seeking redress in relation to environmental reviews covered by an approved certification to deal with the responsible entity, and not the State, and may refer inquiries and complaints to the responsible entity and its Certifying Officer. Remedies for noncompliance are set forth in program regulations.

(c) Implementation of environmental review decisions. Projects of a recipient will require post-review monitoring and other inspection and enforcement actions by the recipient and the State or HUD (using procedures provided for in program regulations) to assure that decisions adopted through the environmental review process are carried out during project development and implementation.

(d) Responsibility for monitoring and training. (1) At least once every three years, HUD intends to conduct in-depth monitoring and exercise quality control (through training and consultation) over the environmental activities performed by responsible entities under this part. Limited monitoring of these environmental activities will be conducted during each program monitoring site visit. If through limited or in-depth monitoring of these environmental activities or by other means, HUD becomes aware of any environmental deficiencies, HUD may take one or more of the following actions:

(i) In the case of problems found during limited monitoring, HUD may schedule in-depth monitoring at an earlier date or may schedule in-depth monitoring more frequently;

(ii) HUD may require attendance by staff of the responsible entity at HUD-sponsored or approved training, which will be provided periodically at various locations around the country;

(iii) HUD may refuse to accept the certifications of environmental compliance on subsequent grants;

(iv) HUD may suspend or terminate the responsible entity’s assumption of the environmental review responsibility;

(v) HUD may initiate sanctions, corrective actions, or other remedies specified in program regulations or agreements or contracts with the recipient.

(2) HUD’s responsibilities and action under paragraph (d)(1) of this section shall not be construed to limit or reduce any responsibility assumed by a responsible entity with respect to any particular release of funds under this part. Whether or not HUD takes action under paragraph (d)(1) of this section, the Certifying Officer remains the responsible Federal official under §58.13 with respect to projects and activities for which the Certifying Officer has submitted a certification under this part.

§ 70.1 Purpose and authority.

(a) This part implements section 955 of the National Affordable Housing Act (NAHA), which provides an exemption from the requirement to pay prevailing wage rates determined under the Davis-Bacon Act or (in the case of laborers and mechanics employed in the
§ 70.2 Applicability.

This part applies to all HUD programs for which there is a statutory exemption from Davis-Bacon or HUD-determined prevailing wage rates for volunteers or a statutory provision allowing HUD waiver of Davis-Bacon prevailing wage rates for volunteers. The programs to which this part applies include the programs listed in section 70.1(a) and (b) and any other program for which a statutory exemption or HUD waiver provision for volunteers is enacted. This part does not, however, apply to the contribution of labor by an eligible family under the Mutual Help Homeownership Opportunity Program for Indian families under section 202 of the United States Housing Act of 1937 for public housing residents who volunteer a portion of their labor (see 24 CFR 964.41). This part also does not apply to HUD waivers of prevailing wage requirements under section 20 of the United States Housing Act of 1937 for public housing residents who volunteer a portion of their labor (see 24 CFR 964.41). This part also does not apply to the contribution of labor by an eligible family under the Mutual Help Homeownership Opportunity Program for Indian families under section 202 of the United States Housing Act of 1937.

§ 70.3 Definitions.

(a) A volunteer, for purposes of this part, is an individual who performs service for a public or private entity for civic, charitable, or humanitarian reasons, without promise, expectation or receipt of compensation for services rendered, on a HUD-assisted or insured project which is subject to a requirement to pay prevailing wage rates.

(1) Individuals shall be considered volunteers only where their services are offered freely and without pressure and coercion, direct or implied, from an employer.

(2) An individual shall not be considered a volunteer if the individual is otherwise employed at any time in the construction or maintenance work for which the individual volunteers.

(b) Expenses, reasonable benefits, or nominal fees may be provided to volunteers without the status of the volunteer being lost but only after a determination is made by HUD on a case-by-case basis by examining the total amount of payments made (expenses, benefits, fees) in the context of the economic realities of the particular situation. Subject to this determination:

(1) A payment for an expense may be received by a volunteer for items such as...

as uniform allowances or reimbursement for reasonable cleaning expenses or wear and tear on personal clothing worn while performing the volunteer work. Additionally, reimbursement for approximate out-of-pocket expenses for the cost of meals and transportation expenses may be made.

(2) Reasonable benefits may constitute inclusion of individual volunteers in group insurance plans (such as liability, health, life, disability, workers' compensation) or pension plan or length of service awards.

(3) A nominal fee is not a substitute for compensation and must not be tied to productivity. The decision as to what constitutes "nominal" must be made on a case-by-case basis and in the context of the economic realities of the situation.

(4) The phrase economic realities means that in determining whether the fee described in paragraph (b)(3) of this section may be deemed "nominal", the amount of the fee must be judged in the context of what paid workers doing the same work would earn in the particular locality involved. For example, a "payment" made to a "homeless" volunteer in an amount which covers basic necessities but nonetheless represents an insignificant amount when compared with local cost of living and real wages may be determined to be nominal for purposes of qualifying as a volunteer, provided the payment is not in fact a substitute for compensation and is not tied in any way to productivity.

(c) Prevailing wage rates, for purposes of this part, means:

(1) Wage rates required to be paid to laborers and mechanics employed in the construction (including rehabilitation) of a project (or in the case of public housing, the development of the project), as determined by the Secretary of Labor under the Davis-Bacon Act;

(2) Wage rates required to be paid to laborers and mechanics employed in the operation of a public housing project, as determined or adopted by the Secretary of HUD; and

(3) Wage rates required to be paid to architects, technical engineers, draftsmen and technicians employed in the development of a public housing project, as determined or adopted by the Secretary of HUD.

§ 70.4 Procedure for implementing prevailing wage exemptions for volunteers.

(a) This section applies to those HUD programs for which there is a statutory exemption for volunteers, as referenced in §70.1(a).

(b) Local or State agencies or private parties whose employees are otherwise subject to Davis-Bacon or HUD-determined prevailing wage rates which propose to use volunteers and wish to pay the volunteers' expenses, reasonable benefits, or nominal fees shall request a determination from HUD that these payments meet the criteria in §70.3(b).

A written determination shall be provided to the requester by the Department within ten days of receipt by the Department of sufficient information to allow for the determination.

(c) A determination under paragraph (b) shall not be construed in any way as limiting the use of bona fide volunteers on HUD-assisted construction, but rather is required to ensure that the Department performs its appropriate responsibilities under Reorganization Plan No. 14 of 1950 and related Department of Labor Regulations in title 29 CFR part 5, regarding the administration and enforcement of the Davis-Bacon and Related Acts, and its responsibility for the administration and enforcement of HUD-determined or adopted wage rates in the operation of public housing assisted under the United States Housing Act of 1937.

(d) For a project covered by prevailing wage rate requirements in which all the work is to be done by volunteers and there are no paid construction employees, the local or State funding agency (or, if none, the entity that employs the volunteers) shall record in the pertinent project file the name and address of the agency sponsoring the project, a description of the project (location, cost, nature of the work), and the number of volunteers and the hours of work they performed. The entity responsible for recording this information shall also provide a copy of this information to HUD.

(e) For a project covered by prevailing wage rate requirements in
§ 70.5 Procedure for obtaining HUD waiver of prevailing wage rates for volunteers.

(a) This section applies to those HUD programs under which HUD is statutorily authorized to waive prevailing wage requirements for volunteers, as referenced in § 70.1(b).

(b) Local or State agencies or private parties whose employees are otherwise subject to prevailing wage rates and which wish to use volunteers shall request a waiver of prevailing wage requirements from HUD for the volunteers. A request for waiver shall indicate that the proposed volunteers are volunteering their services for the purposes of lowering the costs of construction. The request shall include information sufficient for HUD to make a determination, as required by statute, that any amounts saved through the use of volunteers are fully credited to the corporation, cooperative, or public body or agency undertaking the construction and a determination that any payments to volunteers meet the criteria in section 70.3(b). Information regarding the crediting of amounts saved is required in order to insure that the statutorily prescribed purpose of lowering the costs of construction is fulfilled by passing savings from the use of volunteers on to the sponsor or other body or agency undertaking the construction and a determination that any payments to volunteers meet the criteria in section 70.3(b). Information regarding the crediting of amounts saved is required in order to insure that the statutorily prescribed purpose of lowering the costs of construction is fulfilled by passing savings from the use of volunteers on to the sponsor or other body or agency undertaking the construction. The request shall include information sufficient for HUD to make a determination, as required by statute, that any amounts saved through the use of volunteers are fully credited to the corporation, cooperative, or public body or agency undertaking the construction and a determination that any payments to volunteers meet the criteria in section 70.3(b). Information regarding the crediting of amounts saved is required in order to insure that the statutorily prescribed purpose of lowering the costs of construction is fulfilled by passing savings from the use of volunteers on to the sponsor or other body or agency undertaking the construction. The request shall include information sufficient for HUD to make a determination, as required by statute, that any amounts saved through the use of volunteers are fully credited to the corporation, cooperative, or public body or agency undertaking the construction and a determination that any payments to volunteers meet the criteria in section 70.3(b). Information regarding the crediting of amounts saved is required in order to insure that the statutorily prescribed purpose of lowering the costs of construction is fulfilled by passing savings from the use of volunteers on to the sponsor or other body or agency undertaking the construction.

(c) For a project covered by prevailing wage rate requirements in which all the work is to be done by volunteers and there are no paid construction employees, the local or State funding agency (or, if none, the entity that employs the volunteers) shall record in the pertinent project file the name and address of the agency sponsoring the project, the name, location, and HUD project number (if any) of the project, the number of volunteers, and type of work and hours of work they performed. The entity responsible for recording this information shall provide a copy of the information to HUD.

(d) For a project covered by prevailing wage rate requirements in which there is to be a mix of paid workers and volunteers, the local or State funding agency (or, if none, the entity responsible for generating certified payrolls) shall provide HUD the information in (c) of this section, along with the names of the proposed volunteers.
