceptional circumstances for notice when the submitter provides written justification, at the time the information is submitted or a reasonable time thereafter, that disclosure of the information could reasonably be expected to cause substantial competitive harm;

(5) The record(s) requested are not designated by the submitter as exempt from disclosure in accordance with paragraph (e) of this section, and the submitter had an opportunity to do so at the time of submission of the record(s) or a reasonable time thereafter, and VA does not have substantial reason to believe that disclosure of the information would result in competitive harm; or

(6) The designation made by the submitter in accordance with paragraph (e) of this section appears obviously frivolous, except that, in such case, VA

## Department of Veterans Affairs

## § 1.555

must still provide the submitter with advance written notice of any final administrative disclosure determination not less than 10 working days prior to the specified disclosure date.

### § 1.555 Fees.

(a) *Definitions of terms.* For the purpose of this section, the following definitions apply:

(1) *Commercial use request* means a request from or on behalf of one who seeks information for a use or purpose that furthers the commercial, trade or profit interests of the requester or the person on whose behalf the request is made. To determine whether a request properly belongs in this category, consideration must be given to the use to which a requester will put the documents requested. Where the use of the records sought is not clear in the request or where there is reasonable cause to doubt the use to which the requester will put the records sought, additional information may be sought from the requester before assigning the request to a specific category.

(2) *Direct costs* means those expenditures which VA actually incurs in searching for and duplicating (and in the case of commercial use requests, reviewing) documents to respond to a Freedom of Information Act (FOIA) request. Direct costs include, for example, the salary of the employee performing work, i.e., the basic rate of pay for the employee, plus 16 percent of that rate to cover benefits, and the cost of operating duplicating machinery. Not included in direct costs are overhead expenses such as costs of space, and heating or lighting of the facility in which the records are stored.

(3) *Duplication* means the process of making a copy of a document necessary to respond to a FOIA request. Such copies can take the form of paper copy, microform, audiovisual materials or machine readable documentation (e.g., magnetic tape or disk), among others. The copy provided must be in a

form that is reasonably usable by requesters.

(4) *Educational institution* means a preschool, a public or private elementary or secondary school, an institution of graduate higher education, an institution of undergraduate higher education, an institution of professional education, and an institution of vocational education, which operates a program or programs of scholarly research. To determine whether a request properly belongs in this category, the request must be evaluated to ensure that it is apparent from the nature of the request that it serves a scholarly research goal of the institution, rather than an individual goal of the requester or a commercial goal of the institution.

(5) *Non-commercial scientific institution* means an institution that is not operated on a *commercial* basis (as that term is referenced under *Commercial use request* of this paragraph) and which is operated solely for the purpose of conducting scientific research, the results of which are not intended to promote any particular product or industry.

(6) *Representative of the news media* means any person actively gathering news for an entity that is organized and operated to publish or broadcast news to the public. The term *news* means information that is about current events or that would be of current interest to the public. Examples of news media entities include television or radio stations broadcasting to the public at large, and publishers of periodicals (but only in those instances when they can qualify as disseminators of *news*) who make their products available for purchase or subscription by the general public. These examples are not intended to be all inclusive. As traditional methods of news delivery evolve (e.g., electronic dissemination of newspapers through telecommunications services), such alternative media will be included in this category. *Freelance* journalists may be regarded as working for a news organization if they can demonstrate a solid basis for expecting publication through that organization, even though not actually employed by it. A publication contract would be the clearest proof, but the requester's past publication history can

## § 1.555

## 38 CFR Ch. I (7-1-03 Edition)

be considered also. In any case, freelancers who do not qualify for inclusion in the *representative of the news media* category may seek a reduction or waiver of fees under paragraph (f) of this section.

(7) *Review* means the process of examining documents located in response to a *commercial use request* (see definition of commercial use request in this section) to determine whether any portion of any document located is permitted to be withheld. It also includes processing any documents for disclosure in response to a *commercial use request*, e.g., doing all that is necessary to excise them and otherwise prepare them for release. The term *review* does not include time spent resolving general legal or policy issues regarding the application of exemptions.

(8) *Search* means all the time spent looking for material that is responsive to a request, including page-by-page or line-by-line identification of material within documents. Searches may be done manually or by computer using existing programs. The most efficient and least expensive manner of searching for material will be used to minimize costs to VA and the requester. For example, line-by-line searches will not be conducted when duplicating an entire document is the least expensive and quicker method of complying with a request. The term *search* does not cover the time spent to review documents to determine whether all or portions thereof can be withheld under one of the nine categories of exemptions identified in § 1.554 of this part.

(b) *Fees to be charged.* (1) Except as provided in paragraphs (c), (d), (f) and (g) of this section, the Department of Veterans Affairs will charge fees that recoup the full allowable direct costs for responding to each request from the public. Such fees will be charged in accordance with the schedule of fees in paragraph (e) of this section, and other requirements or restrictions in this regulation. The most efficient and least costly methods will be used to comply with requests for documents made under the FOIA.

(2) If it is estimated that charges for duplication determined by using the fee schedule in § 1.555(e) of this part are likely to exceed \$25, the requester will

be notified of the estimated amount of fees, unless the requester has indicated in advance his or her willingness to pay fees as high as those anticipated. Such notice will offer the requester the opportunity to confer with Department personnel with the object of reformulating the request to meet his or her needs at a lower cost.

(3) Each administration and staff office upon approval of the Secretary is authorized to contract with private sector services to locate, reproduce, and disseminate records in response to FOIA requests when that is the most efficient and least costly method. If a contractor is used, the ultimate cost to the requester can be no greater than it would if the administration, staff office, or field facility performed the task, itself. In no case may a administration, staff office, or field facility contract out responsibilities which the FOIA provides that they alone may discharge, such as determining the applicability of an exemption, or determining whether to waive or reduce fees.

(4) When documents that would be responsive to a request are maintained for distribution by agencies operating statutory-based fee schedule programs, in which the agency is required to set the level of fees for particular types of records, such as the National Technical Information Service or the Government Printing Office, the requester of such documents will be informed of the steps necessary to obtain records from those sources, rather than from VA.

(c) *Restrictions on assessing fees.* With the exception of commercial use requests no charges will be assessed for the first 100 pages of duplication and the first two hours of search time. Moreover, no fees are to be charged any requester, including commercial use requesters, if the cost of collecting the fee is equal to or greater than the fee itself. These provisions work together so that, except for commercial use requests, fees will not be assessed until the free search and duplication have been provided. For example, if a request takes two hours and ten minutes of search time and results in 105 reproduced pages of documents, fees can be charged for only 10 minutes of search

time and for only five pages of reproduction. If this cost were equal to or less than the cost to VA of billing the requester and processing the fee collected, no charges would be assessed. (NOTE: The cost of collecting fees are VA's administrative costs of receiving and recording a requester's remittance, and processing the fee for deposit in the Treasury Department's special account. The cost is determined to be negligible. The per-transaction costs to the Treasury to handle such remittances is negligible and will not be considered in the Department's determination.)

(1) For purposes of the restriction on assessing fees, the word *pages* refers to one-sided paper copies of the standard sizes 8½" × 11" or 8½" × 14" or 11" × 14". Accordingly, requesters will not be entitled to 100 microfiche or 100 computer disks free. One microfiche containing the equivalent of 100 pages or 100 pages of computer printout might meet the terms of the restriction.

(2) The term *search time* in this context is based on manual searches. To calculate the *computer search time* for the purpose of applying the two-hour search restriction, the hourly cost of operating the computer's central processing unit will be combined with the operator's hourly salary, plus 16 percent of the salary. When the cost of the search (including the operator time and the cost of the computer to process a request) equals the equivalent dollar amount of two hours of the salary of the person performing the search, i.e., the operator, charges will begin to be assessed for a computer search.

(d) *Categories of requesters and fees to be charged each category.* There are four categories of FOIA requesters: Commercial use requesters; educational and non-commercial scientific institutional requesters; requesters who are representatives of news media; and all other requesters. Specific levels of fees will be charged for each of these categories as follows:

(1) *Commercial use requesters.* When a request for documents for commercial use is received, the full direct costs of searching for, reviewing for release, and duplicating the records sought will be charged to the requester. Commercial use requesters are not entitled to

two hours of free search time nor 100 free pages of reproduced documents. Moreover, the commercial use requester will be charged the cost of searching for and reviewing records even if there is ultimately no disclosure of records. The requester must reasonably describe the records sought.

(2) *Educational and non-commercial scientific institution requesters.* These requesters will be charged only for the cost of reproduction, excluding charges for the first 100 pages. In order to be considered a member of this category, a requester must show that the request is being made as authorized by and under the auspices of a qualifying institution and that the records are not sought for a commercial use. If the request is from an educational institution, the requester must show that the records sought are in furtherance of scholarly research. If the request is from a non-commercial scientific institution, the requester has to show that the records are sought in furtherance of scientific research. Information necessary to support a claim of being categorized as an educational or non-commercial scientific institution requester will be provided by the requester, and the requester must reasonably describe the records sought.

(3) *Representatives of news media.* These requesters will be charged for the cost of reproduction, only, excluding charges for the first 100 pages. To be included in this category, a requester must fall within the definition of a representative of the news media specified in paragraph (a)(vi) of this section, and the request must not be made for commercial use. A request for records supporting the news dissemination function of the requester will not be considered to be a request that is for commercial use. Requesters must reasonably describe the records sought.

(4) *All other requesters.* Any requester that does not fit into any of the categories in this section will be charged fees which recover the full reasonable direct cost of searching for and reproducing records that are responsive to the request, except that the first 100 pages of reproduction and the first two hours of search time will be furnished

§ 1.555

38 CFR Ch. I (7-1-03 Edition)

without charge. In addition, under certain circumstances specified in paragraph (f) of this section, fees will be waived or reduced at the discretion of field facility heads, their designee, or responsible Central Office officials. Requests from VA beneficiaries, applicants for VA benefits, or other individuals for records retrievable by their name or other personal identifier will initially be processed under 38 U.S.C. 5701 and 5 U.S.C. 552a and will be as-

essed fees in accordance with the applicable fee provisions of §1.526(i) or §1.577(f) of this part. To the extent that records are not disclosable under these provisions, the disclosure of such records will be evaluated under §§1.550 through 1.559 of this part, and fees will be assessed under paragraph (e) of this section. Requesters must reasonably describe the records sought.

(e) *Schedule of fees:*

Activity	Fees
(1) Duplication of documents by any type of reproduction process to produce plain one-sided paper copies of a standard size (8½" × 11"; 8½" × 14"; 11" × 14").	\$0.15 per page.
(2) Duplication of non-paper records, such as microforms, audiovisual materials (motion pictures, slides, laser optical disks, video tapes, audiotapes, etc.) computer tapes and disks, diskettes for personal computers, and any other automated media output.	Actual direct cost to the Agency. (See paragraph (a)(2) of this section and, if costs are likely to exceed \$25.00, paragraph (b)(2) of this section.
(3) Duplication of documents by any type of reproduction process not covered by paragraphs (e)(1) and (2) of this section to produce a copy in a form reasonably usable by the requester.	Actual direct cost to the Agency. (See paragraph (a)(2) of this section and, if costs are likely to exceed \$25.00, paragraph (b)(2) of this section.
(4) Document search by manual (non-automated) methods .....	Basic hourly salary rate of the employee(s) performing the search, plus 16 percent. (If costs are likely to exceed \$25.00, see paragraph (g)(2) of this section.)
(NOTE— If a department, staff office or field station uses exclusively a single class of personnel, e.g., all administrative/clerical or all professional/executive, an average rate for the range of grades involved may be used).	
(5) Document search using automated methods, such as by computer .....	Actual direct cost to perform search. (See paragraph (c)(2) of this section, and, if costs are likely to exceed \$25.00, see paragraph (g)(2) of this section.)
(6) Document review (use only for commercial use requesters) .....	Basic hourly salary rate of employee(s) performing initial review to determine whether to release document(s) or portions of records, plus 16 percent.
(NOTE. Charge for document reviews covers only the time spent reviewing the document(s) at the initial administrative level to determine applicability of a specific FOIA exemption to a particular record or portion of a record. It does not cover any review incurred at the administrative appeal level once the initial exemptions are applied. However, records or portions of records withheld in full under an exemption which is subsequently determined not to apply may be reviewed again to determine the applicability of other exemptions not previously considered. The cost for such a subsequent review may be properly assessed).	
(7) Other charges: Certifying that records are true copies; Sending records by special methods such as express mail.	Where applicable, assess under provisions of §§ 1.526(i) and (j) of this part, otherwise actual direct cost of service performed.

(f) *Waiving or reducing fees.* (1) Fees for records and services provided in response to a FOIA request will be waived or reduced when it is determined by responsible Central Office officials or field station heads or their designee that furnishing the document(s) is in the public interest be-

cause it is likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in the commercial interest of the requester.

(2) The following factors will be considered in sequence in determining whether disclosure of information is in

the public interest because it is likely to contribute significantly to the public understanding of the operations or activities of the government:

(i) The subject of the request: Whether the subject of the requested records concerns the operations or activities of the government;

(ii) The informative value of the information to be disclosed: Whether the disclosure is likely to contribute to an understanding of government operations or activities;

(iii) The contribution to an understanding of the subject by the public likely to result from disclosure: Whether disclosure of the requested information will contribute to public understanding; and

(iv) The significance of the contribution to public understanding: Whether the disclosure is likely to contribute significantly to public understanding of government operations or activities.

(3) The following factors will be considered in sequence in determining whether disclosure of information is primarily in the commercial interest of the requester:

(i) The existence and magnitude of a commercial interest: Whether the requester has a commercial interest that would be furthered by the requested disclosure; and, if so

(ii) The primary interest in disclosure: Whether the magnitude of the identified commercial interest of the requester is sufficiently large, in comparison with the public interest in disclosure, that disclosure is primarily in the commercial interest of the requester.

(4) An appeal from an adverse fee waiver or reduction determination will be processed in the same manner as described in § 1.557 of this part.

(g) *Other administrative considerations to improve assessment and collection of fees*—(1) *Charging interest—notice and rate.* The Department of Veterans Affairs may charge interest to those requesters who fail to timely pay fees assessed in accordance with these regulations. Determination of charge interest will be made by the responsible Central Office official or field facility head or designee. Interest will be assessed on the unpaid bill beginning on the 31st day following the day on which the

original building was sent. Interest will be at the rate prescribed in section 3717 of title 31 U.S.C., and will accrue from the date of the billing. Accounting procedures ensure that a requester who has remitted the full amount within the time period is properly credited with the payment. The fact that the fee has been received by VA, even if not processed, will suffice to stay the accrual of interest.

(2) *Charges for unsuccessful search.* When it is determined by the responsible Central Office official or field facility head or designee, charges for searching may be assessed, even if records are not located to satisfy a request or if records located are determined to be exempt from disclosure. If it is determined that search charges are likely to exceed \$25, the requester will be notified of the estimated amount of fees, unless the requester has indicated in advance a willingness to pay fees as high as those anticipated. Such notice will offer the requester the opportunity to confer with agency personnel with the object of reformulating the request to meet his or her needs at a lower cost.

(3) *Aggregating requests.* When the responsible Central Office official or field facility head or designee reasonably believes that a requester or, on rare occasions, a group of requesters acting in concert, is attempting to break a request down into a series of requests for the purpose of evading the assessment of fees, the responsible Central Office official, or field facility head or designee may aggregate (combine) any such requests and charge accordingly. One element to consider in determining whether a belief would be reasonable is the time period in which the requests occurred. For example, it is reasonable to presume that multiple requests within a 30-day time period that seek portion(s) of the same document(s) is an attempt to avoid payment of charges. For requests made over a longer period, however, such presumption becomes harder to sustain. In each case, there must be a solid basis for determining that aggregation is warranted. Caution will be exercised before aggregating requests from more than one requester. There must be a concrete basis on which to

## § 1.556

## 38 CFR Ch. I (7-1-03 Edition)

conclude that the requesters are acting in concert and are acting specifically to avoid payment. In no case will multiple requests on unrelated subjects from one requester be aggregated.

(4) *Advance payments.* The Department of Veterans Affairs may not require a requester to make an advance payment, i.e., payment before work is commenced or continued on a request, unless:

(i) The allowable charges that a requester may be required to pay are likely to exceed \$250. Then, the Department of Veterans Affairs should either notify the requester of the likely cost and obtain satisfactory assurance of full payment, or require an advance payment of an amount up to the full estimated charges in the case of requesters with no history of payment; or

(ii) A requester has previously failed to pay a fee charged in a timely fashion (i.e., within 30 days of the date of the billing). Then, the Department of Veterans Affairs may require the requester to pay the full amount owed, plus any applicable interest as provided in paragraph (g)(1) of this section, or to demonstrate that he or she has, in fact, paid the fee, and to make an advance payment of the estimated fee before the Department begins to process a new request or a pending request from that requester.

(iii) If a requester is required to make advance payments, as described in this section, the time limits prescribed in §1.553a of this part, for responding to initial requests and appeals from initial denials, will begin only after the Department has received the advance fee payments.

(5) *Debt collection.* In the event of non-payment of billed charges for disclosure of records, the procedures authorized by the Debt Collection Act of 1982 (Pub. L. 97-365) may be used. This may include disclosure to consumer reporting agencies and use of collection agencies.

### § 1.556 Requests for other reasonably described records.

Each administration, staff office, and field facility head will designate an employee(s) who will be responsible for initial action on (granting or denying) requests to inspect or obtain information from or copies of records under their jurisdiction and within the purview of §1.553. This responsibility includes maintaining a uniform listing of such requests. Data logged will consist of: Name and address of requester; date of receipt of request; brief description of request; action taken on request, granted or denied; citation of the specific section when request is denied; and date of reply to the requester. In the field a denial of any such request may be made only by the Director or the designated employee and in Central Office only by the administration or staff office head or designee. The letter notifying the requester of the denial will be signed by the official making the denial decision. Any legal question arising in a field station concerning the release of information will be referred to the appropriate Regional Counsel for disposition as contemplated by §13.401\* of this chapter. In Central Office such legal questions will be referred to the General Counsel. Any administrative question will be referred through administrative channels to the appropriate administration or staff office head. All denials or proposed denials at the Central Office level will be coordinated with the Director, Information Service as well as the General Counsel.

### § 1.557 Administrative review.

(a) Upon denial of a request, the responsible Department of Veterans Affairs official or designated employee will inform the requester in writing of the denial, cite the specific exemption in §1.554 upon which the denial is based, set forth the names and titles or positions of each person responsible for the denial of such request, and advise

#### § 1.575 Social security numbers in veterans' benefits matters.

(a) Except as provided in paragraph (b) of this section, no one will be denied any right, benefit, or privilege provided by law because of refusal to disclose to the Department of Veterans Affairs a social security number.

(b) VA shall require mandatory disclosure of a claimant's or beneficiary's social security number (including the social security number of a dependent of a claimant or beneficiary) on necessary forms as prescribed by the Secretary as a condition precedent to receipt or continuation of receipt of compensation or pension payable under the provisions of chapters 11, 13 and 15 of title 38, United States Code, provided, however, that a claimant shall not be required to furnish VA with a social security number for any person to whom a social security number has not been assigned. VA may also require mandatory disclosure of an applicant's social security number as a condition for re-

ceiving loan guaranty benefits and a social security number or other taxpayer identification number from existing direct and vendee loan borrowers and as a condition precedent to receipt of a VA-guaranteed loan, direct loan or vendee loan, under chapter 37 of title 38, United States Code. (2) Any officer or employee of the Department of Veterans Affairs who willfully maintains a system of records without meeting the notice requirements of 5 U.S.C. 552a(e)(4) (see § 1.578(d)) shall be guilty of a misdemeanor and fined not more than \$5,000.

(3) Any person who knowingly and willfully requests or obtains any record concerning an individual from the Department of Veterans Affairs under false pretenses shall be guilty of a mis-

## § 1.577

the requirements of 5 U.S.C. 552a (as required by subsection (m)) and those of the § 1.575 series to be applied to such system. For the purposes of 5 U.S.C. 552a(i) and § 1.576(e) any such contractor and any employee of such contractor, if such contract is agreed to on or after September 27, 1975, will be considered to be an employee of the Department of Veterans Affairs.

(h) The Department of Veterans Affairs will, for the purposes of 5 U.S.C. 552a, consider that it maintains any agency record which it deposits with the Administrator of General Services for storage, processing, and servicing in accordance with section 3103 of title 44 U.S.C. Any such record will be considered subject to the provisions of § 1.575 series implementing 5 U.S.C. 552a and any other applicable Department of Veterans Affairs regulations. ### § 1.577 Access to records.

(a) Except as otherwise provided by law or regulation any individual upon request may gain access to his or her record or to any information pertaining to him or her which is contained in any system of records maintained by the Department of Veterans Affairs. The individual will be permitted, and upon his or her request, a person of his or her own choosing permitted to accompany him or her, to review the record and have a copy made of all or any portion thereof in a form comprehensible to him or her. The Department of Veterans Affairs will require, however, a written statement from the individual authorizing discussion of that individual's record in the accompanying person's presence.

(b) Any individual will be notified, upon request, if any Department of Veterans Affairs system of records named contains a record pertaining to him or her. Such request must be in writing, over the signature of the requester. The request must contain a reasonable description of the Department of Veterans Affairs system or systems of records involved, as described at least annually by notice published in the FEDERAL REGISTER describing the existence and character of the Department of Veterans Affairs system or systems of records pursuant to § 1.578(d). The request should be made to the office concerned (having jurisdiction over the system or systems of records involved) or, if not known, to the Director or Department of Veterans Affairs Officer in the nearest Department of Veterans Affairs regional office, or to the Department of Veterans Affairs Central Office, 810 Vermont Avenue, NW., Washington, DC 20420. Personal contact should normally be made during the regular duty hours of the office concerned, which are 8:00 a.m. to 4:30 p.m., Monday

through Friday for Department of Veterans Affairs Central Office and most field facilities. Identification of the individual requesting the information will be required and will consist of the requester's name, signature, address, and claim, insurance or other identifying file number, if any, as a minimum. Additional identifying data or documents may be required in specified categories as determined by operating requirements and established and publicized by the promulgation of Department of Veterans Affairs regulations. (5 U.S.C. 552a(f)(1))

(c) The department or staff office having jurisdiction over the records involved will establish appropriate disclosure procedures and will notify the individual requesting disclosure of his or her record or information pertaining to him or her of the time, place and conditions under which the Department of Veterans Affairs will comply to the extent permitted by law and Department of Veterans Affairs regulation. (5 U.S.C. 552a(f)(2))

(d) Access to sensitive material in records, including medical and psychological records, is subject to the following special procedures. When an individual requests access to his or her records, the Department of Veterans Affairs official responsible for administering those records will review them and identify the presence of any sensitive records. Sensitive records are those that contain information which may have a serious adverse effect on the individual's mental or physical health if they are disclosed to him or her. If, on review of the records, the Department of Veterans Affairs official concludes that there are sensitive records involved, the official will refer the records to a Department of Veterans Affairs physician, other than a rating board physician, for further review. If the physician who reviews the records believes that disclosure of the information directly to the individual could have an adverse effect on the physical or mental health of the indi-

vidual, the responsible Department of Veterans Affairs official will then advise the requesting individual: (1) That the Department of Veterans Affairs will disclose the sensitive records to a physician or other professional person selected by the requesting individual for such redisclosure as the professional person may believe is indicated, and (2) in indicated cases, that the Department of Veterans Affairs will arrange for the individual to report to a Department of Veterans Affairs facility for a discussion of his or her records with a designated Department of Veterans Affairs physician and for an explanation of what is included in the records. Following such discussion, the records should be disclosed to the individual; however, in those extraordinary cases where a careful and conscientious explanation of the information considered harmful in the record has been made by a Department of Veterans Affairs physician and where it is still the physician's professional medical opinion that physical access to the information could be physically or mentally harmful to the patient, physical access may be denied. Such a denial situation should be an unusual, very infrequent occurrence. When denial of a request for direct physical access is made, the responsible Department of Veterans Affairs official will: (1) Promptly advise the individual making the request of the denial; (2) state the reasons for the denial of the request (e.g., 5 U.S.C. 552a(f)(3), 38 U.S.C. 5701(b)(1)); and (3) advise the requester that the denial may be appealed to the General Counsel and of the procedure for such an appeal. (Authority: 5 U.S.C. 552a(f)(3))

(e) Nothing in 5 U.S.C. 552a, however, allows an individual access to any information compiled in reasonable anticipation of civil action or proceeding. (5 U.S.C. 552a(d)(5))

(f) Fees to be charged, if any, to any individual for making copies of his or her record shall not include the cost of any search for and review of the record, and will be as follows:

Activity	Fees
(1) Duplication of documents by any type of reproduction process to produce plain one-sided paper copies of a standard size (8½" × 11"; 8½" × 14"; 11"×14").	\$0.15 per page after first 100 one-sided pages.

**§ 1.578**

**38 CFR Ch. I (7-1-03 Edition)**

Activity	Fees
(2) Duplication of non-paper records, such as microforms, audiovisual materials (motion pictures, slides, laser optical disks, video tapes, audio tapes, etc.), computer tapes and disks, diskettes for personal computers, and any other automated media output.	Actual direct cost to the Agency as defined in § 1.555(a)(2) of this part to the extent that it pertains to the cost of duplication.
(3) Duplication of document by any type of reproduction process not covered by paragraphs (f)(1) or (2) of this section to produce a copy in a form reasonably usable by the requester.	Actual direct cost to the Agency as defined in § 1.555(a)(2) of this part to the extent that it pertains to the cost of duplication.

NOTE. Fees for any activities other than duplication by any type of reproducing process will be assessed under the provisions of § 1.526(i) or (j) of this part of any other applicable law.)

(g) When VA benefit records, which are retrievable by name or individual identifier of a VA beneficiary or applicant for VA benefits, are requested by the individual to whom the record pertains, the duplication fee for one complete set of such records will be waived.

**§ 1.578 [Reserved]**

**§ 1.579 Amendment of records.**

(a) Any individual may request amendment of any Department of Veterans Affairs record pertaining to him or her. Not later than 10 days (excluding Saturdays, Sundays, and legal public holidays) after the date or receipt of such request, the Department of Veterans Affairs will acknowledge in writing such receipt. The Department of Veterans Affairs will complete the review to amend or correct a record as soon as reasonably possible, normally within 30 days from the receipt of the request (excluding Saturdays, Sundays, and legal public holidays) unless unusual circumstances preclude completing action within that time. The Department of Veterans Affairs will promptly either:

(1) Correct any part thereof which the individual believes is not accurate, relevant, timely or complete; or

(2) Inform the individual of the Department of Veterans Affairs refusal to amend the record in accordance with his or her request, the reason for the refusal, the procedures by which the in-

dividual may request a review of that refusal by the Secretary or designee, and the name and address of such official.

(Authority: 5 U.S.C. 552a(d)(2))

(b) The administration or staff office having jurisdiction over the records involved will establish procedures for reviewing a request from an individual concerning the amendment of any record or information pertaining to the individual, for making a determination on the request, for an appeal within the Department of Veterans Affairs of an initial adverse Department of Veterans Affairs determination, and for whatever additional means may be necessary for each individual to be able to exercise fully, his or her right under 5 U.S.C. 552a.

(1) Headquarters officials designated as responsible for the amendment of records or information located in Central Office and under their jurisdiction include, but are not limited to: Secretary; Deputy Secretary, as well as other appropriate individuals responsible for the conduct of business within the various Department of Veterans Affairs administrations and staff offices. These officials will determine and advise the requester of the identifying information required to relate the request to the appropriate record, evaluate and grant or deny requests to amend, review initial adverse determinations upon request, and assist requesters desiring to amend or appeal initial adverse determinations or learn further of the provisions for judicial review.

(2) The following field officials are designated as responsible for the amendment of records or information located in facilities under their jurisdiction, as appropriate: The Director of

each Center, Domiciliary, Medical Center, Outpatient Clinic, Regional Office, Supply Depot, and Regional Counsels. These officials will function in the same manner at field facilities as that specified in the preceding subparagraph for headquarters officials in Central Office.

(Authority: 5 U.S.C. 552a(f)(4))

(c) Any individual who disagrees with the Department of Veterans Affairs refusal to amend his or her record may request a review of such refusal. The Department of Veterans Affairs will complete such review not later than 30 days (excluding Saturdays, Sundays, and legal public holidays) from the date on which the individual request such review and make a final determination unless, for good cause shown, the Secretary extends such 30-day period. If, after review, the Secretary or designee also refuses to amend the record in accordance with the request the individual will be advised of the right to file with the Department of Veterans Affairs a concise statement setting forth the reasons for his or her disagreement with the Department of Veterans Affairs refusal and also advise of the provisions for judicial review of the reviewing official's determination. (5 U.S.C. 552a(g)(1)(A))

(d) In any disclosure, containing information about which the individual has filed a statement of disagreement, occurring after the filing of the statement under paragraph (c) of this section, the Department of Veterans Affairs will clearly note any part of the record which is disputed and provide copies of the statement (and, if the Department of Veterans Affairs deems it appropriate, copies of a concise statement of the Department of Veterans Affairs reasons for not making the amendments requested) to persons or other agencies to whom the disputed record has been disclosed. ### § 1.580 Administrative review.

(a) Upon denial or a request under 38 CFR 1.577 or 1.579, the responsible Department of Veterans Affairs official or designated employee will inform the

requester in writing of the denial, cite the reason or reasons and the Department of Veterans Affairs regulations upon which the denial is based, and advise that the denial may be appealed to the General Counsel.

(b) The final agency decision in such appeals will be made by the General Counsel or the Deputy General Counsel.

### § 1.581 [Reserved]

### § 1.582 Exemptions.

(a) Certain systems of records maintained by the Department of Veterans Affairs are exempted from provisions of the Privacy Act in accordance with exemptions (j) and (k) of 5 U.S.C. 552a.

(b) *Exemption of Inspector General Systems of Records.* The Department of Veterans Affairs provides limited access to Inspector General Systems of Records as indicated.

(1) The following systems of records are exempted pursuant to the provisions of 5 U.S.C. 552a(j)(2) from subsections (c)(3) and (4), (d), (e)(1), (2) and (3), (e)(4) (G), (H) and (I), (e)(5) and (8), (f) and (g) of 5 U.S.C. 552a; in addition, the following systems of records are exempted pursuant to the provisions of 5 U.S.C. 552a(k)(2) from subsections (c)(3), (d), (e)(1), (e)(4) (G), (H), and (I), and (f) of 5 U.S.C. 552a:

(i) Investigation Reports of Persons Allegedly Involved in Irregularities Concerning VA and Federal Laws, Regulations, Programs, etc.—VA (11 VA51); and

(ii) Inspector General Complaint Center Records—VA (66VA53).

(2) These exemptions apply to the extent that information in those systems is subject to exemptions pursuant to 5 U.S.C. 552a (j)(2) and (k)(2).

(3) For the reasons set forth, the systems of records listed under paragraph (b)(1) of this section are exempted under sections 552a (j)(2) and (k)(2) from the following provisions of 5 U.S.C. 552a:

(i) 5 U.S.C. 552a(c)(3) requires that upon request, an agency must give an individual named in a record an accounting which reflects the disclosure

of the record to other persons or agencies. This accounting must state the date, nature and purpose of each disclosure of the record and the name and address of the recipient. The application of this provision would alert subjects to the existence of the investigation and identify that such persons are subject of that investigation. Since release of such information to subjects would provide them with significant information concerning the nature of the investigation, it could result in the altering or destruction of derivative evidence which is obtained from third parties, improper influencing of witnesses, and other activities that could impede or compromise the investigation.

(ii) 5 U.S.C. 552a(c)(4), (d), (e)(4) (G) and (H), (f) and (g) relate to an individual's right to be notified of the existence of records pertaining to such individual; requirements for identifying an individual who requests access to records; the agency procedures relating to access to records and the amendment of information contained in such records; and the civil remedies available to the individual in the event of adverse determinations by an agency concerning access to or amendment of information contained in record systems. This system is exempt from the foregoing provisions for the following reasons: To notify an individual at the individual's request of the existence of records in an investigative file pertaining to such individual or to grant access to an investigative file could interfere with investigative and enforcement proceedings, threaten the safety of individuals who have cooperated with authorities, constitute an unwarranted invasion of personal privacy of others, disclose the identity of confidential sources, reveal confidential information supplied by these sources, and disclose investigative techniques and procedures.

(iii) 5 U.S.C. 552a(e)(4)(I) requires the publication of the categories of sources of records in each system of records. The application of this provision could disclose investigative techniques and procedures and cause sources to refrain from giving such information because of fear of reprisal, or fear of breach of promises of anonymity and confidentiality. This could compromise the

ability to conduct investigations and to identify, detect and apprehend violators. Even though the agency has claimed an exemption from this particular requirement, it still plans to generally identify the categories of records and the sources for these records in this system. However, for the reasons stated in paragraph (b)(3)(ii) of this section, this exemption is still being cited in the event an individual wants to know a specific source of information.

(iv) 5 U.S.C. 552a(e)(1) requires each agency to maintain in its records only such information about an individual that is relevant and necessary to accomplish a purpose of the agency required by statute or Executive order. These systems of records are exempt from the foregoing provisions because:

(A) It is not possible to detect the relevance or necessity of specific information in the early stages of a criminal or other investigation.

(B) Relevance and necessity are questions of judgment and timing. What appears relevant and necessary may ultimately be determined to be unnecessary. It is only after the information is evaluated that the relevance and necessity of such information can be established.

(C) In any investigation the Inspector General may obtain information concerning the violations of laws other than those within the scope of his/her jurisdiction. In the interest of effective law enforcement, the Inspector General should retain this information as it may aid in establishing patterns of criminal activity and provide leads for those law enforcement agencies charged with enforcing other segments of civil or criminal law.

(v) 5 U.S.C. 552a(e)(2) requires an agency to collect information to the greatest extent practicable directly from the subject individual when the information may result in adverse determinations about an individual's rights, benefits, and privileges under Federal programs. The application of this provision would impair investigations of illegal acts, violations of the rules of conduct, merit system and any other misconduct for the following reasons:

(A) In order to successfully verify a complaint, most information about a complainant or an individual under investigation must be obtained from third parties such as witnesses and informers. It is not feasible to rely upon the subject of the investigation as a source for information regarding his/her activities because of the subject's rights against self-incrimination and because of the inherent unreliability of the suspect's statements. Similarly, it is not always feasible to rely upon the complainant as a source of information regarding his/her involvement in an investigation.

(B) The subject of an investigation will be alerted to the existence of an investigation if an attempt is made to obtain information from the subject. This would afford the individual the opportunity to conceal any criminal activities to avoid apprehension.

(vi) 5 U.S.C. 552a(e)(3) requires that an agency must inform the subject of an investigation who is asked to supply information of:

(A) The authority under which the information is sought and whether disclosure of the information is mandatory or voluntary;

(B) The purposes for which the information is intended to be used;

(C) The routine uses which may be made of the information; and

(D) The effects on the subject, if any, of not providing the requested information. The reasons for exempting this system of records from the foregoing provision are as follows:

(1) The disclosure to the subject of the purposes of the investigation as stated in paragraph (b)(3)(vi)(B) of this paragraph would provide the subject with substantial information relating to the nature of the investigation and could impede or compromise the investigation.

(2) If the complainant or the subject were informed of the information required by this provision, it could seriously interfere with undercover activities requiring disclosure of the authority under which the information is being requested. This could conceivably jeopardize undercover agents' identities and impair their safety, as well as impair the successful conclusion of the investigation.

(3) Individuals may be contacted during preliminary information gathering in investigations before any individual is identified as the subject of an investigation. Informing the individual of the matters required by this provision would hinder or adversely affect any present or subsequent investigations.

(vii) 5 U.S.C. 552a(e)(5) requires that records be maintained with such accuracy, relevance, timeliness, and completeness as is reasonably necessary to assure fairness to the individual in making any determination about an individual. Since the law defines *maintain* to include the collection of information, complying with this provision would prevent the collection of any data not shown to be accurate, relevant, timely, and complete at the moment of its collection. In gathering information during the course of an investigation it is not always possible to determine this prior to collection of the information. Facts are first gathered and then placed into a logical order which objectively proves or disproves criminal behavior on the part of the suspect. Material which may seem unrelated, irrelevant, incomplete, untimely, etc., may take on added meaning as an investigation progresses. The restrictions in this provision could interfere with the preparation of a complete investigative report.

(viii) 5 U.S.C. 552a(e)(8) requires an agency to make reasonable efforts to serve notice on an individual when any record on such individual is made available to any person under compulsory legal process when such process becomes a matter of public record. The notice requirement of this provision could prematurely reveal an ongoing criminal investigation to the subject of the investigation.

(c) *Exemption of Loan Guaranty Service, Veterans Benefits Administration, Systems of Records.* The Department of Veterans Affairs provides limited access to Loan Guaranty Service, Veterans Benefits Administration, systems of records as indicated:

(1) The following systems of records are exempted pursuant to the provisions of 5 U.S.C. 552a(k)(2) from subsections (c)(3), (d), (e)(1) and (e)(4) (G), (H) and (I) and (f):

**§ 1.582**

**38 CFR Ch. I (7-1-03 Edition)**

(i) Loan Guaranty Fee Personnel and Program Participant Records—VA (17VA26); and

(ii) Loan Guaranty Home Condominium and Mobile Home Loan Applicant Records and Paralegic Grant Application Records—VA (55VA26).

(2) These exemptions apply to the extent that information in these systems is subject to exemption pursuant to 5 U.S.C. 552a(k)(2).

(3) For the reasons set forth, the systems of records listed under paragraph (c)(1) of this section are exempted under 5 U.S.C. 552a(k)(2) from the following provisions of 5 U.S.C. 552a:

(i) 5 U.S.C. 552a(c)(3) requires that an agency make accountings of disclosures of records available to individuals named in the records at their request. These accountings must state the date, nature and purpose of each disclosure of the record and the name and address of the recipient. The application of this provision would alert subjects of an investigation to the existence of the investigation and that such persons are subjects of that investigation. Since release of such information to subjects of an investigation would provide the subjects with significant information concerning the nature of the investigation, it could result in the altering or destruction of documentary evidence, improper influencing of witnesses and other activities that could impede or compromise the investigation.

(ii) 5 U.S.C. 552a(d), (e)(4) (G) and (H) and (f) relate to an individual's right to be notified of the existence of records pertaining to such individual; requirements for identifying an individual who requests access to records; and the agency procedures relating to access to records and the contest of information contained in such records. This system is exempt from the foregoing provisions for the following reasons: To notify an individual at the individual's request of the existence of records in an investigative file pertaining to such individual or to grant access to an investigative file could interfere with investigative and enforcement proceedings; constitute an unwarranted invasion of the personal privacy of others; disclose the identity of confidential sources and reveal confidential in-

formation supplied by these sources and disclose investigative techniques and procedures.

(iii) 5 U.S.C. 552a(e)(4)(I) requires the publication of the categories of sources of records in each system of records. The application of this provision could disclose investigative techniques and procedures and cause sources to refrain from giving such information because of fear of reprisal, or fear of breach of promises of anonymity and confidentiality. This would compromise the ability to conduct investigations. Even though the agency has claimed an exemption from this particular requirement, it still plans to generally identify the categories of records and the sources for these records in this system. However, for the reasons stated above, this exemption is still being cited in the event an individual wanted to know a specific source of information.

(iv) 5 U.S.C. 552a(e)(1) requires each agency to maintain in its records only such information about an individual that is relevant and necessary to accomplish a purpose of the agency required by statute or Executive order. This system of records is exempt from the foregoing provision because:

(A) It is not possible to detect relevance or necessity of specific information in the early stages of an investigation.

(B) Relevance and necessity are questions of judgment and timing. What appears relevant and necessary when collected may ultimately be determined to be unnecessary. It is only after the information is evaluated that the relevance and necessity of such information can be established.

(C) In interviewing persons or obtaining other forms of evidence during an investigation, information may be supplied to the investigator which relates to matters incidental to the main purpose of the investigation but which is appropriate in a thorough investigation. Oftentimes, such information cannot readily be segregated.

(4) The following system of records is exempt pursuant to the provisions of 5 U.S.C. 552a(k)(5) from subsections (c)(3), (d), (e)(1), (e)(4) (G), (H) and (I) and (f): Loan Guaranty Fee Personnel

and Program Participant Records—VA (17 VA 26).

(5) This exemption applies to the extent that information in this system is subject to exemption pursuant to 5 U.S.C. 552a(k)(5).

(6) For the reasons set forth, the system of records listed in paragraph (c)(4) of this section is exempt under 5 U.S.C. 552a(k)(5) from the following provisions of 5 U.S.C. 552a:

(i) 5 U.S.C. 552a(c)(3) requires that an agency make accountings of disclosures of records available to individuals named in the records at their request. These accountings must state the date, nature and purpose of each disclosure of the record and the name and address of the recipient. The application of this provision would alert subjects of background suitability investigations to the existence of the investigation and reveal that such persons are subjects of that investigation. Since release of such information to subjects of an investigation would provide the subjects with significant information concerning the nature of the investigation, it could result in revealing the identity of a confidential source.

(ii) 5 U.S.C. 552a(d), (e)(4) (G) and (H) and (f) relate to an individual's right to be notified of the existence of records pertaining to such individual; requirements for identifying an individual who requests access to records; and the agency procedures relating to access to records and the contest of information contained in such records. This system is exempt from the foregoing provisions for the following reasons: To notify an individual at the individual's request of the existence of records in an investigative file pertaining to such an individual or to grant access to an investigative file would disclose the identity of confidential sources and reveal confidential information supplied by these sources.

(iii) 5 U.S.C. 552a(e)(4)(I) requires the publication of the categories of sources of records in each system of records. The application of this provision could disclose sufficient information to disclose the identity of a confidential source and cause sources to refrain from giving such information because of fear of reprisal, or fear of breach of

promises of anonymity and confidentiality. This would compromise the ability to conduct background suitability investigations.

(iv) 5 U.S.C. 552a(e)(1) requires each agency to maintain in its records only such information about an individual that is relevant and necessary to accomplish a purpose of the agency required by statute or Executive order. This system of records is exempt from the foregoing provision because:

(A) It is not possible to detect relevance and necessity of specific information from a confidential source in the early stages of an investigation.

(B) Relevance and necessity are questions of judgment and timing. What appears relevant and necessary when collected may ultimately be determined to be unnecessary. It is only after the information is evaluated that the relevance and necessity of such information can be established regarding suitability for VA approval as a fee appraiser or compliance inspector.

(C) In interviewing persons or obtaining other forms of evidence during an investigation for suitability for VA approval, information may be supplied to the investigator which relates to matters incidental to the main purpose of the investigation but which is appropriate in a thorough investigation. Oftentimes, such information cannot readily be segregated and disclosure might jeopardize the identity of a confidential source.

EFFECTIVE DATE NOTE: At 68 FR 35298, June 13, 2003, §1.582 was amended by adding paragraph (d), effective August 12, 2003. For the convenience of the user, the added text is set forth below:

**§ 1.582 Exemptions.**

\* \* \* \* \*

(d) *Exemption of Police and Security Records.* VA provides limited access to one Security and Law Enforcement System of Records, Police and Security Records—VA (103VA07B).

(1) The investigations records and reports contained in this System of Records are exempted [pursuant to 5 U.S.C. 552a(j)(2) of the Privacy Act of 1974] from Privacy Act subsections (c)(3) and (c)(4); (d); (e)(1) through

## § 1.582

## 38 CFR Ch. I (7–1–03 Edition)

(e)(3), (e)(4)(G) through (e)(4)(I), (e)(5), and (e)(8); (f); and (g); in addition, they are exempted [pursuant to 5 U.S.C. 552a(k)(2) of the Privacy Act of 1974] from Privacy Act subsections (c)(3); (d); (e)(1), (e)(4)(G) through (e)(4)(I); and (f).

(2) These records contained in the Police and Security Records—VA (103VA076B) are exempted for the following reasons:

(i) The application of Privacy Act subsection (c)(3) would alert subjects to the existence of the investigation and reveal that they are subjects of that investigation. Providing subjects with information concerning the nature of the investigation could result in alteration or destruction of evidence which is obtained from third parties, improper influencing of witnesses, and other activities that could impede or compromise the investigation.

(ii) The application of Privacy Act subsections (c)(4); (d); (e)(4)(G) and (e)(4)(H); (f); and (g) could interfere with investigative and enforcement proceedings, threaten the safety of individuals who have cooperated with authorities, constitute an unwarranted invasion of personal privacy of others, disclose the identity of confidential sources, reveal confidential information supplied by these sources, and disclose investigative techniques and procedures.

(iii) The application of Privacy Act subsection (e)(4)(I) could disclose investigative techniques and procedures and cause sources to refrain from giving such information because of fear of reprisal, or fear of breach of promises of anonymity and confidentiality. This could compromise the ability to conduct investigations and to identify, detect and apprehend violators. Even though the agency has claimed an exemption from this particular requirement, it still plans to generally identify the categories of records and the sources of these records in this system. However, for the reason stated in paragraph (d)(2)(ii) of this section, this exemption is still being cited in the event an individual wants to know a specific source of information.

(iv) These records contained in the Police and Security Records—VA (103VA076B) are exempt from Privacy Act subsection (e)(1) because it is not possible to detect the relevance or necessity of specific information in the early stages of a criminal or other investigation. Relevance and necessity are questions of judgment and timing. What appears relevant and necessary may ultimately be determined to be unnecessary. It is only after the information is evaluated that the relevance and necessity of such information can be established. In any investigation, the Office of Security and Law Enforcement may obtain information concerning violations of laws other than those within the scope of its jurisdiction. In the interest of effective law enforcement, the Office of Security and Law

Enforcement should retain this information as it may aid in establishing patterns of criminal activity and provide leads for those law enforcement agencies charged with enforcing other segments of civil or criminal law.

(v) The application of Privacy Act subsection (e)(2) would impair investigations of illegal acts, violations of the rules of conduct, merit system and any other misconduct for the following reasons:

(A) In order to successfully verify a complaint, most information about a complainant or an individual under investigation must be obtained from third parties such as witnesses and informers. It is not feasible to rely upon the subject of the investigation as a source for information regarding his/her activities because of the subject's rights against self-incrimination and because of the inherent unreliability of the suspect's statements. Similarly, it is not always feasible to rely upon the complainant as a source of information regarding his/her involvement in an investigation.

(B) The subject of an investigation will be alerted to the existence of an investigation if an attempt is made to obtain information from the subject. This would afford the individual the opportunity to conceal any criminal activities to avoid apprehension.

(vi) The reasons for exempting these records in the Police and Security Records—VA (103VA07B) from Privacy Act subsection (e)(3) are as follows:

(A) The disclosure to the subject of the purposes of the investigation would provide the subject with substantial information relating to the nature of the investigation and could impede or compromise the investigation.

(B) Informing the complainant or the subject of the information required by this provision could seriously interfere with undercover activities, jeopardize the identities of undercover agents and impair their safety, and impair the successful conclusion of the investigation.

(C) Individuals may be contacted during preliminary information gathering in investigations before any individual is identified as the subject of an investigation. Informing the individual of the matters required by this provision would hinder or adversely affect any present or subsequent investigations.

(vii) Since the Privacy Act defines “maintain” to include the collection of information, complying with subsection (e)(5) would prevent the collection of any data not shown to be accurate, relevant, timely, and complete at the moment of its collection. In gathering information during the course of an investigation, it is not always possible to make this determination prior to collecting the information. Facts are first gathered and

then placed into a logical order which objectively proves or disproves criminal behavior on the part of the suspect. Material that may seem unrelated, irrelevant, incomplete, untimely, etc., may take on added meaning as an investigation progresses. The restrictions in this provision could interfere with the preparation of a complete investigative report.

(viii) The notice requirement of Privacy Act subsection (e)(8) could prematurely reveal an ongoing criminal investigation to the subject of the investigation.

### § 1.603 Gifts and donations.

(a) Gifts and donations will be accepted only after it has been determined that the donor has a clear understanding that title thereto passes to, and is vested in, the United States, and that the donor relinquishes all control over the future use or disposition of the gift or donation, with the following exceptions:

(4) When considered appropriate and not in conflict with the purpose of the national cemetery, the donor may be recognized by a suitable inscription on those gifts. (e) *Inquiry.* (1) Upon receipt of a request for interment or memorialization, where the Secretary of Veterans Affairs has not received the notification referred to in paragraph (a)(1) or (a)(2) of this section with regard to the deceased, but the cemetery director has reason to believe that the deceased may have been convicted of a Federal or State capital crime, the cemetery director will initiate an inquiry to either:

### **§ 1.618 Findings concerning commission of a capital crime where a person has not been convicted due to death or flight to avoid prosecution.**

(a) *Inquiry.* With respect to a request for interment or memorialization, if a cemetery director has reason to believe that a deceased individual who is otherwise eligible for interment or memorialization may have committed a Federal or State capital crime, but avoided conviction of such crime by reason of unavailability for trial due to death or flight to avoid prosecution, the cemetery director, with the assistance of the VA regional counsel, as necessary, will initiate an inquiry seeking information from Federal, State, or local law enforcement officials, or other sources of potentially relevant information. After completion of this inquiry and any further measures required under paragraphs (c), (d), (e), and (f) of this section, the cemetery director will make a decision on the request for interment or memorialization in accordance with paragraph (b), (e), or (g) of this section.

(b) *Decision approving request without a proceeding or termination of a claim by personal representative without a proceeding.* (1) If, after conducting the inquiry described in paragraph (a) of this section, the cemetery director determines that there is no clear and convincing evidence that the deceased committed a Federal or State capital crime of which he or she was not convicted due to death or flight to avoid prosecution, and the deceased remains otherwise eligible, the cemetery director will make a decision approving the interment or memorialization.

(2) If the personal representative elects for burial at a location other than a VA national cemetery, or makes alternate arrangements for burial at a location other than a VA national cemetery, the request for interment or memorialization will be considered withdrawn and action on the request will be terminated.

(c) *Initiation of a proceeding.* (1) If, after conducting the inquiry described

in paragraph (a) of this section, the cemetery director determines that there appears to be clear and convincing evidence that the deceased has committed a Federal or State capital crime of which he or she was not convicted by reason of unavailability for trial due to death or flight to avoid prosecution, the cemetery director will provide the personal representative of the deceased with a written summary of the evidence of record and a written notice of procedural options.

(2) The notice of procedural options will inform the personal representative that he or she may, within 15 days of receipt of the notice:

- (i) Request a hearing on the matter;
- (ii) Submit a written statement, with or without supporting documentation, for inclusion in the record;
- (iii) Waive a hearing and submission of a written statement and have the matter forwarded immediately to the Under Secretary for Memorial Affairs for a finding; or
- (iv) Notify the cemetery director that the personal representative is withdrawing the request for interment or memorialization, thereby, closing the claim.

(3) The notice of procedural options will also inform the personal representative that, if he or she does not exercise one or more of the stated options within the prescribed period, the matter will be forwarded to the Under Secretary for Memorial Affairs for a finding based on the existing record.

(d) *Hearing.* If a hearing is requested, the Director, Memorial Services Network will conduct the hearing. The purpose of the hearing is to permit the personal representative of the deceased to present evidence concerning whether the deceased committed a crime which would render the deceased ineligible for interment or memorialization in a national cemetery. Testimony at the hearing will be presented under oath, and the personal representative will have the right to representation by counsel and the right to call witnesses. The VA official conducting the hearing will have the authority to administer oaths. The hearing will be conducted in an informal manner and court rules of evidence will not apply. The hearing will be recorded on audiotape and, un-

less the personal representative waives transcription, a transcript of the hearing will be produced and included in the record.

(e) *Decision of approval or referral for a finding after a proceeding.* Following a hearing or the timely submission of a written statement, or in the event a hearing is waived or no hearing is requested and no written statement is submitted within the time specified:

(1) If the cemetery director determines that it has not been established by clear and convincing evidence that the deceased committed a Federal or State capital crime of which he or she was not convicted due to death or flight to avoid prosecution, and the deceased remains otherwise eligible, the cemetery director will make a decision approving interment or memorialization; or

(2) If the cemetery director believes that there is clear and convincing evidence that the deceased committed a Federal or State capital crime of which he or she was not convicted due to death or flight to avoid prosecution, the cemetery director will forward a request for a finding on that issue, together with the cemetery director's recommendation and a copy of the record to the Under Secretary for Memorial Affairs.

(f) *Finding by the Under Secretary for Memorial Affairs.* Upon receipt of a request from the cemetery director under paragraph (e) of this section, the Under Secretary for Memorial Affairs will make a finding concerning whether the deceased committed a Federal or State capital crime of which he or she was not convicted by reason of unavailability for trial due to death or flight to avoid prosecution. The finding will be based on consideration of the cemetery director's recommendation and the record supplied by the cemetery director.

(1) A finding that the deceased committed a crime referred to in paragraph (f) of this section must be based on clear and convincing evidence.

(2) The cemetery director will be provided with written notification of the finding of the Under Secretary for Memorial Affairs.

(g) *Decision after finding.* Upon receipt of notification of the finding of the

Under Secretary for Memorial Affairs, the cemetery director will make a decision on the request for interment or memorialization pursuant to 38 U.S.C. 2411. In making that decision, the cemetery director will be bound by the finding of the Under Secretary for Memorial Affairs.

(h) *Notice of decision.* The cemetery director will provide written notice of the finding of the Under Secretary for Memorial Affairs and of a decision under paragraph (b), (e)(1), or (g) of this section. With notice of any decision denying a request for interment or memorialization, the cemetery director will provide written notice of appellate rights to the personal representative of the deceased, in accordance with § 19.25 of this title. This will include notice of the opportunity to file a notice of disagreement with the decision of the cemetery director and the finding of the Under Secretary for Memorial Affairs. Action following receipt of a notice of disagreement with a denial of eligibility for interment or memorialization under this section will be in accordance with §§ 19.26 through 19.38 of this title.

Disinterment will be permitted only for cogent reasons and with the prior written authorization of the National Cemetery Area Office Director or Cemetery Director responsible for the cemetery involved. For purposes of this section, "immediate family members" are defined as surviving spouse, whether or not he or she is remarried; all adult children of the decedent; the appointed guardian(s) of minor children; and the appointed guardian(s) of the surviving spouse or of the adult child(ren) of the decedent. **§ 1.629 Monetary allowance in lieu of a Government-furnished outer burial receptacle.**

(a) *Definitions—Outer burial receptacle.* For purposes of this section, an outer burial receptacle means a graveliner, burial vault, or other similar type of container for a casket.

(b) *Purpose.* This section provides for payment of a monetary allowance for an outer burial receptacle for any interment in a VA national cemetery where a privately-purchased outer burial receptacle has been used in lieu of a Government-furnished graveliner.

(c) *Second interments.* In burials where a casket already exists in a grave with or without a graveliner, placement of a second casket in an outer burial receptacle will not be permitted in the same

## Department of Veterans Affairs

## § 1.630

grave unless the national cemetery director determines that the already interred casket will not be damaged.

(d) *Payment of monetary allowance.* VA will pay a monetary allowance for each burial in a VA national cemetery where a privately-purchased outer burial receptacle was used on and after October 9, 1996. For burials on and after January 1, 2000, the person identified in records contained in the National Cemetery Administration Burial Operations Support System as the person who privately purchased the outer burial receptacle will be paid the monetary allowance. For burials during the period October 9, 1996 through December 31, 1999, the allowance will be paid to the person identified as the next of kin in records contained in the National Cemetery Administration Burial Operations Support System based on the presumption that such person privately purchased the outer burial receptacle (however, if a person who is not listed as the next of kin provides evidence that he or she privately purchased the outer burial receptacle, the allowance will be paid instead to that person). No application is required to receive payment of a monetary allowance.

(e) *Amount of the allowance.* (1) For calendar year 2000 and each calendar year thereafter, the allowance will be the average cost, as determined by VA, of Government-furnished graveliners, less the administrative costs incurred by VA in processing and paying the allowance.

(i) The average cost of Government-furnished graveliners will be based upon the actual average cost to the Government of such graveliners during the most recent fiscal year ending prior to the start of the calendar year for which the amount of the allowance will be used. This average cost will be determined by taking VA's total cost during that fiscal year for single-depth graveliners which were procured for placement at the time of interment and dividing it by the total number of such graveliners procured by VA during that fiscal year. The calculation shall exclude both graveliners procured and pre-placed in gravesites as part of cemetery gravesite development

projects and all double-depth graveliners.

(ii) The administrative costs incurred by VA will consist of those costs that relate to processing and paying an allowance, as determined by VA, for the calendar year ending prior to the start of the calendar year for which the amount of the allowance will be used.

(2) For calendar year 2000 and each calendar year thereafter, the amount of the allowance for each calendar year will be published in the "Notices" section of the FEDERAL REGISTER. The FEDERAL REGISTER Notice will also provide, as information, the determined average cost of Government-furnished graveliners and the determined amount of the administrative costs to be deducted.

(3) The published allowance amount for interments which occur during calendar year 2000 will also be used for payment of any allowances for interments which occurred during the period from October 9, 1996 through December 31, 1999.

(4) Documentary evidence—Official documents, records, or correspondence signed by an Armed Services branch historical center representative attesting to the accuracy of the evidence.

(b) The Secretary may furnish at government expense a group memorial monument upon request of next of kin. The group memorial monument will commemorate two or more identified

(c) A group memorial monument furnished by VA may be placed only in a national cemetery in an area reserved for such purpose. If a group memorial monument has already been provided under this regulation or by any governmental body, e.g., the American Battle Monuments Commission, to commemorate the dead from a common military event, an additional group memorial monument will not be provided by VA for the same purpose.

(d) Application for a group memorial monument shall be submitted in a manner specified by the Secretary. Evidence used to establish and determine eligibility for a group memorial monument will conform to paragraph (a)(4) of this section.

#### ADMINISTRATIVE CONTROL OF FUNDS

SOURCE: 48 FR 30622, July 5, 1983, unless otherwise noted.

### § 1.670 Purpose.

The following regulations establish a system of administrative controls for all appropriations and funds available to the Department of Veterans Affairs to accomplish the following purposes:

(a) Establish an administrative subdivision of controls to restrict obligations and expenditures against each appropriation or fund to the amount of the apportionment or the reapportionment; and

(b) Fix responsibility for the control of appropriations or funds to high level officials who bear the responsibility for apportionment or reapportionment control.

(Authority: 31 U.S.C. 1514)

### § 1.671 Definitions.

For the purpose of §§ 1.670 through 1.673, the following definitions apply:

**§ 1.672**

(a) *Administrative subdivision of funds.* An administrative subdivision of funds is any administrative subdivision of an appropriation or fund which makes funds available in a specified amount for the purpose of controlling apportionments or reapportionments.

(b) *Allotment.* An allotment is an authorization by the Director, Office of Budget and Finance, to department and staff office heads (allottees) to incur obligations within specified amounts, during a specified period, pursuant to an Office of Management and Budget apportionment or reapportionment action. The creation of an obligation in excess of an allotment is a violation of the administrative subdivision of funds.

(c) *Allowance.* An allowance is a subdivision below the allotment level, and is a guideline which may be issued by department or staff office heads (allottees) to facility directors and other officials, showing the expenditure pattern or operating budget they will be expected to follow in light of the program activities contemplated by the overall VA budget or plan of expenditure. The creation of an obligation in excess of an allowance is not a violation of the administrative subdivision of funds.

(Authority: 31 U.S.C. 1514)

**§ 1.672 Responsibilities.**

(a) The issuance of an allotment to the administration and staff office heads (allottees) is required and is the responsibility of the Director, Office of Budget and Finance. The sum of such allotments shall not be in excess of the amount indicated in the apportionment or reapportionment document.

(b) The issuance of an allowance is discretionary with department or staff office heads (allottees), as an allowance is merely a management device which allottees may utilize in carrying out their responsibilities. Allottees are responsible for keeping obligations within the amounts of their allotments, whether allowances are issued or not.

(c) The Director, Office of Budget and Finance, is responsible for requesting apportionments and reapportionments

**38 CFR Ch. I (7-1-03 Edition)**

from the Office of Management and Budget. Administration and staff heads shall promptly request that an appropriation or fund be reapportioned if feasible whenever it appears that obligations may exceed the level of the apportionment.

(Authority: 31 U.S.C. 1514)

**§ 1.673 Responsibility for violations of the administrative subdivision of funds.**

(a) In the event an allotment or an apportionment is exceeded except in the circumstances described in paragraph (b) of this section, the following factors will be considered in determining which official, or officials, are responsible for the violation.

(1) Knowledge of circumstances which could lead to an allotment or apportionment being exceeded;

(2) Whether the official had received explicit instructions to continue or cease incurring obligations;

(3) Whether any action was taken in contravention of or with disregard for, instructions to monitor obligations incurred;

(4) Whether the official had the authority to curtail obligations by directing a change in the manner of operations of the department or staff office; or

(5) Any other facts which tend to fix the responsibility for the obligations which resulted in the allotment or apportionment being exceeded.

(b) In the event that the sum of the allotments made in a particular fiscal year exceeds the amount apportioned by the Office of Management and Budget, and the apportionment is subsequently exceeded because of this action, the official who made the excess allotments will be the official responsible for the violation.

### APPEALS FROM DECISIONS OF CONTRACTING OFFICERS UNDER THE CONTRACT DISPUTES ACT OF 1978

AUTHORITY: Sections 1.780 through 1.783 issued under 41 U.S.C. 601-613, 38 U.S.C. 501.

SOURCE: 47 FR 12340, Mar. 23, 1982, unless otherwise noted.

#### § 1.780 Board of Contract Appeals—jurisdiction.

The Department of Veterans Affairs Board of Contract Appeals (referred to in §§ 1.780 through 1.783 as the *Board*) shall consider and determine appeals from decisions of contracting officers pursuant to the Contract Disputes Act of 1978 (41 U.S.C. 601-613) relating to contracts made by (a) the Department of Veterans Affairs or (b) any other executive agency when such agency or the Administrator for Federal Procurement Policy has designated the Board to decide the appeal.

[47 FR 12340, Mar. 23, 1982, as amended at 54 FR 34980, Aug. 23, 1989]

#### § 1.781 Organization and address of the Board.

(a) The Board consists of a Chair, Vice Chair, and other members, all of whom are attorneys at law duly licensed by any State, commonwealth, territory, or the District of Columbia. In general, the appeals are assigned to a panel of at least 3 members who decide the case by a majority vote. Board Members are designated Administrative Judges.

(b) The Board's mailing address is 810 Vermont Avenue, NW., Washington, DC 20420.

#### § 1.782 Policy and procedure.

(a) *Rules of procedure.* Appeals to the Board are processed in accordance with Rules of Procedure adopted by the Board in compliance with the guidelines issued by the Office of Federal Procurement Policy under the provisions of the Contract Disputes Act of 1978 (41 U.S.C. 601, 607(h)). There is no

further administrative appeal within the Department of Veterans Affairs from final decisions rendered by the Board.

(b) *Application and interpretation of rules.* It is impracticable to articulate a rule to fit every possible circumstance which may be encountered. The rules, therefore, are applied and interpreted to provide, to the fullest extent practicable, informal expeditious, and inexpensive resolution of disputes. For that purpose, the Board is authorized to require contracting officers and other Department of Veterans Affairs officials to furnish the Board with such information, technical data, and other assistance as the Board may require in the performance of its duties.

#### § 1.783 Rules of the Board.

(a) *Rule 1; appeals from final decisions and requests for final decisions—(1) Notice of appeal.* Notice of an appeal shall be in writing and mailed to or otherwise furnished the Board within 90 days from the date of receipt of a contracting officer's final decision. A copy thereof shall be furnished the contracting officer from whose decision the appeal is taken.

(2) *Failure to issue a final decision.* (i) Where the contractor has submitted a claim of \$50,000 or less to the contracting officer and, in writing, has requested a decision within 60 days from receipt of the request, and the contracting officer has not done so, the contractor may file a notice of appeal as provided in paragraph (a)(1) of this section, citing the failure of the contracting officer to issue a decision.

(ii) Where the contractor has submitted a properly certified claim in excess of \$50,000 to the contracting officer, or pursuant to the Disputes Clause, has requested a decision by the contracting officer which presently involves no monetary amount, and the contracting officer has failed to issue a decision within a reasonable time, taking into account such factors as the size and complexity of the claim, the contractor may file a notice of appeal as provided in paragraph (a)(1) of this section, citing the failure of the contracting officer to issue a decision.

(3) *Stay of proceedings.* Upon the docking of an appeal filed pursuant to the

provisions of paragraph (a)(2) of this section, the Board may, at its option, stay further proceedings pending issuance of a final decision by the contracting officer within such period of time as determined by the Board.

(4) *Request for final decision.* In lieu of filing a notice of appeal under paragraph(a)(2) of this section, the contractor, in the event of undue delay or refusal on the part of the contracting officer, may request that the Board direct the contracting officer to issue a decision in a specified period of time, as determined by the Board.

(b) *Rule 2; notice of appeal, contents of.* A notice of appeal should indicate that an appeal is being taken and should identify the contract by number, the department, agency, or bureau involved in the dispute, the decision from which the appeal is taken, and the amount in dispute, if known. The notice of appeal should be signed by the appellant (the contractor taking the appeal) or by the appellant's duly authorized representative or attorney. The complaint referred to in paragraph (f) of this section (Rule 6) may be filed with the notice of appeal, or the appellant may designate the notice of appeal as a complaint, if it otherwise fulfills the requirements of a complaint.

(c) *Rule 3; docketing of appeals.* When a notice of appeal in any form has been received by the Board, it shall be docketed promptly. Notice in writing shall be given to the appellant with a copy of §§1.780 through 1.783 and to the contracting officer.

(d) *Rule 4; preparation, content, organization, forwarding, and status of appeal file—(1) Duties of contracting officer.* Within 30 days of receipt of notice that an appeal has been filed, the contracting officer shall assemble and transmit to the Board through the Office of General Counsel an appeal file consisting of all documents pertinent to the appeal, including:

- (i) The decision from which the appeal is taken;
- (ii) The contract, including specifications and pertinent amendments, plans, and drawings;
- (iii) All correspondence between the parties relevant to the appeal, including the letter or letters of claim in re-

sponse to which the decision was issued;

(iv) Transcripts of any testimony taken during the course of proceedings, and affidavits or statements of any witnesses on the matter in dispute made prior to the filing of the notice of appeal with the Board; and

(v) Any additional information considered relevant to the appeal.

Within the same time above specified, the Office of General Counsel shall furnish the appellant a copy of each document transmitted to the Board, except those in paragraph (d)(1)(ii) of this section. As to the latter, a list furnished appellant indicating specific contractual documents transmitted will suffice.

(2) *Duties of the appellant.* Within 30 days after receipt of a copy of the appeal file assembled by the contracting officer, the appellant shall transmit to the Board any documents not contained therein which are considered to be relevant to the appeal, and shall furnish two copies of such documents to the government trial attorney.

(3) *Organization of appeal file.* Documents in the appeal file may be originals or legible facsimiles or authenticated copies, and shall be arranged in chronological order where practicable, numbered sequentially, tabbed, and indexed to identify the contents of the file.

(4) *Lengthy documents.* Upon request by either party the Board may waive the requirement to furnish to the other party copies of bulky, lengthy, or out-of-size documents in the appeal file when it would be burdensome to do so. At the time a party files with the Board a document as to which such a waiver has been granted the party shall notify the other party that the document or a copy thereof is available for inspection at the office of the Board or of the party filing same.

(5) *Status of documents in appeal file.* Documents contained in the appeal file are considered, without further action by the parties, as part of the record upon which the Board will render its decision. However, a party may object, for reasons stated, to consideration of a particular document or documents reasonably in advance of hearing or, if there is no hearing, of settling the

record. If such objection is made the Board shall remove the document or documents from the appeal file and permit the party offering the document to move its admission as evidence in accordance with paragraphs (m) and (t) of this section (Rules 13 and 20).

(6) *Dispensing with appeal file requirements.* Notwithstanding the provisions of paragraph (d)(1) through (5) of this section, the filing of the documents in paragraph (d)(1) and (2) of this section may be dispensed with by the Board either upon request of the appellant in the notice of appeal or thereafter upon stipulation of the parties.

(e) *Rule 5; dismissal for lack of jurisdiction.* Any motion addressed to the jurisdiction of the Board shall be promptly filed. Hearing on the motion shall be afforded on application of either party. However, the Board may defer its decision on the motion pending hearing on both the merits and the motion. The Board shall have the right at any time and on its own initiative to raise the issue of its jurisdiction to proceed with a particular case, and shall do so by an appropriate order, affording the parties an opportunity to be heard thereon.

(f) *Rule 6; pleadings and motions—(1) Appellant.* Within 30 days after receipt of notice of docketing of the appeal, the appellant shall file with the Board an original and two copies of a complaint setting forth simple, concise, and direct statements of each of its claims. Appellant shall also set forth the basis, with appropriate reference to contract provisions, of each claim and the dollar amount claimed, to the extent known. This pleading shall fulfill the generally recognized requirements of a complaint, although no particular form is required. Upon receipt of the complaint, the Board shall serve a copy of it upon the Government. Should the complaint not be received within 30 days, appellant's claim and appeal may, if in the opinion of the Board the issues before the Board are sufficiently defined, be deemed to set forth its complaint and the Government shall be so notified.

(2) *Government.* Within 30 days from receipt of the complaint, or the aforesaid notice from the Board, the Government shall prepare and file with the Board an original and two copies of an

answer thereto. The answer shall set forth simple, concise, and direct statements of the Government's defenses to each claim asserted by appellant, including any affirmative defenses available. Upon receipt of the answer, the Board shall serve a copy upon appellant. Should the answer not be received within 30 days, the Board may, in its discretion, enter a general denial on behalf of the Government, and the appellant shall be so notified.

(3) *Motions.* The Board may entertain and rule upon appropriate motions.

(g) *Rule 7; amendments of pleadings or record—(1) More definite statement and reply.* The Board, upon its own initiative or upon application by a party, may order a party to make a more definite statement of the complaint or answer, or to reply to an answer.

(2) *Amendments.* The Board may, in its discretion, and within the proper scope of the appeal, permit either party to amend its pleadings upon conditions fair to both parties. When issues within the proper scope of the appeal, but not raised by the pleadings, are tried by express or implied consent of the parties, or by permission of the Board, they shall be treated in all respects as if they had been raised therein. In such instances, motions to amend the pleadings to conform to the proof may be entered, but are not required. If evidence is objected to at a hearing on the ground that it is not within the issues raised by the pleadings, it may be admitted within the proper scope of the appeal, provided, however, that the objecting party may be granted a continuance if necessary to enable that party to meet such evidence.

(h) *Rule 8; hearing election.* After filing of the Government's answer or notice from the Board that it has entered a general denial on behalf of the Government, each party shall advise whether it elects a hearing, as prescribed in paragraphs (q) through (y) of this section (Rules 17 through 25), or whether it elects to submit its case on the record without a hearing, as prescribed in paragraph (k) of this section (Rule 11).

(i) *Rule 9; prehearing briefs.* Based on an examination of the pleadings, and its determination of whether the arguments and authorities addressed to the

issues are adequately set forth therein, the Board may, in its discretion, require the parties to submit prehearing briefs in any case in which a hearing has been elected pursuant to paragraph (h) of this section (Rule 8). If the Board does not require prehearing briefs, either party may, upon appropriate and sufficient notice to the other party, furnish a prehearing brief to the Board. In any case where a prehearing brief is submitted, it shall be filed with the Board at least 15 days prior to the date set for hearing, and a copy simultaneously furnished to the other party.

(j) *Rule 10; prehearing or presubmission conference.* (1) Whether the case is to be submitted pursuant to paragraph (k) of this section (Rule 11), or heard pursuant to paragraphs (q) through (y) of this section (Rules 17 through 25), the Board may, upon its own initiative, or upon the application of either party, arrange a telephone conference or require the parties to appear before an Administrative Judge or examiner of the Board for a conference to consider:

- (i) Simplification, clarification, or severance of the issues;
- (ii) The possibility of obtaining stipulations, admissions, agreements, and rulings on admissibility of documents, understandings on matters already of record, or similar agreements that will avoid unnecessary proof;
- (iii) Agreements and rulings to facilitate discovery;
- (iv) Limitation of the number of expert witnesses, or avoidance of similar cumulative evidence;
- (v) The possibility of agreement disposing of any or all of the issues in dispute; and
- (vi) Such other matters as may aid in the disposition of the appeal.

(2) The Administrative Judge or examiner of the Board shall make such rulings and orders as may be appropriate to achieve settlement by agreement of the parties or to aid in the disposition of the appeal. The results of pretrial conferences, including any rulings and orders, shall be reduced to writing by the Administrative Judge or examiner and this writing shall thereafter constitute a part of the record.

(k) *Rule 11; submission without a hearing.* Either party may elect to waive a hearing and submit its case upon the

record as settled pursuant to paragraph (m) of this section (Rule 13). Submission of a case without hearing does not relieve the parties from the necessity of proving the facts supporting their allegations or defenses. In accordance with paragraph (m) of this section (Rule 13), affidavits, depositions, admissions, answers to interrogatories, and stipulations may be employed to supplement other documentary evidence in the record. The Board may permit such submissions to be supplemented by oral argument (transcribed, if requested), and by briefs filed in accordance with paragraph (w) of this section (Rule 23).

(l) *Rule 12; optional small claims (expedited) and accelerated procedures.* These procedures are available solely at the election of the appellant.

(1) 12.1 *Elections to utilize small claims (expedited) and accelerated procedures.* (i) In appeals where the amount in dispute is \$50,000 or less, the appellant may elect to have the appeal processed under a small claims (expedited) procedure requiring decision of the appeal, whenever possible, within 120 days after the Board receives written notice of the appellant's election. The details of this procedure appear in paragraph (1)(2) of this section (rule 12). An appellant may elect the accelerated procedure set forth in paragraph (1)(3) of this section (Rule 12) in any appeal eligible for small claims (expedited) procedure.

(ii) In appeals where the amount in dispute is \$100,000 or less, the appellant may elect to have the appeal processed under an accelerated procedure requiring decision of the appeal, whenever possible, within 180 days after the Board receives written notice of the appellant's election. The details of this procedure appear in paragraph (1)(3) of this section (Rule 12).

(iii) The appellant's election of either the small claims (expedited) procedure or the accelerated procedure may be made by written notice within 60 days after receipt of notice of docketing the appeal unless such period is extended by the Board for good cause. The election may not be withdrawn except with permission of the Board and for good cause.

(iv) In deciding whether the small claims (expedited) procedure or the accelerated procedure is applicable to a given appeal, the Board shall determine the amount in dispute.

(2) 12.2 *The small claims (expedited) procedure.* (i) In cases proceeding under the small claims (expedited) procedure, the following time periods shall apply:

(A) Within 10 days from the Government's first receipt from either the appellant or the Board of a copy of the appellant's notice of election of the small claims (expedited) procedure, the Government shall send the Board a copy of the contract, the contracting officer's final decision, and the appellant's claim letter or letters, if any; remaining documents required under paragraph (d) of this section (Rule 4) shall be submitted in accordance with times specified in that rule unless the Board otherwise directs;

(B) Within 15 days after the Board has acknowledged receipt of appellant's notice of election, the assigned Administrative Judge shall take the following actions, if feasible, in an informal meeting or a telephone conference with both parties: (1) Identify and simplify the issues; (2) establish a simplified procedure appropriate to the particular appeal involved; (3) determine whether either party wants a hearing and, if so, fix a time and place therefor; (4) require the Government to furnish all the additional documents relevant to the appeal; and (5) establish an expedited schedule for resolution of the appeal.

(ii) Pleadings, discovery, and other prehearing activity will be allowed only as consistent with the requirement to conduct the hearing on the date scheduled or, if no hearing is scheduled, to close the record on a date that will allow decisions within the 120-day limit. The Board, in its discretion, may impose shortened time periods for any actions prescribed or allowed under this section 1.783, as necessary to enable the Board to decide the appeal within the 120-day limit, allowing whatever time, up to 30 days, that the Board considers necessary for the preparation of the decision after closing the record and the filing of briefs, if any.

(iii) Written decisions by the Board in cases processed under the small claims (expedited) procedure will be brief and contain only summary findings of fact and conclusions. Decisions will be rendered for the Board by a single Administrative Judge. If there has been a hearing, the Administrative Judge presiding at the hearing may, in the judge's discretion, at the conclusion of the hearing and after entertaining such oral arguments as deemed appropriate, render on the record oral summary findings of fact, conclusions, and a decision of the appeal. Whenever such an oral decision is rendered, the Board will subsequently furnish the parties a typed copy of such oral decision for record and payment purposes and to establish the starting date for the period for filing a motion for reconsideration under paragraph (cc) of this section (Rule 29).

(iv) Decisions under this procedure shall have no value as precedent and, in the absence of fraud, shall be final and conclusive and may not be appealed or set aside.

(3) 12.3 *The accelerated procedure.* (i) In cases proceeding under the accelerated procedure, the parties are encouraged, to the extent possible consistent with adequate presentation of their factual and legal positions, to waive pleadings, discovery, and briefs. Pleadings, discovery, and other prehearing activity will be allowed only as consistent with the requirement to conduct the hearing on the date scheduled or, if no hearing is scheduled, to close the record on a date that will allow decision within the 180-day limit. The Board, in its discretion, may shorten time periods prescribed or allowed under this §1.783, as necessary to enable the Board to decide the appeal within 180 days after the Board has received the appellant's notice of election of the accelerated procedure, and may reserve 30 days for preparation of the decision.

(ii) Written decisions by the Board in cases processed under the accelerated procedure will normally be brief and contain only summary findings of fact and conclusions. Decisions will be rendered for the Board by a single Administrative Judge with the concurrence of the Chair, Vice Chair, or other designated Administrative Judge, or by a

majority among these two and an additional designated member in case of disagreement. Alternatively, in cases where the amount in dispute is \$10,000 or less as to which the accelerated procedure has been elected and in which there has been a hearing, the single Administrative Judge presiding at the hearing may, with the concurrence of both parties, at the conclusion of the hearing and after entertaining such oral arguments as deemed appropriate, render on the record oral summary findings of fact, conclusions, and a decision of the appeal. Whenever such an oral decision is rendered, the Board will subsequently furnish the parties a typed copy of such oral decision for record and payment purposes, and to establish the starting date for the period for filing a motion for reconsideration under paragraph (cc) of this section (Rule 29).

(4) 12.4 *Motions for reconsideration in cases under paragraph (l) of this section (Rule 12).* Motions for reconsideration of cases decided under either the small claims (expedited) procedure or the accelerated need not be decided within the original 120-day or 180-day limits, but all such motions shall be processed and decided rapidly so as to fulfill the intent of paragraph (l) of this section (Rule 12).

(m) *Rule 13; settling the record.* (1) The record upon which the Board's decision will be rendered consists of the documents furnished under paragraphs (d) and (l) of this section (Rules 4 and 12), to the extent admitted in evidence, and the following items, if any: pleadings prehearing conference memoranda or orders, prehearing briefs, depositions or interrogatories received in evidence, admissions, stipulations, transcripts of conferences and hearings, hearing exhibits, posthearing briefs, and documents which the Board has specifically designated be made a part of the record. The record will, at all reasonable times, be available for inspection by the parties at the office of the Board.

(2) Except as the Board may otherwise order in its discretion, no evidence shall be received after completion of an oral hearing or, in cases submitted on the record, after notification by the

Board that the case is ready for decision.

(3) The weight to be attached to any evidence of record will rest within the sound discretion of the Board. The Board may in any case require either party, with appropriate notice to the other party, to submit additional evidence on any matter relevant to the appeal.

(n) *Rule 14; discovery—depositions—(1) General policy and protective orders.* The parties are encouraged to engage in voluntary discovery procedures. In connection with any deposition or other discovery procedure, the Board may make any order required to protect a party or person from annoyance, embarrassment, or undue burden or expense. Such orders may include limitations on the scope, method, time and place for discovery, and provision for protecting the secrecy of confidential information or documents.

(2) *When depositions permitted.* After an appeal has been docketed and complaint filed, the parties may agree to, or the Board may order, upon application of either party, the taking of testimony of any person by deposition upon oral examination or written interrogatories before any officer authorized to administer oaths at the place of examination, for use as evidence or for purpose of discovery. The application for order shall specify whether the purpose of the deposition is discovery or for use as evidence.

(3) *Orders on depositions.* The time, place, and manner of taking depositions shall be as agreed upon by the parties or, failing such agreement, governed by order of the Board.

(4) *Use as evidence.* No testimony taken by deposition shall be considered as part of the evidence in the hearing of an appeal until such testimony is offered and received in evidence at such hearing. It will not ordinarily be received in evidence if the deponent is present and can testify at the hearing. In such instances, however, the deposition may be used to contradict or impeach the testimony of the deponent given at the hearing. In cases submitted on the record, the Board may, in its discretion, receive depositions to supplement the record.

(5) *Expenses.* Each party shall bear its own expenses associated with the taking of any deposition.

(6) *Subpoenas.* Where appropriate, a party may request the issuance of a subpoena under the provisions of paragraph (u) of this section (Rule 21).

(o) *Rule 15; interrogatories to parties, admissions of fact, and production and inspection of documents.* After an appeal has been docketed and complaint filed with the Board, a party may serve on the other party: (1) Written interrogatories to be answered separately in writing, signed under oath and answered or objected to within 30 days after service; (2) a request for the admission of specified facts and/or the authenticity of any documents, to be answered or objected to within 30 days after service, the factual statements and the authenticity of the documents to be deemed admitted upon failure of a party to respond to the request; and (3) a request for the production, inspection, and copying of any documents or objects, not privileged, which reasonably may lead to the discovery of admissible evidence, to be answered or objected to within 30 days after service. Any discovery engaged in under this rule shall be subject to the provisions of paragraph (n)(1) of this section (Rule 14(A)) with respect to general policy and protective orders, and paragraph (ii) of this section (Rule 35) with respect to sanctions.

(p) *Rule 16; service of papers other than subpoenas.* Papers shall be served personally or by mail, addressed to the party upon whom service is to be made. Copies of complaints, answers, replies, and briefs shall be filed directly with the Board for service. The party filing any other paper with the Board shall send a copy thereof to the opposing party, noting on the paper filed with the Board that a copy has been so furnished. Subpoenas shall be served as provided in paragraph (u) of this section (Rule 21).

(q) *Rule 17; hearings, where and when held.* Hearings will be held at such places determined by the Board to best serve the interests of the parties and the Board. Hearings will be scheduled at the discretion of the Board with due consideration to the regular order of appeals, requirements of paragraph (l)

of this section (Rule 12), and other pertinent factors. On request or motion by either party and for good cause, the Board may, in its discretion, adjust the date of a hearing.

(r) *Rule 18; notice of hearings.* The parties shall be given at least 15 days notice of the time and place set for hearings. In scheduling hearings, the Board will consider the desires of the parties and the requirement for just and inexpensive determination of appeals without unnecessary delay. Notices of hearing shall be promptly acknowledged by the parties.

(s) *Rule 19; unexcused absence of a party.* The unexcused absence of a party at the time and place set for hearing will not be occasion for delay. In the event of such absence, the hearing will proceed and the case will be regarded as submitted by the absent party as provided in paragraph (k) of this section (Rule 11).

(t) *Rule 20; hearings, nature of and examination of witnesses—(1) Nature of hearings.* Hearings shall be as informal as may be reasonable and appropriate under the circumstances. Appellant and respondent may offer such relevant evidence as they deem appropriate and as would be admissible under the Federal Rules of Evidence, subject, however, to the sound discretion of the presiding Administrative Judge or examiner in supervising the extent and manner of presentation of such evidence. In general, admissibility will depend on relevancy and materiality. Evidence which may not be admissible under the Federal Rules of Evidence may be admitted in the discretion of the presiding Administrative Judge or examiner. The weight to be attached to evidence presented in any particular form will be within the discretion of the Board. Stipulations of fact agreed upon by the parties may be regarded and used as evidence at the hearing. The parties may stipulate the testimony that would be given by a witness if the witness were present. The Board may in any case require evidence in addition to that offered by the parties.

(2) *Examination of witnesses.* Witnesses before the Board will be examined orally under oath or affirmation, unless the presiding Administrative Judge or examiner shall otherwise order. If the

testimony of a witness is not given under oath, the Board may advise the witness that his or her statements may be subject to the provisions of 18 U.S.C. 287 and 1001, and any other provision of law imposing penalties for knowingly making false representations in connection with claims against the United States or in any matter within the jurisdiction of any department or agency thereof.

(u) *Rule 21; subpoenas*—(1) *General.* Upon written request of either party filed with the Board, or on the Board's own initiative, the Administrative Judge to whom a case is assigned or who is otherwise designated by the Chair may issue a subpoena requiring:

(i) Testimony at a deposition—the deposing of a witness in the city or county where the witness resides or is employed or transacts business in person, or at another location convenient for the witness that is specifically determined by the Board;

(ii) Testimony at a hearing—the attendance of a witness for the purpose of taking testimony at a hearing; and

(iii) Production of books and papers—in addition to paragraph (u)(1)(i) or (ii) of this section, the production by the witness at the deposition or hearing of books and papers designated in the subpoena.

(2) *Voluntary cooperation.* Each party is expected (i) to cooperate and make available witnesses and evidence under its control as requested by the other party, without issuance of a subpoena, and (ii) to secure voluntary attendance of desired third-party witnesses and production of desired third-party books, papers, documents, or tangible things whenever possible.

(3) *Requests for subpoenas*—(i) A request for a subpoena shall normally be filed at least:

(A) 15 days before a scheduled deposition where the attendance of a witness at a deposition is sought;

(B) 30 days before a scheduled hearing where the attendance of a witness at a hearing is sought.

In its discretion, the Board may honor requests for subpoenas not made within these time limitations.

(ii) A request for a subpoena shall state the reasonable scope and general

relevance to the case of the testimony and of any books and papers sought.

(4) *Requests to quash or modify.* Upon written request by the person subpoenaed or by a party, made within 10 days after service but in any event not later than the time specified in the subpoena for compliance, the Board may (i) quash or modify the subpoena if it is unreasonable and oppressive or for other good cause shown, or (ii) require the person in whose behalf the subpoena was issued to advance the reasonable cost of producing subpoenaed books and papers. Where circumstances require, the Board may act upon such a request at any time after a copy has been served upon the opposing party.

(5) *Form; issuance*—(i) Every subpoena shall state the name of the Board and the title of the appeal, and shall command each person to whom it is directed to attend and give testimony and, if appropriate, to produce specified books and papers at a time and place therein specified. In issuing a subpoena to a requesting party, the Administrative Judge shall sign the subpoena and may, in his or her discretion, enter the name of the witness and otherwise leave it blank. The party to whom the subpoena is issued shall complete the subpoena before service.

(ii) Where the witness is located in a foreign country, a letter rogatory or subpoena may be issued and served under the circumstances and in the manner provided in 28 U.S.C. 1781-1784.

(6) *Service.* (i) The party requesting issuance of a subpoena shall arrange for service.

(ii) A subpoena requiring the attendance of a witness at a deposition or hearing may be served at any place. A subpoena may be served by a United States marshal or deputy marshal, or by any other person who is not a party and not less than 18 years of age. Service of a subpoena upon a person named therein shall be made by personally delivering a copy to that person and tendering the fees for one day's attendance and the mileage provided by 28 U.S.C. 1821 or other applicable law; however, where the subpoena is issued on behalf of the Government, money payments need not be tendered in advance of attendance.

(iii) The party at whose request a subpoena is issued shall be responsible for the payment of fees and mileage of the witness and of the officer who serves the subpoena. The failure to make payment of such charges on demand may be deemed by the Board as a sufficient ground for striking the testimony of the witness and the books or papers the witness has produced.

(7) *Contumacy or refusal to obey a subpoena.* In case of contumacy or refusal to obey a subpoena by a person who resides, is found, or transacts business within the jurisdiction of a United States District Court, the Board will apply to the Court through the Attorney General of the United States for an order requiring the person to appear before the Board or a member thereof to give testimony or produce evidence or both. Any failure of any such person to obey the order of the Court may be punished by the Court as a contempt thereof.

(v) *Rule 22; copies of papers.* When books, records, papers, or documents have been received in evidence, true copies thereof, or of such part thereof as may be material or relevant, may be substituted therefor, during the hearing or at the conclusion thereof.

(w) *Rule 23; posthearing briefs.* Posthearing briefs may be submitted upon such terms as may be agreed to by the parties and the presiding Administrative Judge or examiner at the conclusion of the hearing.

(x) *Rule 24; transcript of proceedings.* Testimony and argument at hearings shall be reported verbatim, unless the Board otherwise orders. Waiver of transcript may be especially suitable for hearings under paragraph (1)(2) of this section (Rule 12.2). Transcripts or copies of the proceedings shall be supplied to the parties at the actual cost of duplication.

(y) *Rule 25; withdrawal of exhibits.* After a decision has become final, the Board may, upon request and after notice to the other party, in its discretion, permit the withdrawal of original exhibits, or any part thereof, by the party entitled thereto. The substitution of true copies of exhibits or any part thereof may be required by the Board in its discretion as a condition of

granting permission for such withdrawal.

(z) *Rule 26; representation—the appellant.* An individual appellant may appear before the Board in person; a corporation by one of its officers; and a partnership or joint venture by one of its members; or any of these by an attorney at law duly licensed in any State, commonwealth, territory, the District of Columbia, or in a foreign country. An attorney representing an appellant shall file a written notice of appearance with the Board.

(aa) *Rule 27; representation—the government.* Government counsel may, in accordance with their authority, represent the interests of the Government before the Board. They shall file notices of appearance with the Board, and notice thereof will be given appellant or appellant's attorney in the form specified by the Board from time to time.

(bb) *Rule 28; decisions.* Decisions of the Board will be made in writing and authenticated copies of the decision will be forwarded simultaneously to both parties. The rules of the Board and all final orders and decisions (except those required for good cause to be held confidential and not cited as precedents) shall be open for public inspection at the office of the Board in Washington, DC. Decisions of the Board will be made solely upon the record, as described in paragraph (m) of this section (Rule 13).

(cc) *Rule 29; motions for reconsideration.* A motion for reconsideration may be filed by either party. It shall set forth specifically the grounds relied upon to support the motion. The motion shall be filed within 30 days from the date of the receipt of a copy of the decision of the Board by the party filing the motion.

(dd) *Rule 30; suspension and dismissal without prejudice.* Whenever appellant and the Government counsel are in agreement as to disposition of the controversy, the Board may suspend or terminate further processing of the appeal. If, thereafter, the Board is advised by either party that the controversy has not been disposed of by agreement, the case shall be restored to the Board's calendar without loss of position. In other cases where the

§ 1.891

Board is unable to proceed with disposition for reasons not within the control of the Board, an appeal may be placed in a suspense status. Where the suspension has continued, or may continue, for an inordinate length of time, the Board, in its discretion, may dismiss such appeal from its docket without prejudice to restoration when the cause of suspension has been removed. Unless either party or the Board acts within three years to reinstate any appeal dismissed without prejudice, the dismissal shall be deemed to be with prejudice.

(ee) *Rule 31; dismissal or default for failure to prosecute or defend.* Whenever a record discloses the failure of either party to file documents required by these rules, respond to notices or correspondence from the Board, comply with orders of the Board, or otherwise indicates an intention not to continue the prosecution or defense of an appeal, the Board may, in the case of a default by the appellant, issue an order to show cause why the appeal should not be dismissed or, in the case of a default by the Government, issue an order to show cause why the Board should not act thereon pursuant to paragraph (ii) of this section (Rule 35). If good cause is not shown, the Board may take appropriate action.

(ff) *Rule 32; remand from court.* Whenever any court remands a case to the Board for further proceedings, each of the parties shall, within 20 days of such remand, submit a report to the Board recommending procedures to be followed so as to comply with the court's order. The Board shall consider the reports and enter special orders governing the handling of the remanded case. To the extent the court's directive and time limitations permit, such orders shall conform to these rules.

(gg) *Rule 33; time, computation, and extensions.* (1) Where possible, procedural actions should be taken in less time than the maximum time allowed. Where appropriate and justified, however, extensions of time will be granted. All requests for extensions of time shall be in writing.

(2) In computing any period of time, the day of the event from which the designated period of time begins to run shall not be included, but the last day

of the period shall be included unless it is a Saturday, Sunday, or a legal holiday, in which event the period shall run to the end of the next business day.

(hh) *Rule 34; ex parte communications.* No member of the Board or of the Board's staff shall entertain, nor shall any person directly or indirectly involved in an appeal submit to the Board or the Board's staff, off the record, any evidence, explanation, analysis, or advice, whether written or oral, regarding any matter at issue in an appeal. This provision does not apply to consultation among Board members nor to ex parte communications concerning the Board's administrative functions or procedures.

(ii) *Rule 35; sanctions.* If any party fails or refuses to obey an order issued by the Board, the Board may make such order as it considers necessary to the just and expeditious conduct of the appeal.

(jj) *Rule 36; effective date and applicability.* These rules shall apply (1) mandatorily, to all appeals relating to contracts entered into on or after March 1, 1979, and (2) at the contractor's election, to appeals relating to earlier contracts, with respect to claims pending before the contracting officer on March 1, 1979 or initiated thereafter.

PART-TIME CAREER EMPLOYMENT PROGRAM

SOURCE: 44 FR 55172, Sept. 25, 1979, unless otherwise noted.

§ 1.891 Purpose of program.

Many individuals in society possess great productive potential which goes unrealized because they cannot meet the requirements of a standard workweek. Permanent part-time employment also provides benefits to other individuals in a variety of ways, such as providing older individuals with a gradual transition into retirement, providing employment opportunities to handicapped individuals or others who requires a reduced workweek, providing parents opportunities to balance family responsibilities with the need for additional income, and assisting

Criteria listed in § 1.892 may be used during these reviews. If a decision is made to convert to or to establish a part-time position, regular position management and classification procedures will be followed.

(Authority: 5 U.S.C. 3402)

### § 1.894 Annual goals and timetables.

An departmentwide plan for promoting part-time employment opportunities will be developed annually. This plan will establish annual goals and set interim and final deadlines for achieving these goals. This plan will be applicable throughout the agency, but may be supplemented by field facilities.

(Authority: 5 U.S.C. 3402)

### § 1.895 Review and evaluation.

STANDARDS FOR COLLECTION, COMPROMISE, SUSPENSION OR TERMINATION OF COLLECTION EFFORT, AND REFERRAL OF CIVIL CLAIMS FOR MONEY OR PROPERTY

AUTHORITY: Sections 1.900 to 1.906 issued under 72 Stat. 1114; 38 U.S.C. 501.

SOURCE: 32 FR 2613, Feb. 8, 1967, unless otherwise noted.

### § 1.900 Prescription of standards.

The instructions contained in §§ 1.900 through 1.954 are issued pursuant to the Federal Claims Collection Act (Pub. L. 89-508 and 97-365) and the joint regulations thereunder of the Comptroller General of the United States and the Attorney General of the United States, title 4, chapter II, Code of Federal Regulations. Except as provided in § 1.903, they constitute standards governing the Department of Veterans Affairs collection, compromise, suspension or termination of collection effort, and the referral to the General Accounting Office and the Department of Justice for litigation of civil claims by the Department of Veterans Affairs for money or property.

## § 1.901

## 38 CFR Ch. I (7-1-03 Edition)

### § 1.901 Omissions not a defense.

The standards set forth in §§ 1.900 through 1.954 shall apply to VA handling of civil claims for money and property but the failure of the agency to comply with any provision of the standards shall not be available as a defense for any debtor.

[52 FR 42105, Nov. 3, 1987]

### § 1.902 Fraud, antitrust and tax claims excluded.

(a) The standards set forth in §§ 1.900 through 1.954 do not apply to the handling of any claim as to which there is an indication of fraud, the presentation of a false claim, or misrepresentation on the part of the debtor or any other party having an interest in the claim, or to any claim based in whole or in part on violation of the antitrust laws. Only the Department of Justice has authority to compromise, suspend, or terminate collection action on such claims.

(b) Upon identification of a claim of any of the types described in paragraph (a) of this section (an indication of fraud, the presentation of a false claim, or misrepresentation on the part of the debtor or any other party having an interest in the claim), VA shall refer the matter promptly to the Department of Justice. At its discretion, the Department of Justice may determine that no action is warranted and return the claim to VA for further handling in accordance with §§ 1.900 through 1.954.

(c) VA has no authority to consider or compromise Federal tax claims, as to which differing exemptions, administrative considerations, enforcement considerations, and statutes apply.

(d) Sections 1.900 through 1.954 do not apply to claims between Federal agencies. VA shall attempt to resolve inter-agency claims by negotiation. Any unresolved claims shall be referred to the General Accounting Office (GAO) for final resolution.

[52 FR 42105, Nov. 3, 1987]

### § 1.903 Settlement, waiver, or compromise under other statutory or regulatory authority.

Nothing in §§ 1.900 through 1.954 is intended to preclude VA settlement,

waiver, or compromise of claims under statutes other than the Federal Claims Collection Act. See, e.g. 38 U.S.C. 3720(a)(4) and (5) and 5302(a) and 42 U.S.C. 2651-2653. Nor are §§ 1.900 through 1.954 intended to preclude Department of Veterans Affairs settlement, waiver, or compromise of claims under § 17.48(f) of this chapter for the cost of medical or hospital care furnished pursuant to § 17.47 (c)(1) or (d) of this chapter to persons who are entitled to hospital care or medical or surgical treatment or to reimbursement for all or part of the cost thereof by reason of "workmen's compensation" or "employer's liability" statutes, State or Federal; right to maintenance and cure in admiralty; or statutory or other relationships with third parties, giving rise to liability for damages because of negligence or other legal wrong.

[32 FR 2613, Feb. 8, 1967, as amended at 52 FR 42105, Nov. 3, 1987]

### § 1.904 Conversion claims.

The instructions contained in §§ 1.900 through 1.954 are directed primarily to the recovery of money on behalf of the Government and the circumstances in which the Department of Veterans Affairs may dispose of claims for less than the full amount. In addition, the Department of Veterans Affairs will assert demands for the return of specific property or the payment of its value in cases of conversion.

### § 1.905 Subdivision of claims not authorized.

Claims shall not be subdivided in order to avoid the monetary ceiling established by 31 U.S.C. 3711(a)(2). A debtor's liability arising from a particular transaction or contract shall be considered as a single claim in determining whether the claim is one of less than \$20,000, exclusive of interest and administrative costs, either for purposes of suspension or termination of collection action (§§ 1.940 through 1.943) or for determining the applicability of the \$20,000 limit with respect to compromise (§§ 1.930 through 1.938).

## § 1.911

### § 1.906 Required administrative proceedings.

Nothing contained in §§ 1.900 through 1.954 is intended to foreclose the right of any debtor to appeal or administrative hearing provided by statute, contract, or applicable Department of Veterans Affairs Regulation.

### § 1.907 Definitions.

(a) For the purpose of §§ 1.900 through 1.954, the terms *claims* and *debt* are synonymous and interchangeable. They refer to any amount of money or property which has been determined by an appropriate official of VA to be owed to the United States by any person, organization or entity, except another Federal agency.

(b) A debt is considered delinquent if it has not been paid by the date specified in the initial written notice of indebtedness or applicable contractual agreement, unless other satisfactory payment arrangements have been previously made. A debt is also considered delinquent if the debtor fails to satisfy obligations under a repayment agreement with VA.

(c) As used in §§ 1.900 through 1.954, *referral for litigation* means referral to the Department of Justice for appropriate legal actions, except in those specified instances where a case is referred to VA Regional Counsel for legal action.

### STANDARDS FOR COLLECTION OF CLAIMS

AUTHORITY: Sections 1.910 to 1.921 issued under 72 Stat. 1114; 38 U.S.C. 501.

SOURCE: 32 FR 2613, Feb. 8, 1967, unless otherwise noted.

### § 1.910 Aggressive collection action.

The Department of Veterans Affairs will take aggressive action, on a timely basis with effective followup, to collect all claims for money or property arising from its activities.

### § 1.911 Collection of debts owed by reason of participation in a benefits program.

(a) *Scope.* This section applies to the collection of debts resulting from an

individual's participation in a benefits program administered by the Department of Veterans Affairs. It does not apply to the Department's other claims collection activities. (Note: School liability debts are governed by § 21.4009; financial institution debts are subject to chapter II, parts 209, 210, and 240 of title 31, Code of Federal Regulations; and other debts are governed by part 102 of title 4 of the Code of Federal Regulations.)

(b) *Written demands.* When the Department of Veterans Affairs has determined that a debt exists by reason of an administrative decision or by operation of law, the Department of Veterans Affairs shall promptly demand, in writing, payment of the debt. The Department of Veterans Affairs shall notify the debtor of his or her rights and remedies in connection with the debt and the consequences of failure to cooperate with collection efforts. Ordinarily, no more than three demand letters, at intervals of not more than thirty days, will be sent, but letters subsequent to the initial letter will not be necessary if:

(1) The Secretary determines that further demand would be futile;

(2) The debtor has indicated in writing that he or she does not intend to pay the debt;

(3) Judicial action to protect the Government's interest is indicated under the circumstances; or

(4) Collection by offset pursuant to § 1.912a can be made.

(c) *Rights and remedies.* Subject to limitations referred to in this paragraph, the debtor has the right to informally dispute the existence or amount of the debt, to request waiver of collection of the debt, to a hearing on the waiver request, and to appeal the Department of Veterans Affairs decision underlying the debt. These rights can be exercised separately or simultaneously. Except as provided in § 1.912a (collection by offset), the exercise of any of these rights will not stay any collection proceeding.

(1) *Informal dispute.* This means that the debtor writes to the Department of Veterans Affairs and questions whether he or she owes the debt or whether the amount is accurate. The Department of Veterans Affairs will, as expeditiously

## § 1.912

## 38 CFR Ch. I (7-1-03 Edition)

as possible, review the accuracy of the debt determination. If the resolution is adverse to the debtor, he or she may also request waiver of collection as indicated in paragraphs (c)(2) and (3) of this section.

(2) *Request for waiver; hearing on request.* The debtor has the right to request waiver of collection, in accordance with § 1.963 or § 1.964, and the right to a hearing on the request. Requests for waivers must be filed in writing. A waiver request must be filed within the time limit set forth in 38 U.S.C. 5302. If waiver is granted, in whole or in part, the debtor has a right to refund of amounts already collected up to the amount waived.

(3) *Appeal.* The debtor may appeal, in accordance with part 19 of this title, the decision underlying the debt.

(d) *Notification.* The Department of Veterans Affairs shall notify the debtor in writing of the following:

- (1) The exact amount of the debt;
- (2) The specific reasons for the debt, in simple and concise language;
- (3) The rights and remedies described in paragraph (c) of this section, including a brief explanation of the concept of, and requirements for, waiver;
- (4) That collection may be made by offset from current or future Department of Veterans Affairs benefits, subject to § 1.912a; and
- (5) That interest and administrative costs may be assessed, in accordance with § 1.919, as appropriate.

(e) *Sufficiency of notification.* Notification is sufficient when sent by ordinary mail directed to the debtor's last known address and not returned as undeliverable by postal authorities.

(f) *Further explanation.* Further explanation may be found for—

- (1) Appellate rights, in part 19 of this title;
- (2) Notification of any decision affecting the payment of benefits or granting relief, in § 3.103(e);
- (3) Right to appeal a waiver decision, in § 1.958;
- (4) Refund to a successful waiver applicant of money already collected, in § 1.967; and

(5) The assessment of interest and administrative costs, in § 1.919.

### § 1.912 Collection by offset.

(a) *Authority and scope.* In accordance with part 102 of title 4 of the Code of Federal Regulations, VA shall collect debts by administrative offset from any payments made by VA to an individual indebted to VA. This section does not pertain to offset from either current salary or from benefit payments, but does apply to offset from all other VA payments, including an employee's final salary check and lump-sum leave payment. Procedures for offset from benefit payments and current salary are found in § 1.912a and §§ 1.980 through 1.994. NOTE: VA cannot offset or refer for the purpose of offset, either under the authority of this section or under any other authority found in §§ 1.900 through 1.954 and §§ 1.980 through 1.984, any debt described in 38 U.S.C. 3726 unless the requirements set forth in that section have been met.

(b) *Notification.* Prior to initiation of administrative offset, if not provided in the initial notice of indebtedness, VA is required to provide the debtor with written notice of:

- (1) The nature and amount of the debt;
- (2) VA's intention to pursue collection by offset procedures from the specified VA payment, the date of commencement of offset, and the exact amount to be offset;
- (3) The opportunity to inspect and copy VA records pertaining to the debt;
- (4) The right to contest either the existence or amount of the debt or the proposed offset schedule, or if applicable, to request a waiver of collection of the debt, or to request a hearing on any of these matters;
- (5) That commencement of offset will begin, unless the debtor makes a written request for the administrative relief discussed in paragraph (b)(4) of this section within 30 days of the date of this notice; and
- (6) The opportunity to enter into a written agreement with VA to repay the debt in lieu of offset.

(c) *Deferral of offset.* (1) If the debtor, within 30 days of the date of the notification required by paragraph (b) of this section, disputes in writing the existence or amount of the debt or the amount of the scheduled offset, offset shall not commence until the dispute is reviewed and a decision is rendered by VA adverse to the debtor.

(2) If the debtor, within 30 days of the date of the required notification by VA, requests in writing the waiver of collection of the debt in accordance with § 1.963 or § 1.964, offset shall not commence until VA has made an initial decision to deny the waiver request.

(3) If the debtor, within 30 days of the required notification by VA, requests in writing a hearing on the issues found in paragraphs (c)(1) and (2) of this section, offset shall not commence until a decision is rendered by VA on the issue which is the basis of the hearing.

(d) *Exceptions.* (1) Offset may commence prior to either resolution of a dispute or decision on a waiver request as discussed in paragraph (c) of this section, if collection of the debt would be jeopardized by deferral of offset. In such a case, notification pursuant to paragraph (b) of this section shall be made at the time offset begins or as soon thereafter as possible.

(2) If the United States has obtained a judgment against the debtor, offset may commence without the notification required by paragraph (b) of this section. However, a waiver request filed in accordance with the time limits and other requirements of § 1.963 or § 1.964 will be considered, even if filed after a judgment has been obtained against the debtor. If waiver is granted, in whole or in part, refund of amounts already collected will be made in accordance with § 1.967.

(e) *Hearing.* (1) After a debtor requests a hearing, VA shall notify the debtor of the form of the hearing to be provided; i.e., whether the hearing will either be oral or paper. If an oral hearing is determined to be proper by the hearing official, the notice shall set forth the date, time, and location of the hearing. If the hearing is to be a paper review, the debtor shall be noti-

fied that he or she should submit his or her position and arguments in writing to the hearing official by a specified date, after which the record shall be closed. This date shall give the debtor reasonable time to submit this information.

(2) Unless otherwise required by law, an oral hearing under this paragraph is not required to be a formal evidentiary type of hearing.

(3) A debtor who requests a hearing shall be provided an oral hearing if VA determines that the matter cannot be resolved by review of documentary evidence. Whenever an issue of credibility or veracity is involved, an oral hearing will always be provided the debtor. For example, the credibility or veracity of a debtor is always an issue whenever the debtor requests a waiver of collection of the debt. Thus, a hearing held in conjunction with a waiver request will always be an oral hearing. If a determination is made to provide an oral hearing, the hearing official may offer the debtor the opportunity for a hearing by telephone conference call. If this offer is rejected or if the hearing official declines to offer a telephone conference call, the debtor shall be provided an oral hearing permitting the personal appearance of the debtor, his or her personal representative, and witnesses. Witnesses shall testify under oath or affirmation.

(4) In all other cases where a debtor requests a hearing, a paper hearing shall be provided. The debtor shall be provided an opportunity to submit material for the record. A paper hearing shall consist of a review of the written evidence of record by the designated hearing official.

(f) When collecting multiple debts by administrative offset, VA will apply the recovered amounts to those debts in accordance with the best interests of the United States, as determined by the facts and circumstances of the particular case, paying special attention to applicable statutes of limitation. In accordance with 4 CFR 102.3(b)(3), VA may not initiate offset to collect a debt more than 10 years after VA's right to

### § 1.912a

collect the debt first accrued (with certain exceptions as explained in § 102.3(b)(3)).

#### § 1.912a Collection by offset—from VA benefit payments.

(a) *Authority and scope.* VA shall collect debts governed by § 1.911 of this part by offset against any current or future VA benefit payments to the debtor. Unless paragraphs (c) or (d) of this section apply, offset shall commence promptly after notification to the debtor as provided in paragraph (b) of this section. Certain military service debts shall be collected by offset against current or future compensation or pension benefit payments to the debtor under authority of 38 U.S.C. 5301(c), as provided in paragraph (e) of this section.

(b) *Notification.* Unless paragraph (d) of this section applies, offset shall not commence until the debtor has been notified in writing of the matters described in § 1.911a(c) and (d) and paragraph (c) of this section.

(c) *Deferral of offset.* (1) If the debtor, within thirty days of the date of the notification required by paragraph (b) of this section, disputes, in writing, the existence or amount of the debt in accordance with § 1.911a(c)(1), offset shall not commence until the dispute is reviewed as provided in § 1.911a(c)(1) and unless the resolution is adverse to the debtor.

(2) If the debtor, within thirty days of the date of notification required by paragraph (b) of this section, requests, in writing, waiver of collection in accordance with § 1.963 or § 1.964, as applicable, offset shall not commence until the Department of Veterans Affairs has made an initial decision on waiver.

(3) If the debtor, within thirty days of the notification required by paragraph (b) of this section, requests, in writing, a hearing on the waiver request, no decision shall be made on the waiver request until after the hearing has been held.

(d) *Exceptions.* Offset may commence prior to the resolution of a dispute or a decision on a waiver request if collection of the debt would be jeopardized

by deferral of offset. In such case, notification pursuant to § 1.911a(d) shall be made at the time offset begins or as soon thereafter as possible.

(Authority: 38 U.S.C. 5314, Ch. 37)

(e) *Offset of military service debts.* (1) In accordance with 38 U.S.C. 5301(c), VA shall collect by offset from any current or future compensation or pension benefits payable to a veteran under laws administered by VA, the uncollected portion of the amount of any indebtedness associated with the veteran's participation in a plan prescribed in subchapter I or II of 10 U.S.C. chapter 73.

(2) Offsets of a veteran's compensation or pension benefit payments to recoup indebtedness to the military services as described in paragraph (e)(1) of this section shall only be made by VA when the military service owed the debt has:

(i) Determined the amount of the indebtedness of the veteran;

(ii) Certified to VA that due process in accordance with the procedures prescribed in 31 U.S.C. 3716 have been provided to the veteran; and

(iii) Requested collection of the total debt amount due.

(3) Offset from any compensation or pension benefits under the authority of 38 U.S.C. 5301(c) shall not exceed 15% of the net monthly compensation or pension benefit payment. The net monthly compensation or pension benefit payment is defined as the authorized monthly compensation or pension benefit payment less all current deductions.

#### § 1.913 Personal interview with debtor.

The Department of Veterans Affairs will, to the extent feasible, undertake personal interviews whenever requested by debtors and in other cases having regard for the amounts involved and the proximity of agency representatives to the debtors.

## Department of Veterans Affairs

## § 1.917

### § 1.914 Contact with debtor's employing agency.

When a debtor of the Department of Veterans Affairs is employed by another agency of the Federal Government or is a member of the Military establishment or the Coast Guard and collection by offset cannot be accomplished in accordance with 5 U.S.C. 5514, the Department of Veterans Affairs will contact the employing agency in an effort to arrange with the debtor for payment of the indebtedness by allotment or otherwise in accordance with section 206 of Executive Order 11222 of May 8, 1965 (30 FR 6469; 3 CFR 1965 Supp., pp. 130, 131).

### § 1.915 Suspension or revocation of eligibility.

Demands on debtors who are lenders, contractors, brokers, or other participants in Department of Veterans Affairs programs will include notification that failure to pay their debts within a reasonable time may be cause for suspension or disqualification to the extent authorized by law. Nothing in this section is intended to be in derogation of the provisions of 38 U.S.C. 3704(b) and 3704(d) as implemented by §§ 36.4331 and 36.4361 of this chapter. The failure of any surety to honor its obligations in accordance with 6 U.S.C. 11 will be reported to the Treasury Department at once. Prompt and appropriate Department of Veterans Affairs action will be taken upon receipt of Treasury Department notification that a surety's certificate of authority to do business with the Federal Government has been revoked or forfeited.

### § 1.916 Liquidation of collateral.

VA will exercise its rights to liquidate security or collateral and apply the proceeds to debts due it through use of a power of sale in the security instrument or a non-judicial foreclosure if the debtor fails to pay his or her debt, within a reasonable time after demand, unless the cost of disposing of the collateral will be disproportionate to its value or the particular circumstances require judicial foreclosure. VA must provide the debtor with reasonable notice of the sale, and an accounting of any surplus proceeds, as well as notice of any other

procedures required by law or contract. Collection from other sources, including liquidation of security or collateral, is not a prerequisite to requiring payment by a surety or insurance company unless such action is expressly required by statute or contract.

(Authority: 31 U.S.C. 3711)

[52 FR 42106, Nov. 3, 1987]

### § 1.917 Collection in installments.

(a) Whenever feasible, and except as otherwise provided by law, debts owed to VA together with any interest and administrative costs assessed under § 1.919, shall be collected in full in one lump sum. Collection in one lump sum is applicable whether the debt is being collected by administrative offset or by another method, including voluntary payment. However, payments may be accepted in regular installments when the debtor is financially unable to pay the debt in one lump sum.

(b) In agreeing to accept regular installment payments to liquidate an outstanding indebtedness, VA shall obtain a legally enforceable written agreement from the debtor which specifies all of the terms of the agreement and which contains a provision accelerating the debt in the event that the debtor defaults. The size and frequency of installment payments should bear a reasonable relationship to the size of the debt and the debtor's ability to pay. If possible, the installment payments should be sufficient in size and frequency to liquidate the debt in not more than three years. Installment payments of less than \$50 per month shall be accepted only if justified on the grounds of financial hardship or for some other reasonable cause.

(c) If VA is holding an unsecured claim for administrative collection, it shall attempt to obtain from a debtor an executed confess-judgment note in States and jurisdictions where permitted, using Department of Justice Form 1, or another appropriate Department of Justice form, whenever the total amount of the deferred installments will exceed \$750. Such notes may also be sought when an unsecured obligation of a lesser amount is involved. When attempting to obtain confess-

## § 1.918

## 38 CFR Ch. I (7-1-03 Edition)

judgment notes, VA shall provide debtors with a written explanation of the consequences of signing the note, and shall maintain sufficient documentation to demonstrate that the debtor signed the note knowingly and voluntarily. Security for deferred payments, other than a confess-judgment note, may be accepted in appropriate cases. VA may accept installment payments even if the debtor refuses to execute a confess-judgment note or to give other security.

(d) If the debtor owes more than one debt and designates how a voluntary installment payment is to be applied as among these debts, that designation must be followed by VA. If the debtor does not designate the application of the payment, VA shall apply payments to the various debts in accordance with the best interests of the Government as determined by the facts and circumstances of the particular case, paying special attention to applicable statutes of limitations.

(Authority: 31 U.S.C. 3711)

[52 FR 42106, Nov. 3, 1987]

### § 1.918 Exploration of compromise.

VA will attempt to effect compromises, preferably during the course of personal interviews, in accordance with the standards set forth in §§ 1.930 through 1.938 in all cases in which it is ascertained that the debtor is financially unable to pay the full amount or in which the litigative risks or the costs of litigation dictate such action.

[52 FR 42107, Nov. 3, 1987]

### § 1.919 Interest.

(a) Except as otherwise provided by statute, contract, or other regulation to the contrary, VA shall assess:

(1) Interest on all indebtedness to the United States arising as a result of participation in VA benefit programs which are being paid in installments,

(2) Interest and administrative costs of collection on debts where repayment has become delinquent, and

(3) Interest, penalties, and administrative costs on all nonbenefit debts in accordance with 4 CFR 102.13.

(b) Every party entering into an agreement with the Department of Veterans Affairs for repayment of in-

debtedness in installments shall be advised of the interest charges to be added to the debt. All debtors being provided notice of indebtedness, including those entering into repayment agreements, shall be advised that upon the debt becoming delinquent, or in the case of repayment of already delinquent debts, interest and the administrative costs of collection will be added to the principal amount of the debt.

(c) The rate of interest charged by VA shall be based on the rate paid by the United States for its borrowing as published in the Treasury's Cash Management Regulations (ITFM 6-8000). The rate of interest shall be adjusted annually on the first day of the calendar year to reflect the average rate being charged in accordance with the Treasury's Cash Management Regulations. Once the rate of interest has been determined for a particular debt, the rate shall remain unchanged throughout the duration of repayment of that debt.

(d) Interest on amounts covered by § 1.919 shall accrue from the date the initial notice of the debt is mailed to the debtor. Notification shall be considered sufficient when effected by ordinary mail, addressed to the last known address, and such notice is not returned as undeliverable by postal authorities.

(e) Interest under this section shall not be charged if the debt is paid in full within 30 days of mailing of the initial notice described in paragraph (b) of this section. Once interest begins to accrue, and after expiration of the time period for payment of the debt in full to avoid assessment of interest and administrative costs, any amount received toward the payment of such debt shall be first applied to payment of outstanding administrative cost charges and then to accrued interest or costs, and then to principal, unless a different rule is prescribed by statute, contract, or other regulation.

(f) All or any part of the interest and administrative costs assessed under this section are subject to consideration for waiver under section 5302 of title 38 U.S.C., and appropriate administrative procedures.

(1) In general, interest and administrative costs may be waived only when

## Department of Veterans Affairs

## § 1.922

the principal of the debt on which they are assessed is waived by a Committee on Waivers and Compromises. However, VA may forbear collection of interest and administrative costs, exclusive of collection of the principal of the debt on which they are assessed, as well as terminate further assessment of interest and administrative costs when the collection of such interest and costs are determined to be not in the government's best interest. Collection of interest and administrative costs shall not be considered to be in the best interest of the government when the amount of assessed interest and administrative cost is so large that there is a reasonable certainty that the original debt will never be repaid. The determination to forbear collection of interest and administrative cost, exclusive of collection of the principal of the debt, shall be made by the Chief of the Fiscal activity at the station responsible for the collection of the debt. Such a determination is not within the jurisdiction of a Committee on Waivers and Compromises.

(2) When a debtor requests a waiver of collection of the indebtedness, interest and administrative costs shall not be assessed until either

(i) A Committee on Waivers and Compromises has considered the request and rendered an initial decision, or

(ii) The applicable time limit for requesting waiver, as stated in 38 U.S.C. 5302, has expired and the debtor, after notice in accordance with §1.911, has not made such a request. This subsection does not apply to debts resulting from participation in the loan program administered under chapter 37 of title 38 of the United States Code.

(Authority: 38 U.S.C. 5302, 5315)

(g) Administrative costs assessed under §1.919 shall be the average costs of collection of similar debts, or actual collection costs as may be accurately determined in the particular case. No administrative costs of collection will be assessed under §1.919 in any cases where the indebtedness is paid in full prior to the 30 day period specified in paragraph (e) of this section, or in any case where a repayment plan is proposed by the debtor and accepted by

the Department of Veterans Affairs within that period, unless such repayment agreement becomes delinquent.

### § 1.920 Documentation of collection action.

An appropriate file will be maintained for each claim completely documenting all Department of Veterans Affairs collection action and the basis for any compromise or for suspension or termination of collection action.

### § 1.921 Additional collection action.

Nothing in §§1.900 through 1.954 is intended to preclude the utilization of any other remedy available to the Department of Veterans Affairs.

### § 1.922 Disclosure of debt information to consumer reporting agencies (CRA).

(a) The Department of Veterans Affairs may disclose all information determined to be necessary, including the name, address, Department of Veterans Affairs file number, Social Security number, and date of birth, to consumer reporting agencies for the purpose of—

(1) Obtaining the location of an individual indebted to the United States as a result of participation in any benefits program administered by VA or indebted in any other manner to VA;

(2) Obtaining a consumer report in order to assess an individual's ability to repay a debt when such individual has failed to respond to the Department's demand for repayment or when such individual has notified the Department that he/she will not repay the indebtedness; or

(3) Obtaining the location of an individual in order to conduct program evaluation studies as required by 38 U.S.C. 527 or any other law.

(b) Information disclosed by the Department of Veterans Affairs under paragraph (a) of this section to consumer reporting agencies shall neither expressly nor implicitly indicate that an individual is indebted to the United States nor shall such information be

**§ 1.922**

**38 CFR Ch. I (7-1-03 Edition)**

recorded by consumer reporting agencies in a manner that reflects adversely upon the individual. Prior to disclosing this information, the Department of Veterans Affairs shall ascertain that consumer reporting agencies with which it contracts are able to comply with this requirement. The Department of Veterans Affairs shall also make reasonable efforts to insure compliance by its contractor with this requirement.

(c) Subject to the conditions set forth in paragraph (d) of this section, information concerning individuals may be disclosed to consumer reporting agencies for inclusion in consumer reports pertaining to the individual, or for the purpose of locating the individual. Disclosure of the fact of indebtedness will be made if the individual fails to respond in accordance with written demands for repayment, or refuses to repay a debt to the United States. In making any disclosure under this section, VA will provide consumer reporting agencies with sufficient information to identify the individual, including the individual's name, address, if known, date of birth, VA file number, and Social Security number.

(d)(1) Prior to releasing information under paragraph (c) of this section, the Department of Veterans Affairs will send a notice to the individual. This notice will inform the individual that—

(i) The Department of Veterans Affairs has determined that he or she is indebted to the Department of Veterans Affairs;

(ii) The debt is presently delinquent; and

(iii) The fact of delinquency may be reported to consumer reporting agencies after 30 days have elapsed from the date of the notice.

(2)(i) VA will notify each individual of the right to dispute the existence or amount of any debt in accordance with §§ 3.101(e) and 19.109, and to request a waiver of the debt in accordance with §§ 1.955 through 1.970 if applicable.

(ii) If the Department of Veterans Affairs has not previously notified the individual of the rights described in paragraph (d)(2)(i) of this section, the Department of Veterans Affairs will include this information in the notice described in paragraph (d)(1) of this section.

The individual shall be afforded a minimum of 30 days from the date of the notice to respond to it before information is reported to consumer reporting agencies.

(3) The Department of Veterans Affairs will defer reporting information to a consumer reporting agency if the individual disputes the existence or amount of any debt or requests waiver of the debt within the time limits set forth in paragraph (d)(2)(ii) of this section. The Department of Veterans Affairs will review any dispute and notify the individual of its findings. If the original decision is determined to be correct, or if the individual's request for waiver is denied, the Department of Veterans Affairs may report the fact of delinquency to a consumer reporting agency. However, the individual shall be afforded 30 days from date of the notice of the agency's determination to repay the debt.

(4) Nothing in this section affects an individual's right to appeal an agency decision to the Board of Veterans Appeals. However, information concerning the debt may be disclosed while an appeal is pending before the Board of Veterans Appeals.

(5) Upon request, the Department of Veterans Affairs will notify an individual—

(i) Whether information concerning a debt has been reported to consumer reporting agencies;

(ii) Of the name and address of each consumer reporting agency to which information has been released; and

(iii) Of the specific information released.

A notice of the right to request this information will be sent with the notice described in paragraph (d)(1) of this section.

(e) Subsequent to disclosure of information to consumer reporting agencies as described in paragraph (c) of this section, the Department of Veterans Affairs shall:

(1) Notify on a monthly basis each consumer reporting agency concerned of any substantial change in the status or amount of indebtedness.

(2) Promptly verify any and all information disclosed if so requested by the consumer reporting agency concerned.

## Department of Veterans Affairs

## § 1.923

(f) In the absence of a different rule prescribed by statute, contract, or other regulation, an indebtedness is considered delinquent if not paid by the individual by the date due specified in the notice of indebtedness, unless satisfactory arrangements are made by such date.

(g) Notification shall be considered sufficient when effected by ordinary mail, addressed to the last known address, and such notice is not returned as undeliverable by postal authorities.

(h) The Privacy Act (5 U.S.C. 552a) does not apply to any contract between the Department of Veterans Affairs and a consumer reporting agency, nor does it apply to a consumer reporting agency and its employees. See 38 U.S.C. 5701(i). This paragraph does not relieve the Department of Veterans Affairs of its obligation to comply with the Privacy Act.

(i) The term "consumer reporting agency" means any person or agency which, for monetary fees, dues, or on a cooperative nonprofit basis, regularly engages in whole or in part in the practice of assembling or evaluating consumer credit information or other information on consumers for the purpose of furnishing consumer reports to third parties or to other consumer reporting agencies. The term "consumer reporting agency" shall also mean any person or agency which serves as a marketing agent under arrangements enabling third parties to obtain such information from consumer reporting agencies, or which obtain such information for the purpose of furnishing it to consumer reporting agencies.

### § 1.923 Contracting for collection services.

(a) VA has authority to contract for collection services to recover delinquent debts, provided that:

(1) The authority to resolve disputes, compromise claims, suspend or terminate collection and refer the matter for litigation shall be retained by VA;

(2) The contractor shall be subject to 38 U.S.C. 5701, and to the Privacy Act of 1974, as amended, to the extent spec-

ified in 5 U.S.C. 552a(m), and to applicable Federal and State laws and regulations pertaining to debt collection practices, such as the Fair Debt Collection Practices Act, 15 U.S.C. 1692 *et seq.*

(3) The contractor shall be required to strictly account for all amounts collected;

(4) Upon returning an account to VA for subsequent referral to the Department of Justice for litigation, the contractor must agree to provide any data contained in its files relating to § 1.951.

(b) Funding of collection service contracts:

(1) VA may fund a collection service contract on a fixed-fee basis (i.e., payment of a fixed fee determined without regard to the amount actually collected under the contract). Payment of the fee under this type of contract must be charged to available appropriations;

(2) VA may also fund a collection service contract on a contingent-fee basis (i.e., by including a provision in the contract permitting the contractor to deduct its fee from amounts collected under the contract). The fee should be based upon a percentage of the amount collected, consistent with prevailing commercial practice;

(3) VA may enter into a contract under paragraph (b)(1) of this section only if and to the extent that funding for the contract is provided for in advance by an appropriation act or other legislation, except that this requirement does not apply to the use of a revolving fund authorized by statute;

(4) Except as authorized under paragraphs (b)(2) and (b)(5) of this section, or unless otherwise specifically provided by law, VA shall deposit all amounts recovered under collection service contracts for Loan Guaranty debts into the Loan Guaranty Revolving Fund, and for all other debts in the Treasury as miscellaneous receipts pursuant to 31 U.S.C. 3302.

(5) For benefit overpayments recovered under collection service contract, VA, pursuant to 31 U.S.C. 3302, shall deposit:

(i) Amounts equal to the original overpayments in the appropriations account from which the overpayments were made, and

(ii) Amount of interest or administrative costs in the Treasury as miscellaneous receipts.

### § 1.924 Use and disclosure of mailing addresses.

(a) When attempting to locate a debtor in order to collect or compromise a debt in accordance with §§ 1.900 through 1.954, VA may send a request to the Secretary of the Treasury, or his/her designee, in order to obtain the debtor's most current mailing address from the records of the Internal Revenue Service.

(b) VA may disclose a mailing address obtained under paragraph (a) of this section to other agents, including collection service contractors hired by VA, in order to facilitate the collection or compromise of debts. A mailing address obtained under paragraph (a) of this section may be disclosed to a consumer reporting agency under authority of § 1.922 only for the limited purpose of obtaining a commercial credit report on the particular taxpayer.

(c) VA will insure that procedures established under this section comply with the Privacy Act (5 U.S.C. 552a) and the provisions of 26 U.S.C. 6103(p)(4) and applicable regulations of the Internal Revenue Service.

### § 1.925 Administrative offset against amounts payable from Civil Service Retirement and Disability Fund, Federal Employees Retirement System (FERS), final salary check, and lump sum leave payments.

(a) Unless otherwise prohibited by law or regulation, VA may request that money which is due and payable to a debtor from either the Civil Service Retirement and Disability Fund or the Federal Employees Retirement System (FERS) be administratively offset in reasonable amounts in order to collect, in one full payment or a minimal number of payments, debts that are owed to VA by the debtor. Such requests shall be made to the appropriate officials at the Office of Personnel Management in accordance with such regulations pre-

scribed by the Director of that Office. See 5 CFR part 831, subpart R (§§ 831.1801 through 831.1808) and part 845, subpart O (§§ 845.401 through 845.408). In addition, VA may also offset against a Federal employee's final salary check and lump sum leave payment, unless they represent continuation of an offset against current salary initiated in accordance with §§ 1.980 through 1.994. See § 1.912 for procedures for offset against a final salary check and lump sum leave payment.

(b) When making a request to the Office of Personnel Management for administrative offset under paragraph (a) of this section, VA shall include a written certification that:

(1) The debtor owes VA a debt, including the amount of the debt;

(2) VA has complied with the applicable statutes, regulations, and procedures of the Office of Personnel Management; and

(3) VA has complied with §§ 1.911, 1.912, 1.912a, or 4 CFR 102.3 including any required hearing or review.

(c) Once VA decides to request administrative offset from the Civil Service Retirement and Disability Fund or Federal Employees Retirement System (FERS) under paragraph (a) of this section, it shall make the request as soon as possible after completion of the applicable procedures in order that the Office of Personnel Management may identify the debtor's account in anticipation of the time when the debtor requests or becomes eligible to receive payments from the Fund or FERS. This will satisfy any requirement that offset be initiated prior to expiration of the applicable statutes of limitations. At such time as the debtor makes a claim for payments from the Fund or FERS, if at least a year has elapsed since the offset request was originally made, the debtor should be permitted to offer a satisfactory repayment plan in lieu of offset upon establishing that such offset will create financial hardship.

(d) If VA collects all or part of the debt by other means before deductions are made or completed in accordance with paragraph (a) of this section, VA shall promptly act to modify or terminate its request for offset under paragraph (a) of this section.

## Department of Veterans Affairs

## § 1.928

(e) The Office of Personnel Management is neither required nor authorized by this section to review the merits of VA's determination with respect to the amount and validity of the debt waiver under 5 U.S.C. 5584 or 38 U.S.C. 5302, or providing or not providing an oral hearing.

### § 1.926 Referral of VA debts.

(a) When authorized, VA may refer an uncollectible debt to another Federal or State agency for the purpose of offsetting the debt from any payment, except salary, (see paragraph (e) of this section), made by such agency to the person indebted to VA.

(b) VA must certify in writing that the individual owes the debt, the amount and basis of the debt, the date on which payment became due, and the date VA's right to collect the debt first accrued.

(c) This certification will also state that VA provided the debtor with written notice of:

(1) The nature and amount of the debt;

(2) VA's intention to pursue collection by offset procedures;

(3) The opportunity to inspect and copy VA records pertaining to the debt;

(4) The right to contest both the existence and amount of the debt and to request a waiver of collection of the debt (if applicable), as well as the right to a hearing on both matters;

(5) The opportunity to enter into a written agreement with VA for the repayment of the debt; and

(6) Other applicable notices required by §§ 1.911, 1.912, and 1.912a.

(d) The written certification required by paragraphs (b) and (c) of this section will also contain (for all debts) a listing of all actions taken by both VA and the debtor subsequent to the notice, as well as the dates of such actions.

(e) The referral by VA of a VA debt to another agency for the purposes of

salary offset shall be done in accordance with 5 CFR 550.1106.

(Authority: 31 U.S.C. 3711)

[52 FR 42108, Nov. 3, 1987]

### § 1.927 Analysis of costs and prevention of debts.

(a) VA collection procedures should provide for periodic comparison of costs incurred and amounts collected. Data on costs and corresponding recovery rates for debts of different types and various dollar ranges should be used to compare the cost effectiveness of alternative collection procedures, establish guidelines with respect to points at which costs of further collection efforts are likely to exceed recoveries, assist in evaluating compromise offers, and establish minimum debt amounts below which collection efforts need not be taken. Costs and recovery data should also be useful in justifying adequate resources for an effective collection program, evaluating the feasibility and cost effectiveness of contracting for consumer reporting agencies' services (§ 1.922), collection services (§ 1.923), and for determining appropriate charges for administrative costs (§ 1.919).

(b) VA shall insure that adequate procedures are established which both identify the causes of overpayments, delinquencies, and defaults and also describe the actions necessary to correct such problems.

(Authority: 31 U.S.C. 3711 through 3719)

[52 FR 42109, Nov. 3, 1987]

### § 1.928 Exemptions.

(a) Sections 1.900 through 1.954 do not apply to debts arising under, or to payments made under, the Internal Revenue Code of 1954, as amended (26 U.S.C. 1 *et seq.*), the Social Security Act (42 U.S.C. 301 *et seq.*), or tariff laws of the United States. However, the remedies and procedures described in §§ 1.900 through 1.954 are still authorized with respect to debts which are exempt from the purview of the Debt Collection Act of 1982, to the extent that they are authorized under some other statute or common law.

## § 1.929

## 38 CFR Ch. I (7-1-03 Edition)

(b) This section shall not be construed as prohibiting the use of §§ 1.900 through 1.954 when VA attempts to collect debts owed to this agency by persons employed by the agencies administering the laws cited in paragraph (a) of this section.

### § 1.929 Reduction of debt through performance of work-study services.

(a) *Scope.* (1) Subject to the provisions of this section VA may allow an individual to reduce an indebtedness to the United States through offset of benefits to which the individual becomes entitled by performance of work-study services under 38 U.S.C. 3485 and 3537 when the debt arose by virtue of the individual's participation in a benefits program provided under any of the following:

- (i) 38 U.S.C. chapter 30;
- (ii) 38 U.S.C. chapter 31;
- (iii) 38 U.S.C. chapter 32;
- (iv) 38 U.S.C. chapter 34;
- (v) 38 U.S.C. chapter 35;
- (vi) 38 U.S.C. chapter 36 (other than an education loan provided under subpart F, part 21 of this title); or
- (vii) 10 U.S.C. chapter 1606 (other than an indebtedness arising from a refund penalty imposed under 10 U.S.C. 16135).

(2) This section shall not apply in any case in which the individual has a pending request for waiver of the debt under §§ 1.950 through 1.970.

(Authority: 38 U.S.C. 3485(e)(1); Pub. L. 102-16)

(b) *Selection criteria.* (1) If there are more candidates for a work-study allowance than there are work-study positions available in the area in which the services are to be performed, VA will give priority to the candidates who are pursuing a program of education or rehabilitation.

(2) Only after all candidates in the area described in paragraph (b)(1) of this section either have been given work-study contracts or have withdrawn their request for contracts will VA offer contracts to those who are not pursuing a program of education or rehabilitation and who wish to reduce

their indebtedness through performance of work-study services.

(3) VA shall not offer a contract to an individual who is receiving compensation from another source for the work-study services the individual wishes to perform.

(4) VA shall not offer a contract to an individual if VA determines that the debt can be collected through other means such as collection in a lump sum, collection in installments as provided in § 1.917 or compromise as provided in § 1.918.

(Authority: 38 U.S.C. 3485(e); Pub. L. 102-16)

(c) *Utilization.* The work-study services to be performed under a debt-liquidation contract will be limited as follows:

(1) If the individual is concurrently receiving educational assistance in a program administered by VA, work-study services are limited to those allowed in the educational program under which the individual is receiving benefits.

(2) If the individual is not concurrently receiving educational assistance in a program administered by VA, the individual may perform only those work-study services and activities which are or were open to those students receiving a work-study allowance while pursuing a program of education pursuant to the chapter under which the debt was incurred.

(Authority: 38 U.S.C. 3485(e); Pub. L. 102-16)

(d) *Contract to perform services.* (1) The work-study services performed to reduce indebtedness shall be performed pursuant to a contract between the individual and VA.

(2) The individual shall perform the work-study services required by the contract at the place or places designated by VA.

(3) The number of hours of services to be performed under the contract must be sufficient to enable the individual to become entitled to a sum large enough to liquidate the debt by offset.

(4) The number of weeks in the contract will not exceed the lesser of—

- (i) The number of weeks of services the individual needs to perform to liquidate his or her debt; or
- (ii) 52.

## Department of Veterans Affairs

## § 1.929

(5) In determining the number of hours per week and the number of weeks under paragraphs (d)(3) and (d)(4) of this section necessary to liquidate the debt, VA will use the amount of the account receivable, including all accrued interest, administrative costs and marshal fees outstanding on the date the contract is offered to the individual and all accrued interest, administrative costs and marshal fees VA estimates will have become outstanding on the debt on the date the debt is to be liquidated.

(6) The contract will automatically terminate after the total amount of the individual's indebtedness described in paragraph (d)(5) of this section has been recouped, waived, or otherwise liquidated. An individual performing work-study services under a contract to liquidate a debt is released from the contract if the debt is liquidated by other means.

(7) The contract to perform work-study services for the purpose of liquidating indebtedness will be terminated if:

(i) The individual is liquidating his or her debt under this section while receiving either an educational assistance allowance for further pursuit of a program of education or a subsistence allowance for further pursuit of a program of rehabilitation;

(ii) The individual terminates or reduces the rate of pursuit of his or her program of education or rehabilitation; and

(iii) The termination or reduction causes an account receivable as a debt owed by the individual.

(8) VA may terminate the contract at any time the individual fails to perform the services required by the contract in a satisfactory manner.

(Authority: 38 U.S.C. 3485(e), 7104(a); Pub. L. 102-16)

(e) *Reduction of indebtedness.* (1) In return for the individual's agreement to perform hours of services totaling not more than 40 times the number of weeks in the contract, VA will reduce the eligible person's outstanding indebtedness by an amount equal to the higher of—

(i) The hourly minimum wage in effect under section 6(a) of the Fair

Labor Standards Act of 1938 times the number of hours the individual works; or

(ii) The hourly minimum wage under comparable law of the State in which the services are performed times the number of hours the individual works.

(2) VA will reduce the individual's debt by the amount of the money earned for the performance of work-study services after the completion of each 50 hours of services (or in the case of any remaining hours required by the contract, the amount for those hours).

(Authority: 38 U.S.C. 3485(e); Pub. L. 102-16)

(f) *Suspension of collections by offset.* Notwithstanding the provisions of §1.912a, during the period covered by the work-study debt-liquidation contract with the individual, VA will ordinarily suspend the collection by offset of a debt described in paragraph (a)(1) of this section. However, the individual may voluntarily permit VA to collect part of the debt through offset against other benefits payable while the individual is performing work-study services. If the contract is terminated before its scheduled completion date, and the debt has not been liquidated, collection through offset against other benefits payable will resume on the date the contract terminates.

(Authority: 38 U.S.C. 3485(e); Pub. L. 102-16)

(g) *Payment for additional hours.* (1) If an individual, without fault on his or her part, performs work-study services for which payment may not be authorized, including services performed after termination of the contract, VA will pay the individual at the applicable hourly minimum wage for such services as the Director of the VA field station of jurisdiction determines were satisfactorily performed.

(2) The Director of the VA field station of jurisdiction shall determine whether the individual was without fault. In making this decision he or she shall consider all evidence of record and any additional evidence which the individual wishes to submit.

## § 1.930

### STANDARDS FOR COMPROMISE OF CLAIMS

AUTHORITY: Sections 1.930 to 1.937 issued under 72 Stat. 1114; 38 U.S.C. 501.

SOURCE: 32 FR 2614, Feb. 8, 1967, unless otherwise noted.

#### § 1.930 Scope and application.

(a) The standards set forth in §§ 1.930 through 1.938 apply to the compromise of claims in accordance with 31 U.S.C. 3711. VA may exercise such compromise authority where the claim owed to VA does not exceed \$100,000 exclusive of interest and other late payment charges. This \$100,000 limit does not apply to debts which arise out of participation in the loan program under chapter 37 of title 38 of the United States Code. The Comptroller General or his/her designee may exercise compromise authority with respect to claims referred to the General Accounting Office (GAO). Only the Comptroller General or his/her designee may compromise a claim that arises out of an exception made by GAO on account of an accountable officer, including a claim against the payer, prior to its referral by GAO to the Department of Justice for litigation.

(b) When the claim exceeds \$100,000, exclusive of interest and other late payment charges, the authority to accept a compromise offer rests solely with the Department of Justice. However, approval by the Department of Justice is not required if VA wishes to reject a compromise offer on a debt in excess of \$100,000. If VA believes that the compromise offer on a debt in excess of \$100,000 should be accepted, it shall refer the matter to the Department of Justice by using the Claims Collection Litigation Report (section 1.951). The referral should contain a written memorandum by the local Committee on Waivers and Compromises specifying the exact reason why it is believed that the compromise offer should be accepted. Both the Claims Collection Litigation Report and the Committee's memorandum should be sent to VA Central Office, Office of Financial Management, for sub-

sequent referral to the Department of Justice.

(Authority: 31 U.S.C. 3711)

[57 FR 47263, Oct. 15, 1992]

#### § 1.931 Inability to pay.

(a) A claim may be compromised by VA pursuant to §§ 1.930 through 1.938 if VA cannot collect the full amount of the debt because of:

(1) The debtor's inability to pay the full amount of the debt within a reasonable amount of time; or

(2) The refusal of the debtor to pay the claim in full and the inability of VA to collect the debt in full within a reasonable time by means of enforced collection.

(b) In determining the debtor's ability to pay, the following factors, among others, may be considered:

(1) Age and health of the debtor;

(2) Present and potential income;

(3) Inheritance prospects;

(4) The possibility that assets have been concealed or improperly transferred by the debtor; and

(5) The availability of assets or income which may be realized by means of enforced collection procedures.

(c) VA will give consideration to the applicable exemptions available to the debtor under various State and Federal laws in determining the ability to enforce collection. Uncertainty as to the price which collateral or other property will bring at a forced sale may be properly considered in determining the ability to enforce collection. A compromise effected under §§ 1.930 through 1.938 should be for an amount which bears a reasonable relation to the amount which can be recovered by enforced collection procedures, having regard for the exemptions available to the debtor and the time in which collection will take place.

(d) The payment of a compromise in installments is to be discouraged. However, if payment of a compromise in installments is necessary, then a legally enforceable agreement shall be obtained from the debtor for the reinstatement of the original amount of the indebtedness, less any amounts paid there on by the debtor, and also an acceleration of the balance due upon default. Such an

## Department of Veterans Affairs

## § 1.936

agreement, together with security as described in §1.917, should be obtained in every case possible.

(e) If VA files do not contain recent credit information as a basis for assessing a compromise proposal, such information shall be obtained from the debtor by obtaining a statement, executed under penalty of perjury, showing the debtor's assets and liabilities, income and expenses. Forms such as VA Form 4-5655 "Financial Status Report" or Department of Justice Forms OBD-500 or OBD-500B shall be used to obtain this information. Similar data may be obtained from corporate debtors by using a form, such as Department of Justice Form OBD-500C or by resort to balance sheets and such additional data as may be required.

(Authority: 31 U.S.C. 3711)

[52 FR 42109, Nov. 3, 1987]

### § 1.932 Litigative possibilities.

VA will attempt to compromise claims when there is a real doubt as to the Government's ability to prove its case in court for the full amount claimed either because of the legal issues involved or bona fide dispute as to the facts. The amount accepted in compromise will fairly reflect the probability of prevailing on the legal question involved, the probabilities with respect to full or partial recovery of a judgment having due regard to the availability of witnesses and other evidentiary support for the Government claim, and related pragmatic considerations. Proportionate weight will be given the court costs and attorney fees which may be assessed against the Government if it is unsuccessful in litigation, having regard for the litigative risks involved. (See 28 U.S.C. 2412.)

[52 FR 42110, Nov. 3, 1987]

### § 1.933 Cost of collecting claim.

The Department of Veterans Affairs will attempt to compromise claims when the cost of collection does not justify enforced collection of the full amount. The amount accepted in compromise in such cases may reflect an appropriate discount for the administrative and litigative costs of collection, having regard for the time required to effect collection. The cost of

collection normally will be a proportionately great factor in the settlement of small claims.

### § 1.934 Enforcement policy.

Statutory penalties, interest, and administrative costs which are established as an aid to enforcement and to compel compliance may be compromised pursuant to §§1.930 through 1.938. However, such additional costs on debts will be considered for compromise only in connection with compromise of the total amount of the debt (original amount of debt plus interest and costs). Interest, administrative costs, and other additional costs will never be considered for compromise separately or exclusively from the original amount of the debt.

(Authority: 31 U.S.C. 3711)

[52 FR 42110, Nov. 3, 1987]

### § 1.935 Joint and several liability.

When two or more debtors are jointly and severally liable, collection action will not be withheld against one such debtor until the other or others pay their proportionate shares. VA shall not attempt to allocate the burden of paying such claims as between the debtors, but shall proceed to liquidate the indebtedness as quickly as possible. Proper measures shall be taken to insure that a compromise with one such debtor does not release VA's claim against the remaining debtor. The amount of a compromise accepted from one debtor shall not be considered as a precedent or as morally binding in determining the amount which will be required from the other debtor held to be jointly and severally liable on the claim.

(Authority: 31 U.S.C. 3711)

[52 FR 42110, Nov. 3, 1987]

### § 1.936 Settlement for a combination of reasons.

VA may compromise specific claims for any combination of reasons authorized by sections 1.930-1.938.

(Authority: 31 U.S.C. 3711)

[57 FR 47264, Oct. 15, 1992]

## § 1.937

### § 1.937 Further review of compromise offers.

VA may refer to the GAO or Department of Justice firm written offers, plus supporting data, from debtors when there is doubt whether the offers should be accepted.

[52 FR 42110, Nov. 3, 1987]

### § 1.938 Restrictions.

VA will not accept either a percentage of a debtor's profits or stock in a debtor corporation in compromise of a claim. In negotiating a compromise with a business concern, consideration shall be given to requiring a waiver of the tax-loss-carry-forward and tax-loss-carry-back rights of the debtor.

[52 FR 42110, Nov. 3, 1987]

#### STANDARDS FOR SUSPENDING OR TERMINATING COLLECTION ACTION

SOURCE: 32 FR 2615, Feb. 8, 1967, unless otherwise noted.

### § 1.940 Scope and application.

(a) The standards set forth in §§ 1.940 through 1.943 apply to the suspension and or termination of collection action pursuant to 31 U.S.C. 3711(a)(3) on claims which do not exceed \$100,000, exclusive of interest and other late payment charges, after deducting the amount of partial payments or collections, if any. VA may suspend or terminate collection action under §§ 1.940 through 1.943 with respect to claims for money or property arising out of the Department's activities prior to the referral of such claims to GAO or the Department of Justice for litigation. The Comptroller General may authorize such authority with respect to such claims referred to GAO by VA prior to their further referral to the Department of Justice for litigation.

(b) If after deducting the amount of any partial payments or collections, a claim exceeds \$100,000, exclusive of interest and other late payment charges, then the authority to suspend or terminate collection action rests solely with the Department of Justice. If VA determines that suspension or termination is appropriate for such a debt, after evaluation in accordance with the standards set forth in §§ 1.941 and 1.942,

## 38 CFR Ch. I (7-1-03 Edition)

then the matter shall be referred to the Department of Justice, using the Claims Collection Litigation Report (see § 1.951). The referral shall contain a written recommendation, which specifies the reasons why suspension or termination is advantageous to the government. If VA determines that its claim is plainly erroneous or clearly without legal merit, it may terminate collection regardless of the amount involved, without the concurrence of the Department of Justice. If VA decides not to suspend or terminate collection action on the claim, Justice Department approval is not required.

(Authority: 31 U.S.C. 3711)

[57 FR 47264, Oct. 15, 1992]

### § 1.941 Suspension of collection activity.

(a) Collection action may be suspended temporarily on a claim when the debtor cannot be located after diligent effort and there is reason to believe that future collection action may be sufficiently productive to justify periodic review and action on the claim. The following sources shall be used to locate missing debtors: Telephone directories, city directories, postmasters, drivers license records, automobile title and registration records, State and local government agencies, the Internal Revenue Service (§ 1.924), other Federal agencies, employers, relatives, credit agency locate reports, and credit bureaus. Suspension as to a particular debtor should not prohibit the early liquidation of any security held for the debt. Every reasonable effort should be made to locate missing debtors sufficiently in advance of the bar of any applicable statute of limitations, in order to permit the timely filing of a suit, if such action is warranted. If the missing debtor has signed a confess-judgment note and is in default, referral of the note for the entry of judgment should not be delayed because of his/her missing status.

(b) Collection action may also be suspended temporarily on a claim when the debtor owns no substantial equity in real or personal property and is unable to make payments on the debt owed to VA or effect a compromise at the time, but his/her future prospects

## Department of Veterans Affairs

## § 1.943

justify retention of the claim for periodic review and action, and:

(1) The applicable statute of limitations has been tolled or started running again, or

(2) Future collection can be affected by offset, notwithstanding the statute of limitations, with due regard to the 10 year limitation prescribed by 31 U.S.C. 3716(c)(1), or

(3) The debtor agrees to pay interest on the amount of the debt on which collection action has been suspended temporarily, and such temporary suspension is likely to enhance the debtor's ability to pay the debt in full, with interest, at a later time.

(c) Collection action may also be suspended, in accordance with §§1.911, 1.912, and 1.912a, pending agency action on requests for administrative review or waiver.

(Authority: 31 U.S.C. 3711)

[52 FR 42110, Nov. 3, 1987]

### § 1.942 Termination of collection activity.

Termination of collection activity involves a final determination. Collection activity may be terminated on cases previously suspended. The Department of Veterans Affairs may terminate collection activity and consider closing the agency file on a claim which meets any one of the following standards:

(a) *Inability to collect any substantial amount.* Collection action may be terminated on a claim when it becomes clear that VA cannot collect or enforce collection of any significant amount from the debtor, having due regard for the judicial remedies available to the agency, the debtor's future financial prospects, and the exemptions available to the debtor under State and Federal law. In determining the debtor's inability to pay, the following factors, among others, shall be considered: Age and health of the debtor, present and potential income, inheritance prospects, the possibility that assets have been concealed or improperly transferred by the debtor, the availability of assets or income which may be realized by means of enforced collection proceedings.

(b) *Inability to locate debtor.* The debtor cannot be located, no security remains to be liquidated, the applicable statute of limitations has run, and the prospects of collecting by offset are too remote.

(c) *Death of debtor.* The debtor is determined to be deceased and the Government has no prospect of collection from his/her estate.

(d) *Cost will exceed recovery.* The cost of further collection effort is likely to exceed the amount recoverable.

(e) *Claim legally without merit.* Collection action should be terminated on a claim whenever it is determined that the claim is legally without merit.

(f) *Claim cannot be substantiated by evidence.* VA will terminate collection action on once asserted claims because of lack of evidence or unavailability of witnesses only in cases where efforts to induce voluntary payment are unsuccessful.

[32 FR 2615, Feb. 8, 1967, as amended at 52 FR 42111, Nov. 3, 1987]

### § 1.943 Transfer of claims.

When VA has doubt as to whether collection action should be suspended or terminated on a claim, it may refer the claim to the GAO for advice. When a significant enforcement policy is involved in reducing a statutory penalty or forfeiture to judgment, or recovery of a judgment is a prerequisite to the imposition of administrative sanctions, such as the suspension or revocation of a license or the privilege of participating in a government sponsored program, VA may refer such a claim for litigation even though termination of collection activity might otherwise be given consideration. Claims on which VA holds a judgment by assignment or otherwise shall be referred to the Department of Justice for further actions if renewal of the judgment lien or enforced collection proceedings are justified, except where VA has authority for handling its own litigation.

## § 1.950

### REFERRALS TO GAO, DEPARTMENT OF JUSTICE, OR IRS

AUTHORITY: Sections 1.950 to 1.954 issued under 72 Stat. 1114; 38 U.S.C. 501.

SOURCE: 52 FR 42111, 42112, Nov. 3, 1987, unless otherwise noted.

#### § 1.950 Prompt referral.

(a) Except as provided in paragraphs (b) and (c) of this section, claims on which aggressive collection action has been taken and which cannot be compromised, or on which collection action cannot be suspended or terminated, shall be promptly referred to the Department of Justice for litigation. Claims for which the gross original amount is over \$100,000 shall be referred to the Commercial Litigation Branch, Civil Division, Department of Justice, Washington, DC 20530. Claims for which the gross original amount is \$100,000 or less shall be referred to the United States Attorney in whose judicial district the debtor can be found. Referrals should be made as early as possible, consistent with aggressive collection action and the observance of §§ 1.900 through 1.954, and well within the time period for bringing a suit against the debtor. Ordinarily, such referrals should be made within one year of VA's final determination of the fact and amount of the debt.

(b) Claims arising from audit exceptions taken by the GAO to payments made by VA must be referred to the GAO for review and approval, prior to referral to the Department of Justice, unless VA has been granted an exception by the GAO.

(c) When the merits of VA claim, the amount owed on the claim, or the propriety of acceptance of a proposed compromise, suspension, or termination are in doubt, the Department of Veterans Affairs shall refer the matter to the GAO for resolution and instructions prior to proceeding with collection action and/or referral to the Department of Justice for litigation.

(d) Once a claim has been referred to the GAO or the Department of Justice pursuant to this section, VA shall refrain from having any contact with the debtor and shall direct the debtor to the GAO or the Department of Justice, as appropriate, when questions con-

cerning the claim or a request for waiver of the claim are raised by the debtor. The GAO or the Department of Justice, as appropriate, shall be immediately notified by VA of any payments or requests for administrative remedies, such as waiver, which are received by this department from the debtor subsequent to referral of a claim under this section.

(e) In accordance with procedures set forth in 26 CFR part 301, information pertaining to past-due, legally enforceable debts owed to VA may be referred to the Internal Revenue Service by VA for the purpose of collection of such debts by means of tax refund offset.

(Authority: 31 U.S.C. 3711)

#### § 1.951 Claims Collection Litigation Report.

(a) Unless an exception is granted by the Department of Justice, the Claims Collection Litigation Report (CCLR) shall be used with all referrals of administratively uncollectible claims made pursuant to § 1.950. As required by the CCLR, the following information shall be included:

(1) *Report of prior collection actions.* A checklist or brief summary of the actions taken to collect or compromise the claim will be forwarded with the claim upon its referral. If any of the administrative collection actions described in §§ 1.900 through 1.954 have been omitted, the reasons for their omission must be provided. The Department of Justice or GAO may return claims at their option when there is insufficient justification for the omission of one or more of the administrative collection actions.

(2) *Current address of the debtor.* The current address of the debtor, or the name and address of the agent for a corporation upon whom service may be made, shall be provided. Reasonable and appropriate steps will be taken to locate missing parties in all cases. Referrals to the Department of Justice, in which the current address of any party is unknown, shall be accompanied by a listing of the prior known addresses of such party and a statement of the steps taken to locate that party.

(3) *Credit data.* Current credit data, when applicable, indicating that there

is a reasonable prospect of effecting enforced collection from the debtor, having due regard for the exemptions available to the debtor under State and Federal law and judicial remedies available to the government, shall be included:

(i) Such credit data may take the form of:

(A) A commercial credit report;

(B) An agency investigative report showing the debtor's assets, liabilities, income, and expenses;

(C) The individual debtor's own financial statement executed under penalty of perjury reflecting the debtor's assets, liabilities, income, and expenses; or

(D) An audited balance sheet of a corporate debtor.

(ii) Such credit data may be omitted if:

(A) A surety bond is available in an amount sufficient to satisfy the claim in full;

(B) The forced sale value of the security available for application to the VA claim is sufficient to satisfy the claim in full;

(C) VA wishes to liquidate the loan collateral through judicial foreclosure but does not desire a deficiency judgment;

(D) The debtor is in bankruptcy or receivership;

(E) The debtor's liability to VA is fully covered by insurance, in which case VA will furnish such information as it can develop concerning the identity and address of the insurer and the type and amount of insurance coverage;

(F) The nature of the debtor is such that credit data is not normally available or cannot reasonably be obtained; or

(G) Where it is clearly irrelevant to the Government's case.

(b) VA shall also use the Claims Collection Litigation Report (CCLR) when referring claims to the Department of Justice in order to obtain approval of that department with respect to compromise, suspension, or termination.

(Authority: 31 U.S.C. 3711)

### § 1.952 Preservation of evidence.

Care shall be taken to preserve all files, records, and exhibits on claims

referred to or to be referred to the Department of Justice for litigation. Under no circumstances should original documents be sent to the Department of Justice or to the U.S. Attorney without their specific prior approval to do so. Copies of relevant documents should be sent whenever necessary.

(Authority: 31 U.S.C. 3711)

### § 1.953 Minimum amount of referrals to the Department of Justice.

VA shall not refer claims of less than \$600, exclusive of interest, penalties (if applicable), and administrative costs, for litigation unless:

(a) Referral is important to a significant enforcement policy, or

(b) The debtor not only has the clear ability to pay the claim but the government can effectively enforce payment, having due regard for the exemptions available to the debtor under State and Federal law and the judicial remedies available to the government.

(Authority: 31 U.S.C. 3711)

### § 1.954 Preliminary referrals to GAO.

As required by § 1.950, preliminary referrals to the Government Accounting Office (GAO) will be in accordance with instructions, including monetary limitations, contained in the "General Accounting Office Policy and Procedures Manual for the Guidance of Federal Agencies".

#### REGIONAL OFFICE COMMITTEES ON WAIVERS AND COMPROMISES

AUTHORITY: Sections 1.955 to 1.970 issued under 5 U.S.C. 5584; 31 U.S.C. 3711; 38 U.S.C. 501, 3685, 3720, 5302; 4 CFR Parts 91 and 92.

### § 1.955 Regional office Committees on Waivers and Compromises.

(a) *Delegation of authority and establishment.* (1) Sections 1.955 *et seq.* are issued to implement the authority for waiver consideration found in 38 U.S.C. 5302 and 5 U.S.C. 5584 and the compromise authority found 38 U.S.C. 3720(a) and 31 U.S.C. 3711. The duties, delegations of authority, and all actions required of the Committees on Waivers and Compromises are to be accomplished under the direction of, and authority vested in, the Director of the

## 38 CFR Ch. I (7-1-03 Edition)

regional office. Delegations of authority and limitations for waiver actions under 5 U.S.C. 5584 are set forth in § 1.963a of this part.

(2) There is established in each regional office, a Committee on Waivers and Compromises to perform the duties and assume the responsibilities delegated by §§ 1.956 and 1.957. The term *regional office*, as used in § 1.955 *et seq.*, includes VA Medical and Regional Office Centers and VA Centers where such are established.

(b) *Selection.* The Director shall designate the employees to serve as Chairperson, members and alternates. Except upon specific authorization of the Under Secretary for Benefits, when workload warrants a full-time committee, such designation will be part-time additional duty upon call of the Chairperson.

(c) *Control and staff.* The Division Chief of the Fiscal activity is accountable for the administrative control of the Committee functions. The quality control of the Committee and its professional and clerical staff is the responsibility of the Chairperson.

(d) *Overall control.* The Assistant Secretary for Finance and Information Resources Management (IRM) is delegated complete management authority, including planning, policy formulation, control, coordination, supervision, and evaluation of Committee operations

(e) *Committee composition.* (1) The Committee shall consist of a Chairperson and Alternate Chairperson and as many Committee members and alternate members as the Director may appoint. Members and alternates shall be selected so that in each of the debt claim areas (i.e., compensation, pension, education, insurance, loan guaranty, etc.) there are members and alternates with special competence and familiarity with the program area.

(2) When a claim is properly referred to the Committee for either waiver consideration or the consideration of a compromise offer, the Chairperson shall designate a panel from the available Committee members to consider the waiver request or compromise offer. If the debt for which the waiver request or compromise offer is made is \$20,000 or less (exclusive of interest and

administrative costs), the Chairperson will assign one Committee member as the panel. This one Committee member should have experience in the program area where the debt is located. The single panel member's decision shall stand as the decision of the Committee. If the debt for which the waiver request or compromise offer is made is more than \$20,000 (exclusive of interest and administrative costs), the Chairperson shall assign two Committee members. One of the two members should be knowledgeable in the program area where the debt arose. If the two member panel cannot reach a unanimous decision, the Chairperson shall assign a third member of the Committee to the panel, or assign the case to three new members, and the majority vote shall determine the Committee decision.

(3) The assignment of a one or two member panel as described in paragraph (e)(2) of this section is applicable if the debtor files a Notice of Disagreement with a Committee decision to deny waiver. That is, if the Notice of Disagreement is filed with a decision by a one member panel to deny waiver of collection of a debt of \$20,000 or less, then the Notice of Disagreement should also be assigned to one panel member. Likewise, a Notice of Disagreement filed with a decision by a two or three member panel to deny waiver of collection of a debt of more than \$20,000 should also be assigned to a Committee panel of two members (three if these two members cannot agree). However, a Chairperson must assign the Notice of Disagreement to a different one, two, or three member panel than the panel that made the original Committee decision that is now the subject of the Notice of Disagreement.

### § 1.956 Jurisdiction.

(a) The regional office Committees are authorized, except as to determinations under § 2.6(e)(4)(i) of this chapter

where applicable, to consider and determine as limited in §§ 1.955 *et seq.*, settlement, compromise and/or waiver concerning the following debts and overpayments:

(1) Arising out of operations of the Veterans Benefits Administration:

(i) Overpayment or erroneous payments of pension, compensation, dependency and indemnity compensation, burial allowances, plot allowance, subsistence allowance, education (includes debts from work study and education loan defaults as well as from other overpayments of educational assistance benefits) or insurance benefits, clothing allowance and automobile or other conveyance and adaptive equipment allowances.

(ii) Debts arising out of the loan program under 38 U.S.C. ch. 37 after liquidation of security, if any.

(iii) Such other debts as may be specifically designated by the Under Secretary for Benefits.

(2) Arising out of operations of the Veterans Health Services and Research Administration:

(i) Debts resulting from services furnished in error (§ 17.62(a) of this chapter).

(ii) Debts resulting from services furnished in a medical emergency (§ 17.62(b) of this chapter).

(iv) Other claims arising in connection with transactions of the Veterans Health Services and Research Administration (§ 17.64(c) of this chapter).

(3) Claims for erroneous payments of pay and allowances, and erroneous payments of travel, transportation, and relocation expenses and allowances, made to or on behalf of employees (5 U.S.C. 5584, 4 CFR Parts 91 and 92).

(b) The Under Secretary for Benefits may, at his or her discretion, assume original jurisdiction and establish an ad hoc Board to determine a particular issue arising within this section.

#### § 1.957 Committee authority.

(a) *Regional office committee.* On matters covered in § 1.956, the regional of-

fice Committee is authorized to determine the following issues:

(1) *Waivers.* A decision may be rendered to grant or deny waiver of collection of a debt in the following overpayment categories:

(i) Loan guaranty program (38 U.S.C. 5302(b)). Committees may consider waiver of the indebtedness of a veteran or spouse resulting from: (A) The payment of a claim under the guaranty or insurance of loans, (B) the liquidation of direct loans, (C) the liquidation of loans acquired under § 36.4318, and (D) the liquidation of vendee accounts. The phrase *veteran or spouse* includes a veteran-borrower, veteran-transferee, a veteran-purchaser on a vendee account, a former spouse or surviving spouse of a veteran.

(ii) Other than loan guaranty program. (38 U.S.C. 5302(a))

(iii) Services erroneously furnished. (§ 17.62(a))

(2) *Compromises*—(i) *Loan program debts* (38 U.S.C. 3720(a)). Accept or reject a compromise offer irrespective of the amount of the debt (loan program matters under 38 U.S.C. chapter 37 are unlimited as to amount).

(ii) Other than loan program debts (31 U.S.C. 3711).

(A) Accept or reject a compromise offer on a debt which exceeds \$1,000 but which is not over \$100,000 (both amounts exclusive of interest and other late payment charges).

(B) Accept or reject a compromise offer on a debt of a \$1,000 or less, exclusive of interest and other late payment charges, which is not disposed of by the Chief, Fiscal activity, pursuant to paragraph (b) of this section.

(C) Reject a compromise offer on a debt which exceeds \$100,000, exclusive of interest and other late payment charges.

(D) Recommend approval of a compromise offer on a debt which exceeds \$100,000, exclusive of interest and other late payment charges. The authority to accept a compromise offer on such a debt rests solely within the jurisdiction of the Department of Justice. The Committee should evaluate a compromise offer on a debt in excess of \$100,000, using the factors set forth in §§ 1.930 through 1.938. If the Committee believes that the compromise offer is

## § 1.958

advantageous to the government, then the Committee members shall so state this conclusion in a written memorandum of recommendation of approval to the Chairperson. This recommendation, along with a Claims Collection Litigation Report (CCLR) completed in accordance with § 1.951, will be referred to VA Central Office, Office of Financial Management (047G7), for submission to the Department of Justice for final approval.

(Authority: 31 U.S.C. 3711)

(3) *Breached career residency contracts.* Final settlement of any breached career residency contract in which terms are different than those provided in the contract, which will result in the payment of less than liquidated value or in an extension of time in which to pay damages.

(b) *Chief of Fiscal activity.* The Chief of the Fiscal activity at both VBA and VHA offices has the authority, as to debts within his/her jurisdiction, to:

(1) On other than loan program debts under 38 U.S.C. chapter 37, accept compromise offers of 50% or more of a total debt not in excess of \$1,000, exclusive of interest and other late payment charges, regardless of whether or not there has been a prior denial of waiver.

(2) On other than loan program debts under 38 U.S.C. chapter 37, reject any offer of compromise of a total debt not in excess of \$1,000, exclusive of interest and other late payment charges, regardless of whether or not there has been a prior denial of waiver.

(3) On other than loan guaranty program debts under 38 U.S.C. chapter 37, reject any offer of compromise of a total debt not in excess of \$1,000, exclusive of interest, regardless of whether or not there has been a prior denial of waiver.

Legal questions involving a determination under § 2.6(e)(4) of this chapter will be referred to the Regional Counsel for action in accordance with delegations of the General Counsel, unless there is an existence a General Counsel's opinion or an approved Regional Counsel's opinion dispositive of the controlling legal principle. As to matters not controlled by § 2.6(e)(4) of this chapter, the Chairperson of the regional office Committee or at his/her instance, a member, may seek and obtain advice from the Regional Counsel on legal matters within his/her jurisdiction and from other division chiefs in their areas of responsibility, on any matter properly before the Committee. Guidance may also be requested from the Central Office staff.

### § 1.961 Releases.

On matters within its jurisdiction, the Committee may authorize the release of any right, title, claim, lien or demand, however acquired, against any person obligated on a loan guaranteed, insured, or made by the Department of Veterans Affairs under the provisions of 38 U.S.C. ch. 37, or on an acquired loan, or on a vendee account.

[39 FR 26400, July 19, 1974]

**§ 1.962 Waiver of overpayments.**

There shall be no collection of an overpayment, or any interest thereon, which results from participation in a benefit program administered under any law by VA when it is determined by a regional office Committee on Waivers and Compromises that collection would be against equity and good conscience. For the purpose of this regulation, the term *overpayment* refers only to those benefit payments made to a designated living payee or beneficiary in excess of the amount due or to which such payee or beneficiary is entitled. The death of an indebted payee, either prior to a request for waiver of the indebtedness or during Committee consideration of the waiver request, shall not preclude waiver consideration. There shall be no waiver consideration of an indebtedness that results from the receipt of a benefit payment by a non-payee who has no claim or entitlement to such payment.

(a) Waiver consideration is applicable in an indebtedness resulting from work study and education loan default, as well as indebtedness of a veteran-borrower, veteran transferee, or indebted spouse of either, arising out of participation in the loan program administered under 38 U.S.C. ch. 37. Also subject to waiver consideration is an indebtedness which is the result of VA hospitalization, domiciliary care, or treatment of a veteran, either furnished in error or on the basis of tentative eligibility.

(b) In any case where there is an indication of fraud or misrepresentation of a material fact on the part of the debtor or any other party having an interest in the claim, action on a request for waiver will be deferred pending appropriate disposition of the matter. However, the existence of a prima facie case of fraud shall, nevertheless, entitle a claimant to an opportunity to make a rebuttal with countervailing evidence; similarly, the misrepresentation must be more than non-willful or mere inadvertence. The Committee may act on a request for waiver concerning such debts, after the Inspector General or the Regional Counsel has determined that prosecution is not indicated, or the Department of Justice

has notified VA that the alleged fraud or misrepresentation does not warrant action by that department, or the Department of Justice or the appropriate United States Attorney, specifically authorized action on the request for waiver.

**§ 1.963 Waiver; other than loan guaranty.**

(a) *General.* Recovery of overpayments of any benefits made under laws administered by the VA shall be waived if there is no indication of fraud, misrepresentation, or bad faith on the part of the person or persons having an interest in obtaining the waiver and recovery of the indebtedness from the payee who received such benefits would be against equity and good conscience.

(b) *Application.* A request for waiver of an indebtedness under this section shall only be considered:

(1) If made within 2 years following the date of a notice of indebtedness issued on or before March 31, 1983, by the Department of Veterans Affairs to the debtor, or

(2) Except as otherwise provided herein, if made within 180 days following the date of a notice of indebtedness issued on or after April 1, 1983, by the Department of Veterans Affairs to the debtor. The 180 day period may be extended if the individual requesting waiver demonstrated to the Chairperson of the Committee on Waivers and Compromises that, as a result of an error by either the Department of Veterans Affairs or the postal authorities, or due to other circumstances beyond the debtor's control, there was a delay in such individual's receipt of the notification of indebtedness beyond the time customarily required for mailing (including forwarding). If the requester does substantiate that there was such a delay in the receipt of the notice of indebtedness, the Chairperson shall direct that the 180 day period be computed from the date of the requester's

#### § 1.963a Waiver; erroneous payments of pay and allowances.

The provisions applicable to VA (including those for appeals and refunds) concerning waiver actions relating to erroneous payments to VA employees of pay and allowances and travel, transportation, and relocation expenses and allowances under 5 U.S.C. 5584 are set forth at 4 CFR Parts 91 and 92. The members of Committees on Waivers and Compromises assigned to waiver actions under § 1.955 of this part are hereby delegated all authority granted the Secretary under 5 U.S.C. 5584 and 4 CFR Parts 91 and 92 to grant waiver in whole or in part of a claim aggregating not more than \$1,500, to recommend approval of waiver in whole or in part of a claim aggregating more than \$1,500, and to deny waiver of a claim for any amount. The following are the only provisions of §§ 1.955 through 1.970 of this part applicable to waiver actions concerning erroneous payments of pay and allowances and travel, transportation, and relocation expenses and allowances under 5 U.S.C. 5584: §§ 1.955(a) through (e)(2), 1.956(a) (introductory text) and (a)(3), 1.959, 1.960, 1.963a, and 1.967(c).

#### § 1.964 Waiver; loan guaranty.

(a) *General.* Any indebtedness of a veteran or the indebtedness of the spouse shall be waived only when the following factors are determined to exist:

(1) Following default there was a loss of the property which constituted security for the loan guaranteed, insured or made under chapter 37 of title 38 United States Code;

(2) There is no indication of fraud, misrepresentation, or bad faith on the part of the person or persons having an interest in obtaining the waiver; and

### 38 CFR Ch. I (7-1-03 Edition)

(3) Collection of such indebtedness would be against equity and good conscience.

(b) *Spouse.* The waiver of a veteran's indebtedness shall inure to the spouse of such veteran insofar as concerns said indebtedness, unless the obligation of the spouse is specifically excepted. However, the waiver of the indebtedness of the veteran's spouse shall not inure to the benefit of the veteran unless specifically provided for in the waiver decision.

(c) *Surviving spouse or former spouse.* A surviving spouse of a veteran or the former spouse of a veteran may be granted a waiver of the indebtedness provided the requirements of paragraph (a) of this section are met.

(d) *Preservation of Government rights.* In cases in which it is determined that waiver may be granted, the action will take such form (covenant not to sue, or otherwise) as will preserve the rights of the Government against obligors other than the veteran or the spouse.

(e) *Application.* A request for waiver of an indebtedness under this section shall be made within one year after the date on which the debtor receives, by Certified Mail-Return Receipt Requested, written notice from VA of the indebtedness. If written notice of indebtedness is sent by means other than Certified Mail-Return Receipt Requested, then there is no time limit for filing a request for waiver of indebtedness under this section.

(Authority: 38 U.S.C. 5302(b))

(f) *Exclusion.* Except as otherwise provided in this section, the indebtedness of a nonveteran obligor under the loan program is excluded from waiver.

#### § 1.965 Application of standard.

(a) The standard "Equity and Good Conscience", will be applied when the facts and circumstances in a particular case indicate a need for reasonableness and moderation in the exercise of the Government's rights. The decision reached should not be unduly favorable

or adverse to either side. The phrase *equity and good conscience* means arriving at a fair decision between the obligor and the Government. In making this determination, consideration will be given to the following elements, which are not intended to be all inclusive:

(1) *Fault of debtor.* Where actions of the debtor contribute to creation of the debt.

(2) *Balancing of faults.* Weighing fault of debtor against Department of Veterans Affairs fault.

(3) *Undue hardship.* Whether collection would deprive debtor or family of basic necessities.

(4) *Defeat the purpose.* Whether withholding of benefits or recovery would nullify the objective for which benefits were intended.

(5) *Unjust enrichment.* Failure to make restitution would result in unfair gain to the debtor.

(6) *Changing position to one's detriment.* Reliance on Department of Veterans Affairs benefits results in relinquishment of a valuable right or incurrence of a legal obligation.

(b) In applying this single standard for all areas of indebtedness, the following elements will be considered, any indication of which, if found, will preclude the granting of waiver:

(1) Fraud or misrepresentation of a material fact (see § 1.962(b)).

(2) *Bad faith.* This term generally describes unfair or deceptive dealing by one who seeks to gain thereby at another's expense. Thus, a debtor's conduct in connection with a debt arising from participation in a VA benefits/services program exhibits bad faith if such conduct, although not undertaken with actual fraudulent intent, is undertaken with intent to seek an unfair advantage, with knowledge of the likely consequences, and results in a loss to the government.

(3) *Lack of good faith.* Absence of an honest intention to abstain from taking unfair advantage of the holder and/or the Government.

**§ 1.966 Scope of waiver decisions.**

(a) Decisions will be based on the evidence of record. A hearing may be held at the request of the claimant or his/her representative. No expenses incurred by a claimant, his representative, or any witness incident to a hearing will be paid by the Department of Veterans Affairs.

(b) A regional office Committee may:

(1) Waive recovery as to certain persons and decline to waive as to other persons whose claims are based on the same veteran's service.

(2) Waive or decline to waive recovery from specific benefits or sources, except that:

(i) There shall be no waiver of recovery out of insurance of an indebtedness secured thereby; i.e., an insurance overpayment to an insured. However, recovery may be waived of any or all of such indebtedness out of benefits other than insurance then or thereafter payable to the insured.

[39 FR 26400, July 19, 1974, as amended at 44 FR 59907, Oct. 17, 1979; 48 FR 1056, Jan. 10, 1983]

**§ 1.967 Refunds.**

(a) Except as provided in paragraph (c) of this section, any portion of an indebtedness resulting from participation in benefits programs administered by the Department of Veterans Affairs which has been recovered by the U.S. Government from the debtor may be considered for waiver, provided the debtor requests waiver in accordance with the time limits of § 1.963(b). If collection of an indebtedness is waived as to the debtor, such portions of the indebtedness previously collected by the Department of Veterans Affairs will be refunded. In the event that waiver of collection is granted for either an education, loan guaranty, or direct loan debt, there will be a reduction in the debtor's entitlement to future benefits in the program in which the debt originated.

(b) The Department of Veterans Affairs may not waive collection of the indebtedness of an educational institution found liable under 38 U.S.C. 3685. Waiver of collection of educational benefit overpayments from all or a portion of the eligible persons attending

## § 1.968

an educational institution which has been found liable under 38 U.S.C. 3685 shall not relieve the institution of its assessed liability. (See 38 CFR 21.4009(f)).

(c) The regulatory provisions concerning refunds of indebtedness collected by the Department of Veterans Affairs arising from erroneous payments of pay and allowances and travel, transportation, and relocation expenses and allowances are set forth in 4 CFR Parts 91 and 92.

(d) Refund of the entire amount collected may not be made when only a part of the debt is waived or when collection of the balance of a loan guaranty indebtedness by the Department of Veterans Affairs from obligors, other than a husband or wife of the person requesting waiver, will be adversely affected. Only where the amount collected exceeds the balance of the indebtedness still in existence will a refund be made in the amount of the difference between the two. Otherwise, refunds will be made in accordance with paragraph (a) of this section.

## § 1.968 [Reserved]

### § 1.969 Revision of waiver decisions.

(a) *Jurisdiction.* A decision involving waiver may be reversed or modified on the basis of new and material evidence, fraud, a change in law or interpretation of law specifically stated in a Department of Veterans Affairs issue, or clear and unmistakable error shown by the evidence in file at the time the prior decision was rendered by the same or any other regional office Committee.

(b) *Finality of decisions.* Except as provided in paragraph (a) of this section, a decision involving waiver rendered by the Committee having jurisdiction is final, subject to the provisions of:

(1) Sections 3.104(a), 19.153 and 19.154 of this chapter as to finality of decisions;

(2) Section 3.105 (a) and (b) of this chapter as to revision of decisions, except that the Central Office staff may postaudit or make an administrative

(3) Sections 3.103, 19.113 and 19.114 of this chapter as to notice of disagreement and the right of appeal;

(4) Section 19.124 of this chapter as to the filing of administrative appeals and the time limits for filing such appeals.

(c) *Difference of opinion.* Where reversal or amendment of a decision involving waiver is authorized under § 3.105(b) of this chapter because of a difference of opinion, the effective date of waiver will be governed by the principle contained in § 3.400(h) of this chapter.

### § 1.970 Standards for compromise.

Decisions of the Committee respecting acceptance or rejection of a compromise offer shall be in conformity with the standards in §§ 1.900 through 1.937. In loan guaranty cases the offer of a veteran or other obligor to effect a compromise must relate to an indebtedness established after the liquidation of the security, if any, and shall be reviewed by the Committee. An offer to effect a compromise may be accepted if it is deemed advantageous to the Government. A decision on an offer of compromise may be revised or modified on the basis of any information which would warrant a change in the original decision.

(d) These regulations do not preclude an employee from requesting waiver of an overpayment under 38 U.S.C. 5302, 5 U.S.C. 5584, or any other similar provision of law, or in any way questioning the amount or validity of a debt not involving benefits under the laws administered by VA by submitting a subsequent claim to the General Accounting Office in accordance with procedures prescribed by that office.

(e) These regulations do not apply to any adjustment to pay arising out of an employee's election of coverage or a change in coverage under a Federal benefits program requiring periodic deductions from pay if the amount to be recovered was accumulated over four pay periods or less.

(f) These regulations do not preclude the compromise, suspension, or termination of collection actions where appropriate under the standards implementing the Federal Claims Collection Act (31 U.S.C. 3711 *et seq.*, 4 CFR parts 101-105, 38 CFR 1.900 *et seq.*).

(g) The procedures and requirements of these regulations do not apply to salary offset used to recoup a Federal employee's debt where a judgment has been obtained against the employee for the debt.

(a) VA will not collect a debt involving benefits under the laws administered by VA by salary offset unless the Secretary or designee provides the employee with written notice.

(b) If the employee has not previously appealed the amount or existence of the debt under §§19.1 through 19.200 of this title and time for pursuing such an appeal has not expired (§19.129), the Secretary or designee will provide the employee with written notice of the debt. The written notice will state that the employee may appeal the amount and existence of the debt in accordance with the procedures set forth in §§19.1 through 19.200 of this title and will contain the determination and information required by §1.983(b)(1)-(5), (7), (9), (10), and (12)-(14). (Authority: 5 U.S.C. 5514)

### **§ 1.983 Notice requirements before salary offsets of debts not involving benefits under the laws administered by VA.**

(a) For a debt not involving benefits under the laws administered by VA, the Secretary or designee will review the records relating to the debt to assure that it is owed prior to providing the employee with a notice of the debt.

(b) Except as provided in §1.980(e), salary offset of debts not involving benefits under the laws administered by VA will not be made unless the Secretary or designee first provides the employee with a minimum of 30 calendar days written notice. This notice will state:

(1) The Secretary or designee's determination that a debt is owed;

(2) The amount of the debt owed and the facts giving rise to the debt;

proposed by the employee are agreeable to the Secretary or designee;

(8) The employee's right to request an oral or paper hearing, conducted by an administrative law judge or a hearing official of VA or another agency, on the Secretary or designee's determination of the existence of the debt, the amount of the debt, or the percentage of disposable pay to be deducted each pay period, so long as a request is filed by the employee as prescribed by the Secretary;

(9) The method and time period for requesting a hearing;

(10) That the timely filing of a request for a hearing (oral or paper) will stay the commencement of salary offset;

(11) That a final decision after the hearing will be issued at the earliest practical date, but no later than 60 calendar days after the filing of the request for the hearing, unless the employee requests and the hearing officer grants a delay in the proceedings;

(12) That any knowingly false or frivolous statements, representations, or evidence may subject the employee to:

(i) Disciplinary procedures appropriate under 5 U.S.C. ch. 75, 5 CFR part 752, or any other applicable statutes or regulations;

(ii) Penalties under the False Claims Act, 31 U.S.C. 3729-3731, or any other applicable statutory authority; or

(Authority: 5 U.S.C. 5514)

### § 1.984 Request for a hearing.

(a) Except as provided in paragraph (b) of this section and in § 1.982, an employee wishing a hearing on the existence or amount of the debt or on the proposed offset schedule must send

such a request to the office which sent the notice of the debt. The employee must also specify whether an oral or paper hearing is requested. If an oral hearing is requested, the request should explain why the matter cannot be resolved by review of the documentary evidence. The request must be received by the office which sent the notice of the debt not later than 20 calendar days from the date of the notice.

(b) If the employee files a request for a hearing after the expiration of the 20 day period provided for in paragraph (a) of this section, VA may accept the request if the employee shows that the delay was because of circumstances beyond his or her control or because of failure to receive the written notice of the filing deadline (unless the employee has actual notice of the filing deadline).

(Authority: 5 U.S.C. 5514)

### § 1.985 Form, notice of, and conduct of hearing.

(a) After an employee requests a hearing, the hearing official or administrative law judge shall notify the employee of the form of the hearing to be provided. If the hearing will be oral, the notice shall set forth the date, time, and location for the hearing. If the hearing will be paper, the employee shall be notified that he or she should submit his or her position and arguments in writing to the hearing official or administrative law judge by a specified date after which the record shall be closed. This date shall give the employee reasonable time to submit this information.

(b) An employee who requests an oral hearing shall be provided an oral hearing if the hearing official or administrative law judge determines that the matter cannot be resolved by review of documentary evidence, for example, when an issue of credibility or veracity is involved. If a determination is made to provide an oral hearing, the hearing official or administrative law judge may offer the employee the opportunity for a hearing by telephone conference call. If this offer is rejected or if the hearing official or administrative law judge declines to offer a telephone conference call hearing, the employee

## § 1.986

shall be provided an oral hearing permitting the personal appearance of the employee, his or her personal representative, and witnesses. A record or transcript of every oral hearing shall be made. Witnesses shall testify under oath or affirmation. VA shall not be responsible for the payment of any expenses incident to attendance at the hearing which are incurred by either the employee, his or her representative or Counsel, or witnesses.

(c) In all other cases where an employee requests a hearing, a paper hearing shall be provided. A paper hearing shall consist of a review of the written evidence of record by the administrative law judge or hearing official.

(d) In any hearing under this section, the administrative law judge or hearing official may exclude from consideration evidence or testimony which is irrelevant, immaterial, or unduly repetitious.

(Authority: 5 U.S.C. 5514)

### **§ 1.986 Result if employee fails to meet deadlines.**

An employee waives the right to a hearing, and will have his or her disposable pay offset in accordance with the offset schedule, if the employee:

(a) Fails to file a request for a hearing as prescribed in § 1.982, § 1.984, or §§ 19.1 through 19.200, whichever is applicable, unless such failure is excused as provided in § 1.984(b); or

(b) Fails to appear at an oral hearing of which he or she had been notified unless the administrative law judge or hearing official determines that failure to appear was due to circumstances beyond the employee's control.

(Authority: 5 U.S.C. 5514)

### **§ 1.987 Review by the hearing official or administrative law judge.**

(a) The hearing official or administrative law judge shall uphold VA's determination of the existence and amount of the debt unless determined to be erroneous by a preponderance of the evidence.

(b) The hearing official or administrative law judge shall uphold VA's offset schedule unless the schedule would

### **§ 1.988 Written decision following a hearing requested under § 1.984.**

(a) The hearing official or administrative law judge must issue a written decision not later than 60 days after the employee files a request for the hearing.

(b) Written decisions provided after a hearing requested under § 1.984 will include:

(1) A statement of the facts presented to support the nature and origin of the alleged debt;

(2) The hearing official or administrative law judge's analysis, findings and conclusions concerning as applicable:

(i) The employee's or VA's grounds;

(ii) The amount and validity of the alleged debt; and

(iii) The repayment schedule.

(c) The decision in a case where a paper hearing was provided shall be based upon a review of the written record. The decision in a case where an oral hearing was provided shall be based upon the hearing and the written record.

(Authority: 5 U.S.C. 5514)

### **§ 1.989 Review of VA records related to the debt.**

(a) *Notification by employee.* An employee who intends to inspect or copy VA records related to the debt as permitted by a notice provided under § 1.983 must send a letter to the office which sent the notice of the debt stating his or her intention. The letter must be received by that office within 20 calendar days of the date of the notice.

(b) *VA response.* In response to timely notice submitted by the debtor as described in paragraph (a) of this section, VA will notify the employee of the location and time when the employee may inspect and copy records related to the debt.

## Department of Veterans Affairs

## § 1.992

### § 1.990 Written agreement to repay debt as alternative to salary offset.

(a) *Notification by employee.* The employee may propose, in response to a notice under § 1.983, a written agreement to repay the debt as an alternative to salary offset. Any employee who wishes to do this must submit a proposed written agreement to repay the debt which is received by the office which sent the notice of the debt within 20 calendar days of the date of the notice.

(b) *VA response.* In response to timely notice by the debtor as described in paragraph (a) of this section, VA will notify the employee whether the employee's proposed written agreement for repayment is acceptable. It is within VA's discretion to accept a repayment agreement instead of proceeding by offset. In making this determination, VA will balance its interest in collecting the debt against the hardship to the employee. VA will accept a repayment agreement instead of offset only if the employee is able to establish that offset would result in extreme hardship.

(Authority: 5 U.S.C. 5514)

### § 1.991 Procedures for salary offset: when deductions may begin.

(a) Deductions to liquidate an employee's debt will be by the method and in the amount stated in the notice to collect from the employee's current pay as modified by a written decision issued under §§ 1.982, 19.1 through 19.200 or § 1.988 or by written agreement between the employee and the VA under § 1.990.

(b) If the employee filed a request for a hearing as provided by § 1.984 before the expiration of the period provided for in that section, deductions will not begin until after the hearing official or administrative law judge has provided the employee with a hearing, and has rendered a final written decision.

(c) If the employee failed to file a timely request for a hearing, deductions will begin on the date specified in the notice of intention to offset, unless a hearing is granted pursuant to § 1.984(b).

(d) If an employee retires or resigns or his or her employment ends before

collection of the amount of the indebtedness is completed, the remaining indebtedness will be collected according to procedures for administrative offset (see 4 CFR 101.1 through 105.5 and 5 CFR 831.1801 through 831.1807).

(Authority: 5 U.S.C. 5514)

### § 1.992 Procedures for salary offset.

(a) *Types of collection.* A debt will be collected in a lump-sum or in installments. Collection will be in a lump-sum unless the employee is financially unable to pay in one lump-sum, or if the amount of the debt exceeds 15 percent of the employee's disposable pay. In these cases, deduction will be by installments.

(b) *Installment deductions.* (1) A debt to be collected in installments will be deducted at officially established pay intervals from an employee's current pay account unless the employee and the Secretary agree to alternative arrangements for repayment. The alternative arrangement must be in writing and signed by both the employee and Secretary or designee.

(2) Installment deductions will be made over a period not greater than the anticipated period of employment. The size and frequency of installment deductions will bear a reasonable relation to the size of the debt and the employee's ability to pay. However, the amount deducted for any period will not exceed 15 percent of the disposable pay from which the deduction is made, unless the employee has agreed in writing to the deduction of a greater amount. If possible, the installment payment will be sufficient in size and frequency to liquidate the debt in three years. Installment payments of less than \$25 per pay period or \$50 a month will be acceptable only in the most unusual circumstances.

(c) *Imposition of interests, penalties, and administrative costs.* Interest, penalties, and administrative costs will be charged in accordance with § 1.919 and 4 CFR 102.13.

### § 1.993 Non-waiver of rights.

So long as there are not statutory or contractual provisions to the contrary, an employee's involuntary payment (of all or a portion of a debt) under these regulations will not be interpreted as a waiver of any rights that the employee may have under 5 U.S.C. 5514.

(Authority: 5 U.S.C. 5514)

### § 1.994 Refunds.

VA will refund promptly to the appropriate individual amounts offset under these regulations when:

(b) VA is directed by an administrative or judicial order to refund amounts deducted from the employee's current pay.

(2) For death pension the term *veteran* includes a person who died in active service under conditions which preclude payment of service-connected death benefits, provided such person had completed at least 2 years honorable military, naval or air service, as certified by the Secretary concerned. (Authority: 38 U.S.C. 501)

(m) *In line of duty* means an injury or disease incurred or aggravated during a period of active military, naval, or air service unless such injury or disease was the result of the veteran's own willful misconduct or, for claims filed after October 31, 1990, was a result of his or her abuse of alcohol or drugs. A service department finding that injury, disease or death occurred in line of duty will be binding on the Department of Veterans Affairs unless it is patently inconsistent with the requirements of laws administered by the Department of Veterans Affairs. Requirements as to line of duty are not met if at the time the injury was suffered or disease contracted the veteran was:

(1) Avoiding duty by desertion, or was absent without leave which materially interfered with the performance of military duty.

(1) It involves deliberate or intentional wrongdoing with knowledge of or wanton and reckless disregard of its probable consequences.

(2) Mere technical violation of police regulations or ordinances will not per se constitute willful misconduct.

(y) *Former prisoner of war*. The term *former prisoner of war* means a person who, while serving in the active military, naval or air service, was forcibly detained or interned in the line of duty by an enemy or foreign government, the agents of either, or a hostile force.

(1) *Decisions based on service department findings*. The Department of Veterans Affairs shall accept the findings of the appropriate service department that a person was a prisoner of war during a period of war unless a reasonable basis exists for questioning it. Such findings shall be accepted only when detention or internment is by an enemy government or its agents.

(2) *Other decisions*. In all other situations, including those in which the Department of Veterans Affairs cannot accept the service department findings, the following factors shall be used to determine prisoner of war status:

### § 3.2

### 38 CFR Ch. I (7-1-03 Edition)

(i) *Circumstances of detention or internment.* To be considered a former prisoner of war, a serviceperson must have been forcibly detained or interned under circumstances comparable to those under which persons generally have been forcibly detained or interned by enemy governments during periods of war. Such circumstances include, but are not limited to, physical hardships or abuse, psychological hardships or abuse, malnutrition, and unsanitary conditions. Each individual member of a particular group of detainees or internees shall, in the absence of evidence to the contrary, be considered to have experienced the same circumstances as those experienced by the group.

(ii) *Reason for detainment or internment.* The reason for which a serviceperson was detained or interned is immaterial in determining POW status, except that a serviceperson who is detained or interned by a foreign government for an alleged violation of its laws is not entitled to be considered a former POW on the basis of that period of detention or internment, unless the charges are a sham intended to legitimize the period of detention or internment.

(3) *Central Office approval.* The Director of the Compensation and Pension Service, VA Central Office, shall approve all VA regional office determinations establishing or denying POW status, with the exception of those service department determinations accepted under paragraph (y)(1) of this section.

(4) *In line of duty.* The Department of Veterans Affairs shall consider that a serviceperson was forcibly detained or interned in line of duty unless the evidence of record discloses that forcible detainment or internment was the proximate result of the serviceperson's own willful misconduct.

(5) *Hostile force.* The term *hostile force* means any entity other than an enemy or foreign government or the agents of either whose actions are taken to further or enhance anti-American military, political or economic objectives or views, or to attempt to embarrass the United States.

(Authority: 38 U.S.C. 501)

(2) As used in 38 U.S.C. 110 and 1159 and implementing regulations, fraud means an intentional misrepresentation of fact, or the intentional failure to disclose pertinent facts, for the purpose of obtaining or retaining, or assisting an individual to obtain or retain, eligibility for Department of Veterans Affairs benefits, with knowledge that the misrepresentation or failure to disclose may result in the erroneous award or retention of such benefits.

### § 3.10 [Reserved]

### § 3.11 Homicide.

Any person who has intentionally and wrongfully caused the death of another person is not entitled to pension, compensation, or dependency and indemnity compensation or increased pension, compensation, or dependency and indemnity compensation by reason of such death. For the purpose of this section the term *dependency and indemnity compensation* includes benefits at dependency and indemnity compensation rates paid under 38 U.S.C. 1318.

[44 FR 22718, Apr. 17, 1979, as amended at 54 FR 31829, Aug. 2, 1989]

### § 3.12 Character of discharge.

(a) If the former service member did not die in service, pension, compensation, or dependency and indemnity compensation is not payable unless the period of service on which the claim is based was terminated by discharge or release under conditions other than dishonorable. (38 U.S.C. 101(2)). A discharge under honorable conditions is binding on the Department of Veterans Affairs as to character of discharge.

(b) A discharge or release from service under one of the conditions specified in this section is a bar to the payment of benefits unless it is found that the person was insane at the time of committing the offense causing such discharge or release or unless otherwise specifically provided (38 U.S.C. 5303(b)).

(c) Benefits are not payable where the former service member was discharged or released under one of the following conditions:

(1) As a conscientious objector who refused to perform military duty, wear the uniform, or comply with lawful order of competent military authorities.

(2) By reason of the sentence of a general court-martial.

## Department of Veterans Affairs

## § 3.12

(3) Resignation by an officer for the good of the service.

(4) As a deserter.

(5) As an alien during a period of hostilities, where it is affirmatively shown that the former service member requested his or her release. See § 3.7(b).

(6) By reason of a discharge under other than honorable conditions issued as a result of an absence without official leave (AWOL) for a continuous period of at least 180 days. This bar to benefit entitlement does not apply if there are compelling circumstances to warrant the prolonged unauthorized absence. This bar applies to any person awarded an honorable or general discharge prior to October 8, 1977, under one of the programs listed in paragraph (h) of this section, and to any person who prior to October 8, 1977, had not otherwise established basic eligibility to receive Department of Veterans Affairs benefits. The term *established basic eligibility to receive Department of Veterans Affairs benefits* means either a Department of Veterans Affairs determination that an other than honorable discharge was issued under conditions other than dishonorable, or an upgraded honorable or general discharge issued prior to October 8, 1977, under criteria other than those prescribed by one of the programs listed in paragraph (h) of this section. However, if a person was discharged or released by reason of the sentence of a general court-martial, only a finding of insanity (paragraph (b) of this section) or a decision of a board of correction of records established under 10 U.S.C. 1552 can establish basic eligibility to receive Department of Veterans Affairs benefits. The following factors will be considered in determining whether there are compelling circumstances to warrant the prolonged unauthorized absence.

(i) Length and character of service exclusive of the period of prolonged AWOL. Service exclusive of the period of prolonged AWOL should generally be of such quality and length that it can be characterized as honest, faithful and meritorious and of benefit to the Nation.

(ii) Reasons for going AWOL. Reasons which are entitled to be given consideration when offered by the claimant include family emergencies or obliga-

tions, or similar types of obligations or duties owed to third parties. The reasons for going AWOL should be evaluated in terms of the person's age, cultural background, educational level and judgmental maturity. Consideration should be given to how the situation appeared to the person himself or herself, and not how the adjudicator might have reacted. Hardship or suffering incurred during overseas service, or as a result of combat wounds of other service-incurred or aggravated disability, is to be carefully and sympathetically considered in evaluating the person's state of mind at the time the prolonged AWOL period began.

(iii) A valid legal defense exists for the absence which would have precluded a conviction for AWOL. Compelling circumstances could occur as a matter of law if the absence could not validly be charged as, or lead to a conviction of, an offense under the Uniform Code of Military Justice. For purposes of this paragraph the defense must go directly to the substantive issue of absence rather than to procedures, technicalities or formalities.

(d) A discharge or release because of one of the offenses specified in this paragraph is considered to have been issued under dishonorable conditions.

(1) Acceptance of an undesirable discharge to escape trial by general court-martial.

(2) Mutiny or spying.

(3) An offense involving moral turpitude. This includes, generally, conviction of a felony.

(4) Willful and persistent misconduct. This includes a discharge under other than honorable conditions, if it is determined that it was issued because of willful and persistent misconduct. A discharge because of a minor offense will not, however, be considered willful and persistent misconduct if service was otherwise honest, faithful and meritorious.

(5) Homosexual acts involving aggravating circumstances or other factors affecting the performance of duty. Examples of homosexual acts involving aggravating circumstances or other factors affecting the performance of duty include child molestation, homosexual prostitution, homosexual acts or conduct accompanied by assault or

### § 3.12

### 38 CFR Ch. I (7-1-03 Edition)

coercion, and homosexual acts or conduct taking place between service members of disparate rank, grade, or status when a service member has taken advantage of his or her superior rank, grade, or status.

(e) An honorable discharge or discharge under honorable conditions issued through a board for correction of records established under authority of 10 U.S.C. 1552 is final and conclusive on the Department of Veterans Affairs. The action of the board sets aside any prior bar to benefits imposed under paragraph (c) or (d) of this section.

(f) An honorable or general discharge issued prior to October 8, 1977, under authority other than that listed in paragraphs (h) (1), (2) and (3) of this section by a discharge review board established under 10 U.S.C. 1553 set aside any bar to benefits imposed under paragraph (c) or (d) of this section except the bar contained in paragraph (c)(2) of this section.

(g) An honorable or general discharge issued on or after October 8, 1977, by a discharge review board established under 10 U.S.C. 1553, sets aside a bar to benefits imposed under paragraph (d), but not paragraph (c), of this section provided that:

(1) The discharge is upgraded as a result of an individual case review;

(2) The discharge is upgraded under uniform published standards and procedures that generally apply to all persons administratively discharged or released from active military, naval or air service under conditions other than honorable; and

(3) Such standards are consistent with historical standards for determining honorable service and do not contain any provision for automatically granting or denying an upgraded discharge.

(h) Unless a discharge review board established under 10 U.S.C. 1553 determines on an individual case basis that the discharge would be upgraded under uniform standards meeting the requirements set forth in paragraph (g) of this section, an honorable or general discharge awarded under one of the following programs does not remove any bar to benefits imposed under this section:

(1) The President's directive of January 19, 1977, implementing Presidential Proclamation 4313 of September 16, 1974; or

(2) The Department of Defense's special discharge review program effective April 5, 1977; or

(3) Any discharge review program implemented after April 5, 1977, that does not apply to all persons administratively discharged or released from active military service under other than honorable conditions.

(Authority: 38 U.S.C. 5303 (e))

(i) No overpayments shall be created as a result of payments made after October 8, 1977, based on an upgraded honorable or general discharge issued under one of the programs listed in paragraph (h) of this section which would not be awarded under the standards set forth in paragraph (g) of this section. Accounts in payment status on or after October 8, 1977, shall be terminated the end of the month in which it is determined that the original other than honorable discharge was not issued under conditions other than dishonorable following notice from the appropriate discharge review board that the discharge would not have been upgraded under the standards set forth in paragraph (g) of this section, or April 7, 1978, whichever is the earliest. Accounts in suspense (either before or after October 8, 1977) shall be terminated on the date of last payment or April 7, 1978, whichever is the earliest.

(j) No overpayment shall be created as a result of payments made after October 8, 1977, in cases in which the bar contained in paragraph (c)(6) of this section is for application. Accounts in payment status on or after October 8, 1977, shall be terminated at the end of the month in which it is determined that compelling circumstances do not exist, or April 7, 1978, whichever is the earliest. Accounts in suspense (either before or after October 8, 1977) shall be terminated on the date of last payment, or April 7, 1978, whichever is the earliest.

(k) *Uncharacterized separations.* Where enlisted personnel are administratively separated from service on the basis of

proceedings initiated on or after October 1, 1982, the separation may be classified as one of the three categories of administrative separation that do not require characterization of service by the military department concerned. In such cases conditions of discharge will be determined by the VA as follows:

(1) *Entry level separation.* Uncharacterized administrative separations of this type shall be considered under conditions other than dishonorable.

(2) *Void enlistment or induction.* Uncharacterized administrative separations of this type shall be reviewed based on facts and circumstances surrounding separation, with reference to the provisions of §3.14 of this part, to determine whether separation was under conditions other than dishonorable.

(3) *Dropped from the rolls.* Uncharacterized administrative separations of this type shall be reviewed based on facts and circumstances surrounding separation to determine whether separation was under conditions other than dishonorable.

**§3.12a Minimum active-duty service requirement.**

(a) *Definitions.* (1) The term *minimum period of active duty* means, for the purposes of this section, the shorter of the following periods.

(i) Twenty-four months of continuous active duty. Non-duty periods that are excludable in determining the Department of Veterans Affairs benefit entitlement (e.g., see §3.15) are not considered as a break in service for continuity purposes but are to be subtracted from total time served.

(ii) The full period for which a person was called or ordered to active duty.

(2) The term *benefit* includes a right or privilege but does not include a re-

fund of a participant's contributions under 38 U.S.C. Ch. 32.

(b) *Effect on Department of Veterans Affairs benefits.* Except as provided in paragraph (d) of this section, a person listed in paragraph (c) of this section who does not complete a minimum period of active duty is not eligible for any benefit under title 38, United States Code or under any law administered by the Department of Veterans Affairs based on that period of active service.

(c) *Persons included.* Except as provided in paragraph (d) of this section, the provisions of paragraph (b) of this section apply to the following persons:

(1) A person who originally enlists (enlisted person only) in a regular component of the Armed Forces after September 7, 1980 (a person who signed a delayed-entry contract with one of the service branches prior to September 8, 1980, and under that contract was assigned to a reserve component until entering on active duty after September 7, 1980, shall be considered to have enlisted on the date the person entered on active duty); and

(2) Any other person (officer as well as enlisted) who enters on active duty after October 16, 1981 and who has not previously completed a continuous period of active duty of at least 24 months or been discharged or released from active duty under 10 U.S.C. 1171 (early out).

(d) *Exclusions.* The provisions of paragraph (b) of this section are not applicable to the following cases:

(1) To a person who is discharged or released under 10 U.S.C. 1171 or 1173 (early out or hardship discharge).

(2) To a person who is discharged or released from active duty for a disability adjudged service connected without presumptive provisions of law, or who at time of discharge had such a service-connected disability, shown by official service records, which in medical judgment would have justified a discharge for disability.

(3) To a person with a compensable service-connected disability.

(4) To the provision of a benefit for or in connection with a service-connected disability, condition, or death.

(5) To benefits under chapter 19 of title 38, United States Code.

### § 3.13

(e) *Dependent or survivor benefits*—(1) *General.* If a person is, by reason of this section, barred from receiving any benefits under title 38, United States Code (or under any other law administered by the Department of Veterans Affairs based on a period of active duty, the person's dependents or survivors are also barred from receiving benefits based on the same period of active duty.

(2) *Exceptions.* Paragraph (e)(1) of this section does not apply to benefits under chapters 19 and 37 of title 38, United States Code. (38 U.S.C. 5303A)

[47 FR 24549, June 7, 1982]

### § 3.13 Discharge to change status.

(a) A discharge to accept appointment as a commissioned or warrant officer, or to change from a Reserve or Regular commission to accept a commission in the other component, or to reenlist is a conditional discharge if it was issued during one of the following periods:

(1) World War I; prior to November 11, 1918. As to reenlistments, this subparagraph applies only to Army and National Guard. No involuntary extension or other restrictions existed on Navy enlistments.

(2) World War II, the Korean conflict or the Vietnam era; prior to the date the person was eligible for discharge under the point or length of service system, or under any other criteria in effect.

(3) Peacetime service; prior to the date the person was eligible for an unconditional discharge.

(b) Except as provided in paragraph (c) of this section, the entire period of service under the circumstances stated in paragraph (a) of this section constitutes one period of service and entitlement will be determined by the character of the final termination of such period of active service except that, for death pension purposes, § 3.3(b)(3) and (4) is controlling as to basic entitlement when the conditions prescribed therein are met.

(c) Despite the fact that no unconditional discharge may have been issued, a person shall be considered to have been unconditionally discharged or released from active military, naval or

### 38 CFR Ch. I (7-1-03 Edition)

air service when the following conditions are met:

(1) The person served in the active military, naval or air service for the period of time the person was obligated to serve at the time of entry into service;

(2) The person was not discharged or released from such service at the time of completing that period of obligation due to an intervening enlistment or reenlistment; and

(3) The person would have been eligible for a discharge or release under conditions other than dishonorable at that time except for the intervening enlistment or reenlistment.

[26 FR 1566, Feb. 24, 1961, as amended at 27 FR 4024, Apr. 27, 1962; 32 FR 13224, Sept. 19, 1967; 43 FR 15154, Apr. 11, 1978; 46 FR 23926, Apr. 29, 1981]

### § 3.14 Validity of enlistments.

Service is valid unless the enlistment is voided by the service department.

(a) *Enlistment not prohibited by statute.* Where an enlistment is voided by the service department for reasons other than those stated in paragraph (b) of this section, service is valid from the date of entry upon active duty to the date of voidance by the service department. Benefits may not be paid, however, unless the discharge is held to have been under conditions other than dishonorable. Generally discharge for concealment of a physical or mental defect except incompetency or insanity which would have prevented enlistment will be held to be under dishonorable conditions.

(b) *Statutory prohibition.* Where an enlistment is voided by the service department because the person did not have legal capacity to contract for a reason other than minority (as in the case of an insane person) or because the enlistment was prohibited by statute (a deserter or person convicted of a felony), benefits may not be paid based on that service even though a disability was incurred during such service. An undesirable discharge by reason of the fraudulent enlistment voids the enlistment from the beginning.

(c) *Misrepresentation of age.* Active service which was terminated because of concealment of minority or misrepresentation of age is honorable if

## Department of Veterans Affairs

## § 3.20

the veteran was released from service under conditions other than dishonorable. Service is valid from the date of entry upon active duty to the date of discharge.

(d) *Honorable discharges.* Determinations as to honorable service will be made by the service departments and the finding shall be binding on the Department of Veterans Affairs, but, in the case of an alien, the effect of the discharge will be governed by § 3.7(b).

[26 FR 1567, Feb. 24, 1961, as amended at 27 FR 4024, Apr. 27, 1962]

### § 3.15 Computation of service.

For nonservice-connected or service-connected benefits, active service is countable exclusive of time spent on an industrial, agricultural, or indefinite furlough, time lost on absence without leave (without pay), under arrest (without acquittal), in desertion, while undergoing sentence of court-martial or a period following release from active duty under the circumstances outlined in § 3.41. In claims based on Spanish-American War service, leave authorized under General Order No. 130, War Department, is included.

CROSS REFERENCE: Duty periods. See § 3.6(b)(6).

### § 3.16 Service pension.

In computing the 70 or 90 days required under § 3.3(a) active service which began before or extended beyond the war period will be included if such service was continuous. Broken periods of service during a war period may be added together to meet the requirement for length of service.

[41 FR 18299, May 3, 1976, as amended at 44 FR 45932, Aug. 6, 1979]

### § 3.17 Disability and death pension; Mexican border period and later war periods.

In computing the 90 days' service required for pension entitlement (see § 3.3), there will be included active service which began before and extended into the Mexican border period or ended during World War I, or began or ended during World War II, the Korean conflict, the Vietnam era or the Persian Gulf War, if such service was con-

tinuous. Service during different war periods may be combined with service during any other war period to meet the 90 days' service requirement.

### § 3.20 Surviving spouse's benefit for month of veteran's death.

(a) Where the veteran died on or after December 1, 1962, and before October 1, 1982, the rate of death pension or dependency and indemnity compensation otherwise payable for the surviving spouse for the month in which the death occurred shall be not less than the amount of pension or compensation which would have been payable to or for the veteran for that month but for his or her death.

(Authority: 38 U.S.C. 5310)

(b) Where the veteran dies on or after October 1, 1982, the surviving spouse may be paid death pension or dependency and indemnity compensation for the month in which the veteran died at a rate equal to the amount of compensation or pension which would have been payable to the veteran for that month had death not occurred, but only if such rate is equal to or greater than the monthly rate of death pension or dependency and indemnity compensation to which the surviving spouse is entitled. Otherwise, no payment of death pension or dependency and indemnity compensation may be made for the month in which the veteran died.

(Authority: 38 U.S.C. 5111(c))

(c)(1) Where a veteran receiving compensation or pension dies after December 31, 1996, the surviving spouse, if not entitled to death compensation, dependency and indemnity compensation, or death pension for the month of death, shall be entitled to a benefit for that month in an amount equal to the amount of compensation or pension the veteran would have received for that month but for his or her death.

(2) A payment issued to a deceased veteran as compensation or pension for

the month in which death occurred shall be treated as payable to that veteran's surviving spouse, if the surviving spouse is not entitled to death compensation, dependency and indemnity compensation or death pension for that month and, if negotiated or deposited, shall be considered to be the benefit to which the surviving spouse is entitled under paragraph (c)(1) of this section. However, if such payment is in an amount less than the amount of the benefit under paragraph (c)(1) of this section, the unpaid difference shall be treated in the same manner as an accrued benefit under §3.1000 of this part.

#### §3.21 Monetary rates.

The rates of compensation, dependency and indemnity compensation for surviving spouses and children, and section 306 and old-law disability and death pension, are published in tabular form in appendix B of the Veterans Benefits Administration Manual M21-1 and are to be given the same force and effect as if published in the regulations (title 38, Code of Federal Regulations). The maximum annual rates of improved pension payable under Pub. L. 95-588 (92 Stat. 2497) are set forth in §§3.23 and 3.24. The monthly rates and annual income limitations applicable to parents' dependency and indemnity compensation are set forth in §3.25.

#### §3.22 DIC benefits for survivors of certain veterans rated totally disabled at time of death.

(a) Even though a veteran died of non-service-connected causes, VA will pay death benefits to the surviving spouse or children in the same manner as if the veteran's death were service-connected, if:

- (1) The veteran's death was not the result of his or her own willful misconduct, and
- (2) At the time of death, the veteran was receiving, or was entitled to re-

ceive, compensation for service-connected disability that was:

- (i) Rated by VA as totally disabling for a continuous period of at least 10 years immediately preceding death;
- (ii) Rated by VA as totally disabling continuously since the veteran's release from active duty and for at least 5 years immediately preceding death; or
- (iii) Rated by VA as totally disabling for a continuous period of not less than one year immediately preceding death, if the veteran was a former prisoner of war who died after September 30, 1999.

(Authority: 38 U.S.C. 1318(b))

(b) For purposes of this section, "entitled to receive" means that at the time of death, the veteran had service-connected disability rated totally disabling by VA but was not receiving compensation because:

- (1) VA was paying the compensation to the veteran's dependents;
- (2) VA was withholding the compensation under authority of 38 U.S.C. 5314 to offset an indebtedness of the veteran;
- (3) The veteran had applied for compensation but had not received total disability compensation due solely to clear and unmistakable error in a VA decision concerning the issue of service connection, disability evaluation, or effective date;
- (4) The veteran had not waived retired or retirement pay in order to receive compensation;
- (5) VA was withholding payments under the provisions of 10 U.S.C. 1174(h)(2);
- (6) VA was withholding payments because the veteran's whereabouts was unknown, but the veteran was otherwise entitled to continued payments based on a total service-connected disability rating; or
- (7) VA was withholding payments under 38 U.S.C. 5308 but determines that benefits were payable under 38 U.S.C. 5309.

(c) For purposes of this section, "rated by VA as totally disabling" includes total disability ratings based on unemployability (§4.16 of this chapter).

(d) To be entitled to benefits under this section, a surviving spouse must have been married to the veteran—

(1) For at least 1 year immediately preceding the date of the veteran's death; or

(2) For any period of time if a child was born of the marriage, or was born to them before the marriage.

(Authority: 38 U.S.C. 1318)

(e) *Effect of judgment or settlement.* If a surviving spouse or child eligible for benefits under paragraph (a) of this section receives any money or property pursuant to a judicial proceeding based upon, or a settlement or compromise of, any cause of action or other right of recovery for damages for the death of the veteran, benefits payable under paragraph (a) of this section shall not be paid for any month following the month in which such money or property is received until the amount of benefits that would otherwise have been payable under paragraph (a) of this section equals the total of the amount of money received and the fair market value of the property received. The provisions of this paragraph do not apply, however, to any portion of such benefits payable for any period preceding the end of the month in which such money or property of value is received.

(Authority: 38 U.S.C. 501)

(f) *Social security and worker's compensation.* Benefits received under social security or worker's compensation are not subject to recoupment under paragraph (e) of this section even though such benefits may have been awarded pursuant to a judicial proceeding.

(g) *Beneficiary's duty to report.* Any person entitled to benefits under paragraph (a) of this section shall promptly report to the Department of Veterans Affairs the receipt of any money or property received pursuant to a judicial proceeding based upon, or a settlement or compromise of, any cause of action or other right of recovery for damages for the death of the veteran. The amount to be reported is the total of the amount of money received and the fair market value of property received. Expenses incident to recovery, such as attorney's fees, may not be deducted from the amount to be reported.

(h) *Relationship to survivor benefit plan.* For the purpose of 10 U.S.C. 1448(d) and 1450(c) eligibility for benefits under paragraph (a) of this section shall be deemed eligibility for dependency and indemnity compensation under 38 U.S.C. 1311(a).

(c) *Mexican border period and World War I veterans.* The applicable maximum annual rate payable to a Mexican border period or World War I veteran under this section shall be increased by the amount specified in 38 U.S.C. 1521(g), as increased from time to time under 38 U.S.C. 5312. Each time there is an increase under 38 U.S.C. 5312, the actual rate will be published in the "Notices" section of the FEDERAL REGISTER.

(Authority: 38 U.S.C. 1521(g))

(d) *Definitions of terms used in this section—(1) Dependent.* A veteran's spouse or child. A veteran's spouse who resides apart from the veteran and is estranged from the veteran may not be considered the veteran's dependent unless the spouse receives reasonable support contributions from the veteran. (Note that under § 3.60 a veteran and spouse who reside apart are considered to be living together unless they are estranged.) A child of a veteran not in custody of the veteran and to whose support the veteran is not reasonably contributing, may not be considered the veteran's dependent.

(Authority: 38 U.S.C. 1521(b))

(2) *In need of aid and attendance.* As defined in § 3.351(b).

(3) *Housebound.* As defined in § 3.351(d)(2), (f). This term also includes a veteran who has a disability or disabilities evaluated as 60 percent or more disabling in addition to a permanent and totally disabling condition. See § 3.351(d)(1).

(4) *Veteran's annual income.* This term includes the veteran's annual income, the annual income of the veteran's dependent spouse, and the annual income of each child of the veteran (other than a child for whom increased pension is not payable under 38 U.S.C. 1522(b)) in the veteran's custody or to whose support the veteran is reasonably contrib-

uting (to the extent such child's income is reasonably available to or for the veteran, unless in the judgment of the Department of Veterans Affairs to do so would work a hardship on the veteran.) There is a rebuttable presumption that all of such a child's income is reasonably available to or for the veteran.

(Authority: 38 U.S.C. 1521 (c), (h))

(5) *Surviving spouse's annual income.* This term includes the surviving spouse's annual income and the annual income of each child of the veteran (other than a child for whom increased pension is not payable under 38 U.S.C. 1543(a)(2)) in the custody of the surviving spouse to the extent that such child's income is reasonably available to or for the surviving spouse, unless in the judgment of the Department of Veterans Affairs to do so would work a hardship on the surviving spouse. There is a rebuttable presumption that all of such a child's income is available to or for the surviving spouse.

(Authority: 38 U.S.C. 1541(c), (g))

(6) *Reasonable availability and hardship.* For the purposes of paragraphs (d)(4) and (d)(5) of this section, a child's income shall be considered "reasonably available" when it can be readily applied to meet the veteran's or surviving spouse's expenses necessary for reasonable family maintenance, and "hardship" shall be held to exist when annual expenses necessary for reasonable family maintenance exceed the sum of countable annual income plus VA pension entitlement. *Expenses necessary for reasonable family maintenance* include expenses for basic necessities (such as food, clothing, shelter, etc.) and other expenses, determined on a case-by-case basis, which are necessary to support a reasonable quality of life.

**§ 3.24 Improved pension rates—Surviving children.**

(a) *General.* The provisions of this section apply to children of a deceased veteran not in the custody of a surviving spouse who has basic eligibility to receive improved pension. Children in custody of a surviving spouse who has basic eligibility to receive improved pension do not have separate entitlement. Basic eligibility to receive improved pension means that the surviving spouse is in receipt of improved pension or could become entitled to receive improved pension except for the amount of the surviving spouse's countable annual income or the size of the surviving spouse's estate (See § 3.274(c)). Under § 3.23(d)(5) the countable annual income of a surviving spouse includes the countable annual income of each child of the veteran in custody of the surviving spouse to the extent the child's income is reasonably available to or for the surviving spouse, unless in the judgment of the Department of Veterans Affairs to do so would work a hardship on the surviving spouse.

(b) *Child with no personal custodian or in the custody of an institution.* In cases in which there is no personal custodian, i.e., there is no person who has the legal right to exercise parental control and responsibility for the child's welfare (See § 3.57(d)), or the child is in the custody of an institution, pension shall be paid to the child at the annual rate specified in 38 U.S.C. 1542, as increased from time to time under 38 U.S.C. 5312, reduced by the amount of the child's countable annual income. Each time there is an increase under 38 U.S.C. 5312, the actual rate will be published in the "Notices" section of the FEDERAL REGISTER.

(c) *Child in the custody of person legally responsible for support—(1) Single child.* Pension shall be paid to a child in the custody of a person legally responsible for the child's support at an annual rate equal to the difference between the rate for a surviving spouse and one child under § 3.23(a)(5), and the sum of the annual income of such child and the annual income of such person or, the maximum annual pension rate under paragraph (b) of this section, whichever is less.

(2) *More than one child.* Pension shall be paid to children in custody of a person legally responsible for the children's support at an annual rate equal to the difference between the rate for a surviving spouse and an equivalent number of children (but not including any child who has countable annual income equal to or greater than the maximum annual pension rate under paragraph (b) of this section) and the sum of the countable annual income of the person legally responsible for support and the combined countable annual income of the children (but not including the income of any child whose countable annual income is equal to or greater than the maximum annual pension rate under paragraph (b) of this section, or the maximum annual pension rate under paragraph (b) of this section times the number of eligible children, whichever is less).

**§ 3.25 Parent's dependency and indemnity compensation (DIC)—Method of payment computation.**

Monthly payments of parents' DIC shall be computed in accordance with the following formulas:

(a) *One parent.* Except as provided in paragraph (b) of this section, if there is only one parent, the monthly rate specified in 38 U.S.C. 1315(b)(1), as increased from time to time under 38 U.S.C. 5312, reduced by \$.08 for each dollar of such parent's countable annual income in excess of \$800. No payments of DIC may be made under this paragraph, however, if such parent's countable annual income exceeds the amount specified in 38 U.S.C. 1315(b)(3), as increased from time to time under 38 U.S.C. 5312, and no payment of DIC to a parent under this paragraph may be less than \$5 a month.

(b) *One parent who has remarried.* If there is only one parent and the parent has remarried and is living with the parent's spouse, DIC shall be paid under paragraph (a) or paragraph (d) of this section, whichever shall result in the greater benefit being paid to the

### § 3.26

### 38 CFR Ch. I (7-1-03 Edition)

veteran's parent. In the case of remarriage, the total combined annual income of the parent and the parent's spouse shall be counted in determining the monthly rate of DIC.

(c) *Two parents not living together.* The rate computation method in this paragraph applies to:

(1) Two parents who are not living together, or

(2) An unremarried parent when both parents are living and the other parent has remarried.

The monthly rate of DIC paid to such parent shall be the rate specified in 38 U.S.C. 1315(c)(1), as increased from time to time under 38 U.S.C. 5312, reduced by an amount no greater than \$.08 for each dollar of such parent's countable annual income in excess of \$800, except that no payments of DIC may be made under this paragraph if such parent's countable annual income exceeds the amount specified in 38 U.S.C. 1315(c)(3), as increased from time to time under 38 U.S.C. 5312, and no payment of DIC to a parent under this paragraph may be less than \$5 monthly. Each time there is a rate increase under 38 U.S.C. 5312, the amount of the reduction under this paragraph shall be recomputed to provide, as nearly as possible, for an equitable distribution of the rate increase. The results of this computation method shall be published in schedular format in the "Notices" section of the FEDERAL REGISTER as provided in paragraph (f) of this section.

(d) *Two parents living together or remarried parents living with spouse.* The rate computation method in this paragraph applies to each parent living with another parent and to each remarried parent when both parents are alive. The monthly rate of DIC paid to such parents shall be the rate specified in 38 U.S.C. 1315(d)(1), as increased from time to time under 38 U.S.C. 5312, reduced to an amount no greater than \$.08 for each dollar of such parent's and spouse's combined countable annual income in excess of \$1,000 except that no payments of DIC to a parent under this paragraph may be less than \$5 monthly. Each time there is a rate increase under 38 U.S.C. 5312, the amount of the reduction under this paragraph shall be recomputed to provide, as nearly as

possible, for an equitable distribution of the rate increase. The results of this computation method shall be published in schedular format in the "Notices" section of the FEDERAL REGISTER as provided in paragraph (f) of this section.

(e) *Aid and attendance.* The monthly rate of DIC payable to a parent under this section shall be increased by the amount specified in 38 U.S.C. 1315(g), as increased from time to time under 38 U.S.C. 5312, if such parent is:

(1) A patient in a nursing home, or

(2) Helpless or blind, or so nearly helpless or blind as to need or require the regular aid and attendance of another person.

(f) *Rate publication.* Each time there is an increase under 38 U.S.C. 5312, the actual rates will be published in the "Notices" section of the FEDERAL REGISTER.

(b) If a beneficiary under section 306 pension is in need of aid and attendance, the annual income limitation under paragraph (a) of this section shall be increased in accordance with 38 U.S.C. 1521(d), as in effect on December 31, 1978.

### § 3.31 Commencement of the period of payment.

Regardless of VA regulations concerning effective dates of awards, and except as provided in paragraph (c) of this section, payment of monetary benefits based on original, reopened, or increased awards of compensation, pension, dependency and indemnity compensation, or a monetary allowance under 38 U.S.C. chapter 18 for an individual who is a child of a Vietnam veteran may not be made for any period prior to the first day of the calendar month following the month in which the award became effective. However, beneficiaries will be deemed to be in receipt of monetary benefits during the period between the effective date of the award and the date payment commences for the purpose of all laws administered by the Department of Veterans Affairs except that nothing in this section will be construed as preventing the receipt of retired or retirement pay prior to the effective date of waiver of such pay in accordance with 38 U.S.C. 5305.

(a) *Increased award defined.* For the purposes of this section the term *increased award* means an award which is increased because of an added dependent, increase in disability or disability rating, or reduction in income. The term also includes elections of improved pension under section 306 of Pub. L. 95-588 and awards pursuant to paragraphs 29 and 30 of the Schedule for Rating Disabilities except as provided in paragraph (c) of this section.

(b) *General rule of applicability.* The provisions of this section apply to all original, reopened, or increased awards unless such awards provide only for continuity of entitlement with no increase in rate of payment.

## Department of Veterans Affairs

## § 3.32

(c) *Specific exclusions.* The provisions of this section do not apply to the following types of awards.

(1) Surviving spouse's rate for the month of a veteran's death (for exception see § 3.20(b))

(2) In cases where military retired or retirement pay is greater than the amount of compensation payable, compensation will be paid as of the effective date of waiver of such pay. However, in cases where the amount of compensation payable is greater than military retired or retirement pay, payment of the available difference for any period prior to the effective date of total waiver of such pay is subject to the general provisions of this section.

(3) Adjustments of awards—such as in the case of original or increased apportionments or the termination of any withholding, reduction, or suspension by reason of:

- (i) Recoupment,
- (ii) An offset to collect indebtedness,
- (iii) Institutionalization (hospitalization),
- (iv) Incompetency,
- (v) Incarceration,
- (vi) An estate that exceeds the limitation for certain hospitalized incompetent veterans, or
- (vii) Discontinuance of apportionments.

(4) Increases resulting solely from the enactment of legislation—such as

- (i) Cost-of-living increases in compensation or dependency and indemnity compensation,
- (ii) Increases in Improved Pension, parents' dependency and indemnity compensation, or a monetary allowance under 38 U.S.C. chapter 18 pursuant to § 3.27, or
- (iii) Changes in the criteria for statutory award designations.

(5) Temporary total ratings pursuant to paragraph 29 of the Schedule for Rating Disabilities when the entire period of hospitalization or treatment, including any period of post-hospitalization convalescence, commences and terminates within the same calendar month. In such cases the period of payment shall commence on the

first day of the month in which the hospitalization or treatment began.

### § 3.32 Exchange rates for foreign currencies.

When determining the rates of pension or parents' DIC or the amounts of burial, plot or headstone allowances or accrued benefits to which a claimant or beneficiary may be entitled, income received or expenses paid in a foreign currency shall be converted into U.S. dollar equivalents employing quarterly exchange rates established by the Department of the Treasury.

(a) *Pension and parents' DIC.* (1) Because exchange rates for foreign currencies cannot be determined in advance, rates of pension and parents' DIC shall be projected using the most recent quarterly exchange rate and shall be adjusted retroactively based upon actual exchange rates when an annual eligibility verification report is filed.

(2) Retroactive adjustments due to fluctuations in exchange rates shall be calculated using the average of the four most recent quarterly exchange rates. If the claimant reports income and expenses for a prior reporting period, the retroactive adjustment shall be calculated using the average of the four quarterly rates which were the most recent available on the closing date of the twelve-month period for which income and expenses are reported.

(b) *Burial, plot or headstone allowances and accrued benefits.* Payment amounts for burial, plot or headstone allowances and claims for accrued benefits as reimbursement from the person who bore the expenses of a deceased beneficiary's last illness or burial shall be determined using the quarterly exchange rate for the quarter in which the expenses forming the basis of the claim were paid. If the claim is filed by an unpaid creditor, however, the quarterly rate for the quarter in which the veteran died shall apply. When entitlement originates during a quarter for which the Department of the Treasury

Benefits are payable in dollars.

(b) *Other Philippine Scouts.* Service of persons enlisted under section 14, Pub. L. 190, 79th Congress (Act of October 6, 1945), is included for compensation and dependency and indemnity compensation. Such benefits are payable at a rate of \$0.50 for each dollar authorized under the law. All enlistments and re-enlistments of Philippine Scouts in the Regular Army between October 6, 1945, and June 30, 1947, inclusive were made under the provisions of Pub. L. 190 as it constituted the sole authority for such enlistments during that period. This paragraph does not apply to officers who were commissioned in connection with the administration of Pub. L. 190.

(Authority: 38 U.S.C. 107)

(c) *Commonwealth Army of the Philippines.* (1) Service is included, for compensation, dependency and indemnity compensation, and burial allowance, from and after the dates and hours, respectively, when they were called into service of the Armed Forces of the United States by orders issued from time to time by the General Officer, U.S. Army, pursuant to the Military Order of the President of the United States dated July 26, 1941. Service as a guerrilla under the circumstances outlined in paragraph (d) of this section is also included. Except as provided in

### 38 CFR Ch. I (7-1-03 Edition)

§§ 3.42 and 3.43, benefits based on service described in this paragraph are payable at a rate of \$0.50 for each dollar authorized under the law.

(Authority: 38 U.S.C. 107)

(2) Unless the record shows examination at time of entrance into the Armed Forces of the United States, such persons are not entitled to the presumption of soundness. This also applies upon reentering the Armed Forces after a period of inactive service.

(d) *Guerrilla service.* (1) Persons who served as guerrillas under a commissioned officer of the United States Army, Navy or Marine Corps, or under a commissioned officer of the Commonwealth Army recognized by and cooperating with the United States Forces are included. (See paragraph (c) of this section.) Service as a guerrilla by a member of the Philippine Scouts or the Armed Forces of the United States is considered as service in his or her regular status. (See paragraph (a) of this section.)

(2) The following certifications by the service departments will be accepted as establishing guerrilla service:

(i) Recognized guerrilla service;

(ii) Unrecognized guerrilla service under a recognized commissioned officer only if the person was a former member of the United States Armed Forces (including the Philippine Scouts), or the Commonwealth Army. This excludes civilians.

A certification of *Anti-Japanese Activity* will not be accepted as establishing guerrilla service.

(e) *Combined service.* Where a veteran who had Commonwealth Army or guerrilla service and also had other service, wartime or peacetime, in the Armed Forces of the United States, has disabilities which are compensable separately on a dollar and a \$0.50 for each dollar authorized basis, and the disabilities are combined under the authority contained in 38 U.S.C. 1157, the evaluation for which dollars are payable will be first considered and the difference between this evaluation and the combined evaluation will be the basis for computing the amount payable at the rate of \$0.50 for each dollar authorized.

### § 3.41 Philippine service.

(a) For a Regular Philippine Scout or a member of one of the regular components of the Philippine Commonwealth Army while serving with Armed Forces of United States, the period of active service will be from the date certified by the Armed Forces as the date of enlistment or date of report for active duty whichever is later to date of release from active duty, discharge, death, or in the case of a member of the Philippine Commonwealth Army June 30, 1946, whichever was earlier. Release from active duty includes:

(1) Leaving one's organization in anticipation of or due to the capitulation.

(2) Escape from prisoner-of-war status.

(3) Parole by the Japanese.

(4) Beginning of missing-in-action status, except where factually shown at that time he was with his or her unit or death is presumed to have occurred while carried in such status: *Provided, however,* That where there is credible evidence that he was alive after commencement of his or her missing-in-action status, the presumption of death will not apply for Department of Veterans Affairs purposes.

(5) Capitulation on May 6, 1942, except that periods of recognized guerrilla service or unrecognized guerrilla service under a recognized commissioned officer or periods of service in units which continued organized resistance against Japanese prior to formal capitulation will be considered return to active duty for period of such service.

(b) Active service of a Regular Philippine Scout or a member of the Philippine Commonwealth Army serving with the Armed Forces of the United States will include a *prisoner-of-war* status immediately following a period of active duty, or a period of recognized guerrilla service or unrecognized guerrilla service under a recognized commissioned officer. In those cases where following release from active duty as

set forth in paragraph (a) of this section, the veteran is factually found by the Department of Veterans Affairs to have been injured or killed by the Japanese because of anti-Japanese activities or his or her former service in the Armed Forces of the United States, such injury or death may be held to have been incurred in active service for Department of Veterans Affairs purposes. Determination shall be based on all available evidence, including service department reports, and consideration shall be given to the character and length of the veteran's former active service in the Armed Forces of the United States.

(c) A prisoner-of-war status based upon arrest during general zonification will not be sufficient of itself to bring a case within the definition of return to military control.

(d) The active service of members of the irregular forces *guerrilla* will be the period certified by the service department.

### § 3.42 Compensation at the full-dollar rate for certain Filipino veterans residing in the United States.

(a) *Definitions.* For purposes of this section:

(1) *United States* (U.S.) means the states, territories and possessions of the United States; the District of Columbia, and the Commonwealth of Puerto Rico.

(2) *Residing in the U.S.* means that an individual's principal, actual dwelling place is in the U.S. and that the individual meets the residency requirements of paragraph (c)(4) of this section.

(3) *Citizen of the U.S.* means any individual who acquires U.S. citizenship through birth in the territorial U.S., birth abroad as provided under title 8, United States Code, or through naturalization, and has not renounced his or her U.S. citizenship, or had such citizenship cancelled, revoked, or otherwise terminated.

(4) *Lawfully admitted for permanent residence* means that an individual has been lawfully accorded the privilege of residing permanently in the U.S. as an

immigrant by the U.S. Immigration and Naturalization Service under title 8, United States Code, such status not having changed.

(b) *Eligibility requirements.* Compensation is payable at the full-dollar rate based on service described in § 3.40(c) or (d) to a veteran who is residing in the United States (U.S.) and is either:

(1) A citizen of the U.S., or

(2) An alien lawfully admitted for permanent residence in the U.S.

(c) *Evidence of eligibility for full-dollar rate benefits.* (1) A valid original or copy of one of the following documents is required to prove that the veteran is a natural born citizen of the U.S.:

(i) A valid U.S. passport;

(ii) A birth certificate showing that he or she was born in the U.S.; or

(iii) A Report of Birth Abroad of a Citizen of the U.S. issued by a U.S. consulate abroad.

(2) Only verification by the U.S. Immigration and Naturalization Service to VA that a veteran is a naturalized citizen of the U.S. will be sufficient proof of such status.

(3) Only verification by the U.S. Immigration and Naturalization Service to VA that a veteran is an alien lawfully admitted for permanent residence in the U.S. will be sufficient proof of such status.

(4) VA will not pay benefits at the full-dollar rate under this section if the veteran's mailing address is a Post Office box, unless evidence from the U.S. Postal Service shows that it does not deliver mail to the veteran's street address. In order to pay benefits at the full-dollar rate, evidence (such as a driver's license, lease agreement, utility bills) must establish that the veteran is residing at a valid street address in the U.S. and receiving mail at that address.

(d) *Continued eligibility.* (1) In order to continue receiving benefits at the full-dollar rate under this section, a veteran must be physically present in the U.S. for at least 183 days of each calendar year in which he or she receives payments at the full-dollar rate, and may not be absent from the U.S. for more than 60 consecutive days at a time. However, if a veteran becomes eligible for full-dollar rate benefits on an initial basis, on or after July 1 of any

calendar year, the 183-day rule will not apply during that calendar year. VA will not consider a veteran to have been absent from the U.S. if he or she left and returned to the U.S. on the same date.

(2) A veteran receiving benefits at the full-dollar rate under this section must notify VA within 30 days of leaving the U.S. or within 30 days if he or she loses either his or her U.S. citizenship or lawful permanent resident alien status. When a veteran no longer meets the eligibility requirements of paragraph (a) of this section, VA will reduce his or her payment to the rate of \$0.50 for each dollar authorized under the law, effective on the date determined under § 3.505. If such veteran regains his or her U.S. citizenship or lawful permanent resident alien status, VA will restore full-dollar rate benefits, effective the date the veteran meets the eligibility requirements in § 3.42.

(3) When requested to do so by VA, a veteran receiving benefits at the full-dollar rate under this section must verify that he or she continues to meet the residency and citizenship/permanent-resident-alien status requirements of paragraph (b). VA will advise the veteran at the time of the request that the verification must be furnished within 60 days and that failure to do so will result in the reduction of benefits. If the veteran fails to furnish the evidence within 60 days, VA will reduce his or her payment to the rate of \$0.50 for each dollar authorized, as provided in § 3.652.

(4) A veteran receiving benefits at the full-dollar rate under this section must promptly notify VA of any change of his or her address. If mail from VA to the veteran is returned to VA by the U.S. Postal Service, VA will reduce his or her payment to the rate of \$0.50 for each dollar authorized under law, effective on the date determined under § 3.505.

(e) *Effective date for restored eligibility.* In the case of a veteran receiving benefits at the full-dollar rate, if his or her payments are reduced to the rate of \$0.50 for each dollar authorized under the law, VA will resume payments at the full-dollar rate, if otherwise in order, effective the first day of the

month following the date on which he or she again meets the requirements. However, such increased payments will be retroactive no more than one year prior to the date on which VA receives evidence that he or she again meets the requirements. If payments are reduced based on an absence from the U.S. of 183 or more days during a calendar year, VA will not resume payments at the full-dollar rate before the first day of the following calendar year.

(3) *Citizen of the U.S.* means any individual who acquires U.S. citizenship through birth in the territorial U.S., birth abroad as provided under title 8, United States Code, or through naturalization, and has not renounced his or her U.S. citizenship, or had such citizenship cancelled, revoked, or otherwise terminated.

(c) *Evidence of eligibility.* (1) In a claim for full-dollar rate burial payments based on the deceased veteran having been a natural born citizen of the U.S., a valid original or copy of one of the following documents is required:

- (i) A valid U.S. passport;
- (ii) A birth certificate showing that he or she was born in the U.S.; or
- (iii) A Report of Birth Abroad of a Citizen of the U.S. issued by a U.S. consulate abroad.

(2) In a claim based on the deceased veteran having been a naturalized citizen of the U.S., only verification of that status by the U.S. Immigration and Naturalization Service to VA will be sufficient proof for purposes of eligibility for full-dollar rate benefits.

(3) In a claim based on the deceased veteran having been an alien lawfully admitted for permanent residence in the U.S., only verification of that status by the U.S. Immigration and Naturalization Service to VA will be sufficient proof for purposes of eligibility for full-dollar rate benefits.

(4) In a claim for burial benefits at the full-dollar rate, evidence (which may include, for example, a driver's license, lease agreement or utility bills) must establish that the deceased veteran was, on the date of death, residing at a valid street address in the U.S.

## 38 CFR Ch. I (7-1-03 Edition)

### RELATIONSHIP

#### § 3.50 Spouse and surviving spouse.

(a) *Spouse*. “Spouse” means a person of the opposite sex whose marriage to the veteran meets the requirements of § 3.1(j).

(b) *Surviving spouse*. Except as provided in § 3.52, “surviving spouse” means a person of the opposite sex whose marriage to the veteran meets the requirements of § 3.1(j) and who was the spouse of the veteran at the time of the veteran’s death and:

(1) Who lived with the veteran continuously from the date of marriage to the date of the veteran’s death except where there was a separation which was due to the misconduct of, or procured by, the veteran without the fault of the spouse; and

(2) Except as provided in § 3.55, has not remarried or has not since the death of the veteran and after September 19, 1962, lived with another person of the opposite sex and held himself or herself out openly to the public to be the spouse of such other person.

[62 FR 5529, Feb. 6, 1997]

#### § 3.52 Marriages deemed valid.

Where an attempted marriage of a claimant to the veteran was invalid by reason of a legal impediment, the marriage will nevertheless be deemed valid if:

(a) The marriage occurred 1 year or more before the veteran died or existed for any period of time if a child was born of the purported marriage or was born to them before such marriage (see § 3.54(d)), and

(b) The claimant entered into the marriage without knowledge of the impediment, and

(c) The claimant cohabited with the veteran continuously from the date of marriage to the date of his or her death as outlined in § 3.53, and

(d) No claim has been filed by a legal surviving spouse who has been found entitled to gratuitous death benefits other than accrued monthly benefits covering a period prior to the veteran’s death.

#### § 3.53 Continuous cohabitation.

(a) *General*. The requirement that there must be continuous cohabitation from the date of marriage to the date of death of the veteran will be considered as having been met when the evidence shows that any separation was due to the misconduct of, or procured by, the veteran without the fault of the surviving spouse. Temporary separations which ordinarily occur, including those caused for the time being through fault of either party, will not break the continuity of the cohabitation.

(b) *Findings of fact*. The statement of the surviving spouse as to the reason for the separation will be accepted in the absence of contradictory information. If the evidence establishes that the separation was by mutual consent and that the parties lived apart for purposes of convenience, health, business, or any other reason which did not show an intent on the part of the surviving spouse to desert the veteran, the continuity of the cohabitation will not be considered as having been broken. State laws will not control in determining questions of desertion; however, due weight will be given to findings of fact in court decisions made during the life of the veteran on issues subsequently involved in the application of this section.

[41 FR 18300, May 3, 1976, as amended at 59 FR 32659, June 24, 1994]

(a) *Pension*. Death pension may be paid to a surviving spouse who was married to the veteran:

(c) *Adopted child.* Except as provided in paragraph (e) of this section, the term means a child adopted pursuant to a final decree of adoption, a child adopted pursuant to an unrescinded interlocutory decree of adoption while remaining in the custody of the adopting parent (or parents) during the interlocutory period, and a child who has been placed for adoption under an agreement entered into by the adopting parent (or parents) with any agency authorized under law to so act, unless and until such agreement is terminated, while the child remains in the custody of the adopting parent (or parents) during the period of placement for adoption under such agreement. The term includes, as of the date of death of a veteran, such a child who:

(1) Was living in the veteran's household at the time of the veteran's death, and

(2) Was adopted by the veteran's spouse under a decree issued within 2 years after August 25, 1959, or the veteran's death whichever is later, and

(3) Was not receiving from an individual other than the veteran or the veteran's spouse, or from a welfare organization which furnishes services or assistance for children, recurring contributions of sufficient size to constitute the major portion of the child's support.

(Authority: 38 U.S.C. 101(4))

(d) Definition of *child custody.* The provisions of this paragraph are for the purpose of determining entitlement to improved pension under §§ 3.23 and 3.24.

(1) Custody of a child shall be considered to rest with a veteran, surviving spouse of a veteran or person legally responsible for the child's support if that person has the legal right to exercise parental control and responsibility

for the welfare and care of the child. A child of the veteran residing with the veteran, surviving spouse of the veteran who is the child's natural or adoptive parent, or person legally responsible for the child's support shall be presumed to be in the custody of that individual. Where the veteran, surviving spouse, or person legally responsible for the child's support has not been divested of legal custody, but the child is not residing with that individual, the child shall be considered in the custody of the individual for purposes of Department of Veterans Affairs benefits.

(2) The term *person legally responsible for the child's support* means a person who is under a legally imposed obligation (e.g., by statute or court order) to provide for the child's support, as well as a natural or adoptive parent who has not been divested of legal custody. If the child's natural or adoptive parent has remarried, the stepparent may also be considered a person legally responsible for the child's support. A child shall be considered in the joint custody of his or her stepparent and natural or adoptive parent so long as the natural or adoptive parent and the stepparent are not estranged and residing apart, and the natural or adoptive parent has not been divested of legal custody. When a child is in such joint custody the combined income of the natural or adoptive parent and the stepparent shall be included as income of the person legally responsible for support under § 3.24(c).

(3) A person having custody of a child prior to the time the child attains age 18 shall be considered to retain custody of the child for periods on and after the child's 18th birthday, unless the person is divested of legal custody. This applies without regard to when a child reaches the age of majority under applicable State law. This also applies without regard to whether the child was entitled to pension prior to age 18, or whether increased pension was payable to a veteran or surviving spouse on behalf of the child prior to the child's 18th birthday. If the child's custodian dies after the child has attained age 18, the child shall be considered to be in custody of a successor custodian provided the successor custodian has

the right to exercise parental control and responsibility for the welfare and care of the child.

(Authority: 38 U.S.C. 501, 1521(c), 1541(c))

(e) *Child adopted under foreign law—*  
 (1) *General.* The provisions of this paragraph are applicable to a person adopted under the laws of any jurisdiction other than a State. The term *State* is defined in 38 U.S.C. 101(20) and also includes the Commonwealth of the Northern Mariana Islands. The term *veteran* includes, for the purposes of this paragraph, a Commonwealth Army veteran or new Philippine Scout as defined in 38 U.S.C. 3566.

(2) *Adopted child of living veteran.* A person residing outside any of the States shall not be considered to be a legally adopted child of a veteran during the lifetime of the veteran unless all of the following conditions are met.

(i) The person was less than 18 years of age at the time of adoption.

(ii) The person is receiving one-half or more of the person's support from the veteran.

(iii) The person is not in the custody of the person's natural parent unless the natural parent is the veteran's spouse.

(iv) The person is residing with the veteran (or in the case of divorce following adoption, with the divorced spouse who is also a natural or adoptive parent) except for periods during which the person is residing apart from the veteran for purposes of full-time attendance at an educational institution or during which the person or the veteran is confined in a hospital, nursing home, other health-care facility, or other institution.

(3) *Adopted child of deceased veteran.* A person shall not be considered to have been a legally adopted child of a veteran as of the date of the veteran's death and thereafter unless one of the following conditions is met.

(i) The veteran was entitled to and was receiving for the person a dependent's allowance or similar monetary benefit payable under title 38, United States Code at any time within the 1-year period immediately preceding the veteran's death; or

(ii) The person met the requirements of paragraph (e)(2) of this section for a

## Department of Veterans Affairs

## § 3.100

period of at least 1 year prior to the veteran's death.

(4) *Verification.* In the case of an adopted child of a living veteran, the requirements of paragraphs (e)(2)(ii), (iii) and (iv) of this section are for prospective application. That is, in addition to meeting all of the requirements of paragraph (e)(2) of this section at the time of initial adjudication, benefits are not payable thereafter for or to a child adopted under the laws of any jurisdiction other than a State unless the requirements of paragraphs (e)(2)(ii), (iii) and (iv) of this section continue to be met. Consequently, whenever Department of Veterans Affairs benefits are payable to or for a child adopted under the laws of any jurisdiction other than a State, and the veteran who adopted the child is living, the beneficiary shall submit, upon Department of Veterans Affairs request, a report, or other evidence, to determine if the requirements of paragraph (e)(2)(ii), (iii), and (iv) of this section were met for any period for which payment was made for or to the child and whether such requirements will continue to be met for future entitlement periods. Failure to submit the requested report or evidence within a reasonable time from date of request may result in termination of benefits payable for or to the child.

### § 3.58 Child adopted out of family.

A child of a veteran adopted out of the family of the veteran either prior or subsequent to the veteran's death is nevertheless a *child* within the meaning of that term as defined by § 3.57 and is eligible for benefits payable under all laws administered by the Department of Veterans Affairs.

### § 3.59 Parent.

(a) The term *parent* means a natural mother or father (including the mother of an illegitimate child or the father of an illegitimate child if the usual family relationship existed), mother or father through adoption, or a person who for a period of not less than 1 year stood in the relationship of a parent to a veteran at any time before his or her entry into active service.

(b) Foster relationship must have begun prior to the veteran's 21st birthday. Not more than one father and one mother, as defined, will be recognized in any case. If two persons stood in the relationship of father or mother for 1 year or more, the person who last stood in such relationship before the veteran's last entry into active service will be recognized as the *parent*.

## ADMINISTRATIVE

### § 3.100 Delegations of authority.

(a) Authority is delegated to the Under Secretary for Benefits and to supervisory or adjudicative personnel within the jurisdiction of the Veterans Benefits Administration designated by the Under Secretary to make findings and decisions under the applicable laws, regulations, precedents, and instructions, as to entitlement of claimants to benefits under all laws administered by the Department of Veterans Affairs governing the payment of monetary benefits to veterans and their dependents, within the jurisdiction of Compensation and Pension Service.

### § 3.102

(b) Authority is delegated to the Director, Compensation and Pension Service, and to personnel of that service designated by him to determine whether a claimant or payee has forfeited the right to gratuitous benefits or to remit a prior forfeiture pursuant to the provisions of 38 U.S.C. 6103 or 6104. ### § 3.102 Reasonable doubt.

It is the defined and consistently applied policy of the Department of Veterans Affairs to administer the law under a broad interpretation, consistent, however, with the facts shown in every case. When, after careful consideration of all procurable and assembled data, a reasonable doubt arises regarding service origin, the degree of disability, or any other point, such doubt will be resolved in favor of the claimant. By reasonable doubt is meant one which exists because of an approximate balance of positive and negative evidence which does not satisfactorily prove or disprove the claim. It is a substantial doubt and one within the range of probability as distinguished from pure speculation or remote possibility. It is not a means of reconciling actual conflict or a contradiction in the evidence. Mere suspicion or doubt as to the truth of any statements submitted, as distinguished from impeachment or contradiction by evidence or known facts, is not justifiable basis for denying the application of the reasonable doubt doctrine if the entire, complete record otherwise warrants invoking this doctrine. The reasonable doubt doctrine is also applicable even in the absence of official records, particularly if the basic incident allegedly arose under combat, or similarly strenuous conditions, and is consistent with the probable results of such known hardships.

### 38 CFR Ch. I (7-1-03 Edition)

### § 3.103 Procedural due process and appellate rights.

(a) *Statement of policy.* Every claimant has the right to written notice of the decision made on his or her claim, the right to a hearing, and the right of representation. Proceedings before VA are ex parte in nature, and it is the obligation of VA to assist a claimant in developing the facts pertinent to the claim and to render a decision which grants every benefit that can be supported in law while protecting the interests of the Government. The provisions of this section apply to all claims for benefits and relief, and decisions thereon, within the purview of this part 3.

(b) *The right to notice—(1) General.* Claimants and their representatives are entitled to notice of any decision made by VA affecting the payment of benefits or the granting of relief. Such notice shall clearly set forth the decision made, any applicable effective date, the reason(s) for the decision, the right to a hearing on any issue involved in the claim, the right of representation and the right, as well as the necessary procedures and time limits, to initiate an appeal of the decision.

(2) *Advance notice and opportunity for hearing.* Except as otherwise provided in paragraph (b)(3) of this section, no award of compensation, pension or dependency and indemnity compensation shall be terminated, reduced or otherwise adversely affected unless the beneficiary has been notified of such adverse action and has been provided a period of 60 days in which to submit evidence for the purpose of showing that the adverse action should not be taken.

(3) *Exceptions.* In lieu of advance notice and opportunity for a hearing, VA will send a written notice to the beneficiary or his or her fiduciary at the same time it takes an adverse action under the following circumstances:

(i) An adverse action based solely on factual and unambiguous information or statements as to income, net worth, or dependency or marital status that the beneficiary or his or her fiduciary provided to VA in writing or orally (under the procedures set forth in § 3.217(b)), with knowledge or notice

that such information would be used to calculate benefit amounts.

(ii) An adverse action based upon the beneficiary's or fiduciary's failure to return a required eligibility verification report.

(iii) Evidence reasonably indicates that a beneficiary is deceased. However, in the event that VA has received a death certificate, a terminal hospital report verifying the death of a beneficiary or a claim for VA burial benefits, no notice of termination (contemporaneous or otherwise) will be required.

(iv) An adverse action based upon a written and signed statement provided by the beneficiary to VA renouncing VA benefits (see § 3.106 on renouncement).

(v) An adverse action based upon a written statement provided to VA by a veteran indicating that he or she has returned to active service, the nature of that service, and the date of reentry into service, with the knowledge or notice that receipt of active service pay precludes concurrent receipt of VA compensation or pension (see § 3.654 regarding active service pay).

(vi) An adverse action based upon a garnishment order issued under 42 U.S.C. 659(a).

(Authority: 38 U.S.C. 501(a))

(4) *Restoration of benefits.* VA will restore retroactively benefits that were reduced, terminated, or otherwise adversely affected based on oral information or statements if within 30 days of the date on which VA issues the notification of adverse action the beneficiary or his or her fiduciary asserts that the adverse action was based upon information or statements that were inaccurate or upon information that was not provided by the beneficiary or his or her fiduciary. This will not preclude VA from taking subsequent action that adversely affects benefits.

(c) *The right to a hearing.* (1) Upon request, a claimant is entitled to a hearing at any time on any issue involved in a claim within the purview of part 3 of this chapter, subject to the limitations described in § 20.1304 of this chapter with respect to hearings in claims which have been certified to the Board

of Veterans Appeals for appellate review. VA will provide the place of hearing in the VA office having original jurisdiction over the claim or at the VA office nearest the claimant's home having adjudicative functions, or, subject to available resources and solely at the option of VA, at any other VA facility or federal building at which suitable hearing facilities are available. VA will provide one or more employees who have original determinative authority of such issues to conduct the hearing and be responsible for establishment and preservation of the hearing record. Hearings in connection with proposed adverse actions and appeals shall be held before one or more VA employees having original determinative authority who did not participate in the proposed action or the decision being appealed. All expenses incurred by the claimant in connection with the hearing are the responsibility of the claimant.

(2) The purpose of a hearing is to permit the claimant to introduce into the record, *in person*, any available evidence which he or she considers material and any arguments or contentions with respect to the facts and applicable law which he or she may consider pertinent. All testimony will be under oath or affirmation. The claimant is entitled to produce witnesses, but the claimant and witnesses are expected to be present. The Veterans Benefits Administration will not normally schedule a hearing for the sole purpose of receiving argument from a representative. It is the responsibility of the VA employee or employees conducting the hearings to explain fully the issues and suggest the submission of evidence which the claimant may have overlooked and which would be of advantage to the claimant's position. To assure clarity and completeness of the hearing record, questions which are directed to the claimant and to witnesses are to be framed to explore fully the basis for claimed entitlement rather than with an intent to refute evidence or to discredit testimony. In cases in which the nature, origin, or degree of disability is in issue, the claimant may

### § 3.104

request visual examination by a physician designated by VA and the physician's observations will be read into the record.

(Authority: 38 U.S.C. 501)

(d) *Submission of evidence.* Any evidence whether documentary, testimonial, or in other form, offered by the claimant in support of a claim and any issue a claimant may raise and any contention or argument a claimant may offer with respect thereto are to be included in the records.

(e) *The right to representation.* Subject to the provisions of §§ 14.626 through 14.637 of this title, claimants are entitled to representation of their choice at every stage in the prosecution of a claim.

(f) *Notification of decisions.* The claimant or beneficiary and his or her representative will be notified in writing of decisions affecting the payment of benefits or granting relief. All notifications will advise the claimant of the reason for the decision; the date the decision will be effective; the right to a hearing subject to paragraph (c) of this section; the right to initiate an appeal by filing a Notice of Disagreement which will entitle the individual to a Statement of the Case for assistance in perfecting an appeal; and the periods in which an appeal must be initiated and perfected (See part 20 of this chapter, on appeals). Further, any notice that VA has denied a benefit sought will include a summary of the evidence considered.

### § 3.104 Finality of decisions.

(a) A decision of a duly constituted rating agency or other agency of original jurisdiction shall be final and binding on all field offices of the Department of Veterans Affairs as to conclusions based on the evidence on file at the time VA issues written notification in accordance with 38 U.S.C. 5104. A final and binding agency decision shall

### 38 CFR Ch. I (7-1-03 Edition)

not be subject to revision on the same factual basis except by duly constituted appellate authorities or except as provided in § 3.105 and § 3.2600 of this part.

(b) Current determinations of line of duty, character of discharge, relationship, dependency, domestic relations questions, homicide, and findings of fact of death or presumptions of death made in accordance with existing instructions, and by application of the same criteria and based on the same facts, by either an Adjudication activity or an Insurance activity are binding one upon the other in the absence of clear and unmistakable error.

[29 FR 1462, Jan. 29, 1964, as amended at 29 FR 7547, June 12, 1964; 56 FR 65846, Dec. 19, 1991; 66 FR 21874, May 2, 2001]

### § 3.105 Revision of decisions.

The provisions of this section apply except where an award was based on an act of commission or omission by the payee, or with his or her knowledge (§ 3.500(b)); there is a change in law or a Department of Veterans Affairs issue, or a change in interpretation of law or a Department of Veterans Affairs issue (§ 3.114); or the evidence establishes that service connection was clearly illegal. The provisions with respect to the date of discontinuance of benefits are applicable to running awards. Where the award has been suspended, and it is determined that no additional payments are in order, the award will be discontinued effective date of last payment.

(a) *Error.* Previous determinations which are final and binding, including decisions of service connection, degree of disability, age, marriage, relationship, service, dependency, line of duty, and other issues, will be accepted as correct in the absence of clear and unmistakable error. Where evidence establishes such error, the prior decision will be reversed or amended. For the purpose of authorizing benefits, the rating or other adjudicative decision which constitutes a reversal of a prior decision on the grounds of clear and unmistakable error has the same effect as if the corrected decision had been made on the date of the reversed decision. Except as provided in paragraphs (d) and (e) of this section, where an

## Department of Veterans Affairs

## § 3.105

award is reduced or discontinued because of administrative error or error in judgment, the provisions of § 3.500(b)(2) will apply.

(b) *Difference of opinion.* Whenever an adjudicative agency is of the opinion that a revision or an amendment of a previous decision is warranted, a difference of opinion being involved rather than a clear and unmistakable error, the proposed revision will be recommended to Central Office. However, a decision may be revised under § 3.2600 without being recommended to Central Office.

(c) *Character of discharge.* A determination as to character of discharge or line of duty which would result in discontinued entitlement is subject to the provisions of paragraph (d) of this section.

(d) *Severance of service connection.* Subject to the limitations contained in §§ 3.114 and 3.957, service connection will be severed only where evidence establishes that it is clearly and unmistakably erroneous (the burden of proof being upon the Government). (Where service connection is severed because of a change in or interpretation of a law or Department of Veterans Affairs issue, the provisions of § 3.114 are for application.) A change in diagnosis may be accepted as a basis for severance action if the examining physician or physicians or other proper medical authority certifies that, in the light of all accumulated evidence, the diagnosis on which service connection was predicated is clearly erroneous. This certification must be accompanied by a summary of the facts, findings, and reasons supporting the conclusion. When severance of service connection is considered warranted, a rating proposing severance will be prepared setting forth all material facts and reasons. The claimant will be notified at his or her latest address of record of the contemplated action and furnished detailed reasons therefor and will be given 60 days for the presentation of additional evidence to show that service connection should be maintained. Unless otherwise provided in paragraph (i) of this section, if additional evidence is not received within that period, final rating action will be taken and the award will be reduced or dis-

continued, if in order, effective the last day of the month in which a 60-day period from the date of notice to the beneficiary of the final rating action expires.

(Authority: 38 U.S.C. 5112(b)(6))

(e) *Reduction in evaluation—compensation.* Where the reduction in evaluation of a service-connected disability or employability status is considered warranted and the lower evaluation would result in a reduction or discontinuance of compensation payments currently being made, a rating proposing the reduction or discontinuance will be prepared setting forth all material facts and reasons. The beneficiary will be notified at his or her latest address of record of the contemplated action and furnished detailed reasons therefor, and will be given 60 days for the presentation of additional evidence to show that compensation payments should be continued at their present level. Unless otherwise provided in paragraph (i) of this section, if additional evidence is not received within that period, final rating action will be taken and the award will be reduced or discontinued effective the last day of the month in which a 60-day period from the date of notice to the beneficiary of the final rating action expires.

(Authority: 38 U.S.C. 5112(b)(6))

(f) *Reduction in evaluation—pension.* Where a change in disability or employability warrants a reduction or discontinuance of pension payments currently being made, a rating proposing the reduction or discontinuance will be prepared setting forth all material facts and reasons. The beneficiary will be notified at his or her latest address of record of the contemplated action and furnished detailed reasons therefor, and will be given 60 days for the presentation of additional evidence to show that pension benefits should be continued at their present level. Unless otherwise provided in paragraph (i) of this section, if additional evidence is not received within that period, final rating action will be taken and the award will be reduced or discontinued effective the last day of the month in

### § 3.105

### 38 CFR Ch. I (7-1-03 Edition)

which the final rating action is approved.

(Authority: 38 U.S.C. 5112(b)(5))

(g) *Reduction in evaluation—monetary allowance under 38 U.S.C. chapter 18 for certain individuals who are children of Vietnam veterans.* Where a reduction or discontinuance of a monetary allowance currently being paid under 38 U.S.C. chapter 18 is considered warranted, VA will notify the beneficiary at his or her latest address of record of the proposed reduction, furnish detailed reasons therefor, and allow the beneficiary 60 days to present additional evidence to show that the monetary allowance should be continued at the present level. Unless otherwise provided in paragraph (i) of this section, if VA does not receive additional evidence within that period, it will take final rating action and reduce the award effective the last day of the month following 60 days from the date of notice to the beneficiary of the proposed reduction.

(Authority: 38 U.S.C. 1822, 5112(b)(6))

(h) *Other reductions/discontinuances.* Except as otherwise specified at § 3.103(b)(3) of this part, where a reduction or discontinuance of benefits is warranted by reason of information received concerning income, net worth, dependency, or marital or other status, a proposal for the reduction or discontinuance will be prepared setting forth all material facts and reasons. The beneficiary will be notified at his or her latest address of record of the contemplated action and furnished detailed reasons therefor, and will be given 60 days for the presentation of additional evidence to show that the benefits should be continued at their present level. Unless otherwise provided in paragraph (i) of this section, if additional evidence is not received within that period, final adverse action will be taken and the award will be reduced or discontinued effective as specified under the provisions of §§ 3.500 through 3.503 of this part.

(Authority: 38 U.S.C. 5112)

(i) *Predetermination hearings.* (1) In the advance written notice concerning

proposed actions under paragraphs (d) through (h) of this section, the beneficiary will be informed that he or she will have an opportunity for a predetermination hearing, provided that a request for such a hearing is received by VA within 30 days from the date of the notice. If a timely request is received, VA will notify the beneficiary in writing of the time and place of the hearing at least 10 days in advance of the scheduled hearing date. The 10 day advance notice may be waived by agreement between VA and the beneficiary or representative. The hearing will be conducted by VA personnel who did not participate in the proposed adverse action and who will bear the decision-making responsibility. If a predetermination hearing is timely requested, benefit payments shall be continued at the previously established level pending a final determination concerning the proposed action.

(2) Following the predetermination procedures specified in this paragraph and paragraph (d), (e), (f), (g) or (h) of this section, whichever is applicable, final action will be taken. If a predetermination hearing was not requested or if the beneficiary failed without good cause to report for a scheduled predetermination hearing, the final action will be based solely upon the evidence of record. Examples of good cause include, but are not limited to, the illness or hospitalization of the claimant or beneficiary, death of an immediate family member, etc. If a predetermination hearing was conducted, the final action will be based on evidence and testimony adduced at the hearing as well as the other evidence of record including any additional evidence obtained following the hearing pursuant to necessary development. Whether or not a predetermination hearing was conducted, a written notice of the final action shall be issued to the beneficiary and his or her representative, setting forth the reasons therefor and the evidence upon which it is based. Where a reduction or discontinuance of benefits is found warranted following consideration of any additional evidence submitted, the effective date of such reduction or discontinuance shall be as follows:

(i) Where reduction or discontinuance was proposed under the provisions of paragraph (d) or (e) of this section, the effective date of final action shall be the last day of the month in which a 60-day period from the date of notice to the beneficiary of the final action expires.

(ii) Where reduction or discontinuance was proposed under the provisions of paragraphs (f) and (g) of this section, the effective date of final action shall be the last day of the month in which such action is approved.

(iii) Where reduction or discontinuance was proposed under the provisions of paragraph (h) of this section, the effective date of final action shall be as specified under the provisions of §§ 3.500 through 3.503 of this part.

### § 3.106 Renunciation.

(a) Any person entitled to pension, compensation, or dependency and indemnity compensation under any of the laws administered by the Department of Veterans Affairs may renounce his or her right to that benefit but may not renounce less than all of the component items which together comprise the total amount of the benefit to which the person is entitled nor any fixed monetary amounts less than the full amount of entitlement. The renunciation will be in writing over the person's signature. Upon receipt of such renunciation in the Department of Veterans Affairs, payment of such benefits and the right thereto will be terminated, and such person will be denied any and all rights thereto from such filing.

(Authority: 38 U.S.C. 5306(a))

(b) The renunciation will not preclude the person from filing a new application for pension, compensation, or dependency and indemnity compensa-

tion at any future date. Such new application will be treated as an original application, and no payments will be made thereon for any period before the date such new application is received in the Department of Veterans Affairs.

(Authority: 38 U.S.C. 5306(b))

(c) Notwithstanding the provisions of paragraph (b) of this section, if a new application for pension or parents' dependency and indemnity compensation is filed within one year after the date that the Department of Veterans Affairs receives a renouncement of that benefit, such application shall not be treated as an original application and benefits will be payable as if the renouncement had not occurred.

(Authority: 38 U.S.C. 5306(c))

(d) The renouncement of dependency and indemnity compensation by one beneficiary will not serve to increase the rate payable to any other beneficiary in the same class.

(e) The renouncement of dependency and indemnity compensation by a surviving spouse will not serve to vest title to this benefit in children under the age of 18 years or to increase the rate payable to a child or children over the age of 18 years.

### § 3.107 Awards where not all dependents apply.

Except as provided in § 3.251(a)(4), in any case where claim has not been filed by or on behalf of all dependents who may be entitled, the awards (original or amended) for those dependents who have filed claim will be made for all periods at the rates and in the same manner as though there were no other dependents. However, if the file reflects the existence of other dependents who have not filed claim and there is potential entitlement to benefits for a period prior to the date of filing claim, the award to a person who has filed claim will be made at the rate which would be payable if all dependents were receiving benefits. If at the expiration of the period allowed, claims have not

been filed for such dependents, the full rate will be authorized for the first payee.

#### § 3.108 State Department as agent of Department of Veterans Affairs.

Diplomatic and consular officers of the Department of State are authorized to act as agents of the Department of Veterans Affairs and therefore a formal or informal claim or evidence submitted in support of a claim filed in a foreign country will be considered as filed in the Department of Veterans Affairs as of the date of receipt by the State Department representative.

#### § 3.109 Time limit.

(a) *Notice of time limit for filing evidence.* (1) If a claimant's application is incomplete, the claimant will be notified of the evidence necessary to complete the application. If the evidence is not received within 1 year from the date of such notification, pension, compensation, or dependency and indemnity compensation may not be paid by reason of that application (38 U.S.C. 5103(a)). Information concerning the whereabouts of a person who has filed claim is not considered evidence.

(2) The provisions of this paragraph are applicable to original applications, formal or informal, and to applications for increased benefits by reason of increased disability, age, or the existence of a dependent and to applications for reopening or resumption of payments. If substantiating evidence is required with respect to the veracity of a witness or the authenticity of documentary evidence timely filed, there will be allowed for the submission of such evidence 1 year from the date of the request therefor. However, any evidence to enlarge the proofs and evidence originally submitted is not so included.

(b) *Extension of time limit.* Time limits within which claimants or beneficiaries are required to act to perfect a claim or challenge an adverse VA decision may be extended for good cause shown. Where an extension is requested after expiration of a time limit, the ac-

tion required of the claimant or beneficiary must be taken concurrent with or prior to the filing of a request for extension of the time limit, and good cause must be shown as to why the required action could not have been taken during the original time period and could not have been taken sooner than it was. Denials of time limit extensions are separately appealable issues.

#### § 3.110 Computation of time limit.

(a) In computing the time limit for any action required of a claimant or beneficiary, including the filing of claims or evidence requested by VA, the first day of the specified period will be excluded and the last day included. This rule is applicable in cases in which the time limit expires on a workday. Where the time limit would expire on a Saturday, Sunday, or holiday, the next succeeding workday will be included in the computation.

(b) *The first day of the specified period* referred to in paragraph (a) of this section shall be the date of mailing of notification to the claimant or beneficiary of the action required and the time limit therefor. The date of the letter of notification shall be considered the date of mailing for purposes of computing time limits. As to appeals, see §§ 20.302 and 20.305 of this chapter.

#### § 3.114 Change of law or Department of Veterans Affairs issue.

(a) *Effective date of award.* Where pension, compensation, dependency and indemnity compensation, or a monetary

allowance under 38 U.S.C. chapter 18 for an individual who is a child of a Vietnam veteran is awarded or increased pursuant to a liberalizing law, or a liberalizing VA issue approved by the Secretary or by the Secretary's direction, the effective date of such award or increase shall be fixed in accordance with the facts found, but shall not be earlier than the effective date of the act or administrative issue. Where pension, compensation, dependency and indemnity compensation, or a monetary allowance under 38 U.S.C. chapter 18 for an individual who is a child of a Vietnam veteran is awarded or increased pursuant to a liberalizing law or VA issue which became effective on or after the date of its enactment or issuance, in order for a claimant to be eligible for a retroactive payment under the provisions of this paragraph the evidence must show that the claimant met all eligibility criteria for the liberalized benefit on the effective date of the liberalizing law or VA issue and that such eligibility existed continuously from that date to the date of claim or administrative determination of entitlement. The provisions of this paragraph are applicable to original and reopened claims as well as claims for increase.

(1) If a claim is reviewed on the initiative of VA within 1 year from the effective date of the law or VA issue, or at the request of a claimant received within 1 year from that date, benefits may be authorized from the effective date of the law or VA issue.

(2) If a claim is reviewed on the initiative of VA more than 1 year after the effective date of the law or VA issue, benefits may be authorized for a period of 1 year prior to the date of administrative determination of entitlement.

(3) If a claim is reviewed at the request of the claimant more than 1 year after the effective date of the law or VA issue, benefits may be authorized for a period of 1 year prior to the date of receipt of such request.

(Authority: 38 U.S.C. 1822, 5110(g))

(b) *Discontinuance of benefits.* Where the reduction or discontinuance of an award is in order because of a change in law or a Department of Veterans Af-

fairs issue, or because of a change in interpretation of a law or Department of Veterans Affairs issue, the payee will be notified at his or her latest address of record of the contemplated action and furnished detailed reasons therefor, and will be given 60 days for the presentation of additional evidence. If additional evidence is not received within that period, the award will be reduced or discontinued effective the last day of the month in which the 60-day period expired.

### § 3.115 Access to financial records.

(a) The Secretary of Veterans Affairs may request from a financial institution the names and addresses of its customers. Each such request, however, shall include a certification that the information is necessary for the proper administration of benefits programs under the laws administered by the Secretary, and cannot be obtained by a reasonable search of records and information of the Department of Veterans Affairs.

(b) Information received pursuant to a request referred to in paragraph (a) of this section shall not be used for any purpose other than the administration of benefits programs under the laws administered by the Secretary if the disclosure of that information would otherwise be prohibited by any provision of the Right to Financial Privacy Act of 1978 (12 U.S.C. 3401 through 3422).

### § 3.150 Forms to be furnished.

(a) Upon request made in person or in writing by any person applying for benefits under the laws administered by the Department of Veterans Affairs, the appropriate application form will be furnished.

form will be forwarded for execution by or on behalf of any dependent who has apparent entitlement to pension, compensation, or dependency and indemnity compensation. If it is not indicated that any person would be entitled to such benefits, but there is payable an accrued benefit not paid during the veteran's lifetime, the appropriate application form will be forwarded to the preferred dependent. Notice of the time limit will be included in letters forwarding applications for benefits.

(c) When disability or death is due to Department of Veterans Affairs hospital treatment, training, medical or surgical treatment, or examination, a specific application for benefits will not be initiated.

### §3.151 Claims for disability benefits.

(a) *General.* A specific claim in the form prescribed by the Secretary must be filed in order for benefits to be paid to any individual under the laws administered by VA. (38 U.S.C. 5101(a)). A claim by a veteran for compensation may be considered to be a claim for pension; and a claim by a veteran for pension may be considered to be a claim for compensation. The greater benefit will be awarded, unless the claimant specifically elects the lesser benefit.

(b) *Retroactive disability pension claims.* Where disability pension entitlement is established based on a claim received by VA on or after October 1, 1984, the pension award may not be effective prior to the date of receipt of the pension claim unless the veteran specifically claims entitlement to retroactive benefits. The claim for retroactivity may be filed separately or included in the claim for disability pension, but it must be received by VA within one year from the date on which the veteran became permanently and totally disabled. Additional requirements for entitlement to a retroactive pension award are contained in §3.400(b) of this part.

### §3.152 Claims for death benefits.

(a) A specific claim in the form prescribed by the Secretary (or jointly with the Secretary of Health and Human Services, as prescribed by §3.153) must be filed in order for death benefits to be paid to any individual under the laws administered by VA. (See §3.400(c) concerning effective dates of awards.)

(Authority: 38 U.S.C. 5101(a))

(b)(1) A claim by a surviving spouse or child for compensation or dependency and indemnity compensation will also be considered to be a claim for death pension and accrued benefits, and a claim by a surviving spouse or child for death pension will be considered to be a claim for death compensation or dependency and indemnity compensation and accrued benefits.

(Authority: 38 U.S.C. 5101(b)(1))

(2) A claim by a parent for compensation or dependency and indemnity compensation will also be considered to be a claim for accrued benefits.

(Authority: 38 U.S.C. 5101(b)(2))

(c)(1) Where a child's entitlement to dependency and indemnity compensation arises by reason of termination of a surviving spouse's right to dependency and indemnity compensation or by reason of attaining the age of 18 years, a claim will be required. (38 U.S.C. 5110(e).) (See paragraph (c)(4) of this section.) Where the award to the surviving spouse is terminated by reason of her or his death, a claim for the child will be considered a claim for any accrued benefits which may be payable.

(2) A claim filed by a surviving spouse who does not have entitlement will be accepted as a claim for a child or children in her or his custody named in the claim.

(3) Where a claim of a surviving spouse is disallowed for any reason whatsoever and where evidence requested in order to determine entitlement from a child or children named in

the surviving spouse's claim is submitted within 1 year from the date of request, requested either before or after disallowance of the surviving spouse's claim, an award for the child or children will be made as though the disallowed claim had been filed solely on their behalf. Otherwise, payments may not be made for the child or children for any period prior to the date of receipt of a new claim.

(4) Where payments of pension, compensation or dependency and indemnity compensation to a surviving spouse have been discontinued because of remarriage or death, or a child becomes eligible for dependency and indemnity compensation by reason of attaining the age of 18 years, and any necessary evidence is submitted within 1 year from date of request, an award for the child or children named in the surviving spouse's claim will be made on the basis of the surviving spouse's claim having been converted to a claim on behalf of the child. Otherwise, payments may not be made for any period prior to the date of receipt of a new claim.

### § 3.153 Claims filed with Social Security.

An application on a form jointly prescribed by the Secretary and the Secretary of Health, Education, and Welfare filed with the Social Security Administration on or after January 1, 1957, will be considered a claim for death benefits, and to have been received in the Department of Veterans Affairs as of the date of receipt in Social Security Administration. ### § 3.154 Injury due to hospital treatment, etc.

A formal claim for pension, compensation, dependency and indemnity compensation or any statement in a communication showing an intent to file a claim for disability or for death benefits resulting from the pursuit of a course of vocational rehabilitation, hospitalization, medical or surgical treatment, or examination under Department of Veterans Affairs laws may be accepted as a claim.

### § 3.155 Informal claims.

(a) Any communication or action, indicating an intent to apply for one or more benefits under the laws administered by the Department of Veterans Affairs, from a claimant, his or her duly authorized representative, a Member of Congress, or some person acting as next friend of a claimant who is not sui juris may be considered an informal claim. Such informal claim must identify the benefit sought. Upon receipt of an informal claim, if a formal claim has not been filed, an application form will be forwarded to the claimant for execution. If received within 1 year from the date it was sent to the claimant, it will be considered filed as of the date of receipt of the informal claim.

(b) A communication received from a service organization, an attorney, or agent may not be accepted as an informal claim if a power of attorney was not executed at the time the communication was written.

(c) When a claim has been filed which meets the requirements of § 3.151 or § 3.152, an informal request for increase or reopening will be accepted as a claim.

### § 3.156

### 38 CFR Ch. I (7-1-03 Edition)

#### § 3.156 New and material evidence.

(a) A claimant may reopen a finally adjudicated claim by submitting new and material evidence. New evidence means existing evidence not previously submitted to agency decisionmakers. Material evidence means existing evidence that, by itself or when considered with previous evidence of record, relates to an unestablished fact necessary to substantiate the claim. New and material evidence can be neither cumulative nor redundant of the evidence of record at the time of the last prior final denial of the claim sought to be reopened, and must raise a reasonable possibility of substantiating the claim.

(Authority: 38 U.S.C. 501, 5103A(f), 5108)

(b) New and material evidence received prior to the expiration of the appeal period, or prior to the appellate decision if a timely appeal has been filed (including evidence received prior to an appellate decision and referred to the agency of original jurisdiction by the Board of Veterans Appeals without consideration in that decision in accordance with the provisions of § 20.1304(b)(1) of this chapter), will be considered as having been filed in connection with the claim which was pending at the beginning of the appeal period.

(Authority: 38 U.S.C. 501)

(c) Where the new and material evidence consists of a supplemental report from the service department, received before or after the decision has become final, the former decision will be reconsidered by the adjudicating agency of original jurisdiction. This comprehends official service department records which presumably have been misplaced and have now been located and forwarded to the Department of Veterans Affairs. Also included are corrections by the service department of former errors of commission or omission in the preparation of the prior report or reports and identified as such. The retroactive evaluation of disability resulting from disease or injury subsequently service connected on the basis of the new evidence from the service department must be supported adequately by

medical evidence. Where such records clearly support the assignment of a specific rating over a part or the entire period of time involved, a retroactive evaluation will be assigned accordingly except as it may be affected by the filing date of the original claim.

#### § 3.157 Report of examination or hospitalization as claim for increase or to reopen.

(a) *General.* Effective date of pension or compensation benefits, if otherwise in order, will be the date of receipt of a claim or the date when entitlement arose, whichever is the later. A report of examination or hospitalization which meets the requirements of this section will be accepted as an informal claim for benefits under an existing law or for benefits under a liberalizing law or Department of Veterans Affairs issue, if the report relates to a disability which may establish entitlement. Acceptance of a report of examination or treatment as a claim for increase or to reopen is subject to the requirements of § 3.114 with respect to action on Department of Veterans Affairs initiative or at the request of the claimant and the payment of retroactive benefits from the date of the report or for a period of 1 year prior to the date of receipt of the report.

(Authority: 38 U.S.C. 5110(a))

(b) *Claim.* Once a formal claim for pension or compensation has been allowed or a formal claim for compensation disallowed for the reason that the service-connected disability is not compensable in degree, receipt of one of the following will be accepted as an informal claim for increased benefits or an informal claim to reopen. In addition, receipt of one of the following will be accepted as an informal claim in the case of a retired member of a uniformed service whose formal claim for pension or compensation has been disallowed because of receipt of retirement pay. The evidence listed will also

be accepted as an informal claim for pension previously denied for the reason the disability was not permanently and totally disabling.

(1) *Report of examination or hospitalization by Department of Veterans Affairs or uniformed services.* The date of outpatient or hospital examination or date of admission to a VA or uniformed services hospital will be accepted as the date of receipt of a claim. The date of a uniformed service examination which is the basis for granting severance pay to a former member of the Armed Forces on the temporary disability retired list will be accepted as the date of receipt of claim. The date of admission to a non-VA hospital where a veteran was maintained at VA expense will be accepted as the date of receipt of a claim, if VA maintenance was previously authorized; but if VA maintenance was authorized subsequent to admission, the date VA received notice of admission will be accepted. The provisions of this paragraph apply only when such reports relate to examination or treatment of a disability for which service-connection has previously been established or when a claim specifying the benefit sought is received within one year from the date of such examination, treatment or hospital admission.

(Authority: 38 U.S.C. 501)

(2) *Evidence from a private physician or layman.* The date of receipt of such evidence will be accepted when the evidence furnished by or in behalf of the claimant is within the competence of the physician or lay person and shows the reasonable probability of entitlement to benefits.

(3) *State and other institutions.* When submitted by or on behalf of the veteran and entitlement is shown, date of receipt by the Department of Veterans Affairs of examination reports, clinical records, and transcripts of records will be accepted as the date of receipt of a claim if received from State, county, municipal, recognized private institutions, or other Government hospitals (except those described in paragraph (b)(1) of this section). These records must be authenticated by an appropriate official of the institution. Benefits will be granted if the records are

adequate for rating purposes; otherwise findings will be verified by official examination. Reports received from private institutions not listed by the American Hospital Association must be certified by the Chief Medical Officer of the Department of Veterans Affairs or physician designee.

### § 3.158 Abandoned claims.

(a) *General.* Except as provided in § 3.652 of this part, where evidence requested in connection with an original claim, a claim for increase or to reopen or for the purpose of determining continued entitlement is not furnished within 1 year after the date of request, the claim will be considered abandoned. After the expiration of 1 year, further action will not be taken unless a new claim is received. Should the right to benefits be finally established, pension, compensation, dependency and indemnity compensation, or monetary allowance under the provisions of 38 U.S.C. chapter 18 based on such evidence shall commence not earlier than the date of filing the new claim.

(Authority: 38 U.S.C. 501)

(b) *Department of Veterans Affairs examinations.* Where the veteran fails without adequate reason to respond to an order to report for Department of Veterans Affairs examination within 1 year from the date of request and payments have been discontinued, the claim for such benefits will be considered abandoned.

(c) *Disappearance.* Where payments of pension, compensation, dependency and indemnity compensation, or monetary allowance under the provisions of 38 U.S.C. chapter 18 have not been made or have been discontinued because a payee's present whereabouts is unknown, payments will be resumed effective the day following the date of last payment if entitlement is otherwise established, upon receipt of a valid current address.

#### § 3.159 Department of Veterans Affairs assistance in developing claims.

(a) *Definitions.* For purposes of this section, the following definitions apply:

(1) *Competent medical evidence* means evidence provided by a person who is qualified through education, training, or experience to offer medical diagnoses, statements, or opinions. Competent medical evidence may also mean statements conveying sound medical principles found in medical treatises. It would also include statements contained in authoritative writings such as medical and scientific articles and research reports or analyses.

(2) *Competent lay evidence* means any evidence not requiring that the proponent have specialized education, training, or experience. Lay evidence is competent if it is provided by a person who has knowledge of facts or circumstances and conveys matters that can be observed and described by a lay person.

(3) *Substantially complete application* means an application containing the claimant's name; his or her relationship to the veteran, if applicable; sufficient service information for VA to verify the claimed service, if applicable; the benefit claimed and any medical condition(s) on which it is based; the claimant's signature; and in claims for nonservice-connected disability or death pension and parents' dependency and indemnity compensation, a statement of income.

(4) For purposes of paragraph (c)(4)(i) of this section, *event* means one or more incidents associated with places, types, and circumstances of service giving rise to disability.

(5) *Information* means non-evidentiary facts, such as the claimant's Social Security number or address; the name and military unit of a person who served with the veteran; or the name and address of a medical care provider

### 38 CFR Ch. I (7-1-03 Edition)

who may have evidence pertinent to the claim.

(b) *VA's duty to notify claimants of necessary information or evidence.* (1) When VA receives a complete or substantially complete application for benefits, it will notify the claimant of any information and medical or lay evidence that is necessary to substantiate the claim. VA will inform the claimant which information and evidence, if any, that the claimant is to provide to VA and which information and evidence, if any, that VA will attempt to obtain on behalf of the claimant. VA will also request that the claimant provide any evidence in the claimant's possession that pertains to the claim. If VA does not receive the necessary information and evidence requested from the claimant within one year of the date of the notice, VA cannot pay or provide any benefits based on that application. If the claimant has not responded to the request within 30 days, VA may decide the claim prior to the expiration of the one-year period based on all the information and evidence contained in the file, including information and evidence it has obtained on behalf of the claimant and any VA medical examinations or medical opinions. If VA does so, however, and the claimant subsequently provides the information and evidence within one year of the date of the request, VA must readjudicate the claim.

(Authority: 38 U.S.C. 5103)

(2) If VA receives an incomplete application for benefits, it will notify the claimant of the information necessary to complete the application and will defer assistance until the claimant submits this information.

(Authority: 38 U.S.C. 5102(b), 5103A(3))

(c) *VA's duty to assist claimants in obtaining evidence.* Upon receipt of a substantially complete application for benefits, VA will make reasonable efforts to help a claimant obtain evidence necessary to substantiate the claim. In addition, VA will give the assistance described in paragraphs (c)(1), (c)(2), and (c)(3) to an individual attempting to reopen a finally decided claim. VA will not pay any fees

charged by a custodian to provide records requested.

(1) *Obtaining records not in the custody of a Federal department or agency.* VA will make reasonable efforts to obtain relevant records not in the custody of a Federal department or agency, to include records from State or local governments, private medical care providers, current or former employers, and other non-Federal governmental sources. Such reasonable efforts will generally consist of an initial request for the records and, if the records are not received, at least one follow-up request. A follow-up request is not required if a response to the initial request indicates that the records sought do not exist or that a follow-up request for the records would be futile. If VA receives information showing that subsequent requests to this or another custodian could result in obtaining the records sought, then reasonable efforts will include an initial request and, if the records are not received, at least one follow-up request to the new source or an additional request to the original source.

(i) The claimant must cooperate fully with VA's reasonable efforts to obtain relevant records from non-Federal agency or department custodians. The claimant must provide enough information to identify and locate the existing records, including the person, company, agency, or other custodian holding the records; the approximate time frame covered by the records; and, in the case of medical treatment records, the condition for which treatment was provided.

(ii) If necessary, the claimant must authorize the release of existing records in a form acceptable to the person, company, agency, or other custodian holding the records.

(Authority: 38 U.S.C. 5103A(b))

(2) *Obtaining records in the custody of a Federal department or agency.* VA will make as many requests as are necessary to obtain relevant records from a Federal department or agency. These records include but are not limited to military records, including service medical records; medical and other records from VA medical facilities; records from non-VA facilities pro-

viding examination or treatment at VA expense; and records from other Federal agencies, such as the Social Security Administration. VA will end its efforts to obtain records from a Federal department or agency only if VA concludes that the records sought do not exist or that further efforts to obtain those records would be futile. Cases in which VA may conclude that no further efforts are required include those in which the Federal department or agency advises VA that the requested records do not exist or the custodian does not have them.

(i) The claimant must cooperate fully with VA's reasonable efforts to obtain relevant records from Federal agency or department custodians. If requested by VA, the claimant must provide enough information to identify and locate the existing records, including the custodian or agency holding the records; the approximate time frame covered by the records; and, in the case of medical treatment records, the condition for which treatment was provided. In the case of records requested to corroborate a claimed stressful event in service, the claimant must provide information sufficient for the records custodian to conduct a search of the corroborative records.

(ii) If necessary, the claimant must authorize the release of existing records in a form acceptable to the custodian or agency holding the records.

(Authority: 38 U.S.C. 5103A(b))

(3) *Obtaining records in compensation claims.* In a claim for disability compensation, VA will make efforts to obtain the claimant's service medical records, if relevant to the claim; other relevant records pertaining to the claimant's active military, naval or air service that are held or maintained by a governmental entity; VA medical records or records of examination or treatment at non-VA facilities authorized by VA; and any other relevant records held by any Federal department or agency. The claimant must provide enough information to identify and locate the existing records including the custodian or agency holding the records; the approximate time frame covered by the records; and, in the case of medical treatment records,

### 38 CFR Ch. I (7-1-03 Edition)

the condition for which treatment was provided.

(Authority: 38 U.S.C. 5103A(c))

(4) *Providing medical examinations or obtaining medical opinions.* (i) In a claim for disability compensation, VA will provide a medical examination or obtain a medical opinion based upon a review of the evidence of record if VA determines it is necessary to decide the claim. A medical examination or medical opinion is necessary if the information and evidence of record does not contain sufficient competent medical evidence to decide the claim, but:

(A) Contains competent lay or medical evidence of a current diagnosed disability or persistent or recurrent symptoms of disability;

(B) Establishes that the veteran suffered an event, injury or disease in service, or has a disease or symptoms of a disease listed in § 3.309, § 3.313, § 3.316, and § 3.317 manifesting during an applicable presumptive period provided the claimant has the required service or triggering event to qualify for that presumption; and

(C) Indicates that the claimed disability or symptoms may be associated with the established event, injury, or disease in service or with another service-connected disability.

(ii) Paragraph (4)(i)(C) could be satisfied by competent evidence showing post-service treatment for a condition, or other possible association with military service.

(iii) Paragraph (c)(4) applies to a claim to reopen a finally adjudicated claim only if new and material evidence is presented or secured.

(Authority: 38 U.S.C. 5103A(d))

(d) *Circumstances where VA will refrain from or discontinue providing assistance.* VA will refrain from providing assistance in obtaining evidence for a claim if the substantially complete application for benefits indicates that there is no reasonable possibility that any assistance VA would provide to the claimant would substantiate the claim. VA will discontinue providing assistance in obtaining evidence for a claim if the evidence obtained indicates that there is no reasonable possibility that further assistance would substantiate

the claim. Circumstances in which VA will refrain from or discontinue providing assistance in obtaining evidence include, but are not limited to:

(1) The claimant's ineligibility for the benefit sought because of lack of qualifying service, lack of veteran status, or other lack of legal eligibility;

(2) Claims that are inherently incredible or clearly lack merit; and

(3) An application requesting a benefit to which the claimant is not entitled as a matter of law.

(Authority: 38 U.S.C. 5103A(a)(2))

(e) *Duty to notify claimant of inability to obtain records.* (1) If VA makes reasonable efforts to obtain relevant non-Federal records but is unable to obtain them, or after continued efforts to obtain Federal records concludes that it is reasonably certain they do not exist or further efforts to obtain them would be futile, VA will provide the claimant with oral or written notice of that fact. VA will make a record of any oral notice conveyed to the claimant. For non-Federal records requests, VA may provide the notice at the same time it makes its final attempt to obtain the relevant records. In either case, the notice must contain the following information:

(i) The identity of the records VA was unable to obtain;

(ii) An explanation of the efforts VA made to obtain the records;

(iii) A description of any further action VA will take regarding the claim, including, but not limited to, notice that VA will decide the claim based on the evidence of record unless the claimant submits the records VA was unable to obtain; and

(iv) A notice that the claimant is ultimately responsible for providing the evidence.

(2) If VA becomes aware of the existence of relevant records before deciding the claim, VA will notify the claimant of the records and request that the claimant provide a release for the records. If the claimant does not provide any necessary release of the relevant records that VA is unable to obtain, VA will request that the claimant

obtain the records and provide them to VA.

(Authority: 38 U.S.C. 5103A(b)(2))

(f) For the purpose of the notice requirements in paragraphs (b) and (e) of this section, notice to the claimant means notice to the claimant or his or her fiduciary, if any, as well as to his or her representative, if any.

Where the United States has no consular representative in a foreign country, such authentication may be made as follows:

(1) By a consular agent of a friendly government whereupon the signature and seal of the official of the friendly government may be authenticated by the State Department; or

(2) By the nearest American consul who will attach a certificate showing the result of the investigation concerning its authenticity.

(b) Authentication will not be required: (1) On documents approved by the Deputy Minister of Veterans Affairs, Department of Veterans Affairs, Ottawa, Canada: or

(2) When it is indicated that the attesting officer is authorized to administer oaths for general purposes and the document bears his or her signature and seal; or

(4) When a copy of a public or church record from any foreign country purports to establish birth, adoption, marriage, annulment, divorce, or death, provided it bears the signature and seal of the custodian of such record and there is no conflicting evidence in the file which would serve to create doubt as to the correctness of the record; or

(5) When a copy of the public or church record from one of the coun-

(6) When affidavits prepared in the Republic of the Philippines are certified by a Department of Veterans Affairs representative located in the Philippines having authority to administer oaths.

(c) Photocopies of original documents meeting the requirements of this section will be accepted if they satisfy the requirements of § 3.204 of this part.

#### § 3.203 Service records as evidence of service and character of discharge.

(a) *Evidence submitted by a claimant.* For the purpose of establishing entitlement to pension, compensation, dependency and indemnity compensation or burial benefits the Department of Veterans Affairs may accept evidence of service submitted by a claimant (or sent directly to the Department of Veterans Affairs by the service department), such as a DD Form 214, Certificate of Release or Discharge from Active Duty, or original Certificate of Discharge, without verification from the appropriate service department if the evidence meets the following conditions:

(1) The evidence is a document issued by the service department. A copy of an original document is acceptable if the copy was issued by the service department or if the copy was issued by a public custodian of records who certifies that it is a true and exact copy of the document in the custodian's custody or, if the copy was submitted by an accredited agent, attorney or service organization representative who has successfully completed VA-prescribed training on military records,

## Department of Veterans Affairs

## § 3.204

and who certifies that it is a true and exact copy of either an original document or of a copy issued by the service department or a public custodian of records; and

(2) The document contains needed information as to length, time and character of service; and

(3) In the opinion of the Department of Veterans Affairs the document is genuine and the information contained in it is accurate.

(b) *Additional requirements for pension claimants.* In addition to meeting the requirements of paragraph (a) of this section, a document submitted to establish a creditable period of wartime service for pension entitlement may be accepted without verification if the document (or other evidence of record) shows:

(1) Service of 4 months or more; or

(2) Discharge for disability incurred in line of duty; or

(3) Ninety days creditable service based on records from the service department such as hospitalization for 90 days for a line of duty disability.

(c) *Verification from the service department.* When the claimant does not submit evidence of service or the evidence submitted does not meet the requirements of paragraph (a) of this section (and paragraph (b) of this section in pension claims), the Department of Veterans Affairs shall request verification of service from the service department. However, payment of non-service-connected burial benefits may be authorized, if otherwise in order, based upon evidence of service which VA relied upon to authorize payment of compensation or pension during the veteran's lifetime, provided that there is no evidence which would serve to create doubt as to the correctness of that service evidence. If it appears that a length of service requirement may not be met (e.g., the 90 days wartime service requirement to receive pension under 38 U.S.C. 1521(j)), the Department of Veterans Affairs shall request a complete statement of service to determine if there are any periods of active

service that are required to be excluded under § 3.15.

### § 3.204 Evidence of dependents and age.

(a)(1) Except as provided in paragraph (a)(2) of this section, VA will accept, for the purpose of determining entitlement to benefits under laws administered by VA, the statement of a claimant as proof of marriage, dissolution of a marriage, birth of a child, or death of a dependent, provided that the statement contains: the date (month and year) and place of the event; the full name and relationship of the other person to the claimant; and, where the claimant's dependent child does not reside with the claimant, the name and address of the person who has custody of the child. In addition, a claimant must provide the social security number of any dependent on whose behalf he or she is seeking benefits (see § 3.216).

(2) VA shall require the types of evidence indicated in §§ 3.205 through 3.211 where: the claimant does not reside within a state; the claimant's statement on its face raises a question of its validity; the claimant's statement conflicts with other evidence of record; or, there is a reasonable indication, in the claimant's statement or otherwise, of fraud or misrepresentation of the relationship in question.

(Authority: 38 U.S.C. 5124)

(b) *Marriage or birth.* The classes of evidence to be furnished for the purpose of establishing marriage, dissolution of marriage, age, relationship, or death, if required under the provisions of paragraph (a)(2), are indicated in §§ 3.205 through 3.211 in the order of preference. Failure to furnish the higher class, however, does not preclude the acceptance of a lower class if the evidence furnished is sufficient to prove the point involved.

### § 3.205

### 38 CFR Ch. I (7-1-03 Edition)

(c) *Acceptability of photocopies.* Photocopies of documents necessary to establish birth, death, marriage or relationship under the provisions of §§3.205 through 3.215 of this part are acceptable as evidence if the Department of Veterans Affairs is satisfied that the copies are genuine and free from alteration. Otherwise, VA may request a copy of the document certified over the signature and official seal of the person having custody of such record.

#### § 3.205 Marriage.

(a) *Proof of marriage.* Marriage is established by one of the following types of evidence:

(1) Copy or abstract of the public record of marriage, or a copy of the church record of marriage, containing sufficient data to identify the parties, the date and place of marriage, and the number of prior marriages if shown on the official record.

(2) Official report from service department as to marriage which occurred while the veteran was in service.

(3) The affidavit of the clergyman or magistrate who officiated.

(4) The original certificate of marriage, if the Department of Veterans Affairs is satisfied that it is genuine and free from alteration.

(5) The affidavits or certified statements of two or more eyewitnesses to the ceremony.

(6) In jurisdictions where marriages other than by ceremony are recognized the affidavits or certified statements of one or both of the parties to the marriage, if living, setting forth all of the facts and circumstances concerning the alleged marriage, such as the agreement between the parties at the beginning of their cohabitation, the period of cohabitation, places and dates of residences, and whether children were born as the result of the relationship. This evidence should be supplemented

by affidavits or certified statements from two or more persons who know as the result of personal observation the reputed relationship which existed between the parties to the alleged marriage including the periods of cohabitation, places of residences, whether the parties held themselves out as married, and whether they were generally accepted as such in the communities in which they lived.

(7) Any other secondary evidence which reasonably supports a belief by the Adjudicating activity that a valid marriage actually occurred.

(b) *Valid marriage.* In the absence of conflicting information, proof of marriage which meets the requirements of paragraph (a) of this section together with the claimant's certified statement concerning the date, place and circumstances of dissolution of any prior marriage may be accepted as establishing a valid marriage, provided that such facts, if they were to be corroborated by record evidence, would warrant acceptance of the marriage as valid. Where necessary to a determination because of conflicting information or protest by a party having an interest therein, proof of termination of a prior marriage will be shown by proof of death, or a certified copy or a certified abstract of final decree of divorce or annulment specifically reciting the effects of the decree.

(c) *Marriages deemed valid.* Where a surviving spouse has submitted proof of marriage in accordance with paragraph (a) of this section and also meets the requirements of §3.52, the claimant's signed statement that he or she had no knowledge of an impediment to the marriage to the veteran will be accepted, in the absence of information to the contrary, as proof of that fact.

## § 3.209

### § 3.206 Divorce.

The validity of a divorce decree regular on its face, will be questioned by the Department of Veterans Affairs only when such validity is put in issue by a party thereto or a person whose interest in a claim for Department of Veterans Affairs benefits would be affected thereby. In cases where recognition of the decree is thus brought into question:

(a) Where the issue is whether the veteran is single or married (dissolution of a subsisting marriage), there must be a bona fide domicile in addition to the standards of the granting jurisdiction respecting validity of divorce;

(b) Where the issue is the validity of marriage to a veteran following a divorce, the matter of recognition of the divorce by the Department of Veterans Affairs (including any question of bona fide domicile) will be determined according to the laws of the jurisdictions specified in § 3.1(j).

(c) Where a foreign divorce has been granted the residents of a State whose laws consider such decrees to be valid, it will thereafter be considered as valid under the laws of the jurisdictions specified in § 3.1(j) in the absence of a determination to the contrary by a court of last resort in those jurisdictions.

### § 3.207 Void or annulled marriage.

Proof that a marriage was void or has been annulled should consist of:

(a) *Void*. A certified statement from the claimant setting forth the circumstances which rendered the marriage void, together with such other evidence as may be required for a determination.

(b) *Annulled*. A copy or abstract of the decree of annulment. A decree regular on its face will be accepted unless there is reason to question the basic authority of the court to render annulment decrees or there is evidence indicating that the annulment may have

been obtained through fraud by either party or by collusion.

### § 3.208 Claims based on attained age.

In claims for pension where the age of the veteran or surviving spouse is material, the statements of age will be accepted where they are in agreement with other statements in the record as to age. However, where there is a variance in such records, the youngest age will be accepted subject to the submission of evidence as outlined in § 3.209.

### § 3.209 Birth.

Age or relationship is established by one of the following types of evidence. If the evidence submitted for proof of age or relationship indicates a difference in the name of the person as shown by other records, the discrepancy is to be reconciled by an affidavit or certified statement identifying the person having the changed name as the person whose name appears in the evidence of age or relationship.

(a) A copy or abstract of the public record of birth. Such a record established more than 4 years after the birth will be accepted as proof of age or relationship if, it is not inconsistent with material of record with the Department of Veterans Affairs, or if it shows on its face that it is based upon evidence which would be acceptable under this section.

(b) A copy of the church record of baptism. Such a record of baptism performed more than 4 years after birth will not be accepted as proof of age or relationship unless it is consistent with material of record with the Department of Veterans Affairs, which will include at least one reference to age or relationship made at a time when such reference was not essential to establishing entitlement to the benefit claimed.

### §3.210

### 38 CFR Ch. I (7-1-03 Edition)

(c) Official report from the service department as to birth which occurred while the veteran was in service.

(d) Affidavit or a certified statement of the physician or midwife in attendance at birth.

(e) Copy of Bible or other family record certified to by a notary public or other officer with authority to administer oaths, who should state in what year the Bible or other book in which the record appears was printed, whether the record bears any erasures or other marks of alteration, and whether from the appearance of the writing he or she believes the entries to have been made at the time purported.

(f) Affidavits or certified statements of two or more persons, preferably disinterested, who will state their ages, showing the name, date, and place of birth of the person whose age or relationship is being established, and that to their own knowledge such person is the child of such parents (naming the parents) and stating the source of their knowledge.

(g) Other evidence which is adequate to establish the facts in issue, including census records, original baptismal records, hospital records, insurance policies, school, employment, immigration, or naturalization records.

#### §3.210 Child's relationship.

(a) *Legitimate child.* Where it is necessary to determine the legitimacy of a child, evidence will be required to establish the legality of the marriage of the mother of the child to the veteran or to show that the child is otherwise legitimate by State laws together with evidence of birth as outlined in §3.209. Where the legitimacy of a child is not a factor, evidence to establish legitimacy will not be required: *Provided*, That, evidence is on file which meets the requirements of paragraph (b) of this section sufficient to warrant rec-

ognition of the relationship of the child without regard to legitimacy.

(b) *Illegitimate child.* As to the mother of an illegitimate child, proof of birth is all that is required. As to the father, the sufficiency of evidence will be determined in accordance with the facts in the individual case. Proof of such relationship will consist of:

(1) An acknowledgment in writing signed by him; or

(2) Evidence that he has been identified as the child's father by a judicial decree ordering him to contribute to the child's support or for other purposes; or

(3) Any other secondary evidence which reasonably supports a finding of relationship, as determined by an official authorized to approve such findings, such as:

(i) A copy of the public record of birth or church record of baptism, showing that the veteran was the informant and was named as parent of the child; or

(ii) Statements of persons who know that the veteran accepted the child as his; or

(iii) Information obtained from service department or public records, such as school or welfare agencies, which shows that with his knowledge the veteran was named as the father of the child.

(c) *Adopted child.* Except as provided in paragraph (c)(1) of this section evidence of relationship will include a copy of the decree of adoption or a copy of the adoptive placement agreement and such other evidence as may be necessary.

(1) In jurisdictions where petition must be made to the court for release of adoption documents or information, or where release of such documents or information is prohibited, the following may be accepted to establish the fact of adoption:

(i) As to a child adopted into the veteran's family, a copy of the child's revised birth certificate.

(ii) As to a child adopted out of the veteran's family, a statement over the signature of the judge or the clerk of the court setting forth the child's former name and the date of adoption, or a certified statement by the veteran, the veteran's surviving spouse,

apportionee, or their fiduciaries setting forth the child's former name, date of birth, and the date and fact of adoption together with evidence indicating that the child's original public record of birth has been removed from such records. Where application is made for an apportionment under §3.458(d) on behalf of a child adopted out of the veteran's family, the evidence must be sufficient to establish the veteran as the natural parent of the child.

(2) As to a child adopted by the veteran's surviving spouse after the veteran's death, the statement of the adoptive parent or custodian of the child will be accepted in absence of information to the contrary, to show that the child was a member of the veteran's household at the date of the veteran's death and that recurring contributions were not being received for the child's maintenance sufficient to provide for the major portion of the child's support, from any person other than the veteran or surviving spouse or from any public or private welfare organization which furnished services or assistance to children. (Pub. L. 86-195)

(d) *Stepchild*. Evidence of relationship of a stepchild will consist of proof of birth as outlined in §3.209, evidence of the marriage of the veteran to the natural parent of the child, and evidence that the child is a member of the veteran's household or was a member of the veteran's household at the date of the veteran's death.

### §3.211 Death.

Death should be established by one of the following types of evidence:

(a)(1) A copy of the public record of the State or community where death occurred.

(2) A copy of a coroner's report of death or a verdict of a coroner's jury of the State or community where death occurred, provided such report or verdict properly identified the deceased.

(b) Where death occurs in a hospital or institution under the control of the United States Government:

(1) A death certificate signed by a medical officer; or

(2) A clinical summary or other report showing fact and date of death signed by a medical officer.

(c) An official report of death of a member of a uniformed service from the Secretary of the department concerned where death occurs while deceased was on the retired list, in an inactive duty status, or in the active service.

(d) Where death occurs abroad:

(1) A United States consular report of death bearing the signature and seal of the United States consul; or

(2) A copy of the public record of death authenticated (see §3.202(b)(4) for exception) by the United States consul or other agency of the State Department; or

(3) An official report of death from the head of the department concerned, where the deceased person was, at the time of death, a civilian employee of such department.

(e) If the foregoing evidence cannot be furnished, the reason must be stated. The fact of death may then be established by the affidavits of persons who have personal knowledge of the fact of death, have viewed the body of the deceased, know it to be the body of the person whose death is being established, setting forth all the facts and circumstances concerning the death, place, date, time, and cause thereof.

(f) If proof of death, as defined in paragraphs (a) through (e) of this section cannot be furnished, a finding of fact of death, where death is otherwise shown by competent evidence, may be made by an official authorized to approve such findings. Where it is indicated that the veteran died under circumstances which precluded recovery or identification of the body, the fact of death should be established by the best evidence, which from the nature of the case must be supposed to exist.

(g) In the absence of evidence to the contrary, a finding of fact of death made by another Federal agency will be accepted for the purposes of paragraph (f) of this section.

#### § 3.212 Unexplained absence for 7 years.

(a) If satisfactory evidence is produced establishing the fact of the continued and unexplained absence of any individual from his or her home and family for a period of 7 years or more and that a diligent search disclosed no evidence of his or her existence after the date of disappearance, and if evidence as provided in § 3.211 cannot be furnished, the death of such individual as of the expiration of such period may be considered as sufficiently proved.

#### § 3.213 Change of status affecting entitlement.

(a) *General.* For the purpose of establishing entitlement to a higher rate of pension, compensation, or dependency and indemnity compensation based on the existence of a dependent, VA will require evidence which satisfies the requirements of § 3.204. For the purpose of reducing or discontinuing such benefits, a statement by a claimant or payee setting forth the month and year of change of status which would result in a reduction or discontinuance of benefits to that person will be accepted, in the absence of contradictory information. This includes:

### 38 CFR Ch. I (7-1-03 Edition)

(1) *Veteran.* A statement by the veteran setting forth the month and year of death of a spouse, child, or dependent parent.

(2) *Surviving spouse.* A statement by the surviving spouse or remarried surviving spouse setting forth the month and year of remarriage and any change of name. (An award for a child or children who are otherwise entitled may be made to commence the day following the date of discontinuance of any payments to the surviving spouse.)

(3) *Child.* A statement by the veteran or surviving spouse (where an additional allowance is being paid to the veteran or surviving spouse for a child), or fiduciary, setting forth the month and year of the child's death, marriage, or discontinuance of school attendance. A similar statement by a child who is receiving payments direct will be accepted to establish the child's marriage or the discontinuance of school attendance. Where appropriate, the month and year of discontinuance of school attendance will be required in addition to the month and year of death or marriage of a child.

(Authority: 38 U.S.C. 501)

(4) *Parent.* A statement by a parent setting forth the month and year:

- (i) Of marriage or remarriage;
- (ii) When two parents or a parent and spouse ceased living together;
- (iii) When two parents or a parent and spouse resumed living together following a period of separation;
- (iv) Of divorce or death of a spouse.

(b) *Date not reported.* If the month and year of the event is not reported, the award will be reduced or discontinued, whichever is appropriate, effective date of last payment. The payee will be requested to furnish within 60 days from the date of request a statement setting forth the date of the event. Where payments are continued at a reduced rate, the award will be discontinued effective date of last payment if the required statement is not received within the 60-day period. Payments on a discontinued award may be resumed, if otherwise in order, from the date of discontinuance if the necessary information is received within 1

### §3.215 Termination of marital relationship or conduct.

On or after January 1, 1971, benefits may be resumed to an unmarried surviving spouse upon filing of an application and submission of satisfactory evidence that the surviving spouse has ceased living with another person and holding himself or herself out openly to the public as that person's spouse or that the surviving spouse has terminated a relationship or conduct which had created an inference or presumption of remarriage or related to open or notorious adulterous cohabitation or similar conduct, if the relationship terminated prior to November 1, 1990. Such evidence may consist of, but is not limited to, the surviving spouse's certified statement of the fact.

Any person who applies for or receives any compensation or pension benefit as defined in §§3.3, 3.4, or 3.5 of this part, a monetary allowance under 38 U.S.C. chapter 18, shall, as a condition for receipt or continued receipt of benefits, furnish the Department of Veterans Affairs upon request with his or her social security number and the social security number of any dependent or beneficiary on whose behalf, or based upon whom, benefits are sought or received. However, no one shall be required to furnish a social security number for any person to whom none has been assigned. Benefits will be terminated if a beneficiary fails to furnish the Department of Veterans Affairs with his or her social security number or the social security number of any dependent or beneficiary on whose behalf, or based upon whom, benefits are sought or received, within 60 days from the date the beneficiary is requested to furnish the social security number.

(1) During the conversation in which the information or statement is provided, the VA employee:

(i) Identifies himself or herself as a VA employee who is authorized to receive the information or statement (these are VA employees authorized to take actions under §§ 2.3 or 3.100 of this chapter);

(ii) Verifies the identity of the provider as either the beneficiary or his or her fiduciary by obtaining specific information about the beneficiary that can be verified from the beneficiary's VA records, such as Social Security number, date of birth, branch of military service, dates of military service, or other information; and

(iii) Informs the provider that the information or statement will be used for the purpose of calculating benefit amounts; and

(2) During or following the conversation in which the information or statement is provided, the VA employee documents in the beneficiary's VA records the specific information or statement provided, the date such information or statement was provided, the identity of the provider, the steps taken to verify the identity of the provider as being either the beneficiary or his or her fiduciary, and that he or she informed the provider that the information would be used for the purpose of calculating benefit amounts.

#### DEPENDENCY, INCOME AND ESTATE

#### REGULATIONS APPLICABLE TO PROGRAMS IN EFFECT PRIOR TO JANUARY 1, 1979

### § 3.250 Dependency of parents; compensation.

(a) *Income*—(1) *Conclusive dependency*. Dependency of a parent (other than one who is residing in a foreign country) will be held to exist where the monthly income does not exceed:

(i) \$400 for a mother or father not living together;

(ii) \$660 for a mother and father, or remarried parent and spouse, living together;

(iii) \$185 for each additional "member of the family" as defined in paragraph (b)(2).

(Authority: 38 U.S.C. 102(a))

(2) *Excess income*. Where the income exceeds the monthly amounts stated in paragraph (a)(1) of this section dependency will be determined on the facts in the individual case under the principles outlined in paragraph (b) of this section. In such cases, dependency will not be held to exist if it is reasonable that some part of the corpus of the claimant's estate be consumed for his or her maintenance.

(3) *Foreign residents*. There is no conclusive presumption of dependency. Dependency will be determined on the facts in the individual case under the principles outlined in this section.

(b) *Basic rule*. Dependency will be held to exist if the father or mother of the veteran does not have an income sufficient to provide reasonable maintenance for such father or mother and members of his or her family under legal age and for dependent adult members of the family if the dependency of such adult member results from mental or physical incapacity.

(1) "Reasonable Maintenance" includes not only housing, food, clothing, and medical care sufficient to sustain life, but such items beyond the bare necessities as well as other requirements reasonably necessary to provide those conveniences and comforts of living suitable to and consistent with the parents' reasonable mode of life.

(2) "Member of the family" means a person (other than spouse) including a relative in the ascending as well as descending class, whom the father or mother is under moral or legal obligation to support. In determining whether other members of the family under legal age are factors in necessary expenses of the mother or father, consideration will be given to any income from business or property (including trusts) actually available, directly or indirectly, to the mother or father for the support of the minor but not to the corpus of the estate or the income of the minor which is not so available.

## Department of Veterans Affairs

## § 3.252

(c) *Inception of dependency.* The fact that the veteran has made habitual contributions to the father or mother, or both, is not conclusive evidence that dependency existed but will be considered in connection with all other evidence. In death claims, it is not material whether dependency arose prior or subsequent to the veteran's death. (See § 3.1000(d)(3) as to accrued.)

(Authority: 38 U.S.C. 102(a))

(d) *Remarriage.* Dependency will not be denied solely because of remarriage (38 U.S.C. 102(b)(1)). Compensation may be continued if the parent submits evidence to show that dependency exists, considering the combined income and expenses of the parent and spouse.

[28 FR 29, Jan. 1, 1963, as amended at 40 FR 16065, Apr. 9, 1975; 49 FR 47004, Nov. 30, 1984; 61 FR 20727, May 8, 1996]

### § 3.251 Income of parents; dependency and indemnity compensation.

(a) *Annual income limitations and rates.* (1) Dependency and indemnity compensation is not payable to a parent or parents whose annual income exceeds the limitations set forth in 38 U.S.C. 1315 (b), (c), or (d).

(2) Where there is only one parent, and the parent has remarried and is living with his or her spouse, dependency and indemnity compensation will be paid under either the formula in 38 U.S.C. 1315(b)(1) or the formula in 38 U.S.C. 1315(d), whichever will provide the greater monthly rate of dependency and indemnity compensation. The total combined annual income of the parent and spouse will be counted.

(Authority: 38 U.S.C. 1315)

(3) Where the claim is based on service in the Commonwealth Army of the Philippines, or as a guerrilla or as a Philippine Scout under section 14, Pub. L. 190, 79th Congress, the income limitation will be at a rate of \$0.50 for each dollar. See § 3.100(b).

(Authority: 38 U.S.C. 107)

(4) If the remarriage of a parent has been terminated, or the parent is separated from his or her spouse, the rate of dependency and indemnity compensation for the parent will be that

which would be payable if there were one parent alone or two parents not living together, whichever is applicable.

(5) Where there are two parents living and only one parent has filed claim, the rate of dependency and indemnity compensation will be that which would be payable if both parents had filed claim.

(b) *Basic rule.* Payments of any kind or from any source will be counted as income unless specifically excluded. Income will be counted for the calendar year in which it is received and total income for the full calendar year will be considered except as provided in § 3.260.

[28 FR 29, Jan. 1, 1963, as amended at 31 FR 14455, Nov. 10, 1966; 40 FR 16065, Apr. 9, 1975; 41 FR 15411, Apr. 13, 1976; 60 FR 18355, Apr. 11, 1995]

### § 3.252 Annual income; pension; Mexican border period and later war periods.

(a) *Annual income limitations; old-law pension.* Where the right to old-law pension is payable under section 306(b) of Pub. L. 95-588 (92 Stat. 2497), pension is not payable if the pensioner's annual income exceeds the income limitations prescribed by § 3.26(c).

(b) *Annual income and net worth limitations; Pub. L. 86-211.* Pension is not payable to a veteran, surviving spouse or child whose annual income exceeds the limitations set forth in 38 U.S.C. 1521, 1541 or 1542; or to a veteran, surviving spouse or child if it is reasonable that some part of the claimant's estate be consumed for his or her maintenance. Where a veteran and spouse are living together, the separate income of the spouse will be considered as the veteran's income as provided in § 3.262(b).

(Authority: 38 U.S.C. 1543)

(c) *Basic rule.* Payments of any kind or from any source will be counted as income unless specifically excluded. Income will be counted for the calendar year in which it is received and total income for the full calendar year will be considered except as provided in § 3.260.

(d) *Veteran with a spouse.* For the purpose of determining eligibility under

paragraph (b) of this section the pension rates provided by 38 U.S.C. 1521(c) may be authorized for a married veteran if he or she is living with or, if estranged, is reasonably contributing to the support of his or her spouse. The determination of “reasonable” contribution will be based on all the circumstances in the case, considering the income and estate of the veteran and the separate income and estate of the spouse. Apportionment of the veteran’s pension under §3.451 meets the requirement of reasonable contribution.

(e) *Surviving spouse with a child—(1) Child.* The term “child” means a child as defined in §3.57. Where a veteran’s child is born after the veteran dies, the surviving spouse will not be considered a surviving spouse with a child prior to the child’s date of birth.

(2) *Veteran’s child not in surviving spouse’s custody.* Where the veteran was survived by a surviving spouse and by a child, the income increments for a surviving spouse and child apply even though the child is not the child of the surviving spouse and not in his or her custody.

(3) *Income of child.* The separate income received by a child or children, regardless of custody, will not be considered in computing the surviving spouse’s income. Where the separate income of the child is turned over to the surviving spouse, only so much of the money as is left after deducting any expenses for maintenance of the child will be considered the surviving spouse’s income.

(4) *Alternative rate.* Whenever the monthly pension rate payable to the surviving spouse under the formula in 38 U.S.C. 1541(c) is less than the rate payable for one child under section 1542 if the surviving spouse were not entitled, the surviving spouse will be paid the child’s rate.

(f) *Income over maximum; reduced aid and attendance allowance.* Beginning January 1, 1977, veterans in need of regular aid and attendance who are not receiving pension because their income exceeds the applicable statutory limitation may be eligible for a reduced aid and attendance allowance. The amount payable is the regular aid and attendance allowance authorized by 38 U.S.C. 1521(d)(1) reduced by 16.6 percent for

each \$100, or portion thereof, by which the veteran’s annual income exceeds the applicable maximum income limitation. The reduced aid and attendance allowance is payable when:

(1) A veteran in need of regular aid and attendance is denied pension under 38 U.S.C. 1521 solely because the veteran’s annual income exceeds the applicable maximum income limitation in 38 U.S.C. 1521 (b)(3) and (c)(3); or

(2) Pension payable under 38 U.S.C. 1521 to a veteran in need of regular aid and attendance is discontinued solely because the veteran’s annual income exceeds the applicable maximum income limitation in 38 U.S.C. 1521 (b)(3) or (c)(3); and

(3) The veteran’s annual income exceeds the applicable maximum income limitation in 38 U.S.C. 1521 (b)(3) or (c)(3) by an amount not greater than the amount specified in 38 U.S.C. 1521 (d)(2).

§§ 3.253–3.255 [Reserved]

§ 3.256 Eligibility reporting requirements.

(a) *Obligation to report changes in factors affecting entitlement.* Any individual who has applied for or receives pension or parents’ dependency and indemnity compensation must promptly notify the Secretary of any change affecting entitlement in any of the following:

- (1) Income;
- (2) Net worth or corpus of estate;
- (3) Marital status;
- (4) Nursing home patient status;
- (5) School enrollment status of a child 18 years of age or older; or
- (6) Any other factor that affects entitlement to benefits under the provisions of this part.

(b) *Eligibility verification reports.* (1) For purposes of this section the term eligibility verification report means a form prescribed by the Secretary that is used to request income, net worth (if

applicable), dependency status, and any other information necessary to determine or verify entitlement to pension or parents' dependency and indemnity compensation.

(2) VA will not require old law or section 306 pensioners to submit eligibility verification reports unless the Secretary determines that doing so is necessary to preserve program integrity.

(3) The Secretary shall require an eligibility verification report from individuals receiving parents' dependency and indemnity compensation under the following circumstances:

(i) If the Social Security Administration has not verified the beneficiary's Social Security number and, if the beneficiary is married, his or her spouse's Social Security number.

(ii) If there is reason to believe that the beneficiary or, if the spouse's income could affect entitlement, his or her spouse may have received income other than Social Security during the current or previous calendar year; or

(iii) If the Secretary determines that an eligibility verification report is necessary to preserve program integrity.

(4) An individual who applies for or receives pension or parents' dependency and indemnity compensation as defined in §§ 3.3 or 3.5 of this part shall, as a condition of receipt or continued receipt of benefits, furnish the Department of Veterans Affairs an eligibility verification report upon request.

(c) If VA requests that a claimant or beneficiary submit an eligibility verification report but he or she fails to do so within 60 days of the date of the VA request, the Secretary shall suspend the award or disallow the claim.

**§ 3.257 Children; no surviving spouse entitled.**

Where pension is not payable to a surviving spouse because his or her annual income exceeds the statutory lim-

itation or because of his or her net worth, payments will be made to or for the child or children as if there were no surviving spouse.

[62 FR 5529, Feb. 6, 1997]

**§§ 3.258-3.259 [Reserved]**

**§ 3.260 Computation of income.**

For entitlement to pension or dependency and indemnity compensation, income will be counted for the calendar year in which it is received.

(a) *Installments.* Income will be determined by the total amount received or anticipated during the calendar year.

(b) *Deferred determinations.* Where there is doubt as to the amount of the anticipated income, pension or dependency and indemnity compensation will be allowed at the lowest appropriate rate or will be withheld, as may be in order, until the end of the calendar year when the total income received during the year may be determined.

(c) *Proportionate income limitations; excess income.* A proportionate income limitation will be established under the conditions set forth in paragraph (d) of this section except where application of a proportionate income limitation would result in payment of a lower rate than would be payable on the basis of income for the full calendar year.

(d) *Proportionate income limitations; computation.* Income limitations will be computed proportionately for the purpose of determining initial entitlement, or for resuming payments on an award which was discontinued for a reason other than excess income or a change in marital or dependency status. A proportionate income limitation will be established for the period from the date of entitlement to the end of that calendar year. The total amount of income received by the claimant during that period will govern the payment of benefits. Income received prior to the date of entitlement will be disregarded.

(e) *Proportionate income limitations; spouse.* In determining whether proportionate computation is applicable to a claim under Pub. L. 86-211 (73 Stat. 432), the total income for the calendar year of entitlement of both veteran and that of the spouse available for use of

§ 3.261

38 CFR Ch. I (7-1-03 Edition)

the veteran will be considered. If a proportionate income limitation is then applicable, it will be applied to both the veteran's and the spouse's income. The spouse's income will not be included, however, where his or her total income for the calendar year does not exceed \$1,200.

(f) *Rate changes.* In years after that for which entitlement to pension or dependency and indemnity compensation has been established or reestablished as provided in paragraph (d) of this section, total income for the calendar year will govern the payment of benefits. Where there is a change in the conditions of entitlement because of a change in marital or dependency status, entitlement for each period will be determined separately. For the period when the claimant was married or had a dependent, the rate payable will be determined under the annual income limitation or increment applicable to a claimant who is married or has a dependent. For the period when the claimant was unmarried or without a dependent, the rate payable will be de-

termined under the annual income limitation or increment applicable to a claimant who is not married or has no dependent. Since these determinations will be based on total income for the calendar year, it is not material whether such income was received before or after the change of status.

(g) *Fractions of dollars.* In computing a claimant's annual income a fraction of a dollar will be disregarded for the purpose of determining entitlement to monthly payments of pension and dependency and indemnity compensation.

**§ 3.262 Evaluation of income.**

(a) *Total income.* All income from sources such as wages, salaries, earnings, bonuses from employers, income from a business or profession or from investments or rents as well as the fair value of personal services, goods or room and board received in lieu thereof will be included.

(1) Salary is not determined by "takehome" pay, but includes deductions made under a retirement act or plan and amounts withheld by virtue of income tax laws.

(2) The gross income from a business or profession may be reduced by the necessary operating expenses, such as cost of goods sold, or expenditures for rent, taxes, and upkeep. Depreciation is not a deductible expense. The cost of repairs or replacement may be de-

ducted. The value of an increase in stock inventory of a business is not considered income.

(3) A loss sustained in operating a business, profession, or farm or from investments may not be deducted from income derived from any other source.

(b) *Income of spouse.* Income of the spouse will be determined under the rules applicable to income of the claimant.

(1) *Parents.* Where the mother and father, or remarried parent and spouse are living together, the total combined income will be considered in determining dependency, or in determining the rate of dependency and indemnity compensation payable to the parent. This rule is equally applicable where both parents have remarried and each is living with his or her spouse. If the

remarriage of a parent has been terminated, or the parent is separated from his or her spouse, income of the spouse will be excluded.

(2) *Veterans.* The separate income of the spouse of a disabled veteran who is entitled to pension under laws in effect on June 30, 1960, will not be considered. Where pension is payable under section 306(a) of Pub. L. 95-588, to a veteran who is living with a spouse there will be included as income of the veteran all income of the spouse in excess of whichever is the greater, the amount of the spouse income exclusion specified in section 306(a)(2)(B) of Pub. L. 95-588 as increased from time to time under section 306(a)(3) of Pub. L. 95-588 or the total earned income of the spouse, which is reasonably available to or for the veteran, unless hardship to the veteran would result. Each time there is an increase in the spouse income exclusion pursuant to section 306(a)(3) of Pub. L. 95-588, the actual amount of the exclusion will be published in the "Notices" section of the FEDERAL REGISTER. The presumption that inclusion of such income is available to the veteran and would not work a hardship on him or her may be rebutted by evidence of unavailability or of expenses beyond the usual family requirements.

(Authority: 38 U.S.C. 1521(f); sec. 306(a)(2)(B) of Pub. L. 95-588)

(c) *Maintenance.* The value of maintenance furnished by a relative, friend, or a charitable organization (civic or governmental) will not be considered income. Where the claimant is maintained in a rest home or other community institution or facility, public or private, because of impaired health or advanced age, money paid to the home or to the claimant to cover the cost of maintenance will not be considered income, regardless of whether it is furnished by a relative, friend or charitable organization. The expense of maintenance is not deductible if it is paid from the claimant's income, except as provided in paragraph (l) of this section in claims for dependency and indemnity compensation.

(d) *Charitable donations.* Charitable donations from public or private relief or welfare organizations will not be considered income except in claims for

pension under laws in effect on June 30, 1960. In the latter cases, additional charitable allowances received by a claimant for members of his or her family may not be divided per capita in determining the amount of the claimant's income.

(e) *Retirement benefits; general.* Retirement benefits, including an annuity or endowment, paid under a Federal, State, municipal, or private business or industrial plan are considered income as limited by this paragraph. Where the payments received consist of part principal and part interest, interest will not be counted separately.

(1) *Protected pension.* Except as provided in this paragraph (e)(1), effective January 1, 1965, in determining income for pension purposes under laws in effect on June 30, 1960, 10 percent of the retirement payments received by a veteran, surviving spouse, or child will be excluded. The remaining 90 percent will be considered income as received. Where the retirement benefit is based on the claimant's own employment, payments will not be considered income until the amount of the claimant's personal contribution (as distinguished from amounts contributed by the employer) has been received. Thereafter the 10 percent exclusion will apply.

(2) *Pension; Pub. L. 86-211.* Except as provided in this subparagraph, effective January 1, 1965, in determining income for pension purposes, under Pub. L. 86-211 (73 Stat. 432), 10 percent of the retirement payments received by a veteran, the veteran's spouse, surviving spouse, or child will be excluded. The remaining 90 percent will be considered income as received. Where a person was receiving or entitled to receive pension and retirement benefits based on his or her own employment on December 31, 1964, the retirement payments will not be considered income until the amount of the claimant personal contribution (as distinguished from amounts contributed by the employer) has been received. Thereafter the 10 percent exclusion will apply.

(3) *Compensation.* In determining dependency of a parent for compensation purposes, all payments will be considered income as received.

(4) *Dependency and indemnity compensation.* Except as provided in this subparagraph, effective January 1, 1967, in determining income for dependency and indemnity compensation purposes, 10 percent of the retirement payments received by a deceased veteran's parent or by the parent's spouse will be excluded. The remaining 90 percent will be considered income as received. Where a parent was receiving or entitled to receive dependency and indemnity compensation and retirement benefits based on his or her own employment on December 31, 1966, the retirement payments will not be considered income until the amount of the claimant's personal contribution (as distinguished from amounts contributed by the employer) has been received. Thereafter the 10 percent exclusion will apply.

(Authority: 38 U.S.C. 1315(g), 1503(a)(6))

(f) *Social security benefits.* Old age and survivor's insurance and disability insurance under title II of the Social Security Act will be considered income as a retirement benefit under the rules contained in paragraph (e) of this section. Benefits received under non-contributory programs, such as old age assistance, aid to dependent children, and supplemental security income are subject to the rules contained in paragraph (d) of this section applicable to charitable donations. The lumpsum death payment under title II of the Social Security Act will be considered as income except in claims for dependency and indemnity compensation and for pension under Pub. L. 86-211 (73 Stat. 432).

(g) *Railroad retirement benefits—(1) Parents, surviving spouses and children.* Retirement benefits received from the Railroad Retirement Board will be considered as income under the rules contained in paragraph (e) of this section. (See paragraph (h) of this section as to waivers.)

(2) *Veterans.* Effective July 1, 1959, retirement benefits received from the Railroad Retirement Board were excluded from consideration as income in determining eligibility for disability pension. (45 U.S.C. 228s-1) This exclusion continues to be applicable to claims under laws in effect on June 30,

1960. For purposes of section 306 pension, such retirement benefits will be considered as income under the rules contained in paragraph (e) of this section.

(h) *Retirement benefits waived.* Except as provided in this paragraph, retirement benefits (pension or retirement payments) which have been waived will be included as income. For the purpose of determining dependency of a parent, or eligibility of a parent for dependency and indemnity compensation or eligibility of a veteran, surviving spouse, or child for pension under laws in effect on June 30, 1960, retirement benefits from the following sources which have been waived pursuant to Federal statute will not be considered as income:

(1) Civil Service Retirement and Disability Fund;

(2) Railroad Retirement Board (see paragraph (g)(2) of this section);

(3) District of Columbia, firemen, policemen, or public school teachers;

(4) Former lighthouse service.

(i) *Compensation (civilian) for injury or death.* (1) Compensation paid by the Bureau of Employees' Compensation, Department of Labor (of the United States), or by Social Security Administration, or by Railroad Retirement Board, or pursuant to any workmen's compensation or employer's liability statute, or damages collected because of personal injury or death, less medical, legal, or other expenses incident to the injury or death, or the collection or recovery of such moneys will be considered income as received, except as provided in paragraph (i)(2) of this section. The criteria of paragraph (i)(1) of this section are for application as to all medical expenditures after such award or settlement.

(Authority: Pub. L. 92-198, 85 Stat. 663)

(2) For pension, effective October 7, 1966, and for dependency and indemnity compensation effective January 1, 1967, if payments based on permanent and total disability or death are received from the Bureau of Employees' Compensation, Social Security Administration or Railroad Retirement Board, or pursuant to any workmen's compensation or employer's liability statute, there will be excluded 10 percent of the

payments received after deduction of medical, legal, and other expenses as authorized by paragraph (i)(1) of this section. The 10 percent exclusion does not apply to damages collected incident to a tort suit under other than an employer's liability law of the United States or a political subdivision of the United States, or to determinations of dependency for compensation purposes.

(j) *Commercial insurance*—(1) *Annuity or endowment insurance*. For pension, effective January 1, 1965, or for dependency and indemnity compensation, effective January 1, 1967, the provisions of paragraph (e) of this section apply. In such cases, 10 percent of the payments received will be excluded. In dependency and indemnity compensation claims, where the parent is receiving or entitled to receive dependency and indemnity compensation on December 31, 1966, and is also receiving or entitled to receive annuity payments on that date, or endowment insurance matures on or before that date, no part of the payments received will be considered income until the full amount of the consideration has been received, after which 10 percent of the amount received will be excluded. For compensation, the full amount of each payment is considered income as received.

(2) *Life insurance; general*. In determining dependency, or eligibility for dependency and indemnity compensation, or for section 306 pension the full amount of payments is considered income as received. For section 306 pension, effective October 7, 1966, and for dependency and indemnity compensation, effective January 1, 1967, 10 percent of the payments received will be excluded.

(3) *Life insurance; old-law pension*. For pension under laws in effect on June 30, 1960, 10 percent of the payments received will be excluded. Where it is considered that life insurance was received in a lump sum in the calendar year in which the veteran died and payments are actually received in succeeding years, no part of the payments received in succeeding years will be considered income until an amount equal to the lump-sum face value of the policy has been received, after which 10 percent of the payments received will

be excluded. The 10 percent exclusion is authorized effective October 7, 1966.

(4) *Disability, accident or health insurance*. For pension, effective October 7, 1966, and for dependency and indemnity compensation, effective January 1, 1967, there will be excluded 10 percent of the payments received for disability after deduction of medical, legal, or other expenses incident to the disability. For compensation, after deduction of such expenses, the full amount of payments is considered income as received.

(k) *Property*—(1) *Ownership*. The terms of the recorded deed or other evidence of title will constitute evidence of ownership of real or personal property. This includes property acquired through purchase, bequest or inheritance except that, effective January 1, 1971, amounts in joint accounts in banks and similar institutions acquired by reason of the death of another joint owner shall not be considered income of a survivor for section 306 pension purposes. With the foregoing exception, if property is owned jointly each person will be considered as owning a proportionate share. The claimant's share of property held in partnership will be determined on the facts found. In the absence of evidence to the contrary, the claimant's statement as to the terms of ownership will be accepted.

(Authority: Sec. 306, Pub. L. 95-588; 92 Stat. 2508)

(2) *Income-producing property*. Income received from real or personal property owned by the claimant will be counted. The claimant's share will be determined in proportion to his right according to the rules of ownership.

(3) *Sale of property*. Except as provided in paragraphs (k)(4) and (5) of this section, net profit from the sale of real or personal property will be counted. In determining net profit from the sale of property owned prior to the date of entitlement, the value at the date of entitlement will be considered in relation to the selling price. Where payments are received in installments, payments will not be considered income until the claimant has received

amounts equal to the value of the property at the date of entitlement. Principal and interest will not be counted separately.

(4) *Homes.* Net profit from the sale of the claimant's residence which is received during the calendar year of sale will not be considered as income under the following conditions:

(i) To the extent that it is applied within the calendar year of the sale, or the succeeding calendar year, to the purchase price of another residence as his principal dwelling;

(ii) Such application of the net profit is reported within 1 year following the date so applied, and

(iii) The net profit is so applied after January 10, 1962, to a purchase made after said date.

This exclusion will not apply where the net profit is applied to the price of a home purchased earlier than the calendar year preceding the calendar year of sale of the old residence.

(5) *Sale of property; section 306 pension and dependency and indemnity compensation.* For pension under section 306 pension and for dependency and indemnity compensation, profit from the sale of real or personal property other than in the course of a business will not be considered income. This applies to property acquired either before or after the date of entitlement. Any amounts received in excess of the sales price will be counted as income. Where payments are received in installments, principal and interest will not be counted separately. For pension, this provision is effective January 1, 1965; for dependency and indemnity compensation, January 1, 1967.

(Authority: 38 U.S.C. 1503(a)(10); 38 U.S.C. 1315(g))

(6) *Payments on mortgages on real property; section 306 pension.* Effective January 1, 1971, for the purposes of section 306 pension, an amount equaling any prepayments made by a veteran or surviving spouse on a mortgage or similar type security instrument in existence at the death of veteran or spouse on real property which prior to the death was the principal residence of the veteran and spouse will be excluded from consideration as income if such payment was made after the death and

prior to the close of the year succeeding the year of death.

(Authority: 38 U.S.C. 1503(a)(14))

(1) *Unusual medical expenses.* Within the provisions of paragraphs (1)(1) through (4) of this section there will be excluded from the amount of the claimant's annual income any unreimbursed amounts which have been paid within the calendar year for unusual medical expenses regardless of the year the indebtedness was incurred. The term *unusual* means *excessive*. It does not describe the nature of a medical condition but rather the amount expended for medical treatment in relationship to the claimant's resources available for sustaining a reasonable mode of life. Unreimbursed expenditures which exceed 5 percent of the claimant's reported annual income will be considered unusual. Health, accident, sickness and hospitalization insurance premiums will be included as medical expenses in determining whether the claimant's unreimbursed medical expenses meet the criterion for *unusual*. A claimant's statement as to amounts expended for medical expenses ordinarily will be accepted unless the circumstances create doubt as to its credibility. An estimate based on a clear and reasonable expectation that unusual medical expenditure will be realized may be accepted for the purpose of authorizing prospective payments of benefits subject to necessary adjustment in the award upon receipt of an amended estimate or after the end of the calendar year upon receipt of an income questionnaire.

(1) *Veterans.* For the purpose of section 306 pension, there will be excluded unreimbursed amounts paid by the veteran for unusual medical expenses of self, spouse, and other relatives of the veteran in the ascending as well as descending class who are members or constructive members of the veteran's household and whom the veteran has a moral or legal obligation to support.

(2) *Surviving spouses.* For the purpose of section 306 pension, there will be excluded unreimbursed amounts paid by the surviving spouse for the unusual medical expenses of self, the veteran's children, and other relatives of the surviving spouse in the ascending as well

§ 3.262

38 CFR Ch. I (7-1-03 Edition)

as descending class who are members or constructive members of the surviving spouse's household and whom the surviving spouse has a moral or legal obligation to support.

(3) *Children.* For the purpose of section 306 pension, there will be excluded unreimbursed amounts paid by a child for the unusual medical expenses of self, parent, and brothers and sisters of the child.

(4) *Parents.* For dependency and indemnity compensation purposes there will be excluded unreimbursed amounts paid by the parent for the unusual medical expenses of self, spouse, and other relatives of the parent in the ascending as well as descending class who are members or constructive members of the parent's household and whom the parent has a moral or legal obligation to support. If the combined annual income of the parent and the parent's spouse is the basis for dependency and indemnity compensation, the exclusion is applicable to the combined annual income and extends to the unusual unreimbursed medical expenses of the spouse's relatives in the ascending as well as descending class who are members or constructive members of the household and whom the parent's spouse has a moral or legal obligation to support.

(Authority: 38 U.S.C. 1315(f)(3); Sec. 306, Pub. L. 95-588; 92 Stat. 2508)

(m) *Veteran's final expenses; pension.* In claims for pension under section 306, there will be excluded, as provided in paragraph (p) of this section:

(1) From the income of a surviving spouse, amounts equal to amounts paid for the expenses of the veteran's last illness;

(2) From the income of a surviving spouse, or of a child of a deceased veteran where there is no surviving spouse, amounts equal to amounts paid by the surviving spouse or child for the veteran's just debts, for the expenses of the veteran's last illness, and burial to the extent such expenses are not reimbursed by the Department of Veterans Affairs. The term "just debts" does not

include any debt that is secured by real or personal property.

(Authority: Sec. 306, Pub. L. 95-588; 92 Stat. 2508)

(n) *Final expenses of veteran's spouse or child; pension.* In claims for pension under section 306, there will be excluded, as provided in paragraph (p) of this section:

(1) From the income of a veteran, amounts equal to amounts paid by the veteran for the last illness and burial of the veteran's deceased spouse or child; and

(2) From the income of a spouse or surviving spouse, amounts equal to amounts paid by her as spouse or surviving spouse of the deceased veteran for the last illness and burial of a child of such veteran.

(Authority: Sec. 306, Pub. L. 95-588; 92 Stat. 2508)

(o) *Final expenses of veteran or parent's spouse; dependency and indemnity compensation.* In claims for dependency and indemnity compensation there will be excluded from the income of a parent, as provided in paragraph (p) of this section, amounts equal to amounts paid by the parent for:

(1) The expenses of the veteran's last illness and burial to the extent that such expenses are not reimbursed under 38 U.S.C. ch. 23.

(2) The parent's deceased spouse's just debts, the expenses of the spouse's last illness to the extent such expenses are not reimbursed under 38 U.S.C. ch. 51 and the expenses of the spouse's burial to the extent that such expenses are not reimbursed under 38 U.S.C. ch. 23 or 51. The term "just debts" does not include any debt that is secured by real or personal property.

(2) *Irregular income.* Irregular income means income which is received or anticipated during a 12-month annualization period, but which is received in unequal amounts or at irregular intervals. This amount shall be re-

#### § 3.273 Rate computation.

The commencement date of change in benefit payments based on rate computations under the provisions of this section will be determined under the provisions of § 3.31 or § 3.660.

(a) *Initial award.* For the purpose of determining initial entitlement, or for resuming payments on an award which was previously discontinued, the monthly rate of pension payable to a beneficiary shall be computed by reducing the beneficiary's applicable maximum pension rate by the beneficiary's countable income on the effective date of entitlement and dividing the remainder by 12. Effective June 1, 1983, the provisions of § 3.29(b) apply to this paragraph. Recomputation of rates due to changes in the maximum annual pension rate or rate of income following the initial date of entitlement are subject to the provisions of paragraph (b) of this section.

(b) *Running awards—(1) Change in maximum annual pension rate.* Whenever there is change in a beneficiary's applicable maximum annual pension rate, the monthly rate of pension payable shall be computed by reducing the new applicable maximum annual pension rate by the beneficiary's countable income on the effective date of the change in the applicable maximum annual pension rate, and dividing the remainder by 12. Effective June 1, 1983, the provisions of § 3.29(b) apply to this paragraph.

(2) *Change in amount of income.* Whenever there is a change in a beneficiary's amount of countable income the monthly rate of pension payable shall be computed by reducing the beneficiary's applicable maximum annual pension rate by the beneficiary's new amount of countable income on the effective date of the change in the amount of income, and dividing the remainder by 12. Effective June 1, 1983, the provisions of § 3.29(b) apply to this paragraph.

(c) *Nonrecurring income.* The amount of any nonrecurring countable income (e.g. an inheritance) received by a beneficiary shall be added to the beneficiary's annual rate of income for a 12-

## § 3.275

month annualization period commencing on the effective date on which the nonrecurring income is countable.

(Authority: 38 U.S.C. 501)

(d) *Recurring and irregular income.* The amount of recurring and irregular income anticipated or received by a beneficiary shall be added to determine the beneficiary's annual rate of income for a 12-month annualization period commencing at the beginning of the 12-month annualization, subject to the provisions of § 3.660(a)(2) of this chapter.

### § 3.274 Relationship of net worth to pension entitlement.

(a) *Veteran.* Pension shall be denied or discontinued when the corpus of the estate of the veteran, and of the veteran's spouse, are such that under all the circumstances, including consideration of the annual income of the veteran, the veteran's spouse, and the veteran's children, it is reasonable that some part of the corpus of such estates be consumed for the veteran's maintenance.

(Authority: 38 U.S.C. 1522(a))

(b) *Increased pension payable to a veteran for a child.* Increased pension payable to a veteran on account of a child shall be denied or discontinued when the corpus of the estate of the child is such that under all the circumstances including consideration of the veteran's and spouse's income and the income of the veteran's child or children, it is reasonable that some part of the corpus of such child's estate be consumed for the child's maintenance.

(Authority: 38 U.S.C. 1522(b))

(c) *Surviving spouse.* Pension payable to a surviving spouse shall be denied or discontinued when the corpus of the estate of the surviving spouse is such that under all the circumstances, including consideration of the surviving spouse's income and the income of any child for whom the surviving spouse is receiving pension, it is reasonable that some part of the corpus of the sur-

living spouse's estate be consumed for the surviving spouse's maintenance.

(Authority: 38 U.S.C. 1543(a)(1))

(d) *Increased pension payable to a surviving spouse for a child.* Increased pension payable to a surviving spouse on account of a child shall be denied or discontinued when the corpus of the estate of the child is such that under all the circumstances, including consideration of the income of the surviving spouse and child and the income of any other child for whom the surviving spouse is receiving increased pension, it is reasonable that some part of the corpus of the child's estate be consumed for the maintenance of the child.

(Authority: 38 U.S.C. 1543(a)(2))

(e) *Child.* Pension payable to a child shall be denied or discontinued when the corpus of the estate of the child is such that under all the circumstances, including consideration of the income of the child, the income of any person with whom the child is residing who is legally responsible for such child's support, and the corpus of estate of such person, it is reasonable that some part of the corpus of such estates be consumed for the child's maintenance.

(Authority: 38 U.S.C. 1543(b))

### § 3.275 Criteria for evaluating net worth.

(a) *General.* The following rules are for application in determining the corpus of estate or net worth of a veteran, surviving spouse or child under § 3.274.

(b) *Definition.* The terms *corpus of estate* and *net worth* mean the market value, less mortgages or other encumbrances, of all real and personal property owned by the claimant, except the claimant's dwelling (single family unit), including a reasonable lot area, and personal effects suitable to and consistent with the claimant's reasonable mode of life.

(c) *Ownership.* See § 3.271(d).

(d) *Evaluation.* In determining whether some part of the claimant's estate (or combined estates under § 3.274 (a) and (e)) should be consumed for the claimant's maintenance, consideration will be given to the amount of the

claimant's income together with the following: Whether the property can be readily converted into cash at no substantial sacrifice; life expectancy; number of dependents who meet the definition of *member of the family* (the definition contained in § 3.250(b)(2) is applicable to the improved pension program); potential rate of depletion, including unusual medical expenses under the principles outlined in § 3.272(g) for the claimant and the claimant's dependents.

(e) *Educational expenses.* There shall be excluded from the corpus of estate or net worth of a child reasonable amounts for actual or prospective educational or vocational expenses. The amount so excluded shall not be such as to provide for education or training beyond age 23.

(Authority: 38 U.S.C. 501)

(f) *Agent Orange settlement payments.* There shall be excluded from the corpus of the estate or net worth of a claimant any payment made from the Agent Orange Settlement Fund or any other fund established pursuant to the settlement in the *In re Agent Orange product liability litigation*, M.D.L. No. 381 (E.D.N.Y.). (January 1, 1989)

(Authority: Pub. L. 101-201, 103 Stat. 1795)

(g) *Restitution to individuals of Japanese ancestry.* There shall be excluded from the corpus of estate or net worth of a claimant any payment made as restitution under Public Law 100-383 to individuals of Japanese ancestry who were interned, evacuated, or relocated during the period December 7, 1941, through June 30, 1946, pursuant to any law, Executive order, Presidential proclamation, directive, or other official action respecting these individuals. (August 10, 1988)

(Authority: Sec. 105, Pub. L. 100-383; 102 Stat. 905)

(h) *Radiation Exposure Compensation Act.* There shall be excluded from the corpus of estate or net worth of a claimant any payment made under Section 6 of the Radiation Exposure Compensation Act of 1990.

(Authority: 42 U.S.C. 2210 note)

(i) *Monetary allowance under 38 U.S.C. chapter 18 for certain individuals who are children of Vietnam veterans.* There shall be excluded from the corpus of estate or net worth of a claimant any allowance paid under the provisions of 38 U.S.C. chapter 18 to or for an individual who is a child of a Vietnam veteran.

### § 3.276 Certain transfers or waivers disregarded.

(a) *Waiver of receipt of income.* Potential income, not excludable under § 3.272 and whose receipt has been waived by an individual, shall be included as countable income of that individual for Department of Veterans Affairs pension purposes.

(b) *Transfer of assets.* For pension purposes, a gift of property made by an individual to a relative residing in the same household shall not be recognized as reducing the corpus of the grantor's estate. A sale of property to such a relative shall not be recognized as reducing the corpus of the seller's estate if the purchase price, or other consideration for the sale, is so low as to be tantamount to a gift. A gift of property to someone other than a relative residing in the grantor's household will not be recognized as reducing the corpus of the grantor's estate unless it is clear that the grantor has relinquished all rights of ownership, including the right of control of the property.

(Authority: 38 U.S.C. 501)

### § 3.277 Eligibility reporting requirements.

(a) *Evidence of entitlement.* As a condition of granting or continuing pension, the Department of Veterans Affairs may require from any person who is an applicant for or a recipient of pension such information, proofs, and evidence as is necessary to determine the annual income and the value of the corpus of the estate of such person, and of any spouse or child for whom the person is

receiving or is to receive increased pension (such child is hereinafter in this section referred to as a *dependent child*), and, in the case of a child applying for or in receipt of pension in his or her own behalf (hereinafter in this section referred to as a *surviving child*), of any person with whom such child is residing who is legally responsible for such child's support.

(b) *Obligation to report changes in factors affecting entitlement.* Any individual who has applied for or receives pension must promptly notify the Secretary of any change affecting entitlement in any of the following:

- (1) Income;
- (2) Net worth or corpus of estate;
- (3) Marital status;
- (4) Nursing home patient status;
- (5) School enrollment status of a child 18 years of age or older; or
- (6) Any other factor that affects entitlement to benefits under the provisions of this Part.

(c) *Eligibility verification reports.* (1) For purposes of this section the term eligibility verification report means a form prescribed by the Secretary that is used to request income, net worth, dependency status, and any other information necessary to determine or verify entitlement to pension.

(2) The Secretary shall require an eligibility verification report under the following circumstances:

(i) If the Social Security Administration has not verified the beneficiary's Social Security number and, if the beneficiary is married, his or her spouse's Social Security number;

(ii) If there is reason to believe that the beneficiary or his or her spouse may have received income other than Social Security during the current or previous calendar year; or

(iii) If the Secretary determines that an eligibility verification report is necessary to preserve program integrity.

(3) An individual who applies for or receives pension as defined in § 3.3 of this part shall, as a condition of receipt or continued receipt of benefits, furnish the Department of Veterans Affairs an eligibility verification report upon request.

(d) If VA requests that a claimant or beneficiary submit an eligibility verification report but he or she fails

to do so within 60 days of the date of the VA request, the Secretary shall suspend the award or disallow the claim.

(The Office of Management and Budget has approved the information collection requirements in this section under control numbers 2900-0101 and 2900-0624.)

### RATINGS AND EVALUATIONS; BASIC ENTITLEMENT CONSIDERATIONS

#### § 3.300 Claims based on the effects of tobacco products.

(a) For claims received by VA after June 9, 1998, a disability or death will not be considered service-connected on the basis that it resulted from injury or disease attributable to the veteran's use of tobacco products during service. For the purpose of this section, the term "tobacco products" means cigars, cigarettes, smokeless tobacco, pipe tobacco, and roll-your-own tobacco.

(b) The provisions of paragraph (a) of this section do not prohibit service connection if:

(1) The disability or death resulted from a disease or injury that is otherwise shown to have been incurred or aggravated during service. For purposes of this section, "otherwise shown" means that the disability or death can be service-connected on some basis other than the veteran's use of tobacco products during service, or that the disability became manifest or death occurred during service; or

(2) The disability or death resulted from a disease or injury that appeared to the required degree of disability within any applicable presumptive period under §§ 3.307, 3.309, 3.313, or 3.316; or

(3) Secondary service connection is established for ischemic heart disease or other cardiovascular disease under § 3.310(b).

(c) For claims for secondary service connection received by VA after June 9, 1998, a disability that is proximately due to or the result of an injury or disease previously service-connected on the basis that it is attributable to the

[66 FR 18198, Apr. 6, 2001]

#### § 3.301 Line of duty and misconduct.

(a) *Line of duty.* Direct service connection may be granted only when a disability or cause of death was incurred or aggravated in line of duty, and not the result of the veteran's own willful misconduct or, for claims filed after October 31, 1990, the result of his or her abuse of alcohol or drugs.

(Authority: 38 U.S.C. 105)

(b) *Willful misconduct.* Disability pension is not payable for any condition due to the veteran's own willful misconduct.

(Authority: 38 U.S.C. 1521)

(c) *Specific applications; willful misconduct.* For the purpose of determining entitlement to service-connected and nonservice-connected benefits the definitions in §§ 3.1 (m) and (n) of this part apply except as modified within paragraphs (c)(1) through (c)(3) of this section. The provisions of paragraphs (c)(2) and (c)(3) of this section are subject to the provisions of § 3.302 of this part where applicable.

(Authority: 38 U.S.C. 501)

(1) *Venereal disease.* The residuals of venereal disease are not to be considered the result of willful misconduct. Consideration of service connection for residuals of venereal disease as having been incurred in service requires that the initial infection must have occurred during active service. Increase in service of manifestations of venereal disease will usually be held due to natural progress unless the facts of record indicate the increase in manifestations was precipitated by trauma or by the conditions of the veteran's service, in which event service connection may be established by aggravation. Medical principles pertaining to the incubation period and its relation to the course of the disease; i.e., initial or acute manifestation, or period and course of secondary and late residuals manifested,

will be considered when time of occurrence of venereal disease prior to or after entry into service is at issue. In the issue of service connection, whether the veteran complied with service regulations and directives for reporting the disease and undergoing treatment is immaterial after November 14, 1972, and the service department characterization of acquisition of the disease as *willful misconduct* or as *not in line of duty* will not govern.

(2) The simple drinking of alcoholic beverage is not of itself willful misconduct. The deliberate drinking of a known poisonous substance or under conditions which would raise a presumption to that effect will be considered willful misconduct. If, in the drinking of a beverage to enjoy its intoxicating effects, intoxication results proximately and immediately in disability or death, the disability or death will be considered the result of the person's willful misconduct. Organic diseases and disabilities which are a secondary result of the chronic use of alcohol as a beverage, whether out of compulsion or otherwise, will not be considered of willful misconduct origin. (See §§ 21.1043, 21.5041, and 21.7051 of this title regarding the disabling effects of chronic alcoholism for the purpose of extending delimiting periods under education or rehabilitation programs.)

(Authority: 38 U.S.C. 501)

(3) *Drug usage.* The isolated and infrequent use of drugs by itself will not be considered willful misconduct; however, the progressive and frequent use of drugs to the point of addiction will be considered willful misconduct. Where drugs are used to enjoy or experience their effects and the effects result proximately and immediately in disability or death, such disability or death will be considered the result of the person's willful misconduct. Organic diseases and disabilities which are a secondary result of the chronic use of drugs and infections coinciding with the injection of drugs will not be considered of willful misconduct origin. (See paragraph (d) of this section regarding service connection where disability or death is a result of abuse of

drugs.) Where drugs are used for therapeutic purposes or where use of drugs or addiction thereto, results from a service-connected disability, it will not be considered of misconduct origin.

(Authority: 38 U.S.C. 105, 1110, 1121, 1131, 1301, and 1521(a))

(d) *Line of duty; abuse of alcohol or drugs.* An injury or disease incurred during active military, naval, or air service shall not be deemed to have been incurred in line of duty if such injury or disease was a result of the abuse of alcohol or drugs by the person on whose service benefits are claimed. For the purpose of this paragraph, alcohol abuse means the use of alcoholic beverages over time, or such excessive use at any one time, sufficient to cause disability to or death of the user; drug abuse means the use of illegal drugs (including prescription drugs that are illegally or illicitly obtained), the intentional use of prescription or non-prescription drugs for a purpose other than the medically intended use, or the use of substances other than alcohol to enjoy their intoxicating effects.

### § 3.302 Service connection for mental unsoundness in suicide.

(a) *General.* (1) In order for suicide to constitute willful misconduct, the act of self-destruction must be intentional.

(2) A person of unsound mind is incapable of forming an intent (*mens rea*, or guilty mind, which is an essential element of crime or willful misconduct).

(3) It is a constant requirement for favorable action that the precipitating mental unsoundness be service connected.

(b) *Evidence of mental condition.* (1) Whether a person, at the time of suicide, was so unsound mentally that he or she did not realize the consequence of such an act, or was unable to resist such impulse is a question to be deter-

mined in each individual case, based on all available lay and medical evidence pertaining to his or her mental condition at the time of suicide.

(2) The act of suicide or a bona fide attempt is considered to be evidence of mental unsoundness. Therefore, where no reasonable adequate motive for suicide is shown by the evidence, the act will be considered to have resulted from mental unsoundness.

(3) A reasonable adequate motive for suicide may be established by affirmative evidence showing circumstances which could lead a rational person to self-destruction.

(c) *Evaluation of evidence.* (1) Affirmative evidence is necessary to justify reversal of service department findings of mental unsoundness where Department of Veterans Affairs criteria do not otherwise warrant contrary findings.

(2) In all instances any reasonable doubt should be resolved favorably to support a finding of service connection (see § 3.102).

### RATINGS AND EVALUATIONS; SERVICE CONNECTION

#### § 3.303 Principles relating to service connection.

(a) *General.* Service connection connotes many factors but basically it means that the facts, shown by evidence, establish that a particular injury or disease resulting in disability was incurred coincident with service in the Armed Forces, or if preexisting such service, was aggravated therein. This may be accomplished by affirmatively showing inception or aggravation during service or through the application of statutory presumptions. Each disabling condition shown by a veteran's service records, or for which he seeks a service connection must be considered on the basis of the places, types and circumstances of his service as shown by service records, the official history of each organization in which he served, his medical records and all pertinent medical and lay evidence. Determinations as to service connection will be based on review of

the entire evidence of record, with due consideration to the policy of the Department of Veterans Affairs to administer the law under a broad and liberal interpretation consistent with the facts in each individual case.

(b) *Chronicity and continuity.* With chronic disease shown as such in service (or within the presumptive period under § 3.307) so as to permit a finding of service connection, subsequent manifestations of the same chronic disease at any later date, however remote, are service connected, unless clearly attributable to intercurrent causes. This rule does not mean that any manifestation of joint pain, any abnormality of heart action or heart sounds, any urinary findings of casts, or any cough, in service will permit service connection of arthritis, disease of the heart, nephritis, or pulmonary disease, first shown as a clearcut clinical entity, at some later date. For the showing of chronic disease in service there is required a combination of manifestations sufficient to identify the disease entity, and sufficient observation to establish chronicity at the time, as distinguished from merely isolated findings or a diagnosis including the word "Chronic." When the disease identity is established (leprosy, tuberculosis, multiple sclerosis, etc.), there is no requirement of evidentiary showing of continuity. Continuity of symptomatology is required only where the condition noted during service (or in the presumptive period) is not, in fact, shown to be chronic or where the diagnosis of chronicity may be legitimately questioned. When the fact of chronicity in service is not adequately supported, then a showing of continuity after discharge is required to support the claim.

(c) *Preservice disabilities noted in service.* There are medical principles so universally recognized as to constitute fact (clear and unmistakable proof), and when in accordance with these principles existence of a disability prior to service is established, no additional or confirmatory evidence is necessary. Consequently with notation or discovery during service of such residual conditions (scars; fibrosis of the lungs; atrophies following disease of the central or peripheral nervous system; healed fractures; absent, displaced

or resected parts of organs; supernumerary parts; congenital malformations or hemorrhoidal tags or tabs, etc.) with no evidence of the pertinent antecedent active disease or injury during service the conclusion must be that they preexisted service. Similarly, manifestation of lesions or symptoms of chronic disease from date of enlistment, or so close thereto that the disease could not have originated in so short a period will establish preservice existence thereof. Conditions of an infectious nature are to be considered with regard to the circumstances of the infection and if manifested in less than the respective incubation periods after reporting for duty, they will be held to have preexisted service. In the field of mental disorders, personality disorders which are characterized by developmental defects or pathological trends in the personality structure manifested by a lifelong pattern of action or behavior, chronic psychoneurosis of long duration or other psychiatric symptomatology shown to have existed prior to service with the same manifestations during service, which were the basis of the service diagnosis, will be accepted as showing preservice origin. Congenital or developmental defects, refractive error of the eye, personality disorders and mental deficiency as such are not diseases or injuries within the meaning of applicable legislation.

(d) *Postservive initial diagnosis of disease.* Service connection may be granted for any disease diagnosed after discharge, when all the evidence, including that pertinent to service, establishes that the disease was incurred in service. Presumptive periods are not intended to limit service connection to diseases so diagnosed when the evidence warrants direct service connection. The presumptive provisions of the statute and Department of Veterans Affairs regulations implementing them are intended as liberalizations applicable when the evidence would not warrant service connection without their aid.

[26 FR 1579, Feb. 24, 1961]

**§ 3.304 Direct service connection; wartime and peacetime.**

(a) *General.* The basic considerations relating to service connection are stated in § 3.303. The criteria in this section apply only to disabilities which may have resulted from service in a period of war or service rendered on or after January 1, 1947.

(b) *Presumption of soundness.* The veteran will be considered to have been in sound condition when examined, accepted and enrolled for service, except as to defects, infirmities, or disorders noted at entrance into service, or where clear and unmistakable (obvious or manifest) evidence demonstrates that an injury or disease existed prior thereto. Only such conditions as are recorded in examination reports are to be considered as noted.

(Authority: 38 U.S.C. 1111)

(1) History of preservice existence of conditions recorded at the time of examination does not constitute a notation of such conditions but will be considered together with all other material evidence in determinations as to inception. Determinations should not be based on medical judgment alone as distinguished from accepted medical principles, or on history alone without regard to clinical factors pertinent to the basic character, origin and development of such injury or disease. They should be based on thorough analysis of the evidentiary showing and careful correlation of all material facts, with due regard to accepted medical principles pertaining to the history, manifestations, clinical course, and character of the particular injury or disease or residuals thereof.

(2) History conforming to accepted medical principles should be given due consideration, in conjunction with basic clinical data, and be accorded probative value consistent with accepted medical and evidentiary principles in relation to value consistent with accepted medical evidence relating to incurrence, symptoms and course of the injury or disease, including official and other records made prior to, during or subsequent to service, together with all other lay and medical evidence concerning the inception, development and

manifestations of the particular condition will be taken into full account.

(3) Signed statements of veterans relating to the origin, or incurrence of any disease or injury made in service if against his or her own interest is of no force and effect if other data do not establish the fact. Other evidence will be considered as though such statement were not of record.

(Authority: 10 U.S.C. 1219)

(c) *Development.* The development of evidence in connection with claims for service connection will be accomplished when deemed necessary but it should not be undertaken when evidence present is sufficient for this determination. In initially rating disability of record at the time of discharge, the records of the service department, including the reports of examination at enlistment and the clinical records during service, will ordinarily suffice. Rating of combat injuries or other conditions which obviously had their inception in service may be accomplished pending receipt of copy of the examination at enlistment and all other service records.

(d) *Combat.* Satisfactory lay or other evidence that an injury or disease was incurred or aggravated in combat will be accepted as sufficient proof of service connection if the evidence is consistent with the circumstances, conditions or hardships of such service even though there is no official record of such incurrence or aggravation.

(Authority: 38 U.S.C. 1154(b))

(e) *Prisoners of war.* Where disability compensation is claimed by a former prisoner of war, omission of history or findings from clinical records made upon repatriation is not determinative of service connection, particularly if evidence of comrades in support of the incurrence of the disability during confinement is available. Special attention will be given to any disability first reported after discharge, especially if poorly defined and not obviously of intercurrent origin. The circumstances attendant upon the individual veteran's confinement and the duration thereof will be associated with pertinent medical principles in determining

whether disability manifested subsequent to service is etiologically related to the prisoner of war experience.

(f) *Post-traumatic stress disorder.* Service connection for post-traumatic stress disorder requires medical evidence diagnosing the condition in accordance with § 4.125(a) of this chapter; a link, established by medical evidence, between current symptoms and an in-service stressor; and credible supporting evidence that the claimed in-service stressor occurred. Although service connection may be established based on other in-service stressors, the following provisions apply for specified in-service stressors as set forth below:

(1) If the evidence establishes that the veteran engaged in combat with the enemy and the claimed stressor is related to that combat, in the absence of clear and convincing evidence to the contrary, and provided that the claimed stressor is consistent with the circumstances, conditions, or hardships of the veteran's service, the veteran's lay testimony alone may establish the occurrence of the claimed in-service stressor.

(2) If the evidence establishes that the veteran was a prisoner-of-war under the provisions of § 3.1(y) of this part and the claimed stressor is related to that prisoner-of-war experience, in the absence of clear and convincing evidence to the contrary, and provided that the claimed stressor is consistent with the circumstances, conditions, or hardships of the veteran's service, the veteran's lay testimony alone may establish the occurrence of the claimed in-service stressor.

(3) If a post-traumatic stress disorder claim is based on in-service personal assault, evidence from sources other than the veteran's service records may corroborate the veteran's account of the stressor incident. Examples of such evidence include, but are not limited to: records from law enforcement authorities, rape crisis centers, mental health counseling centers, hospitals, or physicians; pregnancy tests or tests for sexually transmitted diseases; and statements from family members, roommates, fellow service members, or clergy. Evidence of behavior changes following the claimed assault is one type of relevant evidence that may be

found in these sources. Examples of behavior changes that may constitute credible evidence of the stressor include, but are not limited to: a request for a transfer to another military duty assignment; deterioration in work performance; substance abuse; episodes of depression, panic attacks, or anxiety without an identifiable cause; or unexplained economic or social behavior changes. VA will not deny a post-traumatic stress disorder claim that is based on in-service personal assault without first advising the claimant that evidence from sources other than the veteran's service records or evidence of behavior changes may constitute credible supporting evidence of the stressor and allowing him or her the opportunity to furnish this type of evidence or advise VA of potential sources of such evidence. VA may submit any evidence that it receives to an appropriate medical or mental health professional for an opinion as to whether it indicates that a personal assault occurred.

**§ 3.305 Direct service connection; peacetime service before January 1, 1947.**

(a) *General.* The basic considerations relating to service connection are stated in § 3.303. The criteria in this section apply only to disabilities which may have resulted from service other than in a period of war before January 1, 1947.

(b) *Presumption of soundness.* A peacetime veteran who has had active, continuous service of 6 months or more will be considered to have been in sound condition when examined, accepted and enrolled for service, except as to defects, infirmities or disorders noted at the time thereof, or where evidence or medical judgment, as distinguished from medical fact and principles, establishes that an injury or disease preexisted service. Any evidence acceptable as competent to indicate the time of existence or inception

of the condition may be considered. Determinations based on medical judgment will take cognizance of the time of inception or manifestation of disease or injury following entrance into service, as shown by proper service authorities in service records, entries or reports. Such records will be accorded reasonable weight in consideration of other evidence and sound medical reasoning. Opinions may be solicited from Department of Veterans Affairs medical authorities when considered necessary.

(c) *Campaigns and expeditions.* In considering claims of veterans who engaged in combat during campaigns or expeditions satisfactory lay or other evidence of incurrence or aggravation in such combat of an injury or disease, if consistent with the circumstances, conditions or hardships of such service will be accepted as sufficient proof of service connection, even when there is no official record of incurrence or aggravation. Service connection for such injury or disease may be rebutted by clear and convincing evidence to the contrary.

[26 FR 1580, Feb. 24, 1961, as amended at 28 FR 3088, Mar. 29, 1963; 39 FR 34530, Sept. 26, 1974]

**§ 3.306 Aggravation of preservice disability.**

(a) *General.* A preexisting injury or disease will be considered to have been aggravated by active military, naval, or air service, where there is an increase in disability during such service, unless there is a specific finding that the increase in disability is due to the natural progress of the disease.

(Authority: 38 U.S.C. 1153)

(b) *Wartime service; peacetime service after December 31, 1946.* Clear and unmistakable evidence (obvious or manifest) is required to rebut the presumption of aggravation where the preservice disability underwent an increase in severity during service. This includes medical facts and principles which may be considered to determine whether the increase is due to the natural progress of the condition. Aggravation may not be conceded where the disability underwent no increase in severity during service on the basis of all

the evidence of record pertaining to the manifestations of the disability prior to, during and subsequent to service.

(1) The usual effects of medical and surgical treatment in service, having the effect of ameliorating disease or other conditions incurred before enlistment, including postoperative scars, absent or poorly functioning parts or organs, will not be considered service connected unless the disease or injury is otherwise aggravated by service.

(2) Due regard will be given the places, types, and circumstances of service and particular consideration will be accorded combat duty and other hardships of service. The development of symptomatic manifestations of a preexisting disease or injury during or proximately following action with the enemy or following a status as a prisoner of war will establish aggravation of a disability.

(Authority: 38 U.S.C. 1154)

(c) *Peacetime service prior to December 7, 1941.* The specific finding requirement that an increase in disability is due to the natural progress of the condition will be met when the available evidence of a nature generally acceptable as competent shows that the increase in severity of a disease or injury or acceleration in progress was that normally to be expected by reason of the inherent character of the condition, aside from any extraneous or contributing cause or influence peculiar to military service. Consideration will be given to the circumstances, conditions, and hardships of service.

[26 FR 1580, Feb. 24, 1961, as amended at 57 FR 59296, Dec. 15, 1992]

**§ 3.307 Presumptive service connection for chronic, tropical or prisoner-of-war related disease, or disease associated with exposure to certain herbicide agents; wartime and service on or after January 1, 1947.**

(a) *General.* A chronic, tropical, prisoner of war related disease, or a disease associated with exposure to certain herbicide agents listed in § 3.309 will be considered to have been incurred in or aggravated by service under the circumstances outlined in this section even though there is no evidence of

such disease during the period of service. No condition other than one listed in § 3.309(a) will be considered chronic.

(1) *Service.* The veteran must have served 90 days or more during a war period or after December 31, 1946. The requirement of 90 days' service means active, continuous service within or extending into or beyond a war period, or which began before and extended beyond December 31, 1946, or began after that date. Any period of service is sufficient for the purpose of establishing the presumptive service connection of a specified disease under the conditions listed in § 3.309(c) and (e).

(2) *Separation from service.* For the purpose of paragraph (a)(3) and (4) of this section the date of separation from wartime service will be the date of discharge or release during a war period, or if service continued after the war, the end of the war period. In claims based on service on or after January 1, 1947, the date of separation will be the date of discharge or release from the period of service on which the claim is based.

(3) *Chronic disease.* The disease must have become manifest to a degree of 10 percent or more within 1 year (for Hansen's disease (leprosy) and tuberculosis, within 3 years; multiple sclerosis, within 7 years) from the date of separation from service as specified in paragraph (a)(2) of this section.

(4) *Tropical disease.* The disease must have become manifest to a degree of 10 percent or more within 1 year from date of separation from service as specified in paragraph (a)(2) of this section, or at a time when standard accepted treatises indicate that the incubation period commenced during such service. The resultant disorders or diseases originating because of therapy administered in connection with a tropical disease or as a preventative may also be service connected.

(Authority: 38 U.S.C. 1112)

(5) *Diseases specific as to former prisoners of war.* The diseases listed in § 3.309(c) shall have become manifest to a degree of 10 percent or more at any time after discharge or release from active service.

(Authority: 38 U.S.C. 1112)

(6) *Diseases associated with exposure to certain herbicide agents.* (i) For the purposes of this section, the term "herbicide agent" means a chemical in an herbicide used in support of the United States and allied military operations in the Republic of Vietnam during the period beginning on January 9, 1962, and ending on May 7, 1975, specifically: 2,4-D; 2,4,5-T and its contaminant TCDD; cacodylic acid; and picloram.

(Authority: 38 U.S.C. 1116(a)(4))

(ii) The diseases listed at § 3.309(e) shall have become manifest to a degree of 10 percent or more at any time after service, except that chloracne or other acneform disease consistent with chloracne, porphyria cutanea tarda, and acute and subacute peripheral neuropathy shall have become manifest to a degree of 10 percent or more within a year after the last date on which the veteran was exposed to an herbicide agent during active military, naval, or air service.

(iii) A veteran who, during active military, naval, or air service, served in the Republic of Vietnam during the period beginning on January 9, 1962, and ending on May 7, 1975, shall be presumed to have been exposed during such service to an herbicide agent, unless there is affirmative evidence to establish that the veteran was not exposed to any such agent during that service. The last date on which such a veteran shall be presumed to have been exposed to an herbicide agent shall be the last date on which he or she served in the Republic of Vietnam during the period beginning on January 9, 1962, and ending on May 7, 1975. "Service in the Republic of Vietnam" includes service in the waters offshore and service in other locations if the conditions of service involved duty or visitation in the Republic of Vietnam.

(Authority: 38 U.S.C. 501(a) and 1116(a)(3))

(b) *Evidentiary basis.* The factual basis may be established by medical evidence, competent lay evidence or both. Medical evidence should set forth the physical findings and symptomatology elicited by examination within the applicable period. Lay evidence should describe the material and relevant

facts as to the veteran's disability observed within such period, not merely conclusions based upon opinion. The chronicity and continuity factors outlined in § 3.303(b) will be considered. The diseases listed in § 3.309(a) will be accepted as chronic, even though diagnosed as acute because of insidious inception and chronic development, except: (1) Where they result from intercurrent causes, for example, cerebral hemorrhage due to injury, or active nephritis or acute endocarditis due to intercurrent infection (with or without identification of the pathogenic microorganism); or (2) where a disease is the result of drug ingestion or a complication of some other condition not related to service. Thus, leukemia will be accepted as a chronic disease whether diagnosed as acute or chronic. Unless the clinical picture is clear otherwise, consideration will be given as to whether an acute condition is an exacerbation of a chronic disease.

(Authority: 38 U.S.C. 1112)

(c) *Prohibition of certain presumptions.* No presumptions may be invoked on the basis of advancement of the disease when first definitely diagnosed for the purpose of showing its existence to a degree of 10 percent within the applicable period. This will not be interpreted as requiring that the disease be diagnosed in the presumptive period, but only that there be then shown by acceptable medical or lay evidence characteristic manifestations of the disease to the required degree, followed without unreasonable time lapse by definite diagnosis. Symptomatology shown in the prescribed period may have no particular significance when first observed, but in the light of subsequent developments it may gain considerable significance. Cases in which a chronic condition is shown to exist within a short time following the applicable presumptive period, but without evidence of manifestations within the period, should be developed to determine whether there was symptomatology which in retrospect may be identified and evaluated as manifestation of the chronic disease to the required 10-percent degree.

(d) *Rebuttal of service incurrence or aggravation.* (1) Evidence which may be

considered in rebuttal of service incurrence of a disease listed in § 3.309 will be any evidence of a nature usually accepted as competent to indicate the time of existence or inception of disease, and medical judgment will be exercised in making determinations relative to the effect of intercurrent injury or disease. The expression "affirmative evidence to the contrary" will not be taken to require a conclusive showing, but such showing as would, in sound medical reasoning and in the consideration of all evidence of record, support a conclusion that the disease was not incurred in service. As to tropical diseases the fact that the veteran had no service in a locality having a high incidence of the disease may be considered as evidence to rebut the presumption, as may residence during the period in question in a region where the particular disease is endemic. The known incubation periods of tropical diseases should be used as a factor in rebuttal of presumptive service connection as showing inception before or after service.

(2) The presumption of aggravation provided in this section may be rebutted by affirmative evidence that the preexisting condition was not aggravated by service, which may include affirmative evidence that any increase in disability was due to an intercurrent disease or injury suffered after separation from service or evidence sufficient, under § 3.306 of this part, to show that the increase in disability was due to the natural progress of the preexisting condition.

**§ 3.309**

**38 CFR Ch. I (7-1-03 Edition)**

based on peacetime service before January 1, 1947.

(b) *Tropical disease.* In claims based on peacetime service before January 1, 1947, a veteran of 6 months or more service who contracts a tropical disease listed in § 3.309(b) or a resultant disorder or disease originating because of therapy administered in connection with a tropical disease or as a preventative, will be considered to have incurred such disability in service when it is shown to exist to the degree of 10 percent or more within 1 year after separation from active service, or at a time when standard and accepted treatises indicate that the incubation period commenced during active service unless shown by clear and unmistakable evidence not to have been of service origin. The requirement of 6 months or more service means active, continuous service, during one or more enlistment periods.

### §3.310 Proximate results, secondary conditions.

(a) *General.* Except as provided in §3.300(c), disability which is proximately due to or the result of a service-connected disease or injury shall be service connected. When service connection is thus established for a secondary condition, the secondary condition shall be considered a part of the original condition.

(b) *Cardiovascular disease.* Ischemic heart disease or other cardiovascular disease developing in a veteran who has a service-connected amputation of one lower extremity at or above the knee or service-connected amputations of both lower extremities at or above the ankles, shall be held to be the proximate result of the service-connected amputation or amputations.

### §3.311 Claims based on exposure to ionizing radiation.

(a) *Determinations of exposure and dose—(1) Dose assessment.* In all claims in which it is established that a radiogenic disease first became manifest after service and was not manifest to a compensable degree within any applicable presumptive period as specified in §3.307 or §3.309, and it is contended the disease is a result of exposure to ionizing radiation in service, an assessment will be made as to the size and nature of the radiation dose or doses. When dose estimates provided pursuant to paragraph (a)(2) of this section are reported as a range of doses to which a veteran may have been ex-

posed, exposure at the highest level of the dose range reported will be presumed.

(Authority: 38 U.S.C. 501)

(2) *Request for dose information.* Where necessary pursuant to paragraph (a)(1) of this section, dose information will be requested as follows:

(i) *Atmospheric nuclear weapons test participation claims.* In claims based upon participation in atmospheric nuclear testing, dose data will in all cases be requested from the appropriate office of the Department of Defense.

(ii) *Hiroshima and Nagasaki occupation claims.* In all claims based on participation in the American occupation of Hiroshima or Nagasaki, Japan, prior to July 1, 1946, dose data will be requested from the Department of Defense.

(iii) *Other exposure claims.* In all other claims involving radiation exposure, a request will be made for any available records concerning the veteran's exposure to radiation. These records normally include but may not be limited to the veteran's Record of Occupational Exposure to Ionizing Radiation (DD Form 1141), if maintained, service medical records, and other records which may contain information pertaining to the veteran's radiation dose in service. All such records will be forwarded to the Under Secretary for Health, who will be responsible for preparation of a dose estimate, to the extent feasible, based on available methodologies.

(3) *Referral to independent expert.* When necessary to reconcile a material difference between an estimate of dose, from a credible source, submitted by or on behalf of a claimant, and dose data derived from official military records, the estimates and supporting documentation shall be referred to an independent expert, selected by the Director of the National Institutes of Health, who shall prepare a separate radiation dose estimate for consideration in adjudication of the claim. For purposes of this paragraph:

(i) The difference between the claimant's estimate and dose data derived from official military records shall ordinarily be considered material if one estimate is at least double the other estimate.

(ii) A dose estimate shall be considered from a "credible source" if prepared by a person or persons certified by an appropriate professional body in the field of health physics, nuclear medicine or radiology and if based on analysis of the facts and circumstances of the particular claim.

(4) *Exposure.* In cases described in paragraph (a)(2)(i) and (ii) of this section:

(i) If military records do not establish presence at or absence from a site at which exposure to radiation is claimed to have occurred, the veteran's presence at the site will be conceded.

(ii) Neither the veteran nor the veteran's survivors may be required to produce evidence substantiating exposure if the information in the veteran's service records or other records maintained by the Department of Defense is consistent with the claim that the veteran was present where and when the claimed exposure occurred.

(b) *Initial review of claims.* (1) When it is determined:

(i) A veteran was exposed to ionizing radiation as a result of participation in the atmospheric testing of nuclear weapons, the occupation of Hiroshima or Nagasaki, Japan, from September 1945 until July 1946, or other activities as claimed;

(ii) The veteran subsequently developed a radiogenic disease; and

(iii) Such disease first became manifest within the period specified in paragraph (b)(5) of this section; before its adjudication the claim will be referred to the Under Secretary for Benefits for further consideration in accordance with paragraph (c) of this section. If any of the foregoing 3 requirements has not been met, it shall not be determined that a disease has resulted from exposure to ionizing radiation under such circumstances.

(2) For purposes of this section the term "radiogenic disease" means a disease that may be induced by ionizing radiation and shall include the following:

(i) All forms of leukemia except chronic lymphatic (lymphocytic) leukemia;

(ii) Thyroid cancer;

(iii) Breast cancer;

(iv) Lung cancer;

(v) Bone cancer;

(vi) Liver cancer;

(vii) Skin cancer;

(viii) Esophageal cancer;

(ix) Stomach cancer;

(x) Colon cancer;

(xi) Pancreatic cancer;

(xii) Kidney cancer;

(xiii) Urinary bladder cancer;

(xiv) Salivary gland cancer;

(xv) Multiple myeloma;

(xvi) Posterior subcapsular cataracts;

(xvii) Non-malignant thyroid nodular disease;

(xviii) Ovarian cancer;

(xix) Parathyroid adenoma;

(xx) Tumors of the brain and central nervous system;

(xxi) Cancer of the rectum;

(xxii) Lymphomas other than Hodgkin's disease;

(xxiii) Prostate cancer; and

(xxiv) Any other cancer.

(Authority: 38 U.S.C. 501)

(3) Public Law 98-542 requires VA to determine whether sound medical and scientific evidence supports establishing a rule identifying polycythemia vera as a radiogenic disease. VA has determined that sound medical and scientific evidence does not support including polycythemia vera on the list of known radiogenic diseases in this regulation. Even so, VA will consider a claim based on the assertion that polycythemia vera is a radiogenic disease under the provisions of paragraph (b)(4) of this section. (Authority: Pub. L. 98-542, section 5(b)(2)(A)(i), (iii)).

(4) If a claim is based on a disease other than one of those listed in paragraph (b)(2) of this section, VA shall nevertheless consider the claim under the provisions of this section provided that the claimant has cited or submitted competent scientific or medical evidence that the claimed condition is a radiogenic disease.

(5) For the purposes of paragraph (b)(1) of this section:

(i) Bone cancer must become manifest within 30 years after exposure;

(ii) Leukemia may become manifest at any time after exposure;

(iii) Posterior subcapsular cataracts must become manifest 6 months or more after exposure; and

### 38 CFR Ch. I (7-1-03 Edition)

(iv) Other diseases specified in paragraph (b)(2) of this section must become manifest 5 years or more after exposure.

(Authority: 38 U.S.C. 501; Pub. L. 98-542)

(c) *Review by Under Secretary for Benefits.* (1) When a claim is forwarded for review pursuant to paragraph (b)(1) of this section, the Under Secretary for Benefits shall consider the claim with reference to the factors specified in paragraph (e) of this section and may request an advisory medical opinion from the Under Secretary for Health.

(i) If after such consideration the Under Secretary for Benefits is convinced sound scientific and medical evidence supports the conclusion it is at least as likely as not the veteran's disease resulted from exposure to radiation in service, the Under Secretary for Benefits shall so inform the regional office of jurisdiction in writing. The Under Secretary for Benefits shall set forth the rationale for this conclusion, including an evaluation of the claim under the applicable factors specified in paragraph (e) of this section.

(ii) If the Under Secretary for Benefits determines there is no reasonable possibility that the veteran's disease resulted from radiation exposure in service, the Under Secretary for Benefits shall so inform the regional office of jurisdiction in writing, setting forth the rationale for this conclusion.

(2) If the Under Secretary for Benefits, after considering any opinion of the Under Secretary for Health, is unable to conclude whether it is at least as likely as not, or that there is no reasonable possibility, the veteran's disease resulted from radiation exposure in service, the Under Secretary for Benefits shall refer the matter to an outside consultant in accordance with paragraph (d) of this section.

(3) For purposes of paragraph (c)(1) of this section, "sound scientific evidence" means observations, findings, or conclusions which are statistically and epidemiologically valid, are statistically significant, are capable of replication, and withstand peer review, and "sound medical evidence" means observations, findings, or conclusions which are consistent with current med-

ical knowledge and are so reasonable and logical as to serve as the basis of management of a medical condition.

(d) *Referral to outside consultants.* (1) Referrals pursuant to paragraph (c) of this section shall be to consultants selected by the Under Secretary for Health from outside VA, upon the recommendation of the Director of the National Cancer Institute. The consultant will be asked to evaluate the claim and provide an opinion as to the likelihood the disease is a result of exposure as claimed.

(2) The request for opinion shall be in writing and shall include a description of:

(i) The disease, including the specific cell type and stage, if known, and when the disease first became manifest;

(ii) The circumstances, including date, of the veteran's exposure;

(iii) The veteran's age, gender, and pertinent family history;

(iv) The veteran's history of exposure to known carcinogens, occupationally or otherwise;

(v) Evidence of any other effects radiation exposure may have had on the veteran; and

(vi) Any other information relevant to determination of causation of the veteran's disease.

The Under Secretary for Benefits shall forward, with the request, copies of pertinent medical records and, where available, dose assessments from official sources, from credible sources as defined in paragraph (a)(3)(ii) of this section, and from an independent expert pursuant to paragraph (a)(3) of this section.

(3) The consultant shall evaluate the claim under the factors specified in paragraph (e) of this section and respond in writing, stating whether it is either likely, unlikely, or approximately as likely as not the veteran's disease resulted from exposure to ionizing radiation in service. The response shall set forth the rationale for the consultant's conclusion, including the consultant's evaluation under the applicable factors specified in paragraph (e) of this section. The Under Secretary for Benefits shall review the consultant's response and transmit it with any

comments to the regional office of jurisdiction for use in adjudication of the claim.

(e) *Factors for consideration.* Factors to be considered in determining whether a veteran's disease resulted from exposure to ionizing radiation in service include:

(1) The probable dose, in terms of dose type, rate and duration as a factor in inducing the disease, taking into account any known limitations in the dosimetry devices employed in its measurement or the methodologies employed in its estimation;

(2) The relative sensitivity of the involved tissue to induction, by ionizing radiation, of the specific pathology;

(3) The veteran's gender and pertinent family history;

(4) The veteran's age at time of exposure;

(5) The time-lapse between exposure and onset of the disease; and

(6) The extent to which exposure to radiation, or other carcinogens, outside of service may have contributed to development of the disease.

(f) *Adjudication of claim.* The determination of service connection will be made under the generally applicable provisions of this part, giving due consideration to all evidence of record, including any opinion provided by the Under Secretary for Health or an outside consultant, and to the evaluations published pursuant to §1.17 of this title. With regard to any issue material to consideration of a claim, the provisions of §3.102 of this title apply.

(g) *Willful misconduct and supervening cause.* In no case will service connection be established if the disease is due to the veteran's own willful misconduct, or if there is affirmative evidence to establish that a supervening, nonservice-related condition or event is more likely the cause of the disease.

### §3.312 Cause of death.

(a) *General.* The death of a veteran will be considered as having been due to a service-connected disability when the evidence establishes that such disability was either the principal or a contributory cause of death. The issue involved will be determined by exercise of sound judgment, without recourse to speculation, after a careful analysis has been made of all the facts and circumstances surrounding the death of the veteran, including, particularly, autopsy reports.

(b) *Principal cause of death.* The service-connected disability will be considered as the principal (primary) cause of death when such disability, singly or jointly with some other condition, was the immediate or underlying cause of death or was etiologically related thereto.

(c) *Contributory cause of death.* (1) Contributory cause of death is inherently one not related to the principal cause. In determining whether the service-connected disability contributed to death, it must be shown that it contributed substantially or materially; that it combined to cause death; that it aided or lent assistance to the production of death. It is not sufficient to show that it casually shared in producing death, but rather it must be shown that there was a causal connection.

(2) Generally, minor service-connected disabilities, particularly those of a static nature or not materially affecting a vital organ, would not be held to have contributed to death primarily due to unrelated disability. In the same category there would be included service-connected disease or injuries of any evaluation (even though evaluated as 100 percent disabling) but of a quiescent or static nature involving muscular or skeletal functions and not materially affecting other vital body functions.

(3) Service-connected diseases or injuries involving active processes affecting vital organs should receive careful consideration as a contributory cause of death, the primary cause being unrelated, from the viewpoint of whether there were resulting debilitating effects and general impairment of health

### § 3.313

### 38 CFR Ch. I (7-1-03 Edition)

to an extent that would render the person materially less capable of resisting the effects of other disease or injury primarily causing death. Where the service-connected condition affects vital organs as distinguished from muscular or skeletal functions and is evaluated as 100 percent disabling, debilitation may be assumed.

(4) There are primary causes of death which by their very nature are so overwhelming that eventual death can be anticipated irrespective of coexisting conditions, but, even in such cases, there is for consideration whether there may be a reasonable basis for holding that a service-connected condition was of such severity as to have a material influence in accelerating death. In this situation, however, it would not generally be reasonable to hold that a service-connected condition accelerated death unless such condition affected a vital organ and was of itself of a progressive or debilitating nature.

(a) *Service in Vietnam.* Service in Vietnam includes service in the waters offshore, or service in other locations if the conditions of service involved duty or visitation in Vietnam.

#### § 3.314 Basic pension determinations.

(a) *Prior to the Mexican border period.* While pensions are granted based on certain service prior to the Mexican border period, the only rating factors in claims therefor are:

(1) Claims based on service of less than 90 days in the Spanish-American

War require a rating determination as to whether the veteran was discharged or released from service for a service-connected disability or had at the time of separation from service a service-connected disability, shown by official service records, which in medical judgment would have warranted a discharge for disability. Eligibility in such cases requires a finding that the disability was incurred in or aggravated by service in line of duty without benefit of presumptive provisions of law or Department of Veterans Affairs regulations.

(Authority: 38 U.S.C. 1512)

(2) Veterans entitled to pension on the basis of service in the Spanish-American War may be entitled to an increased rate of pension if rated as being in need of regular aid and attendance. Veterans who have elected pension under Pub. L. 86-211 (73 Stat. 432) who are not rated as being in need of regular aid and attendance may be entitled to increased pension based on 100 percent permanent disability together with independent disability of 60 percent or more or by reason of being permanently housebound as provided in § 3.351 (d).

(Authority: 38 U.S.C. 1502 (b), (c), 512)

(b) *Mexican border period and later war periods.* Non-service-connected disability and death pension may be paid based on service in the Mexican border period, World War I, World War II, the Korean conflict and the Vietnam era. Rating determinations in such claims will be required in the following situations:

(1) Claims based on service of less than 90 days may require a determination as to whether the veteran was discharged or released from service for a service-connected disability or had at the time of separation from service a service-connected disability, shown by official service records, which in medical judgment would have warranted a discharge for disability. Eligibility in such cases requires a finding that the disability was incurred in or aggravated by service in line of duty without benefit of presumptive provisions of law or Department of Veterans Affairs regulations (38 U.S.C. 1521(g)(2)) unless,

in the case of death pension, the veteran was, at the time of death, receiving (or entitled to receive) compensation or retirement pay based upon a wartime service-connected disability.

(Authority: 38 U.S.C. 1541(a) and 1542(a))

(2) Determinations of permanent total disability for pension purposes will be based on non-service-connected disability or combined non-service-connected and service-connected disabilities not the result of willful misconduct. However, for pension under Pub. L. 86-211 (73 Stat. 432), permanent and total disability will be presumed where the veteran has attained age 65 or effective January 1, 1977, where the veteran became unemployable after age 65.

(Authority: 38 U.S.C. 1502(a), 1523(a))

(3) Veterans entitled to nonservice-connected disability pension may be entitled to an increased rate of pension if rated as being in need of regular aid and attendance. Veterans entitled to protected pension or pension under Pub. L. 86-211 (73 Stat. 432) who are not rated as being in need of regular aid and attendance may be entitled to increased pension based on a 100 percent permanent disability together with independent disability of 60 percent or more or by reason of being permanently housebound as provided in §3.351 (d) or (e).

### §3.315 Basic eligibility determinations; dependents, loans, education.

(a) *Child over 18 years.* A child of a veteran may be considered a "child" after age 18 for purposes of benefits under title 38, United States Code (except ch. 19 and sec. 8502(b) of ch. 85), if found by a rating determination to have become, prior to age 18, permanently incapable of self-support.

(Authority: 38 U.S.C. 101(4)(B))

(b) *Loans.* If a veteran of World War II the Korean conflict or the Vietnam era had less than 90 days of service, or

if a veteran who served after July 25, 1947, and prior to June 27, 1950, or after January 31, 1955, and prior to August 5, 1964, or after May 7, 1975, has less than 181 days of service on active duty as defined in §§36.4301 and 36.4501, eligibility of the veteran for a loan under 38 U.S.C. ch. 37 requires a determination that the veteran was discharged or released because of a service-connected disability or that the official service department records show that he or she had at the time of separation from service a service-connected disability which in medical judgment would have warranted a discharge for disability. These determinations are subject to the presumption of incurrence under §3.304(b). Determinations based on World War II, Korean conflict and Vietnam era service are also subject to the presumption of aggravation under §3.306(b) while determination based on service on or after February 1, 1955, and before August 5, 1964, or after May 7, 1975, are subject to the presumption of aggravation under §3.306 (a) and (c). The provisions of this paragraph are also applicable, regardless of length of service, in determining eligibility to the maximum period of entitlement based on discharge or release for a service-connected disability. (See also the minimum service requirements of §3.12a.)

(Authority: 38 U.S.C. 3702, 3707)

(c) *Veterans' educational assistance.* (1) A determination is required as to whether a veteran was discharged or released from active duty service because of a service-connected disability (or whether the official service department records show that the veteran had at time of separation from service a service-connected disability which in medical judgment would have warranted discharge for disability) whenever any of the following circumstances exist:

(i) The veteran applies for benefits under 38 U.S.C. chapter 32, the minimum active duty service requirements of 38 U.S.C. 5303A apply to him or her, and the veteran would be eligible for such benefits only if—

(A) He or she was discharged or released from active duty for a disability

### §3.316

### 38 CFR Ch. I (7-1-03 Edition)

incurred or aggravated in line of duty, or

(B) He or she has a disability that VA has determined to be compensable under 38 U.S.C. chapter 11; or

(ii) The veteran applies for benefits under 38 U.S.C. chapter 30 and—

(A) The evidence of record does not clearly show either that the veteran was discharged or released from active duty for disability or that the veteran's discharge or release from active duty was unrelated to disability, and

(B) The veteran is eligible for basic educational assistance except for the minimum length of active duty service requirements of §21.7042(a) or §21.7044(a) of this chapter.

(2) A determination is required as to whether a veteran was discharged or released from service in the Selected Reserve for a service-connected disability or for a medical condition which preexisted the veteran's having become a member of the Selected Reserve and which VA determines is not service connected when the veteran applies for benefits under 38 U.S.C. chapter 30 and—

(i) Either the veteran would be eligible for basic educational assistance under that chapter only if he or she was discharged from the Selected Reserve for a service-connected disability, or for a medical condition which preexisted the veteran's having become a member of the Selected Reserve and which VA finds is not service connected, or

(ii) The veteran is entitled to basic educational assistance and would be entitled to receive it at the rates stated in §21.7136(a) or §21.7137(a) of this chapter only if he or she was discharged from the Selected Reserve for a service-connected disability or for a medical condition which preexisted the veteran's having become a member of the Selected Reserve and which VA finds is not service connected.

(3) A determination is required as to whether a reservist has been unable to pursue a program of education due to a disability which has been incurred in or aggravated by service in the Selected Reserve when—

(i) The reservist is otherwise entitled to educational assistance under 10 U.S.C. chapter 1606, and

(ii) He or she applies for an extension of his or her eligibility period.

(4) The determinations required by paragraphs (c)(1) through (c)(3) of this section are subject to the presumptions of incurrence under §3.304(b) and aggravation under §3.306 (a) and (c) of this part, based on service rendered after May 7, 1975.

### §3.316 Claims based on chronic effects of exposure to mustard gas and Lewisite.

(a) Except as provided in paragraph (b) of this section, exposure to the specified vesicant agents during active military service under the circumstances described below together with the subsequent development of any of the indicated conditions is sufficient to establish service connection for that condition:

(1) Full-body exposure to nitrogen or sulfur mustard during active military service together with the subsequent development of chronic conjunctivitis, keratitis, corneal opacities, scar formation, or the following cancers: Nasopharyngeal; laryngeal; lung (except mesothelioma); or squamous cell carcinoma of the skin.

(2) Full-body exposure to nitrogen or sulfur mustard or Lewisite during active military service together with the subsequent development of a chronic form of laryngitis, bronchitis, emphysema, asthma or chronic obstructive pulmonary disease.

(3) Full-body exposure to nitrogen mustard during active military service together with the subsequent development of acute nonlymphocytic leukemia.

(b) Service connection will not be established under this section if the claimed condition is due to the veteran's own willful misconduct (See §3.301(c)) or there is affirmative evidence that establishes a nonservice-related supervening condition or event as the cause of the claimed condition (See §3.303).

[59 FR 42499, Aug. 18, 1994]

**§3.317 Compensation for certain disabilities due to undiagnosed illnesses.**

(a)(1) Except as provided in paragraph (c) of this section, VA will pay compensation in accordance with chapter 11 of title 38, United States Code, to a Persian Gulf veteran who exhibits objective indications of a qualifying chronic disability, provided that such disability:

(i) Became manifest either during active military, naval, or air service in the Southwest Asia theater of operations during the Persian Gulf War, or to a degree of 10 percent or more not later than December 31, 2006; and

(ii) By history, physical examination, and laboratory tests cannot be attributed to any known clinical diagnosis.

(2)(i) For purposes of this section, a *qualifying chronic disability* means a chronic disability resulting from any of the following (or any combination of the following):

(A) An undiagnosed illness;

(B) The following medically unexplained chronic multisymptom illnesses that are defined by a cluster of signs or symptoms:

(1) Chronic fatigue syndrome;

(2) Fibromyalgia;

(3) Irritable bowel syndrome; or

(4) Any other illness that the Secretary determines meets the criteria in paragraph (a)(2)(ii) of this section for a medically unexplained chronic multisymptom illness; or

(C) Any diagnosed illness that the Secretary determines in regulations prescribed under 38 U.S.C. 1117(d) warrants a presumption of service-connection.

(ii) For purposes of this section, the term *medically unexplained chronic multisymptom illness* means a diagnosed illness without conclusive pathophysiology or etiology, that is characterized by overlapping symptoms and signs and has features such as fatigue, pain, disability out of proportion to physical findings, and inconsistent demonstration of laboratory abnormalities. Chronic multisymptom illnesses of partially understood etiology and pathophysiology will not be considered medically unexplained.

(3) For purposes of this section, "objective indications of chronic dis-

ability" include both "signs," in the medical sense of objective evidence perceptible to an examining physician, and other, non-medical indicators that are capable of independent verification.

(4) For purposes of this section, disabilities that have existed for 6 months or more and disabilities that exhibit intermittent episodes of improvement and worsening over a 6-month period will be considered chronic. The 6-month period of chronicity will be measured from the earliest date on which the pertinent evidence establishes that the signs or symptoms of the disability first became manifest.

(5) A chronic disability resulting from an undiagnosed illness referred to in this section shall be rated using evaluation criteria from part 4 of this chapter for a disease or injury in which the functions affected, anatomical localization, or symptomatology are similar.

(6) A disability referred to in this section shall be considered service-connected for purposes of all laws of the United States.

(b) For the purposes of paragraph (a)(1) of this section, signs or symptoms which may be manifestations of undiagnosed illness or medically unexplained chronic multisymptom illness include, but are not limited to:

(1) Fatigue

(2) Signs or symptoms involving skin

(3) Headache

(4) Muscle pain

(5) Joint pain

(6) Neurologic signs or symptoms

(7) Neuropsychological signs or symptoms

(8) Signs or symptoms involving the respiratory system (upper or lower)

(9) Sleep disturbances

(10) Gastrointestinal signs or symptoms

(11) Cardiovascular signs or symptoms

(12) Abnormal weight loss

(13) Menstrual disorders.

(c) Compensation shall not be paid under this section:

(1) If there is affirmative evidence that an undiagnosed illness was not incurred during active military, naval, or air service in the Southwest Asia theater of operations during the Persian Gulf War; or

(2) If there is affirmative evidence that an undiagnosed illness was caused by a supervening condition or event that occurred between the veteran's most recent departure from active duty in the Southwest Asia theater of operations during the Persian Gulf War and the onset of the illness; or

(3) If there is affirmative evidence that the illness is the result of the veteran's own willful misconduct or the abuse of alcohol or drugs.

(d) For purposes of this section:

(1) The term *Persian Gulf veteran* means a veteran who served on active military, naval, or air service in the Southwest Asia theater of operations during the Persian Gulf War.

(2) The Southwest Asia theater of operations includes Iraq, Kuwait, Saudi Arabia, the neutral zone between Iraq and Saudi Arabia, Bahrain, Qatar, the United Arab Emirates, Oman, the Gulf of Aden, the Gulf of Oman, the Persian Gulf, the Arabian Sea, the Red Sea, and the airspace above these locations.

§ 3.321 **General rating considerations.**

(a) *Use of rating schedule.* The 1945 Schedule for Rating Disabilities will be used for evaluating the degree of disabilities in claims for disability compensation, disability and death pension, and in eligibility determinations. The provisions contained in the rating schedule will represent as far as can practically be determined, the average impairment in earning capacity in civil occupations resulting from disability.

(Authority: 38 U.S.C. 1155)

<sup>1</sup>39 FR 5315, Feb. 12, 1974.

(b) *Exceptional cases*—(1) *Compensation.* Ratings shall be based as far as practicable, upon the average impairments of earning capacity with the additional proviso that the Secretary shall from time to time readjust this schedule of ratings in accordance with experience. To accord justice, therefore, to the exceptional case where the schedular evaluations are found to be inadequate, the Under Secretary for Benefits or the Director, Compensation and Pension Service, upon field station submission, is authorized to approve on the basis of the criteria set forth in this paragraph an extra-schedular evaluation commensurate with the average earning capacity impairment due exclusively to the service-connected disability or disabilities. The governing norm in these exceptional cases is: A finding that the case presents such an exceptional or unusual disability picture with such related factors as marked interference with employment or frequent periods of hospitalization as to render impractical the application of the regular schedular standards.

(2) *Pension.* Where the evidence of record establishes that an applicant for pension who is basically eligible fails to meet the disability requirements based on the percentage standards of the rating schedule but is found to be unemployable by reason of his or her disability(ies), age, occupational background and other related factors, the following are authorized to approve on an extra-schedular basis a permanent and total disability rating for pension purposes: the Veterans Service Center Manager; or where regular schedular standards are met as of the date of the rating decision, the rating board.

(3) *Effective dates.* The effective date of these extra-schedular evaluations granting or increasing benefits will be in accordance with §3.400(b)(1) and (2) as to original and reopened claims and in accordance with §3.400(o) in claims for increased benefits.

(c) *Advisory opinion.* Cases in which application of the schedule is not understood or the propriety of an extra-schedular rating is questionable may be submitted to Central Office for advisory opinion.

**§ 3.322 Rating of disabilities aggravated by service.**

(a) *Aggravation of preservice disability.* In cases involving aggravation by active service, the rating will reflect only the degree of disability over and above the degree of disability existing at the time of entrance into active service, whether the particular condition was noted at the time of entrance into active service, or whether it is determined upon the evidence of record to have existed at that time. It is necessary to deduct from the present evaluation the degree, if ascertainable, of the disability existing at the time of entrance into active service, in terms of the rating schedule except that if the disability is total (100 percent) no deduction will be made. If the degree of disability at the time of entrance into service is not ascertainable in terms of the schedule, no deduction will be made.

(b) *Aggravation of service-connected disability.* Where a disease or injury incurred in peacetime service is aggravated during service in a period of war, or conversely, where a disease or injury incurred in service during a period of war is aggravated during peacetime service, the entire disability flowing from the disease or injury will be service connected based on the war service.

[26 FR 1583, Feb. 24, 1961]

**§ 3.323 Combined ratings.**

(a) *Compensation—(1) Same type of service.* When there are two or more service-connected compensable disabilities a combined evaluation will be made following the tables and rules prescribed in the 1945 Schedule for Rating Disabilities.

(2) *Wartime and peacetime service.* Evaluation of wartime and peacetime service-connected compensable disabilities

will be combined to provide for the payment of wartime rates of compensation. (38 U.S.C. 1157) Effective July 1, 1973, it is immaterial whether the disabilities are wartime or peacetime service-connected since all disabilities are compensable under 38 U.S.C. 1114 and 1115 on and after that date.

(b) *Pension—(1) Nonservice-connected disabilities.* Evaluation of two or more nonservice-connected disabilities not the result of the veteran's own willful misconduct will be combined as provided in paragraph (a)(1) of this section.

(2) *Service-connected and nonservice-connected disabilities.* Evaluations for service-connected disabilities may be combined with evaluations for disabilities not shown to be service connected and not the result of the veteran's own willful misconduct.

**§ 3.324 Multiple noncompensable service-connected disabilities.**

Whenever a veteran is suffering from two or more separate permanent service-connected disabilities of such character as clearly to interfere with normal employability, even though none of the disabilities may be of compensable degree under the 1945 Schedule for Rating Disabilities the rating agency is authorized to apply a 10-percent rating, but not in combination with any other rating.

**§ 3.325 [Reserved]**

**§ 3.326 Examinations.**

For purposes of this section, the term examination includes periods of hospital observation when required by VA.

(a) Where there is a claim for disability compensation or pension but medical evidence accompanying the claim is not adequate for rating purposes, a Department of Veterans Affairs examination will be authorized.

This paragraph applies to original and reopened claims as well as claims for increase submitted by a veteran, surviving spouse, parent, or child. Individuals for whom an examination has been scheduled are required to report for the examination.

(b) Provided that it is otherwise adequate for rating purposes, any hospital report, or any examination report, from any government or private institution may be accepted for rating a claim without further examination. However, monetary benefits to a former prisoner of war will not be denied unless the claimant has been offered a complete physical examination conducted at a Department of Veterans Affairs hospital or outpatient clinic.

(c) Provided that it is otherwise adequate for rating purposes, a statement from a private physician may be accepted for rating a claim without further examination.

### § 3.327 Reexaminations.

(a) *General.* Reexaminations, including periods of hospital observation, will be requested whenever VA determines there is a need to verify either the continued existence or the current severity of a disability. Generally, reexaminations will be required if it is likely that a disability has improved, or if evidence indicates there has been a material change in a disability or that the current rating may be incorrect. Individuals for whom reexaminations have been authorized and scheduled are required to report for such reexaminations. Paragraphs (b) and (c) of this section provide general guidelines for requesting reexaminations, but shall not be construed as limiting VA's authority to request reexaminations, or periods of hospital observation, at any time in order to ensure that a disability is accurately rated.

(Authority: 38 U.S.C. 501)

(b) *Compensation cases—(1) Scheduling reexaminations.* Assignment of a prestabilization rating requires reex-

amination within the second 6 months period following separation from service. Following initial Department of Veterans Affairs examination, or any scheduled future or other examination, reexamination, if in order, will be scheduled within not less than 2 years nor more than 5 years within the judgment of the rating board, unless another time period is elsewhere specified.

(2) No periodic future examinations will be requested. In service-connected cases, no periodic reexamination will be scheduled: (i) When the disability is established as static;

(ii) When the findings and symptoms are shown by examinations scheduled in paragraph (b)(2)(i) of this section or other examinations and hospital reports to have persisted without material improvement for a period of 5 years or more;

(iii) Where the disability from disease is permanent in character and of such nature that there is no likelihood of improvement;

(iv) In cases of veterans over 55 years of age, except under unusual circumstances;

(v) When the rating is a prescribed scheduled minimum rating; or

(vi) Where a combined disability evaluation would not be affected if the future examination should result in reduced evaluation for one or more conditions.

(c) *Pension cases.* In nonservice-connected cases in which the permanent total disability has been confirmed by reexamination or by the history of the case, or with obviously static disabilities, further reexaminations will not generally be requested. In other cases further examination will not be requested routinely and will be accomplished only if considered necessary based upon the particular facts of the individual case. In the cases of veterans over 55 years of age, reexamination will be requested only under unusual circumstances.

**§ 3.328 Independent medical opinions.**

(a) *General.* When warranted by the medical complexity or controversy involved in a pending claim, an advisory medical opinion may be obtained from one or more medical experts who are not employees of VA. Opinions shall be obtained from recognized medical schools, universities, clinics or medical institutions with which arrangements for such opinions have been made, and an appropriate official of the institution shall select the individual expert(s) to render an opinion.

(b) *Requests.* A request for an independent medical opinion in conjunction with a claim pending at the regional office level may be initiated by the office having jurisdiction over the claim, by the claimant, or by his or her duly appointed representative. The request must be submitted in writing and must set forth in detail the reasons why the opinion is necessary. All such requests shall be submitted through the Veterans Service Center Manager of the office having jurisdiction over the claim, and those requests which in the judgment of the Veterans Service Center Manager merit consideration shall be referred to the Compensation and Pension Service for approval.

(c) *Approval.* Approval shall be granted only upon a determination by the Compensation and Pension Service that the issue under consideration poses a medical problem of such obscurity or complexity, or has generated such controversy in the medical community at large, as to justify solicitation of an independent medical opinion. When approval has been granted, the Compensation and Pension Service shall obtain the opinion. A determination that an independent medical opinion is not warranted may be contested only as part of an appeal on the merits of the decision rendered on the primary issue by the agency of original jurisdiction.

(d) *Notification.* The Compensation and Pension Service shall notify the claimant when the request for an independent medical opinion has been approved with regard to his or her claim and shall furnish the claimant with a copy of the opinion when it is received. If, in the judgment of the Secretary, disclosure of the independent medical

opinion would be harmful to the physical or mental health of the claimant, disclosure shall be subject to the special procedures set forth in § 1.577 of this chapter.

**§ 3.330 Resumption of rating when veteran subsequently reports for Department of Veterans Affairs examination.**

Such ratings will be governed by the provisions of § 3.158, "Abandoned Claims," and § 3.655, "Failure to report for Department of Veterans Affairs examination." The period following the termination or reduction for which benefits are precluded by the cited regulations will be stated in the rating. If the evidence is insufficient to evaluate disability during any period following the termination or reduction for which payments are not otherwise precluded, the rating will contain a notation reading "Evidence insufficient to evaluate from \_\_\_\_\_ to \_\_\_\_\_."

[29 FR 3623, Mar. 21, 1964]

**§§ 3.331–3.339 [Reserved]**

**§ 3.340 Total and permanent total ratings and unemployability.**

(a) *Total disability ratings—(1) General.* Total disability will be considered to exist when there is present any impairment of mind or body which is sufficient to render it impossible for the average person to follow a substantially gainful occupation. Total disability may or may not be permanent. Total ratings will not be assigned, generally, for temporary exacerbations or acute infectious diseases except where specifically prescribed by the schedule.

(2) *Schedule for rating disabilities.* Total ratings are authorized for any disability or combination of disabilities for which the Schedule for Rating Disabilities prescribes a 100 percent evaluation or, with less disability, where the requirements of paragraph 16, page 5 of the rating schedule are

### § 3.341

### 38 CFR Ch. I (7-1-03 Edition)

present or where, in pension cases, the requirements of paragraph 17, page 5 of the schedule are met.

(3) *Ratings of total disability on history.* In the case of disabilities which have undergone some recent improvement, a rating of total disability may be made, provided:

(i) That the disability must in the past have been of sufficient severity to warrant a total disability rating;

(ii) That it must have required extended, continuous, or intermittent hospitalization, or have produced total industrial incapacity for at least 1 year, or be subject to recurring, severe, frequent, or prolonged exacerbations; and

(iii) That it must be the opinion of the rating agency that despite the recent improvement of the physical condition, the veteran will be unable to effect an adjustment into a substantially gainful occupation. Due consideration will be given to the frequency and duration of totally incapacitating exacerbations since incurrence of the original disease or injury, and to periods of hospitalization for treatment in determining whether the average person could have reestablished himself or herself in a substantially gainful occupation.

(b) *Permanent total disability.* Permanence of total disability will be taken to exist when such impairment is reasonably certain to continue throughout the life of the disabled person. The permanent loss or loss of use of both hands, or of both feet, or of one hand and one foot, or of the sight of both eyes, or becoming permanently helpless or bedridden constitutes permanent total disability. Diseases and injuries of long standing which are actually totally incapacitating will be regarded as permanently and totally disabling when the probability of permanent improvement under treatment is remote. Permanent total disability ratings may not be granted as a result of any incapacity from acute infectious disease, accident, or injury, unless there is present one of the recognized combinations or permanent loss of use of extremities or sight, or the person is in the strict sense permanently helpless or bedridden, or when it is reason-

ably certain that a subsidence of the acute or temporary symptoms will be followed by irreducible totality of disability by way of residuals. The age of the disabled person may be considered in determining permanence.

(c) *Insurance ratings.* A rating of permanent and total disability for insurance purposes will have no effect on ratings for compensation or pension.

[26 FR 1585, Feb. 24, 1961, as amended at 46 FR 47541, Sept. 29, 1981]

#### § 3.341 Total disability ratings for compensation purposes.

(a) *General.* Subject to the limitation in paragraph (b) of this section, total-disability compensation ratings may be assigned under the provisions of § 3.340. However, if the total rating is based on a disability or combination of disabilities for which the Schedule for Rating Disabilities provides an evaluation of less than 100 percent, it must be determined that the service-connected disabilities are sufficient to produce unemployability without regard to advancing age.

(Authority: 38 U.S.C. 1155)

(b) *Incarcerated veterans.* A total rating for compensation purposes based on individual unemployability which would first become effective while a veteran is incarcerated in a Federal, State or local penal institution for conviction of a felony, shall not be assigned during such period of incarceration. However, where a rating for individual unemployability exists prior to incarceration for a felony and routine review is required, the case will be reconsidered to determine if continued eligibility for such rating exists.

(Authority: 38 U.S.C. 5313(c))

(c) *Program for vocational rehabilitation.* Each time a veteran is rated totally disabled on the basis of individual unemployability during the period beginning after January 31, 1985, the Vocational Rehabilitation and Employment Service will be notified so that an evaluation may be offered to determine

whether the achievement of a vocational goal by the veteran is reasonably feasible.

### § 3.342 Permanent and total disability ratings for pension purposes.

(a) *General.* Permanent total disability ratings for pension purposes are authorized for disabling conditions not the result of the veteran's own willful misconduct whether or not they are service connected.

(Authority: 38 U.S.C. 1502(a))

(b) *Criteria.* In addition to the criteria for determining total disability and permanency of total disability contained in § 3.340, the following special considerations apply in pension cases:

(1) Permanent total disability pension ratings will be authorized for congenital, developmental, hereditary or familial conditions, provided the other requirements for entitlement are met.

(2) The permanence of total disability will be established as of the earliest date consistent with the evidence in the case. Active pulmonary tuberculosis not otherwise established as permanently and totally disabling will be presumed so after 6 months' hospitalization without improvement. The same principle may be applied with other types of disabilities requiring hospitalization for indefinite periods. The need for hospitalization for periods shorter or longer than 6 months may be a proper basis for determining permanence. Where, in application of this principle, it is necessary to employ a waiting period to determine permanence of totality of disability and a report received at the end of such period shows the veteran's condition is unimproved, permanence may be established as of the date of entrance into the hospital. Similarly, when active pulmonary tuberculosis is improved after 6 months' hospitalization but still diagnosed as active after 12 months' hospitalization permanence will also be established as of the date of entrance into the hospital. In other cases the

rating will be effective the date the evidence establishes permanence.

(3) Special consideration must be given the question of permanence in the case of veterans under 40 years of age. For such veterans, permanence of total disability requires a finding that the end result of treatment and adjustment to residual handicaps (rehabilitation) will be permanent disability of the required degree precluding more than marginal employment. Severe diseases and injuries, including multiple fractures or the amputation of a single extremity, should not be taken to establish permanent and total disability until it is shown that the veteran after treatment and convalescence, has been unable to secure or follow employment because of the disability and through no fault of the veteran.

(4) The following shall not be considered as evidence of employability:

(i) Employment as a member-employer or similar employment obtained only in competition with disabled persons.

(ii) Participation in, or the receipt of a distribution of funds as a result of participation in, a therapeutic or rehabilitation activity under 38 U.S.C. 1718.

(Authority: 38 U.S.C. 1718(f))

(5) The authority granted the Secretary under 38 U.S.C. 1502(a)(2) to classify as permanent and total those diseases and disorders, the nature and extent of which, in the Secretary judgment, will justify such determination, will be exercised under § 3.321(b).

(c) *Temporary program of vocational rehabilitation training for certain pension recipients.* (1) When a veteran under age 45 is awarded disability pension during the period beginning on February 1, 1985, and ending on December 31, 1995, the Vocational Rehabilitation and Employment Division will be notified so that an evaluation may be made, as provided in § 21.6050, to determine that veteran's potential for rehabilitation.

(2) If a veteran secures employment within the scope of a vocational goal identified in his or her individualized written vocational rehabilitation plan, or in a related field which requires reasonably developed skills and the use of some or all of the training or services furnished the veteran under such plan,

### § 3.343

### 38 CFR Ch. I (7-1-03 Edition)

not later than one year after eligibility to counseling under § 21.6040(b)(1) of this chapter expires, the veteran's permanent and total evaluation for pension purposes shall not be terminated by reason of the veteran's capacity to engage in such employment until the veteran has maintained that employment for a period of not less than 12 consecutive months.

#### § 3.343 Continuation of total disability ratings.

(a) *General.* Total disability ratings, when warranted by the severity of the condition and not granted purely because of hospital, surgical, or home treatment, or individual unemployability will not be reduced, in the absence of clear error, without examination showing material improvement in physical or mental condition. Examination reports showing material improvement must be evaluated in conjunction with all the facts of record, and consideration must be given particularly to whether the veteran attained improvement under the ordinary conditions of life, i.e., while working or actively seeking work or whether the symptoms have been brought under control by prolonged rest, or generally, by following a regimen which precludes work, and, if the latter, reduction from total disability ratings will not be considered pending reexamination after a period of employment (3 to 6 months).

(b) *Tuberculosis; compensation.* In service-connected cases, evaluations for active or inactive tuberculosis will be governed by the Schedule for Rating Disabilities (part 4 of this chapter). Where in the opinion of the rating board the veteran at the expiration of the period during which a total rating is provided will not be able to maintain inactivity of the disease process under the ordinary conditions of life, the case will be submitted under § 3.321.

(c) *Individual unemployability.* (1) In reducing a rating of 100 percent service-connected disability based on individual unemployability, the provisions of § 3.105(e) are for application but caution must be exercised in such a determination that actual employability is established by clear and convincing evidence. When in such a case the veteran is undergoing vocational rehabilitation, education or training, the rating will not be reduced by reason thereof unless there is received evidence of marked improvement or recovery in physical or mental conditions or of employment progress, income earned, and prospects of economic rehabilitation, which demonstrates affirmatively the veteran's capacity to pursue the vocation or occupation for which the training is intended to qualify him or her, or unless the physical or mental demands of the course are obviously incompatible with total disability. Neither participation in, nor the receipt of remuneration as a result of participation in, a therapeutic or rehabilitation activity under 38 U.S.C. 1718 shall be considered evidence of employability.

(Authority: 38 U.S.C. 1718(f))

(2) If a veteran with a total disability rating for compensation purposes based on individual unemployability begins to engage in a substantially gainful occupation during the period beginning after January 1, 1985, the veteran's rating may not be reduced solely on the basis of having secured and followed such substantially gainful occupation unless the veteran maintains the occupation for a period of 12 consecutive months. For purposes of this subparagraph, temporary interruptions in employment which are of short duration shall not be considered breaks in otherwise continuous employment.

**§ 3.344 Stabilization of disability evaluations.**

(a) *Examination reports indicating improvement.* Rating agencies will handle cases affected by change of medical findings or diagnosis, so as to produce the greatest degree of stability of disability evaluations consistent with the laws and Department of Veterans Affairs regulations governing disability compensation and pension. It is essential that the entire record of examinations and the medical-industrial history be reviewed to ascertain whether the recent examination is full and complete, including all special examinations indicated as a result of general examination and the entire case history. This applies to treatment of intercurrent diseases and exacerbations, including hospital reports, bedside examinations, examinations by designated physicians, and examinations in the absence of, or without taking full advantage of, laboratory facilities and the cooperation of specialists in related lines. Examinations less full and complete than those on which payments were authorized or continued will not be used as a basis of reduction. Ratings on account of diseases subject to temporary or episodic improvement, e.g., manic depressive or other psychotic reaction, epilepsy, psychoneurotic reaction, arteriosclerotic heart disease, bronchial asthma, gastric or duodenal ulcer, many skin diseases, etc., will not be reduced on any one examination, except in those instances where all the evidence of record clearly warrants the conclusion that sustained improvement has been demonstrated. Ratings on account of diseases which become comparatively symptom free (findings absent) after prolonged rest, e.g. residuals of phlebitis, arteriosclerotic heart disease, etc., will not be reduced on examinations reflecting the results of bed rest. Moreover, though material improvement in the physical or mental condition is clearly reflected the rating agency will consider whether the evidence makes it reasonably certain that the improvement will be maintained under the ordinary conditions of life. When syphilis of the central nervous system or alcoholic deterioration is diagnosed following a long prior history

of psychosis, psychoneurosis, epilepsy, or the like, it is rarely possible to exclude persistence, in masked form, of the preceding innocently acquired manifestations. Rating boards encountering a change of diagnosis will exercise caution in the determination as to whether a change in diagnosis represents no more than a progression of an earlier diagnosis, an error in prior diagnosis or possibly a disease entity independent of the service-connected disability. When the new diagnosis reflects mental deficiency or personality disorder only, the possibility of only temporary remission of a super-imposed psychiatric disease will be borne in mind.

(b) *Doubtful cases.* If doubt remains, after according due consideration to all the evidence developed by the several items discussed in paragraph (a) of this section, the rating agency will continue the rating in effect, citing the former diagnosis with the new diagnosis in parentheses, and following the appropriate code there will be added the reference "Rating continued pending reexamination \_\_\_\_\_ months from this date, §3.344." The rating agency will determine on the basis of the facts in each individual case whether 18, 24 or 30 months will be allowed to elapse before the reexamination will be made.

(c) *Disabilities which are likely to improve.* The provisions of paragraphs (a) and (b) of this section apply to ratings which have continued for long periods at the same level (5 years or more). They do not apply to disabilities which have not become stabilized and are likely to improve. Reexaminations disclosing improvement, physical or mental, in these disabilities will warrant reduction in rating.

## RATINGS FOR SPECIAL PURPOSES

**§ 3.350 Special monthly compensation ratings.**

The rates of special monthly compensation stated in this section are those provided under 38 U.S.C. 1114.

(a) *Ratings under 38 U.S.C. 1114(k).* Special monthly compensation under 38 U.S.C. 1114(k) is payable for each anatomical loss or loss of use of one hand,

§ 3.350

38 CFR Ch. I (7-1-03 Edition)

one foot, both buttocks, one or more creative organs, blindness of one eye having only light perception, deafness of both ears, having absence of air and bone conduction, complete organic aphonia with constant inability to communicate by speech or, in the case of a woman veteran, the anatomical loss of one or both breasts (including loss by mastectomy). This special compensation is payable in addition to the basic rate of compensation otherwise payable on the basis of degree of disability, provided that the combined rate of compensation does not exceed the monthly rate set forth in 38 U.S.C. 1114(l) when authorized in conjunction with any of the provisions of 38 U.S.C. 1114 (a) through (j) or (s). When there is entitlement under 38 U.S.C. 1114 (l) through (n) or an intermediate rate under (p) such additional allowance is payable for each such anatomical loss or loss of use existing in addition to the requirements for the basic rates, provided the total does not exceed the monthly rate set forth in 38 U.S.C. 1114(o). The limitations on the maximum compensation payable under this paragraph are independent of and do not preclude payment of additional compensation for dependents under 38 U.S.C. 1115, or the special allowance for aid and attendance provided by 38 U.S.C. 1114(r).

(1) *Creative organ.* (i) Loss of a creative organ will be shown by acquired absence of one or both testicles (other than undescended testicles) or ovaries or other creative organ. Loss of use of one testicle will be established when examination by a board finds that:

(a) The diameters of the affected testicle are reduced to one-third of the corresponding diameters of the paired normal testicle, or

(b) The diameters of the affected testicle are reduced to one-half or less of the corresponding normal testicle and there is alteration of consistency so that the affected testicle is considerably harder or softer than the corresponding normal testicle; or

(c) If neither of the conditions (a) or (b) is met, when a biopsy, recommended by a board including a genitourologist and accepted by the veteran, establishes the absence of spermatozoa.

(ii) When loss or loss of use of a creative organ resulted from wounds or other trauma sustained in service, or resulted from operations in service for the relief of other conditions, the creative organ becoming incidentally involved, the benefit may be granted.

(iii) Loss or loss of use traceable to an elective operation performed subsequent to service, will not establish entitlement to the benefit. If, however, the operation after discharge was required for the correction of a specific injury caused by a preceding operation in service, it will support authorization of the benefit. When the existence of disability is established meeting the above requirements for nonfunctioning testicle due to operation after service, resulting in loss of use, the benefit may be granted even though the operation is one of election. An operation is not considered to be one of election where it is advised on sound medical judgment for the relief of a pathological condition or to prevent possible future pathological consequences.

(iv) Atrophy resulting from mumps followed by orchitis in service is usually perceptible within 1 to 6 months after infection subsides, an examination more than 6 months after the subsidence of orchitis demonstrating a normal genitourinary system will be considered in determining rebuttal of service incurrence of atrophy later demonstrated. Mumps not followed by orchitis in service will not suffice as the antecedent cause of subsequent atrophy for the purpose of authorizing the benefit.

(2) *Foot and hand.* (i) Loss of use of a hand or a foot will be held to exist when no effective function remains other than that which would be equally well served by an amputation stump at the site of election below elbow or knee with use of a suitable prosthetic appliance. The determination will be made on the basis of the actual remaining function, whether the acts of grasping, manipulation, etc., in the case of the hand, or of balance, propulsion, etc., in the case of the foot, could be accomplished equally well by an amputation stump with prosthesis; for example:

(a) Extremely unfavorable complete ankylosis of the knee, or complete ankylosis of two major joints of an extremity, or shortening of the lower extremity of 3½ inches or more, will constitute loss of use of the hand or foot involved.

(b) Complete paralysis of the external popliteal nerve (common peroneal) and consequent footdrop, accompanied by characteristic organic changes including trophic and circulatory disturbances and other concomitants confirmatory of complete paralysis of this nerve, will be taken as loss of use of the foot.

(3) *Both buttocks.* (i) Loss of use of both buttocks shall be deemed to exist when there is severe damage by disease or injury to muscle group XVII, bilateral, (diagnostic code 5317) and additional disability making it impossible for the disabled person, without assistance, to rise from a seated position and from a stooped position (fingers to toes position) and to maintain postural stability (the pelvis upon head of femur). The assistance may be done by the person's own hands or arms, and, in the matter of postural stability, by a special appliance.

(Authority: 38 U.S.C. 1114(k))

(ii) Special monthly compensation for loss or loss of use of both lower extremities (38 U.S.C. 1114(l) through (n)) will not preclude additional compensation under 38 U.S.C. 1114(k) for loss of use of both buttocks where appropriate tests clearly substantiate that there is such additional loss.

(4) *Eye.* Loss of use or blindness of one eye, having only light perception, will be held to exist when there is inability to recognize test letters at 1 foot and when further examination of the eye reveals that perception of objects, hand movements, or counting fingers cannot be accomplished at 3 feet. Lesser extents of vision, particularly perception of objects, hand movements, or counting fingers at distances less than 3 feet is considered of negligible utility.

(5) *Deafness.* Deafness of both ears, having absence of air and bone conduction will be held to exist where examination in a Department of Veterans Affairs authorized audiology clinic

under current testing criteria shows bilateral hearing loss is equal to or greater than the minimum bilateral hearing loss required for a maximum rating evaluation under the rating schedule.

(Authority: Pub. L. 88-20)

(6) *Aphonia.* Complete organic aphonia will be held to exist where there is a disability of the organs of speech which constantly precludes communication by speech.

(Authority: Pub. L. 88-22)

(7) Anatomical loss of a breast exists when there is complete surgical removal of breast tissue (or the equivalent loss of breast tissue due to injury). As defined in 38 CFR 4.116, radical mastectomy, modified radical mastectomy, and simple (or total) mastectomy result in anatomical loss of a breast, but wide local excision, with or without significant alteration of size or form, does not.

(Authority: 38 U.S.C. 501, 1114(k))

(b) *Ratings under 38 U.S.C. 1114(l).* The special monthly compensation provided by 38 U.S.C. 1114(l) is payable for anatomical loss or loss of use of both feet, one hand and one foot, blindness in both eyes with visual acuity of 5/200 or less or being permanently bedridden or so helpless as to be in need of regular aid and attendance.

(1) *Extremities.* The criteria for loss and loss of use of an extremity contained in paragraph (a)(2) of this section are applicable.

(2) *Eyes, bilateral.* 5/200 visual acuity or less bilaterally qualifies for entitlement under 38 U.S.C. 1114(l). However, evaluation of 5/200 based on acuity in excess of that degree but less than 10/200 (§4.83 of this chapter), does not qualify. Concentric contraction of the field of vision beyond 5 degrees in both eyes is the equivalent of 5/200 visual acuity.

(3) *Need for aid and attendance.* The criteria for determining that a veteran is so helpless as to be in need of regular aid and attendance are contained in §3.352(a).

(4) *Permanently bedridden.* The criteria for rating are contained in

**§ 3.350**

**38 CFR Ch. I (7-1-03 Edition)**

§ 3.352(a). Where possible, determinations should be on the basis of permanently bedridden rather than for need of aid and attendance (except where 38 U.S.C. 1114(r) is involved) to avoid reduction during hospitalization where aid and attendance is provided in kind.

(c) *Ratings under 38 U.S.C. 1114(m)*. (1) The special monthly compensation provided by 38 U.S.C. 1114(m) is payable for any of the following conditions:

(i) Anatomical loss or loss of use of both hands;

(ii) Anatomical loss or loss of use of both legs at a level, or with complications, preventing natural knee action with prosthesis in place;

(iii) Anatomical loss or loss of use of one arm at a level, or with complications, preventing natural elbow action with prosthesis in place with anatomical loss or loss of use of one leg at a level, or with complications, preventing natural knee action with prosthesis in place;

(iv) Blindness in both eyes having only light perception;

(v) Blindness in both eyes leaving the veteran so helpless as to be in need of regular aid and attendance.

(2) *Natural elbow or knee action*. In determining whether there is natural elbow or knee action with prosthesis in place, consideration will be based on whether use of the proper prosthetic appliance requires natural use of the joint, or whether necessary motion is otherwise controlled, so that the muscles affecting joint motion, if not already atrophied, will become so. If there is no movement in the joint, as in ankylosis or complete paralysis, use of prosthesis is not to be expected, and the determination will be as though there were one in place.

(3) *Eyes, bilateral*. With visual acuity 5/200 or less or the vision field reduced to 5 degree concentric contraction in both eyes, entitlement on account of need for regular aid and attendance will be determined on the facts in the individual case.

(d) *Ratings under 38 U.S.C. 1114(n)*. The special monthly compensation provided by 38 U.S.C. 1114(n) is payable for any of the conditions which follow: Amputation is a prerequisite except for loss of use of both arms and blindness without light perception in both eyes.

If a prosthesis cannot be worn at the present level of amputation but could be applied if there were a reamputation at a higher level, the requirements of this paragraph are not met; instead, consideration will be given to loss of natural elbow or knee action.

(1) Anatomical loss or loss of use of both arms at a level or with complications, preventing natural elbow action with prosthesis in place;

(2) Anatomical loss of both legs so near the hip as to prevent use of a prosthetic appliance;

(3) Anatomical loss of one arm so near the shoulder as to prevent use of a prosthetic appliance with anatomical loss of one leg so near the hip as to prevent use of a prosthetic appliance;

(4) Anatomical loss of both eyes or blindness without light perception in both eyes.

(e) *Ratings under 38 U.S.C. 1114 (o)*. (1) The special monthly compensation provided by 38 U.S.C. 1114(o) is payable for any of the following conditions:

(i) Anatomical loss of both arms so near the shoulder as to prevent use of a prosthetic appliance;

(ii) Conditions entitling to two or more of the rates (no condition being considered twice) provided in 38 U.S.C. 1114(l) through (n);

(iii) Bilateral deafness rated at 60 percent or more disabling (and the hearing impairment in either one or both ears is service connected) in combination with service-connected blindness with bilateral visual acuity 5/200 or less.

(iv) Service-connected total deafness in one ear or bilateral deafness rated at 40 percent or more disabling (and the hearing impairment in either one of both ears is service-connected) in combination with service-connected blindness of both eyes having only light perception or less.

(2) *Paraplegia*. Paralysis of both lower extremities together with loss of anal and bladder sphincter control will entitle to the maximum rate under 38 U.S.C. 1114(o), through the combination of loss of use of both legs and helplessness. The requirement of loss of anal and bladder sphincter control is met even though incontinence has been

overcome under a strict regimen of rehabilitation of bowel and bladder training and other auxiliary measures.

(3) *Combinations.* Determinations must be based upon separate and distinct disabilities. This requires, for example, that where a veteran who had suffered the loss or loss of use of two extremities is being considered for the maximum rate on account of helplessness requiring regular aid and attendance, the latter must be based on need resulting from pathology other than that of the extremities. If the loss or loss of use of two extremities or being permanently bedridden leaves the person helpless, increase is not in order on account of this helplessness. Under no circumstances will the combination of "being permanently bedridden" and "being so helpless as to require regular aid and attendance" without separate and distinct anatomical loss, or loss of use, of two extremities, or blindness, be taken as entitling to the maximum benefit. The fact, however, that two separate and distinct entitling disabilities, such as anatomical loss, or loss of use of both hands and both feet, result from a common etiological agent, for example, one injury or rheumatoid arthritis, will not preclude maximum entitlement.

(4) *Helplessness.* The maximum rate, as a result of including helplessness as one of the entitling multiple disabilities, is intended to cover, in addition to obvious losses and blindness, conditions such as the loss of use of two extremities with absolute deafness and nearly total blindness or with severe multiple injuries producing total disability outside the useless extremities, these conditions being construed as loss of use of two extremities and helplessness.

(f) *Intermediate or next higher rate.* An intermediate rate authorized by this paragraph shall be established at the arithmetic mean, rounded to the nearest dollar, between the two rates concerned.

(Authority: 38 U.S.C. 1114 (p))

(1) *Extremities.* (i) Anatomical loss or loss of use of one foot with anatomical loss or loss of use of one leg at a level, or with complications preventing natural knee action with prosthesis in

place, shall entitle to the rate between 38 U.S.C. 1114(l) and (m).

(ii) Anatomical loss or loss of use of one foot with anatomical loss of one leg so near the hip as to prevent use of prosthetic appliance shall entitle to the rate under 38 U.S.C. 1114(m).

(iii) Anatomical loss or loss of use of one foot with anatomical loss or loss of use of one arm at a level, or with complications, preventing natural elbow action with prosthesis in place, shall entitle to the rate between 38 U.S.C. 1114(l) and (m).

(iv) Anatomical loss or loss of use of one foot with anatomical loss or loss of use of one arm so near the shoulder as to prevent use of a prosthetic appliance shall entitle to the rate under 38 U.S.C. 1114(m).

(v) Anatomical loss or loss of use of one leg at a level, or with complications, preventing natural knee action with prosthesis in place with anatomical loss of one leg so near the hip as to prevent use of a prosthetic appliance, shall entitle to the rate between 38 U.S.C. 1114(m) and (n).

(vi) Anatomical loss or loss of use of one leg at a level, or with complications, preventing natural knee action with prosthesis in place with anatomical loss or loss of use of one hand, shall entitle to the rate between 38 U.S.C. 1114 (l) and (m).

(vii) Anatomical loss or loss of use of one leg at a level, or with complications, preventing natural knee action with prosthesis in place with anatomical loss of one arm so near the shoulder as to prevent use of a prosthetic appliance, shall entitle to the rate between 38 U.S.C. 1114 (m) and (n).

(viii) Anatomical loss of one leg so near the hip as to prevent use of a prosthetic appliance with anatomical loss or loss of use of one hand shall entitle to the rate under 38 U.S.C. 1114(m).

(ix) Anatomical loss of one leg so near the hip as to prevent use of a prosthetic appliance with anatomical loss or loss of use of one arm at a level, or with complications, preventing natural elbow action with prosthesis in place, shall entitle to the rate between 38 U.S.C. 1114 (m) and (n).

(x) Anatomical loss or loss of use of one hand with anatomical loss or loss of use of one arm at a level, or with

**§ 3.350**

**38 CFR Ch. I (7-1-03 Edition)**

complications, preventing natural elbow action with prosthesis in place, shall entitle to the rate between 38 U.S.C. 1114 (m) and (n).

(xi) Anatomical loss or loss of use of one hand with anatomical loss of one arm so near the shoulder as to prevent use of a prosthetic appliance shall entitle to the rate under 38 U.S.C. 1114(n).

(xii) Anatomical loss or loss of use of one arm at a level, or with complications, preventing natural elbow action with prosthesis in place with anatomical loss of one arm so near the shoulder as to prevent use of a prosthetic appliance, shall entitle to the rate between 38 U.S.C. 1114 (n) and (o).

(2) Eyes, bilateral, and blindness in connection with deafness and/or loss or loss of use of a hand or foot.

(i) Blindness of one eye with 5/200 visual acuity or less and blindness of the other eye having only light perception will entitle to the rate between 38 U.S.C. 1114 (l) and (m).

(ii) Blindness of one eye with 5/200 visual acuity or less and anatomical loss of, or blindness having no light perception in the other eye, will entitle to a rate equal to 38 U.S.C. 1114(m).

(iii) Blindness of one eye having only light perception and anatomical loss of, or blindness having no light perception in the other eye, will entitle to a rate between 38 U.S.C. 1114 (m) and (n).

(iv) Blindness in both eyes with visual acuity of 5/200 or less, or blindness in both eyes rated under subparagraph (2) (i) or (ii) of this paragraph, when accompanied by service-connected total deafness in one ear, will afford entitlement to the next higher intermediate rate of if the veteran is already entitled to an intermediate rate, to the next higher statutory rate under 38 U.S.C. 1114, but in no event higher than the rate for (o).

(v) Blindness in both eyes having only light perception or less, or rated under subparagraph (2)(iii) of this paragraph, when accompanied by bilateral deafness (and the hearing impairment in either one or both ears is service-connected) rated at 10 or 20 percent disabling, will afford entitlement to the next higher intermediate rate, or if the veteran is already entitled to an intermediate rate, to the next higher statu-

tory rate under 38 U.S.C. 1114, but in no event higher than the rate for (o).

(Authority: Sec. 112, Pub. L. 98-223)

(vi) Blindness in both eyes rated under 38 U.S.C. 1114 (l), (m) or (n), or rated under subparagraphs (2)(i), (ii) or (iii) of this paragraph, when accompanied by bilateral deafness rated at no less than 30 percent, and the hearing impairment in one or both ears is service-connected, will afford entitlement to the next higher statutory rate under 38 U.S.C. 1114, or if the veteran is already entitled to an intermediate rate, to the next higher intermediate rate, but in no event higher than the rate for (o).

(Authority: 38 U.S.C. 1114(p))

(vii) Blindness in both eyes rated under 38 U.S.C. 1114 (l), (m), or (n), or under the intermediate or next higher rate provisions of this subparagraph, when accompanied by:

(A) Service-connected loss or loss of use of one hand, will afford entitlement to the next higher statutory rate under 38 U.S.C. 1114 or, if the veteran is already entitled to an intermediate rate, to the next higher intermediate rate, but in no event higher than the rate for (o); or

(B) Service-connected loss or loss of use of one foot which by itself or in combination with another compensable disability would be ratable at 50 percent or more, will afford entitlement to the next higher statutory rate under 38 U.S.C. 1114 or, if the veteran is already entitled to an intermediate rate, to the next higher intermediate rate, but in no event higher than the rate for (o); or

(C) Service-connected loss or loss of use of one foot which is ratable at less than 50 percent and which is the only compensable disability other than bilateral blindness, will afford entitlement to the next higher intermediate rate or, if the veteran is already entitled to an intermediate rate, to the next higher statutory rate under 38 U.S.C. 1114, but in no event higher than the rate for (o).

(Authority: 38 U.S.C. 1114(p))

(3) *Additional independent 50 percent disabilities.* In addition to the statutory rates payable under 38 U.S.C. 1114 (l) through (n) and the intermediate or next higher rate provisions outlined above, additional single permanent disability or combinations of permanent disabilities independently ratable at 50 percent or more will afford entitlement to the next higher intermediate rate or if already entitled to an intermediate rate to the next higher statutory rate under 38 U.S.C. 1114, but not above the (o) rate. In the application of this subparagraph the disability or disabilities independently ratable at 50 percent or more must be separate and distinct and involve different anatomical segments or bodily systems from the conditions establishing entitlement under 38 U.S.C. 1114 (l) through (n) or the intermediate rate provisions outlined above. The graduated ratings for arrested tuberculosis will not be utilized in this connection, but the permanent residuals of tuberculosis may be utilized.

(4) *Additional independent 100 percent ratings.* In addition to the statutory rates payable under 38 U.S.C. 1114 (l) through (n) and the intermediate or next higher rate provisions outlined above additional single permanent disability independently ratable at 100 percent apart from any consideration of individual unemployability will afford entitlement to the next higher statutory rate under 38 U.S.C. 1114 or if already entitled to an intermediate rate to the next higher intermediate rate, but in no event higher than the rate for (o). In the application of this subparagraph the single permanent disability independently ratable at 100 percent must be separate and distinct and involve different anatomical segments or bodily systems from the conditions establishing entitlement under 38 U.S.C. 1114 (l) through (n) or the intermediate rate provisions outlined above.

(i) Where the multiple loss or loss of use entitlement to a statutory or intermediate rate between 38 U.S.C. 1114 (l) and (o) is caused by the same etiological disease or injury, that disease or injury may not serve as the basis for the independent 50 percent or 100 percent unless it is so rated without regard to the loss or loss of use.

(ii) The graduated ratings for arrested tuberculosis will not be utilized in this connection, but the permanent residuals of tuberculosis may be utilized.

(5) *Three extremities.* Anatomical loss or loss of use, or a combination of anatomical loss and loss of use, of three extremities shall entitle a veteran to the next higher rate without regard to whether that rate is a statutory rate or an intermediate rate. The maximum monthly payment under this provision may not exceed the amount stated in 38 U.S.C. 1114(p).

(g) *Inactive tuberculosis (complete arrest).* The rating criteria for determining inactivity of tuberculosis are set out in § 3.375.

(1) For a veteran who was receiving or entitled to receive compensation for tuberculosis on August 19, 1968, the minimum monthly rate is \$67. This minimum special monthly compensation is not to be combined with or added to any other disability compensation.

(2) For a veteran who was not receiving or entitled to receive compensation for tuberculosis on August 19, 1968, the special monthly compensation authorized by paragraph (g)(1) of this section is not payable.

(h) *Special aid and attendance benefit; 38 U.S.C. 1114(r)*—(1) Maximum compensation cases. A veteran receiving the maximum rate under 38 U.S.C. 1114 (o) or (p) who is in need of regular aid and attendance or a higher level of care is entitled to an additional allowance during periods he or she is not hospitalized at United States Government expense. (See § 3.552(b)(2) as to continuance following admission for hospitalization.) Determination of this need is subject to the criteria of § 3.352. The regular or higher level aid and attendance allowance is payable whether or not the need for regular aid and attendance or a higher level of care was a partial basis for entitlement to the maximum rate under 38 U.S.C. 1114 (o) or (p), or was based on an independent factual determination.

(2) *Entitlement to compensation at the intermediate rate between 38 U.S.C. 1114*

### § 3.351

### 38 CFR Ch. I (7-1-03 Edition)

(n) and (o) plus special monthly compensation under 38 U.S.C. 1114(k). A veteran receiving compensation at the intermediate rate between 38 U.S.C. 1114 (n) and (o) plus special monthly compensation under 38 U.S.C. 1114(k) who establishes a factual need for regular aid and attendance or a higher level of care, is also entitled to an additional allowance during periods he or she is not hospitalized at United States Government expense. (See § 3.552(b)(2) as to continuance following admission for hospitalization.) Determination of the factual need for aid and attendance is subject to the criteria of § 3.352:

(3) *Amount of the allowance.* The amount of the additional allowance payable to a veteran in need of regular aid and attendance is specified in 38 U.S.C. 1114(r)(1). The amount of the additional allowance payable to a veteran in need of a higher level of care is specified in 38 U.S.C. 1114(r)(2). The higher level aid and attendance allowance authorized by 38 U.S.C. 1114(r)(2) is payable in lieu of the regular aid and attendance allowance authorized by 38 U.S.C. 1114(r)(1).

(i) *Total plus 60 percent, or housebound; 38 U.S.C. 1114(s).* The special monthly compensation provided by 38 U.S.C. 1114(s) is payable where the veteran has a single service-connected disability rated as 100 percent and,

(1) Has additional service-connected disability or disabilities independently ratable at 60 percent, separate and distinct from the 100 percent service-connected disability and involving different anatomical segments or bodily systems, or

(2) Is permanently housebound by reason of service-connected disability or disabilities. This requirement is met when the veteran is substantially confined as a direct result of service-connected disabilities to his or her dwelling and the immediate premises or, if institutionalized, to the ward or clinical areas, and it is reasonably certain that the disability or disabilities and

resultant confinement will continue throughout his or her lifetime.

#### **§ 3.351 Special monthly dependency and indemnity compensation, death compensation, pension and spouse's compensation ratings.**

(a) *General.* This section sets forth criteria for determining whether:

(1) Increased pension is payable to a veteran by reason of need for aid and attendance or by reason of being housebound.

(Authority: 38 U.S.C. 1521(d), (e))

(2) Increased compensation is payable to a veteran by reason of the veteran's spouse being in need of aid and attendance.

(Authority: 38 U.S.C. 1115(1)(E))

(3) Increased dependency and indemnity compensation is payable to a surviving spouse or parent by reason of being in need of aid and attendance.

(Authority: 38 U.S.C. 1311(c), 1315(h))

(4) Increased dependency and indemnity compensation is payable to a surviving spouse who is not in need of aid and attendance but is housebound.

(Authority: 38 U.S.C. 1311(d))

(5) Increased pension is payable to a surviving spouse by reason of need for aid and attendance, or if not in need of aid and attendance, by reason of being housebound.

(Authority: 38 U.S.C. 1541(d), (e))

(6) Increased death compensation is payable to a surviving spouse by reason of being in need of aid and attendance.

(Authority: 38 U.S.C. 1122)

(b) *Aid and attendance; need.* Need for aid and attendance means helplessness or being so nearly helpless as to require the regular aid and attendance of another person. The criteria set forth in paragraph (c) of this section will be applied in determining whether such need exists.

(c) *Aid and attendance; criteria.* The veteran, spouse, surviving spouse or parent will be considered in need of regular aid and attendance if he or she:

(1) Is blind or so nearly blind as to have corrected visual acuity of 5/200 or less, in both eyes, or concentric contraction of the visual field to 5 degrees or less; or

(2) Is a patient in a nursing home because of mental or physical incapacity; or

(3) Establishes a factual need for aid and attendance under the criteria set forth in § 3.352(a).

(Authority: 38 U.S.C. 1502(b))

(d) *Housebound, or permanent and total plus 60 percent; disability pension.* The rate of pension payable to a veteran who is entitled to pension under 38 U.S.C. 1521 and who is not in need of regular aid and attendance shall be as prescribed in 38 U.S.C. 1521(e) if, in addition to having a single permanent disability rated 100 percent disabling under the Schedule for Rating Disabilities (not including ratings based upon unemployability under § 4.17 of this chapter) the veteran:

(1) Has additional disability or disabilities independently ratable at 60 percent or more, separate and distinct from the permanent disability rated as 100 percent disabling and involving different anatomical segments or bodily systems, or

(2) Is "permanently housebound" by reason of disability or disabilities. This requirement is met when the veteran is substantially confined to his or her dwelling and the immediate premises or, if institutionalized, to the ward or clinical area, and it is reasonably certain that the disability or disabilities and resultant confinement will continue throughout his or her lifetime.

(e) *Housebound; dependency and indemnity compensation.* The monthly

rate of dependency and indemnity compensation payable to a surviving spouse who does not qualify for increased dependency and indemnity compensation under 38 U.S.C. 1311(c) based on need for regular aid and attendance shall be increased by the amount specified in 38 U.S.C. 1311(d) if the surviving spouse is permanently housebound by reason of disability. The "permanently housebound" requirement is met when the surviving spouse is substantially confined to his or her home (ward or clinical areas, if institutionalized) or immediate premises by reason of disability or disabilities which it is reasonably certain will remain throughout the surviving spouse's lifetime.

(f) *Housebound; improved pension; death.* The annual rate of death pension payable to a surviving spouse who does not qualify for an annual rate of death pension payable under § 3.23(a)(6) based on need for aid and attendance shall be as set forth in § 3.23(a)(7) if the surviving spouse is permanently housebound by reason of disability. The "permanently housebound" requirement is met when the surviving spouse is substantially confined to his or her home (ward or clinical areas, if institutionalized) or immediate premises by reason of disability or disabilities which it is reasonably certain will remain throughout the surviving spouse's lifetime.

**§ 3.352 Criteria for determining need for aid and attendance and "permanently bedridden."**

(a) *Basic criteria for regular aid and attendance and permanently bedridden.* The following will be accorded consideration in determining the need for regular aid and attendance (§ 3.351(c)(3): inability of claimant to dress or undress himself (herself), or to keep himself (herself) ordinarily clean and presentable; frequent need of adjustment of any special prosthetic or orthopedic

appliances which by reason of the particular disability cannot be done without aid (this will not include the adjustment of appliances which normal persons would be unable to adjust without aid, such as supports, belts, lacing at the back, etc.); inability of claimant to feed himself (herself) through loss of coordination of upper extremities or through extreme weakness; inability to attend to the wants of nature; or incapacity, physical or mental, which requires care or assistance on a regular basis to protect the claimant from hazards or dangers incident to his or her daily environment. "Bedridden" will be a proper basis for the determination. For the purpose of this paragraph "bedridden" will be that condition which, through its essential character, actually requires that the claimant remain in bed. The fact that claimant has voluntarily taken to bed or that a physician has prescribed rest in bed for the greater or lesser part of the day to promote convalescence or cure will not suffice. It is not required that all of the disabling conditions enumerated in this paragraph be found to exist before a favorable rating may be made. The particular personal functions which the veteran is unable to perform should be considered in connection with his or her condition as a whole. It is only necessary that the evidence establish that the veteran is so helpless as to need regular aid and attendance, not that there be a constant need. Determinations that the veteran is so helpless, as to be in need of regular aid and attendance will not be based solely upon an opinion that the claimant's condition is such as would require him or her to be in bed. They must be based on the actual requirement of personal assistance from others.

(b) *Basic criteria for the higher level aid and attendance allowance.* (1) A veteran is entitled to the higher level aid and attendance allowance authorized by § 3.350(h) in lieu of the regular aid and attendance allowance when all of the following conditions are met:

(i) The veteran is entitled to the compensation authorized under 38 U.S.C. 1114(o), or the maximum rate of compensation authorized under 38 U.S.C. 1114(p).

(ii) The veteran meets the requirements for entitlement to the regular aid and attendance allowance in paragraph (a) of this section.

(iii) The veteran needs a "higher level of care" (as defined in paragraph (b)(2) of this section) than is required to establish entitlement to the regular aid and attendance allowance, and in the absence of the provision of such higher level of care the veteran would require hospitalization, nursing home care, or other residential institutional care.

(2) Need for a higher level of care shall be considered to be need for personal health-care services provided on a daily basis in the veteran's home by a person who is licensed to provide such services or who provides such services under the regular supervision of a licensed health-care professional. Personal health-care services include (but are not limited to) such services as physical therapy, administration of injections, placement of indwelling catheters, and the changing of sterile dressings, or like functions which require professional health-care training or the regular supervision of a trained health-care professional to perform. A licensed health-care professional includes (but is not limited to) a doctor of medicine or osteopathy, a registered nurse, a licensed practical nurse, or a physical therapist licensed to practice by a State or political subdivision thereof.

(3) The term "under the regular supervision of a licensed health-care professional", as used in paragraph (b)(2) of this section, means that an unlicensed person performing personal health-care services is following a regimen of personal health-care services prescribed by a health-care professional, and that the health-care professional consults with the unlicensed person providing the health-care services at least once each month to monitor the prescribed regimen. The consultation need not be in person; a telephone call will suffice.

(4) A person performing personal health-care services who is a relative or other member of the veteran's household is not exempted from the requirement that he or she be a licensed

health-care professional or be providing such care under the regular supervision of a licensed health-care professional.

(5) The provisions of paragraph (b) of this section are to be strictly construed. The higher level aid-and-attendance allowance is to be granted only when the veteran's need is clearly established and the amount of services required by the veteran on a daily basis is substantial.

(Authority: 38 U.S.C. 501, 1114(r)(2))

(c) *Attendance by relative.* The performance of the necessary aid and attendance service by a relative of the beneficiary or other member of his or her household will not prevent the granting of the additional allowance.

### § 3.353 Determinations of incompetency and competency.

(a) *Definition of mental incompetency.* A mentally incompetent person is one who because of injury or disease lacks the mental capacity to contract or to manage his or her own affairs, including disbursement of funds without limitation.

(b) *Authority.* (1) Rating agencies have sole authority to make official determinations of competency and incompetency for purposes of: insurance (38 U.S.C. 1922), and, subject to § 13.56 of this chapter, disbursement of benefits. Such determinations are final and binding on field stations for these purposes.

(2) Where the beneficiary is rated incompetent, the Veterans Service Center Manager will develop information as to the beneficiary's social, economic and industrial adjustment; appoint (or recommend appointment of) a fiduciary as provided in § 13.55 of this chapter; select a method of disbursing payment as provided in § 13.56 of this chapter, or in the case of a married beneficiary, appoint the beneficiary's spouse to receive payments as provided in § 13.57 of this chapter; and authorize disbursement of the benefit.

(3) If in the course of fulfilling the responsibilities assigned in paragraph (b)(2) the Veterans Service Center Man-

ager develops evidence indicating that the beneficiary may be capable of administering the funds payable without limitation, he or she will refer that evidence to the rating agency with a statement as to his or her findings. The rating agency will consider this evidence, together with all other evidence of record, to determine whether its prior determination of incompetency should remain in effect. Reexamination may be requested as provided in § 3.327(a) if necessary to properly evaluate the beneficiary's mental capacity to contract or manage his or her own affairs.

(c) *Medical opinion.* Unless the medical evidence is clear, convincing and leaves no doubt as to the person's incompetency, the rating agency will make no determination of incompetency without a definite expression regarding the question by the responsible medical authorities. Considerations of medical opinions will be in accordance with the principles in paragraph (a) of this section. Determinations relative to incompetency should be based upon all evidence of record and there should be a consistent relationship between the percentage of disability, facts relating to commitment or hospitalization and the holding of incompetency.

(d) *Presumption in favor of competency.* Where reasonable doubt arises regarding a beneficiary's mental capacity to contract or to manage his or her own affairs, including the disbursement of funds without limitation, such doubt will be resolved in favor of competency (see § 3.102 on reasonable doubt).

(e) *Due process.* Whenever it is proposed to make an incompetency determination, the beneficiary will be notified of the proposed action and of the right to a hearing as provided in § 3.103. Such notice is not necessary if the beneficiary has been declared incompetent by a court of competent jurisdiction or if a guardian has been appointed for the beneficiary based upon a court finding of incompetency. If a hearing is requested it must be held prior to a rating decision of incompetency. Failure or refusal of the beneficiary after proper notice to request or cooperate in such a hearing will not preclude a

#### § 3.354 Determinations of insanity.

(a) *Definition of insanity.* An insane person is one who, while not mentally defective or constitutionally psychopathic, except when a psychosis has been engrafted upon such basic condition, exhibits, due to disease, a more or less prolonged deviation from his normal method of behavior; or who interferes with the peace of society; or who has so departed (become antisocial) from the accepted standards of the community to which by birth and education he belongs as to lack the adaptability to make further adjustment to the social customs of the community in which he resides.

(b) *Insanity causing discharge.* When a rating agency is concerned with determining whether a veteran was insane at the time he committed an offense leading to his court-martial, discharge or resignation (38 U.S.C. 5303(b)), it will base its decision on all the evidence procurable relating to the period involved, and apply the definition in paragraph (a) of this section.

[26 FR 1589, Feb. 24, 1961]

#### § 3.355 Testamentary capacity for insurance purposes.

When cases are referred to a rating agency involving the testamentary capacity of the insured to execute designations or changes of beneficiary, or designations or changes of option, the following considerations will apply:

(a) Testamentary capacity is that degree of mental capacity necessary to enable a person to perform a testamentary act. This, in general, requires that the testator reasonably comprehend the nature and significance of his act, that is, the subject and extent of his disposition, recognition of the object of his bounty, and appreciation of the consequence of his act, uninfluenced by any material delusion as to the property or persons involved.

(b) Due consideration should be given to all facts of record, with emphasis being placed on those facts bearing upon the mental condition of the testator (insured) at the time or nearest the time he executed the designation or change. In this connection, consideration should be given to lay as well as medical evidence.

(c) Lack of testamentary capacity should not be confused with insanity or mental incompetence. An insane person might have a lucid interval during which he would possess testamentary capacity. On the other hand, a sane person might suffer a temporary mental aberration during which he would not possess testamentary capacity. There is a general but rebuttable presumption that every testator possesses testamentary capacity. Therefore, reasonable doubts should be resolved in favor of testamentary capacity.

[26 FR 1590, Feb. 24, 1961]

#### § 3.356 Conditions which determine permanent incapacity for self-support.

(a) *Basic determinations.* A child must be shown to be permanently incapable of self-support by reason of mental or physical defect at the date of attaining the age of 18 years.

(b) *Rating criteria.* Rating determinations will be made solely on the basis of whether the child is permanently incapable of self-support through his own efforts by reason of physical or mental defects. The question of permanent incapacity for self-support is one of fact for determination by the rating agency on competent evidence of record in the individual case. Rating criteria applicable to disabled veterans are not controlling. Principal factors for consideration are:

(1) The fact that a claimant is earning his or her own support is prima facie evidence that he or she is not incapable of self-support. Incapacity for self-support will not be considered to exist when the child by his or her own efforts is provided with sufficient income for his or her reasonable support.

(2) A child shown by proper evidence to have been permanently incapable of self-support prior to the date of attaining the age of 18 years, may be so held at a later date even though there may

have been a short intervening period or periods when his or her condition was such that he or she was employed, provided the cause of incapacity is the same as that upon which the original determination was made and there were no intervening diseases or injuries that could be considered as major factors. Employment which was only casual, intermittent, tryout, unsuccessful, or terminated after a short period by reason of disability, should not be considered as rebutting permanent incapability of self-support otherwise established.

(3) It should be borne in mind that employment of a child prior or subsequent to the delimiting age may or may not be a normal situation, depending on the educational progress of the child, the economic situation of the family, indulgent attitude of parents, and the like. In those cases where the extent and nature of disability raises some doubt as to whether they would render the average person incapable of self-support, factors other than employment are for consideration. In such cases there should be considered whether the daily activities of the child in the home and community are equivalent to the activities of employment of any nature within the physical or mental capacity of the child which would provide sufficient income for reasonable support. Lack of employment of the child either prior to the delimiting age or thereafter should not be considered as a major factor in the determination to be made, unless it is shown that it was due to physical or mental defect and not to mere disinclination to work or indulgence of relatives or friends.

(4) The capacity of a child for self-support is not determinable upon employment afforded solely upon sympathetic or charitable considerations and which involved no actual or substantial rendition of services.

### § 3.357 Civil service preference ratings.

For the purpose of certifying civil service disability preference only, a

service-connected disability may be assigned an evaluation of "less than ten percent." Any directly or presumptively service-connected disease or injury which exhibits some extent of actual impairment may be held to exist at the level of less than ten percent. For disabilities incurred in combat, however, no actual impairment is required.

[58 FR 52018, Oct. 6, 1993]

### § 3.358 Compensation for disability or death from hospitalization, medical or surgical treatment, examinations or vocational rehabilitation training (§ 3.800).

(a) *General.* Where it is determined that there is additional disability resulting from a disease or injury or an aggravation of an existing disease or injury suffered as a result of training, hospitalization, medical or surgical treatment, or examination, compensation will be payable for such additional disability.

(Authority: 38 U.S.C. 1151)

(b) *Additional disability.* In determining that additional disability exists, the following considerations will govern:

(1) The veteran's physical condition immediately prior to the disease or injury on which the claim for compensation is based will be compared with the subsequent physical condition resulting from the disease or injury, each body part involved being considered separately.

(i) As applied to examinations, the physical condition prior to the disease or injury will be the condition at time of beginning the physical examination as a result of which the disease or injury was sustained.

(ii) As applied to medical or surgical treatment, the physical condition prior to the disease or injury will be the condition which the specific medical or surgical treatment was designed to relieve.

(2) Compensation will not be payable under 38 U.S.C. 1151 for the continuance or natural progress of disease or injuries for which the training, or hospitalization, etc., was authorized.

(c) *Cause.* In determining whether such additional disability resulted

from a disease or an injury or an aggravation of an existing disease or injury suffered as a result of training, hospitalization, medical or surgical treatment, or examination, the following considerations will govern:

(1) It will be necessary to show that the additional disability is actually the result of such disease or injury or an aggravation of an existing disease or injury and not merely coincidental therewith.

(2) The mere fact that aggravation occurred will not suffice to make the additional disability compensable in the absence of proof that it resulted from disease or injury or an aggravation of an existing disease or injury suffered as the result of training, hospitalization, medical or surgical treatment, or examination.

(3) Compensation is not payable for the necessary consequences of medical or surgical treatment or examination properly administered with the express or implied consent of the veteran, or, in appropriate cases, the veteran's representative. "Necessary consequences" are those which are certain to result from, or were intended to result from, the examination or medical or surgical treatment administered. Consequences otherwise certain or intended to result from a treatment will not be considered uncertain or unintended solely because it had not been determined at the time consent was given whether that treatment would in fact be administered.

(4) When the proximate cause of the injury suffered was the veteran's willful misconduct or failure to follow instructions, it will bar him (or her) from receipt of compensation hereunder except in the case of incompetent veterans.

(5) Compensation for disability resulting from the pursuit of vocational rehabilitation is not payable unless there is established a direct (proximate) causal connection between the injury or aggravation of an existing injury and some essential activity or function which is within the scope of the vocational rehabilitation course, not necessarily limited to activities or functions specifically designated by the Department of Veterans Affairs in

the individual case, since ordinarily it is not to be expected that each and every different function and act of a veteran pursuant to his or her course of training will be particularly specified in the outline of the course or training program. For example, a disability resulting from the use of an item of mechanical or other equipment is within the purview of the statute if training in its use is implicit within the prescribed program or course outlined or if its use is implicit in the performance of some task or operation the trainee must learn to perform, although such use may not be especially mentioned in the training program. In determining whether the element of direct or proximate causation is present, it remains necessary for a distinction to be made between an injury arising out of an act performed in pursuance of the course of training, that is, a required "learning activity", and one arising out of an activity which is incidental to, related to, or coexistent with the pursuit of the program of training. For a case to fall within the statute there must have been sustained an injury which, but for the performance of a "learning activity" in the prescribed course of training, would not have been sustained. A meticulous examination into all the circumstances is required, including a consideration of the time and place of the incident producing the injury.

(6) Nursing home care furnished under section 1720 of title 38, United States Code is not hospitalization within the meaning of this section. Such a nursing home is an independent contractor and, accordingly, its agents and employees are not to be deemed agents and employees of the Department of Veterans Affairs. If additional disability results from medical or surgical treatment or examination through negligence or other wrongful acts or omissions on the part of such a nursing home, its employees, or its agents, entitlement does not exist under this section unless there was an act or omission on the part of the Department of Veterans Affairs independently giving rise to such entitlement

and such acts on the part of both proximately caused the additional disability.

Rating boards will determine whether or not the condition for which treatment is claimed by former members of the Armed Forces of Czechoslovakia or Poland under 38 U.S.C. 109(c) is service connected. This determination will be made using the same criteria that applies to determinations of service connection based on service in the Armed Forces of the United States.

**§ 3.360 Service-connected health-care eligibility of certain persons administratively discharged under other than honorable condition.**

(a) *General.* The health-care and related benefits authorized by chapter 17 of title 38 U.S.C. shall be provided to certain former service persons with administrative discharges under other than honorable conditions for any disability incurred or aggravated during active military, naval, or air service in line of duty.

(b) *Discharge categorization.* With certain exceptions such benefits shall be furnished for any disability incurred or aggravated during a period of service terminated by a discharge under other than honorable conditions. Specifically, they may not be furnished for any disability incurred or aggravated during a period of service terminated by a bad conduct discharge or when one of the bars listed in § 3.12(c) applies.

(c) *Eligibility criteria.* In making determinations of health-care eligibility the same criteria will be used as is now applicable to determinations of service incurrence and in line of duty when there is no character of discharge bar.

[43 FR 15154, Apr. 11, 1978]

RATING CONSIDERATIONS RELATIVE TO SPECIFIC DISEASES

**§ 3.370 Pulmonary tuberculosis shown by X-ray in active service.**

(a) *Active disease.* X-ray evidence alone may be adequate for grant of direct service connection for pulmonary tuberculosis. When under consideration, all available service department films and subsequent films will be secured and read by specialists at designated stations who should have a current examination report and X-ray. Resulting interpretations of service films will be accorded the same consideration for service-connection purposes as if clinically established, however, a compensable rating will not be assigned prior to establishment of an active condition by approved methods.

(b) *Inactive disease.* Where the veteran was examined at time of entrance into active service but X-ray was not made, or if made, is not available and there was no notation or other evidence of active or inactive reinfection type pulmonary tuberculosis existing prior to such entrance, it will be assumed that the condition occurred during service and direct service connection will be in order for inactive pulmonary tuberculosis shown by X-ray evidence during service in the manner prescribed in paragraph (a) of this section, unless lesions are first shown so soon after entry on active service as to compel the conclusion, on the basis of sound medical principles, that they existed prior to entry on active service.

(c) *Primary lesions.* Healed primary type tuberculosis shown at the time of entrance into active service will not be taken as evidence to rebut direct or presumptive service connection for active reinfection type pulmonary tuberculosis.

[26 FR 1591, Feb. 24, 1961, as amended at 43 FR 45347, Oct. 2, 1978]

**§ 3.371 Presumptive service connection for tuberculous disease; wartime and service on or after January 1, 1947.**

(a) *Pulmonary tuberculosis.* (1) Evidence of activity on comparative study of X-ray films showing pulmonary tuberculosis within the 3-year presumptive period provided by § 3.307(a)(3) will

### § 3.372

be taken as establishing service connection for active pulmonary tuberculosis subsequently diagnosed by approved methods but service connection and evaluation may be assigned only from the date of such diagnosis or other evidence of clinical activity.

(2) A notation of inactive tuberculosis of the reinfection type at induction or enlistment definitely prevents the grant of service connection under § 3.307 for active tuberculosis, regardless of the fact that it was shown within the appropriate presumptive period.

(b) *Pleurisy with effusion without obvious cause.* Pleurisy with effusion with evidence of diagnostic studies ruling out obvious nontuberculous causes will qualify as active tuberculosis. The requirements for presumptive service connection will be the same as those for tuberculous pleurisy.

(c) *Tuberculous pleurisy and endobronchial tuberculosis.* Tuberculous pleurisy and endobronchial tuberculosis fall within the category of pulmonary tuberculosis for the purpose of service connection on a presumptive basis. Either will be held incurred in service when initially manifested within 36 months after the veteran's separation from service as determined under § 3.307(a)(2).

(d) *Miliary tuberculosis.* Service connection for miliary tuberculosis involving the lungs is to be determined in the same manner as for other active pulmonary tuberculosis.

[26 FR 1591, Feb. 24, 1961, as amended at 27 FR 6387, July 6, 1962; 31 FR 4681, Mar. 19, 1966; 39 FR 34532, Sept. 26, 1974; 43 FR 45347, Oct. 2, 1978; 54 FR 34981, Aug. 23, 1989]

### § 3.372 Initial grant following inactivity of tuberculosis.

When service connection is granted initially on an original or reopened claim for pulmonary or nonpulmonary tuberculosis and there is satisfactory evidence that the condition was active previously but is now inactive (arrested), it will be presumed that the disease continued to be active for 1 year after the last date of established activity, provided there is no evidence to establish activity or inactivity in the intervening period. For a veteran entitled to receive compensation on August 19, 1968, the beginning date of

graduated ratings will commence at the end of the 1-year period. For a veteran who was not receiving or entitled to receive compensation on August 19, 1968, ratings will be assigned in accordance with the Schedule for Rating Disabilities (part 4 of this chapter). This section is not applicable to running award cases.

### § 3.373 [Reserved]

### § 3.374 Effect of diagnosis of active tuberculosis.

(a) *Service diagnosis.* Service department diagnosis of active pulmonary tuberculosis will be accepted unless a board of medical examiners, Clinic Director or Chief, Outpatient Service certifies, after considering all the evidence, including the favoring or opposing tuberculosis and activity, that such diagnosis was incorrect. Doubtful cases may be referred to the Chief Medical Director in Central Office.

(b) *Department of Veterans Affairs diagnosis.* Diagnosis of active pulmonary tuberculosis by the medical authorities of the Department of Veterans Affairs as the result of examination, observation, or treatment will be accepted for rating purposes. Reference to the Clinic Director or Chief, Outpatient Service, will be in order in questionable cases and, if necessary, to the Chief Medical Director in Central Office.

(c) *Private physician's diagnosis.* Diagnosis of active pulmonary tuberculosis by private physicians on the basis of their examination, observation or treatment will not be accepted to show the disease was initially manifested after discharge from active service unless confirmed by acceptable clinical, X-ray or laboratory studies, or by findings of active tuberculosis based upon acceptable hospital observation or treatment.

[26 FR 1591, Feb. 24, 1961, as amended at 27 FR 6387, July 6, 1962; 33 FR 16275, Nov. 6, 1968; 43 FR 45348, Oct. 2, 1978]

### § 3.375 Determination of inactivity (complete arrest) in tuberculosis.

(a) *Pulmonary tuberculosis.* A veteran shown to have had pulmonary tuberculosis will be held to have reached a

condition of “complete arrest” when a diagnosis of inactive is made.

(b) *Nonpulmonary disease.* Determination of complete arrest of nonpulmonary tuberculosis requires absence of evidence of activity for 6 months. If there are two or more foci of such tuberculosis, one of which is active, the condition will not be considered to be inactive until the tuberculous process has reached arrest in its entirety.

(c) *Arrest following surgery.* Where there has been surgical excision of the lesion or organ, the date of complete arrest will be the date of discharge from the hospital, or 6 months from the date of excision, whichever is later.

**§§ 3.376–3.377 [Reserved]**

**§ 3.378 Changes from activity in pulmonary tuberculosis pension cases.**

A permanent and total disability rating in effect during hospitalization will not be discontinued before hospital discharge on the basis of a change in classification from active. At hospital discharge, the permanent and total rating will be discontinued unless (a) the medical evidence does not support a finding of complete arrest (§ 3.375), or (b) where complete arrest is shown but the medical authorities recommend that employment not be resumed or be resumed only for short hours (not more than 4 hours a day for a 5-day week). If either of the two aforementioned conditions is met, discontinuance will be deferred pending examination in 6 months. Although complete arrest may be established upon that examination, the permanent and total rating may be extended for a further period of 6 months provided the veteran's employment is limited to short hours as recommended by the medical authorities (not more than 4 hours a day for a 5-day week). Similar extensions may be granted under the same conditions at the end of 12 and 18 months periods. At the expiration of 24 months after hospitalization, the case will be considered under § 3.321(b) if continued short hours of employment is recommended or if other evidence warrants submission.

[43 FR 45348, Oct. 2, 1978]

**§ 3.379 Anterior poliomyelitis.**

If the first manifestations of acute anterior poliomyelitis present themselves in a veteran within 35 days of termination of active military service, it is probable that the infection occurred during service. If they first appear after this period, it is probable that the infection was incurred after service.

[26 FR 1592, Feb. 24, 1961]

**§ 3.380 Diseases of allergic etiology.**

Diseases of allergic etiology, including bronchial asthma and urticaria, may not be disposed of routinely for compensation purposes as constitutional or developmental abnormalities. Service connection must be determined on the evidence as to existence prior to enlistment and, if so existent, a comparative study must be made of its severity at enlistment and subsequently. Increase in the degree of disability during service may not be disposed of routinely as natural progress nor as due to the inherent nature of the disease. Seasonal and other acute allergic manifestations subsiding on the absence of or removal of the allergen are generally to be regarded as acute diseases, healing without residuals. The determination as to service incurrence or aggravation must be on the whole evidentiary showing.

[26 FR 1592, Feb. 24, 1961]

**§ 3.381 Service connection of dental conditions for treatment purposes.**

(a) Treatable carious teeth, replaceable missing teeth, dental or alveolar abscesses, and periodontal disease will be considered service-connected solely for the purpose of establishing eligibility for outpatient dental treatment as provided in § 17.161 of this chapter.

(b) The rating activity will consider each defective or missing tooth and each disease of the teeth and periodontal tissues separately to determine whether the condition was incurred or aggravated in line of duty during active service. When applicable, the rating activity will determine whether the condition is due to combat or other in-service trauma, or whether the veteran was interned as a prisoner of war.

**§ 3.382**

(c) In determining service connection, the condition of teeth and periodontal tissues at the time of entry into active duty will be considered. Treatment during service, including filling or extraction of a tooth, or placement of a prosthesis, will not be considered evidence of aggravation of a condition that was noted at entry, unless additional pathology developed after 180 days or more of active service.

(d) The following principles apply to dental conditions noted at entry and treated during service:

(1) Teeth noted as normal at entry will be service-connected if they were filled or extracted after 180 days or more of active service.

(2) Teeth noted as filled at entry will be service-connected if they were extracted, or if the existing filling was replaced, after 180 days or more of active service.

(3) Teeth noted as carious but restorable at entry will not be service-connected on the basis that they were filled during service. However, new caries that developed 180 days or more after such a tooth was filled will be service-connected.

(4) Teeth noted as carious but restorable at entry, whether or not filled, will be service-connected if extraction was required after 180 days or more of active service.

(5) Teeth noted at entry as non-restorable will not be service-connected, regardless of treatment during service.

(6) Teeth noted as missing at entry will not be service connected, regardless of treatment during service.

(e) The following will not be considered service-connected for treatment purposes:

(1) Calculus;

(2) Acute periodontal disease;

(3) Third molars, unless disease or pathology of the tooth developed after 180 days or more of active service, or was due to combat or in-service trauma; and

(4) Impacted or malposed teeth, and other developmental defects, unless disease or pathology of these teeth developed after 180 days or more of active service.

(f) Teeth extracted because of chronic periodontal disease will be service-

(a) *Entitlement criteria.* Compensation is payable for the combinations of service-connected and nonservice-connected disabilities specified in paragraphs (a)(1) through (a)(5) of this section as if both disabilities were service-connected, provided the nonservice-connected disability is not the result of the veteran's own willful misconduct.

(1) Blindness in one eye as a result of service-connected disability and blindness in the other eye as a result of nonservice-connected disability.

(2) Loss or loss of use of one kidney as a result of service-connected disability and involvement of the other kidney as a result of nonservice-connected disability.

(3) Total deafness in one ear as a result of service-connected disability and total deafness in the other ear as a result of nonservice-connected disability.

(4) Loss or loss of use of one hand or one foot as a result of service-connected disability and loss or loss of use of the other hand or foot as a result of nonservice-connected disability.

(5) Permanent service-connected disability of one lung, rated 50 percent or more disabling, in combination with a nonservice-connected disability of the other lung.

(b) *Effect of judgment or settlement.* (1) If a veteran receives any money or property of value pursuant to an award in a judicial proceeding based upon, or a settlement or compromise of, any cause of action for damages for the nonservice-connected disability which established entitlement under this section, the increased compensation payable by reason of this section shall not be paid for any month following the month in which any such money or property is received until such time as the total amount of such increased compensation that would otherwise have been payable equals the total of the amount of any such money received and the fair market value of any

such property received. The provisions of this paragraph do not apply, however, to any portion of such increased compensation payable for any period preceding the end of the month in which such money or property of value was received.

(2) With respect to the disability combinations specified in paragraphs (a)(1), (a)(2), (a)(3) and (a)(5) of this section, the provisions of this paragraph apply only to awards of increased compensation made on or after October 28, 1986.

(c) *Social security and workers' compensation.* Benefits received under social security or workers' compensation are not subject to recoupment under paragraph (b) of this section even though such benefits may have been awarded pursuant to a judicial proceeding.

(d) *Veteran's duty to report.* Any person entitled to increased compensation under this section shall promptly report to VA the receipt of any money or property received pursuant to a judicial proceeding based upon, or a settlement or compromise of, any cause of action or other right of recovery for damages for the nonservice-connected loss or loss of use of the impaired extremity upon which entitlement under this section is based. ### EFFECTIVE DATES

#### § 3.400 General.

Except as otherwise provided, the effective date of an evaluation and award of pension, compensation or dependency and indemnity compensation based on an original claim, a claim reopened after final disallowance, or a claim for increase will be the date of receipt of the claim or the date entitlement arose, whichever is the later.

(Authority: 38 U.S.C. 5110(a))

(a) *Unless specifically provided.* On basis of facts found.

(b) *Disability benefits—(1) Disability pension (§ 3.3).* An award of disability pension may not be effective prior to the date entitlement arose.

(i) *Claims received prior to October 1, 1984.* Date of receipt of claim or date on which the veteran became permanently and totally disabled, if claim is filed within one year from such date, whichever is to the advantage of the veteran.

(ii) *Claims received on or after October 1, 1984.* (A) Except as provided in paragraph (b)(1)(ii)(B) of this section, date of receipt of claim.

(B) If, within one year from the date on which the veteran became permanently and totally disabled, the veteran files a claim for a retroactive award and establishes that a physical or mental disability, which was not the result of the veteran's own willful misconduct, was so incapacitating that it prevented him or her from filing a disability pension claim for at least the first 30 days immediately following the date on which the veteran became permanently and totally disabled, the disability pension award may be effective from the date of receipt of claim or the date on which the veteran became permanently and totally disabled, whichever is to the advantage of the veteran. While rating board judgment must be applied to the facts and circumstances of each case, extensive hospitalization will generally qualify as sufficiently incapacitating to have prevented the filing of a claim. For the purposes of

this subparagraph, the presumptive provisions of § 3.342(a) do not apply.

(2) *Disability compensation—(i) Direct service connection* (§ 3.4(b)). Day following separation from active service or date entitlement arose if claim is received within 1 year after separation from service; otherwise, date of receipt of claim, or date entitlement arose, whichever is later. Separation from service means separation under conditions other than dishonorable from continuous active service which extended from the date the disability was incurred or aggravated.

(ii) *Presumptive service connection* (§§ 3.307, 3.308, 3.309). Date entitlement arose, if claim is received within 1 year after separation from active duty; otherwise date of receipt of claim, or date entitlement arose, whichever is later. Where the requirements for service connection are met during service, the effective date will be the day following separation from service if there was continuous active service following the period of service on which the presumption is based and a claim is received within 1 year after separation from active duty.

(c) *Death benefits—(1) Death in service* (38 U.S.C. 5110(j), Pub. L. 87-825) (§§ 3.4(c), 3.5(b)). First day of the month fixed by the Secretary concerned as the date of actual or presumed death, if claim is received with 1 year after the date the initial report of actual death or finding of presumed death was made; however benefits based on a report of actual death are not payable for any period for which the claimant has received, or is entitled to receive an allowance, allotment, or service pay of the veteran.

(2) *Service-connected death after separation from service* (38 U.S.C. 5110(d), Pub. L. 87-825) (§§ 3.4(c), 3.5(b)). First day of the month in which the veteran's death occurred if claim is received within 1 year after the date of death; otherwise, date of receipt of claim.

(3) *Nonservice-connected death after separation from service.* (i) For awards based on claims received prior to October 1, 1984, first day of the month in which the veteran's death occurred if claim is received within one year after

the date of death; otherwise, date of receipt of claim.

(ii) For awards based on claims received on or after October 1, 1984, first day of the month in which the veteran's death occurred if claim is received within 45 days after the date of death; otherwise, date of receipt of claim.

(Authority: 38 U.S.C. 5110(d))

(4) *Dependency and indemnity compensation—(i) Deaths prior to January 1, 1957* (§ 3.702). Date of receipt of election.

(ii) *Child* (38 U.S.C. 5110(e), Pub. L. 87-835). First day of the month in which entitlement arose if claim is received within 1 year after the date of entitlement; otherwise, date of receipt of claim.

(iii) *Deaths on or after May 1, 1957 (in-service waiver cases)* (§§ 3.5(b)(3) and 3.702). Date of receipt of election. (See § 3.114(a)).

(d) [Reserved]

(e) *Apportionment* (§§ 3.450 through 3.461, 3.551). On original claims, in accordance with the facts found. On other than original claims from the first day of the month following the month in which:

(1) Claim is received for apportionment of a veteran's award, except that where payments to him (her) have been interrupted, apportionment will be effective the day following date of last payment if a claim for apportionment is received within 1 year after that date;

(2) Notice is received that a child included in the surviving spouse's award is not in the surviving spouse's custody, except that where payments to the surviving spouse have been interrupted, apportionment will be effective the day following date of last payment if such notice is received within 1 year after that date.

## Department of Veterans Affairs

## § 3.400

correction, change or modification of a military record, or of a discharge or dismissal, by a Board established under 10 U.S.C. 1552 or 1553, or because of other corrective action by competent military naval, or air authority, the award will be effective from the latest of these dates:

(1) Date application for change, correction, or modification was filed with the service department, in either an original or a disallowed claim;

(2) Date of receipt of claim if claim was disallowed; or

(3) One year prior to date of reopening of disallowed claim.

(h) *Difference of opinion* (§ 3.105). (1) As to decisions not final prior to receipt of an application for reconsideration or to reopen, or prior to reconsideration on Department of Veterans Affairs initiative, the date from which benefits would have been payable if the former decision had been favorable.

(2) As to decisions which have become final (by appellate decision or failure to timely initiate and perfect an appeal) prior to receipt of an application for reconsideration or to reopen, the date of receipt of such application or the date entitlement arose, whichever is later.

(3) As to decisions which have become final (by appellate decision or failure to timely initiate and perfect an appeal) and reconsideration is undertaken solely on Department of Veterans Affairs initiative, the date of Central Office approval authorizing a favorable decision or the date of the favorable Board of Veterans Appeals decision.

(4) Where the initial determination for the purpose of death benefits is favorable, the commencing date will be determined without regard to the fact that the action may reverse, on a difference of opinion, an unfavorable decision for disability purposes by an adjudicative agency other than the Board of Veterans Appeals, which was in effect at the date of the veteran's death.

(i) *Disability or death due to hospitalization, etc.* (38 U.S.C. 5110 (c), (d); Pub. L. 87-825; § 3.800)—(1) *Disability*. Date injury or aggravation was suffered if claim is received within 1 year after that date; otherwise, date of receipt of claim.

(5) January 1, 1969, as to pension payable under Pub. L. 86-211 (73 Stat. 432), as amended by Pub. L. 90-275 (82 Stat. 64), if there was basic eligibility for pension on June 30, 1960, under the law in effect on that date and an election is filed prior to May 1, 1969.

## APPORTIONMENTS

### § 3.450 General.

(a)(1) All or any part of the pension, compensation, or emergency officers' retirement pay payable on account of any veteran may be apportioned.

(i) On behalf of his or her spouse, children, or dependent parents if the veteran is incompetent and is being furnished hospital treatment, institutional, or domiciliary care by the United States, or any political subdivision thereof.

(ii) If the veteran is not residing with his or her spouse, or if the veteran's children are not residing with the veteran and the veteran is not reasonably discharging his or her responsibility for the spouse's or children's support.

(2) Where any of the children of a deceased veteran are not living with the veteran's surviving spouse, the pension, compensation, or dependency and indemnity compensation otherwise payable to the surviving spouse may be apportioned.

(Authority: 38 U.S.C. 5307)

(b) Except as provided in § 3.458(e), no apportionment of disability or death benefits will be made or changed solely because a child has entered active duty with the air, military, or naval services of the United States.

(c) No apportionment will be made where the veteran, the veteran's spouse (when paid "as wife" or "as husband"), surviving spouse, or fiduciary is providing for dependents. The additional benefits for such dependents will be paid to the veteran, spouse, surviving spouse, or fiduciary.

(d) Any amounts payable for children under §§ 3.459, 3.460 and 3.461 will be equally divided among the children.

(e) The amount payable for a child in custody of and residing with the surviving spouse shall be paid to the surviving spouse. Amounts payable to a surviving spouse for a child in the surviving spouse's custody but residing with someone else may be apportioned if the surviving spouse is not reasonably contributing to the child's support.

(f) Prior to release of any amounts the relationship of the claimant and the dependency of a parent will be fully developed, and the necessary evidence secured.

(g) The provisions of § 3.460 are applicable where the surviving spouse is entitled to a higher rate of pension under the circumstances described in that section.

[26 FR 1594, Feb. 24, 1961, as amended at 26 FR 7266, Aug. 11, 1961; 27 FR 6974, July 24, 1962; 32 FR 13226, Sept. 19, 1967; 37 FR 6678, Apr. 1, 1972; 44 FR 45939, Aug. 6, 1979]

**§ 3.451 Special apportionments.**

Without regard to any other provision regarding apportionment where hardship is shown to exist, pension, compensation, emergency officers' retirement pay, or dependency and indemnity compensation may be specially apportioned between the veteran and his or her dependents or the surviving spouse and children on the basis of the facts in the individual case as long as it does not cause undue hardship to the other persons in interest, except as to those cases covered by § 3.458(b) and (c). In determining the basis for special apportionment, consideration will be given such factors as: Amount of Department of Veterans Affairs benefits payable; other resources and income of the veteran and those dependents in whose behalf apportionment is claimed; and special needs of the veteran, his or her dependents, and the apportionment claimants. The amount apportioned should generally be consistent with the total number of dependents involved. Ordinarily, apportionment of more than 50 percent of the veteran's benefits would constitute undue hardship on him or her while apportionment of less than 20 percent of his or her benefits would not provide a reasonable amount for any apportionnee.

[44 FR 45940, Aug. 6, 1979]

**§ 3.452 Situations when benefits may be apportioned.**

Veterans benefits may be apportioned:

(a) If the veteran is not residing with his or her spouse or his or her children and a claim for apportionment is filed for or on behalf of the spouse or children.

(b) Pending the appointment of a guardian or other fiduciary.

(c)(1) Where an incompetent veteran without a fiduciary is receiving institutional care by the United States or a political subdivision, his or her benefit may be apportioned for a spouse or child, or, except as provided in paragraph (c)(2), for a dependent parent, unless such benefit is paid to a spouse ("as wife" or "as husband") for the use of the veteran and his or her dependents.

(2) Where a married veteran is receiving section 306 or improved pension and the amount payable is reduced under § 3.551(c) because of hospitalization, an apportionment may be paid to the veteran's spouse as provided in § 3.454(b).

(Authority: 38 U.S.C. 501(a); 5307; 5503(a))

(d) Where additional compensation is payable on behalf of a parent and the veteran or his or her guardian neglects or refuses to contribute such an amount to the support of the parent the additional compensation will be paid to the parent upon receipt of a claim.

**§ 3.454 Veterans disability pension.**

Apportionment of disability pension will be as follows:

(a) Where a veteran with spouse, or child is incompetent and without legal fiduciary and is maintained in an institution by the United States or any political subdivision thereof, \$25 monthly will be paid as an institutional award to the Director of a Department of Veterans Affairs medical center or chief officer of a non-Department of Veterans Affairs institution for the use of the veteran, and the balance will be paid to the dependent or dependents. If the veteran has no spouse, or child but has a dependent parent, apportionment will be in accordance with § 3.451.

(b)(1) Where the amount of section 306 pension payable to a married veteran under 38 U.S.C. 1521(b), as in effect on December 31, 1978, is reduced to \$50 monthly under § 3.551(c), an apportionment may be made to such veteran's spouse upon an affirmative showing of

hardship. The amount of the apportionment generally will be the difference between \$50 and the total amount of pension payable on December 31, 1978.

(Authority: 38 U.S.C. 5503(a))

(2) Where the amount of improved pension payable to a married veteran under 38 U.S.C. 1521(b) is reduced to \$60 monthly under § 3.551(d) or (e)(2), an apportionment may be made to such veteran's spouse upon an affirmative showing of hardship. The amount of the apportionment generally will be the difference between \$50 and the rate payable if pension was being paid under 38 U.S.C. 1521(c) including the additional amount payable under 38 U.S.C. 1521(e) if the veteran is so entitled.

The amount of the apportionment generally will be the difference between \$90 and the rate payable if pension was being paid under 38 U.S.C. 1521(c) including the additional amount payable under 38 U.S.C. 1521(e) if the veteran is so entitled.

**§ 3.458 Veteran's benefits not apportionable.**

Veteran's benefits will not be apportioned:

(b) Where the spouse of the disabled person has been found guilty of conjugal infidelity by a court having proper jurisdiction.

(c) For purported or legal spouse of the veteran if it has been determined that he or she has lived with another person and held herself or himself out openly to the public to be the spouse of such other person, except where such

### § 3.459

relationship was entered into in good faith with a reasonable basis (for example trickery on the part of the veteran) for the spouse believing that the marriage to the veteran was legally terminated. No apportionment to the spouse will thereafter be made unless there has been a reconciliation and later estrangement.

(d) Where the child of the disabled person has been legally adopted by another person, except the additional compensation payable for the child.

(e) Where a child enters the active military, air, or naval service, any additional amount will be paid to the veteran unless such child is included in an existing apportionment to an estranged spouse. No adjustment in the apportioned award will be made based on the child's entry into service.

(f)(1) For the spouse, child, father or mother of a disabled veteran, where forfeiture was declared prior to September 2, 1959, if the dependent is determined by the Department of Veterans Affairs to have been guilty of mutiny, treason, sabotage, or rendering assistance to an enemy of the United States or its allies.

(2) For any dependent of a disabled veteran, or surviving spouse where forfeiture of benefits by a person primarily entitled was declared after September 1, 1959, by reason of fraud, treasonable acts, or subversive activities.

(Authority: 38 U.S.C. 6103(b); 6104(c); 6105(a))

(g) Until the estranged spouse of a veteran files claim for an apportioned share. If there are any children of the veteran not in his or her custody an apportionment will not be authorized unless and until a claim for an apportioned share is filed in their behalf.

### § 3.459 Death compensation.

amount of an aid and attendance allowance where applicable.

[40 FR 21725, May 19, 1975, as amended at 44 FR 45940, Aug. 6, 1979]

### § 3.460 Death pension.

Death pension will be apportioned if the child or children of the deceased veteran are not in the custody of the surviving spouse. Where the surviving spouse's rate is in excess of \$70 monthly because of having been the spouse of the veteran during service or because of need for regular aid and attendance, the additional amount will be added to the surviving spouse's share.

(a) *Civil, Indian and Spanish-American wars.* Where pension is payable under 38 U.S.C. 1532, 1534, or 1536 apportionment will be based on the facts in the individual case in accordance with § 3.451.

(b) *Section 306 and old-law death pension.* Appointment of benefits provided under these pension programs will be at rates approved by the Under Secretary for Benefits except when the facts and circumstances in a case warrant special apportionment under § 3.451.

(Authority: 38 U.S.C. 5307)

(c) *Improved death pension.* Apportionment of the benefits provided under this program shall be made under the special apportionment provision of § 3.451.

### § 3.461 Dependency and indemnity compensation.

(a) *Conditions under which apportionment may be made.* The surviving spouse's award of dependency and indemnity compensation will be apportioned where there is a child or children under 18 years of age and not in the custody of the surviving spouse. The surviving spouse's award of dependency and indemnity compensation will not be apportioned under this condition for a child over the age of 18 years.

(b) *Rates payable.* (1) The share for each of the children under 18 years of age, including those in the surviving

spouse's custody as well as those who are not in such custody, will be at rates approved by the Under Secretary for Benefits except when the facts and circumstances in a case warrant special apportionment under § 3.451. The share for the surviving spouse will be the difference between the children's share and the total amount payable. In the application of this rule, however, the surviving spouse's share will not be reduced to an amount less than 50 percent of that to which the surviving spouse would otherwise be entitled.

(2) The additional amount of aid and attendance, where applicable, will be added to the surviving spouse's share and not otherwise included in the computation.

(3) Where the surviving spouse has elected to receive dependency and indemnity compensation instead of death compensation, the share of dependency and indemnity compensation for a child or children under 18 years of age will be whichever is the greater:

(i) The apportioned share computed under paragraph (b)(1) of this section; or

(ii) The share which would have been payable as death compensation but not in excess of the total dependency and indemnity compensation.

#### HOSPITALIZATION ADJUSTMENTS

#### § 3.551 Reduction because of hospitalization.

(a) *General.* Pension is subject to reduction as specified below when a veteran who has neither spouse, child nor dependent parent is hospitalized, unless the veteran is hospitalized for Hansen's disease. The provisions of this section apply to initial periods of hospitalization and to readmissions following discharge from a prior period of hospitalization. If the veteran is hospitalized for observation and examination, the date treatment began is considered the date of admission. Special rules governing discontinuance of aid and attendance allowance are contained in § 3.552. Except as otherwise indicated the terms "hospitalized" and "hospitalization" in §§ 3.551 through 3.556 mean:

(1) Hospital treatment in a Department of Veterans Affairs hospital or in any hospital at Department of Veterans Affairs expense.

(2) Institutional, domiciliary or nursing home care in a Department of Veterans Affairs institution or domiciliary or at Department of Veterans Affairs expense.

(Authority: 38 U.S.C. 5503(a))

(b) *Old-law pension.* (1) Old law pension in excess of \$30 monthly for a veteran who has neither spouse, child nor dependent parent shall continue at the full monthly rate until the end of the sixth calendar month following the month of admission for hospitalization. The rate payable will be reduced effective the first of the seventh calendar

month to \$30 monthly or 50 percent of the amount otherwise payable, whichever is greater. The reduced rate will be effective the first day of the seventh calendar month following admission. Payment of the amount withheld may be made on termination of hospitalization, as provided in § 3.556. (Sec. 306(b))

(2) *Readmission following regular discharge.* Where a veteran has been given an approved discharge or release, readmission the next day to the same or any other VA institution begins a new period of hospitalization, unless the veteran was released for purposes of admission to another VA institution.

(3) *Readmission following irregular discharge.* When a veteran whose award is subject to reduction under this paragraph has been discharged or released from a VA institution against medical advice or as a result of disciplinary action, reentry within 6 months from the date of previous admission constitutes a continuation of that period of hospitalization and the award will not be reduced prior to the first day of the seventh calendar month following the month of original admission, exclusive of authorized absences. Reentry 6 months or more after such discharge or release shall be considered a new admission.

(Authority: 38 U.S.C. 5503(a))

(c) *Section 306 pension.* (1) Where any veteran having neither spouse nor child, or any veteran who is married or has a child and is receiving pension as a veteran without dependents, is being furnished hospital, nursing home or domiciliary care by the Department of Veterans Affairs, no pension in excess of \$50 monthly shall be paid to or for the veteran for any period after the end of the second full calendar month following the month of admission for such care.

(Authority: 38 U.S.C. 5503(a))

(2) No pension in excess of \$50 monthly shall be paid to or for a veteran having neither spouse nor child, or to a veteran who is married or has a child and is receiving pension as a veteran without dependents, for any period after the month in which the veteran is readmitted within 6 months of a period

of care for which pension was reduced under paragraph (c) (1) of this section.

(Authority: 38 U.S.C. 5503(a))

(3) Where section 306 pension is being paid to a married veteran at a rate for a veteran without dependents all or any part of the monthly amount of pension withheld in excess of \$50 may be apportioned for a spouse as provided in §3.454(b).

(d) *Improved pension prior to February 1, 1990.* (1) Where any veteran having neither spouse nor child, or any veteran who is married or has a child and is receiving pension as a veteran without dependents, is being furnished domiciliary care by VA, no pension in excess of \$60 monthly shall be paid to or for the veteran for any period after the end of the second full calendar month following the month of admission for such care. (38 U.S.C. 5503(a))

(2) Where any veteran having neither spouse nor child, or any veteran who is married or has a child and is receiving pension as a veteran without dependents, is furnished hospital or nursing home care by VA, no pension in excess of \$60 monthly shall be paid to or for the veteran for any period after the end of the third full calendar month following the month of admission for such care. (38 U.S.C. 5503(a))

(3) No pension in excess of \$60 monthly shall be paid to or for a veteran having neither spouse nor child, or to a veteran who is married or has a child and is receiving pension as a veteran without dependents, for any period after the month in which the veteran is readmitted within 6 months of a period of care for which pension was reduced under paragraph (d)(1) or (2) of this section. (38 U.S.C. 5503(a))

(4) Where improved pension is being paid to a married veteran at the rate prescribed by 38 U.S.C. 1521(b) all or any part of the rate payable under 38 U.S.C. 1521(c) may be apportioned for a spouse as provided in §3.454(b). (38 U.S.C. 5503(a))

(5) The provisions of paragraphs (d) (1), (2), and (3) of this section are not applicable to any veteran who has a child, but is receiving pension as a veteran without a dependent because it is reasonable that some part of the child's estate be consumed for the

child's maintenance under 38 U.S.C. 1522(b).

(6) For the purpose of paragraphs (d) (1), (2), and (3) of this section, if a veteran is furnished hospital or nursing home care by VA and then is transferred to VA-furnished domiciliary care, the period of hospital or nursing home care shall be considered as domiciliary care. Similarly, if a veteran is furnished domiciliary care by VA and then is transferred to VA-furnished hospital or nursing home care, the period of domiciliary care shall be considered hospital or nursing home care.

(e) *Improved pension after January 31, 1990.* (1) Where any veteran having neither spouse nor child, or any veteran who is married or has a child and is receiving pension as a veteran without dependents, is furnished domiciliary or nursing home care by VA, no pension in excess of \$90 monthly shall be paid to or for the veteran for any period after the end of the third full calendar month following the month of admission for such care.

(Authority: 38 U.S.C. 5503(a))

(2) No pension in excess of \$90 monthly shall be paid to a veteran having neither spouse nor child, or to a veteran who is married or has a child and is receiving pension as a veteran without dependents, for any period after the month in which the veteran is readmitted within six months of a period of domiciliary or nursing home care for which pension was reduced under paragraph (e)(1) of this section.

(3) Where improved pension is being paid to a married veteran at the rate prescribed by 38 U.S.C. 1521(b) all or any part of the rate payable under 38 U.S.C. 1521(c) may be apportioned for a spouse as provided in §3.454(b).

(Authority: 38 U.S.C. 5503(a))

(4) For the purposes of paragraph (e)(1) of this section, if a veteran is furnished hospital care by VA and then is transferred to VA-furnished nursing home or domiciliary care, the period of hospital care shall not be considered as nursing home or domiciliary care. Transfers from VA-furnished nursing home or domiciliary care to VA-furnished hospital care then back to nursing home or domiciliary care shall be

considered as continuous nursing home or domiciliary care provided the period of hospitalization does not exceed six months. Similarly, if a veteran is transferred from domiciliary or nursing home to a VA hospital and dies while so hospitalized, the entire period of VA care shall be considered as domiciliary or nursing home care. Nursing home or domiciliary care shall be considered as terminated effective the date of transfer to a VA hospital if the veteran is completely discharged from VA care following the period of hospitalization or if the period of hospitalization exceeds six months.

(5) Effective February 1, 1990, reductions of improved pension based on admissions or readmissions to VA hospitals or any hospital at VA expense shall no longer be made except when required under the provisions of 38 CFR 3.552.

(6) The provisions of paragraphs (e) (1) and (2) of this section are not applicable to any veteran who has a child, but is receiving pension as a veteran without a dependent because it is reasonable that some part of the child's estate be consumed for the child's maintenance under 38 U.S.C. 1522(b).

(f) *Computation of period.* For purposes of computing periods of hospitalization in paragraph (c) of this section, authorized absences of 96 hours or less will be included as periods of hospitalization, and those of over 96 hours excluded. Also, for purposes of that paragraph, periods of treatment or care of 60 total days will be considered two calendar months of hospitalization and periods of 90 total days considered three calendar months, exclusive of authorized absences in excess of 96 hours.

(g) *Proof of dependents.* The veteran will be considered to have neither spouse, child nor dependent parent in the absence of satisfactory proof. Statements contained in the claims folder concerning the existence of such dependents will be considered a prima facie showing. If the necessary evidence is not received: (1) Within 60 days after the date of request where the award is subject to reduction under paragraph (b) of this section, or (2) prior to the effective date of reduction under paragraph (c) of this section, the veteran's award will be reduced on the

basis of no dependents. The full rate may be authorized from the date of reduction if the necessary evidence is received within 1 year after the date of request.

(h) *Hospitalization.* (1) *General.* The reduction required by paragraphs (d) and (e), except as they refer to domiciliary care, shall not be made for up to three additional calendar months after the last day of the third month referred to in paragraphs (d)(2) or (e)(1) of this section, or after the last day of the month referred to in paragraphs (d)(3) or (e)(2) of this section, under the following conditions:

(i) The Chief Medical Director, or designee, certifies that the primary purpose for furnishing hospital or nursing home care during the additional period is to provide the veteran with a prescribed program of rehabilitation under chapter 17 of title 38, United States Code, designed to restore the veteran's ability to function within the veteran's family and community; and

(ii) The veteran is admitted to a Department of Veterans Affairs hospital or nursing home after October 16, 1981.

(2) *Continued hospitalization for rehabilitation.* The reduction required by paragraph (d) or (e) of this section shall not be made for periods after the expiration of the additional period provided by paragraph (h)(1) of this section under the following conditions:

(i) The veteran remains hospitalized or in a nursing home after the expiration of the additional period provided by paragraph (h)(1) of this section; and

(ii) The Chief Medical Director, or designee, certifies that the primary purpose for furnishing continued hospital or nursing home care after the additional period provided by paragraph (h)(1) of this section is to provide the veteran with a program of rehabilitation under chapter 17 of title 38, United States Code, designed to restore the veteran's ability to function within the veteran's family and community.

(3) *Termination of hospitalization for rehabilitation.* Pension in excess of \$60 monthly or \$90, if reduction is under paragraph (e)(1) payable to a veteran under this paragraph shall be reduced the end of the calendar month in which the primary purpose of hospitalization or nursing home care is no longer to

provide the veteran with a program of rehabilitation under chapter 17 of title 38, United States Code designed to restore the veteran's ability to function within the veteran's family and community.

(i) *Certain veterans and surviving spouses receiving Medicaid-covered nursing home care.* Effective November 5, 1990, and terminating on September 30, 2011, if a veteran having neither spouse nor child, or a surviving spouse having no child, is receiving Medicaid-covered nursing home care, no pension or death pension in excess of \$90 per month shall be paid to or for the veteran or the surviving spouse for any period after the month in which the Medicaid payments begin. A veteran or surviving spouse is not liable for any pension paid in excess of the \$90 per month by reason of the Secretary's inability or failure to reduce payments, unless that inability or failure is the result of willful concealment by the veteran or surviving spouse of information necessary to make that reduction.

**§ 3.552 Adjustment of allowance for aid and attendance.**

(a)(1) When a veteran who is already entitled to the aid and attendance allowance is hospitalized, the additional compensation or increased pension for aid and attendance shall be discontinued as provided in paragraph (b) of this section except as to disabilities specified in paragraph (a)(2) of this section. (See paragraph (k) of this section for rules applicable to a veteran who establishes entitlement to the aid and

attendance allowance on or after date of admission to hospitalization).

(2) The allowance for aid and attendance will be continued during hospitalization where the disability is paraplegia involving paralysis of both lower extremities together with loss of anal and bladder sphincter control, or Hansen's disease, except where discontinuance is required by paragraph (b)(2) of this section. In addition, in pension cases only, the aid and attendance allowance will be continued where the pensionable disability is blindness (visual acuity  $\frac{5}{200}$  or less) or concentric contraction of visual field to 5 degrees or less. Awards are, however, subject to the provisions of § 3.551 (except where the disabling condition is Hansen's disease).

(3) Additional compensation for dependents under § 3.4(b)(2) is payable during hospitalization in addition to the rates authorized by this section. The rates specified will also be increased by amounts authorized under 38 U.S.C. 1114(k) based on independently ratable disability, subject to the statutory ceiling on the total amount of compensation payable as set forth in § 3.350(a).

(b)(1) Where a veteran is admitted for hospitalization on or after October 1, 1964, the additional compensation or increased pension for aid and attendance will be discontinued effective the last day of the month following the month in which the veteran is admitted for hospitalization at the expense of the Department of Veterans Affairs.

(2) When a veteran is hospitalized at the expense of the United States Government, the additional aid and attendance allowance authorized by 38 U.S.C. 1114(r) (1) or (2) will be discontinued effective the last day of the month following the month in which the veteran is admitted for hospitalization.

(3) Where a veteran affected by the provisions of paragraph (b) (1) and (2) or paragraph (k) of this section is discharged or released from the hospital against medical advice or as the result of disciplinary action, and is readmitted to such hospitalization within 6 months after that date, the allowance, additional compensation, or increased pension will be discontinued effective the day preceding the date of

readmission. A readmission 6 months or more after such discharge or release will be considered as a new admission.

U.S.C. 1114(m) since the disability requiring aid and attendance is 100 percent disabling.

(Authority: 38 U.S.C. 5503(e))

(Authority: 38 U.S.C. 1114(p))

(c) Reduction will not be made where the same monthly rate of compensation would be payable without consideration of need for regular aid and attendance. This can only be determined after careful review of the current maximum entitlement without regard to any amount for aid and attendance.

(2) If entitlement is under section 1114(m), at the rate under 38 U.S.C. 1114(n).

(d) Where entitlement by reason of need for regular aid and attendance is the basis of the monthly rate under 38 U.S.C. 1114(l) the award will be reduced to the rate payable under 38 U.S.C. 1114(s).

(3) If entitlement is under section 1114(n), the rate under 38 U.S.C. 1114(o) would be continued, since the disability previously causing the need for regular aid and attendance would then be totally disabling entitling the veteran to the maximum rate under 38 U.S.C. 1114(p).

(e) Where a veteran is in receipt of section 306 pension, the aid and attendance allowance shall be reduced to the housebound rate of \$61 monthly (or \$76.25 if the veteran was age 78 or older on December 31, 1978). Where a veteran is in receipt of old-law pension, the total amount payable shall be reduced to \$100 monthly. Where a veteran is in receipt of improved pension, the applicable aid and attendance rate shall be reduced to the otherwise applicable rate under 38 U.S.C. 1521(e). No reduction shall be made, however, for any case involving the disabilities specified in paragraph (a)(2) of this section.

(h) If, because of blindness, a veteran requires regular aid and attendance, but has better vision than "light perception only" the award under 38 U.S.C. 1114(m) will be reduced while hospitalized to the rate payable under 38 U.S.C. 1114(l).

(f) Where entitlement to the rate in 38 U.S.C. 1114(o) is based in part on need for regular aid and attendance reduction because of being hospitalized will be to the rate payable for the other conditions shown.

(i) If the disability meets the aid and attendance requirements of 38 U.S.C. 1114(l) and the intermediate or next higher rate was assigned for disability independently ratable at 50 percent or 100 percent, the award based on such entitlement will be reduced because of hospitalization to the amount payable under 38 U.S.C. 1114(s).

(g) Where a veteran entitled to one of the rates under 38 U.S.C. 1114 (l), (m), or (n) by reason of anatomical losses or losses of use of extremities, blindness (visual acuity 5/200 or less or light perception only), or anatomical loss of both eyes is being paid compensation at the rate under 38 U.S.C. 1114(o) because of entitlement to another rate under section 1114(l) on account of need for aid and attendance, the compensation will be reduced while hospitalized to the following:

(2) If the effective date of entitlement to the aid and attendance allowance is on or after the date of admission to hospitalization, the aid and attendance allowance shall not be paid until the date of discharge or release from hospitalization, unless the aid and attendance allowance is based on a disability specified in paragraph (a)(2)

(3) If the aid and attendance allowance is not payable to a veteran under paragraph (k)(2) of this section, the veteran shall receive the appropriate reduced rate under paragraphs (d) through (j) of this section while hospitalized.

**§§ 3.553–3.555 [Reserved]**

**§ 3.556 Adjustment on discharge or release.**

(a) *Temporary Absence—30 days.* (1) Where a competent veteran whose award was reduced under § 3.551(b) is placed on non-bed care status or other authorized absence of 30 days or more the full monthly rate, excluding any allowance for regular aid and attendance, will be restored effective the date of reduction. The full monthly rate for an incompetent veteran, or for a competent veteran whose pension was reduced under § 3.551(c), will be restored effective the date of departure from the hospital unless it is determined that apportionment for a spouse should be continued. In all instances, any allowance for regular aid and attendance will be restored effective the date of departure from the hospital.

(2) Upon the veteran's return to the hospital, an award which is subject to reduction under § 3.551 (b) or (c) will again be reduced effective the date of the veteran's return to the hospital. In all instances, any allowance for regular aid and attendance will be discontinued, if in order, effective the date of the veteran's return to the hospital.

(b) *Temporary absence—less than 30 days.* A temporary absence of less than 30 days, including the day of departure, will not require adjustment of the award. This applies to any approved absence. Any allowance for regular aid and attendance for such periods will be

authorized after the veteran has been discharged from the hospital.

(c) *Adjustment based on need.* Where an award of pension was reduced under § 3.551(c), the full rate covering absences of less than 30 days may be restored, subject to prior payments, prior to discharge from hospitalization at the request of the Director of the hospital, center or domiciliary, where this action is necessary to meet the veteran's financial needs, if the veteran has been hospitalized for more than 6 months and the periods of absence exceed a total of 30 days.

(d) *Irregular discharge.* When a competent veteran is given an irregular discharge, the full rate will be restored effective the date of release from the hospital. Payment of any amount withheld under § 3.551(b) will not be authorized until the expiration of 6 months after termination of hospitalization unless the prior release is changed to a regular release. However, amounts not paid under paragraph (c) of this section covering absence of less than 30 days where the award was reduced under § 3.551(c) will be authorized immediately.

(e) *Regular discharge.* When a veteran, either competent or incompetent, is given a regular discharge or release, the full rate, including any allowance for regular aid and attendance will be restored effective the date of release from the hospital, subject to prior payments. The award will be based on the most recent rating and, where the award was reduced under § 3.551(b), will include, in the case of a competent veteran, any amounts withheld because of hospitalization. The amount withheld for an incompetent veteran will not be authorized until the expiration of 6 months following a rating of competency by VA. Any institutional award will be discontinued effective date of last payment, as provided in § 3.501(j). Where an apportionment made under § 3.551(c) is not continued, the apportionment will be discontinued effective the day preceding the date of the veteran's release from the hospital, or, if adjusted, effective the date of the veteran's release from the hospital, unless an overpayment would result. In the excepted cases, the awards to the

veteran and apportionee will be adjusted as of date of last payment.

(Authority: 38 U.S.C. 5503)

(f) *Types of discharges.* A discharge is considered regular if it is granted because of having received maximum hospital benefits. A discharge for disciplinary reasons or because of the patient's refusal to accept, neglect of or obstruction of treatment; refusal to accept transfer, or failure to return from authorized absence, is considered irregular.

#### ADJUSTMENTS AND RESUMPTIONS

### § 3.650 Rate for additional dependent.

(a) *Running awards.* Except as provided in paragraph (c) of this section where a claim is filed by an additional

dependent who has apparent entitlement which, if established, would require reduction of pension, compensation or dependency and indemnity compensation being paid to another dependent, payments to the person or persons on the rolls will be reduced as follows:

(1) Where benefits would be payable from a date prior to the date of filing claim, the reduction will be effective from the date of potential entitlement of the additional dependent.

(2) Where benefits would be payable from the date of filing claim, the reduction will be effective the date of receipt of the claim by the additional dependent, or date of last payment, whichever is later.

If entitlement of the additional dependent is not established, benefits previously being paid will be resumed, if otherwise in order, commencing the day following the effective date of reduction.

(b) *New awards.* If the additional dependent is found to be entitled, the full rate payable will be authorized effective the date of entitlement.

(c) *Retroactive DIC award to a school child—(1) General.* If DIC (dependency and indemnity compensation) is being currently paid to a veteran's child or children under 38 U.S.C. 1313(a), and DIC is retroactively awarded to an additional child of the veteran based on school attendance, the full rate payable to the additional child shall be awarded the first of the month following the month in which the award to the additional child is approved. The rate payable under the current award shall be reduced effective the date the full rate is awarded to the additional child. The rate payable to the additional child for periods prior to the date the full rate is awarded shall be the difference between the rate payable for all the children and the rate that was payable before the additional child established entitlement.

(2) *Applicability.* The provisions of paragraph (c)(1) of this section are applicable only when the following conditions are met:

(i) The additional child was receiving DIC under 38 U.S.C. 1313(a) prior to attaining age 18; and

(ii) DIC for the additional child was discontinued on or after attainment of age 18; and

(iii) After DIC has been discontinued, the additional child reestablishes entitlement to DIC under 38 U.S.C. 1313(a) based on attendance at an approved school and the effective date of entitlement is prior to the date the Department of Veterans Affairs receives the additional child's claim to reestablish entitlement.

(Authority: 38 U.S.C. 1313(b))

(3) *Effective date.* This paragraph is applicable to DIC paid after September 30, 1981. If DIC is retroactively awarded for a period prior to October 1, 1981, payment for the period prior to October 1, 1981 shall be made under paragraph (a) of this section and payment for the period after September 30, 1981, shall be made under this paragraph.

**§ 3.651 Change in status of dependents.**

Except as otherwise provided:

(a) A payee who becomes entitled to pension, compensation, or dependency and indemnity compensation or to a greater rate because payment of that benefit to another payee has been reduced or discontinued will be awarded the benefit or increased benefit without the filing of a new claim.

(b) The commencement or adjustment will be effective the day following the reduction or discontinuance of the award to the other payee if the necessary evidence is received in the Department of Veterans Affairs within 1 year from the date of request therefor; otherwise from the date of receipt of a new claim.

(c) The rate for the persons entitled will be the rate that would have been payable if they had been the only original persons entitled.

**§ 3.652 Periodic certification of continued eligibility.**

Except as otherwise provided:

(a) Individuals to whom benefits are being paid are required to certify, when

requested, that any or all of the eligibility factors which established entitlement to the benefit being paid continue to exist. The beneficiary will be advised at the time of the request that the certification must be furnished within 60 days from the date of the request therefor and that failure to do so will result in the reduction or termination of benefits.

(1) If the certification is not received within 60 days from the date of the request, the eligibility factor(s) for which certification was requested will be considered to have ceased to exist as of the end of the month in which it was last shown by the evidence of record to have existed. For purposes of this paragraph, the effective date of reduction or termination of benefits will be in accordance with §§ 3.500 through 3.504 as in effect on the date the eligibility factor(s) is considered to have ceased to exist. The claimant will be advised of the proposed reduction or termination of benefits and the date the proposed action will be effective. An additional 60 days from the date of notice of the proposed action will be provided for the claimant to respond.

(2) If the certification is not received within the additional 60 day period, the proposed reduction or termination of benefits will be put into effect.

(b) When the required certification is received, benefits will be adjusted, if necessary, in accordance with the facts found.

#### § 3.653 Foreign residence.

(a) *General.* Pension, compensation, or dependency and indemnity compensation is not payable to an alien who is located in the territory of or under the control of an enemy of the United States or of its allies. The benefit may, however, be paid to the dependents of such alien, but not in excess of the amount which would be payable to the dependent if the alien were dead.

(Authority: 38 U.S.C. 5308)

(b) *Retroactive payments.* Any amount not paid to an alien under this section, together with any amounts placed to the alien's credit in the special deposit account in the Treasury or covered into the Treasury as miscellaneous receipts under 31 U.S.C. 123-128 will be paid to him or her on the filing of a new claim. Such claim should be supported with evidence that the alien has not been guilty of mutiny, treason, sabotage or rendering assistance to an enemy, as provided in § 3.902(a).

(Authority: 38 U.S.C. 5309)

(c) *Treasury Department list.* This paragraph is applicable to claims for benefits for aliens residing in countries identified on the list established by the Secretary of the Treasury as countries to which checks could not be delivered with reasonable assurance that the payee would actually receive and be able to negotiate a check for full value.

(1) *Evidence requests.* Requests for evidence to establish either basic or continued entitlement will not be made where such evidence would be obtained from a country on the Treasury Department list unless the claimant requests that checks be sent to him or her in care of a U.S. Foreign Service post in a country which is not on the list.

(2) *Awards.* Payments for a claimant residing in a country included in the Treasury Department list will not be authorized unless the claimant requests that checks be sent to him or her in care of a U.S. Foreign Service post in a country which is not on the list.

(3) *Retroactive payments.* Where award action is authorized under paragraph (c)(2) of this section, or a new claim has been filed after a country has been removed from the Treasury Department list, all benefits to which the payee is otherwise entitled will be paid as provided in paragraph (b) of this section. There is no time limit for filing claim.

(d) *Germany and Japan.* Where payments were discontinued before July 1, 1954, because the payee was a citizen or

### § 3.654 Active service pay.

(a) *General.* Pension, compensation, or retirement pay will be discontinued under the circumstances stated in § 3.700(a)(1) for any period for which the veteran received active service pay. For the purposes of this section, active service pay means pay received for active duty, active duty for training or inactive duty training.

(b) *Active duty.* (1) Where the veteran returns to active duty status, the award will be discontinued effective the day preceding reentrance into active duty status. If the exact date is not known, payments will be discontinued effective date of last payment and as of the correct date when the date of reentrance has been ascertained from the service department.

(2) Payments, if otherwise in order, will be resumed effective the day following release from active duty if claim for recommencement of payments is received within 1 year from the date of such release: otherwise payments will be resumed effective 1 year prior to the date of receipt of a new claim. Prior determinations of service connection will not be disturbed except as provided in § 3.105. Compensation will be authorized based on the degree of disability found to exist at the time the award is resumed. Disability will be evaluated on the basis of all facts, including records from the service department relating to the most recent period of active service. If a disability is incurred or aggravated in the second period of service, compensation for that disability cannot be paid unless a claim therefor is filed.

(c) *Training duty.* Prospective adjustment of awards may be made where the veteran waives his or her Department of Veterans Affairs benefit covering anticipated receipt of active service pay because of expected periods of active duty for training or inactive duty training. Where readjustment is in order because service pay was not re-

ceived for expected training duty, retroactive payments may be authorized if a claim for readjustment is received within 1 year after the end of the fiscal year for which payments were waived.

### § 3.655 Failure to report for Department of Veterans Affairs examination.

(a) *General.* When entitlement or continued entitlement to a benefit cannot be established or confirmed without a current VA examination or reexamination and a claimant, without good cause, fails to report for such examination, or reexamination, action shall be taken in accordance with paragraph (b) or (c) of this section as appropriate. Examples of good cause include, but are not limited to, the illness or hospitalization of the claimant, death of an immediate family member, etc. For purposes of this section, the terms *examination* and *reexamination* include periods of hospital observation when required by VA.

(b) *Original or reopened claim, or claim for increase.* When a claimant fails to report for an examination scheduled in conjunction with an original compensation claim, the claim shall be rated based on the evidence of record. When the examination was scheduled in conjunction with any other original claim, a reopened claim for a benefit which was previously disallowed, or a claim for increase, the claim shall be denied.

(c) *Running award.* (1) When a claimant fails to report for a reexamination and the issue is continuing entitlement, VA shall issue a pretermination notice advising the payee that payment for the disability or disabilities for which the reexamination was scheduled will be discontinued or, if a minimum evaluation is established in part 4 of this title or there is an evaluation protected under § 3.951(b) of this part, reduced to the lower evaluation. Such notice shall also include the prospective date of discontinuance or reduction, the reason therefor and a statement of the claimant's procedural and appellate rights. The claimant shall be allowed 60 days to indicate his or her

### § 3.656

willingness to report for a reexamination or to present evidence that payment for the disability or disabilities for which the reexamination was scheduled should not be discontinued or reduced.

(2) If there is no response within 60 days, or if the evidence submitted does not establish continued entitlement, payment for such disability or disabilities shall be discontinued or reduced as of the date indicated in the pretermination notice or the date of last payment, whichever is later.

(3) If notice is received that the claimant is willing to report for a reexamination before payment has been discontinued or reduced, action to adjust payment shall be deferred. The reexamination shall be rescheduled and the claimant notified that failure to report for the rescheduled examination shall be cause for immediate discontinuance or reduction of payment. When a claimant fails to report for such rescheduled examination, payment shall be reduced or discontinued as of the date of last payment and shall not be further adjusted until a VA examination has been conducted and the report reviewed.

(4) If within 30 days of a pretermination notice issued under paragraph (c)(1) of this section the claimant requests a hearing, action to adjust payment shall be deferred as set forth in § 3.105(h)(1) of this part. If a hearing is requested more than 30 days after such pretermination notice but before the proposed date of discontinuance or reduction, a hearing shall be scheduled, but payment shall nevertheless be discontinued or reduced as of the date proposed in the pretermination notice or date of last payment, whichever is later, unless information is presented which warrants a different determination. When the claimant has also expressed willingness to report for an examination, however, the provisions of paragraph (c)(3) of this section shall apply.

The total amount payable will be the lesser of these amounts:

(1) Dependency and indemnity compensation.

(2) Amount of compensation payable to the veteran at the time of disappearance, subject to authorized insurance deductions.

(b) Where a veteran's whereabouts become known to the Department of Veterans Affairs after an award to dependents has been made as provided in this section, the award to the dependents will be discontinued effective date of last payment, and appropriate action will be taken to adjust the veteran's award in accordance with the facts found.

(Authority: 38 U.S.C. 1158)

(c) Awards to dependents will not be continued under this section in any case where the facts are such as to bring into effect the presumption of death under § 3.212.

(d) When any veteran has disappeared for 90 days or more and the veteran's whereabouts remain unknown to members of the veteran's family and the Department of Veterans Affairs, any improved pension, section 306 or service pension which the veteran was receiving or entitled to receive may be paid to or for the spouse or children. The status of the veteran at the time of disappearance, with respect to permanent and total disability, income and net worth will be presumed to continue unchanged. Payment for the spouse or

children will be effective the day following the date of last payment to the veteran if a claim is received within 1 year after that date; otherwise from date of receipt of a claim. The total amount payable will be the lesser of these amounts:

(1) The service death pension rate if the veteran was receiving service pension or the improved death pension rate if the veteran was receiving section 306 or improved pension.

Where a surviving spouse establishes entitlement to pension, compensation, or dependency and indemnity compensation, an award to another person as surviving spouse, or for a child or children as if there were no surviving spouse will be discontinued or adjusted as provided in this section.

(a) *Surviving spouse's awards.* For periods on or after December 1, 1962, where a legal surviving spouse establishes entitlement after payments have been made to another person as surviving spouse, the full rate payable to the legal surviving spouse will be authorized effective the date of entitlement. Payments to the former payee will be discontinued as follows:

(1) Where benefits are payable to the legal surviving spouse from a date prior to the date of filing claim, the award to the former payee will be terminated the day preceding the effective date of the award to the legal surviving spouse.

(2) Where benefits are payable to the legal surviving spouse from the date of filing claim, the award to the former payee will be terminated effective the date of receipt of the claim or date of last payment, whichever is later.

(b) *Children's awards.* (1) Where a surviving spouse establishes entitlement and:

(i) Payments were being made for a child or children at a lower monthly

rate than that provided where there is a surviving spouse, the award to the surviving spouse will be effective the date provided by the applicable law, and will be the difference between the rate paid for the children and the rate payable for the surviving spouse and children. The full rate will be payable for the surviving spouse effective the day following the date of last payment for the children;

(ii) Payments were being made for a child or children at the same or higher monthly rate than that provided where there is a surviving spouse, the award to the surviving spouse will be effective the day following the date of last payment on the awards on behalf of the children.

(2) Where a surviving spouse has received benefits after entitlement was terminated and,

(i) The child or children were entitled to a lower monthly rate, the award to the surviving spouse will be amended to authorize payment at the rate provided for the children as if there were no surviving spouse, covering the period from the date the surviving spouse's entitlement terminated to the date of last payment. The award for the child or children will be made effective the following day.

(ii) The child or children were entitled to a higher monthly rate, the award to the surviving spouse will be discontinued effective date of last payment. The award to the children will be effective the day following the date the surviving spouse's entitlement terminated and will be the difference between the rate payable for the children and the rate paid on the surviving spouse's award. ### § 3.660 Dependency, income and estate.

(a) *Reduction or discontinuance*—(1) *General.* A veteran, surviving spouse or child who is receiving pension, or a parent who is receiving compensation or dependency and indemnity compensation must notify the Department of Veterans Affairs of any material change or expected change in his or her income or other circumstances which would affect his or her entitlement to receive, or the rate of, the benefit being paid. Such notice must be furnished when the recipient acquires knowledge that he or she will begin to receive additional income or when his or her marital or dependency status changes. In pension claims subject to § 3.252(b) or § 3.274 and in compensation claims subject to § 3.250(a)(2), notice must be furnished of any material increase in corpus of the estate or net worth.

(2) *Effective dates.* Where reduction or discontinuance of a running award of section 306 pension or old-law pension is required because dependency of another person ceased due to marriage, annulment, divorce or death, or because of an increase in income, which increase could not reasonably have been anticipated based on the amount actually received from that source the year before, the reduction or discontinuance shall be made effective the end of the year in which the increase occurred. Where reduction or discontinuance of a running award of improved pension or dependency and indemnity compensation is required because of an increase in income, the reduction or discontinuance shall be made effective the end of the month in which the increase occurred. Where reduction or discontinuance of a running award of any benefit is required because of an increase in net worth or corpus of estate, because dependency of a parent ceased, or because dependency

of another person ceased prior to October 1, 1982, due to marriage, annulment, divorce, or death, the award shall be reduced or discontinued effective the last day of the calendar year in which the increase occurred or dependency ceased. Except as noted in this subparagraph for section 306 or old-law pension, where the dependency of another person ceased on or after October 1, 1982, due to marriage, annulment, divorce or death, the reduction or discontinuance shall be effective the last day of the month in which dependency ceased.

(Authority: 38 U.S.C. 5112(b))

(3) *Overpayments.* Overpayments created by retroactive discontinuance of benefits will be subject to recovery if not waived. Where dependency and indemnity compensation was being paid to two parents living together, an overpayment will be established on the award to each parent.

(b) *Award or increase; income.* Where pension or dependency and indemnity compensation was not paid for a particular 12-month annualization period because the claim was disallowed, an award was deferred under §3.260(b) or §3.271(f), payments were discontinued or made at a lower rate based on anticipated or actual income, benefits otherwise payable may be authorized commencing the first of a 12-month annualization period as provided in this paragraph. In all other cases, benefits may not be authorized for any period prior to the date of receipt of a new claim.

(1) *Anticipated income.* Where payments were not made or were made at a lower rate because of anticipated income, pension or dependency and indemnity compensation may be awarded or increased in accordance with the facts found but not earlier than the beginning of the appropriate 12-month annualization period if satisfactory evidence is received within the same or the next calendar year.

(Authority: 38 U.S.C. 5110(h))

(2) *Actual income.* Where the claimant's actual income did not permit payment, or payment was made at a lower rate, for a given 12-month annualization period, pension or de-

pendency and indemnity compensation may be awarded or increased, effective the beginning of the next 12-month annualization period, if satisfactory evidence is received within that period.

(c) *Increases; change in status.* Where there is change in the payee's marital status or status of dependents which would permit payment at a higher rate and the change in status is by reason of the claimant's marriage or birth or adoption of a child, the effective date of the increase will be the date of the event if the required evidence is received within 1 year of the event. Where there is a change in dependency status for any reason other than marriage, or the birth or adoption of a child, which would permit payment at a higher rate, the increased rate will be effective the date of receipt of notice constituting an informal claim if the required evidence is received within 1 year of Department of Veterans Affairs request. The rate payable for each period will be determined, as provided in §§3.260(f) or 3.273(c). (See §3.651 as to increase due to termination of payments to another payee. Also see §3.667 as to increase based on school attendance.)

(d) *Corpus of estate; net worth.* Where a claim has been finally disallowed or terminated because of the corpus of estate and net worth provisions of §§3.263 or 3.274 and entitlement is established on the basis of a reduction in estate or net worth, or a change in circumstances such as health, acquisition of a dependent, or increased rate of depletion of the estate, benefits or increased benefits will not be paid for any period prior to the date of receipt of a new claim.

### §3.661 Eligibility Verification Reports.

(a) *Determination and entitlement.* (1) Where the report shows a change in income, net worth, marital status, status of dependents or change in circumstances affecting the application of the net worth provisions, the award will be adjusted in accordance with §3.660(a)(2).

(2) Where there is doubt as to the extent of anticipated income payment of pension or dependency and indemnity

compensation will be authorized at the lowest appropriate rate or will be withheld, as provided in §3.260(b) or §3.271 (f).

(b) *Failure to return report*—(1) *Section 306 and old-law pension*—(i) *Discontinuance*. Discontinuance of old-law or section 306 pension shall be effective the last day of the calendar year for which income (and net worth in a section 306 pension case) was to be reported.

(ii) *Resumption of benefits*. Payment of old-law or section 306 pension may be resumed, if otherwise in order, from the date of last payment if evidence of entitlement is received within the calendar year following the calendar year for which income (and net worth in a section 306 pension case) was to be reported; otherwise pension may not be paid for any period prior to the date of receipt of a new claim.

(2) *Improved pension and dependency and indemnity compensation*—(i) *Discontinuance*. Discontinuance of dependency and indemnity compensation (DIC) or improved pension shall be effective the first day of the 12-month annualization period for which income (and net worth in an improved pension case) was to be reported or the effective date of the award, whichever is the later date.

(ii) *Adjustment of overpayment*. If evidence of entitlement to improved pension or DIC for any period for which payment of improved pension or DIC was discontinued for failure to file an Eligibility Verification Report is received at any time, payment of improved pension or DIC shall be awarded for the period of entitlement for which benefits were discontinued for failure to file an Eligibility Verification Report.

(iii) *Resumption of benefits*. Payment of improved pension and DIC may be resumed, if otherwise in order, from the date of last payment if evidence of entitlement is received within the 12-month annualization period following the 12-month annualization period for which income (and net worth in an improved pension case) was to be reported; otherwise pension or DIC may

not be paid for any period prior to receipt of a new claim.

**§§ 3.662–3.664 [Reserved]**

**§ 3.665 Incarcerated beneficiaries and fugitive felons—compensation.**

(a) *General*. Any person specified in paragraph (c) of this section who is incarcerated in a Federal, State or local penal institution in excess of 60 days for conviction of a felony will not be paid compensation or dependency and indemnity compensation (DIC) in excess of the amount specified in paragraph (d) of this section beginning on the 61st day of incarceration. VA will inform a person whose benefits are subject to this reduction of the rights of the person's dependents to an apportionment while the person is incarcerated, and the conditions under which payments to the person may be resumed upon release from incarceration. In addition, VA will also notify the person's dependents of their right to an apportionment if the VA is aware of their existence and can obtain their addresses. However, no apportionment will be made if the veteran or the dependent is a fugitive felon as defined in paragraph (n) of this section.

(b) *Definitions*. For the purposes of this section the term *compensation* includes disability compensation under 38 U.S.C. 1151. The term *dependency and indemnity compensation* (DIC) includes death compensation payable under 38 U.S.C. 1121 or 1141, death compensation and DIC payable under 38 U.S.C. 1151, and any benefit payable under chapter 13 of title 38, United States Code. The term *release from incarceration* includes participation in a work release or half-way house program, parole, and completion of sentence. For purposes of this section, a felony is any offense punishable by death or imprisonment for a term exceeding 1 year, unless specifically categorized as a misdemeanor under the law of the prosecuting jurisdiction.

(c) *Applicability.* The provisions of paragraph (a) of this section are applicable to the following persons:

(1) A person serving a period of incarceration for conviction of a felony committed after October 7, 1980.

(2) A person serving a period of incarceration after September 30, 1980 (regardless of when the felony was committed) when the following conditions are met:

(i) The person was incarcerated on October 1, 1980; and

(ii) An award of compensation or DIC is approved after September 30, 1980.

(3) A veteran who, on October 7, 1980, was incarcerated in a Federal, State, or local penal institution for a felony committed before that date, and who remains so incarcerated for a conviction of that felony as of December 27, 2001.

(d) *Amount payable during incarceration*—(1) *Veteran rated 20 percent or more.* A veteran to whom the provisions of paragraphs (a) and (c) of this section apply with a service-connected disability evaluation of 20 percent or more shall receive the rate of compensation payable under 38 U.S.C. 1114(a).

(2) *Veteran rated less than 20 percent.* A veteran to whom the provisions of paragraphs (a) and (c) of this section apply with a service-connected disability evaluation of less than 20 percent (even though the rate for 38 U.S.C. 1114 (k) or (q) is paid) shall receive one-half the rate of compensation payable under 38 U.S.C. 1114(a).

(3) *Surviving spouse, parent or child.* A surviving spouse, parent, or child, beneficiary to whom the provisions of paragraphs (a) and (c) of this section apply shall receive one-half the rate of compensation payable under 38 U.S.C. 1114(a).

(e) *Apportionment*—(1) *Compensation.* All or part of the compensation not paid to an incarcerated veteran may be apportioned to the veteran's spouse, child or children and dependent parents on the basis of individual need. In determining individual need consideration shall be given to such factors as the apportionee claimant's income and living expenses, the amount of compensation available to be apportioned, the needs and living expenses of other apportionee claimants as well as any

special needs, if any, of all apportionee claimants.

(2) *DIC.* All or part of the DIC not paid to an incarcerated surviving spouse or other children not in the surviving spouse's custody may be apportioned to another child or children. All or part of the DIC not paid to an incarcerated child may be apportioned to the surviving spouse or other children. These apportionments shall be made on the basis of individual need giving consideration to the factors set forth in paragraph (e)(1) of this section.

(f) *Effective dates.* An apportionment under this section shall be effective the date of reduction of payments made to the incarcerated person, subject to payments to the incarcerated person over the same period, if an informal claim is received within 1 year after notice to the incarcerated person as required by paragraph (a) of this section, and any necessary evidence is received within 1 year from the date of request by the Department of Veterans Affairs; otherwise, payments may not be made for any period prior to the date of receipt of a new informal claim.

(g) *Incarcerated dependent.* No apportionment may be made to or on behalf of any person who is incarcerated in a Federal, State, or local penal institution for conviction of a felony.

(h) *Notice to dependent for whom apportionment granted.* A dependent for whom an apportionment is granted under this section shall be informed that the apportionment is subject to immediate discontinuance upon the incarcerated person's release or participation in a work release or halfway house program. A dependent shall also be informed that if the dependent and the incarcerated person do not live together when the incarcerated person is released (or participates in a work release or halfway house program) the dependent may submit a new claim for apportionment.

(i) *Resumption upon release*—(1) *No apportionment or family reunited.* If there was no apportionment at the time of release from incarceration, or if the released person is reunited with all dependents for whom an apportionment was granted, the released person's

award shall be resumed the date of release from incarceration if the Department of Veterans Affairs receives notice of release within 1 year following release; otherwise the award shall be resumed the date of receipt of notice of release. If there was an apportionment award during incarceration, it shall be discontinued date of last payment to the apportionee upon receipt of notice of release of the incarcerated person. Payment to the released person shall then be resumed at the full rate from date of last payment to the apportionee. Payment to the released person from date of release to date of last payment to the apportionee shall be made at the rate which is the difference between the released person's full rate and the sum of (i) the rate that was payable to the apportionee and (ii) the rate payable during incarceration.

(2) *Apportionment granted and family not reunited.* If there was an apportionment granted during incarceration and the released person is not reunited with all dependents for whom an apportionment was granted, the released person's award shall be resumed as stated in paragraph (i)(1) of this section except that when the released person's award is resumed it shall not include any additional amount payable by reason of a dependent(s) not reunited with the released person. The award to this dependent(s) will then be reduced to the additional amount payable for the dependent(s).

(3) *Apportionment to a dependent parent.* An apportionment made to a dependent parent under this section cannot be continued beyond the veteran's release from incarceration unless the veteran is incompetent and the provisions of § 3.452(c) (1) and (2) are for application. When a competent veteran is released from incarceration an apportionment made to a dependent parent shall be discontinued and the veteran's award resumed as provided in paragraph (i)(1) of this section.

(j) *Increased compensation during incarceration—(1) General.* The amount of any increased compensation awarded to an incarcerated veteran that results from other than a statutory rate increase may be subject to reduction due to incarceration. This applies to a vet-

eran whose compensation is subject to reduction under paragraphs (a) and (c) of this section prior to approval of an award of increased compensation as well as to veteran whose compensation is not subject to reduction under paragraphs (a) and (c) of this section prior to approval of an award of increased compensation.

(2) *Veteran subject to reduction under paragraphs (a) and (c) of this section.* If prior to approval of an award of increased compensation the veteran's compensation was reduced under the provisions of paragraphs (a) and (c) of this section, the amount of the increase shall be reduced as follows if the veteran remains incarcerated:

(i) If the veteran's schedular evaluation is increased from 10 percent to 20 percent or greater, the amount payable to the veteran shall be increased from one-half the rate payable under 38 U.S.C. 1114(a) to the rate payable under section 1114(a).

(ii) If the veteran's schedular evaluation was 20 percent or more, none of the increased compensation shall be paid to the veteran while the veteran remains incarcerated.

(3) *Veteran's compensation not subject to reduction under paragraphs (a) and (c) of this section prior to award of increased compensation.* If prior to the approval of an award of increased compensation the veteran is incarcerated in a Federal, State, or local penal institution for conviction of a felony and the veteran's compensation was not reduced under the provisions of paragraphs (a) and (c) of this section, none of the increased compensation shall be paid to the veteran for periods after October 7, 1980, subject to the following conditions:

(i) The veteran remains incarcerated after October 7, 1980 in a Federal, State, or local penal institution for conviction of a felony; and

(ii) The award of increased compensation is approved after October 7, 1980. If the effective date of the increase is prior to October 8, 1980, the amount payable for periods prior to October 8, 1980, shall not be reduced.

(4) *Apportionments.* The amount of any increased compensation reduced

under this paragraph may be apportioned as provided in paragraph (e) of this section.

(k) *Retroactive awards.* Whenever compensation or DIC is awarded to an incarcerated person any amounts due for periods prior to date of reduction under this section shall be paid to the incarcerated person.

(l) *DIC parents.* If two parents are both entitled to DIC and were living together prior to the time of the DIC payable to one parent was reduced due to incarceration, they shall be considered as two parents not living together for the purpose of determining entitlement to DIC.

(m) *Conviction overturned on appeal.* If a conviction is overturned on appeal, any compensation or DIC withheld under this section as a result of incarceration for such conviction (less the amount of any apportionment) shall be restored to the beneficiary.

(n) *Fugitive felons.* (1) Compensation is not payable on behalf of a veteran for any period during which he or she is a fugitive felon. Compensation or DIC is not payable on behalf of a dependent of a veteran for any period during which the veteran or the dependent is a fugitive felon.

(2) For purposes of this section, the term *fugitive felon* means a person who is a fugitive by reason of:

(i) Fleeing to avoid prosecution, or custody or confinement after conviction, for an offense, or an attempt to commit an offense, which is a felony under the laws of the place from which the person flees; or

(ii) Violating a condition of probation or parole imposed for commission of a felony under Federal or State law.

(3) For purposes of paragraph (n) of this section, the term *felony* includes a high misdemeanor under the laws of a State which characterizes as high misdemeanors offenses that would be felony offenses under Federal law.

(4) For purposes of paragraph (n) of this section, the term *dependent* means a spouse, surviving spouse, child, or dependent parent of a veteran.

### §3.666 Incarcerated beneficiaries and fugitive felons—pension.

If any individual to or for whom pension is being paid under a public or private law administered by the Department of Veterans Affairs is imprisoned in a Federal, State or local penal institution as the result of conviction of a felony or misdemeanor, such pension payments will be discontinued effective on the 61st day of imprisonment following conviction. The payee will be informed of his or her rights and the rights of dependents to payments while he or she is imprisoned as well as the conditions under which payments to him or to her may be resumed on his or her release from imprisonment. However, no apportionment will be made if the veteran or the dependent is a fugitive felon as defined in paragraph (e) of this section. Payments of pension authorized under this section will continue until notice is received by the Department of Veterans Affairs that the imprisonment has terminated.

(a) *Disability pension.* Payment may be made to the spouse, child or children of a veteran disqualified under this section:

(1) If the veteran continues to be eligible except for the provisions of this section, and

(2) If the annual income of the spouse or child is such that death pension would be payable.

(3) At the rate payable under the death pension law or the rate which the veteran was receiving at the time of imprisonment, whichever is less.

(4) From the day following the date of discontinuance of payments to the veteran, subject to payments made to the veteran over the same period, if an informal claim is received within 1 year after notice to the veteran as required by this section and any necessary evidence is received within 1 year from the date of request; otherwise payments may not be made for any period prior to the date of receipt of a new informal claim.

(b) *Death pension.* Payment may be made to a child or children where a surviving spouse or child is disqualified under this section:

(1) If surviving spouse is disqualified to child or children at the rate of death

### § 3.667

pension payable if there were no such surviving spouse; or

(2) If a child is disqualified, to a surviving spouse or other child or children at the rate of death pension payable if there were no such child, and

(3) From the day following the date of discontinuance of payments to the disqualified person, subject to payments made to that person over the same period if evidence of income is received within 1 year after date of request; otherwise payments may not be made for any period prior to the date of receipt of an informal claim.

(4) The income limitation applicable to eligible persons will be that which would apply if the imprisoned person did not exist.

(c) *Resumption of pension upon release from incarceration.* Pension will be resumed as of the day of release if notice (which constitutes an informal claim) is received within 1 year following release; otherwise resumption will be effective the date of receipt of such notice. Where an award or increased award was made to any other payee based upon the disqualification of the veteran, surviving spouse, or child while in prison, such award will be reduced or discontinued as of date of last payment and pension will be resumed to the released prisoner at a rate which will be the difference, if any, between the total pension payable and the amount which was paid to the other person or persons through the date of last payment and thereafter the full rate.

(d) *Veteran entitled to compensation.* If an imprisoned veteran is entitled to a lesser rate of disability compensation, it shall be awarded as of the 61st day of imprisonment in lieu of the pension the veteran was receiving if the veteran has neither spouse nor child. If the veteran has a spouse or a child, compensation will be awarded only after the veteran has been furnished an explanation of the effect of electing compensation on the amount available for apportionment. If the veteran then requests compensation, it shall be awarded from the date veteran requests the Department of Veterans Affairs to take such action.

(e) *Fugitive felons.* (1) Pension is not payable on behalf of a veteran for any

period during which he or she is a fugitive felon. Pension or death pension is not payable on behalf of a dependent of a veteran for any period during which the veteran or the dependent is a fugitive felon.

(2) For purposes of this section, the term *fugitive felon* means a person who is a fugitive by reason of:

(i) Fleeing to avoid prosecution, or custody or confinement after conviction for an offense, or an attempt to commit an offense, which is a felony under the laws of the place from which the person flees; or

(ii) Violating a condition of probation or parole imposed for commission of a felony under Federal or State law.

(3) For purposes of paragraph (e) of this section, the term *felony* includes a high misdemeanor under the laws of a State which characterizes as high misdemeanors offenses that would be felony offenses under Federal law.

(4) For purposes of paragraph (e) of this section, the term *dependent* means a spouse, surviving spouse, child, or dependent parent of a veteran.

### § 3.667 School attendance.

(a) *General.* (1) Pension or compensation may be paid from a child's 18th birthday based upon school attendance if the child was at that time pursuing a course of instruction at an approved educational institution and a claim for such benefits is filed within 1 year from the child's 18th birthday.

(2) Pension or compensation based upon a course of instruction at an approved educational institution which was begun after a child's 18th birthday may be paid from the commencement of the course if a claim is filed within 1 year from that date.

(3) An initial award of DIC (dependency and indemnity compensation) to a child in the child's own right is payable from the first day of the month in which the child attains age 18 if the child was pursuing a course of instruction at an approved educational institution on the child's 18th birthday, and

## Department of Veterans Affairs

## §3.667

if a claim for benefits is filed within 1 year from the child's 18th birthday. In the case of a child who attains age 18 after September 30, 1981, if the child was, immediately before attaining age 18, counted under 38 U.S.C. 1311(b) for the purpose of determining the amount of DIC payable to the surviving spouse, the effective date of an award of DIC to the child shall be the date the child attains age 18 if a claim for DIC is filed within 1 year from that date.

(Authority: 38 U.S.C. 5110(e))

(4) An initial award of dependency and indemnity compensation to a child in its own right based upon a course of instruction at an approved educational institution which was begun after the child's 18th birthday may be paid from the first day of the month in which the course commenced if a claim is filed within 1 year from that date.

(Authority: 38 U.S.C. 5110(e))

(5) Where a child was receiving dependency and indemnity compensation in its own right prior to age 18, payments may be continued from the 18th birthday if the child was then attending an approved educational institution and evidence of such school attendance is received within 1 year from the 18th birthday. Where the child was receiving dependency and indemnity compensation in its own right prior to age 18 and was not attending an approved educational institution on the 18th birthday but commences attendance at an approved educational institution after the 18th birthday, payments may be resumed from the commencing date of the course if evidence of such school attendance is filed within 1 year from that date.

(b) *Vacation periods.* A child is considered to be in school during a vacation or other holiday period if he or she was attending an approved educational institution at the end of the preceding school term and resumes attendance, either in the same or a different approved educational institution, at the beginning of the next term. If an award has been made covering a vacation period, and the child fails to commence or resume school attendance, benefits will be terminated the date of last payment or the last day of the month pre-

ceding the date of failure to pursue the course, whichever is the earlier.

(c) *Ending dates.* Except as provided in paragraph (b) of this section, benefits may be authorized through the last day of the month in which a course was or will be completed.

(Authority: 38 U.S.C. 5112(b)(7))

(d) *Transfers to other schools.* When benefits have been authorized based upon school attendance and it is shown that during a part or all of that period the child was pursuing a different course in the same approved educational institution or a course in a different approved educational institution, payments previously made will not be disturbed.

(e) *Accrued benefits only.* When a claim for accrued benefits is filed by or on behalf of a veteran's child over 18 but under 23 years of age, who was pursuing a course of instruction at the time of the payee's death and payment of accrued benefits only is involved, evidence of school attendance need not be confirmed by the school. When the payee's death occurred during a school vacation period, the requirements will be considered to have been met if the child was carried on the school rolls on the last day of the regular school term immediately preceding the date of the payee's death.

(Authority: 38 U.S.C. 5112(b)(7))

(f) *Nonduplication.* Pension, compensation or dependency and indemnity compensation may not be authorized:

(1) After a child has elected to receive educational assistance under 38 U.S.C. chapter 35 (see §3.707 and §21.3023 of this chapter); or

(2) Based on an educational program in a school where the child is wholly supported at the expense of the Federal Government, such as a service academy.

(b) *Fraud or treasonable act—(1) Fraud.* If forfeiture of rights is not declared, payments shall be resumed from date of last payment, if otherwise in order. The award will be subject to any existing overpayment.

(2) Payments to a dependent of the person whose benefits were declared forfeited before September 2, 1959, will be discontinued effective the day preceding the date of the pardon.

#### CONCURRENT BENEFITS AND ELECTIONS

#### § 3.700 General.

Not more than one award of pension, compensation, or emergency officers', regular or reserve retirement pay will be made concurrently to any person based on his or her own service except as provided in § 3.803 relating to naval pension and § 3.750(c) relating to waiver of retirement pay. Not more than one award of pension, compensation, or dependency and indemnity compensation may be made concurrently to a dependent on account of more than one period of service of a veteran.

(Authority: 38 U.S.C. 5304(a))

(a) *Veterans—(1) Active service pay.* (i) Pension, compensation, or retirement pay on account of his or her own service will not be paid to any person for any period for which he or she receives active service pay.

(Authority: 38 U.S.C. 5304(c))

(ii) Time spent by members of the ROTC in drills as part of their activities as members of the corps is not active service.

(iii) Reservists may waive their pension, compensation, or retirement pay for periods of field training, instruction, other duty or drills. A waiver may include prospective periods and contain a right of recoupment for the days for which the reservists did not receive payment for duty by reason of failure to report for duty.

(2) *Lump-sum readjustment pay.* (i) Where entitlement to disability compensation was established prior to September 15, 1981, a veteran who has received a lump-sum readjustment payment under former 10 U.S.C. 687 (as in effect on September 14, 1981) may receive disability compensation for disability incurred in or aggravated by service prior to the date of receipt of lump-sum readjustment payment subject to deduction of an amount equal to

## Department of Veterans Affairs

## § 3.700

75 percent of the amount received as readjustment payment.

(Authority: 38 U.S.C. 501)

(ii) Readjustment pay authorized under former 10 U.S.C. 3814(a) is not subject to recoupment through withholding of disability compensation, entitlement to which was established prior to September 15, 1981.

(Authority: 38 U.S.C. 501)

(iii) Where entitlement to disability compensation was established on or after September 15, 1981, a veteran who has received a lump-sum readjustment payment may receive disability compensation for disability incurred in or aggravated by service prior to the date of receipt of the lump-sum readjustment payment, subject to recoupment of the readjustment payment. Where payment of readjustment pay was made on or before September 30, 1996, VA will recoup from disability compensation an amount equal to the total amount of readjustment pay. Where payment of readjustment pay was made after September 30, 1996, VA will recoup from disability compensation an amount equal to the total amount of readjustment pay less the amount of Federal income tax withheld from such pay.

(Authority: 10 U.S.C 1174(h)(2) and 1212(c))

(iv) The receipt of readjustment pay does not affect the payment of disability compensation based on a subsequent period of service. Compensation payable for service-connected disability incurred or aggravated in a subsequent period of service will not be reduced for the purpose of offsetting readjustment pay based on a prior period of service.

(Authority: 10 U.S.C. 1174(h)(2))

(3) *Severance pay.* Where the disability or disabilities found to be service-connected are the same as those upon which disability severance pay is granted, or where entitlement to disability compensation was established on or after September 15, 1981, an award of compensation will be made subject to recoupment of the disability severance pay. Prior to the initial de-

termination of the degree of disability recoupment will be at the full monthly compensation rate payable for the disability or disabilities for which severance pay was granted. Following initial determination of the degree of disability recoupment shall not be at a monthly rate in excess of the monthly compensation payable for that degree of disability. For this purpose the term "initial determination of the degree of disability" means the first regular schedular compensable rating in accordance with the provisions of subpart B, part 4 of this chapter and does not mean a rating based in whole or in part on a need for hospitalization or a period of convalescence. Where entitlement to disability compensation was established prior to September 15, 1981, compensation payable for service-connected disability other than the disability for which disability severance pay was granted will not be reduced for the purpose of recouping disability severance pay. Where entitlement to disability compensation was established on or after September 15, 1981, a veteran may receive disability compensation for disability incurred or aggravated by service prior to the date of receipt of the severance pay, but VA must recoup from that disability compensation an amount equal to the severance pay. Where payment of severance pay was made on or before September 30, 1996, VA will recoup from disability compensation an amount equal to the total amount of the severance pay. Where payment of severance pay was made after September 30, 1996, VA will recoup from disability compensation an amount equal to the total amount of the severance pay less the amount of Federal income tax withheld from such pay.

(Authority: 10 U.S.C. 1174(h)(2) and 1212(c))

(4) *Improved pension.* If a veteran is entitled to improved pension on the basis of the veteran's own service and is also entitled to pension under any pension program currently or previously in effect on the basis of any other person's service, the Department of Veterans Affairs shall pay the veteran only the greater benefit.

(Authority: 38 U.S.C. 1521(i))

(5) *Separation pay and special separation benefits.* (i) Where entitlement to disability compensation was established on or after September 15, 1981, a veteran who has received separation pay may receive disability compensation for disability incurred in or aggravated by service prior to the date of receipt of separation pay subject to recoupment of the separation pay. Where payment of separation pay or special separation benefits under section 1174a was made on or before September 30, 1996, VA will recoup from disability compensation an amount equal to the total amount of separation pay or special separation benefits. Where payment of separation pay or special separation benefits under section 1174a was made after September 30, 1996, VA will recoup from disability compensation an amount equal to the total amount of separation pay or special separation benefits less the amount of Federal income tax withheld from such pay.

(ii) The receipt of separation pay does not affect the payment of disability compensation based on a subsequent period of service. Compensation payable for service-connected disability incurred or aggravated in a subsequent period of service will not be reduced for the purpose of offsetting separation pay based on a prior period of service.

(Authority: 10 U.S.C. 1174 and 1174a)

(b) *Dependents*—(1) *Surviving spouse.* Subject to the provisions of paragraph (a)(4) of this section, the receipt of pension, compensation, or dependency and indemnity compensation by a surviving spouse because of the death of any veteran, or receipt of pension or compensation because of his or her own service, shall not bar the payment to the surviving spouse of pension, compensation, or dependency and indemnity compensation because of the death or disability of any other veteran; however, other than insurance, concurrent benefits under laws administered by the Department of Veterans Affairs may not be authorized to a surviving spouse by reason of the death of more than one veteran to whom the surviving spouse has been married. The surviving spouse may elect to receive

benefits based on the death of one such spouse and the election places the right to benefits based on the deaths of other spouses in suspense. The suspension may be lifted at any time by another election based on the death of another spouse. Benefits payable in the elected case will be subject to prior payments for the same period based on the death of the other spouse where, under the provisions of § 3.400(c), there is entitlement in the elected case prior to date of receipt of the election.

(Authority: 38 U.S.C. 5304)

(2) *Children.* Except as provided in § 3.703 and paragraph (a)(4) of this section, the receipt of pension, compensation, or dependency and indemnity compensation by a child on account of the death of a veteran or the receipt by the child of pension or compensation on account of his or her own service will not bar the payment of pension, compensation, or dependency and indemnity compensation on account of the death or disability of any other veteran.

(3) *Parents.* The receipt of compensation or dependency and indemnity compensation by a parent on account of the death of a veteran or receipt by him or her of pension or compensation on account of his or her own service, will not bar the payment of pension, compensation, or dependency and indemnity compensation on account of the death or disability of any other person.

### § 3.701 Elections of pension or compensation.

(a) *General.* Except as otherwise provided, a person entitled to receive pension or compensation under more than one law or section of a law administered by the Department of Veterans Affairs may elect to receive whichever benefit, regardless of whether it is the greater or lesser benefit, even though

the election reduces the benefits payable to his or her dependents. Such person may at any time elect or reelect the other benefit. An election by a veteran controls the rights of all dependents in that case. An election by a surviving spouse controls the claims of all children including children over 18 and children not in the custody of the surviving spouse. The election of improved pension by a surviving spouse, however, shall not prejudice the rights of any child receiving an apportionment on December 31, 1978. Termination of a marriage or marital relationship which had been the reason for terminating an award of section 306 or old-law pension does not restore to the surviving spouse the right to receive section 306 or old-law pension. The claimant's entitlement, if otherwise established, is under the current provisions of 38 U.S.C. 1541.

(Authority: 38 U.S.C. 501)

(b) *Form of election.* A statement which meets the requirements of an informal claim may be accepted as an election.

(c) *Change from one law to another.* Except as otherwise provided, where payments of pension or compensation are being made to a person under one law, the right to receive benefits under another law being in suspension, and a higher rate of pension or compensation becomes payable under the other law, benefits at the higher rate will not be paid for any date prior to the date of receipt of an election.

[26 FR 1602, Feb. 24, 1961, as amended at 36 FR 12618, July 2, 1971; 44 FR 45943, Aug. 6, 1979]

**§ 3.702 Dependency and indemnity compensation.**

(a) *Right to elect.* A person who is eligible for death compensation and who has entitlement to dependency and indemnity compensation pursuant to the provisions of § 3.5(b)(2) or (3) may receive dependency and indemnity compensation upon the filing of a claim. The claim of such a person for service-connected death benefits shall be considered a claim for dependency and indemnity compensation subject to confirmation by the claimant. The effective

date of payment is controlled by the provisions of § 3.400(c)(4).

(b) *Effect on child's entitlement.* Where a surviving spouse is entitled to death compensation, the amount of which is based in part on the existence of a child who has attained the age of 18 years, and elects to receive dependency and indemnity compensation, the independent award of dependency and indemnity compensation to which the child is entitled will be awarded to or for the child without separate election by or for the child. Should such a surviving spouse not elect to receive dependency and indemnity compensation, the independent dependency and indemnity compensation to which a child who has attained 18 years of age is entitled, may be awarded upon application by or for the child. The effective date of award in these situations will be in accordance with § 3.400(c)(4)(ii).

(c) *Limitation.* A claim for dependency and indemnity compensation may not be filed or withdrawn after the death of the surviving spouse, child, or parent.

(d) *Finality of election.* (1) Except as noted in paragraph (d)(2), an election to receive dependency and indemnity compensation is final and the claimant may not thereafter reelect death pension or compensation in that case. An election is final when the payee (or the payee's fiduciary) has negotiated one check for this benefit or when the payee dies after filing an election but prior to negotiation of a check.

(2) Notwithstanding the provisions of paragraph (d)(1), effective November 2, 1994, a surviving spouse who is receiving dependency and indemnity compensation may elect to receive death pension instead of such compensation.

(Authority: 38 U.S.C. 1317)

(e) *Surviving spouse becomes entitled.* A surviving spouse who becomes eligible to receive death compensation by reason of liberalizing provisions of any law may receive death compensation or elect dependency and indemnity compensation even though dependency and indemnity compensation has been paid to a child or children of the veteran.

(f) *Death pension rate.* (1) Effective October 1, 1961, where the monthly rate of dependency and indemnity compensation payable to a surviving

### § 3.703

spouse who has children is less than the monthly rate of death pension which would be payable to such surviving spouse if the veteran's death had not been service connected, dependency and indemnity compensation shall be paid to such surviving spouse in an amount equal to the pension rate for any month (or part thereof) in which this rate is greater.

(2) Effective June 22, 1966, where the monthly rate of dependency and indemnity compensation payable to a surviving spouse who has children is less than the monthly rate of death pension which would be payable for the children if the veteran's death had not been service connected and the surviving spouse were not entitled to such pension, dependency and indemnity compensation shall be payable to the surviving spouse in an amount equal to the monthly rate of death pension which would be payable to the children for any month (or part thereof) in which this rate is greater.

#### § 3.703 Two parents in same parental line.

(a) *General.* Death compensation or dependency and indemnity compensation is not payable for a child if dependency and indemnity compensation is paid to or for a child or to the surviving spouse on account of the child by reason of the death of another parent in the same parental line where both parents died before June 9, 1960. Where the death of one such parent occurred on or after June 9, 1960, gratuitous benefits may not be paid or furnished to or on account of any child by reason of the death of more than one parent in the same parental line.

(b) *Election.* The child or his or her fiduciary may elect to receive benefits based on the service of either veteran. An election of pension, compensation or dependency and indemnity compensation based on the death of one parent places the right to such benefits

based on the death of another parent in suspension. The suspension may be lifted at any time by making another election.

(c) *Other payees.* Where a child has elected to receive pension, compensation, dependency and indemnity compensation or dependents' educational assistance under 38 U.S.C. ch. 35 based on the death of a veteran, he (or she) will be excluded from consideration in determining the eligibility or rate payable to a surviving spouse or another child or children in the case of another deceased veteran in the same parental line. See § 3.659(b).

#### § 3.704 Elections within class of dependents.

(a) *Children.* Where children are eligible to receive monthly benefits under more than one law in the same case, the election of benefits under one law by or on behalf of one child will not serve to increase the rate allowable for any other child under another law in that case. The rate payable for each child will not exceed the amount which would be paid if all children were receiving benefits under the same law. Where a child is no longer eligible to receive pension, compensation or dependency and indemnity compensation because of having elected dependents' educational assistance under 38 U.S.C. chapter 35, the child will be excluded from consideration in determining the rate payable for another child or children.

(b) *Parents.* If there are two parents eligible for dependency and indemnity compensation and only one parent files claim for this benefit, the rate of dependency and indemnity compensation for that parent will not exceed the amount which would be paid to him or her if both parents had filed claim for dependency and indemnity compensation. The rate of death compensation for the other parent will not exceed the

(b) *Spouse or surviving spouse.* There is no bar to the payment of pension, compensation or dependency and indemnity compensation to a spouse concurrently with educational assistance allowance under 38 U.S.C. ch. 35.

#### § 3.708 Federal Employees' Compensation.

(a) *Military service*—(1) *Initial election.* Where a person is entitled to compensation from the Office of Workers' Compensation Programs, under the Federal Employees' Compensation Act (FECA) based upon disability or death due to service in the Armed Forces and is also entitled based upon service in the Armed Forces to pension, compensation or dependency and indemnity compensation under the laws administered by the Department of Veterans Affairs, the claimant will elect which benefit he or she will receive. Pension compensation, or dependency and indemnity compensation may not be paid in such instances by the Department of Veterans Affairs concurrently with compensation from the Office of Workers' Compensation Programs. Benefits are not payable by the Office of Workers' Compensation Programs for disability or death incurred on or after January 1, 1957, based on military service.

(2) *Right of reelection.* Persons receiving compensation from the Office of Workers' Compensation Programs

based on death due to military service may elect to receive dependency and indemnity compensation at any time. Once payment of dependency and indemnity compensation has been granted, all further right to FECA benefits is extinguished and only dependency and indemnity compensation is payable thereafter.

(3) *Rights of children.* Where primary title is vested in the surviving spouse, the claimant's election controls the rights of any of the veteran's children, regardless of whether they are in the claimant's custody and regardless of the fact that such children may not be eligible to receive benefits under laws administered by the Office of Workers' Compensation Programs. A child who is eligible for dependency and indemnity compensation or other benefits independent of the surviving spouse's entitlement may receive such benefits concurrently with payment of FECA benefits to the surviving spouse.

(4) *Entitlement based on 38 U.S.C. 1151.* The provisions of this paragraph are applicable also in those cases in which disability or death occurs as a result of having submitted to an examination, medical or surgical treatment, hospitalization or training.

(b) *Civilian employment*—(1) *Same disability or death.* Where a person is entitled to compensation from the Office of Workers' Compensation Programs based upon civilian employment and is also entitled to compensation or dependency and indemnity compensation under laws administered by the Department of Veterans Affairs for the same disability or death, the claimant will elect which benefit he or she will receive. On or after September 13, 1960, an award cannot be approved for payment of compensation or dependency and indemnity compensation concurrently with compensation from the Office of Workers' Compensation Programs in such instances and an election to receive benefits from either agency is final. See § 3.958. There is no right of reelection. (5 U.S.C. 8116(b)) A child who is eligible for dependency and indemnity compensation or other benefits independent of the surviving spouse's entitlement may receive such benefits concurrently with payment of FECA benefits to the surviving spouse.

### § 3.710

(2) *Not the same disability or death.* There is no prohibition against payment of benefits under the Federal Employees' Compensation Act concurrently with other benefits administered by the Department of Veterans Affairs when such benefits are not based on the same disability or death.

### § 3.711 Improved pension elections.

Except as otherwise provided by this section and § 3.712, a person entitled to receive section 306 or old-law pension on December 31, 1978, may elect to receive improved pension under the provisions of 38 U.S.C. 1521, 1541, or 1542 as in effect on January 1, 1979. Except as provided by § 3.714, an election of improved pension is final when the payee (or the payee's fiduciary) negotiates one check for this benefit and there is no right to reelection. Any veteran eligible to make an election under this section who is married to a veteran who is also eligible to make such an election may not receive improved pension unless the veteran's spouse also elects to receive improved pension.

Except as provided by § 3.714, an election of improved pension is final when the payee (or the payee's fiduciary) negotiates one check for this benefit and there is no right of reelection.

Pension under 38 U.S.C. 1541 and 1544, as in effect on December 31, 1978, is not payable if the current size of the surviving spouse's net worth is a bar to payment under § 3.252(b) or if the surviving spouse's income exceeds the applicable limitation as in effect on December 31, 1978. Elections are not required for this purpose. The change in rate shall be effective the first day of the month in which the facts warrant such change.

### § 3.714 Improved pension elections—public assistance beneficiaries.

(a) *Definitions.* The following definitions are applicable to this section.

## Department of Veterans Affairs

§3.714

(1) *Pensioner*. This means a person who was entitled to section 306 or old-law pension, or a dependent of such a person for the purposes of chapter 15 of title 38, United States Code as in effect on December 31, 1978.

(2) *Public assistance*. This means payments under the following titles of the Social Security Act:

(i) Title I (Grants to States for Old Age Assistance and Medical Assistance to the Aged).

(ii) Title X (Grants to States for Aid to the Blind).

(iii) Title XIV (Grants to States for Aid to the Permanently and Totally Disabled).

(iv) Part A of title IV (Aid to Families with Dependent Children).

(v) Title XVI (Supplemental Security Income for the Aged, Blind and Disabled).

(3) *Medicaid*. This means a State plan for medical assistance under title XIX of the Social Security Act.

(4) *Informed election*. The term "informed election" means an election of improved pension (or a reaffirmation of a previous election of improved pension) after the Department of Veterans Affairs has complied with the requirements of paragraph (e) of this section.

(b) *General*. In some States only a person in receipt of public assistance is eligible for medicaid. When this is the case the following applies effective January 1, 1979:

(1) A pensioner may not be required to elect improved pension to receive, or to continue to receive, public assistance; or

(2) A pensioner may not be denied (or suffer a reduction in the amount of) public assistance by reason of failure or refusal to elect improved pension.

(c) *Public assistance deemed to continue*. Public assistance (or a supplementary payment under Pub. L. 93-233, sec. 13(c)) payable to a pensioner may have been terminated because the pensioner's income increased as a result of electing improved pension. In this instance public assistance (or a supplementary payment under Pub. L. 93-233, sec. 13(c)) shall be deemed to have remained payable to a pensioner for each month after December 1978 when the following conditions are met:

(1) The pensioner was in receipt of pension for the month of December 1978; and

(2) The pensioner was in receipt of public assistance (or a supplementary payment under Pub. L. 93-233, sec. 13(c)) prior to June 17, 1980, and for the month of December 1978, and

(3) The pensioner's public assistance payments (or a supplementary payment under Pub. L. 93-233, sec. 13(c)) were discontinued because of an increase in income resulting from an election of improved pension.

(d) *End of the deemed period of entitlement to public assistance*. The deemed period of entitlement to public assistance (or a supplementary payment under Pub. L. 93-233, sec. 13(c)) ends the first calendar month that begins more than 10 days after a pensioner makes an informed election of improved pension. (If the pensioner is unable to make an informed election the informed election may be made by a member of the pensioner's family.) A pensioner who fails to disaffirm a previously made election of improved pension within the time limits set forth in paragraph (e) of this section shall be deemed to have reaffirmed the previous election. This will also end the deemed period of entitlement to public assistance.

(e) *Notice of right to make informed election or disaffirm election previously made*. The Department of Veterans Affairs shall send a written notice to each pensioner to whom paragraph (b) of this section applies and who is eligible to elect or who has elected improved pension. The notice shall be in clear and understandable language. It shall include the following:

(1) A description of the consequences to the pensioner (and the pensioner's family if applicable) of losing medicaid eligibility because of an increase in income resulting from electing improved pension; and

(2) A description of the provisions of paragraph (b) of this section; and

(3) In the case of a pensioner who has previously elected improved pension, a form for the purpose of enabling the pensioner to disaffirm the previous election of improved pensions; and

(4) The following provisions of Pub. L. 96-272, sec. 310(b)(2)(B):

### § 3.715

(i) That a pensioner has 90 days from the date the notice is mailed to the pensioner to disaffirm a previous election by completing the disaffirmation form and mailing it to the Department of Veterans Affairs.

(ii) That a pensioner who disaffirms a previous election shall receive, beginning the calendar month after the calendar month in which the Department of Veterans Affairs receives the disaffirmation, the amount of pension payable if improved pension had not been elected.

(iii) That a pensioner who disaffirms a previous election may again elect improved pension but without a right to disaffirm the subsequent election.

(iv) That a pensioner who disaffirms an election of improved pension shall not be indebted to the United States for the period in which the pensioner received improved pension.

(Authority: Pub. L. 96-272, sec. 310; 94 Stat. 500)

(f) *Notification to the Department of Health and Human Services.* The Department of Veterans Affairs shall promptly furnish the Department of Health and Human Services the following information:

(1) The name and identifying information of each pensioner who disaffirms his or her election of improved pension.

#### RETIREMENT

### § 3.750 Retirement pay.

(a) *General.* Except as provided in paragraphs (c) and (d) of this section and § 3.751, any person entitled to receive retirement pay based on service as a member of the Armed Forces or as a commissioned officer of the Public Health Service, the Coast and Geodetic Survey, the Environmental Science Services Administration; or the National Oceanic and Atmospheric Administration may not receive such pay concurrently with benefits payable under laws administered by the Department of Veterans Affairs. The term "retirement pay" includes retired pay and retainer pay.

(b) *Election.* A veteran entitled to retirement pay or compensation may elect which of the benefits he or she desires to receive. An election of retirement pay does not bar him or her from making a subsequent election of the other benefit to which he or she is entitled. An election filed within 1 year from the date of notification of Department of Veterans Affairs entitlement will be considered as "timely filed" for the purpose of § 3.401(e)(1). If the veteran is incompetent the 1-year period will begin on the date notification is sent to the next friend or fiduciary. In initial determinations, elections may be applied retroactively if the claimant was not advised of his or her right of election and the effect thereof.

(c) *Waiver.* A person specified in paragraph (a) of this section may receive compensation upon filing with the service department concerned a waiver of so much of his (or her) retirement pay as is equal in amount to the compensation to which he (or she) is entitled. In the absence of a specific statement to the contrary, the filing of an

application for compensation by a veteran entitled to retirement pay constitutes such a waiver.

(Authority: 38 U.S.C. 5305)

(d) *Pension*—(1) *Improved pension*. A person specified in paragraph (a) of this section may receive improved pension and retirement pay concurrently without having to waive any portion of the person's retirement pay. In determining entitlement to improved pension, retirement pay shall be treated in the same manner as countable income from other sources.

(2) *Old-law and section 306 pension*. A person specified in paragraph (a) of this section may not receive old-law or section 306 pension and retirement pay concurrently without waiver of retirement pay as provided in paragraph (c) of this section concerning compensation.

### § 3.754 Emergency officers' retirement pay.

A retired emergency officer of World War I has basic eligibility to retirement pay by the Department of Veterans Affairs under Pub. L. 87-875 (sec. 11(b), Pub. L. 85-857) from date of filing application therefor after October 24, 1962, if the following requirements are met:

(a) Emergency officers' retirement pay would have been granted under Pub. L. 506, 70th Congress (Act of May 24, 1928) if application therefor had been filed before May 25, 1929.

(b) Such retirement pay would have continued to be payable under section 10 of Pub. L. 2, 73d Congress, or under section 1 of Pub. L. 743, 76th Congress.

#### § 3.801 Special acts.

(a) *General.* A special act is one authorizing the payment of benefits to a particular person or persons. If a beneficiary in a special act has no claim before the Department of Veterans Affairs, a formal application must be filed before benefits may be awarded.

(b) *Limitations.* Where the rate, commencement, and duration are fixed by a special act, they are not subject to be varied by the provisions and limitations of the public laws, but where not fixed, the rate and continuance of the benefit is subject to variance in accordance with the public laws.

(c) *Provisions of act.* (1) When pension or compensation is granted by a special act, which fixes the rate and commencement, the rate thereunder cannot be increased nor can any other pension or compensation be paid in the absence of the payee's election, unless the special act expressly states that the benefit granted thereby is in addition to the benefit which the person is entitled to receive under any public law.

(2) If a special act corrects the nature of separation from military service and does not grant pension or compensation directly, the claimant acquires a status so that he or she may apply for and be allowed benefits. The claimant, then, is placed in the same position he or she would have been if originally released under conditions other than dishonorable.

(d) *Service.* A special act of Congress, reciting that a person is considered to have been mustered into the service on a named date and honorably discharged on a subsequently named date, is sufficient regardless of whether the service

### § 3.808 Automobiles or other conveyances; certification.

A certification of eligibility for financial assistance in the purchase of one automobile or other conveyance in an amount not exceeding the amount specified in 38 U.S.C. 3902 (including all State, local, and other taxes where such are applicable and included in the purchase price) and of basic entitlement to necessary adaptive equipment will be made where the claimant meets the requirements of paragraphs (a), (b) and (c) of this section.

(iv) For adaptive equipment eligibility only, ankylosis of one or both knees or one or both hips.

(Authority: 38 U.S.C. 3902)

(2) Veterans not serving on active duty must be entitled to compensation for the disability. As to any claimant

the disability must be service connected in accordance with usual criteria. (See §§ 3.1 (m) and (n), 3.301-3.310.)

(c) *Claim for conveyance and certification for adaptive equipment.* A specific application for financial assistance in purchasing a conveyance is required which must contain a certification by the claimant that the conveyance will be operated only by persons properly licensed. The application will also be considered as an application for the adaptive equipment to insure that the claimant will be able to operate the conveyance in a manner consistent with safety and to satisfy the applicable standards of licensure of the proper licensing authorities. Simultaneously with the certification provided pursuant to the introductory text of this section, a claimant for financial assistance in the purchase of an automobile will be furnished a certificate of eligibility for financial assistance in the purchase of such adaptive equipment as may be appropriate to the claimant's losses unless the need for such equipment is contraindicated by a physical or legal inability to operate the vehicle. There is no time limitation in which to apply. An application by a claimant on active duty will be deemed to have been filed with VA on the date it is shown to have been placed in the hands of military authority for transmittal.

(Authority: 38 U.S.C. 3902)

(d) *Additional eligibility criteria for adaptive equipment.* Claimants for adaptive equipment must also satisfy the additional eligibility criteria of §§ 17.156, 17.157, and 17.158 of this chapter.

(1) With regard to automobiles and similar vehicles the term includes a basic automatic transmission as to a claimant who has lost or lost the use of

a limb. In addition, the term includes, but is not limited to, power steering, power brakes, power window lifts and power seats. The term also includes air-conditioning equipment when such equipment is necessary to the health and safety of the veteran and to the safety of others, and special equipment necessary to assist the eligible person into or out of the automobile or other conveyance, regardless of whether the automobile or other conveyance is to be operated by the eligible person or is to be operated for such person by another person; and any modification of the interior space of the automobile or other conveyance if needed because of the physical condition of such person in order for such person to enter or operate the vehicle.

(2) With regard to automobiles and similar vehicles the term includes such items of equipment as the Chief Medical Director may, by directive, specify as ordinarily necessary for any of the classes of losses specified in paragraph (b) of this section and for any combination of such losses. Such specifications of equipment may include a limit on the financial assistance to be provided based on judgment and experience.

(3) The term also includes other equipment which the Chief Medical Director or designee may deem necessary in an individual case.

A veteran who first establishes entitlement under this section and who later becomes eligible for a certificate of eligibility under §3.809 may be issued a certificate of eligibility under §3.809. However, no particular type of adaptation, improvement, or structural alteration may be provided to a veteran more than once.

(b) The veteran is entitled to compensation for permanent and total disability which (1) is due to blindness in both eyes with 5/200 visual acuity or less, or (2) includes the anatomical loss or loss of use of both hands.

(Authority: 38 U.S.C. 2101(b))

(c) The assistance referred to in this section will not be available to any veteran more than once.

### §3.810 Clothing allowance.

(a) Except as provided in paragraph (d) of this section a veteran who has a service-connected disability, or a disability compensable under 38 U.S.C. 1151 as if it were service-connected, is entitled, upon application therefor, to an annual clothing allowance as specified in 38 U.S.C. 1162. The annual clothing allowance is payable in a lump sum, and the following eligibility criteria must also be satisfied:

(1) A VA examination or hospital or examination report from a facility specified in §3.326(c) discloses that the veteran wears or uses certain prosthetic or orthopedic appliances which tend to wear or tear clothing (including a wheelchair) because of such disability and such disability is the loss or loss of use of a hand or foot compensable at a rate specified in §3.350(a), (b), (c), (d), or (f); or

(2) The Chief Medical Director or designee certifies that because of such disability a prosthetic or orthopedic appliance is worn or used which tends to wear or tear the veteran's clothing, or that because of the use of a physician-

prescribed medication for a skin condition which is due to the service-connected disability irreparable damage is done to the veteran's outer garments. For the purposes of this paragraph "appliance" includes a wheelchair.

(b) Effective August 1, 1972, the initial lump sum clothing allowance is due and payable for veterans meeting the eligibility requirements of paragraph (a) of this section as of that date. Subsequent annual payments for those meeting the eligibility requirements of paragraphs (a) of this section will become due on the anniversary date thereafter, both as to initial claims and recurring payments under previously established entitlement.

(c)(1) Except as provided in paragraph (c)(2) of this section, the application for clothing allowance must be filed within 1 year of the anniversary date (August 1) for which entitlement is initially established, otherwise, the application will be acceptable only to effect payment of the clothing allowance becoming due on any succeeding anniversary date for which entitlement is established, provided the application is filed within 1 year of such date. The 1-year period for filing application will include the anniversary date and terminate on July 31 of the following year.

(2) Where the initial determination of service connection for the qualifying disability is made subsequent to an anniversary date for which entitlement is established, the application for clothing allowance may be filed within 1 year from the date of notification to the veteran of such determination.

(Authority: 38 U.S.C. 1162)

(d) If a veteran is incarcerated in a Federal, State, or local penal institution for a period of more than 60 days and is furnished clothing without charge by the institution, VA shall reduce the amount of the annual clothing allowance by 1/365th of the amount otherwise payable for each day the veteran was incarcerated during the 12-month period preceding the anniversary date for which entitlement is established.

No reduction shall be made for the first 60 days of incarceration.

### §3.811 Minimum income annuity and gratuitous annuity.

(a) *Eligibility for minimum income annuity.* The minimum income annuity authorized by Public Law 92-425 as amended is payable to a person:

(1) Whom the Department of Defense or the Department of Transportation has determined meets the eligibility criteria of section 4(a) of Pub. L. 92-425 as amended other than section 4(a)(1) and (2); and

(2) Who is eligible for pension under subchapter III of chapter 15 of title 38, United States Code, or section 306 of the Veterans' and Survivors' Pension Improvement Act of 1978; and

(3) Whose annual income, as determined in establishing pension eligibility, is less than the maximum annual rate of pension in effect under 38 U.S.C. 1541(b).

(b) *Computation of the minimum income annuity payment—(1) Annual income.* VA will determine a beneficiary's annual income for minimum income annuity purposes under the provisions of §§ 3.271 and 3.272 of this part for beneficiaries receiving improved pension, or under §§ 3.260 through 3.262 of this part for beneficiaries receiving old law or section 306 pensions, except that the amount of the minimum income annuity will be excluded from the calculation.

(2) VA will determine the minimum income annuity payment for beneficiaries entitled to improved pension by subtracting the annual income for minimum income annuity purposes from the maximum annual pension rate under 38 U.S.C. 1541(b).

(3) VA will determine the minimum income annuity payment for beneficiaries receiving old law and section 306 pensions by reducing the maximum annual pension rate under 38 U.S.C. 1541(b) by the amount of the Retired Servicemen's Family Protection Plan benefit, if any, that the beneficiary receives and subtracting from that

amount the annual income for minimum income annuity purposes.

(4) VA will recompute the monthly minimum income annuity payment whenever there is a change to the maximum annual rate of pension in effect under 38 U.S.C. 1541(b), and whenever there is a change in the beneficiary's income.

(c) An individual otherwise eligible for pension under subchapter III of chapter 15 of title 38, United States Code, or section 306 of the Veterans' and Survivors' Pension Improvement Act of 1978 shall be considered eligible for pension for purposes of determining eligibility for the minimum income annuity even though as a result of adding the amount of the minimum income annuity authorized under Public Law 92-425 as amended to any other countable income, no amount of pension is due.

(d) If the Department of Defense or the Department of Transportation determines that a minimum income annuitant also is entitled to the gratuitous annuity authorized by Pub. L. 100-456 as amended, which is payable to certain surviving spouses of servicemembers who died before November 1, 1953, and were entitled to retired or retainer pay on the date of death, VA will combine the payment of the gratuitous annuity with the minimum income annuity payment.

(e) *Termination.* Other than as provided in paragraph (c) of this section, if a beneficiary receiving the minimum income annuity becomes ineligible for pension, VA will terminate the minimum income annuity effective the same date.

[63 FR 412, Jan. 6, 1998, as amended at 63 FR 62943, Nov. 10, 1998]

**§3.812 Special allowance payable under section 156 of Pub. L. 97-377.**

The provisions of this section apply to the payment of a special allowance to certain surviving spouses and children of individuals who died on active duty prior to August 13, 1981, or who died as a result of a service-connected disability which was incurred or aggravated prior to August 13, 1981. This special allowance is a replacement for cer-

tain social security benefits which were either reduced or terminated by provisions of the Omnibus Budget Reconciliation Act of 1981.

(a) *Eligibility requirements.* (1) A determination must first be made that the person on whose earnings record the claim is based either died on active duty prior to August 13, 1981, or died as a result of a service-connected disability which was incurred or aggravated prior to August 13, 1981. For purposes of this determination, character of discharge is not a factor for consideration, and death on active duty subsequent to August 12, 1981, is qualifying provided that the death resulted from a service-connected disability which was incurred or aggravated prior to August 13, 1981.

(2) Once a favorable determination has been made under paragraph (a)(1) of this section, determinations as to the age, relationship and school attendance requirements contained in paragraphs (a)(1) and (b)(1) of section 156 of Pub. L. 97-377 will be made. In making these eligibility determinations VA shall apply the provisions of the Social Security Act, and any regulations promulgated pursuant thereto, as in effect during the claimant's period of eligibility. Unless otherwise provided in this section, when issues are raised concerning eligibility or entitlement to this special allowance which cannot be appropriately resolved under the provisions of the Social Security Act, or the regulations promulgated pursuant thereto, the provisions of title 38, Code of Federal Regulations, are for application.

(b) *Computation of payment rate—(1) Basic entitlement rate.* A basic entitlement rate will be computed for each eligible claimant in accordance with the provisions of subparagraphs (a)(2) and (b)(2) of section 156 of Pub. L. 97-377 using data to be provided by the Social Security Administration. This basic entitlement rate will then be used to compute the monthly payment rate as described in paragraphs (b)(2) to (b)(6) of this section.

(2) *Original or reopened awards to surviving spouses.* The monthly payment

rate shall be equal to the basic entitlement rate increased by the overall average percentage (rounded to the nearest tenth of a percent) of each legislative increase in dependency and indemnity compensation rates under 38 U.S.C. 1311 which became effective concurrently with or subsequent to the effective date of the earliest adjustment under section 215(i) of the Social Security Act that was disregarded in computing the basic entitlement rate.

(3) *Original and reopened awards to children.* The monthly payment rate shall be equal to the basic entitlement rate increased by the overall average percentage (rounded to the nearest tenth of a percent) of each legislative increase in the rates of educational assistance allowance under 38 U.S.C. 3531(b) which became effective concurrently with or subsequent to the effective date of the earliest adjustment under section 215(i) of the Social Security Act that was disregarded in computing the basic entitlement rate.

(4) *Subsequent legislative increases in rates.* The monthly rate of special allowance payable to a surviving spouse shall be increased by the same overall average percentage increase (rounded to the nearest tenth of a percent) and on the same effective date as any legislative increase in the rates payable under 38 U.S.C. 1311. The monthly rate of special allowance payable to a child shall be increased by the same overall average percentage increase (rounded to the nearest tenth of a percent) and on the same effective date as any legislative increase in the rates payable under 38 U.S.C. 3531(b).

(5) *Amendment of awards.* Prompt action shall be taken to amend any award of this special allowance to conform with evidence indicating a change in basic eligibility, any basic entitlement rate, or any effective date previously determined. It is the claimant's responsibility to promptly notify VA of any change in their status or employment which affects eligibility or entitlement.

(6) *Rounding of monthly rates.* Any monthly rate computed under the provisions of this paragraph, if not a multiple of \$1, shall be rounded to the next lower multiple of \$1.

(c) *Claimants not entitled to this special allowance.* The following are not entitled to this special allowance for the reasons indicated.

(1) Claimants eligible for death benefits under 38 U.S.C. 1151. The deaths in such cases are not service-connected.

(2) Claimants eligible for death benefits under 38 U.S.C. 1318. The deaths in such cases are not service connected.

(3) Claimants whose claims are based on an individual's service in:

(i) The Commonwealth Army of the Philippines while such forces were in the service of the Armed Forces pursuant to the military order of the President dated July 26, 1941, including recognized guerrilla forces (see 38 U.S.C. 107).

(ii) The Philippine Scouts under section 14, Pub. L. 190, 79th Congress (see 38 U.S.C. 107).

(iii) The commissioned corps of the Public Health Service (specifically excluded by section 156 of Pub. L. 97-377), or

(iv) The National Oceanic and Atmospheric Administration (specifically excluded by section 156 of Pub. L. 97-377).

(d) *Appellate jurisdiction.* VA shall have appellate jurisdiction of all determinations made in connection with this special allowance.

(e) *Claims—formal and informal.* Formal claims for this special allowance must be filed on a form prescribed by the Secretary of Veterans Affairs. When informal claims or inquiries as to eligibility are received, the appropriate application form shall be provided. In such cases, the date of receipt of the informal claim or inquiry will be accepted as the date of claim for this special allowance if a formal claim on the prescribed form is received within one year from that date.

(f) *Retroactivity and effective dates.* There is no time limit for filing a claim for this special allowance. Upon the filing of a claim, benefits shall be payable for all periods of eligibility beginning on or after the first day of the month in which the claimant first became eligible for this special allowance, except that no payment may be

### §3.813 Interim benefits for disability or death due to chloracne or porphyria cutanea tarda.

(a) *Disability benefits.* Except as provided in paragraph (c) of this section, a veteran who served in the active military, naval or air service in the Republic of Vietnam during the Vietnam era, and who suffers from chloracne or porphyria cutanea tarda which became manifest within one year after the date of the veteran's most recent departure from the Republic of Vietnam during such service, shall be paid interim disability benefits under this section in the same manner and to the same extent that compensation would be payable if such disabilities were service-connected.

(b) *Death benefits.* Except as provided in paragraph (c) of this section, if a veteran described in paragraph (a) of this section dies as a result of chloracne or porphyria cutanea tarda, the veteran's survivors shall be paid interim death benefits under this section based upon the same eligibility requirements and at the same rates that dependency and indemnity compensation would be payable if the death were service-connected.

(c) *Exceptions.* Benefits under this section are not payable for any month for which compensation or dependency and indemnity compensation is payable for the same disability or death, nor are benefits payable under this section (1) when there is affirmative evidence that the disease was not incurred by the veteran during service in the Republic of Vietnam during the Vietnam era, (2) when there is affirmative evidence to establish that an intercurrent injury or disease, which is a recognized cause of the disease for which benefits are being claimed, was suffered by the veteran between the date of the veteran's most recent departure from the Republic of Vietnam during active military, naval or air service and the onset of the claimed disease, or (3) if it

is determined, based on evidence in the veteran's service records and other records provided by the Secretary of Defense, that the veteran was not exposed to dioxin during active military, naval or air service in the Republic of Vietnam during the Vietnam era.

(d) *Similarity to service-connected benefits.* For purposes of all laws administered by VA (except chapters 11 and 13 of title 38 U.S.C.), a disease establishing eligibility for disability or death benefits under this section shall be treated as if it were service-connected, and the receipt of disability or death benefits shall be treated as if such benefits were compensation or dependency and indemnity compensation, respectively.

(e) *Effective dates.* Benefits under this section may not be paid for any period prior to October 1, 1984, nor for any period after September 30, 1986.

### §3.814 Monetary allowance under 38 U.S.C. chapter 18 for an individual suffering from spina bifida whose biological father or mother is or was a Vietnam veteran.

(a) *Monthly monetary allowance.* VA will pay a monthly monetary allowance under subchapter I of 38 U.S.C. chapter 18, based upon the level of disability determined under the provisions of paragraph (d) of this section, to or for a person who VA has determined is an individual suffering from spina bifida whose biological mother or father is or was a Vietnam veteran. Receipt of this allowance will not affect the right of the individual or any related person to receive any other benefit to which he or she may be entitled under any law administered by VA. An individual suffering from spina bifida is entitled to only one monthly allowance under this section, even if the individual's biological father and mother are or were both Vietnam veterans.

(b) [Reserved]

(c) *Definitions—(1) Vietnam veteran.* For the purposes of this section, the term "Vietnam veteran" means a person who performed active military, naval, or air service in the Republic of Vietnam during the period beginning on January 9, 1962, and ending on May

7, 1975, without regard to the characterization of the person's service. *Service in the Republic of Vietnam* includes service in the waters offshore and service in other locations if the conditions of service involved duty or visitation in the Republic of Vietnam.

(2) *Individual*. For the purposes of this section, the term "individual" means a person, regardless of age or marital status, whose biological father or mother is or was a Vietnam veteran and who was conceived after the date on which the veteran first served in the Republic of Vietnam during the Vietnam era. Notwithstanding the provisions of §. 3.204(a)(1), VA will require the types of evidence specified in §§3.209 and 3.210 sufficient to establish in the judgment of the Secretary that a person is the biological son or daughter of a Vietnam veteran.

(3) *Spina bifida*. For the purposes of this section, the term "spina bifida" means any form and manifestation of spina bifida except spina bifida occulta.

(d) *Disability evaluations*. (1) Except as otherwise specified in this paragraph, VA will determine the level of payment as follows:

(i) *Level I*. The individual walks without braces or other external support as his or her primary means of mobility in the community, has no sensory or motor impairment of the upper extremities, has an IQ of 90 or higher, and is continent of urine and feces without the use of medication or other means to control incontinence.

(ii) *Level II*. Provided that none of the disabilities is severe enough to warrant payment at Level III, and the individual: walks with braces or other external support as his or her primary means of mobility in the community; or, has sensory or motor impairment of the upper extremities, but is able to grasp pen, feed self, and perform self care; or, has an IQ of at least 70 but less than 90; or, requires medication or other means to control the effects of urinary bladder impairment and no more than two times per week is unable to remain dry for at least three hours at a time during waking hours; or, requires bowel management techniques or other treatment to control the effects of bowel impairment but does not have fecal leakage severe or

frequent enough to require wearing of absorbent materials at least four days a week; or, has a colostomy that does not require wearing a bag.

(iii) *Level III*. The individual uses a wheelchair as his or her primary means of mobility in the community; or, has sensory or motor impairment of the upper extremities severe enough to prevent grasping a pen, feeding self, and performing self care; or, has an IQ of 69 or less; or, despite the use of medication or other means to control the effects of urinary bladder impairment, at least three times per week is unable to remain dry for three hours at a time during waking hours; or, despite bowel management techniques or other treatment to control the effects of bowel impairment, has fecal leakage severe or frequent enough to require wearing of absorbent materials at least four days a week; or, regularly requires manual evacuation or digital stimulation to empty the bowel; or, has a colostomy that requires wearing a bag.

(2) If an individual who would otherwise be paid at Level I or II has one or more disabilities, such as blindness, uncontrolled seizures, or renal failure that result either from spina bifida, or from treatment procedures for spina bifida, the Director of the Compensation and Pension Service may increase the monthly payment to the level that, in his or her judgment, best represents the extent to which the disabilities resulting from spina bifida limit the individual's ability to engage in ordinary day-to-day activities, including activities outside the home. A Level II or Level III payment will be awarded depending on whether the effects of a disability are of equivalent severity to the effects specified under Level II or Level III.

(3) VA may accept statements from private physicians, or examination reports from government or private institutions, for the purpose of rating spina bifida claims without further examination, provided the statements or reports are adequate for assessing the level of disability due to spina bifida under the provisions of paragraph (d)(1) of this section. In the absence of adequate medical information, VA will schedule an examination for the purpose of assessing the level of disability.

(4) VA will pay an individual eligible for a monetary allowance due to spina bifida at Level I unless or until it receives medical evidence supporting a higher payment. When required to reassess the level of disability under paragraph (d)(5) or (d)(6) of this section, VA will pay an individual eligible for this monetary allowance at Level I in the absence of evidence adequate to support a higher level of disability or if the individual fails to report, without good cause, for a scheduled examination. Examples of good cause include, but are not limited to, the illness or hospitalization of the claimant, death of an immediate family member, etc.

(5) VA will pay individuals under the age of one year at Level I unless a pediatric neurologist or a pediatric neurosurgeon certifies that, in his or her medical judgment, there is a neurological deficit that will prevent the individual from ambulating, grasping a pen, feeding himself or herself, performing self care, or from achieving urinary or fecal continence. If any of those deficits are present, VA will pay the individual at Level III. In either case, VA will reassess the level of disability when the individual reaches the age of one year.

(6) VA will reassess the level of payment whenever it receives medical evidence indicating that a change is warranted. For individuals between the ages of one and twenty-one, however, it must reassess the level of payment at least every five years.

(e) *Effective dates.* Except as otherwise provided, VA will award the monetary allowance for an individual suffering from spina bifida based on an original claim, a claim reopened after final disallowance, or a claim for increase as of the date VA received the claim or the date entitlement arose, whichever is later.

(1) VA will increase benefits as of the earliest date the evidence establishes that the level of severity increased, but only if the beneficiary applies for an increase within one year of that date.

(2) If a claimant reopens a previously disallowed claim based on corrected military records, VA will award the benefit from the latest of the following dates: the date the veteran or beneficiary applied for a correction of the

military records; the date the disallowed claim was filed; or, the date one year before the date of receipt of the reopened claim.

(f) *Reductions and discontinuances.* VA will generally reduce or discontinue awards according to the facts found except as provided in §§3.105 and 3.114(b).

(1) If benefits were paid erroneously because of beneficiary error, VA will reduce or discontinue benefits as of the effective date of the erroneous award.

(2) If benefits were paid erroneously because of administrative error, VA will reduce or discontinue benefits as of the date of last payment.

**§3.815 Monetary allowance under 38 U.S.C. chapter 18 for an individual with disability from covered birth defects whose biological mother is or was a Vietnam veteran; identification of covered birth defects.**

(a) *Monthly monetary allowance.* (1) *General.* VA will pay a monthly monetary allowance under subchapter II of 38 U.S.C. chapter 18 to or for an individual whose biological mother is or was a Vietnam veteran and who VA has determined to have disability resulting from one or more covered birth defects. Except as provided in paragraph (a)(3) of this section, the amount of the monetary allowance paid will be based upon the level of such disability suffered by the individual, as determined in accordance with the provisions of paragraph (e) of this section.

(2) *Affirmative evidence of cause other than mother's service during Vietnam era.* No monetary allowance will be provided under this section based on a particular birth defect of an individual in any case where affirmative evidence establishes that the birth defect results from a cause other than the active military, naval, or air service of the individual's mother during the Vietnam era and, in determining the level of disability for an individual with more than one birth defect, the particular defect resulting from other causes will be excluded from consideration. This

will not prevent VA from paying a monetary allowance under this section for other birth defects.

(3) *Nonduplication; spina bifida.* In the case of an individual whose only covered birth defect is spina bifida, a monetary allowance will be paid under §3.814, and not under this section, nor will the individual be evaluated for disability under this section. In the case of an individual who has spina bifida and one or more additional covered birth defects, a monetary allowance will be paid under this section and the amount of the monetary allowance will be not less than the amount the individual would receive if his or her only covered birth defect were spina bifida. If, but for the individual's one or more additional covered birth defects, the monetary allowance payable to or for the individual would be based on an evaluation at Level I, II, or III, respectively, under §3.814(d), the evaluation of the individual's level of disability under paragraph (e) of this section will be not less than Level II, III, or IV, respectively.

(b) *No effect on other VA benefits.* Receipt of a monetary allowance under 38 U.S.C. chapter 18 will not affect the right of the individual, or the right of any person based on the individual's relationship to that person, to receive any other benefit to which the individual, or that person, may be entitled under any law administered by VA.

(c) *Definitions.*

(1) *Vietnam veteran.* For the purposes of this section, the term *Vietnam veteran* means a person who performed active military, naval, or air service in the Republic of Vietnam during the period beginning on February 28, 1961, and ending on May 7, 1975, without regard to the characterization of the person's service. (e) *Disability evaluations.* Whenever VA determines, upon receipt of competent medical evidence, that an individual has one or more covered birth defects, VA will determine the level of disability currently resulting, in combination, from the covered birth defects and associated disabilities. No monetary allowance will be payable under this section if VA determines

under this paragraph that an individual has no current disability resulting from the covered birth defects, unless VA determines that the provisions of paragraph (a)(3) of this section are for application. Except as otherwise provided in paragraph (a)(3) of this section, VA will determine the level of disability as follows:

(1) *Levels of disability.*

(i) *Level 0.* The individual has no current disability resulting from covered birth defects.

(ii) *Level I.* The individual meets one or more of the following criteria:

(A) The individual has residual physical or mental effects that only occasionally or intermittently limit or prevent some daily activities; or

(B) The individual has disfigurement or scarring of the head, face, or neck without gross distortion or gross asymmetry of any facial feature (nose, chin, forehead, eyes (including eyelids), ears (auricles), cheeks, or lips).

(iii) *Level II.* The individual meets one or more of the following criteria:

(A) The individual has residual physical or mental effects that frequently or constantly limit or prevent some daily activities, but the individual is able to work or attend school, carry out most household chores, travel, and provide age-appropriate self-care, such as eating, dressing, grooming, and carrying out personal hygiene, and communication, behavior, social interaction, and intellectual functioning are appropriate for age; or

(B) The individual has disfigurement or scarring of the head, face, or neck with either gross distortion or gross asymmetry of one facial feature or one paired set of facial features (nose, chin, forehead, eyes (including eyelids), ears (auricles), cheeks, or lips).

(iv) *Level III.* The individual meets one or more of the following criteria:

(A) The individual has residual physical or mental effects that frequently or constantly limit or prevent most daily activities, but the individual is able to provide age-appropriate self-care, such as eating, dressing, grooming, and carrying out personal hygiene;

(C) The individual's communication, behavior, social interaction, and intellectual functioning are not entirely appropriate for age; or

(D) The individual has disfigurement or scarring of the head, face, or neck with either gross distortion or gross asymmetry of two facial features or two paired sets of facial features (nose, chin, forehead, eyes (including eyelids), ears (auricles), cheeks, or lips).

(C) The individual has disfigurement or scarring of the head, face, or neck with either gross distortion or gross asymmetry of three facial features or three paired sets of facial features (nose, chin, forehead, eyes (including eyelids), ears (auricles), cheeks, or lips).

(2) *Assessing limitation of daily activities.* Physical or mental effects on the following functions are to be considered in assessing limitation of daily activities:

(i) Mobility (ability to stand and walk, including balance and coordination);

(x) Urinary and fecal continence.

(f) *Information for determining whether individuals have covered birth defects and rating disability levels.* (1) VA may accept statements from private physicians, or examination reports from government or private institutions, for the purposes of determining whether an individual has a covered birth defect and for rating claims for covered birth defects. If they are adequate for such

purposes, VA may make the determination and rating without further examination. In the absence of adequate information, VA may schedule examinations for the purpose of determining whether an individual has a covered birth defect and/or assessing the level of disability.

(2) Except in accordance with paragraph (a)(3) of this section, VA will not pay a monthly monetary allowance unless or until VA is able to obtain medical evidence adequate to determine that an individual has a covered birth defect and adequate to assess the level of disability due to covered birth defects.

(g) *Redeterminations.* VA will reassess a determination under this section whenever it receives evidence indicating that a change is warranted.

(h) *Referrals.* If a regional office is unclear in any case as to whether a condition is a covered birth defect, it may refer the issue to the Director of the Compensation and Pension Service for determination.

(i) *Effective dates.* Except as provided in § 3.114(a) or paragraph (i)(1) or (2) of this section, VA will award the monetary allowance under subchapter II of 38 U.S.C. chapter 18, for an individual with disability resulting from one or more covered birth defects, based on an original claim, a claim reopened after final disallowance, or a claim for increase, as of the date VA received the claim (or the date of birth if the claim is received within one year of that date), the date entitlement arose, or December 1, 2001, whichever is latest. Subject to the condition that no benefits may be paid for any period prior to December 1, 2001:

(1) VA will increase benefits as of the earliest date the evidence establishes that the level of severity increased, but only if the beneficiary applies for an increase within one year of that date.

(2) If a claimant reopens a previously disallowed claim based on corrected military records, VA will award the benefit from the latest of the following dates: the date the veteran or beneficiary applied for a correction of the military records; the date the disallowed claim was filed; or, the date one year before the date of receipt of the reopened claim.

(j) *Reductions and discontinuances.* VA will generally reduce or discontinue awards under subchapter II of 38 U.S.C. chapter 18 according to the facts found except as provided in §§ 3.105 and 3.114(b).

(1) If benefits were paid erroneously because of beneficiary error, VA will reduce or discontinue benefits as of the effective date of the erroneous award.

(2) If benefits were paid erroneously because of administrative error, VA will reduce or discontinue benefits as of the date of last payment.

### PROTECTION

#### §3.950 Helpless children; Spanish-American and prior wars.

Marriage is not a bar to the payment of pension or compensation to a helpless child under an award approved prior to April 1, 1944. The presumption, arising from the fact of marriage, that helplessness has ceased may be overcome by positive proof of continuing helplessness. As to awards approved on or after April 1, 1944, pension or compensation may not be paid to a helpless child who has married.

#### §3.951 Preservation of disability ratings.

(a) A readjustment to the Schedule for Rating Disabilities shall not be grounds for reduction of a disability rating in effect on the date of the readjustment unless medical evidence establishes that the disability to be evaluated has actually improved.

(Authority: 38 U.S.C. 1155)

(b) A disability which has been continuously rated at or above any evaluation of disability for 20 or more years for compensation purposes under laws administered by the Department of Veterans Affairs will not be reduced to less than such evaluation except upon a showing that such rating was based on fraud. Likewise, a rating of permanent total disability for pension purposes which has been in force for 20 or more years will not be reduced except upon a showing that the rating was based on fraud. The 20-year period will be computed from the effective date of the evaluation to the effective date of reduction of evaluation.

### 38 CFR Ch. I (7-1-03 Edition)

#### § 3.952 Protected ratings.

Ratings under the Schedule of Disability Ratings, 1925, which were the basis of compensation on April 1, 1946, are subject to modification only when a change in physical or mental condition would have required a reduction under the 1925 schedule, or an increased evaluation has been assigned under the Schedule for Rating Disabilities, 1945 (looseleaf edition), after which time all evaluations will be under the 1945 schedule (loose-leaf edition) only. Such increased evaluations must be of an other than temporary nature (due to hospitalization, surgery, etc.). When a temporary evaluation is involved, the 1925 schedule evaluation will be restored after the period of increase has elapsed unless the permanent residuals would have required reduction under that schedule, or unless an increased evaluation would be assignable under a 1945 schedule (looseleaf edition) rating. In any instance where the changed condition represents an increased degree of disability under either rating schedule but the evaluation provided by the 1945 schedule (looseleaf edition) is less than the evaluation in effect under the 1925 schedule on April 1, 1946, the 1925 schedule evaluation and award are protected.

#### § 3.953 Pub. L. 85-56 and Pub. L. 85-857.

(a) *In receipt of or entitled to receive benefits on December 31, 1958.* Any person receiving or entitled to receive benefits under any public law administered by the Department of Veterans Affairs on December 31, 1958, may, except where there was fraud, clear and unmistakable error of fact or law, or misrepresentation of material facts, continue to receive such benefits as long as the conditions warranting such payment under those laws continue. The greater benefit under the previous law or the corresponding section of title 38 U.S.C., will be paid in the absence of an election to receive the lesser benefit.

(Authority: Section 10, Pub. L. 85-857)

(b) *Emergency officers' retirement pay.* Any person who was receiving, or entitled to receive, emergency officers' re-

tirement pay, or other privileges or benefits as a retired emergency officer of World War I, on December 31, 1958, under the laws in effect on that day, will, except where there was fraud, clear and unmistakable error as to conclusion of fact or law, or misrepresentation of material facts, continue to receive, or be entitled to receive, emergency officers' retirement pay at the rate otherwise payable on December 31, 1958, and such other privileges and benefits, so long as the conditions warranting such pay, privileges, and benefits under those laws continue.

(Authority: Section 11, Pub. L. 85-857)

(c) *Service connection established under prior laws.* In the absence of fraud, misrepresentation of material facts or clear and unmistakable error, all cases where compensation was payable on December 31, 1957, for disability service connected under prior laws, repealed by Pub. L. 85-56, including those service connected under the second proviso of section 200 of the World War Veterans' Act, 1924, as amended, are protected by section 2316(b), Pub. L. 85-56 and section 10, Pub. L. 85-857 as to both service connection and rate of compensation, so long as the conditions warranting such status and rate continue. Any disability so service connected may be evaluated under the Schedule for Rating Disabilities, 1945 (looseleaf edition) and benefits awarded on the basis thereof, as well as special monthly compensation under 38 U.S.C. 1114, provided such action results in compensation payable at a rate equal to or higher than that payable on December 31, 1957. Where a changed physical condition warrants reevaluation of service-connected disabilities, compensation will be awarded under the provisions of 38 U.S.C. 1114.

(a) *Basic entitlement.* Except as provided in §§ 3.1001 and 3.1008, where death occurred on or after December 1, 1962, periodic monetary benefits (other than insurance and servicemembers' indemnity) authorized under laws administered by the Department of Veterans Affairs, to which a payee was entitled at his death under existing ratings or decisions, or those based on evidence in the file at date of death, and due and unpaid for a period not to exceed 2 years prior to the last date of entitlement as provided in § 3.500(g) will, upon the death of such person, be paid as follows:

(Authority: 38 U.S.C. 5121(a))

(1) Upon the death of a veteran to the living person first listed as follows:

- (i) His or her spouse;
- (ii) His or her children (in equal shares);
- (iii) His or her dependent parents (in equal shares) or the surviving parent.

(2) Upon the death of a surviving spouse or remarried surviving spouse, to the veteran's children.

(3) Upon the death of a child, to the surviving children of the veteran entitled to death pension, compensation, or dependency and indemnity compensation.

(4) In all other cases, only so much of the accrued benefit may be paid as may be necessary to reimburse the person who bore the expense of last sickness or burial. (See § 3.1002.)

(b) *Apportionments.* (1) Upon the death of a person receiving an apportioned share of benefits payable to a veteran, all or any part of such unpaid amount is payable to the veteran or to any other dependent or dependents of the veteran.

(Authority: 38 U.S.C. 5121(a)(1))

(2) Where at the date of death of the veteran an apportioned share is being paid to or has been withheld on behalf of another person, the apportioned amount remaining unpaid for periods prior to the last day of the month before the veteran's death is payable to the apportionee.

(3) Where the accrued death pension, compensation or dependency and indemnity compensation was payable for a child as an apportioned share of the surviving spouse's benefit, payment will be made under the provisions of paragraph (a)(4) of this section, on the expenses of such deceased child's last sickness or burial.

(c) *Claims and evidence.* Application for accrued benefits must be filed within 1 year after the date of death. A claim for death pension, compensation, or dependency and indemnity compensation, by an apportionee, surviving spouse, child or parent is deemed to include claim for any accrued benefits. (See § 3.152(b)).

(1) If an application for accrued benefits is incomplete because the claimant has not furnished information necessary to establish that he or she is within the category of eligible persons under the provisions of paragraphs (a)(1) through (a)(4) or paragraph (b) of this section and that circumstances exist which make the claimant the specific person entitled to payment of all or part of any benefits which may have accrued, VA shall notify the claimant:

- (i) Of the type of information required to complete the application;
- (ii) That VA will take no further action on the claim unless VA receives the required information; and
- (iii) That if VA does not receive the required information within 1 year of the date of the original VA notification of information required, no benefits will be awarded on the basis of that application.

(2) Failure to file timely claim, or a waiver of rights, by a preferred dependent will not serve to vest title in a person in a lower class or a claimant for reimbursement; neither will such failure or waiver by a person or persons in a joint class serve to increase the

(d) *Definitions.* (1) *Spouse* means the surviving spouse of the veteran, whose marriage meets the requirements of §3.1(j) or §3.52. Where the marriage meets the requirements of §3.1(j) date of marriage and continuous cohabitation are not factors.

(2) *Child* is as defined in §3.57 and includes an unmarried child who became permanently incapable of self-support prior to attaining 18 years of age as well as an unmarried child over the age of 18 but not over 23 years of age, who was pursuing a course of instruction within the meaning of §3.57 at the time of the payee's death. However, upon the death of a child in receipt of death pension, compensation, or dependency and indemnity compensation, any accrued will be payable to the surviving child or children of the veteran entitled to death pension, compensation, or dependency and indemnity compensation. Upon the death of a child, another child who has elected dependents' educational assistance under 38 U.S.C. chapter 35 may receive accrued death pension, compensation, or dependency and indemnity compensation, payable on behalf of the deceased child for periods prior to the commencement of benefits under that chapter.

(4) *Evidence in the file at date of death* means evidence in VA's possession on or before the date of the beneficiary's death, even if such evidence was not physically located in the VA claims folder on or before the date of death.

(e) *Subsistence allowance.* Subsistence allowance under the provisions of 38 U.S.C. ch. 31 remaining due and unpaid at the date of the veteran's death, is payable under the provisions of this section.

(b) *Nonservice-connected death burial allowance.* If a veteran's death is not service-connected, an amount not to exceed the amount specified in 38 U.S.C. 2302 (or if entitlement is under § 3.40 (c) or (d), an amount computed in accordance with the provisions of § 3.40(c)) may be paid toward the veteran's funeral and burial expenses including the cost of transporting the body to the place of burial. Entitlement is subject to the following conditions:

(1) At the time of death the veteran was in receipt of pension or compensation (or but for the receipt of military retirement pay would have been in receipt of compensation); or

(2) The veteran has an original or reopened claim for either benefit pending at the time of the veteran's death, and

(i) In the case of an original claim there is sufficient evidence of record on the date of the veteran's death to have supported an award of compensation or pension effective prior to the date of the veteran's death, or

(ii) In the case of a reopened claim, there is sufficient prima facie evidence of record on the date of the veteran's death to indicate that the deceased would have been entitled to compensation or pension prior to date of death. If the Department of Veterans Affairs determines that additional evidence is needed to confirm that the deceased would have been entitled prior to death, it shall be submitted within 1 year from date of request to the burial allowance claimant for submission of the confirming evidence. If the confirming evidence is not received by the Department of Veterans Affairs within 1 year from date of request, the burial allowance claim shall be disallowed; or

(3) The deceased was a veteran of any war or was discharged or released from active military, naval, or air service for a disability incurred or aggravated in line of duty, and the body of the deceased is being held by a State (or a political subdivision of a State), and the Secretary determines,

(i) That there is no next of kin or other person claiming the body of the deceased veteran, and

(ii) That there are not available sufficient resources in the veteran's estate to cover burial and funeral expenses; and

(4) The applicable further provisions of this section and §§ 3.1601 through 3.1610.

(Authority: 38 U.S.C. 501, 2302)

(c) *Death while properly hospitalized.* If a person dies from non-service-connected causes while properly hospitalized by VA, there is payable an allowance not to exceed the amount specified in 38 U.S.C. 2303(a) for the actual cost of the person's funeral and burial, and an additional amount for transportation of the body to the place of burial. For burial allowance purposes, the term *hospitalized by VA* means admission to a VA facility (as described in 38 U.S.C. 1701(3)) for hospital, nursing home, or domiciliary care under the authority of 38 U.S.C. 1710 or 1711(a); admission (transfer) to a non-VA facility (as described in 38 U.S.C. 1701(4)) for hospital care under the authority of 38 U.S.C. 1703; admission (transfer) to a

nursing home under the authority of 38 U.S.C. 1720 for nursing home care at the expense of the United States; or admission (transfer) to a State nursing home for nursing home care with respect to which payment is authorized under the authority of 38 U.S.C. 1741. (If the hospitalized person's death is service-connected, entitlement to the burial allowance and transportation expenses fall under paragraphs (a) and (g) of this section instead of this paragraph.)

(Authority: 38 U.S.C. 2303(a))

(d) *Determinations.* Where a claim for burial allowance would be or has been disallowed because the service department holds that the disability was not incurred in line of duty and evidence is submitted which permits a different finding, the decision of the service department is not binding and the Department of Veterans Affairs will determine line of duty. The burden of proof will rest upon the claimant.

(e) *Persons not included.* Except as provided in §3.1605(c) burial allowance is not payable in the following cases:

(1) A discharged or rejected draftee or selectee.

(2) A member of the National Guard who reported to camp in answer to the President's call for World War I or World War II service, but who, when medically examined was not finally accepted for active military service.

(3) An alien who does not come within the purview of §3.7(b).

(4) Philippine Scouts enlisted on or after October 6, 1945, under section 14, Pub. L. 190, 79th Congress.

(5) Temporary members of the Coast Guard Reserve.

(f) *Plot or interment allowance.* When a veteran dies from nonservice-connected causes, an amount not to exceed the amount specified in 38 U.S.C. 2303(b) (or if the entitlement is under §3.40 (c) or (d), an amount computed in accordance with the provisions of §3.40(c)) may be paid as a plot or interment allowance. The plot or interment allowance is payable to the person or entity who incurred the expenses. (For payment to a State or political subdivision thereof, see §3.1604(c).) Entitlement is subject to the following conditions:

(1) The deceased veteran is eligible for the burial allowance under paragraph (b) or (c) of this section; or

(2) The veteran served during a period of war and the conditions set forth in §3.1604(d)(1)(ii)-(v) (relating to burial in a state veterans' cemetery) are met; or

(Authority: 38 U.S.C. 2303(b)(2))

(3) The veteran was discharged from the active military, naval, or air service for a disability incurred or aggravated in line of duty (or at time of discharge has such a disability, shown by official service records, which in medical judgment would have justified a discharge for disability; the official service department record showing that the veteran was discharged or released from service for disability incurred in line of duty will be accepted for determining entitlement to the plot or interment allowance notwithstanding that the Department of Veterans Affairs has determined, in connection with a claim for monetary benefits, that the disability was not incurred in line of duty); and

(4) The veteran is not buried in a national cemetery or other cemetery under the jurisdiction of the United States; and

(5) The applicable further provisions of this section and §§3.1601 through 3.1610.

(Authority: 38 U.S.C. 2303(b))

(g) *Transportation expenses for burial in national cemetery.* Where a veteran dies as the result of a service-connected disability, or at the time of death was in receipt of disability compensation (or but for the receipt of military retired pay or nonservice-connected disability pension would have been entitled to disability compensation at time of death), there is payable, in addition to the burial allowance (either the amount specified in 38 U.S.C. 2302 or the amount specified in 38 U.S.C. 2307 if the cause of death was service connected), an additional amount for payment of the cost of transporting the body to the national cemetery for burial. This amount may not exceed the cost of transporting the body from the veteran's place of death to the national cemetery nearest the

#### § 3.1601 Claims and evidence.

(a) *Claims.* Claims for reimbursement or direct payment of burial and funeral expenses under § 3.1600(b) and plot or interment allowance under § 3.1600(f) must be received by VA within 2 years after the permanent burial or cremation of the body. Where the burial allowance was not payable at the death of the veteran because of the nature of his (or her) discharge from service, but after his (or her) death the discharge has been corrected by competent authority so as to reflect a discharge under conditions other than dishonorable, claim may be filed within 2 years from date of correction of the discharge. This time limit does not apply to claims for service-connected burial allowance under § 3.1600(a) or for the cost of transporting a veteran's body to the place of burial under § 3.1600(c) or § 3.1600(g).

(Authority: 38 U.S.C. 904)

(1) Claims for burial allowance may be executed by:

(i) The funeral director, if entire bill or any balance is unpaid (if unpaid bill or the unpaid balance is less than the applicable statutory burial allowance, only the unpaid amount may be claimed by the funeral director); or

(ii) The individual whose personal funds were used to pay burial, funeral, and transportation expenses; or

(iii) The executor or administrator of the estate of the veteran or the estate of the person who paid the expenses of the veteran's burial or provided such services. If no executor or administrator has been appointed then by some person acting for such estate who will make distribution of the burial allowance to the person or persons entitled

under the laws governing the distribution of interstate estates in the State of the decedent's personal domicile.

(2) Claims for the plot or interment allowance (except for claims filed by a State or an agency or political subdivision thereof, under § 3.1604(d)) may be executed by:

(i) The funeral director, if he or she provided the plot or interment services, or advanced funds to pay for them, and if the entire bill for such or any balance thereof is unpaid (if the unpaid bill or the unpaid balance is less than the statutory plot or interment allowance, only the unpaid amount may be claimed by the funeral director); or

(ii) The person(s) whose personal funds were used to defray the cost of the plot or interment expenses; or

(iii) The person or entity from whom the plot was purchased or who provided interment services if the bill for such is unpaid in whole or in part. An unpaid bill for a plot will take precedence in payment of the plot or interment allowance over an unpaid bill for other interment expenses or a claim for reimbursement for such expenses. Any remaining balance of the plot or interment allowance may then be applied to interment expenses; or

(iv) The executor or administrator of the estate of the veteran or the estate of the person who bore the expense of the plot or interment expenses. If no executor or administrator has been appointed, claim for the plot or interment allowance may be filed as provided in paragraph (a)(1)(iii) of this section for the burial allowance.

(3) For the purposes of the plot and interment allowance *plot* or *burial plot* means the final disposal site of the remains, whether it is a grave, mausoleum vault, columbarium niche, or other similar place. Interment expenses are those costs associated with the final disposition of the remains and are not confined to the acts done within the burial grounds but may include the removal of bodies for burial or interment.

(b) *Supporting evidence.* Evidence required to complete a claim for the burial allowance and the plot or interment allowance, when payable, (including a reopened claim filed within the 2-year

## Department of Veterans Affairs

## § 3.1604

period) must be submitted within 1 year from date of the Department of Veterans Affairs request for such evidence. In addition to the proper claim form the claimant (other than a § 3.1604(d) claimant) is required to submit:

(1) *Statement of account.* Preferably on funeral director's or cemetery owner's billhead showing name of the deceased veteran, the plot or interment costs, and the nature and cost of services rendered, and unpaid balance.

(2) *Receipted bills.* Must show by whom payment was made and show receipt by a person acting for the funeral director or cemetery owner.

(3) *Proof of death.* In accordance with § 3.211.

(4) *Waivers from all other distributees.* Where expenses of a veteran's burial, funeral, plot, interment and transportation were paid from funds of the veteran's estate or some other deceased person's estate and the identity and right of all persons to share in that estate have been established, payment may be made to one heir upon unconditional written consent of all other heirs.

(5) *Entitlement under § 3.1600(b)(3).* In addition to the other evidentiary requirements of this subparagraph, there must be written certification over the signature of a responsible official of the State (or political subdivision of the State) where the body was held that—

(i) There is no next of kin or other person claiming the body of the deceased veteran, and

(ii) There are not available sufficient resources in the veteran's estate to cover burial and funeral expenses.

### § 3.1602 Special conditions governing payments.

(a) *Two or more persons expended funds.* If two or more persons have paid from their personal funds toward the burial, funeral, plot, interment and transportation expenses, the burial and plot or interment allowance will be divided among such persons in accord-

ance with the proportionate share paid by each, unless waiver is executed in favor of one of such persons by the other person or persons involved. The person in whose favor payment is waived will not be allowed a sum greater than that which was paid by such person. (See § 3.1601(a)(3).)

(b) *Person who performed services.* A person who performed burial, funeral, and transportation services or furnished the burial plot will have priority over claims of persons whose personal funds were expended.

(c) *Partial payment.* Where partial payment of the expenses of the burial, funeral and transportation of the body are made from funds of the veteran's estate and the balance from the personal funds of another person, the claim of the other person has priority.

(d) *Escheat.* No payment of burial allowance or plot or interment allowance will be made where it would escheat.

### § 3.1603 Authority for burial of certain unclaimed bodies.

If the body of a deceased veteran is unclaimed, there being no relatives or friends to claim the body, and there is burial allowance entitlement which is not based on § 3.1600(b)(3), the amount provided for burial and plot or interment allowance will be available for the burial upon receipt of a claim accompanied by a statement showing what efforts were made to locate relatives or friends. The question of escheat of any part of such deceased veteran's estate is not a factor in such a claim. Burial allowance may be authorized for cost of disinterment and reburial of unclaimed remains originally accorded pauper burial but not for initial expenses of a burial in a potter's field. Burial in a prison cemetery is not considered a pauper burial.

[48 FR 41162, Sept. 14, 1983]

(a) *Contributions or payments by public or private organizations.* When contributions or payments on the burial expenses have been made by a state, any agency or political subdivision of the

United States or of a State or the employer of the deceased veteran only the difference between the entire burial expenses and the amount paid thereon by any of these agencies or organizations, not to exceed the applicable statutory burial allowance, will be authorized. Contributions or payments by any other public or private organization such as a lodge, union, fraternal or beneficial organization, society, burial association or insurance company, will bar payment of the burial allowance if such allowance would revert to the funds of such organization or would discharge such organization's obligation without payment.

(Authority: 38 U.S.C. 2302; 2307)

(1) A contract or policy which provides for payment at death of a specified amount to a designated beneficiary other than the person rendering burial and funeral services will not bar payment of the burial allowance to the beneficiary even though the organization issuing the contract or policy retains an option to make payment direct to the person rendering burial and funeral services.

(2) The provisions of this paragraph do not apply to contributions or payments on the burial and funeral expenses which are made for humanitarian reasons if the organization making the contribution or payment is under no legal obligation to do so.

(b) *Payment by Federal agency.* (1) Where a veteran dies while in employment covered by the United States Employees' Compensation Act, as amended, or other similar laws specifically providing for payment of the expenses of funeral, transportation, and interment out of Federal funds, burial allowance will not be authorized by the Department of Veterans Affairs.

(2) A provision in any Federal law or regulation permitting the application of funds due or accrued to the credit of the deceased toward the expenses of funeral, transportation and interment (such as Social Security benefits), as distinguished from a provision specifically prescribing a definite allowance for such purpose, will not bar payment of the burial allowance. In such cases only the difference between the total burial expense and the amount paid

thereon under such provision, not to exceed the amount specified in 38 U.S.C. 2302, will be authorized.

(Authority: 38 U.S.C. 2302(b))

(3) Burial allowance is not payable for deaths in active service, or during the duty periods set forth in § 3.6, or for other deaths where the cost of burial and transportation is paid by the service department.

(c) *Payment of plot or interment allowance by public or private organization except as provided for by § 3.1604(d).* Where any part of the plot or interment expenses has been paid or assumed by a state, any agency or political subdivision of a State, or the employer of the deceased veteran, only the difference between the total amount of such expenses and the amount paid or assumed by any of these agencies or organizations, not to exceed the statutory plot or interment allowance, will be authorized.

(Authority: 38 U.S.C. 2303(b))

(d) *Payment of the plot or interment allowance to a State or political subdivision thereof—(1) Conditions warranting payment.* All of the following conditions must be met:

(i) The plot or interment allowance is payable based on the service of the deceased veteran. See § 3.1600.

(ii) The deceased veteran is buried in a cemetery or a section thereof which is used solely for the interment of persons who are eligible for burial in a national cemetery or who, with respect to persons dying on or after November 1, 2000, were at the time of death members of a reserve component of the Armed Forces not otherwise eligible for such burial or were former members of such a reserve component not otherwise eligible for such burial who were discharged or released from service under conditions other than dishonorable.

(iii) The cemetery or the section thereof where the veteran is buried is owned by the State, or an agency or political subdivision of the State claiming the plot or interment allowance.

(iv) No charge is made by the State, or an agency or political subdivision of

the State for the cost of the plot or interment.

(v) The veteran was buried on or after October 1, 1978.

(2) *Claims.* A claim for payment under this paragraph shall be executed by a State, or an agency or political subdivision of a state on a claim form prescribed by the Department of Veterans Affairs. Such claim must be received by the Department of Veterans Affairs within 2 years after the permanent burial or cremation of the body. Where the burial allowance was not payable at the death of the veteran because of the nature of the veteran's discharge from service, but after the veteran's death the veteran's discharge was corrected by competent authority so as to reflect a discharge under conditions other than dishonorable, claim may be filed within 2 years from the date of correction of the discharge.

(3) *Amount of the allowance.* A State or an agency or political subdivision of a state entitled to payment under this paragraph shall be paid the maximum statutory amount as a plot or interment allowance without regard to the actual cost of the plot or interment.

(Authority: 38 U.S.C. 2303(b))

(4) *Priority of payment.* A claim filed under this paragraph shall take precedence in payment of the plot or interment allowance over any claim filed for the plot or interment allowance under § 3.1601(a)(2).

### **§ 3.1605 Death while traveling under prior authorization or while hospitalized by the Department of Veterans Affairs.**

An amount may be paid not to exceed the amount payable under § 3.1600 for the funeral, burial, plot, or interment expenses of a person who dies while in a hospital, domiciliary, or nursing home to which he or she was properly admitted under authority of the Department of Veterans Affairs. (See § 3.1600(c)). In addition, the cost of transporting the body to the place of

burial may be authorized. The amount payable under this section is subject to the limitations set forth in paragraph (b) of this section, and §§ 3.1604 and 3.1606.

(a) *Death enroute.* When a veteran while traveling under proper prior authorization and at Department of Veterans Affairs expense to or from a specified place for the purpose of:

- (1) Examination; or
- (2) Treatment; or
- (3) Care

dies enroute, burial, funeral, plot, interment, and transportation expenses will be allowed as though death occurred while properly hospitalized by the Department of Veterans Affairs. Hospitalization in the Philippines under 38 U.S.C. 631, 632, and 633 does not meet the requirements of this section.

(b) *Transportation.* Except for retired persons hospitalized under section 5 of Executive Order 10122 (15 FR 2173; 3 CFR 1950 Supp.) issued pursuant to Pub. L. 351, 81st Congress, and not as Department of Veterans Affairs beneficiaries, the cost of transportation of the body to the place of burial in addition to the burial and plot or interment allowance will be provided by the Department of Veterans Affairs where death occurs:

(1) Within a State or the Canal Zone (38 U.S.C. 101 (20)) while the veteran is hospitalized by the Department of Veterans Affairs and the body is buried in a State or the Canal Zone; or

(2) While hospitalized within but burial is to be outside of a State or the Canal Zone, except that cost of transportation of the body will be authorized only from place of death to port of embarkation, or to border limits of United States where burial is in Canada or Mexico.

(c) *Extended entitlement.* Entitlement extends to the following persons who die while properly hospitalized by the Department of Veterans Affairs:

- (1) Discharged or rejected draftees; or
- (2) Members of the National Guard who reported to camp in answer to the President's call for World War I, World War II, or Korean service, but who when medically examined were not finally accepted for active military service; or

(2) While in a status of unauthorized absence for a period not in excess of 24 hours; or

(3) While absent from the hospital for a period totaling 24 hours of combined authorized and unauthorized absence (all other cases in which such absence arises at the expiration of an authorized absence are not included);

(a) *Shipment by common carrier.* (1) Charge for pickup of remains from place hospitalized or place of death but not to exceed the usual and customary charge made the general public for the same service.

(2) Procuring permit for shipment.

(3) *Shipping case.* When a box purchased for interment purposes is also used as the shipping case, the amount payable may not exceed the usual and customary charge for a shipping case. In any such instance any excess amount would be an acceptable item to be included in the burial allowance expenses.

(4) Cost of sealing outside case (tin or galvanized iron), if a vault (steel or concrete) is used as a shipping case and also for burial, an allowance of \$30 may be made thereon in lieu of a separate shipping case.

(5) Cost of hearse to point where remains are to be placed on common carrier for shipment.

(6) Cost of transportation by common carrier including amounts paid as Federal taxes.

(7) Cost of one removal by hearse direct from common carrier plus one later removal by hearse to place of burial.

(b) *Transported by hearse.* (1) Charge for pickup of remains from place hospitalized, or place of death and

(2) The veteran was buried on or after October 18, 1978.

(3) The headstone or marker was purchased to mark the otherwise unmarked grave of the deceased veteran or, if death occurred prior to December 18, 1989, the veteran's identifying information was added to an existing headstone or marker.

(Authority: 38 U.S.C. 2306(d))

(4) The headstone or marker is for placement in a cemetery other than a National cemetery or the headstone or marker upon which the veteran's identifying information was added is situated in a cemetery other than a National cemetery.

(c) *Person entitled to request a Government-furnished headstone or marker.* For purposes of this monetary allowance, the term "person entitled to request a headstone or marker" includes, but is not limited to, the person who purchased the headstone or marker (or if

§3.1612

death occurred prior to December 18, 1989, the person who paid for adding the veteran's identifying information to an existing headstone or marker), or the executor, administrator or person representing the deceased's estate.

(Authority: 38 U.S.C. 2306(d))

(d) *Receipted bill.* A receipted bill describing the headstone or marker (or the services rendered in adding the veteran's identifying information to an existing headstone or marker) date of purchase, purchase price, the amount of payment and the name of the person who made such payment, shall accompany a claim for this monetary allowance.

(e) *Payment and amount of the allowance.* (1) The monetary allowance is payable as reimbursement to the person entitled to request a Government-furnished headstone or marker. If funds of the deceased's estate were used to purchase the headstone or marker or, if death occurred prior to December 18, 1989, to have the deceased's identifying information added to an existing headstone or marker, and no executor or administrator has been appointed, payment may be made to a person who will make a distribution of this monetary allowance to the person or persons entitled under the laws governing the distribution of intestate estates in the State of the decedent's personal domicile.

(Authority: 38 U.S.C. 2306(d))

(2) The amount of the allowance payable is the lesser of the following:

(i) Actual cost of acquiring a non-Government headstone or marker or, if death occurred prior to December 18, 1989, the actual cost of adding the veteran's identifying information to an existing headstone or marker; or

(Authority: 38 U.S.C. 2306(d))

(ii) The average actual cost, as determined by VA, of headstones and markers furnished at Government expense for the fiscal year preceding the fiscal year in which the non-Government marker was purchased or the services for adding the veteran's identifying in-

formation on an existing headstone or marker were purchased.

(3) The average actual cost of Government-furnished headstones and markers during any fiscal year is determined by dividing the sum of VA's costs during that fiscal year for procurement, transportation, Office of Memorial Programs and miscellaneous administration, inspection and support staff by the total number of headstones and markers procured by VA during that fiscal year and rounding to the nearest whole dollar amount. The resulting average actual cost is published at the end of each fiscal year in the "Notices" section of the FEDERAL REGISTER.

(Authority: 38 U.S.C. 2306(d))

(4) The following applies to joint or multiple headstones or markers:

(i) When a joint or multiple non-Government headstone or marker is purchased subsequent to the veteran's death, the amount set forth in paragraph (e)(2)(ii) of this section shall be available as reimbursement for the cost of the veteran's portion of the joint or multiple headstone or marker.

(ii) When a joint or multiple non-Government headstone or marker is existent at the time of the veteran's death, the allowance payable as reimbursement under paragraph (e)(2) of this section shall be determined based on the cost of the services for adding the veteran's identifying information.

(f) *Payment of allowance prohibited.* This monetary allowance shall not be paid when a Government headstone or marker has been requested or issued under the provisions of §1.631 (a)(2) and (b) of this chapter.

(g) *Claims.* There is no time limit for filing claims for monetary allowance in lieu of a Government-furnished headstone or marker.

(Authority: 38 U.S.C. 2306(d))

(h) The monetary allowance in lieu of a Government-furnished headstone or

VA will accept signatures by mark or thumbprint if:

(a) They are witnessed by two people who sign their names and give their addresses, or

(b) They are witnessed by an accredited agent, attorney, or service organization representative, or

(c) They are certified by a notary public or any other person having the authority to administer oaths for general purposes, or

(d) They are certified by a VA employee who has been delegated authority by the Secretary under 38 CFR 2.3.

(Authority: 38 U.S.C. 5101).

#### REVISIONS

#### § 3.2600 Review of benefit claims decisions.

(a) A claimant who has filed a timely Notice of Disagreement with a decision of an agency of original jurisdiction on a benefit claim has a right to a review

of that decision under this section. The review will be conducted by a Veterans Service Center Manager or Decision Review Officer, at VA's discretion. An individual who did not participate in the decision being reviewed will conduct this review. Only a decision that has not yet become final (by appellate decision or failure to timely appeal) may be reviewed. Review under this section will encompass only decisions with which the claimant has expressed disagreement in the Notice of Disagreement. The reviewer will consider all evidence of record and applicable law, and will give no deference to the decision being reviewed.

(b) Unless the claimant has requested review under this section with his or her Notice of Disagreement, VA will, upon receipt of the Notice of Disagreement, notify the claimant in writing of his or her right to a review under this section. To obtain such a review, the claimant must request it not later than 60 days after the date VA mails the notice. This 60-day time limit may not be extended. If the claimant fails to request review under this section not later than 60 days after the date VA mails the notice, VA will proceed with the traditional appellate process by issuing a Statement of the Case. A claimant may not have more than one review under this section of the same decision.

(c) The reviewer may conduct whatever development he or she considers necessary to resolve any disagreements in the Notice of Disagreement, consistent with applicable law. This may include an attempt to obtain additional evidence or the holding of an informal conference with the claimant. Upon the request of the claimant, the reviewer will conduct a hearing under § 3.103(c).

(d) The reviewer may grant a benefit sought in the claim notwithstanding § 3.105(b), but, except as provided in paragraph (e) of this section, may not revise the decision in a manner that is less advantageous to the claimant than the decision under review. A review decision made under this section will include a summary of the evidence, a citation to pertinent laws, a discussion of how those laws affect the decision,

and a summary of the reasons for the decision.

(e) Notwithstanding any other provisions of this section, the reviewer may reverse or revise (even if disadvantageous to the claimant) prior decisions of an agency of original jurisdiction (including the decision being reviewed or any prior decision that has become final due to failure to timely appeal) on the grounds of clear and unmistakable error (see § 3.105(a)).

(f) Review under this section does not limit the appeal rights of a claimant. Unless a claimant withdraws his or her Notice of Disagreement as a result of this review process, VA will proceed with the traditional appellate process by issuing a Statement of the Case.

(g) This section applies to all claims in which a Notice of Disagreement is filed on or after June 1, 2001.

## Subpart A—General Policy in Rating

### § 4.1 Essentials of evaluative rating.

This rating schedule is primarily a guide in the evaluation of disability resulting from all types of diseases and injuries encountered as a result of or incident to military service. The percentage ratings represent as far as can practicably be determined the average impairment in earning capacity resulting from such diseases and injuries and their residual conditions in civil occupations. Generally, the degrees of disability specified are considered adequate to compensate for considerable loss of working time from exacerbations or illnesses proportionate to the severity of the several grades of disability. For the application of this schedule, accurate and fully descriptive medical examinations are required, with emphasis upon the limitation of activity imposed by the disabling condition. Over a period of many years, a veteran's disability claim may require reratings in accordance with changes in laws, medical knowledge and his or her physical or mental condition. It is thus essential, both in the examination and in the evaluation of

#### § 4.2

disability, that each disability be viewed in relation to its history.

[41 FR 11292, Mar. 18, 1976]

#### § 4.2 Interpretation of examination reports.

Different examiners, at different times, will not describe the same disability in the same language. Features of the disability which must have persisted unchanged may be overlooked or a change for the better or worse may not be accurately appreciated or described. It is the responsibility of the rating specialist to interpret reports of examination in the light of the whole recorded history, reconciling the various reports into a consistent picture so that the current rating may accurately reflect the elements of disability present. Each disability must be considered from the point of view of the veteran working or seeking work. If a diagnosis is not supported by the findings on the examination report or if the report does not contain sufficient detail, it is incumbent upon the rating board to return the report as inadequate for evaluation purposes.

[41 FR 11292, Mar. 18, 1976]

#### § 4.3 Resolution of reasonable doubt.

It is the defined and consistently applied policy of the Department of Veterans Affairs to administer the law under a broad interpretation, consistent, however, with the facts shown in every case. When after careful consideration of all procurable and assembled data, a reasonable doubt arises regarding the degree of disability such doubt will be resolved in favor of the claimant. See § 3.102 of this chapter.

[40 FR 42535, Sept. 15, 1975]

#### § 4.6 Evaluation of evidence.

The element of the weight to be accorded the character of the veteran's service is but one factor entering into the considerations of the rating boards in arriving at determinations of the evaluation of disability. Every element in any way affecting the probative value to be assigned to the evidence in each individual claim must be thoroughly and conscientiously studied by each member of the rating board in the light of the established policies of the

#### 38 CFR Ch. I (7-1-03 Edition)

Department of Veterans Affairs to the end that decisions will be equitable and just as contemplated by the requirements of the law.

#### § 4.7 Higher of two evaluations.

Where there is a question as to which of two evaluations shall be applied, the higher evaluation will be assigned if the disability picture more nearly approximates the criteria required for that rating. Otherwise, the lower rating will be assigned.

#### § 4.9 Congenital or developmental defects.

Mere congenital or developmental defects, absent, displaced or supernumerary parts, refractive error of the eye, personality disorder and mental deficiency are not diseases or injuries in the meaning of applicable legislation for disability compensation purposes.

[41 FR 11292, Mar. 18, 1976]

#### § 4.10 Functional impairment.

The basis of disability evaluations is the ability of the body as a whole, or of the psyche, or of a system or organ of the body to function under the ordinary conditions of daily life including employment. Whether the upper or lower extremities, the back or abdominal wall, the eyes or ears, or the cardiovascular, digestive, or other system, or psyche are affected, evaluations are based upon lack of usefulness, of these parts or systems, especially in self-support. This imposes upon the medical examiner the responsibility of furnishing, in addition to the etiological, anatomical, pathological, laboratory and prognostic data required for ordinary medical classification, full description of the effects of disability upon the person's ordinary activity. In this connection, it will be remembered that a person may be too disabled to engage in employment although he or she is up and about and fairly comfortable at home or upon limited activity.

[41 FR 11292, Mar. 18, 1976]

#### § 4.13 Effect of change of diagnosis.

The repercussion upon a current rating of service connection when change

is made of a previously assigned diagnosis or etiology must be kept in mind. The aim should be the reconciliation and continuance of the diagnosis or etiology upon which service connection for the disability had been granted. The relevant principle enunciated in § 4.125, entitled "Diagnosis of mental disorders," should have careful attention in this connection. When any change in evaluation is to be made, the rating agency should assure itself that there has been an actual change in the conditions, for better or worse, and not merely a difference in thoroughness of the examination or in use of descriptive terms. This will not, of course, preclude the correction of erroneous ratings, nor will it preclude assignment of a rating in conformity with § 4.7.

[29 FR 6718, May 22, 1964, as amended at 61 FR 52700, Oct. 8, 1996]

#### § 4.14 Avoidance of pyramiding.

The evaluation of the same disability under various diagnoses is to be avoided. Disability from injuries to the muscles, nerves, and joints of an extremity may overlap to a great extent, so that special rules are included in the appropriate bodily system for their evaluation. Dyspnea, tachycardia, nervousness, fatigability, etc., may result from many causes; some may be service connected, others, not. Both the use of manifestations not resulting from service-connected disease or injury in establishing the service-connected evaluation, and the evaluation of the same manifestation under different diagnoses are to be avoided.

#### § 4.15 Total disability ratings.

The ability to overcome the handicap of disability varies widely among individuals. The rating, however, is based primarily upon the average impairment in earning capacity, that is, upon the economic or industrial handicap which must be overcome and not from individual success in overcoming it. However, full consideration must be given to unusual physical or mental effects in individual cases, to peculiar effects of occupational activities, to defects in physical or mental endowment preventing the usual amount of success in overcoming the handicap of disability and to the effect of combina-

tions of disability. Total disability will be considered to exist when there is present any impairment of mind or body which is sufficient to render it impossible for the average person to follow a substantially gainful occupation; *Provided*, That permanent total disability shall be taken to exist when the impairment is reasonably certain to continue throughout the life of the disabled person. The following will be considered to be permanent total disability: the permanent loss of the use of both hands, or of both feet, or of one hand and one foot, or of the sight of both eyes, or becoming permanently helpless or permanently bedridden. Other total disability ratings are scheduled in the various bodily systems of this schedule.

#### § 4.16 Total disability ratings for compensation based on unemployability of the individual.

(a) Total disability ratings for compensation may be assigned, where the schedular rating is less than total, when the disabled person is, in the judgment of the rating agency, unable to secure or follow a substantially gainful occupation as a result of service-connected disabilities: *Provided* That, if there is only one such disability, this disability shall be ratable at 60 percent or more, and that, if there are two or more disabilities, there shall be at least one disability ratable at 40 percent or more, and sufficient additional disability to bring the combined rating to 70 percent or more. For the above purpose of one 60 percent disability, or one 40 percent disability in combination, the following will be considered as one disability: (1) Disabilities of one or both upper extremities, or of one or both lower extremities, including the bilateral factor, if applicable, (2) disabilities resulting from common etiology or a single accident, (3) disabilities affecting a single body system, e.g. orthopedic, digestive, respiratory, cardiovascular-renal, neuropsychiatric, (4) multiple injuries incurred in action, or (5) multiple disabilities incurred as a prisoner of war. It is provided further that the existence or degree of nonservice-connected disabilities or previous

#### §4.17

#### 38 CFR Ch. I (7-1-03 Edition)

unemployability status will be disregarded where the percentages referred to in this paragraph for the service-connected disability or disabilities are met and in the judgment of the rating agency such service-connected disabilities render the veteran unemployable. Marginal employment shall not be considered substantially gainful employment. For purposes of this section, marginal employment generally shall be deemed to exist when a veteran's earned annual income does not exceed the amount established by the U.S. Department of Commerce, Bureau of the Census, as the poverty threshold for one person. Marginal employment may also be held to exist, on a facts found basis (includes but is not limited to employment in a protected environment such as a family business or sheltered workshop), when earned annual income exceeds the poverty threshold. Consideration shall be given in all claims to the nature of the employment and the reason for termination.

(Authority: 38 U.S.C. 501)

(b) It is the established policy of the Department of Veterans Affairs that all veterans who are unable to secure and follow a substantially gainful occupation by reason of service-connected disabilities shall be rated totally disabled. Therefore, rating boards should submit to the Director, Compensation and Pension Service, for extra-schedular consideration all cases of veterans who are unemployable by reason of service-connected disabilities, but who fail to meet the percentage standards set forth in paragraph (a) of this section. The rating board will include a full statement as to the veteran's service-connected disabilities, employment history, educational and vocational attainment and all other factors having a bearing on the issue.

[40 FR 42535, Sept. 15, 1975, as amended at 54 FR 4281, Jan. 30, 1989; 55 FR 31580, Aug. 3, 1990; 58 FR 39664, July 26, 1993; 61 FR 52700, Oct. 8, 1996]

#### §4.17 Total disability ratings for pension based on unemployability and age of the individual.

All veterans who are basically eligible and who are unable to secure and follow a substantially gainful occupa-

tion by reason of disabilities which are likely to be permanent shall be rated as permanently and totally disabled. For the purpose of pension, the permanence of the percentage requirements of §4.16 is a requisite. When the percentage requirements are met, and the disabilities involved are of a permanent nature, a rating of permanent and total disability will be assigned if the veteran is found to be unable to secure and follow substantially gainful employment by reason of such disability. Prior employment or unemployment status is immaterial if in the judgment of the rating board the veteran's disabilities render him or her unemployable. In making such determinations, the following guidelines will be used:

(a) Marginal employment, for example, as a self-employed farmer or other person, while employed in his or her own business, or at odd jobs or while employed at less than half the usual remuneration will not be considered incompatible with a determination of unemployability, if the restriction, as to securing or retaining better employment, is due to disability.

(b) Claims of all veterans who fail to meet the percentage standards but who meet the basic entitlement criteria and are unemployable, will be referred by the rating board to the Adjudication Officer under §3.321(b)(2) of this chapter.

(Authority: 38 U.S.C. 1155; 38 U.S.C. 3102)

[43 FR 45348, Oct. 2, 1978, as amended at 56 FR 57985, Nov. 15, 1991]

#### §4.17a Misconduct etiology.

A permanent and total disability rating under the provisions of §§4.15, 4.16 and 4.17 will not be precluded by reason of the coexistence of misconduct disability when:

(a) A veteran, regardless of employment status, also has innocently acquired 100 percent disability, or

(b) Where unemployable, the veteran has other disabilities innocently acquired which meet the percentage requirements of §§4.16 and 4.17 and would render, in the judgment of the rating agency, the average person unable to

secure or follow a substantially gainful occupation.

[40 FR 42536, Sept. 15, 1975, as amended at 43 FR 45349, Oct. 2, 1978]

### § 4.18 Unemployability.

A veteran may be considered as unemployable upon termination of employment which was provided on account of disability, or in which special consideration was given on account of the same, when it is satisfactorily shown that he or she is unable to secure further employment. With amputations, sequelae of fractures and other residuals of traumatism shown to be of static character, a showing of continuous unemployability from date of incurrence, or the date the condition reached the stabilized level, is a general requirement in order to establish the fact that present unemployability is the result of the disability. However, consideration is to be given to the circumstances of employment in individual claims, and, if the employment was only occasional, intermittent, try-out or unsuccessful, or eventually terminated on account of the disability, present unemployability may be attributed to the static disability. Where unemployability for pension previously has been established on the basis of combined service-connected and non-service-connected disabilities and the service-connected disability or disabilities have increased in severity, § 4.16 is for consideration.

[40 FR 42536, Sept. 15, 1975, as amended at 43 FR 45349, Oct. 2, 1978]

### § 4.19 Age in service-connected claims.

Age may not be considered as a factor in evaluating service-connected disability; and unemployability, in service-connected claims, associated with advancing age or intercurrent disability, may not be used as a basis for a total disability rating. Age, as such, is a factor only in evaluations of disability not resulting from service, i.e., for the purposes of pension.

[29 FR 6718, May 22, 1964, as amended at 43 FR 45349, Oct. 2, 1978]

### § 4.20 Analogous ratings.

When an unlisted condition is encountered it will be permissible to rate

under a closely related disease or injury in which not only the functions affected, but the anatomical localization and symptomatology are closely analogous. Conjectural analogies will be avoided, as will the use of analogous ratings for conditions of doubtful diagnosis, or for those not fully supported by clinical and laboratory findings. Nor will ratings assigned to organic diseases and injuries be assigned by analogy to conditions of functional origin.

### § 4.21 Application of rating schedule.

In view of the number of atypical instances it is not expected, especially with the more fully described grades of disabilities, that all cases will show all the findings specified. Findings sufficiently characteristic to identify the disease and the disability therefrom, and above all, coordination of rating with impairment of function will, however, be expected in all instances.

[41 FR 11293, Mar. 18, 1976]

### § 4.22 Rating of disabilities aggravated by active service.

In cases involving aggravation by active service, the rating will reflect only the degree of disability over and above the degree existing at the time of entrance into the active service, whether the particular condition was noted at the time of entrance into the active service, or it is determined upon the evidence of record to have existed at that time. It is necessary therefore, in all cases of this character to deduct from the present degree of disability the degree, if ascertainable, of the disability existing at the time of entrance into active service, in terms of the rating schedule, except that if the disability is total (100 percent) no deduction will be made. The resulting difference will be recorded on the rating sheet. If the degree of disability at the time of entrance into the service is not ascertainable in terms of the schedule, no deduction will be made.

### § 4.23 Attitude of rating officers.

It is to be remembered that the majority of applicants are disabled persons who are seeking benefits of law to which they believe themselves entitled. In the exercise of his or her functions, rating officers must not allow their

#### § 4.24

personal feelings to intrude; an antagonistic, critical, or even abusive attitude on the part of a claimant should not in any instance influence the officers in the handling of the case. Fairness and courtesy must at all times be shown to applicants by all employees whose duties bring them in contact, directly or indirectly, with the Department's claimants.

[41 FR 11292, Mar. 18, 1976]

#### § 4.24 Correspondence.

All correspondence relative to the interpretation of the schedule for rating disabilities, requests for advisory opinions, questions regarding lack of clarity or application to individual cases involving unusual difficulties, will be addressed to the Director, Compensation and Pension Service. A clear statement will be made of the point or points upon which information is desired, and the complete case file will be simultaneously forwarded to Central Office. Rating agencies will assure themselves that the recent report of physical examination presents an adequate picture of the claimant's condition. Claims in regard to which the schedule evaluations are considered inadequate or excessive, and errors in the schedule will be similarly brought to attention.

[41 FR 11292, Mar. 18, 1976]

#### § 4.25 Combined ratings table.

Table I, Combined Ratings Table, results from the consideration of the efficiency of the individual as affected first by the most disabling condition, then by the less disabling condition, then by other less disabling conditions, if any, in the order of severity. Thus, a person having a 60 percent disability is considered 40 percent efficient. Proceeding from this 40 percent efficiency, the effect of a further 30 percent disability is to leave only 70 percent of the efficiency remaining after consideration of the first disability, or 28 percent efficiency altogether. The individual is thus 72 percent disabled, as shown in table I opposite 60 percent and under 30 percent.

(a) To use table I, the disabilities will first be arranged in the exact order of their severity, beginning with the

#### 38 CFR Ch. I (7-1-03 Edition)

greatest disability and then combined with use of table I as hereinafter indicated. For example, if there are two disabilities, the degree of one disability will be read in the left column and the degree of the other in the top row, whichever is appropriate. The figures appearing in the space where the column and row intersect will represent the combined value of the two. This combined value will then be converted to the nearest number divisible by 10, and combined values ending in 5 will be adjusted upward. Thus, with a 50 percent disability and a 30 percent disability, the combined value will be found to be 65 percent, but the 65 percent must be converted to 70 percent to represent the final degree of disability. Similarly, with a disability of 40 percent, and another disability of 20 percent, the combined value is found to be 52 percent, but the 52 percent must be converted to the nearest degree divisible by 10, which is 50 percent. If there are more than two disabilities, the disabilities will also be arranged in the exact order of their severity and the combined value for the first two will be found as previously described for two disabilities. The combined value, exactly as found in table I, will be combined with the degree of the third disability (in order of severity). The combined value for the three disabilities will be found in the space where the column and row intersect, and if there are only three disabilities will be converted to the nearest degree divisible by 10, adjusting final 5's upward. Thus, if there are three disabilities ratable at 60 percent, 40 percent, and 20 percent, respectively, the combined value for the first two will be found opposite 60 and under 40 and is 76 percent. This 76 will be combined with 20 and the combined value for the three is 81 percent. This combined value will be converted to the nearest degree divisible by 10 which is 80 percent. The same procedure will be employed when there are four or more disabilities. (See table I).

(b) Except as otherwise provided in this schedule, the disabilities arising from a single disease entity, e.g., arthritis, multiple sclerosis, cerebrovascular accident, etc., are to be rated separately as are all other disabling conditions, if any. All disabilities are

Department of Veterans Affairs

§ 4.25

then to be combined as described in paragraph (a) of this section. The conversion to the nearest degree divisible by 10 will be done only once per rating

decision, will follow the combining of all disabilities, and will be the last procedure in determining the combined degree of disability.

**§ 4.26 Bilateral factor.**

When a partial disability results from disease or injury of both arms, or of both legs, or of paired skeletal muscles, the ratings for the disabilities of the right and left sides will be combined as usual, and 10 percent of this value will be added (i.e., not combined) before proceeding with further combinations, or converting to degree of disability. The bilateral factor will be applied to such bilateral disabilities before other combinations are carried out and the rating for such disabilities including the bilateral factor in this section will be treated as 1 disability for the purpose of arranging in order of severity and for all further combinations. For example, with disabilities evaluated at 60 percent, 20 percent, 10 percent and 10 percent (the two 10's representing bilateral disabilities), the order of severity would be 60, 21 and 20. The 60 and 21 combine to 68 percent and the 68 and 20 to 74 percent, converted to 70 percent as the final degree of disability.

(a) The use of the terms "arms" and "legs" is not intended to distinguish between the arm, forearm and hand, or the thigh, leg, and foot, but relates to the upper extremities and lower extremities as a whole. Thus with a compensable disability of the right thigh, for example, amputation, and one of the left foot, for example, pes planus, the bilateral factor applies, and similarly whenever there are compensable disabilities affecting use of paired ex-

tremities regardless of location or specified type of impairment.

(b) The correct procedure when applying the bilateral factor to disabilities affecting both upper extremities and both lower extremities is to combine the ratings of the disabilities affecting the 4 extremities in the order of their individual severity and apply the bilateral factor by adding, not combining, 10 percent of the combined value thus attained.

(c) The bilateral factor is not applicable unless there is partial disability of compensable degree in each of 2 paired extremities, or paired skeletal muscles.

**§ 4.27 Use of diagnostic code numbers.**

The diagnostic code numbers appearing opposite the listed ratable disabilities are arbitrary numbers for the purpose of showing the basis of the evaluation assigned and for statistical analysis in the Department of Veterans Affairs, and as will be observed, extend from 5000 to a possible 9999. Great care will be exercised in the selection of the applicable code number and in its citation on the rating sheet. No other numbers than these listed or hereafter furnished are to be employed for rating purposes, with an exception as described in this section, as to unlisted conditions. When an unlisted disease, injury, or residual condition is encountered, requiring rating by analogy, the diagnostic code number will be "built-up" as follows: The first 2 digits will be selected from that part of the schedule most closely identifying the part, or system, of the body involved; the last 2 digits will be "99" for all unlisted conditions. This procedure will facilitate a

**Department of Veterans Affairs**

**§ 4.29**

close check of new and unlisted conditions, rated by analogy. In the selection of code numbers, injuries will generally be represented by the number assigned to the residual condition on the basis of which the rating is determined. With diseases, preference is to be given to the number assigned to the disease itself; if the rating is determined on the basis of residual conditions, the number appropriate to the residual condition will be added, preceded by a hyphen. Thus, rheumatoid (atrophic) arthritis rated as ankylosis of the lumbar spine should be coded "5002-5289." In this way, the exact source of each rating can be easily identified. In the citation of disabilities on rating sheets, the diagnostic terminology will be that of the medical examiner, with no attempt to translate the terms into schedule nomenclature. Residuals of diseases or therapeutic procedures will not be cited without reference to the basic disease.

[41 FR 11293, Mar. 18, 1976]

**§ 4.28 Prestabilization rating from date of discharge from service.**

The following ratings may be assigned, in lieu of ratings prescribed elsewhere, under the conditions stated for disability from any disease or injury. The prestabilization rating is not to be assigned in any case in which a total rating is immediately assignable under the regular provisions of the schedule or on the basis of individual unemployability. The prestabilization 50-percent rating is not to be used in any case in which a rating of 50 percent or more is immediately assignable under the regular provisions.

	Rating
Unstabilized condition with severe disability— Substantially gainful employment is not feasible or advisable .....	100
Unhealed or incompletely healed wounds or injuries— Material impairment of employability likely ..	50

NOTE (1): Department of Veterans Affairs examination is not required prior to assignment of prestabilization ratings; however, the fact that examination was accomplished will not preclude assignment of these benefits. Prestabilization ratings are for assignment in the immediate postdischarge period. They will continue for a 12-month period following discharge from service. However,

prestabilization ratings may be changed to a regular schedular total rating or one authorizing a greater benefit at any time. In each prestabilization rating an examination will be requested to be accomplished not earlier than 6 months nor more than 12 months following discharge. In those prestabilization ratings in which following examination reduction in evaluation is found to be warranted, the higher evaluation will be continued to the end of the 12th month following discharge or to the end of the period provided under § 3.105(e) of this chapter, whichever is later. Special monthly compensation should be assigned concurrently in these cases whenever records are adequate to establish entitlement.

NOTE (2): Diagnosis of disease, injury, or residuals will be cited, with diagnostic code number assigned from this rating schedule for conditions listed therein.

[35 FR 11906, July 24, 1970]

**§ 4.29 Ratings for service-connected disabilities requiring hospital treatment or observation.**

A total disability rating (100 percent) will be assigned without regard to other provisions of the rating schedule when it is established that a service-connected disability has required hospital treatment in a Department of Veterans Affairs or an approved hospital for a period in excess of 21 days or *hospital observation at Department of Veterans Affairs expense* for a service-connected disability for a period in excess of 21 days.

(a) Subject to the provisions of paragraphs (d), (e), and (f) of this section this increased rating will be effective the first day of continuous hospitalization and will be terminated effective the last day of the month of hospital discharge (regular discharge or release to non-bed care) or effective the last day of the month of termination of treatment or observation for the service-connected disability. A temporary release which is approved by an attending Department of Veterans Affairs physician as part of the treatment plan will not be considered an absence.

(1) An authorized absence in excess of 4 days which begins during the first 21 days of hospitalization will be regarded as the equivalent of hospital discharge effective the first day of such authorized absence. An authorized absence of 4 days or less which results in a total of more than 8 days of authorized absence

#### § 4.30

#### 38 CFR Ch. I (7-1-03 Edition)

during the first 21 days of hospitalization will be regarded as the equivalent of hospital discharge effective the ninth day of authorized absence.

(2) Following a period of hospitalization in excess of 21 days, an authorized absence in excess of 14 days or a third consecutive authorized absence of 14 days will be regarded as the equivalent of hospital discharge and will interrupt hospitalization effective on the last day of the month in which either the authorized absence in excess of 14 days or the third 14 day period begins, except where there is a finding that convalescence is required as provided by paragraph (e) or (f) of this section. The termination of these total ratings will not be subject to § 3.105(e) of this chapter.

(b) Notwithstanding that hospital admission was for disability not connected with service, if during such hospitalization, hospital treatment for a service-connected disability is instituted and continued for a period in excess of 21 days, the increase to a total rating will be granted from the first day of such treatment. If service connection for the disability under treatment is granted after hospital admission, the rating will be from the first day of hospitalization if otherwise in order.

(c) The assignment of a total disability rating on the basis of hospital treatment or observation will not preclude the assignment of a total disability rating otherwise in order under other provisions of the rating schedule, and consideration will be given to the propriety of such a rating in all instances and to the propriety of its continuance after discharge. Particular attention, with a view to proper rating under the rating schedule, is to be given to the claims of veterans discharged from hospital, regardless of length of hospitalization, with indications on the final summary of expected confinement to bed or house, or to inability to work with requirement of frequent care of physician or nurse at home.

(d) On these total ratings Department of Veterans Affairs regulations governing effective dates for increased benefits will control.

(e) The total hospital rating if convalescence is required may be continued for periods of 1, 2, or 3 months in addition to the period provided in paragraph (a) of this section.

(f) Extension of periods of 1, 2 or 3 months beyond the initial 3 months may be made upon approval of the Adjudication Officer.

(g) Meritorious claims of veterans who are discharged from the hospital with less than the required number of days but need post-hospital care and a prolonged period of convalescence will be referred to the Director, Compensation and Pension Service, under § 3.321(b)(1) of this chapter.

[29 FR 6718, May 22, 1964, as amended at 41 FR 11294, Mar. 18, 1976; 41 FR 34256, Aug. 13, 1976; 54 FR 4281, Jan. 30, 1989; 54 FR 34981, Aug. 23, 1989]

#### § 4.30 Convalescent ratings.

A total disability rating (100 percent) will be assigned without regard to other provisions of the rating schedule when it is established by report at hospital discharge (regular discharge or release to non-bed care) or outpatient release that entitlement is warranted under paragraph (a) (1), (2) or (3) of this section effective the date of hospital admission or outpatient treatment and continuing for a period of 1, 2, or 3 months from the first day of the month following such hospital discharge or outpatient release. The termination of these total ratings will not be subject to § 3.105(e) of this chapter. Such total rating will be followed by appropriate schedular evaluations. When the evidence is inadequate to assign a schedular evaluation, a physical examination will be scheduled and considered prior to the termination of a total rating under this section.

(a) Total ratings will be assigned under this section if treatment of a service-connected disability resulted in:

(1) Surgery necessitating at least one month of convalescence (Effective as to outpatient surgery March 1, 1989.)

(2) Surgery with severe postoperative residuals such as incompletely healed surgical wounds, stumps of recent amputations, therapeutic immobilization of one major joint or more, application of a body cast, or the necessity for

house confinement, or the necessity for continued use of a wheelchair or crutches (regular weight-bearing prohibited). (Effective as to outpatient surgery March 1, 1989.)

(3) Immobilization by cast, without surgery, of one major joint or more. (Effective as to outpatient treatment March 10, 1976.)

A reduction in the total rating will not be subject to §3.105(e) of this chapter. The total rating will be followed by an open rating reflecting the appropriate schedular evaluation; where the evidence is inadequate to assign the schedular evaluation, a physical examination will be scheduled prior to the end of the total rating period.

(b) A total rating under this section will require full justification on the rating sheet and may be extended as follows:

(1) Extensions of 1, 2 or 3 months beyond the initial 3 months may be made under paragraph (a) (1), (2) or (3) of this section.

(2) Extensions of 1 or more months up to 6 months beyond the initial 6 months period may be made under paragraph (a) (2) or (3) of this section upon approval of the Adjudication Officer.

**§ 4.31 Zero percent evaluations.**

In every instance where the schedule does not provide a zero percent evaluation for a diagnostic code, a zero percent evaluation shall be assigned when the requirements for a compensable evaluation are not met.

[58 FR 52018, Oct. 6, 1993]

**Subpart B—Disability Ratings**

THE MUSCULOSKELETAL SYSTEM

**§ 4.40 Functional loss.**

Disability of the musculoskeletal system is primarily the inability, due to damage or infection in parts of the system, to perform the normal working movements of the body with normal excursion, strength, speed, coordination and endurance. It is essential that the examination on which ratings are based adequately portray the anatom-

ical damage, and the functional loss, with respect to all these elements. The functional loss may be due to absence of part, or all, of the necessary bones, joints and muscles, or associated structures, or to deformity, adhesions, defective innervation, or other pathology, or it may be due to pain, supported by adequate pathology and evidenced by the visible behavior of the claimant undertaking the motion. Weakness is as important as limitation of motion, and a part which becomes painful on use must be regarded as seriously disabled. A little used part of the musculoskeletal system may be expected to show evidence of disuse, either through atrophy, the condition of the skin, absence of normal callosity or the like.

**§ 4.41 History of injury.**

In considering the residuals of injury, it is essential to trace the medical-industrial history of the disabled person from the original injury, considering the nature of the injury and the attendant circumstances, and the requirements for, and the effect of, treatment over past periods, and the course of the recovery to date. The duration of the initial, and any subsequent, period of total incapacity, especially periods reflecting delayed union, inflammation, swelling, drainage, or operative intervention, should be given close attention. This consideration, or the absence of clear cut evidence of injury, may result in classifying the disability as not of traumatic origin, either reflecting congenital or developmental etiology, or the effects of healed disease.

**§ 4.42 Complete medical examination of injury cases.**

The importance of complete medical examination of injury cases at the time of first medical examination by the Department of Veterans Affairs cannot be overemphasized. When possible, this should include complete neurological and psychiatric examination, and other special examinations indicated by the physical condition, in addition to the required general and orthopedic or surgical examinations. When complete examinations are not conducted covering

#### § 4.43

all systems of the body affected by disease or injury, it is impossible to visualize the nature and extent of the service connected disability. Incomplete examination is a common cause of incorrect diagnosis, especially in the neurological and psychiatric fields, and frequently leaves the Department of Veterans Affairs in doubt as to the presence or absence of disabling conditions at the time of the examination.

#### § 4.43 Osteomyelitis.

Chronic, or recurring, suppurative osteomyelitis, once clinically identified, including chronic inflammation of bone marrow, cortex, or periosteum, should be considered as a continuously disabling process, whether or not an actively discharging sinus or other obvious evidence of infection is manifest from time to time, and unless the focus is entirely removed by amputation will entitle to a permanent rating to be combined with other ratings for residual conditions, however, not exceeding amputation ratings at the site of election.

#### § 4.44 The bones.

The osseous abnormalities incident to trauma or disease, such as malunion with deformity throwing abnormal stress upon, and causing malalignment of joint surfaces, should be depicted from study and observation of all available data, beginning with inception of injury or disease, its nature, degree of prostration, treatment and duration of convalescence, and progress of recovery with development of permanent residuals. With shortening of a long bone, some degree of angulation is to be expected; the extent and direction should be brought out by X-ray and observation. The direction of angulation and extent of deformity should be carefully related to strain on the neighboring joints, especially those connected with weight-bearing.

#### § 4.45 The joints.

As regards the joints the factors of disability reside in reductions of their normal excursion of movements in different planes. Inquiry will be directed to these considerations:

(a) Less movement than normal (due to ankylosis, limitation or blocking,

#### 38 CFR Ch. I (7-1-03 Edition)

adhesions, tendon-tie-up, contracted scars, etc.).

(b) More movement than normal (from flail joint, resections, nonunion of fracture, relaxation of ligaments, etc.).

(c) Weakened movement (due to muscle injury, disease or injury of peripheral nerves, divided or lengthened tendons, etc.).

(d) Excess fatigability.

(e) Incoordination, impaired ability to execute skilled movements smoothly.

(f) Pain on movement, swelling, deformity or atrophy of disuse. Instability of station, disturbance of locomotion, interference with sitting, standing and weight-bearing are related considerations. For the purpose of rating disability from arthritis, the shoulder, elbow, wrist, hip, knee, and ankle are considered major joints; multiple involvements of the interphalangeal, metacarpal and carpal joints of the upper extremities, the interphalangeal, metatarsal and tarsal joints of the lower extremities, the cervical vertebrae, the dorsal vertebrae, and the lumbar vertebrae, are considered groups of minor joints, ratable on a parity with major joints. The lumbosacral articulation and both sacroiliac joints are considered to be a group of minor joints, ratable on disturbance of lumbar spine functions.

#### § 4.46 Accurate measurement.

Accurate measurement of the length of stumps, excursion of joints, dimensions and location of scars with respect to landmarks, should be insisted on. The use of a goniometer in the measurement of limitation of motion is indispensable in examinations conducted within the Department of Veterans Affairs. Muscle atrophy must also be accurately measured and reported.

#### §§ 4.47-4.54 [Reserved]

#### § 4.55 Principles of combined ratings for muscle injuries.

(a) A muscle injury rating will not be combined with a peripheral nerve paralysis rating of the same body part, unless the injuries affect entirely different functions.

(b) For rating purposes, the skeletal muscles of the body are divided into 23 muscle groups in 5 anatomical regions: 6 muscle groups for the shoulder girdle and arm (diagnostic codes 5301 through 5306); 3 muscle groups for the forearm and hand (diagnostic codes 5307 through 5309); 3 muscle groups for the foot and leg (diagnostic codes 5310 through 5312); 6 muscle groups for the pelvic girdle and thigh (diagnostic codes 5313 through 5318); and 5 muscle groups for the torso and neck (diagnostic codes 5319 through 5323).

(c) There will be no rating assigned for muscle groups which act upon an ankylosed joint, with the following exceptions:

(1) In the case of an ankylosed knee, if muscle group XIII is disabled, it will be rated, but at the next lower level than that which would otherwise be assigned.

(2) In the case of an ankylosed shoulder, if muscle groups I and II are severely disabled, the evaluation of the shoulder joint under diagnostic code 5200 will be elevated to the level for unfavorable ankylosis, if not already assigned, but the muscle groups themselves will not be rated.

(d) The combined evaluation of muscle groups acting upon a single unankylosed joint must be lower than the evaluation for unfavorable ankylosis of that joint, except in the case of muscle groups I and II acting upon the shoulder.

(e) For compensable muscle group injuries which are in the same anatomical region but do not act on the same joint, the evaluation for the most severely injured muscle group will be increased by one level and used as the combined evaluation for the affected muscle groups.

(f) For muscle group injuries in different anatomical regions which do not act upon ankylosed joints, each muscle group injury shall be separately rated and the ratings combined under the provisions of § 4.25.

#### § 4.56 Evaluation of muscle disabilities.

(a) An open comminuted fracture with muscle or tendon damage will be rated as a severe injury of the muscle group involved unless, for locations such as in the wrist or over the tibia, evidence establishes that the muscle damage is minimal.

(b) A through-and-through injury with muscle damage shall be evaluated as no less than a moderate injury for each group of muscles damaged.

(c) For VA rating purposes, the cardinal signs and symptoms of muscle disability are loss of power, weakness, lowered threshold of fatigue, fatigue-pain, impairment of coordination and uncertainty of movement.

(d) Under diagnostic codes 5301 through 5323, disabilities resulting from muscle injuries shall be classified as slight, moderate, moderately severe or severe as follows:

(1) *Slight disability of muscles*—(i) *Type of injury*. Simple wound of muscle without debridement or infection.

(ii) *History and complaint*. Service department record of superficial wound with brief treatment and return to duty. Healing with good functional results. No cardinal signs or symptoms of muscle disability as defined in paragraph (c) of this section.

(iii) *Objective findings*. Minimal scar. No evidence of fascial defect, atrophy, or impaired tonus. No impairment of function or metallic fragments retained in muscle tissue.

(2) *Moderate disability of muscles*—(i) *Type of injury*. Through and through or deep penetrating wound of short track from a single bullet, small shell or shrapnel fragment, without explosive effect of high velocity missile, residuals of debridement, or prolonged infection.

(ii) *History and complaint*. Service department record or other evidence of in-service treatment for the wound. Record of consistent complaint of one or more of the cardinal signs and symptoms of muscle disability as defined in paragraph (c) of this section, particularly lowered threshold of fatigue after average use, affecting the particular

functions controlled by the injured muscles.

(iii) *Objective findings.* Entrance and (if present) exit scars, small or linear, indicating short track of missile through muscle tissue. Some loss of deep fascia or muscle substance or impairment of muscle tonus and loss of power or lowered threshold of fatigue when compared to the sound side.

(3) *Moderately severe disability of muscles—(i) Type of injury.* Through and through or deep penetrating wound by small high velocity missile or large low-velocity missile, with debridement, prolonged infection, or sloughing of soft parts, and intermuscular scarring.

(ii) *History and complaint.* Service department record or other evidence showing hospitalization for a prolonged period for treatment of wound. Record of consistent complaint of cardinal signs and symptoms of muscle disability as defined in paragraph (c) of this section and, if present, evidence of inability to keep up with work requirements.

(iii) *Objective findings.* Entrance and (if present) exit scars indicating track of missile through one or more muscle groups. Indications on palpation of loss of deep fascia, muscle substance, or normal firm resistance of muscles compared with sound side. Tests of strength and endurance compared with sound side demonstrate positive evidence of impairment.

(4) *Severe disability of muscles—(i) Type of injury.* Through and through or deep penetrating wound due to high-velocity missile, or large or multiple low velocity missiles, or with shattering bone fracture or open comminuted fracture with extensive debridement, prolonged infection, or sloughing of soft parts, intermuscular binding and scarring.

(ii) *History and complaint.* Service department record or other evidence showing hospitalization for a prolonged period for treatment of wound. Record of consistent complaint of cardinal signs and symptoms of muscle disability as defined in paragraph (c) of this section, worse than those shown for moderately severe muscle injuries, and, if present, evidence of inability to keep up with work requirements.

(iii) *Objective findings.* Ragged, depressed and adherent scars indicating

wide damage to muscle groups in missile track. Palpation shows loss of deep fascia or muscle substance, or soft flabby muscles in wound area. Muscles swell and harden abnormally in contraction. Tests of strength, endurance, or coordinated movements compared with the corresponding muscles of the uninjured side indicate severe impairment of function. If present, the following are also signs of severe muscle disability:

(A) X-ray evidence of minute multiple scattered foreign bodies indicating intermuscular trauma and explosive effect of the missile.

(B) Adhesion of scar to one of the long bones, scapula, pelvic bones, sacrum or vertebrae, with epithelial sealing over the bone rather than true skin covering in an area where bone is normally protected by muscle.

(C) Diminished muscle excitability to pulsed electrical current in electrodiagnostic tests.

(D) Visible or measurable atrophy.

(E) Adaptive contraction of an opposing group of muscles.

(F) Atrophy of muscle groups not in the track of the missile, particularly of the trapezius and serratus in wounds of the shoulder girdle.

(G) Induration or atrophy of an entire muscle following simple piercing by a projectile.

#### § 4.57 Static foot deformities.

It is essential to make an initial distinction between bilateral flatfoot as a congenital or as an acquired condition. The congenital condition, with depression of the arch, but no evidence of abnormal callosities, areas of pressure, strain or demonstrable tenderness, is a congenital abnormality which is not compensable or pensionable. In the acquired condition, it is to be remembered that depression of the longitudinal arch, or the degree of depression, is not the essential feature. The attention should be given to anatomical changes, as compared to normal, in the relationship of the foot and leg, particularly to the inward rotation of the superior portion of the os calcis, medial deviation of the insertion of the

Achilles tendon, the medial tilting of the upper border of the astragalus. This is an unfavorable mechanical relationship of the parts. A plumb line dropped from the middle of the patella falls inside of the normal point. The forepart of the foot is abducted, and the foot everted. The plantar surface of the foot is painful and shows demonstrable tenderness, and manipulation of the foot produces spasm of the Achilles tendon, peroneal spasm due to adhesion about the peroneal sheaths, and other evidence of pain and limited motion. The symptoms should be apparent without regard to exercise. In severe cases there is gaping of bones on the inner border of the foot, and rigid valgus position with loss of the power of inversion and adduction. Exercise with undeveloped or unbalanced musculature, producing chronic irritation, can be an aggravating factor. In the absence of trauma or other definite evidence of aggravation, service connection is not in order for pes cavus which is a typically congenital or juvenile disease.

**§ 4.58 Arthritis due to strain.**

With service incurred lower extremity amputation or shortening, a disabling arthritis, developing in the same extremity, or in both lower extremities, with indications of earlier, or more severe, arthritis in the injured extremity, including also arthritis of the lumbosacral joints and lumbar spine, if associated with the leg amputation or shortening, will be considered as service incurred, provided, however, that arthritis affecting joints not directly subject to strain as a result of the service incurred amputation will not be granted service connection. This will generally require separate evaluation of the arthritis in the joints directly subject to strain. Amputation, or injury to an upper extremity, is not considered as a causative factor with subsequently developing arthritis, except in joints subject to direct strain or actually injured.

**§ 4.59 Painful motion.**

With any form of arthritis, painful motion is an important factor of disability, the facial expression, wincing, etc., on pressure or manipulation,

should be carefully noted and definitely related to affected joints. Muscle spasm will greatly assist the identification. Sciatic neuritis is not uncommonly caused by arthritis of the spine. The intent of the schedule is to recognize painful motion with joint or periarticular pathology as productive of disability. It is the intention to recognize actually painful, unstable, or malaligned joints, due to healed injury, as entitled to at least the minimum compensable rating for the joint. Crepitation either in the soft tissues such as the tendons or ligaments, or crepitation within the joint structures should be noted carefully as points of contact which are diseased. Flexion elicits such manifestations. The joints involved should be tested for pain on both active and passive motion, in weight-bearing and nonweight-bearing and, if possible, with the range of the opposite undamaged joint.

**§ 4.60 [Reserved]**

**§ 4.61 Examination.**

With any form of arthritis (except traumatic arthritis) it is essential that the examination for rating purposes cover all major joints, with especial reference to Heberden's or Haygarth's nodes.

**§ 4.62 Circulatory disturbances.**

The circulatory disturbances, especially of the lower extremity following injury in the popliteal space, must not be overlooked, and require rating generally as phlebitis.

**§ 4.63 Loss of use of hand or foot.**

Loss of use of a hand or a foot, for the purpose of special monthly compensation, will be held to exist when no effective function remains other than that which would be equally well served by an amputation stump at the site of election below elbow or knee with use of a suitable prosthetic appliance. The determination will be made on the basis of the actual remaining function of the hand or foot, whether the acts of grasping, manipulation, etc., in the case of the hand, or of balance and propulsion, etc., in the case of the foot, could be accomplished equally

#### § 4.64

well by an amputation stump with prosthesis.

(a) Extremely unfavorable complete ankylosis of the knee, or complete ankylosis of 2 major joints of an extremity, or shortening of the lower extremity of 3½ inches (8.9 cms.) or more, will be taken as loss of use of the hand or foot involved.

(b) Complete paralysis of the external popliteal nerve (common peroneal) and consequent, footdrop, accompanied by characteristic organic changes including trophic and circulatory disturbances and other concomitants confirmatory of complete paralysis of this nerve, will be taken as loss of use of the foot.

[29 FR 6718, May 22, 1964, as amended at 43 FR 45349, Oct. 2, 1978]

#### § 4.64 Loss of use of both buttocks.

Loss of use of both buttocks shall be deemed to exist when there is severe damage to muscle Group XVII, bilateral (diagnostic code number 5317) and additional disability rendering it impossible for the disabled person, without assistance, to rise from a seated position and from a stooped position (fingers to toes position) and to maintain postural stability (the pelvis upon head of femur). The assistance may be rendered by the person's own hands or arms, and, in the matter of postural stability, by a special appliance.

#### § 4.65 [Reserved]

#### § 4.66 Sacroiliac joint.

The common cause of disability in this region is arthritis, to be identified in the usual manner. The lumbosacral and sacroiliac joints should be considered as one anatomical segment for rating purposes. X-ray changes from arthritis in this location are decrease or obliteration of the joint space, with the appearance of increased bone density of the sacrum and ilium and sharpening of the margins of the joint. Disability is manifest from erector spinae spasm (not accounted for by other pathology), tenderness on deep palpation and percussion over these joints, loss of normal quickness of motion and resiliency, and postural defects often accompanied by limitation of flexion and extension of the hip. Traumatism is a

#### 38 CFR Ch. I (7-1-03 Edition)

rare cause of disability in this connection, except when superimposed upon congenital defect or upon an existent arthritis; to permit assumption of pure traumatic origin, objective evidence of damage to the joint, and history of trauma sufficiently severe to injure this extremely strong and practically immovable joint is required. There should be careful consideration of lumbosacral sprain, and the various symptoms of pain and paralysis attributable to disease affecting the lumbar vertebrae and the intervertebral disc.

#### § 4.67 Pelvic bones.

The variability of residuals following these fractures necessitates rating on specific residuals, faulty posture, limitation of motion, muscle injury, painful motion of the lumbar spine, manifest by muscle spasm, mild to moderate sciatic neuritis, peripheral nerve injury, or limitation of hip motion.

#### § 4.68 Amputation rule.

The combined rating for disabilities of an extremity shall not exceed the rating for the amputation at the elective level, were amputation to be performed. For example, the combined evaluations for disabilities below the knee shall not exceed the 40 percent evaluation, diagnostic code 5165. This 40 percent rating may be further combined with evaluation for disabilities above the knee but not to exceed the above the knee amputation elective level. Painful neuroma of a stump after amputation shall be assigned the evaluation for the elective site of reamputation.

#### § 4.69 Dominant hand.

Handedness for the purpose of a dominant rating will be determined by the evidence of record, or by testing on VA examination. Only one hand shall be considered dominant. The injured hand, or the most severely injured hand, of an ambidextrous individual will be considered the dominant hand for rating purposes.

### § 4.70 Inadequate examinations.

If the report of examination is inadequate as a basis for the required consideration of service connection and evaluation, the rating agency may request a supplementary report from the examiner giving further details as to the limitations of the disabled person's ordinary activity imposed by the disease, injury, or residual condition, the prognosis for return to, or continuance of, useful work. When the best interests of the service will be advanced by personal conference with the examiner, such conference may be arranged through channels.

### § 4.71 Measurement of ankylosis and joint motion.

Plates I and II provide a standardized description of ankylosis and joint mo-

tion measurement. The anatomical position is considered as 0°, with two major exceptions: (a) Shoulder rotation—arm abducted to 90°, elbow flexed to 90° with the position of the forearm reflecting the midpoint 0° between internal and external rotation of the shoulder; and (b) supination and pronation—the arm next to the body, elbow flexed to 90°, and the forearm in midposition 0° between supination and pronation. Motion of the thumb and fingers should be described by appropriate reference to the joints (See Plate III) whose movement is limited, with a statement as to how near, in centimeters, the tip of the thumb can approximate the fingers, or how near the tips of the fingers can approximate the proximal transverse crease of palm.

Of the pelvis, vertebrae, or extending into major joints, or with multiple localization or with long history of intractability and debility, anemia, amyloid liver changes, or other continuous constitutional symptoms .....	100	NOTE (1): A rating of 10 percent, as an exception to the amputation rule, is to be assigned in any case of active osteomyelitis where the amputation rating for the affected part is no percent. This 10 percent rating and the other partial ratings of 30 percent or less are to be combined with ratings for ankylosis, limited motion, nonunion or malunion, shortening, etc., subject, of course, to the amputation rule. The 60 percent rating, as it is based on constitutional symptoms, is not subject to the amputation rule. A rating for osteomyelitis will not be applied following cure by removal or radical resection of the affected bone.

NOTE (2): The 20 percent rating on the basis of activity within the past 5 years is not assignable following the initial infection of active osteomyelitis with no subsequent reactivation. The prerequisite for this historical rating is an established recurrent osteomyelitis. To qualify for the 10 percent rating, 2 or more episodes following the initial infection are required. This 20 percent rating or the 10 percent rating, when applicable, will be assigned once only to cover disability at all sites of previously active infection with a future ending date in the case of the 20 percent rating.

Symptom combinations productive of definite impairment of health objectively supported by examination findings or incapacitating exacerbations occurring 3 or more times a year ..... One or two exacerbations a year in a well-established diagnosis .....	100   60  40
For chronic residuals: For residuals such as limitation of motion or ankylosis, favorable or unfavorable, rate under the appropriate diagnostic codes for the specific joints involved. Where, however, the limitation of motion of the specific joint or joints involved is noncompensable under the codes a rating of 10 percent is for application for each such major joint or group of minor joints affected by limitation of motion, to be combined, not added under diagnostic code 5002. Limitation of motion must be objectively confirmed by findings such as swelling, muscle spasm, or satisfactory evidence of painful motion. NOTE: The ratings for the active process will not be combined with the residual ratings for limitation of motion or ankylosis. Assign the higher evaluation.	20
5003 Arthritis, degenerative (hypertrophic or osteoarthritis): Degenerative arthritis established by X-ray findings will be rated on the basis of limitation of motion under the appropriate diagnostic codes for the specific joint or joints involved (DC 5200 etc.). When however, the limitation of motion of the specific joint or joints involved is noncompensable under the appropriate diagnostic codes, a rating of 10 pct is for application for each such major joint or group of minor joints affected by limitation of motion, to be combined, not added under diagnostic code 5003. Limitation of motion must be objectively confirmed by findings such as swelling, muscle spasm, or satisfactory evidence of painful motion. In the absence of limitation of motion, rate as below:

(c) Amputations at distal joints, or through distal phalanges, other than negligible losses, will be rated as prescribed for favorable ankylosis of the fingers..		
(d) Amputation or resection of metacarpal bones (more than one-half the bone lost) in multiple fingers injuries will require a rating of 10 percent added to (not combined with) the ratings, multiple finger amputations, subject to the amputation rule applied to the forearm.		
(e) Combinations of finger amputations at various levels, or finger amputations with ankylosis or limitation of motion of the fingers will be rated on the basis of the grade of disability; i.e., amputation, unfavorable ankylosis, most representative of the levels or combinations. With an even number of fingers involved, and adjacent grades of disability, select the higher of the two grades.		
(f) Loss of use of the hand will be held to exist when no effective function remains other than that which would be equally well served by an amputation stump with a suitable prosthetic appliance.

EVALUATION OF ANKYLOSIS OR LIMITATION OF MOTION OF SINGLE OR MULTIPLE DIGITS OF THE HAND

EVALUATION OF ANKYLOSIS OR LIMITATION OF MOTION OF SINGLE OR MULTIPLE DIGITS OF THE HAND—Continued

	Rating	
	Major	Minor
(1) For the index, long, ring, and little fingers (digits II, III, IV, and V), zero degrees of flexion represents the fingers fully extended, making a straight line with the rest of the hand. The position of function of the hand is with the wrist dorsiflexed 20 to 30 degrees, the metacarpophalangeal and proximal interphalangeal joints flexed to 30 degrees, and the thumb (digit I) abducted and rotated so that the thumb pad faces the finger pads. Only joints in these positions are considered to be in favorable position. For digits II through V, the metacarpophalangeal joint has a range of zero to 90 degrees of flexion, the proximal interphalangeal joint has a range of zero to 100 degrees of flexion, and the distal (terminal) interphalangeal joint has a range of zero to 70 or 80 degrees of flexion .....	.....	.....
(2) When two or more digits of the same hand are affected by any combination of amputation, ankylosis, or limitation of motion that is not otherwise specified in the rating schedule, the evaluation level assigned will be that which best represents the overall disability (i.e., amputation, unfavorable or favorable ankylosis, or limitation of motion), assigning the higher level of evaluation when the level of disability is equally balanced between one level and the next higher level .....	.....	.....
(3) Evaluation of ankylosis of the index, long, ring, and little fingers: (i) If both the metacarpophalangeal and proximal interphalangeal joints of a digit are ankylosed, and either is in extension or full flexion, or there is rotation or angulation of a bone, evaluate as amputation without metacarpal resection, at proximal interphalangeal joint or proximal thereto .....	.....	.....
(ii) If both the metacarpophalangeal and proximal interphalangeal joints of a digit are ankylosed, evaluate as unfavorable ankylosis, even if each joint is individually fixed in a favorable position. (iii) If only the metacarpophalangeal or proximal interphalangeal joint is ankylosed, and there is a gap of more than two inches (5.1 cm.) between the fingertip(s) and the proximal transverse crease of the palm, with the finger(s) flexed to the extent possible, evaluate as unfavorable ankylosis .....	.....	.....
(iv) If only the metacarpophalangeal or proximal interphalangeal joint is ankylosed, and there is a gap of two inches (5.1 cm.) or less between the fingertip(s) and the proximal transverse crease of the palm, with the finger(s) flexed to the extent possible, evaluate as favorable ankylosis .....	.....	.....

THE SPINE—Continued

	Rat- ing
Evaluate intervertebral disc syndrome (pre-operatively or postoperatively) either on the total duration of incapacitating episodes over the past 12 months or by combining under §4.25 separate evaluations of its chronic orthopedic and neurologic manifestations along with evaluations for all other disabilities, whichever method results in the higher evaluation.	
With incapacitating episodes having a total duration of at least six weeks during the past 12 months .....	60
With incapacitating episodes having a total duration of at least four weeks but less than six weeks during the past 12 months .....	40
With incapacitating episodes having a total duration of at least two weeks but less than four weeks during the past 12 months .....	20
With incapacitating episodes having a total duration of at least one week but less than two weeks during the past 12 months .....	10
Note (1): For purposes of evaluations under 5293, an incapacitating episode is a period of acute signs and symptoms due to intervertebral disc syndrome that requires bed rest prescribed by a physician and treatment by a physician. "Chronic orthopedic and neurologic manifestations" means orthopedic and neurologic signs and symptoms resulting from intervertebral disc syndrome that are present constantly, or nearly so..	
Note (2): When evaluating on the basis of chronic manifestations, evaluate orthopedic disabilities using evaluation criteria for the most appropriate orthopedic diagnostic code or codes. Evaluate neurologic disabilities separately using evaluation criteria for the most appropriate neurologic diagnostic code or codes..

THE ORGANS OF SPECIAL SENSE

§ 4.75 Examination of visual acuity.

Ratings on account of visual impairments considered for service connection are, when practicable, to be based only on examination by specialists. Such special examinations should include uncorrected and corrected central visual acuity for distance and near, with record of the refraction. Snellen's test type or its equivalent will be used. Mydriatics should be routine, except when contraindicated. Funduscopy and ophthalmological findings must be recorded. The best distant vision obtainable after best correction by glasses will be the basis of rating, except in cases of keratoconus in which contact lenses are medically required. Also, if there exists a difference of more than 4 diopters of spherical correction between the two eyes, the best possible visual acuity of the poorer eye without glasses, or with a lens of not more than 4 diopters difference from that used with the better eye will be taken as the visual acuity of the poorer eye. When such a difference exists, close attention will be given to the likelihood of congenital origin in mere refractive error.

[40 FR 42537, Sept. 15, 1975]

§ 4.76 Examination of field vision.

Measurement of the visual field will be made when there is disease of the

optic nerve or when otherwise indicated. The usual perimetric methods will be employed, using a standard perimeter and 3 mm. white test object. At least 16 meridians 22½ degrees apart will be charted for each eye. (See Figure 1. For the 8 principal meridians, see table III.) The charts will be made a part of the report of examination. Not less than 2 recordings, and when possible, 3 will be made. The minimum limit for this function is established as a concentric central contraction of the visual field to 5°. This type of contraction of the visual field reduces the visual efficiency to zero. Where available the examination for form field should be supplemented, when indicated, by the use of tangent screen or campimeter. This last test is especially valuable in detection of scotoma.

[43 FR 45352, Oct. 2, 1978]

§ 4.76a Computation of average concentric contraction of visual fields.

The extent of contraction of visual field in each eye is determined by recording the extent of the remaining visual fields in each of the eight 45 degree principal meridians. The number of degrees lost is determined at each meridian by subtracting the remaining degrees from the normal visual fields given in table III. The degrees lost are then added together to determine total degrees lost. This is subtracted from 500. The difference represents the total remaining degrees of visual field. The difference divided by eight represents the average contraction for rating purposes.

**§ 4.77 Examination of muscle function.**

The measurement of muscle function will be undertaken only when the history and findings reflect disease or injury of the extrinsic muscles of the eye, or of the motor nerves supplying these muscles. The measurement will

be performed using a Goldmann Perimeter Chart as in Figure 2 below. The chart identifies four major quadrants, (upward, downward, and two lateral) plus a central field ( $20^\circ$  or less). The examiner will chart the areas in which diplopia exists, and such plotted chart will be made a part of the examination report. Muscle function is considered normal (20/40) when diplopia does not exist within  $40^\circ$  in the lateral or downward quadrants, or within  $30^\circ$  in the upward quadrant. Impairment of muscle function is to be supported in each instance by record of actual appropriate pathology. Diplopia which is only occasional or correctable is not considered a disability.

**§ 4.78**

[53 FR 30262, Aug. 11, 1988]

**§ 4.78 Computing aggravation.**

In determining the effect of aggravation of visual disability, even though the visual impairment of only one eye is service connected, evaluate the vision of both eyes, before and after suffering the aggravation, and subtract the former evaluation from the latter except when the bilateral vision amounts to total disability. In the event of subsequent increase in the disability of either eye, due to intercurrent disease or injury not associated with the service, the condition of the eyes before suffering the subsequent increase will be taken as the basis of compensation subject to the provisions of § 3.383(a) of this chapter.

[29 FR 6718, May 22, 1964, as amended at 43 FR 45354, Oct. 2, 1978]

**§ 4.79 Loss of use of one eye, having only light perception.**

Loss of use or blindness of one eye, having only light perception, will be held to exist when there is inability to recognize test letters at 1 foot (.30m.) and when further examination of the eyes reveals that perception of objects, hand movements or counting fingers cannot be accomplished at 3 feet (.91m.), lesser extents of visions, particularly perception of objects, hand movements, or counting fingers at distances less than 3 feet (.91 m.), being considered of negligible utility. With visual acuity 5/200 (1.5/60) or less or the visual field reduced to 5° concentric contraction, in either event in both eyes, the question of entitlement on account of regular aid and attendance will be determined on the facts in the individual case.

[43 FR 45354, Oct. 2, 1978]

**§ 4.80 Rating of one eye.**

Combined ratings for disabilities of the same eye should not exceed the amount for total loss of vision of that eye unless there is an enucleation or a serious cosmetic defect added to the total loss of vision.

**38 CFR Ch. I (7-1-03 Edition)**

**§§ 4.81-4.82 [Reserved]**

**§ 4.83 Ratings at scheduled steps and distances.**

In applying the ratings for impairment of visual acuity, a person not having the ability to read at any one of the scheduled steps or distances, but reading at the next scheduled step or distance, is to be rated as reading at this latter step or distance. That is, a person who can read at 20/100 (6/30) but who cannot at 20/70 (6/21), should be rated as seeing at 20/100 (6/30).

[41 FR 34257, Aug. 13, 1976, as amended at 43 FR 45354, Oct. 2, 1978]

**§ 4.83a Impairment of central visual acuity.**

The percentage evaluation will be found from table V by intersecting the horizontal row appropriate for the Snellen index for one eye and the vertical column appropriate to the Snellen index of the other eye. For example, if one eye has a Snellen index of 5/200 (1.5/60) and the other eye has a Snellen index of 20/70 (6/21), the percentage evaluation is found in the third horizontal row from the bottom and the fourth vertical column from the left. The evaluation is 50 percent and the diagnostic code 6073.

[41 FR 11297, Mar. 18, 1976, as amended at 43 FR 45354, Oct. 2, 1978]

**§ 4.84 Differences between distant and near visual acuity.**

Where there is a substantial difference between the near and distant corrected vision, the case should be referred to the Director, Compensation and Pension Service.

The concentric contraction ratings require contraction within the stated degrees, temporally; the nasal contraction may be less. The alternative ratings are to be employed when there is ratable defect of visual acuity, or a different impairment of the visual field in the other eye. Concentric contraction resulting from demonstrable pathology to 5 degrees or less will be considered on a parity with reduction of central visual acuity to 5/200 (1.5/60) or less for all purposes including entitlement under § 3.350(b)(2) of this chapter; not however, for the purpose of § 3.350(a) of this chapter. Entitlement on account of blindness requiring regular aid and attendance, § 3.350(c) of this chapter, will continue to be determined on the facts in the individual case..

### IMPAIRMENT OF AUDITORY ACUITY

#### § 4.85 Evaluation of hearing impairment.

(a) An examination for hearing impairment for VA purposes must be conducted by a state-licensed audiologist and must include a controlled speech discrimination test (Maryland CNC) and a puretone audiometry test. Examinations will be conducted without the use of hearing aids.

(b) Table VI, "Numeric Designation of Hearing Impairment Based on Puretone Threshold Average and Speech Discrimination," is used to determine a Roman numeral designation (I through XI) for hearing impairment based on a combination of the percent of speech discrimination (horizontal rows) and the puretone threshold average (vertical columns). The Roman numeral designation is located at the point where the percentage of speech discrimination and puretone threshold average intersect.

(c) Table VIa, "Numeric Designation of Hearing Impairment Based Only on Puretone Threshold Average," is used to determine a Roman numeral designation (I through XI) for hearing impairment based only on the puretone threshold average. Table VIa will be used when the examiner certifies that

use of the speech discrimination test is not appropriate because of language difficulties, inconsistent speech discrimination scores, etc., or when indicated under the provisions of § 4.86.

(d) "Puretone threshold average," as used in Tables VI and VIa, is the sum of the puretone thresholds at 1000, 2000, 3000 and 4000 Hertz, divided by four. This average is used in all cases (including those in § 4.86) to determine the Roman numeral designation for hearing impairment from Table VI or VIa.

(e) Table VII, "Percentage Evaluations for Hearing Impairment," is used to determine the percentage evaluation by combining the Roman numeral designations for hearing impairment of each ear. The horizontal rows represent the ear having the better hearing and the vertical columns the ear having the poorer hearing. The percentage evaluation is located at the point where the row and column intersect.

(f) If impaired hearing is service-connected in only one ear, in order to determine the percentage evaluation from Table VII, the non-service-connected ear will be assigned a Roman Numeral designation for hearing impairment of I, subject to the provisions of § 3.383 of this chapter.

(g) When evaluating any claim for impaired hearing, refer to § 3.350 of this chapter to determine whether the veteran may be entitled to special monthly compensation due either to deafness, or to deafness in combination with other specified disabilities.

**§ 4.86 Exceptional patterns of hearing impairment.**

(a) When the puretone threshold at each of the four specified frequencies (1000, 2000, 3000, and 4000 Hertz) is 55 decibels or more, the rating specialist will determine the Roman numeral designation for hearing impairment from either Table VI or Table VIa, whichever results in the higher nu-

meral. Each ear will be evaluated separately.

(b) When the puretone threshold is 30 decibels or less at 1000 Hertz, and 70 decibels or more at 2000 Hertz, the rating specialist will determine the Roman numeral designation for hearing impairment from either Table VI or Table VIa, whichever results in the higher numeral. That numeral will then be elevated to the next higher

§ 4.96

**§ 4.88c Ratings for inactive nonpulmonary tuberculosis initially entitled after August 19, 1968.**

	Rating
For 1 year after date of inactivity, following active tuberculosis ..... Thereafter: Rate residuals under the specific body system or systems affected. Following the total rating for the 1 year period after date of inactivity, the schedular evaluation for residuals of nonpulmonary tuberculosis, i.e., ankylosis, surgical removal of a part, etc., will be assigned under the appropriate diagnostic code for the residual preceded by the diagnostic code for tuberculosis of the body part affected. For example, tuberculosis of the hip joint with residual ankylosis would be coded 5001-5250. Where there are existing residuals of pulmonary and nonpulmonary conditions, the evaluations for residual separate functional impairment may be combined. Where there are existing pulmonary and nonpulmonary conditions, the total rating for the 1 year, after attainment of inactivity, may not be applied to both conditions during the same period. However, the total rating during the 1-year period for the pulmonary or for the nonpulmonary condition will be utilized, combined with evaluation for residuals of the condition not covered by the 1-year total evaluation, so as to allow any additional benefit provided during such period.	100

**§ 4.89 Ratings for inactive nonpulmonary tuberculosis in effect on August 19, 1968.**

Public Law 90-493 repealed section 356 of title 38, United States Code which provided graduated ratings for inactive tuberculosis. The repealed section, however, still applies to the case of any veteran who on August 19, 1968, was receiving or entitled to receive compensation for tuberculosis. The use of the protective provisions of Pub. L. 90-493 should be mentioned in the discussion portion of all ratings in which these provisions are applied. For use in rating cases in which the protective provisions of Pub. L. 90-493 apply, the former evaluations are retained in this section.

	Rating
For 2 years after date of inactivity, following active tuberculosis, which was clinically identified during service or subsequently ..... Thereafter, for 4 years, or in any event, to 6 years after date of inactivity ..... Thereafter, for 5 years, or to 11 years after date of inactivity ..... Thereafter, in the absence of a schedular compensable permanent residual .....	100 50 30 0

	Rating
Following the total rating for the 2-year period after date of inactivity, the schedular evaluation for residuals of nonpulmonary tuberculosis, i.e., ankylosis, surgical removal of a part, etc., if in excess of 50 percent or 30 percent will be assigned under the appropriate diagnostic code for the specific residual preceded by the diagnostic code for tuberculosis of the body part affected. For example, tuberculosis of the hipjoint with residual ankylosis would be coded 5001-5250. The graduated ratings for nonpulmonary tuberculosis will not be combined with residuals of nonpulmonary tuberculosis unless the graduated rating and the rating for residual disability cover separate functional losses, e.g., graduated ratings for tuberculosis of the kidney and residuals of tuberculosis of the spine. Where there are existing pulmonary and nonpulmonary conditions, the graduated evaluation for the pulmonary, or for the nonpulmonary, condition will be utilized, combined with evaluations for residuals of the condition not covered by the graduated evaluation utilized, so as to provide the higher evaluation over such period. The ending dates of all graduated ratings of nonpulmonary tuberculosis will be controlled by the date of attainment of inactivity. These ratings are applicable only to veterans with nonpulmonary tuberculosis active on or after October 10, 1949.	

[29 FR 6718, May 22, 1964, as amended at 34 FR 5062, Mar. 11, 1969; 43 FR 45361, Oct. 2, 1978]

THE RESPIRATORY SYSTEM

**§ 4.96 Special provisions regarding evaluation of respiratory conditions.**

(a) *Rating coexisting respiratory conditions.* Ratings under diagnostic codes 6600 through 6817 and 6822 through 6847 will not be combined with each other. Where there is lung or pleural involvement, ratings under diagnostic codes 6819 and 6820 will not be combined with each other or with diagnostic codes 6600 through 6817 or 6822 through 6847. A single rating will be assigned under the diagnostic code which reflects the predominant disability with elevation to the next higher evaluation where the severity of the overall disability warrants such elevation. However, in cases protected by the provisions of Pub. L. 90-493, the graduated ratings of 50 and 30 percent for inactive tuberculosis will not be elevated.

(b) *Rating "protected" tuberculosis cases.* Public Law 90-493 repealed section 356 of title 38, United States Code which had provided graduated ratings for inactive tuberculosis. The repealed section, however, still applies to the

§ 4.97

38 CFR Ch. I (7-1-03 Edition)

case of any veteran who on August 19, 1968, was receiving or entitled to receive compensation for tuberculosis. The use of the protective provisions of Pub. L. 90-493 should be mentioned in the discussion portion of all ratings in which these provisions are applied. For application in rating cases in which the protective provisions of Pub. L. 90-493 apply the former evaluations pertaining to pulmonary tuberculosis are retained in § 4.97.

(c) *Special monthly compensation.*  
When evaluating any claim involving complete organic aphonia, refer to

§ 3.350 of this chapter to determine whether the veteran may be entitled to special monthly compensation. Footnotes in the schedule indicate conditions which potentially establish entitlement to special monthly compensation; however, there are other conditions in this section which under certain circumstances also establish entitlement to special monthly compensation.

<p><b>Note (1):</b> The 100-percent rating under codes 6701 through 6724 is not subject to a requirement of precedent hospital treatment. It will be reduced to 50 percent for failure to submit to examination or to follow prescribed treatment upon report to that effect from the medical authorities. When a veteran is placed on the 100-percent rating for inactive tuberculosis, the medical authorities will be appropriately notified of the fact, and of the necessity, as given in footnote 1 to 38 U.S.C. 1156 (and formerly in 38 U.S.C. 356, which has been repealed by Public Law 90-493), to notify the Adjudication Division in the event of failure to submit to examination or to follow treatment.</p> <p><b>Note (2):</b> The graduated 50-percent and 30-percent ratings and the permanent 30 percent and 20 percent ratings for inactive pulmonary tuberculosis are not to be combined with ratings for other respiratory disabilities. NOTE (1): Evaluate cor pulmonale, which is a form of secondary heart disease, as part of the pulmonary condition that causes it.	

NOTE (2): One MET (metabolic equivalent) is the energy cost of standing quietly at rest and represents an oxygen uptake of 3.5 milliliters per kilogram of body weight per minute. When the level of METs at which dyspnea, fatigue, angina, dizziness, or syncope develops is required for evaluation, and a laboratory determination of METs by exercise testing cannot be done for medical reasons, an estimation by a medical examiner of the level of activity (expressed in METs and supported by specific examples, such as slow stair climbing or shoveling snow) that results in dyspnea, fatigue, angina, dizziness, or syncope may be used.

THE DIGESTIVE SYSTEM

§4.110 Ulcers.

Experience has shown that the term "peptic ulcer" is not sufficiently specific for rating purposes. Manifest differences in ulcers of the stomach or duodenum in comparison with those at an anastomotic stoma are sufficiently recognized as to warrant two separate graduated descriptions. In evaluating the ulcer, care should be taken that the findings adequately identify the particular location.

§4.111 Postgastrectomy syndromes.

There are various postgastrectomy symptoms which may occur following anastomotic operations of the stomach. When present, those occurring during or immediately after eating and known as the "dumping syndrome" are characterized by gastrointestinal complaints and generalized symptoms simulating hypoglycemia; those occurring from 1 to 3 hours after eating usually present definite manifestations of hypoglycemia.

§4.112 Weight loss.

For purposes of evaluating conditions in §4.114, the term "substantial weight loss" means a loss of greater than 20 percent of the individual's baseline weight, sustained for three months or longer; and the term "minor weight loss" means a weight loss of 10 to 20 percent of the individual's baseline weight, sustained for three months or longer. The term "inability to gain weight" means that there has been substantial weight loss with inability

**Department of Veterans Affairs**

**§4.114**

to regain it despite appropriate therapy. "Baseline weight" means the average weight for the two-year-period preceding onset of the disease.

(Authority: 38 U.S.C. 1155)

[66 FR 29488, May 31, 2001]

**§4.113 Coexisting abdominal conditions.**

There are diseases of the digestive system, particularly within the abdomen, which, while differing in the site of pathology, produce a common disability picture characterized in the main by varying degrees of abdominal distress or pain, anemia and disturbances in nutrition. Consequently, certain coexisting diseases in this area, as indicated in the instruction under the title "Diseases of the Digestive System," do not lend themselves to distinct and separate disability evaluations without violating the fundamental principle relating to pyramiding as outlined in §4.14.

**§4.114 Schedule of ratings—digestive system.**

Ratings under diagnostic codes 7301 to 7329, inclusive, 7331, 7342, and 7345 to 7348 inclusive will not be combined with each other. A single evaluation will be assigned under the diagnostic code which reflects the predominant disability picture, with elevation to the next higher evaluation where the severity of the overall disability warrants such elevation.

THE GENITOURINARY SYSTEM

§4.115 Nephritis.

Albuminuria alone is not nephritis, nor will the presence of transient albumin and casts following acute febrile illness be taken as nephritis. The glomerular type of nephritis is usually preceded by or associated with severe infectious disease; the onset is sudden, and the course marked by red blood cells, salt retention, and edema; it may clear up entirely or progress to a chronic condition. The nephrosclerotic type, originating in hypertension or arteriosclerosis, develops slowly, with minimum laboratory findings, and is associated with natural progress. Separate ratings are not to be assigned for disability from disease of the heart and any form of nephritis, on account of the close interrelationships of cardiovascular disabilities. If, however, absence of a kidney is the sole renal disability, even if removal was required because of nephritis, the absent kidney and any hypertension or heart disease will be separately rated. Also, in the

**Department of Veterans Affairs**

**§4.115b**

event that chronic renal disease has progressed to the point where regular dialysis is required, any coexisting hypertension or heart disease will be separately rated.

[41 FR 34258, Aug. 13, 1976, as amended at 59 FR 2527, Jan. 18, 1994]

**§4.115a Ratings of the genitourinary system—dysfunctions.**

Diseases of the genitourinary system generally result in disabilities related to renal or voiding dysfunctions, infections, or a combination of these. The following section provides descriptions of various levels of disability in each of these symptom areas. Where diagnostic codes refer the decisionmaker to these specific areas dysfunction, only the predominant area of dysfunction shall be considered for rating purposes. Since the areas of dysfunction described below do not cover all symptoms resulting from genitourinary diseases, specific diagnoses may include a description of symptoms assigned to that diagnosis.

	Rating

motor function, trophic changes, or sensory disturbances.

**§ 4.121 Identification of epilepsy.**

When there is doubt as to the true nature of epileptiform attacks, neurological observation in a hospital adequate to make such a study is necessary. To warrant a rating for epilepsy, the seizures must be witnessed or verified at some time by a physician. As to frequency, competent, consistent lay testimony emphasizing convulsive and immediate post-convulsive characteristics may be accepted. The frequency of seizures should be ascertained under the ordinary conditions of life (while not hospitalized).

**§ 4.122 Psychomotor epilepsy.**

The term psychomotor epilepsy refers to a condition that is characterized by seizures and not uncommonly by a chronic psychiatric disturbance as well.

(a) Psychomotor seizures consist of episodic alterations in conscious control that may be associated with automatic states, generalized convulsions, random motor movements (chewing, lip smacking, fumbling), hallucinatory phenomena (involving taste, smell, sound, vision), perceptual illusions (deja vu, feelings of loneliness, strangeness, macropsia, micropsia, dreamy states), alterations in thinking (not open to reason), alterations in memory, abnormalities of mood or affect (fear, alarm, terror, anger, dread, well-being), and autonomic disturbances (sweating, pallor, flushing of the face, visceral phenomena such as nausea, vomiting, defecation, a rising feeling of warmth in the abdomen). Automatic states or automatisms are characterized by episodes of irrational, irrelevant, disjointed, unconventional, asocial, purposeless though seemingly coordinated and purposeful, confused or inappropriate activity of one to several minutes (or, infrequently, hours) duration with subsequent amnesia for the seizure. Examples: A person of high social standing remained seated, muttered angrily, and rubbed the arms of his chair while the National Anthem was being played; an apparently normal person suddenly disrobed in public; a man traded an expensive automobile

NEUROLOGICAL CONDITIONS AND CONVULSIVE DISORDERS

**§ 4.120 Evaluations by comparison.**

Disability in this field is ordinarily to be rated in proportion to the impairment of motor, sensory or mental function. Consider especially psychotic manifestations, complete or partial loss of use of one or more extremities, speech disturbances, impairment of vision, disturbances of gait, tremors, visceral manifestations, injury to the skull, etc. In rating disability from the conditions in the preceding sentence refer to the appropriate schedule. In rating peripheral nerve injuries and their residuals, attention should be given to the site and character of the injury, the relative impairment in

for an antiquated automobile in poor mechanical condition and after regaining conscious control, discovered that he had signed an agreement to pay an additional sum of money in the trade. The seizure manifestations of psychomotor epilepsy vary from patient to patient and in the same patient from seizure to seizure.

(b) A chronic mental disorder is not uncommon as an interseizure manifestation of psychomotor epilepsy and may include psychiatric disturbances extending from minimal anxiety to severe personality disorder (as distinguished from developmental) or almost complete personality disintegration (psychosis). The manifestations of a chronic mental disorder associated with psychomotor epilepsy, like those of the seizures, are protean in character.

§4.123 Neuritis, cranial or peripheral.

Neuritis, cranial or peripheral, characterized by loss of reflexes, muscle atrophy, sensory disturbances, and constant pain, at times excruciating, is to be rated on the scale provided for injury of the nerve involved, with a maximum equal to severe, incomplete, paralysis. See nerve involved for diagnostic code number and rating. The maximum rating which may be assigned for neuritis not characterized by organic changes referred to in this section will be that for moderate, or with sciatic nerve involvement, for moderately severe, incomplete paralysis.

§4.124 Neuralgia, cranial or peripheral.

Neuralgia, cranial or peripheral, characterized usually by a dull and intermittent pain, of typical distribution so as to identify the nerve, is to be rated on the same scale, with a maximum equal to moderate incomplete paralysis. See nerve involved for diagnostic code number and rating. Tic douloureux, or trifacial neuralgia, may be rated up to complete paralysis of the affected nerve.

§4.124a Schedule of ratings—neurological conditions and convulsive disorders.

[With the exceptions noted, disability from the following diseases and their residuals

may be rated from 10 percent to 100 percent in proportion to the impairment of motor, sensory, or mental function. Consider especially psychotic manifestations, complete or partial loss of use of one or more extremities, speech disturbances, impairment of vision, disturbances of gait, tremors, visceral manifestations, etc., referring to the appropriate bodily system of the schedule. With partial loss of use of one or more extremities from neurological lesions, rate by comparison with the mild, moderate, severe, or complete paralysis of peripheral nerves]

Determinations as to the presence of residuals not capable of objective verification, i.e., headaches, dizziness, fatigability, must be approached on the basis of the diagnosis recorded; subjective residuals will be accepted when consistent with the disease and not more likely attributable to other disease or no disease. It is of exceptional importance that when ratings in excess of the prescribed minimum ratings are assigned, the diagnostic codes utilized as bases of evaluation be cited, in addition to the codes identifying the diagnoses.	
8045 Brain disease due to trauma:	
Purely neurological disabilities, such as hemiplegia, epileptiform seizures, facial nerve paralysis, etc., following trauma to the brain, will be rated under the diagnostic codes specifically dealing with such disabilities, with citation of a hyphenated diagnostic code (e.g., 8045–8207).	
Purely subjective complaints such as headache, dizziness, insomnia, etc., recognized as symptomatic of brain trauma, will be rated 10 percent and no more under diagnostic code 9304. This 10 percent rating will not be combined with any other rating for a disability due to brain trauma. Ratings in excess of 10 percent for brain disease due to trauma under diagnostic code 9304 are not assignable in the absence of a diagnosis of multi-infarct dementia associated with brain trauma.	
8046 Cerebral arteriosclerosis:	

	Rating
Purely neurological disabilities, such as hemiplegia, cranial nerve paralysis, etc., due to cerebral arteriosclerosis will be rated under the diagnostic codes dealing with such specific disabilities, with citation of a hyphenated diagnostic code (e.g., 8046–8207).	
Purely subjective complaints such as headache, dizziness, tinnitus, insomnia and irritability, recognized as symptomatic of a properly diagnosed cerebral arteriosclerosis, will be rated 10 percent and no more under diagnostic code 9305. This 10 percent rating will not be combined with any other rating for a disability due to cerebral or generalized arteriosclerosis. Ratings in excess of 10 percent for cerebral arteriosclerosis under diagnostic code 9305 are not assignable in the absence of a diagnosis of multi-infarct dementia with cerebral arteriosclerosis.	
NOTE: The ratings under code 8046 apply only when the diagnosis of cerebral arteriosclerosis is substantiated by the entire clinical picture and not solely on findings of retinal arteriosclerosis.

The term "incomplete paralysis," with this and other peripheral nerve injuries, indicates a degree of lost or impaired function substantially less than the type picture for complete paralysis given with each nerve, whether due to varied level of the nerve lesion or to partial regeneration. When the involvement is wholly sensory, the rating should be for the mild, or at most, the moderate degree. The ratings for the peripheral nerves are for unilateral involvement; when bilateral, combine with application of the bilateral factor.

THE EPILEPSIES

	Rating
A thorough study of all material in §§ 4.121 and 4.122 of the preface and under the ratings for epilepsy is necessary prior to any rating action.	
8910 Epilepsy, grand mal.	
Rate under the general rating formula for major seizures.	
8911 Epilepsy, petit mal.	

THE EPILEPSIES—Continued

	Rating
Rate under the general rating formula for minor seizures.	
NOTE (1): A major seizure is characterized by the generalized tonic-clonic convulsion with unconsciousness.	
NOTE (2): A minor seizure consists of a brief interruption in consciousness or conscious control associated with staring or rhythmic blinking of the eyes or nodding of the head ("pure" petit mal), or sudden jerking movements of the arms, trunk, or head (myoclonic type) or sudden loss of postural control (akinetic type).	
General Rating Formula for Major and Minor Epileptic Seizures:	
Averaging at least 1 major seizure per month over the last year .....	100
Averaging at least 1 major seizure in 3 months over the last year; or more than 10 minor seizures weekly .....	80
Averaging at least 1 major seizure in 4 months over the last year; or 9–10 minor seizures per week .....	60
At least 1 major seizure in the last 6 months or 2 in the last year; or averaging at least 5 to 8 minor seizures weekly .....	40
At least 1 major seizure in the last 2 years; or at least 2 minor seizures in the last 6 months .....	20
A confirmed diagnosis of epilepsy with a history of seizures .....	10
NOTE (1): When continuous medication is shown necessary for the control of epilepsy, the minimum evaluation will be 10 percent. This rating will not be combined with any other rating for epilepsy.	
NOTE (2): In the presence of major and minor seizures, rate the predominating type.	
NOTE (3): There will be no distinction between diurnal and nocturnal major seizures.	
8912 Epilepsy, Jacksonian and focal motor or sensory.	
8913 Epilepsy, diencephalic.	
Rate as minor seizures, except in the presence of major and minor seizures, rate the predominating type.	
8914 Epilepsy, psychomotor.	
Major seizures:	
Psychomotor seizures will be rated as major seizures under the general rating formula when characterized by automatic states and/or generalized convulsions with unconsciousness.	
Minor seizures:	
Psychomotor seizures will be rated as minor seizures under the general rating formula when characterized by brief transient episodes of random motor movements, hallucinations, perceptual illusions, abnormalities of thinking, memory or mood, or autonomic disturbances.	

Mental Disorders in Epilepsies: A nonpsychotic organic brain syndrome will be rated separately under the appropriate diagnostic code (e.g., 9304 or 9307). In the absence of a diagnosis of non-psychotic organic psychiatric disturbance (psychotic, psychoneurotic or personality disorder) if diagnosed and shown to be secondary to or directly associated with epilepsy will be rated separately. The psychotic or psychoneurotic disorder will be rated under the appropriate diagnostic code. The personality disorder will be rated as a dementia (e.g., diagnostic code 9304 or 9307).

Epilepsy and Unemployability: (1) Rating specialists must bear in mind that the epileptic, although his or her seizures are controlled, may find employment and rehabilitation difficult of attainment due to employer reluctance to the hiring of the epileptic.

(2) Where a case is encountered with a definite history of unemployment, full and complete development should be undertaken to ascertain whether the epilepsy is the determining factor in his or her inability to obtain employment.

(3) The assent of the claimant should first be obtained for permission to conduct this economic and social survey. The purpose of this survey is to secure all the relevant facts and data necessary to permit of a true judgment as to the reason for his or her unemployment and should include information as to:

- (a) Education;
- (b) Occupations prior and subsequent to service;
- (c) Places of employment and reasons for termination;
- (d) Wages received;
- (e) Number of seizures.

(4) Upon completion of this survey and current examination, the case should have rating board consideration. Where in the judgment of the rating board the veteran's unemployability is due to epilepsy and jurisdiction is not vested in that body by reason of schedular evaluations, the case should be submitted to the Director, Compensation and Pension Service.

MENTAL DISORDERS

§ 4.125 Diagnosis of mental disorders.

(a) If the diagnosis of a mental disorder does not conform to DSM-IV or is not supported by the findings on the examination report, the rating agency shall return the report to the examiner to substantiate the diagnosis.

(b) If the diagnosis of a mental disorder is changed, the rating agency shall determine whether the new diagnosis represents progression of the prior diagnosis, correction of an error in the prior diagnosis, or development of a new and separate condition. If it is not clear from the available records what the change of diagnosis represents, the rating agency shall return the report to the examiner for a determination.

§ 4.126 Evaluation of disability from mental disorders.

(a) When evaluating a mental disorder, the rating agency shall consider the frequency, severity, and duration of psychiatric symptoms, the length of remissions, and the veteran's capacity for adjustment during periods of remission. The rating agency shall assign an

**§ 4.127**

evaluation based on all the evidence of record that bears on occupational and social impairment rather than solely on the examiner's assessment of the level of disability at the moment of the examination.

(b) When evaluating the level of disability from a mental disorder, the rating agency will consider the extent of social impairment, but shall not assign an evaluation solely on the basis of social impairment.

(c) Delirium, dementia, and amnesic and other cognitive disorders shall be evaluated under the general rating formula for mental disorders; neurologic deficits or other impairments stemming from the same etiology (e.g., a head injury) shall be evaluated separately and combined with the evaluation for delirium, dementia, or amnesic or other cognitive disorder (see § 4.25).

(d) When a single disability has been diagnosed both as a physical condition and as a mental disorder, the rating agency shall evaluate it using a diagnostic code which represents the dominant (more disabling) aspect of the condition (see § 4.14).

[61 FR 52700, Oct. 8, 1996]

**§ 4.127 Mental retardation and personality disorders.**

Mental retardation and personality disorders are not diseases or injuries for compensation purposes, and, except as provided in § 3.310(a) of this chapter, disability resulting from them may not be service-connected. However, disability resulting from a mental disorder that is superimposed upon mental retardation or a personality disorder may be service-connected.

**38 CFR Ch. I (7-1-03 Edition)**

**§ 4.128 Convalescence ratings following extended hospitalization.**

If a mental disorder has been assigned a total evaluation due to a continuous period of hospitalization lasting six months or more, the rating agency shall continue the total evaluation indefinitely and schedule a mandatory examination six months after the veteran is discharged or released to nonbed care. A change in evaluation based on that or any subsequent examination shall be subject to the provisions of § 3.105(e) of this chapter.

(Authority: 38 U.S.C. 1155)

[61 FR 52700, Oct. 8, 1996]

**§ 4.129 Mental disorders due to traumatic stress.**

When a mental disorder that develops in service as a result of a highly stressful event is severe enough to bring about the veteran's release from active military service, the rating agency shall assign an evaluation of not less than 50 percent and schedule an examination within the six month period following the veteran's discharge to determine whether a change in evaluation is warranted.

**§ 4.130 Schedule of ratings—mental disorders.**

The nomenclature employed in this portion of the rating schedule is based upon the Diagnostic and Statistical Manual of Mental Disorders, Fourth Edition, of the American Psychiatric Association (DSM-IV). (d) If the insured has selected Option 3, and named no contingent beneficiary, the beneficiary may elect to receive payment under Option 4.

(e) If the insured has selected Option 4, the beneficiary may elect to receive payment under Option 3.

If the insured has selected settlement under Option 1, a beneficiary who has elected to receive payment under Option 2, 3, or 4 may elect to receive the commuted value of any remaining unpaid installments certain (240 less the number paid in case of Option 3, or 120 less the number paid in the case of Option 4): *Provided*, That where the commutation is elected under Option 3 or 4 after payment under such option has commenced, and the beneficiary survives the period certain, such beneficiary shall be entitled to the resumption of monthly installments payable for life in accordance with the monthly income option previously selected by such beneficiary. The entitlement to the resumption of monthly installments will be effective as of the monthly payment date next following the expiration of the period certain. Settlement under any one of the options or payment to the beneficiary of said commuted value under Option 2 or payment of said commuted value under Options 3 and 4 to the beneficiary who does not survive the period certain shall be in full and complete discharge of all liability under the contract. Any other change in the mode of settlement may, within the limitations set forth in paragraphs (a) through (e) of this section, be made by a beneficiary after payment has commenced, provided the change is made within 1 year of the original election and in those instances where Option 3 is changed to Option 1 or 2; or Option 4 is changed to Option 1, 2, or 3, satisfactory proof is submitted to establish that the beneficiary's state

of health is the same as it was at time of original election. The effective date of the original election for this purpose will be the date it was delivered to the Department of Veterans Affairs. If such election was forwarded by mail, properly addressed to the Department of Veterans Affairs, the postmark date will be taken as the date of delivery. Such change will be made on the premise that the new election was made initially, and the account will be adjusted accordingly. A condition precedent to any such change will be the repayment of any amount received by the beneficiary in excess of that which would have been due had the new election been made initially.

The cash value shall be the reserve together with any dividend accumulations. For each month after the first policy year the reserve at the end of the preceding policy year shall be increased by one-twelfth of the increase in reserve for the current policy year. Upon written request therefor and upon complete surrender of the insurance with all claims thereunder made by the insured the United States will pay to the insured the cash value of the policy less any indebtedness. Unless otherwise requested by the insured, a surrender will be deemed completed as of the end of the month in which the application for cash surrender is delivered to the Department of Veterans Affairs, or as of the date of the check for the cash value, whichever is later. (b) If the insured is unavailable because of service, the application may be certified by the person who has custody of the insured's service record.

#### § 7.3 The policy.

(a) Any provision in a policy that may limit or eliminate a benefit other than the primary death benefit will not, because of such provision, place the policy outside the protection of the Act if it is otherwise eligible for protection.

## § 7.4

## 38 CFR Ch. I (7-1-03 Edition)

(b) An annuity contract, if it provides payment of a substantial death benefit in the nature of life insurance, may be included within the provisions of the Act if otherwise eligible. Group insurance will not be included unless an individual and separate contract of insurance is completely released to the insured and thereafter comes within the provisions of the Act as a policy.

(c) The phrase *Face amount of insurance* as used in the regulations in this part will mean the amount of insurance payable as a death benefit; *Provided*, That any indebtedness, or any accruals (such as paid-up additions, dividend accumulations, etc.) that may be added to or taken from the amount payable as the death benefits will not be used in calculating the face amount of a policy.

(b) Premiums will not be guaranteed for benefits additional to the primary death benefit if, when combined with the amount of the primary death benefit, the total benefit would result in a payment in excess of \$10,000 or if liability for such benefits is excluded or restricted by military service or any activity which the insured may be called upon to perform in connection with military service. In the event that premiums for the primary and additional benefits are not separable under the terms of the policy the entire policy will be guaranteed, if the policy is otherwise eligible for protection under the law.

(b) When an application for benefits is received by an insurer, a report thereof will be made within 30 days to the Department of Veterans Affairs Regional Office and Insurance Center at Philadelphia, Pennsylvania. The insurer may submit with the report a statement setting forth any additional information deemed necessary to the adjudication of the application, and any facts and reasoning as to why the policy should or should not be protected under the Act.

### § 7.6 Benefits.

Any policy found to be entitled to protection under the provisions of the Act will not lapse or otherwise terminate or be forfeited for the nonpayment of a premium or the nonpayment of any indebtedness or interest during the period of military service of the insured and two years after the expiration of such service. If the insured re-enters military service during the two-year period following separation from such service and the policy is under the protection of the Act on the date of re-entry, such reentrance shall be deemed to be a continuation of the previous military service. In such case, in the absence of written instruction from the insured to the contrary, the protection under the Act will continue during the period of military service of the insured and two years after the expiration of such service, but the guarantee will not extend for more than two years after the date when the Act ceases to be in force.

(a) For the period during which a policy is protected by the provisions of the Act, any dividends, return of premiums, or other such monetary benefits arising out of the contract or by reason thereof, will be held subject to

disposal or to be applied as may be approved by the Department of Veterans Affairs.

(b) A policy will not be removed from the protection of the Act by reason of a payment made to the insurer by or on behalf of the insured, but any tender of a premium (in whole or in part) shall be applied on the indebtedness established under authority of the Act against the policy: *Provided*, That nothing herein shall prevent an insured from continuing payment to the insurer of premiums to cover any additional benefits (such as double indemnity, waiver of premium, etc.) where such premiums may not be included in the amount guaranteed by the Government.

**§ 7.7 Maturity.**

(a) The phrase *maturity of a policy as a death claim or otherwise* (SSCRA, as amended) will not include a termination or maturity of a policy as a disability claim, and the policy will continue under the provisions of the Act as if there had been no maturity, but the Government shall not be liable for any premiums that the insured would have been relieved of paying under any provisions for payment of premiums in the policy.

(b) Upon the expiration of the period of protection, the insurer will submit to the Department of Veterans Affairs a complete statement of the account on each policy, which will show the amount of indebtedness by reason of the premiums with interest and the credits, if any, then available and will be subject to audit and approval by the Department of Veterans Affairs. The statement of account will include the rate of interest charged on all indebtedness, the date of debit and credit entries, and such other information as may be deemed necessary in making an audit of the account.

APPLICATIONS

§ 8.0 Definitions of terms used in connection with title 38 CFR, part 8, National Service Life Insurance.

(a) *What does the term "good health" mean?* The term *good health* means that the applicant is, from clinical or other evidence, free from any condition that would tend to:

- (1) Weaken normal physical or mental functions; or
- (2) Shorten life.

NOTE TO PARAGRAPH (a): Conditions that would affect "good health" are diseases or injuries or residuals of diseases or injuries. A "residual" is a disability that remains following the original disease or injury.

(b) *What does the term "good health criteria" mean?* The term *good health criteria* means the underwriting standards that determine whether a person is in good health. "Good health criteria" are based whenever possible, as far as practicable, on general insurance usage. "Underwriting" is the process that sets the terms, conditions, and prices for an insurance policy, by rating an applicant's mortality risk.

(c) *What does the term "organic loss of speech" mean?* The term *organic loss of speech* means the loss of the ability to express oneself, both by voice and whisper, through the normal organs of speech if the loss is caused by physical changes in such organs. The fact that some speech can be produced through the use of artificial appliance or other organs of the body will not impact this definition.

(d) *What does the term "disease or injury traceable to the extra hazards of the military service" mean?* The term *disease or injury traceable to the extra hazards of the military service* means a disease or injury that was either caused by or can be traced back to the performance of duty in the active military, naval, or air service.

(e) *What does the term "guardian" mean?* The term *guardian* means any representative certified by the appropriate Veterans Service Center Manager, under §13.55 of this chapter, to receive benefits in a fiduciary capacity

### EFFECTIVE DATE

#### § 8.1 Effective date for an insurance policy issued under section 1922(a) of title 38 U.S.C. (Service-Disabled Veterans' Insurance).

(a) *What is the effective date of the policy?* The effective date is the date policy coverage begins. Benefits due under the policy are payable any time after the effective date.

(b) *How is the effective date established?* The effective date is the date you deliver both of the following to VA:

- (1) A valid application.
- (2) A premium payment.

NOTE 1 TO PARAGRAPH (b): If your valid application and premium are mailed to VA, the postmark date will be the date of delivery.

NOTE 2 TO PARAGRAPH (b): If a postmark date is not available, the date of delivery will be the date your valid application and premium are received by VA.

(c) *Can you have a different effective date?* Yes, if you would like an effective date other than the date of delivery as described in paragraph (b) of this section, you may choose one of the following three options as an effective date:

(1) The first day of the month in which you deliver your valid application and premium payment to VA. For example, if VA receives your application and premium payment on August 15, you may request an effective date of August 1.

(2) The first day of the month following the month in which you deliver your valid application and premium payment. For example, if VA receives your application and premium payment on August 15, you may request an effective date of September 1.

(3) The first day of any month up to six months prior to the month in which you deliver your valid application and premium payment. For example, if VA receives your application and premium payment on August 15, you may request an effective date of February 1 or the first day of any month following up

to August 1. However, you must pay the following:

(i) The insurance reserve amount for the time period for each month starting with the requested effective date up to the first day of the month prior to the month in which you delivered your application to VA; and

(ii) The premium for the month in which you delivered your application to VA.

NOTE TO PARAGRAPH (c): For example, if your postmark date is August 15 and you request an effective date of February 1, you must pay the insurance reserve amount for February 1 through July 31, and also pay the August premium.

### PREMIUMS

#### § 8.2 Payment of premiums.

(a) *What is a premium?* A premium is a payment that a policyholder is required to make for an insurance policy.

(b) *How can policyholders pay premiums?* Premiums can be paid by:

(1) Cash, check, or money order directly to VA.

(2) Allotment from service or retirement pay.

(3) Automatic deduction from VA benefits (pension, compensation or insurance dividends (see § 8.4)).

(4) Pre-authorized debit from a checking account.

(c) *When should policyholders pay premiums?* (1) Unless premiums are paid in advance, policyholders must pay premiums on the effective date shown on the policy and on the same date of each following month. This is called the "due date."

(2) Policyholders may pay premiums quarterly, semi-annually, or annually in advance.

(d) *What happens if a policyholder does not pay a premium on time?* (1) When a policyholder pays a premium within 31 days from the "due date," the policy remains in force. This 31-day period is called a "grace period." If the insured dies within the 31-day grace period, VA deducts the unpaid premium from the amount of insurance payable.

(2) If a policyholder pays a premium after the 31-day grace period, VA will not accept the payment and the policy lapses effective the date the premium

**38 CFR Ch. I (7-1-03 Edition)**

was due; Except that VA will accept a premium paid after the 31-day grace period as a timely payment if:

- (i) The policyholder pays the premium within 61 days of the due date; and
- (ii) The policyholder is alive at the time the payment is mailed.

(3) When a policyholder pays the premium by mail, the postmark date is the date of payment.

(4) When a policyholder pays a premium by check or money order which is not honored and it is shown by satisfactory evidence that:

The bank did not pay the check or money order because of:	Then:
An error by the bank .....	The policyholder has an additional 31 days (from the date stamped on VA's notification letter) to pay the premium and any other premiums due through the current month.
An error in the check or money order .....	The policyholder has an additional 31 days (same as above).
Lack of funds .....	The premium is considered not paid.

**§ 8.3 Revival of insurance.**

(a) If the sole reason death or total disability benefits under a policy of National Service life insurance cannot be granted is that the policy had lapsed, the insurance will be considered in force under premium-paying conditions on the date of death or the date of commencement of total disability if,

(1) On the date of lapse there were accrued dividends, not then payable, resulting from premiums paid since the last anniversary date of the policy and such dividends were equal to or greater in amount than the total of the monthly premiums which have become due from and including the date of lapse to the date of death or date of commencement of total disability, and/or

(2) At the end of the grace period for the unpaid premium causing lapse there were due and payable to the policyholder unpaid dividends, refundable premiums, pure insurance risk credits, other refundable credits or total disability benefit payments arising from the policyholder's U.S. Government or National Service life insurance which are equal to or greater in amount than the total of the monthly premiums which have become due from and including the date of lapse to the date of death or date of commencement of total disability.

(3) For purposes of this section amounts under paragraphs (a)(1) and (2) of this section may be combined. In that case, the amount, if any, of dividend accrued under paragraph (a)(1) of this section will first be determined

and the amount available under paragraph (a)(2) of this section, if any, will be added thereto for the purpose of determining if the total amount thus available is equal to or greater than the total of monthly premiums which have become due.

(4) In determining the amount of monthly premiums which have become due under paragraphs (a)(1) and (2) of this section a shortage of 10 percent per monthly premium may be allowed for a period not to exceed 3 months.

(5) In determining the monthly premiums which have become due for adjustment purposes under paragraphs (a)(1) and (2) of this section, the premium for the monthly due date immediately preceding the date of death or date of commencement of total disability may be omitted because of the coverage provided by the allowable grace period (§8.2(d)) and if the conditions of paragraph (b) of this section are met, the premium for the second due date immediately preceding the date of death or date of commencement of total disability may be omitted.

(6) When a policy is deemed in force under premium-paying conditions by operation of this section, the amount of any shortage included in the calculation and the premium for any monthly due date omitted in the calculation will become a lien against the policy.

(7) The provisions of this section may be applied if, on the date of death, the insurance is in force under the extended term insurance provision (§8.14) and a policy loan was outstanding on the date of lapse or a dividend deposit

balance was included in the cash value as determined at time of lapse.

(8) If accrued dividends under paragraph (a)(1) of this section and/or amounts due and payable under paragraph (a)(2) of this section exist in connection with more than one policy of the same veteran and one or more policies lapsed prior to the date of death or date of commencement of total disability, the amounts available will be related first to the policy or policies on which they arose if such policy or policies are lapsed. Any amount available under paragraphs (a)(1) and (2) of this section which is not required to place in force the policy upon which it arose or which is insufficient to place in force the policy upon which it arose, may be combined with similar amounts available on any other policy whenever the total of such amounts is sufficient to place another policy in force.

(9) Where more than one policy is involved and credits are not needed or are insufficient to revive the policy on which the credits arose, the credits will be used insofar as they are sufficient to revive the policy or policies under which the most insurance is payable.

(10) No total disability income provision will be considered in force under this section unless it lapsed at the same time as the life insurance contract and both the life insurance and total disability income provision can be considered in force through the same date and benefits are payable under the total disability income provision. An exception will be a paid-in-full limited pay contract on which total disability income provision premiums are due and payable to age 65.

(11) When a total disability income provision lapsed at the same time as the life insurance, the premium for the provision will be considered separately in determining if the amounts available are equal to or in excess of the monthly premiums which have become due. In such a case if the amounts available are sufficient, both the life insurance and the provision will be revived. If the amounts are insufficient for that purpose, they will be applied to revive the policy or policies with the greatest amount payable in death cases or the policy or policies providing the

greatest life insurance and total disability benefit in total disability cases.

(12) Accrued dividends and/or credits on any policy of National Service or U.S. Government life insurance held by the policyholder may be considered for the purpose of this section.

(b) If the sole reason death or total disability benefits under a policy of National Service life insurance cannot be granted is that the policy had lapsed, the insurance will be considered in force on the date of death or date of commencement of total disability if,

(1) The policyholder died or became totally disabled within 61 days of the due date of the unpaid premiums, and

(2) The policy prior to the lapse had been in force for 5 years or more. In determining in-force status under this subparagraph if the original effective date of the insurance (when necessary, include predecessor contracts involving renewal, conversion or replacement/reinstatement under 38 U.S.C. 1981) is 5 years or more earlier than the date of death or date of total disability and during the 5 years immediately preceding the date of lapse the insurance has not been lapsed at any one time in excess of 6 months, the requirement will be satisfied. When insurance is considered in force under this section the amount of the monthly premium due on the date of lapse and the following monthly premium(s) will become a lien against the policy.

(3) The provisions of this section may be applied if, on the date of death, the insurance is in force under the extended term insurance provision (§8.14) and a policy loan was outstanding on the date of lapse or a dividend deposit balance was included in the cash value as determined at time of lapse.

**§ 8.4 Deduction of insurance premiums from compensation, retirement pay, or pension.**

The insured under a National Service life insurance policy which is not lapsed may authorize the monthly deduction of premiums from disability compensation, death compensation, dependency and indemnity compensation,

## §8.5

retirement pay, disability pension, or death pension that may be due and payable to him under any laws administered by the Department of Veterans Affairs in accordance with the following provisions.

(a) The authorization may be made by an insured or the insured's legal representative. If the authorization is made by the insured's legal representative, it must be in writing over the signature of the representative and forwarded to the Department of Veterans Affairs along with a copy of the document which evidences the individual's authority to act on behalf of the insured. If an insured is incompetent and has no legal representative and has a spouse to whom benefits are being paid pursuant to Part 13 of this chapter, the spouse may authorize payment of insurance premiums through the deduction system. If an insured is incompetent and has no legal representative and an institutional award has been made in his or her behalf, the authorization may be executed by the Director of the field facility in which the insured is hospitalized or receiving domiciliary care, and in appropriate cases by the chief officers of State hospitals or other institutions to whom similar awards may have been approved.

(b) The monthly disability compensation, death compensation, dependency and indemnity compensation, retirement pay, disability pension, or death pension so due and payable must be equal to, or in excess of, the amount of the insurance premium figured on a monthly basis.

(c) The authorization may be cancelled by the insured at any time. Such cancellation will be effective on the first day of the month following the month in which it is received by the Department of Veterans Affairs.

(d) If the benefits payable to the insured are apportioned under the regulations of the Department of Veterans Affairs now in effect or hereafter issued, the deduction authorized by the insured shall be from that portion awarded to the insured under such regulations.

(e) The deduction authorized by a policyholder issued insurance under 38 U.S.C. 1925 will be automatically adjusted by the Department of Veterans

### §8.5 Authorization for deduction of premiums from compensation, retirement pay, or pension.

Deductions from benefits for the payment of premiums shall be effective on the month the authorization for such deduction is received by the Department of Veterans Affairs or on any successive month specified by the insured. Such deduction shall be applied to the premium due in the succeeding calendar month and shall continue monthly so long as the benefit payments are due and payable to the insured and the amount is sufficient to pay the premium or until such authorization is revoked by the veteran or otherwise terminated. When premium deductions are authorized by the insured, the premium will be treated as paid for purposes of preventing lapse of the insurance, so long as there is due and payable to the insured a benefit amount sufficient to provide the premium payment. If authorization was executed by the Director of a VA hospital or domiciliary or chief officer of a State hospital or other institution to make deductions from an institutional award, the authorization will cease and terminate at the termination of the institutional award and the insurance shall lapse unless another authorization for deduction from monthly benefit payments is executed by the insured. The insured will be notified by letter directed to the last address of record of the termination of the authorization to deduct premiums, but failure to give such notice shall not prevent lapse.

### REINSTATEMENT

#### § 8.7 Reinstatement of National Service Life Insurance except insurance issued pursuant to section 1925 of title 38 U.S.C.

(a) Any policy which lapses and which is not surrendered for a cash value or for paid-up insurance, may be reinstated upon written application signed by the applicant, payment of all premiums in arrears, and evidence of good health as required under § 8.8 (a) or (b), whichever is applicable. If a policy is not reinstated within 6 months from the due date of the premium in default, interest must be paid in addition to premiums for all months in arrears from their respective due dates at the rate of 5 percent per annum, compounded annually. The payment or reinstatement of any indebtedness against a policy must be made upon application for reinstatement, and any excess of indebtedness and interest over the reserve of the policy must be paid at that time. A lapsed National Service Life Insurance policy which is in force under extended term insurance may be reinstated within 5 years from the date extended insurance would expire upon application and payment of all premiums in arrears with the required interest. In any case in which the extended insurance under an endowment policy provides protection to the end of the endowment period, the policy may be reinstated at any time before maturity upon application and payment of the premiums with the required interest. A policy on the level term premium plan may be reinstated

within 5 years of the date of lapse upon written application signed by the insured, evidence of insurability and payment of two monthly premiums, one for the month of the lapse, the other for the month of reinstatement.

(b) *Reinstatement of insurance issued under section 1925, title 38 U.S.C.* Any policy of insurance issued under 38 U.S.C. 1925 which has been lapsed for not more than 5 years shall be reinstated under the same provisions of paragraph (a) of this section.

(c) *Effective date of reinstatements.* Reinstatement is effected on the date an acceptable application and the required monetary payments are delivered to the Department of Veterans Affairs. If application for reinstatement is submitted by mail, properly addressed to the Department of Veterans Affairs, the postmark date shall be the date of delivery. The effective date of reinstatement of the insurance shall be the last monthly premium due date prior to the delivery or postmark date of the application for reinstatement, except where reinstatement is effected on the due date of a premium, then in such case that date shall be the reinstatement date.

(d) *Inquiry during the grace period.* When the insured makes inquiry prior to the expiration of the grace period disclosing a clear intent to continue insurance protection, such as a request for information concerning premium rates or conversion privileges, etc., an additional reasonable period not exceeding 60 days may be granted for payment of premiums due; but the premiums in any such case must be paid during the lifetime of the insured.

#### § 8.8 Health requirements.

National Service life insurance on any plan may be reinstated if application and tender of premiums are made:

(a) Within 6 premium months including the premium month for which the unpaid premium was due, provided the applicant be in as good health on the date of application and tender of premiums as he or she was on the last day of the grace period of the premium in

default and furnishes satisfactory evidence thereof.

(b) After expiration of the 6-month period mentioned in paragraph (a) of this section, provided applicant is in good health (§8.0) on the date of application and tender of premiums and furnishes satisfactory evidence. If the insurance to be reinstated was issued under 38 U.S.C. 1922(a), 1925(b), or 1925(c) and application is made within 1 year of the date of lapse, any service-connected disability existing at the time the insurance was issued will be waived for the purpose of reinstatement (including natural progression of the condition since time of issuance). If the insurance to be reinstated was issued under 38 U.S.C. 1925(a) and application is made within 1 year of the date of lapse, any nonservice-connected disability, or service-connected disability which combined with a nonservice-connected disability rendered the insured uninsurable as of October 13, 1964, will be waived for the purpose of reinstatement (including natural progression).

### §8.9 Application and medical evidence.

The applicant for reinstatement of National Service Life Insurance, during his or her lifetime, and within 5 years after the date of lapse if the insurance was issued under 38 U.S.C. 1925, must submit a written application signed by him or her and furnish satisfactory evidence of health as required in §8.8 at the time of application. Applicant's own statement of comparative health may be accepted as proof of insurability for the purpose of reinstatement under §8.8(a), but, whenever deemed necessary in any such case, report of physical examination may be required. Applications for reinstatement submitted after expiration of the applicable period mentioned in §8.8(a) must be accompanied by satisfactory evidence of good health. If the insurance becomes a claim after the tender of the amount necessary to meet reinstatement requirements but before full

### DIVIDENDS

#### §8.10 How paid.

(a) Except as hereinafter provided in this paragraph, a National Service Life Insurance policy shall participate in and receive such dividends from gains and savings as may be determined by the Secretary of Veterans Affairs. Dividends becoming payable after January 1, 1952, shall be payable on the date preceding the anniversary of the policy unless the Secretary shall declare them payable on some other date. Dividends are not payable on insurance:

(1) Issued or reinstated under the provisions of section 602(c)(2) of the National Service Life Insurance Act, as amended, where the requirements of good health were waived at the time of such issue or reinstatement;

(2) Issued under sections 620 and 621 of the National Service Life Insurance Act, as amended;

(3) Issued under sections 1904(c) and 1922(a) of title 38 U.S.C.;

(Authority: 38 U.S.C. 1923(b) and 725)

(4) Issued on the ordinary life plan under section 1904(d) of title 38 U.S.C., to replace the amount of insurance reduced under a modified life plan policy issued under 38 U.S.C. 1904(c); and

(5) On which premiums are waived, in whole or in part, under the provisions

## Department of Veterans Affairs

## § 8.10

of section 622 of the National Service Life Insurance Act, as amended, and 38 U.S.C. 1924 for the period during which such premium waiver is in effect.

(b) Unless and until VA receives a written request from the insured that National Service Life Insurance dividends be paid in cash, or that they be used to pay an insurance indebtedness, or that they be placed on deposit or be used to pay premiums in advance, or that they be used to pay the premiums on a particular policy or policies, or that they be used to purchase paid-up additions, any such dividends shall be held to the credit of the insured to be applied to pay monthly premiums becoming due and unpaid after the date such dividends are payable on any National Service or United States Government Life Insurance policy or policies held by the insured: *Provided*, That such dividend credits will be applied as of the due date of any unpaid premium. Dividend credits will earn interest at such rate and in such manner as the Secretary may determine.

(Authority: 38 U.S.C. 1907(a))

(c) In the event premiums on more than one policy having the same premium due date are unpaid and the dividend credit of the insured for application to payment of premiums is not sufficient to keep all policies in force, in the absence of instructions to the contrary by the insured, such dividend credit will be applied to pay premiums in such manner as will provide the maximum amount of insurance protection.

(d) At the expiration of any term period, dividend credit of the insured held for payment of premiums will be applied to pay the required premium for renewal of term insurance unless the insured requests otherwise in writing prior to the expiration of the term period.

(e) A request for payment of dividends in cash or for other disposition will be effective as of the date the request is delivered to the Department of Veterans Affairs: If forwarded by mail, properly addressed, the postmark date will be taken as the date of delivery: If forwarded through military channels by the insured while in military service, the date the request is placed in

military channels will be accepted as the date of delivery. Unless otherwise stipulated by the insured, such request will remain in force until revoked in writing signed by the insured and delivered to the Department of Veterans Affairs.

(f) Dividend credit of the insured held for payment of premiums may not be used to satisfy any indebtedness due the United States without the insured's consent. If the insured requests payment of such dividend credit, or any unused portion thereof, in cash, or requests that such credit be left to accumulate on deposit, as provided in paragraph (g) of this section, then any indebtedness due the United States, such as described in §5301 of title 38 U.S.C. will be recovered therefrom.

(g) At the written request of the insured, National Service life insurance dividends may be left to accumulate on deposit at interest which will be credited in such manner and at such rate as the Secretary may determine: *Provided*, That the policy is in force on a basis other than extended term insurance or level premium term insurance. Dividend credit of the insured held for payment of premiums or dividends left to accumulate on deposit as provided in this paragraph may be applied to the payment of premiums in advance upon written request of the insured made before default in payment of a premium. Dividends on deposit under the provisions of this paragraph will be used in addition to the reserve on the policy for the purpose of computing the period of extended term insurance or the amount of paid-up insurance as provided in §§8.14 and 8.15, respectively. Any dividend credit of a person who no longer has insurance in force by payment or waiver of premiums will be paid in cash to such person. If a person has a dividend credit option on a lapsed level premium term policy or a permanent plan policy on which extended term insurance has expired and such person has another policy in force by payment or waiver of premiums, any dividend credit or unpaid dividends on the lapsed policy, in the absence of instructions from the insured to the contrary, will be transferred to the policy which is in force and will be held on such policy as a dividend credit. Such

## §8.11

## 38 CFR Ch. I (7-1-03 Edition)

dividend credit will be deemed to have accrued on the policy which is in force. Upon maturity of the policy, any dividend on deposit, any unpaid dividend payable in cash, and any dividend credit accruing from such policy which cannot be used to pay premiums will be paid to the person currently entitled to receive payments under the policy. If the policy is not in force at death, any such unpaid dividends and dividend credits will be paid to the insured's estate.

(h) Any insured receiving an annual dividend in cash may return such dividend check or an equivalent amount of money in order to have the dividend retained under the deposit or credit option. The return of such dividend must be made during the lifetime of the insured and before the end of the calendar year during which the dividend was paid. Dividends returned under this provision are not available for the payment of premiums, receipt of interest, or calculation of cash value prior to the postmark date of the returned check.

After October 1, 1988, the policy loan rate shall not be varied more frequently than once a year. Notification of the initial rate of interest on new loans will be forwarded at the time the loan is made. ### EXTENDED TERM AND PAID-UP INSURANCE

#### **§ 8.14 Provision for extended term insurance—other than 5-year level premium term or limited convertible 5-year level premium term policies.**

(a) After the expiration of the first policy year and upon default in the payment of a premium within the grace period, if a permanent plan National Service Life Insurance policy other than the modified life plan has not been surrendered for cash or for paid-up insurance, the policy shall be extended automatically as term insurance. The extended term insurance shall be for an amount of the insurance equal to the face value of the policy less any indebtedness for such time from the due date of the premium in default as the cash value less any indebtedness and a charge for administrative cost for insurance issued under 38 U.S.C. 1925, will purchase when applied as a net single premium at the attained age of the insured. For this purpose the attained age is the age on the birthday anniversary nearest to the effective date of the policy plus the number of years and months from that date to the date the extended term insurance becomes effective. The extended term insurance shall not have a loan value, but shall have a cash value.

(b) Upon default in payment of a premium within the grace period on any permanent plan of National Service Life Insurance other than the modified life plan and any plan of insurance issued under 38 U.S.C. 1925, if the policy has been in force by payment or waiver of premiums for not less than 3 months nor more than 11 months, the policy shall be extended automatically as term insurance. The extended term insurance shall be for an amount of insurance equal to the face value of the policy less any indebtedness for such time from the due date of the premium in default as the reserve of the policy less any indebtedness will purchase when applied as a net single premium at the attained age of the insured. For this purpose the attained age is the age on the birthday anniversary nearest to the effective date of the policy plus the number of months from that date to

the date extended term insurance becomes effective. Extended term insurance under this provision shall not have a cash or loan value. This paragraph shall be effective from and after August 2, 1948.

(c) Upon default in payment of a premium within the grace period, if a modified life plan of National Service Life Insurance has not been surrendered for cash or paid-up insurance and if the policy has been in force by payment or waiver of premiums for not less than 3 months, or for not less than 1 year for insurance issued under 38 U.S.C. 1925, the policy shall be extended automatically as of insurance equal to (1) the Initial Face Amount of Insurance (face amount of policy in force prior to insured's 65th birthday) less any indebtedness, for lapses which occur prior to the insured's 65th birthday, or (2) the Ultimate Face Amount of Insurance (face amount of policy in force on or after insured's 65th birthday) less any indebtedness, for lapses which occur on or after the insured's 65th birthday. The extended term insurance shall be for an amount of insurance equal to:

(i) The initial face amount of insurance (face amount of policy in force prior to the insured's 65th or 70th birthday, depending on the plan of insurance), less any indebtedness, for lapses which occur prior to the insured's 65th or 70th birthday, depending on the plan of insurance, or

(ii) The ultimate face amount of insurance (face amount of policy in force on or after insured's 65th or 70th birthday, depending on the plan of insurance) less any indebtedness, for lapses which occur on or after the insured's 65th or 70th birthday, depending on the plan of insurance. If a modified life plan policy is on extended term insurance at the end of the day preceding the insured's 65th or 70th birthday, depending on the plan of insurance, the amount of extended term insurance in effect under such policy shall be automatically reduced by one-half thereof. If the policy lapsed prior to the end of the first policy year, the extended term insurance shall not have a cash or loan value. If the policy lapsed after the

first policy year, the extended term insurance shall not have a loan value, but shall have a cash value.

**§ 8.15 Provision for paid-up insurance; other than 5-year level premium term or limited convertible 5-year level premium term policies.**

If a National Service Life Insurance policy on any plan other than 5-year level premium term or limited convertible 5-year level premium term plan has not been surrendered for cash, upon written request of the insured and complete surrender of the insurance with all claims thereunder, after the expiration of the first policy year and while the policy is in force under premium-paying conditions, the United States will issue paid-up insurance for such amount as the cash value less any indebtedness, and a charge for administrative cost for insurance issued under 38 U.S.C. 1925, will purchase when applied as a net single premium at the attained age of the insured. For this purpose the attained age is the age on the birthday anniversary nearest to the effective date of the policy plus the number of years and months from that date to the date the paid-up insurance becomes effective. Such paid-up insurance will be effective as of the expiration of the period for which premiums have been paid and earned; and, any premiums paid in advance for months subsequent to that in which the application for paid-up insurance is made shall be refunded to the insured. The paid-up insurance, if eligible to participate in and to receive dividends, shall be with the right to dividends. The insured may at any time surrender the paid-up policy for its cash value or obtain a loan on such paid-up insurance.

## CHANGE IN PLAN

**§ 8.16 Conversion of a 5-year level premium term policy as provided for under § 1904 of title 38 U.S.C.**

National Service Life Insurance on the level premium term plan which is in force may be exchanged for a permanent plan policy upon written application by the insured and the payment of the current monthly premium at the attained age for the plan of insurance selected (except where premium waiver under 38 U.S.C. 1912 is effective). The reserve (if any) on the policy will be allowed as a credit on the current monthly premium except where premium waiver is effective. Conversion to an endowment plan may not be made while the insured is totally disabled. The conversion will be made without medical examination, except when deemed necessary to determine whether an applicant for conversion to an endowment plan is totally disabled, and upon complete surrender of the term insurance while in force by payment or waiver of premium.

PREMIUM WAIVERS AND TOTAL  
DISABILITY**§ 8.17 Discontinuance of premium waiver.**

(a) The Secretary may require proof of continuance of total disability at any time the Secretary may deem same necessary. In the event it is found that an insured is no longer totally disabled, the waiver of premiums shall cease as of the date of such finding, and the insurance may be continued by payment of premiums, the due date of the first premium payable being the next regular monthly due date of the premium under the policy. The insurance shall not lapse prior to the date of expiration of the grace period allowed for the payment of such premium or prior to the expiration of 31 days after date of notice to the insured of the termination of the premium waiver, whichever is the later date. Such notice shall be sent by registered mail or by certified mail and sufficient notice will be deemed to have been given

when such letter has been placed in the mails by the Department of Veterans Affairs: *Provided*, That the Secretary may grant an additional period of not more than 31 days for payment of the premiums in any case in which it is shown that the failure to make payment within 31 days after notice as defined in this paragraph was due to circumstances beyond the insured's control; but the premiums in any such case must be paid during the lifetime of the insured. The failure of the insured to furnish a correct current address at which mail will reach him or her promptly shall not be grounds for a further extension of time for payment of premiums under this section.

(b) In the event a finding that insured is no longer totally disabled is made at the same time a finding is made of total disability entitling the insured to a waiver of premiums while so disabled, the waiver of premiums shall cease as of the date on which total disability ceased and continuance of the insurance in such cases shall be subject to the timely payment of the premiums as they become or have become due and payable. The due date of the first premium payable subsequent to the date total disability ceased is the next regular due date of the premium under the policy, and if such premium was not paid within 31 days after the due date, the insurance lapsed.

(c) If the insured shall fail to cooperate with the Secretary in securing any evidence he may require to determine whether total disability has continued, the premium waiver shall cease effective as of the date finding is made of such failure to cooperate, and the insurance may be continued by payment of the premiums within 31 days after notice of termination as provided in paragraph (a) of this section.

[67 FR 54739, Aug. 26, 2002]

**§ 8.33 Cash value for term-capped policies.**

(a) *What is a term-capped policy?* A term-capped policy is a National Service Life Insurance policy prefixed with "V" or Veterans Special Life Insurance policy prefixed with "RS," issued on a 5-year level premium term plan in which premiums have been capped (frozen) at the renewal age 70 rate.

(b) *How can a term-capped policy accrue cash value?* Normally, a policy issued on a 5-year level premium term plan does not accrue cash value (see section 8.14). However, notwithstanding any other provisions of this part, reserves have been established to provide for cash value for term-capped policies.

(c) *On what basis have the reserve values been established?* Reserve values have been established based upon the 1980 Commissioners Standard Ordinary Basic Table and interest at five per centum per annum in accordance with accepted actuarial practices.

(d) *How much cash value does a term-capped policy have?* The cash value for each policy will depend on the age of the insured, the type of policy, and the amount of coverage in force and will be calculated in accordance with accepted actuarial practices. For illustrative purposes, below are some examples of cash values based upon a \$10,000 policy at various attained ages for an NSLI "V" policy and a VSLI "RS" policy:

Age	Cash value "V"	Cash value "RS"
75 .....	\$1,494	\$1,716
80 .....	3,212	3,358
85 .....	4,786	4,818
90 .....	6,249	6,217
95 .....	8,887	7,286

(e) *What can be done with this cash value?* Upon cancellation or lapse of the policy, a policyholder may receive the cash value in a lump sum or may use the cash value to purchase paid-up in-

urance. If a term-capped policy is kept in force, cash values will continue to grow.

(f) *How much paid-up insurance can be obtained for the cash value?* The amount of paid-up insurance that can be purchased will depend on the amount of cash value that the policy has accrued and will be calculated in accordance with accepted actuarial practices. For illustrative purposes, below are some examples of paid-up insurance that could be purchased by the cash value of a "V" and an "RS" \$10,000 policy at various attained ages:

Age	Paid-up "V" insurance	Paid-up "RS" insurance
75 .....	\$2,284	\$2,625
80 .....	4,452	4,654
85 .....	6,109	6,149
90 .....	7,421	7,115
95 .....	9,331	7,650

(g) *If the policy lapses due to non-payment of the premium, does the policyholder nonetheless have a choice of receiving the cash value or paid-up insurance?* Yes, the policyholder will have that choice, along with the option to reinstate the policy (see section 8.10 for reinstatement of a policy). However, if a policyholder does not make a selection, VA will apply the cash value to purchase paid-up insurance. Paid-up insurance may be surrendered for cash at any time.

(h) *If a policyholder elects to receive either the cash surrender or paid-up insurance due to lapse or voluntary cancellation of a term-capped policy, may the original term-capped policy be reinstated?* Yes, the term-capped policy may be reinstated but the policyholder, in addition to meeting the reinstatement requirements of term policies, must also pay the current reserve value of the reinstated policy.

### § 8a.2 Maximum amount of insurance.

(a) Each eligible veteran is authorized up to a maximum of \$90,000 in VMLI to insure his or her life during periods he or she is obligated under a mortgage loan, except that, as to an individual housing unit, whenever there is a reduction in the actual amount of insurance in force as provided for in § 8a.4(a) the amount of VMLI thereafter available to insure the life of the same veteran on the same housing unit is permanently reduced by a like amount.

(b) The maximum amount of insurance in force on any one life at one time shall not exceed the lesser of the following amounts:

(1) \$90,000.

(2) For insurance issued prior to December 24, 1987, the reduced maximum amount of insurance then available to an eligible veteran.

(3) The amount of the unpaid principal of the mortgage loan outstanding on the date of approval of the grant on a housing unit then owned and occupied by the eligible veteran, or on a housing unit being or to be constructed or remodeled for the eligible veteran, and such initial amount of insurance may be adjusted upward, subject to the maximum insurance available to the eligible veteran, or downward, depending upon the amount of the mortgage loans outstanding on the date of full disbursement of the grant, or on the date of final settlement of the purchase, construction, or remodeling agreement, whichever date is the later date.

(4) Where an eligible veteran ceases to own the housing unit which was subject to a mortgage loan that resulted in his or her life being insured under VMLI, and becomes obligated under a mortgage loan on another housing unit occupied or to be occupied by the eligible veteran, the amount of the unpaid principal outstanding on the mortgage loan on the newly acquired housing unit on the date insurance hereunder is placed in effect.

(7) All claims, arising out of the deaths of insured veterans occurring prior to October 1, 1976, shall be subject to the \$30,000 lifetime maximum amount of insurance then in effect. All claims, arising out of the deaths of insured veterans occurring on or after October 1, 1976, but prior to December 1, 1992, shall be subject to the \$40,000 lifetime maximum amount of insurance then in effect.

(8) All claims, arising out of the deaths of insured veterans occurring prior to (date of final publication), shall be subject to the provisions of paragraph (a) of this section then in effect which limited the amount of VMLI coverage to a lifetime maximum per eligible veteran.

(c) Any eligible veteran who prior to October 1, 1976, was covered by \$30,000 VMLI and who on that date became eligible to have his or her coverage increased may elect to retain the lesser amount of coverage he or she had in effect prior to that date.

#### § 8a.3 Effective date.

(a) Where the grant was approved prior to August 11, 1971, VMLI shall be effective August 11, 1971, if on that date, the eligible veteran was obligated under a mortgage loan, and any such eligible veteran is automatically insured, unless he or she elects in writing not to be insured, or fails to respond within 60 days after the date a final request is made or mailed to the eligible veteran for information on which his or her premium can be based.

(b) Where the grant is approved on or after August 11, 1971, VMLI shall be effective on the date of approval of the grant, if on that date the eligible veteran is obligated under a mortgage loan, and any such eligible veteran is automatically insured, unless he or she elects in writing not to be insured, or fails to respond within 60 days after the date a final request is made or mailed to the eligible veteran for information on which his or her premium can be based.

(c) In any case in which a veteran would have been eligible for VMLI on August 11, 1971, or on the date of approval of his or her grant, whichever date is the later date, but such insurance did not become effective because he or she was not obligated under a mortgage loan on that date, or because he or she elected in writing not to be insured, or failed to timely respond to a request for information on which his or her premium could be based, the insurance will be effective on a date agreed upon by the veteran and the Secretary, but only if the veteran files an application in writing with the Department of Veterans Affairs for such insurance, submits evidence that he or she meets the health requirements of the Secretary, together with information on which his or her premiums can be based, and is or becomes obligated under a mortgage loan upon the date agreed upon as the effective date of his or her insurance.

(d) In any case in which an eligible veteran disposes of the housing unit purchased, constructed or remodeled in part with a grant, or a subsequently acquired housing unit, and becomes obligated under a mortgage loan on another housing unit occupied or to be occupied by the eligible veteran, the

(e) In any case where an eligible veteran insured under VMLI, refinances the mortgage loan which is the basis for such insurance on his or her life, any increase in the amount of insurance or any delay in the rate of reduction of insurance will be effective only if the eligible veteran files an application for insurance, submits evidence that he or she meets the health requirements of the Secretary, and furnishes information on which his or her premium can be based.

[42 FR 43835, Aug. 31, 1977, as amended at 61 FR 29027, June 7, 1996]

### § 8a.4 Coverage.

(b) If the amount of the mortgage loan exceeds \$90,000, or the reduced maximum amount of insurance available to an eligible veteran, whichever amount is the lesser, the amount of insurance in force on the life of the veteran shall remain at a constant level until the principal amount of the mortgage loan which is basis for establishing the amount of insurance is reduced to \$90,000, or to the amount of the reduced maximum amount of insurance available to the veteran, at which time the amount of insurance in force on his or her life shall be reduced in accordance with the schedule for the reduction of the principal of the mortgage loan, and whether or not the scheduled payments are timely made.

(c) Subject to the \$90,000 maximum amount of insurance, and to the reduced maximum amount of insurance available to the eligible veteran, he or she is entitled to be insured under VMLI or to apply for such insurance as often as he or she becomes obligated under a mortgage loan or a refinanced mortgage loan on a housing unit or a successor housing unit owned and occupied by the eligible veteran. Where a veteran who is not automatically insured under VMLI applies for such insurance, he or she shall be required to meet the health standards and other conditions established by the Secretary for such insureds.

(1) When a member insured under part-time coverage waives his or her right to group coverage or elects a reduced amount of insurance, such waiver or election, unless changed, is effective throughout the period of the member's continuous reserve obligation in the same uniformed service. If, following termination of duty, the member reenters duty or resumes the obligation to perform duty (in the same or another uniformed service), the waiver or reduction will not apply to the subsequent period of duty or obligation.

(2) If a reservist insured under part-time coverage is called or ordered to active duty or active duty for training under a call or order that does not specify a period of less than 31 days and is separated or released from such duty and then resumes his or her reserve obligation, any waiver or election of reduced coverage made while eligible for part-time coverage, unless changed, shall be effective throughout the entire period of part-time coverage, the active duty or active duty for training period and 120 days thereafter and the period of immediately resumed reserve obligation.

(3) If a member, other than a member referred to in paragraph (b)(2) of this section, upon termination of duty qualifying him or her for full-time coverage assumes an obligation to perform duty as a reservist, any waiver or election previously made by the member shall not apply to coverage arising from his or her reservist obligation. Furthermore, during the 120 days following termination of such duty the full-time coverage shall not be reduced by any waiver or election made by a member as a reservist.

**§ 9.4 Beneficiaries and options.**

Any designation of beneficiary or election of settlement options is subject to the provisions of 38 U.S.C. 1970 and 1977 and the following provisions:

(a) Any designation of beneficiary or settlement option election made by any member insured under Servicemembers' Group Life Insurance for full-time coverage or part-time coverage will remain in effect until properly changed by the member or canceled automatically for any of the following reasons:

(1) The insurance terminates following separation or release from all duty in a uniformed service.

(2) The member enters on duty in another uniformed service.

(3) The member reenters on duty in the same uniformed service more than 1 calendar day after separation or release from all duty in that uniformed service.

(b) A change of beneficiary may be made at any time and without the knowledge or consent of the previous beneficiary.

(c) Until and unless otherwise changed, a beneficiary designation and settlement option election of record on the date a statutory increase in coverage takes effect shall be considered to be a beneficiary and optional settlement election for the increased amount as well, and any beneficiary named therein shall be entitled to the same percentage (%) share of the new total coverage amount as that beneficiary was entitled to prior to the statutory increase in coverage.

**§ 9.5 Payment of proceeds.**

Proceeds shall be paid in accordance with provisions set forth in 38 U.S.C. 1970 and the following provisions:

(a) If proceeds are to be paid in installments, the first installment will be payable as of the date of death. The amount of each installment will be computed so as to include interest on the unpaid balance at the then effective rate.

(b) If, following the death of an insured member who has designated both principal and contingent beneficiaries and elected to have payment made in 36 equal monthly installments, the principal beneficiary dies before all 36 installments have been paid, the remaining installments will be paid as they fall due to the contingent beneficiary. At the death of such a contingent beneficiary, and in other instances of a beneficiary's death, where there is no contingent beneficiary, the value of any unpaid installments, discounted to the date of his or her death at the same rate used for inclusion of interest in the computation of installments will be paid, without further accrual of interest, in one sum to the estate of the beneficiary or contingent beneficiary last receiving payment.

(d) If a member whose coverage is extended due to total disability converts the group insurance to an individual policy which is effective before he or she ceases to be totally disabled or before the end of 1 year following termination of duty, whichever is earlier, and dies while group insurance would be in effect, except for such conversion, the group insurance will be payable, provided the individual policy is surrendered for a return of premiums and without further claim. When there is no such surrender, any amount of group insurance in excess of the amount of the individual policy will be payable.

### §9.7 Administrative decisions.

(a) Determinations of the Department of Veterans Affairs are conclusive under the policy with respect to the following:

(1) The status of any person being within the term *member* and whether or not he or she is covered at any point of time under the policy including *travel-time* under 38 U.S.C. 1967(b) and death within 120 days thereafter from a disability incurred or aggravated while on duty.

(2) The fact and date of a member's termination of active duty, or active duty for training, and the fact, date and hours of a member's performance of inactive duty training.

(3) The fact and dates with respect to a member's absence without leave, confinement by civilian authorities under a sentence adjudged by a civil court, or confinement by military authorities under a court-martial sentence involv-

ing total forfeiture of pay and allowances.

(4) The operation of the forfeiture provision provided in 38 U.S.C. 1973 with respect to any member.

(5) The existence of total disability or insurability at standard premium rates under 38 U.S.C. 1968.

(b) When determination is required on a claim that a member who waived coverage, or whose coverage was forfeited for one of the offenses listed under 38 U.S.C. 1973 was in fact insured, or that a member who elected to be insured was insured for an amount greater than the amount shown in the record, and there is no record of an application to be insured or to increase the amount of insurance as required under 38 U.S.C. 1967(c):

(1) The person making the claim will be required to submit all evidence available concerning the member's actions and intentions with respect to Servicemembers' Group Life Insurance or Veterans' Group Life Insurance.

(2) Request will be made to the member's uniformed service and any other likely source of information considered necessary, for whatever evidence in the form of copies of payroll or personnel records, statements of persons having knowledge of the facts, etc., is essential to a decision in the matter.

Based on the evidence obtained, a formal determination will be made as to whether the member involved is deemed to have applied to be insured, or to be insured for an amount other than the amount shown in the record. The determination will include a finding as to the member's health status for insurance purposes based on the evidence available.

(Authority: 38 U.S.C. 1967)

(c) In making the determination required under paragraph (b) of this section, the following will be considered:

(1) The possibility that due to widespread geographic distribution, inadequate means of communication and the nature of the group insurance program, members may not be adequately and accurately informed, especially in time of war or military emergency, about the detailed requirements for obtaining insurance protection.

## Department of Veterans Affairs

## § 9.10

(2) Payroll deductions made without objection by a member, following waiver or termination of coverage, representing premiums for insurance or additional insurance, may, by virtue of continuity or the circumstances surrounding their initiation, be indicative that the member did apply. Such deductions without a formal application of record may be considered as evidence that the member's application was not in proper form or misplaced. They may also be considered as evidence that an application was not made solely because of erroneous or incomplete counseling or absence of counseling on the part of the responsible personnel of the uniformed service.

(d) Questions for determination under this section as well as those involving coverage of groups and classes of members and other questions are properly referable to the Assistant Director for Insurance. Authority to make any determinations required under this section is delegated to the Under Secretary for Benefits and Assistant Director for Insurance.

### § 9.8 Termination of coverage.

Termination of coverage will be in accordance with the provisions of 38 U.S.C. 1968 and § 9.3 of this part and the following provisions:

(a) In the case of a member whose coverage is forfeited under 38 U.S.C. 1973, coverage terminates at the end of the day preceding the day on which the act or omission forming the basis for such forfeiture occurred.

(b) In the event of discontinuance of the group policy, coverage terminates at the end of the day preceding the date of the discontinuance of the policy except for those members who are insured under Veterans' Group Life Insurance in which event coverage terminates at the expiration of the day preceding the anniversary of the effective date of such insurance which first oc-

curs, 90 days or more after the discontinuance of the group policy.

### § 9.9 Conversion privilege.

(a) With respect to a member on active duty or active duty for training under a call or order to duty that specifies a period of less than 31 days, and a member insured during inactive duty training scheduled in advance by competent authority there shall be no right of conversion unless the insurance is continued in force under 38 U.S.C. 1967(b) or 1968(a) for 120 days following a period of such duty, as the result of a disability incurred or aggravated during such a period of duty.

(b) The individual policy of life insurance to which an insured may convert under 38 U.S.C. 1968(b) or 1977(e) shall not have disability or other supplementary benefits and shall not be term insurance or any policy which does not provide for cash values. Term riders providing level or decreasing insurance for which an additional premium is charged may be attached to an eligible basic conversion policy, but the rider will be excluded from the conversion pool agreement under the policy.

(c) The insurer will establish a conversion pool in cooperation with the reinsurers and converters in accordance with the terms of the policy. Its purpose will be to provide for the determination and maintenance of appropriate charges arising from excess mortality under individual conversion policies issued in accordance with this section and provide for the appropriate distribution of the risk of loss due to such excess mortality among the reinsurers and converters.

duty for training under a call to duty specifying a period of less than 31 days or during a period of inactive duty was rendered uninsurable at standard premium rates, the underwriting criteria used by the insurer in determining good health for persons applying to it for life insurance in amounts not exceeding the maximum amount of coverage then available under 38 U.S.C. 1967 will be used.

(Authority: 38 U.S.C. 1967)

(b) For all other purposes of determining if a member meets the necessary health requirements except paragraph (a) of this section, the underwriting criteria used by the insurer in determining good health for group life insurance purposes will be used.

### §9.11 Criteria for reinsurers and converters.

The following criteria will control eligibility for reinsuring and converting companies:

(a) The company must be a legal reserve life insurance company as classified by the insurance supervisory authorities of the State of domicile. Qualified fraternal organizations are included.

(b) The company must have been in the life insurance business for a continuous period of 5 years prior to October 1, 1965, or the December 31 preceding any redeterminations of the allocations. In the event of a merger, the 5-year requirement may be satisfied by either the surviving company or by one of the absorbed companies. Upon joint application by a subsidiary of a participating company, together with the parent company, the 5-year requirement may be waived provided such parent company owns more than 50 percent of the outstanding stock of the subsidiary and has been a legal reserve life insurance company for a period of 10 years or more.

(c) The company must be licensed to engage in life insurance in at least one State of the United States or the District of Columbia.

(d) The company will not be one: (1) Certified by the Department of Defense

as being under suspension for cause for purpose of allotment or on-base solicitation privileges.

(2) That solicits life insurance applications as conversion or other replacement of Servicemembers' Group Life Insurance or Veterans' Group Life Insurance coverage in jurisdictions in which it is not licensed.

(3) That fails to take effective action to correct an improper practice followed by it or its agents within 30 days after written receipt of notice issued by the insurer or the Assistant Director for Insurance. Improper practice includes:

(i) The use for solicitation purposes of lists of names and addresses of former members without obtaining reasonable assurance that such lists have not been obtained contrary to regulations of the Department of Defense or other uniformed service;

(ii) Failure to reveal sources and copies of mailing lists upon proper request or to otherwise cooperate in an authorized investigation of a reported improper practice;

(iii) The use of written or oral representations which may mislead the person addressed as to the true role of the company or its representatives as one of the participating companies;

(iv) The use of written or oral representations which may mislead the person addressed as to rights, privileges, coverage, premiums, or similar matters under Servicemembers' Group Life Insurance, Veterans' Group Life Insurance, or any policy issued or proposed to be issued as a conversion or other replacement coverage;

(v) Violation of regulations of a uniformed service concerning solicitation of life insurance; and

(vi) The use of written or oral references to Servicemembers' Group Life Insurance, Veterans' Group Life Insurance or conversions of Servicemembers' Group Life Insurance or Veterans' Group Life Insurance in connection with the attempted sale of an insurance policy which would not be, in fact, a conversion policy or a policy issued in lieu of a conversion, if those references might lead a person addressed to believe there is a connection between the policy being sold and coverage under Servicemembers' Group

Life Insurance, Veterans' Group Life Insurance or a conversion of it.

(e) Each reinsuring and converting company must agree to issue conversion policies to any qualified applicant regardless of race, color, religion, sex, or national origin, under terms and conditions established by the primary insurer.

### §9.12 Reinsurance formula.

The allocation of insurance to the insurer and each reinsurer will be based upon the following:

(a) An amount of the total life insurance in force under the policy in proportion to the company's total life insurance in force in the United States where:

The first \$100 million in force is counted in full,

The second \$100 million in force is counted at 75 percent,

The third \$100 million in force is counted at 50 percent,

The fourth \$100 million in force is counted at 25 percent,

And any amount above \$400 million in force is counted at 5 percent.

(b) The allocation will be redetermined at the beginning of each policy year for the primary insurer and the companies then reinsuring, with the portion as set forth in paragraph (a) of this section based upon the corresponding in force (excluding the Servicemembers' Group Life Insurance in force) as of the preceding December 31.

(c) Any life insurance company, which is not initially participating in reinsurance or conversions, but satisfies the criteria set forth in §9.11, may subsequently apply to the primary insurer to reinsure and convert, or to convert only. The participation of such company will be effective as of the beginning of the policy year following the date on which application is approved by the insurer.

### §9.13 Actions on the policy.

The Assistant Director for Insurance will furnish the name and address of the insuring company upon written re-

quest of a member of the uniformed services or his or her beneficiary. Actions at law or in equity to recover on the policy, in which there is not alleged any breach of any obligation undertaken by the United States, should be brought against the insurer.

### §9.14 Accelerated Benefits.

(a) *What is an Accelerated Benefit?* An Accelerated Benefit is a payment of a portion of your Servicemembers' Group Life Insurance or Veterans' Group Life Insurance to you before you die.

(b) *Who is eligible to receive an Accelerated Benefit?* You are eligible to receive an Accelerated Benefit if you have a valid written medical prognosis from a physician of 9 months or less to live, and otherwise comply with the provisions of this section.

(c) *Who can apply for an Accelerated Benefit?* Only you, the insured member, can apply for an Accelerated Benefit. No one can apply on your behalf.

(d) *How much can you request as an Accelerated Benefit?* (1) You can request as an Accelerated Benefit an amount up to a maximum of 50% of the face value of your insurance coverage.

(2) Your request for an Accelerated Benefit must be \$5,000 or a multiple of \$5000 (for example, \$10,000, \$15,000).

(e) *How much can you receive as an Accelerated Benefit?* You can receive as an Accelerated Benefit the amount you request up to a maximum of 50% of the face value of your insurance coverage, minus the interest reduction. The interest reduction is the amount the Office of Servicemembers' Group Life Insurance actuarially determines to be the amount of interest that would be lost because of the early payment of part of your insurance coverage. This means that if you have \$100,000 in coverage and you request the maximum amount that you are eligible to request as an Accelerated Benefit, you will be paid \$50,000 minus the interest reduction.

(f) *How do you apply for an Accelerated Benefit?* (1) You can obtain an application form entitled "Claim for Accelerated Benefits" by writing the Office of Servicemembers' Group Life Insurance,

### ADJUSTED COMPENSATION; GENERAL

#### § 10.0 Adjusted service pay entitlements.

A veteran entitled to adjusted service pay is one whose adjusted service credit does not amount to more than \$50 as distinguished from a veteran whose adjusted service credit exceeds \$50 and who therefore is entitled to an adjusted service certificate.

#### § 10.1 Issuance of duplicate adjusted service certificate without bond.

If the veteran named in an adjusted service certificate issued pursuant to the provisions of section 501 of the World War Adjusted Compensation Act, without bad faith, has not received such certificate, or if prior to receipt by the veteran such certificate was destroyed wholly or in part or was so defaced as to impair its value, or, if after delivery it was partially destroyed or defaced so as to impair its value but can be identified to the satisfaction of the Secretary, a duplicate adjusted service certificate will be issued upon application and a bond of indemnity will not be required: *Provided*, That if the adjusted service certificate was destroyed in part or so defaced as to impair its value, the veteran or person entitled to payment thereon will be required to surrender to the Department of Veterans Affairs the original certificate or so much thereof as may remain.

#### § 10.2 Evidence required of loss, destruction or mutilation of adjusted service certificate.

The veteran named in an adjusted service certificate issued pursuant to the provisions of section 501 of the World War Adjusted Compensation Act, or the person entitled to payment thereon will be required to furnish evi-

dence of the nonreceipt of the adjusted service certificate, or of its receipt in a mutilated or defaced condition, or of the loss or destruction in whole or in part of defacement of the certificate after its receipt, as the case may be. The evidence must be sufficient to establish to the satisfaction of the Secretary that neither the veteran nor the person entitled to payment thereon, or any person for or on their behalf, received the adjusted service certificate, or that at the time of its receipt it was mutilated or defaced to such an extent as to impair its value, or that after receipt of the certificate it was lost or destroyed in whole or in part or defaced, but without bad faith on the part of the veteran, and that every effort has been made to recover the lost certificate. Unless determination is otherwise made by the Secretary the evidence must be in the form of a written statement sworn to by the veteran or person entitled to payment thereon and witnessed by at least two persons who shall state, under oath that they personally know the affiant, that they have read his or her statement and that it is true to the best of their knowledge and belief. These statements should be supplemented by affidavits of any persons having personal knowledge of additional facts and circumstances concerning the matter, and the Secretary may require any additional evidence deemed necessary.

#### § 10.3 Issuance of duplicate adjusted service certificate with bond.

An indemnity bond will be required as a prerequisite to the issuance of a duplicate adjusted service certificate in all cases where the certificate was lost after receipt by the veteran, or after receipt by the veteran was defaced or mutilated and cannot be identified to the satisfaction of the Secretary, provided the loss, defacement, or mutilation was without bad faith on the part of the veteran or the person entitled to payment thereon. The bond must be in the manner and form prescribed by the Department of Veterans Affairs and for an amount equal to the face value of the certificate, with surety or sureties residents of the United States and satisfactory to the Secretary, with condition to indemnify

*Provided, however*, That any payment made to a beneficiary of record, before notice of change of beneficiary has been received in the Department of Veterans Affairs and approved by the Secretary, shall not be made again to the changed beneficiary.

### **§ 10.17 Designation of beneficiary subsequent to cancellation of previous designation.**

For the purpose of §§ 10.28 to 10.47, the word *Act* as used herein refers to the World War Adjusted Compensation Act, as amended; the word *Veteran* refers to that term as defined in section 2 of title I of said Act; the word *Director* refers to the Secretary of Veterans Affairs.

### § 10.32 Evidence of dependency.

Evidence of a whole or entire dependency shall not be required. The mother or father shall be considered dependent for the purposes of the act when it is established as a fact that the mother or father of a deceased veteran did not have sufficient means from all sources for a reasonable livelihood at the time of the death of the veteran or at any time thereafter and on or before January 2, 1935. In those cases where because of continued and unexplained absence for seven years the veteran is declared deceased under section 312(a) of the Act as amended May 29, 1928, the mother or father shall be considered dependent when it is established that the mother or father did not have sufficient means from all sources for a reasonable livelihood at the beginning of such 7-year period or at any time

thereafter and before the expiration of such period.

### § 10.33 Determination of dependency.

A determination of the existence of the alleged dependency will be made upon consideration of all facts relating to dependency, and upon such investigation of such facts as may be warranted. The following facts as existing at the time of the death of the veteran, or at any time thereafter and on or before January 2, 1935, or where it is established that the veteran is deceased as provided in section 312(a), at the beginning of such 7-year period or at any time thereafter and before the expiration of such period, shall be taken into consideration in determining dependency in a given case:

(b) Certified copy of court record of divorce decree.

**§ 10.36 Proof of marital cohabitation under section 602 or section 312 of the Act.**

In order to prove marital cohabitation within the meaning of that term as used in section 602(a) or section 312(c)1 of the Act, as amended, claimant shall be required to establish:

**§ 10.37 Claim of widow not living with veteran at time of veteran's death.**

If a veteran and widow were not living together at the time of the death of the veteran the widow will be required to establish:

(a) That the living apart was not due to her willful act, and

(b) Actual dependency upon the veteran at the time of his death or at any time thereafter and before January 2, 1935.

(1) A determination of what shall constitute a willful act, as used in section 602(a) of the Act, as amended, will be made upon consideration of all facts relating to such act and upon such investigation of such facts as may be deemed warranted. For the purpose of this section, the fact that a veteran lived apart from the widow because of any act by the widow involving desertion or moral turpitude will be construed as the willful act of the widow. Cause of separation and time and duration of separation at the time of the death of the veteran shall be taken into consideration in determining a willful act.

(2) A determination of the existence of actual dependency will be made under the criteria set forth in §§ 10.32 and 10.33 with respect to dependency of a mother or father.

**§ 10.38 Proof of age of veteran's child.**

### LOANS BY BANKS ON ADJUSTED SERVICE CERTIFICATES UNDER SECTION 502 OF THE WORLD WAR ADJUSTED COMPENSATION ACT

SOURCE: 13 FR 7125, Nov. 27, 1948, unless otherwise noted.

### § 11.75 Certificates.

Adjusted service certificates are dated as of the 1st day of the month in which the applications were filed, but no certificates are dated prior to January 1, 1925. Loans on the security of such certificates may be made at any time after the date of the certificate. The fact that a certificate is stamped or marked "duplicate" does not destroy its value as security for a loan.

### § 11.76 To whom loan may be made.

Only the veteran named in the certificate can lawfully obtain a loan on his adjusted service certificate and neither the beneficiary nor any other person than the veteran has any rights in this respect. The person to whom the loan is made must be known to the lending bank to be the veteran named in the certificate securing such note. The consent of the beneficiary is not required, the act providing that a loan on the security of the certificate may be made "with or without the consent of the beneficiary thereof." Loans may be made to veterans adjudged incompetent only through the guardians of such veterans and pursuant to specific order of the court having jurisdiction.

## § 11.77

Certified copy of court order must be submitted if note be presented for redemption by the Department of Veterans Affairs.

### § 11.77 By whom loans may be made.

Any national bank or any bank or trust company incorporated under the laws of any State, Territory, possession, or the District of Columbia, hereinafter referred to as any *bank*, is authorized to loan to any veteran upon his promissory note secured by his Adjusted Service Certificate any amount not in excess of the loan value of the certificate at the date the loan is made. Each certificate contains on its face a table for determining the loan value of the certificate, but it is provided by amendment to the World War Adjusted Compensation Act dated February 27, 1931, that the loan value of any certificate shall at no time be less than 50 percent of the face value. Upon the making of such loan, the lending bank shall promptly notify the Department of Veterans Affairs of the name of the veteran, the A-number shown immediately after the name, the number of the certificate, the amount, the rate of interest, and date of loan: However, this requirement may be waived by the Secretary of Veterans Affairs.

### § 11.80 Sale or discount of note by holding bank.

Any bank holding a note secured by an Adjusted Service Certificate may sell the note to any bank authorized to make a loan to a veteran and deliver the certificate to such bank. In case a note secured by an Adjusted Service Certificate is sold or transferred, the bank selling, discounting or rediscounting the note is required by law to notify the veteran promptly by mail at his last known post office address. No Adjusted Service Certificate is negotiable or assignable, or may serve as security for a loan, except as provided in section 502 of the World War Adjusted Compensation Act, as amended. Any negotiation, assignment or loan made in violation of section 502 of the World War Adjusted Compensation Act is void. In case of sale, discount or rediscount by the bank which made the loan, the note or notes should be ac-

## 38 CFR Ch. I (7-1-03 Edition)

companied by the affidavit required by § 11.85.

### § 11.81 Rediscounts with Federal Reserve Banks.

Upon the endorsement of any bank, which shall be deemed a waiver of demand, notice and protest by such bank as to its own endorsement exclusively, and subject to regulations to be prescribed by the Federal Reserve Board, any such note secured by an Adjusted Service Certificate and held by a bank is made eligible for discount or rediscount by the Federal reserve bank of the Federal reserve district in which such bank is located, whether or not the bank offering the note for discount or rediscount is a member of the Federal Reserve System and whether or not it acquired the note in the first instance from the veteran or acquired it by transfer upon the endorsement of any other bank: *Provided*, That at the time of discount or rediscount such note has a maturity not in excess of 9 months, exclusive of days of grace, and complies in all other respects with the provisions of the law, the regulations of the Federal Reserve Board and the regulations in this part.

### § 11.83 Additional loans by reason of 50 percent loan value.

(a) It will be the policy of the Department of Veterans Affairs to redeem all loans made in accordance with the law and regulations made pursuant thereto, when such loans are made in good faith to the veteran to whom the certificate was issued. If, while his certificate is held by a bank as security for a loan, the veteran applies for the increased loan value authorized by the amendment to the World War Adjusted Compensation Act dated February 27, 1931, whether or not the loan has matured, the veteran and the bank will be informed fully of the provisions of this section and that the bank may make the loan for the additional amount or, upon request of the veteran, may send the note and certificate to the Secretary of Veterans' Affairs. The Secretary shall, if the loan was legally made, accept such certificate and note, and pay to the bank in full satisfaction of its claim the amount of the unpaid principal due it and the unpaid interest

at the rate authorized by the World War Adjusted Compensation Act, as amended, up to the date of the check issued to the bank. If the veteran has not filed application for final settlement of his adjusted service certificate under the provisions of the Adjusted Compensation Payment Act, 1936, and demand is made upon the bank to present the note and certificate for redemption prior to the maturity date of the loan and during the lifetime of the veteran, interest will be payable up to the date the check is issued to the bank, or, if demanded by the bank, up to the maturity date of the loan.

(b) If, however, an application for final settlement is filed and the bank is notified to present the note and certificate to the Secretary and does so within 15 days after the mailing of such notice interest will be payable to the date the check is issued to the bank. If the bank fails to forward the note and certificate within 15 days after the mailing of the notice, interest shall be paid only up to the fifteenth day after the mailing of such notice.

**§ 11.84 Redemption because of veteran's death.**

If the veteran dies before the maturity of the loan, the amount of the unpaid principal and the unpaid interest shall be immediately due and payable. In such case, or if the veteran dies on the day the loan matures or within six months thereafter, the bank holding the note and certificate shall, upon notice of the death, present them to the Secretary, who shall pay to the bank, in full satisfaction of its claim the amount of the unpaid principal and unpaid interest, at the rate authorized by the World War Adjusted Compensation Act, as amended, accrued up to the date of the check issued to the bank; except that if, prior to the payment, the bank is notified of the death by the Secretary and fails to present the certificate and note to the Secretary within 15 days after the notice such interest shall be paid only up to the fifteenth day after such notice.

**§ 11.85 Condition requisite for redemption.**

In order to be eligible for redemption by the Department of Veterans Affairs, the note and certificate must be accompanied by an affidavit of a duly authorized officer (the capacity in which the officer serves must be shown) of the lending bank showing that the said bank has not charged or collected, or attempted to charge or collect, directly or indirectly, any fee or other compensation in respect of the loan, or any other loan made by the bank under the provisions of section 502 of the World War Adjusted Compensation Act, except the rate of interest specified in the section of the Act cited; that the person who obtained the loan is known to the lending bank to be the person named in the Adjusted Service Certificate; and that notice required by § 11.77 was promptly given. In case the note was sold or discounted by the lending bank, there should be incorporated in the affidavit a statement that the veteran was notified promptly of the transfer by mail to his last known address. In case the note was resold or rediscounted by any other bank, affidavit shall be made by a duly authorized officer of such bank that proper notice of such resale or rediscount was promptly mailed to the veteran at his last known address. The proper execution of the appropriate affidavit on Form 6615 or 6615a will be considered as a compliance with the requirements of this section. A single affidavit setting forth the full particulars may be accepted to cover any number of veterans' notes submitted for redemption at one time. The affidavit must be executed before a judge of the United States court, a United States commissioner, a United States district attorney, a United States marshal, a collector of internal revenue, a collector of customs, a United States postmaster, a clerk of court of record under the seal of the court, an executive officer of an incorporated bank or trust company, under his official designation and the seal of the bank or trust company, or a notary public under his seal, or a diplomatic or consular officer of the United States, under his official seal.

Where an application for final settlement of an adjusted service certificate is received in the Department of Veterans Affairs prior to the maturity date of the certificate, payment will be made under the terms of the Adjusted Compensation Payment Act, 1936. This act provides for payment of the amount due on the certificate, after deducting any unpaid loans with interest through September 30, 1931, in adjusted service bonds. These bonds will be issued by the Treasury Department in denominations of \$50, in the name of the veteran only, and will bear interest at the rate of 3 percent per annum from June 15, 1936, to June 15, 1945. Any excess amount not sufficient to purchase a \$50 bond will be paid by check.

[19 FR 5087, Aug. 12, 1954]

### § 11.110 Who may make application for final settlement.

A mentally competent veteran to whom an adjusted service certificate has been issued.

(a) A legally appointed guardian of an incompetent veteran. An application submitted by a legally appointed guardian must be accompanied by letters of guardianship showing the fiduciary relationship, provided such papers are not already on file in the Department of Veterans Affairs.

(b) A representative of a physically incapacitated veteran. Where application is made by a representative of a physically incapacitated veteran, the representative must attach a statement describing the veteran's incapacity. The correctness of such state-

ment must be certified by an officer as designated in § 11.114.

(c) A superintendent or other bonded officer designated by the Secretary of the Interior to receive funds under the provision of Pub. L. No. 373, 72d Congress, may make application for an incompetent adult or minor Indian who is a recognized ward of the Government. The application must be accompanied by a certification from the superintendent or other bonded officer showing: (1) That the said beneficiary is a ward of the Government; (2) that no guardian or other fiduciary has been appointed; (3) that the officer making application has been designated by the Secretary of the Interior in accordance with Pub. L. No. 373, 72d Congress; (4) that he is properly bonded; and (5) that he will receive, handle, and account for such benefits in accordance with existing law and regulations of the Department of Interior.

(d) A manager of a Department of Veterans Affairs hospital, or a manager or superintendent of a contract hospital or State institution where the veteran is a patient may make application as custodian for the veteran. Such application must be made with the approval of the regional chief attorney.

If made in the United States or possessions, certification will be accepted if made by a United States postmaster or assistant postmaster over an impression of the post office cancellation stamp; a commissioned officer of the regular establishment of the Army, Navy, or Marine Corps; a member of the United States Senate or the House of Representatives; an officer, over his official title, of a post, chapter, or

other comparable unit of an organization recognized under Veterans Regulation No. 10 (38 U.S.C. ch. 12A), or an officer over his official title, of the State or national body of such organization, or any person who is legally authorized to administer oaths in a State, Territory, possession, District of Columbia, or in a Federal judicial district, of the United States. If identification is made in a foreign country, it will be certified by an American consul, a recognized representative of an American Embassy or Legation, or by a person authorized to administer oaths under the laws of the place where identification is made; provided, there be attached to the certificate of such latter officer a proper certification by an accredited official of the State Department of the United States that such officer was authorized to administer oaths in the place where certification was made. A manager of a Department of Veterans Affairs hospital is authorized to identify patients, members, or employees of the hospital over which he has charge. An employee of the Department of Veterans Affairs who has been specifically designated in writing to do so may identify applicants during official hours and on the premises of the Department of Veterans Affairs using for this purpose, if necessary, the official records of the Department of Veterans Affairs. Field station finance employees may not be designated for this purpose.

(a) Fingerprint impressions shall be required on the application and shall be imprinted thereon in the presence of the persons identifying the veteran. In the case of veterans who are mentally incapacitated and application is being executed by a representative of the veteran, the veterans' fingerprints will be obtained if possible. ### § 11.116 Death of veteran before final settlement.

If the veteran dies after making application under the Adjusted Compensation Payment Act, 1936, but before it is filed, it may be filed by any person and will be considered valid if found to bear the bona-fide signature of the applicant, discloses an intention to claim benefits under the Act, and is filed before the maturity of the certificate and before payment is made to the beneficiary. An application made by the veteran or his legal representative shall evidence his intention to claim the benefits of this Act; no other evidence shall be acceptable.

(a) If the veteran's death occurs after the application is filed but before payment is received under this Act, or if the application is filed after death occurs but before the maturity of the certificate and before payment is made to the beneficiary under section 501 of the World War Adjusted Compensation Act, as amended, payment under this act shall be made to the estate of the veteran irrespective of any beneficiary designation.

(b) If the veteran dies without filing a valid application under this Act, no payment under this Act shall be made. In such case, payment of the certificate will be made under the World War Adjusted Compensation Act, as amended, in accordance with § 11.128; however, in making any settlement there shall be deducted from the face value of the certificate the amount of any outstanding loans and so much of the unpaid interest as accrued prior to October 1, 1931.

[19 FR 5087, Aug. 12, 1954]

### § 11.117 Missing applications.

Where the records of the Department of Veterans Affairs show that an application, disclosing an intention to claim the benefits of this Act, has been filed and the application cannot be found, such application shall be presumed, in

the absence of affirmative evidence to the contrary, to have been valid when originally filed. The determination of the correctness of this assumption shall be made by the Manager, Veterans Benefits Office, Washington, DC, or his designee.

**§ 11.125 Settlement of matured adjusted service certificates.**

Where an application for final settlement of an adjusted service certificate is received in the Department of Veterans Affairs subsequent to the date of maturity of the certificate, payment will be made under the terms of the World War Adjusted Compensation Act, as amended. This Act provides for payment of the face value of the certificate less any outstanding indebtedness for loans obtained on the certificate; however, interest accrued on the loans subsequent to September 30, 1931, and unpaid will be canceled insofar as the veteran is concerned.

**§ 11.126 Form of application.**

Either demand for payment (Form 1748) of application (Form 1701) may be used by the veteran or his legal representative in applying for final settlement of a matured certificate.

**§ 11.127 Identification.**

Before payment may be made on the adjusted service certificate, the person applying therefor will be identified as the person entitled to payment for which application is made. Such identification will be accepted if made by an authorized person as stated in § 11.114; also, fingerprint impressions shall be placed in the space provided on the application in accordance with § 11.114(a).

**§ 11.128 Veteran dies without having filed application for final settlement.**

If the veteran dies without having filed application for final settlement under the Adjusted Compensation Payment Act, 1936, and the certificate has not matured, payment will be made to the last designated beneficiary or, if no beneficiary, to his estate. If the certificate has matured, payment will be made to the veteran's estate regardless of any beneficiary designation. Payment of the amount due on a deceased veteran's certificate will be made only on an approved award based upon receipt in the Department of Veterans Affairs of an application properly executed by the person or persons entitled.

**§ 11.129 Form of application for payment of deceased veteran's certificate.**

Demand for payment (VA Form 8-582) is the proper form for use in applying for payment of the amount due on a deceased veteran's certificate.

**§ 11.130 Where to file applications.**

Application for payment of a matured certificate or a deceased veteran's certificate, accompanied by the adjusted service certificate, unless it is held in the Department of Veterans Affairs as collateral for a loan, must be forwarded to the Manager, Veterans Benefits Office, Washington, DC, 20421.

DISPOSITION OF VETERAN'S PERSONAL FUNDS AND EFFECTS ON FACILITY UPON DEATH, OR DISCHARGE, OR UNAUTHORIZED ABSENCE, AND OF FUNDS AND EFFECTS FOUND ON FACILITY

§ 12.0 Definitions.

(a) As used in respect to the disposition of property of veterans dying at Department of Veterans Affairs medical centers or other field facilities, or who are discharged or who elope, or are absent without leave therefrom, and in respect to property found thereat, the term *funds* means all types of United States currency and coin, checks payable to the decedent except checks drawn on the Treasurer of the United States which have never been negotiated, and includes deposits to the credit of the veteran in the account "Personal Funds of Patients," and each competent veteran will be so advised. The term *effects* means and em-

braces all other property of every description, including insurance policies, certificates of stock, bonds and notes the obligation of the United States or of others, and all other papers of every character except checks drawn on the Treasurer of the United States, as well as clothing, jewelry and other forms of property, or evidences of interest therein. Checks drawn on the Treasurer of the United States which have never been negotiated will be returned to the issuing office for disposition.

(b) *Field facilities* as used in §§ 12.1 to 12.13 includes hospitals, centers, domiciliary activities, supply depots, and other offices over which the Department of Veterans Affairs has direct and exclusive administrative jurisdiction, and excludes State, county, city, private, and contract hospitals and hospitals or other institutions operated by the United States through agencies other than the Department of Veterans Affairs. At institutions other than field facilities as herein defined funds or effects as defined in paragraph (a) of this section, except for funds derived from gratuitous benefits under laws administered by the Department of Veterans Affairs and deposited by the Department of Veterans Affairs in the account Personal Funds of Patients for incompetent veterans, will be disposed of under the laws governing such institutions. In any case where the veteran died intestate without heirs or next of kin his or her personal property vests in the United States. Disposition of the property will be made in accordance with the provisions of §§ 12.19 to 12.23.

[13 FR 7127, Nov. 27, 1948, as amended at 25 FR 1612, Feb. 25, 1960]

§ 12.1 Designee cases; competent veterans.

(a) Each competent veteran now being cared for or who is hereafter admitted to receive care as such at a Department of Veterans Affairs field facility, unless it be detrimental to his or her health, will be requested and encouraged to designate on the prescribed VA Form 10-P-10, Application for Hospital Treatment or Domiciliary Care, the person to whom he or she desires the Department of Veterans Affairs to deliver his or her funds and effects in

## Department of Veterans Affairs

## § 12.3

event of death. He or she may also designate an alternate to whom delivery will be made if the first designee fails or refuses to accept delivery. It should be clearly understood that the delivery of such funds or effects will constitute only a delivery of possession thereof, and such delivery is not intended to affect in any manner the title to such funds or effects or determine the person ultimately entitled to receive same from the person to whom delivery is made (hereinafter in the regulations in this part termed the *designee*). The person designated may not be an employee of the Department of Veterans Affairs unless such employee be the wife (or husband), child, grandchild, mother, father, grandmother, grandfather, brother, or sister of the veteran. The veteran may in writing change or revoke such designation at any time. If a veteran becomes incompetent, any designation previously made will become inoperative with respect to those funds deposited by the Department of Veterans Affairs in Personal Funds of Patients which were derived from gratuitous benefits under laws administered by the Department of Veterans Affairs. The guardian may change or revoke the existing designation with respect to personal effects and funds derived from other sources.

(b) Veterans will be encouraged to place in the custody of their relatives articles of little or no utility value to them during their period of care at a Department of Veterans Affairs field facility, and to retain in their possession only such funds and effects as are actually required and necessary for their immediate convenience.

[13 FR 7128, Nov. 27, 1948, as amended at 25 FR 1612, Feb. 25, 1960]

### § 12.2 Designee cases; incompetent veterans.

(a) An incompetent veteran will not be informed concerning the designation of a person to receive funds or effects; but if he or she has a guardian the guardian will be requested to make such designation of himself or herself or another person to receive possession of the funds and effects (other than funds deposited by the Department of Veterans Affairs in Personal Funds of Patients which were derived from gra-

tuitous benefits under laws administered by the Department of Veterans Affairs) upon the incompetent's death. The guardian will sign the letter designating himself or herself or another person with the veteran's name "By \_\_\_\_\_, guardian of his or her estate".

(b) No effort will be made to obtain a designation by or on behalf of an incompetent veteran who has no guardian.

[13 FR 7128, Nov. 27, 1948, as amended at 25 FR 1613, Feb. 25, 1960]

### § 12.3 Deceased veteran's cases.

(a) Immediately upon the death or the absence without leave of any beneficiary at a field facility, as defined in § 12.0(b), a survey and inventory of the funds and effects of such beneficiary will be taken in the following manner:

(1) If the death or absence without leave occurred during hospitalization, a complete inventory (VA Form 10-2687, Inventory of Funds and Effects) will be made of all personal effects (including those in the custody of the hospital, jewelry being worn by the deceased person, or jewelry and other effects in pockets of clothing he or she may have been wearing) and all funds found and moneys on deposit in Personal Funds of Patients. In the case of death of incompetent veterans after November 30, 1959, the inventory will be completed to show separately those funds deposited by the Department of Veterans Affairs in Personal Funds of Patients which were derived from gratuitous benefits under laws administered by the Department of Veterans Affairs. For purpose of determining the source of funds, expenditures from the account will be considered as having been made from gratuitous benefits, not to exceed the extent of deposits of such benefits. In the event death occurred during other than official working hours, the officer of the day and/or a representative of Nursing Service will collect and inventory all funds and personal effects on the person of the deceased beneficiary and on the ward, will carefully safeguard such property and, upon completion of the tour of duty, will turn the funds and effects over to the properly designated employees.

## § 12.4

(2) If the death or absence without leave occurred while the beneficiary was assigned to a domiciliary section, or while receiving hospitalization and at time of death or absence without leave any effects are in the section, a like inventory will be made by representatives of the Chief, Domiciliary Operations and/or Medical Administration Division.

(3) The inventory report will be executed in triplicate, original and two copies. All will be signed by the employee making the inventory, and disposed of as provided for in pertinent procedural instructions.

(4) Personally owned clothing or other effects (such as tooth brushes, false teeth not containing gold, etc.), which are unserviceable by reason of wear or tear or insanitary condition, and clothing that had been supplied by the Government, will not be included in this inventory; instead, the unserviceable personally owned articles will be listed on a separate list, with their condition briefly described, and their disposition recommended in a separate report to the facility head. The facility head, if approving this recommendation, will order destruction or utilization in occupational therapy, or as wipe rags, etc., of such unserviceable articles and, when they are so destroyed or utilized, will have entered on the papers the date and nature of the disposition. The completed papers will then be placed in the correspondence file of the beneficiary. Clothing that had been supplied by the Government will be reconditioned if possible and returned to stock for issue to other eligible beneficiaries. When Government-owned clothing cannot be reconditioned it will be disposed of.

(5) When the nearest relative requests that the deceased beneficiary be clad for burial in clothing he or she personally owned, instead of burial clothing to be supplied under the contract for mortuary services, such request will be honored. A receipt in such cases will be obtained from the undertaker, specifying the articles of clothing so used. Adjustment of the undertaker's bill in the case will correspondingly be made.

(6) In accomplishing such inventories, detailed description will be

## 38 CFR Ch. I (7-1-03 Edition)

given of items of material value or importance, for example:

Watch—Yellow metal (make, movement, and case number, if available without damage to watch).

Ring—Yellow metal (probably gold-plated or stamped 14-K., setting if any).

Discharge certificate.

Adjusted service certificate (number).

Bonds or stocks (name of company, registered or nonregistered, identifying number, recited par value, if any).

Bank books or other asset evidence (name of bank or other obligor, apparent value, identifying numbers, etc.).

Clothing (brief description and statement of condition). Etc.

(b) Upon completion of the survey and inventory, the effects will be turned over to the designated employee for safekeeping. Any funds found in excess of \$100 which apparently were the property of the deceased will be turned over to the details clerk and delivered immediately to the agent cashier, who shall deposit same in the account "Personal Funds of Patients". Unendorsed checks other than Treasury checks and funds not in excess of \$100 will be considered personal effects and not funds and will be handled accordingly.

[13 FR 7128, Nov. 27, 1948, as amended at 25 FR 1613, Feb. 25, 1960; 29 FR 17904, Dec. 17, 1964; 36 FR 5911, Mar. 31, 1971]

### § 12.4 Disposition of effects and funds to designee; exceptions.

(a) Upon authorization by the facility head or his or her designated representative, all funds, as defined in § 12.0 (except funds on deposit in Personal Funds of Patients derived from gratuitous benefits under laws administered by the Department of Veterans Affairs and deposited by the Department of Veterans Affairs where the veteran was incompetent at time of death), and effects will be delivered or sent to the designee of the deceased veteran if request therefor be made after death and within 90 days following the mailing of notice to such designee (see § 12.9(a)), unless:

(1) The executor or administrator of the estate of the deceased veteran shall have notified the facility head or his or her designated representative of his or her desire and readiness to receive such

funds or effects, in which event the facility head or his or her designated representative will authorize delivery of all funds and effects to such executor or administrator upon receipt of appropriate documentary evidence of his or her qualifications and in exchange for appropriate receipts, or

(2) An heir capable of inheriting the personal property of the veteran makes claim for the funds and effects prior to delivery to the designee.

(3) Subsequent to the naming of a designee the veteran became incompetent and his or her guardian revoked such designation, in which event the facility head or his or her designated representative will deliver all funds and effects to his guardian in exchange for appropriate receipts subject to the limitation contained in paragraph (d) of this section, or

(4) Designee was the wife (or husband) of the veteran at the time of designation, and information at the disposal of the field facility indicates that she (or he) was thereafter divorced and the veteran was incompetent at or subsequent to the time of divorce, or

(5) Notwithstanding there is a designee, it is probable that title would pass to the United States under the provisions of §§ 12.19 to 12.23 issued pursuant to 38 U.S.C. 5502(e) and 38 U.S.C. 8520(a), or

(6) The facility head or his or her designated representative determines that there is reasonable ground to believe that the transfer of such possession to the designee probably would be contrary to the interests of the person legally entitled to the personal property, or there are any other special circumstances raising a serious doubt as to the propriety of such delivery to the designee.

In any case in which the facility head does not deliver the funds and effects, because of the provisions of paragraphs (a)(3), (4), and (5) of this section, he or she will develop all facts and refer the matter to the Chief Attorney of the regional office having jurisdiction over the area where the hospital is located, for advice as to the disposition which legally should be made of such funds and effects.

(b) When authorized by the facility head or his or her designated represent-

ative, the effects will be delivered or shipped to the designee. If shipped at Government expense, the shipment shall be made in the most economical manner but in no case at a cost in excess of \$25. If such expenses will exceed \$25, the excess amount shall be paid by the consignee to the facility head in advance. There will be no obligation on the Government, initially or otherwise, to pay such expenses in excess of \$25.

(c) When possession of funds or effects is transferred to a designee, the attention of the designee will again be directed to the fact that possession only has been transferred to him or her and that such transfer does not of itself affect title thereto and that such designee will be accountable to the owner of said funds and effects under applicable laws.

(d) Upon receipt from the proper Chief Attorney of an appropriate certification that the guardianship was in full force and effect at the time of the veteran's death and that the guardian's bond is adequate, funds (other than funds deposited by the Department of Veterans Affairs in Personal Funds of Patients derived from gratuitous benefits under laws administered by the Department of Veterans Affairs) and effects of an incompetent veteran may be immediately delivered or sent to such guardian, inasmuch as the guardian had a right to possession, and he or she will be accountable therefor to the party entitled to receive the decedent's estate. If, however, it appears probable that decedent died without a valid will and left no person surviving entitled to inherit, the funds will not be paid to the former guardian but will be disposed of as provided in § 12.19(a). The effects will be sold, used, or destroyed, at the discretion of the facility head or his designated representative.

[25 FR 1613, Feb. 25, 1960, as amended at 29 FR 17904, Dec. 17, 1964]

**§ 12.5 Nondesignee cases.**

(a) If there exists no designee at the time of death at a hospital, domiciliary, or regional office of a veteran admitted as competent, or the designee fails or refuses to claim the funds and effects as defined in § 12.0(a) within 90 days following the mailing of notice to such designee, the facility head will

## § 12.6

## 38 CFR Ch. I (7-1-03 Edition)

take appropriate action to dispose of the effects to the person or persons legally entitled thereto, i.e., the executor or administrator of the decedent, or, if no notice of such an appointment has been received, to the decedent's widow, child, grandchild, mother, father, grandmother, grandfather, brother, or sister, in the order named. Subject to the applicable provisions of §§ 12.3 and 12.4, such delivery may be made at any time before the sale contemplated by § 12.9 to the designee or other person entitled under the facts of the case. Delivery will be made to the person entitled to priority as prescribed in this paragraph, unless such person waives right to possession, in which event delivery will be to the person, if any, in whose favor such prior entitled person waives right to possession. If the waiver is not in favor of a particular person or class, delivery will be to the person or persons next in order of priority under this paragraph. If in any case there be more than one person in the class entitled to priority, initially or by reason of waiver, delivery will be made only to their joint designated agent (who may, but need not, be one of the class), or to one of such class in his or her own behalf upon written waiver of all others of the class entitled thereto. The guardian of a minor or incompetent may waive his or her ward's prior right to possession.

(b) Except where delivery is made to a designee, executor, or administrator, funds of veterans who were competent at time of death will be released to the person or persons who would ultimately be entitled to distribution under the laws of the State of the decedent's domicile. The person or persons entitled may waive in writing his or her right to the funds in favor of another heir or next of kin.

(c) Funds of veterans who were incompetent at time of death occurring after November 30, 1959, if derived from sources other than gratuitous benefits deposited by the Department of Veterans Affairs in Personal Funds of Patients under laws administered by the Department of Veterans Affairs, will be disposed of in the same manner as for competent veterans.

(d) Funds deposited by the Department of Veterans Affairs in Personal

Funds of Patients, at any office, for veterans who were incompetent at time of death occurring after November 30, 1959 and which were derived from gratuitous benefits under laws administered by the Department of Veterans Affairs, will be paid upon receipt of proper application to the following persons living at the time of settlement, and in the order named: the surviving spouse, the children (without regard to age or marital status) in equal parts, and the dependent parents of such veteran, in equal parts. Any funds derived from gratuitous benefits not disposed of in accordance with this paragraph shall be deposited to the credit of the applicable current appropriation; except that there may be paid only so much of such funds as may be necessary to reimburse a person (other than a political subdivision of the United States) who bore the expenses of last sickness or burial of the veteran for such expenses.

(e) No payment shall be made under paragraph (d) of this section unless claim therefor is filed with the Department of Veterans Affairs within 5 years after the death of the veteran, except that, if any person so entitled under such regulation is under legal disability at the time of death of the veteran, such 5-year period of limitation shall run from the termination or removal of the legal disability.

### § 12.6 Cases of living veterans.

(a) Except as provided in § 12.8, effects of veterans absent without leave or who have been discharged or have eloped (and who are not to be returned to the field facility) will be disposed of as follows:

(1) To the owner if competent, or if deceased to his or her administrator or executor or as directed in writing by such owner, or his or her executor or administrator.

(2) To the guardian of the owner if the latter be incompetent, or if deceased to his or her administrator or executor, or as directed in writing by such guardian, executor or administrator.

## § 12.9

(3) To the incompetent owner if he or she has no guardian; delivery, however, to the incompetent owner may be withheld and may be made to the person who is caring for such incompetent if, in the judgment of the facility head or his or her designated representative, such delivery is to the incompetent's best interest.

NOTE: The Government will not pay expense of transportation of effects of competent or incompetent veterans discharged, on trail visit, absent without leave, or who have eloped, except that personal effects of a beneficiary discharged or on trail visit, or of a beneficiary being transferred to another facility at Government expense, which are not available at time of discharge, beginning of trail visit, or transfer of the beneficiary, due to the articles being in custody of the Government, may be shipped at Government expense.

(b) Funds of veterans absent without leave or who have been discharged or have eloped (and who are not to be returned to the station) will be disposed of in accordance with the provisions of current Department of Veterans Affairs procedures.

### § 12.7 Cases not applicable to provisions of §§ 12.0 to 12.6.

The provisions of §§ 12.0 to 12.6 shall be inapplicable to property known to be that of any person dying in or discharged or absent without leave from a Department of Veterans Affairs field facility other than a veteran admitted as such to such field facility.

[13 FR 7129, Nov. 27, 1948]

### § 12.8 Unclaimed effects of veterans.

(a) In the case of any property of a veteran who was in receipt of hospital or domiciliary care, heretofore or hereafter left at a Department of Veterans Affairs field facility, the owner of which is discharged or absent without leave or who has eloped and is not to be returned to a Department of Veterans Affairs field facility, or has died after departure therefrom, or in case the whereabouts or identity of any owner of any property thereat be unknown, such property, unless it shall be disposed of under the provisions of §§ 12.4

and 12.6 shall be sold, used, destroyed or otherwise disposed of as the manager or his or her designated representative shall determine the circumstances in the case may warrant. Any sale of such property shall be conditioned upon the 90-day notice provided in section 6 of the Act of June 25, 1938 (38 U.S.C. 5-16e).

(b) If the circumstances are such that retention of any property as is mentioned in paragraph (a) of this section, or of any property of unknown ownership found on the premises would endanger the health or life of patients or others on the premises (by reason of contagion, infection, or otherwise) such property shall be forthwith destroyed on order of the manager or his or her designated representative, and proper record of the action taken will be made.

(c) If there be no known claimant of any such property and if it may be used at the field facility for the benefit of the members or patients for such purposes as the General Post Fund is intended to serve, and if the value is inconsequential, the manager or his or her designated representative may authorize the retention and use of such property at the field facility.

(d) Any such property which is not destroyed or used as provided in paragraphs (b) and (c) of this section shall be sold in the manner provided in §§ 12.9 and 12.10, after notice as therein provided unless, prior to sale, claim be made for any such property by someone legally entitled thereto.

[13 FR 7129, Nov. 27, 1948]

### § 12.9 Rights of designate; sales instruction; transportation charges.

(a) Upon death of a veteran admitted as such to a field facility, the Manager or his or her designated representative will cause notice (parts I and V of VA Form 10-1171) to be sent to the designate: *Provided, however,* That if the Manager or his or her designated representative has information of the death of the primary designate, notice shall be sent to the alternate designate and all of the provisions of the regulations in this part respecting the designate will be deemed to apply to the alternate. If the designate is a minor or

## § 12.9

## 38 CFR Ch. I (7-1-03 Edition)

a person known to be incompetent, delivery of the funds or effects will be made only to the designate's guardian or custodian upon qualification. The right of the designate to receive possession ceases when he or she refuses to accept delivery or if he or she fails to respond within 90 days after VA Form 10-1171 was mailed. When the right of a designate ceases, VA Form 10-1171 will be forwarded immediately to the alternate designate, whose rights then become identical with those forfeited by the first designate, and the rights of the alternate designate shall terminate at the expiration of 90 days after VA Form 10-1171 was mailed to him or her. Delivery will not be made to a designate until he or she submits a signed statement to the effect that he or she understands that the delivery of such funds and effects constitutes a delivery of possession only and that such delivery is not intended to affect in any manner the title thereto. Such notice shall fully identify the decedent and state the fact that he or she designated the addressee to receive possession of such property; that the right to receive possession thereof does not affect the ownership but that the designate will be responsible for the ultimate disposition thereof to those who, under applicable law, are entitled to the decedent's property; and will request prompt advice as to whether the designate will accept such property and that, if he or she will, he or she furnish shipping instructions, upon receipt of which the property will be shipped at the expense of the Government. However, prior to dispatching such notice, it will be definitely determined that the shipping expense will not exceed \$25. If such expense will exceed \$25, the excess cost will be ascertained, and the notice will include a statement of the amount of such excess shipping cost with request that the amount thereof be remitted at the time shipping instructions are furnished. In estimating the shipping expense, it will be assumed that shipment to the designate will be to the same address as that to which the notice is sent. Each notice, however, shall contain a statement that in no event will the Government pay shipping expense in excess of \$25. The notice will include a copy of the

inventory of the property which it is proposed to deliver to the designate.

(b) Upon receipt of appropriate shipping instructions the property will be shipped, transportation charges prepaid, by mail, express, or freight as may be appropriate under the circumstances and most economical to the Government. The expense of such shipment, chargeable to the Government, in no case to exceed \$25.00, is payable the same as other administrative expenses of the Department of Veterans Affairs.

(c) The living owner of any property left or found at a field facility will be promptly notified thereof. Except as provided in §12.6(a), transportation charges on property shipped to a living veteran will not be paid by the Government. In such cases, shipment shall be made as requested by the owner of the property (or his or her guardian) upon receipt of necessary transportation charges, which will be prepaid, unless the owner requests shipment with charges collect and the carrier will accept such shipment without liability for such charges, contingent or otherwise, upon the Government.

(d) If the designate refuses or, upon the lapse of 90 days, has failed to take possession or request shipment of decedent's property (paragraph (a) of this section), or if 90 days have elapsed after the finding of any property and the owner (known or unknown) has failed to request same, the manager or his or her designated representative will authorize destruction, use or sale.

(e) If sale of the property is authorized the manager will take necessary action to ascertain the names and addresses, of the owners; or, in the event of the owner's decease, of his or her executor or administrator, widow, child, grandchild, mother, father, grandmother, grandfather, brother, or sister.

(f) When in possession of the necessary information the manager will cause proper notice of sale (Form 4-1171) to be mailed. Such notice in all cases shall disclose the identity, if known, of the decedent whose property is to be sold and contain a copy of the inventory of such property. A copy of such notice (Form 4-1171), after parts I, IV, and V thereof are completed, shall be mailed to the owner, if known, or if

deceased to the decedent's executor or administrator, if known, and also to the widow (or widower), child, grandchild, mother, father, grandmother, grandfather, brother and sister, if known. If more than one relative of the degree named is known, copy will be mailed to each. If the owner is living, parts IV and V only of Form 4-1171 will be completed.

(g) Copy of such notice (Form 4-1171, parts IV and V) will also be posted by a responsible employee more than 21 years of age at:

(1) The field facility where the death occurred or property shall have been found,

(2) The place where property is situated at the time such notice is posted, and

(3) The place where probate notices are posted in the county wherein the sale is to be had.

(h) In addition to showing the name of the owner, if known (alive or deceased), and the inventory of the property to be sold, such notice shall state the hour and day when and the precise place where the sale will occur and that the same will be at public auction for cash upon delivery without warranty, express or implied, and that such sale is pursuant to the act of June 25, 1938 (38 U.S.C. 16-16j); and shall also state that any person legally entitled to said property may claim the same at any time prior to sale thereof and in the event of such claim by a proper person the property will not be sold but will be delivered to the person lawfully entitled thereto. Said notice shall also contain a statement substantially to the effect that if sold the net proceeds of sale may be claimed by the person who is legally entitled at any time within 5 years after the date of notice; or in case of property the ownership of which was not originally known, within 5 years after its finding; otherwise such proceeds will be retained in the General Post Fund, subject to disbursement for the purposes of such fund.

(i) The person (or persons) posting said notice of sale (Form 4-1171) shall make appropriate affidavit on a copy thereof as to his or her action in that respect and the manager or his or her designated representative will also certify on the same copy as to the persons

to whom copies of such notice were mailed and the mailing dates. The copy on which appear the affidavit and certificate as to service of the notice will be retained in the facility file pertaining to the disposition of such property.

### § 12.10 Proceeds of sale.

After proper notice as prescribed, sale of any such property which it is proper to sell, will be made by public auction by the manager (or any employee designated by him or her) at the time and place stated in the notice of sale. The property will be sold to the highest bidder (no employee except member employees of the Department of Veterans Affairs shall purchase any of this property) and forthwith delivered and the amount of the bid collected and deposited to the credit of "General Post Fund, Department of Veterans Affairs." Care will be taken to segregate the property of each owner and separate account will be maintained as to the proceeds of sale thereof. Property not disposed of by public auction will be included in the next sale or will be used or destroyed as the value thereof warrants at the discretion of the manager.

[13 FR 7130, Nov. 27, 1948]

### § 12.12 Miscellaneous provisions.

If it is shown that some person other than the veteran has title to property in a veteran's possession at the time of death, nothing contained in §§ 12.0 to 12.12 shall be construed as prohibiting delivery of such property to the owner. A life insurance policy may be delivered to the beneficiary therein named if the insured is deceased, notwithstanding the veteran has designated a person to whom possession of his or her property at the field facility is to be transferred. In no case will funds or effects be delivered to a minor, or to an incompetent person other than as provided in § 12.9 (a) and (c), but where any such person is entitled to title or possession delivery may be made to his or her guardian.

(b) In making disposition of funds and effects the manager will release the funds to the owner if living and will release the effects to him or her or as directed by him or her, provided that if he or she is incompetent and has a guardian the funds and effects will be released to such guardian. If the owner is deceased, and left a last will and testament probated under the laws of the place of his or her last legal domicile or under the laws of the State, territory, insular possession, or dependency, within which the field facility may be, the personal property of such decedent situated upon such

premises will be released to the executor. If such person left on said premises funds or effects not disposed of by a will probated in accordance with the provisions of this paragraph, such property shall be released to the administrator, if one has been appointed.

Similar notice shall be given to each veteran receiving care as of March 26, 1942, by posting notice in a prominent place in each building wherein patients or members are housed. Such notices shall be posted immediately and kept posted.

(b) Since the provisions of the law are applicable to all veterans receiving care at the expense of the Department of Veterans Affairs (whether in contract, Federal, State or private hospital) it shall be the responsibility of the Department of Veterans Affairs officer authorizing admission of a veteran to other than a Department of Veterans Affairs hospital, center or home, to cause the chief officer of such institution to post in a conspicuous place, in all buildings where veterans are housed, the provisions of § 12.19(a), or if he or she declines to post such provisions, notify the patients individually and supply a statement from each acknowledging notice. Possession of effects other than those located on the premises of the Department of Veterans Affairs will be obtained, except that if transportation, storage, etc., is involved, determination will be made as to whether expenditure therefor is warranted. Such claims are for settlement by the field facility which had originally made the deposit. In the event of doubt as to entitlement or the necessity of legal proceedings to obtain assets for the benefit of the General Post Fund, the case will be referred to the Chief Attorney of jurisdiction for advice and/or appropriate action. (1) The veteran is rated incompetent by the Department of Veterans Affairs.

(2) It has been determined the veteran is legally liable for the cost of his or her maintenance, and

(3) The institution's representative has asserted or probably will assert a claim for full maintenance costs.

(b) Subject to these conditions and the further condition that the responsible official of the institution or political subdivision will agree not to assert against Department of Veterans Affairs benefits any further claim for maintenance during the veteran's lifetime, the Veterans Service Center Manager may agree with such official to the payment of the veteran's benefits through an institutional award to be applied to:

### § 14.502 Requests for legal opinions from Central Office.

subject matter, or by a subordinate acting for any such official.

[54 FR 34982, Aug. 23, 1989]

#### **§ 14.503 Requests for legal advice and assistance in other than domestic relations matters.**

(a) Requests from administrative officials in the field for legal advice or assistance will be addressed to the appropriate Regional Counsel and will be in writing if requested by the Regional Counsel. Questions regarding insurance activities at St. Paul and Philadelphia should be referred to the Regional Counsel at the respective station. Except as to matters referred to in § 14.504(b), the Regional Counsel's authority to render legal advice and assistance shall extend to the release (unless otherwise instructed by the General Counsel), without prior approval of the General Counsel, of opinions on all legal questions which are either:

(1) Wholly controlled by the interpretation or application of the laws of the State or States in the district office area, or

(2) Covered by Department of Veterans Affairs precedents and opinions of the General Counsel which the Regional Counsel knows to be currently authoritative on the issues involved.

In cases covered by § 14.504(b) and all others not included in paragraph (a)(1) or (2) or paragraph (b) of this section, the Regional Counsel will prepare a tentative opinion (including identification of the benefit sought) and forward it to the General Counsel for review. When it is returned, the Regional Counsel will conform the opinion (if necessary) to the views of the General Counsel, and release it to the requesting official. The Regional Counsel may release any modified opinion as the opinion of the General Counsel.

(b) The Regional Counsel may submit to the General Counsel any legal question, opinion, or question pertinent to legal functions, upon which the views or advice of the General Counsel are desired. This request should set forth the special circumstances, contain a statement of the legal implications involved (including any Department of Veterans Affairs benefits claimed), set forth the facts out of which they arise,

### 38 CFR Ch. I (7-1-03 Edition)

and cite any statutes or court decisions readily available, regulations, related opinions of the General Counsel and other matters deemed pertinent, with appropriate discussion. If any administration will be affected, a copy of the reply will be forwarded to that administration head.

#### **§ 14.504 Domestic relations questions, authority and exceptions.**

(a) Regional Counsels have the same authority with respect to domestic relations questions as they do with respect to matters covered by § 14.503 except as specifically excluded by the provisions of paragraph (a) of that section.

(b) In the following instances the Regional Counsel, regardless of whether State law is wholly controlling or a Department of Veterans Affairs precedent is available, will prepare a tentative opinion, researched as completely as possible with reasonably available facilities, and forward two copies thereof directly to the General Counsel for review and disposition (as provided in § 14.503 respecting other than domestic relations matters):

(1) Where it is not clear under applicable State law: (i) Whether the marriage of a veteran's child or the remarriage of a veteran's widow was void without decree of annulment, or (ii) whether an annulment decree was rendered by a court with basic authority to render annulment decrees;

(2) When fraud or collusion by either party appears to have influenced the granting of an annulment decree;

(3) Cases in which there are contesting claims;

(4) Unusual situations, such as those involving proxy marriages, the law of two or more jurisdictions or of a foreign country;

(5) Cases involving difference of opinion between Regional Counsels or between a Regional Counsel and the official who submitted the question involved.

## § 14.514

### § 14.505 Submissions.

All submissions will set forth the question of law on which the opinion is desired, together with a complete and accurate summary of relevant facts. Files, correspondence, and other original papers will not be submitted unless pertinent portions thereof cannot practically be summarized or copies made and attached as exhibits.

[42 FR 41411, Aug. 17, 1977]

### § 14.507 Opinions.

(a) A written legal opinion of the General Counsel involving veterans' benefits under laws administered by the Department of Veterans Affairs shall be conclusive as to all Department officials and employees with respect to the matter at issue, unless there has been a material change in controlling statute or regulation, a superseding written legal opinion by the General Counsel, or the designation on its face as "advisory only" by the General Counsel or the Deputy General Counsel acting as or for the General Counsel. Written legal opinions having conclusive effect under this section and not designated as precedent opinions pursuant to paragraph (b) of this section shall be considered by the Department of Veterans Affairs to be subject to the provisions of 5 U.S.C. 552(a)(2). Advice, recommendations, or conclusions on matters of Government or Department policy, contained within a written legal opinion, shall not be binding on Department officials and employees merely because of their being contained within a written legal opinion. Written legal opinions will be maintained in the Office of the General Counsel. Written legal opinions involving veterans' benefits under laws administered by the Department of Veterans Affairs, which pertain to a particular benefit matter, in addition to being maintained in the Office of the General Counsel, will be filed in the individual claim folder.

(b) A written legal opinion of the General Counsel involving veterans' benefits under laws administered by the Department of Veterans Affairs which, in the judgment of the General Counsel or the Deputy General Counsel acting as or for the General Counsel,

necessitates regulatory change, interprets a statute or regulation as a matter of first impression, clarifies or modifies a prior opinion, or is otherwise of significance beyond the matter at issue, may be designated a "precedent opinion" for purposes of such benefits. Written legal opinions designated as precedent opinions under this section shall be considered by Department of Veterans Affairs to be subject to the provisions of 5 U.S.C. 552(a)(1). An opinion designated as a precedent opinion is binding on Department officials and employees in subsequent matters involving a legal issue decided in the precedent opinion, unless there has been a material change in a controlling statute or regulation or the opinion has been overruled or modified by a subsequent precedent opinion or judicial decision.

(c) For purposes of this section, the term *written legal opinion of the General Counsel* means a typed or printed memorandum or letter signed by the General Counsel or by the Deputy General Counsel acting as or for the General Counsel, addressed to an official or officials of the Department of Veterans Affairs stating a conclusion on a legal issue pertaining to Department of Veterans Affairs activities.

LITIGATION (OTHER THAN UNDER THE FEDERAL TORT CLAIMS ACT); INDEMNIFICATION

### § 14.514 Suits by or against United States or Department of Veterans Affairs officials; indemnification of Department of Veterans Affairs employees.

(a) *Suits against United States or Department of Veterans Affairs officials.* When a suit involving any activities of the Department of Veterans Affairs is filed against the United States or the Secretary or a suit is filed against any employee of the Department of Veterans Affairs in which is involved any official action of the employee, not covered by the provisions of §§ 14.600 through 14.617, a copy of the petition will be forwarded to the General Counsel who will take necessary action to

obtain the pertinent facts, cooperate with or receive the cooperation of the Department of Justice and, where indicated, advise the Regional Counsel of any further action required.

(b) *Counsel and representation of employees.* The Department of Justice may afford counsel and representation to Government employees who are sued individually as a result of the performance of their official duties. A civil action commenced in a State court against an employee, as the result of an action under color of his or her office, may be removed to the applicable Federal District Court. If a suit is filed against an employee as the result of the performance of his or her official duties, where the provisions of either 28 U.S.C. 2679 or 38 U.S.C. 7316 are not applicable (see §14.610), and the employee desires to be represented by the U.S. Attorney, the Regional Counsel will obtain a written request to this effect from the employee and will also obtain an affidavit of the facility Director describing the incident in sufficient detail to enable a determination to be made as to whether the employee was in the scope of his or her employment at the time. These statements, together with a copy of the petition and two copies of a summary of pertinent facts, will be sent to the General Counsel, who will transmit copies thereof to the Department of Justice for appropriate action.

(c) *Indemnification.* (1) The Department of Veterans Affairs may indemnify a Department of Veterans Affairs employee, who is personally named as a defendant in any civil suit in state or Federal court or an arbitration proceeding or other proceeding seeking damages against the employee personally, where either 28 U.S.C. 2679 or 38 U.S.C. 7316 is not applicable, for any verdict, judgment, or other monetary award which is rendered against such employee; provided that: the alleged conduct giving rise to the verdict, judgment, or award was taken within the scope of his or her employment and that such indemnification is in the interest of the Department of Veterans Affairs, as determined by the Secretary or his designee.

(2) The Department of Veterans Affairs may settle or compromise a per-

sonal damage claim against a Department of Veterans Affairs employee, in cases where the provisions of either 28 U.S.C. 2679 or 38 U.S.C. 7316 are not applicable, by the payment of available funds, at any time; provided that: the alleged conduct giving rise to the personal damage claim was taken within the employee's scope of employment and that such settlement or compromise is in the interest of the Department of Veterans Affairs, as determined by the Secretary or his designee.

(3) Absent exceptional circumstances as determined by the Secretary or his designee, the Agency will not entertain a request either to agree to indemnify or to settle a personal damage claim before entry of an adverse verdict, judgment, or award.

(4) A Department of Veterans Affairs employee may request indemnification to satisfy a verdict, judgment, or award entered against that employee. The employee shall submit a written request, with appropriate documentation including copies of the verdict, judgment, award, or settlement proposal, in a timely manner to the Department of Veterans Affairs General Counsel, who shall make a recommended disposition of the request. Where the Department of Veterans Affairs determines it appropriate, the Agency shall seek the view of the Department of Justice. The General Counsel shall forward the employee request for indemnification, and the accompanying documentation, with the General Counsel's recommendation to the Secretary for decision.

(5) Any payment under this section either to indemnify a Department of Veterans Affairs employee or to settle or compromise a personal damage claim shall be contingent upon the availability of appropriated funds of the Department of Veterans Affairs.

(d) *Attorney-client privilege.* Attorneys employed by the Department of Veterans Affairs who participate in any process utilized for the purpose of determining whether the Agency should request the Department of Justice to provide representation to a Department employee sued, subpoenaed or charged in his individual capacity, or whether attorneys employed by the Department of Veterans Affairs should

## Department of Veterans Affairs

## § 14.515

provide assistance in the representation of such a Department employee, undertake a full and traditional attorney-client relationship with the employee with respect to application of the attorney-client privilege. If representation is authorized, Department of Veterans Affairs attorneys who assist in the representation of an employee also undertake a full and traditional attorney-client relationship with the employee with respect to the attorney-client privilege. Any adverse information communicated by the client-employee to an attorney during the course of such attorney-client relationship shall not be disclosed to anyone, either inside or outside the Department of Veterans Affairs, other than attorneys responsible for representation of the employee, unless such disclosure is authorized by the employee.

(e) *Suits by the United States.* In any instance wherein direct submission to a U.S. Attorney for institution of civil action has been authorized by the Department of Justice, the Regional Counsel will furnish the U.S. Attorney a complete report of the facts and applicable law, documentary evidence, names and addresses of witnesses and, in cases wherein Department of Veterans Affairs action has been taken, a copy of any pertinent decision rendered. The Regional Counsel will forward two copies of such report and of any proposed pleading to the General Counsel, and will render any practicable assistance requested by the U.S. Attorney.

### § 14.515 Suits involving loan guaranty matters.

(a) In actions for debt, possession or actions similar in substance (including title actions) in which § 36.4282 or § 36.4319 of this chapter has been complied with, the Regional Counsel is authorized to enter the appearance of and represent the Secretary of Veterans Affairs as the attorney of record and to file claims for debt in probate proceedings without prior reference to the General Counsel. Any such action will normally be taken within the time prescribed by law as though there had been valid service of process. In all

other types of cases, the Regional Counsel will not enter an appearance or file any pleading on behalf of the Secretary except in imperative emergency until authorization is received from the General Counsel after submission of all relevant facts. In doubtful cases, the Regional Counsel will request instructions from the General Counsel, submitting copy of so much of the pleadings or other papers, together with a sufficient recital of the facts as will make clear the background, the issues, and the relief sought. The submission also will include names and addresses of adverse parties and attorneys so that immediate action may be taken if injunctive relief seems proper. Where necessary in any case to preserve rights which might be lost by default if there had been proper service of process, appropriate action will be taken by a special appearance, or, in jurisdictions where a special appearance does not serve the purpose or under State statute or decisions will constitute a general appearance for a later date, by an appearance through amicus curiae, to obtain an extension of time, preferably 30 days or more, in which to appear and plead without prejudice. If not feasible to obtain an extension, the Regional Counsel will explain to adverse counsel by letter, and personally, if desirable, the necessity of deferring all action and will see that the proper judge receives a signed copy of the letter before default day. The letter will point out that there is no valid service of process on the Secretary of Veterans Affairs but will not base the delay on that alone.

(b) The General Counsel or each Regional Counsel representing the General Counsel is the attorney of the Secretary of Veterans Affairs for all purposes of 38 U.S.C. 3720 and, as such, is authorized to represent the Secretary in any court action or other legal matter arising under said statutory provisions. Said authorization is subject to any applicable statutes and Executive orders concerning claims of the United States. A Regional Counsel may enter appearance in such cases, subject to the provisions of §§ 36.4282 and 36.4319 of this chapter and paragraph (a) of this

section. Each Regional Counsel is authorized to contract for the employment of attorneys on a fee basis for conducting any action arising under guaranty or insurance of loans or direct loans by the Department of Veterans Affairs; or for examination and other proper services with respect to title to and liens on real and personal property, material incident to such activities of the Department of Veterans Affairs, when, such employment is deemed by the Regional Counsel to be appropriate. The authority delegated to the Regional Counsel may be redelegated with the approval of the General Counsel.

(c) The General Counsel and each Regional Counsel, in carrying out their duties as authorized in paragraph (a) or (b) of this section, are authorized: (1) To contract for and execute, for and on behalf of the Secretary, any bond (and appropriate contract or application therefor) which is required in or preliminary to or in connection with any judicial proceeding in which the Regional Counsel is attorney for the Secretary, and to incur obligations for premiums for such bonds and (2) to do all other acts and incur all costs and expenses which are necessary or appropriate to further or protect the interests of the Secretary in or in connection with prosecuting or defending any cause in any court or tribunal within the United States, which cause arises out of or incident to the guaranty or insurance of loans, or the making or direct loans by the Department of Veterans Affairs, pursuant to 38 U.S.C. ch. 37.

(d) Except in an emergency, no Regional Counsel will initiate action for appellate review without prior approval by the General Counsel. These limitations do not preclude the filing of a motion for a new trial, appeal to intermediate court with hearing do novo, the giving of notice of appeal, reserving of bills of exception, or any other preliminary action in the trial court which may be necessary or appropriate to protect or facilitate the exercise of the right of appellate review, nor do they preclude the taking of appropriate steps on behalf of the Secretary as appellee (respondent) without prior reference to the General

Counsel. Upon the conclusion of the trial of a case, the Regional Counsel will report the result thereof to the General Counsel with recommendation as to seeking appellate review if the result reported is adverse to the position of the Department of Veterans Affairs in the litigation. The reporting Regional Counsel who recommends appellate review will include as a part of the communication, or in exhibits attached: (1) A summary of the evidence; (2) a summary of the law points to be reviewed; (3) citations of statutes and cases; (4) statements of special reasons for recommending appellate review; (5) time limitations for the action recommended; (6) requirements, if any, respecting printing of the record and briefs; (7) the estimated total expenses to be incurred by reason of the appeal, reporting separately the estimated costs for printing the brief and record so that authority for printing may be granted in accordance with the prescribed procedure, MP-1, part II, chapter 9;<sup>1</sup> and (8) the recommendation or a statement as to nonrecommendation by the Loan Guaranty Officer.

[42 FR 41411, Aug. 17, 1977]

#### § 14.516 Escheat and post fund cases.

In any case in which the Department of Veterans Affairs is entitled to possession of assets or property under the escheat provisions of 38 U.S.C. 5502(e), the gifts provisions of 38 U.S.C. ch. 83 or the General Post Fund provisions of 38 U.S.C. ch. 85, the Regional Counsel will endeavor to obtain possession of such assets or property in any manner appropriate under local procedure and practice, other than litigation. This procedure would include exploratory inquiry of the person having custody or possession of the assets or property for the purpose of determining whether the person would be willing to turn over the property to the Department of Veterans Affairs without litigation. If unsuccessful in this effort, a complete report will be submitted by the Regional Counsel to the General Counsel so that

### § 14.517 Cases affecting the Department of Veterans Affairs generally.

Regional Counsels will establish and maintain such close liaison with the State and Federal courts as to insure that notice will be afforded the Department of Veterans Affairs on all cases affecting the Department of Veterans Affairs. Such information will be forwarded to the General Counsel promptly in every case.

[42 FR 41411, Aug. 17, 1977]

### § 14.518 Litigation involving beneficiaries in custody of Department of Veterans Affairs employees acting in official capacity.

(a) *Service of process generally.* An employee, at a field facility, served with a writ of habeas corpus involving a beneficiary of the Department of Veterans Affairs in the employee's custody will immediately notify the Regional Counsel of the region in addition to taking such steps as in his or her judgment are necessary for self protection.

(b) *Habeas corpus writs.* (1) If a Director of a Department of Veterans Affairs hospital concerned advises that, according to current medical opinion, hospitalization is necessary for the veteran's safety or the safety of others, the Regional Counsel will vigorously oppose the writ at the trial court level. If the writ is granted, no further action will be taken unless so instructed by the General Counsel.

(2) If the medical opinion is that hospitalization is not required for the veteran's safety or the safety of others but continued treatment is clearly indicated in the veteran's interest, the Regional Counsel will assure that the court issuing the writ is so informed and will abide by the court's decision.

(3) If the medical opinion is that there is no danger of self injury to the veteran or others and the need for continued treatment is not clearly demonstrated, the Regional Counsel will advise the Director of the hospital concerned that the veteran should be released and will notify the veteran's attorney of the planned discharge. These

cases will be handled informally to the extent practicable.

(4) Involuntary confinement of mentally ill patients in Department of Veterans Affairs installations is predicated upon the law of the State in which the installation is located. In the event the writ is filed in Federal Court, the Regional Counsel will cooperate with the U.S. Attorney to the end that the case is removed to the appropriate State court.

## PROSECUTION

### § 14.560 Procedure where violation of penal statutes is involved including those offenses coming within the purview of the Assimilative Crime Act (18 U.S.C. 13).

The Department of Justice, or the U.S. Attorneys, are charged with the duty and responsibility of interpreting and enforcing criminal statutes, and the final determination as to whether the evidence in any case is sufficient to warrant prosecution is a matter solely for their determination. If the Department of Justice or U.S. Attorney decides to initiate action, the Regional Counsel will cooperate as may be requested. The Regional Counsel will promptly bring to the attention of the General Counsel any case wherein he or she is of the opinion that criminal or civil action should be initiated notwithstanding a decision by the U.S. Attorney not to bring such action; any case where action has been inordinately delayed; and any case which would cause significant publicity or notoriety.

### § 14.561 Administrative action prior to submission.

Before a submission is made to the U.S. Attorney in cases involving personnel or claims, the General Counsel, if the file is in Central Office, or the Regional Counsel at the regional office, hospital or center, if the file is in the regional office or other field facility,

**§ 14.562**

will first ascertain that necessary administrative or adjudicatory (forfeiture (see Pub. L. 86-222; 73 Stat. 452), etc.), action has been taken; except that in urgent cases such as breaches of the peace, disorderly conduct, trespass, robbery, or where the evidence may be lost by delay, or prosecution barred by the statute of limitations, submission to the U.S. Attorney will be made immediately.

[42 FR 41413, Aug. 17, 1977]

**§ 14.562 Collections or adjustments.**

When it is determined that a submission is to be made to the U.S. Attorney, no demand for payment or adjustment will be made without the advice of the U.S. Attorney. However, if, before or after submission, the potential defendant or other person tenders payment of the liability to the United States, payment will be accepted if the U.S. Attorney has no objection. If the U.S. Attorney determines that prosecution is not indicated, or when prosecution has ended, the file will be returned to the appropriate office with a report as to the action taken.

A copy of said report, accompanied by an executed copy of VA Form 2162, Report of Accident, will be promptly submitted by the Director to the appropriate Regional Counsel, who will authorize such additional investigation as the circumstances of the case may warrant. ### **§ 14.605 Suits against Department of Veterans Affairs employees arising out of a wrongful act or omission or based upon medical care and treatment furnished in or for the Veterans Health Administration.**

(a)(1) Section 2679 of title 28 U.S.C., provides that no suit will lie against a Federal employee, or the employee's estate, for damage to property, personal injury, or death resulting from his or her wrongful act or omission while acting within the scope of his or her office or employment with the Federal Government. An action against the United States under 28 U.S.C. 2671-2680 is the exclusive remedy under these circumstances.

(2) Section 7316 of title 38 U.S.C., provides that (i) where there is remedy against the United States under 28 U.S.C. 2671-2680, or (ii) where proceedings for compensation or other benefits from the United States are provided by law, and the availability of such benefits precludes a remedy under 28 U.S.C. 2671-2680 (as is the case, for example, in the Federal Employees' Compensation Act, 5 U.S.C. 8101, *et seq.*), such recourse is the exclusive remedy for property damage, personal injury, or death allegedly occurring as a result of malpractice or negligence committed by a physician, dentist, nurse, physician's assistant, dentist's assistant, pharmacist or paramedical (for example, medical and dental technicians, nursing assistants, and therapists), or other supporting personnel, while furnishing medical care and

treatment in the exercise of duties in or for the Veterans Health Administration. Accordingly, a malpractice or negligence suit for property damage, personal injury, or death will not lie against such personnel under the circumstances set forth in this subparagraph.

(b) The Department of Justice will defend any civil action or proceeding brought in any court against persons referred to in paragraph (a) (1) or (2) of this section under the circumstances set forth therein. Accordingly, when a suit is filed against any employee of the Department of Veterans Affairs as a result of a wrongful act or omission arising out of employment with the Government, or as a result of furnishing medical or dental care and treatment in or for the Veterans Health Administration, the employee shall immediately forward a copy of all papers served on him or her to the Regional Counsel having jurisdiction over the area in which the employee works. The employee will also promptly forward to the appropriate Regional Counsel a signed statement indicating whether he or she desires the Department of Justice to provide representation, and to otherwise protect his or her interests as provided for by law. Even though there may not have been service, if an employee learns that a suit arising from either of the above-described circumstances has been filed against him or her, the employee shall immediately so advise the appropriate Regional Counsel, provide the Regional Counsel with a brief description of the facts involved, and state whether he or she desires Federal intervention.

(c) Upon receipt of notice that suit has been filed against an employee of the Department of Veterans Affairs who is entitled to protection under 28 U.S.C. 2679 or 38 U.S.C. 7316, the Regional Counsel having jurisdiction over the place where the employee works will conduct a preliminary investigation, which will include an affidavit by the employee's supervisor as to whether the defendant-employee was acting in the scope of his or her employment at the time of the incident, and a request from the defendant-employee for

## § 14.615

## 38 CFR Ch. I (7-1-03 Edition)

representation. The affidavit will contain a factual description of the employee's duties and responsibilities at the time of the incident and should describe the incident in question. Upon receipt of such information, the Regional Counsel will make a preliminary determination as to whether such suit comes within the provisions of either 28 U.S.C. 2679 or 38 U.S.C. 7316. The Regional Counsel will refer the matter to the appropriate U.S. Attorney with a recommendation as to whether the employee is eligible for protection under 28 U.S.C. 2679 or 38 U.S.C. 7316. The U.S. Attorney will decide whether the Department of Veterans Affairs employee is eligible for the protection. The Regional Counsel will submit to the General Counsel a preliminary report in duplicate containing the information furnished the U.S. Attorney. In all such cases, the Regional Counsel will conduct a complete investigation of the facts and law. Two copies of the investigation report will be sent to the General Counsel and one copy will be sent to the appropriate U.S. Attorney. The General Counsel, through the Regional Counsel, will keep the employee advised of the action being taken concerning the suit. In the event that the U.S. Attorney or the Department of Justice determines that the employee is not eligible for immunization pursuant to one of the aforementioned provisions, the General Counsel's office, through the Regional Counsel, will advise the employee and will call to his or her attention the discretionary conditional indemnification provisions of section 7316(e) of title 38 U.S.C.

(d) Where a civil action is commenced in a State court against a Department of Veterans Affairs employee, and the matter is within the purview of either 28 U.S.C. 2679, or 38 U.S.C. 7316, the Department of Justice will be asked to remove such suit to the appropriate Federal District Court before trial, where it will be deemed an action against the United States. The defendant employee will be dismissed from the suit. After such removal, the United States has available all defenses to which it would have been entitled if the action had originally been commenced against the United States in the proper Federal District Court.

Should a Federal District Court determine that the Department of Veterans Affairs employee whose acts or omissions gave rise to the suit was not acting within the scope of his or her office or employment, and therefore not eligible for immunization as provided for in the aforementioned section, the case will be remanded to the State court from which it was removed, the employee will be reinstated as the defendant, and the United States will be dismissed from the suit. Where the employee has been reinstated as the defendant under such circumstances, in order to protect any rights which he or she may have under 38 U.S.C. 7316(e), he or she shall immediately notify the General Counsel, through the local Regional Counsel. Through the Regional Counsel, the General Counsel will call the employee's attention to the discretionary conditional indemnification provisions of section 7316(e).

(e) Under the authority of 38 U.S.C. 7316(e), the Secretary of Veterans Affairs may pay for monetary damages sustained by or assessed against an individual (or his or her estate) described in paragraph (a)(2) of this section, as the result of any suit instituted against such individual which is not cognizable under the provisions of 28 U.S.C. 2671-2680 because the individual was assigned to a foreign country, the said individual was detailed to a State or political division thereof, or the cause of action was specifically excluded under the provisions of 28 U.S.C. 2680(h); *Provided*, That the amount of damages sustained is reasonable when compared with similar cases, litigated or settled, and the United States was given a reasonable opportunity to defend such individual and to participate in settlement negotiations.

persons, as certified by the head of the organization;

(iii) Capability and resources to provide representation to a sizable number of claimants;

(iv) Capability to represent claimants before the Board of Veterans' Appeals in Washington, D.C.; and

(v) Geographic diversification, i.e., either one or more posts, chapters, or offices in at least ten states, or one or more members in at least twenty states.

(b) *State organization.* An organization created and primarily funded by a State government for the purpose of serving the needs of veterans of that State may be recognized. Only one such organization may be recognized in each State.

(c) *Regional or local organization.* An organization other than a State or national organization as set forth in paragraphs (a) and (b) of this section may be recognized when the Department of Veterans Affairs has determined that it is a veterans' service organization primarily involved in delivering services connected with either title 38 U.S.C., benefits and programs or other Federal and State programs designed to assist veterans. The term *veteran* as used in this paragraph shall include veterans, former armed forces personnel, and the dependents or survivors of either. Further, the organization shall provide responsible, qualified representation in the preparation, presentation, and prosecution of claims for title 38 U.S.C., benefits.

(d) *Requirements for recognition.* (1) In order to be recognized under this section, an organization shall meet the following requirements:

(i) Have as a primary purpose serving veterans. In establishing that it meets this requirement, an organization requesting recognition shall submit a statement establishing the purpose of the organization and that veterans would benefit by recognition of the organization.

(ii) Demonstrate a substantial service commitment to veterans either by showing a sizable organizational membership or by showing performance of veterans' services to a sizable number of veterans. In establishing that it meets this requirement, an organiza-

tion requesting recognition shall submit:

(A) The number of members and number of posts, chapters, or offices and their addresses;

(B) A copy of the articles of incorporation, constitution, charter, and by-laws of the organization, as appropriate;

(C) A description of the services performed or to be performed in connection with programs administered by the Department of Veterans Affairs, with an approximation of the number of veterans, survivors, and dependents served or to be served by the organization in each type of service designated; and

(D) A description of the type of services, if any, performed in connection with other Federal and State programs which are designed to assist former Armed Forces personnel and their dependents, with an approximation of the number of veterans, survivors, and dependents served by the organization under each program designated.

(iii) Commit a significant portion of its assets to veterans' services and have adequate funding to properly perform those services. In establishing that it meets this requirement, an organization requesting recognition shall submit:

(A) A copy of the last financial statement of the organization indicating the amount of funds allocated for conducting particular veterans' services (VA may, in cases where it deems necessary, require an audited financial statement); and

(B) A statement indicating that use of the organization's funding is not subject to limitations imposed under any Federal grant or law which would prevent it from representing claimants before the Department of Veterans Affairs.

(iv) Maintain a policy and capability of providing complete claims service to each claimant requesting representation or give written notice of any limitation in its claims service with advice concerning the availability of alternative sources of claims service. Except as provided in paragraphs (d)(1)(iv)(A) and (B) of this section, in

establishing that it meets this requirement, an organization requesting recognition shall submit evidence of its capability to represent claimants before Department of Veterans Affairs regional offices and before the Board of Veterans' Appeals.

(A) If an organization does not intend to represent claimants before the Board of Veterans' Appeals, the organization shall submit evidence of an association or agreement with a recognized service organization for the purpose of representation before the Board of Veterans' Appeals, or the proposed method of informing claimants of the limitations in service that can be provided, with advice concerning the availability of alternative sources of claims service.

(B) If an organization does not intend to represent each claimant requesting assistance, the organization shall submit a statement of its policy concerning the selection of claimants and the proposed method of informing claimants of this policy, with advice concerning the availability of alternative sources of claims service.

NOTE TO PARAGRAPH (d)(1)(iv): An organization may be considered to provide complete claims service notwithstanding the exercise of discretion to determine that provision of representation in a particular case is impracticable or inappropriate because, under the circumstances, the facts or law do not support the filing of a claim or appeal, an appropriate representative-claimant relationship cannot be maintained, or representation would give rise to a conflict of interest on the part of the organization.

(v) Take affirmative action, including training and monitoring of accredited representatives, to ensure proper handling of claims. In establishing that it meets this requirement, an organization requesting recognition shall submit:

(A) A statement of the skills, training, and other qualifications of current paid or volunteer staff personnel for handling veterans' claims; and

(B) A plan for recruiting and training qualified claim representatives, including the number of hours of formal classroom instruction, the subjects to be taught, the period of on-the-job training, a schedule or timetable for training, the projected number of trainees for the first year, and the

name(s) and qualifications of the individual(s) primarily responsible for the training.

(2) In addition, the organization requesting recognition shall supply:

(i) A statement that neither the organization nor its accredited representatives will charge or accept a fee or gratuity for service to a claimant and that the organization will not represent to the public that Department of Veterans Affairs recognition of the organization is for any purpose other than claimant representation; and

(ii) The names, titles, and addresses of officers and the official(s) authorized to certify representatives.

(e) *Recognition or denial.* Only the Secretary is authorized to recognize organizations. Notice of the Secretary's determination on a request for recognition will be sent to an organization within 90 days of receipt of all information to be supplied.

(f) *Requests for further information.* The Secretary or the Secretary's designee may request further information from any recognized organization, including progress reports, updates, or verifications.

(i) His or her full name and business address;

(ii) Information concerning the applicant's military and civilian employment history (including character of military discharge, if applicable);

(iii) Information concerning representation provided by the applicant before any department, agency, or bureau of the Federal government;

(vii) The names, addresses, and phone numbers of three character references; and

(viii) Information relevant to whether or not the applicant has any physical limitations which would interfere with the completion of a comprehensive written examination administered under the supervision of a VA Regional Counsel.

(Authority: 38 U.S.C. 501(a), 5904)

(c) *Attorneys.* (1) An attorney may represent a claimant upon submission of authorization as described in § 14.631(a) or (b).

(2) If the claimant consents in writing, an attorney associated or affiliated with the claimant's attorney of record or employed by the same legal services office as the attorney of record may assist in the representation of the claimant.

(3) A legal intern, law student, or paralegal may not be independently accredited to represent claimants under this paragraph. A legal intern, law student, or certified paralegal may assist in the preparation, presentation, or prosecution of a claim, under the direct supervision of an attorney of record designated under § 14.631(a) or (b), if the claimant's written consent is furnished to the Department of Veterans Affairs. Such consent must specifically state that participation in all aspects of the claim by a legal intern, law student, or

**§ 14.630**

**38 CFR Ch. I (7-1-03 Edition)**

paralegal furnishing written authorization from the attorney of record is authorized. In addition, suitable authorization for access to the claimant's records must be provided in order for such an individual to participate. The supervising attorney must be present at any hearing in which a legal intern, law student, or paralegal participates. (See § 20.606).

(4) Unless revoked by the claimant, consent provided under paragraph (c)(2) or paragraph (c)(3) of this section shall remain effective in the event the claimant's original attorney is replaced as attorney of record by another member of the same law firm or an attorney employed by the same legal services office.

NOTE TO §14.629: A legal intern, law student, paralegal, or veterans service organization support-staff person, working under the supervision of an individual designated under §14.631(a) as the claimant's representative, attorney, or agent, may qualify for read-only access to pertinent Veterans Benefits Administration automated claims records.

**§ 14.630 Authorization for a particular claim.**

(a) Any person may be authorized to prepare, present, and prosecute one claim. A proper power of attorney, and a statement signed by the person and the claimant that no compensation will be charged or paid for the services, shall be filed with the office where the claim is presented. A signed writing, which may be in letter form, identifying the claimant and the type of benefit or relief sought, specifically authorizing a named individual to act as the claimant's representative, and further authorizing direct access to records pertinent to the claim, will be accepted as a power of attorney.

(b) Representation may be provided by an individual pursuant to this section one time only. An exception to this limitation may be granted by the General Counsel in unusual circumstances. Among the factors which

may be considered in determining whether an exception will be granted are:

(1) The number of accredited representatives and claims agents operating in the claimant's geographic region;

(2) Whether the claimant has unsuccessfully sought representation from other sources;

(3) The nature and status of the claim; and

(4) Whether there exists unique circumstances which would render alternative representation inadequate.

**§ 14.631 Powers of attorney.**

(a) A power of attorney, executed on either Department of Veterans Affairs Form 21-22 (Appointment of Veterans Service Organization as Claimant's Representative) or Department of Veterans Affairs Form 22a (Appointment of Attorney or Agent as Claimant's Representative), is required to represent a claimant, except when representation is by an attorney who complies with paragraph (b) of this section or when representation by an individual is authorized under §14.630. The power of attorney shall meet the following requirements:

(1) Contain signature by:

(i) The claimant, or

(ii) The claimant's guardian, or

(iii) In the case of an incompetent, minor, or otherwise incapacitated person without a guardian, the following in the order named—spouse, parent, other relative or friend (if interests are not adverse), or the director of the hospital in which the claimant is maintained; and

(2) Shall be presented to the appropriate Department of Veterans Affairs office for filing in the veteran's claims folder.

(b) An attorney engaged by a client may state in a signed writing on his or her letterhead that the attorney is authorized to represent the claimant. This evidence of authorization shall be equivalent to an executed power of attorney and shall be presented to the Department of Veterans Affairs regional office that has jurisdiction over

the claim for filing the claimant's claims folder.

(c) The Secretary may, for any purpose, treat a power of attorney naming as a claimant's representative an organization recognized under §14.628, a particular office of such an organization, or an individual representative of such an organization as an appointment of the entire organization as the claimant's representative, unless the claimant specifically indicates in the power of attorney a desire to appoint only the individual representative. Such specific indication must be made in the space on the power-of-attorney form for designation of the representative and must use the word "only" with reference to the individual representative.

(d) An organization, representative, agent, or attorney named in a power of attorney executed pursuant to paragraph (a) of this section may decline to accept appointment as a claimant's representative by so notifying the claimant and the agency of original jurisdiction in writing prior to taking any action on the claimant's behalf before the Department of Veterans Affairs after execution of the power of attorney by the claimant.

NOTE TO §14.631(d): Written notification to VA may be submitted via hand delivery, mail, electronic mail, or facsimile.

(e) Questions concerning the validity or effect of powers of attorney shall be referred to the Regional Counsel of jurisdiction for initial determination. This determination may be appealed to the General Counsel.

(f)(1) Only one organization, representative, agent, or attorney will be recognized at one time in the prosecution of a particular claim. Except as provided in §14.629(c) and paragraph (f)(2) of this section, all transactions concerning the claim will be conducted exclusively with the recognized organization, representative, agent, or attorney of record until notice of a change, if any, is received by the appropriate office of the Department of Veterans Affairs.

(2) An organization named in a power of attorney executed in accordance with paragraph (a) of this section may employ an attorney to represent a claimant in a particular claim. Unless

the attorney is an accredited representative of the organization, the written consent of the claimant shall be required.

(g)(1) A power of attorney may be revoked at any time, and an attorney may be discharged at any time. Unless a claimant specifically indicates otherwise, the receipt of a new power of attorney shall constitute a revocation of an existing power of attorney.

(2) If an attorney submits a letter concerning representation under paragraph (b) of this section regarding a particular claim, or a claimant authorizes a person to provide representation in a particular claim under §14.630, such specific authority shall constitute a revocation of an existing general power of attorney filed under paragraph (a) of this section only as it pertains to, and during the pendency of, that particular claim. Following the final determination of such claim, the general power of attorney shall remain in effect as to any new or reopened claim.

### § 14.632 Determination of qualifications.

If challenged, the qualifications of prospective representatives or agents shall be verified by the Regional Counsel of jurisdiction. The report of the Regional Counsel, if any, including any recommendation of the Department of Veterans Affairs facility director, and the application shall be transmitted to the General Counsel for final action. If the designee is disapproved by the General Counsel, the reasons will be stated and an opportunity will be given to submit additional information. **§ 14.633 Termination of accreditation of agents, attorneys, and representatives.**

(a) Accreditation may be canceled at the request of an agent, attorney, representative, or organization.

(b) Accreditation shall be canceled at such time a determination is made that any requirement of §14.629 is no longer met by an agent, attorney, or representative.

(c) Accreditation shall be canceled when the General Counsel finds, by clear and convincing evidence, one of the following:

(1) Violation of or refusal to comply with the laws administered by the Department of Veterans Affairs or with the regulations governing practice before the Department of Veterans Affairs;

(2) Knowingly presenting or prosecuting a fraudulent claim against the United States, or knowingly providing false information to the United States;

(3) Demanding or accepting unlawful compensation for preparing, presenting, prosecuting, or advising or consulting, concerning a claim;

(4) Any other unlawful, unprofessional, or unethical practice. (Unlawful, unprofessional, or unethical practice shall include but not be limited to the following—deceiving, misleading or threatening a claimant or prospective claimant; neglecting to prosecute a claim for 6 months or more; failing to furnish a reasonable response within 90 days of request for evidence by the Department of Veterans Affairs, or willfully withholding an application for benefits.)

(d) Accreditation shall be canceled when the General Counsel finds an agent's, attorney's, or representative's performance before the Department of Veterans Affairs demonstrates a lack of the degree of competence necessary to adequately prepare, present, and prosecute claims for veteran's benefits.

(e) As to cancellation of accreditation under paragraphs (b), (c) or (d) of this section, upon receipt of information from any source indicating failure to meet the requirements of §14.629, improper conduct, or incompetence, the Regional Counsel of jurisdiction shall initiate an inquiry into the matter. If the matter involves an accred-

ited representative of a recognized organization, this inquiry shall include contact with the representative's organization.

(1) If the result of the inquiry does not justify further action, the Regional Counsel will close the inquiry and maintain the record for 3 years.

(2) If the result of the inquiry justifies further action, the Regional Counsel shall take the following action:

(i) As to representatives, suspend accreditation immediately and notify the representative and the representative's organization of the suspension and of an intent to cancel accreditation. The notice to the representative will also state the reasons for the suspension and impending cancellation, and inform the representative of a right to request a hearing on the matter or to submit additional evidence within 10 working days following receipt of such notice. Such time may be extended for a reasonable period upon a showing of sufficient cause.

(ii) As to agents or attorneys, inform the General Counsel of the result of the inquiry and notify the agent or attorney of an intent to cancel accreditation. The notice will also state the reason(s) for the impending cancellation and inform the party of a right to request a hearing on the matter or to submit additional evidence within 10 working days of receipt of such notice. Such time may be extended for a reasonable period upon a showing of sufficient cause.

(iii) In the event that a hearing is not requested, the Regional Counsel shall forward the record to the General Counsel for final determination.

(f) If a hearing is requested, a hearing officer will be appointed by the Director of the regional office involved. The hearing officer shall not be from the Office of the Regional Counsel. The hearing officer will have authority to administer oaths. A member of the Regional Counsel's office will present the evidence. The party requesting the hearing will have a right to counsel, to present evidence, and to cross-examine witnesses. Upon request of the party requesting the hearing, an appropriate Department of Veterans Affairs official designated in §2.1 of this chapter may

The hearing shall be conducted in an informal manner and court rules of evidence shall not apply. Testimony shall be recorded verbatim. The hearing officer shall submit the entire hearing transcript, any pertinent records or information, and a recommended finding to the Regional Counsel within 10 working days after the close of the hearing. The Regional Counsel will immediately forward the entire record to the General Counsel for decision.

(g) The decision of the General Counsel is final. The effective date for termination of accreditation shall be the date upon which a final decision is rendered. The records of the case will be maintained in the General Counsel's office for 3 years.

(a) An applicant for read-only access to VBA automated claims records from a location other than a VA Regional Office must be:

(1) An organization, representative, attorney or agent approved or accredited by VA under §§14.626 through 14.635; or

(2) An attorney of record for a claimant in proceedings before the Court of Veterans Appeals or subsequent proceedings who requests access to the claimant's automated claims records as part of the representation of the claimant.

(b) The hardware, modem and software utilized to obtain access, as well as their location, must be approved in advance by VBA.

(c) Each individual and organization approved for access must sign and return a notice provided by the Regional Office Director (or the Regional Office Director's designee) of the Regional Office of jurisdiction for the claim. The notice will specify the applicable operational and security requirements for access and an acknowledgment that the breach of any of these requirements is grounds for disqualification from access.

### § 14.642 Utilization of access.

(a) Once an individual or organization has been issued the necessary passwords to obtain read-only access to

the automated claims records of individuals represented, access will be exercised in accordance with the following requirements:

(1) The individual or organization will obtain access only from equipment and software approved in advance by the Regional Office from the location where the individual or organization primarily conducts its representation activities which also has been approved in advance;

(2) The individual will use only his or her assigned password to obtain access;

(3) The individual will not reveal his or her password to anyone else, or allow anyone else to use his or her password;

(4) The individual will access only the VBA automated claims records of VA claimants who are represented by the person obtaining access or by the organization employing the person obtaining access;

(5) The individual will access a claimant's automated claims record solely for the purpose of representing that claimant in a claim for benefits administered by VA;

(6) Upon receipt of the password, the individual will destroy the hard copy; no written or printed record containing the password will be retained; and

(7) The individual and organization will comply with all security requirements VBA deems necessary to ensure the integrity and confidentiality of the data and VBA's automated computer systems.

(b) An organization granted access shall ensure that all employees provided access in accordance with these regulations will receive regular, adequate training on proper security, including the items listed in §14.643(a). Where an individual such as an attorney or registered agent is granted access, he or she will regularly review the security requirements for the system as set forth in these regulations and in any additional materials provided by VBA.

(c) VBA may, at any time without notice:

(1) Inspect the computer hardware and software utilized to obtain access and their location;

(2) Review the security practices and training of any individual or organiza-

tion granted access under these regulations; and

(3) Monitor an individual's or organization's access activities. By applying for, and exercising, the access privileges under §§14.640 through 14.643, the applicant expressly consents to VBA monitoring the access activities of the applicant at any time.

**§ 14.643 Disqualification.**

(a) The Regional Office Director or the Regional Office Director's designee may revoke an individual's or an organization's access privileges to a particular claimant's records because the individual or organization no longer represents the claimant, and, therefore, the beneficiary's consent is no longer in effect. The individual or organization is no longer entitled to access as a matter of law under the Privacy Act, 5 U.S.C. 552a, and 38 U.S.C. 5701 and 7332. Under these circumstances, the individual or organization is not entitled to any hearing or to present any evidence in opposition to the revocation.

(b) The Regional Office Director or the Regional Office Director's designee may revoke an individual's or an organization's access privileges either to an individual claimant's records or to all claimants' records in the VBA automated claims benefits systems if the individual or organization:

(1) Violates any of the provisions of §§14.640 through 14.643;

(2) Accesses or attempts to access data for a purpose other than representation of an individual veteran;

(3) Accesses or attempts to access data other than the data specified in these regulations;

(4) Accesses or attempts to access data on a VA beneficiary who is not represented either by the individual who obtains access or by the organization employing the individual who obtains access;

(5) Utilizes unapproved computer hardware or software to obtain or attempt to obtain access to VBA computer systems;

(6) Modifies or attempts to modify data in the VBA computer systems.

(c) If VBA is considering revoking an individual's access under §14.643(b), and

that individual works for an organization, the Regional Office of jurisdiction will notify the organization of the pendency of the action.

(d) After an individual's access privileges are revoked, if the conduct which resulted in revocation was such that it merits reporting to an appropriate governmental licensing organization such as a State bar, the VBA Regional Office of jurisdiction will immediately inform the licensing organization in writing of the fact that the individual's access privileges were revoked and the reasons why.

(e) The VBA Regional Office of jurisdiction may temporarily suspend access privileges prior to any determination on the merits of the proposed revocation where the Regional Office Director or the Director's designee determines that such immediate suspension is necessary in order to protect the integrity of the system or confidentiality of the data in the system from a reasonably foreseeable compromise. However, in such case, the Regional Office shall offer the individual or organization an opportunity to respond to the charges immediately after the temporary suspension.

##### § 14.665 Claims.

(a) The claim must be presented in writing on VA Form 2-4760, Employee's Claim for Reimbursement for Personal Property Damaged or Lost Incident to Employment. It will be submitted to the personnel office where the claim originates within 2 years after it accrues except that if the claim accrues in time of war or in time of armed conflict in which any Armed Force of the United States is engaged or if such war or armed conflict intervenes within 2 years after it accrues, and if good cause is shown, the claim may be presented not later than 2 years after that cause ceases to exist. The claim must be executed and certified by the officer or the employee suffering the loss or damage, or in the event of his or her death, by the surviving spouse, children, father or mother or both, or brothers or sisters or both. Claims of survivors shall be settled and paid in the order named. All claims must contain the following:

(1) The date, time, and place the loss or damage occurred and the circumstances surrounding such loss or damage, together with the supporting statements of any witnesses who can verify such facts.

(2) In the event of damage, the date of acquisition, original cost, condition before damage, and at least two estimates of the cost of repair or replacement. Where a recovery from the carrier or his or her insurer has been obtained or offered, such information shall be included.

(b) The Personnel Officer receiving the claim will forward same to the person designated to investigate accidents at the station pursuant to §14.605 within 5 days after receipt.

(c) The employee designated pursuant to §14.605 will ascertain if such claim is complete in all respects and conduct such investigation as is necessary to establish all facts required to properly evaluate the claim both as to merit and the reasonable amount payable for the loss or damage. Where it is indicated that the claimant may have a potential claim against other than the United States, the employee designated will secure a suitable assignment of all right and title to such claim, to the extent the United States makes reimbursement, and the agreement of the claimant to furnish such evidence as may be necessary to pursue such claim. If the potential claim is against a carrier or insurer, the employee designated will ascertain that the claimant has filed a timely proper claim and procure evidence thereof. The employee designated will also include information concerning any offer of settlement the carrier may have made. The completed investigation, original claim and supporting evidence will be forwarded to the appropriate Regional Counsel.

### § 14.666 Regional Counsel responsibility.

(a) The Regional Counsel having jurisdiction will conduct such additional investigation as is deemed necessary to establish all facts required. If the claimant has a potential claim for indemnification against other than the United States, the Regional Counsel will ascertain that a suitable assignment, legally enforceable, of all right and title to such claim, to the extent the United States makes reimbursement, and the agreement of the claimant to furnish such evidence as may be necessary to pursue such claim is of record. If such potential claim is against a carrier or insurer, the Regional Counsel will ascertain that claimant has filed a timely proper

claim against the carrier or insurer and review same for legal sufficiency.

(b) The Regional Counsel having jurisdiction over a claim will not authorize payment thereon unless the requirement of §§14.664 through 14.667 are met. In determining the equitable value of a claim, the depreciation schedule issued by the General Counsel will be used as a guide.

[42 FR 41422, Aug. 17, 1977]

### § 14.667 Claims payable.

(a) No claim shall be paid unless timely filed in proper form as provided in §14.665 and the preponderance of the evidence establishes that the loss or damage:

(1) Actually occurred and the amount claimed is reasonable,

(2) Was incident to the employee's service and his or her possession of the property was reasonable, useful, or proper under the circumstances,

(3) Did not occur at quarters occupied within the 50 States or the District of Columbia that were not assigned to the claimant or otherwise provided in kind by the United States.

(4) Was not caused wholly or partly by the negligent act of claimant, the claimant's agent, or employee, and that the claimant has no right to indemnification for the loss or damage from other than the United States, except to the extent that the claimant assigns such right to the United States and agrees to furnish evidence required to enable the United States to enforce such right. In the event there is a right to recovery for the loss or damage from a carrier or insurer the claimant will be required to file a timely claim for such recovery before consideration of the claim against the United States.

(b) No claim for the cost of repair or replacement of personal property of employees damaged or destroyed by patients or domiciliary members while such employees are engaged in the performance of official duties shall be entertained under §§14.664 through 14.667, unless claim filed pursuant to 38 U.S.C. 703(a)(5) (§17.78 of this chapter) has been finally denied for the reason that

## § 14.668

such claim did not meet the criteria established by that law.

(a) *Disallowed claims.* Claimants will be promptly notified of the disallowance of a claim and the reasons therefor.

(b) *Allowed claims—(1) Reimbursement in kind.* Where a claim is allowed and it is determined to be to the advantage of the Government, reimbursement will be made in kind. The official authorizing settlement will request the Director, Supply Service, Veterans Health Services and Research Administration, to procure the necessary article or articles and deliver same to the claimant.

(2) *Reimbursement by check.* The official authorizing settlement will forward allowed claims, other than those requiring reimbursement in kind, to the Finance activity at the Department of Veterans Affairs installation where the claim arose. That activity will audit the claim, which if found proper for payment, will be scheduled on SF 1166, Voucher and Schedule of Payments, and forwarded to the appropriate Regional Disbursing Office for payment.

### § 14.669 Fees of agents or attorneys; penalty.

The Military Personnel and Civilian Employees' Claims Act of 1964 (Pub. L. 88-558; 78 Stat. 767) was amended by Pub. L. 89-185 (79 Stat. 789), on September 15, 1965, by adding a new section which provided that no more than 10 percent of the amount paid in settlement of each individual claim submitted and settled under the authority of the Act shall be paid or delivered to or received by any agent or attorney on account of services rendered in connection with that claim. Any person violating the provisions of this Act is deemed to be guilty of a misdemeanor and upon conviction thereof shall be fined in any sum not exceeding \$1,000.

### COMMITMENTS—FIDUCIARIES

SOURCE: 42 FR 41422, Aug. 17, 1977, unless otherwise noted.

### § 14.700 Court cost and expenses; commitment, restoration, fiduciary appointments.

It is the responsibility of the Regional Counsel to assure the protection of the veteran, his or her beneficiaries, and their estates in State court proceedings involving commitment and restoration, and the appointment of fiduciaries. To this end certain expenses such as court costs, publication fees, recording fees, transportation expenses and fees for medical testimony may be authorized by the Regional Counsel. Payment of these costs will be borne by the administration concerned. However, every effort will be made by the Regional Counsel to avoid having these costs imposed on the Department of Veterans Affairs. The travel and per diem cost of the Regional Counsel personnel will be borne by the Regional Counsel.

### § 14.701 Commitment and restoration proceedings.

(a) *State institutions.* Regional Counsels are authorized to cooperate with State courts, including the production of required records in the commitment of veterans to State hospitals or in their restoration to full civil rights.

(b) *Department of Veterans Affairs institutions—(1) Assistance to courts in commitment proceedings.* The Regional Counsel will render assistance to the courts in cases involving the commitment of mentally ill veterans to the Department of Veterans Affairs. To this end, the Regional Counsel may:

(i) Produce Department of Veterans Affairs records.

(ii) Appear in court and present material facts.

(iii) When authorized to institute commitment proceedings under paragraph (b)(2) of this section, prepare and present all necessary legal papers, and arrange and authorize transportation costs of veterans and attendants at Department of Veterans Affairs expense (§§ 14.703 and 14.704).

(2) *Commitment proceedings.* If a mentally ill veteran will accept hospitalization voluntarily, no action will be initiated by any Department of Veterans Affairs employee to commit such veteran. If the veteran will not accept hospitalization, or after being voluntarily hospitalized by the Department of Veterans Affairs demands his or her release, and hospitalization is necessary for the veteran's safety or the safety of others, the Regional Counsel (if a relative of the veteran or other interested person has not done so) may institute proceedings to commit the veteran to the Department of Veterans Affairs subject to the following conditions:

(i) That the written consent of the veteran's nearest relative has been obtained. If the nearest relative cannot be readily contacted or refuses to consent, coupled with inability or refusal to offer adequate alternative care, the Regional Counsel may initiate the action if the petition is signed by another relative, a civil official or representative of a cooperating agency or other person authorized by State law.

(ii) If timely action cannot be taken under paragraph (b)(2)(i) of this section, the Hospital or Clinic Director, or designee, may sign the petition if permissible under State law, and the Regional Counsel will then take any action necessary to bring the matter before the appropriate court.

(3) *Illegal commitment.* When a hospitalized veteran, previously committed to the Department of Veterans Affairs, demands release and continued hospitalization is necessary for the veteran's safety or the safety of others, and the Regional Counsel determines the commitment to be illegal, immediate action will be taken to obtain a legal commitment.

(4) *Restoration proceedings.* When a veteran has been a committed patient in a Department of Veterans Affairs hospital and is subsequently rated competent by the Department of Veterans Affairs, the Regional Counsel upon request, may institute proceedings necessary to restore the veteran to full civil rights.

**§ 14.702 Medical testimony in commitment or restoration proceedings.**

(a) *Commitment.* When permissible under State law, Department of Veterans Affairs physicians, upon request of the Regional Counsel, will sign interrogatories or certificates of mental illness or insanity and, unless unavailable, as provided in paragraph (c) of this section, will testify in proceedings which the Regional Counsel is authorized to institute under § 14.701 to commit eligible veterans to the Department of Veterans Affairs.

(b) *Restoration.* (1) When permissible under State law, Department of Veterans Affairs physicians, upon the request of the Regional Counsel, will testify in proceedings brought for the purpose of restoring a committed veteran to full civil rights when the veteran is a committed patient in a Department of Veterans Affairs hospital.

(2) The Director of a Department of Veterans Affairs hospital or the Regional Counsel upon discharge of the veteran, may furnish a certificate of sanity or such similar certificate to the proper civil authorities.

(c) *Employment of private physicians.* When testimony of Department of Veterans Affairs physicians is prohibited or is unavailable because of a duty assignment, comparative expense or other valid reason, the Director of the Department of Veterans Affairs hospital, upon recommendation of the Regional Counsel, may employ any qualified physician for preliminary examination of the veteran and for testimony in any commitment or restoration proceeding which the Regional Counsel is authorized to institute under § 14.701, and authorize the payment of a fee not to exceed the prescribed fee, or in the absence thereof, the customary fee charged for the service rendered.

**§ 14.703 Costs in commitment or restoration proceedings.**

(a) When authorized to institute a proceeding under § 14.701, the Regional Counsel may authorize in advance or thereafter the payment or reimbursement of costs and other expenses for which the veteran is legally liable, including publication of notice necessary to accomplish the commitment.

(b) The Regional Counsel also may authorize the payment of necessary costs and expenses for which the veteran is legally liable incident to his or her restoration to full civil rights in any case in which the Regional Counsel is authorized to institute restoration proceedings under § 14.701(b)(4).

**§ 14.704 Authorization of transportation necessary for commitment of a veteran beneficiary.**

When a mentally ill veteran who should be committed is hospitalized by the Department of Veterans Affairs and under the law of the State wherein the hospital is located, a commitment may not be had locally, the veteran may be returned temporarily to the jurisdiction of the appropriate court in order that the commitment can be accomplished. If the veteran is in a Department of Veterans Affairs hospital, the Hospital Director may authorize travel of the veteran and an attendant or attendants, if necessary, upon request of the Regional Counsel. If the veteran is being maintained in a non-Department of Veterans Affairs hospital, the Director of the facility authorizing and paying for the care may authorize such travel upon request of the Regional Counsel.

**§ 14.705 Authority to file petitions for appointment of fiduciaries in State courts.**

(a) *Adult beneficiary.* The Regional Counsel is authorized to file or cause to be filed on behalf of a petitioner in a case coming within § 14.706(a) a petition for the appointment of a fiduciary and all necessary legal papers for an adult beneficiary only if it has been determined that alternative methods of payment would not be to the best interests of the beneficiary and when the Regional Counsel has obtained the written consent of:

(1) The beneficiary's spouse.

(2) The beneficiary's adult child, parent, adult brother or sister if the beneficiary is unmarried, or consent of the spouse is immaterial because of estrangement or mental incapacity, or refusal to consent coupled with failure to offer adequate alternative means for providing for the beneficiary's needs.

(3) A civil official or representative of a cooperating agency when none of the relative listed in paragraph (a) (1) and (2) of this section can be located after reasonable inquiry or those located are not mentally competent to consent or refuse without offering adequate alternative means for providing for the needs of the beneficiary.

(b) *Minor beneficiaries.* The Regional Counsel is authorized to file or cause to be filed on behalf of a petitioner in a case coming within § 14.706(a) a petition for the appointment of a fiduciary for a minor. If permissible under the law of the jurisdiction concerned and if it has been determined that protection of the minor's rights under laws administered by the Department of Veterans Affairs requires the appointment, provided: the written consent of the minor's natural or adoptive parent or parents or the person or persons occupying the relationship of "in loco parentis," as defined, by the law of the jurisdiction, in which they reside has been obtained. The Regional Counsel will not institute a court proceeding for the appointment of a fiduciary over the objections of such parent or parents if they are sui juris unless the parent or parents have abandoned the minor or have otherwise refused to meet their parental obligations toward the minor or they have previously been appointed or recognized as the minor's fiduciary and failed to properly execute the duties of their trust. If the minor has no parent or the parent or parents are not sui juris, the Regional Counsel may file the petition without the consent of any relative.

(c) *Court-appointed fiduciaries.* In court-appointed fiduciary cases, the Regional Counsel may appear in the court of appointment or in any court having original, concurrent, or appellate jurisdiction, and make proper presentation relating to the foregoing matters. The Regional Counsel's authority includes by is not limited to:

(1) Petitioning the court to cite a fiduciary to account;

(2) Filing exceptions to accountings;

(3) Requiring fiduciaries to file bonds or make any necessary adjustments;

(4) Requiring investments;

(5) Filing petitions to vacate or modify court orders;

## Department of Veterans Affairs

## § 14.708

(6) Appearing or intervening in any State court as attorney for the Secretary of Veterans Affairs in litigation instituted by the Secretary or otherwise affecting money paid to such fiduciary by the Department of Veterans Affairs;

(7) Incurring necessary court costs and other expenses, including witness fees, appeal bonds, advertising in any newspaper or other publication, preparing briefs or transcripts, purchase of records of trial or other records;

(8) Instituting any other action necessary to secure proper administration of the estate of a Department of Veterans Affairs beneficiary, such as filing petitions for the removal of a fiduciary and appointment of a successor;

(9) Taking appropriate action to recover funds improperly disbursed.

(d) *Appeal.* Unless a trial is de novo, no appeal shall be taken to an appellate court and no costs incurred in connection therewith without the prior approval of the General Counsel and the Under Secretary for Benefits or their designees.

### § 14.706 Legal services in behalf of beneficiaries.

(a) The Regional Counsel may furnish legal services in behalf of minor and incompetent beneficiaries of the Department of Veterans Affairs in fiduciary appointment and estate administration matters involving Department of Veterans Affairs benefits or property derived therefrom when the beneficiary's estate or income is not sufficient to justify the employment of an attorney.

(b) The Regional Counsel may also furnish legal services in hardship situations when restoration from legal disability is a condition of precedent to direct payment of Department of Veterans Affairs benefits.

(c) Where the fiduciary does not in due course institute the necessary action to terminate the trust relationship and the beneficiary requests representation by the Regional Counsel or in any such case where there is in question the proper administration of the estate, the Regional Counsel may file the necessary action and supply legal services. Costs, unless assessed against the fiduciary, should be charged to the estate of the beneficiary.

### § 14.707 Authorization of transportation of a veteran beneficiary for appointment of a fiduciary.

When the appointment of a fiduciary is required for an incompetent veteran hospitalized by the Department of Veterans Affairs and, under the law of the State wherein the hospital is located, the appointment cannot be had locally, the veteran may be returned temporarily to the jurisdiction of the appropriate court in order that the appointment can be accomplished. If the veteran is in a Department of Veterans Affairs hospital, the Hospital Director, upon request of the Regional Counsel, may authorize travel of the veteran and an attendant or attendants, if necessary. If the veteran is being maintained in a non-Department of Veterans Affairs hospital, the Director of the facility authorizing and paying for the care may authorize such travel upon request of the Regional Counsel.

### § 14.708 Costs and other expenses incident to appointment of fiduciary.

(a) The Regional Counsel may authorize the payment of costs and other necessary expenses incident to the appointment of an initial or successor fiduciary for a Department of Veterans Affairs beneficiary when:

(1) Authorized to render legal services under § 14.706.

(2) Appointment was caused by the Department of Veterans Affairs and it develops that no benefits are payable and there is no estate from which costs may be paid.

(3) Costs must be advanced when there is no immediate estate from which same may be paid. These costs are to be recovered from benefits payable unless the case falls within paragraph (a)(1) of this section.

(b) Costs and necessary expenses include:

(1) All those chargeable by statute or rule of court and certified by the clerk of court.

(2) Certified copies of court records required by the Department of Veterans Affairs.

(3) Fees for guardian ad litem when chargeable as court costs and required by State law.

**§ 14.709**

**38 CFR Ch. I (7-1-03 Edition)**

**§ 14.709 Surety bonds; court-appointed fiduciary.**

(a) It is the policy of the Department of Veterans Affairs to require, where possible under State laws and rules of the court, corporate surety bonds in all court-appointed fiduciary cases where the fiduciary is an individual and the estate is sufficient to justify the expense of procuring a corporate surety bond. Corporate bonds may be required of corporate fiduciaries in accordance with State laws. In cases wherein fiduciaries neglect or refuse to furnish corporate bonds, as requested by the Regional Counsel, the Regional Counsel should take appropriate court action and notify the Veterans Services Officer.

(b) When it is not practical or feasible to require a fiduciary to furnish a corporate surety bond, the Regional Counsel is authorized to accept bonds with such number of personal sureties as is permissible under State law, but in no event less than one. To be acceptable for Department of Veterans Affairs purposes, each personal surety must be worth at least the penal sum named in the bond over and above all debts, liabilities and exemptions and qualify in accordance with the requirements of State law. The Regional Counsel will request suitable evidence of financial responsibility whenever there is any question as to the ability of a personal surety to meet any probable liability. When suitable evidence is not furnished as requested, or financial responsibility is found to be insufficient to meet the penal sum of the bond, the Regional Counsel should take appropriate court action and notify the Veterans Services Officer.

(c) It is the policy of the Department of Veterans Affairs to require surety bonds in an amount commensurate with value of the personal estate derived from Department of Veterans Affairs benefits plus the anticipated net income from Department of Veterans Affairs benefits received during the ensuing accounting period. In cases where the fiduciaries neglect or refuse to furnish surety bonds in the amount requested by the Regional Counsel, the Regional Counsel should take appropriate court action and notify the Veterans Service Officer. When permissible

under State law, the Regional Counsel may accept, without objection, a lesser degree of protection approved by the court when it is determined that such action will adequately protect the beneficiary's estate.

(b) *Request.* Any informal request, by whatever method, from a party, a party's attorney, or any person acting on behalf of a party, for the production of VA records or information or for the testimony of VA personnel as witnesses, which has not been ordered by a court of competent jurisdiction or other specific authority or under color of law.

(c) *VA personnel.* All present and former officers and employees of the VA and any other individuals who are or have been appointed by, or subject to the supervision, jurisdiction, or control of the Secretary of Veterans Affairs or another official of the VA, including nonappropriated fund activity employees, and other individuals hired through contractual agreements by or on behalf of the VA, or performing services under such agreements for VA,

such as consultants, contractors, sub-contractors, their employees and personnel. This phrase also includes individuals who served or are serving on any advisory committee or in any advisory capacity, whether formal or informal.

(d) *Legal proceedings.* All pretrial, trial, and post-trial stages of all existing or reasonably anticipated judicial or administrative actions, hearings, investigations, or similar proceedings before courts, commissions, boards, or other tribunals, foreign or domestic that are not specified in §14.801(b). This phrase includes depositions and other pretrial proceedings, as well as responses to formal or informal requests by attorneys or others in situations involving legal proceedings not specified in §14.801(b).

(e) *Official VA information.* All information of any kind, however stored, that is in the custody and control of VA or was acquired by VA personnel as part of their official duties or because of their official status.

(f) *Testimony.* Testimony in any form, including personal appearances in court, depositions, recorded interviews, telephonic, televised or videotaped testimony or any response during discovery or similar proceedings, which response would involve more than the production of records.

(g) *VA records.* All documents which are records of the Department of Veterans Affairs for purposes of the Freedom of Information Act, 5 U.S.C. 552, regardless of storage media, including the term "record" as defined in 44 U.S.C. 3301, and implementing regulations.

### § 14.803 Policy.

(a) VA personnel may provide testimony or produce VA records in legal proceedings covered by §§14.800 through 14.810 only as authorized in accordance with these regulations. In determining whether to authorize testimony or the production of records, the determining official will consider the effect in this case, as well as in future cases generally, based on the factors set forth in §14.804, which testifying or producing records not available for public disclo-

sure will have on the ability of the agency or VA personnel to perform their official duties.

(b) The Department of Veterans Affairs does not seek to deny its employees access to the courts as citizens, or in the employees' private capacities on off-duty time.

(c) The Department of Veterans Affairs does not seek to deny the Nation's veterans access to the courts.

(Authority: 38 U.S.C. 501 (a) and (b); 5 U.S.C. 301)

### § 14.804 Factors to consider.

In deciding whether to authorize the disclosure of VA records or information or the testimony of VA personnel, VA personnel responsible for making the decision should consider the following types of factors:

(a) The need to avoid spending the time and money of the United States for private purposes and to conserve the time of VA personnel for conducting their official duties concerning servicing the Nation's veteran population;

(b) How the testimony or production of records would assist VA in performing its statutory duties;

(c) Whether the disclosure of the records or presentation of testimony is necessary to prevent the perpetration of fraud or other injustice in the matter in question;

(d) Whether the demand or request is unduly burdensome or otherwise inappropriate under the applicable court or administrative rules;

(e) Whether the testimony or production of records, including release in camera, is appropriate or necessary under the rules of procedure governing the case or matter in which the demand or request arose, or under the relevant substantive law concerning privilege;

(f) Whether the testimony or production of records would violate a statute, executive order, regulation or directive. (Where the production of a record or testimony as to the content of a record or about information contained in a record would violate a confidentiality statute's prohibition against disclosure, disclosure will not be made. Examples of such statutes are the Privacy Act, 5 U.S.C. 552a, and sections

5701, 5705 and 7332 of title 38, United States Code.);

(g) Whether the testimony or production of records, except when *in camera* and necessary to assert a claim of privilege, would reveal information properly classified pursuant to applicable statutes or Executive Orders;

(h) Whether the testimony would interfere with ongoing law enforcement proceedings, compromise constitutional rights, compromise national security interests, hamper VA or private health care research activities, reveal sensitive patient or beneficiary information, interfere with patient care, disclose trade secrets or similarly confidential commercial or financial information or otherwise be inappropriate under the circumstances.

(i) Whether such release or testimony reasonably could be expected to result in the appearance of VA or the Federal government favoring one litigant over another;

(j) Whether such release or testimony reasonably could be expected to result in the appearance of VA or the Federal government endorsing or supporting a position advocated by a party to the proceeding;

(k) The need to prevent the public's possible misconstruction of variances between personal opinions of VA personnel and VA or Federal policy.

(l) The need to minimize VA's possible involvement in issues unrelated to its mission;

(m) Whether the demand or request is within the authority of the party making it;

(n) Whether the demand or request is sufficiently specific to be answered;

(o) Other matters or concerns presented for consideration in making the decision.

(Authority: 38 U.S.C. 501 (a) and (b); 5 U.S.C. 301)

### § 14.805 Contents of a demand or request.

The request or demand for testimony or production of documents shall set forth in, or be accompanied by, an affidavit, or if that is not feasible, in, or accompanied by, a written statement by the party seeking the testimony or records or by the party's attorney, a summary of the nature and relevance

of the testimony or records sought in the legal proceedings containing sufficient information for the responsible VA official to determine whether VA personnel should be allowed to testify or records should be produced. Where the materials are considered insufficient to make the determination as described in § 14.807, the responsible VA official may ask the requester to provide additional information.

(Authority: 38 U.S.C. 501 (a) and (b); 5 U.S.C. 301)

### § 14.806 Scope of testimony or production.

VA personnel shall not, in response to a request or demand for testimony or production of records in legal proceedings, comment or testify or produce records without the prior written approval of the responsible VA official designated in § 14.807(b). VA personnel may only testify concerning or comment upon official VA information, subjects or activities, or produce records, that were specified in writing, submitted to and properly approved by the responsible VA official.

(Authority: 38 U.S.C. 501 (a) and (b); 5 U.S.C. 301)

### § 14.807 Procedure when demand or request is made.

(a) VA personnel upon whom a demand or request for testimony or the production of records in connection with legal proceedings as defined in § 14.802(d) is made shall notify the head of his or her field station, or if in Central Office, the head of the component for which he or she works. The field station or Central Office component shall notify the responsible VA official designated in § 14.807(b).

(b) In response to a demand or request for the production of records or the testimony of VA personnel, other than personnel in the Office of the Inspector General (OIG), as witnesses in legal proceedings covered by these regulations, the General Counsel, the Regional Counsel, an attorney in the Office of General Counsel designated by the General Counsel, or an attorney in the Regional Counsel office designated by the Regional Counsel is the responsible VA official authorized to determine whether VA personnel may be

interviewed, contacted or used as witnesses, including used as expert witnesses, and whether VA records may be produced; and what, if any, conditions will be imposed upon such interview, contact, testimony or production of records. For personnel in the OIG, the Counselor to the Inspector General or an attorney designated by the Counselor to the Inspector General, is the responsible VA official authorized to make the determinations provided in §14.807, and that official will keep the General Counsel informed of such determinations for purposes of litigation or claims of privilege.

(c) In appropriate cases, the responsible VA official shall promptly notify the Department of Justice of the demand or request. After consultation and coordination with the Department of Justice, as required, and after any necessary consultation with the VA component which employs or employed the VA personnel whose testimony is sought or which is responsible for the maintenance of the records sought, the VA official shall determine in writing whether the individual is required to comply with the demand or request and shall notify the requester or the court or other authority of the determination reached where the determination is that VA will not comply fully with the request or demand. The responsible VA official shall give notice of the decision to other persons as circumstances may warrant. Oral approval may be granted, and a record of such approval made and retained in accordance with the procedures in §14.807(f) concerning oral requests or demands.

(d) If, after VA personnel have received a request or demand in a legal proceeding and have notified the responsible VA official in accordance with this section, a response to the request or demand is required before instructions from the responsible official are received, the responsible official designated in paragraph (b) of this section shall furnish the requester or the court or other authority with a copy of §§14.800 through 14.810 and any other relevant documentation, inform the requester or the court or other authority that the request or demand is being reviewed, and seek a stay of the request

or demand pending a final determination by the VA official concerned.

(e) If a court of competent jurisdiction or other appropriate authority declines to stay the effect of the demand or request in response to action taken pursuant to §14.807(d), or if such court or other authority orders that the demand or request be complied with notwithstanding the final decision of the appropriate VA official, the VA personnel upon whom the demand or request was made shall notify the responsible VA official of such ruling or order. If the responsible VA official determines that no further legal review of or challenge to the ruling or order will be sought, the affected VA personnel shall comply with the demand, order or request. If directed by the appropriate VA official after consultation with the appropriate United States Attorney's office, however, the affected VA personnel shall respectfully decline to comply with the demand, request or order. See *United States ex rel. Touhy v. Ragen*, 340 U.S. 462 (1951).

(f) Normally, written demands or requests allowing reasonable lead time for evaluation and processing are required. However, in emergency situations where response time is limited and a written demand or request is impractical, the following procedures should be followed:

(1) The responsible VA official has the authority to waive the requirement of a written demand or request and may expedite a response in the event of an emergency under conditions which could not be anticipated in the course of proper planning or which demonstrate a good faith attempt to comply with these regulations. Determinations on oral demands or requests should be reserved for instances where insistence on compliance with the requirements of a proper written request would result in the effective denial of the request and cause an injustice in the outcome of the legal proceeding for which the testimony or records are sought. No requester has a right to make an oral demand or request and receive a determination, however. Whether to permit such an exceptional procedure is a decision within the sole discretion of the responsible VA official.

## Department of Veterans Affairs

## § 14.808

(2) If the responsible VA official concludes that the demand or request, or any portion of it, should be granted (after considering the factors listed in § 14.804), the responsible VA official will then orally advise the requester of the determination in accordance with the procedures provided in § 14.807(c), including any limitations on such testimony or production of records, and seek a written confirmation of the oral demand or request. The responsible VA official will make a written record of the determination made concerning the oral demand or request, including the grant or denial, the circumstances requiring the procedure, and the conditions to which the requester agreed.

(Authority: 38 U.S.C. 501 (a) and (b); 5 U.S.C. 301)

### § 14.808 Expert or opinion testimony.

(a) VA personnel shall not provide, with or without compensation, opinion or expert testimony in any legal proceedings concerning official VA information, subjects or activities, except on behalf of the United States or a party represented by the United States Department of Justice. Upon a showing by the requester or court or other appropriate authority that, in light of the factors listed in § 14.804, there are exceptional circumstances and that the anticipated testimony will not be adverse to the interests of the Department of Veterans Affairs or to the United States, the responsible VA official designated in § 14.807(b) may, in writing, grant special authorization for VA personnel to appear and testify. If, despite the final determination of the responsible VA official, a court of competent jurisdiction or other appropriate authority, orders the expert or opinion testimony of VA personnel, the personnel shall notify the responsible VA official of such order. If the responsible VA official determines that no further legal review of or challenge to the order will be sought, the affected VA personnel shall comply with the order. If directed by the appropriate VA official after consultation with the appropriate United States Attorney's office, however, the affected VA personnel shall respectfully decline to comply with the demand, request or

order. See *United States ex rel. Touhy v. Ragen*, 340 U.S. 462 (1951).

(b)(1) If, while testifying in any legal proceeding, VA personnel are asked for expert or opinion testimony concerning official VA information, subjects or activities, which testimony has not been approved in advance in accordance with these regulations, the witness shall:

(i) Respectfully decline to answer on the grounds that such expert or opinion testimony is forbidden by these regulations;

(ii) Request an opportunity to consult with the responsible VA official mentioned in § 14.807(b) before giving such testimony;

(iii) Explain that, upon such consultation, approval for such testimony may be provided; and

(iv) Explain that providing such testimony absent such approval may expose the individual to criminal liability under 18 U.S.C. 201-209 and to disciplinary or other adverse personnel action.

(2) If the witness is then ordered by the body conducting the proceeding to provide expert or opinion testimony concerning official VA information, subjects or activities without the opportunity to consult with the appropriate VA official, the witness respectfully shall refuse to do so. See *United States ex rel. Touhy v. Ragen*, 340 U.S. 462 (1951).

(c) Upon notification by the witness of a request for opinion or expert testimony concerning official VA information, subjects or activities during § 14.802(d) legal proceedings, the responsible VA official shall follow the procedures contained in this section to determine whether such testimony shall be approved.

(d) If VA personnel who are unaware of these regulations provide expert or opinion testimony concerning official VA information, subjects or activities in any legal proceeding, including one mentioned in § 14.802(d) in which the United States is not already represented, without consulting with the responsible VA official, the witness, as soon after testifying as possible, shall inform the responsible VA official of the fact that such testimony was given

and provide a summary of the expert or opinion testimony given.

(Authority: 38 U.S.C. 501 (a) and (b); 5 U.S.C. 301)

### § 14.809 Demands or requests in legal proceedings for records protected by confidentiality statutes.

In addition to complying with the requirements of §§14.800 through 14.810, requests or demands in legal proceedings for the production of records, or for testimony of VA employees concerning information, protected by the Privacy Act, 5 U.S.C. 552a, or other confidentiality statutes, such as 38 U.S.C. 5701, 5705 and 7332, must satisfy the requirements for disclosure imposed by those statutes, and implementing regulations, such as 38 CFR 1.511, before the records may be provided or testimony given. Accordingly, the responsible VA official may first determine whether there is legal authority to provide the testimony or records sought under applicable confidentiality statutes before applying §§14.800 through 14.810. Where an applicable confidentiality statute mandates disclosure, §§14.800 through 14.810 will not apply.

(Authority: 38 U.S.C. 501 (a) and (b); 5 U.S.C. 301)

### § 14.810 Fees.

(a) The testimony of VA personnel as witnesses, particularly as expert witnesses, and the production of VA records in legal proceedings subject to §§14.800 through 14.810 are services which convey special benefits to the individuals or entities seeking such testimony or production of records above and beyond those accruing to the general public. These services are not regularly received by or available without charge to the public at large. Consequently, these are the sort of services for which the VA may establish a charge for providing under 31 U.S.C. 9701. The responsible VA official will determine all fees associated with §§14.800 through 14.810, and shall timely notify the requester of the fees, particularly those which are to be paid in advance.

(b)(1) When a request is granted under §14.808 to permit VA personnel to testify in whole or in part as to expert,

## 38 CFR Ch. I (7-1-03 Edition)

opinion or policy matters, the requester shall pay to the government a fee calculated to reimburse the cost of providing the witness. The fee shall include:

(i) Costs of the time expended by VA personnel to process and respond to the demand or request;

(ii) Costs of attorney time expended in reviewing the demand or request and any information located in connection with the demand or request;

(iii) Expenses generated by materials and equipment used to search for, produce, and copy the responsive information;

(iv) The cost of the time expended by the witness to prepare to testify; and

(v) Costs of travel by the witness and attendance at trial.

(2) All costs for documents necessary for such expert testimony shall be calculated as provided in VA regulations implementing the fee provisions of the Freedom of Information Act, 5 U.S.C. 552.

(c) When an individual testifies in legal proceedings covered by these regulations in any capacity other than as an expert witness, the requester shall pay to the witness the fee and expenses prescribed for attendance by the applicable rule of court. If no such fee is prescribed, the applicable Federal rule, such as a local Federal district court rule, will apply. No additional fee will be prescribed for the time spent while testifying or in attendance to do so.

(d) When a requester wishes to interview VA personnel as part of legal proceedings covered by these regulations, and such interview has been approved in accordance with these regulations, the requester shall pay a fee calculated upon the total hourly pay of the individual interviewed.

(e) When VA produces records in legal proceedings pursuant to §§14.800 through 14.810, the fees to be charged and paid prior to production of the records shall be the fees charged by VA under its regulations implementing the fee provisions of the Freedom of Information Act, 5 U.S.C. 552.

(f) Fees shall be paid as follows:

(1) Fees for copies of documents, blueprints, electronic tapes, or other VA records will be paid to the VA office or station providing the records,

and covered to the General Fund of the Department of the Treasury.

(2) Witness fees for testimony shall be paid to the witness, who shall endorse the check "pay to the United States," and surrender it to his or her supervisor. It shall thereafter be deposited in the General Fund.

(3) The private party requesting a VA witness shall forward in advance necessary round trip tickets and all requisite travel and per diem funds.

(g) A waiver of any fees in connection with the testimony of an expert witness may be granted by the appropriate VA official at the official's discretion provided that the waiver is in the interest of the United States. Fee waivers shall not be routinely granted, nor shall they be granted under circumstances which might create the appearance that the VA or the United States favors one party or a position advocated by a party to the legal proceeding.

#### **§ 15.102 Application.**

This regulation (§§ 15.101-15.170) applies to all programs or activities conducted by the agency, except for programs or activities conducted outside the United States that do not involve individuals with handicaps in the United States.

**§ 15.110 Self-evaluation.**

(a) The agency shall, by September 6, 1989, evaluate its current policies and practices, and the effects thereof, that do not or may not meet the requirements of this regulation and, to the extent modification of any such policies and practices is required, the agency shall proceed to make the necessary modifications.

(b) The agency shall provide an opportunity to interested persons, including individuals with handicaps or organizations representing individuals with handicaps, to participate in the self-evaluation process by submitting comments (both oral and written).

(c) The agency shall, for at least three years following completion of the self-evaluation, maintain on file and make available for public inspection:

- (1) A description of areas examined and any problems identified; and
- (2) A description of any modifications made.

**§ 15.111 Notice.**

The agency shall make available to employees, applicants, participants, beneficiaries, and other interested persons such information regarding the provisions of this regulation and its applicability to the programs or activities conducted by the agency, and make such information available to them in such manner as the head of the agency finds necessary to apprise such persons of the protections against discrimination assured them by section 504 and this regulation.

**§§ 15.112–15.129 [Reserved]**

**§ 15.130 General prohibitions against discrimination.**

(a) No qualified individual with handicaps shall, on the basis of handicap, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any program or activity conducted by the agency.

(b)(1) The agency, in providing any aid, benefit, or service, may not, directly or through contractual, licensing, or other arrangements, on the basis of handicap—

(i) Deny a qualified individual with handicaps the opportunity to participate in or benefit from the aid, benefit, or service;

(ii) Afford a qualified individual with handicaps an opportunity to participate in or benefit from the aid, benefit, or service that is not equal to that afforded others;

(iii) Provide a qualified individual with handicaps with an aid, benefit, or service that is not as effective in affording equal opportunity to obtain the same result, to gain the same benefit, or to reach the same level of achievement as that provided to others;

(iv) Provide different or separate aid, benefits, or services to individuals with handicaps or to any class of individuals with handicaps than is provided to others unless such action is necessary to provide qualified individuals with handicaps with aid, benefits, or services that are as effective as those provided to others;

(v) Deny a qualified individual with handicaps the opportunity to participate as a member of planning or advisory boards;

(vi) Otherwise limit a qualified individual with handicaps in the enjoyment of any right, privilege, advantage, or opportunity enjoyed by others receiving the aid, benefit, or service.

(2) The agency may not deny a qualified individual with handicaps the opportunity to participate in programs or activities that are not separate or different, despite the existence of permissibly separate or different programs or activities.

(3) The agency may not, directly or through contractual or other arrangements, utilize criteria or methods of administration the purpose or effect of which would—

(i) Subject qualified individuals with handicaps to discrimination on the basis of handicap; or

(ii) Defeat or substantially impair accomplishment of the objectives of a program or activity with respect to individuals with handicaps.

(4) The agency may not, in determining the site or location of a facility, make selections the purpose or effect of which would—

(i) Exclude individuals with handicaps from, deny them the benefits of, or otherwise subject them to discrimination under any program or activity conducted by the agency; or

(ii) Defeat or substantially impair the accomplishment of the objectives of a program or activity with respect to individuals with handicaps.

(5) The agency, in the selection of procurement contractors, may not use criteria that subject qualified individuals with handicaps to discrimination on the basis of handicap.

(6) The agency may not administer a licensing or certification program in a manner that subjects qualified individuals with handicaps to discrimination on the basis of handicap, nor may the agency establish requirements for the programs or activities of licensees or certified entities that subject qualified individuals with handicaps to discrimination on the basis of handicap. However, the programs or activities of entities that are licensed or certified by the agency are not, themselves, covered by this regulation.

(c) The exclusion of nonhandicapped persons from the benefits of a program limited by Federal statute or Executive order to individuals with handicaps or the exclusion of a specific class of individuals with handicaps from a program limited by Federal statute or Executive order to a different class of individuals with handicaps is not prohibited by this regulation.

(d) The agency shall administer programs and activities in the most integrated setting appropriate to the needs of qualified individuals with handicaps.

§§ 15.131–15.139 [Reserved]

**§ 15.140 Employment.**

No qualified individual with handicaps shall, on the basis of handicap, be subject to discrimination in employment under any program or activity conducted by the agency. The definitions, requirements, and procedures of section 501 of the Rehabilitation Act of 1973 (29 U.S.C. 791), as established by the Equal Employment Opportunity Commission in 29 CFR part 1613, shall apply to employment in federally conducted programs or activities.

§ 15.141–15.148 [Reserved]

**§ 15.149 Program accessibility: Discrimination prohibited.**

Except as otherwise provided in § 15.150, no qualified individual with handicaps shall, because the agency's facilities are inaccessible to or unusable by individuals with handicaps, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity conducted by the agency.

**§ 15.150 Program accessibility: Existing facilities.**

(a) *General.* The agency shall operate each program or activity so that the program or activity, when viewed in its entirety, is readily accessible to and usable by individuals with handicaps. This paragraph does not—

(1) Necessarily require the agency to make each of its existing facilities accessible to and usable by individuals with handicaps;

(2) In the case of historic preservation programs, require the agency to take any action that would result in a substantial impairment of significant historic features of an historic property; or

(3) Require the agency to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where agency personnel believe that the proposed action would fundamentally alter the program or activity or would

result in undue financial and administrative burdens, the agency has the burden of proving that compliance with § 15.150(a) would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the agency head or his or her designee after considering all agency resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action would result in such an alteration or such burdens, the agency shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that individuals with handicaps receive the benefits and services of the program or activity.

(b) *Methods*—(1) *General*. The agency may comply with the requirements of this section through such means as re-design of equipment, reassignment of services to accessible buildings, assignment of aides to beneficiaries, home visits, delivery of services at alternate accessible sites, alteration of existing facilities and construction of new facilities, use of accessible rolling stock, or any other methods that result in making its programs or activities readily accessible to and usable by individuals with handicaps. The agency is not required to make structural changes in existing facilities where other methods are effective in achieving compliance with this section. The agency, in making alterations to existing buildings, shall meet accessibility requirements to the extent compelled by the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151-4157), and any regulations implementing it. In choosing among available methods for meeting the requirements of this section, the agency shall give priority to those methods that offer programs and activities to qualified individuals with handicaps in the most integrated setting appropriate.

(2) *Historic preservation programs*. In meeting the requirements of § 15.150(a) in historic preservation programs, the agency shall give priority to methods that provide physical access to individuals with handicaps. In cases where a

physical alteration to an historic property is not required because of § 15.150(a)(2) or (3), alternative methods of achieving program accessibility include—

(i) Using audio-visual materials and devices to depict those portions of an historic property that cannot otherwise be made accessible;

(ii) Assigning persons to guide individuals with handicaps into or through portions of historic properties that cannot otherwise be made accessible; or

(iii) Adopting other innovative methods.

(c) *Time period for compliance*. The agency shall comply with the obligations established under this section by November 7, 1988, except that where structural changes in facilities are undertaken, such changes shall be made by September 6, 1991, but in any event as expeditiously as possible.

(d) *Transition plan*. In the event that structural changes to facilities will be undertaken to achieve program accessibility, the agency shall develop, by March 6, 1989, a transition plan setting forth the steps necessary to complete such changes. The agency shall provide an opportunity to interested persons, including individuals with handicaps or organizations representing individuals with handicaps, to participate in the development of the transition plan by submitting comments (both oral and written). A copy of the transition plan shall be made available for public inspection. The plan shall, at a minimum—

(1) Identify physical obstacles in the agency's facilities that limit the accessibility of its programs or activities to individuals with handicaps;

(2) Describe in detail the methods that will be used to make the facilities accessible;

(3) Specify the schedule for taking the steps necessary to achieve compliance with this section and, if the time period of the transition plan is longer than one year, identify steps that will be taken during each year of the transition period; and

(4) Indicate the official responsible for implementation of the plan.

**§ 15.151**

**38 CFR Ch. I (7-1-03 Edition)**

**§ 15.151 Program accessibility: New construction and alterations.**

Each building or part of a building that is constructed or altered by, on behalf of, or for the use of the agency shall be designed, constructed, or altered so as to be readily accessible to and usable by individuals with handicaps. The definitions, requirements, and standards of the Architectural Barriers Act (42 U.S.C. 4151-4157), as established in 41 CFR 101-19.600 to 101-19.607, apply to buildings covered by this section.

**§§ 15.152-15.159 [Reserved]**

**§ 15.160 Communications.**

(a) The agency shall take appropriate steps to ensure effective communication with applicants, participants, personnel of other Federal entities, and members of the public.

(1) The agency shall furnish appropriate auxiliary aids where necessary to afford an individual with handicaps an equal opportunity to participate in, and enjoy the benefits of, a program or activity conducted by the agency.

(i) In determining what type of auxiliary aid is necessary, the agency shall give primary consideration to the requests of the individual with handicaps.

(ii) The agency need not provide individually prescribed devices, readers for personal use or study, or other devices of a personal nature.

(2) Where the agency communicates with applicants and beneficiaries by telephone, telecommunication devices for deaf persons (TDD's) or equally effective telecommunication systems shall be used to communicate with persons with impaired hearing.

(b) The agency shall ensure that interested persons, including persons with impaired vision or hearing, can obtain information as to the existence and location of accessible services, activities, and facilities.

(c) The agency shall provide signage at a primary entrance to each of its inaccessible facilities, directing users to a location at which they can obtain information about accessible facilities. The international symbol for accessibility shall be used at each primary entrance of an accessible facility.

(d) This section does not require the agency to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where agency personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the agency has the burden of proving that compliance with § 15.160 would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the agency head or his or her designee after considering all agency resources available for use in the funding and operation of the conducted program or activity and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action required to comply with this section would result in such an alteration or such burdens, the agency shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that, to the maximum extent possible, individuals with handicaps receive the benefits and services of the program or activity.

**§§ 15.161-15.169 [Reserved]**

**§ 15.170 Compliance procedures.**

(a) Except as provided in paragraph (b) of this section, this section applies to all allegations of discrimination on the basis of handicap in programs and activities conducted by the agency.

(b) The agency shall process complaints alleging violations of section 504 with respect to employment according to the procedures established by the Equal Employment Opportunity Commission in 29 CFR part 1613 pursuant to section 501 of the Rehabilitation Act of 1973 (29 U.S.C. 791).

(c) The Deputy Assistant Secretary for Resolution Management shall be responsible for coordinating implementation of this section. Complaints may be sent to the Secretary of Veterans Affairs or the Deputy Assistant Secretary

## Department of Veterans Affairs

## § 16.101

for Resolution Management at the following address: Department of Veterans Affairs, 810 Vermont Avenue NW., Washington, DC 20420.

(d) The agency shall accept and investigate all complete complaints for which it has jurisdiction. All complete complaints must be filed within 180 days of the alleged act of discrimination. The agency may extend this time period for good cause.

(e) If the agency receives a complaint over which it does not have jurisdiction, it shall promptly notify the complainant and shall make reasonable efforts to refer the complaint to the appropriate Government entity.

(f) The agency shall notify the Architectural and Transportation Barriers Compliance Board upon receipt of any complaint alleging that a building or facility that is subject to the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151-4157), is not readily accessible to and usable by individuals with handicaps.

(g) Within 180 days of the receipt of a complete complaint for which it has jurisdiction, the agency shall notify the complainant of the results of the investigation in a letter containing—

(1) Findings of fact and conclusions of law;

(2) A description of a remedy for each violation found; and

(3) A notice of the right to appeal.

(h) Appeals of the findings of fact and conclusions of law or remedies must be filed by the complainant within 90 days of receipt from the agency of the letter required by § 15.170(g). The agency may extend this time for good cause.

(i) Timely appeals shall be accepted and processed by the head of the agency.

(j) The head of the agency shall notify the complainant of the results of the appeal within 60 days of the receipt of the request. If the head of the agency determines that additional information is needed from the complainant, he or she shall have 60 days from the date of receipt of the additional information to make his or her determination on the appeal.

(k) The time limits cited in paragraphs (g) and (j) of this section may be extended with the permission of the Assistant Attorney General.

(l) The agency may delegate its authority for conducting complaint investigations to other Federal agencies, except that the authority for making the final determination may not be delegated to another agency.

### § 16.101 To what does this policy apply?

(a) Except as provided in paragraph (b) of this section, this policy applies

to all research involving human subjects conducted, supported or otherwise subject to regulation by any federal department or agency which takes appropriate administrative action to make the policy applicable to such research. This includes research conducted by federal civilian employees or military personnel, except that each department or agency head may adopt such procedural modifications as may be appropriate from an administrative standpoint. It also includes research conducted, supported, or otherwise subject to regulation by the federal government outside the United States.

(1) Research that is conducted or supported by a federal department or agency, whether or not it is regulated as defined in §16.102(e), must comply with all sections of this policy.

(2) Research that is neither conducted nor supported by a federal department or agency but is subject to regulation as defined in §16.102(e) must be reviewed and approved, in compliance with §§16.101, 16.102, and §§16.107 through 16.117 of this policy, by an institutional review board (IRB) that operates in accordance with the pertinent requirements of this policy.

(b) Unless otherwise required by department or agency heads, research activities in which the only involvement of human subjects will be in one or more of the following categories are exempt from this policy:

(1) Research conducted in established or commonly accepted educational settings, involving normal educational practices, such as (i) research on regular and special education instructional strategies, or (ii) research on the effectiveness of or the comparison among instructional techniques, curricula, or classroom management methods.

(2) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior, unless:

(i) Information obtained is recorded in such a manner that human subjects can be identified, directly or through identifiers linked to the subjects; and (ii) any disclosure of the human subjects' responses outside the research could reasonably place the subjects at

risk of criminal or civil liability or be damaging to the subjects' financial standing, employability, or reputation.

(3) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures, or observation of public behavior that is not exempt under paragraph (b)(2) of this section, if:

(i) The human subjects are elected or appointed public officials or candidates for public office; or (ii) federal statute(s) require(s) without exception that the confidentiality of the personally identifiable information will be maintained throughout the research and thereafter.

(4) Research, involving the collection or study of existing data, documents, records, pathological specimens, or diagnostic specimens, if these sources are publicly available or if the information is recorded by the investigator in such a manner that subjects cannot be identified, directly or through identifiers linked to the subjects.

(5) Research and demonstration projects which are conducted by or subject to the approval of department or agency heads, and which are designed to study, evaluate, or otherwise examine:

(i) Public benefit or service programs; (ii) procedures for obtaining benefits or services under those programs; (iii) possible changes in or alternatives to those programs or procedures; or (iv) possible changes in methods or levels of payment for benefits or services under those programs.

(6) Taste and food quality evaluation and consumer acceptance studies, (i) if wholesome foods without additives are consumed or (ii) if a food is consumed that contains a food ingredient at or below the level and for a use found to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S. Department of Agriculture.

(c) Department or agency heads retain final judgment as to whether a particular activity is covered by this policy.

## Department of Veterans Affairs

## § 16.102

(d) Department or agency heads may require that specific research activities or classes of research activities conducted, supported, or otherwise subject to regulation by the department or agency but not otherwise covered by this policy, comply with some or all of the requirements of this policy.

(e) Compliance with this policy requires compliance with pertinent federal laws or regulations which provide additional protections for human subjects.

(f) This policy does not affect any state or local laws or regulations which may otherwise be applicable and which provide additional protections for human subjects.

(g) This policy does not affect any foreign laws or regulations which may otherwise be applicable and which provide additional protections to human subjects of research.

(h) When research covered by this policy takes place in foreign countries, procedures normally followed in the foreign countries to protect human subjects may differ from those set forth in this policy. [An example is a foreign institution which complies with guidelines consistent with the World Medical Assembly Declaration (Declaration of Helsinki amended 1989) issued either by sovereign states or by an organization whose function for the protection of human research subjects is internationally recognized.] In these circumstances, if a department or agency head determines that the procedures prescribed by the institution afford protections that are at least equivalent to those provided in this policy, the department or agency head may approve the substitution of the foreign procedures in lieu of the procedural requirements provided in this policy. Except when otherwise required by statute, Executive Order, or the department or agency head, notices of these actions as they occur will be published in the FEDERAL REGISTER or will be otherwise published as provided in department or agency procedures.

(i) Unless otherwise required by law, department or agency heads may waive the applicability of some or all of the provisions of this policy to specific research activities or classes of research activities otherwise covered by this

policy. Except when otherwise required by statute or Executive Order, the department or agency head shall forward advance notices of these actions to the Office for Protection from Research Risks, Department of Health and Human Services (HHS), and shall also publish them in the FEDERAL REGISTER or in such other manner as provided in department or agency procedures.<sup>1</sup>

### § 16.102 Definitions.

(a) *Department or agency head* means the head of any federal department or agency and any other officer or employee of any department or agency to whom authority has been delegated.

(b) *Institution* means any public or private entity or agency (including federal, state, and other agencies).

(c) *Legally authorized representative* means an individual or judicial or other body authorized under applicable law to consent on behalf of a prospective subject to the subject's participation in the procedure(s) involved in the research.

(d) *Research* means a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge. Activities which meet this definition constitute research for purposes of this policy, whether or not they are conducted or supported under a program which is considered research for other purposes. For example, some demonstration and service programs may include research activities.

<sup>1</sup>Institutions with HHS-approved assurances on file will abide by provisions of title 45 CFR part 46 subparts A-D. Some of the other Departments and Agencies have incorporated all provisions of title 45 CFR part 46 into their policies and procedures as well. However, the exemptions at 45 CFR 46.101(b) do not apply to research involving prisoners, fetuses, pregnant women, or human in vitro fertilization, subparts B and C. The exemption at 45 CFR 46.101(b)(2), for research involving survey or interview procedures or observation of public behavior, does not apply to research with children, subpart D, except for research involving observations of public behavior when the investigator(s) do not participate in the activities being observed.

(e) *Research subject to regulation*, and similar terms are intended to encompass those research activities for which a federal department or agency has specific responsibility for regulating as a research activity, (for example, Investigational New Drug requirements administered by the Food and Drug Administration). It does not include research activities which are incidentally regulated by a federal department or agency solely as part of the department's or agency's broader responsibility to regulate certain types of activities whether research or non-research in nature (for example, Wage and Hour requirements administered by the Department of Labor).

(f) *Human subject* means a living individual about whom an investigator (whether professional or student) conducting research obtains

- (1) Data through intervention or interaction with the individual, or
- (2) Identifiable private information.

*Intervention* includes both physical procedures by which data are gathered (for example, venipuncture) and manipulations of the subject or the subject's environment that are performed for research purposes. Interaction includes communication or interpersonal contact between investigator and subject. "Private information" includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for example, a medical record). Private information must be individually identifiable (i.e., the identity of the subject is or may readily be ascertained by the investigator or associated with the information) in order for obtaining the information to constitute research involving human subjects.

(g) *IRB* means an institutional review board established in accord with and for the purposes expressed in this policy.

(h) *IRB approval* means the determination of the IRB that the research has been reviewed and may be conducted at an institution within the constraints set forth by the IRB and by

other institutional and federal requirements.

(i) *Minimal risk* means that the probability and magnitude of harm or discomfort anticipated in the research are not greater in and of themselves than those ordinarily encountered in daily life or during the performance of routine physical or psychological examinations or tests.

(j) *Certification* means the official notification by the institution to the supporting department or agency, in accordance with the requirements of this policy, that a research project or activity involving human subjects has been reviewed and approved by an IRB in accordance with an approved assurance.

**§ 16.103 Assuring compliance with this policy—research conducted or supported by any Federal Department or Agency.**

(a) Each institution engaged in research which is covered by this policy and which is conducted or supported by a federal department or agency shall provide written assurance satisfactory to the department or agency head that it will comply with the requirements set forth in this policy. In lieu of requiring submission of an assurance, individual department or agency heads shall accept the existence of a current assurance, appropriate for the research in question, on file with the Office for Protection from Research Risks, HHS, and approved for federalwide use by that office. When the existence of an HHS-approved assurance is accepted in lieu of requiring submission of an assurance, reports (except certification) required by this policy to be made to department and agency heads shall also be made to the Office for Protection from Research Risks, HHS.

(b) Departments and agencies will conduct or support research covered by this policy only if the institution has an assurance approved as provided in this section, and only if the institution has certified to the department or agency head that the research has been reviewed and approved by an IRB provided for in the assurance, and will be subject to continuing review by the IRB. Assurances applicable to federally supported or conducted research shall at a minimum include:

(1) A statement of principles governing the institution in the discharge of its responsibilities for protecting the rights and welfare of human subjects of research conducted at or sponsored by the institution, regardless of whether the research is subject to federal regulation. This may include an appropriate existing code, declaration, or statement of ethical principles, or a statement formulated by the institution itself. This requirement does not preempt provisions of this policy applicable to department- or agency-supported or regulated research and need not be applicable to any research exempted or waived under §16.101 (b) or (i).

(2) Designation of one or more IRBs established in accordance with the requirements of this policy, and for which provisions are made for meeting space and sufficient staff to support the IRB's review and recordkeeping duties.

(3) A list of IRB members identified by name; earned degrees; representative capacity; indications of experience such as board certifications, licenses, etc., sufficient to describe each member's chief anticipated contributions to IRB deliberations; and any employment or other relationship between each member and the institution; for example: full-time employee, part-time employee, member of governing panel or board, stockholder, paid or unpaid consultant. Changes in IRB membership shall be reported to the department or agency head, unless in accord with §16.103(a) of this policy, the existence of an HHS-approved assurance is accepted. In this case, change in IRB membership shall be reported to the Office for Protection from Research Risks, HHS.

(4) Written procedures which the IRB will follow (i) for conducting its initial and continuing review of research and for reporting its findings and actions to the investigator and the institution; (ii) for determining which projects require review more often than annually and which projects need verification from sources other than the investigators that no material changes have occurred since previous IRB review; and (iii) for ensuring prompt reporting to the IRB of proposed changes in a re-

search activity, and for ensuring that such changes in approved research, during the period for which IRB approval has already been given, may not be initiated without IRB review and approval except when necessary to eliminate apparent immediate hazards to the subject.

(5) Written procedures for ensuring prompt reporting to the IRB, appropriate institutional officials, and the department or agency head of (i) any unanticipated problems involving risks to subjects or others or any serious or continuing noncompliance with this policy or the requirements or determinations of the IRB and (ii) any suspension or termination of IRB approval.

(c) The assurance shall be executed by an individual authorized to act for the institution and to assume on behalf of the institution the obligations imposed by this policy and shall be filed in such form and manner as the department or agency head prescribes.

(d) The department or agency head will evaluate all assurances submitted in accordance with this policy through such officers and employees of the department or agency and such experts or consultants engaged for this purpose as the department or agency head determines to be appropriate. The department or agency head's evaluation will take into consideration the adequacy of the proposed IRB in light of the anticipated scope of the institution's research activities and the types of subject populations likely to be involved, the appropriateness of the proposed initial and continuing review procedures in light of the probable risks, and the size and complexity of the institution.

(e) On the basis of this evaluation, the department or agency head may approve or disapprove the assurance, or enter into negotiations to develop an approvable one. The department or agency head may limit the period during which any particular approved assurance or class of approved assurances shall remain effective or otherwise condition or restrict approval.

(f) Certification is required when the research is supported by a federal department or agency and not otherwise exempted or waived under §16.101 (b) or

(i). An institution with an approved assurance shall certify that each application or proposal for research covered by the assurance and by §16.103 of this Policy has been reviewed and approved by the IRB. Such certification must be submitted with the application or proposal or by such later date as may be prescribed by the department or agency to which the application or proposal is submitted. Under no condition shall research covered by §16.103 of the Policy be supported prior to receipt of the certification that the research has been reviewed and approved by the IRB. Institutions without an approved assurance covering the research shall certify within 30 days after receipt of a request for such a certification from the department or agency, that the application or proposal has been approved by the IRB. If the certification is not submitted within these time limits, the application or proposal may be returned to the institution.

§§ 16.104–16.106 [Reserved]

§ 16.107 IRB membership.

(a) Each IRB shall have at least five members, with varying backgrounds to promote complete and adequate review of research activities commonly conducted by the institution. The IRB shall be sufficiently qualified through the experience and expertise of its members, and the diversity of the members, including consideration of race, gender, and cultural backgrounds and sensitivity to such issues as community attitudes, to promote respect for its advice and counsel in safeguarding the rights and welfare of human subjects. In addition to possessing the professional competence necessary to review specific research activities, the IRB shall be able to ascertain the acceptability of proposed research in terms of institutional commitments and regulations, applicable law, and standards of professional conduct and practice. The IRB shall therefore include persons knowledgeable in these areas. If an IRB regularly reviews research that involves a vulnerable

category of subjects, such as children, prisoners, pregnant women, or handicapped or mentally disabled persons, consideration shall be given to the inclusion of one or more individuals who are knowledgeable about and experienced in working with these subjects.

(b) Every nondiscriminatory effort will be made to ensure that no IRB consists entirely of men or entirely of women, including the institution's consideration of qualified persons of both sexes, so long as no selection is made to the IRB on the basis of gender. No IRB may consist entirely of members of one profession.

(c) Each IRB shall include at least one member whose primary concerns are in scientific areas and at least one member whose primary concerns are in nonscientific areas.

(d) Each IRB shall include at least one member who is not otherwise affiliated with the institution and who is not part of the immediate family of a person who is affiliated with the institution.

(e) No IRB may have a member participate in the IRB's initial or continuing review of any project in which the member has a conflicting interest, except to provide information requested by the IRB.

(f) An IRB may, in its discretion, invite individuals with competence in special areas to assist in the review of issues which require expertise beyond or in addition to that available on the IRB. These individuals may not vote with the IRB.

§ 16.108 IRB functions and operations.

In order to fulfill the requirements of this policy each IRB shall:

(a) Follow written procedures in the same detail as described in §16.103(b)(4) and, to the extent required by, §16.103(b)(5).

(b) Except when an expedited review procedure is used (see §16.110), review proposed research at convened meetings at which a majority of the members of the IRB are present, including at least one member whose primary concerns are in nonscientific areas. In order for the research to be approved, it shall receive the approval of a majority of those members present at the meeting.

## § 16.111

### § 16.109 IRB review of research.

(a) An IRB shall review and have authority to approve, require modifications in (to secure approval), or disapprove all research activities covered by this policy.

(b) An IRB shall require that information given to subjects as part of informed consent is in accordance with § 16.116. The IRB may require that information, in addition to that specifically mentioned in § 16.116, be given to the subjects when in the IRB's judgment the information would meaningfully add to the protection of the rights and welfare of subjects.

(c) An IRB shall require documentation of informed consent or may waive documentation in accordance with § 16.117.

(d) An IRB shall notify investigators and the institution in writing of its decision to approve or disapprove the proposed research activity, or of modifications required to secure IRB approval of the research activity. If the IRB decides to disapprove a research activity, it shall include in its written notification a statement of the reasons for its decision and give the investigator an opportunity to respond in person or in writing.

(e) An IRB shall conduct continuing review of research covered by this policy at intervals appropriate to the degree of risk, but not less than once per year, and shall have authority to observe or have a third party observe the consent process and the research.

(Approved by the Office of Management and Budget under control number 9999-0020)

### § 16.110 Expedited review procedures for certain kinds of research involving no more than minimal risk, and for minor changes in approved research.

(a) The Secretary, HHS, has established, and published as a Notice in the FEDERAL REGISTER, a list of categories of research that may be reviewed by the IRB through an expedited review procedure. The list will be amended, as appropriate after consultation with other departments and agencies, through periodic republication by the Secretary, HHS, in the FEDERAL REGISTER. A copy of the list is available from the Office for Protection from Re-

search Risks, National Institutes of Health, HHS, Bethesda, Maryland 20892.

(b) An IRB may use the expedited review procedure to review either or both of the following:

(1) Some or all of the research appearing on the list and found by the reviewer(s) to involve no more than minimal risk,

(2) Minor changes in previously approved research during the period (of one year or less) for which approval is authorized.

Under an expedited review procedure, the review may be carried out by the IRB chairperson or by one or more experienced reviewers designated by the chairperson from among members of the IRB. In reviewing the research, the reviewers may exercise all of the authorities of the IRB except that the reviewers may not disapprove the research. A research activity may be disapproved only after review in accordance with the non-expedited procedure set forth in § 16.108(b).

(c) Each IRB which uses an expedited review procedure shall adopt a method for keeping all members advised of research proposals which have been approved under the procedure.

(d) The department or agency head may restrict, suspend, terminate, or choose not to authorize an institution's or IRB's use of the expedited review procedure.

### § 16.111 Criteria for IRB approval of research.

(a) In order to approve research covered by this policy the IRB shall determine that all of the following requirements are satisfied:

(1) Risks to subjects are minimized:  
(i) By using procedures which are consistent with sound research design and which do not unnecessarily expose subjects to risk, and (ii) whenever appropriate, by using procedures already being performed on the subjects for diagnostic or treatment purposes.

(2) Risks to subjects are reasonable in relation to anticipated benefits, if any, to subjects, and the importance of the knowledge that may reasonably be expected to result. In evaluating risks and benefits, the IRB should consider only those risks and benefits that may

## § 16.112

result from the research (as distinguished from risks and benefits of therapies subjects would receive even if not participating in the research). The IRB should not consider possible long-range effects of applying knowledge gained in the research (for example, the possible effects of the research on public policy) as among those research risks that fall within the purview of its responsibility.

(3) Selection of subjects is equitable. In making this assessment the IRB should take into account the purposes of the research and the setting in which the research will be conducted and should be particularly cognizant of the special problems of research involving vulnerable populations, such as children, prisoners, pregnant women, mentally disabled persons, or economically or educationally disadvantaged persons.

(4) Informed consent will be sought from each prospective subject or the subject's legally authorized representative, in accordance with, and to the extent required by § 16.116.

(5) Informed consent will be appropriately documented, in accordance with, and to the extent required by § 16.117.

(6) When appropriate, the research plan makes adequate provision for monitoring the data collected to ensure the safety of subjects.

(7) When appropriate, there are adequate provisions to protect the privacy of subjects and to maintain the confidentiality of data.

(b) When some or all of the subjects are likely to be vulnerable to coercion or undue influence, such as children, prisoners, pregnant women, mentally disabled persons, or economically or educationally disadvantaged persons, additional safeguards have been included in the study to protect the rights and welfare of these subjects.

### § 16.112 Review by institution.

Research covered by this policy that has been approved by an IRB may be subject to further appropriate review and approval or disapproval by officials of the institution. However, those officials may not approve the research if it has not been approved by an IRB.

## 38 CFR Ch. I (7-1-03 Edition)

### § 16.113 Suspension or termination of IRB approval of research.

An IRB shall have authority to suspend or terminate approval of research that is not being conducted in accordance with the IRB's requirements or that has been associated with unexpected serious harm to subjects. Any suspension or termination of approval shall include a statement of the reasons for the IRB's action and shall be reported promptly to the investigator, appropriate institutional officials, and the department or agency head.

(Approved by the Office of Management and Budget under control number 9999-0020)

### § 16.114 Cooperative research.

Cooperative research projects are those projects covered by this policy which involve more than one institution. In the conduct of cooperative research projects, each institution is responsible for safeguarding the rights and welfare of human subjects and for complying with this policy. With the approval of the department or agency head, an institution participating in a cooperative project may enter into a joint review arrangement, rely upon the review of another qualified IRB, or make similar arrangements for avoiding duplication of effort.

### § 16.115 IRB records.

(a) An institution, or when appropriate an IRB, shall prepare and maintain adequate documentation of IRB activities, including the following:

(1) Copies of all research proposals reviewed, scientific evaluations, if any, that accompany the proposals, approved sample consent documents, progress reports submitted by investigators, and reports of injuries to subjects.

(2) Minutes of IRB meetings which shall be in sufficient detail to show attendance at the meetings; actions taken by the IRB; the vote on these actions including the number of members voting for, against, and abstaining; the basis for requiring changes in or disapproving research; and a written summary of the discussion of controverted issues and their resolution.

(3) Records of continuing review activities.

(4) Copies of all correspondence between the IRB and the investigators.

(5) A list of IRB members in the same detail as described in § 16.103(b)(3).

(6) Written procedures for the IRB in the same detail as described in §§ 16.103(b)(4) and 16.103(b)(5).

(7) Statements of significant new findings provided to subjects, as required by § 16.116(b)(5).

(b) The records required by this policy shall be retained for at least 3 years, and records relating to research which is conducted shall be retained for at least 3 years after completion of the research. All records shall be accessible for inspection and copying by authorized representatives of the department or agency at reasonable times and in a reasonable manner.

(Approved by the Office of Management and Budget under control number 9999-0020)

**§ 16.116 General requirements for informed consent.**

Except as provided elsewhere in this policy, no investigator may involve a human being as a subject in research covered by this policy unless the investigator has obtained the legally effective informed consent of the subject or the subject's legally authorized representative. An investigator shall seek such consent only under circumstances that provide the prospective subject or the representative sufficient opportunity to consider whether or not to participate and that minimize the possibility of coercion or undue influence. The information that is given to the subject or the representative shall be in language understandable to the subject or the representative. No informed consent, whether oral or written, may include any exculpatory language through which the subject or the representative is made to waive or appear to waive any of the subject's legal rights, or releases or appears to release the investigator, the sponsor, the institution or its agents from liability for negligence.

(a) Basic elements of informed consent. Except as provided in paragraph (c) or (d) of this section, in seeking informed consent the following information shall be provided to each subject:

(1) A statement that the study involves research, an explanation of the

purposes of the research and the expected duration of the subject's participation, a description of the procedures to be followed, and identification of any procedures which are experimental;

(2) A description of any reasonably foreseeable risks or discomforts to the subject;

(3) A description of any benefits to the subject or to others which may reasonably be expected from the research;

(4) A disclosure of appropriate alternative procedures or courses of treatment, if any, that might be advantageous to the subject;

(5) A statement describing the extent, if any, to which confidentiality of records identifying the subject will be maintained;

(6) For research involving more than minimal risk, an explanation as to whether any compensation and an explanation as to whether any medical treatments are available if injury occurs and, if so, what they consist of, or where further information may be obtained;

(7) An explanation of whom to contact for answers to pertinent questions about the research and research subjects' rights, and whom to contact in the event of a research-related injury to the subject; and

(8) A statement that participation is voluntary, refusal to participate will involve no penalty or loss of benefits to which the subject is otherwise entitled, and the subject may discontinue participation at any time without penalty or loss of benefits to which the subject is otherwise entitled.

(b) Additional elements of informed consent. When appropriate, one or more of the following elements of information shall also be provided to each subject:

(1) A statement that the particular treatment or procedure may involve risks to the subject (or to the embryo or fetus, if the subject is or may become pregnant) which are currently unforeseeable;

(2) Anticipated circumstances under which the subject's participation may be terminated by the investigator without regard to the subject's consent;

§ 16.117

38 CFR Ch. I (7-1-03 Edition)

(3) Any additional costs to the subject that may result from participation in the research;

(4) The consequences of a subject's decision to withdraw from the research and procedures for orderly termination of participation by the subject;

(5) A statement that significant new findings developed during the course of the research which may relate to the subject's willingness to continue participation will be provided to the subject; and

(6) The approximate number of subjects involved in the study.

(c) An IRB may approve a consent procedure which does not include, or which alters, some or all of the elements of informed consent set forth above, or waive the requirement to obtain informed consent provided the IRB finds and documents that:

(1) The research or demonstration project is to be conducted by or subject to the approval of state or local government officials and is designed to study, evaluate, or otherwise examine:

- (i) Public benefit of service programs;
- (ii) procedures for obtaining benefits or services under those programs;
- (iii) possible changes in or alternatives to those programs or procedures; or
- (iv) possible changes in methods or levels of payment for benefits or services under those programs; and

(2) The research could not practically be carried out without the waiver or alteration.

(d) An IRB may approve a consent procedure which does not include, or which alters, some or all of the elements of informed consent set forth in this section, or waive the requirements to obtain informed consent provided the IRB finds and documents that:

(1) The research involves no more than minimal risk to the subjects;

(2) The waiver or alteration will not adversely affect the rights and welfare of the subjects;

(3) The research could not practically be carried out without the waiver or alteration; and

(4) Whenever appropriate, the subjects will be provided with additional pertinent information after participation.

(e) The informed consent requirements in this policy are not intended

to preempt any applicable federal, state, or local laws which require additional information to be disclosed in order for informed consent to be legally effective.

(f) Nothing in this policy is intended to limit the authority of a physician to provide emergency medical care, to the extent the physician is permitted to do so under applicable federal, state, or local law.

(Approved by the Office of Management and Budget under control number 9999-0020)

**§ 16.117 Documentation of informed consent.**

(a) Except as provided in paragraph (c) of this section, informed consent shall be documented by the use of a written consent form approved by the IRB and signed by the subject or the subject's legally authorized representative. A copy shall be given to the person signing the form.

(b) Except as provided in paragraph (c) of this section, the consent form may be either of the following:

(1) A written consent document that embodies the elements of informed consent required by § 16.116. This form may be read to the subject or the subject's legally authorized representative, but in any event, the investigator shall give either the subject or the representative adequate opportunity to read it before it is signed; or

(2) A short form written consent document stating that the elements of informed consent required by § 16.116 have been presented orally to the subject or the subject's legally authorized representative. When this method is used, there shall be a witness to the oral presentation. Also, the IRB shall approve a written summary of what is to be said to the subject or the representative. Only the short form itself is to be signed by the subject or the representative. However, the witness shall sign both the short form and a copy of the summary, and the person actually obtaining consent shall sign a copy of the summary. A copy of the summary shall be given to the subject or the representative, in addition to a copy of the short form.

(c) An IRB may waive the requirement for the investigator to obtain a

## Department of Veterans Affairs

## § 16.123

signed consent form for some or all subjects if it finds either:

(1) That the only record linking the subject and the research would be the consent document and the principal risk would be potential harm resulting from a breach of confidentiality. Each subject will be asked whether the subject wants documentation linking the subject with the research, and the subject's wishes will govern; or

(2) That the research presents no more than minimal risk of harm to subjects and involves no procedures for which written consent is normally required outside of the research context.

In cases in which the documentation requirement is waived, the IRB may require the investigator to provide subjects with a written statement regarding the research.

(Approved by the Office of Management and Budget under control number 9999-0020)

### **§ 16.118 Applications and proposals lacking definite plans for involvement of human subjects.**

Certain types of applications for grants, cooperative agreements, or contracts are submitted to departments or agencies with the knowledge that subjects may be involved within the period of support, but definite plans would not normally be set forth in the application or proposal. These include activities such as institutional type grants when selection of specific projects is the institution's responsibility; research training grants in which the activities involving subjects remain to be selected; and projects in which human subjects' involvement will depend upon completion of instruments, prior animal studies, or purification of compounds. These applications need not be reviewed by an IRB before an award may be made. However, except for research exempted or waived under § 16.101 (b) or (i), no human subjects may be involved in any project supported by these awards until the project has been reviewed and approved by the IRB, as provided in this policy, and certification submitted, by the institution, to the department or agency.

### **§ 16.119 Research undertaken without the intention of involving human subjects.**

In the event research is undertaken without the intention of involving human subjects, but it is later proposed to involve human subjects in the research, the research shall first be reviewed and approved by an IRB, as provided in this policy, a certification submitted, by the institution, to the department or agency, and final approval given to the proposed change by the department or agency.

### **§ 16.120 Evaluation and disposition of applications and proposals for research to be conducted or supported by a Federal Department or Agency.**

(a) The department or agency head will evaluate all applications and proposals involving human subjects submitted to the department or agency through such officers and employees of the department or agency and such experts and consultants as the department or agency head determines to be appropriate. This evaluation will take into consideration the risks to the subjects, the adequacy of protection against these risks, the potential benefits of the research to the subjects and others, and the importance of the knowledge gained or to be gained.

(b) On the basis of this evaluation, the department or agency head may approve or disapprove the application or proposal, or enter into negotiations to develop an approvable one.

### **§ 16.121 [Reserved]**

### **§ 16.122 Use of Federal funds.**

Federal funds administered by a department or agency may not be expended for research involving human subjects unless the requirements of this policy have been satisfied.

### **§ 16.123 Early termination of research support: Evaluation of applications and proposals.**

(a) The department or agency head may require that department or agency support for any project be terminated or suspended in the manner prescribed in applicable program requirements,

**§ 16.124**

when the department or agency head finds an institution has materially failed to comply with the terms of this policy.

(b) In making decisions about supporting or approving applications or proposals covered by this policy the department or agency head may take into account, in addition to all other eligibility requirements and program criteria, factors such as whether the applicant has been subject to a termination or suspension under paragraph (a) of this section and whether the applicant or the person or persons who would direct or has have directed the scientific and technical aspects of an activity has have, in the judgment of the department or agency head, materially failed to discharge responsibility for the protection of the rights and welfare of human subjects (whether or not the research was subject to federal regulation).

**§ 16.124 Conditions.**

With respect to any research project or any class of research projects the department or agency head may impose additional conditions prior to or at the time of approval when in the judgment of the department or agency head additional conditions are necessary for the protection of human subjects.

### DEFINITIONS AND ACTIVE DUTY

#### § 17.30 Definitions.

## PROTECTION OF PATIENT RIGHTS

### § 17.32 Informed consent.

(a) *Definitions*:

*Close friend*. Any person eighteen years or older who has shown care and concern for the patient's welfare, who is familiar with the patient's activities, health, religious beliefs and values, and who has presented a signed

written statement for the record that describes that person's relationship to and familiarity with the patient.

*Decision-making capacity.* The ability to understand and appreciate the nature and consequences of health-care treatment decisions.

*Health-care agent.* An individual named by the patient in a Durable Power of Attorney for Health Care.

*Legal guardian.* A person appointed by a court of appropriate jurisdiction to make decisions for an individual who has been judicially determined to be incompetent.

*Practitioner.* Any physician, dentist, or health-care professional who has been granted specific clinical privileges to perform the treatment or procedure involved. For the purpose of obtaining informed consent for medical treatment, the term practitioner includes medical and dental residents regardless of whether they have been granted clinical privileges.

*Signature consent.* The patient's or surrogate's signature on a VA-authorized consent form, e.g., a published numbered VA form (OF 522) or comparable form approved by the local VA facility.

*Special guardian.* A person appointed by a court of appropriate jurisdiction for the specific purpose of making health-care decisions.

*Surrogate.* An individual, organization or other body authorized under this section to give informed consent on behalf of a patient who lacks decision-making capacity.

(b) *Policy.* Except as otherwise provided in this section, all patient care furnished under title 38 U.S.C. shall be carried out only with the full and informed consent of the patient or, in appropriate cases, a representative thereof. In order to give informed consent, the patient must have decision-making capacity and be able to communicate decisions concerning health care. If the patient lacks decision-making capacity or has been declared incompetent, consent must be obtained from the patient's surrogate. Practitioners may provide necessary medical care in emergency situations without the patient's or surrogate's express consent when immediate medical care is necessary to preserve life or prevent seri-

ous impairment of the health of the patient or others and the patient is unable to consent and the practitioner determines that the patient has no surrogate or that waiting to obtain consent from the patient's surrogate would increase the hazard to the life or health of the patient or others. In such circumstances consent is implied.

(c) *General requirements for informed consent.* Informed consent is the freely given consent that follows a careful explanation by the practitioner to the patient or the patient's surrogate of the proposed diagnostic or therapeutic procedure or course of treatment. The practitioner, who has primary responsibility for the patient or who will perform the particular procedure or provide the treatment, must explain in language understandable to the patient or surrogate the nature of a proposed procedure or treatment; the expected benefits; reasonably foreseeable associated risks, complications or side effects; reasonable and available alternatives; and anticipated results if nothing is done. The patient or surrogate must be given the opportunity to ask questions, to indicate comprehension of the information provided, and to grant permission freely without coercion. The practitioner must advise the patient or surrogate if the proposed treatment is novel or unorthodox. The patient or surrogate may withhold or revoke his or her consent at any time.

(d) *Documentation of informed consent.* (1) The informed consent process must be appropriately documented in the medical record. In addition, signature consent is required for all diagnostic and therapeutic treatments or procedures that:

- (i) Require the use of sedation;
- (ii) Require anesthesia or narcotic analgesia;
- (iii) Are considered to produce significant discomfort to the patient;
- (iv) Have a significant risk of complication or morbidity;
- (v) Require injections of any substance into a joint space or body cavity; or
- (vi) Involve testing for Human Immunodeficiency Virus (HIV).

(2) The patient's or surrogate's signature on a VA-authorized consent form

must be witnessed. The witness' signature only attests to the fact that he or she saw the patient or surrogate and the practitioner sign the form. When the patient's or surrogate's signature is indicated by an "X", two adults must witness the act of signing. The signed form must be filed in the patient's medical record. A properly executed OF 522 or other VA-authorized consent form is valid for a period of 30 calendar days. If, however, the treatment plan involves multiple treatments or procedures, it will not be necessary to repeat the informed consent discussion and documentation so long as the course of treatment proceeds as planned, even if treatment extends beyond the 30-day period. If there is a change in the patient's condition that might alter the diagnostic or therapeutic decision, the consent is automatically rescinded.

(3) If it is impractical to consult with the surrogate in person, informed consent may be obtained by mail, facsimile, or telephone. A facsimile copy of a signed consent form is adequate to proceed with treatment. However, the surrogate must agree to submit a signed consent form to the practitioner. If consent is obtained by telephone, the conversation must be audiotaped or witnessed by a second VA employee. The name of the person giving consent and his or her authority to act as surrogate must be adequately identified for the record.

(e) *Surrogate consent.* If the practitioner who has primary responsibility for the patient determines that the patient lacks decision-making capacity and is unlikely to regain it within a reasonable period of time, informed consent must be obtained from the patient's surrogate. Patients who are incapable of giving consent as a matter of law, i.e., persons judicially determined to be incompetent and minors not otherwise able to provide informed consent, will be deemed to lack decision-making capacity for the purposes of this section. If the patient is considered a minor in the state where the VA facility is located and cannot consent to medical treatment, consent must be obtained from the patient's parent or legal guardian. The surrogate generally assumes the same rights and respon-

sibilities as the patient in the informed consent process. The surrogate's decision must be based on his or her knowledge of what the patient would have wanted, i.e., substituted judgment. If the patient's wishes are unknown, the decision must be based on the patient's best interest. The following persons are authorized to consent on behalf of patients who lack decision-making capacity in the following order of priority:

- (1) Health-care agent;
- (2) Legal guardian or special guardian;
- (3) Next-of-kin: a close relative of the patient eighteen years of age or older, in the following priority: spouse, child, parent, sibling, grandparent, or grandchild; or
- (4) Close friend.

(f) *Consent for patients without surrogates.* (1) If none of the surrogates listed in paragraph (e) of this section are available, the practitioner may request Regional Counsel assistance to obtain a special guardian for health care or follow the procedures outlined in this paragraph (f).

(2) Facilities may use the following process to make treatment decisions for patients who lack decision-making capacity and have no surrogate. For treatments or procedures that involve minimal risk, the practitioner must verify that no authorized surrogate can be located. The practitioner must attempt to explain the nature and purpose of the proposed treatment to the patient and enter this information in the medical record. For procedures that require signature consent, the practitioner must certify that the patient has no surrogate. The attending physician and the Chief of Service (or his or her designee) must indicate their approval of the treatment decision in writing. Any decision to withhold or withdraw life-sustaining treatment for such patients must be reviewed by a multi-disciplinary committee appointed by the facility Director. The committee functions as the patient's advocate and may not include members of the treatment team. The committee must submit its findings and recommendations in a written report to the Chief of Staff who must note his or her approval of the report in writing. After reviewing the record, the facility

## Department of Veterans Affairs

## § 17.33

Director may concur with the decision to withhold or withdraw life support or request further review by Regional Counsel.

(g) *Special consent situations.* In addition to the other requirements of this section, additional protections are required in the following situations.

(1) No patient will undergo any unusual or extremely hazardous treatment or procedure, *e.g.*, that which might result in irreversible brain damage or sterilization, except as provided in this paragraph (g). Before treatment is initiated, the patient or surrogate must be given adequate opportunity to consult with independent specialists, legal counsel or other interested parties of his or her choosing. The patient's or surrogate's signature on a VA authorized consent form must be witnessed by someone who is not affiliated with the VA health-care facility, *e.g.*, spouse, legal guardian, or patient advocate. If a surrogate makes the treatment decision, a multi-disciplinary committee, appointed by the facility Director, must review that decision to ensure it is consistent with the patient's wishes or in his or her best interest. The committee functions as the patient's advocate and may not include members of the treatment team. The committee must submit its findings and recommendations in a written report to the facility Director. The Director may authorize treatment consistent with the surrogate's decision or request that a special guardian for health care be appointed to make the treatment decision.

(2) Administration of psychotropic medication to an involuntarily committed patient against his or her will must meet the following requirements. The patient or surrogate must be allowed to consult with independent specialists, legal counsel or other interested parties concerning the treatment with psychotropic medication. Any recommendation to administer or continue medication against the patient's or surrogate's will must be reviewed by a multi-disciplinary committee appointed by the facility Director for this purpose. This committee must include a psychiatrist or a physician who has psychopharmacology privileges. The facility Director must concur with the

committee's recommendation to administer psychotropic medications contrary to the patient's or surrogate's wishes. Continued therapy with psychotropic medication must be reviewed every 30 days. The patient (or a representative on the patient's behalf) may appeal the treatment decision to a court of appropriate jurisdiction.

(3) If a proposed course of treatment or procedure involves approved medical research in whole or in part, the patient or representative shall be advised of this. Informed consent shall be obtained specifically for the administration or performance of that aspect of the treatment or procedure that involves research. Such consent shall be in addition to that obtained for the administration or performance of the nonresearch aspect of the treatment or procedure and must meet the requirements for informed consent set forth in 38 CFR Part 16, *Protection of Human Subjects*.

(4) Testing for Human Immunodeficiency Virus (HIV) must be voluntary and must be conducted only with the prior informed and (written) signature consent of the patient or surrogate. Patients who consent to testing for HIV must sign VA form 10-012, "Consent for HIV Antibody Testing." This form must be filed in the patient's medical record. Testing must be accompanied by pre-test and post-test counseling.

(The information collection requirements in this section have been approved by the Office of Management and Budget under control number 2900-0583)

### § 17.33 Patients' rights.

(a) *General.* (1) Patients have a right to be treated with dignity in a humane environment that affords them both reasonable protection from harm and appropriate privacy with regard to their personal needs.

(2) Patients have a right to receive, to the extent of eligibility therefor under the law, prompt and appropriate treatment for any physical or emotional disability.

(3) Patients have the right to the least restrictive conditions necessary to achieve treatment purposes.

(4) No patient in the Department of Veterans Affairs medical care system, except as otherwise provided by the applicable State law, shall be denied legal rights solely by virtue of being voluntarily admitted or involuntarily committed. Such legal rights include, but are not limited to, the following:

(i) The right to hold and to dispose of property except as may be limited in accordance with paragraph (c)(2) of this section;

(ii) The right to execute legal instruments (e.g., will);

(iii) The right to enter into contractual relationships;

(iv) The right to register and vote;

(v) The right to marry and to obtain a separation, divorce, or annulment;

(vi) The right to hold a professional, occupational, or vehicle operator's license.

(b) *Residents and inpatients.* Subject to paragraph (c) of this section, patients admitted on a residential or inpatient care basis to the Department of Veterans Affairs medical care system have the following rights:

(1) *Visitations and communications.* Each patient has the right to communicate freely and privately with persons outside the facility, including government officials, attorneys, and clergymen. To facilitate these communications each patient shall be provided the opportunity to meet with visitors during regularly scheduled visiting hours, convenient and reasonable access to public telephones for making and receiving phone calls, and the opportunity to send and receive unopened mail.

(i) Communications with attorneys, law enforcement agencies, or government officials and representatives of recognized service organizations when the latter are acting as agents for the patient in a matter concerning Department of Veterans Affairs benefits, shall not be reviewed.

(ii) A patient may refuse visitors.

(iii) If a patient's right to receive unopened mail is restricted pursuant to paragraph (c) of this section, the patient shall be required to open the sealed mail while in the presence of an

appropriate person for the sole purpose of ascertaining whether the mail contains contraband material, i.e., implements which pose significant risk of bodily harm to the patient or others or any drugs or medication. Any such material will be held for the patient or disposed of in accordance with instructions concerning patients' mail published by the Veterans Health Administration, Department of Veterans Affairs, and/or the local health care facility.

(iv) Each patient shall be afforded the opportunity to purchase, at the patient's expense, letter writing material including stamps. In the event a patient needs assistance in purchasing writing material, or in writing, reading or sending mail, the medical facility will attempt, at the patient's request, to provide such assistance by means of volunteers, sufficient to mail at least one (1) letter each week.

(v) All information gained by staff personnel of a medical facility during the course of assisting a patient in writing, reading, or sending mail is to be kept strictly confidential except for any disclosure required by law.

(2) *Clothing.* Each patient has the right to wear his or her own clothing.

(3) *Personal Possessions.* Each patient has the right to keep and use his or her own personal possessions consistent with available space, governing fire safety regulations, restrictions on noise, and restrictions on possession of contraband material, drugs and medications.

(4) *Money.* Each patient has the right to keep and spend his or her own money and to have access to funds in his or her account in accordance with instructions concerning personal funds of patients published by the Veterans Health Administration.

(5) *Social Interaction.* Each patient has the right to social interaction with others.

(6) *Exercise.* Each patient has the right to regular physical exercise and to be outdoors at regular and frequent intervals. Facilities and equipment for such exercise shall be provided.

(7) *Worship.* The opportunity for religious worship shall be made available to each patient who desires such opportunity. No patient will be coerced into

engaging in any religious activities against his or her desires.

(c) *Restrictions.* (1) A right set forth in paragraph (b) of this section may be restricted within the patient's treatment plan by written order signed by the appropriate health or mental health professional if—

(i) It is determined pursuant to paragraph (c)(2) of this section that a valid and sufficient reason exists for a restriction, and

(ii) The order imposing the restriction and a progress note detailing the indications therefor are both entered into the patient's permanent medical record.

(2) For the purpose of this paragraph, a valid and sufficient reason exists when, after consideration of pertinent facts, including the patient's history, current condition and prognosis, a health or mental health professional reasonably believes that the full exercise of the specific right would—

(i) Adversely affect the patient's physical or mental health,

(ii) Under prevailing community standards, likely stigmatize the patient's reputation to a degree that would adversely affect the patient's return to independent living,

(iii) Significantly infringe upon the rights of or jeopardize the health or safety of others, or

(iv) Have a significant adverse impact on the operation of the medical facility, to such an extent that the patient's exercise of the specific right should be restricted. In determining whether a patient's specific right should be restricted, the health or mental health professional concerned must determine that the likelihood and seriousness of the consequences that are expected to result from the full exercise of the right are so compelling as to warrant the restriction. The Chief of Service or Chief of Staff, as designated by local policy, should concur with the decision to impose such restriction. In this connection, it should be noted that there is no intention to imply that each of the reasons specified in paragraphs (c)(2)(i) through (iv) of this section are logically relevant to each of the rights set forth in paragraph (b)(1) of this section.

(3) If it has been determined under paragraph (c)(2) of this section that a valid and sufficient reason exists for restricting any of the patient's rights set forth in paragraph (c)(1) of this section, the least restrictive method for protecting the interest or interests specified in paragraphs (c)(2)(i) through (iv) of this section that are involved shall be employed.

(4) The patient must be promptly notified of any restriction imposed pursuant to this paragraph and the reasons therefor.

(5) All restricting orders must be reviewed at least once every 30 days by the practitioner and must be concurred in by the Chief of Service or Chief of Staff.

(d) *Restraint and seclusion of patients.*

(1) Each patient has the right to be free from physical restraint or seclusion except in situations in which there is a substantial risk of imminent harm by the patient to himself, herself, or others and less restrictive means of preventing such harm have been determined to be inappropriate or insufficient. Patients will be physically restrained or placed in seclusion only on the written order of a physician. The reason for any restraint order will be clearly documented in the progress notes of the patient's medical record. The written order may be entered on the basis of telephonic authority received from a physician, but in such an event the ordering physician must examine the patient and sign the written order within twelve (12) hours of giving the order for restraint or seclusion. In emergency situations, where inability to contact a physician prior to restraint is likely to result in immediate harm to the patient or others, the patient may be temporarily restrained by a member of the staff until appropriate authorization can be received from a physician. Use of restraints or seclusion shall be for no more than twenty-four (24) hours, at which time the physician shall again be consulted to determine if continuance of such restraint or seclusion is required. Restraint or seclusion may not be used as a punishment, for the convenience of staff, or as a substitute for treatment programs.

§ 17.34

38 CFR Ch. I (7-1-03 Edition)

(2) While in restraint or seclusion, the patient must be seen at least once every twelve (12) hours by an appropriate health professional who will monitor and chart the patient's physical and mental condition and by other ward personnel as frequently as is reasonable under existing circumstances, but no less than once each hour.

(3) Each patient in restraint or seclusion shall have bathroom privileges according to his or her needs.

(4) Each patient in restraint or seclusion shall have the opportunity to bathe at least every twenty-four (24) hours.

(5) Each patient in restraint or seclusion shall be provided nutrition and fluid appropriately.

(e) *Medication.* Patients have a right to be free from unnecessary or excessive medication. Except in an emergency, medication will be administered only on the written order of a physician in that patient's medical record. The written order may be entered on the basis of telephonic authority received from a physician, but in such event a physician must countersign the written order within 24 hours of the ordering of the medication. The attending physician shall be responsible for all medication given or administered to a patient. The attending physician shall review the drug regimen of each patient under his or her care at least every thirty (30) days. It is recognized that administration of certain medications will be reviewed more frequently. Medication shall not be used as punishment, for the convenience of the staff, or in quantities which interfere with the patient's treatment program.

(f) *Confidentiality.* Information gained by staff from the patient or the patient's medical record will be kept confidential and will not be disclosed except in accordance with applicable law.

(g) *Patient grievances.* Each patient has the right to present grievances with respect to perceived infringement of the rights described in this section or concerning any other matter on behalf of himself, herself or others, to staff members at the facility in which the patient is receiving care, other Department of Veterans Affairs officials, government officials, members of Con-

gress or any other person without fear or reprisal.

(h) *Notice of patient's rights.* Upon the admission of any patient, the patient or his/her representative shall be informed of the rights described in this section, shall be given a copy of a statement of those rights and shall be informed of the fact that the statement of rights is posted at each nursing station. All staff members assigned to work with patients will be given a copy of the statement of rights and these rights will be discussed with them by their immediate supervisor.

(i) *Other rights.* The rights described in this section are in addition to and not in derogation of any statutory, constitutional or other legal rights.

TENTATIVE ELIGIBILITY DETERMINATIONS

§ 17.34 Tentative eligibility determinations.

Subject to the provisions of §§ 17.36 through 17.38, when an application for hospital care or other medical services, except outpatient dental care, has been filed which requires an adjudication as to service connection or a determination as to any other eligibility prerequisite which cannot immediately be established, the service (including transportation) may be authorized without further delay if it is determined that eligibility for care probably will be established. Tentative eligibility determinations under this section, however, will only be made if:

(a) *In emergencies.* The applicant needs hospital care or other medical services in emergency circumstances, or

(b) *For persons recently discharged from service.* The application was filed within 6 months after date of honorable discharge from a period of not less than 6 months of active duty.

### ENROLLMENT PROVISIONS AND MEDICAL BENEFITS PACKAGE

#### § 17.36 Enrollment—provision of hospital and outpatient care to veterans.

(a) *Enrollment requirement for veterans.*

(1) Except as otherwise provided in § 17.37, a veteran must be enrolled in the VA healthcare system as a condition for receiving the 'medical benefits package' set forth in § 17.38.

NOTE TO PARAGRAPH (a)(1): A veteran may apply to be enrolled at any time. (See § 17.36(d)(1).)

(2) Except as provided in paragraph (a)(3) of this section, a veteran enrolled under this section and who, if required by law to do so, has agreed to make any applicable copayment is eligible for VA hospital and outpatient care as provided in the "medical benefits package" set forth in § 17.38.

NOTE TO PARAGRAPH (a)(2): A veteran's enrollment status will be recognized throughout the United States.

(3) A veteran enrolled based on having a disorder associated with exposure to a toxic substance or radiation, for a disorder associated with service in the Southwest Asia theater of operations during the Gulf War, or any illness associated with service in combat in a

war after the Gulf War or during a period of hostility after November 11, 1998, as provided in 38 U.S.C. 1710(e), is eligible for VA care provided in the "medical benefits package" set forth in § 17.38 for the disorder.

(b) *Categories of veterans eligible to be enrolled.* The Secretary will determine which categories of veterans are eligible to be enrolled based on the following order of priority:

(1) Veterans with a singular or combined rating of 50 percent or greater based on one or more service-connected disabilities or unemployability.

(2) Veterans with a singular or combined rating of 30 percent or 40 percent based on one or more service-connected disabilities.

(3) Veterans who are former prisoners of war; veterans awarded the Purple Heart; veterans with a singular or combined rating of 10 percent or 20 percent based on one or more service-connected disabilities; veterans who were discharged or released from active military service for a disability incurred or aggravated in the line of duty; veterans who receive disability compensation under 38 U.S.C. 1151; veterans whose entitlement to disability compensation is suspended pursuant to 38 U.S.C. 1151, but only to the extent that such veterans' continuing eligibility for that care is provided for in the judgment or settlement described in 38 U.S.C. 1151; veterans whose entitlement to disability compensation is suspended because of the receipt of military retired pay; and veterans receiving compensation at the 10 percent rating level based on multiple noncompensable service-connected disabilities that clearly interfere with normal employability.

(4) Veterans who receive increased pension based on their need for regular aid and attendance or by reason of being permanently housebound and other veterans who are determined to be catastrophically disabled by the Chief of Staff (or equivalent clinical official) at the VA facility where they were examined.

(5) Veterans not covered by paragraphs (b)(1) through (b)(4) of this section who are determined to be unable to defray the expenses of necessary care under 38 U.S.C. 1722(a).

(6) Veterans of the Mexican border period or of World War I; veterans solely seeking care for a disorder associated with exposure to a toxic substance or radiation, for a disorder associated with service in the Southwest Asia theater of operations during the Gulf War, or for any illness associated with service in combat in a war after the Gulf War or during a period of hostility after November 11, 1998, as provided and limited in 38 U.S.C. 1710(e); and veterans with 0 percent service-connected disabilities who are nevertheless compensated, including veterans receiving compensation for inactive tuberculosis.

(7) Veterans who agree to pay to the United States the applicable copayment determined under 38 U.S.C. 1710(f) and 1710(g) if their income for the previous year constitutes "low income" under the geographical income limits established by the U.S. Department of Housing and Urban Development for the fiscal year that ended on September 30 of the previous calendar year. For purposes of this paragraph, VA will determine the income of veterans (to include the income of their spouses and dependents) using the rules in §§ 3.271, 3.272, 3.273, and 3.276. After determining the veterans' income and the number of persons in the veterans' family (including only the spouse and dependent children), VA will compare their income with the current applicable "low-income" income limit for the public housing and section 8 programs in their area that the U.S. Department of Housing and Urban Development publishes pursuant to 42 U.S.C. 1437a(b)(2). If the veteran's income is below the applicable "low-income" income limits for the area in which the veteran resides, the veteran will be considered to have "low income" for purposes of this paragraph. To avoid a hardship to a veteran, VA may use the projected income for the current year of the veteran, spouse, and dependent children if the projected income is below the "low income" income limit referenced above. This category is further prioritized into the following subcategories:

(i) Noncompensable zero percent service-connected veterans who are in an enrolled status on a specified date

announced in a FEDERAL REGISTER document promulgated under paragraph (c) of this section and who subsequently do not request disenrollment;

(ii) Nonservice-connected veterans who are in an enrolled status on a specified date announced in a FEDERAL REGISTER document promulgated under paragraph (c) of this section and who subsequently do not request disenrollment;

(iii) Noncompensable zero percent service-connected veterans not included in paragraph (b)(7)(i) of this section; and

(iv) Nonservice-connected veterans not included in paragraph (b)(7)(ii) of this section.

(8) Veterans not included in priority category 4 or 7, who are eligible for care only if they agree to pay to the United States the applicable copayment determined under 38 U.S.C. 1710(f) and 1710(g). This category is further prioritized into the following subcategories:

(i) Noncompensable zero percent service-connected veterans who are in an enrolled status on a specified date announced in a FEDERAL REGISTER document promulgated under paragraph (c) of this section and who subsequently do not request disenrollment;

(ii) Nonservice-connected veterans who are in an enrolled status on a specified date announced in a FEDERAL REGISTER document promulgated under paragraph (c) of this section and who subsequently do not request disenrollment;

(iii) Noncompensable zero percent service-connected veterans not included in paragraph (b)(8)(i) of this section; and

(iv) Nonservice-connected veterans not included in paragraph (b)(8)(ii) of this section.

(c) FEDERAL REGISTER *notification of eligible enrollees*. (1) It is anticipated that on or before August 1 of each year the Secretary will announce in paragraph (c)(2) of this section which categories of veterans are eligible to be enrolled. As necessary, the Secretary at any time may revise this determination by further amending paragraph (c)(2) of this section. The preamble to a

FEDERAL REGISTER document announcing which priority categories are eligible to be enrolled must specify the projected number of fiscal year applicants for enrollment in each priority category, projected healthcare utilization and expenditures for veterans in each priority category, appropriated funds and other revenue projected to be available for fiscal year enrollees, and results—projected total expenditures for enrollees by priority category. The determination should include consideration of relevant internal and external factors, e.g., economic changes, changes in medical practices, and waiting times to obtain an appointment for care. Consistent with these criteria, the Secretary will determine which categories of veterans are eligible to be enrolled based on the order of priority specified in paragraph (b) of this section.

(2) Unless changed by a rulemaking document in accordance with paragraph (c)(1) of this section, VA will enroll all priority categories of veterans set forth in § 17.36(b) beginning January 17, 2003 except that those veterans in priority category 8 who were not in an enrolled status on January 17, 2003 or who requested disenrollment after that date, are not eligible to be enrolled.

(d) *Enrollment and disenrollment process*—(1) *Application for enrollment*. A veteran may apply to be enrolled in the VA healthcare system at any time. A veteran who wishes to be enrolled must apply by submitting a VA Form 10-10EZ to a VA medical facility. Veterans applying based on inclusion in priority categories 1, 2, 3, 6, and 8 do not need to complete section II, but must complete the rest of the form. Veterans applying based on inclusion in priority category 4 because of their need for regular aid and attendance or by being permanently housebound need not complete section II, but must complete the rest of the form. Veterans applying based on inclusion in priority category 4 because they are catastrophically disabled need not complete section II, but must complete the rest of the form, if they agree to pay to the United States the applicable co-payment determined under 38 U.S.C. 1710(f) and 1710(g); they are a veteran of the Mexican border period or of World

War I or a veteran with a 0 percent service-connected disability who is nevertheless compensated; their catastrophic disability is a disorder associated with exposure to a toxic substance or radiation, or with service in the Southwest Asia theater of operations during the Gulf War as provided in 38 U.S.C. 1710(e); or their catastrophic disability is an illness associated with service in combat in a war after the Gulf War or during a period of hostility after November 11, 1998, as provided in 38 U.S.C. 1710(e). All other veterans applying based on inclusion in priority category 4 because they are catastrophically disabled must complete the entire form. Veterans applying based on inclusion in priority category 5 must complete the entire form. Veterans applying based on inclusion in priority category 7 must complete the entire form except for section IIE. VA form 10-10EZ is set forth in paragraph (f) of this section and is available from VA medical facilities.

(2) *Action on application*. Upon receipt of a completed VA Form 10-10EZ, a VA network or facility director, or the Deputy Under Secretary for Health for Operations and Management or Chief, Health Administration Service or equivalent official at a VA medical facility, or Director, Health Eligibility Center, will accept a veteran as an enrollee upon determining that the veteran is in a priority category eligible to be enrolled as set forth in § 17.36(c)(2). Upon determining that a veteran is not in a priority category eligible to be enrolled, the VA network or facility director, or the Deputy Under Secretary for Health for Operations and Management or Chief, Health Administration Service or equivalent official at a VA medical facility, or Director, Health Eligibility Center, will inform the applicant that the applicant is ineligible to be enrolled.

(3) *Placement in enrollment categories*.

(i) Veterans will be placed in priority categories whether or not veterans in that category are eligible to be enrolled.

(ii) A veteran will be placed in the highest priority category or categories for which the veteran qualifies.

(iii) A veteran may be placed in only one priority category, except that a veteran placed in priority category 6 based on a specified disorder or illness will also be placed in priority category 7 or priority category 8, as applicable, if the veteran has previously agreed to pay the applicable copayment, for all matters not covered by priority category 6.

(iv) A veteran who had been enrolled based on inclusion in priority category 5 and became no longer eligible for inclusion in priority category 5 due to failure to submit to VA a current VA Form 10-10EZ will be changed automatically to enrollment based on inclusion in priority category 6 or 8 (or more than one of these categories if the previous principle applies), as applicable, and be considered continuously enrolled. To meet the criteria for priority category 5, a veteran must be eligible for priority category 5 based on the information submitted to VA in a current VA Form 10-10EZ. To be current, after VA has sent a form 10-10EZ to the veteran at the veteran's last known address, the veteran must return the completed form (including signature) to the address on the return envelope within 60 days from the date VA sent the form to the veteran.

(v) Veterans will be disenrolled, and reenrolled, in the order of the priority categories listed with veterans in priority category 1 being the last to be disenrolled and the first to be reenrolled. Similarly, within priority categories 7 and 8, veterans will be disenrolled, and reenrolled, in the order of the priority subcategories listed with veterans in subcategory (i) being the last to be disenrolled and first to be reenrolled.

(4) *Automatic enrollment.* Notwithstanding other provisions of this section, veterans who were notified by VA letter that they were enrolled in the VA healthcare system under the trial VA enrollment program prior to October 1, 1998, automatically will be enrolled in the VA healthcare system under this section if determined by a VA network or facility director, or the Deputy Under Secretary for Health for Operations and Management or Chief, Health Administration Service or equivalent official at a VA medical fa-

cility, or Director, Health Eligibility Center, that the veteran is in a priority category eligible to be enrolled as set forth in §17.36(c)(2). Upon determining that a veteran is not in a priority category eligible to be enrolled, the VA network or facility director, or the Deputy Under Secretary for Health for Operations and Management or Chief, Health Administration Service or equivalent official at a VA medical facility, or Director, Health Eligibility Center, will inform the veteran that the veteran is ineligible to be enrolled.

(5) *Disenrollment.* A veteran enrolled in the VA health care system under paragraph (d)(2) or (d)(4) of this section will be disenrolled only if:

(i) The veteran submits to a VA medical center or the VA Health Eligibility Center, 1644 Tullie Circle, Atlanta, Georgia 30329, a signed document stating that the veteran no longer wishes to be enrolled; or

(ii) A VA network or facility director, or the Deputy Under Secretary for Health for Operations and Management or Chief, Health Administration Service or equivalent official at a VA medical facility, or Director, Health Eligibility Center, determines that the veteran is no longer in a priority category eligible to be enrolled, as set forth in §17.36(c)(2); or

(iii) A VA network or facility director, or the Deputy Under Secretary for Health for Operations and Management or Chief, Health Administration Service or equivalent official at a VA medical facility, or Director, Health Eligibility Center, determines that the veteran has been enrolled based on inclusion in priority category 5 or priority category 7; determines that the veteran was sent by mail a VA Form 10-10EZ; and determines that the veteran failed to return the completed form to the address on the return envelope within 60 days from receipt of the form. VA Form 10-10EZ is set forth in paragraph (f) of this section.

(6) *Notification of enrollment status.* Notice of a decision by a VA network or facility director, or the Deputy Under Secretary for Health for Operations and Management or Chief, Health Administration Service or equivalent official at a VA medical facility, or Director, Health Eligibility

Center, regarding enrollment status will be provided to the affected veteran by letter and will contain the reasons for the decision. The letter will include an effective date for any changes and a statement regarding appeal rights. The decision will be based on all information available to the decisionmaker, including the information contained in VA Form 10-10EZ.

(e) *Catastrophically disabled.* For purposes of this section, catastrophically disabled means to have a permanent severely disabling injury, disorder, or disease that compromises the ability to carry out the activities of daily living to such a degree that the individual requires personal or mechanical assistance to leave home or bed or requires constant supervision to avoid physical harm to self or others. This definition is met if an individual has been found by the Chief of Staff (or equivalent clinical official) at the VA facility where the individual was examined to have a permanent condition specified in paragraph (e)(1) of this section; to meet permanently one of the conditions specified in paragraph (e)(2) of this section by a clinical evaluation of the patient's medical records that documents that the patient previously met the permanent criteria and continues to meet such criteria (permanently) or would continue to meet such criteria (permanently) without the continuation of on-going treatment; or to meet permanently one of the conditions specified in paragraph (e)(2) of this section by a current medical examination that documents that the patient meets the permanent criteria and will continue to meet such criteria (permanently) or would continue to meet such criteria (permanently) without the continuation of on-going treatment.

nishing care, arrange to admit the veteran to the nearest VA medical center, or Department of Defense hospital with which VA has a sharing agreement under 38 U.S.C. 8111, which is capable of providing the needed care, or if VA or DOD facilities are not available, arrange for care on a contract basis if authorized by 38 U.S.C. 1703 and 38 CFR 17.52; or

(2) If the veteran needs non-immediate hospitalization, schedule the veteran for admission at VA facility where the veteran applies, if the schedule permits, or refer the veteran for admission or scheduling for admission at the nearest VA medical center, or Department of Defense facility with which VA has a sharing agreement under 38 U.S.C. 8111.

**§ 17.47 Considerations applicable in determining eligibility for hospital, nursing home or domiciliary care.**

(a)(1) For applicants discharged or released for disability incurred or aggravated in line of duty and who are not in receipt of compensation for service-connected or service-aggravated disability, the official records of the Armed Forces relative to findings of line of duty for its purposes will be accepted in determining eligibility for hospital care. Where the official records of the Armed Forces show a finding of disability not incurred or aggravated in line of duty and evidence is submitted to the Department of Veterans Affairs which permits of a different finding, the decision of the Armed Forces will not be binding upon the Department of Veterans Affairs, which will be free to make its own determination of line of duty incurrence or aggravation upon evidence so submitted. It will be incumbent upon the applicant to present controverting evidence and, until such evidence is presented and a determination favorable to the applicant is made by the Department of Veterans Affairs, the finding of the Armed Forces will control and hospital care will not be authorized. Such controverting evidence, when received from an applicant, will be referred to the adjudicating agency which would have jurisdiction if the applicant was filing claim for pension or disability compensation, and the determination of such agency as to line of duty, which is promptly to be communicated to the head of the field facility receiving the application for hospital care, will govern the facility Director's disapproval or approval of admission, other eligibility requirements having been met.

Where the official records of the Armed Forces show that the disability for which a veteran was discharged or released from the Armed Forces under other than dishonorable conditions was incurred or aggravated in the line of duty, such showing will be accepted for the purpose of determining his or her eligibility for hospitalization, notwithstanding the fact that the Department of Veterans Affairs has made a determination in connection with a claim for monetary benefits that the disability was incurred or aggravated not in line of duty.

(2) In those exceptional cases where the official records of the Armed Forces show discharge or release under other than dishonorable conditions because of expiration of period of enlistment or any other reason except disability, but also show a disability incurred or aggravated in line of duty during the said enlistment; and the disability so recorded is considered in medical judgment to be or to have been of such character, duration, and degree as to have justified a discharge or release for disability had the period of enlistment not expired or other reason for discharge or release been given, the Under Secretary for Health, upon consideration of a clear, full statement of circumstances, is authorized to approve admission of the applicant for hospital care, provided other eligibility requirements are met. A typical case of this kind will be one where the applicant was under treatment for the said disability recorded during his or her service at the time discharge or release was given for the reason other than disability.

(b)(1) Under 38 U.S.C. 1710(a)(1), veterans who are receiving disability compensation awarded under § 3.800 of this chapter, where a disease, injury or the aggravation of an existing disease or injury occurs as a result of VA examination, medical or surgical treatment, or of hospitalization in a VA health care facility or of participation in a rehabilitation program under 38 U.S.C. ch. 31, under any law administered by VA and not the result of his/her own willful misconduct. Treatment may be provided for the disability for which the compensation is being paid or for any other disability. Treatment under

§ 17.47

38 CFR Ch. I (7-1-03 Edition)

the authority of 38 U.S.C. 1710(a)(1) may not be authorized during any period when disability compensation under §3.800 of this title is not being paid because of the provision of §3.800(a)(2), except to the extent continuing eligibility for such treatment is provided for in the judgment for settlement described in §3.800(a)(2) of this title.

(Authority: 38 U.S.C. 1710(a); sec. 701, Pub. L. 98-160, Pub. L. 99-272)

(2) For purposes of eligibility for domiciliary care, the phrase *no adequate means of support* refers to an applicant for domiciliary care whose annual income exceeds the annual rate of pension for a veteran in receipt of regular aid and attendance, as defined in 38 U.S.C. 1503, but who is able to demonstrate to competent VA medical authority, on the basis of objective evidence, that deficits in health and/or functional status render the applicant incapable of pursuing substantially gainful employment, as determined by the Chief of Staff, and who is otherwise without the means to provide adequately for self, or be provided for in the community.

(Authority: 38 U.S.C. 1710(a); sec. 701, Pub. L. 98-160, Pub. L. 99-272)

(c) A *disability, disease, or defect* will comprehend any acute, subacute, or chronic disease (or a general medical, tuberculous, or neuropsychiatric type) of any acute, subacute, or chronic surgical condition susceptible of cure or decided improvement by hospital care; or any condition which does not require hospital care for an acute or chronic condition but requires domiciliary care. Domiciliary care, as the term implies, is the provision of a home, with such ambulant medical care as is needed. To be provided with domiciliary care, the applicant must consistently have a disability, disease, or defect which is essentially chronic in type and is producing disablement of such degree and probable persistency as will incapacitate from earning a living for a prospective period.

(Authority: 38 U.S.C. 1701, 1710)

(d)(1) For purposes of determining eligibility for hospital or nursing home care under §17.47(a), a veteran will be determined unable to defray the expenses of necessary care if the veteran agrees to provide verifiable evidence, as determined by the Secretary, that:

(i) The veteran is eligible to receive medical assistance under a State plan approved under title XIX of the Social Security Act;

(Authority: 42 U.S.C. 1396 *et seq.*)

(ii) The veteran is in receipt of pension under 38 U.S.C. 1521; or

(iii) The veteran's attributable income does not exceed \$15,000 if the veteran has no dependents, \$18,000 if the veteran has one dependent, plus \$1,000 for each additional dependent.

(Authority: 38 U.S.C. 1722; sec. 19011, Pub. L. 99-272)

(2) For purposes of determining eligibility for hospital or nursing home care under §17.47(c), a veteran will be determined eligible for necessary care if the veteran agrees to provide verifiable evidence, as determined by the Secretary, that: The veteran's attributable income does not exceed \$20,000 if the veteran has no dependents, \$25,000 if the veteran has one dependent, plus \$1,000 for each additional dependent.

(Authority: 38 U.S.C. 1722; sec. 19011, Pub. L. 99-272)

(3) Effective on January 1 of each year after calendar year 1986, the amounts set forth in paragraph (d)(1) and (2) of this section shall be increased by the percentage by which the maximum rates of pension were increased under 38 U.S.C. 1111(a), during the preceding year.

(Authority: 38 U.S.C. 1722; sec. 19011, Pub. L. 99-272)

(4) Determinations with respect to attributable income made under paragraph (d)(1) and (2) of this section, shall be made in the same manner, including the same sources of income and exclusions from income, as determinations with respect to income are made for determining eligibility for pension under §§3.271 and 3.272 of this title. The term *attributable income* means income of a

veteran for the calendar year preceding application for care, determined in the same manner as the manner in which a determination is made of the total amount of income by which the rate of pension for such veteran under 38 U.S.C. 1521 would be reduced if such veteran were eligible for pension under that section.

(Authority: 38 U.S.C. 1722; sec. 19011, Pub. L. 99-272)

(5) Notwithstanding the attributable income of a veteran, VA may determine that such veteran is not eligible under paragraph (d)(1) and (2) of this section if the corpus of the estate of the veteran is such that under all the circumstances it is reasonable that some part of the corpus of the estate of the veteran be consumed for the veteran's maintenance. The corpus of the estate of a veteran shall be determined in the same manner as determinations are made with respect to the determinations of eligibility for pension under § 3.275 of this chapter. The term *corpus of the estate of the veteran* includes the corpus of the estates of the veteran's spouse and dependent children, if any.

(Authority: 38 U.S.C. 1722; sec. 19011, Pub. L. 99-272)

(6) In order to avoid hardship VA may determine that a veteran is eligible for care notwithstanding that the veteran does not meet the income requirements established in paragraph (d)(1)(iii) or (d)(2) of this section, if projections of the veteran's income for the year following application for care are substantially below the income requirements established in paragraph (d)(1)(iii) or (d)(2) of this section.

(Authority: 38 U.S.C. 1722; sec. 19011, Pub. L. 99-272)

(e)(1) If VA determines that an individual was incorrectly charged a copayment, VA will refund the amount of any copayment actually paid by that individual.

(Authority: 38 U.S.C. 501; sec. 19011, Pub. L. 99-272)

(2) In the event a veteran provided inaccurate information on an application

and is incorrectly deemed eligible for care under 38 U.S.C. 1710(a)(1) rather than § 1710(a)(2), VA shall retroactively bill the veteran for the applicable copayment.

(Authority: 38 U.S.C. 501 and 1710; sec. 19011, Pub. L. 99-272)

(f) If a veteran who receives hospital or nursing home care under 38 U.S.C. 1710(a)(2) or outpatient care under 38 U.S.C. 1712(a)(4) by virtue of the veteran's eligibility for hospital care under 38 U.S.C. 1710(a), fails to pay to the United States the amounts agreed to under those sections shall be grounds for determining, in accordance with guidelines promulgated by the Under Secretary for Health, that the veteran is not eligible to receive further care under those sections until such amounts have been paid in full.

(2) Persons hospitalized for the treatment of nonservice-connected disabilities pursuant to §17.47, or persons receiving outpatient medical services pursuant to paragraph (e), (f), (h), (i), (j), or (k) of §17.60, and who it is believed may be entitled to hospital care and/or medical services or to reimbursement for all or part of the cost thereof from any one or more of the following parties:

(j) Veterans eligible for treatment under chapter 17 of 38 U.S.C. who are alcohol or drug abusers or who are infected with the human immunodeficiency virus (HIV) shall not be discriminated against in admission or treatment by any Department of Veterans Affairs health care facility solely because of their alcohol or drug abuse or dependency or because of their viral infection. This does not preclude the rule of clinical judgment in determining appropriate treatment which takes into account the patient's immune status and/or the infectivity of the HIV or other pathogens (such as tuberculosis, cytomegalovirus, cryptosporidiosis, etc.). Hospital Directors are responsible for assuring that admission criteria of all programs in the medical center do not discriminate solely on the basis of alcohol, drug abuse or infection with human immunodeficiency virus. Quality Assurance Programs should include indicators and monitors for nondiscrimination.

Hospital facilities operated by the Department of Defense or the Public Health Service (or any other agency of the United States Government) may be used for the care of Department of Veterans Affairs patients pursuant to agreements between the Department of Veterans Affairs and the department or agency operating the facility. When such an agreement has been entered into and a bed allocation for Department of Veterans Affairs patients has been provided for in a specific hospital covered by the agreement, care may be authorized within the bed allocation for any veteran eligible under 38 U.S.C. 1710 or 38 CFR 17.44. Care in a Federal facility not operated by the Department of Veterans Affairs, however, shall not be authorized for any military retiree whose sole basis for eligibility is under § 17.46b, or, except in Alaska and Hawaii, for any retiree of the uniformed services suffering from a

#### USE OF PUBLIC OR PRIVATE HOSPITALS

### **§ 17.52 Hospital care and medical services in non-VA facilities.**

(a) When VA facilities or other government facilities are not capable of furnishing economical hospital care or medical services because of geographic inaccessibility or are not capable of furnishing care or services required, VA may contract with non-VA facilities for care in accordance with the provisions of this section. When demand is only for infrequent use, individual authorizations may be used. Care in public or private facilities, however, subject to the provisions of § 17.53 through f, will only be authorized, whether under a contract or an individual authorization, for

The treatment period (to include care furnished in both facilities of VA and non-VA facilities or any combination of such modes of care) may not continue for a period exceeding 12 months following discharge from the hospital except when it is determined that a longer period is required by virtue of the disabilities being treated, and

(iii) A veteran of the Mexican border period or World War I or who is in receipt of increased pension or additional compensation based on the need for aid and attendance or housebound benefits when it has been determined based on an examination by a physician employed by VA (or, in areas where no such physician is available, by a physician carrying out such function under a contract or fee arrangement), that the medical condition of such veteran precludes appropriate treatment in VA facilities;

### § 17.53 Limitations on use of public or private hospitals.

The admission of any patient to a private or public hospital at Department of Veterans Affairs expense will only be authorized if a Department of Veterans Affairs medical center or other Federal facility to which the patient would otherwise be eligible for admission is not feasibly available. A Department of Veterans Affairs facility may be considered as not feasibly available when the urgency of the applicant's medical condition, the relative distance of the travel involved, or the nature of the treatment required makes it necessary or economically advisable to use public or private facilities. In those instances where care in public or private hospitals at Department of Veterans Affairs expense is authorized because a Department of Veterans Affairs or other Federal facility was not feasibly available, as defined in this section, the authorization will be continued after admission only for the period of time required to stabilize or improve the patient's condition to the extent that further care is no longer required to satisfy the purpose for which it was initiated.

### § 17.54 Necessity for prior authorization.

(a) The admission of a veteran to a non-Department of Veterans Affairs hospital at Department of Veterans Affairs expense must be authorized in advance. (b) When an application for admission by a veteran in one of the 48 contiguous States in the United States or in Puerto Rico has been made more than 72 hours after admission, or more than 72 hours after facilities are available in a noncontiguous State, territory of possession of the United States, authorization for continued care at Department of Veterans Affairs expense shall be effective as of the postmark or dispatch date of the application, or the date of any telephone call constituting an informal application.

### § 17.55 Payment for authorized public or private hospital care.

Except as otherwise provided in this section, payment for public or private hospital care authorized under 38 U.S.C. 1703 and 38 CFR 17.52 of this part or under 38 U.S.C. 1728 and 38 CFR 17.120 of this part shall be based on a prospective payment system similar to that used in the Medicare program for paying for similar inpatient hospital services in the community. Payment shall be made using the Health Care Financing Administration (HCFA) PRICER for each diagnosis-related group (DRG) applicable to the episode of care.

(a) Payment shall be made of the full prospective payment amount per discharge, as determined according to the methodology in subparts D and G of 42 CFR part 412, as appropriate.

(b)(1) In the case of a veteran who was transferred to another facility before completion of care, VA shall pay the transferring hospital an amount calculated by the HCFA PRICER for each patient day of care, not to exceed

the full DRG rate as provided in paragraph (a) of this section. The hospital that ultimately discharges the patient will receive the full DRG payment.

(2) In the case of a veteran who has transferred from a hospital and/or distinct part unit excluded by Medicare from the DRG-based prospective payment system or from a hospital that does not participate in Medicare, the transferring hospital will receive a payment for each patient day of care not to exceed the amount provided in paragraph (i) of this section.

(c) VA shall pay the providing facility the full DRG-based rate or reasonable cost, without regard to any copayments or deductible required by any Federal law that is not applicable to VA.

(d) If the cost or length of a veteran's care exceeds an applicable threshold amount, as determined by the HCFA PRICER program, VA shall pay, in addition to the amount payable under paragraph (a) of this section, an outlier payment calculated by the HCFA PRICER program, in accordance with subpart F of 42 CFR part 412.

(e) In addition to the amount payable under paragraph (a) of this section, VA shall pay, for each discharge, an amount to cover the non-Federal hospital's capital-related costs, kidney, heart and liver acquisition costs incurred by hospitals with approved transplantation centers, direct costs of medical education, and the costs of qualified nonphysician anesthetists in small rural hospitals. These amounts will be determined by the Under Secretary for Health on an annual basis and published in the "Notices" section of the FEDERAL REGISTER.

(f) Payment shall be made only for those services authorized by VA.

(g) Payments made in accordance with this section shall constitute payment in full and the provider or agent for the provider may not impose any additional charge on a veteran or his or her health care insurer for any inpatient services for which payment is made by the VA.

(h) Hospitals of distinct part hospital units excluded from the prospective payment system by Medicare and hospitals that do not participate in Medicare will be paid at the national cost-

to-charge ratio times the billed charges that are reasonable, usual, customary, and not in excess of rates or fees the hospital charges the general public for similar services in the community.

(i) A hospital participating in an alternative payment system that has been granted a Federal waiver from the prospective payment system under the provisions of 42 U.S.C. section 1395f(b)(3) or 42 U.S.C. section 1395ww(c) for the purposes of Medicare payment shall not be subject to the payment methodology set forth in this section so long as such Federal waiver remains in effect.

(j) Payments for episodes of hospital care furnished in Alaska that begin during the period starting on the effective date of this section through the 364th day thereafter will be in the amount determined by the HCFA PRICER plus 50 percent of the difference between the amount billed by the hospital and the amount determined by the PRICER. Claims for services provided during that period will be accepted for payment by VA under this paragraph (k) until December 31 of the year following the year in which this section became effective.

(k) Notwithstanding other provisions of this section, VA, for public or private hospital care covered by this section, will pay the lesser of the amount determined under paragraphs (a) through (j) of this section or the amount negotiated with the hospital or its agent.

**§ 17.56 Payment for non-VA physician services associated with outpatient and inpatient care provided at non-VA facilities.**

(a) Except for anesthesia services, payment for non-VA physician services associated with outpatient and inpatient care provided at non-VA facilities authorized under § 17.52, or made under § 17.120 of this part, shall be the lesser of the amount billed or the amount calculated using the formula developed by

**§ 17.57**

the Department of Health & Human Services, Health Care Financing Administration (HCFA) under Medicare's participating physician fee schedule for the period in which the service is provided (see 42 CFR Parts 414 and 415). This payment methodology is set forth in paragraph (b) of this section. If no amount has been calculated under Medicare's participating physician fee schedule or if the services constitute anesthesia services, payment for such non-VA physician services associated with outpatient and inpatient care provided at non-VA facilities authorized under §17.52, or made under §17.120 of this part, shall be the lesser of the actual amount billed or the amount calculated using the 75th percentile methodology set forth in paragraph (c) of this section; or the usual and customary rate if there are fewer than 8 treatment occurrences for a procedure during the previous fiscal year.

(b) The payment amount for each service paid under Medicare's participating physician fee schedule is the product of three factors: a nationally uniform relative value for the service; a geographic adjustment factor for each physician fee schedule area; and a nationally uniform conversion factor for the service. The conversion factor converts the relative values into payment amounts. For each physician fee schedule service, there are three relative values: An RVU for physician work; an RVU for practice expense; and an RVU for malpractice expense. For each of these components of the fee schedule, there is a geographic practice cost index (GPCI) for each fee schedule area. The GPICs reflect the relative costs of practice expenses, malpractice insurance, and physician work in an area compared to the national average. The GPICs reflect the full variation from the national average in the costs of practice expenses and malpractice insurance, but only one-quarter of the difference in area costs for physician work. The general formula calculating the Medicare fee schedule amount for a given service in a given fee schedule area can be expressed as: Payment = [(RVUwork × GPCIwork) + (RVUpractice expense × GPCIpractice

**38 CFR Ch. I (7-1-03 Edition)**

expense) + (RVUmalpractice × GPCImalpractice)] × CF.

(c) Payment under the 75th percentile methodology is determined for each VA medical facility by ranking all occurrences (with a minimum of eight) under the corresponding code during the previous fiscal year with charges ranked from the highest rate billed to the lowest rate billed and the charge falling at the 75th percentile as the maximum amount to be paid.

(d) Payments made in accordance with this section shall constitute payment in full. Accordingly, the provider or agent for the provider may not impose any additional charge for any services for which payment is made by VA.

(e) Notwithstanding other provisions of this section, VA, for physician services covered by this section, will pay the lesser of the amount determined under paragraphs (a) through (d) of this section or the amount negotiated with the physician or the physician's agent.

Directors of health care facilities may authorize, for any veteran whose hospitalization was not primarily for a service-connected disability, an extension of nursing care in a public or private nursing home care facility at VA expense beyond six months when the need for nursing home care continues to exist and

(a) Arrangements for payment of such care through a public assistance program (such as Medicaid) for which the veteran has applied, have been delayed due to unforeseen eligibility problems which can reasonably be expected to be resolved within the extension period, or

#### RESEARCH-RELATED INJURIES

### § 17.85 Treatment of research-related injuries to human subjects.

(a) VA medical facilities shall provide necessary medical treatment to a research subject injured as a result of participation in a research project approved by a VA Research and Development Committee and conducted under

the supervision of one or more VA employees. This section does not apply to:

(1) Treatment for injuries due to non-compliance by a subject with study procedures, or

(2) Research conducted for VA under a contract with an individual or a non-VA institution.

NOTE TO § 17.85(a)(1) AND (a)(2): Veterans who are injured as a result of participation in such research may be eligible for care from VA under other provisions of this part.

(b) Except in the following situations, care for VA research subjects under this section shall be provided in VA medical facilities.

(1) If VA medical facilities are not capable of furnishing economical care or are not capable of furnishing the care or services required, VA medical facility directors shall contract for the needed care.

(2) If inpatient care must be provided to a non-veteran under this section, VA medical facility directors may contract for such care.

(3) If a research subject needs treatment in a medical emergency for a condition covered by this section, VA medical facility directors shall provide reasonable reimbursement for the emergency treatment in a non-VA facility.

(c) For purposes of this section, "VA employee" means any person appointed by VA as an officer or employee and acting within the scope of his or her appointment (VA appoints officers and employees under title 5 and title 38 of the United States Code).

#### VOCATIONAL TRAINING AND HEALTH-CARE ELIGIBILITY PROTECTION FOR PENSION RECIPIENTS

### § 17.90 Medical care for veterans receiving vocational training under 38 U.S.C. chapter 15.

Hospital care, nursing home care and medical services may be provided to any veteran who is participating in a vocational training program under 38 U.S.C. chapter 15.

(a) For purposes of determining eligibility for this medical benefit, the term *participating in a vocational training program under 38 U.S.C. chapter 15*

## § 17.91

means the same as the term *participating in a rehabilitation program under 38 U.S.C. chapter 31* as defined in § 17.47(j). Eligibility for such medical care will continue only while the veteran is participating in the vocational training program.

(b) The term *hospital care and medical services* means class V dental care, priority III medical services, nursing home care and non-VA hospital care and/or fee medical/dental care if VA is unable to provide the required medical care economically at VA or other government facilities because of geographic inaccessibility or because of the unavailability of the required services at VA facilities.

### § 17.91 Protection of health-care eligibility.

Any veteran whose entitlement to VA pension is terminated by reason of income from work or training shall, subject to paragraphs (a) and (b) of this section, retain for 3 years after the termination, the eligibility for hospital care, nursing home care and medical services (not including dental) which the veteran otherwise would have had if the pension had not been terminated as a result of the veteran's receipt of earnings from activity performed for remuneration or gain by the veteran but only if the veteran's annual income from sources other than such earnings would, taken alone, not result in the termination of the veteran's pension.

(a) A veteran who participates in a vocational training program under 38 U.S.C. chapter 15 is eligible for the one-time 3 year retention of hospital care, nursing home care and medical services benefits at any time that the veteran's pension is terminated by reason of income from the veteran's employment.

(b) A veteran who does not participate in a vocational training program under 38 U.S.C. chapter 15 is eligible for the one-time 3 year retention of hospital care and medical services benefits only if the veteran's pension is terminated by reason of income from the veteran's employment during the pe-

#### § 17.93 Eligibility for outpatient services.

(a) VA shall furnish on an ambulatory or outpatient basis medical services as are needed, to the following applicants under the conditions stated, except that applications for dental treatment must also meet the provisions of § 17.161.

(Authority: 38 U.S.C. 1712)

(1) *For compensation and pension examinations.* A compensation and pension examination shall be performed for any veteran who is directed to have such an examination by VA. (Authority: 38 U.S.C. 111 and 501)

(2) *For adjunct treatment.* Subject to the provisions of §§ 17.36 through 17.38, medical services on an ambulatory or outpatient basis shall be provided to veterans for an adjunct nonservice-connected condition associated with and held to be aggravating a disability from a disease or injury adjudicated as being service-connected.

(b) The term "shall furnish" in this section and 38 U.S.C. 1712 (a)(1) and (a)(2) means that, if the veteran is in immediate need of outpatient medical services, VA shall furnish care at the VA facility where the veteran applies. If the needed medical services are not available there, VA shall arrange for care at the nearest VA medical facility or Department of Defense facility (with which VA has a sharing agreement)

If the veteran is not in immediate need of outpatient medical services, VA shall schedule the veteran for care where the veteran applied, if the schedule there permits, or refer the veteran for scheduling to the nearest VA medical center or Department of Defense facility (with which VA has a sharing agreement).

(c) VA may furnish on an ambulatory or outpatient basis medical services as needed to the following applicants, except that applications for dental treatment must also meet the provisions of § 17.123.

(1) *For veterans participating in a rehabilitation program under 38 U.S.C. chapter 31.* Medical services on an ambulatory or outpatient basis may be provided as determined medically necessary for a veteran participating in a rehabilitation program under 38 U.S.C. chapter 31 as defined in § 17.47(j).

### § 17.98 Mental health services.

(a) Following the death of a veteran, bereavement counseling involving services defined in 38 U.S.C. 1701(6)(B), may be furnished to persons who were receiving mental health services in connection with treatment of the veteran under 38 U.S.C. 1710, 1712, 1712A, 1713, or 1717, or 38 CFR 17.84 of this part, prior to the veteran's death, but may only be furnished in instances where the veteran's death had been unexpected or occurred while the veteran was participating in a VA hospice or similar program. Bereavement counseling may be provided only to assist individuals with the emotional and psychological stress accompanying the veteran's death, and only for a limited period of time, as determined by the Medical Center Director, but not to exceed 60 days. The Medical Center Director may approve a longer period of time when medically indicated.

(b) For purposes of paragraph (a) of this section, an unexpected death is one which occurs when in the course of an illness the provider of care did not or could not have anticipated the timing of the death. Ordinarily, the provider of care can anticipate the patient's death and can inform the patient and family of the immediacy and certainty of death. If that has not

### BREAKING APPOINTMENTS

#### § 17.100 Refusal of treatment by unnecessarily breaking appointments.

A patient under medical treatment who breaks an appointment without a reasonable excuse will be informed that breaking an additional appointment will be deemed to be a refusal to accept VA treatment. If such a patient fails to keep a second appointment, without at least 24 hours notice, such action will be deemed as a refusal to accept VA treatment. Thereafter, no further treatment will be furnished until the veteran has agreed to cooperate by keeping appointments. Treatment will not be discontinued until the treating physician has reviewed the treatment files, concurred in the action and signed a statement to this effect in the record. Consideration will be given to the veteran's ability to make a rational decision concerning the need for medical care and/or examination. The veteran will be advised of the final decision. Nothing in this section will be construed to prevent treatment for an emergent condition that may arise during or subsequent to this action. Where an appointment is broken without notice and satisfactory reasons are advanced for breaking the appointment and circumstances were such that notice could not be given, the patient will not be deemed to have refused treatment.

### CHARGES, WAIVERS, AND COLLECTIONS

#### § 17.101 Collection or recovery by VA for medical care or services provided or furnished to a veteran for a nonservice-connected disability.

(a)(1) *General.* This section covers collection or recovery by VA, under 38 U.S.C. 1729, for medical care or services provided or furnished to a veteran:

(i) For a nonservice-connected disability for which the veteran is entitled to care (or the payment of expenses of care) under a health plan contract;

(ii) For a nonservice-connected disability incurred incident to the veteran's employment and covered under a worker's compensation law or plan that provides reimbursement or indemnification for such care and services; or

(iii) For a nonservice-connected disability incurred as a result of a motor vehicle accident in a State that requires automobile accident reparations insurance.

(2) *Methodology.* Based on the methodology set forth in this section, the charges billed will include, as appropriate, acute inpatient facility charges, skilled nursing facility/sub-acute inpatient facility charges, outpatient facility charges, physician charges, and non-physician provider charges. In addition, the charges billed for prosthetic devices and durable medical equipment provided on an outpatient basis will be VA's actual cost, and the charges billed for prescription drugs not administered during treatment will be based on VA costs in accordance with the methodology set forth in §17.102. Data for calculating actual amounts for acute inpatient facility charges, skilled nursing facility/sub-acute inpatient facility charges, outpatient facility charges, and physician charges will be published annually in the "Notices" section of the FEDERAL REGISTER. In those cases in which the effective period for published charges has expired and new charges have not yet become effective, VA will continue to bill using the most recently published charges until new charges are published and become effective (for example, if the most recently published charges state that they are effective through December and new charges are not published and effective until February 1, then the charges set forth for the period through December will continue to be used through January 31).

(3) *Amount of recovery or collection—third party liability.* A third-party payer liable under a health plan contract has the option of paying either the billed charges described in this section or the amount the health plan demonstrates

is the amount it would pay for care or services furnished by providers other than entities of the United States for the same care or services in the same geographic area. If the amount submitted by the health plan for payment is less than the amount billed, VA will accept the submission as payment, subject to verification at VA's discretion in accordance with this section. A VA employee having responsibility for collection of such charges may request that the third party health plan submit evidence or information to substantiate the appropriateness of the payment amount (e.g., health plan or insurance policies, provider agreements, medical evidence, proof of payment to other providers in the same geographic area for the same care and services VA provided).

(4) *Definitions.* For purposes of this section:

*Consolidated MSA* means a consolidated Metropolitan Statistical Area.

*CPI* means Consumer Price Index.

*CPI-U* means Consumer Price Index—All Urban Consumers.

*CPI-W* means Consumer Price Index—Urban Wage Earners and Clerical Workers.

*CPT procedure code* means Current Procedural Terminology code, a five-digit identifier defined by the American Medical Association for a specified physician service or procedure.

*DRG* means Diagnosis Related Group.

*Geographic area*, for purposes of acute inpatient facility and skilled nursing facility/sub-acute inpatient facility charges, means Metropolitan Statistical Area (MSA) or the local market, if the VA facility is not located in an MSA; and for outpatient facility charges and physician charges, means a three-digit ZIP Code locality.

*MDR* means Medical Data Research, a medical charge database published by Ingenix Publishing Group.

*MedPAR* means the Medicare Provider Analysis and Review file.

*RVU* means Relative Value Unit.

(b) *Acute inpatient facility charges.* When VA provides or furnishes acute inpatient services within the scope of care referred to in paragraph (a)(1) of this section, acute inpatient facility charges billed for such services will be

determined in accordance with the provisions of this paragraph. Acute inpatient facility charges consist of per diem charges for room and board and for ancillary services that vary by VA facility and by DRG. These charges are calculated as follows:

(1) *Formula.* For each acute inpatient stay, or portion thereof, for which a particular DRG assignment applies, multiply the nationwide room and board per diem charge as set forth in paragraph (b)(2) of this section by the appropriate geographic area adjustment factor as set forth in paragraph (b)(3) of this section. The result constitutes the facility-specific room and board per diem charge. Also, for each inpatient stay, multiply the nationwide ancillary per diem charge as set forth in paragraph (b)(2) of this section by the appropriate geographic area adjustment factor as set forth in paragraph (b)(3) of this section. The result constitutes the facility-specific ancillary per diem charge. Then add the facility-specific room and board per diem charge to the facility-specific ancillary per diem charge. This constitutes the facility-specific combined per diem facility charge. Finally, multiply the facility-specific combined per diem facility charge by the number of days of inpatient care to obtain the total acute inpatient facility charge.

NOTE TO PARAGRAPH (B)(1): If there is a change in a patient's condition and/or treatment during a single acute inpatient stay such that the DRG assignment changes (for example, a psychiatric patient who develops a medical or surgical problem), then the calculations will be made separately for each DRG, according to the number of days of care applicable for each DRG, and the total acute inpatient facility charge will be the sum of the total acute inpatient facility charges for the different DRGs.

(2) *Per diem charges.* To establish a baseline, two nationwide average per diem charges for each DRG are calculated, one from the 2001 Medicare MedPAR file and one from the 1999 MedStat claims database, a database of nationwide commercial insurance claims (available from the MedStat Group, 777 E. Eisenhower Parkway, Ann Arbor, MI 48108). Because these two data sources report charges for two differing periods of time, the MedStat claims database was trended forward to

the center date of the MedPAR data based on changes to the Inpatient Hospital component of the CPI-U. Results obtained from these two databases are then combined into a single weighted average per diem charge for each DRG. The resulting weighted average per diem charge for each DRG is then separated into its two components, a room and board component and an ancillary component, with the amount for each component calculated to reflect the corresponding percentage set forth in paragraph (b)(2)(i) of this section. The resulting amounts for room and board and ancillary services for each DRG are then each multiplied by the final ratio set forth in paragraph (b)(2)(ii) of this section to reflect the 80th percentile charges. Finally, the resulting charges are each trended forward to the effective time period for the charges, as set forth in paragraph (b)(2)(iii) of this section. The results constitute the room and board per diem charge and the ancillary per diem charge.

(i) *Charge component percentages.* Using only those cases from the MedPAR file for which a distinction between room and board charges and ancillary charges can be determined, the percentage of the total charges for room and board compared to the combined total charges for room and board and ancillary services, and the percentage of the total charges for ancillary services compared to the combined total charges for room and board and ancillary services, are calculated by DRG.

(ii) *80th percentile.* Using the medical and surgical admissions in the 1995 Medicare Standard Analytical File 5% Sample, the ratio of the day-weighted 80th percentile semi-private room and board per diem charge to the average semi-private room and board per diem charge is obtained for each consolidated MSA. The consolidated MSA ratios are averaged to obtain a final 80th percentile ratio.

(iii) *Trending forward.* 80th percentile charges for each DRG, representing charge levels described in paragraph (b)(2) of this section, are trended forward based on changes to the hospital inpatient component of the CPI-U. Actual CPI-U changes are used through the latest available month for room/

board and ancillary charges. Trends from the latest available month to the midpoint of the calendar year in which charges become effective are based on the latest three-month average annual trend rate from the Inpatient Hospital component of the CPI-U. The projected total CPI trend is then applied to the 80th percentile charges.

(3) *Geographic area adjustment factors.* For each VA facility location, the average per diem room and board charges and ancillary charges from the 1995 Medicare Standard Analytical File 5% Sample are calculated for each DRG. The DRGs are separated into two groups, surgical and non-surgical. For each of these groups of DRGs, for each geographic area, average room and board per diem charges and ancillary per diem charges are calculated for 1995, weighted by FY 2001 nationwide VA discharges and by average lengths of stay from the combined Medicare Standard Analytical File 5% Sample and the MedStat claims database. This results in four average per diem charges for each geographic area: room and board for surgical DRGs, ancillary for surgical DRGs, room and board for non-surgical DRGs, and ancillary for non-surgical DRGs. Four corresponding national average per diem charges are obtained from the 1995 Medicare Standard Analytical File 5% Sample, weighted by FY 2001 nationwide VA discharges and by average lengths of stay from the combined Medicare Standard Analytical File 5% Sample and the MedStat claims database. Four geographic area adjustment factors are then calculated for each geographic area by dividing each geographic area average per diem charge by the corresponding national average per diem charge.

(c) *Skilled nursing facility/sub-acute inpatient facility charges.* When VA provides or furnishes skilled nursing/sub-acute inpatient services within the scope of care referred to in paragraph (a)(1) of this section, skilled nursing facility/sub-acute inpatient facility charges billed for such services will be determined in accordance with the provisions of this paragraph. The skilled nursing facility/sub-acute inpatient facility charges are per diem charges that vary by VA facility. The facility

charges cover care, including skilled rehabilitation services (e.g., physical therapy, occupational therapy, and speech-language pathology), that is provided in a nursing home or hospital inpatient setting, is provided under a physician's orders, and is performed by or under the general supervision of professional personnel such as registered nurses, licensed practical nurses, physical therapists, occupational therapists, speech-language pathologists, and audiologists. The skilled nursing facility/sub-acute inpatient facility charges also incorporate charges for ancillary services associated with care provided in these settings. The charges are calculated as follows:

(1) *Formula.* For each stay, multiply the nationwide per diem charge as set forth in paragraph (c)(2) of this section by the appropriate geographic area adjustment factor as set forth in paragraph (c)(3) of this section. The result constitutes the facility-specific per diem charge. Finally, multiply the facility-specific per diem charge by the number of days of care to obtain the total skilled nursing facility/sub-acute inpatient facility charge.

(2) *Per diem charge.* To establish a baseline, a nationwide average per diem billed charge for July 1, 2003, was obtained from the 2003 Milliman USA, Inc., Health Cost Guidelines, a publication that includes nationwide skilled nursing facility charges (Milliman USA, Inc., 1301 5th Avenue, Suite 3800, Seattle, WA 98101-2605). That average per diem billed charge is then multiplied by the 80th percentile adjustment factor set forth in paragraph (c)(2)(i) of this section to obtain a nationwide 80th percentile charge level. Finally, the resulting charge is trended forward to the effective time period for the charges, as set forth in paragraph (c)(2)(ii) of this section.

(i) *80th percentile.* Using the 1995 Medicare Standard Analytical File 5% Sample, the median per diem accommodation charge is calculated for each provider. For each State, the ratio of the 80th percentile of provider median charges to the average statewide charges for accommodations is calculated. The State ratios are averaged to produce a nationwide 80th percentile adjustment factor.

(ii) *Trending forward.* The 80th percentile charge is trended forward to the midpoint of the calendar year in which the charges will be effective, based on the projected change in Medicare reimbursement from the Annual Report of the Boards of Trustees of the Federal Hospital Insurance and Federal Supplementary Medical Insurance Trust Funds (this report can be found on the Internet site of the Centers for Medicare & Medicaid Services (CMS) at <http://www.cms.gov/publications/trusteesreport>).

(3) *Geographic area adjustment factors.* A ratio of the average per diem charge for each State to the nationwide average per diem charge is obtained (these ratios are set forth in the 2002 Milliman USA, Inc., Health Cost Guidelines, a database of nationwide commercial insurance charges and relative costs) (Milliman USA, Inc., 1301 5th Avenue, Suite 3800, Seattle, WA 98101-2605). The geographic area adjustment factor for charges for each VA facility is the ratio for the State in which the facility is located.

(d) *Outpatient facility charges.* When VA provides or furnishes outpatient facility services that are within the scope of care referred to in paragraph (a)(1) of this section and are not customarily performed in an independent clinician's office, the outpatient facility charges billed for such services will be determined in accordance with the provisions of this paragraph. This consists of outpatient facility charges for procedures, tests, and evaluation and management services, including the subset of evaluation and management codes which are designated as "Office or Other Outpatient Services" when those evaluation and management services are provided in the outpatient department of a hospital. Except for prosthetic devices and durable medical equipment, whose charges will be made separately at actual cost to VA, charges for outpatient facility services will vary by VA facility and by CPT procedure code. These charges will be calculated as follows:

(1) *Formula.* For each outpatient facility charge CPT procedure code, multiply the nationwide charge as set forth in paragraph (d)(2) of this section by the appropriate geographic area ad-

justment factor as set forth in paragraph (d)(4) of this section. The result constitutes the facility-specific outpatient facility charge. When multiple surgical procedures are performed during the same outpatient encounter by a provider or provider team, the outpatient facility charges for such procedures will be reduced as set forth in paragraph (d)(5) of this section.

(2) *Nationwide 80th percentile charges by CPT procedure code.* For each CPT procedure code for which outpatient facility charges apply, the 1998 practice expense RVUs (these RVUs can be found in the 1998 St. Anthony's Complete RBRVS, available from Ingenix Publishing Group, 5225 Wiley Post Way, Salt Lake City, UT 84116) are used as the outpatient facility RVUs. For each CPT procedure code, the outpatient facility RVU is multiplied by the charge amount for each incremental RVU as set forth in paragraph (d)(3) of this section. The resulting charge is adjusted by a fixed charge amount as also set forth in paragraph (d)(3) of this section to obtain the nationwide 80th percentile charge.

(3) *Charge factors.* Using the 1997 MedStat claims database of nationwide commercial insurance (available from the MedStat Group, 777 E. Eisenhower Parkway, Ann Arbor, MI 48108), the median billed facility charge is calculated for each applicable CPT procedure code. All outpatient facility CPT procedure codes are then separated into one of the 45 outpatient facility CPT procedure code groups as set forth in paragraph (d)(3)(i) of this section. Then, for each CPT procedure code in each such group, the median charge is adjusted to the 80th percentile as set forth in paragraph (d)(3)(ii) of this section. The resulting 80th percentile charge for each CPT procedure code is trended forward to the effective time period for the charges as set forth in paragraph (d)(3)(iii) of this section. Using the resulting charges and the RVUs, mathematical approximation methodology based on least squares techniques are applied to the data for each CPT procedure code group to derive outpatient facility charges. For each CPT procedure code, the charge amount is calculated as an amount per

Department of Veterans Affairs

incremental RVU and a fixed charge amount adjustment.

(ii) *80th percentile.* For each of the 45 outpatient facility CPT procedure code groups set forth in paragraph (d)(3)(i) of this section, the median charge is increased by the ratio of the 80th percentile charge to median charge obtained from the 1997 MedStat claims database. To mitigate the impact of the variation in the intensity of services by CPT procedure code, the percent increase from the median to the 80th percentile in outpatient charges is compared to the percent increase from the median to the 80th percentile in inpatient semi-private room and board charges. Any percent increase in out-

patient charges in excess of the inpatient semi-private room and board percent increase is multiplied by a factor of 0.50. The 80th percentile outpatient facility charge is reduced accordingly.

(iii) *Trending forward.* The charges for each CPT procedure code, representing charge levels described in paragraph (d)(3) of this section, are trended forward to the midpoint of the calendar year in which the charges will be effective. The trend factors are based on changes to the Outpatient Hospital component of the CPI-U. Actual CPI-U changes are used through the latest available month. The three-month average annual trend rate as of the latest available month is held constant to the midpoint of the effective charge period. The projected total CPI-U change from the source data period to the effective period is then applied to the 80th percentile charges, as described in paragraph (d)(3) of this section.

(4) *Geographic area adjustment factors.* For each VA outpatient facility location, a single geographic area adjustment factor is calculated as the arithmetic average of the outpatient geographic area adjustment factor (this factor constitutes the ratio of the level of charges for each geographic area to the nationwide level of charges) published in the 2001 Milliman USA, Inc., Health Cost Guidelines (Milliman USA, Inc., 1301 5th Avenue, Suite 3800, Seattle, WA 98101-2605), and a geographic area adjustment factor developed from the 2000 MediCode data. The MediCode-based geographic area adjustment factors are calculated as the ratio of the CPT-weighted average charge level for each VA outpatient facility location to the nationwide CPT-weighted average charge level.

(5) *Multiple surgical procedures.* When multiple surgical procedures are performed during the same outpatient encounter by a provider or provider team as indicated by multiple surgical CPT procedure codes, then the CPT procedure code with the highest facility charge will be billed at 100% of the charges established under this section; the CPT procedure code with the second highest facility charge will be billed at 25% of the charges established under this section; the CPT procedure code with the third highest facility

charge will be billed at 15% of the charges established under this section; and no outpatient facility charges will be billed for any additional surgical procedures.

(e) *Physician charges.* When VA provides or furnishes physician services within the scope of care referred to in paragraph (a)(1) of this section, physician charges billed for such services will be determined in accordance with the provisions of this paragraph. Physician charges consist of charges for professional services that vary by VA facility and by CPT procedure code. These charges are calculated as follows:

(1) *Formula.* For each CPT procedure code except those for anesthesia, multiply the total facility-adjusted RVU as set forth in paragraph (e)(2) of this section by the applicable facility-adjusted conversion factor (facility-adjusted conversion factors are expressed in monetary amounts) set forth in paragraph (e)(3) of this section to obtain the physician charge for each CPT procedure code at a particular VA facility. For each anesthesia CPT procedure code, multiply the nationwide physician charge as set forth in paragraph (e)(4) of this section by the geographic area adjustment factor as set forth in paragraph (e)(3)(iii) of this section to obtain the physician charge for each anesthesia CPT procedure code at a particular VA facility.

(2)(i) *Total facility-adjusted RVUs for physician services other than anesthesia and specified CPT procedure codes.* The work expense and practice expense components of the RVUs for CPT procedure codes (other than anesthesia and those CPT procedure codes set forth in paragraphs (e)(2)(ii) through (e)(2)(iv) of this section) are compiled using 2002 Medicare RVUs. For radiology CPT procedure codes, these compilations do not include separately identified technical component RVUs. For CPT procedure codes that generate an outpatient facility charge, the facility practice expense RVUs are substituted for the non-facility practice expense RVUs. For medicine and surgery CPT procedure codes with separate professional and technical components that also generate an outpatient facility charge, only the professional

component is compiled. The sum of the facility-adjusted work expense RVU as set forth in paragraph (e)(2)(i)(A) of this section and the facility-adjusted practice expense RVU as set forth in paragraph (e)(2)(i)(B) of this section equals the total facility-adjusted RVUs.

(A) *Facility-adjusted work expense RVUs.* For each CPT procedure code for each geographic area, the 2002 work expense RVU is multiplied by the work expense 2002 Medicare Geographic Practice Cost Index. The result constitutes the facility-adjusted work expense RVU.

(B) *Facility-adjusted practice expense RVUs.* For each CPT procedure code for each geographic area, the 2002 practice expense RVU is multiplied by the practice expense 2002 Medicare Geographic Practice Cost Index. The result constitutes the facility-adjusted practice expense RVU.

(ii) *RVUs for laboratory and pathology CPT procedure codes based on Medicare's Clinical Diagnostic Laboratory Fee Schedule.* For CPT procedure codes without modifiers that are not assigned separately identified work and practice expense RVUs in paragraph (e)(2)(i) of this section, laboratory fee RVUs are developed based on the 2002 edition of the Medicare Clinical Diagnostic Laboratory Fee Schedule (found in the files-for-download section of the Centers for Medicare & Medicaid Services (CMS) Internet site at <http://www.cms.gov/providers/pufdownload/>).

The Medicare Clinical Diagnostic Laboratory Fee Schedule payment amounts are upwardly adjusted so that the payment levels are, on average, equivalent to Medicare Physician Fee Schedule payment levels, using statistical comparisons to the 80th percentile derived from the 2001 MDR charge database. These adjusted payment amounts are then divided by the 2001 Medicare conversion factor to derive a laboratory fee RVU corresponding to each CPT code. These RVUs are added to the 2002 work and practice expense RVUs for the corresponding professional component (if any) of a given CPT procedure code to derive nationwide total RVUs. The resulting nationwide total RVUs are

multiplied by the geographic adjustment factors as set forth in paragraph (e)(2)(v) of this section to obtain the facility-specific total RVUs.

(iii) *RVUs for specified CPT procedure codes.* For CPT procedure codes without modifiers that are not assigned RVUs in (e)(2)(i) or (e)(2)(ii) of this section, total RVUs are developed based on various charge databases. For these CPT procedure codes, the nationwide 80th percentile billed charges are obtained, where statistically credible, from the 2001 MDR charge database (available from Ingenix Publishing Group, 5225 Wiley Post Way, Salt Lake City, UT 84116). Then for remaining CPT procedure codes, the nationwide 80th percentile billed charges are obtained, where statistically credible, from the 2000 Part B Medicare Standard Analytical File 5% Sample. For any remaining CPT procedure codes, the nationwide 80th percentile billed charges are obtained, where statistically credible, from the 2001 Prevaling Healthcare Charges System, a nationwide commercial insurance database compiled by Ingenix (Ingenix Publishing Group, 5225 Wiley Post Way, Salt Lake City, UT 84116). The nationwide 80th percentile billed charges so obtained are divided by the untrended nationwide conversion factor for the corresponding physician CPT procedure code group as set forth in paragraphs (e)(3) and (e)(3)(i) of this section. The resulting nationwide total RVUs are multiplied by the geographic adjustment factors as set forth in paragraph (e)(2)(v) of this section to obtain the facility-specific total RVUs.

(iv) *RVUs for specified CPT procedure codes.* For CPT procedure codes without modifiers that are not assigned RVUs in paragraphs (e)(2)(i), (e)(2)(ii), or (e)(2)(iii) of this section, the nationwide total RVUs are calculated by summing the work expense and practice expense RVUs found in the 2002 St. Anthony's RBRVS (available from Ingenix Publishing Group, 5225 Wiley Post Way, Salt Lake City, UT 84116). The resulting nationwide total RVUs are multiplied by the geographic adjustment factors as set forth in paragraph (e)(2)(v) of this section to obtain the facility-specific total RVUs.

(v) *RVU geographic area adjustment factors for specified CPT procedure codes.* The geographic area adjustment factor for each facility location consists of the weighted average of the 2002 work expense and practice expense Medicare Geographic Practice Cost Indices for each facility location using charge data for representative CPT procedure codes statistically selected and weighted for work expense and practice expense.

(3) *Facility-adjusted 80th percentile conversion factors.* CPT procedure codes are separated into the following 24 physician CPT procedure code groups: allergy immunotherapy, allergy testing, anesthesia, cardiovascular, chiropractor, consults, emergency room visits and observation care, hearing/speech exams, immunizations, inpatient visits, maternity/cesarean deliveries, maternity/non-deliveries, maternity/normal deliveries, miscellaneous medical, office/home urgent care visits, outpatient psychiatry/alcohol and drug abuse, pathology, physical exams, physical medicine, radiology, surgery, therapeutic injections, vision exams, and well baby exams. For each of the 24 physician CPT procedure code groups, representative CPT procedure codes were statistically selected and weighted so as to give a weighted average RVU comparable to the weighted average RVU of the entire physician CPT procedure code group (the selected CPT procedure codes are set forth in the 2001 Milliman USA, Inc., Health Cost Guidelines fee survey, available from Milliman USA, Inc., 1301 5th Avenue, Suite 3800, Seattle, WA 98101-2605). The 80th percentile charge for each selected CPT procedure code is obtained from the 2001 MDR charge database (available from Ingenix Publishing Group, 5225 Wiley Post Way, Suite 500, Salt Lake City, Utah 84116). A nationwide conversion factor (a monetary amount) is calculated for each physician CPT procedure code group as set forth in paragraph (e)(3)(i) of this section. The nationwide conversion factors for each of the 24 physician CPT procedure code groups are trended forward as set forth in paragraph (e)(3)(ii) of this section. The resulting amounts for each of the 24 groups are multiplied by geographic area adjustment factors as set forth in

paragraph (e)(3)(iii) of this section, resulting in facility-adjusted 80th percentile conversion factors for each VA facility geographic area for the 24 physician CPT procedure code groups for the effective charge period.

(i) *Nationwide conversion factors.* Using the nationwide 80th percentile charges for the selected CPT procedure codes from paragraph (e)(3) of this section, a nationwide conversion factor is calculated for each of the 24 physician CPT procedure code groups by dividing the weighted average charge by the weighted average RVU. To correspond with the charge data, for medicine and surgery CPT procedure codes, the total RVUs are used even when separate professional and technical components are specified.

(ii) *Trending forward.* The nationwide conversion factor for each of the 24 physician CPT procedure code groups, representing charge levels described in paragraph (e)(3) of this section, are trended forward based on changes to the Physician component of the CPI-U. Actual CPI-U changes are used through the latest available month. The three-month average annual trend rate as of the latest available month is held constant to the midpoint of the calendar year in which charges will be effective. The projected total CPI-U change from the midpoint of the source data collection period to the midpoint of the effective charge period is then applied to the 24 conversion factors.

(iii) *Geographic area adjustment factors.* Using the 80th percentile charges for the selected CPT procedure codes from paragraph (e)(3) of this section for each VA facility geographic area, a geographic area-specific conversion factor is calculated for each of the 24 physician CPT procedure code groups by dividing the weighted average charge by the weighted average facility-adjusted RVU. The resulting geographic area conversion factor for each facility geographic area for each physician CPT procedure code group is divided by the corresponding nationwide conversion factor as set forth in paragraph (e)(3)(i). The resulting ratios are the geographic area adjustment factors for each of the 24 physician CPT procedure code groups for each facility geographic area.

(4) *Nationwide 80th percentile charges for anesthesia CPT procedure codes.* The nationwide charges are calculated by multiplying the RVUs as set forth in paragraph (e)(4)(i) of this section by the appropriate nationwide trended 80th percentile conversion factors as set forth in paragraph (e)(3) of this section.

(i) *RVUs for anesthesia.* The 2002 base unit value for each anesthesia CPT procedure code is compiled (the base unit values can be found in the 2002 St. Anthony's RBRVS, available from Ingenix Publishing Group, 5225 Wiley Post Way, Salt Lake City, UT 84116). The average time unit value for each anesthesia CPT procedure code is compiled from a Health Care Financing Administration study concerning average time unit values for anesthesia CPT procedure codes (these values can be obtained from the Chief Business Office (161), Veterans Health Administration, Department of Veterans Affairs, 810 Vermont Avenue, NW, Washington, DC 20420). For each anesthesia CPT procedure code introduced since the Health Care Financing Administration study, the time unit value is calculated as the average time unit value for all other anesthesia CPT procedure codes with the same base unit value. The sum of the anesthesia base unit value and the anesthesia average time unit value equals the total anesthesia RVUs.

(ii) [Reserved]

(f) *Other provider charges.* When the following providers provide or furnish VA care within the scope of care referred to in paragraph (a)(1) of this section, charges for that care covered by a CPT procedure code will be determined based on the following indicated percentages of the amount that would be charged if the care had been provided by a physician under paragraph (e) of this section:

- (1) Nurse practitioner: 85%.
- (2) Clinical nurse specialist: 85%.
- (3) Physician Assistant: 85%.
- (4) Certified registered nurse anesthetist: 50% when medically directed by an anesthesiologist; 100% when not medically directed by an anesthesiologist.
- (5) Clinical psychologist: 80%.
- (6) Clinical social worker: 75%.
- (7) Podiatrist: 100%.

§ 17.102

38 CFR Ch. I (7-1-03 Edition)

- (8) Chiropractor: 100%.
- (9) Dietitian: 75%.
- (10) Clinical pharmacist: 80%.
- (11) Optometrist: 100%.

(g) *Outpatient dental care and prescription drugs not administered during treatment.* Notwithstanding other provisions of this section, when VA provides or furnishes outpatient dental care or prescription drugs not administered during treatment, within the scope of care referred to in paragraph (a)(1) of this section, charges billed separately for such care will be based on VA costs in accordance with the methodology set forth in § 17.102 of this part.

§ 17.102 Charges for care or services.

Except as provided in § 17.101, charges at the indicated rates shall be made for Department of Veterans Affairs hospital care or medical services (including, but not limited to, dental services, supplies, medicines, orthopedic and prosthetic appliances, and domiciliary or nursing home care) as follows:

(a) *Furnished in error or on tentative eligibility.* Charges at rates prescribed by the Under Secretary for Health shall be made for inpatient or outpatient care or services (including domiciliary care) authorized for any person on the basis of eligibility as a veteran or a tentative eligibility determination under § 17.34 but he or she was subsequently found to have been ineligible for such care or services as a veteran because the military service or any other eligibility requirement was not met, or

(b) *Furnished in a medical emergency.* Charges at rates prescribed by the Under Secretary for Health shall be made for any inpatient or outpatient care or services rendered any person in a medical emergency who was not eligible for such care or services as a veteran, if:

(1) The care or services were rendered as a humanitarian service, under § 17.43(c)(1) or § 17.95 to a person neither

claiming eligibility as a veteran nor for whom the establishment of eligibility as a veteran was expected, or

(2) The person for whom care or services were rendered was a Department of Veterans Affairs employee or a member of a Department of Veterans Affairs employee's family; or

(c) *Furnished beneficiaries of the Department of Defense or other Federal agencies.* Except as provided for in paragraph (f) of this section and the second sentence of this paragraph, charges at rates prescribed by the Office of Management and Budget shall be made for any inpatient or outpatient care or services authorized for a member of the Armed Forces on active duty or for any beneficiary or designee of any other Federal agency. Charges for services provided a member or former member of a uniformed service who is entitled to retired or retainer pay, or equivalent pay, will be at rates prescribed by the Secretary (E.O. 11609, dated July 22, 1971, 36 FR 13747), or

(d) *Furnished pensioners of allied nations.* Charges at rates prescribed by the Under Secretary for Health shall be made for any inpatient or outpatient care or services rendered a pensioner of a nation allied with the United States in World War I and World War II; or

(e) *Furnished under sharing agreements.* Charges at rates agreed upon in an agreement for sharing specialized medical resources shall be made for all medical care or services, either on an inpatient or outpatient basis, rendered to a person designated by the other party to the agreement as a patient to be benefited under the agreement; or

(f) *Furnished military retirees with chronic disability.* Charges for subsistence at rates prescribed by the Under Secretary for Health shall be made for the period during which hospital care is rendered when such care is rendered to a member or former member of the Armed Forces required to pay the subsistence rate under § 17.47 (b)(2) and (c)(2).

(g) *Furnished for research purposes.* Charges will not be made for medical services, including transportation, furnished as part of an approved Department of Veterans Affairs research project, except that if the services are

## Department of Veterans Affairs

## § 17.103

furnished to a person who is not eligible for the services as a veteran, the medical care appropriation shall be reimbursed from the research appropriation at the same rates used for billings under paragraph (b) of this section.

(h) *Computation of charges.* The method for computing the charges under paragraphs (a), (b), (d), (f), and (g) and the last sentence of paragraph (c) of this section is based on the Cost Distribution Report, which sets forth the actual basic costs and per diem rates by type of inpatient care and outpatient visit. Factors for depreciation of buildings and equipment and Central Office overhead are added, based on accounting manual instructions. Additional factors are added for interest on capital investment and for standard fringe benefit costs covering government employee retirement and disability costs. The current year billing rates are projected on prior year actual rates by applying the budgeted percentage increase. In addition, based on the detail available in the Cost Distribution Report, VA intends to, on each bill break down the all-inclusive rate into its three principal components; namely, physician cost, ancillary services cost, and nursing, room and board cost. The rates generated by the foregoing methodology are the same rates prescribed by the Office of Management and Budget and published in the FEDERAL REGISTER for use under the Federal Medical Care Recovery Act, 42 U.S.C. sections 2651-2653.

Any offer to compromise or settle any charges or claim for \$20,000 or less asserted by the Department of Veterans Affairs in connection with the medical program shall be referred as follows:

(a) *To Chiefs of Fiscal activities.* If the debt represents charges made under § 17.101(a), the compromise offer shall be referred to the Chief of the Fiscal activity of the facility for application of the collection standards in § 1.900 *et seq.* of this chapter, provided:

(1) The debt does not exceed \$1,000, and

(2) There has been a previous denial of waiver of the debt by a field station Committee on Waivers and Compromises.

L. 87-693; 76 Stat. 593 (see § 1.903 of this chapter) or involves a claim contemplated by § 1.902 of this chapter over which the Department of Veterans Affairs lacks jurisdiction, the compromise offer (or request for waiver or proposal to terminate or suspend collection action) shall be promptly referred to the field station Regional Counsel having jurisdiction in the area in which the claim arose, or

(c) *To Committee on Waivers and Compromises.* If one of the following situations contemplated in paragraph (c)(1) through (3) of this section applies

(1) If the debt represents charges made under § 17.101(a), but is not of a type contemplated in paragraph (a) of this section, or

(2) If the debt represents charges for medical services made under § 17.101(b), or

(3) A claim arising in connection with any transaction of the Veterans Health Administration for which the instructions in paragraph (a) or (b) of this section or in § 17.105(c) are not applicable, then, the compromise offer should be referred for disposition under § 1.900 *et seq.* of this chapter to the field station Committee on Waivers and Compromises which shall take final action.

### § 17.106 Authority for disciplinary action.

The good conduct of beneficiaries receiving hospitalization for observation and examination or for treatment, or receiving domiciliary or nursing home care in facilities under direct and exclusive jurisdiction of the Department of Veterans Affairs, will be maintained by corrective and disciplinary procedure formulated by the Department of Veterans Affairs. Such corrective and disciplinary measures, to be selectively applied in keeping with the comparative gravity of the particular offense, will consist, in respect to hospital patients, of such penalties as the withholding for a determined period of pass privileges, exclusion from entertainments, or disciplinary discharge; and, in respect to domiciled members, such penalties as confinement to sections or grounds, deprivation of privileges, enforced furlough, or disciplinary discharge. Also, for any violation of the Department of Veterans Affairs rules set forth in § 1.218, or other Federal laws on Department of Veterans Affairs property, a beneficiary is subject to the penalty prescribed for the offense.

## COPAYMENTS

**§ 17.108 Copayments for inpatient hospital care and outpatient medical care.**

(a) *General.* This section sets forth requirements regarding copayments for inpatient hospital care and outpatient medical care provided to veterans by VA.

(b) *Copayments for inpatient hospital care.* (1) Except as provided in paragraphs (d) or (e) of this section, a veteran, as a condition of receiving inpatient hospital care provided by VA (provided either directly by VA or obtained by VA by contract), must agree to pay VA (and is obligated to pay VA) the applicable copayment, as set forth in paragraph (b)(2) of this section.

(2) The copayment for inpatient hospital care shall be, during any 365-day period, a copayment equaling the sum of:

(i) \$10 for every day the veteran receives inpatient hospital care, and

(ii) The lesser of:

(A) The sum of the inpatient Medicare deductible for the first 90 days of care and one-half of the inpatient Medicare deductible for each subsequent 90 days of care (or fraction thereof) after the first 90 days of such care during such 365-day period, or

(B) VA's cost of providing the care.

NOTE TO § 17.108(b): The requirement that a veteran agree to pay the copayment would be met by submitting to VA a signed VA Form 10-10EZ. This is the application form for enrollment in the VA healthcare system and also is the document used for providing means-test information annually.

(c) *Copayments for outpatient medical care.* (1) Except as provided in paragraphs (d), (e) or (f) of this section, a veteran, as a condition of receiving outpatient medical care provided by VA, must agree to pay VA (and is obligated to pay VA) a copayment as set forth in paragraph (c)(2) of this section.

(2) The copayment for outpatient medical care is \$15 for a primary care outpatient visit and \$50 for a specialty care outpatient visit. If a veteran has more than one primary care encounter on the same day and no specialty care encounter on that day, the copayment amount is the copayment for one primary care outpatient visit. If a veteran

has one or more primary care encounters and one or more specialty care encounters on the same day, the copayment amount is the copayment for one specialty care outpatient visit.

(3) For purposes of this section, a primary care visit is an episode of care furnished in a clinic that provides integrated, accessible healthcare services by clinicians who are accountable for addressing a large majority of personal healthcare needs, developing a sustained partnership with patients, and practicing in the context of family and community. Primary care includes, but is not limited to, diagnosis and management of acute and chronic biopsychosocial conditions, health promotion, disease prevention, overall care management, and patient and caregiver education. Each patient's identified primary care clinician delivers services in the context of a larger interdisciplinary primary care team. Patients have access to the primary care clinician and much of the primary care team without need of a referral. In contrast, specialty care is generally provided through referral. A specialty care outpatient visit is an episode of care furnished in a clinic that does not provide primary care, and is only provided through a referral. Some examples of specialty care provided at a specialty care clinic are radiology services requiring the immediate presence of a physician, audiology, optometry, magnetic resonance imagery (MRI), computerized axial tomography (CAT) scan, nuclear medicine studies, surgical consultative services, and ambulatory surgery.

NOTE TO § 17.108(c): The requirement that a veteran agree to pay the copayment would be met by submitting to VA a signed VA Form 10-10EZ. This is the application form for enrollment in the VA healthcare system and also is the document used for providing means-test information annually.

(d) *Veterans not subject to copayment requirements for inpatient hospital care or outpatient medical care.* The following veterans are not subject to the copayment requirements of this section:

(1) A veteran with a compensable service-connected disability;

(2) A veteran who is a former prisoner of war;

(3) A veteran awarded a Purple Heart;

§ 17.110

(5) A veteran who receives disability compensation under 38 U.S.C. 1151;

(6) A veteran whose entitlement to disability compensation is suspended pursuant to 38 U.S.C. 1151, but only to the extent that the veteran's continuing eligibility for care is provided for in the judgment or settlement described in 38 U.S.C. 1151;

(7) A veteran whose entitlement to disability compensation is suspended because of the receipt of military retirement pay;

(8) A veteran of the Mexican border period or of World War I;

(9) A military retiree provided care under an interagency agreement as defined in section 113 of Public Law 106-117, 113 Stat. 1545; or

(10) A veteran who VA determines to be unable to defray the expenses of necessary care under 38 U.S.C. 1722(a).

(e) *Services not subject to copayment requirements for inpatient hospital care or outpatient medical care.* The following are not subject to the copayment requirements under this section:

(1) Care provided to a veteran for a noncompensable zero percent service-connected disability;

(2) Care authorized under 38 U.S.C. 1710(e) for Vietnam-era herbicide-exposed veterans, radiation-exposed veterans, Gulf War veterans, or post-Gulf War combat-exposed veterans;

(3) Special registry examinations (including any follow-up examinations or testing ordered as part of the special registry examination) offered by VA to evaluate possible health risks associated with military service;

(4) Counseling and care for sexual trauma as authorized under 38 U.S.C. 1720D;

(5) Compensation and pension examinations requested by the Veterans Benefits Administration;

(6) Care provided as part of a VA-approved research project authorized by 38 U.S.C. 7303;

(10) Care or services authorized under 38 U.S.C. 1720E for certain veterans regarding cancer of the head or neck;

(11) Publicly announced VA public health initiatives (e.g., health fairs) or an outpatient visit solely consisting of preventive screening and immunizations (e.g. influenza immunization, pneumococcal immunization, hypertension screening, hepatitis C screening, tobacco screening, alcohol screening, hyperlipidemia screening, breast cancer screening, cervical cancer screening, screening for colorectal cancer by fecal occult blood testing, and education about the risks and benefits of prostate cancer screening); and

(12) Laboratory services, flat film radiology services, and electrocardiograms.

(f) *Additional care not subject to outpatient copayment.* Outpatient care is not subject to the outpatient copayment requirements under this section when provided to a veteran during a day for which the veteran is required to make a copayment for extended care services that were provided either directly by VA or obtained for VA by contract.

§ 17.110 Copayments for medication.

(a) *General.* This section sets forth requirements regarding copayments for medications provided to veterans by VA.

(b) *Copayments.* (1) Unless exempted under paragraph (c) of this section, a veteran is obligated to pay VA a copayment for each 30-day or less supply of medication provided by VA on an outpatient basis (other than medication administered during treatment). For the period from February 4, 2002 through December 31, 2002, the copayment amount is \$7. The copayment amount for each calendar year thereafter will be established by using the Prescription Drug component of the Medical Consumer Price Index as follows: For each calendar year beginning after December 31, 2002, the Index as of the previous September 30 will be divided by the Index as of September 30,

## Department of Veterans Affairs

## § 17.111

2001. The ratio so obtained will be multiplied by the original copayment amount of \$7. The copayment amount for the new calendar year will be this result, rounded down to the whole dollar amount.

NOTE TO PARAGRAPH (b)(1): Example for determining copayment amount. If the ratio of the Prescription Drug component of the Medical Consumer Price Index for September 30, 2003, to the corresponding Index for September 30, 2001, is 1.2242, then this ratio multiplied by the original copayment amount of \$7 would equal \$8.57, and the copayment amount for calendar year 2004, rounded down to the whole dollar amount, would be \$8.

(2) The total amount of copayments in a calendar year for a veteran enrolled in one of the priority categories 2 through 6 of VA's health care system (see §17.36) shall not exceed the cap established for the calendar year. The cap for calendar year 2002 is \$840. If the copayment amount increases after calendar year 2002, the cap of \$840 shall be increased by \$120 for each \$1 increase in the copayment amount.

(c) *Medication not subject to the copayment requirements.* The following are exempt from the copayment requirements of this section:

(1) Medication for a veteran who has a service-connected disability rated 50% or more based on a service-connected disability or unemployability;

(2) Medication for a veteran's service-connected disability;

(3) Medication for a veteran whose annual income (as determined under 38 U.S.C. 1503) does not exceed the maximum annual rate of VA pension which would be payable to such veteran if such veteran were eligible for pension under 38 U.S.C. 1521;

(4) Medication authorized under 38 U.S.C. 1710(e) for Vietnam-era herbicide-exposed veterans, radiation-exposed veterans, Persian Gulf War veterans, or post-Persian Gulf War combat-exposed veterans;

(5) Medication for treatment of sexual trauma as authorized under 38 U.S.C. 1720D;

(6) Medication for treatment of cancer of the head or neck authorized under 38 U.S.C. 1720E; and

(7) Medications provided as part of a VA approved research project authorized by 38 U.S.C. 7303.

### § 17.111 Copayments for extended care services.

(a) *General.* This section sets forth requirements regarding copayments for extended care services provided to veterans by VA (either directly by VA or paid for by VA).

(b) *Copayments.* (1) Unless exempted under paragraph (f) of this section, as a condition of receiving extended care services from VA, a veteran must agree to pay VA and is obligated to pay VA a copayment as specified by this section. A veteran has no obligation to pay a copayment for the first 21 days of extended care services that VA provided the veteran in any 12-month period (the 12-month period begins on the date that VA first provided extended care services to the veteran). However, for each day that extended care services are provided beyond the first 21 days, a veteran is obligated to pay VA the copayment amount set forth below to the extent the veteran has available resources. Available resources are based on monthly calculations, as determined under paragraph (d) of this section. The following sets forth the extended care services provided by VA and the corresponding copayment amount per day:

(i) Adult day health care—\$15.

(ii) Domiciliary care—\$5.

(iii) Institutional respite care—\$97.

(iv) Institutional geriatric evaluation—\$97.

(v) Non-institutional geriatric evaluation—\$15.

(vi) Non-institutional respite care—\$15.

(vii) Nursing home care—\$97.

(2) For purposes of counting the number of days for which a veteran is obligated to make a copayment under this section, VA will count each day that adult day health care, non-institutional geriatric evaluation, and non-institutional respite care are provided and will count each full day and partial day for each inpatient stay except for the day of discharge.

(c) *Definitions.* For purposes of this section:

(1) *Adult day health care* is a therapeutic outpatient care program that provides medical services, rehabilitation, therapeutic activities, socialization, nutrition and transportation services to disabled veterans in a congregate setting.

(2) *Domiciliary care* is defined in § 17.30(b).

(3) *Extended care services* means adult day health care, domiciliary care, institutional geriatric evaluation, non-institutional geriatric evaluation, nursing home care, institutional respite care, and noninstitutional respite care.

(4) *Geriatric evaluation* is a specialized, diagnostic/consultative service provided by an interdisciplinary team that is for the purpose of providing a comprehensive assessment, care plan, and extended care service recommendations.

(5) *Institutional* means a setting in a hospital, domiciliary, or nursing home of overnight stays of one or more days.

(6) *Noninstitutional* means a service that does not include an overnight stay.

(7) *Nursing home care* means the accommodation of convalescents or other persons who are not acutely ill and not in need of hospital care, but who require nursing care and related medical services, if such nursing care and medical services are prescribed by, or are performed under the general direction of, persons duly licensed to provide such care (nursing services must be provided 24 hours a day). Such term includes services furnished in skilled nursing care facilities. Such term excludes hospice care.

(8) *Respite care* means care which is of limited duration, is furnished on an intermittent basis to a veteran who is suffering from a chronic illness and who resides primarily at home, and is furnished for the purpose of helping the veteran to continue residing primarily at home. (Respite providers temporarily replace the caregivers to provide services ranging from supervision to skilled care needs.)

(d) *Effect of the veteran's financial resources on obligation to pay copayment.*

(1) A veteran is obligated to pay the co-

payment to the extent the veteran and the veteran's spouse have available resources. For purposes of this section, available resources means the sum of the value of the liquid assets, the fixed assets, and the income of the veteran and the veteran's spouse, minus the sum of the veterans allowance, and the spousal allowance. Liquid assets and fixed assets are included in available resources if the veteran has been receiving extended care services for 181 days or more.

(2) For purposes of determining available resources under this section:

(i) *Income* means current income (including, but not limited to, wages and income from a business (minus business expenses), bonuses, tips, severance pay, accrued benefits, cash gifts, inheritance amounts, interest income, standard dividend income from non tax deferred annuities, retirement income, pension income, unemployment payments, worker's compensation payments, black lung payments, tort settlement payments, social security payments, court mandated payments, payments from VA or any other Federal programs, and any other income). The amount of current income will be stated in frequency of receipt, e.g., per week, per month.

(ii) *Expenses* means basic subsistence expenses, including current expenses for the following: rent/mortgage for primary residence; vehicle payment for one vehicle; food for veteran, veteran's spouse, and veteran's dependents; education for veteran, veteran's spouse, and veteran's dependents; court-ordered payments of veteran or veteran's spouse (e.g., alimony, child-support); and including the average monthly expenses during the past year for the following: utilities and insurance for the primary residence; out-of-pocket medical care costs not otherwise covered by insurance and medical insurance for the veteran, veteran's spouse, and veteran's dependents; and taxes paid on income.

(iii) *Fixed Assets* means:

(A) Real property and other non-liquid assets; except that this does not include—

(1) Burial plots,

(2) A residence if the residence is:

## Department of Veterans Affairs

## § 17.111

(j) The primary residence of the veteran and the veteran is receiving only noninstitutional extended care service, or

(ii) The primary residence of the veteran's spouse or the veteran's dependents (if the veteran does not have a spouse) if the veteran is receiving institutional extended care service.

(3) A vehicle if the vehicle is:

(i) The vehicle of the veteran and the veteran is receiving only noninstitutional extended care service, or

(ii) The vehicle of the veteran's spouse or the veteran's dependents (if the veteran does not have a spouse) if the veteran is receiving institutional extended care service.

(iv) *Liquid assets* means cash, stocks, dividends received from IRA, 401K's and other tax deferred annuities, bonds, mutual funds, and retirement accounts (e.g., IRA, 401Ks, annuities), household furniture, household goods, clothing, jewelry, personal items.

(v) *Spousal allowance* is an allowance of \$20 per day that is included only if the spouse resides in the community (not institutionalized).

(vi) *Veterans allowance* is an allowance of \$20 per day and includes expenses if the veteran has been receiving extended care services for 180 days or less, the veteran is receiving only adult day health care or other noninstitutional care, or the veteran has a spouse or dependents residing in the community (not institutionalized).

(3) The maximum amount of a copayment for any month equals the copayment amount specified in paragraph (b)(1) of this section multiplied by the number of days in the month. The copayment for any month may be less than the amount specified in paragraph (b)(1) of this section if the veteran provides information in accordance with this section to establish that the copayment should be reduced or eliminated.

(e) *Requirement to submit information.*

(1) Unless exempted under paragraph (f) of this section, a veteran must submit to a VA medical facility a completed

VA Form 10-10EC and documentation requested by the Form at the following times:

(i) At the time of initial request for an episode of extended care services,

(ii) At the time of request for extended care services after a break in provision of extended care services for more than 30 days, and

(iii) Each year at the time of submission to VA of VA Form 10-10EZ.

(2) When there are changes that might change the copayment obligation (i.e., changes regarding fixed assets, liquid assets, expenses, income (when received), or whether the veteran has a spouse or dependents residing in the community), the veteran must report those changes to a VA medical facility within 10 days of the change.

(f) *Veterans and care that are not subject to the copayment requirements.* The following veterans and care are not subject to the copayment requirements of this section:

(1) A veteran with a compensable service-connected disability,

(3) Care for a veteran's noncompensable zero percent service-connected disability,

(4) An episode of extended care services that began on or before November 30, 1999,

(6) Care for treatment of sexual trauma as authorized under 38 U.S.C. 1720D, or

(7) Care or services authorized under 38 U.S.C. 1720E for certain veterans regarding cancer of the head or neck.

(2) Partisan activities are inappropriate and all activities must be non-partisan in nature. An activity will be considered partisan and therefore inappropriate if it includes commentary in support of, or in opposition to, or attempts to influence, any current policy of the Government of the United States or any State of the United States. If the activity is closely related to partisan activities being conducted outside the hospital or center reservations, it will be considered partisan and therefore inappropriate.

(b) Requests for permission to hold services or ceremonies will be addressed to the Secretary, or the Director of the Department of Veterans Affairs hospital or center involved. ## RECONSIDERATION OF DENIED CLAIMS

### § 17.133 Procedures.

(a) *Scope.* This section sets forth reconsideration procedures regarding claims for benefits administered by the Veterans Health Administration (VHA). These procedures apply to claims for VHA benefits regarding decisions that are appealable to the Board of Veterans' Appeals (e.g., reimbursement for non-VA care not authorized in

## § 17.140

advance, reimbursement for beneficiary travel expenses, reimbursement for home improvements or structural alterations, etc.). These procedures do not apply when other regulations providing reconsideration procedures do apply (this includes CHAMPVA (38 CFR 17.270 through 17.278) and spina bifida (38 CFR 17.904) and any other regulations that contain reconsideration procedures). Also, these procedures do not apply to decisions made outside of VHA, such as decisions made by the Veterans Benefits Administration and adopted by VHA for decisionmaking. These procedures are not mandatory, and a claimant may choose to appeal the denied claim to the Board of Veterans' Appeals pursuant to 38 U.S.C. 7105 without utilizing the provisions of this section. Submitting a request for reconsideration shall constitute a notice of disagreement for purposes of filing a timely notice of disagreement under 38 U.S.C. 7105(b).

(b) *Process.* An individual who disagrees with the initial decision denying the claim in whole or in part may obtain reconsideration under this section by submitting a reconsideration request in writing to the Director of the healthcare facility of jurisdiction within one year of the date of the initial decision. The reconsideration decision will be made by the immediate supervisor of the initial VA decision-maker. The request must state why it is concluded that the decision is in error and must include any new and relevant information not previously considered. Any request for reconsideration that does not identify the reason for the dispute will be returned to the sender without further consideration. The request for reconsideration may include a request for a meeting with the immediate supervisor of the initial VA decision-maker, the claimant, and the claimant's representative (if the claimant wishes to have a representative present). Such a meeting shall only be for the purpose of discussing the issues and shall not include formal procedures (e.g., presentation, cross-examination of witnesses, etc.). The meeting will be taped and transcribed by VA if requested by the claimant and a copy of the transcription shall be provided to the claimant. After reviewing the mat-

ter, the immediate supervisor of the initial VA decision-maker shall issue a written decision that affirms, reverses, or modifies the initial decision.

NOTE TO §17.133: The final decision of the immediate supervisor of the initial VA decision-maker will inform the claimant of further appellate rights for an appeal to the Board of Veterans' Appeals.

(2) In those instances where custom-built adaptive equipment is designed and installed to meet the peculiar needs of uniquely disabled persons and where the incidence of probable usage is not such as to justify development of formal standards, such equipment will be inspected and, if in order, approved for use by a qualified designee of the Under Secretary for Health.

use as adaptive equipment. These include such items as automatic transmissions, power brakes, power steering and other automotive options.

(c) For those items where specific Department of Veterans Affairs standards of safety and quality have not as yet been developed, or where such standards are otherwise provided as with custom-designed or factory option items, authorization of suitable adaptive equipment will not be delayed. Approval of such adaptive equipment, however, shall be subject to the judgment of designated certifying officials that it meets implicit standards of safety and quality adopted by the industry or as later developed by the Department of Veterans Affairs.

(a) Persons eligible for adaptive equipment are:

(1) Veterans who are entitled to receive compensation for the loss or permanent loss of use of one or both feet; or the loss or permanent loss of use of one or both hands; or ankylosis of one or both knees, or one of both hips if the disability is the result of injury incurred or disease contracted in or aggravated by active military, naval or air service.

(2) Members of the Armed Forces serving on active duty who are suffering from any disability described in paragraph (a)(1) of this section incurred or contracted during or aggravated by active military service are eligible to receive automobile adaptive equipment.

Thereupon the Office of Inspector General will transmit all such information to the United States Attorney for such action as may be deemed appropriate and will inquire whether the United States Attorney objects to an autopsy if otherwise it be appropriate. If the United States Attorney has no objection, the procedure as to autopsy will be the same as if the death had not been reported to him or her.

(d) If the United States does not have exclusive jurisdiction over the area where the body is found the local medical examiner/coroner will be informed. If the local medical examiner/coroner declines to assume jurisdiction the procedure will be the same as is provided in paragraph (c) of this section. If a Federal crime is indicated by the evidence, the procedure of paragraph (c) of this section will also be followed.

(e) The laws of the decedent's domicile are determinative as to whether the spouse or the next of kin is the proper person to grant permission to perform an autopsy and of the question as to the order of preference among such persons. Usually the spouse is first entitled, except in some situations of separation; followed by children, parents, brothers and sisters, etc. When the next of kin as defined by the laws of decedent's domicile consists of a number of persons as children, parents, brothers and sisters, etc., permission to perform an autopsy may be accepted when granted by the person in the appropriate class who assumes the right and duty of burial.

(f) The Director of a Department of Veterans Affairs facility is authorized to cause an autopsy to be performed on a veteran who dies outside of a Department of Veterans Affairs facility while undergoing post-hospital care under the provisions of 38 U.S.C. 1712 and 38 CFR 17.93, if the Director determines such autopsy is reasonably required for any necessary purpose of the Department of Veterans Affairs, including the completion of official records and advancement of medical knowledge. Such authority also encompasses the furnishing of transportation of the body at Department of Veterans Affairs expense to the Department of Veterans Affairs facility and return of the body. Consent for the autopsy will be obtained as provided for in paragraph (e) of this section.

### § 17.263 Suspension and termination procedures.

Termination of a grant means the cancellation of Department of Veterans Affairs sponsorship, in whole or in part, under an agreement at any time prior to the date of completion. Suspension of a grant is an action by the Department of Veterans Affairs which temporarily suspends Department of Veterans Affairs sponsorship under the grant pending corrective action by the grantee or pending a decision to terminate the grant by the Department of Veterans Affairs.

(a) *Posttermination appeal.* The following procedures are applicable for reviewing postaward disputes which may arise in the administration of or carrying out of the Exchange of Medical Information Grant Program.

(1) *Reviewable decisions.* The Department of Veterans Affairs reserves the right to terminate any grant in whole or in part at any time before the date of completion, whenever it determines that the grantee has failed to comply with conditions of the agreement, or otherwise failed to comply with any law, regulation, assurance, term, or condition applicable to the grant.

(2) *Notice.* The Department of Veterans Affairs shall promptly notify the grantee in writing of the determination. The notice shall set forth the reason for the determination in sufficient detail to enable the grantee to respond, and shall inform the grantee of his or her opportunity for review by the Assistant Chief Medical Director as provided in this section.

(3) *Request for appeal.* A grantee with respect to whom a determination described in paragraph (a)(1) of this section has been made, and who desires review, may file with the Assistant Chief

Medical Director for Academic Affairs an application for review of such determination. The grantee's application for review must be post-marked no later than 30 days after the postmarked date of notification provided pursuant to paragraph (a)(2) of this section.

(4) *Contents of request.* The application for review must clearly identify the question or questions in dispute, contain a full statement of the grantee's position in respect to such question or questions, and provide pertinent facts and reasons in support of his or her position. The Assistant Chief Medical Director for Academic Affairs will promptly send a copy of the grantee's application to the Department of Veterans Affairs official responsible for the determination which is to be reviewed.

(5) *Effect of submission.* When an application for review has been filed no action may be taken by the Department of Veterans Affairs pursuant to such determination until such application has been disposed of, except that the filing of the application shall not affect the authority which the constituent agency may have to suspend the system under a grant during proceedings under this section or otherwise to withhold or defer payments under the grant.

(6) *Consideration of request.* When an application for review has been filed with the Assistant Chief Medical Director for Academic Affairs, and it has been determined that the application meets the requirements stated in this paragraph, all background material of the issues shall be reviewed. If the application does not meet the requirements, the grantee shall be notified of the deficiencies.

(7) *Presentation of case.* If the Assistant Chief Medical Director for Academic Affairs believes there is no dispute as to material fact, the resolution of which would be materially assisted by oral testimony, both parties shall be notified of the issues to be considered, and take steps to afford both parties the opportunity for presenting their cases, at the option of the Assistant Chief Medical Director for Academic Affairs, in whole or in part in writing, or in an informal conference. Where it is concluded that oral testimony is re-

quired to resolve a dispute over a material fact, both parties shall be afforded an opportunity to present and cross-examine witnesses at a hearing.

(8) *Decision.* After both parties have presented their cases, the Assistant Chief Medical Director for Academic Affairs shall prepare an initial written decision which shall include findings of fact and conclusions based thereon. Copies of the decision shall be mailed promptly to each of the parties together with a notice informing them of their right to appeal the decision of the Secretary, or to the officer or employee to whom the Secretary has delegated such authority, by submitting written comments thereon within a specified reasonable time.

(9) *Final decision.* Upon filing comments with the Secretary, or designated officer or employee, the review of the initial decision shall be conducted on the basis of the decision, the hearing record, if any, and written comments submitted by both parties. The decision shall be final.

(10) *Participation by a party.* Either party may participate in person, or by counsel pursuant to the procedure set forth in this section.

(b) *Termination for convenience.* The Department of Veterans Affairs or the grantee may terminate a grant in whole or in part when both parties agree that the continuation of the project would not produce beneficial results commensurate with the further expenditure of funds. The two parties shall agree upon the termination conditions, including the effective date and, in the case of partial terminations, the portion to be terminated. The grantee shall not incur new obligations for the terminated portion after the effective date, and shall cancel as many outstanding obligations as possible. The Department of Veterans Affairs shall allow full credit to the grantee for the Department of Veterans Affairs share of the noncancellable obligations, properly incurred by the grantee prior to termination.

(c) *Suspension procedures.* When a grantee has failed to comply with the terms of the grant agreement and conditions or standards, the Department of Veterans Affairs may, on reasonable

notice to the grantee, suspend the grant and withhold further payments, prohibit the grantee from incurring additional obligations of funds, pending corrective action by the grantee, or make a decision to terminate as described in paragraph (a) of this section. The Department of Veterans Affairs shall allow all necessary and proper costs that the grantee could not reasonably avoid during the period of suspension provided that they meet the provisions of the applicable Federal cost principles.

**§ 17.264 Recoupments and releases.**

In any case where the Department of Veterans Affairs or a grantee's obligations under an exchange of information agreement implemented by grant funds are terminated, or where grant-financed equipment or facilities cease to be used for the purposes for which grant support was given, or when grant-financed property is transferred, the grantee shall return the proportionate value of such equipment or facility as was financed by the grant. When it is determined the Department of Veterans Affairs equitable interest is greater than proportionate value, then a claim in such greater amount shall be asserted. If it is determined an amount less than proportionate value or less than the Department of Veterans Affairs equitable interest should be recouped, or that the Department of Veterans Affairs should execute any releases, then a proposal concerning such a settlement or releases complete with explanations and justifications shall be submitted to the Assistant Chief Medical Director for Academic Affairs for a final determination.

**§ 17.265 Payments.**

Payments of grant funds are made to grantees through a letter-of-credit, an advance by Treasury check, or a reimbursement by Treasury check, as appropriate. A letter-of-credit is an instrument certified by an authorized official of the Department of Veterans Affairs which authorizes the grantee to

draw funds when needed from the Treasury, through a Federal Reserve bank and the grantee's commercial bank and shall be used by the Department of Veterans Affairs where all the following conditions exist:

(a) When there is or will be a continuing relationship between the grantee and the Department of Veterans Affairs for at least a 12-month period and the total amount of advance payments expected to be received within that period is \$250,000, or more;

(b) When the grantee has established or demonstrated the willingness and ability to maintain procedures that will minimize the time elapsing between the transfer of funds and their disbursement by the grantee; and

(c) When the grantee's financial management meets the standards for fund control and accountability. An advance by Treasury check is a payment made to a grantee upon its request before outlays are made by the grantee, or through use of predetermined payment schedules and shall be used by the Department of Veterans Affairs when the grantee meets all of the above requirements of this section except that advances will be less than \$250,000, or for a period less than 12 months. Reimbursement by Treasury check is a payment made to a grantee upon request for reimbursement from the grantee and shall be the preferred method when the grantee does not meet the requirements of paragraphs (b) and (c) of this section. This method may be used on any construction agreement, or if the major portion of the program is accomplished through private market financing or Federal loans, and the Federal assistance constitutes a minor portion of the program. When the reimbursement method is used, the Department of Veterans Affairs shall make payment within 30 days after receipt of the billing, unless billing is improper. Unless otherwise required by law, payments shall not be withheld for proper charges at any time during the grant period unless a grantee has failed to comply with the program objectives, award conditions, or Federal reporting requirements; or the grantee is indebted.

(b) In addition to the beneficiary cost share, an annual (calendar year) out-

(c) To provide financial protection against the impact of a long-term illness or injury, a calendar year cost limit or "catastrophic cap" has been placed on the beneficiary cost-share amount for covered services and supplies. Credits to the annual catastrophic cap are limited to the applied annual deductible(s) and the beneficiary cost-share amount. Costs above the CHAMPVA-allowable amount, as well as costs associated with non-covered services are not credited to the catastrophic cap computation. After a family has paid the maximum cost-share and deductible amounts for a calendar year, CHAMPVA will pay allowable amounts for the remaining covered services through the end of that calendar year.

(i) Through December 31, 2001, the annual cap on cost sharing is \$7,500 per CHAMPVA-eligible family.

(ii) Effective January 1, 2002, the cap on cost sharing is \$3,000 per CHAMPVA-eligible family.

(d) If the CHAMPVA benefit payment is under \$1.00, payment will not be issued. Catastrophic cap and deductible will, however, be credited.

### § 17.275 Claim filing deadline.

(a) Unless an exception is granted under paragraph (b) of this section, claims for medical services and supplies must be filed with the Center no later than:

(1) One year after the date of service; or

(2) In the case of inpatient care, one year after the date of discharge; or

(3) In the case of retroactive approval for medical services/supplies, 180 days following beneficiary notification of authorization; or

(4) In the case of retroactive approval of CHAMPVA eligibility, 180 days following notification to the beneficiary

of authorization for services occurring on or after the date of first eligibility.

(b) Requests for an exception to the claim filing deadline must be submitted, in writing, to the Center and include a complete explanation of the circumstances resulting in late filing along with all available supporting documentation. Each request for an exception to the claim filing deadline will be reviewed individually and considered on its own merit. The Center Director may grant exceptions to the requirements in paragraph (a) if he or she determines that there was good cause for missing the filing deadline. For example, when dual coverage exists CHAMPVA payment, if any, cannot be determined until after the primary insurance carrier has adjudicated the claim. In such circumstances an exception may be granted provided that the delay on the part of the primary insurance carrier is not attributable to the beneficiary. Delays due to provider billing procedures do not constitute a valid basis for an exception.

### § 17.276 Appeal/review process.

Notice of the initial determination regarding payment of CHAMPVA benefits will be provided to the beneficiary on a CHAMPVA Explanation of Benefits (EOB) form. The EOB form is generated by the CHAMPVA automated payment processing system. If a beneficiary disagrees with the determination concerning covered services or calculation of benefits, he or she may request reconsideration. Such requests must be submitted to the Center in writing within one year of the date of the initial determination. The request must state why the beneficiary believes the decision is in error and must include any new and relevant information not previously considered. Any request for reconsideration that does not identify the reason for dispute will be returned to the claimant without further consideration. After reviewing the claim and any relevant supporting documentation, a CHAMPVA benefits advisor will issue a written determination to the beneficiary that affirms, reverses or modifies the previous decision. If the beneficiary is still dissatisfied, within 90 days of the date of the decision he or she may make a written

request for review by the Center Director. The Director will review the claim, and any relevant supporting documentation, and issue a decision in writing that affirms, reverses or modifies the previous decision. The decision of the Director with respect to benefit coverage and computation of benefits is final.

(Authority: 38 U.S.C. 1713)

NOTE TO § 17.276: Denial of CHAMPVA benefits based on legal eligibility requirements may be appealed to the Board of Veterans' Appeals in accordance with 38 CFR part 20. Medical determinations are not appealable to the Board. 20 CFR 20.101.

### § 17.277 Third-party liability/medical care cost recovery.

The Center will actively pursue third-party liability/medical care cost recovery in accordance with applicable law.

### § 17.278 Confidentiality of records.

Confidentiality of records will be maintained in accordance with 38 CFR 1.460 through 1.582.

### CONFIDENTIALITY OF HEALTHCARE QUALITY ASSURANCE REVIEW RECORDS

AUTHORITY: 38 U.S.C. 5705.

SOURCE: 59 FR 53355, Oct. 24, 1994, unless otherwise noted.

#### § 17.500 General.

(a) Section 5705, title 38, United States Code was enacted to protect the integrity of the VA's medical quality assurance program by making confidential and privileged certain records and documents generated by this program and information contained therein. Disclosure of quality assurance records and documents made confidential and privileged by 38 U.S.C. 5705 and the regulations in §§ 17.500 through 17.511 may only be made in accordance with the provisions of 38 U.S.C. 5705 and those regulations.

(b) The purpose of the regulations in §§ 17.500 through 17.511 is to specify and provide for the limited disclosure of those quality assurance documents which are confidential under the provisions of 38 U.S.C. 5705.

(c) For purposes of the regulations in §§ 17.500 through 17.511, the VA's medical quality assurance program consists of systematic healthcare reviews carried out by or for VA for the purpose of improving the quality of medical care or improving the utilization of healthcare resources in VA medical facilities. These review activities may involve continuous or periodic data collection and may relate to either the structure, process, or outcome of health care provided in the VA.

(d) Nothing in the regulations in §§ 17.500 through 17.511 shall be construed as authority to withhold any record or document from a committee or subcommittee of either House of Congress or any joint committee or subcommittee of Congress, if such

record or document pertains to any matter within the jurisdiction of such committee or joint committee.

(e) The regulations in §§ 17.500 through 17.511 do not waive the sovereign immunity of the United States, and do not waive the confidentiality provisions and disclosure restrictions of 38 U.S.C. 5705.

(Authority: 38 U.S.C. 5705)

#### § 17.501 Confidential and privileged documents.

(a) Documents and parts of documents are considered confidential and privileged if they were produced by or for the VA in the process of conducting systematic healthcare reviews for the purpose of improving the quality of health care or improving the utilization of healthcare resources in VA healthcare facilities and meet the criteria in paragraphs (b) and (c) of this section. The four classes of healthcare quality assurance reviews with examples are:

(1) Monitoring and evaluation reviews conducted by a facility:

- (i) Medical records reviews,
- (ii) Drug usage evaluations,
- (iii) Blood usage reviews,

(iv) Surgical case/invasive procedure reviews,

(v) Service and program monitoring including monitoring performed by individual services or programs, several services or programs working together, or individuals from several services or programs working together as a team,

(vi) Mortality and morbidity reviews,

(vii) Infection control review and surveillance,

(viii) Occurrence screening,

(ix) Tort claims peer reviews (except reviews performed to satisfy the requirements of a governmental body or a professional health care organization which is licensing practitioners or monitoring their professional performance),

(x) Admission and continued stay reviews,

(xi) Diagnostic studies utilization reviews,

(xii) Reports of special incidents (VA Form 10-2633 or similar forms) and follow-up documents unless developed during or as a result of a Board of Investigation;

(2) Focused reviews which address specific issues or incidents and which are designated by the reviewing office at the outset of the review as protected by 38 U.S.C. 5705 and the regulations in §§ 17.500 through 17.511; focused reviews may be either:

(i) Facility focused reviews;

(ii) VA Central Office or Regional focused reviews;

(3) VA Central Office or Regional general oversight reviews to assess facility compliance with VA program requirements if the reviews are designated by the reviewing office at the outset of the review as protected by 38 U.S.C. 5705 and the regulations in §§ 17.500 through 17.511; and

(4) Contracted external reviews of care, specifically designated in the contract or agreement as reviews protected by 38 U.S.C. 5705 and the regulations in §§ 17.500 through 17.511.

(b) The Under Secretary for Health, Regional Director or facility Director will describe in advance in writing those quality assurance activities included under the classes of healthcare quality assurance reviews listed in paragraph (a) of this section. Only documents and parts of documents resulting from those activities which have been so described are protected by 38 U.S.C. 5705 and the regulations in §§ 17.500 through 17.511. If an activity is not described in a VA Central Office or Regional policy document, this requirement may be satisfied at the facility level by description in advance of the activity and its designation as protected in the facility quality assurance plan or other policy document.

(c) Documents and parts of documents generated by activities which meet the criteria in paragraphs (a) and (b) of this section shall be confidential and privileged only if they:

(1) Identify, either implicitly or explicitly, individual practitioners, patients, or reviewers except as provided in paragraph (g)(6) of this section; or

(4) Are memoranda, letters, or other documents from the medical facility to the Regional Director or VA Central Office which contain information generated by a quality assurance activity meeting the criteria in § 17.501 (a) and (b); or

(5) Are memoranda, letters, or other documents produced by the Regional Director or VA Central Office which either respond to or contain information generated by a quality assurance activity meeting the criteria in § 17.501 (a) and (b).

(d) Documents which meet the criteria in this section are confidential and privileged whether they are produced at the medical facility, Regional or VA Central Office levels, or by external contractors performing healthcare quality assurance reviews.

(e) Documents which are confidential and privileged may be in written, computer, electronic, photographic or any other form.

(f) Documents which contain confidential and privileged material in one part, but not in others, such as Clinical Executive Board minutes, should be filed and maintained as if the entire document was protected by 38 U.S.C. 5705. This is not required if the confidential and privileged material is deleted.

(g) The following records and documents and parts of records and documents are not confidential even if they meet the criteria in paragraphs (a) through (c) of this section:

(1) Statistical information regarding VA healthcare programs or activities that does not implicitly or explicitly identify individual VA patients or VA employees or individuals involved in the quality assurance process;

(2) Summary documents or records which only identify study topics, the period of time covered by the study, criteria, norms, and/or major overall

(3) The contents of Credentialing and Privileging folders as described in VACO policy documents (38 U.S.C. 5705-protected records shall not be filed in Credentialing and Privileging folders);

(4) Records and documents developed during or as a result of Boards of Investigations;

(12) Documents and reports developed during or as a result of occupational health monitoring;

(13) Documents and reports developed during or as a result of safety monitoring not directly related to the care of specified individual patients;

(14) Documents and reports developed during or as a result of resource management activities not directly related to the care of specified individual patients; and

(15) Information and records derived from patient medical records or facility administrative records, which are not protected by 38 U.S.C. 5705 and the regulations in §§17.500 through 17.511, may be sent or communicated to a third party payor who has asked for this information in response to a VA request for reimbursement based on Public Law 99-272 and Public Law 101-508. Reviews conducted at the request of the third party payor do not generate records protected by 38 U.S.C. 5705 and the regulations in §§17.500 through 17.511 since the reviews are not undertaken as part of the VA's quality assurance program.

(Authority: 38 U.S.C. 5705)

### § 17.502 Applicability of other statutes.

(a) Disclosure of quality assurance records and documents which are not confidential and privileged under 38 U.S.C. 5705 and the confidentiality regulations in §§17.500 through 17.511 will be governed by the provisions of the Freedom of Information Act, and, if applicable, the Privacy Act and any other VA or federal confidentiality statutes.

(b) When included in a quality assurance review, confidential records protected by other confidentiality statutes such as 5 U.S.C. 552a (the Privacy Act), 38 U.S.C. 7332 (drug and alcohol abuse, sickle cell anemia, HIV infection), and 38 U.S.C. 5701 (veterans' names and addresses) retain whatever confidentiality protection they have under these laws and applicable regulations and will be handled accordingly. To the extent that information protected by 38 U.S.C. 5701 or 7332 or the Privacy Act is incorporated into quality assurance records, the information

in the quality assurance records is still protected by these statutes.

(Authority: 38 U.S.C. 5705)

#### § 17.503 Improper disclosure.

(a) Improper disclosure is the disclosure of confidential and privileged healthcare quality assurance review records or documents (or information contained therein), as defined in § 17.501, to any person who is not authorized access to the records or documents under the statute and the regulations in §§ 17.500 through 17.511.

(b) "Disclosure" means the communication, transmission, or conveyance in any way of any confidential and privileged quality assurance records or documents or information contained in them to any individual or organization in any form by any means.

(Authority: 38 U.S.C. 5705)

#### § 17.504 Disclosure methods.

(a) Disclosure of confidential and privileged quality assurance records and documents or the information contained therein outside VA, where permitted by the statute and the regulations in §§ 17.500 through 17.511, will always be by copies, abstracts, summaries, or similar records or documents prepared by the Department of Veterans Affairs and released to the requestor. The original confidential and privileged quality assurance records and documents will not be removed from the VA facility by any person, VA employee or otherwise, except in accordance with § 17.508(c) or where otherwise legally required.

(b) Disclosure of confidential and privileged quality assurance records and documents to authorized individuals under either § 17.508 or § 17.509 shall bear the following statement: "These documents or records (or information contained herein) are confidential and privileged under the provisions of 38 U.S.C. 5705, which provide for fines up to \$20,000 for unauthorized disclosures thereof, and the implementing regulations. #### § 17.505 Disclosure authorities.

The VA medical facility Director, Regional Director, Under Secretary for Health, or their designees are authorized to disclose any confidential and privileged quality assurance records or documents under their control to other agencies, organizations, or individuals where 38 U.S.C. 5705 or the regulations in §§ 17.500 through 17.511 expressly provide for disclosure.

(Authority: 38 U.S.C. 5705)

#### § 17.506 Appeal of decision by Veterans Health Administration to deny disclosure.

When a request for records or documents subject to the regulations in §§ 17.500 through 17.511 is denied in whole or in part by the VA medical facility Director, Regional Director or Under Secretary for Health, the VA official denying the request in whole or in part will notify the requestor in writing of the right to appeal this decision to the General Counsel of the Department of Veterans Affairs within 60 days of the date of the denial letter. The final Department decision will be made by the General Counsel or the Deputy General Counsel.

(b) To foster continuous quality improvement, practitioners on VA rolls, whether paid or not, will have access to confidential and privileged quality assurance records and documents relating to evaluation of the care they provided.

(c) Any quality assurance record or document, whether confidential and privileged or not, may be provided to the General Counsel or any attorney within the Office of General Counsel, wherever located. (d) Any quality assurance record or document or the information contained therein, whether confidential and privileged or not, will be provided to the Department of Veterans Affairs Office of Inspector General upon request. A written request is not required.

(e) To the extent practicable, documents accessed under paragraph (b) of this section will not include the identity of peer reviewers. Reasonable efforts will be made to edit documents so as to protect the identities of reviewers, but the inability to completely do so will not bar access under paragraph (b).

(f) No individual shall be permitted access to confidential and privileged quality assurance records and documents identified in § 17.501 unless such individual has been informed of the penalties for unauthorized disclosure.

Any misuse of confidential and privileged quality assurance records or documents shall be reported to the appropriate VHA official, e.g., Service Chief, Medical Center Director.

(g) In general, confidential and privileged quality assurance records and documents will be maintained for a minimum of 3 years and may be held longer if needed for research studies or quality assurance or legal purposes.

(Authority: 38 U.S.C. 5705)

### **§ 17.509 Authorized disclosure: Non-Department of Veterans Affairs requests.**

(a) Requests for confidential and privileged quality assurance records and documents from organizations or individuals outside VA must be made to the Department and must specify the nature and content of the information requested, to whom the information should be transmitted or disclosed, and the purpose listed in paragraphs (b) through (j) of this section for which the information requested will be used. In addition, the requestor will specify to the extent possible the beginning and final dates of the period for which disclosure or access is requested. The request must be in writing and signed by the requestor. Except as specified in paragraphs (b) and (c) of this section, these requests should be forwarded to the Director of the facility in possession of the records or documents for response. (4) In the case of a part-time student who is a part-time employee, the maximum stipend, if more than a nominal stipend is paid, will be reduced in accordance with the proportion that the number of credit hours carried by such participant bears to the number of credit hours required to be carried by a full-time student in the course of training being pursued by the participant.

(Authority: 38 U.S.C. 7612(c)(1)(B) and (3)(A))

### PAYMENT OR REIMBURSEMENT FOR EMERGENCY SERVICES FOR NON-SERVICE-CONNECTED CONDITIONS IN NON-VA FACILITIES

SOURCE: 66 FR 36470, July 12, 2001, unless otherwise noted.

#### **§ 17.1000 Payment or reimbursement for emergency services for non-service-connected conditions in non-VA facilities.**

Sections 17.1000 through 17.1008 constitute the requirements under 38 U.S.C. 1725 that govern VA payment or reimbursement for non-VA emergency services furnished to a veteran for non-service-connected conditions.

(Authority: 38 U.S.C. 1725)

NOTE TO §17.1000: In cases where a patient is admitted for inpatient care, health care providers furnishing emergency treatment who believe they may have a basis for filing a claim with VA for payment under 38 U.S.C. 1725 should contact VA within 48-hours after admission for emergency treatment. Such contact is not a condition of VA payment. However, the contact will assist the provider in understanding the conditions for payment. The contact may also assist the provider in planning for transfer of the veteran after stabilization.

[66 FR 36470, July 12, 2001, as amended at 68 FR 3404, Jan. 24, 2003]

#### **§ 17.1001 Definitions.**

For purposes of §§17.1000 through 17.1008:

(a) The term *health-plan contract* means any of the following:

(1) An insurance policy or contract, medical or hospital service agreement, membership or subscription contract, or similar arrangement under which health services for individuals are provided or the expenses of such services are paid;

(2) An insurance program described in section 1811 of the Social Security Act (42 U.S.C. 1395c) or established by section 1831 of that Act (42 U.S.C. 1395j);

(3) A State plan for medical assistance approved under title XIX of the

Social Security Act (42 U.S.C. 1396 *et seq.*);

(4) A workers' compensation law or plan described in section 38 U.S.C. 1729(a)(2)(A); or

(5) A law of a State or political subdivision described in 38 U.S.C. 1729(a)(2)(B) (concerning motor vehicle accidents).

(b) The term *third party* means any of the following:

(1) A Federal entity;

(2) A State or political subdivision of a State;

(3) An employer or an employer's insurance carrier;

(4) An automobile accident reparations insurance carrier; or

(5) A person or entity obligated to provide, or to pay the expenses of, health services under a health-plan contract.

(c) The term *duplicate payment* means payment made, in whole or in part, for the same emergency services for which VA reimbursed or made payment.

(d) The term *stabilized* means that no material deterioration of the emergency medical condition is likely, within reasonable medical probability, to occur if the veteran is discharged or transferred to a VA or other Federal facility.

(e) The term *VA medical facility of jurisdiction* means the nearest VA medical facility to where the emergency service was provided.

(Authority: 38 U.S.C. 1725)

#### **§ 17.1002 Substantive conditions for payment or reimbursement.**

Payment or reimbursement under 38 U.S.C. 1725 for emergency services may be made only if all of the following conditions are met:

(a) The emergency services were provided in a hospital emergency department or a similar facility held out as providing emergency care to the public;

(b) The claim for payment or reimbursement for the initial evaluation and treatment is for a condition of such a nature that a prudent layperson would have reasonably expected that delay in seeking immediate medical attention would have been hazardous to life or health (this standard would be

**§ 17.1003**

**38 CFR Ch. I (7-1-03 Edition)**

met if there were an emergency medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) that a prudent layperson who possesses an average knowledge of health and medicine could reasonably expect the absence of immediate medical attention to result in placing the health of the individual in serious jeopardy, serious impairment to bodily functions, or serious dysfunction of any bodily organ or part);

(c) A VA or other Federal facility/provider was not feasibly available and an attempt to use them beforehand would not have been considered reasonable by a prudent layperson (as an example, these conditions would be met by evidence establishing that a veteran was brought to a hospital in an ambulance and the ambulance personnel determined that the nearest available appropriate level of care was at a non-VA medical center);

(d) The claim for payment or reimbursement for any medical care beyond the initial emergency evaluation and treatment is for a continued medical emergency of such a nature that the veteran could not have been safely discharged or transferred to a VA or other Federal facility (the medical emergency lasts only until the time the veteran becomes stabilized);

(e) At the time the emergency treatment was furnished, the veteran was enrolled in the VA health care system and had received medical services under authority of 38 U.S.C. chapter 17 within the 24-month period preceding the furnishing of such emergency treatment;

(f) The veteran is financially liable to the provider of emergency treatment for that treatment;

(g) The veteran has no coverage under a health-plan contract for payment or reimbursement, in whole or in part, for the emergency treatment (this condition cannot be met if the veteran has coverage under a health-plan contract but payment is barred because of a failure by the veteran or the provider to comply with the provisions of that health-plan contract, e.g., failure to submit a bill or medical records within specified time limits, or

failure to exhaust appeals of the denial of payment);

(h) If the condition for which the emergency treatment was furnished was caused by an accident or work-related injury, the claimant has exhausted without success all claims and remedies reasonably available to the veteran or provider against a third party for payment of such treatment; and the veteran has no contractual or legal recourse against a third party that could reasonably be pursued for the purpose of extinguishing, in whole or in part, the veteran's liability to the provider; and

(i) The veteran is not eligible for reimbursement under 38 U.S.C. 1728 for the emergency treatment provided (38 U.S.C. 1728 authorizes VA payment or reimbursement for emergency treatment to a limited group of veterans, primarily those who receive emergency treatment for a service-connected disability).

**§ 17.1003 Emergency transportation.**

Notwithstanding the provisions of § 17.1002, payment or reimbursement under 38 U.S.C. 1725 for ambulance services, including air ambulance services, may be made for transporting a veteran to a facility only if the following conditions are met:

(a) Payment or reimbursement is authorized under 38 U.S.C. 1725 for emergency treatment provided at such facility (or payment or reimbursement could have been authorized under 38 U.S.C. 1725 for emergency treatment if death had not occurred before emergency treatment could be provided);

(b) The veteran is financially liable to the provider of the emergency transportation;

(c) The veteran has no coverage under a health-plan contract for reimbursement or payment, in whole or in part, for the emergency transportation or any emergency treatment authorized under 38 U.S.C. 1728 (this condition is not met if the veteran has coverage under a health-plan contract but payment is barred because of a failure by the veteran or the provider to comply

with the provisions of that health-plan contract); and

(d) If the condition for which the emergency transportation was furnished was caused by an accident or work-related injury, the claimant has exhausted without success all claims and remedies reasonably available to the veteran or provider against a third party for payment of such transportation; and the veteran has no contractual or legal recourse against a third party that could reasonably be pursued for the purpose of extinguishing, in whole or in part, the veteran's liability to the provider.

(Authority: 38 U.S.C. 1725)

### § 17.1004 Filing claims.

(a) A claimant for payment or reimbursement under 38 U.S.C. 1725 must be the entity that furnished the treatment, the veteran who paid for the treatment, or the person or organization that paid for such treatment on behalf of the veteran.

(b) To obtain payment or reimbursement for emergency treatment under 38 U.S.C. 1725, a claimant must submit to the VA medical facility of jurisdiction a completed standard billing form (such as a UB92 or a HCFA 1500). Where the form used does not contain a false claims notice, the completed form must also be accompanied by a signed, written statement declaring that "I hereby certify that this claim meets all of the conditions for payment by VA for emergency medical services under 38 CFR 17.1002 (except for paragraph (e)) and 17.1003. I am aware that 38 U.S.C. 6102(b) provides that one who obtains payment without being entitled to it and with intent to defraud the United States shall be fined in accordance with title 18, United States Code, or imprisoned not more than one year, or both."

NOTE TO § 17.1004 (b): These regulations regarding payment or reimbursement for emergency services for nonservice-connected conditions in non-VA facilities also can be found on the internet at <http://www.va.gov/healthelig>.

(c) Notwithstanding the provisions of paragraph (b) of this section, no specific form is required for a claimant (or duly authorized representative) to

claim payment or reimbursement for emergency transportation charges under 38 U.S.C. 1725. The claimant need only submit a signed and dated request for such payment or reimbursement to the VA medical facility of jurisdiction, together with a bill showing the services provided and charges for which the veteran is personally liable and a signed statement explaining who requested such transportation services and why they were necessary.

(d) To receive payment or reimbursement for emergency services, a claimant must file a claim within 90 days after the latest of the following:

(1) July 19, 2001.

(2) The date that the veteran was discharged from the facility that furnished the emergency treatment;

(3) The date of death, but only if the death occurred during transportation to a facility for emergency treatment or if the death occurred during the stay in the facility that included the provision of the emergency treatment; or

(4) The date the veteran finally exhausted, without success, action to obtain payment or reimbursement for the treatment from a third party.

(e) If after reviewing a claim the decisionmaker determines that additional information is needed to make a determination regarding the claim, such official will contact the claimant in writing and request additional information. The additional information must be submitted to the decisionmaker within 30 days of receipt of the request or the claim will be treated as abandoned, except that if the claimant within the 30-day period requests in writing additional time, the time period for submission of the information may be extended as reasonably necessary for the requested information to be obtained.

### § 17.1005 Payment limitations.

(a) Payment or reimbursement for emergency treatment under 38 U.S.C. 1725 shall be the lesser of the amount for which the veteran is personally liable or 70 percent of the amount under

## § 17.1006

the applicable Medicare fee schedule for such treatment.

(b) Reimbursement or payment for emergency treatment may be made only for the period from the beginning of the initial evaluation treatment until such time as the veteran could be safely discharged or transferred to a VA facility or other Federal facility. For purposes of payment or reimbursement under 38 U.S.C. 1725, VA deems it safe for the veteran to be transferred once the veteran has become stabilized.

### § 17.1006 Decisionmakers.

The Chief of the Health Administration Service or an equivalent official at the VA medical facility of jurisdiction will make all determinations regarding payment or reimbursement under 38 U.S.C. 1725, except that the Fee Service Review Physician or equivalent officer at the VA medical facility of jurisdiction will make determinations regarding § 17.1002(b), (c), and (d). Any decision denying a benefit must be in writing and inform the claimant of VA reconsideration and appeal rights.

(Authority: 38 U.S.C. 1725)

### § 17.1007 Independent right of recovery.

(a) VA has the right to recover its payment under this section when, and to the extent that, a third party makes payment for all or part of the same emergency treatment for which VA reimbursed or made payment under this section.

(1) Under 38 U.S.C. 1725(d)(4), the veteran (or the veteran's personal representative, successor, dependents, or survivors) or claimant shall ensure that the Secretary is promptly notified of any payment received from any third party for emergency treatment furnished to the veteran. The veteran (or the veteran's personal representative, successor, dependents, or survivors) or claimant shall immediately forward all documents relating to such payment, cooperate with the Secretary in the investigation of such payment and assist the Secretary in enforcing the United States' right to recover any

payment made and accepted under this section. The required notification and submission of documentation must be provided by the veteran or claimant to the VA medical facility of jurisdiction within three working days of receipt of notice of the duplicate payment.

(2) If the Chief Financial Officer or equivalent official at the VA medical facility of jurisdiction concludes that payment from a third party was made for all or part of the same emergency treatment for which VA reimbursed or made payment under this section, such VA official shall, except as provided in paragraph (c) of this section, initiate action to collect or recover the amount of the duplicate payment in the same manner as for any other debt owed the United States.

(b)(1) Any amount paid by the United States to the veteran (or the veteran's personal representative, successor, dependents, or survivors) or to any other person or organization paying for such treatment shall constitute a lien in favor of the United States against any recovery the payee subsequently receives from a third party for the same treatment.

(2) Any amount paid by the United States, and accepted by the provider that furnished the veteran's emergency treatment, shall constitute a lien against any subsequent amount the provider receives from a third party for the same emergency treatment for which the United States made payment.

(c) If it is determined that a duplicate payment was made, the Chief Financial Officer or equivalent official at the VA medical facility of jurisdiction may waive recovery of a VA payment made under this section to a veteran upon determining that the veteran has substantially complied with the provisions of paragraph (a)(1) of this section and that actions to recover the payment would not be cost-effective or would conflict with other litigative interests of the United States.

(Authority: 38 U.S.C. 1725)

### § 17.1008 Balance billing prohibited.

Payment by VA under 38 U.S.C. 1725 on behalf of a veteran to a provider of emergency treatment shall, unless rejected and refunded by the provider

**§ 17.1008**

within 30 days of receipt, extinguish all liability on the part of the veteran for that emergency treatment. Neither the absence of a contract or agreement between VA and the provider nor any pro-

vision of a contract, agreement, or assignment to the contrary shall operate to modify, limit, or negate this requirement.
