Explanation

The Code of Federal Regulations is a codification of the general and permanent rules published in the Federal Register by the Executive departments and agencies of the Federal Government. The Code is divided into 50 titles which represent broad areas subject to Federal regulation. Each title is divided into chapters which usually bear the name of the issuing agency. Each chapter is further subdivided into parts covering specific regulatory areas.

Each volume of the Code is revised at least once each calendar year and issued on a quarterly basis approximately as follows:

Title 1 through Title 16.....	as of January 1
Title 17 through Title 27.....	as of April 1
Title 28 through Title 41.....	as of July 1
Title 42 through Title 50.....	as of October 1

The appropriate revision date is printed on the cover of each volume.

LEGAL STATUS

The contents of the Federal Register are required to be judicially noticed (44 U.S.C. 1507). The Code of Federal Regulations is prima facie evidence of the text of the original documents (44 U.S.C. 1510).

HOW TO USE THE CODE OF FEDERAL REGULATIONS

The Code of Federal Regulations is kept up to date by the individual issues of the Federal Register. These two publications must be used together to determine the latest version of any given rule.

To determine whether a Code volume has been amended since its revision date (in this case, October 1, 2003), consult the "List of CFR Sections Affected (LSA)," which is issued monthly, and the "Cumulative List of Parts Affected," which appears in the Reader Aids section of the daily Federal Register. These two lists will identify the Federal Register page number of the latest amendment of any given rule.

EFFECTIVE AND EXPIRATION DATES

Each volume of the Code contains amendments published in the Federal Register since the last revision of that volume of the Code. Source citations for the regulations are referred to by volume number and page number of the Federal Register and date of publication. Publication dates and effective dates are usually not the same and care must be exercised by the user in determining the actual effective date. In instances where the effective date is beyond the cut-off date for the Code a note has been inserted to reflect the future effective date. In those instances where a regulation published in the Federal Register states a date certain for expiration, an appropriate note will be inserted following the text.

OMB CONTROL NUMBERS

The Paperwork Reduction Act of 1980 (Pub. L. 96-511) requires Federal agencies to display an OMB control number with their information collection request.

Many agencies have begun publishing numerous OMB control numbers as amendments to existing regulations in the CFR. These OMB numbers are placed as close as possible to the applicable recordkeeping or reporting requirements.

OBSOLETE PROVISIONS

Provisions that become obsolete before the revision date stated on the cover of each volume are not carried. Code users may find the text of provisions in effect on a given date in the past by using the appropriate numerical list of sections affected. For the period before January 1, 2001, consult either the List of CFR Sections Affected, 1949–1963, 1964–1972, 1973–1985, or 1986–2000, published in 11 separate volumes. For the period beginning January 1, 2001, a “List of CFR Sections Affected” is published at the end of each CFR volume.

CFR INDEXES AND TABULAR GUIDES

A subject index to the Code of Federal Regulations is contained in a separate volume, revised annually as of January 1, entitled CFR INDEX AND FINDING AIDS. This volume contains the Parallel Table of Statutory Authorities and Agency Rules (Table I). A list of CFR titles, chapters, and parts and an alphabetical list of agencies publishing in the CFR are also included in this volume.

An index to the text of “Title 3—The President” is carried within that volume.

The Federal Register Index is issued monthly in cumulative form. This index is based on a consolidation of the “Contents” entries in the daily Federal Register.

A List of CFR Sections Affected (LSA) is published monthly, keyed to the revision dates of the 50 CFR titles.

REPLICATION OF MATERIAL

There are no restrictions on the republication of material appearing in the Code of Federal Regulations.

THIS TITLE

Title 48—FEDERAL ACQUISITION REGULATIONS SYSTEM is composed of seven volumes. The chapters in these volumes are arranged as follows: Chapter 1 (parts 1 to 51), chapter 1 (parts 52 to 99), chapter 2 (parts 201 to 299), chapters 3 to 6, chapters 7 to 14, chapters 15 to 28 and chapter 29 to end. The contents of these volumes represent all current regulations codified under this title of the CFR as of October 1, 2003.

The Federal acquisition regulations in chapter 1 are those government-wide acquisition regulations jointly issued by the General Services Administration, the Department of Defense, and the National Aeronautics and Space Administration. Chapters 2 through 99 are acquisition regulations issued by individual government agencies. Parts 1 to 69 in each of chapters 2 through 99 are reserved for agency regulations *implementing* the Federal acquisition regulations in chapter 1 and are numerically keyed to them. Parts 70 to 99 in chapters 2 through 99 contain agency regulations *supplementing* the Federal acquisition regulations.

The OMB control numbers for the Federal Acquisition Regulations System appear in section 1.106 of chapter 1. For the convenience of the user section 1.106 is reprinted in the Finding Aids section of the second volume containing chapter 1 (parts 52 to 99).

The first volume, containing chapter 1 (parts 1 to 51), includes an index to the Federal acquisition regulations.

(b) The information requested by the
AIDAR sections listed in paragraph (a)
is necessary to allow USAID to pru-
dently administer public funds. It lets
USAID make reasonable assessments of
contractor capabilities and responsi-
bility of costs. Information is required
in order for a contractor and/or its em-
ployee to obtain a benefit-usually tak-
ing the form of payment under a gov-
ernment contract.

(c) Public reporting burden for these
collections of information is estimated
as shown in paragraph (a) of this sec-
tion. The estimated burden includes
the time for reviewing instructions,
searching existing data sources, gath-
ering and maintaining the data needed,
and completing and reviewing the col-
lection of information. Send comments
regarding the burden estimates or any
other aspects of these collections of in-
formation, including suggestions for

reducing the burden, to: U.S. Agency for International (USAID), Office of Procurement, Policy Division (M/OP/P), Room 7.08–082U, 1300 Pennsylvania Avenue, N.W. Washington, D.C. 20523–7801; and Office of Management and Budget (OMB), Paperwork Reduction Project (0412–0520), Washington, D.C. 20503.

Subpart 701.3—U.S. Agency for International Development Acquisition Regulation

SOURCE: 64 FR 42040, Aug. 3, 1999, unless otherwise noted.

701.301 Policy.

(a) *Responsibility.* Subject to the direction of the Administrator, the Director, Office of Procurement (“M/OP Director”) is responsible for:

(1) Developing and maintaining necessary uniform procurement policies, procedures, and standards;

(2) Providing assistance to the contracting activities as appropriate;

(3) Keeping the Administrator and Executive Staff fully informed on procurement matters which should be brought to their attention; and

(4) All agency head duties and authorities stated in (48 CFR) FAR subpart 1.3, in accordance with (48 CFR) AIDAR 701.601. These responsibilities include but are not limited to developing, issuing, and maintaining the USAID Acquisition Regulation (“AIDAR”, 48 CFR chapter 7), USAID’s supplement to the Federal Acquisition Regulation (48 CFR Chapter 1), in coordination with the General Counsel and such other offices as may be appropriate.

(b) *Applicability.* (1) Unless a deviation is specifically authorized in accordance with subpart 701.4, or unless otherwise provided, the FAR and AIDAR apply to all contracts (regardless of currency of payment, or whether funds are appropriated or non-appropriated) to which USAID is a direct party.

(2) At Missions where joint administrative services are arranged, pro-

curing offices may apply the Department of State Acquisition Regulation (48 CFR chapter 6) for all administrative and technical support contracts except in defined areas. The Office of Administrative Services will furnish the defined areas and administrative guidelines for procurement to the overseas Missions. Administrative and local support services include the procurement accountability, maintenance and disposal of all office and residential equipment and furnishings, vehicles and expendable supplies purchased with administrative and/or technical support funds, either dollars or local currency.

701.303 Publication and codification.

(a) The AIDAR is USAID’s Acquisition Regulation supplementing the FAR (48 CFR chapter 1) and is published as chapter 7 of Title 48, Code of Federal Regulations. AIDAR Circulars shall be used to promulgate changes to the AIDAR and shall be published in compliance with (48 CFR) FAR part 1.

(b) *Appendices.* Significant procurement policies and procedures that do not correspond to or conveniently fit into the FAR system described in FAR 1.1 and 1.303 may be published as Appendices to the AIDAR. Appendices follow the main text of the AIDAR in a section entitled “Appendices to Chapter 7” and contain a table of contents and the individual appendices identified by letter and subject title (*e.g.*, “Appendix D—Direct USAID Contracts with a U.S. Citizen or a U.S. Resident Alien for Personal Services Abroad”).

(c) Only the M/OP Director has the authority to issue internal agency guidance applicable to all agency contracts. The heads of the various USAID contracting activities (see subparts 701.6 and 702.10) may issue operating instructions and procedures consistent with the FAR, AIDAR, and other Agency regulations, policies, and procedures for application within their organizations. One copy of each such issuance shall be forwarded to the Office of Procurement, Policy Division (M/OP/POL). Insofar as possible, such material will be numerically keyed to the AIDAR.

Subpart 701.4—Deviations from the FAR or AIDAR

701.402 Policy.

It is the policy of USAID that deviation from the mandatory requirements of the FAR and AIDAR shall be kept at a minimum and be granted only if it is essential to effect necessary procurement and when special and exceptional circumstances make such deviation clearly in the best interest of the Government.

701.470 Procedure.

(a) Deviation from the FAR or AIDAR affecting one contract or transaction.

(1) Deviations which affect only one contract or procurement will be made only after prior approval by the head of the contracting activity. Deviation requests containing the information listed in paragraph (c) of this section shall be submitted sufficiently in advance of the effective date of such deviation to allow adequate time for consideration and evaluation by the head of the contracting activity.

(2) Requests for such deviations may be initiated by the responsible USAID contracting officer who shall obtain clearance and approvals as may be required by the head of the contracting activity. Prior to submission of the deviation request to the head of the contracting activity for approval, the contracting officer shall obtain written comments from the Office of Procurement, Policy Division (M/OP/P), hereinafter referred to as "M/OP/P". The M/OP/P shall normally be allowed 10 working days prior to the submission of the deviation request to the head of the contracting activity to review the request and to submit comments. If the exigency of the situation requires more immediate action, the requesting office may arrange with the M/OP/P for a shorter review period. In addition to a copy of the deviation request, the M/OP/P shall be furnished any background or historical data which will contribute to a more complete understanding of the deviation. The comments of the M/OP/P shall be made a part of the deviation request file which is forwarded to the head of the contracting activity.

(3) Coordination with the Office of General Counsel, as appropriate, should also be effected prior to approval of a deviation by the head of the contracting activity.

(b) Class deviations from the FAR or AIDAR: Class deviations are those which affect more than one contract or contractor.

(1) Class deviations from the AIDAR will be processed in the same manner as prescribed in paragraph (a) of this section. Individual heads of contracting activities have authority to approve class deviations affecting only contracts within their own contracting activities, except that the Director, M/OP, has authority to approve class deviations that affect more than one contracting activity.

(2) Class deviations from the FAR shall be considered jointly by USAID and the Chairperson of the Civilian Agency Acquisition Council (C/CAAC) (FAR 1.404) unless, in the judgement of the head of the contracting activity, after due consideration of the objective of uniformity, circumstances preclude such consultation. The head of the contracting activity shall certify on the face of the deviation the reason for not coordinating with the C/CAAC. In such cases, the M/OP/P, shall be responsible for notifying the C/CAAC of the class deviation.

(3) Class deviations from the FAR shall be processed as follows:

(i) The request shall be processed in the same manner as paragraph (a) of this section, except that the M/OP/P, shall be allowed 15 working days prior to the submission of the deviation request to the head of the contracting activity to effect the necessary coordination with the C/CAAC and to submit comments. If the exigency of the situation requires more immediate action, the requesting office may arrange with the M/OP/P for a shorter review and coordination period. The comments of the C/CAAC and the M/OP/P shall be made a part of the deviation request file which is forwarded to the head of the contracting activity.

(ii) The request shall be processed in the same manner as paragraph (a) of this section if the request is not being jointly considered by USAID and the C/CAAC.

(4) Deviations involving basic agreements or other master type contracts are considered to involve more than one contract.

(5) Unless the approval is sooner rescinded, class deviations shall expire 2 years from the date of approval provided that deviation authority shall continue to apply to contracts or task orders which are active at the time the class deviation expires. Authority to continue the use of such deviation beyond 2 years may be requested in accordance with the procedures prescribed in paragraph (a) of this section.

(6) Expiration dates shall be shown on all class deviations.

(c) Requests for deviation shall contain a complete description of the deviation, the effective date of the deviation, the circumstances in which the deviation will be used, a specific reference to the regulation being deviated from, an indication as to whether any identical or similar deviations have been approved in the past, a complete justification of the deviation including any added or decreased cost to the Government, the name of the contractor, and the contract or task order number.

(d) Register of deviations: Separate registers shall be maintained by the procuring activities of the deviations granted from the FAR and AIDAR. Each deviation shall be recorded in its appropriate register and shall be assigned a control number as follows: the symbol of the procuring activity, the abbreviation "DEV", the fiscal year, the serial number [issued in consecutive order during each fiscal year] assigned to the particular deviation and the suffix "c" if it is a class deviation, e.g. CM-DEV-85-1, CM-DEV-85-2c. The control number shall be embodied in the document authorizing the deviation and shall be cited in all references to the deviation.

(e) Central record of deviations: Copies of approved deviations shall be furnished promptly to the M/OP/P, who shall be responsible for maintaining a central record of all deviations that are granted.

(f) Semiannual report of class deviations:

(1) USAID contracting officers shall submit a semiannual report to the M/OP/P of all contract actions effected

under class deviations to the FAR and AIDAR which have been approved pursuant to paragraph (b) of this section.

(2) The report shall contain the applicable deviation control number, the contractor's name, contract number and task order number (if appropriate).

(3) The report shall cover the 6-month periods ending June 30 and December 31, respectively, and shall be submitted within 20 working days after the end of the reporting period.

Subpart 701.6—Career Development, Contracting Authority, and Responsibilities

701.601 General

(a) (1) Pursuant to the delegations in ADS 103.5.10, the M/OP Director is authorized to act as the Head of the Agency for all purposes described in the Federal Acquisition Regulation (FAR, 48 CFR Chapter 1), except for the authority in (48 CFR) FAR sections 6.302-7(a)(2), 6.302-7(c)(1), 17.602(a), 19.201(c), 27.306(a), 27.306(b), and 30.201-5, or where the "head of the agency" authority is expressly not delegable under the FAR or AIDAR. Further, the M/OP Director is responsible for implementing the procurement related aspects of the Foreign Assistance Act, Executive Order 11223, the Office of Federal Procurement Policy Act, and other statutory and Executive Branch procurement policies and requirements applicable to USAID operations, except for those authorities and responsibilities delegated to the Procurement Executive as specified in ADS 103.5.10f.

(2) The M/OP Director has specified authority to:

(i) Select and appoint contracting officers and terminate their appointments in accordance with section 1.603 of the Federal Acquisition Regulation; and

(ii) Exercise in person or by delegation the authorities stated in subpart 1.4 of the Federal Acquisition Regulation with regard to deviations from that regulation.

(b) Except as otherwise prescribed, the head of each contracting activity

(as defined in 702.170) is responsible for the procurement of supplies and services under or assigned to the procurement cognizance of his or her activity. The heads of USAID contracting activities are vested with broad authority to carry out the programs and activities for which they are responsible. This authority includes authority to execute contracts and the establishment of procurement policies, procedures, and standards appropriate for their programs and activities, subject to government-wide and USAID requirements and restrictions, such as those found at 701.376-4 and particularly 701.603-70, the USAID policy regarding the direct-hire status of contracting officers.

(c) The authority of heads of contracting activities to execute contracts is limited as follows:

(1) Director, Office of U.S. Foreign Disaster Assistance. Authority to execute contracts for disaster relief purposes during the first 72 hours of a disaster in a cumulative total amount not to exceed \$500,000. Authority to execute simplified acquisitions up to \$50,000 at any time. May issue warrants for simplified acquisitions up to \$50,000 to qualified individuals on his or her staff.

(2) Director, Center for Human Capacity Development (G/HCD). Authority to execute simplified acquisitions up to \$10,000. Unlimited authority for procuring participant training based on published catalog prices, using M/OP/E approved forms. May issue warrants for simplified acquisitions up to \$10,000 to qualified individuals on his or her staff.

(3) Overseas heads of contracting activities. Authority to sign contracts where the cumulative amount of the contract, as amended, does not exceed \$250,000 (or local currency equivalent) for personal services contracts or \$100,000 (or local currency equivalent) for all other contracts. May issue warrants for simplified acquisitions up to \$50,000 to qualified individuals on his or her staff.

701.602-1 Authority of contracting officers in resolving audit recommendations.

With the exception of termination settlements subject to part 749, Termination of Contracts, contracting officers shall have the authority to negotiate and enter into settlements with contractors for costs questioned under audit reports, or to issue a contracting officer's final decision pursuant to the disputes clauses (in the event that questioned costs are not settled by negotiated agreement) in accordance with ADS Chapter 591.5.20. 706.302-70 Impairment of foreign aid programs.

(a) *Authority.* (1) Citation: 40 U.S.C. 474.

(2) Full and open competition need not be obtained when it would impair or otherwise have an adverse effect on programs conducted for the purposes of foreign aid, relief, and rehabilitation.

(b) *Application.* This authority may be used for:

(1) An award under section 636(a)(3) of the Foreign Assistance Act of 1961, as amended, involving a personal services contractor serving abroad;

(2) An award of \$250,000 or less by an overseas contracting activity;

(3)(i) An award for which the Assistant Administrator responsible for the project or program makes a formal

written determination, with supporting findings, that compliance with full and open competition procedures would impair foreign assistance objectives, and would be inconsistent with the fulfillment of the foreign assistance program; or

(ii) Awards for countries, regions, projects, or programs for which the Administrator of USAID makes a formal written determination, with supporting findings, that compliance with full and open competition procedures would impair foreign assistance objectives, and would be inconsistent with the fulfillment of the foreign assistance program.

(c) *Limitations.* (1) Offers shall be requested from as many potential offerors as is practicable under the circumstances. While the authority at 706.302-70(b)(5) is for use when the contracting officer determines that the incumbent contractor is the only practicable, potential offeror, the requirement to publicize the intended award, as required in FAR 5.201, still applies.

(2) The contract file must include appropriate explanation and support justifying the award without full and open competition, as provided in FAR 6.303, except that determinations made under 706.302-70(b)(3) will not be subject to the requirement for contracting officer certification or to approvals in accord with FAR 6.304.

(3) The authority in 706.302-70(b)(3)(i) shall be used only when no other authority provided in FAR 6.302 or AIDAR 706.302 is suitable. Prior consultation with the Agency Competition Advocate (see 706.501) is required before executing the written determination and finding, and this consultation must

be reflected in the determination and finding.

(4) Use of the authority in 706.302-70(b)(5) for proposed follow-on amendments in excess of one year or over \$250,000 is subject to the approval of the Agency Competition Advocate. For all other follow-on amendments using this authority, the contracting officer's certification required in FAR 6.303-2(a)(12) will serve as approval.

(a)-(b) [Reserved]

(c) In order to avoid problems from organizational conflicts of interest that may be discovered after award of a contract, the clause found at 752.209-71 shall be inserted in all contracts whenever the solicitation or resulting contract or both include a provision in accordance with (48 CFR) FAR 9.507-1, or a clause in accordance with (48 CFR) FAR 9.507-2, establishing a restraint on the contractor's eligibility for future contracts.

711.002-70 Metric system waivers.

711.002-71 Solicitation provisions and contract clauses.

AUTHORITY: Sec. 621, Pub. L. 87-195, 75 Stat. 445, (22 U.S.C. 2381) as amended; E.O. 12163, Sept. 29, 1979, 44 FR 56673; 3 CFR, 1979 Comp., p. 435.

711.002-70 Metric system waivers.

(a) *Criteria.* The FAR 11.002(b) requirement to use the metric system of measurement for specifications and quantitative data that are incorporated in or required by USAID contracts may be waived when USAID determines in writing that such usage is impractical or is likely to cause U.S. firms to experience significant inefficiencies or the loss of markets.

(b) *Authorization.* (1) The USAID Metric Executive (as designated in ADS

Agency for International Development

711.002-71

chapter 323), the contracting officer, and the USAID official who approves the procurement requirement are authorized to waive the metric requirement for one of the above reasons. The USAID Metric Executive is authorized to overrule a decision to grant a waiver, or to nullify a blanket waiver made by another approving official so long as a contractor's rights under an executed contract are not infringed upon.

(2) A blanket waiver for a class of multiple transactions may be issued for a term not to exceed three years.

(3) When a waiver will be based upon the adverse impact on U.S. firms, clearance from the USAID Metric Executive and the Office of Small and Disadvantaged Business Utilization (SDB) will be obtained prior to authorization.

(c) *Records and reporting.* (1) The basis for each waiver and any plans to adapt similar requirements to metric specifications in future procurements should be documented in the contract file.

(2) Each procurement activity will maintain a log of the waivers from the metric requirements which are authorized for its procurements. The logs shall list the commodity/service being procured, total dollar value of the pro-

cured item(s), waiver date, authorizing official, basis for waiver, and USAID actions that can promote metrication and lessen the need for future waivers.

(3) Within 30 days of the closing of each fiscal year, each USAID/W procurement activity and each Mission will submit a copy of the metric waiver log for the year to the USAID Metric Executive. (Mission logs are to be consolidated in a Mission report for the procurement activity and for the non-procurement activities maintaining such logs under the USAID Metric Transition Plan.) Repetitive purchases of commercially produced and marketed items and classes of items may be consolidated in reporting procurements that do not exceed \$10,000 cumulatively during the reporting period.

Subpart 715.3—Source Selection**715.303 Responsibilities.****715.303-70 Responsibilities of USAID evaluation committees.**

(a) *Establishment and composition of USAID evaluation committees.* A technical evaluation committee shall be established for each proposed procurement. In each case, the committee shall be composed of a chair representing the cognizant technical office, a representative of the contracting office (who shall be a non-voting member of the committee), and representatives from other concerned offices as appropriate.

(b) *Technical evaluation procedures.* (1) The contracting officer will receive all proposals and provide to the chair a listing and copies of the technical proposals and instructions for conducting the evaluation.

(2) The chair will promptly call a meeting of the committee to evaluate the proposals received. The evaluation shall be based on the evaluation factors set forth in the solicitation document.

(3) The chair shall prepare and provide to the Contracting Officer written documentation summarizing the results of the evaluation of each proposal, including an assessment of past performance information in accordance with FAR 15.305(a)(2). The documentation shall include narrative justification of the evaluation results.

(4) The contracting officer is responsible for reviewing the documentation justifying the evaluation results to determine that it is adequate and complete. The contracting officer shall return a justification determined to be inadequate to the chair for revision.

(5) No member of the USAID evaluation committee shall hold discussions with any offeror before or during the USAID evaluation committee's proceedings, nor shall any information about the proposals be provided to anyone not on the committee without first obtaining the contracting officer's consent.

(a)(1) [Reserved]

(2) USAID shall use the information on offerors made available from the NIH Contractor Performance System to evaluate past performance. (Access to the system by USAID contracting office personnel is authorized by the USAID Past Performance Coordinator, E-mail address: AIDNET: Past Performance@op.spu@aidw/Internet: pastperformance@usaid.gov.)

(b) A justification is to be written by the Contracting Officer and placed in the official file to support the decision to reject all proposals and to cancel the procurement.

(c) The Contracting Officer may authorize release of proposals outside the Government for evaluation—

(1) When an Evaluation Assistance Contract (EAC) is required to provide technical advisory or other services relating to the evaluation of proposals; or

(2) When an individual other than a government employee, known as a Non-Government Evaluator (NGE), is selected to serve as a member of a USAID technical evaluation committee, the Contracting Officer shall obtain a signed and dated certification and agreement from each NGE and EAC that they will safeguard the proposals and information therein and that they perceive no actual or potential conflict of interests. (An acceptable certification appears under ADS Chapter 302).

[64 FR 16648, Apr. 6, 1999; 64 FR 25405, May 11, 1999, as amended at 65 FR 36642, June 9, 2000]

715.370 Alternative source selection procedures.

The following selection procedures may be used, when appropriate, for activities covered under Title XII of the Foreign Assistance Act of 1961, as amended.

[64 FR 16649, Apr. 6, 1999]

715.370-1 Title XII selection procedure—general.

(a) *General.* The Deputy Administrator has determined, as provided in AIDAR 706.302-70(b)(3)(ii) that use of this Title XII source selection procedure is necessary so as not to impair or affect USAID's ability to administer Title XII of the Foreign Assistance

Act. This determination is reflected in AIDAR 706.302-70(b)(4). This constitutes authority for other than full and open competition when selecting Title XII institutions to perform Title XII projects.

(b) *Scope of subsection.* This subsection prescribes policies and procedures for the selection of institutions eligible under Title XII of the Foreign Assistance Act of 1961, as amended, to perform activities authorized under Title XII.

(c) *Applicability.* The provisions of this subsection are applicable when the project office certifies that the activity is authorized under Title XII, and determines that use of the Title XII selection procedure is appropriate.

(d) *Solicitation, evaluation, and selection procedures.* (1) Competition shall be sought among eligible Title XII institutions to the maximum practicable extent; this requirement shall be deemed satisfied when a contractor is selected under the procedures of this subsection.

(2) The project office shall—

(i) Prepare selection criteria for evaluation of eligible institutions for use in preparing the source list, determining predominantly qualified sources, and selecting the contractor;

(ii) Prepare an initial list of eligible institutions considered qualified to perform the proposed activity;

(iii) Provide a statement describing qualifications and areas of expertise considered essential, a statement of work, estimate of personnel requirements, special requirements (logistic support, government furnished property, and so forth) for the contracting officer's use in preparing the request for technical proposal (RFTP).

(iv) Send a memorandum incorporating the certification and determination required by paragraph (c) of this section, together with the information required by paragraphs (d)(2) (i) through (iii) of this section, with the "Action" copy of the PIO/T to the contracting officer, requesting him/her to prepare and distribute the RFTP.

(3) Upon receipt and acceptance of the project officer's request, the contracting officer shall prepare the RFTP. The RFTP shall contain sufficient information to enable an offeror

to submit a responsive and complete technical proposal. This includes a definitive statement of work, an estimate of the personnel required, and special provisions (such as logistic support, government furnished equipment, and so forth), a proposed contract format, and evaluation criteria. No cost or pricing data will be requested or required by the RFTP. The RFTP will be distributed to the eligible institutions recommended by the project office. The RFTP will be synopsisized, as required by FAR 5.201, and will normally allow a minimum of 60 days for preparation and submission of a proposal.

(4) Upon receipt of responses to the RFTP by the contracting officer, an evaluation committee will be established as provided for in 715.608 of this subpart.

(5) The evaluation committee will evaluate all proposals in accordance with the criteria set forth in the RFTP, and will prepare a selection memorandum which shall:

(i) State the evaluation criteria;

(ii) List all of the eligible institutions whose proposals were reviewed;

(iii) Report on the ranking and rationale therefor for all proposals;

(iv) Indicate the eligible institution or institutions considered best qualified.

(6) The evaluation committee will submit the selection memorandum to the contracting officer for review and approval.

(7) The contracting officer will either approve the selection memorandum, or return it to the evaluation committee for reconsideration for specified reasons.

(8) If the selection memorandum is approved, the contracting officer shall obtain cost, pricing, and other necessary data from the recommended institution or institutions and shall conduct negotiations. If a satisfactory contract cannot be obtained, the contracting officer will so advise the evaluation committee. The evaluation committee may then recommend an alternate institution or institutions.

715.370-2 Title XII selection procedure—collaborative assistance.

(a) *General.* (48 CFR) AIDAR 706.302-70(b)(4) provides authority for other than full and open competition when selecting Title XII institutions to perform Title XII activities.

(b) *Scope of subsection.* This subsection prescribes policies and procedures for the selection of institutions eligible under Title XII of the Foreign Assistance Act of 1961, as amended, to perform activities authorized under Title XII, where USAID has determined, in accordance with paragraph (c) of this subsection, that use of the collaborative assistance contracting system is appropriate. See AIDR Appendix F (of this chapter)—Use of Collaborative Assistance Method for Title XII Activities for a more complete definition and discussion of the collaborative assistance method.

(c) *Determinations.* The following findings and determinations must be made prior to initiating any contract actions under the collaborative assistance method:

(1) The cognizant technical office makes a preliminary finding that an activity:

(i) Is authorized by Title XII; and

(ii) Should be classed as collaborative assistance because a continuing collaborative relationship between USAID, the host country, and the contractor is required from design through completion of the activity, and USAID, host country, and contractor participation in a continuing review and evaluation of the activity is essential for its proper execution.

(2) Based upon this preliminary finding, the cognizant technical office shall establish an evaluation panel consisting of a representative of the cognizant technical office as chairman, a representative of the contracting officer, and any other representatives considered appropriate by the chairman to review the proposed activity for its appropriateness under the collaborative assistance method.

(3) If supported by the panel's findings, the chairman will make a formal written determination that the collaborative assistance method is the appropriate contracting method for the Title XII activity in question.

(d) *Evaluation and selection.* (1) Competition shall be sought among eligible Title XII institutions to the maximum practicable extent; this requirement shall be deemed satisfied when a contractor is selected under the procedures of this section.

(2) The evaluation panel shall:

(i) Prepare evaluation and selection criteria;

(ii) Prepare an initial source list of eligible institutions considered qualified to perform the proposed project; and

(iii) Evaluate the list, using the evaluation criteria previously determined, for the purpose of making a written determination of the sources considered most capable of performing the project.

(3) The chairman of the evaluation panel will prepare a memorandum requesting the contracting officer to prepare a request for expressions of interest from qualified sources and setting forth:

(i) The formal determinations required by paragraph (c) of this section;

(ii) The evaluation criteria which have been determined; and

(iii) The recommended source list and the rationale therefor.

(4) The contracting officer will prepare a request for an expression of interest (REI), containing sufficient information to permit an offeror to determine its interest in the project, and to discuss the project with USAID representatives, if appropriate. The REI should include a concise statement of the purpose of the activity, any special conditions or qualifications considered important, a brief description of the selection procedure and evaluation criteria which will be used, the proposed contract format, and any other information considered appropriate. The REI will be issued to the sources recommended by the panel, and to others, as appropriate; it will be synopsized, as required by FAR 5.201, and it will normally allow a minimum of 60 days for preparation of an expression of interest. Guidelines for preparation of expressions of interest are contained in attachment 1 to AIDAR appendix F.

(5) The contracting officer will transmit all expressions of interest to the evaluation panel for evaluation and selection recommendation. The panel

715.602

may conduct on site evaluations at its discretion, as part of the evaluation process.

(6) The chairman of the evaluation panel will prepare a written selection recommendation with supporting justification, recommending that negotiations be conducted with the prospective contractor(s) selected by the evaluation panel. The selection recommendation shall be transmitted to the contracting officer together with the complete official file on the project which was being maintained by the evaluation panel.

(7) The contracting officer will review the selection recommendation, obtain necessary cost and other data, and proceed to negotiate with the recommended sources.

Subpart 715.6—Unsolicited Proposals

715.602 Policy.

(a) USAID encourages the submission of unsolicited proposals which contribute new ideas consistent with and contributing to the accomplishment of the Agency's objectives. However, the requirements for contractor resources are normally quite program specific, and thus widely varied, and must be responsive to host country needs. Further, USAID's projects are usually designed in collaboration with the cooperating country. These factors can limit both the need for, and USAID's ability to use unsolicited proposals. Therefore, prospective offerors are encouraged to contact USAID to determine the Agency's technical and geographical requirements as related to the offeror's interests before preparing and submitting a formal unsolicited proposal.

(b) USAID's basic policies and procedures regarding unsolicited proposals are those established in FAR subpart 15.6 and this subpart.

Subpart 719.2—Policies

719.270 Small business policies.

(a) In keeping with section 602 of the Foreign Assistance Act of 1961 (22 U.S.C. 2352), as amended, USAID shall, insofar as practicable and to the maximum extent consistent with the accomplishment of the purposes of said Act, assist United States small business to participate equitably in the furnishing of supplies and services for Foreign Assistance activities.

(b) It is the policy of USAID to:

(1) Fully endorse and carry out the Government's small business program for placing a fair proportion of its purchases and contracts for supplies, construction (including maintenance and repair), research and development, and services (including personal, professional, and technical services) with small business, including minority small business concerns; and

(2) Increase their participation in USAID procurement.

(c) In furtherance of this policy:

(1) Cognizant technical officers shall make positive efforts (see 719.271-5) to identify potentially qualified small and minority business firms during precontract development of activities and shall, with the responsible contracting officers, assure that such firms are given full opportunity to participate equitably;

(2) Small business set-asides shall be made for all contracts to be executed in USAID/Washington which qualify for small business set-aside action under Part 19 of the FAR; and

(3) Consideration shall be given in appropriate cases to the award of the contract to the Small Business Administration for subcontracting to small business firms pursuant to section 8(a) of the Small Business Act (15 U.S.C. 637(a)).

(d) This program shall be implemented by all USAID/Washington contracting activities in order to attain these policy objectives. In accordance with 719.271, all USAID/Washington direct-procurement requirements which exceed the simplified acquisition threshold shall be screened for small business opportunities by the Office of Small and Disadvantaged Business Utilization (SDB) except those exempted by 719.271-6(a).

(e) Where practicable and desirable, small business and minority business enterprise award goals will be established for the respective USAID/Washington procuring activities to provide incentive for contracting personnel to increase awards to small firms. The goals will be set by SDB after consultation with the respective head of the contracting activity (see subsection 702.170-10).

(f) In the event of a disagreement between SDB and the contracting officer concerning: (1) A recommended set-aside, or (2) a request for modification or withdrawal of a class or individual set-aside, complete documentation of the case including the reasons for disagreement shall be transmitted within five working days to the head of the contracting activity (see 719.271-6(e)) for a decision. Procurement action shall be suspended pending a decision.

Agency for International Development

719.271-2

(g) The above suspension shall not apply where the contracting officer:

(1) Certifies in writing, with supporting information, that in order to protect the public interest award must be made without delay;

(2) Promptly provides a copy of said certification to SDB; and

(3) Includes a copy of the certification in the contract file.

(h) SDB shall be the Small Business Advisor and Minority Business Procurement Policy Manager for all USAID/Washington procuring activities.

(i) The details on the Agency's direction and operation of the small business program are set forth in 719.271.

(j) No decision rendered, or action taken, under the coverage set forth in 719.271 shall preclude the Small Business Administration from appealing directly to the USAID Administrator as provided for in part 19 of the FAR.

719.271 Agency program direction and operation.

719.271-1 General.

The purpose of this section is to prescribe responsibilities and procedures for carrying out the small business program policy set forth in 219.270, and in part 19 of the FAR. Small Business concerns are defined in FAR subpart 19.1; in addition, small business concerns are concerns organized for profit. Nonprofit organizations are not considered small business concerns. Small disadvantaged business enterprises are defined in FAR subpart 19.1. Small disadvantaged business enterprises are included in the term "small business" when used in this subpart; specific reference to disadvantaged business enterprises is for added emphasis.

719.271-2 The USAID Office of Small and Disadvantaged Business Utilization (SDB).

(a) SDB is responsible for administering, implementing, and coordinating the Agency's small business (including minority business enterprises) program.

(b) SDB, headed by the Director SDB, who also serves as the Minority Business Procurement Manager, shall be specifically responsible for:

(1) Developing policies, plans, and procedures for a coordinated Agency-wide small business and minority business enterprise procurement program;

(2) Advising and consulting regularly with USAID/Washington procuring activities on all phases of their small business program, including, where practicable and desirable, the establishment of small business and minority business enterprise award goals;

(3) Collaborating with officials of the Small Business Administration (SBA), other Government Agencies, and private organizations on matters affecting the Agency's small business program;

(4) Developing and maintaining an USAID Consultant Registry Information System (ACRIS) of bidders/offerors (annotated to identify small business and minority business enterprise firms) capable of furnishing services for use by the USAID contracting activities;

(5) Cooperating with contracting officers in administering the performance of contractors subject to the Small Business and Minority Business Enterprises Subcontracting Program clauses;

(6) Developing a plan of operation designed to increase the share of contracts awarded to small business concerns, including small minority business enterprises;

(9) Maintaining a program designed to:

(i) Locate capable small business sources for current and future procurements through GSA and other methods;

(ii) Utilize every source available to determine if an item is obtainable from small business; and

(iii) Develop adequate small business competition on all appropriate procurements;

(10) Taking action to assure that unnecessary qualifications, restrictive specifications, or other features (such as inadequate procurement lead time) of the programming or procurement process, which may prevent small business participation in the competitive process, are modified to permit such participation where an adequate product or service can be obtained;

(11) Recommending that portions of large planned procurements or suitable components of end items or services be purchased separately so small firms may compete;

(12) On proposed non-competitive procurements, recommending to the contracting officer that the procurement be made competitive when, in the opinion of SDB, there are small business or minority business enterprises believed competent to furnish the required goods or services, and supplying the contracting officer a list of such firms;

(13) Assisting small business concerns with individual problems;

(14) Promoting increased awareness by the technical staff of the availability of small business firms;

(15) Making available to GSA copies of solicitations when so requested;

719.271-3 USAID contracting officers.

With respect to procurement activities within their jurisdiction, contracting officers are responsible for:

(a) Being thoroughly familiar with part 19 of the FAR and this section dealing with the small business program;

(b) Screening abstracts of bids and other award data to determine set-aside potential for future procurements;

(c) Assuring that small business concerns and minority business enterprises are appropriately identified on source lists and abstracts of bids or proposals by an "S" and "M", respectively, or other appropriate symbol;

(d) Reviewing types and classes of items and services to determine where small business set-asides can be applied;

(e) Recommending that portions of large planned procurements of suitable components of end items or services be purchased separately so small firms may compete;

(f) Making a unilateral determination for total or partial small business set-asides in accordance with Subpart 19.5 of the Federal Acquisition Regulations;

(g) Submitting proposed procurement actions for USAID/Washington contracts to SDB for screening (see 719.271-6);

(i) Prior to rendering a final decision on a proposed non-competitive procurement action, and as part of his/her findings and determinations, the contracting officer shall consider the recommendations, if any, of SDB together with the latter's list of additional sources;

(k) Promoting increased awareness by the technical staff of the availability of small business concerns;

(n) Including the Small Business and Minority Business Enterprises Subcontracting Program clauses in all contracts where required by part 19 of the FAR.

[49 FR 13243, Apr. 3, 1984, as amended at 61 FR 39092, July 26, 1996; 62 FR 40468, July 29, 1997]

719.271-4 Heads of contracting activities.

In order for the agency small business program to be effective, the active support of top management is required. The heads of the contracting activities shall be responsible for:

(a) Rendering decisions in cases resulting from non-acceptances by their contracting officers of set-aside recommendations made by SDB;

(b) Consulting with SDB in establishing small business and minority business enterprise award goals, where practicable and desirable; and

(c) Advising cognizant technical officers of their responsibilities as set forth in 719.271-5.

719.271-5 Cognizant technical officers.

Since the procurement process starts with the establishment of a requirement, the actions of the cognizant technical officers can affect the opportunity of small business to participate equitably; therefore, each cognizant technical officer shall, during the formulation of activities which will require contractual implementation:

(a) Consult with SDB on the availability and capabilities of small business firms to permit making a tentative set-aside determination where appropriate; and

(b) Provide sufficient procurement lead time in the activity implementation schedule to allow potential small business participation.

719.271-6 Small business screening procedure.

(a) *General.* All USAID/Washington proposed contract actions in excess of the simplified acquisition threshold

shall be screened by SDB, with the exception of:

(1) Class set-asides and those unilaterally set-aside by contracting officers (719.271-3(f));

(2) Those where the contracting officer certifies in writing that the public exigency will not permit the delay incident to screening (719.271-7(b));

(3) "Institution building" contracts (contracts for development of a counterpart capability in the host country) with educational or nonprofit institutions; or collaborative assistance contracts pursuant to AIDAR 715.370-2.

(4) Those involving the payment of tuition and fees for participant training at academic institutions; and

(5) Personal services contract requirements (see 719.270).

(b) *Preparation of Form USAID 1410-14 (the Small Business/Minority Business Enterprise Procurement Review Form).* (1) The contracting officer shall prepare the subject form in an original and 3 copies and forward the original and 2 copies to SDB within one working day of receipt by the contracting activity of a procurement requisition.

(2) The contracting officer will attach to his/her transmittal a complete copy of the procurement request and a copy of the recommended source list as furnished by the technical office and supplemented by him/her.

(3) The contracting officer shall complete blocks 2, 3, 4, 5, 9, and 10 (when appropriate) prior to submittal to SDB.

(c) *Screening of Form USAID 1410-14 by SDB.* (1) SDB will screen the contracting officer's recommendations on set-aside potential, small business subcontracting opportunities, and section 8(a) subcontracting, and furnish him/her with either a written concurrence in his/her recommendations or written counter-recommendations on the original and duplicate copy within five working days from receipt of the form from the contracting officer.

(2) SDB will complete Blocks 1, 6, 7, 8, 11, and 12 (when appropriate) prior to returning the screened form to the contracting officer.

(d) *Concurrence or rejection procedure.* (1) The contracting officer shall complete Block 13 upon receipt of the original and duplicate copy of the screened form from SDB.

(2) If the contracting officer rejects the SDB counter-recommendation, he/she shall return the original and duplicate forms with his/her written reasons for rejection to SDB within two working days.

(3) Upon receipt of the contracting officer's rejection, SDB may: (i) accept, or (ii) appeal, the rejection. In the case of acceptance of the contracting officer's rejection, SDB shall annotate Block 14 when it renders a decision and return the original form to the contracting officer within two working days.

(e) *Appeal procedure.* (1) When informal efforts fail to resolve the set-aside disagreement between the contracting officer and SDB, the latter official may appeal the contracting officer's decision to the head of the contracting activity. Such an appeal will be made within five working days after receipt of the contracting officer's rejection.

(2) In the case of an appeal, SDB will send the original and duplicate form, with the appeal noted in Block 14, directly to the head of the contracting activity with its written reasons for appealing. The contracting officer will be notified of SDB's appeal by means of a copy of the written reasons for appealing.

(3) The head of the contracting activity shall render a decision on the appeal (complete Block 15) within three working days after receipt of same and return the original to SDB and the duplicate to the contracting officer.

[49 FR 13243, Apr. 3, 1984, as amended at 52 FR 21058, June 4, 1987; 61 FR 39092, July 26, 1996; 62 FR 40468, July 29, 1997; 64 FR 42042, Aug. 3, 1999]

719.271-7 Reports on procurement actions that are exempted from screening.

(a) *Unilateral and class set-asides.* The contracting officer shall prepare Form USAID 1410-14 as stated in 719.271-6, but forward only the duplicate copy with the documentation required by Block 5 of the form to SDB. The original will be filed in the contract file.

(1) If, upon review of the material submitted under 719.271-7(a) above, SDB concludes that it would be practicable to accomplish all or a portion of the procurement involved under sec-

tion 8(a) subcontracting, it shall so advise the contracting officer in writing within five days after receipt of such material.

(2) Such advice shall be considered a counter-recommendation and shall be processed in accordance with 719.271-6 (d) and (e).

(b) *Public exigency exemption.* The contracting officer shall prepare Form USAID 1410-14 as stated in 719.271-6, but forward only the duplicate copy with the documentation required by Block 5 of the form to SDB. In addition to the documentation called for in 719.271-6, the contracting officer shall furnish a copy of his/her written determination exempting the procurement from screening. The determination shall cite the pertinent facts which led to his/her decision. This exemption is not intended to be used as substitute for good procurement planning and lead-time; SDB will report abuses of this exemption to the head of the contracting activity for appropriate action in accordance with 719.271-4(c).

(c) *Institution building contract (IBC) exemption.* The contracting officer shall prepare Form USAID 1410-14 as stated in 719.271-6, but forward only the duplicate copy with the documentation required by Block 5 of the form to SDB.

Subpart 722.1—Basic Labor Policies

722.103 Overtime.

722.103-1 Definitions.

Compensatory time off means leave equal to overtime worked, which, unless otherwise authorized in a contract or approved by a contracting officer, must be taken not later than the end of the calendar month following that in which the overtime is worked.

722.103-2 Policy.

(a) Most contracts covered by this regulation call for the performance of professional or technical services overseas on a cost-reimbursement basis. The compensation for employees performing such services is normally fixed on a monthly or annual basis, and the contracts usually state minimum work week hours. It is not expected that these employees will receive additional pay, overtime or shift premiums, or compensatory time off.

(b) When the contracting officer determines it is in the best interests of the Government, specific provision may be made in contracts to permit such benefits for non-technical and non-professional employees serving overseas, subject to approvals to be required in the contract.

722.103-3 [Reserved]

722.103-4 Approvals.

The contracting officer may make the determinations referred to in FAR 22.103-4.

[49 FR 13246, Apr. 3, 1984. Redesignated at 61 FR 39092, July 26, 1996]

722.170 Employment of third country nationals (TCN's) and cooperating country nationals (CCN's).

(a) *General.* It is USAID policy that cooperating country nationals (CCN's) and third country nationals (TCN's), who are hired abroad for work in a cooperating country under USAID-direct contracts, generally be extended the same benefits, and be subject to the same restrictions as TCN's and CCN's employed as direct hires by the USAID Mission. Exceptions to this policy may be granted either by the Mission Director or the Assistant Administrator having program responsibility for the project. (TCN's and CCN's who are hired to work in the United States shall be extended benefits and subject to restrictions on the same basis as U.S. citizens who work in the United States.)

(b) *Compensation.* Compensation, including merit or promotion increases paid to TCN's and CCN's may not, without the approval of the Mission Director or the Assistant Administrator having program responsibility for the project, exceed the prevailing compensation paid to personnel performing comparable work in the cooperating country as determined by the USAID Mission. Unless otherwise authorized by the Mission Director or the Assistant Administrator having program responsibility for the project, the compensation of such TCN and CCN employees shall be paid in the currency of the cooperating country.

(c) *Allowances and differentials.* TCN's and CCN's, hired abroad for work in a cooperating country, are not eligible for allowances or differentials under USAID-direct contracts, unless authorized by the Mission Director or the Assistant Administrator having program responsibility for the project.

(d) *Country and security clearances.* The contractor shall insure that the necessary clearances, including security clearances, if required, have been obtained for TCN and CCN employees in accordance with any such requirements set forth in the contract or required by the USAID Mission, prior to the TCN or CCN starting work under the contract.

(e) *Physical fitness.* Contractors are required to insure that prospective TCN and CCN employees are examined prior to employment to determine whether the prospective employee meets the minimum physical requirements of the position and is free from any contagious disease.

(f) *Workweek, holidays, and leave.* The workweek, holidays, and leave for TCN and CCN employees shall be the same as for all other employees of the contractor, under the terms of the contract; however, TCN and CCN employees are not eligible for home leave or military leave unless authorized by the Mission Director or the Assistant Administrator having program responsibility for the project.

(g) *Travel and transportation for TCN's and CCN's.* Travel and transportation shall be provided TCN and CCN employees on the same basis as for all other employees of the contractor, under the terms of the contract.

(h) *Household effects and motor vehicles.* USAID will not provide household effects to TCN and CCN employees; such employees may ship their household effects and motor vehicles to their place of employment on the same basis as for all other employees of the contractor, under the terms of the contract unless they are residents of the cooperating country.

Subpart 722.8—Equal Employment Opportunity

722.805-70 Procedures.

(a) The procedures in this section apply, as appropriate, for all contracts excluding construction, which shall be handled in accordance with (48 CFR) FAR 22.804-2. Contracting officers are responsible for ensuring that the requirements of (48 CFR) FAR 22.8 and related clauses are met before awarding any contracts or consenting to sub-

contracts subject to these requirements.

(b) Representations and Certifications. The first step in ensuring compliance with these requirements is to obtain all necessary representations and certifications (Reps and Certs) required by FAR 22.810. The contracting officer must review the Reps and Certs to determine whether they have been completed and signed as required, and are acceptable.

(1) If any of these Reps and Certs are incomplete or unsigned, the contracting officer must request that the offeror(s) complete and sign them, as necessary, unless the initial evaluation of the offeror's proposal results in the contracting officer's concluding that the offeror would not, in any event, be within a competitive range determined in accordance with (48 CFR) FAR 15.306(c), or would not be selected if award is to be made without discussions. A request as described in this paragraph (b)(1) constitutes either a clarification per (48 CFR) FAR 15.306(a) ("resolving minor or clerical errors", paragraph (a)(2)), or a communication before establishment of competitive range per (48 CFR) FAR 15.306(b), not a discussion per (48 CFR) FAR 15.306(d).

(2) If completed and signed Reps and Certs raise questions concerning the offeror's compliance with EEO requirements, or if the contracting officer has information from any other source which calls into question the offeror's eligibility for award based on this section and (48 CFR) FAR 22.8, the contracting officer must refer the matter to the cognizant regional Department of Labor Office of Federal Contract Compliance Programs (OFCCP) regardless of the estimated value of the contract; only OFCCP may make a determination of non-compliance with EEO requirements.

(c) OFCCP's National Preaward Registry. If the Reps and Certs are complete, signed, and deemed acceptable, and the contracting officer has no reason to doubt their accuracy, the contracting officer must then consult the OFCCP's National Preaward Registry at the internet website in 48 CFR 22.805(a)(4) (i) to see if the offeror is listed.

(1) If the conditions stated in FAR 22.805(a) (4) are met (including the contract file documentation requirement in paragraph (a)(4)(iii)), then the Contracting Officer does not need to take any further action in verifying the offeror's compliance with the requirements of this subpart and (48 CFR) FAR 22.8.

(2) If the offeror does not appear in the National Preaward Registry, and the estimated amount of the contract or subcontract is expected to be under \$10 million then the contracting officer may rely on the Reqs and Certs as sufficient verification of the offeror's compliance.

(3) If the offeror does not appear in the National Preaward Registry and the estimated amount of the contract or subcontract is \$10 million or more, then the contracting officer must request a preaward clearance from the appropriate OFCCP regional office, in accordance with 48 CFR 22.805(a). If the initial contact with OFCCP is by telephone, the contracting officer and OFCCP are to mutually determine what information is to be included in the written verification request. The contracting officer may need to provide the following information in addition to the items listed in FAR 22.805(a)(5), if so requested by the OFCCP regional office:

(i) Name, title, address, and telephone number of a contract person for the prospective contractor;

(ii) A description of the type of organization (university, nonprofit, etc.) and its ownership (private, foreign, state, etc.).

(iii) Names and addresses of the organizations in a joint venture (if any).

(iv) Type of procurement (new contract—RFP or IFB, amendment, etc.) and the period of the contract.

(v) Copy of approved Reqs and Certs.

(d) In the event that OFCCP reports that the offeror is not in compliance, negotiations with the offeror shall be terminated.

(e) Documentation for the contract file. Every contract file must contain completed and signed Reqs and Certs. The file must clearly show that these documents have been reviewed and accepted by the contracting officer. If the Reqs and Certs were revised to make

them acceptable (see paragraph (b) of this section), the file must also document what changes were required and why, and verify that the changes were made. The contracting officer shall also document the OFCCP National Preaward Registry review (see paragraph (c)(1) of this section), and, if the Registry does not include the offeror:

(1) For contracts or modifications over \$10,000 but less than \$10 million, the file must contain a statement from the contracting officer that the contractor is considered in compliance with EEO requirements, and giving the basis for this statement (see paragraph (c)(2) of this section). This statement may be in a separate memorandum to the file or in the memorandum of negotiation.

(2) For contracts or modifications of \$10 million or more, the file must document all communications with OFCCP regarding the offeror's compliance. Such documentation includes copies of any written correspondence and a record of telephone conversations, specifying the name, address, and telephone number of the person contacted, a summary of the information presented, and any advice given by OFCCP.

(f) Documentation in the event of non-compliance. In the event OFCCP determines that a prospective contractor is not in compliance, a copy of OFCCP's written determination, and a summary of resultant action taken (termination of negotiations, notification of offeror and cognizant technical officer, negotiation with next offeror in competitive range, resolicitation, etc.) will be placed in the contract file for any contract which may result, together with other records related to unsuccessful offers, and retained for at least six months following award.

SOURCE: 49 FR 13248, Apr. 3, 1984, unless otherwise noted.

Subpart 725.1—Buy American Act—Supplies

725.170 Exceptions for Foreign Assistance Act functions.

In addition to the exception stated in FAR 25.102 for purchases for use outside the United States, there is an exception for economic assistance functions performed under authority of the Foreign Assistance Act. This exception is stated in Executive Order 11223, dated May 12, 1965 (30 FR 6635). U.S.

48 CFR Ch. 7 (10-1-03 Edition)

procurement restrictions are applied by USAID, however, as shown elsewhere in this part. These restrictions are generally tighter than the Buy American Act. As a general rule, the tighter USAID restrictions will be used. In the case of certain procurements for use within the United States, the Buy American provision may be used instead in the interest of uniformity among Federal Agencies procuring for domestic use.

Subpart 725.4—Trade Agreements

725.403 Exceptions.

FAR 25.4 establishes procedures for purchases under the Trade Agreements Act of 1979 (including GATT's Agreement on Government Procurement) and the North American Free Trade Agreement (NAFTA). Under both such agreements, USAID's contracts for the purpose of providing foreign assistance are not subject to the procedures set forth in FAR 25.4. In contrast, USAID's operating expense-type administrative purchases (i.e., purchases for the direct benefit and use of USAID) are subject to the procedures in FAR 25.4, unless otherwise exempted by one of the exemptions specified in FAR 25.4.

[61 FR 39093, July 26, 1996]

Subpart 725.70—Source, Origin, and Nationality

725.701 General.

USAID's source, origin and nationality requirements for program-funded contracts and subcontracts are established in 22 CFR part 228, Rules on Source, Origin and Nationality for Commodities and Services Financed by USAID. These policies as they apply to subcontracts and purchases under USAID program-funded contracts have been incorporated into the contract clauses referenced in 725.704 and 725.705 of this subpart.

[62 FR 40468, July 29, 1997]

725.702 Designation of authorized geographic code.

(a) The authorized geographic code or codes for an USAID contract shall be specified in the Schedule of each contract and shown on its cover page. If no

Agency for International Development

geographic code is specified, the authorized code will be deemed to be Geographic Code 000, the U.S.

(b) Individual country and geographic codes are defined in the Agency Geographic Code Book.

[49 FR 13248, Apr. 3, 1984, as amended at 61 FR 39093, July 26, 1996]

725.703 Contractor employees.

(a) Except as specifically provided in paragraph (b) of this section, there are no nationality restrictions on employees or consultants of either contractors or subcontractors providing services under an USAID-financed contract, except that they must be citizens of a Geographic Code 935 country, or non-U.S. citizens lawfully admitted for permanent residence in the U.S.

(b) For USAID-financed construction projects where the contract is awarded to a U.S. firm, at least half of the supervisors, and any other specified key personnel, working at the project site must be U.S. citizens or permanent legal residents of the United States. Exceptions may be authorized by the Mission Director in writing if special circumstances make compliance impractical.

[51 FR 34985, Oct. 1, 1986]

725.704 Source, origin and nationality requirements—Contract clause.

The clause in 752.225-70 is required in all USAID program-funded contracts under which the contractor may procure goods or services.

[62 FR 40468, July 29, 1997]

725.705 Local procurement—contract clause.

Local procurement may be undertaken in accordance with the provisions of 22 CFR 228.40. All contracts involving performance overseas shall contain the clause in 752.225-71.

[62 FR 40468, July 29, 1997]

725.706 Geographic source waivers.

(a) Authority to waive source, origin, nationality, and transportation services requirements is set forth in chapters 103 and 310 of the ADS.

(b) The contracting officer shall insert the authorized geographic code

based on an approved geographic source waiver in the Schedule of the contract as provided for in 725.702. In addition, the contracting officer shall place a copy of any approved geographic source waiver in the official contract file.

726.7003 Policy.

USAID promotes participation in its projects by disadvantaged enterprises. In order to achieve the goals in foreign assistance appropriation acts, contracts which are to be funded from amounts made available from the appropriations cited in section 706.302-71(a)(1) are subject to the following policies:

(a) Authority in section 8(a) of the Small Business Act (15 U.S.C. 637(a)) shall be used to the maximum practicable extent;

(b) Other than full and open competition in contracting with certain disadvantaged enterprises shall be authorized in accordance with 706.302-71;

(c) Subcontracting with disadvantaged enterprises shall be carried out in accordance with section 726.7007;

(d) In accordance with 705.207, the Office of Small and Disadvantaged Business Utilization (OSDBU) shall be notified at least seven business days before publicizing a proposed procurement in excess of \$100,000.

726.7004 Determination to use other than full and open competition.

The determinations required in order to use the authority under 706.302-71 for other than full and open competition shall be made by the contracting officer in consultation with the Director of OSDBU. In the event of a disagreement between the contracting officer and the Director of OSDBU, the head of the contracting activity shall make the final determination.

[55 FR 8470, Mar. 8, 1990. Redesignated at 61 FR 39093, July 26, 1996.]

726.7005 Exceptions.

The notification requirement in 705.207 and the subcontracting requirement in 726.7007 are based on statutory requirement and may not be deviated from under the provisions of subpart 701.4. By statute, the Administrator or designee may determine that these requirements do not apply to a particular contract or category of contracts. The M/OP Director has been designated to make such determinations. One such determination concerning subcontracting is set out in 726.7007.

[58 FR 8702, Feb. 17, 1993. Redesignated at 61 FR 39093, July 26, 1996, as amended at 62 FR 40468, July 29, 1997; 64 FR 42040, Aug. 3, 1999]

726.7006 Determination of status as a disadvantaged enterprise.

(a) To be eligible for an award under AIDAR 706.302-71 providing for other than full and open competition, the contractor must qualify, as of both the date of submission of its offer and the date of contract award, as a small disadvantaged business (as defined in 726.7002), an historically black college or university, a college or university in which more than 40 percent of the students are Hispanic Americans, or a private voluntary organization controlled by individuals who are socially and economically disadvantaged. The contracting officer shall insert the provision at 752.226-1 in any solicitation or contract to be awarded under the provisions of 706.302-71.

(b) The contracting officer shall accept an offeror's representations and certifications under the provisions referenced above that it is a small disadvantaged business unless he or she determines otherwise based on information contained in a challenge of the offeror's status by the Small Business Administration or another offeror, or otherwise available to the contracting officer.

(a) In addition to the requirements in FAR subpart 19.7, any new contract or

modification which constitutes new procurement (except for a contract or modification with a disadvantaged enterprise as defined in 726.7002) with respect to which more than \$500,000 is to be funded with amounts made available for development assistance or from the appropriations cited in section 706.302-71(a)(1) shall contain a provision requiring that not less than ten percent of the dollar value of the contract must be subcontracted to disadvantaged enterprises, including disadvantaged enterprises which are not small.

(b) This requirement does not apply when the contracting officer, with the concurrence of the Director of OSDBU, certifies there is no realistic expectation of U.S. subcontracting opportunities and so documents the file. If the contracting officer and the Director of OSDBU do not agree, the determination will be made by the head of the contracting activity. See 726.7005 for guidance on other potential exceptions.

(c) The contracting officer shall insert the clause in 752.226-2 in any solicitation or contract as provided in paragraph (a) of this section, unless exempted in accordance with the provisions of paragraph (b) of this section.

in the U.S.” implemented statutory prohibitions on expenditure of appropriated funds. The PD contains a standard provision for inclusion in USAID-funded grants and inter-agency agreements and indicates that when the PD applies to a contract, appropriate provisions covering the subject matter are to be included. When the provisions of PD 20 do apply to a contract, the cognizant technical office shall provide to the contracting officer appropriate language tailored to the specific circumstances for the contract statement of work, or if applicable to the circumstances, the provision included in the PD (see 726.7102) may be used as a clause in the contract. The provision is not required in sub-contracts.

Subpart 728.1—Bonds

728.105-1 Advance payment bonds.

(a) Generally, advance payment bonds will not be required in connection with USAID contracts containing an advance payment provision. In lieu thereof, contracting officers will follow procedures set forth in FAR 32.409-3.

(b) Whenever a contracting officer considers that an advance payment bond is necessary, the contracting officer will: (1) Establish a bond penalty that will adequately protect interests of the Government, (2) use the USAID Advance Payment Bond format, (3) place bond with a surety currently approved by the U.S. Treasury Department according to the latest Treasury Department Circular 570, (4) stipulate that the cost of the bond shall not exceed a rate of \$7.50 per \$1,000 per annum based on the penalty of the bond, without the prior written approval of the Office of Procurement, Policy Division (M/OP/P).

(c) Where the surety's obligation under an advance payment bond covers all advances made to the contractor

during the term of the contract, no release should be issued to the surety until all advances made and to be made under the contract have been fully liquidated in accordance with the provisions of the contract, such as no-pay vouchers, reports of expenditures, or by refund. Where the surety's obligation under the bond is limited to advances made during a specified period of time, no release should be issued to the surety until all advances made and to be made during the specified period have been liquidated as aforesaid.

Subpart 728.3—Insurance

728.305-70 Overseas worker's compensation and war-hazard insurance—waivers and USAID insurance coverage.

(a) Upon the recommendation of the USAID Administrator, the Secretary of Labor may waive the applicability of the Defense Base Act (DBA) with respect to any contract, subcontract, or subordinate contract, work location, or classification of employees. Either the contractor or USAID can request a waiver from coverage. Such a waiver can apply to any employees who are not U.S. citizens, not residents of, or not hired in the United States. Waivers requested by the contractor are submitted to the contracting officer for approval and further submission to the Department of Labor, which grants the waiver. Application for a waiver is submitted on Labor Department Form BEC 565. USAID has a number of blanket waivers already in effect for certain countries that are applicable to its direct contracts with contractors performing in such countries. Where such waivers are granted from coverage under the DBA, the waiver is conditioned on providing other worker's compensation coverage to employees to which the waiver applies. Usually this takes the form of securing worker's compensation coverage of the country where work will be performed

or of the country of the employee's nationality, whichever offers greater benefits. The Department of Labor has granted partial blanket waivers of DBA coverage applicable to USAID-financed contracts performed in certain countries, subject to two conditions:

(1) Employees hired in the United States by the contractor, and citizens or residents of the United States are to be provided DBA insurance coverage;

(2) Waived employees (i.e., employees who are neither U.S. citizens nor U.S. resident aliens, and who were hired outside the United States) will be provided worker's compensation benefits as required by the laws of the country in which they are working or the laws of their native country, whichever offers greater benefits. Information as to whether a DBA Waiver has been obtained by USAID for a particular country may be obtained from the cognizant USAID contracting officer.

(b) To assist contractors in securing insurance at minimal rates for the workmen's compensation insurance required under the DBA, and to facilitate meeting insurance requirements for such coverage, USAID, after open and competitive negotiation, has entered into a contract with an insurance carrier to provide such coverage at a specified rate. The terms of this contract require the insurance carrier to provide coverage, and the contractor to make payments to and handle its claims with that insurance carrier. Contracting officers are responsible for explaining and advising contractors of the details of securing such insurance.

[49 FR 13249, Apr. 3, 1984, as amended at 52 FR 4144, Feb. 10, 1987. Redesignated at 53 FR 50630, Dec. 16, 1988, and amended at 54 FR 16122, Apr. 21, 1989; 56 FR 67224, Dec. 30, 1991]

728.307-2 Liability.

(a)-(b) [Reserved]

(c) *Automobile liability.* In order to ensure that private automobiles used by contractor employees stationed overseas under an USAID contract are properly insured, USAID has established minimum required coverages as a supplement to the FAR clause at 52.228-7. This supplemental coverage is specified in AIDAR 752.228-7, and is to

be used in all USAID-direct contracts involving performance overseas.

[53 FR 50630, Dec. 16, 1988]

728.307-70 Medical Evacuation (MEDEVAC) Services (Mar 1993).

The Contracting Officer shall insert the clause at 752.228-70 in all contracts which require performance by contractor employees overseas.

[59 FR 33446, June 29, 1994]

728.309 Contract clause for worker's compensation insurance.

(a) Because of the volume of projects performed overseas resulting in contracts which require worker's compensation insurance, USAID has contracted with an insurance carrier to provide the required insurance for all USAID contractors. It is therefore necessary to supplement the FAR clause at 52.228-3 with the additional coverage specified in AIDAR 752.228-3. The coverage specified in AIDAR 752.228-3 shall be used in addition to the coverage specified in FAR 52.228-3 in all USAID-direct contracts involving performance overseas.

[53 FR 50630, Dec. 16, 1988]

728.313 Contract clauses for insurance of transportation or transportation-related services.

(a) USAID is required by law to include language in all its direct contracts and subcontracts ensuring that all U.S. marine insurance companies have a fair opportunity to bid for marine insurance when such insurance is necessary or appropriate under the contract. USAID has therefore established a supplementary preface to the clause at FAR 52.228-9. This supplementary preface is set forth in AIDAR 752.228-9, and is required for use in any USAID-direct contract where marine insurance is necessary or appropriate.

Subpart 731.2—Contracts With Commercial Organizations

731.205-6 Compensation for personal services.

(a) *General.* When establishing the workweek for employees overseas the contractor will take local and USAID Mission practice into account and will insure that the workweek is compat-

ible with that of those USAID Mission and Cooperating Country employees with whom the contractor will be working.

(b) *Reasonableness.* ADS Chapter 302.5.3 states USAID policy regarding personnel compensation exceeding the maximum annual rate for an Executive Service level ES-6. Consistent with this policy, any employee's or consultant's base salary plus overseas recruitment incentive, if any (see 731.205-70), subject to this policy will be allowable under USAID-direct contracts only if approved in accordance with the essential procedures in ADS chapter E302.5.3. It is USAID policy to require prior written approval of international travel by the Contacting Officer. See AIDAR 752.7032 for specific requirements and procedures.

731.205-70 Overseas recruitment incentive.

(NOTE: the term *employee* as used in this section means an employee who is a U.S. citizen or a U.S. resident alien.)

(a) If a contractor employee serving overseas under a contract does not qualify for the exemption for overseas income provided under section 911 of the U.S. Internal Revenue Code (26 U.S.C. 911), such employee is eligible to receive an overseas recruitment incentive (ORI), to the extent the ORI: Is authorized by the contractor's normal policy and practice; is deemed necessary by the contractor to recruit and retain qualified employees for overseas services; and does not exceed 10% of

the base salary of the employee from date of arrival at overseas post to begin assignment to date of departure from post at the end of assignment. ORI is to be paid as a single payment at the end of the employee tour of duty overseas. The contractor shall take all reasonable and prudent steps to ensure that ORI is not paid to any employee who has received the IRS section 911 exemption.

(b) In the event that an employee subsequently receives a section 911 exclusion for any part of the base salary upon which this supplement has been paid, such supplement or appropriate portion thereof shall be reimbursed by the contractor to USAID with interest. The interest shall be calculated at the average U.S. Treasury rate in effect for the period that the contractor or his employee had the funds. Neither the contractor's nor the subcontractor's inability to collect refunds from eligible employees shall be used as a basis to excuse subsequent refunds by the contractor to USAID.

[57 FR 5236, Feb. 13, 1992]

731.205-71 Salary supplements for Host Government employees.

(a) *Definitions.* (1) A Host Government (HG) employee is a person paid by the HG, occupying an established position, either temporary or permanent, part-time or full-time, within a HG institution.

(2) An HG institution is an organization in which the government owns at least a fifty percent share or receives at least fifty percent of its financial support from the government.

(b) *General.* Salary supplement occurs when payments are made that augment an HG employee's base salary or premiums, overtime, extra payments, incentive payment and allowances for which the HG employee would qualify under HG rules or practices for the performance of his/hers regular duties or work performed during his/hers regular office hours. Per diem, invitational travel, honoraria and payment for work carried out outside of normal working hours are not considered to be salary supplements subject to the provisions in USAID policy referenced in paragraph (c) of this section.

(c) Salary supplements are eligible for USAID financing only when authorized in accordance with USAID policy established in the cable State 119780 dated April 15, 1988 (on ADS-CD under USAID Handbooks, Handbook 1). If salary supplements have been authorized in a particular case, the Contracting Officer shall provide written approval to the contractor in order for such costs to be eligible. Any specific requirements or limitations shall be specified in the approval.

(d) Contracting Officers shall insert the Clause at 752.231-71 in all contracts in which there is a possibility of the need of HG employees. It should also be inserted in all subsequent subcontracts.

[64 FR 16649, Apr. 6, 1999]

Subpart 731.3—Contracts With Educational Institutions

731.370 Predetermined fixed rates for indirect costs.

Section 635(k) of the Foreign Assistance Act of 1961, as amended, authorizes USAID to use predetermined fixed rates in determining the indirect costs applicable under contracts with educational institutions.

731.371 Compensation for personal services.

(a) *General.* When establishing the workweek for employees overseas the contractor will take local and USAID Mission practice into account and will ensure that the workweek is compatible with that of those USAID Mission and Cooperating Country employees with whom the contractor will be working.

(b) *Salaries and wages.* (1) ADS Chapter 302.5.3 states USAID policy regarding personnel compensation exceeding the maximum annual rate for an Executive Service level ES-6. Consistent with this policy, any employee's or consultant's base salary plus overseas recruitment incentive, if any (see 731.205-70), subject to this policy will be allowable under USAID-direct contracts only if approved in accordance with the essential procedures in ADS chapter E302.5.3.

(2) In considering consulting income as a factor when determining allowable salary for service under a contract:

(i) For faculty members working under annual appointments, salary for service under the contract may include the employee's on-campus salary plus "consulting income" (that is, income from employment other than the employee's regular on-campus appointment, excluding business or other activities not connected with the employee's profession) earned during the year preceding employment under the contract.

(ii) For faculty members working under academic year appointments, salary for service under the contract may include the employee's on-campus academic year salary plus "consulting income" as defined above earned during the year proceeding employment under the contract, or salary for service under the contract may be derived by annualizing the academic year salary (in which case "consulting income" may not be included).

(3) USAID policies and compensation of third country national or cooperating country national employees are set forth in AIDAR 722.170.

731.373 Overseas recruitment incentive.

USAID's policies regarding overseas recruitment incentives are set forth in AIDAR 731.205-70. These policies are also applicable to contracts with an educational institution.

Subpart 731.7—Contracts With Nonprofit Organizations

731.770 OMB Circular A-122, cost principles for nonprofit organizations; USAID implementation.

(a) Paragraph 6 of the transmittal letter for OMB Circular A-122 specifies that "Agencies shall designate a liaison official to serve as the agency representative on matters relating to the implementation of this Circular." The Director, Office of Procurement, has been so designated. The Overhead and Special Cost and Contract Close-Out Branch, Office of Procurement (OCC) provides staff assistance to the Director concerning OMB Circular A-122. OCC is also responsible for obtaining cognizance under the criteria in the transmittal letter for OMB Circular A-122; for liaison with other cognizant agencies; for authorizing exclusion of OMB Circular A-122 coverage for a particular nonprofit organization pursuant to paragraph 5 of the OMB Circular A-122 transmittal letter; and for advice and assistance in applying OMB Circular A-122 cost principles.

(b) Paragraph 4b of the OMB Circular A-122 transmittal letter contains a definition of *prior approval* as follows:

Prior approval means securing the awarding agency's permission in advance to incur costs for those items that are designated as requiring prior approval by OMB Circular A-122. Generally, this permission will be in writing. Where an item of cost requiring prior approval is specified in the budget of an award, approval of the budget constitute approval of that cost.

Consequently, an award containing a budget constitutes prior approval of the direct cost item in the budget, unless otherwise annotated. Accordingly, award budgets should be appropriately annotated substantially as follows:

Inclusion of any cost in the line item budget of this award does not obviate the requirement for prior approval of cost items designated as requiring prior approval by OMB Circular A-122 ; or

In accordance with the requirements to OMB Circular No. A-122, approval is granted to incur costs for (name specific item or

731.771

items) which are included in the budget of this award.

731.771 Bid and proposal costs.

Pending the establishment of Government-wide principles in Attachment B of OMB Circular A-122, USAID will treat bid and proposal costs as follows:

(a) Bid and proposal costs are the costs of preparing bids, proposals, and applications for potential activities such as Government and non-Government grants, contracts and other agreements, including the development of scientific, cost, and other data needed to support such bids, proposals, and applications. Except as provided in (b) below, bid and proposal costs of the current accounting period of both successful and unsuccessful bids and proposals normally should be treated as indirect costs for allocation to all current activities, and no bid and proposal costs of past accounting periods will be allocable to the current period. However, if the organization's established practice is to treat bid and proposal costs by some other method, the results obtained may be accepted only if found to be reasonable and equitable.

(b) Bid and proposal costs incurred by the organization to obtain unrestricted funds are to be treated as fund raising and allocated an appropriate share of indirect costs under the conditions described in paragraph B.3 of Attachment A to OMB Circular A-122.

750.000 Scope of part.

USAID is not among the agencies named in the Act or authorized by the President to take actions under it; however, see Subpart 750.71—Extraordinary Contractual Actions to Protect Foreign Policy Interests of the United States.

Subpart 750.70 [Reserved]

Subpart 750.71—Extraordinary Contractual Actions To Protect Foreign Policy Interests of the United States

750.7100 Scope of subpart.

This subpart sets forth the standards and the procedures for disposition of

requests for extraordinary contractual actions under Executive Order 11223.

750.7101 Authority.

Under section 633 of the Foreign Assistance Act of 1961, 75 Stat. 454 (22 U.S.C. 2933), as amended; Executive Order 11223, dated May 12, 1965 (30 FR 6635), as amended; and Executive Order 12163, dated September 29, 1979 (44 FR 56673), as amended, the Administrator of the U.S. Agency for International Development has been granted authority to provide extraordinary contractual relief. The Authority is set forth in sections 3 and 4 of Executive Order 11223, as follows:

Section 3. With respect to cost-type contracts heretofore or hereafter made with non-profit institutions under which no fee is charged or paid, amendments or modifications of such contracts may be made with or without consideration and may be utilized to accomplish the same things as any original contract could have accomplished, irrespective of the time or circumstances of the making, or of the form of the contract amended or modified, or of the amending or modifying contract and irrespective of rights which may have accrued under the contract or the amendments or modifications thereof.

Section 4. With respect to contracts heretofore or hereafter made, other than those described in section 3 of this order, amendments and modifications of such contracts may be made with or without consideration and may be utilized to accomplish the same things as any original contract could have accomplished, irrespective of the time or circumstances of the making, or of the form of the contract amended or modified, or of the amending or modifying contract, and irrespective of rights which may have accrued under the contract or the amendments or modifications thereof, if the Secretary of State or the Director of the United States International Development Cooperation Agency (with respect to functions vested in or delegated to Director) determines in each case that such action is necessary to protect the foreign policy interests of the United States.

[49 FR 49472, Dec. 20, 1984, as amended at 62 FR 40469, July 29, 1997; 64 FR 42042, Aug. 3, 1999]

750.7102 General policy.

Extra-contractual claims arising from foreign assistance contracts will be processed in accordance with this subpart, which is similar to that utilized to process claims for extraor-

dinary relief under FAR Part 50, as modified to meet the circumstances involved under the Foreign Assistance Act and the different authority involved.

750.7103 Definitions.

(a) The term *approving authority* as used in this subpart means an officer or official having been delegated authority to approve actions under the Executive Order. This authority is distinguished from authority to take appropriate contractual action pursuant to such approval.

(b) The term *the Executive Order* shall mean Executive Order 11223 (30 FR 6635) as amended, unless otherwise stated.

(c) The term *the Act* shall mean the Foreign Assistance Act of 1961, as amended.

[49 FR 13257, Apr. 3, 1984, as amended at 49 FR 49472, Dec. 20, 1984]

750.7104 Types of actions.

Three types of actions may be taken by or pursuant to the direction of an approving authority under the Executive Order. These are contractual adjustments such as amendments without consideration, correction of mistakes, and formalization of informal commitments.

750.7105 Approving authorities.

All authority to approve actions under this subpart has been delegated to the M/OP Director.

[50 FR 16086, Apr. 24, 1985, as amended at 64 FR 42040, Aug. 3, 1999]

750.7106 Standards for deciding cases.

750.7106-1 General.

The mere fact that losses occur under a Government contract is not, by itself, a sufficient basis for the exercise of the authority conferred by the Executive Order. Whether, in a particular case, appropriate action such as amendment without consideration, correction of a mistake or ambiguity in a contract, or formalization of an informal commitment, will protect the foreign policy interests of the United States is a matter of sound judgment to be made on the basis of all of the

facts of such case. Although it is obviously impossible to predict or enumerate all the types of cases with respect to which action may be appropriate, examples of certain cases or types of cases where action may be proper are set forth in sections 750.7106-2 through 750.7106-4. Even if all of the factors contained in any of the examples are present, other factors or considerations in a particular case may warrant denial of the request. These examples are not intended to exclude other cases where the approving authority determines that the circumstances warrant action.

750.7106-2 Amendments without consideration.

(a) Where an actual or threatened loss under a foreign assistance contract, however caused, will impair the productive ability of a contractor whose continued performance of any foreign assistance contract or whose continued operation as a source of supply is found to be essential to protect the foreign policy interests of the United States, the contract may be adjusted but only to the extent necessary to avoid such impairment to the contractor's productive ability.

(b) Where a contractor suffers a loss (not merely a diminution of anticipated profits) on a foreign assistance contract as a result of Government action, the character of the Government action will generally determine whether any adjustment in the contract will be made and its extent. Where the Government action is directed primarily at the contractor and is taken by the Government in its capacity as the other contracting party, the contract may be adjusted if fairness so requires; thus where such Government action, although not creating any liability on its part, increases the cost of performance, considerations of fairness may make appropriate some adjustment in the contract.

750.7106-3 Mistakes.

A contract may be amended or modified to correct or mitigate the effect of a mistake, including the following examples:

(a) A mistake or ambiguity which consists of the failure to express or to

express clearly in the written contract the agreements as both parties understood them;

(b) A mistake on the part of the contractor which is so obvious that it was or should have been apparent to the contracting officer; and

(c) A mutual mistake as to a material fact.

Amending contracts to correct mistakes with the least possible delay normally will protect the foreign policy interests of the United States by expediting the procurement program and by giving contractors proper assurance that such mistakes will be corrected expeditiously and fairly.

750.7106-4 Informal commitments.

Informal commitments may be formalized under certain circumstances to permit payment to persons who have taken action without a formal contract; for example, where any person, pursuant to written or oral instructions from an officer or official of the Agency and relying in good faith upon the apparent authority of the officer or official to issue such instructions, has arranged to furnish or has furnished property or services to the agency and/or to a foreign assistance contractor or subcontractor without formal contractual coverage for such property or services. Formalization of commitments under such circumstances normally will protect the foreign policy interests of the United States by assuring persons that they will be treated fairly and paid expeditiously.

750.7107 Limitations upon exercise of authority.

(a) The Executive Order is not authority for:

(1) The use of the cost-plus-a-percent-age-of-cost system of contracting;

(2) The making of any contract in violation of existing law relating to limitation on profit or fees;

(3) The waiver of any bid, payment performance or other bond required by law.

(b) No amendments, or modifications shall be entered into under the authority of the Executive Order:

(1) Unless, with respect to cases falling within Section 4 of the Executive

Order, a finding is made that the action is necessary to protect the foreign policy interests of the United States;

(2) Unless other legal authority in the Agency is deemed to be lacking or inadequate;

(3) Except within the limits of the amounts appropriated and the statutory contract authorization.

(c) No contract shall be amended or modified unless the request therefor has been filed before all obligations (including final payment) under the contract have been discharged.

(d) No informal commitment shall be formalized unless:

(1) A request for payment has been filed within six months after arranging to furnish or furnishing property or services in reliance upon the commitment;

(2) USAID has received the services satisfactorily performed, or has accepted property furnished in reliance on the commitment;

(3) The USAID employees alleged to have made the informal commitment have accepted responsibility for making the informal commitment in question; and

(4) USAID has taken appropriate action to prevent recurrence.

[49 FR 13257, Apr. 3, 1984, as amended at 50 FR 16088, Apr. 24, 1985; 53 FR 4982, Feb. 19, 1988]

750.7108 Contractual requirements.

Every contract amended or modified pursuant to this subpart shall contain:

(a) A citation of the Act and Executive Order.

(b) A brief statement of the circumstances justifying the action;

(c) A recital of the finding, with respect to cases falling within Section 4 of the Executive Order, that the action is necessary to protect the foreign policy interests of the United States.

750.7109 Submission of requests by contractors.

750.7109-1 Filing requests.

Any person (hereinafter called the "contractor") seeking an adjustment under standards set forth in 750.7106 may file a request in duplicate with the cognizant contracting officer or his/her

duly authorized representative. If such filing is impracticable, requests will be deemed to be properly filed if filed with the Chief of the Office of Procurement, Evaluation Division (M/OP/E) for forwarding to the cognizant contracting officer.

[49 FR 13257, Apr. 3, 1984, as amended at 50 FR 50303, Dec. 10, 1985; 55 FR 6802, Feb. 27, 1990; 56 FR 67225, Dec. 30, 1991; 59 FR 33446, June 29, 1994]

750.7109-2 Form of requests by contractors.

The contractor's request shall normally consist of a letter to the contracting officer providing the information specified in FAR 50.303.

750.7109-3 Facts and evidence.

The contracting officer or the approving authority may, where considered appropriate, request the contractor to furnish the facts and evidence as described in FAR 50.304.

[49 FR 13257, Apr. 3, 1984, as amended at 62 FR 40469, July 29, 1997]

750.7110 Processing cases.

750.7110-1 Investigation.

The Evaluation Division of the Office of Procurement (M/OP/E) shall be responsible for assuring that the case prepared by the cognizant contracting officer makes a thorough investigation of all facts and issues relevant to each situation. Facts and evidence shall be obtained from contractor and Government personnel and shall include signed statements of material facts within the knowledge of the individuals where documentary evidence is lacking and audits where considered necessary to establish financial or cost related facts. The investigation shall establish the facts essential to meet the standards for deciding the particular case and shall address the limitations upon exercise of the authority of the M/OP Director to approve the request.

[62 FR 40469, July 29, 1997, as amended at 64 FR 42042, Aug. 3, 1999]

750.7110-2 Office of General Counsel coordination.

Prior to the submission of a case to the M/OP Director recommending extraordinary contractual relief, the claim shall be fully developed by the cognizant contracting officer and concurrences or comments shall be obtained from the Office of General Counsel for the proposed relief to be granted. Such concurrences or comments shall be incorporated in or accompany the action memorandum submitted for consideration to the M/OP Director in accordance with 750.7110-3.

[62 FR 40469, July 29, 1997, as amended at 64 FR 42040, Aug. 3, 1999]

750.7110-3 Submission of cases to the M/OP Director.

Cases to be submitted for consideration by the M/OP Director shall be prepared and forwarded by the cognizant contracting officer through M/OP/E to the M/OP Director by means of an action memorandum. M/OP/E will review the action memorandum for accuracy and completeness. The action memorandum shall provide for approval or disapproval by the M/OP Director of the disposition recommended by the contracting officer. The action memorandum shall address:

- (a) The nature of the case;
- (b) The basis for authority to act under section 750.7101;
- (c) The findings of fact essential to the case (see 750.7109-3) arranged chronologically with cross references to supporting enclosures;
- (d) The conclusions drawn from applying the standards for deciding cases, as set forth in 750.7106, to the findings of fact;
- (e) Compliance with the limitations upon exercise of authority, as set forth in section 750.7107 (for informal commitments, include statements addressing each of the limitations in paragraph (d) of 750.7107);
- (f) Concurrences or comments obtained from the Office of General Counsel;
- (g) Verification of funds availability and the contracting officer's determination of cost/price reasonableness when the disposition recommended requires payment to a contractor;

(h) The disposition recommended and, if contractual action is recommended with respect to cases falling within Section 4 of the Executive Order, the opinion of the contracting officer that such action is necessary to protect the foreign policy interest of the United States; and

(i) The action memorandum shall enclose all evidentiary materials, including the reports and comments of all cognizant Government or other officials, and a copy of the contractor's request. The action memorandum should provide the following information related to the contractor's request, as applicable:

- (1) Date of request;
- (2) Date request received by USAID;
- (3) Contract number;
- (4) Contractor's name and address;
- (5) Name, address, and phone number of contractor's representative;

- (7) Amount of request.

[62 FR 40469, July 29, 1997, as amended at 64 FR 42040, Aug. 3, 1999]

750.7110-4 Processing by M/OP Director.

When the action memorandum has been determined to be as accurate and complete as possible and has been prepared in accordance with this subpart, M/OP/E will forward the action memorandum to the M/OP Director. The M/OP Director will sign and date the action memorandum indicating approval or disapproval of the disposition recommended by the contracting officer.

[62 FR 40469, July 29, 1997, as amended at 64 FR 42040, Aug. 3, 1999]

750.7110-5 Contract files.

The fully executed action memorandum indicating approval/disapproval and a copy of the contractual document implementing any approved contractual action shall be placed in the contract file.

(b) *Cases involving funds of other departments or agencies.* Requests for ad-

justment within any category, involving the funds of another department or agency, shall not be approved by USAID until advice is requested and received from the department or agency whose funds are involved.

for which it has custodial responsibility, including the establishment of reasonable controls to enforce such program.

(c)(1) For non-expendable property to which title is reserved to the U.S. Government under provisions set forth in the schedule of this contract, Contractor shall submit an annual report on all non-expendable property under its custody as required in the clause of this contract entitled "Government Property".

(2) For non-expendable property titled to the Cooperating Government, the Contractor shall, within 90 days after completion of this contract, or at such other date as may be fixed by the Contracting Officer, submit an inventory schedule covering all items of non-expendable property under its custody, which have not been consumed in the performance of this contract. 752.247-70 Preference for privately owned U.S.-flag commercial vessels.

As prescribed in 747.507, insert the following clause:

PREFERENCE FOR PRIVATELY OWNED U.S.-FLAG COMMERCIAL VESSELS (OCT 1996)

(a) Under the provisions of the Cargo Preference Act of 1954 (46 U.S.C. 1241(b)) at least 50 percent of the gross tonnage of equipment, materials, or commodities financed by USAID, or furnished without provision for reimbursement, or at least 75 percent of the gross tonnage of cargo moving under P.L. 480 financed by the U.S. Department of Agriculture, that may be transported in ocean vessels (computed separately for dry bulk carriers, dry cargo liners, and tankers) shall be transported in privately owned U.S.-flag commercial vessels.

(b) In accordance with USAID regulations and consistent with the regulations of the Maritime Administration, USAID applies Cargo Preference requirements on the basis of programs or activities that generally include more than one contract. Thus, the amount of cargo fixed on privately owned U.S.-flag vessels under this contract may be more or less than the required 50 or 75 percent, depending on current compliance with Cargo Preference requirements. If freight under the contract is fixed on a U.S. flag vessel, Alternate I of this clause shall apply.

(c)(1) The contractor shall submit one legible copy of a rated on-board ocean bill of

lading for each shipment to both the Division of National Cargo, Office of Cargo Preference, Maritime Administration, U.S. Department of Transportation, Washington, DC 20590, and the Transportation Division, Office of Procurement, USAID, Washington, DC 20523–7900.

(2) The contractor shall furnish these bill of lading copies within 20 working days of the date of loading for shipments originating in the United States, or within 30 working days for shipments originating outside the United States. Each bill of lading copy shall contain the following information:

- (i) Sponsoring U.S. Government agency.
- (ii) Name of vessel.
- (iii) Vessel flag registry.
- (iv) Date of loading.
- (v) Port of loading.
- (vi) Port of final discharge.
- (vii) Description of commodity.
- (viii) Gross weight in pounds and cubic feet if available.
- (ix) Total ocean freight revenue in U.S. dollars.

Alternate I

(d) If freight is fixed on a U.S. flag vessel, except as provided in paragraph (e) of this clause, the contractor shall use privately owned U.S. flag commercial vessels, and no others, in the ocean transportation of any supplies to be furnished under this contract.

(e) If such vessels are not available, or not available at rates that are fair and reasonable for privately owned U.S. flag commercial vessels, the Contractor shall notify the contracting officer and request either authorization to ship in foreign-flag vessels or designation of available U.S.-flag vessels. If the Contractor is authorized in writing by the Contracting Officer to ship the supplies in foreign-flag vessels, the contract price shall be equitably adjusted to reflect the difference in costs of shipping the supplies in privately owned U.S.-flag commercial vessels and foreign-flag vessels.

752.7002 Travel and transportation.

For use in cost reimbursement contracts performed in whole or in part overseas.

TRAVEL AND TRANSPORTATION (JAN 1990)

(a) *General.* The Contractor will be reimbursed for reasonable, allocable and allowable travel and transportation expenses incurred under and for the performance of this contract. Determination of reasonableness, allocability and allowability will be made by the Contracting Officer based on the applicable cost principles, the Contractor's established policies and procedures, USAID's established policies and procedures for USAID direct-hire employees, and the particular needs of the project being implemented by this contract. The following paragraphs provide specific guidance and limitations on particular items of cost.

(b) *International travel.* For travel to and from post of assignment the Contractor shall be reimbursed for travel costs and travel allowances of travelers from place of residence in the United States (or other location provided that the cost of such travel does not exceed the cost of the travel from the employee's residence in the United States) to the post of duty in the Cooperating Country and return to place of residence in the United States (or other location provided that the cost of such travel does not exceed

the cost of travel from the post of duty in the Cooperating Country to the employee's residence) upon completion of services by the individual. Reimbursement for travel will be in accordance with the applicable cost principles and the provisions of this contract, and will be limited to the cost of travel by the most direct and expeditious route. If a regular employee does not complete one full year at post of duty (except for reasons beyond his/her control), the costs of going to and from the post of duty for that employee and his/her dependents are not reimbursable hereunder. If the employee serves more than one year but less than the required service in the Cooperating Country (except for reasons beyond his/her control) the costs of going to the post of duty are reimbursable hereunder but the costs of going from post of duty to the employee's permanent, legal place of residence at the time he or she was employed for work under this contract or other location as approved by the Contracting Officer are not reimbursable under this contract for the employee and his/her dependents. When travel is by economy class accommodations, the Contractor will be reimbursed for the cost of transporting up to 22 pounds of accompanied personal baggage per traveler in addition to that regularly allowed with the economy ticket provided that the total number of pounds of baggage does not exceed that regularly allowed for first class travelers. Travel allowances for travelers shall not be in excess of the rates authorized in the Standardized Regulations (Government Civilians, Foreign Areas)—hereinafter referred to as the Standardized Regulations—as from time to time amended, for not more than the travel time required by scheduled commercial air carrier using the most expeditious route. One stopover en route for a period of not to exceed 24 hours is allowable when the traveler uses economy class accommodations for a trip of 14 hours or more of scheduled duration. Such stopover shall not be authorized when travel is by indirect route or is delayed for the convenience of the traveler. Per diem during such stopover shall be paid in accordance with the established practice of the Contractor but not to exceed the amounts stated in the Standardized Regulations.

(c) *Local travel.* Reimbursement for local travel in connection with duties directly referable to the contract shall not be in excess of the rates established by the Mission Director for the travel costs of travelers in the Cooperating Country. In the absence of such established rates the Contractor shall be reimbursed for actual travel costs of travelers in the Cooperating Country, if not provided by the Cooperating Government or the Mission, including travel allowances at rates not in excess of those prescribed by the Standardized Regulations.

(d) *Travel for consultation.* The Contractor shall be reimbursed for the round trip of the Contractor's Chief of Party in the Cooperating Country or other designated Contractor employee or consultant in the Cooperating Country performing services required under this Contract, for travel from the Cooperating Country to the Contractor's office in the United States or to USAID/Washington for consultation and return on occasions deemed necessary by the Contractor and approved in advance, in writing, by the Contracting Officer or the Mission Director.

(e) *Special international travel and third country travel.* For special travel which advances the purpose of the contract, which is not otherwise provided by the Cooperating Government, and with the prior written approval of the Contracting Officer or the Mission Director, the Contractor shall be reimbursed for (i) the travel cost of travelers other than between the United States and the Cooperating Country and for local travel within other countries and (ii) travel allowance for travelers while in travel status and while performing services hereunder in such other countries at rates not in excess of those prescribed by the Standardized Regulations.

(f) *Indirect travel for personal convenience.* When travel is performed by an indirect route for the personal convenience of the traveler, the allowable costs of such travel will be computed on the basis of the cost of allowable air fare via the direct usually traveled route. If such costs include fares for air or ocean travel by foreign flag carriers, approval for indirect travel by such foreign flag carriers must be obtained from the Contracting Officer or the Mission Director before such travel is undertaken, otherwise only that portion of travel accomplished by United States-flag carriers will be reimbursable within the above limitation of allowable costs.

(g) *Limitation on travel by dependents.* Travel costs and allowances will be allowed only for dependents of regular employees and such costs shall be reimbursed for travel from place of abode to assigned station in the Cooperating Country and return, only if dependent remains in the country for at least 9 months or one-half of the required tour of duty of the regular employee responsible for such dependent, whichever is greater. If the dependent is eligible for educational travel pursuant to the "Differential and Allowances" clause of this contract, time spent away from post resulting from educational travel will be counted as time at post.

(h) *Delays en route.* The Contractor may grant to travelers under this contract reasonable delays en route while in travel status when such delays are caused by events beyond the control of such traveler or Contractor. It is understood that if delay is

caused by physical incapacitation, personnel shall be eligible for such sick leave as provided under the "Leave and Holidays" clause of this contract.

(i) *Travel by privately owned automobile.* The Contractor shall be reimbursed for the cost of travel performed by a regular employee in his/her privately owned automobile at a rate not to exceed that authorized in the Federal Travel Regulations plus authorized per diem for the employee and for each of the authorized dependents traveling in the automobile, if the automobile is being driven to or from the Cooperating Country as authorized under the contract, provided that the total cost of the mileage and the per diem paid to all authorized travelers shall not exceed the total constructive cost of fare and normal per diem by all authorized travelers by surface common carrier or authorized air fare, whichever is less.

(j) *Emergency and irregular travel and transportation.* Emergency transportation costs and travel allowances while en route, as provided in this section will also be reimbursed not to exceed amounts authorized by the Foreign Service Travel Regulations for USAID-direct hire employees in like circumstances under the following conditions:

(1) The costs of going from post of duty in the Cooperating Country to the employee's permanent, legal place of residence at the time he or she was employed for work under this contract or other location for Contractor employees and dependents and returning to the post of duty, when the Contractor's Chief of Party, with the concurrence of the Contracting Officer or Mission Director makes a written determination that such travel is necessary for one of the reasons specified in subparagraphs (j)(1) (i) and (ii) of this section. A copy of the written determination shall be furnished to the Contracting Officer.

(i) Need for medical care beyond that available within the area to which the employee is assigned, or serious effect on physical or mental health if residence is continued at assigned post of duty, subject in either case, to the limitations stated in the clause of this contract entitled "Personnel—Physical Fitness of Employee and Dependents." The Mission Director may authorize a medical attendant to accompany the employee at contract expense if, based on medical opinion, such an attendant is necessary.

(ii) Death, or serious illness or injury of a member of the immediate family of the employee or the immediate family of the employee's spouse.

(2) When, for any reason, the Mission Director determines it is necessary to evacuate the Contractor's entire team (employees and dependents) or Contractor dependents only, the Contractor will be reimbursed for travel and transportation expenses and travel allowance while en route, for the cost of the

individuals going from post of duty in the Cooperating Country to the employee's permanent, legal place of residence at the time he or she was employed for work under this contract or other approved location. The return of such employees and dependents may also be authorized by the Mission Director when, in his/her discretion, he/she determines it is prudent to do so.

(3) The Mission Director may also authorize emergency or irregular travel and transportation in other situations, when in his/her opinion, the circumstances warrant such action. The authorization shall include the kind of leave to be used and appropriate restrictions as to time away from post, transportation of personal and/or household effects, etc. Requests for such emergency travel shall be submitted through the Contractor's Chief of Party.

(k) *Home leave travel.* To the extent that home leave has been authorized as provided in the "Leave and Holidays" clause of this contract, the cost of travel for home leave is reimbursable for travel costs and travel allowances of travelers from the post of duty in the Cooperating Country to place of residence in the United States (or other location provided that the cost of such travel does not exceed the cost of travel to the employee's residence in the United States) and return to the post of duty in the Cooperating Country. Reimbursement for travel will be in accordance with the applicable cost principles and the provisions of this contract, and will be limited to the cost of travel by the most direct and expeditious route. When travel is by economy class accommodations, the Contractor will be reimbursed for the cost of transporting up to 22 pounds of accompanied personal baggage per traveler in addition to that regularly allowed with the economy ticket provided that the total number of pounds of baggage does not exceed that regularly allowed for first class travelers. Travel allowances for travelers shall not be in excess of the rates authorized in the Standardized Regulations as from time to time amended, for not more than the travel time required by scheduled commercial air carrier using the most expeditious route. One stopover en route for a period of not to exceed 24 hours is allowable when the traveler uses economy class accommodations for a trip of 14 hours or more of scheduled duration. Such stopover shall not be authorized when travel is by indirect route or is delayed for the convenience of the traveler. Per diem during such stopover shall be paid in accordance with the established practice of the Contractor but not to exceed the amounts stated in the Standardized Regulations.

(l) *Rest and recuperation travel.* The Contractor shall be reimbursed for the cost of travel performed by regular employees and dependents for purposes of rest and recuperation provided that such reimbursement does

not exceed that authorized for USAID direct hire employees, and provided further that no reimbursement will be made unless approval is given by the Contractor's Chief of party.

(m) *Transportation of motor vehicles, personal effects and household goods.* (1) Transportation, including packing and crating costs, will be paid for shipping from the point of origin in the United States (or other location as approved by the Contracting Officer) to post of duty in the Cooperating Country and return to point of origin in the United States (or other location as approved by the Contracting Officer) of one privately-owned vehicle for each regular employee, personal effects of travelers and household goods of each regular employee not to exceed the limitations in effect for such shipments for USAID direct hire employees in accordance with the Foreign Service Travel Regulations as in effect when shipment is made.

(2) If a regular employee does not complete one full year at post of duty (except for reasons beyond his/her control), the costs for transportation of vehicles, effects and goods to and from the post of duty are not reimbursable hereunder. If the employee serves more than one year but less than the required service in the Cooperating Country (except for reasons beyond his/her control) the costs for transportation of vehicles, effects and goods to the post of duty are reimbursable hereunder but the costs for transportation of vehicles, effects and goods from post of duty to the employee's permanent, legal place of residence at the time he or she was employed for work under this contract or other location as approved by the Contracting Officer are not reimbursable under this contract.

(3) The cost of transporting motor vehicles and household goods shall not exceed the cost of packing, crating and transportation by surface. In the event that the carrier does not require boxing or crating of motor vehicles for shipment to the Cooperating Country, the cost of boxing or crating is not reimbursable. The transportation of a privately-owned motor vehicle for a regular employee may be authorized by the Contractor as replacement of the last such motor vehicle shipped under this contract for the employee when the Mission Director or his/her designee determines in advance and so notifies the Contractor in writing that the replacement is necessary for reasons not due to the negligence or malfeasance of the regular employee. The determination shall be made under the same rules and regulations that apply to Mission employees.

(n) *Unaccompanied baggage.* Unaccompanied baggage is considered to be those personal belongings needed by the traveler immediately upon arrival at destination. To permit the arrival of effects to coincide with the arrival of regular employees and dependents, consideration should be given to advance

shipments of unaccompanied baggage. The Contractor will be reimbursed for costs of shipment of unaccompanied baggage (in addition to the weight allowance for household effects) not to exceed the limitations in effect for USAID direct hire employees in accordance with the Foreign Service Travel Regulations as in effect when shipment is made.

This unaccompanied baggage may be shipped as air freight by the most direct route between authorized points of origin and destination regardless of the modes of travel used. This provision is applicable to home leave travel and to short-term employees when these are authorized by the terms of this contract.

(o) *Storage of household effects.* The cost of storage charges (including packing, crating, and drayage costs) in the U.S. of household goods of regular employees will be permitted in lieu of transportation of all or any part of such goods to the Cooperating Country under paragraph (m) above provided that the total amount of effects shipped to the Cooperating Country or stored in the U.S. shall not exceed the amount authorized for USAID direct hire employees under the Uniform Foreign Service Travel Regulations.

(p) *International ocean transportation.* (1) Flag eligibility requirements for ocean carriage are covered by the "Source and Nationality Requirements" clause of this contract.

(i) Transportation of things. Where U.S. flag vessels are not available, or their use would result in a significant delay, the Contractor may obtain a release from this requirement from the Transportation Division, Office of Procurement, U.S. Agency for International Development, Washington, DC, 20523-1419, or the Mission Director, as appropriate, giving the basis for the request.

(ii) Transportation of persons. Where U.S. flag vessels are not available, or their use would result in a significant delay, the Contractor may obtain a release from this requirement from the Contracting Officer or the Mission Director, as appropriate.

(2) Transportation of foreign-made vehicles. Reimbursement of the costs of transporting a foreign-made motor vehicle will be made in accordance with the provisions of the Foreign Service Travel Regulations.

(3) Reduced rates on U.S. flag carriers. Reduced rates on United States flag carriers are in effect for shipments of household goods and personal effects of USAID contract personnel. These reduced rates are available provided the shipper states on the bill of lading that the cargo is "Personal property-not for resale-payment of freight charges is at U.S. Government (USAID) expense and any special or diplomatic discounts accorded this type cargo are applicable." The Contractor will not be reimbursed for shipments of household goods or personal effects in an

amount in excess of the reduced rates available in accordance with the foregoing.

(a) It is USAID policy that USAID-financed commodities and shipping containers, and project construction sites and other project locations be suitably marked with the USAID emblem. Shipping containers are also to be marked with the last five digits of the USAID financing document number. As a general rule, marking is not required for raw materials shipped in bulk (such as coal, grain, etc.), or for semifinished products which are not packaged.

(b) Specific guidance on marking requirements should be obtained prior to procurement of commodities to be shipped, and as early as possible for project construction sites and other project locations. This guidance will be provided through the cognizant technical office indicated on the cover page of this contract, or by the Mission Director in the Cooperating Country to which commodities are being shipped, or in which the project site is located.

(c) Authority to waive marking requirements is vested with the Regional Assistant Administrators, and with Mission Directors.

(d) A copy of any specific marking instructions or waivers from marking requirements is to be sent to the Contracting Officer; the

original should be retained by the Contractor.

752.7010 Conversion of U.S. dollars to local currency.

For use in all USAID non-commercial contracts involving performance overseas.

CONVERSION OF U.S. DOLLARS TO LOCAL CURRENCY (APR 1984)

Upon arrival in the Cooperation Country, and from time to time as appropriate, the Contractor's Chief of Party shall consult with the Mission Director who shall provide, in writing, the procedure the Contractor and its employees shall follow in the conversion of United States dollars to local currency. This may include, but is not limited to, the conversion of said currency through the cognizant U.S. Disbursing Officer or Mission Controller, as appropriate.

752.7011 Orientation and language training.

For use in all USAID cost-reimbursement contracts involving performance overseas.

ORIENTATION AND LANGUAGE TRAINING (APR 1984)

(a) Regular employees shall receive a maximum of 2 weeks USAID sponsored orientation before travel overseas. The dates of orientation shall be selected by the Contractor from the orientation schedule provided by USAID.

(b) Participation in USAID sponsored orientation in no way relieves the Contractor of its responsibility for assuring that all employees, regular and short-term, are properly oriented. As an addition to or substitution for USAID's sponsored orientation for regular employees, the following types of orientation may be authorized taking into consideration specific job requirements, the employee's prior overseas experience, or unusual circumstances.

(1) Modified orientation.

(2) Language training, particularly when significant for operating capabilities.

(3) Orientation and language training for regular employee's dependents.

(4) Contractor-sponsored orientation.

(5) Orientation in all matters related to the administrative, logistical, and technical aspects of the employee's movement to, and tour of duty in, the Cooperating Country.

(c) Authorization for an additional or alternate orientation program, if any, shall be

either set forth in the schedule or provided in writing by the Contracting Officer.

(d) Travel expenses not to exceed one round trip from regular employee's residence to place of orientation and return will be reimbursed, pursuant to the cost principles applicable to this contract. Allowable salary costs during the period of orientation are also reimbursable.

752.7012 Protection of the individual as a research subject.

This clause is for use in any USAID contract which involves research using human subjects.

PROTECTION OF THE INDIVIDUAL AS A RESEARCH SUBJECT (AUG 1995)

(a) Safeguarding the rights and welfare of human subjects in research conducted under a USAID contract is the responsibility of the contractor. USAID has adopted the Common Federal Policy for the Protection of Human Subjects. USAID's Policy is found in Part 225 of Title 22 of the Code of Federal Regulations (the "Policy"). Additional interpretation, procedures, and implementation guidance of the Policy are found in USAID General Notice entitled "Procedures for the Protection of Human Subjects in Research Supported by USAID", issued April 19, 1995, as from time to time amended (a copy of which is attached to this contract). USAID's Cognizant Human Subjects Officer (CHSO) and USAID/W has oversight, guidance, and interpretation responsibility for the Policy.

(b) Contractors must comply with the Policy when humans are the subject of research, as defined in 22 CFR 225.102(d), performed as part of the contract, and contractors must provide "assurance", as required by 22 CFR 225.103, that they follow and abide by the procedures in the Policy. See also Section 5 of the April 19, 1995, USAID General Notice which sets forth activities to which the Policy is applicable. The existence of a bona fide, applicable assurance approved by the Department of Health and Human Services (HHS) such as the "multiple project assurance" (MPA) will satisfy this requirement. Alternatively, contractors can provide an acceptable written assurance to USAID as described in 22 CFR 225.103. Such assurances must be determined by the CHSO to be acceptable prior to any applicable research being initiated or conducted under the contract. In some limited instances outside the U.S., alternative systems for the protection of human subjects may be used provided they are deemed "at least equivalent" to those outlined in Part 225 (see 22 CFR 225.101(h)). Criteria and procedures for making this determination are described in the General Notice cited in the preceding paragraph.

(c) Since the welfare of the research subject is a matter of concern to USAID as well

752.7013

as to the contractor, USAID staff, consultants and advisory groups may independently review and inspect research, and research processes and procedures involving human subjects, and based on such findings, the CHSO may prohibit research which presents unacceptable hazards or otherwise fails to comply with USAID procedures. Informed consent documents must include the stipulation that the subject's records may be subject to such review.

752.7013 Contractor-mission relationships.

For use in all USAID contracts involving performance overseas. Note that paragraph (f) of this clause is applicable only in contracts with an educational institution.

CONTRACTOR-MISSION RELATIONSHIPS (OCT 1989)

(a) The Contractor acknowledges that this contract is an important part of the United States Foreign Assistance Program and agrees that its operations and those of its employees in the Cooperating Country will be carried out in such a manner as to be fully commensurate with the responsibility which this entails.

(b) The Mission Director is the chief representative of USAID in the Cooperating Country. In this capacity, he/she is responsible for both the total USAID program in the cooperating country including certain administrative responsibilities set forth in this contract, and for advising USAID regarding the performance of the work under the contract and its effect on the United States Foreign Assistance Program. Although the Contractor will be responsible for all professional, technical, and administrative details of the work called for by the contract, it shall be under the guidance of the Mission Director in matters relating to foreign policy. The Chief of Party shall keep the Mission Director currently informed of the progress of the work under the contract.

(c) In the event the conduct of any Contractor employee is not in accordance with the preceding paragraphs, the Contractor's Chief of Party shall consult with the Mission Director and the employee involved and shall recommend to the Contractor a course of action with regard to such employee.

(d) The parties recognize the right of the U.S. Ambassador to direct the removal from a country of any U.S. citizen or the discharge from this contract of any third-country national or cooperating-country national when, at the discretion of the Ambassador, the interests of the United States so require. Under these circumstances termination of an

48 CFR Ch. 7 (10-1-03 Edition)

employee and replacement by an acceptable substitute shall be at no cost to USAID.

(e) If it is determined that the services of such employee shall be terminated, the Contractor shall use its best efforts to cause the return of such employee to the United States or point of origin as appropriate.

[The following paragraph (f) is applicable if the contract is with an educational institution:]

(f) It is understood by the parties that the Contractor's responsibilities shall not be restrictive of academic freedom. Notwithstanding these academic freedoms, the Contractor's employees, while in the Cooperating Country, are expected to show respect for its conventions, customs, and institutions, to abide by applicable laws and regulations, and not to interfere in its internal political affairs.

(a) Changes in travel, differential, and allowance regulations shall be effective on the beginning of the Contractor's next pay period following the effective date of the change as published in the applicable travel regulations (the Standardized Regulations (Government Civilians, Foreign Areas), the Uniform State/USAID/USIA Foreign Service Travel Regulations, and the Federal Travel Regulations).

(b) The Standardized Regulations (Government Civilians Foreign Areas), and the Federal Travel Regulations are available from the Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402.

(c) Information regarding the Uniform State/USAID/USIA Foreign Service Travel Regulations as referenced in the "Travel and Transportation" clause of this contract may be obtained from the Contracting Officer.

752.7015 Use of pouch facilities.

For use in all USAID non-commercial contracts exceeding the simplified acquisition threshold and involving performance overseas.

Agency for International Development

752.7016

USE OF POUCH FACILITIES (JUL 1997)

(a) Use of diplomatic pouch is controlled by the Department of State. The Department of State has authorized the use of pouch facilities for USAID contractors and their employees as a general policy, as detailed in paragraphs (a)(1) through (a)(7) of this clause; however, the final decision regarding use of pouch facilities rests with the Embassy or USAID Mission. In consideration of the use of pouch facilities as hereinafter stated, the Contractor and its employees agree to indemnify and hold harmless the Department of State and USAID against loss or damage occurring in pouch transmission.

(1) Contractors and their employees are authorized use of the pouch for transmission and receipt of up to a maximum of 2 pounds per shipment of correspondence and documents needed in the administration of foreign assistance programs.

(2) U.S. citizen employee of U.S. contractors are authorized use of the pouch for personal mail up to a maximum of one pound per shipment (but see paragraph (a)(3) of this clause).

(3) Merchandise, parcels, magazines, or newspapers are not considered to be personal mail for purposes of this clause, and are not authorized to be sent or received by pouch.

(4) Official mail as authorized by paragraph (a)(1) of this clause should be addressed as follows: Individual or Organization name, followed by the symbol "C", city Name of Post, U.S. Agency for International Development, Washington, DC 20523-0001.

(5) Personal mail pursuant to paragraph (a)(2) of this clause should be sent to the address specified in paragraph (a)(4) of this clause, but without the name of the organization.

(6) Mail sent via the diplomatic pouch may not be in violation of U.S. Postal laws and may not contain material ineligible for pouch transmission.

(7) USAID contractor personnel are not authorized use of military postal facilities (APO/FPO). This is an Adjutant General's decision based on existing laws and regulations governing military postal facilities and is being enforced worldwide. Posts having access to APO/FPO facilities and using such for diplomatic pouch dispatch, may, however, accept official mail from Contractors and letter mail from their employees for the pouch, provided of course, adequate postage is affixed.

(b) The Contractor shall be responsible for advising its employees of this authorization and these guidelines and limitations on use of pouch facilities.

(c) Specific additional guidance on use of pouch facilities in accordance with this clause is available from the Post Commu-

nication Center at the Embassy or USAID Mission.

752.7016 Family planning and population assistance activities.

The following clause is applicable to all contracts involving any aspect of family planning or population activities.

FAMILY PLANNING AND POPULATION ASSISTANCE ACTIVITIES (AUG 1986)

(a) *Voluntary Participation.* (1) The Contractor agrees to take any steps necessary to ensure that funds made available under this contract will not be used to coerce any individual to practice methods of family planning inconsistent with such individual's moral, philosophical, or religious beliefs. Further, the Contractor agrees to conduct its activities in a manner which safeguards the rights, health and welfare of all individuals who take part in the program.

(2) Activities which provide family planning services or information to individuals, financed in whole or in part under this contract, shall provide a broad range of family planning methods and services available in the country which the activity is conducted or shall provide information to such individuals regarding where such methods and services may be obtained.

(b) *Prohibition on Abortion-related Activities.* No funds made available under this Contract shall be used to finance, support, or be attributed to the following activities: (i) Procurement or distribution of equipment intended to be used for the purposes of inducing abortions as a method of family planning; (ii) special fees or incentives to women to coerce or motivate them to have abortions; (iii) payments to persons to perform abortions or to solicit persons to undergo abortions; (iv) information, education, training, or communication programs that seek to promote abortion as a method of family planning; (v) any biomedical research which relates, in whole or in part, to methods of, or the performance of, abortions or involuntary sterilization as a means of family planning (epidemiologic or descriptive research to assess the incidence, extent or consequences of abortion is not precluded); or (vi) lobbying for abortion.

(c) *Voluntary Participation Requirements for Sterilization Programs.* (1) None of the funds made available under this contract shall be used to pay for the performance of involuntary sterilizations or to coerce or provide any financial incentive to any person to practice sterilizations.

(2) The Contractor shall insure that any surgical sterilization procedures supported in whole or in part by funds from the contract are performed only after the individual has voluntarily come to the treatment facility and has given an informed consent to the sterilization procedure. Informed consent means the voluntary knowing assent from the individual given after being advised of the surgical procedures to be followed, the attendant discomforts and risks, the benefits to be expected, the availability of alternative methods of family planning, the purpose of the operation and its irreversibility, and the fact that the consent can be withdrawn at any time prior to the operation. An individual's consent is considered voluntary if it is based upon the exercise of free choice and is not obtained by any special inducement or any element of force, fraud, deceit, duress or other forms of coercion or misrepresentation.

(3) Further, the Contractor shall document the patient's informed consent by: (i) A written consent document in a language the patient understands and speaks, which explains the basic elements of informed consent, as set out above, and which is signed by the individual and by the attending physician or by the authorized assistant of the attending physician; or (ii) when a patient is unable to read adequately a written certification signed by the attending physician or by the authorized assistant of the attending physician that the basic elements of informed consent above were orally presented to the patient, and that the patient thereafter consented to the performance of the operation. The receipt of the oral explanation shall be acknowledged by the patient's mark on the certification and by the signature or mark of the witness who shall be of the same sex and speak the same language as the patient.

(4) Copies of the informed consent forms and certification documents for each voluntary sterilization (VS) procedure must be retained by the performing Contractor or subcontractor for a period of three years after the performance of the sterilization procedure.

(d) The Contractor shall insert the substance of this clause in any subgrants, subcontracts, purchase orders, and other subordinate agreements hereunder whenever appropriate to the goods and services to be provided under such agreements.

752.7018 Health and accident coverage for USAID participant trainees.

For use in any USAID contract under which USAID participants are trained.

HEALTH AND ACCIDENT COVERAGE FOR USAID PARTICIPANT TRAINEES (JAN 1999)

(a) In accordance with the requirements of USAID Automated Directive System (ADS) 253.5.6b, the Contractor shall enroll all non-U.S. trainees (hereinafter referred to as "participants"), whose training in the U.S. is financed by USAID under this contract, in USAID's Health and Accident Coverage (HAC) program. Sponsored trainees enrolled in third-country or in-country training events are not eligible for USAID's HAC program, but the Contractor may obtain alternative local medical and accident insurance at contract expense, provided the cost is consistent with the cost principles in FAR 31.2.

(b) When enrollment in the HAC program is required per paragraph (a) of this clause, the Contractor must enroll each participant in the HAC program through one of two designated contractors prior to the initiation of travel by the participant. USAID has developed an Agency-wide database training management system, the Training Results and Information Network ("TraiNet"), which is the preferred system for managing USAID's participant training program, including enrollment in the HAC program. However, until such time as the USAID sponsoring unit (as defined in ADS 253) has given the Contractor access to USAID's "TraiNet" software for trainee tracking and HAC enrollment, the Contractor must fill out and mail the Participant Data Form (PDF) (Form USAID 1381-4) to USAID. The Contractor can obtain information regarding each HAC program contractor, including contact information, and a supply of the PDF forms and instructions for completing and submitting them, by contacting the data base contractor serving the Global Center for Human Capacity Development (G/HCD).

(c) The Contractor must ensure that HAC enrollment begins immediately upon the participant's departure for the United States for the purpose of participating in a training program financed by USAID, and that enrollment continues in full force and effect until the participant returns to his/her country of origin, or is released from USAID's responsibility, whichever is the sooner.

(1) The HAC insurance provider, not the Contractor, shall be responsible for paying all reasonable and necessary medical reimbursement charges not otherwise covered by student health service or other insurance programs, subject to the availability of funds for such purposes, in accordance with the standards of coverage established by USAID under its HAC program and by the HAC providers' contracts.

(2) After HAC enrollment, upon receipt of HAC services invoice from the selected HAC provider, the Contractor shall submit payment directly to the HAC provider.

Agency for International Development

752.7022

(3) The Contractor is responsible for ensuring that participants and any stakeholders (as defined in ADS 253) are advised that USAID is not responsible for any medical claims in excess of the coverages provided by the HAC program, or for medical claims not eligible for coverage under the HAC program, or not otherwise covered in this section.

(d) The Contractor, to the extent that it is an educational institution with a mandatory student health service program, shall also enroll participants in that institution's student health service program. Medical costs which are covered under the institution's student health service shall not be eligible for payment under USAID's HAC program.

(e) If the Contractor has a mandatory, non-waivable health and accident insurance program for students, the costs of such insurance will be allowable under this contract. Any claims eligible under such insurance will not be payable under USAID's HAC plan or under this contract. Even though the participant is covered by the Contractor's mandatory, non-waivable health and accident insurance program, the participant MUST be enrolled in USAID's more comprehensive HAC program.

(f) Medical conditions pre-existing to the participant's sponsorship for training by USAID, discovered during the required pre-departure medical examination, are grounds for ineligibility for sponsorship unless specifically waived by the sponsoring unit, and covered through a separate insurance policy maintained by the participant or his employer, or a letter of guarantee from the participant or the employer (which thereby assumes liability for any related charges that might materialize. See ADS 253).

752.7019 Participant training.

For use in any USAID direct contract involving training of USAID participants.

PARTICIPANT TRAINING (JAN 1999)

(a) *Definitions.* (1) Participant training is the training of any foreign national outside of his or her home country, using USAID funds.

(2) A Participant is any foreign national being trained under this contract outside of his or her country.

(b) *Applicable regulations.* Participant training conducted under this contract shall comply with the policies and essential procedures pertaining to training-related services contained in USAID Automated Directive System (ADS) Ch. 253 "Training for Development Impact". Any exceptions to ADS 253 requirements are specified as such within this contract. The current version of Chapter

253 may be obtained directly from the USAID website at <http://www.info.usaid.gov/pubs/ads/200>.

(c) The contractor shall be reimbursed for the reasonable and allocable costs incurred in providing training to participants in the United States or other approved location provided such costs do not exceed the limitations in, or have been waived in accordance with, ADS 253.5.5.

NOTE: Academic rates are available through a special website monitored by the United States Information Agency. The website for academic programs is: <http://www.iie.org/fulbright/posts/restrict>. 752.7021 Changes in tuition and fees.

For use in contracts for participant training with an educational institution.

CHANGES IN TUITION AND FEES (APR 1984)

While educational programs for participants will be established utilizing the Contractor's currently applicable tuition and fee schedule, the parties understand that such standard tuition and fees may be subject to change during the course of the program. If such event results in an increase in the cost of the program, USAID agrees to pay such increased standard tuition and fees in the next applicable academic term as a condition for the continuation of the program. If such change results in a decrease in the cost of the program, the Contractor agrees to charge to USAID only the amount of such revised standard tuition and fees in the next applicable academic term. The Contractor shall undertake to keep USAID currently advised as to changes in its standard tuition and fees. At such time as increases in the amounts of tuition and fees results in there being inadequate funds remaining in this contract to meet the costs of the next academic term, the Contractor will so advise USAID. USAID may then provide such additional funds as required to complete the program.

752.7022 Conflicts between contract and catalog.

For use in contracts for participant training with an educational institution.

752.7023

CONFLICTS BETWEEN CONTRACT AND CATALOG
(APR 1984)

In the event of any inconsistency between the provisions of this contract and any catalog, or other document incorporated in this contract by reference or otherwise or any of the Contractor's rules and regulations, the provisions of this contract shall govern.

752.7023 Required visa form for USAID participants.

For use in any USAID direct contract which involves training of USAID participants.

REQUIRED VISA FORM FOR USAID
PARTICIPANTS (APR 1984)

The Contractor shall insure that any foreign student brought to the United States for training under this contract uses visa form IAP 66A "Certificate for Exchange Visitor (J-1) Status".

752.7024 Withdrawal of students.

For use in contracts for participant training with an educational institution.

WITHDRAWAL OF STUDENTS (APR 1984)

- (a) The Government may, at its option and at any time, withdraw any student.
- (b) The Contractor may request withdrawal by the Government of any student for academic or disciplinary reasons.
- (c) If such withdrawal occurs prior to the end of a term, the Government shall pay any tuition and fees due for the current term in which the student may be enrolled, and the Contractor shall credit the Government with any charges eligible for refund under the Contractor's standard procedures for civilian students in effect on the effective date of such withdrawal.
- (d) Withdrawal of students by the Government shall not be the basis for any special charge or claim by the Contractor other than as provided by the Contractor's standard procedures.

752.7025 Approvals.

For use in all USAID contracts.

APPROVALS (APR 1984)

All approvals required to be given under the contract by the Contracting Officer or the Mission Director shall be in writing and, except when extraordinary circumstances make it impracticable, shall be requested by the Contractor sufficiently in advance of the contemplated action to permit approval, disapproval or other disposition prior to that action. If, because of existing conditions, it is impossible to obtain prior written ap-

PERSONNEL (DEC 1990)

 - (1) *Individuals Engaged or Assigned Within the United States.* The contractor will obtain written notification from the Contracting Officer of Cooperating Country clearance of any employee sent outside the United States to perform duties under this contract.
 - (2) *Individuals Engaged or Assigned When Outside the United States.* No individual shall be engaged or assigned when outside the United States to perform work outside the United States under this contract unless authorized in the schedule or otherwise approved by the Contracting Officer or Mission Director. However, when services are performed in the Cooperating Country on a casual or irregular basis or in an emergency, exception to this provision can be made in accordance with instructions or regulations established by the Mission Director.
- (b) *Physical fitness of employees and dependents.* See the clause of this contract entitled Physical Fitness.
- (c) *Conformity to laws and regulations of Cooperating Country.* Contractor agrees to use its best efforts to assure that its employees and their dependents, while in the Cooperating Country, abide by all applicable laws and regulations of the Cooperating Country and political subdivisions thereof.
- (d) *Importation or sale of personal property or automobiles.* To the extent permitted by Cooperating Country laws, the importation and sale of personal property or automobiles by contractor employees and their dependents in the Cooperating Country shall be subject to the same limitations and prohibitions which apply to U.S. nationals employed by the Mission. This provision does not apply to employees or consultants who are citizens or legal residents of the Cooperating Country.
- (e) *Economic and Financial Activities.* Other than work to be performed under this contract for which an employee or consultant is assigned by the contractor, no such employee or consultant of the contractor shall engage, directly or indirectly, either in his/her own name or in the name or through the agency of another person, in any business, profession or occupation in the Cooperating Country or other foreign countries to which he/she is assigned, nor shall he make loans or investments to or in any business, profession

or occupation in the Cooperating Country or other foreign countries in which he/she is assigned. This provision does not apply to employees or consultants who are citizens or legal residents of the Cooperating Country.

[The following paragraphs (f) and (g) are applicable only to cost reimbursement contracts.]

(f) *Duration of Appointments.* (1) Regular employees will normally be appointed for a minimum of 2 years which period includes orientation (less language training) in the United States and authorized international travel under the contract except:

(i) An appointment may be made for less than 2 years if the contract has less than 2 years but more than 1 year to run provided that if the contract is extended the appointment shall also be extended to the full 2 years. This provision shall be reflected in the employment agreement prior to employment under this contract.

(ii) When a 2-year appointment is not required, appointment may be made for less than 2 years but in no event less than 1 year.

(iii) When the normal tour of duty established for USAID personnel at a particular post is less than 2 years, then a normal appointment under this contract may be of the same duration.

(iv) When the contractor is unable to make appointments of regular employees for a full 2 years, the contractor may make appointments of less than 2 but not less than 1 year, provided that such appointment is approved by the Contracting Officer.

(2) Services required for less than 1 year will be considered short-term appointments and the employee will be considered a short-term employee.

(g) *Employment of Dependents.* If any person who is employed for services in the Cooperating Country under this contract is either (1) a dependent of an employee of the U.S. Government working in the Cooperating Country, or (2) a dependent of a contractor employee working under a contract with the U.S. Government in the Cooperating Country, such person shall continue to hold the status of a dependent. He or she shall be entitled to salary for the time services are actually performed in the Cooperating Country, and differential and allowances as established by the Standardized Regulations (Government Civilians, Foreign Areas).

(End of clause)

[56 FR 7587, Feb. 25, 1991, as amended at 62 FR 40471, July 29, 1997]

752.7028 Differential and allowances.

The following clause is for use in all USAID cost reimbursement contracts performed in whole or in part overseas.

DIFFERENTIALS AND ALLOWANCES (JUL 1996)

(This clause does not apply to TCN or CCN employees. TCN and CCN employees are not eligible for differentials and allowances, unless specifically authorized by the cognizant Assistant Administrator or Mission Director. A copy of such authorization shall be retained and made available as part of the contractor's records which are required to be preserved and made available by the "Examination of Records by the Comptroller General" and "Audit" clauses of this contract).

(a) *Post differential.* Post differential is an additional compensation for service at places in foreign areas where conditions of environment differ substantially from conditions of environment in the continental United States and warrant additional compensation as a recruitment and retention incentive. In areas where post differential is paid to USAID direct-hire employees, post differential not to exceed the percentage of salary as is provided such USAID employees in accordance with the Standardized Regulations (Government Civilians, Foreign Areas), Chapter 500 (except the limitation contained in Section 552, "Ceiling on Payment") Tables-Chapter 900, as from time to time amended, will be reimbursable hereunder for employees in respect to amounts earned during the time such employees actually spend overseas on work under this contract. When such post differential is provided to regular employees of the Contractor, it shall be payable beginning on the date of arrival at the post of assignment and continue, including periods away from post on official business, until the close of business on the day of departure from post of assignment en route to the United States. Sick or vacation leave taken at or away from the post of assignment will not interrupt the continuity of the assignment or require a discontinuance of such post differential payments, provided such leave is not taken within the United States or the territories of the United States. Post differential will not be payable while the employee is away from his/her post of assignment for purposes of home leave. Short-term employees shall be entitled to post differential beginning with the forty-third (43rd) day at post.

(b) *Living quarters allowance.* Living quarters allowance is an allowance granted to reimburse an employee for substantially all of his/her cost for either temporary or residence quarters whenever Government-owned or Government-rented quarters are not provided to him/her at his/her post without charge. Such costs are those incurred for temporary lodging (temporary lodging allowance) or one unit of residence quarters (living quarters allowance) and include rent, plus any costs not included therein for heat, light, fuel, gas, electricity and water. The temporary lodging allowance and the living

quarters allowance are never both payable to an employee for the same period of time. The Contractor will be reimbursed for payments made to employees for a living quarters allowance for rent and utilities if such facilities are not supplied. Such allowance shall not exceed the amount paid USAID employees of equivalent rank in the Cooperating Country, in accordance with either the Standardized Regulations (Government Civilians, Foreign Areas), Chapter 130, as from time to time amended, or other rates approved by the Mission Director. Subject to the written approval of the Mission Director, short-term employees may be paid per diem (in lieu of living quarters allowance) at rates prescribed by the Federal Travel Regulations, as from time to time amended, during the time such short-term employees spend at posts of duty in the Cooperating Country under this contract. In authorizing such per diem rates, the Mission Director shall consider the particular circumstances involved with respect to each such short-term employee including the extent to which meals and/or lodging may be made available without charge or at nominal cost by an agency of the United States Government or of the Cooperating Government, and similar factors.

(c) *Temporary quarters subsistence allowance.* Temporary quarters subsistence allowance is a quarters allowance granted to an employee for the reasonable cost of temporary quarters incurred by the employee and his family for a period not in excess of (i) 90 days after first arrival at a new post in a foreign area or a period ending with the occupation of residence (permanent) quarters, if earlier, and (ii) 30 days immediately preceding final departure from the post subsequent to the necessary vacating of residence quarters, unless an extension is authorized in writing by the Mission Director. The Contractor will be reimbursed for payments made to employees and authorized dependents for temporary quarters subsistence allowance, in lieu of living quarters allowance, not to exceed the amount set forth in the Standardized Regulations (Government Civilians, Foreign Areas), Chapter 120, as from time to time amended.

(d) *Post allowance.* Post allowance is a cost-of-living allowance granted to an employee officially stationed at a post where the cost of living, exclusive of quarters cost, is substantially higher than in Washington, DC. The Contractor will be reimbursed for payments made to employees for post allowance not to exceed those paid USAID employees in the Cooperating Country, in accordance with the Standardized Regulations (Government Civilians, Foreign Areas), Chapter 220, as from time to time amended.

(e) *Supplemental post allowance.* Supplemental post allowance is a form of post allowance granted to an employee at his/her post

when it is determined that assistance is necessary to defray extraordinary subsistence costs. The Contractor will be reimbursed for payments made to employees for supplemental post allowance not to exceed the amount set forth in the Standardized Regulations (Government Civilians, Foreign Areas), Chapter 230, as from time to time amended.

(f) *Educational allowance.* Educational allowance is an allowance to assist an employee in meeting the extraordinary and necessary expenses, not otherwise compensated for, incurred by reason of his/her service in a foreign area in providing adequate elementary and secondary education for his/her children. The Contractor will be reimbursed for payments made to regular employees for educational allowances for their dependent children in amounts not to exceed those set forth in the Standardized Regulations (Government Civilians, Foreign Areas), Chapter 270, as from time to time amended.

(g) *Educational travel.* Educational travel is travel to and from a school in the United States for secondary education (in lieu of an educational allowance) and for college education. The Contractor will be reimbursed for payments made to regular employees for educational travel for their dependent children provided such payment does not exceed that which would be payable in accordance with the Standardized Regulations (Government Civilians, Foreign Areas), Chapter 280, as from time to time amended. Educational travel shall not be authorized for regular employees whose assignment is less than two years.

(h) *Separate maintenance allowance.* Separate maintenance allowance is an allowance to assist an employee who is compelled, by reason of dangerous, notably unhealthful, or excessively adverse living conditions at his/her post of assignment in a foreign area, or for the convenience of the Government, to meet the additional expense of maintaining his/her dependents elsewhere than at such post. The Contractor will be reimbursed for payments made to regular employees for a separate maintenance allowance not to exceed that made to Aid employees in accordance with the Standardized Regulations (Government Civilians, Foreign Areas), Chapter 260, as from time to time amended.

(i) *Payments during evacuation.* The Standardized Regulations (Government Civilians, Foreign Areas) provide the authority for efficient, orderly, and equitable procedure for the payment of compensation, post differential and allowances in the event of an emergency evacuation of employees or their dependents, or both, from duty stations for military or other reasons or because of imminent danger to their lives. If evacuation has been authorized by the Mission Director

Agency for International Development

752.7031

the Contractor will be reimbursed for payments made to employees and authorized dependents evacuated from their post of assignment in accordance with the Standardized Regulations (Government Civilians, Foreign Areas), Chapter 600, and the Federal Travel Regulations, as from time to time amended.

(j) *Danger pay allowance.* (1) The contractor will be reimbursed for payments made to its employees for danger pay not to exceed that paid USAID employees in the cooperating country, in accordance with the Standardized Regulations (Government Civilians, Foreign Areas), Chapter 650, as from time to time amended.

(2) Danger pay is an allowance that provides additional compensation above basic compensation to an employee in a foreign area where civil insurrection, civil war, terrorism or wartime conditions threaten physical harm or imminent danger to the health or well-being of the employee. The danger pay allowance is in lieu of that part of the post differential which is attributable to political violence. Consequently, the post differential may be reduced while danger pay is in effect to avoid dual crediting for political violence.

752.7029 Post privileges.

For use in all USAID non-commercial contracts involving performance overseas.

POST PRIVILEGES (JUL 1993)

(a) Routine health room services may be available, subject to post policy, to U.S. citizen contractors and their authorized dependents (regardless of citizenship) at the post of duty. These services do not include hospitalization, or predeparture or end of tour medical examinations. The services normally include such medications as may be available, immunizations and preventive health measures, diagnostic examinations and advice, and home visits as medically indicated. Emergency medical treatment is provided to U.S. citizen employees and dependents, whether or not they may have been granted access to routine health room services, on the same basis as it would be to any U.S. citizen in an emergency medical situation in the country.

(b) Privileges such as the use of APO, PX's, commissaries, and officer's clubs are established at posts abroad pursuant to agreements between the U.S. and Cooperating Governments. These facilities are intended for and usually limited to members of the official U.S. establishment including the Em-

bassy, USAID Mission, U.S. Information Service, and the Military. Normally, the agreements do not permit these facilities to be made available to nonofficial Americans.

752.7030 Inspection trips by contractor's officers and executives.

For use in cost reimbursement contracts with an educational institution involving performance overseas.

INSPECTION TRIPS BY CONTRACTOR'S OFFICERS AND EXECUTIVES (APR 1984)

Provided it is approved by the Mission Director, the Contractor may send the Campus Coordinator, a professional member of its staff as an alternate to the Campus Coordinator, or such of its senior officials (e.g., president, vice presidents, deans, or department heads) to the Cooperating Country as may be required to review the progress of the work under this contract. Except for the Campus Coordinator or his/her alternate, no direct salary charges will be paid hereunder with respect to any such officials.

752.7031 Leave and holidays.

For use in all USAID cost-reimbursement contracts for technical or professional services.

LEAVE AND HOLIDAYS (OCT 1989)

(a) *Vacation leave.* (1) The Contractor may grant to its employees working under this contract vacations of reasonable duration in accordance with the Contractor's practice for its employees, but in no event shall such vacation leave be earned at a rate exceeding 26 work days per annum. Reimbursement for vacation leave is limited to the amount earned by employees while serving under this contract.

For regular employees during their tour of duty in the Cooperating Country, vacation leave is provided under this contract primarily for purposes of affording necessary rest and recreation. The Contractor's Chief of Party, the employee and the Cooperating Country institution associated with this project shall develop vacation leave schedules early in the employee's tour of duty taking into consideration project requirements, employee preference and other factors.

(2) Leave taken during the concluding weeks of an employee's tour shall be included in the established leave schedule and be limited to that amount of leave which can be earned during a twelve-month period unless approved in accordance with paragraph (a)(3) of this clause.

(3) Vacation leave earned but not taken by the end of the employee's tour pursuant to paragraphs (a) (1) and (2) of this clause will be forfeited unless the requirements of the project precluded the employee from taking such leave, and the Contracting Officer (with the endorsement of the Mission) approves one of the following as an alternative:

(i) Taking, during the concluding weeks of the employee's tour, leave not permitted under (a)(2) of this section, or

(ii) Lump-sum payment for leave not taken provided such leave does not exceed the number of days which can be earned by the employee during a twelve-month period.

(b) *Sick Leave.* Sick leave is earned by employees in accordance with the Contractor's usual practice but not to exceed 13 work days per annum or 4 hours every 2 weeks. Additional sick leave after use of accrued vacation leave may be advanced in accordance with Contractor's usual practice, if in the judgment of the Contractor's Chief of Party it is determined that such additional leave is in the best interest of the project. In no event shall such additional leave exceed 30 days. The Contractor agrees to reimburse USAID for leave used in excess of the amount earned during the employee's assignment under this contract. Sick leave earned and unused at the end of a regular tour of duty may be carried over to an immediately-succeeding tour of duty under this contract. The use of home leave authorized under this clause shall not constitute a break in service for the purpose of sick leave carry-over. Contractor employees will not be compensated for unused sick leave at the completion of their duties under this contract.

(c) *Home leave.* (1) Home leave is leave earned for service abroad for use only in the United States, in the Commonwealth of Puerto Rico, or in the possessions of the United States.

(2) A regular employee who is a U.S. citizen or resident and has served at least 2 years overseas, as defined in paragraph (c)(4) of this clause, under this contract and has not taken more than 30 workdays leave (vacation, sick, or leave without pay) in the United States, may be granted home leave of not more than 15 workdays for each such year of service overseas, provided that such regular employee agrees to return overseas upon completion of home leave under an additional 2 year appointment, or for a shorter period of not less than 1 year of overseas service under the contract if the Mission Director has approved in advance. Home leave must be taken in the United States, the Commonwealth of Puerto Rico, or the possessions of the United States; any days spent elsewhere will be charged to vacation leave or leave without pay.

(3) Notwithstanding the requirement in paragraph (c)(2), of this clause, that the Contractor's regular employee must have served

2 years overseas under this contract to be eligible for home leave, Contractor may grant advance home leave to such regular employee subject to all of the following conditions:

(i) Granting of advance home leave would in each case serve to advance the attainment of the objectives of this contract;

(ii) The regular employee shall have served a minimum of 18 months in the Cooperating Country on his/her current tour of duty under this contract; and

(iii) The regular employee shall have agreed to return to the Cooperating Country to serve out the remainder of his/her current tour of duty and an additional 2 year appointment under this contract, or such other additional appointment of not less than 1 year of overseas service as the Mission Director may approve.

(4) The period of service overseas required under paragraph (c)(2) or paragraph (c)(3) of this clause shall include the actual days spent in orientation in the United States (less language training) and the actual days overseas beginning on the date of departure from the United States port of embarkation on international travel and continuing, inclusive of authorized delays en route, to the date of arrival at the United States port of debarkation from international travel. Allowable vacation and sick leave taken while overseas, but not leave without pay, shall be included in the required period of service overseas. An amount equal to the number of days vacation and sick leave taken in the United States, the Commonwealth of Puerto Rico, or the possessions of the United States will be added to the required period of service overseas.

(5) Salary during travel to and from the United States for home leave will be limited to the time required for travel by the most expeditious air route. The Contractor will be responsible for reimbursing USAID for salary payments made during home leave if in spite of the undertaking of the new appointment the regular employee, except for reasons beyond his/her control as determined by the Contracting Officer, does not return overseas and complete the additional required service. Unused home leave is not reimbursable under this contract.

(6) To the extent deemed necessary by the Contractor, regular employees in the United States on home leave may be authorized to spend not more than 5 days in work status for consultation at home office/campus or at USAID/Washington before returning to their post of duty. Consultation at locations other than USAID/Washington or home office/campus, as well as any time in excess of 5 days spent for consultation, must be approved by the Mission Director or the Contracting Officer.

(7) Except as provided in the schedule or approved by the Mission Director or the Contracting Officer, home leave is not authorized for TCN or CCN employees.

(End of clause)

[55 FR 6805, Feb. 27, 1990]

(d) *Holidays.* Holidays for Contractor employees serving in the United States shall be in accordance with the Contractor's established policy and practice. Holidays for Contractor employees serving overseas should take into consideration local practices and shall be established in collaboration with the Mission Director.

752.7033 Physical fitness.

For use in all USAID contracts involving performance overseas.

PHYSICAL FITNESS (JUL 1997)

(e) *Military leave.* Military leave of not more than 15 calendar days in any calendar year may be granted in accordance with the Contractor's usual practice to each regular employee whose appointment is not limited to 1 year or less and who is a reservist of the United States Armed Forces, provided that such military leave has been approved in advance by the cognizant Mission Director or Assistant Administrator. A copy of any such approval shall be provided to the Contracting Officer.

(The requirements of this provision do not apply to employees hired in the Cooperating Country or to authorized dependents who were already in the Cooperating Country when their sponsoring employee was hired.)

(f) *Leave Records.* The Contractor's leave records shall be preserved and made available as part of the contractor's records which are required to be preserved and made available by the Examination of Records by the Comptroller General and Audit clauses of this contract.

(a) *Assignments of less than 60 days in the Cooperating Country.* The contractor shall require employees being assigned to the Cooperating Country for less than 60 days to be examined by a licensed doctor of medicine. The contractor shall require the doctor to provide to the contractor a written statement that in his/her medical opinion the employee is physically qualified to engage in the type of activity for which he/she is employed and the employee is physically able to reside in the country to which he/she is assigned. Under a cost reimbursement contract, if the contractor has no written statement of medical opinion on file prior to the departure for the Cooperating Country of any employee and such employee is unable to perform the type of activity for which he/she is employed or cannot complete his/her tour of duty because of any physical disability (other than physical disability arising from an accident while employed under this contract), the contractor shall be responsible for returning the disabled employee to his/her point of hire and providing a replacement at no additional cost to the Government. In addition, in the case of a cost reimbursement contract, the contractor shall not be entitled to reimbursement for any additional costs attributable to delays or other circumstances caused by the employee's inability to complete his/her tour of duty.

752.7032 International travel approval and notification requirements.

For use in any USAID contract requiring international travel.

INTERNATIONAL TRAVEL APPROVAL AND NOTIFICATION REQUIREMENTS (JAN 1990)

Prior written approval by the Contracting Officer is required for all international travel directly and identifiably funded by USAID under this contract. The Contractor shall therefore present to the Contracting Officer an itinerary for each planned international trip, showing the name of the traveler, purpose of the trip, origin/destination (and intervening stops), and dates of travel, as far in advance of the proposed travel as possible, but in no event less than three weeks before travel is planned to commence. The Contracting Officer's prior written approval may be in the form of a letter or telegram or similar device or may be specifically incorporated into the schedule of the contract. At least one week prior to commencement of approved international travel, the Contractor shall notify the cognizant Mission, with a copy to the Contracting Officer, of planned travel, identifying the travellers and the dates and times of arrival.

(b) *Assignments of 60 days or more in the Cooperating Country.* (1) The Contracting Officer shall provide the contractor with a reproducible copy of the "USAID Contractor Employee Physical Examination Form". This form is for collection of information; it has been reviewed and approved by OMB (see 701.105(a)). Information required by the Paperwork Reduction Act for reporting the burden estimate, the points of contact regarding burden estimate, and the OMB approval expiration date, are printed on the form. The contractor shall reproduce the form as required, and provide a copy to each employee and authorized dependent proposed for assignments of 60 days or more in the Cooperating Country. The contractor shall

have the employee and all authorized dependents obtain a physical examination from a licensed physician, who will complete the form for each individual. The employee will deliver the physical examination form(s) to the embassy health unit in the Cooperating Country.

(2) (The following information is provided for two purposes: To assist fixed price offerors to develop their price proposal, and to provide cost reimbursement contractors with guidance in determining reasonable and allowable costs.) As a contribution to the cost of medical examinations, USAID shall reimburse the contractor for the physical examination authorized in paragraph (a) of this section in an amount not to exceed \$100 for the physical examination, plus reimbursement of charges for immunizations to the extent not covered by the contractor's health insurance policy. For physical examinations authorized in paragraph (b)(1) above, the USAID contribution to the cost of the examination shall be as follows:

(i) For the employee and authorized dependents 12 years of age and over, one half of the cost of each examination up to a maximum USAID share of \$300 per individual, plus reimbursement of charges for immunizations to the extent not covered by the contractor's health insurance policy.

(ii) For authorized dependents under 12 years of age, one half of the cost of each examination up to a maximum USAID share of \$120 per individual, plus reimbursement of charges for immunizations to the extent not covered by the contractor's health insurance policy.

(iii) The contractor must obtain the prior written approval of the Contracting Officer to receive any USAID contributions higher than these limits.

APPENDICES A-C TO CHAPTER 7 [RESERVED]

APPENDIX D TO CHAPTER 7—DIRECT USAID CONTRACTS WITH A U.S. CITIZEN OR A U.S. RESIDENT ALIEN FOR PERSONAL SERVICES ABROAD

1. *General.* (a) *Purpose.* This appendix sets forth the authority, policy, and procedures under which USAID contracts with a U.S. citizen or U.S. resident alien for personal services abroad.

(b) *Definitions.* (1) *Personal services contract (PSC)* means a contract that, by its express terms or as administered, make the contractor personnel appear, in effect, Government employees (see FAR 37.104).

(2) *Employer-employee relationship* means an employment relationship under a service contract with an individual which occurs when, as a result of the contract's terms or the manner of its administration during performance, the contractor is subject to the relatively continuous supervision and control of a Government officer or employee.

(3) *Non-person services contract* means a contract under which the personnel rendering the services are not subject either by the contract's terms or by the manner of its administration, to the supervision and control usually prevailing in relationships between the Government and its employees.

(4) *Independent contractor relationship* means a contract relationship in which the contractor is not subject to the supervision and control prevailing in relationships between the Government and its employees. Under this relationship, the Government does not normally supervise the performance of the work, control the days of the week or hours of the day in which it is to be performed, or the location of performance.

(5) *Resident hire* means a U.S. citizen who, at the time of hire as a PSC, resides in the cooperating country as a spouse or dependent of a U.S. citizen employed by a U.S. government agency or under any U.S. government-financed contract or agreement, or for reasons other than for employment with a U.S. government agency or under any U.S. government-financed contract or agreement. A U.S. citizen for purposes of this definition also includes persons who at the time of contracting are lawfully admitted permanent residents of the United States.

(6) *U.S. resident alien* means a non-U.S. citizen lawfully admitted for permanent residence in the United States.

(7) *Abroad* means outside the United States and its territories and possessions.

(8) *USAID direct-hire employees* means civilian employees appointed under USAID Handbook 25 procedures or superseding Automated Directive System (ADS) Chapters.

2. *Legal Basis.* (a) Section 635(b) of the Foreign Assistance Act of 1961, as amended (hereinafter referred to as the “FAA”) provides the Agency’s contracting authority.

(b) Section 636(a)(3) of the FAA (22 U.S.C. 2396(a)(3)) authorizes the Agency to enter into personal services contracts with individuals for personal services abroad and provides further that such individuals “* * * shall not be regarded as employees of the U.S. Government for the purpose of any law administered by the Civil Service Commission.”¹

3. *Applicability.* (a) This appendix applies to all personal services contracts with U.S. citizens or U.S. resident aliens to provide assistance abroad under Section 636(a)(3) of the FAA.

(b) This appendix does not apply to:

(1) Nonpersonal services contracts with U.S. citizens or U.S. resident aliens; such contracts are covered by the basic text of the FAR (48 CFR Chapter 1) and the AIDAR (48 CFR Chapter 7).

(2) Personal services contracts with individual Cooperating Country Nationals (CCNs) or Third Country Nationals (TCNs). Such contracts are covered by Appendix J of this chapter.

(3) Other personal services arrangements covered by USAID Handbook 25—Employment and Promotion or superseding ADS Chapters.

(4) Interagency agreements (e.g., PASAs and RSSAs covered by ADS 306—Interagency Agreements).

4. *Policy.* (a) *General.* USAID may finance, with either program or operating expense (OE) funds, the cost of personal services contracts as part of the Agency’s program of foreign assistance by entering into a direct contract with an individual U.S. citizen or U.S. resident alien for personal services abroad.

(1) *Program funds.* Under the authority of Section 635(h) of the FAA, program funds may be obligated for periods up to five years where necessary and appropriate to the accomplishment of the tasks involved.

(2) *Operating Expense Funds.* Pursuant to USAID budget policy, OE funded salaries and other recurrent cost items may be forward funded for a period of up to three (3) months beyond the fiscal year in which these funds

were obligated. Non-recurring cost items may be forward funded for periods not to exceed twenty-four (24) months where necessary and appropriate to accomplishment of the work.²

(b) *Limitations on Personal Services Contracts.* (1) Personal services contracts may only be used when adequate supervision is available.

(2) Personal services contracts may be used for commercial activities. Commercial activities provide a product or service which could be obtained from a commercial source. See Attachment A of OMB Circular A-76 for a representative list of such activities.

(3) Notwithstanding any other provision of USAID directives, regulations or delegations, U.S. citizen personal services contractors (USPSCs) may be delegated or assigned any authority, duty or responsibility delegable to U.S. citizen direct-hire employees (USDH employees) except that:

a. They may not supervise U.S. direct-hire employees of USAID or other U.S. Government agencies. They may supervise USPSCs and non-U.S. citizen employees.

b. They may not be designated as Contracting Officers or delegated authority to sign obligating or subobligating documents.

c. They may represent the agency, except that communications that reflect a final policy, planning or budget decision of the agency must be cleared by a USDH employee.

d. They may participate in personnel selection matters, but may not be delegated authority to make a final decision on personnel selection.

e. Exceptions to the limitations in this paragraph (b)(3) must be approved by the Assistant Administrator for Management (AA/M).

(c) *Withholdings and Fringe Benefits.* (1) Personal services contractors (PSCs) are Government employees for purposes of the Internal Revenue Code (Title 26 of the United States Code) and are, therefore, subject to social security (FICA) and Federal income tax (FIT) withholdings. As employees, they are ineligible for the “foreign earned income” exclusion under the Internal Revenue Service (IRS) regulations (see 26 CFR 1.911-3(c)(3)).

(2) Personal services contractors are treated on par with other Government employees, except for programs based on any law administered by the Federal Office of Personnel Management (e.g., incentive awards, life insurance, health insurance, and retirement programs covered by 5 CFR Parts 530, 531, 831, 870, 871, and 890). While PSCs are ineligible to participate in any of these programs,

¹The Civil Service Commission is now the Federal Office of Personnel Management.

²If there is a need, these contracts may be written for 5 years also but funded only as outlined in paragraph 4(a) of this Appendix.

Agency for International Development

Ch. 7, App. D

the following fringe benefits are provided as a matter of policy:

(i) The employer's FICA contribution for retirement purposes.

(ii) A contribution against the actual cost of the PSC's annual health and life insurance costs. Proof of health and life insurance coverage and its actual cost to the PSC shall be submitted to the Contracting Officer before any contribution is made. (See also paragraph 4(c)(3) of this Appendix.)

(A) The contribution for health insurance shall not exceed 50% of the actual cost to the PSC for his/her annual health insurance, or the maximum U.S. Government contribution for a direct-hire employee, as announced annually by the Office of Personnel Management, whichever is less. If the PSC is covered under a spouse's health insurance plan, where the spouse's employer pays some or all of the health insurance costs, the cost to the PSC for annual health insurance shall be considered to be zero.

(B) The contribution for life insurance shall be up to 50% of the actual annual costs to the PSC for life insurance, not to exceed \$500.00 per year.

(iii) PSCs shall receive the same percentage pay comparability adjustment as U.S. Government employees subject to the availability of funds.

(iv) PSCs shall receive a 3% annual salary increase subject to satisfactory performance documented in their annual written evaluation. Such increase may not exceed 3% without a deviation. This 3% limitation also applies to extensions of the same service or negotiations for a new contract for the same or similar services unless a deviation has been approved.

(v) PSCs shall receive the following allowances and differentials provided in the State Department's Standardized Regulations (Government Civilians Foreign Areas) on the same basis as U.S. Government employees (except for U.S. resident hires, see paragraph 4(d) and Section 12, General Provisions, Clause 22, "U.S. Resident Hire Personal Services Contractors"):

(A) Temporary lodging allowance (Section 120),³

(B) Living quarters allowance (Section 130),³

(C) Post allowance (Section 220),³

(D) Supplemental post allowance (Section 230),³

(E) Separate maintenance allowance (Section 260),⁴

(F) Education allowance (Section 270),⁴

(G) Educational travel (Section 280),⁴

(H) Post differential (Section 500),

³Mission Directors may authorize per diem in lieu of these allowances.

⁴These allowances are not authorized for short tours (i.e., less than a year).

(I) Payments during evacuation/authorized departure (Section 600), and

(J) Danger pay (Section 650).

(vi) Any allowance or differential that is not expressly stated in paragraph 4(c)(2)(v) is not authorized for any PSC unless a deviation is approved. The only exception is a consumables allowance if authorized for the post under Handbook 22 or superseding ADS Chapter.

(vii) Health room services may be provided in accordance with the clause of this contract entitled "Physical Fitness and Health Room Privileges."

(viii) PSCs are eligible to receive benefits for injury, disability, or death under the Federal Employees' Compensation Act since the law is administered by the Department of Labor not the Office of Personnel Management.

(ix) PSCs are eligible to earn four hours of annual leave and four hours of sick leave for each two week period. However, PSCs with previous PSC service (not previous U.S. Government civilian or military service) earn either six hours of annual leave for each two week period if their previous PSC service exceeds 3 years (including 10 hours annual leave for the final pay period of a calendar year), or eight hours of annual leave for each two week period if their previous PSC service exceeds 15 years.

(3) A PSC who is a spouse of a current or retired Civil Service, Foreign Service, or Military Service member and who is covered by their spouse's Government health or life insurance policy is ineligible for the contribution under paragraph 4(c)(2)(ii) of this appendix.

(4) Retired U.S. Government employees shall not be paid additional contributions for health or life insurance under their contract (since the Government will normally have already paid its contribution for the retiree) unless the employee can prove to the satisfaction of the Contracting Officer that his/her health and life insurance does not provide or specifically excludes coverage overseas. If coverage overseas is excluded, then eligibility as cited in paragraph 4(c)(3) applies.

(5) Retired U.S. Government employees may be awarded Personal Services Contracts without any reduction in or offset against their Government annuity.

(d) *U.S. Resident Hire Personal Services Contractors.* U.S. resident-hire PSCs are not eligible for any fringe benefits (except contributions for FICA, health insurance, and life insurance), including differentials and allowances unless such individuals can demonstrate to the satisfaction of the Contracting Officer that they have received similar benefits and allowances from their immediately previous employer in the cooperating country, or the Mission Director

may determine that payment of such benefits would be consistent with the Mission's policy and practice and would be in the best interests of the U.S. Government.

(e) *Determining Salary for Personal Services Contractors.* (1) There are two separate and distinct methods of establishing a salary for personal services contractors. Use of method number 1 is required unless justified and approved as provided for in paragraph (e)(1)(ii).

(i) *Method 1:* Salaries for Personal Services Contractors shall be established based on the market value in the United States of the position being recruited for. This requires the Contracting Officer in coordination with the Technical Officer to determine the correct market value (a salary range) of the position to be filled. This method is required in establishing salary for all PSCs unless method 2 is authorized as provided for in paragraph (e)(1)(ii). Contract Information Bulletin (CIB) 96-8 dated February 23, 1996 provides a guide which contains information concerning Preparation of Scopes of Work, Determination of Salary Class Grade, Salary Class Bench Marks and Salary Class Review. The market value of the position then becomes the basis along with the applicants' certified salary history on the SF 171, "Personal Qualifications Statement" for salary negotiations by the Contracting Officer. The SF 171 must be retained in the permanent contract file. Any position which is determined to be above the GS-13 equivalent and exceeds six months in duration must be classified by M/HR/POD. The crucial point is the establishment of a realistic and reasonable market value for a job. The final determination regarding the reasonableness of a salary level rests with the Contracting Officer. Paying salaries using this method avoids "rank in person" salaries which are in excess of the value of the job being contracted for.

(ii) *Method 2:* If approved in writing by the Mission Director or the cognizant Assistant Administrator, based on written justification, salary may be negotiated based on the applicant's current earnings adjusted in accordance with the factors set out in paragraphs (e)(1)(ii) (A) through (C). This approval requirement cannot be redelegated. Current earnings must be certified by the contractor on the SF 171, (see paragraph 6(b)(3) of this appendix). This is guidance for establishing initial salaries, not subsequent increases, for the same contractor performing the same function.

(A) As a rule, up to a 3 percent increase above current earnings may be given. However, a 3 percent increase is awarded only to a PSC whose earnings are based on a period of twelve months or more; 2 percent for established earnings of less than twelve months but not less than four months; or 1 percent for established earnings during the past four months.

(B) Additional percentages may be given for the following factors. If a PSC has worked in a developing country for more than two years, an additional 1 percent may be awarded. Education related to the area of specialization and above the minimum qualification required may warrant an additional 1 percent, and those specialties for which there is keen competition in the employment market or a serious shortage category nationwide may be awarded an additional 2 percent. In addition, related technical experience over 5 years may increase the percentage by 1 and over ten years by 3.

(C) All requests for an initial rate of pay above 10 percent over current earnings must be approved in writing by the appropriate Assistant Administrator or Mission Director. Current earnings are actual earnings for work reasonably related to the position for which the applicant is being considered. Paragraphs 4(e)(1)(ii) (A) through (C) apply only to salary setting method number 2 in paragraph 4 (e)(1)(ii).

(2) When an applicant has no current earnings history (e.g., a person returning to the workforce after an absence of a number of years) or when an applicant's current earnings history doesn't accurately reflect the applicant's job market worth (e.g., a Peace Corps volunteer), every effort should be made to establish a market value for the position as a basis for negotiation, notwithstanding the lack of a current earnings history, provided that the applicant has the full qualifications for the job and could command a similar salary in the open job market.

(3) Salaries in excess of the ES-6 level must also be approved by the M/OP Director based upon a memorandum through the appropriate Assistant Administrator or Mission Director and Contracting Officer, as provided for in internal guidelines on "Approval Procedures for Contractor Salaries". This approval level cannot be redelegated.

(f) *Incentive Awards.* U.S. PSCs are not eligible to receive monetary awards. They are eligible for non-monetary awards such as certificates.

(g) *Annual Salary Increase.* PSC contracts written for more than one year should provide for a 3% annual increase based on satisfactory performance documented in their annual written evaluations.

(h) *Pay Comparability Adjustment.* PSCs shall receive the same percentage pay comparability adjustment as that received by U.S. Government employees subject to the availability of funds.

(i) *Subcontracting.* PSCs are U.S. Government employees and may not be called upon (or permitted) to subcontract out any part of their work. Funds for subcontracting have no place in the budget of a personal services contract. Support services, equipment, and supplies (e.g., typing and report preparation,

paper, pens, computers, and furniture) should be furnished to PSCs just as they would be to direct-hire employees. To the extent that direct-hire personnel may be authorized to purchase supporting services or supplies under a travel authorization, so may PSCs; otherwise, contracts for personal services should not contain any funds for procurement.

5. *Soliciting for Personal Services Contracts.*
 (a) *Technical Officer's Responsibilities.* The Technical Officer will prepare a written detailed statement of duties and a statement of minimum qualifications to cover the position being recruited for. The statement shall be included in the procurement request (the Acquisition & Assistance Request Document) e.g., the request shall also include the following additional information as a minimum:

(1) The specific foreign location(s) where the work is to be performed, including any travel requirements (with an estimate of frequency);

(2) The length of the contract, with beginning and ending dates, plus any options for renewal or extension;

(3) The basic education, training, experience, and skills required for the position;

(4) An estimate of what a comparable GS/FS equivalent position should cost, including basic salary, allowances, and differentials, if appropriate; and

(5) A list of Government or host country furnished items (e.g., housing).

(b) *Contracting Officer's Responsibilities.* (1) The Contracting Officer will prepare the solicitation for personal services which shall contain:

(i) Three sets of SF 171s and SF 171As. (Upon receipt, one copy of each SF 171 and SF 171A shall be forwarded to the Project Officer.)

(ii) A detailed statement of duties or a completed position description for the position being recruited for.

(iii) A copy of the prescribed contract Cover Page, Contract Schedule, General Provisions as appropriate, as well as the FAR Clauses to be incorporated in full text and by reference.

(iv) A copy of the USAID General Notice entitled "Employee Review of the New Standards of Conduct".

(2) The Contracting Officer shall comply with the requirements of (48 CFR) AIDAR 706.302-70(c) as detailed in paragraph 5(c) except those recruited from the U.S.

(c) *Competition.* (1) Under (48 CFR) AIDAR 706.302-70(b)(1), Personal Services Contracts (except those recruited from the U.S.) are exempt from the requirements for full and open competition with two limitations that must be observed by Contracting Officers:

(i) Offers are to be requested from as many potential offerors as is practicable under the circumstances, and

(ii) A justification supporting less than full and open competition must be prepared in accordance with FAR 6.303.

(2) *PSCs With Untied States Citizens or Resident Aliens Recruited from Outside the Cooperating Country.* Solicitations for PSCs recruited outside the cooperating country must be publicized via the Agency's External Home Page on the Internet under the caption "Business & Procurement, USAID Procurements." Instructions regarding how to access the External Internet and the information to be provided have been approved and included in a CIB. A justification under FAR 6.303 is not required when this procedure is followed.

(3) A class justification was approved by the USAID Procurement Executive to satisfy the requirements of (48 CFR) AIDAR 706.302-70(c)(2) for a justification in accordance with FAR 6.303. This class justification for Personal Services Contracts with U.S. Citizens may only be used for those who are recruited locally subject to the following conditions:

(i) The position was publicized locally in accordance with established Mission policy or procedure, or the procedures in paragraph 5(c)(ii) was followed;

(ii) As an alternative to the procedures in paragraphs 5(c) (i) and (ii), at least 3 individuals were considered by consulting source lists (e.g., applications or resumes on hand) or conducting other informal solicitation.

(iii) Extensions or renewals with the same individual for continuing services do not need to be publicized.

(iv) A copy of the class justification (which was distributed to all USAID Contracting Officers via Contract Information Bulletin) must be included in the contract file, together with a written statement, signed by the Contracting Officer, that the contract is being awarded pursuant to (48 CFR) AIDAR 706.302-70(b)(1); that the conditions for use of this class justification have been met; and that the cost of the contract is fair and reasonable.

(4) If the appropriate competitive procedure in paragraph 5(3) is not followed, the Contracting Officer must prepare a separate justification as required under (48 CFR) AIDAR 706.302-70(c)(2).

(5) Since the award of a Personal Services Contract is based on technical qualifications, not price, and since the SF 171, "Personal Qualifications Statement", and SF 171A, "Continuation Sheet for Standard Form 171", are used to solicit for such contracts, FAR subparts 15.4 and 15.5 and FAR parts 52 and 53 are inappropriate and shall not be used. Instead, the solicitation and selection procedures outlined in this Appendix shall govern.

6. *Negotiating a Personal Services Contract.* Negotiating a Personal Services Contract is significantly different from negotiating a

nonpersonal services contract because it establishes an employer-employee relationship; therefore, the selection procedures are more akin to the personnel selection procedures.

(a) *Technical Officer's Responsibilities.* The Technical Officer shall be responsible for reviewing and evaluating the applications (i.e., SF 171s) received in response to the solicitation issued by the Contracting Officer. If deemed appropriate, interviews may be conducted with the applicants before the final selection is submitted to the Contracting Officer.

(b) *Contracting Officer's Responsibilities.* (1) The Contracting Officer shall forward a copy of each SF 171 received under the solicitation to the Project Officer for evaluation.

(2) On receipt of the Technical Officer's recommendation, the Contracting Officer shall conduct negotiations with the recommended applicant. Normally, the Contracting Officer shall negotiate only the salary (see the salary setting coverage in paragraph 4(e) of this Appendix). The terms and conditions of the contract, including differentials and allowances, are not negotiable or waivable without a properly approved deviation (see (48 CFR) AIDAR 701.470). If the Contracting Officer can negotiate a salary that is fair and reasonable, then the award shall be made.

(3) The Contracting Officer shall use the certified salary history on the SF 171 as the basis for salary negotiations, along with the market value of the position being recruited for (unless approval not to use market value has been granted under paragraph 4(e)(1)(ii)), and the Technical Officer's cost estimate.

(4) The Contracting Officer will obtain two copies of IRS Form W-4, "Employee's Withholding Allowance Certificate", from the successful applicant. (Upon receipt, the Contracting Officer will forward one copy of the W-4 to the Office of the Controller.)

(5) Security clearance is required for all U.S. citizens entering into USAID PSCs. The Contracting Officer will obtain four sets of SF 86, "Security Investigation Data for Sensitive Position", from the successful applicant and forward them to the Office of Security. PSCs may receive a preliminary clearance and be placed under contract prior to receipt of clearance provided the appropriate paper work has been completed, reviewed by IG/SEC/PSI and acknowledged as a "no objection" to the appropriate Mission. See General Provision 24 in section 12 of this Appendix.

7. *Executing a Personal Services Contract.* Contracting Officers or Heads of Contracting Activities, whether USAID/W or Mission, may execute Personal Services Contracts, provided that the amount of the contract does not exceed the contracting authority that has been redelegated to them. In executing a Personal Services Contract, the

Contracting Officer is responsible for insuring that:

(a) The proposed contract is within his/her delegated authority;

(b) A Request Number covering the proposed contract has been received;

(c) The position has been classified by either the Mission or M/HR/POD (see CIB 96-8) and the classification is in the contract file;

(d) The proposed Statement of Duties is contractible, contains a statement of minimum qualifications from the technical office requesting the services, and is suitable to the use of a Personal Services Contract in that:

(1) Performance of the proposed work requires or is best suited for an employer-employee relationship, and is thus not suited to the use of a non-personal services contract;

(2) The Statement of Duties does not require performance of any function normally reserved for Federal employees (see paragraph 4(b) of this Appendix); and

(3) There is no apparent conflict of interest involved (if the Contracting Officer believes that a conflict of interest may exist, the question should be referred to the cognizant legal counsel);

(e) Selection of the contractor is documented and justified. (48 CFR) AIDAR 706.302-70(b)(1) provides an exception to the requirement for full and open competition for Personal Services Contracts abroad (see paragraph 5(c) of this Appendix);

(f) The standard contract format prescribed for Personal Services Contracts (Sections 10, 11, 12 and 13 to this Appendix) is used; or that any necessary deviations are processed as required by (48 CFR) AIDAR 701.470.

(NOTE: The prescribed contract format is designed for use with contractors who are residing in the U.S. when hired. If the contract is with a U.S. citizen residing in the cooperating country when hired, contract provisions governing physical fitness and travel/transportation expenses, and home leave, allowances, and orientation should be suitably modified (see paragraph 4(d) of this Appendix)).

These modifications are not considered deviations subject to (48 CFR) AIDAR 701.470. (Justification and explanation of these modifications is to be included in the contract file);

(g) Orientation is arranged in accordance with General Provision 23 in section 12 of this Appendix;

(h) The contractor has submitted the names, addresses, and telephone numbers of at least two persons who may be notified in the event of an emergency (this information is to be retained in the contract file);

(i) The contract is complete and correct and all information required on the contract

Agency for International Development

Ch. 7, App. D

Cover Page (USAID Form 1420-36A) has been entered;

(j) The contract has been signed by the Contracting Office and the contractor, and fully executed copies are properly distributed;

(k) The following clearances, approvals and forms have been obtained, properly completed, and placed in the contract file before the contract is signed by both parties;

(1) Evidence of job classification in the file by the Mission except for grade equivalents above GS-13. For those positions with grade equivalent above GS-13, evidence of job classification done by M/HR/POD;

(2) Security clearance, including the completed SF 86, to the extent required by USAID Handbook 6, Security or superseding ADS Chapter, (see General Provisions 14 and 24 in section 12 of this Appendix);

(3) Mission, host country, Human Resources Office, and technical office clearance, as appropriate;

(4) Medical examinations and certifications as required by the contract general provision entitled "Physical Fitness and Health Room Privileges";

(5) One original executed IRS Form W-4 entitled "Employee's Withholding Allowance Certificate", and one copy, shall be obtained. The original shall be sent to the Controller of the paying office and one shall be placed in the contract file;

(6) Evidence of DAA/HR clearance that the position may be filled by PSC.

(7) The approval for any salary in excess of ES-6, in accordance with Appendix G of this chapter;

(8) A copy of the class justification or other appropriate explanation and support required by (48 CFR) AIDAR 706.302-70, if applicable;

(9) Any deviation to the policy or procedures of this appendix, processed and approved under (48 CFR) AIDAR 701.470;

(10) A fully executed SF 171, and a copy of the position classification, and approved deviation, if appropriate;

(11) The Memorandum of Negotiation; and

(12) The Contracting Officer's signed certification that competition requirements have been satisfied as described in paragraph 5(c) of the policy text of this Appendix. The certification shall be a part of the Memorandum of Negotiations.

(l) Funds for the contract are properly obligated to preclude violation of the Anti-Deficiency Act, 31 U.S.C. 1341 (the Contracting Officer ensures that the contract has been properly recorded by the appropriate accounting office prior to its release for the signature of the selected contractor);

(m) The contractor receives and understands the USAID General Notice entitled

"Employee Review of the New Standards of Conduct" and a copy is attached to each contract as provided for in paragraph (c) of General Provision 1, section 12;

(n) Agency conflict of interest requirements as set out in the General Notice "Employee Review of the New Standards of Conduct" are met by the contractor prior to his/her reporting for duty;

(o) A copy of a Checklist for Personal Services contractors which may be in the format set out in this section or another format convenient for the Contracting Officer, provided that a memorandum containing all of the information described in this section 7 shall be prepared for each PSC and placed in the contract file;

(p) The contractor understands that he/she is an employee of the United States for purposes of the Foreign Assistance Act of 1961, as amended, and the Internal Revenue Code (Title 26 of the United States Code). This subjects the employee to withholding for both FICA and Federal Income Tax and precludes the employee from receiving the Federal Earned Income Tax exclusion of 26 U.S.C. Section 911. See Special Note on the Cover Page of USAID Form 1420-36.

(q) The contractor also understands that he/she may commence work prior to the completion of the security clearance. However, until such time as clearance is received, the contractor may not have access to classified or administratively controlled materials. Failure to obtain clearances will constitute cause for termination.

8. *Post Audit.* The Inspector General, or his/her designee, audits the Personal Services Contracts of all contracting activities for the purpose of ensuring conformance to applicable policy and regulations.

9. *Contracting Format.* The prescribed Contract Cover Page, Contract Schedule, General Provisions, and appropriate Federal Acquisition Regulations (FAR) clauses for Personal Services Contracts covered by this appendix are included as follows:

The contractor acknowledges receipt of a copy of these documents by his/her acceptance of this contract.

3. Physical Fitness and Health Room Privileges (APR 7)

(a) *Physical Fitness.* (1) For all assignments outside of the United States the contractor and any authorized dependents shall be required to be examined by a licensed doctor of medicine, and the contractor shall obtain from the doctor a statement of medical opinion that, in the doctor's opinion, the contractor is physically able to engage in the type of activity for which he/she is to be employed under the contract, and the contractor and any dependents are physically able to reside in the Cooperating Country. A copy of the statement(s) shall be provided to the Contracting Officer prior to the contractor's departure for the Cooperating Country, or for a U.S. resident hire, before he/she starts work under the contract.

(2) For assignments of 60 days or more in the Cooperating Country, the Contracting Officer shall provide the contractor and all authorized dependents copies of the "USAID Contractor Employee Physical Examination Form". This form is for collection of information; it has been reviewed and approved by OMB, and assigned Control No. 0412-0536. Information required by the Paperwork Reduction Act (burden estimate, points of contract, and OMB approval expiration date) is printed on the form. The contractor and all authorized dependents shall obtain a physical examination from a licensed physician, who will complete the form for each individual. The contractor will deliver the physical examination form(s) to the Embassy health unit in the Cooperating Country. A copy of the doctor's statement of medical opinion at the end of the form which identifies the contractor or dependent by name may be used to meet the requirement in (a)(1) above.

(3) For end-of-tour the contractor and his/her authorized dependents are authorized physical examinations within 60 days after completion of the contractor's tour-of-duty.

(b) *Reimbursement.* (1) As a contribution to the cost of medical examinations required by paragraph (a)(1) of this clause, USAID shall reimburse the contractor not to exceed \$100 for each physical examination, plus reimbursement of charges for immunizations.

tions. The contractor must obtain the prior written approval of the Contracting Officer to receive any USAID obligations higher than these limits.

(c) *Health Room Privileges.* Routine health room services may be available, subject to post policy and in accordance with the requirements of paragraph (a) of this clause, to U.S. citizen contractors and their authorized dependents (regardless of citizenship) at the post of duty. These services do not include hospitalization or predeparture examinations. The services normally include such medications as may be available, immunizations and preventive health measures, diagnostic examinations and advice, and home visits as medically indicated. Emergency medical treatment is provided to U.S. citizen contractor employees and dependents, whether or not they may have been granted access to routine health room services, on the same basis as it would be to any U.S. citizen in an emergency medical situation in the country.

4. Workweek and Compensation (Pay Comparability Adjustments) (Dec 1985)

(a) *Workweek.* The contractor's workweek shall not be less than 40 hours, unless otherwise provided in the Contract Schedule, and shall coincide with the workweek for those employee of the Mission or the Cooperating Country agency most closely associated with the work of this contract. If the contract is for less than full time (40 hours weekly), the annual and sick leave earned shall be prorated (see the General Provision of this contract entitled Leave and Holidays).

(b) *Compensation (Pay Comparability) Adjustments.* The contractor's compensation shall be adjusted to reflect the pay comparability adjustments which are granted from time to time to U.S. direct-hire employees by Executive Order for the statutory pay systems. Any adjustments authorized are subject to the availability of funds and shall not exceed that percentage stated in the Executive Order granting the adjustment. Further, the adjusted compensation may not exceed the maximum ES-6 annual compensation (or the equivalent daily rate).

5. Leave and Holidays (APR 1997)

(a) *Vacation Leave.* (1) The contractor shall earn vacation leave at the rate of 13 workdays per annum or 4 hours every 2 weeks. However, no vacation shall be earned if the tour of duty is less than 90 days.

(2) Notwithstanding paragraph (a)(1) above, if the contractor has had previous PSC service (i.e., has served under other personal services contracts (PSCs) covered by Sec. 636(a)(3) of the FAA), he/she shall earn vacation leave at the rate of either 6 hours every two weeks (10 hours for the final pay period of a calendar year) cumulative PSC service

exceeding 3 years, or 8 hours every two weeks for cumulative PSC service exceeding 15 years. Former Civil Service, Foreign Service, or a Military Service experience is not creditable towards PSC service for annual leave purposes.

(3) It is understood that vacation leave is provided under this contract primarily for the purposes of affording necessary rest and recreation during the tour of duty in the Cooperating Country. The Contractor in consultation with the USAID Mission shall develop a vacation leave schedule early in his/her tour of duty taking into consideration project requirements, employee preference and other factors. All vacation leave earned by the contractor must be used during his/her tour of duty. All vacation leave earned by the contractor but not taken by the end of his/her tour of duty will be forfeited unless the requirements of the activity precluded the employee from taking such leave and the Contracting Officer, with the endorsement of the Mission Director, approves one of the following as an alternative:

(i) Taking leave during the concluding weeks of the employee's tour, or

(ii) Lump-sum payment for leave not taken provided such leave does not exceed the number of days which can be earned by the employee during a twelve month period.

(4) With the approval of the Mission Director, and if the circumstances warrant, a contractor may be granted advance vacation leave in excess of that which he/she will earn over the life of the contract. The contractor agrees to reimburse USAID for leave used in excess of the amount earned during the contractor's assignment under the contract.

(b) *Sick Leave.* Sick leave is earned at a rate not to exceed 13 work-days per annum or 4 hours every 2 weeks. Unused sick leave may be carried over under an extension of this contract for the same or similar services *at the same Mission*, but the contractor will not be compensated for unused sick leave at the completion of this contract. No leave may be carried over from one post to another.

(c) *Home Leave.* (1) Home leave is leave earned for service abroad for use only in the United States, in the Commonwealth of Puerto Rico, or in the possessions of the United States.

(2) A contractor who is a U.S. citizen or U.S. resident alien and has served at least 2 years overseas, as defined in paragraph (c)(4) below, under personal services contract in this Mission, and has not taken more than 30 workdays leave (vacation, sick, or leave without pay) in the United States, may be granted home leave of not more than 15 work days for each such year of service overseas; provided, that the contractor agrees to return overseas upon completion of home leave

under an additional 2 year appointment, or for such shorter period of not less than 1 year of overseas service under the contract as the Mission Director may approve in advance. Home leave must be taken in the United States, the Commonwealth of Puerto Rico, or the possessions of the United States, and any days spent elsewhere will be charged to vacation leave or leave without pay.

(3) Notwithstanding the requirement in paragraph (c)(2) above that the contractor must have served 2 years overseas under personal services contract with this Mission to be eligible for home leave, the contractor may be granted advance home leave subject to all of the following conditions:

(i) Granting of leave home leave would in each case serve to advance the attainment of the objectives of this contract;

(ii) The contractor has served a minimum of 18 months in the Cooperating Country on his/her current tour of duty under this contract; and

(iii) The contractor agrees to return to the Cooperating Country to serve out the remainder of his/her current tour of duty and an additional 2 year appointment under this or subsequent contract, or such other additional appointment of not less than 1 year of overseas service as the Mission Director may approve.

(4) The period of service overseas required under paragraph (c)(2), or paragraph (c)(3) above, shall include the actual days in orientation in the United States (less language training) and the actual days overseas beginning on the date of departure from the U.S. port of embarkation on international travel and continuing, inclusive of authorized delays enroute, to the date of arrival at the U.S. port of debarkation from international travel. Allowable vacation and sick leave taken while overseas, but not leave without pay, shall be included in the required period of service overseas. An amount equal to the number of days of vacation and sick leave taken in the United States, the Commonwealth of Puerto Rico, or the possessions of the United States will be added to the required period of service overseas.

(5) Salary during the travel to and from the United States for home leave will be limited to the time required for travel by the most expeditious air route. The contractor will be responsible for reimbursing USAID for payments made during home leave, if, in spite of the undertaking of the new appointment, the contractor, except for reasons beyond his/her control as determined by the Contracting Officer, does not return overseas and complete the additional required service. Unused home leave is not reimbursable under this contract.

(6) To the extent deemed necessary by the Contracting Officer, a contractor in the United States on home leave may be authorized to spend not more than 5 days in work

status for consultation at USAID/Washington before returning to post duty. Consultation at locations other than USAID/Washington as well as any time in excess of 5 days spent for consultation, must be approved by the Mission Director or the Contracting Officer.

(d) *Holidays.* The contractor, while serving abroad, shall be entitled to all holidays granted by the Mission to U.S.-citizen direct-hire employees.

(e) *Military Leave.* Military leave of not more than 15 calendar days in any calendar year may be granted to a contractor who is a reservist of the Armed Forces, provided that military leave has been approved in advance by the Contracting Officer or the Mission Director. A copy of any such approval shall be part of the contract file.

(f) *Leave Without Pay.* Leave without pay may be granted only with the written approval of the Contracting Officer or Mission Director.

(g) *Compensatory Time.* Compensatory leave may be granted only with the written approval of the Contracting Officer or Mission Director in rare instances when it has been determined absolutely essential and used under those guidelines which apply to direct-hire employees.

(h) *Leave Records.* The contractor shall maintain current leave records for himself/herself and make them available, as requested by the Mission Director or the Contracting Officer.

6. Differential and Allowances (June 1990)

(a) The following differential and allowances will be granted to the contractor and his/her authorized dependents to the same extent and on the same basis as they are granted to U.S. citizen direct-hire employees at the Mission by the Standardized Regulations (Government Civilians, Foreign Areas), as from time to time amended, except as noted to the contrary below:

APPLICABLE REFERENCE TO STANDARDIZED REGULATIONS

(1) Post Differential	Chapter 500 and Tables in Chapter 900.
(2) Living Quarters Allowance	Section 130.
(3) Temporary Lodging Allowance	Section 120.
(4) Post Allowance	Section 220.
(5) Supplemental Post Allowance	Section 230.
(6) Payments During Evacuation	Section 600.
(7) Education Allowance	Section 270.
(8) Separate Maintenance Allowance	Section 260.
(9) Danger Pay Allowance	Section 650.
(10) Education Travel	Section 280.

(1) *Post Differential.* Post differential is an additional compensation for service at places in foreign areas where conditions of environment differ substantially from conditions of environment in the continental United States and warrant additional compensation as a recruitment and retention incentive. In areas where post differential is paid to USAID direct-hire employees, post differential not to exceed the percentage of salary as is provided such USAID employees in accordance with the Standardized Regulations (Government Civilians, Foreign Areas) Chapter 500 (except the limitation contained in Section 552, "Ceiling on Payment") Tables—Chapter 900, as from time to time amended, will be reimbursable hereunder for employees in respect to amounts earned during the time such employees actually spend overseas on work under this contract. When such post differential is provided to the contractor, it shall be payable beginning on the date of arrival at the post of assignment and continue, including periods away from post on official business, until the close of business on the

day of departure from post of assignment enroute to the United States. Sick or vacation leave taken at or away from the post of assignment will not interrupt the continuity of the assignment or require a discontinuance of such post differential payments, provided such leave is not taken within the United States or the territories of the United States. Post differential will not be payable while the employee is away from his/her post of assignment for purposes of home leave. Short-term employees shall be entitled to post differential beginning with the forty-third (43rd) day at post.

(2) *Living Quarters Allowance.* Living quarters allowance is an allowance granted to reimburse an employee for substantially all of his/her cost for either temporary or residence quarters whenever Government-owned or Government-rented quarters are not provided to him/her at his/her post without charge. Such costs are those incurred for temporary lodging (temporary lodging allowance) or one unit of residence quarters (living quarters allowance) and include rent,

plus any costs not included therein for heat, light, fuel, gas, electricity and water. The temporary lodging allowance and the living quarters allowance are never both payable to an employee for the same period of time. The contractor will receive living quarters allowance for payment of rent and utilities if such facilities are not supplied. Such allowance shall not exceed the amount paid USAID employees of equivalent rank in the Cooperating Country, in accordance with either the Standardized Regulations (Government Civilians, Foreign Areas), Chapter 130, as from time to time amended, or other rates approved by the Mission Director. Subject to the written approval of the Mission Director, short-term employees may be paid per diem (in lieu of living quarters allowance) at rates prescribed by the Federal Travel Regulations, as from time to time amended, during the time such short-term employees spend at posts of duty in the Cooperating Country under this contract. In authorizing such per diem rates, the Mission Director shall consider the particular circumstances involved with respect to each such short-term employee including the extent to which meals and/or lodging may be made available without charge or at nominal cost by an agency of the United States Government or of the Cooperating Government, and similar factors.

(3) *Temporary Lodging Allowance.* Temporary lodging allowance is a quarters allowance granted to an employee for the reasonable cost of temporary quarters incurred by the employee and his/her family for a period not in excess of (i) three months after first arrival at a new post in a foreign area or a period ending with the occupation of residence (permanent) quarters, if earlier, and (ii) one month immediately preceding final departure from the post subsequent to the necessary vacating of residence quarters. The contractor will receive temporary lodging allowance for himself/herself and authorized dependents, in lieu of living quarters allowance, not to exceed the amount set forth in the Standardized Regulations (Government Civilians, Foreign Areas), Chapter 120, as from time to time amended.

(4) *Post Allowance.* Post allowance is a cost-of-living allowance granted to an employee officially stationed at a post where the cost of living, exclusive of quarters cost, is substantially higher than in Washington, D.C. The contractor will receive post allowance payments not to exceed those paid USAID employees in the Cooperating Country, in accordance with the Standardized Regulations (Government Civilians, Foreign Areas), Chapter 220, as from time to time amended.

(5) *Supplemental Post Allowance.* Supplemental post allowance is a form of post allowance granted to an employee at his/her post when it is determined that assistance is necessary to defray extraordinary subsist-

ence costs. The contractor will receive supplemental post allowance payments not to exceed the amount set forth in the Standardized Regulations (Government Civilians, Foreign Areas), Chapter 230, as from time to time amended.

(6) *Payments During Evacuation.* The Standardized Regulations (Government Civilians, Foreign Areas) provide the authority for efficient, orderly, and equitable procedure for the payment of compensation, post differential and allowances in the event of an emergency evacuation of employees or their dependents, or both, from duty stations for military or other reasons or because of imminent danger to their lives. If evacuation has been authorized by the Mission Director, the contractor will receive payments during evacuation for himself/herself and authorized dependents evacuated from their post of assignment in accordance with the Standardized Regulations (Government Civilians, Foreign Areas), Chapter 600, and the Federal Travel Regulations, as from time to time amended.

(7) *Educational Allowance.* Educational allowance is an allowance to assist the contractor in meeting the extraordinary and necessary expenses, not otherwise compensated for, incurred by reason of his/her service in a foreign area in providing adequate elementary and secondary education for his/her children. The contractor will receive educational allowance payments for his/her dependent children in amounts not to exceed those set forth in Standardized Regulations (Government Civilians, Foreign Areas), Chapter 270, as from time to time amended.

(8) *Separate Maintenance Allowance.* Separate maintenance allowance is an allowance to assist an employee who is compelled by reason of dangerous, notably unhealthful, or excessively adverse living conditions at his/her post of assignment in a foreign area, or for the convenience of the Government, to meet the additional expense of maintaining his/her dependents elsewhere than at such post. The contractor will receive separate maintenance allowance payments not to exceed that made to USAID employees in accordance with the Standardized Regulations (Government Civilians, Foreign Areas), Chapter 260, as from time to time amended.

(9) *Danger Pay Allowance.* Danger pay allowance is an allowance to provide additional compensation above basic compensation to employees in foreign areas where civil insurrection, civil war, terrorism or wartime conditions threaten physical harm or imminent danger to the health or well-being of the employee. The danger pay allowance is in lieu of that part of the post differential which is attributable to political violence. Consequently, the post differential may be reduced while danger pay is in effect to avoid dual crediting for political violence.

The contractor shall be allowed danger pay allowance not to exceed that paid USAID employees in the Cooperating Country, in accordance with the Standardized Regulations (Government Civilians, Foreign Areas), Chapter 650, as from time to time amended.

(10) *Educational Travel.* Educational travel is travel to and from a school in the United States for secondary education (in lieu of an educational allowance) and for college education. The contractor will receive educational travel payments for his/her dependent children provided such payment does not exceed that which would be payable in accordance with the Standardized Regulations (Government Civilians, Foreign Areas), Chapter 280, as from time to time amended. Educational travel shall not be authorized for contractors whose assignment is less than two years.

(b) The allowances provided in paragraphs (a) (1) through (10) of this provision shall be paid to the contractor in dollars or in the currency of the Cooperating Country in accordance with practice prevailing at the Mission, or the Mission Director may direct that the contractor be paid a per diem in lieu thereof as prescribed by the Standardized Regulations (Government Civilians, Foreign Areas), as from time to time amended.

7. Social Security, Federal Income Tax, and Foreign Earned Income (June 1990)

(a) Since the contractor is an employee, F.I.C.A. contributions and U.S. Federal Income Tax withholding shall be deducted in accordance with regulations and rulings of the Social Security Administration and the U.S. Internal Revenue Service, respectively.

(b) As an employee, the contractor is not eligible for the "foreign earned income" exclusion under the IRS Regulations (see 26 CFR 1.911-3(c)(3)).

8. Advance of Dollar Funds (APR 1997)

If requested by the contractor and authorized in writing by the Contracting Officer, USAID will arrange for an advance of funds to defray the initial cost of travel, travel allowances, authorized precontract expenses, and shipment of personal property. The advance shall be granted on the same basis as to a USAID U.S.-citizen direct-hire employee in accordance with USAID Handbook 22, Chapter 4 or superseding ADS Chapter.

9. Insurance (APR 1997)

(a) *Worker's Compensation Benefits.* The contractor shall be provided worker's compensation benefits in accordance with the Federal Employees' Compensation Act.

(b) *Health and Life Insurance.* (1) The contractor shall be provided a maximum contribution of up to 50% against the actual costs of the contractor's annual health insurance costs, provided that such costs may

not exceed the maximum U.S. Government contribution for direct-hire personnel as announced annually by the Office of Personnel Management.

(2) The contractor shall be provided a contribution of up to 50% against the actual costs of annual life insurance not to exceed \$500.00 per year.

(3) Retired U.S. Government employees shall not be paid additional contributions for health or life insurance under their contracts. The Government will normally have already paid its contribution for the retiree unless the employee can prove to the satisfaction of the Contracting Officer that his/her health and life insurance does not provide or specifically excludes coverage overseas. In such case, the contractor would be eligible for contributions under paragraphs (b) (1) or (2) as appropriate.

(4) Proof of health and life insurance coverage shall be submitted to the Contracting Officer before any contribution is paid. On assignments of less than one year, costs for health and life insurance shall be prorated and paid accordingly.

(5) A contractor who is a spouse of a current or retired Civil Service, Foreign Service, or Military Service member and who is covered by their spouse's Government health or life insurance policy is ineligible for the contribution under paragraphs (b)(1) or (b)(2) of this provision.

(c) *Insurance on Private Automobiles.* If the contractor or his/her dependents transport, or cause to be transported, privately owned automobile(s) to the Cooperating Country, or any of them purchase an automobile within the Cooperating Country, the contractor agrees to ensure that all such automobile(s) during such ownership within the Cooperating Country will be covered by a current, i.e., not in arrears, insurance policy issued by a reliable company providing the following minimum coverage, or such other minimum coverage as may be set by the Mission Director, payable in U.S. dollars or its equivalent in the currency of the Cooperating Country: injury to persons, \$10,000/\$20,000; property damage, \$5,000. The contractor further agrees to deliver, or cause to be delivered to the Mission Director, the insurance policies required by this clause or satisfactory proof of the existence thereof, before such automobile(s) operated within the Cooperating Country. The premium costs for such insurance shall not be a reimbursable cost under this contract.

10. Travel and Transportation Expenses (July 1993)

(a) *General.* (1) USAID/Washington Office of Administrative Services, or such other office as may be designated by that office, may furnish Transportation Requests (TR's) to the contractor for transportation authorized by this contract originating in the United

States, and the executive or administrative officer at the Mission may furnish TR's for such authorized transportation which is payable in local currency or is to originate overseas. When transportation is not provided by the Government-issued TR, the contractor shall procure his/her own transportation, the costs of which will be reimbursed in accordance with the terms of this contract.

(2) The contractor will be reimbursed for reasonable, allocable and allowable travel and transportation expenses incurred under and for the performance of this contract. Determination of reasonableness, allocability and allowability will be made by the Contracting Officer in accordance with USAID's established policies and procedures for USAID direct-hire employees, and the particular needs of the activity being implemented by this contract. The following paragraphs provide specific guidance and limitations on particular items of cost.

(b) *U.S. Travel and Transportation.* The contractor shall be reimbursed for actual transportation costs and travel allowances in the United States as authorized in the Contract Schedule or approved in advance by the Contracting Officer or the Mission Director. Transportation costs and travel allowances shall not be reimbursed in any amount greater than the cost of, and time required for, economy-class commercially scheduled air travel by the most expeditious route except as otherwise provided in paragraph (g) of this provision unless economy air travel is not available and the contractor certifies to this in his/her voucher or other documents submitted for reimbursement.

(c) *International Travel.* For travel to and from post of assignment, the contractor shall be reimbursed for travel costs and travel allowances from place of residence in the United States (or other location provided that the cost of such travel does not exceed the cost of the travel from the contractor's residence in the United States) to the post of duty in the Cooperating Country and return to place of residence in the United States (or other location provided that the cost of such travel does not exceed the cost of travel from the post of duty in the Cooperating Country to the contractor's residence) upon completion of services by the individual. Reimbursement for travel will be in accordance with USAID's established policies and procedures for its direct-hire employees and the provisions of this contract, and will be limited to the cost of travel by the most direct and expeditious route. If the contract is for longer than one year and the contractor does not complete one full year at post of duty (except for reasons beyond his/her control), the costs of going to and from the post of duty for the contractor and his/her dependents are not reimbursable hereunder. If the contractor serves more than one year but less than the required service in the Cooper-

ating Country (except for reasons beyond his/her control) the costs of going to the post of duty are reimbursable hereunder but the costs of going from post of duty to the contractor's permanent, legal place of residence at the time he or she was employed for work under this contract, or other location as approved by the Contracting Officer, are not reimbursable under this contract for the contractor and his/her dependents. When travel is by economy class accommodations, the contractor will be reimbursed for the cost of transporting up to 10 kilograms/22 pounds of accompanied personal baggage per traveler in addition to that regularly allowed with the economy ticket provided that the total number of pounds of baggage does not exceed that regularly allowed for first class travelers. Travel allowances for travelers shall not be in excess of the rates authorized in the Standardized Regulations (Government Civilians, Foreign Areas)-hereinafter referred to as the Standardized Regulations—as from time to time amended, for not more than the travel time required by scheduled commercial air carrier using the most expeditious route. One stopover enroute for a period of not to exceed 24 hours is allowable when the traveler uses economy class accommodations for a trip of 14 hours or more of scheduled duration. Such stopover shall not be authorized when travel is by indirect route or is delayed for the convenience of the traveler. Per diem during such stopover shall be paid in accordance with the Federal Travel Regulations as from time to time amended.

(d) *Local Travel.* Reimbursement for local travel in connection with duties directly referable to the contract shall not be in excess of the rates established by the Mission Director for the travel costs of travelers in the Cooperating Country. In the absence of such established rates the contractor shall be reimbursed for actual travel costs in the Cooperating Country or the Mission, including travel allowances at rates not in excess of those prescribed by the Standardized Regulations.

(e) *Indirect Travel for Personal Convenience.* When travel is performed by an indirect route for the personal convenience of the traveler, the allowable costs of such travel will be computed on the basis of the cost of allowable air fare via the direct usually traveled route. If such costs include fares for air or ocean travel by foreign flag carriers, approval for indirect travel by such foreign flag carriers must be obtained from the Contracting Officer or the Mission Director before such travel is undertaken, otherwise only that portion of travel accomplished by the United States-flag carriers will be reimbursable within the above limitation of allowable costs.

(f) *Limitation on Travel by Dependents.* Travel costs and allowances will be allowed for authorized dependents of the contractor and

such costs shall be reimbursed for travel from place of abode to assigned station in the Cooperating Country and returned, only if the dependent remains in the Cooperating Country for at least 9 months or one-half of the required tour of duty of the contractor, whichever is greater, except as otherwise authorized hereunder for education, medical or emergency visitation travel. If the dependent is eligible for educational travel pursuant to the "Differential and Allowances" clause of this contract, time spent away from post resulting from educational travel will be counted as time at post.

(g) *Delays Enroute.* The contractor may be granted reasonable delays enroute while in travel status when such delays are caused by events beyond the control of the contractor and are not due to circuitous routine. It is understood that if delay is caused by physical incapacitation, he/she shall be eligible for such sick leave as provided under the "Leave and Holidays" clause of this contract.

(h) *Travel by Privately Owned Automobile (POV).* If travel by POV is authorized in the contract schedule or approved by the Contracting Officer, the contractor shall be reimbursed for the cost of travel performed in his/her POV at a rate not to exceed that authorized in the Federal Travel Regulations plus authorized per diem for the employee and for each of the authorized dependents traveling in the POV, if the POV is being driven to or from the Cooperating Country as authorized under the contract, provided that the total cost of the mileage and the per diem paid to all authorized travelers shall not exceed the total constructive cost of fare and normal per diem by all authorized travelers by surface common carrier or authorized air fare, whichever is less.

(i) *Emergency and Irregular Travel and Transportation.* Emergency transportation costs and travel allowances while enroute, as provided in this section, will be reimbursed not to exceed amounts authorized by the Foreign Service Travel Regulations for USAID-direct hire employees in like circumstances under the following conditions:

(1) The costs of going from post of duty in the Cooperating Country to the employee's permanent, legal place of residence at the time he or she was employed for work under this contract or other location for contractor employees and dependents and returning to the post of duty, subject to the prior written approval of the Mission Director that such travel is necessary for one of the following reasons.

(i) Need for medical care beyond that available within the area to which the employee is assigned, or serious effect on physical or mental health if residence is continued at assigned post of duty. The Mission Director may authorize a medical attendant to accompany the employee at contract ex-

pense if, based on medical opinion, such an attendant is necessary.

(ii) Death, or serious illness or injury of a member of the immediate family of the employee or the immediate family of the employee's spouse.

(2) When, for any reason, the Mission Director determines it is necessary to evacuate the contractor or contractor's dependents, the contractor will be reimbursed for travel and transportation expenses and travel allowance while enroute, for the cost of the individuals going from post of duty in the Cooperating Country to the employee's permanent, legal place of residence at the time he or she was employed for work under this contract or other approved location. The return of such employees and dependents may also be authorized by the Mission Director when, in his/her discretion, he/she determines it is prudent to do so.

(3) The Mission Director may also authorize emergency or irregular travel and transportation in other situations, when in his/her opinion, the circumstances warrant such action. The authorization shall include the kind of leave to be used and appropriate restrictions as to time away from post, transportation of personal and household effects, etc.

(j) *Home Leave Travel.* To the extent that home leave has been authorized as provided in the "Leave and Holidays" clause of this contract, the cost of travel for home leave is reimbursable for travel costs and travel allowances of travelers from the post of duty in the Cooperating Country to place of residence in the United States (or other location provided that the cost of such travel does not exceed the cost of travel to the contractor's residence in the United States) and return to the post of duty in the Cooperating Country. Reimbursement for travel will be in accordance with the Uniform State/USAID/USIA Foreign Service Travel Regulations, as from time to time amended, and will be limited to the cost of travel by the most direct and expeditious route. Travel allowances for travelers shall be in accordance with the rates authorized in the Standardized Regulations as from time to time amended, for not more than the travel time required by scheduled commercial air carrier using the most expeditious route using economy class. One stopover enroute for a period of not to exceed 24 hours is allowable when the traveler uses economy class accommodations for a trip of 14 hours or more of scheduled duration. Such stopover shall not be authorized when travel is by indirect route or is delayed for the convenience of the traveler or the traveler uses other than economy class. Per diem during such stopover shall be paid in accordance with the Standardized Regulations.

(k) *Rest and Recuperations Travel.* If approved in writing by the Mission Director,

the contractor and his/her dependents shall be allowed rest and recuperation travel on the same basis as authorized USAID direct-hire Mission employees and their dependents.

(l) *Transportation of Motor Vehicles, Personal Effects and Household Goods.*

(1) Transportation costs will be paid on the same basis as for USAID direct-hire employees serving the same length tour of duty, as authorized in the schedule. Transportation, including packing and crating costs, will be paid for shipping from the point of origin in the United States (or other location as approved by the Contracting Officer) to post of duty in the Cooperating Country and return to point of origin in the United States (or other location as approved by the Contracting Officer) of one privately-owned vehicle for the contractor, personal effects of the contractor and authorized dependents, and household goods of the contractor not to exceed the limitations in effect for such shipments for USAID direct-hire employees in accordance with the Foreign Service Travel Regulations in effect at the time shipment is made. These limitations may be obtained from the Contracting Officer.

(2) The cost of transporting motor vehicles and household goods shall not exceed the cost of packing, crating, and transportation by surface common carrier. In the event that the carrier does not require boxing or crating of motor vehicles for shipment to the Cooperating Country, the cost of boxing or crating is not reimbursable. The transportation of a privately owned motor vehicle for a contractor may be authorized as a replacement of the last such motor vehicle shipped under this contract for such contractor when the Mission Director determines, in advance, and so notifies the contractor in writing, that the replacement is necessary for reasons not due to the negligence or malfeasance of the contractor. The determination shall be made under the same rules and regulations that apply to authorized Mission U.S. citizen direct-hire employees.

(m) *Unaccompanied Baggage.* Unaccompanied baggage is considered to be those personal belongings needed by the traveler immediately upon arrival of the contractor and dependents, and consideration should be given to advance shipments of unaccompanied baggage. The contractor will be reimbursed for costs of shipment of unaccompanied baggage (in addition to the weight allowance for household effects) not to exceed the limitations in effect for USAID direct-hire employees in accordance with the Foreign Service Travel Regulations as in effect when shipment is made. These limitations are available from the Contracting Officer. This unaccompanied baggage may be shipped as air freight by the most direct route between authorized points of origin and destination regardless of the modes of travel

used. This provision is applicable to home leave travel when authorized by the terms of this contract.

(n) *International Ocean Transportation.* (1)(i) *Transportation of things.* Where U.S. flag vessels are not available, or their use would result in a significant delay, the contractor may obtain a release from the requirement to use U.S. flag vessels from the Transportation Division, Office of Procurement, U.S. Agency for International Development, Washington, D.C. 20523-1419, or the Mission Director, as appropriate, giving the basis for the request.

(ii) *Transportation of persons.* Where U.S. flag vessels are not available, or their use would result in a significant delay, the contractor may obtain a release from the requirement to use U.S. flag vessels from the Contracting Officer or the Mission Director, as appropriate.

(2) *Transportation of foreign-made vehicles.* Reimbursement of the costs of transporting a foreign-made motor vehicle will be made in accordance with the provisions of the Foreign Service Travel Regulations.

(3) Reduced rates on U.S.-flag carriers are in effect for shipments of household goods and personal effects of USAID contractors between certain locations. These reduced rates are available provided the shipper furnishes to the carrier at the time of the issuance of the Bill of Lading documentary evidence that the shipment is for the account of USAID. The Contracting Officer will, on request, furnish to the contractor current information concerning the availability of a reduced rate with respect to any proposed shipment. The contractor will not be reimbursed for shipments of household goods or personal effects in amounts in excess of the reduced rates which are available in accordance with the foregoing.

(o) *Storage of household effects.* The cost of storage charges (including packing, crating, and drayage costs) in the U.S. of household goods of the contractor will be permitted in lieu of transportation of all or any part of such goods to the Cooperating Country under paragraph (l) above provided that the total amount of effects shipped to the Cooperating Country or stored in the U.S. shall not exceed the amount authorized for USAID direct-hire employees under the Uniform Foreign Service Travel Regulations. These amounts are available from the Contracting Officer.

11. Payment (Aug 1996)

(a) Once each month, or at more frequent intervals, if approved by the paying office indicated on the Cover Page, the contractor may submit to such office form SF 1034 "Public Voucher for Purchases and Services Other Than Personal" (original) and SF 1034-A (three copies), or whatever other form is locally required or accepted. Each voucher

shall be identified by the USAID contract number and properly executed in the amount of dollars claimed during the period covered. The voucher forms shall be supported by:

(1) The contractor's detailed invoice, in original and two copies, indicating for each amount claimed the paragraph of the contract under which payment is to be made, supported when applicable as follows:

(i) For compensation—a statement showing period covered, days worked, and days when contractor was in authorized travel, leave, or stopover status for which compensation is claimed. All claims for compensation will be accompanied by, or will incorporate, a certification signed by the Project Officer covering days or hours worked, or authorized travel or leave time for which compensation is claimed.

(ii) For travel and transportation—a statement of itinerary with attached carrier's receipt and/or passenger's coupons, as appropriate.

(iii) For reimbursable expenses—an itemized statement supported by original receipts.

(2) The first voucher submitted shall account for, and liquidate the unexpended balance of any funds advanced to the contractor.

(b) A final voucher shall be submitted by the contractor promptly following completion of the duties under this contract but in no event later than 120 days (or such longer period as the Contracting Officer may in his/her discretion approve in writing) from the date of such completion. The contractor's claim, which includes his/her final settlement of compensation, shall not be paid until after the performance of the duties required under the terms of this contract has been approved by USAID. On receipt and approval of the voucher designated by the contractor as the "final voucher" submitted on Form SF 1034 (original) and SF 1034-A (three copies), together with a refund check for the balance remaining on hand of any funds which may have been advanced to the contractor, the Government shall pay any amounts due and owing the contractor.

(c) If approved by the paying office time and attendance may be submitted for PSCs in the same manner as is approved for direct-hire personnel.

12. Conversion of U.S. Dollars to Local Currency (Dec 1985)

Upon arrival in the Cooperating Country, and from time to time as appropriate, the contractor shall consult with the Mission Director or his/her authorized representative who shall provide, in writing, the policy the contractor shall follow in the conversion of U.S. dollars to local currency. This may include, but not be limited to the conversion of said currency through the cognizant U.S.

Disbursing Officer, or Mission Controller, as appropriate.

13. Post of Assignment Privileges (July 1993)

Privileges such as the use of APO, PX's, commissaries and officers clubs are established at posts abroad under agreements between the U.S. and host governments. These facilities are intended for and usually limited to members of the official U.S. establishment including the Embassy, USAID Mission, U.S. Information Service and the Military. Normally, the agreements do not permit these facilities to be made available to non-official Americans. However, in those cases where facilities are open to non-official Americans, they may be used.

14. Security Requirements (June 1990)

(a) This entire provision shall apply to the extent that this contract involves access to classified information ("Confidential", "Secret", or "Top Secret") or access to administratively controlled information ("Limited Official Use"). Contractors that are not U.S. citizens shall not have access to classified or administratively controlled information.

(b) The contractor (1) shall be responsible for safeguarding all classified or administratively controlled information in accordance with appropriate instructions furnished by the USAID Office of Security (IG/SEC), as referenced in paragraph (d) of this provision and shall not supply, disclose, or otherwise permit access to classified information or administratively controlled information to any unauthorized person; (2) shall not make or permit to be made any reproductions of classified information or administratively controlled information except with the prior written authorization of the Contracting Officer or Mission Director; (3) shall submit to the Contracting Officer, at such times as the Contracting Officer may direct, an accounting of all reproductions of classified or administratively controlled information; and (4) shall not incorporate in any other project any matter which will disclose classified and/or administratively controlled information except with the prior written authorization of the Contracting Officer.

(c) The contractor shall follow the procedures for classifying, marking, handling, transmitting, disseminating, storing, and destroying official material in accordance with the regulations in the Foreign Affairs Manual, Chapter 5 (5 FAM 900), a copy of which will be furnished by the Contracting Officer or Mission Director.

(d) The contractor agrees to submit immediately to the Mission Director or Contracting Officer a complete detailed report, appropriately classified, of any information which the contractor may have concerning existing or threatened espionage, sabotage, or subversive activity.

Agency for International Development

Ch. 7, App. D

(e) The Government agrees that, when necessary, it shall indicate by security classification or administratively controlled designation, the degree of importance to the national defense of information to be furnished by the contractor to the Government or by the Government to the contractor, and the Government shall give written notice of such security classification or administratively controlled designation to the contractor and of any subsequent changes thereof. The contractor is authorized to rely on any letter or other written instrument signed by the Contracting Officer changing a security classification or administratively controlled designation of information.

(f) The contractor agrees to certify after completion of his/her assignment under this contract that he/she has surrendered or disposed of all classified and/or administratively controlled information in his/her custody in accordance with applicable security instructions.

15. Contractor-Mission Relationships (Dec 1985)

(a) The contractor acknowledges that this contract is an important part of the U.S. Foreign Assistance Program and agrees that his/her duties will be carried out in such a manner as to be fully commensurate with the responsibilities which this entails.

(b) While in the Cooperating Country, the contractor is expected to show respect for the conventions, customs, and institutions of the Cooperating Country and not interfere in its political affairs.

(c) If the contractor's conduct is not in accordance with paragraph (b) of this provision, the contract may be terminated under General Provision 16 of this contract. The Contractor recognizes the right of the U.S. Ambassador to direct his/her immediate removal from any country when, in the discretion of the Ambassador, the interests of the United States so require.

(d) The Mission Director is the chief representative of USAID in the Cooperating Country. In this capacity, he/she is responsible for the total USAID Program in the Cooperating Country including certain administrative responsibilities set forth in this contract and for advising USAID regarding the performance of the work under the contract and its effect on the U.S. Foreign Assistance Program. The contractor will be responsible for performing his/her duties in accordance with the statement of duties called for by the contract. However, he/she shall be under the general policy guidance of the Mission Director, and shall keep the Mission Director or his/her designated representative currently informed of the progress of the work under this contract.

16. Termination (Nov 1989)

(This is an approved deviation to be used in place of the clause specified in FAR 52.249-12.)

(a) The Government may terminate performance of work under this contract in whole or, from time to time, in part:

(1) For cause, which may be effected immediately after establishing the facts warranting the termination, by giving written notice and a statement of reasons to the contractor in the event (i) the Contractor commits a breach or violation of any obligations herein contained, (ii) a fraud was committed in obtaining this contract, or (iii) the contractor is guilty (as determined by USAID) of misconduct in the Cooperating Country. Upon such a termination, the contractor's right to compensation shall cease when the period specified in such notice expires or the last day on which the contractor performs services hereunder, whichever is earlier. No costs of any kind incurred by the contractor after the date such notice is delivered shall be reimbursed hereunder except the cost of return transportation (not including travel allowances), if approved by the Contracting Officer. If any costs relating to the period subsequent to such date have been paid by USAID, the contractor shall promptly refund to USAID any such prepayment as directed by the Contracting Officer.

(2) For the convenience of USAID, by giving not less than 15 calendar days advance written notice to the contractor. Upon such a termination, contractor's right to compensation shall cease when the period specified in such notice expires except that the contractor shall be entitled to any unused vacation leave, return transportation costs and travel allowances and transportation of unaccompanied baggage costs at the rate specified in the contract and subject to the limitations which apply to authorized travel status.

(3) For the convenience of USAID, when the contractor is unable to complete performance of his/her services under the contract by reason of sickness or physical or emotional incapacity based upon a certification of such circumstances by a duly qualified doctor of medicine approved by the Mission. The contract shall be deemed terminated upon delivery to the Contractor of a termination notice. Upon such a termination, the contractor shall not be entitled to compensation except to the extent of any unused vacation or sick leave but shall be entitled to return transportation, travel allowances, and unaccompanied baggage costs at rates specified in the contract and subject to the limitations which apply to authorized travel status.

(b) The contractor, with the written consent of the Contracting Officer, may terminate this contract upon at least 15 days' written notice to the Contracting Officer.

17. Release of Information (Dec 1985)

All rights in data and reports shall become the property of the U.S. Government. All information gathered under this contract by the Contractor and all reports and recommendations hereunder shall be treated as confidential by the Contractor and shall not, without the prior written approval of the Contracting Officer, be made available to any person, party, or government, other than USAID, except as otherwise expressly provided in this contract.

18. Notices (Dec 1985)

Any notice, given by any of the parties hereunder, shall be sufficient only if in writing and delivered in person or sent by telegraph, telegram, registered, or regular mail as follows:

To USAID: Administrator, U.S. Agency for International Development, Washington, D.C. 20523-0001, Attention: Contracting Officer.

(name of the cognizant Contracting Officer with a copy to the appropriate Mission Director).

To Contractor:

At his/her post of duty while in the Cooperating Country and at the Contractor's address shown on the Cover Page of this contract or to such other address as either of such parties shall designate by notice given as herein required. 19. Reports (June 1987)

(a) The Contractor shall prepare and submit 2 copies of each technical report required by the schedule of this contract to the Bureau for Program and Policy Coordination, Center for Development Information and Evaluation, Development Information Division (PPC/CDIE/DI). All documents should be mailed to:

PPC/CDIE/DI, Acquisitions, Room 209, SA-18, U.S. Agency for International Development, Washington, D.C. 20523-1802.

The title page of all reports forwarded to PPC/CDIE/DI pursuant to this paragraph shall include a descriptive title, the author's name(s), contract number, project number and title, contractor's name, name of the USAID project office, and the publication or insurance date of the report.

(b) When preparing reports, the contractor shall refrain from using elaborate art work, multicolor printing and expensive paper/binding, unless it is specifically authorized in the Contract Schedule. Wherever possible,

pages should be printed on both sides using single spaced type.

20. Use of Pouch Facilities (July 1993)

(a) Use of diplomatic pouch is controlled by the Department of State. The Department of State has authorized the use of pouch facilities for USAID contractors and their employees as a general policy, as detailed in paragraphs (a)(1) through (a)(6) of this provision. However, the final decision regarding use of pouch facilities rests with the Embassy or USAID Mission. In consideration of the use of pouch facilities as hereinafter stated, the Contractor agrees to indemnify and hold harmless the Department of State and USAID for loss or damage occurring in pouch transmission.

(1) Contractors are authorized use of the pouch for transmission and receipt of up to a maximum of 0.90 kilogram/2 pounds per shipment of correspondence and documents needed in the administration of foreign assistance programs.

(2) U.S. citizen contractors are authorized use of the pouch for personal mail up to a maximum of 0.45 kilogram/one pound per shipment (but see (a)(3) below). Non-U.S. citizen Contractors are not permitted use of the pouch for personal mail except to the extent that such use may be authorized by the Chief of Mission.

(3) Merchandise, parcels, magazines, or newspapers are not considered to be personal mail for purpose of this clause, and are not authorized to be sent or received by pouch.

(4) Official and personal mail under paragraphs (a) (1) and (2) of this provision, sent by pouch, should be addressed as follows:

(5) Mail sent via the diplomatic pouch may not be in violation of U.S. Postal laws and may not contain material ineligible for pouch transmission.

(6) Use of military postal facilities (APO/FPO) is authorized to U.S. contractors on the same basis as approved for direct-hire employees at the USAID Mission. Posts having access to APO/FPO facilities and using such for diplomatic pouch dispatch, may, however, accept official and personal mail for the pouch provided, of course, adequate postage is affixed when onward transmission (mail to other than USAID/W) through U.S. postal channels is required.

(b) The contractor shall be responsible for compliance with these guidelines and limitations on use of pouch facilities.

(c) Specific additional guidance on use of pouch facilities in accordance with this clause is available from the Post Communication Center at the Embassy or USAID Mission.

23. Orientation and Language Training (July 1993)

(a) Except as set forth in paragraph (b)(4) below, the Contractor shall receive a maximum of 2 weeks USAID orientation before travel overseas. The dates of orientation shall be selected by the Contractor and approved by the Contracting Officer from the orientation schedule provided by USAID.

(b) As either set forth in the Contract Schedule, or provided in writing by the Contracting Officer, the following may be authorized taking into consideration specific job requirements, contractor's prior overseas experience, or unusual circumstances, in connection with orientation of individual Contractors:

24. Conditions for Contracting Prior to Receipt of Security Clearance (July 1993)

(a) U.S. Resident Hire PSC. The contractor may commence work prior to the completion of the security clearance. However, until such time as clearance is received, the contractor shall have no access to classified or administratively controlled materials. Further, failure to obtain clearance will constitute cause for contract termination in accordance with paragraph (a)(2) of General Provision 16 of this contract.

(b) U.S. PSC—Non-Resident Hire. The contractor may elect to commence travel to post immediately to begin work prior to completion of the security clearance. However, until such time as security clearance is received, the contractor shall:

(1) Have no access to classified or administratively controlled materials;

(2) Be authorized to travel to post himself/herself only; and

(3) Be authorized no entitlements other than those normally authorized for short term (less than a year) employees at post. Even if the contract is for one year or more, dependents may not accompany contractor unless at his/her expense, and transportation/storage of household/personal effects and motor vehicle will not be financed by USAID prior to the receipt of the security clearance. Upon receipt of clearance, the Contracting Officer will authorize reimbursement of any such costs borne at contractor's expense prior to clearance provided they are reasonable, allocable and allowable. If appropriate given the length of time remaining, the Contracting Officer will authorize dependent travel and shipment/storage of motor vehicle and effects. Allowances which would not be provided to short term employees will be authorized after clearance is received provided that the contractor is otherwise entitled to such benefits. Failure to obtain the security clearance will constitute cause for contract termination in accordance with paragraph (a)(2) of General Provision 16 of this contract.

25. Medical Evacuation (MEDEVAC) Services (July 1993)

(a) The contractor agrees to obtain medevac service coverage for himself/herself

and his/her authorized dependents while performing personal services abroad. Coverage shall be obtained pursuant to the terms of the contract between USAID and USAID's medevac service provider unless exempted in accordance with paragraph (b).

(b) The following are exempted from the requirements in paragraph (a):

(1) Contractors and their dependents with a health insurance program that includes sufficient medevac coverage as approved by the Contracting Officer.

(2) Contractors and their dependents located at Missions where the Mission Director makes a written determination to waive the requirement for such coverage based on findings that the quality of local medical services or other circumstances obviate the need for such coverage.

(c) Information on the current medevac service provider, including application procedures, is available from the Contracting Officer.

26. Governing Law (Nov 1996)

This contract is established under the procurement authorities of the United States Government and shall be interpreted in accordance with the body of Federal Procurement Law in the United States. This contract is a complete statement of the duties, compensation, benefits, leave, notice, termination, and the like; therefore, the laws of the country of performance with respect to labor and contract matters shall not apply to either the carrying out of the obligations of the parties or to the interpretation of this agreement.

13. FAR Clauses to be Incorporated in Full Text in Personal Services Contracts.

The following FAR Clauses are always to be used along with the General Provisions. They are required in full text.

1. Covenant Against Contingent Fees 52.203-5
2. Electronic Funds Transfer Payment Methods 52.232-28
3. Disputes 52.233-1 (Alternate 1)
4. Preference for U.S. Flag Air Carriers 52.247-63

1. Anti-Kickback Procedures 52.203-7
2. Limitation on Payments to Influence Certain Federal Transactions 52.203-12
3. Audit and Records—Negotiation 52.215-2

APPENDIX E TO CHAPTER 7 [RESERVED]

APPENDIX F TO CHAPTER 7—USE OF COLLABORATIVE ASSISTANCE METHOD FOR TITLE XII ACTIVITIES

1. Introduction

This appendix provides a detailed description of the collaborative assistance method of contracting. This is a specialized contracting system which may be used for contracting with educational institutions eligible under, and for activities authorized under, Title XII of the Foreign Assistance Act of 1961, as amended, under the circumstances described in AIDAR 715.613-71.

2. Purpose

The collaborative assistance system is designed to:

- (a) Increase the joint implementation authority and responsibility of the contractor and the LDC;
- (b) Encourage more effective collaboration between all participating parties (USAID, host country, and contractor) at important stages, including the design stage of a technical assistance project.

3. Policy

The collaborative assistance approach represents an alternative method for long-term technical assistance which involves professional collaboration with eligible Title XII institutions and LDC counterparts for a problem-solving type activity to develop new institutional forms and capabilities, to devise operating systems and policies, and to conduct joint research and development—including training. In such an activity, the difficulty in defining, in advance, precise and objectively verifiable contractor inputs and long-term project content as a basis for payment usually requires a flexible approach to project design, contracting, and project implementation. Such flexibility is also essential to the collaborative style which is responsive to LDC desires in problem areas of great complexity and varying uncertainty. Other types of technical assistance, which are usually shorter in term are amenable to

more precise definition in advance, or involve closely defined and relatively standardized services, or are otherwise more analogous to commodity resource transfers, may be suitable for other contracting methods, e.g., certain forms of institution building, on-the-job training, resource surveys, etc. The collaborative assistance method is an approved method for providing technical assistance when used in accordance with the circumstances outlined above, and with the guidelines set forth in paragraph 4, below.

4. Implementation Procedures

(a) *Introduction.* This paragraph 4, provides background information, guidelines and procedures to effect the implementation of the policy set forth in paragraph 3 of this appendix.

(b) *Conditions and practices.* In order for this policy to work effectively even when the proposed activity fits the criteria described under Policy, there must also be:

(1) Acceptance of the notion that the host country, in consultation with the contractor, is in the best position to make tactical, day-to-day decisions on project inputs within agreed-upon limitations and output expectations;

(2) Sufficient trust and respect between the Agency and the contractor to allow this flexible implementation authority;

(3) A direct-hire project monitor with appropriate background to be knowledgeable of progress and to assist in an advisory and facilitative capacity, both during and between periodic reviews. In addition, the following important conditions must be met:

(i) Adequate preproject communication between, and identification of assistance required by, the host government and USAID;

(ii) Full joint planning and improved project design ("Joint" as used herein refers to the primary parties, i.e., the collaborating institutions, as well as the host government and USAID. In some instances, it can also include other donors.);

(iii) Careful contractor selection, i.e., matching of the contractor's technical and managerial capabilities to the anticipated requirements of the overseas activity;

(iv) Establishment of relationships between host country, USAID and contractor staff to include host country leadership, flexible implementation authority, and effective management by the contractor;

(v) Improved joint project evaluation, feedback, and replanning; and

(vi) Simplified administrative procedures and greater reliance on in-country logistical support.

(c) *Project Stages and Contractor Involvement.* In the long-term technical assistance projects as described above, there are four discrete but sometimes overlapping decision stages which take place—with the principal contractor usually involved in the last three.

(1) *Problem analysis and project identification.* After the host government has indicated a desire for U.S. collaboration on a particular problem and the USAID field mission has determined that the proposed activity is consistent with its program goals and priorities, considerable effort is usually necessary to refine further the project purpose and type of assistance required and provide a basis for contractor selection. This is a crucial step and is focused on results sought—on what the prospective contractor is expected to produce in relation to resources to be used and to project purpose. It should result in a clear understanding of what the LDC wants, and an overall plan which includes agreement on specific objectives or outputs, acceptable types of activities and inputs and an initial budget—resulting in project documentation. At this step, USAID makes decisions it cannot delegate on what it will support and at what cost. If needed to supplement its direct-hire expertise, USAID can use outside consultants for analysis and advice but retains the ultimate decision for itself in collaboration with, but independent of, the requesting host government. (Normally, the proposed contractor for project definition and subsequent implementation should not have been involved in the problem analysis and project identification stage as a consultant to either the host country government, host institution, or USAID. If a potential contractor has been so involved, particular care must be taken to prevent actual or apparent organizational conflicts of interest in the procurement that follows. This could require at a minimum, a careful assessment and complete documentation of reasons for selection.)

Normally, there will need to be some mutual interaction between the overall planning stage outlined here and the detailed planning and design work which follows in the next phase. There will usually be some overlap, with preliminary decisions in this stage providing a basis for selection of implementing agents for stage (2) which in turn proceeds through some preliminary planning to guide completion of stage (1) as a basis for long-term contracting.

(2) *Project definition.* At this stage, having selected the implementing agent, the U.S. and LDC organizations which will be collaborating in carrying out the project are encouraged to work out, to their mutual satisfaction, the particulars of what to do and how to do it (i.e., detailed project design) within the context of LDC leadership and responsibility and the general agreements and budget reached in stage (1). The emphasis here is on the technical approach to be utilized and the scheduling and management of project inputs. This may involve a short-term reconnaissance and/or an extensive period of detailed joint planning and feeling out of what is feasible during a preliminary

operating phase of the project, possibly lasting as much as a year or more. This stage recognizes the importance, for the problem-solving or ground breaking types of technical assistance, of involving the U.S. and LDC implementing organizations together as soon as the detailed design work begins. USAID's role here is to facilitate, not direct, the joint planning, assure consistency with prior agreements or concur in changes, affirm that the implementing parties have agreed on a reasonable project design, and prepare or cause to be prepared the documentation required for stage (3), including any amendments that might be required to the project documentation. If and when a decision is made by the host government and USAID to proceed into the operating phase with the same contractor, the U.S. intermediary should be treated as a cooperating partner in the negotiation of the subsequent long-term operating agreement(s) with the host government, host institution and USAID.

(3) *Implementation.* The results of the approach outlined in the stage above should include, in addition to a better understanding and more meaningful commitment by all parties, the following specific products:

(i) A jointly developed life-of-project design which reflects the commitment of all parties and includes clear statements of purpose, principal outputs, eligible types of activity and expenditure limits, critical assumptions, and major progress indicators;

(ii) A workplan and input schedule for the first two years or at least as long as the expenditure period for the next obligation of project funds;

(iii) Provisions for any administrative support, special services or other inputs by the host country, contractor, and/or USAID; and

(iv) A plan for periodic joint evaluation and review or progress and subsequent workplans, normally annually, with the participation of all parties.

Appropriate elements of these agreements and understandings are now embodied in a contract for project implementation, as described in paragraph (d)(3)(i) of the section on Contracting Implications. This contract allows the U.S. intermediary to apply its judgment, reflecting close collaboration with its LDC colleagues, in adjusting the flow of USAID-financed inputs and in making other operational decisions with a minimum of requirements for prior USAID approvals or contract amendments as long as the contractor stays within the bounds of the approved overall plan and budget. In this phase, USAID will give technical assistance contractors the authority and responsibility for using their specialized expertise to the fullest extent in the scheduling and managing of project inputs.

(4) *Monitoring, joint evaluation and replanning.* With increased flexibility and responsi-

bility for implementation placed with the technical assistance contractor, the host government, and/or institutional collaborator, improved and timely progress reporting and periodic, joint, and structured reviews of results and evolving plans are imperative as a basis for monitoring and evaluating contractor performance, revalidating or adjusting project design, and for determining future funding levels and commitments.

Both the contractor's annual report and the joint review should be structured within the framework of purpose, outputs, performance indicators, etc., originally established in the project identification phase—as modified by detailed project design—and reflected in the Project Agreement and other pertinent documentation. The field review will normally serve as the occasion for discussing changes in or additions to previously agreed-to workplans as well as proposing changes in purpose, types of activities authorized and budgets which require contract amendment. Obviously, the appropriate host government, host institution, and senior contractor officials should be thoroughly involved in the process, which will have to be adapted to the conditions within specific projects and countries. An important USAID responsibility is to assure that there is appropriate host country participation in developing and improving project plans prior to new obligations of funds. The special requirements and responsibilities of the various parties shall also be reflected in the project agreement and contract terms and in guidelines on the content of annual reports, evaluation procedures, etc.

Standard checking on services actually delivered as a basis for reimbursement will be continued including appropriate audit of expenditures.

(d) *Contracting implications.* The principal elements of change in present contracting practices, as detailed below, are earlier selection and involvement of the prime contractor, contracting by major stages of project design and operations, minimizing the need for precontract negotiations and contract amendments and USAID approvals, and providing technical assistance contractors with the authority and responsibility needed to manage implementation within the approved program bounds.

(1) *Selection.* The early involvement of the contractor in the definition stage of a long-term technical assistance project, after USAID decides what it wants to undertake in stage (1), does not alter the Agency's responsibility to select its contractors carefully and in full compliance with appropriate contracting regulations and selection procedures. What is required here is that contractor selection be carried out at an earlier stage than has sometimes been the Agency practice in the past or with other types of

contracts and in anticipation that the contractor, assuming adequate performance, will participate in all subsequent phases until final completion.

(2) *Contracting stages.* In contracting, the initial design stage should be separated from the longer term implementation stage without any USAID commitment to undertake the second until it has exercised its independent judgment based on the product of the first plus any outside expert appraisal it and the host country want to use.

The long-term implementation stage itself may be further subdivided into contract periods which permit time between predetermined events for analysis, determination of new project requirements, and evaluation of performance prior to initiating the next phase by contract amendment/extension. If, for any reason, such an examination does not appear to warrant project continuation, then termination of the project and/or contract would be the next step.

(3) *Flexible implementation authority.* While good project design will eliminate or diminish many operational problems, the very nature of long-term technical assistance requires flexible implementation within agreed purposes, ultimate outputs, types of activity and available financing. With these key variables for USAID management control established, contracts should be written so as to minimize the need for amendments and USAID approval of changes in input particulars. This can be facilitated, both for the USAID, host country, institution, and the contractor by:

(i) *Retention of operational plan in contract and removal of workplan.* The contract narrative will contain the life-of-the-project Operational Plan, consistent with the project design as developed in stage (2) and reflected in the project documentation (and subsequent amendments thereto). The Operational Plan includes a statement of the purpose to be achieved, the outputs to be produced by the contractor and the types of activities to be undertaken, the more significant indicators of progress, a general description of the type of inputs that are authorized and intended to be provided during the life of the project, and the overall budget.

In order to allow adjustments at the implementation level without going through the contract amendment process, the detailed but short-term workplan containing specific descriptions and scheduling of all inputs such as numbers and types of staff, participants, commodities, etc., and specific activities, will not be a part of the contract. It is a working document to be modified in the field when the situation demands. The latest version will be available as a supporting document to justify proposed new obligation levels. Normally, the workplan and derived budget will cover a rolling two year period,

i.e., each year another yearly increment is added after review and approval.

(ii) *Budget flexibility.* To support this implementation flexibility, contract budget or fiscal controls will be shifted from fixed line items for each input category to program categories, permitting the technical assistance contractor to adjust amounts and timing to achieve previously approved types of activity. This same type of flexibility should apply to any local currency supplied for project operations and/or contractor staff support. While an essential corollary to eliminating the workplan from the contract, this is not a unique procedure under cost reimbursement type contracts when the contractor has demonstrated adequate management capability.

(iii) *Negotiation of advance understandings.* To permit university and international research center contractors to manage their activities in accordance with their own policies and procedures and thereby sharpen their management responsibility while achieving substantial savings in time and reduced documentation, USAID may negotiate advance understandings with its technical assistance contractors on dollar costs and administrative procedures that would be included by reference in its subsequent contracts. Upon receipt of a request from the contractor that their policies be reviewed and approved for usage in their contract in lieu of the standard terms and conditions, OP/PS/OCC, USAID/W will initiate negotiations of such policies in an expeditious manner. The approved policies will be used in all relevant relations involving the Agency and respective contractors in lieu of traditional contract standard provisions, whenever this may be appropriate. This does not apply to local currency costs and host government procedures which must be negotiated in each case.

The purpose of the practices listed above is not only to give a qualified contractor the authority to adjust the composition and timing of inputs but to assign to it clear responsibility for managing such resources, as the evolving circumstances require, to achieve the agreed-upon outputs on a cost efficient basis. It should also reduce the delay and paperwork involved in frequent but minor contract amendments, and approvals. For the agency as a whole, both in the Mission and in USAID/W, these have involved a large workload and cost.

(e) *Role of USAID.* Nothing in this appendix is intended to delegate, diminish or otherwise modify USAID's final responsibility for the prudent management of public funds and its own programs. Rather in withdrawing from the day-to-day involvement in and responsibility for the management of adjustment of the flow of inputs during the implementation, the best use of limited agency staff and time can be devoted to protecting

the public interest in gaining maximum results from the funds appropriated for technical assistance by:

- (1) Seeking optimum identification in terms of LDC priorities and U.S. capabilities;
- (2) Mobilizing and selecting the best U.S. professional talent to design and carry out the project;
- (3) Monitoring what is happening to assure adequacy of processes, get a feel of results, assure actual delivery of inputs being financed;
- (4) Assuring that the attention of USAID's implementation agents and LDC colleagues stay well focused on project purpose and results to be achieved (outputs) and the relation to these of what is being done and actual results;
- (5) Providing intermediaries adequate authority and responsibility to adjust inputs promptly and sensitively to the evolving project situations.

Attention to these considerations, and to achievements of the preimplementation conditions prescribed above, should greatly increase the chances for successful project completion and impact on a cost effective basis, which is the final measurement of prudent management.

ATTACHMENT TO APPENDIX F—GUIDELINES
FOR REQUESTS FOR EXPRESSIONS OF INTEREST

A. Length and Level of Detail

A Request for Expression of Interest (REI) should include more than just a short letter expressing interest, but should not be in the detail of a technical proposal (RFTP). The REI is not the only source of information that can or should be used for selection, but at least a minimum level of information should be contained in each document. A ten page paper that responds to the selection criteria included in every REI should be sufficient for evaluation purposes. The selection criteria should specify the technical inputs required for successful execution of the project and normally require a response in three general areas:

1. A description of the institution's capability to address the problem described in the REI.
2. Any related experience, whether in the country or region or in the problem area.
3. A demonstrable commitment of the institution to support the project.

The responses should address the capability, experience, and commitment to the particular project.

B. Specific Personnel Information

The response should specify within the areas set out in the selection criteria the following planning and personnel factors.

1. The design team plan and the scope of work for each member.

2. A list of candidates for the design team and their credentials.

3. A list of possible candidates for long-term assignment to the project. (Since there has been no project design, the specific technical assistance slots and technical responsibilities are vague. But it is expected that at least half of the personnel needs can be estimated early in the project. The institution should make its best guess for the team and present to the Agency the persons or types of persons with whom they are likely to contract.)

C. Multiple Institution Submissions

Joint effort on the part of several institutions is encouraged when appropriate. A single institution may submit an expression of interest for part of the project without knowledge of other collaborators or it may submit information in response to A and B of this attachment as part of a suggested collection of institutions. In either case, a proposed plan for cooperation is necessary.

However, such joint efforts must specify the division of responsibilities for the planning and personnel factors indicated in B of this attachment. Often USAID will identify the need for cooperation and suggest such an effort in the REI. Even if USAID does not suggest collaboration, joint efforts with a description of the cooperation would be an appropriate way to respond to an REI.

APPENDIX I TO CHAPTER 7—USAID'S
ACADEMIC PUBLICATION POLICY

1. Statement of Policy

This is a statement of USAID policy on publication, or release to parties other than those specifically authorized, of unclassified materials gathered or developed under contracts with academic institutions.

2. Underlying Principles

USAID favors and encourages the publication of scholarly research as well as the maximum availability, distribution, and use of knowledge developed in its program.

This policy statement does not deal with material that is classified for security reasons. It does deal with considerations of national interest, not of sufficient gravity to warrant security classification, but serious enough to affect adversely the conduct of

U.S. assistance programs. Consequently, in addition to the requirements of courtesy, propriety, and confidence which normally guide scholars in their work, there should also be consideration of the potential repercussions of publication on the successful execution of development and other cooperative programs in which the United States and foreign countries are involved.

3. Operational Definitions

The Agency draws a distinction between two kinds of manuscripts which a scholar may wish to publish:

- (a) A report which is prepared and delivered to the Agency under the terms of the contract (a "contract manuscript"); and
- (b) An article or book based upon experience and information gained under an USAID contract but not prepared or delivered under the contract (a "non-contract manuscript").

There are two kinds of actions, to be specified in the contract, which the Agency can take upon notification of a contractor's desire to publish:

- (a) Comment only, under which USAID and the foreign government involved may review the manuscript, and have their comments considered seriously by the contractor prior to publication; and
- (b) Authorization for release, which USAID may withhold if reconciliation between the national interest and the author's interest is impossible.

4. Policy Statements

(a) USAID, as a general rule, will not require an academic institution to obtain permission to publish the written work produced under a contract. It will ask for the opportunity to review the manuscript for comment only, prior to publication.

In the case of a contract manuscript, USAID reserves the right to disclaim endorsement of the opinions expressed; if it is a noncontract manuscript, USAID reserves the right to disassociate itself from sponsorship or publication.

(b) On the other hand, USAID may reserve the right of authorization for release in those exceptional cases where conditions exist making it reasonably foreseeable, in light of the contract's scope of work and the manner and place of performance, that the written work to be prepared and delivered under the contract may have adverse repercussions on the relations and programs of the United States. Where this right is reserved, it must be so specified in the contract. In determining where to reserve such right, USAID will consider all relevant factors, including:

- (1) The extent to which prompt and full performance of the contract will require access, facilitated by reason of the contract, to

information not generally available to scholars;

(2) The extent to which the work involves matters of political concern to foreign countries, particularly where any substantial part of the work is to be performed therein;

(3) The extent to which, by reason of USAID's close involvement and cooperation in the performance of the contract, the work product may be so identified with USAID itself as to prevent effective disclaimer of USAID endorsement thereof;

(4) The extent to which the objective of the contract is to provide advice to USAID or to a foreign government of immediate operational significance in the conduct of the USAID program or the implementation of governmental programs in the host country;

(5) The desires of the host country.

5. Implementation

The successful implementation of this policy on publication rests on a thorough understanding and acceptance of these principles by USAID and the prospective contractor. The actual publications provision for a particular contract, then, would be so worded as to reflect the agreement reached in the contract negotiations.

USAID's concern with noncontract manuscripts is related to the identification of a manuscript with the U.S. Government. This concern will be modified by the passage of time following termination of the contract.

In the normal case of prepublication review for USAID comment, the institution will submit a copy of the manuscript not later than the date of submission to the publisher. This gives the Agency time to comment if it is deemed appropriate. However, in the case of review for authorization, timely notification of USAID's response will be given, consistent with the size of the manuscript and the number and location of the parties involved.

The Agency will make every effort to expedite this review procedure in accordance with the underlying principle described at the beginning of this policy statement.

APPENDIX J TO CHAPTER 7—DIRECT USAID CONTRACTS WITH A COOPERATING COUNTRY NATIONAL AND WITH A THIRD COUNTRY NATIONAL FOR PERSONAL SERVICES ABROAD

1. General

- (a) *Purpose.* This appendix sets forth the authority, policy, and procedures under which USAID contracts with cooperating

country nationals or third country nationals for personal services abroad.

(b) *Definitions.* For the purpose of this appendix:

(1) *Personal services contract (PSC)* means a contract that, by its express terms or as administered, make the contractor personnel appear, in effect, Government employees (see FAR 37.104).

(2) *Employer-employee relationship* means an employment relationship under a service contract with an individual which occurs when, as a result of (i) the contract's terms or (ii) the manner of its administration during performance, the contractor is subject to the relatively continuous supervision and control of a Government officer or employee.

(3) *Non-personal services contract* means a contract under which the personnel rendering the services are not subject either by the contract's terms or by the manner of its administration, to the supervision and control usually prevailing in relationships between the Government and its employees.

(4) *Independent contractor relationship* means a contract relationship in which the contractor is not subject to the supervision and control prevailing in relationships between the Government and its employees. Under these relationships, the Government does not normally supervise the performance of the work, or the manner in which it is to be performed, control the days of the week or hours of the day in which it is to be performed, or the location of performance.

(5) *Contractor* means a cooperating country national or a third country national who has entered into a contract pursuant to this appendix.

(6) *Cooperating country* means the country in which the employing USAID Mission is located.

(7) *Cooperating country national (CCN)* means an individual who is a cooperating country citizen or a non-cooperating country citizen lawfully admitted for permanent residence in the cooperating country.

(8) *Third Country National (TCN)* means an individual

(i) Who is neither a citizen nor a permanent legal resident alien of the United States nor of the country to which assigned for duty, and

(ii) Who is eligible for return to his/her home country or country of recruitment at U.S. Government expense [see Section 12, General Provision 9 paragraph (n)].

2. Legal Basis

(a) Section 635(b) of the Foreign Assistance Act of 1961, as amended, hereinafter referred to as the "FAA", provides the Agency's contracting authority.

(b) Section 636(a)(3) of the FAA authorizes the Agency to enter into personal services contracts with individuals for personal services abroad and provides further that such

individuals " * * shall not be regarded as employees of the U.S. Government for the purpose of any law administered by the Civil Service Commission."¹

3. Applicability

(a) This appendix applies to all personal services contracts with CCNs or TCNs to provide assistance abroad under Section 636(a)(3) of the FAA.

(b) This appendix does not apply to:

(1) Contracts for non-personal services with TCNs or CCNs; such contracts are covered by the basic text of the FAR and AIDAR.

(2) Personal services contracts with U.S. citizens or U.S. resident aliens for personal services abroad; such contracts are covered by Appendix D of this chapter.

(3) Appointments of experts and consultants as USAID direct-hire employees; such appointments are covered by USAID Handbook 25, Employment and Promotion or superseding Chapters of the Automated Directive System (ADS).

4. Policy

(a) *General.* USAID may finance, with either program or operating expense (OE) funds, the cost of personal services as part of the Agency's program of foreign assistance by entering into a direct contract with a CCN or a TCN for personal services abroad.

(1) *Program funds.* Under the authority of Section 636(h) of the FAA, program funds may be obligated for periods up to five years where necessary and appropriate to the accomplishment of the tasks involved.

(2) *Operating expense funds.* Pursuant to USAID budget policy, OE funded salaries and other recurrent cost items may be forward funded for a period of up to three (3) months beyond the fiscal year in which these funds were obligated. Non-recurring cost items may be forward funded for periods not to exceed twenty-four (24) months where necessary and appropriate to accomplishment of the work.²

(b) *Limitations on Personal Services Contracts.*

(1) Personal services contracts may only be used when adequate supervision is available.

(2) Personal services contracts may be used for commercial activities. Commercial activities provide a product or service which could be obtained from a commercial source. See Attachment A of OMB Circular A-76 for a representative list of such activities.

¹The Civil Service Commission is now the Federal Office of Personnel Management.

²If there is a need, these contracts may be written for 5 years but only funded as outlined above.

(3) Notwithstanding any other provision of USAID directives, regulations or delegations, Cooperating Country or Third Country Nationals may be delegated or assigned any authority, duty or responsibility, delegated or assigned U.S. citizen direct-hire employees (USDH employees) except that:

a. They may not supervise USDH employees of USAID or other U.S. Government agencies. They may supervise USPSCs and non-U.S. citizen employees.

b. They may not be designated a Contracting Officer or delegated authority to sign obligating or subobligating documents.

c. They may represent the agency, except that communications that reflect a final policy, planning or budget decision of the agency must be cleared by a USDH employee.

d. They may participate in personnel selection matters but may not be delegated authority to make a final decision on personnel selection.

e. Services which involve security classified material.

(4) Exceptions. Exceptions to the limitations in (b)(3) must be approved by the Assistant Administrator for Management (AA/M).

(c) *Conditions of Employment.*

(1) *General.* For the purpose of any law administered by the U.S. Office of Personnel Management, USAID PSC contractors are not to be regarded as employees of the U.S. Government, are not included under any retirement or pension program of the U.S. Government, and are not eligible for the Incentive Awards Program covered by Uniform State/USAID/USIA regulations. Each USAID Mission is expected to participate in the Joint Special Embassy Incentive Awards Program. The program is administered by a joint committee which establishes procedures for submission, review and approval of proposed awards. Other than these exceptions, CCNs and TCNs who are hired for work in a cooperating country under PSCs generally will be extended the same benefits and be subject to the same restrictions as Foreign Service Nationals (FSNs) employed as direct-hires by the USAID Mission.

(2) *Compensation.* (i) It is USAID's general policy (see AIDAR 722.170) that PSC compensation may not, without the approval of the Mission Director or Assistant Administrator, exceed the prevailing compensation paid to personnel performing comparable work in the cooperating country. Compensation for TCN or CCN personal services contractors set in accordance with the provisions of 4c(2)(ii) below satisfies this requirement.

(ii) In accordance with Section 408(a)(1) of the Foreign Service Act of 1980, a local compensation plan forms the basis for all compensation payments to FSNs which includes CCNs and TCNs. The plan is each post's official system of position classification and

pay, consisting of the local salary schedule which includes salary rates, statements authorizing fringe benefit payments, and other pertinent facets of compensation for TCNs and CCNs, and the local position classification system as reflected in the Local Employee Position Classification Handbook (LEPCH) or equivalent in effect at the Mission. Compensation for PSCs will be in accordance with the local compensation plan, to the extent that it covers employees of the type or category being employed, unless the Mission Director determines otherwise. If the Mission Director determines that compensation in accordance with the local plan would be inappropriate in a particular instance, then compensation will be set in accordance with (in order of preference):

(A) Any other Mission policies on foreign national employee compensation; or

(B) Paragraphs 4(c) (d), (e), (g), (h), and (i) of Appendix D. When compensation is set in accordance with this exception, the record shall be documented in writing with a justification prepared by the requesting office and approved by the Mission Director.

(iii) The earning of leave (annual and sick), allowances and differential (if applicable), salaries and all other related benefits cannot be enumerated in this Appendix as they vary from Mission to Mission and are based upon the compensation plan for each.

(iv) Unless otherwise authorized, the currency in which compensation is paid to contractors shall be in accordance with the prevailing local compensation practice of the post.

(v) CCN and TCN contractors are eligible for allowances and differential on the same basis as direct-hire FSN employees under the post compensation plan.

(vi) A USAID PSC who is a spouse of a current or retired U.S. Civil Service, U.S. Foreign Service, or U.S. military service member, and who is covered by their spouse's government health or life insurance policy, is ineligible for a contribution towards the costs of annual health and life insurance.

(vii) Retired CCNs and TCNs may be awarded personal services contracts without any reduction in or offset against their Government annuity.

(3) *Incentives Awards.* (i) All Cooperating Country Nationals direct-hire and Personal Services Contractors (PSCs) and Third Country Nationals (PSCs) of the Foreign Affairs Community are eligible for the Joint Special Embassy Incentive Awards Program.

(ii) Meritorious Step Increases for USAID FSN PSCs may be authorized provided the granting of such increases is the general practice locally.

(iii) The Joint Country Awards Committee administers each post's (Embassy) award program, including establishment of procedures for submission, review and approval of proposed awards.

(4) *Training.* CCN and TCN PSCs are eligible for most of the training courses offered in the Training Course Schedule. However, applications will be processed on a case-by-case basis and are required to be approved by the Contracting Officer.

5. *Soliciting for Personal Services Contracts*

(a) *Technical Officer's Responsibilities.* The Technical Officer will prepare a written detailed statement of duties and a statement of minimum qualifications to cover the position being recruited for; the statement shall be included in the procurement request. The procurement request shall also include the following additional information as a minimum:

(1) The specific foreign location(s) where the work is to be performed, including any travel requirements (with an estimate of frequency);

(2) The length of the contract, with beginning and ending dates, plus any options for renewal or extension;

(3) The basic education, training, experience, and skills required for the position;

(4) A certification from the officer in the Mission responsible for the LEPCH or equivalent that the position has been reviewed and is properly classified as to a title, series and grade in accordance with the LEPCH. If the position does not fall within the LEPCH or equivalent system, and estimate of compensation based on subparagraphs 4(c)(2)(ii)(A) or (B) of this Appendix after consultations or in coordination with the contract officer or executive officer;

(5) A list of Government or host country furnished items (e.g., housing).

(b) *Contracting Officer's Responsibilities.* (1) The Contracting Officer will prepare the solicitation for personal services which shall contain:

(i) Three sets of certified biographical data and salary history. (Upon receipt, one copy of the above information shall be forwarded to the Project Officer);

(ii) A detailed statement of duties or a completed position description for the position being recruited for;

(iii) A copy of the prescribed contract Cover Page, Contract Schedule, and General Provisions as well as the FAR Clause to be included in full text and a list of those to be incorporated by reference; and

(iv) A copy of General Notice entitled "Employee Review of the New Standards of Conduct" dated October 30, 1992.

(2) The Contracting Officer shall comply with the limitations of AIDAR 706.302-70(c) as detailed in paragraph 5(c) below.

(c) *Competition.* (1) Under AIDAR 706.302-70(b)(1), Personal Services Contracts are exempt from the requirements for full and open competition with two limitations that must be observed by Contracting Officers:

(i) Offers are to be requested from as many potential offerors as is practicable under the circumstances, and

(ii) a justification supporting less than full and open competition must be prepared in accordance with FAR 6.303.

(2) A class justification was approved by the USAID Procurement Executive to satisfy the requirements of AIDAR 706.302-70(c)(2) for a justification in accordance with FAR 6.303. Use of this class justification for Personal Services Contracts with Cooperating Country Nationals and Third Country Nationals is subject to the following conditions:

(i) New contracts are publicized consistent with Mission/Embassy practice on announcement of direct hire FSN positions. Renewals or extensions with the same individual for continuing service do not need to be publicized.

(ii) A copy of the class justification (which was distributed to all USAID Contracting Officers via Contract Information Bulletin) must be included in the contract file, together with a written statement, signed by the Contracting Officer, that the contract is being awarded pursuant to AIDAR 706.302-70(b)(1); that the conditions for use of this class justification have been met; and that the cost of the contract is fair and reasonable. If the conditions in paragraphs (2)(i) and (ii) are not followed, the Contracting Officer must prepare a separate justification as required under AIDAR 706.302-70(c)(2).

(3) Since the award of a personal services contract is based on technical qualifications, not price, and since the biographical data and salary history are used to solicit for such contracts, FAR Subparts 15.4 and 15.5 are inappropriate and shall not be used. Instead, the solicitation and selection procedures outlined in this Appendix shall govern.

6. *Negotiating a Personal Services Contract*

Negotiating a Personal Services Contract is significantly different from negotiating a nonpersonal services contract because it establishes an employer-employee relationship; therefore, the selection and negotiations procedures are more akin to the personal selection procedures.

(a) *Technical Officer's Responsibilities.* The Technical Officer shall be responsible for reviewing and evaluating the applications received in response to the solicitation issued by the Contracting Officer. If deemed appropriate, interviews may be conducted with the applicants before the final selection is submitted to the Contracting Officer.

(b) *Contracting Officer's Responsibilities.*

(1) The Contracting Officer shall forward a copy of biographical data and salary history received under the solicitation to the Technical Officer for evaluation.

(2) On receipt of the Technical Officer's recommendation, the Contracting Officer

shall conduct negotiations with the recommended applicant. The terms and conditions of the contract will normally be in accordance with the local compensation plan which forms the basis for all compensation on payments paid to FSNs which includes CCNs and TCNs.

(3) The Contracting Officer shall use the certified salary history on the certified statement of biographical data and salary history as the basis for salary negotiations, along with the Technical Officer's cost estimate.

(4) The Contracting Officer will obtain necessary data for a security and suitability clearance to the extent required by USAID Handbook 6, Security or superseding ADS Chapters.

7. Executing a Personal Services Contract

Contracting activities, whether USAID/W or Mission, may execute Personal Services Contracts, provided that the amount of the contract does not exceed the contracting authority that has been redelegated to them. See AIDAR 701.601. In executing a personal service contract, the Contracting Officer is responsible for insuring that:

(a) The proposed contract is within his/her delegated authority;

(b) A written detailed statement of duties covering the proposed contract has been received;

(c) The proposed scope of work is contractible, contains a statement of minimum qualifications from the technical office requesting the services, and is suitable for a personal services contract in that:

(1) Performance of the proposed work requires or is best suited for an employer-employee relationship, and is thus not suited to the use of a non-personal services contract;

(2) The scope of work does not require performance of any function normally reserved for direct-hire Federal employees (under paragraph 4(b) of this Appendix); and

(3) There is no apparent conflict of interest involved (if the Contracting Officer believes that a conflict of interest may exist, the question should be referred to the cognizant legal counsel);

(d) Selection of the contractor is documented and justified (AIDAR 706.302-70(b)(1) provides an exception to the requirement for full and open competition for Personal Services Contracts abroad; see paragraph 5(c) of this Appendix);

(e) The standard contract format prescribed for a Cooperating Country National and a Third Country National personal services contract (Sections 9, 10, 11, 12, and 13 of this Appendix as appropriate) is used, or that any necessary deviations are processed as required by AIDAR 701.470;

(f) The contractor has submitted the names, addresses, and telephone numbers of at least two persons who may be notified in

the event of an emergency (this information is to be retained in the contract file);

(g) The contract is complete and correct and all information required on the contract Cover Page (USAID form 1420-36B) has been entered;

(h) The contract has been signed by the Contracting Officer and the contractor, and fully executed copies are properly distributed;

(i) The following clearances, approvals and forms have been obtained, properly completed, and placed in the contract file before the contract is signed by both parties:

(1) Security clearance to the extent required by USAID Handbook 6, *Security* or other superseding Chapters of the Automated Directives System;

(2) Mission, host country, and technical office clearance, as appropriate;

(3) Medical clearance(s) based on a full medical examination(s) and statement of medical opinion by a licensed physician. The physician's medical opinion must be in the possession of the Contracting Officer prior to signature of contract. If a TCN is recruited, medical clearance requirements apply to the contractor and each dependent who is authorized to accompany the contractor;

(4) The approval for any salary in excess of ES-6, in accordance with Appendix G of this chapter;

(5) A copy of the class justification or other appropriate explanation and support required by AIDAR 706.302-70, if applicable;

(6) Any deviation to the policy or procedures of this Appendix, processed and approved under AIDAR 701.470;

(7) The memorandum of negotiation;

(j) The position description is classified in accordance with the LEPCH, and the proposed salary is consistent with the local compensation plan or the alternate procedures established in 4(c)(2)(ii) above;

(k) Funds for the contract are properly obligated to preclude violation of the Anti-Deficiency Act, 31 U.S.C. 134 (the Contracting Officer ensures that the contract has been properly recorded by the appropriate accounting office prior to its release for the signature of the selected contractor);

(l) The contractor receives and understands USAID General Notice entitled "Employee Review of the New Standards of Conduct" dated October 30, 1992 and a copy is attached to each contract, as provided for in paragraph (c) of General Provision 2, Section 12;

(m) Agency conflict of interest requirements, as set out in the above notice are also met by the contractor prior to his/her reporting for duty;

(n) A copy of a Checklist for Personal Services Contractors which may be in the form set out above or another form convenient for the contracting officer, provided that a form containing all of the information described

in this paragraph 7 shall be prepared for each PSC and placed in the contract file;

(o) In consultation with the regional legal advisor and/or the regional contracting officer, the contract is modified by deleting from the General Provisions (Sections 12 and 13 of this Appendix) the inapplicable clause(s) by a listing in the Schedule; and

(p) The block entitled, “Acquisition and Assistance Request Document” on the Cover Page of the contract format is completed by inserting the four-segment technical number as prescribed in USAID Handbook 18, the USAID Code Book Appendix D or superseding ADS Chapter if the PSC is project-funded.

8. Contracting Format

The prescribed Contract Cover Page, Contract Schedules, General Provisions and FAR Clauses for personal service contracts for TCNs and CCNs covered by this Appendix are included as follows:

9. “Cover Page” for a Contract with a Cooperating Country National or with a Third Country National for Personal Services.

10. “Schedule” for a Contract with a Cooperating Country National or Third Country National Personal Services Contracts.

11. “Optional Schedule” for a Contract with a Cooperating Country National or Third Country National Personal Services Contracts.

[Use of the Optional Schedule is intended to serve as an alternate procedure for OE funded Foreign Service National PSCs. The schedule was developed for use when the Contracting Officer anticipates incremental recurring cost funded contracts. It should be noted that the Optional Schedule eliminates the need to amend the contract each time funds are obligated. However, the Contracting Officer is required to amend each contract not less than twice during a 12 month period to ensure that the contract record of obligations is up to date and agrees with the figures in the master funding document.]

12. “General Provisions” for a Contract With a Cooperating Country National or With a Third Country National for Personal Services.

13. FAR Clauses to be incorporated in full text as well as by reference in Personal Services Contracts.

9. Travel and Transportation Expenses (JUL 1993)

[For use in both CCN and TCN Contracts as appropriate].

(a) *General*. The contractor will be reimbursed in currency consistent with the prevailing practice at post and at the rates established by the Mission Director for authorized travel in the cooperating country in connection with duties directly referable to work under this contract. In the absence of such established rates, the contractor shall be reimbursed for actual costs of authorized travel in the cooperating country if not provided by the cooperating government or the Mission in connection with duties directly referable to work hereunder, including travel allowances at rates prescribed by USAID Handbook 22, "Foreign Service Travel Regulations" or superseding ADS Chapters as from time to time amended. The Executive or Administrative Officer at the Mission may furnish Transportation Requests (TR's) for transportation authorized by this contract which is payable in local currency or is to originate outside the United States. When transportation is not provided by Government issued TR, the contractor shall procure the transportation, and the costs will be reimbursed. The following paragraphs provide specific guidance and limitations on particular items of cost.

(b) *International Travel*. For travel to and from post of assignment the TCN contractor shall be reimbursed for travel costs and travel allowances from place of residence in the country of recruitment (or other location provided that the cost of such travel does not exceed the cost of the travel from the place of residence) to the post of duty in the cooperating country and return to place of residence in the country of recruitment (or other location provided that the cost of such travel does not exceed the cost of travel from the post of duty in the cooperating country to the contractor's residence) upon completion of services by the individual. Reimbursement for travel will be in accordance with USAID's established policies and procedures for its CCN and TCN direct-hire employees and the provisions of this contract, and will be limited to the cost of travel by the most direct and expeditious route. If the contract is for longer than one year and the contractor does not complete one full year at post of duty (except for reasons beyond his/her control), the cost of going to and from the post of duty for the contractor and his/her dependents are not reimbursable hereunder. If the contractor serves more than

one year but less than the required service in the cooperating country (except for reasons beyond his/her control) costs of going to the post of duty are reimbursable hereunder but the cost of going from post of duty to the contractor's permanent, legal place of residence at the time he or she was employed for work under this contract are not reimbursable under this contract for the contractor and his/her dependents. When travel is by economy class accommodations, the contractor will be reimbursed for the cost of transporting up to 10 kilograms/22 pounds of accompanied personal baggage per traveler in addition to that regularly allowed with the economy ticket provided that the total number of pounds of baggage does not exceed that regularly allowed for first class travelers. Travel allowances for travelers shall not be in excess of the rates authorized in the Standardized Regulations (Government Civilians, Foreign Areas) hereinafter referred to as the Standardized Regulations—as from time to time amended, for not more than the travel time required by scheduled commercial air carrier using the most expeditious route. One stopover enroute for a period of not to exceed 24 hours is allowable when the traveler uses economy class accommodations for a trip of 14 hours or more of scheduled duration. Such stopover shall not be authorized when travel is by indirect route or is delayed for the convenience of the traveler. Per diem during such stopover shall be paid in accordance with the Federal Travel Regulations as from time to time amended.

(c) *Local Travel*. Reimbursement for local travel in connection with duties directly referable to the contract shall not be in excess of the rates established by the Mission Director for the travel costs of travelers in the Cooperating Country. In the absence of such established rates the contractor shall be reimbursed for actual travel costs in the Cooperating Country by the Mission, including travel allowances at rates not in excess of those prescribed by the Standardized Regulations.

(d) *Indirect Travel for Personal Convenience of a TCN*. When travel is performed by an indirect route for the personal convenience of the traveler, the allowable costs of such travel will be computed on the basis of the cost of allowable air fare via the direct usually traveled route. If such costs include fares for air or ocean travel by foreign flag carriers, approval for indirect travel by such foreign flag carriers must be obtained from the Contracting Officer or the Mission Director before such travel is undertaken, otherwise only that portion of travel accomplished by the United States-flag carriers will be reimbursable within the above limitation of allowable costs.

(e) *Limitation on Travel by TCN Dependents*. Travel costs and allowances will be allowed

for authorized dependents of the contractor and such costs shall be reimbursed for travel from place of abode in the country of recruitment to the assigned station in the Cooperating Country and return, only if the dependent remains in the Cooperating Country for at least 9 months or one-half of the required tour of duty of the contract, whichever is greater, except as otherwise authorized hereunder for education, medical, or emergency visitation travel. Dependents of the TCN contractor must return to the country of recruitment or home country within thirty days of the termination or completion of the contractor's employment, otherwise such travel will not be reimbursed under this contract.

(f) *Delays Enroute.* The contractor may be granted reasonable delays enroute while in travel status when such delays are caused by events beyond the control of the contractor and are not due to circuitous routing. It is understood that if delay is caused by physical incapacitation, he/she shall be eligible for such sick leave as provided under the "Leave and Holidays" clause of this contract.

(g) *Travel by Privately Owned Automobile (POV).* If travel by POV is authorized in the contract schedule or approved by the Contracting Officer, the contractor shall be reimbursed for the cost of travel performed in his/her POV at a rate not to exceed that authorized in the Federal Travel Regulations plus authorized per diem for the employee and, if the POV is being driven to or from the cooperating country as authorized under the contract, for each of the authorized dependents traveling in the POV, provided that the total cost of the mileage and per diem paid to all authorized travelers shall not exceed the total constructive cost of fare and normal per diem by all authorized travelers by surface common carrier or authorized air fare, whichever is less.

(h) *Emergency and Irregular Travel and Transportation.* [For TCNs only]. Emergency transportation costs and travel allowances while enroute, as provided in this section, will be reimbursed not to exceed amounts authorized by the Foreign Service Travel Regulations for FSN direct-hire employees in like circumstances under the following conditions:

(1) The costs of going from post of duty in the cooperating country to another approved location for the contractor and authorized dependents and returning to post of duty, subject to the prior written approval of the Mission Director, when such travel is necessary for one of the following reasons:

(i) Need for medical care beyond that available within the area to which contractor is assigned.

(ii) Serious effect on physical or mental health if residence is continued at assigned post of duty.

(iii) Serious illness, injury, or death of a member of the contractor's immediate family or a dependent, including preparation and return of the remains of a deceased contractor or his/her dependents.

(2) Emergency evacuation when ordered by the principal U.S. Diplomatic Officer in the cooperating country. Transportation and travel allowances at safe haven and the transportation of household effects and automobile or storage thereof when authorized by the Mission Director, shall be payable in accordance with established Government regulations.

(3) The Mission Director may also authorize emergency or irregular travel and transportation in other situations when in his/her opinion the circumstances warrant such action. The authorization shall include the kind of leave to be used and appropriate restrictions as to time away from post, transportation of personal and household effects, etc.

(i) *Country of Recruitment Travel and Transportation.* [For TCNs only]. The contractor shall be reimbursed for actual transportation costs and travel allowances in the country of recruitment as authorized in the Schedule or approved in advance by the Contracting Officer or the Mission Director. Transportation costs and travel allowances shall not be reimbursed in any amount greater than the cost of, and time required for, economy-class commercial-scheduled air travel by the most expeditious route except as otherwise provided in paragraph (h) above, unless economy air travel is not available and the contractor adequately documents this to the satisfaction of the Contracting Officer in documents submitted with the voucher.

(j) *Rest and Recuperation Travel.* [For TCNs only].

If approved in writing by the Mission Director, the contractor and his/her dependents shall be allowed rest and recuperation travel on the same basis as direct-hire TCN employees and their dependents at the post under the local compensation plan.

(k) *Transportation of Personal Effects (Excluding Automobiles and Household Goods).* [For TCNs only].

(1) *General.* Transportation costs will be paid on the same basis as for direct-hire employees at post serving the same length tour of duty, as authorized in the schedule. Transportation, including packing and crating costs, will be paid for shipping from contractor's residence in the country of recruitment or other location, as approved by the Contracting Officer (provided that the cost of transportation does not exceed the cost from the contractor's residence) to post of duty in the cooperating country and return to the country of recruitment or other location provided the cost of transportation of the

personal effects of the contractor not to exceed the limitations in effect for such shipments for USAID direct-hire employees in accordance with the Foreign Service Travel Regulations in effect at the time shipment is made. These limitations may be obtained from the Contracting Officer. The cost of transporting household goods shall not exceed the cost of packing, crating, and transportation by surface common carrier.

(2) *Unaccompanied Baggage.* Unaccompanied baggage is considered to be those personal belongings needed by the traveler immediately upon arrival of the contractor and dependents. To permit the arrival of effects to coincide with the arrival of the contractor and dependents, consideration should be given to advance shipments of unaccompanied baggage. The contractor will be reimbursed for costs of shipment of unaccompanied baggage (in addition to the weight allowance for household effects) not to exceed the limitations in effect for USAID direct-hire employees in accordance with the Foreign Service Travel Regulations in effect when shipment is made. These limitations are available from the Contracting Officer. This unaccompanied baggage may be shipped as air freight by the most direct route between authorized points of origin and destination regardless of the modes of travel used.

(l) *Reduced Rates on U.S.-Flag Carriers.* Reduced rates on U.S.-flag carriers are in effect for shipments of household goods and personal effects of USAID contractors between certain locations. These reduced rates are available provided the shipper furnishes to the carrier at the time of the issuance of the Bill of Lading documentary evidence that the shipment is for the account of USAID. The Contracting Officer will, on request, furnish to the contractor current information concerning the availability of a reduced rate with respect to any proposed shipment. The contractor will not be reimbursed for shipments of household goods or personal effects in amounts in excess of the reduced rates which are available in accordance with the foregoing.

(m) *Transportation of things.* [For TCNs Only]. Where U.S. flag vessels are not available, or their use would result in a significant delay, the contractor may obtain a release from the requirement to use U.S. flag vessels from the Transportation Division, Office of Procurement, U.S. Agency for International Development, Washington, DC 20523-1419, or the Mission Director, as appropriate, giving the basis for the request.

(n) *Repatriation Travel.* [For TCNs Only]. Notwithstanding other provisions of this Clause 9, a TCN must return to the country of recruitment or to the TCN's home country within 30 days after termination or completion of employment or forfeit all right to reimbursement for repatriation travel. The re-

turn travel obligation [repatriation travel] assumed by the U.S. Government may have been the obligation of another employer in the area of assignment if the employee has been in substantially continuous employment which provided for the TCN's return to home country or country from which recruited.

(o) *Storage of household effects.* [For TCNs Only]. The cost of storage charges (including packing, crating, and drayage costs) in the country of recruitment of household goods of regular employees will be permitted in lieu of transportation of all or any part of such goods to the Cooperating Country under paragraph (k) above provided that the total amount of effects shipped to the Cooperating Country or stored in the country of recruitment shall not exceed the amount authorized for USAID direct-hire employees under the Foreign Service Travel Regulations. These amounts are available from the Contracting Officer.

10. Payment (MAY 1997)

[For use in both CCN and TCN Contracts].

(a) Payment of compensation shall be based on written documentation supporting time and attendance which may be (1) maintained by the Mission in the same way as for direct-hire CCNs and TCNs or (2) the contractor may submit such written documentation in a form acceptable to Mission policy and practice as required for other personal services contractors and as directed by the Mission Controller or paying office. The documentation will also provide information required to be filed under cooperating country laws to permit withholding by USAID of funds, if required, as described in the clause of these General Provisions entitled Social Security and Cooperating Country Taxes.

(b) Any other payments due under this contract shall be as prescribed by Mission policy for the type of payment being made.

11. Contractor-Mission Relationships (DEC 1986)

[For use in both CCN and TCN Contracts].

(a) The contractor acknowledges that this contract is an important part of the U.S. Foreign Assistance Program and agrees that his/her duties will be carried out in such a manner as to be fully commensurate with the responsibilities which this entails. Favorable relations between the Mission and the Cooperating Government as well as with the people of the cooperating country require that the contractor shall show respect for the conventions, customs, and institutions of the cooperating country and not become involved in any illegal political activities.

(b) If the contractor's conduct is not in accordance with paragraph (a), the contract may be terminated pursuant to the General Provision of this contract, entitled "Termination." If a TCN, the contractor recognizes

the right of the U.S. Ambassador to direct his/her immediate removal from any country when, in the discretion of the Ambassador, the interests of the United States so require.

(c) The Mission Director is the chief representative of USAID in the cooperating country. In this capacity, he/she is responsible for the total USAID Program in the cooperating country including certain administrative responsibilities set forth in this contract and for advising USAID regarding the performance of the work under the contract and its effect on the U.S. Foreign Assistance Program. The contractor will be responsible for performing his/her duties in accordance with the statement of duties called for by the contract. However, he/she shall be under the general policy guidance of the Mission Director and shall keep the Mission Director or his/her designated representative currently informed of the progress of the work under this contract.

12. Termination (NOV 1989)

[For use in both CCN and TCN Contracts].

(This is an approved deviation to be used in place of the clause specified in FAR 52.249-12.)

(a) The Government may terminate performance of work under this contract in whole or, from time to time, in part:

(1) For cause, which may be effected immediately after establishing the facts warranting the termination, by giving written notice and a statement of reasons to the contractor in the event (i) the contractor commits a breach or violation of any obligations herein contained, (ii) a fraud was committed in obtaining this contract, or (iii) the contractor is guilty (as determined by USAID) of misconduct in the cooperating country. Upon such a termination, the contractor's right to compensation shall cease when the period specified in such notice expires or the last day on which the contractor performs services hereunder, whichever is earlier. No costs of any kind incurred by the contractor after the date such notice is delivered shall be reimbursed hereunder except the cost of return transportation (not including travel allowances), if approved by the Contracting Officer. If any costs relating to the period subsequent to such date have been paid by USAID, the contractor shall promptly refund to USAID any such prepayment as directed by the Contracting Officer.

(2) For the convenience of USAID, by giving not less than 15 calendar days advance written notice to the contractor. Upon such a termination, contractor's right to compensation shall cease when the period specified in such notice expires except that the contractor shall be entitled to any accrued, unused vacation leave, return transportation costs and travel allowances and transportation of unaccompanied baggage costs at the rates specified in the contract and sub-

ject to the limitations which apply to authorized travel status.

(3) For the convenience of USAID, when the contractor is unable to complete performance of his/her services under the contract by reason of sickness or physical or emotional incapacity based upon a certification of such circumstances by a duly qualified doctor of medicine approved by the Mission. The contract shall be deemed terminated upon delivery to the contractor of a termination notice. Upon such a termination, the contractor shall not be entitled to compensation except to the extent of any accrued, unused vacation leave, but shall be entitled to return transportation, travel allowances, and unaccompanied baggage costs at rates specified in the contract and subject to the limitations which apply to authorized travel status.

(b) The contractor, with the written consent of the Contracting Officer, may terminate this contract upon at least 15 days' written notice to the Contracting Officer.

13. Allowances (DEC 1986)

The allowances provided shall be paid to the contractor in the currency of the cooperating country or in accordance with the practice prevailing at the Mission.

14. Advance of Dollar Funds (DEC 1986)

[For TCNs only].

If requested by the contractor and authorized in writing by the Contracting Officer, USAID will arrange for an advance of funds to defray the initial cost of travel, travel allowances, authorized precontract expenses, and shipment of personal property. The advance shall be granted on the same basis as to an USAID U.S.-citizen direct-hire employee in accordance with USAID Handbook 22, Chapter 4 or superseding ADS Chapters.

15. Conversion of U.S. Dollars To Local Currency (DEC 1986)

[For TCNs only].

Upon arrival in the cooperating country, and from time to time as appropriate, the contractor shall consult with the Mission Director or his/her authorized representative who shall provide, in writing, the policy the contractor shall follow in the conversion of one currency to another currency. This may include, but not be limited to, the conversion of said currency through the cognizant U.S. Disbursing Officer, or Mission Controller, as appropriate.

16. Post of Assignment Privileges (DEC 1986)

[For TCNs only].

Privileges such as the use of APO, PX's, commissaries and officer's clubs are established at posts abroad pursuant to agreements between the U.S. and host governments. These facilities are intended for and usually limited to U.S. citizen members of the official U.S. Mission including the Embassy, USAID, Peace Corps, U.S. Information Services and the Military. Normally, the agreements do not permit these facilities to be made available to non-U.S. citizens if they are under contract to the United States Government. However, in those cases where the facilities are open to TCN contractor personnel, they may be used.

17. Release Of Information (DEC 1986)

[For use in both CNN and TCN Contracts].

All rights in data and reports shall become the property of the U.S. Government. All information gathered under this contract by the contractor and all reports and recommendations hereunder shall be treated as privileged information by the contractor and shall not, without the prior written approval of the Contracting Officer, be made available to any person, party, or government, other than USAID, except as otherwise expressly provided in this contract.

Any notice, given by any of the parties hereunder, shall be sufficient only if in writing and delivered in person or sent by telegraph, telegram, registered, or regular mail as follows:

(a) TO USAID: To the Mission Director of the Mission in the Cooperating Country with a copy to the appropriate Contracting Officer.

(b) TO THE CONTRACTOR: At his/her post of duty while in the Cooperating Country and at the contractor's address shown on the Cover Page of this contract or to such other address as either of such parties shall designate by notice given as herein required.

Notices hereunder shall be effective when delivered in accordance with this clause or on the effective date of the notice, whichever is later.

19. Incentive Awards (DEC 1996)

[For CNN and TCN Contracts].

(a) All Cooperating Country National (CCN) Personal Services Contractors (PSCs) and Third Country Nationals (TCNs) of the Foreign Affairs Community are eligible for the Joint Embassy Incentive Awards Program. The program is administered by each post's (Embassy) Joint Country Awards Committee.

(b) Meritorious Step Increases

Meritorious step increases may be granted to CNNs and TCNs paid under the local compensation plan provided the granting of such increases is the general practice locally.

20. Training (JUL 1993)

[For CNN and TCN Contracts].

The contractor may be provided job related training to develop growth potential, expand capabilities and increase knowledge and skills. The training may be funded under the personal services contract.

21. Medical Evacuation (MEDEVAC) Services (JUL 1993)

[For TCN Contracts Only].

Coverage shall be obtained pursuant to the terms of the contract between USAID and USAID's medevac service provider unless exempted in accordance with paragraph (b).

(b) The following are exempted from the requirements in paragraph (a):

(i) Contractors and their dependents with a health insurance program that includes sufficient medevac coverage as approved by the Contractor Officer.

(ii) Contractors and their dependents located at Missions where the Mission Director makes a written determination to waive the requirement for such coverage based on findings that the quality of local medical services or other circumstances obviate the need for such coverage.

801.000 Scope of part.

This part prescribes general policies and background regarding the Veterans Affairs Acquisition Regulation (VAAR). It includes information regarding the maintenance and administration of the VAAR and includes procedures for deviations from the VAAR and the Federal Acquisition Regulation (FAR).

[49 FR 12583, Mar. 29, 1984, as amended at 54 FR 31961, Aug. 3, 1989; 63 FR 69217, Dec. 16, 1998]

Subpart 801.1—Purpose, Authority, Issuance

801.101 Purpose.

(a) This subpart establishes Chapter 8, Veterans Affairs Acquisition Regulation, of Title 48—Federal Acquisition Regulation System, Code of Federal Regulations.

(b) The VAAR must be utilized in conjunction with the FAR. The VAAR cannot be utilized by itself.

[49 FR 12583, Mar. 29, 1984, as amended at 63 FR 69217, Dec. 16, 1998]

801.103 Authority.

The VAAR and any amendments thereto are issued by the Secretary of Veterans Affairs as provided by 38 U.S.C. 501 and the Federal Property and Administrative Services Act of 1949 (40 U.S.C. 486(c)).

[49 FR 12583, Mar. 29, 1984, as amended at 54 FR 31961, Aug. 3, 1989. Redesignated and amended at 63 FR 69217, Dec. 16, 1998]

801.104 Applicability.

(a) The FAR and the VAAR apply to all acquisitions of the Department (including construction) made with appropriated funds and procurements made with Supply Fund monies (38 U.S.C. 8121).

(b) The FAR and VAAR will apply to the special procurement programs authorized by Title 38 U.S. Code (Viz., Veterans Canteen Service and the Loan Guaranty programs), to the extent indicated in the VAAR.

[49 FR 12583, Mar. 29, 1984, as amended at 54 FR 40062, Sept. 29, 1989. Redesignated and amended at 63 FR 69217, Dec. 16, 1998]

801.104–70 Exclusions.

The FAR and VAAR will not apply to purchases and contracts which utilize General Post Funds when such regulations would infringe upon a donor's prerogative to specify the exact item to be purchased and/or the source of supply.

[49 FR 12583, Mar. 29, 1984. Redesignated at 67 FR 49257, July 30, 2002]

Subpart 801.2—Administration

Subpart 801.3—Department Acquisition Regulations

801.301 Policy.

(a) VAAR, amendments and interim changes thereto will be issued by the Secretary of Veterans Affairs after necessary reviews by cognizant VA officials.

(b) Implementing procedures, instructions and guidelines necessary to implement the VAAR and the FAR may be issued by the heads of contracting activities. Such issuances may include delegations of authority, review and approval for acquisition action up to the dollar level delegated to that contracting activity by this regulation as well as providing procedural guidance for users. Such issuances will be the minimum necessary to provide a logical implementation of FAR and VAAR requirements and will be internal to the facility, i.e., it will not specify reporting/recordkeeping requirements for the public (see 801.301–70(b)).

[49 FR 12583, Mar. 29, 1984, as amended at 52 FR 28559, July 31, 1987; 54 FR 31962, Aug. 3, 1989; 61 FR 20491, May 7, 1996]

801.301–70 Paperwork Reduction Act requirements.

(a) It is the policy of the Government to keep to the minimum the amount of recordkeeping and reporting required of the public. This objective applies to the Department of Veterans Affairs acquisition system.

(b) Contractors will not be requested to maintain systems of records unless prescribed in FAR or VAAR.

(1) A deviation to this prohibition may be processed in accordance with 801.403 in order to allow the contracting officer to require contractor reporting or recordkeeping beyond that prescribed in the FAR and VAAR. The request for deviation will clearly specify what information or recordkeeping will be required and why it is required. The request will be signed by the head of the contracting activity.

(2) The Deputy Assistant Secretary for Acquisition and Materiel Management (95) will review the request and upon concurrence will likewise submit the request to Office of Management

and Budget (OMB) for approval as prescribed by the Paperwork Reduction Act of 1980. If approved, the Deputy Assistant Secretary for Acquisition and Materiel Management will send the approval back to the requester with the OMB clearance number.

(c) In accordance with the Paperwork Reduction Act of 1980 (Pub. L. 96-511), the reporting or recordkeeping provisions that are included in this VAAR have been approved by OMB and have been given the following approval numbers:

Subpart 801.4—Deviations From the FAR or VAAR

801.403 Individual deviations.

(a) When contracting officers consider it necessary to deviate from the policies set forth in the FAR or VAAR, a request for authority to do so will be submitted to the Deputy Assistant Secretary for Acquisition and Materiel Management (93). The request will clearly set forth the circumstances warranting the deviation and nature of the deviation.

[49 FR 12583, Mar. 29, 1984, as amended at 52 FR 49016, Dec. 29, 1987; 54 FR 31962, Aug. 3, 1989]

Subpart 801.6—Career Development, Contracting Activity, and Responsibilities

801.601 General.

(a) This subpart establishes general contracting officer authority and responsibility. However, other provisions

801.602

in both the FAR and the VAAR contain some contracting officer limitations and it is incumbent upon each contracting officer to be aware of those limitations.

(b) Personnel, other than those designated in 801.602, may determine quality, quantity and delivery requirements for items or services to be purchased. However, under no circumstances will individuals who have not been delegated contracting authority commit the Government for purchases of supplies, equipment or services. Individuals making such commitments may be held financially liable for the amount of the obligation.

801.602 Contracting officers.

(a) Except as otherwise provided by law, VA regulations, VAAR and FAR, the authority vested in the Secretary to do the following is delegated to the Senior Procurement Executive and is further delegated to the Procurement Executive:

(1) Execute, award, and administer contracts, purchase orders, and other agreements (including interagency agreements) for the expenditure of funds involved in the acquisition of personal property, service (including architect-engineer services), construction, issuing Government bills of lading, and for the sale of personal property, leases, sales agreements and other transactions;

(2) Prescribe and publish acquisition policies and procedures;

(3) Establish clear lines of contracting authority;

(4) Manage and enhance career development of the procurement work force;

(5) Examine, in coordination with the Office of Federal Procurement Policy, the procurement system to determine specific areas where Governmentwide performance standards should be established and applied, and to participate in the development of Governmentwide procurement policies, regulations and standards; and,

(6) Oversee the competition advocate program.

(b) Further delegation to execute, award, and administer contracts, purchase orders and other agreements will be made in accordance with the Contracting Officer Certification Program

48 CFR Ch. 8 (10-1-03 Edition)

as prescribed in (VAAR) 48 CFR 801.670 and 801.690.

[61 FR 1526, Jan. 22, 1996]

801.602-2 Responsibilities.

(a) In the administration of a contract, many problems can and do arise that make the advice and assistance of the General Counsel either desirable or necessary. The final decision as to the action to be taken, however, must be made by the contracting officer in each instance. To reduce to the absolute minimum the possibility of litigation resulting from his/her decision, the contracting officer shall, except as provided in paragraph (c) of this section, submit the problem through channels in sufficient detail to the General Counsel for advice or assistance.

(b) While legal review and concurrence of the General Counsel is required prior to a default termination, in some cases where a quick response is necessary, this review can be expedited by express mailing or telefaxing the default letter and related documents which are required to make an evaluation directly to the General Counsel (025). The default termination letter should contain, at a minimum, the following:

(1) The proposed termination (FAR 49.102);

(2) An explanation of what necessitated the default, including the reasons why the contracting officer considers the contractor to be in default;

(3) A statement that the factors set forth in FAR 49.402-3(f) have been fully considered; and

(4) Final decision language and appeal rights.

(c) Contracts containing a mutual termination clause may be terminated without reference to the General Counsel.

[49 FR 12583, Mar. 29, 1984, as amended at 54 FR 31962, Aug. 3, 1989]

801.602-3 Ratification of unauthorized commitments.

(a) Contracting officers shall not ratify contractual commitments made by other VA personnel without prior approval as prescribed below. Such unauthorized commitments include commitments made by other contracting

officers which exceed their respective contracting authority as well as unauthorized commitments made by individuals lacking contracting authority.

(1) At field stations, for supplies, services and construction, the approving authority is the director of the field facility concerned.

(2) For central office contracting officers, for supplies, services, and construction, the approving authorities are the heads of the administrations and directors of the staff offices concerned, and the Deputy Assistant Secretary for Acquisition and Materiel Management.

(3) For acquisitions of leasehold interest in real property the approving authority is:

(ii) The Assistant Secretary for Management for 5,001-20,000 square feet, and for parking spaces exceeding 100 which cost less than \$100,000 per annum.

(iii) The Deputy Secretary for 20,001 square feet and above, and for parking spaces exceeding 100 which cost more than \$100,000 per annum.

(4) This approval authority shall not be redelegated.

(b) Requests received by contracting officers for ratification of commitments made by personnel lacking contracting authority shall be processed as follows:

(1) The individual who made the unauthorized contractual commitment shall furnish the contracting officer all records and documents concerning the commitment and a complete written statement of facts, including, but not limited to, a statement as to why the procurement office was not utilized, why the proposed contractor was selected and a list of other sources considered, description of work to be performed or products to be furnished, estimated or agreed contract price, citation of appropriation available, and a statement of whether the contractor has commenced performance.

(2) The contracting officer will review the file and forward it to the approving authority specified in para-

graph (a) of this section with any comments or information which should be considered in evaluation of the request for ratification. If legal review is desirable, the approving authority will coordinate the request for ratification with the Office of the General Counsel or the District Counsel, as appropriate.

(3) If ratification is authorized, the file will be returned to the contracting officer for issuance of a purchase order or contract, as appropriate.

(c) In the case of otherwise proper contract awards made by contracting officers in excess of the limits of their delegated authority, the need for ratification will be brought to the attention of the head of the contracting activity. That individual will take such action as may be indicated to preclude future instances of such awards.

[54 FR 31962, Aug. 3, 1989, as amended at 61 FR 11585, Mar. 21, 1996; 63 FR 69217, Dec. 16, 1998]

803.7000 Policy.

It is Department of Veterans Affairs' (VA) policy to contract with companies that conduct business with the highest degree of integrity and honesty. To demonstrate this commitment to integrity and honesty, contractors should have standards of conduct and internal control systems that are designed to promote such standards, to facilitate the timely discovery and disclosure of improper conduct in connection with Government contracts, and to assure that corrective measures are promptly instituted and carried out. For example, a contractor's system of management controls should provide for—

(a) A written code of business ethics and standards of conduct and an ethics training program for all employees;

(b) A mechanism, such as a hotline, by which employees may report suspected instances of improper conduct, and instructions that encourage employees to make such reports;

(c) Disciplinary action for improper conduct;

(d) Periodic reviews of company business practices, procedures, policies, and internal controls for compliance with standards of conduct and the special requirements of Government contracting;

(e) Internal and/or external audits as appropriate;

(f) Timely reporting to appropriate Government officials of any suspected or possible violations of law in connection with Government contracts or any other irregularities in connection with such contracts; and

(g) Full cooperation with any Government agencies responsible for either investigation or corrective actions.

Subpart 807.3—Contractor Versus Government Performance

807.300 Scope of subpart.

This subpart prescribes basic procedures and principles to be followed in performing the contracting aspect of the OMB Circular A-76 cost comparison process.

807.304 Procedures.

807.304-73 Bid opening/receipt of proposals.

The date established for bid opening or receipt of proposals will normally be 90 days after sending the request for publication to the Commerce Business Daily (CBD) (65 days after issuing the solicitation).

807.304-75 Bid acceptance.

Bid acceptance shall be 90 days from bid opening/receipt of proposals in order to accommodate the time necessary to evaluate bids/offers, finalize the cost comparison and process any appeals. Contracting officers will insert "90 days" in FAR clause 52.214-15.

807.304-76 Contract effective date.

(a) A transition from in-house performance to contract requires a period of time from contract award to beginning of contract performance (contract effective date). This time is necessary to allow for personnel adjustments, e.g., right of first refusal process, and to allow a reasonable period for the contractor to make necessary resource reallocations. The contract effective date should be carefully considered in conjunction with the A-76 Task Group and must be specified in the solicitation.

(b) Although outplacement planning to minimize the effect of any necessary reduction in force should be initiated in advance of bid opening/receipt of proposals as prescribed by Office of Personnel and Labor Relations, there are also employee and labor organization reduction-in-force notice requirements which must be satisfied.

(c) When bargaining unit employees will be affected, facility officials also

should review and comply with any employee or labor organization notice requirements in applicable negotiated agreements.

807.304-77 Right of first refusal.

(a) In addition to the Right of First Refusal clause specified in FAR 52.207-3, the contracting officer will include the clause "Report of Employment Under Commercial Activities" in 852.207-70. This clause is primarily intended to verify that the contractor is meeting its obligation to provide adversely affected Federal workers the first opportunity for employment openings, for which they qualify, created by the contract.

(b) The Report of Employment Under Commercial Activities clause is also prescribed to avoid inappropriate severance payment. In order to implement the clause, the contracting officer (or Contracting Officer's Technical Representative (COTR)) must first obtain a list from the servicing personnel office of Federal employees, including their Social Security numbers, who will be adversely affected as a result of the anticipated contract. The list should be requested as soon as a preliminary determination is made to contract out a function subject to A-76. (Contracting officers may designate a COTR to coordinate the information and reporting requirements.)

Subpart 809.1—Responsible Prospective Contractors

809.104-2 Special standards.

Standards applicable to subsistence will be established based on preaward surveys prescribed by 809.106-1.

809.106-1 Conditions for preaward surveys.

(a) Preaward on-site evaluation will be made for contracts covering the products and services of bakeries, dairies, ice cream plants and laundry and dry cleaning activities. A committee under the direction of the contracting officer and composed of representatives of the medical service and/or using service chiefs or designees appointed by the facility director will inspect and evaluate the plant, personnel, equipment and processes of the prospective contractor. Prior to any inspection, the contracting officer will inquire whether the plant has been recently inspected and approved by another Department of Veterans Affairs facility or Federal agency. Approved inspection reports of another Department of Veterans Affairs facility will be accepted by Department of Veterans Affairs facilities and approved inspection reports of other Federal agencies may be accepted as satisfactory evidence that the facilities of the bidder meet the requirements of the Invitation for Bid, provided inspection was made not more than 6 months prior to the proposed contract period.

(b) Preaward on-site evaluation of dairy plants will not be made by the Department of Veterans Affairs when acceptable bids are received from suppliers of those dairy products designated as No. 1 in the Federal Specifications. Suppliers must have received, prior to opening of bids, a pasteurized milk rating of 90 percent or more for the type of product being supplied, on the basis of the U.S. Public Health Service milk ordinance and code. Such rating must be current (not over 2 years old), and will have been determined by certified State milk sanitation rating officer in the State of origin or by the Public Health Service and will continue at 90 percent or more during the period of the contract. Firms not so rated may only offer dairy products designated as No. 2 in the Federal Specifications. Award to such firms may be made only after completion of a preaward on-site evaluation conducted in accordance with paragraph (a) of this section.

(c) Prior to any open market purchase of fresh bakery products (such as

pies, cakes, cookies), the plant where these products are produced or prepared will be inspected and evaluated as provided in paragraph (a) of this section. On-site evaluation will be made at least annually and recorded on VA Form 10–2079, Inspection Report of Bakery.

Subpart 809.2—Qualified Products

809.206 Acquiring qualified products.

(a) Federal Qualified Products Lists are lists of products qualified under the applicable Federal or interim Federal specification. Such lists may be used as authorized by the appropriate administration or staff office. Requests to receive copies of existing Federal Qualified Products Lists will be submitted to the Deputy Assistant Secretary for Acquisition and Materiel Management (91) for transmittal to General Services Administration. Requests to establish a Federal Qualified Products List for a commodity will be submitted to the Deputy Assistant Secretary for Acquisition and Materiel Management (91), supported by one or more of the following justifications:

(1) The time required for testing after award would unduly delay delivery of the supplies being purchased.

(2) The cost of repetitive testing would be excessive.

(3) The tests would require expensive or complicated testing apparatus not commonly available.

(4) The interest of the Government requires assurance, prior to award, that the product is satisfactory for its intended use.

(5) The determination of acceptability would require performance data to supplement technical requirements in the specification.

(b) VA Qualified Products Lists are lists of products qualified by VA under VA specifications or purchase descriptions. Such lists may be established as authorized by the appropriate administration or staff office.

(1) VA Qualified Products Lists will be supported by one or more of the justifications in 809.206(a) or the following:

(i) Where tests result in substantial or repetitive rejections, or

(ii) Where professional requirements of performance, balance, design, or construction cannot economically be developed into clear specifications, and professional judgment is required in determining the acceptability of items meeting VA requirements.

(2) In the event that the requirement for VA Qualified Products List is established for any given product, known suppliers of the type of item required will be notified and given an opportunity to submit samples for inspection, and test based upon guarantee that they will deliver the item to be inspected, provided the item is acceptable. A qualified products list shall not be used as a means of restricting competition to favored suppliers. All suppliers so desiring shall be given an opportunity to have their products tested for acceptability.

(3) Costs involved in the inspection and test will be borne by VA. The supplier will be required to bear the cost of the sample and its transportation to the inspecting point. After inspection, the sample shall be returned to the supplier “as is” unless it is destroyed by inspection or disposed of or retained by VA as authorized by the supplier.

(4) Items which have been accepted for the qualified products list will be subject to constant review for compliance with the applicable specification. Where there is a variance between the specification and item, the supplier shall be requested to furnish an item that conforms to the specification. Failure or inability on the part of the supplier to provide an item that conforms to the specification will be sufficient cause to consider the item unacceptable in response to subsequent invitations.

(5) The acceptance of an item for the qualified products list does not guarantee acceptance in any future purchase, nor does it constitute a waiver of the requirements of the specifications as to acceptance, inspection, testing or other provisions of any future contract involving such item.

(6) Bid invitations covering products which have been included in a qualified products list will include the clause set

forth in FAR 52.209-1 or 52.209-2 as applicable.

[49 FR 12594, Mar. 29, 1984, as amended at 54 FR 30044, July 18, 1989; 54 FR 40063, Sept. 29, 1989]

809.270 Qualified products for convenience/labor saving foods.

(a) Each VA medical district's Dietetic Service representative is delegated authority to establish a common Qualified Products List for convenience/labor-saving foods for the use of medical centers within his/her respective district. The medical district Dietetic Service representative will notify the Director, Dietetic Service, VA Central Office, of the establishment of each Qualified Products List and amendments to each established list.

(b) Each medical center is authorized to use its district Qualified Products List. Each medical center may test food of its own choice, but will submit test results to the district Dietetic Service representative. The Dietetic Service representative will coordinate and consolidate the test results and recommendations of individual medical centers within the district in order to avoid unnecessary duplication.

(c) The approved medical district Qualified Products List will be furnished each Supply office within the district. The Supply Services will have access to complete and accurate records of established Qualified Products Lists and all test results. These records will be made available to the Office of Acquisition and Materiel Management, VA Central Office, upon request.

(b) The Office of Acquisition and Materiel Management (91) shall be responsible for the actions described by FAR 9.404(c) (3) and (5).

[49 FR 12594, Mar. 29, 1984, as amended at 54 FR 30044, July 18, 1989]

809.405 Effect of listing.

The Deputy Assistant Secretary for Acquisition and Materiel Management shall make the determinations required by FAR 9.405(a) and 9.405-2 to solicit from, award contracts to, or consent to subcontracts with contractors whose names are included on the consolidated list of debarred, suspended or ineligible contractors.

[49 FR 12594, Mar. 29, 1984, as amended at 54 FR 30044, July 18, 1989]

809.406 Debarment.

809.406-1 General.

(a) The Deputy Assistant Secretary for Acquisition and Materiel Management is the debarring official for the Department of Veterans Affairs.

(b) Any Department of Veterans Affairs employee may submit a recommendation to the Deputy Assistant Secretary for Acquisition and Materiel Management that a firm or individual be debarred by the Department of Veterans Affairs.

809.406-3 Procedures.

(a) The Deputy Assistant Secretary for Acquisition and Materiel Management shall, upon a receipt of a recommendation for debarment, appoint a designee to conduct an investigation, initiate debarment and present the facts to the debarring official for consideration and action.

(b) The appointed designee shall issue the proposed debarment notice as required by FAR 9.406-3(c).

(1) If no reply is received from the firm or individual to the notice of proposed debarment, the case will be referred to the debarring official for decision on the basis of information available.

(2) When a reply is received, the information provided will be considered by the appointed designee prior to making a recommendation to the debarring official. If the contractor's submission in opposition to the debarment raises a genuine dispute over facts material to the proposed debarment, the designee appointed by the Deputy Assistant Secretary for Acquisition and Materiel Management will conduct a fact-finding as prescribed by FAR 9.406-3(b)(2).

(3) Upon completion of the fact-finding with respect to disputed facts, a written findings of facts will be provided to the debarring official.

(4) The debarring official shall make a decision on the basis of all information available including findings of facts, and/or arguments submitted by the contractor.

[49 FR 12594, Mar. 29, 1984, as amended at 50 FR 791, Jan. 7, 1985]

809.406-4 Period of debarment.

The period of debarment will be based upon the circumstances involved but will not, except in unusual circumstances, exceed a period of 3 years. The Deputy Assistant Secretary for Acquisition and Materiel Management may for those firms or individuals debarred by the Department of Veterans Affairs decide to remove the debarment, reduce the period of debarment, or amend the scope of the debarment, if indicated, after review of documentary evidence submitted by or in behalf of the contractor setting forth

the appropriate grounds for granting of such relief. Such grounds may be, but are not limited to, newly discovered material evidence, reversal of a conviction, bona fide change of ownership or management or the elimination of the cause for which debarment was imposed.

809.407 Suspension.**809.407-1 General.**

The Deputy Assistant Secretary for Acquisition and Materiel Management is the suspending official for the Department of Veterans Affairs.

809.407-3 Procedures.

(a) Suspension may be recommended by any Department of Veterans Affairs employee. These recommendations will be submitted to the Deputy Assistant Secretary for Acquisition and Materiel Management and must be supported by documentary evidence of a cause listed in FAR 9.407-2.

(b) The Deputy Assistant Secretary for Acquisition and Materiel Management shall designate an official to initiate suspension, conduct an investigation and present the facts to the suspending official for consideration and appropriate action.

(c) The designee shall issue the proposed suspension notice as required by FAR 9.407-3(c).

(1) If no reply is received from the contractor to the notice of proposed suspension, the case will be referred to the suspending official for decision on the basis of information available.

(2) When a reply is received, the information provided will be considered by the official conducting the suspension proceedings prior to referring the case with recommendations to the suspending official. If the contractor's submission in opposition to the suspension raises a genuine dispute over facts material to the proposed suspension, the designee of the Deputy Assistant Secretary for Acquisition and Materiel Management will conduct a fact-finding as prescribed by FAR 9.407-3(b)(2).

(3) Upon completion of the informal hearing with respect to the disputed facts, a written findings of facts will be prepared and presented to the suspending official.

(4) The suspending official shall make a decision on the basis of all information available including findings of facts, and/or arguments submitted by the contractor.

Subpart 809.5—Organizational Conflicts of Interest

809.504 Contracting officer's responsibilities.

(a) Contracting officers will be responsible for determining the existence of actual and/or potential organizational conflicts of interest which would result from the award of the contract. The contracting officer will be guided by information submitted by offerors and by his/her own judgment. The contracting officer may obtain the advice of legal counsel and the assistance of technical specialists in evaluating potential organizational conflicts.

(b) If it is determined that organizational conflicts of interest will be created by the award of the contract, the contracting officer may find an offeror nonresponsible.

(c) Notwithstanding the existence of organizational conflicts of interest, it may be determined that the award of the contract would be in the best interest of the Government. In that case, the contracting officer may set terms and conditions which will reduce the organizational conflicts of interest to the greatest extent possible, with the approval of the head of the contracting activity.

(d) The contracting officer will, in addition to any certifications required by this subpart, require in all solicitations for consulting services that the offeror submit as part of an offer a statement which discloses all relevant facts relating to existing or potential organizational conflicts of interest surrounding the contract and/or the proposed use of subcontractors during the contract.

809.505 General rules.

The determination that organizational conflicts of interest exist can only be made when facts surrounding individual contracting situations are known. Therefore, it is up to the contracting officer to exercise common sense, good judgment and sound discre-

tion in making such a determination and to take steps to mitigate to the greatest extent possible organizational conflicts of interest. The contracting officer will be guided by at least two underlying principles. These are that organizational conflicts of interest may result from (a) conflicting roles and interests of the contractor, in which case he/she would be unable to give unbiased and objective advice or may otherwise produce a biased work product; or (b) unfair competitive advantage which exceeds a normal flow of benefits from the award of the contract.

809.508-2 Contract clause.

The representation in 852.209-70, Organizational Conflicts of Interest, will be made a part of all solicitations for consulting services.

AUTHORITY: 38 U.S.C. 501 and 40 U.S.C. 486(c).

SOURCE: 63 FR 17335, Apr. 9, 1998, unless otherwise noted.

811.001 Definitions.

(a) *Brand name product* means a commercial product described by brand name and make or model number or other appropriate nomenclature by which such product is offered for sale to the public by the particular manufacturer, producer or distributor.

(b) *Salient characteristics* are those particular characteristics that specifically describe the essential physical and functional features of the material or service required. They are those essential physical or functional features which are identified in the specifications as a mandatory requirement which a proposed “equal” product or material must possess in order for the bid to be considered responsive. Bidders must furnish all descriptive literature and bid samples required by the solicitation to establish such “equality”.

Subpart 811.1—Selecting and Developing Requirements Documents

811.104 Items particular to one manufacturer.

(a) Specifications shall be written in accordance with FAR 11.002 unless otherwise justified by the specification writer and approved by the contracting officer as described in paragraph (b) of

this section. The contract file shall be documented accordingly.

(b) When it is determined that a particular physical or functional characteristic of only one product will meet the minimum requirements of the Department of Veterans Affairs (see FAR 11.104) or that a “brand name or equal” purchase description will be used, the specification writer, whether agency personnel, architect-engineer, or consultant with which the Department of Veterans Affairs has contracted, shall separately identify the item(s) to the contracting officer and provide a full written justification of the reason the particular characteristic is essential to the Government’s requirements or why the “brand name or equal” purchase description is necessary. The contracting officer shall make the final determination whether restrictive specifications or “brand name or equal” purchase descriptions will be included in the solicitation.

(c) Purchase descriptions that contain references to one or more brand name products may be used only in accordance with 811.104–70, 811.104–71, and 811.104–72. In addition, purchase descriptions that contain references to one or more brand name products shall be followed by the words “or equal,” except when the acquisition is fully justified under FAR 6.3 and VAAR 806.3. Acceptable brand name products should be listed in the solicitation. Where a “brand name or equal” purchase description is used, prospective contractors must be given the opportunity to offer products other than those specifically referenced by brand name if such other products are determined by the Government to fully meet the salient characteristics listed in the invitation. The contract file will be documented in accordance with paragraph (b) of this section, justifying the need for use of a brand name or equal description.

(d) “Brand name or equal” purchase descriptions shall set forth those salient physical, functional, or other characteristics of the referenced products which are essential to the minimum needs of the Government. For example, when interchangeability of parts is required, such requirement

should be specified. Purchase descriptions shall contain the following information to the extent available and include such other information as is necessary to describe the item required:

(1) Complete common generic identification of the item required;

(2) Applicable model, make or catalog number for each brand name product referenced, and identity of the commercial catalog in which it appears; and

(3) Name of manufacturer, producer or distributor of each brand name product referenced (and address if not well known).

(e) When necessary to describe adequately the item required, an applicable commercial catalog description or pertinent extract may be used if such description is identified in the solicitation as being that of the particular named manufacturer, producer or distributor. The contracting officer will insure that a copy of any catalogs referenced (except parts catalogs) is available on request for review by bidders at the purchasing office.

(f) Except as noted in paragraph (d) of this section, purchase descriptions shall not include either minimum or maximum restrictive dimensions, weights, materials or other salient characteristics which are unique to a brand name product or which would tend to eliminate competition or other products which are only marginally outside the restrictions. However, purchase description may include restrictive dimensions, weights, materials or other salient characteristics if such restrictions are determined in writing by the user to be essential to the Government's requirements, the brand name of the product is included in the purchase description, and all other determinations required by 811.104 are made.

811.104-70 Purchase descriptions.

(a) When any purchase description, including a "brand name or equal" purchase description, is used in a solicitation for a supply contract to describe required items of mechanical equipment, the solicitation will include the clauses in 852.211-70 (Service Data Manual) and in 852.211-71 (Guarantee).

(b) Solicitations using "brand name or equal" purchase descriptions will

contain the "brand name or equal" clause in 852.211-77, and the provision set forth at FAR 52.214-21, Descriptive Literature. Contracting officers are cautioned to review the requirements at FAR 14.202-5(d) when utilizing the descriptive literature provision.

(c) Except as provided in paragraph 811.104-70(d), when a "brand name or equal" purchase description is included in an invitation for bids, the following shall be inserted after each item so described in the solicitation, for completion by the bidder:

Bidding on:

Manufacturer name _____
 Brand _____
 No. _____

(d)(1) When component parts of an end item are described in the solicitation by a "brand name or equal" purchase description and the contracting officer determines that the clause in 811.104-70(b) is inapplicable to such component parts, the requirements of 811.104-70(c) shall not apply with respect to such component parts. In such cases, if the clause is included in the solicitation for other reasons, a statement substantially as follows also shall be included:

The clause entitled "Brand Name or Equal" does not apply to the following component parts (list the component parts to which the clause does not apply): and

(2) In the alternative, if the contracting officer determines that the clause in 811.104-70(b) shall apply to only certain such component parts, the requirements of 811.104-70(c) shall apply to such component parts and a statement substantially as follows also shall be included:

The clause entitled "Brand Name or Equal" applies to the following component parts (list the component parts to which the clause applies):

(e) When a solicitation contains "brand name or equal" purchase descriptions, bidders who offer brand name products, including component parts, referenced in such descriptions shall not be required to furnish bid samples of the referenced brand name products. However, solicitations may

require the submission of bid samples in the case of bidders offering "or equal" products. If bid samples are required, the solicitation shall include the provision set forth at FAR 52.214-20, Bid Samples. The bidder must still furnish all descriptive literature in accordance with and for the purpose set forth in the "Brand Name or Equal" clause, 852.211-77(c)(1) and (2), even though bid samples may not be required.

811.104-71 Bid evaluation and award.

(a) Bids offering products that differ from brand name products referenced in a "brand name or equal" purchase description shall be considered for award when the contracting officer determines in accordance with the terms of the clause at 852.211-77 that the offered products are clearly identified in the bids and are equal in all material respects to the products specified.

(b) Award documents shall identify, or incorporate by reference, an identification of the specific products which the contractor is to furnish. Such identification shall include any brand name and make or model number, descriptive material, and any modifications of brand name products specified in the bid. Included in this requirement are those instances when the descriptions of the end items contain "brand name or equal" purchase descriptions of component parts or of accessories related to the end item, and the clause at 852.211-77 was applicable to such component parts or accessories (see 811.104-70(d)(2)).

811.104-72 Procedure for negotiated procurements.

(a) The policies and procedures prescribed in 811.104-70 and 811.104-71 should be used as a guide in developing adequate purchase descriptions for negotiated procurements.

(b) The clause at 852.211-77 may be adapted for use in negotiated procurements. If use of the clause is not practicable (as may be the case in unusual and compelling urgency purchases), suppliers shall be suitably informed that proposals offering products different from the products referenced by brand name will be considered if the contracting officer determines that

such offered products are equal in all material respects to the products referenced.

Subpart 811.2—Using and Maintaining Requirements Documents

811.202 Maintenance of standardization documents.

(a) *Military and departmental specifications.* Contracting officers may, when they deem it to be advantageous to the Department of Veterans Affairs, utilize these specifications when procuring supplies and equipment costing less than the simplified acquisition threshold. However, when purchasing items of perishable subsistence, contracting officers shall observe only those exemptions set forth in paragraphs (b)(2) and (b)(3) of this section.

(b) *Nutrition and Food Service specifications.* (1) The Department of Veterans Affairs has adopted for use in the procurement of packinghouse products, the purchase descriptions and specifications set forth in the Institutional Meat Purchase Specifications (IMPS), and the IMPS General Requirements, which have been developed by the U.S. Department of Agriculture. Purchase descriptions and specifications for dairy products, poultry, eggs, fresh and frozen fruits and vegetables, as well as certain packinghouse products selected from the IMPS especially for Department of Veterans Affairs use, are contained in Part IV of the Federal Supply Catalog, Stock List, FSC Group 89, Subsistence, Publication No. C8900-SL. A copy of Part IV of this catalog and the IMPS may be obtained from any Department of Veterans Affairs contracting officer.

(2) The military specifications for meat and meat products contained in Part IV of the Federal Supply Catalog, Stock List, FSC Group 89, Subsistence, shall be used by the Department of Veterans Affairs only when purchasing such items of subsistence from the Defense Logistics Agency (DLA). Military specifications for poultry, eggs, and egg products contained in Part IV of the Federal Supply Catalog, Stock List, FSC Group 89, Subsistence, may be used when purchasing either from DLA or from local dealers.

(3) Except as authorized in part 846 of this chapter, contracting officers shall not deviate from the specifications contained in Part IV of the Federal Supply Catalog, Stock List, FSC Group 89, Subsistence, and the IMPS without prior approval of the Deputy Assistant Secretary for Acquisition and Materiel Management.

(4) Items of meat, cured pork and poultry not listed in either Part IV of the Federal Supply Catalog, Stock List, FSC Group 89, Subsistence, or the IMPS, will not be purchased without prior approval of the Deputy Assistant Secretary for Acquisition and Materiel Management.

(c) *Department of Veterans Affairs specifications.* (1) The Director, Publications Service, is responsible for developing, publishing, and distributing Department of Veterans Affairs specifications covering printing and binding.

(2) Department of Veterans Affairs specifications, as they are revised, are placed in stock in the VA Forms and Publications Depot. Facility requirements for these specifications will be requisitioned from that source.

(d) *Government paper specification standards.* (1) Invitations for bids, requests for proposals, purchase orders, or other procurement instruments covering the purchase of paper stocks to be used in duplicating or printing, or which specify the paper stocks to be used in buying printing, binding, or duplicating, will require that such paper stocks be in accordance with the Government Paper Specification Standards issued by the Joint Committee on Printing of Congress.

(2) All binding or rebinding of books, magazines, pamphlets, newspapers, slip cases and boxes will be procured in accordance with Government Printing Office (GPO) specifications and will be procured from the servicing GPO Regional Printing Procurement Office or, when appropriate, from commercial sources.

(3) There are three types of binding/rebinding: Class A (hard cover); Perfect (glued); and Lumbinding (sewn). The most suitable type of binding will be procured to satisfy the requirements, based upon the intended use of the bound material.

811.204 Solicitation provisions and contract clauses.

Specifications. When product specifications are cited in an invitation for bids or requests for proposals, the citation shall include desired options and shall conform to the following:

Shall be type _____, grade _____, in accordance with (type of specification) No. _____, dated _____ and amendment _____ dated _____, except paragraphs _____ and _____ which are amended as follows:

Subpart 811.4—Delivery or Performance Schedules

811.404 Contract clauses.

When delivery is required by or on a particular date, the time of delivery clause set forth in FAR 52.211-8 as it relates to f.o.b. destination contracts will state that the delivery date specified is the date by which the shipment is to be delivered, not the shipping date. In f.o.b. origin contracts, the clause will state that the date specified is the date shipment is to be accepted by the carrier.

Subpart 811.5—Liquidated Damages

811.502 Policy.

Liquidated damages provisions will not be routinely included in supply or construction contracts, regardless of dollar amount. The decision to include liquidated damages provisions will conform to the criteria in FAR 11.502. In making this decision, consideration will be given to whether the necessity for timely delivery or performance as required in the contract schedule is so critical that a probable increase in contract price is justified. Liquidated damages provisions will not be included as insurance against selection of a non-responsible bidder, as a substitute for efficient contract administration, or as a penalty for failure to perform on time.

811.504 Contract clauses.

When the liquidated damages clause prescribed in FAR 52.211-11 or 52.211-12

is to be used and where partial performance may be utilized to the advantage of the Government, the clause in 852.211-78 will be included in the contract.

Subpart 811.6—Priorities and Allocations

811.602 General.

(a) Priorities and allocations of critical materials are controlled by the Department of Commerce. Essentially, such priorities and allocations are restricted to projects having a direct connection with supporting current defense needs. The Department of Veterans Affairs is not authorized to assign a priority rating to its purchase orders or contracts involving the acquisition or use of critical materials.

(b) In those instances where it has been technically established that it is not feasible to use a substitute material, the Department of Commerce has agreed to assist us in obtaining critical materials for maintenance and repair projects. They will also, where possible, render assistance in connection with the purchase of new items, which may be in short supply because of their use in connection with the defense effort.

(c) Contracting officers having problems in acquiring critical materials will ascertain all the facts necessary to enable the Department of Commerce to render assistance to the Department of Veterans Affairs in acquiring these materials. The contracting officer will submit a request for assistance containing the following information to the Deputy Assistant Secretary for Acquisition and Materiel Management (90):

(1) A description of the maintenance and repair project or the new item, whichever is applicable;

(2) The critical material and the amount required;

(3) The contractor's sources of supply, including any addresses. If the source is other than the manufacturer or producer, also list the name and address of the manufacturer or producer;

(4) The Department of Veterans Affairs contract or purchase order number;

(5) The contractor's purchase order number, if known, and the delivery time requirement as stated in the solicitation or offer;

(6) The additional time the contractor claims will be necessary to effect delivery if priority assistance is not provided;

(7) The nature and extent of the emergency that will be generated at the station, e.g.,

- (i) damage to the physical plant,
- (ii) impairment of the patient care program,
- (iii) creation of safety hazards, and
- (iv) any other pertinent condition that will result because of failure to secure assistance in obtaining the critical materials; and

(8) If applicable, a statement that the item required is for use in a construction contract which was authorized by the Chief Facilities Management Officer, Office of Facilities Management, to be awarded and administered by the facility contracting officer.

[51 FR 23068, June 25, 1986, and 52 FR 28559, July 31, 1987, as amended at 54 FR 40063, Sept. 29, 1989]

814.104 Types of contracts.**814.104-70 Fixed-price contracts with escalation.**

When contracts of this nature are authorized pursuant to 816.102(b), contracting officers will be guided by the provisions of FAR 16.203.

Subpart 814.2—Solicitation of Bids**814.201 Preparation of invitations for bids.**

(a) Invitations for bids for supplies, equipment and services will be serially numbered at the time of issue. The number will consist of the station or National Acquisition Center division number, the serial number of the invitation, and the fiscal year in which issued, e.g., 101-24-84. A series beginning with the number 1 will be started each fiscal year. Invitations for bids for supplies, equipment and services which are issued, accepted and become contracts in the same fiscal year but, because of procurement leadtime, will not be performed until the ensuing fiscal year will be numbered in the series of the year in which they are issued. However, invitations issued in one fiscal year that will result in a contract that will become effective and performed only in the ensuing fiscal year will be numbered in the ensuing fiscal year series.

(b) Invitations for construction contracts will bear the applicable IFB number and project number, if assigned.

(c) In order to preclude adverse criticism of the Department of Veterans Affairs by prospective bidders relative to the disclosure of bid prices prior to bid opening, the provision entitled "Caution to Bidders Bid-Envelopes," as set forth in 852.214-70, will be prominently placed in all invitations for bids.

(d) To realize the greatest possible price advantage for the Government, items that may be processed by a contractor to effect a reduction in cost factors such as production, inspection and delivery, may be listed for award on both individual item and summary item bases. Items will be listed individually and, in addition, a summary price will be solicited for those items the contracting officer determines to be of a related character and normally handled by a majority of prospective bidders.

(1) When different products are to be combined for a summary price, the quantity, unit and unit price columns opposite the summary item will be crossed out, e.g.:

(Item No.) Summary bid for furnishing items _____ to _____ inclusive on an all or none basis:

Quantity	Unit	Unit Price	Summary
XX	XX	XX	\$ XX

(Bidder will enter summary amount.)

(2) When a single unit price is solicited for a single product for delivery to various destinations, or for multiple deliveries, the total quantity required will be listed opposite the summary item, e.g.:

(Item No.) Summary bid for furnishing items _____ to _____ inclusive on all or none basis:

Quantity	Unit	Unit Price	Summary
XX	XX	XX	\$ XX

(Bidder will enter unit price and summary amount.)

(3) Invitations containing a summary bid request will contain the following statement:

The award will be made on either an individual item basis or summary bid basis, whichever results in the lowest cost to the Government. Therefore, to assure proper evaluation of all bids, a bidder quoting a summary bid price must also quote a price on each individual item included in the summary bid price.

(e) Bid invitations for supplies, equipment, or services (other than construction) must define the extent to which alternate bids will be authorized and considered. Alternates specified on construction projects will be considered for acceptance only as a part of the basic item.

(1) When an alternate item will be considered only if no bids or insufficient bids are received on the item desired, the clause set forth in 852.214-71(a) will be included in the invitation.

(2) When an alternate item will be considered on an equal basis with the item specified, the clause set forth in 852.214-71(b) will be included in the invitation.

(3) In addition to the clauses referenced in paragraph (e) (1) or (2) of this section, the clause set forth in 852.214-71(c) will be included in the invitation when bids will be allowed on different packaging, unit designation, etc.

(f) When a contracting officer determines that it will be advantageous to the Government to make the award by group or groups of items, a provision for such award will be included in the invitation for bids.

(1) This may apply when:

(i) The items in the group or groups are readily available from the sources to be solicited; and

(ii) It is desirable to make a minimum number of contracts; or

(iii) Furniture or fixtures are required for a single project and uniformity of design is desirable; or

(iv) The articles required will be assembled and used as a unit.

(2) Solicitations for supplies and services, other than construction, will contain the provision set forth in FAR 52.214-22.

(3) Solicitations for construction contracts which solicit prices on an item and alternate item basis (when it is intended that a single aggregate award will be made for all items in the solicitation within certain fiscal limitations) will contain a statement as to the order of priority in which the alternate items will be awarded. This priority will be based on the relative importance of an item, the Department of Veterans Affairs' estimate, and the

amount of funds available. Such schedules will be substantially as follows:

Item No. 1—Furnish all labor, material, equipment, etc., to paint buildings No. 1, 2, and 3, § ____.

Alternate items in order of priority. Furnish all labor, material, equipment, etc., to paint:

Item No. 2—Building No. 1 only § ____.

Item No. 3—Building No. 2 only § ____.

A single award will be made on Item No. 1, but in the event the offer exceeds the funds available, a single award will be made on Item No. 2, or a combination of Item Nos. 2 and 3. Offerors should quote a price on each item listed.

814.204 Records of invitations for bids and records of bids.

Subpart 814.3—Submission of Bids**814.301 Responsiveness of bids.**

Where the timeliness of the submission of a bid, modification or withdrawal cannot be administratively determined in accordance with FAR 14.301, the matter will be submitted by the contracting officer directly to the Comptroller General for decision. The submission will include copies of all pertinent papers. A copy of each submission will be forwarded to the Deputy Assistant Secretary for Acquisition and Materiel Management.

The notification to late bidders will specify the final date by which the evidence must be received to be considered. This date must be within the time allowed by the apparent low bidder for acceptance of his bid.

814.304-4 Records.

All bids received by mail (or telegram where authorized) will be time and date stamped immediately upon receipt at the VA installation mail room and in the office of the addressee designated in the invitation. This will firmly establish the time of receipt of bids, or when bids are received in the office of the addressee subsequent to the time of opening, and it will establish whether or not the delay was due to mishandling on the part of VA.

[49 FR 12599, Mar. 29, 1984, as amended at 54 FR 40063, Sept. 29, 1989; 63 FR 69219, Dec. 16, 1998]

Invitations for bids which result in no bids being received will be handled in like manner. In each instance the abstract will be annotated to show why an award was not made. These folders

will be retained for the current and two succeeding fiscal years.

(b) The authority to approve cancellation of invitations for bid after opening and the authority to approve the acquisition after cancellation as provided in FAR 14.404-1(e) is delegated to the head of the contracting activity. (a) When a bid that is being considered for an award is found to be incomplete, e.g., all pages of the invitation have not been returned by the bidder, the contracting officer will take whichever of the following actions that is appropriate:

(1) Make a determination that the bid as submitted is in such a form that acceptance would create a valid and binding contract, requiring the contractor to perform in accordance with all of the material terms and conditions of the invitation. Such a determination may be based on the fact that the bid as submitted includes evidence that the offeror intends to be bound by all the material terms and conditions of the invitation.

(2) Make a determination that the bid as submitted is in such form that acceptance would not create a valid and binding contract.

(b) When a single bid is received in response to a solicitation, the offer shall not be rejected simply because it specifies a bid acceptance time which is shorter than that contained in the solicitation, unless a compelling reason exists for rejecting such a bid. Insufficient time to properly evaluate an offer shall be considered a compelling reason for rejection; however, the contracting officer will first request the offeror to extend the acceptance date of the bid to allow for proper evaluation.

NOTE: In those cases where more than one bid is received, an individual bid which is not in compliance with the Government's bid acceptance time shall be rejected as non-responsive since consideration of such an offer would unfairly disadvantage other bidders.

814.404-70 Questions involving the responsiveness of a bid.

Questions involving the responsiveness of a bid which cannot be resolved by the contracting officer may be submitted to the Comptroller General through the Deputy Assistant Secretary for Acquisition and Materiel Management, Acquisition Administration Team, or the Chief Facilities Management Officer, Office of Facilities Management, as appropriate. Pertinent documentation must accompany the submission.

(b) When a bidder alleges a mistake in his or her bid prior to award, after complying with the provisions of FAR 14.407-3, the contracting officer will submit the complete file to the Deputy Assistant Secretary for Acquisition and Materiel Management, Acquisition Administration Team, for an administrative determination. Based upon the evidence submitted, the Deputy Assistant Secretary for Acquisition and Materiel Management will determine the action to be taken by the contracting officer. Prior to its release to the contracting officer, this determination will be submitted to the General Counsel (025) for approval. Pending receipt of the determination, no award shall be made.

(c) Based on the evidence, when the Deputy Assistant Secretary for Acquisition and Materiel Management believes that the case should be submitted to the Comptroller General for

decision, he/she will prepare the submission and forward it to the Comptroller General through the General Counsel (025). The decision of the Comptroller General will be furnished to the contracting officer by the Deputy Assistant Secretary for Acquisition and Materiel Management, Acquisition Administration Team. A copy of each such decision will be furnished to the General Counsel (025).

(b) For mistakes in bid alleged after award, the contracting officer's proposed determination, prepared in accordance with FAR 14.407-4, will be forwarded to the General Counsel (025) through the Deputy Assistant Secretary for Acquisition and Materiel Management, Acquisition Administration Team, for legal coordination. The results of this coordination will be transmitted to the contracting officer by the Deputy Assistant Secretary for Acquisition and Materiel Management, Acquisition Administration Team. A copy of each of the following will accompany the memorandum:

- (1) The invitation.
- (2) Each bid received.
- (3) The abstract.
- (4) Any other pertinent data.

(b) On facility level contracts, the Chief, Engineering Service, will analyze all bids received and submit to the contracting officer a memorandum recommending award or other disposition of the project. However, the final decision to accept or reject the lowest responsive bid and the determination as to the responsibility of a prospective contractor shall be made by the contracting officer alone.

815.504 Advance guidance.

(a) Any inquiries from a potential offeror of an unsolicited proposal shall be referred to the appropriate VA contact point designated in 815.506(a). The contact point will determine the nature of the potential proposal and determine

what technical/professional disciplines need be consulted to determine the VA need for such a proposal and the likelihood that a formal proposal would be favorably reviewed. In consultation with such technical/professional offices, the VA contact point will inform the potential proposer of any additional information required to provide advance guidance as well as the information specified in FAR 15.504.

(b) The FAR contact point will maintain a record of advance guidance provided and the disposition/recommendation regarding the potential offer.

The Deputy Assistant Secretary for Acquisition and Materiel Management is designated as the VA contact point for all unsolicited proposals received at VA Central Office.

(b) Each unsolicited proposal received by the Department of Veterans Affairs will be submitted to the appropriate contact point.

(c) The VA contact point will review the unsolicited proposal and ensure that it is complete as prescribed in FAR 15.505. If required information is not submitted, the VA contact point will:

(1) Determine if advance guidance as specified in FAR 15.504 is necessary (2) request that the offeror provide the necessary information if it is determined that the formal evaluation prescribed in FAR 15.506-2 is appropriate; and (3) establish an estimated due date for completion of the review process.

[51 FR 6005, Feb. 19, 1986, as amended at 54 FR 40063, Sept. 29, 1989; 54 FR 42508, Oct. 17, 1989]

815.506-1 Receipt and initial review.

(a) When VA contact point determines that a comprehensive evaluation is to be undertaken (i.e., the proposal complies with the requirements in FAR 15.506-1(a) and is related to the mission of VA), the offeror will be contacted to

ensure that all data that should be restricted in accordance with FAR 15.509 has been identified.

(b) The VA contact point will maintain a log of all unsolicited proposals which will be evaluated. The log will indicate:

(1) The date the proposal was received;

(2) The date that the unsolicited proposal has been determined to warrant a comprehensive evaluation;

(3) A description of the proposal;

(4) The offices requested to evaluate the proposal and the date such offices are requested to return their evaluations;

(5) The date the reviewing offices finalize their respective evaluation; and

(6) The final disposition of the proposal.

(c) Each office which is assigned responsibility for reviewing an unsolicited proposal will be advised of the need to evaluate the proposal against the criteria set forth in FAR 15.507(a) (1) through (3), i.e., is the proposal available to the Government without restriction from another source, does it closely resemble a pending competitive acquisition, is the proposal lacking in demonstrated innovation or uniqueness? If the reviewers conclude in the affirmative as to any one of these questions, the VA contact point shall be advised and return the proposal to the proposer.

(d) With regard to an unsolicited proposal being processed at a field facility, if the reviewing offices conclude that the unsolicited proposal should be accepted and provide the justification and certification required by FAR 15.507, the VA contact point will obtain the prior approval of the Deputy Assistant Secretary for Acquisition and Materiel Management (93) prior to proceeding with negotiation. In order to obtain the approval, the VA contact point will submit all necessary documentation supporting the noncompetitive negotiation including any justification and approval required by FAR Subpart 6.3 and results of any synopsis required by FAR Subpart 5.2. The Deputy Assistant Secretary for Acquisition and Materiel Management will coordinate the proposal with the cognizant VA Central Office program

official(s) and furnish the VA contact point with the final decision.

(e) All copies of the unsolicited proposal will be controlled by the contact point by numbering each copy. If a reviewing office requires additional copies, the reviewing office will obtain approval of the VA contact point prior to duplication, numbering the copies as specified by the contact point. All copies will be returned to the VA contact point once review is completed.

Subpart 815.6—Source Selection

815.607 Disclosure of mistakes before award.

The Head of the Contracting Activity (as defined in 802.1) is delegated authority to permit correction of mistakes in proposals before award consistent with FAR 15.607.

[54 FR 45736, Oct. 31, 1989]

Subpart 815.8—Price Negotiation

815.804-70 Preproduction and start-up and other nonrecurring costs.

In evaluating start-up and other nonrecurring costs, the extent to which these costs are included in the proposed price and the intent to absorb or recover any such costs in any future noncompetitive procurement or other pricing action will be determined. The contracting officer will ascertain, with the assistance of the Assistant Inspector General for Policy, Planning and Resources (53), as required or considered necessary, that payment of such costs is not duplicated. For example, cost of equipment paid for by the Government through a setup or connection agreement will not be included in depreciation costs of a subsequently negotiated agreement.

815.805-4 Technical analysis.

(a) Contracting officers are responsible for the technical and administrative sufficiency of the contracts they enter into and ensuring that all legal

and technical reviews are accomplished. To this end, initial and revised pricing of all negotiated prime contracts (including subcontract pricing under them) and contract modifications will be subject to technical analyses to the degree the contracting officer deems necessary (see 801.602-70 for required legal reviews). Technical analyses of the proposals will be requested by the contracting officer from the appropriate technical personnel to address, as a minimum, the items set forth in FAR Subpart 15.805-4. Contracting officers shall not begin negotiation of or award any negotiated contracts or contract modifications before receipt, analysis and consideration of documented technical evaluations for every procurement action requiring such analysis under the conditions prescribed in FAR 15.805-4. The results of such analyses will be documented in the contract file and will also be made available to the auditor performing the preaward audit required by 815.805-5.

(b) When, in the opinion of the contracting officer, the complexity of the proposed contract warrants, he/she will submit the proposed contract to the Deputy Assistant Secretary for Acquisition and Materiel Management (93) for review and comment. When deemed advisable, the Deputy Assistant Secretary for Acquisition and Materiel Management (93) will request the General Counsel to accomplish a legal review. This review is in addition to the legal review specified in 801.602-70.

Sec.
816.102 Policies.

AUTHORITY: 38 U.S.C. 501 and 40 U.S.C. 486(c).

Subpart 816.1—Selecting Contract Types

816.102 Policies.

(a) Contracts which include an economic price adjustment provision other than those contracts awarded by the

National Cemetery System for monuments or those contracts that contain the clause for service contracts (FAR 22.1006(c)) require the prior approval of the Deputy Assistant Secretary for Acquisition and Materiel Management (90). The request for approval shall clearly set forth the need for the provision.

(b) Any contract involving direct obligation of appropriations and which extends beyond the appropriation of the year in which the contract period begins or which is for more than one fiscal year, is to contain provisions to the effect that:

(1) It is made for the period covered by the contract, subject to the availability of appropriations in the ensuing year(s), and

(2) No service is to be performed by the contractor after September 30 of each fiscal year unless and until specifically authorized by the contracting officer or representative.

(c) Architect-engineer contracts, construction contracts, or professional engineer contracts, financed by "no year appropriations" are not subject to the requirements of paragraph (b) of this section.

Subpart 816.70—Unauthorized Agreements

816.7001 Letters of availability.

(a) *Description.* A letter of availability (sometimes inappropriately called a letter of intent) is a letter to a supplier primarily for the purpose of obtaining a place on the supplier's production or delivery schedule for long lead time items. Such a letter typically indicates that products or services are being considered for procurement, but that the statement of intent is not to be construed as a commitment. Such letters of availability are sometimes solicited by prospective contractors, or they may be originated by Government personnel. A letter of availability is distinguished from a letter contract which is specifically authorized in FAR 16.603.

(b) *Policy.* (1) Unless specifically authorized by the Deputy Assistant Secretary for Acquisition and Materiel Management, letters of availability are not to be utilized for the following reasons:

(i) While such letters of availability may disclaim Government liability, they may induce potential contractors to initiate costly preparations in anticipation of contract award.

(ii) Procurements announced in such letters do not always materialize. The result may be costly to the Government, the prospective contractor, or both. If the author of the letter of availability is an authorized contracting officer of the Department, the Government may be bound by action, even though the action is contrary to sound procurement practices and/or fiscal regulations. If the author of the letter of availability lacks procurement authority, the prospective contractor may incur substantial expenditures which may not be recovered from the Government, but for which the prospective contractor may seek to hold the unauthorized author personally liable.

(iii) The issuance of a letter of availability may violate the “Anti-Deficiency Act” (31 U.S.C. 1341).

(2) It is recognized that potential contractors have a need to obtain procurement information at the earliest possible moment in order to make timely preparations. To this end, procurement personnel are expected to act as efficiently and expeditiously as possible on all procurement actions.

Subpart 817.1—Multi-Year Contracting

817.105 Policy.

817.105-1 Uses.

(a) Pursuant to Title 38, United States Code, Chapter 1, Section 114 (as amended by Pub. L. 101-237), multiyear contracting not exceeding 5 years is authorized for obtaining supplies and services when the Secretary has made the following determinations:

(1) Appropriations are available for obligation for the total payments for the fiscal year the contract is entered into plus the estimated amount of any cancellation charges.

(2) The contract is in the best interest of the Government due to the effect it would have in:

- (i) Reducing cost;
- (ii) Achieving contract administration and other efficiencies;
- (iii) Increasing quality contract performance;
- (iv) Encouraging effective competition.

(3) During the contract period:

- (i) There is a continuing need for the supplies or services;
- (ii) There is little likelihood of substantial changes in need for the supplies and services in terms of quantity or rate of delivery; and

(iii) The specifications for the supplies or services are expected to be reasonably stable.

(4) The risks relating to a prospective contractor's ability to perform in accordance with the specifications and other contract terms are not excessive;

(5) The use of a multiyear contract will not inhibit competition from small business firms;

(6) In the case of a pharmaceutical item for which a patent has expired less than 4 years before the solicitation issue date, there is no substantial likelihood that increased competition will

occur during the term of the contract that would make the contract prices higher than would be reasonable.

(b) The authority of the Secretary to enter into multiyear contracts and to make the determinations specified in 817.102-1(a) of this section is delegated as follows:

(1) *Heads of contracting activities.* For contracts not requiring legal/technical reviews pursuant to 801.602-70 (for purposes of determining applicability of the thresholds, the total dollar amount of the contract over its full multiyear term will be used), and which do not contain a first year cancellation ceiling which exceeds 20 percent of the total dollar amount of the contract over the full multi-year term.

(2) *Deputy Assistant Secretary for Acquisition and Materiel Management,* will approve all proposed uses of multiyear contracts not authorized for approval by heads of contracting activities. For approval purposes, the head of the contracting activity will justify and document the use of a multiyear contract against each of the criteria specified in 817.102-1 (a)(1) through (a)(6) of this section. The justification will additionally delineate the cancellation ceiling and the method used for calculating that ceiling and will specify the advantages of multiyear contracts over other alternative methods, e.g., option year contracts.

(c) Cancellation ceilings will be carefully developed in accordance with FAR 17.106-1.

Subpart 817.2—Options

817.202 Use of options.

All solicitations developed pursuant to Office of Management and Budget Circular A-76 (Revised) cost comparisons will provide for one year renewal options as prescribed in FAR Subpart 17.2. Requests to use less or more than the prescribed contract period for Circular A-76 (Revised) cost comparisons will be forwarded to the Deputy Assistant Secretary for Acquisition and Materiel Management (90).

Subpart 817.4—Leader Company Contracting

(a) Except as provided in 817.402(b), no leader company contracts shall be initiated or consummated.

(b) The Deputy Assistant Secretary for Acquisition and Materiel Management (90) may designate a contracting officer to enter into a leader company contract when considered beneficial to the Department and the Government. When a contracting officer is designated the authority to enter into a leader company contract, the designation will be by name for a specific contract. The proposed contract with a termination and finding will be submitted for legal review in accordance with 801.602-71.

(11) Subcontracts to be awarded to small disadvantaged business concerns by prime contractors.

(d) Anticipated problems in the attainment of the proposed goal in any category shall also be identified. This information will be used in negotiating the Department goals with SBA.

(e) As an addendum to the report, each acquisition activity shall provide a narrative explaining the reason(s) for any shortfall(s) in the achievement of any previous fiscal year goal category. This explanation shall be specific and will be used by OSDBU to justify Department shortfalls.

(f) Upon review by OSDBU of the proposed goals, each acquisition activity will be notified of the acceptance of goals as submitted, or of any deficiencies. If the goals are not acceptable, the acquisition activity will be requested to submit further written justification for the goals submitted. Based on documents submitted,

OSDBU will make a final determination on the goal assignment.

(g) Accomplishment of goals identified in paragraphs (c)(1) through (c)(8) of this section will be determined by OSDBU from data reported by acquisition activities into the VA Federal Procurement Data System (FPDS).

(h) Achievement of subcontracting goals shall be reported by the Office of Facilities Management, the Office of Acquisition and Materiel Management, and the VA National Acquisition Center on a semiannual basis, to be received by OSDBU not later than April 30 for the period ending March 31, and November 1 for the period ending September 30.

(2) Notice of total small business set-aside, page —, applies to items — through — in this solicitation.

(b) Contracting officers must ensure that appropriate product or service classification and the related size standard are included in each solicitation.

(c) All proposed procurement for construction anticipated to cost between \$10,000 and \$3 million and all proposed procurements for architect-engineer services construction projects of \$3 million and less will be considered as though SBA had initiated a set-aside request. Determinations of the need to deviate from this policy made by the head of a contracting activity will require review by the Director, Office of Small and Disadvantaged Business Utilization.

Subpart 819.6—Certificates of Competency and Determinations of Eligibility

819.602-3 Appealing Small Business Administration's decision to issue Certificates of Competency.

Formal VA appeals of an initial concurrence by the SBA Central Office in an SBA Regional Office decision to issue a Certificate of Competency (CoC) will be processed as follows:

(a) When the contracting officer believes that VA should formally appeal the concurrence by the SBA Central

Office in an SBA Regional Office decision to issue a CoC, the contracting officer will so notify the Deputy Assistant Secretary for Acquisition and Materiel Management (95B) in writing within five business days after receipt of the SBA Central Office's written confirmation of its determination. Within ten business days of the contracting officer's receipt of the SBA's written confirmation (or within a period acceptable to VA and the SBA), the Deputy Assistant Secretary for Acquisition and Materiel Management (95B) will advise the SBA Central Office that VA intends to file a formal appeal.

(b) Within ten business days of the contracting officer's receipt of the SBA Central Office's written confirmation, the contracting officer will furnish an original and one copy of the appeal file to the Deputy Assistant Secretary for Acquisition and Materiel Management (95B). The file must contain a copy of the bid/offer from the firm considered nonresponsible, a copy of the bid/offer from the firm otherwise in line for award, a copy of the bid, a copy of the bid abstract, a copy of SBA's CoC Review Committee report, a copy of all correspondence with SBA on the matter, and the contracting officer's narrative statement establishing the error, omission, or other basis for disputing SBA's proposed responsibility determination.

(c) The Deputy Assistant Secretary for Acquisition and Materiel Management (95B) will review the file prepared by the contracting officer. If the contracting officer's position is accepted, the Deputy Assistant Secretary for Acquisition and Materiel Management (95B) will transmit the formal appeal to the SBA Central Office within ten business days after notifying that office of VA's intent to appeal (or within a period acceptable to VA and the SBA). The contracting officer will be informed of the final SBA decision.

(d) If, after the Central Office review, it is decided that a formal appeal should not be made to the SBA, the contracting officer will be advised of this decision and that the CoC should be accepted by VA. The SBA Central Office will also be advised that VA will

not pursue its formal appeal. If the decision concerns major construction projects and the Office of Facilities Management disagrees with the decision made by the Deputy Assistant Secretary for Acquisition and Materiel Management, the matter will be referred to the Senior Procurement Executive for a final VA determination.

Subpart 819.8—Contracting With the Small Business Administration (The 8(a) Program)

819.800 General.

(a) No contract will be entered into with SBA under section 8(a) of the Small Business Act (15 U.S.C. 637(a)) unless a certification is made by the Administrator of that agency, or designee, that SBA is competent to perform the contract.

(b) When it is determined that the requirements of the Department of Veterans Affairs are appropriate for inclusion in this program, the contracting officer will make this fact known to proper officials of the SBA regional office servicing his/her area. However, when projects funded from minor construction appropriation (between \$400,000 and \$2 million) are proposed for 8(a) acquisition, the Director, Office of Small and Disadvantaged Business Utilization (OSDBU) (00SB), shall be contracted by telephone or notified in writing in order to afford the OSDBU an opportunity to identify possible 8(a) sources prior to apprising SBA officials. If the certification required by paragraph (a) of this section is received, the Department of Veterans Affairs contracting officer will secure from SBA the name(s) and location(s) of their subcontractor(s) and the unit price(s) to be paid. Should these prices be within a range acceptable to the Department of Veterans Affairs, the contracting officer will notify SBA of acceptance.

(c) The contract will be made between the Department of Veterans Affairs and SBA and will be administered by the Department of Veterans Affairs.

(d) In addition to meeting the requirements of 801.602-70, contracting officers will secure cost and pricing data prescribed in FAR 15.403-4 and 815.804-2 when negotiating contracts under the SBA 8(a) program. Contracting officers will request an audit in accordance with 815.805-5 on proposals in excess of \$500,000 before negotiating any contract or modification.

[49 FR 12608, Mar. 29, 1984, as amended at 50 FR 792, Jan. 7, 1985; 54 FR 40064, Sept. 29, 1989. Redesignated and amended at 63 FR 69220, Dec. 16, 1998]

819.803 Selecting acquisitions for the 8(a) program.

The contracting officer will specify in writing the time limit for SBA to propose an acceptable 8(a) subcontractor. The time limit should be between 30 and 45 days, but may be extended by the contracting officer.

[50 FR 793, Jan. 7, 1985]

819.804 Evaluation, offering, and acceptance.

(a) The contracting officer will notify SBA in writing of the time limit for contract negotiations in accordance with FAR 19.804-2. The time limit, as a minimum, should be 45 days, but may be extended by the contracting officer.

[50 FR 793, Jan. 7, 1985, as amended at 63 FR 69220, Dec. 16, 1998]

819.806 Pricing the 8(a) contract.

In order to expedite the 8(a) process, SBA should be informed as soon as a disparity between the 8(a) offered price and the estimated fair market price is determined. The SBA and the VA contracting office should collaborate to determine if the disparity is:

(a) A result of deficiencies in developing the fair market price, thereby requiring revision to the estimate;

(b) A result of overpricing by the 8(a) company, thereby requiring further efforts to negotiate a decrease in the offered price; or

(c) A legitimate differential which should be funded through the SBA business development expense.

[52 FR 37317, Oct. 6, 1987. Redesignated at 63 FR 69220, Dec. 16, 1998]

819.806-4 Funding business development expense.

If SBA declines to fund the business development expense, it will be reported in accordance with 819.870.

[52 FR 37317, Oct. 6, 1987]

819.807 Estimating fair market price.

(a) Estimating the fair market price is a crucial initial step in determining what is a reasonable price for a negotiated 8(a) contract. For supplies and equipment, previous prices paid under competitive conditions, adjusted for inflation, may provide necessary data to make such an estimate.

(b) Estimating fair market price for such services as architect-engineer and construction may be accomplished through independent cost estimates and other pertinent data obtained from SBA when the estimated fair market price is not fully supportable from available documentation (see FAR 19.807).

[52 FR 37317, Oct. 6, 1987. Redesignated and amended at 63 FR 69220, Dec. 16, 1998]

819.807-70 Commitments of Office of Facilities Management funded projects for the 8(a) program.

Major and minor projects funded by the Office of Facilities Management (including those delegated to the VHA medical facilities) which have been committed to the 8(a) program will not be withdrawn from that program without the consent of the Office of Small and Disadvantaged Business Utilization (OSDBU). Requests for consent from OSDBU will normally be in writing and will clearly set forth the circumstances necessitating 8(a) withdrawal. If the contracting officer determines that time does not permit a written request, an oral request will be made. Such an oral request will be confirmed in writing.

[49 FR 12608, Mar. 29, 1984, as amended at 52 FR 46083, Dec. 4, 1987; 54 FR 40064, Sept. 29, 1989; 63 FR 69220, Dec. 16, 1998]

819.809-70 Procurement of supplies, services, and research and development.

(a) Contracts for supplies, equipment and services other than construction will be prepared as any other prime

contract and in accordance with FAR Subpart 19.8.

(b) The Department of Veterans Affairs contracting officer will forward the prime contract to SBA in sufficient numbers to furnish two copies to SBA and one copy to each subcontractor. SBA will return the signed original to the Department of Veterans Affairs contracting officer.

819.809-71 Procurement of construction.

Construction projects which have been selected for inclusion in this program will be contracted for as provided in this section and FAR Subpart 19.8.

(a) The contracting officer will submit, for each project so identified, the complete project listing including technical specifications, drawings and wage rates to the proper official of the appropriate SBA regional office. Should SBA select a competent subcontractor capable of performing the work, they will so certify to the Department of Veterans Affairs contracting officer. They will furnish him/her the name and complete address of the subcontractor(s), the project involved and the price(s) quoted. If the price quoted is within the range acceptable to the Department of Veterans Affairs, the contracting officer will indicate acceptance to SBA.

(b) When the contracting officer receives Standard Form 1442, Solicitation, Offer and Award (Construction, Alteration, or Repair), signed by SBA and the subcontractor, and the performance and payment bonds, the contracting officer will forward a notice to proceed to the subcontractor.

Subpart 819.70—Veteran-Owned and Operated Small Businesses

SOURCE: 50 FR 793, Jan. 7, 1985, unless otherwise noted.

819.7001 Policy.

(a) Pub. L. 93-237 amended the Small Business Act by directing SBA to give "special consideration" to veterans of the Armed Forces in all SBA programs. Consistent with and in furtherance of that statute, it is the policy of the Department of Veterans Affairs to encourage participation by veteran-

819.7002

owned and operated small businesses, including Vietnam era and disabled, in VA acquisitions.

(b) All VA facilities having procurement requirements for which veteran-owned small businesses are known sources, will take affirmative action to solicit these firms and assist them in participating in VA acquisition opportunities.

[50 FR 793, Jan. 7, 1985, as amended at 55 FR 49900, Dec. 3, 1990]

819.7002 Definition.

A veteran-owned small business is a small business that is at least 51 percent owned by a veteran who also controls and operates the business. Control in this context means exercising the power to make policy decisions. Operate in this context means actively involved in day-to-day management. For purposes of this definition, eligible veterans include:

(a) Veterans who served in the U.S. Armed Forces and were discharged or released under conditions other than dishonorable.

(b) Vietnam era veterans who served for a period of more than 180 days, any part of which was between August 5, 1964, and May 7, 1975, and were discharged other than dishonorably.

(c) Disabled veterans with a minimum compensable disability of 30 percent, or a veteran who was discharged for disability.

[49 FR 12608, Mar. 29, 1984, as amended at 54 FR 40064, Sept. 29, 1989; 55 FR 49900, Dec. 3, 1990]

819.7003 Procedure.

(a) To obtain information on business development for veteran-owned businesses and further identify veteran-owned small businesses, contracting officers shall contact the veterans affairs officers at the local SBA district office. When counselling small businesses, contracting officers shall determine if the business is veteran-owned and operated and ensure that SF 129s are completed properly to identify veteran-owned business.

48 CFR Ch. 8 (10-1-03 Edition)

(b) The veteran-owned business representation in 852.219-70 shall be included in all solicitations.

[55 FR 49901, Dec. 3, 1990]

819.7004 Waiver of the use of veteran-owned firms.

It is the policy of the Department of Veterans Affairs to provide veteran-owned firms every opportunity to participate in the acquisition process. A contracting office wishing to waive this policy for a particular procurement involving other than small purchase procedures must first process a VA Form 90-2268. The contracting officer must clearly document on VAF 90-2268 the reasons that eligible veteran-owned firms are not intended to be solicited or quotations sought for the particular procurement. Exempt from this reporting requirement are SBA 8(a) acquisitions.

Subpart 831.70—Contract Cost Principles and Procedures

831.7000 Scope of subpart.

This subpart contains general cost principles and procedures for the determination and allowance of costs in connection with the negotiation and administration of cost reimbursement type contracts pertaining to the furnishing of vocational rehabilitation, education, and training to eligible veterans under chapter 31 of Title 38, United States Code.

831.7001 Allowable costs under cost reimbursement vocational rehabilitation and education contracts or agreements.

831.7001-1 Tuition.

(a) Except as provided in this section, when the contractor has a customary cost of tuition the charge to the Department of Veterans Affairs may not exceed that charged to similarly circumstanced nonveteran students; provided that where the contractor has more than one standard charge for the same service, the charge to the Department of Veterans Affairs will be the lowest price for the entire course, semester, quarter, or term which is offered or published.

(b) VA will not normally pay tuition or incidental fees to institutions or establishments furnishing apprentice or other training on-the-job. VA may pay:

(1) For such charges customarily made by nonprofit workshop or similar establishment for providing work adjustment training to similarly circumstanced nonveterans even though an incentive wage is paid the trainee as part of the training; or

(2) For certain training expenses incurred by an employer providing on-the-job training following rehabilitation to the point of employability when such additional training is determined to be necessary by VA.

(c) When the total cost of instruction is paid from Federal funds or a portion of the cost is covered by grants from the Federal Government, i.e., Smith-Hughes or other laws, excluding Federal Land Grant Funds, such subsidy

will be taken into consideration in determining the charge to the Department of Veterans Affairs. The term, Federal Land Grant Funds, refers to those received under the Morrill-Nelson Act (Morrill Acts of 1862 and 1890 and the Nelson amendment of 1907) and section 22 of the Bankhead-Jones Act of 1935.

(d) Payments on behalf of a veteran who receives a fellowship, scholarship, grant-in-aid, assistantship, or similar award in complete or partial payment of tuition or fees or both will be made in accordance with the following:

(1) The award will reduce, to the extent of the award, the amount of tuition or fee or both that is payable by the Department of Veterans Affairs.

(2) Awards which are not paid in cash, except those which are made specifically for the purpose of defraying the cost of room and board in dormitories which will be disregarded, will reduce to the extent of the award the charges for which the Department of Veterans Affairs is responsible.

(3) Cash awards may be retained by the veterans and will not be deducted from charges ordinarily paid by the Department of Veterans Affairs.

(4) Waivers of tuition and fees provided under law by States or other Government authority will be utilized to reduce the charges payable by Department of Veterans Affairs in accordance with such waivers.

(e) Enrollment fees in an amount sufficient to cover the cost of registration may be paid, provided the institution or training establishment usually makes such a charge, and it does not exceed that charge made to other students or trainees.

[49 FR 12615, Mar. 29, 1984, as amended at 54 FR 40064, Sept. 29, 1989]

831.7001-2 Special services or courses.

Special services or courses are those services requested by the Department of Veterans Affairs which are over and above those customarily required by the institution for similarly circumstanced nonveterans and are considered by the contracting officer to be necessary for the rehabilitation of the trainee. The costs of such special services or courses will be negotiated

prior to being requested by the Department of Veterans Affairs.

831.7001-3 Books, supplies and equipment required to be personally owned.

(a) Reimbursement for books, supplies, or equipment and referred to as supplies, will be made as provided in this section.

(1) Reimbursement will be made for those supplies customarily required to be owned personally by all students taking the same course or courses except that reimbursement may be made for items which are not specifically required by the school for pursuit of the course, but are determined to be needed by VA because of the demands of the course, general possession by other students, and the disadvantage imposed on the veterans by not having the item. In no instance will the supplies be in a greater variety, quality, or amount than required of nonveteran students. In this instance required is in contradistinction to requested or desirable to have or necessary for a future profession or job but not required by the institution of all students in the course.

(2) When supplies are available in several prices, grades, or qualities, reimbursement may be made only for such quality or grade that will meet the requirements.

(3) Partial payment agreements in which the Department of Veterans Affairs shares payment with the veterans is not allowable.

(4) The costs incurred by the institution in connection with the veteran's thesis such as typing, printing, microfilming, or otherwise reproducing the required number of copies; research expenses when certified by the veterans committee chairman, major professor, department head, or appropriate dean that such expenses are required in order to complete the course requiring the preparation of a thesis are considered as supplies and are authorized for reimbursement.

(5) When the institution operates a bookstore or supply store for all students the reimbursement for supplies issued to trainees will be no greater than charges made to nonveteran students.

(6) Where the institution, training establishment, or employer arranges for issuance of supplies to all students by stores or establishments not institutionally owned and to pay such store or establishment for supplies issued to trainees, reimbursement is allowable provided the charges are no greater than those paid by nonveterans or to the institutions whichever is the lesser.

(7) Supplies purchased by the institution specifically for trainees will be reimbursed at the net cost to the institution.

(8) Where the institution does not provide or arrange for issuance of generally required books, tools and supplies for students attending the facility, the institution, in cooperation with VA, may designate certain stores and establishments to provide generally required books, tools and supplies for veterans pursuing a vocational rehabilitation program. The vendor will be reimbursed in the same manner as for supplies provided or arranged for by the institutions.

(9) Where it is customary in a survey subject to permit each student to obtain the aggregate of books for the subject on a rental basis (commonly referred to as a rental set) and the ownership or permanent possession by the student is not required, reimbursement is authorized for the rental charge provided it does not exceed the charge made to nonveteran students.

(10) Educational and training institutions furnishing supplies to trainees which are required to be owned personally or on a rental basis by all students pursuing the same or similar course may be compensated for such services in an amount not exceeding 10 percent of the allowable charge for the supplies furnished or rented except:

(i) Where the tuition covers the charges for supplies or rentals or a stipulated fee is assessed all students, handling charges are not allowable.

(ii) The handling charge is not allowable for Government-owned books procured by the institution from the Library of Congress.

(iii) In cases where an item of equipment will exceed \$50 in cost, effort will be made to secure a lower handling charge than for those costing a lesser

amount. The agreed percent for such handling charges will be included in the contract or added as an addendum.

[49 FR 12615, Mar. 29, 1984, as amended at 54 FR 40064, Sept. 29, 1989]

831.7001-4 Medical services and hospital care.

(a) VA may pay the customary student health fee when payment of the fee is required for similarly circumstanced nonveterans. If payment of the fee is not required for similarly circumstanced nonveterans payment, payment may be made if it is determined by the Veterans Health Administration that such payment is in the best interest of the veteran and the government.

(b) Where medical services or hospital care not covered by the customary students health fee are available in the school operated facilities or arrangements have been made by the institution with doctors and hospitals in the immediate area, reimbursement by the Veterans Benefits Administration for such services may be made in a contract for such services provided that the Director, VA Medical Center, determines:

(1) That such arrangements are necessary to provide timely medical care for veterans attending the facility under provisions of Chapter 31; and

(2) The general rates established for such services do not exceed the rates established by the Under Secretary for Health.

(c) VA may reimburse a rehabilitation facility for incidental medical services provided during a veteran's program at the facility.

[49 FR 12615, Mar. 29, 1984, as amended at 54 FR 40064, Sept. 29, 1989; 63 FR 69221, Dec. 16, 1998]

831.7001-5 Secretary's Decision No. 557.

(a) Fees and expenses authorized under Secretary's Decision No. 557 may be authorized for payment when the educational institution or training establishment makes such payments on behalf of the veteran.

(b) Payment for fees and expenses not made by the educational institution or training establishment will be made in

accordance with the applicable provisions of parts 812, 813 or 815 of this chapter and FAR parts 12, 13, or 15.

[49 FR 12615, Mar. 29, 1984, as amended at 63 FR 69221, Dec. 16, 1998]

831.7001-6 Consumable instructional supplies.

(a) Reimbursement for consumable instructional supplies which institutions require for the instruction of all students, veteran or nonveteran pursuing the same or comparable course or courses will be made when:

(1) The supplies are entirely consumed in the fabrication of a required project.

(2) The supplies are not consumed but are of such a nature that they cannot be salvaged from the end product for reuse for further instructions by disassembling or dismantling the end product.

(b) Reimbursement for consumable instructional supplies is not allowable when:

(1) The supplies can be salvaged for reuse.

(2) The supplies used in a project which has been elected by the student as an alternate class project in order to produce an end product of greater value than that which is normally required to learn the skills of the occupation and which will become his property upon completion.

(3) The supplies used in a project which has been selected by the institution to provide the student with a more elaborate end product than is required to provide adequate instruction as an inducement to the veteran to elect a particular course of study.

(4) The salable value of the end product is equal to or greater than the cost of the supplies used in its fabrication or assembly and a reasonable use has not been made of such supplies so that they are not readily salvaged from the end product to be reused for instructional purposes.

(5) The end product is of permanent value and retained by the institution.

(6) A third party provides the articles or equipment for repair or improvement and for which he or she would otherwise pay a commercial price.

(7) The number of projects resulting in end products in excess of the num-

bers normally required to teach the recognized job operations and processes of the occupation stipulated in the approved course of study.

(8) The cost of supplies are included in the charge for tuition or as a fee designated for such purpose.

833.102 General.

Solicitations shall instruct interested parties (see FAR provision 52.233-2) to deliver a copy of any protest filed with the General Accounting Office (GAO) to the contracting officer and the appropriate Central Office activity as follows:

833.103 Protests to the Department.

(a) *Filing of protests.* (1) An interested party may protest to the contracting officer or, as an alternative, may re-

quest an independent review by filing a protest with the Deputy Assistant Secretary for Acquisition and Materiel Management, Acquisition Administration Team, or, for solicitations issued by the Office of Facilities Management, the Chief Facilities Management Officer, Office of Facilities Management. A protest filed with the Deputy Assistant Secretary for Acquisition and Materiel Management or the Chief Facilities Management Officer will not be considered if the interested party has a protest on the same or similar issues pending with the contracting officer.

(2) Protests must be in writing and addressed as follows:

(i) Contracting officer protests—address where offer/bid is to be submitted;

(ii) Deputy Assistant Secretary for Acquisition and Materiel Management, Acquisition Administration Team, Department of Veterans Affairs, 810 Vermont Avenue, NW., Washington, DC 20420; or

(iii) Chief Facilities Management Officer, Office of Facilities Management, Department of Veterans Affairs, 810 Vermont Avenue, NW., Washington, DC 20420.

(3) Protests regarding certain issues may be dismissed by VA without consideration of the merits or forwarded to another agency for appropriate action. Among these protests are the following:

(i) *Contract administration.* The administration of an existing contract is within the discretion of the contracting agency. Disputes between a contractor and the Department are resolved pursuant to the disputes clause of the contract and the Contract Disputes Act of 1978. 41 U.S.C. 601-613.

(ii) *Small business size standards and standard industrial classification.* Challenges of established size standards or the size status of particular firms, and challenges of the selected standard industrial classification are for review solely by the Small Business Administration. 15 U.S.C. 637(b)(6); 13 CFR 121.3-6 (1984).

(iii) *Small business certificate of competency program.* Any referral made to the Small Business Administration pursuant to section 8(b)(7) of the Small

Business Act, or any issuance of a certificate of competency or refusal to issue a certificate under such section is not reviewed in accordance with bid protest procedures absent a showing of possible fraud or bad faith on the part of Government officials.

(iv) *Protests under section 8(a) of the Small Business Act.* Since contracts are let under section 8(a) of the Small Business Act to the Small Business Administration at the contracting officer's discretion and on such terms as agreed upon by the procuring agency and the Small Business Administration, the decision to place or not to place a procurement under the 8(a) sub-contract are not subject to review absent a showing of possible fraud or bad faith on the part of Government officials or that regulations may have been violated. 15 U.S.C. 637(a).

(v) *Affirmative determination of responsibility by the Contracting Officer.* Because a determination that a bidder or offeror is capable of performing a contract is based in large measure on subjective judgments which generally are not readily susceptible to reasoned review, an affirmative determination of responsibility will not be reviewed, absent a showing that such determination was made fraudulently or in bad faith or that definitive responsibility criteria in the solicitation were not met.

(vi) *Walsh-Healey Public Contract Act.* Challenges of the legal status of a firm as a regular dealer or manufacturer within the meaning of the Walsh-Healey Act is for determination solely by the procuring agency, the Small Business Administration (if a small business is involved) and the Secretary of Labor. 41 U.S.C. 35-45.

(vii) *Subcontractor protests.* The contracting agency will not consider subcontractor protests except where the subcontract is by or for the Government.

(viii) *Judicial proceedings.* The contracting agency will not consider protests where the matter involved is the subject of litigation before a court of competent jurisdiction.

(b) Where appropriate, alternative dispute resolution (ADR) procedures may be used to resolve protests at any stage in the protest process. The De-

partment of Veterans Affairs Board of Contract Appeals (VABCA) is an independent and neutral entity within the Department of Veterans Affairs and is available to serve as the third-party neutral (Neutral) for bid protests. If ADR is used, the Department of Veterans Affairs will not furnish any documentation in an ADR proceeding beyond what is allowed by the Federal Acquisition Regulation.

(c) *Action upon receipt of protest.* For protests filed with the contracting officer, the head of the contracting activity (HCA) shall be the approving official for the determinations identified in FAR 33.103(f)(1) and (f)(3). If the HCA is also the contracting officer, the approving official shall be the Deputy Assistant Secretary for Acquisition and Materiel Management. For protests filed with the Deputy Assistant Secretary for Acquisition and Materiel Management, Acquisition Administration Team, or the Chief Facilities Management Officer, Office of Facilities Management, those individuals shall be the approving officials for the determinations identified in FAR 33.103(f)(1) and (f)(3).

(d) *Requests for GAO advance decisions.* When a written protest has been filed with the contracting officer and the contracting officer considers it desirable to do so, the contracting officer may request an advance decision from the Comptroller General. The submission to the Comptroller General will be sent through the Deputy Assistant Secretary for Acquisition and Materiel Management, Acquisition Administration Team or the Chief Facilities Management Officer, Office of Facilities Management, as appropriate, and will include the material indicated in FAR 33.104(a)(2). The contracting officer shall notify the protesting individual or firm promptly in writing of the decision of the Comptroller General.

(e) *Protest after award.* When a written protest is filed with the contracting officer after contract award:

(1) If FAR 33.103(f)(3) requires suspension of contract performance, the contracting officer shall seek to obtain a mutual agreement with the contractor to suspend performance on a no-cost basis and, if successful, shall document the suspension with a supplemental

agreement. If unsuccessful, the contracting officer shall issue a stop-work order in accordance with contract clause FAR 52.233-3, Protest After Award.

(2) If suspension of contract performance is not required by FAR 33.103(f)(3) and if the contracting officer determines that the award was proper, the contracting officer shall furnish the protester a written explanation of the basis for the award which is responsive to the allegations of the protest. The contracting officer shall advise the protester that the protester may appeal the determination to the Deputy Assistant Secretary for Acquisition and Materiel Management, Acquisition Administration Team, or the Chief Facilities Management Officer, Office of Facilities Management, in the case of a contract awarded by the Office of Facilities Management, or the Comptroller General, as specified in internal Department guidance.

(3) If suspension of contract performance is not required by FAR 33.103(f)(3) but the contracting officer determines that the award is questionable, the contracting officer may consult with the Office of the General Counsel (025) and shall advise the contractor of the protest and invite the contractor to submit comments and relevant information. The contracting officer shall submit the case promptly to the Deputy Assistant Secretary for Acquisition and Materiel Management, Acquisition Administration Team, or the Chief Facilities Management Officer, Office of Facilities Management, in the case of a contract awarded by the Office of Facilities Management, who may consult with the Office of the General Counsel (025) and who shall either advise the contracting officer of the appropriate action to take, or submit the case to the Comptroller General for a decision. The contracting officer shall provide interested parties with a copy of the final decision.

(f) *Agency appellate review of contracting officer's protest decision.* An interested party may request an independent review of a contracting officer's protest decision by filing an appeal with the Deputy Assistant Secretary for Acquisition and Materiel Management or, for solicitations issued

by the Office of Facilities Management, with the Chief Facilities Management Officer, Office of Facilities Management. To be considered timely, the appeal must be received by the Deputy Assistant Secretary for Acquisition and Materiel Management or, for solicitations issued by the Office of Facilities Management, by the Chief Facilities Management Officer, Office of Facilities Management, within 10 calendar days of the date the interested party knew, or should have known, whichever is earlier, of the basis for the appeal. Appeals shall be addressed as provided in paragraphs (a)(2)(ii) or (iii) of this section. Appeals shall not extend GAO's timeliness requirements for appeals to GAO. By filing an appeal as provided herein, an interested party may waive its rights to further appeal to the Comptroller General at a later date. Agency responses to appeals submitted to the agency shall be reviewed and concurred in by the Office of the General Counsel (025).

833.104 Protests to GAO.

(a) *General.* (1) When a protest before or after award has been lodged with the General Accounting Office (GAO), the contracting officer will prepare a report to be forwarded to the Deputy Assistant Secretary for Acquisition and Materiel Management, Acquisition Resources Service, or the Chief Facilities Management Officer, Office of Facilities Management, as appropriate, within 5 workdays after receipt of verbal notice of the protest or receipt of a copy of the protest, whichever occurs first, for preparation of the Department report. The report should include a copy of the documentation indicated in FAR 33.104(a)(3)(ii).

(2) Contracting officers are responsible for the notification procedures outlined in FAR 33.104(a)(2).

(b) *Protests before award.* When the Department has received notice from the GAO of a preaward protest filed directly with GAO, award shall not be

made until the matter is resolved, unless the Deputy Assistant Secretary for Acquisition and Materiel Management, Acquisition Resources Service, or the Chief Facilities Management Officer, Office of Facilities Management, as appropriate, approves the head of contracting activity findings required by FAR 33.104(b)(1) and GAO has been notified pursuant to FAR 33.104(b)(2).

(c) *Protests after award.* Protests after award shall be handled in a manner consistent with procedures identified for protests before award. Although persons involved or affected by the filing of a protest may be limited, at least the contractor shall be furnished the notice of the protest and its basis by the contracting officer. When VA receives from GAO, *within ten calendar days after award*, a notice of protest filed directly with GAO, and it is determined by the head of the contracting activity pursuant to FAR 33.104(c)(2) that contract performance should be authorized, the written findings will first be approved by the Deputy Assistant Secretary for Acquisition and Materiel Management, Acquisition Resources Service (or the Chief Facilities Management Officer, Office of Facilities Management, as appropriate), and the GAO must be notified as required by FAR 33.104(c)(3).

(b) The contracting officer shall insert the provision at 852.233-71, Alternate Protest Procedure, in each solicitation where the total value of all contract awards under the solicitation is expected to exceed the simplified acquisition threshold.

[63 FR 15319, Mar. 31, 1998]

Subpart 833.2—Disputes and Appeals

833.209 Suspected fraudulent claims.

Matters relating to suspected fraudulent claims will be referred to the Assistant Inspector General, Office of Investigations (51) for investigation and referral to the Department of Justice. No collection, recovery or other settlement action will be initiated while the matter is in the hands of the Department of Justice without first obtaining the concurrence of the U.S. Attorney concerned, through the Inspector General.

[51 FR 23070, June 25, 1986]

833.211 Contracting officer's decision.

(a) When a dispute cannot be settled by agreement and a final decision under the Disputes clause of the contract is necessary, the contracting officer shall furnish the contractor his/her final decision in the matter.

(b) The decision must be identified as a final decision, be in writing, and include a statement of facts in sufficient detail to enable the contractor to fully understand the decision and the basis on which it was made. It will normally be in the form of a statement of the claim or other description of the dispute with necessary references to the pertinent contract provisions. It will set forth those facts relevant to the dispute, with which the contractor and the contracting officer are in agreement, and as clearly as possible, the area of disagreement.

(c) Except as provided in paragraph (d) of this section, the decision shall, in addition to the material required by FAR 33.211(a)(4), contain the following:

The Department of Veterans Affairs Board of Contract Appeals (VABCA) is the authorized representative of the Secretary for hearing and determining such disputes. 833.212 Contracting officer's duties upon appeal.

(a) When a notice of appeal in any form has been received by the contracting officer, that officer will endorse thereon the date of mailing (or date of receipt, if otherwise conveyed) and within 10 days, will forward said original notice of appeal and a copy of the contracting officer's final decision letter to the Department of Veterans Affairs Board of Contract Appeals (VABCA). Copies of the notice of appeal and the final decision letter will be transmitted concurrently to the Deputy Assistant Secretary for Acquisition and Materiel Management, Acquisition Resources Service and the Assistant General Counsel (025). (In cases of construction contracts administered by the Office of Facilities Management, copies of appeal and final decision letter need not be transmitted to the Deputy Assistant Secretary for Acquisition and Materiel Management, Acquisition Resources Service.)

833.214 Alternative dispute resolution (ADR).

(a) Contracting officers and contractors are encouraged to use alternative dispute resolution (ADR) procedures to resolve contract disputes before they become appealable disputes by using the Department of Veterans Affairs' ADR Program.

(b) Under the Department's ADR Program, the Department of Veterans Affairs Board of Contract Appeals (VABCA or Board) Chair, who is the Department's Dispute Resolution Specialist, will appoint a Board member or hearing examiner (at no cost to either party) to serve as a Neutral to aid in resolving matters before they become appealable disputes. The administrative judges and hearing examiners are trained Neutrals and are available to assist in ADR proceedings.

(c) Under the ADR Program, the parties are able to select the ADR process they believe will help resolve the matter. Everything discussed during the ADR meeting is confidential. In the event a Board member serves as a Neutral in a matter that is not resolved using ADR, that Board member shall keep all discussions confidential and shall have no further input or contact with the parties or other Board members in subsequent Board activities (ref. the Administrative Dispute Resolution Act, 5 U.S.C. 571-583; and, Federal Acquisition Regulation, Subpart 33.2).

[49 FR 12618, Mar. 29, 1984, as amended at 63 FR 17338, Apr. 9, 1998]

836.209 Construction contracts with architect-engineer firms.

When it is considered necessary or advantageous to award a contract for construction of a design-bid-build project, as defined at FAR 36.102, to the firm or person that designed the project, prior approval will be requested from the facility director or manager or, for National Cemetery Administration contracts, the Director, Office of Construction Management, for contracts involving nonrecurring maintenance (NRM) funds or from the Chief Facilities Management Officer, Office of Facilities Management, for contracts involving construction funds. 836.213-4 Notice of award.

The contracting officer shall provide the contractor a notice of award (letter of acceptance) for any contract award in excess of \$25,000.

[67 FR 49259, July 30, 2002]

836.213-70 Notice to proceed.

(a) Construction contractors will be given a written "Notice to Proceed" with the work. A letter notice to proceed will normally be sent only after performance and payment bonds and the completed contract forms, where applicable, have been returned by the contractor and are accepted by the contracting officer. If the urgency of the work or other proper reason requires the contractor to begin work immediately, the award letter may include the "Notice to Proceed" with the reservation that payments are contingent upon receipt and approval of the required bonds.

(b) If the contract provides for liquidated damages, the notice to proceed will be sent by certified mail, return receipt requested, or any other method that provides signed evidence of receipt. The notice to proceed will advise the contractor that the work will be completed within ____ (insert contract time for completion) calendar days from the date of receipt shown on the certified mail receipt card returned by the post office or on the proof of delivery provided by the delivery service.

(c) If the contract does not provide for liquidated damages, certified mail is not required. Notices to proceed for these contracts will establish a date for completion taking into consideration the time required for the notice to arrive by regular mail.

(d) At the time the notice to proceed is sent to the contractor, a copy will be furnished to the resident engineer or the Chief, Engineering Service. A copy of the notice to proceed will be filed with copy A of the contract. When certified mail or other method of delivery is used, the certified mail receipt card returned by the post office or the proof of delivery provided by the delivery

service will be attached to the copy of the notice to proceed. Copies of the notice to proceed will be filed with copies C and D of the contract after the date of receipt has been established and indicated thereon.

[49 FR 12624, Mar. 29, 1984, as amended at 50 FR 794, Jan. 7, 1985; 51 FR 23072, June 25, 1986; 52 FR 28559, July 31, 1987]

842.070 Definition.

Contract Administration is the coordination of actions required for the performance of a contract including the guidance and supervision necessary to assure that all contractual obligations are fulfilled.

Subpart 842.1—Interagency Contract Administration and Audit Services

842.101 Policy.

(a) Pursuant to FAR policy encouraging interagency cross-servicing in field contract support services, contracting officers of the Department of Veterans Affairs will utilize the support services of other agencies to the extent feasible. Examples of such services are: preaward surveys; quality assurance and technical inspection of contract items; and review of contractors' procurement systems. Requirements for support services available from any other Government department or agency will be obtained on the basis of an approved negotiated interagency support agreement.

(b) An interagency support agreement is a written instrument of understanding executed between the parties to the agreement. The agreement should state clearly the accord which has been reached between the two parties involved, especially the obligations assumed by the rights granted each. The agreement will be specific with respect to resources to be provided by both the supplying and receiving activities. It will also provide for funding and reimbursement arrangements, and clauses permitting revisions, modifications thereto, or cancellation thereof, will be included.

(b) For any FAR or 48 CFR chapter 8 (VAAR) provision or clause that requires completion by the contracting officer, the contracting officer shall, as a minimum, insert in the quotation, solicitation, or contract the title of the provision or clause and the full text of the paragraph that requires completion. The balance of the provision or clause may be incorporated by reference.

(c) If one or more FAR or 48 CFR chapter 8 (VAAR) provisions, or portions thereof, are incorporated in a quotation or solicitation by reference, the contracting officer shall insert in the quotation or solicitation the provision found at FAR 52.252-1, Solicitation Provisions Incorporated by Reference.

(b) VA Hotline posters may be obtained from the VA Office of Inspector General (53E), P.O. Box 34647, Washington, DC 20043-4647.

(c) The Contractor need not comply with paragraph (a) above, if the Contractor has established a mechanism, such as a hotline, by which employees may report suspected instances of improper conduct, and instructions that encourage employees to make such reports.

852.207-70 Report of employment under commercial activities.

As prescribed in 807.304-77 and 873.110, the following clause must be included

in A-76 cost comparison solicitations and solicitations issued under the authority of 38 U.S.C. 8151-8153 which may result in the conversion, from in-house to contract performance, of work currently being performed by VA employees:

REPORT OF EMPLOYMENT UNDER COMMERCIAL ACTIVITIES (OCT 1988)

(a) Consistent with the Government post-employment conflict of interest regulations, the contractor shall give adversely affected Federal employees the right of first refusal for all employment openings under this contract for which they are qualified.

(b) *Definitions.* (1) An "adversely affected Federal employee" is:

(i) Any permanent Federal employee who is assigned to the government commercial activity, or

(ii) Any employee identified for release from his or her competitive level or separated as a result of the contract.

(2) "Employment openings" are position vacancies created by this contract which the contractor is unable to fill with personnel in the contractor's employee at the time of the contract award, including positions within a 50 mile radius of the commercial activity which indirectly arise in the contractor's organization as a result of the contractor's reassignment of employees due to the award of this contract.

(3) The "contract start date" is the first day of contractor performance.

(c) *Filling employment openings.* (1) For a period beginning with contract award and ending 90 days after the contract start date, no person other than an adversely affected Federal employee on the current listing provided by the contracting officer shall be offered an employment opening until all adversely affected and qualified Federal employees identified by the contracting officer have been offered the job and refused it.

(2) The contractor may select any person for an employment opening when there are no qualified adversely affected Federal employees on the latest current listing provided by the contracting officer.

(d) *Contracting reporting requirements.* (1) No later than five working days after contract award the contractor shall furnish the contracting officer with the following:

(i) A list of employment openings including salaries and benefits,

(ii) Sufficient job application forms for adversely affected Federal employees.

(2) By contract start date, the contractor shall provide the contracting officer with the following:

(i) The names of adversely affected Federal employees offered an employment opening,

(ii) The date the offer was made,

(iii) A brief description of the position,

(iv) The date of acceptance of the offer and the effective date of employment,

(v) The date of rejection of the offer, if applicable for salary and benefits contained in the rejected offer, and

(vi) The names of any adversely affected Federal employees who applied but were not offered employment and the reason(s) for withholding an offer.

(3) For the first 90 days after the contract start date, the contractor shall provide the contracting officer with the names of all persons hired or terminated under the contract within five working days of such hiring or termination.

(e) *Information provided to the contractor.* (1) No later than 10 working days after the contract award, the contracting officer shall furnish the contractor a current list of adversely affected Federal employees exercising the right of first refusal, along with their completed job application forms.

(2) Between the contract award and start dates, the contracting officer shall inform the contractor of any reassignment or transfer of adversely affected employees to other Federal positions.

(3) For a period up to 90 days after contract start date, the contracting officer will periodically provide the contractor with an updated listing of adversely affected Federal employees reflecting employees recently released from their competitive levels or separated as a result of the contract award.

(f) *Qualification determination.* The contractor has a right under this clause to determine adequacy of the qualifications of adversely affected Federal employees for any employment openings. However, an adversely affected Federal employee who held a job in the Government commercial activity which directly corresponds to an employment opening shall be considered qualified for the job. Questions concerning the qualifications of adversely affected Federal employees for specific employment openings shall be referred to the contracting officer for determination. The contracting officer's determination shall be final and binding on all parties.

(g) *Relation to other statutes, regulations and employment policies.* The requirements of this clause shall not modify or alter the contractor's responsibilities under statutes, regulations or other contract clauses pertaining to the hiring of veterans, minorities or handicapped persons.

(h) *Penalty for Noncompliance.* Failure of the contractor to comply with any provision of this clause may be grounds for termination for default.

852.209-70 Organizational conflicts of interest.

The following provision will be used as prescribed in 809.508-2:

ORGANIZATIONAL CONFLICTS OF INTEREST
(APR 1984)

(a) The offeror represents to the best of his/her knowledge and belief that the award of the contract would not involve organizational conflicts of interest as defined in this representation. The term organizational conflicts of interests shall mean that a relationship exists whereby an offeror or a contractor (including his/her chief executive, directors, proposed consultants and subcontractors) has interests which may: (1) Diminish his/her capacity to give impartial, technically sound, objective assistance and advice or may otherwise result in a biased work product; or (2) result in an unfair competitive advantage. It does not include the "normal flow of benefits" from the performance of a contract.

(b) Based on this representation and any other information solicited by the contracting officer, it may be determined organizational conflicts of interest exist which would warrant disqualifying the contractor for award of the contract unless the organizational conflicts of interest can be mitigated to the contracting officer's satisfaction by negotiating terms and conditions of the contract to that effect. In the case of a formally advertised solicitation, the apparent successful offeror may enter into a supplemental agreement which mitigates the organizational conflicts of interest.

(c) Nondisclosure or misrepresentations of organizational conflicts of interest at the time of the offer, or arising as a result of a modification to the contract, may result in the termination of the contract at no expense to the Government.

852.211-70 Requirements for operating and maintenance manuals.

(a) Solicitations and requests for proposals for technical medical and other technical equipment and devices issued by a field facility will normally require the contractor to provide operating and maintenance manuals.

(b) The purpose of the requirement is for the manufacturer to provide the Department of Veterans Affairs a manual or groups of manuals that will allow the in-house repair of the equip-

ment purchased. Unless the facility Chief, Engineering Service, indicates that such service manuals are not needed, each invitation for bid or request for proposal for technical medical or other technical equipment and devices will include the following clauses for operating and maintenance manuals:

SERVICE DATA MANUAL (NOV 1984)

(a) The successful bidder will supply operation/service (maintenance) manuals with each piece of equipment in the quantity specified in the solicitation and resulting purchase order. As a minimum, the manual(s) shall be bound and equivalent to the manual(s) provided the manufacturer's designated field service representative as well as comply with all the requirements in paragraphs (b) through (i) of this clause. Sections, headings and section sequence identified in (b) through (i) of this clause are typical and may vary between manufacturers. Variances in the sections, headings and section sequence, however, do not relieve the manufacturer of his responsibility in supplying the technical data called for therein.

(b) *Title Page and Front Matter*—The title page shall include the equipment nomenclature, model number, effective date of the manual and the manufacturer's name and address. If the manual applies to a particular version of the equipment only, the title page shall also list that equipment's serial number. Front matter shall consist of the Table of Contents, List of Tables, List of Illustrations and a frontispiece (photograph or line drawing) depicting the equipment.

(c) *Section I, General Description*—This section shall provide a generalized description of the equipment or devices and shall describe its purpose or intended use. Included in this section will be a table listing all pertinent equipment specifications, power requirements, environmental limitations and physical dimensions.

(d) *Section II, Installation*—Section II shall provide pertinent installation information. It shall list all input and output connectors using applicable reference designators and functional names as they appear on the equipment. Included in this listing will be a brief description of the function of each connector along with the connector type. Instructions shall be provided as to the recommended method of repacking the equipment for shipment (packing material, labeling, etc.).

(e) *Section III, Operation*—Section III will fully describe the operation of the equipment and shall include a listing of each control with a brief description of its function and step-by-step procedures for each operating

mode. Procedures will use the control(s) nomenclature as it appears on the equipment and will be keyed to one or more illustrations of the equipment. Operating procedures will include any preoperational checks, calibration adjustments and operation tests. Notes, cautions and warnings shall be set off from the text body so they may easily be recognizable and will draw the attention of the reader. Illustrations should be used wherever possible depicting equipment connections for test, calibration, patient monitoring and measurements. For large, complex and/or highly versatile equipment capable of many operating modes and in other instances where the Operation Section is quite large, operational information may be bound separately in the form of an Operators Manual. The providing of a separate Operators Manual does not relieve the supplier of his responsibility for providing the minimum acceptable maintenance data specified herein.

Where applicable, flow charts and narrative descriptions of software shall be provided. If programming is either built-in and/or user modifiable, a complete software listing shall be supplied. Equipment items with software packages shall also include diagnostic routines and sample outputs. Submission information shall be given in the Maintenance Section to identify equipment malfunctions which are software related.

(f) *Section IV, Principles of Operation*— This section shall describe in narrative form the principles of operation of the equipment. Circuitry shall be discussed in sufficient detail to be understood by technicians and engineers who possess a working knowledge of electronics and a general familiarity with the overall application of the devices. The circuit descriptions should start at the overall equipment level and proceed to more detailed circuit descriptions. The overall description shall be keyed to a functional block diagram of the equipment. Circuit descriptions shall be keyed to schematic diagrams discussed in paragraph (i) below. It is recommended that for complex or special circuits, simplified schematics should be included in this section.

(g) *Section V, Maintenance*— The maintenance section shall contain a list of recommended test equipment, special tools, preventive maintenance instructions and corrective information. The list of test equipment shall be that recommended by the manufacturer and shall be designated by manufacturer and model number. Special tools are those items not commercially available or those that are designed specifically for the equipment being supplied. Sufficient data will be provided to enable their purchase by the Department of Veterans Affairs. Preventive maintenance instructions shall consist of those recommended by the manufacturer to preclude unnecessary failures. Procedures and the rec-

ommended frequency of performance shall be included for visual inspection, cleaning, lubricating, mechanical adjustments and circuit calibration. Corrective maintenance shall consist of the data necessary to troubleshoot and rectify a problem and shall include procedures for realigning and testing the equipment. Troubleshooting shall include either a list of test points with the applicable voltage levels or waveforms that would be present under a certain prescribed set of conditions, a troubleshooting chart listing the symptom, probable cause and remedy, or a narrative containing sufficient data to enable a test technician or electronics engineer to determine and locate the probable cause of malfunction. Data shall also be provided describing the preferred method of repairing or replacing discrete components mounted on printed circuit boards or located in areas where special steps must be followed to disassemble the equipment. Procedures shall be included to realign and test the equipment at the completion of repairs and to restore it to its original operating condition. These procedures shall be supported by the necessary waveforms and voltage levels, and data for selecting matched components. Diagrams, either photographic or line, shall show the location of printed circuit board mounted components.

(h) *Section VI, Replacement Parts List*—The replacement parts list shall list, in alphanumeric order, all electrical/electronic, mechanical and pneumatic components, their description, value and tolerance, true manufacturer and manufacturers' part number.

(i) *Section VII, Drawings*—Wiring and schematic diagrams shall be included. The drawings will depict the circuitry using standard symbols and shall include the reference designations and component values or type designators. Drawings shall be clear and legible and shall not be engineering or production sketches.

(End of clause)

(c) Solicitations and requests for proposals for mechanical equipment (other than technical medical equipment and devices) issued by a field facility will include the following clause:

SERVICE DATA MANUAL (NOV 1984)

The contractor agrees to furnish two copies of a manual, handbook or brochure containing operating, installation, and maintenance instructions (including pictures or illustrations, schematics, and complete repair/test guides as necessary). Where applicable, it will include electrical data and connection diagrams for all utilities. The instructions

852.211-71

shall also contain a complete list of all replaceable parts showing part number, name, and quantity required.

(End of clause)

(d) When the bid or proposal will result in the initial purchase (including each make and model) of a centrally procured item, the following clause will be used:

SERVICE DATA MANUAL (NOV 1984)

The contractor agrees, when requested by the contracting officer, to furnish not more than three copies of the technical documentation required by paragraph 852.211-70(a) to the Service and Reclamation Division, Hines, Ill. In addition, the contractor agrees to furnish two additional copies of the technical documentation required by 852.211-70(a) above with each piece of equipment sold as a result of the invitation for bid or request for proposal.

852.211-71 Guarantee clause.

(a) When the bid or proposal will result in any purchase of equipment, the following clause will be used:

GUARANTEE (NOV 1984)

The contractor guarantees the equipment against defective material, workmanship and performance for a period of _____,¹ said guarantee to run from date of acceptance of the equipment by the Government. The contractor agrees to furnish, without cost to the Government, replacement of all parts and material which are found to be defective during the guarantee period. Replacement of material and parts will be furnished to the Government at the point of installation, if installation is within the continental United States, or f.o.b. the continental U.S. port to be designated by the contracting officer if installation is outside of the continental United States. Cost of installation of replacement material and parts shall be borne by the contractor.²

¹Normally, insert one year. If industry policy covers a shorter or longer period, i.e., 90 days or for the life of the equipment, insert such period.

²The above clause will be modified to conform to standards of the industry involved.

48 CFR Ch. 8 (10-1-03 Edition)

(End of clause)

(b) Where it is industry policy to furnish, but not install, replacement material and parts at the contractor's expense, the last sentence will be changed to indicate that cost of installation shall be borne by the Government. Where it is industry policy to: (1) Guarantee components for the life of the equipment (i.e., crystals in transmitters and receivers in radio communications systems); or (2) require that highly technical equipment be returned to the factory (at contractor's or Government's expense) for replacement of defective materials or parts, the clause used will be compatible with such policy.

852.211-72 Inspection.

(a) Contracts for property, other than packing house and dairy products and fresh and frozen fruits and vegetables will contain the following clause:

REJECTED GOODS (NOV 1984)

Rejected goods will be held subject to contractor's order for not more than 15 days, after which the rejected merchandise will be returned to the contractor's address at his/her risk and expense. Expenses incident to the examination and testing of materials or supplies which have been rejected will be charged to the contractor's account.

(End of clause)

(b) Contracts for packinghouse and dairy products, bread and bakery products and for fresh and frozen fruits and vegetables will contain the following clause:

REJECTED GOODS

The contractor shall remove rejected supplies within 48 hours after notice of rejection. Supplies determined to be unfit for human consumption will not be removed without permission of the local health authorities. Supplies not removed within the allowed time may be destroyed. The Department of Veterans Affairs will not be responsible for nor pay for products rejected. The contractor will be liable for costs incident to examination of rejected products.

852.211-73 Frozen processed foods.

The following clause will be included in all solicitations for the purchase of frozen processed foods, issued by a field facility:

FROZEN PROCESSED FOODS (NOV 1984)

852.211-74 Telecommunications equipment.

(a) When a detailed purchase description of formal specification is the basis for solicitations for telecommunications equipment as defined in VA Manual MP-6, Part VIII, (available at any Department of Veterans Affairs facility), solicitations, including those for construction, will include the following provision:

SPECIAL NOTICE (APR 1984)

Descriptive literature. The submission of descriptive literature with offers is not required and voluntarily submitted descriptive literature which qualifies the offer will require rejection of the offer.

However, within 5 days after award of contract, the contractor will submit to the contracting officer literature describing the equipment he/she intends to furnish and indicating strict compliance with the specification requirements.

The contracting officer will, by written notice to the contractor within 20 calendar days after receipt of the literature, approve, conditionally approve, or disapprove the equipment proposed to be furnished. The notice of approval or conditional approval will not relieve the contractor from complying with all requirements of the specifications and all other terms and conditions of this contract. A notice of conditional approval will state any further action required of the

contractor. A notice of disapproval will cite reasons therefor.

If the equipment is disapproved by the Government, the contractor will be subject to action under the Default provision of this contract. However, prior to default action the contractor will be permitted a period (at least 10 days) under that clause to submit additional descriptive literature on equipment originally offered or descriptive literature on other equipment.

The Government reserves the right to require an equitable adjustment of the contract price for any extension of the delivery schedule necessitated by additional descriptive literature evaluations.

(b) The descriptive literature to be furnished by the contractor after award in accordance with paragraph (a) of this section is subject to the controls established in 870.112(b).

(c) The time of delivery or performance to be specified in the solicitation will include the time required for submission, receipt, the evaluation and approval required by 870.112(b) of this chapter, and return to the contractor of the descriptive literature.

In no instance, where there is a multiple choice of laboratories, shall the invitation for bid, request for proposal or request for quotation indicate that the label or certificate of only one such laboratory is acceptable. The following provision will be used unless comparable provisions are contained in the item specification:

852.211-76

TECHNICAL INDUSTRY STANDARDS (APR 1984)

The supplies or equipment required by this invitation for bid or request for proposal must conform to the standards of the _____³ and _____³ as to _____.⁴ The successful bidder or offeror will be required to submit proof that the item(s) he furnishes conforms to this requirement. This proof may be in the form of a label or seal affixed to the equipment or supplies, warranting that they have been tested in accordance with and conform to the specified standards. The seal or label of any nationally recognized laboratory such as those listed by the National Fire Protection Association, Boston, Massachusetts, in the current edition of their publication "Research on Fire," is acceptable. The brand name or equal clause when used as prescribed by 811.104 will be as follows:

BRAND NAME OR EQUAL (NOV 1984)

(NOTE: As used in this clause, the term "brand name" includes identification of products by make and model.)

(a) If items called for by this invitation for bids have been identified in the schedule by a "brand name or equal" description, such identification is intended to be descriptive, but not restrictive, and is to indicate the quality and characteristics of products that will be satisfactory. Bids offering "equal" products (including products of the brand name manufacturer other than the one described by brand name) will be considered for award if such products are clearly identified in the bids and are determined by the Government to meet fully the salient characteristics requirements listed in the invitation.

(b) Unless the bidder clearly indicates in his bid that he is offering an "equal" product, his bid shall be considered as offering a brand name product referenced in the invitation for bids.

(c)(1) If the bidder proposes to furnish an "equal" product, the brand name, if any, of the product to be furnished shall be inserted in the space provided in the Invitation for Bids, or such product shall be otherwise clearly identified in the bid. The evaluation of bids and the determination as to equality of the product offered shall be the responsibility of the Government and will be based on information furnished by the bidder or identified in his/her bid as well as other information reasonably available to the purchasing activity. CAUTION TO BIDDERS. The purchasing activity is not responsible for locating or securing any information which is not identified in the bid and reasonably available to the purchasing activity. Accordingly, to insure that sufficient information is available, the bidder must furnish as a part of his/her bid all descriptive material (such as cuts, illustration, drawings or other information) necessary for the purchasing activity to: (i) Determine whether the product offered meets the salient characteristics requirement of the Invitation for

(c) If, during progress of work hereunder, the contractor requests a change in activities of work to be performed by the contractor's forces and the contracting officer determines it to be in the best interest of the Government, the contracting officer may, at his or her discretion, authorize a change in such activities of said work.

Alternate I (Jul 2002) For new construction work with complex mechanical-electrical work, the following paragraph relating to work coordination may be substituted for paragraph (b) of the basic clause:

(b) The contractor shall be responsible to the Government for acts and omissions of his/her own employees, and subcontractors and their employees. The contractor shall also be responsible for coordination of the work of the trades, subcontractors, and material suppliers. The contractor shall, in advance of the work, prepare coordination drawings showing the location of openings through slabs, the pipe sleeves and hanger inserts, as well as the location and elevation of utility lines, including, but not limited to, conveyor systems, pneumatic tubes, ducts, and conduits and pipes 2 inches and larger in diameter. These drawings, including plans, elevations, and sections as appropriate shall clearly show the manner in which the utilities fit into the available space and relate to each other and to existing building elements. Drawings shall be of appropriate scale to satisfy the previously stated purposes, but not smaller than 3/8-inch scale. Drawings may be composite (with distinctive colors for the various trades) or may be separate but fully coordinated drawings (such as sepias or photographic paper reproductions) of the same scale. Separate drawings shall depict iden-

tical building areas or sections and shall be capable of being overlaid in any combination. The submitted drawings for a given area of the project shall show the work of all trades which will be involved in that particular area. Six complete composite drawings or six complete sets of separate reproducible drawings shall be received by the Government not less than 20 days prior to the scheduled start of the work in the area illustrated by the drawings, for the purpose of showing the contractor's planned methods of installation. The objectives of such drawings are to promote carefully planned work sequence and proper trade coordination, in order to assure the expeditious solutions of problems and the installation of lines and equipment as contemplated by the contract documents while avoiding or minimizing additional costs to the contractor and to the Government. In the event the contractor, in coordinating the various installations and in planning the method of installation, finds a conflict in location or elevation of any of the utilities with themselves, with structural items or with other construction items, he/she shall bring this conflict to the attention of the contracting officer immediately. In doing so, the contractor shall explain the proposed method of solving the problem or shall request instructions as to how to proceed if adjustments beyond those of usual trades coordination are necessary. Utilities installation work will not proceed in any area prior to the submission and completion of the Government review of the coordinated drawings for that area, nor in any area in which conflicts are disclosed by the coordination drawings until the conflicts have been corrected to the satisfaction of the contracting officer. It is the responsibility of the contractor to submit the required drawings in a timely manner consistent with the requirements to complete the work covered by this contract within the prescribed contract time.

(1) The contracting officer may retain funds:

(i) Where performance under the contract has been determined to be deficient or the contractor has performed in an unsatisfactory manner in the past; or

(ii) As the contract nears completion, to ensure that deficiencies will be corrected and that completion is timely.

(2) Examples of deficient performance justifying a retention of funds include, but are not restricted to, the following:

(i) Unsatisfactory progress as determined by the contracting officer;

(ii) Failure to meet schedule in Schedule of Work Progress;

(iii) Failure to present submittals in a timely manner; or

(iv) Failure to comply in good faith with approved subcontracting plans, certifications or contract requirements.

(3) Any level of retention shall not exceed 10 percent either where there is determined to be unsatisfactory performance, or when the retainage is to ensure satisfactory completion. Retained amounts shall be paid promptly upon completion of all contract requirements, but nothing contained in this subparagraph shall be construed as limiting the contracting officer's right to withhold funds under other provisions of the contract or in accordance with the general law and regulations regarding the administration of Government contracts.

(b) The contractor shall submit a schedule of cost to the contracting officer for approval within 30 calendar days after date of receipt of notice to proceed. Such schedule will be signed and submitted in triplicate. The approved cost schedule will be one of the bases for determining progress payments to the contractor for work completed. This schedule shall show cost by the branches of work for each building or unit of the contract, as instructed by the resident engineer.

(1) The branches shall be subdivided into as many subbranches as are necessary to cover all component parts of the contract work.

(2) Costs as shown on this schedule must be true costs and, should the resident engineer so desire, he/she may require the contractor to submit the original estimate sheets or other information to substantiate the detailed makeup of the schedule.

(3) The sum of the subbranches, as applied to each branch, shall equal the total cost of such branch. The total cost of all branches shall equal the contract price.

(4) Insurance and similar items shall be prorated and included in the cost of each branch of the work.

(5) The cost schedule shall include separate cost information for the systems listed below. The percentages listed below are proportions of the cost listed in contractor's cost schedule and identify, for payment purposes, the value of the work to adjust, correct and test systems after the material has been installed. Payment of the listed per-

centages will be made only after the contractor has demonstrated that each of the systems is substantially complete and operates as required by the contract.

The contractor shall submit, within 15 calendar days of receipt of the notice to proceed, a guarantee period performance program which shall include an itemized accounting of the number of work-hours required to perform the guarantee period service on each piece of equipment. The contractor shall also submit the established salary costs, including employee fringe benefits, and what the contractor reasonably expects to pay over the guarantee period, all of which will be subject to the contracting officer's approval.

(ii) The cost of the guarantee period service shall be prorated on an annual basis and paid in equal monthly payments by VA during the period of guarantee. In the event the installer does not perform satisfactorily during this period, all payments may be withheld, and the contracting officer shall inform the contractor of the unsatisfactory performance, allowing the contractor 10 days to correct deficiencies and comply with the contract. The guarantee period service is subject to those provisions as set forth in the Payments and Default clauses.

852.236-83 Payments under fixed-price construction contracts (including NAS).

As prescribed in 832.111, insert the following clause in contracts that contain a section entitled "Network Analysis System (NAS)":

PAYMENTS UNDER FIXED-PRICE CONSTRUCTION CONTRACTS (JUL 2002)

The clause entitled "Payments Under Fixed-Price Construction Contracts" in FAR 52.232-5 is implemented as follows:

(a) Retainage:

(1) The contracting officer may retain funds:

(i) Where performance under the contract has been determined to be deficient or the contractor has performed in an unsatisfactory manner in the past; or

(ii) As the contract nears completion, to ensure that deficiencies will be corrected and that completion is timely.

(2) Examples of deficient performance justifying a retention of funds include, but are not restricted to, the following:

(i) Unsatisfactory progress as determined by the contracting officer;

(ii) Failure either to meet schedules in Section Network Analysis System (NAS), or to process the Interim Arrow Diagram/Complete Project Arrow Diagram;

(iii) Failure to present submittals in a timely manner; or

(iv) Failure to comply in good faith with approved subcontracting plans, certifications or contract requirements.

(3) Any level of retention shall not exceed 10 percent either where there is determined to be unsatisfactory performance, or when the retainage is to ensure satisfactory completion. Retained amounts shall be paid promptly upon completion of all contract requirements, but nothing contained in this subparagraph shall be construed as limiting the contracting officer's right to withhold funds under other provisions of the contract or in accordance with the general law and regulations regarding the administration of Government contracts.

(b) The contractor shall submit a schedule of costs in accordance with the requirements of Section Network Analysis System (NAS) to the contracting officer for approval within 90 calendar days after date of receipt of notice to proceed. The approved cost schedule will be one of the bases for determining progress payments to the contractor for work completed.

(1) Costs as shown on this schedule must be true costs and, should the resident engineer so desire, he/she may require the contractor to submit his/her original estimate sheets or other information to substantiate the detailed makeup of the cost schedule.

(2) The total costs of all activities shall equal the contract price.

(3) Insurance and similar items shall be prorated and included in each activity cost of the critical path method (CPM) network.

(4) The CPM network shall include a separate cost loaded activity for adjusting and testing of the systems listed below. The percentages listed below will be used to determine the cost of adjust and test activities and identify, for payment purposes, the value of the work to adjust, correct and test systems after the material has been installed.

(5) Payment for adjust and test activities will be made only after the contractor has demonstrated that each of the systems is substantially complete and operates as required by the contract.

As prescribed in 836.576, insert the following clause:

SUPPLEMENTARY LABOR STANDARDS PROVISIONS (APR 1984)

(a) The wage determination decision of the Secretary of Labor is set forth in section GR, General Requirements, of this contract. (a) The contractor shall submit with the schedule of costs, a progress schedule that indicates the anticipated installation of work versus the elapsed contract time, for the approval of the contracting officer. The progress schedule time shall be represented in the form of a bar graph with the contract time plotted along the horizontal axis. The starting date of the schedule shall be the date the contractor receives the "Notice to Proceed." The ending date shall be the original contract completion date. At a minimum, both dates shall be indicated on the progress schedule. The specific item of work, i.e., "Excavation", "Floor Tile", "Finish Carpentry", etc., should be plotted along the vertical axis and indicated by a line or bar at which time(s) during the contract this work is scheduled to take place. The schedule shall be submitted in triplicate and signed by the contractor.

(b) The contractor shall submit the required copies of payrolls to the contracting officer through the resident engineer or engineer officer, when acting in that capacity. Department of Labor Form WH-347, Payroll, available from the Superintendent of Documents, Government Printing Office, Washington, DC 20402, may be used for this purpose. If, however, the contractor or subcontractor elects to use an individually composed payroll form, it shall contain the same information shown on Form WH-347, and in addition be accompanied by Department of Labor Form WH-348, Statement of Compliance, or any other form containing the exact wording of this form.

(c) The progress schedule will be revised when individual or cumulative time extensions of 15 calendar days or more are granted for any reason. The revised schedule should indicate the new contract completion date and should reflect any changes to the installation time(s) of the items of work affected.

As prescribed in 836.513, insert the following clause:

852.236-88 Contract changes—supplement.

As prescribed in 836.578, insert the following clause:

CONTRACT CHANGES—SUPPLEMENT (JUL 2002)

The clauses entitled "Changes" in FAR 52.243-4 and "Differing Site Conditions" in FAR 52.236-2 are supplemented as follows:

(a) Paragraphs (a)(1) through (a)(4) apply to proposed contract changes costing over \$500,000:

(1) When requested by the contracting officer, the contractor shall submit proposals for changes in work to the resident engineer. Proposals, to be submitted as expeditiously as possible but within 30 calendar days after receipt of request, shall be in legible form, original and two copies, with an itemized breakdown that will include material, quantities, unit prices, labor costs (separated into trades), construction equipment, etc. (Labor costs are to be identified with specific material placed or operation performed.) The contractor must obtain and furnish with a proposal an itemized breakdown as described above, signed by each subcontractor participating in the change regardless of tier. When certified cost or pricing data are required under FAR Subpart 15.403, the cost or pricing data shall be submitted in accordance with FAR 15.403-5.

(2) When the necessity to proceed with a change does not allow sufficient time to negotiate a modification or because of failure to reach an agreement, the contracting officer may issue a change order instructing the contractor to proceed on the basis of a tentative price based on the best estimate available at the time, with the firm price to be determined later. Furthermore, when the change order is issued, the contractor shall submit a proposal, which includes the infor-

mation required by paragraph (a)(1), for cost of changes in work within 30 calendar days.

(3) The contracting officer will consider issuing a settlement by determination to the contract if the contractor's proposal required by paragraphs (a) and (b) of this clause is not received within 30 calendar days or if agreement has not been reached.

(4) Bond premium adjustment, consequent upon changes ordered, will be made as elsewhere specified at the time of final settlement under the contract and will not be included in the individual change.

(b) Paragraphs (b)(1) through (b)(11) apply to proposed contract changes costing \$500,000 or less:

(1) When requested by the contracting officer, the contractor shall submit proposals for changes in work to the resident engineer. Proposals, to be submitted as expeditiously as possible but within 30 calendar days after receipt of request, shall be in legible form, original and two copies, with an itemized breakdown that will include material, quantities, unit prices, labor costs (separated into trades), construction equipment, etc. (Labor costs are to be identified with specific material placed or operation performed.) The contractor must obtain and furnish with a proposal an itemized breakdown as described above, signed by each subcontractor participating in the change regardless of tier. When certified cost or pricing data or information other than cost or pricing data are required under FAR 15.403, the data shall be submitted in accordance with FAR 15.403-5. No itemized breakdown will be required for proposals amounting to less than \$1,000.

(2) When the necessity to proceed with a change does not allow sufficient time to negotiate a modification or because of failure to reach an agreement, the contracting officer may issue a change order instructing the contractor to proceed on the basis of a tentative price based on the best estimate available at the time, with the firm price to be determined later. Furthermore, when the change order is issued, the contractor shall submit with 30 calendar days a proposal, which includes the information required by paragraph (b)(1), for the cost of the changes in work.

(3) The contracting officer will consider issuing a settlement by determination to the contract if the contractor's proposal required by paragraphs (a) and (b) of this clause is not received within 30 calendar days or if agreement has not been reached.

(4) Allowances not to exceed 10 percent each for overhead and profit for the party performing the work will be based on the value of labor, material, and use of construction equipment required to accomplish the change. As the value of the change increases, a declining scale will be used in negotiating the percentage of overhead and profit. Allowable percentages on changes will not exceed

the following: 10 percent overhead and 10 percent profit on the first \$20,000; 7½ percent overhead and 7½ percent profit on the next \$30,000; 5 percent overhead and 5 percent profit on balance over \$50,000. Profit shall be computed by multiplying the profit percentage by the sum of the direct costs and computed overhead costs.

(5) The prime contractor's or upper-tier subcontractor's fee on work performed by lower-tier subcontractors will be based on the net increased cost to the prime contractor or upper-tier subcontractor, as applicable. Allowable fee on changes will not exceed the following: 10 percent fee on the first \$20,000; 7½ percent fee on the next \$30,000; and 5 percent fee on balance over \$50,000.

(6) Not more than four percentages, none of which exceed the percentages shown above, will be allowed regardless of the number of tiers of subcontractors.

(7) Where the contractor's or subcontractors' portion of a change involves credit items, such items must be deducted prior to adding overhead and profit for the party performing the work. The contractor's fee is limited to the net increase to contractor of subcontractors' portions cost computed in accordance herewith.

(8) Where a change involves credit items only, a proper measure of the amount of downward adjustment in the contract price is the reasonable cost to the contractor if he/she had performed the deleted work. A reasonable allowance for overhead and profit are properly includable as part of the downward adjustment for a deductive change. The amount of such allowance is subject to negotiation.

(9) Cost of Federal Old Age Benefit (Social Security) tax and of Worker's Compensation and Public Liability insurance appertaining to changes are allowable. While no percentage will be allowed thereon for overhead or profit, prime contractor's fee will be allowed on such items in subcontractor's proposals.

(10) Overhead and contractor's fee percentages shall be considered to include insurance other than mentioned herein, field and office supervisors and assistants, security police, use of small tools, incidental job burdens, and general home office expenses and no separate allowance will be made therefor. Assistants to office supervisors include all clerical, stenographic and general office help. Incidental job burdens include, but are not necessarily limited to, office equipment and supplies, temporary toilets, telephone and conformance to OSHA requirements. Items such as, but not necessarily limited to, review and coordination, estimating and expediting relative to contract changes are associated with field and office supervision and are considered to be included in the contractor's overhead and/or fee percentage.

(11) Bond premium adjustment, consequent upon changes ordered, will be made as else-

where specified at the time of final settlement under the contract and will not be included in the individual change.

As prescribed in 825.1102, insert the following clause:

BUY AMERICAN ACT (JUL 2002)

(a) Reference is made to the clause entitled "Buy American Act—Balance of Payments Program—Construction Materials," FAR 52.225-9.

(b) Notwithstanding a bidder's right to offer identifiable foreign construction material in its bid pursuant to FAR 52.225-9, VA does not anticipate accepting an offer that includes foreign construction material.

(c) If a bidder chooses to submit a bid that includes foreign construction material, that bidder must provide a listing of the specific foreign construction material he/she intends to use and a price for said material. Bidders must include bid prices for comparable domestic construction material. If VA determines not to accept foreign construction material and no comparable domestic construction material is provided, the entire bid will be rejected.

(d) Any foreign construction material proposed after award will be rejected unless the bidder proves to VA's satisfaction: (1) It was impossible to request the exemption prior to award, and (2) said domestic construction material is no longer available, or (3) where the price has escalated so dramatically after the contract has been awarded that it would be unconscionable to require performance at that price. The determinations required by (1), (2), and (3) of this paragraph shall be made in accordance with subpart 825.2 and FAR 25.2.

(e) By signing this bid, the bidder declares that all articles, materials and supplies for use on the project shall be domestic unless specifically set forth on the Bid Form or addendum thereto.

852.236-90 Restriction on submission and use of equal products.

As prescribed in 836.202(c), the following clause shall be included in the solicitation if it is determined that only one product will meet the Government's minimum needs and the Department of Veterans Affairs will not allow the submission of "equal" products:

RESTRICTION ON SUBMISSION AND USE OF
EQUAL PRODUCTS (NOV 1986)

852.236-91 Special notes.

As prescribed in 836.579, insert the following clause:

SPECIAL NOTES (JUL 2002)

(a) Signing of the bid shall be deemed to be a representation by the bidder that:

(1) Bidder is a construction contractor who owns, operates, or maintains a place of business, regularly engaged in construction, alteration or repair of buildings, structures, communication facilities, or other engineering projects, including furnishing and installing of necessary equipment; or

(2) If newly entering into a construction activity, bidder has made all necessary arrangements for personnel, construction equipment, and required licenses to perform construction work; and

(3) Upon request, prior to award, bidder will promptly furnish to the Government a statement of facts in detail as to bidder's previous experience (including recent and current contracts), organization (including company officers), technical qualifications, financial resources and facilities available to perform the contemplated work.

(b) Unless otherwise provided in this contract, where the use of optional materials or construction is permitted, the same standard of workmanship, fabrication and installation shall be required irrespective of which option is selected. The contractor shall make any change or adjustment in connecting work or otherwise necessitated by the use of such optional material or construction, without additional cost to the Government.

(c) When approval is given for a system component having functional or physical characteristics different from those indicated or specified, it is the responsibility of the contractor to furnish and install related components with characteristics and capacities compatible with the approved substitute component as required for systems to function as noted on drawings and specifications. There shall be no additional cost to the Government.

(d) In some instances it may have been impracticable to detail all items in specifications or on drawings because of variances in manufacturers' methods of achieving specified results. In such instances the contractor will be required to furnish all labor, materials, drawings, services and connections necessary to produce systems or equipment which are completely installed, functional, and ready for operation by facility personnel in accordance with their use.

(e) Claims by the contractor for delay attributed to unusually severe weather must

be supported by climatological data covering the period and the same period for the 10 preceding years. When the weather in question exceeds in intensity or frequency the 10 year average, the excess experienced shall be considered "unusually severe." Comparison shall be on a monthly basis. Whether or not unusually severe weather in fact delays the work will depend upon the effect of weather on the branches of work being performed during the time under consideration.

CONTRACTOR RESPONSIBILITIES (APR 1984)

The contractor shall obtain all necessary licenses and/or permits required to perform this work. He/she shall take all reasonable precautions necessary to protect persons and property from injury or damage during the performance of this contract. He/she shall be responsible for any injury to himself/herself, his/her employees, as well as for any damage to personal or public property that occurs

during the performance of this contract that is caused by his/her employee's fault or negligence, and shall maintain personal liability and property damage insurance having coverage for a limit as required by the laws of the State of _____. Further, it is agreed that any negligence of the Government, its officers, agents, servants and employees, shall not be the responsibility of the contractor hereunder with the regard to any claims, loss, damage, injury and liability resulting therefrom.

(End of clause)

852.237-71 Indemnification and insurance (vehicle and aircraft service contracts).

(a) Contracts for vehicle and aircraft services will utilize the following clause as provided in 828.306.

INDEMNIFICATION AND INSURANCE (APR 1984)

(a) *Indemnification.* The contractor expressly agrees to indemnify and save the Government, its officers, agents, servants, and employees harmless from and against any and all claims, loss, damage, injury, and liability, however caused, resulting from, arising out of, or in any way connected with the performance of work under this agreement. Further, it is agreed that any negligence or alleged negligence of the Government, its officers, agents, servants, and employees, shall not be a bar to a claim for indemnification unless the act or omission of the Government, its officers, agents, servants, and employees is the sole, competent, and producing cause of such claims, loss, damage, injury, and liability. At the option of the contractor, and subject to the approval by the contracting officer of the sources, insurance coverage may be employed as guaranty of indemnification.

(b) *Insurance.* Satisfactory insurance coverage is a condition precedent to award of a contract. In general, a successful bidder must present satisfactory evidence of full compliance with State and local requirements, or those below stipulated, whichever are the greater. More specifically, workman's compensation and employer's liability coverage will conform to applicable State law requirements for the service contemplated, whereas general liability and automobile liability of comprehensive type, shall in the absence of higher statutory minimums, be required in the amounts per vehicle used of not less than \$200,000 per per-

son and \$500,000 per occurrence for bodily injury and \$20,000 per occurrence for property damage. State approved sources of insurance coverage ordinarily will be deemed acceptable to the Veterans' Administration installation, subject to timely certifications by such sources of the types and limits of the coverages afforded by the sources to the bidder. (In those instances where airplane service is to be used, substitute the word "aircraft" for "automobile" and "vehicle" and modify coverage to require aircraft public and passenger liability insurance of at least \$200,000 per passenger and \$500,000 per occurrence for bodily injury, other than passenger liability, and \$200,000 per occurrence for property damage. Coverage for passenger liability bodily injury shall be at least \$200,000 multiplied by the number of seats or passengers, whichever is greater.)

(End of clause)

(b) *Exceptions.* The provisions of this 852.237-71 do not apply to emergency or sporadic ambulance service authorized by VA Manual MP-1, Part II, Chapter 3: *Provided*, That such service is not used solely for the purpose of avoiding entering into a continuing contract. *Provided further*, That such services will be obtained from firms known to carry insurance coverage in accordance with State or local requirements.

870.113 Paid use of conference facilities.

(a) The rental of space for VA-sponsored symposia and training sessions may be unwarranted when other alternatives are available at no expense or reduced expense to the Government. After the geographical location for a VA conference has been selected, based on minimum overall travel costs for all Government participants and other rel-

evant factors, a request for conference space will be forwarded to the servicing Supply activity. The request for conference space should afford the contracting officer every opportunity to secure rent-free facilities.

(b) The following criteria for the selection of an appropriate facility will apply:

(1) A thorough effort will be made to schedule conferences and training sessions so that the conference facilities of VA installations in the city where the conference is held may be used.

(2) Where no VA space is available, the General Services Administration will be contacted to determine if there is other Government agency space which may be used.

(3) Efforts will be made to schedule conferences, where Government space is not available, through hotels and motels which offer free conference facilities in exchange for a stipulated number of lodging reservations for participants. Surcharges per lodging or increased room rates, to offset the cost of the conference room, shall be considered payment for such space.

(4) In the event none of these is available on the desired dates, consideration will be given to rescheduling the conference to avail VA of the use of facilities without payment of a fee.

(5) If none of the above is practical, rental conference space will be obtained. Complete documentation of efforts to secure free conference space, as outlined above, will be maintained in the purchase order file. The costs of coffee, refreshments, meals, lodging, tips and other supplies and services not directly related to the presentations within the conference space are not allowable.

products in the Department of Veterans Affairs.

870.114-2 Background.

Exposure to asbestos is associated with chronic and debilitating lung disease and cancer. To reduce the health hazard related to the exposure to asbestos, the U.S. Environmental Protection Agency and the U.S. Department of Labor (Occupational Safety and Health Administration) have issued specific regulations on asbestos. Although these regulations do not call for a complete ban on the use of asbestos, they do impose strict requirements on its use, airborne contamination and disposal.

870.114-3 Approving authority.

Asbestos products and equipment or materials containing asbestos products shall not be specified nor purchased for use in the Department of Veterans Affairs if any suitable substitutes are available. If suitable substitutes are not available, specific authorization to purchase and use asbestos products and equipment or materials specifying asbestos products, must be granted by the Secretary or designee. Requests for authorization will be submitted through the Director, Network Program Support (10NB). The following information will be provided:

(a) The name of the product, source of supply, and physical form of asbestos as used in the product or equipment;

(b) A description of use, including purpose, urgency, methodology, qualities, and by whom; and

(c) Safeguards being employed, with particular emphasis on the identification of the asbestos products, and procedures to be taken to prevent airborne contamination and disposal.

**Subpart 871.1—Loan Guaranty
Program**

871.100 Scope of subpart.

This subpart sets forth policy and procedure with respect to the loan guaranty and direct loan programs as it pertains to property management, including the acquisition, management, and disposition of property, real, personal, or mixed, which were secured by loans guaranteed, insured, or made pursuant to Title 38, United States Code.

871.101 Policy.

All acquisitions for the repair and maintenance of VA property acquired under 38 U.S.C. Chapter 37 shall be made in accordance with FAR Parts 14, 15, and 16; (VAAR) 48 CFR Parts 814, 815, and 816; and (VAAR) 48 CFR subpart 871.1.

(AUTHORITY: 10 U.S.C. ch. 106, 107, 1606; 38 U.S.C. 501, ch. 37; 40 U.S.C. 486(c))

[61 FR 20493, May 7, 1996]

871.102 Authorization for repairs to properties.

(a) Except as provided in this subpart, Directors, Loan Guaranty Officers, and Assistant Loan Guaranty Officers, VA Regional Offices, are authorized to approve a repair program for any Department of Veterans Affairs property acquired under Chapter 37, Title 38, United States Code, where the cost does not exceed \$25,000. A repair program means the aggregate amount of the proposed contracts which are contemplated in a property analysis by the Loan Guaranty activity.

(b) In those cases where the expenditure is known or estimated to exceed \$25,000, the request, together with the loan guaranty folder, will be forwarded to the Under Secretary for Benefits for approval.

(c) During the period when the Department of Veterans Affairs has assumed custody of the property from a holder and prior to its conveyance to the Department of Veterans Affairs pursuant to 38 CFR 36.4320, repairs are authorized not in excess of \$3,500 when appropriate to make the property ready for sale at an earlier date than would otherwise be possible if the repair program was delayed until such time as the Department of Veterans Affairs acquired absolute title. In those cases where the expenditure is known or estimated to exceed \$3,500, the request, together with the loan guaranty folder, will be forwarded to the Under Secretary for Benefits for approval.

(d) No repairs may be made to property by the holder when it has continued custody except for emergency repairs not in excess of \$500 unless adequate notice has been given the Director, VA Regional Office. Emergency repairs as applied in this paragraph will be deemed to mean those requiring immediate action to preserve the property from serious damage or to correct a situation imminently dangerous to life or limb, and includes the initial cleanup of the property in order to prevent the risk of damage by fire or vandalism.

(e) An approved management broker may be authorized, at the time a property is assigned, to incur expenses for fuel and utilities or other recurring items which are required to be furnished by the Department of Veterans Affairs to its tenants or are required in the maintenance of the property. Advance blanket authorizations to management brokers will be limited to repairs not in excess of \$500 in any transaction, (the management broker will either submit receipts with the invoice or maintain such receipts for inspection). Expenditures in excess of \$500 require prior approval of the Director, Regional Office, having jurisdiction of the property. Repair jobs may not be split to circumvent this restriction.

[49 FR 12641, Mar. 29, 1984, as amended at 55 FR 31600, Aug. 3, 1990; 61 FR 20493, 20494, May 7, 1996; 63 FR 69223, Dec. 16, 1998]

871.104 Qualification of bidders.

(a) Qualification of bidders shall be established in accordance with procedures outlined in FAR Subpart 9.1 and subpart 809.1 of this chapter.

(b) Management brokers are not considered acceptable bidders for repair contracts due to their close association on a fee basis with the Department of Veterans Affairs. This restriction would apply equally to any contracting firm in which the management broker has an interest and in which it could be presumed that such firm would have an advantage over the other bidders. This does not preclude the performance of work by management brokers of a routine recurring maintenance category or minor repairs by personnel employed directly on the payroll of the broker. In these cases, it must be established that any charges for such services are not in excess of the prevailing fees for like services in the area.

871.106 Lien waivers.

(a) Contracts in the amount of \$2,500 or more will contain a requirement that the contractor will sign a formal release in full or a lien waiver before payment may be made. The release or waiver will accompany the contractor's invoice.

(b) Contractors will be required to notify the Director, Regional Office, of any subcontractors for services or materials in excess of \$2,500. Such subcontractors will be required to sign the release or waiver jointly with the prime contractor or to execute release or waiver in the subcontractor's own name.

(c) Prior to any authorized partial payment the contractor will be required to execute a release or waiver.

(d) Due to the variations of local law, no standard release or waiver is prescribed. Each release or waiver will be prepared in accordance with local law and will be in form acceptable by the District Counsel.

[49FR 12641, Mar. 29, 1984, as amended at 61 FR 20494, May 7, 1996]

871.107 Stipulations against liens.

(a) Where determined necessary by the Director, Regional Office, contracts

in an amount less than \$2,500 may contain the following:

The contractor expressly waives any and all rights to file or maintain any mechanics lien or claim against the aforesaid premises.

(b) Contracts in the amount of \$2,500 or more where there is doubt as to the final responsibility of the contractor will provide maximum protection to the Government by including such requirements as are available under local law. Advice and approval of any contract stipulation or legal stipulations against liens will be obtained from the District Counsel.

Subpart 871.2—Vocational Rehabilitation and Counseling Program**871.200 Scope of subpart.**

This subpart establishes policy and procedures for the vocational rehabilitation and counseling program as it pertains to contracts for training and rehabilitation services, approval of institutions (including rehabilitation facilities), training establishments, and employers under 38 U.S.C. 871.206 Other fees and charges.

Fees and other charges which are not prescribed by law but are by non-governmental organizations, such as initiation fees required to become a member of a labor union and the dues necessary to maintain membership incidental to training on the job or to obtaining employment during a period in which the veteran is a Chapter 31 participant, may be paid provided there are no facilities feasibly available whereby the necessary training can be feasibly accomplished or employment obtained without paying such charges. (2) In those cases where the institution has not set a final date for enrolling for full credit or will not set a date acceptable to the Department of Veterans Affairs, payment may be prorated on the basis of attendance regardless of the refund policy.

(3) If an institution customarily charges for the amount of credit or number of hours of attendance for which a trainee enrolls, payment may be made on that basis when a trainee enrolls after the final date permitted for carrying full credit for the semester or term.

873.101 Policy.

The simplified acquisition procedures set forth in this Department of Veterans Affairs Acquisition Regulation (VAAR) part apply to the acquisition of health-care resources consisting of commercial services or the use of medical equipment or space. These procedures shall be used in conjunction with the Federal Acquisition Regulation (FAR) and other parts of VAAR. However, when a policy or procedure in FAR or another part of VAAR differs from the procedures contained in this part, this part shall take precedence. These procedures contain more flexibility than provided in FAR or elsewhere in VAAR.

Health-care providers includes health-care plans and insurers and any organizations, institutions, or other entities or individuals who furnish health-care resources.

Health-care resource includes hospital care and medical services (as those terms are defined in section 1701 of title 38 United States Code (U.S.C.), any other health-care service, and any health-care support or administrative resource, including the use of medical equipment or space.

873.104 Competition requirements.

(a) Without regard to FAR part 6, if the health-care resource required is a commercial service, the use of medical equipment or space, or research, and is to be acquired from an institution affiliated with the Department in accordance with section 7302 of title 38 U.S.C., including medical practice groups and other approved entities associated with affiliated institutions (entities will be approved if determined legally to be associated with affiliated institutions), or from blood banks, organ banks, or research centers, the resource may be acquired on a sole source basis.

(b) Acquisition of health-care resources identified in paragraph (a) of this section are not required to be publicized as otherwise required by 873.108 or FAR 5.101. In addition, written justification, as otherwise set forth in section 303(f) of the Federal Property and Administration Services Act of 1949 (41 U.S.C. 253(f)) and FAR part 6, is not required.

(c) Without regard to FAR 6.101, if the health-care resource required is a commercial service or the use of medical equipment or space, and is to be acquired from an entity not described in paragraph (a) of this section, contracting officers must seek competition to the maximum extent practicable and must permit all responsible sources, as appropriate under the provisions of this part, to submit a bid, proposal or quotation (as appropriate) for the resources to be procured and provide for the consideration by the Department of bids, proposals, or quotations so submitted.

(d) Without regard to FAR 5.101, acquisition of health-care resources identified in paragraph (c) of this section shall be publicized as otherwise required by 873.108. Moreover, for any such acquisition described in paragraph (c) of this section to be conducted on a sole source basis, the contracting officer must prepare a justification that

includes the information and is approved at the levels prescribed in section 303(f) of the Federal Property and Administration Services Act of 1949 (41 U.S.C. 253(f)) and FAR part 6.

873.105 Acquisition planning.

(a) Acquisition planning is an indispensable component of the total acquisition process.

(b) For the acquisition of health-care resources consisting of commercial services or the use of medical equipment or space, where the acquisition is expected to exceed the simplified acquisition threshold (SAT), an acquisition team must be assembled. The team shall be tailored by the contracting officer for each particular acquisition expected to exceed the SAT. The team should consist of a mix of staff, appropriate to the complexity of the acquisition, and may include contracting, fiscal, legal, administrative, and technical personnel, and such other expertise as necessary to assure a comprehensive acquisition plan. The team should include the small business advocate representing the contracting activity or a higher level designee and the SBA Procurement Center Representative (PRC), if available. As a minimum, the team must include the contracting officer and a representative of the requesting service.

(c) Prior to determining whether a requirement is suitable for acquisition using these simplified acquisition procedures, the contracting officer or the acquisition team, as appropriate, must conduct market research to identify interested businesses. It is the responsibility of the contracting officer to ensure the requirement is appropriately publicized and information about the procurement opportunity is adequately disseminated as set forth in 873.108.

(d) In lieu of the requirements of FAR part 7 addressing documentation of the acquisition plan, the contracting officer may conduct an acquisition strategy meeting with cognizant offices to seek approval for the proposed acquisition approach. If a meeting is conducted, briefing materials shall be presented to address the acquisition plan topics and structure in FAR 7.105. Formal written minutes shall be prepared to summarize decisions, actions,

and conclusions and included in the contract file, along with a copy of the briefing materials.

873.106 Presolicitation exchanges with industry.

(a) This section shall be used in lieu of FAR part 10, except as provided in paragraph (b)(3) of this section. In conducting market research, exchange of information by all interested parties involved in an acquisition, from the earliest identification of a requirement through release of the solicitation, is encouraged. Interested parties include potential offerors, end users, Government acquisition and support personnel, and others involved in the conduct or outcome of the acquisition. The nature and extent of presolicitation exchanges between the Government and industry shall be a matter of the contracting officer's discretion (for acquisitions not exceeding the simplified acquisition threshold) or the acquisition team's discretion, as coordinated by the contracting officer.

(b) Techniques to promote early exchange of information include—

(1) Industry or small business conferences;

(2) Public hearings;

(3) Market research in accordance with FAR 10.002(b), which shall be followed to the extent that the provisions therein would provide relevant information;

(4) One-on-one meetings with potential offerors;

(5) Presolicitation notices;

(6) Draft Requests for proposals (RFPs);

(7) Requests for information (RFIs);

(8) Presolicitation or preproposal conferences;

(9) Site visits;

(10) Electronic notices (*e.g.*, Internet); and

(11) Use of the Procurement Marketing and Access Network (PRO-NET).

873.107 Socioeconomic programs.

(a) *Implementation.* This section provides additional authority, over and above that found at FAR 19.502, to waive small business set-asides. For acquisitions above the micro-purchase threshold, if, through market research,

the contracting officer determines that there is reasonable expectation that reasonably priced bids, proposals, or quotations will be received from two or more responsible small businesses, a requirement for health-care resources must be reserved for small business participation. Without regard to FAR 13.003(b)(1), 19.502-2, and 19.502-3, the head of the contracting activity (HCA) may approve a waiver from the requirement for any set-aside for small business participation when a waiver is determined to be in the best interest of the Government.

(b) *Rejecting Small Business Administration (SBA) recommendations.* (1) The contracting officer (or, if a waiver has been approved in accordance with paragraph (a) of this section, the HCA) must consider and respond to a recommendation from an SBA representative to set a procurement aside for small business within 5 working days. If the recommendation is rejected by the contracting officer (or, if a waiver has been approved, by the HCA) and if SBA intends to appeal that determination, SBA must, within 2 working days after receipt of the determination, notify the contracting officer involved of SBA's intention to appeal.

(2) Upon receipt of the notification of SBA's intention to appeal and pending issuance of a final Department appeal decision to SBA, the contracting officer involved must suspend action on the acquisition unless a determination is made in writing by the contracting officer that proceeding to contract award and performance is in the public interest. The contracting officer must promptly notify SBA of the determination to proceed with the solicitation and/or contract award and must provide a copy of the written determination to SBA.

(3) SBA shall be allowed 10 working days after receiving the rejection notice from the contracting officer (or the HCA, if a waiver has been approved) for acquisitions not exceeding \$5 million, or 15 working days after receiving the rejection notice for acquisitions exceeding \$5 million, to file an appeal. SBA must notify the contracting officer within this 10 or 15 day period whether an appeal has, in fact, been taken. If notification is not re-

ceived by the contracting officer within the applicable period, it shall be deemed that an appeal was not taken.

(4) SBA shall submit appeals to the Secretary. Decisions shall be made by the Procurement Executive, whose decisions shall be final.

(c) *Contracting with the Small Business Administration (the 8(a) Program).* The procedures of FAR 19.8 shall be followed where a responsible 8(a) contractor has been identified.

(d) *Certificates of Competency and determinations of responsibility.* The Director, Office of Small and Disadvantaged Business Utilization (OSDBU), Department of Veterans Affairs (VA), and the Assistant Administrator, Office of Industrial Assistance, Small Business Administration (SBA), shall serve as ombudsmen to assist VA contracting officers on any issues relating to Certificates of Competency (COC). Copies of all COC referrals to SBA shall be submitted to the Director, OSDBU (00SB).

873.108 Publicizing contract actions.

(a) Without regard to FAR 5.101, all acquisitions under this part 873, except as provided in paragraph (b) of this section, for dollar amounts in excess of the simplified acquisition threshold (SAT), as set forth in FAR part 13, shall be publicly announced utilizing a medium designed to obtain competition to the maximum extent practicable and to permit all responsible sources, as appropriate under the provisions of this part, to submit a bid, proposal, or quotation (as appropriate).

(1) The publication medium may include the Internet, including the Governmentwide point of entry (GPE), and local, regional or national publications or journals, as appropriate, at the discretion of the contracting officer, depending on the complexity of the acquisition.

(2) Without regard to FAR 5.203, notice shall be published for a reasonable time prior to issuance of a request for quotations (RFQ) or a solicitation depending on the complexity or urgency of the acquisition, in order to afford potential offerors a reasonable opportunity to respond. If the notice includes a complete copy of the RFQ or

solicitation, a prior notice is not required, and the RFQ or solicitation shall be considered to be announced and issued at the same time.

(3) The notice may include contractor qualification parameters, such as time for delivery of service, credentialing or medical certification requirements, small business or other socio-economic preferences, the appropriate small business size standard, and such other qualifications as the contracting officer deems necessary to meet the needs of the Government.

(b) The requirement for public announcement does not apply to sole source acquisitions, described in 873.104(a), from institutions affiliated with the Department in accordance with section 7302 of title 38 U.S.C., including medical practice groups and other approved entities associated with affiliated institutions (entities will be approved if determined legally to be associated with affiliated institutions), or from blood banks, organ banks, or research centers. In addition, the requirement for public announcement does not apply to sole source acquisitions of hospital care and medical services (as those terms are defined in section 1701 of title 38 U.S.C.) or any other health-care services, including acquisitions for the mutual use or exchange of use of such services. However, as required by 38 U.S.C. 8153(a)(3)(D), acquisitions from non-affiliates, if conducted on a sole source basis, must still be justified and approved (see 873.104(d)).

(c) For acquisitions below the SAT, a public announcement is optional.

(d) Each solicitation issued under these procedures must prominently identify that the requirement is being solicited under the authority of 38 U.S.C. 8153 and part 873.

873.109 General requirements for acquisition of health-care resources.

(a) *Source selection authority.* Contracting officers shall be the source selection authority for acquisitions of health-care resources, consisting of commercial services or the use of medical equipment or space, utilizing the guidance contained in this part 873.

(b) *Statement of work/Specifications.* Statements of work or specifications must define the requirement and should, in most instances, include qualifications or limitations such as time limits for delivery of service, medical certification or credentialing restrictions, and small business or other socio-economic preferences. The contracting officer may include any other such terms as the contracting officer deems appropriate for each specific acquisition.

(c) *Documentation.* Without regard to FAR 13.106-3(b), 13.501(b), or 15.406-3, the contract file must include:

(1) A brief written description of the procedures used in awarding the contract;

(2) The market research, including the determination that the acquisition involves health-care resources;

(3) The number of offers received; and

(4) An explanation, tailored to the size and complexity of the acquisition, of the basis for the contract award decision.

(d) *Time for receipt of quotations or offers.* (1) Without regard to FAR 5.203, contracting officers shall set a reasonable time for receipt of quotations or proposals in requests for quotations (RFQs) and solicitations.

(2) Without regard to FAR 15.208 or 52.212-1(f), quotations or proposals received after the time set forth in an RFQ or request for proposals (RFP) may be considered at the discretion of the contracting officer if determined to be in the best interest of the Government. Contracting officers must document the rationale for accepting quotations or proposals received after the time specified in the RFQ or RFP. This paragraph (d)(2) shall not apply to RFQs or RFPs if alternative evaluation techniques described in 873.111(e)(1)(ii) are used. This paragraph (d)(2) does not apply to invitations for bid (IFBs).

(e) *Cancellation of procurements.* Without regard to FAR 14.404-1, any acquisition may be canceled by the contracting officer at any time during the acquisition process if cancellation is determined to be in the best interest of the Government.

873.110 Solicitation provisions.

(a) As provided in 873.109(d), contracting officers shall insert the provision at 852.273-70, Late offers, in all requests for quotations (RFQs) and requests for proposals (RFPs) exceeding the micro-purchase threshold.

(b) The contracting officer shall insert a provision in RFQs and solicitations, substantially the same as the provision at 852.273-71, Alternative negotiation techniques, when either of the alternative negotiation techniques described in 873.111(e)(1) will be used.

(c) The contracting officer shall insert the provision at 852.273-72, Alternative evaluation, in lieu of the provision at 52.212-2, Evaluation—Commercial Items, when the alternative negotiation technique described in 873.111(e)(1)(ii) will be used.

(d) When evaluation information, as described in 873.112, is to be used to select a contractor under an RFQ or RFP for health-care resources consisting of commercial services or the use of medical equipment or space, the contracting officer may insert the provision at 852.273-73, Evaluation—health-care resources, in the RFQ or RFP in lieu of FAR provision 52.212-2.

(e) As provided at 873.113(f), if award may be made without exchange with vendors, the contracting officer shall include the provision at 852.273-74, Award without exchanges, in the RFQ or RFP.

(f) The contracting officer shall insert the clauses at FAR 52.207-3, Right of First Refusal of Employment, and at 852.207-70, Report of employment under commercial activities, in all RFQs, solicitations, and contracts issued under the authority of 38 U.S.C. 8151-8153 which may result in a conversion, from in-house performance to contract performance, of work currently being performed by Department of Veterans Affairs employees.

873.111 Acquisition strategies for health-care resources.

Without regard to FAR 13.003 or 13.500(a), the following acquisition processes and techniques may be used, singly or in combination with others, as appropriate, to design acquisition strategies suitable for the complexity of the requirement and the amount of

resources available to conduct the acquisition. These strategies should be considered during acquisition planning. The contracting officer shall select the process most appropriate to the particular acquisition. There is no preference for sealed bid acquisitions.

(a) *Request for quotations.* (1) Without regard to FAR 6.1 or 6.2, contracting officers must solicit a sufficient number of sources to promote competition to the maximum extent practicable and to ensure that the purchase is advantageous to the Government, based, as appropriate, on either price alone or price and other factors (e.g., past performance and quality). RFQs must notify vendors of the basis upon which the award is to be made.

(2) For acquisitions in excess of the SAT, the procedures set forth in FAR part 13 concerning RFQs may be utilized without regard to the dollar thresholds contained therein.

(b) *Sealed bidding.* FAR part 14 provides procedures for sealed bidding.

(c) *Negotiated acquisitions.* The procedures of FAR parts 12, 13, and 15 shall be used for negotiated acquisitions, except as modified in this part.

(d) *Multiphase acquisition technique.* (1) *General.* Without regard to FAR 15.202, multiphase acquisitions may be appropriate when the submission of full proposals at the beginning of an acquisition would be burdensome for offerors to prepare and for Government personnel to evaluate. Using multiphase techniques, the Government may seek limited information initially, make one or more down-selects, and request a full proposal from an individual offeror or limited number of offerors. Provided that the notice notifies offerors, the contracting officer may limit the number of proposals during any phase to the number that will permit an efficient competition among proposals offering the greatest likelihood of award. The contracting officer may indicate in the notice an estimate of the greatest number of proposals that will be included in the down-select phase. The contracting officer may down-select to a single offeror.

(2) *First phase notice.* In the first phase, the Government shall publish a

notice (see 873.108) that solicits responses and that may provide, as appropriate, a general description of the scope or purpose of the acquisition and the criteria that will be used to make the initial down-select decision. The notice may also inform offerors of the evaluation criteria or process that will be used in subsequent down-select decisions. The notice must contain sufficient information to allow potential offerors to make an informed decision about whether to participate in the acquisition. The notice must advise offerors that failure to participate in the first phase will make them ineligible to participate in subsequent phases. The notice may be in the form of a synopsis in the Governmentwide point of entry (GPE) or a narrative letter or other appropriate method that contains the information required by this paragraph.

(3) *First phase responses.* Offerors shall submit the information requested in the notice described in paragraph (d)(2) of this section. Information sought in the first phase may be limited to a statement of qualifications and other appropriate information (e.g., proposed technical concept, past performance information, limited pricing information).

(4) *First phase evaluation and down-select.* The Government shall evaluate all offerors' submissions in accordance with the notice and make a down-select decision.

(5) *Subsequent phases.* Additional information shall be sought in the second phase so that a down-select can be performed or an award made without exchanges, if necessary. The contracting officer may conduct exchanges with remaining offeror(s), request proposal revisions, or request best and final offers, as determined necessary by the contracting officer, in order to make an award decision.

(6) *Debriefing.* Without regard to FAR 15.505, contracting officers must debrief offerors as required by 873.118 when they have been excluded from the competition.

(e) *Alternative negotiation techniques.* (1) Contracting officers may utilize alternative negotiation techniques for the acquisition of health-care resources. Alternative negotiation techniques

may be used when award will be based on either price or price and other factors. Alternative negotiation techniques include but are not limited to:

(i) Indicating to offerors a price, contract term or condition, commercially available feature, and/or requirement (beyond any requirement or target specified in the solicitation) that offerors will have to improve upon or meet, as appropriate, in order to remain competitive.

(ii) Posting offered prices electronically or otherwise (without disclosing the identity of the offerors) and permitting revisions of offers based on this information.

(2) Except as otherwise permitted by law, contracting officers shall not conduct acquisitions under this section in a manner that reveals the identities of offerors, releases proprietary information, or otherwise gives any offeror a competitive advantage (see FAR 3.104).

873.112 Evaluation information.

(a) Without regard to FAR 15.304 (except for 15.304(c)(1) and (c)(3), which do apply to acquisitions under this authority), the criteria, factors, or other evaluation information that apply to an acquisition, and their relative importance, are within the broad discretion of agency acquisition officials as long as the evaluation information is determined to be in the best interest of the Government.

(b) Price or cost to the Government must be evaluated in every source selection. Past performance shall be evaluated in source selections for negotiated competitive acquisitions exceeding the SAT unless the contracting officer documents that past performance is not an appropriate evaluation factor for the acquisition.

(c) The quality of the product or service may be addressed in source selection through consideration of information such as past compliance with solicitation requirements, technical excellence, management capability, personnel qualifications, and prior experience. The information required from quoters, bidders, or offerors shall be included in notices or solicitations, as appropriate.

(d) The relative importance of any evaluation information included in a solicitation must be set forth therein.

873.113 Exchanges with offerors.

(a) Without regard to FAR 15.201 or 15.306, negotiated acquisitions generally involve exchanges between the Government and competing offerors. Open exchanges support the goal of efficiency in Government by providing the Government with relevant information (in addition to that submitted in the offeror's initial proposal) needed to understand and evaluate the offeror's proposal. The nature and extent of exchanges between the Government and offerors is a matter of contracting officer judgment. Clarifications, communications, and discussions, as provided for in the FAR, are concepts not applicable to acquisitions under this part 873.

(b) Exchanges with potential offerors may take place throughout the source selection process. Exchanges may start in the planning stages and continue through contract award. Exchanges should occur most often with offerors determined to be in the best value pool (see 873.114). The purpose of exchanges is to ensure there is mutual understanding between the Government and the offerors on all aspects of the acquisition, including offerors' submittals/proposals. Information disclosed as a result of oral or written exchanges with an offeror may be considered in the evaluation of an offeror's proposal.

(c) Exchanges may be conducted, in part, to obtain information that explains or resolves ambiguities or other concerns (e.g., perceived errors, perceived omissions, or perceived deficiencies) in an offeror's proposal.

(d) Exchanges shall only be initiated if authorized by the contracting officer and need not be conducted with all offerors.

(e) *Improper exchanges.* Except for acquisitions based on alternative negotiation techniques contained in 873.111(e)(1), the contracting officer and other Government personnel involved in the acquisition shall not disclose information regarding one offeror's proposal to other offerors without consent of the offeror in accordance with FAR parts 3 and 24.

(f) Award may be made on initial proposals without exchanges if the solicitation states that the Government intends to evaluate proposals and make award without exchanges, unless the contracting officer determines that exchanges are considered necessary.

873.114 Best value pool.

(a) Without regard to FAR 15.306(c), the contracting officer may determine the most highly rated proposals having the greatest likelihood of award based on the information or factors and subfactors in the solicitation. These vendors constitute the best value pool. This determination is within the sole discretion of the contracting officer. Competitive range determinations, as provided for in the FAR, are not applicable to acquisitions under this part 873.

(b) In planning an acquisition, the contracting officer may determine that the number of proposals that would otherwise be included in the best value pool is expected to exceed the number at which an efficient, timely, and economical competition can be conducted. In reaching such a conclusion, the contracting officer may consider such factors as the results of market research, historical data from previous acquisitions for similar services, and the resources available to conduct the source selection. Provided the solicitation notifies offerors that the best value pool can be limited for purposes of making an efficient, timely, and economical award, the contracting officer may limit the number of proposals in the best value pool to the greatest number that will permit an efficient competition among the proposals offering the greatest likelihood of award. The contracting officer may indicate in the solicitation the estimate of the greatest number of proposals that will be included in the best value pool. The contracting officer may limit the best value pool to a single offeror.

(c) If the contracting officer determines that an offeror's proposal is no longer in the best value pool, the proposal shall no longer be considered for award. Written notice of this decision must be provided to unsuccessful offerors at the earliest practicable time.

873.115 Proposal revisions.

(a) Without regard to FAR 15.307, the contracting officer may request proposal revisions as often as needed during the proposal evaluation process at any time prior to award from vendors remaining in the best value pool. Proposal revisions shall be submitted in writing. The contracting officer may establish a common cutoff date for receipt of proposal revisions. Contracting officers may request best and final offers. In any case, contracting officers and acquisition team members must safeguard proposals, and revisions thereto, to avoid unfair dissemination of an offeror's proposal.

(b) If an offeror initially included in the best value pool is no longer considered to be among those most likely to receive award after submission of proposal revisions and subsequent evaluation thereof, the offeror may be eliminated from the best value pool without being afforded an opportunity to submit further proposal revisions.

(c) Requesting and/or receiving proposal revisions do not necessarily conclude exchanges. However, requests for proposal revisions should advise offerors that the Government may make award without obtaining further revisions.

873.116 Source selection decision.

(a) An integrated comparative assessment of proposals should be performed before source selection is made. The contracting officer shall independently determine which proposal(s) represents the best value, consistent with the evaluation information or factors and subfactors in the solicitation, and that the prices are fair and reasonable. The contracting officer may determine that all proposals should be rejected if it is in the best interest of the Government.

(b) The source selection team, or advisory boards or panels, may conduct comparative analysis(es) of proposals and make award recommendations, if the contracting officer requests such assistance.

(c) The source selection decision must be documented in accordance with FAR 15.308.

873.117 Award to successful offeror.

(a) The contracting officer shall award a contract to the successful offeror by furnishing the contract or other notice of the award to that offeror.

(b) If a request for proposal (RFP) process was used for the solicitation and if award is to be made without exchanges, the contracting officer may award a contract without obtaining the offeror's signature a second time. The offeror's signature on the offer constitutes the offeror's agreement to be bound by the offer. If a request for quotation (RFQ) process was used for the solicitation, and if the contracting officer determines there is a need to establish a binding contract prior to commencement of work, the contracting officer should obtain the offeror's acceptance signature on the contract to ensure formation of a binding contract.

(c) If the award document includes information that is different than the latest signed offer, both the offeror and the contracting officer must sign the contract award.

(d) When an award is made to an offeror for less than all of the items that may be awarded and additional items are being withheld for subsequent award, each notice shall state that the Government may make subsequent awards on those additional items within the offer acceptance period.

873.118 Debriefings.

Offerors excluded from a request for proposals (RFP) may submit a written request for a debriefing to the contracting officer. Without regard to FAR 15.505, preaward debriefings may be conducted by the contracting officer when determined to be in the best interest of the Government. Post-award debriefings shall be conducted in accordance with FAR 15.506.

The OMB control number for the collection of information under 48 CFR chapter 9 is 1910-4100, except for the following: Reporting and Record-keeping requirements for Make-or-Buy Plans (see 48 CFR 970.5215-2)—OMB

Subpart 901.3—Agency Acquisition Regulations

901.301-70 Other issuances related to acquisition.

In addition to the FAR and DEAR, there are other issuances which deal with acquisition. Among these are the Federal Property Management Regulations, the DOE Property Management Regulations, and DOE Directives.

Subpart 901.6—Contracting Authority and Responsibilities

901.601 General.

(a) Contracting authority vests in the Secretary of Energy. The Secretary has delegated this authority to the Procurement Executive. The Procurement Executive has re-delegated this authority to the Heads of Contracting Activities (HCA). These delegations are formal written delegations containing dollar limitations and conditions. Each HCA in turn makes formal contracting officer appointments within the contracting activity.

(b) The Procurement Executive has been authorized, without power of re-delegation, to perform the functions set forth at 48 CFR 1.601(b) regarding the assignment of contracting functions and responsibilities to another agency, and the creation of joint or combined offices with another agency to exercise acquisition functions and responsibilities.

The contracting officer shall also add paragraphs (h) and (i) or (g) and (h) if Alternate I of the FAR clause is used. Paragraph (h) defines “DOE” as meaning the United States Department of Energy, “FERC” as meaning the Federal Energy Regulatory Commission, and “NNSA” as meaning the National Nuclear Security Administration. Paragraph (i) identifies the Senior Procurement Executive, DOE, as the Director, Office of Procurement and Assistance Management; the Senior Procurement Executive, NNSA, as the Administrator for Nuclear Security, NNSA; and the Senior Procurement Executive, FERC, as the Chairman, Federal Energy Regulatory Commission.

Subpart 903.9—Whistleblower Protection for Contractor Employees

SOURCE: 81005, Dec. 22, 2000, unless otherwise noted.

903.901 Scope.

This subpart implements the DOE Contractor Employee Protection Program as set forth at 10 CFR part 708. Part 708 establishes criteria and procedures for the investigation, hearing, and review of allegations from DOE contractor employees of employer reprisal resulting from employee disclosure of information to DOE, to Members of Congress, or to the contractor; employee participation in proceedings before Congress or pursuant to this subpart; or employee refusal to engage in illegal or dangerous activities, when such disclosure, participation, or refusal pertains to employer practices

which the employee believes to be unsafe; to violate laws, rules, or regulations; or to involve fraud, mismanagement, waste, or abuse.

903.902 Definition.

Contractor, as used in this subpart, has the meaning contained in 10 CFR 708.2.

903.903 Applicability.

10 CFR part 708 is applicable to complaints of retaliation filed by employees of contractors, and subcontractors, performing work on behalf of DOE directly related to DOE-owned or leased facilities, if the complaint stems from a disclosure, participation, or refusal described in 10 CFR 708.5.

903.970 Remedies.

(a) Contractors found to have retaliated against an employee in reprisal for such disclosure, participation or refusal are required to provide relief in accordance with decisions issued under 10 CFR part 708.

(b) 10 CFR part 708 provides that for the purposes of the Contract Disputes Act (41 U.S.C. 605 and 606), a final decision issued pursuant to 10 CFR part 708 shall not be considered to be a claim by the Government against a contractor or a decision by the contracting officer subject to appeal. However, a contractor's disagreement and refusal to comply with a final decision could result in a contracting officer's decision to disallow certain costs or to terminate the contract for default. In such case, the contractor could file a claim under the Disputes clause of the contract regarding the disallowance of cost or the termination of the contract.

903.971 Contract clause.

The contracting officer shall insert the clause at 952.203-70, Whistleblower Protection for Contractor Employees, in contracts that involve work to be done on behalf of DOE directly related to activities at DOE-owned or leased sites.

Subpart 904.4—Safeguarding
Classified Information Within
Industry

904.401 Definitions.

Access Authorization means an administrative determination that an individual is eligible for access to classified information or is eligible for access to, or control over, special nuclear material.

Classified Information means information that is classified as Restricted Data or Formerly Restricted Data under the Atomic Energy Act of 1954, as amended, or information determined to require protection against unauthorized disclosure under Executive Order 12958, or prior Executive Orders, which is identified as National Security Information.

Facility Clearance means an administrative determination that a facility is eligible to access, produce, use or store classified information, or special nuclear material.

Restricted Data means all data concerning the design, manufacture, or utilization of atomic weapons; the production of special nuclear material; or the use of special nuclear material in the production of energy, but does not include data declassified or removed from the Restricted Data category pursuant to section 142 of the Atomic Energy Act of 1954, as amended (42 U.S.C. 2162).

[67 FR 14875, Mar. 28, 2002]

904.402 General.

(a) The basis of DOE's industrial security requirements is the Atomic Energy Act of 1954, as amended, and Executive Orders 12958 and 12829.

(b) DOE security regulations concerning restricted data are codified at 10 CFR part 1045.

[67 FR 14876, Mar. 28, 2002]

904.404 Solicitation provision and contract clause. [DOE Coverage—Paragraph (d)]

(d) The security clauses to be used in DOE contracts are found at 952.204. They are:

(1) *Security, 952.204-2.* This clause is required in contracts and subcontracts, the performance of which involves or is likely to involve classified information. DOE utilizes the National Industrial Security Program but DOE's security authority is derived from the Atomic Energy Act which contains specific language not found in other agencies' authorities. For this reason, DOE contracts must contain the clause at 952.204-2 rather than the clause at FAR 52.204-2.

(2) *Classification/Declassification, 952.204-70.* This clause is to be used in all contracts which involve classified information.

(3) *Sensitive foreign nation controls, 952.204-71.* This clause is required in unclassified research contracts which may involve making unclassified information about nuclear technology available to certain sensitive foreign nations. The contractor shall be provided at the time of award the listing of nations referenced in DOE N 142.1. (The attachment referred to in the clause shall set forth the applicable requirements of the DOE regulations on dissemination of unclassified published and unpublished technical information to foreign nations.)

(4) *Disclosure of information, 952.204-72.* This clause may be used in place of the clauses entitled "Security" and "Classification" in contracts with educational institutions for research work performed in their own institute facilities that are not likely to produce classified information.

(5) *Facility Clearance, 952.204-73.* This solicitation provision should be used in solicitations expected to result in contracts and subcontracts that require

Department of Energy

employees to possess access authorizations.

(a) The Head of the Contracting Activity shall ensure that necessary procedures and milestone schedules are established to meet the requirements of FAR 4.804-1, and that resources are applied to effect the earliest practicable deobligation of excess funds and the timely closeout of all contract files which are physically completed or otherwise eligible for closeout action.

(b) Quick closeout procedures for cost reimbursable and other than firm fixed price type contracts are covered under 48 CFR 42.708.

Subpart 904.70—Facility Clearance

904.7000 Purpose.

This subpart sets forth the Department of Energy policies and procedures regarding Facility Clearances for contractors and subcontractors that require access to classified information or special nuclear material. A Facility Clearance is based upon a determination that satisfactory safeguards and security measures are carried out for classified activities being performed at the facility and upon a favorable foreign ownership, control, or influence (FOCI) determination.

[67 FR 14876, Mar. 28, 2002]

904.7001 Applicability.

The provisions of this subpart shall apply to all offeror(s), contractors, and subcontractors who will or do have access to classified information or a significant quantity of special nuclear material as defined in 10 CFR part 710. In this subpart, the term “contractor” shall also mean subcontractor at any tier, the term “contract” shall also mean subcontract at any tier, and the term “special nuclear material” shall also mean significant quantity of special nuclear material as defined in 10 CFR part 710.

[49 FR 11941, Mar. 28, 1984, as amended at 59 FR 9104, Feb. 25, 1994]

904.7002 Definitions.

Contracting officer means the DOE contracting officer.

Facility Clearance means an administrative determination that a facility is eligible to access, produce, use, or store classified information, or special nuclear material.

Foreign interest means any of the following:

(1) Foreign government or foreign government agency or instrumentality thereof;

904.7003

(2) Any form of business enterprise organized under the laws of any country other than the United States or its possessions;

(3) Any form of business enterprise organized or incorporated under the laws of the U.S., or a State or other jurisdiction within the U.S. which is owned, controlled, or influenced by a foreign government, agency, firm, corporation, or person, or

(4) Any person who is not a U.S. citizen.

Foreign ownership, control, or influence means the situation where the degree of ownership, control, or influence over an offeror(s) or a contractor by a foreign interest is such that a reasonable basis exists for concluding that compromise of classified information or special nuclear material may possibly result.

[49 FR 11941, Mar. 28, 1984, as amended at 59 FR 9104, Feb. 25, 1994; 67 FR 14876, Mar. 28, 2002]

904.7003 Disclosure of foreign ownership, control, or influence.

(a) If a contract requires a contractor to have a Facility Clearance, DOE must determine whether the contractor is or may be subject to foreign ownership, control or influence before a contract can be awarded.

(b) If, during the performance of a contract, the contractor comes under FOCI, then the DOE must determine whether a continuation of the Facility Clearance may pose an undue risk to the common defense and security through the possible compromise of that information or material. If the DOE determines that such a threat or potential threat exists, the contracting officer shall consider the alternatives of negotiating an acceptable method of isolating the foreign interest which owns, controls, or influences the contractor or terminating the contract.

(c) It is essential for the DOE to obtain information about FOCI which is sufficient to help the Department determine whether award of a contract to a person or firm, or the continued performance of a contract by a person or firm, may pose undue risk to the common defense and security. Therefore, the provision specified at 952.204-73 shall be included in solicitations that

48 CFR Ch. 9 (10-1-03 Edition)

involve offeror(s) or contractors that are subject to 904.7001.

(d) The contracting officer shall not award or extend any contract subject to this subpart, exercise any options under a contract, modify any contracts subject to this subpart, or approve or consent to a subcontract subject to this subpart unless:

(1) The contractor provides the information required by the solicitation provision at 48 CFR 952.204-73, and

(2) The contracting officer has made a positive determination in accordance with 48 CFR 904.7004.

[49 FR 11941, Mar. 28, 1984, as amended at 59 FR 9104, Feb. 25, 1994; 62 FR 42073, Aug. 5, 1997; 67 FR 14876, Mar. 28, 2002]

904.7004 Findings, determination, and contract award or termination.

(a) Based on the information disclosed by the offeror(s) or contractor, and after consulting with the DOE Office of Safeguards and Security, the contracting officer must determine that award of a contract to an offeror(s) or continued performance of a contract by a contractor will not pose an undue risk to the common defense and security. The contracting officer need not prepare a separate finding and determination addressing FOCI; however, the memorandum of negotiation shall include a discussion of the applicability of this subpart and the resulting determination.

(b) In those cases where FOCI does exist, and the DOE determines that an undue risk to the common defense and security may exist, the offeror(s) or contractor shall be requested to propose within a prescribed period of time a plan of action to avoid or mitigate the foreign influences by isolation of the foreign interest.

(c) The types of plans that a contractor can propose are: measures which provide for physical or organizational separation of the facility or organizational component containing the classified information or special nuclear material; modification or termination of agreements with foreign interests; diversification or reduction of foreign source income; assignment of specific security duties and responsibilities to board members or special executive level committees; or any other

actions to negate or reduce FOCI to acceptable levels. The plan of action may vary with the type of foreign interest involved, degree of ownership, and information involved so that each plan must be negotiated on a case by case basis. If the offeror(s) or contractor and the DOE cannot negotiate a plan of action that isolates the offeror(s) or contractor from FOCI satisfactory to the DOE, then the offeror(s) shall not be considered for contract award and affected existing contracts with a contractor shall be terminated.

Subpart 904.71—Prohibition on Contracting (National Security Program Contracts)

SOURCE: 58 FR 59684, Nov. 10, 1993, unless otherwise noted.

904.7100 Scope of subpart.

This subpart implements section 836 of the Fiscal Year 1993 Defense Authorization Act (Pub. L. 102-484) which prohibits the award of a Department of Energy contract under the national security program to an entity controlled by a foreign government if it is necessary for that entity to be given access to information in a proscribed category of information in order to perform the contract.

[58 FR 59684, Nov. 10, 1993, as amended at 67 FR 14876, Mar. 28, 2002]

904.7101 Definitions.

Effectively owned or controlled means that a foreign government or an entity controlled by a foreign government has the power, either directly or indirectly, whether exercised or exercisable, to control or influence the election or appointment of the Offeror's officers, directors, partners, regents, trustees, or a majority of the Offeror's board of directors by any means, e.g., ownership, contract, or operation of law.

Entity controlled by a foreign government means any domestic or foreign organization or corporation that is effectively owned or controlled by a foreign government or any individual acting on behalf of a foreign government. See 925.7 for a statement of the prohibition.

Foreign government means any governing body organized and existing under the laws of any country other than the United States and its possessions and trust territories and any agent or instrumentality of that government.

Proscribed information means—

- (1) Top Secret information;
- (2) Communications Security (COMSEC) information, except classified keys used to operate secure telephone units (STU IIIs);
- (3) Restricted Data, as defined in the Atomic Energy Act of 1954, as amended;
- (4) Special Access Program (SAP) information; or,
- (5) Sensitive Compartmented Information (SCI).

904.7102 Waiver by the Secretary.

(a) 10 U.S.C. 2536(b)(1)(A) allows the Secretary of Energy to waive the prohibition on the award of contracts set forth in 10 U.S.C. 2536(a) if the Secretary determines that a waiver is essential to the national security interests of the United States. Any request for a waiver regarding award of a contract or execution of a novation agreement shall address:

- (1) Identification of the proposed awardee and description of the control by a foreign government;
- (2) Description of the procurement and performance requirements;
- (3) Description of why a waiver is essential to the national security interests of the United States;
- (4) The availability of other entities to perform the work; and
- (5) A description of alternate means available to satisfy the requirement.

(b) 10 U.S.C. 2536(b)(1)(B) allows the Secretary of Energy to waive the prohibition on the award of contracts set forth in 10 U.S.C. 2536(a) for environmental restoration, remediation or waste management contracts at a DOE facility if the Secretary determines that a waiver will advance the environmental restoration, remediation or waste management objectives of DOE; will not harm the national security interests of the United States; and may be authorized because the entity to which the contract is to be awarded is controlled by a foreign government

with which the Secretary is authorized to exchange Restricted Data under Section 144.c. of the Atomic Energy Act of 1954 (42 U.S.C. 2164(c)). Any request for such a waiver regarding award of a contract or execution of a novation agreement shall address:

(1) Identification of the proposed awardee and description of the control by a foreign government;

(2) Description of the procurement and performance requirements;

(3) A description of how the Department's environmental restoration, remediation, or waste management objectives will be advanced;

(4) A description of why a waiver will not harm the national security interests of the United States;

A copy of the activity's request to GSA for a waiver shall be forwarded to the Director, Office of Property Management, within the Headquarters procurement organization. The purchase price for sedans and station wagons, shall not exceed any statutory limitation in effect at the time the acquisition is

All such documentation will be reviewed by this official and a determination made as to conformance with applicable annual forecasts and pertinent public laws and their implementations. (See DOE-PMR 41 CFR 109-38.13.)

(b) Sedans, station wagons, and light trucks requisitioned according to an approved forecast, but not contracted for by GSA until the subsequent fiscal year, will be included in the acquisition plan for the miles-per-gallon criteria of the year in which GSA signs the purchase contract along with the new vehicles planned for acquisition that year.

DOE offices and authorized contractors may rent post office boxes on an

annual basis, or for shorter periods by quarters, where necessary. Payments for annual rentals are to be made in advance at the beginning of the fiscal year, and for periods of less than a year, either in advance for the whole period or at the beginning of each quarter in which the box is to be used.

908.7119-908.7120 [Reserved]**908.7121 Special materials.**

This section covers the purchase of materials peculiar to the DOE program. While purchases of these materials are unclassified, the specific quantities, destination or use may be classified. See appropriate sections of the Classification Guide. Contracting activities shall require authorized contractors to obtain the special materials identified in the following subsections in accordance with the procedures stated therein.

(a) *Heavy water.* The Senior Program Official or designee controls the acquisition and production of heavy water for a given program. Request for orders shall be placed directly with the cognizant Senior Program Official or designee.

(b) *Precious metals.* The DOE Oak Ridge Operations Office is responsible for maintaining the DOE supply of precious metals. These metals are platinum, palladium, iridium, osmium, rhodium, ruthenium, gold and silver. The DOE Oak Ridge Operations Office has assigned management of these metals to Martin Marietta Energy Systems, Inc., MS8207, P.O. Box 2009, Oak Ridge, TN 37831. DOE offices and authorized contractors shall coordinate with the operating contractor regarding the availability of the above metals prior to the purchase of these metals on the open market.

(c) *Lithium.* Lithium is available at no cost other than normal packing, handling, and shipping charges from Oak Ridge. The excess quantities at Oak Ridge are to be considered as the first source of supply prior to procurement of lithium compounds from any other source.

Subpart 909.1—Responsible Prospective Contractors**909.104-1 General Standards.**

(h) For solicitations for contract work subject to the provisions of 10 CFR part 707, Workplace Substance Abuse Programs at DOE sites, the prospective contractor must agree, in accordance with 48 CFR 970.5223-3., Agreement Regarding Workplace Substance Abuse Programs at DOE Sites, to provide the contracting officer with its written workplace substance abuse program in order to be determined responsible and, thus, eligible to receive the contract award.

909.104-3 Application of standards. (DOE coverage-paragraph (e))

(e) DOE may select an entity which was newly created to perform the prospective contract, including, but not limited to, a joint venture or other similarly binding corporate partnership. In such instances when making the determination of responsibility pursuant to 48 CFR 9.103, the contracting officer may evaluate the financial resources of other entities only to the extent that those entities are legally bound, jointly and severally if more than one, by means of a performance guarantee or other equivalent enforceable commitment to supply the necessary resources to the prospective contractor and to assume all contractual obligations of the prospective contractor. The guaranteeing corporate entity(ies) must be found to have sufficient resources in order to satisfy its guarantee.

Subpart 909.4—Debarment, Suspension, and Ineligibility

SOURCE: 61 FR 39857, July 31, 1996, unless otherwise noted.

909.400 Scope of subpart.

This subpart—

(a) Prescribes policies and procedures governing the debarment and suspension of organizations and individuals from participating in Department of Energy (DOE) contracts, procurement sales contracts, and real property purchase agreements, and from participating in DOE approved subcontracts and subagreements.

(b) Sets forth the causes, procedures, and requirements for determining the scope, duration, and effect of DOE debarment and suspension actions; and

(c) Implements and supplements FAR subpart 9.4 with respect to the exclusion of organizations and individuals from procurement contracting and Government approved subcontracting.

909.401 Applicability.

The provisions of this subpart apply to all procurement debarment and suspension actions initiated by DOE on or after the effective date of this subpart.

Nonprocurement debarment and suspension rules are codified in 10 CFR part 1036.

909.403 Definitions.

In addition to the definitions set forth at FAR 9.403, the following definitions apply to this subpart:

Debarring Official. The Debarring Official for both DOE and NNSA is the Director, Office of Procurement and Assistance Management, DOE, or designee.

Suspending Official. The Suspending Official for both DOE and NNSA is the Director, Office of Procurement and Assistance Management, DOE, or designee.

[67 FR 14871, Mar. 28, 2002]

909.406 Debarment.**909.406-2 Causes for debarment. (DOE coverage—paragraphs (c) and (d))**

(c) The Debarring Official may debar a contractor for any other cause of so serious or compelling a nature that it affects the present responsibility of a DOE contractor. Such cause may include but is not limited to:

(1) Commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a private contract or subcontract; and

(2) Inexcusable, prolonged, or repeated failure to pay a debt (including disallowed costs and overpayments) owed to DOE, provided the contractor has been notified of the determination of indebtedness, and further provided that the time for initiating any administrative or legal action to oppose or appeal the determination of indebtedness has expired or that such action, if initiated, has been concluded.

(d) The Debarring Official may debar a contractor:

(1) On the basis that an individual or organization is an affiliate of a debarred contractor, subject to the requirements of FAR 9.406-1(b) and 9.406-3(c);

(2) For failure to observe the material provisions of a voluntary exclusion (see 10 CFR 1036.315 for discussion of voluntary exclusion).

909.406-3 Procedures. (DOE coverage—paragraphs (a), (b) and (d))

(a) *Investigation and referral.* (1) Offices responsible for the award and administration of contracts are responsible for reporting to both the Deputy Assistant Secretary for Procurement and Assistance Management and the DOE Inspector General information about possible fraud, waste, abuse, or other wrongdoing which may constitute or contribute to a cause(s) for debarment under this subpart. Circumstances that involve possible criminal or fraudulent activities must be reported to the Office of the Inspector General in accordance with 10 CFR part 1010, Conduct of Employees, §1010.217(b), Cooperation with the Inspector General.

(2) At a minimum, referrals for consideration of debarment action should be in writing and should include the following information:

- (i) The recommendation and rationale for the referral;
- (ii) A statement of facts;
- (iii) Copies of documentary evidence and a list of all witnesses, including addresses and telephone numbers, together with a statement concerning their availability to appear at a fact-finding proceeding and the subject matter of their testimony;
- (iv) A list of parties including the contractor, principals, and affiliates (including last known home and business addresses, zip codes and DUNS Number);
- (v) DOE's acquisition history with the contractor, including recent experience under contracts and copies of pertinent contracts;
- (vi) A list of any known active or potential criminal investigations, criminal or civil proceedings, or administrative claims before the Board of Contract Appeals; and
- (vii) A statement regarding the impact of the debarment action on DOE programs. This statement is not required for referrals by the Inspector General.

(3) Referrals may be returned to the originator for further information or development.

(b) *Decisionmaking process.* Contractors proposed for debarment shall be afforded an opportunity to submit in-

formation and argument in opposition to the proposed debarment.

(1) In actions based upon a conviction or civil judgment, or in which there is no genuine dispute over material facts, the Debarring Official shall make a decision on the basis of all the information in the administrative record, including any submissions made by the contractor. If the respondent fails to submit a timely written response to a notice of proposed debarment, the Debarring Official shall notify the respondent in accordance with FAR 9.406-3(e) that the contractor is debarred.

(2) In actions not based upon a conviction or civil judgment, the contractor may request a fact-finding hearing to resolve a genuine dispute of material fact. In its request, the contractor must identify the material facts in dispute and the basis for disputing the facts. If the Debarring Official determines that there is a genuine dispute of material fact, the Debarring Official shall refer the matter to the Energy Board of Contract Appeals for a fact-finding conference.

(3) *Meeting.* Upon receipt of a timely request therefor from a contractor proposed for debarment, the Debarring Official shall schedule a meeting between the Debarring Official and the respondent, to be held no later than 30 days from the date the request is received. The Debarring Official may postpone the date of the meeting if the respondent requests a postponement in writing. At the meeting, the respondent, appearing personally or through an attorney or other authorized representative, may present and explain evidence that causes for debarment do not exist, evidence of any mitigating factors, and arguments concerning the imposition, scope, or duration of a proposed debarment or debarment.

(4) *Fact-finding conference.* The purpose of a fact-finding conference under this section is to provide the respondent an opportunity to dispute material facts through the submission of oral and written evidence; resolve facts in dispute; and provide the Debarring Official with findings of fact based, as applicable, on adequate evidence or on a preponderance of the evidence. The

fact-finding conference shall be conducted in accordance with rules consistent with FAR 9.406-3(b) promulgated by the Energy Board of Contract Appeals. The Energy Board of Contract Appeals will notify the affected parties of the schedule for the hearing. The Energy Board of Contract Appeals shall deliver written findings of fact to the Debarring Official (together with a transcription of the proceeding, if made) within a certain time period after the hearing record closes, as specified in the Energy Board of Contract Appeals Rules. The findings shall resolve any disputes over material facts based upon a preponderance of the evidence, if the case involves a proposal to debar, or on adequate evidence, if the case involves a suspension. Since convictions or civil judgments generally establish the cause for debarment by a preponderance of the evidence, there usually is no genuine dispute over a material fact that would warrant a fact-finding conference for those proposed debarments based on convictions or civil judgments.

(d) *Debarring Official's decision.* (4) The Debarring Official's final decision shall be based on the administrative record. In those actions where additional proceedings are necessary as to disputed material facts, written findings of fact shall be prepared and included in the final decision. In those cases where the contractor has requested and received a fact-finding conference, the written findings of fact shall be those findings prepared by the Energy Board of Contract Appeals. Findings of fact shall be final and conclusive unless within 15 days of receipt of the findings, the Department or the respondent requests reconsideration, as provided in the Board's Rules, or unless set aside by a court of competent jurisdiction. The Energy Board of Contract Appeals shall be provided a copy of the Debarring Official's final decision.

909.406-6 Requests for reconsideration of debarment.

(a) At any time during a period of debarment, a respondent may submit to the Debarring or Suspending Official a written request for reconsideration of the scope, duration, or effects of the suspension/debarment action because

of new information or changed circumstances, as discussed at FAR 9.406-4(c).

(b) In reviewing a request for reconsideration, the Debarring or Suspending Official may, in his or her discretion, utilize any of the procedures (meeting and fact-finding) set forth in 48 CFR (DEAR) 909.406-3 and 909.407-3. The Debarring or Suspending Official's final disposition of the reconsideration request shall be in writing and shall set forth the reasons why the request has been granted or denied. A notice transmitting a copy of the disposition of the request for reconsideration shall be sent to the respondent and, if a fact-finding conference under 48 CFR (DEAR) 909.406-3(b)(4) is pending (as in the case of a request for reconsideration of a suspension, where the proposed debarment is the subject of a fact-finding conference), a copy of the disposition shall be transmitted to the Energy Board of Contract Appeals.

909.407-2 Causes for suspension. (DOE coverage—paragraph (d))

(d) The Suspending Official may suspend an organization or individual:

(1) Indicted for or suspected, upon adequate evidence, of the causes described in 48 CFR (DEAR) 909.406-2(c)(1).

(2) On the basis of the causes set forth in 48 CFR (DEAR) 909.406-2(d)(2).

(3) On the basis that an organization or individual is an affiliate of a suspended or debarred contractor.

909.407-3 Procedures. (DOE coverage—paragraphs (b) and (e))

(b) Decisionmaking process.

(1) In actions based on an indictment, the Suspending Official shall make a decision based upon the administrative record, which shall include submissions made by the contractor in accordance with 48 CFR (DEAR) 909.406-3(b)(1) and 909.406-3(b)(3).

(2) For actions not based on an indictment, the procedures in 48 CFR (DEAR) 909.406-3(b)(2) and FAR 9.407-3(b)(2) apply.

(3) Coordination with Department of Justice. Whenever a meeting or fact-finding conference is requested, the

Suspending Official's legal representative shall obtain the advice of appropriate Department of Justice officials concerning the impact disclosure of evidence at the meeting or fact-finding conference could have on any pending civil or criminal investigation or legal proceeding. If such Department of Justice official requests in writing that evidence needed to establish the existence of a cause for suspension not be disclosed to the respondent, the Suspending Official shall:

(i) Decline to rely on such evidence and withdraw (without prejudice) the suspension or proposed debarment until such time as disclosure of the evidence is authorized; or

(ii) Deny the request for a meeting or fact-finding and base the suspension decision solely upon the information in the administrative record, including any submission made by the respondent.

(e) Notice of suspending official's decision. In actions in which additional proceedings have been held, following such proceedings, the Suspending Official shall notify respondent, as applicable, in accordance with paragraphs (e)(1) or (e)(2) of this section.

(1) Upon deciding to sustain a suspension, the Suspending Official shall promptly send each affected respondent a notice containing the following information:

(i) A reference to the notice of suspension, the meeting and the fact-finding conference;

(ii) The Suspending Official's findings of fact and conclusions of law;

(iii) The reasons for sustaining a suspension;

(iv) A reference to the Suspending Official's waiver authority under 48 CFR (DEAR) 909.405;

(v) A statement that the suspension is effective throughout the Executive Branch as provided in FAR 9.407-1(d);

(vi) Modifications, if any, of the initial terms of the suspension;

(vii) A statement that a copy of the suspension notice was sent to GSA and that the respondent's name and address will be added to the GSA List; and

(viii) If less than an entire organization is suspended, specification of the organizational element(s) or indi-

vidual(s) included within the scope of the suspension.

(2) If the Suspending Official decides to terminate a suspension, the Suspending Official shall promptly send, by certified mail, return receipt requested, each affected respondent a copy of the final decision required under this section.

Subpart 909.5—Organizational and Consultant Conflicts of Interest

909.503 Waiver.

Heads of Contracting Activities are delegated the authorities in 48 CFR (FAR) 9.503 regarding the waiver of OCI requirements.

909.504 Contracting Officer's Responsibility. (DOE coverage-paragraphs (d) and (e)).

(d) The contracting officer shall evaluate the statement by the apparent successful offeror or, where individual contracts are negotiated with all firms in the competitive range, all such firms for interests relating to a potential organizational conflict of interest in the performance of the proposed contract. Using that information and any other credible information, the contracting officer shall make written determination of whether those interests create an actual or significant potential organizational conflict of interest and identify any actions that may be taken to avoid, neutralize, or mitigate such conflict. In fulfilling their responsibilities for identifying and resolving potential conflicts, contracting officers should avoid creating unnecessary delays, burdensome information requirements, and excessive documentation.

(e) The contracting officer shall award the contract to the apparent successful offeror unless a conflict of interest is determined to exist that cannot be avoided, neutralized, or mitigated. Before determining to withhold award based on organizational conflict

of interest considerations, the contracting officer shall notify the offeror, provide the reasons therefor, and allow the offeror a reasonable opportunity to respond. If the conflict of interest cannot be avoided, neutralized, or mitigated to the contracting officer's satisfaction, the contracting officer may disqualify the offeror from award and undertake the disclosure, evaluation, and determination process with the firm next in line for award. If the contracting officer finds that it is in the best interest of the United States to award the contract notwithstanding a conflict of interest, a request for waiver shall be submitted in accordance with 48 CFR 909.503. The waiver request and decisions shall be included in the contract file.

909.507 Solicitation provisions and contract clause.

909.507-1 Solicitation provisions. (DOE coverage-paragraph (e)).

(e) The contracting officer shall insert the provision at 48 CFR 952.209-8, Organizational Conflicts of Interest Disclosure-Advisory and Assistance Services, in solicitations for advisory and assistance services expected to exceed the simplified acquisition threshold. In individual procurements, the Head of the Contracting Activity may increase the period subject to disclosure in 952.209-8 (c)(1) up to 36 months.

909.507-2 Contract Clause.

(a)(1) The contracting officer shall insert the clause at 48 CFR 952.209-72, Organizational Conflicts of Interest, in each solicitation and contract for advisory and assistance services expected to exceed the simplified acquisition threshold.

(2) Contracting officers may make appropriate modifications where necessary to address the potential for organizational conflicts of interest in individual contracts. Contracting officers shall determine the appropriate term of the bar of paragraph (b)(1)(i) of the clause at 48 CFR 952.209-72 and enter that term in the blank provided. In the usual case of a contract for advisory and assistance services a period of three, four, or five years is appropriate; however, in individual cases the con-

tracting officer may insert a term of greater or lesser duration.

(3) The contracting officer shall include Alternate I with the clause in instances in which a meaningful amount of subcontracting for advisory and assistance services is expected.

(b) Contracts, which are not subject to part 970 but provide for the operation of a DOE site or facility or environmental remediation of a specific DOE site or sites, shall contain the organizational conflict of interest clause at 48 CFR 952.209-72. The organizational conflicts of interest clause in such contracts shall include Alternate I to that clause.

911.600 Scope of subpart.

This subpart implements and supplements FAR Subpart 11.6, Priorities and Allocations, and implements the regulations and procedures of the Defense Priorities and Allocations System (DPAS) in solicitations and contracts in support of authorized national defense programs and those energy programs which maximize domestic energy supplies. (See 15 CFR part 700).

911.602 General.

(d) Programs which maximize domestic energy supplies are eligible for priorities and allocations support depending on an executive decision made on a case-by-case basis. Eligibility is pursuant to section 104(a) of the Energy Conservation and Policy Act, Pub. L. 94-163, which added a new section 101(c) to the Defense Production Act. Guidance

is provided by 10 CFR part 216 and Department of Energy publication DOE/MA-0192, "Priorities and Allocations Support for Energy: Keeping Energy Programs on Schedule," dated August 1985. Rated orders placed in support of authorized energy programs are equivalent to orders placed in support of authorized defense programs under the DPAS and receive the same preferential treatment throughout the industrial supply chain.

(e) The Heads of Contracting Activities shall ensure that members of their staffs and contractors under their jurisdiction are advised of the provisions of the DPAS regulation and that the related procedures are followed to ensure adherence to the regulation throughout the industrial supply chain. Under DPAS, it is mandatory that the priority rating be extended through the industrial chain from supplier to supplier.

(b) The contracting officer shall insert the clause at 952.211-71, Priorities and Allocations (Atomic Energy) in contracts that are placed in support of authorized DOE atomic energy programs.

(c) The use of the provisions at 952.211-70 and the clause at 952.211-71 is

optional for industrial delivery orders of \$5,000 or less.

(d) The contracting officer shall insert the provision at 952.211-70, Priorities and Allocations (Domestic Energy Supplies), with its Alternate I, in solicitations that may result in the placement of rated orders for authorized energy programs, and in solicitations for all management and operating contracts.

(e) The contracting officer shall insert the clause at 952.211-71, Priorities and Allocations (Domestic Energy Supplies), with its Alternate I, if it is believed the contract involves a program the purpose of which is to maximize domestic energy supplies, and in all management and operating contracts.

Subpart 915.2—Solicitation and Receipt of Proposals and Information

915.200 Scope of subpart.

FAR 15.2 is not applicable to Program Opportunity Notices (See 48 CFR 917.72) or Program Research and Development Announcements (See 48 CFR 917.73).

915.201 Exchanges with industry before receipt of proposals. (DOE coverage—paragraph (e)).

(e) Approval for the use of solicitations for information or planning purposes shall be obtained from the Head of the Contracting Activity.

915.207-70 Handling of proposals during evaluation.

(a) Proposals furnished to the Government are to be used for evaluation purposes only. Disclosure outside the Government for evaluation is permitted only to the extent authorized by, and in accordance with, the procedures in this subsection.

(b) While the Government's limited use of proposals does not require that the proposal bear a restrictive notice, proposers should, if they desire to

maximize protection of their trade secrets or confidential or privileged commercial and financial information contained in them, apply the restrictive notice prescribed in paragraph (e) of the provision at 48 CFR 52.215-1 to such information. In any event, information contained in proposals will be protected to the extent permitted by law, but the Government assumes no liability for the use or disclosure of information (data) not made subject to such notice in accordance with paragraph (e) of the provision at 48 CFR 52.215-1.

(c) If proposals are received with more restrictive conditions than those in paragraph (e) of the provision at 48 CFR 52.215-1, the contracting officer or coordinating officer shall inquire whether the submitter is willing to accept the conditions of paragraph (e). If the submitter does not, the contracting officer or coordinating officer shall, after consultation with counsel, either return the proposal or accept it as marked. Contracting officers shall not exclude from consideration any proposals merely because they contain an authorized or agreed to notice, nor shall they be prejudiced by such notice.

(d) Release of proposal information (data) before decision as to the award of a contract, or the transfer of valuable and sensitive information between competing offerors during the competitive phase of the acquisition process, would seriously disrupt the Government's decision-making process and undermine the integrity of the competitive acquisition process, thus adversely affecting the Government's ability to solicit competitive proposals and award a contract which would best meet the Government's needs and serve the public interest. Therefore, to the extent permitted by law, none of the information (data) contained in proposals, except as authorized in this subsection, is to be disclosed outside the Government before the Government's decision as to the award of a contract. In the event an outside evaluation is to be obtained, it shall be only to the extent authorized by, and in accordance with the procedures of, this subsection.

(e)(1) In order to maintain the integrity of the procurement process and to assure that the propriety of proposals

will be respected, contracting officers shall assure that the following notice is affixed to each solicited proposal prior to distribution for evaluation:

GOVERNMENT NOTICE FOR HANDLING
PROPOSALS

This proposal shall be used and disclosed for evaluation purposes only, and a copy of this Government notice shall be applied to any reproduction or abstract thereof. Any authorized restrictive notices which the submitter places on this proposal shall also be strictly complied with. Disclosure of this proposal outside the Government for evaluation purposes shall be made only to the extent authorized by, and in accordance with, the procedures in DEAR subsection 915.207-70.

(End of notice)

(2) The notice at FAR 15.609(d) for unsolicited proposals shall be affixed to a cover sheet attached to each such proposal upon receipt by DOE. Use of the notice neither alters any obligation of the Government, nor diminishes any rights in the Government to use or disclose data or information.

(f)(1) Normally, evaluations of proposals shall be performed only by employees of the Department of Energy. As used in this section, "proposals" includes the offers in response to requests for proposals, sealed bids, program opportunity announcements, program research and development announcements, or any other method of solicitation where the review of proposals or bids is to be performed by other than peer review. In certain cases, in order to gain necessary expertise, employees of other agencies may be used in instances in which they will be available and committed during the period of evaluation. Evaluators or advisors who are not Federal employees, including employees of DOE management and operating contractors, may be used where necessary. Where such non-Federal employees are used as evaluators, they may only participate as members of technical evaluation committees. They may not serve as members of the Source Evaluation Board or equivalent board or committee.

(2)(i) Pursuant to section 6002 of Pub. L. 103-355, a determination is required for every competitive procurement as

to whether sufficient DOE personnel with the necessary training and capabilities are available to evaluate the proposals that will be received. This determination, discussed at FAR 37.204, shall be made in the memorandum appointing the technical evaluation committee by the Source Selection Official, in the case of Source Evaluation Board procurements, or by the Contracting Officer in all other procurements.

(ii) Where it is determined such qualified personnel are not available within DOE but are available from other Federal agencies, a determination to that effect shall be made by the same officials in the same memorandum. Should such qualified personnel not be available, a determination to use non-Federal evaluators or advisors must be made in accordance with paragraph (f)(3) of this subsection.

(3) The decision to employ non-Federal evaluators or advisors, including employees of DOE management and operating contractors, in Source Evaluation Board procurements must be made by the Source Selection Official with the concurrence of the Head of the Contracting Activity. In all other procurements, the decision shall be made by the senior program official or designee with the concurrence of the Head of the Contracting Activity. In a case where multiple solicitations are part of a single program and would call for the same resources for evaluation, a class determination to use non-Federal evaluators may be made by the DOE Procurement Executive.

(4) Where such non-Federal evaluators or advisors are to be used, the solicitation shall contain a provision informing prospective offerors that non-Federal personnel may be used in the evaluation of proposals.

(5) The nondisclosure agreement as it appears in paragraph (f)(6) of this subsection shall be signed before DOE furnishes a copy of the proposal to non-Federal evaluators or advisors, and care should be taken that the required handling notice described in paragraph (e) of this subsection is affixed to a cover sheet attached to the proposal before it is disclosed to the evaluator or advisor. In all instances, such per-

sons will be required to comply with nondisclosure of information requirements and requirements involving Procurement Integrity, see FAR 3.104; with requirements to prevent the potential for personal conflicts of interest; or, where a non-Federal evaluator or advisor is acquired under a contract with an entity other than the individual, with requirements to prevent the potential for organizational conflicts of interest.

(6) Non-Federal evaluators or advisors shall be required to sign the following agreement prior to having access to any proposal:

NONDISCLOSURE AGREEMENT

Whenever DOE furnishes a proposal for evaluation, I, the recipient, agree to use the information contained in the proposal only for DOE evaluation purposes and to treat the information obtained in confidence. This requirement for confidential treatment does not apply to information obtained from any source, including the proposer, without restriction. Any notice or restriction placed on the proposal by either DOE or the originator of the proposal shall be conspicuously affixed to any reproduction or abstract thereof and its provisions strictly complied with. Upon completion of the evaluation, it is agreed all copies of the proposal and abstracts, if any, shall be returned to the DOE office which initially furnished the proposal for evaluation. Unless authorized by the Contracting Officer, I agree that I shall not contact the originator of the proposal concerning any aspect of its elements.

Recipient: _____

Date: _____

(End of Agreement)

(g) The submitter of any proposal shall be provided notice adequate to afford an opportunity to take appropriate action before release of any information (data) contained therein pursuant to a request under the Freedom of Information Act (5 U.S.C. 552); and, time permitting, the submitter should be consulted to obtain assistance in determining the eligibility of the information (data) in question as an exemption under the Act. (See also 48 CFR 24.2, Freedom of Information Act.)

Subpart 915.3—Source Selection**915.305 Proposal evaluation. (DOE coverage—paragraph (d))**

(d) Personnel from DOE, other Government agencies, consultants, and contractors, including those who manage or operate Government-owned facilities, may be used in the evaluation process as evaluators or advisors when their services are necessary and available. When personnel outside the Government, including those of contractors who operate or manage Government-owned facilities, are to be used as evaluators or advisors, approval and nondisclosure procedures as required by 48 CFR (DEAR) 915.207-70 shall be followed and a notice of the use of non-Federal evaluators shall be included in the solicitation. In all instances, such personnel will be required to comply with DOE conflict of interest and nondisclosure requirements.

Subpart 915.4—Contract Pricing**915.404-2 Information to support proposal analysis. (DOE coverage—paragraphs (a), (c) and (e))**

(a)(1) Field pricing assistance as discussed in FAR 15.404-2(a) is not required for the negotiation of DOE contract prices or modifications thereof. The term “field pricing assistance” refers to the Department of Defense (DOD) system for obtaining a price and/or cost analysis report from a cognizant DOD field level contract management office wherein requests for the review of a proposal submitted by an offeror are initiated and the recommendations made by the various specialists of the management office are consolidated into a single report that is forwarded to the office making the contract award for use in conducting negotiations. In the DOE, such review activities, except for reviews performed by professional auditors, are expected to be accomplished by pricing support personnel located in DOE Contracting Activities. The DOE contracting officer shall formally request the assistance of appropriate pricing support personnel, other than auditors, for the review of any proposal that exceeds \$500,000, unless the contracting officer has sufficient data to determine

the reasonableness of the proposed cost or price. Such pricing support may be requested for proposals below \$500,000, if considered necessary for the establishment of a reasonable pricing arrangement. Contracting officers, however, are not precluded by this section from requesting pricing assistance from a cognizant DOD contract management office, provided an appropriate cross-servicing arrangement for pricing support services exists between the DOE and the servicing agency.

(c)(1) When an audit is required pursuant to 48 CFR 915.404-2-70, “Audit as an aid in proposal analysis,” the request for audit shall be sent directly to the Federal audit office assigned cognizance of the offeror or prospective contractor. When the cognizant agency is other than the Defense Contract Audit Agency or the Department of Health and Human Services, and an appropriate interagency agreement has not been established, the need for audit assistance shall be coordinated with the Office of Policy, within the Headquarters procurement organization.

(2) The request for audit shall establish the due date for receipt of the auditor’s report and in so doing shall allow as much time as possible for the auditor’s review.

(e)(6) Copies of technical analysis reports prepared by DOE technical or other pricing support personnel shall not normally be provided to the auditor. The contracting officer or the supporting price, cost, or financial analyst at the contracting activity shall determine the monetary impact of the technical findings.

915.404-2-70 Audit as an aid in proposal analysis.

(a) When a contract price will be based on cost or pricing data submitted by the offerors, the DOE contracting officer or authorized representative shall request a review by the cognizant Federal audit activity prior to the negotiation of any contract or modification including modifications under advertised contracts in excess of:

(1) \$500,000 for a firm fixed-price contract or a fixed-price contract with economic price adjustment provisions; or adjustment provisions; or

(2) \$1,000,000 for all other contract types, including initial prices, estimated costs of cost-reimbursement contracts, interim and final price redeterminations, and target and settlement of incentive contracts.

(b) The requirement for auditor reviews of proposals which exceed the thresholds specified in paragraph (a) of this section may be waived at a level above the contracting officer when the reasonableness of the negotiated contract price can be determined from information already available. The contract file shall be documented to reflect the reason for any such waiver, provided, however, that independent Government estimates of cost or price shall not be used as the sole justification for any such waiver.

915.404-4 Profit. (DOE coverage— paragraphs (c) and (d))

(c)(4)(i) *Contracting officer responsibilities.* The statutory limitations on profit and fees as set forth in FAR 15.404-4(c)(4)(i) shall be followed, except as exempted for DOE architect-engineer contracts covering Atomic Energy Commission (AEC) and Bonneville Power Administration (BPA) functions. Pursuant to section 602(d) (13) and (20) of the Federal Property and Administration Services Act of 1949, as amended, those former AEC functions, as well as those of the BPA, now being performed by DOE are exempt from the 6 percent of cost restriction on contracts for architect-engineer services. The estimated costs on which the maximum fee is computed shall include facilities capital cost of money when this cost is included in cost estimates.

(c)(6) In cases where a change or modification calls for substantially different work than the basic contract, the contractor's effort may be radically changed and a detailed analysis of the profit factors would be a necessity. Also, if the dollar amount of the change or contract modification is very significant in comparison to the contract dollar amount, a detailed analysis should be made.

(d) *Profit-analysis factors.* A profit/fee analysis technique designed for a systematic application of the profit factors in FAR 15.404-4(d) provides contracting officers with an approach that

will ensure consistent consideration of the relative value of the various factors in the establishment of a profit objective and the conduct of negotiations for a contract award. It also provides a basis for documentation of this objective, including an explanation of any significant departure from it in reaching a final agreement. The contracting officer's analysis of these prescribed factors is based on information available prior to negotiations. Such information is furnished in proposals, audit data, performance reports, preaward surveys and the like.

915.404-4-70 DOE structured profit and fee system.

This section implements FAR 15.404-4(b) and (d).

915.404-4-70-1 General.

(a) *Objective.* It is the intent of DOE to remunerate contractors for financial and other risks which they may assume, resources they use, and organization, performance and management capabilities they employ. Profit or fee shall be negotiated for this purpose; however, when profit or fee is determined as a separate element of the contract price, the aim of negotiation should be to fit it to the acquisition, giving due weight to effort, risk, facilities investment, and special factors as set forth in this subpart.

(b) *Commercial (profit) organization.* Profit or fee prenegotiation objectives for contracts with commercial (profit) organizations shall be determined as provided in this subpart.

(c) *Nonprofit organizations.* It is DOE's general policy to pay fees in contracts with nonprofit organizations other than educational institutions and governmental bodies; however, it is a matter of negotiation whether a fee will be paid in a given case. In making this decision, the DOE negotiating official should consider whether the contractor is ordinarily paid fees for the type of work involved. The profit objective should be reasonable in relation to the task to be performed and the requirements placed on the contractor.

(d) *Educational institutions.* It is DOE policy not to pay fees under contracts with educational institutions.

(e) *State, local and Indian tribal governments.* Profit or fee shall not be paid under contracts with State, local, and Indian tribal Governments.

915.404-70-2 Weighted guidelines system.

(a) To properly reflect differences among contracts and the circumstances relating thereto and to select an appropriate relative profit/fee in consideration of these differences and circumstances, weightings have been developed for application by the contracting officer to standard measurement bases representative of the prescribed profit factors cited in FAR 15.404-4(d) and paragraph (d) of this section. This is a structured system, referred to as weighted guidelines. Each profit factor or subfactor, or component thereof, has been assigned weights relative to their value to the contract's overall effort. The range of weights to be applied to each profit factor is also set forth in paragraph (d) of this section. Guidance on how to apply the

weighted guidelines is set forth in 48 CFR 915.404-4-70-8.

(b) Except as set forth in 48 CFR 915.404-4-70-4, the weighted guidelines shall be used in establishing the profit objective for negotiation of contracts where cost analysis is performed.

(c) The negotiation process does not contemplate or require agreement on either estimated cost elements or profit elements. Accordingly, although the details of analysis and evaluation may be discussed in the fact-finding phase of the negotiation process in order to develop a mutual understanding of the logic of the respective positions, specific agreement on the exact weights of values of the individual profit factors is not required and need not be attempted.

(d) The factors set forth in the following table are to be used in determining DOE profit objectives. The factors and weight ranges for each factor shall be used in all instances where the weighted guidelines are applied.

Profit factors	Weight ranges (percent)
I. Contractor Effort (Weights applied to cost):	
A. Material acquisitions:	
1. Purchased parts	1 to 3.
2. Subcontracted items	1 to 4.
3. Other materials	1 to 3.
B. Labor skills:	
1. Technical and managerial:	
a. Scientific	10 to 20.
b. Project management/administration	8 to 20.
c. Engineering	8 to 14.
2. Manufacturing	4 to 8.
3. Support services	4 to 14.
C. Overhead:	
1. Technical and managerial	5 to 8.
2. Manufacturing	3 to 6.
3. Support services	3 to 7.
D. Other direct costs	3 to 8.
E. G&A (General Management) expenses	5 to 7.
II. Contract Risk (type of contract-weights applied to total cost of items IA thru E)	0 to 8.
III. Capital Investment (Weights applied to the net book value of allocable facilities)	5 to 20.
IV. Independent Research and Development:	
A. Investment in IR&D program (Weights applied to allocable IR&D costs)	5 to 7.
B. Developed items employed (Weights applied to total of profit \$ for items IA thru E)	0 to 20.
V. Special Program Participation (Weights applied to total of Profit \$ for items IA thru E)	-5 to +5.
VI. Other Considerations (Weights applied to total of Profits \$ for items 1A thru E)	-5 to +5.
VII. Productivity/Performance (special computation)	(N/A).

915.404-4-70-3 Documentation.

Determination of the profit or fee objective, in accordance with this subpart shall be fully documented. Since the profit objective is the contracting officer's pre-negotiation evaluation of a

total profit allowance for the proposed contract, the amounts developed for each category of cost will probably change in the course of negotiation. Furthermore, the negotiated amounts will probably vary from the objective

and from the pre-negotiation detailed application of the weighted guidelines technique to each element of the contractor's input to total performance. Since the profit objective is viewed as a whole rather than as its component parts, insignificant variations from the pre-negotiation profit objective, as a result of changes to the contractor's input to total performance, need not be documented in detail. Conversely, significant deviations from the profit objective necessary to reach a final agreement on profit or fee shall be explained in the price negotiation memorandum prepared in accordance with FAR 15.406-3.

915.404-4-70-4 Exceptions.

(a) For contracts not expected to exceed \$500,000, the weighted guidelines need not be used; however, the contracting officer may use the weighted guidelines for contracts below this amount if he or she elects to do so.

(b) For the following classes of contracts, the weighted guidelines shall not be used:

- (1) Commercialization and demonstration type contracts;
- (2) Management and operating contracts;
- (3) Construction contracts;
- (4) Construction management contracts;
- (5) Contracts primarily requiring delivery of material supplied by subcontractors;
- (6) Termination settlements; and
- (7) Contracts with educational institutions.

(c) In addition to paragraphs (a) and (b) of this section, the contracting officer need not use the weighted guidelines in unusual pricing situations where the weighted guidelines method has been determined by the DOE negotiating official to be unsuitable. Such exceptions shall be justified in writing and shall be authorized by the Head of the Contracting Activity. The contract file shall include this documentation and any other information that may support the exception.

(d) If the contracting officer makes a written determination that the pricing situation meets any of the circumstances set forth in this section, other methods for establishing the

profit objective may be used. For contracts other than those subject to 48 CFR 917.6, the selected method shall be supported in a manner similar to that used in the weighted guidelines (profit factor breakdown and documentation of profit objectives); however, investment or other factors that would not be applicable to the contract shall be excluded from the profit objective determination. It is intended that the methods will result in profit objectives for noncapital intensive contracts that are below those generally developed for capital intensive contracts.

915.404-4-70-5 Special considerations—contracts with nonprofit organizations (other than educational institutions).

(a) For purposes of identification, nonprofit organizations are defined as those business entities organized and operated exclusively for charitable, scientific, or educational purposes, of which no part of the net earnings inure to the benefit of any private shareholder or individual, of which no substantial part of the activities is attempting to influence legislation or participating in any political campaign on behalf of any candidate for public office, and which are exempt from Federal income taxation under section 501 of the Internal Revenue Code.

(b) In computing the amount of profit or fee to be paid, the DOE negotiating official shall take into account the tax benefits received by a nonprofit organization. While it is difficult to establish the degree to which a remuneration under any given contract contributes to an organization's overall net profit, the DOE negotiating official should assume that there is an element of profit in any amount to be paid.

(c) In order to assure consideration of the tax posture of nonprofit organizations during a profit or fee negotiation, the DOE negotiating official shall calculate the fee as for a contract with a commercial concern and then reduce it at least 25 percent. However, depending on the circumstances, the contracting officer may pay profit or fees somewhere between this amount and the appropriate profit or fee as if it were a commercial concern. When this is the

case, the contract file shall be documented to specifically state the reason or reasons.

(d) Where a contract with a nonprofit organization is for the operation of Government-owned facilities, the fee should be calculated using the procedures and schedules applicable to operating contracts as set forth in 48 CFR part 970.

915.404-4-70-6 Contracts with educational institutions.

In certain situations the DOE may contract with a university to manage or operate Government-owned laboratories. These efforts are generally apart from, and not in conjunction with, their other activities, and the complexity and magnitude of the work are not normally found in standard university research or study contracts. Such operating contracts are subject to the applicable provisions set forth in 48 CFR part 970.

915.404-4-70-7 Alternative techniques.

(a) Profit or fees to be paid on construction contracts and construction management contracts shall be determined in accordance with the applicable profit/fee technique for such contracts set forth in 48 CFR 915.404-4-71.

(b) Profit and fee to be paid on contracts under \$500,000, not using the weighted guidelines, shall be judgmentally developed by the contracting officer by assigning individual dollar amounts to the factors appropriate to DOE profit considerations discussed in 48 CFR 915.404-4-70-2(d).

(c) Contracts which require only delivery or furnishing of goods or services supplied by subcontractors shall include a fee or profit which, in the best judgment of the contracting officer, is appropriate. It would be expected that there would be a declining relationship of profit/fee dollars in relation to total costs. The higher the cost of subcontracts, for example, the lower the profit/fee ratio to these costs.

(d) Profit/Fee considerations in termination settlements are often a question of equity. They are a matter of negotiation. They should not, however, exceed what would have otherwise been payable under weighted guidelines had the termination not occurred.

915.404-4-70-8 Weighted guidelines application considerations.

The Department has developed internal procedures to aid the contracting officer in the application of weighted guidelines and to assure a reasonable degree of uniformity across the Department.

915.404-4-71 Profit and fee-system for construction and construction management contracts.

915.404-4-71-1 General.

(a) Business concerns awarded a DOE construction or construction management contract shall be paid a profit or fee if requested or solicited. The profit or fee objective for a construction or construction management contract shall be an amount appropriate for the type of effort contained therein. It is the intent of DOE to

(1) Reward contractors based on the complexity of work,

(2) Reward contractors who demonstrate and establish excellent records of performance and

(3) Reward contractors who contribute their own resources, including facilities and investment of capital.

(b) Standard fees or across-the-board agreements will not be used or made. Profit or fee objectives are to be determined for each contract according to the effort or task contracted for thereunder.

(c) Profit or fee payable on fixed-price and cost-reimbursable construction or construction management contracts shall be established in accordance with the appropriate procedures and schedules set forth in this subpart.

915.404-4-71-2 Limitations.

Amounts payable under construction and construction management contracts shall not exceed amounts derived from the schedules established for this purpose. Requests to pay fees in excess of these levels shall be forwarded to the Procurement Executive for review and approval.

915.404-4-71-3 Factors for determining fees.

(a) The profit policy stated in 48 CFR 915.404-4-71-1(a) reflects, in a broad

sense, recognition that profit is compensation to contractors for the entrepreneurial function of organizing and managing resources (including capital resources), and the assumption of risk that all costs of performance (operating and capital) may not be reimbursable.

(b) The best approach calls for a structure that allows judgmental evaluation and determination of fee dollars for prescribed factors which impact the need for, and the rewards associated with, fee or profit, as follows.

(1) Management risk relating to performance, including the

(i) Quality and diversity of principal work tasks required to do the job,

(ii) Labor intensity of the job,

(iii) Special control problems, and

(iv) Advance planning, forecasting and other such requirements;

(2) The presence or absence of financial risk, including the type and terms of the contract;

(3) The relative difficulty of work, including consideration of technical and administrative knowledge, skill, experience and clarity of technical specifications;

(4) Degree and amount of contract work required to be performed by and with the contractor's own resources, including the extent to which the contractor contributes plant, equipment, computers, or working capital (labor, etc.);

(5) Duration of project;

(6) Size of operation;

(7) Benefits which may accrue to the contractor from gaining experience and know-how, from establishing or enhancing a reputation, or from being enabled to hold or expand a staff whose loyalties are primarily to the contractor; and

(8) Other special considerations, including support of Government programs such as those relating to small, small disadvantaged, and women-owned small business in subcontracting, energy conservation, etc.

(c) The total fee objective and amount for a particular negotiation is established by judgmental considerations of the factors in paragraph (b) of this section, assigning fee values as deemed appropriate for each factor and totaling the resulting amounts.

(d) In recognition of the complexities of this process, and to assist in promoting a reasonable degree of consistency and uniformity in its application, fee schedules have been developed which set forth maximum fee amounts that contracting activities are allowed to negotiate for a particular transaction without obtaining prior approval of the Procurement Executive. In addition, the fee negotiation objective established in accordance with 48 CFR 915.404-4-71-3(a), (b), and (c) shall not exceed the applicable fee schedule amounts without prior approval of the Procurement Executive. To facilitate application to a contract, the fee amounts are related to the total cost base which is defined as total operating and capital costs.

915.404-4-71-4 Considerations affecting fee amounts.

(a) In selecting final fee amounts for the various factors in 48 CFR 915.404-4-71-3 of this section, the DOE negotiating official will have to make several judgments as discussed in this subsection.

(b) Complexity of a construction project shall be considered by analysis of its major parts. For a project which includes items of work of different degrees of complexity, a single average classification should be considered, or the work should be divided into separate classifications. The following class identifications are appropriate for proper fee determinations.

(1) *Class A*—Manufacturing plants involving operations requiring a high degree of design layout or process control; nuclear reactors; atomic particle accelerators; complex laboratories or industrial units especially designed for handling radioactive materials.

(2) *Class B*—Normal manufacturing processes and assembly operations such as ore dressing, metal working plant and simple processing plants; power plants and accessory switching and transformer stations; water treatment plants; sewage disposal plants; hospitals; and ordinary laboratories.

(3) *Class C*—Permanent administrative and general service buildings, permanent housing, roads, railroads, grading, sewers, storm drains, and water and power distribution systems.

(4) *Class D*—Construction camps and facilities and other construction of a temporary nature.

(c) Normal management elements of principal tasks relating to a construction contract cover several categories of tasks with differing rates of application throughout the construction period. The principal elements of management effort are outlined in this paragraph. Although each project has a total management value equal to 100% for all elements, the distribution of effort among the various elements will be different for each project due to differences in project character or size. The basic management elements and the normal range of efforts expected to apply for a normal sized project are as follows. When the normally expected effort will not be performed by a contractor, this fact should be considered in arriving at appropriate fee amounts.

Management elements	Effort range	
	Min-imum	Max-imum
I. <i>Broad project planning.</i> Overall project planning and scheduling, establishment of key project organization and consultation with the A-E and DOE. Performed by highest level of contractor's officers, technical personnel and project manager	15	25
II. <i>Field planning.</i> Mobilization and demobilization of top field organization from the contractor's existing organization and from other sources as necessary. Detailed project planning and scheduling for construction of facilities. Performed by the project manager and top field professional staff	18	28
III. <i>Labor supervision.</i> Direct supervision of manual employees. Performed by contractor's subprofessional staff, such as superintendents and foremen (some salaried and some hourly rate). This includes the contractor's personnel to coordinate and expedite the work of Subcontractors	12	16
IV. <i>Acquisition and subcontracting.</i> Acquisition of other than special equipment. Selection of subcontractors and execution and administration of subcontracts. Performed by contractor's staff under supervision and direction of elements I and II	12	16
V. <i>Labor relations and recruitment (manual).</i> Performed by the contractor's staff under supervision and direction of elements I, II and III. This includes demobilization of work forces	7	11

Management elements	Effort range	
	Min-imum	Max-imum
VI. <i>Recruitment of supervisory staff.</i> Staffing required to supplement the organization under elements I and II, and demobilization during completion of the project. (d) Fee considerations dealing with the duration of a project are usually provided by the consideration given to the degree of complexity and magnitude of the work. In only very unusual circumstances should it be necessary to separately weight, positively or negatively, for the period of services or length of time involved in the project when determining fee levels.

(e) The size of the operation is to a considerable degree a continuation of the complexity factor, and the degree and amount of work required to be performed by and with the contractor's own resources. Generally, no separate weighting, positively or negatively, is required for consideration of those factors.

(f) The degree and amount of work required to be performed by and with the contractor's own resources affect the level of fees. Reasonable fees should be based on expectations of complete construction services normally associated with a construction or construction management contract. In the case of a construction contract, reduced services can be in the form of excessive subcontracting or supporting acquisition actions and labor relations interfaces being made by the government. If an unusual amount of such work is performed by other than the contractor, it will be necessary to

make downward adjustments in the fee levels to provide for the reduction in services required.

(g) The type of contract to be negotiated and the anticipated contractor cost risk shall be considered in establishing the appropriate fee objective for the contract.

(h) When a contract calls for the contractor to use its own resources, including facilities and equipment, and to make its own cost investment (i.e., when there is no letter-of-credit financing), a positive impact on the fee amount shall be reflected.

915.404-4-71-5 Fee schedules.

(a) The schedules included in this paragraph, adjusted in accordance with provisions of this section and 48 CFR 915.404-4-71-6, provide maximum fee levels for construction and construction management contracts. The fees are related to the estimated cost (fee base) for the construction work and services to be performed. The schedule in paragraph (d) of this section sets forth the basic fee schedule for construction contracts. The schedule in paragraph (f) of this section sets forth the basic fee schedule for construction management contracts. A separate schedule in paragraph (h) of this section has been developed for determining the fee applicable to special equipment purchases and to reflect a differing level of fee consideration associated with the subcontractor effort under construction management contracts. (See 48 CFR 915.404-4-71-6(c) and 915.404-4-71-6(d)).

(b) The schedules cited in paragraph (a) of this section provide the maximum fee amount for a CPFF contract arrangement. If a fixed-price type contract is to be awarded, the fee amount set forth in the fee schedules shall be increased by an amount not to exceed 4 percent of the fee base.

(c) The fee schedule shown in paragraphs (d) and (f) of this section assumes a letter of credit financing arrangement. If a contract provides for or requires the contractor to make their own cost investment for contract performance (i.e., when there is no letter-of-credit financing), the fee amounts set forth in the fee schedules shall be increased by an amount equal

to 5 percent of the fee amount as determined from the schedules.

(d) The following schedule sets forth the base for construction contracts:

CONSTRUCTION CONTRACTS SCHEDULE

Fee base (dollars)	Fee (dollars)	Fee (per cent)	Incr. (per cent)
Up to \$1 Million	5.47
1,000,000	54,700	5.47	3.88
3,000,000	132,374	4.41	3.28
5,000,000	198,014	3.96	2.87
10,000,000	341,328	3.41	2.60
15,000,000	471,514	3.14	2.20
25,000,000	691,408	2.77	1.95
40,000,000	984,600	2.46	1.73
60,000,000	1,330,304	2.22	1.56
80,000,000	1,643,188	2.05	1.41
100,000,000	1,924,346	1.92	1.26
150,000,000	2,552,302	1.70	1.09
200,000,000	3,094,926	1.55	0.80

400,000,000	4,581,672	1.15	0.57
500,000,000	5,148,364	1.03
Over \$500 Million	5,148,364	0.57

(e) When using the Construction Contracts Schedule for establishing maximum payable basic fees, the following adjustments shall be made to the Schedule fee amounts for complexity levels, excessive subcontracting, normal contractor services performed by the government or another contractor:

(1) The target fee amounts, set forth in the fee schedule, shall not be adjusted for a Class A project, which is maximum complexity. A Class B project requires a 10 percent reduction in amounts. Class C and D projects require a 20 percent and 30 percent reduction, respectively. The various classes are defined in 48 CFR 915.404-4-71-4(b).

(2) The target fee schedule provides for 45 percent of the contract work to be subcontracted for such things as electrical and other specialties. Excessive subcontracting results when such efforts exceed 45 percent of the total contract work. To establish appropriate fee reductions for excessive subcontracting, the negotiating official should first determine the amount of subcontracting as a percentage of the total contract work. Next, the negotiating official should determine a percentage by which the prime contractor's normal requirement (based on a requirement for doing work with its

Department of Energy

915.404-4-71-6

own forces) is reduced due to the excessive subcontracting and, finally, multiply the two percentages to determine a fee reduction factor.

(3) If acquisition or other services normally expected of the contractor (see 48 CFR 915.404-4-71-4(c)) are performed by the government, or another DOE prime or operating contractor, a fee reduction may also be required. The negotiating official should first determine what percentage of the total procurement or other required services is performed by others. Then the negotiating official should apply this percentage reduction to the normally assigned weightings for the management services or effort as discussed in 48 CFR 915.404-4-71-4(c) to arrive at the appropriate reduction factor.

(f) The following schedule sets forth the base for construction management contracts:

CONSTRUCTION MANAGEMENT CONTRACTS SCHEDULE

Fee base (dollars)	Fee (dollars)	Fee (per cent)	Incr. (per cent)
Up to \$1 Million	5.47
1,000,000	54,700	5.47	3.88
3,000,000	132,374	4.41	3.28
5,000,000	198,014	3.96	2.87

500,000,000	5,148,364	1.03
Over \$500 Million	5,148,364	0.57

(g) When applying the basic Construction Management Contracts Schedule for determining maximum payable fees, no adjustments are necessary to such payable fees for contractor Force account labor used for work which should otherwise be subcontracted until such Force account work exceeds, in the aggregate, 20 percent of the base. Excessive use of Force account work results when such effort exceeds 20 percent of the fee base; and, when this occurs, appropriate fee reductions for such excessive Force account labor shall be computed as follows:

(1) Determine the percentage amount of Force account work to total contractor effort.

(2) Determine the percentage amount of subcontract work reduced due to the use of Force account work.

(3) Multiply the two percentages to determine the fee reduction factor. It is not expected that reductions in the Construction Management Contracts Schedule fee amounts will be made for complexity, reduced requirements and similar adjustments as made for construction contracts.

(h) The schedule of fees for consideration of special equipment purchases and for consideration of the subcontract program under a construction management contract is as follows:

SPECIAL EQUIPMENT PURCHASES/SUBCONTRACT WORK SCHEDULE

Fee base (dollars)	Fee (dollars)	Fee (per cent)	Incr. (per cent)

915.404-4-71-6 Fee base.

(a) The fee base shown in the Construction Contracts Schedule and Construction Management Contracts Schedule represents that estimate of cost to which a percentage factor is applied to determine maximum fee allowances. The fee base is the estimated necessary allowable cost of the construction work or other services which are to be performed. It shall include the estimated cost for, but is not limited to, the following as they may apply in the case of a construction or construction management contract:

- (1) Site preparation and utilities.

(2) Construction (labor-materials-supplies) of buildings and auxiliary facilities.

(3) Construction (labor-materials-supplies) to complete/construct temporary buildings.

(4) Design services to support the foregoing.

(5) General management and job planning cost.

(6) Labor supervision.

(7) Procurement and acquisition administration.

(8) Construction performed by subcontractors.

(9) Installation of government furnished or contractor acquired special equipment and other equipment.

(10) Equipment (other than special equipment) which is to become Government property (including a component of Government property).

(b) The fee base for the basic fee determination for a construction contract and construction management contract shall include all necessary and allowable costs cited in paragraph (a) of this section as appropriate to the type of contract; except, any home office G&A expense paid as a contract cost per cost principle guidance and procedures shall be excluded from the fee base. The fee base shall exclude:

(1) Cost of land.

(2) Cost of engineering (A&E work).

(3) Contingency estimate.

(4) Equipment rentals or use charges. (See 48 CFR 936.70.)

(5) Cost of government furnished equipment or materials.

(6) Special equipment as defined in 48 CFR 936.7201.

(c) A separate fee base shall be established for special equipment for use in applying the Special Equipment Purchases or Subcontract Work Schedule (see 48 CFR 915.404-4-71-5(h)). The fee base for determination of applicable fees on special equipment shall be based on the estimated purchase price of the equipment.

(d) The fee base under the Construction Management Contracts Schedule for a maximum basic fee determination for a construction management contract shall be comprised of only the costs of the construction manager's own efforts. However, it is recognized that in the case of construction man-

agement contracts, the actual construction work will be performed by subcontractors. In most cases the subcontract awards for the construction work will be made by the construction management contractor. Occasionally the contract may involve management of construction performed under a contract awarded by the Department or by one of the Department's operating contractors. In these cases, the actual cost of the subcontracted construction work shall be excluded from the fee base used to determine the maximum basic fee (under the Construction Management Contracts Schedule) applicable to a construction management contract. A separate fee base for additional allowances (using the Special Equipment Purchases or Subcontract Work Schedule) shall be established, which shall be comprised of those subcontract construction costs, special equipment purchases, and other items' costs that are contracted for or purchased by the construction manager.

915.404-4-72 Special considerations for cost-plus-award-fee contracts.

(a) When a contract is to be awarded on a cost-plus-award-fee basis several special considerations are appropriate. Fee objectives for management and operating contracts or other contracts as determined by the Procurement Executive, including those using the Construction, Construction Management, or Special Equipment Purchases/Subcontract Work schedules from 48 CFR 915.404-4-71-5, shall be developed pursuant to the procedures set forth in 48 CFR 970.15404-4-8. Fee objectives for other cost-plus-award-fee contracts shall be in accordance with 48 CFR 916.404-2 and be developed as follows:

(1) The base fee portion of the fee objective of an award fee contract may range from 0% up to the 50% level of the fee amount for a Cost-Plus-Fixed-Fee (CPFF) contract, arrived at by using the weighted guidelines or other techniques (such as those provided in 48 CFR 915.404-4-71 for construction and construction management contracts). However, the base amount should not normally exceed 50% of the otherwise applicable fixed fee. In the event this 50% limit is exceeded, appropriate documentation shall be entered into the

contract file. In no event shall the base fee exceed 60% of the fixed fee amount.

(2) The base fee plus the amount included in the award fee pool should normally not exceed the fixed fee (as subjectively determined or as developed from the fee schedule) by more than 50%. However, in the event the base fee is to be less than 50% of the fixed fee, the maximum potential award fee may be increased proportionately with the decreases in base fee amounts.

(3) The following maximum potential award fees shall apply in award fee contracts: (percent is stated as percent of fee schedule amounts).

Base fee percent	Award fee percent	Maximum total percentage
50	100	150
40	120	160
30	140	170
20	160	180
10	180	190
0	200	200

(b) Prior approval of the Procurement Executive, is required for total fee (base plus award fee pool) exceeding the guidelines in 48 CFR 915.404-72(a)(3).

915.408-70 Solicitation provision and contract clause.

The contracting officer (after deleting “under the clause at 48 CFR 970.5203-3, Contractor’s Organization” from paragraph (a) if not a management and operating contract) shall insert the clause at 48 CFR 952.215-70, Key Personnel, in contracts under which performance is largely dependent on the expertise of specific key personnel.

[65 FR 81006, Dec. 22, 2000]

Subpart 915.6—Unsolicited Proposals

915.602 Policy.

(a) Present and future needs demand the involvement of all resources in exploring alternative energy sources and technologies. To achieve this objective, it is DOE policy to encourage external sources of unique and innovative meth-

ods, approaches, and ideas by stressing submission of unsolicited proposals for government support. In furtherance of this policy and to ensure the integrity of the acquisition process through application of reasonable controls, the DOE:

(1) Disseminates information on areas of broad technical concern whose solutions are considered relevant to the accomplishment of DOE’s assigned mission areas;

(2) Encourages potential proposers to consult with program personnel before expending resources in the development of written unsolicited proposals;

(3) Endeavors to distribute unsolicited proposals to all interested organizations within DOE;

(4) Processes unsolicited proposals in an expeditious manner and, where practicable, keeps proposers advised as discrete decisions are made;

(5) Assures that each proposal is evaluated in a fair and objective manner; and, (6) Assures that each proposal will be used only for its intended purpose and the information, subject to applicable laws and regulations, contained therein will not be divulged without prior permission of the proposer.

(b) Extensions of contract work resulting from unsolicited proposals shall be processed in accordance with the procedures at 48 CFR 943.170.

915.603 General. (DOE coverage—paragraph (e)).

(e) Unsolicited proposals for the performance of support services are, except as discussed in this paragraph, unacceptable as the performance of such services is unlikely to necessitate innovative and unique concepts. There may be rare instances in which an unsolicited proposal offers an innovative and unique approach to the accomplishment of a support service. If such a proposal offers a previously unknown or an alternative approach to generally recognized techniques for the accomplishment of a specific service(s) and such approach will provide significantly greater economy or enhanced quality, it may be considered for acceptance. Such acceptance shall, however, require approval of the acquisition of support services in accordance with applicable DOE Directives and be

915.605

processed as a deviation to the prohibition in this paragraph.

915.605 Content of unsolicited proposals. (DOE coverage—paragraph (b)).

(b)(5) Unsolicited proposals for non-nuclear energy demonstration activities not covered by existing formal competitive solicitations or program opportunity notices may include a request for federal assistance or participation, and shall be subject to the cost sharing provisions of 48 CFR 917.70.

915.606 Agency procedures. (DOE coverage—paragraph (b)).

(b) Unless otherwise specified in a notice of program interest, all unsolicited proposals should be submitted to the Unsolicited Proposal Coordinator, U.S. Department of Energy, National Energy Technology Laboratory (PGH), Pittsburgh, PA 15236-0940. If the proposer has ascertained the cognizant program office through preliminary contacts with program staff, the proposal may be submitted directly to that office. In such instances, the proposer should separately send a copy of the proposal cover letter to the unsolicited proposal coordinator to assure that the proposal is logged in the Department's automated tracking system for unsolicited proposals.

915.607 Criteria for acceptance of an unsolicited proposal. (DOE coverage—paragraph (c)).

(c) DOE's cost participation policy, at 48 CFR 917.70, shall be followed in determining the extent to which the DOE will participate in the cost for the proposed effort.

Subpart 916.4—Incentive Contracts

916.404-2 Cost-plus-award-fee contracts.

(d) *Fee Determination Plans.* Award fee arrangements limited to technical performance considerations are prohibited because they may increase cost disproportionately to any benefits gained. Instead, the award fee arrangement shall include both technical performance (including scheduling as appropriate) and business management considerations tailored to the needs of the particular situation. In addition, in a situation where cost estimating reliability and other factors are such that the negotiation of a separate predetermined incentive sharing arrangement applicable to cost performance is determined both feasible and advantageous, cost incentives may be added. The resulting contract would then be identified as a cost-plus-incentive-fee/award-fee combination type. The goals and evaluation criteria should be results-oriented. The award fee should be concentrated on the end product of the contract, that is, output, be it hardware, research and development, demonstration or services, together with business management considerations. However, input criteria such as equal employment opportunity, small business programs, functional management areas, such as safety, security, etc., should not be disregarded and may be appropriate criteria upon which to base some part of the award fee. Specific goals or objectives shall be established in relation to each performance evaluation criterion against which contractor performance is measured.

Subpart 916.5—Indefinite-Delivery Contracts

916.504 Indefinite-quantity contracts. (DOE coverage—paragraph (c))

(c) The contracting officer shall establish minimum ordering guarantees with each awardee for all indefinite-quantity, multiple award contracts to ensure that adequate consideration exists to contractually bind each awardee to participate in the ordering process throughout the term of the multiple award contract. Minimum ordering guarantees should be equal among all awardees, and shall be determined on a case-by-case basis for each acquisition commensurate with the size, scope and complexity of the contract requirements.

(b) (4) The Director, Office of Management Systems, Office of Procurement and Assistance Management, is designated as the DOE Ombudsman for task and delivery order contracts in accordance with 48 CFR 16.505(b)(4).

(5) The Heads of Contracting Activities shall designate a senior manager to serve as the Contracting Activity Ombudsman for task and delivery order contracts. If, for any reason, the Contracting Activity Ombudsman is unable to execute the duties of the position, the Head of the Contracting Activity shall designate an Acting Contracting Activity Ombudsman.

(6) The Contracting Activity Ombudsman shall:

(i) Be independent of the contracting officer who awarded and/or is administering the contract under which a complaint is submitted;

(ii) Not assume any duties and responsibilities pertaining to the evaluation or selection of an awardee for the issuance of an order under a multiple award, task or delivery order contract;

(iii) Review complaints from contractors awarded a task or delivery order contract;

(iv) Collect all facts from the cognizant organizations or individuals that are relevant to a complaint submitted to ensure that the complainant and all contractors were afforded a fair opportunity to be considered for the order issued in accordance with the procedures set forth in each awardees' contract;

(v) Maintain a written log to track each complaint submitted from receipt through disposition;

(vi) Ensure that no information is released which is determined to be proprietary or is designated as source selection information; and

(vii) Resolve complaints at the contracting activity for which they have cognizance.

(7) If, upon review of all relevant information, the Contracting Activity Ombudsman determines that corrective action should be taken, the Contracting Activity Ombudsman shall report the determination to the cognizant contracting officer. Issues which cannot be so resolved should be forwarded to the DOE Ombudsman.

Subpart 917.6—Management and Operating Contracts

917.600 Scope of subpart.

(a) This subpart implements 48 CFR subpart 17.6, Management and Operating Contracts. Departmental policies, procedures, provisions and clauses to be used in the award and administration of management and operating contracts that either implement or supplement the Federal Acquisition Regulation and parts 901 through 952 of this chapter are contained in 48 CFR part 970.

(b) The requirements of this subpart apply to any Department of Energy management and operating contract, including performance-based management contracts as defined in 48 CFR 917.601. References in this subpart to "management and operating contracts" include performance-based management contracts.

[65 FR 81006, Dec. 22, 2000]

917.601 Definitions.

Performance-based contracting has the meaning contained in 48 CFR 37.101.

Department of Energy

917.7001

Performance-based management contract means a management and operating contract that employs, to the maximum extent practicable, performance-based contracting concepts and methodologies through the application of results-oriented statements of work; clear objective performance standards and measurement tools; and incentives to encourage superior contractor performance.

917.602 Policy.

(a) The use of a management and operating contract must be authorized by the Secretary, Deputy Secretary or Under Secretary.

(b) It is the policy of the Department of Energy to provide for full and open competition in the award of management and operating contracts, including performance-based management contracts.

(c) A management and operating contract may be awarded or extended at the completion of its term without providing for full and open competition only when such award or extension is justified under one of the statutory authorities identified in 48 CFR 6.302 and only when authorized by the Secretary. Documentation and processing requirements for justifications for the use of other than full and open competition shall be accomplished in accordance with internal agency procedures

Subpart 917.70—Cost Participation

SOURCE: 61 FR 41706, Aug. 9, 1996, unless otherwise noted.

917.7000 Scope of subpart.

(a) This subpart sets forth the DOE policy on cost participation by organizations performing research, development, and/or demonstration projects under DOE prime contracts. This subpart does not cover efforts and projects performed for DOE by other Federal agencies.

(b) Cost participation is a generic term denoting any situation where the Government does not fully reimburse

the performer for all allowable costs necessary to accomplish the project or effort under the contract. The term encompasses cost sharing, cost matching, cost limitation (direct or indirect), participation in kind, and similar concepts.

917.7001 Policy.

(a) When DOE supports performer research, development, and/or demonstration efforts, where the principal purpose is ultimate commercialization and utilization of the technologies by the private sector, and when there are reasonable expectations that the performer will receive present or future economic benefits beyond the instant contract as a result of performance of the effort, it is DOE policy to obtain cost participation. Full funding may be provided for early phases of development programs when the technological problems are still great.

(b) In making the determination to obtain cost participation, and evaluating present and future economic benefits to the performer, DOE will consider the technical feasibility, projected economic viability, societal and political acceptability of commercial application, as well as possible effects of other DOE-supported projects in competing technologies.

(c) The propriety, manner, and amount of cost participation must be decided on a case-by-case basis.

(d) Cost participation is required for demonstration projects unless exempted by the Under Secretary. Demonstration projects, pursuant to this subpart, include demonstrations of technological advances and field demonstrations of new methods and procedures, and demonstrations of prototype commercial applications for the exploration, development, production, transportation, conversion, and utilization of energy resources.

Subpart 917.72—Program Opportunity Notices for Commercial Demonstrations

SOURCE: 61 FR 41706, Aug. 9, 1996, unless otherwise noted.

917.7200 Scope of subpart.

(a) This subpart discusses the policy for the use of a program opportunity notice solicitation approach to accelerate the demonstration of the technical feasibility and commercial application of all potentially beneficial non-nuclear energy sources and utilization technologies.

(b) This subpart applies to demonstrations performed by individuals, educational institutions, commercial or industrial organizations, or other private entities, public entities, including State and local governments, but not other Federal agencies. For purposes of this subpart, commercial demonstration projects include demonstrations of technological advances, field demonstrations of new methods and procedures, and demonstration of prototype commercial applications for the exploration, development, production, transportation, conversion, and utilization of non-nuclear energy resources.

917.7201 Policy.**917.7201-1 General.**

(a) It is DOE's intent to encourage the submission of proposals to accelerate the demonstration of the technical, operational, economic, and commercial feasibility and environmental acceptability of particular energy technologies, systems, subsystems, and components. Program opportunity notices will be used to provide information concerning scientific and technological areas encompassed by DOE's programs. DOE shall, from time to time, issue program opportunity notices for proposals for demonstrations of various forms of non-nuclear energy and technology utilization.

(b) Each program opportunity notice shall as a minimum describe: the goal of the intended demonstration effort; the time schedule for award; evaluation criteria; program policy factors; the amount of cost detail required; and proposal submission information. Program policy factors are those factors which, while not appropriate indicators of a proposal's individual merit (i.e., technical excellence, proposer's ability, cost, etc.), are relevant and essential to the process of choosing which of the proposals received will, taken together,

best achieve the program objectives. All such factors shall be predetermined and specified in the notice so as to notify proposers that factors which are essentially beyond their control will affect the selection process.

Subpart 917.73—Program Research and Development Announcements

SOURCE: 61 FR 41707, Aug. 9, 1996, unless otherwise noted.

917.7300 Scope of subpart.

(a) This subpart discusses the policy for the use of a program research and development announcement (PRDA) solicitation approach to obtain and select proposals from the private sector for the conduct of research, development, and related activities in the energy field.

917.7301 Policy.**917.7301-1 General.**

(a) PRDAs shall be used to provide potential proposers with information concerning DOE's interest in entering into arrangements for research, development, and related projects in specified areas of interest. It is DOE's intent to solicit the submission of ideas which will serve as a basis for research, development, and related activities in the energy field. It is DOE's desire to encourage the involvement of small business concerns, small disadvantage business concerns, and women-owned small business concerns in research and development undertaken pursuant to PRDAs.

(b) The PRDA should not replace existing acquisition procedures where a requirement can be sufficiently defined for solicitation under standard advertised or negotiated acquisition procedures. Similarly, it should not inhibit or curtail the submission of unsolicited proposals. However, a proposal which is submitted as though it were unsolicited but is in fact germane to an existing PRDA shall be treated as though submitted in response to the announcement or returned without action to the proposer, at the proposer's option. Further, the PRDA is not to be used in a

competitive situation where it is appropriate to negotiate a study contract to obtain analysis and recommendations to be incorporated in the subsequent request for proposals.

(c) The PRDA is to be used only where:

(1) Research and development is required in support of a specific project area within an energy program with the objective of advancing the general scientific and technological base, and this objective is best achieved through:

(i) A diversity of possible approaches, within the current state of the art, available for solving the problems;

(ii) The involvement of a broad spectrum of organizations in seeking out solutions to the problems posed;

(iii) The application of the unique qualifications or specialized capabilities of many individual proposers which will enable them to perform portions of the research project (without necessarily possessing the qualifications to perform the entire project) so that the overall support may be broken into segments which cannot be ascertained in advance; and,

(iv) The fostering of new and creative solutions.

(2) Consistent with paragraph (c)(1) of this section, it is anticipated that choices will have to be made among dissimilar concepts, ideas, or approaches; and

(3) It is determined that a broad range of organizations exist that would be capable of contributing towards the overall research and development goals identified in paragraph (c)(1) of this section.

(d) Each PRDA shall as a minimum describe: the area(s) of program interest; time schedule for award; proposal submittal information; evaluation criteria; and program policy factors. The PRDA should clearly emphasize to proposers that program policy factors are essentially beyond their control and will affect the selection process. The PRDA should also state that DOE reserves the right to select for award or support any, all, or none of the proposals received in response to an announcement.

Subpart 917.74—Acquisition, Use, and Disposal of Real Estate

SOURCE: 61 FR 41707, Aug. 9, 1996, unless otherwise noted.

917.7401 General.

Special circumstances and situations may arise under cost-type contracts when, in the performance of the contract or subcontract, the performer shall be required, or otherwise find it necessary, to acquire real estate or interests therein by:

(a) Purchase, on DOE's behalf or in its own name, with title eventually vesting in the Government.

(b) Lease, and DOE assumes liability for, or otherwise will pay for the obligation under the lease.

(c) Acquisition of temporary interest through easement, license or permit, and DOE funds the cost of the temporary interest.

917.7402 Policy.

It is the policy of the Department of Energy that, when real estate acquisitions are made, the following policies and procedures shall be applied to such acquisitions:

(a) Real estate acquisitions shall be mission essential; effectively, economically, and efficiently managed and utilized; and disposed of promptly, when not needed;

(b) Acquisitions shall be justified, with documentation which describes the need for the acquisitions, general requirements, cost, acquisition method to be used, site investigation reports, site recommended for selection, and property appraisal reports; and

(c) Acquisition by lease, in addition to the requirements in paragraphs (a) and (b) of this section:

(1) Shall not exceed a one-year term if funded by one-year appropriations.

(2) May exceed a one-year term, when the lease is for special purpose space funded by no-year appropriations and approved by the Department.

(3) Shall contain an appropriate cancellation clause which limits the Government's obligation to no more than the amount of rent to the earliest cancellation date plus a reasonable cancellation payment.

917.7403

48 CFR Ch. 9 (10-1-03 Edition)

(4) Shall be consistent with Government laws and regulations applicable to real estate management.

917.7403 Application.

The clause at 48 CFR 952.217-70 shall be included in contracts or modifications where contractor acquisitions are expected to be made.

Subpart 919.70—The Department of Energy Mentor-Protege Program

SOURCE: 65 FR 21369, Apr. 21, 2000, unless otherwise noted.

919.7001 Scope of subpart.

The Department of Energy (DOE) Mentor-Protege Program is designed to encourage DOE prime contractors to assist small disadvantaged firms certified by the Small Business Administration (SBA) under Section 8(a) of the Small Business Act (8(a)), other small disadvantaged businesses, women-owned small businesses, Historically Black Colleges and Universities, and other minority institutions of higher learning, and small business concerns owned and controlled by service disabled veterans in enhancing their capabilities to perform contracts and subcontracts for DOE and other Federal agencies. The program seeks to foster long-term business relationships between these small business entities and DOE prime contractors, and to increase the overall number of these small business entities that receive DOE contract and subcontract awards.

919.7002 Definitions.

Historically Black Colleges and Universities (HBCUs) means an institution determined by the Secretary of Education to meet the requirements of 34 CFR 608.2.

Other minority institutions of higher learning means an institution determined by the Secretary of Education to meet the requirements of 20 U.S.C. 1067k.

Small business concern owned and controlled by service-disabled veterans means a small business concern as defined in Public Law 106-50, Veterans Entrepreneurship and Small Business Development Act of 1999.

Small disadvantaged business means a small business concern owned and controlled by socially and economically disadvantaged individuals that meets the requirements of 13 CFR part 124, subpart B.

Women-owned small business means a small business concern that meets the requirements of 15 U.S.C. 637(d)(3)(D).

919.7003 General policy.

(a) DOE contractors eligible under 48 CFR 919.7005 may enter into agreements with businesses certified by the SBA in the 8(a) Program, other small disadvantaged businesses, women-owned small businesses, HBCUs, other minority institutions of higher learning, and small business concerns owned and controlled by service disabled veterans to provide those firms appropriate developmental assistance to enhance the capabilities of Proteges.

(b) Costs incurred by a Mentor to provide developmental assistance, as described in 919.7011, are allowable only to the extent that they are incurred in performance of a contract identified in the Mentor-Protege Agreement and are otherwise allowable in accordance with the cost principles applicable to that contract.

(c) Headquarters Office of Small and Disadvantaged Business Utilization (OSDBU) is the DOE Program Manager for the Mentor-Protege Program.

919.7004 General prohibitions.

DOE will not reimburse the costs of a Mentor in providing any form of developmental assistance to a Protege except as provided in 919.7003(b).

919.7005 Eligibility to be a Mentor.

To be eligible for recognition by DOE as a Mentor, an entity must be performing at least one contract for DOE.

919.7006 Incentives for DOE contractor participation.

(a) Under cost-plus-award fee contracts, approved Mentor firms may earn award fees associated with their performance as a Mentor. The award fee plan may include provision for the evaluation of the contractor's utilization of 8(a) firms, other small disadvantaged businesses, women-owned small businesses, HBCUs, other minority institutions of higher learning and small business concerns owned and controlled by service disabled veterans. DOE may evaluate the Mentor's performance in the DOE Mentor-Protege Program under any Mentor-Protege Agreement(s) as a separate element of the award fee plan.

(b) Mentors shall receive credit for subcontracts awarded pursuant to their Mentor-Protege Agreements toward subcontracting goals contained in their subcontracting plan.

919.7007 Eligibility to be a Protege.

(a) To be eligible for selection as a Protege, a firm must:

(1) Be a small business certified under Section 8(a) of the Small Business Act by SBA, other small disadvantaged business, a women-owned small business, HBCU, or any other minority institution of higher learning, or a small business concern owned and controlled by service disabled veterans;

(2) Be eligible for receipt of government contracts;

(3) Have been in business for at least two (2) years prior to application for enrollment into the Mentor-Protege Program; and

(4) Be able to certify as a small business according to the Standard Industrial Code for the services or supplies to be provided by the Protege under its subcontract with the Mentor.

(b) A prospective Mentor may rely in good faith on written representations by a prospective Protege that the Protege meets the requirements in paragraph (a) of this section.

919.7008 Selection of Proteges.

(a) A Mentor firm is solely responsible for selecting one or more Protege entities from firms eligible under 48 CFR 919.7007.

(b) A Mentor may have more than one Protege; however, a Protege may have only one Mentor.

(c) The selection of Protege firms by Mentor firms may not be protested, except as provided in paragraph (d) of this section.

(d) Only protests regarding the small business size status of a firm to be a Protege will be considered and shall be submitted to the DOE Office of Small and Disadvantaged Business Utilization for resolution. If that office is unable to resolve a protest, it will refer the matter to the Small Business Administration for resolution in accordance with 13 CFR part 121.

919.7009 Process for participation in the program.

A prospective Mentor must submit the following to the DOE Mentor-Protege Program Manager.

(a) A statement that it is eligible, as of the date of application, for the award of Federal contracts;

(b) A statement that it is currently performing at least one contract for DOE;

(c) The DOE contract number, type of contract, period of performance (including options), title of technical program effort, name of DOE technical program manager (including contact information) and the DOE contracting activity; and

(d) An original and two copies of the Mentor-Protege Agreement signed by the chief executive officer or designee of the Mentor firm and the chief executive officer of the Protege firm.

919.7010 Contents of Mentor-Protege Agreement.

The proposed Mentor-Protege Agreement must contain:

(a) Names, addresses and telephone numbers of Mentor and Protege firms and a point of contact within each firm who will oversee the Agreement;

(b) Requirements for the Mentor firm or the Protege firm to notify the other entity, DOE Headquarters OSDBU, and the contracting officer in writing at least 30 days in advance of the Mentor firm's or the Protege firm's intent to voluntarily terminate or withdraw from the Mentor-Protege Agreement (such termination would not terminate

any existing subcontract between the Mentor and the Protege);

(c) A description of the form of developmental assistance program that will be provided by the Mentor to the Protege firm, including a description of any subcontract work, and a schedule for providing the assistance and the criteria for evaluation of the Protege's developmental success (48 CFR 919.7011);

(d) A listing of the number and types and estimated amount of subcontracts to be awarded to the Protege firm;

(e) Term of the Agreement;

(f) Procedures to be invoked should DOE terminate its recognition of the Agreement for good cause (such termination of DOE recognition would not constitute a termination of the subcontract between the Mentor and the Protege);

(g) Provision for the Mentor firm to submit to the DOE Mentor-Protege Program Manager a "lessons learned" evaluation developed by the Mentor at the conclusion of the Mentor-Protege Agreement;

(h) Provision for the submission by the Protege firm of a "lessons learned" evaluation to the DOE Mentor-Protege Program Manager at the conclusion of the Mentor-Protege Agreement;

(i) Description of how the development assistance will potentially increase subcontracting opportunities for the Protege firm;

(j) Provision for the Mentor firm to brief the DOE Mentor-Protege Program Manager, the technical program manager(s), and the contracting officer at the conclusion of each year in the Mentor-Protege Program regarding program accomplishments as pertains to the approved Agreement (where possible, this review may be incorporated into the normal program review for the Mentor's contract);

(k) Recognition that costs incurred by a Mentor to provide developmental assistance, as described in 48 CFR 919.7011, are allowable only to the extent that they are incurred in performance of a contract identified in the Mentor-Protege Agreement and are otherwise allowable in accordance with the cost principles applicable to that contract (the DOE Mentor-Protege

Program has no appropriation for paying for developmental assistance); and

(l) Other terms and conditions, as appropriate.

919.7011 Developmental assistance.

(a) The forms of developmental assistance a Mentor may provide to a Protege include, but are not limited to:

- (1) Management guidance relating to:
 - (i) Financial management,
 - (ii) Organizational management,
 - (iii) Overall business management planning,
 - (iv) Business development, and
 - (v) Marketing assistance;
- (2) Engineering and other technical assistance;
- (3) Noncompetitive award of subcontracts under DOE or other Federal contracts where otherwise authorized;
- (4) Award of subcontracts in the Mentor's commercial activities;
- (5) Progress payments based on costs;
- (6) Rent-free use of facilities and/or equipment owned or leased by Mentor; and
- (7) Temporary assignment of Mentor personnel to the Protege for purposes of training.

(b) Costs incurred by a Mentor to provide developmental assistance, as described in paragraph (a) of this section, are allowable only to the extent provided at 48 CFR 919.7003(b).

919.7012 Review and approval process of agreement by OSDBU.

(a) OSDBU will review the proposed Mentor-Protege Agreement under 48 CFR 919.7010 and will complete its review and assessment no later than 30 days after receipt. OSDBU will provide a copy of its assessment to the cognizant DOE technical program manager and contracting officer for review and concurrence.

(b) If OSDBU approves the Agreement, the Mentor may implement the developmental assistance program.

(c) Upon finding deficiencies that DOE considers correctable, the OSDBU will notify the Mentor and request information to be provided within 30 days that may correct the deficiencies. The Mentor may then provide additional information for reconsideration. The review of any supplemental material will be completed within 30 days after re-

ceipt by the OSDBU and the Agreement either approved or disapproved.

919.7013 Reports.

(a) Prior to performing an evaluation of a Mentor's performance under its Mentor-Protege Agreement for use in award fee evaluations, the Mentor-Protege Program Manager must consult with the cognizant DOE technical program manager and must provide a copy of the performance evaluation comments regarding the technical effort and Mentor-Protege development to the contracting officer.

(b) The DOE Mentor-Protege Program Manager must submit semi-annual reports to the cognizant contracting officer regarding the participating Mentor's performance in the Program for use in the award fee determination process.

(c) The Mentor firm must submit progress reports to the DOE Mentor-Protege Program Manager semi-annually.

919.7014 Solicitation provision.

The cognizant contracting officer must insert the provision at 952.219-70, DOE Mentor-Protege Program, in all solicitations with an estimated value in excess of the simplified acquisition threshold.

922.103-4 Approvals.

(d) *Approvals.* (1) Where the cost to the Government may be affected, approval of hours of work in excess of the normal workweek is justified only in those instances and for those employees where it can be shown that overtime would provide needed and demonstrable impetus to the accomplishment of DOE objectives and that all other means of meeting these objectives have been considered and found inadequate or not feasible. Accordingly, the Heads of Contracting Activities shall:

[49 FR 11998, Mar. 28, 1984, as amended at 59 FR 9106, Feb. 25, 1994]

922.802 General.

922.803 Responsibilities.

(a) The Director, Office of Federal Contract Compliance Programs of the Department of Labor has been delegated authority and responsibility for carrying out the requirements of Executive Order 11246, as amended. In conjunction with the delegation, contracting officers shall be familiar with existing and any updated provisions of 41 CFR Ch. 60, and assist the Department of Labor in its compliance responsibilities. DOE contracting officers will include the applicable Equal Employment Opportunity (EEO) and Affirmative Action Program (AAP) requirements in their solicitations and obtain the applicable reports of compliance from the Office of Federal Contract Compliance Programs (OFCCP) (when required) prior to awarding of contracts. The provisions of 41 CFR Ch. 60, are applicable to all DOE contracts.

(d) The OFCCP requires that requests for pre-award clearances be directed to the OFCCP Regional Office in which the contractor's facility is (to be) located. If OFCCP finds the contractor in compliance, the contracting officer will be notified. Findings of non-compliance can be communicated to the contracting officer by the OFCCP or Headquarters Director or his designee. The appropriate Regional Office will provide the appropriate contact point in cases of non-compliance. The Director, Office of Civil Rights (DOE HQ), when requested, will provide assistance to contracting officers resolving non-compliance issues by providing assistance in obtaining a final decision from the OFCCP.

[49 FR 11998, Mar. 28, 1984; 49 FR 38951, Oct. 2, 1984, as amended at 58 FR 36365, July 7, 1993]

922.804 Affirmative action programs.

922.804-1 Nonconstruction.

In the event a prospective contractor or subcontractor is entering into its first contract containing the Equal Opportunity clause, the contracting officer shall determine that the prospective contractor understands and appears able to conform to the requirements of the EEO clause.

922.804-2 Construction.

(a) Construction contracts, including cost-sharing contracts, are subject to OFCCP orders applicable in particular areas.

(1) When a proposed nonexempt construction contract is within a geographic area where construction is subject to the provisions of Federal EEO Bid Conditions, Part I or Part II, the solicitation shall contain those bid conditions. The contracting officer shall include in such solicitation a provision that "the offeror shall adhere to the affirmative action plan (bid conditions) set forth in this solicitation."

(2) Lists of areas for which OFCCP has designated specific affirmative action requirements are available through the Procurement Executive. Contracting officers should assure that this list and copies of pertinent orders are made available to all concerned DOE offices and to DOE contractors and construction subcontractors for work to be performed in the specified geographical areas.

(b) *Other nonexempt construction contracts.* (1) When a proposed nonexempt construction contract is not in a "plan area" and is in the amount of \$10,000 or more, offerors must agree to comply with the Equal Employment Opportunity clause.

(2) When proposed nonexempt contracts of \$1,000,000 or over are not in plan areas and have not been designated as high impact, offerors also must submit to the contracting officer details regarding specific affirmative action steps to be taken by the offeror in connection with all work under the contract. Such details shall include estimates of the percentage of minority group persons expected to be employed

in each craft involved in the performance of the contract work. All solicitations for construction contracts shall reference the affirmative action requirements and the offeror's obligation to make good faith efforts to employ women in craft positions.

(3) Pursuant to the OFCCP order dated August 30, 1976, agencies shall develop "Special Bid Conditions" for use on high impact projects in non-plan areas. These special bid conditions will include mandatory goals and timetables for the utilization of minorities. The Procurement Executive using the criteria issued by OFCCP will determine those projects that are "high impact." The contracting officer is responsible for compliance with policies and procedures contained in the OFCCP "Construction Compliance Program Operations Manual." Language for inclusion in solicitations or contracts contained in the manual may be modified, provided all of the requirements are retained. The contracting officer shall develop the goals and timetables and shall confer with the appropriate OFCCP regional office. The Office of Civil Rights will provide assistance as necessary, when requested. Special bid conditions will be submitted by the contracting officer to the appropriate OFCCP regional office for approval unless otherwise directed by the Procurement Executive. When special bid conditions are applicable, adequate presolicitation lead time should be allowed for submission of the special bid conditions to OFCCP national and regional offices.

(c) An attempt to limit in any major respect the equal opportunity requirements included in an invitation for bids or request for proposals for a construction contract shall constitute grounds for a determination that the offeror does not qualify as a responsible offeror and for rejection of the bid or proposal. In the case of construction acquisition by DOE prime contractors, this determination shall be made only with the approval of the DOE contracting officer.

[49 FR 11998, Mar. 28, 1984, as amended at 56 FR 41965, Aug. 26, 1991, 58 FR 36365, July 7, 1993; 59 FR 9106, Feb. 25, 1994]

922.807 Exemptions.

(c) Contracting officer requests for exemption from E.O. 11246 should be directed to the Procurement Executive for submission to the Director, OFCCP.

SOURCE: 57 FR 32676, July 22, 1992, unless otherwise noted.

923.570 Workplace substance abuse programs at DOE sites.

(a) The Department of Energy (DOE), as part of its overall responsibilities to protect the environment, maintain public health and safety, and safeguard the national security, has established policies, criteria, and procedures for contractors to develop and implement programs that help maintain a workplace free from the use of illegal drugs.

(b) Regulations concerning DOE's contractor workplace substance abuse programs are promulgated at 10 CFR part 707, Workplace Substance Abuse Programs at DOE Sites.

923.570-1 Applicability.

(a) The policies, criteria, and procedure specified in 10 CFR part 707, Workplace Substance Abuse Programs at DOE Sites, apply to contracts for work performed at sites owned or controlled by DOE and operated under the authority of the Atomic Energy Act of 1954, as amended, where such work:

(1) Has a value of \$25,000 or more, and;

(2) Has been determined by DOE to involve:

(i) Access to or handling of classified information or special nuclear materials;

(ii) High risk of danger to life, the environment, public health and safety or national security; or

(iii) The transportation of hazardous materials to or from a DOE site.

(b) Except as otherwise provided for in this subpart, contracts subject to the requirements of 10 CFR part 707

and this subpart shall not be subject to FAR 23.5, Drug Free Workplace.

923.570-2 Solicitation provision and contract clause.

(a) The contracting officer shall insert the provision at 48 CFR 970.5223-3, Agreement Regarding Workplace Substance Abuse Programs at DOE Sites, in solicitations where the work to be performed by the contractor will occur on sites owned or controlled by DOE and operated under the authority of the Atomic Energy Act of 1954, as amended, as specified in 48 CFR 923.570-1, Applicability.

(b) The contracting officer shall insert the clause at 48 CFR 970.5223-4, Workplace Substance Abuse Programs at DOE Sites, in contracts where the work to be performed by the contractor will occur on sites owned or controlled by DOE and operated under the authority of the Atomic Energy Act of 1954, as amended, as specified in 923.570-1, Applicability.

923.570-3 Suspension of payments, termination of contract, and debarment and suspension actions.

(a) The contracting officer shall comply with the procedures of FAR 23.506 regarding the suspension of contract payments, the termination of the contract for default, and the debarment and suspension of a contractor relative to failure to comply with 48 CFR 970.5223, Workplace Substance Abuse Programs at DOE Sites.

(b) For purposes of 10 CFR part 707, the specific causes for suspension of contract payments, termination of the contract for default, and debarment and suspension of the contractor are:

(1) The contractor fails to either comply with the requirements of 10 CFR part 707 or perform in a manner consistent with its approved program;

(2) The contractor has failed to comply with the terms of the provision at 48 CFR 970.5204-57; or

Subpart 923.7—Contracting for Environmentally Preferable and Energy-efficient Products and Services

EFFECTIVE DATE NOTE: At 68 FR 52131, Sept. 2, 2003, § 923.703 (Subpart 923.7) was added effective October 2, 2003.

§ 923.703 Policy.

Executive Order 13149, dated April 21, 2000, entitled *Greening the Government Through Federal Fleet and Transportation Efficiency*, provides that the Federal Government exercise leadership in the reduction of petroleum consumption through improvements in its motor fleet fuel efficiency and increases in its use of alternative fuel vehicles and alternative fuels. The specific provisions affecting the Department's acquisition program are as follows. Part 2 of the Executive Order establishes goals for the reduction of petroleum consumption in the motor vehicle fleet and requires the development of strategies for the increased use of alternative fuel vehicles, increased use of alternative fuels accompanied by improved alternative fuel infrastructure, and the acquisition of higher fuel economy vehicles. Procurement personnel involved in the acquisition of motor vehicles, including lease, and motor vehicle products should familiarize themselves with these requirements and assist their fleet management personnel in acquiring vehicles and products which comply with the requirements of the Executive Order and the Department's compliance strategy. In addition, section 403 of the Executive Order provides for the acquisition of environmentally preferable motor vehicle products, including the use of biobased motor vehicle products.

Environmentally preferable motor vehicle products include re-refined motor vehicle lubricating oils, retread tires, recycled engine coolants, and bio-based motor vehicle products. Use of these products is addressed by the Department's Affirmative Procurement Program required by 48 CFR (FAR) 23.404, Agency affirmative procurement programs, as implemented by 48 CFR (DEAR) 923.405, Procedures [DOE supplemental coverage—paragraph (e)]. Environmentally preferable motor vehicle products are among the items designated in the Comprehensive Procurement Guidelines, which lists products with recovered content that Federal agencies and their contractors are to buy. That list is published by the Environmental Protection Agency pursuant to the Resource Conservation and Recovery Act of 1976, 42 U.S.C. 6962, and regulations published at 40 CFR part 247.

Subpart 923.70—Environmental, Conservation, and Occupational Safety Programs

923.7001 Nuclear safety.

(a) The DOE regulates the nuclear safety of its major facilities under its own statutory authority derived from the Atomic Energy Act and other legislation. The DOE also regulates, under certain specific conditions, the use by its contractors of radioactive materials and ionizing radiation producing machines.

[49 FR 12003, Mar. 28, 1984, as amended at 59 FR 9106, Feb. 25, 1994]

923.7002 Contract clauses.

(a) A decision to include or not include environmental, safety and health clauses in DOE contracts shall be made by the contracting officer in consultation with appropriate environmental, safety and health program management personnel.

(b) When work is to be performed at a facility where the DOE will exercise its statutory authority to enforce occupational safety and health standards applicable to the working conditions of the contractor and subcontractor employees at such facility, the clause at 952.223–71 shall be used in such contract

or subcontract if conditions (b) (1) through (3), are satisfied:

(1) DOE work is segregated from the contractor's or subcontractor's other work;

(2) The operation is of sufficient size to support its own safety and health services; and

(3) The facility is government-owned, or leased by or for the account of the government.

(c) In facilities not meeting the requirements of 923.7002(b) above and which are a production or utilization facility where there is use or possession of source, special nuclear, or by-product materials, DOE policy is not to enforce radiological safety and health standards pursuant to the contract or subcontract but rather to rely upon Nuclear Regulatory Commission (NRC) licensing requirements (including agreements with states under section 274 of the Atomic Energy Act). Pursuant to this policy, neither the clause found at 952.223-71 nor 952.223-72 is to be incorporated in the contracts or subcontracts for work at such facilities. Notwithstanding this general policy with respect to facilities not meeting the requirements of paragraph (b) above, the Secretary or his designee may determine in special cases, that DOE needs to enforce radiological safety and health standards pursuant to the contract or subcontract (see paragraph (d) below). When such a determination is made, the clause found at 952.223-72 shall be included in the contract or subcontract.

(d) In facilities not meeting the requirements of either 923.7002(b) or 923.7002(c) of this section and where there is a machine capable of producing ionizing radiation, it is DOE policy not to regulate such activity where it is adequately regulated by a state or other Federal agency. In such cases, neither clause 952.223-71 nor 952.223-72 shall be incorporated in the contract. Where the contracting officer, with appropriate environmental, safety and health advice determines that no state or other Federal agency exists to adequately regulate the operation and/or use of such machines, the clause found at 952.223-72 shall be included in the contract. The Assistant Secretary for Environment, Safety and

Health (or designee) shall be consulted to determine if a non-agreement (NRC) state or a facility located in a non-agreement state has been reviewed by any other DOE office to establish that the state agency has the essential authority and resources for enforcing the radiation protection standards. This is to assure reasonable consistency in the assessment of radiation protection in non-agreement states and subsequent use of 952.223-72.

(e) In a situation where the contractor or subcontractor is performing DOE work at more than one location, inclusion of either, or both, 952.223-71 and 952.223-72 may be appropriate. In such cases, the contract or subcontract must include language to specify the extent of applicability of each clause used. For example, with a parenthetical: (Applicable only to work performed at a contractor site which has 952.223-71 or 952.223-72 clause in its contract or subcontract).

Subpart 925.70—Acquisition of Nuclear Hot Cell Services

SOURCE: 58 FR 8910, Feb. 18, 1993, unless otherwise noted.

925.7000 Scope of subpart.

This subpart prescribes policies for selection for contract award of nuclear hot cell services when one of the competitors is a foreign company. This subpart does not apply to the acquisition and use of nuclear hot cell facilities on-site at a DOE-owned or -leased facility.

925.7001 Definitions.

Costs related to the decommissioning of nuclear facilities, as used in this subpart, means any cost associated with the compliance with regulatory requirements governing the decommissioning of nuclear facilities licensed by the Nuclear Regulatory Commission. Such costs for foreign facilities and for Department of Energy facilities are costs of decommissioning associated with the compliance with foreign regulatory requirements or the Department's own requirements.

Costs related to the storage and disposal of nuclear waste, as used in this subpart, means any costs, whether required by regulation or incurred as a matter of prudent business practice, associated with the storage or disposal of nuclear waste.

Foreign company, as used in this subpart, means a company which offers to perform nuclear hot cell services at a facility which is not subject to the laws and regulations of the United States, its agencies, and its political subdivisions.

Nuclear hot cell services, as used in this subpart, means services related to the examination of, or performance of various operations on, nuclear fuel rods, control assemblies, or other components that are emitting large quantities of ionizing radiation, after discharge from nuclear reactors, which are performed in specialized facilities located away from commercial nuclear power plants, generally referred to in the industry as "hot cells."

Nuclear waste, as used in this subpart, means any radioactive waste material subject to regulation by the Nuclear Regulatory Commission or the Department of Energy, or in the case of foreign offers, by comparable foreign organizations.

United States company, as used in this subpart, means a company which offers to perform nuclear hot cell services at a facility subject to the laws and regulations of the United States, its agencies, and its political subdivisions.

925.7002 Policy.

In selecting offer(s) for award of contracts for nuclear hot cell services, costs related to the decommissioning of nuclear facilities and storage and disposal of nuclear waste are to be considered in a way which affords United States and foreign companies an equal competition in accordance with 925.7003. Upon determining that no offer from a foreign firm has a reasonable chance of being selected for award, the requirements of this subpart will not apply.

925.7003 Requirements.

(a) For the acquisition of nuclear hot cell services under the conditions in paragraph (b) of this section, the selection official in evaluating competitive offers for selection purposes only shall:

(1) Consider neither costs related to the decommissioning of nuclear waste facilities nor costs related to the storage and disposal of nuclear waste, or

(2) Add these costs to offers of foreign companies.

(b) The requirements of this section apply under the following circumstances:

(1) One or more of the offers is submitted by a United States company and includes costs related to the decommissioning of nuclear facilities and costs related to the storage and disposal of nuclear waste because it is subject to such costs; and

(2) One or more of the offers is submitted by a foreign company and does not include these types of costs. (A foreign company might not be subject to such costs or might not have to include these types of costs in its offer if the firm is subsidized in decommissioning activity or storage and disposal of nuclear waste, or a foreign government is performing the activities below the actual cost of the activity.)

925.7004 Contract clause.

The contracting officer shall insert the clause at 952.225-70, Subcontracting for Nuclear Hot Cell Services, in solicitations and contracts involving nuclear hot cell services. This clause does not flow down to second-tier subcontracts.

Subpart 926.70—Implementation of Section 3021 of the Energy Policy Act of 1992

926.7001 Policy.

(a) Section 3021(a) of the Energy Policy Act of 1992 (Pub. L. 102-486) specifies that the Department of Energy shall, to the extent practicable, provide that not less than 10 percent of the total combined amounts obligated for competitively awarded contracts and subcontracts under the Energy Policy Act be expended with—

(1) Small business concerns controlled by socially and economically disadvantaged individuals or by women;

(2) Historically Black colleges and universities; or

(3) Colleges and universities having a student body in which more than 20 percent of the students are Hispanic Americans or Native Americans.

(b) These three groups are collectively referred to in this section as “Energy Policy Act target groups.”

(c) Awards of Energy Policy Act procurements should be in the following descending order of preference:

(1) Competitive awards pursuant to a set-aside for small disadvantaged business;

(2) Competitive awards to small businesses owned and controlled by socially and economically disadvantaged individuals and by women for Energy Policy Act requirements under the Small Business Administration’s section 8(a) program; and

(3) Competitive awards that provide an evaluation preference in accordance with 926.7006 to offerors from the Energy Policy Act target groups.

48 CFR Ch. 9 (10-1-03 Edition)

(d) The DOE implementation of Section 3021 requirements with regard to the award of subcontracts under Energy Policy Act procurements is discussed at 926.7006.

(e) Competitive procedures, for purposes of Energy Policy Act implementation, consist of awards under set-asides to small disadvantaged business and firms certified as 8(a) Small Business Administration and competitive procedures in accordance with (FAR) 48 CFR 15.6 and (DEAR) 48 CFR 915.6.

926.7002 Responsibilities.

Offices initiating procurement requests have primary responsibility to identify potential contract requirements falling within the scope of section 3021 of the Energy Policy Act. Identification shall occur at the earliest possible point in time in the acquisition cycle, but not later than the submission of the procurement request to the contracting officer. For purposes of Section 3021, a contract requirement is any award that directly satisfies an Energy Policy Act program or requirement.

926.7003 Review of the procurement request.

Any Energy Policy Act procurement, including basic research contracts with educational institutions, shall be reviewed in accordance with the Small Business and 8(a) Program Review Procedures in order to ensure that full consideration is given to the potential for making Energy Policy Act awards.

[60 FR 22300, May 5, 1995, as amended at 61 FR 21977, May 13, 1996]

926.7004 Size standard for Energy Policy Act procurements.

The size standard for Energy Policy Act engineering services procurements (SIC 8711) shall be the size standard specified for military and aerospace equipment and military weapons.

926.7005 Preferences under the Energy Policy Act.

(a) *Prime contracts.* Solicitations for all competitive Energy Policy Act procurements not for 8(a) firms and in excess of the simplified acquisition threshold shall provide for an evaluation preference for offers received from

entities from among the Energy Policy Act target groups. The evaluation criteria shall provide that in instances in which two or more proposals being considered for final selection are ranked as essentially equal after consideration of all technical and cost evaluation factors, and if one of these proposals is from an offeror from among an Energy Policy Act target group that offeror will be selected for award.

(b) *Subcontracts.* (1) The contracting officer shall assure that all competitive Energy Policy Act solicitations over the simplified acquisition threshold contain:

(i) A solicitation provision providing for consideration of the extent to which the offerors have provided for subcontracting opportunities to entities from among the Energy Policy Act target groups; and

(ii) A clause providing for the maximum utilization of entities from among Energy Policy Act target groups in the performance of Energy Policy Act contracts.

(2) In addition, the contracting officer shall assure that all competitive Energy Policy Act procurements expected to exceed \$500,000 (\$1,000,000 for construction) include a clause for reporting after award as part of the Small Business and Small Disadvantaged Business Subcontracting Plan process.

926.7006 Goal measurement and reporting requirements.

(a) *General.* The following types of contract awards for Energy Policy Act procurements shall be counted toward achievement by DOE of the 10 percent goal:

(1) Any award set-aside for small disadvantaged business;

(2) Any competitive section 8(a) award;

(3) Any competitive award to one of the three target groups under an unrestricted procurement;

(4) Any award to one of the three target groups conducted under simplified acquisition procedures in excess of the micro-purchase threshold; and,

(5) Any competitively awarded subcontract to one of the three target groups under a prime award.

(b) *Prime contract awards.* Award values and dollars obligated under prime contracts and modifications to prime contracts for Energy Policy Act requirements shall be reported through the Department of Energy Procurement and Assistance Data System.

(c) *Subcontract awards.* The contractor shall be required to report, on an annual Federal Government fiscal year basis, its progress against Section 3021 goals by providing the actual dollar value of subcontract payments and the relationship of those payments to the incurred contract cost. If the contract includes reporting requirements under (FAR) 48 CFR 52.219-9, Small Business and Small Disadvantaged Business Subcontracting Plan, the contractor's progress against the Section 3021 goals shall be included as an addendum to Standard Form (SF) 294, Subcontracting Report for Individual Contracts, and/or SF 295, Summary Subcontract Report, as applicable, for the period that corresponds to the end of the Federal Government fiscal year.

926.7007 Solicitation provisions and contract clauses.

(a) The contracting officer shall insert the provision at 952.226-70, Subcontracting Goals under Section 3021(a) of the Energy Policy Act of 1992 (Pub. L. 102-486) (Energy Policy Act), in solicitations for Energy Policy Act procurements.

(b) The contracting officer shall insert the clause at 952.226-71, Utilization of Energy Policy Act Target Entities, in contracts for the Energy Policy Act requirements with an award value in excess of the simplified acquisition threshold.

(c) The contracting officer shall insert the clause at 952.226-72, Energy Policy Act Subcontracting Goals and Reporting Requirements, in contracts for Energy Policy Act requirements with an award value in excess of \$500,000 (\$1,000,000 in the case of construction).

(d) The contracting officer shall insert the provision at 48 CFR 952.226-73, Energy Policy Act Target Group Representation, in solicitations for Energy Policy Act procurements.

(e) The contracting officer shall insert the clause at (FAR) 48 CFR 52.219-

926.7101

14, Limitation on Subcontracting, in contracts for Energy Policy Act requirements with an entity from among the Energy Policy Act target groups.

[60 FR 22300, May 5, 1995, as amended at 62 FR 42074, Aug. 5, 1997]

Subpart 926.71—Implementation of Section 3161 of the National Defense Authorization Act for Fiscal Year 1993.

SOURCE: 62 FR 34861, June 27, 1997, unless otherwise noted.

926.7101 Policy.

Consistent with the requirements of Section 3161(c)(2), 42 U.S.C. 7474h(c)(2), in instances where DOE has determined that a change in workforce at a DOE Defense Nuclear Facility is necessary, the Department, to the extent practicable, is required to provide employees under Department of Energy contracts whose employment in positions at such a facility is terminated with a preference in any hiring of the Department. Consistent with published DOE guidance regarding Section 3161, such preference in hiring extends to hiring by DOE contractors and subcontractors.

926.7102 Definition.

Eligible employee means a current or former employee of a contractor or subcontractor employed at a DOE Defense Nuclear Facility—

(1) Whose position of employment has been, or will be, involuntarily terminated (except if terminated for cause),

(2) Who has met the eligibility criteria contained in Department of Energy guidance for contractor work force restructuring, as may be amended or supplemented from time to time, and

48 CFR Ch. 9 (10–1–03 Edition)

(3) Who is qualified for a job vacancy with the Department or one of its contractors with respect to work under its contract with the Department at the time a position is available.

926.7103 Requirements.

(a) Section 3161, 42 U.S.C. 7474h, confers a continuing right to a preference in hiring to an eligible employee of Department of Energy Defense Nuclear Facilities. This right to a preference in hiring includes employment opportunities of any Department of Energy contractor, regardless of the place of performance of the contract. Accordingly, eligible former employees of contractors and subcontractors employed at Department of Energy Defense Nuclear Facilities, to the extent practicable, shall be provided a hiring preference in employment opportunities of other Department of Energy contractors for work under their contracts.

(b) The Office of Worker and Community Transition (WT) is responsible for establishing policies and procedures relating to the Department of Energy implementation of Section 3161. Contracting Officers, in concert with representatives of the field office responsible for implementation of Section 3161 at the Department of Energy Defense Nuclear Facility and local counsel, should consult with the Office of Worker and Community Transition to determine applicability of Section 3161 requirements, including hiring preference requirements, for displaced workers.

926.7104 Contract clause.

The contracting officer shall insert the clause at 48 CFR (DEAR) 952.226–74, Displaced Employee Hiring Preference, in contracts (except for contracts for commercial items, pursuant to 41 U.S.C. 403) which exceed \$500,000 in value.

Subpart 927.2—Patents

SOURCE: 60 FR 11815, Mar. 2, 1995, unless otherwise noted.

927.200 Scope of subpart.

When consulting 48 CFR part 27, subpart 27.2 of the FAR, consider “research, development, and demonstration” to replace the phrase “research and development” or “R&D,” for the purposes of DOE actions.

927.201 Authorization and consent.

927.201-1 General.

In certain contracting situations, such as those involving research, development, or demonstration projects, consideration should be given to the impact of third party-owned patents covering technology that may be incorporated in the project which patents may ultimately affect widespread commercial use of the project results. In such situations, Patent Counsel shall be consulted to determine what modifications, if any, are to be made to the utilization of the Authorization and Consent and Patent Indemnity provisions or what other action might be deemed appropriate.

927.206 Refund of royalties.

927.206-1 General.

The clause at 952.227-9, Refund of Royalties, obligates the contractor to inform DOE of the payment of royalties pertaining to the use of intellectual property, either patent or data related, in the performance of the contract. This information may result in identification of instances in which the Government already has a license for itself or others acting in its behalf or the right to sublicense others. Also, there may be pending antitrust actions or challenges to the validity of a patent or the proprietary nature of the data, or the contractor may be able to gain unrestricted access to the same data through other sources. In such situations the contractor may avoid the payment of a royalty in its entirety or may be charged a reduced royalty.

927.206-2 Clause for refund of royalties.

The contracting officer shall insert the clause at 952.227-9, Refund of Royalties, in solicitations and contracts for experimental, research, developmental, or demonstration work or other solicitations and contracts in which the contracting officer believes royalties will have to be paid by the contractor or a subcontractor of any tier.

927.207 Classified contracts.**927.207-1 General.**

Unauthorized disclosure of classified subject matter, whether in a patent application or resulting from the issuance of a patent, may be a violation of the Atomic Energy Act of 1954, as amended, other laws relating to espionage and national security, and provisions of the proposed contract pertaining to disclosure of information.

Subpart 927.3—Patent Rights Under Government Contracts

927.300 General.

(a) One of the primary missions of the Department of Energy is the use of its procurement process to ensure the conduct of research, development, and demonstration leading to the ultimate commercialization of efficient sources of energy. To accomplish its mission, DOE must work in cooperation with industry in the development of new energy sources and in achieving the ultimate goal of widespread commercial use of those energy sources. To this end, Congress has provided DOE with the authority to invoke an array of incentives to secure the commercialization of new technologies developed for DOE. One such important incentive is provided by the patent system.

(b) Pursuant to 42 U.S.C. 2182 and 42 U.S.C. 5908, DOE takes title to all inventions conceived or first actually reduced to practice in the course of or under contracts with large, for-profit companies, foreign organizations, and others not beneficiaries of Pub. L. 96-517. Regulations dealing with Department's authority to waive its title to subject inventions, including the relevant statutory objectives, exist at 10

CFR part 784. Pursuant to that section, DOE may waive the Government's patent rights in appropriate situations at the time of contracting to encourage industrial participation, foster commercial utilization and competition, and make the benefits of DOE activities widely available to the public. In addition to considering the waiver of patent rights at the time of contracting, DOE will also consider the incentive of a waiver of patent rights upon the reporting of an identified invention when requested by such entities or by the employee-inventor with the permission of the contractor. These requests can be made whether or not a waiver request was made at the time of contracting. Waivers for identified inventions will be granted where it is determined that the patent waiver will be a meaningful incentive to achieving the development and ultimate commercial utilization of inventions. Where DOE grants a waiver of the Government's patent rights, either at the time of contracting or after an invention is made, certain minimum rights and obligations will be required by DOE to protect the public interest.

(c) Another major DOE mission is to manage the nation's nuclear weapons and other classified programs, where research and development procurements are directed toward processes and equipment not available to the public. To accomplish DOE programs for bringing private industry into these and other special programs to the maximum extent permitted by national security and policy considerations, it is desirable that the technology developed in these programs be made available on a selected basis for use in the particular fields of interest and under controlled conditions by properly cleared industrial and scientific research institutions. To ensure such availability and control, the grant of waivers in these programs may necessarily be more limited, either by the imposition of field of use restrictions or national security measures, than in other DOE programs.

[60 FR 11815, Mar. 2, 1995, as amended at 63 FR 10505, Mar. 4, 1998]

927.302 Policy.

(a) Except for contracts with organizations that are beneficiaries of Public Law 96-517, the United States, as represented by DOE, shall normally acquire title in and to any invention or discovery conceived or first actually reduced to practice in the course of or under the contract, allowing the contractor to retain a nonexclusive, revocable, paid-up license in the invention and the right to request permission to file an application for a patent and retain title to any ensuing patent in any foreign country in which DOE does not elect to secure patent rights. DOE may approve the request if it determines that such approval would be in the national interest. The contractor's non-exclusive license may be revoked or modified by DOE only to the extent necessary to achieve expeditious practical application of the invention pursuant to any application for and the grant of an exclusive license in the invention to another party.

(b) In contracts having as a purpose the conduct of research, development, or demonstration work and in certain other contracts, DOE may need to require those contractors that are not the beneficiaries of Public Law 96-517 to license background patents to ensure reasonable public availability and accessibility necessary to practice the subject of the contract in the fields of technology specifically contemplated in the contract effort. That need may arise where the contractor is not attempting to take the technology resulting from the contract to the commercial marketplace, or is not meeting market demands. The need for background patent rights and the particular rights that should be obtained for either the Government or the public will depend upon the type, purpose, and scope of the contract effort, impact on the DOE program, and the cost to the Government of obtaining such rights.

(c) Provisions to deal specifically with DOE background patent rights are contained in paragraph (k) of the clause at 952.227-13. That paragraph may be modified with the concurrence of Patent Counsel in order to reflect the equities of the parties in particular contracting situations. Paragraph (k) should normally be deleted for con-

tracts with an estimated cost and fee or price of \$250,000 or less and may not be appropriate for certain types of study contracts; for planning contracts; for contracts with educational institutions; for contracts for specialized equipment for in-house Government use, not involving use by the public; and for contracts the work products of which will not be the subject of future procurements by the Government or its contractors.

(d) The Assistant General Counsel for Technology Transfer and Intellectual Property shall:

(1) Make the determination that whether reported inventions are subject inventions under the patent rights clause of the contract;

(2) Determine whether and where patent protection will be obtained on inventions;

(3) Represent DOE before domestic and foreign patent offices;

(4) Accept assignments and instruments confirmatory of the Government's rights to inventions; and

(5) Represent DOE in patent, technical data, and copyright matters not specifically reserved to the Head of the Agency or designee.

[60 FR 11816, Mar. 2, 1995]

927.303 Contract clauses.

(a) In solicitations and contracts for experimental, research, developmental, or demonstration work (but see (FAR) 48 CFR 27.304-3 regarding contracts for construction work or architect-engineer services), the contracting officer shall include the clause:

(1) At 952.227-13, Patent Rights Acquisition by the Government, in all such contracts other than those described in paragraphs (a)(2) and (a)(3) of this section;

(2) At 952.227-11, Patent Rights by the Contractor (Short Form), in contracts in which the contractor is a domestic small business or nonprofit organization as defined at (FAR) 48 CFR 27.301, except where the work of the contract is subject to an Exceptional Circumstances Determination by DOE; and

(3) At 970.5227-10, 970.5227-11, or 970.5227-12, as discussed in 970.27, Patent, Data, and Copyrights, in contracts for the management and operation of

DOE laboratories and production facilities.

(b) DOE shall not use the clause at (FAR) 48 CFR 52.227-12 except in situations where patent counsel grants a request for advance waiver pursuant to 10 CFR part 784 and supplies the contracting officer with that clause with appropriate modifications. Otherwise, in instances in which DOE grants an advance waiver or waives its rights in an identified invention pursuant to 10 CFR part 784, contracting officers shall consult with patent counsel for the appropriate clause.

(c) Any contract that has as a purpose the design, construction, operation, or management integration of a collection of contracts for the same purpose, of a Government-owned research, development, demonstration or production facility must accord the Government certain rights with respect to further use of the facility by or on behalf of the Government upon termination of the contract. The patent rights clause in such contracts must include the following facilities license paragraph:

[Insert appropriate paragraph no.] *Facilities License.* In addition to the rights of the parties with respect to inventions or discoveries conceived or first actually reduced to practice in the course of or under this contract, the Contractor agrees to and does hereby grant to the Government an irrevocable, nonexclusive, paid-up license in and to any inventions or discoveries regardless of when conceived or actually reduced to practice or acquired by the Contractor at any time through completion of this contract and which are incorporated or embodied in the construction of the facility or which are utilized in the operation of the facility or which cover articles, materials, or products manufactured at the facility (1) to practice or have practiced by or for the Government at the facility, and (2) to transfer such license with the transfer of that facility. Notwithstanding the acceptance or exercise by the Government of these rights, the Government may contest at any time the enforceability, validity or scope of, title to, any rights or patents herein licensed.

(End of paragraph)

927.304 Procedures.

Where the contract contains the clause at 952.227-11 and the contractor does not elect to retain title to a subject invention, DOE may consider and, after consultation with the contractor, grant requests for retention of rights by the inventor subject to the provisions of 35 U.S.C. 200 *et seq.* This statement is in lieu of (FAR) 48 CFR 27.304-1(c).

927.370 [Reserved]

Subpart 927.4—Technical Data and Copyrights

927.400 Scope of subpart.

This subpart sets forth DOE's policy, procedures, and instructions for contract clauses with respect to the acquisition and use of technical data and copyrights in contracts or subcontracts entered into, with or for the benefit of the Government.

927.402 Acquisition and use of technical data.

927.402-1 General.

(a) The provisions herein pertain to research, development, demonstration and supply contracts. Special considerations for contracts for the operation, design, or construction of Government-owned facilities are covered by subpart 970.27. Under DOE's broad charter to perform research, development, and demonstration work, in both nuclear and nonnuclear fields, and to meet the objectives stated in 927.402-2, DOE has extensive needs for technical data. The satisfaction of these needs and the achievement of DOE's objectives through a sound data policy are found in the balancing of the needs and equities of the Government, its contractors, and the general public.

(b) It is important to keep a clear distinction between contract requirements for the delivery of technical data and rights in technical data. The legal rights which the Government acquires in technical data in DOE contracts, other than management and operating contracts (see 48 CFR 970.2704)

and other contracts involving the production of data necessary for the management or operation of DOE facilities or a DOE site, are set forth in Rights in Data—General clause at 48 CFR 52.227-14 as modified in accordance with 927.409 of this subpart. In those contracts involving the production of data necessary for the management or operation of DOE facilities or a DOE site, after consultation with Patent Counsel the clause at 48 CFR 970.5227-1 shall be used. However, those clauses do not obtain for the Government delivery of any data whatsoever. Rather, known requirements for the technical data to be delivered by the contractor shall be set forth as part of the contract. The Additional Technical Data Requirements clause at 48 CFR 52.227-16 may be used along with the Rights in Data—General clause to enable the contracting officer to require the contractor to furnish additional technical data, the requirement for which was not known at the time of contracting. There is, however, a built-in limitation on the kind of technical data which a contractor may be required to deliver under either the contract or the Additional Technical Data Requirements clause. This limitation is found in the withholding provision of paragraph (g) of the Rights in Data—General clause at 48 CFR 52.227-14, as amended at 48 CFR 927.409(a), which provides that the Contractor need not furnish limited rights data or restricted computer software. Unless Alternate II or III to the Rights in Data—General clause is used, it is specifically intended that the contractor may withhold limited rights data or restricted computer software even though a requirement for technical data specified in the contract or called for delivery pursuant to the Additional Technical Data Requirements clause would otherwise require the delivery of such data.

(c) In contracts involving access to certain categories of DOE-owned restricted data, as set forth in 10 CFR part 725, DOE has reserved the right to receive reasonable compensation for the use of its inventions and discoveries, including its related data and technology. Accordingly, in contracts where access to such restricted data is to be provided to contractors, the fol-

lowing parenthetical phrase shall be inserted after “contract data” in paragraph (b)(2)(ii) of the clause at 952.227-75, after “technical data” in paragraph (b)(2) of the clause at 952.227-77, or after “technical data” in paragraph (b)(2)(ii) of the clause at 952.227-78 as appropriate: “(except Restricted Data in category C-24, 10 CFR part 725, in which DOE has reserved the right to receive reasonable compensation for the use of its inventions and discoveries, including related data and technology).” In addition, there are other types of contract situations (e.g., no cost contracts for studies or evaluation) wherein the contractor is given access to restricted data. In such contract situations, limitations on the use of such data may be appropriate.

[49 FR 12004, Mar. 28, 1984, as amended at 63 FR 10505, Mar. 4, 1998; 65 FR 81007, Dec. 22, 2000]

927.402-2 Policy.

The technical data policy is directed toward achieving the following objectives:

(a) Making the benefits of the energy research, development and demonstration programs of DOE widely available to the public in the shortest practicable time;

(b) Promoting the commercial utilization of the technology developed under DOE programs;

(c) Encouraging participation by private persons in DOE energy research, development, and demonstration programs; and

(d) Fostering competition and preventing undue market concentration or the creation or maintenance of other situations inconsistent with the anti-trust laws.

927.403 Negotiations and deviations.

Contracting officers shall contact Patent Counsel assisting their contracting activity or the Assistant General Counsel for Technology Transfer and Intellectual Property for assistance in selecting, negotiating, or approving appropriate data and copyright clauses in accordance with the procedures set forth in this subpart and 48 CFR part 27.4. In particular, contracting officers shall seek the prompt

and timely advice of Patent Counsel regarding any situation not in conformance with this subpart and prescribed clauses, including the inclusion or modification of alternate paragraphs of the Rights in Data clause at 48 CFR 52.227-14, as amended at 48 CFR 927.409(a), the exclusion of specific items from said clause, the exclusion of the Additional Technical Data Requirements clause at 48 CFR 52.227-16, and the inclusion of any special provisions in a particular contract.

[63 FR 10505, Mar. 4, 1998]

927.404 Rights in technical data in subcontracts. (DOE coverage—paragraphs (g), (k), (l), and (m))

(g)(4) Contractors are required by paragraph (d)(3) of the clause at FAR 52.227-14, as modified pursuant to 48 CFR 927.409(a)(1), to acquire permission from DOE to assert copyright in any computer software first produced in the performance of the contract. This requirement reflects DOE's established software distribution program, recognized at FAR 27.404(g)(2), and the Department's statutory dissemination obligations. When a contractor requests permission to assert copyright in accordance with paragraph (d)(3) of the Rights in Data—General clause as prescribed for use at 48 CFR 927.409(a)(1), Patent Counsel shall predicate its decision on the considerations reflected in paragraph (e) of the clause at 48 CFR 970.5227-2 Rights in Data—Technology Transfer.

(k) *Subcontracts.* (1)(i) It is the responsibility of prime contractors and higher tier subcontractors, in meeting their obligations with respect to contract data, to obtain from their subcontractor the rights in, access to, and delivery of such data on behalf of the Government. Accordingly, subject to the policy set forth in this subpart, and subject to the approval of the contracting officer, where required, selection of appropriate technical data provisions for subcontracts is the responsibility of the prime contractors or higher-tier subcontractors. In many, but not all instances, use of the Rights in Technical Data clause of FAR 52.227-14, as modified pursuant to 48 CFR 927.409(a)(1), in a subcontract will provide for sufficient Government rights

in and access to technical data. The inspection rights afforded in Alternate V of that clause normally should be obtained only in first-tier subcontracts having as a purpose the conduct of research, development, or demonstration work or the furnishing of supplies for which there are substantial technical data requirements as reflected in the prime contract.

(ii) If a subcontractor refuses to accept technical data provisions affording rights in and access to technical data on behalf of the Government, the contractor shall so inform the contracting officer in writing and not proceed with the award of the subcontract without written authorization of the contracting officer.

(iii) In prime contracts (or higher-tier subcontracts) which contain the Additional Technical Data Requirements clause at FAR 52.227-16, it is the further responsibility of the contractor (or higher-tier subcontractor) to determine whether inclusion of such clause in a subcontract is required to satisfy technical data requirements of the prime contract (or higher-tier subcontract).

(2) As is the case for DOE in its determination of technical data requirements, the Additional Technical Data Requirements clause at FAR 52.227-16 should not be used at any subcontracting tier where the technical data requirements are fully known. Normally, the clause will be used only in subcontracts having as a purpose the conduct of research, development, or demonstration work. Prime contractors and higher-tier subcontractors shall not use their power to award subcontracts as economic leverage to acquire rights in the subcontractor's limited rights data or restricted computer software for their private use, and they shall not acquire rights to limited rights data or restricted computer software on behalf of the Government for standard commercial items without the prior approval of Patent Counsel.

(l) *Contractor licensing.* In many contracting situations the achievement of DOE's objectives would be frustrated if the Government, at the time of contracting, did not obtain on behalf of responsible third parties and itself limited license rights in and to limited

rights data or restricted computer software or both necessary for the practice of subject inventions or data first produced or delivered in the performance of the contract. Where the purpose of the contract is research, development, or demonstration, contracting officers should consult with program officials and Patent Counsel to consider whether such rights should be acquired. No such rights should be obtained from a small business or non-profit organization, unless similar rights in background inventions of the small business or non-profit organization have been authorized in accordance with 35 U.S.C. 202(f). In all cases when the contractor has agreed to include a provision assuring commercial availability of background patents, consideration should be given to securing for the Government and responsible third parties at reasonable royalties and under appropriate restrictions, co-extensive license rights for data which are limited rights data and restricted computer software. When such license rights are deemed necessary, the Rights in Data-General clause at FAR 52.227-14 should be supplemented by the addition of Alternate VI as provided at 48 CFR 952.227-14. Alternate VI will normally be sufficient to cover limited rights data and restricted computer software for items and processes that were used in the contract and are necessary in order to insure widespread commercial use or practical utilization of a subject of the contract. The expression "subject of the contract" is intended to limit the licensing required in Alternate VI to the fields of technology specifically contemplated in the contract effort and may be replaced by a more specific statement of the fields of technology intended to be covered in the manner described in the patent clause at 48 CFR 952.227-13 pertaining to "Background Patents." Where, however, limited rights data and restricted computer software cover the main purpose or basic technology of the research, development, or demonstration effort of the contract, rather than subcomponents, products, or processes which are ancillary to the contract effort, the limitations set forth in subparagraphs (k)(1) through (k)(4) of Alternate VI of 48 CFR 952.227-14 should be modified or

deleted. Paragraph (k) of 48 CFR 952.227-14 further provides that limited rights data or restricted computer software may be specified in the contract as being excluded from or not subject to the licensing requirements thereof. This exclusion can be implemented by limiting the applicability of the provisions of paragraph (k) of 48 CFR 952.227-14 to only those classes or categories of limited rights data and restricted computer software determined as being essential for licensing. Although contractor licensing may be required under paragraph (k) of 48 CFR 952.227-14, the final resolution of questions regarding the scope of such licenses and the terms thereof, including provisions for confidentiality, and reasonable royalties, is then left to the negotiation of the parties.

(m) *Access to restricted data.* In contracts involving access to certain categories of DOE-owned Category C-24 restricted data, as set forth in 10 CFR part 725, DOE has reserved the right to receive reasonable compensation for the use of its inventions and discoveries, including its related data and technology. Accordingly, in contracts where access to such restricted data is to be provided to contractors, Alternate VII shall be incorporated into the rights in technical data clause of the contract. In addition, in any other types of contracting situations in which the contractor may be given access to restricted data, appropriate limitations on the use of such data must be specified.

[63 FR 10505, Mar. 4, 1998, as amended at 65 FR 81007, Dec. 22, 2000]

927.404-70 Statutory programs.

Occasionally, Congress enacts legislation that authorizes or requires the Department to protect from public disclosure specific data first produced in the performance of the contract. Examples of such programs are "the Metals Initiative" and section 3001(d) of the Energy Policy Act. In such cases DOE Patent Counsel is responsible for providing the appropriate contractual provisions for protecting the data in accordance with the statute. Generally, such clauses will be based upon the Rights in Data-General clause prescribed for use at 48 CFR 927.409(a) with

appropriate modifications to define and protect the “protected data” in accordance with the applicable statute. When contracts under such statutes are to be awarded, contracting officers must acquire from Patent Counsel the appropriate contractual provisions. Additionally, the contracting officer must consult with DOE program personnel and Patent Counsel to identify data first produced in the performance of the contract that will be recognized by the parties as protected data and what data will be made available to the public notwithstanding the statutory authority to withhold the data from public dissemination.

[63 FR 10506, Mar. 4, 1998]

927.408 Cosponsored research and development activities.

Because of the Department of Energy’s statutory duties to disseminate data first produced under its contracts for research, development, and demonstration, the provisions of FAR 27.408 do not apply to cosponsored or cost shared contracts.

[63 FR 10506, Mar. 4, 1998]

927.409 Solicitation provisions and contract clauses. (DOE coverage-paragraphs (a), (h), (s), and (t))

(a)(1) The contracting officer shall insert the clause at FAR 52.227-14, Rights in Data-General, substituting the following paragraph (a) and including the following paragraph (d)(3) and Alternate V in solicitations and contracts if it is contemplated that data will be produced, furnished, or acquired under the contract; except contracting officers are authorized to use Alternate IV rather than paragraph (d)(3) in contracts for basic or applied research with educational institutions except where software is specified for delivery or except where other special circumstances exist:

(a) *Definitions.* (1) *Computer data bases*, as used in this clause, means a collection of data in a form capable of, and for the purpose of, being stored in, processed, and operated on by a computer. The term does not include computer software.

(2) *Computer software*, as used in this clause, means (i) computer programs which are data comprising a series of instructions, rules, routines, or statements, regardless of

the media in which recorded, that allow or cause a computer to perform a specific operation or series of operations and (ii) data comprising source code listings, design details, algorithms, processes, flow charts, formulae, and related material that would enable the computer program to be produced, created, or compiled. The term does not include computer data bases.

(3) *Data*, as used in this clause, means recorded information, regardless of form or the media on which it may be recorded. The term includes technical data and computer software. For the purposes of this clause, the term does not include data incidental to the administration of this contract, such as financial, administrative, cost and pricing, or management information.

(4) *Form, fit, and function data*, as used in this clause, means data relating to items, components, or processes that are sufficient to enable physical and functional interchangeability, as well as data identifying source, size, configuration, mating, and attachment characteristics, functional characteristics, and performance requirements; except that for computer software it means data identifying source, functional characteristics, and performance requirements but specifically excludes the source code, algorithm, process, formulae, and flow charts of the software.

(5) *Limited rights data*, as used in this clause, means data, other than computer software, developed at private expense that embody trade secrets or are commercial or financial and confidential or privileged. The Government’s rights to use, duplicate, or disclose limited rights data are as set forth in the Limited Rights Notice of subparagraph (g)(2) of this section if included in this clause.

(6) *Restricted computer software*, as used in this clause, means computer software developed at private expense and that is a trade secret; is commercial or financial and is confidential or privileged; or is published copyrighted computer software, including minor modifications of any such computer software. The Government’s rights to use, duplicate, or disclose restricted computer software are as set forth in the Restricted Rights Notice of subparagraph (g)(3) of this section if included in this clause.

(7) *Technical data*, as used in this clause, means recorded data, regardless of form or characteristic, that are of a scientific or technical nature. Technical data does not include computer software, but does include manuals and instructional materials and technical data formatted as a computer data base.

(8) *Unlimited rights*, as used in this clause, means the rights of the Government to use, disclose, reproduce, prepare derivative works, distribute copies to the public, including by electronic means, and perform

Department of Energy

publicly and display publicly, in any manner, including by electronic means, and for any purpose whatsoever, and to have or permit others to do so.

(d)(3) The Contractor agrees not to assert copyright in computer software first produced in the performance of this contract without prior written permission of the DOE Patent Counsel assisting the contracting activity. When such permission is granted, the Patent Counsel shall specify appropriate terms, conditions, and submission requirements to assure utilization, dissemination, and commercialization of the data. The Contractor, when requested, shall promptly deliver to Patent Counsel a duly executed and approved instrument fully confirmatory of all rights to which the Government is entitled.

(2) However, rights in data in these specific situations will be treated as described, where the contract is—

(i) For the production of special works of the type set forth in FAR 27.405(a), but the clause at FAR 52.227-14, Rights in Data-General, shall be included in the contract and made applicable to data other than special works, as appropriate (See paragraph (i) of FAR 27.409);

(ii) For the acquisition of existing data works, as described in FAR 27.405(b) (See paragraph (j) of FAR 27.409);

(iii) To be performed outside the United States, its possessions, and Puerto Rico, in which case agencies may prescribe different clauses (See paragraph (n) of FAR 27.409);

(iv) For architect-engineer services or construction work, in which case contracting officers shall utilize the clause at FAR 52.227-17, Rights in Data-Special Works;

(v) A Small Business Innovation Research contract (See paragraph (l) of FAR 27.409);

(vi) For management and operation of a DOE facility (see 48 CFR 970.2704) or other contracts involving the production of data necessary for the management or operation of DOE facilities or a DOE site, after consultation with Patent Counsel (See 927.402-1(b)); or

(vii) Awarded pursuant to a statute expressly providing authority for the protection of data first produced thereunder from disclosure or dissemination. (See 927.404-70).

(h) The contracting officer shall insert the clause at FAR 52.227-16, Addi-

tional Data Requirements, in solicitations and contracts involving experimental, developmental, research, or demonstration work (other than basic or applied research to be performed solely by a university or college where the contract amount will be \$500,000 or less) unless all the requirements for data are believed to be known at the time of contracting and specified in the contract. See FAR 27.406(b). This clause may also be used in other contracts when considered appropriate.

* * * * *

(s) Contracting officers shall incorporate the solicitation provision at FAR 52.227-23, Rights to Proposal Data (Technical), in all requests for proposals.

(t) Contracting officers shall include the solicitation provision at 952.227-84 in all solicitations involving research, developmental, or demonstration work.

931.102 Fixed-price contracts.

The intent of the first sentence of FAR 31.102 is that applicable subparts of FAR Part 31 shall be used by the Government in (a) pricing fixed-price prime contracts and modifications, (b) evaluating the reasonableness of a prime contractor's (or prospective prime contractor's) proposed subcontract (or subcontract modification) prices, and (c) determining the allowability of contractor payments to subcontractors in accordance with the provisions of FAR 31.204(b).

(c)(2) IR&D costs are recoverable under DOE contracts to the extent they are reasonable, allocable, not otherwise unallowable, and have potential benefit or relationship to the DOE program. The term "DOE program" encompasses the DOE total mission and its objectives. B&P costs are recoverable under DOE contracts to the extent they are reasonable, allocable, and not otherwise unallowable.

931.205-32 Precontract costs.

(a) To the extent practical, known expenditures of precontract costs under DOE contracts should be governed by establishing advance understandings as contemplated by FAR 31.109. Contracts that include authorized precontract costs shall include the "Date of Incurrence of Cost" clause specified at 952.231-70.

(b) The following limitations apply to establishment of advance understandings relative to precontract costs:

(1) Precontract cost authorizations shall not be used to cover a period in excess of 15 days, unless a longer period is approved by the HCA based upon a written finding that such an allowance is reasonable, and shall not be extended or renewed. A copy of the findings shall be forwarded to the Procurement Executive at the time of approval. If prolonged coverage is necessary, a letter contract shall be issued.

(2) All precontract cost authorizations shall be reviewed and approved at a management level above the contracting officer.

(3) Retroactive precontract cost authorization and the predating of contractual agreements shall not be used.

(4) Precontract cost authorizations shall not authorize the delivery or furnishing of any goods or services from a contractor until after the contract is executed.

(B) This cost principle and 10 CFR part 719 are applicable to legal counsel retained by the Department itself for litigation and other legal services where the legal costs over the life of the matter for which counsel has been retained are expected to exceed \$100,000.

(3) Contractors described in paragraph (g)(2)(A) of this section are required to submit a Legal Management Plan within 60 days of execution of a contract.

931.205-47 Costs related to legal and other proceedings. (DOE coverage-paragraph (h)).

(h) Costs Associated with Whistleblower Actions.

(1) Definitions for purposes of this paragraph (h):

Covered contractors and subcontractors means those contractors and subcontractors with contracts exceeding \$5,000,000.

Employee whistleblower action means any action filed by an employee in Federal or state court for redress of a retaliatory act by a contractor and any administrative procedure initiated by an employee under 29 CFR Part 24, 48 CFR subpart 3.9, 10 CFR Part 708 or 42 U.S.C. 7239.

Retaliatory act means a discharge, demotion, reduction in pay, coercion, restraint, threat, intimidation or other similar negative action taken against an employee by a contractor as a result of an employee's activity protected as a whistleblower activity by a Federal or state statute or regulation.

Settlement and award costs means defense costs and costs arising from judicial orders, negotiated agreements, arbitration, or an order from a Federal agency or board and includes compensatory damages, underpayment for work performed, and reimbursement

for a complainant employee's legal counsel.

(2) For costs associated with employee whistleblower actions where a retaliatory act is alleged against a covered contractor or subcontractor, the contracting officer:

(i) May authorize reimbursement of costs on a provisional basis, in appropriate cases;

(ii) Must consult with the Office of General Counsel whistleblower costs point of contact, who will consult with other Headquarters points of contact as appropriate, before making a final allowability determination; and

(iii) Must determine allowability of defense, settlement and award costs on a case-by-case basis after considering the terms of the contract, relevant cost regulations, and the relevant facts and circumstances, including federal law and policy prohibiting reprisal against whistleblowers, available at the conclusion of the employee whistleblower action.

(3) Covered contractors and subcontractors must segregate legal costs, including costs of in-house counsel, incurred in the defense of an employee whistleblower action so that the costs are separately identifiable.

(4) If a contracting officer provisionally disallows costs associated with an employee whistleblower action for a covered contractor or subcontractor, funds advanced by the Department may not be used to finance costs connected with the defense, settlement and award of an employee whistleblower action.

(5) Contractor defense, settlement and award costs incurred in connection with the defense of suits brought by employees under section 2 of the Major Fraud Act of 1988 are excluded from coverage of this section.

932.803 Policies.

(d) In the case of prime contracts, when it has been determined that the financing of contracts will be facilitated in the interest of DOE programs, it is the policy of DOE that such contracts provide, or be amended without consideration (see Assignment of Claims Act of 1940) to provide, in conformance with FAR 32.804, that payments to be made to an assignee shall not be subject to reduction or setoff. In the case of subcontracts, when loans are made for the purpose of financing performance of subcontracts under DOE prime contracts, financing institutions or the Government as guarantor in those instances in which such loans are guaranteed should not be required to incur risks of loss by reason of possible diversion of assigned subcontracts proceeds for payment of other claims of the prime contractor against the borrower, otherwise unrelated to the assigned subcontracts. The Head of the Contracting Activity shall require the adoption of these policies and practices by DOE prime contractors with respect to DOE subcontract work. The Head of the Contracting Activity should inform the Chief Financial Officer, Headquarters of each DOE contractor who is unwilling to adopt policies consistent with this paragraph and the reasons given in support of the contractor's position.

Subpart 932.9—Prompt Payment**932.970 Implementing DOE policies and procedures.**

(a) *Invoice payments*—(1) *Contract Settlement Date*. For purposes of determining any interest penalties under cost-type contracts, the effective date of contract settlement shall be the effective date of the final contract modification issued to acknowledge contract settlement and to close out the contract.

(2) *Constructive acceptance periods*. Where the contracting officer determines, in writing, on a case-by-case basis, that it is not reasonable or feasible for DOE to perform the acceptance or approval function within the standard period, the contracting officer should specify a longer constructive acceptance or approval period, as appropriate. Considerations include, but are not limited to, the nature of supplies or services involved, geographical site location, inspection and testing requirements, shipping and acceptance terms, and available DOE resources.

(b) *Contract financing payments*. Contracting officers may specify payment due dates that are less than the standard 30 days when a determination is made, in writing, on a case-by-case basis, that a shorter contract financing payment cycle will be required to finance contract work. In such cases, the contracting officer should coordinate with the finance and program officials that will be involved in the payment process to ensure that the contract payment terms to be specified in solicitations and resulting contract awards can be reasonably met. Consideration should be given to geographical separation, workload, contractor ability to submit a proper request, and other factors that could affect timing of payment. However, payment due dates that are less than 7 days for progress payments or less than 14 days for interim payments on cost-type contracts are not authorized.

[61 FR 41708, Aug. 9, 1996]

Subpart 932.70—DOE Loan Guarantee Authority**932.7002 Authority.**

Guaranteed loan applications shall be authorized and transmitted to the Federal Reserve Board only by the Secretary, or designee specified for that purpose, and only when made pursuant to enabling legislation or other authority; e.g., by executive order or regulation.

932.7003 Policies.

The following policies governing the exercise of its loan guarantee authority have been established by DOE:

(a) The use of the loan guarantee authority is not restricted to contracts or subcontracts of any particular type or class. Each case is to be evaluated on its own merits and under the particular circumstances applicable thereto.

(b) The fact that a contract has been awarded as a result of competitive bidding should not, of itself, render the loan ineligible for guarantee by DOE if the contractor is financially responsible and its need for working capital is the result of the impact of a defense program or any other DOE program for which guaranteed loans are authorized.

(c) The guarantee authority should, in general, not be used in connection with loans to contractors required to furnish performance bonds, except in those cases in which the time likely to be required for the surety or DOE to take over in the event of default will result in delays which cannot be tolerated by the particular program concerned. When performance bonds have been furnished, the surety shall be required to subordinate its rights in favor of the guaranteed loan.

(d) The criterion that the materials or services to be provided cannot readily be acquired from alternative sources does not require the finding that the materials or services are absolutely unobtainable elsewhere. The criterion should be so applied as to permit guarantees of loans when, although the materials or services can be obtained elsewhere, such factors as the urgency of supply schedules, technical capacity

Department of Energy

932.7004-3

of the contractor, comparative prices, and time and expense involved in re-issuing the contract, including termination payment, establish that it is to the Government's advantage not to resort to alternative sources merely because the contractor or subcontractor may require a guaranteed loan.

(e) If it is known at the time the contract is to be awarded that the low offeror who is technically qualified and competent to furnish the required materials and services will require a guaranteed loan, the contracting officer should obtain appropriate advice and in reaching a decision should consider at least the following:

(1) The savings to be realized by awarding the contract to the low offeror;

(2) The risk to the Government in guaranteeing a loan; and

(3) The likelihood, if award is made to the second low offeror, of that offeror's applying for a guaranteed loan at a later date.

Extreme care should be exercised in rejecting a low bid or proposal simply because the low offeror requires a guaranteed loan.

(f) The amount of the loan should bear reasonable relationship to such factors as the value and terms of the contract, the probable investment required to be made by the contractor in payrolls and inventories, the frequency with which contract payments are to be made, and the borrower's current working capital position.

(g) Borrowings for working capital purposes under guaranteed loans shall be limited to the amount necessary to perform the contract for which the loan is sought. In order that the contractor will also use its own funds in the performance of the contracts, amounts outstanding under the loan or line-of-credit shall be limited to an amount not to exceed 90 percent of the borrower's investment in its contracts, regardless of the total amount of the loan or line of credit authorized. The borrower's investment includes all items for which the borrower would be entitled to payment on performance or termination of contracts, but does not include any items for which no work has been done nor expenditures made.

(h) Unless there are exceptional circumstances, the loan should mature not later than 30 days after the estimated date of final payment under the contract.

932.7004-1 Guaranteed loans for civilian programs.

The procedures for authorizing a guaranteed loan under legislation other than section 301 of the Defense Production Act of 1950 (50 U.S.C. App. 2091) shall be essentially the same as those set forth in FAR 32.304, Procedures, FAR 32.305, Loan Guarantees for Terminated Contracts, and FAR 32.306 Loan Guarantee for Subcontracts; except that any contrary provisions required by enabling legislation authorizing the loan shall govern.

932.7004-2 Criteria.

(a) The materials or services to be furnished by the contractor are necessary to the Government interest.

(b) The materials or services cannot as a practical matter be obtained from alternate sources without delay or impeding the Government's interest, except that no small business concern shall be held ineligible for the issuance of such guarantee by reason of alternative sources of supply.

(c) The contractor has demonstrated its inability to obtain the necessary financing in conventional credit channels without the guarantee.

(d) There is reasonable assurance that the loan can be repaid.

(e) The contractor is competent to perform the contract.

932.7004-3 Eligibility.

(a) Contracting officer determinations and findings regarding items (a), (b) and (e) in 932.7004-2 as incorporated in a Certificate of Eligibility (FAR 32.304-2); and

(b) The Chief Financial Officer's determination for items (c) and (d) in

933.102 General. (DOE coverage—paragraph (b))

(b) The Heads of Contracting Activities, for contracts estimated to be within the limits of their delegated authority, may, without power of redelegation, provide corrective relief in response to a protest in accordance with 48 CFR 33.102(b).

[63 FR 53758, Oct. 16, 1997]

933.103 Protests to the agency. (DOE coverage—paragraphs (f), (i), (j), and (k))

(f) If FAR 33.103(f) requires that award be withheld or performance be suspended or the awarded contract be terminated pending resolution of an agency protest, authority to award and/or continue performance of the protested contract may be requested by the Head of the Contracting Activity (HCA), concurred in by counsel, and approved by the Procurement Executive.

(i)(1) Protests filed with the contracting officer before or after award shall be decided by the Head of the Contracting Activity except for the following cases, which shall be decided by the Procurement Executive:

(i) The protester requests that the protest be decided by the Procurement Executive.

(ii) The HCA is the contracting officer of record at the time the protest is filed, having signed either the solicitation where the award has not been made, or the contract, where the award or nomination of the apparent successful offeror has been made.

(iii) The HCA concludes that one or more of the issues raised in the protest have the potential for significant impact on DOE acquisition policy.

(2) Upon receipt of a protest requesting a decision by the Procurement Executive, the contracting activity shall immediately provide a copy of the protest to the Office of Contract Management.

(j) The Department of Energy encourages direct negotiations between an offeror and the contracting officer in an attempt to resolve protests. In those situations where the parties are not able to achieve resolution, the Department favors the use of alternative dispute resolution (ADR) techniques to resolve protests. A protest requesting a decision at the Headquarters level shall state whether the protester is willing to utilize ADR techniques such as mediation or nonbinding evaluation of the protest by a neutral. Upon receipt of a protest requesting a decision at the Headquarters level, the Office of Contract Management will explore with the protester whether the use of ADR techniques would be appropriate to resolve the protest. Both parties must agree that the use of such techniques is appropriate. If the parties do not mutually agree to utilize ADR to resolve the protest, the protest will be processed in accordance with the procedures set forth in paragraph (k).

(k) Upon receipt of a protest lodged with the Department, the contracting officer shall prepare a report similar to that discussed in FAR 33.104(a)(3)(iii). In the case of a protest filed at the Headquarters level, the report shall be forwarded to the Office of Contract Management within 21 calendar days of being notified of such a protest with a proposed response to the protest. The Procurement Executive (for protests at the Headquarters level or those specific HCA protests cited in paragraph (i)(1))

(a)(2) The contracting officer shall provide the notice of protest.

(b) *Protests before award.* (1) When the Department has received notice from the GAO of a protest filed directly with the GAO, a contract may not be awarded until the matter is resolved, unless authorized by the Head of the Contracting Activity in accordance with FAR 33.104(b). Before the Head of the Contracting Activity authorizes the award, the required finding shall be concurred in by the DOE counsel handling the protest, endorsed by the Senior Program Official, and approved by the Procurement Executive. The finding shall address the likelihood that the protest will be sustained by the GAO.

(c) *Protests after award.* Before the Head of the Contracting Activity authorizes performance, the finding required by FAR 33.104(c)(2) shall be concurred in by the DOE counsel handling the protest, endorsed by the Senior

Program Official, and approved by the Procurement Executive.

(g) *Notice to GAO.* (1) The report to the GAO regarding a decision not to comply with the GAO's recommendation, discussed at FAR 33.104(f), shall be provided by the HCA making the award, after approval of the Procurement Executive. If a DOE-wide policy issue is involved, the report shall be provided by the Procurement Executive.

(2) It is the policy of the Department to comply promptly with recommendations set forth in Comptroller General Decisions except for compelling reasons.

(3) The GAO does not have jurisdiction to consider subcontractor protests. 933.106 Solicitation provisions.

933.106 Solicitation provisions.

(a) The contracting officer shall supplement the provision at FAR 52.233-2, Service of Protest, in solicitations for other than simplified acquisitions by adding the provision at 48 CFR 952.233-2.

(b) The contracting officer shall include the provision at 48 CFR 952.233-4 in solicitations for purchases above the simplified acquisition threshold.

(c) The contracting officer shall include the provision at 48 CFR 952.233-5 in solicitations for purchases above the simplified acquisition threshold.

Subpart 936.2—Special Aspects of Contracting for Construction

936.202 Specifications.

(a) To support all invitations for bids, plans and specifications will be available on request to all prospective bidders, including general contractors, subcontractors, and material and equipment suppliers. Where the cost of reproduction is \$10 or more, the charge shall be a minimum of \$10 and subject to a maximum of \$500, depending upon the size of the project and the number of drawings and the volume of specifications involved. Where the cost of reproduction is less than \$10, the contracting officer has authority to make distribution at cost of reproduction, or free of charge, as a particular situation dictates.

(f) No charge will be made to original receivers of plans and specifications for revised sheets of drawings and revised pages of specifications which are issued by amendments to invitations.

(g) Plans and specifications may be issued in complete sets only, or in complete sets and parts of sets, as the Head of the Contracting Activity determines to be best. If less than complete sets of plans and specifications are issued, the distribution should be based on an applicant's request for specific pages and drawing sheets.

939.7001 Outdated information technology equipment.

Solicitations and contracts for, or using, outdated information technology equipment shall be submitted to the Office of Management Systems, Office of Procurement and Assistance Management for review and approval. The Office of Information Management shall review these documents and make the decision whether to allow the acquisition or use of outdated information technology equipment.

(b) *Other than M&O contracts.* Where it has been determined that a contractor (other than an M&O contractor or its subcontractor) will acquire information technology either for sole use by DOE employees or for the furnishing of the information technology as government-furnished property under another contract, and after receiving written authorization from their cognizant DOE contracting office pursuant to 48 CFR part 51, DOE contractors working under cost-reimbursement-type contracts may place orders against authorized contracts. the items acquired, cited at 48 CFR 951.102(e)(4)(iii).

(c) *Consolidated contractor acquisitions.* When common information technology requirements in support of DOE programs have been identified and it is anticipated that the consolidation of such requirements will promote cost or other efficiencies, the Designated Senior Official for Information Management may authorize an M&O contractor to acquire information technology for use by the following:

(1) One or more other contractor(s) performing on-site at the same DOE-owned or -leased facility as the M&O contractor, or

942.270-1 Contracting Officer's Representatives.

In accordance with internal agency procedures, a contracting officer may designate other qualified personnel to be the Contracting Officer's Representative (COR) for the purpose of performing certain technical functions in administering a contract. These functions include, but are not limited to, technical monitoring, inspection, approval of shop drawings, testing, and approval of samples. The COR acts solely as a technical representative of the contracting officer and is not authorized to perform any function that results in a change in the scope, price, terms or conditions of the contract. COR designations must be made in writing by the contracting officer, and shall identify the responsibilities and limitations of the designation. A copy

of the COR designation must be furnished to the contractor and the contract administration office.

942.270-2 Contract Clause.

The clause at 952.242-70, or a clause substantially the same, may be inserted in solicitations and contracts when a designated Contracting Officer's Representative will issue technical direction to the contractor under the contract.

Subpart 942.7—Indirect Cost Rates

942.704 Billing rates.

(b) When the contracting officer or auditor responsible for establishing billing rates, in accordance with FAR 42.704, has not established such rates or such rates are not current for the performance periods (contractor FY) under contract, the DOE contracting officer responsible for administration of the contract shall establish an appropriate rate(s) for billing purposes. If the contractor holds more than one DOE contract covering that period of performance, the DOE office with the largest unliquidated obligations as of the beginning of that performance period shall take the lead in establishing the required billing rate for use on DOE contracts. Once appropriate billing rates are established by the responsible contracting officer designated by FAR 42.704, such rates shall be adopted by the contracting officer and all billings and payments shall be retroactively revised to reflect the agreed upon rate(s).

942.705-1 Contracting officer determination procedure. (DOE coverage—paragraphs (a) and (b))

(a)(3) The Department of Energy shall use the contracting officer determination procedure for all business units for which it shall be required to negotiate final indirect cost rates. A list of such business units is maintained by the Office of Policy, within the Headquarters procurement organization.

(b)(1) Pursuant to FAR 52.216-7, Allowable Cost and Payment, contractors shall be requested to submit their final indirect cost rate proposals reflecting actual cost experience during the covered period to the cognizant contracting officer responsible for negotiating their final rates.

The DOE negotiating official shall request all needed audit service in accordance with internal procedures.

[61 FR 41710, Aug. 9, 1996]

942.705-3 Educational institutions. (DOE coverage—paragraph (a))

(a)(2) The negotiated rates established for the institutions cited in OMB Circular No. A-88 are distributed to the Cognizant DOE Office (CDO) assigned lead office responsibility for all DOE indirect cost matters relating to a particular contractor by the Office of Policy, within the Headquarters procurement organization.

[61 FR 41710, Aug. 9, 1996]

942.705-4 State and local governments.

A list of cognizant agencies for State/local government organizations is periodically published in the FEDERAL REGISTER by the Office of Management and Budget (OMB). The responsible agencies are notified of such assignments. The current negotiated rates for State/local government activities is distributed to each CDO by the Office of Policy, within the Headquarters procurement organization.

[61 FR 41710, Aug. 9, 1996]

942.705-5 Nonprofit organizations other than educational and state and local governments.

OMB Circular A-122 establishes the rules for assigning cognizant agencies for the negotiation and approval of indirect cost rates. The Federal agency with the largest dollar value of awards (contracts plus federal financial assistance dollars) will be designated as the cognizant agency. There is no published list of assigned agencies. The Office of Policy, within the Headquarters procurement organization, distributes to each CDO the rates established by the cognizant agency.

[61 FR 41710, Aug. 9, 1996]

Subpart 942.8—Disallowance of Costs

942.803 Disallowing costs after incurrence.

(a) Contracting officer receipt of vouchers. Vouchers and invoices submitted to DOE shall be submitted to the contracting officer or designee for review and approval for payment. If the examination of a voucher or invoice raises a question regarding the allowability of a cost submitted therein, the contracting officer, shall:

(1) Hold informal discussion with the contractor as appropriate.

(2) Issue a notice (letter, memo, etc.) to the contractor advising of cost disallowed or to be disallowed and advising the contractor that it may:

(i) Submit a written claim as to why the cost should be reimbursed—if in disagreement with the disallowance.

(ii) File a claim under the disputes clause, which will be processed in accordance with disputes procedures in the event disagreements cannot be settled.

(3) Process the voucher or invoice for payment and advise the finance office to deduct the disallowed cost when scheduling the voucher for payment.

(c) *Auditor reports and other sources of questioned costs.* (1) From time to time reports are received from professional auditors that may question the allowability of an incurred cost. Such reports are received as the result of auditors, in their independent role under OMB Circular A-73 or their own charters, scheduling and conducting financial or compliance audits of government contracts or as the result of an independent request for auditor service, as discussed in 942.70 Audit Services.

(2) When auditor reports or other notifications question cost or consider them unallowable, the contracting officer shall follow up such reports and resolve all such cost issues promptly by determining, through discussions with the contractor and/or auditor within six months of the audit report date, or date of receipt if a non-Federal audit. One of the following courses of action shall be pursued:

(i) Accept and implement audit recommendations as submitted.

(ii) Accept the principle of the audit recommendation but reject the cost questioned amount.

(iii) Reject audit findings and recommendations.

(3) When implementing the accepted course of action, the contracting officer shall—

(i) Hold discussions with the auditor and contractor as appropriate.

(ii) Issue a notice in writing advising the contractor of the government's intent to disallow the cost questioned, if the contracting officer agrees with the auditor concerning the questioned costs.

(iii) Negotiate a mutual settlement of questioned costs if they are agreed with in principle but there is a difference of opinion as to a proper amount.

(iv) Negotiate a mutual settlement of questioned costs if the auditor recommendations are acceptable to the contracting officer but the contractor does not accept the finding or disallowance.

(v) Issue a final decision of the contracting officer disallowing the questionable cost where differences cannot be resolved, advising of the contractor's right to appeal the decision, and advising the procedure to be followed if it is decided to make such an appeal.

(vi) Initiate immediate recoupment actions for all disallowed cost owed the government by:

(A) Requesting the contractor to provide a credit adjustment (offset) against amounts billed the government on the next or future invoice(s) if such shall be submitted under a contract for which the disallowed cost applies.

(B) Deducting (offset) the disallowed cost from the next or future invoice(s) submitted under the contract; if the contractor provides no adjustment under the contract for which the disallowed cost applies; provided such reduction is deemed appropriate.

(C) Advising the contractor that a refund shall be directly payable to the government in situations where there are insufficient payments owed by the government to effect recovery via (A) or (B) above or an offset is otherwise inappropriate.

(vii) Promptly notify the appropriate finance office of refunds directly pay-

able to the government to ensure proper billing and follow-up action for collection.

Subpart 950.70—Nuclear Indemnification of DOE Contractors

950.7000 Scope of subpart.

The General Services Administration (GSA) and, in some cases, the Department of Defense (DOD) Military Traffic Management Command negotiate agreements with commercial organizations to provide certain discounts to contractors traveling under Government cost-reimbursable contracts. In the case of discount air fares and hotel/motel room rates, the GSA has established agreements with certain airlines and thousands of hotels/motels to extend discounts which were previously only available to Federal employees on official travel status. DOD has negotiated agreements with car rental companies for special rates with unlimited mileage which were also to be used by only Federal employees on official Government business. GSA Federal Property Management Regulations (FPMRs) make these three travel discounts available to Government cost-reimbursable contractors at the option of the vendor.

[60 FR 30005, June 7, 1995]

951.7001 General policy.

Contracting officers will encourage DOE cost-reimbursable contractors (CRCs) to use Government travel discounts to the maximum extent practicable in accordance with contractual terms and conditions. Vendors providing the service may require that Government contractor employees furnish a letter of identification signed by the authorizing contracting officer. Contracting officers shall provide CRCs with a "Standard Letter of Identification" when appropriate to do so. An example of a "Standard Letter of Identification" is at 952.251-70(e).

[60 FR 30005, June 7, 1995]

950.7002 Definitions.

DOE contractor means any DOE prime contractor, including any agency of the Federal Government with which DOE has entered into an interagency agreement.

Nuclear incident means any occurrence, including an extraordinary nuclear occurrence, within the United

States causing, within or outside the United States, bodily injury, sickness, disease, or death, or loss of or damage to property, or loss of use of property, arising out of or resulting from the radioactive, toxic, explosive, or other hazardous properties of source, special nuclear, or byproduct material. The term includes any such occurrence outside the United States if such occurrence involves source, special nuclear, or byproduct material owned by, and used by or under contract with, the United States.

Person indemnified means:

(1) With respect to a nuclear incident occurring within the United States or outside the United States as the term is defined above and with respect to any nuclear incident in connection with the design, development, construction, operation, repair, maintenance, or use of the nuclear ship Savannah, the person with whom an indemnity agreement is executed or who is required to maintain financial protection, and any other person who may be liable for public liability; or

(2) With respect to any other nuclear incident occurring outside the United States, the person with whom an indemnity agreement is executed and any other person who may be liable for public liability by reason of his activities under any contract with the Secretary of Energy or any project to which indemnification under the provisions of section 170d. of the Atomic Energy Act of 1954, as amended, has been extended or under any subcontract, purchase order, or other agreement, or any tier under any such contract or project.

Public liability means any legal liability arising out of or resulting from a nuclear incident or precautionary evacuation (including all reasonable additional costs incurred by a State, or a political subdivision of a State, in the course of responding to a nuclear incident or precautionary evacuation), except: (1) Claims under State or Federal workmen's compensation acts of employees of persons indemnified who are employed at the site of and in connection with the activity where the nuclear incident occurs; (2) claims arising out of an act of war; and (3) whenever

Department of Energy

used in subsections a., c., and k. of section 170 of the Atomic Energy Act of 1954, as amended, claims for loss of, or damage to, or loss of use of property which is located at the site of and used in connection with the licensed activity where the nuclear incident occurs. *Public liability* also includes damage to property of persons indemnified: Provided, that such property is covered under the terms of the financial protection required, except property which is located at the site of and used in connection with the activity where the nuclear incident occurs.

[49 FR 12039, Mar. 28, 1984, as amended at 50 FR 12185, Mar. 27, 1985; 56 FR 57827, Nov. 14, 1991]

950.7003 Nuclear hazards indemnity.

(a) Section 170d. of the Atomic Energy Act, as amended, requires DOE "to enter into agreements of indemnification with any person who may conduct activities under a contract with (DOE) that involve the risk of public liability * * *." However, DOE contractors whose activities are already subject to indemnification by the Nuclear Regulatory Commission are not eligible for such statutory indemnity. See 950.7006 below.

(b) The Heads of Contracting Activities shall assure that contracts subject to this requirement contain the appropriate nuclear hazards indemnity provisions.

[56 FR 57828, Nov. 14, 1991, as amended at 59 FR 9108, Feb. 25, 1994]

950.7004–950.7005 [Reserved]

950.7006 Statutory nuclear hazards indemnity agreement.

(a) The contract clause contained in 952.250–70 shall be incorporated in all contracts in which the contractor is under risk of public liability for a nuclear incident or precautionary evacuation arising out of or in connection with the contract work, including such events caused by a product delivered to a DOE-owned facility for use by DOE or its contractors. The clause at 952.250–70 shall be included in contracts with architect-engineer contractors for the design of a DOE facility, the construction or operation of which may involve the

risk of public liability for a nuclear incident or a precautionary evacuation.

(b) However, this clause shall not be included in contracts in which the contractor is subject to Nuclear Regulatory Commission (NRC) financial protection requirements under section 170b. of the Act or NRC agreements of indemnification under section 170c. or k. of the Act for activities to be performed under the contract.

[56 FR 57828, Nov. 14, 1991, as amended at 59 FR 9108, Feb. 25, 1994]

950.7007–950.7008 [Reserved]

950.7009 Fees.

No fee will be charged a DOE contractor for a statutory nuclear hazards indemnity agreement.

[49 FR 12039, Mar. 28, 1984, as amended at 56 FR 57828, Nov. 14, 1991]

950.7010 Financial protection requirements.

DOE contractors with whom statutory nuclear hazards indemnity agreements under the authority of section 170d. of the Atomic Energy Act of 1954, as amended, are executed will not normally be required or permitted to furnish financial protection by purchase of insurance to cover public liability for nuclear incidents. However, if authorized by the DOE Headquarters office having responsibility for contractor casualty insurance programs, DOE contractors may be (a) permitted to furnish financial protection to themselves or (b) permitted to continue to carry such insurance at cost to the Government if they currently maintain insurance for such liability.

[56 FR 57828, Nov. 14, 1991]

Subpart 950.71—General Contract Authority Indemnity

950.7101 Applicability.

(a) The DOE also has general contract authority to enter into indemnity agreements with its contractors. Under such authority a certain measure of protection is extended to the DOE contractor against risk of liability, but the assumption of liability by DOE will be expressly subject to the availability of appropriated funds.

Prior to enactment of section 170 of the Atomic Energy Act 1954, as amended, this authority was exercised in a number of Atomic Energy Commission contracts and this type of indemnification remains in some DOE contracts.

(b) It is the policy of the DOE, subsequent to the enactment of section 170, to restrict indemnity agreements with DOE contractors, with respect to protection against public liability for a nuclear incident, to the statutory indemnity provided under section 170. However, it is recognized that circumstances may exist under which a DOE contractor may be exposed to a risk of public liability for a nuclear occurrence which would not be covered by the statutory indemnity.

(c) While it is normally DOE policy to require its non-management and operating contractors to obtain insurance coverage against public liability for nonnuclear risks, there may be circumstances in which a contractual indemnity may be warranted to protect a DOE non-management and operating contractor against liability for uninsured nonnuclear risks.

(d) If circumstances as mentioned in paragraph (b) or (c) of this section do arise, it shall be the responsibility of the Heads of Contracting Activities to submit to the Head of the Agency or designee for review and decision, all pertinent information concerning the need for, or desirability of, providing a general authority indemnity to a DOE contractor.

(e) Where the indemnified risk is nonnuclear, the amount of general authority indemnity extended to a fixed-price contractor should normally have a maximum obligation equivalent to the amount of insurance that the contractor usually carries to cover such risks in its other commercial operations or, if the risk involved is dissimilar to those normally encountered by the contractor, the amount that it otherwise would have reasonably procured to insure this contract risk.

(f) In the event that a DOE contractor has been extended both a statutory indemnity and a general authority indemnity, the general authority indemnity will not apply to the extent that the statutory indemnity applies.

(g) The provisions of this subsection do not restrict or affect the policy of DOE to pay its cost-reimbursement type contractors for the allowable cost of losses and expenses incurred in the performance of the contract work, within the maximum amount of the contract obligation.

Subpart 952.0—General

952.000 Scope of part.

This part implements FAR part 52 which sets forth contract clauses for use in connection with the acquisition of personal property and nonpersonal services (including construction), and supplements, as well as modifies, FAR part 52 by prescribing certain modifications to be made to FAR clauses when used in DOE contracts and specifying certain DOE contract clauses to be used in addition to or in place of such FAR clauses.

952.001 General policy.

It is DOE policy to use the prescribed FAR and DOE contract clauses whenever practicable. Uniformity in the use of contract clauses helps to ensure impartial treatment of all contractors, expedites negotiation and contract review, and facilitates contract administration.

[65 FR 81008, Dec. 22, 2000]

952.204 Clauses related to administrative matters.

952.204-2 Security requirements.

As prescribed in 904.404(d)(1) the following clause shall be included in contracts entered into under section 31 (research assistance) or 41 (ownership and operation of production facilities) of the Atomic Energy Act of 1954, as amended, and in other contracts and subcontracts, which involve or are likely to involve classified information.

SECURITY (MAY 2002)

(a) *Responsibility.* It is the contractor's duty to safeguard all classified information, special nuclear material, and other DOE property. The contractor shall, in accordance with DOE security regulations and requirements, be responsible for safeguarding all classified information and protecting against sabotage, espionage, loss or theft of the classified documents and material in the contractor's possession in connection with the performance of work under this contract. Except as otherwise provided in this contract, the contractor shall, upon completion or termination of this contract, transmit to DOE any classified matter in the possession of the contractor or any person under the

contractor's control in connection with performance of this contract. If retention by the contractor of any classified matter is required after the completion or termination of the contract, the contractor shall identify the items and types or categories of matter proposed for retention, the reasons for the retention of the matter, and the proposed period of retention. If the retention is approved by the contracting officer, the security provisions of the contract shall continue to be applicable to the matter retained. Special nuclear material shall not be retained after the completion or termination of the contract.

(b) *Regulations.* The contractor agrees to comply with all security regulations and requirements of DOE in effect on the date of award.

(c) *Definition of classified information.* The term *classified information* means Restricted Data, Formerly Restricted Data, or National Security Information.

(d) *Definition of restricted data.* The term *Restricted Data* means all data concerning (1) design, manufacture, or utilization of atomic weapons; (2) the production of special nuclear material; or (3) the use of special nuclear material in the production of energy, but shall not include data declassified or removed from the Restricted Data category pursuant to Section 142 of the Atomic Energy Act of 1954, as amended.

(e) *Definition of formerly restricted data.* The term *Formerly Restricted Data* means all data removed from the Restricted Data category under section 142 d. of the Atomic Energy Act of 1954, as amended.

(f) *Definition of National Security Information.* The term *National Security Information* means any information or material, regardless of its physical form or characteristics, that is owned by, produced for or by, or is under the control of the United States Government, that has been determined pursuant to Executive Order 12356 or prior Orders to require protection against unauthorized disclosure, and which is so designated.

(g) *Definition of Special Nuclear Material (SNM).* *SNM* means: (1) plutonium, uranium enriched in the isotope 233 or in the isotope 235, and any other material which pursuant to the provisions of Section 51 of the Atomic Energy Act of 1954, as amended, has been determined to be special nuclear material, but does not include source material; or (2) any material artificially enriched by any of the foregoing, but does not include source material.

(h) *Security clearance of personnel.* The contractor shall not permit any individual to have access to any classified information, except in accordance with the Atomic Energy Act of 1954, as amended, Executive Order 12356, and the DOE's regulations or requirements applicable to the particular level

and category of classified information to which access is required.

(i) *Criminal liability.* It is understood that disclosure of any classified information relating to the work or services ordered hereunder to any person not entitled to receive it, or failure to safeguard any classified information that may come to the contractor or any person under the contractor's control in connection with work under this contract, may subject the contractor, its agents, employees, or subcontractors to criminal liability under the laws of the United States. (See the Atomic Energy Act of 1954, as amended, 42 U.S.C. 2011 *et seq.*; 18 U.S.C. 793 and 794; and E.O. 12356.)

(j) *Foreign Ownership, Control or Influence.*

(1) The Contractor shall immediately provide the cognizant security office written notice of any change in the extent and nature of foreign ownership, control or influence over the Contractor which would affect any answer to the questions presented in the Certificate Pertaining to Foreign Interests, Standard Form 328 or the Foreign Ownership, Control or Influence questionnaire executed by the Contractor prior to the award of this contract. In addition, any notice of changes in ownership or control which are required to be reported to the Securities and Exchange Commission, the Federal Trade Commission, or the Department of Justice shall also be furnished concurrently to the Contracting Officer.

(2) If a Contractor has changes involving foreign ownership, control or influence, DOE must determine whether the changes will pose an undue risk to the common defense and security. In making this determination, DOE will consider proposals made by the Contractor to avoid or mitigate foreign influences.

(3) If the cognizant security office at any time determines that the Contractor is, or is potentially, subject to foreign ownership, control or influence, the Contractor shall comply with such instructions as the Contracting Officer shall provide in writing to safeguard any classified information or special nuclear material.

(4) The Contractor agrees to insert terms that conform substantially to the language of this clause, including this paragraph, in all subcontracts under this contract that will require subcontractor employees to possess access authorizations. Additionally, the Contractor must require subcontractors to have an existing DOD or DOE Facility Clearance or submit a completed Certificate Pertaining to Foreign Interests, Standard Form 328, required in DEAR 952.204-73 prior to award of a subcontract. Information to be provided by a subcontractor pursuant to this clause may be submitted directly to the Contracting Officer. For purposes of this clause, subcontractor means any subcontractor at

any tier and the term "Contracting Officer" means the DOE Contracting Officer. When this clause is included in a subcontract, the term "Contractor" shall mean Subcontractor and the term "contract" shall mean subcontract.

(5) The Contracting Officer may terminate this contract for default either if the Contractor fails to meet obligations imposed by this clause or if the Contractor creates a FOCI situation in order to avoid performance or a termination for default. The Contracting Officer may terminate this contract for convenience if the Contractor becomes subject to FOCI and for reasons other than avoidance of performance of the contract, cannot, or chooses not to, avoid or mitigate the FOCI problem.

952.204-70 Classification/Declassification.

As prescribed in 904.404(d)(2), the following clause shall be included in all contracts which involve classified information.

CLASSIFICATION/DECLASSIFICATION (SEP 1997)

In the performance of work under this contract, the contractor or subcontractor shall comply with all provisions of the Department of Energy's regulations and mandatory DOE directives which apply to work involving the classification and declassification of information, documents, or material. In this section, "information" means facts, data, or knowledge itself; "document" means the physical medium on or in which information is recorded; and "material" means a product or substance which contains or reveals information, regardless of its physical form or characteristics. Classified information is "Restricted Data" and "Formerly Restricted Data" (classified under the Atomic Energy Act of 1954, as amended) and "National Security Information" (classified under Executive Order 12958 or prior Executive Orders).

The original decision to classify or declassify information is considered an inherently Governmental function. For this reason, only Government personnel may serve as original classifiers, i.e., Federal Government Original Classifiers. Other personnel (Government or contractor) may serve as derivative classifiers which involves making classification decisions based upon classification guidance which reflect decisions made by Federal Government Original Classifiers.

The contractor or subcontractor shall ensure that any document or material that may contain classified information is reviewed by either a Federal Government or a

Contractor Derivative Classifier in accordance with classification regulations including mandatory DOE directives and classification/declassification guidance furnished to the contractor by the Department of Energy to determine whether it contains classified information prior to dissemination. For information which is not addressed in classification/declassification guidance, but whose sensitivity appears to warrant classification, the contractor or subcontractor shall ensure that such information is reviewed by a Federal Government Original Classifier.

In addition, the contractor or subcontractor shall ensure that existing classified documents (containing either Restricted Data or Formerly Restricted Data or National Security Information) which are in its possession or under its control are periodically reviewed by a Federal Government or Contractor Derivative Declassifier in accordance with classification regulations, mandatory DOE directives and classification/declassification guidance furnished to the contractor by the Department of Energy to determine if the documents are no longer appropriately classified. Priorities for declassification review of classified documents shall be based on the degree of public and researcher interest and the likelihood of declassification upon review. Documents which no longer contain classified information are to be declassified. Declassified documents then shall be reviewed to determine if they are publicly releasable. Documents which are declassified and determined to be publicly releasable are to be made available to the public in order to maximize the public's access to as much Government information as possible while minimizing security costs.

The contractor or subcontractor shall insert this clause in any subcontract which involves or may involve access to classified information.

[49 FR 12042, Mar. 28, 1984, as amended at 59 FR 9108, Feb. 25, 1994; 62 FR 51802, Oct. 3, 1997]

952.204-71 Sensitive foreign nations controls.

In accordance with 904.404(d)(3), the contracting officer shall include the following clause.

SENSITIVE FOREIGN NATIONS CONTROLS (APR 1994)

(a) In connection with any activities in the performance of this contract, the contractor agrees to comply with the "Sensitive Foreign Nations Controls" requirements attached to this contract, relating to those countries, which may from time to time, be identified to the contractor by written notice as sensitive foreign nations. The contractor shall have the right to terminate its

performance under this contract upon at least 60 days' prior written notice to the contracting officer if the contractor determines that it is unable, without substantially interfering with its polices or without adversely impacting its performance to continue performance of the work under this contract as a result of such notification. If the contractor elects to terminate performance, the provisions of this contract regarding termination for the convenience of the Government shall apply.

(b) The provisions of this clause shall be included in any subcontracts.

[49 FR 12042, Mar. 28, 1984; 49 FR 38951, Oct. 2, 1984, as amended at 59 FR 9108, Feb. 25, 1994; 62 FR 2312, Jan. 16, 1997]

952.204-72 Disclosure of information.

As prescribed in 904.404(d)(4) this clause may be used in place of the clauses entitled "Security," 952.204-2, and "Classification," 952.204-70, in contracts with educational institutions for research involving nuclear technology which could but is not expected to produce classified information or restricted data.

DISCLOSURE OF INFORMATION (APR 1994)

(a) It is mutually expected that the activities under this contract will not involve classified information. It is understood, however, that if in the opinion of either party, this expectation changes prior to the expiration or terminating of all activities under this contract, said party shall notify the other party accordingly in writing without delay. In any event, the contractor shall classify, safeguard, and otherwise act with respect to all classified information in accordance with applicable law and the requirements of DOE, and shall promptly inform DOE in writing if and when classified information becomes involved, or in the mutual judgment of the parties it appears likely that classified information or material may become involved. The contractor shall have the right to terminate performance of the work under this contract and in such event the provisions of this contract respecting termination for the convenience of the Government shall apply.

(b) The contractor shall not permit any individual to have access to classified information except in accordance with the Atomic Energy Act 1954, as amended, Executive Order 12356, and DOE's regulations or requirements.

(c) The term *Restricted Data* as used in this article means all data concerning the design, manufacture, or utilization of atomic weapons, the production of special nuclear material or the use of special nuclear material in the production of energy, but shall not include data declassified or removed from the

Restricted Data category pursuant to section 142 of the Atomic Energy Act of 1954, as amended.

952.204-73 Facility clearance.

As prescribed in 904.404(d)(5), insert the following provision in all solicitations which require the use of Standard Form 328, Certificate Pertaining to Foreign Interests for contracts or subcontracts subject to the provisions of 904.70.

FACILITY CLEARANCE (MAY 2002)

Notices

Section 2536 of title 10, United States Code, prohibits the award of a contract under a national security program to an entity controlled by a foreign government if it is necessary for that entity to be given access to information in a proscribed category of information in order to perform the contract unless a waiver is granted by the Secretary of Energy. In addition, a Facility Clearance and foreign ownership, control and influence (FOCI) information are required when the contract or subcontract to be awarded is expected to require employees to have access authorizations.

Offerors who have either a Department of Defense or a Department of Energy Facility Clearance generally need not resubmit the following foreign ownership information unless specifically requested to do so. Instead, provide your DOE Facility Clearance code or your DOD assigned commercial and government entity (CAGE) code. If uncertain, consult the office which issued this solicitation.

(a) Use of Certificate Pertaining to Foreign Interests, Standard Form 328.

(1) The contract work anticipated by this solicitation will require access to classified information or special nuclear material. Such access will require a Facility Clearance for the Contractor organization and access authorizations (security clearances) for Contractor personnel working with the classified information or special nuclear material. To obtain a Facility Clearance the offeror must submit a Certificate Pertaining to Foreign Interests, Standard Form 328, and all required supporting documents to form a complete Foreign Ownership, Control or Influence (FOCI) Package.

(2) Information submitted by the offeror in response to the Standard Form 328 will be used solely for the purposes of evaluating foreign ownership, control or influence and will be treated by DOE, to the extent permitted by law, as business or financial information submitted in confidence.

(3) Following submission of a Standard Form 328 and prior to contract award, the Contractor shall immediately submit to the Contracting Officer written notification of any changes in the extent and nature of FOCI which could affect the offeror's answers to the questions in Standard Form 328. Following award of a contract, the Contractor must immediately submit to the cognizant security office written notification of any changes in the extent and nature of FOCI which could affect the offeror's answers to the questions in Standard Form 328. Notice of changes in ownership or control which are required to be reported to the Securities and Exchange Commission, the Federal Trade Commission, or the Department of Justice must also be furnished concurrently to the cognizant security office.

(b) Definitions.

(1) *Foreign Interest* means any of the following:

(i) A foreign government, foreign government agency, or representative of a foreign government;

(ii) Any form of business enterprise or legal entity organized, chartered or incorporated under the laws of any country other than the United States or its possessions and trust territories; and

(iii) Any person who is not a citizen or national of the United States.

(2) *Foreign Ownership, Control, or Influence (FOCI)* means the situation where the degree of ownership, control, or influence over a Contractor by a foreign interest is such that a reasonable basis exists for concluding that compromise of classified information or special nuclear material may result.

(c) *Facility Clearance* means an administrative determination that a facility is eligible to access, produce, use or store classified information, or special nuclear material. A Facility Clearance is based upon a determination that satisfactory safeguards and security measures are carried out for the activities being performed at the facility. It is DOE policy that all Contractors or Subcontractors requiring access authorizations be processed for a Facility Clearance at the level appropriate to the activities being performed under the contract. Approval for a Facility Clearance shall be based upon:

(1) A favorable foreign ownership, control, or influence (FOCI) determination based upon the Contractor's response to the ten questions in Standard Form 328 and any required, supporting data provided by the Contractor;

(2) A contract or proposed contract containing the appropriate security clauses;

(3) Approved safeguards and security plans which describe protective measures appropriate to the activities being performed at the facility;

(4) An established Reporting Identification Symbol code for the Nuclear Materials Man-

agement and Safeguards Reporting System if access to nuclear materials is involved;

(5) A survey conducted no more than 6 months before the Facility Clearance date, with a composite facility rating of satisfactory, if the facility is to possess classified matter or special nuclear material at its location;

(6) Appointment of a Facility Security Officer, who must possess or be in the process of obtaining an access authorization equivalent to the Facility Clearance; and, if applicable, appointment of a Materials Control and Accountability Representative; and

(7) Access authorizations for key management personnel who will be determined on a case-by-case basis, and must possess or be in the process of obtaining access authorizations equivalent to the level of the Facility Clearance.

(d) A Facility Clearance is required prior to the award of a contract requiring access to classified information and the granting of any access authorizations under a contract. Prior to award of a contract, the DOE must determine that award of the contract to the offeror will not pose an undue risk to the common defense and security as a result of its access to classified information or special nuclear material in the performance of the contract. The Contracting Officer may require the offeror to submit such additional information as deemed pertinent to this determination.

(e) A Facility Clearance is required even for contracts that do not require the Contractor's corporate offices to receive, process, reproduce, store, transmit, or handle classified information or special nuclear material, but which require DOE access authorizations for the Contractor's employees to perform work at a DOE location. This type facility is identified as a non-possessing facility.

(f) Except as otherwise authorized in writing by the Contracting Officer, the provisions of any resulting contract must require that the contractor insert provisions similar to the foregoing in all subcontracts and purchase orders. Any Subcontractors requiring access authorizations for access to classified information or special nuclear material shall be directed to provide responses to the questions in Standard Form 328, Certificate Pertaining to Foreign Interests, directly to the prime contractor or the Contracting Officer for the prime contract.

NOTICE TO OFFERORS—CONTENTS REVIEW
(PLEASE REVIEW BEFORE SUBMITTING)

Prior to submitting the Standard Form 328, required by paragraph (a)(1) of this clause, the offeror should review the FOCI submission to ensure that:

(1) The Standard Form 328 has been signed and dated by an authorized official of the company;

(2) If publicly owned, the Contractor's most recent annual report, and its most recent proxy statement for its annual meeting of stockholders have been attached; or, if privately owned, the audited, consolidated financial information for the most recently closed accounting year has been attached;

(3) A copy of the company's articles of incorporation and an attested copy of the company's by-laws, or similar documents filed for the company's existence and management, and all amendments to those documents;

(4) A list identifying the organization's owners, officers, directors, and executive personnel, including their names, social security numbers, citizenship, titles of all positions they hold within the organization, and what clearances, if any, they possess or are in the process of obtaining, and identification of the government agency(ies) that granted or will be granting those clearances; and

(5) A summary FOCI data sheet.

NOTE: A FOCI submission must be attached for each tier parent organization (*i.e.* ultimate parent and any intervening levels of ownership). If any of these documents are missing, award of the contract cannot be completed.

952.204-75 Public Affairs.

As prescribed in 48 CFR 904.7201, insert the following clause.

PUBLIC AFFAIRS (DEC 2000)

(a) The Contractor must cooperate with the Department in releasing unclassified information to the public and news media regarding DOE policies, programs, and activities relating to its effort under the contract. The responsibilities under this clause must be accomplished through coordination with the Contracting Officer and appropriate DOE public affairs personnel in accordance with procedures defined by the Contracting Officer.

(b) The Contractor is responsible for the development, planning, and coordination of proactive approaches for the timely dissemination of unclassified information regarding DOE activities onsite and offsite, including, but not limited to, operations and programs. Proactive public affairs programs may utilize a variety of communication media, including public workshops, meetings or hearings, open houses, newsletters, press releases, conferences, audio/visual presentations, speeches, forums, tours, and other appropriate stakeholder interactions.

(c) The Contractor's internal procedures must ensure that all releases of information to the public and news media are coordinated through, and approved by, a management of-

ficial at an appropriate level within the Contractor's organization.

(d) The Contractor must comply with DOE procedures for obtaining advance clearances on oral, written, and audio/visual informational material prepared for public dissemination or use.

(e) Unless prohibited by law, and in accordance with procedures defined by the Contracting Officer, the Contractor must notify the Contracting Officer and appropriate DOE public affairs personnel of communications or contacts with Members of Congress relating to the effort performed under the contract.

(f) In accordance with procedures defined by the Contracting Officer, the Contractor must notify the Contracting Officer and appropriate DOE public affairs personnel of activities or situations that may attract regional or national news media attention and of non-routine inquiries from national news media relating to the effort performed under the contract.

(g) In releases of information to the public and news media, the Contractor must fully and accurately identify the Contractor's relationship to the Department and fully and accurately credit the Department for its role in funding programs and projects resulting in scientific, technical, and other achievements.

As prescribed in 908.1104, insert the following clause when leasing commercial vehicles for periods in excess of 60 days.

TAGGING OF LEASED VEHICLES (APR 1984)

(a) DOE intends to use U.S. Government license tags.

952.209-8

PRINTING (APR 1984)

The contractor shall not engage in, nor subcontract for, any printing (as that term is defined in Title I of the U.S. Government Printing and Binding Regulations in effect on the effective date of this contract) in connection with the performance of work under this contract. Provided, however, that performance of a requirement under this contract involving the duplication of less than 5,000 copies of a single unit, or no more than 25,000 units in the aggregate of multiple units, will not be deemed to be printing. A unit is defined as one sheet, size 8½ by 11 inches one side only, one color. A requirement is defined as a single publication document.

(1) The term *printing* includes the following processes: composition, plate making, presswork, binding, microform publishing, or the end items produced by such processes.

(2) If fulfillment of the contract will necessitate reproduction in excess of the limits set forth above, the contractor shall notify the contracting officer in writing and obtain the contracting officer's approval prior to acquiring on DOE's behalf production, acquisition, and dissemination of printed matter. Such printing must be obtained from the Government Printing Office (GPO), a contract source designated by GPO or a Joint Committee on Printing authorized federal printing plant.

952.209-8 Organizational Conflicts of Interest-Disclosure.

As prescribed in 48 CFR 909.507-1(e), insert the following provision:

ORGANIZATIONAL CONFLICTS OF INTEREST DISCLOSURE-ADVISORY AND ASSISTANCE SERVICES (JUN 1997)

(a) Organizational conflict of interest means that because of other activities or relationships with other persons, a person is unable or potentially unable to render impartial assistance or advice to the Government, or the person's objectivity in performing the contract work is or might be otherwise impaired, or a person has an unfair competitive advantage.

(b) An offeror notified that it is the apparent successful offeror shall provide the statement described in paragraph (c) of this provision. For purposes of this provision, "apparent successful offeror" means the proposer selected for final negotiations or, where individual contracts are negotiated with all firms in the competitive range, it means all such firms.

(c) The statement must contain the following:

(1) A statement of any past (within the past twelve months), present, or currently planned financial, contractual, organizational, or other interests relating to the performance of the statement of work. For contractual interests, such statement must include the name, address, telephone number of the client or client(s), a description of the services rendered to the previous client(s), and the name of a responsible officer or employee of the offeror who is knowledgeable about the services rendered to each client, if, in the 12 months preceding the date of the statement, services were rendered to the Government or any other client (including a foreign government or person) respecting the same subject matter of the instant solicitation, or directly relating to such subject matter. The agency and contract number under which the services were rendered must also be included, if applicable. For financial interests, the statement must include the nature and extent of the interest and any entity or entities involved in the financial relationship. For these and any other interests enough such information must be provided to allow a meaningful evaluation of the potential effect of the interest on the performance of the statement of work.

(d) Failure of the offeror to provide the required statement may result in the offeror being determined ineligible for award. Misrepresentation or failure to report any fact may result in the assessment of penalties associated with false statements or such other provisions provided for by law or regulation.

952.209-71 [Reserved]**952.209-72 Organizational conflicts of interest.**

As prescribed at 48 CFR 909.507-2, insert the following clause:

ORGANIZATIONAL CONFLICTS OF INTEREST
(JUN 1997)

(a) Purpose. The purpose of this clause is to ensure that the contractor (1) is not biased because of its financial, contractual, organizational, or other interests which relate to the work under this contract, and (2) does not obtain any unfair competitive advantage over other parties by virtue of its performance of this contract.

(b) Scope. The restrictions described herein shall apply to performance or participation by the contractor and any of its affiliates or their successors in interest (hereinafter collectively referred to as "contractor") in the activities covered by this clause as a prime contractor, subcontractor, cosponsor, joint venturer, consultant, or in any similar capacity. For the purpose of this clause, affiliation occurs when a business concern is controlled by or has the power to control another or when a third party has the power to control both.

(1) Use of Contractor's Work Product. (i) The contractor shall be ineligible to participate in any capacity in Department contracts, subcontracts, or proposals therefor (solicited and unsolicited) which stem directly from the contractor's performance of work under this contract for a period of (Contracting Officer see DEAR 9.507-2 and enter specific term) years after the completion of this contract. Furthermore, unless so directed in writing by the contracting officer, the Contractor shall not perform any advisory and assistance services work under this contract on any of its products or services or the products or services of another firm if the contractor is or has been substantially involved in their development or marketing. Nothing in this subparagraph shall preclude the contractor from competing for follow-on contracts for advisory and assistance services.

(ii) If, under this contract, the contractor prepares a complete or essentially complete statement of work or specifications to be used in competitive acquisitions, the contractor shall be ineligible to perform or participate in any capacity in any contractual effort which is based on such statement of work or specifications. The contractor shall not incorporate its products or services in such statement of work or specifications unless so directed in writing by the contracting officer, in which case the restriction in this subparagraph shall not apply.

(iii) Nothing in this paragraph shall preclude the contractor from offering or selling

its standard and commercial items to the Government.

(2) Access to and use of information. (i) If the contractor, in the performance of this contract, obtains access to information, such as Department plans, policies, reports, studies, financial plans, internal data protected by the Privacy Act of 1974 (5 U.S.C. 552a), or data which has not been released or otherwise made available to the public, the contractor agrees that without prior written approval of the contracting officer it shall not:

(A) use such information for any private purpose unless the information has been released or otherwise made available to the public;

(B) compete for work for the Department based on such information for a period of six (6) months after either the completion of this contract or until such information is released or otherwise made available to the public, whichever is first;

(C) submit an unsolicited proposal to the Government which is based on such information until one year after such information is released or otherwise made available to the public; and

(D) release such information unless such information has previously been released or otherwise made available to the public by the Department.

(ii) In addition, the contractor agrees that to the extent it receives or is given access to proprietary data, data protected by the Privacy Act of 1974 (5 U.S.C. 552a), or other confidential or privileged technical, business, or financial information under this contract, it shall treat such information in accordance with any restrictions imposed on such information.

(iii) The contractor may use technical data it first produces under this contract for its private purposes consistent with paragraphs (b)(2)(i) (A) and (D) of this clause and the patent, rights in data, and security provisions of this contract.

(c) Disclosure after award. (1) The contractor agrees that, if changes, including additions, to the facts disclosed by it prior to award of this contract, occur during the performance of this contract, it shall make an immediate and full disclosure of such changes in writing to the contracting officer. Such disclosure may include a description of any action which the contractor has taken or proposes to take to avoid, neutralize, or mitigate any resulting conflict of interest. The Department may, however, terminate the contract for convenience if it deems such termination to be in the best interest of the Government.

(2) In the event that the contractor was aware of facts required to be disclosed or the existence of an actual or potential organizational conflict of interest and did not disclose such facts or such conflict of interest

to the contracting officer, DOE may terminate this contract for default.

(d) Remedies. For breach of any of the above restrictions or for nondisclosure or misrepresentation of any facts required to be disclosed concerning this contract, including the existence of an actual or potential organizational conflict of interest at the time of or after award, the Government may terminate the contract for default, disqualify the contractor from subsequent related contractual efforts, and pursue such other remedies as may be permitted by law or this contract.

(e) Waiver. Requests for waiver under this clause shall be directed in writing to the contracting officer and shall include a full description of the requested waiver and the reasons in support thereof. If it is determined to be in the best interests of the Government, the contracting officer may grant such a waiver in writing.

(End of clause)

Alternate I: In accordance with 909.507-2 and 970.0905, include the following alternate in the specified types of contracts.

(f) Subcontracts. (1) The contractor shall include a clause, substantially similar to this clause, including this paragraph (f), in subcontracts expected to exceed the simplified acquisition threshold determined in accordance with FAR part 13 and involving the performance of advisory and assistance services as that term is defined at FAR 37.201. The terms "contract," "contractor," and "contracting officer" shall be appropriately modified to preserve the Government's rights.

(2) Prior to the award under this contract of any such subcontracts for advisory and assistance services, the contractor shall obtain from the proposed subcontractor or consultant the disclosure required by DEAR 909.507-1, and shall determine in writing whether the interests disclosed present an actual or significant potential for an organizational conflict of interest. Where an actual or significant potential organizational conflict of interest is identified, the contractor shall take actions to avoid, neutralize, or mitigate the organizational conflict to the satisfaction of the contractor. If the conflict cannot be avoided or neutralized, the contractor must obtain the approval of the DOE contracting officer prior to entering into the subcontract.

[49 FR 12042, Mar. 28, 1984, as amended at 59 FR 9109, Feb. 25, 1994; 65 FR 81008, Dec. 22, 2000]

952.223-72 Radiation protection and nuclear criticality.

As prescribed in 923.7002 the clause set forth herein shall be included in those contracts or subcontracts for, and be made applicable to, work to be performed at a facility where DOE does not elect to assert its statutory authority to enforce occupational safety and health standards applicable to the working conditions of contractor and subcontractor employees, but does need to enforce radiological safety and health standards pursuant to provisions of the contract or subcontract rather than by reliance upon Nuclear Regulatory Commission licensing requirements (including agreements with states under section 274 of the Atomic Energy Act).

RADIATION PROTECTION AND NUCLEAR CRITICALITY (APR 1984)

The contractor shall take all reasonable precautions in the performance of work under this contract to protect the safety and health of employees and of members of the public against the hazards of ionizing radiation and radioactive materials and shall comply with all applicable radiation protection and nuclear criticality safety standards and requirements (including reporting requirements) of DOE. The contractor shall submit a management program and implementation plan to the contracting officer for review and approval within 30 days after the

PAPERWORK REDUCTION ACT (APR 1994)

(a) In the event that it subsequently becomes a contractual requirement to collect or record information calling either for answer to identical questions from 10 or more persons other than Federal employees, or information from Federal employees which is to be used for statistical compilations of general public interest, the Paperwork Reduction Act will apply to this contract. No plan, questionnaire, interview guide, or other similar device for collecting informa-

(b) The contractor shall request the required OMB clearance from the contracting officer before expending any funds or making public contacts for the collection of data. The authority to expend funds and to proceed with the collection of data shall be in writing by the contracting officer. The contractor must plan at least 90 days for OMB clearance. Excessive delay caused by the Government which arises out of causes beyond the control and without the fault or negligence of the contractor will be considered in accordance with the clause entitled "Excusable Delays," if such clause is applicable. If not, the period of performance may be extended pursuant to this clause if approved by the contracting officer.

952.225-70 Subcontracting for nuclear hot cell services.

As prescribed in 925.7004, insert the following clause in solicitations and contracts.

SUBCONTRACTING FOR NUCLEAR HOT CELL SERVICES (MAR 1993)

(a) Definitions.

Costs related to the decommissioning of nuclear facilities, as used in this clause, means any cost associated with the compliance with regulatory requirements governing the decommissioning of nuclear facilities licensed by the Nuclear Regulatory Commission. Such costs for foreign facilities and for Department of Energy facilities are costs of decommissioning associated with the compliance with foreign regulatory requirements or the Department's own requirements.

Costs related to the storage and disposal of nuclear waste, as used in this clause, means any costs, whether required by regulation or incurred as a matter of prudent business practice, associated with the storage or disposal of nuclear waste.

Foreign company, as used in this clause, means a company which offers to perform nuclear hot cell services at a facility which is not subject to the laws and regulations of the United States, its agencies, and its political subdivisions.

Nuclear hot cell services, as used in this clause, means services related to the examination of, or performance of various operations on, nuclear fuel rods, control assemblies, or other components that are emitting large quantities of ionizing radiation, after discharge from nuclear reactors, which are performed in specialized facilities located

away from commercial nuclear power plants, generally referred to in the industry as "hot cells."

Nuclear waste, as used in this clause, means any radioactive waste material subject to regulation by the Nuclear Regulatory Commission or the Department of Energy, or in the case of foreign offers, by comparable foreign organizations.

United States company, as used in this clause, means a company which offers to perform nuclear hot cell services at a facility subject to the laws and regulations of the United States, its agencies, and its political subdivisions.

(b) In selecting a competitive offer for a first-tier subcontract acquisition of nuclear hot cell services, the contractor shall (1) consider neither costs related to the decommissioning of nuclear waste facilities nor costs related to the storage and disposal of nuclear waste, or (2) add these costs to offers of foreign companies, if—

(i) one or more of the offers is submitted by a United States company and includes costs related to the decommissioning of nuclear facilities and costs related to the storage and disposal of nuclear waste because it is subject to such cost; and

(ii) one or more of the offers is submitted by a foreign company and does not include these types of costs. (A foreign company might not be subject to such costs or might not have to include these types of cost in its offer if the firm is subsidized in decommissioning activity or storage and disposal of nuclear waste, or a foreign government is performing the activities below the actual cost of the activity.)

(c) Upon determining that no offer from a foreign firm has a reasonable chance of being selected for award, the requirements of this clause will not apply.

As prescribed in 48 CFR (DEAR) 926.7104, insert the following clause.

DISPLACED EMPLOYEE HIRING PREFERENCE
(JUN 1997)

(a) *Definition.*

Eligible employee means a current or former employee of a contractor or subcontractor employed at a Department of Energy Defense Nuclear Facility (1) whose position of employment has been, or will be, involuntarily terminated (except if terminated for cause), (2) who has also met the eligibility criteria contained in the Department of Energy guidance for contractor work force restructuring, as may be amended or supplemented from time to time, and (3) who is qualified for a particular job vacancy with the Department or one of its contractors with respect to work under its contract with the Department at the time the particular position is available.

(b) Consistent with Department of Energy guidance for contractor work force restructuring, as may be amended or supplemented from time to time, the contractor agrees that it will provide a preference in hiring to an eligible employee to the extent practicable for work performed under this contract.

(c) The requirements of this clause shall be included in subcontracts at any tier (except for subcontracts for commercial items pursuant to 41 U.S.C. 403) expected to exceed \$500,000.

[62 FR 34862, June 27, 1997]

952.227 Provisions and clauses related to patents, technical data and copyrights.

952.227-9 Refund of royalties.

As prescribed in 927.206-2, insert the following clause:

REFUND OF ROYALTIES (MAR 1995)

(a) The contract price includes certain amounts for royalties payable by the Contractor or subcontractors or both, which amounts have been reported to the Contracting Officer.

(b) The term *royalties* as used in this clause refers to any costs or charges in the nature of royalties, license fees, patent or license amortization costs, or the like, for the use of or for rights in patents and patent applications in connection with performing this contract or any subcontract here-under. The term also includes any costs or charges associated with the access to, use of, or other right pertaining to data that is represented to be proprietary and is related to the performance of this contract or the copying of such data or data that is copyrighted.

(c) The Contractor shall furnish to the Contracting Officer, before final payment under this contract, a statement of royalties paid or required to be paid in connection with performing this contract and subcontracts hereunder together with the reasons.

(d) The Contractor will be compensated for royalties reported under paragraph (c) of this clause, only to the extent that such royalties were included in the contract price and are determined by the Contracting Officer to be properly chargeable to the Government and allocable to the contract. To the extent that any royalties that are included in the contract price are not, in fact, paid by the Contractor or are determined by the Contracting Officer not to be properly chargeable to the government and allocable to the contract, the contract price shall be reduced. Repayment or credit to the Government shall be made as the Contracting Officer directs. The approval by DOE of any individual payments or royalties shall not prevent the Government from contesting at any time the enforceability, validity, scope of, or title to, any patent or the proprietary nature of data pursuant to which a royalty or other payment is to be or has been made.

(e) If, at any time within 3 years after final payment under this contract, the Contractor for any reason is relieved in whole or in part from the payment of the royalties included in the final contract price as adjusted pursuant to paragraph (d) of this clause, the Contractor shall promptly notify the Contracting Officer of that fact and shall reimburse the Government in a corresponding amount.

(f) The substance of this clause, including this paragraph (f), shall be included in any subcontract in which the amount of royalties reported during negotiation of the subcontract exceeds \$250.

(End of clause)

952.227-11 Patent rights—retention by the contractor (short form).

As prescribed in 927.303(a), insert the following clause:

PATENT RIGHTS—RETENTION BY THE CONTRACTOR (SHORT FORM) (MAR 1995)

(a) *Definitions.*

(1) *Invention* means any invention or discovery which is or may be patentable or otherwise protectable under title 35 of the United States Code, or any novel variety of plant which is or may be protected under the Plant Variety Protection Act (7 U.S.C. 2321, et seq.).

(2) *Made* when used in relation to any invention means the conception of first actual reduction to practice of such invention.

(3) *Nonprofit organization* means a university or other institution of higher education or an organization of the type described in section 501(c)(3) of the Internal Revenue Code of 1954 (26 U.S.C. 501(c)) and exempt from taxation under section 501(a) of the Internal Revenue Code (26 U.S.C. 501(a)) or any nonprofit scientific or educational organization qualified under a state nonprofit organization statute.

(4) *Practical application* means to manufacture, in the case of a composition or product; to practice, in the case of a process or method; or to operate, in the case of a machine or system; and, in each case, under such conditions as to establish that the invention is being utilized and that its benefits are, to the extent permitted by law or Government regulations, available to the public on reasonable terms.

(5) *Small business firm* means a small business concern as defined at section 2 of Public Law 85-536 (15 U.S.C. 632) and implementing regulations of the Administrator of the Small Business Administration. For the purpose of this clause, the size standards for small business concerns involved in Government procurement and subcontracting at 13 CFR 121.3-8 and 13 CFR 121.3-12, respectively, will be used.

(6) *Subject invention* means any invention of the contractor conceived or first actually reduced to practice in the performance of work under this contract, provided that in the case of a variety of plant, the date of determination (as defined in section 41(d) of the Plant Variety Protection Act, 7 U.S.C.

2401(d)) must also occur during the period of contract performance.

(7) *Agency licensing regulations* and *agency regulations concerning the licensing of Government-owned inventions* mean the Department of Energy patent licensing regulations at 10 CFR part 781.

(b) *Allocation of principal rights.* The Contractor may retain the entire right, title, and interest throughout the world to each subject invention subject to the provisions of this clause and 35 U.S.C. 203. With respect to any subject invention in which the Contractor retains title, the Federal Government shall have a nonexclusive, nontransferable, irrevocable, paid-up license to practice or have practiced for or on behalf of the United States the subject invention throughout the world.

(c) *Invention disclosure, election of title, and filing of patent application by Contractor.* (1) The Contractor will disclose each subject invention to the Department of Energy (DOE) within 2 months after the inventor discloses it in writing to Contractor personnel responsible for patent matters. The disclosure to DOE shall be in the form of a written report and shall identify the contract under which the invention was made and the inventor(s). It shall be sufficiently complete in technical detail to convey a clear understanding to the extent known at the time of the disclosure, of the nature, purpose, operation, and the physical, chemical, biological or electrical characteristics of the invention. The disclosure shall also identify any publication, on sale or public use of the invention and whether a manuscript describing the invention has been submitted for publication and, if so, whether it has been accepted for publication at the time of disclosure. In addition, after disclosure to the DOE, the Contractor will promptly notify that agency of the acceptance of any manuscript describing the invention for publication or of any on sale or public use planned by the Contractor.

(2) The Contractor will elect in writing whether or not to retain title to any such invention by notifying DOE within 2 years of disclosure to DOE. However, in any case where publication, on sale or public use has initiated the 1-year statutory period wherein valid patent protection can still be obtained in the United States, the period for election of title may be shortened by DOE to a date that is no more than 60 days prior to the end of the statutory period.

(3) The Contractor will file its initial patent application on a subject invention to which it elects to retain title within 1 year after election of title or, if earlier, prior to the end of any statutory period wherein valid patent protection can be obtained in the United States after a publication, on sale, or public use. The Contractor will file patent applications in additional countries or international patent offices within either

10 months of the corresponding initial patent application or 6 months from the date permission is granted by the Commissioner of Patents and Trademarks to file foreign patent applications where such filing has been prohibited by a Secrecy Order.

(4) Requests for extension of the time for disclosure, election, and filing under subparagraphs (c)(1), (2), and (3) of this clause may, at the discretion of the agency, be granted.

(d) *Conditions when the Government may obtain title.* The Contractor will convey to the Federal agency, upon written request, title to any subject invention—

(1) If the Contractor fails to disclose or elect title to the subject invention within the times specified in paragraph (c) of this clause, or elects not to retain title; provided, that DOE may only request title within 60 days after learning of the failure of the Contractor to disclose or elect within the specified times.

(2) In those countries in which the Contractor fails to file patent applications within the times specified in paragraph (c) of this clause; provided, however, that if the Contractor has filed a patent application in a country after the times specified in paragraph (c) of this clause, but prior to its receipt of the written request of the Federal agency, the Contractor shall continue to retain title in that country.

(3) In any country in which the Contractor decides not to continue the prosecution of any application for, to pay the maintenance fees on, or defend in reexamination or opposition proceeding on, a patent on a subject invention.

(e) *Minimum rights to Contractor and protection of the Contractor right to file.* (1) The Contractor will retain a nonexclusive royalty-free license throughout the world in each subject invention to which the Government obtains title, except if the Contractor fails to disclose the invention within the times specified in paragraph (c) of this clause. The Contractor's license extends to its domestic subsidiary and affiliates, if any, within the corporate structure of which the Contractor is a party and includes the right to grant sublicenses of the same scope to the extent the Contractor was legally obligated to do so at the time the contract was awarded. The license is transferable only with the approval of the Federal agency, except when transferred to the successor of that part of the Contractor's business to which the invention pertains.

(2) The Contractor's domestic license may be revoked or modified by DOE to the extent necessary to achieve expeditious practical application of subject invention pursuant to an application for an exclusive license submitted in accordance with applicable provisions at 37 CFR part 404 and agency licensing regulations. This license will not be revoked

in that field of use or the geographical areas in which the Contractor has achieved practical application and continues to make the benefits of the invention reasonably accessible to the public. The license in any foreign country may be revoked or modified at the discretion of DOE to the extent the Contractor, its licensees, or the domestic subsidiaries or affiliates have failed to achieve practical application in that foreign country.

(3) Before revocation or modification of the license, DOE will furnish the Contractor a written notice of its intention to revoke or modify the license, and the Contractor will be allowed 30 days (or such other time as may be authorized by DOE for good cause shown by the Contractor) after the notice to show cause why the license should not be revoked or modified. The Contractor has the right to appeal, in accordance with applicable regulations in 37 CFR part 404 and agency regulations concerning the licensing of Government owned inventions, any decision concerning the revocation or modification of the license.

(f) *Contractor action to protect the Government's interest.* (1) The Contractor agrees to execute or to have executed and promptly deliver to DOE all instruments necessary to (i) establish or confirm the rights the Government has throughout the world in those subject inventions to which the Contractor elects to retain title, and (ii) convey title to DOE when requested under paragraph (d) of this clause and to enable the government to obtain patent protection throughout the world in that subject invention.

(2) The Contractor agrees to require, by written agreement, its employees, other than clerical and nontechnical employees, to disclose promptly in writing to personnel identified as responsible for the administration of patent matters and in a format suggested by the Contractor each subject invention made under contract in order that the Contractor can comply with the disclosure provisions of paragraph (c) of this clause, and to execute all papers necessary to file patent applications on subject inventions and to establish the Government's rights in the subject inventions. This disclosure format should require, as a minimum, the information required by subparagraph (c)(1) of this clause. The Contractor shall instruct such employees, through employee agreements or other suitable educational programs, on the importance of reporting inventions in sufficient time to permit the filing of patent applications prior to U.S. or foreign statutory bars.

(3) The Contractor will notify DOE of any decision not to continue the prosecution of a patent application, pay maintenance fees, or defend in a reexamination or opposition proceeding on a patent, in any country, not less

than 30 days before the expiration of the response period required by the relevant patent office.

(4) The Contractor agrees to include, within the specification of any United States patent application and any patent issuing thereon covering a subject invention, the following statement, "This invention was made with Government support under (identify the contract) awarded by the United States Department of Energy. The Government has certain rights in the invention."

(g) *Subcontracts.* (1) The Contractor will include this clause, suitably modified to identify the parties, in all subcontracts, regardless of tier, for experimental, developmental, or research work to be performed by a small business firm or domestic nonprofit organization. The subcontractor will retain all rights provided for the Contractor in this clause, and the Contractor will not, as part of the consideration for awarding the subcontract, obtain rights in the subcontractor's subject inventions.

(2) The contractor shall include in all other subcontracts, regardless of tier, for experimental, developmental, demonstration, or research work the patent rights clause at 952.227-13.

(3) In the case of subcontracts, at any tier, DOE, subcontractor, and the Contractor agree that the mutual obligations of the parties created by this clause constitute a contract between the subcontractor and DOE with respect to the matters covered by the clause; provided, however, that nothing in this paragraph is intended to confer any jurisdiction under the Contract Disputes Act in connection with proceedings under paragraph (j) of this clause.

(h) *Reporting on utilization of subject inventions.* The Contractor agrees to submit, on request, periodic reports no more frequently than annually on the utilization of a subject invention or on efforts at obtaining such utilization that are being made by the Contractor or its licensees or assignees. Such reports shall include information regarding the status of development, date of first commercial sale or use, gross royalties received, by the Contractor, and such other data and information as DOE may reasonably specify. The Contractor also agrees to provide additional reports as may be requested by DOE in connection with any march-in proceeding undertaken by that agency in accordance with paragraph (j) of this clause. As required by 35 U.S.C. 202(c)(5), DOE agrees it will not disclose such information to persons outside the Government without permission of the Contractor.

(i) *Preference for United States industry.* Notwithstanding any other provision of this clause, the Contractor agrees that neither it nor any assignee will grant to any person the exclusive right to use or sell any subject invention in the United States unless such per-

son agrees that any product embodying the subject invention or produced through the use of the subject invention will be manufactured substantially in the United States. However, in individual cases, the requirement for such an agreement may be waived by DOE upon a showing by the Contractor or its assignee that reasonable but unsuccessful efforts have been made to grant licenses on similar terms to potential licensees that would be likely to manufacture substantially in the United States or that under the circumstances domestic manufacture is not commercially feasible.

(j) *March-in rights.* The Contractor agrees that, with respect to any subject invention in which it has acquired title, DOE has the right in accordance with the procedures in 37 CFR 401.6 and any supplemental regulations of the agency to require the Contractor, an assignee or exclusive licensee of a subject invention to grant a nonexclusive, partially exclusive, or exclusive license in any field of use to a responsible applicant or applicants, upon terms that are reasonable under the circumstances, and, if the Contractor, assignee, or exclusive licensee refuses such a request, DOE has the right to grant such a license itself if DOE determines that—

(1) Such action is necessary because the Contractor or assignee has not taken, or is not expected to take within a reasonable time, effective steps to achieve practical application of the subject invention in such field of use;

(2) Such action is necessary to alleviate health or safety needs which are not reasonably satisfied by the Contractor, assignee, or their licensees;

(3) Such action is necessary to meet requirements for public use specified by Federal regulations and such requirements are not reasonably satisfied by the Contractor, assignee, or licensees; or

(4) Such action is necessary because the agreement required by paragraph (i) of this clause has not been obtained or waived or because a licensee of the exclusive right to use or sell any subject invention in the United States is in breach of such agreement.

(k) *Special provisions for contracts with nonprofit organizations.* If the Contractor is a nonprofit organization, it agrees that—

(1) Rights to a subject invention in the United States may not be assigned without the approval of the Federal agency, except where such assignment is made to an organization which has as one of its primary functions the management of inventions; provided, that such assignee will be subject to the same provisions as the Contractor;

(2) The Contractor will share royalties collected on a subject invention with the inventor, including Federal employee co-inventors (when DOE deems it appropriate) when the subject invention is assigned in accordance with 35 U.S.C. 202(e) and 37 CFR 401.10;

(3) The balance of any royalties or income earned by the Contractor with respect to subject inventions, after payment of expenses (including payments to inventors) incidental to the administration of subject inventions will be utilized for the support of scientific research or education; and

(4) It will make efforts that are reasonable under the circumstances to attract licensees of subject inventions that are small business firms, and that it will give a preference to a small business firm when licensing a subject invention if the Contractor determines that the small business firm has a plan or proposal for marketing the invention which, if executed, is equally as likely to bring the invention to practical application as any plans or proposals from applicants that are not small business firms; provided, that the Contractor is also satisfied that the small business firm has the capability and resources to carry out its plan or proposal. The decision whether to give a preference in any specific case will be at the discretion of the contractor. However, the Contractor agrees that the Secretary of Commerce may review the Contractor's licensing program and decisions regarding small business applicants, and the Contractor will negotiate changes to its licensing policies, procedures, or practices with the Secretary of Commerce when that Secretary's review discloses that the Contractor could take reasonable steps to more effectively implement the requirements of this subparagraph (k)(4).

(l) *Communications.* (1) The contractor shall direct any notification, disclosure, or request to DOE provided for in this clause to the DOE patent counsel assisting the DOE contracting activity, with a copy of the communication to the Contracting Officer.

(2) Each exercise of discretion or decision provided for in this clause, except subparagraph (k)(4), is reserved for the DOE Patent Counsel and is not a claim or dispute and is not subject to the Contract Disputes Act of 1978.

(3) Upon request of the DOE Patent Counsel or the contracting officer, the contractor shall provide any or all of the following:

(i) A copy of the patent application, filing date, serial number and title, patent number, and issue date for any subject invention in any country in which the contractor has applied for a patent;

(ii) A report, not more often than annually, summarizing all subject inventions which were disclosed to DOE individually during the reporting period specified; or

(iii) A report, prior to closeout of the contract, listing all subject inventions or stating that there were none.

(End of clause)

952.227-13 Patent rights—acquisition by the Government.

As prescribed at 927.303(a)(1), insert the following clause:

PATENT RIGHTS—ACQUISITION BY THE GOVERNMENT (SEP 1997)

(a) *Definitions.* *TI*

Invention, as used in this clause, means any invention or discovery which is or may be patentable or otherwise protectable under title 35 of the United States Code or any novel variety of plant that is or may be protectable under the Plant Variety Protection Act (7 U.S.C. 2321, *et seq.*).

Practical application, as used in this clause, means to manufacture, in the case of a composition or product; to practice, in the case of a process or method; or to operate, in the case of a machine or system; and, in each case, under such conditions as to establish that the invention is being utilized and that its benefits are, to the extent permitted by law or Government regulations, available to the public on reasonable terms.

Subject invention, as used in this clause, means any invention of the Contractor conceived or first actually reduced to practice in the course of or under this contract.

Patent Counsel, as used in this clause, means the Department of Energy Patent Counsel assisting the procuring activity.

DOE patent waiver regulations, as used in this clause, means the Department of Energy patent waiver regulations in effect on the date of award of this contract. See 10 CFR part 784.

Agency licensing regulations and applicable agency licensing regulations, as used in this clause, mean the Department of Energy patent licensing regulations at 10 CFR part 781.

(b) *Allocations of principal rights.* (1) *Assignment to the Government.* The Contractor agrees to assign to the Government the entire right, title, and interest throughout the world in and to each subject invention, except to the extent that rights are retained by the Contractor under subparagraph (b)(2) and paragraph (d) of this clause.

(2) *Greater rights determinations.* (i) The Contractor, or an employee-inventor after consultation with the Contractor, may request greater rights than the nonexclusive license and the foreign patent rights provided in paragraph (d) of this clause on identified inventions in accordance with the DOE patent waiver regulations. A request for a determination of whether the Contractor or the employee-inventor is entitled to acquire such greater rights must be submitted to the Patent Counsel with a copy to the Contracting Officer at the time of the first disclosure of the invention pursuant to subparagraph (e)(2) of this clause, or not later than 8 months thereafter, unless a longer period is

authorized in writing by the Contracting Officer for good cause shown in writing by the Contractor. Each determination of greater rights under this contract shall be subject to paragraph (c) of this clause, unless otherwise provided in the greater rights determination, and to the reservations and conditions deemed to be appropriate by the Secretary of Energy or designee.

(ii) Within two (2) months after the filing of a patent application, the Contractor shall provide the filing date, serial number and title, a copy of the patent application (including an English-language version if filed in a language other than English), and, promptly upon issuance of a patent, provide the patent number and issue date for any subject invention in any country for which the Contractor has been granted title or the right to file and prosecute on behalf of the United States by the Department of Energy.

(iii) Not less than thirty (30) days before the expiration of the response period for any action required by the Patent and Trademark Office, notify the Patent Counsel of any decision not to continue prosecution of the application.

(iv) Upon request, the Contractor shall furnish the Government an irrevocable power to inspect and make copies of the patent application file.

(c) *Minimum rights acquired by the Government.* (1) With respect to each subject invention to which the Department of Energy grants the Contractor principal or exclusive rights, the Contractor agrees as follows:

(i) The Contractor hereby grants to the Government a nonexclusive, nontransferable, irrevocable, paid-up license to practice or have practiced each subject invention throughout the world by or on behalf of the Government of the United States (including any Government agency).

(ii) The Contractor agrees that with respect to any subject invention in which DOE has granted it title, DOE has the right in accordance with the procedures in the DOE patent waiver regulations (10 CFR part 784) to require the Contractor, an assignee, or exclusive licensee of a subject invention to grant a nonexclusive, partially exclusive, or exclusive license in any field of use to a responsible applicant or applicants, upon terms that are reasonable under the circumstances, and if the Contractor, assignee, or exclusive licensee refuses such a request, DOE has the right to grant such a license itself if it determines that—

(A) Such action is necessary because the Contractor or assignee has not taken, or is not expected to take within a reasonable time, effective steps to achieve practical application of the subject invention in such field of use;

(B) Such action is necessary to alleviate health or safety needs which are not reason-

ably satisfied by the Contractor, assignee, or their licensees;

(C) Such action is necessary to meet requirements for public use specified by Federal regulations and such requirements are not reasonably satisfied by the Contractor, assignee, or licensees; or

(D) Such action is necessary because the agreement required by paragraph (i) of this clause has neither been obtained nor waived or because a licensee of the exclusive right to use or sell any subject invention in the United States is in breach of such agreement.

(iii) The Contractor agrees to submit on request periodic reports no more frequently than annually on the utilization of a subject invention or on efforts at obtaining such utilization of a subject invention or on efforts at obtaining such utilization that are being made by the Contractor or its licensees or assignees. Such reports shall include information regarding the status of development, date of first commercial sale or use, gross royalties received by the Contractor, and such other data and information as DOE may reasonably specify. The Contractor also agrees to provide additional reports as may be requested by DOE in connection with any march-in proceedings undertaken by that agency in accordance with subparagraph (c)(1)(ii) of this clause. To the extent data or information supplied under this section is considered by the Contractor, its licensee, or assignee to be privileged and confidential and is so marked, the Department of Energy agrees that, to the extent permitted by law, it will not disclose such information to persons outside the Government.

(iv) The Contractor agrees, when licensing a subject invention, to arrange to avoid royalty charges on acquisitions involving Government funds, including funds derived through a Military Assistance Program of the Government or otherwise derived through the Government, to refund any amounts received as royalty charges on a subject invention in acquisitions for, or on behalf of, the Government, and to provide for such refund in any instrument transferring rights in the invention to any party.

(v) The Contractor agrees to provide for the Government's paid-up license pursuant to subparagraph (c)(1)(i) of this clause in any instrument transferring rights in a subject invention and to provide for the granting of licenses as required by subparagraph (c)(1)(ii) of this clause, and for the reporting of utilization information as required by subparagraph (c)(1)(iii) of this clause, whenever the instrument transfers principal or exclusive rights in a subject invention.

(2) Nothing contained in this paragraph (c) shall be deemed to grant to the Government any rights with respect to any invention other than a subject invention.

(d) *Minimum rights to the Contractor.* (1) The Contractor is hereby granted a revocable, nonexclusive, royalty-free license in each patent application filed in any country on a subject invention and any resulting patent in which the Government obtains title, unless the Contractor fails to disclose the subject invention within the times specified in subparagraph (e)(2) of this clause. The Contractor's license extends to its domestic subsidiaries and affiliates, if any, within the corporate structure of which the Contractor is a part and includes the right to grant sublicenses of the same scope to the extent the Contractor was legally obligated to do so at the time the contract was awarded. The license is transferable only with the approval of DOE except when transferred to the successor of that part of the Contractor's business to which the invention pertains.

(2) The Contractor's domestic license may be revoked or modified by DOE to the extent necessary to achieve expeditious practical application of the subject invention pursuant to an application for an exclusive license submitted in accordance with applicable provisions in 37 CFR part 404 and agency licensing regulations. This license will not be revoked in that field of use or the geographical areas in which the Contractor has achieved practical applications and continues to make the benefits of the invention reasonably accessible to the public. The license in any foreign country may be revoked or modified at the discretion of DOE to the extent the Contractor, its licensees, or its domestic subsidiaries or affiliates have failed to achieve practical application in that foreign country.

(3) Before revocation or modification of the license, DOE will furnish the Contractor a written notice of its intention to revoke or modify the license, and the Contractor will be allowed 30 days (or such other time as may be authorized by DOE for good cause shown by the Contractor) after the notice to show cause why the license should not be revoked or modified. The Contractor has the right to appeal, in accordance with applicable agency licensing regulations and 37 CFR part 404 concerning the licensing of Government-owned inventions, any decision concerning the revocation or modification of its license.

(4) The Contractor may request the right to acquire patent rights to a subject invention in any foreign country where the Government has elected not to secure such rights, subject to the conditions in subparagraphs (d)(4)(i) through (d)(4)(vii) of this clause. Such request must be made in writing to the Patent Counsel as part of the disclosure required by subparagraph (e)(2) of this clause, with a copy to the DOE Contracting Officer. DOE approval, if given, will be based on a determination that this would best serve the national interest.

(i) The recipient of such rights, when specifically requested by DOE, and three years after issuance of a foreign patent disclosing the subject invention, shall furnish DOE a report stating:

(A) The commercial use that is being made, or is intended to be made, of said invention, and

(B) The steps taken to bring the invention to the point of practical application or to make the invention available for licensing.

(ii) The Government shall retain at least an irrevocable, nonexclusive, paid-up license to make, use, and sell the invention throughout the world by or on behalf of the Government (including any Government agency) and States and domestic municipal governments, unless the Secretary of Energy or designee determines that it would not be in the public interest to acquire the license for the States and domestic municipal governments.

(iii) If noted elsewhere in this contract as a condition of the grant of an advance waiver of the Government's title to inventions under this contract, or, if no advance waiver was granted but a waiver of the Government's title to an identified invention is granted pursuant to subparagraph (b)(2) of this clause upon a determination by the Secretary of Energy that it is in the Government's best interest, this license shall include the right of the Government to sublicense foreign governments pursuant to any existing or future treaty or agreement with such foreign governments.

(iv) Subject to the rights granted in subparagraphs (d)(1), (2), and (3) of this clause, the Secretary of Energy or designee shall have the right to terminate the foreign patent rights granted in this subparagraph (d)(4) in whole or in part unless the recipient of such rights demonstrates to the satisfaction of the Secretary of Energy or designee that effective steps necessary to accomplish substantial utilization of the invention have been taken or within a reasonable time will be taken.

(v) Subject to the rights granted in subparagraphs (d)(1), (2), and (3) of this clause, the Secretary of Energy or designee shall have the right, commencing four years after foreign patent rights are accorded under this subparagraph (d)(4), to require the granting of a nonexclusive or partially exclusive license to a responsible applicant or applicants, upon terms reasonable under the circumstances, and in appropriate circumstances to terminate said foreign patent rights in whole or in part, following a hearing upon notice thereof to the public, upon a petition by an interested person justifying such hearing:

(A) If the Secretary of Energy or designee determines, upon review of such material as he deems relevant, and after the recipient of such rights or other interested person has

had the opportunity to provide such relevant and material information as the Secretary or designee may require, that such foreign patent rights have tended substantially to lessen competition or to result in undue market concentration in any section of the United States in any line of commerce to which the technology relates; or

(B) Unless the recipient of such rights demonstrates to the satisfaction of the Secretary of Energy or designee at such hearing that the recipient has taken effective steps, or within a reasonable time thereafter is expected to take such steps, necessary to accomplish substantial utilization of the invention.

(vi) If the contractor is to file a foreign patent application on a subject invention, the contractor or inventor agrees, upon written request, to use its best efforts to withhold publication of such invention disclosures for such period of time as specified by Patent Counsel, but in no event shall the Government or its employees be liable for any publication thereof.

(vii) Subject to the license specified in subparagraphs (d) (1), (2), and (3) of this clause, the contractor or inventor agrees to convey to the Government, upon request, the entire right, title, and interest in any foreign country in which the contractor or inventor fails to have a patent application filed in a timely manner or decides not to continue prosecution or to pay any maintenance fees covering the invention. To avoid forfeiture of the patent application or patent, the contractor or inventor shall, not less than 60 days before the expiration period for any action required by any patent office, notify the Patent Counsel of such failure or decision, and deliver to the Patent Counsel, the executed instruments necessary for the conveyance specified in this paragraph.

(e) *Invention identification, disclosures, and reports.* (1) The Contractor shall establish and maintain active and effective procedures to assure that subject inventions are promptly identified and disclosed to Contractor personnel responsible for patent matters within 6 months of conception and/or first actual reduction to practice, whichever occurs first in the performance of work under this contract. These procedures shall include the maintenance of laboratory notebooks or equivalent records and other records as are reasonably necessary to document the conception and/or the first actual reduction to practice of subject inventions, and records that show that the procedures for identifying and disclosing the inventions are followed. Upon request, the Contractor shall furnish the Contracting Officer a description of such procedures for evaluation and for determination as to their effectiveness.

(2) The Contractor shall disclose each subject invention to the DOE Patent Counsel

with a copy to the Contracting Officer within 2 months after the inventor discloses it in writing to Contractor personnel responsible for patent matters or, if earlier, within 6 months after the Contractor becomes aware that a subject invention has been made, but in any event before any on sale, public use, or publication of such invention known to the Contractor. The disclosure to DOE shall be in the form of a written report and shall identify the contract under which the invention was made and the inventor(s). It shall be sufficiently complete in technical detail to convey a clear understanding, to the extent known at the time of the disclosure, of the nature, purpose, operation, and physical, chemical, biological, or electrical characteristics of the invention. The disclosure shall also identify any publication, on sale, or public use of the invention and whether a manuscript describing the invention has been submitted for publication and, if so, whether it has been accepted for publication at the time of disclosure. In addition, after disclosure to DOE, the Contractor shall promptly notify Patent Counsel of the acceptance of any manuscript describing the invention for publication or of any on sale or public use planned by the Contractor. The report should also include any request for a greater rights determination in accordance with subparagraph (b)(2) of this clause. When an invention is disclosed to DOE under this paragraph, it shall be deemed to have been made in the manner specified in Sections (a)(1) and (a)(2) of 42 U.S.C. 5908, unless the Contractor contends in writing at the time the invention is disclosed that it was not so made.

(3) The Contractor shall furnish the Contracting Officer the following:

(i) Interim reports every 12 months (or such longer period as may be specified by the Contracting Officer) from the date of the contract, listing all subject inventions during that period, and including a statement that all subject inventions have been disclosed (or that there are not such inventions), and that such disclosure has been made in accordance with the procedures required by paragraph (e)(1) of this clause.

(ii) A final report, within 3 months after completion of the contracted work listing all subject inventions or containing a statement that there were no such inventions, and listing all subcontracts at any tier containing a patent right clause or containing a statement that there were no such subcontracts.

(4) The Contractor agrees to require, by written agreement, its employees, other than clerical and nontechnical employees, to disclose promptly in writing to personnel identified as responsible for the administration of patent matters and in a format suggested by the Contractor each subject invention made under contract in order that the Contractor can comply with the disclosure

provisions of paragraph (c) of this clause, and to execute all papers necessary to file patent applications on subject inventions and to establish the Government's rights in the subject inventions. This disclosure format should require, as a minimum, the information required by subparagraph (e)(2) of this clause.

(5) The Contractor agrees, subject to FAR 27.302(j), that the Government may duplicate and disclose subject invention disclosures and all other reports and papers furnished or required to be furnished pursuant to this clause.

(f) *Examination of records relating to inventions.* (1) The Contracting Officer or any authorized representative shall, until 3 years after final payment under this contract, have the right to examine any books (including laboratory notebooks), records, and documents of the Contractor relating to the conception or first actual reduction to practice of inventions in the same field of technology as the work under this contract to determine whether—

(i) Any such inventions are subject inventions;

(ii) The Contractor has established and maintains the procedures required by subparagraphs (e) (1) and (4) of this clause;

(iii) The Contractor and its inventors have complied with the procedures.

(2) If the Contracting Officer learns of an unreported Contractor invention which the Contracting Officer believes may be a subject invention, the Contractor may be required to disclose the invention to DOE for a determination of ownership rights.

(3) Any examination of records under this paragraph will be subject to appropriate conditions to protect the confidentiality of the information involved.

(g) *Withholding of payment* (This paragraph does not apply to subcontracts).

(1) Any time before final payment under this contract, the Contracting Officer may, in the Government's interest, withhold payment until a reserve not exceeding \$50,000 or 5 percent of the amount of this contract, whichever is less, shall have been set aside if, in the Contracting Officer's opinion, the Contractor fails to—

(i) Convey to the Government, using a DOE-approved form, the title and/or rights of the Government in each subject invention as required by this clause.

(ii) Establish, maintain, and follow effective procedures for identifying and disclosing subject inventions pursuant to subparagraph (e)(1) of this clause;

(iii) Disclose any subject invention pursuant to subparagraph (e)(2) of this clause;

(iv) Deliver acceptable interim reports pursuant to subparagraph (e)(3)(i) of this clause; or

(v) Provide the information regarding subcontracts pursuant to subparagraph (h)(4) of this clause.

(2) Such reserve or balance shall be withheld until the Contracting Officer has determined that the Contractor has rectified whatever deficiencies exist and has delivered all reports, disclosures, and other information required by this clause.

(3) Final payment under this contract shall not be made before the Contractor delivers to the Contracting Officer all disclosures of subject inventions required by subparagraph (e)(2) of this clause, and acceptable final report pursuant to subparagraph (e)(3)(ii) of this clause, and the Patent Counsel has issued a patent clearance certification to the Contracting Officer.

(4) The Contracting Officer may decrease or increase the sums withheld up to the maximum authorized above. No amount shall be withheld under this paragraph while the amount specified by this paragraph is being withheld under other provisions of the contract. The withholding of any amount or the subsequent payment thereof shall not be construed as a waiver of any Government rights.

(h) *Subcontracts.* (1) The contractor shall include the clause at 48 CFR 952.227-11 (suitably modified to identify the parties) in all subcontracts, regardless of tier, for experimental, developmental, demonstration, or research work to be performed by a small business firm or domestic nonprofit organization, except where the work of the subcontract is subject to an Exceptional Circumstances Determination by DOE. In all other subcontracts, regardless of tier, for experimental, developmental, demonstration, or research work, the contractor shall include this clause (suitably modified to identify the parties). The contractor shall not, as part of the consideration for awarding the subcontract, obtain rights in the subcontractor's subject inventions.

(2) In the event of a refusal by a prospective subcontractor to accept such a clause the Contractor—

(i) Shall promptly submit a written notice to the Contracting Officer setting forth the subcontractor's reasons for such refusal and other pertinent information that may expedite disposition of the matter; and

(ii) Shall not proceed with such subcontract without the written authorization of the Contracting Officer.

(3) In the case of subcontracts at any tier, DOE, the subcontractor, and Contractor agree that the mutual obligations of the parties created by this clause constitute a contract between the subcontractor and DOE with respect to those matters covered by this clause.

(4) The Contractor shall promptly notify the Contracting Officer in writing upon the

award of any subcontract at any tier containing a patent rights clause by identifying the subcontractor, the applicable patent rights clause, the work to be performed under the subcontract, and the dates of award and estimated completion. Upon request of the Contracting Officer, the Contractor shall furnish a copy of such subcontract, and, no more frequently than annually, a listing of the subcontracts that have been awarded.

(5) The contractor shall identify all subject inventions of the subcontractor of which it acquires knowledge in the performance of this contract and shall notify the Patent Counsel, with a copy to the contracting officer, promptly upon identification of the inventions.

(i) *Preference United States industry.* Unless provided otherwise, no Contractor that receives title to any subject invention and no assignee of any such Contractor shall grant to any person the exclusive right to use or sell any subject invention in the United States unless such person agrees that any products embodying the subject invention will be manufactured substantially in the United States. However, in individual cases, the requirement may be waived by the Government upon a showing by the Contractor or assignee that reasonable but unsuccessful efforts have been made to grant licenses on similar terms to potential licensees that would be likely to manufacture substantially in the United States or that under the circumstances domestic manufacture is not commercially feasible.

(j) *Atomic energy.* (1) No claim for pecuniary award of compensation under the provisions of the Atomic Energy Act of 1954, as amended, shall be asserted with respect to any invention or discovery made or conceived in the course of or under this contract.

(2) Except as otherwise authorized in writing by the Contracting Officer, the Contractor will obtain patent agreements to effectuate the provisions of subparagraph (e)(1) of this clause from all persons who perform any part of the work under this contract, except nontechnical personnel, such as clerical employees and manual laborers.

(k) *Background Patents.* (1) *Background Patent* means a domestic patent covering an invention or discovery which is not a subject invention and which is owned or controlled by the Contractor at any time through the completion of this contract:

(i) Which the contractor, but not the Government, has the right to license to others without obligation to pay royalties thereon, and

(ii) Infringement of which cannot reasonably be avoided upon the practice of any specific process, method, machine, manufacture, or composition of matter (including relatively minor modifications thereof) which is a subject of the research, develop-

ment, or demonstration work performed under this contract.

(2) The Contractor agrees to and does hereby grant to the Government a royalty-free, nonexclusive license under any background patent for purposes of practicing a subject of this contract by or for the Government in research, development, and demonstration work only.

(3) The Contractor also agrees that upon written application by DOE, it will grant to responsible parties, for purposes of practicing a subject of this contract, nonexclusive licenses under any background patent on terms that are reasonable under the circumstances. If, however, the Contractor believes that exclusive rights are necessary to achieve expeditious commercial development or utilization, then a request may be made to DOE for DOE approval of such licensing by the Contractor.

(4) Notwithstanding subparagraph (k)(3) of this clause, the contractor shall not be obligated to license any background patent if the Contractor demonstrates to the satisfaction of the Secretary of Energy or designee that:

(i) A competitive alternative to the subject matter covered by said background patent is commercially available or readily introducible from one or more other sources; or

(ii) The Contractor or its licensees are supplying the subject matter covered by said background patent in sufficient quantity and at reasonable prices to satisfy market needs, or have taken effective steps or within a reasonable time are expected to take effective steps to so supply the subject matter.

(l) *Publication.* It is recognized that during the course of the work under this contract, the Contractor or its employees may from time to time desire to release or publish information regarding scientific or technical developments conceived or first actually reduced to practice in the course of or under this contract. In order that public disclosure of such information will not adversely affect the patent interests of DOE or the Contractor, patent approval for release of publication shall be secured from Patent Counsel prior to any such release or publication.

(m) *Forfeiture of rights in unreported subject inventions.* (1) The Contractor shall forfeit and assign to the Government, at the request of the Secretary of Energy or designee, all rights in any subject invention which the Contractor fails to report to Patent Counsel within six months after the time the Contractor:

(i) Files or causes to be filed a United States or foreign patent application thereon; or

(ii) Submits the final report required by subparagraph (e)(2)(ii) of this clause, whichever is later.

(2) However, the Contractor shall not forfeit rights in a subject invention if, within the time specified in subparagraph (m)(1) of this clause, the Contractor:

(i) Prepares a written decision based upon a review of the record that the invention was neither conceived nor first actually reduced to practice in the course of or under the contract and delivers the decision to Patent Counsel, with a copy to the Contracting Officer; or

(ii) Contending that the invention is not a subject invention, the Contractor nevertheless discloses the invention and all facts pertinent to this contention to the Patent Counsel, with a copy to the Contracting Officer; or

(iii) Establishes that the failure to disclose did not result from the Contractor's fault or negligence.

(3) Pending written assignment of the patent application and patents on a subject invention determined by the Secretary of Energy or designee to be forfeited (such determination to be a final decision under the Disputes clause of this contract), the Contractor shall be deemed to hold the invention and the patent applications and patents pertaining thereto in trust for the Government. The forfeiture provision of this paragraph (m) shall be in addition to and shall not supersede other rights and remedies which the Government may have with respect to subject inventions.

952.227-14 Rights in data-general. (DOE coverage—alternates VI and VII)

Alternate VI (FEB 1998) As prescribed at 48 CFR 927.404(l) insert Alternate VI to require the contractor to license data regarded as limited rights data or restricted computer software to the Government and third parties at reasonable royalties upon request by the Department of Energy.

(k) *Contractor Licensing.* Except as may be otherwise specified in this contract as data not subject to this paragraph, the contractor agrees that upon written application by DOE, it will grant to the Government and responsible third parties, for purposes of practicing a subject of this contract, a nonexclusive license in any limited rights data or restricted computer software on terms and conditions reasonable under the circumstances including appropriate provisions for confidentiality; provided, however, the contractor shall not be obliged to license any

such data if the contractor demonstrates to the satisfaction of the Secretary of Energy or designee that:

(1) Such data are not essential to the manufacture or practice of hardware designed or fabricated, or processes developed, under this contract;

(2) Such data, in the form of results obtained by their use, have a commercially competitive alternate available or readily introducible from one or more other sources;

(3) Such data, in the form of results obtained by their use, are being supplied by the contractor or its licensees in sufficient quantity and at reasonable prices to satisfy market needs, or the contractor or its licensees have taken effective steps or within a reasonable time are expected to take effective steps to so supply such data in the form of results obtained by their use; or

(4) Such data, in the form of results obtained by their use, can be furnished by another firm skilled in the art of manufacturing items or performing processes of the same general type and character necessary to achieve the contract results.

(End of alternate)

Alternate VII (FEB 1998) As prescribed in 48 CFR 927.404(m) make the change described in Alternate VII to limit the contractor's use of DOE restricted data.

Insert the parenthetical phrase "(except Restricted Data in category C-24, 10 CFR part 725, in which DOE has reserved the right to receive reasonable compensation for the use of its inventions and discoveries, including related data and technology)." after the phrase "data first produced or specifically used by the Contractor in the performance of this contract" in paragraph (b)(2)(i) of the clause at FAR 52.227-14.

952.227-70—952.227-72 [Reserved]

952.227-74 [Reserved]

952.227-82 Rights to proposal data.

Pursuant to 927.7002(d), include this clause in any contract which the decision to make the award included consideration of a technical proposal.

RIGHTS TO PROPOSAL DATA (APR 1994)

Except for technical data contained on pages ___ of the contractor's proposal dated ___ which are asserted by the contractor as

being proprietary data, it is agreed that, as a condition of the award of this contract, and notwithstanding the provisions of any notice appearing on the proposal, the Government shall have the right to use, duplicate, disclose and have others do so for any purpose whatsoever, the technical data contained in the proposal upon which this contract is based.

[49 FR 12042, Mar. 28, 1984, as amended at 59 FR 9109, Feb. 25, 1994; 62 FR 2312, Jan. 16, 1997]

952.227-84 Notice of right to request patent waiver.

Include this provision in all appropriate solicitations in accordance with 48 CFR 927.409(t).

RIGHT TO REQUEST PATENT WAIVER (FEB 1998)

Offerors have the right to request a waiver of all or any part of the rights of the United States in inventions conceived or first actually reduced to practice in performance of the contract that may be awarded as a result of this solicitation, in advance of or within 30 days after the effective date of contracting. Even where such advance waiver is not requested or the request is denied, the contractor will have a continuing right under the contract to request a waiver of the rights of the United States in identified inventions, *i.e.*, individual inventions conceived or first actually reduced to practice in performance of the contract. Domestic small businesses and domestic nonprofit organizations normally will receive the patent rights clause at DEAR 952.227-11 which permits the contractor to retain title to such inventions, except under contracts for management or operation of a Government-owned research and development facility or under contracts involving exceptional circumstances or intelligence activities. Therefore, small businesses and nonprofit organizations normally need not request a waiver. See the patent rights clause in the draft contract in this solicitation. See DOE's patent waiver regulations at 10 CFR part 784.

[63 FR 10508, Mar. 4, 1998]

952.231-70 Date of incurrence of cost.

In accordance with 931.205-32, insert the following clause when advance understandings have been negotiated regarding costs incurred prior to the contract effective date:

DATE OF INCURRENCE OF COST (APR 1984)

The Contractor shall be entitled to reimbursement for costs incurred in an amount not to exceed \$ ____ on or after ____ which, if incurred after this contract has been entered into, would have been reimbursable under the provisions of this contract.

[49 FR 12042, Mar. 28, 1984; 49 FR 38952, Oct. 2, 1984]

952.231-71 Insurance-litigation and claims.

As prescribed in 48 CFR 931.205-19, insert the following clause in applicable non-management and operating contracts:

INSURANCE-LITIGATION AND CLAIMS (APRIL 2002)

(a) The contractor may, with the prior written authorization of the contracting officer, and shall, upon the request of the Government, initiate litigation against third parties, including proceedings before administrative agencies, in connection with this contract. The contractor shall proceed with such litigation in good faith and as directed from time to time by the contracting officer.

(b) The contractor shall give the contracting officer immediate notice in writing of any legal proceeding, including any proceeding before an administrative agency, filed against the contractor arising out of the performance of this contract. Except as otherwise directed by the contracting officer, in writing, the contractor shall furnish immediately to the contracting officer copies of all pertinent papers received by the contractor with respect to such action. The contractor, with the prior written authorization of the contracting officer, shall proceed with such litigation in good faith and as directed from time to time by the contracting officer.

(c)(1) Except as provided in paragraph (c)(2) of this clause, the contractor shall procure and maintain such bonds and insurance as required by law or approved in writing by the contracting officer.

(2) The contractor may, with the approval of the contracting officer, maintain a self-insurance program; provided that, with respect to workers' compensation, the contractor is qualified pursuant to statutory authority.

(3) All bonds and insurance required by this clause shall be in a form and amount and for those periods as the contracting officer may require or approve and with sureties and insurers approved by the contracting officer.

(d) The contractor agrees to submit for the contracting officer's approval, to the extent and in the manner required by the contracting officer, any other bonds and insurance that are maintained by the contractor

in connection with the performance of this contract and for which the contractor seeks reimbursement. If an insurance cost (whether a premium for commercial insurance or related to self-insurance) includes a portion covering costs made unallowable elsewhere in the contract, and the share of the cost for coverage for the unallowable cost is determinable, the portion of the cost that is otherwise an allowable cost under this contract is reimbursable to the extent determined by the contracting officer.

(e) Except as provided in paragraphs (g) and (h) of this clause, or specifically disallowed elsewhere in this contract, the contractor shall be reimbursed—

(1) For that portion of the reasonable cost of bonds and insurance allocable to this contract required in accordance with contract terms or approved under this clause, and

(2) For liabilities (and reasonable expenses incidental to such liabilities, including litigation costs) to third persons not compensated by insurance or otherwise without regard to and as an exception to the limitation of cost or limitation of funds clause of this contract.

(f) The Government's liability under paragraph (e) of this clause is subject to the availability of appropriated funds. Nothing in this contract shall be construed as implying that the Congress will, at a later date, appropriate funds sufficient to meet deficiencies.

(g) Notwithstanding any other provision of this contract, the contractor shall not be reimbursed for liabilities (and expenses incidental to such liabilities, including litigation costs, counsel fees, judgment and settlements)—

(1) Which are otherwise unallowable by law or the provisions of this contract; or

(2) For which the contractor has failed to insure or to maintain insurance as required by law, this contract, or by the written direction of the contracting officer.

(h) In addition to the cost reimbursement limitations contained in 48 CFR part 31, as supplemented in 48 CFR part 931, and notwithstanding any other provision of this contract, the contractor's liabilities to third persons, including employees but excluding costs incidental to workers' compensation actions (and any expenses incidental to such liabilities, including litigation costs, counsel fees, judgments and settlements), shall not be reimbursed if such liabilities were caused by contractor managerial personnel's—

(1) Willful misconduct,

(2) Lack of good faith, or

(3) Failure to exercise prudent business judgment, which means failure to act in the same manner as a prudent person in the conduct of competitive business; or, in the case of a non-profit educational institution, failure to act in the manner that a prudent person would under the circumstances pre-

vailing at the time the decision to incur the cost is made.

(i) The burden of proof shall be upon the contractor to establish that costs covered by paragraph (h) of this clause are allowable and reasonable if, after an initial review of the facts, the contracting officer challenges a specific cost or informs the contractor that there is reason to believe that the cost results from willful misconduct, lack of good faith, or failure to exercise prudent business judgment by contractor managerial personnel.

(j)(1) All litigation costs, including counsel fees, judgments and settlements shall be differentiated and accounted for by the contractor so as to be separately identifiable. If the contracting officer provisionally disallows such costs, then the contractor may not use funds advanced by DOE under the contract to finance the litigation.

(2) Punitive damages are not allowable unless the act or failure to act which gave rise to the liability resulted from compliance with specific terms and conditions of the contract or written instructions from the contracting officer.

(3) The portion of the cost of insurance obtained by the contractor that is allocable to coverage of liabilities referred to in paragraph (g)(1) of this clause is not allowable.

(4) The term "contractor's managerial personnel" is defined in the Property clause in this contract.

(k) The contractor may at its own expense and not as an allowable cost procure for its own protection insurance to compensate the contractor for any unallowable or unreimbursable costs incurred in connection with contract performance.

(l) If any suit or action is filed or any claim is made against the contractor, the cost and expense of which may be reimbursable to the contractor under this contract, and the risk of which is then uninsured or is insured for less than the amount claimed, the contractor shall—

(1) Immediately notify the contracting officer and promptly furnish copies of all pertinent papers received;

(2) Authorize Department representatives to collaborate with: in-house or DOE-approved outside counsel in settling or defending the claim; or counsel for the insurance carrier in settling or defending the claim if the amount of the liability claimed exceeds the amount of coverage, unless precluded by the terms of the insurance contract; and

(3) Authorize Department representatives to settle the claim or to defend or represent the contractor in and/or to take charge of any litigation, if required by the Department, if the liability is not insured or covered by bond. In any action against more than one Department contractor, the Department may require the contractor to be represented by common counsel. Counsel for

952.233-2

the contractor may, at the contractor's own expense, be associated with the Department representatives in any such claim or litigation.

952.233-2 Service of protest.

As prescribed in 48 CFR 933.106(a), add the following to the end of the provision at FAR 52.233-2:

(c) Another copy of a protest filed with the General Accounting Office shall be furnished to the following address within the time periods described in paragraph (b) of this clause: U.S. Department of Energy, Assistant General Counsel for Procurement and Financial Assistance (GC-61), 1000 Independence Avenue, S.W., Washington, DC 20585, Fax: (202) 586-4546.

952.233-4 Notice of protest file availability.

As prescribed in 933.106(b), insert the following provision:

NOTICE OF PROTEST FILE AVAILABILITY (SEP 1996)

(a) If a protest of this procurement is filed with the General Accounting Office (GAO) in accordance with 4 CFR part 21, any actual or prospective offeror may request the Department of Energy to provide it with reasonable access to the protest file pursuant to FAR 33.104(a)(3)(ii), implementing section 1065 of Public Law 103-355. Such request must be in writing and addressed to the contracting officer for this procurement.

(b) Any offeror who submits information or documents to the Department for the purpose of competing in this procurement is hereby notified that information or documents it submits may be included in the protest file that will be available to actual or prospective offerors in accordance with the requirements of FAR 33.104(a)(3)(ii). The Department will be required to make such documents available unless they are exempt from disclosure pursuant to the Freedom of Information Act. Therefore, offerors should mark any documents as to which they would assert that an exemption applies. (See 10 CFR part 1004.)

As prescribed in 48 CFR 933.106(c), insert the following provision:

48 CFR Ch. 9 (10-1-03 Edition)

AGENCY PROTEST REVIEW (SEP 1996)

Protests to the Agency will be decided either at the level of the Head of the Contracting Activity or at the Headquarters level. The Department of Energy's agency protest procedures, set forth in 933.103, elaborate on these options and on the availability of a suspension of a procurement that is protested to the agency. The Department encourages potential protesters to discuss their concerns with the contracting officer prior to filing a protest.

952.235-70 Key personnel.

In accordance with 935.070, insert the following clause.

KEY PERSONNEL (APR 1994)

The personnel specified in an attachment to this contract are considered to be essential to the work being performed hereunder. Prior to diverting any of the specified individuals to other programs, the Contractor shall notify the contracting officer reasonably in advance and shall submit justification (including proposed substitutions) in sufficient detail to permit evaluation of the impact on the program. No diversion shall be made by the contractor without the written consent of the contracting officer: Provided, that the contracting officer may ratify in writing such diversion and such ratification shall constitute the consent of the contracting officer required by this clause. The attachment to this contract may be amended from time to time during the course of the contract to either add or delete personnel, as appropriate.

952.236-71 Inspection in architect-engineer contracts.

As prescribed at 936.609-3 insert the following clause.

INSPECTION (APR 1994)

The Government, through any authorized representatives, has the right at all reasonable times, to inspect, or otherwise evaluate the work performed or being performed hereunder and the premises in which it is being performed. As prescribed in 937.7040, insert the following clause:

COLLECTIVE BARGAINING AGREEMENTS—PROTECTIVE SERVICES (AUG 1993)

When negotiating collective bargaining agreements applicable to the work force under this contract, the Contractor shall use its best efforts to ensure such agreements contain provisions designed to assure continuity of services. All such agreements entered into during the contract period of performance should provide that grievances and disputes involving the interpretation or application of the agreement will be settled without resorting to strike, lockout, or other interruption of normal operations.

For this purpose, each collective bargaining agreement should provide an effective grievance procedure with arbitration as its final step, unless the parties mutually agree upon some other method of assuring continuity of operations. As part of such agreements, management and labor should agree to cooperate fully with the Federal Mediation and Conciliation Service. The contractor shall include the substance of this clause in any subcontracts for protective services.

952.242-70 Technical Direction.

TECHNICAL DIRECTION (DEC 2000)

(a) Performance of the work under this contract shall be subject to the technical direction of the DOE Contracting Officer's Representative (COR). The term "technical direction" is defined to include, without limitation:

(1) Providing direction to the contractor that redirects contract effort, shift work emphasis between work areas or tasks, require pursuit of certain lines of inquiry, fill in details, or otherwise serve to accomplish the contractual Statement of Work.

(2) Providing written information to the contractor that assists in interpreting drawings, specifications, or technical portions of the work description.

(3) Reviewing and, where required by the contract, approving, technical reports, drawings, specifications, and technical information to be delivered by the contractor to the Government.

(b) The contractor will receive a copy of the written COR designation from the contracting officer. It will specify the extent of the COR's authority to act on behalf of the contracting officer.

(c) Technical direction must be within the scope of work stated in the contract. The COR does not have the authority to, and may not, issue any technical direction that:

(1) Constitutes an assignment of additional work outside the Statement of Work;

(2) Constitutes a change as defined in the contract clause entitled "Changes;"

(3) In any manner causes an increase or decrease in the total estimated contract cost, the fee (if any), or the time required for contract performance;

(4) Changes any of the expressed terms, conditions or specifications of the contract; or

952.250–70 Nuclear hazards indemnity agreement.

Insert the following clause in accordance with section 950.7006.

NUCLEAR HAZARDS INDEMNITY AGREEMENT
(JUN 1996)

(a) *Authority.* This clause is incorporated into this contract pursuant to the authority contained in subsection 170d. of the Atomic Energy Act of 1954, as amended (hereinafter called the Act.)

(b) *Definitions.* The definitions set out in the Act shall apply to this clause.

(c) *Financial protection.* Except as hereafter permitted or required in writing by DOE, the contractor will not be required to provide or maintain, and will not provide or maintain at Government expense, any form of financial protection to cover public liability, as described in paragraph (d)(2) below. DOE may, however, at any time require in writing that the contractor provide and maintain financial protection of such a type and in such amount as DOE shall determine to be appropriate to cover such public liability, provided that the costs of such financial protection are reimbursed to the contractor by DOE.

(d)(1) *Indemnification.* To the extent that the contractor and other persons indemnified are not compensated by any financial protection permitted or required by DOE, DOE will indemnify the contractor and other persons indemnified against (i) claims for public liability as described in subparagraph (d)(2) of this clause; and (ii) such legal costs of the contractor and other persons indemnified as are approved by DOE, provided that DOE’s liability, including such legal costs, shall not exceed the amount set forth in section 170e.(1)(B) of the Act in the aggregate for each nuclear incident or precautionary evacuation occurring within the United States or \$100 million in the aggregate for each nuclear incident occurring outside the United States, irrespective of the number of persons indemnified in connection with this contract.

(2) The public liability referred to in subparagraph (d)(1) of this clause is public liability as defined in the Act which (i) arises out of or in connection with the activities under this contract, including transportation; and (ii) arises out of or results from a nuclear incident or precautionary evacuation, as those terms are defined in the Act.

(e)(1) *Waiver of Defenses.* In the event of a nuclear incident, as defined in the Act, arising out of nuclear waste activities, as defined in the Act, the contractor, on behalf of

itself and other persons indemnified, agrees to waive any issue or defense as to charitable or governmental immunity.

(2) In the event of an extraordinary nuclear occurrence which:

(i) Arises out of, results from, or occurs in the course of the construction, possession, or operation of a production or utilization facility; or

(ii) Arises out of, results from, or occurs in the course of transportation of source material, by-product material, or special nuclear material to or from a production or utilization facility; or

(iii) Arises out of or results from the possession, operation, or use by the contractor or a subcontractor of a device utilizing special nuclear material or by-product material, during the course of the contract activity; or

(iv) Arises out of, results from, or occurs in the course of nuclear waste activities, the contractor, on behalf of itself and other persons indemnified, agrees to waive:

(A) Any issue or defense as to the conduct of the claimant (including the conduct of persons through whom the claimant derives its cause of action) or fault of persons indemnified, including, but not limited to:

1. Negligence;

2. Contributory negligence;

3. Assumption of risk; or

4. Unforeseeable intervening causes, whether involving the conduct of a third person or an act of God;

(B) Any issue or defense as to charitable or governmental immunity; and

(C) Any issue or defense based on any statute of limitations, if suit is instituted within 3 years from the date on which the claimant first knew, or reasonably could have known, of his injury or change and the cause thereof. The waiver of any such issue or defense shall be effective regardless of whether such issue or defense may otherwise be deemed jurisdictional or relating to an element in the cause of action. The waiver shall be judicially enforceable in accordance with its terms by the claimant against the person indemnified.

(v) The term *extraordinary nuclear occurrence* means an event which DOE has determined to be an extraordinary nuclear occurrence as defined in the Act. A determination of whether or not there has been an extraordinary nuclear occurrence will be made in accordance with the procedures in 10 CFR part 840.

(vi) For the purposes of that determination, *offsite* as that term is used in 10 CFR part 840 means away from "the contract location" which phrase means any DOE facility, installation, or site at which contractual activity under this contract is being carried on, and any contractor-owned or controlled facility, installation, or site at which the contractor is engaged in the performance of contractual activity under this contract.

(3) The waivers set forth above:

(i) Shall be effective regardless of whether such issue or defense may otherwise be deemed jurisdictional or relating to an element in the cause of action;

(ii) Shall be judicially enforceable in accordance with its terms by the claimant against the person indemnified;

(iii) Shall not preclude a defense based upon a failure to take reasonable steps to mitigate damages;

(iv) Shall not apply to injury or damage to a claimant or to a claimant's property which is intentionally sustained by the claimant or which results from a nuclear incident intentionally and wrongfully caused by the claimant;

(v) Shall not apply to injury to a claimant who is employed at the site of and in connection with the activity where the extraordinary nuclear occurrence takes place, if benefits therefor are either payable or required to be provided under any workmen's compensation or occupational disease law;

(vi) Shall not apply to any claim resulting from a nuclear incident occurring outside the United States;

(vii) Shall be effective only with respect to those obligations set forth in this clause and in insurance policies, contracts or other proof of financial protection; and

(viii) Shall not apply to, or prejudice the prosecution or defense of, any claim or portion of claim which is not within the protection afforded under (A) the limit of liability provisions under subsection 170e. of the Act, and (B) the terms of this agreement and the terms of insurance policies, contracts, or other proof of financial protection.

(f) *Notification and litigation of claims.* The contractor shall give immediate written notice to DOE of any known action or claim filed or made against the contractor or other person indemnified for public liability as defined in paragraph (d)(2). Except as otherwise directed by DOE, the contractor shall furnish promptly to DOE, copies of all pertinent papers received by the contractor or filed with respect to such actions or claims. DOE shall have the right to, and may collaborate with, the contractor and any other person indemnified in the settlement or defense of any action or claim and shall have the right to (1) require the prior approval of DOE for the payment of any claim that DOE may be required to indemnify hereunder; and (2) appear through the Attorney General on behalf of the contractor or other person indemnified in any action brought upon any claim that DOE may be required to indemnify hereunder, take charge of such action, and settle or defend any such action. If the settlement or defense of any such action or claim is undertaken by DOE, the contractor or other person indemnified shall furnish all reasonable assistance in effecting a settlement or asserting a defense.

(g) *Continuity of DOE obligations.* The obligations of DOE under this clause shall not be affected by any failure on the part of the contractor to fulfill its obligation under this contract and shall be unaffected by the death, disability, or termination of existence of the contractor, or by the completion, termination or expiration of this contract.

(h) *Effect of other clauses.* The provisions of this clause shall not be limited in any way by, and shall be interpreted without reference to, any other clause of this contract, including the clause entitled Contract Disputes, provided, however, that this clause shall be subject to the clauses entitled Covenant Against Contingent Fees, and Accounts, records, and inspection, and any provisions that are later added to this contract as required by applicable Federal law, including statutes, executive orders and regulations, to be included in Nuclear Hazards Indemnity Agreements.

(i) *Civil penalties.* The contractor and its subcontractors and suppliers who are indemnified under the provisions of this clause are subject to civil penalties, pursuant to 234A of the Act, for violations of applicable DOE nuclear-safety related rules, regulations, or orders.

(j) *Criminal penalties.* Any individual director, officer, or employee of the contractor or of its subcontractors and suppliers who are indemnified under the provisions of this clause are subject to criminal penalties, pursuant to 223(c) of the Act, for knowing and willful violation of the Atomic Energy Act of 1954, as amended, and applicable DOE nuclear safety-related rules, regulations or orders which violation results in, or, if undetected, would have resulted in a nuclear incident.

(k) *Inclusion in subcontracts.* The contractor shall insert this clause in any subcontract which may involve the risk of public liability, as that term is defined in the Act and further described in paragraph (d)(2) above. However, this clause shall not be included in subcontracts in which the subcontractor is subject to Nuclear Regulatory Commission (NRC) financial protection requirements under section 170b. of the Act or NRC agreements of indemnification under section 170c. or k. of the Act for the activities under the subcontract.

Effective date

() See note II below for instructions related to this section on Effective Date.

Relationship to general indemnity

() See note III below for instructions related to this section on Relationship to General Indemnity.

(End of clause)

NOTE I

Paragraph (i) of the clause will be replaced with "Reserved" in contracts specifically exempted from civil penalties by section 234 of the Act. That subsection provides that the following DOE contractors are not subject to the assessment of civil penalties:

(1) The University of Chicago (and any subcontractors or suppliers thereto) for activities associated with Argonne National Laboratory;

(2) The University of California (and any subcontractors or suppliers thereto) for activities associated with Los Alamos National Laboratory, Lawrence Livermore National Laboratory, and Lawrence Berkeley National Laboratory;

(3) American Telephone and Telegraph Company and its subsidiaries (and any subcontractors or suppliers thereto) for activities associated with Sandia National Laboratories;

(4) Universities Research Association, Inc. (and any subcontractors or suppliers thereto) for activities associated with FERMI National Laboratory;

(6) The Associated Universities, Inc. (and any subcontractors or suppliers thereto) for activities associated with the Brookhaven National Laboratory; and

(7) Battelle Memorial Institute (and any subcontractors or suppliers thereto) for activities associated with Pacific Northwest Laboratory.

(End of note)

NOTE II

Contracts with an effective date after the date of June 12, 1996, do not require the effective date provision in this clause. Delete the title.

Use the EFFECTIVE DATE title and the following language, for those contracts:

“() This indemnity agreement shall be applicable with respect to nuclear incidents occurring on or after ____.”

(1) Those that contained an indemnity pursuant to Public Law 85-840 prior to August 20, 1988, include the effective date provision above, inserting the effective date of the contract modification that replaced the Public Law 85-804 indemnity with an interim Price-Anderson based indemnity. Pursuant to the Price-Anderson Amendments Act, this substitution must have taken place by February 20, 1989.

(2) Those that contained, and continue to contain, either of the previous Nuclear Hazards Indemnity clauses, include the effective

date provision above, inserting "August 20, 1988."

(3) Those with an effective date between August 20, 1988, and the date of the Final Rule, that (a) had "interim coverage" or (b) did not have "interim coverage" but have now been determined to be covered under the PAAA, include the effective date provision above, inserting the contract effective date.

NOTE III

The following alternate will be added to the above Nuclear Hazards Indemnity Agreement clause for all contracts that contain a general authority indemnity pursuant to 950.7101. Caution: Be aware that for contracts that will have this provision added which do not contain an effective date provision, this paragraph shall be marked (l). In the event an Effective Date provision has been included, it shall be marked (m).

"() To the extent that the contractor is compensated by any financial protection, or is indemnified pursuant to this clause, or is effectively relieved of public liability by an order or orders limiting same, pursuant to 170e of the Act, the provisions of the clause providing general authority indemnity shall not apply."

Subpart 970.01—Management and Operating Contract Regulatory System

970.0100 Scope of part.

This part provides Departmental policies, procedures, provisions, and clauses that implement and supplement the Federal Acquisition Regulation (FAR) and other parts of the Department of Energy Acquisition Regulation (DEAR) for the award and administration of the Department's management and operating contracts, as defined at 48 CFR subpart 17.6. The FAR and other parts of the DEAR apply to management and operating contracts. See 48 CFR 970.5200 for guidance regarding which provisions and clauses (from FAR, DEAR Part 970, or other parts of the DEAR) to include in management and operating contracts.

970.0103 Publication and codification.

(a) *Organization of Part 970.* (1) To the extent possible, the titles and text of the subparts, sections, and subsections of this part are numbered to correspond with related material that is contained in the FAR.

(2) The number to the left of the decimal point represents the DEAR part number (*i.e.*, 970). The numbers to the right of the decimal point and to the left of the dash represent, in order, the DEAR subpart (first two digits), and the DEAR section number (second two digits). The numbers to the right of the dash represent the DEAR subsection. A

second dash may follow the DEAR subsection number. As applicable, numbers to the right of the second dash represent subordinate subsections.

(3) To the extent practicable, the subpart number corresponds with the FAR part which contains related coverage, and the section number corresponds with the FAR subpart which contains related coverage (*e.g.*, the coverage contained in DEAR 970.0309 corresponds with material contained in FAR 3.9).

(4) Where the FAR does not contain related coverage on a particular subject, the DEAR section number will be numbered using numbers of 70 and up (*e.g.*, 970.0370).

(b) *Special Note Regarding Clause Numbering.* The section number for clauses prescribed in part 970 are numbered to correspond with the subpart in which the clause is prescribed (*e.g.*, 970.5203-1 is prescribed for use at subpart 970.03).

Subpart 970.03—Improper Business Practices and Personal Conflicts of Interest

970.0309 Whistleblower Protection of Contractor Employees.

970.0309-1 Applicability.

The contracting officer shall refer to 48 CFR subpart 903.9 regarding the applicability of the DOE Employee Protection Program to management and operating contracts.

970.0370 Management Controls and Improvements.

970.0370-1 Policy.

(a) Management and operating contractors shall develop and maintain systems of management and quality control to discourage waste, fraud and abuse; and to ensure that components, products, and services that are provided to DOE satisfy the contractor's obligations under the contract.

(b) As a part of the required overall management structure, the contractor must maintain management control systems which, in compliance with the requirements of the clause at 48 CFR 970.5203-1:

(1) Are documented and satisfactory to DOE;

(2) Ensure that all levels of management are accountable for effective management systems and internal controls within their areas of assigned responsibility;

(3) Cover both programmatic and administrative functions;

(4) Provide reasonable assurance that Government resources are safeguarded against theft, fraud, waste, and unauthorized use;

(5) Promote efficient and effective operations;

(6) Ensure that all obligations and costs incurred are in compliance with the intended purposes and the terms and conditions of the contract;

(7) Properly record, manage, and report all revenues, expenditures, transactions and assets;

(8) Maintain financial, statistical and other reports necessary to maintain accurate, reliable, and timely accountability and management controls;

(9) Are periodically reviewed to ensure that the systems provide reasonable assurance that the objectives of the system are being accomplished and that these controls are working effectively;

(10) Are in accordance with the Comptroller General's standards for internal controls, as set forth in the General Accounting Office Policy and Procedures Manual For Guidance To Federal Agencies, (Oct 1984), as amended.

(c) Management and operating contractors shall also develop and maintain a baseline program of quality assurance that will implement documented performance and quality standards, and management controls and assessment techniques to ensure components, services, and products meet DOE's, design criteria and other governing and applicable specifications.

(d) DOE expects all its contractors to seek to identify improvements in any aspect of performance. Management and operating contracts are very large and complex; therefore, the opportunities to identify changes in performance that will increase the effectiveness or efficiency of contract performance are more prevalent than under other contracts. The clause at 48 CFR 970.5203-2 requires DOE management and operating contractors to affirmatively seek to identify, evaluate, and institute,

where appropriate, processes that will improve the effectiveness or efficiency of any aspect of contract performance. It further requires the contractor to communicate any such improvements to DOE, other management and operating contractors, and DOE major facilities contractors. The contractor is required to participate in efforts by those contractors to address common problems or the institution of improvements. It allows the contractor to enlist the aid of the DOE contracting officer where necessary to institute or communicate the improvements. The obligations under the clause in no way affect the contractor's obligations under other provisions of the contract to notify or acquire the approval of the contracting officer.

970.0370-2 Contract clause.

(a) The contracting officer shall insert the clause at 970.5203-1, Management Controls, in all management and operating contracts.

(b) The contracting officer shall insert the clause at 970.5203-2, Performance Improvement and Collaboration, in all management and operating contracts.

970.0371 Conduct of employees of DOE management and operating contractors.

970.0371-1 Scope of section.

This section establishes the policies for maintaining satisfactory standards of conduct on the part of individuals employed by DOE management and operating contractors.

970.0371-2 Applicability.

The policies in this section are applicable to all DOE management and operating contractors.

970.0371-3 Definition.

Employees, as used in this section, are defined to mean individuals employed by the contractor, both full and part-time, who are assigned to work under a DOE management and operating contract.

970.0371-4 Gratuities.

Employees of a management and operating contractor shall not, under cir-

cumstances which might reasonably be interpreted as an attempt to influence the recipients in the conduct of their duties, accept any gratuity or special favor from individuals or organizations with whom the contractor is doing business, or proposing to do business, in accomplishing the work under the contract. Reference is made to the requirements prescribed in 48 CFR 3.502.

970.0371-5 Use of privileged information.

Management and operating contractor employees shall not use privileged information for personal gain, or make other improper use of privileged information which is acquired in connection with their employment on contract work. For the purposes of this subsection, the term "privileged information" includes but is not limited to, unpublished information relating to technological and scientific developments; medical, personnel, or security records of individuals; anticipated materials' requirements or pricing action; possible new sites for DOE program operations; internal DOE decisions; policy development; and knowledge of selections of contractors or subcontractors in advance of official announcement.

970.0371-6 Incompatibility between regular duties and private interests.

(a) Employees of a management and operating contractor shall not be permitted to make or influence any decisions on behalf of the contractor which directly or indirectly affect the interest of the Government, if the employee's personal concern in the matter may be incompatible with the interest of the Government. For example: An employee of a contractor will not negotiate, or influence the award of, a subcontract with a company in which the individual has an employment relationship or significant financial interest; and an employee of a contractor will not be assigned the preparation of an evaluation for DOE or for any DOE contractor of some technical aspect of the work of another organization with which the individual has an employment relationship, or significant financial interest, or which is a competitor

of an organization (other than the contractor who is the individual's regular employer) in which the individual has an employment relationship or significant financial interest.

(b) The contractor shall be responsible for informing employees that they are expected to disclose any incompatibilities between duties performed for the contractor and their private interests and to refer undecided questions to the contractor.

970.0371-7 Outside employment of contractor employees.

Employees of a management and operating contractor are entitled to the same rights and privileges with respect to outside employment as other citizens. Therefore, there is no general prohibition against contractor employees having outside employment. However, no employee of a contractor performing work on a full or part-time basis under a DOE management and operating contract may engage in employment outside official hours of duty or while on leave if such employment will:

- (a) In any manner interfere with the proper and effective performance of the duties of the position;
- (b) Appear to create a conflict-of-interest situation, or
- (c) Appear to subject DOE or the contractor to public criticism or embarrassment.

970.0371-8 Employee disclosure concerning other employment services.

(a) Management and operating contractors are responsible for requiring its employees to file with the contractor, a written disclosure statement concerning outside employment services which involve the use of information in the area of the employee's employment with the contractor. The disclosure shall contain such information concerning the outside employment as the contractor may prescribe. As a minimum, the employee's disclosure shall:

- (1) Acknowledge that the employee has read and is familiar with:
 - (i) The requirements and restrictions prescribed in this section,

- (ii) DOE publication entitled, "Reporting Results of Scientific and Technical Work Funded by DOE", and

- (iii) The requirements of the contractor's contract with DOE relating to patents.

- (2) Include information concerning any rate of remuneration significantly in excess of the employee's regular rate of remuneration;

- (3) Identify any actual or potential conflicts with DOE's policies regarding conduct of employees of DOE's contractors set forth in this section;

- (4) Address any potential impacts that such employment may have on the contractor's responsibility to report fully and promptly to DOE all significant research and development information; and

- (5) Identify any potential conflicts such employment may have with the patent provisions of the contractor's contract with DOE.

(b) The contractor shall provide a copy of all disclosures to the contracting officer.

970.0371-9 Contract clause.

The contracting officer shall insert the clause at 970.5203-3, Contractor's Organization, in all management and operating contracts. The approval authority of the Secretary of Energy required in paragraph (c) may not be delegated. In paragraph (a) the words "and managerial personnel (see 48 CFR 970.5245-1(j))" may be inserted after "(see 48 CFR 952.215-70)".

Subpart 970.04—Administrative Matters

970.0404 Safeguarding classified information.

970.0404-1 Definitions.

Access Authorization means an administrative determination that an individual is eligible for access to classified information or is eligible for access to, or control over, special nuclear material.

Classified Information means any information or material that is owned by or produced for, or is under the control of the United States Government, and determined pursuant to provisions of Executive Order 12356 of April 2, 1982 (3

CFR, 1982 Comp., p. 166), or prior orders, or as authorized under the Atomic Energy Act of 1954, as amended, to require protection against unauthorized disclosure, and is so designated.

Counterintelligence means information gathered and activities conducted to protect against espionage, other intelligence activities, sabotage, or assassinations conducted for or on behalf of foreign powers, organizations or persons, or international terrorist activities, but not including personnel, physical, document or communication security programs.

Facility Clearance means an administrative determination that a facility is eligible to access, produce, use or store classified information or special nuclear material.

Restricted Data means all data concerning design, manufacture, or utilization of atomic weapons; the production of special nuclear material; or the use of special nuclear material in the production of energy; but shall not include data declassified or removed from the Restricted Data category pursuant to section 142 of the Atomic Energy Act of 1954, as amended, (42 U.S.C. 2162).

[65 FR 81009, Dec. 22, 2000, as amended at 67 FR 14878, Mar. 28, 2002]

970.0404-2 General.

(a) Guidance regarding the National Industrial Security Program as implemented by the Department of Energy may be found at 904.4, Safeguarding Classified Information Within Industry. Additional information concerning contractor ownership when national security or atomic energy information is involved may be found at 904.70. Information regarding contractor ownership involving national security program contracts may be found at 904.71.

(b) Executive Order 12333, United States Intelligence Activities, provides for the organization and control of United States foreign intelligence and counterintelligence activities. DOE has established a counterintelligence program subject to this Executive Order which is described in DOE Order 5670.3 (as amended). All DOE elements, including management and operating contractors and other contractors managing DOE-owned facilities which

require access authorizations, should undertake the necessary precautions to ensure that DOE and covered Contractor personnel, programs and resources are properly protected from foreign intelligence threats and activities.

[67 FR 14878, Mar. 28, 2002]

970.0404-3 Responsibilities of contracting officers.

(a) Management and operating contracts which may require the processing or storage of Restricted Data or Special Nuclear Material require application of the applicable DOE Directives in the safeguards and security series.

(b) The contracting officer shall refer to 48 CFR 904.71 for guidance concerning the prohibition on award of a DOE contract under a national security program to a company owned by an entity controlled by a foreign government when access to proscribed information is required to perform the contract.

[65 FR 81009, Dec. 22, 2000, as amended at 67 FR 14878, Mar. 28, 2002]

970.0404-4 Solicitation provision and contract clauses.

(a) The contracting officer shall insert the clause at 970.5204-1, Counterintelligence, into all management and operating contracts and other contracts for the management of DOE-owned facilities which include the security and classification/declassification clauses.

(b) The contracting officer shall refer to 48 CFR 904.404 and 48 CFR 904.7103 for the prescription of solicitation provisions and contract clauses relating to safeguarding classified information and foreign ownership, control, or influence over contractors.

970.0407 Contractor records retention.

970.0407-1 Applicability.

970.0407-1-1 Alternate retention schedules.

Records produced under the Department's contracts involving management and operation responsibilities relative to DOE-owned or -leased facilities are to be retained and disposed of

in accordance with the guidance contained in DOE G 1324.5B, Records Management Program and DOE Records Schedules (see current version), rather than those set forth at 48 CFR subpart 4.7, Contractor Records Retention.

970.0407-1-2 Access to and ownership of records.

Contracting officers may agree to contractor ownership of certain categories of records designated in the instruction contained in paragraph (b) of the clause at 48 CFR 970.5204-3, Access to and Ownership of Records, provided the Government's rights to inspect, copy, and audit these records are not limited. These rights must be retained by the Government in order to carry out the Department's statutory responsibilities required by the Atomic Energy Act and other statutes for oversight of its contractors, including compliance with the Department's health, safety and reporting requirements, and protection of the public interest.

970.0407-1-3 Contract clause.

The contracting officer shall insert the clause at 48 CFR 970.5204-3, Access to and Ownership of Records, in management and operating contracts.

970.0470 Department of Energy Directives.

970.0470-1 General.

(a) The contractor is required to comply with the requirements of applicable Federal, State and local laws and regulations, unless relief has been granted by the appropriate authority. For informational purposes, the contracting officer may append the contract with a list of applicable laws or regulations (see 970.5204-2, Laws, Regulations, and DOE Directives, paragraph (a)).

(b) The Department of Energy Directives System is a system of instructions, including orders, notices, manuals, guides, and standards, for Departmental elements. In certain circumstances, requirements contained in these directives may apply to a contractor through operation of a contract clause. Program and requirements personnel are responsible for identifying requirements in the Directives System

which are applicable to a contract, and for developing a list of applicable requirements and providing it to the contracting officer for inclusion in the contract.

(c) Where directives requirements are established using either the Standards/Requirements Identification Process or the Work Smart Standards Process, the applicable process should also be used to establish the environment, safety, and health portion of the list identified in paragraph (b) of this section.

(d) Environmental, safety, and health (ES&H) requirements appropriate for work conducted under a management and operating contract may be determined by a DOE approved process to evaluate the work and the associated hazards, and identify an appropriately tailored set of standards, practices, and controls, such as a tailoring process included in a DOE approved Safety Management System implemented under 48 CFR 970.5223-1, Integration of Environment, Safety, and Health into Work Planning and Execution. When such a process is used, the contracting officer shall ensure that the set of tailored requirements, as approved by DOE pursuant to the process, is incorporated into the list identified in paragraph (b) of this section. These requirements shall supersede, in whole or in part, the contractual environmental, safety, and health requirements previously made applicable to the contract by List B. If the tailored set of requirements identifies an alternative requirement which varies from an ES&H requirement of an otherwise applicable law or regulation, the contractor must request an exemption or other appropriate regulatory relief that may be specified in the governing regulation.

970.0470-2 Contract clause.

The contracting officer shall insert the clause at DEAR 970.5204-2, Laws, Regulations, and DOE Directives, in management and operating contracts. The contracting officer may modify the clause to indicate the location in the contract of List A, List B, or both.

Subpart 970.08—Required sources of supplies and services

970.0801 Excess personal property.

970.0801-1 Policy.

The provisions of 48 CFR subpart 8.1 (Federal Acquisition Regulation), 41 CFR 101-43 (Federal Property Management Regulation), and 41 CFR 109-43 (DOE Property Management Regulation) apply to DOE's management and operating contracts.

970.0808 Acquisition of printing.

970.0808-1 Scope of section.

This section prescribes the Department's policy concerning duplicating or printing services which may be required in the performance of management and operating contracts.

970.0808-2 Policy.

Management and operating contractors shall provide or secure duplication and printing services in accordance with the Government Printing and Binding Regulations, Title 44 of the U.S. Code, and applicable DOE Directives.

970.0808-3 Contract clause.

The contracting officer shall insert the clause at 970.5208-1, Printing, in all management and operating contracts.

Subpart 970.09—Contractor qualifications

970.0905 Organizational conflicts of interest.

Management and operating contracts shall contain an organizational conflict of interest clause substantially similar to the clause at 48 CFR 952.209-72, Organizational Conflicts of Interest, and which is appropriate to the statement of work of the individual contract. In addition, the contracting officer shall assure that the clause contains appropriate restraints on intra-corporate relations between the contractor's organization and personnel operating the Department's facility and its parent corporate body and affiliates. Such restraints shall include personnel access to the facility, technical transfer of information from the facility, and the

availability from the facility of other advantages flowing from performance of the contract. The contracting officer is responsible for ensuring that M&O contractors adopt policies and procedures in the award of subcontracts that will meet the Department's need to safeguard against a biased work product and an unfair competitive advantage. To this end, the organizational conflicts of interest clause in management and operating contracts shall include Alternate I.

970.0970 Performance guarantees.

970.0970-1 Determination of responsibility.

(a) In the award of a management and operating contract, the contracting officer shall determine that the prospective contractor is a responsible contractor and is capable of providing all necessary financial, personnel, and other resources in performance of the contract.

(b) DOE contracts with entities that have been created solely for the purpose of performing a specific management and operating contract. Generally, such newly created entities will have very limited financial and other resources. In such instances, when making the determination of responsibility required under this section, the contracting officer may evaluate the financial resources of other entities only to the extent that those entities are legally bound, jointly and severally if more than one, by means of a performance guarantee or other equivalent enforceable commitment to supply the necessary resources to the prospective contractor and to assume all contractual obligations of the prospective contractor. A performance guarantee should be the means used unless an equivalent degree of commitment can be obtained by an alternative means.

(c) The guaranteeing corporate entity(ies) must be found to have sufficient resources in order to satisfy its guarantee.

970.0970-2 Solicitation provision.

The contracting officer shall insert the provision at 48 CFR 970.5209-1, Requirement for Guarantee of Performance, in solicitations when the awardee

will be required to be organized solely for performance of the requirement.

Subpart 970.11—Describing Agency Needs

970.1100 Policy.

970.1100-1 Performance-based contracting.

(a) It is the policy of the Department of Energy to use, to the maximum extent practicable, performance-based contracting methods in its management and operating contracts. Office of Federal Procurement Policy Letter 91-2 provides guidance concerning the development and use of performance-based contracting concepts and methodologies that may be generally applied to management and operating contracts. Performance-based contracts: Describe performance requirements in terms of results rather than methods of accomplishing the work; use measurable (*i.e.*, terms of quality, timeliness, quantity) performance standards and objectives and quality assurance surveillance plans; provide performance incentives (positive or negative) where appropriate; and specify procedures for award or incentive fee reduction when work activities are not performed or do not meet contract requirements.

(b) The use of performance-based statements of work, where feasible, is the preferred method for establishing work requirements. Such statements of work and other documents used to establish work requirements (such as work authorization directives) should describe performance requirements and expectations in terms of outcome, results, or final work products, as opposed to methods, processes, or design.

(c) Contract performance requirements and expectations should be consistent with the Department's strategic planning goals and objectives, as made applicable to the site or facility through Departmental programmatic and financial planning processes. Measurable performance criteria, objective

measures, and where appropriate, performance incentives, shall be structured to correspond to the performance requirements established in the statement of work and other documents used to establish work requirements.

(d) Quality assurance surveillance plans shall be developed to facilitate the assessment of contractor performance and ensure the appropriateness of any award or incentive fee payment. Such plans shall be tailored to the contract performance objectives, criteria, and measures, and shall, to the maximum extent practicable, focus on the level of performance required by the performance objectives rather than the methodology used by the contractor to achieve that level of performance.

970.1100-2 Additional considerations.

(a) While it is not feasible to set forth standard language which would apply to every contract situation, language must be designed for inclusion in a management and operating contract to describe clearly the work being undertaken; the controls, as appropriate, to be exercised by DOE over the performance of that work; and the relationship contemplated between the parties.

(b) The language shall also include the following with respect to subcontracting performance of the work described pursuant to paragraph (a) of this section: "The contractor shall, when directed by DOE and may, but only when authorized by DOE, enter into subcontracts for the performance of any part of the work under this clause."

(c) The provisions required in paragraphs (a) and (b) of this section shall be set forth in the statement of work of the contract.

970.1103-4 Contract clause.

Insert the clause at 48 CFR 52.211-5, Material Requirements, in solicitations and contracts.

Subpart 970.15—Contracting by Negotiation

970.1504 Contract pricing.

970.1504-1 Price analysis.

970.1504-1-1 Fees for management and operating contracts.

This subsection sets forth the Department's policies on fees for management and operating contracts and may be applied to other contracts as determined by the Procurement Executive, or designee.

970.1504-1-2 Fee policy.

(a) DOE management and operating contractors may be paid a fee in accordance with the requirements of this subsection.

(b) There are three basic principles underlying the Department's fee policy:

(1) The amount of available fee should reflect the financial risk assumed by the contractor.

(2) It is the policy of the Department, when work elements cannot be fixed price, incentive fees (including award fees) tied to objective measures should be used to the maximum extent appropriate.

(3) When work elements cannot be fixed price and award fees are employed, they should be tied to either objective or subjective measures. Each measure should, to the maximum extent appropriate, be directly tied to a specific portion of the fee pool.

(c) Fee objectives and amounts are to be determined for each contract. Standard fees or across-the-board fee agreements will not be used or made. Due to the nature of funding management and operating contracts, it is anticipated that fee shall be established in accordance with the annual funding cycle; however, with the prior approval of the Procurement Executive, or designee, a longer period may be used where necessary to incentivize performance objectives that span funding cycles or to optimize cost reduction efforts.

(d) Annual fee amounts shall be established in accordance with this subsection. Annual amounts shall not exceed maximum amounts derived from

the appropriate fee schedule (and Classification Factor, if applicable) unless approved in advance by the Procurement Executive, or designee. In no event shall any fee exceed statutory limits imposed by 41 U.S.C. 254(b).

(e)(1) Contracting Officers shall include negative fee incentives in contracts when appropriate. A negative fee incentive is one in which the contractor will not be paid the full target fee amount when the actual performance level falls below the target level established in the contract.

(2) Negative fee incentives may only be used when:

(i) A target level of performance can be established, which the contractor can reasonably be expected to reach;

(ii) The value of the negative incentive is commensurate with the lower level of performance and any additional administrative costs;

(iii) Factors likely to prevent attainment of the target level of performance are clearly within the control of the contractor; and

(iv) The contract indicates clearly a level below which performance is not acceptable.

(f) Prior to the issuance of a competitive solicitation or the initiation of negotiations for an extension of an existing contract, the HCA shall coordinate the maximum available fee, as allowed by 48 CFR 970.1504-1-1, and the fee amount targeted for negotiation, if less, with the Procurement Executive, or designee. Solicitations shall identify maximum available fee under the contract and may invite offerors to propose fee less than the maximum available.

(g) When a contract subject to this subsection requires a contractor to use its own facilities or equipment, or other resources to make its own cost investment for contract performance, (e.g., when there is no letter-of-credit financing) consideration may be given, subject to approval by the Procurement Executive, or designee, to increasing the total available fee amount above that otherwise provided by this subsection.

(h) Multiple fee arrangements should be used in accordance with 48 CFR 970.1504-1-4.

970.1504-1-3 Special considerations: Laboratory management and operation.

(a) For the management and operation of a laboratory, the contracting officer shall consider whether any fee is appropriate. Considerations should include:

(1) The nature and extent of financial or other liability or risk assumed or to be assumed under the contract;

(2) The proportion of retained earnings (as established under generally accepted accounting methods) that are utilized to fund the performance of work related to the DOE contracted effort;

(3) Facilities capital or capital equipment acquisition plans;

(4) Other funding needs, to include contingency funding, working capital funding, and provision for funding unreimbursed costs deemed ordinary and necessary;

(5) The utility of fee as a performance incentive; and

(6) The need for fee to attract qualified contractors, organizations, and institutions.

(b) In the event fee is considered appropriate, the contracting officer shall determine the amount of fee in accordance with this subsection.

(1) Costs incurred in the operation of a laboratory that are allowable and allocable under the cost principles (*i.e.*, commercial using 48 CFR 31.2, non-profit using OMB Circular A-122, or university-affiliated using OMB Circular A-21), regulations (including 48 CFR 970.31), or statutes applicable to the operating contractor should be classified as direct or indirect (overhead or G&A) charges to the contract and not included as proposed fee. Exceptions must be approved by the Procurement Executive, or designee.

(2) Except as specified in 48 CFR 970.1504-1-3(c)(3), the maximum total amount of fee shall be calculated in accordance with 48 CFR 970.1504-1-5 or 48 CFR 970.1504-1-9, as appropriate. The total amount of fee under any laboratory management and operating contract or other designated contract shall not exceed, and may be significantly less than, the result of that calculation. In determining the total amount of fee, the contracting officer

shall consider the evaluation of the factors in paragraph (a) of this subsection as well as any benefits the laboratory operator will receive due to its tax status.

(c) In the event fee is considered appropriate, the contracting officer shall establish the type of fee arrangement in accordance with this subsection.

(1) The amount of fee may be established as total available fee with a base fee portion and a performance fee portion. Base fee, if any, shall be an amount in recognition of the risk of financial liability assumed by the contractor and shall not exceed the cost risk associated with those liabilities or the amount calculated in accordance with 48 CFR 970.1504-1-5, whichever is less. The total available fee, excepting any base fee, shall normally be associated with performance at or above the target level of performance as defined by the contract. If performance in either of the two general work categories appropriate for laboratories (science/technology and support) is rated at less than the target level of performance, the total amount of the available fee shall be subject to downward adjustment. Such downward adjustment shall be subject to the terms of the clause at 48 CFR 970.5215-3, Conditional Payment of Fee, Profit, or Incentives, if contained in the contract.

(2) The amount of fee may be established as a fixed fee in recognition of the risk of financial liability to be assumed by the contractor, with such fixed fee amount not exceeding the cost risk associated with the liabilities assumed or the amount of fee calculated in accordance with 48 CFR 970.1504-1-5, whichever is less.

(3) If the fixed fee or total available fee exceeds 75% of the fee that would be calculated per 48 CFR 970.1504-1-5 or 48 CFR 970.1504-1-9; or if a fee arrangement other than one of those set forth in paragraphs (c) (1) or (2) of this subsection is considered appropriate, the approval of the Procurement Executive, or designee, shall be obtained prior to its use.

(4) Fee, if any, as well as the type of fee arrangement, will normally be established for the life of the contract. It will be established at time of award, as part of the extend/compete decision, at

the time of option exercise, or at such other time as the parties can mutually reach agreement, *e.g.*, negotiations. Such agreement shall require the approval of the Procurement Executive, or designee.

(5) Fee established for longer than one year shall be subject to adjustment in the event of a significant change (greater than $\pm 10\%$ or a lesser amount if appropriate) to the budget or work scope.

(6) Retained earnings (reserves) shall be identified and a plan for their use and disposition developed.

(7) The use of retained earnings as a result of performance of laboratory management and operation may be restricted if the operator is an educational institution.

970.1504-1-4 Types of contracts and fee arrangements.

(a) Contract types and fee arrangements suitable for management and operating contracts may include cost, cost-plus-fixed-fee, cost-plus-award-fee, cost-plus-incentive-fee, fixed-price incentive, firm-fixed-price or any combination thereof (see 48 CFR 16.1). In accordance with 48 CFR 970.1504-1-2(b)(1), the fee arrangement chosen for each work element should reflect the financial risk for project failure that contractors are willing to accept. Contracting officials shall structure each contract and the elements of the work in such a manner that the risk is manageable and, therefore, assumable by the contractor.

(b) Consistent with the concept of a performance-based management contract, those contract types which incentivize performance and cost control are preferred over a cost-plus-fixed-fee arrangement. Accordingly, a cost-plus-fixed-fee contract in instances other than those set forth in 48 CFR 970.1504-1-3(c)(2) may only be used when approved in advance by the Procurement Executive, or designee.

(c) A cost-plus-award-fee contract is generally the appropriate contract type for a management and operating contract.

(1) Where work cannot be adequately defined to the point that a fixed price contract is acceptable, the attainment of acquisition objectives generally will

be enhanced by using a cost-plus-award-fee contract or other incentive fee arrangement to effectively motivate the contractor to superior performance and to provide the Department with flexibility to evaluate actual performance and the conditions under which it was achieved.

(2) The construct of fee for a cost-plus-award-fee management and operating contract is that total available fee will equal a base fee amount and a performance fee amount. The total available fee amount including the performance fee amount the contractor may earn, in whole or in part during performance, shall be established annually (or as otherwise agreed to by the parties and approved by the Procurement Executive, or designee), in an amount sufficient to motivate performance excellence.

(3) However, consistent with concepts of performance-based contracting, it is Departmental policy to place fee at risk based on performance. Accordingly, a base fee amount will be available only when approved in advance by the Procurement Executive, or designee, except as permitted in 48 CFR 970.1504-1-3(c)(1). Any base fee amount shall be fixed, expressed as a percent of the total available fee at inception of the contract, and shall not exceed that percent during the life of the contract.

(4) The performance fee amount may consist of an objective fee component and a subjective fee component. Objective performance measures, when appropriately applied, provide greater incentives for superior performance than do subjective performance measures and should be used to the maximum extent appropriate. Subjective measures should be used when it is not feasible to devise effective predetermined objective measures applicable to cost, technical performance, or schedule for particular work elements.

(d) Consistent with performance-based contracting concepts, performance objectives and measures related to performance fee should be as clearly defined as possible and, where feasible, expressed in terms of desired performance results or outcomes. Specific measures for determining performance achievement should be used. The contract should identify the amount and

allocation of fee to each performance result or outcome.

(e) Because the nature and complexity of the work performed under a management and operating contract may be varied, opportunities may exist to utilize multiple contract types and fee arrangements. Consistent with paragraph (a) of this subsection and 48 CFR 16.1, the contracting officer should apply that contract type or fee arrangement most appropriate to the work component. However, multiple contract types or fee arrangements:

(1) Must conform to the requirements of 48 CFR part 915 and 48 CFR parts 15 and 16, and

(2) Where appropriate to the type, must be supported by:

(i) Negotiated costs subject to the requirements of the Truth in Negotiations Act,

(ii) A pre-negotiation memorandum, and

(iii) A plan describing how each contract type or fee arrangement will be administered.

(f) Cost reduction incentives are addressed in the clause at 48 CFR 970.5215-4, Cost Reduction. This clause provides for incentives for quantifiable cost reductions associated with contractor proposed changes to a design, process, or method that has an established cost, technical, and schedule baseline, is defined, and is subject to a formal control procedure. The clause is to be included in management and operating contracts as appropriate. Proposed changes must be: Initiated by the contractor, innovative, applied to a specific project or program, and not otherwise included in an incentive under the contract. Such cost reduction incentives do not constitute fee and are not subject to statutory or regulatory fee limitations; however, they are subject to all appropriate requirements set forth in this subpart.

(g) Operations and field offices shall take the lead in developing and implementing the most appropriate pricing arrangement or cost reduction incentive for the requirements. Pricing arrangements which provide incentives for performance and cost control are preferred over those that do not. The operations and field offices are to ensure that the necessary resources and

infrastructure exist within both the contractor's and government's organizations to prepare, evaluate, and administer the pricing arrangement or cost reduction incentive prior to its implementation.

970.1504-1-5 General considerations and techniques for determining fixed fees.

(a) The Department's fee policy recognizes that fee is remuneration to contractors for the entrepreneurial function of organizing and managing resources, the use of their resources (including capital resources), and, as appropriate, their assumption of the risk that some incurred costs (operating and capital) may not be reimbursed.

(b) Use of a purely cost-based structured approach for determining fee objectives and amounts for DOE management and operating contracts is inappropriate considering the limited level of contractor cost, capital goods, and operating capital outlays for performance of such contracts. Instead of being solely cost-based, the desirable approach calls for a structure that allows evaluation of the following eight significant factors, as outlined in order of importance, and the assignment of appropriate fee values (subject to the limitations on fixed fee in 48 CFR 970.1504-1-6):

(1) The presence or absence of financial risk, including the type and terms of the contract;

(2) The relative difficulty of work, including specific performance objectives, environment, safety and health concerns, and the technical and administrative knowledge, and skill necessary for work accomplishment and experience;

(3) Management risk relating to performance, including:

(i) Composite risk and complexity of principal work tasks required to do the job;

(ii) Labor intensity of the job;

(iii) Special control problems; and

(iv) Advance planning, forecasting and other such requirements;

(4) Degree and amount of contract work required to be performed by and with the contractor's own resources, as compared to the nature and degree of

Department of Energy

970.1504-1-6

subcontracting and the relative complexity of subcontracted efforts, subcontractor management and integration;

(5) Size and operation (number of locations, plants, differing operations, etc.);

(6) Influence of alternative investment opportunities available to the contractor (*i.e.*, the extent to which undertaking a task for the Government displaces a contractor's opportunity to make a profit with the same staff and equipment in some other field of activity);

(7) Benefits which may accrue to the contractor from gaining experience and knowledge of how to do something, from establishing or enhancing a reputation, or from having the opportunity to hold or expand a staff whose loyalties are primarily to the contractor; and

(8) Other special considerations, including support of Government programs such as those relating to small and minority business subcontracting, energy conservation, etc.

(c) The total fee objective for a particular annual fixed fee negotiation is established by evaluating the factors in this subsection, assigning fee values to them, and totaling the resulting amounts (subject to limitations on total fixed fee in 48 CFR 970.1504-1-6).

970.1504-1-6 Calculating fixed fee.

(a) In recognition of the complexities of the fee determination process, and to assist in promoting a reasonable degree of consistency and uniformity in its application, the following fee schedules set forth the maximum amounts of fee that contracting activities are allowed to award for a particular fixed fee transaction calculated annually.

(b) Fee schedules representing the maximum allowable annual fixed fee available under management and operating contracts have been established for the following management and operating contract efforts:

- (1) Production;
- (2) Research and Development; and
- (3) Environmental Management.

(c) The schedules are:

970.1504-1-7 Fee Base.

(a) The fee base is an estimate of necessary allowable costs, with some exclusions. It is used in the fee schedules to determine the maximum annual fee for a fixed fee contract. That portion of the fee base that represents the cost of the Production, Research and Development, or Environmental Management work to be performed, shall be exclusive of the cost of source and special nuclear materials; estimated costs of land, buildings and facilities whether to be leased, purchased or constructed; depreciation of Government facilities; and any estimate of effort for which a separate fee is to be negotiated.

(b) Such portion of the fee base, in addition to the adjustments in paragraph (a) of this subsection, shall exclude:

(1) Any part of the estimated cost of capital equipment (other than special equipment) which the contractor procures by subcontract or other similar costs which is of such magnitude or nature as to distort the technical and management effort actually required of the contractor;

(2) At least 20% of the estimated cost or price of subcontracts and other major contractor procurements;

(3) Up to 100% of the estimated cost or price of subcontracts and other major contractor procurements if they are of a magnitude or nature as to distort the technical and management effort actually required of the contractor;

(4) Special equipment as defined in 48 CFR 970.1504-1-8;

(5) Estimated cost of Government-furnished property, services and equipment;

(6) All estimates of costs not directly incurred by or reimbursed to the operating contractor;

(7) Estimates of home office or corporate general and administrative expenses that shall be reimbursed through the contract;

(8) Estimates of any independent research and development cost or bid and proposal expenses that may be approved under the contract;

(9) Any cost of work funded with uncosted balances previously included in a fee base of this or any other contract performed by the contractor;

Department of Energy

970.1504-1-9

(10) Cost of rework attributable to the contractor; and

(11) State taxes.

(c) In calculating the annual fee amounts associated with the Production, Research and Development, or Environmental Management work to be performed, the fee base is to be allocated to the category reflecting the work to be performed and the appropriate fee schedule utilized.

(d) The portion of the fee base associated with the Production, Research and Development, or Environmental Management work to be performed and the associated schedules in this part are not intended to reflect the portion of the fee base or related compensation for unusual architect-engineer, construction services, or special equipment provided by the management and operating contractor. Architect-engineer and construction services are normally covered by special agreements based on the policies applying to architect-engineer or construction contracts. Fees paid for such services shall be calculated using the provisions of 48 CFR 91504-1-5 relating to architect-engineer or construction fees and shall be in addition to the operating fees calculated for the Production, Research and Development, or Environmental Management work to be performed. Special equipment purchases shall be addressed in accordance with the provisions of 48 CFR 970.1504-1-8 relating to special equipment.

(e) No schedule set forth in 48 CFR 915.404-4-71-5 or 48 CFR 970.1504-1-6 shall be used more than once in the determination of the fee amount for an annual period, unless prior approval of the Procurement Executive, or designee, is obtained.

970.1504-1-8 Special equipment purchases.

(a) Special equipment is sometimes procured in conjunction with management and operating contracts. When a contractor procures special equipment, the DOE negotiating official shall determine separate fees for the equipment which shall not exceed the maximum fee allowable as established using the schedule in 48 CFR 915.404-4-71-5(h).

(b) In determining appropriate fees, factors such as complexity of equipment, ratio of procurement transactions to volume of equipment to be purchased and completeness of services should be considered. Where possible, the reasonableness of the fees should be checked by their relationship to actual costs of comparable procurement services.

(c) For purposes of this subsection, special equipment is equipment for which the purchase price is of such a magnitude compared to the cost of installation as to distort the amount of technical direction and management effort required of the contractor. Special equipment is of a nature that requires less management attention. When a contractor procures special equipment, the DOE negotiating official shall determine separate fees for the equipment using the schedule in 48 CFR 915.404-4-71-5(h). The determination of specific items of equipment in this category requires application of judgment and careful study of the circumstances involved in each project. This category of equipment would generally include:

(1) Major items of prefabricated process or research equipment; and

(2) Major items of preassembled equipment such as packaged boilers, generators, machine tools, and large electrical equipment. In some cases, it would also include special apparatus or devices such as reactor vessels and reactor charging machines.

970.1504-1-9 Special considerations: Cost-plus-award-fee.

(a) When a management and operating contract is to be awarded on a cost-plus-award-fee basis, several special considerations are appropriate.

(b) All annual performance incentives identified under these contracts are funded from the annual total available fee, which consists of a base fee amount (which may be zero) and a performance fee amount (which typically will consist of an incentive fee component for objective performance requirements, an award fee component for subjective performance requirements, or both).

(c) The annual total available fee for the contract shall equal the product of

the fee(s) that would have been calculated for an annual fixed fee contract and the classification factor(s) most appropriate for the facility/task. If more than one fee schedule is applicable to the contract, the annual total available fee shall be the sum of the available fees derived proportionately from each fee schedule; consideration of significant factors applicable to each fee schedule; and application of a Classification Factor(s) most appropriate for the work.

(d) Classification Factors applied to each Facility/Task Category are:

Facility/task category	Classification factor
A	3.0
B	2.5
C	2.0
D	1.25

(e) The contracting officer shall select the Facility/Task Category after considering the following:

(1) Facility/Task Category A. The main focus of effort performed is related to:

(i) The manufacture, assembly, retrieval, disassembly, or disposal of nuclear weapons with explosive potential;

(ii) The physical cleanup, processing, handling, or storage of nuclear radioactive or toxic chemicals with consideration given to the degree the nature of the work advances state of the art technologies in cleanup, processing or storage operations and/or the inherent difficulty or risk of the work is significantly demanding when compared to similar industrial/DOE settings (*i.e.*, nuclear energy processing, industrial environmental cleanup);

(iii) Construction of facilities such as nuclear reactors, atomic particle accelerators, or complex laboratories or industrial units especially designed for handling radioactive materials;

(iv) Research and development directly supporting paragraphs (e)(1)(i), (ii), or (iii) of this subsection and not conducted in a laboratory, or

(v) As designated by the Procurement Executive, or designee. (Classification factor 3.0)

(2) Facility/Task Category B. The main focus of effort performed is related to:

(i) The safeguarding and maintenance of nuclear weapons or nuclear material;

(ii) The manufacture or assembly of nuclear components;

(iii) The physical cleanup, processing, handling, or storage of nuclear radioactive or toxic chemicals, or other substances which pose a significant threat to the environment or the health and safety of workers or the public, if the nature of the work uses state of the art technologies or applications in such operations and/or the inherent difficulty or risk of the work is more demanding than that found in similar industrial/DOE settings (*i.e.*, nuclear energy, chemical or petroleum processing, industrial environmental cleanup);

(iv) The detailed planning necessary for the assembly/disassembly of nuclear weapons/components;

(v) Construction of facilities involving operations requiring a high degree of design layout or process control;

(vi) Research and development directly supporting paragraphs (e)(2)(i), (ii), (iii), (iv) or (v) of this subsection and not conducted in a laboratory; or

(vii) As designated by the Procurement Executive, or designee. (Classification factor 2.5)

(3) Facility/Task Category C. The main focus of effort performed is related to:

(i) The physical cleanup, processing, or storage of nuclear radioactive or toxic chemicals if the nature of the work uses routine technologies in cleanup, processing or storage operations and/or the inherent difficulty or risk of the work is similar to that found in similar industrial/DOE settings (*i.e.*, nuclear energy, chemical processing, industrial environmental cleanup);

(ii) Plant and facility maintenance;

(iii) Plant and facility security (other than the safeguarding of nuclear weapons and material);

(iv) Construction of facilities involving operations requiring normal processes and operations; general or administrative service buildings; or routine infrastructure requirements;

(v) Research and development directly supporting paragraphs (e)(3)(i),

Department of Energy

970.1504-2

(ii), (iii) or (iv) of this subsection and not conducted in a laboratory; or

(vi) As designated by the Procurement Executive, or designee. (Classification factor 2.0)

(4) Facility/Task Category D. The main focus of the effort performed is research and development conducted at a laboratory. (Classification factor 1.25)

(f) Where the Procurement Executive, or designee, has approved a base fee, the Classification Factors shall be reduced, as approved by the Procurement Executive, or designee.

(g) Any risks which are indemnified by the Government (for example, by the Price-Anderson Act) will not be considered as risk to the contractor.

(h) All management and operating contracts awarded on a cost-plus-award-fee basis shall set forth in the contract, or the Performance Evaluation and Measurement Plan(s) required by the contract clause at 48 CFR 970.5215-1, Total Available Fee: Base Fee Amount and Performance Fee Amount, a site specific method of rating the contractor's performance of the contract requirements and a method of fee determination tied to the method of rating.

(i) Prior approval of the Procurement Executive, or designee, is required for an annual total available fee amount exceeding the guidelines in paragraph (c) of this subsection.

(j) DOE Operations/Field Office Managers must ensure that all important areas of contract performance are specified in the contract or Performance Evaluation and Measurement Plan(s), even if such areas are not assigned specific weights or percentages of available fee.

970.1504-1-10 Special considerations: Fee limitations.

In situations where the objective performance incentives are of unusual difficulty or where the successful completion of the performance incentives would provide extraordinary value to the Government, fees in excess of those allowed under 48 CFR 970.1504-1-5 and 48 CFR 970.1504-1-9 may be allowed with the approval of the Procurement Executive, or designee. Requests to allow fees in excess of those provided under other provisions of this fee pol-

icy must be accompanied by a written justification with detailed supporting rationale as to how the specific circumstances satisfy the two criteria listed in this subsection.

970.1504-1-11 Documentation.

The contracting officer shall tailor the documentation of the determination of fee prenegotiation objective based on 48 CFR 15.406-1, Prenegotiation objectives, and the determination of the negotiated fee in accordance with 48 CFR 15.406-3, Documenting the negotiation. The contracting officer shall include as part of the documentation: the rationale for the allocation of cost and the assignment of Facility/Task Categories; a discussion of the calculations described in 48 CFR 970.1504-1-5; and discussion of any other relevant provision of this subsection.

970.1504-2 Price negotiation.

(a) Management and operating contract prices (fee) and DOE obligations to support contract performance shall be governed by:

(1) The level of activity authorized and the amount of funds appropriated for DOE approved programs by specific program legislation;

(2) Congressional budget and reporting limitations;

(3) The amount of funds apportioned to DOE;

(4) The amount of obligational authority allotted to program officials and Approved Funding Program limitations; and

(5) The amount of funds actually available to the DOE operating activity as determined in accordance with applicable financial regulations and directives.

(b) Funds shall be obligated and made available by contract provision or modification after the funds become available for obligation for payment to support performance of DOE approved projects, tasks, work authorizations, or services.

(c) Contractor expenditures shall be limited to the overall amount of funds available and obligated on the contract. As prescribed at 48 CFR 970.3270(b), the clause at 48 CFR

970.5232-4, Obligation of Funds, is used for this purpose.

970.1504-3 Documentation.

970.1504-3-1 Cost or pricing data.

(a) The certification requirements of 48 CFR 15.406-2 are not applied to DOE cost-reimbursement management and operating contracts.

(b) The contracting officer shall ensure that management and operating contractors and their subcontractors obtain cost or pricing data prior to the award of a negotiated subcontract or modification of a subcontract in accordance with 48 CFR 15.406-2, and incorporate appropriate contract provisions similar to those set forth at 48 CFR 52.215-10 and 48 CFR 52.215-11 that provide for the reduction of a negotiated subcontract price by any significant amount that the subcontract price was increased because of the submission of defective cost or pricing data by a subcontractor at any tier.

(c) The clauses at 48 CFR 52.215-12 and 48 CFR 52.215-13 shall be included in management and operating contracts.

970.1504-4 Special cost or pricing areas.

970.1504-4-1 Make-or-buy plans.

970.1504-4-2 Policy.

(a) Contracting officers shall require management and operating contractors to develop and implement make-or-buy plans that establish a preference for providing supplies or services (including construction and construction management) on a least-cost basis, subject to program specific make-or-buy criteria. The emphasis of this make-or-buy structure is to eliminate bias for in-house performance where an activity may be performed at less cost or otherwise more efficiently through subcontracting.

(b) A work activity, supply or service is provided at "least cost" when, after consideration of a variety of appropriate programmatic, business, and financial factors, it is concluded that performance by either "in-house" resources or by contracting out is likely to provide the property or service at the lowest overall cost. Programmatic

factors include, but are not limited to, program specific make-or-buy criteria established by the Department of Energy, the impact of a "make" or a "buy" decision on mission accomplishment, and anticipated changes to the mission of the facility or site. Business factors pertain to such elements as market conditions, past experience in obtaining similar supplies or services, and overall operational efficiencies that might be available through either in-house performance or contracting out. Among the financial factors that may be considered to determine a least-cost alternative in a make-or-buy analysis are both recurring and one-time costs attributable to either retaining or contracting out a particular item, financial risk, and the anticipated contract price.

(c) In developing and implementing its make-or-buy plan, a contractor shall be required to assess subcontracting opportunities and implement subcontracting decisions in accordance with the following:

(1) The contractor shall conduct internal productivity improvement and cost-reduction programs so that in-house performance options can be made more efficient and cost-effective.

(2) The contractor shall consider subcontracting opportunities with the maximum practicable regard for open communications with potentially affected employees and their representatives. Similarly, a contractor will communicate its plans, activities, cost-benefit analyses, and decisions with those stakeholders likely to be affected by such decisions, including representatives of the community and local businesses.

970.1504-4-3 Requirements.

(a) Development of program-specific make-or-buy criteria.

(1) Program specific make-or-buy criteria are those factors that reflect specific mission or program objectives (including operational efficiency, contractor diversity, environment, safety and health, work force displacement and restructuring, and collective bargaining agreements) and that, upon their application to a specific work effort, would override a decision based on

a purely economic rationale. These criteria are to be used to assess each work effort identified in a facility's or site's make-or-buy plan to determine the appropriateness of a contractor's make-or-buy decisions.

(2) Heads of Contracting Activities shall ensure that program specific make-or-buy criteria are developed and provided to the contractor for use in its make-or-buy plan administration activities for the facility, site, or specific program, as appropriate. Although the Head of the Contracting Activity has the responsibility for ensuring that the program-specific make-or-buy criteria are developed and provided to the contractor, the actual development of the program specific make or buy criteria should be accomplished by the appropriate collaboration of headquarters and field office program, technical, and business specialists. Accordingly, these organizations and individuals should be relied on for the development of the program specific make or buy criteria so that they appropriately reflect program considerations applicable to the contractor's make-or-buy decisions.

(b) Make-or-buy plan property and services. Supplies or services estimated to cost less than one (1) percent of the estimated total operating cost for a year or \$1 million for the same year, whichever is less, need not be included in the contractor's make-or-buy plan. However, adjustments may be made to these thresholds where programmatic or cost considerations would indicate that a particular supply or service should be included in the make-or-buy plan.

(c) Competitive solicitation requirements.

(1) To the extent practicable, a competitive solicitation for the management and operation of a Department of Energy facility or site should:

(i) Identify those programs, projects, work areas, functions or services that the Department intends for the successful offeror to include in any make-or-buy plan; and

(ii) Require the submission of a preliminary make-or-buy plan for the period of performance of the contract from each offeror as part of its proposal submitted in response to the competitive solicitation.

(2) If the requirement for each offeror to submit a preliminary make-or-buy plan as part of its proposal is impractical or otherwise incompatible with the acquisition strategy, consideration should be given to structuring the evaluation criteria for the competitive solicitation in such a manner as to permit the evaluation of an offeror's approach to conducting its make-or-buy program within the context of the contractual requirements.

(3) The successful offeror's preliminary make-or-buy plan shall be submitted for final approval within 180 days after contract award, consistent with the requirements of 48 CFR 970.5215-2(c), Make-or-Buy Plan.

(d) Evaluation of the contractor's make-or-buy plan. In evaluating the contractor's make-or-buy plan, the contracting officer shall consider the following factors:

(1) The program specific make-or-buy criteria (such as operational efficiency, contractor diversity, environment, safety and health, work force displacement and restructuring, and collective bargaining agreements) with particular attention to the effect of a "buy" decision on the contractor's ability to maintain core competencies needed to accomplish mission-related programs and projects;

(2) The impact of a "make" or "buy" decision on contract cost, schedule, and performance and financial risk;

(3) The potential impact of a "make" or "buy" decision on known future mission or program activities at the facility or site;

(4) Past experience at the facility or site regarding "make-or-buy" decisions for the same, or similar, supplies or services;

(5) Consistency with the contractor's approved subcontracting plan, as required by the clause entitled "Small, Small Disadvantaged and Women-Owned Small Business Subcontracting Plan" (48 CFR 52.219-9), and implementation of section 3021 of the Energy Policy Act of 1992.

(6) Local market conditions, including contractor work force displacement and the availability of firms that can meet the work requirements with regard to quality, quantity, cost, and timeliness;

(7) Where the construction of new or additional facilities is required, that the cost of such facilities is in the Government's best interest when compared to subcontracting or privatization alternatives; and

(8) Whether all relevant requirements and costs of performing the work by the contractor and through subcontracting are considered and any different requirements for the same work are reconciled.

(e) Approval. The contracting officer shall approve all plans and revisions thereto. Once approved, a make-or-buy plan shall remain effective for the term of the contract (up to a period of five years), unless circumstances warrant a change.

(f) Administration. The contractor's performance against the approved make-or-buy plan shall be monitored to ensure that:

(1) The contractor is complying with the plan;

(2) Items identified for deferral decisions are addressed in a timely manner; and

(3) The contractor periodically updates the make-or-buy plan based on changed circumstances or significant new work.

970.1504-5 Solicitation provision contract clauses.

(a) The contracting officer shall insert the clause at 48 CFR 970.5215-1, Total Available Fee: Base Fee Amount and Performance Fee Amount, in management and operating contracts, and other contracts determined by the Procurement Executive, or designee, that include cost-plus-award-fee arrangements.

(1) The contracting officer shall include the clause with its Alternate I when the award fee cycle consists of two or more evaluation periods.

(2) The contracting officer shall include the clause with its Alternate II when the award fee cycle consists of one evaluation period.

(3) The contracting officer shall include the clause with its Alternate III when the DOE Operations/Field Office Manager, or designee, requires the contractor to submit a self-assessment.

(4) The contracting officer shall include the clause with its Alternate IV

when the DOE Operations/Field Office Manager, or designee, permits the contractor to submit a self-assessment at the contractor's option.

(b) The contracting officer shall insert the clause at 48 CFR 970.5215-2, Make-or-Buy Plan, in management and operating contracts. The contracting officer may add a sentence at the end of paragraph (d) of the clause to identify where in the contract the make-or-buy plan is located.

(c) The contracting officer shall insert the clause at 48 CFR 970.5215-3, Conditional Payment of Fee, Profit, or Incentives, in management and operating contracts, and other contracts determined by the Procurement Executive, or designee. The contracting officer shall include the clause with its Alternate I in contracts awarded on cost-plus-award-fee, multiple fee, or incentive fee basis which may include various types of fee and incentive arrangements.

(d) The contracting officer shall insert the clause at 48 CFR 970.5215-4, Cost Reduction, in management and operating contracts, and other contracts determined by the Procurement Executive, or designee, if cost savings programs are contemplated.

(e) The Contracting officer shall insert the provision at 48 CFR 970.5215-5, Limitation on Fee, in solicitations for management and operating contracts, and other contracts determined by the Procurement Executive, or designee.

Subpart 970.17—Special Contracting Methods

970.1706 Management and operating contracts.

970.1706-1 Award, renewal, and extension.

(a) *Contract term.* Effective work performance under a management and operating contract is facilitated by the use of a relatively long contract term of up to ten (10) years. Accordingly, management and operating contracts shall provide for a basic contract term not to exceed five (5) years and may include an option(s) to extend the term for additional periods; provided, that no one option period exceeds five (5) years in duration and the total term of

the contract, including any options exercised, does not exceed ten (10) years. The specific term of the base period and of any options periods shall be determined at the time of the authorization to compete or extend the contract. The term "option" as used in this subpart means a unilateral right in the contract by which the Government can extend the term of the contract. Accordingly, except as may be provided for through the inclusion of an option(s) in the contract to extend the term, any extension to continue the contract with the incumbent contractor beyond its term shall only occur when such extension can be justified under one of the statutory authorities identified in 48 CFR 6.302 and when authorized by the Head of the Agency.

(b) *Exercise of option.* As part of the review required by 48 CFR 17.605(b), the contracting officer shall assess whether competing the contract will produce a more advantageous offer than exercising the option. The incumbent contractor's past performance under the contract, the extent to which performance-based management contract provisions are present, or can be negotiated into, the contract, and the impact of a change in a contractor on the Department's discharge of its programs are considerations that shall be addressed in the contracting officer's decision that the exercise of the option is in the Government's best interest. The contracting officer's decision shall be approved by the Procurement Executive and the cognizant Assistant Secretary(s).

(c) *Conditional Authorization of Non-competitive Extension Made Pursuant to Authority Under CICA.* Authorization to extend a management and operating contract by the Head of the Agency shall be considered conditional upon the successful negotiation of the contract to be extended in accordance with the Department's negotiation objectives. The Head of the Contracting Activity shall advise the Procurement Executive no later than 6 months after receipt of the conditional authorization as to whether the Department's objectives will be met and, if not, the contracting activity's plans for competing the requirement.

970.1706-2 Contract clause.

The contracting officer shall insert the clause at 48 CFR 52.217-9, Option to Extend the Term of the Contract, in all management and operating contracts when the inclusion of an option is appropriate.

Subpart 970.19—Small, Small Disadvantaged and Women-Owned Small Business Concerns

970.1907 Subcontracting with Small Business, Small Disadvantaged Business and Woman-Owned Small Business Concerns.

970.1907-1 Subcontracting plan requirements.

Pursuant to the clause at 48 CFR 52.219-9, Small Business Subcontracting Plan, which is required for all management and operating contracts, each management and operating contract shall include a subcontracting plan which is effective for the term of the contract. Goals for the contract shall be negotiated annually when revised funding levels are determined. The plan should include provisions for revising the goals or any other sections of the plan. Such revisions shall be in writing, approved by the contracting officer, and shall be specifically made a material part of the contract.

Subpart 970.22—Application of Labor Policies

970.2200 Scope of subpart.

This subpart prescribes Department of Energy labor policies pertaining to the award and administration of management and operating contracts.

970.2201 Basic labor policies.

970.2201-1 Labor relations.

970.2201-1-1 General.

Contracting officers shall, in appropriate circumstances, follow the guidance in 48 CFR Subpart 22.1, as supplemented in this section, in the award and administration of management and operating contracts.

970.2201-1-2 Policies.

(a) The extent of Government ownership of the nation's energy plant and materials, and the overriding concerns of national defense and security, impose special conditions on personnel and labor relations in the energy program. Such special conditions include the need for continuity of vital operations at DOE installations; retention by DOE of absolute authority on all questions of security; and DOE review of labor expenses under management and operating contracts as a part of its responsibility for assuring judicious expenditure of public funds. It is the intent of DOE that personnel and labor policies throughout the energy program reflect the best experience of American industry in aiming to achieve the type of stable labor-management relations that are essential to the proper development of the energy program. The following enunciates the principles upon which the DOE policy is based:

(1) *Employment standards.* (i) Management and operating contractors are expected to bring experienced, proven personnel from their private operations to staff key positions on the contract work and to recruit other well-qualified personnel as needed. Such personnel should be employed and treated during employment without discrimination by reason of race, color, religion, sex, or national origin. Contractors shall be required to take affirmative action to achieve these objectives.

(ii) The job qualifications and suitability of prospective employees should be established by the contractor prior to employment by careful personnel investigations. Such personnel investigations should include, as appropriate: A credit check; verification of high school degree/diploma or degree/diploma granted by an institution of higher learning within the last 5 years; contacts with listed personal references; contacts with listed employers for the past 3 years (excluding employment of less than 60 days duration, part-time employments, and craft/union employments); and local law enforcement checks when such checks are not prohibited by State or local law or regulation, and when the individual resides in the jurisdiction where the con-

tractor is located. When a DOE access authorization (security clearance) will be required, the aforementioned pre-employment checks must be conducted and the applicant's job qualifications and suitability must be established before a request is made to the DOE to process the applicant for access authorization. Evidence must be furnished to the DOE with the applicant's security forms that specify: The date each check was conducted, the entity contacted that provided information concerning the applicant, a synopsis of the information provided as a result of each contact, and a statement that all information available has been reviewed and favorably adjudicated in accordance with the contractor's personnel policies. When an applicant is being hired specifically for a position which requires a DOE access authorization, the applicant shall not be placed in that position prior to the access authorization being granted by the DOE unless an exception has been obtained from the Head of the Contracting Activity, or designee. If an applicant is placed in that position prior to access authorization being granted by the DOE, the applicant may not be afforded access to classified matter or special nuclear materials (in categories requiring access authorization) until the DOE notifies the employer that access authorization has been granted. Management and operating contractors and other contractors operating DOE facilities may include the requirements set forth in this subsection in subcontracts (appropriately modified to identify the parties) wherein subcontract employees will be required to hold DOE access authorization in order to perform on-site duties, such as protective force operations.

(iii) Consistent with the policies set forth in this subpart, the contractor is responsible for maintaining satisfactory standards for employee qualifications, performance, conduct, and business ethics under its own personnel policies.

(2) *Security.* On all matters of security at its facilities, DOE retains absolute authority and neither the regulations and policies pertaining to security, nor their administration, are matters for collective bargaining between

the contractor's management and labor. Insofar as DOE security regulations affect the collective bargaining process, the security policies and regulations will be made known to both parties. To the fullest extent feasible, DOE will consult with representatives of the contractor's management and labor when formulating security regulations and policies that may affect the collective bargaining process.

(3) *Wages, salaries, and employee benefits.* (i) Wages, salaries, and employee benefits shall be administered in a manner designated to adapt the normal practices and conditions of industry or institutions of higher education to the contract work, and to provide for appropriate review by DOE. Area practices, valid patterns, and well-established commercial or academic practices of the contractors, as appropriate, form the criteria for the establishment and adjustment of compensation schedules.

(ii) The aspects of wages, hours, and working conditions which are the substance of collective bargaining in normal organized industries will be left to the orderly processes of negotiation and agreement between DOE contractor management and employee representatives with maximum possible freedom from Government interference.

(4) *Employee relations.* The handling of employee relations on contract work, including such matters as the conduct and discipline of the work force and the handling of employee grievances, is part of the normal management responsibility of the contractor.

(5) *Collective bargaining.* (i) DOE review of collective bargaining practices will be premised on the view that management's trusteeship for the operation of the Government facilities includes the duty to adopt practices which are fundamental to the friendly adjustment of disputes, and which experience has shown, promote orderly collective bargaining relationships. Practices inconsistent with this view may be objected to if not found to be otherwise clearly warranted.

(ii) Consistent with the policy of assuring continuity of operation of vital facilities, all collective bargaining

agreements at DOE-owned facilities should provide that grievances and disputes involving the interpretation or application of the agreement will be settled without resorting to strike, lockout, or other interruption of normal operations. For this purpose, each collective bargaining agreement entered into during the period of performance of this contract should provide an effective grievance procedure with arbitration as its final step, unless the parties mutually agree upon some other method of assuring continuity of operation for the term of the collective bargaining agreement.

(iii) DOE expects its management and operating contractors and the unions representing the contractor's employees to cooperate fully with the Federal Mediation and Conciliation Service.

(6) *Personnel training.* DOE encourages and supports personnel training programs aimed at improving work efficiency or developing needed skills which are not otherwise obtainable.

(7) *Working conditions.* Accident, fire, health, and occupational hazards associated with DOE activities will be held to a practical minimum level and controlled in the interest of maintenance of health and prevention of accidents. Subject to DOE control, contractors shall be required to maintain comprehensive continuous preventive and protective programs appropriate to the particular activities throughout all operations. Appropriate financial protection in case of occupational disability must be provided to employees on DOE projects.

(b) Title to payroll and associated records under certain contracts for the management and operation of DOE facilities, and for necessary miscellaneous construction incidental to the function of these facilities, shall vest in the Government. Such records are to be disposed of in accordance with DOE directions. For such contracts, the Solicitor of Labor has granted a tolerance from the Department of Labor Regulations to omit from the prescribed labor clauses the requirement for the retention of payrolls and associated records

for a period of three years after completion of the contract. Under this tolerance, the records retention requirements for all labor clauses in the contract and the Fair Labor Standards Act are satisfied by disposal of such records in accordance with applicable DOE directives.

970.2201-1-3 Contract clause.

In addition to the clause at 48 CFR 52.222-1, Notice to the Government of Labor Disputes, the contracting officer shall insert the clause at 970.5222-1, Collective Bargaining Agreements—Management and Operating Contracts, in all management and operating contracts.

970.2201-2 Overtime management.

970.2201-2-1 Policy.

Contracting officers shall ensure that management and operating contractors manage overtime cost effectively and use overtime only when necessary to ensure performance of work under the contract.

970.2201-2-2 Contract clause.

The contracting officer shall insert the clause at 48 CFR 970.5222-2, Overtime Management, in management and operating contracts.

970.2204 Labor standards for contracts involving construction.

970.2204-1 Statutory and regulatory requirements.

970.2204-1-1 Administrative controls and criteria for application of the Davis-Bacon Act in operational or maintenance activities.

(a) Particular work items falling within one or more of the following criteria normally will be classified as noncovered by the Davis-Bacon Act, hereinafter referred to in this section as the “Act.”

(1) Individual work items estimated to cost \$2,000 or less. The total dollar amount of the management and operating contract is not a factor to be considered and bears no relation to individual work items classified as construction, alteration and/or repair, including painting and decorating. However, no item of work, the cost of

which is estimated to be in excess of \$2,000, shall be artificially divided into portions less than \$2,000 for the purpose of avoiding the application of the Act.

(2) Work and services that are a part of operational and maintenance activities or which, being very closely and directly involved therewith, are more in the nature of operational activities than construction, alteration, and/or repair work. This includes work and services which would involve a material risk to continuity of operations, to life or property, or to DOE operating requirements, if performed by persons other than the contractor’s regular production and maintenance forces. However, any decision that contracts or work items are noncovered for these reasons must be made by the Head of the Contracting Activity without power of delegation.

(3) Assembly, modification, setup, installation, replacement, removal, rearrangement, connection, testing, adjustment, and calibration of machinery and equipment. However, it is noted that these activities are covered if they are part of, or would be a logical part of, the construction of a facility, or if construction-type work which is not “incidental” to the overall effort is involved.

(4) Experimental development of equipment, processes, or devices, including assembly, fitting, installation, testing, reworking, and disassembly. This refers to equipment, processes, and devices which are assembled for the purpose of conducting a test or experiment. The design may be only conceptual in character, and professional personnel who are responsible for the experiment participate in the assembly. Specifically excluded from the category of experimental development are buildings and building utility services, as distinguished from temporary connections thereto. Also specifically excluded from this category is equipment to be used for continuous testing (*e.g.*, a machine to be continuously used for testing the tensile strength of structural members).

(5) Experimental work in connection with peaceful uses of nuclear energy. This refers to equipment, processes and devices which are assembled and/or set in place and interconnected for the

purpose of conducting a test or experiment. The nature of the test or experiment is such that professional personnel who are responsible for the test or experiment and/or data to be derived therefrom must, by necessity, participate in the assembly and interconnections. Specifically excluded from experimental work are buildings, building utility services, structural changes, drilling, tunneling, excavation, and back-filling work which can be performed according to customary drawings and specifications, and utility services of modifications to utility services, as distinguished from temporary connections thereto. Work in this category may be performed in mines or in other locations specifically constructed for tests or experiments.

(6) Emergency work to combat the effects of fire, flood, earthquake, equipment failure, accident, or other casualties, and to restart the operational activity following the casualty. Work which is not directly related to restarting the activity or which involves rebuilding or replacement of a structure, structural components, or equipment is excluded from this category.

(7) Decontamination, including washing, scrubbing, and scraping to remove contamination; removal of contaminated soil or other material; and painting or other resurfacing, provided that such painting or resurfacing is an integral part of the decontamination activity and performed by the employees of the contractors performing the decontamination.

(8) Burial of contaminated soil waste or contained liquid; however, initial preparatory work readying the burial ground for use (*e.g.*, any grading or excavating that is a part of initial site preparation, fencing, drilling wells for continued monitoring of contamination, construction of guard or other office space) is covered. Work performed subsequent to burial which involves the placement of concrete or other like activity is also covered.

(b) The classification of a contract as a contract for operational or maintenance activities does not necessarily mean that all work and activities at the contract location are classifiable as outside coverage of the Act since it may be necessary to separate work

which should be classified as covered. Therefore, the Heads of Contracting Activities shall establish and maintain controls for the careful scrutiny of proposed work assignments under such contracts to assure that:

(1) Contractors whose contracts do not contemplate the performance of work covered by the Act with the contractor's own forces are neither asked nor authorized to perform work within the scope of the Act. If the actual work assignments do involve covered work, the contract should be modified to include applicable provisions of the Act.

(2) Where covered work is performed by a contractor whose contract contains provisions required by the Act, such work is performed as required by law and the contract. After the contractor has been informed, as provided in paragraph (b)(3) of this subsection, that certain work is covered, the responsibilities of the Head of the Contracting Activity to assure compliance is the same as it would be if the work were being performed under a separate construction contract.

(3) Controls provided for above include consideration by the Head of the Contracting Activity and the contractor, before work is begun or contracted out, of the relation of the Act to the annual programming of work; the contractor's work orders; and work contracted out in excess of \$2,000. The Head of the Contracting Activity may, if consistent with DOE's responsibilities as described in this subsection, prescribe from time to time classes of work as to which applicability or non-applicability of the Act is clear, for which the Head of the Contracting Activity will require no further DOE determination on coverage in advance of the work. For all work, controls to be established by the Head of the Contracting Activity should provide for notification to the contractor before work is begun as to whether such work is covered. The Head of the Contracting Activity is responsible for submitting to the Wage and Hours Division, Employment Standards Administration, Department of Labor, Washington, D.C. 20210, all DOE requests for project area or installation wage determinations, or individual determinations, or extensions or modification thereto. Requests

for such determinations shall be made on Standard Form 308, at least 30 calendar days before they are required for use in advertising for bids or requests for proposals.

(c) *Experimental installations.* Within DOE programs, a variety of experiments are conducted involving materials, fuels, coolants, and processing equipment. Certain types of situations where tests and experiments have presented coverage questions are described as follows:

(1) *Set-ups of device and/or processes.* The proving out of investigative findings and theories of a scientific and technical nature may require the set-up of various devices and/or processes at an early, pre-prototype stage of development. These may range from laboratory bench size to much larger set-ups. As a rule, these set-ups are made within established facilities (normally laboratories), required utility connections are made to services provided as a part of the basic facilities, and the activity as a whole falls within the functional purpose of the facility. Such set-ups are generally not covered. However, the erection of structures which are public works is covered if construction type work, other than incidental work, is involved. Preparatory work for the set-up requiring structural changes or modifications of basic utility services, as distinguished from connections thereto, is covered. The following are illustrations of noncovered set-ups of devices and/or processes:

(i) Assembly of piping and equipment within existing "hot cell" facilities for proving out a conceptual design of a chemical processing unit;

(ii) Assembly of equipment, including adaptation and modification thereof, in existing "hot cell" facilities to prove out a conceptual design for remotely controlled machining equipment;

(iii) Assembly of the first graphite pile in a stadium at Stagg Field in Chicago;

(iv) Assembly of materials and equipment for particular aspects of the direct current thermonuclear experiments to explore feasibility and to study other ramifications of the concept of high energy injection and to collect data thereon.

(2) *Loops.* Many experiments are carried on in equipment assemblies, called loops, in which liquids or gases are circulated under monitored and controlled conditions. For purposes of determining coverage under the Act, loops may be classed as loop facilities or as loop set-ups. Both of these classes of loops can include in-reactor loops and out-of-reactor loops. In differentiating between clearly identified loop set-ups and loop facilities, an area exists in which there have been some questions of coverage, such as certain loops at the Material Test Reactor and at Engineering Test Reactor and the Idaho National Engineering and Environmental Laboratory site. Upon clarification of this area, further illustrations will be added. In the meantime, the differentiation between loop set-ups and loop facilities must be made on a case-by-case basis, taking into account the total criteria set forth in this subpart.

(i) *Loop set-ups.* The assembly, erection, modification, and disassembly of a loop set-up is noncovered. A noncontroversial example of a loop set-up is one which is assembled in a laboratory, e.g., Oak Ridge National Laboratory, Argonne National Laboratory, or Lawrence Livermore National Laboratory, for a particular test and thereafter disassembled. However, preparatory work for a loop set-up requiring structural changes or modifications of basic utility services as distinguished from connections thereto is covered, as are material and equipment that are installed for a loop set-up which is a permanent part of the facility or which is use for a succession of experimental programs.

(ii) *Loop facilities.* A loop facility differs from a loop set-up in that it is of a more permanent character. It is usually, but not always, of greater size. It normally involves the building or modification of a structure. Sometimes it is installed as a part of construction of the facility. It may be designed for use in a succession of experimental programs over a longer period of time. Examples of loop facilities are the in-reactor "K" loops at Hanford and the large Aircraft Nuclear Propulsion loop at the Idaho National Engineering and Environmental Laboratory site. The

on-site assembly and erection of such loop facilities are covered. However, once a loop facility is completed and becomes operational, the criteria set forth in this paragraph for operational and maintenance activities apply.

(3) *Reactor component experiments.* Other experiments are carried on by insertion of experimental components within reactor systems without the use of a loop assembly. An example of reactor facilities erected for such experimental purposes are the special power excursion test reactors (SPETRs) at the National Reactor Test Site which are designed for studying reactor behavior and performance characteristics of certain reactor components. Such a facility may consist of a reactor vessel, pressurizing tank, coolant loops, pumps, heat exchangers, and other auxiliary equipment as needed. The facility also may include sufficient shielding to permit work on the reactor to proceed following a short period of power interruption, and buildings as needed to house the reactor and its auxiliary equipment. The erection and on-site assembly of such a reactor facility is covered, but the components whose characteristics are under study are excluded from coverage. To illustrate, one of the SPETRs planned for studies of nuclear reactor safety is designed to accommodate various internal fuel and control assemblies. The internal structure of the pressure vessel is designed so that cores of different shapes and sizes may be placed in the vessel for investigation, or the entire internal structure may be easily removed and replaced by a structure which will accept a different core design. Similarly, the control rod assembly is arranged to provide for flexibility in the removal of instrument leads and experimental assemblies from within the core.

(4) *Tests or experiments in peaceful uses of nuclear energy.* These tests or experiments are varied in nature and some are only in a planning stage. They consist of one or more nuclear or non-nuclear detonations for the purposes of acquiring data. The data can include seismic effects, radiation effects, amount of heat generated, amount of material moved and so forth. Some of these tests are conducted in existing

mines, while others are conducted in facilities specifically constructed for the tests or experiments. In general, all work which can be performed in accordance with customary drawings and specifications, as well as other work in connection with preparation of facilities is treated as covered work. Such work includes tunneling, drilling, excavation and back-filling, erection of buildings or other structures, and installation of utilities. The installation of the nonnuclear material or nuclear device to be detonated, and the instrumentation and connection between such material or device and the instrumentation are treated as noncovered work.

(5) *Tests or experiments in military uses of nuclear energy.* As in 970.2204-1-1(c)(4), these tests or experiments can be varied in nature. However, under this category it is intended to include only detonation of nonnuclear material or nuclear devices. The material or devices can be detonated either underground, at ground level, or above the ground. These tests or experiments have been conducted in, on, or in connection with facilities specifically constructed for such tests or experiments. As in tests or experiments in peaceful uses of nuclear energy, all work which can be performed in accord with customary drawings and specifications, as well as other work in connection with preparation of facilities are treated as covered work. Such work includes building towers or similar structures, tunneling, drilling, excavation and backfilling, erection of buildings or other structures, and installation of utilities. The installation of the non-nuclear material or nuclear devices and instrumentation are treated as noncovered work.

(d) *Construction site contiguous to an established manufacturing facility.* As DOE-owned property sometimes encompasses several thousand acres of real estate, a number of separate facilities may be located in areas contiguous to each other on the same property. These facilities may be built over a period of years, and established manufacturing activities may be regularly carried on at one site at the same time that construction of another facility is underway at another site. On occasion,

the regular manufacturing activities of the operating contractor at the first site may include the manufacture, assembly, and reconditioning of components and equipment which in other industries would normally be done in established commercial plants. While the manufacture of components and equipment in the manufacturing plant is noncovered, the installation of any such manufactured items on a construction job is covered.

970.2208 Equal employment opportunity.

The equal employment opportunity provisions of 48 CFR subpart 22.8 and subpart 922.8 of this chapter, including Executive Order 11246 and 41 CFR part 60, are applicable to DOE management and operating contracts.

970.2210 Service Contract Act.

The Service Contract Act of 1965 is not applicable to contracts for the management and operation of DOE facilities, but it is applicable to subcontracts under such contracts (see 48 CFR 970.5244-1).

970.2270 Unemployment compensation.

(a) Each state has its own unemployment compensation system to provide payments to workers who become unemployed involuntarily and through no fault of their own. Funds are provided for unemployment compensation benefits through a payroll tax on employers. Most DOE contractors are subject to the unemployment compensation tax laws of the states in which they are located. It is the policy to assure, both in the negotiation and administration of cost-reimbursement type contracts, that economical and practical arrangements are made and practiced with respect to unemployment compensation.

(b) *Contract exempt from state laws.* (1) Some contractors are exempt from state unemployment compensation laws, usually on grounds that they are nonprofit organizations or subdivisions of State governments. Most states, however, permit such employers to elect unemployment compensation

coverage on a voluntary basis. Under such circumstances, all existing or prospective cost-reimbursement contractors shall be encouraged to provide unemployment compensation coverage or equivalent substitutes.

(2) It is also DOE policy that, prior to the award or extension of a management and operating contract, exempt contractors or prospective contractors shall be required to submit to the contracting officer a statement that they will either elect coverage or provide equivalent substitutes for unemployment compensation, or in the alternative, submit evidence that it is impractical to do so. If any exempt contractor or prospective contractor submits that it is impractical to elect coverage or to provide an equivalent substitute, appropriate Office of Contract and Resource Management, within the Headquarters procurement organization, staff shall review that position prior to recommending an award or extension of the contract. If there are substantial reasons for not electing coverage or for not providing equivalent substitutes, a contract may be awarded or extended. Headquarters' staff review and recommendation shall be based on such factors as:

(i) The specific provisions of the unemployment compensation law of the State;

(ii) The extent to which the establishment of special conditions on DOE work may have an adverse effect on the contractor's general policies and operating costs in its private operations;

(iii) The numerical relationship between the contractor's private work force and its employees performing only work for DOE;

(iv) The contractor's record with respect to work force stability and the general outlook with respect to future work force stability;

(v) In a replacement contractor situation, whether or not the prior contractor had coverage or suitable substitutes; and

(vi) The particular labor relations implications involved.

Subpart 970.23—Environment, Conservation, Occupational Safety, and Drug Free Work Place

970.2303 Hazardous materials identification and material safety.

970.2303-1 General.

(a) The Department of Energy regulates the nuclear safety of its major facilities under its own statutory authority derived from the Atomic Energy Act and other legislation. The Department also regulates, under certain specific conditions, the use by its contractors of radioactive materials and ionizing radiation producing machines.

(b) The inclusion of environmental, safety and health clauses in DOE contracts shall be made by the contracting officer in accordance with this subpart and in consultation with appropriate environmental, safety and health program management personnel.

970.2303-2 Contract clauses.

(a) When work under management and operating contracts and subcontracts thereunder is to be performed at a facility where DOE will exercise its statutory authority to enforce occupational safety and health standards applicable to the working conditions of the contractor and subcontractor employees at such facility, the clause at 48 CFR 970.5223-1, Integration of Environment, Safety and Health into Work Planning and Execution, shall be used in such contract or subcontract and made applicable to the work if conditions in paragraphs (a)(1) through (3) of this section, are satisfied:

(1) DOE work is segregated from the contractor's or subcontractor's other work;

(2) The operation is of sufficient size to support its own safety and health services; and

(3) The facility is government-owned, or leased by or for the account of the government.

(b) The clause set forth in 952.223-72, Radiation Protection and Nuclear Criticality, shall be included in those contracts or subcontracts for, and be made applicable to, work to be performed at a facility where DOE does

not elect to assert its statutory authority to enforce occupational safety and health standards applicable to the working conditions of contractor and subcontractor employees, but does need to enforce radiological safety and health standards pursuant to provisions of the contract or subcontract rather than by reliance upon Nuclear Regulatory Commission licensing requirements (including agreements with States under section 274 of the Atomic Energy Act).

970.2304 Use of recovered/recycled materials.

970.2304-1 General.

The policy for the acquisition and use of EPA designated items, *i.e.*, items with recovered/recycled content, is set forth at 48 CFR (FAR) 23.4—Use of Recovered Materials as supplemented by 48 CFR (DEAR) 923.405(e) and by 48 CFR (FAR) 23.704, Application to Government-owned or leased facilities, and 48 CFR (FAR) 23.705, Contract clause.

[68 FR 6359, Feb. 7, 2003]

970.2304-2 Contract clause.

The contracting officer shall insert the clause at 48 CFR (FAR) 52.223-10, Waste Reduction Program, and the clause at 48 CFR (DEAR) 970.5223-2, Affirmative Procurement Program, in contracts for the management of DOE facilities, including national laboratories. If the contractor subcontracts a significant portion of the operation of the Government facility which includes the acquisition of items designated in EPA's Comprehensive Procurement Guidelines, the subcontract shall contain a clause substantially the same as that at 48 CFR (DEAR) 970.5223-2. The EPA Comprehensive Procurement Guidelines identify products which Federal agencies and their contractors are to procure with recycled content pursuant to 40 CFR part 247. Examples of such subcontracts would be operation of the facility supply function, construction or remodeling at the facility, or maintenance of the facility motor vehicle fleet. In situations in which the facility management contractor can reasonably determine the amount of products with recovered/recycled content to be acquired under the

subcontract, the facility management contractor is not required to flow down the reporting requirement of the 970.5223–2 clause. Instead, the facility management contractor may include the subcontract quantities in its own report and include an agreement in the subcontract that such products will be acquired with recovered/recycled content and that the subcontractor will advise if it is unable to procure such products with recovered/recycled content because the product is not available:

- (a) Competitively within a reasonable time;
- (b) At a reasonable price; or,
- (c) Within the performance requirements.

970.2305 Workplace substance abuse programs—management and operating contracts.

970.2305–1 General.

(a) The Department of Energy (DOE), as part of its overall responsibilities to protect the environment, maintain public health and safety, and safeguard the national security, has established policies, criteria, and procedures for management and operating contractors to develop and implement programs that help maintain a workplace free from the use of illegal drugs.

(b) Regulations concerning DOE's management and operating contractor workplace substance abuse programs are promulgated at 10 CFR part 707, Workplace Substance Abuse Programs at DOE Sites.

970.2305–2 Applicability.

(a) All management and operating contracts awarded under the authority of the Atomic Energy Act of 1954, as amended, are required to implement the policies, criteria, and procedures of 10 CFR part 707, Workplace Substance Abuse Programs at DOE Sites.

(b) Except as otherwise provided for in this subpart, management and operating contracts subject to the requirements of 10 CFR part 707 and this subpart shall not be subject to 48 CFR 23.5, Drug Free Workplace.

970.2305–3 Definitions.

Terms and words relating to DOE's Workplace Substance Abuse Programs, as used in this section, have the same meanings assigned to such terms and words in 10 CFR part 707.

970.2305–4 Solicitation provision and contract clause.

(a) The contracting officer shall insert the provision at 48 CFR 970.5223–3, Agreement Regarding Workplace Substance Abuse Programs at DOE Sites, in solicitations for the management and operation of DOE-owned or -controlled sites operated under the authority of the Atomic Energy Act of 1954, as amended.

(b) The contracting officer shall insert the clause at 970.5223–4, Workplace Substance Abuse Programs at DOE Sites, in contracts for the management and operation of DOE-owned or -controlled sites operated under the authority of the Atomic Energy Act of 1954, as amended.

970.2306 Suspension of payments, termination of contract, and debarment and suspension actions.

(a) The contracting officer shall comply with the procedures of 48 CFR 23.506 regarding the suspension of contract payments, the termination of the contract for default, and the debarment and suspension of a contractor relative to failure to comply with the clause at 48 CFR 970.5223–4, Workplace Substance Abuse Programs at DOE Sites.

(b) For purposes of 10 CFR part 707, the specific causes for suspension of contract payments, termination of the contract for default, and debarment and suspension of the contractor are:

(1) The contractor fails to either comply with the requirements of 10 CFR part 707 or perform in a manner consistent with its approved program;

(2) The contractor has failed to comply with the terms of the provision at 48 CFR 970.5223–3, Agreement Regarding Workplace Substance Abuse Programs at DOE Sites;

(3) Such a number of contractor employees having been convicted of violations of criminal drug statutes for violations occurring on the DOE-owned or -controlled site, as to indicate that the contractor has failed to make a good

faith effort to provide a drug free workplace; or,

(4) The offeror has submitted a false certification in response to the provision at 48 CFR 970.5223-3, Agreement Regarding Workplace Substance Abuse Programs at DOE Sites.

§970.2307 Contracting for Environmentally Preferable and Energy-Efficient Products and Services.

EFFECTIVE DATE NOTE: At 68 FR 52131, Sept. 2, 2003, §923.2307 was added effective October 2, 2003.

§970.2307-1 Motor vehicle fleet operations.

Executive Order 13149 provides that the Federal motor vehicle fleet will serve as an example and provide a leadership role in the reduction of petroleum consumption through improvements in fleet fuel efficiency and the use of alternative fuel vehicles and alternative fuels. Part 2 of the Order establishes goals for Federal Government fleet efficiency and requires the development of strategies to accomplish the goals. Section 403 of the Order provides that environmentally preferable motor vehicle products, including biobased motor vehicle products, will be used in the maintenance of Federal fleet motor vehicles when these products are reasonably available and meet vehicle manufacturers' recommended performance standards. Environmentally preferable motor vehicle products are among the products contained in the Comprehensive Procurement Guidelines list of products with recycled content to be procured pursuant to the clause at 48 CFR 970.5223-2. Section 505 of Executive Order 13149 requires that the goals and requirements of the Order be included in all management contracts which include Federal motor vehicle fleet operations. Section 506 of Executive Order 13149 exempts military tactical, law enforcement, and emergency vehicles from the requirements of the order.

EFFECTIVE DATE NOTE: At 68 FR 52131, Sept. 2, 2003, §923.2307-1 was added effective October 2, 2003.

§970.2307-2 Contract clause.

Include the clause at 970.5223-5, DOE Motor Vehicle Fleet Fuel Efficiency, in

all management contracts providing for Contractor management of the motor vehicle fleet.

EFFECTIVE DATE NOTE: At 68 FR 52131, Sept. 2, 2003, §923.2307-2 was added effective October 2, 2003.

Subpart 970.26—Other Socioeconomic Programs

970.2670 Implementation of Section 3021 of the Energy Policy Act of 1992.

970.2670-1 Requirements.

The goal requirements of section 3021 of the Energy Policy Act of 1992, and the attendant reporting requirements shall be included in the subcontracting plan for the management and operating contract and shall apply to the annual dollar obligations specifically provided to the contractor for competitively awarded subcontracts that fulfill Energy Policy Act requirements.

970.2671 Diversity.

970.2671-1 Policy.

Department of Energy policy recognizes that full utilization of the talents and capabilities of a diverse work force is critical to the achievement of its mission. The principal goals of this policy are to foster and enhance partnerships with small, small disadvantaged, women-owned small businesses, and educational institutions; to match capabilities with existing opportunities; to track small, small disadvantaged, women-owned small business, and educational activity; and to develop innovative strategies to increase opportunities.

970.2671-2 Contract clause.

The contracting officer shall insert the clause at 48 CFR 970.5226-1, Diversity Plan, in all management and operating contracts.

970.2672 Implementation of Section 3161 of the National Defense Authorization Act for Fiscal Year 1993.

970.2672-1 Policy.

Consistent with the objectives of section 3161 of the National Defense Authorization Act for Fiscal Year 1993, 42

U.S.C. 7274h, in instances where the Department of Energy has determined that a change in work force at a DOE Defense Nuclear Facility is necessary, DOE contractors and subcontractors at DOE Defense Nuclear Facilities shall accomplish work force restructuring or displacement so as to mitigate social and economic impacts and in a manner consistent with any DOE work force restructuring plan in effect for the facility or site. In all cases, mitigation shall include the requirement for hiring preferences for employees whose positions have been terminated (except for termination for cause) as a result of changes to the work force at the facility due to restructuring accomplished under the requirements of section 3161. Where applicable, contractors may take additional actions to mitigate consistent with the Department's Workforce Restructuring Plan for the facility or site.

970.2672-2 Requirements.

The requirements set forth in 48 CFR 926.71, Implementation of Section 3161 of the National Defense Authorization Act for Fiscal Year 1993, for contractors and subcontractors to provide a hiring preference for employees under Department of Energy contracts whose employment in positions at a Department of Energy Defense Nuclear Facility is terminated (except for a termination for cause) applies to management and operating contracts.

970.2672-3 Contract clause.

The contracting officer shall insert the clause at 48 CFR 970.5226-2, Workforce Restructuring Under Section 3161 of the National Defense Authorization Act for Fiscal Year 1993, in contracts for the management and operation of Department of Energy Defense Nuclear Facilities and, as appropriate, in other contracts that include site management responsibilities at a Department of Energy Defense Nuclear Facility.

970.2673 Regional partnerships.

970.2673-1 Policy.

It is the policy of the DOE to be a constructive partner in the geographic region in which DOE conducts its busi-

ness. The basic elements of this policy include:

- (a) Recognizing the diverse interests of the region and its stakeholders,
- (b) Engaging regional stakeholders in issues and concerns of mutual interest, and
- (c) Recognizing that giving back to the community is a worthwhile business practice.

970.2673-2 Contract clause.

The contracting officer shall insert the clause at 48 CFR 970.5226-3, Community Commitment, in all management and operating contracts.

Subpart 970.27—Patents, Data, and Copyrights

970.2701 General.

970.2701-1 Applicability.

This subpart applies to negotiation of patent rights, rights in technical data provisions and other related provisions for the Department of Energy contracts for the management and operation of DOE's major sites or facilities, including the conduct of research and development and nuclear weapons production, and contracts which involve major, long-term or continuing activities conducted at a DOE site.

970.2702 Patent related clauses.

970.2702-1 Authorization and consent.

Contracting officers must use the clause at 970.5227-4, Authorization and Consent, instead of the clause at 48 CFR 52.227-1.

970.2702-2 Notice and assistance regarding patent and copyright infringement.

Contracting officers must use the clause at 970.5227-5, Notice and Assistance Regarding Patent and Copyright Infringement, instead of the clause at 48 CFR 52.227-2.

970.2702-3 Patent indemnity.

- (a) Contracting officers must use the clause at 970.5227-6, Patent Indemnity—Subcontracts to assure that subcontracts appropriately address patent indemnity.

(b) Normally, the clause at 48 CFR 52.227-3 would not be appropriate for an M&O contract; however, if there is a question, such as when the mission of the contractor involves production, the contracting officer must consult with local patent counsel and use the clause where appropriate.

970.2702-4 Royalties.

Contracting officers must use the solicitation provision at 970.5227-7, Royalty Information, and the clause at 970.5227-8, Refund of Royalties instead of the provision at 48 CFR 52.227-8 and the clause at 48 CFR 52.227-9, respectively.

970.2702-5 Rights to proposal data.

Contracting officers must include the clause at 48 CFR 52.227-23, Rights to Proposal Data, in all solicitations and contracts for the management and operation of DOE sites and facilities.

970.2702-6 Notice of right to request patent waiver.

Contracting officers must include the provision at 970.5227-9 in all solicitations for contracts for the management and operation of DOE sites or facilities.

970.2703 Patent rights.

970.2703-1 Purposes of patent rights clauses.

(a) DOE sites and facilities are managed and operated on behalf of the Department of Energy by a contractor, pursuant to management and operating contracts that are generally awarded for a five (5) year term, with the possibility for renewal. Special provisions relating to patent rights are appropriately incorporated into an M&O contract because of the unique circumstances and responsibilities of managing and operating a Government-owned facility, as compared to other federally funded research and development contracts.

(b)(1) *Technology transfer mission clause.* In accordance with Public Law 101-189, section 3133(d), DOE may grant technology transfer authority to M&O contractors operating a DOE facility. Generally, M&O contractors have the right to elect to retain title to inventions made under the contract, wheth-

er a nonprofit or educational organizations, as a result of 35 U.S.C. 200 *et seq.* (Bayh-Dole Act), or a large business, as a result of a class patent waiver issued pursuant to 10 CFR part 784. Under such contracts, the M&O contractor assumes responsibilities for commercializing retained inventions, in accordance with the Technology Transfer Mission clause provided at 970.5227-3. That clause also governs such activities as the distribution of royalties earned from inventions made under the contract and the transfer of patent rights in inventions made under the contract to successor contractors.

(2) If the M&O contractor is a nonprofit organization or small business firm having technology transfer authority, the following clauses are inserted into the M&O contract: 970.5227-3 and 970.5227-10.

(3) If the M&O contract has technology transfer as a mission and is to be performed by a for-profit, large business firm that has been granted an advance class waiver, the following clauses are inserted into the M&O contract: 970.5227-3 and 970.5227-12. The terms of the clause at 970.5227-12 are subject to modification to conform to the terms of the class waiver.

(4) If the M&O contract does not have a technology transfer mission and is to be performed by a for-profit, large business firm and does not have advance class waiver under 10 CFR part 784, the patent rights clause at 970.5227-11 is inserted into the M&O contract, and the Technology Transfer Mission clause is inapplicable.

(5) If the contractor is an educational institution, a non-profit organization or a small business firm and is conducting privately funded technology transfer activities, involving the use of private funds to conduct licensing and marketing activities related to inventions made under the contract in accordance with the Bayh-Dole Act, DOE may modify the patent rights clause (970.5227-10) to address issues such as the disposition of royalties earned under the privately funded technology transfer program, the transfer of patent rights to a successor contractor, allowable cost restrictions concerning privately funded technology transfer

activities, and the Government's freedom from any liability related to licensing under the contractor's privately funded technology transfer program.

(c) Contracting officers must consult with DOE patent counsel assisting the contracting activity or the Assistant General Counsel for Technology Transfer and Intellectual Property for assistance in selecting for use in the solicitation, negotiating, or approving appropriate patent rights clauses for a M&O contract. It may be appropriate to include more than one patent rights clause in a solicitation if the successful contractor could, for instance, be either an educational or a large business. If a large business may be selected for performance of a contract that will include a technology transfer clause, the solicitation must include the clause at 970.5227-12 to reflect the waiver that will likely be granted. If the solicitation includes more than one patent clause, it must include an explanation of the circumstances under which the appropriate clause will be used. The final award must contain only one patent rights clause.

970.2703-2 Patent rights clause provisions for management and operating contractors.

(a) *Allocation of Principal Rights: Bayh-Dole provisions.* If the management and operating contractor is an educational institution or nonprofit organization, the patent rights clause provided at 970.5227-10 must be inserted into the M&O contract. Such entities are beneficiaries of Bayh-Dole Act, including the paramount right of the contractor to elect to retain title to inventions conceived or first actually reduced to practice in performance of work under the contract, except in DOE-exempted areas of technology or in operation of DOE facilities primarily dedicated to naval nuclear propulsion or weapons related programs.

(b) *Allocation of Principal Rights: Government title.* (1) The patent rights clause provided at 970.5227-11 must be incorporated into the M&O contract if the contractor is a for-profit, large business firm and the contract does not have a technology transfer mission or if, without regard to the type of con-

tractor, the contract is for the operation of a DOE facility primarily dedicated to naval nuclear propulsion or weapons related programs. That clause provides for DOE's statutory obligation to take title to inventions conceived or first actually reduced to practice in the course of or under an M&O contract, and does not contemplate an advance class waiver of Government rights in inventions, or participation by the contractor in technology transfer activities.

(2) While only in rare circumstances does a for-profit large business contractor whose contract contains no technology transfer mission receive rights in or title to inventions made under the contract, the contractor does have the right to request a license or foreign patent rights in inventions made under the contract, and may petition for a waiver of Government rights in identified inventions. The patent rights clause 970.5227-11 does not include many of the provisions of patent rights clauses 970.5227-10 and 970.5227-12, related to the filing of patent applications by the contractor, the granting of rights in inventions by the contractor to third parties (preference for United States industry), and conditions allowing the Government to grant licenses to third parties in inventions retained by the contractor (march-in rights). Any instrument granting rights in inventions made under a contract governed by patent rights clause 970.5227-11 must include these additional provisions within its terms and conditions.

(c) *Allocation of Principal Rights: Contractor right to elect title under an advance class waiver.* If the M&O contractor is a for-profit, large business firm and the Government has granted an advance class waiver of Government rights in inventions made in the course of or under the M&O contract, under the authority of the Atomic Energy Act of 1954 (42 U.S.C. 2182) and the Federal Nonnuclear Energy Act of 1974 (42 U.S.C. 5908(c)), the patent rights clause provided at 970.5227-12 must be inserted into the M&O contract, unless the terms and conditions of such an approved waiver alter or replace the patent rights clause provisions pursuant to 10 CFR part 784.

(d) *Extensions of time—DOE discretion.* The patent rights clauses for M&O contracts require the contractor to take certain actions within prescribed time periods to comply with the contract and preserve its rights in inventions. The M&O contractor may request extensions of time in which to take such actions by submitting written justification to DOE, and DOE may grant the contractor's requests, on a case-by-case basis. If the time period expired due to negligence by the contractor, DOE may grant a request for an extension of time upon a showing by the contractor that corrective procedures are in place to avoid such negligence in the future. If a contractor is requesting an extension of time in which to elect to retain title to an invention, DOE may grant the request if the extension allows the contractor to conduct further experimentation, market research, or other analysis helpful to determine contractor interest in electing title to the invention, among other considerations. Generally, the extensions of time are for periods of between six (6) months to one (1) year.

(e) *Facilities license.* These include the rights to make, use, transfer, or otherwise dispose of all articles, materials, products, or processes embodying inventions or discoveries used or embodied in the facility regardless of whether or not conceived or first actually reduced to practice under or in the course of such a contract. The patent rights clauses, 970.5227-10, 970.5227-11, 970.5227-12, each contain a provision granting the Government this facilities license.

(f) *Deletion of classified inventions provision.* If DOE determines that the research, development, demonstration or production work to be performed during the course of a management and operating contract most probably will not involve classified subject matter or result in any inventions that require security classification, DOE patent counsel may advise the contracting officer to delete the patent rights clause provision entitled, "Classified Inventions" from the M&O contract.

(g) *Alternate 1—Weapons Related Research or Production.* If DOE grants technology transfer authority to a DOE facility, pursuant to Public Law

101-189, section 3133(d), and the DOE owned facility is involved in weapons related research and development, or production, then Alternate 1 of the patent rights clauses must be inserted into the M&O contract. Alternate 1 defines weapons related subject inventions and restricts the contractor's rights with respect to such inventions.

970.2704 Rights in data.

970.2704-1 General.

(a) Rights in data relating to the performance of the contract and to all facilities are significant in assuring continuity of the management and operation of DOE facilities. It is crucial in assuring DOE's continuing ability to perform its statutory missions that DOE obtain rights to all data produced or specifically used by its management and operating contractors and appropriate subcontractors. In order to obtain the necessary rights in technical data, DOE contracting officers shall assure that management and operating contracts contain either the Rights in Data clause at 48 CFR 970.5227-1, Rights in Data—Facilities, or the clause at 48 CFR 970.5227-2, Rights in Data—Technology Transfer. Selection of the appropriate clause is dependent upon whether technology transfer is a mission of the management and operating contract pursuant to the National Competitiveness Technology Transfer Act of 1989, Public Law 101-189, (15 U.S.C. 3711 *et seq.*, as amended). If technology transfer is not a mission of the management and operating contract, the clause at 48 CFR 970.5227-1, Rights in Data—Facilities, shall be used. In those instances in which technology transfer is a mission of the contract, the clause at 48 CFR 970.5227-2, Rights in Data—Technology Transfer, shall be used.

(b) Employees of the management and operating contractor may not be used to assist in the preparation of a proposal or bid for services which are similar or related to those being performed under the contract, which are to be performed by the contractor or its parent or affiliate organization for commercial customers unless the employee has been separated from work under the DOE contract for such period

as the Head of the Contracting Activity or designee shall have directed.

970.2704-2 Procedures.

(a) The clauses at 48 CFR 970.5227-1, Rights in Data-Facilities, and 48 CFR 970.5227-2, Rights in Data—Technology Transfer, both provide generally for Government ownership and for unlimited rights in the Government for all data first produced in the performance of the contract and unlimited rights in data specifically used in the performance of the contract. Both clauses provide that, subject to patent, security, and other provisions of the contract, the contractor may use contract data for its private purposes. The contractor, under either clause, must treat any data furnished by DOE or acquired from other Government agencies or private entities in the performance of their contracts in accordance with any restrictive legends contained therein.

(b) Since both clauses secure access to and, if requested, delivery of technical data used in the performance of the contract, there is generally no need to use the Additional Technical Data Requirements clause at 48 CFR 52.227-16 in the management and operating contract.

(c)(1) Paragraph (d) of the clause at 48 CFR 970.5227-1, Rights in Data—Facilities, and paragraph (f) of the clause at 48 CFR 970.5227-2, Rights in Data—Technology Transfer, provide for the inclusion in subcontracts of the Rights in Technical Data—General clause at 48 CFR 52.227-14, with Alternate V, and modified in accordance with DEAR 927.409. Those clauses also provide for the inclusion in appropriate subcontracts Alternates II, III, and IV to the clause at 48 CFR 52.227-14 with DOE's prior approval and the inclusion of the Additional Technical Data Requirements clause at 48 CFR 52.227-16 in all subcontracts for research, development, or demonstration and all other subcontracts having special requirements for the production or delivery of data. In subcontracts, including subcontracts for related support services, involving the design or operation of any plants or facilities or specially designed equipment for such plants or facilities that are managed or operated by the contractor under its contract

with DOE, the management and operating contractor shall use the Rights in Data—Facilities clause at 48 CFR 970.5227-1.

(2) Where, however, a subcontract is to be awarded by the management and operating contractor in connection with a program, as discussed at 927.404-70, which provides statutory authority to protect from public disclosure, data first produced under contracts awarded pursuant to the program, contracting officers shall ensure that the management and operating contractor includes in that subcontract the rights in data clause provided by DOE Patent Counsel, consistent with any accompanying guidance.

(3) Management and operating contractors and higher-tier subcontractors shall not use their power to award subcontracts as economic leverage to acquire rights in a subcontractor's limited rights data or restricted computer software for their private use, nor may they acquire rights in a subcontractor's limited rights data or restricted computer software except through the use of Alternate II or III to the clause at 48 CFR 52.227-14, respectively, without the prior approval of DOE Patent Counsel.

(d)(1) Paragraphs (e) and (f) of the clause at 48 CFR 970.5227-1, Rights in Data—Facilities, and paragraphs (g) and (h) of the clause at 48 CFR 970.5227-2, Rights in Data—Technology Transfer, provide for the contractor's granting a nonexclusive license in any limited rights data and restricted computer software specifically used in performance of the contract.

(2) In certain instances the objectives of DOE would be frustrated if the Government did not obtain, at the time of contracting, limited license rights on behalf of responsible third parties and the Government, and to limited rights data or restricted computer software or both necessary for the practice of subject inventions or data first produced or delivered in the performance of the contract. This situation may arise in the performance of management and operating contracts and contracts for the management or operation of a DOE facility or site. Contracting officers should consult with program officials and Patent Counsel. No such rights

Department of Energy

970.2770-1

should be obtained from a small business or non-profit organization, unless similar rights in background inventions of the small business or non-profit organization have been authorized in accordance with 35 U.S.C. 202(f). Where such a background license is in DOE's interest, a provision that provides substantially as Alternate VI at 48 CFR 952.227-14 should be added to the appropriate clause, 48 CFR 970.5227-1, Rights in Data—Facilities, or 48 CFR 970.5227-2, Rights in Data—Technology Transfer.

(e) The Rights in Data—Technology Transfer clause at 48 CFR 970.5227-2 differs from the clause at 48 CFR 970.5227-1, Rights in Data—Facilities, in the context of its more detailed treatment of copyright. In management and operating contracts that have technology transfer as a mission, the right to assert copyright in data first produced under the contract will be a valuable right, and commercialization of such data, including computer software, will assist the management and operating contractor in advancing the technology transfer mission of the contract. The clause at 48 CFR 970.5227-2, Rights in Data—Technology Transfer, provides for DOE approval of DOE's taking a limited copyright license for a period of five years, and, in certain rare cases, specified longer periods in order to contribute to commercialization of the data.

(f) Contracting officers should consult with Patent Counsel to assure that requirements regarding royalties and conflicts of interest associated with asserting copyright in data first produced under the contract are appropriately addressed in the Technology Transfer Mission clause (48 CFR 970.5227-3) of the management and operating contract. Where it is not otherwise clear which DOE program funded the development of a computer software package, such as where the development was funded out of a contractor's overhead account, the DOE program which was the primary source of funding for the entire contract is deemed to have administrative responsibility. This issue may arise, among others, in the decision whether to grant the contractor permission to assert copyright. See paragraph (e) of the Rights in

Data—Technology Transfer clause at 970.5227-2.

(g) In management and operating contracts involving access to DOE-owned Category C-24 restricted data, as set forth in 10 CFR part 725, DOE has reserved the right to receive reasonable compensation for the use of its inventions and discoveries, including its related restricted data and technology. Alternate I to each clause shall be used where access to Category C-24 restricted data is contemplated in the performance of a contract.

970.2704-3 Contract clauses.

(a) The contracting officer shall insert the clause at 48 CFR 970.5227-1, Rights in Data—Facilities, in management and operating contracts which do not contain the clause at 48 CFR 970.5227-2, Rights in Data—Technology Transfer. The contracting officer shall include the clause with its Alternate I in contracts where access to Category C-24 restricted data, as set forth in 10 CFR part 725, is to be provided to contractors.

(b) The contracting officer shall insert the clause at 970.5227-2, Rights in Data—Technology Transfer, in management and operating contracts which contain the clause at 970.5227-3, Technology Transfer Mission. The contracting officer shall include the clause with its Alternate I in contracts where access to Category C-24 restricted data, as set forth in 10 CFR part 725, is to be provided to contractors.

970.2770 Technology Transfer.

970.2770-1 General.

This subpart prescribes policies and procedures for implementing the National Competitiveness Technology Transfer Act of 1989, Public Law 101-189, (15 U.S.C. 3711 *et seq.*, as amended). The Act requires that technology transfer be established as a mission of each Government-owned laboratory operated under contract by a non-Federal entity. The National Defense Authorization Act for Fiscal Year 1994 expanded the definition of "laboratory" to include weapon production facilities that are operated for national security

purposes and are engaged in the production, maintenance, testing, or dismantlement of a nuclear weapon or its components.

970.2770-2 Policy.

All new awards for or extensions of existing DOE laboratory or weapon production facility management and operating contracts shall have technology transfer, including authorization to award Cooperative Research and Development Agreements (CRADAs), as a laboratory or facility mission under Section 11(a)(1) of the Stevenson-Wydler Technology Innovation Act of 1980, Public Law 96-480 (15 U.S.C. 3701 *et seq.*, as amended). A management and operating contractor for a facility not deemed to be a laboratory or weapon production facility may be authorized on a case-by-case basis to support the DOE technology transfer mission including, but not limited to, participating in CRADAs awarded by DOE laboratories and weapon production facilities.

970.2770-3 Technology transfer and patent rights.

The National Competitiveness Technology Transfer Act of 1989 (NCTTA) established technology transfer as a mission for Government-owned, contractor-operated laboratories, including weapons production facilities, and authorizes those laboratories to negotiate and award cooperative research and development agreements with public and private entities for purposes of conducting research and development and transferring technology to the private sector. In implementing the NCTTA, DOE has negotiated technology transfer clauses with the contractors managing and operating its laboratories. Those technology transfer clauses must be read in concert with the patent rights clause required by this subpart. Thus, each management and operating contractor holds title to subject inventions for the benefit of the laboratory or facility being managed and operated by that contractor.

970.2770-4 Contract clause.

(a) The contracting officer shall insert the clause at 970.5227-3, Technology Transfer Mission, in each solici-

tation for a new or an extension of an existing laboratory or weapon production facility management and operating contract.

(b) If the contractor is a nonprofit organization or small business eligible under 35 U.S.C. 200 *et seq.*, to receive title to any inventions under the contract and proposes to fund at private expense the maintaining, licensing, and marketing of the inventions, the contracting officer shall use the basic clause with its Alternate I.

(c) If the facility is operated for national security purposes and engaged in the production, maintenance, testing, or dismantlement of a nuclear weapon or its components, the contracting officer shall use the basic clause with its Alternate II.

Subpart 970.28—Bonds and Insurance

970.2803 Insurance.

970.2803-1 Workers' Compensation Insurance.

(a) *Policies and requirements.* (1) Workers' compensation insurance protects employers against liability imposed by workers' compensation laws for injury or death to employees arising out of, or in the course of, their employment. This type of insurance is required by state laws unless employers have acceptable programs of self-insurance.

(2) *Special requirements.* Certain workers' compensation laws contain provisions which result in limiting the protection afforded persons subject to such laws. The policy with respect to these limitations as they affect persons employed by management and operating contractors is set forth as follows:

(i) *Elective provisions.* Some worker's compensation laws permit an employer to elect not to be subject to its provisions. It is DOE policy to require these contractors to be subject to workers' compensation laws in jurisdictions permitting election.

(ii) *Statutory immunity.* Under the provisions of some workers' compensation laws, certain types of employers; *e.g.*, nonprofit educational institutions, are relieved from liability. If a contractor

Department of Energy

970.2902-1

has a statutory option to accept liability, it is DOE policy to require the contractor to do so.

(iii) *Limited medical benefits.* Some workers' compensation laws limit the liability of the employer for medical care to a maximum dollar amount or to a specified period of time. In such cases, a contractor's workers' compensation insurance policy should contain a standard extrastatutory medical coverage endorsement.

(iv) *Limits on occupational disease coverage and employers' liability.* Some workers' compensation laws do not provide coverage for all occupational diseases. In such situations, a contractor's workers' compensation insurance policy should contain voluntary coverage for all occupational diseases.

(3) *Contractor "employees' benefit plan"—self-insurers.* The policies and requirements set forth in paragraph (a)(2) of this section apply where management and operating contractors purchase workers' compensation insurance. With respect to self-insured contractors, the objectives specified in paragraph (a)(2) also shall be met through primary or excess workers' compensation and employers' liability insurance policy(ies) or an approved combination thereof. "Employees' benefit plans" which were established in prior years may be continued to contrast termination at existing benefit levels.

(b) *Assignment of responsibilities.* (1) Office of Contract and Resource Management, within the Headquarters procurement organization, other officials, and the Heads of Contracting Activities, consistent with their delegations of responsibility, shall assure management and operating contracts are consistent with the policies and requirements of paragraph (a) of this section.

(2) In discharging assigned responsibility, the Heads of Contracting Activities shall:

(i) Periodically review workers' compensation insurance programs of management and operating contractors in the light of applicable workers' compensation statutes to assure conformance with the requirements of paragraph (a) of this section.

(ii) Evaluate the adequacy of coverage of "self-insured" workers' compensation programs;

(iii) Provide arrangements for the administration of any existing "employees' benefit plans" until such plans are terminated; and

(iv) Submit to the Office of Contract and Resource Management, within the Headquarters procurement organization, all proposals for the modification of existing "employees' benefit plans."

(3) The Office of Contract and Resource Management, within the Headquarters procurement organization, is responsible for approving management and operating contractor "employees' benefit plans."

970.2803-2 Contract clause.

The contracting officer shall insert the clause at 48 CFR 970.5228-1, Insurance—Litigation and Claims, in all management and operating contracts. Paragraphs (h)(3) and (j)(2) of that clause apply to a nonprofit contractor only to the extent specifically provided in the individual contract.

Subpart 970.29—Taxes

970.2902 Federal excise taxes.

970.2902-1 Exemptions from Federal excise taxes.

(a) The exemption respecting taxes on communication services or facilities has been held to extend to such services when furnished to DOE management and operating contractors who pay for such services or facilities from advances made to them by DOE under their contracts.

(b) Where it is considered that a request for an additional exemption in the performance of a management and operating contract would be justified, a recommendation that such a request be made should be forwarded to the Chief Financial Officer, Headquarters.

(c) Where tax exemption certificates are required in connection with the taxes cited in this section, the Head of the Contracting Activity will supply standard Government forms (SF 1094, U.S. Tax Exemption Certificate) on request.

970.2903

48 CFR Ch. 9 (10–1–03 Edition)

970.2903 State and local taxes.

Subpart 970.30—Cost Accounting Standards

970.2903–1 Applicability of state and local taxes to the government.

970.3002 CAS program requirements.

It is DOE policy to secure those immunities or exemptions from state and local taxes to which it is entitled under the Federal Constitution or state laws. In carrying out this policy, the Heads of Contracting Activities shall:

970.3002–1 Applicability.

The provisions of 48 CFR part 30 and 48 CFR chapter 99 (FAR Appendix) shall be followed for management and operating contracts.

(a) Take all necessary steps to preclude payment of any taxes for which any of the immunities or exemptions cited in this subpart are available. Advice of Counsel should be sought as to the availability of such immunities or exemptions;

Subpart 970.31—Contract Cost Principles and Procedures

970.3101–00–70 Scope of subpart.

(b) Acquire directly and furnish to contractors as Government furnished property, equipment, material, or services when, in the opinion of the Head of the Contracting Activity:

(a) The Procurement Executive is responsible for developing and revising the policy and procedures for the determination of allowable costs reimbursable under a management and operating contract, and for coordination with other Headquarters' offices having joint interests.

(1) Such direct acquisition will result in substantial savings to the Government, taking into consideration any additional administrative costs;

(b) The Head of the Contracting Activity is responsible for following the policy, principles and standards set forth in this subpart in establishing the compensation and reimbursement provisions of contracts and subcontracts and for submission of deviations for Headquarters consideration and approval.

(2) Such direct acquisition will not have a substantial adverse effect on the relationship between DOE and its contractor; and

(3) Such direct acquisition will not have a substantial adverse effect on the DOE program or schedules.

970.2904 Contract clauses.

970.3101–9 Advance agreements (DOE coverage-paragraph (i)).

970.2904–1 Management and operating contracts.

(a) Pursuant to 48 CFR 29.401–6(b), the clause at 48 CFR 52.229–10, State of New Mexico Gross Receipts and Compensating Tax, is applicable to management and operating contracts that meet the three conditions stated. The contracting officer shall modify paragraph (b) of the clause to replace the phrase “Allowable Cost and Payment clause” with the phrase “Payments and advances.”

(i) At any time, in accordance with the contract terms and conditions, the contracting officer may pursue an advance agreement in connection with any cost item under a contract.

970.3101–10 Cost certification.

(b) Contracting officers shall include the clause at 48 CFR 970.5229–1, State and Local Taxes, in management and operating contracts.

(a) Certain contracts require certification of the costs proposed for final payment purposes. Section 48 CFR 970.4207–03–02 states the administrative procedures for the certification provisions and the related contract clause prescription.

(b) If unallowable costs are included in final cost settlement proposals, penalties may be assessed. Section 48 CFR 970.4207–03–02 states the administrative

procedures for penalty assessment provisions and the related clause prescription.

970.3102-3-70 Home office expenses.

(a) For on-site work, DOE's fee for management and operating contracts, determined under the policy of and calculated per the procedures in 48 CFR 970.1504-1-3, generally provides adequate compensation for home or corporate office general and administrative expenses incurred in the general management of the contractor's business as a whole.

(1) DOE recognizes that some Home Office Expenses are incurred for the benefit of a management and operating contract. DOE has elected to recognize that benefit through fee due to the difficulty of determining the dollar value applicable to any management and operating contract. The difficulty arises because:

(i) The general construct of a management and operating contract results in minimal Home Office involvement in the contract work, and

(ii) Conventional Home Office Expense allocation techniques that use bases such as total operating costs, labor dollars, hours etc., are not appropriate because they inherently assume significant contractor investment (in terms of its own resources, such as, labor, material, overhead, etc.). Contractor investments are minimal under DOE's operating and management contracts. The contracts are totally financed by DOE advance payments, and DOE provides government-owned facilities, property, and other needed resources.

(2) From time to time, the fee for a management and operating contract may not be adequate compensation for Home Office Expenses incurred for the benefit of the contract. An indication that such a case exists is the need for significant home office support to deal with issues at the site that occur without the fault or negligence of the contractor, for example, the need for home office legal support to deal with third party, environmental, safety, or health issues.

(3) In such a case, the contracting officer, after obtaining the HCA's approval, may consider a contractor re-

quest for additional compensation. The contractor may request:

(i) Fee in addition to its normal fee (but see 48 CFR 970.1504-1-3(b)(1) if the contract is for the management and operation of a laboratory); or

(ii) Compensation on the basis of actual cost.

(4) Because the contract's fee provides some compensation for Home Office Expenses, the contractor's request for additional compensation must always be for an amount less than the Home Office Expenses that are incurred for the benefit of the management and operating contract.

(b) For off-site work, the DOE allows Home Office Expenses under architect-engineer, supply and research contracts with commercial contractors performing the work in their own facilities. Home Office Expenses may, however, be included for reimbursement under such DOE off-site architect-engineer, supply and research contracts, only to the extent that they are determined, after careful examination, to be allowable, reasonable, and properly allocable to the work. Work performed in a contractor's own facilities under a management and operating or construction contract may likewise be allowed to bear the properly allocable portion of allowable Home Office Expenses.

970.3102-05 Application of cost principles.

970.3102-05-4 Bonding costs. (DOE coverage-paragraph (d))

(d) The allowability of bonding costs shall be determined pursuant to 48 CFR 970.5228-1, Insurance-litigation and claims.

970.3102-05-6 Compensation for personal services. (DOE coverage-paragraphs (a) and (p))

(a)(6) In determining the reasonableness of compensation, the compensation of each individual contractor employee normally need not be subjected to review and approval. Generally, the compensation paid individual employees should be left to the judgment of contractors subject to the limitations of DOE-approved compensation policies, programs, classification systems, and schedules, and amounts of money

authorized for wage and salary increases for groups of employees. However, the contracting officer shall designate a compensation threshold appropriate for the particular situation. The contract shall specifically provide that contracting officer approval is required for compensating an individual contractor employee above the threshold if a total of 50 percent or more of such compensation is reimbursed under DOE cost-type contracts. For purposes of designating the threshold, total compensation includes only the employee's salary and cash bonus or incentive compensation.

(7)(i) Reimbursable costs for compensation for personal services are to be set forth in a personnel appendix which is a part of the contract. This personnel appendix shall be negotiated using the principles and policies of 48 CFR 31.205-6, Compensation, as supplemented by this section, 970.3102-05-6, and other pertinent parts of the DEAR. Costs that are unallowable under other contract terms shall not be allowable as compensation for personnel services.

(ii) The personnel appendix sets forth in detail personnel costs and related expenses allowable under the contract and documents personnel policies, practices and plans which have been found acceptable by the contracting officer. The contractor will advise DOE of any proposed changes in any matters covered by these policies, practices or plans which relate to personnel costs. The personnel appendix may be modified from time to time in writing by mutual agreement of the contractor and DOE without execution of an amendment to the contract. Such modifications shall be evidenced by execution of written numbered approval letters from the contracting officer or his representative. Types of personnel costs and related expenses addressed in the personnel appendix, or amendments thereto, are as follows: Salaries and wages; bonuses and incentive compensation; overtime, shift differential, holiday, and other premium pay for time worked; welfare benefits and retirement programs; paid time off, and salaries and wages to employees in their capacity as union stewards and committeemen for time spent in handling grievances, or serving on

labor management (contractor) committees provided, however, that the contracting officer's approval is required in each instance of total compensation to an individual employee above an annual rate as specified in the personnel appendix.

(p)(1) Notwithstanding the costs cited in this subsection, incurred for compensation of a senior executive in excess of the benchmark compensation amount determined applicable for the contractor fiscal year by the Administrator, Office of Federal Procurement Policy, are unallowable. Allowable costs of executive compensation shall be determined pursuant to Federal Acquisition Regulation 31.205-6(p).

970.3102-05-18 Independent research and development and bid and proposal costs. (DOE coverage-paragraphs (c)).

(c) Independent Research and Development and Bid and Proposal costs are unallowable. However, contracting officer approved Laboratory Directed Research and Development costs and those costs incurred in support of the Department's various reimbursable programs are allowable.

970.3102-05-19 Insurance and indemnification.

The supplemental material on the costs of insurance and indemnification is found in 48 CFR 970.5228-1, Insurance-Litigation and Claims.

970.3102-05-22 Lobbying and political activity costs. (DOE coverage-paragraph(b)).

(b) Costs of the following activities are excepted from 48 CFR 31.205-22, Lobbying and political activity costs, coverage, provided that the resultant costs are reasonable and otherwise fall into the following exceptions:

(1) Providing Members of Congress, their staff members or staff of cognizant legislative committees, in response to a request (written or oral, prior or contemporaneous) from Members of Congress, their staff members or staff of cognizant legislative committees, or as otherwise directed by the Contracting Officer, information or expert advice of a factual, technical, or scientific nature, with respect to topics directly related to the performance of

the contract or proposed legislation. In providing this information or expert advice, the contractor shall indicate to the recipient that it is not presenting the views of DOE. Reasonable costs for transportation, lodging or meals incurred by contractor employees for the purpose of providing such information or expert advice shall also be reimbursable, provided the request for such information or expert advice is a prior written request signed by a Member of Congress.

(2) Providing State legislatures or subdivisions thereof, their staff members, or staff of cognizant legislative committees, in response to a prior written request from a State legislator, or as otherwise directed by the Contracting Officer, information or expert advice of a factual, technical, or scientific nature, with respect to topics directly related to the performance of the contract or proposed legislation. In providing this information or expert advice, the contractor shall indicate to the recipient that it is not presenting the views of DOE. Reasonable costs for transportation, lodging, or meals incurred by contractor employees shall be reimbursable.

970.3102-05-28 Other business expenses. (DOE coverage-paragraph (i)).

(i) Reasonable costs associated with the establishment and maintenance of financial institution accounts in connection with the work hereunder are allowable, including, but not limited to, service charges, the cost of disbursing cash, necessary guards, cashiers, and paymasters. If payments to employees are made by check, facilities and arrangements for cashing checks may be provided without expense to the employees, subject to the approval of the contracting officer.

970.3102-05-30 Patent costs and technology transfer costs.

(a) For management and operating contracts that do not include the clause at 970.5227-3, Technology Transfer Mission, the cost principle at 48 CFR 31.205-30 applies.

(b) For management and operating contracts that do include the clause at 970.5227-3, Technology Transfer Mis-

sion, the following patent and technology transfer costs are allowable:

(1) Costs of preparing invention disclosures, reports, and other patent related documents required by the contract;

(2) Costs of searching the art relating to invention disclosures;

(3) Costs incurred in connection with the filing and prosecution of patent applications for subject inventions, except where those costs are incurred as part of a privately funded technology transfer program recognized under the contract; and

(4) Other costs incurred in accordance with the patent rights clause and the Technology Transfer Mission clause included in the contract.

970.3102-05-33 Professional and consultant service costs. (Department coverage-paragraph (g)).

(g) Section 931.205-33 is applicable to management and operating contracts under this part.

[66 FR 4627, Jan. 18, 2001]

970.3102-05-46 Travel costs.

(a) Costs for transportation, lodging, meals, and incidental expenses.

(1) Costs incurred by contractor personnel on official company business are allowable, subject to the limitations contained in this subsection. Costs for transportation may be based on mileage rates, actual costs incurred, or on a combination thereof, provided the method used results in a reasonable charge. Costs for lodging, meals, and incidental expenses may be based on per diem, actual expenses, or a combination thereof, provided the method used results in a reasonable charge.

(2) Except as provided in paragraph (a)(3) of this subsection, costs incurred for lodging, meals, and incidental expenses (as defined in the regulations cited in paragraphs (a)(2)(i) through (iii) of this subsection) shall be considered to be reasonable and allowable only to the extent that they do not exceed on a daily basis the maximum per diem rates in effect at the time of travel as set forth in the—

(i) Federal Travel Regulation, prescribed by the General Services Administration (41 CFR chapters 300 through 304), for travel in the conterminous 48

United States, available on a subscription basis from the Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402, Stock No. 922-002-00000-2;

(ii) Joint Travel Regulations, DoD Civilian Personnel, Appendix A, prescribed by the Department of Defense, for travel in Alaska, Hawaii, The Commonwealth of Puerto Rico, and territories and possessions of the United States, available on a subscription basis from the Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402, Stock No. 908-010-00000-1; or

(iii) Standardized Regulations (Government Civilians, Foreign Areas), section 925, "Maximum Travel Per Diem Allowances for Foreign Areas," prescribed by the Department of State, for travel in areas not covered in paragraphs (a)(2)(i) and (ii) of this subsection, available on a subscription basis from the Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402, Stock No. 744-008-00000-0.

(3) In special or unusual situations, actual costs in excess of the maximum per diem rates are allowable provided that such amounts do not exceed the higher amounts authorized for Federal civilian employees as permitted in the regulations referenced in paragraphs (a)(2)(i), (ii), or (iii) of this subsection. For such higher amounts to be allowable, all of the following conditions must be met:

(i) One of the conditions warranting approval of the actual expense method, as set forth in the regulations referred to in paragraphs (a)(2)(i), (ii), or (iii) of this subsection, must exist.

(ii) A written justification for use of the higher amounts must be approved by an officer of the contractor's organization or designee to ensure that the authority is properly administered and controlled to prevent abuse.

(iii) If it becomes necessary to exercise the authority to use the higher actual expense method repetitively or on a continuing basis in a particular area, the contractor must obtain advance approval from the contracting officer.

(iv) Documentation to support actual costs incurred shall be in accordance with the contractor's established prac-

tices, subject to paragraph (a)(7) of this subsection, and provided that a receipt is required for each expenditure of \$75.00 or more. The approved justification required by paragraph (a)(3)(ii) and, if applicable, paragraph (a)(3)(iii) of this subsection must be retained.

(4) Paragraphs (a)(2) and (a)(3) of this subsection do not incorporate the regulations cited in paragraphs (a)(2)(i), (ii), and (iii) of this subsection in their entirety. Only the maximum per diem rates, the definitions of lodging, meals, and incidental expenses, and the regulatory coverage dealing with special or unusual situations are incorporated in this subsection.

(5) An advance agreement (see 48 CFR 31.109 and 48 CFR 970.3101-9) with respect to compliance with paragraphs (a)(2) and (a)(3) of this subsection may be useful and desirable.

(6)(i) The maximum per diem rates referenced in paragraph (a)(2) of this subsection generally would not constitute a reasonable daily charge—

(A) When no lodging costs are incurred; and/or

(B) On partial travel days (*e.g.*, day of departure and return).

(ii) Appropriate downward adjustments from the maximum per diem rates would normally be required under these circumstances. While these adjustments need not be calculated in accordance with the Federal Travel Regulation or Joint Travel Regulations, they must result in a reasonable charge.

(7) Costs shall be allowable only if the following information is documented:

(i) Date and place (city, town, or other similar designation) of the expenses;

(ii) Purpose of the trip; and

(iii) Name of person on trip and that person's title or relationship to the contractor.

(b) Travel costs incurred in the normal course of overall administration of the business are allowable and shall be treated as indirect costs.

(c) Travel costs directly attributable to specific contract performance are allowable and may be charged to the contract under 48 CFR 31.202.

(d) Airfare costs in excess of the lowest customary standard, coach, or

equivalent airfare offered during normal business hours are unallowable except when such accommodations require circuitous routing, require travel during unreasonable hours, excessively prolong travel, result in increased cost that would offset transportation savings, are not reasonably adequate for the physical or medical needs of the traveler, or are not reasonably available to meet mission requirements. However, in order for airfare costs in excess of the standard airfare to be allowable, the applicable condition(s) must be documented and justified.

(e)(1) "Cost of travel by contractor-owned, -leased, or -chartered aircraft," as used in this paragraph, includes the cost of lease, charter, operation (including personnel), maintenance, depreciation, insurance, and other related costs.

(2) The costs of travel by contractor-owned, -leased, or -chartered aircraft are limited to the standard airfare described in paragraph (d) of this subsection for the flight destination unless travel by such aircraft is specifically required by contract specification, term, or condition, or a higher amount is approved by the contracting officer. A higher amount may be agreed to when one or more of the circumstances for justifying higher than standard airfare listed in paragraph (d) of this subsection are applicable, or when an advance agreement under paragraph (e)(3) of this subsection has been executed. In all cases, travel by contractor-owned, -leased, or -chartered aircraft must be fully documented and justified. For each contractor-owned, -leased, or -chartered aircraft used for any business purpose which is charged or allocated, directly or indirectly, to a Government contract, the contractor must maintain and make available manifest/logs for all flights on such company aircraft. As a minimum, the manifest/log shall indicate—

- (i) Date, time, and points of departure;
- (ii) Destination, date, and time of arrival;
- (iii) Name of each passenger and relationship to the contractor;
- (iv) Authorization for trip; and
- (v) Purpose of trip.

(3) Where an advance agreement is proposed (see 31.109), consideration may be given to the following:

(i) Whether scheduled commercial airlines or other suitable, less costly, travel facilities are available at reasonable times, with reasonable frequency, and serve the required destinations conveniently;

(ii) Whether increased flexibility in scheduling results in time savings and more effective use of personnel that would outweigh additional travel costs.

(f) Costs of contractor-owned or -leased automobiles, as used in this paragraph, include the costs of lease, operation (including personnel), maintenance, depreciation, insurance, etc. These costs are allowable, if reasonable, to the extent that the automobiles are used for company business. That portion of the cost of company-furnished automobiles that relates to personal use by employees (including transportation to and from work) is compensation for personal services and is unallowable as stated in 48 CFR 31.205-6(m)(2).

970.3102-05-47 Costs related to legal and other proceedings. (DOE coverage-paragraph (h)).

(h) Costs Associated with Whistleblower Actions.

Section 931.205-47(h) of this chapter is applicable to management and operating contracts under this part and must be included in the contract's cost reimbursement subcontracts.

970.3102-05-70 Preexisting conditions.

Clause 48 CFR 970.5231-4, Preexisting conditions, provides guidance on situations where this category of costs may be allowable.

(1) Provide that DOE shall retain title to the unexpended balance of funds in the special financial institution account including collections, if any, deposited by the contractor;

Contractors shall be required to promptly advise the DOE contracting officer of any advance notices of, or solicitations for, requirements which would logically involve DOE facilities or resources operated or managed by the contractor, which are received from another agency pursuant to 48 CFR 34.005. Management and operating contracts shall provide that the contractor shall not respond or otherwise propose to participate in response to the requirements of such solicitations unless the contractor has obtained the prior written approval of the DOE manager of the field activity having cognizance over the contract. Such approval shall not be given except in compliance with applicable DOE directives, and with the concurrence of the cognizant Senior Program Official.

(b) The contract statement of work shall define the purpose and mission of the FFRDC.

(c) Other elements of the sponsoring agreement which shall be incorporated into the contract include:

(1) The appropriate termination clause of the contract (as prescribed in 48 CFR subpart 49.5).

(2) The plan for the identification, use, and disposition of retained earnings developed pursuant to 48 CFR 970.1504–1–3(c)(6), if applicable;

(4) Other terms and conditions considered necessary for the particular circumstances of the FFRDC (e.g., advance understandings on particular cost items).

970.3501–2 Using an FFRDC.

The contractor may only accept work from a nonsponsor (as defined in 48 CFR 35.017) in accordance with the requirements of DOE Order 481.1, Work for Others (Non-Department of Energy Funded Work).

970.3501–3 Reviewing FFRDC’s.

(a) All Department of Energy sponsored FFRDC’s are operated by management and operating contractors.

(b) Coincident with the review required by 48 CFR 17.605(b) and 48 CFR 970.1702–1(b) regarding the decision to extend or compete a management and operating contract, the contracting officer shall, in accordance with internal Departmental procedures:

(1) Conduct the review required by 48 CFR 35.017–4 concerning the use and need for the FFRDC; and

Subpart 970.41—Acquisition of Utility Services

970.4102 Acquiring utility services.

970.4102-1 Policy.

(a) Utility services defined at 48 CFR 41.101 for the furnishing of electricity, gas (natural or manufactured), steam, water, and/or sewerage to facilities owned or leased by DOE shall be acquired directly by DOE and not by a contractor using a subcontractor arrangement, except as provided in paragraph (b) of this subsection.

(b) Where it is determined to be in the best interest of the Government, a DOE contracting activity may authorize a management and operating contractor for a facility to acquire such utility service for the facility, after requesting and receiving concurrence to make such an authorization from the Director, Public Utilities Branch, Headquarters. Any request for such concurrence should be included in the Utility Service Requirements and Options Studies required by DOE directives in subseries 4540 (Public Services). Alternatively, it may be made in a separate document submitted to the Director of that office early in the acquisition cycle. Any request shall set forth why it is in the best interest of the DOE to acquire utility service(s) by subcontract, *i.e.*, what the benefits are, such as economic advantage.

(c) The requirements of 48 CFR part 41, this section, and DOE directives in subseries 4540 shall be applied to a subcontract level acquisition for furnishing utility services to a facility owned or leased by DOE.

Subpart 970.42—Contract Administration

970.4207-03-02 Certificate of costs.

(a) The contracting officer shall require that management and operating contractors provide a submission, pursuant to 48 CFR 970.5232-2-(j), for settlement of costs incurred during the period stipulated on the submission and a certification that the costs included in the submission are allowable. The contracting officer shall assess a penalty pursuant to 48 CFR 970.5242-1 if unallowable costs are included in the

submission. Unallowable costs are either expressly unallowable or determined unallowable.

(1) An expressly unallowable cost is a particular item or type of cost which, under the express provisions of an applicable law, regulation, or this contract, is specifically named and stated to be unallowable.

(2) A cost determined unallowable is one which, for that contractor,

(i) Was subject to a contracting officer's final decision and not appealed;

(ii) The Department's Board of Contract Appeals or a court has previously ruled as unallowable; or

(iii) was mutually agreed to be unallowable.

(b) If, during the review of the submission, the contracting officer determines that the submission contains an expressly unallowable cost or a cost determined to be unallowable prior to the submission, the contracting officer shall assess a penalty.

(c) If the contracting officer determines that a cost submitted by the contractor in its submission for settlement is:

(1) Expressly unallowable, then the contracting officer shall assess a penalty in an amount equal to the disallowed cost allocated to the contract plus interest on the paid portion of the disallowed cost. Interest shall be computed from the date of overpayment to the date of repayment using the interest rate specified by the Secretary of the Treasury pursuant to Public Law 92-41 (85 Stat. 97).

(2) Determined unallowable, then the contracting officer shall assess a penalty in an amount equal to two times the amount of the disallowed cost allocated to the contract.

(d) The contracting officer may waive the penalty provisions when:

(1) The contractor withdraws the submission before the formal initiation of an audit of the submission and submits a revised submission;

(2) The amount of the unallowable costs allocated to covered contracts is \$10,000 or less; or

(3) The contractor demonstrates to the contracting officer's satisfaction that:

(i) It has established appropriate policies, personnel training, and an internal control and review system that provides assurances that unallowable costs subject to penalties are precluded from the contractor's submission for settlement of costs; and

(ii) The unallowable costs subject to the penalty were inadvertently incorporated into the submission.

(e) The Head of the Contracting Activity may waive the certification when—

(1) It determines that it would be in the best interest of the United States to waive such certification; and

(2) It states in writing the reasons for that determination and makes such determination available to the public.

970.4207-03-70 Contract clause.

The contracting officer shall insert the clause at 48 CFR 970.5242-1, Penalties for unallowable costs, in all management and operating solicitations and contracts.

970.4207-05-01 Contracting officer de-termination procedure. (DOE coverage-paragraph (b))

(b)(4) A contracting officer shall not resolve any questioned costs until the contracting officer has obtained:

(i) Adequate documentation with respect to such costs; and

(ii) The opinion of the Department of Energy's auditor on the allowability of such costs.

(5) The contracting officer shall ensure that the documentation supporting the final settlement addresses the amount of the questioned costs and the subsequent disposition of such questioned costs.

(6) The contracting officer shall ensure, to the maximum extent practicable, that the Department of Energy's auditor is afforded an opportunity to attend any negotiation or meeting with the contractor regarding a determination of allowability.

Subpart 970.43—Contract Modifications

970.4302 Changes.

970.4302-1 Contract clause.

The contracting officer shall insert the clause at 48 CFR 970.5243-1, Changes, in all management and operating contracts.

Subpart 970.44—Management and Operating Contractor Purchasing

970.4400 Scope.

This subpart prescribes policies and procedures concerning the purchasing systems and activities of management and operating contractors.

970.4401 Responsibilities.

970.4401-1 General.

(a) In the Department of Energy, overall responsibility for the oversight of the performance of management and operating contractors, including their purchasing activities, rests with the cognizant DOE contracting activity and, in particular, the Head of the Contracting Activity (HCA). Contracting officers are responsible for the management and operating contractors' conformance with this subpart and the applicable terms and conditions of their contracts, and for determining whether those purchasing activities provide timely and effective support to DOE programs.

(b) In carrying out their overall responsibilities, HCAs shall:

(1) Require management and operating contractors to maintain written descriptions of their individual purchasing systems and methods and further require that, upon award or extension of the contract, the entire written description be submitted to the contracting officer for review and acceptance;

(2) Require that any changes to the management and operating contractor's written description having any substantive impact upon the contractor's purchasing system and methods be submitted to the contracting officer for review and acceptance prior to issuance;

(3) Ensure the review of individual purchasing actions of certain types, or above stated dollar levels, by the contracting officer pursuant to 48 CFR subpart 44.2 or as set forth in the contractor's approved system and methods; and

(4) Ensure that periodic appraisals of the contractor's management of all facets of the purchasing function, including compliance with the contractor's approved system and methods, are performed by the contracting officer. Such appraisals shall be performed through either of the following methodologies:

(i) Contractor Purchasing System Reviews, conducted in accordance with 48 CFR subpart 44.3; or

(ii) When approved by the contracting officer, contractor participation in the conduct of the Balanced Scorecard performance measurement and performance management system.

(c) In performing the reviews required by paragraphs (b)(1) and (2), and the appraisals required by paragraph (b)(4) of this subsection, HCAs shall assure that contracting officers determine that the contractors' written systems and methods are consistent with this subpart and the applicable terms and conditions of their contracts.

970.4401-2 Review and approval.

(a) The Heads of the Contracting Activities shall establish thresholds, by subcontract type and dollar level, for the review and approval of proposed subcontracting actions by each management and operating contractor under their cognizance. Such thresholds may not exceed the authority delegated to the Head of the Contracting Activity by the Senior Procurement Executive. In establishing these thresholds, the Heads of the Contracting Activities should consider such factors as the following:

(1) The nature of work to be performed under the management and operating contract;

(2) The size, experience, ability, reliability, and organization of the management and operating contractor's purchasing function;

(3) The internal controls, procedures, and organizational stature of the man-

agement and operating contractor's purchasing function; and

(4) Policies with respect to such reviews and approvals established by the Senior Procurement Executive.

(b) Prior approval shall be required for the subcontracting of any work a contractor is obligated to perform under a contract entered into under section 41, entitled Production of Special Nuclear Material, of the Atomic Energy Act of 1954, as amended.

(c) The Heads of the Contracting Activities shall take such action as may be required to insure compliance with the procedure for purchasing from contractor-affiliated sources or the purchase of specific items, or classes of items, which by the terms of the contract may require DOE approval.

(d) The Heads of the Contracting Activities may raise or lower the review and approval thresholds established pursuant to paragraph (a) of this subsection at any time. Such action may be considered upon the periodic review of the contractor's purchasing system, but in any case those adjusted thresholds may not exceed the approval authority delegated to the Head of the Contracting Activity by the Senior Procurement Executive.

(e) DOE approvals of specific proposed purchases pursuant to this subpart shall communicate that such approval does not relieve the management and operating contractor of any obligation under its prime contract with DOE; is given without prejudice to any rights or claims of the Government thereunder; creates no obligation on the part of the Government to the subcontractor, and is not a pre-determination of the allowability of costs to be incurred under the subcontract.

(f) Contracting officers shall assure that management and operating contractors establish and maintain subcontract files which contain those documents essential to present an accurate and adequate record of all purchasing transactions.

(g) Contracting officers shall assure that management and operating contractors document purchases in writing, setting forth the information and data used in determining that the purchases are in the best interest of the

Government. The scope and detail of this documentation shall be consistent with the nature, dollar value, and complexity of the purchase.

(h) The Heads of the Contracting Activities shall assure that the contracting activity establishes and maintains files of the documents associated with the review and approval of subcontract actions subject to DOE review and approval. Those files shall include, among other necessary documentation, an appraisal of the proposed action by the contracting activity and a copy of the approving or disapproving document forwarded to the management and operating contractor, including a listing of any deficiencies, a listing of any required corrective actions, any suggestions, or other relevant comments.

970.4401-3 Advance notification.

(a) Contracting officers shall assure that the written description of the management and operating contractor's purchasing system and methods provides for advance notice to the DOE contracting officer of the proposed award of the following specified types of subcontracts, except as stated in paragraph (b) of this subsection:

(1) Pursuant to section 304(b) of the Federal Property and Administrative Service Act of 1949, as amended (41 U.S.C. 254(b)):

(i) Cost reimbursement-type subcontracts of any award value; and

(ii) Fixed price-type subcontracts which exceed the simplified acquisition threshold, or 5 percent of the total estimated cost of the prime contract.

(2) Purchases from contractor-affiliated sources over a value established by the HCA.

(b) Pursuant to section 602(d)13 of the Act (40 U.S.C. 474(13)) referred to in paragraph (a) of this section, the advance notification requirement for the types of purchases listed in paragraphs (a) (1) and (2) of this subsection shall not apply to subcontracts relating to functions derived from the Atomic Energy Commission.

(c) The advance notice shall contain, at a minimum, a description of work, estimated cost, type of contract or reimbursement provisions, and extent of competition, or justification for a non-

competitive purchase procurement. The contracting officer may at any time request additional information that must be furnished promptly and prior to award of the subcontract.

970.4402 Contractor purchasing system.

970.4402-1 Policy.

(a) DOE contracts for the management and operation of its facilities, the design and production of nuclear weapons, energy research and development, and the performance of other services. These management and operating (M&O) contractors have been selected for their technical and managerial expertise and are expected to bring to bear these technical and managerial skills to accomplish the significant Federal mission(s) described in their contracts with, and work plans approved by, DOE.

(b) Purchasing done by management and operating contractors is one area in which the particular skills of the contractors will be brought to bear in order to more readily accomplish the contractors' assigned missions. The contracting procedures of the contractor's organization, therefore, form the basis for the development of a purchasing system and methods that will comply with its contract with DOE and this subpart.

970.4402-2 General requirements.

The following shall apply to the purchasing systems of management and operating contractors:

(a) The objective of a management and operating contractor's purchasing system is to deliver to its customers on a timely basis those best value products and services necessary to accomplish the purposes of the Government's contract. To achieve this objective, contractors are expected to use their experience, expertise and initiative consistent with this subpart.

(b) The purchasing systems and methods used by management and operating contractors shall be well-defined, consistently applied, and shall follow purchasing practices appropriate for the requirement and dollar value of the purchase. It is anticipated

that purchasing practices and procedures will vary among contractors and according to the type and kinds of purchases to be made.

(c) Contractor purchases are not Federal procurements, and are not directly subject to the Federal Acquisition Regulations in 48 CFR. Nonetheless, certain Federal laws, Executive Orders, and regulations may affect contractor purchasing, as required by statute, regulation, or contract terms and conditions.

(d) Contractor purchasing systems shall identify and apply the best in commercial purchasing practices and procedures (although nothing precludes the adoption of Federal procurement practices and procedures) to achieve system objectives. Where specific requirements do not otherwise apply, the contractor purchasing system shall provide for appropriate measures to ensure the:

(1) Acquisition of quality products and services at fair and reasonable prices;

(2) Use of capable and reliable subcontractors who either:

(i) Have track records of successful past performance, or

(ii) Can demonstrate a current superior ability to perform;

(3) Minimization of acquisition lead-time and administrative costs of purchasing;

(4) Use of effective competitive techniques;

(5) Reduction of performance risks associated with subcontractors, and facilitation of quality relationships which can include techniques such as partnering agreements, ombudsmen, and alternative disputes procedures;

(6) Use of self-assessment and benchmarking techniques to support continuous improvement in purchasing;

(7) Maintenance of the highest professional and ethical standards;

(8) Maintenance of file documentation appropriate to the value of the purchase and which is adequate to establish the propriety of the transaction and the price paid; and

(9) Maximization of opportunities for small business, HUBZone small business, small disadvantaged business, and

woman-owned small business concerns to participate in contract performance.

970.4402-3 Purchasing from contractor-affiliated sources.

(a) A management and operating contractor may purchase from sources affiliated with the contractor (any division, subsidiary, or affiliate of the contractor or its parent company) in the same manner as from other sources, provided:

(1) The management and operating contractor's purchasing function is independent of the proposed contractor-affiliated source;

(2) The same terms and conditions would apply if the purchase were from a third party;

(3) Award is made in accordance with policies and procedures designed to permit effective competition which have been approved by the contracting officer. (This requirement for competition shall not preclude acquisition of technical services from contractor-affiliated entities where those entities have a special expertise, and the basis therefor is documented.); and

(4) The award is legally enforceable where the entities are separately incorporated.

(b) Subcontracts for performance of contract work itself (as distinguished from the purchase of supplies and services needed in connection with the performance of work) require DOE authorization and may involve an adjustment of the contractor's fee, if any. If the management and operating contractor seeks authorization to have some part of the contract work performed by a contractor-affiliated source, and that contractor's performance of that work was a factor in the negotiated fee, DOE approval would normally require:

(1) That the contractor-affiliated source perform such work without fee or profit, or

(2) An equitable downward adjustment to the management and operating contractor's fee, if any.

(c) Determination on cost of money allowance as prescribed at 48 CFR 31.205-10 shall be treated as follows:

(1) When a purchase from a contractor-affiliated source results from competition and is in accord with provisions and conditions of paragraphs

(a)(1) through (a)(4) of this subsection, the contractor-affiliated source may include cost of money as an allowable element of the costs of its goods or services supplied to the contractor; provided:

(i) The purchase is based on cost as set forth in 48 CFR 970.3102-3-21 and

(ii) The cost of money amount is computed in accordance with 48 CFR 31.205-10 and related procedures (see 48 CFR 970.30).

(2) When a purchase from a contractor-affiliated source is made non-competitively, cost of money shall not be considered an allowable element of the cost of the contractor-affiliated source purchase.

970.4402-4 Nuclear material transfers.

(a) Management and operating contractors, in preparing subcontracts or other agreements in which monetary payments or credits depend on the quantity and quality of nuclear material, shall be required to assure that each such subcontract or agreement contains a:

(1) Description of the material to be transferred;

(2) Provision specifying the method by which the quantities are to be measured and reported;

(3) Provision specifying the procedures to be used in resolving any differences arising as a result of such measurements;

(4) Provision for the use of an independent third party as an umpire to settle unresolved differences in the analytical samples; and

(5) Provision specifying in detail which party shall bear the costs of resolving a difference and what constitutes such costs.

(b) The provisions providing for resolution of measurement differences must be such that resolution is always accomplished, while at the same time minimizing any advantage one party may have over the other.

970.4403 Contract clause.

The contracting officer shall insert the clause at 970.5244-1, Contractor Purchasing System, in all management and operating contracts.

Subpart 970.45—Government Property

970.4501 General.

970.4501-1 Contract clause.

(a) The contracting officer shall insert the clause at 970.5245-1, Property, in management and operating contracts. Paragraph (f)(1)(i)(c) of the clause applies to a non-profit contractor only to the extent specifically provided in the individual contract. Specific managerial personnel may be listed in paragraph (j), provided their listing is consistent with the clause and the DEAR.

(b) The contracting officer shall insert the basic clause with its Alternate I in contracts with nonprofit contractors.

Subpart 970.49—Termination of Contracts

970.4905 Contract termination clause.

970.4905-1 Termination for convenience of the government and default.

(a) The contracting officer shall include the clause at 48 CFR 52.249-6, Termination (Cost Reimbursement), as modified pursuant to paragraph (b) of this subsection, in all cost-reimbursement management and operating contracts, regardless of whether the contract is for production, or research and development with an educational or nonprofit institution.

(b) The contracting officer shall modify paragraph (i) of the clause to insert "as supplemented in subpart 970.31 of the Department of Energy Acquisition Regulation," after the phrase, "part 31 of the Federal Acquisition Regulation."

Subpart 970.50—Extraordinary Contractual Actions

970.5004 Residual powers.

970.5004-1 Contract clause.

When use of the clause at 48 CFR 52.250-1, Indemnification Under Public Law 85-804, is appropriate, the contracting officer may substitute the words "Obligation of funds" for the

Department of Energy

970.5203-1

words “Limitation of Cost or Limitation of Funds.”

970.5070 Indemnification.

970.5070-1 Scope and applicability.

(a) Section 170d. of the Atomic Energy Act of 1954, as amended, requires DOE to enter into agreements of indemnity with contractors whose work involves the risk of public liability for the occurrence of a nuclear incident or precautionary evacuation.

(b) Details of such indemnification are discussed at 48 CFR 950.70.

970.5070-2 General.

DOE contractors with whom statutory nuclear hazards indemnity agreements under the authority of section 170d. of the Atomic Energy Act of 1954, as amended, are executed will not normally be required or permitted to furnish financial protection by purchase of insurance to cover public liability for nuclear incidents. However, if authorized by the DOE Headquarters office having responsibility for contractor casualty insurance programs, DOE contractors may be

(a) Permitted to furnish financial protection to themselves, or

(b) Permitted to continue to carry such insurance at cost to the Government if they currently maintain insurance for such liability.

970.5070-3 Contract clauses.

(a) The clause at 48 CFR 952.250-70, Nuclear Hazards Indemnity Agreement, shall be included in all management and operating contracts involving the risk of public liability for the occurrence of a nuclear incident or precautionary evacuation arising out of or in connection with the contract work, including such events caused by a product delivered to a DOE-owned, facility for use by DOE or its contractors. The clause at 48 CFR 952.250-70 also shall be included in any management and operating contract for the design of a DOE facility, the construction or operation of which may involve the risk of public liability for a nuclear incident or a precautionary evacuation.

(b) The clause at 48 CFR 952.250-70 shall not be included in contracts in which the contractor is subject to Nu-

clear Regulatory Commission (NRC) financial protection requirements under section 170b. of the Act or NRC agreements of indemnification under section 170 c. or k. of the Act for activities to be performed under the contract.

Subpart 970.52—Solicitation Provisions and Contract Clauses for Management and Operating Contracts

970.5200 Scope of subpart.

This subpart prescribes some of the solicitation provisions and contract clauses for use in management and operating contracts. The provisions and clauses contained in this subpart supplement the provisions and clauses prescribed in the FAR and in other parts of the DEAR (48 CFR 901 through 48 CFR 952), and, pursuant to the individual provision or clause prescription, are to be used in addition to or in place of such clauses. Management and operating contracts are hybrid contracts, in some cases including aspects of several FAR contract types, for example, supplies and construction. For some FAR solicitation provisions and contract clauses, this subpart prescribes their use despite the hybrid nature of the work required. To assist Departmental contracting personnel in determining the applicability of FAR and DEAR clauses to management and operating contracts, additional guidance is published and made available by the Office of Procurement and Assistance Policy, within the Headquarters procurement organization.

970.5201 Text of provisions and clauses.

970.5203-1 Management controls.

As prescribed in 48 CFR 970.0370-2(a) and 48 CFR 970.3270(a)(4), insert the following clause:

MANAGEMENT CONTROLS (DEC 2000)

(a)(1) The contractor shall be responsible for maintaining, as an integral part of its organization, effective systems of management controls for both administrative and programmatic functions. Management controls comprise the plan of organization, methods, and procedures adopted by management to reasonably ensure that: the mission and functions assigned to the contractor are

properly executed; efficient and effective operations are promoted; resources are safeguarded against waste, loss, mismanagement, unauthorized use, or misappropriation; all encumbrances and costs that are incurred under the contract and fees that are earned are in compliance with applicable clauses and other current terms, conditions, and intended purposes; all collections accruing to the contractor in connection with the work under this contract, expenditures, and all other transactions and assets are properly recorded, managed, and reported; and financial, statistical, and other reports necessary to maintain accountability and managerial control are accurate, reliable, and timely.

(2) The systems of controls employed by the contractor shall be documented and satisfactory to DOE.

(3) Such systems shall be an integral part of the contractor's management functions, including defining specific roles and responsibilities for each level of management, and holding employees accountable for the adequacy of the management systems and controls in their areas of assigned responsibility.

(4) The contractor shall, as part of the internal audit program required elsewhere in this contract, periodically review the management systems and controls employed in programs and administrative areas to ensure that they are adequate to provide reasonable assurance that the objectives of the systems are being accomplished and that these systems and controls are working effectively.

(b) The contractor shall be responsible for maintaining, as a part of its operational responsibilities, a baseline quality assurance program that implements documented performance, quality standards, and control and assessment techniques.

(End of clause)

970.5203-2 Performance improvement and collaboration.

As prescribed in 48 CFR 970.0370-2(b), insert the following clause:

PERFORMANCE IMPROVEMENT AND
COLLABORATION (DEC 2000)

(a) The contractor agrees that it shall affirmatively identify, evaluate, and institute practices, where appropriate, that will improve performance in the areas of environmental and health, safety, scientific and technical, security, business and administrative, and any other areas of performance in the management and operation of the contract. This may entail the alteration of existing practices or the institution of new procedures to more effectively or efficiently perform any aspect of contract performance or reduce overall cost of operation under the

contract. Such improvements may result from changes in organization, simplification of systems while retaining necessary controls, or any other approaches consistent with the statement of work and performance measures of this contract.

(b) The contractor agrees to work collaboratively with the Department, all other management and operating, DOE major facilities management contractors and affiliated contractors which manage or operate DOE sites or facilities for the following purposes: (i) to exchange information generally, (ii) to evaluate concepts that may be of benefit in resolving common issues, in confronting common problems, or in reducing costs of operations, and (iii) to otherwise identify and implement DOE-complex-wide management improvements discussed in paragraph (a). In doing so, it shall also affirmatively provide information relating to its management improvements to such contractors, including lessons learned, subject to security considerations and the protection of data proprietary to third parties.

(c) The contractor may consult with the contracting officer in those instances in which improvements being considered pursuant to paragraph (a) involve the cooperation of the DOE. The contractor may request the assistance of the contracting officer in the communication of the success of improvements to other management and operating contractors in accordance with paragraph (b) of this clause.

(d) The contractor shall notify the contracting officer and seek approval where necessary to fulfill its obligations under the contract. Compliance with this clause in no way alters the obligations of the Contractor under any other provision of this contract.

(End of clause)

970.5203-3 Contractor's organization.

As prescribed in 48 CFR 970.0371-9, insert the following clause:

CONTRACTOR'S ORGANIZATION (DEC 2000)

(a) Organization chart. As promptly as possible after the execution of this contract, the contractor shall furnish to the contracting officer a chart showing the names, duties, and organization of key personnel (see 48 CFR 952.215-70) to be employed in connection with the work, and shall furnish supplemental information to reflect any changes as they occur.

(b) Supervisory representative of contractor. Unless otherwise directed by the contracting officer, a competent full-time resident supervisory representative of the contractor satisfactory to the contracting officer shall be in charge of the work at the site, and any work off-site, at all times.

Department of Energy

(c) Control of employees. The contractor shall be responsible for maintaining satisfactory standards of employee competency, conduct, and integrity and shall be responsible for taking such disciplinary action with respect to its employees as may be necessary. In the event the contractor fails to remove any employee from the contract work whom DOE deems incompetent, careless, or insubordinate, or whose continued employment on the work is deemed by DOE to be inimical to the Department's mission, the contracting officer may require, with the approval of the Secretary of Energy, the contractor to remove the employee from work under the contract. This includes the right to direct the contractor to remove its most senior key person from work under the contract for serious contract performance deficiencies.

(d) Standards and procedures. The contractor shall establish such standards and procedures as are necessary to implement the requirements set forth in 48 CFR 970.0371. Such standards and procedures shall be subject to the approval of the contracting officer.

(End of clause)

970.5204-1 Counterintelligence.

(a) As prescribed in 48 CFR 970.0404-4(a), insert the following clause in contracts containing the clauses at 48 CFR 952.204-2, Security, and 48 CFR 952.204-70, Classification/Declassification:

COUNTERINTELLIGENCE (DEC 2000)

(a) The contractor shall take all reasonable precautions in the work under this contract to protect DOE programs, facilities, technology, personnel, unclassified sensitive information and classified matter from foreign intelligence threats and activities conducted for governmental or industrial purposes, in accordance with DOE Order 5670.3, Counterintelligence Program; Executive Order 12333, U.S. Intelligence Activities; and other pertinent national and Departmental Counterintelligence requirements.

(b) The contractor shall appoint a qualified employee(s) to function as the Contractor Counterintelligence Officer. The Contractor Counterintelligence Officer will be responsible for conducting defensive Counterintelligence briefings and debriefings of employees traveling to foreign countries or interacting with foreign nationals; providing thoroughly documented written reports relative to targeting, suspicious activity and other matters of Counterintelligence interest; immediately reporting targeting, suspicious activity and other Counterintelligence concerns to the DOE Headquarters Counterintelligence Division; and providing assistance to other elements of the U.S. In-

970.5204-2

telligence Community as stated in the aforementioned Executive Order, the DOE Counterintelligence Order, and other pertinent national and Departmental Counterintelligence requirements.

(End of clause)

970.5204-2 Laws, regulations, and DOE directives.

As prescribed in 48 CFR 970.0470-2, insert the following clause:

LAWS, REGULATIONS, AND DOE DIRECTIVES (DEC 2000)

(a) In performing work under this contract, the contractor shall comply with the requirements of applicable Federal, State, and local laws and regulations (including DOE regulations), unless relief has been granted in writing by the appropriate regulatory agency. A List of Applicable Laws and regulations (List A) may be appended to this contract for information purposes. Omission of any applicable law or regulation from List A does not affect the obligation of the contractor to comply with such law or regulation pursuant to this paragraph.

(b) In performing work under this contract, the contractor shall comply with the requirements of those Department of Energy directives, or parts thereof, identified in the List of Applicable Directives (List B) appended to this contract. Except as otherwise provided for in paragraph (d) of this clause, the contracting officer may, from time to time and at any time, revise List B by unilateral modification to the contract to add, modify, or delete specific requirements. Prior to revising List B, the contracting officer shall notify the contractor in writing of the Department's intent to revise List B and provide the contractor with the opportunity to assess the effect of the contractor's compliance with the revised list on contract cost and funding, technical performance, and schedule; and identify any potential inconsistencies between the revised list and the other terms and conditions of the contract. Within 30 days after receipt of the contracting officer's notice, the contractor shall advise the contracting officer in writing of the potential impact of the contractor's compliance with the revised list. Based on the information provided by the contractor and any other information available, the contracting officer shall decide whether to revise List B and so advise the contractor not later than 30 days prior to the effective date of the revision of List B. The contractor and the contracting officer shall identify and, if appropriate, agree to any changes to other contract terms and conditions, including cost and schedule, associated with the revision of List B pursuant to the clause of this contract entitled, "Changes."

(c) Environmental, safety, and health (ES&H) requirements appropriate for work conducted under this contract may be determined by a DOE approved process to evaluate the work and the associated hazards and identify an appropriately tailored set of standards, practices, and controls, such as a tailoring process included in a DOE approved Safety Management System implemented under the clause entitled "Integration of Environment, Safety, and Health into Work Planning and Execution." When such a process is used, the set of tailored (ES&H) requirements, as approved by DOE pursuant to the process, shall be incorporated into List B as contract requirements with full force and effect. These requirements shall supersede, in whole or in part, the contractual environmental, safety, and health requirements previously made applicable to the contract by List B. If the tailored set of requirements identifies an alternative requirement varying from an ES&H requirement of an applicable law or regulation, the contractor shall request an exemption or other appropriate regulatory relief specified in the regulation.

(d) Except as otherwise directed by the contracting officer, the contractor shall procure all necessary permits or licenses required for the performance of work under this contract.

(e) Regardless of the performer of the work, the contractor is responsible for compliance with the requirements of this clause. The contractor is responsible for flowing down the requirements of this clause to sub-contracts at any tier to the extent necessary to ensure the contractor's compliance with the requirements.

(End of clause)

970.5204-3 Access to and ownership of records.

As prescribed in 48 CFR 970.0407-1-3, insert the following clause:

ACCESS TO AND OWNERSHIP OF RECORDS (DEC 2000)

(a) Government-owned records. Except as provided in paragraph (b) of this clause, all records acquired or generated by the contractor in its performance of this contract shall be the property of the Government and shall be delivered to the Government or otherwise disposed of by the contractor either as the contracting officer may from time to time direct during the progress of the work or, in any event, as the contracting officer shall direct upon completion or termination of the contract.

(b) Contractor-owned records. The following records are considered the property of the contractor and are not within the scope of paragraph (a) of this clause. [The contracting officer shall identify which of the

following categories of records will be included in the clause.]

(1) Employment-related records (such as workers' compensation files; employee relations records, records on salary and employee benefits; drug testing records, labor negotiation records; records on ethics, employee concerns, and other employee related investigations conducted under an expectation of confidentiality; employee assistance program records; and personnel and medical/health-related records and similar files), and non-employee patient medical/health related records, except for those records described by the contract as being maintained in Privacy Act systems of records.

(2) Confidential contractor financial information, and correspondence between the contractor and other segments of the contractor located away from the DOE facility (*i.e.*, the contractor's corporate headquarters);

(3) Records relating to any procurement action by the contractor, except for records that under 48 CFR 970.5232-3, Accounts, Records, and Inspection, are described as the property of the Government; and

(4) Legal records, including legal opinions, litigation files, and documents covered by the attorney-client and attorney work product privileges; and

(5) The following categories of records maintained pursuant to the technology transfer clause of this contract:

(i) Executed license agreements, including exhibits or appendices containing information on royalties, royalty rates, other financial information, or commercialization plans, and all related documents, notes and correspondence.

(ii) The contractor's protected Cooperative Research and Development Agreement (CRADA) information and appendices to a CRADA that contain licensing terms and conditions, or royalty or royalty rate information.

(iii) Patent, copyright, mask work, and trademark application files and related contractor invention disclosures, documents and correspondence, where the contractor has elected rights or has permission to assert rights and has not relinquished such rights or turned such rights over to the Government.

(c) *Contract completion or termination.* In the event of completion or termination of this contract, copies of any of the contractor-owned records identified in paragraph (b) of this clause, upon the request of the Government, shall be delivered to DOE or its designees, including successor contractors. Upon delivery, title to such records shall vest in DOE or its designees, and such records shall be protected in accordance with applicable federal laws (including the Privacy Act), as appropriate.

(d) *Inspection, copying, and audit of records.* All records acquired or generated by the contractor under this contract in the possession of the contractor, including those described at paragraph (b) of this clause, shall be subject to inspection, copying, and audit by the Government or its designees at all reasonable times, and the contractor shall afford the Government or its designees reasonable facilities for such inspection, copying, and audit; provided, however, that upon request by the contracting officer, the contractor shall deliver such records to a location specified by the contracting officer for inspection, copying, and audit. The Government or its designees shall use such records in accordance with applicable federal laws (including the Privacy Act), as appropriate.

(e) *Applicability.* Paragraphs (b), (c), and (d) of this clause apply to all records without regard to the date or origination of such records.

(f) *Records retention standards.* Special records retention standards, described at DOE Order 200.1, Information Management Program (version in effect on effective date of contract), are applicable for the classes of records described therein, whether or not the records are owned by the Government or the contractor. In addition, the contractor shall retain individual radiation exposure records generated in the performance of work under this contract until DOE authorizes disposal. The Government may waive application of these record retention schedules, if, upon termination or completion of the contract, the Government exercises its right under paragraph (c) of this clause to obtain copies and delivery of records described in paragraphs (a) and (b) of this clause.

(g) *Subcontracts.* The contractor shall include the requirements of this clause in all subcontracts that are of a cost-reimbursement type if any of the following factors is present:

(1) The value of the subcontract is greater than \$2 million (unless specifically waived by the contracting officer);

(2) The contracting officer determines that the subcontract is, or involves, a critical task related to the contract; or

(3) The subcontract includes 48 CFR 970.5223-1, Integration of Environment, Safety, and Health into Work Planning and Execution, or similar clause.

(End of clause)

970.5208-1 Printing.

As prescribed in 48 CFR 970.0808-3, insert the following clause:

PRINTING (DEC 2000)

(a) To the extent that duplicating or printing services may be required in the performance of this contract, the Contractor shall

provide or secure such services in accordance with the Government Printing and Binding Regulations, Title 44 of the U.S. Code, and DOE Directives relative thereto.

(b) The term "Printing" includes the following processes: Composition, platemaking, presswork, binding, microform publishing, or the end items produced by such processes. Provided, however, that performance of a requirement under this contract involving the duplication of less than 5,000 copies of a single page, or no more than 25,000 units in the aggregate of multiple pages, will not be deemed to be printing.

(c) Printing services not obtained in compliance with this guidance shall result in the cost of such printing being disallowed.

(d) The Contractor shall include the substance of this clause in all subcontracts hereunder which require printing (as that term is defined in Title I of the U.S. Government Printing and Binding Regulations).

(End of clause)

970.5209-1 Requirement for guarantee of performance.

As prescribed in 48 CFR 970.0970-2, the contracting officer shall insert the following provision in solicitations for management and operating contracts:

REQUIREMENT FOR GUARANTEE OF PERFORMANCE (DEC 2000)

The successful offeror is required by other provisions of this solicitation to organize a dedicated corporate entity to carry out the work under the contract to be awarded as a result of this solicitation. The successful offeror will be required, as part of the determination of responsibility of the newly organized, dedicated corporate entity and as a condition of the award of the contract to that entity, to furnish a guarantee of that entity's performance. That guarantee of performance must be satisfactory in all respects to the Department of Energy.

(End of clause)

970.5215-1 Total available fee: Base fee amount and performance fee amount.

As prescribed in 48 CFR 970.1504-5(a), insert the following clause. The clause should be tailored to reflect the contract's actual inclusion of base fee amount and performance fee amount.

TOTAL AVAILABLE FEE: BASE FEE AMOUNT AND PERFORMANCE FEE AMOUNT (DEC 2000)

(a) *Total available fee.* Total available fee, consisting of a base fee amount (which may

be zero) and a performance fee amount (consisting of an incentive fee component for objective performance requirements, an award fee component for subjective performance requirements, or both) determined in accordance with the provisions of this clause, is available for payment in accordance with the clause of this contract entitled, "Payments and advances."

(b) *Fee Negotiations.* Prior to the beginning of each fiscal year under this contract, or other appropriate period as mutually agreed upon and, if exceeding one year, approved by the Senior Procurement Executive, or designee, the contracting officer and Contractor shall enter into negotiation of the requirements for the year or appropriate period, including the evaluation areas and individual requirements subject to incentives, the total available fee, and the allocation of fee. The contracting officer shall modify this contract at the conclusion of each negotiation to reflect the negotiated requirements, evaluation areas and individual requirements subject to incentives, the total available fee, and the allocation of fee. In the event the parties fail to agree on the requirements, the evaluation areas and individual requirements subject to incentives, the total available fee, or the allocation of fee, a unilateral determination will be made by the contracting officer. The total available fee amount shall be allocated to a twelve month cycle composed of one or more evaluation periods, or such longer period as may be mutually agreed to between the parties and approved by the Senior Procurement Executive, or designee.

(c) *Determination of Total Available Fee Amount Earned.* (1) The Government shall, at the conclusion of each specified evaluation period, evaluate the contractor's performance of all requirements, including performance based incentives completed during the period, and determine the total available fee amount earned. At the contracting officer's discretion, evaluation of incentivized performance may occur at the scheduled completion of specific incentivized requirements.

(2) The DOE Operations/Field Office Manager, or designee, will be (insert title of DOE Operations/Field Office Manager, or designee). The contractor agrees that the determination as to the total available fee earned is a unilateral determination made by the DOE Operations/Field Office Manager, or designee.

(3) The evaluation of contractor performance shall be in accordance with the Performance Evaluation and Measurement Plan(s) described in subparagraph (d) of this clause unless otherwise set forth in the contract. The Contractor shall be promptly advised in writing of the fee determination, and the basis of the fee determination. In the event that the contractor's performance is considered to be less than the level of per-

formance set forth in the Statement of Work, as amended to include the current Work Authorization Directive or similar document, for any contract requirement, it will be considered by the DOE Operations/Field Office Manager, or designee, who may at his/her discretion adjust the fee determination to reflect such performance. Any such adjustment shall be in accordance with the clause entitled, "Conditional Payment of Fee, Profit, or Incentives" if contained in the contract.

(d) *Performance Evaluation and Measurement Plan(s).* To the extent not set forth elsewhere in the contract:

(1) The Government shall establish a Performance Evaluation and Measurement Plan(s) upon which the determination of the total available fee amount earned shall be based. The Performance Evaluation and Measurement Plan(s) will address all of the requirements of contract performance specified in the contract directly or by reference. A copy of the Performance Evaluation and Measurement Plan(s) shall be provided to the Contractor:

(i) prior to the start of an evaluation period if the requirements, evaluation areas, specific incentives, amount of fee, and allocation of fee to such evaluation areas and specific incentives have been mutually agreed to by the parties; or

(ii) not later than thirty days prior to the scheduled start date of the evaluation period, if the requirements, evaluation areas, specific incentives, amount of fee, and allocation of fee to such evaluation areas and specific incentives have been unilaterally established by the contracting officer.

(2) The Performance Evaluation and Measurement Plan(s) will set forth the criteria upon which the Contractor will be evaluated relating to any technical, schedule, management, and/or cost objectives selected for evaluation. Such criteria should be objective, but may also include subjective criteria. The Plan(s) shall also set forth the method by which the total available fee amount will be allocated and the amount earned determined.

(3) The Performance Evaluation and Measurement Plan(s) may, consistent with the contract statement of work, be revised during the period of performance. The contracting officer shall notify the contractor:

(i) of such unilateral changes at least ninety calendar days prior to the end of the affected evaluation period and at least thirty calendar days prior to the effective date of the change;

(ii) of such bilateral changes at least sixty calendar days prior to the end of the affected evaluation period; or

(iii) if such change, whether unilateral or bilateral, is urgent and high priority, at least thirty calendar days prior to the end of the evaluation period.

(e) *Schedule for total available fee amount earned determinations.* The DOE Operations/Field Office Manager, or designee, shall issue the final total available fee amount earned determination in accordance with: the schedule set forth in the Performance Evaluation and Measurement Plan(s); or as otherwise set forth in this contract. However, a determination must be made within sixty calendar days after the receipt by the contracting officer of the Contractor's self-assessment, if one is required or permitted by paragraph (f) of this clause, or seventy calendar days after the end of the evaluation period, whichever is later, or a longer period if the Contractor and contracting officer agree. If the contracting officer evaluates the Contractor's performance of specific requirements on their completion, the payment of any earned fee amount must be made within seventy calendar days (or such other time period as mutually agreed to between the contracting officer and the Contractor) after such completion. If the determination is delayed beyond that date, the Contractor shall be entitled to interest on the determined total available fee amount earned at the rate established by the Secretary of the Treasury under section 12 of the Contract Disputes Act of 1978 (41 U.S.C. 611) that is in effect on the payment date. This rate is referred to as the "Renegotiation Board Interest Rate," and is published in the FEDERAL REGISTER semiannually on or about January 1 and July 1. The interest on any late total available fee amount earned determination will accrue daily and be compounded in 30-day increments inclusive from the first day after the schedule determination date through the actual date the determination is issued. That is, interest accrued at the end of any 30-day period will be added to the determined amount of fee earned and be subject to interest if not paid in the succeeding 30-day period.

(End of clause)

Alternate I (DEC 2000). As prescribed in 48 CFR 970.1504-5(a)(1), when the award fee cycle consists of two or more evaluation periods, add the following to paragraph (c):

(4) At the sole discretion of the Government, unearned total available fee amounts may be carried over from one evaluation period to the next, so long as the periods are within the same award fee cycle.

Alternate II (DEC 2000). As prescribed in 48 CFR 970.1504-5(a)(2), when the award fee cycle consists of one evaluation period, add the following to paragraph (c):

(4) Award fee not earned during the evaluation period shall not be allocated to future evaluation periods.

Alternate III (DEC 2000). As prescribed in 48 CFR 970.1504-5(a)(3), when the DOE Operations/Field Office Manager, or designee, requires the contractor to submit a self-assessment, add the following as paragraph (f):

(f) *Contractor self-assessment.* Following each evaluation period, the Contractor shall submit a self-assessment within (*Insert Number*) calendar days after the end of the period. This self-assessment shall address both the strengths and weaknesses of the Contractor's performance during the evaluation period. Where deficiencies in performance are noted, the Contractor shall describe the actions planned or taken to correct such deficiencies and avoid their recurrence. The DOE Operations/Field Office Manager, or designee, will review the Contractor's self-assessment, if submitted, as part of its independent evaluation of the contractor's management during the period. A self-assessment, in and of itself may not be the only basis for the award fee determination.

Alternate IV (DEC 2000). As prescribed in 48 CFR 970.1504-5(a)(4), when the DOE Operations/Field Office Manager, or designee, permits the contractor to submit a self-assessment at the contractor's option, add the following text as paragraph (f):

(f) *Contractor self-assessment.* Following each evaluation period, the Contractor may submit a self-assessment, provided such assessment is submitted within (*Insert Number*) calendar days after the end of the period. This self-assessment shall address both the strengths and weaknesses of the Contractor's performance during the evaluation period. Where deficiencies in performance are noted, the Contractor shall describe the actions planned or taken to correct such deficiencies and avoid their recurrence. The DOE Operations/Field Office Manager, or designee, will review the Contractor's self-assessment, if submitted, as part of its independent evaluation of the Contractor's management during the period. A self-assessment, in and of itself may not be the only basis for the award fee determination.

970.5215-2 Make-or-buy plan.

As prescribed in 48 CFR 970.1504-5(b), insert the following clause:

MAKE-OR-BUY PLAN (DEC 2000)

(a) Definitions.

Buy item means a work activity, supply, or service to be produced or performed by an

outside source, including a subcontractor or an affiliate, subsidiary, or division of the contractor.

Make item means a work activity, supply, or service to be produced or performed by the contractor using its personnel and other resources at the Department of Energy facility or site.

Make-or-buy plan means a contractor's written program for the contract that identifies work efforts or requirements that either are "make items" or "buy items."

(b) *Make-or-buy plan.* The contractor shall develop and implement a make-or-buy plan that establishes a preference for providing supplies and services on a least-cost basis, subject to any specific make or buy criteria identified in the contract or otherwise provided by the contracting officer. In developing and implementing its make-or-buy plan, the contractor agrees to assess subcontracting opportunities and implement subcontracting decisions in accordance with the following:

(1) The contractor shall conduct internal productivity improvement and cost-reduction programs so that in-house performance options can be made more efficient and cost-effective.

(2) The contractor shall consider subcontracting opportunities with the maximum practicable regard for open communications with potentially affected employees and their representatives. Similarly, a contractor shall communicate its plans, activities, cost-benefit analyses, and decisions to those stakeholders, including representatives of the community and local businesses, likely to be affected by such actions.

(c) *Submission and approval.* For new contract awards, the contractor shall submit an initial make-or-buy plan, for approval, within 180 days after contract award. If the existing contract is to be extended, the contractor shall submit a make-or-buy plan for review and approval at least 90 days prior to the commencement of the negotiations for the extension. The following documentation shall be prepared and submitted:

(1) A description of the each work item, and if appropriate, the identification of the associated Work Authorization or Work Breakdown Structure element;

(2) The categorization of each work item as "must make," "must buy," or "can make or buy," with the reasons for such categorization in consideration of the program specific make or buy criteria (including least cost considerations). For non-core capabilities categorized as "must make," a cost/benefit analysis must be performed for each item if:

(i) The contractor is not the least-cost performer, and

(ii) A program specific make-or-buy criterion does not otherwise justify a "must make" categorization;

(3) A decision to either "make" or "buy" in consideration of the program specific make or buy criteria (including least cost considerations) for work effort categorized as "can make or buy";

(4) Identification of potential suppliers and subcontractors, if known, and their location and size status;

(5) A recommendation to defer a make or buy decision where categorization of an identifiable work effort is impracticable at the time of initial development of the plan and a schedule for future re-evaluation;

(6) A description of the impact of a change in current practice of making or buying on the existing work force; and

(7) Any additional information appropriate to support and explain the plan.

(d) *Conduct of operations.* Once a make-or-buy plan is approved, the contractor shall perform in accordance with the plan.

(e) *Changes to the make-or-buy plan.* The make-or-buy plan established in accordance with paragraph (b) of this clause shall remain in effect for the term of the contract, unless:

(1) A lesser period is provided either for the total plan or for individual items or work effort;

(2) The circumstances supporting the make-or-buy decisions change, or

(3) New work is identified.

At least annually, the contractor shall review its approved make-or-buy plan to ensure that it reflects current conditions. Changes to the approved make-or-buy plan shall be submitted in advance of the effective date of the proposed change in sufficient time to permit evaluation and review. Changes shall be submitted in accordance with the instructions provided by the contracting officer. Modification of the make-or-buy plan to incorporate proposed changes or additions shall be effective upon the contractor's receipt of the contracting officer's written approval.

(End of clause)

970.5215-3 Conditional payment of fee, profit, or incentives.

As prescribed in 48 CFR 970.1504-5(c), insert the following clause:

CONDITIONAL PAYMENT OF FEE, PROFIT, OR INCENTIVES (DEC 2000)

In order for the Contractor to receive all otherwise earned fee, fixed fee, profit, or share of cost savings under the contract in an evaluation period, the Contractor must meet the minimum requirements in paragraphs (a) and (b) of this clause, and if Alternate I is applicable, (a) through (d) of this clause. If the Contractor does not meet the minimum requirements, the DOE Operations/Field Office Manager or designee may make

a unilateral determination to reduce the evaluation period's otherwise earned fee, fixed fee, profit or share of cost savings as described in the following paragraphs of this clause.

(a) *Minimum requirements for Environment, Safety & Health (ES&H) Program.* The Contractor shall develop, obtain DOE approval of, and implement a Safety Management System in accordance with the provisions of the clause entitled, "Integration of Environment, Safety and Health into Work Planning and Execution," if included in the contract, or as otherwise agreed to with the contracting officer. The minimum performance requirements of the system will be set forth in the approved Safety Management System, or similar document. If the Contractor fails to obtain approval of the Safety Management System or fails to achieve the minimum performance requirements of the system during the evaluation period, the DOE Operations/Field Office Manager or designee, at his/her sole discretion, may reduce any otherwise earned fees, fixed fee, profit or share of cost savings for the evaluation period by an amount up to the amount earned.

(b) *Minimum requirements for catastrophic event.* If, in the performance of this contract, there is a catastrophic event (such as a fatality, or a serious workplace-related injury or illness to one or more Federal, contractor, or subcontractor employees or the general public, loss of control over classified or special nuclear material, or significant damage to the environment), the DOE Operations/Field Office Manager or designee may reduce any otherwise earned fee for the evaluation period by an amount up to the amount earned. In determining any diminution of fee, fixed fee, profit, or share of cost savings resulting from a catastrophic event, the DOE Operations/Field Office Manager or designee will consider whether willful misconduct and/or negligence contributed to the occurrence and will take into consideration any mitigating circumstances presented by the contractor or other sources.

(End of clause)

Alternate I (DEC 2000). As prescribed in 48 CFR 970.1504-5(c), for contracts awarded on a cost-plus-award-fee, incentive fee or multiple fee basis, add the following paragraphs (c) and (d):

(c) *Minimum requirements for specified level of performance.* (1) At a minimum the Contractor must perform the following:

(i) the requirements with specific incentives at the level of performance set forth in the Statement of Work, Work Authorization Directive, or similar document unless an otherwise minimal level of performance has been established in the specific incentive;

(ii) all of the performance requirements directly related to requirements specifically incentivized at a level of performance such that the overall performance of these related requirements is at an acceptable level; and

(iii) all other requirements at a level of performance such that the total performance of the contract is not jeopardized.

(2) The evaluation of the Contractor's achievement of the level of performance shall be unilaterally determined by the contracting officer. To the extent that the Contractor fails to achieve the minimum performance levels specified in the Statement of Work, Work Authorization Directive, or similar document, during the evaluation period, the DOE Operations/Field Office Manager, or designee, may reduce any otherwise earned fee, fixed fee, profit, or shared net savings for the evaluation period. Such reduction shall not result in the total of earned fee, fixed fee, profit, or shared net savings being less than 25% of the total available fee amount. Such 25% shall include base fee, if any.

(d) *Minimum requirements for cost performance.* (1) Requirements incentivized by other than cost incentives must be performed within their specified cost constraint and must not adversely impact the costs of performing unrelated activities.

(2) The performance of requirements with a specific cost incentive must not adversely impact the costs of performing unrelated requirements.

(3) The Contractor's performance within the stipulated cost performance levels for the evaluation period shall be determined by the contracting officer. To the extent the Contractor fails to achieve the stipulated cost performance levels, the DOE Operations/Field Office Manager, or designee, at his/her sole discretion, may reduce in whole or in part any otherwise earned fee, fixed fee, profit, or shared net savings for the evaluation period. Such reduction shall not result in the total of earned fee, fixed fee, profit or shared net savings being less than 25% of the total available fee amount. Such 25% shall include base fee, if any.

970.5215-4 Cost reduction.

As prescribed in 48 CFR 970.1504-5(d), insert the following clause:

COST REDUCTION (DEC 2000)

(a) *General.* It is the Department of Energy's (DOE's) intent to have its facilities and laboratories operated in an efficient and effective manner. To this end, the Contractor shall assess its operations and identify areas where cost reductions would bring cost efficiency to operations without adversely affecting the level of performance required by the contract. The Contractor, to the maximum extent practical, shall identify areas

where cost reductions may be effected, and develop and submit Cost Reduction Proposals (CRPs) to the contracting officer. If accepted, the Contractor may share in any shared net savings from accepted CRPs in accordance with paragraph (g) of this clause.

(b) *Definitions. Administrative cost* is the contractor cost of developing and administering the CRP.

Design, process, or method change is a change to a design, process, or method which has established cost, technical and schedule baseline, is defined, and is subject to a formal control procedure. Such a change must be innovative, initiated by the contractor, and applied to a specific project or program.

Development cost is the Contractor cost of up-front planning, engineering, prototyping, and testing of a design, process, or method.

DOE cost is the Government cost incurred implementing and validating the CRP.

Implementation cost is the Contractor cost of tooling, facilities, documentation, etc., required to effect a design, process, or method change once it has been tested and approved.

Net Savings means a reduction in the total amount (to include all related costs and fee) of performing the effort where the savings revert to DOE control and may be available for deobligation. Such savings may result from a specific cost reduction effort which is negotiated on a cost-plus-incentive-fee, fixed-price incentive, or firm-fixed-price basis, or may result directly from a design, process, or method change. They may also be savings resulting from formal or informal direction given by DOE or from changes in the mission, work scope, or routine reorganization of the Contractor due to changes in the budget.

Shared Net Savings are those net savings which result from:

(1) a specific cost reduction effort which is negotiated on a cost-plus-incentive-fee or fixed-price incentive basis, and is the difference between the negotiated target cost of performing an effort as negotiated and the actual allowable cost of performing that effort; or

(2) a design, process, or method change, which occurs in the fiscal year in which the change is accepted and the subsequent fiscal year, and is the difference between the estimated cost of performing an effort as originally planned and the actual allowable cost of performing that same effort utilizing a revised plan intended to reduce costs along with any Contractor development costs, implementation costs, administrative costs, and DOE costs associated with the revised plan. Administrative costs and DOE costs are only included at the discretion of the contracting officer. Savings resulting from formal or informal direction given by the DOE or changes in the mission, work scope, or routine reorganization of the Contractor due to changes in the budget are not to be

considered as shared net savings for purposes of this clause and do not qualify for incentive sharing.

(c) *Procedure for submission of CRPs.* (1) CRPs for the establishment of cost-plus-incentive-fee, fixed-price incentive, or firm-fixed-price efforts or for design, process, or methods changes submitted by the Contractor shall contain, at a minimum, the following:

(i) Current Method (Baseline)—A verifiable description of the current scope of work, cost, and schedule to be impacted by the initiative, and supporting documentation.

(ii) New Method (New Proposed Baseline)—A verifiable description of the new scope of work, cost, and schedule, how the initiative will be accomplished, and supporting documentation.

(iii) Feasibility Assessment—A description and evaluation of the proposed initiative and benefits, risks, and impacts of implementation. This evaluation shall include an assessment of the difference between the current method (baseline) and proposed new method including all related costs.

(2) In addition, CRPs for the establishment of cost-plus-incentive-fee, fixed-price incentive, or firm-fixed-price efforts shall contain, at a minimum, the following:

(i) The proposed contractual arrangement and the justification for its use; and

(ii) A detailed cost/price estimate and supporting rationale. If the approach is proposed on an incentive basis, minimum and maximum cost estimates should be included along with any proposed sharing arrangements.

(d) *Evaluation and Decision.* All CRPs must be submitted to and approved by the contracting officer. Included in the information provided by the CRP must be a discussion of the extent the proposed cost reduction effort may:

(1) Pose a risk to the health and safety of workers, the community, or to the environment;

(2) Result in a waiver or deviation from DOE requirements, such as DOE Orders and joint oversight agreements;

(3) Require a change in other contractual agreements;

(4) Result in significant organizational and personnel impacts;

(5) Create a negative impact on the cost, schedule, or scope of work in another area;

(6) Pose a potential negative impact on the credibility of the Contractor or the DOE; and

(7) Impact successful and timely completion of any of the work in the cost, technical, and schedule baseline.

(e) *Acceptance or Rejection of CRPs.* Acceptance or rejection of a CRP is a unilateral determination made by the contracting officer. The contracting officer will notify the Contractor that a CRP has been accepted, rejected, or deferred within (*Insert Number*)

days of receipt. The only CRPs that will be considered for acceptance are those which the Contractor can demonstrate, at a minimum, will:

(1) Result in net savings (in the sharing period if a design, process, or method change);

(2) Not reappear as costs in subsequent periods; and

(3) Not result in any impairment of essential functions.

(f) The failure of the contracting officer to notify the Contractor of the acceptance, rejection, or deferral of a CRP within the specified time shall not be construed as approval.

(g) *Adjustment to Original Estimated Cost and Fee.* If a CRP is established on a cost-plus-incentive-fee, fixed-price incentive or firm-fixed-price basis, the originally estimated cost and fee for the total effort shall be adjusted to remove the estimated cost and fee amount associated with the CRP effort.

(h) *Sharing Arrangement.* If a CRP is accepted, the Contractor may share in the shared net savings. For a CRP negotiated on a cost-plus-incentive-fee or fixed-price incentive basis, with the specific incentive arrangement (negotiated target costs, target fees, share lines, ceilings, profit, etc.) set forth in the contractual document authorizing the effort, the Contractor's share shall be the actual fee or profit resulting from such an arrangement. For a CRP negotiated as a cost savings incentive resulting from a design, process, or method change, the Contractor's share shall be a percentage, not to exceed 25% of the shared net savings. The specific percentage and sharing period shall be set forth in the contractual document.

(i) *Validation of Shared Net Savings.* The contracting officer shall validate actual shared net savings. If actual shared net savings cannot be validated, the contractor will not be entitled to a share of the net shared savings.

(j) *Relationship to Other Incentives.* Only those benefits of an accepted CRP not rewardable under other clauses of this contract shall be rewarded under this clause.

(k) *Subcontracts.* The Contractor may include a clause similar to this clause in any subcontract. In calculating any estimated shared net savings in a CRP under this contract, the Contractor's administration, development, and implementation costs shall include any subcontractor's allowable costs, and any CRP incentive payments to a subcontractor resulting from the acceptance of such CRP. The Contractor may choose any arrangement for subcontractor CRP incentive payments, provided that the payments not reduce the DOE's share of shared net savings.

(End of clause)

970.5215-5 Limitation on fee.

As prescribed in 48 CFR 970.1504-5(e), the contracting officer shall insert the following provision:

LIMITATION ON FEE (DEC 2000)

(a) For the purpose of this solicitation, fee amounts shall not exceed the total available fee allowed by the fee policy at 48 CFR 970.1504-1-1, or as specifically stated elsewhere in the solicitation.

(b) The Government reserves the unilateral right, in the event an offeror's proposal is selected for award, to limit: fixed fee to not exceed an amount established pursuant to 48 CFR 970.1504-1-5; and total available fee to not exceed an amount established pursuant to 48 CFR 970.1504-1-9; or fixed fee or total available fee to an amount as specifically stated elsewhere in the solicitation.

(End of clause)

970.5222-1 Collective Bargaining Agreements Management and Operating Contracts.

As prescribed in 48 CFR 970.2201-1-3, insert the following clause:

COLLECTIVE BARGAINING AGREEMENTS—MANAGEMENT AND OPERATING CONTRACTS (DEC 2000)

When negotiating collective bargaining agreements applicable to the work force under this contract, the Contractor shall use its best efforts to ensure such agreements contain provisions designed to assure continuity of services. All such agreements entered into during the contract period of performance should provide that grievances and disputes involving the interpretation or application of the agreement will be settled without resorting to strike, lockout, or other interruption of normal operations. For this purpose, each collective bargaining agreement should provide an effective grievance procedure with arbitration as its final step, unless the parties mutually agree upon some other method of assuring continuity of operations. As part of such agreements, management and labor should agree to cooperate fully with the Federal Mediation and Conciliation Service. The contractor shall include the substance of this clause in any subcontracts for protective services or other services performed on the DOE-owned site which will affect the continuity of operation of the facility.

(End of clause)

970.5222-2 Overtime management.

As prescribed in 48 CFR 970.2201-2-2, insert the following clause:

OVERTIME MANAGEMENT (DEC 2000)

(a) The contractor shall maintain adequate internal controls to ensure that employee overtime is authorized only if cost effective and necessary to ensure performance of work under this contract.

(b) The contractor shall notify the contracting officer when in any given year it is likely that overtime usage as a percentage of payroll may exceed 4%.

(c) The contracting officer may require the submission, for approval, of a formal annual overtime control plan whenever contractor overtime usage as a percentage of payroll has exceeded, or is likely to exceed, 4%, or if the contracting officer otherwise deems overtime expenditures excessive. The plan shall include, at a minimum:

- (1) An overtime premium fund (maximum dollar amount);
- (2) Specific controls for casual overtime for non-exempt employees;
- (3) Specific parameters for allowability of exempt overtime;
- (4) An evaluation of alternatives to the use of overtime; and
- (5) Submission of a semi-annual report that includes for exempt and non-exempt employees:
 - (i) Total cost of overtime;
 - (ii) Total cost of straight time;
 - (iii) Overtime cost as a percentage of straight-time cost;
 - (iv) Total overtime hours;
 - (v) Total straight-time hours; and
 - (vi) Overtime hours as a percentage of straight-time hours.

(End of clause)

970.5223-1 Integration of environment, safety, and health into work planning and execution.

As prescribed in 48 CFR 970.2303-2(a), insert the following clause:

INTEGRATION OF ENVIRONMENT, SAFETY, AND HEALTH INTO WORK PLANNING AND EXECUTION (DEC 2000)

(a) For the purposes of this clause,

(1) Safety encompasses environment, safety and health, including pollution prevention and waste minimization; and

(2) Employees include subcontractor employees.

(b) In performing work under this contract, the contractor shall perform work safely, in a manner that ensures adequate protection for employees, the public, and the environ-

ment, and shall be accountable for the safe performance of work. The contractor shall exercise a degree of care commensurate with the work and the associated hazards. The contractor shall ensure that management of environment, safety and health (ES&H) functions and activities becomes an integral but visible part of the contractor's work planning and execution processes. The contractor shall, in the performance of work, ensure that:

(1) Line management is responsible for the protection of employees, the public, and the environment. Line management includes those contractor and subcontractor employees managing or supervising employees performing work.

(2) Clear and unambiguous lines of authority and responsibility for ensuring (ES&H) are established and maintained at all organizational levels.

(3) Personnel possess the experience, knowledge, skills, and abilities that are necessary to discharge their responsibilities.

(4) Resources are effectively allocated to address ES&H, programmatic, and operational considerations. Protecting employees, the public, and the environment is a priority whenever activities are planned and performed.

(5) Before work is performed, the associated hazards are evaluated and an agreed-upon set of ES&H standards and requirements are established which, if properly implemented, provide adequate assurance that employees, the public, and the environment are protected from adverse consequences.

(6) Administrative and engineering controls to prevent and mitigate hazards are tailored to the work being performed and associated hazards. Emphasis should be on designing the work and/or controls to reduce or eliminate the hazards and to prevent accidents and unplanned releases and exposures.

(7) The conditions and requirements to be satisfied for operations to be initiated and conducted are established and agreed-upon by DOE and the contractor. These agreed-upon conditions and requirements are requirements of the contract and binding upon the contractor. The extent of documentation and level of authority for agreement shall be tailored to the complexity and hazards associated with the work and shall be established in a Safety Management System.

(c) The contractor shall manage and perform work in accordance with a documented Safety Management System (System) that fulfills all conditions in paragraph (b) of this clause at a minimum. Documentation of the System shall describe how the contractor will:

- (1) Define the scope of work;
- (2) Identify and analyze hazards associated with the work;
- (3) Develop and implement hazard controls;
- (4) Perform work within controls; and

(5) Provide feedback on adequacy of controls and continue to improve safety management.

(d) The System shall describe how the contractor will establish, document, and implement safety performance objectives, performance measures, and commitments in response to DOE program and budget execution guidance while maintaining the integrity of the System. The System shall also describe how the contractor will measure system effectiveness.

(e) The contractor shall submit to the contracting officer documentation of its System for review and approval. Dates for submittal, discussions, and revisions to the System will be established by the contracting officer. Guidance on the preparation, content, review, and approval of the System will be provided by the contracting officer. On an annual basis, the contractor shall review and update, for DOE approval, its safety performance objectives, performance measures, and commitments consistent with and in response to DOE's program and budget execution guidance and direction. Resources shall be identified and allocated to meet the safety objectives and performance commitments as well as maintain the integrity of the entire System. Accordingly, the System shall be integrated with the contractor's business processes for work planning, budgeting, authorization, execution, and change control.

(f) The contractor shall comply with, and assist the Department of Energy in complying with, ES&H requirements of all applicable laws and regulations, and applicable directives identified in the clause of this contract entitled "Laws, Regulations, and DOE Directives." The contractor shall cooperate with Federal and non-Federal agencies having jurisdiction over ES&H matters under this contract.

(g) The contractor shall promptly evaluate and resolve any noncompliance with applicable ES&H requirements and the System. If the contractor fails to provide resolution or if, at any time, the contractor's acts or failure to act causes substantial harm or an imminent danger to the environment or health and safety of employees or the public, the contracting officer may issue an order stopping work in whole or in part. Any stop work order issued by a contracting officer under this clause (or issued by the contractor to a subcontractor in accordance with paragraph (i) of this clause) shall be without prejudice to any other legal or contractual rights of the Government. In the event that the contracting officer issues a stop work order, an order authorizing the resumption of the work may be issued at the discretion of the contracting officer. The contractor shall not be entitled to an extension of time or additional fee or damages by reason of, or in connection with, any work stoppage ordered in accordance with this clause.

(h) Regardless of the performer of the work, the contractor is responsible for compliance with the ES&H requirements applicable to this contract. The contractor is responsible for flowing down the ES&H requirements applicable to this contract to subcontracts at any tier to the extent necessary to ensure the contractor's compliance with the requirements.

(i) The contractor shall include a clause substantially the same as this clause in subcontracts involving complex or hazardous work on site at a DOE-owned or -leased facility. Such subcontracts shall provide for the right to stop work under the conditions described in paragraph (g) of this clause. Depending on the complexity and hazards associated with the work, the contractor may choose not to require the subcontractor to submit a Safety Management System for the contractor's review and approval.

(End of clause)

970.5223-2 Affirmative procurement program.

As prescribed in 48 CFR (DEAR) 970.2304-2, insert the following clause in contracts for the management and operation of DOE facilities, including national laboratories.

AFFIRMATIVE PROCUREMENT PROGRAM—
MARCH 2003

(a) In the performance of this contract, the Contractor shall comply with the requirements of Executive Order 13101 and the U.S. Department of Energy (DOE) Affirmative Procurement Program Guidance. This guidance includes requirements concerning environmentally preferable products and services, recycled content products and biobased products. This guidance is available on the Internet.

(b) In complying with the requirements of paragraph (a) of this clause, the Contractor shall coordinate its activities with the DOE Recycling Coordinator. Reports required by paragraph (c) of this clause shall be submitted through the DOE Recycling Coordinator.

(c) The Contractor shall prepare and submit reports, at the end of the Federal fiscal year, on matters related to the acquisition of items designated in EPA's Comprehensive Procurement Guidelines that Federal agencies and their Contractors are to procure with recovered/recycled content.

(d) If the Contractor subcontracts a significant portion of the operation of the Government facility which includes the acquisition of items designated in EPA's Comprehensive Procurement Guidelines, the subcontract shall contain a clause substantially the same as this clause. The EPA Comprehensive Procurement Guidelines identify products which

Federal agencies and their Contractors are to procure with recycled content pursuant to 40 CFR 247. Examples of such a subcontract would be operation of the facility supply function, construction or remodeling at the facility, or maintenance of the facility motor vehicle fleet. In situations in which the facility management contractor can reasonably determine the amount of products with recovered/recycled content to be acquired under the subcontract, the facility management contractor is not required to flow down the reporting requirement of this clause. Instead, the facility management contractor may include such quantities in its own report and include an agreement in the subcontract that such products will be acquired with recovered/recycled content and that the subcontractor will advise if it is unable to procure such products with recovered/recycled content because the product is not available:

- (i) Competitively within a reasonable time;
- (ii) At a reasonable price; or,
- (iii) Within the performance requirements.

If reports are required of the subcontractor, such reports shall be submitted to the facility management contractor. The reports may be submitted at the conclusion of the subcontract term provided that the subcontract delivery term is not multi-year in nature. If the delivery term is multi-year, the subcontractor shall report its accomplishments for each Federal fiscal year in a manner and at a time or times acceptable to both parties

(e) When this clause is used in a subcontract, the word "Contractor" will be understood to mean "subcontractor" and the term "DOE Recycling Coordinator" will be understood to mean "Contractor Recycling Coordinator."

(b) *Remedies.* In addition to any other remedies available to the Government, the contractor's failure to comply with the requirements of 10 CFR part 707 or to perform in a manner consistent with its approved program may render the contractor subject to: the suspension of contract payments, or, where applicable, a reduction in award fee; termination for default; and suspension or debarment.

(c) *Subcontracts.* (1) The contractor agrees to notify the contracting officer reasonably in advance of, but not later than 30 days prior to, the award of any subcontract the contractor believes may be subject to the requirements of 10 CFR part 707.

The DOE prime contractor shall review and approve each subcontractor's program, and shall periodically monitor each subcontractor's implementation of the program for effectiveness and compliance with 10 CFR part 707.

(3) The contractor agrees to include, and require the inclusion of, the requirements of this clause in all subcontracts, at any tier, that are subject to the provisions of 10 CFR part 707.

The contractor shall submit an update to its Plan annually or with its annual fee proposal. Guidance for preparation of a Diversity Plan is provided in Appendix __. The Plan shall include innovative strategies for increasing opportunities to fully use the talents and capabilities of a diverse workforce. The Plan shall address, at a minimum, the Contractor's approach for promoting diversity through (1) the Contractor's workforce, (2) educational outreach, (3) community involvement and outreach, (4) subcontracting, (5) economic development (including technology transfer), and (6) the prevention of profiling based on race or national origin.

(End of clause)

970.5226-2 Workforce restructuring under section 3161 of the National Defense Authorization Act for fiscal year 1993.

(a) Consistent with the objectives of Section 3161 of the National Defense Authorization Act for Fiscal Year 1993, 42 U.S.C. 7274h, in instances where the Department of Energy has determined that a change in workforce at a Department of Energy Defense Nuclear Facility is necessary, the contractor agrees to (1) comply with the Department of Energy Workforce Restructuring Plan for the facility, if applicable, and (2) use its best efforts to accomplish workforce restructuring or displacement so as to mitigate social and economic impacts.

(b) The requirements of this clause shall be included in subcontracts at any tier (except subcontracts for commercial items pursuant to 41 U.S.C. 403) expected to exceed \$500,000.

(End of clause)

The basic elements of this policy include: (1) Recognizing the diverse interests of the region and its stakeholders, (2) engaging regional stakeholders in issues and concerns of mutual interest, and (3) recognizing that giving back to the community is a worthwhile business practice. Accordingly, the Contractor agrees that its business operations and performance under the Contract will be consistent with the intent of the policy and elements set forth above.

(End of clause)

970.5227-1 Rights in data-facilities.

As prescribed in 48 CFR 970.2704-3(a), insert the following clause:

RIGHTS IN DATA—FACILITIES (DEC 2000)

(a) *Definitions.* (1) *Computer data bases*, as used in this clause, means a collection of data in a form capable of, and for the purpose of, being stored in, processed, and operated on by a computer. The term does not include computer software.

(2) *Computer software*, as used in this clause, means (i) computer programs which are data comprising a series of instructions, rules, routines, or statements, regardless of the media in which recorded, that allow or cause a computer to perform a specific operation or series of operations and (ii) data

comprising source code listings, design details, algorithms, processes, flow charts, formulae, and related material that would enable the computer program to be produced, created, or compiled. The term does not include computer data bases.

(3) *Data*, as used in this clause, means recorded information, regardless of form or the media on which it may be recorded. The term includes technical data and computer software. The term "data" does not include data incidental to the administration of this contract, such as financial, administrative, cost and pricing, or management information.

(i) Ownership of all technical data and computer software first produced in the performance of this Contract;

(ii) Unlimited rights in technical data and computer software specifically used in the performance of this Contract, except as provided herein regarding copyright, limited rights data, or restricted computer software, or except for other data specifically protected by statute for a period of time or, where, approved by DOE, appropriate instances of the DOE Work for Others Program;

(iii) The right to inspect technical data and computer software first produced or specifically used in the performance of this Contract at all reasonable times. The Contractor shall make available all necessary facilities to allow DOE personnel to perform such inspection;

(iv) The right to have all technical data and computer software first produced or specifically used in the performance of this Contract delivered to the Government or otherwise disposed of by the Contractor, either as the contracting officer may from time to time direct during the progress of the work or in any event as the contracting officer shall direct upon completion or termination of this Contract. The Contractor agrees to leave a copy of such data at the facility or plant to which such data relate, and to make available for access or to deliver to the Government such data upon request by the contracting officer. If such data are limited rights data or restricted computer software, the rights of the Government in such data shall be governed solely by the provisions of paragraph (e) of this clause ("Rights in Limited Rights Data") or paragraph (f) of this clause ("Rights in Restricted Computer Software"); and

(v) The right to remove, cancel, correct, or ignore any markings not authorized by the terms of this Contract on any data furnished hereunder if, in response to a written inquiry by DOE concerning the propriety of the markings, the Contractor fails to respond thereto within 60 days or fails to substantiate the propriety of the markings. In either case DOE will notify the Contractor of the action taken.

(2) The Contractor shall have:

(i) The right to withhold limited rights data and restricted computer software unless otherwise provided in accordance with the provisions of this clause; and

(ii) The right to use for its private purposes, subject to patent, security or other provisions of this Contract, data it first produces in the performance of this Contract, except for data in DOE's Uranium Enrichment Technology, including diffusion, centrifuge, and atomic vapor laser isotope separation, provided the data requirements of this Contract have been met as of the date of the private use of such data.

(3) The Contractor agrees that for limited rights data or restricted computer software or other technical, business or financial data in the form of recorded information which it receives from, or is given access to by, DOE or a third party, including a DOE Contractor or subcontractor, and for technical data or computer software it first produces under this Contract which is authorized to be marked by DOE, the Contractor shall treat such data in accordance with any restrictive legend contained thereon.

(c) *Copyrighted Material.* (1) The Contractor shall not, without prior written authorization of the Patent Counsel, assert copyright in any technical data or computer software first produced in the performance of this contract. To the extent such authorization is granted, the Government reserves for itself and others acting on its behalf, a nonexclusive, paid-up, irrevocable, world-wide license for Governmental purposes to publish, distribute, translate, duplicate, exhibit, and perform any such data copyrighted by the Contractor.

(2) The Contractor agrees not to include in the technical data or computer software delivered under the contract any material copyrighted by the Contractor and not to knowingly include any material copyrighted by others without first granting or obtaining at no cost a license therein for the benefit of the Government of the same scope as set forth in paragraph (c)(1) of this clause. If the Contractor believes that such copyrighted material for which the license cannot be obtained must be included in the technical data or computer software to be delivered, rather than merely incorporated therein by reference, the Contractor shall obtain the written authorization of the contracting officer to include such material in the technical data or computer software prior to its delivery.

(d) *Subcontracting.* (1) Unless otherwise directed by the contracting officer, the Contractor agrees to use in subcontracts in which technical data or computer software is expected to be produced or in subcontracts for supplies that contain a requirement for production or delivery of data in accordance with the policy and procedures of 48 CFR Subpart 27.4 as supplemented by 48 CFR 927.401 through 927.409, the clause entitled, "Rights in Data-General" at 48 CFR 52.227-14 modified in accordance with 927.409(a) and including Alternate V, Alternates II through IV of that clause may be included as appropriate with the prior approval of DOE Patent Counsel, and the Contractor shall not acquire rights in a subcontractor's limited rights data or restricted computer software, except through the use of Alternates II or III, respectively, without the prior approval of DOE Patent Counsel. The clause at 48 CFR 52.227-16, Additional Data Requirements, shall be included in subcontracts in accordance with DEAR 927.409(h). The contractor shall use instead the Rights in Data-Facilities clause at 48 CFR 970.5227-1 in subcontracts, including subcontracts for related support services, involving the design or operation of any plants or facilities or specially designed equipment for such plants or facilities that are managed or operated under its contract with DOE.

(2) It is the responsibility of the Contractor to obtain from its subcontractors technical data and computer software and

rights therein, on behalf of the Government, necessary to fulfill the Contractor's obligations to the Government with respect to such data. In the event of refusal by a subcontractor to accept a clause affording the Government such rights, the Contractor shall:

(i) Promptly submit written notice to the contracting officer setting forth reasons or the subcontractor's refusal and other pertinent information which may expedite disposition of the matter, and

(ii) Not proceed with the subcontract without the written authorization of the contracting officer.

(3) Neither the Contractor nor higher-tier subcontractors shall use their power to award subcontracts as economic leverage to acquire rights in a subcontractor's limited rights data or restricted computer software for their private use.

(e) *Rights in Limited Rights Data.* Except as may be otherwise specified in this Contract as data which are not subject to this paragraph, the Contractor agrees to and does hereby grant to the Government an irrevocable, nonexclusive, paid-up license by or for the Government, in any limited rights data of the Contractor specifically used in the performance of this Contract, provided, however, that to the extent that any limited rights data when furnished or delivered is specifically identified by the Contractor at the time of initial delivery to the Government or a representative of the Government, such data shall not be used within or outside the Government except as provided in the "Limited Rights Notice" set forth. All such limited rights data shall be marked with the following "Limited Rights Notice":

Limited Rights Notice

These data contain "limited rights data," furnished under Contract No. _____ with the United States Department of Energy which may be duplicated and used by the Government with the express limitations that the "limited rights data" may not be disclosed outside the Government or be used for purposes of manufacture without prior permission of the Contractor, except that further disclosure or use may be made solely for the following purposes:

(a) Use (except for manufacture) by support services contractors within the scope of their contracts;

(b) This "limited rights data" may be disclosed for evaluation purposes under the restriction that the "limited rights data" be retained in confidence and not be further disclosed;

(c) This "limited rights data" may be disclosed to other contractors participating in the Government's program of which this Contract is a part for information or use (except for manufacture) in connection with the work performed under their contracts and

under the restriction that the "limited rights data" be retained in confidence and not be further disclosed;

(d) This "limited rights data" may be used by the Government or others on its behalf for emergency repair or overhaul work under the restriction that the "limited rights data" be retained in confidence and not be further disclosed; and

(e) Release to a foreign government, or instrumentality thereof, as the interests of the United States Government may require, for information or evaluation, or for emergency repair or overhaul work by such government. This Notice shall be marked on any reproduction of this data in whole or in part.

(End of Notice)

(f) *Rights in Restricted Computer Software.* (1) Except as may be otherwise specified in this Contract as data which are not subject to this paragraph, the Contractor agrees to and does hereby grant to the Government an irrevocable, nonexclusive, paid-up, license by or for the Government, in any restricted computer software of the Contractor specifically used in the performance of this Contract, provided, however, that to the extent that any restricted computer software when furnished or delivered is specifically identified by the Contractor at the time of initial delivery to the Government or a representative of the Government, such data shall not be used within or outside the Government except as provided in the "Restricted Rights Notice" set forth below. All such restricted computer software shall be marked with the following "Restricted Rights Notice":

Restricted Rights Notice-Long Form

(a) This computer software is submitted with restricted rights under Department of Energy Contract No. _____. It may not be used, reproduced, or disclosed by the Government except as provided in paragraph (b) of this notice.

(b) This computer software may be:

(1) Used or copied for use in or with the computer or computers for which it was acquired, including use at any Government installation to which such computer or computers may be transferred;

(2) Used, copied for use, in a backup or replacement computer if any computer for which it was acquired is inoperative or is replaced;

(3) Reproduced for safekeeping (archives) or backup purposes;

(4) Modified, adapted, or combined with other computer software, provided that only the portions of the derivative software consisting of the restricted computer software are to be made subject to the same restricted rights; and

(5) Disclosed to and reproduced for use by contractors under a service contract (of the

type defined in 48 CFR 37.101) in accordance with subparagraphs (b)(1) through (4) of this Notice, provided the Government makes such disclosure or reproduction subject to these restricted rights.

(c) Notwithstanding the foregoing, if this computer software has been published under copyright, it is licensed to the Government, without disclosure prohibitions, with the rights set forth in the restricted rights notice above.

(d) This Notice shall be marked on any reproduction of this computer software, in whole or in part.

(End of Notice)

(2) Where it is impractical to include the Restricted Rights Notice on restricted computer software, the following short-form Notice may be used.

Restricted Rights Notice—Short Form

Use, reproduction, or disclosure is subject to restrictions set forth in the Long Form Notice of DOE Contract No. _____ with (name of Contractor).

(End of Notice)

(3) If the software is embedded, or if it is commercially impractical to mark it with human readable text, then the symbol R and the clause date (mo/yr), in brackets or a box, a [R-mo/yr], may be used. This will be read to mean restricted computer software, subject to the rights of the Government as described in the Long Form Notice, in effect as of the date indicated next to the symbol. The symbol shall not be used to mark human readable material. In the event this Contract contains any variation to the rights in the Long Form Notice, then the contract number must also be cited.

(4) If restricted computer software is delivered with the copyright notice of 17 U.S.C. 401, the software will be presumed to be published copyrighted computer software licensed to the Government without disclosure prohibitions and with unlimited rights, unless the Contractor includes the following statement with such copyright notice "Unpublished-rights reserved under the Copyright Laws of the United States."

(g) *Relationship to patents.* Nothing contained in this clause creates or is intended to imply a license to the Government in any patent or is intended to be construed as affecting the scope of any licenses or other rights otherwise granted to the Government under any patent.

(End of clause)

Alternate I (DEC 2000). As prescribed in 48 CFR 970.2704-3(a), where access to

Category C-24 restricted data is contemplated in the performance of a contract the contracting officer shall insert the phrase “and except Restricted Data in category C-24, 10 CFR part 725, in which DOE has reserved the right to receive reasonable compensation for the use of its inventions and discoveries, including related data and technology” after “laser isotope separation” and before the comma in paragraph (b)(2)(ii) of the clause at 48 CFR 970.5227-1, Rights in Data—Facilities, as appropriate.

(End of clause)

970.5227-2 Rights in data-technology transfer.

As prescribed in 48 CFR 970.2704-3(b), insert the following clause:

RIGHTS IN DATA—TECHNOLOGY TRANSFER
(DEC 2000)

(a) *Definitions.* (1) *Computer data bases*, as used in this clause, means a collection of data in a form capable of, and for the purpose of, being stored in, processed, and operated on by a computer. The term does not include computer software.

(2) *Computer software*, as used in this clause, means (i) computer programs which are data comprising a series of instructions, rules, routines, or statements, regardless of the media in which recorded, that allow or cause a computer to perform a specific operation or series of operations and (ii) data comprising source code listings, design details, algorithms, processes, flow charts, formulae, and related material that would enable the computer program to be produced, created, or compiled. The term does not include computer data bases.

(3) *Data*, as used in this clause, means recorded information, regardless of form or the media on which it may be recorded. The term includes technical data and computer software. The term “data” does not include data incidental to the administration of this contract, such as financial, administrative, cost and pricing, or management information.

(b) *Allocation of Rights.* (1) The Government shall have:

(i) Ownership of all technical data and computer software first produced in the performance of this Contract;

(ii) Unlimited rights in technical data and computer software specifically used in the performance of this Contract, except as provided herein regarding copyright, limited rights data, or restricted computer software, and except for data subject to the withholding provisions for protected Cooperative Research and Development Agreement (CRADA) information in accordance with Technology Transfer actions under this Contract, or other data specifically protected by statute for a period of time or, where, approved by DOE, appropriate instances of the DOE Work for Others Program;

(iii) The right to inspect technical data and computer software first produced or specifically used in the performance of this Contract at all reasonable times. The Contractor shall make available all necessary facilities to allow DOE personnel to perform such inspection;

(iv) The right to have all technical data and computer software first produced or specifically used in the performance of this Contract delivered to the Government or otherwise disposed of by the Contractor, either as the contracting officer may from time to time direct during the progress of the work or in any event as the contracting officer shall direct upon completion or termination of this Contract. The Contractor agrees to leave a copy of such data at the facility or plant to which such data relate, and to make available for access or to deliver to the Government such data upon request by the contracting officer. If such data are limited rights data or restricted computer software.

the rights of the Government in such data shall be governed solely by the provisions of paragraph (g) of this clause ("Rights in Limited Rights Data") or paragraph (h) of this clause ("Rights in Restricted Computer Software"); and (v) The right to remove, cancel, correct, or ignore any markings not authorized by the terms of this Contract on any data furnished hereunder if, in response to a written inquiry by DOE concerning the propriety of the markings, the Contractor fails to respond thereto within 60 days or fails to substantiate the propriety of the markings. In either case DOE will notify the Contractor of the action taken.

(2) The Contractor shall have:

(i) The right to withhold limited rights data and restricted computer software unless otherwise provided in provisions of this clause;

(ii) The right to use for its private purposes, subject to patent, security or other provisions of this Contract, data it first produces in the performance of this Contract, except for data in DOE's Uranium Enrichment Technology, including diffusion, centrifuge, and atomic vapor laser isotope separation, provided the data requirements of this Contract have been met as of the date of the private use of such data; and

(iii) The right to assert copyright subsisting in scientific and technical articles as provided in paragraph (d) of this clause and the right to request permission to assert copyright subsisting in works other than scientific and technical articles as provided in paragraph (e) of this clause.

(3) The Contractor agrees that for limited rights data or restricted computer software or other technical business or financial data in the form of recorded information which it receives from, or is given access to by DOE or a third party, including a DOE contractor or subcontractor, and for technical data or computer software it first produces under this Contract which is authorized to be marked by DOE, the Contractor shall treat such data in accordance with any restrictive legend contained thereon.

(c) *Copyright (General)*. (1) The Contractor agrees not to mark, register, or otherwise assert copyright in any data in a published or unpublished work, other than as set forth in paragraphs (d) and (e) of this clause.

(2) Except for material to which the Contractor has obtained the right to assert copyright in accordance with either paragraph (d) or (e) of this clause, the Contractor agrees not to include in the data delivered under this Contract any material copyrighted by the Contractor and not to knowingly include any material copyrighted by others without first granting or obtaining at no cost a license therein for the benefit of the Government of the same scope as set forth in paragraph (d) of this clause. If the Contractor believes that such copyrighted

material for which the license cannot be obtained must be included in the data to be delivered, rather than merely incorporated therein by reference, the Contractor shall obtain the written authorization of the contracting officer to include such material in the data prior to its delivery.

(d) *Copyrighted works (scientific and technical articles)*. (1) The Contractor shall have the right to assert, without prior approval of the contracting officer, copyright subsisting in scientific and technical articles composed under this contract or based on or containing data first produced in the performance of this Contract, and published in academic, technical or professional journals, symposia, proceedings, or similar works. When assertion of copyright is made, the Contractor shall affix the applicable copyright notice of 17 U.S.C. 401 or 402 and acknowledgment of Government sponsorship (including contract number) on the data when such data are delivered to the Government as well as when the data are published or deposited for registration as a published work in the U.S. Copyright Office. The Contractor grants to the Government, and others acting on its behalf, a nonexclusive, paid-up, irrevocable, world-wide license in such copyrighted data to reproduce, prepare derivative works, distribute copies to the public, and perform publicly and display publicly, by or on behalf of the Government.

(2) The contractor shall mark each scientific or technical article first produced or composed under this Contract and submitted for journal publication or similar means of dissemination with a notice, similar in all material respects to the following, on the front reflecting the Government's non-exclusive, paid-up, irrevocable, world-wide license in the copyright.

Notice: This manuscript has been authored by [insert the name of the Contractor] under Contract No. [insert the contract number] with the U.S. Department of Energy. The United States Government retains and the publisher, by accepting the article for publication, acknowledges that the United States Government retains a non-exclusive, paid-up, irrevocable, world-wide license to publish or reproduce the published form of this manuscript, or allow others to do so, for United States Government purposes.

(End of Notice)

(3) The title to the copyright of the original of unclassified graduate theses and the original of related unclassified scientific papers shall vest in the author thereof, subject to the right of DOE to retain duplicates of such documents and to use such documents for any purpose whatsoever without any claim on the part of the author or the contractor for additional compensation.

(e) *Copyrighted works (other than scientific and technical articles and data produced under*

a CRADA). The Contractor may obtain permission to assert copyright subsisting in technical data and computer software first produced by the Contractor in performance of this Contract, where the Contractor can show that commercialization would be enhanced by such copyright protection, subject to the following:

(I) Contractor Request to Assert Copyright.

(i) For data other than scientific and technical articles and data produced under a CRADA, the Contractor shall submit in writing to Patent Counsel its request to assert copyright in data first produced in the performance of this Contract pursuant to this clause. The right of the Contractor to copyright data first produced under a CRADA is as described in the individual CRADA. Each request by the Contractor must include:

(A) The identity of the data (including any computer program) for which the Contractor requests permission to assert copyright, as well as an abstract which is descriptive of the data and is suitable for dissemination purposes, (B) The program under which it was funded, (C) Whether, to the best knowledge of the Contractor, the data is subject to an international treaty or agreement, (D) Whether the data is subject to export control, (E) A statement that the Contractor plans to commercialize the data in compliance with the clause of this contract entitled, "Technology Transfer Mission," within five (5) years after obtaining permission to assert copyright or, on a case-by-case basis, a specified longer period where the Contractor can demonstrate that the ability to commercialize effectively is dependent upon such longer period, and (F) For data other than computer software, a statement explaining why the assertion of copyright is necessary to enhance commercialization and is consistent with DOE's dissemination responsibilities.

(ii) For data that is developed using other funding sources in addition to DOE funding, the permission to assert copyright in accordance with this clause must also be obtained by the Contractor from all other funding sources prior to the Contractor's request to Patent Counsel. The request shall include the Contractor's certification or other documentation acceptable to Patent Counsel demonstrating such permission has been obtained.

(iii) Permission for the Contractor to assert copyright in excepted categories of data as determined by DOE will be expressly withheld. Such excepted categories include data whose release (A) would be detrimental to national security, i.e., involve classified information or data or sensitive information under Section 148 of the Atomic Energy Act of 1954, as amended, or are subject to export control for nonproliferation and other nuclear-related national security purposes, (B)

would not enhance the appropriate transfer or dissemination and commercialization of such data, (C) would have a negative impact on U.S. industrial competitiveness, (D) would prevent DOE from meeting its obligations under treaties and international agreements, or (E) would be detrimental to one or more of DOE's programs. Additional excepted categories may be added by the Assistant General Counsel for Technology Transfer and Intellectual Property. Where data are determined to be under export control restriction, the Contractor may obtain permission to assert copyright subject to the provisions of this clause for purposes of limited commercialization in a manner that complies with export control statutes and applicable regulations. In addition, notwithstanding any other provision of this Contract, all data developed with Naval Reactors' funding and those data that are classified fall within excepted categories. The rights of the Contractor in data are subject to the disposition of data rights in the treaties and international agreements identified under this Contract as well as those additional treaties and international agreements which DOE may from time to time identify by unilateral amendment to the Contract; such amendment listing added treaties and international agreements is effective only for data which is developed after the date such treaty or international agreement is added to this Contract. Also, the Contractor will not be permitted to assert copyright in data in the form of various technical reports generated by the Contractor under the Contract without first obtaining the advanced written permission of the contracting officer.

(2) DOE Review and Response to Contractor's Request. The Patent Counsel shall use its best efforts to respond in writing within 90 days of receipt of a complete request by the Contractor to assert copyright in technical data and computer software pursuant to this clause. Such response shall either give or withhold DOE's permission for the Contractor to assert copyright or advise the Contractor that DOE needs additional time to respond, and the reasons therefor.

(3) Permission for Contractor to Assert Copyright.

(i) For computer software, the Contractor shall furnish to the DOE designated, centralized software distribution and control point, the Energy Science and Technology Software Center, at the time permission to assert copyright is given under paragraph (e)(2) of this clause: (A) An abstract describing the software suitable for publication, (B) the source code for each software program, and (C) the object code and at least the minimum support documentation needed by a technically competent user to understand and use the software. The Patent Counsel, for good cause shown by the Contractor, may

allow the minimum support documentation to be delivered within 60 days after permission to assert copyright is given or at such time the minimum support documentation becomes available. The Contractor acknowledges that the DOE designated software distribution and control point may provide a technical description of the software in an announcement identifying its availability from the copyright holder.

(ii) Unless otherwise directed by the contracting officer, for data other than computer software to which the Contractor has received permission to assert copyright under paragraph (e)(2) of this clause above, the Contractor shall within sixty (60) days of obtaining such permission furnish to DOE's Office of Scientific and Technical Information (OSTI) a copy of such data as well as an abstract of the data suitable for dissemination purposes. The Contractor acknowledges that OSTI may provide an abstract of the data in an announcement to DOE, its contractors and to the public identifying its availability from the copyright holder.

(iii) For a five year period or such other specified period as specifically approved by Patent Counsel beginning on the date the Contractor is given permission to assert copyright in data, the Contractor grants to the Government, and others acting on its behalf, a paid-up, nonexclusive, irrevocable worldwide license in such copyrighted data to reproduce, prepare derivative works and perform publicly and display publicly, by or on behalf of the Government. Upon request, the initial period may be extended after DOE approval. The DOE approval will be based on the standard that the work is still commercially available and the market demand is being met.

(iv) After the period approved by Patent Counsel for application of the limited Government license described in paragraph (e)(3)(iii) of this clause, or if, prior to the end of such period(s), the Contractor abandons commercialization activities pertaining to the data to which the Contractor has been given permission to assert copyright, the Contractor grants to the Government, and others acting on its behalf, a paid-up, non-exclusive, irrevocable worldwide license in such copyrighted data to reproduce, distribute copies to the public, prepare derivative works, perform publicly and display publicly, and to permit others to do so.

(v) Whenever the Contractor asserts copyright in data pursuant to this paragraph (e), the Contractor shall affix the applicable copyright notice of 17 U.S.C. 401 or 402 on the copyrighted data and also an acknowledgment of the Government sponsorship and license rights of paragraphs (e)(3) (iii) and (iv) of this clause. Such action shall be taken when the data are delivered to the Government, published, licensed or deposited for registration as a published work in the U.S.

Copyright Office. The acknowledgment of Government sponsorship and license rights shall be as follows: Notice: These data were produced by (insert name of Contractor) under Contract No. _____ with the Department of Energy. For (period approved by DOE Patent Counsel) from (date permission to assert copyright was obtained), the Government is granted for itself and others acting on its behalf a nonexclusive, paid-up, irrevocable worldwide license in this data to reproduce, prepare derivative works, and perform publicly and display publicly, by or on behalf of the Government. There is provision for the possible extension of the term of this license. Subsequent to that period or any extension granted, the Government is granted for itself and others acting on its behalf a nonexclusive, paid-up, irrevocable worldwide license in this data to reproduce, prepare derivative works, distribute copies to the public, perform publicly and display publicly, and to permit others to do so. The specific term of the license can be identified by inquiry made to Contractor or DOE. Neither the United States nor the United States Department of Energy, nor any of their employees, makes any warranty, express or implied, or assumes any legal liability or responsibility for the accuracy, completeness, or usefulness of any data, apparatus, product, or process disclosed, or represents that its use would not infringe privately owned rights.

(End of Notice)

(vi) With respect to any data to which the Contractor has received permission to assert copyright, the DOE has the right, during the five (5) year or specified longer period approved by Patent Counsel as provided for in paragraph (e) of this clause, to request the Contractor to grant a nonexclusive, partially exclusive or exclusive license in any field of use to a responsible applicant(s) upon terms that are reasonable under the circumstances, and if the Contractor refuses such request, to grant such license itself, if the DOE determines that the Contractor has not made a satisfactory demonstration that either it or its licensee(s) is actively pursuing commercialization of the data as set forth in subparagraph (e)(1)(A) of this clause. Before licensing under this subparagraph (vi), DOE shall furnish the Contractor a written request for the Contractor to grant the stated license, and the Contractor shall be allowed thirty (30) days (or such longer period as may be authorized by the contracting officer for good cause shown in writing by the Contractor) after such notice to show cause why the license should not be granted. The Contractor shall have the right to appeal the decision of the DOE to grant the stated license to the Invention Licensing Appeal Board as set forth in 10 CFR 781.65—"Appeals."

(vii) No costs shall be allowable for maintenance of copyrighted data, primarily for the benefit of the Contractor and/or a licensee which exceeds DOE Program needs, except as expressly provided in writing by the contracting officer. The Contractor may use its net royalty income to effect such maintenance costs.

(viii) At any time the Contractor abandons commercialization activities for data for which the Contractor has received permission to assert copyright in accordance with this clause, it shall advise OSTI and Patent Counsel and upon request assign the copyright to the Government so that the Government can distribute the data to the public.

(4) The following notice may be placed on computer software prior to any publication and prior to the Contractor's obtaining permission from the Department of Energy to assert copyright in the computer software pursuant to paragraph (c)(3) of this section.

Notice: This computer software was prepared by [insert the Contractor's name and the individual author], hereinafter the Contractor, under Contract [insert the Contract Number] with the Department of Energy (DOE). All rights in the computer software are reserved by DOE on behalf of the United States Government and the Contractor as provided in the Contract. You are authorized to use this computer software for Governmental purposes but it is not to be released or distributed to the public. NEITHER THE GOVERNMENT NOR THE CONTRACTOR MAKES ANY WARRANTY, EXPRESS OR IMPLIED, OR ASSUMES ANY LIABILITY FOR THE USE OF THIS SOFTWARE. This notice including this sentence must appear on any copies of this computer software.

(End of Notice)

(5) a similar notice can be used for data, other than computer software, upon approval of DOE Patent Counsel.

(f) *Subcontracting.* (1) Unless otherwise directed by the contracting officer, the Contractor agrees to use in subcontracts in which technical data or computer software is expected to be produced or in subcontracts for supplies that contain a requirement for production or delivery of data in accordance with the policy and procedures of 48 CFR Subpart 27.4 as supplemented by 48 CFR 927.401 through 927.409, the clause entitled, "Rights in Data-General" at 48 CFR 52.227-14 modified in accordance with 927.409(a) and including Alternate V. Alternates II through IV of that clause may be included as appropriate with the prior approval of DOE Patent Counsel, and the Contractor shall not acquire rights in a subcontractor's limited rights data or restricted computer software, except through the use of Alternates II or III, respectively, without the prior approval of DOE Patent Counsel. The clause at 48 CFR 52.227-16, Additional Data Requirements,

shall be included in subcontracts in accordance with 48 CFR 927.409(h). The Contractor shall use instead the Rights in Data-Facilities clause at 48 CFR 970.5227-1 in subcontracts, including subcontracts for related support services, involving the design or operation of any plants or facilities or specially designed equipment for such plants or facilities that are managed or operated under its contract with DOE.

(2) It is the responsibility of the Contractor to obtain from its subcontractors technical data and computer software and rights therein, on behalf of the Government, necessary to fulfill the Contractor's obligations to the Government with respect to such data. In the event of refusal by a subcontractor to accept a clause affording the Government such rights, the Contractor shall:

(i) Promptly submit written notice to the contracting officer setting forth reasons or the subcontractor's refusal and other pertinent information which may expedite disposition of the matter, and

(ii) Not proceed with the subcontract without the written authorization of the contracting officer.

(3) Neither the Contractor nor higher-tier subcontractors shall use their power to award subcontracts as economic leverage to acquire rights in a subcontractor's limited rights data and restricted computer software for their private use.

(g) *Rights in Limited Rights Data.* Except as may be otherwise specified in this Contract as data which are not subject to this paragraph, the Contractor agrees to and does hereby grant to the Government an irrevocable nonexclusive, paid-up license by or for the Government, in any limited rights data of the Contractor specifically used in the performance of this Contract, provided, however, that to the extent that any limited rights data when furnished or delivered is specifically identified by the Contractor at the time of initial delivery to the Government or a representative of the Government, such data shall not be used within or outside the Government except as provided in the "Limited Rights Notice" set forth below. All such limited rights data shall be marked with the following "Limited Rights Notice:"

Limited Rights Notice

(End of clause)

Alternate I (DEC 2000). As prescribed in 48 CFR 970.2704-3(b), where access to Category C-24 restricted data is contemplated in the performance of a contract the contracting officer shall insert the phrase “and except Restricted Data in category C-24, 10 CFR part 725, in which DOE has reserved the right to receive reasonable compensation for the use of its inventions and discoveries, including related data and technology” after “laser isotope separation” and before the comma in paragraph (b)(2)(ii) of the clause at 48 CFR 970.5227-2, Rights in Data—Technology Transfer, as appropriate.

(End of clause)

970.5227-3 Technology transfer mission.

As prescribed in 48 CFR 970.2770-4(a), insert the following clause:

TECHNOLOGY TRANSFER MISSION (AUG 2002)

This clause has as its purpose implementation of the National Competitiveness Technology Transfer Act of 1989 (Sections 3131, 3132, 3133, and 3157 of Pub. L. 101-189 and as amended by Pub. L. 103-160, Sections 3134 and 3160). The Contractor shall conduct technology transfer activities with a purpose of providing benefit from Federal research to U.S. industrial competitiveness.

(a) *Authority.* (1) In order to ensure the full use of the results of research and development efforts of, and the capabilities of, the Laboratory, technology transfer, including Cooperative Research and Development Agreements (CRADAs), is established as a mission of the Laboratory consistent with the policy, principles and purposes of Sections 11(a)(1) and 12(g) of the Stevenson-Wylder Technology Innovation Act of 1980, as amended (15 U.S.C. 3710a); Section 3132(b) of Pub. L. 101-189, Sections 3134 and 3160 of Pub. L. 103-160, and of Chapter 38 of the Patent Laws (35 U.S.C. 200 *et seq.*); Section 152 of the Atomic Energy Act of 1954, as amended (42 U.S.C. 2182); Section 9 of the Federal Nuclear Energy Research and Development Act of 1974 (42 U.S.C. 5908); and Executive Order 12591 of April 10, 1987.

(2) In pursuing the technology transfer mission, the Contractor is authorized to conduct activities including but not limited to: identifying and protecting Intellectual Property made, created or acquired at or by the Laboratory; negotiating licensing agreements and assignments for Intellectual Property made, created or acquired at or by the Laboratory that the Contractor controls or owns; bailments; negotiating all aspects of and entering into CRADAs; providing technical consulting and personnel exchanges; conducting science education activities and reimbursable Work for Others (WFO); providing information exchanges; and making available laboratory or weapon production user facilities. It is fully expected that the Contractor shall use all of the mechanisms available to it to accomplish this technology transfer mission, including, but not limited to, CRADAs, user facilities, WFO, science education activities, consulting, personnel, assignments, and licensing in accordance with this clause.

(b) *Definitions.* (1) *Contractor's Laboratory Director* means the individual who has supervision over all or substantially all of the Contractor's operations at the Laboratory.

(2) *Intellectual Property* means patents, trademarks, copyrights, mask works, protected CRADA information, and other forms of comparable property rights protected by Federal Law and other foreign counterparts.

(3) *Cooperative Research and Development Agreement (CRADA)* means any agreement entered into between the Contractor as operator of the Laboratory, and one or more parties including at least one non-Federal party under which the Government, through its laboratory, provides personnel, services, facilities, equipment, intellectual property, or other resources with or without reimbursement (but not funds to non-Federal parties) and the non-Federal parties provide funds, personnel, services, facilities, equipment, intellectual property, or other resources toward the conduct of specified research or development efforts which are consistent with the missions of the Laboratory; except that such term does not include a procurement contract, grant, or cooperative agreement as those terms are used in sections 6303, 6304, and 6305 of Title 31 of the United States Code.

(4) *Joint Work Statement (JWS)* means a proposal for a CRADA prepared by the Contractor, signed by the Contractor's Laboratory Director or designee which describes the following:

(i) Purpose;

(ii) Scope of Work which delineates the rights and responsibilities of the Government, the Contractor and Third Parties, one of which must be a non-Federal party;

(iii) Schedule for the work; and

(iv) Cost and resource contributions of the parties associated with the work and the schedule.

(5) *Assignment* means any agreement by which the Contractor transfers ownership of Laboratory Intellectual Property, subject to the Government's retained rights.

(6) *Laboratory Biological Materials* means biological materials capable of replication or reproduction, such as plasmids, deoxyribonucleic acid molecules, ribonucleic acid molecules, living organisms of any sort and their progeny, including viruses, prokaryote and eukaryote cell lines, transgenic plants and animals, and any derivatives or modifications thereof or products produced through their use or associated biological products, made under this contract by Laboratory employees or through the use of Laboratory research facilities.

(7) *Laboratory Tangible Research Product* means tangible material results of research which

(i) are provided to permit replication, reproduction, evaluation or confirmation of the research effort, or to evaluate its potential commercial utility;

(ii) are not materials generally commercially available; and

(iii) were made under this contract by Laboratory employees or through the use of Laboratory research facilities.

(8) *Bailment* means any agreement in which the Contractor permits the commercial or non-commercial transfer of custody, access or use of Laboratory Biological Materials or Laboratory Tangible Research Product for a specified purpose of technology transfer or research and development, including without limitation evaluation, and without transferring ownership to the bailee.

(c) *Allowable Costs.* (1) The Contractor shall establish and carry out its technology transfer efforts through appropriate organizational elements consistent with the requirements for an Office of Research and Technology Applications (ORTA) pursuant to paragraphs (b) and (c) of Section 11 of the Stevenson-Wydler Technology Innovation Act of 1980, as amended (15 U.S.C. 3710). The costs associated with the conduct of technology transfer through the ORTA including activities associated with obtaining, maintaining, licensing, and assigning Intellectual Property rights, increasing the potential for the transfer of technology, and the widespread notice of technology transfer opportunities, shall be deemed allowable provided that such costs meet the other requirements of the allowable costs provisions of this Contract. In addition to any separately designated funds, these costs in any fiscal year shall not exceed an amount equal to 0.5 percent of the operating funds included in the Federal research and development budget (including Work For Others) of the Labora-

tory for that fiscal year without written approval of the contracting officer.

(2) The Contractor's participation in litigation to enforce or defend Intellectual Property claims incurred in its technology transfer efforts shall be as provided in the clause entitled "Insurance—Litigation and Claims" of this contract.

(d) *Conflicts of Interest—Technology Transfer.* The Contractor shall have implementing procedures that seek to avoid employee and organizational conflicts of interest, or the appearance of conflicts of interest, in the conduct of its technology transfer activities. These procedures shall apply to other persons participating in Laboratory research or related technology transfer activities. Such implementing procedures shall be provided to the contracting officer for review and approval within sixty (60) days after execution of this contract. The contracting officer shall have thirty (30) days thereafter to approve or require specific changes to such procedures. Such implementing procedures shall include procedures to:

(1) Inform employees of and require conformance with standards of conduct and integrity in connection with the CRADA activity in accordance with the provisions of paragraph (n)(5) of this clause;

(2) Review and approve employee activities so as to avoid conflicts of interest arising from commercial utilization activities relating to Contractor-developed Intellectual Property;

(3) Conduct work performed using royalties so as to avoid interference with or adverse effects on ongoing DOE projects and programs;

(4) Conduct activities relating to commercial utilization of Contractor-developed Intellectual Property so as to avoid interference with or adverse effects on user facility or WFO activities of the Contractor;

(5) Conduct DOE-funded projects and programs so as to avoid the appearance of conflicts of interest or actual conflicts of interest with non-Government funded work;

(6) Notify the contracting officer with respect to any new work to be performed or proposed to be performed under the Contract for DOE or other Federal agencies where the new work or proposal involves Intellectual Property in which the Contractor has obtained or intends to request or elect title;

(7) Except as provided elsewhere in this Contract, obtain the approval of the contracting officer for any licensing of or assignment of title to Intellectual Property rights by the Contractor to any business or corporate affiliate of the Contractor;

(8) Obtain the approval of the contracting officer prior to any assignment, exclusive licensing, or option for exclusive licensing, of Intellectual Property to any individual who has been a Laboratory employee within the

previous two years or to the company in which the individual is a principal; and

(9) Notify non-Federal sponsors of WFO activities, or non-Federal users of user facilities, of any relevant Intellectual Property interest of the Contractor prior to execution of WFOs or user agreements.

(10) Notify DOE prior to evaluating a proposal by a third party or DOE, when the subject matter of the proposal involves an elected or waived subject invention under this contract or one in which the Contractor intends to elect to retain title under this contract.

(e) *Fairness of Opportunity.* In conducting its technology transfer activities, the Contractor shall prepare procedures and take all reasonable measures to ensure widespread notice of availability of technologies suited for transfer and opportunities for exclusive licensing and joint research arrangements. The requirement to widely disseminate the availability of technology transfer opportunities does not apply to a specific application originated outside of the Laboratory and by entities other than the Contractor.

(f) *U.S. Industrial Competitiveness.* (1) In the interest of enhancing U.S. Industrial Competitiveness, the Contractor shall, in its licensing and assignments of Intellectual Property, give preference in such a manner as to enhance the accrual of economic and technological benefits to the U.S. domestic economy. The Contractor shall consider the following factors in all of its licensing and assignment decisions involving Laboratory intellectual property where the Laboratory obtains rights during the course of the Contractor's operation of the Laboratory under this contract:

(i) whether any resulting design and development will be performed in the United States and whether resulting products, embodying parts, including components thereof, will be substantially manufactured in the United States; or

(ii) (A) whether the proposed licensee or assignee has a business unit located in the United States and whether significant economic and technical benefits will flow to the United States as a result of the license or assignment agreement; and

(B) in licensing any entity subject to the control of a foreign company or government, whether such foreign government permits United States agencies, organizations or other persons to enter into cooperative research and development agreements and licensing agreements, and has policies to protect United States Intellectual Property rights.

(2) If the Contractor determines that neither of the conditions in paragraphs (f)(1)(i) or (ii) of this clause are likely to be fulfilled, the Contractor, prior to entering into such an agreement, must obtain the approval of the contracting officer. The contracting officer

shall act on any such requests for approval within thirty (30) days.

(3) The Contractor agrees to be bound by the provisions of 35 U.S.C. 204 (Preference for United States industry).

(g) *Indemnity—Product Liability.* In entering into written technology transfer agreements, including but not limited to, research and development agreements, licenses, assignments and CRADAs, the Contractor agrees to include in such agreements a requirement that the U.S. Government and the Contractor, except for any negligent acts or omissions of the Contractor, be indemnified for all damages, costs, and expenses, including attorneys' fees, arising from personal injury or property damage occurring as a result of the making, using or selling of a product, process or service by or on behalf of the Participant, its assignees or licensees which was derived from the work performed under the agreement. The Contractor shall identify and obtain the approval of the contracting officer for any proposed exceptions to this requirement such as where State or local law expressly prohibit the Participant from providing indemnification or where the research results will be placed in the public domain.

(h) *Disposition of Income.* (1) Royalties or other income earned or retained by the Contractor as a result of performance of authorized technology transfer activities herein shall be used by the Contractor for scientific research, development, technology transfer, and education at the Laboratory, consistent with the research and development mission and objectives of the Laboratory and subject to Section 12(b)(5) of the Stevenson-Wylder Technology Innovation Act of 1980, as amended (15 U.S.C. 3710a(b)(5)) and Chapter 38 of the Patent Laws (35 U.S.C. 200 *et seq.*) as amended through the effective date of this contract award or modification. If the net amounts of such royalties and income received from patent licensing after payment of patenting costs, licensing costs, payments to inventors and other expenses incidental to the administration of Subject Inventions during any fiscal year exceed 5 percent of the Laboratory's budget for that fiscal year, 75 percent of such excess amounts shall be paid to the Treasury of the United States, and the remaining amount of such excess shall be used by the Contractor for the purposes as described above in this paragraph. Any inventions arising out of such scientific research and development activities shall be deemed to be Subject Inventions under the Contract.

(2) The Contractor shall include as a part of its annual Laboratory Institutional Plan or other such annual document a plan setting out those uses to which royalties and other income received as a result of performance of authorized technology transfer activities herein will be applied at the Laboratory, and at the end of the year, provide a

separate accounting for how the funds were actually used. Under no circumstances shall these royalties and income be used for an illegal augmentation of funds furnished by the U.S. Government.

(3) The Contractor shall establish subject to the approval of the contracting officer a policy for making awards or sharing of royalties with Contractor employees, other co-inventors and coauthors, including Federal employee coinventors when deemed appropriate by the contracting officer.

(i) *Transfer to Successor Contractor.* In the event of termination or upon the expiration of this Contract, any unexpended balance of income received for use at the Laboratory shall be transferred, at the contracting officer's request, to a successor contractor, or in the absence of a successor contractor, to such other entity as designated by the contracting officer. The Contractor shall transfer title, as one package, to the extent the Contractor retains title, in all patents and patent applications, licenses, accounts containing royalty revenues from such license agreements, including equity positions in third party entities, and other Intellectual Property rights which arose at the Laboratory, to the successor contractor or to the Government as directed by the contracting officer.

(j) *Technology Transfer Affecting the National Security.* (1) The Contractor shall notify and obtain the approval of the contracting officer, prior to entering into any technology transfer arrangement, when such technology or any part of such technology is classified or sensitive under Section 148 of the Atomic Energy Act (42 U.S.C. 2168). Such notification shall include sufficient information to enable DOE to determine the extent that commercialization of such technology would enhance or diminish security interests of the United States, or diminish communications within DOE's nuclear weapon production complex. DOE shall use its best efforts to complete its determination within sixty (60) days of the Contractor's notification, and provision of any supporting information, and DOE shall promptly notify the Contractor as to whether the technology is transferable.

(2) The Contractor shall include in all of its technology transfer agreements with third parties, including, but not limited to, CRADAs, licensing agreements and assignments, notice to such third parties that the export of goods and/or Technical Data from the United States may require some form of export control license or other authority from the U.S. Government and that failure to obtain such export control license may result in criminal liability under U.S. laws.

(3) For other than fundamental research as defined in National Security Decision Directive 189, the Contractor is responsible to conduct internal export control reviews and as-

sure that technology is transferred in accordance with applicable law.

(k) *Records.* The Contractor shall maintain records of its technology transfer activities in a manner and to the extent satisfactory to the DOE and specifically including, but not limited to, the licensing agreements, assignments and the records required to implement the requirements of paragraphs (e), (f), and (h) of this clause and shall provide reports to the contracting officer to enable DOE to maintain the reporting requirements of Section 12(c)(6) of the Stevenson-Wydler Technology Innovation Act of 1980, as amended (15 U.S.C. 3710a(c)(6)). Such reports shall be made annually in a format to be agreed upon between the Contractor and DOE and in such a format which will serve to adequately inform DOE of the Contractor's technology transfer activities while protecting any data not subject to disclosure under the Rights in Technical Data clause and paragraph (n) of this clause. Such records shall be made available in accordance with the clauses of this Contract pertaining to inspection, audit and examination of records.

(l) *Reports to Congress.* To facilitate DOE's reporting to Congress, the Contractor is required to submit annually to DOE a technology transfer plan for conducting its technology transfer function for the upcoming year, including plans for securing Intellectual Property rights in Laboratory innovations with commercial promise and plans for managing such innovations so as to benefit the competitiveness of United States industry. This plan shall be provided to the contracting officer on or before October 1st of each year.

(m) *Oversight and Appraisal.* The Contractor is responsible for developing and implementing effective internal controls for all technology transfer activities consistent with the audit and record requirements of this Contract. Laboratory Contractor performance in implementing the technology transfer mission and the effectiveness of the Contractor's procedures will be evaluated by the contracting officer as part of the annual appraisal process, with input from the cognizant Secretarial Officer or program office.

(n) *Technology Transfer Through Cooperative Research and Development Agreements.* Upon approval of the contracting officer and as provided in a DOE approved Joint Work Statement (JWS), the Laboratory Director, or designee, may enter into CRADAs on behalf of the DOE subject to the requirements set forth in this paragraph.

(1) *Review and Approval of CRADAs.* (i) Except as otherwise directed in writing by the contracting officer, each JWS shall be submitted to the contracting officer for approval. The Contractor's Laboratory Director or designee shall provide a program mission impact statement and shall include an

impact statement regarding related Intellectual Property rights known by the Contractor to be owned by the Government to assist the contracting officer in the approval determination.

(ii) The Contractor shall also include (specific to the proposed CRADA), a statement of compliance with the Fairness of Opportunity requirements of paragraph (e) of this clause.

(iii) Within thirty (30) days after submission of a JWS or proposed CRADA, the contracting officer shall approve, disapprove or request modification to the JWS or CRADA. The contracting officer shall provide a written explanation to the Contractor's Laboratory Director or designee of any disapproval or requirement for modification of a JWS or proposed CRADA.

(iv) Except as otherwise directed in writing by the contracting officer, the Contractor shall not enter into, or begin work under, a CRADA until approval of the CRADA has been granted by the contracting officer. The Contractor may submit its proposed CRADA to the contracting officer at the time of submitting its proposed JWS or any time thereafter.

(2) *Selection of Participants.* The Contractor's Laboratory Director or designee in deciding what CRADA to enter into shall:

(i) Give special consideration to small business firms, and consortia involving small business firms;

(ii) Give preference to business units located in the United States which agree that products or processes embodying Intellectual Property will be substantially manufactured or practiced in the United States and, in the case of any industrial organization or other person subject to the control of a foreign company or government, take into consideration whether or not such foreign government permits United States agencies, organizations, or other persons to enter into cooperative research and development agreements and licensing agreements;

(iii) Provide Fairness of Opportunity in accordance with the requirements of paragraph (e) of this clause; and

(iv) Give consideration to the Conflicts of Interest requirements of paragraph (d) of this clause.

(3) *Withholding of Data.* (i) Data that is first produced as a result of research and development activities conducted under a CRADA and that would be a trade secret or commercial or financial data that would be privileged or confidential, if such data had been obtained from a non-Federal third party, may be protected from disclosure under the Freedom of Information Act as provided in the Stevenson-Wydler Technology Innovation Act of 1980, as amended (15 U.S.C. 3710a(c)(7)) for a period as agreed in the CRADA of up to five (5) years from the time the data is first produced. The DOE

shall cooperate with the Contractor in protecting such data.

(ii) Unless otherwise expressly approved by the contracting officer in advance for a specific CRADA, the Contractor agrees, at the request of the contracting officer, to transmit such data to other DOE facilities for use by DOE or its Contractors by or on behalf of the Government. When data protected pursuant to paragraph (n)(3)(i) of this clause is so transferred, the Contractor shall clearly mark the data with a legend setting out the restrictions against private use and further dissemination, along with the expiration date of such restrictions.

(iii) In addition to its authority to license Intellectual Property, the Contractor may enter into licensing agreements with third parties for data developed by the Contractor under a CRADA subject to other provisions of this Contract. However, the Contractor shall neither use the protection against dissemination nor the licensing of data as an alternative to the submittal of invention disclosures which include data protected pursuant to paragraph (n)(3)(i) of this clause.

(4) *Work For Others and User Facility Programs.* (i) WFO and User Facility Agreements (UFAs) are not CRADAs and will be available for use by the Contractor in addition to CRADAs for achieving utilization of employee expertise and unique facilities for maximizing technology transfer. The Contractor agrees form prospective CRADA participants, which are intending to substantially pay full cost recovery for the effort under a proposed CRADA, of the availability of alternative forms of agreements, *i.e.*, WFO and UFA, and of the Class Patent Waiver provisions associated therewith.

(ii) Where the Contractor believes that the transfer of technology to the U.S. domestic economy will benefit from, or other equity considerations dictate, an arrangement other than the Class Waiver of patent rights to the sponsor in WFO and UFAs, a request may be made to the contracting officer for an exception to the Class Waivers.

(iii) Rights to inventions made under agreements other than funding agreements with third parties shall be governed by the appropriate provisions incorporated, with DOE approval, in such agreements, and the provisions in such agreements take precedence over any disposition of rights contained in this Contract. Disposition of rights under any such agreement shall be in accordance with any DOE class waiver (including Work for Others and User Class Waivers) or individually negotiated waiver which applies to the agreement.

(5) *Conflicts of Interest.* (i) Except as provided in paragraph (n)(5)(iii) of this clause, the Contractor shall assure that no employee of the Contractor shall have a substantial

role (including an advisory role) in the preparation, negotiation, or approval of a CRADA, if, to such employee's knowledge:

(A) Such employee, or the spouse, child, parent, sibling, or partner of such employee, or an organization (other than the Contractor) in which such employee serves as an officer, director, trustee, partner, or employee—

(1) holds financial interest in any entity, other than the Contractor, that has a substantial interest in the preparation, negotiation, or approval of the CRADA;

(2) receives a gift or gratuity from any entity, other than the Contractor, that has a substantial interest in the preparation, negotiation, or approval of the CRADA; or

(B) A financial interest in any entity, other than the Contractor, that has a substantial interest in the preparation, negotiation, or approval of the CRADA, is held by any person or organization with whom such employee is negotiating or has any arrangement concerning prospective employment.

(i) The Contractor shall require that each employee of the Contractor who has a substantial role (including an advisory role) in the preparation, negotiation, or approval of a CRADA certify through the Contractor to the contracting officer that the circumstances described in paragraph (n)(5)(i) of this clause do not apply to that employee.

(ii) The requirements of paragraphs (n)(5)(i) and (n)(5)(ii) of this clause shall not apply in a case where the contracting officer is advised by the Contractor in advance of the participation of an employee described in those paragraphs in the preparation, negotiation or approval of a CRADA of the nature of and extent of any financial interest described in paragraph (n)(5)(i) of this clause, and the contracting officer determines that such financial interest is not so substantial as to be considered likely to affect the integrity of the Contractor employee's participation in the process of preparing, negotiating, or approving the CRADA.

(o) *Technology Transfer in Other Cost-Sharing Agreements.* In conducting research and development activities in cost-shared agreements not covered by paragraph (n) of this clause, the Contractor, with prior written permission of the contracting officer, may provide for the withholding of data produced thereunder in accordance with the applicable provisions of paragraph (n)(3) of this clause.

(End of clause)

Alternate I (AUG 2002). As prescribed in 48 CFR 970.2770-4(b), add the following definition under paragraph (b) and the following new paragraph (p):

(b)(8) *Privately funded technology transfer* means the prosecuting, maintaining, licensing, and marketing of inventions which are

not owned by the Government (and not related to CRADAs) when such activities are conducted entirely without the use of Government funds.

(p) Technology Partnership Ombudsman.

(1) The Contractor agrees to establish a position to be known as "Technology Partnership Ombudsman," to help resolve complaints from outside organizations regarding the policies and actions of the contractor with respect to technology partnerships (including CRADAs), patents owned by the contractor for inventions made at the laboratory, and technology licensing.

(2) The Ombudsman shall be a senior official of the Contractor's laboratory staff, who is not involved in day-to-day technology partnerships, patents or technology licensing, or, if appointed from outside the laboratory or facility, shall function as such senior official.

(3) The duties of the Technology Partnership Ombudsman shall include:

(i) Serving as the focal point for assisting the public and industry in resolving complaints and disputes with the laboratory or facility regarding technology partnerships, patents, and technology licensing;

(ii) Promoting the use of collaborative alternative dispute resolution techniques such as mediation to facilitate the speedy and low cost resolution of complaints and disputes, when appropriate; and

(iii) Submitting a quarterly report, in a format provided by DOE, to the Secretary of Energy, the Administrator for Nuclear Security, the Director of the DOE Office of Dispute Resolution, and the Contracting Officer concerning the number and nature of complaints and disputes raised, along with the Ombudsman's assessment of their resolution, consistent with the protection of confidential and sensitive information.

(q) Nothing in paragraphs (c) Allowable Costs, (e) Fairness of Opportunity, (f) U.S. Industrial Competitiveness, (g) Indemnity—Product Liability, (h) Disposition of Income, and (i) Transfer to Successor Contractor of this clause are intended to apply to the contractor's privately funded technology transfer activities if such privately funded activities are addressed elsewhere in the contract.

Alternate II (DEC 2000). As prescribed in 48 CFR 970.2770-4(c), the contracting officer shall substitute the phrase "weapon production facility" wherever the word "laboratory" appears in the clause.

Insert the following clause in solicitations and contracts in accordance with 970.2702-1:

AUTHORIZATION AND CONSENT (AUG 2002)

(a) The Government authorizes and consents to all use and manufacture of any invention described in and covered by a United States patent in the performance of this contract or any subcontract at any tier.

(b) If the Contractor is sued for copyright infringement or anticipates the filing of such a lawsuit, the Contractor may request authorization and consent to copy a copyrighted work from the contracting officer. Programmatic necessity is a major consideration for DOE in determining whether to grant such request.

(c)(1) The Contractor agrees to include, and require inclusion of, the Authorization and Consent clause at 52.227-1, without Alternate 1, but suitably modified to identify the parties, in all subcontracts expected to exceed \$100,000 at any tier for supplies or services, including construction, architect-engineer services, and materials, supplies, models, samples, and design or testing services.

(2) The Contractor agrees to include, and require inclusion of, paragraph (a) of this Authorization and Consent clause, suitably modified to identify the parties, in all subcontracts at any tier for research and development activities expected to exceed \$100,000.

(3) Omission of an authorization and consent clause from any subcontract, including those valued less than \$100,000 does not affect this authorization and consent.

tract or out of the use of any supplies furnished or work or services performed hereunder, the Contractor shall furnish to the Government, when requested by the Contracting Officer, all evidence and information in possession of the Contractor pertaining to such suit or claim. Except where the Contractor has agreed to indemnify the Government, the Contractor shall furnish such evidence and information at the expense of the Government.

(c) The Contractor agrees to include, and require inclusion of, this clause suitably modified to identify the parties, in all subcontracts at any tier expected to exceed \$100,000.

(d) The Contractor shall furnish to the Contracting Officer, annually upon request, a statement of royalties paid or required to be paid in connection with performing this Contract and subcontracts hereunder.

970.5227-9 Notice of right to request patent waiver.

Insert the following provision in solicitations in accordance with 970.2704-6:

NOTICE OF RIGHT TO REQUEST PATENT WAIVER
(DEC 2000)

Offerors have the right to request a waiver of all or any part of the rights of the United States in inventions conceived or first actually reduced to practice in performance of the contract, in advance of or within 30 days after the effective date of contracting. If such advance waiver is not requested or the request is denied, the Contractor has a continuing right under the contract to request a waiver of the rights of the Government in identified inventions, *i.e.*, individual inventions conceived or first actually reduced to practice in performance of the contract. Contractors that are domestic small businesses and domestic nonprofit organizations may not need a waiver and will have included in their contracts a patent clause reflecting

their right to elect title to subject inventions pursuant to the Bayh-Dole Act (35 U.S.C. 200 *et seq.*).

(End of provision)

970.5227-10 Patent rights—management and operating contracts, nonprofit organization or small business firm contractor.

As prescribed in 970.2703-1(b)(2), insert the following clause:

(a) *Definitions.*

(1) *DOE licensing regulations* means the Department of Energy patent licensing regulations at 10 CFR Part 781.

(2) *Exceptional circumstance subject invention* means any subject invention in a technical field or related to a task determined by the Department of Energy to be subject to an exceptional circumstance under 35 U.S.C. 202(a)(ii) and in accordance with 37 CFR 401.3(e).

(3) *Invention* means any invention or discovery which is or may be patentable or otherwise protectable under Title 35 of the United States Code, or any novel variety of plant which is or may be protected under the Plant Variety Protection Act (7 U.S.C. 2321 *et seq.*).

(4) *Made* when used in relation to any invention means the conception or first actual reduction to practice of such invention.

(5) *Nonprofit organization* means a university or other institution of higher education or an organization of the type described in section 501(c)(3) of the Internal Revenue Code of 1954 (26 U.S.C. 501(c)) and exempt from taxation under section 501(a) of the Internal Revenue Code (26 U.S.C. 501(a)) or any nonprofit scientific or educational organization qualified under a state nonprofit organization statute.

(7) *Practical application* means to manufacture, in the case of a composition or product; to practice, in the case of a process or method; or to operate, in the case of a machine or system; and, in each case, under such conditions as to establish that the invention is being utilized and that its benefits are, to the extent permitted by law or Government regulations, available to the public on reasonable terms.

(8) *Small business firm* means a small business concern as defined at section 2 of Pub. L. 85-536 (15 U.S.C. 632) and implementing regulations of the Administrator of the Small Business Administration. For the pur-

pose of this clause, the size standards for small business concerns involved in Government procurement and subcontracting at 13 CFR 121.3-8 and 13 CFR 121.3-12, respectively, are used.

(9) *Subject Invention* means any invention of the contractor conceived or first actually reduced to practice in the performance of work under this contract, provided that in the case of a variety of plant, the date of determination (as defined in section 41(d) of the Plant Variety Protection Act, 7 U.S.C. 2401(d)) shall also occur during the period of contract performance.

(b) *Allocation of Principal Rights.*

(1) *Retention of title by the Contractor.* Except for exceptional circumstance subject inventions, the contractor may retain the entire right, title, and interest throughout the world to each subject invention subject to the provisions of this clause and 35 U.S.C. 203. With respect to any subject invention in which the Contractor retains title, the Federal government shall have a nonexclusive, nontransferable, irrevocable, paid-up license to practice or have practiced for or on behalf of the United States the subject invention throughout the world.

(2) *Exceptional circumstance subject inventions.* Except to the extent that rights are retained by the Contractor in a determination of exceptional circumstances or granted to a contractor through a determination of greater rights in accordance with subparagraph (b)(4) of this clause, the Contractor does not have a right to retain title to any exceptional circumstance subject inventions and agrees to assign to the Government the entire right, title, and interest, throughout the world, in and to any exceptional circumstance subject inventions.

(i) Inventions within or relating to the following fields of technology are exceptional circumstance subject inventions:

(A) uranium enrichment technology;

(B) storage and disposal of civilian high-level nuclear waste and spent fuel technology; and

(C) national security technologies classified or sensitive under Section 148 of the Atomic Energy Act (42 U.S.C. 2168).

(ii) Inventions made under any agreement, contract or subcontract related to the following are exceptional circumstance subject inventions:

(A) DOE Steel Initiative and Metals Initiative;

(B) U.S. Advanced Battery Consortium; and

(C) any funding agreement which is funded in part by the Electric Power Research Institute (EPRI) or the Gas Research Institute (GRI).

(iii) DOE reserves the right to unilaterally amend this contract to modify, by deletion or insertion, technical fields, tasks, or other

classifications for the purpose of determining DOE exceptional circumstance subject inventions.

(3) *Treaties and international agreements.* Any rights acquired by the Contractor in subject inventions are subject to any disposition of right, title, or interest in or to subject inventions provided for in treaties or international agreements identified at Appendix [Insert Reference] to this contract. DOE reserves the right to unilaterally amend this contract to identify specific treaties or international agreements entered into or to be entered into by the Government after the effective date of this contract and to effectuate those license or other rights which are necessary for the Government to meet its obligations to foreign governments, their nationals and international organizations under such treaties or international agreements with respect to subject inventions made after the date of the amendment.

(4) *Contractor request for greater rights in exceptional circumstance subject inventions.* The Contractor may request rights greater than allowed by the exceptional circumstance determination in an exceptional circumstance subject invention by submitting such a request in writing to Patent Counsel at the time the exceptional circumstance subject invention is disclosed to DOE or within eight (8) months after conception or first actual reduction to practice of the exceptional circumstance subject invention, whichever occurs first, unless a longer period is authorized in writing by the Patent Counsel for good cause shown in writing by the Contractor. DOE may, in its discretion, grant or refuse to grant such a request by the Contractor.

(5) *Contractor employee-inventor rights.* If the Contractor does not elect to retain title to a subject invention or does not request greater rights in an exceptional circumstance subject invention, a Contractor employee-inventor, after consultation with the Contractor and with written authorization from the Contractor in accordance with 10 CFR 784.9(b)(4), may request greater rights, including title, in the subject invention or the exceptional circumstance invention from DOE, and DOE may, in its discretion, grant or refuse to grant such a request by the Contractor employee-inventor.

(6) *Government assignment of rights in Government employees' subject inventions.* If a Government employee is a joint inventor of a subject invention or of an exceptional circumstance subject invention to which the Contractor has rights, the Government may assign or refuse to assign to the Contractor any rights in the subject invention or exceptional circumstance subject invention acquired by the Government from the Government employee, in accordance with 48 CFR 27.304-1(d). The rights assigned to the Contractor are subject to any provision of this

clause that is applicable to subject inventions in which the Contractor retains title, including reservation by the Government of a nonexclusive, nontransferable, irrevocable, paid-up license, except that the Contractor shall file its initial patent application claiming the subject invention or exceptional circumstance invention within one (1) year after the assignment of such rights. The Contractor shall share royalties collected for the manufacture, use or sale of the subject invention with the Government employee.

(c) *Subject Invention Disclosure, Election of Title and Filing of Patent Application by Contractor.*

(1) *Subject invention disclosure.* The contractor will disclose each subject invention to the Patent Counsel within two months after the inventor discloses it in writing to contractor personnel responsible for patent matters. The disclosure to the agency shall be in the form of a written report and shall identify the contract under which the invention was made and the inventor(s) and all sources of funding by B&R code for the invention. It shall be sufficiently complete in technical detail to convey a clear understanding to the extent known at the time of the disclosure, of the nature, purpose, operation, and the physical, chemical, biological or electrical characteristics of the invention. The disclosure shall also identify any publication, on sale or public use of the invention and whether a manuscript describing the invention has been submitted for publication and, if so, whether it has been accepted for publication at the time of disclosure. The disclosure shall include a written statement as to whether the invention falls within an exceptional circumstance field. DOE will make a determination and advise the Contractor within 30 days of receipt of an invention disclosure as to whether the invention is an exceptional circumstance subject invention. In addition, after disclosure to the Patent Counsel, the Contractor will promptly notify the agency of the acceptance of any manuscript describing the invention for publication or of any on sale or public use planned by the contractor. The Contractor shall obtain approval from Patent Counsel prior to any release or publication of information concerning any nonelectable subject invention such as an exceptional circumstance subject invention or any subject invention related to a treaty or international agreement.

(2) *Election by the Contractor.* Except as provided in paragraph (b)(2) of this clause, the Contractor will elect in writing whether or not to retain title to any such invention by notifying the Federal agency within two years of disclosure to the Federal agency. However, in any case where publication, on sale or public use has initiated the one year statutory period wherein valid patent protection can still be obtained in the United

States, the period for election of title may be shortened by the agency to a date that is no more than 60 days prior to the end of the statutory period.

(3) *Filing of patent applications by the Contractor.* The Contractor will file its initial patent application on a subject invention to which it elects to retain title within one year after election of title or, if earlier, or prior to the end of any 1-year statutory period wherein valid patent protection can be obtained in the United States after a publication, on sale, or public use. The Contractor will file patent applications in additional countries or international patent offices within either ten months of the corresponding initial patent application or six months from the date permission is granted by the Commissioner of Patents and Trademarks to file foreign patent applications where such filing has been prohibited by a Secrecy Order.

(4) *Contractor's request for an extension of time.* Requests for an extension of the time for disclosure, election, and filing under subparagraphs (c)(1), (2) and (3) may, at the discretion of Patent Counsel, be granted.

(5) *Publication Approval.* During the course of the work under this contract, the Contractor or its employees may desire to release or publish information regarding scientific or technical developments conceived or first actually reduced to practice in the course of or under this contract. In order that public disclosure of such information will not adversely affect the patent interest of DOE or the Contractor, approval for release or publication shall be secured from the Contractor personnel responsible for patent matters prior to any such release or publication. Where DOE's approval of publication is requested, DOE's response to such requests for approval shall normally be provided within 90 days except in circumstances in which a domestic patent application must be filed in order to protect foreign rights. In the case involving foreign patent rights, DOE shall be granted an additional 180 days with which to respond to the request for approval, unless extended by mutual agreement.

(d) *Conditions When the Government May Obtain Title.*

The Contractor will convey to the DOE, upon written request, title to any subject invention—

(1) If the Contractor fails to disclose or elect title to the subject invention within the times specified in paragraph (c) of this clause, or elects not to retain title; provided, that DOE may only request title within sixty (60) days after learning of the failure of the Contractor to disclose or to elect within the specified times.

(2) In those countries in which the Contractor fails to file a patent application within the times specified in subparagraph

(c) of this clause; provided, however, that if the Contractor has filed a patent application in a country after the times specified in subparagraph (c) above, but prior to its receipt of the written request of the DOE, the Contractor shall continue to retain title in that country.

(3) In any country in which the Contractor decides not to continue the prosecution of any application for, to pay the maintenance fees on, or defend in a reexamination or opposition proceeding on, a patent on a subject invention.

(4) If the Contractor requests that DOE acquire title or rights from the Contractor in a subject invention to which the Contractor had initially retained title or rights, or in an exceptional circumstance subject invention to which the Contractor was granted greater rights, DOE may acquire such title or rights from the Contractor, or DOE may decide against acquiring such title or rights from the Contractor, at DOE's sole discretion.

(e) *Minimum Rights of the Contractor and Protection of the Contractor's Right to File.*

(1) *Request for a Contractor license.* The Contractor may request the right to reserve a revocable, nonexclusive, royalty-free license throughout the world in each subject invention to which the Government obtains title, except if the Contractor fails to disclose the invention within the times specified in paragraph (c) of this clause. DOE may grant or refuse to grant such a request by the Contractor. When DOE approves such reservation, the Contractor's license will normally extend to its domestic subsidiaries and affiliates, if any, within the corporate structure of which the Contractor is a party and includes the right to grant sublicenses of the same scope to the extent the Contractor was legally obligated to do so at the time the contract was awarded. The license is transferable only with the approval of DOE, except when transferred to the successor of that part of the contractor's business to which the invention pertains.

(2) *Revocation or modification of a Contractor license.* The Contractor's domestic license may be revoked or modified by DOE to the extent necessary to achieve expeditious practical application of the subject invention pursuant to an application for an exclusive license submitted in accordance with applicable provisions at 37 CFR Part 404 and DOE licensing regulations at 10 CFR Part 781. This license will not be revoked in the field of use or the geographical areas in which the Contractor has achieved practical application and continues to make the benefits of the subject invention reasonably accessible to the public. The license in any foreign country may be revoked or modified at the discretion of DOE to the extent the Contractor, its licensees, or the domestic subsidiaries or affiliates have failed to achieve

practical application of the subject invention in that foreign country.

(3) *Notice of revocation of modification of a Contractor license.* Before revocation or modification of the license, DOE will furnish the Contractor a written notice of its intention to revoke or modify the license, and the Contractor will be allowed thirty days (or such other time as may be authorized by DOE for good cause shown by the Contractor) after the notice to show cause why the license should not be revoked or modified. The Contractor has the right to appeal, in accordance with applicable regulations in 37 CFR part 404 and DOE licensing regulations at 10 CFR part 781 concerning the licensing of Government owned inventions, any decision concerning the revocation or modification of the license.

(f) Contractor Action to Protect the Government's Interest.

(1) *Execution of delivery of title or license instruments.* The Contractor agrees to execute or to have executed, and promptly deliver to the Patent Counsel all instruments necessary to accomplish the following actions:

(i) establish or confirm the rights the Government has throughout the world in those subject inventions to which the Contractor elects to retain title, and

(ii) convey title to DOE when requested under subparagraphs (b) or paragraph (d) of this clause and to enable the Government to obtain patent protection throughout the world in that subject invention.

(2) *Contractor employee agreements.* The Contractor agrees to require, by written agreement, its employees, other than clerical and nontechnical employees, to disclose promptly in writing to Contractor personnel identified as responsible for the administration of patent matters and in a format suggested by the Contractor, each subject invention made under this contract in order that the Contractor can comply with the disclosure provisions of paragraph (c) of this clause, and to execute all papers necessary to file patent applications on subject inventions and to establish the Government's rights in the subject inventions. This disclosure format should require, as a minimum, the information required by subparagraph (c)(1) of this clause. The Contractor shall instruct such employees, through employee agreements or other suitable educational programs, on the importance of reporting inventions in sufficient time to permit the filing of patent applications prior to U.S. or foreign statutory bars.

(3) *Notification of discontinuation of patent protection.* The contractor will notify the Patent Counsel of any decision not to continue the prosecution of a patent application, pay maintenance fees, or defend in a re-examination or opposition proceeding on a patent, in any country, not less than thirty

days before the expiration of the response period required by the relevant patent office.

(4) *Notification of Government rights.* The contractor agrees to include, within the specification of any United States patent applications and any patent issuing thereon covering a subject invention, the following statement, "This invention was made with government support under (identify the contract) awarded by (identify the Federal agency). The government has certain rights in the invention."

(5) *Invention Identification Procedures.* The Contractor shall establish and maintain active and effective procedures to ensure that subject inventions are promptly identified and timely disclosed and shall submit a written description of such procedures to the Contracting Officer so that the Contracting Officer may evaluate and determine their effectiveness.

(6) *Invention Filing Documentation.* If the Contractor files a domestic or foreign patent application claiming a subject invention, the Contractor shall promptly submit to Patent Counsel, upon request, the following information and documents:

(i) the filing date, serial number, title, and a copy of the patent application (including an English-language version if filed in a language other than English);

(ii) an executed and approved instrument fully confirmatory of all Government rights in the subject invention; and

(iii) the patent number, issue date, and a copy of any issued patent claiming the subject invention.

(7) *Duplication and disclosure of documents.* The Government may duplicate and disclose subject invention disclosures and all other reports and papers furnished or required to be furnished pursuant to this clause; provided, however, that any such duplication or disclosure by the Government is subject to the confidentiality provision at 35 U.S.C. 205 and 37 CFR Part 40.

(g) Subcontracts.

(1) *Subcontractor subject inventions.* The Contractor shall not obtain rights in the subcontractor's subject inventions as part of the consideration for awarding a subcontract.

(2) *Inclusion of patent rights clause—non-profit organization or small business firm subcontractors.* Unless otherwise authorized or directed by the Contracting Officer, the Contractor shall include the patent rights clause at 48 CFR 952.227-11, suitably modified to identify the parties, in all subcontracts, at any tier, for experimental, developmental, demonstration or research work to be performed by a small business firm or domestic nonprofit organization, except subcontracts which are subject to exceptional circumstances in accordance with 35 U.S.C. 202 and subparagraph (b)(2) of this clause. The subcontractor retains all rights provided for

the contractor in the patent rights clause at 48 CFR 952.227-11.

(3) *Inclusion of patent rights clause—subcontractors other than non-profit organizations and small business firms.* Except for the subcontracts described in subparagraph (g)(2) of this clause, the Contractor shall include the patent rights clause at 48 CFR 952.227-13, suitably modified to identify the parties, in any contract for experimental, developmental, demonstration or research work. For subcontracts subject to exceptional circumstances, the contractor must consult with DOE patent counsel with respect to the appropriate patent clause.

(4) *DOE and subcontractor contract.* With respect to subcontracts at any tier, DOE, the subcontractor, and the Contractor agree that the mutual obligations of the parties created by this clause constitute a contract between the subcontractor and DOE with respect to the matters covered by the clause; provided, however, that nothing in this paragraph is intended to confer any jurisdiction under the Contract Disputes Act in connection with proceedings under paragraph (j) of this clause.

(5) *Subcontractor refusal to accept terms of patent clause.* If a prospective subcontractor refuses to accept the terms of a patent rights clause, the Contractor shall promptly submit a written notice to the Contracting Officer stating the subcontractor's reasons for such a refusal, including any relevant information for expediting disposition of the matter, and the Contractor shall not proceed with the subcontract without the written authorization of the Contracting Officer.

(6) *Notification of award of subcontract.* Upon the award of any subcontract at any tier containing a patent rights clause, the Contractor shall promptly notify the Contracting Officer in writing and identify the subcontractor, the applicable patent rights clause, the work to be performed under the subcontract, and the dates of award and estimated completion. Upon request of the Contracting Officer, the Contractor shall furnish a copy of a subcontract.

(7) *Identification of subcontractor subject inventions.* If the Contractor in the performance of this contract becomes aware of a subject invention made under a subcontract, the Contractor shall promptly notify Patent Counsel and identify the subject invention.

(h) *Reporting on Utilization of Subject Inventions.* The Contractor agrees to submit to DOE on request, periodic reports, no more frequently than annually, on the utilization of a subject invention or on efforts at obtaining such utilization that are being made by the Contractor or its licensees or assignees. Such reports shall include information regarding the status of development, date of first commercial sale or use, gross royalties received by the Contractor, and such other data and information as DOE may reason-

ably specify. The Contractor also agrees to provide additional reports as may be requested by DOE in connection with any march-in proceeding undertaken by DOE in accordance with paragraph (j) of this clause. As required by 35 U.S.C. 202(c)(5), DOE agrees it will not disclose such information to persons outside the Government without permission of the Contractor.

(i) *Preference for United States Industry.* Notwithstanding any other provision of this clause, the Contractor agrees that neither it nor any assignee will grant to any person the exclusive right to use or sell any subject invention in the United States unless such person agrees that any product embodying the subject invention or produced through the use of the subject invention will be manufactured substantially in the United States. However, in individual cases, the requirement for such an agreement may be waived by DOE upon a showing by the Contractor or its assignee that reasonable but unsuccessful efforts have been made to grant licenses on similar terms to potential licensees that would be likely to manufacture substantially in the United States or that under the circumstances domestic manufacture is not commercially feasible.

(j) *March-in Rights.* The Contractor agrees that, with respect to any subject invention in which it has acquired title, DOE has the right in accordance with the procedures in 37 CFR 401.6 and any DOE supplemental regulations to require the Contractor, an assignee or exclusive licensee of a subject invention to grant a nonexclusive, partially exclusive, or exclusive license in any field of use to a responsible applicant or applicants, upon terms that are reasonable under the circumstances, and, if the Contractor, assignee or exclusive licensee refuses such a request, DOE has the right to grant such a license itself if DOE determines that—

(1) Such action is necessary because the Contractor or assignee has not taken, or is not expected to take within a reasonable time, effective steps to achieve practical application of the subject invention in such field of use;

(2) Such action is necessary to alleviate health or safety needs which are not reasonably satisfied by the Contractor, assignee, or their licensees;

(3) Such action is necessary to meet requirements for public use specified by Federal regulations and such requirements are not reasonably satisfied by the Contractor, assignee, or licensees; or

(4) Such action is necessary because the agreement required by paragraph (i) of this clause has not been obtained or waived, or because a licensee of the exclusive right to use or sell any subject invention in the United States is in breach of such agreement.

(k) *Special Provisions for Contracts With Nonprofit Organizations.* If the Contractor is a nonprofit organization, it agrees that—

(1) *DOE approval of assignment of rights.* Rights to a subject invention in the United States may not be assigned by the Contractor without the approval of DOE, except where such assignment is made to an organization which has as one of its primary functions the management of inventions; provided, that such assignee will be subject to the same provisions of this clause as the Contractor.

(2) *Small business firm licensees.* It will make efforts that are reasonable under the circumstances to attract licensees of subject inventions that are small business firms, and that it will give a preference to a small business firm when licensing a subject invention if the Contractor determines that the small business firm has a plan or proposal for marketing the invention which, if executed, is equally as likely to bring the invention to practical application as any plans or proposals from applicants that are not small business firms; provided, that the Contractor is also satisfied that the small business firm has the capability and resources to carry out its plan or proposal. The decision whether to give a preference in any specific case will be at the discretion of the Contractor. However, the Contractor agrees that the Secretary of Commerce may review the Contractor's licensing program and decisions regarding small business firm applicants, and the Contractor will negotiate changes to its licensing policies, procedures, or practices with the Secretary of Commerce when that Secretary's review discloses that the Contractor could take reasonable steps to more effectively implement the requirements of this subparagraph (k)(2).

(3) *Contractor licensing of subject inventions.* To the extent that it provides the most effective technology transfer, licensing of subject inventions shall be administered by Contractor employees on location at the facility.

(l) *Communications.* The Contractor shall direct any notification, disclosure or request provided for in this clause to the Patent Counsel assisting the DOE contracting activity.

(m) *Reports.*

(1) *Interim reports.* Upon DOE's request, the Contractor shall submit to DOE, no more frequently than annually, a list of subject inventions disclosed to DOE during a specified period, or a statement that no subject inventions were made during the specified period; and a list of subcontracts containing a patent clause and awarded by the Contractor during a specified period, or a statement that no such subcontracts were awarded during the specified period.

(2) *Final reports.* Upon DOE's request, the Contractor shall submit to DOE, prior to

closeout of the contract, a list of all subject inventions disclosed during the performance period of the contract, or a statement that no subject inventions were made during the contract performance period; and a list of all subcontracts containing a patent clause and awarded by the Contractor during the contract performance period, or a statement that no such subcontracts were awarded during the contract performance period.

(n) *Examination of Records Relating to Subject Inventions.* (1) *Contractor compliance.* Until the expiration of three (3) years after final payment under this contract, the Contracting Officer or any authorized representative may examine any books (including laboratory notebooks), records, documents, and other supporting data of the Contractor, which the Contracting Officer or authorized representative deems reasonably pertinent to the discovery or identification of subject inventions, including exceptional circumstance subject inventions, or to determine Contractor compliance with any requirement of this clause.

(2) *Unreported inventions.* If the Contracting Officer is aware of an invention that is not disclosed by the Contractor to DOE, and the Contracting Officer believes the unreported invention may be a subject invention, including exceptional circumstance subject inventions, DOE may require the Contractor to submit to DOE a disclosure of the invention for a determination of ownership rights.

(3) *Confidentiality.* Any examination of records under this paragraph is subject to appropriate conditions to protect the confidentiality of the information involved.

(4) *Power of inspection.* With respect to a subject invention for which the Contractor has responsibility for patent prosecution, the Contractor shall furnish the Government, upon request by DOE, an irrevocable power to inspect and make copies of a prosecution file for any patent application claiming the subject invention.

(o) *Facilities License.* In addition to the rights of the parties with respect to inventions or discoveries conceived or first actually reduced to practice in the course of or under this contract, the Contractor agrees to and does hereby grant to the Government an irrevocable, nonexclusive, paid-up license in and to any inventions or discoveries regardless of when conceived or actually reduced to practice or acquired by the Contractor at any time through completion of this contract and which are incorporated or embodied in the construction of the facility or which are utilized in the operation of the facility or which cover articles, materials, or product manufactured at the facility (1) to practice or have practiced by or for the Government at the facility, and (2) to transfer such license with the transfer of that facility. Notwithstanding the acceptance or exercise by the Government of these rights, the

Government may contest at any time the enforceability, validity or scope of, or title to, any rights or patents herein licensed.

(p) *Atomic Energy.*

(1) *Pecuniary awards.* No claim for pecuniary award of compensation under the provisions of the Atomic Energy Act of 1954, as amended, may be asserted with respect to any invention or discovery made or conceived in the course of or under this contract.

(q) *Classified Inventions.* (1) *Approval for filing a foreign patent application.* The Contractor shall not file or cause to be filed an application or registration for a patent disclosing a subject invention related to classified subject matter in any country other than the United States without first obtaining the written approval of the Contracting Officer.

(2) *Transmission of classified subject matter.* If in accordance with this clause the Contractor files a patent application in the United States disclosing a subject invention that is classified for reasons of security, the Contractor shall observe all applicable security regulations covering the transmission of classified subject matter. If the Contractor transmits a patent application disclosing a classified subject invention to the United States Patent and Trademark Office (USPTO), the Contractor shall submit a separate letter to the USPTO identifying the contract or contracts by agency and agreement number that require security classification markings to be placed on the patent application.

(3) *Inclusion of clause in subcontracts.* The Contractor agrees to include the substance of this clause in subcontracts at any tier that cover or are likely to cover subject matter classified for reasons of security.

(r) *Patent Functions.* Upon the written request of the Contracting Officer or Patent Counsel, the Contractor agrees to make reasonable efforts to support DOE in accomplishing patent-related functions for work arising out of the contract, including, but not limited to, the prosecution of patent applications, and the determination of questions of novelty, patentability, and inventorship.

(s) *Educational Awards Subject to 35 U.S.C. 212.* The Contractor shall notify the Contracting Officer prior to the placement of any person subject to 35 U.S.C. 212 in an area of technology or task (1) related to exceptional circumstance technology or (2) which

is subject to treaties or international agreements as set forth in paragraph (b)(3) of this clause or agreements other than funding agreements. The Contracting Officer may disapprove of any such placement.

(2) *DOE patent waiver regulations* means the Department of Energy patent waiver regulations at 10 CFR Part 784.

(3) *Invention* means any invention or discovery which is or may be patentable or otherwise protectable under title 35 of the United States Code, or any novel variety of plant which is or may be protected under the

Plant Variety Protection Act (7 U.S.C. 2321, *et seq.*).

(4) *Made* when used in relation to any invention means the conception or first actual reduction to practice of such invention.

(5) *Patent Counsel* means DOE Patent Counsel assisting the contracting activity.

(6) *Practical application* means to manufacture, in the case of a composition or product; to practice, in the case of a process or method; or to operate, in the case of a machine or system; and, in each case, under such conditions as to establish that the invention is being utilized and that its benefits are, to the extent permitted by law or Government regulations, available to the public on reasonable terms.

(7) *Subject Invention* means any invention of the contractor conceived or first actually reduced to practice in the course of or under this contract, provided that in the case of a variety of plant, the date of determination (as defined in section 41(d) of the Plant Variety Protection Act, 7 U.S.C. 2401(d)) shall also occur during the period of contract performance.

(b) *Allocation of Principal Rights.* (1) *Assignment to the Government.* Except to the extent that rights are retained by the Contractor by a determination of greater rights in accordance with subparagraph (b)(2) of this clause or by a request for foreign patent rights in accordance with subparagraph (d)(2) of this clause, the Contractor agrees to assign to the Government the entire right, title, and interest throughout the world in and to each subject invention.

(2) *Greater rights determinations.* The Contractor, or an Contractor employee-inventor after consultation with the Contractor and with the written authorization of the Contractor in accordance with DOE patent waiver regulations, may request greater rights, including title, in an identified subject invention than the nonexclusive license and the foreign patent rights provided for in paragraph (d) of this clause, in accordance with the DOE patent waiver regulations. Such a request shall be submitted in writing to Patent Counsel with a copy to the Contracting Officer at the time the subject invention is first disclosed to DOE in accordance with subparagraph (c)(2) of this clause, or not later than eight (8) months after such disclosure, unless a longer period is authorized in writing by the Contracting Officer for good cause shown in writing by the Contractor. DOE may grant or refuse to grant such a request by the Contractor or Contractor employee-inventor. Unless otherwise provided in the greater rights determination, any rights in a subject invention obtained by the Contractor pursuant to a determination of greater rights are subject to a nonexclusive, nontransferable, irrevocable, paid-up license to the Government to practice or have practiced the subject invention throughout

the world by or on behalf of the Government of the United States (including any Government agency), and to any reservations and conditions deemed appropriate by the Secretary of Energy or designee.

(c) *Subject Invention Disclosures.* (1) *Contractor procedures for reporting subject inventions to Contractor personnel.* Subject inventions shall be reported to Contractor personnel responsible for patent matters within six (6) months of conception and/or first actual reduction to practice, whichever occurs first in the performance of work under this contract. Accordingly, the Contractor shall establish and maintain effective procedures for ensuring such prompt identification and timely disclosure of subject inventions to Contractor personnel responsible for patent matters, and the procedures shall include the maintenance of laboratory notebooks, or equivalent records, and other records that are reasonably necessary to document the conception and/or the first actual reduction to practice of subject inventions, and the maintenance of records demonstrating compliance with such procedures. The Contractor shall submit a written description of such procedures to the Contracting Officer, upon request, for evaluation of the effectiveness of such procedures by the Contracting Officer.

(2) *Subject invention disclosure.* The Contractor shall disclose each subject invention to Patent Counsel with a copy to the Contracting Officer within two (2) months after the subject invention is reported to Contractor personnel responsible for patent matters, in accordance with subparagraph (c)(1) of this clause, or, if earlier, within six (6) months after the Contractor has knowledge of the subject invention, but in any event before any on sale, public use, or publication of the subject invention. The disclosure to DOE shall be in the form of a written report and shall include:

(i) the contract number under which the subject invention was made;

(ii) the inventor(s) of the subject invention;

(iii) a description of the subject invention in sufficient technical detail to convey a clear understanding of the nature, purpose and operation of the subject invention, and of the physical, chemical, biological or electrical characteristics of the subject invention, to the extent known by the Contractor at the time of the disclosure;

(iv) the date and identification of any publication, on sale or public use of the invention;

(v) the date and identification of any submissions for publication of any manuscripts describing the invention, and a statement of whether the manuscript is accepted for publication, to the extent known by the Contractor at the time of the disclosure;

(vi) a statement indicating whether the subject invention concerns exceptional circumstances pursuant to 35 U.S.C. 202(ii), related to national security, or subject to a treaty or an international agreement, to the extent known or believed by Contractor at the time of the disclosure;

(vii) all sources of funding by Budget and Resources (B&R) code; and

(viii) the identification of any agreement relating to the subject invention, including Cooperative Research and Development Agreements and Work-for-Others agreements. Unless the Contractor contends otherwise in writing at the time the invention is disclosed, inventions disclosed to DOE under this paragraph are deemed made in the manner specified in Sections (a)(1) and (a)(2) of 42 U.S.C. 5908.

(3) *Publication after disclosure.* After disclosure of the subject invention to the DOE, the Contractor shall promptly notify Patent Counsel of the acceptance for publication of any manuscript describing the subject invention or of any expected or on sale or public use of the subject invention, known by the Contractor.

(4) *Contractor employee agreements.* The Contractor agrees to require, by written agreement, its employees, other than clerical and nontechnical employees, to disclose promptly in writing to Contractor personnel identified as responsible for the administration of patent matters and in a format suggested by the Contractor, each subject invention made under this contract, and to execute all papers necessary to file patent applications claiming subject inventions or to establish the Government's rights in the subject inventions. This disclosure format shall at a minimum include the information required by subparagraph (c)(2) of this clause. The Contractor shall instruct such employees, through employee agreements or other suitable educational programs, on the importance of reporting inventions in sufficient time to permit the filing of patent applications prior to U.S. or foreign statutory bars.

(5) *Contractor procedures for reporting subject inventions to DOE.* The Contractor agrees to establish and maintain effective procedures for ensuring the prompt identification and timely disclosure of subject inventions to DOE. The Contractor shall submit a written description of such procedures to the Contracting Officer, upon request, for evaluation of the effectiveness of such procedures by the Contracting Officer.

(6) *Duplication and disclosure of documents.* The Government may duplicate and disclose subject invention disclosures and all other reports and papers furnished or required to be furnished pursuant to this clause; provided, however, that any such duplication or disclosure by the Government is subject to 35 U.S.C. 205 and 37 CFR 401.13.

(d) *Minimum Rights of the Contractor.* (1) Contractor License. (i) *Request for a Contractor license.* Except for subject inventions that the Contractor fails to disclose within the time periods specified at subparagraph (c)(2) of this clause, the Contractor may request a revocable, nonexclusive, royalty-free license in each patent application filed in any country claiming a subject invention and any resulting patent in which the Government obtains title, and DOE may grant or refuse to grant such a request by the Contractor. If DOE grants the Contractor's request for a license, the Contractor's license extends to its domestic subsidiaries and affiliates, if any, within the corporate structure of which the Contractor is a party and includes the right to grant sublicenses of the same scope to the extent the Contractor was legally obligated to do so at the time the contract was awarded.

(ii) *Transfer of a Contractor license.* DOE shall approve any transfer of the Contractor's license in a subject invention, and DOE may determine the Contractor's license is non-transferrable, on a case-by-case basis.

(iii) *Revocation or modification of a Contractor license.* DOE may revoke or modify the Contractor's domestic license to the extent necessary to achieve expeditious practical application of the subject invention pursuant to an application for an exclusive license submitted in accordance with applicable provisions in 37 CFR Part 404 and DOE licensing regulations. DOE may not revoke the Contractor's domestic license in that field of use or the geographical areas in which the Contractor, its licensee, or its domestic subsidiaries or affiliates achieved practical applications and continues to make the benefits of the invention reasonably accessible to the public. DOE may revoke or modify the Contractor's license in any foreign country to the extent the Contractor, its licensees, or its domestic subsidiaries or affiliates failed to achieve practical application in that foreign country.

(iv) *Notice of revocation or modification of a Contractor license.* Before revocation or modification of the license, DOE shall furnish the Contractor a written notice of its intention to revoke or modify the license, and the Contractor shall be allowed thirty (30) days from the date of the notice (or such other time as may be authorized by DOE for good cause shown by the Contractor) to show cause why the license should not be revoked or modified. The Contractor has the right to appeal any decision concerning the revocation or modification of its license, in accordance with applicable regulations in 37 CFR Part 404 and DOE licensing regulations.

(2) *Contractor's right to request foreign patent rights.* If the Government has title to a subject invention and the Government decides against securing patent rights in a foreign

country for the subject invention, the Contractor may request such foreign patent rights from DOE, and DOE may grant the Contractor's request, subject to a nonexclusive, nontransferable, irrevocable, paid-up license to the Government to practice or have practiced the subject invention in the foreign country, and any reservations and conditions deemed appropriate by the Secretary of Energy or designee. Such a request shall be submitted in writing to the Patent Counsel as part of the disclosure required by subparagraph (c)(2) of this clause, with a copy to the DOE Contracting Officer, unless a longer period is authorized in writing by the Contracting Officer for good cause shown in writing by the Contractor. DOE may grant or refuse to grant such a request, and may consider whether granting the Contractor's request best serves the interests of the United States.

(e) *Examination of Records Relating to Inventions.* (1) *Contractor compliance.* Until the expiration of three (3) years after final payment under this contract, the Contracting Officer or any authorized representative may examine any books (including laboratory notebooks), records, and documents and other supporting data of the Contractor, which the Contracting Officer or authorized representative deems reasonably pertinent to the discovery or identification of subject inventions, or to determine Contractor (and inventor) compliance with the requirements of this clause, including proper identification and disclosure of subject inventions, and establishment and maintenance of invention disclosure procedures.

(2) *Unreported inventions.* If the Contracting Officer is aware of an invention that is not disclosed by the Contractor to DOE, and the Contracting Officer believes the unreported invention may be a subject invention, DOE may require the Contractor to submit to DOE a disclosure of the invention for a determination of ownership rights.

(3) *Confidentiality.* Any examination of records under this paragraph is subject to appropriate conditions to protect the confidentiality of the information involved.

(f) *Subcontracts.* (1) *Subcontractor subject inventions.* The Contractor shall not obtain rights in the subcontractor's subject inventions as part of the consideration for awarding a subcontract.

(2) *Inclusion of patent rights clause—non-profit organization or small business firm subcontractors.* Unless otherwise authorized or directed by the Contracting Officer, the Contractor shall include the patent rights clause at 48 CFR 952.227-11, suitably modified to identify the parties in all subcontracts, at any tier, for experimental, developmental, demonstration or research work to be performed by a small business firm or domestic nonprofit organization, except subcontracts which are subject to exceptional cir-

cumstances in accordance with 35 U.S.C. 202(a)(ii).

(3) *Inclusion of patent rights clause—subcontractors other than non-profit organizations and small business firms.* Except for the subcontracts described in subparagraph (f)(2) of this clause, the Contractor shall include the patent rights clause at 48 CFR 952.227-13, suitably modified to identify the parties, in any contract for experimental, developmental, demonstration or research work.

(4) *DOE and subcontractor contract.* With respect to subcontracts at any tier, DOE, the subcontractor, and the Contractor agree that the mutual obligations of the parties created by this clause constitute a contract between the subcontractor and DOE with respect to those matters covered by this clause.

(5) *Subcontractor refusal to accept terms of patent rights clause.* If a prospective subcontractor refuses to accept the terms of a patent rights clause, the Contractor shall promptly submit a written notice to the Contracting Officer stating the subcontractor's reasons for such a refusal, including any relevant information for expediting disposition of the matter, and the Contractor shall not proceed with the subcontract without the written authorization of the Contracting Officer.

(6) *Notification of award of subcontract.* Upon the award of any subcontract at any tier containing a patent rights clause, the Contractor shall promptly notify the Contracting Officer in writing and identify the subcontractor, the applicable patent rights clause, the work to be performed under the subcontract, and the dates of award and estimated completion. Upon request of the Contracting Officer, the Contractor shall furnish a copy of a subcontract.

(7) *Identification of subcontractor subject inventions.* If the Contractor in the performance of this contract becomes aware of a subject invention made under a subcontract, the Contractor shall promptly notify Patent Counsel and identify the subject invention, with a copy of the notification and identification to the Contracting Officer.

(g) *Atomic Energy.* (1) *Pecuniary awards.* No claim for pecuniary award of compensation under the provisions of the Atomic Energy Act of 1954, as amended, may be asserted with respect to any invention or discovery made or conceived in the course of or under this contract.

(2) *Patent Agreements.* Except as otherwise authorized in writing by the Contracting Officer, the Contractor shall obtain patent agreements to effectuate the provisions of subparagraph (g)(1) of this clause from all persons who perform any part of the work under this contract, except nontechnical personnel, such as clerical employees and manual laborers.

(h) *Publication.* The Contractor shall receive approval from Patent Counsel prior to

releasing or publishing information regarding scientific or technical developments conceived or first actually reduced to practice in the course of or under this contract, to ensure such release or publication does not adversely affect the patent interests of DOE or the Contractor.

(i) *Communications.* The Contractor shall direct any notification, disclosure, or request provided for in this clause to the Patent Counsel assisting the DOE contracting activity, with a copy of the communication to the Contracting Officer.

(j) *Reports.* (1) *Interim reports.* Upon DOE's request, the Contractor shall submit to DOE, no more frequently than annually, a list of subject inventions disclosed to DOE during a specified period, or a statement that no subject inventions were made during the specified period; and/or a list of subcontracts containing a patent clause and awarded by the Contractor during a specified period, or a statement that no such subcontracts were awarded during the specified period. The interim report shall state whether the Contractor's invention disclosures were submitted to DOE in accordance with the requirements of subparagraphs (c)(1) and (c)(5) of this clause.

(2) *Final reports.* Upon DOE's request, the Contractor shall submit to DOE, prior to closeout of the contract or within three (3) months of the date of completion of the contracted work, a list of all subject inventions disclosed during the performance period of the contract, or a statement that no subject inventions were made during the contract performance period; and/or a list of all subcontracts containing a patent clause and awarded by the Contractor during the contract performance period, or a statement that no such subcontracts were awarded during the contract performance period.

(k) *Facilities License.* In addition to the rights of the parties with respect to inventions or discoveries conceived or first actually reduced to practice in the course of or under this contract, the Contractor agrees to and does hereby grant to the Government an irrevocable, nonexclusive, paid-up license in and to any inventions or discoveries regardless of when conceived or actually reduced to practice or acquired by the contractor at any time through completion of this contract and which are incorporated or embodied in the construction of the facility or which are utilized in the operation of the facility or which cover articles, materials, or products manufactured at the facility (1) to practice or have practiced by or for the Government at the facility, and (2) to transfer such license with the transfer of that facility. Notwithstanding the acceptance or exercise by the Government of these rights, the Government may contest at any time the enforceability, validity or scope of, or title to, any rights or patents herein licensed.

(1) *Classified Inventions.* (1) *Approval for filing a foreign patent application.* The Contractor shall not file or cause to be filed an application or registration for a patent disclosing a subject invention related to classified subject matter in any country other than the United States without first obtaining the written approval of the Contracting Officer.

(2) *Transmission of classified subject matter.* If in accordance with this clause the Contractor files a patent application in the United States disclosing a subject invention that is classified for reasons of security, the Contractor shall observe all applicable security regulations covering the transmission of classified subject matter. If the Contractor transmits a patent application disclosing a classified subject invention to the United States Patent and Trademark Office (USPTO), the Contractor shall submit a separate letter to the USPTO identifying the contract or contracts by agency and agreement number that require security classification markings to be placed on the patent application.

(3) *Inclusion of clause in subcontracts.* The Contractor agrees to include the substance of this clause in subcontracts at any tier that cover or are likely to cover subject matter classified for reasons of security.

(3) *Election by the Contractor under an advance class waiver.* If the Contractor has the right to elect to retain title to subject inventions under an advance class waiver granted in accordance with subparagraph (b)(2) of this clause, and unless otherwise provided for by the terms of the advance class waiver, the Contractor shall elect in writing whether or not to retain title to any subject invention by notifying DOE within two (2) years of the date of the disclosure of the subject invention to DOE, in accordance with subparagraph (c)(1) of this clause. The notification shall identify the advance class waiver, state the countries, including the United States, in which rights are retained, and certify that the subject invention is not an exceptional circumstance subject invention or subject to a treaty or international agreement. If a publication, on sale or public use of the subject invention has initiated the 1-year statutory period under 35 U.S.C. 102(b), the period for election may be shortened by DOE to a date that is no more than sixty (60) days prior to the end of the 1-year statutory period.

(4) *Filing of patent applications by the Contractor under an advance class waiver.* If the Contractor has the right to retain title to a subject invention in accordance with an advance class waiver pursuant to subparagraph (b)(2) of this clause or a determination of greater rights pursuant to paragraph (b)(7) of this clause, and unless otherwise provided for by the terms of the advance class waiver or greater rights determination, the Contractor shall file an initial patent application claiming the subject invention to which it retains title either within one (1) year after the Contractor's election to retain or grant of title to the subject invention or prior to the end of any 1-year statutory period under 35 U.S.C. 102(b), whichever occurs first. Any patent applications filed by the Contractor in foreign countries or international patent offices shall be filed within

either ten (10) months of the corresponding initial patent application or, if such filing has been prohibited by a Secrecy Order, within six (6) months from the date permission is granted by the Commissioner of Patents and Trademarks to file foreign patent applications.

(5) *Submission of patent information and documents.* If the Contractor files a domestic or foreign patent application claiming a subject invention, the Contractor shall promptly submit to Patent Counsel the following information and documents:

(i) The filing date, serial number, title, and a copy of the patent application (including an English-language version if filed in a language other than English);

(ii) An executed and approved instrument fully confirmatory of all Government rights in the subject invention; and

(iii) The patent number, issue date, and a copy of any issued patent claiming the subject invention.

(6) *Contractor's request for an extension of time.* Requests for an extension of the time to disclose a subject invention, to elect to retain title to a subject invention, or to file a patent application under subparagraphs (c)(1), (3), and (4) of this clause may be granted at the discretion of Patent Counsel or DOE.

(7) *Duplication and disclosure of documents.* The Government may duplicate and disclose subject invention disclosures and all other reports and papers furnished or required to be furnished pursuant to this clause; provided, however, that any such duplication or disclosure by the Government is subject to 35 U.S.C. 205 and 37 CFR Part 40.

(d) *Conditions When the Government May Obtain Title Notwithstanding an Advance Class Waiver.* (1) *Return of title to a subject invention.* If the Contractor requests that DOE acquire title or rights from the Contractor in a subject invention, including an exceptional circumstance subject invention, to which the Contractor retained title or rights under subparagraph (b)(2) or subparagraph (b)(7) of this clause, DOE may acquire such title or rights from the Contractor, or DOE may decide against acquiring such title or rights from the Contractor, at DOE's sole discretion.

(2) *Failure to disclose or elect to retain title.* Title vests in DOE and DOE may request, in writing, a formal assignment of title to a subject invention from the Contractor, and the Contractor shall convey title to the subject invention to DOE, if the Contractor elects not to retain title to the subject invention under an advance class waiver, or the Contractor fails to disclose or fails to elect to retain title to the subject invention within the times specified in subparagraphs (c)(1) and (c)(3) of this clause.

(3) *Failure to file domestic or foreign patent applications.* In those countries in which the

Contractor fails to file a patent application within the times specified in subparagraph (c)(4) of this clause, DOE may request, in writing, title to the subject invention from the Contractor, and the Contractor shall convey title to the subject invention to DOE; provided, however, that if the Contractor has filed a patent application in any country after the times specified in subparagraph (c)(4) of this clause, but prior to its receipt of DOE's written request for title, the Contractor continues to retain title in that country.

(4) *Discontinuation of patent protection by the Contractor.* If the Contractor decides to discontinue the prosecution of a patent application, the payment of maintenance fees, or the defense of a subject invention in a re-examination or opposition proceeding, in any country, DOE may request, in writing, title to the subject invention from the Contractor, and the Contractor shall convey title to the subject invention to DOE.

(5) *Termination of advance class waiver.* DOE may request, in writing, title to any subject inventions from the Contractor, and the Contractor shall convey title to the subject inventions to DOE, if the advance class waiver granted under subparagraph (b)(2) of this clause is terminated under paragraph (u) of this clause.

(e) *Minimum Rights of the Contractor.* (1) *Request for a Contractor license.* Except for subject inventions that the Contractor fails to disclose within the time periods specified at subparagraph (c)(1) of this clause, the Contractor may request a revocable, nonexclusive, royalty-free license in each patent application filed in any country claiming a subject invention and any resulting patent in which the Government obtains title, and DOE may grant or refuse to grant such a request by the Contractor. If DOE grants the Contractor's request for a license, the Contractor's license extends to its domestic subsidiaries and affiliates, if any, within the corporate structure of which the Contractor is a party and includes the right to grant sublicenses of the same scope to the extent the Contractor was legally obligated to do so at the time the contract was awarded.

(2) *Transfer of a Contractor license.* DOE shall approve any transfer of the Contractor's license in a subject invention, and DOE may determine that the Contractor's license is non-transferrable, on a case-by-case basis.

(3) *Revocation or modification of a Contractor license.* DOE may revoke or modify the Contractor's domestic license to the extent necessary to achieve expeditious practical application of the subject invention pursuant to an application for an exclusive license submitted in accordance with applicable provisions in 37 CFR Part 404 and DOE licensing regulations. DOE may not revoke the Contractor's domestic license in that field of use or the geographical areas in which the Con-

tractor, its licensees or its domestic subsidiaries or affiliates have achieved practical applications and continues to make the benefits of the invention reasonably accessible to the public. DOE may revoke or modify the Contractor's license in any foreign country to the extent the Contractor, its licensees, or its domestic subsidiaries or affiliates failed to achieve practical application in that foreign country.

(4) *Notice of revocation or modification of a Contractor license.* Before revocation or modification of the license, DOE shall furnish the Contractor a written notice of its intention to revoke or modify the license, and the Contractor shall be allowed thirty (30) days from the date of the notice (or such other time as may be authorized by DOE for good cause shown by the Contractor) to show cause why the license should not be revoked or modified. The Contractor has the right to appeal any decision concerning the revocation or modification of its license, in accordance with applicable regulations in 37 CFR Part 404 and DOE licensing regulations.

(f) *Contractor Action to Protect the Government's Interest.* (1) *Execution and delivery of title or license instruments.* The Contractor agrees to execute or have executed, and to deliver promptly to DOE all instruments necessary to accomplish the following actions:

(i) establish or confirm the Government's rights throughout the world in subject inventions to which the Contractor elects to retain title;

(ii) convey title in a subject invention to DOE pursuant to subparagraph (b)(5) and paragraph (d) of this clause; or

(iii) enable the Government to obtain patent protection throughout the world in a subject invention to which the Government has title.

(2) *Contractor employee agreements.* The Contractor agrees to require, by written agreement, its employees, other than clerical and nontechnical employees, to disclose promptly in writing to Contractor personnel identified as responsible for the administration of patent matters and in a format suggested by the Contractor, each subject invention made under this contract, and to execute all papers necessary to file patent applications claiming subject inventions or to establish the Government's rights in the subject inventions. This disclosure format shall at a minimum include the information required by subparagraph (c)(1) of this clause. The Contractor shall instruct such employees, through employee agreements or other suitable educational programs, on the importance of reporting inventions in sufficient time to permit the filing of patent applications prior to U.S. or foreign statutory bars.

(3) *Contractor procedures for reporting subject inventions to DOE.* The Contractor agrees to establish and maintain effective procedures

for ensuring the prompt identification and timely disclosure of subject inventions to DOE. The Contractor shall submit a written description of such procedures to the Contracting Officer, upon request, for evaluation and approval of the effectiveness of such procedures by the Contracting Officer.

(4) *Notification of discontinuation of patent protection.* With respect to any subject invention for which the Contractor has responsibility for patent prosecution, the Contractor shall notify Patent Counsel of any decision to discontinue the prosecution of a patent application, payment of maintenance fees, or defense of a subject invention in a reexamination or opposition proceeding, in any country, not less than thirty (30) days before the expiration of the response period for any action required by the corresponding patent office.

(5) *Notification of Government rights.* With respect to any subject invention to which the Contractor has title, the Contractor agrees to include, within the specification of any United States patent application and within any patent issuing thereon claiming a subject invention, the following statement, "This invention was made with Government support under (identify the contract) awarded by the United States Department of Energy. The Government has certain rights in the invention."

(6) *Avoidance of Royalty Charges.* If the Contractor licenses a subject invention, the Contractor agrees to avoid royalty charges on acquisitions involving Government funds, including funds derived through a Military Assistance Program of the Government or otherwise derived through the Government, to refund any amounts received as royalty charges on a subject invention in acquisitions for, or on behalf of, the Government, and to provide for such refund in any instrument transferring rights in the subject invention to any party.

(7) *DOE approval of assignment of rights.* Rights in a subject invention in the United States may not be assigned by the Contractor without the approval of DOE.

(8) *Small business firm licensees.* The Contractor shall make efforts that are reasonable under the circumstances to attract licensees of subject inventions that are small business firms, and may give a preference to a small business firm when licensing a subject invention if the Contractor determines that the small business firm has a plan or proposal for marketing the invention which, if executed, is equally as likely to bring the invention to practical application as any plans or proposals from applicants that are not small business firms; provided, the Contractor is also satisfied that the small business firm has the capability and resources to carry out its plan or proposal. The decision as to whether to give a preference in any spe-

cific case is at the discretion of the Contractor.

(9) *Contractor licensing of subject inventions.* To the extent that it provides the most effective technology transfer, licensing of subject inventions shall be administered by Contractor employees on location at the facility.

(g) *Subcontracts.* (1) *Subcontractor subject inventions.* The Contractor shall not obtain rights in the subcontractor's subject inventions as part of the consideration for awarding a subcontract.

(2) *Inclusion of patent rights clause—non-profit organization or small business firm subcontractors.* Unless otherwise authorized or directed by the Contracting Officer, the Contractor shall include the patent rights clause at 48 CFR 952.227-11, suitably modified to identify the parties, in all subcontracts, at any tier, for experimental, developmental, demonstration or research work to be performed by a small business firm or domestic nonprofit organization, except subcontracts which are subject to exceptional circumstances in accordance with 35 U.S.C. 202 and subparagraph (b)(5) of this clause.

(3) *Inclusion of patent rights clause—subcontractors other than non-profit organizations or small business firms.* Except for the subcontracts described in subparagraph (g)(2) of this clause, the Contractor shall include the patent rights clause at 48 CFR 952.227-13, suitably modified to identify the parties and any applicable exceptional circumstance, in any contract for experimental, developmental, demonstration or research work.

(4) *DOE and subcontractor contract.* With respect to subcontracts at any tier, DOE, the subcontractor and Contractor agree that the mutual obligations of the parties created by this clause constitute a contract between the subcontractor and DOE with respect to those matters covered by this clause; provided, however, that nothing in this paragraph is intended to confer any jurisdiction under the Contract Disputes Act in connection with proceedings under paragraph (j) of this clause.

(5) *Subcontractor refusal to accept terms of patent rights clause.* If a prospective subcontractor refuses to accept the terms of a patent rights clause, the Contractor shall promptly submit a written notice to the Contracting Officer stating the subcontractor's reasons for such refusal and including relevant information for expediting disposition of the matter; and the Contractor shall not proceed with the subcontract without the written authorization of the Contracting Officer.

(6) *Notification of award of subcontract.* Upon the award of any subcontract at any tier containing a patent rights clause, the Contractor shall promptly notify the Contracting Officer in writing and identify the subcontractor, the applicable patent rights

clause, the work to be performed under the subcontract, and the dates of award and estimated completion. Upon request of the Contracting Officer, the Contractor shall furnish a copy of a subcontract.

(7) *Identification of subcontractor subject inventions.* If the Contractor in the performance of this contract becomes aware of a subject invention made under a subcontract, the Contractor shall promptly notify Patent Counsel and identify the subject invention, with a copy of the notification and identification to the Contracting Officer.

(h) *Reporting on Utilization of Subject Inventions.* Upon request by DOE, the Contractor agrees to submit periodic reports, no more frequently than annually, describing the utilization of a subject invention or efforts made by the Contractor or its licensees or assignees to obtain utilization of the subject invention. The reports shall include information regarding the status of development, date of first commercial sale or use, gross royalties received by the Contractor, and other data and information reasonably specified by DOE. Upon request by DOE, the Contractor also agrees to provide reports in connection with any march-in proceedings undertaken by DOE, in accordance with paragraph (j) of this clause. If any data or information reported by the Contractor in accordance with this provision is considered privileged and confidential by the Contractor, its licensee, or assignee and the Contractor properly marks the data or information privileged or confidential, DOE agrees not to disclose such information to persons outside the Government, to the extent permitted by law.

(i) *Preference for United States Industry.* Notwithstanding any other provision of this clause the Contractor agrees that with respect to any subject invention in which it retains title, neither it nor any assignee may grant to any person the exclusive right to use or sell any subject invention in the United States unless such person agrees that any products embodying the subject invention or produced through the use of the subject invention will be manufactured substantially in the United States. However, in individual cases, DOE may waive the requirement for such an agreement upon a showing by the Contractor or its assignee that reasonable but unsuccessful efforts have been made to grant licenses on similar terms to potential licensees that would be likely to manufacture substantially in the United States or that under the circumstances domestic manufacture is not commercially feasible.

(j) *March-In Rights.* With respect to any subject invention to which the Contractor has elected to retain or is granted title, DOE may, in accordance with the procedures in the DOE patent waiver regulations, require the Contractor, an assignee or exclusive li-

censee of a subject invention to grant a non-exclusive, partially exclusive or exclusive license in any field of use to a responsible applicant or applicants, upon terms that are reasonable under the circumstances. If the Contractor, assignee or exclusive licensee refuses such a request, DOE has the right to grant such a license itself if DOE determines that—

(1) Such action is necessary because the Contractor or assignee has not taken, or is not expected to take within a reasonable time, effective steps to achieve practical application of the subject invention in such field of use;

(2) Such action is necessary to alleviate health or safety needs that are not reasonably satisfied by the Contractor, assignee, or their licensees;

(3) Such action is necessary to meet requirements for public use specified by government regulations and such requirements are not reasonably satisfied by the Contractor, assignee, or licensees; or

(4) Such action is necessary because the agreement to substantially manufacture in the United States and required by paragraph (i) of this clause has neither been obtained nor waived or because a licensee of the exclusive right to use or sell any subject invention in the United States is in breach of such agreement.

(k) *Communications.* The Contractor shall direct any notification, disclosure, or request provided for in this clause to the Patent Counsel identified in the contract.

(l) *Reports.* (1) *Interim reports.* Upon DOE's request, the Contractor shall submit to DOE, no more frequently than annually, a list of subject inventions disclosed to DOE during a specified period, or a statement that no subject inventions were made during the specified period; and/or a list of subcontracts containing a patent clause and awarded by the Contractor during a specified period, or a statement that no such subcontracts were awarded during the specified period. The interim report shall state whether the Contractor's invention disclosures were submitted to DOE in accordance with the requirements of subparagraphs (f)(3) and (f)(4) of this clause.

(2) *Final reports.* Upon DOE's request, the Contractor shall submit to DOE, prior to closeout of the contract or within three (3) months of the date of completion of the contracted work, a list of all subject inventions disclosed during the performance period of the contract, or a statement that no subject inventions were made during the contract performance period; and/or a list of all subcontracts containing a patent clause and awarded by the Contractor during the contract performance period, or a statement that no such subcontracts were awarded during the contract performance period.

(m) *Facilities License.* In addition to the rights of the parties with respect to inventions or discoveries conceived or first actually reduced to practice in the course of or under this contract, the Contractor agrees to and does hereby grant to the Government an irrevocable, nonexclusive, paid-up license in and to any inventions or discoveries regardless of when conceived or actually reduced to practice or acquired by the contractor at any time through completion of this contract and which are incorporated or embodied in the construction of the facility or which are utilized in the operation of the facility or which cover articles, materials, or products manufactured at the facility (1) to practice or have practiced by or for the Government at the facility, and (2) to transfer such license with the transfer of that facility. Notwithstanding the acceptance or exercise by the Government of these rights, the Government may contest at any time the enforceability, validity or scope of, or title to, any rights or patents herein licensed.

(n) *Atomic Energy.* (1) *Pecuniary awards.* No claim for pecuniary award of compensation under the provisions of the Atomic Energy Act of 1954, as amended, may be asserted with respect to any invention or discovery made or conceived in the course of or under this contract.

(2) *Patent Agreements.* Except as otherwise authorized in writing by the Contracting Officer, the Contractor shall obtain patent agreements to effectuate the provisions of subparagraph (o)(1) of this clause from all persons who perform any part of the work under this contract, except nontechnical personnel, such as clerical employees and manual laborers.

(o) *Classified Inventions.* (1) *Approval for filing a foreign patent application.* The Contractor shall not file or cause to be filed an application or registration for a patent disclosing a subject invention related to classified subject matter in any country other than the United States without first obtaining the written approval of the Contracting Officer.

(2) *Transmission of classified subject matter.* If in accordance with this clause the Contractor files a patent application in the United States disclosing a subject invention that is classified for reasons of security, the Contractor shall observe all applicable security regulations covering the transmission of classified subject matter. If the Contractor transmits a patent application disclosing a classified subject invention to the United States Patent and Trademark Office (USPTO), the Contractor shall submit a separate letter to the USPTO identifying the contract or contracts by agency and agreement number that require security classification markings to be placed on the patent application.

(3) *Inclusion of clause in subcontracts.* The Contractor agrees to include the substance of this clause in subcontracts at any tier that cover or are likely to cover subject matter classified for reasons of security.

(p) *Examination of Records Relating to Inventions.* (1) *Contractor compliance.* Until the expiration of three (3) years after final payment under this contract, the Contracting Officer or any authorized representative may examine any books (including laboratory notebooks), records, and documents and other supporting data of the Contractor, which the Contracting Officer or authorized representative deems reasonably pertinent to the discovery or identification of subject inventions, including exceptional circumstance subject inventions, or to determine Contractor (and inventor) compliance with the requirements of this clause, including proper identification and disclosure of subject inventions, and establishment and maintenance of invention disclosure procedures.

(2) *Unreported inventions.* If the Contracting Officer is aware of an invention that is not disclosed by the Contractor to DOE, and the Contracting Officer believes the unreported invention may be a subject invention, DOE may require the Contractor to submit to DOE a disclosure of the invention for a determination of ownership rights.

(3) *Confidentiality.* Any examination of records under this paragraph is subject to appropriate conditions to protect the confidentiality of the information involved.

(4) *Power of inspection.* With respect to a subject invention for which the Contractor has responsibility for patent prosecution, the Contractor shall furnish the Government, upon request by DOE, an irrevocable power to inspect and make copies of a prosecution file for any patent application claiming the subject invention.

(q) *Patent Functions.* Upon the written request of the Contracting Officer or Patent Counsel, the Contractor agrees to make reasonable efforts to support DOE in accomplishing patent-related functions for work arising out of the contract, including, but not limited to, the prosecution of patent applications, and the determination of questions of novelty, patentability, and inventorship.

(r) *Educational Awards Subject to 35 U.S.C. 212.* The Contractor shall notify the Contracting Officer prior to the placement of any person subject to 35 U.S.C. 212 in an area of technology or task (1) related to exceptional circumstance technology or (2) any person who is subject to treaties or international agreements as set forth in paragraph (b)(6) of this clause or to agreements other than funding agreements. The Contracting Officer may disapprove of any such placement.

(s) *Annual Appraisal by Patent Counsel.* Patent Counsel may conduct an annual appraisal to evaluate the Contractor's effectiveness in identifying and protecting subject inventions in accordance with DOE policy.

(t) *Publication.* The Contractor shall receive approval from Patent Counsel prior to releasing or publishing information regarding scientific or technical developments conceived or first actually reduced to practice in the course of or under this contract, to ensure such release or publication does not adversely affect the patent rights of DOE or the Contractor.

(u) *Termination of Contractor's Advance Class Waiver.* If a request by the Contractor for an advance class waiver pursuant to subparagraph (b)(2) of this clause or a determination of greater rights pursuant to paragraph (c) of this clause contains false material statements or fails to disclose material facts, and DOE relies on the false statements or omissions in granting the Contractor's request, the waiver or grant of any Government rights (in whole or in part) to the subject invention(s) may be terminated at the discretion of the Secretary of Energy or designee. Prior to termination, DOE shall provide the Contractor with written notification of the termination, including a statement of facts in support of the termination, and the Contractor shall be allowed thirty (30) days, or a longer period authorized by the Secretary of Energy or designee for good cause shown in writing by the Contractor, to show cause for not terminating the waiver or grant. Any termination of an advance class waiver or a determination of greater rights is subject to the Contractor's license as provided for in paragraph (f) of this clause.

(End of clause)

Alternate 1 Weapons Related Subject Inventions. As prescribed at 970.2703-2(g), insert the following as subparagraphs (a)(9) and (b)(10), respectively:

(a) *Definitions.* (9) *Weapons Related Subject Invention* means any subject invention conceived or first actually reduced to practice in the course of or under work funded by or through defense programs, including Department of Defense and intelligence reimbursable work, or the Naval Nuclear Propulsion Program of the Department of Energy or the National Nuclear Security Administration.

(b) *Allocation of Principal Rights.* (10) *Weapons related subject inventions.* Except to the extent that DOE is solely satisfied that the Contractor meets certain procedural requirements and DOE grants rights to the Contractor in weapons related subject inventions, the Contractor does not have a right to retain title to any weapons related subject inventions.

970.5228-1 Insurance—litigation and claims.

As prescribed in 48 CFR 970.2803-2, insert the following clause:

INSURANCE—LITIGATION AND CLAIMS (DEC 2000)

(a) The contractor may, with the prior written authorization of the contracting officer, and shall, upon the request of the Government, initiate litigation against third parties, including proceedings before administrative agencies, in connection with this contract. The contractor shall proceed with such litigation in good faith and as directed from time to time by the contracting officer.

(b) The contractor shall give the contracting officer immediate notice in writing of any legal proceeding, including any proceeding before an administrative agency, filed against the contractor arising out of the performance of this contract. Except as otherwise directed by the contracting officer, in writing, the contractor shall furnish immediately to the contracting officer copies of all pertinent papers received by the contractor with respect to such action. The contractor, with the prior written authorization of the contracting officer, shall proceed with such litigation in good faith and as directed from time to time by the contracting officer.

(c)(1) Except as provided in paragraph (c)(2) of this clause, the contractor shall procure and maintain such bonds and insurance as required by law or approved in writing by the contracting officer.

(2) The contractor may, with the approval of the contracting officer, maintain a self-insurance program; provided that, with respect to workers' compensation, the contractor is qualified pursuant to statutory authority.

(3) All bonds and insurance required by this clause shall be in a form and amount and for those periods as the contracting officer may require or approve and with sureties and insurers approved by the contracting officer.

(d) The contractor agrees to submit for the contracting officer's approval, to the extent and in the manner required by the contracting officer, any other bonds and insurance that are maintained by the contractor in connection with the performance of this contract and for which the contractor seeks reimbursement. If an insurance cost (whether a premium for commercial insurance or related to self-insurance) includes a portion covering costs made unallowable elsewhere in the contract, and the share of the cost for

coverage for the unallowable cost is determinable, the portion of the cost that is otherwise an allowable cost under this contract is reimbursable to the extent determined by the contracting officer.

(e) Except as provided in subparagraphs (g) and (h) of this clause, or specifically disallowed elsewhere in this contract, the contractor shall be reimbursed—

(1) For that portion of the reasonable cost of bonds and insurance allocable to this contract required in accordance with contract terms or approved under this clause, and

(2) For liabilities (and reasonable expenses incidental to such liabilities, including litigation costs) to third persons not compensated by insurance or otherwise without regard to and as an exception to the clause of this contract entitled, "Obligation of Funds."

(f) The Government's liability under paragraph (e) of this clause is subject to the availability of appropriated funds. Nothing in this contract shall be construed as implying that the Congress will, at a later date, appropriate funds sufficient to meet deficiencies.

(g) Notwithstanding any other provision of this contract, the contractor shall not be reimbursed for liabilities (and expenses incidental to such liabilities, including litigation costs, counsel fees, judgment and settlements)—

(1) Which are otherwise unallowable by law or the provisions of this contract; or

(2) For which the contractor has failed to insure or to maintain insurance as required by law, this contract, or by the written direction of the contracting officer.

(h) In addition to the cost reimbursement limitations contained in 48 CFR part 31, as supplemented by 48 CFR 970.31, and notwithstanding any other provision of this contract, the contractor's liabilities to third persons, including employees but excluding costs incidental to worker's compensation actions, (and any expenses incidental to such liabilities, including litigation costs, counsel fees, judgments and settlements) shall not be reimbursed if such liabilities were caused by contractor managerial personnel's—

(1) Willful misconduct,

(2) Lack of good faith, or

(3) Failure to exercise prudent business judgment, which means failure to act in the same manner as a prudent person in the conduct of competitive business; or, in the case of a non-profit educational institution, failure to act in the manner that a prudent person would under the circumstances prevailing at the time the decision to incur the cost is made.

(i) The burden of proof shall be upon the contractor to establish that costs covered by paragraph (h) of this clause are allowable and reasonable if, after an initial review of the facts, the contracting officer challenges

a specific cost or informs the contractor that there is reason to believe that the cost results from willful misconduct, lack of good faith, or failure to exercise prudent business judgment by contractor managerial personnel.

(j)(1) All litigation costs, including counsel fees, judgments and settlements shall be differentiated and accounted for by the contractor so as to be separately identifiable. If the contracting officer provisionally disallows such costs, then the contractor may not use funds advanced by DOE under the contract to finance the litigation.

(2) Punitive damages are not allowable unless the act or failure to act which gave rise to the liability resulted from compliance with specific terms and conditions of the contract or written instructions from the contracting officer.

(3) The portion of the cost of insurance obtained by the contractor that is allocable to coverage of liabilities referred to in paragraph (g)(1) of this clause is not allowable.

(4) The term "contractor's managerial personnel" is defined in clause paragraph (j) of 48 CFR 970.5245-1.

(k) The contractor may at its own expense and not as an allowable cost procure for its own protection insurance to compensate the contractor for any unallowable or unreimbursable costs incurred in connection with contract performance.

(l) If any suit or action is filed or any claim is made against the contractor, the cost and expense of which may be reimbursable to the contractor under this contract, and the risk of which is then uninsured or is insured for less than the amount claimed, the contractor shall—

(1) Immediately notify the contracting officer and promptly furnish copies of all pertinent papers received;

(2) Authorize Department representatives to collaborate with: in-house or DOE-approved outside counsel in settling or defending the claim; or counsel for the insurance carrier in settling or defending the claim if the amount of the liability claimed exceeds the amount of coverage, unless precluded by the terms of the insurance contract; and

(3) Authorize Department representatives to settle the claim or to defend or represent the contractor in and/or to take charge of any litigation, if required by the Department, if the liability is not insured or covered by bond. In any action against more than one Department contractor, the Department may require the contractor to be represented by common counsel. Counsel for the contractor may, at the contractor's own expense, be associated with the Department representatives in any such claim or litigation.

(End of clause)

[65 FR 81009, Dec. 22, 2000, as amended at 66 FR 4627, Jan. 18, 2001; 67 FR 14873, Mar. 28, 2002]

970.5229-1 State and local taxes.

As prescribed in 48 CFR 970.2904-1(b), insert the following clause in management and operating contracts. The requirement for the notice prescribed in paragraph (a) of the clause may be broadened to include all State and local taxes which may be claimed as allowable costs when considered to be appropriate.

STATE AND LOCAL TAXES (DEC 2000)

(a) The contractor agrees to notify the contracting officer of any State or local tax, fee, or charge levied or purported to be levied on or collected from the contractor with respect to the contract work, any transaction thereunder, or property in the custody or control of the contractor and constituting an allowable item of cost if due and payable, but which the contractor has reason to believe, or the contracting officer has advised the contractor, is or may be inapplicable or invalid; and the contractor further agrees to refrain from paying any such tax, fee, or charge unless authorized in writing by the contracting officer. Any State or local tax, fee, or charge paid with the approval of the contracting officer or on the basis of advice from the contracting officer that such tax, fee, or charge is applicable and valid, and which would otherwise be an allowable item of cost, shall not be disallowed as an item of cost by reason of any subsequent ruling or determination that such tax, fee, or charge was in fact inapplicable or invalid.

(b) The contractor agrees to take such action as may be required or approved by the contracting officer to cause any State or local tax, fee, or charge which would be an allowable cost to be paid under protest; and to take such action as may be required or approved by the contracting officer to seek recovery of any payments made, including assignment to the Government or its designee of all rights to an abatement or refund thereof, and granting permission for the Government to join with the contractor in any proceedings for the recovery thereof or to sue for recovery in the name of the contractor. If the contracting officer directs the contractor to institute litigation to enjoin the collection of or to recover payment of any such tax, fee, or charge referred to above, or if a claim or suit is filed against the contractor for a tax, fee, or charge it has refrained from paying in accordance with this clause, the procedures and requirements of the clause entitled "Insurance-Litigation and Claims"

shall apply and the costs and expenses incurred by the contractor shall be allowable items of costs, as provided in this contract, together with the amount of any judgment rendered against the contractor.

(c) The Government shall hold the contractor harmless from penalties and interest incurred through compliance with this clause. All recoveries or credits in respect of the foregoing taxes, fees, and charges (including interest) shall inure to and be for the sole benefit of the Government.

(End of clause)

970.5231-4 Preexisting conditions.

As prescribed in 48 CFR 970.3170, insert the following clause:

PREEXISTING CONDITIONS (DEC 2000)

(a) The Department of Energy agrees to reimburse the contractor, and the contractor shall not be held responsible, for any liability (including without limitation, a claim involving strict or absolute liability and any civil fine or penalty), expense, or remediation cost, but limited to those of a civil nature, which may be incurred by, imposed on, or asserted against the contractor arising out of any condition, act, or failure to act which occurred before the contractor assumed responsibility on [Insert date contract began]. To the extent the acts or omissions of the contractor cause or add to any liability, expense or remediation cost resulting from conditions in existence prior to [Insert date contract began], the contractor shall be responsible in accordance with the terms and conditions of this contract.

(b) The obligations of the Department of Energy under this clause are subject to the availability of appropriated funds.

(End of clause)

Alternate I (DEC 2000). As prescribed in 48 CFR 970.3170 (a), in contracts with incumbent management and operating contractors, substitute the following for paragraph (a) of the basic clause:

(a) Any liability, obligation, loss, damage, claim (including without limitation, a claim involving strict or absolute liability), action, suit, civil fine or penalty, cost, expense or disbursement, which may be incurred or imposed, or asserted by any party and arising out of any condition, act or failure to act which occurred before [Insert date this clause was included in contract], in conjunction with the management and operation of [Insert name of facility], shall be deemed incurred under Contract No. [Insert number of prior contract].

Alternate II (DEC 2000). As prescribed in 48 CFR 970.3170 (b), add the following paragraph (c) to the basic clause in contracts with management and operating contractors not previously working at that particular site or facility:

(c) The contractor has the duty to inspect the facilities and sites and timely identify to the contracting officer those conditions which it believes could give rise to a liability, obligation, loss, damage, penalty, fine, claim, action, suit, cost, expense, or disbursement or areas of actual or potential noncompliance with the terms and conditions of this contract or applicable law or regulation. The contractor has the responsibility to take corrective action, as directed by the contracting officer and as required elsewhere in this contract.

(End of clause)

970.5232-1 Reduction or suspension of advance, partial, or progress payments upon finding of substantial evidence of fraud.

As prescribed in 48 CFR 970.3200-1-1, insert the following clause:

REDUCTION OR SUSPENSION OF ADVANCE, PARTIAL, OR PROGRESS PAYMENTS (DEC 2000)

(a) The contracting officer may reduce or suspend further advance, partial, or progress payments to the contractor upon a written determination by the Senior Procurement Executive that substantial evidence exists that the contractor's request for advance, partial, or progress payment is based on fraud.

(b) The contractor shall be afforded a reasonable opportunity to respond in writing.

(End of clause)

970.5232-2 Payments and advances.

As prescribed in 48 CFR 970.3270(a)(1), insert the following clause:

PAYMENTS AND ADVANCES (DEC 2000)

(a) *Installments of fixed-fee.* The fixed-fee payable under this contract shall become due and payable in periodic installments in accordance with a schedule determined by the contracting officer. Fixed-fee payments shall be made by direct payment or withdrawn from funds advanced or available under this contract, as determined by the contracting officer. The contracting officer may offset against any such fee payment the amounts owed to the Government by the contractor, including any amounts owed for disallowed costs under this contract. No fixed-fee payment may be withdrawn against the payments cleared financing arrangement with-

out prior written approval of the contracting officer.

(b) *Payments on Account of Allowable Costs.* The contracting officer and the contractor shall agree as to the extent to which payment for allowable costs or payments for other items specifically approved in writing by the contracting officer (for example, negotiated fixed amounts) shall be made from advances of Government funds. When pension contributions are paid by the contractor to the retirement fund less frequently than quarterly, accrued costs therefor shall be excluded from costs for payment purposes until such costs are paid. If pension contribution are paid on a quarterly or more frequent basis, accrual therefor may be included in costs for payment purposes, provided that they are paid to the fund within 30 days after the close of the period covered. If payments are not made to the fund within such 30-day period, pension contribution costs shall be excluded from cost for payment purposes until payment has been made.

(c) *Special financial institution account—use.* All advances of Government funds shall be withdrawn pursuant to a payments cleared financing arrangement prescribed by DOE in favor of the financial institution or, at the option of the Government, shall be made by direct payment or other payment mechanism to the contractor, and shall be deposited only in the special financial institution account referred to in the Special Financial Institution Account Agreement, which is incorporated into this contract as Appendix—. No part of the funds in the special financial institution account shall be commingled with any funds of the contractor or used for a purpose other than that of making payments for costs allowable and, if applicable, fees earned under this contract, negotiated fixed amounts, or payments for other items specifically approved in writing by the contracting officer. If the contracting officer determines that the balance of such special financial institution account exceeds the contractor's current needs, the contractor shall promptly make such disposition of the excess as the contracting officer may direct.

(d) *Title to funds advanced.* Title to the unexpended balance of any funds advanced and of any special financial institution account established pursuant to this clause shall remain in the Government and be superior to any claim or lien of the financial institution of deposit or others. It is understood that an advance to the contractor hereunder is not a loan to the contractor, and will not require the payment of interest by the contractor, and that the contractor acquires no right, title or interest in or to such advance other than the right to make expenditures therefrom, as provided in this clause.

(e) *Financial settlement.* The Government shall promptly pay to the contractor the unpaid balance of allowable costs (or other

items specifically approved in writing by the contracting officer) and fee upon termination of the work, expiration of the term of the contract, or completion of the work and its acceptance by the Government after:

(1) Compliance by the contractor with DOE's patent clearance requirements, and

(2) The furnishing by the contractor of:

(i) An assignment of the contractor's rights to any refunds, rebates, allowances, accounts receivable, collections accruing to the contractor in connection with the work under this contract, or other credits applicable to allowable costs under the contract;

(ii) A closing financial statement;

(iii) The accounting for Government-owned property required by the clause entitled "Property"; and

(iv) A release discharging the Government, its officers, agents, and employees from all liabilities, obligations, and claims arising out of or under this contract subject only to the following exceptions:

(A) Specified claims in stated amounts or in estimated amounts where the amounts are not susceptible to exact statement by the contractor;

(B) Claims, together with reasonable expenses incidental thereto, based upon liabilities of the contractor to third parties arising out of the performance of this contract; provided that such claims are not known to the contractor on the date of the execution of the release; and provided further that the contractor gives notice of such claims in writing to the contracting officer promptly, but not more than one (1) year after the contractor's right of action first accrues. In addition, the contractor shall provide prompt notice to the contracting officer of all potential claims under this clause, whether in litigation or not (see also Contract Clause ____, DEAR 970.5228-1, "Insurance—Litigation and Claims");

(C) Claims for reimbursement of costs (other than expenses of the contractor by reason of any indemnification of the Government against patent liability), including reasonable expenses incidental thereto, incurred by the contractor under the provisions of this contract relating to patents; and

(D) Claims recognizable under the clause entitled, Nuclear Hazards Indemnity Agreement.

(3) In arriving at the amount due the contractor under this clause, there shall be deducted,

(i) Any claim which the Government may have against the contractor in connection with this contract, and

(ii) Deductions due under the terms of this contract, and not otherwise recovered by or credited to the Government. The unliquidated balance of the special financial institution account may be applied to the amount due and any balance shall be returned to the Government forthwith.

(f) *Claims.* Claims for credit against funds advanced for payment shall be accompanied by such supporting documents and justification as the contracting officer shall prescribe.

(g) *Discounts.* The contractor shall take and afford the Government the advantage of all known and available cash and trade discounts, rebates, allowances, credits, salvage, and commissions unless the contracting officer finds that action is not in the best interest of the Government.

(h) *Collections.* All collections accruing to the contractor in connection with the work under this contract, except for the contractor's fee and royalties or other income accruing to the contractor from technology transfer activities in accordance with this contract, shall be Government property and shall be processed and accounted for in accordance with applicable requirements imposed by the contracting officer pursuant to the Laws, regulations, and DOE directives clause of this contract and, to the extent consistent with those requirements, shall be deposited in the special financial institution account or otherwise made available for payment of allowable costs under this contract, unless otherwise directed by the contracting officer.

(i) *Direct payment of charges.* The Government reserves the right, upon ten days written notice from the contracting officer to the contractor, to pay directly to the persons concerned, all amounts due which otherwise would be allowable under this contract. Any payment so made shall discharge the Government of all liability to the contractor therefor.

(j) *Determining allowable costs.* The contracting officer shall determine allowable costs in accordance with the Federal Acquisition Regulation subpart 31.2 and the Department of Energy Acquisition Regulation subpart 48 CFR 970.31 in effect on the date of this contract and other provisions of this contract.

Alternate I (DEC 2000). As prescribed in 48 CFR 970.3270(a)(1)(i), if a separate fixed-fee is provided for a separate item of work, paragraph (a) of the basic clause should be modified to permit payment of the entire fixed-fee upon completion of that item.

Alternate II (DEC 2000). As prescribed in 48 CFR 970.3270(a)(1)(ii), when total available fee provisions are used, replace paragraph (a) of the basic clause with the following paragraph (a):

(a) *Payment of Total available fee: Base Fee and Performance Fee.* The base fee amount, if any, is payable in equal monthly installments. Total available fee amount earned is

payable following the Government's Determination of Total Available Fee Amount Earned in accordance with the clause of this contract entitled "Total Available Fee: Base Fee Amount and Performance Fee Amount." Base fee amount and total available fee amount earned payments shall be made by direct payment or withdrawn from funds advanced or available under this contract, as determined by the contracting officer. The contracting officer may offset against any such fee payment the amounts owed to the Government by the contractor, including any amounts owed for disallowed costs under this contract. No base fee amount or total available fee amount earned payment may be withdrawn against the payments cleared financing arrangement without the prior written approval of the contracting officer.

Alternate III (DEC 2000). As prescribed in 48 CFR 970.3270(a)(1)(iii), the following paragraph (k) shall be included in management and operating contracts with integrated accounting systems:

(k) Review and approval of costs incurred. The contractor shall prepare and submit annually as of September 30, a "Statement of Costs Incurred and Claimed" (Cost Statement) for the total of net expenditures accrued (i.e., net costs incurred) for the period covered by the Cost Statement. The contractor shall certify the Cost Statement subject to the penalty provisions for unallowable costs as stated in sections 306(b) and (i) of the Federal Property and Administrative Services Act of 1949 (41 U.S.C. 256), as amended. DOE, after audit and appropriate adjustment, will approve such Cost Statement. This approval by DOE will constitute an acknowledgment by DOE that the net costs incurred are allowable under the contract and that they have been recorded in the accounts maintained by the contractor in accordance with DOE accounting policies, but will not relieve the contractor of responsibility for DOE's assets in its care, for appropriate subsequent adjustments, or for errors later becoming known to DOE.

Alternate IV (DEC 2000). As prescribed in 48 CFR 970.3270(a)(1)(iv), the following paragraph (k) shall be included in management and operating contracts without integrated accounting systems: Q P='04'≤

(k) *Certification and penalties.* The contractor shall prepare and submit a "Statement of Costs Incurred and Claimed" (Cost Statement) for the total of net expenditures incurred for the period covered by the Cost Statement. It is anticipated that this will be an annual submission unless otherwise agreed to by the contracting officer. The

contractor shall certify the Cost Statement subject to the penalty provisions for unallowable costs as stated in sections 306(b) and (i) of the Federal Property and Administrative Services Act of 1949 (41 U.S.C. 256), as amended.

970.5232-3 Accounts, records, and inspection.

As prescribed in 48 CFR 970.3270(a)(2), insert the following clause:

ACCOUNTS, RECORDS, AND INSPECTION (DEC 2000)

(a) *Accounts.* The contractor shall maintain a separate and distinct set of accounts, records, documents, and other evidence showing and supporting; all allowable costs incurred; collections accruing to the contractor in connection with the work under this contract, other applicable credits, negotiated fixed amounts, and fee accruals under this contract; and the receipt, use, and disposition of all Government property coming into the possession of the contractor under this contract. The system of accounts employed by the contractor shall be satisfactory to DOE and in accordance with generally accepted accounting principles consistently applied.

(b) *Inspection and audit of accounts and records.* All books of account and records relating to this contract shall be subject to inspection and audit by DOE or its designees in accordance with the provisions of Clause ____, Access to and ownership of records, at all reasonable times, before and during the period of retention provided for in paragraph (d) of this clause, and the contractor shall afford DOE proper facilities for such inspection and audit.

(c) *Audit of subcontractors' records.* The contractor also agrees, with respect to any subcontracts (including fixed-price or unit-price subcontracts or purchase orders) where, under the terms of the subcontract, costs incurred are a factor in determining the amount payable to the subcontractor of any tier, to either conduct an audit of the subcontractor's costs or arrange for such an audit to be performed by the cognizant government audit agency through the contracting officer.

(d) *Disposition of records.* Except as agreed upon by the Government and the contractor, all financial and cost reports, books of account and supporting documents, system files, data bases, and other data evidencing costs allowable, collections accruing to the contractor in connection with the work under this contract, other applicable credits, and fee accruals under this contract, shall be the property of the Government, and shall be delivered to the Government or otherwise disposed of by the contractor either as the contracting officer may from time to time

direct during the progress of the work or, in any event, as the contracting officer shall direct upon completion or termination of this contract and final audit of accounts hereunder. Except as otherwise provided in this contract, including provisions of Clause ____, Access to and ownership of records, all other records in the possession of the contractor relating to this contract shall be preserved by the contractor for a period of three years after final payment under this contract or otherwise disposed of in such manner as may be agreed upon by the Government and the contractor.

(e) *Reports.* The contractor shall furnish such progress reports and schedules, financial and cost reports, and other reports concerning the work under this contract as the contracting officer may from time to time require.

(f) *Inspections.* The DOE shall have the right to inspect the work and activities of the contractor under this contract at such time and in such manner as it shall deem appropriate.

(g) *Subcontracts.* The contractor further agrees to require the inclusion of provisions similar to those in paragraphs (a) through (g) and paragraph (h) of this clause in all subcontracts (including fixed-price or unit-price subcontracts or purchase orders) of any tier entered into hereunder where, under the terms of the subcontract, costs incurred are a factor in determining the amount payable to the subcontractor.

(h) *Comptroller General.* (1) The Comptroller General of the United States, or an authorized representative, shall have access to and the right to examine any of the contractor's directly pertinent records involving transactions related to this contract or a subcontract hereunder.

(2) This paragraph may not be construed to require the contractor or subcontractor to create or maintain any record that the contractor or subcontractor does not maintain in the ordinary course of business or pursuant to a provision of law.

(3) Nothing in this contract shall be deemed to preclude an audit by the General Accounting Office of any transaction under this contract.

(End of clause)

Alternate I (DEC 2000). As prescribed in 48 CFR 970.3270(a)(2)(i), if the contract includes the clause at 48 CFR 52.215-11, Price Reduction for Defective Cost or Pricing Data, the basic clause shall be modified as follows:

(a) Paragraph (a) of the basic clause shall be modified by adding the words "or anticipated to be incurred" after the words "allowable costs incurred."

(b) Paragraph (g) of the basic clause shall be modified by adding the following:

The contractor further agrees to include an "Audit" clause, the substance of which is the "Audit" clause set forth at 48 CFR 52.215-2, in each subcontract which does not include provisions similar to those in paragraph (a) through paragraph (g) and paragraph (h) of this clause, but which contains a "defective cost or pricing data" clause.

Alternate II (DEC 2000). As prescribed in 48 CFR 970.3270(a)(2)(ii), in cost-reimbursement contracts involving an estimated cost exceeding \$5 million and expected to run for more than 2 years, and any other cost-reimbursement contract determined by the Head of the Contracting Activity in which the contractor has an established internal audit organization, add the following paragraph (i) to the basic clause:

(i) *Internal audit.* The contractor agrees to conduct an internal audit and examination satisfactory to DOE of the records, operations, expenses, and the transactions with respect to costs claimed to be allowable under this contract annually and at such other times as may be mutually agreed upon. The results of such audit, including the working papers, shall be submitted or made available to the contracting officer. The contractor shall include this paragraph (i) in all cost-reimbursement subcontracts with an estimated cost exceeding \$5 million and expected to run for more than 2 years, and any other cost-reimbursement subcontract determined by the Head of the Contracting Activity.

970.5232-4 Obligation of funds.

As prescribed in 48 CFR 970.3270(a)(3), insert the following clause:

OBLIGATION OF FUNDS (DEC 2000)

(a) *Obligation of funds.* The amount presently obligated by the Government with respect to this contract is ___ dollars (\$___). Such amount may be increased unilaterally by DOE by written notice to the contractor and may be increased or decreased by written agreement of the parties (whether or not by formal modification of this contract). Estimated collections from others for work and services to be performed under this contract are not included in the amount presently obligated. Such collections, to the extent actually received by the contractor, shall be processed and accounted for in accordance with applicable requirements imposed by the contracting officer pursuant to the Laws,

regulations, and DOE directives clause of this contract. Nothing in this paragraph is to be construed as authorizing the contractor to exceed limitations stated in financial plans established by DOE and furnished to the contractor from time to time under this contract.

(b) *Limitation on payment by the Government.* Except as otherwise provided in this contract and except for costs which may be incurred by the contractor pursuant to the Termination clause of this contract or costs of claims allowable under the contract occurring after completion or termination and not released by the contractor at the time of financial settlement of the contract in accordance with the clause entitled "Payments and Advances," payment by the Government under this contract on account of allowable costs shall not, in the aggregate, exceed the amount obligated with respect to this contract, less the contractor's fee and any negotiated fixed amount. Unless expressly negated in this contract, payment on account of those costs excepted in the preceding sentence which are in excess of the amount obligated with respect to this contract shall be subject to the availability of:

(1) collections accruing to the contractor in connection with the work under this contract and processed and accounted for in accordance with applicable requirements imposed by the contracting officer pursuant to the Laws, regulations, and DOE directives clause of this contract, and

(2) other funds which DOE may legally use for such purpose, provided DOE will use its best efforts to obtain the appropriation of funds for this purpose if not otherwise available.

(c) *Notices—Contractor excused from further performance.* The contractor shall notify DOE in writing whenever the unexpended balance of available funds (including collections available under paragraph (a) of this clause), plus the contractor's best estimate of collections to be received and available during the ___ day period hereinafter specified, is in the contractor's best judgment sufficient to continue contract operations at the programmed rate for only ___ days and to cover the contractor's unpaid fee and any negotiated fixed amounts, and outstanding encumbrances and liabilities on account of costs allowable under the contract at the end of such period. Whenever the unexpended balance of available funds (including collections available under paragraph (a) of this clause), less the amount of the contractor's fee then earned but not paid and any negotiated fixed amounts, is in the contractor's best judgment sufficient only to liquidate outstanding encumbrances and liabilities on account of costs allowable under this contract, the contractor shall immediately notify DOE and shall make no further encumbrances or expenditures (except to liquidate

existing encumbrances and liabilities), and, unless the parties otherwise agree, the contractor shall be excused from further performance (except such performance as may become necessary in connection with termination by the Government) and the performance of all work hereunder will be deemed to have been terminated for the convenience of the Government in accordance with the provisions of the Termination clause of this contract.

(d) *Financial plans; cost and encumbrance limitations.* In addition to the limitations provided for elsewhere in this contract, DOE may, through financial plans, such as Approved Funding Programs, or other directives issued to the contractor, establish controls on the costs to be incurred and encumbrances to be made in the performance of the contract work. Such plans and directives may be amended or supplemented from time to time by DOE. The contractor agrees

(1) to comply with the specific limitations (ceilings) on costs and encumbrances set forth in such plans and directives,

(2) to comply with other requirements of such plans and directives, and

(3) to notify DOE promptly, in writing, whenever it has reason to believe that any limitation on costs and encumbrances will be exceeded or substantially underrun.

(e) *Government's right to terminate not affected.* The giving of any notice under this clause shall not be construed to waive or impair any right of the Government to terminate the contract under the provisions of the Termination clause of this contract.

(End of clause)

Alternate I (DEC 2000). As prescribed in 48 CFR 970.3270(a)(3)(i), paragraph (d) of the clause may be omitted in contracts which, expressly or otherwise, provide a contractual basis for equivalent controls in a separate clause.

970.5232-5 Liability with respect to cost accounting standards.

As prescribed in 48 CFR 970.3270(a)(5), insert the following clause:

LIABILITY WITH RESPECT TO COST ACCOUNTING STANDARDS (DEC 2000)

(a) The contractor is not liable to the Government for increased costs or interest resulting from its failure to comply with the clauses of this contract entitled, "Cost Accounting Standards," and "Administration of Cost Accounting Standards," if its failure to comply with the clauses is caused by the contractor's compliance with published DOE financial management policies and procedures or other requirements established by the Department's Chief Financial Officer or Procurement Executive.

(b) The contractor is not liable to the Government for increased costs or interest resulting from its subcontractors' failure to comply with the clauses at FAR 52.230-2, "Cost Accounting Standards," and FAR 52.230-6, "Administration of Cost Accounting Standards," if the contractor includes in each covered subcontract a clause making the subcontractor liable to the Government for increased costs or interest resulting from the subcontractor's failure to comply with the clauses; and the contractor seeks the subcontract price adjustment and cooperates with the Government in the Government's attempts to recover from the subcontractor.

970.5232-6 Work for others funding authorization.

As prescribed in 48 CFR 970.3270(a)(6), insert the following clause:

WORK FOR OTHERS FUNDING AUTHORIZATION
(DEC 2000)

Any uncollectible receivables resulting from the contractor utilizing contractor corporate funding for reimbursable work shall be the responsibility of the contractor, and the United States Government shall have no liability to the contractor for the contractor's uncollected receivables. The contractor is permitted to provide advance payment utilizing contractor corporate funds for reimbursable work to be performed by the contractor for a non-Federal entity in instances where advance payment from that entity is required under the Laws, regulations, and DOE directives clause of this contract and such advance cannot be obtained. The contractor is also permitted to provide advance payment utilizing contractor corporate funds to continue reimbursable work to be performed by the contractor for a Federal entity when the term or the funds on a Federal interagency agreement required under the Laws, regulations, and DOE directives clause of this contract have elapsed. The contractor's utilization of contractor corporate funds does not relieve the contractor of its responsibility to comply with all requirements for Work for Others applicable to this contract.

970.5232-7 Financial management system.

As prescribed in 48 CFR 970.3270(b)(1), insert the following clause:

FINANCIAL MANAGEMENT SYSTEM (DEC 2000)

The contractor shall maintain and administer a financial management system that is suitable to provide proper accounting in accordance with DOE requirements for assets, liabilities, collections accruing to the contractor in connection with the work under this contract, expenditures, costs, and en-

cumbrances; permits the preparation of accounts and accurate, reliable financial and statistical reports; and assures that accountability for the assets can be maintained. The contractor shall submit to DOE for written approval an annual plan for new financial management systems and/or subsystems and major enhancements and/or upgrades to the currently existing financial systems and/or subsystems. The contractor shall notify DOE thirty (30) days in advance of any planned implementation of any substantial deviation from this plan and, as requested by the contracting officer, shall submit any such deviation to DOE for written approval before implementation.

970.5232-8 Integrated accounting.

As prescribed in 48 CFR 970.3270(b)(2), insert the following clause:

INTEGRATED ACCOUNTING (DEC 2000)

Integrated accounting procedures are required for use under this contract. The contractor's financial management system shall include an integrated accounting system that is linked to DOE's accounts through the use of reciprocal accounts and that has electronic capability to transmit monthly and year-end self-balancing trial balances to the Department's Primary Accounting System for reporting financial activity under this contract in accordance with requirements imposed by the contracting officer pursuant to the Laws, regulations, and DOE directives clause of this contract.

970.5235-1 Federally funded research and development center sponsoring agreement.

As prescribed in 48 CFR 970.3501-4, the contracting officer shall insert the following clause:

FEDERALLY FUNDED RESEARCH AND DEVELOPMENT CENTER SPONSORING AGREEMENT
(DEC 2000)

(a) Pursuant to 48 CFR 35.017-1, this contract constitutes the sponsoring agreement between the Department of Energy and the contractor, which establishes the relationship for the operation of a Department of Energy sponsored Federally Funded Research and Development Center (FFRDC).

(b) In the operation of this FFRDC, the contractor may be provided access beyond that which is common to the normal contractual relationship, to Government and supplier data, including sensitive and proprietary data, and to Government employees and facilities needed to discharge its responsibilities efficiently and effectively. Because of this special relationship, it is essential that the FFRDC be operated in the public interest with objectivity and independence, be

free from organizational conflicts of interest, and have full disclosure of its affairs to the Department of Energy.

(c) Unless otherwise provided by the contract, the contractor may accept work from a nonsponsor (as defined in 48 CFR 35.017) in accordance with the requirements and limitations of DOE Order 481.1, Work for Others (Non-Department of Energy Funded Work) (see current version).

(d) As an FFRDC, the contractor shall not use its privileged information or access to government facilities to compete with the private sector. Specific guidance on restricted activities is contained in DOE Order 481.1.

(End of clause)

970.5236-1 Government facility subcontract approval.

As prescribed in 48 CFR 970.3605-2, insert the following clause:

GOVERNMENT FACILITY SUBCONTRACT
APPROVAL (DEC 2000)

Upon request of the contracting officer and acceptance thereof by the contractor, the contractor shall procure, by subcontract, the construction of new facilities or the alteration or repair of Government-owned facilities at the plant. Any subcontract entered into under this paragraph shall be subject to the written approval of the contracting officer and shall contain the provisions relative to labor and wages required by law to be included in contracts for the construction, alteration, and/or repair, including painting and decorating, of a public building or public work.

(End of clause)

970.5237-2 Facilities management.

As prescribed in 48 CFR 970.3770-2, insert the following clause:

FACILITIES MANAGEMENT (DEC 2000)

Copies of DOE Directives referenced herein are available from the contracting officer.

(a) *Site development planning.* The Government shall provide to the contractor site development guidance for the facilities and lands for which the contractor is responsible under the terms and conditions of this contract. Based upon this guidance, the contractor shall prepare, and maintain through annual updates, a Long-Range Site Development Plan (Plan) to reflect those actions necessary to keep the development of these facilities current with the needs of the Government and allow the contractor to successfully accomplish the work required under this contract. In developing this Plan, the contractor shall follow the procedural guid-

ance set forth in the applicable DOE Directives in the Life Cycle Facility Operations Series listed elsewhere in this contract. The contractor shall use the Plan to manage and control the development of facilities and lands. All plans and revisions shall be approved by the Government.

(b) *General design criteria.* The general design criteria which shall be utilized by the contractor in managing the site for which it is responsible under this contract are those specified in the applicable DOE Directives in the 6430, Design Criteria, series listed elsewhere in this contract. The contractor shall comply with these mandatory, minimally acceptable requirements for all facility designs with regard to any building acquisition, new facility, facility addition or alteration or facility lease undertaken as part of the site development activities of paragraph (a) of this clause. This includes on-site constructed buildings, pre-engineered buildings, plan-fabricated modular buildings, and temporary facilities. For existing facilities, original design criteria apply to the structure in general; however, additions or modifications shall comply with this directive and the associated latest editions of the references therein. An exception may be granted for off-site office space being leased by the contractor on a temporary basis.

(c) *Energy management.* The contractor shall manage the facilities for which it is responsible under the terms and conditions of this contract in an energy efficient manner in accordance with the applicable DOE Directives in the Life Cycle Facility Operations Series listed elsewhere in this contract. The contractor shall develop a 10-year energy management plan for each site with annual reviews and revisions. The contractor shall submit an annual report on progress toward achieving the goals of the 10-year plan for each individual site, and an energy conservation analysis report for each new building or building addition project. Any acquisition of utility services by the contractor shall be conducted in accordance with 48 CFR 970.41.

(d) *Subcontract Requirements.* To the extent the contractor subcontracts performance of any of the responsibilities discussed in this clause, the subcontract shall contain the requirements of this clause relative to the subcontracted responsibilities.

(End of clause)

970.5242-1 Penalties for unallowable costs.

As prescribed in 48 CFR 970.4207-03-70, insert the following clause:

Department of Energy

970.5244-1

PENALTIES FOR UNALLOWABLE COSTS (DEC 2000)

(a) Contractors which include unallowable cost in a submission for settlement for cost incurred, may be subject to penalties.

(b) If, during the review of a submission for settlement of cost incurred, the contracting officer determines that the submission contains an expressly unallowable cost or a cost determined to be unallowable prior to the submission, the contracting officer shall assess a penalty.

(c) Unallowable costs are either expressly unallowable or determined unallowable.

(1) An expressly unallowable cost is a particular item or type of cost which, under the express provisions of an applicable law, regulation, or this contract, is specifically named and stated to be unallowable.

(2) A cost determined unallowable is one which, for that contractor,

(i) was subject to a contracting officer's final decision and not appealed;

(ii) the Department's Board of Contract Appeals or a court has previously ruled as unallowable; or

(iii) was mutually agreed to be unallowable.

(d) If the contracting officer determines that a cost submitted by the contractor in its submission for settlement of cost incurred is:

(1) expressly unallowable, then the contracting officer shall assess a penalty in an amount equal to the disallowed cost allocated to this contract plus interest on the paid portion of the disallowed cost. Interest shall be computed from the date of overpayment to the date of repayment using the interest rate specified by the Secretary of the Treasury pursuant to Pub. L. 92-41 (85 Stat. 97); or

(2) determined unallowable, then the contracting officer shall assess a penalty in an amount equal to two times the amount of the disallowed cost allocated to this contract.

(e) The contracting officer may waive the penalty provisions when

(1) the contractor withdraws the submission before the formal initiation of an audit of the submission and submits a revised submission;

(2) the amount of the unallowable costs allocated to covered contracts is \$10,000 or less; or

(3) the contractor demonstrates to the contracting officer's satisfaction that:

(i) it has established appropriate policies, personnel training, and an internal control and review system that provides assurances that unallowable costs subject to penalties are precluded from the contractor's submission for settlement of costs; and

(ii) the unallowable costs subject to the penalty were inadvertently incorporated into the submission.

(End of clause)

970.5243-1 Changes.

As prescribed in 48 CFR 970.4302-1, the contracting officer shall insert the following clause in all management and operating contracts:

CHANGES (DEC 2000)

(a) *Changes and adjustment of fee.* The contracting officer may at any time and without notice to the sureties, if any, issue written directions within the general scope of this contract requiring additional work or directing the omission of, or variation in, work covered by this contract. If any such direction results in a material change in the amount or character of the work described in the "Statement of Work," an equitable adjustment of the fee, if any, shall be made in accordance with the agreement of the parties and the contract shall be modified in writing accordingly. Any claim by the contractor for an adjustment under this clause must be asserted in writing within 30 days from the date of receipt by the contractor of the notification of change; provided, however, that the contracting officer, if it is determined that the facts justify such action, may receive and act upon any such claim asserted at any time prior to final payment under this contract. A failure to agree on an equitable adjustment under this clause shall be deemed to be a dispute within the meaning of the clause entitled "Disputes."

(b) *Work to continue.* Nothing contained in this clause shall excuse the contractor from proceeding with the prosecution of the work in accordance with the requirements of any direction hereunder.

(End of clause)

970.5244-1 Contractor purchasing system.

As prescribed in 48 CFR 970.4402-5, insert the following clause:

CONTRACTOR PURCHASING SYSTEM (DEC 2000)

(a) *General.* The contractor shall develop, implement, and maintain formal policies, practices, and procedures to be used in the award of subcontracts consistent with this clause and 48 CFR 970.44. The contractor's purchasing system and methods shall be fully documented, consistently applied, and acceptable to DOE in accordance with 48 CFR 970.4401-1. The contractor shall maintain file documentation which is appropriate to the value of the purchase and is adequate to establish the propriety of the transaction

and the price paid. The contractor's purchasing performance will be evaluated against such performance criteria and measures as may be set forth elsewhere in this contract. DOE reserves the right at any time to require that the contractor submit for approval any or all purchases under this contract. The contractor shall not purchase any item or service the purchase of which is expressly prohibited by the written direction of DOE and shall use such special and directed sources as may be expressly required by the DOE contracting officer. DOE will conduct periodic appraisals of the contractor's management of all facets of the purchasing function, including the contractor's compliance with its approved system and methods. Such appraisals will be performed through the conduct of Contractor Purchasing System Reviews in accordance with 48 CFR subpart 44.3, or, when approved by the contracting officer, through the contractor's participation in the conduct of the Balanced Scorecard performance measurement and performance management system. The contractor's approved purchasing system and methods shall include the requirements set forth in paragraphs (b) through (y) of this clause.

(b) *Acquisition of utility services.* Utility services shall be acquired in accordance with the requirements of 48 CFR 970.41.

(c) *Acquisition of Real Property.* Real property shall be acquired in accordance with 48 CFR Subpart 917.74.

(d) *Advance Notice of Proposed Subcontract Awards.* Advance notice shall be provided in accordance with 48 CFR 970.4401-3.

(e) *Audit of Subcontractors.* (1) The contractor shall provide for:

(i) periodic post-award audit of cost-reimbursement subcontractors at all tiers, and
 (ii) audits, where necessary, to provide a valid basis for pre-award or cost or price analysis.

(2) Responsibility for determining the costs allowable under each cost-reimbursement subcontract remains with the contractor or next higher-tier subcontractor. The contractor shall provide, in appropriate cases, for the timely involvement of the contractor and the DOE contracting officer in resolution of subcontract cost allowability.

(3) Where audits of subcontractors at any tier are required, arrangements may be made to have the cognizant Federal agency perform the audit of the subcontract. These arrangements shall be made administratively between DOE and the other agency involved and shall provide for the cognizant agency to audit in an appropriate manner in light of the magnitude and nature of the subcontract. In no case, however, shall these arrangements preclude determination by the DOE contracting officer of the allowability or unallowability of subcontractor costs claimed for reimbursement by the contractor.

(4) Allowable costs for cost reimbursable subcontracts are to be determined in accordance with the cost principles of 48 CFR Part 31, appropriate for the type of organization to which the subcontract is to be awarded, as supplemented by 48 CFR Part 931. Allowable costs in the purchase or transfer from contractor-affiliated sources shall be determined in accordance with 48 CFR 970.4402-3 and 48 CFR 970.3102-3-21(b).

(f) *Bonds and Insurance.* (1) The contractor shall require performance bonds in penal amounts as set forth in 48 CFR 28.102-2(a) for all fixed priced and unit-priced construction subcontracts in excess of \$100,000. The contractor shall consider the use of performance bonds in fixed price nonconstruction subcontracts, where appropriate.

(2) For fixed-price, unit-priced and cost reimbursement construction subcontracts in excess of \$100,000 a payment bond shall be obtained on Standard Form 25A modified to name the contractor as well as the United States of America as obligees. The penal amounts shall be determined in accordance with 48 CFR 28.102-2(b).

(3) For fixed-price, unit-priced and cost-reimbursement construction subcontracts, greater than \$25,000, but not greater than \$100,000, the contractor shall select two or more of the payment protections at 48 CFR 28.102-1(b), giving particular consideration to the inclusion of an irrevocable letter of credit as one of the selected alternatives.

(4) A subcontractor may have more than one acceptable surety in both construction and other subcontracts, provided that in no case will the liability of any one surety exceed the maximum penal sum for which it is qualified for any one obligation. For subcontracts other than construction, a co-surety (two or more sureties together) may reinsure amounts in excess of their individual capacity, with each surety having the required underwriting capacity that appears on the list of acceptable corporate sureties.

(g) *Buy American.* The contractor shall comply with the provisions of the Buy American Act as reflected in 48 CFR 52.225-3 and 48 CFR 52.225-5. The contractor shall forward determinations of nonavailability of individual items to the DOE contracting officer for approval. Items in excess of \$100,000 require the prior concurrence of the Head of Contracting Activity. If, however, the contractor has an approved purchasing system, the Head of the Contracting Activity may authorize the contractor to make determinations of nonavailability for individual items valued at \$100,000 or less.

(h) *Construction and Architect-Engineer Subcontracts.* (1) *Independent Estimates.* A detailed, independent estimate of costs shall be prepared for all construction work to be subcontracted.

(2) *Specifications.* Specifications for construction shall be prepared in accordance

with the DOE publication entitled "General Design Criteria Manual."

(3) *Prevention of Conflict of Interest.* (i) The contractor shall not award a subcontract for construction to the architect-engineer firm or an affiliate that prepared the design. This prohibition does not preclude the award of a "turnkey" subcontract so long as the subcontractor assumes all liability for defects in design and construction and consequential damages.

(ii) The contractor shall not award both a cost-reimbursement subcontract and a fixed-price subcontract for construction or architect-engineer services or any combination thereof to the same firm where those subcontracts will be performed at the same site.

(iii) The contractor shall not employ the construction subcontractor or an affiliate to inspect the firm's work. The contractor shall assure that the working relationships of the construction subcontractor and the subcontractor inspecting its work and the authority of the inspector are clearly defined.

(i) *Contractor-Affiliated Sources.* Equipment, materials, supplies, or services from a contractor-affiliated source shall be purchased or transferred in accordance with 48 CFR 970.4402-3.

(j) *Contractor-Subcontractor Relationship.* The obligations of the contractor under paragraph (a) of this clause, including the development of the purchasing system and methods, and purchases made pursuant thereto, shall not relieve the contractor of any obligation under this contract (including, among other things, the obligation to properly supervise, administer, and coordinate the work of subcontractors). Subcontracts shall be in the name of the contractor, and shall not bind or purport to bind the Government.

(k) *Government Property.* Identification, inspection, maintenance, protection, and disposition of Government property shall conform with the policies and principles of 48 CFR Part 45, 48 CFR 945, the Federal Property Management Regulations 41 CFR Chapter 101, the DOE Property Management Regulations 41 CFR Chapter 109, and their contracts.

(l) *Indemnification.* Except for Price-Anderson Nuclear Hazards Indemnity, no subcontractor may be indemnified except with the prior approval of the Senior Procurement Executive.

(m) *Leasing of Motor Vehicles.* Contractors shall comply with 48 CFR 8.11 and 48 CFR 908.11.

(n) *Make-or-Buy Plans.* Acquisition of property and services shall be obtained on a least-cost basis, consistent with the requirements of the "Make-or-Buy Plan" clause of this contract and the contractor's approved make-or-buy plan.

(o) *Management, Acquisition and Use of Information Resources.* Requirements for auto-

matic data processing resources and telecommunications facilities, services, and equipment, shall be reviewed and approved in accordance with applicable DOE Orders and regulations regarding information resources.

(p) *Priorities, Allocations and Allotments.* Priorities, allocations and allotments shall be extended to appropriate subcontracts in accordance with the clause or clauses of this contract dealing with priorities and allocations.

(q) *Purchase of Special Items.* Purchase of the following items shall be in accordance with the following provisions of 48 CFR 908.71 and the Federal Property Management Regulations, 41 CFR Chapter 101:

- (1) Motor vehicles—48 CFR 908.7101
- (2) Aircraft—48 CFR 908.7102
- (3) Security Cabinets—48 CFR 908.7106
- (4) Alcohol—48 CFR 908.7107

- (8) Arms and Ammunition—48 CFR 908.7111
- (9) Heavy Water—48 CFR 908.7121(a)
- (10) Precious Metals—48 CFR 908.7121(b)
- (11) Lithium—48 CFR 908.7121(c)
- (12) Products and services of the blind and severely handicapped—41 CFR 101-26.701
- (13) Products made in Federal penal and correctional institutions—41 CFR 101-26.702

(r) *Purchase vs. Lease Determinations.* Contractors shall determine whether required equipment and property should be purchased or leased, and establish appropriate thresholds for application of lease vs. purchase determinations. Such determinations shall be made:

- (1) at time of original acquisition;
- (2) when lease renewals are being considered; and
- (3) at other times as circumstances warrant.

(s) *Quality Assurance.* Contractors shall provide no less protection for the Government in its subcontracts than is provided in the prime contract.

(t) *Setoff of Assigned Subcontractor Proceeds.* Where a subcontractor has been permitted to assign payments to a financial institution, the assignment shall treat any right of setoff in accordance with 48 CFR 932.803.

(u) *Strategic and Critical Materials.* The contractor may use strategic and critical materials in the National Defense Stockpile.

(v) *Termination.* When subcontracts are terminated as a result of the termination of all or a portion of this contract, the contractor shall settle with subcontractors in conformity with the policies and principles relating to settlement of prime contracts in 48 CFR Subparts 49.1, 49.2 and 49.3. When subcontracts are terminated for reasons other

than termination of this contract, the contractor shall settle such subcontracts in general conformity with the policies and principles in 48 CFR Subparts 49.1, 49.2, 49.3 and 49.4. Each such termination shall be documented and consistent with the terms of this contract. Terminations which require approval by the Government shall be supported by accounting data and other information as may be directed by the contracting officer.

(w) *Unclassified Controlled Nuclear Information*. Subcontracts involving unclassified uncontrolled nuclear information shall be treated in accordance with 10 CFR part 1017.

(x) *Subcontract Flowdown Requirements*. In addition to terms and conditions that are included in the prime contract which direct application of such terms and conditions in appropriate subcontracts, the contractor shall include the following clauses in subcontracts, as applicable:

(1) Davis-Bacon clauses prescribed in 48 CFR 22.407.

(2) Foreign Travel clause prescribed in 48 CFR 952.247-70.

(3) Counterintelligence clause prescribed in 48 CFR 970.0404-4(a).

(y) *Legal Services*. Contractor purchases of litigation and other legal services are subject to the requirements in 10 CFR part 719 and the requirements of this clause.

(End of clause)

[65 FR 81009, Dec. 22, 2000, as amended at 66 FR 4627, Jan. 18, 2001]

970.5245-1 Property.

As prescribed in 48 CFR 970.4501-1(a), insert the following clause:

PROPERTY (DEC 2000)

(a) *Furnishing of Government property*. The Government reserves the right to furnish any property or services required for the performance of the work under this contract.

(b) *Title to property*. Except as otherwise provided by the contracting officer, title to all materials, equipment, supplies, and tangible personal property of every kind and description purchased by the contractor, for the cost of which the contractor is entitled to be reimbursed as a direct item of cost under this contract, shall pass directly from the vendor to the Government. The Government reserves the right to inspect, and to accept or reject, any item of such property. The contractor shall make such disposition of rejected items as the contracting officer shall direct. Title to other property, the cost

of which is reimbursable to the contractor under this contract, shall pass to and vest in the Government upon (1) issuance for use of such property in the performance of this contract, or (2) commencement of processing or use of such property in the performance of this contract, or (3) reimbursement of the cost thereof by the Government, whichever first occurs. Property furnished by the Government and property purchased or furnished by the contractor, title to which vests in the Government, under this paragraph are hereinafter referred to as Government property. Title to Government property shall not be affected by the incorporation of the property into or the attachment of it to any property not owned by the Government, nor shall such Government property or any part thereof, be or become a fixture or lose its identity as personality by reason of affixation to any realty.

(c) *Identification*. To the extent directed by the contracting officer, the contractor shall identify Government property coming into the contractor's possession or custody, by marking and segregating in such a way, satisfactory to the contracting officer, as shall indicate its ownership by the Government.

(d) *Disposition*. The contractor shall make such disposition of Government property which has come into the possession or custody of the contractor under this contract as the contracting officer may direct during the progress of the work or upon completion or termination of this contract. The contractor may, upon such terms and conditions as the contracting officer may approve, sell, or exchange such property, or acquire such property at a price agreed upon by the contracting officer and the contractor as the fair value thereof. The amount received by the contractor as the result of any disposition, or the agreed fair value of any such property acquired by the contractor, shall be applied in reduction of costs allowable under this contract or shall be otherwise credited to account to the Government, as the contracting officer may direct. Upon completion of the work or the termination of this contract, the contractor shall render an accounting, as prescribed by the contracting officer, of all government property which had come into the possession or custody of the contractor under this contract.

(e) *Protection of government property—management of high-risk property and classified materials*. (1) The contractor shall take all reasonable precautions, and such other actions as may be directed by the contracting officer, or in the absence of such direction, in accordance with sound business practice, to safeguard and protect government property in the contractor's possession or custody.

(2) In addition, the contractor shall ensure that adequate safeguards are in place, and adhered to, for the handling, control and disposition of high-risk property and classified

materials throughout the life cycle of the property and materials consistent with the policies, practices and procedures for property management contained in the Federal Property Management regulations (41 CFR chapter 101), the Department of Energy Property Management regulations (41 CFR chapter 109), and other applicable regulations.

(3) High-risk property is property, the loss, destruction, damage to, or the unintended or premature transfer of which could pose risks to the public, the environment, or the national security interests of the United States. High-risk property includes proliferation sensitive, nuclear related dual use, export controlled, chemically or radioactively contaminated, hazardous, and specially designed and prepared property, including property on the militarily critical technologies list.

(f) *Risk of loss of Government property.* (1)(i) The contractor shall not be liable for the loss or destruction of, or damage to, Government property unless such loss, destruction, or damage was caused by any of the following:

(A) Willful misconduct or lack of good faith on the part of the contractor's managerial personnel;

(B) Failure of the contractor's managerial personnel to take all reasonable steps to comply with any appropriate written direction of the contracting officer to safeguard such property under paragraph (e) of this clause; or

(C) Failure of contractor managerial personnel to establish, administer, or properly maintain an approved property management system in accordance with paragraph (i)(1) of this clause.

(ii) If, after an initial review of the facts, the contracting officer informs the contractor that there is reason to believe that the loss, destruction of, or damage to the government property results from conduct falling within one of the categories set forth above, the burden of proof shall be upon the contractor to show that the contractor should not be required to compensate the government for the loss, destruction, or damage.

(2) In the event that the contractor is determined liable for the loss, destruction or damage to Government property in accordance with (f)(1) of this clause, the contractor's compensation to the Government shall be determined as follows:

(i) For damaged property, the compensation shall be the cost of repairing such damaged property, plus any costs incurred for temporary replacement of the damaged property. However, the value of repair costs shall not exceed the fair market value of the damaged property. If a fair market value of the property does not exist, the contracting officer shall determine the value of such prop-

erty, consistent with all relevant facts and circumstances.

(ii) For destroyed or lost property, the compensation shall be the fair market value of such property at the time of such loss or destruction, plus any costs incurred for temporary replacement and costs associated with the disposition of destroyed property. If a fair market value of the property does not exist, the contracting officer shall determine the value of such property, consistent with all relevant facts and circumstances.

(3) The portion of the cost of insurance obtained by the contractor that is allocable to coverage of risks of loss referred to in paragraph (f)(1) of this clause is not allowable.

(g) *Steps to be taken in event of loss.* In the event of any damage, destruction, or loss to Government property in the possession or custody of the contractor with a value above the threshold set out in the contractor's approved property management system, the contractor:

(1) Shall immediately inform the contracting officer of the occasion and extent thereof,

(2) Shall take all reasonable steps to protect the property remaining, and

(3) Shall repair or replace the damaged, destroyed, or lost property in accordance with the written direction of the contracting officer. The contractor shall take no action prejudicial to the right of the Government to recover therefore, and shall furnish to the Government, on request, all reasonable assistance in obtaining recovery.

(h) *Government property for Government use only.* Government property shall be used only for the performance of this contract.

(i) *Property Management.* (1) *Property Management System.* (i) The contractor shall establish, administer, and properly maintain an approved property management system of accounting for and control, utilization, maintenance, repair, protection, preservation, and disposition of Government property in its possession under the contract. The contractor's property management system shall be submitted to the contracting officer for approval and shall be maintained and administered in accordance with sound business practice, applicable Federal Property Management regulations and Department of Energy Property Management regulations, and such directives or instructions which the contracting officer may from time to time prescribe.

(ii) In order for a property management system to be approved, it must provide for:

(A) Comprehensive coverage of property from the requirement identification, through its life cycle, to final disposition;

(B) Employee personal responsibility and accountability for Government-owned property;

(C) Full integration with the contractor's other administrative and financial systems; and

(D) A method for continuously improving property management practices through the identification of best practices established by "best in class" performers.

(iii) Approval of the contractor's property management system shall be contingent upon the completion of the baseline inventory as provided in subparagraph (i)(2) of this clause.

(2) *Property Inventory.* (i) Unless otherwise directed by the contracting officer, the contractor shall within six months after execution of the contract provide a baseline inventory covering all items of Government property.

(ii) If the contractor is succeeding another contractor in the performance of this contract, the contractor shall conduct a joint reconciliation of the property inventory with the predecessor contractor. The contractor agrees to participate in a joint reconciliation of the property inventory at the completion of this contract. This information will be used to provide a baseline for the succeeding contract as well as information for closeout of the predecessor contract.

(j) The term "contractor's managerial personnel" as used in this clause means the contractor's directors, officers and any of its managers, superintendents, or other equivalent representatives who have supervision or direction of:

(1) All or substantially all of the contractor's business; or

(2) All or substantially all of the contractor's operations at any one facility or separate location to which this contract is being performed; or

(3) A separate and complete major industrial operation in connection with the performance of this contract; or

(4) A separate and complete major construction, alteration, or repair operation in connection with performance of this contract; or

(5) A separate and discrete major task or operation in connection with the performance of this contract.

(k) The contractor shall include this clause in all cost reimbursable subcontracts.

(End of clause)

Alternate I (DEC 2000). As prescribed in 48 CFR 970.4501-1(b), when the award is to a nonprofit contractor, replace paragraph (j) of the basic clause with the following paragraph (j):

(j) The term "contractor's managerial personnel" as used in this clause means the contractor's directors, officers and any of its managers, superintendents, or other equivalent representatives who have supervision or direction of all or substantially all of:

(1) The contractor's business; or

(2) The contractor's operations at any one facility or separate location at which this contract is being performed; or

(3) The contractor's Government property system and/or a Major System Acquisition or Major Project as defined in DOE Order 4700.1 (Version in effect on effective date of contract).

Subpart 1001.1—Purpose, Authority, Issuance

1001.101 Purpose.

This subpart establishes Chapter 10, the Department of the Treasury Acquisition Regulation (DTAR), within Title 48 of the Federal Acquisition Regulation (FAR) System. The DTAR contains policies and procedures that supplement FAR coverage and directly affect the contractual relationship between the Department of the Treasury and its business partners (e.g., prospective offerors/bidders and contractors). When FAR coverage is adequate, there will be no corresponding DTAR coverage.

1001.104 Applicability

The FAR and DTAR apply to all acquisitions of supplies and services, which obligate appropriated funds. For acquisitions made from non-appropriated funds, the Senior Procurement Executive will determine the rules and procedures that will apply. The DTAR does not apply to the acquisitions of the U.S. Mint.

1001.105 Issuance.

1001.105-1 Publication and code arrangement.

The DTAR and its subsequent changes will be published in the FEDERAL REGISTER and codified in the Code of Federal Regulations (CFR). The DTAR will be issued as 48 CFR Chapter 10.

1001.105-2 Arrangement of regulations.

(a) *References and citations.* The DTAR is divided into the same parts, subparts, sections, subsections, and paragraphs as the FAR except that 10 or 100 will precede the DTAR citation so that there are four numbers to the left of the first decimal. Reference to DTAR material must be made in a manner similar to that prescribed by FAR 1.105-2(c).

1001.105-3 Copies.

Copies of the DTAR in FEDERAL REGISTER or CFR form may be purchased from the Superintendent of Documents, Government Printing Office (GPO), Washington, DC 20402.

1001.106 OMB Approval under the Paperwork Reduction Act.

OMB has assigned the following control numbers that must appear on the upper right-hand corner of the face page of each solicitation, contract, modification and order: OMB Control No. 1505-0081 (Offeror submissions), OMB Control No. 1505-0080 (Contractor submissions), and OMB Control No. 1505-0107 (Protests). OMB regulations and OMB's approval and assignment of control numbers are conditioned upon Treasury bureaus not requiring more than three copies (including the original) of any document of information. OMB has granted a waiver to permit the Department to require up to eight copies of proposal packages, including proprietary data, for solicitations, provided that contractors who submit

Subpart 1019.2—Policies

1019.202 Specific policies.

1019.202-70 The Treasury Mentor-Protégé Program.

1019.202 Non-affiliation.

For purposes of the Small Business Act, a protégé firm may not be considered an affiliate of a mentor firm solely on the basis that the protégé firm is receiving developmental assistance referred to in DTAR 1019.202-70-13 from such mentor firm under the Program.

1019.202-70-4 General policy.

(a) Eligible prime contractors, not included on the “List of Parties Excluded from Federal Procurement and Nonprocurement Programs”, that are approved as mentors will enter into agreements with eligible protégés. Mentors provide appropriate developmental assistance to enhance the capabilities of protégés to perform as contractors or subcontractors.

(b) A firm’s status as a protégé under a Treasury contract must not have an effect on the firm’s eligibility to seek other contracts or subcontracts.

1019.202-70-5 Incentives for prime contractor participation.

(a) Under the Small Business Act, 15 U.S.C. 637(d)(4)(E), Treasury is authorized to provide appropriate incentives to encourage subcontracting opportunities consistent with the efficient and economical performance of the contract. Proposed mentor-protégé efforts will be considered during the evaluation of such negotiated, competitive offers. Contracting officers must provide, as an incentive, a bonus score, not to exceed 5% of the relative importance assigned to the technical/management factors.

(b) A mentor’s performance will be evaluated against the criteria described in DTAR 1052.219-75.

(c) Before awarding a contract that requires a subcontracting plan, the existence of a mentor-protégé arrangement, and performance (if any) under an existing arrangement, must be considered by the contracting officer in:

(1) Evaluating the quality of a proposed subcontracting plan under FAR 19.705-4; and

(2) Evaluating the contractor compliance with the subcontracting plans submitted in previous contracts as a factor in determining contractor responsibility under FAR 19.705-5(a)(1).

(d) Mentor-protégé arrangements may provide the government with greater assurance that a protégé subcontractor will be able to perform under the contract.

(e) The Office of Small Business Development (OSBD) Mentoring Award is a non-monetary award that will be presented (annually or as often as appropriate) to the mentoring firm providing the most effective developmental support of a protégé. The Mentor-Protégé Program Manager will recommend an award winner to the Director, Office of Small Business Development.

1019.219-70-7 Mentor firms.

A mentor firm may be either a large or small business, eligible for award of a Government contract that can provide developmental assistance to enhance the capabilities of protégés to perform as subcontractors. Mentors will be encouraged to enter into arrangements with protégés in addition to firms with whom they have established business relationships.

1019.202-70-8 Protégé firms.

(a) For selection as a protégé, a firm must be:

(1) A small business, women-owned small business, small disadvantaged business, small business owned and controlled by service disabled veterans, or qualified HUBZone small business;

(2) "Small" in the NAICS for the services or supplies to be provided by the protégé under its subcontract to the mentor; and

(3) Eligible for receipt of Government contracts.

(b) Except for small disadvantaged business, or qualified HUBZone small business firms, a protégé firm may self-certify to a mentor firm that it meets the requirements set forth in paragraph (a) of this section. Mentors may rely in good faith on written representations by potential protégé that they meet the specified eligibility requirements. The small disadvantaged business and HUBZone status eligibility and documentation requirements are determined according to FAR 19.304 and FAR 19.1303, respectively.

(c) Protégés may not have multiple mentors unless approved, in writing, by the Director, Office of Small Business Development (OSBD). Protégés participating in other agency mentor-protégé programs in addition to the Treasury Program should maintain a system for preparing separate reports of men-

toring activity for each agency's program.

1019.708-70-9 Selection of protégé firms.

(a) Mentor firms will be solely responsible for selecting protégé firms. The mentor is encouraged to identify and select the types of protégé firms listed in 1019.202-70-7. Mentor firms may have multiple protégés.

(b) The selection of protégé firms by mentor firms may not be protested. Any protest regarding the size or eligibility status of an entity selected by a mentor to be a protégé must be referred solely to Treasury's OSBD for resolution. Treasury, at its discretion, may seek an advisory opinion from the Small Business Administration (SBA).

1019.202-70-10 Application process for mentor firms to participate in the program.

(a) Firm interested in becoming a mentor firm may apply in writing to Treasury's OSBD. The application will be evaluated based upon the description of the nature and extent of technical and managerial support proposed as well as the extent of other developmental assistance in the form of equity investment, loans, joint-venture support, and traditional subcontracting support.

(b) A proposed mentor will submit the information listed in DTAR 1019.202-70-12 for inclusion in a mentor-protégé agreement.

1019.202-70-11 OSBD review and approval process of agreement.

(a) OSBD will review the information specified in DTAR 1019.202-70-12. The OSBD review will be completed no later than 30 calendar days after receipt.

(b) Upon completion of the review, the mentor may implement the developmental assistance program.

(c) An approved agreement will be incorporated into the mentor firm's contract(s) with Treasury.

(d) If the OSBD disapprove the agreement, the mentor may provide additional information for reconsideration. Upon finding deficiencies that the OSBD considers correctable, the OSBD will notify the mentor and provide a

list of defects. Any additional information or corrections requested will be provided within 30 calendar days. The review of any supplemental material will be completed within 30 days after receipt by the OSBD. When submission of additional data is required during a proposal evaluation for a new contract award, shorter timeframes for submission, review and re-evaluation for approval may be authorized by the OSBD.

(e) The agreement defines the relationship between the mentor and protégé firms only. The agreement itself does not create any privity of contract between the mentor or protégé and Treasury.

1019.202-70-12 Agreement contents.

The contents of the agreement will contain:

(a) Names and addresses of mentor and protégé firms and a point of contact within both firms who will oversee the agreement;

(b) Procedures for the mentor firm to notify the protégé firm, OSBD and the contracting officer, in writing, at least 30 days in advance of the mentor firm's intent to voluntarily withdraw from the program;

(c) Procedures for a protégé firm to notify the mentor firm in writing at least 30 days in advance of the protégé firm's intent to voluntarily terminate the mentor-protégé agreement. The mentor must notify the OSBD and the contracting officer immediately upon receipt of such notice from the protégé;

(d) Each proposed mentor-protégé relationship must include information on the mentor's ability to provide developmental assistance to the protégé and how that assistance will potentially increase contracting and subcontracting opportunities for the protégé firm;

(e) A description of the type of developmental Program that will be provided by the mentor firm to the protégé firm, to include a description of the potential subcontract work, and a schedule for providing assistance and criteria for evaluation of the protégés developmental success;

(f) A listing of the types and dollar amounts of subcontracts that may be awarded to the protégé firm;

(g) Program participation term;

(h) Termination procedures;

(i) Plan for accomplishing work should the agreement be terminated; and,

(j) Other terms and conditions, as appropriate.

1019.202-70-13 Developmental assistance.

The forms of developmental assistance a mentor can provide to a protégé include:

(a) Management guidance relating to financial management, organizational management, overall business management/planning, business development, and technical assistance;

(b) Loans;

(c) Rent-free use of facilities and/or equipment;

(d) Property;

(e) Temporary assignment of personnel to protégé for purpose of training; and,

(f) Any other types of mutually beneficial assistance.

1019.202-70-14 Obligation.

(a) Mentor or protégé firms, may voluntarily withdraw from the Mentor-Protégé Program. However, such withdrawal will not impact the program mission and contract requirements under the prime contract.

(b) At the conclusion of each year in the Mentor-Protégé Program, the prime contractor and protégé must formally brief the Department of the Treasury team regarding program accomplishments as pertains to the approved agreement. Individual briefings may be conducted, at the request of either party. Treasury will evaluate these reports by considering the following:

(1) Specific actions taken by the mentor, during the evaluation period, to increase the participation of protégé as suppliers to the Federal government and to commercial entities;

(2) Specific actions taken by the mentor, during the evaluation period, to develop the technical and corporate administrative expertise of a protégé as defined in the agreement;

(3) To what extent the protégé has met the developmental objectives in the agreement; and,

(4) To what extent the mentor firm's participation in the Mentor-Protégé

Program resulted in the protégé receiving contract(s) and subcontract(s) from private firms and agencies other than the Department of the Treasury.

(c) Mentor and protégé firms must submit an evaluation to the OSBD at the conclusion of the mutually agreed upon program period, the conclusion of the contract, or the voluntary withdrawal by either party from the Mentor-Protégé Program, whichever comes first.

[59 FR 40270, Aug. 8, 1994. Redesignated at 61 FR 50249, Sept. 25, 1996]

1201.105-2 Arrangement of regulations.

(a) *General.* The TAR, which encompasses both Departmentwide and operating administration-unique guidance (see (TAR) 48 CFR 1201.3), conforms with the arrangement and numbering system prescribed by (FAR) 48 CFR 1.104. Guidance which is unique to an operating administration contains the operating administration acronym directly preceding the cite/page number.

The following acronyms apply when regulatory coverage is written:

FAA—Federal Aviation Administration
 FHWA—Federal Highway Administration
 FRA—Federal Railroad Administration
 FTA—Federal Transit Administration
 MARAD—Maritime Administration
 NHTSA—National Highway Traffic Safety Administration
 RSPA—Research and Special Programs Administration
 SLSDC—Saint Lawrence Seaway Development Corporation
 TASC—Transportation Administrative Service Center
 USCG—United States Coast Guard

(b) *Numbering—(1) Departmentwide guidance.*

(i) The numbering illustrations at (FAR) 48 CFR 1.105-2 apply to the TAR.

(ii) Coverage within (TAR) 48 CFR chapter 12 is identified by the prefix “12” followed by the complete FAR cite which may be down to the subparagraph level (e.g., (TAR) 48 CFR 1201.201-1).

(iii) Coverage in this chapter 12 that supplements the FAR will use part, subpart, section and subsection numbers ending in “70” through “89”. A series of numbers beginning with “70” is used for provisions and clauses (e.g., (TAR) 48 CFR 1201.301-70).

(iv) Coverage in (TAR) 48 CFR chapter 12, other than that identified with a “70” or higher number, that implements the FAR uses the identical number sequence and caption of the FAR segment being implemented which may be down to the subparagraph level. Subparagraph numbers/letters may not be shown as sequential, but may be shown by the specific paragraph/subparagraph implemented from the FAR (e.g., (TAR) 48 CFR 1201.201-1 contains subparagraphs (b) and (d) because only these subparagraphs, correlating to FAR, are being supplemented by (TAR) 48 CFR chapter 12).

(2) *Operating administration-unique guidance.* Supplementary material for which there is no counterpart in the FAR or TAR shall be identified using chapter, part, subpart, section, or subsection numbers of “90” and up (e.g., the U.S. Coast Guard’s acronym is “USCG”; a USCG-unique clause pertaining to “Inspection and/or Accept-

ance” would be designated “USCG 1252.246-90”).

(c) *References and citations.* (TAR) 48 CFR chapter 12 may be referred to as the Department of Transportation Acquisition Regulation or the TAR. Cross references to the FAR in (TAR) 48 CFR chapter 12 will be cited by “FAR” followed by the FAR numbered cite, and cross reference to the TAM in (TAR) 48 CFR chapter 12 will be cited by “TAM” followed by the TAM numbered cite. References to specific cites within (TAR) 48 CFR chapter 12 will be by the numbered cite only.

(a)(1) *Acquisition regulations*—(i) *Departmentwide acquisition regulations*. The authority of the agency head under (FAR) 48 CFR 1.301(a)(1) is delegated to the Assistant Secretary for Administration.

(ii) *Operating administration acquisition regulations*. Operating administration acquisition regulations, and any changes thereto, shall be reviewed and approved by the SPE for insertion into the TAR as a TAR supplemental regulation before the SPE submits the proposed coverage for publication in the FEDERAL REGISTER in accordance with (FAR) 48 CFR 1.501. Operating administration regulations may be more restrictive or require higher approval levels than those permitted by (TAR) 48 CFR chapter 12 unless specified otherwise.

(2) Acquisition procedures. The authority of the agency head under (FAR) 48 CFR 1.301(a)(2) to issue or authorize the issuance of internal agency guidance at any organizational level has been delegated to the SPE.

(ii) OA acquisition procedures. Procedures necessary to implement or supplement the FAR, TAR, or TAM may be issued by the HCA, who may delegate this authority to any organizational level deemed appropriate. OA procedures may be more restrictive or require higher approval levels than those permitted by the TAM unless specified otherwise.

(b) The authority of the agency head under (FAR) 48 CFR 1.301(b) to establish procedures to ensure that agency acquisition regulations are published for comment in the FEDERAL REGISTER in conformance with the procedures in FAR Subpart 1.5 is delegated to the Assistant General Counsel for Regulation and Enforcement (C-50).

[59 FR 40270, Aug. 8, 1994, as amended at 64 FR 2436, Jan. 14, 1999]

1201.301-70 Amendment of (TAR) 48 CFR chapter 12.

(a) Changes to the regulation may be the result of recommendations from internal DOT personnel, other Government agencies, or the public. These changes are to be submitted in the following format to the Office of Acquisition and Grant Management, 400 7th Street, S.W., Washington, DC 20590:

(1) *Problem*: Succinctly state the problems created by current TAR language and describe the factual and/or legal reasons necessitating regulatory change.

(2) *Recommendation*: Identify the recommended change by using the current language and lining through the words being deleted and inserting proposed language in brackets. If the change is extensive, deleted language may be displayed by forming a box with diagonal lines connecting the corners.

(3) *Discussion*: Explain why the change is necessary and how the change will solve the problem. Address any cost or administrative impact on Government activities, offerors, and contractors. Provide any other helpful information and documents such as statutes, legal decisions, regulations, reports, etc.

(4) *Point of contact*: Provide a point of contact for answering questions regarding the recommendation.

(b) The TAR will be maintained by the SPE through the TAR/TAM change

process (i.e., representatives from DOT operating administrations specifically designated to formulate Departmental acquisition policies and procedures).

(1) *Transportation Acquisition Circular (TAC)*. TACs containing loose-leaf replacement pages which revise parts, subparts, or paragraphs (also see (TAR) 48 CFR 1201.301-72 below) will be used to amend (TAR) 48 CFR chapter 12. Each replacement page will bear at the top the TAC number and date. A vertical bar next to the coverage indicates that a change has been made.

(2) *TAR Notice (TN)*. (i) TNs shall be issued when interim guidance is necessary and as often as may be necessary, under any of the following circumstances:

(A) To promulgate, as rapidly as possible, selected material in a general or narrative manner, in advance of a TAC issuance;

(B) To disseminate other acquisition related information; or

(C) To issue guidance which is expected to be effective for a period of 1 year or less.

(ii) Each TN will terminate upon its specified expiration date.

[59 FR 40270, Aug. 8, 1994, as amended at 62 FR 26419, May 14, 1997]

1201.301-71 Effective date.

Unless otherwise stated, the following applies—

(a) Statements in TACs or TNs to the effect that the material therein is “effective upon receipt,” “upon a specified date,” or that changes set forth in the document are “to be used upon receipt,” mean that any new or revised provisions, clauses, procedures, or forms must be included in solicitations, contracts or modifications issued thereafter; and

(b) Unless expressly directed by statute or regulation, if solicitations are already in process or negotiations complete when the TAC or TN is received, the new information (e.g., forms and clauses) need not be included if it is determined by the chief of the contracting office that its inclusion would not be in the best interest of the Government.

1201.301-72 TAC or TN numbering.

TACs and TNs will be numbered consecutively on a fiscal year basis beginning with number “01” prefixed by the last two digits of the fiscal year (e.g., TNs 94-01 and 94-02 indicate the first two TNs issued in fiscal year 1994).

1201.304 Agency control and compliance procedures.

(a) DOT shall control the proliferation of acquisition regulations and any revisions thereto (except as noted in paragraph (b) of this section) by using an internal TAR change process that involves input from many DOT elements including operating administration representatives on the Procurement Management Council. The operating administration member shall represent their operating administration’s viewpoint along with Departmentwide considerations in reaching a decision on TAR changes.

(b) Operating administration-unique regulations will not be processed through the TAR Council System, but shall be reviewed by operating administration legal counsel and submitted to M-60 for review and approval. (See (TAR) 48 CFR 1252.101 for additional instructions pertaining to provisions and clauses.)

(b) *Policy.* It is the policy of DOT that all procurements are to be made only by Government officials having authority to make such acquisitions. Procurements made by other than authorized personnel are contrary to Departmental policy and may be considered matters of serious misconduct on the part of the employee making an unauthorized commitment. Subpart 1213.71—Department of Transportation Procedures for Acquiring Training Services

SOURCE: 61 FR 391, Jan. 5, 1996, unless otherwise noted.

1213.7100 Applicability.

(a) DOT policy at (TAR) 48 CFR 1237.7000 also applies to the Standard Form (SF) 182, Request, Authorization, Agreement and Certification of Training, which may be used to acquire training services; however, the policy does not apply to training services acquired by the Government purchase/credit card. The Government purchase/credit card can only be used to acquire training services valued at \$2,500 or less.

(b) As reflected in (TAR) 48 CFR 1237.7002, this policy does not apply to training attended by DOT employees which is scheduled and conducted by Government sources of supply, educational institutions, or private entities where DOT does not control or sponsor the training. Examples of when the policy does and does not apply include:

(1) When SF 182s are issued for three DOT employees to attend a one week course at a university or other private entity, the policy does not apply. DOT does not control this course because the university or private entity has a contract in place with the training provider and DOT is placing an order under an existing contract; and

(2) When DOT awards a contract to a university or other private entity to provide training for DOT and/or other Government personnel, the policy applies. DOT controls this course; therefore, no soliciting or advertising of private, non-Government training while conducting the contracted-for training is permitted.

1213.7101 Solicitation provision and contract clause.

(a) Contracting officers shall insert the provision at (TAR) 48 CFR 1252.237-71, Certification of Data, in all solicitations and requests for quotations, and the clause at (TAR) 48 CFR 1252.237-72, Prohibition on Advertising, in solicitations, requests for quotations, and all contracts (e.g., purchase orders, SF 182s) for training services when the content and/or presentation of the training is controlled by DOT.

(b) Contracting officers shall incorporate the successful offeror's certified data into any resultant contract(s). Certified data may be incorporated by reference, if the contracting officer determines it contains sufficient descriptive information (i.e., dated material such as résumés, company and/or personnel qualifications) to reliably describe the certified data submitted.

1215.404-470 Payment of profit or fee.

The contracting officer shall not pay profit or fee on undefinitized contracts or undefinitized contract modifications. Any profit or fee earned shall be paid after the contract or modification is definitized.

Subpart 1215.6—Unsolicited Proposals

1215.602 Policy.

It is the policy of the Department of Transportation (DOT) to encourage the submission of new and innovative ideas which will support DOT's mission. Through the various Operating Administrations (OA), DOT is responsible for transportation safety improvements and endorsement, international transportation agreements and the continuity of transportation services in the public interest.

1215.603 General.

DOT will accept for review and consideration, unsolicited proposals from any entity. However, DOT will not pay any costs associated with the preparation of these proposals. Proposals which do not meet the definition and applicable content and marking requirements of (FAR) 48 CFR 15.6 will not be considered under any circumstances and will be returned to the submitter.

1215.604 Agency points of contact.

(a) The DOT does not have a centralized location to receive unsolicited proposals. The effort submitted in the proposal determines which DOT OA should receive and evaluate the proposal.

(b) Proposers should submit proposals to the cognizant OA contracting office for appropriate handling. Specific information concerning each DOT OA and the type of commodities which they normally procure are available on the worldwide web at <http://www.dot.gov>. Proposers are urged to contact these contracting/procurement offices prior to submitting a proposal to ensure that the proposal is being submitted to the appropriate contracting office for action. This action will serve to reduce paperwork and time for the Government and the proposer.

1215.606 Agency procedures.

(a) The OA contracting office is designated as the point of contact for receipt of unsolicited proposals. Persons within DOT (e.g., technical personnel) who receive unsolicited proposals shall forward the document to their cognizant contracting office.

(b) Within ten working days after receipt of an unsolicited proposal, the contracting office shall review the proposal and determine whether the proposal meets the content and marking requirements of (FAR) 48 CFR 15.6. If the proposal does not meet these requirements, it shall be returned to the submitter giving the reasons for non-compliance.

1215.606-2 Evaluation.

(a) If the proposal is in compliance, the contracting office shall acknowledge receipt of the proposal to the proposer and give the date the proposal evaluation is expected to be completed. The proposal shall be marked as required by (FAR) 48 CFR 15.609 and forwarded to the appropriate technical office for evaluation. The evaluating office shall be given reasonable time to complete the evaluation. However, in no event should an evaluation take more than sixty calendar days after receipt of the proposal except under extenuating circumstances. Contracting offices shall establish a system to en-

sure that this timeframe is met. If the date can not be met, the proposer shall be advised accordingly and be given a revised evaluation completion date.

(b) The evaluating office shall neither reproduce nor disseminate the proposal to other offices without the consent of the contracting office from which the proposal was received for evaluation. If additional information from the proposer is required by the evaluating office, the evaluator shall convey this request to the contracting office in lieu of the proposer. The evaluator shall not communicate directly with the originator of the proposal.

(c) If the evaluator recommends acceptance of the proposal, the cognizant contracting officer shall ensure compliance with all of the requirements of (FAR) 48 CFR 15.607.

(ii) Where the full inquiry discloses that such longer guarantee period will involve, or is reasonably expected to involve, increased costs, such facts and the reasons for the need for such longer period shall be set forth in letter form to the COCO, requesting approval for use of guarantee period in excess of 60 days. (b) The contracting officer shall insert the clause at (TAR) 48 CFR 1252.228-70, Loss of or Damage to Leased Aircraft, in any contract for the lease of aircraft, except in the following circumstances:

however, the owner may be liable for damage caused by operation of the aircraft. It is usual for the aircraft owner to retain insurance covering this liability during the term of such lease. Such insurance can, often for little or no increase in premium, be made to cover the Government's exposure to liability as well. In order to take advantage of this coverage, the Risks and Indemnities clause at (TAR) 48 CFR 1252.228-72 prescribed in paragraph (d)(1) of this section shall be used.

(1) The contracting officer shall insert the clause at (TAR) 48 CFR 1252.228-72, Risk and Indemnities, in any contract for out-service flight training or for the lease of aircraft when the Government will have exclusive use of the aircraft for a period of less than thirty days.

(2) Any contract for out-service flight training shall include a clause in the contract schedule stating substantially that the contractor's personnel shall at all times during the course of the training be in command of the aircraft, and that at no time shall other personnel be permitted to take command of the aircraft.

The contracting officer may advise the prospective contractor that any costs incurred before contract award are at the contractor's sole risk and that if negotiations fail to result in a binding contract, payment of these

costs may not be made by the Government.

(b) When the contracting officer determines that incurring precontract costs was necessary to meet the proposed contract delivery schedule of a cost-reimbursement contract, the clause at (TAR) 48 CFR 1252.231-70, Date of Incurrence of Costs, may be inserted in the resultant contract.

Contracts—General****1237.104 Personal services contracts.
(USCG)****1237.104-90 Delegation of authority.
(USCG)**

(a) Section 733(a) of Pub. L. 104-106, the DOD Authorization Act of 1996, amended Title 10 of the United States Code to include a new provision which authorizes the Secretary, with respect to the Coast Guard, to enter into personal services contracts at medical treatment facilities (10 U.S.C. 1091).

(b) The authority of the Secretary of Transportation under Pub. L. 104-106 to award personal services contracts for medical services at facilities for the Coast Guard is delegated to the HCA with the authority to redelegate to contracting officers under procedures established by the HCA, who will address applicable statutory limitations under section 1091A of Title 10 U.S.C.

[64 FR 2438, Jan. 14, 1999]

**1237.104-91 Personal services con-
tracts with individuals under the
authority of 10 U.S.C. 1091. (USCG)**

(a) Personal services contracts for health care services are authorized by 10 U.S.C. 1091 for the Coast Guard. Sources for contracts for health care services under the authority of 10 U.S.C. 1091 shall be selected through procedures established in this section. These procedures do not apply to contracts awarded to business entities other than individuals. Selections made using the procedures in this section are exempt by statute from (TAR) 48 CFR part 1206 competition requirements (see (TAR) 48 CFR part 1206.9000 (USCG)) and from (FAR) 48 CFR part 6 competition requirements.

(b) The contracting officer must provide adequate advance notice of contracting opportunities to individuals residing in the area of the facility. The notice should include the qualification criteria against which individuals responding shall be evaluated. Contracting officers shall solicit offerors through the most effective means of seeking competition, such as a local publication which serves the area of the facility. Acquisitions for health

care services using personal services contracts are exempt from posting and synopsis requirements of (FAR) 48 CFR part 5.

(c) The contracting officer shall provide the qualifications of individuals responding to the notice to the representative(s) responsible for evaluation and ranking in accordance with the evaluation procedures. Individuals must be considered solely on the professional qualifications established for the particular health care services being acquired and the Government's estimate of reasonable rates, fees, or costs. The representative(s) responsible for the evaluation and ranking shall provide the contracting officer with rationale for the ranking of the individuals consistent with the required qualifications.

(d) Upon receipt of the ranked listing of offerors, the contracting officer shall either:

(1) Enter into negotiations with the highest ranked offeror. If a mutually satisfactory contract cannot be negotiated, the contracting officer shall terminate negotiations with the highest ranked offeror and enter into negotiations with the next highest, or;

(2) Enter into negotiations with all qualified offerors and select on the basis of qualifications and rates, fees, or other costs.

(e) In the event only one individual responds to an advertised requirement, the contracting officer is authorized to negotiate the contract award. In this case, the individual must still meet the minimum qualifications of the requirement and the contracting officer must be able to make a determination that the price is fair and reasonable.

(f) If a fair and reasonable price cannot be obtained from a qualified individual, the requirement should be canceled and acquired using procedures other than those set forth in this section.

(g) The total amount paid to an individual in any year for health care services under a personal services contract shall not exceed the paycap in COMDTINST M4200.19 (series), Coast Guard Acquisition Procedures.

(h) The contract may provide for the same per diem and travel expenses authorized for a Government employee,

including actual transportation and per diem in lieu of subsistence for travel between home or place of business and official duty station and only for travel outside the local area in support of the statement of work.

(i) Coordinate benefits, taxes and maintenance of records with the appropriate office(s).

(j) The contracting officer shall insure that contract funds are sufficient to cover all contingency items that may be cited in the statement of work for health care services.

[64 FR 2438, Jan. 14, 1999]

1237.110 Solicitation provisions and contract clauses.

Contracting officers shall insert the clause at (TAR) 48 CFR 1252.237-70, Qualifications of Employees, in all solicitations and contracts for services which require contract performance at a Government facility.

Subpart 1237.70—Department of Transportation Procedures for Acquiring Training Services

SOURCE: 61 FR 392, Jan. 5, 1996, unless otherwise noted.

1237.7000 Policy.

When training services are provided under contract to DOT, it is the policy of DOT that all prospective contractors:

(a) Certify that the data provided concerning company qualifications, background statements, etc., is current, accurate, and complete; and

(b) Agree to not solicit or advertise private, non-Government training while conducting a training course.

1237.7001 Certification of data.

Towards fulfilling DOT's policy at (TAR) 48 CFR 1237.7000(a), contracting officers shall request information from prospective contractors for certification purposes. The type of information requested is dependent upon the criticality of the service and/or any unique or essential qualification requirements.

1237.7002 Applicability.

The policy at (TAR) 48 CFR 1237.7000 applies to all DOT contracts as defined in FAR 2.101 for training services when DOT controls the content and/or presentation of the course. This policy does not apply to courses attended by DOT employees which are offered and sponsored by Government sources of supply, educational institutions, or private entities where DOT does not control the course content or presentation. (See (TAR) 48 CFR 1213.7100 for examples.)

1237.7003 Solicitation provision and contract clause.

(a) The contracting officer shall insert the provision at (TAR) 48 CFR 1252.237-71, Certification of Data, in solicitations and the clause at (TAR) 48 CFR 1252.237-72, Prohibition on Advertising, in solicitations and contracts for training services when the content and/or presentation of the course is controlled by DOT.

(b) Contracting officers shall incorporate the successful offeror's certified data into any resultant contract(s). Certified data may be incorporated by reference, if the contracting officer determines it contains sufficient descriptive information (i.e., dated material such as résumés, company and/or personnel qualifications) to reliably describe the certified data submitted.

Subpart 1237.90—Mortuary Services

1237.9000 Solicitation provisions and contract clauses. (USCG)

(a) The contracting officer shall insert the following clauses in solicitations and contracts for mortuary services. However, USCG clauses (TAR) 48 CFR 1252.237-91 and 1252.237-97 shall not be inserted in solicitations and contracts that include port of entry requirements:

(1) (TAR) 48 CFR 1252.237-90, Requirements;

(2) (TAR) 48 CFR 1252.237-91, Area of Performance;

(3) (TAR) 48 CFR 1252.237-92, Performance and Delivery;

(4) (TAR) 48 CFR 1252.237-93, Subcontracting;

(5) (TAR) 48 CFR 1252.237-94, Termination for Default;

(6) (TAR) 48 CFR 1252.237-95, Group Interment;

(7) (TAR) 48 CFR 1252.237-96, Permits;

(8) (TAR) 48 CFR 1252.237-97, Facility Requirements; and

(9) (TAR) 48 CFR 1252.237-98, Preparation History.

(b) The contracting officer shall insert USCG provision (TAR) 48 CFR 1252.237-99, Award to Single Offeror, in all sealed bid solicitations for mortuary services. Use the basic provision with Alternate I in negotiated solicitations for mortuary services.

(c) The contracting officer shall insert (FAR) 48 CFR 52.245-4, Government-Furnished Property (Short Form) in solicitations and contracts that include port of entry requirements.

Subpart 1246.7—Warranties

1246.701 Definitions.

1246.701-70 Additional definitions.

At no additional cost to the Government means at no increase in price for firm-fixed-price contracts, at no increase in target or ceiling price for fixed price incentive contracts (see (FAR) 48 CFR 46.707), or at no increase in estimated cost or fee for cost-reimbursement contracts.

Defect means any condition or characteristic in any supplies or services furnished by the contractor under the contract that is not in compliance with the requirements of the contract.

Design and manufacturing requirements means structural and engineering plans

and manufacturing particulars, including precise measurements, tolerances, materials and finished product tests for the major system being produced.

Major system means a system or major subsystem used directly by DOT to carry out its mission(s), as defined by TAM Chapter 1234, Major Acquisition Policies and Procedures (for dollar threshold applicable to U.S. Coast Guard, See Coast Guard guidance at (TAR) 48 CFR 1246.701-90). The term does not include:

(a) Related support equipment, such as ground-handling equipment, training devices and accessories thereto, unless a cost effective warranty for the system would require inclusion of such items; or

(b) Commercial items sold in substantial quantities to the general public as described in (FAR) 48 CFR 15.804-1..

Performance requirements means the operating capabilities, maintenance, and reliability characteristics of a system that are determined to be necessary for it to fulfill the requirement for which the system is designed.

[59 FR 40286, Aug. 8, 1994, as amended at 62 FR 26420, May 14, 1997]

1246.701-90 Additional USCG definitions. (USCG)

For the USCG, in accordance with Public Law 99-190, the dollar threshold as it pertains to the inclusion of a warranty in major systems acquisitions is \$10 million.

1246.703 Criteria for use of warranties.

(a) *Major systems.* The use of warranties in the procurement of major systems by the USCG is mandatory, unless waived (see USCG guidance at (TAR) 48 CFR 1246.792). Other OAs may use the procedures in USCG guidance in this part as a guideline for major systems acquisitions.

(b) *Other systems.* (1) Acquisition of warranties in the procurement of supplies that do not meet the definition of a major system (e.g., spare, repair, or replenishment parts) is governed by (FAR) 48 CFR 46.703.

(2) Contracting officers should negotiate a warranty that meets or exceeds

the requirements of (TAR) 48 CFR 1246.706 when it is advantageous.

1246.705 Limitations.

(a) The following restrictions are applicable to DOT contracts:

(1) The USCG is the only DOT OA which is required to include a warranty in cost reimbursement contracts for the production of major systems acquisitions.

(2) Any warranty on major system acquisitions shall not apply in the case of any system or component thereof which has been furnished by the Government to a contractor except as indicated in the USCG guidance at (TAR) 48 CFR 1246.790-3.

(3) Any warranty obtained shall specifically exclude coverage of damage in time of war or national emergency.

[59 FR 40286, Aug. 8, 1994, as amended at 62 FR 67752, Dec. 30, 1997]

1246.706 Warranty terms and conditions.

(a) The contracting officer, in developing the warranty terms and conditions, shall consider the following, and, where appropriate and cost beneficial, shall:

(1) Identify the affected line item(s) and the applicable specification(s);

(2) Require that the line item's design and manufacture will conform to: (i) an identified revision of a top-level drawing; and/or (ii) an identified specification or revision thereof;

(3) Require that the system conform to the specified Government performance requirements;

(4) Require that all systems and components delivered under the contract will be free from defects in materials and workmanship;

(5) State that in the event of failure due to nonconformance with specification and/or defects in material and workmanship, the contractor will bear the cost of all work necessary to achieve the specified performance requirements, including repair and/or replacement of all parts;

(6) Require the timely replacement/repair of warranted items and specify lead times for replacement/repair where possible;

(7) Identify the specific paragraphs containing Government performance requirements which must be met;

(8) Ensure that any performance requirements identified as goals or objectives in excess of specification requirements are excluded from the warranty provision;

(9) Define what constitutes the start of the warranty period (e.g., delivery, acceptance, in-service date), the ending of the warranty (e.g., passing a test or demonstration, or operation without failure for a specified time period), and circumstances requiring an extension of warranty duration (e.g., extending the warranty period as a result of mass defect correction during warranty period);

(10) Identify what transportation costs will be paid by the contractor in conjunction with warranty coverage;

(11) Identify any conditions which will not be covered by the warranty, other than the exclusion of combat damage; and

(12) Identify any limitation on the total dollar amount of the contractor's warranty exposure, or agreement to share costs after a certain dollar threshold to avoid unnecessary warranty returns.

(b) Any contract that contains a warranty clause must contain warranty implementation procedures, including warranty notification content and procedures, and identify the individuals responsible for implementation of warranty provisions. The contract may also permit the contractor's participation in investigation of system failures, providing that the contractor is reimbursed at established rates for fault isolation work, and that the Government receive credit for any payments where equipment failure is covered by warranty provisions.

1246.790 Use of warranties in major systems acquisitions by the USCG. (USCG)

This subpart sets forth the policy for the USCG to use in obtaining warranties from contractors when contracting for the acquisition of a major system.

1246.790-1 Policy. (USCG)

The USCG shall include a warranty in all contracts for major systems acquisitions. When drafting warranty provisions/clauses for major systems acquisitions, the contracting officer shall ensure that the items listed at (TAR) 48 CFR 1246.706 have been considered. The warranty shall also meet the following requirements:

(a) For systems or components which are commercially available, such warranty as is normally provided by the manufacturer or supplier shall be obtained in accordance with (FAR) 48 CFR 46.703(d) and (FAR) 48 CFR 46.710(b)(2).

(b) For systems or components provided in accordance with either design and manufacturing or performance requirements as specified in the contract or any modification to that contract, a warranty of compliance with the stated requirements shall be obtained.

(c) The warranty provided under paragraph (b) of this section shall provide that in the event the major system or any component thereof fails to meet the terms of the warranty provided, the contracting officer may:

(1) Require the contractor to promptly take such corrective action as the contracting officer determines to be necessary at no additional cost to the Government, including repairing or replacing all parts necessary to achieve the requirements set forth in the contract;

(2) Require the contractor to pay costs reasonably incurred by the United States in taking necessary corrective action; or

(3) Equitably reduce the contract price.

(d) Any warranty shall specifically exclude coverage of combat damage.

1246.790-2 Tailoring warranty terms and conditions. (USCG)

(a) As the objectives and circumstances vary considerably among major systems acquisition programs, contracting officers shall appropriately tailor the warranty on a case-by-case basis, including remedies, exclusions, limitations and durations, provided the tailoring is consistent with the specific requirements of this subpart and (FAR) 48 CFR 46.706.

(b) Contracting officers of major systems acquisitions may exclude from the terms of the warranty certain defects for specified supplies (exclusions) and may limit the contractor's liability under the terms of the warranty (limitations), as appropriate, if necessary to derive a cost-effective warranty in light of the technical risk, contractor financial risk, or other program uncertainties.

(c) Contracting officers are encouraged to structure a broader and more comprehensive warranty where such is advantageous. Likewise, the contracting officer may narrow the scope of a warranty when appropriate (e.g., where it would be inequitable to require a warranty of all performance requirements because a contractor had not designed the system).

(d) Contracting officers shall not include in a warranty clause any terms that require the contractor to incur liability for loss, damage, or injury to third parties.

1246.790-3 Warranties on Government-furnished property. (USCG)

A contractor for a major systems acquisition shall not be required to provide the warranties specified in (TAR) 48 CFR 1246.790-1 on any property furnished to that contractor by the Government except for:

(a) Defects in installation; and

(b) Installation or modification in such a manner that invalidates a warranty provided by the manufacturer of the property.

1246.791 Cost benefit analysis. (USCG)

Warranties shall be obtained for a major systems acquisition only when it is cost beneficial in accordance with TAM (Copies of the Transportation Acquisition Manual may be obtained from the Government Printing Office) 1246.703. If a specific warranty is considered not to be cost beneficial by the contracting officer, a waiver request shall be initiated in accordance with USCG guidance at 48 CFR 1246.792.

1246.792 Waiver and notification procedures. (USCG)

(a) The Secretary of Transportation, without delegation, may waive the requirement for a warranty for USCG

major system acquisitions when the waiver is in the interest of national defense or if the warranty obtained would not be cost beneficial. A waiver may be granted provided that the Committees on Appropriations of the Senate and the House of Representatives, the Committee on Commerce, Science and Transportation of the Senate, and the Committee on Merchant Marine and Fisheries of the House of Representatives are notified, in writing, of the Secretary's intention to waive the warranty requirements and the reasons supporting such a determination prior to granting the waiver. The request for Secretarial waiver shall include, at a minimum:

(1) A brief description of the major system and its stage of production (e.g., the number of units delivered and anticipated to be delivered during the life of the program);

(2) The specific waiver requested, the duration of the waiver if it is to involve more than one contract, and the rationale for the waiver; and

(3) All documentation supporting the request for waiver, such as a cost-benefit analysis.

(b) The waiver request shall be forwarded to the Secretary, via the Office of Acquisition and Grant Management (M-60). The USCG shall maintain a written record of each waiver granted and the Congressional notification and report made, together with supporting documentation.

Subpart 1252.1—Instructions for Using Provisions and Clauses

1252.101 Using part 1252.

(b) *Numbering—(2)(i) Provisions or clauses that supplement the FAR. (A)*

Agency-prescribed provisions and clauses permitted by TAR and used on a standard basis (i.e., normally used in two or more solicitations or contracts regardless of contract type) shall be prescribed and contained in the TAR. OAs desiring to use a provision or a clause on a standard basis shall submit a request containing a copy of the clause(s), justification for its use, and evidence of legal counsel review to M-60 in accordance with (TAR) 48 CFR 1201.304 for possible inclusion in the TAR.

(B) Provisions and clauses used on a one-time basis (i.e., non-standard provisions and clauses) may be approved by the contracting officer, unless a higher level is designated by the OA. This authority is permitted subject to:

(1) evidence of legal counsel review in the contract file;

(2) inserting these clauses in the appropriate sections of the uniform contract format; and

(3) ensuring the provisions and clauses do not deviate from the requirements of the FAR and TAR.

Subpart 1252.2—Texts of Provisions and Clauses

1252.209-70 Disclosure of conflicts of interest.

As prescribed in 1209.507, insert the following provision:

DISCLOSURE OF CONFLICTS OF INTEREST (OCT 1994)

It is the Department of Transportation's (DOT) policy to award contracts to only those offerors whose objectivity is not impaired because of any related past, present, or planned interest, financial or otherwise, in organizations regulated by DOT or in organizations whose interests may be substantially affected by Departmental activities. Based on this policy:

(a) The offeror shall provide a statement in its proposal which describes in a concise manner all past, present or planned organizational, financial, contractual or other interest(s) with an organization regulated by DOT, or with an organization whose interests may be substantially affected by Departmental activities, and which is related to the work under this solicitation. The interest(s) described shall include those of the proposer, its affiliates, proposed consultants, proposed subcontractors and key personnel of any of the entities. Past interest shall be limited to within one year of the date of the

offeror's technical proposal. Key personnel shall include any person owning more than 20% interest in the offeror, and the offeror's corporate officers, its senior managers and any employee who is responsible for making a decision or taking an action on this contract where the decision or action can have an economic or other impact on the interests of a regulated or affected organization.

(b) The offeror shall describe in detail why it believes, in light of the interest(s) identified in paragraph (a) of this section, that performance of the proposed contract can be accomplished in an impartial and objective manner.

(c) In the absence of any relevant interest identified in paragraph (a) of this section, the offeror shall submit in its proposal a statement certifying that to its best knowledge and belief no affiliation exists relevant to possible conflicts of interest. The offeror must obtain the same information from potential subcontractors prior to award of a subcontract.

(d) The Contracting Officer will review the statement submitted and may require additional relevant information from the offeror. All such information, and any other relevant information known to DOT, will be used to determine whether an award to the offeror may create a conflict of interest. If any such conflict of interest is found to exist, the Contracting Officer may (1) disqualify the offeror, or (2) determine that it is otherwise in the best interest of the United States to contract with the offeror and include appropriate provisions to mitigate or avoid such conflict in the contract awarded.

(e) The refusal to provide the disclosure or representation, or any additional information required, may result in disqualification of the offeror for award. If nondisclosure or misrepresentation is discovered after award, the resulting contract may be terminated. If after award the Contractor discovers a conflict of interest with respect to the contract awarded as a result of this solicitation, which could not reasonably have been known prior to award, an immediate and full disclosure shall be made in writing to the Contracting Officer. The disclosure shall include a full description of the conflict, a description of the action the contractor has taken, or proposes to take, to avoid or mitigate such conflict. The Contracting Officer may, however, terminate the contract for convenience if he or she deems that termination is in the best interest of the Government.

Offers offering "equal" products (including products of the brand name manufacturer other than the one described by brand name) will be considered for award if such products are clearly identified in the offers and are determined by the Government to meet fully the salient characteristic requirements listed in the solicitation.

(b) Unless the offeror clearly indicates in its offer that it is offering an "equal" product, its offer shall be considered as offering the brand name product referenced in the solicitation.

(c) If the offeror proposed to furnish an "equal" product, the brand name, if any, of the product to be furnished shall be inserted in the space provided in the solicitation, or such product shall be otherwise clearly identified in the offer. CAUTION TO OFFERORS: The contracting office is not responsible for locating or securing any information which is not identified in the offer and reasonably available to the contracting office. Accordingly, to insure that sufficient information is available, the offeror must furnish as a part of its offer all descriptive material (such as cuts, illustrations, drawings, or other information) necessary for the contracting office to: (1) determine whether the product offered meets the salient characteristic requirements of the solicitation; and (2) establish exactly what the offeror proposes to furnish and what the Government would be binding itself to acquire by making an award. The information furnished may include specific reference to information previously furnished or to information otherwise available to the contracting office.

(d) If the offeror proposes to modify a product so as to make it conform to the requirements of the solicitation, it shall: (1) include in its offer a clear description of such proposed modifications; and (2) clearly mark any descriptive material to show the proposed modifications.

(A) All or substantially all of the Contractor's business; or

(B) All or substantially all of the Contractor's operation at any one plant.

(4) As to any risk that is assumed by the Government, the Government shall be subrogated to any claim, demand or cause of action against third parties that exists in favor of the Contractor. If required by the Contracting Officer, the Contractor shall execute a formal assignment or transfer of the claim, demand, or cause of action.

(5) No party other than the Contractor shall have any right to proceed directly against the Government or join the Government as a codefendant in any action.

(6) Notwithstanding the foregoing, the Contractor shall bear the first \$5,000 of loss or damage from each occurrence or incident, the risk of which the Government would have assumed under the provision of this paragraph (b).

(c) Indemnification. The Contractor indemnifies the Government and the vessel and its owners against all claims, demands, or causes of action to which the Government, the vessel or its owner(s) might be subject as a result of damage or injury (including death) to the property or person of anyone other than the Government or its employees, or the vessel or its owner, arising in whole or in part from the negligence or other wrongful act of the Contractor, or its agents or employees, or any subcontractor, or its agents or employees.

(1) The Contractor's obligation to indemnify under this paragraph shall not exceed the sum of \$300,000 as a consequence of any single occurrence with respect to any one vessel.

(2) The indemnity includes, without limitation, suits, actions, claims, costs, or demands of any kind, resulting from death, personal injury, or property damage occurring during the period of performance of work on the vessel or within 90 days after redelivery of the vessel. For any claim, etc., made after 90 days, the rights of the parties

shall be as determined by other provisions of this contract and by law. The indemnity does apply to death occurring after 90 days where the injury was received during the period covered by the indemnity.

(f) The Contractor shall give the Contracting Officer written notice as soon as practicable after the occurrence of a loss or damage for which the Government has assumed the risk.

(1) The notice shall contain full details of the loss or damage.

The Government shall reimburse the Contractor for expenses incurred in this effort, other than the cost of maintaining the Contractor's usual organization.

(4) The Contractor shall not, except at its own expense, voluntarily make any payments, assume any obligation, or incur any expense other than what would be imperative for the protection of the vessel(s) at the time of the event.

(g) In the event of loss of or damage to any vessel(s), material, or equipment which may result in a claim against the Government under the insurance provisions of this contract, the Contractor shall promptly notify the Contracting Officer of the loss or damage. The Contracting Officer may, without prejudice to any right of the Government, either—

(1) Order the Contractor to proceed with replacement or repair, in which event the Contractor shall effect the replacement or repair;

(i) The Contractor shall submit to the Contracting Officer a request for reimbursement of the cost of the replacement or repair together with whatever supporting documentation the Contracting Officer may reasonably require, and shall identify the request as being submitted under the Insurance clause of this contract.

(ii) If the Government determines that the risk of the loss or damage is within the scope of the risks assumed by the Government under this clause, the Government will reimburse the Contractor for the reasonable allowable cost of the replacement or repair, plus a reasonable profit (if the work or replacement or repair was performed by the Contractor) less the deductible amount specified in paragraph (b) of this clause.

(iii) Payments by the Government to the Contractor under this clause are outside the scope of and shall not affect the pricing structure of the contract, and are additional to the compensation otherwise payable to the Contractor under this contract; or

(2) Decide that the loss or damage shall not be replaced or repaired and in that event, the Contracting Officer shall—

(i) Modify the contract appropriately, consistent with the reduced requirements reflected by the unreplaced or unrepaired loss or damage; or

(ii) Terminate the repair of any part or all of the vessel(s) under the Termination for Convenience of the Government clause of this contract.

AUTHORITY: Federal Property and Administrative Services Act of 1949, as amended (40 U.S.C. 486 (c)), as delegated by the Secretary of Commerce in Department Organization Order 10-5 and Department Administrative Order 208-2.

SOURCE: 49 FR 12956, Mar. 30, 1984, unless otherwise noted.

Subpart 1301.1—Purpose, Authority, Issuance

1301.100 Scope of subpart.

This subpart states the relationship of the Commerce Acquisition Regulation (CAR) to the Federal Acquisition Regulation (FAR). This subpart also explains the purpose, authority and issuance of the CAR.

1301.101 Purpose.

(a) Chapter 13 of Title 48 of the Code of Federal Regulations shall be known as the Commerce Acquisition Regulation (CAR).

(b) The purpose of the CAR is to implement and supplement the FAR within the Department of Commerce. Since the CAR is intended to supplement and implement the FAR without paraphrasing or duplicating FAR language,

the CAR should be read in relation to the FAR.

[49 FR 12956, Mar. 30, 1984, as amended at 51 FR 15329, Apr. 23, 1986]

1301.102 Authority.

The CAR is prescribed by the Department Procurement Executive pursuant to a delegation initiating from the Secretary of Commerce in accordance with the Federal Property and Administrative Services Act of 1949, as amended, and other applicable law and regulation.

1301.103 Applicability.

The FAR and CAR apply to all acquisitions within the Department of Commerce.

1301.104 Issuance.

1301.104-1 Publication and code arrangement.

(a) The CAR is published in (1) daily issues of the FEDERAL REGISTER, (2) cumulative form in the Code of Federal Regulations (CFR), and (3) a separate loose-leaf edition.

(b) The CAR is issued as chapter 13 of title 48 of the CFR.

1301.104-2 Arrangement of regulations.

(a) *General.* The CAR is divided into the same parts, subparts, sections, subsections and paragraphs as the FAR. When FAR coverage is adequate by itself, there will be no corresponding CAR coverage.

(b) *Numbering.* Where the CAR implements the FAR, the CAR part, subpart, section or further subdivision will be numbered the same as the corresponding FAR part, subpart, section, or further subdivision except that the CAR implementation will be preceded by a 13 or 130 so that there are four numbers to the left of the first decimal. Where the CAR supplements the FAR, supplementing material will be assigned the number 70 and above. The placement of the sequence of 70 numbers in relation to the decimal point will depend on what division of the FAR is supplemented.

1301.104-3

(c) *References and citations.* (2) This regulation may be referred to as the Commerce Acquisition Regulation (CAR).

(3) References to FAR materials will include FAR and the identifying number, for example, FAR 1.402. Reference to CAR materials will consist of the identifying number, for example 1301.402.

1301.104-3 Copies.

(a) Copies of the CAR in FEDERAL REGISTER or CFR form may be purchased from the Superintendent of Documents, Government Printing Office (GPO), Washington, DC 20402. Requests should reference the CAR as chapter 13 of title 48 of the Code of Federal Regulations.

(b) Loose-leaf copies of the CAR are distributed within the Department by the Procurement Executive.

[49 FR 12956, Mar. 30, 1984, as amended at 51 FR 15329, Apr. 23, 1986]

Subparts 1301.2-1301.5 [Reserved]

Subpart 1301.6—Contracting Authority and Responsibilities

1301.603-70 Ratification of unauthorized contract awards.

(a) The Department is not bound by any formal or informal type of agreement or contractual commitment which is made by persons who are not delegated contracting authority. Subpart 1309.1—Responsible Prospective Contractors

1309.106 Preaward surveys.

[51 FR 15330, Apr. 23, 1986]

1309.106–70 Preaward surveys for ship construction, ship alteration, and ship repair.

(a) *General.* The contracting officer shall request a preaward survey of a prospective contractor for contracts involving ship construction, ship alteration, or ship repair, where the cost or price of the contract is anticipated to be in excess of \$100,000, and the information on hand is not sufficient to make a determination regarding responsibility. The contracting officer may request a preaward survey of a prospective contractor for contracts involving ship construction, ship alteration, or ship repair, where the cost or price of the contract is anticipated to be \$100,000 or less, if the circumstances justify the cost of the survey.

(b) *Extent of preaward survey.* The contracting officer shall determine the manner and extent of the preaward survey based upon the specific requirements of the contract. At a minimum, the contracting officer shall request a preaward survey for contracts involving ship construction, ship alteration, and ship repair where the contracting officer cannot affirmatively determine that the prospective contractor's facility is adequate for the work to be performed. For the purpose of this section, the prospective contractor's facility includes the land, buildings, shop spaces, dock facilities, drydock or marine railways, and plant security and safety.

(c) *Examples of specific concern.* The contracting officer shall coordinate efforts with technical and requirements personnel to identify areas of specific concern for the preaward survey. The following examples illustrate areas which may be of specific concern to the preaward survey team, depending on the nature of the work to be performed:

(1) Acceptable facilities and equipment for special production techniques (e.g., unique welding procedures, special test fixtures, or production equipment);

(2) Adequate size and lift capacity for the drydock or marine railway;

(3) Well maintained drydock and lifting equipment and acceptable preventative maintenance of these items;

(4) Acceptable dock master and crew who are experienced in operating the equipment and lifting a vessel of comparable size and weight;

(5) Adequate drydock or pier utilities to support the vessel, including electrical power, steam, potable water, fire fighting capability, sewage disposal, and telephone service;

(6) Responsible subcontractors;

(7) Contractor's demonstrated ability to monitor and coordinate subcontractor performance;

(8) Contractor's demonstrated ability to conduct dock and sea trials;

(9) Contractor's demonstrated ability to protect the vessel and yard and vessel personnel, including safety and security programs or individual plans;

Department of Commerce

1309.470-7

(10) Adequate secure storage facilities for Government property; and

(11) The depth of water in the navigable waterway and the pier where the vessel will be berthed.

(d) *Preaward survey team.* The contracting officer may use any of the following individuals to form the preaward survey team:

(1) A cost or price analyst or cognizant audit agency for review of the contractor's financial and accounting systems;

(2) Technical or requirements personnel from the cognizant marine center or office of marine operations, for technical, production, or quality assurance evaluations; and

(3) Representatives of the contracting officer for management and administrative evaluations.

(e) *On-site survey.* If it is necessary to conduct a survey at the proposed site where the work is to be performed, the contracting officer shall coordinate the visit with the prospective contractor or subcontractor.

(f) *Reports.* The surveying team shall comply with the applicable reporting requirements of FAR 9.106-4. When using the short-form preaward survey report prescribed in FAR 9.106-4(d), the surveying team shall provide information on the following at a minimum:

(1) The depth of water in the navigable waterway and the pier where the vessel will be berthed;

(2) The condition of the drydock or marine railway where the work is to be performed;

(3) Availability of adequate utilities and services for the vessel;

(4) Evidence of prospective contractor or subcontractor financial problems or poor past performance.

(g) *Contracting officer determination.* Upon completion of the preaward survey, the contracting officer shall determine whether the prospective contractor and subcontractors are responsible.

(a) Promptly after receipt of an unsolicited proposal which conforms to this regulation, the head of the contracting office shall forward a copy of the proposal along with instructions for technical evaluation of unsolicited proposals to the appropriate program office for technical evaluation. If more than one Department activity has an interest in a proposal, copies of the proposal shall be circulated to each interested office.

(c) Program offices shall complete the recommendation and evaluations and submit them along with all copies of the unsolicited proposal, and a written justification for a noncompetitive procurement action if appropriate, to the head of the appropriate contracting office within 60 days of receipt of a proposal for evaluation.

(d) No part of an unsolicited proposal shall be duplicated or circulated outside of the evaluation office. Each unsolicited proposal shall be closely safeguarded to prevent disclosure of any restricted data. Only heads of contracting offices or their designees may duplicate unsolicited proposals and then only to facilitate evaluation by more than one technical evaluation office.

Subpart 1315.6 [Reserved]**Subpart 1315.8—Price Negotiation****1315.805-70 Audit as an aid in proposal analysis.**

(a) Preaward audits should not be routinely requested for actions below the dollar threshold specified in FAR 15.805-5. Before requesting audits below the dollar threshold, the contracting office should consider using price or cost analysis techniques, recent audit reports, price negotiation memoranda, and other relevant information regard-

ing the offer to establish the reasonableness of price. However, audits should be considered for proposals below the specified dollar thresholds in the following circumstances:

(1) The contracting officer has reason to doubt the adequacy of the contractor's accounting policies or cost systems;

(2) The contractor has substantially changed its methods or levels of operation;

(3) Previous unfavorable experience indicates that the contractor's estimating, accounting, or purchasing methods may be unreliable; or

(4) The proposal concerns a new product for which cost experience is lacking.

[49 FR 12961, Mar. 30, 1984, as amended at 60 FR 47309, Sept. 12, 1995]

Subpart 1315.9—Profit**1315.902 Policy.**

(a) Except as provided in (b) and (c) of this section, a structured approach for determining profit or fee prenegotiation objectives shall be used in the negotiation of all contracts, subcontracts, and contract modifications above \$100,000 where adequate price competition does not exist. A structured approach for determining profit or fee prenegotiation objectives may be used at lower dollar thresholds.

(b) Regardless of whether price competition exists, the structured approach for determining profit or fee prenegotiation objectives is not required for negotiation of contracts, subcontracts, and contract modifications for the following:

(1) Architect—engineering contracts;

(2) Management contracts for operation or maintenance of Government facilities;

(3) Construction contracts;

(4) Contracts primarily requiring delivery of material supplied by subcontractors;

(5) Termination settlements;

(6) Cost-plus-award-fee contracts; and

(7) Unusual pricing situations where the structured approach has been determined to be unsuitable. This exception must be justified in writing and signed by the head of the contracting office.

(c) In many circumstances, an examination of cost and profits is not required. Where adequate price competition exists and in other situations where cost analysis is not required (e.g., established catalog or market prices of commercial items sold in substantial quantities to the general public or prices set by law or regulation), contracts may be awarded without regard to the amount of profit involved.

(d) Additional internal instruction on the use of the structured approach can be found in Procurement Letters or policy manuals issued by the Office of Procurement and Federal Assistance.

However, equal employment opportunity, small business programs, and functional management areas, such as safety and security, cannot be disregarded and may be appropriately part of the criteria upon which to base the award fee. Subpart 1333.1—Protests

1333.101 Definitions.

Agency protest, as used in this subpart, is one that may be filed with either the Contracting Officer or the Protest Decision Authority but not both.

Assistant General Counsel (AGC), as used in this subpart, means the Assistant General Counsel of the Department of Commerce for Finance and Litigation.

Protest Decision Authority, as used in this subpart, is the agency official above the level of the Contracting Officer who has been designated by the Procurement Executive to handle and issue the formal agency decision resolving the protest.

[64 FR 16652, Apr. 6, 1999]

1333.102 General.

(a) Protests must be received within ten work days after the basis for protest is known or should have been known unless good cause is shown to extend the time limit. However, protests based upon alleged improprieties in any type of solicitation which are apparent prior to bid opening or the closing time for receipt of initial proposals shall be filed prior to bid opening or the closing time for receipt of initial proposals. Unless the time limit for receiving the protest is extended for good cause, a protest to the contracting activity which is received after the time limit will not be considered. When a timely protest is filed only with the contracting activity, the contracting officer shall take prompt action toward resolution after consulting with the AGC, and notify the protestor in writing of the action taken.

(b) When a protest is filed only with the contracting activity before award, an award shall not be made until the matter is resolved, unless the head of the contracting office makes the determination prescribed in FAR 33.103(f).

(c) When a protest is filed only with the contracting activity after award, the Contracting Officer need not notify the contractor, if the protest can be promptly resolved. If it appears likely that a protest will be filed with the General Accounting Office (GAO), or other administrative forum, the Contracting Officer should promptly notify the contractor in writing and consider suspending contract performance.

[64 FR 16652, Apr. 6, 1999]

1333.103 Protests to the agency.

(a) When a protestor decides to file a protest at the agency level with the Protest Decision Authority, the guidelines set forth in these established agency level protest procedures above the Contracting Officer apply. These procedures are in addition to the existing protest procedures contained in the FAR Part 33.102 and 1333.102 of this subpart.

(1) For purposes of this subpart, a day is a calendar day. In computing a period of time for the purpose of these procedures, the day from which the pe-

riod begins to run is not counted. When the last day of the period is a Saturday, Sunday, or Federal holiday, the period extends to the next day that is not a Saturday, Sunday, or Federal holiday. Similarly, when the Washington, DC offices of the Department of Commerce are closed for all or part of the last day, the period extends to the next day on which the Department is open.

(2) Protesters using these procedures may protest to the Protest Decision Authority who will make the final decision for the Department. Protests shall be addressed to: (Name, title of the person and address to be inserted by the Contracting Officer in the solicitation). The outside of the envelope or beginning of the FAX transmission must be marked "Agency-level Protest". The protestor shall also provide a copy of the protest within 1 day to the responsible Contracting Officer and a copy to: Contract Law Division, Office of the Assistant General Counsel for Finance and Litigation, Department of Commerce, Room H5882, 14th Street and Constitution Avenue, NW, Washington, DC 20230, (FAX Number 202-482-5858).

(3) While a protest is pending at the agency level with the Protest Decision Authority, the protestor agrees not to protest to the GAO or any other external fora. If the protestor has already filed with the GAO or other external fora, the procedures described here may not be used.

(i) Protests based upon alleged improprieties in a solicitation which are apparent prior to bid opening or time set for receipt of proposals shall be filed prior to bid opening or the time set for receipt of proposals. If the contract has been awarded, protests must be filed within 10 days after contract award or 5 days after the date the protestor was given the opportunity to be debriefed, whichever date is later. In cases other than those covered in the preceding two sentences, protests shall be filed not later than 14 days after the basis of the protest is known or should have been known, whichever is earlier.

(ii) To be filed on a given day, protests must be received by 4:30 PM current local time. Any protests received after that time will be considered to be

filed on the next day. Incomplete submissions will not be considered filed until all information is provided.

(iii) To be complete, protests must contain the following information:

(A) The protester's name, address, telephone number, and fax number.

(B) The solicitation or contract number, name of contracting office and the Contracting Officer.

(C) A detailed statement of all factual and legal grounds for protests, and an explanation of how the protester was prejudiced.

(D) Copies of relevant documents supporting protester's statement.

(E) A request for ruling by the agency.

(F) Statement as to form of relief requested.

(G) All information establishing that the protester is an interested party for the purpose of filing a protest.

(H) All information establishing the timeliness of the protest.

(iv) All protests must be signed by an authorized representative of the protestor.

(b) Within 14 days after the protest is filed, the Contracting Officer will prepare an administrative report that responds to the issues raised by the protester and addresses any other issues, which, even if not raised by the protester, that may have been identified by agency officials as being relevant to the fairness of the procurement process. The Contracting Officer shall forward this administrative report to the Contract Law Division, Office of the Assistant General Counsel for Finance and Litigation.

(1) For good cause shown, the Protest Decision Authority may grant an extension of time for filing the administrative report and for issuing the written decision. When an extension is granted, the Protest Decision Authority will notify the protester and all interested parties within 1 day of the decision to grant the extension.

(2) Unless an extension is granted, the Protest Decision Authority will issue a decision within 35 days of the protest. The protest decision authority's final decision will be binding on the Department of Commerce and not subject to further appeals.

(3) The Protest Decision Authority shall send a written ruling and a summary of the reasons supporting the ruling to the protester, by "Certified Mail, Return Receipt Requested," and shall forward information copies to the applicable contracting office and the Procurement Executive, Office of Acquisition Management.

(c) Effect of protest on award and performance.

(1) When a protest is filed prior to award, a contract may not be awarded unless authorized by the Head of the Contracting Activity (HCA) based on a written finding that:

(i) The supplies or services are urgently required.

(ii) Delivery or performance would be unduly delayed by failure to make the award promptly.

(iii) A prompt award will be in the best interest of the Government.

(2) When a protest is filed within 10 days after contract award, or 5 days after a debriefing date was offered to the protester under a timely debriefing request in accordance with FAR 15.1004, whichever is later, the Contracting Officer shall immediately suspend performance pending the resolution of the protest within the agency, including any review by an independent higher official, unless continued performance is justified. The HCA may authorize continued contract performance, notwithstanding the protest, based on a written finding that:

(i) Contract performance would be in the best interest of the United States; or

(ii) Urgent and compelling circumstances that significantly affect the interests of the United States will not permit waiting for a decision.

(d) The Protest Decision Authority may grant one or more of the following remedies:

(1) Terminate the contract.

(2) Re-compete the requirement.

(3) Issue a new solicitation.

(4) Refrain from exercising options under the contract.

(5) Award a contract consistent with statutes and regulations.

(6) Amend the solicitation provisions which gave rise to the protest and continue with the procurement.

48 CFR Ch. 13 (10-1-03 Edition)

(7) Such other remedies as the decision-maker may determine are necessary to correct a defect.

1333.104 Protests to GAO.

(a)(1) *General.* A protestor shall furnish a copy of its complete protest to the contracting officer designated in the solicitation and a copy of its complete protest to the Contract Law Division of the Office of the Assistant General Counsel for Finance and Litigation, no later than one day after the protest is filed with the GAO. The envelope containing the complete protest shall be clearly marked "GAO Protest".

(2) The GAO report shall be assembled and organized by the contracting office in accordance with rule 4(d) of the GSBICA Rules of Procedure (48 CFR part 6101) except where rule 4(d) may conflict with GAO procedures.

(b) *Protests before award.* When the contracting activity has received notice of a protest filed directly with GAO, a contract may not be awarded prior to a GAO decision on the protest, unless the Head of the Contracting Activity makes the written finding prescribed in FAR 33.104 (b)(1) after consulting with the AGC. The head of the contracting office shall notify the AGC when the written finding has been executed so that the AGC can notify GAO. The contracting activity is not authorized to award the affected contract until the AGC has notified GAO of the written finding.

(c) *Protests after award.* When the contracting activity receives notice of a protest filed directly with GAO within

10 calendar days after contract award, the contracting officer shall immediately suspend performance pending a GAO decision on the protest or terminate the awarded contract, unless the Head of the Contracting Activity makes the written finding prescribed in FAR 33.104 (c)(2) after consulting with the AGC. The head of the contracting office shall notify the AGC when the written finding has been executed so that the AGC can notify GAO. The contracting activity is not authorized to continue contract performance until the AGC has notified GAO of the written finding.

- (1) Cost-reimbursement type contracts;
- (2) The cost-reimbursement portion of fixed-price contracts;
- (3) Letter contracts which provide for reimbursement of costs;
- (4) Time and materials contracts; and
- (5) Labor-hour contracts.

(b) Even though the \$100,000 postaward audit threshold generally applies, an audit may be requested regardless of the dollar amount when the contracting officer determines that an audit is justified under one of the following circumstances:

- (1) Salaries and fringe benefits paid to Government employees who are assigned to a work activity (e.g., reprocurement activities) as a result of the default;
- (2) Preaward survey expenses incurred in qualifying reprocurement contractors; and
- (3) Costs incurred in printing and distributing the reprocurement solicitation.

(b) *Excess costs*, as used in this part, means any costs, other than administrative costs, incurred by the Government in reprocurring similar supplies or services or performing similar services as a result of the contractor's default.

[51 FR 15332, Apr. 23, 1986]

Subpart 1349.4—Termination for Default

1349.402-7 Other damages.

(a) The contracting officer may recover administrative costs under the default clause when it is in the best interest of the Government. A contracting officer's decision to recover administrative costs must balance the expected cost to the Government of documenting and supporting the assessment with the expected recovery amount.

(b) Documents used to support an assessment of administrative costs must clearly demonstrate that the added costs incurred by the Government were a direct result of the default.

(1) To support administrative labor costs, the contracting officer should keep a record of:

(i) Name, position, and organization of each employee performing work activities as a consequence of the default;

(ii) Dates of work and time spent by each employee on the repurchase;

(iii) Specific tasks performed (e.g., solicitation preparation, clerical);

(iv) Hourly rates of pay (straight time or overtime); and

(v) Applicable fringe benefits.

(2) Travel vouchers, invoices, printing requisitions, and other appropriate evidence of expenditures may be used to support other administrative costs (e.g., travel, per diem, printing and distribution of the repurchase contract).

(c) If assessment of administrative costs is considered appropriate after review by the AGC, the contracting officer shall make a written demand on the contractor for administrative costs. The written demand shall describe the basis for the assessment and the cost computations. The same demand letter may be used to assess administrative costs and any excess costs. If the contractor fails to make payment after receiving a contracting officer's final decision, the contracting officer shall follow the procedures in subpart 1332.6 and FAR Subpart 32.6 to collect the amount owed the Government.

(d) The recovery of excess or administrative costs does not preclude the Government from exercising other rights or remedies which it may have by law or under the terminated contract.

Subpart 1352.0—General

1352.000 Scope of part.

This part implements and supplements FAR Part 52 by prescribing specific modifications, alterations, and de-

viations to FAR solicitation provisions and contract clauses for Department-wide use.

1352.001 General policy.

The Department's policy is to use the FAR and CAR prescribed solicitation provisions and contract clauses unless specific authority for deviations has been obtained. (See 1301.4 for authority to deviate.) The use of uniform solicitation provisions and contract clauses should: provide a less burdensome way for potential contractors to respond to the Government's request for information concerning the evaluation of bids and proposals; expedite solicitation and contract preparation; and facilitate contract negotiation, administration and review. Each solicitation which incorporates contract clauses or solicitation provisions which deviate from those prescribed by the FAR and the CAR must be submitted to the Office of Procurement and Federal Assistance for prior review. The Office of Procurement and Federal Assistance will coordinate requests for approval of these solicitations by the Office of Management and Budget, in accordance with the Paperwork Reduction Act of 1980 and 5 CFR part 1320.

Subpart 1352.1—Instructions for Using Provisions and Clauses

1352.100 Incorporation by reference.

Contracting officers within the Department shall incorporate solicitation provisions and contract clauses by reference in solicitations and contracts to the maximum extent provided by applicable law and regulation. Incorporation by reference is the listing only by title, regulatory citation, and date of the provision or clause rather than the full text. The full text of the referenced solicitation provision or contract clause is contained in the Code of Federal Regulations (CFR); chapter 1 of title 48 for FAR provisions and clauses; and chapter 13 of title 48 for CAR provisions and clauses.

Subpart 1352.2—Texts of Provisions and Clauses

SOURCE: 52 FR 3808, Feb. 6, 1987, unless otherwise noted.

1352.217-90 Inspection and manner of doing work.

As prescribed in 1317.7001(a), insert the following clause:

INSPECTION AND MANNER OF DOING WORK
(CAR 1352.217-90) (JAN 1987)

(a) All work and material shall be subject to the approval of the Contracting Officer or his duly authorized representative. Work shall be performed in accordance with the plans and specifications of this contract as modified by any contract modification.

(b) Unless otherwise specifically provided for in the contract, all operational practices of the Contractor and all workmanship and material, equipment and articles used in the performance of work shall be in accordance with American Bureau of Shipping Rules for Building and Classing Steel Vessels, U.S. Coast Guard Marine Engineering Regulations and Material Specifications (Subchapter F 46 CFR), U.S. Coast Guard Electrical Engineering Regulations (Subchapter J 46 CFR) (APR 1982), and U.S.P.H.S., Handbook on Sanitation in Vessel Construction, in effect at the time of the Contractor's submission of bid (or acceptance of the contract, if negotiated), and the best commercial maritime practices, except where military specifications are specified, in which case such standards of material and workmanship shall be followed.

(c) All material and workmanship shall be subject to inspection and test at all times during the Contractor's performance of the work to determine their quality and suitability for the purpose intended and compliance with the contract. In case any material or workmanship furnished by the Contractor is found to be defective prior to redelivery of the vessel, or not in accordance with the requirements of the contract, the Government shall have the right prior to redelivery of the vessel to reject such material or workmanship, and to require its correction or replacement by the Contractor at the Contractor's cost and expense. This Government right is in addition to its rights under any Guarantee clause in this contract. If the Contractor fails to proceed promptly with the replacement or correction of such material or workmanship, as required by the Contracting Officer, the Government may, by contract or otherwise, replace or correct such material or workmanship and charge to the Contractor the excess cost to the Government. The Contractor shall provide and maintain an inspection system acceptable to the Gov-

ernment covering the work specified in the contract. Records of all inspection work by the Contractor shall be kept complete and available to the Government during the performance of the contract and for a period of 2 years after delivery of the vessel to the Government.

(d) No welding, including tack welding and brazing, shall be permitted in connection with repairs, completions, alterations, or addition to hulls, machinery or components of vessels unless the welder is at the time, qualified to the standards established by the United States Coast Guard, the American Bureau of Shipping, or the Department of the Navy. The welder's qualifications shall be appropriate for the particular service application, filler material type, position of welding, and welding process involved in the work being undertaken. A welder may be required to requalify if the Contracting Officer believes there is a reasonable doubt concerning the welder's ability. Welder's qualifications for this purpose shall be outlined in "Marine Engineering Regulations" of the United States Coast Guard. When a welding process other than manual shielded arc is proposed or required, the contractor or fabricator shall submit procedure qualification tests for approval prior to production welding. Procedure qualification tests shall be conducted in accordance with the requirements of the "Marine Engineering Regulations" of the United States Coast Guard.

(e) The Contractor shall exercise reasonable care to protect the vessel from fire, and the Contractor shall maintain a reasonable system of inspection over the activities of welders, burners, riveters, painters, plumbers and similar workers, particularly where such activities are undertaken in the vicinity of the vessel's magazine, fuel oil tanks, or storerooms containing flammable material. A reasonable number of hose lines shall be maintained by the Contractor ready for immediate use on the vessel at all times while the vessel is berthed alongside the Contractor's pier or in drydock or on a marine railway. All tanks or bilge areas under alteration or repair shall be cleaned, washed, and steamed out or otherwise made safe by the Contractor if and to the extent necessary as required by good marine practice or by current OSHA Regulations. The Contracting Officer's Technical Representative (COTR) shall be furnished with a "gas free" or "safe for hot work" or "safe for men" certificate before any hot work or entry is done. Unless otherwise provided in this contract, the Contractor shall at all times maintain a reasonable fire watch about the vessel, including a fire watch on the vessel while work is being performed thereon.

(f) The Contractor shall place proper safeguards and/or effect such safety precautions

as necessary, including suitable and sufficient lighting, for the prevention of accidents or injury to persons or property during the prosecution of work under this contract and/or from time of receipt of the vessel until acceptance by the Government of the work performed.

(g) Except as otherwise provided in this contract, when the vessel is in the custody of the contractor or in drydock or on a marine railway and the temperature becomes as low as 35 degrees Fahrenheit, the Contractor shall keep all pipelines, fixtures, traps, tanks, and other receptacles on the vessel drained to avoid damage from freezing, or if this is not practicable, the vessel shall be kept heated to prevent such damage. The vessel's stern tube and propeller hubs shall be protected from frost damage by applied heat through the use of a salamander or other proper means, as approved by the COTR.

(h) Whenever practicable, the work shall be performed in a manner which does not interfere with the berthing and messing of personnel attached to the vessel. The Contractor shall ensure that assigned personnel have access to the vessel at all times. It is understood that such personnel will not interfere with the work or the Contractor's workers.

(i) The Government does not guarantee the correctness of the dimensions, sizes, and shapes given in any sketches, drawings, plans or specifications prepared or furnished by the Government. The Contractor shall be responsible for the correctness of the shape, sizes and dimensions of parts to be furnished hereunder, other than those furnished by the Government.

(j) The Contractor shall at all times keep the site of the work on the vessel free from accumulation of waste material or rubbish caused by Contractor employees or the work, and at the completion of the work shall remove all rubbish from and about the site of the work and shall leave the work and its immediate vicinity "broom clean" unless more exactly specified in this contract.

(k) While in drydock or on a marine railway, the Contractor shall be responsible for the closing before the end of working hours, of all valves and openings upon which work is being done by its workers when such closing is practicable. The Contractor shall keep the COTR cognizant of the closure status of all valves and openings upon which the Contractor's workers have been working.

(l) Without additional expense to the Government, the Contractor shall employ specialty subcontractors where required by the specifications or when necessary for satisfactory performance of the work.

(m) When requested by the COTR, the Contractor shall notify the COTR in advance:

(i) Prior to starting inspections or tests; and

(ii) When supplies will be ready for Government inspection.

(n) When advance notification is requested, the authorized COTR shall specify the period and method of notification.

(End of clause)

1352.217-91 Delivery of vessel to the contractor.

As prescribed in 1317.7001(a), insert the following clause:

DELIVERY OF VESSEL TO THE CONTRACTOR
(CAR 1352.217-91) (JAN 1987)

(a) The Government shall deliver the vessel to the Contractor at the location specified in the contract.

(b) If the Contractor's plant is specified, it shall be understood to mean the fairway of the plant. The Contractor shall provide necessary tugs and pilot services to move the vessel from the fairway to the pier or dock and, upon completion of all work, from the pier or dock to the fairway of the plant.

(c) While the vessel is in the possession of the Contractor, any necessary movement of the vessel incidental to the work specified in the contract shall be furnished by the Contractor without additional charge to the Government.

(End of clause)

1352.217-92 Performance.

As prescribed in 1317.7001(a), insert the following clause:

PERFORMANCE (CAR 1352.217-92) (JAN 1987)

(a) Upon the issuance of the contract, the Contractor shall promptly commence the work specified in any plans and specifications made a part of the contract, and shall diligently prosecute the work to completion. The Contractor shall not commence work until the contract has been issued.

(b) The Government shall deliver the vessel described in the contract at such time and location as may be specified in the contract. Upon completion of the work, the Government shall accept delivery of the vessel at such time and location as may be specified in the contract.

(c) Without additional charge to the Government, and without specific requirement in the contract, the Contractor shall:

(1) Make available at the plant to personnel of the vessel while in drydock or on a marine railway, toilet and similar facilities acceptable to the Contracting Officer as adequate in number and sanitary standards;

(2) Supply and maintain, in such condition as the Contracting Officer may reasonably require, suitable brows and gangways from

the pier, drydock or marine railway to the vessel;

(3) Treat salvage, scrap, or other ship's material of the Government resulting from performance of the work as items of Government furnished property in accordance with the Government Property clause;

(4) Perform, or pay the cost of, any repair, reconditioning or replacement made necessary as the result of the use by the Contractor of any of the vessel's machinery, equipment or fittings, including, but not limited to, winches, pumps, riggings, or pipe lines; and

(5) Furnish suitable offices, office equipment and telephones at or near the site of the work as the Contracting Officer reasonably requires for himself and his staff.

(d) Except as otherwise provided in the contract, the Contractor shall furnish all necessary material, labor, services, equipment, supplies, power, accessories, facilities, and other things and services necessary for accomplishing the work, subject to Government rights under the Government Property clause.

(e) The Contractor shall conduct dock and sea trials of the vessel as required by the contract. Unless otherwise expressly provided in the contract, during the conduct of these trials the vessel shall be under the control of the vessel's commander and crew with representatives of the Contractor and the Government on board to determine whether or not the work done by the Contractor has been satisfactorily performed. Dock and sea trials not specified which the Contractor requires for his own benefit shall not be undertaken by the Contractor without prior notice to and approval of the Contracting Officer; any such dock or sea trial shall be conducted at the risk and expense of the Contractor. The Contractor shall provide and install all fittings and appliances which may be necessary for the dock and sea trials, to enable the representatives of the Government to determine whether the requirements of the contract plans and specifications have been met. The Contractor shall also be responsible for the care, installation and removal of any instruments and apparatus furnished by the Government for such trials.

(End of clause)

1352.217-93 Delays.

As prescribed in 1317.7001(a), insert the following clause:

DELAYS (CAR 1352.217-93) (JAN 1987)

When during the performance of this contract the Contractor is required to delay the work on a vessel temporarily, due to orders or actions of the Government respecting stoppage of work to permit shifting the vessel, stoppage of hot work to permit bun-

kering, fueling, stoppage of work due to embarking or debarking passengers and loading or discharging cargo, and the Contractor is not given sufficient advance notice or is otherwise unable to avoid incurring additional costs on account thereof, an equitable adjustment may be made in the contract price pursuant to the Changes clause.

(End of clause)

1352.217-94 Minimization of delay due to Government furnished property.

As prescribed in 1317.7001(a), insert the following clause:

MINIMIZATION OF DELAY DUE TO GOVERNMENT FURNISHED PROPERTY (CAR 1352.217-94) (JAN 1987)

(a) In order to assure timely delivery of the vessel under this contract, it is imperative that delay in delivery of such vessel resulting from late, damaged, or unsuitable Government furnished property be held to an absolute minimum. In order to achieve minimization of delay it is agreed that:

(1) Subject to adjustment as provided in paragraph (b) of this clause, the Government shall deliver each item of Government furnished property to the Contractor on or before the date specified in the contract or, if later, in sufficient time for the contractor to deliver the vessel in accordance with the delivery schedule specified elsewhere.

(2) The Government may forego furnishing any item of Government property to the Contractor. In that event, the Contractor shall prepare the vessel in terms of piping, wiring, structure, foundation, ventilation, and any other preinstallation requirements of the item, so that the work on the vessel may continue without delay and disruption resulting from the absence of the item. If the Government does not furnish an item designated as Government furnished property, the parties may be entitled to an equitable adjustment in the contract price, in accordance with the Changes clause for eliminating the requirement to install the Government property item. But, notwithstanding any other clause of this contract, an adjustment shall not be made in the delivery schedule of any vessel if the Government chooses not to furnish the item on or before the delivery date of the item. If the Government subsequently desires the Contractor to install the item prior to delivery of the vessel, a contract modification shall be executed which takes into account any increase in cost or performance time resulting from the installation.

(b) If the delivery date for the vessel is extended for any reason, the latest date for which the Government must deliver items of Government property shall be deemed to be extended by an equal number of days unless

(i) the Contracting Officer agrees in writing that earlier delivery of the items is required, in which case some or all of the Government property shall be extended as agreed rather than on a day-for-day basis, or (ii) a Government property item was the exclusive cause for the extension of the delivery date of the vessel in which case the latest date by which the Government must deliver the item shall not be deemed to be extended unless the parties agree otherwise.

(c) The delivery or performance dates for the supplies or services to be furnished by the Contractor under this contract are based upon the expectation that Government furnished property suitable for use (except for such property furnished "as is") will be delivered to the Contractor at the time stated in the specification or, if not so stated, in sufficient time to enable the Contractor to meet such delivery or performance dates. If the Government furnished property is not delivered to the Contractor by such time and the Contractor makes a timely written request, the Contracting Officer shall determine if an equitable adjustment is appropriate. If determined appropriate, the Contracting Officer shall equitably adjust the delivery or performance date, the specifications, the price, or any other contractual provision affected by any such delay, in accordance with the Changes clause.

(d) The Government Property and Minimization of Delay Due to Government Furnished Property clauses contain exclusive remedies. The Government shall not be liable to suit for breach of contract by reason of any delay in delivery of Government furnished property or delivery of such property in a condition not suitable for its intended use.

(End of clause)

1352.217-95 Additional provisions relating to Government property.

As prescribed in 1317.7001(a), insert the following clause:

ADDITIONAL PROVISIONS RELATING TO GOVERNMENT PROPERTY (CAR 1352.217-95) (JAN 1987)

(a) Notwithstanding any requirements to the contrary for the furnishing of material by the Government which may appear in plans, drawings, or other data, the Government shall furnish only the material specifically listed in the specifications as Government furnished property. Any material required for the performance of the contract which does not appear in the specifications as Government furnished shall be furnished by the Contractor.

(b) The Contracting Officer may increase the amount of material to be furnished by the Government and the contract shall be

equitably adjusted in accordance with the Government Property clause.

(c) Unless otherwise specifically directed by the Contracting Officer, nonreusable crates and other nonreusable packaging in which Government material is delivered to the Contractor shall become the property of the Contractor upon removal of the packaged or crated material.

(d) Any packaging in preparation for delivery or for other disposal of Government property by the Contractor at the direction or authorization of the Contracting Officer pursuant to paragraph (i) of the Government Property clause shall be provided for by change order and an appropriate adjustment shall be made in the contract price in accordance with the Changes clause.

(e) The vessel, its equipment, movable stores, cargo and other ship's material are not designated Government furnished property under the Government Property clause.

(End of clause)

1352.217-96 Liability and insurance.

As prescribed in 1317.7001(a), insert the following clause:

LIABILITY AND INSURANCE (CAR 1352.217-96) (JAN 1987)

(a) The Contractor shall exercise reasonable care and use its best efforts to prevent accidents, injury or damage to all employees, persons and property, in and about the work, and to the vessel or part thereof upon which work is done.

(b) The Contractor shall be responsible for and make good at its own cost and expense any and all loss of or damage of whatsoever nature to the vessel (or part thereof), its equipment, movable stores and cargo, and Government owned material and equipment for the repair, completion, alteration or addition to the vessel in the possession of the Contractor, whether at the plant or elsewhere, arising or growing out of the performance of the work, except where the Contractor can affirmatively show that such loss or damage was due to causes beyond the Contractor's control, was proximately caused by the fault or negligence of agents or employees of the Government, or which loss or damage the Contractor by exercise of reasonable care was unable to prevent. However, the Contractor shall not be responsible for any such loss or damage discovered after redelivery of the vessel unless (i) the loss or damage is discovered within 90 days after redelivery of the vessel and (ii) loss or damage is affirmatively shown to be the result of the fault or negligence of the Contractor. To induce the Contractor to perform the work for the compensation provided, it is specifically agreed that the Contractor's aggregate liability on account of loss of or damage to

the vessel (or part thereof), its equipment, movable stores and cargo and Government owned materials and equipment shall in no event exceed the sum of \$300,000. As to the Contractor, the Government assumes the risk of loss or damage to the Government-owned vessel (or part thereof), its equipment, movable stores and cargo and said Government-owned materials and equipment in excess of \$300,000. This assumption of risk includes but is not limited to loss or damage from negligence of whatsoever degree of the Contractor's servants, employees, agents or subcontractors but specifically excludes loss or damage from willful misconduct or lack of good faith on the part of the Contractor's directors, officers and any of its managers, superintendents or other equivalent representatives who have supervision or direction of (i) all or substantially all of the Contractor's business, or (ii) all or substantially all of the Contractor's operation at any one plant. However, as to such risk assumed and borne by the Government, the Government shall be subrogated to any claim, demand or cause of action against third persons which exists in favor of the Contractor, and the contractor shall, if required, execute a formal assignment or transfer of claims, demands or causes of action. Nothing contained in this paragraph shall create or give rise to any right, privilege or power in any person except the Contractor, nor shall any person (except the Contractor) be or become entitled thereby to proceed directly against the Government, or join the Government as a co-defendant in any action against the Contractor brought to determine the Contractor's liability, or for any other purpose.

(c) The Contractor indemnifies and holds harmless the Government, its agencies and instrumentalities, and the vessel against all suits, actions, claims, costs or demands (including without limitation, suits, actions, claims, costs or demands resulting from death, personal injury and property damage) to which the Government, its agencies and instrumentalities, or the vessel may be subject or put by reason of damage or injury (including death) to the property or person of any one other than the Government, its agencies, instrumentalities and personnel, or the vessel arising or resulting in whole or in part from the fault, negligence, wrongful act or wrongful omission of the Contractor, or any subcontractor, its or their servants, agents or employees; provided that the Contractor's obligation to indemnify under this paragraph (c) shall not exceed the sum of \$300,000 on account of any one accident or occurrence in respect of any one vessel. Such indemnity shall include, without limitation, suits, actions, claims, costs or demands of any kind whatsoever, resulting from death, personal injury or property damage occurring during the period of performance of work on the vessel or within 90 days after re-

delivery of the vessel. With respect to any such suits, actions, claims, costs or demands resulting from death, personal injury or property damage occurring after the expiration of such period, the rights and liabilities of the Government and the Contractor shall be as determined by other provisions of this contract and by law; provided that such indemnity shall apply to death occurring after such period which results from any personal injury received during the period covered by the Contractor's indemnity as provided herein.

(d) The Contractor shall, at its own expense, procure, and thereafter maintain such casualty, accident and liability insurance, in such forms and amounts as may be approved by the Contracting Officer, insuring the performance of its obligations under paragraph (c) of this clause. In addition, the Contractor shall at its own expense procure and thereafter maintain such ship repairer's legal liability insurance as may be necessary to insure the Contractor against its liability as ship repairer in the amount of \$300,000, or the value of the vessel as determined by the Contracting Officer, whichever is the lesser, with respect to each vessel on which work is performed. The Contractor shall cause the Government to be named as an additional insured under any and all liability insurance policies. However, at the discretion of the Contracting Officer, such insurance need not be procured whenever the job order requires work on parts of a vessel only and the work is to be performed at a plant other than the site of the vessel. Further, the Contractor shall procure and maintain in force Workmen's Compensation Insurance (or its equivalent) covering its employees engaged in the work and shall insure the procurement and maintenance of such insurance by all subcontractors engaged in the work. The Contractor shall provide evidence of insurance as required by the Government.

(e) The Contractor shall receive no allowance in the contract price for inclusion of any premium expense or charge for any reserve made on account of self-insurance for coverage against any risk assumed by the Government under this clause.

(f) As soon as practicable after the occurrence of any loss or damage the risk of which the Government has assumed, written notice of the damage shall be given by the Contractor to the Contracting Officer. The notice shall contain full particulars of the loss or damage. If claim is made or suit is brought thereafter against the Contractor as the result or because of such event, the Contractor shall immediately deliver to the Government every demand, notice, summons or other process received by it or its representatives. The Contractor shall cooperate

with the Government and, upon the Government's request, shall assist in effecting settlements, securing and giving evidence; obtaining the attendance of witnesses and in the conduct of suits. The Government shall pay to the Contractor the expense, other than the cost of maintaining the Contractor's usual organization, incurred in this assistance. Except at its own cost, the Contractor shall not voluntarily make any payment, assume any obligation or incur any expense not imperative for the protection of the vessel or vessels at the time of the event.

(End of clause)

1352.217-97 Title.

As prescribed in 1317.7001(a), insert the following clause:

TITLE (CAR 1352.217-97) (JAN 1987)

Unless title to materials and equipment acquired or produced for, or allocated to, the performance of this contract shall have vested previously in the Government by virtue of other provisions of this contract, title to all materials and equipment to be incorporated in any vessel or part thereof, or to be placed upon any vessel or part hereof in accordance with the requirements of the contract, shall vest in the Government upon delivery thereof at the plant or such other location as may be specified in the contract for the performance of the work. However, the Contractor is fully responsible for all such Contractor furnished materials and equipment or the restoration of any damaged work. It is expressly understood and agreed that the Contractor shall assume without limitation the risk of loss for any such materials and equipment until such time as all work is completed and accepted by the Government and the vessel is redelivered to the Government. Upon completion of the contract, or with the approval of the Contracting Officer at any time during the performance of the contract, all such Contractor furnished materials and equipment not incorporated in any vessel or part thereof, or not placed upon any vessel or part thereof, in accordance with the requirements of the contract, shall become the property of the Contractor, except those materials and equipment the cost of which has been reimbursed by the Government to the Contractor.

(End of clause)

1352.217-98 Discharge of liens.

As prescribed in 1317.7001(a), insert the following clause:

DISCHARGE OF LIENS (CAR 1352.217-98) (JAN 1987)

The Contractor shall immediately discharge or cause to be discharged any lien or right in rem of any kind, other than in favor of the Government, which at any time exists or arises in connection with work done or materials furnished under any contract hereunder with respect to the machinery, fittings, equipment or materials for any of the vessels. If any such lien or right in rem is not immediately discharged, the Government may discharge or cause to be discharged such lien or right at the expense of the Contractor.

(End of clause)

1352.217-99 Department of Labor occupational safety and health standards for ship repairing.

As prescribed in 1317.7001(a), insert the following clause:

DEPARTMENT OF LABOR OCCUPATIONAL SAFETY AND HEALTH STANDARDS FOR SHIP REPAIRING (CAR 1352.217-99) (JAN 1987)

Attention of the Contractor is directed to the Occupational Safety and Health Act of 1970 (29 U.S.C. 651-678), and to the Occupational Safety and Health Standards for Shipyard Employment (29 CFR 1915), promulgated under Pub. L. 85-742, amending Section 41 of the Longshoremen's and Harbor Workers' Compensation Act (33 U.S.C. 941), and adopted by the Department of Labor as occupational safety or health standards under Section 6(a) of the Occupation Safety and Health Act of 1970 (29 CFR 1910.13). These regulations apply to all ship repair and related work, as defined in the regulations, performed under this contract on the navigable waters of the United States, including any dry dock or marine railway. Nothing contained in this contract shall be construed as relieving the Contractor from any obligations which it may have for compliance with the aforesaid regulations.

(End of clause)

1352.217-100 Regulations governing asbestos work.

As prescribed in 1317.7001(a), insert the following clause:

REGULATIONS GOVERNING ASBESTOS WORK (CAR 1352.217-100) (JAN 1987)

If asbestos is encountered, the Contractor shall follow the regulations contained in 29 CFR 1910.1001 (OSHA, Chapter XVII).

1352.217-101

(End of clause)

1352.217-101 Complete and final equitable adjustments.

As prescribed in 1317.7001(a), insert the following clause:

COMPLETE AND FINAL EQUITABLE
ADJUSTMENTS (CAR 1352.217-101) (JAN 1987)

Whenever the Contractor submits any claim for an equitable adjustment attributable to any fact or circumstance regarded as a change order whether formal or "constructive," under the Changes clause or any other clause of this contract, such claim shall include all adjustments (including but not limited to adjustments arising out of delays or disruptions or both caused by such change order) to which the Contractor is entitled under this contract. The foregoing requirement shall not preclude the Contractor from revising or resubmitting the claim prior to agreement upon the equitable adjustment for the change order. However, unless otherwise expressly agreed in the aforesaid supplemental agreement, the Contractor shall waive any right under the Changes clause or any other clause of this contract to further equitable adjustments attributable to such facts or circumstances giving rise to the claim upon the execution of the supplemental agreement setting forth the equitable adjustment. In any event, such right shall be deemed to be waived.

(End of clause)

1352.217-102 Government review, comment, acceptance, and approval.

As prescribed in 1317.7001(a), insert the following clause:

GOVERNMENT REVIEW, COMMENT, ACCEPTANCE
AND APPROVAL (CAR 1352.217-102) (JAN 1987)

(a) Documentation, including drawings and other engineering products and reports, required by the contract to be submitted for review, comment, acceptance or approval will be acted upon by the Government within 30 calendar days after receipt by the Government, unless another period of time is specified.

(b) Review, comment, acceptance or approval by the Government as required under this contract and applicable specifications shall not relieve the Contractor of its obligation to comply with the specifications and with all other requirements of the contract, nor shall it impose upon the Government any liability it would not have had in the absence of such review, comment and acceptance or approval.

48 CFR Ch. 13 (10-1-03 Edition)

(End of clause)

1352.217-103 Access to the vessel(s).

As prescribed in 1317.7001(a), insert the following clause:

ACCESS TO THE VESSEL(S) (CAR 1352.217-103)
(JAN 1987)

(a) As authorized by the Contracting Officer, a reasonable number of officers, employees and associates of the Government, or other prime Contractors with the Government and their subcontractors shall have admission to the plant and access to the vessel(s) at all reasonable times to perform and fulfill their respective obligations to the Government on a noninterference basis. The Contractor shall make reasonable arrangements to provide access for these personnel to office space, work areas, storage or shop areas, and other facilities and services, reasonable and necessary to performance of their respective duties. All such personnel shall comply with Contractor rules and regulations governing personnel at its shipyard, including those regarding safety and security.

(b) The Contractor further agrees to allow a reasonable number of officers, employees, and associates of offerors on other contemplated work, the same privileges of admission to the Contractor's plant and access to the vessel(s) on a noninterference basis subject to Contractor rules and regulations governing personnel in its shipyard, including those regarding safety and security.

(End of clause)

1352.217-104 Documentation of requests for equitable adjustment.

As prescribed in 1317.7001(a), insert the following clause:

DOCUMENTATION OF REQUESTS FOR EQUITABLE
ADJUSTMENT (CAR 1352.217-104) (JAN 1987)

(a) For the purpose of this clause, the term "change" includes not only a change made pursuant to a written order designated as a "change order" but also any act or omission to act on the part of the Government where a request is made for equitable adjustment.

(b) Whenever the Contractor requests or proposes an equitable adjustment to the contract price of not more than \$100,000, for a change or an act or omission on the part of the Government, the request shall include a breakdown of the price adjustment in such form and supported by such reasonable detail as the Contracting Officer may request. As a minimum, the Contractor shall provide a breakdown of direct labor hours, labor dollars, overhead, material, subcontracts, contingencies and profit for each change and a

justification for any extension of delivery date.

(c) Whenever the Contractor requests or proposes an equitable adjustment of \$100,000 gross (aggregate increases and/or decreases) or more to the price of the contract for a change made pursuant to a written order designated as a "change order" or whenever the Contractor requests an equitable adjustment in any amount for any other act or omission to act on the part of the Government, the proposal supporting such request shall contain the following information for each individual item or element of the request:

(1) A description of (i) the unperformed work required by the contract before the change which has been deleted by the change and (ii) the work deleted by the change that already has been completed in whole or in part. The description shall include a list of components, equipment, and other identifiable property involved. Also, the status of manufacture, procurement, or installation of such property shall be indicated. A separate description shall be furnished for design and production work. Items of raw material, purchased parts, components, and other identifiable hardware which are made excess by the change, and which are not to be retained by the Contractor, are to be listed for later disposition;

(2) A description of the work necessary to undo work already completed which has been deleted by the change;

(3) A description of the work substituted or added by the change that was not required by the terms of the contract before the change. A list of components and equipment (not bulk material or items) involved, should be included. A separate description shall be furnished for design work and production work;

(4) A description of any interference or inefficiency encountered in performing the change;

(5) A description of disruption attributable solely to the change, which shall include the following information:

(i) A specific description of each element of disruption which states how the work has been, or will be, disrupted;

(ii) The calendar time period when disruption occurred, or will occur;

(iii) The area(s) aboard ship where disruption occurred, or will occur;

(iv) The trade(s) disrupted, with a breakdown of man-hours for each trade;

(v) The scheduling of trades before, during, and after the period of disruption;

(vi) A description of measures taken to lessen the disruptive effect of the change.

(6) The delay in delivery attributable solely to the change;

(7) A description of other work attributed to the change;

(8) A narrative statement of the direct causal relationship between any alleged Government act or omission and the claimed result, cross-referenced to the detailed information required above.

(9) A statement setting forth a comparative enumeration of the amounts "budgeted" for the cost elements, including the materials cost, labor hours, and indirect costs pertinent to the change estimated by the Contractor in preparing his initial and ultimate proposal(s) for this contract, and the amounts claimed to have been incurred, or projected to be incurred, corresponding to each such "budgeted cost" element.

(d) In addition to the information required by paragraph (b), each proposal submitted in support of a claim for equitable adjustment in the amount of \$100,000 or more under any provision of this contract shall contain a duly executed Standard Form 1411 (Contract Pricing Proposal) for each individual claim item. The submitted Standard Form 1411 shall fully comply with Section 15.804-6 of the Federal Acquisition Regulation and any instructions on the reverse side of the form.

(e) In addition to the information required by paragraph (c), each proposal submitted in support of a claim for equitable adjustment under any provision of this contract shall contain a duly executed SF-1411 (Contracting Pricing Proposal) for each individual claim item. The submitted SF-1411 shall fully comply with Section 15.804-6 of the Federal Acquisition Regulation and any instructions on the reverse side of the form.

(f) Individual claims for equitable adjustment may not encompass all of the factors listed in (c) above. Accordingly, the Contractor is required to set forth in his proposal information only with respect to those factors which are encompassed in the individual claim for equitable adjustment. In any event, the information furnished hereunder shall be in sufficient detail to permit the Contracting Officer to correlate the claimed increased costs or delay in delivery set forth in the SF-1411 (Contracting Pricing Proposal) with the information submitted pursuant to paragraph (c).

(End of clause)

1352.217-105 Change proposals.

As prescribed in 1317.7001(a), insert the following clause:

CHANGE PROPOSALS (CAR 1352.217-105) (JAN 1987)

(a)(1) In addition to issuing changes under the Changes clause, the Contracting Officer may propose changes within the general scope of this contract, as set forth below. Within 10 days from the date of receipt of any such proposed change, or within such further time as the Contracting Officer may

1352.217-106

allow, the Contractor shall submit a scope of work, plans and sketches for the proposed change, and his estimate of: (i) the cost, (ii) the effect on the delivery date of the vessel, and (iii) the status of work on the ship affected by the proposed change. The proposed scope of work and estimate of the cost shall be in such form and supported by such reasonably detailed information as the Contracting Officer may require.

(2) The Contractor's estimate shall be a firm offer for 30 days from receipt thereof by the cognizant Contracting Officer, unless extended by mutual consent. Within the time limit, the Contractor agrees to either (i) enter into a supplemental agreement covering the estimate as submitted or (ii) begin good faith negotiations at the request of the Contracting Officer, leading to the execution of a bilateral supplemental agreement, if the estimate as submitted is not satisfactory to the Contracting Officer. In either case, the supplemental agreement shall include an equitable adjustment for the preparatory work set forth above.

(b) Pending execution of a bilateral agreement or the direction of the Contracting Officer pursuant to the Changes clause, the Contractor shall proceed diligently with contract performance without regard to the effect of any such proposed change.

(c) Concurrently with the submission of any Change Proposal under this contract in which the proposed aggregate cost is \$100,000 or greater, the Contractor shall submit to the Contracting Officer a completed Standard Form 1411. At the time of agreement upon the price of the Change Proposal, the Contractor shall submit a signed Certificate of Current Cost or Pricing Data.

(End of clause)

1352.217-106 Lay days.

As prescribed in 1317.7001(a), insert the following clause:

LAY DAYS (CAR 1352.217-106) (JAN 1987)

(a) Lay day time will be paid for by the Government at the Contractor's stipulated bid price for this item of the contract when the vessel remains on the dry dock or marine railways as a result of any Government change that involves work in addition to that required under the basic contract.

(b) No amount for lay day time shall be paid until all accepted items of the basic contract for which a price was established by the Contractor and for which docking of the vessel was required have been satisfactorily completed.

(c) Days of hauling out and floating, whatever the hour, shall not be paid as lay day time, and days when no work is performed by the Contractor shall not be paid as lay day time.

48 CFR Ch. 13 (10-1-03 Edition)

(d) Payment of lay day time shall constitute complete compensation for all costs except for the direct cost of performing the changed work.

(End of clause)

1352.217-107 Changes—ship repair.

As prescribed in 1317.7001(a), insert the following clause:

CHANGES—SHIP REPAIR (CAR 1352.217-107) (JAN 1987)

(a) The Contracting Officer may at any time, by written order, and without notice to the sureties, if any, make changes within the general scope of this contract, in any one or more of the following:

(1) Drawings, designs, or specifications, when the supplies to be furnished are to be specially manufactured for the Government in accordance with the drawings, designs, or specifications;

(2) Method of shipment or packing;

(3) Place of performance of the work;

(4) Time of commencement or completion of the work; and

(5) Other requirements within the general scope of the contract.

(b) If any such change causes an increase or decrease in the cost of, or the time required for, performance of any part of the work under this contract, whether changed or not changed by the order, the Contracting Officer shall make an equitable adjustment in the contract price, the delivery schedule, or both, and shall modify the contract.

(c) The Contractor must submit any proposal for adjustment (hereafter referred to as proposal) under this clause within 10 days from the date of receipt of the written order. However, if the Contracting Officer decides that the facts justify it, the Contracting Officer may receive and act upon a proposal submitted before final payment of the contract.

(d) If the Contractor's proposal includes the cost of property made obsolete or excess by the change, the Contracting Officer shall have the right to prescribe the manner of the disposition of the property.

(e) Failure to agree to any adjustment shall be a dispute under the Disputes clause. However, nothing in this clause shall excuse the Contractor from proceeding with the contract as changed.

(End of clause)

1352.217-108 Default—ship repair.

As prescribed in 1317.7001(a), insert the following clause:

Department of Commerce

1352.217-109

DEFAULT—SHIP REPAIR (CAR 1352.217-108)
(JAN 1987)

(a) The Government may, subject to paragraphs (c) and (d) of this clause, by written notice of default to the Contractor, terminate this contract in whole or in part if the Contractor fails to—

(1) Deliver the supplies or to perform the services within the time specified in this contract or any extension;

(2) Make progress, so as to endanger performance of this contract; or

(3) Perform any of the other provisions of this contract.

(b) If the Government terminates this contract in whole or in part, it may arrange for completion of the work in the manner the Contracting Officer considers appropriate. The Contracting Officer may designate any plant or plants for completion of the work, including the Contractor's plant or plants. If the work is to be completed at the Contractor's plant, the Government may use all tools, machinery, facilities and equipment of the Contractor which the Contracting Officer determines to be necessary. The Contractor will be liable to the Government for any excess costs, other than those costs attributable to changes in the plans or specifications made after the termination date. However, the Contractor shall continue the work not terminated.

(c) Except for defaults of subcontractors at any tier, the Contractor shall not be liable for any excess costs if the failure to perform the contract arises from causes beyond the control and without the fault or negligence of the Contractor. Examples of such causes include (1) acts of God or of the public enemy, (2) acts of the Government in either its sovereign or contractual capacity, (3) fires, (4) floods, (5) epidemics, (6) quarantine restrictions, (7) strikes, (8) freight embargoes, and (9) unusually severe weather. In each instance the failure to perform must be beyond the control and without the fault or negligence of the Contractor.

(d) If the failure to perform is caused by the default of a subcontractor at any tier, and if the cause of the default is beyond the control of both the Contractor and subcontractor, and without the fault or negligence of either, the Contractor shall not be liable for any excess costs for failure to perform, unless the subcontracted supplies or services were obtainable from other sources in sufficient time for the Contractor to meet the required delivery schedule.

(e) If this contract is terminated for default, the Government may require the Contractor to transfer title and deliver to the Government, as directed by the Contracting Officer, any (1) completed supplies, and (2) partially completed supplies and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information, and contract rights (col-

lectively referred to as "manufacturing materials" in this clause) that the Contractor has specifically produced or acquired for the terminated portion of this contract. Upon direction of the Contracting Officer, the Contractor shall also protect and preserve property in its possession in which the Government has an interest.

(f) The Government shall pay contract price for completed supplies delivered and accepted. The Contractor and Contracting Officer shall agree on the amount of payment for manufacturing materials delivered and accepted and for the protection and preservation of the property. Failure to agree will be a dispute under the Disputes clause. The Government may withhold from these amounts any sum the Contracting Officer determines to be necessary to protect the Government against loss because of outstanding liens or claims of former lien holders.

(g) If, after termination, it is determined that the Contractor was not in default, or that the default was excusable, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the Government.

(h) The rights and remedies of the Government in this clause are in addition to any other rights and remedies provided by law or under this contract.

(End of clause)

1352.217-109 Insurance requirements.

As prescribed in 1317.7001(b), insert the following clause:

INSURANCE REQUIREMENTS (CAR 1352.217-109)
(JAN 1987)

(a) The Contractor shall procure and thereafter maintain the following insurance:

(1) Ship repairer's legal liability insurance to insure the risks described in paragraph (b) of the Liability and Insurance clause. This insurance shall be for \$300,000.

(2) Comprehensive general liability insurance and automobile insurance to insure the risks described in paragraph (c) of the Liability and Insurance clause. This insurance shall be for \$300,000 on account of any one accident or occurrence with respect to each vessel, boat, and/or barge upon which work is performed. The Contractor shall cause the Government to be named as an additional insured under any and all liability insurance policies.

(3) Full coverage in accordance with the State Workmen's Compensation law; and

(4) Full coverage in accordance with the United States Longshoremen's and Harbor Worker's Act.

(b) As evidence that it has obtained the insurance specified in (a) above, the Contractor shall furnish the Contracting Officer with a certificate or certificates executed by

1352.217-110

an agent of the insurer authorized to execute such certificates. Such certificates shall be furnished prior to commencement of the work. Each certificate shall state that (name of insurer) has insured (name of Contractor) awarded contract number _____ for repair/alteration of (name of vessel) in accordance with the Liability and Insurance clause and the Insurance Requirements clause contained herein. Each certificate shall set forth that each policy of insurance represented thereby will expire on (date) and that each such policy contains the following clause:

"It is agreed that in the event of cancellation, or any material change in the policy adversely affecting the interest of the Government in this insurance 30 days prior written notice will be given to the Contracting Officer."

(End of clause)

1352.217-110 Guarantees.

As prescribed in 1317.7001(c), insert the following clause:

GUARANTEES (CAR 1352.217-110) (JAN 1987)

In case any work done or materials furnished by the Contractor under this contract on or for any vessel or the equipment thereof shall, within 90 days from the date of redelivery of the vessel by the Contractor, prove defective or deficient, such defects or deficiencies shall, as required by the Government in writing, be corrected and repaired by the Contractor or at Contractor expense to the satisfaction of the Contracting Officer. However, the Government shall be entitled to rely upon any guarantee secured by the Contractor or any subcontractor covering work done on materials furnished which exceeds the 90-day period until the expiration. Also, with respect to any individual work item identified and listed as incomplete at the redelivery of the vessel, the guarantee period shall run from the date of completion of such item. If and when practicable, the Government shall afford the Contractor an opportunity to effect such corrections and repairs itself. But, when it is impracticable or undesirable to return it to the Contractor, or the Contractor fails to proceed promptly with any such repairs as directed by the Contracting Officer, the corrections and repairs shall be made at Contractor expense at other Government designated locations. Where corrections and repairs are to be made by other than the Contractor, due to non-return of the vessel to the Contractor, the Contractor's liability may be discharged by an equitable deduction in the price of the contract. The Contractor's liability shall only extend for an additional 90-day guarantee period on those defects or deficiencies which it corrected and in no

event to those for which payment was made. However, this clause does not limit the responsibility or relieve the liability of the Contractor under the Liability and Insurance clause. At the Contracting Officer's option, defects and deficiencies may be left in their uncorrected condition. In that event, the Contractor and the Contracting Officer shall agree on an equitable deduction from the contract price. If the Contractor and the Contracting Officer fail to agree upon an equitable deduction from the contract price, the dispute shall be determined in accordance with the Disputes clause.

(End of clause)

1352.217-111 Temporary services.

TEMPORARY SERVICES (CAR 1352.217-111) (JAN 1987)

(a) Temporary services are services incidental to the performance of work which are required in the schedule or specifications to be provided by the contractor. Temporary services may include the furnishing of water, electricity, telephone service, toilet facilities, garbage removal, office space, parking places, or similar facilities as specified in the schedule or specifications.

(b) If performance time is extended due to Government caused delay or causes beyond the control of both the contractor and subcontractor, and without the fault or negligence of either, the contractor shall have the right to request an equitable adjustment for providing temporary services in excess of the number of estimated days contained in the schedule. Any such equitable adjustment shall not exceed the amount obtained by multiplying the number of excess days by the contractor's unit price contained in the schedule for this item.

(End of clause)

1352.217-112 Self-insurance information.

As prescribed in 1317.7001(e), insert the following provision:

An offeror who proposes to self-insure for any or all of the risks set forth in the Liability and Insurance clause and the Insurance Requirements clause shall submit satisfactory evidence to permit the Contracting Officer to determine that the offeror's assets are sufficient for the risks set forth in such clauses. The offeror shall submit with its offer 2 certified copies of documents listing

For approval of self-insurance under the State Workmen's Compensation Law and the United States Longshoremen's and Harbor Workers' Act, evidence of qualifications as a self-insurer under the applicable compensation statute must be furnished to the Contracting Officer.

SOURCE: 60 FR 53279, Oct. 13, 1995, unless otherwise noted.

Subpart 1426.70—Indian Preference

1426.7000 Scope of subpart.

This subpart prescribes policies and procedures for implementation of section 7(b) of the Indian Self-Determination and Education Assistance Act (Public Law 93-638, 88 Stat. 2205, 25 U.S.C. 450e(b)).

1426.7001 Definitions.

For purposes of this subpart the following definitions shall apply:

Indian means a person who is a member of an Indian Tribe. If the contractor has reason to doubt that a person seeking employment preference is an Indian, the contractor shall grant the preference but shall require the individual within thirty (30) days to provide evidence from the Tribe concerned that the person is a member of the Tribe.

Indian organization means that governing body of any Indian Tribe or entity established or recognized by such governing body in accordance with the Indian Financing Act of 1974 (Pub. L. 93-262, 88 Stat. 77; 25 U.S.C. 1451).

Indian-owned economic enterprise means any Indian-owned commercial, industrial, or business activity established or organized for the purpose of profit provided that such Indian ownership shall constitute not less than 51 percent of the enterprise.

Indian reservation includes Indian reservations, public domain Indian allotments, former Indian reservations in Oklahoma, and land held by incorporated Native groups, regional corporations, and village corporations under the provisions of the Alaska Native Claims Settlement Act, (Pub. L. 92-203, 85 Stat. 688; 43 U.S.C. 1601 *et seq.*).

Indian Tribe means an Indian Tribe, band, nation, or other recognized group or community, including any Alaska Native village or regional or village corporation as defined in or established pursuant to the Alaska Native Claims Settlement Act (Pub. L. 92-203, 85 Stat. 688; 43 U.S.C. 1601), which is recognized as eligible for the special programs and services provided by the United States to Indians because of their status as Indians.

On or near an Indian reservation means on a reservation or the distance within that area surrounding an Indian reservation(s) that a persons seeking employment could reasonably be expected to commute to and from in the course of a work day.

1426.7002 Statutory requirements.

Section 7(b) of the Indian Self-Determination and Education Assistance Act requires that any contract or sub-contract entered into pursuant to that Act, the Act of April 16, 1934 (48 Stat. 596; 25 U.S.C. 452), as amended, (the Johnson-O'Malley Act), or any other Act authorizing contracts with Indian organizations or for the benefit of Indians shall require that, to the greatest extent feasible:

(a) Preferences and opportunities for training and employment in connection with the administration of such contracts shall be given to Indians, and

(b) Preference in the award of sub-contracts in connection with the administration of such contracts shall be given to Indian organizations and to Indian-owned economic enterprises as defined in section 3 of the Indian Financing Act of 1974 (Sec. 3, Pub. L. 93-262; 88 Stat. 77; 25 U.S.C. 1452).

1426.7003 Applicability and contract clause.

(a) The Contracting Officer (CO) shall insert the clause at 1452.226-70, Indian Preference—Department of the Interior, in solicitations issued and contracts awarded by

(1) The Bureau of Indian Affairs,

(2) A contracting activity other than the Bureau of Indian Affairs when the contract is entered into pursuant to an act specifically authorizing contracts with Indian organizations and

(3) A contracting activity other than the Bureau of Indian Affairs where the work to be performed is specifically for the benefit of Indians and is in addition to any incidental benefits which might otherwise accrue to the general public.

(b) The CO shall insert the clause at 1452.226-71, Indian Preference Program—Department of the Interior, in all solicitations issued and contracts awarded by a contracting activity which may exceed \$50,000, which contain the clause required by paragraph (a) of this section and where it is determined by the CO, prior to solicitation, that the work under the contract will be performed in whole or in part on or near an Indian reservation(s). The Indian Preference Program clause may also be included in solicitations issued and contracts awarded by a contracting activity which may not exceed \$50,000, but which contain the clause required by paragraph (a) of this section and which, in the opinion of the CO, offer substantial opportunities for Indian employment, training or sub-contracting.

1426.7004 Compliance enforcement.

(a) The CO is responsible for conducting periodic reviews of the contractor to ensure compliance with the requirements of the clauses prescribed in 1426.7003. These reviews may be con-

ducted with the assistance of the Indian Tribe(s) concerned.

(b) Complaints of noncompliance with the requirements of the clauses prescribed under 1426.7003 which are received in writing by the contracting activity shall be promptly investigated by the CO and a written disposition of the complaint shall be prepared.

1426.7005 Tribal preference requirements.

(a) Where the work under a contract is to be performed on an Indian reservation, the CO may supplement the clause at 1452.226-71, Indian Preference Program—Department of the Interior, by adding specific Indian preference requirements of the Tribe on whose reservation the work is to be performed. The supplemental requirements shall be jointly developed for the contract by the CO and the Tribe. Supplemental preference requirements must represent a further implementation of the requirements of section 7(b) of Public Law 93-638 and must be approved by the SOL for legal sufficiency before being added to a solicitation and resultant contract. Any supplemental preference requirements to be added to the clause at 1452.226-71 shall be included in the solicitation and clearly identified in order to ensure uniform understanding of the additional requirements by all prospective bidders or offerors.

(b) Nothing in this subpart shall be interpreted to preclude Tribes from independently developing and enforcing their own tribal preference requirements. Such independently developed tribal preference requirements shall not, except as provided in paragraph (a) of this section, become a requirement in contracts covered under this subpart 1426.70 and must not hinder the Government's right to award contracts and to administer their provisions.

The offeror requests that this information not be disclosed to the public, except as may be required by law. The offeror also requests that this information not be used in whole or part by the Government for any purpose other than to evaluate the proposal, except that if a contract is awarded to the offeror as a result of or in connection with the submission of the proposal, the Government shall have the right to use the information to the extent provided in the contract."

(c) The offeror shall also specifically identify trade secret information and confidential commercial and financial information on the pages of the proposal on which it appears and shall mark each such page with the following legend:

"This page contains trade secrets or confidential commercial and financial information which the offeror believes to be exempt from disclosure under the Freedom of Information Act and which is subject to the legend contained on the cover page of this proposal."

(d) Information in a proposal identified by an offeror as trade secret information or confidential commercial and financial information shall be used by the Government only for the purpose of evaluating the proposal, except that: (i) If a contract is awarded to the offeror as a result of or in connection with submission of the proposal, the Government shall have the right to use the information as provided in the contract, and (ii) if the same information is obtained from another source without restriction it may be used without restriction.

(e) If a request under the Freedom of Information Act seeks access to information in a proposal identified as trade secret information or confidential commercial and financial information, full consideration will be given to the offeror's view that the information constitutes trade secrets or confidential commercial or financial information. The offeror will also be promptly notified of the request and given an opportunity to provide additional evidence and argument in support of its position, unless administratively unfeasible to do so. If it is determined that information claimed by the offeror to be trade secret information or confidential commercial or financial information is not exempt from disclosure under the Freedom of Information Act, the offeror will be notified of this determination prior to disclosure of the information.

(f) The Government assumes no liability for the disclosure or use of information contained in a proposal if not marked in accordance with paragraphs (b) and (c) of this provision. If a request under the Freedom of Information Act is made for information in a proposal not marked in accordance with paragraphs (b) and (c) of this provision, the offeror concerned shall be promptly notified of the request and given an opportunity to provide its position to the Government. However, failure of an offeror to mark information contained in a proposal as trade secret information or confidential commercial or financial information will be treated by the Government as evidence that the information is not exempt from disclosure under the Freedom of Information Act, absent a showing that the failure to mark was due to unusual or extenuating circumstances, such as a showing that the offeror had intended to mark, but that markings were omitted from the offeror's proposal due to clerical error.

to any incidental benefits which might otherwise accrue to the general public.

INDIAN PREFERENCE—DEPARTMENT OF THE INTERIOR (APR 1984)

(a) The Contractor agrees to give preferences to Indians who can perform the work required regardless of age (subject to existing laws and regulations), sex, religion, or tribal affiliation for training and employment opportunities under this contract and, to the extent feasible consistent with the efficient performance of this contract, training and employment preferences and opportunities shall be provided to Indians regardless of age (subject to existing laws and regulations), sex, religion, or tribal affiliation who are not fully qualified to perform under this contract. The Contractor also agrees to give preference to Indian organizations and Indian-owned economic enterprises in the awarding of any subcontracts consistent with the efficient performance of this contract. The Contractor shall maintain such records as are necessary to indicate compliance with this paragraph.

(b) In connection with the Indian employment preference requirements of this clause, the Contractor shall also provide opportunities for training incident to such employment. Such training shall include on-the-job, classroom, or apprenticeship training which is designed to increase the vocational effectiveness of an Indian employee.

(c) If the Contractor is unable to fill its training and employment needs after giving full consideration to Indians as required by this clause, those needs may be satisfied by selection of persons other than Indians in accordance with the clause of this contract entitled "Equal Opportunity".

(d) If no Indian organizations or Indian-owned economic enterprises are available for awarding of subcontracts in connection with the work performed under this contract, the Contractor agrees to comply with the provisions of this contract involving utilization of small business concerns, small business concerns owned and controlled by socially and economically disadvantaged individuals, or labor surplus are concerns.

(e) As used in this clause:

(1) *Indian* means a person who is a member of an Indian Tribe. If the Contractor has reason to doubt that a person seeking employment preference is an Indian, the Contractor shall grant the preference but shall require the individual within thirty (30) days to provide evidence from the Tribe concerned that the person is a member of that Tribe.

(2) *Indian Tribe* means an Indian Tribe, band, nation, or other organized group or community, including any Alaska Native village or regional or village corporation as defined in or established pursuant to the Alaska Native Claims Settlement Act (85

Stat. 668; 43 U.S.C. 1601) which is recognized as eligible for the special programs and services provided by the United States to Indians because of their status as Indians.

(3) *Indian organization* means the governing body of any Indian Tribe or entity established or recognized by such governing body in accordance with the Indian Financing Act of 1974 (88 Stat. 77; 25 U.S.C. 1451); and

(4) *Indian-owned economic enterprise* means any Indian-owned commercial, industrial, or business activity established or organized for the purpose of profit provided that such Indian ownership shall constitute not less than 51 percent of the enterprise.

(f) The Contractor agrees to include the provisions of the clause including this paragraph (f) in each subcontract awarded under this contract.

(g) In the event of noncompliance with this clause, the Contractor's right to proceed may be terminated in whole or in part by the Contracting Officer and the work completed in a manner determined by the Contracting Officer to be in the best interests of the Government.

1452.226-71 Indian preference program.

As prescribed in 1404.7003(b), insert the following clause in all solicitations and contracts, awarded by the contacting activity which may exceed \$50,000, and which contain the clause at 1452.204-71, and where it is determined by the Contracting Officer, prior to solicitation, that the work under the contract will be performed in whole or in part on or near an Indian reservation(s). The clause may also be included in solicitations issued and contracts awarded by a contracting activity which may not exceed \$50,000 but which contain the clause at 1452.204-71 and which, in the opinion of the contracting officer, offer substantial opportunities for Indian employment, training, and subcontracting.

INDIAN PREFERENCE PROGRAM—DEPARTMENT OF THE INTERIOR (APR 1984)

(a) In addition to the requirements of the clause of this contract entitled "Indian Preference—Department of the Interior", the Contractor agrees to establish and conduct an Indian preference program which will expand the opportunities for Indian organizations and Indian-owned economic enterprises

to receive a preference in the awarding of subcontracts and which will expand opportunities for Indians to receive preference for training and employment in connection with the work to be performed under this contract. In this connection, the contractor shall:

(1) Designate a liaison officer who will: (i) Maintain liaison with the Government and Tribe(s) on Indian preference matters; (ii) supervise compliance with the provisions of this clause; and (iii) administer the Contractor's Indian preference program.

(2) Advise its recruitment sources in writing and include a statement in all advertisements for employment that Indian applicants will be given preference in employment and training incident to such employment.

(3) Not less than twenty (20) calendar days prior to commencement of work under this contract, post a written notice in the Tribal office of any reservations on which or near where the work under this contract is to be performed, which sets forth the Contractor's employment needs and related training opportunities. The notice shall include the approximate number and types of employees needed, the approximate dates of employment; the experience or special skills required for employment, if any; training opportunities available; and all other pertinent information necessary to advise prospective employees of any other employment requirements. The Contractor shall also request the Tribe(s) on or near whose reservation(s) the work is to be performed to provide assistance to the Contractor in filling its employment needs and training opportunities. The Contracting Officer will advise the Contractor of the name, location, and phone number of the Tribal officials to contract in regard to the posting of notices and requests for Tribal assistance.

(4) Establish and conduct a subcontracting program which gives preference to Indian organizations and Indian-owned economic enterprises as subcontractors and suppliers under this contract. Consistent with the efficient performance of this contract, the Contractor shall give public notice of existing subcontracting opportunities by soliciting bids or proposals only from Indian organizations or Indian-owned economic enterprises. The Contractor shall request assistance and information on Indian firms qualified as suppliers or subcontractors from the Tribe(s) on or near whose reservation(s) the work under the contract is to be performed. The Contracting Officer will advise the Contractor of the name, location, and phone number of the Tribal officials to be contacted in regard to the request for assistance and information. Public notices and solicitations for existing subcontracting opportunities shall provide an equitable opportunity for Indian firms to submit bids or proposals by including: (i) A

clear description of the supplies or services required including quantities, specifications, and delivery schedules which facilitate the participation of Indian firms; (ii) a statement indicating the preference will be given to Indian organizations and Indian-owned economic enterprises in accordance with section 7(b) of Pub. L. 93-638; (88 Stat. 2205; 25 U.S.C. 450e(b)); (iii) definitions for the terms *Indian organization* and *Indian-owned economic enterprise* as prescribed under the "Indian Preference—Department of the Interior" clause of this contract; (iv) a representation to be completed by the bidder or offeror that it is an Indian organization or Indian-owned economic enterprise; and (v) a closing date for receipt of bids or proposals which provides sufficient time for preparation and submission of a bid or proposal. If after soliciting bids from Indian organizations and Indian owned economic enterprises, no responsive bid is received, the Contractor shall comply with the requirements of paragraph (d) of the "Indian Preference—Department of the Interior" clause of this contract. If one or more responsive bids are received, award shall be made to the low responsible bidder if the bid price is determined to be reasonable. If the low responsive bid is determined to be unreasonable as to price, the Contractor shall attempt to negotiate a reasonable price and award a subcontract. If a reasonable price cannot be agreed upon, the Contractor shall comply with the requirements of paragraph (d) of the "Indian Preference—Department of the Interior" clause of the contract.

(5) Maintain written records under this contract which indicate: (i) The names and addresses of all Indians seeking employment for each employment position available under this contract; (ii) the number of types of positions filled by (A) Indians and (B) non-Indians, and the name, address and position of each Indian employed under this contract; (iii) for those positions where there are both Indian and non-Indian applicants, and a non-Indian is selected for employment, the reason(s) why the Indian applicant was not selected; (iv) actions taken to give preference to Indian organizations and Indian-owned economic enterprises for subcontracting opportunities which exist under this contract; (v) reasons why preference was not given to Indian firms as subcontractors or suppliers for each requirement where it was determined by the Contractor that such preference would not be consistent with the efficient performance of the contract, and (vi) the names and addresses of all Indian organizations and Indian-owned economic enterprises (A) contacted, and (B) receiving subcontract awards under this contract.

(6) The Contractor shall submit to the Contracting Officer for approval a semiannual report which summarizes the Contractor's Indian preference program and indicates (i)

the number and types of available positions filled and dollar amounts of all subcontracts awarded to (a) Indian organizations and Indian-owned economic enterprises and (b) all other firms.

(7) Records maintained pursuant to this clause will be kept available for review by the Government until expiration of one (1) year after final payment under this contract, or for such longer period as may be required by any other clause of this contract or by applicable law or regulation.

(b) For purposes of this clause, the following definitions of terms shall apply:

(1) The terms *Indian*, *Indian Tribe*, *Indian Organization*, and *Indian-owned economic enterprise* are defined in the clause of this contract entitled "Indian Preference."

(2) *Indian reservation* includes Indian reservations, public domain Indian allotments, former Indian reservations in Oklahoma, and land held by incorporated Native groups, regional corporations, and village corporations under the provisions of the Alaska Native Claims Settlement Act (85 Stat. 688; 43 U.S.C. 1601 et seq.).

(3) *On or near an Indian Reservation* means on a reservation or reservations or within that area surrounding an Indian reservation(s) where a person seeking employment could reasonably be expected to commute to and from in the course of a workday.

(c) Nothing in the requirements of this clause shall be interpreted to preclude Indian Tribes from independently developing and enforcing their own Indian preference requirements. Such requirements must not hinder the Government's right to award contracts and to administer their provisions.

(d) The Contractor agrees to include the provisions of this clause including this paragraph (d) in each subcontract awarded under this contract and to notify the Contracting Officer of such subcontracts.

(e) In the event of noncompliance with this clause, the Contractor's right to proceed may be terminated in whole or in part by the Contracting Officer and the work completed in a manner determined by the Contracting Officer to be in the best interest of the Government.

1452.228-7 Insurance—liability to third persons.

(a) As prescribed in 1428.311-2, the clause at FAR 52.228-7, Insurance—Liability to Third Persons, shall be modified before insertion into solicitations and contracts by—

(1) Changing the title of the clause to read "Insurance—Liability to Third Persons (APR 1984) (Deviations)"; and

(2) Changing the first sentence in subparagraph (c)(2) of the clause to read "For certain liabilities (and expenses incidental to such liabilities) to third persons not compensated by insurance or otherwise but subject to the 'Limitation of Cost' or 'Limitation of Funds' clause of this contract."

(b) As prescribed in FAR 52.103(a) and 52.107(f), the clause at FAR 52.252-6, Authorized Deviations in Clauses, shall be inserted into solicitations and contracts containing the clause in paragraph (a) of this section.

1452.228-70 Liability insurance.

As prescribed in 1428.301, insert the following clause in all contracts where circumstances warrant the carrying of insurance by the contractor (see FAR 28.301 and 28.306):

LIABILITY INSURANCE—DEPARTMENT OF THE INTERIOR (JUL 1995)

(a) The contractor shall procure and maintain during the term of this contract and any extension thereof liability insurance in form satisfactory to the Contracting Officer by an insurance company which is acceptable to the Contracting Officer. The named insured parties under the policy shall be the Contractor and the United States of America. The amounts of the insurance shall be not less than as follows:

- \$ _____ each person.*
- \$ _____ each occurrence.*
- \$ _____ property damage.*

(b) Each policy shall have a certificate evidencing the insurance coverage. The insurance company shall provide an endorsement to notify the Contracting Officer 30 days prior to the effective date of cancellation or termination of the policy or certificate; or modification of the policy or certificate which may adversely affect the interest of the Government in such insurance. The certificate shall identify the contract number, the name and address of the Contracting Officer, as well as the insured, the policy number and a brief description of contract services to be performed. The contractor shall furnish the Contracting Officer with a copy of an acceptable insurance certificate prior to beginning the work.

*These amounts to be set by the Contracting Officer.

1452.228-71 Aircraft and general public liability.

As prescribed in 1428.306-70(c)(1), insert the following clause in all fixed-price contracts for operation of aircraft with contractor-furnished pilot:

AIRCRAFT AND GENERAL PUBLIC LIABILITY INSURANCE—DEPARTMENT OF THE INTERIOR
()

(a) The contractor, at the contractor's expense, agrees to maintain, during the continuance of this contract, aircraft liability and general public liability insurance with limits of liability for (1) bodily injury to or death of aircraft passengers of not less than \$75,000 for any one passenger and a limit for each occurrence in any one aircraft of at least an amount equal to the sum produced by multiplying \$75,000 by 75 percent of the total number of passenger seats installed in the aircraft, (2) bodily injury or death of persons (excluding passengers) of not less than \$75,000 for any one person in any one occurrence and \$300,000 for each occurrence, and (3) property damage of not less than \$100,000 for each occurrence, or (4) a single limit of liability for each occurrence equal to or greater than the combined required minimums set forth in (1) through (3) above.

(b) The contractor agrees to maintain workers' compensation and other legally required insurance with respect to the contractor's own employees and agents.

(End of clause)

[54 FR 10989, Mar. 16, 1989]

1452.228-72 Liability for loss or damage.

As prescribed in 1428.306-70(c)(2), insert the following clause in all fixed-price contracts involving the use of aircraft with Government-furnished pilot where the Government does not have a property interest in the aircraft:

LIABILITY FOR LOSS OR DAMAGE—
DEPARTMENT OF THE INTERIOR (APR 1984)

(a) The Contractor shall indemnify and hold the Government harmless from any and all loss or damage to the aircraft furnished under this contract except as provided in paragraph (d) of this clause. For the purpose of fulfilling its obligation under this clause, the Contractor shall procure and maintain during the term of this contract, and any extension thereof, hull insurance acceptable to the Contracting Officer. The Contractor's insurance coverage shall apply to pilots furnished by the Government who operate the aircraft. The contractor may request a list of

Government pilots by name and qualification who are potential pilots.

(b) Prior to the commencement of work hereunder, the Contractor shall furnish to the Contracting Officer a copy of the insurance policy or policies or a certificate of insurance issued by the underwriter(s) showing that the coverage required by this clause has been obtained.

(c) Each policy or certificate evidencing the insurance shall contain an endorsement which provides that the insurance company will notify the Contracting Officer 30 days prior to the effective date of any cancellation or termination of any policy or certificate or any modification of a policy or certificate which adversely affects the interests of the Government in such insurance. The notice shall be sent by registered mail and shall identify this contract, the name and address of the contracting office, the policy, and the insured.

(d) If the aircraft is damaged or destroyed while in the custody and control of the Government, the Government will reimburse the Contractor for the deductible stipulated in the insurance coverage (if any) as follows:

(1) In-Motion Accidents—Up to 5% of the current insured value of the aircraft stated in the policy, or \$10,000.00, whichever is less.

(2) Not In-Motion Accidents—Up to \$250.00 per accident. Such reimbursement shall not be made, however, for loss or damage to the aircraft resulting from: (1) Normal wear and tear, (2) negligence or fault in maintenance of the aircraft by the Contractor, or (3) a defect in construction of the aircraft or a component thereof.

(e) If damage to the aircraft is established to be the fault of the Government, rental payments to the Contractor during the repair period will be made as set forth elsewhere in this contract. The Government may, at its option, make necessary repairs or return the aircraft to the Contractor for repair. In the event the aircraft is lost, destroyed, or damaged so extensively as to be beyond repair, no rental payment will be made to the Contractor thereafter.

(f) Any failure to agree as to the responsibility of the Government or the Contractor under this clause shall, after a final finding and determination by the Contracting Officer, be considered a dispute within the meaning of the "Disputes" clause of this contract.

(End of clause)

1452.228-73 Liability for loss or damage (property interest).

As prescribed in 1428.306-70(c)(3), insert the following clause in all fixed-price contracts involving the use of aircraft with Government-furnished pilot where the Government has a property

Department of the Interior

1452.228-73

interest in the aircraft (e.g., lease with purchase option):

LIABILITY FOR LOSS OR DAMAGE—
DEPARTMENT OF THE INTERIOR (APR 1984)

(a) The Government assumes all risk and liability for damage to or loss of the aircraft for the term of this contract, while the aircraft is in the Government's possession, except for: (1) Normal wear and tear to the aircraft, or (2) loss which occurs as a result of negligence or fault in maintenance of the aircraft by the contractor, or (3) loss resulting from a latent defect in the construction of the aircraft or a component thereof.

(b) In the event of damage to the aircraft, the Government may, at its option, make the necessary repairs with its own facilities, or by contract, or pay the Contractor the reasonable cost of repair of the aircraft. If damage to the aircraft is established to be the fault of the Government, rental payments to the Contractor during the repair period will be made as set forth elsewhere in this contract.

(c) In the event the aircraft is lost, destroyed, or damaged so extensively as to be beyond repair, no rental payment will be made to the Contractor thereafter, but the Government will pay to the Contractor a sum equal to the fair market value of the aircraft just prior to such loss, destruction, or extensive damage less the salvage value of the aircraft.

(d) The Contractor certifies that the contract price does not include any cost attributable to insurance or to any reserve fund it has established to protect its interests in or use of the aircraft, regardless of whether or not the insurance coverage applies for the period during which the Government has

possession of the aircraft. If, in the event of loss or damage to the aircraft, the Contractor receives compensation for such loss or damage, in any form, from any source, the amount of such compensation shall be credited to the Government in determining the amount of the Government's liability under this clause; except that this shall not apply to proceeds of insurance received solely as an advance of insurance pending determination of Government liability, or for an increment of value of the aircraft beyond the value for which the Government is responsible.

(e) In the event of loss or damage, the Government shall be subrogated to all rights of recovery by the Contractor against third parties for such loss or damage and such rights shall be immediately assigned to the Government. Except as the Contracting Officer may permit in writing, the Contractor shall neither release nor discharge any third party from liability for such loss or damage nor otherwise compromise or adversely affect the Government's subrogation or other rights hereunder. The Contractor shall cooperate with the Government in any suit or action undertaken by the Government against any such third party.

(f) Any failure to agree as to the responsibility of the Government or the Contractor under this clause shall, after a final finding and determination by the Contracting Officer, be considered a dispute within the meaning of the "Disputes" clause of this contract.
