## Explanation

The Code of Federal Regulations is a codification of the general and permanent rules published in the Federal Register by the Executive departments and agencies of the Federal Government. The Code is divided into 50 titles which represent broad areas subject to Federal regulation. Each title is divided into chapters which usually bear the name of the issuing agency. Each chapter is further subdivided into parts covering specific regulatory areas.

Each volume of the Code is revised at least once each calendar year and issued on a quarterly basis approximately as follows:

Title 1 through Title 16.....	as of January 1
Title 17 through Title 27.....	as of April 1
Title 28 through Title 41.....	as of July 1
Title 42 through Title 50.....	as of October 1

The appropriate revision date is printed on the cover of each volume.

### LEGAL STATUS

The contents of the Federal Register are required to be judicially noticed (44 U.S.C. 1507). The Code of Federal Regulations is prima facie evidence of the text of the original documents (44 U.S.C. 1510).

### HOW TO USE THE CODE OF FEDERAL REGULATIONS

The Code of Federal Regulations is kept up to date by the individual issues of the Federal Register. These two publications must be used together to determine the latest version of any given rule.

To determine whether a Code volume has been amended since its revision date (in this case, January 1, 2009), consult the "List of CFR Sections Affected (LSA)," which is issued monthly, and the "Cumulative List of Parts Affected," which appears in the Reader Aids section of the daily Federal Register. These two lists will identify the Federal Register page number of the latest amendment of any given rule.

### EFFECTIVE AND EXPIRATION DATES

Each volume of the Code contains amendments published in the Federal Register since the last revision of that volume of the Code. Source citations for the regulations are referred to by volume number and page number of the Federal Register and date of publication. Publication dates and effective dates are usually not the same and care must be exercised by the user in determining the actual effective date. In instances where the effective date is beyond the cut-off date for the Code a note has been inserted to reflect the future effective date. In those instances where a regulation published in the Federal Register states a date certain for expiration, an appropriate note will be inserted following the text.

### OMB CONTROL NUMBERS

The Paperwork Reduction Act of 1980 (Pub. L. 96-511) requires Federal agencies to display an OMB control number with their information collection request.

Many agencies have begun publishing numerous OMB control numbers as amendments to existing regulations in the CFR. These OMB numbers are placed as close as possible to the applicable recordkeeping or reporting requirements.

#### OBSOLETE PROVISIONS

Provisions that become obsolete before the revision date stated on the cover of each volume are not carried. Code users may find the text of provisions in effect on a given date in the past by using the appropriate numerical list of sections affected. For the period before January 1, 1986, consult either the List of CFR Sections Affected, 1949–1963, 1964–1972, or 1973–1985, published in seven separate volumes. For the period beginning January 1, 1986, a “List of CFR Sections Affected” is published at the end of each CFR volume.

#### INCORPORATION BY REFERENCE

*What is incorporation by reference?* Incorporation by reference was established by statute and allows Federal agencies to meet the requirement to publish regulations in the Federal Register by referring to materials already published elsewhere. For an incorporation to be valid, the Director of the Federal Register must approve it. The legal effect of incorporation by reference is that the material is treated as if it were published in full in the Federal Register (5 U.S.C. 552(a)). This material, like any other properly issued regulation, has the force of law.

*What is a proper incorporation by reference?* The Director of the Federal Register will approve an incorporation by reference only when the requirements of 1 CFR part 51 are met. Some of the elements on which approval is based are:

- (a) The incorporation will substantially reduce the volume of material published in the Federal Register.
- (b) The matter incorporated is in fact available to the extent necessary to afford fairness and uniformity in the administrative process.
- (c) The incorporating document is drafted and submitted for publication in accordance with 1 CFR part 51.

*What if the material incorporated by reference cannot be found?* If you have any problem locating or obtaining a copy of material listed in the Finding Aids of this volume as an approved incorporation by reference, please contact the agency that issued the regulation containing that incorporation. If, after contacting the agency, you find the material is not available, please notify the Director of the Federal Register, National Archives and Records Administration, Washington DC 20408, or call 202-741-6010.

#### CFR INDEXES AND TABULAR GUIDES

A subject index to the Code of Federal Regulations is contained in a separate volume, revised annually as of January 1, entitled CFR INDEX AND FINDING AIDS. This volume contains the Parallel Table of Statutory Authorities and Agency Rules (Table I). A list of CFR titles, chapters, and parts and an alphabetical list of agencies publishing in the CFR are also included in this volume.

An index to the text of “Title 3—The President” is carried within that volume.

The Federal Register Index is issued monthly in cumulative form. This index is based on a consolidation of the “Contents” entries in the daily Federal Register.

A List of CFR Sections Affected (LSA) is published monthly, keyed to the revision dates of the 50 CFR titles.

#### REPUBLICATION OF MATERIAL

There are no restrictions on the republication of material appearing in the Code of Federal Regulations.

#### INQUIRIES

For a legal interpretation or explanation of any regulation in this volume, contact the issuing agency. The issuing agency's name appears at the top of odd-numbered pages.

### § 1.1 Authority, purpose, scope, and reservation of authority.

(a) *Authority.* This part is issued pursuant to 12 U.S.C. 1 *et seq.*, 12 U.S.C. 24 (Seventh), and 12 U.S.C. 93a.

(b) *Purpose.* This part prescribes standards under which national banks may purchase, sell, deal in, underwrite, and hold securities, consistent with the authority contained in 12 U.S.C. 24 (Seventh) and safe and sound banking practices.

(c) *Scope.* The standards set forth in this part apply to national banks and Federal branches of foreign banks. Further, pursuant to 12 U.S.C. 335, State banks that are members of the Federal Reserve System are subject to the same limitations and conditions that apply to national banks in connection with purchasing, selling, dealing in, and underwriting securities and stock. In addition to activities authorized under this part, foreign branches of national banks are authorized to conduct international activities and invest in securities pursuant to 12 CFR part 211.

(d) *Reservation of authority.* The OCC may determine, on a case-by-case

basis, that a national bank may acquire an investment security other than an investment security of a type set forth in this part, provided the OCC determines that the bank's investment is consistent with 12 U.S.C. section 24 (Seventh) and with safe and sound banking practices. The OCC will consider all relevant factors, including the risk characteristics of the particular investment in comparison with the risk characteristics of investments that the OCC has previously authorized, and the bank's ability effectively to manage such risks. The OCC may impose limits or conditions in connection with approval of an investment security under this subsection. Investment securities that the OCC determines are permissible in accordance with this paragraph constitute eligible investments for purposes of 12 U.S.C. 24.

[61 FR 63982, Dec. 2, 1996, as amended at 66 FR 34791, July 2, 2001]

**§ 1.3 Limitations on dealing in, underwriting, and purchase and sale of securities.**

(a) *Type I securities.* A national bank may deal in, underwrite, purchase, and sell Type I securities for its own account. The amount of Type I securities that the bank may deal in, underwrite, purchase, and sell is not limited to a specified percentage of the bank's capital and surplus.

(b) *Type II securities.* A national bank may deal in, underwrite, purchase, and sell Type II securities for its own account, provided the aggregate par value of Type II securities issued by any one obligor held by the bank does not exceed 10 percent of the bank's capital and surplus. In applying this limitation, a national bank shall take account of Type II securities that the bank is legally committed to purchase or to sell in addition to the bank's existing holdings.

(c) *Type III securities.* A national bank may purchase and sell Type III securities for its own account, provided the aggregate par value of Type III securities issued by any one obligor held by the bank does not exceed 10 percent of the bank's capital and surplus. (d) *Type II and III securities; other investment securities limitations.* A national bank may not hold Type II and III securities issued by any one obligor with an aggregate par value exceeding 10 percent of the bank's capital and surplus. ## § 1.4

## 12 CFR Ch. I (1–1–09 Edition)

(e) *Type IV securities*—(1) *General*. A national bank may purchase and sell Type IV securities for its own account. Except as described in paragraph (e)(2) of this section, the amount of the Type IV securities that a bank may purchase and sell is not limited to a specified percentage of the bank's capital and surplus.

(2) *Limitation on small business-related securities rated in the third and fourth highest rating categories by an NRSRO*. A national bank may hold small business-related securities, as defined in section 3(a)(53)(A) of the Securities Exchange Act of 1934, 15 U.S.C. 78c(a)(53)(A), of any one issuer with an aggregate par value not exceeding 25 percent of the bank's capital and surplus if those securities are rated investment grade in the third or fourth highest investment grade rating categories. In applying this limitation, a national bank shall take account of securities that the bank is legally committed to purchase or to sell in addition to the bank's existing holdings. No percentage of capital and surplus limit applies to small business related securities rated investment grade in the highest two investment grade rating categories.

(f) *Type V securities*. A national bank may purchase and sell Type V securities for its own account provided that the aggregate par value of Type V securities issued by any one issuer held by the bank does not exceed 25 percent of the bank's capital and surplus. In applying this limitation, a national bank shall take account of Type V securities that the bank is legally committed to purchase or to sell in addition to the bank's existing holdings.

(g) *Securitization*. A national bank may securitize and sell assets that it holds, as a part of its banking business. The amount of securitized loans and obligations that a bank may sell is not limited to a specified percentage of the bank's capital and surplus.

(h) *Pooled investments*—(1) *General*. A national bank may purchase and sell for its own account investment company shares provided that:

(ii) The bank's holdings of investment company shares do not exceed the limitations in § 1.4(e).

(2) *Other issuers*. The OCC may determine that a national bank may invest in an entity that is exempt from registration as an investment company under section 3(c)(1) of the Investment Company Act of 1940, provided that the portfolio of the entity consists exclusively of assets that a national bank may purchase and sell for its own account.

(3) Investments made under this paragraph (h) must comply with § 1.5 of this part, conform with applicable published OCC precedent, and must be:

(i) Marketable and rated investment grade or the credit equivalent of a security rated investment grade, or

(ii) Satisfy the requirements of § 1.3(i).

(i) *Securities held based on estimates of obligor's performance*. (1) Notwithstanding §§ 1.2(d) and (e), a national bank may treat a debt security as an investment security for purposes of this part if the security is marketable and the bank concludes, on the basis of estimates that the bank reasonably believes are reliable, that the obligor will be able to satisfy its obligations under that security.

(2) The aggregate par value of securities treated as investment securities under paragraph (i)(1) of this section may not exceed 5 percent of the bank's capital and surplus.

[61 FR 63982, Dec. 2, 1996, as amended at 64 FR 60098, Nov. 4, 1999; 73 FR 22235, Apr. 24, 2008]

## § 1.6

will be effective on the earlier of the following dates:

(i) The date on which the bank's Consolidated Report of Condition and Income (Call Report) is submitted; or

(ii) The date on which the bank's Consolidated Report of Condition and Income is required to be submitted.

(2) A bank's investment limit calculated in accordance with paragraph (a)(2) of this section will be effective on the date that the limit is to be calculated.

(c) *Authority of OCC to require more frequent calculations.* If the OCC determines for safety and soundness reasons that a bank should calculate its investment limits more frequently than required by paragraph (a) of this section, the OCC may provide written notice to the bank directing the bank to calculate its investment limitations at a more frequent interval. The bank shall thereafter calculate its investment limits at that interval until further notice.

(d) *Calculation of Type III and Type V securities holdings—(1) General.* In calculating the amount of its investment in Type III or Type V securities issued by any one obligor, a bank shall aggregate:

(i) Obligations issued by obligors that are related directly or indirectly through common control; and

(ii) Securities that are credit enhanced by the same entity.

(2) *Aggregation by type.* The aggregation requirement in paragraph (d)(1) of this section applies separately to the Type III and Type V securities held by a bank.

(e) *Limit on investment company holdings—(1) General.* In calculating the amount of its investment in investment company shares under this part, a bank shall use reasonable efforts to calculate and combine its pro rata share of a particular security in the portfolio of each investment company with the bank's direct holdings of that security. The bank's direct holdings of the particular security and the bank's pro rata interest in the same security in the investment company's portfolio may not, in the aggregate, exceed the investment limitation that would apply to that security.

(2) *Alternate limit for diversified investment companies.* A national bank may elect not to combine its pro rata interest in a particular security in an investment company with the bank's direct holdings of that security if:

(i) The investment company's holdings of the securities of any one issuer do not exceed 5 percent of its total portfolio; and

(ii) The bank's total holdings of the investment company's shares do not exceed the most stringent investment limitation that would apply to any of the securities in the company's portfolio if those securities were purchased directly by the bank.

### § 1.5 Safe and sound banking practices; credit information required.

(a) A national bank shall adhere to safe and sound banking practices and the specific requirements of this part in conducting the activities described in § 1.3. The bank shall consider, as appropriate, the interest rate, credit, liquidity, price, foreign exchange, transaction, compliance, strategic, and reputation risks presented by a proposed activity, and the particular activities undertaken by the bank must be appropriate for that bank.

(b) In conducting these activities, the bank shall determine that there is adequate evidence that an obligor possesses resources sufficient to provide for all required payments on its obligations, or, in the case of securities deemed to be investment securities on the basis of reliable estimates of an obligor's performance, that the bank reasonably believes that the obligor will be able to satisfy the obligation.

(c) Each bank shall maintain records available for examination purposes adequate to demonstrate that it meets the requirements of this part. The bank may store the information in any manner that can be readily retrieved and reproduced in a readable form.

### § 1.6 Convertible securities.

A national bank may not purchase securities convertible into stock at the option of the issuer.

## § 1.7

## 12 CFR Ch. I (1–1–09 Edition)

### § 1.7 Securities held in satisfaction of debts previously contracted; holding period; disposal; accounting treatment; non-speculative purpose.

(a) *Securities held in satisfaction of debts previously contracted.* The restrictions and limitations of this part, other than those set forth in paragraphs (b),(c), and (d) of this section, do not apply to securities acquired:

- (1) Through foreclosure on collateral;
- (2) In good faith by way of compromise of a doubtful claim; or
- (3) To avoid loss in connection with a debt previously contracted.

(b) *Holding period.* A national bank holding securities pursuant to paragraph (a) of this section may do so for a period not to exceed five years from the date that ownership of the securities was originally transferred to the bank. The OCC may extend the holding period for up to an additional five years if a bank provides a clearly convincing demonstration as to why an additional holding period is needed.

(c) *Accounting treatment.* A bank shall account for securities held pursuant to paragraph (a) of this section in accordance with Generally Accepted Accounting Principles.

(d) *Non-speculative purpose.* A bank may not hold securities pursuant to paragraph (a) of this section for speculative purposes.

### § 1.8 Nonconforming investments.

(a) A national bank's investment in securities that no longer conform to this part but conformed when made will not be deemed in violation but instead will be treated as nonconforming if the reason why the investment no longer conforms to this part is because:

- (1) The bank's capital declines;
- (2) Issuers, obligors, or credit-enhancers merge;
- (3) Issuers become related directly or indirectly through common control;
- (4) The investment securities rules change;
- (5) The security no longer qualifies as an investment security; or
- (6) Other events identified by the OCC occur.

(b) A bank shall exercise reasonable efforts to bring an investment that is nonconforming as a result of events described in paragraph (a) of this section

into conformity with this part unless to do so would be inconsistent with safe and sound banking practices.

#### INTERPRETATIONS

### § 1.100 Indirect general obligations.

(a) *Obligation issued by an obligor not possessing general powers of taxation.* Pursuant to § 1.2(b), an obligation issued by an obligor not possessing general powers of taxation qualifies as a general obligation of a State or political subdivision for the purposes of 12 U.S.C. 24 (Seventh), if a party possessing general powers of taxation unconditionally promises to make sufficient funds available for all required payments in connection with the obligation.

(b) *Indirect commitment of full faith and credit.* The indirect commitment of the full faith and credit of a State or political subdivision (that possesses general powers of taxation) in support of an obligation may be demonstrated by any of the following methods, alone or in combination, when the State or political subdivision pledges its full faith and credit in support of the obligation.

(1) *Lease/rental agreement.* The lease agreement must be valid and binding on the State or the political subdivision, and the State or political subdivision must unconditionally promise to pay rentals that, together with any other available funds, are sufficient for the timely payment of interest on, and principal of, the obligation. These lease/rental agreement may, for instance, provide support for obligations financing the acquisition or operation of public projects in the areas of education, medical care, transportation, recreation, public buildings, and facilities.

(2) *Service/purchase agreement.* The agreement must be valid and binding on the State or the political subdivision, and the State or political subdivision must unconditionally promise in the agreement to make payments for services or resources provided through or by the issuer of the obligation. These payments, together with any other available funds, must be sufficient for the timely payment of interest on, and principal of, the obligation.

An agreement to purchase municipal sewer, water, waste disposal, or electric services may, for instance, provide support for obligations financing the construction or acquisition of facilities supplying those services.

(3) *Refillable debt service reserve fund.* The reserve fund must at least equal the amount necessary to meet the annual payment of interest on, and principal of, the obligation as required by applicable law. The maintenance of a refillable reserve fund may be provided, for instance, by statutory direction for an appropriation, or by statutory automatic apportionment and payment from the State funds of amounts necessary to restore the fund to the required level.

(4) *Other grants or support.* A statutory provision or agreement must unconditionally commit the State or the political subdivision to provide funds which, together with other available funds, are sufficient for the timely payment of interest on, and principal of, the obligation. Those funds may, for instance, be supplied in the form of annual grants or may be advanced whenever the other available revenues are not sufficient for the payment of principal and interest.

**§ 1.110 Taxing powers of a State or political subdivision.**

(a) An obligation is considered supported by the full faith and credit of a State or political subdivision possessing general powers of taxation when the promise or other commitment of the State or the political subdivision will produce funds, which (together with any other funds available for the purpose) will be sufficient to provide for all required payments on the obligation. In order to evaluate whether a commitment of a State or political subdivision is likely to generate sufficient funds, a bank shall consider the impact of any possible limitations regarding the State's or political subdivision's taxing powers, as well as the availability of funds in view of the projected revenues and expenditures. Quantitative restrictions on the general powers of taxation of the State or political subdivision do not necessarily mean that an obligation is not supported by the full faith and credit of

the State or political subdivision. In such case, the bank shall determine the eligibility of obligations by reviewing, on a case-by-case basis, whether tax revenues available under the limited taxing powers are sufficient for the full and timely payment of interest on, and principal of, the obligation. The bank shall use current and reasonable financial projections in calculating the availability of the revenues. An obligation expressly or implicitly dependent upon voter or legislative authorization of appropriations may be considered supported by the full faith and credit of a State or political subdivision if the bank determines, on the basis of past actions by the voters or legislative body in similar situations involving similar types of projects, that it is reasonably probable that the obligor will obtain all necessary appropriations.

(b) An obligation supported exclusively by excise taxes or license fees is not a general obligation for the purposes of 12 U.S.C. 24 (Seventh). Nevertheless, an obligation that is primarily payable from a fund consisting of excise taxes or other pledged revenues qualifies as a "general obligation," if, in the event of a deficiency of those revenues, the obligation is also supported by the general revenues of a State or a political subdivision possessing general powers of taxation.

**§ 1.120 Prerefunded or escrowed bonds and obligations secured by Type I securities.**

(a) An obligation qualifies as a Type I security if it is secured by an escrow fund consisting of obligations of the United States or general obligations of a State or a political subdivision, and the escrowed obligations produce interest earnings sufficient for the full and timely payment of interest on, and principal of, the obligation.

(b) If the interest earnings from the escrowed Type I securities alone are not sufficient to guarantee the full repayment of an obligation, a promise of a State or a political subdivision possessing general powers of taxation to maintain a reserve fund for the timely payment of interest on, and principal of, the obligation may further support a guarantee of the full repayment of an obligation.

## § 1.130

(c) An obligation issued to refund an indirect general obligation may be supported in a number of ways that, in combination, are sufficient at all times to support the obligation with the full faith and credit of the United States or a State or a political subdivision possessing general powers of taxation. During the period following its issuance, the proceeds of the refunding obligation may be invested in U.S. obligations or municipal general obligations that will produce sufficient interest income for payment of principal and interest. Upon the retirement of the outstanding indirect general obligation bonds, the same indirect commitment, such as a lease agreement or a reserve fund, that supported the prior issue, may support the refunding obligation.

### § 1.130 Type II securities; guidelines for obligations issued for university and housing purposes.

(a) *Investment quality.* An obligation issued for housing, university, or dormitory purposes is a Type II security only if it:

(1) Qualifies as an investment security, as defined in § 1.2(e); and

(2) Is issued for the appropriate purpose and by a qualifying issuer.

(b) *Obligation issued for university purposes.* (1) An obligation issued by a State or political subdivision or agency of a State or political subdivision for the purpose of financing the construction or improvement of facilities at or used by a university or a degree-granting college-level institution, or financing loans for studies at such institutions, qualifies as a Type II security. Facilities financed in this manner may include student buildings, classrooms, university utility buildings, cafeterias, stadiums, and university parking lots.

(2) An obligation that finances the construction or improvement of facilities used by a hospital may be eligible as a Type II security, if the hospital is a department or a division of a university, or otherwise provides a nexus with university purposes, such as an affiliation agreement between the university and the hospital, faculty positions of the hospital staff, and training of medical students, interns, residents, and nurses (e.g., a “teaching hospital”).

## 12 CFR Ch. I (1–1–09 Edition)

(c) *Obligation issued for housing purposes.* An obligation issued for housing purposes may qualify as a Type II security if the security otherwise meets the criteria for a Type II security.

### PART 2—SALES OF CREDIT LIFE INSURANCE

Sec.

2.1 Authority, purpose, and scope.

2.2 Definitions.

2.3 Distribution of credit life insurance income.

2.4 Bonus and incentive plans.

2.5 Bank compensation.

AUTHORITY: 12 U.S.C. 24 (Seventh), 93a, and 1818(n).

SOURCE: 61 FR 51781, Oct. 4, 1996, unless otherwise noted.

#### § 2.1 Authority, purpose, and scope.

(a) *Authority.* A national bank may provide credit life insurance to loan customers pursuant to 12 U.S.C. 24 (Seventh).

(b) *Purpose.* The purpose of this part is to set forth the principles and standards that apply to a national bank’s provision of credit life insurance and the limitations that apply to the receipt of income from those sales by certain individuals and entities associated with the bank.

(c) *Scope.* This part applies to the provision of credit life insurance by any national bank employee, officer, director, or principal shareholder, and certain entities in which such persons own an interest of more than ten percent.

#### § 2.2 Definitions.

(a) *Bank* means a national banking association.

(b) *Credit life insurance* means credit life, health, and accident insurance, sometimes referred to as credit life and disability insurance, and mortgage life and disability insurance.

(c) *Owning an interest* includes:

(1) Ownership through a spouse or minor child;

(2) Ownership through a broker, nominee, or other agent; or

(3) Ownership through any corporation, partnership, association, joint

venture, or proprietorship, that is controlled by the director, officer, employee, or principal shareholder of the bank.

(d) *Officer, director, employee, or principal shareholder* includes the spouse and minor children of an officer, director, employee, or principal shareholder.

(e) *Principal shareholder* means any shareholder who directly or indirectly owns or controls an interest of more than ten percent of the bank's outstanding voting securities.

[61 FR 51781, Oct. 4, 1996, as amended at 73 FR 22235, Apr. 24, 2008]

### **§ 2.3 Distribution of credit life insurance income.**

(a) Distribution of credit life insurance income by a national bank must be consistent with the requirements and principles of this section.

(b) It is an unsafe and unsound practice for any director, officer, employee, or principal shareholder of a national bank (including any entity in which this person owns an interest of more than ten percent), who is involved in the sale of credit life insurance to loan customers of the national bank, to take advantage of that business opportunity for personal profit. Recommendations to customers to buy insurance should be based on the benefits of the policy, not the commissions received from the sale.

(c) Except as provided in §§ 2.4 and 2.5(b), and paragraph (d) of this section, a director, officer, employee, or principal shareholder of a national bank, or an entity in which such person owns an interest of more than ten percent, may not retain commissions or other income from the sale of credit life insurance in connection with any loan made by that bank, and income from credit life insurance sales to loan customers must be credited to the income accounts of the bank.

(d) The requirements of paragraph (c) of this section do not apply to a director, officer, employee, or principal shareholder if:

(1) The person is employed by a third party that has contracted with the bank on an arm's-length basis to sell financial products on bank premises; and

(2) The person is not involved in the bank's credit decision process.

### **§ 2.4 Bonus and incentive plans.**

A bank employee or officer may participate in a bonus or incentive plan based on the sale of credit life insurance if payments to the employee or officer in any one year do not exceed the greater of:

(a) Five percent of the recipient's annual salary; or

(b) Five percent of the average salary of all loan officers participating in the plan.

### **§ 2.5 Bank compensation.**

(a) Nothing contained in this part prohibits a bank employee, officer, director, or principal shareholder who holds an insurance agent's license from agreeing to compensate the bank for the use of its premises, employees, or good will. However, the employee, officer, director, or principal shareholder shall turn over to the bank as compensation all income received from the sale of the credit life insurance to the bank's loan customers.

(b) Income derived from credit life insurance sales to loan customers may be credited to an affiliate operating under the Bank Holding Company Act of 1956, 12 U.S.C. 1841 *et seq.*, or to a trust for the benefit of all shareholders, provided that the bank receives reasonable compensation in recognition of the role played by its personnel, premises, and good will in credit life insurance sales. Reasonable compensation generally means an amount equivalent to at least 20 percent of the affiliate's net income attributable to the bank's credit life insurance sales.

APPENDIX B TO PART 3—RISK-BASED CAPITAL GUIDELINES; MARKET RISK ADJUSTMENT

APPENDIX C TO PART 3—CAPITAL ADEQUACY GUIDELINES FOR BANKS: INTERNAL-RATINGS-BASED AND ADVANCED MEASUREMENT APPROACHES

AUTHORITY: 12 U.S.C. 93a, 161, 1818, 1828(n), 1828 note, 1831n note, 1835, 3907, and 3909.

SOURCE: 50 FR 10216, Mar. 14, 1985, unless otherwise noted.

#### Subpart A—Authority and Definitions

##### § 3.1 Authority.

This part is issued under the authority of 12 U.S.C. 1 *et seq.*, 93a, 161, 1818, 3907 and 3909.

[59 FR 64563, Dec. 15, 1994]

##### § 3.2 Definitions.

For the purposes of this part:

(a) *Adjusted total assets* means the average total assets figure required to be computed for and stated in a bank's most recent quarterly *Consolidated Report of Condition and Income* (Call Report) minus end-of-quarter intangible assets, deferred tax assets, and credit-enhancing interest-only strips, that are

deducted from Tier 1 capital, and minus nonfinancial equity investments for which a Tier 1 capital deduction is required pursuant to section 2(c)(5) of appendix A of this part 3. The OCC reserves the right to require a bank to compute and maintain its capital ratios on the basis of actual, rather than average, total assets when necessary to carry out the purposes of this part.

(b) *Bank* means a national banking association.

(c) *Tier 1 capital* means *Tier 1 capital* as determined according to section 2 of appendix A of this part, including the deductions described therein.

(d) *Tier 2 capital* means *Tier 2 capital* as determined according to section 2 of appendix A of this part, including the limitations described therein.

(e) *Total capital* means *Total capital* as determined according to section 1(25) and section 2 of appendix A of this part, including the deductions described therein.

[55 FR 38800, Sept. 21, 1990, as amended at 60 FR 7907, Feb. 10, 1995; 67 FR 3795, Jan. 25, 2002; 73 FR 22236, Apr. 24, 2008]

##### § 3.3 Transitional rules.

Intangible assets, other than mortgage servicing rights, purchased prior to April 15, 1985, and accounted for in accordance with the instruction of the OCC, need not be deducted from Tier 1 capital until December 31, 1992. However, when combined with other qualifying intangible assets, these intangibles may not exceed 25 percent of Tier 1 capital. After December 31, 1992, only those intangible assets that meet the criteria contained in section 2(c)(2) of appendix A will not be deducted from Tier 1 capital.

[55 FR 38800, Sept. 21, 1990]

##### § 3.4 Reservation of authority.

(a) *Deductions from capital.* Notwithstanding the definitions of *Tier 1 capital* and *Tier 2 capital* in § 3.2 (c) and (d), the OCC may find that a newly developed or modified capital instrument constitutes *Tier 1 capital* or *Tier 2 capital*, and may permit one or more banks to include all or a portion of funds obtained through such capital instruments as Tier 1 or Tier 2 capital, permanently or on a temporary basis, for

the purposes of compliance with this part or for other purposes. Similarly, the OCC may find that a particular intangible asset, deferred tax asset or credit-enhancing interest-only strip need not be deducted from Tier 1 or Tier 2 capital. Conversely, the OCC may find that a particular intangible asset, deferred tax asset, credit-enhancing interest-only strip or other Tier 1 or Tier 2 capital component has characteristics or terms that diminish its contribution to a bank's ability to absorb losses, and may require the deduction from Tier 1 or Tier 2 capital of all of the component or of a greater portion of the component than is otherwise required.

(b) *Risk weight categories.* Notwithstanding the risk categories in sections 3 and 4 of appendix A to this part, the OCC will look to the substance of the transaction and may find that the assigned risk weight for any asset or the credit equivalent amount or credit conversion factor for any off-balance sheet item does not appropriately reflect the risks imposed on a bank and may require another risk weight, credit equivalent amount, or credit conversion factor that the OCC deems appropriate. Similarly, if no risk weight, credit equivalent amount, or credit conversion factor is specifically assigned, the OCC may assign any risk weight, credit equivalent amount, or credit conversion factor that the OCC deems appropriate. In making its determination, the OCC considers risks associated with the asset or off-balance sheet item as well as other relevant factors.

[55 FR 38800, Sept. 21, 1990, as amended at 66 FR 59630, Nov. 29, 2001]

### Subpart B—Minimum Capital Ratios

#### § 3.5 Applicability.

This subpart is applicable to all banks unless the Office determines, pursuant to the procedures set forth in subpart C, that different minimum capital ratios are appropriate for an individual bank based upon its particular circumstances, or unless different minimum capital ratios have been established or are established for an individual bank in a written agreement or

a temporary or final order pursuant to 12 U.S.C. 1818 (b) or (c), or as a condition for approval of an application.

#### § 3.6 Minimum capital ratios.

(a) *Risk-based capital ratio.* All national banks must have and maintain the minimum risk-based capital ratio as set forth in appendix A (and, for certain banks, in appendix B).

(b) *Total assets leverage ratio.* All national banks must have and maintain Tier 1 capital in an amount equal to at least 3.0 percent of adjusted total assets.

(c) *Additional leverage ratio requirement.* An institution operating at or near the level in paragraph (b) of this section should have well-diversified risks, including no undue interest rate risk exposure; excellent control systems; good earnings; high asset quality; high liquidity; and well managed on-and off-balance sheet activities; and in general be considered a strong banking organization, rated composite 1 under the Uniform Financial Institutions Rating System (CAMELS) rating system of banks. For all but the most highly-rated banks meeting the conditions set forth in this paragraph (c), the minimum Tier 1 leverage ratio is 4 percent. In all cases, banking institutions should hold capital commensurate with the level and nature of all risks.

[55 FR 38800, Sept. 21, 1990, as amended at 61 FR 47367, Sept. 6, 1996; 64 FR 10199, Mar. 2, 1999]

#### § 3.7 Plan to achieve minimum capital ratios.

Effective December 31, 1990, any bank having capital ratios less than the minimums required under § 3.6 (a) and (b) shall, within 60 days, submit to the OCC a plan describing the means and schedule by which the bank shall achieve the applicable minimum capital ratios. The plan may be considered acceptable unless the bank is notified to the contrary by the OCC. A bank in compliance with an acceptable plan to achieve the applicable minimum capital ratios will not be deemed to be in violation of § 3.6.

[55 FR 38800, Sept. 21, 1990]

### § 3.8

### 12 CFR Ch. I (1-1-09 Edition)

#### § 3.8 Reservation of authority.

When, in the opinion of the Office the circumstances so require, a bank may be authorized to have less than the minimum capital ratios in § 3.6 during a time period specified by the Office.

#### Subpart C—Establishment of Minimum Capital Ratios for an Individual Bank

#### § 3.9 Purpose and scope.

The rules and procedures specified in this subpart are applicable to a proceeding to establish required minimum capital ratios that would otherwise be applicable to a bank under § 3.6. The OCC is authorized under 12 U.S.C. 3907 (a)(2) to establish such minimum capital requirements for a bank as the OCC, in its discretion, deems appropriate in light of the particular circumstances at that bank. Proceedings under this subpart also may be initiated to require a bank having capital ratios above those set forth in § 3.6, or other legal authority to continue to maintain those higher ratios.

[55 FR 38800, Sept. 21, 1990]

#### § 3.10 Applicability.

The OCC may require higher minimum capital ratios for an individual bank in view of its circumstances. For example, higher capital ratios may be appropriate for:

- (a) A newly chartered bank;
- (b) A bank receiving special supervisory attention;
- (c) A bank that has, or is expected to have, losses resulting in capital inadequacy;
- (d) A bank with significant exposure due to the risks from concentrations of credit, certain risks arising from non-traditional activities, or management's overall inability to monitor and control financial and operating risks presented by concentrations of credit and nontraditional activities;
- (e) A bank with significant exposure to declines in the economic value of its capital due to changes in interest rates;
- (f) A bank with significant exposure due to fiduciary or operational risk;
- (g) A bank exposed to a high degree of asset depreciation, or a low level of

liquid assets in relation to short term liabilities;

(h) A bank exposed to a high volume or, or particularly severe, problem loans;

(i) A bank that is growing rapidly, either internally or through acquisitions; or

(j) A bank that may be adversely affected by the activities or condition of its holding company, affiliate(s), or other persons or institutions including chain banking organizations, with which it has significant business relationships.

[60 FR 39493, Aug. 2, 1995]

#### § 3.11 Standards for determination of appropriate individual minimum capital ratios.

The appropriate minimum capital ratios for an individual bank cannot be determined solely through the application of a rigid mathematical formula or wholly objective criteria. The decision is necessarily based in part on subjective judgment grounded in agency expertise. The factors to be considered in the determination will vary in each case and may include, for example:

- (a) The conditions or circumstances leading to the Office's determination that higher minimum capital ratios are appropriate or necessary for the bank;
- (b) The exigency of those circumstances or potential problems;
- (c) The overall condition, management strength, and future prospects of the bank and, if applicable, its holding company and/or affiliate(s);
- (d) The bank's liquidity, capital, risk asset and other ratios compared to the ratios of its peer group; and
- (e) The views of the bank's directors and senior management.

#### § 3.12 Procedures.

(a) *Notice.* When the OCC determines that minimum capital ratios above those set forth in § 3.6 or other legal authority are necessary or appropriate for a particular bank, the OCC will notify the bank in writing of the proposed minimum capital ratios and the date by which they should be reached (if applicable) and will provide an explanation of why the ratios proposed are considered necessary or appropriate for the bank.

(b) *Response.* (1) The bank may respond to any or all of the items in the notice. The response should include any matters which the bank would have the Office consider in deciding whether individual minimum capital ratios should be established for the bank, what those capital ratios should be, and, if applicable, when they should be achieved. The response must be in writing and delivered to the designated OCC official within 30 days after the date on which the bank received the notice. The Office may shorten the time period when, in the opinion of the Office, the condition of the bank so requires, provided that the bank is informed promptly of the new time period, or with the consent of the bank. In its discretion, the Office may extend the time period for good cause.

(2) Failure to respond within 30 days or such other time period as may be specified by the Office shall constitute a waiver of any objections to the proposed minimum capital ratios or the deadline for their achievement.

(c) *Decision.* After the close of the bank's response period, the Office will decide, based on a review of the bank's response and other information concerning the bank, whether individual minimum capital ratios should be established for the bank and, if so, the ratios and the date the requirements will become effective. The bank will be notified of the decision in writing. The notice will include an explanation of the decision, except for a decision not to establish individual minimum capital requirements for the bank.

(d) *Submission of plan.* The decision may require the bank to develop and submit to the Office, within a time period specified, an acceptable plan to reach the minimum capital ratios established for the bank by the date required.

(e) *Change in circumstances.* If, after the Office's decision in paragraph (c) of this section, there is a change in the circumstances affecting the bank's capital adequacy or its ability to reach the required minimum capital ratios by the specified date, either the bank or the Office may propose to the other a change in the minimum capital ratios for the bank, the date when the minimums must be achieved, or the

bank's plan (if applicable). The Office may decline to consider proposals that are not based on a significant change in circumstances or are repetitive or frivolous. Pending a decision on reconsideration, the Office's original decision and any plan required under that decision shall continue in full force and effect.

[50 FR 10216, Mar. 14, 1985, as amended at 55 FR 38800, Sept. 21, 1990]

### § 3.13 Relation to other actions.

In lieu of, or in addition to, the procedures in this subpart, the required minimum capital ratios for a bank may be established or revised through a written agreement or cease and desist proceedings under 12 U.S.C. 1818 (b) or (c) (12 CFR 19.0 through 19.21), or as a condition for approval of an application.

## Subpart D—Enforcement

### § 3.14 Remedies.

A bank that does not have or maintain the minimum capital ratios applicable to it, whether required in subpart B of this part, in a decision pursuant to subpart C of this part, in a written agreement or temporary or final order under 12 U.S.C. 1818 (b) or (c), or in a condition for approval of an application, or a bank that has failed to submit or comply with an acceptable plan to attain those ratios, will be subject to such administrative action or sanctions as the OCC considers appropriate. These sanctions may include the issuance of a Directive pursuant to subpart E of this part or other enforcement action, assessment of civil money penalties, and/or the denial, conditioning, or revocation of applications. A national bank's failure to achieve or maintain minimum capital ratios in § 3.6 (a) or (b) may also be the basis for an action by the Federal Deposit Insurance Corporation to terminate federal deposit insurance. See 12 CFR 325.4.

**Subpart E—Issuance of a Directive****§ 3.15 Purpose and scope.**

This subpart is applicable to proceedings by the Office to issue a directive under 12 U.S.C. 3907(b)(2). A directive is an order issued to a bank that does not have or maintain capital at or above the minimum ratios set forth in § 3.6, or established for the bank under subpart C, by a written agreement under 12 U.S.C. 1818(b), or as a condition for approval of an application. A directive may order the bank to:

- (a) Achieve the minimum capital ratios applicable to it by a specified date;
- (b) Adhere to a previously submitted plan to achieve the applicable capital ratios;
- (c) Submit and adhere to a plan acceptable to the Office describing the means and time schedule by which the bank shall achieve the applicable capital ratios;
- (d) Take other action, such as reduction of assets or the rate of growth of assets, or restrictions on the payment of dividends, to achieve the applicable capital ratios; or
- (e) A combination of any of these or similar actions.

A directive issued under this rule, including a plan submitted under a directive, is enforceable in the same manner and to the same extent as an effective and outstanding cease and desist order which has become final as defined in 12 U.S.C. 1818(k). Violation of a directive may result in assessment of civil money penalties in accordance with 12 U.S.C. 3909(d).

**§ 3.16 Notice of intent to issue a directive.**

The Office will notify a bank in writing of its intention to issue a directive. The notice will state:

- (a) Reasons for issuance of the directive; and
- (b) The proposed contents of the directive.

**§ 3.17 Response to notice.**

(a) A bank may respond to the notice by stating why a directive should not be issued and/or by proposing alternative contents for the directive. The response should include any matters which the bank would have the Office

consider in deciding whether to issue a directive and/or what the contents of the directive should be. The response may include a plan for achieving the minimum capital ratios applicable to the bank. The response must be in writing and delivered to the designated OCC official within 30 days after the date on which the bank received the notice. The Office may shorten the 30-day time period:

(1) When, in the opinion of the Office, the condition of the bank so requires, provided that the bank shall be informed promptly of the new time period;

(2) With the consent of the bank; or

(3) When the bank already has advised the Office that it cannot or will not achieve its applicable minimum capital ratios. In its discretion, the Office may extend the time period for good cause.

(b) Failure to respond within 30 days or such other time period as may be specified by the Office shall constitute a waiver of any objections to the proposed directive.

**§ 3.18 Decision.**

After the closing date of the bank's response period, or receipt of the bank's response, if earlier, the Office will consider the bank's response, and may seek additional information or clarification of the response. Thereafter, the Office will determine whether or not to issue a directive, and if one is to be issued, whether it should be as originally proposed or in modified form.

**§ 3.19 Issuance of a directive.**

(a) A directive will be served by delivery to the bank. It will include or be accompanied by a statement of reasons for its issuance.

(b) A directive is effective immediately upon its receipt by the bank, or upon such later date as may be specified therein, and shall remain effective and enforceable until it is stayed, modified, or terminated by the Office.

**§ 3.20 Change in circumstances.**

Upon a change in circumstances, a bank may request the Office to reconsider the terms of its directive or may propose changes in the plan to achieve

the bank's applicable minimum capital ratios. The Office also may take such action on its own motion. The Office may decline to consider requests or proposals that are not based on a significant change in circumstances or are repetitive or frivolous. Pending a decision on reconsideration, the directive and plan shall continue in full force and effect.

**§ 3.21 Relation to other administrative actions.**

A directive may be issued in addition to, or in lieu of, any other action authorized by law, including cease and desist proceedings, civil money penalties, or the conditioning or denial of applications. The Office also may, in its discretion, take any action authorized by law, in lieu of a directive, in response to a bank's failure to achieve or maintain the applicable minimum capital ratios.

INTERPRETATIONS

**§ 3.100 Capital and surplus.**

For purposes of determining statutory limits that are based on the amount of bank's *capital* and/or *surplus*, the provisions of this section are to be used, rather than the definitions of capital contained in § 3.2.

(a) *Capital*. The term *capital* as used in provisions of law relating to the capital of national banking associations shall include the amount of common stock outstanding and unimpaired plus the amount of perpetual preferred stock outstanding and unimpaired.

(b) *Capital Stock*. The term *capital stock* as used in provisions of law relating to the capital stock of national banking associations, other than 12 U.S.C. 101, 177 and 178, shall have the same meaning as the term *capital* set forth in paragraph (a) of this section.

(c) *Surplus*. The term *surplus* as used in provisions of law relating to the surplus of national banking associations means the sum of paragraphs (c) (1), (2), (3) and (4) of this section:

(1) Capital surplus; undivided profits; reserves for contingencies and other capital reserves (excluding accrued dividends on perpetual and limited life preferred stock); net worth certificates issued pursuant to 12 U.S.C. 1823(i); mi-

nority interests in consolidated subsidiaries; and allowances for loan and lease losses; minus intangible assets;

(2) Mortgage servicing assets;

(3) Mandatory convertible debt to the extent of 20% of the sum of paragraphs (a) and (c) (1) and (2) of this section;

(4) Other mandatory convertible debt, limited life preferred stock and subordinated notes and debentures to the extent set forth in paragraph (f)(2) of this section.

(d) *Unimpaired Surplus Fund*. The term *unimpaired surplus fund* as used in provisions of law relating to the unimpaired surplus fund of national banking associations shall have the same meaning as the term *surplus* set forth in paragraph (c) of this section.

(e) *Definitions*. (1) *Allowance for loan and lease losses* means the balance of the valuation reserve on December 31, 1968, plus additions to the reserve charged to operations since that date, less losses charged against the allowance net of recoveries.

(2) *Capital surplus* means the total of those accounts reflecting:

(i) Amounts paid in in excess of the par or stated value of capital stock;

(ii) Amounts contributed to the bank other than for capital stock;

(iii) amounts transferred from undivided profits pursuant to 12 U.S.C. 60; and

(iv) Other amounts transferred from undivided profits.

(3) *Intangible assets* means those purchased assets that are to be reported as intangible assets in accordance with the *Instructions—Consolidated Reports of Condition and Income* (Call Report).

(4) *Limited Life preferred stock* means preferred stock which has a maturity or which may be redeemed at the option of the holder.

(5) *Mandatory convertible debt* means subordinated debt instruments which unqualifiedly require the issuer to exchange either common or perpetual preferred stock for such instruments by a date at or before the maturity of the instrument. The maturity of these instruments must be 12 years or less. In addition, the instrument must meet the requirements of paragraphs (f)(1)(i) through (v) of this section for subordinated notes and debentures or other requirements published by the OCC.

(6) *Minority interest in consolidated subsidiaries* means the portion of equity capital accounts of all consolidated subsidiaries of the bank that is allocated to minority shareholders of such subsidiaries.

(7) *Mortgage servicing assets* means the bank-owned rights to service for a fee mortgage loans that are owned by others.

(8) *Perpetual preferred stock* means preferred stock that does not have a stated maturity date and cannot be redeemed at the option of the holder.

(f) *Requirements and restrictions: Limited life preferred stock, mandatory convertible debt, and other subordinated debt*—(1) *Requirements.* Issues of limited life preferred stock and subordinated notes and debentures (except mandatory convertible debt) shall have original weighted average maturities of at least five years to be included in the definition of *surplus*. In addition, a subordinated note or debenture must also:

(i) Be subordinated to the claims of depositors;

(ii) State on the instrument that it is not a deposit and is not insured by the FDIC;

(iii) Be unsecured;

(iv) Be ineligible as collateral for a loan by the issuing bank;

(v) Provide that once any scheduled payments of principal begin, all scheduled payments shall be made at least annually and the amount repaid in each year shall be no less than in the prior year; and

(vi) Provide that no prepayment (including payment pursuant to an acceleration clause or redemption prior to maturity) shall be made without prior OCC approval unless the bank remains an eligible bank, as defined in 12 CFR 5.3(g), after the prepayment.

(2) *Restrictions.* The total amount of mandatory convertible debt not included in paragraph (c)(3) of this section, limited life preferred stock, and subordinated notes and debentures considered as surplus is limited to 50 percent of the sum of paragraphs (a) and (c) (1), (2) and (3) of this section.

(3) *Reservation of authority.* The OCC expressly reserves the authority to waive the requirements and restrictions set forth in paragraphs (f) (1) and (2) of this section, in order to allow the

inclusion of other limited life preferred stock, mandatory convertible notes and subordinated notes and debentures in the capital base of any national bank for capital adequacy purposes or for purposes of determining statutory limits. The OCC further expressly reserves the authority to impose more stringent conditions than those set forth in paragraphs (f) (1) and (2) of this section to exclude any component of Tier 1 or Tier 2 capital, in whole or in part, as part of a national bank's capital and surplus for any purpose.

(g) *Transitional rules.* (1) Equity commitment notes approved by the OCC as capital and issued prior to April 15, 1985, may continue to be included in paragraph (c)(3) of this section. All other instruments approved by the OCC as capital and issued prior to April 15, 1985, are to be included in paragraph (c)(4) of this section.

(2) Intangible assets (other than mortgage servicing assets) purchased prior to April 15, 1985, and accounted for in accordance with OCC instructions, may continue to be included as surplus up to 25% of the sum of paragraphs (a) and (c)(1) of this section.

#### APPENDIX A TO PART 3—RISK-BASED CAPITAL GUIDELINES

##### *Section 1. Purpose, Applicability of Guidelines, and Definitions.*

(a) *Purpose.* (1) An important function of the Office of the Comptroller of the Currency (OCC) is to evaluate the adequacy of capital maintained by each national bank. Such an evaluation involves the consideration of numerous factors, including the riskiness of a bank's assets and off-balance sheet items. This appendix A implements the OCC's risk-based capital guidelines. The risk-based capital ratio derived from those guidelines is more systematically sensitive to the credit risk associated with various bank activities than is a capital ratio based strictly on a bank's total balance sheet assets. A bank's risk-based capital ratio is obtained by dividing its capital base (as defined in section 2 of this appendix A) by its risk-weighted assets (as calculated pursuant to section 3 of this appendix A). These guidelines were created

within the framework established by the report issued by the Committee on Banking Regulations and Supervisory Practices in July 1988. The OCC believes that the risk-based capital ratio is a useful tool in evaluating the capital adequacy of all national banks, not just those that are active in the international banking system.

(2) The purpose of this appendix A is to explain precisely (i) how a national bank's risk-based capital ratio is determined and (ii) how these risk-based capital guidelines are applied to national banks. The OCC will review these guidelines periodically for possible adjustments commensurate with its experience with the risk-based capital ratio and with changes in the economy, financial markets and domestic and international banking practices.

(b) *Applicability.* (1) The risk-based capital ratio derived from these guidelines is an important factor in the OCC's evaluation of a bank's capital adequacy. However, since this measure addresses only credit risk, the 8% minimum ratio should not be viewed as the level to be targeted, but rather as a floor. The final supervisory judgment on a bank's capital adequacy is based on an individualized assessment of numerous factors, including those listed in 12 CFR 3.10. With respect to the consideration of these factors, the OCC will give particular attention to any bank with significant exposure to declines in the economic value of its capital due to changes in interest rates. As a result, it may differ from the conclusion drawn from an isolated comparison of a bank's risk-based capital ratio to the 8% minimum specified in these guidelines. In addition to the standards established by these risk-based capital guidelines, all national banks must maintain a minimum capital-to-total assets ratio in accordance with the provisions of 12 CFR part 3.

(2) Effective December 31, 1990, these risk-based capital guidelines will apply to all national banks. In the interim, banks must maintain minimum capital-to-total assets ratios as required by 12 CFR part 3, and should begin preparing for the implementation of these risk-based capital guidelines. In this regard, each national bank that does not currently meet the final minimum ratio established in section 4(b)(1) of this appendix A should begin planning for achieving that standard.

(3) These risk-based capital guidelines will not be applied to federal branches and agencies of foreign banks.

(c) *Definitions.* For purposes of this appendix A, the following definitions apply:

(1) *Adjusted carrying value* means, for purposes of section 2(c)(5) of this appendix A, the aggregate value that investments are carried on the balance sheet of the bank reduced by any unrealized gains on the investments that are reflected in such carrying

value but excluded from the bank's Tier 1 capital and reduced by any associated deferred tax liabilities. For example, for investments held as available-for-sale (AFS), the adjusted carrying value of the investments would be the aggregate carrying value of the investments (as reflected on the consolidated balance sheet of the bank) less any unrealized gains on those investments that are included in other comprehensive income and that are not reflected in Tier 1 capital, and less any associated deferred tax liabilities. Unrealized losses on AFS nonfinancial equity investments must be deducted from Tier 1 capital in accordance with section 1(c)(8) of this appendix A. The treatment of small business investment companies that are consolidated for accounting purposes under generally accepted accounting principles is discussed in section 2(c)(5)(ii) of this appendix A. For investments in a non-financial company that is consolidated for accounting purposes, the bank's adjusted carrying value of the investment is determined under the equity method of accounting (net of any intangibles associated with the investment that are deducted from the bank's Tier 1 capital in accordance with section 2(c)(2) of this appendix A). Even though the assets of the nonfinancial company are consolidated for accounting purposes, these assets (as well as the credit equivalent amounts of the company's off-balance sheet items) are excluded from the bank's risk-weighted assets.

(2) *Allowances for loan and lease losses* means the balance of the valuation reserve on December 31, 1968, plus additions to the reserve charged to operations since that date, less losses charged against the allowance net of recoveries.

(3) *Asset-backed commercial paper program* means a program that primarily issues externally rated commercial paper backed by assets or other exposures held in a bankruptcy-remote, special-purpose entity.

(4) *Asset-backed commercial paper sponsor* means a bank that:

(i) Establishes an asset-backed commercial paper program;

(ii) Approves the sellers permitted to participate in an asset-backed commercial paper program;

(iii) Approves the asset pools to be purchased by an asset-backed commercial paper program; or

(iv) Administers the asset-backed commercial paper program by monitoring the assets, arranging for debt placement, compiling monthly reports, or ensuring compliance with the program documents and with the program's credit and investment policy.

(5) *Associated company* means any corporation, partnership, business trust, joint venture, association or similar organization in which a national bank directly or indirectly holds a 20 to 50 percent ownership interest.

(6) *Banking and finance subsidiary* means any subsidiary of a national bank that engages in banking- and finance-related activities.

(7) *Cash items in the process of collection* means checks or drafts in the process of collection that are drawn on another depository institution, including a central bank, and that are payable immediately upon presentation in the country in which the reporting bank's office that is clearing or collecting the check or draft is located; U.S. Government checks that are drawn on the United States Treasury or any other U.S. Government or Government-sponsored agency and that are payable immediately upon presentation; broker's security drafts and commodity or bill-of-lading drafts payable immediately upon presentation in the United States or the country in which the reporting bank's office that is handling the drafts is located; and unposted debits.

(8) *Central government* means the national governing authority of a country; it includes the departments, ministries and agencies of the central government and the central bank. The U.S. Central Bank includes the 12 Federal Reserve Banks. The definition of central government does not include the following: State, provincial, or local governments; commercial enterprises owned by the central government, which are entities engaged in activities involving trade, commerce, or profit that are generally conducted or performed in the private sector of the United States economy; and non-central government entities whose obligations are guaranteed by the central government.

(9) *Commitment* means any arrangement that obligates a national bank to: (i) Purchase loans or securities; or (ii) extend credit in the form of loans or leases, participations in loans or leases, overdraft facilities, revolving credit facilities, home equity lines of credit, liquidity facilities, or similar transactions.

(10) *Common stockholders' equity* means common stock, common stock surplus, undivided profits, capital reserves, and adjustments for the cumulative effect of foreign currency translation, less net unrealized holding losses on available-for-sale equity securities with readily determinable fair values.

(11) *Conditional guarantee* means a contingent obligation of the United States Government or its agencies, or the central government of an OECD country, the validity of which to the beneficiary is dependent upon some affirmative action—*e.g.*, servicing requirements—on the part of the beneficiary of the guarantee or a third party.

(12) *Deferred tax assets* means the tax consequences attributable to tax carryforwards and deductible temporary differences. Tax carryforwards are deductions or credits that cannot be used for tax purposes during the

current period, but can be carried forward to reduce taxable income or taxes payable in a future period or periods. Temporary differences are financial events or transactions that are recognized in one period for financial statement purposes, but are recognized in another period or periods for income tax purposes. Deductible temporary differences are temporary differences that result in a reduction of taxable income in a future period or periods.

(13) *Derivative contract* means generally a financial contract whose value is derived from the values of one or more underlying assets, reference rates or indexes of asset values. Derivative contracts include interest rate, foreign exchange rate, equity, precious metals and commodity contracts, or any other instrument that poses similar credit risks.

(14) *Depository institution* means a financial institution that engages in the business of banking; that is recognized as a bank by the bank supervisory or monetary authorities of the country of its incorporation and the country of its principal banking operations; that receives deposits to a substantial extent in the regular course of business; and that has the power to accept demand deposits. In the U.S., this definition encompasses all federally insured offices of commercial banks, mutual and stock savings banks, savings or building and loan associations (stock and mutual), cooperative banks, credit unions, and international banking facilities of domestic depository institution. Bank holding companies are excluded from this definition. For the purposes of assigning risk weights, the differentiation between OECD depository institutions and non-OECD depository institutions is based on the country of incorporation. Claims on branches and agencies of foreign banks located in the United States are to be categorized on the basis of the parent bank's country of incorporation.

(15) *Equity investment* means, for purposes of section 1(c)(19) and section 2(c)(5) of this appendix A, any equity instrument including warrants and call options that give the holder the right to purchase an equity instrument, any equity feature of a debt instrument (such as a warrant or call option), and any debt instrument that is convertible into equity. An investment in any other instrument, including subordinated debt or other types of debt instruments, may be treated as an equity investment if the OCC determines that the instrument is the functional equivalent of equity or exposes the bank to essentially the same risks as an equity instrument.

(16) *Exchange rate contracts* include: Cross-currency interest rate swaps; forward foreign exchange rate contracts; currency options purchased; and any similar instrument that, in the opinion of the OCC, gives rise to similar risks.

(17) *Goodwill* means an intangible asset that represents the excess of the purchase price over the fair market value of tangible and identifiable intangible assets acquired in purchases accounted for under the purchase method of accounting.

(18) *Intangible assets* include mortgage and non-mortgage servicing assets (but exclude any interest only (IO) strips receivable related to these mortgage and nonmortgage servicing assets), purchased credit card relationships, goodwill, favorable leaseholds, and core deposit value.

(19) *Interest rate contracts* include: Single currency interest rate swaps; basis swaps; forward rate agreements; interest rate options purchased; forward deposits accepted; and any similar instrument that, in the opinion of the OCC, gives rise to similar risks, including when-issued securities.

(20) *Liquidity facility* means a legally binding commitment to provide liquidity to various types of transactions, structures or programs. A liquidity facility that supports asset-backed commercial paper, in any amount, by lending to, or purchasing assets from any structure, program, or conduit constitutes an *asset-backed commercial paper liquidity facility*.

(21) *Multifamily residential property* means any residential property consisting of five or more dwelling units including apartment buildings, condominiums, cooperatives, and other similar structures primarily for residential use, but not including hospitals, nursing homes, or other similar facilities.

(22) *Nationally recognized statistical rating organization (NRSRO)* means an entity recognized by the Division of Market Regulation of the Securities and Exchange Commission (or any successor Division) (Commission or SEC) as a nationally recognized statistical rating organization for various purposes, including the Commission's uniform net capital requirements for brokers and dealers.

(23) *Nonfinancial equity investment* means any equity investment held by a bank in a nonfinancial company through a small business investment company (SBIC) under section 302(b) of the Small Business Investment Act of 1958 (15 U.S.C. 682(b)) or under the portfolio investment provisions of Regulation K (12 CFR 211.8(c)(3)). An equity investment made under section 302(b) of the Small Business Investment Act of 1958 in a SBIC that is not consolidated with the bank is treated as a nonfinancial equity investment in the manner provided in section 2(c)(5)(ii)(C) of this appendix A. A nonfinancial company is an entity that engages in any activity that has not been determined to be permissible for a bank to conduct directly or to be financial in nature or incidental to the financial activities under section 4(k) of the Bank Holding Company Act (12 U.S.C. 1843(k)).

(24) The *OECD-based group of countries* comprises all full members of the Organization for Economic Cooperation and Development (OECD) regardless of entry date, as well as countries that have concluded special lending arrangements with the International Monetary Fund (IMF) associated with the IMF's General Arrangements to Borrow,<sup>1</sup> but excludes any country that has rescheduled its external sovereign debt within the previous five years. These countries are herein-after referred to as *OECD countries*. A rescheduling of external sovereign debt generally would include any renegotiation of terms arising from a country's inability or unwillingness to meet its external debt service obligations, but generally would not include renegotiations of debt in the normal course of business, such as a renegotiation to allow the borrower to take advantage of a decline in interest rates or other change in market conditions.

(25) *Original maturity* means, with respect to a commitment, the earliest possible date after a commitment is made on which the commitment is scheduled to expire (*i.e.*, it will reach its stated maturity and cease to be binding on either party), *provided that* either:

(i) The commitment is not subject to extension or renewal and will actually expire on its stated expiration date; or

(ii) If the commitment is subject to extension or renewal beyond its stated expiration date, the stated expiration date will be deemed the original maturity only if the extension or renewal must be based upon terms and conditions independently negotiated in good faith with the customer at the time of the extension or renewal and upon a new, *bona fide* credit analysis utilizing current information on financial condition and trends.

(26) *Preferred stock* includes the following instruments: (i) *Convertible preferred stock*, which means preferred stock that is mandatorily convertible into either common or perpetual preferred stock; (ii) *Intermediate-term preferred stock*, which means preferred stock with an original maturity of at least five years, but less than 20 years; (iii) *Long-term preferred stock*, which means preferred stock with an original maturity of 20 years or more; and (iv) *Perpetual preferred stock*, which means preferred stock without a

<sup>1</sup>As of November 1995, the OECD included the following countries: Australia, Austria, Belgium, Canada, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Japan, Luxembourg, Mexico, the Netherlands, New Zealand, Norway, Portugal, Spain, Sweden, Switzerland, Turkey, the United Kingdom, and the United States; and Saudi Arabia had concluded special lending arrangements with the IMF associated with the IMF's General Arrangements to Borrow.

fixed maturity date that cannot be redeemed at the option of the holder, and that has no other provisions that will require future redemption of the issue. For purposes of these instruments, preferred stock that can be redeemed at the option of the holder is deemed to have an *original maturity* of the earliest possible date on which it may be so redeemed.

(27) *Public-sector entities* include states, local authorities and governmental subdivisions below the central government level in an OECD country. In the United States, this definition encompasses a state, county, city, town, or other municipal corporation, a public authority, and generally any publicly-owned entity that is an instrumentality of a state or municipal corporation. This definition does not include commercial companies owned by the public sector.<sup>1a</sup>

(28) *Reciprocal holdings of bank capital instruments* means cross-holdings or other formal or informal arrangements in which two or more banking organizations swap, exchange, or otherwise agree to hold each other's capital instruments. This definition does not include holdings of capital instruments issued by other banking organizations that were taken in satisfaction of debts previously contracted, provided that the reporting national bank has not held such instruments for more than five years or a longer period approved by the OCC.

(29) *Replacement cost* means, with respect to interest rate and exchange rate contracts, the loss that would be incurred in the event of a counterparty default, as measured by the net cost of replacing the contract at the current market value. If default would result in a theoretical profit, the replacement value is considered to be zero. The mark-to-market process should incorporate changes in both interest rates and counterparty credit quality.

(30) *Residential properties* means houses, condominiums, cooperative units, and manufactured homes. This definition does not include boats or motor homes, even if used as a primary residence.

(31) *Risk-weighted assets* means the sum of total risk-weighted balance sheet assets and the total of risk-weighted off-balance sheet credit equivalent amounts. Risk-weighted balance sheet and off-balance sheet assets are calculated in accordance with section 3 of this appendix A.

(32) *State* means any one of the several states of the United States of America, the District of Columbia, Puerto Rico, and the territories and possessions of the United States.

<sup>1a</sup> See Definition (5), *Central government*, for further explanation of commercial companies owned by the public sector.

(33) *Subsidiary* means any corporation, partnership, business trust, joint venture, association or similar organization in which a national bank directly or indirectly holds more than a 50% ownership interest. This definition does not include ownership interests that were taken in satisfaction of debts previously contracted, provided that the reporting bank has not held the interest for more than five years or a longer period approved by the OCC.

(34) *Total capital* means the sum of a national bank's core (Tier 1) and qualifying supplementary (Tier 2) capital elements.

(35) *Unconditionally cancelable* means, with respect to a commitment-type lending arrangement, that the bank may, at any time, with or without cause, refuse to advance funds or extend credit under the facility. In the case of home equity lines of credit, the bank is deemed able to unconditionally cancel the commitment if it can, at its option, prohibit additional extensions of credit, reduce the line, and terminate the commitment to the full extent permitted by relevant Federal law.

(36) *United States Government or its agencies* means an instrumentality of the U.S. Government whose debt obligations are fully and explicitly guaranteed as to the timely payment of principal and interest by the full faith and credit of the United States Government.

(37) *United States Government-sponsored agency* means an agency originally established or chartered to serve public purposes specified by the United States Congress, but whose obligations are not explicitly guaranteed by the full faith and credit of the United States Government.

(38) *Walkaway clause* means a provision in a bilateral netting contract that permits a nondefaulting counterparty to make a lower payment than it would make otherwise under the bilateral netting contract, or no payment at all, to a defaulter or the estate of a defaulter, even if the defaulter or the estate of the defaulter is a net creditor under the bilateral netting contract.

#### *Section 2. Components of Capital.*

A national bank's qualifying capital base consists of two types of capital—core (Tier 1) and supplementary (Tier 2).

(a) *Tier 1 Capital.* The following elements comprise a national bank's Tier 1 capital:

- (1) Common stockholders' equity;
- (2) Noncumulative perpetual preferred stock and related surplus; and<sup>2</sup>

<sup>2</sup> Preferred stock issues where the dividend is reset periodically based upon current market conditions and the bank's current credit rating, including but not limited to, auction rate, money market or remarketable preferred stock, are assigned to Tier 2 capital,

(3) Minority interests in the equity accounts of consolidated subsidiaries, except that the following are not included in Tier 1 capital or total capital:

(i) Minority interests in a small business investment company or investment fund that holds nonfinancial equity investments and minority interests in a subsidiary that is engaged in a nonfinancial activities and is held under one of the legal authorities listed in section 1(c)(23) of this appendix A.

(ii) Minority interests in consolidated asset-backed commercial paper programs sponsored by a bank if the consolidated assets are excluded from risk-weighted assets pursuant to section 3(a)(5)(i) of this appendix A.

(b) *Tier 2 Capital.* The following elements comprise a national bank's Tier 2 capital:

(1) Allowance for loan and lease losses, up to a maximum of 1.25% of risk-weighted assets,<sup>3</sup> subject to the transition rules in section 4(a)(2) of this appendix A;

(2) Cumulative perpetual preferred stock, long-term preferred stock, convertible preferred stock, and any related surplus, without limit, if the issuing national bank has the option to defer payment of dividends on these instruments. For long-term preferred stock, the amount that is eligible to be included as Tier 2 capital is reduced by 20% of the original amount of the instrument (net of redemptions) at the beginning of each of the last five years of the life of the instrument;

(3) Hybrid capital instruments, without limit. Hybrid capital instruments are those instruments that combine certain characteristics of debt and equity, such as perpetual debt. To be included as Tier 2 capital, these instruments must meet the following criteria:<sup>4</sup>

regardless of whether the dividends are cumulative or noncumulative.

<sup>3</sup>The amount of the allowance for loan and lease losses that may be included in capital is based on a percentage of risk-weighted assets. The gross sum of risk-weighted assets used in this calculation includes all risk-weighted assets, with the exception of the assets required to be deducted under section 3 in establishing risk-weighted assets (*i.e.*, the assets required to be deducted from capital under section 2(c)) of this appendix. A banking organization may deduct reserves for loan and lease losses in excess of the amount permitted to be included as capital, as well as allocated transfer risk reserves and reserves held against other real estate owned, from the gross sum of risk-weighted assets in computing the denominator of the risk-based capital ratio.

<sup>4</sup>Mandatory convertible debt instruments that meet the requirements of 12 CFR 3.100(e)(5), or that have been previously ap-

(i) The instrument must be unsecured, subordinated to the claims of depositors and general creditors, and fully paid-up;

(ii) The instrument must not be redeemable at the option of the holder prior to maturity, except with the prior approval of the OCC;

(iii) The instrument must be available to participate in losses while the issuer is operating as a going concern (in this regard, the instrument must automatically convert to common stock or perpetual preferred stock, if the sum of the retained earnings and capital surplus accounts of the issuer shows a negative balance); and

(iv) The instrument must provide the option for the issuer to defer principal and interest payments, if

(A) The issuer does not report a net profit for the most recent combined four quarters, and

(B) The issuer eliminates cash dividends on its common and preferred stock.

(4) Term subordinated debt instruments, and intermediate-term preferred stock and related surplus are included in Tier 2 capital, but only to a maximum of 50% of Tier 1 capital as calculated after deductions pursuant to section 2(c) of this appendix. To be considered capital, term subordinated debt instruments shall meet the requirements of §3.100(f)(1). However, pursuant to 12 CFR 5.47, the OCC may, in some cases, require that the subordinated debt be approved by the OCC before the subordinated debt may qualify as Tier 2 capital or may require prior approval for any prepayment (including payment pursuant to an acceleration clause or redemption prior to maturity) of the subordinated debt. Also, at the beginning of each of the last five years for the life of either type of instrument, the amount that is eligible to be included as Tier 2 capital is reduced by 20% of the original amount of that instrument (net of redemptions).

(5) Up to 45 percent of the pretax net unrealized holding gains (that is, the excess, if any, of the fair value over historical cost) on available-for-sale equity securities with readily determinable fair values.<sup>5</sup> Unrealized gains (losses) on other types of assets, such as bank premises and available-for-sale debt securities, are not included in Tier 2 capital, but the OCC may take these unrealized gains (losses) into account as additional factors when assessing a bank's overall capital adequacy.

proved as capital by the OCC, are treated as qualifying hybrid capital instruments.

<sup>5</sup>The OCC reserves the authority to exclude all or a portion of unrealized gains from Tier 2 capital if the OCC determines that the equity securities are not prudently valued.

(c) *Deductions from Capital.* The following items are deducted from the appropriate portion of a national bank's capital base when calculating its risk-based capital ratio:

(1) *Deductions from Tier 1 Capital.* The following items are deducted from Tier 1 capital before the Tier 2 portion of the calculation is made:

(i) Goodwill;

(ii) Other intangible assets, except as provided in section 2(c)(2) of this appendix A;

(iii) Deferred tax assets, except as provided in section 2(c)(3) of this appendix A, that are dependent upon future taxable income, which exceed the lesser of either:

(A) The amount of deferred tax assets that the bank could reasonably expect to realize within one year of the quarter-end Call Report, based on its estimate of future taxable income for that year; or

(B) 10% of Tier 1 capital, net of goodwill and all intangible assets other than purchased credit card relationships, mortgage servicing assets and non-mortgage servicing assets; and

(iv) Credit-enhancing interest-only strips (as defined in section 4(a)(3) of this appendix A), as provided in section 2(c)(4).

(v) Nonfinancial equity investments as provided by section 2(c)(5) of this appendix A.

(2) *Qualifying intangible assets.* Subject to the following conditions, mortgage servicing assets, nonmortgage servicing assets<sup>6</sup> and purchased credit card relationships need not be deducted from Tier 1 capital:

(i) The total of all intangible assets that are included in Tier 1 capital is limited to 100 percent of Tier 1 capital, of which no more than 25 percent of Tier 1 capital can consist of purchased credit card relationships and non-mortgage servicing assets in the aggregate. Calculation of these limitations must be based on Tier 1 capital net of goodwill and all other identifiable intangibles, other than purchased credit card relationships, mortgage servicing assets and non-mortgage servicing assets.

(ii) Banks must value each intangible asset included in Tier 1 capital at least quarterly at the lesser of:

(A) 90 percent of the fair value of each intangible asset, determined in accordance with section 2(c)(2)(iii) of this appendix A; or

(B) 100 percent of the remaining unamortized book value.

(iii) The quarterly determination of the current fair value of the intangible asset must include adjustments for any significant changes in original valuation assumptions, including changes in prepayment estimates.

(iv) Banks may elect to deduct disallowed servicing assets on a basis that is net of any associated deferred tax liability. Deferred tax liabilities netted in this manner cannot also be netted against deferred tax assets when determining the amount of deferred tax assets that are dependent upon future taxable income.

(3) *Deferred tax assets*—(i) Net unrealized gains and losses on available-for-sale securities. Before calculating the amount of deferred tax assets subject to the limit in section 2(c)(1)(iii) of this appendix A, a bank may eliminate the deferred tax effects of any net unrealized holding gains and losses on available-for-sale debt securities. Banks report these net unrealized holding gains and losses in their Call Reports as a separate component of equity capital, but exclude them from the definition of common stockholders' equity for regulatory capital purposes. A bank that adopts a policy to deduct these amounts must apply that approach consistently in all future calculations of the amount of disallowed deferred tax assets under section 2(c)(1)(iii) of this appendix A.

(ii) *Consolidated groups.* The amount of deferred tax assets that a bank can realize from taxes paid in prior carryback years and from reversals of existing taxable temporary differences generally would not be deducted from capital. However, for a bank that is a member of a consolidated group (for tax purposes), the amount of carryback potential a bank may consider in calculating the limit on deferred tax assets under section 2(c)(1)(iii) of this appendix A, may not exceed the amount that the bank could reasonably expect to have refunded by its parent holding company.

(iii) *Nontaxable Purchase Business Combination.* In calculating the amount of net deferred tax assets under section 2(c)(1)(iii) of this appendix A, a deferred tax liability that is specifically associated with an intangible asset (other than purchased mortgage servicing rights and purchased credit card relationships) due to a nontaxable purchase business combination may be netted against that intangible asset. Only the net amount of the intangible asset must be deducted from Tier 1 capital. Deferred tax liabilities netted in this manner cannot also be netted against deferred tax assets when determining the amount of net deferred tax assets that are dependent upon future taxable income.

<sup>6</sup>Intangible assets are defined to exclude IO strips receivable related to these mortgage and non-mortgage servicing assets. See section 1(c)(14) of this appendix A. Consequently, IO strips receivable related to mortgage and non-mortgage servicing assets are not required to be deducted under section 2(c)(2) of this appendix A. However, credit-enhancing interest-only strips as defined in section 4(a)(3) are deducted from Tier 1 capital in accordance with section 2(c)(4) of this appendix A. Any non credit-enhancing IO strips receivable are subject to a 100% risk weight under section 3(a)(4) of this appendix A.

(iv) *Estimated future taxable income.* Estimated future taxable income does not include net operating loss carryforwards to be used during that year or the amount of existing temporary differences expected to reverse within the year. A bank may use future taxable income projections for their closest fiscal year, provided it adjusts the projections for any significant changes that occur or that it expects to occur. Such projections must include the estimated effect of tax planning strategies that the bank expects to implement to realize net operating losses or tax credit carryforwards that will otherwise expire during the year.

(4) *Credit-enhancing interest-only strips.* Credit-enhancing interest-only strips, whether purchased or retained, that exceed 25% of Tier 1 capital must be deducted from Tier 1 capital. Purchased and retained credit-enhancing interest-only strips, on a non-tax adjusted basis, are included in the total amount that is used for purposes of determining whether a bank exceeds its Tier 1 capital.

(i) The 25% limitation on credit-enhancing interest-only strips will be based on Tier 1

capital net of goodwill and all identifiable intangibles, other than purchased credit card relationships, mortgage servicing assets and non-mortgage servicing assets.

(ii) Banks must value each credit-enhancing interest-only strip included in Tier 1 capital at least quarterly. The quarterly determination of the current fair value of the credit-enhancing interest-only strip must include adjustments for any significant changes in original valuation assumptions, including changes in prepayment estimates.

(iii) Banks may elect to deduct disallowed credit-enhancing interest-only strips on a basis that is net of any associated deferred tax liability. Deferred tax liabilities netted in this manner cannot also be netted against deferred tax assets when determining the amount of deferred tax assets that are dependent upon future taxable income.

(5) *Nonfinancial equity investments—(i) General.* (A) A bank must deduct from its Tier 1 capital the appropriate percentage, as determined in accordance with Table A, of the adjusted carrying value of all nonfinancial equity investments held by the bank and its subsidiaries.

TABLE A—DEDUCTION FOR NONFINANCIAL EQUITY INVESTMENTS

Aggregate adjusted carrying value of all nonfinancial equity investments held directly or indirectly by banks (as a percentage of the Tier 1 capital of the bank) <sup>1</sup>	Deduction from Tier 1 Capital (as a percentage of the adjusted carrying value of the investment)
Less than 15 percent .....	8.0 percent.
Greater than or equal to 15 percent but less than 25 percent .....	12.0 percent.
Greater than or equal to 25 percent .....	25.0 percent.

<sup>1</sup> For purposes of calculating the adjusted carrying value of nonfinancial equity investments as a percentage of Tier 1 capital, Tier 1 capital is defined as the sum of the Tier 1 capital elements net of goodwill and net of all identifiable intangible assets other than mortgage servicing assets, nonmortgage servicing assets and purchased credit card relationships, but prior to the deduction for disallowed mortgage servicing assets, disallowed nonmortgage servicing assets, disallowed purchased credit card relationships, disallowed credit-enhancing interest only strips (both purchased and retained), disallowed deferred tax assets, and nonfinancial equity investments.

(B) Deductions for nonfinancial equity investments must be applied on a marginal basis to the portions of the adjusted carrying value of nonfinancial equity investments that fall within the specified ranges of the bank's Tier 1 capital. For example, if the adjusted carrying value of all nonfinancial equity investments held by a bank equals 20 percent of the Tier 1 capital of the bank, then the amount of the deduction would be 8 percent of the adjusted carrying value of all investments up to 15 percent of the bank's Tier 1 capital, and 12 percent of the adjusted carrying value of all investments equal to, or in excess of, 15 percent of the bank's Tier 1 capital.

(C) The total adjusted carrying value of any nonfinancial equity investment that is subject to deduction under section 2(c)(5) of this appendix A is excluded from the bank's weighted risk assets for purposes of computing the denominator of the bank's risk-based capital ratio. For example, if 8 percent

of the adjusted carrying value of a nonfinancial equity investment is deducted from Tier 1 capital, the entire adjusted carrying value of the investment will be excluded from risk-weighted assets in calculating the denominator of the risk-based capital ratio.

(D) Banks engaged in equity investment activities, including those banks with a high concentration in nonfinancial equity investments (e.g., in excess of 50 percent of Tier 1 capital), will be monitored and may be subject to heightened supervision, as appropriate, by the OCC to ensure that such banks maintain capital levels that are appropriate in light of their equity investment activities, and the OCC may impose a higher capital charge in any case where the circumstances, such as the level of risk of the particular investment or portfolio of investments, the risk management systems of the bank, or other information, indicate that a higher minimum capital requirement is appropriate.

(ii) *Small business investment company investments.* (A) Notwithstanding section 2(c)(5)(i) of this appendix A, no deduction is required for nonfinancial equity investments that are made by a bank or its subsidiary through a SBIC that is consolidated with the bank, or in a SBIC that is not consolidated with the bank, to the extent that such investments, in the aggregate, do not exceed 15 percent of the Tier 1 capital of the bank. Except as provided in paragraph (c)(5)(ii)(B) of this section, any nonfinancial equity investment that is held through or in a SBIC and not deducted from Tier 1 capital will be assigned to the 100 percent risk-weight category and included in the bank's consolidated risk-weighted assets.

(B) If a bank has an investment in a SBIC that is consolidated for accounting purposes but the SBIC is not wholly owned by the bank, the adjusted carrying value of the bank's nonfinancial equity investments held through the SBIC is equal to the bank's proportionate share of the SBIC's adjusted carrying value of its equity investments in nonfinancial companies. The remainder of the SBIC's adjusted carrying value (*i.e.*, the minority interest holders' proportionate share) is excluded from the risk-weighted assets of the bank.

(C) If a bank has an investment in a SBIC that is not consolidated for accounting purposes and has current information that identifies the percentage of the SBIC's assets that are equity investments in nonfinancial companies, the bank may reduce the adjusted carrying value of its investment in the SBIC proportionately to reflect the percentage of the adjusted carrying value of the SBIC's assets that are not equity investments in nonfinancial companies. The amount by which the adjusted carrying value of the bank's investment in the SBIC is reduced under this paragraph will be risk weighted at 100 percent and included in the bank's risk-weighted assets.

(D) To the extent the adjusted carrying value of all nonfinancial equity investments that the bank holds through a consolidated SBIC or in a nonconsolidated SBIC equals or exceeds, in the aggregate, 15 percent of the Tier 1 capital of the bank, the appropriate percentage of such amounts, as set forth in Table A, must be deducted from the bank's Tier 1 capital. In addition, the aggregate adjusted carrying value of all nonfinancial equity investments held through a consolidated SBIC and in a nonconsolidated SBIC (including any nonfinancial equity investments for which no deduction is required) must be included in determining, for purposes of Table A the total amount of nonfinancial equity investments held by the bank in relation to its Tier 1 capital.

(iii) *Nonfinancial equity investments excluded.* (A) Notwithstanding section 2(c)(5)(i) and (ii) of this appendix A, no deduction

from Tier 1 capital is required for the following:

(1) Nonfinancial equity investments (or portion of such investments) made by the bank prior to March 13, 2000, and continuously held by the bank since March 13, 2000.

(2) Nonfinancial equity investments made on or after March 13, 2000, pursuant to a legally binding written commitment that was entered into by the bank prior to March 13, 2000, and that required the bank to make the investment, if the bank has continuously held the investment since the date the investment was acquired.

(3) Nonfinancial equity investments received by the bank through a stock split or stock dividend on a nonfinancial equity investment made prior to March 13, 2000, provided that the bank provides no consideration for the shares or interests received, and the transaction does not materially increase the bank's proportional interest in the nonfinancial company.

(4) Nonfinancial equity investments received by the bank through the exercise on or after March 13, 2000, of an option, warrant, or other agreement that provides the bank with the right, but not the obligation, to acquire equity or make an investment in a nonfinancial company, if the option, warrant, or other agreement was acquired by the bank prior to March 13, 2000, and the bank provides no consideration for the nonfinancial equity investments.

(B) Any excluded nonfinancial equity investments described in section 2(c)(5)(iii)(A) of this appendix A must be included in determining the total amount of nonfinancial equity investments held by the bank in relation to its Tier 1 capital for purposes of Table A. In addition, any excluded nonfinancial equity investments will be risk weighted at 100 percent and included in the bank's risk-weighted assets.

(6) *Deductions from total capital.* The following items are deducted from total capital:

(i) Investments, both equity and debt, in unconsolidated banking and finance subsidiaries that are deemed to be capital of the subsidiary;<sup>7</sup> and

(ii) Reciprocal holdings of bank capital instruments.

#### *Section 3. Risk Categories/Weights for On-Balance Sheet Assets and Off-Balance Sheet Items*

The denominator of the risk-based capital ratio, *i.e.*, a national bank's risk-weighted assets,<sup>8</sup> is derived by assigning that bank's

<sup>7</sup>The OCC may require deduction of investments in other subsidiaries and associated companies, on a case-by-case basis.

<sup>8</sup>The OCC reserves the right to require a bank to compute its risk-based capital ratio

assets and off-balance sheet items to one of the four risk categories detailed in section 3(a) of this appendix A. Each category has a specific risk weight. Before an off-balance sheet item is assigned a risk weight, it is converted to an on-balance sheet credit equivalent amount in accordance with section 3(b) of this appendix A. The risk weight assigned to a particular asset or on-balance sheet credit equivalent amount determines the percentage of that asset/credit equivalent that is included in the denominator of the bank's risk-based capital ratio. Any asset deducted from a bank's capital in computing the numerator of the risk-based capital ratio is not included as part of the bank's risk-weighted assets.

Some of the assets on a bank's balance sheet may represent an indirect holding of a pool of assets, *e.g.*, mutual funds, that encompasses more than one risk weight within the pool. In those situations, the bank may assign the asset to the risk category applicable to the highest risk-weighted asset that pool is permitted to hold pursuant to its stated investment objectives in the fund's prospectus. Alternatively, the bank may assign the asset on a pro rata basis to different risk categories according to the investment limits in the fund's prospectus. In either case, the minimum risk weight that may be assigned to such a pool is 20%. If a bank assigns the asset on a pro rata basis, and the sum of the investment limits in the fund's prospectus exceeds 100%, the bank must assign the highest pro rata amounts of its total investment to the higher risk category. If, in order to maintain a necessary degree of liquidity, the fund is permitted to hold an insignificant amount of its assets in short-term, highly-liquid securities of superior credit quality (that do not qualify for a preferential risk weight), such securities generally will not be taken into account in determining the risk category into which the bank's holding in the overall pool should be assigned. The prudent use of hedging instruments by a fund to reduce the risk of its assets will not increase the risk weighting of the investment in that fund above the 20% category. However, if a fund engages in any activities that are deemed to be speculative in nature or has any other characteristics that are inconsistent with the preferential risk weighting assigned to the fund's assets, the bank's investment in the fund will be assigned to the 100% risk category. More detail on the treatment of mortgage-backed securities is provided in section 3(a)(3)(vi) of this appendix A.

on the basis of average, rather than period-end, risk-weighted assets when necessary to carry out the purposes of these guidelines.

(a) *On-Balance Sheet Assets.* The following are the risk categories/weights for on-balance sheet assets.

(1) *Zero percent risk weight.* (i) Cash, including domestic and foreign currency owned and held in all offices of a national bank or in transit. Any foreign currency held by a national bank should be converted into U.S. dollar equivalents.

(ii) Deposit reserves and other balances at Federal Reserve Banks.

(iii) Securities issued by, and other direct claims on, the United States Government or its agencies, or the central government of an OECD country.

(iv) That portion of assets directly and unconditionally guaranteed by the United States Government or its agencies, or the central government of an OECD country.<sup>9</sup>

(v) That portion of local currency claims on, or unconditionally guaranteed by, central governments of non-OECD countries, to the extent the bank has liabilities in that currency. Any amount of such claims that exceeds the amount of the bank's liabilities in that currency is assigned to the 100% risk category of section 3(a)(4) of this appendix.

(vi) Gold bullion held in the bank's own vaults or in another bank's vaults on an allocated basis, to the extent it is backed by gold bullion liabilities.

(vii) The book value of paid-in Federal Reserve Bank stock.

(viii) That portion of assets and off-balance sheet transactions<sup>9a</sup> collateralized by cash or securities issued or directly and unconditionally guaranteed by the United States Government or its agencies, or the central government of an OECD country, provided that:<sup>9b</sup>

(A) The bank maintains control over the collateral:

<sup>9</sup>For the treatment of privately-issued mortgage-backed securities where the underlying pool is comprised solely of mortgage-related securities issued by GNMA, *see infra* note 10.

<sup>9a</sup>See footnote 22 in section 3(b)(5)(iii) of this appendix A (collateral held against derivative contracts).

<sup>9b</sup>Assets and off-balance sheet transactions collateralized by securities issued or guaranteed by the United States Government or its agencies, or the central government of an OECD country include, but are not limited to, securities lending transactions, repurchase agreements, collateralized letters of credit, such as reinsurance letters of credit, and other similar financial guarantees. Swaps, forwards, futures, and options transactions are also eligible, if they meet the collateral requirements. However, the OCC may at its discretion require that certain collateralized transactions be risk weighted at 20 percent if they involve more than a minimal risk.

(1) If the collateral consists of cash, the cash must be held on deposit by the bank or by a third-party for the account of the bank;

(2) If the collateral consists of OECD government securities, then the OECD government securities must be held by the bank or by a third-party acting on behalf of the bank;

(B) The bank maintains a daily positive margin of collateral fully taking into account any change in the market value of the collateral held as security;

(C) Where the bank is acting as a customer's agent in a transaction involving the loan or sale of securities that is collateralized by cash or OECD government securities delivered to the bank, any obligation by the bank to indemnify the customer is limited to no more than the difference between the market value of the securities lent and the market value of the collateral received, and any reinvestment risk associated with the collateral is borne by the customer; and

(D) The transaction involves no more than minimal risk.

(ix) Asset-backed commercial paper (ABCP) that is:

(A) Purchased by the bank between September 19, 2008, and January 30, 2009 (unless further extended by the OCC), from an Securities and Exchange Commission (SEC)-registered open-end investment company that holds itself out as a money market mutual fund under SEC Rule 2a-7 (17 CFR 270.2a-7); and

(B) Pledged by the bank to a Federal Reserve Bank to secure financing from the ABCP lending facility established by the Federal Reserve Board on September 19, 2008.

(2) *20 percent risk weight.* (i) All claims on depository institutions incorporated in an OECD country, and all assets backed by the full faith and credit of depository institutions incorporated in an OECD country. This includes the credit equivalent amount of participations in commitments and standby letters of credit sold to other depository institutions incorporated in an OECD country, but only if the originating bank remains liable to the customer or beneficiary for the full amount of the commitment or standby letter of credit. Also included in this category are the credit equivalent amounts of risk participations in bankers' acceptances conveyed to other depository institutions incorporated in an OECD country. However, bank-issued securities that qualify as capital of the issuing bank are not included in this risk category, but are assigned to the 100% risk category of section 3(a)(4) of this appendix A.

(ii) Claims on, or guaranteed by depository institutions, other than the central bank, incorporated in a non-OECD country, with a residual maturity of one year or less.

(iii) Cash items in the process of collection.

(iv) That portion of assets collateralized by cash or by securities issued or directly and unconditionally guaranteed by the United States Government or its agencies, or the central government of an OECD country, that does not qualify for the zero percent risk-weight category.

(v) That portion of assets conditionally guaranteed by the United States Government or its agencies, or the central government of an OECD country.

(vi) Securities issued by, or other direct claims on, United States Government-sponsored agencies.

(vii) That portion of assets guaranteed by United States Government-sponsored agencies.<sup>10</sup>

(viii) That portion of assets collateralized by the current market value of securities issued or guaranteed by United States Government-sponsored agencies.

(ix) Claims representing general obligations of any public-sector entity in an OECD country, and that portion of any claims guaranteed by any such public-sector entity. In the U.S., these obligations must meet the requirements of 12 CFR 1.2(b).

(x) Claims on, or guaranteed by, official multilateral lending institutions or regional development institutions in which the

<sup>10</sup>Privately issued mortgage-backed securities, *e.g.*, CMOs and REMICs, where the underlying pool is comprised solely of mortgage-related securities issued by GNMA, FNMA and FHLMC, will be treated as an indirect holding of the underlying assets and assigned to the 20% risk category of this section 3(a)(2). If the underlying pool is comprised of assets which attract different risk weights, *e.g.*, FNMA securities and conventional mortgages, the bank should generally assign the security to the highest risk category appropriate for any asset in the pool. However, on a case-by-case basis, the OCC may allow the bank to assign the security proportionately to the various risk categories based on the proportion in which the risk categories are represented by the composition cash flows of the underlying pool of assets. Before the OCC will consider a request to proportionately risk-weight such a security, the bank must have current information for the reporting date that details the composition and cash flows of the underlying pool of assets. Furthermore, before a mortgage-related security will receive a risk weight lower than 100%, it must meet the criteria set forth in section 3(a)(3)(vi) of this appendix A.

United States Government is a shareholder or contributing member.<sup>11</sup>

(xi) That portion of assets collateralized by the current market value of securities issued by official multilateral lending institutions or regional development institutions in which the United States Government is a shareholder or contributing member.

(xii) That portion of local currency claims conditionally guaranteed by central governments of non-OECD countries, to the extent the bank has local currency liabilities in that country. Any amount of such claims that exceeds the amount of the bank's local currency liabilities is assigned to the 100% risk category of section 3(a)(4) of this appendix.

(xiii) Claims on, or guaranteed by, a securities firm incorporated in an OECD country, that satisfies the following conditions:

(A) If the securities firm is incorporated in the United States, then the firm must be a broker-dealer that is registered with the SEC and must be in compliance with the SEC's net capital regulation (17 CFR 240.15c3(1)).

(B) If the securities firm is incorporated in any other OECD country, then the bank must be able to demonstrate that the firm is subject to consolidated supervision and regulation, including its subsidiaries, comparable to that imposed on depository institutions in OECD countries; such regulation must include risk-based capital standards comparable to those applied to depository institutions under the Basel Capital Accord.<sup>11a</sup>

(C) The securities firm, whether incorporated in the United States or another OECD country, must also have a long-term credit rating in accordance with section 3(a)(2)(xiii)(C)(1) of this appendix A; a parent company guarantee in accordance with section 3(a)(2)(xiii)(C)(2) of this appendix A; or a collateralized claim in accordance with section 3(a)(2)(xiii)(C)(3) of this appendix A. Claims representing capital of a securities firm must be risk weighted at 100 percent in accordance with section 3(a)(4) of this appendix A.

(1) *Credit rating.* The securities firm must have either a long-term issuer credit rating

or a credit rating on at least one issue of long-term unsecured debt, from a NRSRO that is in one of the three highest investment-grade categories used by the NRSRO. If the securities firm has a credit rating from more than one NRSRO, the lowest credit rating must be used to determine the credit rating under this paragraph.

(2) *Parent company guarantee.* The claim on, or guaranteed by, the securities firm must be guaranteed by the firm's parent company, and the parent company must have either a long-term issuer credit rating or a credit rating on at least one issue of long-term unsecured debt, from a NRSRO that is in one of the three highest investment-grade categories used by the NRSRO.

(3) *Collateralized claim.* The claim on the securities firm must be collateralized subject to all of the following requirements:

(i) The claim must arise from a reverse repurchase/repurchase agreement or securities lending/borrowing contract executed using standard industry documentation.

(ii) The collateral must consist of debt or equity securities that are liquid and readily marketable.

(iii) The claim and collateral must be marked-to-market daily.

(iv) The claim must be subject to daily margin maintenance requirements under standard industry documentation.

(v) The contract from which the claim arises can be liquidated, terminated, or accelerated immediately in bankruptcy or similar proceedings, and the security or collateral agreement will not be stayed or avoided under the applicable law of the relevant jurisdiction. To be exempt from the automatic stay in bankruptcy in the United States, the claim must arise from a securities contract or a repurchase agreement under section 555 or 559, respectively, of the Bankruptcy Code (11 U.S.C. 555 or 559), a qualified financial contract under section 11(e)(8) of the Federal Deposit Insurance Act (12 U.S.C. 1821(e)(8)), or a netting contract between or among financial institutions under sections 401-407 of the Federal Deposit Insurance Corporation Improvement Act of 1991 (912 U.S.C. 4407), or the Regulation EE (12 CFR part 231).

(3) *50 percent risk weight.* (i) Revenue obligations of any public-sector entity in an OECD country for which the underlying obligor is the public-sector entity, but which are repayable solely from the revenues generated by the project financed through the issuance of the obligations.

(ii) The credit equivalent amount of derivative contracts, calculated in accordance with section 3(b)(5) of this appendix A, that do not qualify for inclusion in a lower risk category.

(iii) Loans secured by first mortgages on one-to-four family residential properties, either owner-occupied or rented, provided that

<sup>11</sup> These institutions include, but are not limited to, the International Bank for Reconstruction and Development (World Bank), the Inter-American Development Bank, the Asian Development Bank, the African Development Bank, the European Investment Bank, the International Monetary Fund and the Bank for International Settlements.

<sup>11a</sup> See Accord on International Convergence of Capital Measurement and Capital Standards as adopted by the Basle Committee on Banking Regulations and Supervisory Practices (renamed as the Basel Committee on Banking Supervision), dated July 1988 (amended 1998).

such loans are not otherwise 90 days or more past due, or on nonaccrual or restructured. It is presumed that such loans will meet prudent underwriting standards. If a bank holds a first lien and junior lien on a one-to-four family residential property and no other party holds an intervening lien, the transaction is treated as a single loan secured by a first lien for the purposes of both determining the loan-to-value ratio and assigning a risk weight to the transaction. Furthermore, residential property loans made for the purpose of construction financing are assigned to the 100% risk category of section 3(a)(4) of this appendix A; however, these loans may be included in the 50% risk category of this section 3(a)(3) of this appendix A if they are subject to a legally binding sales contract and satisfy the requirements of section 3(a)(3)(iv) of this appendix A.

(iv) Loans to residential real estate builders for one-to-four family residential property construction, if the bank obtains sufficient documentation demonstrating that the buyer of the home intends to purchase the home (*i.e.*, a legally binding written sales contract) and has the ability to obtain a mortgage loan sufficient to purchase the home (*i.e.*, a firm written commitment for permanent financing of the home upon completion), subject to the following additional criteria:

(A) The builder must incur at least the first 10% of the direct costs (*i.e.*, actual costs of the land, labor, and material) before any drawdown is made under the construction loan and the construction loan may not exceed 80% of the sales price of the resold home;

(B) The individual purchaser has made a substantial “earnest money deposit” of no less than 3% of the sales price of the home that must be subject to forfeiture by the individual purchaser if the sales contract is terminated by the individual purchaser; however, the earnest money deposit shall not be subject to forfeiture by reason of breach or termination of the sales contract on the part of the builder;

(C) The earnest money deposit must be held in escrow by the bank financing the builder or by an independent party in a fiduciary capacity; the escrow agreement must provide that in the event of default the escrow funds must be used to defray any cost incurred relating to any cancellation of the sales contract by the buyer;

(D) If the individual purchaser terminates the contract or if the loan fails to satisfy any other criterion under this section, then the bank must immediately recategorize the loan at a 100% risk weight and must accurately report the loan in the bank’s next quarterly Consolidated Reports of Condition and Income (Call Report);

(E) The individual purchaser must intend that the home will be owner-occupied;

(F) The loan is made by the bank in accordance with prudent underwriting standards;

(G) The loan is not more than 90 days past due, or on nonaccrual; and

(H) The purchaser is an individual(s) and not a partnership, joint venture, trust, corporation, or any other entity (including an entity acting as a sole proprietorship) that is purchasing one or more of the homes for speculative purposes.

(v) Loans secured by a first mortgage on multifamily residential properties:<sup>11b</sup>

(A) The amortization of principal and interest occurs in not more than 30 years;

(B) The minimum original maturity for repayment of principal is not less than 7 years;

(C) All principal and interest payments have been made on a timely basis in accordance with the terms of the loan for at least one year immediately preceding the risk weighting of the loan in the 50% risk weight category, and the loan is not otherwise 90 days or more past due, or on nonaccrual status;

(D) The loan is made in accordance with all applicable requirements and prudent underwriting standards;

(E) If the rate of interest does not change over the term of the loan:

(I) The current loan amount outstanding does not exceed 80% of the current value of the property, as measured by either the value of the property at origination of the loan (which is the lower of the purchase price or the value as determined by the initial appraisal, or if appropriate, the initial evaluation) or the most current appraisal, or if appropriate, the most current evaluation; and

(II) In the most recent fiscal year, the ratio of annual net operating income generated by the property (before payment of any debt service on the loan) to annual debt service on the loan is not less than 120%;<sup>11c</sup>

<sup>11b</sup> The portion of multifamily residential property loans that is sold subject to a pro rata loss sharing arrangement may be treated by the selling bank as sold to the extent that the sales agreement provides for the purchaser of the loan to share in any loss incurred on the loan on a pro rata basis with the selling bank. The portion of multifamily residential property loans sold subject to any loss sharing arrangement other than *pro rata* sharing of the loss shall be accorded the same treatment as any other asset sold under an agreement to repurchase or sold with recourse under section 4(b) of this appendix A.

<sup>11c</sup> For the purposes of the debt service requirements in sections 3(a)(3)(v)(E)(II) and 3(a)(3)(v)(F)(II) of this appendix A, other forms of debt service coverage that generate sufficient cash flows to provide comparable

(F) If the rate of interest changes over the term of the loan:

(I) The current loan amount outstanding does not exceed 75% of the current value of the property, as measured by either the value of the property at origination of the loan (which is the lower of the purchase price or the value as determined by the initial appraisal, or if appropriate, the initial evaluation) or the most current appraisal, or if appropriate, the most current evaluation; and

(II) In the most recent fiscal year, the ratio of annual net operating income generated by the property (before payment of any debt service on the loan) to annual debt service on the loan is not less than 115%; and

(G) If the loan was refinanced by the borrower:

(I) All principal and interest payments on the loan being refinanced which were made in the preceding year prior to refinancing shall apply in determining the one-year timely payment requirement under paragraph (a)(3)(v)(C) of this section; and

(II) The net operating income generated by the property in the preceding year prior to refinancing shall apply in determining the applicable debt service requirements under paragraphs (a)(3)(v)(E) and (a)(3)(v)(F) of this section.

(vi) Privately-issued mortgage-backed securities, *i.e.* those that do not carry the guarantee of a government or government-sponsored agency, if the privately-issued mortgage-backed securities are at the time the mortgage-backed securities are originated fully secured by or otherwise represent a sufficiently secure interest in mortgages that qualify for the 50% risk weight under paragraphs (a)(3) (iii), (iv) and (v) of this section,<sup>12</sup> provided that they meet the following criteria:

protection to the institution may be considered for (a) a loan secured by cooperative housing or (b) a multifamily residential property loan if the purpose of the loan is for the development or purchase of multifamily residential property primarily intended to provide low- to moderate-income housing, including special operating reserve accounts or special operating subsidies provided by federal, state, local or private sources. However, the OCC reserves the right, on a case-by-case basis, to review the adequacy of any other forms of comparable debt service coverage relied on by the bank.

<sup>12</sup>If all of the underlying mortgages in the pool do not qualify for the 50% risk weight, the bank should generally assign the entire value of the security to the 100% risk category of section 3(a)(4) of this appendix A; however, on a case-by-case basis, the OCC may allow the bank to assign only the portion of the security which represents an in-

(A) The underlying assets must be held by an independent trustee that has a first priority, perfected security interest in the underlying assets for the benefit of the holders of the security;

(B) The holder of the security must have an undivided pro rata ownership interest in the underlying assets or the trust that issues the security must have no liabilities unrelated to the issued securities;

(C) The trust that issues the security must be structured such that the cash flows from the underlying assets fully meet the cash flows requirements of the security without undue reliance on any reinvestment income; and

(D) There must not be any material reinvestment risk associated with any funds awaiting distribution to the holder of the security.

(4) *100 percent risk weight.* All other assets not specified above,<sup>12a</sup> including:

(i) Claims on or guaranteed by depository institutions incorporated in a non-OECD country, as well as claims on the central bank of a non-OECD country, with a residual maturity exceeding one year.

(ii) All non-local currency claims on non-OECD central governments, as well as local currency claims on non-OECD central governments that are not included in section 3(a)(1)(v) of this appendix A.

(iii) Asset-or mortgage backed securities that are externally rated are risk weighted in accordance with section 4(d) of this appendix A.

(iv) All stripped mortgage-backed securities, including interest only portions (IOs), principal only portions (POs) and other similar instruments, regardless of the issuer or guarantor.

(v) Obligations issued by any state or any political subdivision thereof for the benefit of a private party or enterprise where that party or enterprise, rather than the issuing state or political subdivision, is responsible for the timely payment of principal and interest on the obligation, *e.g.*, industrial development bonds.

terest in, and the cash flows of, nonqualifying mortgages to the 100% risk category, with the remainder being assigned a risk weight of 50%. Before the OCC will consider a request to risk weight a mortgage-backed security on a proportionate basis, the bank must have current information for the reporting date that details the composition and cash flows of the underlying pool of mortgages.

<sup>12a</sup>A bank subject to the market risk capital requirements pursuant to appendix B of this part 3 may calculate the capital requirement for qualifying securities borrowing transactions pursuant to section 3(a)(1)(ii) of appendix B of this part 3.

(vi) Claims on commercial enterprises owned by non-OECD and OECD central governments.

(vii) Any investment in an unconsolidated subsidiary that is not required to be deducted from total capital pursuant to section 2(c)(3) of this appendix A.

(viii) Instruments issued by depository institutions incorporated in OECD and non-OECD countries that qualify as capital of the issuer.

(ix) Investments in fixed assets, premises, and other real estate owned.

(x) Claims representing capital of a securities firm notwithstanding section 3(a)(2)(xiii) of this appendix A.

(5) *Asset-backed commercial paper programs subject to consolidation.* (i) A bank that qualifies as a primary beneficiary and must consolidate an asset-backed commercial paper program as a variable interest entity under generally accepted accounting principles may exclude the consolidated asset-backed commercial paper program assets from risk-weighted assets if the bank is the sponsor of the consolidated asset-backed commercial paper program.

(ii) If a bank excludes such consolidated asset-backed commercial paper program assets from risk-weighted assets, the bank must assess the appropriate risk-based capital charge against any risk exposures of the bank arising in connection with such asset-backed commercial paper program, including direct credit substitutes, recourse obligations, residual interests, asset-backed commercial paper liquidity facilities, and loans, in accordance with section 3 and section 4 of this appendix A.

(iii) If a bank either is not permitted to exclude consolidated asset-backed commercial paper program assets or elects not to exclude consolidated asset-backed commercial paper program assets from its risk-weighted assets, the bank must assess a risk-based capital charge based on the appropriate risk weight of the consolidated asset-backed commercial paper program assets in accordance with sections 3(a) and 4 of this appendix A. Any direct credit substitutes and recourse obligations (including residual interests and asset-backed commercial paper liquidity facilities), and loans that sponsoring banks provide to such asset-backed commercial paper programs are not subject to a capital charge under this section 4 of this appendix A.

(iv) If a bank has multiple overlapping exposures (such as a program-wide credit enhancement and an asset-backed commercial paper liquidity facility) to an asset-backed commercial paper program that is not consolidated for risk-based capital purposes, the bank must apply the highest capital charge applicable to the exposures but is not required to hold capital multiple times for the overlapping exposures under section 4 of this appendix A.

(6) *Other variable interest entities subject to consolidation.* If a bank is required to consolidate the assets of a variable interest entity other than an asset-backed commercial paper program under generally accepted accounting principles, the bank must assess a risk-based capital charge based on the appropriate risk weight of the consolidated assets in accordance with sections 3(a) and 4 of this appendix A. Any direct credit substitutes and recourse obligations (including residual interests), and loans that a bank may provide to such a variable interest entity are not subject to any capital charge under section 4 of this appendix A.

(b) *Off-Balance Sheet Activities.* The risk weight assigned to an off-balance sheet item is determined by a two-step process. First, the face amount of the off-balance sheet item is multiplied by the appropriate credit conversion factor specified in this section. This calculation translates the face amount of an off-balance sheet item into an on-balance sheet credit equivalent amount. Second, the resulting credit equivalent amount is then assigned to the proper risk category using the criteria regarding obligors, guarantors, and collateral listed in section 3(a) of this appendix A, or external credit rating in accordance with section 4(d), if applicable. Collateral and guarantees are applied to the face amount of an off-balance sheet item; however, with respect to derivative contracts under section 3(b)(5) of this appendix A, collateral and guarantees are applied to the credit equivalent amounts of such derivative contracts. The following are the credit conversion factors and the off-balance sheet items to which they apply. However, direct credit substitutes, recourse obligations, and securities issued in connection with asset securitizations are treated as described in section 4 of this appendix A.

(1) *100 percent credit conversion factor.* (i) [Reserved]<sup>13</sup>

(ii) Risk participations purchased in bankers' acceptances;

(iii) [Reserved]<sup>14</sup>

(iv) Contingent obligations with a certain draw down, *e.g.*, legally binding agreements to purchase assets as a specified future date.

(v) Indemnification of customers whose securities the bank has lent as agent. If the customer is not indemnified against loss by the bank, the transaction is excluded from the risk-based capital calculation.<sup>15</sup>

<sup>13</sup> [Reserved]

<sup>14</sup> [Reserved]

<sup>15</sup> When a bank lends its own securities, the transaction is treated as a loan. When a bank lends its own securities or, acting as agent, agrees to indemnify a customer, the transaction is assigned to the risk weight appropriate to the obligor or collateral that is

(2) *50 percent credit conversion factor.* (i) Transaction-related contingencies including, among other things, performance bonds and performance-based standby letters of credit related to a particular transaction.<sup>16</sup> To the extent permitted by law or regulation, performance-based standby letters of credit include such things as arrangements backing subcontractors' and suppliers' performance, labor and materials contracts, and construction bids;

(ii) Unused portion of commitments with an original maturity exceeding one-year;<sup>17</sup> however, commitments that are asset-backed commercial paper liquidity facilities must satisfy the eligibility requirements under section 3(b)(6)(ii) of this appendix A;

(iii) Revolving underwriting facilities, note issuance facilities, and similar arrangements pursuant to which the bank's customer can issue short-term debt obligations in its own name, but for which the bank has a legally binding commitment to either:

(A) Purchase the obligations the customer is unable to sell by a stated date; or

(B) Advance funds to its customer, if the obligations cannot be sold.

(3) *20 percent credit conversion factor.* (i) Trade-related contingencies. These are short-term self-liquidating instruments used to finance the movement of goods and are collateralized by the underlying shipment. A commercial letter of credit is an example of such an instrument.

(4) *10 percent credit conversion factor.* Unused portion of asset-backed commercial paper liquidity facilities with an original maturity of one year or less that satisfy the eligibility requirements under section 3(b)(6)(ii) of this appendix A.

(5) *Zero percent credit conversion factor.* (i) Unused portion of commitments with an original maturity of one year or less, but excluding any asset-backed commercial paper liquidity facilities;

(ii) Unused portion of commitments with an original maturity of greater than one

delivered to the lending or indemnifying institution or to an independent custodian acting on their behalf.

<sup>16</sup>For purposes of this section 3(b)(2)(i), a "performance-based standby letter of credit" is any letter of credit, or similar arrangement, however named or described, which represents an irrevocable obligation to the beneficiary on the part of the issuer to make payment on account of any default by the account party in the performance of a non-financial or commercial obligation. Participations in performance-based standby letters of credit are treated in accordance with section 4 of this appendix A.

<sup>17</sup>Participations in commitments are treated in accordance with section 4 of this appendix A.

year, if they are unconditionally cancelable<sup>18</sup> at any time at the option of the bank and the bank has the contractual right to make, and in fact does make, either—

(A) A separate credit decision based upon the borrower's current financial condition, before each drawing under the lending facility; or

(B) An annual (or more frequent) credit review based upon the borrower's current financial condition to determine whether or not the lending facility should be continued; and

(iii) The unused portion of retail credit card lines or other related plans that are unconditionally cancelable by the bank in accordance with applicable law.

(6) *Liquidity facility provided to asset-backed commercial paper.* (i) *Noneligible asset-backed commercial paper liquidity facilities treated as recourse or direct credit substitute.* Unused portion of asset-backed commercial paper liquidity facilities that do not meet the criteria for an eligible liquidity facility provided to asset-backed commercial paper in accordance with section 3(b)(6)(ii) of this appendix A must be treated as recourse or as a direct credit substitute, and assessed the appropriate risk-based capital charge in accordance with section 4 of this appendix A.

(ii) *Eligible asset-backed commercial paper liquidity facility.* Except as provided in section 3(b)(6)(iii) of this appendix A, in order for the unused portion of an asset-backed commercial paper liquidity facility to be eligible for either the 50 percent or 10 percent credit conversion factors under section 3(b)(2)(ii) or 3(b)(4) of this appendix A, the asset-backed commercial paper liquidity facility must satisfy the following criteria:

(A) At the time of draw, the asset-backed commercial paper liquidity facility must be subject to an asset quality test that:

(1) Precludes funding of assets that are 90 days or more past due or in default; and

(2) If the assets that an asset-backed commercial paper liquidity facility is required to fund are externally rated securities at the time they are transferred into the program, the asset-backed commercial paper liquidity facility must be used to fund only securities that are externally rated investment grade at the time of funding. If the assets are not externally rated at the time they are transferred into the program, then they are not subject to this investment grade requirement.

(B) The asset-backed commercial paper liquidity facility must provide that, prior to any draws, the bank's funding obligation is reduced to cover only those assets that satisfy the funding criteria under the asset

<sup>18</sup>See section 1(c)(26) of appendix A to this part.

quality test as provided in section 3(b)(6)(ii)(A) of this appendix A.

(iii) *Exception to eligibility requirements for assets guaranteed by the United States Government or its agencies, or the central government of an OECD country.* Notwithstanding the eligibility requirements for asset-backed commercial paper program liquidity facilities in section 3(b)(6)(ii), the unused portion of an asset-backed commercial paper liquidity facility may still qualify for either the 50 percent or 10 percent credit conversion factors under section 3(b)(2)(ii) or 3(b)(4) of this appendix A, if the assets required to be funded by the asset-back commercial paper liquidity facility are guaranteed, either conditionally or unconditionally, by the United States Government or its agencies, or the central government of an OECD country.

(iv) *Transition period for asset-backed commercial paper liquidity facilities.* Notwithstanding the eligibility requirements for asset-backed commercial paper program liquidity facilities in section 3(b)(6)(i) of this appendix A, the unused portion of an asset-backed commercial paper liquidity will be treated as eligible liquidity facilities pursuant to section 3(b)(6)(ii) of this appendix A regardless of their compliance with the definition of eligible liquidity facilities until September 30, 2005. On that date and thereafter, the unused portions of asset-backed commercial paper liquidity facilities that do not meet the eligibility requirements in section 3(b)(6)(i) of this appendix A will be treated as recourse obligations or direct credit substitutes.

(7) *Derivative contracts—(i) Calculation of credit equivalent amounts.* The credit equivalent amount of a derivative contract equals the sum of the current credit exposure and the potential future credit exposure of the derivative contract. The calculation of credit equivalent amounts must be measured in

U.S. dollars, regardless of the currency or currencies specified in the derivative contract.

(A) *Current credit exposure.* The current credit exposure for a single derivative contract is determined by the mark-to-market value of the derivative contract. If the mark-to-market value is positive, then the current credit exposure equals that mark-to-market value. If the mark-to-market is zero or negative, then the current credit exposure is zero. The current credit exposure for multiple derivative contracts executed with a single counterparty and subject to a qualifying bilateral netting contract is determined as provided by section 3(b)(5)(ii)(A) of this appendix A.

(B) *Potential future credit exposure.* The potential future credit exposure for a single derivative contract, including a derivative contract with negative mark-to-market value, is calculated by multiplying the notional principal<sup>19</sup> of the derivative contract by one of the credit conversion factors in Table A—Conversion Factor Matrix of this appendix A, for the appropriate category.<sup>20</sup> The potential future credit exposure for gold contracts shall be calculated using the foreign exchange rate conversion factors. For any derivative contract that does not fall within one of the specified categories in Table A—Conversion Factor Matrix of this appendix A, the potential future credit exposure shall be calculated using the other commodity conversion factors. Subject to examiner review, banks should use the effective rather than the apparent or stated notional amount in calculating the potential future credit exposure. The potential future credit exposure for multiple derivatives contracts executed with a single counterparty and subject to a qualifying bilateral netting contract is determined as provided by section 3(b)(5)(ii)(A) of this appendix A.

<sup>19</sup> For purposes of calculating either the potential future credit exposure under section 3(b)(5)(i)(B) of this appendix A or the gross potential future credit exposure under section 3(b)(5)(ii)(A)(2) of this appendix A for foreign exchange contracts and other similar contracts in which the notional principal is equivalent to the cash flows, total notional principal is the net receipts to each party falling due on each value date in each currency.

<sup>20</sup> No potential future credit exposure is calculated for single currency interest rate swaps in which payments are made based upon two floating indices, so-called floating/floating or basis swaps; the credit equivalent amount is measured solely on the basis of the current credit exposure.

TABLE B—CONVERSION FACTOR MATRIX<sup>1</sup>

Remaining maturity <sup>2</sup>	Interest rate	Foreign exchange rate and gold	Equity <sup>2</sup>	Precious metals	Other commodity
One year or less .....	0.0	1.0	6.0	7.0	10.0
Over one to five years .....	0.5	5.0	8.0	7.0	12.0
Over five years .....	1.5	7.5	10.0	8.0	15.0

<sup>1</sup> For derivative contracts with multiple exchanges of principal, the conversion factors are multiplied by the number of remaining payments in the derivative contract.

<sup>2</sup> For derivative contracts that automatically reset to zero value following a payment, the remaining maturity equals the time until the next payment. However, interest rate contracts with remaining maturities of greater than one year shall be subject to a minimum conversion factor of 0.5 percent.

(ii) *Derivative contracts subject to a qualifying bilateral netting contract—(A) Netting calculation.* The credit equivalent amount for multiple derivative contracts executed with a single counterparty and subject to a qualifying bilateral netting contract as provided by section 3(b)(5)(ii)(B) of this appendix A is calculated by adding the net current credit exposure and the adjusted sum of the potential future credit exposure for all derivative contracts subject to the qualifying bilateral netting contract.

(1) *Net current credit exposure.* The net current credit exposure is the net sum of all positive and negative mark-to-market values of the individual derivative contracts subject to a qualifying bilateral netting contract. If the net sum of the mark-to-market value is positive, then the net current credit exposure equals that net sum of the mark-to-market value. If the net sum of the mark-to-market value is zero or negative, then the net current credit exposure is zero.

(2) *Adjusted sum of the potential future credit exposure.* The adjusted sum of the potential future credit exposure is calculated as:

$$A_{\text{net}} = 0.4 \times A_{\text{gross}} + (0.6 \times \text{NGR} \times A_{\text{gross}})$$

$A_{\text{net}}$  is the adjusted sum of the potential future credit exposure,  $A_{\text{gross}}$  is the gross potential future credit exposure, and NGR is the net to gross ratio.  $A_{\text{gross}}$  is the sum of the potential future credit exposure (as determined under section 3(b)(5)(i)(B) of this appendix A) for each individual derivative contract subject to the qualifying bilateral netting contract. The NGR is the ratio of the net current credit exposure to the gross current credit exposure. In calculating the NGR, the gross current credit exposure equals the sum of the positive current credit exposures (as determined under section 3(b)(5)(i)(A) of this appendix A) of all individual derivative contracts subject to the qualifying bilateral netting contract.

(B) *Qualifying bilateral netting contract.* In determining the current credit exposure for multiple derivative contracts executed with a single counterparty, a bank may net derivative contracts subject to a qualifying bilateral netting contract by offsetting positive

and negative mark-to-market values, provided that:

(1) The qualifying bilateral netting contract is in writing.

(2) The qualifying bilateral netting contract is not subject to a walkaway clause.

(3) The qualifying bilateral netting contract creates a single legal obligation for all individual derivative contracts covered by the qualifying bilateral netting contract. In effect, the qualifying bilateral netting contract must provide that the bank would have a single claim or obligation either to receive or to pay only the net amount of the sum of the positive and negative mark-to-market values on the individual derivative contracts covered by the qualifying bilateral netting contract. The single legal obligation for the net amount is operative in the event that a counterparty, or a counterparty to whom the qualifying bilateral netting contract has been assigned, fails to perform due to any of the following events: default, insolvency, bankruptcy, or other similar circumstances.

(4) The bank obtains a written and reasoned legal opinion(s) that represents, with a high degree of certainty, that in the event of a legal challenge, including one resulting from default, insolvency, bankruptcy, or similar circumstances, the relevant court and administrative authorities would find the bank's exposure to be the net amount under:

(i) The law of the jurisdiction in which the counterparty is chartered or the equivalent location in the case of noncorporate entities, and if a branch of the counterparty is involved, then also under the law of the jurisdiction in which the branch is located;

(ii) The law of the jurisdiction that governs the individual derivative contracts covered by the bilateral netting contract; and

(iii) The law of the jurisdiction that governs the qualifying bilateral netting contract.

(5) The bank establishes and maintains procedures to monitor possible changes in relevant law and to ensure that the qualifying bilateral netting contract continues to satisfy the requirement of this section.

(6) The bank maintains in its files documentation adequate to support the netting of a derivative contract.<sup>21</sup>

(iii) *Risk weighting.* Once the bank determines the credit equivalent amount for a derivative contract or a set of derivative contracts subject to a qualifying bilateral netting contract, the bank assigns that amount to the risk weight category appropriate to the counterparty, or, if relevant, the nature of any collateral or guarantee.<sup>22</sup> However, the maximum weight that will be applied to the credit equivalent amount of such derivative contract(s) is 50 percent.

(iv) *Exceptions.* The following derivative contracts are not subject to the above calculation, and therefore, are not part of the denominator of a national bank's risk-based capital ratio:

(A) An exchange rate contract with an original maturity of 14 calendar days or less;<sup>23</sup> and

(B) A derivative contract that is traded on an exchange requiring the daily payment of any variations in the market value of the contract.

*Section 4. Recourse, Direct Credit Substitutes and Positions in Securitizations*

(a) *Definitions.* For purposes of this section 4 of this appendix A, the following definitions apply:

(1) *Credit derivative* means a contract that allows one party (the protection purchaser) to transfer the credit risk of an asset or off-

<sup>21</sup>By netting individual derivative contracts for the purpose of calculating its credit equivalent amount, a bank represents that documentation adequate to support the netting of a set of derivative contract is in the bank's files and available for inspection by the OCC. Upon determination by the OCC that a bank's files are inadequate or that a qualifying bilateral netting contract may not be legally enforceable in any one of the bodies of law described in section 3(b)(5)(ii)(B)(3)(i) through (iii) of this appendix A, the underlying derivative contracts may not be netted for the purposes of this section.

<sup>22</sup>Derivative contracts are an exception to the general rule of applying collateral and guarantees to the face value of off-balance sheet items. The sufficiency of collateral and guarantees is determined on the basis of the credit equivalent amount of derivative contracts. However, collateral and guarantees held against a qualifying bilateral netting contract is not recognized for capital purposes unless it is legally available for all contracts included in the qualifying bilateral netting contract.

<sup>23</sup>Notwithstanding section 3(b)(5)(B) of this appendix A, gold contracts do not qualify for this exception.

balance sheet credit exposure to another party (the protection provider). The value of a credit derivative is dependent, at least in part, on the credit performance of a "reference asset."

(2) *Credit-enhancing interest-only strip* means an on-balance sheet asset that, in form or in substance:

(i) Represents the contractual right to receive some or all of the interest due on transferred assets; and

(ii) Exposes the bank to credit risk directly or indirectly associated with the transferred assets that exceeds its *pro rata* claim on the assets whether through subordination provisions or other credit enhancing techniques.

(3) *Credit-enhancing representations and warranties* means representations and warranties that are made or assumed in connection with a transfer of assets (including loan servicing assets) and that obligate a bank to protect investors from losses arising from credit risk in the assets transferred or the loans serviced. Credit-enhancing representations and warranties include promises to protect a party from losses resulting from the default or nonperformance of another party or from an insufficiency in the value of the collateral. Credit-enhancing representations and warranties do not include:

(i) Early-default clauses and similar warranties that permit the return of, or premium refund clauses covering, 1–4 family residential first mortgage loans (as described in section 3(a)(3)(iii) of this appendix A) for a period not to exceed 120 days from the date of transfer. These warranties may cover only those loans that were originated within 1 year of the date of transfer;

(ii) Premium refund clauses that cover assets guaranteed, in whole or in part, by the U.S. Government, a U.S. Government agency, or a U.S. Government-sponsored enterprise, provided the premium refund clauses are for a period not to exceed 120 days from the date of transfer; or

(iii) Warranties that permit the return of assets in instances of fraud, misrepresentation or incomplete documentation.

(4) *Direct credit substitute* means an arrangement in which a bank assumes, in form or in substance, credit risk associated with an on- or off-balance sheet asset or exposure that was not previously owned by the bank (third-party asset) and the risk assumed by the bank exceeds the *pro rata* share of the bank's interest in the third-party asset. If a bank has no claim on the third-party asset, then the bank's assumption of any credit risk is a direct credit substitute. Direct credit substitutes include:

(i) Financial standby letters of credit that support financial claims on a third party that exceed a bank's *pro rata* share in the financial claim;

(ii) Guarantees, surety arrangements, credit derivatives and similar instruments backing financial claims that exceed a bank's *pro rata* share in the financial claim;

(iii) Purchased subordinated interests that absorb more than their *pro rata* share of losses from the underlying assets;

(iv) Credit derivative contracts under which the bank assumes more than its *pro rata* share of credit risk on a third-party asset or exposure;

(v) Loans or lines of credit that provide credit enhancement for the financial obligations of a third party;

(vi) Purchased loan servicing assets if the servicer is responsible for credit losses or if the servicer makes or assumes credit-enhancing representations and warranties with respect to the loans serviced. Mortgage servicer case advances that meet the conditions of section 4(a)(8)(i) and (ii) of this appendix A, are not direct credit substitutes;

(vii) Clean-up calls on third-party assets. Clean-up calls that are 10% or less of the original pool balance and that are exercisable at the option of the bank are not direct credit substitutes; and

(viii) Unused portion of noneligible asset-backed commercial paper liquidity facilities.

(5) *Externally rated* means that an instrument or obligation has received a credit rating from at least one nationally recognized statistical rating organization.

(6) *Face amount* means the notional principal, or face value, amount of an off-balance sheet item; the amortized cost of an asset not held for trading purposes; and the fair value of a trading asset.

(7) *Financial asset* means cash or other monetary instrument, evidence of debt, evidence of an ownership interest in an entity, or a contract that conveys a right to receive or exchange cash or another financial instrument from another party.

(8) *Financial standby letter of credit* means a letter of credit or similar arrangement that represents an irrevocable obligation to a third-party beneficiary:

(i) To repay money borrowed by, or advanced to, or for the account of, a second party (the account party); or

(ii) To make payment on behalf of the account party, in the event that the account party fails to fulfill its obligation to the beneficiary.

(9) *Mortgage servicer cash advance* means funds that a residential mortgage servicer advances to ensure an uninterrupted flow of payments, including advances made to cover foreclosure costs or other expenses to facilitate the timely collection of the loan. A mortgage servicer cash advance is not a recourse obligation or a direct credit substitute if:

(i) The servicer is entitled to full reimbursement and this right is not subordinated

to other claims on the cash flows from the underlying asset pool; or

(ii) For any one loan, the servicer's obligation to make nonreimbursable advances is contractually limited to an insignificant amount of the outstanding principal amount of that loan.

(10) *Nationally recognized statistical rating organization (NRSRO)* means an entity recognized by the Division of Market Regulation of the Securities and Exchange Commission (or any successor Division) (Commission) as a nationally recognized statistical rating organization for various purposes, including the Commission's uniform net capital requirements for brokers and dealers.

(11) *Recourse* means a bank's retention, in form or in substance, of any credit risk directly or indirectly associated with an asset it has sold that exceeds a *pro rata* share of that bank's claim on the asset. If a bank has no claim on a sold asset, then the retention of any credit risk is recourse. A recourse obligation typically arises when a bank transfers assets and retains an explicit obligation to repurchase assets or to absorb losses due to a default on the payment of principal or interest or any other deficiency in the performance of the underlying obligor or some other party. Recourse may also exist implicitly if a bank provides credit enhancement beyond any contractual obligation to support assets it has sold. The following are examples of recourse arrangements:

(i) Credit-enhancing representations and warranties made on transferred assets;

(ii) Loan servicing assets retained pursuant to an agreement under which the bank will be responsible for losses associated with the loans serviced. Mortgage servicer cash advances that meet the conditions of section 4(a)(9)(i) and (ii) of this appendix A, are not recourse arrangements;

(iii) Retained subordinated interests that absorb more than their *pro rata* share of losses from the underlying assets;

(iv) Assets sold under an agreement to repurchase, if the assets are not already included on the balance sheet;

(v) Loan strips sold without contractual recourse where the maturity of the transferred portion of the loan is shorter than the maturity of the commitment under which the loan is drawn;

(vi) Credit derivatives issued that absorb more than the bank's *pro rata* share of losses from the transferred assets;

(vii) Clean-up calls. Clean-up calls that are 10% or less of the original pool balance and that are exercisable at the option of the bank are not recourse arrangements; and

(viii) Noneligible asset-backed commercial paper liquidity facilities.

(12) *Residual interest* means any on-balance sheet asset that represents an interest (including a beneficial interest) created by a

transfer that qualifies as a sale (in accordance with generally accepted accounting principles) of financial assets, whether through a securitization or otherwise, and that exposes a bank to any credit risk directly or indirectly associated with the transferred asset that exceeds a *pro rata* share of that bank's claim on the asset, whether through subordination provisions or other credit enhancement techniques. Residual interests generally include credit-enhancing interest-only strips, spread accounts, cash collateral accounts, retained subordinated interests (and other forms of overcollateralization) and similar assets that function as a credit enhancement. Residual interests further include those exposures that, in substance, cause the bank to retain the credit risk of an asset or exposure that had qualified as a residual interest before it was sold. Residual interests generally do not include interests purchased from a third party.

(13) *Risk participation* means a participation in which the originating party remains liable to the beneficiary for the full amount of an obligation (e.g. a direct credit substitute) notwithstanding that another party has acquired a participation in that obligation.

(14) *Securitization* means the pooling and repackaging by a special purpose entity of assets or other credit exposures that can be sold to investors. Securitization includes transactions that create stratified credit risk positions whose performance is dependent upon an underlying pool of credit exposures, including loans and commitments.

(15) *Structured finance program* means a program where receivable interests and asset-backed securities issued by multiple participants are purchased by a special purpose entity that repackages those exposures into securities that can be sold to investors. Structured finance programs allocate credit risks, generally, between the participants and credit enhancement provided to the program.

(16) *Traded position* means a position retained, assumed or issued in connection with a securitization that is externally rated, where there is a reasonable expectation that, in the near future, the rating will be relied upon by:

(i) Unaffiliated investors to purchase the position; or

(ii) An unaffiliated third party to enter into a transaction involving the position, such as a purchase, loan or repurchase agreement.

(b) *Credit equivalent amounts and risk weights of recourse obligations and direct credit substitutes*—(1) *Credit-equivalent amount*. Except as otherwise provided, the credit-equivalent amount for a recourse obligation or direct credit substitute is the full amount of the credit-enhanced assets for which the bank directly or indirectly retains or as-

sumes credit risk multiplied by a 100% conversion factor.

(2) *Risk-weight factor*. To determine the bank's risk-weighted assets for off-balance sheet recourse obligations and direct credit substitutes, the credit equivalent amount is assigned to the risk category appropriate to the obligor in the underlying transaction, after considering any associated guarantees or collateral. For a direct credit substitute that is an on-balance sheet asset (e.g., a purchased subordinated security), a bank must calculate risk-weighted assets using the amount of the direct credit substitute and the full amount of the assets it supports, i.e., all the more senior positions in the structure.

(c) *Credit equivalent amount and risk weight of participations in, and syndications of, direct credit substitutes*. The credit equivalent amount for a participation interest in, or syndication of, a direct credit substitute is calculated and risk weighted as follows:

(1) In the case of a direct credit substitute in which a bank has conveyed a risk participation, the full amount of the assets that are supported by the direct credit substitute is converted to a credit equivalent amount using a 100% conversion factor. The *pro rata* share of the credit equivalent amount that has been conveyed through a risk participation is then assigned to whichever risk-weight category is lower: the risk-weight category appropriate to the obligor in the underlying transaction, after considering any associated guarantees or collateral, or the risk-weight category appropriate to the party acquiring the participation. The *pro rata* share of the credit equivalent amount that has not been participated out is assigned to the risk-weight category appropriate to the obligor after considering any associated guarantees or collateral.

(2) In the case of a direct credit substitute in which the bank has acquired a risk participation, the acquiring bank's *pro rata* share of the direct credit substitute is multiplied by the full amount of the assets that are supported by the direct credit substitute and converted using a 100% credit conversion factor. The resulting credit equivalent amount is then assigned to the risk-weight category appropriate to the obligor in the underlying transaction, after considering any associated guarantees or collateral.

(3) In the case of a direct credit substitute that takes the form of a syndication where each bank or participating entity is obligated only for its *pro rata* share of the risk and there is no recourse to the originating entity, each bank's credit equivalent amount will be calculated by multiplying only its *pro rata* share of the assets supported by the direct credit substitute by a 100% conversion factor. The resulting credit equivalent amount is then assigned to the risk-weight category appropriate to the obligor in the

underlying transaction, after considering any associated guarantees or collateral.

(d) *Externally rated positions: credit-equivalent amounts and risk weights.*—(1) *Traded positions.* With respect to a recourse obligation, direct credit substitute, residual interest (other than a credit-enhancing interest-only strip) or asset- or mortgage-backed security that is a “traded position” and that has received an external rating on a long-term po-

sition that is one grade below investment grade or better or a short-term position that is investment grade, the bank may multiply the face amount of the position by the appropriate risk weight, determined in accordance with Tables C or D of this appendix A.<sup>24</sup> If a traded position receives more than one external rating, the lowest single rating will apply.

TABLE C

Long-term rating category	Examples	Risk weight (In percent)
Highest or second highest investment grade .....	AAA, AA .....	20
Third highest investment grade .....	A .....	50
Lowest investment grade .....	BBB .....	100
One category below investment grade .....	BB .....	200

TABLE D

Short-term rating category	Examples	Risk weight (In percent)
Highest investment grade .....	A-1, P-1 .....	20
Second highest investment grade .....	A-2, P-2 .....	50
Lowest investment grade .....	A-3, P-3 .....	100

(2) *Non-traded positions.* A recourse obligation, direct credit substitute, residual interest (but not a credit-enhancing interest-only strip) or asset- or mortgage-backed security extended in connection with a securitization that is not a “traded position” may be assigned a risk weight in accordance with section 4(d)(1) of this appendix A if:

- (i) It has been externally rated by more than one NRSRO;
- (ii) It has received an external rating on a long-term position that is one category below investment grade or better or a short-term position that is investment grade by all NRSROs providing a rating;
- (iii) The ratings are publicly available; and
- (iv) The ratings are based on the same criteria used to rate traded positions.

If the ratings are different, the lowest rating will determine the risk category to which the recourse obligation, residual interest or direct credit substitute will be assigned.

(e) *Senior positions not externally rated.* For a recourse obligation, direct credit substitute, residual interest or asset- or mortgage-backed security that is not externally rated but is senior or preferred in all features to a traded position (including collateralization and maturity), a bank may apply a risk weight to the face amount of the senior position in accordance with section 4(d)(1) of this appendix A, based upon the

traded position, subject to any current or prospective supervisory guidance and the bank satisfying the OCC that this treatment is appropriate. This section will apply only if the traded position provides substantive credit support to the unrated position until the unrated position matures.

(f) *Residual Interests*—(1) *Concentration limit on credit-enhancing interest-only strips.* In addition to the capital requirement provided by section 4(f)(2) of this appendix A, a bank must deduct from Tier 1 capital all credit-enhancing interest-only strips in excess of 25 percent of Tier 1 capital in accordance with section 2(c)(2)(iv) of this appendix A.

(2) *Credit-enhancing interest-only strip capital requirement.* After applying the concentration limit to credit-enhancing interest-only strips in accordance with section (f)(1), a bank must maintain risk-based capital for a credit-enhancing interest-only strip equal to the remaining amount of the credit-enhancing interest-only strip (net of any existing associated deferred tax liability), even if the amount of risk-based capital required to be maintained exceeds the full risk-based capital requirement for the assets transferred. Transactions that, in substance, result in the retention of credit risk associated with a transferred credit-enhancing interest-only strip will be treated as if the

<sup>24</sup> Stripped mortgage-backed securities or other similar instruments, such as interest-only or principal-only strips, that are not

credit enhancing must be assigned to the 100% risk category.

credit-enhancing interest-only strip was retained by the bank and not transferred.

(3) *Other residual interests capital requirement.* Except as provided in sections (d) or (e) of this section, a bank must maintain risk-based capital for a residual interest (excluding a credit-enhancing interest-only strip) equal to the face amount of the residual interest that is retained on the balance sheet (net of any existing associated deferred tax liability), even if the amount of risk-based capital required to be maintained exceeds the full risk-based capital requirement for the assets transferred. Transactions that, in substance, result in the retention of credit risk associated with a transferred residual interest will be treated as if the residual interest was retained by the bank and not transferred.

(4) *Residual interests and other recourse obligations.* Where the aggregate capital requirement for residual interests (including credit-enhancing interest-only strips) and recourse

obligations arising from the same transfer of assets exceed the full risk-based capital requirement for those assets, a bank must maintain risk-based capital equal to the greater of the risk-based capital requirement for the residual interest as calculated under sections 4(f)(1) through (3) of this appendix A or the full risk-based capital requirement for the assets transferred.

(g) *Positions that are not rated by an NRSRO.* A position (but not a residual interest) extended in connection with a securitization and that is not rated by an NRSRO may be risk-weighted based on the bank's determination of the credit rating of the position, as specified in Table E of this appendix A, multiplied by the face amount of the position. In order to qualify for this treatment, the bank's system for determining the credit rating of the position must meet one of the three alternative standards set out in section 4(g)(1) through (3) of this appendix A.

TABLE E

Rating category	Examples	Risk weight (In percent)
Investment grade .....	BBB, or better .....	100
One category below investment grade .....	BB .....	200

(1) *Internal risk rating used for asset-backed programs.* A direct credit substitute (but not a purchased credit-enhancing interest-only strip) is assumed by a bank in connection with an asset-backed commercial paper program sponsored by the bank and the bank is able to demonstrate to the satisfaction of the OCC, prior to relying upon its use, that the bank's internal credit risk rating system is adequate. Adequate internal credit risk rating systems usually contain the following criteria:

- (i) The internal credit risk system is an integral part of the bank's risk management system that explicitly incorporates the full range of risks arising from a bank's participation in securitization activities;
- (ii) Internal credit ratings are linked to measurable outcomes, such as the probability that the position will experience any loss, the position's expected loss given default, and the degree of variance in losses given default on that position;
- (iii) The bank's internal credit risk system must separately consider the risk associated with the underlying loans or borrowers, and the risk associated with the structure of a particular securitization transaction;
- (iv) The bank's internal credit risk system must identify gradations of risk among "pass" assets and other risk positions;
- (v) The bank must have clear, explicit criteria that are used to classify assets into

each internal risk grade, including subjective factors;

- (vi) The bank must have independent credit risk management or loan review personnel assigning or reviewing the credit risk ratings;
  - (vii) An internal audit procedure should periodically verify that internal risk ratings are assigned in accordance with the bank's established criteria.
  - (viii) The bank must monitor the performance of the internal credit risk ratings assigned to nonrated, nontraded direct credit substitutes over time to determine the appropriateness of the initial credit risk rating assignment and adjust individual credit risk ratings, or the overall internal credit risk ratings system, as needed; and
  - (ix) The internal credit risk system must make credit risk rating assumptions that are consistent with, or more conservative than, the credit risk rating assumptions and methodologies of NRSROs.
- (2) *Program Ratings.* A direct credit substitute or recourse obligation (but not a residual interest) is assumed or retained by a bank in connection with a structured finance program and a NRSRO has reviewed the terms of the program and stated a rating for positions associated with the program. If the program has options for different combinations of assets, standards, internal credit enhancements and other relevant factors, and

the NRSRO specifies ranges of rating categories to them, the bank may apply the rating category applicable to the option that corresponds to the bank's position. In order to rely on a program rating, the bank must demonstrate to the OCC's satisfaction that the credit risk rating assigned to the program meets the same standards generally used by NRSROs for rating traded positions. The bank must also demonstrate to the OCC's satisfaction that the criteria underlying the NRSRO's assignment of ratings for the program are satisfied for the particular position. If a bank participates in a securitization sponsored by another party, the OCC may authorize the bank to use this approach based on a program rating obtained by the sponsor of the program.

(3) *Computer Program.* The bank is using an acceptable credit assessment computer program to determine the rating of a direct credit substitute or recourse obligation (but not a residual interest) extended in connection with a structured finance program. A NRSRO must have developed the computer program and the bank must demonstrate to the OCC's satisfaction that ratings under the program correspond credibly and reliably with the rating of traded positions.

(h) *Limitations on risk-based capital requirements—(1) Low-level exposure rule.* If the maximum contractual exposure to loss retained or assumed by a bank is less than the effective risk-based capital requirement, as determined in accordance with section 4(b) of this appendix A, for the asset supported by the bank's position, the risk based capital required under this appendix A is limited to the bank's contractual exposure, less any recourse liability account established in accordance with generally accepted accounting principles. This limitation does not apply when a bank provides credit enhancement beyond any contractual obligation to support assets that it has sold.

(2) *Related on-balance sheet assets.* If an asset is included in the calculation of the risk-based capital requirement under this section 4 of this appendix A and also appears as an asset on a bank's balance sheet, the asset is risk-weighted only under this section 4 of this appendix A, except in the case of loan servicing assets and similar arrangements with embedded recourse obligations or direct credit substitutes. In that case, both the on-balance sheet servicing assets and the related recourse obligations or direct credit substitutes must both be separately risk weighted and incorporated into the risk-based capital calculation.

(i) *Alternative Capital Calculation for Small Business Obligations—(1) Definitions.* For purposes of this section 4(i):

(i) *Qualified bank* means a bank that:

(A) Is well capitalized as defined in 12 CFR 6.4 without applying the capital treatment described in this section 4(i), or

(B) Is adequately capitalized as defined in 12 CFR 6.4 without applying the capital treatment described in this section 4(i) and has received written permission from the appropriate district office of the OCC to apply the capital treatment described in this section 4(i).

(ii) *Recourse* has the meaning given to such term under generally accepted accounting principles.

(iii) *Small business* means a business that meets the criteria for a small business concern established by the Small Business Administration in 13 CFR part 121 pursuant to 15 U.S.C. 632.

(2) *Capital and reserve requirements.* Notwithstanding the risk-based capital treatment outlined in section 2(c)(4) and any other subsection (other than subsection (i)) of this section 4, with respect to a transfer of a small business loan or a lease of personal property with recourse that is a sale under generally accepted accounting principles, a qualified bank may elect to apply the following treatment:

(i) The bank establishes and maintains a non-capital reserve under generally accepted accounting principles sufficient to meet the reasonable estimated liability of the bank under the recourse arrangement; and

(ii) For purposes of calculating the bank's risk-based capital ratio, the bank includes only the face amount of its recourse in its risk-weighted assets.

(3) *Limit on aggregate amount of recourse.* The total outstanding amount of recourse retained by a qualified bank with respect to transfers of small business loans and leases of personal property and included in the risk-weighted assets of the bank as described in section 4(i)(2) of this appendix A may not exceed 15 percent of the bank's total capital after adjustments and deductions, unless the OCC specifies a greater amount by order.

(4) *Bank that ceases to be qualified or that exceeds aggregate limit.* If a bank ceases to be a qualified bank or exceeds the aggregate limit in section 4(i)(3) of this appendix A, the bank may continue to apply the capital treatment described in section 4(i)(2) of this appendix A to transfers of small business loans and leases of personal property that occurred when the bank was qualified and did not exceed the limit.

(5) *Prompt Corrective Action not affected.* (i) A bank shall compute its capital without regard to this section 4(i) for purposes of prompt corrective action (12 U.S.C. 1831o and 12 CFR part 6) unless the bank is an adequately or well capitalized bank (without applying the capital treatment described in this section 4(i)) and, after applying the capital treatment described in this section 4(i), the bank would be well capitalized.

(ii) A bank shall compute its capital without regard to this section 4(i) for purposes of

12 U.S.C. 1831o(g) regardless of the bank's capital level.

Section 5. Implementation, Transition Rules, and Target Ratios

(a) December 31, 1990 to December 30, 1992. During this time period:

(1) All national banks are expected to maintain a minimum ratio of total capital (after deductions) to risk-weighted assets of 7.25%.

(i) Fifty percent of this 7.25% must be made up of Tier 1 capital; however, up to 10% of Tier 1 capital can be comprised of Tier 2 capital elements, before any deductions for goodwill. The amount of Tier 2 elements included in Tier 1 will not be subject to the sublimits on the amount of such elements in Tier 2 capital, with the exception of the allowance for loan and lease losses.

(ii) Goodwill that national banks have been allowed to count as capital as a result of the transition rules contained in 12 CFR 3.3 is grandfathered until December 31, 1992, but will be deducted from Tier 1 capital after that date.

(2) The allowance for loan and lease losses can be included in total capital up to a maximum of 1.5% of a bank's risk-weighted assets, including the portion that can be borrowed to make up Tier 1.

(3) Tier 2 capital elements that are not used as part of Tier 1 capital will qualify as part of a national bank's total capital base up to a maximum of 100% of the bank's Tier 1 capital.

(4) In addition to the standards established by these risk-based capital guidelines, all national banks must maintain a minimum capital-to-total assets ratio in accordance with the provisions of 12 CFR part 3.

(b) On December 31, 1992. (1) All national banks are expected to maintain a minimum ratio of total capital (after deductions) to risk-weighted assets of 8.0%.

(2) Tier 2 capital elements qualify as part of a national bank's total capital base up to a maximum of 100% of that bank's Tier 1 capital.

(3) In addition to the standards established by these risk-based capital guidelines, all national banks must maintain a minimum capital-to-total assets ratio in accordance with the provisions of 12 CFR part 3.

APPENDIX A TO PART 3—RISK-BASED CAPITAL GUIDELINES

Section 1. Purpose, Applicability of Guidelines, and Definitions.

\* \* \* \* \*

(c) \* \* \*

(17) Goodwill is an intangible asset that represents the excess of the cost of an acquired entity over the net of the amounts assigned to assets acquired and liabilities assumed.

\* \* \* \* \*

Section 2. Components of Capital.

\* \* \* \* \*

(c) Deductions from Capital. The following items are deducted from the appropriate portion of a national bank's capital base when calculating its risk-based capital ratio:

(1) Deductions from Tier 1 Capital. The following items are deducted from Tier 1 capital before the Tier 2 portion of the calculation is made:

\* \* \* \* \*

(3) \* \* \* (i) Net unrealized gains and losses on available-for-sale securities. \* \* \*

\* \* \* \* \*

(6) *Netting of Deferred Tax Liability.* (i) Banks may elect to deduct the following assets from Tier 1 capital on a basis that is net of any associated deferred tax liability:

- (A) Goodwill;
- (B) Intangible assets acquired due to a non-taxable purchase business combination, except banks may not elect to deduct from Tier 1 capital on a basis that is net of any associated deferred tax liability, regardless of the method by which they were acquired:
  - (1) Purchased credit card relationships; and
  - (2) Servicing assets that are includable in Tier 1 capital;
- (C) Disallowed servicing assets;
- (D) Disallowed credit-enhancing interest-only strips; and
- (E) Nonfinancial equity investments, as defined in section 1(c)(1) of this appendix A.
  - (ii) Deferred tax liabilities netted in this manner cannot also be netted against deferred tax assets when determining the amount of deferred tax assets that are dependent upon future taxable income as calculated under section 2(c)(1)(iii) of this appendix A.

(2) The OCC may apply this appendix to any national bank if the OCC deems it necessary or appropriate for safe and sound banking practices.

(3) The OCC may exclude a national bank otherwise meeting the criteria of paragraph (b)(1) of this section from coverage under this appendix if it determines the bank meets such criteria as a consequence of accounting, operational, or similar considerations, and the OCC deems it consistent with safe and sound banking practices.

(c) *Scope.* The capital requirements of this appendix support market risk associated with a bank's covered positions.

(d) *Effective date.* This appendix is effective as of January 1, 1997. Compliance is not mandatory until January 1, 1998. Subject to supervisory approval, a bank may opt to comply with this appendix as early as January 1, 1997.<sup>4</sup>

*Section 2. Definitions*

For purposes of this appendix, the following definitions apply:

(a) *Covered positions* means all positions in a bank's trading account, and all foreign exchange<sup>5</sup> and commodity positions, whether or not in the trading account.<sup>6</sup> Positions include on-balance-sheet assets and liabilities and off-balance-sheet items. Securities subject to repurchase and lending agreements are included as if they are still owned by the lender. Asset backed commercial paper liquidity facilities, in form or in substance, in a bank's trading account are excluded from covered positions, and instead, are subject to the risk-based capital requirements as provided in appendix A of this part.

(b) *Market risk* means the risk of loss resulting from movements in market prices. Market risk consists of general market risk and specific risk components.

(1) *General market risk* means changes in the market value of covered positions resulting from broad market movements, such as changes in the general level of interest rates, equity prices, foreign exchange rates, or commodity prices.

(2) *Specific risk* means changes in the market value of specific positions due to factors other than broad market movements and includes default and event risk as well as idiosyncratic variations.

(c) *Tier 1* and *Tier 2* capital are the same as defined in appendix A of this part.

\* \* \* \* \*

APPENDIX B TO PART 3—RISK-BASED  
CAPITAL GUIDELINES; MARKET RISK  
ADJUSTMENT

*Section 1. Purpose, Applicability, Scope, and  
Effective Date*

(a) *Purpose.* The purpose of this appendix is to ensure that banks with significant exposure to market risk maintain adequate capital to support that exposure.<sup>1</sup> This appendix supplements and adjusts the risk-based capital ratio calculations under appendix A of this part with respect to those banks.

(b) *Applicability.* (1) This appendix applies to any national bank whose trading activity<sup>2</sup> (on a worldwide consolidated basis) equals:

- (i) 10 percent or more of total assets;<sup>3</sup> or
- (ii) \$1 billion or more.

<sup>1</sup>This appendix is based on a framework developed jointly by supervisory authorities from the countries represented on the Basle Committee on Banking Supervision and endorsed by the Group of Ten Central Bank Governors. The framework is described in a Basle Committee paper entitled "Amendment to the Capital Accord to Incorporate Market Risk," January 1996.

<sup>2</sup>Trading activity means the gross sum of trading assets and liabilities as reported in the bank's most recent quarterly Consolidated Report of Condition and Income (Call Report).

<sup>3</sup>Total assets means quarter-end total assets as reported in the bank's most recent Call Report.

<sup>4</sup>A bank that voluntarily complies with the final rule prior to January 1, 1998, must comply with all of its provisions.

<sup>5</sup>Subject to supervisory review, a bank may exclude structural positions in foreign currencies from its covered positions.

<sup>6</sup>The term trading account is defined in the instructions to the Call Report.

(d) *Tier 3 capital* is subordinated debt that is unsecured; is fully paid up; has an original maturity of at least two years; is not redeemable before maturity without prior approval by the OCC; includes a lock-in clause precluding payment of either interest or principal (even at maturity) if the payment would cause the issuing bank's risk-based capital ratio to fall or remain below the minimum required under appendix A of this part; and does not contain and is not covered by any covenants, terms, or restrictions that are inconsistent with safe and sound banking practices.

(e) *Value-at-risk (VAR)* means the estimate of the maximum amount that the value of covered positions could decline during a fixed holding period within a stated confidence level, measured in accordance with section 4 of this appendix.

#### *Section 3. Adjustments to the Risk-Based Capital Ratio Calculations*

(a) *Risk-based capital ratio denominator.* A bank subject to this appendix shall calculate its risk-based capital ratio denominator as follows:

(1) *Adjusted risk-weighted assets.* (i) *Covered positions.* Calculate adjusted risk-weighted assets, which equal risk-weighted assets (as determined in accordance with appendix A of this part), excluding the risk-weighted amount of all covered positions (except foreign exchange positions outside the trading account and over-the-counter derivatives positions).<sup>7</sup>

(ii) *Securities borrowing transactions.* In calculating adjusted risk-weighted assets, a bank also may exclude a receivable that results from the bank's posting of cash collateral in a securities borrowing transaction to the extent that the receivable is collateralized by the market value of the borrowed securities and subject to the following conditions:

(A) The borrowed securities must be includable in the trading account and must be liquid and readily marketable;

(B) The borrowed securities must be marked to market daily;

(C) The receivable must be subject to a daily margining requirement; and

(D) (1) The transaction is a securities contract for the purposes of section 555 of the Bankruptcy Code (11 U.S.C. 555), a qualified financial contract for the purposes of section 11(e)(8) of the Federal Deposit Insurance Act (12 U.S.C. 1821(e)(8)), or a netting contract between or among financial institutions for

the purposes of sections 401–407 of the Federal Deposit Insurance Corporation Improvement Act of 1991 (12 U.S.C. 4401–4407), or the Board's Regulation EE (12 CFR Part 231); or

(2) If the transaction does not meet the criteria set forth in paragraph (a)(1)(ii)(D)(1) of this section, then either:

(i) The bank has conducted sufficient legal review to reach a well-founded conclusion that:

(A) The securities borrowing agreement executed in connection with the transaction provides the bank the right to accelerate, terminate, and close-out on a net basis all transactions under the agreement and to liquidate or set off collateral promptly upon an event of counterparty default, including in a bankruptcy, insolvency, or other similar proceeding of the counterparty; and

(B) Under applicable law of the relevant jurisdiction, its rights under the agreement are legal, valid, binding, and enforceable and any exercise of rights under the agreement will not be stayed or avoided; or

(ii) The transaction is either overnight or unconditionally cancelable at any time by the bank, and the bank has conducted sufficient legal review to reach a well-founded conclusion that:

(A) The securities borrowing agreement executed in connection with the transaction provides the bank the right to accelerate, terminate, and close-out on a net basis all transactions under the agreement and to liquidate or set off collateral promptly upon an event of counterparty default; and

(B) Under the law governing the agreement, its rights under the agreement are legal, valid, binding, and enforceable.

(2) *Measure for market risk.* Calculate the measure for market risk, which equals the sum of the VAR-based capital charge, the specific risk add-on (if any), and the capital charge for de minimis exposure (if any).

(i) *VAR-based capital charge.* The VAR-based capital charge equals the higher of:

(A) The previous day's VAR measure; or

(B) The average of the daily VAR measures for each of the preceding 60 business days multiplied by three, except as provided in section 4(e) of this appendix;

(ii) *Specific risk add-on.* The specific risk add-on is calculated in accordance with section 5 of this appendix; and

(iii) *Capital charge for de minimis exposure.* The capital charge for de minimis exposure is calculated in accordance with section 4(a) of this appendix.

(3) *Market risk equivalent assets.* Calculate market risk equivalent assets by multiplying the measure for market risk (as calculated in paragraph (a)(2) of this section) by 12.5.

(4) *Denominator calculation.* Add market risk equivalent assets (as calculated in paragraph (a)(3) of this section) to adjusted risk-weighted assets (as calculated in paragraph

<sup>7</sup>Foreign exchange position outside the trading account and all over-the-counter derivative positions, whether or not in the trading account, must be included in adjusted risk-weighted assets as determined in appendix A of this part 3.

(a)(1) of this section). The resulting sum is the bank's risk-based capital ratio denominator.

(b) *Risk-based capital ratio numerator.* A bank subject to this appendix shall calculate its risk-based capital ratio numerator by allocating capital as follows:

(1) *Credit risk allocation.* Allocate Tier 1 and Tier 2 capital equal to 8.0 percent of adjusted risk-weighted assets (as calculated in paragraph (a)(1) of this section).<sup>8</sup>

(2) *Market risk allocation.* Allocate Tier 1, Tier 2, and Tier 3 capital equal to the measure for market risk as calculated in paragraph (a)(2) of this section. The sum of Tier 2 and Tier 3 capital allocated for market risk must not exceed 250 percent of Tier 1 capital allocated for market risk. (This requirement means that Tier 1 capital allocated in this paragraph (b)(2) must equal at least 28.6 percent of the measure for market risk.)

(3) *Restrictions.* (i) The sum of Tier 2 capital (both allocated and excess) and Tier 3 capital (allocated in paragraph (b)(2) of this section) may not exceed 100 percent of Tier 1 capital (both allocated and excess).<sup>9</sup>

(ii) Term subordinated debt (and intermediate-term preferred stock and related surplus) included in Tier 2 capital (both allocated and excess) may not exceed 50 percent of Tier 1 capital (both allocated and excess).

(4) *Numerator calculation.* Add Tier 1 capital (both allocated and excess), Tier 2 capital (both allocated and excess), and Tier 3 capital (allocated under paragraph (b)(2) of this section). The resulting sum is the bank's risk-based capital ratio numerator.

#### Section 4. Internal Models

(a) *General.* For risk-based capital purposes, a bank subject to this appendix must use its internal model to measure its daily VAR, in accordance with the requirements of this section.<sup>10</sup> The OCC may permit a bank

<sup>8</sup>A bank may not allocate Tier 3 capital to support credit risk (as calculated under appendix A).

<sup>9</sup>Excess Tier 1 capital means Tier 1 capital that has not been allocated in paragraphs (b)(1) and (b)(2) of this section. Excess Tier 2 capital means Tier 2 capital that has not been allocated in paragraph (b)(1) and (b)(2) of this section, subject to the restrictions in paragraph (b)(3) of this section.

<sup>10</sup>A bank's internal model may use any generally accepted measurement techniques, such as variance-covariance models, historical simulations, or Monte Carlo simulations. However, the level of sophistication and accuracy of a bank's internal model must be commensurate with the nature and size of its covered positions. A bank that modifies its existing modeling procedures to comply with the requirements of this appendix for risk-based capital purposes should,

to use alternative techniques to measure the market risk of de minimis exposures so long as the techniques adequately measure associated market risk.

(b) *Qualitative requirements.* A bank subject to this appendix must have a risk management system that meets the following minimum qualitative requirements:

(1) The bank must have a risk control unit that reports directly to senior management and is independent from business trading units.

(2) The bank's internal risk measurement model must be integrated into the daily management process.

(3) The bank's policies and procedures must identify, and the bank must conduct, appropriate stress tests and backtests.<sup>11</sup> The bank's policies and procedures must identify the procedures to follow in response to the results of such tests.

(4) The bank must conduct independent reviews of its risk measurement and risk management systems at least annually.

(c) *Market risk factors.* The bank's internal model must use risk factors sufficient to measure the market risk inherent in all covered positions. The risk factors must address interest rate risk,<sup>12</sup> equity price risk, foreign exchange rate risk, and commodity price risk.

(d) *Quantitative requirements.* For regulatory capital purposes, VAR measures must meet the following quantitative requirements:

(1) The VAR measures must be calculated on a daily basis using a 99 percent, one-tailed confidence level with a price shock equivalent to a ten-business day movement in rates and prices. In order to calculate VAR measures based on a ten-day price shock, the bank may either calculate ten-day figures directly or convert VAR figures based on holding periods other than ten days to the equivalent of a ten-day holding period (for instance, by multiplying a one-day VAR measure by the square root of ten).

nonetheless, continue to use the internal model it considers most appropriate in evaluating risks for other purposes.

<sup>11</sup>Stress tests provide information about the impact of adverse market events on a bank's covered positions. Backtests provide information about the accuracy of an internal model by comparing a bank's daily VAR measures to its corresponding daily trading profits and losses.

<sup>12</sup>For material exposures in the major currencies and markets, modeling techniques must capture spread risk and must incorporate enough segments of the yield curve—at least six—to capture differences in volatility and less than perfect correlation of rates along the yield curve.

**Pt. 3, App. B**

**12 CFR Ch. I (1–1–09 Edition)**

(2) The VAR measures must be based on a historical observation period (or effective observation period for a bank using a weighting scheme or other similar method) of at least one year. The bank must update data sets at least once every three months or more frequently as market conditions warrant.

(3) The VAR measures must include the risks arising from the non-linear price characteristics of options positions and the sensitivity of the market value of the positions to changes in the volatility of the underlying rates or prices. A bank with a large or complex options portfolio must measure the volatility of options positions by different maturities.

(4) The VAR measures may incorporate empirical correlations within and across risk categories, provided that the bank's process for measuring correlations is sound. In the event that the VAR measures do not incorporate empirical correlations across risk categories, then the bank must add the separate VAR measures for the four major risk categories to determine its aggregate VAR measure.

(e) *Backtesting.* (1) Beginning one year after a bank starts to comply with this appendix, a bank must conduct backtesting by comparing each of its most recent 250 business days' actual net trading profit or loss<sup>13</sup> with the corresponding daily VAR measures generated for internal risk measurement purposes and calibrated to a one-day holding period and a 99 percent, one-tailed confidence level.

(2) Once each quarter, the bank must identify the number of exceptions, that is, the number of business days for which the magnitude of the actual daily net trading loss, if any, exceeds the corresponding daily VAR measure.

(3) A bank must use the multiplication factor indicated in Table 1 of this appendix in determining its capital charge for market risk under section 3(a)(2)(i)(B) of this appendix until it obtains the next quarter's backtesting results, unless the OCC determines that a different adjustment or other action is appropriate.

*Section 5. Specific Risk*

(a) *Specific risk surcharge.* For purposes of section 3(a)(2)(ii) of this appendix, a bank shall calculate its specific risk surcharge as follows:

(1) *Internal models that incorporate specific risk.* (i) *No specific risk surcharge required for qualifying internal models.* A bank that incorporates specific risk in its internal model has no specific risk surcharge for purposes of section 3(a)(2)(ii) of this appendix if the bank demonstrates to the OCC that its internal model adequately measures all aspects of specific risk, including default and event risk, of covered debt and equity positions. In evaluating a bank's internal model the OCC will take into account the extent to which the internal model:

- (A) Explains the historical price variation in the trading portfolio; and
- (B) Captures concentrations.

(ii) *Specific risk surcharge for modeled specific risk that fails to adequately measure default or event risk.* A bank that incorporates specific risk in its internal model but fails to demonstrate that its internal model adequately measures all aspects of specific risk, including default and event risk, as provided by this section 5(a)(1), must calculate its specific risk surcharge in accordance with one of the following methods:

(A) If the bank's internal model separates the VAR measure into a specific risk portion and a general market risk portion, then the specific risk surcharge equals the previous day's specific risk portion.

(B) If the bank's internal model does not separate the VAR measure into a specific risk portion and a general market risk portion, then the specific risk surcharge equals the sum of the previous day's VAR measure for subportfolios of covered debt and equity positions.

(2) *Specific risk surcharge for specific risk not modeled.* If a bank does not model specific risk in accordance with section 5(a)(1) of this appendix, then the bank shall calculate its specific risk surcharge using the standard specific risk capital charge in accordance with section 5(c) of this appendix.

(b) *Covered debt and equity positions.* If a model includes the specific risk of covered debt positions but not covered equity positions (or vice versa), then the bank may reduce its specific risk charge for the included

positions under section 5(a)(1)(ii) of this appendix. The specific risk charge for the positions not included equals the standard specific risk capital charge under paragraph (c) of this section.

(c) *Standard specific risk capital charge.* The standard specific risk capital charge equals the sum of the components for covered debt and equity positions as follows:

(1) Covered debt positions. (i) For purposes of this section 5, covered debt positions means fixed-rate or floating-rate debt instruments located in the trading account and instruments located in the trading account with values that react primarily to changes in interest rates, including certain non-convertible preferred stock, convertible bonds, and instruments subject to repurchase and lending agreements. Also included are derivatives (including written and purchased options) for which the underlying instrument is a covered debt instrument that is subject to a non-zero specific risk capital charge.

(A) For covered debt positions that are derivatives, a bank must risk-weight (as described in paragraph (c)(1)(iii) of this section) the market value of the effective notional amount of the underlying debt instrument or index portfolio. Swaps must be included as the notional position in the underlying debt instrument or index portfolio, with a receiving side treated as a long position and a paying side treated as a short position; and

(B) For covered debt positions that are options, whether long or short, a bank must risk-weight (as described in paragraph (c)(1)(iii) of this section) the market value of the effective notional amount of the underlying debt instrument or index multiplied by the option's delta.

(ii) A bank may net long and short covered debt positions (including derivatives) in identical debt issues or indices.

(iii) A bank must multiply the absolute value of the current market value of each net long or short covered debt position by the appropriate specific risk weighting factor indicated in Table 2 of this appendix. The specific risk capital charge component for covered debt positions is the sum of the weighted values.

<sup>1</sup>The "government" category includes all debt instruments of central governments of OECD countries (as defined in appendix A of this part) including bonds, Treasury bills, and other short-term instruments, as well as local currency instruments of non-OECD central governments to the extent the bank has liabilities booked in that currency.

<sup>2</sup>The "qualifying" category includes debt instruments of U.S. government-sponsored agencies (as defined in appendix A of this part), general obligation debt instruments issued by states and other political subdivisions of OECD countries, multilateral development banks (as defined in appendix A of this part), and debt instruments issued by U.S. depository institutions or OECD-banks (as defined in appendix A of this part) that do not qualify as capital of the issuing institution. This category also includes other debt instruments, including corporate debt and revenue instruments issued by states and other political subdivisions of OECD countries, that are: (1) Rated investment grade by at least two nationally recognized credit rating services; (2) rated investment grade by one nationally recognized credit rating agency and not rated less than investment grade by any other credit rating agency; or (3) unrated, but deemed to be of comparable investment quality by the reporting bank and the issuer has instruments listed on a recognized stock exchange, subject to review by the OCC.

<sup>3</sup>The "other" category includes debt instruments that are not included in the government or qualifying categories.

(2) *Covered equity positions.* (i) For purposes of this section 5, covered equity positions means equity instruments located in the trading account and instruments located in the trading account with values that react primarily to changes in equity prices, including voting or non-voting common stock, certain convertible bonds, and commitments to buy or sell equity instruments. Also included are derivatives (including written and purchased options) for which the underlying is a covered equity position.

(A) For covered equity positions that are derivatives, a bank must risk weight (as described in paragraph (c)(2)(iii) of this section) the market value of the effective notional amount of the underlying equity instrument or equity portfolio. Swaps must be included as the notional position in the underlying equity instrument or index portfolio, with a receiving side treated as a long position and a paying side treated as a short position; and

(B) For covered equity positions that are options, whether long or short, a bank must risk weight (as described in paragraph (c)(2)(iii) of this section) the market value of the effective notional amount of the underlying equity instrument or index multiplied by the option's delta.

(ii) A bank may net long and short covered equity positions (including derivatives) in identical equity issues or equity indices in the same market.<sup>14</sup>

<sup>14</sup>A bank may also net positions in depository receipts against an opposite position in

(iii)(A) A bank must multiply the absolute value of the current market value of each net long or short covered equity position by a risk weighting factor of 8.0 percent, or by 4.0 percent if the equity is held in a portfolio that is both liquid and well-diversified.<sup>15</sup> For covered equity positions that are index contracts comprising a well-diversified portfolio of equity instruments, the net long or short position is multiplied by a risk weighting factor of 2.0 percent.

(B) For covered equity positions from the following futures-related arbitrage strategies, a bank may apply a 2.0 percent risk weighting factor to one side (long or short) of each position with the opposite side exempt from charge:

(1) Long and short positions in exactly the same index at different dates or in different market centers; or

(2) Long and short positions in index contracts at the same date in different but similar indices.

(C) For futures contracts on broadly-based indices that are matched by offsetting positions in a basket of stocks comprising the index, a bank may apply a 2.0 percent risk weighting factor to the futures and stock basket positions (long and short), provided that such trades are deliberately entered into and separately controlled, and that the basket of stocks comprises at least 90 percent of the capitalization of the index.

(iv) The specific risk capital charge component for covered equity positions is the sum of the weighted values.

#### *Section 6. Reservation of Authority*

The OCC reserves the authority to modify the application of any of the provisions in this appendix to any bank, upon reasonable justification.

[61 FR 47367, Sept. 6, 1996, as amended at 62 FR 68067, Dec. 30, 1997; 65 FR 75858, Dec. 5, 2000; 69 FR 44916, July 28, 2004; 71 FR 8936, Feb. 22, 2006]

the underlying equity or identical equity in different markets, provided that the bank includes the costs of conversion.

<sup>15</sup>A portfolio is liquid and well-diversified if: (1) It is characterized by a limited sensitivity to price changes of any single equity issue or closely related group of equity issues held in the portfolio; (2) the volatility of the portfolio's value is not dominated by the volatility of any individual equity issue or by equity issues from any single industry or economic sector; (3) it contains a large number of individual equity positions, with no single position representing a substantial portion of the portfolio's total market value; and (4) it consists mainly of issues traded on organized exchanges or in well-established over-the-counter markets.

PART I. GENERAL PROVISIONS

Section 1. Purpose, Applicability, Reservation of  
Authority, and Principle of Conservatism

(a) *Purpose.* This appendix establishes:

(1) Minimum qualifying criteria for banks using bank-specific internal risk measurement and management processes for calculating risk-based capital requirements;

(2) Methodologies for such banks to calculate their risk-based capital requirements; and

(3) Public disclosure requirements for such banks.

(b) *Applicability.* (1) This appendix applies to a bank that:

(i) Has consolidated assets, as reported on the most recent year-end Consolidated Report of Condition and Income (Call Report) equal to \$250 billion or more;

(ii) Has consolidated total on-balance sheet foreign exposure at the most recent year-end equal to \$10 billion or more (where total on-balance sheet foreign exposure equals total cross-border claims less claims with head office or guarantor located in another country plus redistributed guaranteed amounts to the country of head office or guarantor plus local country claims on local residents plus revaluation gains on foreign exchange and derivative products, calculated in accordance with the Federal Financial Institutions Examination Council (FFIEC) 009 Country Exposure Report);

(iii) Is a subsidiary of a depository institution that uses 12 CFR part 3, appendix C, 12 CFR part 208, appendix F, 12 CFR part 325, appendix D, or 12 CFR part 567, appendix C, to calculate its risk-based capital requirements; or

(iv) Is a subsidiary of a bank holding company that uses 12 CFR part 225, appendix G, to calculate its risk-based capital requirements.

(2) Any bank may elect to use this appendix to calculate its risk-based capital requirements.

(3) A bank that is subject to this appendix must use this appendix unless the OCC determines in writing that application of this appendix is not appropriate in light of the bank's asset size, level of complexity, risk profile, or scope of operations. In making a determination under this paragraph, the OCC will apply notice and response procedures in the same manner and to the same extent as the notice and response procedures in 12 CFR 3.12.

(c) *Reservation of authority*—(1) *Additional capital in the aggregate.* The OCC may require

a bank to hold an amount of capital greater than otherwise required under this appendix if the OCC determines that the bank's risk-based capital requirement under this appendix is not commensurate with the bank's credit, market, operational, or other risks. In making a determination under this paragraph, the OCC will apply notice and response procedures in the same manner and to the same extent as the notice and response procedures in 12 CFR 3.12.

(2) *Specific risk-weighted asset amounts.* (i) If the OCC determines that the risk-weighted asset amount calculated under this appendix by the bank for one or more exposures is not commensurate with the risks associated with those exposures, the OCC may require the bank to assign a different risk-weighted asset amount to the exposures, to assign different risk parameters to the exposures (if the exposures are wholesale or retail exposures), or to use different model assumptions for the exposures (if relevant), all as specified by the OCC.

(ii) If the OCC determines that the risk-weighted asset amount for operational risk produced by the bank under this appendix is not commensurate with the operational risks of the bank, the OCC may require the bank to assign a different risk-weighted asset amount for operational risk, to change elements of its operational risk analytical framework, including distributional and dependence assumptions, or to make other changes to the bank's operational risk management processes, data and assessment systems, or quantification systems, all as specified by the OCC.

(3) *Other supervisory authority.* Nothing in this appendix limits the authority of the OCC under any other provision of law or regulation to take supervisory or enforcement action, including action to address unsafe or unsound practices or conditions, deficient capital levels, or violations of law.

(d) *Principle of conservatism.* Notwithstanding the requirements of this appendix, a bank may choose not to apply a provision of this appendix to one or more exposures, provided that:

(1) The bank can demonstrate on an ongoing basis to the satisfaction of the OCC that not applying the provision would, in all circumstances, unambiguously generate a risk-based capital requirement for each such exposure greater than that which would otherwise be required under this appendix;

(2) The bank appropriately manages the risk of each such exposure;

(3) The bank notifies the OCC in writing prior to applying this principle to each such exposure; and

(4) The exposures to which the bank applies this principle are not, in the aggregate, material to the bank.

*Section 2. Definitions*

*Advanced internal ratings-based (IRB) systems* means a bank's internal risk rating and segmentation system; risk parameter quantification system; data management and maintenance system; and control, oversight, and validation system for credit risk of wholesale and retail exposures.

(2) Is backed by underlying exposures held in a bankruptcy-remote SPE.

*Asset-backed commercial paper (ABCP) program sponsor* means a bank that:

(1) Establishes an ABCP program;

(2) Approves the sellers permitted to participate in an ABCP program;

(3) Approves the exposures to be purchased by an ABCP program; or

(4) Administers the ABCP program by monitoring the underlying exposures, underwriting or otherwise arranging for the placement of debt or other obligations issued by the program, compiling monthly reports, or ensuring compliance with the program documents and with the program's credit and investment policy.

*Backtesting* means the comparison of a bank's internal estimates with actual outcomes during a sample period not used in model development. In this context, backtesting is one form of out-of-sample testing.

*Bank holding company* is defined in section 2 of the Bank Holding Company Act (12 U.S.C. 1841).

*Carrying value* means, with respect to an asset, the value of the asset on the balance sheet of the bank, determined in accordance with GAAP.

*Clean-up call* means a contractual provision that permits an originating bank or servicer to call securitization exposures before their stated maturity or call date. See also *eligible clean-up call*.

*Commodity derivative contract* means a commodity-linked swap, purchased commodity-linked option, forward commodity-linked contract, or any other instrument linked to commodities that gives rise to similar counterparty credit risks.

*Company* means a corporation, partnership, limited liability company, depository institution, business trust, special purpose entity, association, or similar organization.

*Control*. A person or company *controls* a company if it:

(1) Owns, controls, or holds with power to vote 25 percent or more of a class of voting securities of the company; or

(2) Consolidates the company for financial reporting purposes.

*Controlled early amortization provision* means an early amortization provision that meets all the following conditions:

(1) The originating bank has appropriate policies and procedures to ensure that it has sufficient capital and liquidity available in the event of an early amortization;

(2) Throughout the duration of the securitization (including the early amortization period), there is the same pro rata sharing of interest, principal, expenses, losses, fees, recoveries, and other cash flows from the underlying exposures based on the originating bank's and the investors' relative shares of the underlying exposures outstanding measured on a consistent monthly basis;

(3) The amortization period is sufficient for at least 90 percent of the total underlying exposures outstanding at the beginning of the early amortization period to be repaid or recognized as in default; and

(4) The schedule for repayment of investor principal is not more rapid than would be allowed by straight-line amortization over an 18-month period.

*Credit derivative* means a financial contract executed under standard industry credit derivative documentation that allows one party (the protection purchaser) to transfer the credit risk of one or more exposures (reference exposure) to another party (the protection provider). See also *eligible credit derivative*.

*Credit-enhancing interest-only strip (CEIOS)* means an on-balance sheet asset that, in form or in substance:

(1) Represents a contractual right to receive some or all of the interest and no more than a minimal amount of principal due on the underlying exposures of a securitization; and

(2) Exposes the holder to credit risk directly or indirectly associated with the underlying exposures that exceeds a pro rata share of the holder's claim on the underlying exposures, whether through subordination provisions or other credit-enhancement techniques.

*Credit-enhancing representations and warranties* means representations and warranties that are made or assumed in connection with a transfer of underlying exposures (including loan servicing assets) and that obligate a bank to protect another party from losses arising from the credit risk of the underlying exposures. Credit-enhancing representations and warranties include provisions to protect a party from losses resulting from the default or nonperformance of the obligors of the underlying exposures or from an insufficiency in the value of the collateral backing the underlying exposures. Credit-enhancing representations and warranties do not include:

(1) Early default clauses and similar warranties that permit the return of, or premium refund clauses that cover, first-lien residential mortgage exposures for a period not to exceed 120 days from the date of transfer, provided that the date of transfer is within one year of origination of the residential mortgage exposure;

(2) Premium refund clauses that cover underlying exposures guaranteed, in whole or in part, by the U.S. government, a U.S. government agency, or a U.S. government sponsored enterprise, provided that the clauses are for a period not to exceed 120 days from the date of transfer; or

Current exposure is also called replacement cost.

*Default—(1) Retail.* (i) A retail exposure of a bank is in default if:

(A) The exposure is 180 days past due, in the case of a residential mortgage exposure or revolving exposure;

(B) The exposure is 120 days past due, in the case of all other retail exposures; or

(C) The bank has taken a full or partial charge-off, write-down of principal, or material negative fair value adjustment of principal on the exposure for credit-related reasons.

(ii) Notwithstanding paragraph (1)(i) of this definition, for a retail exposure held by a non-U.S. subsidiary of the bank that is subject to an internal ratings-based approach to capital adequacy consistent with the Basel Committee on Banking Supervision's "International Convergence of Capital Measurement and Capital Standards: A Revised Framework" in a non-U.S. jurisdiction, the bank may elect to use the definition of default that is used in that jurisdiction, provided that the bank has obtained prior approval from the OCC to use the definition of default in that jurisdiction.

(iii) A retail exposure in default remains in default until the bank has reasonable assurance of repayment and performance for all contractual principal and interest payments on the exposure.

(2) *Wholesale.* (i) A bank's wholesale obligor is in default if:

(A) The bank determines that the obligor is unlikely to pay its credit obligations to the bank in full, without recourse by the bank to actions such as realizing collateral (if held); or

(B) The obligor is past due more than 90 days on any material credit obligation(s) to the bank.<sup>1</sup>

(ii) An obligor in default remains in default until the bank has reasonable assurance of repayment and performance for all contractual principal and interest payments on all exposures of the bank to the obligor (other than exposures that have been fully written-down or charged-off).

<sup>1</sup>Overdrafts are past due once the obligor has breached an advised limit or been advised of a limit smaller than the current outstanding balance.

*Depository institution* is defined in section 3 of the Federal Deposit Insurance Act (12 U.S.C. 1813).

*Derivative contract* means a financial contract whose value is derived from the values of one or more underlying assets, reference rates, or indices of asset values or reference rates. Derivative contracts include interest rate derivative contracts, exchange rate derivative contracts, equity derivative contracts, commodity derivative contracts, credit derivatives, and any other instrument that poses similar counterparty credit risks. Derivative contracts also include unsettled securities, commodities, and foreign exchange transactions with a contractual settlement or delivery lag that is longer than the lesser of the market standard for the particular instrument or five business days.

*Early amortization provision* means a provision in the documentation governing a securitization that, when triggered, causes investors in the securitization exposures to be repaid before the original stated maturity of the securitization exposures, unless the provision:

(1) Is triggered solely by events not directly related to the performance of the underlying exposures or the originating bank (such as material changes in tax laws or regulations); or

(2) Leaves investors fully exposed to future draws by obligors on the underlying exposures even after the provision is triggered.

*Economic downturn conditions* means, with respect to an exposure held by the bank, those conditions in which the aggregate default rates for that exposure's wholesale or retail exposure subcategory (or subdivision of such subcategory selected by the bank) in the exposure's national jurisdiction (or subdivision of such jurisdiction selected by the bank) are significantly higher than average.

*Effective maturity (M)* of a wholesale exposure means:

(1) For wholesale exposures other than repo-style transactions, eligible margin loans, and OTC derivative contracts described in paragraph (2) or (3) of this definition:

(i) The weighted-average remaining maturity (measured in years, whole or fractional) of the expected contractual cash flows from the exposure, using the undiscounted amounts of the cash flows as weights; or

(ii) The nominal remaining maturity (measured in years, whole or fractional) of the exposure.

(2) For repo-style transactions, eligible margin loans, and OTC derivative contracts subject to a qualifying master netting agreement for which the bank does not apply the internal models approach in paragraph (d) of section 32 of this appendix, the weighted-average remaining maturity (measured in years, whole or fractional) of the individual transactions subject to the qualifying mas-

ter netting agreement, with the weight of each individual transaction set equal to the notional amount of the transaction.

(3) For repo-style transactions, eligible margin loans, and OTC derivative contracts for which the bank applies the internal models approach in paragraph (d) of section 32 of this appendix, the value determined in paragraph (d)(4) of section 32 of this appendix.

*Effective notional amount* means, for an eligible guarantee or eligible credit derivative, the lesser of the contractual notional amount of the credit risk mitigant and the EAD of the hedged exposure, multiplied by the percentage coverage of the credit risk mitigant. For example, the effective notional amount of an eligible guarantee that covers, on a pro rata basis, 40 percent of any losses on a \$100 bond would be \$40.

*Eligible clean-up call* means a clean-up call that:

(1) Is exercisable solely at the discretion of the originating bank or servicer;

(2) Is not structured to avoid allocating losses to securitization exposures held by investors or otherwise structured to provide credit enhancement to the securitization; and

(3) (i) For a traditional securitization, is only exercisable when 10 percent or less of the principal amount of the underlying exposures or securitization exposures (determined as of the inception of the securitization) is outstanding; or

(ii) For a synthetic securitization, is only exercisable when 10 percent or less of the principal amount of the reference portfolio of underlying exposures (determined as of the inception of the securitization) is outstanding.

*Eligible credit derivative* means a credit derivative in the form of a credit default swap,  $n^{\text{th}}$ -to-default swap, total return swap, or any other form of credit derivative approved by the OCC, provided that:

(1) The contract meets the requirements of an eligible guarantee and has been confirmed by the protection purchaser and the protection provider;

(2) Any assignment of the contract has been confirmed by all relevant parties;

(3) If the credit derivative is a credit default swap or  $n^{\text{th}}$ -to-default swap, the contract includes the following credit events:

(i) Failure to pay any amount due under the terms of the reference exposure, subject to any applicable minimal payment threshold that is consistent with standard market practice and with a grace period that is closely in line with the grace period of the reference exposure; and

(ii) Bankruptcy, insolvency, or inability of the obligor on the reference exposure to pay its debts, or its failure or admission in writing of its inability generally to pay its debts as they become due, and similar events;

(4) The terms and conditions dictating the manner in which the contract is to be settled are incorporated into the contract;

(5) If the contract allows for cash settlement, the contract incorporates a robust valuation process to estimate loss reliably and specifies a reasonable period for obtaining post-credit event valuations of the reference exposure;

(6) If the contract requires the protection purchaser to transfer an exposure to the protection provider at settlement, the terms of at least one of the exposures that is permitted to be transferred under the contract provides that any required consent to transfer may not be unreasonably withheld;

(7) If the credit derivative is a credit default swap or n<sup>th</sup>-to-default swap, the contract clearly identifies the parties responsible for determining whether a credit event has occurred, specifies that this determination is not the sole responsibility of the protection provider, and gives the protection purchaser the right to notify the protection provider of the occurrence of a credit event; and

(8) If the credit derivative is a total return swap and the bank records net payments received on the swap as net income, the bank records offsetting deterioration in the value of the hedged exposure (either through reductions in fair value or by an addition to reserves).

*Eligible credit reserves* means all general allowances that have been established through a charge against earnings to absorb credit losses associated with on- or off-balance sheet wholesale and retail exposures, including the allowance for loan and lease losses (ALLL) associated with such exposures but excluding allocated transfer risk reserves established pursuant to 12 U.S.C. 3904 and other specific reserves created against recognized losses.

*Eligible double default guarantor*, with respect to a guarantee or credit derivative obtained by a bank, means:

(1) *U.S.-based entities*. A depository institution, a bank holding company, a savings and loan holding company (as defined in 12 U.S.C. 1467a) provided all or substantially all of the holding company's activities are permissible for a financial holding company under 12 U.S.C. 1843(k), a securities broker or dealer registered with the SEC under the Securities Exchange Act of 1934 (15 U.S.C. 78o *et seq.*), or an insurance company in the business of providing credit protection (such as a monoline bond insurer or re-insurer) that is subject to supervision by a State insurance regulator, if:

(i) At the time the guarantor issued the guarantee or credit derivative or at any time thereafter, the bank assigned a PD to the guarantor's rating grade that was equal to or lower than the PD associated with a long-

term external rating in the third-highest investment-grade rating category; and

(ii) The bank currently assigns a PD to the guarantor's rating grade that is equal to or lower than the PD associated with a long-term external rating in the lowest investment-grade rating category; or

(2) *Non-U.S.-based entities*. A foreign bank (as defined in §211.2 of the Federal Reserve Board's Regulation K (12 CFR 211.2)), a non-U.S.-based securities firm, or a non-U.S.-based insurance company in the business of providing credit protection, if:

(i) The bank demonstrates that the guarantor is subject to consolidated supervision and regulation comparable to that imposed on U.S. depository institutions, securities broker-dealers, or insurance companies (as the case may be), or has issued and outstanding an unsecured long-term debt security without credit enhancement that has a long-term applicable external rating of at least investment grade;

(ii) At the time the guarantor issued the guarantee or credit derivative or at any time thereafter, the bank assigned a PD to the guarantor's rating grade that was equal to or lower than the PD associated with a long-term external rating in the third-highest investment-grade rating category; and

(iii) The bank currently assigns a PD to the guarantor's rating grade that is equal to or lower than the PD associated with a long-term external rating in the lowest investment-grade rating category.

*Eligible guarantee* means a guarantee that:

(1) Is written and unconditional;

(2) Covers all or a pro rata portion of all contractual payments of the obligor on the reference exposure;

(3) Gives the beneficiary a direct claim against the protection provider;

(4) Is not unilaterally cancelable by the protection provider for reasons other than the breach of the contract by the beneficiary;

(5) Is legally enforceable against the protection provider in a jurisdiction where the protection provider has sufficient assets against which a judgment may be attached and enforced;

(6) Requires the protection provider to make payment to the beneficiary on the occurrence of a default (as defined in the guarantee) of the obligor on the reference exposure in a timely manner without the beneficiary first having to take legal actions to pursue the obligor for payment;

(7) Does not increase the beneficiary's cost of credit protection on the guarantee in response to deterioration in the credit quality of the reference exposure; and

(8) Is not provided by an affiliate of the bank, unless the affiliate is an insured depository institution, bank, securities broker or dealer, or insurance company that:

*Eligible margin loan* means an extension of credit where:

(1) The extension of credit is collateralized exclusively by liquid and readily marketable debt or equity securities, gold, or conforming residential mortgages;

(2) The collateral is marked to market daily, and the transaction is subject to daily margin maintenance requirements;

(3) The extension of credit is conducted under an agreement that provides the bank the right to accelerate and terminate the extension of credit and to liquidate or set off collateral promptly upon an event of default (including upon an event of bankruptcy, insolvency, or similar proceeding) of the counterparty, provided that, in any such case, any exercise of rights under the agreement will not be stayed or avoided under applicable law in the relevant jurisdictions;<sup>2</sup> and

(4) The bank has conducted sufficient legal review to conclude with a well-founded basis (and maintains sufficient written documentation of that legal review) that the agreement meets the requirements of paragraph (3) of this definition and is legal, valid, binding, and enforceable under applicable law in the relevant jurisdictions.

*Eligible operational risk offsets* means amounts, not to exceed expected operational loss, that:

(1) Are generated by internal business practices to absorb highly predictable and reasonably stable operational losses, including reserves calculated consistent with GAAP; and

(2) Are available to cover expected operational losses with a high degree of certainty over a one-year horizon.

*Eligible purchased wholesale exposure* means a purchased wholesale exposure that:

(1) The bank or securitization SPE purchased from an unaffiliated seller and did not directly or indirectly originate;

(2) Was generated on an arm's-length basis between the seller and the obligor (intercom-

pany accounts receivable and receivables subject to contra-accounts between firms that buy and sell to each other do not satisfy this criterion);

(3) Provides the bank or securitization SPE with a claim on all proceeds from the exposure or a pro rata interest in the proceeds from the exposure;

(4) Has an M of less than one year; and

(5) When consolidated by obligor, does not represent a concentrated exposure relative to the portfolio of purchased wholesale exposures.

*Eligible securitization guarantor* means:

(1) A sovereign entity, the Bank for International Settlements, the International Monetary Fund, the European Central Bank, the European Commission, a Federal Home Loan Bank, Federal Agricultural Mortgage Corporation (Farmer Mac), a multilateral development bank, a depository institution, a bank holding company, a savings and loan holding company (as defined in 12 U.S.C. 1467a) provided all or substantially all of the holding company's activities are permissible for a financial holding company under 12 U.S.C. 1843(k), a foreign bank (as defined in §211.2 of the Federal Reserve Board's Regulation K (12 CFR 211.2)), or a securities firm;

(2) Any other entity (other than a securitization SPE) that has issued and outstanding an unsecured long-term debt security without credit enhancement that has a long-term applicable external rating in one of the three highest investment-grade rating categories; or

(3) Any other entity (other than a securitization SPE) that has a PD assigned by the bank that is lower than or equal to the PD associated with a long-term external rating in the third highest investment-grade rating category.

*Eligible servicer cash advance facility* means a servicer cash advance facility in which:

(1) The servicer is entitled to full reimbursement of advances, except that a servicer may be obligated to make non-reimbursable advances for a particular underlying exposure if any such advance is contractually limited to an insignificant amount of the outstanding principal balance of that exposure;

(2) The servicer's right to reimbursement is senior in right of payment to all other claims on the cash flows from the underlying exposures of the securitization; and

(3) The servicer has no legal obligation to, and does not, make advances to the securitization if the servicer concludes the advances are unlikely to be repaid.

*Equity derivative contract* means an equity-linked swap, purchased equity-linked option, forward equity-linked contract, or any other instrument linked to equities that gives rise to similar counterparty credit risks.

*Equity exposure* means:

<sup>2</sup>This requirement is met where all transactions under the agreement are (i) executed under U.S. law and (ii) constitute "securities contracts" under section 555 of the Bankruptcy Code (11 U.S.C. 555), qualified financial contracts under section 11(e)(8) of the Federal Deposit Insurance Act (12 U.S.C. 1821(e)(8)), or netting contracts between or among financial institutions under sections 401–407 of the Federal Deposit Insurance Corporation Improvement Act of 1991 (12 U.S.C. 4401–4407) or the Federal Reserve Board's Regulation EE (12 CFR part 231).

(1) A security or instrument (whether voting or non-voting) that represents a direct or indirect ownership interest in, and is a residual claim on, the assets and income of a company, unless:

(i) The issuing company is consolidated with the bank under GAAP;

(ii) The bank is required to deduct the ownership interest from tier 1 or tier 2 capital under this appendix;

(iii) The ownership interest incorporates a payment or other similar obligation on the part of the issuing company (such as an obligation to make periodic payments); or

(iv) The ownership interest is a securitization exposure;

(2) A security or instrument that is mandatorily convertible into a security or instrument described in paragraph (1) of this definition;

(3) An option or warrant that is exercisable for a security or instrument described in paragraph (1) of this definition; or

*Excess spread* for a period means:

(1) Gross finance charge collections and other income received by a securitization SPE (including market interchange fees) over a period minus interest paid to the holders of the securitization exposures, servicing fees, charge-offs, and other senior trust or similar expenses of the SPE over the period; divided by

(2) The principal balance of the underlying exposures at the end of the period.

*Exchange rate derivative contract* means a cross-currency interest rate swap, forward foreign-exchange contract, currency option purchased, or any other instrument linked to exchange rates that gives rise to similar counterparty credit risks.

*Excluded mortgage exposure* means any one- to four-family residential pre-sold construction loan for a residence for which the purchase contract is cancelled that would receive a 100 percent risk weight under section 618(a)(2) of the Resolution Trust Corporation Refinancing, Restructuring, and Improvement Act and under and 12 CFR part 3, appendix A, section 3(a)(3)(iii).

*Expected credit loss (ECL)* means:

(1) For a wholesale exposure to a non-defaulted obligor or segment of non-defaulted retail exposures that is carried at fair value with gains and losses flowing through earnings or that is classified as held-for-sale and is carried at the lower of cost or fair value with losses flowing through earnings, zero.

(2) For all other wholesale exposures to non-defaulted obligors or segments of non-defaulted retail exposures, the product of PD

times LGD times EAD for the exposure or segment.

(3) For a wholesale exposure to a defaulted obligor or segment of defaulted retail exposures, the bank's impairment estimate for allowance purposes for the exposure or segment.

(4) Total ECL is the sum of expected credit losses for all wholesale and retail exposures other than exposures for which the bank has applied the double default treatment in section 34 of this appendix.

*Expected exposure (EE)* means the expected value of the probability distribution of non-negative credit risk exposures to a counterparty at any specified future date before the maturity date of the longest term transaction in the netting set. Any negative market values in the probability distribution of market values to a counterparty at a specified future date are set to zero to convert the probability distribution of market values to the probability distribution of credit risk exposures.

*Expected operational loss (EOL)* means the expected value of the distribution of potential aggregate operational losses, as generated by the bank's operational risk quantification system using a one-year horizon.

*Expected positive exposure (EPE)* means the weighted average over time of expected (non-negative) exposures to a counterparty where the weights are the proportion of the time interval that an individual expected exposure represents. When calculating risk-based capital requirements, the average is taken over a one-year horizon.

*Exposure at default (EAD)*. (1) For the on-balance sheet component of a wholesale exposure or segment of retail exposures (other than an OTC derivative contract, or a repo-style transaction or eligible margin loan for which the bank determines EAD under section 32 of this appendix), EAD means:

(i) If the exposure or segment is a security classified as available-for-sale, the bank's carrying value (including net accrued but unpaid interest and fees) for the exposure or segment less any allocated transfer risk reserve for the exposure or segment, less any unrealized gains on the exposure or segment, and plus any unrealized losses on the exposure or segment; or

(ii) If the exposure or segment is not a security classified as available-for-sale, the bank's carrying value (including net accrued but unpaid interest and fees) for the exposure or segment less any allocated transfer risk reserve for the exposure or segment.

(2) For the off-balance sheet component of a wholesale exposure or segment of retail exposures (other than an OTC derivative contract, or a repo-style transaction or eligible margin loan for which the bank determines EAD under section 32 of this appendix) in the form of a loan commitment, line of credit, trade-related letter of credit, or transaction-

related contingency, EAD means the bank's best estimate of net additions to the outstanding amount owed the bank, including estimated future additional draws of principal and accrued but unpaid interest and fees, that are likely to occur over a one-year horizon assuming the wholesale exposure or the retail exposures in the segment were to go into default. This estimate of net additions must reflect what would be expected during economic downturn conditions. Trade-related letters of credit are short-term, self-liquidating instruments that are used to finance the movement of goods and are collateralized by the underlying goods. Transaction-related contingencies relate to a particular transaction and include, among other things, performance bonds and performance-based letters of credit.

(3) For the off-balance sheet component of a wholesale exposure or segment of retail exposures (other than an OTC derivative contract, or a repo-style transaction or eligible margin loan for which the bank determines EAD under section 32 of this appendix) in the form of anything other than a loan commitment, line of credit, trade-related letter of credit, or transaction-related contingency, EAD means the notional amount of the exposure or segment.

(4) EAD for OTC derivative contracts is calculated as described in section 32 of this appendix. A bank also may determine EAD for repo-style transactions and eligible margin loans as described in section 32 of this appendix.

(5) For wholesale or retail exposures in which only the drawn balance has been securitized, the bank must reflect its share of the exposures' undrawn balances in EAD. Undrawn balances of revolving exposures for which the drawn balances have been securitized must be allocated between the seller's and investors' interests on a pro rata basis, based on the proportions of the seller's and investors' shares of the securitized drawn balances.

*Exposure category* means any of the wholesale, retail, securitization, or equity exposure categories.

*External operational loss event data* means, with respect to a bank, gross operational loss amounts, dates, recoveries, and relevant causal information for operational loss events occurring at organizations other than the bank.

*External rating* means a credit rating that is assigned by an NRSRO to an exposure, provided:

(1) The credit rating fully reflects the entire amount of credit risk with regard to all payments owed to the holder of the exposure. If a holder is owed principal and interest on an exposure, the credit rating must fully reflect the credit risk associated with timely repayment of principal and interest. If a holder is owed only principal on an exposure,

the credit rating must fully reflect only the credit risk associated with timely repayment of principal; and

(2) The credit rating is published in an accessible form and is or will be included in the transition matrices made publicly available by the NRSRO that summarize the historical performance of positions rated by the NRSRO.

*Financial collateral* means collateral:

(1) In the form of:

(i) Cash on deposit with the bank (including cash held for the bank by a third-party custodian or trustee);

(ii) Gold bullion;

(iii) Long-term debt securities that have an applicable external rating of one category below investment grade or higher;

(iv) Short-term debt instruments that have an applicable external rating of at least investment grade;

(v) Equity securities that are publicly traded;

(vi) Convertible bonds that are publicly traded;

(vii) Money market mutual fund shares and other mutual fund shares if a price for the shares is publicly quoted daily; or

*GAAP* means generally accepted accounting principles as used in the United States.

*Gain-on-sale* means an increase in the equity capital (as reported on Schedule RC of the Call Report) of a bank that results from a securitization (other than an increase in equity capital that results from the bank's receipt of cash in connection with the securitization).

*Guarantee* means a financial guarantee, letter of credit, insurance, or other similar financial instrument (other than a credit derivative) that allows one party (beneficiary) to transfer the credit risk of one or more specific exposures (reference exposure) to another party (protection provider). See also *eligible guarantee*.

*High volatility commercial real estate (HVCRE) exposure* means a credit facility that finances or has financed the acquisition, development, or construction (ADC) of real property, unless the facility finances:

(1) One- to four-family residential properties; or

(2) Commercial real estate projects in which:

(i) The loan-to-value ratio is less than or equal to the applicable maximum supervisory loan-to-value ratio in the OCC's real estate lending standards at 12 CFR part 34, Subpart D;

(ii) The borrower has contributed capital to the project in the form of cash or unencumbered readily marketable assets (or has paid development expenses out-of-pocket) of at least 15 percent of the real estate's appraised "as completed" value; and

(iii) The borrower contributed the amount of capital required by paragraph (2)(i) of this definition before the bank advances funds under the credit facility, and the capital contributed by the borrower, or internally generated by the project, is contractually required to remain in the project throughout the life of the project. The life of a project concludes only when the credit facility is converted to permanent financing or is sold or paid in full. Permanent financing may be provided by the bank that provided the ADC facility as long as the permanent financing is subject to the bank's underwriting criteria for long-term mortgage loans.

*Inferred rating.* A securitization exposure has an *inferred rating* equal to the external rating referenced in paragraph (2)(i) of this definition if:

(1) The securitization exposure does not have an external rating; and

(2) Another securitization exposure issued by the same issuer and secured by the same underlying exposures:

(i) Has an external rating;

(ii) Is subordinated in all respects to the unrated securitization exposure; and

(iii) Does not benefit from any credit enhancement that is not available to the unrated securitization exposure; and

(iv) Has an effective remaining maturity that is equal to or longer than that of the unrated securitization exposure.

*Interest rate derivative contract* means a single-currency interest rate swap, basis swap, forward rate agreement, purchased interest rate option, when-issued securities, or any other instrument linked to interest rates that gives rise to similar counterparty credit risks.

*Internal operational loss event data* means, with respect to a bank, gross operational loss amounts, dates, recoveries, and relevant causal information for operational loss events occurring at the bank.

*Investing bank* means, with respect to a securitization, a bank that assumes the credit risk of a securitization exposure (other than an originating bank of the securitization). In the typical synthetic securitization, the investing bank sells credit protection on a pool of underlying exposures to the originating bank.

*Investment fund* means a company:

(1) All or substantially all of the assets of which are financial assets; and

(2) That has no material liabilities.

*Investors' interest EAD* means, with respect to a securitization, the EAD of the underlying exposures multiplied by the ratio of:

(1) The total amount of securitization exposures issued by the securitization SPE to investors; divided by

(2) The outstanding principal amount of underlying exposures.

*Loss given default (LGD)* means:

(1) For a wholesale exposure, the greatest of:

(i) Zero;

(ii) The bank's empirically based best estimate of the long-run default-weighted average economic loss, per dollar of EAD, the bank would expect to incur if the obligor (or a typical obligor in the loss severity grade assigned by the bank to the exposure) were to default within a one-year horizon over a mix of economic conditions, including economic downturn conditions; or

(iii) The bank's empirically based best estimate of the economic loss, per dollar of EAD, the bank would expect to incur if the obligor (or a typical obligor in the loss severity grade assigned by the bank to the exposure) were to default within a one-year horizon during economic downturn conditions.

(2) For a segment of retail exposures, the greatest of:

(i) Zero;

(ii) The bank's empirically based best estimate of the long-run default-weighted average economic loss, per dollar of EAD, the bank would expect to incur if the exposures in the segment were to default within a one-year horizon over a mix of economic conditions, including economic downturn conditions; or

(iii) The bank's empirically based best estimate of the economic loss, per dollar of EAD, the bank would expect to incur if the exposures in the segment were to default within a one-year horizon during economic downturn conditions.

(3) The economic loss on an exposure in the event of default is all material credit-related losses on the exposure (including accrued but unpaid interest or fees, losses on the sale of collateral, direct workout costs, and an appropriate allocation of indirect workout costs). Where positive or negative cash flows on a wholesale exposure to a defaulted obligor or a defaulted retail exposure (including proceeds from the sale of collateral, workout costs, additional extensions of credit to facilitate repayment of the exposure, and draw-downs of unused credit lines) occur after the date of default, the economic loss must reflect the net present value of cash flows as of the default date using a discount rate appropriate to the risk of the defaulted exposure.

*Main index* means the Standard & Poor's 500 Index, the FTSE All-World Index, and any other index for which the bank can demonstrate to the satisfaction of the OCC that the equities represented in the index have comparable liquidity, depth of market, and size of bid-ask spreads as equities in the

Standard & Poor's 500 Index and FTSE All-World Index.

*Multilateral development bank* means the International Bank for Reconstruction and Development, the International Finance Corporation, the Inter-American Development Bank, the Asian Development Bank, the African Development Bank, the European Bank for Reconstruction and Development, the European Investment Bank, the European Investment Fund, the Nordic Investment Bank, the Caribbean Development Bank, the Islamic Development Bank, the Council of Europe Development Bank, and any other multilateral lending institution or regional development bank in which the U.S. government is a shareholder or contributing member or which the OCC determines poses comparable credit risk.

*Netting set* means a group of transactions with a single counterparty that are subject to a qualifying master netting agreement or qualifying cross-product master netting agreement. For purposes of the internal models methodology in paragraph (d) of section 32 of this appendix, each transaction that is not subject to such a master netting agreement is its own netting set.

*N<sup>th</sup>-to-default credit derivative* means a credit derivative that provides credit protection only for the n<sup>th</sup>-defaulting reference exposure in a group of reference exposures.

*Obligor* means the legal entity or natural person contractually obligated on a wholesale exposure, except that a bank may treat the following exposures as having separate obligors:

(1) Exposures to the same legal entity or natural person denominated in different currencies;

(2) (i) An income-producing real estate exposure for which all or substantially all of the repayment of the exposure is reliant on the cash flows of the real estate serving as collateral for the exposure; the bank, in economic substance, does not have recourse to the borrower beyond the real estate collateral; and no cross-default or cross-acceleration clauses are in place other than clauses obtained solely out of an abundance of caution; and

(ii) Other credit exposures to the same legal entity or natural person; and

(3) (i) A wholesale exposure authorized under section 364 of the U.S. Bankruptcy Code (11 U.S.C. 364) to a legal entity or natural person who is a debtor-in-possession for purposes of Chapter 11 of the Bankruptcy Code; and

(ii) Other credit exposures to the same legal entity or natural person.

*Operational loss* means a loss (excluding insurance or tax effects) resulting from an operational loss event. Operational loss includes all expenses associated with an operational loss event except for opportunity costs, forgone revenue, and costs related to risk management and control enhancements implemented to prevent future operational losses.

*Operational loss event* means an event that results in loss and is associated with any of the following seven operational loss event type categories:

(1) Internal fraud, which means the operational loss event type category that comprises operational losses resulting from an act involving at least one internal party of a type intended to defraud, misappropriate property, or circumvent regulations, the law, or company policy, excluding diversity- and discrimination-type events.

(2) External fraud, which means the operational loss event type category that comprises operational losses resulting from an act by a third party of a type intended to defraud, misappropriate property, or circumvent the law. Retail credit card losses arising from non-contractual, third-party initiated fraud (for example, identity theft) are external fraud operational losses. All other third-party initiated credit losses are to be treated as credit risk losses.

(3) Employment practices and workplace safety, which means the operational loss event type category that comprises operational losses resulting from an act inconsistent with employment, health, or safety laws or agreements, payment of personal injury claims, or payment arising from diversity- and discrimination-type events.

(4) Clients, products, and business practices, which means the operational loss event type category that comprises operational losses resulting from the nature or design of a product or from an unintentional or negligent failure to meet a professional obligation to specific clients (including fiduciary and suitability requirements).

(5) Damage to physical assets, which means the operational loss event type category that comprises operational losses resulting from the loss of or damage to physical assets from natural disaster or other events.

(6) Business disruption and system failures, which means the operational loss event type category that comprises operational losses resulting from disruption of business or system failures.

(7) Execution, delivery, and process management, which means the operational loss event type category that comprises operational losses resulting from failed transaction processing or process management or losses arising from relations with trade counterparties and vendors.

*Originating bank*, with respect to a securitization, means a bank that:

(1) Directly or indirectly originated or securitized the underlying exposures included in the securitization; or

(2) Serves as an ABCP program sponsor to the securitization.

*Other retail exposure* means an exposure (other than a securitization exposure, an equity exposure, a residential mortgage exposure, an excluded mortgage exposure, a qualifying revolving exposure, or the residual value portion of a lease exposure) that is managed as part of a segment of exposures with homogeneous risk characteristics, not on an individual-exposure basis, and is either:

(1) An exposure to an individual for non-business purposes; or

(2) An exposure to an individual or company for business purposes if the bank's consolidated business credit exposure to the individual or company is \$1 million or less.

*Over-the-counter (OTC) derivative contract* means a derivative contract that is not traded on an exchange that requires the daily receipt and payment of cash-variation margin.

*Probability of default (PD)* means:

(1) For a wholesale exposure to a non-defaulted obligor, the bank's empirically based best estimate of the long-run average one-year default rate for the rating grade assigned by the bank to the obligor, capturing the average default experience for obligors in the rating grade over a mix of economic conditions (including economic downturn conditions) sufficient to provide a reasonable estimate of the average one-year default rate over the economic cycle for the rating grade.

(2) For a segment of non-defaulted retail exposures, the bank's empirically based best estimate of the long-run average one-year default rate for the exposures in the segment, capturing the average default experience for exposures in the segment over a mix of economic conditions (including economic downturn conditions) sufficient to provide a reasonable estimate of the average one-year default rate over the economic cycle for the segment and adjusted upward as appropriate for segments for which seasoning effects are material. For purposes of this definition, a segment for which seasoning effects are material is a segment where there is a material relationship between the time since origina-

tion of exposures within the segment and the bank's best estimate of the long-run average one-year default rate for the exposures in the segment.

(3) For a wholesale exposure to a defaulted obligor or segment of defaulted retail exposures, 100 percent.

*Protection amount (P)* means, with respect to an exposure hedged by an eligible guarantee or eligible credit derivative, the effective notional amount of the guarantee or credit derivative, reduced to reflect any currency mismatch, maturity mismatch, or lack of restructuring coverage (as provided in section 33 of this appendix).

*Publicly traded* means traded on:

(1) Any exchange registered with the SEC as a national securities exchange under section 6 of the Securities Exchange Act of 1934 (15 U.S.C. 78f); or

(2) Any non-U.S.-based securities exchange that:

(i) Is registered with, or approved by, a national securities regulatory authority; and

(ii) Provides a liquid, two-way market for the instrument in question, meaning that there are enough independent bona fide offers to buy and sell so that a sales price reasonably related to the last sales price or current bona fide competitive bid and offer quotations can be determined promptly and a trade can be settled at such a price within five business days.

*Qualifying central counterparty* means a counterparty (for example, a clearinghouse) that:

(1) Facilitates trades between counterparties in one or more financial markets by either guaranteeing trades or novating contracts;

(2) Requires all participants in its arrangements to be fully collateralized on a daily basis; and

(3) The bank demonstrates to the satisfaction of the OCC is in sound financial condition and is subject to effective oversight by a national supervisory authority.

*Qualifying cross-product master netting agreement* means a qualifying master netting agreement that provides for termination and close-out netting across multiple types of financial transactions or qualifying master netting agreements in the event of a counterparty's default, provided that:

(1) The underlying financial transactions are OTC derivative contracts, eligible margin loans, or repo-style transactions; and

(2) The bank obtains a written legal opinion verifying the validity and enforceability of the agreement under applicable law of the relevant jurisdictions if the counterparty fails to perform upon an event of default, including upon an event of bankruptcy, insolvency, or similar proceeding.

*Qualifying master netting agreement* means any written, legally enforceable bilateral agreement, provided that:

(1) The agreement creates a single legal obligation for all individual transactions covered by the agreement upon an event of default, including bankruptcy, insolvency, or similar proceeding, of the counterparty;

(2) The agreement provides the bank the right to accelerate, terminate, and close-out on a net basis all transactions under the agreement and to liquidate or set off collateral promptly upon an event of default, including upon an event of bankruptcy, insolvency, or similar proceeding, of the counterparty, provided that, in any such case, any exercise of rights under the agreement will not be stayed or avoided under applicable law in the relevant jurisdictions;

(3) The bank has conducted sufficient legal review to conclude with a well-founded basis (and maintains sufficient written documentation of that legal review) that:

(i) The agreement meets the requirements of paragraph (2) of this definition; and

(ii) In the event of a legal challenge (including one resulting from default or from bankruptcy, insolvency, or similar proceeding) the relevant court and administrative authorities would find the agreement to be legal, valid, binding, and enforceable under the law of the relevant jurisdictions;

(4) The bank establishes and maintains procedures to monitor possible changes in relevant law and to ensure that the agreement continues to satisfy the requirements of this definition; and

(5) The agreement does not contain a walkaway clause (that is, a provision that permits a non-defaulting counterparty to make a lower payment than it would make otherwise under the agreement, or no payment at all, to a defaulter or the estate of a defaulter, even if the defaulter or the estate of the defaulter is a net creditor under the agreement).

*Qualifying revolving exposure (QRE)* means an exposure (other than a securitization exposure or equity exposure) to an individual that is managed as part of a segment of exposures with homogeneous risk characteristics, not on an individual-exposure basis, and:

(1) Is revolving (that is, the amount outstanding fluctuates, determined largely by the borrower's decision to borrow and repay, up to a pre-established maximum amount);

(2) Is unsecured and unconditionally cancelable by the bank to the fullest extent permitted by Federal law; and

(3) Has a maximum exposure amount (drawn plus undrawn) of up to \$100,000.

*Repo-style transaction* means a repurchase or reverse repurchase transaction, or a securities borrowing or securities lending transaction, including a transaction in which the bank acts as agent for a customer and indemnifies the customer against loss, provided that:

(1) The transaction is based solely on liquid and readily marketable securities, cash, gold, or conforming residential mortgages;

(2) The transaction is marked-to-market daily and subject to daily margin maintenance requirements;

(3)(i) The transaction is a "securities contract" or "repurchase agreement" under section 555 or 559, respectively, of the Bankruptcy Code (11 U.S.C. 555 or 559), a qualified financial contract under section 11(e)(8) of the Federal Deposit Insurance Act (12 U.S.C. 1821(e)(8)), or a netting contract between or among financial institutions under sections 401–407 of the Federal Deposit Insurance Corporation Improvement Act of 1991 (12 U.S.C. 4401–4407) or the Federal Reserve Board's Regulation EE (12 CFR part 231); or

(ii) If the transaction does not meet the criteria set forth in paragraph (3)(i) of this definition, then either:

(A) The transaction is executed under an agreement that provides the bank the right to accelerate, terminate, and close-out the transaction on a net basis and to liquidate or set off collateral promptly upon an event of default (including upon an event of bankruptcy, insolvency, or similar proceeding) of the counterparty, provided that, in any such case, any exercise of rights under the agreement will not be stayed or avoided under applicable law in the relevant jurisdictions; or

(B) The transaction is:

(1) Either overnight or unconditionally cancelable at any time by the bank; and

(2) Executed under an agreement that provides the bank the right to accelerate, terminate, and close-out the transaction on a net basis and to liquidate or set off collateral promptly upon an event of counterparty default; and

(4) The bank has conducted sufficient legal review to conclude with a well-founded basis (and maintains sufficient written documentation of that legal review) that the agreement meets the requirements of paragraph (3) of this definition and is legal, valid, binding, and enforceable under applicable law in the relevant jurisdictions.

*Residential mortgage exposure* means an exposure (other than a securitization exposure, equity exposure, or excluded mortgage exposure) that is managed as part of a segment of exposures with homogeneous risk characteristics, not on an individual-exposure basis, and is:

(1) An exposure that is primarily secured by a first or subsequent lien on one- to four-family residential property; or

*Scenario analysis* means a systematic process of obtaining expert opinions from business managers and risk management experts to derive reasoned assessments of the likelihood and loss impact of plausible high-severity operational losses. Scenario analysis may include the well-reasoned evaluation and use of external operational loss event data, adjusted as appropriate to ensure relevance to a bank's operational risk profile and control structure.

*SEC* means the U.S. Securities and Exchange Commission.

*Securitization* means a traditional securitization or a synthetic securitization.

*Securitization exposure* means an on-balance sheet or off-balance sheet credit exposure that arises from a traditional or synthetic securitization (including credit-enhancing representations and warranties).

*Securitization special purpose entity (securitization SPE)* means a corporation, trust, or other entity organized for the specific purpose of holding underlying exposures of a securitization, the activities of which are limited to those appropriate to accomplish this purpose, and the structure of which is intended to isolate the underlying exposures held by the entity from the credit risk of the seller of the underlying exposures to the entity.

*Senior securitization exposure* means a securitization exposure that has a first priority claim on the cash flows from the underlying exposures. When determining whether a securitization exposure has a first priority claim on the cash flows from the underlying exposures, a bank is not required to consider amounts due under interest rate or currency derivative contracts, fees due, or other similar payments. Both the most senior commercial paper issued by an ABCP program and a liquidity facility that supports the ABCP program may be senior securitization exposures if the liquidity facility provider's right to reimbursement of the drawn amounts is senior to all claims on the cash flows from the underlying exposures except amounts due under interest rate or currency derivative contracts, fees due, or other similar payments.

*Servicer cash advance facility* means a facility under which the servicer of the underlying exposures of a securitization may advance cash to ensure an uninterrupted flow of payments to investors in the securitization, including advances made to

cover foreclosure costs or other expenses to facilitate the timely collection of the underlying exposures. See also *eligible servicer cash advance facility*.

*Sovereign entity* means a central government (including the U.S. government) or an agency, department, ministry, or central bank of a central government.

*Sovereign exposure* means:

(1) A direct exposure to a sovereign entity; or

(2) An exposure directly and unconditionally backed by the full faith and credit of a sovereign entity.

*Synthetic securitization* means a transaction in which:

(1) All or a portion of the credit risk of one or more underlying exposures is transferred to one or more third parties through the use of one or more credit derivatives or guarantees (other than a guarantee that transfers only the credit risk of an individual retail exposure);

(2) The credit risk associated with the underlying exposures has been separated into at least two tranches reflecting different levels of seniority;

(3) Performance of the securitization exposures depends upon the performance of the underlying exposures; and

(4) All or substantially all of the underlying exposures are financial exposures (such as loans, commitments, credit derivatives, guarantees, receivables, asset-backed securities, mortgage-backed securities, other debt securities, or equity securities).

*Tier 1 capital* is defined in 12 CFR part 3, appendix A, as modified in part II of this appendix.

*Tier 2 capital* is defined in 12 CFR part 3, appendix A, as modified in part II of this appendix.

*Total qualifying capital* means the sum of tier 1 capital and tier 2 capital, after all deductions required in this appendix.

*Total risk-weighted assets* means:

(1) The sum of:

(i) Credit risk-weighted assets; and

(ii) Risk-weighted assets for operational risk; minus

(2) Excess eligible credit reserves not included in tier 2 capital.

*Total wholesale and retail risk-weighted assets* means the sum of risk-weighted assets for wholesale exposures to non-defaulted obligors and segments of non-defaulted retail exposures; risk-weighted assets for wholesale exposures to defaulted obligors and segments of defaulted retail exposures; risk-weighted assets for assets not defined by an exposure category; and risk-weighted assets for non-material portfolios of exposures (all as determined in section 31 of this appendix) and

risk-weighted assets for unsettled transactions (as determined in section 35 of this appendix) minus the amounts deducted from capital pursuant to 12 CFR part 3, appendix A (excluding those deductions reversed in section 12 of this appendix).

*Traditional securitization* means a transaction in which:

(1) All or a portion of the credit risk of one or more underlying exposures is transferred to one or more third parties other than through the use of credit derivatives or guaranties;

(2) The credit risk associated with the underlying exposures has been separated into at least two tranches reflecting different levels of seniority;

(3) Performance of the securitization exposures depends upon the performance of the underlying exposures;

(4) All or substantially all of the underlying exposures are financial exposures (such as loans, commitments, credit derivatives, guarantees, receivables, asset-backed securities, mortgage-backed securities, other debt securities, or equity securities);

(5) The underlying exposures are not owned by an operating company;

(6) The underlying exposures are not owned by a small business investment company described in section 302 of the Small Business Investment Act of 1958 (15 U.S.C. 682); and

(7) The underlying exposures are not owned by a firm an investment in which qualifies as a community development investment under 12 U.S.C. 24(Eleventh).

(8) The OCC may determine that a transaction in which the underlying exposures are owned by an investment firm that exercises substantially unfettered control over the size and composition of its assets, liabilities, and off-balance sheet exposures is not a traditional securitization based on the transaction's leverage, risk profile, or economic substance.

(9) The OCC may deem a transaction that meets the definition of a traditional securitization, notwithstanding paragraph (5), (6), or (7) of this definition, to be a traditional securitization based on the transaction's leverage, risk profile, or economic substance.

*Tranche* means all securitization exposures associated with a securitization that have the same seniority level.

*Underlying exposures* means one or more exposures that have been securitized in a securitization transaction.

*Unexpected operational loss (UOL)* means the difference between the bank's operational risk exposure and the bank's expected operational loss.

*Unit of measure* means the level (for example, organizational unit or operational loss event type) at which the bank's operational risk quantification system generates a sepa-

rate distribution of potential operational losses.

*Value-at-Risk (VaR)* means the estimate of the maximum amount that the value of one or more exposures could decline due to market price or rate movements during a fixed holding period within a stated confidence interval.

*Wholesale exposure* means a credit exposure to a company, natural person, sovereign entity, or governmental entity (other than a securitization exposure, retail exposure, excluded mortgage exposure, or equity exposure). Examples of a wholesale exposure include:

(1) A non-tranched guarantee issued by a bank on behalf of a company;

(2) A repo-style transaction entered into by a bank with a company and any other transaction in which a bank posts collateral to a company and faces counterparty credit risk;

(3) An exposure that a bank treats as a covered position under 12 CFR part 3, appendix B for which there is a counterparty credit risk capital requirement;

(4) A sale of corporate loans by a bank to a third party in which the bank retains full recourse;

(5) An OTC derivative contract entered into by a bank with a company;

(6) An exposure to an individual that is not managed by a bank as part of a segment of exposures with homogeneous risk characteristics; and

(7) A commercial lease.

*Wholesale exposure subcategory* means the HVCRE or non-HVCRE wholesale exposure subcategory.

#### Section 3. Minimum Risk-Based Capital Requirements

(a) Except as modified by paragraph (c) of this section or by section 23 of this appendix, each bank must meet a minimum ratio of:

(1) Total qualifying capital to total risk-weighted assets of 8.0 percent; and

(2) Tier 1 capital to total risk-weighted assets of 4.0 percent.

(b) Each bank must hold capital commensurate with the level and nature of all risks to which the bank is exposed.

(c) When a bank subject to 12 CFR part 3, appendix B calculates its risk-based capital requirements under this appendix, the bank must also refer to 12 CFR part 3, appendix B for supplemental rules to calculate risk-based capital requirements adjusted for market risk.

### PART II. QUALIFYING CAPITAL

#### Section 11. Additional Deductions

(a) *General.* A bank that uses this appendix must make the same deductions from its tier 1 capital and tier 2 capital required in 12 CFR part 3, appendix A, except that:

(1) A bank is not required to deduct certain equity investments and CEIOs (as provided in section 12 of this appendix); and

(2) A bank also must make the deductions from capital required by paragraphs (b) and (c) of this section.

(b) *Deductions from tier 1 capital.* A bank must deduct from tier 1 capital any gain-on-sale associated with a securitization exposure as provided in paragraph (a) of section 41 and paragraphs (a)(1), (c), (g)(1), and (h)(1) of section 42 of this appendix.

(c) *Deductions from tier 1 and tier 2 capital.* A bank must deduct the exposures specified in paragraphs (c)(1) through (c)(7) in this section 50 percent from tier 1 capital and 50 percent from tier 2 capital. If the amount deductible from tier 2 capital exceeds the bank's actual tier 2 capital, however, the bank must deduct the excess from tier 1 capital.

(1) *Credit-enhancing interest-only strips (CEIOs).* In accordance with paragraphs (a)(1) and (c) of section 42 of this appendix, any CEIO that does not constitute gain-on-sale.

(2) *Non-qualifying securitization exposures.* In accordance with paragraphs (a)(4) and (c) of section 42 of this appendix, any securitization exposure that does not qualify for the Ratings-Based Approach, the Internal Assessment Approach, or the Supervisory Formula Approach under sections 43, 44, and 45 of this appendix, respectively.

(3) *Securitized non-IRB exposures.* In accordance with paragraphs (c) and (g)(4) of section 42 of this appendix, certain exposures to a securitization any underlying exposure of which is not a wholesale exposure, retail exposure, securitization exposure, or equity exposure.

(4) *Low-rated securitization exposures.* In accordance with section 43 and paragraph (c) of section 42 of this appendix, any securitization exposure that qualifies for and must be deducted under the Ratings-Based Approach.

(5) *High-risk securitization exposures subject to the Supervisory Formula Approach.* In accordance with paragraphs (b) and (c) of section 45 of this appendix and paragraph (c) of section 42 of this appendix, certain high-risk securitization exposures (or portions thereof) that qualify for the Supervisory Formula Approach.

(6) *Eligible credit reserves shortfall.* In accordance with paragraph (a)(1) of section 13 of this appendix, any eligible credit reserves shortfall.

(7) *Certain failed capital markets transactions.* In accordance with paragraph (e)(3) of section 35 of this appendix, the bank's exposure on certain failed capital markets transactions.

#### *Section 12. Deductions and Limitations Not Required*

(a) *Deduction of CEIOs.* A bank is not required to make the deductions from capital for CEIOs in 12 CFR part 3, appendix A, section 2(c).

(b) *Deduction of certain equity investments.* A bank is not required to make the deductions from capital for nonfinancial equity investments in 12 CFR part 3, appendix A, section 2(c).

#### *Section 13. Eligible Credit Reserves*

(a) *Comparison of eligible credit reserves to expected credit losses—(1) Shortfall of eligible credit reserves.* If a bank's eligible credit reserves are less than the bank's total expected credit losses, the bank must deduct the shortfall amount 50 percent from tier 1 capital and 50 percent from tier 2 capital. If the amount deductible from tier 2 capital exceeds the bank's actual tier 2 capital, the bank must deduct the excess amount from tier 1 capital.

(2) *Excess eligible credit reserves.* If a bank's eligible credit reserves exceed the bank's total expected credit losses, the bank may include the excess amount in tier 2 capital to the extent that the excess amount does not exceed 0.6 percent of the bank's credit-risk-weighted assets.

(b) *Treatment of allowance for loan and lease losses.* Regardless of any provision in 12 CFR part 3, appendix A, the ALLL is included in tier 2 capital only to the extent provided in paragraph (a)(2) of this section and in section 24 of this appendix.

### PART III. QUALIFICATION

#### *Section 21. Qualification Process*

(a) *Timing.* (1) A bank that is described in paragraph (b)(1) of section 1 of this appendix must adopt a written implementation plan no later than six months after the later of April 1, 2008, or the date the bank meets a criterion in that section. The implementation plan must incorporate an explicit first floor period start date no later than 36 months after the later of April 1, 2008, or the date the bank meets at least one criterion under paragraph (b)(1) of section 1 of this appendix. The OCC may extend the first floor period start date.

(2) A bank that elects to be subject to this appendix under paragraph (b)(2) of section 1 of this appendix must adopt a written implementation plan.

(b) *Implementation plan.* (1) The bank's implementation plan must address in detail how the bank complies, or plans to comply, with the qualification requirements in section 22 of this appendix. The bank also must maintain a comprehensive and sound planning and governance process to oversee the

implementation efforts described in the plan. At a minimum, the plan must:

(i) Comprehensively address the qualification requirements in section 22 of this appendix for the bank and each consolidated subsidiary (U.S. and foreign-based) of the bank with respect to all portfolios and exposures of the bank and each of its consolidated subsidiaries;

(ii) Justify and support any proposed temporary or permanent exclusion of business lines, portfolios, or exposures from application of the advanced approaches in this appendix (which business lines, portfolios, and exposures must be, in the aggregate, immaterial to the bank);

(iii) Include the bank's self-assessment of:

(A) The bank's current status in meeting the qualification requirements in section 22 of this appendix; and

(B) The consistency of the bank's current practices with the OCC's supervisory guidance on the qualification requirements;

(iv) Based on the bank's self-assessment, identify and describe the areas in which the bank proposes to undertake additional work to comply with the qualification requirements in section 22 of this appendix or to improve the consistency of the bank's current practices with the OCC's supervisory guidance on the qualification requirements (gap analysis);

(v) Describe what specific actions the bank will take to address the areas identified in the gap analysis required by paragraph (b)(1)(iv) of this section;

(vi) Identify objective, measurable milestones, including delivery dates and a date when the bank's implementation of the methodologies described in this appendix will be fully operational;

(vii) Describe resources that have been budgeted and are available to implement the plan; and

(viii) Receive approval of the bank's board of directors.

(2) The bank must submit the implementation plan, together with a copy of the minutes of the board of directors' approval, to the OCC at least 60 days before the bank proposes to begin its parallel run, unless the OCC waives prior notice.

(c) *Parallel run.* Before determining its risk-based capital requirements under this appendix and following adoption of the implementation plan, the bank must conduct a satisfactory parallel run. A satisfactory parallel run is a period of no less than four consecutive calendar quarters during which the bank complies with the qualification requirements in section 22 of this appendix to the satisfaction of the OCC. During the parallel run, the bank must report to the OCC on a calendar quarterly basis its risk-based capital ratios using 12 CFR part 3, appendix A and the risk-based capital requirements described in this appendix. During this pe-

riod, the bank is subject to 12 CFR part 3, appendix A.

(d) *Approval to calculate risk-based capital requirements under this appendix.* The OCC will notify the bank of the date that the bank may begin its first floor period if the OCC determines that:

(1) The bank fully complies with all the qualification requirements in section 22 of this appendix;

(2) The bank has conducted a satisfactory parallel run under paragraph (c) of this section; and

(3) The bank has an adequate process to ensure ongoing compliance with the qualification requirements in section 22 of this appendix.

(e) *Transitional floor periods.* Following a satisfactory parallel run, a bank is subject to three transitional floor periods.

(1) *Risk-based capital ratios during the transitional floor periods—(i) Tier 1 risk-based capital ratio.* During a bank's transitional floor periods, the bank's tier 1 risk-based capital ratio is equal to the lower of:

(A) The bank's floor-adjusted tier 1 risk-based capital ratio; or

(B) The bank's advanced approaches tier 1 risk-based capital ratio.

(ii) *Total risk-based capital ratio.* During a bank's transitional floor periods, the bank's total risk-based capital ratio is equal to the lower of:

(A) The bank's floor-adjusted total risk-based capital ratio; or

(B) The bank's advanced approaches total risk-based capital ratio.

(2) *Floor-adjusted risk-based capital ratios.* (i) A bank's floor-adjusted tier 1 risk-based capital ratio during a transitional floor period is equal to the bank's tier 1 capital as calculated under 12 CFR part 3, appendix A, divided by the product of:

(A) The bank's total risk-weighted assets as calculated under 12 CFR part 3, appendix A; and

(B) The appropriate transitional floor percentage in Table 1.

(ii) A bank's floor-adjusted total risk-based capital ratio during a transitional floor period is equal to the sum of the bank's tier 1 and tier 2 capital as calculated under 12 CFR part 3, appendix A, divided by the product of:

(A) The bank's total risk-weighted assets as calculated under 12 CFR part 3, appendix A; and

(B) The appropriate transitional floor percentage in Table 1.

(iii) A bank that meets the criteria in paragraph (b)(1) or (b)(2) of section 1 of this appendix as of April 1, 2008, must use 12 CFR part 3, appendix A during the parallel run and as the basis for its transitional floors.

TABLE 1—TRANSITIONAL FLOORS

Transitional floor period	Transitional floor percentage
First floor period .....	95 percent.
Second floor period .....	90 percent.
Third floor period .....	85 percent.

(3) *Advanced approaches risk-based capital ratios.* (i) A bank's advanced approaches tier 1 risk-based capital ratio equals the bank's tier 1 risk-based capital ratio as calculated under this appendix (other than this section on transitional floor periods).

(ii) A bank's advanced approaches total risk-based capital ratio equals the bank's total risk-based capital ratio as calculated under this appendix (other than this section on transitional floor periods).

(4) *Reporting.* During the transitional floor periods, a bank must report to the OCC on a calendar quarterly basis both floor-adjusted risk-based capital ratios and both advanced approaches risk-based capital ratios.

(5) *Exiting a transitional floor period.* A bank may not exit a transitional floor period until the bank has spent a minimum of four consecutive calendar quarters in the period and the OCC has determined that the bank may exit the floor period. The OCC's determination will be based on an assessment of the bank's ongoing compliance with the qualification requirements in section 22 of this appendix.

(6) *Interagency study.* After the end of the second transition year (2010), the Federal banking agencies will publish a study that evaluates the advanced approaches to determine if there are any material deficiencies. For any primary Federal supervisor to authorize any institution to exit the third transitional floor period, the study must determine that there are no such material deficiencies that cannot be addressed by then-existing tools, or, if such deficiencies are found, they are first remedied by changes to this appendix. Notwithstanding the preceding sentence, a primary Federal supervisor that disagrees with the finding of material deficiency may not authorize any institution under its jurisdiction to exit the third transitional floor period unless it provides a public report explaining its reasoning.

*Section 22. Qualification Requirements*

(a) *Process and systems requirements.* (1) A bank must have a rigorous process for assessing its overall capital adequacy in relation to its risk profile and a comprehensive strategy for maintaining an appropriate level of capital.

(2) The systems and processes used by a bank for risk-based capital purposes under this appendix must be consistent with the bank's internal risk management processes

and management information reporting systems.

(3) Each bank must have an appropriate infrastructure with risk measurement and management processes that meet the qualification requirements of this section and are appropriate given the bank's size and level of complexity. Regardless of whether the systems and models that generate the risk parameters necessary for calculating a bank's risk-based capital requirements are located at any affiliate of the bank, the bank itself must ensure that the risk parameters and reference data used to determine its risk-based capital requirements are representative of its own credit risk and operational risk exposures.

(b) *Risk rating and segmentation systems for wholesale and retail exposures.* (1) A bank must have an internal risk rating and segmentation system that accurately and reliably differentiates among degrees of credit risk for the bank's wholesale and retail exposures.

(2) For wholesale exposures:

(i) A bank must have an internal risk rating system that accurately and reliably assigns each obligor to a single rating grade (reflecting the obligor's likelihood of default). A bank may elect, however, not to assign to a rating grade an obligor to whom the bank extends credit based solely on the financial strength of a guarantor, provided that all of the bank's exposures to the obligor are fully covered by eligible guarantees, the bank applies the PD substitution approach in paragraph (c)(1) of section 33 of this appendix to all exposures to that obligor, and the bank immediately assigns the obligor to a rating grade if a guarantee can no longer be recognized under this appendix. The bank's wholesale obligor rating system must have at least seven discrete rating grades for non-defaulted obligors and at least one rating grade for defaulted obligors.

(ii) Unless the bank has chosen to directly assign LGD estimates to each wholesale exposure, the bank must have an internal risk rating system that accurately and reliably assigns each wholesale exposure to a loss severity rating grade (reflecting the bank's estimate of the LGD of the exposure). A bank employing loss severity rating grades must have a sufficiently granular loss severity grading system to avoid grouping together exposures with widely ranging LGDs.

(3) For retail exposures, a bank must have an internal system that groups retail exposures into the appropriate retail exposure subcategory, groups the retail exposures in each retail exposure subcategory into separate segments with homogeneous risk characteristics, and assigns accurate and reliable PD and LGD estimates for each segment on a consistent basis. The bank's system must identify and group in separate segments by

subcategories exposures identified in paragraphs (c)(2)(ii) and (iii) of section 31 of this appendix.

(4) The bank's internal risk rating policy for wholesale exposures must describe the bank's rating philosophy (that is, must describe how wholesale obligor rating assignments are affected by the bank's choice of the range of economic, business, and industry conditions that are considered in the obligor rating process).

(5) The bank's internal risk rating system for wholesale exposures must provide for the review and update (as appropriate) of each obligor rating and (if applicable) each loss severity rating whenever the bank receives new material information, but no less frequently than annually. The bank's retail exposure segmentation system must provide for the review and update (as appropriate) of assignments of retail exposures to segments whenever the bank receives new material information, but generally no less frequently than quarterly.

(c) *Quantification of risk parameters for wholesale and retail exposures.* (1) The bank must have a comprehensive risk parameter quantification process that produces accurate, timely, and reliable estimates of the risk parameters for the bank's wholesale and retail exposures.

(2) Data used to estimate the risk parameters must be relevant to the bank's actual wholesale and retail exposures, and of sufficient quality to support the determination of risk-based capital requirements for the exposures.

(3) The bank's risk parameter quantification process must produce appropriately conservative risk parameter estimates where the bank has limited relevant data, and any adjustments that are part of the quantification process must not result in a pattern of bias toward lower risk parameter estimates.

(4) The bank's risk parameter estimation process should not rely on the possibility of U.S. government financial assistance, except for the financial assistance that the U.S. government has a legally binding commitment to provide.

(5) Where the bank's quantifications of LGD directly or indirectly incorporate estimates of the effectiveness of its credit risk management practices in reducing its exposure to troubled obligors prior to default, the bank must support such estimates with empirical analysis showing that the estimates are consistent with its historical experience in dealing with such exposures during economic downturn conditions.

(6) PD estimates for wholesale obligors and retail segments must be based on at least five years of default data. LGD estimates for wholesale exposures must be based on at least seven years of loss severity data, and LGD estimates for retail segments must be based on at least five years of loss severity

data. EAD estimates for wholesale exposures must be based on at least seven years of exposure amount data, and EAD estimates for retail segments must be based on at least five years of exposure amount data.

(7) Default, loss severity, and exposure amount data must include periods of economic downturn conditions, or the bank must adjust its estimates of risk parameters to compensate for the lack of data from periods of economic downturn conditions.

(8) The bank's PD, LGD, and EAD estimates must be based on the definition of default in this appendix.

(9) The bank must review and update (as appropriate) its risk parameters and its risk parameter quantification process at least annually.

(10) The bank must at least annually conduct a comprehensive review and analysis of reference data to determine relevance of reference data to the bank's exposures, quality of reference data to support PD, LGD, and EAD estimates, and consistency of reference data to the definition of default contained in this appendix.

(d) *Counterparty credit risk model.* A bank must obtain the prior written approval of the OCC under section 32 of this appendix to use the internal models methodology for counterparty credit risk.

(e) *Double default treatment.* A bank must obtain the prior written approval of the OCC under section 34 of this appendix to use the double default treatment.

(f) *Securitization exposures.* A bank must obtain the prior written approval of the OCC under section 44 of this appendix to use the Internal Assessment Approach for securitization exposures to ABCP programs.

(g) *Equity exposures model.* A bank must obtain the prior written approval of the OCC under section 53 of this appendix to use the Internal Models Approach for equity exposures.

(h) *Operational risk—(1) Operational risk management processes.* A bank must:

(i) Have an operational risk management function that:

(A) Is independent of business line management; and

(B) Is responsible for designing, implementing, and overseeing the bank's operational risk data and assessment systems, operational risk quantification systems, and related processes;

(ii) Have and document a process (which must capture business environment and internal control factors affecting the bank's operational risk profile) to identify, measure, monitor, and control operational risk in bank products, activities, processes, and systems; and

(iii) Report operational risk exposures, operational loss events, and other relevant operational risk information to business unit management, senior management, and the

board of directors (or a designated committee of the board).

(2) *Operational risk data and assessment systems.* A bank must have operational risk data and assessment systems that capture operational risks to which the bank is exposed. The bank's operational risk data and assessment systems must:

(i) Be structured in a manner consistent with the bank's current business activities, risk profile, technological processes, and risk management processes; and

(ii) Include credible, transparent, systematic, and verifiable processes that incorporate the following elements on an ongoing basis:

(A) *Internal operational loss event data.* The bank must have a systematic process for capturing and using internal operational loss event data in its operational risk data and assessment systems.

(1) The bank's operational risk data and assessment systems must include a historical observation period of at least five years for internal operational loss event data (or such shorter period approved by the OCC to address transitional situations, such as integrating a new business line).

(2) The bank must be able to map its internal operational loss event data into the seven operational loss event type categories.

(3) The bank may refrain from collecting internal operational loss event data for individual operational losses below established dollar threshold amounts if the bank can demonstrate to the satisfaction of the OCC that the thresholds are reasonable, do not exclude important internal operational loss event data, and permit the bank to capture substantially all the dollar value of the bank's operational losses.

(B) *External operational loss event data.* The bank must have a systematic process for determining its methodologies for incorporating external operational loss event data into its operational risk data and assessment systems.

(C) *Scenario analysis.* The bank must have a systematic process for determining its methodologies for incorporating scenario analysis into its operational risk data and assessment systems.

(D) *Business environment and internal control factors.* The bank must incorporate business environment and internal control factors into its operational risk data and assessment systems. The bank must also periodically compare the results of its prior business environment and internal control factor assessments against its actual operational losses incurred in the intervening period.

(3) *Operational risk quantification systems.* (i) The bank's operational risk quantification systems:

(A) Must generate estimates of the bank's operational risk exposure using its operational risk data and assessment systems;

(B) Must employ a unit of measure that is appropriate for the bank's range of business activities and the variety of operational loss events to which it is exposed, and that does not combine business activities or operational loss events with demonstrably different risk profiles within the same loss distribution;

(C) Must include a credible, transparent, systematic, and verifiable approach for weighting each of the four elements, described in paragraph (h)(2)(i) of this section, that a bank is required to incorporate into its operational risk data and assessment systems;

(D) May use internal estimates of dependence among operational losses across and within units of measure if the bank can demonstrate to the satisfaction of the OCC that its process for estimating dependence is sound, robust to a variety of scenarios, and implemented with integrity, and allows for the uncertainty surrounding the estimates. If the bank has not made such a demonstration, it must sum operational risk exposure estimates across units of measure to calculate its total operational risk exposure; and

(E) Must be reviewed and updated (as appropriate) whenever the bank becomes aware of information that may have a material effect on the bank's estimate of operational risk exposure, but the review and update must occur no less frequently than annually.

(ii) With the prior written approval of the OCC, a bank may generate an estimate of its operational risk exposure using an alternative approach to that specified in paragraph (h)(3)(i) of this section. A bank proposing to use such an alternative operational risk quantification system must submit a proposal to the OCC. In determining whether to approve a bank's proposal to use an alternative operational risk quantification system, the OCC will consider the following principles:

(A) Use of the alternative operational risk quantification system will be allowed only on an exception basis, considering the size, complexity, and risk profile of the bank;

(B) The bank must demonstrate that its estimate of its operational risk exposure generated under the alternative operational risk quantification system is appropriate and can be supported empirically; and

(C) A bank must not use an allocation of operational risk capital requirements that includes entities other than depository institutions or the benefits of diversification across entities.

(i) *Data management and maintenance.* (1) A bank must have data management and maintenance systems that adequately support all aspects of its advanced systems and the timely and accurate reporting of risk-based capital requirements.

### Pt. 3, App. C

(2) A bank must retain data using an electronic format that allows timely retrieval of data for analysis, validation, reporting, and disclosure purposes.

(3) A bank must retain sufficient data elements related to key risk drivers to permit adequate monitoring, validation, and refinement of its advanced systems.

(j) *Control, oversight, and validation mechanisms.* (1) The bank's senior management must ensure that all components of the bank's advanced systems function effectively and comply with the qualification requirements in this section.

(2) The bank's board of directors (or a designated committee of the board) must at least annually review the effectiveness of, and approve, the bank's advanced systems.

(3) A bank must have an effective system of controls and oversight that:

(i) Ensures ongoing compliance with the qualification requirements in this section;

(ii) Maintains the integrity, reliability, and accuracy of the bank's advanced systems; and

(iii) Includes adequate governance and project management processes.

(4) The bank must validate, on an ongoing basis, its advanced systems. The bank's validation process must be independent of the advanced systems' development, implementation, and operation, or the validation process must be subjected to an independent review of its adequacy and effectiveness. Validation must include:

(i) An evaluation of the conceptual soundness of (including developmental evidence supporting) the advanced systems;

(ii) An ongoing monitoring process that includes verification of processes and benchmarking; and

(iii) An outcomes analysis process that includes back-testing.

(5) The bank must have an internal audit function independent of business-line management that at least annually assesses the effectiveness of the controls supporting the bank's advanced systems and reports its findings to the bank's board of directors (or a committee thereof).

(6) The bank must periodically stress test its advanced systems. The stress testing must include a consideration of how economic cycles, especially downturns, affect risk-based capital requirements (including migration across rating grades and segments and the credit risk mitigation benefits of double default treatment).

(k) *Documentation.* The bank must adequately document all material aspects of its advanced systems.

#### *Section 23. Ongoing Qualification*

(a) *Changes to advanced systems.* A bank must meet all the qualification requirements in section 22 of this appendix on an ongoing basis. A bank must notify the OCC when the

### 12 CFR Ch. I (1-1-09 Edition)

bank makes any change to an advanced system that would result in a material change in the bank's risk-weighted asset amount for an exposure type, or when the bank makes any significant change to its modeling assumptions.

(b) *Failure to comply with qualification requirements.* (1) If the OCC determines that a bank that uses this appendix and has conducted a satisfactory parallel run fails to comply with the qualification requirements in section 22 of this appendix, the OCC will notify the bank in writing of the bank's failure to comply.

(2) The bank must establish and submit a plan satisfactory to the OCC to return to compliance with the qualification requirements.

(3) In addition, if the OCC determines that the bank's risk-based capital requirements are not commensurate with the bank's credit, market, operational, or other risks, the OCC may require such a bank to calculate its risk-based capital requirements:

(i) Under 12 CFR part 3, appendix A; or

(ii) Under this appendix with any modifications provided by the OCC.

#### *Section 24. Merger and Acquisition Transitional Arrangements*

(a) *Mergers and acquisitions of companies without advanced systems.* If a bank merges with or acquires a company that does not calculate its risk-based capital requirements using advanced systems, the bank may use 12 CFR part 3, appendix A to determine the risk-weighted asset amounts for, and deductions from capital associated with, the merged or acquired company's exposures for up to 24 months after the calendar quarter during which the merger or acquisition consummates. The OCC may extend this transition period for up to an additional 12 months. Within 90 days of consummating the merger or acquisition, the bank must submit to the OCC an implementation plan for using its advanced systems for the acquired company. During the period when 12 CFR part 3, appendix A apply to the merged or acquired company, any ALLL, net of allocated transfer risk reserves established pursuant to 12 U.S.C. 3904, associated with the merged or acquired company's exposures may be included in the acquiring bank's tier 2 capital up to 1.25 percent of the acquired company's risk-weighted assets. All general allowances of the merged or acquired company must be excluded from the bank's eligible credit reserves. In addition, the risk-weighted assets of the merged or acquired company are not included in the bank's credit-risk-weighted assets but are included in total risk-weighted assets. If a bank relies on this paragraph, the bank must disclose publicly the amounts of risk-weighted assets and qualifying capital calculated under this appendix for the

acquiring bank and under 12 CFR part 3, appendix A for the acquired company.

(b) *Mergers and acquisitions of companies with advanced systems*—(1) If a bank merges with or acquires a company that calculates its risk-based capital requirements using advanced systems, the bank may use the acquired company's advanced systems to determine the risk-weighted asset amounts for, and deductions from capital associated with, the merged or acquired company's exposures for up to 24 months after the calendar quarter during which the acquisition or merger consummates. The OCC may extend this transition period for up to an additional 12 months. Within 90 days of consummating the merger or acquisition, the bank must submit to the OCC an implementation plan for using its advanced systems for the merged or acquired company.

(2) If the acquiring bank is not subject to the advanced approaches in this appendix at the time of acquisition or merger, during the period when 12 CFR part 3, appendix A apply to the acquiring bank, the ALLL associated with the exposures of the merged or acquired company may not be directly included in tier 2 capital. Rather, any excess eligible credit reserves associated with the merged or acquired company's exposures may be included in the bank's tier 2 capital up to 0.6 percent of the credit-risk-weighted assets associated with those exposures.

#### PART IV. RISK-WEIGHTED ASSETS FOR GENERAL CREDIT RISK

##### Section 31. Mechanics for Calculating Total Wholesale and Retail Risk-Weighted Assets

(a) *Overview*. A bank must calculate its total wholesale and retail risk-weighted asset amount in four distinct phases:

- (1) Phase 1—categorization of exposures;
- (2) Phase 2—assignment of wholesale obligors and exposures to rating grades and segmentation of retail exposures;
- (3) Phase 3—assignment of risk parameters to wholesale exposures and segments of retail exposures; and
- (4) Phase 4—calculation of risk-weighted asset amounts.

(b) *Phase 1—Categorization*. The bank must determine which of its exposures are wholesale exposures, retail exposures, securitization exposures, or equity exposures. The bank must categorize each retail exposure as a residential mortgage exposure, a QRE, or an other retail exposure. The bank must identify which wholesale exposures are HVCRE exposures, sovereign exposures, OTC derivative contracts, repo-style transactions, eligible margin loans, eligible purchased wholesale exposures, unsettled transactions to which section 35 of this appendix applies, and eligible guarantees or eligible credit derivatives that are used as credit risk mitigants. The bank must identify any on-

balance sheet asset that does not meet the definition of a wholesale, retail, equity, or securitization exposure, as well as any non-material portfolio of exposures described in paragraph (e)(4) of this section.

(c) *Phase 2—Assignment of wholesale obligors and exposures to rating grades and retail exposures to segments*—(1) *Assignment of wholesale obligors and exposures to rating grades*.

(i) The bank must assign each obligor of a wholesale exposure to a single obligor rating grade and must assign each wholesale exposure to which it does not directly assign an LGD estimate to a loss severity rating grade.

(ii) The bank must identify which of its wholesale obligors are in default.

(2) *Segmentation of retail exposures*. (i) The bank must group the retail exposures in each retail subcategory into segments that have homogeneous risk characteristics.

(ii) The bank must identify which of its retail exposures are in default. The bank must segment defaulted retail exposures separately from non-defaulted retail exposures.

(iii) If the bank determines the EAD for eligible margin loans using the approach in paragraph (b) of section 32 of this appendix, the bank must identify which of its retail exposures are eligible margin loans for which the bank uses this EAD approach and must segment such eligible margin loans separately from other retail exposures.

(3) *Eligible purchased wholesale exposures*. A bank may group its eligible purchased wholesale exposures into segments that have homogeneous risk characteristics. A bank must use the wholesale exposure formula in Table 2 in this section to determine the risk-based capital requirement for each segment of eligible purchased wholesale exposures.

(d) *Phase 3—Assignment of risk parameters to wholesale exposures and segments of retail exposures*—(1) *Quantification process*. Subject to the limitations in this paragraph (d), the bank must:

(i) Associate a PD with each wholesale obligor rating grade;

(ii) Associate an LGD with each wholesale loss severity rating grade or assign an LGD to each wholesale exposure;

(iii) Assign an EAD and M to each wholesale exposure; and

(iv) Assign a PD, LGD, and EAD to each segment of retail exposures.

(2) *Floor on PD assignment*. The PD for each wholesale obligor or retail segment may not be less than 0.03 percent, except for exposures to or directly and unconditionally guaranteed by a sovereign entity, the Bank for International Settlements, the International Monetary Fund, the European Commission, the European Central Bank, or a multilateral development bank, to which the bank assigns a rating grade associated with a PD of less than 0.03 percent.

(3) *Floor on LGD estimation.* The LGD for each segment of residential mortgage exposures (other than segments of residential mortgage exposures for which all or substantially all of the principal of each exposure is directly and unconditionally guaranteed by the full faith and credit of a sovereign entity) may not be less than 10 percent.

(4) *Eligible purchased wholesale exposures.* A bank must assign a PD, LGD, EAD, and M to each segment of eligible purchased wholesale exposures. If the bank can estimate ECL (but not PD or LGD) for a segment of eligible purchased wholesale exposures, the bank must assume that the LGD of the segment equals 100 percent and that the PD of the segment equals ECL divided by EAD. The estimated ECL must be calculated for the exposures without regard to any assumption of recourse or guarantees from the seller or other parties.

(5) *Credit risk mitigation—credit derivatives, guarantees, and collateral.* (i) A bank may take into account the risk reducing effects of eligible guarantees and eligible credit derivatives in support of a wholesale exposure by applying the PD substitution or LGD adjustment treatment to the exposure as provided in section 33 of this appendix or, if applicable, applying double default treatment to the exposure as provided in section 34 of this appendix. A bank may decide separately for each wholesale exposure that qualifies for the double default treatment under section 34 of this appendix whether to apply the double default treatment or to use the PD substitution or LGD adjustment treatment without recognizing double default effects.

(ii) A bank may take into account the risk reducing effects of guarantees and credit derivatives in support of retail exposures in a segment when quantifying the PD and LGD of the segment.

(iii) Except as provided in paragraph (d)(6) of this section, a bank may take into account the risk reducing effects of collateral in support of a wholesale exposure when quantifying the LGD of the exposure and may take into account the risk reducing effects of collateral in support of retail exposures when quantifying the PD and LGD of the segment.

(6) *EAD for OTC derivative contracts, repo-style transactions, and eligible margin loans.* (i) A bank must calculate its EAD for an OTC derivative contract as provided in paragraphs (c) and (d) of section 32 of this appendix. A bank may take into account the risk-reducing effects of financial collateral in support of a repo-style transaction or eligible margin loan and of any collateral in support of a repo-style transaction that is included in the bank's VaR-based measure

under 12 CFR part 3, appendix B through an adjustment to EAD as provided in paragraphs (b) and (d) of section 32 of this appendix. A bank that takes collateral into account through such an adjustment to EAD under section 32 of this appendix may not reflect such collateral in LGD.

(ii) A bank may attribute an EAD of zero to:

(A) Derivative contracts that are publicly traded on an exchange that requires the daily receipt and payment of cash-variation margin;

(B) Derivative contracts and repo-style transactions that are outstanding with a qualifying central counterparty (but not for those transactions that a qualifying central counterparty has rejected); and

(C) Credit risk exposures to a qualifying central counterparty in the form of clearing deposits and posted collateral that arise from transactions described in paragraph (d)(6)(ii)(B) of this section.

(7) *Effective maturity.* An exposure's M must be no greater than five years and no less than one year, except that an exposure's M must be no less than one day if the exposure has an original maturity of less than one year and is not part of a bank's ongoing financing of the obligor. An exposure is not part of a bank's ongoing financing of the obligor if the bank:

(i) Has a legal and practical ability not to renew or roll over the exposure in the event of credit deterioration of the obligor;

(ii) Makes an independent credit decision at the inception of the exposure and at every renewal or roll over; and

(iii) Has no substantial commercial incentive to continue its credit relationship with the obligor in the event of credit deterioration of the obligor.

(e) *Phase 4—Calculation of risk-weighted assets—(1) Non-defaulted exposures.* (i) A bank must calculate the dollar risk-based capital requirement for each of its wholesale exposures to a non-defaulted obligor (except eligible guarantees and eligible credit derivatives that hedge another wholesale exposure and exposures to which the bank applies the double default treatment in section 34 of this appendix) and segments of non-defaulted retail exposures by inserting the assigned risk parameters for the wholesale obligor and exposure or retail segment into the appropriate risk-based capital formula specified in Table 2 and multiplying the output of the formula (K) by the EAD of the exposure or segment. Alternatively, a bank may apply a 300 percent risk weight to the EAD of an eligible margin loan if the bank is not able to meet the agencies' requirements for estimation of PD and LGD for the margin loan.

<sup>1</sup>N(.) means the cumulative distribution function for a standard normal random variable. N<sup>-1</sup>(.) means the inverse cumulative distribution function for a standard normal random variable. The symbol e refers to the base of the natural logarithms, and the function ln(.) refers to the natural logarithm of the expression within parentheses. The formulas apply when PD is greater than zero. If PD equals zero, the capital requirement K is set equal to zero.

(ii) The sum of all the dollar risk-based capital requirements for each wholesale exposure to a non-defaulted obligor and segment of non-defaulted retail exposures calculated in paragraph (e)(1)(i) of this section and in paragraph (e) of section 34 of this appendix equals the total dollar risk-based capital requirement for those exposures and segments.

(iii) The aggregate risk-weighted asset amount for wholesale exposures to non-defaulted obligors and segments of non-defaulted retail exposures equals the total dollar risk-based capital requirement calculated in paragraph (e)(1)(ii) of this section multiplied by 12.5.

(2) *Wholesale exposures to defaulted obligors and segments of defaulted retail exposures.* (i) The dollar risk-based capital requirement for each wholesale exposure to a defaulted obligor equals 0.08 multiplied by the EAD of the exposure.

(ii) The dollar risk-based capital requirement for a segment of defaulted retail exposures equals 0.08 multiplied by the EAD of the segment.

(iii) The sum of all the dollar risk-based capital requirements for each wholesale exposure to a defaulted obligor calculated in paragraph (e)(2)(i) of this section plus the dollar risk-based capital requirements for each segment of defaulted retail exposures

calculated in paragraph (e)(2)(ii) of this section equals the total dollar risk-based capital requirement for those exposures and segments.

(iv) The aggregate risk-weighted asset amount for wholesale exposures to defaulted obligors and segments of defaulted retail exposures equals the total dollar risk-based capital requirement calculated in paragraph (e)(2)(iii) of this section multiplied by 12.5.

(3) *Assets not included in a defined exposure category.* (i) A bank may assign a risk-weighted asset amount of zero to cash owned and held in all offices of the bank or in transit and for gold bullion held in the bank's own vaults, or held in another bank's vaults on an allocated basis, to the extent the gold bullion assets are offset by gold bullion liabilities.

(ii) The risk-weighted asset amount for the residual value of a retail lease exposure equals such residual value.

(iii) The risk-weighted asset amount for any other on-balance-sheet asset that does not meet the definition of a wholesale, retail, securitization, or equity exposure equals the carrying value of the asset.

(4) *Non-material portfolios of exposures.* The risk-weighted asset amount of a portfolio of exposures for which the bank has demonstrated to the OCC's satisfaction that the portfolio (when combined with all other portfolios of exposures that the bank seeks to treat under this paragraph) is not material to the bank is the sum of the carrying values of on-balance sheet exposures plus the notional amounts of off-balance sheet exposures in the portfolio. For purposes of this paragraph (e)(4), the notional amount of an OTC derivative contract that is not a credit derivative is the EAD of the derivative as calculated in section 32 of this appendix.

*Section 32. Counterparty Credit Risk of Repo-Style Transactions, Eligible Margin Loans, and OTC Derivative Contracts*

(a) *In General.* (1) This section describes two methodologies—a collateral haircut approach and an internal models methodology—that a bank may use instead of an LGD estimation methodology to recognize the benefits of financial collateral in mitigating the counterparty credit risk of repo-style transactions, eligible margin loans, collateralized OTC derivative contracts, and single product netting sets of such transactions and to recognize the benefits of any collateral in mitigating the counterparty credit risk of repo-style transactions that are included in a bank's VaR-based measure under 12 CFR part 3, appendix B. A third methodology, the simple VaR methodology, is available for single product netting sets of repo-style transactions and eligible margin loans.

(2) This section also describes the methodology for calculating EAD for an OTC deriva-

tive contract or a set of OTC derivative contracts subject to a qualifying master netting agreement. A bank also may use the internal models methodology to estimate EAD for qualifying cross-product master netting agreements.

(3) A bank may only use the standard supervisory haircut approach with a minimum 10-business-day holding period to recognize in EAD the benefits of conforming residential mortgage collateral that secures repo-style transactions (other than repo-style transactions included in the bank's VaR-based measure under 12 CFR part 3, appendix B), eligible margin loans, and OTC derivative contracts.

(4) A bank may use any combination of the three methodologies for collateral recognition; however, it must use the same methodology for similar exposures.

(b) *EAD for eligible margin loans and repo-style transactions—(1) General.* A bank may recognize the credit risk mitigation benefits of financial collateral that secures an eligible margin loan, repo-style transaction, or single-product netting set of such transactions by factoring the collateral into its LGD estimates for the exposure. Alternatively, a bank may estimate an unsecured LGD for the exposure, as well as for any repo-style transaction that is included in the bank's VaR-based measure under 12 CFR part 3, appendix B, and determine the EAD of the exposure using:

(i) The collateral haircut approach described in paragraph (b)(2) of this section;

(ii) For netting sets only, the simple VaR methodology described in paragraph (b)(3) of this section; or

(iii) The internal models methodology described in paragraph (d) of this section.

(2) *Collateral haircut approach—(i) EAD equation.* A bank may determine EAD for an eligible margin loan, repo-style transaction, or netting set by setting EAD equal to  $\max\{0, [(\Sigma E - \Sigma C) + \Sigma(Es \times Hs) + \Sigma(Efx \times Hfx)]\}$ , where:

(A)  $\Sigma E$  equals the value of the exposure (the sum of the current market values of all instruments, gold, and cash the bank has lent, sold subject to repurchase, or posted as collateral to the counterparty under the transaction (or netting set));

(B)  $\Sigma C$  equals the value of the collateral (the sum of the current market values of all instruments, gold, and cash the bank has borrowed, purchased subject to resale, or taken as collateral from the counterparty under the transaction (or netting set));

(C)  $Es$  equals the absolute value of the net position in a given instrument or in gold (where the net position in a given instrument or in gold equals the sum of the current market values of the instrument or gold the bank has lent, sold subject to repurchase, or posted as collateral to the counterparty minus the sum of the current

market values of that same instrument or gold the bank has borrowed, purchased subject to resale, or taken as collateral from the counterparty);

(D) Hs equals the market price volatility haircut appropriate to the instrument or gold referenced in Es;

(E) Efx equals the absolute value of the net position of instruments and cash in a currency that is different from the settlement currency (where the net position in a given currency equals the sum of the current market values of any instruments or cash in the currency the bank has lent, sold subject to repurchase, or posted as collateral to the

counterparty minus the sum of the current market values of any instruments or cash in the currency the bank has borrowed, purchased subject to resale, or taken as collateral from the counterparty); and

(F) Hfx equals the haircut appropriate to the mismatch between the currency referenced in Efx and the settlement currency.

(ii) *Standard supervisory haircuts.* (A) Under the standard supervisory haircuts approach:

(1) A bank must use the haircuts for market price volatility (Hs) in Table 3, as adjusted in certain circumstances as provided in paragraph (b)(2)(ii)(A)(3) and (4) of this section;

TABLE 3—STANDARD SUPERVISORY MARKET PRICE VOLATILITY HAIRCUTS <sup>1</sup>

<sup>1</sup> The market price volatility haircuts in Table 3 are based on a ten-business-day holding period.

(2) For currency mismatches, a bank must use a haircut for foreign exchange rate volatility (Hfx) of 8 percent, as adjusted in certain circumstances as provided in paragraph (b)(2)(ii)(A)(3) and (4) of this section.

(3) For repo-style transactions, a bank may multiply the supervisory haircuts provided in paragraphs (b)(2)(ii)(A)(1) and (2) of this section by the square root of ½ (which equals 0.707107).

(4) A bank must adjust the supervisory haircuts upward on the basis of a holding period longer than ten business days (for eligible margin loans) or five business days (for repo-style transactions) where and as appropriate to take into account the illiquidity of an instrument.

(iii) *Own internal estimates for haircuts.* With the prior written approval of the OCC, a bank may calculate haircuts (Hs and Hfx) using its own internal estimates of the volatilities of market prices and foreign exchange rates.

(A) To receive OCC approval to use its own internal estimates, a bank must satisfy the following minimum quantitative standards:

(1) A bank must use a 99th percentile one-tailed confidence interval.

(2) The minimum holding period for a repo-style transaction is five business days and for an eligible margin loan is ten business days. When a bank calculates an own-estimates haircut on a T<sub>N</sub>-day holding period, which is different from the minimum holding period for the transaction type, the applicable haircut (H<sub>M</sub>) is calculated using the following square root of time formula:

$$H_M = H_N \sqrt{\frac{T_M}{T_N}}, \text{ where}$$

- (i) T<sup>M</sup> equals 5 for repo-style transactions and 10 for eligible margin loans;
- (ii) T<sup>N</sup> equals the holding period used by the bank to derive H<sup>N</sup>; and
- (iii) H<sup>N</sup> equals the haircut based on the holding period T<sup>N</sup>.

(3) A bank must adjust holding periods upwards where and as appropriate to take into account the illiquidity of an instrument.

(4) The historical observation period must be at least one year.

(5) A bank must update its data sets and recompute haircuts no less frequently than quarterly and must also reassess data sets and haircuts whenever market prices change materially.

(B) With respect to debt securities that have an applicable external rating of investment grade, a bank may calculate haircuts for categories of securities. For a category of securities, the bank must calculate the haircut on the basis of internal volatility estimates for securities in that category that are representative of the securities in that category that the bank has lent, sold subject to repurchase, posted as collateral, borrowed, purchased subject to resale, or taken as collateral. In determining relevant categories, the bank must at a minimum take into account:

- (1) The type of issuer of the security;
- (2) The applicable external rating of the security;
- (3) The maturity of the security; and
- (4) The interest rate sensitivity of the security.

(C) With respect to debt securities that have an applicable external rating of below investment grade and equity securities, a bank must calculate a separate haircut for each individual security.

(D) Where an exposure or collateral (whether in the form of cash or securities) is denominated in a currency that differs from the settlement currency, the bank must calculate a separate currency mismatch haircut for its net position in each mismatched currency based on estimated volatilities of foreign exchange rates between the mismatched currency and the settlement currency.

(E) A bank's own estimates of market price and foreign exchange rate volatilities may not take into account the correlations among securities and foreign exchange rates on either the exposure or collateral side of a transaction (or netting set) or the correlations among securities and foreign exchange rates between the exposure and collateral sides of the transaction (or netting set).

(3) *Simple VaR methodology.* With the prior written approval of the OCC, a bank may estimate EAD for a netting set using a VaR model that meets the requirements in paragraph (b)(3)(iii) of this section. In such event, the bank must set EAD equal to  $\max\{0, [(\Sigma E - \Sigma C) + PFE]\}$ , where:

(i)  $\Sigma E$  equals the value of the exposure (the sum of the current market values of all instruments, gold, and cash the bank has lent, sold subject to repurchase, or posted as collateral to the counterparty under the netting set);

(ii)  $\Sigma C$  equals the value of the collateral (the sum of the current market values of all instruments, gold, and cash the bank has borrowed, purchased subject to resale, or

taken as collateral from the counterparty under the netting set); and

(iii) PFE (potential future exposure) equals the bank's empirically based best estimate of the 99th percentile, one-tailed confidence interval for an increase in the value of  $(\Sigma E - \Sigma C)$  over a five-business-day holding period for repo-style transactions or over a ten-business-day holding period for eligible margin loans using a minimum one-year historical observation period of price data representing the instruments that the bank has lent, sold subject to repurchase, posted as collateral, borrowed, purchased subject to resale, or taken as collateral. The bank must validate its VaR model, including by establishing and maintaining a rigorous and regular back-testing regime.

(c) *EAD for OTC derivative contracts.* (1) A bank must determine the EAD for an OTC derivative contract that is not subject to a qualifying master netting agreement using the current exposure methodology in paragraph (c)(5) of this section or using the internal models methodology described in paragraph (d) of this section.

(2) A bank must determine the EAD for multiple OTC derivative contracts that are subject to a qualifying master netting agreement using the current exposure methodology in paragraph (c)(6) of this section or using the internal models methodology described in paragraph (d) of this section.

(3) *Counterparty credit risk for credit derivatives.* Notwithstanding the above, (i) A bank that purchases a credit derivative that is recognized under section 33 or 34 of this appendix as a credit risk mitigant for an exposure that is not a covered position under 12 CFR part 3, appendix B need not compute a separate counterparty credit risk capital requirement under this section so long as the bank does so consistently for all such credit derivatives and either includes all or excludes all such credit derivatives that are subject to a master netting agreement from any measure used to determine counterparty credit risk exposure to all relevant counterparties for risk-based capital purposes.

(ii) A bank that is the protection provider in a credit derivative must treat the credit derivative as a wholesale exposure to the reference obligor and need not compute a counterparty credit risk capital requirement for the credit derivative under this section, so long as it does so consistently for all such credit derivatives and either includes all or excludes all such credit derivatives that are subject to a master netting agreement from any measure used to determine counterparty credit risk exposure to all relevant counterparties for risk-based capital purposes (unless the bank is treating the credit derivative as a covered position under 12 CFR part 3, appendix B, in which case the bank must compute a supplemental

counterparty credit risk capital requirement under this section).

(4) *Counterparty credit risk for equity derivatives.* A bank must treat an equity derivative contract as an equity exposure and compute a risk-weighted asset amount for the equity derivative contract under part VI (unless the bank is treating the contract as a covered position under 12 CFR part 3, appendix B). In addition, if the bank is treating the contract as a covered position under 12 CFR part 3, appendix B and in certain other cases described in section 55 of this appendix, the bank must also calculate a risk-based capital requirement for the counterparty credit risk of an equity derivative contract under this part.

(5) *Single OTC derivative contract.* Except as modified by paragraph (c)(7) of this section, the EAD for a single OTC derivative contract that is not subject to a qualifying master netting agreement is equal to the sum of the bank's current credit exposure and potential future credit exposure (PFE) on the derivative contract.

(i) *Current credit exposure.* The current credit exposure for a single OTC derivative contract is the greater of the mark-to-market value of the derivative contract or zero.

(ii) *PFE.* The PFE for a single OTC derivative contract, including an OTC derivative contract with a negative mark-to-market value, is calculated by multiplying the notional principal amount of the derivative contract by the appropriate conversion factor in Table 4. For purposes of calculating either the PFE under this paragraph or the gross PFE under paragraph (c)(6) of this section for exchange rate contracts and other similar contracts in which the notional principal amount is equivalent to the cash flows, notional principal amount is the net receipts to each party falling due on each value date in each currency. For any OTC derivative contract that does not fall within one of the specified categories in Table 4, the PFE must be calculated using the "other" conversion factors. A bank must use an OTC derivative contract's effective notional principal amount (that is, its apparent or stated notional principal amount multiplied by any multiplier in the OTC derivative contract) rather than its apparent or stated notional principal amount in calculating PFE. PFE of the protection provider of a credit derivative is capped at the net present value of the amount of unpaid premiums.

TABLE 4—CONVERSION FACTOR MATRIX FOR OTC DERIVATIVE CONTRACTS<sup>1</sup>

Remaining maturity <sup>2</sup>	Interest rate	Foreign exchange rate and gold	Credit (investment-grade reference obligor) <sup>3</sup>	Credit (non-investment-grade reference obligor)	Equity	Precious metals (except gold)	Other
One year or less .....	0.00	0.01	0.05	0.10	0.06	0.07	0.10
Over one to five years	0.005	0.05	0.05	0.10	0.08	0.07	0.12
Over five years .....	0.015	0.075	0.05	0.10	0.10	0.08	0.15

<sup>1</sup> For an OTC derivative contract with multiple exchanges of principal, the conversion factor is multiplied by the number of remaining payments in the derivative contract.

<sup>2</sup> For an OTC derivative contract that is structured such that on specified dates any outstanding exposure is settled and the terms are reset so that the market value of the contract is zero, the remaining maturity equals the time until the next reset date. For an interest rate derivative contract with a remaining maturity of greater than one year that meets these criteria, the minimum conversion factor is 0.005.

<sup>3</sup> A bank must use the column labeled "Credit (investment-grade reference obligor)" for a credit derivative whose reference obligor has an outstanding unsecured long-term debt security without credit enhancement that has a long-term applicable external rating of at least investment grade. A bank must use the column labeled "Credit (non-investment-grade reference obligor)" for all other credit derivatives.

(6) *Multiple OTC derivative contracts subject to a qualifying master netting agreement.* Except as modified by paragraph (c)(7) of this section, the EAD for multiple OTC derivative contracts subject to a qualifying master netting agreement is equal to the sum of the net current credit exposure and the adjusted sum of the PFE exposure for all OTC derivative contracts subject to the qualifying master netting agreement.

(i) *Net current credit exposure.* The net current credit exposure is the greater of:

(A) The net sum of all positive and negative mark-to-market values of the individual OTC derivative contracts subject to the qualifying master netting agreement; or

(B) zero.

(ii) *Adjusted sum of the PFE.* The adjusted sum of the PFE,  $Anet$ , is calculated as  $Anet = (0.4 \times Agross) + (0.6 \times NGR \times Agross)$ , where:

(A)  $Agross$  = the gross PFE (that is, the sum of the PFE amounts (as determined under paragraph (c)(5)(ii) of this section) for each individual OTC derivative contract subject to the qualifying master netting agreement); and

(B)  $NGR$  = the net to gross ratio (that is, the ratio of the net current credit exposure to the gross current credit exposure). In calculating the  $NGR$ , the gross current credit exposure equals the sum of the positive current credit exposures (as determined under

paragraph (c)(5)(i) of this section) of all individual OTC derivative contracts subject to the qualifying master netting agreement.

(7) *Collateralized OTC derivative contracts.* A bank may recognize the credit risk mitigation benefits of financial collateral that secures an OTC derivative contract or single-product netting set of OTC derivatives by factoring the collateral into its LGD estimates for the contract or netting set. Alternatively, a bank may recognize the credit risk mitigation benefits of financial collateral that secures such a contract or netting set that is marked to market on a daily basis and subject to a daily margin maintenance requirement by estimating an unsecured LGD for the contract or netting set and adjusting the EAD calculated under paragraph (c)(5) or (c)(6) of this section using the collateral haircut approach in paragraph (b)(2) of this section. The bank must substitute the EAD calculated under paragraph (c)(5) or (c)(6) of this section for  $\Sigma EE$  in the equation in paragraph (b)(2)(i) of this section and must use a ten-business-day minimum holding period ( $T^M = 10$ ).

(d) *Internal models methodology.* (1) With prior written approval from the OCC, a bank may use the internal models methodology in this paragraph (d) to determine EAD for counterparty credit risk for OTC derivative contracts (collateralized or uncollateralized) and single-product netting sets thereof, for eligible margin loans and single-product netting sets thereof, and for repo-style transactions and single-product netting sets thereof. A bank that uses the internal models methodology for a particular transaction type (OTC derivative contracts, eligible margin loans, or repo-style transactions) must use the internal models methodology for all transactions of that transaction type. A bank may choose to use the internal models methodology for one or two of these three types of exposures and not the other types. A bank may also use the internal models methodology for OTC derivative contracts, eligible margin loans, and repo-style transactions subject to a qualifying cross-product netting agreement if:

(i) The bank effectively integrates the risk mitigating effects of cross-product netting into its risk management and other information technology systems; and

(ii) The bank obtains the prior written approval of the OCC. A bank that uses the internal models methodology for a transaction type must receive approval from the OCC to cease using the methodology for that transaction type or to make a material change to its internal model.

(2) Under the internal models methodology, a bank uses an internal model to estimate the expected exposure (EE) for a netting set and then calculates EAD based on that EE.

(i) The bank must use its internal model's probability distribution for changes in the market value of a netting set that are attributable to changes in market variables to determine EE.

(ii) Under the internal models methodology,  $EAD = \alpha \times$  effective EPE, or, subject to OCC approval as provided in paragraph (d)(7), a more conservative measure of EAD.

$$(A) \text{ EffectiveEPE}_{t_k} = \sum_{k=1}^n \text{EffectiveEE}_{t_k} \times \Delta t_k$$

(that is, effective EPE is the time-weighted average of effective EE where the weights are the proportion that an individual effective EE represents in a one-year time interval) where:

(1)  $\text{Effective EE}_{t_k} = \max(\text{Effective EE}_{t_{k-1}}, \text{EE}_{t_k})$  (that is, for a specific date  $t_k$ , effective EE is the greater of EE at that date or the effective EE at the previous date); and

(2)  $t_k$  represents the kth future time period in the model and there are n time periods represented in the model over the first year; and

(B)  $\alpha = 1.4$  except as provided in paragraph (d)(6), or when the OCC has determined that the bank must set  $\alpha$  higher based on the bank's specific characteristics of counterparty credit risk.

(iii) A bank may include financial collateral currently posted by the counterparty as collateral (but may not include other forms of collateral) when calculating EE.

(iv) If a bank hedges some or all of the counterparty credit risk associated with a netting set using an eligible credit derivative, the bank may take the reduction in exposure to the counterparty into account when estimating EE. If the bank recognizes this reduction in exposure to the counterparty in its estimate of EE, it must also use its internal model to estimate a separate EAD for the bank's exposure to the protection provider of the credit derivative.

(3) To obtain OCC approval to calculate the distributions of exposures upon which the EAD calculation is based, the bank must demonstrate to the satisfaction of the OCC that it has been using for at least one year an internal model that broadly meets the following minimum standards, with which the bank must maintain compliance:

(i) The model must have the systems capability to estimate the expected exposure to the counterparty on a daily basis (but is not expected to estimate or report expected exposure on a daily basis).

(ii) The model must estimate expected exposure at enough future dates to reflect accurately all the future cash flows of contracts in the netting set.

(iii) The model must account for the possible non-normality of the exposure distribution, where appropriate.

(iv) The bank must measure, monitor, and control current counterparty exposure and the exposure to the counterparty over the whole life of all contracts in the netting set.

(v) The bank must be able to measure and manage current exposures gross and net of collateral held, where appropriate. The bank must estimate expected exposures for OTC derivative contracts both with and without the effect of collateral agreements.

(vi) The bank must have procedures to identify, monitor, and control specific wrong-way risk throughout the life of an exposure. Wrong-way risk in this context is the risk that future exposure to a counterparty will be high when the counterparty's probability of default is also high.

(vii) The model must use current market data to compute current exposures. When estimating model parameters based on historical

data, at least three years of historical data that cover a wide range of economic conditions must be used and must be updated quarterly or more frequently if market conditions warrant. The bank should consider using model parameters based on forward-looking measures, where appropriate.

(viii) A bank must subject its internal model to an initial validation and annual model review process. The model review should consider whether the inputs and risk factors, as well as the model outputs, are appropriate.

(4) *Maturity.* (i) If the remaining maturity of the exposure or the longest-dated contract in the netting set is greater than one year, the bank must set M for the exposure or netting set equal to the lower of five years or M(EPE),<sup>3</sup> where:

$$(A) M(EPE) = 1 + \frac{\sum_{t_k > 1 \text{ year}}^{\text{maturity}} EE_k \times \Delta t_k \times df_k}{\sum_{k=1}^{t_k \leq 1 \text{ year}} \text{effective} EE_k \times \Delta t_k \times df_k}$$

(B)  $df_k$  is the risk-free discount factor for future time period  $t_k$ ; and

(C)  $\Delta t_k = t_k - t_{k-1}$ .

(ii) If the remaining maturity of the exposure or the longest-dated contract in the netting set is one year or less, the bank must set M for the exposure or netting set equal to one year, except as provided in paragraph (d)(7) of section 31 of this appendix.

(5) *Collateral agreements.* A bank may capture the effect on EAD of a collateral agreement that requires receipt of collateral when exposure to the counterparty increases but may not capture the effect on EAD of a collateral agreement that requires receipt of collateral when counterparty credit quality deteriorates. For this purpose, a collateral agreement means a legal contract that specifies the time when, and circumstances under which, the counterparty is required to pledge collateral to the bank for a single financial contract or for all financial contracts in a netting set and confers upon the bank a perfected, first priority security interest (notwithstanding the prior security interest of any custodial agent), or the legal equivalent thereof, in the collateral posted by the counterparty under the agreement. This security interest must provide the bank with a

right to close out the financial positions and liquidate the collateral upon an event of default of, or failure to perform by, the counterparty under the collateral agreement. A contract would not satisfy this requirement if the bank's exercise of rights under the agreement may be stayed or avoided under applicable law in the relevant jurisdictions. Two methods are available to capture the effect of a collateral agreement:

(i) With prior written approval from the OCC, a bank may include the effect of a collateral agreement within its internal model used to calculate EAD. The bank may set EAD equal to the expected exposure at the end of the margin period of risk. The margin period of risk means, with respect to a netting set subject to a collateral agreement, the time period from the most recent exchange of collateral with a counterparty until the next required exchange of collateral plus the period of time required to sell and realize the proceeds of the least liquid collateral that can be delivered under the terms of the collateral agreement and, where applicable, the period of time required to re-hedge the resulting market risk, upon the default of the counterparty. The minimum margin period of risk is five business days

<sup>3</sup>Alternatively, a bank that uses an internal model to calculate a one-sided credit valuation adjustment may use the effective

credit duration estimated by the model as M(EPE) in place of the formula in paragraph (d)(4).

for repo-style transactions and ten business days for other transactions when liquid financial collateral is posted under a daily margin maintenance requirement. This period should be extended to cover any additional time between margin calls; any potential closeout difficulties; any delays in selling collateral, particularly if the collateral is illiquid; and any impediments to prompt re-hedging of any market risk.

(ii) A bank that can model EPE without collateral agreements but cannot achieve the higher level of modeling sophistication to model EPE with collateral agreements can set effective EPE for a collateralized netting set equal to the lesser of:

(A) The threshold, defined as the exposure amount at which the counterparty is required to post collateral under the collateral agreement, if the threshold is positive, plus an add-on that reflects the potential increase in exposure of the netting set over the margin period of risk. The add-on is computed as the expected increase in the netting set's exposure beginning from current exposure of zero over the margin period of risk. The margin period of risk must be at least five business days for netting sets consisting only of repo-style transactions subject to daily re-margining and daily marking-to-market, and ten business days for all other netting sets; or

(B) Effective EPE without a collateral agreement.

(6) *Own estimate of alpha.* With prior written approval of the OCC, a bank may calculate alpha as the ratio of economic capital from a full simulation of counterparty exposure across counterparties that incorporates a joint simulation of market and credit risk factors (numerator) and economic capital based on EPE (denominator), subject to a floor of 1.2. For purposes of this calculation, economic capital is the unexpected losses for all counterparty credit risks measured at a 99.9 percent confidence level over a one-year horizon. To receive approval, the bank must meet the following minimum standards to the satisfaction of the OCC:

(i) The bank's own estimate of alpha must capture in the numerator the effects of:

(A) The material sources of stochastic dependency of distributions of market values of transactions or portfolios of transactions across counterparties;

(B) Volatilities and correlations of market risk factors used in the joint simulation, which must be related to the credit risk factor used in the simulation to reflect potential increases in volatility or correlation in an economic downturn, where appropriate; and

(C) The granularity of exposures (that is, the effect of a concentration in the proportion of each counterparty's exposure that is driven by a particular risk factor).

(ii) The bank must assess the potential model uncertainty in its estimates of alpha.

(iii) The bank must calculate the numerator and denominator of alpha in a consistent fashion with respect to modeling methodology, parameter specifications, and portfolio composition.

(iv) The bank must review and adjust as appropriate its estimates of the numerator and denominator of alpha on at least a quarterly basis and more frequently when the composition of the portfolio varies over time.

(7) *Other measures of counterparty exposure.* With prior written approval of the OCC, a bank may set EAD equal to a measure of counterparty credit risk exposure, such as peak EAD, that is more conservative than an alpha of 1.4 (or higher under the terms of paragraph (d)(2)(ii)(B) of this section) times EPE for every counterparty whose EAD will be measured under the alternative measure of counterparty exposure. The bank must demonstrate the conservatism of the measure of counterparty credit risk exposure used for EAD. For material portfolios of new OTC derivative products, the bank may assume that the current exposure methodology in paragraphs (c)(5) and (c)(6) of this section meets the conservatism requirement of this paragraph for a period not to exceed 180 days. For immaterial portfolios of OTC derivative contracts, the bank generally may assume that the current exposure methodology in paragraphs (c)(5) and (c)(6) of this section meets the conservatism requirement of this paragraph.

*Section 33. Guarantees and Credit Derivatives: PD Substitution and LGD Adjustment Approaches*

(a) *Scope.* (1) This section applies to wholesale exposures for which:

(i) Credit risk is fully covered by an eligible guarantee or eligible credit derivative; or

(ii) Credit risk is covered on a pro rata basis (that is, on a basis in which the bank and the protection provider share losses proportionately) by an eligible guarantee or eligible credit derivative.

(2) Wholesale exposures on which there is a tranching of credit risk (reflecting at least two different levels of seniority) are securitization exposures subject to the securitization framework in part V.

(3) A bank may elect to recognize the credit risk mitigation benefits of an eligible guarantee or eligible credit derivative covering an exposure described in paragraph (a)(1) of this section by using the PD substitution approach or the LGD adjustment approach in paragraph (c) of this section or, if the transaction qualifies, using the double default treatment in section 34 of this appendix. A bank's PD and LGD for the hedged exposure may not be lower than the PD and

LGD floors described in paragraphs (d)(2) and (d)(3) of section 31 of this appendix.

(4) If multiple eligible guarantees or eligible credit derivatives cover a single exposure described in paragraph (a)(1) of this section, a bank may treat the hedged exposure as multiple separate exposures each covered by a single eligible guarantee or eligible credit derivative and may calculate a separate risk-based capital requirement for each separate exposure as described in paragraph (a)(3) of this section.

(5) If a single eligible guarantee or eligible credit derivative covers multiple hedged wholesale exposures described in paragraph (a)(1) of this section, a bank must treat each hedged exposure as covered by a separate eligible guarantee or eligible credit derivative and must calculate a separate risk-based capital requirement for each exposure as described in paragraph (a)(3) of this section.

(6) A bank must use the same risk parameters for calculating ECL as it uses for calculating the risk-based capital requirement for the exposure.

(b) *Rules of recognition.* (1) A bank may only recognize the credit risk mitigation benefits of eligible guarantees and eligible credit derivatives.

(2) A bank may only recognize the credit risk mitigation benefits of an eligible credit derivative to hedge an exposure that is different from the credit derivative's reference exposure used for determining the derivative's cash settlement value, deliverable obligation, or occurrence of a credit event if:

(i) The reference exposure ranks *pari passu* (that is, equally) with or is junior to the hedged exposure; and

(ii) The reference exposure and the hedged exposure are exposures to the same legal entity, and legally enforceable cross-default or cross-acceleration clauses are in place to assure payments under the credit derivative are triggered when the obligor fails to pay under the terms of the hedged exposure.

(c) *Risk parameters for hedged exposures—(1) PD substitution approach—(i) Full coverage.* If an eligible guarantee or eligible credit derivative meets the conditions in paragraphs (a) and (b) of this section and the protection amount (P) of the guarantee or credit derivative is greater than or equal to the EAD of the hedged exposure, a bank may recognize the guarantee or credit derivative in determining the bank's risk-based capital requirement for the hedged exposure by substituting the PD associated with the rating grade of the protection provider for the PD associated with the rating grade of the obligor in the risk-based capital formula applicable to the guarantee or credit derivative in Table 2 and using the appropriate LGD as described in paragraph (c)(1)(iii) of this section. If the bank determines that full substitution of the protection provider's PD leads to an inappropriate degree of risk mitigation, the

bank may substitute a higher PD than that of the protection provider.

(ii) *Partial coverage.* If an eligible guarantee or eligible credit derivative meets the conditions in paragraphs (a) and (b) of this section and the protection amount (P) of the guarantee or credit derivative is less than the EAD of the hedged exposure, the bank must treat the hedged exposure as two separate exposures (protected and unprotected) in order to recognize the credit risk mitigation benefit of the guarantee or credit derivative.

(A) The bank must calculate its risk-based capital requirement for the protected exposure under section 31 of this appendix, where PD is the protection provider's PD, LGD is determined under paragraph (c)(1)(iii) of this section, and EAD is P. If the bank determines that full substitution leads to an inappropriate degree of risk mitigation, the bank may use a higher PD than that of the protection provider.

(B) The bank must calculate its risk-based capital requirement for the unprotected exposure under section 31 of this appendix, where PD is the obligor's PD, LGD is the hedged exposure's LGD (not adjusted to reflect the guarantee or credit derivative), and EAD is the EAD of the original hedged exposure minus P.

(C) The treatment in this paragraph (c)(1)(ii) is applicable when the credit risk of a wholesale exposure is covered on a partial pro rata basis or when an adjustment is made to the effective notional amount of the guarantee or credit derivative under paragraph (d), (e), or (f) of this section.

(iii) *LGD of hedged exposures.* The LGD of a hedged exposure under the PD substitution approach is equal to:

(A) The lower of the LGD of the hedged exposure (not adjusted to reflect the guarantee or credit derivative) and the LGD of the guarantee or credit derivative, if the guarantee or credit derivative provides the bank with the option to receive immediate payout upon triggering the protection; or

(B) The LGD of the guarantee or credit derivative, if the guarantee or credit derivative does not provide the bank with the option to receive immediate payout upon triggering the protection.

(2) *LGD adjustment approach—(i) Full coverage.* If an eligible guarantee or eligible credit derivative meets the conditions in paragraphs (a) and (b) of this section and the protection amount (P) of the guarantee or credit derivative is greater than or equal to the EAD of the hedged exposure, the bank's risk-based capital requirement for the hedged exposure is the greater of:

(A) The risk-based capital requirement for the exposure as calculated under section 31 of this appendix, with the LGD of the exposure adjusted to reflect the guarantee or credit derivative; or

(B) The risk-based capital requirement for a direct exposure to the protection provider as calculated under section 31 of this appendix, using the PD for the protection provider, the LGD for the guarantee or credit derivative, and an EAD equal to the EAD of the hedged exposure.

(i) *Partial coverage.* If an eligible guarantee or eligible credit derivative meets the conditions in paragraphs (a) and (b) of this section and the protection amount (P) of the guarantee or credit derivative is less than the EAD of the hedged exposure, the bank must treat the hedged exposure as two separate exposures (protected and unprotected) in order to recognize the credit risk mitigation benefit of the guarantee or credit derivative.

(A) The bank's risk-based capital requirement for the protected exposure would be the greater of:

(1) The risk-based capital requirement for the protected exposure as calculated under section 31 of this appendix, with the LGD of the exposure adjusted to reflect the guarantee or credit derivative and EAD set equal to P; or

(2) The risk-based capital requirement for a direct exposure to the guarantor as calculated under section 31 of this appendix, using the PD for the protection provider, the LGD for the guarantee or credit derivative, and an EAD set equal to P.

(B) The bank must calculate its risk-based capital requirement for the unprotected exposure under section 31 of this appendix, where PD is the obligor's PD, LGD is the hedged exposure's LGD (not adjusted to reflect the guarantee or credit derivative), and EAD is the EAD of the original hedged exposure minus P.

(3) *M of hedged exposures.* The M of the hedged exposure is the same as the M of the exposure if it were unhedged.

(d) *Maturity mismatch.* (1) A bank that recognizes an eligible guarantee or eligible credit derivative in determining its risk-based capital requirement for a hedged exposure must adjust the effective notional amount of the credit risk mitigant to reflect any maturity mismatch between the hedged exposure and the credit risk mitigant.

(2) A maturity mismatch occurs when the residual maturity of a credit risk mitigant is less than that of the hedged exposure(s).

(3) The residual maturity of a hedged exposure is the longest possible remaining time before the obligor is scheduled to fulfill its obligation on the exposure. If a credit risk mitigant has embedded options that may reduce its term, the bank (protection purchaser) must use the shortest possible residual maturity for the credit risk mitigant. If a call is at the discretion of the protection provider, the residual maturity of the credit risk mitigant is at the first call date. If the call is at the discretion of the bank (protection purchaser), but the terms of the ar-

rangement at origination of the credit risk mitigant contain a positive incentive for the bank to call the transaction before contractual maturity, the remaining time to the first call date is the residual maturity of the credit risk mitigant. For example, where there is a step-up in cost in conjunction with a call feature or where the effective cost of protection increases over time even if credit quality remains the same or improves, the residual maturity of the credit risk mitigant will be the remaining time to the first call.

(4) A credit risk mitigant with a maturity mismatch may be recognized only if its original maturity is greater than or equal to one year and its residual maturity is greater than three months.

(5) When a maturity mismatch exists, the bank must apply the following adjustment to the effective notional amount of the credit risk mitigant:  $P_m = E \times (t - 0.25)/(T - 0.25)$ , where:

(i)  $P_m$  = effective notional amount of the credit risk mitigant, adjusted for maturity mismatch;

(ii)  $E$  = effective notional amount of the credit risk mitigant;

(iii)  $t$  = the lesser of T or the residual maturity of the credit risk mitigant, expressed in years; and

(iv)  $T$  = the lesser of five or the residual maturity of the hedged exposure, expressed in years.

(e) *Credit derivatives without restructuring as a credit event.* If a bank recognizes an eligible credit derivative that does not include as a credit event a restructuring of the hedged exposure involving forgiveness or postponement of principal, interest, or fees that results in a credit loss event (that is, a charge-off, specific provision, or other similar debit to the profit and loss account), the bank must apply the following adjustment to the effective notional amount of the credit derivative:  $P_r = P_m \times 0.60$ , where:

(1)  $P_r$  = effective notional amount of the credit risk mitigant, adjusted for lack of restructuring event (and maturity mismatch, if applicable); and

(2)  $P_m$  = effective notional amount of the credit risk mitigant adjusted for maturity mismatch (if applicable).

(f) *Currency mismatch.* (1) If a bank recognizes an eligible guarantee or eligible credit derivative that is denominated in a currency different from that in which the hedged exposure is denominated, the bank must apply the following formula to the effective notional amount of the guarantee or credit derivative:  $P_c = P_r \times (1 - H_{FX})$ , where:

(i)  $P_c$  = effective notional amount of the credit risk mitigant, adjusted for currency mismatch (and maturity mismatch and lack of restructuring event, if applicable);

(ii)  $P_r$  = effective notional amount of the credit risk mitigant (adjusted for maturity

mismatch and lack of restructuring event, if applicable); and

(iii)  $H_{FX}$  = haircut appropriate for the currency mismatch between the credit risk mitigant and the hedged exposure.

(2) A bank must set  $H_{FX}$  equal to 8 percent unless it qualifies for the use of and uses its own internal estimates of foreign exchange volatility based on a ten-business-day holding period and daily marking-to-market and remarking. A bank qualifies for the use of its own internal estimates of foreign exchange volatility if it qualifies for:

(i) The own-estimates haircuts in paragraph (b)(2)(iii) of section 32 of this appendix;

(ii) The simple VaR methodology in paragraph (b)(3) of section 32 of this appendix; or

(iii) The internal models methodology in paragraph (d) of section 32 of this appendix.

(3) A bank must adjust  $H_{FX}$  calculated in paragraph (f)(2) of this section upward if the bank revalues the guarantee or credit derivative less frequently than once every ten business days using the square root of time formula provided in paragraph (b)(2)(iii)(A)(2) of section 32 of this appendix.

*Section 34. Guarantees and Credit Derivatives:  
Double Default Treatment*

(a) *Eligibility and operational criteria for double default treatment.* A bank may recognize the credit risk mitigation benefits of a guarantee or credit derivative covering an exposure described in paragraph (a)(1) of section 33 of this appendix by applying the double default treatment in this section if all the following criteria are satisfied.

(1) The hedged exposure is fully covered or covered on a pro rata basis by:

(i) An eligible guarantee issued by an eligible double default guarantor; or

(ii) An eligible credit derivative that meets the requirements of paragraph (b)(2) of section 33 of this appendix and is issued by an eligible double default guarantor.

(2) The guarantee or credit derivative is:

(i) An uncollateralized guarantee or uncollateralized credit derivative (for example, a credit default swap) that provides protection with respect to a single reference obligor; or

(ii) An nth-to-default credit derivative (subject to the requirements of paragraph (m) of section 42 of this appendix).

(3) The hedged exposure is a wholesale exposure (other than a sovereign exposure).

(4) The obligor of the hedged exposure is not:

(i) An eligible double default guarantor or an affiliate of an eligible double default guarantor; or

(ii) An affiliate of the guarantor.

(5) The bank does not recognize any credit risk mitigation benefits of the guarantee or credit derivative for the hedged exposure other than through application of the double default treatment as provided in this section.

(6) The bank has implemented a process (which has received the prior, written approval of the OCC) to detect excessive correlation between the creditworthiness of the obligor of the hedged exposure and the protection provider. If excessive correlation is present, the bank may not use the double default treatment for the hedged exposure.

(b) *Full coverage.* If the transaction meets the criteria in paragraph (a) of this section and the protection amount (P) of the guarantee or credit derivative is at least equal to the EAD of the hedged exposure, the bank may determine its risk-weighted asset amount for the hedged exposure under paragraph (e) of this section.

(c) *Partial coverage.* If the transaction meets the criteria in paragraph (a) of this section and the protection amount (P) of the guarantee or credit derivative is less than the EAD of the hedged exposure, the bank must treat the hedged exposure as two separate exposures (protected and unprotected) in order to recognize double default treatment on the protected portion of the exposure.

(1) For the protected exposure, the bank must set EAD equal to P and calculate its risk-weighted asset amount as provided in paragraph (e) of this section.

(2) For the unprotected exposure, the bank must set EAD equal to the EAD of the original exposure minus P and then calculate its risk-weighted asset amount as provided in section 31 of this appendix.

(d) *Mismatches.* For any hedged exposure to which a bank applies double default treatment, the bank must make applicable adjustments to the protection amount as required in paragraphs (d), (e), and (f) of section 33 of this appendix.

(e) *The double default dollar risk-based capital requirement.* The dollar risk-based capital requirement for a hedged exposure to which a bank has applied double default treatment is  $K_{DD}$  multiplied by the EAD of the exposure.  $K_{DD}$  is calculated according to the following formula:  $K_{DD} = K_o \times (0.15 + 160 \times PD_g)$ ,

Where:

(1)

$$K_o = LGD_g \times \left[ N \left( \frac{N^{-1}(PD_o) + N^{-1}(0.999)\sqrt{\rho_{os}}}{\sqrt{1 - \rho_{os}}} \right) - PD_o \right] \times \left[ \frac{1 + (M - 2.5) \times b}{1 - 1.5 \times b} \right]$$

- (2)  $PD_g$  = PD of the protection provider.
- (3)  $PD_o$  = PD of the obligor of the hedged exposure.
- (4)  $LGD_g$  = (i) The lower of the LGD of the hedged exposure (not adjusted to reflect the guarantee or credit derivative) and the LGD of the guarantee or credit derivative, if the guarantee or credit derivative provides the bank with the option to receive immediate payout on triggering the protection; or (ii) The LGD of the guarantee or credit derivative, if the guarantee or credit derivative does not provide the bank with the option to receive immediate payout on triggering the protection.
- (5)  $\rho_{os}$  (asset value correlation of the obligor) is calculated according to the appropriate formula for (R) provided in Table 2 in section 31 of this appendix, with PD equal to  $PD_o$ .
- (6)  $b$  (maturity adjustment coefficient) is calculated according to the formula for  $b$  provided in Table 2 in section 31 of this appendix, with PD equal to the lesser of  $PD_o$  and  $PD_g$ .
- (7)  $M$  (maturity) is the effective maturity of the guarantee or credit derivative, which may not be less than one year or greater than five years.

*Section 35. Risk-Based Capital Requirement for Unsettled Transactions*

- (a) *Definitions.* For purposes of this section:
  - (1) *Delivery-versus-payment (DvP) transaction* means a securities or commodities transaction in which the buyer is obligated to make payment only if the seller has made delivery of the securities or commodities and the seller is obligated to deliver the securities or commodities only if the buyer has made payment.
  - (2) *Payment-versus-payment (PvP) transaction* means a foreign exchange transaction in which each counterparty is obligated to make a final transfer of one or more currencies only if the other counterparty has made a final transfer of one or more currencies.
  - (3) *Normal settlement period.* A transaction has a *normal settlement period* if the contractual settlement period for the transaction is equal to or less than the market standard for the instrument underlying the transaction and equal to or less than five business days.
  - (4) *Positive current exposure.* The positive current exposure of a bank for a transaction is the difference between the transaction value at the agreed settlement price and the

current market price of the transaction, if the difference results in a credit exposure of the bank to the counterparty.

(b) *Scope.* This section applies to all transactions involving securities, foreign exchange instruments, and commodities that have a risk of delayed settlement or delivery. This section does not apply to:

- (1) Transactions accepted by a qualifying central counterparty that are subject to daily marking-to-market and daily receipt and payment of variation margin;
- (2) Repo-style transactions, including unsettled repo-style transactions (which are addressed in sections 31 and 32 of this appendix);
- (3) One-way cash payments on OTC derivative contracts (which are addressed in sections 31 and 32 of this appendix); or
- (4) Transactions with a contractual settlement period that is longer than the normal settlement period (which are treated as OTC derivative contracts and addressed in sections 31 and 32 of this appendix).

(c) *System-wide failures.* In the case of a system-wide failure of a settlement or clearing system, the OCC may waive risk-based capital requirements for unsettled and failed transactions until the situation is rectified.

(d) *Delivery-versus-payment (DvP) and payment-versus-payment (PvP) transactions.* A bank must hold risk-based capital against any DvP or PvP transaction with a normal settlement period if the bank's counterparty has not made delivery or payment within five business days after the settlement date. The bank must determine its risk-weighted asset amount for such a transaction by multiplying the positive current exposure of the transaction for the bank by the appropriate risk weight in Table 5.

TABLE 5—RISK WEIGHTS FOR UNSETTLED DVP AND PVP TRANSACTIONS

Number of business days after contractual settlement date	Risk weight to be applied to positive current exposure (percent)
From 5 to 15 .....	100
From 16 to 30 .....	625
From 31 to 45 .....	937.5
46 or more .....	1,250

(e) *Non-DvP/non-PvP (non-delivery-versus-payment/non-payment-versus-payment) transactions.* (1) A bank must hold risk-based capital against any non-DvP/non-PvP transaction with a normal settlement period if

the bank has delivered cash, securities, commodities, or currencies to its counterparty but has not received its corresponding deliverables by the end of the same business day. The bank must continue to hold risk-based capital against the transaction until the bank has received its corresponding deliverables.

(2) From the business day after the bank has made its delivery until five business days after the counterparty delivery is due, the bank must calculate its risk-based capital requirement for the transaction by treating the current market value of the deliverables owed to the bank as a wholesale exposure.

(i) A bank may assign an obligor rating to a counterparty for which it is not otherwise required under this appendix to assign an obligor rating on the basis of the applicable external rating of any outstanding unsecured long-term debt security without credit enhancement issued by the counterparty.

(ii) A bank may use a 45 percent LGD for the transaction rather than estimating LGD for the transaction provided the bank uses the 45 percent LGD for all transactions described in paragraphs (e)(1) and (e)(2) of this section.

(iii) A bank may use a 100 percent risk weight for the transaction provided the bank uses this risk weight for all transactions described in paragraphs (e)(1) and (e)(2) of this section.

(3) If the bank has not received its deliverables by the fifth business day after the counterparty delivery was due, the bank must deduct the current market value of the deliverables owed to the bank 50 percent from tier 1 capital and 50 percent from tier 2 capital.

(f) *Total risk-weighted assets for unsettled transactions.* Total risk-weighted assets for unsettled transactions is the sum of the risk-weighted asset amounts of all DvP, Pvp, and non-DvP/non-Pvp transactions.

#### PART V. RISK-WEIGHTED ASSETS FOR SECURITIZATION EXPOSURES

##### *Section 41. Operational Criteria for Recognizing the Transfer of Risk*

(a) *Operational criteria for traditional securitizations.* A bank that transfers exposures it has originated or purchased to a securitization SPE or other third party in connection with a traditional securitization may exclude the exposures from the calculation of its risk-weighted assets only if each of the conditions in this paragraph (a) is satisfied. A bank that meets these conditions must hold risk-based capital against any securitization exposures it retains in connection with the securitization. A bank that fails to meet these conditions must hold risk-based capital against the transferred exposures as if they had not been securitized and must deduct from tier 1 capital any

after-tax gain-on-sale resulting from the transaction. The conditions are:

(1) The transfer is considered a sale under GAAP;

(2) The bank has transferred to third parties credit risk associated with the underlying exposures; and

(3) Any clean-up calls relating to the securitization are eligible clean-up calls.

(b) *Operational criteria for synthetic securitizations.* For synthetic securitizations, a bank may recognize for risk-based capital purposes the use of a credit risk mitigant to hedge underlying exposures only if each of the conditions in this paragraph (b) is satisfied. A bank that fails to meet these conditions must hold risk-based capital against the underlying exposures as if they had not been synthetically securitized. The conditions are:

(1) The credit risk mitigant is financial collateral, an eligible credit derivative from an eligible securitization guarantor or an eligible guarantee from an eligible securitization guarantor;

(2) The bank transfers credit risk associated with the underlying exposures to third parties, and the terms and conditions in the credit risk mitigants employed do not include provisions that:

(i) Allow for the termination of the credit protection due to deterioration in the credit quality of the underlying exposures;

(ii) Require the bank to alter or replace the underlying exposures to improve the credit quality of the pool of underlying exposures;

(iii) Increase the bank's cost of credit protection in response to deterioration in the credit quality of the underlying exposures;

(iv) Increase the yield payable to parties other than the bank in response to a deterioration in the credit quality of the underlying exposures; or

(v) Provide for increases in a retained first loss position or credit enhancement provided by the bank after the inception of the securitization;

(3) The bank obtains a well-reasoned opinion from legal counsel that confirms the enforceability of the credit risk mitigant in all relevant jurisdictions; and

(4) Any clean-up calls relating to the securitization are eligible clean-up calls.

##### *Section 42. Risk-Based Capital Requirement for Securitization Exposures*

(a) *Hierarchy of approaches.* Except as provided elsewhere in this section:

(1) A bank must deduct from tier 1 capital any after-tax gain-on-sale resulting from a securitization and must deduct from total capital in accordance with paragraph (c) of this section the portion of any CEIO that does not constitute gain-on-sale.

(2) If a securitization exposure does not require deduction under paragraph (a)(1) of

this section and qualifies for the Ratings-Based Approach in section 43 of this appendix, a bank must apply the Ratings-Based Approach to the exposure.

(3) If a securitization exposure does not require deduction under paragraph (a)(1) of this section and does not qualify for the Ratings-Based Approach, the bank may either apply the Internal Assessment Approach in section 44 of this appendix to the exposure (if the bank, the exposure, and the relevant ABCP program qualify for the Internal Assessment Approach) or the Supervisory Formula Approach in section 45 of this appendix to the exposure (if the bank and the exposure qualify for the Supervisory Formula Approach).

(4) If a securitization exposure does not require deduction under paragraph (a)(1) of this section and does not qualify for the Ratings-Based Approach, the Internal Assessment Approach, or the Supervisory Formula Approach, the bank must deduct the exposure from total capital in accordance with paragraph (c) of this section.

(5) If a securitization exposure is an OTC derivative contract (other than a credit derivative) that has a first priority claim on the cash flows from the underlying exposures (notwithstanding amounts due under interest rate or currency derivative contracts, fees due, or other similar payments), with approval of the OCC, a bank may choose to set the risk-weighted asset amount of the exposure equal to the amount of the exposure as determined in paragraph (e) of this section rather than apply the hierarchy of approaches described in paragraphs (a) (1) through (4) of this section.

(b) *Total risk-weighted assets for securitization exposures.* A bank's total risk-weighted assets for securitization exposures is equal to the sum of its risk-weighted assets calculated using the Ratings-Based Approach in section 43 of this appendix, the Internal Assessment Approach in section 44 of this appendix, and the Supervisory Formula Approach in section 45 of this appendix, and its risk-weighted assets amount for early amortization provisions calculated in section 47 of this appendix.

(c) *Deductions.* (1) If a bank must deduct a securitization exposure from total capital, the bank must take the deduction 50 percent from tier 1 capital and 50 percent from tier 2 capital. If the amount deductible from tier 2 capital exceeds the bank's tier 2 capital, the bank must deduct the excess from tier 1 capital.

(2) A bank may calculate any deduction from tier 1 capital and tier 2 capital for a securitization exposure net of any deferred tax liabilities associated with the securitization exposure.

(d) *Maximum risk-based capital requirement.* Regardless of any other provisions of this part, unless one or more underlying expo-

sure does not meet the definition of a wholesale, retail, securitization, or equity exposure, the total risk-based capital requirement for all securitization exposures held by a single bank associated with a single securitization (including any risk-based capital requirements that relate to an early amortization provision of the securitization but excluding any risk-based capital requirements that relate to the bank's gain-on-sale or CEIOs associated with the securitization) may not exceed the sum of:

(1) The bank's total risk-based capital requirement for the underlying exposures as if the bank directly held the underlying exposures; and

(2) The total ECL of the underlying exposures.

(e) *Amount of a securitization exposure.* (1) The amount of an on-balance sheet securitization exposure that is not a repo-style transaction, eligible margin loan, or OTC derivative contract (other than a credit derivative) is:

(i) The bank's carrying value minus any unrealized gains and plus any unrealized losses on the exposure, if the exposure is a security classified as available-for-sale; or

(ii) The bank's carrying value, if the exposure is not a security classified as available-for-sale.

(2) The amount of an off-balance sheet securitization exposure that is not an OTC derivative contract (other than a credit derivative) is the notional amount of the exposure. For an off-balance-sheet securitization exposure to an ABCP program, such as a liquidity facility, the notional amount may be reduced to the maximum potential amount that the bank could be required to fund given the ABCP program's current underlying assets (calculated without regard to the current credit quality of those assets).

(3) The amount of a securitization exposure that is a repo-style transaction, eligible margin loan, or OTC derivative contract (other than a credit derivative) is the EAD of the exposure as calculated in section 32 of this appendix.

(f) *Overlapping exposures.* If a bank has multiple securitization exposures that provide duplicative coverage of the underlying exposures of a securitization (such as when a bank provides a program-wide credit enhancement and multiple pool-specific liquidity facilities to an ABCP program), the bank is not required to hold duplicative risk-based capital against the overlapping position. Instead, the bank may apply to the overlapping position the applicable risk-based capital treatment that results in the highest risk-based capital requirement.

(g) *Securitized non-IRB exposures.* If a bank has a securitization exposure where any underlying exposure is not a wholesale exposure, retail exposure, securitization exposure, or equity exposure, the bank must:

(1) If the bank is an originating bank, deduct from tier 1 capital any after-tax gain-on-sale resulting from the securitization and deduct from total capital in accordance with paragraph (c) of this section the portion of any CEIO that does not constitute gain-on-sale;

(2) If the securitization exposure does not require deduction under paragraph (g)(1), apply the RBA in section 43 of this appendix to the securitization exposure if the exposure qualifies for the RBA;

(3) If the securitization exposure does not require deduction under paragraph (g)(1) and does not qualify for the RBA, apply the IAA in section 44 of this appendix to the exposure (if the bank, the exposure, and the relevant ABCP program qualify for the IAA); and

(4) If the securitization exposure does not require deduction under paragraph (g)(1) and does not qualify for the RBA or the IAA, deduct the exposure from total capital in accordance with paragraph (c) of this section.

(h) *Implicit support.* If a bank provides support to a securitization in excess of the bank's contractual obligation to provide credit support to the securitization (implicit support):

(1) The bank must hold regulatory capital against all of the underlying exposures associated with the securitization as if the exposures had not been securitized and must deduct from tier 1 capital any after-tax gain-on-sale resulting from the securitization; and

(2) The bank must disclose publicly:

(i) That it has provided implicit support to the securitization; and

(ii) The regulatory capital impact to the bank of providing such implicit support.

(i) *Eligible servicer cash advance facilities.* Regardless of any other provisions of this part, a bank is not required to hold risk-based capital against the undrawn portion of an eligible servicer cash advance facility.

(j) *Interest-only mortgage-backed securities.* Regardless of any other provisions of this part, the risk weight for a non-credit-enhancing interest-only mortgage-backed security may not be less than 100 percent.

(k) *Small-business loans and leases on personal property transferred with recourse.* (1) Regardless of any other provisions of this appendix, a bank that has transferred small-business loans and leases on personal property (small-business obligations) with recourse must include in risk-weighted assets only the contractual amount of retained recourse if all the following conditions are met:

(i) The transaction is a sale under GAAP.

(ii) The bank establishes and maintains, pursuant to GAAP, a non-capital reserve sufficient to meet the bank's reasonably estimated liability under the recourse arrangement.

(iii) The loans and leases are to businesses that meet the criteria for a small-business concern established by the Small Business Administration under section 3(a) of the Small Business Act (15 U.S.C. 632).

(iv) The bank is well capitalized, as defined in the OCC's prompt corrective action regulation at 12 CFR part 6. For purposes of determining whether a bank is well capitalized for purposes of this paragraph, the bank's capital ratios must be calculated without regard to the capital treatment for transfers of small-business obligations with recourse specified in paragraph (k)(1) of this section.

(2) The total outstanding amount of recourse retained by a bank on transfers of small-business obligations receiving the capital treatment specified in paragraph (k)(1) of this section cannot exceed 15 percent of the bank's total qualifying capital.

(3) If a bank ceases to be well capitalized or exceeds the 15 percent capital limitation, the preferential capital treatment specified in paragraph (k)(1) of this section will continue to apply to any transfers of small-business obligations with recourse that occurred during the time that the bank was well capitalized and did not exceed the capital limit.

(4) The risk-based capital ratios of the bank must be calculated without regard to the capital treatment for transfers of small-business obligations with recourse specified in paragraph (k)(1) of this section as provided in 12 CFR part 3, Appendix A.

(l) *Consolidated ABCP programs.* (1) A bank that qualifies as a primary beneficiary and must consolidate an ABCP program as a variable interest entity under GAAP may exclude the consolidated ABCP program assets from risk-weighted assets if the bank is the sponsor of the ABCP program. If a bank excludes such consolidated ABCP program assets from risk-weighted assets, the bank must hold risk-based capital against any securitization exposures of the bank to the ABCP program in accordance with this part.

(2) If a bank either is not permitted, or elects not, to exclude consolidated ABCP program assets from its risk-weighted assets, the bank must hold risk-based capital against the consolidated ABCP program assets in accordance with this appendix but is not required to hold risk-based capital against any securitization exposures of the bank to the ABCP program.

(m) *N<sup>th</sup>-to-default credit derivatives*—(1) *First-to-default credit derivatives*—(i) *Protection purchaser.* A bank that obtains credit protection on a group of underlying exposures through a first-to-default credit derivative must determine its risk-based capital requirement for the underlying exposures as if the bank synthetically securitized the underlying exposure with the lowest risk-based capital requirement and had obtained no credit risk mitigant on the other underlying exposures.

(ii) *Protection provider.* A bank that provides credit protection on a group of underlying exposures through a first-to-default credit derivative must determine its risk-weighted asset amount for the derivative by applying the RBA in section 43 of this appendix (if the derivative qualifies for the RBA) or, if the derivative does not qualify for the RBA, by setting its risk-weighted asset amount for the derivative equal to the product of:

(A) The protection amount of the derivative;

(B) 12.5; and

(C) The sum of the risk-based capital requirements of the individual underlying exposures, up to a maximum of 100 percent.

(2) *Second-or-subsequent-to-default credit derivatives*—(i) *Protection purchaser.* (A) A bank that obtains credit protection on a group of underlying exposures through a  $n^{\text{th}}$ -to-default credit derivative (other than a first-to-default credit derivative) may recognize the credit risk mitigation benefits of the derivative only if:

(1) The bank also has obtained credit protection on the same underlying exposures in the form of first-through-( $n-1$ )-to-default credit derivatives; or

(2) If  $n-1$  of the underlying exposures have already defaulted.

(B) If a bank satisfies the requirements of paragraph (m)(2)(i)(A) of this section, the bank must determine its risk-based capital requirement for the underlying exposures as if the bank had only synthetically securitized the underlying exposure with the  $n^{\text{th}}$  lowest risk-based capital requirement and had obtained no credit risk mitigant on the other underlying exposures.

(ii) *Protection provider.* A bank that provides credit protection on a group of underlying exposures through a  $n^{\text{th}}$ -to-default credit derivative (other than a first-to-default credit derivative) must determine its risk-weighted asset amount for the derivative by applying the RBA in section 43 of this appendix (if the derivative qualifies for the RBA) or, if the derivative does not qualify for the RBA, by setting its risk-weighted asset amount for the derivative equal to the product of:

(A) The protection amount of the derivative;

(B) 12.5; and

(C) The sum of the risk-based capital requirements of the individual underlying exposures (excluding the  $n-1$  underlying expo-

sure with the lowest risk-based capital requirements), up to a maximum of 100 percent.

*Section 43. Ratings-Based Approach (RBA)*

(a) *Eligibility requirements for use of the RBA*—(1) *Originating bank.* An originating bank must use the RBA to calculate its risk-based capital requirement for a securitization exposure if the exposure has two or more external ratings or inferred ratings (and may not use the RBA if the exposure has fewer than two external ratings or inferred ratings).

(2) *Investing bank.* An investing bank must use the RBA to calculate its risk-based capital requirement for a securitization exposure if the exposure has one or more external or inferred ratings (and may not use the RBA if the exposure has no external or inferred rating).

(b) *Ratings-based approach.* (1) A bank must determine the risk-weighted asset amount for a securitization exposure by multiplying the amount of the exposure (as defined in paragraph (e) of section 42 of this appendix) by the appropriate risk weight provided in Table 6 and Table 7.

(2) A bank must apply the risk weights in Table 6 when the securitization exposure's applicable external or applicable inferred rating represents a long-term credit rating, and must apply the risk weights in Table 7 when the securitization exposure's applicable external or applicable inferred rating represents a short-term credit rating.

(i) A bank must apply the risk weights in column 1 of Table 6 or Table 7 to the securitization exposure if:

(A)  $N$  (as calculated under paragraph (e)(6) of section 45 of this appendix) is six or more (for purposes of this section only, if the notional number of underlying exposures is 25 or more or if all of the underlying exposures are retail exposures, a bank may assume that  $N$  is six or more unless the bank knows or has reason to know that  $N$  is less than six); and

(B) The securitization exposure is a senior securitization exposure.

(ii) A bank must apply the risk weights in column 3 of Table 6 or Table 7 to the securitization exposure if  $N$  is less than six, regardless of the seniority of the securitization exposure.

(iii) Otherwise, a bank must apply the risk weights in column 2 of Table 6 or Table 7.

Section 44. Internal Assessment Approach (IAA)

(a) *Eligibility requirements.* A bank may apply the IAA to calculate the risk-weighted asset amount for a securitization exposure that the bank has to an ABCP program (such as a liquidity facility or credit enhancement) if the bank, the ABCP program, and the exposure qualify for use of the IAA.

(1) *Bank qualification criteria.* A bank qualifies for use of the IAA if the bank has received the prior written approval of the OCC. To receive such approval, the bank must demonstrate to the OCC's satisfaction that the bank's internal assessment process meets the following criteria:

(i) The bank's internal credit assessments of securitization exposures must be based on publicly available rating criteria used by an NRSRO.

(ii) The bank's internal credit assessments of securitization exposures used for risk-based capital purposes must be consistent with those used in the bank's internal risk management process, management informa-

tion reporting systems, and capital adequacy assessment process.

(iii) The bank's internal credit assessment process must have sufficient granularity to identify gradations of risk. Each of the bank's internal credit assessment categories must correspond to an external rating of an NRSRO.

(iv) The bank's internal credit assessment process, particularly the stress test factors for determining credit enhancement requirements, must be at least as conservative as the most conservative of the publicly available rating criteria of the NRSROs that have provided external ratings to the commercial paper issued by the ABCP program.

(A) Where the commercial paper issued by an ABCP program has an external rating from two or more NRSROs and the different NRSROs' benchmark stress factors require different levels of credit enhancement to achieve the same external rating equivalent, the bank must apply the NRSRO stress factor that requires the highest level of credit enhancement.

(B) If any NRSRO that provides an external rating to the ABCP program's commercial paper changes its methodology (including stress factors), the bank must evaluate whether to revise its internal assessment process.

(v) The bank must have an effective system of controls and oversight that ensures compliance with these operational requirements and maintains the integrity and accuracy of the internal credit assessments. The bank must have an internal audit function independent from the ABCP program business line and internal credit assessment process that assesses at least annually whether the controls over the internal credit assessment process function as intended.

(vi) The bank must review and update each internal credit assessment whenever new material information is available, but no less frequently than annually.

(vii) The bank must validate its internal credit assessment process on an ongoing basis and at least annually.

(2) *ABCP-program qualification criteria.* An ABCP program qualifies for use of the IAA if all commercial paper issued by the ABCP program has an external rating.

(3) *Exposure qualification criteria.* A securitization exposure qualifies for use of the IAA if the exposure meets the following criteria:

(i) The bank initially rated the exposure at least the equivalent of investment grade.

(ii) The ABCP program has robust credit and investment guidelines (that is, underwriting standards) for the exposures underlying the securitization exposure.

(iii) The ABCP program performs a detailed credit analysis of the sellers of the exposures underlying the securitization exposure.

(iv) The ABCP program's underwriting policy for the exposures underlying the securitization exposure establishes minimum asset eligibility criteria that include the prohibition of the purchase of assets that are significantly past due or of assets that are defaulted (that is, assets that have been charged off or written down by the seller prior to being placed into the ABCP program or assets that would be charged off or written down under the program's governing contracts), as well as limitations on concentration to individual obligors or geographic areas and the tenor of the assets to be purchased.

(v) The aggregate estimate of loss on the exposures underlying the securitization exposure considers all sources of potential risk, such as credit and dilution risk.

(vi) Where relevant, the ABCP program incorporates structural features into each pur-

chase of exposures underlying the securitization exposure to mitigate potential credit deterioration of the underlying exposures. Such features may include wind-down triggers specific to a pool of underlying exposures.

(b) *Mechanics.* A bank that elects to use the IAA to calculate the risk-based capital requirement for any securitization exposure must use the IAA to calculate the risk-based capital requirements for all securitization exposures that qualify for the IAA approach. Under the IAA, a bank must map its internal assessment of such a securitization exposure to an equivalent external rating from an NRSRO. Under the IAA, a bank must determine the risk-weighted asset amount for such a securitization exposure by multiplying the amount of the exposure (as defined in paragraph (e) of section 42 of this appendix) by the appropriate risk weight in Table 6 and Table 7 in paragraph (b) of section 43 of this appendix.

*Section 45. Supervisory Formula Approach (SFA)*

(a) *Eligibility requirements.* A bank may use the SFA to determine its risk-based capital requirement for a securitization exposure only if the bank can calculate on an ongoing basis each of the SFA parameters in paragraph (e) of this section.

(b) *Mechanics.* Under the SFA, a securitization exposure incurs a deduction from total capital (as described in paragraph (c) of section 42 of this appendix) and/or an SFA risk-based capital requirement, as determined in paragraph (c) of this section. The risk-weighted asset amount for the securitization exposure equals the SFA risk-based capital requirement for the exposure multiplied by 12.5.

(c) *The SFA risk-based capital requirement.*

(1) If  $K_{IRB}$  is greater than or equal to  $L + T$ , the entire exposure must be deducted from total capital.

(2) If  $K_{IRB}$  is less than or equal to  $L$ , the exposure's SFA risk-based capital requirement is  $UE$  multiplied by  $TP$  multiplied by the greater of:

(i)  $0.0056 * T$ ; or

(ii)  $S[L + T] - S[L]$ .

(3) If  $K_{IRB}$  is greater than  $L$  and less than  $L + T$ , the bank must deduct from total capital an amount equal to  $UE * TP * (K_{IRB} - L)$ , and the exposure's SFA risk-based capital requirement is  $UE$  multiplied by  $TP$  multiplied by the greater of:

(i)  $0.0056 * (T - (K_{IRB} - L))$ ; or

(ii)  $S[L + T] - S[K_{IRB}]$ .

(d) *The supervisory formula:*

$$(1) S[Y] = \left\{ \begin{array}{ll} Y & \text{when } Y \leq K_{IRB} \\ K_{IRB} + K[Y] - K[K_{IRB}] + \frac{d \cdot K_{IRB}}{20} (1 - e^{\frac{20(K_{IRB}-Y)}{K_{IRB}}}) & \text{when } Y > K_{IRB} \end{array} \right\}$$

$$(2) K[Y] = (1-h) \cdot [(1-\beta[Y; a, b]) \cdot Y + \beta[Y; a+1, b] \cdot c]$$

$$(3) h = \left( 1 - \frac{K_{IRB}}{EWALGD} \right)^N$$

$$(4) a = g \cdot c$$

$$(5) b = g \cdot (1-c)$$

$$(6) c = \frac{K_{IRB}}{1-h}$$

$$(7) g = \frac{(1-c) \cdot c}{f} - 1$$

$$(8) f = \frac{v + K_{IRB}^2}{1-h} - c^2 + \frac{(1-K_{IRB}) \cdot K_{IRB} - v}{(1-h) \cdot 1000}$$

$$(9) v = K_{IRB} \cdot \frac{(EWALGD - K_{IRB}) + .25 \cdot (1 - EWALGD)}{N}$$

$$(10) d = 1 - (1-h) \cdot (1 - \beta[K_{IRB}; a, b]).$$

(11) In these expressions,  $\beta[Y; a, b]$  refers to the cumulative beta distribution with parameters  $a$  and  $b$  evaluated at  $Y$ . In the case where  $N = 1$  and  $EWALGD = 100$  percent,  $S[Y]$  in formula (1) must be calculated with  $K[Y]$  set equal to the product of  $K_{IRB}$  and  $Y$ , and  $d$  set equal to  $1 - \frac{K_{IRB}}{EWALGD}$ .

(e) *SFA parameters*—(1) *Amount of the underlying exposures (UE)*. UE is the EAD of any underlying exposures that are wholesale and retail exposures (including the amount of

any funded spread accounts, cash collateral accounts, and other similar funded credit enhancements) plus the amount of any underlying exposures that are securitization exposures (as defined in paragraph (e) of section 42 of this appendix) plus the adjusted carrying value of any underlying exposures that are equity exposures (as defined in paragraph (b) of section 51 of this appendix).

(2) *Tranche percentage (TP)*. TP is the ratio of the amount of the bank's securitization

**Pt. 3, App. C**

**12 CFR Ch. I (1-1-09 Edition)**

exposure to the amount of the tranche that contains the securitization exposure.

(3) *Capital requirement on underlying exposures* ( $K_{IRB}$ ). (i)  $K_{IRB}$  is the ratio of:

(A) The sum of the risk-based capital requirements for the underlying exposures plus the expected credit losses of the underlying exposures (as determined under this appendix as if the underlying exposures were directly held by the bank); to

(B) UE.

(ii) The calculation of  $K_{IRB}$  must reflect the effects of any credit risk mitigant applied to the underlying exposures (either to an individual underlying exposure, to a group of underlying exposures, or to the entire pool of underlying exposures).

(iii) All assets related to the securitization are treated as underlying exposures, including assets in a reserve account (such as a cash collateral account).

(4) *Credit enhancement level* ( $L$ ). (i)  $L$  is the ratio of:

(A) The amount of all securitization exposures subordinated to the tranche that contains the bank's securitization exposure; to

(B) UE.

(ii) A bank must determine  $L$  before considering the effects of any tranche-specific credit enhancements.

(iii) Any gain-on-sale or CEIO associated with the securitization may not be included in  $L$ .

(iv) Any reserve account funded by accumulated cash flows from the underlying exposures that is subordinated to the tranche that contains the bank's securitization exposure may be included in the numerator and denominator of  $L$  to the extent cash has accumulated in the account. Unfunded reserve accounts (that is, reserve accounts that are to be funded from future cash flows from the underlying exposures) may not be included in the calculation of  $L$ .

(v) In some cases, the purchase price of receivables will reflect a discount that provides credit enhancement (for example, first loss protection) for all or certain tranches of the securitization. When this arises,  $L$  should be calculated inclusive of this discount if the discount provides credit enhancement for the securitization exposure.

(5) *Thickness of tranche* ( $T$ ).  $T$  is the ratio of:

(i) The amount of the tranche that contains the bank's securitization exposure; to

(ii) UE.

(6) *Effective number of exposures* ( $N$ ). (i) Unless the bank elects to use the formula provided in paragraph (f) of this section,

$$N = \frac{(\sum_i EAD_i)^2}{\sum_i EAD_i^2}$$

where  $EAD_i$  represents the EAD associated with the  $i$ th instrument in the pool of underlying exposures.

(ii) Multiple exposures to one obligor must be treated as a single underlying exposure.

(iii) In the case of a re-securitization (that is, a securitization in which some or all of the underlying exposures are themselves securitization exposures), the bank must treat each underlying exposure as a single underlying exposure and must not look through to the originally securitized underlying exposures.

(7) *Exposure-weighted average loss given default* ( $EWALGD$ ).  $EWALGD$  is calculated as:

$$EWALGD = \frac{\sum_i LGD_i \cdot EAD_i}{\sum_i EAD_i}$$

where  $LGD_i$  represents the average LGD associated with all exposures to the  $i$ th obligor. In the case of a re-securitization, an LGD of 100 percent must be assumed for the underlying exposures that are themselves securitization exposures.

(f) *Simplified method for computing  $N$  and  $EWALGD$* . (1) If all underlying exposures of a securitization are retail exposures, a bank may apply the SFA using the following simplifications:

(i)  $h = 0$ ; and

(ii)  $v = 0$ .

(2) Under the conditions in paragraphs (f)(3) and (f)(4) of this section, a bank may employ a simplified method for calculating  $N$  and  $EWALGD$ .

(3) If  $C_1$  is no more than 0.03, a bank may set  $EWALGD = 0.50$  if none of the underlying exposures is a securitization exposure or  $EWALGD = 1$  if one or more of the underlying exposures is a securitization exposure, and may set  $N$  equal to the following amount:

$$N = \frac{1}{C_1 C_m + \left( \frac{C_m - C_1}{m - 1} \right) \max(1 - m C_1, 0)}$$

where:

(i)  $C_m$  is the ratio of the sum of the amounts of the 'm' largest underlying exposures to UE; and

(ii) The level of m is to be selected by the bank.

(4) Alternatively, if only  $C_1$  is available and  $C_1$  is no more than 0.03, the bank may set  $EWALGD = 0.50$  if none of the underlying exposures is a securitization exposure or  $EWALGD = 1$  if one or more of the underlying exposures is a securitization exposure and may set  $N = 1/C_1$ .

*Section 46. Recognition of Credit Risk Mitigants for Securitization Exposures*

(a) *General.* An originating bank that has obtained a credit risk mitigant to hedge its securitization exposure to a synthetic or traditional securitization that satisfies the operational criteria in section 41 of this appendix may recognize the credit risk mitigant, but only as provided in this section. An investing bank that has obtained a credit risk mitigant to hedge a securitization exposure may recognize the credit risk mitigant, but only as provided in this section. A bank that has used the RBA in section 43 of this appendix or the IAA in section 44 of this appendix to calculate its risk-based capital requirement for a securitization exposure whose external or inferred rating (or equivalent internal rating under the IAA) reflects the benefits of a credit risk mitigant provided to the associated securitization or that supports some or all of the underlying exposures may not use the credit risk mitigation rules in this section to further reduce its risk-based capital requirement for the exposure to reflect that credit risk mitigant.

(b) *Collateral—(1) Rules of recognition.* A bank may recognize financial collateral in determining the bank's risk-based capital requirement for a securitization exposure (other than a repo-style transaction, an eligible margin loan, or an OTC derivative contract for which the bank has reflected collateral in its determination of exposure amount under section 32 of this appendix) as follows. The bank's risk-based capital requirement for the collateralized securitization exposure is equal to the risk-based capital requirement for the securitization exposure as calculated under the RBA in section 43 of this appendix or under the SFA in section 45 of this appendix multiplied by the ratio of adjusted exposure amount ( $SE^*$ ) to original exposure amount ( $SE$ ), where:

(i)  $SE^* = \max \{0, [SE - C \times (1 - H_s - H_{fx})]\}$ ;

(ii)  $SE$  = the amount of the securitization exposure calculated under paragraph (e) of section 42 of this appendix;

(iii)  $C$  = the current market value of the collateral;

(iv)  $H_s$  = the haircut appropriate to the collateral type; and

(v)  $H_{fx}$  = the haircut appropriate for any currency mismatch between the collateral and the exposure.

(2) *Mixed collateral.* Where the collateral is a basket of different asset types or a basket of assets denominated in different currencies, the haircut on the basket will be

$$H = \sum_i a_i H_i,$$

where  $a_i$  is the current market value of the asset in the basket divided by the current market value of all assets in the basket and  $H_i$  is the haircut applicable to that asset.

(3) *Standard supervisory haircuts.* Unless a bank qualifies for use of and uses own-estimates haircuts in paragraph (b)(4) of this section:

(i) A bank must use the collateral type haircuts ( $H_s$ ) in Table 3;

(ii) A bank must use a currency mismatch haircut ( $H_{fx}$ ) of 8 percent if the exposure and the collateral are denominated in different currencies;

(iii) A bank must multiply the supervisory haircuts obtained in paragraphs (b)(3)(i) and (ii) by the square root of 6.5 (which equals 2.549510); and

(iv) A bank must adjust the supervisory haircuts upward on the basis of a holding period longer than 65 business days where and as appropriate to take into account the illiquidity of the collateral.

(4) *Own estimates for haircuts.* With the prior written approval of the OCC, a bank may calculate haircuts using its own internal estimates of market price volatility and foreign exchange volatility, subject to paragraph (b)(2)(iii) of section 32 of this appendix. The minimum holding period (TM) for securitization exposures is 65 business days.

(c) *Guarantees and credit derivatives—(1) Limitations on recognition.* A bank may only recognize an eligible guarantee or eligible credit derivative provided by an eligible securitization guarantor in determining the bank's risk-based capital requirement for a securitization exposure.

(2) *ECL for securitization exposures.* When a bank recognizes an eligible guarantee or eligible credit derivative provided by an eligible securitization guarantor in determining the bank's risk-based capital requirement for a securitization exposure, the bank must also:

(i) Calculate ECL for the protected portion of the exposure using the same risk parameters that it uses for calculating the risk-weighted asset amount of the exposure as described in paragraph (c)(3) of this section; and

(ii) Add the exposure's ECL to the bank's total ECL.

(3) *Rules of recognition.* A bank may recognize an eligible guarantee or eligible credit derivative provided by an eligible securitization guarantor in determining the bank's risk-based capital requirement for the securitization exposure as follows:

(i) *Full coverage.* If the protection amount of the eligible guarantee or eligible credit derivative equals or exceeds the amount of the securitization exposure, the bank may set the risk-weighted asset amount for the securitization exposure equal to the risk-weighted asset amount for a direct exposure to the eligible securitization guarantor (as determined in the wholesale risk weight function described in section 31 of this appendix), using the bank's PD for the guarantor, the bank's LGD for the guarantee or credit derivative, and an EAD equal to the amount of the securitization exposure (as determined in paragraph (e) of section 42 of this appendix).

(ii) *Partial coverage.* If the protection amount of the eligible guarantee or eligible credit derivative is less than the amount of the securitization exposure, the bank may set the risk-weighted asset amount for the securitization exposure equal to the sum of:

(A) *Covered portion.* The risk-weighted asset amount for a direct exposure to the eligible securitization guarantor (as determined in the wholesale risk weight function described in section 31 of this appendix), using the bank's PD for the guarantor, the bank's LGD for the guarantee or credit derivative, and an EAD equal to the protection amount of the credit risk mitigant; and

(B) *Uncovered portion.* (1) 1.0 minus the ratio of the protection amount of the eligible guarantee or eligible credit derivative to the amount of the securitization exposure; multiplied by

(2) The risk-weighted asset amount for the securitization exposure without the credit risk mitigant (as determined in sections 42–45 of this appendix).

(4) *Mismatches.* The bank must make applicable adjustments to the protection amount as required in paragraphs (d), (e), and (f) of section 33 of this appendix for any hedged securitization exposure and any more senior securitization exposure that benefits from the hedge. In the context of a synthetic securitization, when an eligible guarantee or eligible credit derivative covers multiple hedged exposures that have different residual maturities, the bank must use the longest residual maturity of any of the hedged exposures as the residual maturity of all the hedged exposures.

*Section 47. Risk-Based Capital Requirement for Early Amortization Provisions*

(a) *General.* (1) An originating bank must hold risk-based capital against the sum of

the originating bank's interest and the investors' interest in a securitization that:

(i) Includes one or more underlying exposures in which the borrower is permitted to vary the drawn amount within an agreed limit under a line of credit; and

(ii) Contains an early amortization provision.

(2) For securitizations described in paragraph (a)(1) of this section, an originating bank must calculate the risk-based capital requirement for the originating bank's interest under sections 42–45 of this appendix, and the risk-based capital requirement for the investors' interest under paragraph (b) of this section.

(b) *Risk-weighted asset amount for investors' interest.* The originating bank's risk-weighted asset amount for the investors' interest in the securitization is equal to the product of the following 5 quantities:

(1) The investors' interest EAD;

(2) The appropriate conversion factor in paragraph (c) of this section;

(3)  $K_{IRB}$  (as defined in paragraph (e)(3) of section 45 of this appendix);

(4) 12.5; and

(5) The proportion of the underlying exposures in which the borrower is permitted to vary the drawn amount within an agreed limit under a line of credit.

(c) *Conversion factor.* (1) (i) Except as provided in paragraph (c)(2) of this section, to calculate the appropriate conversion factor, a bank must use Table 8 for a securitization that contains a controlled early amortization provision and must use Table 9 for a securitization that contains a non-controlled early amortization provision. In circumstances where a securitization contains a mix of retail and nonretail exposures or a mix of committed and uncommitted exposures, a bank may take a pro rata approach to determining the conversion factor for the securitization's early amortization provision. If a pro rata approach is not feasible, a bank must treat the mixed securitization as a securitization of nonretail exposures if a single underlying exposure is a nonretail exposure and must treat the mixed securitization as a securitization of committed exposures if a single underlying exposure is a committed exposure.

(ii) To find the appropriate conversion factor in the tables, a bank must divide the three-month average annualized excess spread of the securitization by the excess spread trapping point in the securitization structure. In securitizations that do not require excess spread to be trapped, or that specify trapping points based primarily on performance measures other than the three-month average annualized excess spread, the excess spread trapping point is 4.5 percent.

(2) For a securitization for which all or substantially all of the underlying exposures are residential mortgage exposures, a bank may calculate the appropriate conversion factor using paragraph (c)(1) of this section or may use a conversion factor of 10 percent. If the bank chooses to use a conversion factor of 10 percent, it must use that conversion factor for all securitizations for which all or substantially all of the underlying exposures are residential mortgage exposures.

PART VI. RISK-WEIGHTED ASSETS FOR EQUITY EXPOSURES

Section 51. Introduction and Exposure Measurement

(a) *General.* To calculate its risk-weighted asset amounts for equity exposures that are not equity exposures to investment funds, a bank may apply either the Simple Risk Weight Approach (SRWA) in section 52 of this appendix or, if it qualifies to do so, the Internal Models Approach (IMA) in section 53 of this appendix. A bank must use the look-through approaches in section 54 of this appendix to calculate its risk-weighted asset amounts for equity exposures to investment funds.

(b) *Adjusted carrying value.* For purposes of this part, the adjusted carrying value of an equity exposure is:

(1) For the on-balance sheet component of an equity exposure, the bank's carrying value of the exposure reduced by any unrealized gains on the exposure that are reflected in such carrying value but excluded from the bank's tier 1 and tier 2 capital; and

(2) For the off-balance sheet component of an equity exposure, the effective notional

principal amount of the exposure, the size of which is equivalent to a hypothetical on-balance sheet position in the underlying equity instrument that would evidence the same change in fair value (measured in dollars) for a given small change in the price of the underlying equity instrument, minus the adjusted carrying value of the on-balance sheet component of the exposure as calculated in paragraph (b)(1) of this section. For unfunded equity commitments that are unconditional, the effective notional principal amount is the notional amount of the commitment. For unfunded equity commitments that are conditional, the effective notional principal amount is the bank's best estimate of the amount that would be funded under economic downturn conditions.

Section 52. Simple Risk Weight Approach (SRWA)

(a) *General.* Under the SRWA, a bank's aggregate risk-weighted asset amount for its equity exposures is equal to the sum of the risk-weighted asset amounts for each of the bank's individual equity exposures (other than equity exposures to an investment fund) as determined in this section and the risk-weighted asset amounts for each of the bank's individual equity exposures to an investment fund as determined in section 54 of this appendix.

(b) *SRWA computation for individual equity exposures.* A bank must determine the risk-weighted asset amount for an individual equity exposure (other than an equity exposure to an investment fund) by multiplying the adjusted carrying value of the equity exposure or the effective portion and ineffective

portion of a hedge pair (as defined in paragraph (c) of this section) by the lowest applicable risk weight in this paragraph (b).

(1) *0 percent risk weight equity exposures.* An equity exposure to an entity whose credit exposures are exempt from the 0.03 percent PD floor in paragraph (d)(2) of section 31 of this appendix is assigned a 0 percent risk weight.

(2) *20 percent risk weight equity exposures.* An equity exposure to a Federal Home Loan Bank or Farmer Mac is assigned a 20 percent risk weight.

(3) *100 percent risk weight equity exposures.* The following equity exposures are assigned a 100 percent risk weight:

(i) *Community development equity exposures.* An equity exposure that qualifies as a community development investment under 12 U.S.C. 24 (Eleventh), excluding equity exposures to an unconsolidated small business investment company and equity exposures held through a consolidated small business investment company described in section 302 of the Small Business Investment Act of 1958 (15 U.S.C. 682).

(ii) *Effective portion of hedge pairs.* The effective portion of a hedge pair.

(iii) *Non-significant equity exposures.* Equity exposures, excluding exposures to an investment firm that would meet the definition of a traditional securitization were it not for the OCC's application of paragraph (8) of that definition and has greater than immaterial leverage, to the extent that the aggregate adjusted carrying value of the exposures does not exceed 10 percent of the bank's tier 1 capital plus tier 2 capital.

(A) To compute the aggregate adjusted carrying value of a bank's equity exposures for purposes of this paragraph (b)(3)(iii), the bank may exclude equity exposures described in paragraphs (b)(1), (b)(2), (b)(3)(i), and (b)(3)(ii) of this section, the equity exposure in a hedge pair with the smaller adjusted carrying value, and a proportion of each equity exposure to an investment fund equal to the proportion of the assets of the investment fund that are not equity exposures or that meet the criterion of paragraph (b)(3)(i) of this section. If a bank does not know the actual holdings of the investment fund, the bank may calculate the proportion of the assets of the fund that are not equity exposures based on the terms of the prospectus, partnership agreement, or similar contract that defines the fund's permissible investments. If the sum of the investment limits for all exposure classes within the fund exceeds 100 percent, the bank must assume for purposes of this paragraph (b)(3)(iii) that the investment fund invests to the maximum extent possible in equity exposures.

(B) When determining which of a bank's equity exposures qualify for a 100 percent risk weight under this paragraph, a bank first must include equity exposures to unconsolidated small business investment com-

panies or held through consolidated small business investment companies described in section 302 of the Small Business Investment Act of 1958 (15 U.S.C. 682), then must include publicly traded equity exposures (including those held indirectly through investment funds), and then must include non-publicly traded equity exposures (including those held indirectly through investment funds).

(4) *300 percent risk weight equity exposures.* A publicly traded equity exposure (other than an equity exposure described in paragraph (b)(6) of this section and including the ineffective portion of a hedge pair) is assigned a 300 percent risk weight.

(5) *400 percent risk weight equity exposures.* An equity exposure (other than an equity exposure described in paragraph (b)(6) of this section) that is not publicly traded is assigned a 400 percent risk weight.

(6) *600 percent risk weight equity exposures.* An equity exposure to an investment firm that:

(i) Would meet the definition of a traditional securitization were it not for the OCC's application of paragraph (8) of that definition; and

(ii) Has greater than immaterial leverage is assigned a 600 percent risk weight.

(c) *Hedge transactions—(1) Hedge pair.* A hedge pair is two equity exposures that form an effective hedge so long as each equity exposure is publicly traded or has a return that is primarily based on a publicly traded equity exposure.

(2) *Effective hedge.* Two equity exposures form an effective hedge if the exposures either have the same remaining maturity or each has a remaining maturity of at least three months; the hedge relationship is formally documented in a prospective manner (that is, before the bank acquires at least one of the equity exposures); the documentation specifies the measure of effectiveness (E) the bank will use for the hedge relationship throughout the life of the transaction; and the hedge relationship has an E greater than or equal to 0.8. A bank must measure E at least quarterly and must use one of three alternative measures of E:

(i) Under the dollar-offset method of measuring effectiveness, the bank must determine the ratio of value change (RVC). The RVC is the ratio of the cumulative sum of the periodic changes in value of one equity exposure to the cumulative sum of the periodic changes in the value of the other equity exposure. If RVC is positive, the hedge is not effective and E equals 0. If RVC is negative and greater than or equal to  $-1$  (that is, between zero and  $-1$ ), then E equals the absolute value of RVC. If RVC is negative and less than  $-1$ , then E equals 2 plus RVC.

(ii) Under the variability-reduction method of measuring effectiveness:

$$E = 1 - \frac{\sum_{t=1}^T (X_t - X_{t-1})^2}{\sum_{t=1}^T (A_t - A_{t-1})^2}, \text{ where}$$

- (A)  $X_t = A_t - B_t$ ;  
 (B)  $A_t$  = the value at time  $t$  of one exposure in a hedge pair; and  
 (C)  $B_t$  = the value at time  $t$  of the other exposure in a hedge pair.

(iii) Under the regression method of measuring effectiveness,  $E$  equals the coefficient of determination of a regression in which the change in value of one exposure in a hedge pair is the dependent variable and the change in value of the other exposure in a hedge pair is the independent variable. However, if the estimated regression coefficient is positive, then the value of  $E$  is zero.

(3) The effective portion of a hedge pair is  $E$  multiplied by the greater of the adjusted carrying values of the equity exposures forming a hedge pair.

(4) The ineffective portion of a hedge pair is  $(1-E)$  multiplied by the greater of the adjusted carrying values of the equity exposures forming a hedge pair.

*Section 53. Internal Models Approach (IMA)*

(a) *General.* A bank may calculate its risk-weighted asset amount for equity exposures using the IMA by modeling publicly traded and non-publicly traded equity exposures (in accordance with paragraph (c) of this section) or by modeling only publicly traded equity exposures (in accordance with paragraph (d) of this section).

(b) *Qualifying criteria.* To qualify to use the IMA to calculate risk-based capital requirements for equity exposures, a bank must receive prior written approval from the OCC. To receive such approval, the bank must demonstrate to the OCC's satisfaction that the bank meets the following criteria:

(1) The bank must have one or more models that:

(i) Assess the potential decline in value of its modeled equity exposures;

(ii) Are commensurate with the size, complexity, and composition of the bank's modeled equity exposures; and

(iii) Adequately capture both general market risk and idiosyncratic risk.

(2) The bank's model must produce an estimate of potential losses for its modeled equity exposures that is no less than the estimate of potential losses produced by a VaR methodology employing a 99.0 percent, one-tailed confidence interval of the distribution of quarterly returns for a benchmark portfolio of equity exposures comparable to the

bank's modeled equity exposures using a long-term sample period.

(3) The number of risk factors and exposures in the sample and the data period used for quantification in the bank's model and benchmarking exercise must be sufficient to provide confidence in the accuracy and robustness of the bank's estimates.

(4) The bank's model and benchmarking process must incorporate data that are relevant in representing the risk profile of the bank's modeled equity exposures, and must include data from at least one equity market cycle containing adverse market movements relevant to the risk profile of the bank's modeled equity exposures. In addition, the bank's benchmarking exercise must be based on daily market prices for the benchmark portfolio. If the bank's model uses a scenario methodology, the bank must demonstrate that the model produces a conservative estimate of potential losses on the bank's modeled equity exposures over a relevant long-term market cycle. If the bank employs risk factor models, the bank must demonstrate through empirical analysis the appropriateness of the risk factors used.

(5) The bank must be able to demonstrate, using theoretical arguments and empirical evidence, that any proxies used in the modeling process are comparable to the bank's modeled equity exposures and that the bank has made appropriate adjustments for differences. The bank must derive any proxies for its modeled equity exposures and benchmark portfolio using historical market data that are relevant to the bank's modeled equity exposures and benchmark portfolio (or, where not, must use appropriately adjusted data), and such proxies must be robust estimates of the risk of the bank's modeled equity exposures.

(c) *Risk-weighted assets calculation for a bank modeling publicly traded and non-publicly traded equity exposures.* If a bank models publicly traded and non-publicly traded equity exposures, the bank's aggregate risk-weighted asset amount for its equity exposures is equal to the sum of:

(1) The risk-weighted asset amount of each equity exposure that qualifies for a 0 percent, 20 percent, or 100 percent risk weight under paragraphs (b)(1) through (b)(3)(i) of section 52 (as determined under section 52 of this appendix) and each equity exposure to

**Pt. 3, App. C**

**12 CFR Ch. I (1–1–09 Edition)**

an investment fund (as determined under section 54 of this appendix); and

(2) The greater of:

(i) The estimate of potential losses on the bank's equity exposures (other than equity exposures referenced in paragraph (c)(1) of this section) generated by the bank's internal equity exposure model multiplied by 12.5; or

(ii) The sum of:

(A) 200 percent multiplied by the aggregate adjusted carrying value of the bank's publicly traded equity exposures that do not belong to a hedge pair, do not qualify for a 0 percent, 20 percent, or 100 percent risk weight under paragraphs (b)(1) through (b)(3)(i) of section 52 of this appendix, and are not equity exposures to an investment fund;

(B) 200 percent multiplied by the aggregate ineffective portion of all hedge pairs; and

(C) 300 percent multiplied by the aggregate adjusted carrying value of the bank's equity exposures that are not publicly traded, do not qualify for a 0 percent, 20 percent, or 100 percent risk weight under paragraphs (b)(1) through (b)(3)(i) of section 52 of this appendix, and are not equity exposures to an investment fund.

(d) *Risk-weighted assets calculation for a bank using the IMA only for publicly traded equity exposures.* If a bank models only publicly traded equity exposures, the bank's aggregate risk-weighted asset amount for its equity exposures is equal to the sum of:

(1) The risk-weighted asset amount of each equity exposure that qualifies for a 0 percent, 20 percent, or 100 percent risk weight under paragraphs (b)(1) through (b)(3)(i) of section 52 (as determined under section 52 of this appendix), each equity exposure that qualifies for a 400 percent risk weight under paragraph (b)(5) of section 52 or a 600 percent risk weight under paragraph (b)(6) of section 52 (as determined under section 52 of this appendix), and each equity exposure to an investment fund (as determined under section 54 of this appendix); and

(2) The greater of:

(i) The estimate of potential losses on the bank's equity exposures (other than equity exposures referenced in paragraph (d)(1) of this section) generated by the bank's internal equity exposure model multiplied by 12.5; or

(ii) The sum of:

(A) 200 percent multiplied by the aggregate adjusted carrying value of the bank's publicly traded equity exposures that do not belong to a hedge pair, do not qualify for a 0 percent, 20 percent, or 100 percent risk weight under paragraphs (b)(1) through (b)(3)(i) of section 52 of this appendix, and are not equity exposures to an investment fund; and

(B) 200 percent multiplied by the aggregate ineffective portion of all hedge pairs.

*Section 54. Equity Exposures to Investment Funds*

(a) *Available approaches.* (1) Unless the exposure meets the requirements for a community development equity exposure in paragraph (b)(3)(i) of section 52 of this appendix, a bank must determine the risk-weighted asset amount of an equity exposure to an investment fund under the Full Look-Through Approach in paragraph (b) of this section, the Simple Modified Look-Through Approach in paragraph (c) of this section, the Alternative Modified Look-Through Approach in paragraph (d) of this section, or, if the investment fund qualifies for the Money Market Fund Approach, the Money Market Fund Approach in paragraph (e) of this section.

(2) The risk-weighted asset amount of an equity exposure to an investment fund that meets the requirements for a community development equity exposure in paragraph (b)(3)(i) of section 52 of this appendix is its adjusted carrying value.

(3) If an equity exposure to an investment fund is part of a hedge pair and the bank does not use the Full Look-Through Approach, the bank may use the ineffective portion of the hedge pair as determined under paragraph (c) of section 52 of this appendix as the adjusted carrying value for the equity exposure to the investment fund. The risk-weighted asset amount of the effective portion of the hedge pair is equal to its adjusted carrying value.

(b) *Full Look-Through Approach.* A bank that is able to calculate a risk-weighted asset amount for its proportional ownership share of each exposure held by the investment fund (as calculated under this appendix as if the proportional ownership share of each exposure were held directly by the bank) may either:

(1) Set the risk-weighted asset amount of the bank's exposure to the fund equal to the product of:

(i) The aggregate risk-weighted asset amounts of the exposures held by the fund as if they were held directly by the bank; and

(ii) The bank's proportional ownership share of the fund; or

(2) Include the bank's proportional ownership share of each exposure held by the fund in the bank's IMA.

(c) *Simple Modified Look-Through Approach.* Under this approach, the risk-weighted asset amount for a bank's equity exposure to an investment fund equals the adjusted carrying value of the equity exposure multiplied by the highest risk weight in Table 10 that applies to any exposure the fund is permitted to hold under its prospectus, partnership agreement, or similar contract that defines the fund's permissible investments (excluding derivative contracts that are used for hedging rather than speculative purposes

and that do not constitute a material portion of the fund’s exposures).

TABLE 10—MODIFIED LOOK-THROUGH APPROACHES FOR EQUITY EXPOSURES TO INVESTMENT FUNDS

Risk weight	Exposure class
0 percent	Sovereign exposures with a long-term applicable external rating in the highest investment-grade rating category and sovereign exposures of the United States.
20 percent	Non-sovereign exposures with a long-term applicable external rating in the highest or second-highest investment-grade rating category; exposures with a short-term applicable external rating in the highest investment-grade rating category; and exposures to, or guaranteed by, depository institutions, foreign banks (as defined in 12 CFR 211.2), or securities firms subject to consolidated supervision and regulation comparable to that imposed on U.S. securities broker-dealers that are repo-style transactions or bankers’ acceptances.
50 percent	Exposures with a long-term applicable external rating in the third-highest investment-grade rating category or a short-term applicable external rating in the second-highest investment-grade rating category.
100 percent	Exposures with a long-term or short-term applicable external rating in the lowest investment-grade rating category.
200 percent	Exposures with a long-term applicable external rating one rating category below investment grade.
300 percent	Publicly traded equity exposures.
400 percent	Non-publicly traded equity exposures; exposures with a long-term applicable external rating two rating categories or more below investment grade; and exposures without an external rating (excluding publicly traded equity exposures).
1,250 percent	OTC derivative contracts and exposures that must be deducted from regulatory capital or receive a risk weight greater than 400 percent under this appendix.

(d) *Alternative Modified Look-Through Approach.* Under this approach, a bank may assign the adjusted carrying value of an equity exposure to an investment fund on a pro rata basis to different risk weight categories in Table 10 based on the investment limits in the fund’s prospectus, partnership agreement, or similar contract that defines the fund’s permissible investments. The risk-weighted asset amount for the bank’s equity exposure to the investment fund equals the sum of each portion of the adjusted carrying value assigned to an exposure class multiplied by the applicable risk weight. If the sum of the investment limits for exposure classes within the fund exceeds 100 percent, the bank must assume that the fund invests to the maximum extent permitted under its investment limits in the exposure class with the highest risk weight under Table 10, and continues to make investments in order of the exposure class with the next highest risk weight under Table 10 until the maximum total investment level is reached. If more than one exposure class applies to an exposure, the bank must use the highest applicable risk weight. A bank may exclude derivative contracts held by the fund that are used for hedging rather than for speculative purposes and do not constitute a material portion of the fund’s exposures.

(e) *Money Market Fund Approach.* The risk-weighted asset amount for a bank’s equity exposure to an investment fund that is a money market fund subject to 17 CFR 270.2a-7 and that has an applicable external rating in the highest investment-grade rating cat-

egory equals the adjusted carrying value of the equity exposure multiplied by 7 percent.

*Section 55. Equity Derivative Contracts*

Under the IMA, in addition to holding risk-based capital against an equity derivative contract under this part, a bank must hold risk-based capital against the counterparty credit risk in the equity derivative contract by also treating the equity derivative contract as a wholesale exposure and computing a supplemental risk-weighted asset amount for the contract under part IV. Under the SRWA, a bank may choose not to hold risk-based capital against the counterparty credit risk of equity derivative contracts, as long as it does so for all such contracts. Where the equity derivative contracts are subject to a qualified master netting agreement, a bank using the SRWA must either include all or exclude all of the contracts from any measure used to determine counterparty credit risk exposure.

PART VII. RISK-WEIGHTED ASSETS FOR OPERATIONAL RISK

*Section 61. Qualification Requirements for Incorporation of Operational Risk Mitigants*

(a) *Qualification to use operational risk mitigants.* A bank may adjust its estimate of operational risk exposure to reflect qualifying operational risk mitigants if:

- (1) The bank’s operational risk quantification system is able to generate an estimate of the bank’s operational risk exposure (which does not incorporate qualifying operational risk mitigants) and an estimate of

**Pt. 4**

**12 CFR Ch. I (1–1–09 Edition)**

the bank's operational risk exposure adjusted to incorporate qualifying operational risk mitigants; and

(2) The bank's methodology for incorporating the effects of insurance, if the bank uses insurance as an operational risk mitigant, captures through appropriate discounts to the amount of risk mitigation:

(i) The residual term of the policy, where less than one year;

(ii) The cancellation terms of the policy, where less than one year;

(iii) The policy's timeliness of payment;

(iv) The uncertainty of payment by the provider of the policy; and

(v) Mismatches in coverage between the policy and the hedged operational loss event.

(b) *Qualifying operational risk mitigants.*

Qualifying operational risk mitigants are:

(1) Insurance that:

(i) Is provided by an unaffiliated company that has a claims payment ability that is rated in one of the three highest rating categories by a NRSRO;

(ii) Has an initial term of at least one year and a residual term of more than 90 days;

(iii) Has a minimum notice period for cancellation by the provider of 90 days;

(iv) Has no exclusions or limitations based upon regulatory action or for the receiver or liquidator of a failed depository institution; and

(v) Is explicitly mapped to a potential operational loss event; and

(2) Operational risk mitigants other than insurance for which the OCC has given prior written approval. In evaluating an operational risk mitigant other than insurance, the OCC will consider whether the operational risk mitigant covers potential operational losses in a manner equivalent to holding regulatory capital.

*Section 62. Mechanics of Risk-Weighted Asset Calculation*

(a) If a bank does not qualify to use or does not have qualifying operational risk mitigants, the bank's dollar risk-based capital requirement for operational risk is its operational risk exposure minus eligible operational risk offsets (if any).

(b) If a bank qualifies to use operational risk mitigants and has qualifying operational risk mitigants, the bank's dollar risk-based capital requirement for operational risk is the greater of:

(1) The bank's operational risk exposure adjusted for qualifying operational risk mitigants minus eligible operational risk offsets (if any); or

(2) 0.8 multiplied by the difference between:

(i) The bank's operational risk exposure; and

(ii) Eligible operational risk offsets (if any).

(c) The bank's risk-weighted asset amount for operational risk equals the bank's dollar risk-based capital requirement for operational risk determined under paragraph (a) or (b) of this section multiplied by 12.5.

**PART VIII. DISCLOSURE**

*Section 71. Disclosure Requirements*

(a) Each bank must publicly disclose each quarter its total and tier 1 risk-based capital ratios and their components (that is, tier 1 capital, tier 2 capital, total qualifying capital, and total risk-weighted assets).<sup>4</sup>

(b) A bank must comply with paragraph (b) of section 71 of appendix G to the Federal Reserve Board's Regulation Y (12 CFR part 225, appendix G) unless it is a consolidated subsidiary of a bank holding company or depository institution that is subject to these requirements.

### Subpart A—Organization and Functions

#### § 4.1 Purpose.

This subpart describes the organization and functions of the Office of the Comptroller of the Currency (OCC), and provides the OCC's principal addresses.

#### § 4.2 Office of the Comptroller of the Currency.

The OCC supervises and regulates national banks and Federal branches and agencies of foreign banks by examining these institutions to determine compliance with applicable laws and regulations; approving or denying applications for new charters or for changes in corporate or banking structure; approving or denying activities; taking supervisory or enforcement actions; appointing receivers and conservators; and issuing rules and regulations applicable to these institutions, their subsidiaries, and affiliates.

#### § 4.3 Comptroller of the Currency.

The Comptroller of the Currency (Comptroller), as head of the OCC, is responsible for all OCC programs and functions. The Comptroller is appointed by the President, by and with the advice and consent of the Senate, for a term of five years. The Comptroller serves as a member of the board of the Federal Deposit Insurance Corporation, a member of the Federal Financial Institutions Examination Council, and a member of the board of the Neighborhood Reinvestment Corporation. The Comptroller is advised and assisted by OCC staff, who perform the duties and functions that the Comptroller directs.

#### § 4.4 Washington office.

The Washington office of the OCC is the main office and headquarters of the OCC. The Washington office directs OCC policy, oversees OCC operations, and is responsible for the direct supervision of certain national banks, including the largest national banks (through the Large Bank Supervision Department) and other national banks requiring special supervision. The

**§ 4.5**

Washington office is located at 250 E Street, SW, Washington, DC 20219.

[60 FR 57322, Nov. 15, 1995, as amended at 73 FR 22236, Apr. 24, 2008]

**§ 4.5 District and field offices.**

(a) *District offices.* Each district office of the OCC is responsible for the direct supervision of the national banks and

Federal branches and agencies of foreign banks in its district, with the exception of the national banks supervised by the Washington office. The six district offices cover the United States, Puerto Rico, the Virgin Islands, Guam, and the Northern Mariana Islands. The office address and the geographical composition of each district follows:

District	Office address	Geographical composition
North-eastern District.	Office of the Comptroller of the Currency, 340 Madison Avenue, 5th Floor New York, NY 10173-0002.	Connecticut, Delaware, District of Columbia, northeast Kentucky, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, North Carolina, Pennsylvania, Puerto Rico, Rhode Island, South Carolina, Vermont, the Virgin Islands, Virginia, and West Virginia.

[60 FR 57322, Nov. 15, 1995, as amended at 73 FR 22236, Apr. 24, 2008]

**§ 4.6 Frequency of examination of national banks.**

(a) *General.* The OCC examines national banks pursuant to authority conferred by 12 U.S.C. 481 and the requirements of 12 U.S.C. 1820(d). The OCC is required to conduct a full-scope, on-site examination of every national bank at least once during each 12-month period.

(b) *18-month rule for certain small institutions.* The OCC may conduct a full-scope, on-site examination of a national bank at least once during each 18-month period, rather than each 12-month period as provided in paragraph (a) of this section, if the following conditions are satisfied:

- (1) The bank has total assets of less than \$500 million;
- (2) The bank is well capitalized as defined in part 6 of this chapter;
- (3) At the most recent examination, the OCC:

(i) Assigned the bank a rating of 1 or 2 for management as part of the bank's rating under the Uniform Financial Institutions Rating System; and

(ii) Assigned the bank a composite rating of 1 or 2 under the Uniform Financial Institutions Rating System;

(4) The bank currently is not subject to a formal enforcement proceeding or order by the FDIC, OCC or the Federal Reserve System; and

(5) No person acquired control of the bank during the preceding 12-month period in which a full-scope, on-site examination would have been required but for this section.

(c) *Authority to conduct more frequent examinations.* This section does not limit the authority of the OCC to examine any national bank as frequently as the agency deems necessary.

[63 FR 16380, Apr. 2, 1998, as amended at 72 FR 17802, Apr. 10, 2007]

**§ 4.7 Frequency of examination of Federal agencies and branches.**

(a) *General.* The OCC examines Federal agencies and Federal branches (as these entities are defined in §28.11 (h) and (i), respectively, of this chapter) pursuant to the authority conferred by

## Comptroller of the Currency, Treasury

## §4.11

12 U.S.C. 3105(c)(1)(C). Except as noted in paragraph (b) of this section, the OCC will conduct a full-scope, on-site examination of every Federal branch and agency at least once during each 12-month period.

(b) *18-month rule for certain small institutions*—(1) *Mandatory standards.* The OCC may conduct a full-scope, on-site examination at least once during each 18-month period, rather than each 12-month period as provided in paragraph (a) of this section, if the Federal branch or agency:

(i) Has total assets of less than \$500 million;

(ii) Has received a composite ROCA supervisory rating (which rates risk management, operational controls, compliance, and asset quality) of 1 or 2 at its most recent examination;

(iii) Satisfies the requirements of either the following paragraph (b)(1)(iii)(A) or (B):

(A) The foreign bank's most recently reported capital adequacy position consists of, or is equivalent to, Tier 1 and total risk-based capital ratios of at least 6 percent and 10 percent, respectively, on a consolidated basis; or

(B) The branch or agency has maintained on a daily basis, over the past three quarters, eligible assets in an amount not less than 108 percent of the preceding quarter's average third party liabilities (determined consistent with applicable federal and state law), and sufficient liquidity is currently available to meet its obligations to third parties;

(iv) Is not subject to a formal enforcement action or order by the Federal Reserve Board, the Federal Deposit Insurance Corporation, or the OCC; and

(v) Has not experienced a change in control during the preceding 12-month period in which a full-scope, on-site examination would have been required but for this section.

(2) *Discretionary standards.* In determining whether a Federal branch or agency that meets the standards of paragraph (b)(1) of this section should not be eligible for an 18-month examination cycle pursuant to this paragraph (b), the OCC may consider additional factors, including whether:

(i) Any of the individual components of the ROCA rating of the Federal branch or agency is rated "3" or worse;

(ii) The results of any off-site supervision indicate a deterioration in the condition of the Federal branch or agency;

(iii) The size, relative importance, and role of a particular office when reviewed in the context of the foreign bank's entire U.S. operations otherwise necessitate an annual examination; and

(iv) The condition of the foreign bank gives rise to such a need.

(c) *Authority to conduct more frequent examinations.* Nothing in paragraph (a) or (b) of this section limits the authority of the OCC to examine any Federal branch or agency as frequently as the OCC deems necessary.

[63 FR 46120, Aug. 28, 1998, as amended at 64 FR 56952, Oct. 22, 1999; 72 FR 17802, Apr. 10, 2007]

## Subpart B—Availability of Information Under the Freedom of Information Act

### §4.11 Purpose and scope.

(a) *Purpose.* This subpart sets forth the standards, policies, and procedures that the OCC applies in administering the Freedom of Information Act (FOIA) (5 U.S.C. 552) to facilitate the OCC's interaction with the banking industry and the public.

(b) *Scope.* (1) This subpart describes the information that the FOIA requires the OCC to disclose to the public (§4.12), and the three methods by which the OCC discloses that information under the FOIA (§§4.13, 4.14, and 4.15).

(2) This subpart also sets forth predisclosure notice procedures that the OCC follows, in accordance with Executive Order 12600 (3 CFR, 1987 Comp., p. 235), when the OCC receives a request under §4.15 for disclosure of records that arguably are exempt from disclosure as confidential commercial information (§4.16). Finally, this subpart describes the fees that the OCC assesses for the services it renders in providing information under the FOIA (§4.17).

## § 4.12

## 12 CFR Ch. I (1–1–09 Edition)

(3) This subpart does not apply to a request for records pursuant to the Privacy Act (5 U.S.C. 552a). A person requesting records from the OCC pursuant to the Privacy Act should refer to 31 CFR part 1, subpart C, and appendix J of subpart C.

### § 4.12 Information available under the FOIA.

(a) *General.* In accordance with the FOIA, OCC records are available to the public, except the exempt records described in paragraph (b) of this section.

(b) *Exemptions from availability.* The following records, or portions thereof, are exempt from disclosure under the FOIA:

(1) A record that is specifically authorized, under criteria established by an Executive order, to be kept secret in the interest of national defense or foreign policy, and that is properly classified pursuant to that Executive order;

(2) A record relating solely to the internal personnel rules and practices of an agency;

(3) A record specifically exempted from disclosure by statute (other than 5 U.S.C. 552b), provided that the statute requires that the matters be withheld from the public in such a manner as to leave no discretion on the issue, establishes particular criteria for withholding, or refers to particular types of matters to be withheld;

(4) A record that is privileged or contains trade secrets, or commercial or financial information, furnished in confidence, that relates to the business, personal, or financial affairs of any person (see § 4.16 for notice requirements regarding disclosure of confidential commercial information);

(5) An intra-agency or interagency memorandum or letter not routinely available by law to a private party in litigation, including memoranda, reports, and other documents prepared by OCC employees, and records of deliberations and discussions at meetings of OCC employees;

(6) A personnel, medical, or similar record, including a financial record, or any portion thereof, where disclosure would constitute a clearly unwarranted invasion of personal privacy;

(7) A record or information compiled for law enforcement purposes, but only

to the extent that the OCC reasonably believes that producing the record or information may:

(i) Interfere with enforcement proceedings;

(ii) Deprive a person of the right to a fair trial or an impartial adjudication;

(iii) Constitute an unwarranted invasion of personal privacy;

(iv) Disclose the identity of a confidential source, including a State, local, or foreign agency or authority, or any private institution that furnished information on a confidential basis;

(v) Disclose information furnished by a confidential source, in the case of a record or information compiled by a criminal law enforcement authority in the course of a criminal investigation, or by an agency conducting a lawful national security intelligence investigation;

(vi) Disclose techniques and procedures for law enforcement investigations or prosecutions, or disclose guidelines for law enforcement investigations or prosecutions if such disclosure reasonably could be expected to risk circumvention of the law; or

(vii) Endanger the life or physical safety of any individual;

(8) A record contained in or related to an examination, operating, or condition report prepared by, on behalf of, or for the use of the OCC or any other agency responsible for regulating or supervising financial institutions; and

(9) A record containing or relating to geological and geophysical information and data, including maps, concerning wells.

(c) *Discretionary disclosure of exempt records.* Even if a record is exempt under paragraph (b) of this section, the OCC may elect, on a case-by-case basis, not to apply the exemption to the requested record. The OCC's election not to apply an exemption to a requested record has no precedential significance as to the application or nonapplication of the exemption to any other requested record, regardless of who requests the record or when the OCC receives the request. The OCC will provide predisclosure notice to submitters of confidential commercial information in accordance with § 4.16.

## § 4.15

(d) *Segregability.* The OCC provides copies of reasonably segregable portions of a record to any person properly requesting the record pursuant to § 4.15, after redacting any portion that is exempt under paragraph (b) of this section.

(9) Any public securities-related filing required under part 11 or 16 of this chapter;

(10) Any public comment letter regarding a proposed rule; and

(11) The public file (as defined in 12 CFR 5.9) with respect to a pending application described in part 5 of this chapter.

(b) *Redaction of identifying details.* To the extent necessary to prevent an invasion of personal privacy, the OCC may redact identifying details from any information described in paragraph (a) of this section before making the information available for public inspection and copying.

(c) *Addresses.* The information described in paragraphs (a)(1) through (a)(10) of this section is available from the Disclosure Officer, Communications Division, Office of the Comptroller of the Currency, 250 E Street, SW, Washington, DC 20219. (2) *Exceptions—*(i) *Records at the Federal Deposit Insurance Corporation.* A person requesting any of the following records, other than blank forms (see § 4.14(a)(7)), must submit the request to the Disclosure Group, Federal Deposit Insurance Corporation, 550-17th Street,

#### §4.15

#### 12 CFR Ch. I (1–1–09 Edition)

NW, Washington, DC 20429, (800) 945–2186;

(A) Consolidated Report of Condition and Income (FFIEC 031, 032, 033, 034);

(B) Annual Report of Trust Assets (FFIEC 001);

(C) Uniform Bank Performance Report; and

(D) Special Report.

(ii) *Records of another agency.* When the OCC receives a request for records in its possession that another Federal agency either generated or provided to the OCC, the OCC promptly informs the requester and immediately forwards the request to that agency for processing in accordance with that agency's regulations.

(c) *Request for records*—(1) *Content of request for records.* A person requesting records under this section must state, in writing:

(i) The requester's full name, address, and telephone number;

(ii) A reasonable description of the records sought (including sufficient detail to enable OCC employees who are familiar with the subject matter of the request to locate the records with a reasonable amount of effort);

(iii) A statement agreeing to pay all fees that the OCC assesses under §4.17;

(iv) A description of how the requester intends to use the records, if a requester seeks placement in a lower fee category (i.e., a fee category other than "commercial use requester") under §4.17; and

(v) Whether the requester prefers the OCC to deliver a copy of the records or to allow the requester to inspect the records at the appropriate OCC office.

(2) *Initial determination.* The OCC's Director of Communications or that person's delegate initially determines whether to grant a request for OCC records.

(3) *If request is granted.* If the OCC grants a request for records, in whole or in part, the OCC promptly discloses the records in one of two ways, depending on the requester's stated preference:

(i) The OCC may deliver a copy of the records to the requester. If the OCC delivers a copy of the records to the requester, the OCC duplicates the records at reasonable and proper times that do not interfere with their use by the OCC

or preclude other persons from making inspections; or

(ii) The OCC may allow the requester to inspect the records at reasonable and proper times that do not interfere with their use by the OCC or preclude other persons from making inspections. If the OCC allows the requester to inspect the records, the OCC may place a reasonable limit on the number of records that a person may inspect during a day.

(4) *If request is denied.* If the OCC denies a request for records, in whole or in part, the OCC notifies the requester by mail. The notification is dated and contains a brief statement of the reasons for the denial, sets forth the name and title or position of the official making the decision, and advises the requester of the right to an administrative appeal in accordance with paragraph (d) of this section.

(d) *Administrative appeal of a denial*—(1) *Procedure.* A requester must submit an administrative appeal of denial of a request for records in writing within 35 days of the date of the initial determination. The appeal must include the circumstances and arguments supporting disclosure of the requested records.

(2) *Appellate determination.* The Comptroller or the Comptroller's delegate determines whether to grant an appeal of a denial of a request for OCC records.

(3) *If appeal is granted.* If the OCC grants an appeal, in whole or in part, the OCC treats the request as if it were originally granted, in whole or in part, by the OCC in accordance with paragraph (c)(3) of this section.

(4) *If appeal is denied.* If the OCC denies an appeal, in whole or in part, the OCC notifies the requester by mail. The notification contains a brief statement of the reasons for the denial, sets forth the name and title or position of the official making the decision, and advises the requester of the right to judicial review of the denial under 5 U.S.C. 552(a)(4)(B).

(e) *Judicial review*—(1) *General.* If the OCC denies an appeal pursuant to paragraph (d) of this section, or if the OCC fails to make a determination within the time limits specified in paragraph (f) of this section, the requester may

commence an action to compel disclosure of records, pursuant to 5 U.S.C. 552(a)(4)(B), in the United States district court in:

- (i) The district where the requester resides;
- (ii) The district where the requester's principal place of business is located;
- (iii) The district where the records are located; or
- (iv) The District of Columbia.

(2) *Service of process.* In commencing an action described in paragraph (e)(1) of this section, the requester, in addition to complying with the Federal Rules of Civil Procedure (28 U.S.C. appendix) for service upon the United States or agencies thereof, must serve process on the Chief Counsel or the Chief Counsel's delegate at the following location: Office of the Comptroller of the Currency, 250 E Street, SW, Washington, DC 20219.

(f) *Time limits*—(1) *Request.* The OCC makes an initial determination to grant or deny a request for records within 10 business days after the date of receipt of the request, as described in paragraph (g) of this section, except as stated in paragraph (f)(3) of this section.

(2) *Appeal.* The OCC makes a determination to grant or deny an administrative appeal within 20 business days after the date of receipt of the appeal, as described in paragraph (g) of this section, except as stated in paragraph (f)(3) of this section.

(3) *Extension of time.* The time limits set forth in paragraphs (f)(1) and (2) of this section may be extended as follows:

(i) *In unusual circumstances.* The OCC may extend the time limits in unusual circumstances for a maximum of 10 business days. If the OCC extends the time limits, the OCC provides written notice to the person making the request or appeal, containing the reason for the extension and the date on which the OCC expects to make a determination. Unusual circumstances exist when the OCC requires additional time to:

(A) Search for and collect the requested records from field facilities or other buildings that are separate from the office processing the request or appeal;

(B) Search for, collect, and appropriately examine a voluminous amount of requested records;

(C) Consult with another agency that has a substantial interest in the determination of the request; or

(D) Allow two or more components of the OCC that have substantial interest in the determination of the request to consult with each other;

(ii) *By agreement.* A requester may agree to extend the time limits for any amount of time; or

(iii) *By judicial action.* If a requester commences an action pursuant to paragraph (e) of this section for failure to comply with the time limits set forth in this paragraph (f), a court with jurisdiction may, pursuant to 5 U.S.C. 552(a)(6)(C), allow the OCC additional time to complete the review of the records requested.

(g) *Date of receipt of request or appeal.* The date of receipt of a request for records or an appeal is the date that OCC Communications Division receives a request that satisfies the requirements of paragraph (c)(1) or (d)(1) of this section, except as provided in §4.17(d).

### §4.16 Predisclosure notice for confidential commercial information.

(a) *Definitions.* For purposes of this section, the following definitions apply:

(1) *Confidential commercial information* means records that arguably contain material exempt from release under Exemption 4 of the FOIA (5 U.S.C. 552(b)(4); §4.12(b)(4)), because disclosure reasonably could cause substantial competitive harm to the submitter.

(2) *Submitter* means any person or entity that provides confidential commercial information to the OCC. This term includes corporations, State governments, foreign governments, and banks and their employees, officers, directors, and principal shareholders.

(b) *Notice to submitter*—(1) *When provided.* In accordance with Executive Order 12600 (3 CFR, 1987 Comp., p. 235), when the OCC receives a request under §4.15(c) or, where appropriate, an appeal under §4.15(d) for disclosure of confidential commercial information, the OCC provides a submitter with prompt written notice of the receipt of

that request (except as provided in paragraph (b)(2) of this section) in the following circumstances:

(i) With respect to confidential commercial information submitted to the OCC prior to January 1, 1988, if:

(A) The records are less than 10 years old and the submitter designated the information as confidential commercial information;

(B) The OCC reasonably believes that disclosure of the information may cause substantial competitive harm to the submitter; or

(C) The information is subject to a prior express OCC commitment of confidentiality; and

(ii) With respect to confidential commercial information submitted to the OCC on or after January 1, 1988, if:

(A) The submitter in good faith designated the information as confidential commercial information;

(B) The OCC designated the class of information to which the requested information belongs as confidential commercial information; or

(C) The OCC reasonably believes that disclosure of the information may cause substantial competitive harm to the submitter.

(2) *Exceptions.* The OCC generally does not provide notice under paragraph (b)(1) of this section if the OCC determines that:

(i) It will not disclose the information;

(ii) The information already has been disclosed officially to the public;

(iii) The OCC is required by law (other than 5 U.S.C. 552) to disclose the information;

(iv) The OCC acquired the information in the course of a lawful investigation of a possible violation of criminal law;

(v) The submitter had an opportunity to designate the requested information as confidential commercial information at the time of submission of the information or a reasonable time thereafter and did not do so, unless the OCC has substantial reason to believe that disclosure of the information would result in competitive harm; or

(vi) The OCC determines that the submitter's designation under paragraph (b)(1)(ii)(A) of this section is frivolous; in such case, however, the OCC

will provide the submitter with written notice of any final administrative determination to disclose the information at least 10 business days prior to the date that the OCC intends to disclose the information.

(3) *Content of notice.* The OCC either describes in the notice the exact nature of the confidential commercial information requested or includes with the notice copies of the records or portions of records containing that information.

(4) *Expiration of notice period.* The OCC provides notice under this paragraph (b) with respect to information that the submitter designated under paragraph (b)(1)(ii)(A) of this section only for a period of 10 years after the date of the submitter's designation, unless the submitter requests and justifies to the OCC's satisfaction a specific notice period of greater duration.

(5) *Certification of confidentiality.* If possible, the submitter should support the claim of confidentiality with a statement or certification that the requested information is confidential commercial information that the submitter has not disclosed to the public. This statement should be prepared by an officer or authorized representative if the submitter is a corporation or other entity.

(c) *Notice to requester.* If the OCC provides notice to a submitter under paragraph (b) of this section, the OCC notifies the person requesting confidential commercial information (requester) that it has provided notice to the submitter. The OCC also advises the requester that if there is a delay in its decision whether to grant or deny access to the information sought, the delay may be considered a denial of access to the information, and that the requester may proceed with an administrative appeal or seek judicial review. However, the requester may agree to a voluntary extension of time to allow the OCC to review the submitter's objection to disclosure (see §4.15(f)(3)(ii)).

(d) *Opportunity to object to disclosure.* Within 10 days after receiving notice under paragraph (b) of this section, the submitter may provide the OCC with a detailed statement of objection to disclosure of the information. That statement must specify the grounds for withholding any of the information

## Comptroller of the Currency, Treasury

## § 4.17

under any exemption of the FOIA. Any statement that the submitter provides under this paragraph (d) may be subject to disclosure under the FOIA.

(e) *Notice of intent to disclose.* The OCC considers carefully a submitter's objection and specific grounds for nondisclosure prior to determining whether to disclose the requested information. If the OCC decides to disclose information over the objection of the submitter, the OCC provides to the submitter, with a copy to the requester, a written notice that includes:

(1) A statement of the OCC's reasons for not sustaining the submitter's objections to disclosure;

(2) A description of the information to be disclosed;

(3) The anticipated disclosure date, which is not less than 10 business days after the OCC mails the written notice required under this paragraph (e); and

(4) A statement that the submitter must notify the OCC immediately if the submitter intends to seek injunctive relief.

(f) *Notice of requester's lawsuit.* Whenever the OCC receives service of process indicating that a requester has brought suit seeking to compel the OCC to disclose information covered by paragraph (b)(1) of this section, the OCC promptly notifies the submitter.

### § 4.17 Fees for services.

(a) *Definitions.* For purposes of this section, the following definitions apply:

(1) *Actual costs* means those expenditures that the OCC incurs in providing services (including searching for, reviewing, and duplicating records) in response to a request for records under § 4.15.

(2) *Search* means the process of locating a record in response to a request, including page-by-page or line-by-line identification of material within a record. The OCC may perform a search manually or by electronic means.

(3) *Review* means the process of examining a record located in response to a request to determine which portions of that record should be released. It also includes processing a record for disclosure.

(4) *Duplication* means the process of copying a record in response to a re-

quest. A copy may take the form of a paper copy, microform, audiovisual materials, or machine readable material (e.g., magnetic tape or disk), among others.

(5) *Commercial use requester* means a person who seeks records for a use or purpose that furthers the commercial, trade, or profit interests of the requester or the person on whose behalf the request is made.

(6) *Educational institution requester* means a person who seeks records on behalf of a public or private educational institution, including a preschool, an elementary or secondary school, an institution of undergraduate or graduate higher education, an institution of professional education, or an institution of vocational education that operates a program of scholarly research.

(7) *Noncommercial scientific institution requester* means a person who is not a "commercial use requester," as that term is defined in paragraph (a)(5) of this section, and who seeks records on behalf of an institution operated solely for the purpose of conducting scientific research, the results of which are not intended to promote any particular product or industry.

(8) *Requester who is a representative of the news media* means a person who seeks records for the purpose of gathering news (i.e., information about current events or of current interest to the public) on behalf of, or a free-lance journalist who reasonably expects to have his or her work product published or broadcast by, an entity organized and operated to publish or broadcast news to the public.

(b) *Fees*—(1) *General.* The hourly and per page rate that the OCC generally charges requesters is set forth in the "Notice of Comptroller of the Currency Fees" (Notice) described in 12 CFR 8.8. Any interested person may request a copy of the Notice from the OCC by mail or may obtain a copy at the location described in § 4.14(c). The OCC may contract with a commercial service to search for, duplicate, or disseminate records, provided that the OCC determines that the fee assessed upon a requester is no greater than if the OCC performed the tasks itself. The OCC does not contract out responsibilities

that the FOIA provides that the OCC alone may discharge, such as determining the applicability of an exemption or whether to waive or reduce a fee.

(2) *Fee categories.* The OCC assesses a fee based on the fee category in which the OCC places the requester. If the request states how the requester intends to use the requested records (see §4.15(c)(1)(iv)), the OCC may place the requester in a lower fee category; otherwise, the OCC categorizes the requester as a “commercial use requester.” If the OCC reasonably doubts the requester’s stated intended use, or if that use is not clear from the request, the OCC may place the requester in the “commercial use” category or may seek additional clarification. The fee categories are as follows:

(i) *Commercial use requesters.* The OCC assesses a fee for a requester in this category for the actual cost of search, review, and duplication. A requester in this category does not receive any free search, review, or duplication services.

(ii) *Educational institution requesters, noncommercial scientific institution requesters, and requesters who are representatives of the news media.* The OCC assesses a fee for a requester in this category for the actual cost of duplication. A requester in this category receives 100 free pages.

(iii) *All other requesters.* The OCC assesses a fee for a requester who does not fit into either of the above categories for the actual cost of search and duplication. A requester in this category receives 100 free pages and two hours of free search time.

(3) *Special services.* The OCC may, in its discretion, accommodate a request for special services. The OCC may recover the actual cost of providing any special services.

(4) *Waiving or reducing a fee.* The OCC may waive or reduce a fee under this section whenever, in its opinion, disclosure of records is in the public interest because the disclosure:

(i) Is likely to contribute significantly to public understanding of the operations or activities of the government; and

(ii) Is not primarily in the commercial interest of the requester.

(5) *Fee for unsuccessful search.* The OCC may assess a fee for time spent searching for records, even if the OCC does not locate the records requested.

(c) *Payment of fees—(1) General.* The OCC generally assesses a fee when it delivers the records in response to the request, if any. A requester must send payment within 30 calendar days of the billing date to the Communications Division, Office of the Comptroller of the Currency, 250 E Street, SW., Washington, DC 20219.

(2) *Fee likely to exceed \$25.* If the OCC estimates that a fee is likely to exceed \$25, the OCC notifies the requester of the estimated fee, unless the requester has indicated in advance a willingness to pay a fee as high as the estimated fee. If so notified by the OCC, the requester may confer with OCC employees to revise the request to reflect a lower fee.

(3) *Fee likely to exceed \$250.* If the OCC estimates that a fee is likely to exceed \$250, the OCC notifies the requester of the estimated fee. In this circumstance, the OCC may require, as a condition to processing the request, that the requester:

(i) Provide satisfactory assurance of full payment, if the requester has a history of prompt payment; or

(ii) Pay the estimated fee in full, if the requester does not have a history of prompt payment.

(4) *Failure to pay a fee.* If the requester fails to pay a fee within 30 days of the date of the billing, the OCC may require, as a condition to processing any further request, that the requester pay any unpaid fee, plus interest (as provided in paragraph (c)(5) of this section), and any estimated fee in full for that further request.

(5) *Interest on unpaid fee.* The OCC may assess interest charges on an unpaid fee beginning on the 31st day following the billing date. The OCC charges interest at the rate prescribed in 31 U.S.C. 3717.

(d) *Tolling of time limits.* Under the circumstances described in paragraphs (c) (2), (3), and (4) of this section, the time limits set forth in §4.15(f) (i.e., 10 business days from the receipt of a request for records and 20 business days from the receipt of an administrative appeal, plus any permissible extension)

begin only after the OCC receives a revised request under paragraph (c)(2) of this section, an assurance of payment under paragraph (c)(3)(i) of this section, or the required payments under paragraph (c)(3)(i) or (c)(4) of this section.

(e) *Aggregating requests.* When the OCC reasonably believes that a requester or group of requesters is attempting to break a request into a series of requests for the purpose of evading the assessment of a fee, the OCC may aggregate the requests and assess a fee accordingly.

### Subpart C—Release of Non-Public OCC Information

#### § 4.31 Purpose and scope.

(a) *Purpose.* The purposes of this subpart are to:

(1) Afford an orderly mechanism for the OCC to process expeditiously requests for non-public OCC information; to address the release of non-public OCC information without a request; and, when appropriate, for the OCC to assert evidentiary privileges in litigation;

(2) Recognize the public's interest in obtaining access to relevant and necessary information and the countervailing public interest of maintaining the effectiveness of the OCC supervisory process and appropriate confidentiality of OCC supervisory information;

(3) Ensure that the OCC's information is used in a manner that supports the public interest and the interests of the OCC;

(4) Ensure that OCC resources are used in the most efficient manner consistent with the OCC's statutory mission;

(2) This subpart does not apply to:

(i) A request for a record or testimony in a proceeding in which the OCC is a party; or

(ii) A request for a record that is required to be disclosed under the Freedom of Information Act (FOIA) (5 U.S.C. 552), as described in § 4.12.

(3) A request for a record or testimony made by the Board of Governors of the Federal Reserve System, the Federal Deposit Insurance Corporation, a government agency of the United States or a foreign government, a state agency with authority to investigate violations of criminal law, or a state bank regulatory agency is governed solely by § 4.37(c).

[60 FR 57322, Nov. 15, 1995, as amended at 63 FR 62929, Nov. 10, 1998; 64 FR 29216, June 1, 1999]

(vii) A Suspicious Activity Report filed by the OCC, a national bank, or a Federal branch or agency of a foreign bank licensed or chartered by the OCC under 12 CFR 21.11; and

(2) Is the property of the Comptroller. A report of examination is loaned to the bank or holding company for its confidential use only.

(c) *Relevant* means could contribute substantially to the resolution of one or more specifically identified issues in the case.

(d) *Show a compelling need* means, in support of a request for testimony, demonstrate with as much detail as is necessary under the circumstances, that the requested information is relevant and that the relevant material contained in the testimony is not available from any other source. [60 FR 57322, Nov. 15, 1995, as amended at 63 FR 62929, Nov. 10, 1998; 64 FR 29216, June 1, 1999]

#### §4.33 Requirements for a request of records or testimony.

(a) *Generally*—(1) *Form of request*. A person seeking non-public OCC information must submit a request in writing to the OCC. The requester must explain, in as detailed a description as is necessary under the circumstances, the bases for the request and how the requested non-public OCC information relates to the issues in the lawsuit or matter.

(2) *Expedited request*. A requester seeking a response in less than 60 days must explain why the request was not submitted earlier and why the OCC should expedite the request.

(B) The caption and docket number of the case;

(C) The name, address, and phone number of counsel to each party in the case; and

(D) Explain how the issues in the case and the status of the case warrant that the OCC allow disclosure; and

(E) Identify any other issue that may bear on the question of waiver of privilege by the OCC.

## Comptroller of the Currency, Treasury

## § 4.35

### § 4.34 Where to submit a request.

(a) *A request for non-public OCC information.* A person requesting information under this subpart, requesting authentication of a record under § 4.39(d), or submitting a notification of the issuance of a subpoena or compulsory process under § 4.37, shall send the request or notification to: Office of the Comptroller of the Currency, 250 E Street, SW, Washington, DC 20219, Attention: Director, Litigation Division.

(b) *Combined requests for non-public and other OCC information.* A person requesting public OCC information and non-public OCC information under this subpart may submit a combined request for both to the address in paragraph (a) of this section. If a requester decides to submit a combined request under this section, the OCC will process the combined request under this subpart and not under subpart B of this part (FOIA).

(c) *Request by government agencies.* A request made pursuant to § 4.37(c) must be submitted:

(1) In a civil action, to the Director of the OCC's Litigation Division at the Washington office; or

(2) In a criminal action, to the appropriate district counsel or the Director of the OCC's Enforcement and Compliance Division at the Washington office.

[60 FR 57322, Nov. 15, 1995, as amended at 64 FR 29216, June 1, 1999]

### § 4.35 Consideration of requests.

(a) *In general*—(1) *OCC discretion.* The OCC decides whether to release non-public OCC information based on its weighing of all appropriate factors including the requestor's fulfilling of the

requirements enumerated in § 4.33. Each decision is at the sole discretion of the Comptroller or the Comptroller's delegate and is a final agency decision. OCC action on a request for non-public OCC information exhausts administrative remedies for discovery of the information.

(2) *Bases for denial.* The OCC may deny a request for non-public OCC information for reasons that include the following:

(i) The requester was unsuccessful in showing that the information is relevant to the pending matter;

(ii) The requester seeks testimony and the requestor did not show a compelling need for the information;

(iii) The request arises from an adversarial matter and other evidence reasonably suited to the requester's need is available from another source;

(iv) A lawsuit or administrative action has not yet been filed and the request was made in connection with potential litigation; or

(v) The production of the information would be contrary to the public interest or unduly burdensome to the OCC.

(3) *Additional information.* A requester must submit a complete request. The OCC may require the requester to provide additional information to complete a request. Consistent with the purposes stated in § 4.31, the OCC may inquire into the circumstances of any case underlying the request and rely on sources of information other than the requester, including other parties.

(4) *Time required by the OCC to respond.* The OCC generally will process requests in the order in which they are received. The OCC will notify the requester in writing of the final decision. Absent exigent or unusual circumstances, the OCC will respond to a request within 60 days from the date that the OCC receives a request that it deems a complete request. Consistent with § 4.33(a)(2), the OCC weighs a request to respond to provide information in less than 60 days against the unfairness to other requesters whose pending requests may be delayed and the burden imposed on the OCC by the expedited processing.

(5) *Notice to subject national banks.* Following receipt of a request for non-

#### § 4.36

#### 12 CFR Ch. I (1–1–09 Edition)

public OCC information, the OCC generally notifies the national bank that is the subject of the requested information, unless the OCC, in its discretion, determines that to do so would advantage or prejudice any of the parties in the matter at issue.

(b) *Testimony.* (1) The OCC generally will not authorize a current OCC employee to provide expert or opinion evidence for a private party.

(2) The OCC may restrict the scope of any authorized testimony and may act to ensure that the scope of testimony given by the OCC employee adheres to the scope authorized by the OCC.

(3) Once a request for testimony has been submitted, and before the requested testimony occurs, a party to the relevant case, who did not join in the request and who wishes to question the witness beyond the scope of testimony sought by the request, shall timely submit the party's own request for OCC information pursuant to this subpart.

(4) The OCC may offer the requester the employee's written declaration in lieu of testimony.

(c) *Release of non-public OCC information by others.* In appropriate cases, the OCC may respond to a request for information by authorizing a party to the case who is in possession of non-public OCC information to release the information to the requester. An OCC authorization to release records does not preclude the party in possession from asserting its own privilege, arguing that the records are not relevant, or asserting any other argument for which it has standing to protect the records from release.

#### § 4.36 Disclosure of non-public OCC information.

(a) *Discretionary disclosure of non-public OCC information.* The OCC may make non-public OCC information available to a supervised entity and to other persons, that in the sole discretion of the Comptroller may be necessary or appropriate, without a request for records or testimony.

(b) *OCC policy.* It is the OCC's policy regarding non-public OCC information that such information is confidential and privileged. Accordingly, the OCC

will not normally disclose this information to third parties.

(c) *Conditions and limitations.* The OCC may impose any conditions or limitations on disclosures under this section, including the restrictions on dissemination contained in § 4.38, that it determines are necessary to effect the purposes of this section.

(d) *Unauthorized disclosures prohibited.* All non-public OCC information remains the property of the OCC. No supervised entity, government agency, person, or other party to whom the information is made available, or any officer, director, employee, or agent thereof, may disclose non-public OCC information without the prior written permission of the OCC, except in published statistical material that does not disclose, either directly or when used in conjunction with other publicly available information, the affairs of any individual, corporation, or other entity. Except as authorized by the OCC, no person obtaining access to non-public OCC information under this section may make a copy of the information and no person may remove non-public OCC information from the premises of the institution, agency, or other party in authorized possession of the information.

[63 FR 62929, Nov. 10, 1998, as amended at 64 FR 29216, June 1, 1999]

#### § 4.37 Persons and entities with access to OCC information; prohibition on dissemination.

(a) *Current and former OCC employees or agents—*(1) *Generally.* Except as authorized by this subpart or otherwise by the OCC, no current or former OCC employee or agent may, in any manner, disclose or permit the disclosure of any non-public OCC information to anyone other than an employee or agent of the Comptroller for use in the performance of OCC duties.

(2) *Duty of person served.* Any current or former OCC employee or agent subpoenaed or otherwise requested to provide information covered by this subpart must immediately notify the OCC as provided in this paragraph. The OCC may intervene, attempt to have the compulsory process withdrawn, and register appropriate objections when a current or former OCC employee or

agent receives a subpoena and the subpoena requires the current or former employee or agent to appear or produce OCC information. If necessary, the current or former employee or agent must appear as required and respectfully decline to produce the information sought, citing this subpart as authority and *United States ex rel. Touhy v. Ragen*, 340 U.S. 462 (1951). The current or former OCC employee or agent must immediately notify the OCC if subpoenaed or otherwise asked for non-public OCC information:

(i) In a civil action, by notifying the Director of the OCC's Litigation Division at the Washington office; or

(ii) In a criminal action, by notifying the appropriate district counsel for current and former district employees or agents; or the Director of the OCC's Enforcement and Compliance Division at the Washington office, for current and former Washington employees or agents.

(b) *Non-OCC employees or entities*—(1) *Generally.* (i) Without OCC approval, no person, national bank, or other entity, including one in lawful possession of non-public OCC information under paragraph (b)(2) of this section, may disclose information covered by this subpart in any manner, except:

(A) After the requester has sought the information from the OCC pursuant to the procedures set forth in this subpart; and

(B) As ordered by a Federal court in a judicial proceeding in which the OCC has had the opportunity to appear and oppose discovery.

(ii) Any person who discloses or uses non-public OCC information except as expressly permitted by the Comptroller of the Currency or as ordered by a Federal court, under paragraph (b)(1)(i) of this section, may be subject to the penalties provided in 18 U.S.C. 641.

(2) *Exception for national banks.* When necessary or appropriate for bank business purposes, a national bank or holding company, or any director, officer, or employee thereof, may disclose non-public OCC information, including information contained in, or related to, OCC reports of examination, to a person or organization officially connected with the bank as officer, director, employee, attorney, auditor, or

independent auditor. A national bank or holding company or a director, officer, or employee thereof may also release non-public OCC information to a consultant under this paragraph if the consultant is under a written contract to provide services to the bank and the consultant has a written agreement with the bank in which the consultant:

(i) States its awareness of, and agreement to abide by, the prohibition on the dissemination of non-public OCC information contained in paragraph (b)(1) of this section; and

(ii) Agrees not to use the non-public OCC information for any purpose other than as provided under its contract to provide services to the bank.

(3) *Duty of person or entity served.* Any person, national bank, or other entity served with a request, subpoena, order, motion to compel, or other judicial or administrative process to provide non-public OCC information shall:

(i) Immediately notify the Director of the OCC's Litigation Division at the Washington, DC office and inform the Director of all relevant facts, including the documents and information requested, so that the OCC may intervene in the judicial or administrative action if appropriate;

(ii) Inform the requester of the substance of these rules and, in particular, of the obligation to follow the request procedures in §§ 4.33 and 4.34; and

(iii) At the appropriate time, inform the court or tribunal that issued the process of the substance of these rules.

(4) *Actions of the OCC following notice of service.* Following receipt of notice pursuant to paragraph (b)(3) of this section, the OCC may direct the requester to comply with §§ 4.33 and 4.34, intervene in the judicial or administrative action, attempt to have the compulsory process withdrawn, or register other appropriate objections.

(5) *Return of records.* The OCC may require any person in possession of OCC records to return the records to the OCC.

(c) *Disclosure to government agencies.* When not prohibited by law, the Comptroller may make available to the Board of Governors of the Federal Reserve System, the Federal Deposit Insurance Corporation, and, in the Comptroller's sole discretion, to certain

#### § 4.38

other government agencies of the United States and foreign governments, state agencies with authority to investigate violations of criminal law, and state bank regulatory agencies, a copy of a report of examination, testimony, or other non-public OCC information for their use, when necessary, in the performance of their official duties. All non-public OCC information made available pursuant to this paragraph is OCC property, and the OCC may condition its use on appropriate confidentiality protections, including the mechanisms identified in § 4.37.

(d) *Intention of OCC not to waive rights.* The possession by any of the entities or individuals described in paragraphs (a), (b), and (c) of this section of non-public OCC information does not constitute a waiver by the OCC of its right to control, or impose limitations on, the subsequent use and dissemination of the information.

[60 FR 57322, Nov. 15, 1995. Redesignated and amended at 63 FR 62929, Nov. 10, 1998; 64 FR 29217, June 1, 1999]

#### § 4.38 Restrictions on dissemination of released information.

(a) *Records.* The OCC may condition a decision to release non-public OCC information on entry of a protective order by the court or administrative tribunal presiding in the particular case or, in non-adversarial matters, on a written agreement of confidentiality. In a case in which a protective order has already been entered, the OCC may condition approval for release of non-public OCC information upon the inclusion of additional or amended provisions in the protective order. The OCC may authorize a party who obtained records for use in one case to provide them to another party in another case.

(b) *Testimony.* The OCC may condition its authorization of deposition testimony on an agreement of the parties to appropriate limitations, such as an agreement to keep the transcript of the testimony under seal or to make the transcript available only to the parties, the court, and the jury. Upon request or on its own initiative, the OCC may allow use of a transcript in other litigation. The OCC may require the requester, at the requester's expense, to

#### 12 CFR Ch. I (1-1-09 Edition)

furnish the OCC with a copy of the transcript. The OCC employee whose deposition was transcribed does not waive his or her right to review the transcript and to note errors.

#### § 4.39 Notification of parties and procedures for sharing and using OCC records in litigation.

(a) *Responsibility of litigants to notify parties of a request for testimony.* Upon submitting a request to the OCC for the testimony of an OCC employee or former employee, the requester shall notify all other parties to the case that a request has been submitted.

(b) *Responsibility of litigants to share released records.* The requester shall promptly notify other parties to a case of the release of non-public OCC information obtained pursuant to this subpart, and, upon entry of a protective order, shall provide copies of OCC information, including OCC information obtained pursuant to § 4.15, to the other parties.

(c) *Retrieval and destruction of released records.* At the conclusion of an action:

(1) The requester shall retrieve any non-public OCC information from the court's file as soon as the court no longer requires the information;

(2) Each party shall destroy the non-public OCC information covered by the protective order; and

(3) Each party shall certify to the OCC that the non-public OCC information covered by the protective order has been destroyed.

(d) *Authentication for use as evidence.* Upon request, the OCC authenticates released records to facilitate their use as evidence. Requesters who require authenticated records or certificates of nonexistence of records should, as early as possible, request certificates from the OCC's Litigation Division pursuant to § 4.34(a).

#### § 4.40 Fees for services.

(a) *Fees for records search, copying, and certification.* The requester shall pay a fee to the OCC, or to a commercial copier under contract to the OCC,

**Comptroller of the Currency, Treasury**

**Pt. 4, Subpt. C, App. A**

for any records search, copying, or certification in accordance with the standards specified in §4.17. The OCC may require a requester to remit payment prior to providing the requested information.

(b) *Witness fees and mileage.* A person whose request for testimony of a current OCC employee is approved shall, upon completion of the testimonial appearance, tender promptly to the OCC payment for the witness fees and mileage. The litigant shall compute these amounts in accordance with 28 U.S.C. 1821. A litigant whose request for testimony of a former OCC employee is approved shall tender promptly to the witness any witness fees or mileage due in accordance with 28 U.S.C. 1821.

**Subpart D—Minority-, Women-, and Individuals With Disabilities-Owned Business Contracting Outreach Program; Contracting for Goods and Services**

**§4.61 Purpose.**

Pursuant to the Financial Institutions Reform, Recovery, and Enforcement Act of 1989, Sec. 1216(c), Pub. L. 101-73, 103 Stat. 183, 529 (12 U.S.C. 1833e(c)) and consistent with the Rehabilitation Act of 1973, as amended (29 U.S.C. 701 et seq.), this subpart establishes the OCC Minority-, Women-, and Individuals with Disabilities-Owned Business Contracting Outreach Program (Outreach Program). The Outreach Program is intended to ensure

that firms owned and operated by minorities, women, and individuals with disabilities have the opportunity to participate, to the maximum extent possible, in all contracting activities of the OCC.

**§4.62 Definitions.**

(a) *Minority- and/or women-owned (small and large) businesses and entities owned by minorities and women (MWOB)* means firms at least 51 percent unconditionally-owned by one or more members of a minority group or by one or more women who are citizens of the United States. In the case of publicly-owned companies, at least 51 percent of each class of voting stock must be unconditionally-owned by one or more members of a minority group or by one or more women who are citizens of the United States. In the case of a partnership, at least 51 percent of the partnership interest must be unconditionally-owned by one or more members of a minority group or by one or more women who are citizens of the United States. Additionally, for the foregoing cases, the management and daily business operations must be controlled by one or more such individuals.

(b) *Minority* means any African American, Native American (i.e., American Indian, Eskimo, Aleut and Native Hawaiian), Hispanic American, Asian-Pacific American, or Subcontinent-Asian American.

(c) *Individual with disabilities-owned (small and large) businesses and entities owned by individuals with disabilities (IDOB)* means firms at least 51 percent unconditionally-owned by one or more members who are individuals with disabilities and citizens of the United States. In the case of publicly-owned companies, at least 51 percent of each class of voting stock must be unconditionally-owned by one or more members who are individuals with disabilities and who are citizens of the United States. In the case of a partnership, at least 51 percent of the partnership interest must be unconditionally-owned by one or more members who are individuals with disabilities and citizens of the United States. Additionally, for the foregoing cases, the management and

## Comptroller of the Currency, Treasury

## § 4.65

daily business operations must be controlled by one or more such individuals.

(d) *Individual with disabilities* means any person who has a physical or mental impairment that substantially limits one or more of such person's major life activities, has a record of such an impairment, or is regarded as having such an impairment. For purposes of this part, it does not include an individual who is currently engaging in the illegal use of drugs nor an individual who has a currently contagious disease or infection and who, by reason of such disease or infection, would constitute a direct threat to the health or safety of other individuals or who, by reason of the currently contagious disease or infection, is unable to perform the duties of the job as defined by the IDOB.

(e) *Unconditional ownership* means ownership that is not subject to conditions or similar arrangements which cause the benefits of the Outreach Program to accrue to persons other than the participating MWOB or IDOB.

### § 4.63 Policy.

The OCC's policy is to ensure that MWOBs and IDOBs have the opportunity to participate, to the maximum extent possible, in contracts awarded by the OCC. The OCC awards contracts consistent with the principles of full and open competition and best value acquisition, and with the concept of contracting for agency needs at the lowest practicable cost. The OCC ensures that MWOBs and IDOBs have the opportunity to participate fully in all contracting activities that the OCC enters into for goods and services, whether generated by the headquarters office in Washington, DC, or any other office of the OCC. Contracting opportunities may include small purchase awards, contracts above the small purchase threshold, and delivery orders issued against other governmental agency contracts.

### § 4.64 Promotion.

(a) *Scope.* The OCC, under the direction of the Deputy Comptroller for Resource Management, engages in promotion and outreach activities designed to identify MWOBs and IDOBs capable of providing goods and services

needed by the OCC, to facilitate interaction between the OCC and the MWOBs and IDOBs community, and to indicate the OCC's commitment to doing business with that community. The Outreach Program is designed to facilitate OCC's participation in business promotion events sponsored by other government agencies and attended by minorities, women and individuals with disabilities. Once the OCC has identified a prospective participant, it will assist the minority- or women-owned business or individual with disabilities-owned business in understanding the OCC's needs and contracting process.

(b) *Outreach activities.* OCC's Outreach Program includes the following:

(1) Obtaining various lists and directories of MWOBs and IDOBs maintained by government agencies;

(2) Contacting appropriate firms for participation in the OCC's Outreach Program;

(3) Participating in business promotion events comprised of or attended by MWOBs and IDOBs to explain OCC contracting opportunities and to obtain names of potential MWOBs and IDOBs;

(4) Ensuring that the OCC contracting staff understands and actively promotes this Outreach Program; and

(5) Registering MWOBs and IDOBs in the Department of the Treasury's database to facilitate their participation in the competitive procurement process for OCC contracts. This database is used by OCC procurement staff to identify firms to be solicited for OCC procurements.

### § 4.65 Certification.

(a) *Objective.* To preserve the integrity and foster the Outreach Program's objectives, each prospective MWOB or IDOB must demonstrate that it meets the ownership and control requirements for participation in the Outreach Program.

(b) *MWOB.* A prospective MWOB may demonstrate its eligibility for participation in the Outreach Program by:

(1) Submitting a valid MWOB certification received from another government agency whose definition of MWOB is substantially similar to that specified in § 4.62(a);

(2) Self-certifying MWOB ownership status by filing with the OCC a completed and signed certification form as prescribed by the Federal Acquisition Regulation, 48 CFR 53.301–129; or

(3) Submitting a valid MWOB certification received from the Small Business Administration.

(c) *IDOB*. A prospective IDOB may demonstrate its eligibility for participation in the Outreach Program by:

(1) Submitting a valid IDOB certification received from another government agency whose definition of IDOB is substantially similar to that specified in § 4.62(c); or

(2) Self-certifying IDOB ownership status by filing with the OCC a completed and signed certification as prescribed in the Federal Acquisition Regulation, 48 CFR 53.301–129, and adding an additional certifying statement to read as follows:

I certify that I am an individual with disabilities as defined in 12 CFR 4.62(d), and that my firm, (Name of Firm) qualifies as an individual with disabilities-owned business as defined in 12 CFR 4.62(c).

#### § 4.66 Oversight and monitoring.

The Deputy Comptroller for Resource Management shall appoint an Outreach Program Manager, who shall appoint an Outreach Program Specialist. The Outreach Program Manager is primarily responsible for program advocacy, oversight and monitoring.

### Subpart E—One-Year Restrictions on Post-Employment Activities of Senior Examiners

SOURCE: 70 FR 69637, Nov. 17, 2005, unless otherwise noted.

#### § 4.72 Scope and purpose.

This subpart describes those OCC examiners who are subject to the post-employment restrictions set forth in section 10(k) of the Federal Deposit Insurance Act (FDI Act) (12 U.S.C. 1820(k)) and implements those restrictions for officers and employees of the OCC.

#### § 4.73 Definitions.

For purposes of this subpart:

*Bank holding company* means any company that controls a bank (as provided in section 2 of the Bank Holding Company Act of 1956 (12 U.S.C. 1841 *et seq.*)).

*Consultant*. For purposes of this subpart, a consultant for a national bank, bank holding company, or other company shall include only an individual who works directly on matters for, or on behalf of, such bank, bank holding company, or other company.

*Control* has the meaning given in section 2 of the Bank Holding Company Act (12 U.S.C. 1841(a)). For purposes of this subpart, a foreign bank shall be deemed to control any branch or agency of the foreign bank.

*Depository institution* has the meaning given in section 3 of the FDI Act (12 U.S.C. 1813(c)). For purposes of this subpart, a depository institution includes an uninsured branch or agency of a foreign bank, if such branch or agency is located in any State.

*Federal Reserve* means the Board of Governors of the Federal Reserve System and the Federal Reserve Banks.

*Foreign bank* means any foreign bank or company described in section 8(a) of the International Banking Act of 1978 (12 U.S.C. 3106(a)).

*Insured depository institution* has the meaning given in section 3 of the FDI Act (12 U.S.C. 1813(c)(2)).

*National bank* means a national banking association or a Federal branch or agency of a foreign bank.

*Senior examiner*. For purposes of this subpart, an officer or employee of the OCC is considered to be the “senior examiner” for a particular national bank if—

(1) The officer or employee has been authorized by the OCC to conduct examinations on behalf of the OCC;

(2) The officer or employee has been assigned continuing, broad, and lead responsibility for examining the national bank; and

(3) The officer’s or employee’s responsibilities for examining the national bank—

(i) Represent a substantial portion of the officer’s or employee’s assigned responsibilities; and

(ii) Require the officer or employee to interact routinely with officers or

employees of the national bank or its affiliates.

**§ 4.74 One-year post-employment restrictions.**

An officer or employee of the OCC who serves as the senior examiner of a national bank for two or more months during the last twelve months of such individual's employment with the OCC may not, within one year after leaving the employment of the OCC, knowingly accept compensation as an employee, officer, director or consultant from the national bank, or any company (including a bank holding company) that controls the national bank.

**§ 4.75 Effective date; waivers.**

The post-employment restrictions set forth in section 10(k) of the FDI Act and § 4.74 do not apply to any officer or employee of the OCC, or any former officer or employee of the OCC, if—

(a) The individual ceased to be an officer or employee of the OCC before December 17, 2005; or

(b) The Comptroller of the Currency certifies, in writing and on a case-by-case basis, that granting the individual a waiver of the restrictions would not affect the integrity of the OCC's supervisory program.

**§ 4.76 Penalties.**

(a) *Penalties under section 10(k) of FDI Act.* If a senior examiner of a national bank, after leaving the employment of the OCC, accepts compensation as an employee, officer, director, or consultant from that bank, or any company (including a bank holding company) that controls that bank, then the examiner shall, in accordance with section 10(k)(6) of the FDI Act, be subject to one of the following penalties—

(1) An order—

(i) Removing the individual from office or prohibiting the individual from further participation in the affairs of the relevant national bank, bank holding company, or other company that controls such institution for a period of up to five years; and

(ii) Prohibiting the individual from participating in the affairs of any insured depository institution for a period of up to five years; or

(2) A civil monetary penalty of not more than \$250,000.

(b) *Enforcement by appropriate Federal banking agency.* Violations of § 4.74 shall be administered or enforced by the appropriate Federal banking agency for the depository institution or depository institution holding company that provided compensation to the former senior examiner. For purposes of this paragraph, the appropriate Federal banking agency for a company that is not a depository institution or depository institution holding company shall be the Federal banking agency that formerly employed the senior examiner.

(c) *Scope of prohibition orders.* Any senior examiner who is subject to an order issued under paragraph (a) of this section shall, as required by 12 U.S.C. 1820(k)(6)(B), be subject to paragraphs (6) and (7) of section 8(e) of the FDI Act (12 U.S.C. 1818(e)(6)–(7)) in the same manner and to the same extent as a person subject to an order issued under section 8(e).

(d) *Procedures.* The procedures applicable to actions under paragraph (a) of this section are provided in section 10(k)(6) of the FDI Act (12 U.S.C. 1820(k)(6)) and in 12 CFR part 19.

(e) *Remedies not exclusive.* The OCC may seek both of the penalties described in paragraph (a) of this section. In addition, a senior examiner who accepts compensation as described in § 4.74 may be subject to other administrative, civil or criminal remedies or penalties as provided in law.

#### § 5.1 Scope.

This part establishes rules, policies and procedures of the Office of the Comptroller of the Currency (OCC) for corporate activities and transactions involving national banks. It contains

information on rules of general and specific applicability, where and how to file, and requirements and policies applicable to filings. This part also establishes the corporate filing procedures for Federal branches and agencies of foreign banks.

(a) *General.* The rules in this subpart apply to all sections in this part unless otherwise stated.

(b) *Exceptions.* The OCC may adopt materially different procedures for a particular filing, or class of filings, in exceptional circumstances or for unusual transactions, after providing notice of the change to the applicant and to any other party that the OCC determines should receive notice.

(c) *Additional information.* The “Comptroller’s Licensing Manual” (Manual) provides additional guidance, including policies, procedures, and sample forms. The Manual is available on the OCC’s Internet Web page at <http://www.occ.treas.gov>. Printed copies are available for a fee from Publications, Communications Division, Comptroller of the Currency, 250 E Street, SW., Washington, DC 20219–0001.

(d) *Electronic filing.* The OCC may permit electronic filing for any class of filings. The Manual identifies filings that may be made electronically and describes the procedures that the OCC requires in those cases.

[61 FR 60363, Nov. 27, 1996, as amended at 73 FR 22236, Apr. 24, 2008]

### § 5.5 Fees.

An applicant shall submit the appropriate filing fee, if any, in connection with its filing. An applicant shall pay the fee by check payable to the Comptroller of the Currency or by other means acceptable to the OCC. The OCC publishes a fee schedule annually in the "Notice of Comptroller of the Currency fees," described in 12 CFR 8.8. The OCC generally does not refund the filing fees.

### § 5.6 [Reserved]

### § 5.7 Investigations.

(a) *Authority.* The OCC may examine or investigate and evaluate facts related to a filing to the extent necessary to reach an informed decision.

(b) *Fees.* The OCC may assess fees for investigations or examinations conducted under paragraph (a) of this section. The OCC publishes the rates, described in 12 CFR 8.6, annually in the "Notice of Comptroller of the Currency fees."

### § 5.8 Public notice.

(a) *General.* An applicant shall publish a public notice of its filing in a newspaper of general circulation in the community in which the applicant proposes to engage in business, on the date of filing, or as soon as practicable before or after the date of filing.

(b) *Contents of the public notice.* The public notice shall state that a filing is being made, the date of the filing, the name of the applicant, the subject matter of the filing, that the public may submit comments to the OCC, the address of the appropriate office(s) where comments should be sent, the closing date of the public comment period, and any other information that the OCC requires.

(c) *Confirmation of public notice.* The applicant shall mail or otherwise deliver a statement containing the date of publication, the name and address of

## 12 CFR Ch. I (1-1-09 Edition)

the newspaper that published the public notice, a copy of the public notice, and any other information that the OCC requires, to the appropriate district office promptly following publication.

(d) *Multiple transactions.* The OCC may consider more than one transaction, or a series of transactions, to be a single filing for purposes of the publication requirements of this section. When filing a single public notice for multiple transactions, the applicant shall explain in the notice how the transactions are related.

(e) *Joint public notices accepted.* Upon the request of an applicant for a transaction subject to the OCC's public notice requirements and public notice required by another Federal agency, the OCC may accept publication of a single joint notice containing the information required by both the OCC and the other Federal agency, provided that the notice states that comments must be submitted to both the OCC and, if applicable, the other Federal agency.

(f) *Public notice by the OCC.* In addition to the foregoing, the OCC may require or give public notice and request comment on any filing and in any manner the OCC determines appropriate for the particular filing.

### § 5.9 Public availability.

(a) *General.* The OCC provides a copy of the public file to any person who requests it. A requestor should submit a request for the public file concerning a pending application to the appropriate district office. A requestor should submit a request for the public file concerning a decided or closed application to the Disclosure Officer, Communications Division, at the address listed in the Manual. Requests should be in writing. The OCC may impose a fee in accordance with 12 CFR 4.17 and with the rates the OCC publishes annually in the "Notice of Comptroller of the Currency Fees" described in 12 CFR 8.8.

(b) *Public file.* A public file consists of the portions of the filing, supporting data, supplementary information, and information submitted by interested persons, to the extent that those documents have not been afforded confidential treatment. Applicants and other interested persons may request that

confidential treatment be afforded information submitted to the OCC pursuant to paragraph (c) of this section.

(c) *Confidential treatment.* The applicant or an interested person submitting information may request that specific information be treated as confidential under the Freedom of Information Act, 5 U.S.C. 552 (see 12 CFR 4.12(b)). A submitter should draft its request for confidential treatment narrowly to extend only to those portions of a document it considers to be confidential. If a submitter requests confidential treatment for information that the OCC does not consider to be confidential, the OCC may include that information in the public file after providing notice to the submitter. Moreover, at its own initiative, the OCC may determine that certain information should be treated as confidential and withhold that information from the public file. A person requesting information withheld from the public file should submit the request to the Disclosure Officer, Communications Division, under the procedures described in 12 CFR part 4, subpart B. That request may be subject to the predisclosure notice procedures of 12 CFR 4.16.

#### § 5.10 Comments.

(a) *Submission of comments.* During the comment period, any person may submit written comments on a filing to the appropriate district office.

(b) *Comment period—(1) General.* Unless otherwise stated, the comment period is 30 days after publication of the public notice required by § 5.8(a).

(2) *Extension.* The OCC may extend the comment period if:

(i) The applicant fails to file all required publicly available information on a timely basis to permit review by interested persons or makes a request for confidential treatment not granted by the OCC that delays the public availability of that information;

(ii) Any person requesting an extension of time satisfactorily demonstrates to the OCC that additional time is necessary to develop factual information that the OCC determines is necessary to consider the application; or

(iii) The OCC determines that other extenuating circumstances exist.

(3) *Applicant response.* The OCC may give the applicant an opportunity to respond to comments received.

#### § 5.11 Hearings and other meetings.

(a) *Hearing requests.* Prior to the end of the comment period, any person may submit to the appropriate district office a written request for a hearing on a filing. The request must describe the nature of the issues or facts to be presented and the reasons why written submissions would be insufficient to make an adequate presentation of those issues or facts to the OCC. A person requesting a hearing shall simultaneously submit a copy of the request to the applicant.

(b) *Action on a hearing request.* The OCC may grant or deny a request for a hearing and may limit the issues to those it deems relevant or material. The OCC generally grants a hearing request only if the OCC determines that written submissions would be insufficient or that a hearing would otherwise benefit the decisionmaking process. The OCC also may order a hearing if it concludes that a hearing would be in the public interest.

(c) *Denial of a hearing request.* If the OCC denies a hearing request, it shall notify the person requesting the hearing of the reason for the denial.

(d) *OCC procedures prior to the hearing—(1) Notice of Hearing.* The OCC issues a Notice of Hearing if it grants a request for a hearing or orders a hearing because it is in the public interest. The OCC sends a copy of the Notice of Hearing to the applicant, to the person requesting the hearing, and anyone else requesting a copy. The Notice of Hearing states the subject and date of the filing, the time and place of the hearing, and the issues to be addressed.

(2) *Presiding officer.* The OCC appoints a presiding officer to conduct the hearing. The presiding officer is responsible for all procedural questions not governed by this section.

(e) *Participation in the hearing.* Any person who wishes to appear (participant) shall notify the appropriate district office of his or her intent to participate in the hearing within ten days from the date the OCC issues the Notice of Hearing. At least five days before the hearing, each participant shall

## §5.12

submit to the appropriate district office, the applicant, and any other person the OCC requires, the names of witnesses, and one copy of each exhibit the participant intends to present.

(f) *Transcripts.* The OCC arranges for a hearing transcript. The person requesting the hearing generally bears the cost of one copy of the transcript for his or her use.

(g) *Conduct of the hearing—(1) Presentations.* Subject to the rulings of the presiding officer, the applicant and participants may make opening statements and present witnesses, material, and data.

(2) *Information submitted.* A person presenting documentary material shall furnish one copy to the OCC, and one copy to the applicant and each participant.

(3) *Laws not applicable to hearings.* The Administrative Procedure Act (5 U.S.C. 551 *et seq.*), the Federal Rules of Evidence (28 U.S.C. appendix), the Federal Rules of Civil Procedure (28 U.S.C. Rule 1 *et seq.*), and the OCC's Rules of Practice and Procedure (12 CFR part 19) do not apply to hearings under this section.

(h) *Closing the hearing record.* At the applicant's or participant's request, the OCC may keep the hearing record open for up to 14 days following the OCC's receipt of the transcript. The OCC resumes processing the filing after the record closes.

(i) *Other meetings—(1) Public meetings.* The OCC may arrange for a public meeting in connection with an application, either upon receipt of a written request for such a meeting which is made during the comment period, or upon the OCC's own initiative. Public meetings will be arranged and presided over by a presiding officer.

(2) *Private meetings.* The OCC may arrange a meeting with an applicant or other interested parties to an application, or with an applicant and other interested parties to an application, to clarify and narrow the issues and to facilitate the resolution of the issues.

[61 FR 60363, Nov. 27, 1996, as amended at 64 FR 60098, Nov. 4, 1999]

### §5.12 Computation of time.

In computing the period of days, the OCC includes the day of the act (*e.g.*,

## 12 CFR Ch. I (1-1-09 Edition)

the date an application is received by the OCC) from which the period begins to run and the last day of the period, regardless of whether it is a Saturday, Sunday, or legal holiday.

### §5.13 Decisions.

(a) *General.* The OCC may approve, conditionally approve, or deny a filing after appropriate review and consideration of the record. In deciding an application under this part, the OCC may consider the activities, resources, or condition of an affiliate of the applicant that may reasonably reflect on or affect the applicant.

(1) *Conditional approval.* The OCC may impose conditions on any approval, including to address a significant supervisory, CRA (if applicable), or compliance concern, if the OCC determines that the conditions are necessary or appropriate to ensure that approval is consistent with relevant statutory and regulatory standards and OCC policies thereunder and safe and sound banking practices.

(2) *Expedited review.* The OCC grants eligible banks expedited review within a specified time after filing or commencement of the public comment period, including any extension of the comment period granted pursuant to §5.10, as described in applicable sections of this part.

(i) The OCC may extend the expedited review process for a filing subject to the CRA up to an additional 10 days if a comment contains specific assertions concerning a bank's CRA performance that, if true, would indicate a reasonable possibility that:

(A) A bank's CRA rating would be less than satisfactory, institution-wide, or, where applicable, in a state or multistate MSA; or

(B) A bank's CRA performance would be less than satisfactory in an MSA, or in the non-MSA portion of a state, in which it seeks to expand through approval of an application for a deposit facility as defined in 12 U.S.C. 2902(3).

(ii) The OCC will remove a filing from expedited review procedures, if the OCC concludes that the filing, or an adverse comment regarding the filing, presents a significant supervisory, CRA (if applicable), or compliance concern, or raises a significant legal or

policy issue, requiring additional OCC review. The OCC will provide the applicant with a written explanation if it decides not to process an application from an eligible bank under expedited review pursuant to this paragraph (a)(2)(ii). For purposes of this section, a significant CRA concern exists if the OCC concludes that:

(A) A bank's CRA rating is less than satisfactory, institution-wide, or, where applicable, in a state or multistate MSA; or

(B) A bank's CRA performance is less than satisfactory in an MSA, or in the non-MSA portion of a state, in which it seeks to expand through approval of an application for a deposit facility as defined in 12 U.S.C. 2902(3).

(iii) Adverse comments that the OCC determines do not raise a significant supervisory, CRA (if applicable), or compliance concern, or a significant legal or policy issue, or are frivolous, filed primarily as a means of delaying action on the filing, or that raise a CRA concern that the OCC determines has been satisfactorily resolved, do not affect the OCC's decision under paragraphs (a)(2)(i) or (a)(2)(ii) of this section. The OCC considers a CRA concern to have been satisfactorily resolved if the OCC previously reviewed (*e.g.*, in an examination or an application) a concern presenting substantially the same issue in substantially the same assessment area during substantially the same time, and the OCC determines that the concern would not warrant denial or imposition of a condition on approval of the application.

(iv) If a bank files an application for any activity or transaction that is dependent upon the approval of another application under this part, or if requests for approval for more than one activity or transaction are combined in a single application under applicable sections of this part, none of the subject applications may be deemed approved upon expiration of the applicable time periods, unless all of the applications are subject to expedited review procedures and the longest of the time periods expires without the OCC issuing a decision or notifying the bank that the filings are not eligible for expedited review under the stand-

ards in paragraph (a)(2)(ii) of this section.

(b) *Denial.* The OCC may deny a filing if:

(1) A significant supervisory, CRA (if applicable), or compliance concern exists with respect to the applicant;

(2) Approval of the filing is inconsistent with applicable law, regulation, or OCC policy thereunder; or

(3) The applicant fails to provide information requested by the OCC that is necessary for the OCC to make an informed decision.

(c) *Required information and abandonment of filing.* A filing must contain information required by the applicable section set forth in this part. To the extent necessary to evaluate an application, the OCC may require an applicant to provide additional information. The OCC may deem a filing abandoned if information required or requested by the OCC in connection with the filing is not furnished within the time period specified by the OCC. The OCC may return an application without a decision if it finds the filing to be materially deficient. A filing is materially deficient if it lacks sufficient information for the OCC to make a determination under the applicable statutory or regulatory criteria.

(d) *Notification of final disposition.* The OCC notifies the applicant, and any person who makes a written request, of the final disposition of a filing, including confirmation of an expedited review under this part. If the OCC denies a filing, the OCC notifies the applicant in writing of the reasons for the denial.

(e) *Publication of decision.* The OCC will issue a public decision when a decision represents a new or changed policy or presents issues of general interest to the public or the banking industry. In rendering its decisions, the OCC may elect not to disclose information that the OCC deems to be private or confidential.

(f) *Appeal.* An applicant may file an appeal of an OCC decision with the Deputy Comptroller for Licensing or with the Ombudsman. Relevant addresses and telephone numbers are located in the Manual. In the event the Deputy Comptroller for Licensing was the deciding official of the matter appealed, or was involved personally and

## § 5.20

## 12 CFR Ch. I (1–1–09 Edition)

substantially in the matter, the appeal may be referred instead to the Chief Counsel.

(g) *Extension of time.* When the OCC approves or conditionally approves a filing, the OCC generally gives the applicant a specified period of time to commence that new or expanded activity. The OCC does not generally grant an extension of the time specified to commence a new or expanded corporate activity approved under this part, unless the OCC determines that the delay is beyond the applicant's control.

(h) *Nullifying a decision*—(1) *Material misrepresentation or omission.* An applicant shall certify that any filing or supporting material submitted to the OCC contains no material misrepresentations or omissions. The OCC may review and verify any information filed in connection with a notice or an application. If the OCC discovers a material misrepresentation or omission after the OCC has rendered a decision on the filing, the OCC may nullify its decision. Any person responsible for any material misrepresentation or omission in a filing or supporting materials may be subject to enforcement action and other penalties, including criminal penalties provided in 18 U.S.C. 1001.

(2) *Other nullifications.* The OCC may nullify any decision on a filing that is:

- (i) Contrary to law, regulation, or OCC policy thereunder; or
- (ii) Granted due to clerical or administrative error, or a material mistake of law or fact.

### Subpart B—Initial Activities

#### § 5.20 Organizing a bank.

(a) *Authority.* 12 U.S.C. 21, 22, 24(Seventh), 26, 27, 92a, 93a, 1814(b), 1816, and 2903.

(b) *Licensing requirements.* Any person desiring to establish a national bank shall submit an application and obtain prior OCC approval.

(c) *Scope.* This section describes the procedures and requirements governing OCC review and approval of an application to establish a national bank, including a national bank with a special purpose. Information regarding an application to establish an interim na-

tional bank solely to facilitate a business combination is set forth in § 5.33.

(d) *Definitions.* For purposes of this section:

(1) *Bankers' bank* means a bank owned exclusively (except to the extent directors' qualifying shares are required by law) by other depository institutions or depository institution holding companies (as that term is defined in section 3 of the Federal Deposit Insurance Act, 12 U.S.C. 1813), the activities of which are limited by its articles of association exclusively to providing services to or for other depository institutions, their holding companies, and the officers, directors, and employees of such institutions and companies, and to providing correspondent banking services at the request of other depository institutions or their holding companies.

(2) *Control* means control as used in section 2 of the Bank Holding Company Act, 12 U.S.C. 1841(a)(2).

(3) *Final approval* means the OCC action issuing a charter certificate and authorizing a national bank to open for business.

(4) *Holding company* means any company that controls or proposes to control a national bank whether or not the company is a bank holding company under section 2 of the Bank Holding Company Act, 12 U.S.C. 1841(a)(1).

(5) *Lead depository institution* means the largest depository institution controlled by a bank holding company based on a comparison of the average total assets controlled by each depository institution as reported in its Consolidated Report of Condition and Income required to be filed for the immediately preceding four calendar quarters.

(6) *Organizing group* means five or more persons acting on their own behalf, or serving as representatives of a sponsoring holding company, who apply to the OCC for a national bank charter.

(7) *Preliminary approval* means a decision by the OCC permitting an organizing group to go forward with the organization of the proposed national bank. A preliminary approval generally is subject to certain conditions that an applicant must satisfy before the OCC will grant final approval.

## Comptroller of the Currency, Treasury

## § 5.20

(e) *Statutory requirements*—(1) *General*. The OCC charters a national bank under the authority of the National Bank Act of 1864, as amended, 12 U.S.C. 1 *et seq.* The bank may be a special purpose bank that limits its activities to fiduciary activities or to any other activities within the business of banking. A special purpose bank that conducts activities other than fiduciary activities must conduct at least one of the following three core banking functions: receiving deposits; paying checks; or lending money. The name of a proposed bank must include the word “national.” In determining whether to approve an application to establish a national bank, the OCC verifies that the proposed national bank has complied with the following requirements of the National Bank Act. A national bank shall:

- (i) Draft and file articles of association with the OCC;
- (ii) Draft and file an organization certificate containing specified information with the OCC;
- (iii) Ensure that all capital stock is paid in; and
- (iv) Have at least five elected directors.

(2) *Community Reinvestment Act*. Twelve CFR part 25 requires the OCC to take into account a proposed insured national bank’s description of how it will meet its CRA objectives.

(f) *Policy*—(1) *General*. The marketplace is normally the best regulator of economic activity, and competition within the marketplace promotes efficiency and better customer service. Accordingly, it is the OCC’s policy to approve proposals to establish national banks, including minority-owned institutions, that have a reasonable chance of success and that will be operated in a safe and sound manner. It is not the OCC’s policy to ensure that a proposal to establish a national bank is without risk to the organizers or to protect existing institutions from healthy competition from a new national bank.

(2) *Policy considerations*. (i) In evaluating an application to establish a national bank, the OCC considers whether the proposed bank:

(A) Has organizers who are familiar with national banking laws and regulations;

(B) Has competent management, including a board of directors, with ability and experience relevant to the types of services to be provided;

(C) Has capital that is sufficient to support the projected volume and type of business;

(D) Can reasonably be expected to achieve and maintain profitability; and

(E) Will be operated in a safe and sound manner.

(ii) The OCC may also consider additional factors listed in section 6 of the Federal Deposit Insurance Act, 12 U.S.C. 1816, including the risk to the Federal deposit insurance fund, and whether the proposed bank’s corporate powers are consistent with the purposes of the Federal Deposit Insurance Act and the National Bank Act.

(3) *OCC evaluation*. The OCC evaluates a proposed national bank’s organizing group and its business plan or operating plan together. The OCC’s judgment concerning one may affect the evaluation of the other. An organizing group and its business plan or operating plan must be stronger in markets where economic conditions are marginal or competition is intense.

(g) *Organizing group*—(1) *General*. Strong organizing groups generally include diverse business and financial interests and community involvement. An organizing group must have the experience, competence, willingness, and ability to be active in directing the proposed national bank’s affairs in a safe and sound manner. The bank’s initial board of directors generally is comprised of many, if not all, of the organizers. The business plan or operating plan and other information supplied in the application must demonstrate an organizing group’s collective ability to establish and operate a successful bank in the economic and competitive conditions of the market to be served. Each organizer should be knowledgeable about the business plan or business plan or operating plan. A poor business plan or operating plan reflects adversely on the organizing group’s ability, and the OCC generally denies applications with poor business plans or operating plans.

(2) *Management selection*. The initial board of directors must select competent senior executive officers before

the OCC grants final approval. Early selection of executive officers, especially the chief executive officer, contributes favorably to the preparation and review of a business plan or operating plan that is accurate, complete, and appropriate for the type of bank proposed and its market, and reflects favorably upon an application. As a condition of the charter approval, the OCC retains the right to object to and preclude the hiring of any officer, or the appointment or election of any director, for a two-year period from the date the bank commences business.

(3) *Financial resources.* (i) Each organizer must have a history of responsibility, personal honesty, and integrity. Personal wealth is not a prerequisite to become an organizer or director of a national bank. However, directors' stock purchases, individually and in the aggregate, should reflect a financial commitment to the success of the national bank that is reasonable in relation to their individual and collective financial strength. A director should not have to depend on bank dividends, fees, or other compensation to satisfy financial obligations.

(ii) Because directors are often the primary source of additional capital for a bank not affiliated with a holding company, it is desirable that an organizer who is also proposed as a director of the national bank be able to supply or have a realistic plan to enable the bank to obtain capital when needed.

(iii) Any financial or other business arrangement, direct or indirect, between the organizing group or other insider and the proposed national bank must be on nonpreferential terms.

(4) *Organizational expenses.* (i) Organizers are expected to contribute time and expertise to the organization of the bank. Organizers should not bill excessive charges to the bank for professional and consulting services or unduly rely upon these fees as a source of income.

(ii) A proposed national bank shall not pay any fee that is contingent upon an OCC decision. Such action generally is grounds for denial of the application or withdrawal of preliminary approval. Organizational expenses for denied applications are the sole responsibility of the organizing group.

(5) *Sponsor's experience and support.* A sponsor must be financially able to support the new bank's operations and to provide or locate capital when needed. The OCC primarily considers the financial and managerial resources of the sponsor and the sponsor's record of performance, rather than the financial and managerial resources of the organizing group, if an organizing group is sponsored by:

- (i) An existing holding company;
- (ii) Individuals currently affiliated with other depository institutions; or
- (iii) Individuals who, in the OCC's view, are otherwise collectively experienced in banking and have demonstrated the ability to work together effectively.

(h) *Business plan or Operating plan—*  
(1) *General.* (i) Organizers of a proposed national bank shall submit a business plan or operating plan that adequately addresses the statutory and policy considerations set forth in paragraphs (e) and (f)(2) of this section. The plan must reflect sound banking principles and demonstrate realistic assessments of risk in light of economic and competitive conditions in the market to be served.

(ii) The OCC may offset deficiencies in one factor by strengths in one or more other factors. However, deficiencies in some factors, such as unrealistic earnings prospects, may have a negative influence on the evaluation of other factors, such as capital adequacy, or may be serious enough by themselves to result in denial. The OCC considers inadequacies in a business plan or operating plan to reflect negatively on the organizing group's ability to operate a successful bank.

(2) *Earnings prospects.* The organizing group shall submit *pro forma* balance sheets and income statements as part of the business plan or operating plan. The OCC reviews all projections for reasonableness of assumptions and consistency with the business plan or operating plan.

(3) *Management.* (i) The organizing group shall include in the business plan or operating plan information sufficient to permit the OCC to evaluate the overall management ability of the organizing group. If the organizing group has limited banking experience

or community involvement, the senior executive officers must be able to compensate for such deficiencies.

(ii) The organizing group may not hire an officer or elect or appoint a director if the OCC objects to that person at any time prior to the date the bank commences business.

(4) *Capital.* A proposed bank must have sufficient initial capital, net of any organizational expenses that will be charged to the bank's capital after it begins operations, to support the bank's projected volume and type of business.

(5) *Community service.* (i) The business plan or operating plan must indicate the organizing group's knowledge of and plans for serving the community. The organizing group shall evaluate the banking needs of the community, including its consumer, business, non-profit, and government sectors. The business plan or operating plan must demonstrate how the proposed bank responds to those needs consistent with the safe and sound operation of the bank. The provisions of this paragraph may not apply to an application to organize a bank for a special purpose.

(ii) As part of its business plan or operating plan, the organizing group shall submit a statement that demonstrates its plans to achieve CRA objectives.

(iii) Because community support is important to the long-term success of a bank, the organizing group shall include plans for attracting and maintaining community support.

(6) *Safety and soundness.* The business plan or operating plan must demonstrate that the organizing group (and the sponsoring company, if any), is aware of, and understands, national banking laws and regulations, and safe and sound banking operations and practices. The OCC will deny an application that does not meet these safety and soundness requirements.

(7) *Fiduciary services.* The business plan or operating plan must indicate if the proposed bank intends to offer fiduciary services. The information required by § 5.26 shall be filed with the charter application. A separate application is not required.

(i) *Procedures—(1) Prefiling meeting.* The OCC normally requires a prefil-

ing meeting with the organizers of a proposed national bank before the organizers file an application. Organizers should be familiar with the OCC's chartering policy and procedural requirements in the Manual before the prefil-

ing meeting. The prefil-

ing meeting normally is held in the district office where the application will be filed but may be held at another location at the request of the applicant.

(2) *Business plan or operating plan.* An organizing group shall file a business plan or operating plan that addresses the subjects discussed in paragraph (h) of this section.

(3) *Contact person.* The organizing group shall designate a contact person to represent the organizing group in all contacts with the OCC. The contact person shall be an organizer and proposed director of the new bank, except a representative of the sponsor or sponsors may serve as contact person if an application is sponsored by an existing holding company, individuals currently affiliated with other depository institutions, or individuals who, in the OCC's view, are otherwise collectively experienced in banking and have demonstrated the ability to work together effectively.

(4) *Decision notification.* The OCC notifies the spokesperson and other interested persons in writing of its decision on an application.

(5) *Activities.* (i) Before the OCC grants final approval, a proposed national bank must be established as a legal entity. A national bank becomes a legal entity after it has filed its organization certificate and articles of association with the OCC as required by law. A proposed national bank may offer and sell securities prior to OCC preliminary approval of the proposed national bank's charter application, provided that the proposed national bank has filed articles of association, an organization certificate, and a completed charter application and the bank complies with the OCC's securities offering regulations, 12 CFR part 16.

(ii) In addition, the organizing group shall elect a board of directors. The proposed bank may not conduct the business of banking until the OCC grants final approval.

(iii) For all capital obtained through a public offering a proposed national bank shall use an offering circular that complies with the OCC's securities offering regulations, 12 CFR part 16.

(iv) A national bank in organization shall raise its capital before it commences business. Preliminary approval expires if a national bank in organization does not raise the required capital within 12 months from the date the OCC grants preliminary approval. Approval expires if the national bank does not commence business within 18 months from the date the OCC grants preliminary approval.

(j) *Expedited review.* An application to establish a full-service national bank that is sponsored by a bank holding company whose lead depository institution is an eligible bank or eligible depository institution is deemed preliminarily approved by the OCC as of the 15th day after the close of the public comment period or the 45th day after the filing is received by the OCC, whichever is later, unless the OCC:

(1) Notifies the applicant prior to that date that the filing is not eligible for expedited review, or the expedited review process is extended, under § 5.13(a)(2); or

(2) Notifies the applicant prior to that date that the OCC has determined that the proposed bank will offer banking services that are materially different than those offered by the lead depository institution.

(k) *National bankers' banks*—(1) *Activities and customers.* In addition to the other requirements of this section, when an organizing group seeks to organize a national bankers' bank, the organizing group shall list in the application the anticipated activities and customers or clients of the proposed national bankers' bank.

(2) *Waiver of requirements.* At the organizing group's request, the OCC may waive requirements that are applicable to national banks in general if those requirements are inappropriate for a national bankers' bank and would impede its ability to provide desired services to its market. An applicant must submit a request for a waiver with the application and must support the request with adequate justification and legal analysis. A national bankers'

bank that is already in operation may also request a waiver. The OCC cannot waive statutory provisions that specifically apply to national bankers' banks pursuant to 12 U.S.C. 27(b)(1).

(3) *Investments.* A national bank may invest up to ten percent of its capital and surplus in a bankers' bank and may own five percent or less of any class of a bankers' bank's voting securities.

(1) *Special purpose banks.* An applicant for a national bank charter that will limit its activities to fiduciary activities, credit card operations, or another special purpose shall adhere to established charter procedures with modifications appropriate for the circumstances as determined by the OCC. An applicant for a national bank charter that will have a community development focus shall also adhere to established charter procedures with modifications appropriate for the circumstances as determined by the OCC. In addition to the other requirements in this section, a bank limited to fiduciary activities, credit card operations, or another special purpose may not conduct that business until the OCC grants final approval for the bank to commence operations. A national bank that seeks to invest in a bank with a community development focus must comply with applicable requirements of 12 CFR part 24.

#### § 5.24 Conversion.

(a) *Authority.* 12 U.S.C. 35, 93a, 214a, 214b, 214c, and 2903.

(b) *Licensing requirements.* A state bank (including a "state bank" as defined in 12 U.S.C. 214(a)) or a Federal savings association shall submit an application and obtain prior OCC approval to convert to a national bank charter. A national bank shall give notice to the OCC before converting to a state bank (including a "state bank" as defined in 12 U.S.C. 214(a)) or Federal savings association.

(c) *Scope.* This section describes procedures and standards governing OCC review and approval of an application by a state bank or Federal savings association to convert to a national bank

charter. This section also describes notice procedures for a national bank seeking to convert to a state bank or Federal savings association.

(d) *Conversion of a state bank or Federal savings association to a national bank—(1) Policy.* Consistent with the OCC's chartering policy, it is OCC policy to allow conversion to a national bank charter by another financial institution that can operate safely and soundly as a national bank in compliance with applicable laws, regulations, and policies. The OCC may deny an application by any state bank (including a "state bank" as defined in 12 U.S.C. 214(a)) and any Federal savings association to convert to a national bank charter on the basis of the standards for denial set forth in § 5.13(b), or when conversion would permit the applicant to escape supervisory action by its current regulator.

(2) *Procedures.* (i) Prefiling communications. The applicant should consult with the appropriate district office prior to filing if it anticipates that its application will raise unusual or complex issues. If a pre-filing meeting is appropriate, it will normally be held in the district office where the application will be filed, but may be held at another location at the request of the applicant.

(ii) A state bank (including a state bank as defined in 12 U.S.C. 214(a)) or Federal savings association shall submit its application to convert to a national bank to the appropriate district office. The application must:

(A) Be signed by the president or other duly authorized officer;

(B) Identify each branch that the resulting bank expects to operate after conversion;

(C) Include the institution's most recent audited financial statements (if any);

(D) Include the latest report of condition and report of income (the most recent daily statement of condition will suffice if the institution does not file these reports);

(E) Unless otherwise advised by the OCC in a pre-filing communication, include an opinion of counsel that, in the case of a state bank, the conversion is not in contravention of applicable state law, or in the case of a Federal

savings association, the conversion is not in contravention of applicable Federal law;

(F) State whether the institution wishes to exercise fiduciary powers after the conversion;

(G) Identify all subsidiaries that will be retained following the conversion, and provide the information and analysis of the subsidiaries' activities that would be required if the converting bank or savings association were a national bank establishing each subsidiary pursuant to §§ 5.34 or 5.39; and

(H) Identify any nonconforming assets (including nonconforming subsidiaries) and nonconforming activities that the institution engages in, and describe the plans to retain or divest those assets.

(iii) The OCC may permit a national bank to retain such nonconforming assets of a state bank, subject to conditions and an OCC determination of the carrying value of the retained assets, pursuant to 12 U.S.C. 35.

(iv) Approval for an institution to convert to a national bank expires if the conversion has not occurred within six months of the OCC's preliminary approval of the application.

(v) When the OCC determines that the applicant has satisfied all statutory and regulatory requirements, including those set forth in 12 U.S.C. 35, and any other conditions, the OCC issues a charter certificate. The certificate provides that the institution is authorized to begin conducting business as a national bank as of a specified date.

(3) *Exceptions to rules of general applicability.* Sections 5.8, 5.10, and 5.11 do not apply to this section. However, if the OCC concludes that an application presents significant and novel policy, supervisory, or legal issues, the OCC may determine that any or all parts of §§ 5.8, 5.10, and 5.11 apply.

(4) *Expedited review.* An application by an eligible depository institution to convert to a national bank charter is deemed approved by the OCC as of the 30th day after the filing is received by the OCC, unless the OCC notifies the applicant prior to that date that the filing is not eligible for expedited review under § 5.13(a)(2).

## §5.26

## 12 CFR Ch. I (1–1–09 Edition)

(e) *Conversion of a national bank to a state bank*—(1) *Procedure*. A national bank may convert to a state bank, in accordance with 12 U.S.C. 214c, without prior OCC approval. Termination of the national bank's status as a national bank occurs upon the bank's completion of the requirements of 12 U.S.C. 214a, and upon the appropriate district office's receipt of the bank's national bank charter (or copy) in connection with the consummation of the transaction.

(2) *Notice of intent*. A national bank that desires to convert to a state bank shall submit to the appropriate district office a notice of its intent to convert. The national bank shall file this notice when it first submits a request to convert to the appropriate state authorities. The appropriate district office then provides instructions to the national bank for terminating its status as a national bank.

(3) *Exceptions to the rules of general applicability*. Sections 5.5 through 5.8, and 5.10 through 5.13, do not apply to the conversion of a national bank to a state bank.

(f) *Conversion of a national bank to a Federal savings association*. A national bank may convert to a Federal savings association without prior OCC approval. The requirements and procedures set forth in paragraph (e) of this section and 12 U.S.C. 214a and 12 U.S.C. 214c apply to a conversion to a Federal savings association, except as follows:

(1) In paragraph (e) of this section references to "appropriate state authorities" mean "appropriate Federal authorities"; and

(2) References in 12 U.S.C. 214c to the "law of the State in which the national banking association is located" and "any State authority" mean "laws and regulations governing Federal savings associations" and "Office of Thrift Supervision," respectively.

[61 FR 60363, Nov. 27, 1996, as amended at 65 FR 12910, Mar. 10, 2000]

### §5.26 Fiduciary powers.

(a) *Authority*. 12 U.S.C. 92a.

(b) *Licensing requirements*. A national bank must submit an application and obtain prior approval from, or in certain circumstances file a notice with, the OCC in order to exercise fiduciary

powers. No approval or notice is required in the following circumstances:

(1) Where two or more national banks consolidate or merge, and any of the banks has, prior to the consolidation or merger, received OCC approval to exercise fiduciary powers and that approval is in force at the time of the consolidation or merger, the resulting bank may exercise fiduciary powers in the same manner and to the same extent as the national bank to which approval was originally granted; and

(2) Where a national bank with prior OCC approval to exercise fiduciary powers is the resulting bank in a merger or consolidation with a state bank.

(c) *Scope*. This section sets forth the procedures governing OCC review and approval of an application, and in certain cases the filing of a notice, by a national bank to exercise fiduciary powers. A national bank's fiduciary activities are subject to the provisions of 12 CFR part 9.

(d) *Policy*. The exercise of fiduciary powers is primarily a management decision of the national bank. The OCC generally permits a national bank to exercise fiduciary powers if the bank is operating in a satisfactory manner, the proposed activities comply with applicable statutes and regulations, and the bank retains qualified fiduciary management.

(e) *Procedure*—(1) *General*. The following institutions must obtain approval from the OCC in order to offer fiduciary services to the public:

(i) A national bank without fiduciary powers;

(ii) A national bank without fiduciary powers that desires to exercise fiduciary powers after merging with a state bank or savings association with fiduciary powers; and

(iii) A national bank that results from the conversion of a state bank or a state or Federal savings association that was exercising fiduciary powers prior to the conversion.

(2) *Application*. (i) Except as provided in paragraph (e)(2)(ii) of this section, a national bank that desires to exercise fiduciary powers shall submit to the OCC an application requesting approval. The application must contain:

## Comptroller of the Currency, Treasury

## § 5.30

(A) A statement requesting full or limited powers (specifying which powers);

(B) A statement that the capital and surplus of the national bank is not less than the capital and surplus required by state law of state banks, trust companies, and other corporations exercising comparable fiduciary powers;

(C) Sufficient biographical information on proposed trust management personnel to enable the OCC to assess their qualifications;

(D) A description of the locations where the bank will conduct fiduciary activities; and

(E) If requested by the OCC, an opinion of counsel that the proposed activities do not violate applicable Federal or State law, including citations to applicable law.

(ii) If approval to exercise fiduciary powers is desired in connection with any other transaction subject to an application under this part, the applicant covered under paragraph (e)(1)(ii) or (e)(1)(iii) of this section may include a request for approval of fiduciary powers, including the information required by paragraph (e)(2)(i) of this section, as part of its other application. The OCC does not require a separate application requesting approval to exercise fiduciary powers under these circumstances.

(3) *Expedited review.* An application by an eligible bank to exercise fiduciary powers is deemed approved by the OCC as of the 30th day after the application is received by the OCC, unless the OCC notifies the bank prior to that date that the filing is not eligible for expedited review under § 5.13(a)(2).

(4) *Permit.* Approval of an application under this section constitutes a permit under 12 U.S.C. 92a to conduct the fiduciary powers requested in the application.

(5) *Notice of fiduciary activities in additional states.* No further application under this section is required when a national bank with existing OCC approval to exercise fiduciary powers plans to engage in any of the activities specified in § 9.7(d) of this chapter or to conduct activities ancillary to its fiduciary business, in a state in addition to the state described in the application for fiduciary powers that the OCC has

approved. Instead, unless the bank provides notice through other means (such as a merger application), the bank shall provide written notice to the OCC no later than ten days after it begins to engage in any of the activities specified in § 9.7(d) of this chapter in the new state. The written notice must identify the new state or states involved, identify the fiduciary activities to be conducted, and describe the extent to which the activities differ materially from the fiduciary activities that the bank was previously authorized to conduct. No notice is required if the bank is conducting only activities ancillary to its fiduciary business through a trust representative office or otherwise.

(6) *Exceptions to rules of general applicability.* Sections 5.8, 5.10, and 5.11 do not apply to this section. However, if the OCC concludes that an application presents significant and novel policy, supervisory, or legal issues, the OCC may determine that any or all parts of §§ 5.8, 5.10, and 5.11 apply.

(7) *Expiration of approval.* Approval expires if a national bank does not commence fiduciary activities within 18 months from the date of approval.

[61 FR 60363, Nov. 27, 1996, as amended at 66 FR 34797, July 2, 2001; 73 FR 22237, Apr. 24, 2008]

## Subpart C—Expansion of Activities

### § 5.30 Establishment, acquisition, and relocation of a branch.

(a) *Authority.* 12 U.S.C. 1-42, and 2901-2907.

(b) *Licensing requirements.* A national bank shall submit an application and obtain prior OCC approval in order to establish or relocate a branch.

(c) *Scope.* This section describes the procedures and standards governing OCC review and approval of a national bank's application to establish a new branch or to relocate a branch. The standards of this section and, as applicable, 12 U.S.C. 36(b), but not the procedures set forth in this section, apply to a branch established as a result of a business combination approved under § 5.33. A branch established through a business combination is subject only to the procedures set forth in § 5.33.

(d) *Definitions*—(1) *Branch* includes any branch bank, branch office, branch agency, additional office, or any branch place of business established by a national bank in the United States or its territories at which deposits are received, checks paid, or money lent. A branch does not include an automated teller machine (ATM) or a remote service unit.

(i) A branch established by a national bank includes a mobile facility, temporary facility, intermittent facility, drop box or a seasonal agency, as described in 12 U.S.C. 36(c).

(ii) A facility otherwise described in this paragraph (d)(1) is not a branch if:

(A) The bank establishing the facility does not permit members of the public to have physical access to the facility for purposes of making deposits, paying checks, or borrowing money (*e.g.*, an office established by the bank that receives deposits only through the mail); or

(B) It is located at the site of, or is an extension of, an approved main or branch office of the national bank. The OCC determines whether a facility is an extension of an existing main or branch office on a case-by-case basis.

(2) *Home state* means the state in which the national bank's main office is located.

(3) *Intermittent branch* means a branch that is operated for one or more limited periods of time to provide branch banking services at a specified recurring event, on the grounds or premises where the event is held or at a fixed site adjacent to the grounds or premises where the event is held, and exclusively during the occurrence of the event. Examples of an intermittent branch include the operation of a branch on the campus of, or at a fixed site adjacent to the campus of, a specific college during school registration periods; or the operation of a branch during a State fair on State fairgrounds or at a fixed site adjacent to the fairgrounds.

(4) *Messenger service* has the meaning set forth in 12 CFR 7.1012.

(5) *Mobile branch* is a branch, other than a messenger service branch, that does not have a single, permanent site, and includes a vehicle that travels to various public locations to enable cus-

tomers to conduct their banking business. A mobile branch may provide services at various regularly scheduled locations or it may be open at irregular times and locations such as at county fairs, sporting events, or school registration periods. A branch license is needed for each mobile unit.

(6) *Temporary branch* means a branch that is located at a fixed site and which, from the time of its opening, is scheduled to, and will, permanently close no later than a certain date (not longer than one year after the branch is first opened) specified in the branch application and the public notice.

(e) *Policy*. In determining whether to approve an application to establish or relocate a branch, the OCC is guided by the following principles:

(1) Maintaining a sound banking system;

(2) Encouraging a national bank to help meet the credit needs of its entire community;

(3) Relying on the marketplace as generally the best regulator of economic activity; and

(4) Encouraging healthy competition to promote efficiency and better service to customers.

(f) *Procedures*—(1) *General*. Except as provided in paragraph (f)(2) of this section, each national bank proposing to establish a branch shall submit to the appropriate district office a separate application for each proposed branch.

(2) *Messenger services*. A national bank may request approval, through a single application, for multiple messenger services to serve the same general geographic area. (*See* 12 CFR 7.1012). Unless otherwise required by law, the bank need not list the specific locations to be served.

(3) *Jointly established branches*. If a national bank proposes to establish a branch jointly with one or more national banks or depository institutions, only one of the national banks must submit a branch application. The national bank submitting the application may act as agent for all national banks in the group of depository institutions proposing to share the branch. The application must include the name and main office address of each national bank in the group.

(4) *Intermittent branches.* Prior to operating an intermittent branch, a national bank shall file a branch application and publish notice in accordance with § 5.8, both of which shall identify the event at which the branch will be operated; designate a location for operation of the branch which shall be on the grounds or premises at which the event is held or on a fixed site adjacent to those grounds or premises; and specify the approximate time period during which the event will be held and during which the branch will operate, including whether operation of the branch will be on an annual or otherwise recurring basis. If the branch is approved, then the bank need not obtain approval each time it seeks to operate the branch in accordance with the original application and approval.

(5) *Authorization.* The OCC authorizes operation of the branch when all requirements and conditions for opening are satisfied.

(6) *Expedited review.* An application submitted by an eligible bank to establish or relocate a branch is deemed approved by the OCC as of the 15th day after the close of the applicable public comment period, or the 45th day after the filing is received by the OCC, whichever is later, unless the OCC notifies the bank prior to that date that the filing is not eligible for expedited review, or the expedited review process is extended, under § 5.13(a)(2). An application to establish or relocate more than one branch is deemed approved by the OCC as of the 15th day after the close of the last public comment period.

(g) *Interstate branches.* A national bank that seeks to establish and operate a de novo branch in any state other than the bank's home state or a state in which the bank already has a branch shall satisfy the standards and requirements of 12 U.S.C. 36(g).

(h) *Exceptions to rules of general applicability.* (1) A national bank filing an application for a mobile branch or messenger service branch shall publish a public notice, as described in § 5.8, in the communities in which the bank proposes to engage in business.

(2) The comment period on an application to engage in a short-distance branch relocation is 15 days.

(3) The OCC may waive or reduce the public notice and comment period, as appropriate, with respect to an application to establish a branch to restore banking services to a community affected by a disaster or to temporarily replace banking facilities where, because of an emergency, the bank cannot provide services or must curtail banking services.

(4) The OCC may waive or reduce the public notice and comment period, as appropriate, for an application by a national bank with a CRA rating of Satisfactory or better to establish a temporary branch which, if it were established by a state bank to operate in the manner proposed, would be permissible under state law without state approval.

(i) *Expiration of approval.* Approval expires if a branch has not commenced business within 18 months after the date of approval.

(j) *Branch closings.* A national bank shall comply with the requirements of 12 U.S.C. 1831r-1 with respect to procedures for branch closings.

[61 FR 60363, Nov. 27, 1996, as amended at 73 FR 22237, Apr. 24, 2008]

### § 5.32 Expedited procedures for certain reorganizations.

(a) *Authority.* 12 U.S.C. 93a and 215a-2.

(b) *Scope.* This section prescribes the procedures for OCC review and approval of a national bank's reorganization to become a subsidiary of a bank holding company or a company that will, upon consummation of such reorganization, become a bank holding company. For purposes of this section, a "bank holding company" means any company that owns or controls a national bank, or will own or control one as a result of the reorganization.

(c) *Licensing requirements.* A national bank shall submit an application to, and obtain approval from, the OCC prior to participating in a reorganization described in paragraph (b) of this section.

(d) *Procedures—(1) General.* An application filed in accordance with this section shall be deemed approved on the 30th day after the OCC receives the application, unless the OCC notifies the bank otherwise. Approval is subject to the condition that the bank provide the OCC with 60 days' prior notice of

### § 5.33

### 12 CFR Ch. I (1–1–09 Edition)

any significant deviation from the bank's business plan or any significant deviation from the proposed changes to the bank's business plan described in the bank's plan of reorganization.

(2) *Reorganization plan.* The application must include a reorganization plan that:

(i) Specifies the manner in which the reorganization shall be carried out;

(ii) Is approved by a majority of the entire board of directors of the national bank;

(iii) Specifies:

(A) The amount and type of consideration that the bank holding company will provide to the shareholders of the reorganizing bank for their shares of stock of the bank;

(B) The date as of which the rights of each shareholder to participate in that exchange will be determined; and

(C) The manner in which the exchange will be carried out;

(iv) Is submitted to the shareholders of the reorganizing bank at a meeting to be held at the call of the directors in accordance with the procedures prescribed in connection with a merger of a national bank under section 3 of the National Bank Consolidation and Merger Act, 12 U.S.C. 215a(a)(2); and

(v) Describes any changes to the bank's business plan resulting from the reorganization.

(3) *Financial and managerial resources and future prospects.* In reviewing an application under this section, the OCC will consider the impact of the proposed affiliation on the financial and managerial resources and future prospects of the national bank.

(e) *Rights of dissenting shareholders.* Any shareholder of a bank who has voted against an approved reorganization at the meeting referred to in paragraph (d)(2)(iv) of this section, or who has given notice of dissent in writing to the presiding officer at or prior to that meeting, is entitled to receive the value of his or her shares by providing a written request to the bank within 30 days after the consummation of the reorganization, as provided by section 3 of the National Bank Consolidation and Merger Act, 12 U.S.C. 215a(b) and (c), for the merger of a national bank.

(f) *Approval under the Bank Holding Company Act.* This section does not af-

fect the applicability of the Bank Holding Company Act of 1956. Applicants shall indicate in their application the status of any application required to be filed with the Board of Governors of the Federal Reserve System.

(g) *Expiration of approval.* Approval expires if a national bank has not completed the reorganization within one year of the date of approval.

(h) *Adequacy of disclosure.* (1) An applicant shall inform shareholders of all material aspects of a reorganization and comply with applicable requirements of the Federal securities laws, including the OCC's securities regulations at 12 CFR part 11.

(2) Any applicant not subject to the registration provisions of the Securities Exchange Act of 1934 shall submit the proxy materials or information statements it uses in connection with the reorganization to the appropriate district office no later than when the materials are sent to the shareholders.

[68 FR 70129, Dec. 17, 2003]

### § 5.33 Business combinations.

(a) *Authority.* 12 U.S.C. 24(Seventh), 93a, 181, 214a, 214b, 215, 215a, 215a-1, 215a-3, 215c, 1815(d)(3), 1828(c), 1831u, and 2903.

(b) *Scope.* This section sets forth the provisions governing business combinations and the standards for:

(1) OCC review and approval of an application for a business combination between a national bank and another depository institution resulting in a national bank or between a national bank and one of its nonbank affiliates; and

(2) Requirements of notices and other procedures for national banks involved in other combinations with depository institutions.

(c) *Licensing requirements.* A national bank shall submit an application and obtain prior OCC approval for a business combination between the national bank and another depository institution when the resulting institution is a national bank. A national bank shall give notice to the OCC prior to engaging in a combination where the resulting institution will not be a national bank. A national bank shall submit an

application and obtain prior OCC approval for any merger between the national bank and one or more of its nonbank affiliates.

(d) *Definitions*—For purposes of this § 5.33:

(1) *Bank* means any national bank or any state bank.

(2) *Business combination* means any merger or consolidation between a national bank and one or more depository institutions in which the resulting institution is a national bank, the acquisition by a national bank of all, or substantially all, of the assets of another depository institution, the assumption by a national bank of deposit liabilities of another depository institution, or a merger between a national bank and one or more of its nonbank affiliates.

(3) *Business reorganization* means either:

(i) A business combination between eligible banks, or between an eligible bank and an eligible depository institution, that are controlled by the same holding company or that will be controlled by the same holding company prior to the combination; or

(ii) A business combination between an eligible bank and an interim bank chartered in a transaction in which a person or group of persons exchanges its shares of the eligible bank for shares of a newly formed holding company and receives after the transaction substantially the same proportional share interest in the holding company as it held in the eligible bank (except for changes in interests resulting from the exercise of dissenters' rights), and the reorganization involves no other transactions involving the bank.

(4) *Company* means a corporation, limited liability company, partnership, business trust, association, or similar organization.

(5) For business combinations under § 5.33(g)(4) and (5), a company or shareholder is deemed to *control* another company if:

(i) Such company or shareholder, directly or indirectly, or acting through one or more other persons owns, controls, or has power to vote 25 percent or more of any class of voting securities of the other company, or

(ii) Such company or shareholder controls in any manner the election of

a majority of the directors or trustees of the other company. No company shall be deemed to own or control another company by virtue of its ownership or control of shares in a fiduciary capacity.

(6) *Home state* means, with respect to a national bank, the state in which the main office of the bank is located and, with respect to a state bank, the state by which the bank is chartered.

(7) *Interim bank* means a national bank that does not operate independently but exists solely as a vehicle to accomplish a business combination.

(8) *Nonbank affiliate* of a national bank means any company (other than a bank or Federal savings association) that controls, is controlled by, or is under common control with the national bank.

(e) *Policy.* (1) *Factors.* (i) *Bank Merger Act.* When the OCC evaluates an application for a business combination under the Bank Merger Act, the OCC considers the following factors:

(A) *Competition.* (1) The OCC considers the effect of a proposed business combination on competition. The applicant shall provide a competitive analysis of the transaction, including a definition of the relevant geographic market or markets. An applicant may refer to the Manual for procedures to expedite its competitive analysis.

(2) The OCC will deny an application for a business combination if the combination would result in a monopoly or would be in furtherance of any combination or conspiracy to monopolize or attempt to monopolize the business of banking in any part of the United States. The OCC also will deny any proposed business combination whose effect in any section of the United States may be substantially to lessen competition, or tend to create a monopoly, or which in any other manner would be in restraint of trade, unless the probable effects of the transaction in meeting the convenience and needs of the community clearly outweigh the anticompetitive effects of the transaction. For purposes of weighing against anticompetitive effects, a business combination may have favorable effects in meeting the convenience and needs of the community if the depository institution being acquired has

limited long-term prospects, or if the resulting national bank will provide significantly improved, additional, or less costly services to the community.

(B) *Financial and managerial resources and future prospects.* The OCC considers the financial and managerial resources and future prospects of the existing or proposed institutions.

(C) *Convenience and needs of community.* The OCC considers the probable effects of the business combination on the convenience and needs of the community served. The applicant shall describe these effects in its application, including any planned office closings or reductions in services following the business combination and the likely impact on the community. The OCC also considers additional relevant factors, including the resulting national bank's ability and plans to provide expanded or less costly services to the community.

(ii) *Community Reinvestment Act.* When the OCC evaluates an application for a business combination under the Community Reinvestment Act, the OCC considers the performance of the applicant and the other depository institutions involved in the business combination in helping to meet the credit needs of the relevant communities, including low- and moderate-income neighborhoods, consistent with safe and sound banking practices.

(iii) *Money laundering.* The OCC considers the effectiveness of any insured depository institution involved in the business combination in combating money laundering activities, including in overseas branches.

(2) *Acquisition and retention of branches.* An applicant shall disclose the location of any branch it will acquire and retain in a business combination. The OCC considers the acquisition and retention of a branch under the standards set out in §5.30, but it does not require a separate application under §5.30.

(3) *Subsidiaries.* (i) An applicant must identify any subsidiary to be acquired in a business combination and state the activities of each subsidiary. The OCC does not require a separate application under §5.34 or a separate notice under §5.39.

(ii) An applicant proposing to acquire, through a business combination, a subsidiary of any entity other than a national bank must provide the same information and analysis of the subsidiary's activities that would be required if the applicant were establishing the subsidiary pursuant to §§5.34 or 5.39.

(4) *Interim bank*—(i) *Application.* An applicant for a business combination that plans to use an interim bank to accomplish the transaction shall file an application to organize an interim bank as part of the application for the related business combination.

(ii) *Conditional approval.* The OCC grants conditional approval to form an interim bank when it acknowledges receipt of the application for the related business combination.

(iii) *Corporate status.* An interim bank becomes a legal entity and may enter into legally valid agreements when it has filed, and the OCC has accepted, the interim bank's duly executed articles of association and organization certificate. OCC acceptance occurs:

(A) On the date the OCC advises the interim bank that its articles of association and organization certificate are acceptable; or

(B) On the date the interim bank files articles of association and an organization certificate that conform to the form for those documents provided by the OCC in the Manual.

(iv) *Other corporate procedures.* An applicant should consult the Manual to determine what other information is necessary to complete the chartering of the interim bank as a national bank.

(5) *Nonconforming assets.* An applicant shall identify any nonconforming activities and assets, including nonconforming subsidiaries, of other institutions involved in the business combination, that will not be disposed of or discontinued prior to consummation of the transaction. The OCC generally requires a national bank to divest or conform nonconforming assets, or discontinue nonconforming activities, within a reasonable time following the business combination.

(6) *Fiduciary powers.* An applicant shall state whether the resulting bank intends to exercise fiduciary powers pursuant to §5.26(b) (1) or (2).

(7) *Expiration of approval.* Approval of a business combination, and conditional approval to form an interim bank charter, if applicable, expires if the business combination is not consummated within one year after the date of OCC approval.

(8) *Adequacy of disclosure.* (i) An applicant shall inform shareholders of all material aspects of a business combination and shall comply with any applicable requirements of the Federal securities laws and securities regulations of the OCC. Accordingly, an applicant shall ensure that all proxy and information statements prepared in connection with a business combination do not contain any untrue or misleading statement of a material fact, or omit to state a material fact necessary in order to make the statements made, in the light of the circumstances under which they were made, not misleading.

(ii) A national bank applicant with one or more classes of securities subject to the registration provisions of section 12 (b) or (g) of the Securities Exchange Act of 1934, 15 U.S.C. 78l(b) or 78l(g), shall file preliminary proxy material or information statements for review with the Director, Securities and Corporate Practices Division, OCC, Washington, DC 20219. Any other applicant shall submit the proxy materials or information statements it uses in connection with the combination to the appropriate district office no later than when the materials are sent to the shareholders.

(f) *Exceptions to rules of general applicability—(1) National bank applicant.* Section 5.8 (a) through (c) does not apply to a national bank applicant that is subject to specific statutory notice requirements for a business combination. A national bank applicant shall follow, as applicable, the public notice requirements contained in 12 U.S.C. 1828(c)(3) (business combinations), 12 U.S.C. 215(a) (consolidation under a national bank charter), 12 U.S.C. 215a(a)(2) (merger under a national bank charter), paragraph (g)(2) of this section (merger or consolidation with a Federal savings association resulting in a national bank), paragraph (g)(4) of this section (merger with a nonbank affiliate under a national bank charter),

and paragraph (g)(5) of this section (merger with nonbank affiliate not under national bank charter). Sections 5.10 and 5.11 do not apply to mergers of a national bank with its nonbank affiliate. However, if the OCC concludes that an application presents significant and novel policy, supervisory, or legal issues, the OCC may determine that some or all provisions in §§ 5.10 and 5.11 apply.

(2) *Interim bank.* Sections 5.8, 5.10, and 5.11 do not apply to an application to organize an interim bank. However, if the OCC concludes that an application presents significant and novel policy, supervisory, or legal issues, the OCC may determine that any or all parts of §§ 5.8, 5.10, and 5.11 apply. The OCC treats an application to organize an interim bank as part of the related application to engage in a business combination and does not require a separate public notice and public comment process.

(3) *State bank or Federal savings association as resulting institution.* Sections 5.2 and 5.5 through 5.13 do not apply to transactions covered by paragraph (g)(3) of this section.

(g) *Provisions governing consolidations and mergers with different types of entities.* (1) *Consolidations and mergers under 12 U.S.C. 215 or 215a of a national bank with other national banks and State banks as defined in 12 U.S.C. 215b(1) resulting in a national bank.* A national bank entering into a consolidation or merger authorized pursuant to 12 U.S.C. 215 or 215a, respectively, is subject to the approval procedures and requirements with respect to treatment of dissenting shareholders set forth in those provisions.

(2) *Consolidations and mergers with Federal savings associations under 12 U.S.C. 215c resulting in a national bank.*

(i) With the approval of the OCC, any national bank and any Federal savings association may consolidate or merge with a national bank as the resulting institution by complying with the following procedures:

(A) A national bank entering into the consolidation or merger shall follow the procedures of 12 U.S.C. 215 or 215a, respectively, as if the Federal savings association were a state or national bank.

(B) A Federal savings association entering into the consolidation or merger also shall follow the procedures of 12 U.S.C. 215 or 215a, respectively, as if the Federal savings association were a state bank or national bank, except where the laws or regulations governing Federal savings associations specifically provide otherwise.

(ii) The OCC may conduct an appraisal or reappraisal of dissenters' shares of stock in a national bank involved in a consolidation with a Federal savings association if all parties agree that the determination is final and binding on each party.

(3) *Consolidation or merger of a national bank resulting in a State bank as defined in 12 U.S.C. 214(a) under 12 U.S.C. 214a or a Federal savings association under 12 U.S.C. 215c.—(i) Policy.* Prior OCC approval is not required for the merger or consolidation of a national bank with a state bank or Federal savings association when the resulting institution will be a state bank or Federal savings association. Termination of a national bank's status as a national banking association is automatic upon completion of the requirements of 12 U.S.C. 214a, in accordance with 12 U.S.C. 214b, in the case of a merger or consolidation when the resulting institution is a state bank, or paragraph (g)(3)(iii) of this section, in the case of a merger or consolidation when the resulting institution is a Federal savings association, and consummation of the transaction.

(ii) *Procedures.* A national bank desiring to merge or consolidate with a state bank or a Federal savings association when the resulting institution will be a state bank or Federal savings association shall submit a notice to the appropriate district office advising of its intention. The national bank shall submit this notice at the time the application to merge or consolidate is filed with the responsible agency under the Bank Merger Act, 12 U.S.C. 1828(c). The OCC then provides instructions to the national bank for terminating its status as a national bank, including requiring the bank to provide the appropriate district office with the bank's charter (or a copy) in connection with the consummation of the transaction.

(iii) *Special procedures for merger or consolidation into a Federal savings association.* (A) With the exception of the procedures in paragraph (g)(3)(iii)(B) of this section, a national bank entering into a merger or consolidation with a Federal savings association when the resulting institution will be a Federal savings association shall comply with the requirements of 12 U.S.C. 214a and 12 U.S.C. 214c as if the Federal savings association were a state bank. However, for these purposes the references in 12 U.S.C. 214c to "law of the State in which such national banking association is located" and "any State authority" mean "laws and regulations governing Federal savings associations" and "Office of Thrift Supervision," respectively.

(B) National bank shareholders who dissent from a plan to merge or consolidate may receive in cash the value of their national bank shares if they comply with the requirements of 12 U.S.C. 214a as if the Federal savings association were a state bank. The OCC conducts an appraisal or reappraisal of the value of the national bank shares held by dissenting shareholders only if all parties agree that the determination will be final and binding. The parties shall also agree on how the total expenses of the OCC in making the appraisal will be divided among the parties and paid to the OCC. The plan of merger or consolidation must provide, consistent with the requirements of the Office of Thrift Supervision, the manner of disposing of the shares of the resulting Federal savings association not taken by the dissenting shareholders of the national bank.

(4) *Mergers of a national bank with its nonbank affiliates under 12 U.S.C. 215a–3 resulting in a national bank.* (i) With the approval of the OCC, a national bank may merge with one or more of its nonbank affiliates, with the national bank as the resulting institution, in accordance with the provisions of this paragraph, provided that the law of the state or other jurisdiction under which the nonbank affiliate is organized allows the nonbank affiliate to engage in such mergers. The transaction is also subject to approval by the FDIC under the Bank Merger Act, 12 U.S.C. 1828(c). In determining whether to approve the

merger, the OCC shall consider the purpose of the transaction, its impact on the safety and soundness of the bank, and any effect on the bank's customers, and may deny the merger if it would have a negative effect in any such respect.

(ii) A national bank entering into the merger shall follow the procedures of 12 U.S.C. 215a as if the nonbank affiliate were a state bank, except as otherwise provided herein.

(iii) A nonbank affiliate entering into the merger shall follow the procedures for such mergers set out in the law of the state or other jurisdiction under which the nonbank affiliate is organized.

(iv) The rights of dissenting shareholders and appraisal of dissenters' shares of stock in the nonbank affiliate entering into the merger shall be determined in the manner prescribed by the law of the state or other jurisdiction under which the nonbank affiliate is organized.

(v) The corporate existence of each institution participating in the merger shall be continued in the resulting national bank, and all the rights, franchises, property, appointments, liabilities, and other interests of the participating institutions shall be transferred to the resulting national bank, as set forth in 12 U.S.C. 215a(a), (e), and (f) in the same manner and to the same extent as in a merger between a national bank and a state bank under 12 U.S.C. 215a(a), as if the nonbank affiliate were a state bank.

(5) *Mergers of an uninsured national bank with its nonbank affiliates under 12 U.S.C. 215a-3 resulting in a nonbank affiliate.* (i) With the approval of the OCC, a national bank that is not an insured bank as defined in 12 U.S.C. 1813(h) may merge with one or more of its nonbank affiliates, with the nonbank affiliate as the resulting entity, in accordance with the provisions of this paragraph, provided that the law of the state or other jurisdiction under which the nonbank affiliate is organized allows the nonbank affiliate to engage in such mergers. In determining whether to approve the merger, the OCC shall consider the purpose of the transaction, its impact on the safety and soundness of the bank, and any effect on the bank's

customers, and may deny the merger if it would have a negative effect in any such respect.

(ii) A national bank entering into the merger shall follow the procedures of 12 U.S.C. 214a, as if the nonbank affiliate were a state bank, except as otherwise provided in this section.

(iii) A nonbank affiliate entering into the merger shall follow the procedures for such mergers set out in the law of the state or other jurisdiction under which the nonbank affiliate is organized.

(iv) (A) National bank shareholders who dissent from an approved plan to merge may receive in cash the value of their national bank shares if they comply with the requirements of 12 U.S.C. 214a as if the nonbank affiliate were a state bank. The OCC may conduct an appraisal or reappraisal of dissenters' shares of stock in a national bank involved in the merger if all parties agree that the determination is final and binding on each party and agree on how the total expenses of the OCC in making the appraisal will be divided among the parties and paid to the OCC.

(B) The rights of dissenting shareholders and appraisal of dissenters' shares of stock in the nonbank affiliate involved in the merger shall be determined in the manner prescribed by the law of the state or other jurisdiction under which the nonbank affiliate is organized.

(v) The corporate existence of each entity participating in the merger shall be continued in the resulting nonbank affiliate, and all the rights, franchises, property, appointments, liabilities, and other interests of the participating national bank shall be transferred to the resulting nonbank affiliate as set forth in 12 U.S.C. 214b, in the same manner and to the same extent as in a merger between a national bank and a state bank under 12 U.S.C. 214a, as if the nonbank affiliate were a state bank.

(h) *Interstate combinations under 12 U.S.C. 1831u.* A business combination between insured banks with different home States under the authority of 12 U.S.C. 1831u must satisfy the standards and requirements and comply with the procedures of 12 U.S.C. 1831u and either

## § 5.34

## 12 CFR Ch. I (1–1–09 Edition)

12 U.S.C. 215, 215a, and 215a-1, as applicable, if the resulting bank is a national bank, or 12 U.S.C. 214a, 214b, and 214c if the resulting bank is a State bank. For purposes of 12 U.S.C. 1831u, the acquisition of a branch without the acquisition of all or substantially all of the assets of a bank is treated as the acquisition of a bank whose home State is the State in which the branch is located.

(i) *Expedited review for business reorganizations and streamlined applications.* A filing that qualifies as a business reorganization as defined in paragraph (d)(2) of this section, or a filing that qualifies as a streamlined application as described in paragraph (j) of this section, is deemed approved by the OCC as of the 45th day after the application is received by the OCC, or the 15th day after the close of the comment period, whichever is later, unless the OCC notifies the applicant that the filing is not eligible for expedited review, or the expedited review process is extended, under § 5.13(a)(2). An application under this paragraph must contain all necessary information for the OCC to determine if it qualifies as a business reorganization or streamlined application.

(j) *Streamlined applications.* (1) An applicant may qualify for a streamlined business combination application in the following situations:

(i) At least one party to the transaction is an eligible bank, and all other parties to the transaction are eligible banks or eligible depository institutions, the resulting national bank will be well capitalized immediately following consummation of the transaction, and the total assets of the target institution are no more than 50 percent of the total assets of the acquiring bank, as reported in each institution's Consolidated Report of Condition and Income filed for the quarter immediately preceding the filing of the application;

(ii) The acquiring bank is an eligible bank, the target bank is not an eligible bank or an eligible depository institution, the resulting national bank will be well capitalized immediately following consummation of the transaction, and the applicants in a pre-filing communication request and obtain ap-

proval from the appropriate district office to use the streamlined application;

(iii) The acquiring bank is an eligible bank, the target bank is not an eligible bank or an eligible depository institution, the resulting bank will be well capitalized immediately following consummation of the transaction, and the total assets acquired do not exceed 10 percent of the total assets of the acquiring national bank, as reported in each institution's Consolidated Report of Condition and Income filed for the quarter immediately preceding the filing of the application; or

(iv) In the case of a transaction under paragraph (g)(4) of this section, the acquiring bank is an eligible bank, the resulting national bank will be well capitalized immediately following consummation of the transaction, the applicants in a pre-filing communication request and obtain approval from the appropriate district office to use the streamlined application, and the total assets acquired do not exceed 10 percent of the total assets of the acquiring national bank, as reported in the bank's Consolidated Report of Condition and Income filed for the quarter immediately preceding the filing of the application.

(2) When a business combination qualifies for a streamlined application, the applicant should consult the Manual to determine the abbreviated application information required by the OCC. The OCC encourages pre-filing communications between the applicants and the appropriate district office before filing under paragraph (j) of this section.

### § 5.34 Operating subsidiaries.

(a) *Authority.* 12 U.S.C. 24 (Seventh), 24a, 93a, 3101 *et seq.*

(b) *Licensing requirements.* A national bank must file a notice or application as prescribed in this section to acquire or establish an operating subsidiary, or to commence a new activity in an existing operating subsidiary.

(c) *Scope.* This section sets forth authorized activities and application or notice procedures for national banks

engaging in activities through an operating subsidiary. The procedures in this section do not apply to financial subsidiaries authorized under § 5.39. Unless provided otherwise, this section applies to a Federal branch or agency that acquires, establishes, or maintains any subsidiary that a national bank is authorized to acquire or establish under this section in the same manner and to the same extent as if the Federal branch or agency were a national bank, except that the ownership interest required in paragraphs (e)(2) and (e)(5)(i)(B) of this section shall apply to the parent foreign bank of the Federal branch or agency and not to the Federal branch or agency.

(d) *Definitions.* For purposes of this § 5.34:

(1) *Authorized product* means a product that would be defined as insurance under section 302(c) of the Gramm-Leach-Bliley Act (Public Law 106-102, 113 Stat. 1338, 1407) (GLBA) (15 U.S.C. 6712) that, as of January 1, 1999, the OCC had determined in writing that national banks may provide as principal or national banks were in fact lawfully providing the product as principal, and as of that date no court of relevant jurisdiction had, by final judgment, overturned a determination by the OCC that national banks may provide the product as principal. An authorized product does not include title insurance, or an annuity contract the income of which is subject to treatment under section 72 of the Internal Revenue Code of 1986 (26 U.S.C. 72).

(2) *Well capitalized* means the capital level described in 12 CFR 6.4(b)(1) or, in the case of a Federal branch or agency, the capital level described in 12 CFR 4.7(b)(1)(iii).

(3) *Well managed* means, unless otherwise determined in writing by the OCC:

(i) In the case of a national bank:

(A) The national bank has received a composite rating of 1 or 2 under the Uniform Financial Institutions Rating System in connection with its most recent examination; or

(B) In the case of any national bank that has not been examined, the existence and use of managerial resources that the OCC determines are satisfactory.

(ii) In the case of a Federal branch or agency:

(A) The Federal branch or agency has received a composite ROCA supervisory rating (which rates risk management, operational controls, compliance, and asset quality) of 1 or 2 at its most recent examination; or

(B) In the case of a Federal branch or agency that has not been examined, the existence and use of managerial resources that the OCC determines are satisfactory.

(e) *Standards and requirements—(1) Authorized activities.* A national bank may conduct in an operating subsidiary activities that are permissible for a national bank to engage in directly either as part of, or incidental to, the business of banking, as determined by the OCC, or otherwise under other statutory authority, including:

(i) Providing authorized products as principal; and

(ii) Providing title insurance as principal if the national bank or subsidiary thereof was actively and lawfully underwriting title insurance before November 12, 1999, and no affiliate of the national bank (other than a subsidiary) provides insurance as principal. A subsidiary may not provide title insurance as principal if the state had in effect before November 12, 1999, a law which prohibits any person from underwriting title insurance with respect to real property in that state.

(2) *Qualifying subsidiaries.* (i) An operating subsidiary in which a national bank may invest includes a corporation, limited liability company, limited partnership, or similar entity if:

(A) The bank has the ability to control the management and operations of the subsidiary;

(B) The parent bank owns and controls more than 50 percent of the voting (or similar type of controlling) interest of the operating subsidiary, or the parent bank otherwise controls the operating subsidiary and no other party controls more than 50 percent of the voting (or similar type of controlling) interest of the operating subsidiary; and

(C) The operating subsidiary is consolidated with the bank under Generally Accepted Accounting Principles (GAAP).

(ii) However, the following subsidiaries are not operating subsidiaries subject to this section:

(A) A subsidiary in which the bank's investment is made pursuant to specific authorization in a statute or OCC regulation (e.g., a bank service company under 12 U.S.C. 1861 *et seq.* or a financial subsidiary under section 5136A of the Revised Statutes (12 U.S.C. 24a)); and

(B) A subsidiary in which the bank has acquired, in good faith, shares through foreclosure on collateral, by way of compromise of a doubtful claim, or to avoid a loss in connection with a debt previously contracted.

(3) *Examination and supervision.* An operating subsidiary conducts activities authorized under this section pursuant to the same authorization, terms and conditions that apply to the conduct of such activities by its parent national bank. If, upon examination, the OCC determines that the operating subsidiary is operating in violation of law, regulation, or written condition, or in an unsafe or unsound manner or otherwise threatens the safety or soundness of the bank, the OCC will direct the bank or operating subsidiary to take appropriate remedial action, which may include requiring the bank to divest or liquidate the operating subsidiary, or discontinue specified activities. OCC authority under this paragraph is subject to the limitations and requirements of section 45 of the Federal Deposit Insurance Act (12 U.S.C. 1831v) and section 115 of the Gramm-Leach-Bliley Act (12 U.S.C. 1820a).

(4) *Consolidation of figures*—(i) *National banks.* Pertinent book figures of the parent national bank and its operating subsidiary shall be combined for the purpose of applying statutory or regulatory limitations when combination is needed to effect the intent of the statute or regulation, e.g., for purposes of 12 U.S.C. 56, 60, 84, and 371d.

(ii) *Federal branch or agencies.* Transactions conducted by all of a foreign bank's Federal branches and agencies and State branches and agencies, and their operating subsidiaries, shall be combined for the purpose of applying any limitation or restriction as provided in 12 CFR 28.14.

(5) *Procedures*—(i) *Notice required.* (A) Except for operating subsidiaries subject to the application procedures set forth in paragraph (e)(5)(ii) of this section or exempt from notice or application procedures under paragraph (e)(5)(vi) of this section, a national bank that is “well capitalized” and “well managed” may establish or acquire an operating subsidiary, or perform a new activity in an existing operating subsidiary, by providing the appropriate district office written notice within 10 days after acquiring or establishing the subsidiary, or commencing the new activity, if:

(1) The activity is listed in paragraph (e)(5)(v) of this section;

(2) The entity is a corporation, limited liability company, or limited partnership; and

(3) The bank:

(i) Has the ability to control the management and operations of the subsidiary by holding voting interests sufficient to select the number of directors needed to control the subsidiary's board and to select and terminate senior management (or, in the case of a limited partnership, has the ability to control the management and operations of the subsidiary by controlling the selection and termination of senior management);

(ii) Holds more than 50 percent of the voting, or equivalent, interests in the subsidiary, and, in the case of a limited partnership, the bank or an operating subsidiary thereof is the sole general partner of the limited partnership, provided that under the partnership agreement, limited partners have no authority to bind the partnership by virtue solely of their status as limited partners; and

(iii) Is required to consolidate its financial statements with those of the subsidiary under Generally Accepted Accounting Principles.

(B) The written notice must include a complete description of the bank's investment in the subsidiary and of the activity conducted and a representation and undertaking that the activity will be conducted in accordance with OCC policies contained in guidance issued by the OCC regarding the activity. To the extent that the notice relates to the initial affiliation of the

bank with a company engaged in insurance activities, the bank should describe the type of insurance activity in which the company is engaged and has present plans to conduct. The bank also must list for each State the lines of business for which the company holds, or will hold, an insurance license, indicating the State where the company holds a resident license or charter, as applicable. Any bank receiving approval under this paragraph is deemed to have agreed that the subsidiary will conduct the activity in a manner consistent with published OCC guidance.

(ii) *Application required.* (A) Except where the operating subsidiary is exempt from notice or application requirements under paragraph (e)(5)(vi) of this section, or subject to the notice procedures in paragraph (e)(5)(i), a national bank must first submit an application to, and receive approval from, the OCC with respect to the establishment or acquisition of an operating subsidiary, or the performance of a new activity in an existing operating subsidiary.

(B) The application must explain, as appropriate, how the bank “controls” the enterprise, describing in full detail structural arrangements where control is based on factors other than bank ownership of more than 50 percent of the voting interest of the subsidiary and the ability to control the management and operations of the subsidiary by holding voting interests sufficient to select the number of directors needed to control the subsidiary’s board and to select and terminate senior management. In the case of a limited partnership that does not qualify for the notice procedures set forth in paragraph (e)(5)(i), the bank should provide a statement explaining why it is not eligible. The application also must include a complete description of the bank’s investment in the subsidiary, the proposed activities of the subsidiary, the organizational structure and management of the subsidiary, the relations between the bank and the subsidiary, and other information necessary to adequately describe the proposal. To the extent that the application relates to the initial affiliation of the bank with a company engaged in

insurance activities, the bank should describe the type of insurance activity in which the company is engaged and has present plans to conduct. The bank must also list for each State the lines of business for which the company holds, or will hold, an insurance license, indicating the State where the company holds a resident license or charter, as applicable. The application must state whether the operating subsidiary will conduct any activity at a location other than the main office or a previously approved branch of the bank. The OCC may require an applicant to submit a legal analysis if the proposal is novel, unusually complex, or raises substantial unresolved legal issues. In these cases, the OCC encourages applicants to have a pre-filing meeting with the OCC. Any bank receiving approval under this paragraph is deemed to have agreed that the subsidiary will conduct the activity in a manner consistent with published OCC guidance.

(iii) *Exceptions to rules of general applicability.* Sections 5.8, 5.10, and 5.11 do not apply to this section. However, if the OCC concludes that an application presents significant and novel policy, supervisory, or legal issues, the OCC may determine that some or all provisions in §§ 5.8, 5.10, and 5.11 apply.

(iv) *OCC review and approval.* The OCC reviews a national bank’s application to determine whether the proposed activities are legally permissible and to ensure that the proposal is consistent with safe and sound banking practices and OCC policy and does not endanger the safety or soundness of the parent national bank. As part of this process, the OCC may request additional information and analysis from the applicant.

(v) *Activities eligible for notice.* The following activities qualify for the notice procedures, provided the activity is conducted pursuant to the same terms and conditions as would be applicable if the activity were conducted directly by a national bank:

(A) Holding and managing assets acquired by the parent bank, including investment assets and property acquired by the bank through foreclosure

or otherwise in good faith to compromise a doubtful claim, or in the ordinary course of collecting a debt previously contracted;

(vi) *No application or notice required.* A national bank may acquire or establish an operating subsidiary, or engage in the performance of a new activity in an existing operating subsidiary, without filing an application or providing notice to the OCC, if the bank is well managed and adequately capitalized or well capitalized and the:

(A) Activities of the new subsidiary are limited to those activities previously reported by the bank in connection with the establishment or acquisition of a prior operating subsidiary;

(B) Activities in which the new subsidiary will engage continue to be legally permissible for the subsidiary;

(C) Activities of the new subsidiary will be conducted in accordance with any conditions imposed by the OCC in approving the conduct of these activities for any prior operating subsidiary of the bank;

(D) The standards set forth in paragraphs (e)(5)(i)(A)(2) and (3) of this section are satisfied.

(6) *Grandfathered operating subsidiaries.* Notwithstanding the requirements for a qualifying operating subsidiary in § 5.34(e)(2) and unless otherwise notified by the OCC with respect to a particular operating subsidiary, an entity that a national bank lawfully acquired or established as an operating subsidiary before April 24, 2008 may continue to operate as a national bank operating subsidiary under this section, provided that the bank and the operating subsidiary were, and continue to be, conducting authorized activities in compliance with the standards and requirements applicable when the bank established or acquired the operating subsidiary.

(vii) *Fiduciary powers.* If an operating subsidiary proposes to exercise investment discretion on behalf of customers or provide investment advice for a fee, the national bank must have prior OCC approval to exercise fiduciary powers pursuant to § 5.26.

(7) *Annual Report on Operating Subsidiaries—(i) Filing requirement.* Each national bank shall prepare and file with the OCC an Annual Report on Operating Subsidiaries containing the information set forth in paragraph (e)(6)(ii) of this section for each of its operating subsidiaries that:

(ii) *Information required.* The Annual Report on Operating Subsidiaries must contain the following information for each covered operating subsidiary listed:

(A) The name and charter number of the parent national bank;

(B) The name (include any “dba” (doing business as), abbreviated names,

#### § 5.35 Bank service companies.

(a) *Authority.* 12 U.S.C. 93a and 1861–1867.

(b) *Licensing requirements.* Except where otherwise provided, a national bank shall submit a notice and obtain

prior OCC approval to invest in the equity of a bank service company or to perform new activities in an existing bank service company.

(c) *Scope.* This section describes the procedures and requirements regarding OCC review and approval of a notice to invest in a bank service company.

(d) *Definitions*—(1) *Bank service company* means a corporation or limited liability company organized to provide services authorized by the Bank Service Company Act, 12 U.S.C. 1861 *et seq.*, all of whose capital stock is owned by one or more insured depository institutions in the case of a corporation, or all of the members of which are one or more insured depository institutions in the case of a limited liability company.

(2) *Limited liability company* means any non-corporate company, partnership, trust, or similar business entity organized under the law of a State (as defined in section 3 of the Federal Deposit Insurance Act) which provides that a member or manager of such company is not personally liable for a debt, obligation, or liability of the company solely by reason of being, or acting as, a member or manager of such company.

(3) *Depository institution* for purposes of this section, means, except when such term appears in connection with the term ‘insured depository institution’ an insured bank, a financial institution subject to examination by the Office of Thrift Supervision, or the National Credit Union Administration Board, or a financial institution whose accounts or deposits are insured or guaranteed under state law and eligible to be insured by the Federal Deposit Insurance Corporation or the National Credit Union Administration Board.

(4) *Insured depository institution*, for purposes of this section, has the same meaning as in section 3 of the Federal Deposit Insurance Act.

(5) *Invest* includes making any advance of funds to a bank service company, whether by the purchase of stock, the making of a loan, or otherwise, except a payment for rent earned, goods sold and delivered, or services rendered before the payment was made.

(6) *Principal investor* means the insured depository institution that has

the largest amount invested in the equity of a bank service company. In any case where two or more insured depository institutions have equal amounts invested, the bank service company shall designate one of the insured depository institutions as its principal investor.

(e) *Standards and requirements.* A national bank may invest in a bank service company that conducts activities described in paragraphs (f)(3) and (f)(4) of this section, and activities (other than taking deposits) permissible for the national bank and other state and national bank shareholders or members in the bank service company.

(f) *Procedures—(1) OCC notice and approval required.* Except as provided in paragraphs (f)(2) and (f)(4) of this section, a national bank that intends to make an investment in a bank service company, or to perform new activities in an existing bank service company, must submit a notice to and receive prior approval from the OCC. The OCC approves or denies a proposed investment within 60 days after the filing is received by the OCC, unless the OCC notifies the bank prior to that date that the filing presents a significant supervisory or compliance concern, or raises a significant legal or policy issue. The notice must include the information required by paragraph (g) of this section.

(2) *Notice process only for certain activities.* A national bank that is “well capitalized” and “well managed” as defined in § 5.34(d) may invest in a bank service company, or perform a new activity in an existing bank service company, by providing the appropriate district office written notice within 10 days after the investment, if the bank service company engages only in the activities listed in § 5.34(e)(5)(v). No prior OCC approval is required. The written notice must include a complete description of the bank’s investment in the bank service company and of the activity conducted and a representation and undertaking that the activity will be conducted in accordance with OCC guidance. To the extent the notice relates to the initial affiliation of the bank with a company engaged in insurance activities, the bank should describe the type of insurance activity

that the company is engaged in and has present plans to conduct. The bank must also list for each state the lines of business for which the company holds, or will hold, an insurance license, indicating the state where the company holds a resident license or charter, as applicable. Any bank receiving approval under this paragraph is deemed to have agreed that the bank service company will conduct the activity in a manner consistent with the published OCC guidance.

(3) *Investments requiring no approval.* A national bank does not need OCC approval to invest in a bank service company, or to perform a new activity in an existing bank service company, if the bank service company will provide the following services only for depository institutions: check and deposit posting and sorting; computation and posting of interest and other credits and charges; preparation and mailing of checks, statements, notices, and similar items; or any other clerical, bookkeeping, accounting, statistical, or similar function.

(4) *Federal Reserve approval.* A national bank also may, with the approval of the Board of Governors of the Federal Reserve System (Federal Reserve Board), invest in the equity of a bank service company that provides any other service (except deposit taking) that the Federal Reserve Board has determined, by regulation, to be permissible for a bank holding company under 12 U.S.C. 1843(c)(8).

(5) *Exceptions to rules of general applicability.* Sections 5.8, 5.10, and 5.11 do not apply to a request for approval to invest in a bank service corporation. However, if the OCC concludes that an application presents significant and novel policy, supervisory, or legal issues, the OCC may determine that any or all parts of §§ 5.8, 5.10, and 5.11 apply.

(g) *Required information.* A notice required under paragraph (f)(1), of this section must contain the following:

(1) The name and location of the bank service company;

(2) A complete description of the activities the bank service company will conduct. To the extent the notice relates to the initial affiliation of the

## 12 CFR Ch. I (1-1-09 Edition)

bank with a company engaged in insurance activities, the bank should describe the type of insurance activity that the company is engaged in and has present plans to conduct. The bank must also list for each state the lines of business for which the company holds, or will hold, an insurance license, indicating the state where the company holds a resident license or charter, as applicable;

(3) Information demonstrating that the bank will comply with the investment limitations of paragraph (i) of this section; and

(4) Information demonstrating that the bank service company will perform only those services that each insured depository institution shareholder or member is authorized to perform under applicable Federal or State law and will perform such services only at locations in a State in which each such shareholder or member is authorized to perform such services unless performing services that are authorized by the Federal Reserve Board under the authority of 12 U.S.C. 1865(b).

(h) *Examination and supervision.* Each bank service company in which a national bank is the principal investor is subject to examination and supervision by the OCC in the same manner and to the same extent as that national bank. OCC authority under this paragraph is subject to the limitations and requirements of section 45 of the Federal Deposit Insurance Act (12 U.S.C. 1831v) and section 115 of the Gramm-Leach-Bliley Act (12 U.S.C. 1820a).

(i) *Investment limitations.* *Investment limitations.* A bank may not invest more than ten percent of its capital and surplus in a bank service company. In addition, the bank's total investments in all bank service companies may not exceed five percent of the bank's total assets.

### § 5.36 Other equity investments.

(a) *Authority.* 12 U.S.C. 1 *et seq.*, 24(Seventh), and 93a.

(b) *Scope.* National banks are permitted to make various types of equity investments pursuant to 12 U.S.C. 24(Seventh) and other statutes. These

investments are in addition to those subject to §§ 5.34, 5.35, and 5.37. This section describes the procedure governing the filing of the application or notice that the OCC requires in connection with certain of these investments. Other permissible equity investments may be reviewed on a case-by-case basis by the OCC.

(c) *Definitions.* For purposes of this § 5.36:

(1) *Enterprise* means any corporation, limited liability company, partnership, trust, or similar business entity.

(2) *Well capitalized* means the capital level described in 12 CFR 6.4(b)(1).

(3) *Well managed* has the meaning set forth in § 5.34(d)(3).

(d) *Procedure.* (1) A national bank must provide the appropriate district office with written notice within ten days after making an equity investment in the following:

(i) An agricultural credit corporation;

(ii) A savings association eligible to be acquired under section 13 of the Federal Deposit Insurance Act (12 U.S.C. 1823); and

(iii) Any other equity investment that may be authorized by statute after February 12, 1990, if not covered by other applicable OCC regulation.

(2) The written notice required by paragraph (c)(1) of this section must include a description, and the amount, of the bank's investment.

(3) The OCC reserves the right to require additional information as necessary.

(e) *Non-controlling investments; notice procedure.* Unless the procedures governing a national bank's non-controlling investment are prescribed by OCC rules implementing a separate legal authorization of the investment and except as provided in paragraphs (f) and (g) of this section, a national bank may make a non-controlling investment, directly or through its operating subsidiary, in an enterprise that engages in the activities described in paragraph (e)(2) of this section by filing a written notice. The bank must file this written notice with the appropriate district office no later than 10 days after making the investment. The written notice must:

## Comptroller of the Currency, Treasury

## § 5.36

(1) Describe the structure of the investment and the activity or activities conducted by the enterprise in which the bank is investing. To the extent the notice relates to the initial affiliation of the bank with a company engaged in insurance activities, the bank should describe the type of insurance activity that the company is engaged in and has present plans to conduct. The bank must also list for each state the lines of business for which the company holds, or will hold, an insurance license, indicating the state where the company holds a resident license or charter, as applicable;

(2) State which paragraphs of § 5.34(e)(5)(v) describe the activity or activities, or state that, and describe how, the activity is substantively the same as that contained in published OCC precedent approving a non-controlling investment by a national bank or its operating subsidiary, state that the activity will be conducted in accordance with the same terms and conditions applicable to the activity covered by the precedent, and provide the citation to the applicable precedent;

(3) Certify that the bank is well managed and well capitalized at the time of the investment;

(4) Describe how the bank has the ability to prevent the enterprise from engaging in activities that are not set forth in § 5.34(e)(5)(v) or not contained in published OCC precedent approving a non-controlling investment by a national bank or its operating subsidiary, or how the bank otherwise has the ability to withdraw its investment;

(5) Describe how the investment is convenient and useful to the bank in carrying out its business and not a mere passive investment unrelated to the bank's banking business;

(6) Certify that the bank's loss exposure is limited as a legal matter and that the bank does not have unlimited liability for the obligations of the enterprise; and

(7) Certify that the enterprise in which the bank is investing agrees to be subject to OCC supervision and examination, subject to the limitations and requirements of section 45 of the Federal Deposit Insurance Act (12 U.S.C. 1831v) and section 115 of the

Gramm-Leach-Bliley Act (12 U.S.C. 1820a).

(f) *Non-controlling investment; application procedure.* Unless the procedures governing a national bank's non-controlling investment are prescribed by OCC rules implementing a separate legal authorization of the investment, a national bank must file an application and obtain prior approval before making or acquiring, either directly or through an operating subsidiary, a non-controlling investment in an enterprise if the non-controlling investment does not qualify for the notice procedure set forth in paragraph (e) of this section because the bank is unable to make the representation required by paragraph (e)(2) or the certification required by paragraph (e)(3) of this section. The application must include the information required in paragraphs (e)(1) and (e)(4) through (e)(7) of this section and (e)(2) or (e)(3), as appropriate. If the bank is unable to make the representation set forth in paragraph (e)(2) of this section, the bank's application must explain why the activity in which the enterprise engages is a permissible activity for a national bank and why the applicant should be permitted to hold a non-controlling investment in an enterprise engaged in that activity. A bank may not make a non-controlling investment if it is unable to make the representations and certifications specified in paragraphs (e)(1) and (e)(4) through (e)(7) of this section.

(g) *Non-controlling investments in entities holding assets in satisfaction of debts previously contracted.* Certain non-controlling investments may be eligible for expedited treatment where the bank's investment is in an entity holding assets in satisfaction of debts previously contracted or the bank acquires shares of a company in satisfaction of debts previously contracted.

(1) *Notice required.* A national bank that is well capitalized and well managed may acquire a non-controlling investment, directly or through its operating subsidiary, in an enterprise that engages in the activities of holding and managing assets acquired by the parent bank through foreclosure or otherwise in good faith to compromise a doubtful claim, or in the ordinary

course of collecting a debt previously contracted, by filing a written notice in accordance with this paragraph (g)(i). The activities of the enterprise must be conducted pursuant to the same terms and conditions as would be applicable if the activity were conducted directly by a national bank. The bank must file the written notice with the appropriate district office no later than 10 days after making the non-controlling investment. This notice must include a complete description of the bank's investment in the enterprise and the activities conducted, a description of how the bank plans to divest the non-controlling investment or the underlying assets within applicable statutory time frames, and a representation and undertaking that the bank will conduct the activities in accordance with OCC policies contained in guidance issued by the OCC regarding the activities. Any national bank receiving approval under this paragraph (g)(i) is deemed to have agreed that the enterprise will conduct the activity in a manner consistent with published OCC guidance.

(2) *No notice or application required.* A national bank is not required to file a notice or application under this § 5.36 if it acquires a non-controlling investment in shares of a company through foreclosure or otherwise in good faith to compromise a doubtful claim, or in the ordinary course of collecting a debt previously contracted.

(h) *Non-controlling investments by Federal branches.* A Federal branch that satisfies the well capitalized and well managed standards in 12 CFR 4.7(b)(1)(iii) and § 5.34(d)(3)(ii) may make a non-controlling investment in accordance with paragraph (e) of this section in the same manner and subject to the same conditions and requirements as a national bank, and subject to any additional requirements that may apply under 12 CFR 28.10(c).

(i) *Exceptions to rules of general applicability.* Sections 5.8, 5.9, 5.10, and 5.11 of this part do not apply to filings for other equity investments.

### § 5.37 Investment in bank premises.

(a) *Authority.* 12 U.S.C. 29, 93a, and 371d.

(b) *Scope.* This section sets forth the procedures governing OCC review and approval of applications by national banks to invest in bank premises or in certain bank premises related investments, loans, or indebtedness, as described in paragraph (d)(1)(i) of this section.

(c) *Definition—Bank premises* for purposes of this section includes the following:

(1) Premises that are owned and occupied (or to be occupied, if under construction) by the bank, its branches, or its consolidated subsidiaries;

(2) Capitalized leases and leasehold improvements, vaults, and fixed machinery and equipment;

(3) Remodeling costs to existing premises;

(4) Real estate acquired and intended, in good faith, for use in future expansion; or

(5) Parking facilities that are used by customers or employees of the bank, its branches, and its consolidated subsidiaries.

(d) *Procedure—(1) Application.* (i) A national bank shall submit an application to the appropriate supervisory office to invest in bank premises, or in the stock, bonds, debentures, or other such obligations of any corporation holding the premises of the bank, or to make loans to or upon the security of the stock of such corporation, if the aggregate of all such investments and loans, together with the indebtedness incurred by any such corporation that is an affiliate of the bank, as defined in 12 U.S.C. 221a, will exceed the amount of the capital stock of the bank.

(ii) The application must include:

(A) A description of the bank's present investment in bank premises;

(B) The investment in bank premises that the bank intends to make, and the business reason for making the investment; and

(C) The amount by which the bank's aggregate investment will exceed the amount of the bank's capital stock.

(2) *Approval.* An application for national bank investment in bank premises or in certain bank premises' related investments, loans or indebtedness, as described in paragraph (d)(1)(i) of this section, is deemed approved as of the 30th day after the filing is received by the OCC, unless the OCC notifies the bank prior to that date that the filing presents a significant supervisory, or compliance concern, or raises a significant legal or policy issue. An approval for a specified amount under this section remains valid up to that amount until the OCC notifies the bank otherwise.

(3) *Notice process.* Notwithstanding paragraph (d)(1)(i) of this section, a bank that is rated 1 or 2 under the Uniform Financial Institutions Rating System (CAMELS) may make an aggregate investment in bank premises up to 150 percent of the bank's capital and surplus without the OCC's prior approval, provided that the bank is well capitalized as defined in 12 CFR part 6 and will continue to be well capitalized after the investment or loan is made. However, the bank shall notify the appropriate supervisory office in writing of the investment within 30 days after the investment or loan is made. The written notice must include a description of the bank's investment.

(4) *Exceptions to rules of general applicability.* Sections 5.8, 5.10, and 5.11 do not apply to this section. However, if the OCC concludes that an application presents significant and novel policy, supervisory, or legal issues, the OCC may determine that any or all parts of §§ 5.8, 5.10, and 5.11 apply.

Gramm-Leach-Bliley Act (GLBA)), 113 Stat. 1407–1409, (15 U.S.C. 6712 or 15 U.S.C. 6713) or providing or issuing annuities the income of which is subject to tax treatment under section 72 of the Internal Revenue Code (26 U.S.C. 72);

(g) *Qualifications.* A national bank may, directly or indirectly, control a financial subsidiary or hold an interest in a financial subsidiary only if:

(1) The national bank and each depository institution affiliate of the national bank are well capitalized and well managed;

(2) The aggregate consolidated total assets of all financial subsidiaries of the national bank do not exceed the lesser of 45 percent of the consolidated total assets of the parent bank or \$50 billion (or such greater amount as is determined according to an indexing mechanism jointly established by regulation by the Secretary of the Treasury and the Board of Governors of the Federal Reserve System); and

(3) If the national bank is one of the 100 largest insured banks, determined on the basis of the bank's consolidated total assets at the end of the calendar year, the bank has at least one issue of outstanding eligible debt that is currently rated in one of the three highest investment grade rating categories by a nationally recognized statistical rating organization. If the national bank is one of the second 50 largest insured banks, it may either satisfy this requirement or satisfy alternative criteria the Secretary of the Treasury and the Board of Governors of the Federal Reserve System establish jointly by regulation. This paragraph (g)(3) does not apply if the financial subsidiary is engaged solely in activities in an agency capacity.

(h) *Safeguards.* The following safeguards apply to a national bank that

establishes or maintains a financial subsidiary:

(1) For purposes of determining regulatory capital:

(i) The national bank must deduct the aggregate amount of its outstanding equity investment, including retained earnings, in its financial subsidiaries from its total assets and tangible equity and deduct such investment from its total risk-based capital (this deduction shall be made equally from Tier 1 and Tier 2 capital); and

(ii) The national bank may not consolidate the assets and liabilities of a financial subsidiary with those of the bank;

(2) Any published financial statement of the national bank shall, in addition to providing information prepared in accordance with generally accepted accounting principles, separately present financial information for the bank in the manner provided in paragraph (h)(1) of this section;

(3) The national bank must have reasonable policies and procedures to preserve the separate corporate identity and limited liability of the bank and the financial subsidiaries of the bank;

(4) The national bank must have procedures for identifying and managing financial and operational risks within the bank and the financial subsidiary that adequately protect the national bank from such risks;

(5) Except for a subsidiary of a bank that is considered a financial subsidiary under paragraph (a)(6) of this section solely because the subsidiary engages in the sale of insurance as agent or broker in a manner that is not permitted for national banks, sections 23A and 23B of the Federal Reserve Act (12 U.S.C. 371c and 371c–1), as implemented by Regulation W, 12 CFR part 223, apply to transactions involving a financial subsidiary in the following manner:

(i) A financial subsidiary shall be deemed to be an affiliate of the bank and shall not be deemed to be a subsidiary of the bank;

(ii) The restrictions contained in section 23A(a)(1)(A) of the Federal Reserve Act shall not apply with respect to covered transactions between a bank and any individual financial subsidiary of the bank;

**§ 5.39**

**12 CFR Ch. I (1-1-09 Edition)**

(iii) A bank's purchase of or investment in a security issued by a financial subsidiary of the bank must be valued at the greater of:

(A) The total amount of consideration given (including liabilities assumed) by the bank, reduced to reflect amortization of the security to the extent consistent with GAAP, or

(B) The carrying value of the security (adjusted so as not to reflect the bank's *pro rata* portion of any earnings retained or losses incurred by the financial subsidiary after the bank's acquisition of the security).

(iv) Any purchase of, or investment in, the securities of a financial subsidiary of a bank by an affiliate of the bank will be considered to be a purchase of or investment in such securities by the bank;

(v) Any extension of credit to a financial subsidiary of a bank by an affiliate of the bank is treated as an extension of credit by the bank to the financial subsidiary if the extension of credit is treated as capital of the financial subsidiary under any Federal or State law, regulation, or interpretation applicable to the subsidiary; and

(vi) Any other extension of credit by an affiliate of a bank to a financial subsidiary of the bank may be considered an extension of credit by the bank to the financial subsidiary if the Board of Governors of the Federal Reserve System determines that such treatment is necessary or appropriate to prevent evasions of the Federal Reserve Act and the GLBA.

(6) A financial subsidiary shall be deemed a subsidiary of a bank holding company and not a subsidiary of the bank for purposes of the anti-tying prohibitions set forth in 12 U.S.C. 1971 *et seq.*

(i) *Procedures to engage in activities through a financial subsidiary.* A national bank that intends, directly or indirectly, to acquire control of, or hold an interest in, a financial subsidiary, or to commence a new activity in an existing financial subsidiary, must obtain OCC approval through the procedures set forth in paragraph (i)(1) or (i)(2) of this section.

(1) *Certification with subsequent notice.*

(i) At any time, a national bank may file a "Financial Subsidiary Certifi-

cation" with the appropriate district office listing the bank's depository institution affiliates and certifying that the bank and each of those affiliates is well capitalized and well managed.

(ii) Thereafter, at such time as the bank seeks OCC approval to acquire control of, or hold an interest in, a new financial subsidiary, or commence a new activity authorized under section 5136A(a)(2)(A)(i) of the Revised Statutes (12 U.S.C. 24a) in an existing subsidiary, the bank may file a written notice with the appropriate district office at the time of acquiring control of, or holding an interest in, a financial subsidiary, or commencing such activity in an existing subsidiary. The written notice must be labeled "Financial Subsidiary Notice" and must:

(A) State that the bank's Certification remains valid;

(B) Describe the activity or activities conducted by the financial subsidiary. To the extent the notice relates to the initial affiliation of the bank with a company engaged in insurance activities, the bank should describe the type of insurance activity that the company is engaged in and has present plans to conduct. The bank must also list for each state the lines of business for which the company holds, or will hold, an insurance license, indicating the state where the company holds a resident license or charter, as applicable;

(C) Cite the specific authority permitting the activity to be conducted by the financial subsidiary. (Where the authority relied on is an agency order or interpretation under section 4(c)(8) or 4(c)(13), respectively, of the Bank Holding Company Act of 1956, a copy of the order or interpretation should be attached);

(D) Certify that the bank will be well capitalized after making adjustments required by paragraph (h)(1) of this section;

(E) Demonstrate the aggregate consolidated total assets of all financial subsidiaries of the national bank do not exceed the lesser of 45 percent of the bank's consolidated total assets or \$50 billion (or the increased level established by the indexing mechanism); and

(F) If applicable, certify that the bank meets the eligible debt requirement in paragraph (g)(3) of this section.

(2) *Combined certification and notice.* A national bank may file a combined certification and notice with the appropriate district office at least five business days prior to acquiring control of, or holding an interest in, a financial subsidiary, or commencing a new activity authorized pursuant to section 5136A(a)(2)(A)(i) of the Revised Statutes in an existing subsidiary. The written notice must be labeled “Financial Subsidiary Certification and Notice” and must:

(i) List the bank’s depository institution affiliates and certify that the bank and each depository institution affiliate of the bank is well capitalized and well managed;

(ii) Describe the activity or activities to be conducted in the financial subsidiary. To the extent the notice relates to the initial affiliation of the bank with a company engaged in insurance activities, the bank should describe the type of insurance activity that the company is engaged in and has present plans to conduct. The bank must also list for each state the lines of business for which the company holds, or will hold, an insurance license, indicating the state where the company holds a resident license or charter, as applicable;

(iii) Cite the specific authority permitting the activity to be conducted by the financial subsidiary. (Where the authority relied on is an agency order or interpretation under section 4(c)(8) or 4(c)(13), respectively, of the Bank Holding Company Act of 1956, a copy of the order or interpretation should be attached);

(iv) Certify that the bank will remain well capitalized after making the adjustments required by paragraph (h)(1) of this section;

(v) Demonstrate the aggregate consolidated total assets of all financial subsidiaries of the national bank do not exceed the lesser of 45% of the bank’s consolidated total assets or \$50 billion (or the increased level established by the indexing mechanism); and

(vi) If applicable, certify that the bank meets the eligible debt require-

ment in paragraph (g)(3) of this section.

(3) *Exceptions to rules of general applicability.* Sections 5.8, 5.10, 5.11, and 5.13 do not apply to activities authorized under this section.

(4) *Community Reinvestment Act (CRA).* A national bank may not apply under this paragraph (i) to commence a new activity authorized under section 5136A(a)(2)(A)(i) of the Revised Statutes (12 U.S.C. 24a), or directly or indirectly acquire control of a company engaged in any such activity, if the bank or any of its insured depository institution affiliates received a CRA rating of less than “satisfactory record of meeting community credit needs” on its most recent CRA examination prior to when the bank would file a notice under this section.

(j) *Failure to continue to meet certain qualification requirements—(1) Qualifications and safeguards.* A national bank, or, as applicable, its affiliated depository institutions, must continue to satisfy the qualification requirements set forth in paragraphs (g)(1) and (2) of this section and the safeguards in paragraphs (h)(1), (2), (3) and (4) of this section following its acquisition of control of, or an interest in, a financial subsidiary. A national bank that fails to continue to satisfy these requirements will be subject to the following procedures and requirements:

(i) The OCC shall give notice to the national bank and, in the case of an affiliated depository institution to that depository institution’s appropriate Federal banking agency, promptly upon determining that the national bank, or, as applicable, its affiliated depository institution, does not continue to meet the requirements in paragraph (g)(1) or (2) of this section or the safeguards in paragraph (h)(1), (2), (3), or (4) of this section. The bank shall be deemed to have received such notice three business days after mailing of the letter by the OCC;

(ii) Not later than 45 days after receipt of the notice under paragraph (j)(1)(i) of this section, or any additional time as the OCC may permit, the national bank shall execute an agreement with the OCC to comply with the requirements in paragraphs (g)(1) and

## § 5.40

## 12 CFR Ch. I (1–1–09 Edition)

(2) and (h)(1), (2), (3), and (4) of this section;

(iii) The OCC may impose limitations on the conduct or activities of the national bank or any subsidiary of the national bank as the OCC determines appropriate under the circumstances and consistent with the purposes of section 5136A of the Revised Statutes; and

(iv) The OCC may require a national bank to divest control of a financial subsidiary if the national bank does not correct the conditions giving rise to the notice within 180 days after receipt of the notice provided under paragraph (j)(1)(i) of this section.

(2) *Eligible debt rating requirement.* A national bank that does not continue to meet the qualification requirement set forth in paragraph (g)(3) of this section, applicable where the bank's financial subsidiary is engaged in activities other than solely in an agency capacity, may not directly or through a subsidiary, purchase or acquire any additional equity capital of any such financial subsidiary until the bank meets the requirement in paragraph (g)(3) of this section. For purposes of this paragraph (j)(2), the term "equity capital" includes, in addition to any equity investment, any debt instrument issued by the financial subsidiary if the instrument qualifies as capital of the subsidiary under federal or state law, regulation, or interpretation applicable to the subsidiary.

(k) *Examination and supervision.* A financial subsidiary is subject to examination and supervision by the OCC, subject to the limitations and requirements of section 45 of the Federal Deposit Insurance Act (12 U.S.C. 1831v) and section 115 of the GLBA (12 U.S.C. 1820a).

(ii) The comment period on any application filed under paragraph (d)(2) of this section to engage in a short-distance relocation of a main office is 15 days.

(b) *Scope.* This section describes the method by which a national bank may change its corporate title.

(c) *Standards.* A national bank may change its corporate title provided that the new title includes the word “national” and complies with other applicable Federal laws, including 18 U.S.C. 709, regarding false advertising and the misuse of names to indicate a Federal agency, and any applicable OCC guidance.

A bank seeking to decrease its capital may request OCC approval for up to four consecutive quarters. An eligible bank may decrease its capital pursuant to such a plan only if the bank maintains its eligible bank status before and after each decrease in its capital.

(d) *Definitions*—(1) *Capital plan* means a plan describing the means and schedule by which a national bank will attain specified capital levels or ratios, including a plan to achieve minimum capital ratios filed with the appropriate district office under 12 CFR 3.7 and a capital restoration plan filed with the OCC under 12 U.S.C. 1831o and 12 CFR 6.5.

(2) *Tier 2 capital* has the same meaning as set forth in 12 CFR 3.2(d).

(3) *Tier 3 capital* has the same meaning as set forth in 12 CFR part 3, appendix B, section 2(d).

(e) *Qualification as regulatory capital.*

(1) A national bank's subordinated debt qualifies as Tier 2 capital if the subordinated debt meets the requirements in 12 CFR part 3, appendix A, section 2(b)(4), and complies with the "OCC Guidelines for Subordinated Debt" in the Manual.

(2) A national bank's subordinated debt qualifies as Tier 3 capital if the subordinated debt meets the requirements in 12 CFR part 3, section 2(d) of appendix B.

(3) If the OCC notifies a national bank that it must obtain OCC approval before issuing subordinated debt, the subordinated debt will not qualify as Tier 2 or Tier 3 capital until the bank obtains OCC approval for its inclusion in capital.

(f) *Prior approval procedure*—(1) *Application.* A national bank required to obtain OCC approval before issuing or prepaying subordinated debt shall submit an application to the appropriate district office. The application must include:

(i) A description of the terms and amount of the proposed issuance or prepayment;

(ii) A statement of whether the bank is subject to a capital plan or required to file a capital plan with the OCC and, if so, how the proposed change conforms to the capital plan;

(iii) A copy of the proposed subordinated note format and note agreement; and

(iv) A statement of whether the subordinated debt issue complies with all laws, regulations, and the "OCC Guidelines for Subordinated Debt" in the Manual.

(2) *Approval*—(i) *General.* The application is deemed approved by the OCC as of the 30th day after the filing is received by the OCC, unless the OCC notifies the bank prior to that date that the filing presents a significant supervisory, or compliance concern, or raises a significant legal or policy issue.

(ii) *Tier 2 and Tier 3 capital.* When the OCC notifies the bank that the OCC approves the bank's application to issue or prepay the subordinated debt, it also notifies the bank whether the subordinated debt qualifies as Tier 2 or Tier 3 capital.

(iii) *Expiration of approval.* Approval expires if a national bank does not complete the sale of the subordinated debt within one year of approval.

(g) *Notice procedure.* If a national bank is not required to obtain approval before issuing subordinated debt, the bank shall notify the appropriate district office in writing within ten days after issuing subordinated debt that is to be counted as Tier 2 or Tier 3 capital. The notice must include:

- (1) The terms of the issuance;
- (2) The amount and date of receipt of funds;
- (3) A copy of the final subordinated note format and note agreement; and
- (4) A statement that the issue complies with all laws, regulations, and the “OCC Guidelines for Subordinated Debt Instruments” in the Manual.

(h) *Exceptions to rules of general applicability.* Sections 5.8, 5.10, and 5.11 do not apply to the issuance of subordinated debt.

(i) *Issuance of subordinated debt.* A national bank shall comply with the Securities Offering Disclosure Rules in 12 CFR part 16 when issuing subordinated debt even if the bank is not required to obtain prior approval to issue subordinated debt.

#### § 5.48 Voluntary liquidation.

(a) *Authority.* 12 U.S.C. 93a, 181, and 182.

(b) *Licensing requirements.* A national bank considering going into voluntary liquidation shall notify the OCC. The bank shall also file a notice with the OCC once a liquidation plan is definite.

(c) *Exceptions to rules of general applicability.* Sections 5.8, 5.10, and 5.11 do not apply to a voluntary liquidation. However, if the OCC concludes that the notice presents significant and novel policy, supervisory or legal issues, the OCC may determine that any or all parts of §§ 5.8, 5.10, and 5.11 apply.

(d) *Standards.* A national bank may liquidate in accordance with the terms of 12 U.S.C. 181 and 182.

(e) *Procedure—(1) Notice of voluntary liquidation.* When the shareholders of a solvent national bank have voted to voluntarily liquidate, the bank shall file a notice with the appropriate district office and publish public notice in accordance with 12 U.S.C. 182.

(2) *Report of condition.* The liquidating bank shall submit reports of the condition of its commercial, trust, and other departments to the appropriate district office by filing the quarterly Consolidated Reports of Condition and Income (Call Reports).

(3) *Report of progress.* The liquidating agent or committee shall submit a “Report of Progress of Liquidation” annually to the appropriate district office until the liquidation is complete.

(f) *Expedited liquidations in connection with acquisitions—(1) General.* When an acquiring depository institution in a business combination purchases all the assets, and assumes all the liabilities, including contingent liabilities, of a target national bank, the acquiring depository institution may dissolve the target national bank immediately after the combination. However, if any liabilities will remain in the target national bank, then the standard liquidation procedures apply.

(2) *Procedure.* After its shareholders have voted to liquidate and the national bank has notified the appropriate district office of its plans, the bank may surrender its charter and dissolve immediately, if:

(i) The acquiring depository institution certifies to the OCC that it has purchased all the assets and assumed all the liabilities, including contingent liabilities, of the national bank in liquidation; and

(ii) The acquiring depository institution and the national bank in liquidation have published notice that the bank will dissolve after the purchase and assumption to the acquiror. This is included in the notice and publication for the purchase and assumption required under the Bank Merger Act, 12 U.S.C. 1828(c).

(g) *National bank as acquiror.* If another national bank plans to acquire a national bank in liquidation through merger or through the purchase of the assets and the assumption of the liabilities of the bank in liquidation, the acquiring bank shall comply with the Bank Merger Act, 12 U.S.C. 1828(c), and § 5.33.

**§ 5.50 Change in bank control; reporting of stock loans.**

(a) *Authority.* 12 U.S.C. 93a, 1817(j), and 12 U.S.C. 1831aa.

(b) *Licensing requirements.* Any person seeking to acquire control of a national bank shall provide 60 days prior written notice of a change in control to the OCC, except where otherwise provided in this section.

(c) *Scope—(1) General.* This section describes the procedures and standards governing OCC review of notices for a change in control of a national bank and reports of stock loans.

(2) *Exempt transactions.* The following transactions are not subject to the requirements of this section:

(i) The acquisition of additional shares of a national bank by a person who:

(A) Has, continuously since March 9, 1979, (or since that institution commenced business, if later) held power to vote 25 percent or more of the voting securities of that bank; or

(B) Under paragraph (f)(2)(ii) of this section, would be presumed to have controlled that bank continuously since March 9, 1979, if the transaction will not result in that person's direct or indirect ownership or power to vote 25 percent or more of any class of voting securities of the national bank; or, in other cases, where the OCC determines that the person has controlled the bank continuously since March 9, 1979;

(ii) Unless the OCC otherwise provides in writing, the acquisition of additional shares of a national bank by a person who has lawfully acquired and maintained continuous control of the bank under paragraph (f) of this section after complying with the procedures and filing the notice required by this section;

(iii) A transaction subject to approval under section 3 of the Bank Holding Company Act, 12 U.S.C. 1842, section 18 of Federal Deposit Insurance Act, 12 U.S.C. 1828, or section 10 of the Home Owners' Loan Act, 12 U.S.C. 1467a;

(iv) Any transaction described in section 2(a)(5) or 3(a) (A) or (B) of the Bank Holding Company Act, 12 U.S.C. 1841(a)(5) and 1842(a) (A) and (B), by a person described in those provisions;

(v) A customary one-time proxy solicitation or receipt of *pro rata* stock dividends; and

(vi) The acquisition of shares of a foreign bank that has a Federally licensed branch in the United States. This exemption does not extend to the reports and information required under paragraph (h) of this section.

(3) *Prior notice exemption.* The following transactions are not subject to the prior notice requirements of this section but are otherwise subject to this section, including filing a notice and paying the appropriate filing fee, within 90 calendar days after the transaction occurs:

(i) The acquisition of control as a result of acquisition of voting shares of a national bank through testate or intestate succession;

(ii) The acquisition of control as a result of acquisition of voting shares of a national bank as a bona fide gift;

(iii) The acquisition of voting shares of a national bank resulting from a redemption of voting securities;

(iv) The acquisition of control of a national bank as a result of actions by third parties (including the sale of securities) that are not within the control of the acquiror; and

(v) The acquisition of control as a result of the acquisition of voting shares of a national bank in satisfaction of a debt previously contracted in good faith.

(A) "Good faith" means that a person must either make or acquire a loan secured by voting securities of a national bank in advance of any known default. A person who purchases a previously defaulted loan secured by voting securities of a national bank may not rely on this paragraph (c)(3)(v) to foreclose on that loan, seize or purchase the underlying collateral, and acquire control of the national bank without complying with the prior notice requirements of this section.

(B) To ensure compliance with this section, the acquiror of a defaulted loan secured by a controlling amount of a national bank's voting securities shall file a notice prior to the time the loan is acquired unless the acquiror can demonstrate to the satisfaction of the OCC that the voting securities are

not the anticipated source of repayment for the loan.

(d) *Definitions.* As used in this section:

(1) *Acquisition* includes a purchase, assignment, transfer, or pledge of voting securities, or an increase in percentage ownership of a national bank resulting from a redemption of voting securities.

(2) *Acting in concert* means:

(i) Knowing participation in a joint activity or parallel action towards a common goal of acquiring control whether or not pursuant to an express agreement; or

(ii) A combination or pooling of voting or other interests in the securities of an issuer for a common purpose pursuant to any contract, understanding, relationship, agreement, or other arrangement, whether written or otherwise.

(3) *Control* means the power, directly or indirectly, to direct the management or policies of a national bank or to vote 25 percent or more of any class of voting securities of a national bank.

(4) *Immediate family* includes a person's spouse, father, mother, stepfather, stepmother, brother, sister, stepbrother, stepsister, children, stepchildren, grandparent, grandchildren, father-in-law, mother-in-law, brother-in-law, sister-in-law, son-in-law, daughter-in-law, and the spouse of any of the foregoing.

(5) *Notice* means a filing by a person in accordance with paragraph (f) of this section.

(6) *Person* means an individual or a corporation, partnership, trust, association, joint venture, pool, syndicate, sole proprietorship, unincorporated organization, or any other form of entity, and includes voting trusts and voting agreements and any group of persons acting in concert.

(7) *Voting securities* means:

(i) Shares of common or preferred stock, or similar interests, if the shares or interests, by statute, charter, or in any manner, allow the holder to vote for or select directors (or persons exercising similar functions) of the issuing national bank, or to vote on or to direct the conduct of the operations or other significant policies of the issuing national bank. However, pre-

ferred stock or similar interests are not voting securities if:

(A) Any voting rights associated with the shares or interests are limited solely to voting rights customarily provided by statute regarding matters that would significantly affect the rights or preference of the security or other interest. This includes the issuance of additional amounts of classes of senior securities, the modification of the terms of the security or interest, the dissolution of the issuing national bank, or the payment of dividends by the issuing national bank when preferred dividends are in arrears;

(B) The shares or interests are a passive investment or financing device and do not otherwise provide the holder with control over the issuing national bank; and

(C) The shares or interests do not allow the holder by statute, charter, or in any manner, to select or to vote for the selection of directors (or persons exercising similar functions) of the issuing national bank.

(ii) Securities, other instruments, or similar interests that are immediately convertible, at the option of the owner or holder thereof, into voting securities.

(e) *Policy*—(1) *General.* The OCC seeks to enhance and maintain public confidence in the banking system by preventing a change in control of a national bank that could have serious adverse effects on a bank's financial stability or management resources, the interests of the bank's customers, the Federal deposit insurance fund, or competition.

(2) *Acquisitions subject to the Bank Holding Company Act.* (i) If corporations, partnerships, certain trusts, associations, and similar organizations, that are not already bank holding companies, are not required to secure prior Federal Reserve Board approval to acquire control of a bank under section 3 of the Bank Holding Company Act, 12 U.S.C. 1842, they are subject to the notice requirements of this section.

(ii) Certain transactions, including foreclosures by depository institutions

and other institutional lenders, fiduciary acquisitions by depository institutions, and increases of majority holdings by bank holding companies, are described in sections 2(a)(5)(D) and 3(a) (A) and (B) of the Bank Holding Company Act, 12 U.S.C. 1841(a)(5)(D) and 12 U.S.C. 1842(a) (A) and (B), but do not require the Federal Reserve Board's prior approval. For purposes of this section, they are considered subject to section 3 of the Bank Holding Company Act, 12 U.S.C. 1842, and do not require either a prior or subsequent notice to the OCC under this section.

(3) *Assessing financial condition.* In assessing the financial condition of the acquiring person, the OCC weighs any debt servicing requirements in light of the acquiring person's overall financial strength; the institution's earnings performance, asset condition, capital adequacy, and future prospects; and the likelihood of the acquiring party making unreasonable demands on the resources of the institution.

(f) *Procedures—(1) Exceptions to rules of general applicability.* Sections 5.8(a), 5.9, 5.10, 5.11, and 5.13(a) through (f) do not apply to filings under this section.

(2) *Who must file.* (i) Any person seeking to acquire the power, directly or indirectly, to direct the management or policies, or to vote 25 percent or more of a class of voting securities of a national bank, shall file a notice with the OCC 60 days prior to the proposed acquisition, unless the acquisition is exempt under paragraph (c)(2) of this section.

(ii) The OCC presumes, unless rebutted, that a person is acting in concert with his or her immediate family.

(iii) The OCC presumes, unless rebutted, that an acquisition or other disposition of voting securities through which any person proposes to acquire ownership of, or the power to vote, ten percent or more of a class of voting securities of a national bank is an acquisition by a person of the power to direct the bank's management or policies if:

(A) The securities to be acquired or voted are subject to the registration requirements of section 12 of the Securities Exchange Act of 1934, 15 U.S.C. 78l; or

(B) Immediately after the transaction no other person will own or have the power to vote a greater proportion of that class of voting securities.

(iv) Other transactions resulting in a person's control of less than 25 percent of a class of voting securities of a national bank are not deemed by the OCC to result in control for purposes of this section.

(v) If two or more persons, not acting in concert, each propose to acquire simultaneously equal percentages of ten percent or more of a class of a national bank's voting securities, and either the acquisitions are of a class of securities subject to the registration requirements of section 12 of the Securities Exchange Act of 1934, 15 U.S.C. 78l, or immediately after the transaction no other shareholder of the national bank would own or have the power to vote a greater percentage of the class, each of the acquiring persons shall either file a notice or rebut the presumption of control.

(vi) An acquiring person may seek to rebut the presumption established in paragraph (f)(2)(ii) and (iii) of this section by presenting relevant information in writing to the appropriate district office. The OCC shall respond in writing to any person that seeks to rebut the presumption of control. No rebuttal filing is effective unless the OCC indicates in writing that the information submitted has been found to be sufficient to rebut the presumption of control.

(3) *Filings.* (i) The OCC does not accept a notice of a change in control unless it is technically complete, i.e., the information provided is responsive to every item listed in the notice form and is accompanied by the appropriate fee.

(A) The notice must contain personal and biographical information, detailed financial information, information regarding the future prospects of the institution, details of the proposed change in control, information on any structural or managerial changes contemplated for the institution, and other relevant information required by the OCC. The OCC may waive any of the informational requirements of the notice if the OCC determines that it is in the public interest.

(B) When the acquiring person is an individual, or group of individuals acting in concert, the requirement to provide personal financial data may be satisfied with a current statement of assets and liabilities and an income summary, together with a statement of any material changes since the date of the statement or summary. However, the OCC may require additional information, if appropriate.

(ii) The OCC has 60 days from the date it declares the notice to be technically complete to review the notice.

(A) When the OCC declares a notice technically complete, the appropriate district office sends a letter of acknowledgment to the applicant indicating the technically complete date.

(B) As set forth in paragraph (g) of this section, the applicant shall publish an announcement within 10 days of filing the notice with the OCC. The publication of the announcement triggers a 20-day public comment period. The OCC may waive or shorten the public comment period if an emergency exists. The OCC also may shorten the comment period for other good cause. The OCC may act on a proposed change in control prior to the expiration of the public comment period if the OCC makes a written determination that an emergency exists.

(C) An applicant shall notify the OCC immediately of any material changes in a notice submitted to the OCC, including changes in financial or other conditions, that may affect the OCC's decision on the filing.

(iii) Within the 60-day period, the OCC may inform the applicant that the acquisition has been disapproved, has not been disapproved, or that the OCC will extend the 60-day review period. The applicant may request a hearing by the OCC within 10 days of receipt of a disapproval (see 12 CFR part 19, subpart H, for hearing initiation procedures). Following final agency action under 12 CFR part 19, further review by the courts is available.

(4) *Conditional actions.* The OCC may impose conditions on its action not to disapprove a notice to assure satisfaction of the relevant statutory criteria for non-objection to a notice.

(5) *Disapproval of notice.* The OCC may disapprove a notice if it finds that any of the following factors exist:

(i) The proposed acquisition of control would result in a monopoly or would be in furtherance of any combination or conspiracy to monopolize or to attempt to monopolize the business of banking in any part of the United States;

(ii) The effect of the proposed acquisition of control in any section of the country may be substantially to lessen competition or to tend to create a monopoly or the proposed acquisition of control would in any other manner be in restraint of trade, and the anti-competitive effects of the proposed acquisition of control are not clearly outweighed in the public interest by the probable effect of the transaction in meeting the convenience and needs of the community to be served;

(iii) Either the financial condition of any acquiring person or the future prospects of the institution is such as might jeopardize the financial stability of the bank or prejudice the interests of the depositors of the bank;

(iv) The competence, experience, or integrity of any acquiring person, or of any of the proposed management personnel, indicates that it would not be in the interest of the depositors of the bank, or in the interest of the public, to permit that person to control the bank;

(v) An acquiring person neglects, fails, or refuses to furnish the OCC all the information it requires; or

(vi) The OCC determines that the proposed transaction would result in an adverse effect on the Bank Insurance Fund or the Savings Association Insurance Fund.

(6) *Disapproval notification.* If the OCC disapproves a notice, it mails a written notification to the proposed acquiring person within three days after the decision containing a statement of the basis for disapproval.

(g) *Disclosure—(1) Announcement.* The applicant shall publish an announcement in a newspaper of general circulation in the community where the affected national bank is located within ten days of filing. The OCC may authorize a delayed announcement if an

immediate announcement would not be in the public interest.

(i) In addition to the information required by § 5.8(b), the announcement must include the name of the national bank named in the notice and the comment period (*i.e.*, 20 days from the date of the announcement). The announcement also must state that the public portion of the notice is available upon request.

(ii) Notwithstanding any other provisions of this paragraph (g), if the OCC determines in writing that an emergency exists and that the announcement requirements of this paragraph (g) would seriously threaten the safety and soundness of the national bank to be acquired, including situations where the OCC must act immediately in order to prevent the probable failure of a national bank, the OCC may waive or shorten the publication requirement.

(2) *Release of information.* (i) Upon the request of any person, the OCC releases the information provided in the public portion of the notice and makes it available for public inspection and copying as soon as possible after a notice has been filed. In certain circumstances the OCC may determine that the release of the information would not be in the public interest. In addition, the OCC makes a public announcement of a technically complete notice, the disposition of the notice, and the consummation date of the transaction, if applicable, in the OCC's "Weekly Bulletin."

(ii) The OCC handles requests for the non-public portion of the notice as requests under the Freedom of Information Act, 5 U.S.C. 552, and other applicable law.

(h) *Reporting requirement.* After the consummation of the change in control, the national bank shall notify the OCC in writing of any changes or replacements of its chief executive officer or of any director occurring during the 12-month period beginning on the date of consummation. This notice must be filed within 10 days of such change or replacement and must include a statement of the past and current business and professional affiliations of the new chief executive officers or directors.

(i) *Reporting of stock loans—(1) Requirements.* (i) Any foreign bank, or any affiliate thereof, shall file a consolidated report with the appropriate district office of the national bank if the foreign bank or any affiliate thereof, has credit outstanding to any person or group of persons that, in the aggregate, is secured, directly or indirectly, by 25 percent or more of any class of voting securities of the same national bank.

(ii) The foreign bank, or any affiliate thereof, shall also file a copy of the report with its appropriate district office if that office is different from the national bank's appropriate district office. If the foreign bank, or any affiliate thereof, is not supervised by the OCC, it shall file a copy of the report filed with the OCC with its appropriate Federal banking agency.

(iii) Any shares of the national bank held by the foreign bank, or any affiliate thereof, as principal must be included in the calculation of the number of shares in which the foreign bank or any affiliate thereof has a security interest for purposes of paragraph (h)(1)(i) of this section.

(2) *Definitions.* For purposes of this paragraph (h):

(i) *Foreign bank and affiliate* have the same meanings as in section 1 of the International Banking Act of 1978, 12 U.S.C. 3101.

(ii) *Credit outstanding* includes any loan or extension of credit; the issuance of a guarantee, acceptance, or letter of credit, including an endorsement or standby letter of credit; and any other type of transaction that extends credit or financing to a person or group of persons.

(iii) *Group of persons* includes any number of persons that a foreign bank, or an affiliate thereof, has reason to believe:

(A) Are acting together, in concert, or with one another to acquire or control shares of the same insured national bank, including an acquisition of shares of the same national bank at approximately the same time under substantially the same terms; or

(B) Have made, or propose to make, a joint filing under 15 U.S.C. 78m regarding ownership of the shares of the same depository institution.

## § 5.51

## 12 CFR Ch. I (1–1–09 Edition)

(3) *Exceptions.* Compliance with paragraph (h)(1) of this section is not required if:

(i) The person or group of persons referred to in paragraph (h)(1) of this section has disclosed the amount borrowed and the security interest therein to the appropriate district office in connection with a notice filed under this section or any other application filed with the appropriate district office as a substitute for a notice under this section, such as for a national bank charter; or

(ii) The transaction involves a person or group of persons that has been the owner or owners of record of the stock for a period of one year or more or, if the transaction involves stock issued by a newly chartered bank, before the bank's opening.

(4) *Report requirements.* (i) The consolidated report must indicate the number and percentage of shares securing each applicable extension of credit, the identity of the borrower, and the number of shares held as principal by the foreign bank and any affiliate thereof.

(ii) The foreign bank and all affiliates thereof shall file the consolidated report in writing within 30 days of the date on which the foreign bank or affiliate thereof first believes that the security for any outstanding credit consists of 25 percent or more of any class of voting securities of a national bank.

(5) *Other reporting requirements.* A foreign bank or any affiliate thereof, supervised by the OCC and required to report credit outstanding secured by the shares of a depository institution to another Federal banking agency also shall file a copy of the report with its appropriate district office.

### § 5.51 Changes in directors and senior executive officers.

(a) *Authority.* 12 U.S.C. 1831i.

(b) *Scope.* This section describes the circumstances when a national bank must notify the OCC of a change in its directors and senior executive officers, and the OCC's authority to disapprove those notices.

(c) *Definitions*—(1) *Director* means a person who serves on the board of directors of a national bank except:

(i) A director of a foreign bank that operates a Federal branch; and

(ii) An advisory director who does not have the authority to vote on matters before the board of directors and provides solely general policy advice to the board of directors.

(2) *National bank*, as defined in § 5.3(j), includes a Federal branch for purposes of this section only.

(3) *Senior executive officer* means the chief executive officer, chief operating officer, chief financial officer, chief lending officer, chief investment officer, and any other individual the OCC identifies to the national bank who exercises significant influence over, or participates in, major policy making decisions of the bank without regard to title, salary, or compensation. The term also includes employees of entities retained by a national bank to perform such functions in lieu of directly hiring the individuals, and, with respect to a Federal branch operated by a foreign bank, the individual functioning as the chief managing official of the Federal branch.

(4) *Technically complete notice* means a notice that provides all the information requested in paragraph (e)(2) of this section, including complete explanations where material issues arise regarding the competence, experience, character, or integrity of proposed directors or senior executive officers, and any additional information that the OCC may request following a determination that the original submission of the notice was not technically complete.

(5) *Technically complete notice date* means the date on which the OCC has received a technically complete notice.

(6) *Troubled condition* means a national bank that:

(i) Has a composite rating of 4 or 5 under the Uniform Financial Institutions Rating System (CAMELS);

(ii) Is subject to a cease and desist order, a consent order, or a formal written agreement, unless otherwise informed in writing by the OCC; or

(iii) Is informed in writing by the OCC that as a result of an examination

it has been designated in “troubled condition” for purposes of this section.

(d) *Prior notice.* A national bank shall provide written notice to the OCC at least 90 days before adding or replacing any member of its board of directors, employing any person as a senior executive officer of the national bank, or changing the responsibilities of any senior executive officer so that the person would assume a different executive officer position, if:

(1) The national bank is not in compliance with minimum capital requirements applicable to such institution, as prescribed in 12 CFR part 3, or is otherwise in troubled condition; or

(2) The OCC determines, in connection with the review by the agency of the plan required under section 38 of the Federal Deposit Insurance Act, 12 USC 1831o, or otherwise, that such prior notice is appropriate.

(e) *Procedures*—(1) *Filing notice.* A national bank shall file a notice with its appropriate supervisory office. When a national bank files a notice, the individual to whom the filing pertains shall attest to the validity of the information pertaining to that individual. The 90-day review period begins on the technically complete notice date.

(2) *Content of notice.* A notice must contain the identity, personal history, business background, and experience of each person whose designation as a director or senior executive officer is subject to this section. The notice must include:

(i) A description of his or her material business activities and affiliations during the five years preceding the date of the notice;

(ii) A description of any material pending legal or administrative proceedings to which he or she is a party;

(iii) Any criminal indictment or conviction by a state or Federal court; and

(iv) Legible fingerprints of the person, except that fingerprints are not required for any person who, within the three years immediately preceding the date of the present notice, has been subject to a notice filed with the OCC pursuant to section 32 of the FDIA, 12 U.S.C. 1831i, or this section and has previously submitted fingerprints.

(3) *Requests for additional information.* Following receipt of a technically com-

plete notice, the OCC may request additional information, in writing where feasible, and may specify a time period during which the information must be provided.

(4) *Notice of disapproval.* The OCC may disapprove an individual proposed as a member of the board of directors or as a senior executive officer if the OCC determines on the basis of the individual’s competence, experience, character, or integrity that it would not be in the best interests of the depositors of the national bank or the public to permit the individual to be employed by, or associated with, the national bank. The OCC sends a notice of disapproval to both the national bank and the disapproved individual stating the basis for disapproval.

(5) *Notice of intent not to disapprove.* An individual proposed as a member of the board of directors or as a senior executive officer may begin service before the expiration of the review period if the OCC notifies the national bank that the OCC does not disapprove the proposed director or senior executive officer.

(6) *Waiver of prior notice.* (i) A national bank may send a letter to the appropriate supervisory office requesting a waiver of the prior notice requirement. The OCC may waive the prior notice requirement but not the filing required under this section. The OCC may grant a waiver if it finds that delay could harm the national bank or the public interest, or that other extraordinary circumstances justify waiving the prior notice requirement. The length of any waiver depends on the circumstances in each case. If the OCC grants a waiver, the national bank shall file the required notice within the time period specified in the waiver, and the proposed individual may assume the position on an interim basis until the individual and the national bank receive a notice of disapproval or, if an appeal has been filed, until a notice of disapproval has been upheld on appeal as set forth in paragraph (f) of this section. If the required notice is not filed within the time period specified in the waiver, the proposed individual shall resign his or her position. Thereafter, the individual may assume the position

## § 5.52

## 12 CFR Ch. I (1-1-09 Edition)

on a permanent basis only after the national bank receives a notice of intent not to disapprove, after the review period elapses, or after a notice of disapproval has been overturned on appeal as set forth in paragraph (f) of this section. A waiver does not affect the OCC's authority to issue a notice of disapproval within 30 days of the expiration of such waiver.

(ii) In the case of the election at a meeting of the shareholders of a new director not proposed by management, a waiver is granted automatically and the elected individual may begin service as a director. However, under these circumstances, the national bank shall file the required notice with the appropriate supervisory office as soon as practical, but not later than seven days from the date the individual is notified of the election. The individual's continued service is subject to the conditions specified in paragraph (e)(6)(i) of this section.

(7) *Commencement of service.* An individual proposed as a member of the board of directors or as a senior executive officer may assume the office following the end of the review period, which begins on the technically complete notice date, unless:

(i) The OCC issues a notice of disapproval during the review period; or

(ii) The national bank does not provide additional information within the time period required by the OCC pursuant to paragraph (e)(3) of this section and the OCC deems the notice to be abandoned pursuant to § 5.13(c).

(8) *Exceptions to rules of general applicability.* Sections 5.8, 5.10, 5.11, and 5.13 (a) through (f) do not apply to a notice for a change in directors and senior executive officers.

(f) *Appeal*—(1) If the national bank, the proposed individual, or both, disagree with a disapproval, they may seek review by appealing the disapproval to the Comptroller, or an authorized delegate, within 15 days of the receipt of the notice of disapproval. The national bank or the individual may appeal on the grounds that the reasons for disapproval are contrary to fact or insufficient to justify disapproval. The appellant shall submit all documents and written arguments

that the appellant wishes to be considered in support of the appeal.

(2) The Comptroller, or an authorized delegate, may designate an appellate official who was not previously involved in the decision leading to the appeal at issue. The Comptroller, an authorized delegate, or the appellate official considers all information submitted with the original notice, the material before the OCC official who made the initial decision, and any information submitted by the appellant at the time of the appeal.

(3) The Comptroller, an authorized delegate, or the appellate official shall independently determine whether the reasons given for the disapproval are contrary to fact or insufficient to justify the disapproval. If either is determined to be the case, the Comptroller, an authorized delegate, or the appellate official may reverse the disapproval.

(4) Upon completion of the review, the Comptroller, an authorized delegate, or the appellate official shall notify the appellant in writing of the decision. If the original decision is reversed, the individual may assume the position in the bank for which he or she was proposed.

### § 5.52 Change of address.

(a) *Authority.* 12 U.S.C. 93a, 161, and 481.

(b) *Scope.* This section describes the obligation of a national bank to notify the OCC of any change in its address. However, no notice is required if the change in address results from a transaction approved under this part.

(c) *Notice process.* Any national bank with a change in the address of its main office or in its post office box shall send a written notice to the appropriate district office.

(d) *Exceptions to rules of general applicability.* Sections 5.8, 5.9, 5.10, 5.11, and 5.13 do not apply to changes in a national bank's address.

### § 5.53 Change in asset composition.

(a) *Authority.* 12 U.S.C. 93a, 1818.

(b) *Scope.* This section requires a national bank to obtain the approval of

the OCC before changing the composition of all, or substantially all, of its assets through sales or other dispositions, or, having sold or disposed of all, or substantially all, of its assets, through subsequent purchases or other acquisitions or other expansions of its operations. This section does not apply to a change in composition of all, or substantially all, of a bank's assets that the bank undertakes in response to direction from the OCC (*e.g.*, in an enforcement action pursuant to 12 U.S.C. 1818) or as part of a voluntary liquidation pursuant to 12 U.S.C. 181 and 182 and 12 CFR 5.48, if the liquidating bank has stipulated in its notice of liquidation to the OCC that its liquidation will be completed, the bank dissolved and its charter returned to the OCC within one year of the date it filed this notice, unless the OCC extends the time period. This section does not apply to changes in asset composition that occur as a result of a bank's ordinary and ongoing business of originating and securitizing loans.

(c) *Approval requirement.* (1) A national bank must file an application and obtain the prior written approval of the OCC before changing the composition of all, or substantially all, of its assets (i) through sales or other dispositions, or, (ii) having sold or disposed of all or substantially all of its assets, through subsequent purchases or other acquisitions or other expansions of its operations.

(2) In determining whether to approve an application under paragraph (c)(1) of this section, the OCC will consider the purpose of the transaction, its impact on the safety and soundness of the bank, and any effect on the bank's customers. The OCC may deny the application if the transaction would have a negative effect in any of these respects. The OCC's review of any change in asset composition through purchase or other acquisition or other expansions of its operations under paragraph (c)(1)(ii) of this section will include, in addition to the foregoing factors, the factors governing the organization of a bank under § 5.20.

(d) *Exceptions to Rules of General Applicability.* Sections 5.8, 5.10, and 5.11 do not apply with respect to applications filed pursuant to this section. However,

if the OCC concludes that an application presents significant or novel policy, supervisory, or legal issues, the OCC may determine that some or all of the provisions of §§ 5.8, 5.10, and 5.11 apply.

### Subpart E—Payment of Dividends

#### § 5.60 Authority, scope, and exceptions to rules of general applicability.

(a) *Authority.* 12 U.S.C. 56, 60, and 93a.

(b) *Scope.* Except as otherwise provided, the restrictions in this subpart apply to the declaration and payment of all dividends by a national bank, including dividends paid in property. However, the provisions contained in § 5.64 do not apply to dividends paid in stock of the bank.

(c) *Exceptions to the rules of general applicability.* Sections 5.8, 5.10, and 5.11 do not apply to this subpart.

#### § 5.61 Definitions.

For the purposes of subpart E, the following definitions apply:

(a) *Capital stock, capital surplus, and permanent capital* have the same meaning as set forth in § 5.46.

(b) *Retained net income* means the net income of a specified period less the total amount of all dividends declared in that period.

#### § 5.62 Date of declaration of dividend.

A national bank shall use the date a dividend is declared for the purposes of determining compliance with this subpart.

#### § 5.63 Capital limitation under 12 U.S.C. 56.

(a) *General limitation.* Except as provided by 12 U.S.C. 59 and § 5.46, a national bank may not withdraw, or permit to be withdrawn, either in the form of a dividend or otherwise, any portion of its permanent capital. Further, a national bank may not declare a dividend in excess of undivided profits.

(b) *Preferred stock.* The provisions of 12 U.S.C. 56 do not apply to dividends on preferred stock. However, if the undivided profits of the national bank are not sufficient to cover a proposed dividend on preferred stock, the proposed

## § 5.64

dividend constitutes a reduction in capital subject to 12 U.S.C. 59 and § 5.46.

### § 5.64 Earnings limitation under 12 U.S.C. 60.

(a) *Definitions.* As used in this section, the term “current year” means the calendar year in which a national bank declared, or proposes to declare, a dividend. The term “current year minus one” means the year immediately preceding the current year. The term “current year minus two” means the year that is two years prior to the current year. The term “current year minus three” means the year that is three years prior to the current year. The term “current year minus four” means the year that is four years prior to the current year.

(b) *Dividends from undivided profits.* Subject to 12 U.S.C. 56 and this subpart, the directors of a national bank may declare and pay dividends of so much of the undivided profits as they judge to be expedient.

(c) *Earnings limitations under 12 U.S.C. 60—(1) General rule.* For purposes of 12 U.S.C. 60, unless approved by the OCC in accordance with paragraph (c)(3) of this section, a national bank may not declare a dividend if the total amount of all dividends (common and preferred), including the proposed dividend, declared by the national bank in any current year exceeds the total of the national bank’s net income for the current year to date, combined with its retained net income of current year minus one and current year minus two, less the sum of any transfers required by the OCC and any transfers required to be made to a fund for the retirement of any preferred stock.

(2) *Excess dividends in prior periods.* (i) If in current year minus one or current year minus two the bank declared dividends in excess of that year’s net income, the excess shall not reduce retained net income for the three-year period specified in paragraph (c)(1) of this section, provided that the amount of excess dividends can be offset by retained net income in current year minus three or current year minus four. If the bank declared dividends in excess of net income in current year minus one, the excess is offset by retained net income in current year

## 12 CFR Ch. I (1–1–09 Edition)

minus three and then by retained net income in current year minus two. If the bank declared dividends in excess of net income in current year minus two, the excess is first offset by retained net income in current year minus four and then by retained net income in current year minus three.

(ii) If the bank’s retained net income in current year minus three and current year minus four was insufficient to offset the full amount of the excess dividends declared, as calculated in accordance with paragraph (c)(2)(i) of this section, then the amount that is not offset will reduce the retained net income available to pay dividends in the current year.

(iii) The calculation in paragraph (c)(2) of this section shall apply only to retained net loss that results from dividends declared in excess of a single year’s net income and does not apply to other types of current earnings deficits.

(3) *Prior approval required.* A national bank may declare a dividend in excess of the amount described in paragraph (c) of this section, provided that the dividend is approved by the OCC. A national bank shall submit a request for prior approval of a dividend under 12 U.S.C. 60 to the appropriate district office.

(d) *Surplus surplus.* Any amount in capital surplus in excess of capital stock (referred to as “surplus surplus”) may be transferred to undivided profits and available as dividends, provided:

(1) The bank can demonstrate that the amount came from earnings in prior periods, excluding the effect of any stock dividend; and

(2) The board of directors of the bank approves the transfer of the amount from capital surplus to undivided profits.

[73 FR 22241, Apr. 24, 2008]

### § 5.65 Restrictions on undercapitalized institutions.

Notwithstanding any other provision in this subpart, a national bank may not declare or pay any dividend if, after making the dividend, the national bank would be “undercapitalized” as defined in 12 CFR part 6.

## Comptroller of the Currency, Treasury

## § 5.70

### § 5.66 Dividends payable in property other than cash.

In addition to cash dividends, directors of a national bank may declare dividends payable in property, with the approval of the OCC. Even though the property distributed has been previously charged down or written off entirely, the dividend is equivalent to a cash dividend in an amount equal to the actual current value of the property. Before the dividend is declared, the bank should show the excess of the actual value over book value on the books of the national bank as a recovery, and the dividend should then be declared in the amount of the full book value (equivalent to the actual current value) of the property being distributed.

### § 5.67 Fractional shares.

To avoid complicated recordkeeping in connection with fractional shares, a national bank issuing additional stock by stock dividend, upon consolidation or merger, or otherwise, may adopt arrangements such as the following to preclude the issuance of fractional shares. The bank may:

(a) Issue scripts or warrants for trading;

(b) Make reasonable arrangements to provide those to whom fractional shares would otherwise be issued an opportunity to realize at a fair price upon the fraction not being issued through its sale, or the purchase of the additional fraction required for a full share, if there is an established and active market in the national bank's stock;

(c) Remit the cash equivalent of the fraction not being issued to those to whom fractional shares would otherwise be issued. The cash equivalent is based on the market value of the stock, if there is an established and active market in the national bank's stock. In the absence of such a market, the cash equivalent is based on a reliable and disinterested determination as to the fair market value of the stock if such stock is available; or

(d) Sell full shares representing all the fractions at public auction, or to the highest bidder after having solicited and received sealed bids from at least three licensed stock brokers. The national bank shall distribute the pro-

ceeds of the sale *pro rata* to shareholders who otherwise would be entitled to the fractional shares.

## Subpart F—Federal Branches and Agencies

### § 5.70 Federal branches and agencies.

(a) *Authority.* 12 U.S.C. 93a and 3101 *et seq.*

(b) *Scope.* This subpart describes the filing requirements for corporate activities and transactions involving Federal branches and agencies of foreign banks. Substantive rules and policies for specific applications are contained in 12 CFR part 28.

(c) *Definitions.* For purposes of this subpart:

(1) To *establish* a Federal branch or agency means to:

(i) Open and conduct business through an initial or additional Federal branch or agency;

(ii) Acquire directly, through merger, consolidation, or similar transaction with another foreign bank, the operations of a Federal branch or agency that is open and conducting business;

(iii) Acquire a Federal branch or agency through the acquisition of a foreign bank subsidiary that will cease to operate in the same corporate form following the acquisition;

(iv) Convert a state branch or state agency operated by a foreign bank, or a commercial lending company controlled by a foreign bank, into a Federal branch or agency;

(v) Relocate a Federal branch or agency within a state or from one state to another; or

(vi) Convert a Federal agency or a limited Federal branch into a Federal branch.

(2) *Federal branch* includes a limited Federal branch unless otherwise provided.

(d) *Filing requirements*—(1) *General.* Unless otherwise provided in 12 CFR part 28, a Federal branch or agency shall comply with the applicable requirements of this part.

(2) *Applications.* A foreign bank shall submit an application and obtain prior approval from the OCC before it:

(i) Establishes a Federal branch or agency; or

(ii) Exercises fiduciary powers at a Federal branch. A foreign bank may submit an application to exercise fiduciary powers at the time of filing an application for a Federal branch license or at any subsequent date.

### Subpart A—Capital Categories

#### § 6.1 Authority, purpose, scope, and other supervisory authority.

(a) *Authority.* This part is issued by the Office of the Comptroller of the Currency (OCC) pursuant to section 38 (section 38) of the Federal Deposit Insurance Act (FDI Act) as added by section 131 of the Federal Deposit Insurance Corporation Improvement Act of 1991 (Pub. L. 102-242, 105 Stat. 2236 (1991)) (12 U.S.C. 1831o).

(b) *Purpose.* Section 38 of the FDI Act establishes a framework of supervisory actions for insured depository institutions that are not adequately capitalized. The principal purpose of this subpart is to define, for insured national banks, the capital measures and capital levels, and for insured federal

branches, comparable asset-based measures and levels, that are used for determining the supervisory actions authorized under section 38 of the FDI Act. This part 6 also establishes procedures for submission and review of capital restoration plans and for issuance and review of directives and orders pursuant to section 38.

(c) *Scope.* This subpart implements the provisions of section 38 of the FDI Act as they apply to insured national banks and insured federal branches. Certain of these provisions also apply to officers, directors and employees of these insured institutions. Other provisions apply to any company that controls an insured national bank or insured federal branch and to the affiliates of an insured national bank or insured federal branch.

(d) *Other supervisory authority.* Neither section 38 nor this part in any way limits the authority of the OCC under any other provision of law to take supervisory actions to address unsafe or unsound practices, deficient capital levels, violations of law, unsafe or unsound conditions, or other practices. Action under section 38 of the FDI Act and this part may be taken independently of, in conjunction with, or in addition to any other enforcement action available to the OCC, including issuance of cease and desist orders, capital directives, approval or denial of applications or notices, assessment of civil money penalties, or any other actions authorized by law.

(e) *Disclosure of capital categories.* The assignment of an insured national bank or insured federal branch under this subpart within a particular capital category is for purposes of implementing and applying the provisions of section 38. Unless permitted by the OCC or otherwise required by law, no bank may state in any advertisement or promotional material its capital category under this subpart or that the OCC or any other federal banking agency has assigned the bank to a particular capital category.

#### § 6.2 Definitions.

For purposes of section 38 and this part, the definitions related to capital in part 3 of this chapter shall apply. In addition, except as modified in this

section or unless the context otherwise requires, the terms used in this subpart have the same meanings as set forth in section 38 and section 3 of the FDI Act.

(a) *Bank* means all insured national banks and all insured federal branches, except where otherwise provided in this subpart.

(b)(1) *Control* has the same meaning assigned to it in section 2 of the Bank Holding Company Act (12 U.S.C. 1841), and the term controlled shall be construed consistently with the term control.

(2) *Exclusion for fiduciary ownership.* No insured depository institution or company controls another insured depository institution or company by virtue of its ownership or control of shares in a fiduciary capacity. Shares shall not be deemed to have been acquired in a fiduciary capacity if the acquiring insured depository institution or company has sole discretionary authority to exercise voting rights with respect thereto.

(3) *Exclusion for debts previously contracted.* No insured depository institution or company controls another insured depository institution or company by virtue of its ownership or control of shares acquired in securing or collecting a debt previously contracted in good faith, until two years after the date of acquisition. The two-year period may be extended at the discretion of the appropriate federal banking agency for up to three one-year periods.

(c) *Controlling person* means any person having control of an insured depository institution and any company controlled by that person.

(d) *Leverage ratio* means the ratio of Tier 1 capital to adjusted total assets, as calculated in accordance with the OCC's Minimum Capital Ratios in part 3 of this chapter.

(e) *Management fee* means any payment of money or provision of any other thing of value to a company or individual for the provision of management services or advice to the bank or related overhead expenses, including payments related to supervisory, executive, managerial, or policymaking functions, other than compensation to an individual in the individual's capac-

ity as an officer or employee of the bank.

(f) *Risk-weighted assets* means total risk weighted assets, as calculated in accordance with the OCC's Minimum Capital Ratios in part 3 of this chapter.

(g) *Tangible equity* means the amount of Tier 1 capital elements in the OCC's Risk-Based Capital Guidelines (appendix A to part 3 of this chapter) plus the amount of outstanding cumulative perpetual preferred stock (including related surplus) minus all intangible assets except mortgage servicing assets to the extent permitted in Tier 1 capital under section 2(c)(2) in appendix A to part 3 of this chapter.

(h) *Tier 1 capital* means the amount of Tier 1 capital as defined in the OCC's Minimum Capital Ratios in part 3 of this chapter.

(i) *Tier 1 risk-based capital ratio* means the ratio of Tier 1 capital to risk weighted assets, as calculated in accordance with the OCC's Minimum Capital Ratios in part 3 of this chapter.

(j) *Total assets* means quarterly average total assets as reported in a bank's Consolidated Reports of Condition and Income (Call Report), minus intangible assets as provided in the definition of tangible equity. The OCC reserves the right to require a bank to compute and maintain its capital ratios on the basis of actual, rather than average, total assets when computing tangible equity.

(k) *Total risk-based capital ratio* means the ratio of qualifying total capital to risk-weighted assets, as calculated in accordance with the OCC's Minimum Capital Ratios in part 3 of this chapter.

[57 FR 44891, Sept. 29, 1992, as amended at 60 FR 39229, Aug. 1, 1995; 63 FR 42674, Aug. 10, 1998]

### § 6.3 Notice of capital category.

(a) *Effective date of determination of capital category.* A bank shall be deemed to be within a given capital category for purposes of section 38 of the FDI Act and this part as of the date the bank is notified of, or is deemed to have notice of, its capital category pursuant to paragraph (b) of this section.

(b) *Notice of capital category.* A bank shall be deemed to have been notified of its capital levels and its capital category as of the most recent date:

(1) A Consolidated Report of Condition and Income (Call Report) is required to be filed with the OCC;

(2) A final report of examination is delivered to the bank; or

(3) Written notice is provided by the OCC to the bank of its capital category for purposes of section 38 of the FDI Act and this part or that the bank's capital category has changed as provided in paragraph (c) of this section or §6.1 of this subpart and subpart M of part 19 of this chapter.

(c) *Adjustments to reported capital levels and capital category*—(1) *Notice of adjustment by bank.* A bank shall provide the OCC with written notice that an adjustment to the bank's capital category may have occurred no later than 15 calendar days following the date that any material event has occurred that would cause the bank to be placed in a lower capital category from the category assigned to the bank for purposes of section 38 and this part on the basis of the bank's most recent Call Report or report of examination.

(2) *Determination to change capital category.* After receiving notice pursuant to paragraph (c)(1) of this section, the OCC shall determine whether to change the capital category of the bank and shall notify the bank of the OCC's determination.

#### §6.4 Capital measures and capital category definitions.

(a) *Capital measures.* For purposes of section 38 and this part, the relevant capital measures shall be:

(1) The total risk-based capital ratio;

(2) The Tier 1 risk-based capital ratio;

(3) The leverage ratio.

(b) *Capital categories.* For purposes of the provisions of section 38 and this part, a bank shall be deemed to be:

(1) *Well capitalized* if the bank:

(i) Has a total risk-based capital ratio of 10.0 percent or greater; and

(ii) Has a Tier 1 risk-based capital ratio of 6.0 percent or greater; and

(iii) Has a leverage ratio of 5.0 percent or greater; and

(iv) Is not subject to any written agreement, order or capital directive, or prompt corrective action directive issued by the OCC pursuant to section 8 of the FDI Act, the International

Lending Supervision Act of 1983 (12 U.S.C. 3907), or section 38 of the FDI Act, or any regulation thereunder, to meet and maintain a specific capital level for any capital measure.

(2) *Adequately capitalized* if the bank:

(i) Has a total risk-based capital ratio of 8.0 percent or greater; and

(ii) Has a Tier 1 risk-based capital ratio of 4.0 percent or greater; and

(iii) Has:

(A) A leverage ratio of 4.0 percent or greater; or

(B) A leverage ratio of 3.0 percent or greater if the bank is rated 1 in the most recent examination of the bank; and

(iv) Does not meet the definition of a well capitalized bank.

(3) *Undercapitalized* if the bank:

(i) Has a total risk-based capital ratio that is less than 8.0 percent; or

(ii) Has a Tier 1 risk-based capital ratio that is less than 4.0 percent; or

(iii) (A) Except as provided in paragraph (b)(3)(iii) (B) of this section, has a leverage ratio that is less than 4.0 percent; or

(B) If the bank is rated 1 in the most recent examination of the bank, has a leverage ratio that is less than 3.0 percent.

(4) *Significantly undercapitalized* if the bank has:

(i) A total risk-based capital ratio that is less than 6.0 percent; or

(ii) A Tier 1 risk-based capital ratio that is less than 3.0 percent; or

(iii) A leverage ratio that is less than 3.0 percent.

(5) *Critically undercapitalized* if the bank has a ratio of tangible equity to total assets that is equal to or less than 2.0 percent.

(c) *Capital categories for insured federal branches.* For purposes of the provisions of section 38 of the FDI Act and this part, an insured federal branch shall be deemed to be:

(1) *Well capitalized* if the insured federal branch:

(i) Maintains the pledge of assets required under 12 CFR 347.210; and

(ii) Maintains the eligible assets prescribed under 12 CFR 347.211 at 108 percent or more of the preceding quarter's average book value of the insured branch's third-party liabilities; and

(iii) Has not received written notification from:

(A) The OCC to increase its capital equivalency deposit pursuant to § 28.6(a) of this chapter, or to comply with asset maintenance requirements pursuant to § 28.9 of this chapter; or

(B) The FDIC to pledge additional assets pursuant to 12 CFR 346.19 or to maintain a higher ratio of eligible assets pursuant to 12 CFR 346.20.

(2) *Adequately Capitalized* if the insured federal branch:

(i) Maintains the pledge of assets prescribed under 12 CFR 346.19; and

(ii) Maintains the eligible assets prescribed under 12 CFR 346.20 at 106 percent or more of the preceding quarter's average book value of the insured branch's third-party liabilities; and

(iii) Does not meet the definition of a well capitalized insured federal branch.

(3) *Undercapitalized* if the insured federal branch:

(i) Fails to maintain the pledge of assets required under 12 CFR 346.19; or

(ii) Fails to maintain the eligible assets prescribed under 12 CFR 346.20 at 106 percent or more of the preceding quarter's average book value of the insured branch's third-party liabilities.

(4) *Significantly undercapitalized* if it fails to maintain the eligible assets prescribed under 12 CFR 346.20 at 104 percent or more of the preceding quarter's average book value of the insured federal branch's third-party liabilities.

(5) *Critically undercapitalized* if it fails to maintain the eligible assets prescribed under 12 CFR 346.20 at 102 percent or more of the preceding quarter's average book value of the insured federal branch's third-party liabilities.

(d) *Reclassification based on supervisory criteria other than capital.* The OCC may reclassify a well capitalized bank as adequately capitalized and may require an adequately capitalized or an undercapitalized bank to comply with certain mandatory or discretionary supervisory actions as if the bank were in the next lower capital category (except that the OCC may not reclassify a significantly undercapitalized bank as critically undercapitalized) (each of these actions are hereinafter referred to generally as reclassifications) in the following circumstances:

(1) *Unsafe or unsound condition.* The OCC has determined, after notice and opportunity for hearing pursuant to subpart M of part 19 of this chapter, that the bank is in unsafe or unsound condition; or

(2) *Unsafe or unsound practice.* The OCC has determined, after notice and opportunity for hearing pursuant to subpart M of part 19 of this chapter, that in the most recent examination of the bank, the bank received, and has not corrected a less-than-satisfactory rating for any of the categories of asset quality, management, earnings, or liquidity.

[57 FR 44891, Sept. 29, 1992, as amended at 68 FR 70131, Dec. 17, 2003]

#### § 6.5 Capital restoration plans.

(a) *Schedule for filing plan—(1) In general.* A bank shall file a written capital restoration plan with the OCC within 45 days of the date that the bank receives notice or is deemed to have notice that the bank is undercapitalized, significantly undercapitalized, or critically undercapitalized, unless the OCC notifies the bank in writing that the plan is to be filed within a different period. An adequately capitalized bank that has been required pursuant to § 6.4 and subpart M of part 19 of this chapter to comply with supervisory actions as if the bank were undercapitalized is not required to submit a capital restoration plan solely by virtue of the reclassification.

(2) *Additional capital restoration plans.* Notwithstanding paragraph (a)(1) of this section, a bank that has already submitted and is operating under a capital restoration plan approved under section 38 and this subpart is not required to submit an additional capital restoration plan based on a revised calculation of its capital measures or a reclassification of the institution under § 6.4 and subpart M of part 19 of this chapter unless the OCC notifies the bank that it must submit a new or revised capital plan. A bank that is notified that it must submit a new or revised capital restoration plan shall file the plan in writing with the OCC within 45 days of receiving such notice, unless the OCC notifies the bank in writing that the plan must be filed within a different period.

(b) *Contents of plan.* All financial data submitted in connection with a capital restoration plan shall be prepared in accordance with the instructions provided on the Call Report, unless the OCC instructs otherwise. The capital restoration plan shall include all of the information required to be filed under section 38(e)(2) of the FDI Act. A bank that is required to submit a capital restoration plan as the result of a reclassification of the bank, pursuant to §6.4 and subpart M of part 19 of this chapter, shall include a description of the steps the bank will take to correct the unsafe or unsound condition or practice. No plan shall be accepted unless it includes any performance guarantee described in section 38(e)(2)(C) of that Act by each company that controls the bank.

(c) *Review of capital restoration plans.* Within 60 days after receiving a capital restoration plan under this subpart, the OCC shall provide written notice to the bank of whether the plan has been approved. The OCC may extend the time within which notice regarding approval of a plan shall be provided.

(d) *Disapproval of capital restoration plan.* If a capital restoration plan is not approved by the OCC, the bank shall submit a revised capital restoration plan within the time specified by the OCC. Upon receiving notice that its capital restoration plan has not been approved, any undercapitalized bank (as defined in §6.4) shall be subject to all of the provisions of section 38 and this part applicable to significantly undercapitalized institutions. These provisions shall be applicable until such time as a new or revised capital restoration plan submitted by the bank has been approved by the OCC.

(e) *Failure to submit a capital restoration plan.* A bank that is undercapitalized (as defined in §6.4) and that fails to submit a written capital restoration plan within the period provided in this section shall, upon the expiration of that period, be subject to all of the provisions of section 38 and this part applicable to significantly undercapitalized banks.

(f) *Failure to implement a capital restoration plan.* Any undercapitalized bank that fails, in any material respect, to implement a capital restora-

tion plan shall be subject to all of the provisions of section 38 and this part applicable to significantly undercapitalized banks.

(g) *Amendment of capital restoration plan.* A bank that has submitted an approved capital restoration plan may, after prior written notice to and approval by the OCC, amend the plan to reflect a change in circumstance. Until such time as a proposed amendment has been approved, the bank shall implement the capital restoration plan as approved prior to the proposed amendment.

(h) *Notice to FDIC.* Within 45 days of the effective date of OCC approval of a capital restoration plan, or any amendment to a capital restoration plan, the OCC shall provide a copy of the plan or amendment to the Federal Deposit Insurance Corporation.

(i) *Performance guarantee by companies that control a bank—(1) Limitation on liability—(i) Amount limitation.* The aggregate liability under the guarantee provided under section 38 and this subpart for all companies that control a specific bank that is required to submit a capital restoration plan under this subpart shall be limited to the lesser of:

(A) An amount equal to 5.0 percent of the bank's total assets at the time the bank was notified or deemed to have notice that the bank was undercapitalized; or

(B) The amount necessary to restore the relevant capital measures of the bank to the levels required for the bank to be classified as adequately capitalized, as those capital measures and levels are defined at the time that the bank initially fails to comply with a capital restoration plan under this subpart.

(ii) *Limit on duration.* The guarantee and limit of liability under section 38 and this subpart shall expire after the OCC notifies the bank that it has remained adequately capitalized for each of four consecutive calendar quarters. The expiration or fulfillment by a company of a guarantee of a capital restoration plan shall not limit the liability of the company under any guarantee required or provided in connection with any capital restoration plan

filed by the same bank after expiration of the first guarantee.

(iii) *Collection on guarantee.* Each company that controls a given bank shall be jointly and severally liable for the guarantee for such bank as required under section 38 and this subpart, and the OCC may require payment of the full amount of that guarantee from any or all of the companies issuing the guarantee.

(2) *Failure to provide guarantee.* In the event that a bank that is controlled by any company submits a capital restoration plan that does not contain the guarantee required under section 38(e)(2) of the FDI Act, the bank shall, upon submission of the plan, be subject to the provisions of section 38 and this part that are applicable to banks that have not submitted an acceptable capital restoration plan.

(3) *Failure to perform guarantee.* Failure by any company that controls a bank to perform fully its guarantee of any capital plan shall constitute a material failure to implement the plan for purposes of section 38(f) of the FDI Act. Upon such failure, the bank shall be subject to the provisions of section 38 and this part that are applicable to banks that have failed in a material respect to implement a capital restoration plan.

(j) *Enforcement of capital restoration plan.* The failure of a bank to implement, in any material respect, a capital restoration plan required under section 38 and this section shall subject the bank to the assessment of civil money penalties pursuant to section 8(i)(2)(A) of the FDI Act.

**§ 6.6 Mandatory and discretionary supervisory actions under section 38.**

(a) *Mandatory supervisory actions—(1) Provisions applicable to all banks.* All banks are subject to the restrictions contained in section 38(d) of the FDI Act on payment of capital distributions and management fees.

(2) *Provisions applicable to undercapitalized, significantly undercapitalized, and critically undercapitalized banks.* Immediately upon receiving notice or being deemed to have notice, as provided in § 6.3, that the bank is undercapitalized, significantly undercapitalized, or critically undercapital-

ized, the bank shall become subject to the provisions of section 38 of the FDI Act—

(i) Restricting payment of capital distributions and management fees (section 38(d));

(ii) Requiring that the OCC monitor the condition of the bank (section 38(e)(1));

(iii) Requiring submission of a capital restoration plan within the schedule established in this subpart (section 38(e)(2));

(iv) Restricting the growth of the bank's assets (section 38(e)(3)); and

(v) Requiring prior approval of certain expansion proposals (section 38(e)(4)).

(3) *Additional provisions applicable to significantly undercapitalized, and critically undercapitalized banks.* In addition to the provisions of section 38 of the FDI Act described in paragraph (a)(2) of this section, immediately upon receiving notice or being deemed to have notice, as provided in this subpart, that the bank is significantly undercapitalized, or critically undercapitalized or that the bank is subject to the provisions applicable to institutions that are significantly undercapitalized because it has failed to submit or implement, in any material respect, an acceptable capital restoration plan, the bank shall become subject to the provisions of section 38 of the FDI Act that restrict compensation paid to senior executive officers of the institution (section 38(f)(4)).

(4) *Additional provisions applicable to critically undercapitalized banks.* In addition to the provisions of section 38 of the FDI Act described in paragraphs (a) (2) and (3) of this section, immediately upon receiving notice or being deemed to have notice, as provided in § 6.3, that the bank is critically undercapitalized, the bank shall become subject to the provisions of section 38 of the FDI Act—

(i) Restricting the activities of the bank (section 38(h)(1)); and

(ii) Restricting payments on subordinated debt of the bank (section 38(h)(2)).

(b) *Discretionary supervisory actions.* In taking any action under section 38 that is within the OCC's discretion to take in connection with a bank that is

deemed to be undercapitalized, significantly undercapitalized, or critically undercapitalized, or has been reclassified as undercapitalized or significantly undercapitalized; an officer or director of such bank; or a company that controls such bank, the OCC shall follow the procedures for issuing directives under subpart B of this part and subpart N of part 19 of this chapter, unless otherwise provided in section 38 or this part.

### Subpart B—Directives To Take Prompt Corrective Action

#### § 6.20 Scope.

The rules and procedures set forth in this subpart apply to insured national banks, insured federal branches and senior executive officers and directors of banks that are subject to the provisions of section 38 of the Federal Deposit Insurance Act (section 38) and subpart A of this part.

#### § 6.21 Notice of intent to issue a directive.

(a) *Notice of intent to issue a directive—*

(1) *In general.* The OCC shall provide an undercapitalized, significantly undercapitalized, or critically undercapitalized bank prior written notice of the OCC's intention to issue a directive requiring such bank or company to take actions or to follow proscriptions described in section 38 that are within the OCC's discretion to require or impose under section 38 of the FDI Act, including section 38 (e)(5), (f)(2), (f)(3), or (f)(5). The bank shall have such time to respond to a proposed directive as provided under § 6.22.

(2) *Immediate issuance of final directive.* If the OCC finds it necessary in order to carry out the purposes of section 38 of the FDI Act, the OCC may, without providing the notice prescribed in paragraph (a)(1) of this section, issue a directive requiring a bank immediately to take actions or to follow proscriptions described in section 38 that are within the OCC's discretion to require or impose under section 38 of the FDI Act, including section 38 (e)(5), (f)(2), (f)(3), or (f)(5). A bank that is subject to such an immediately effective directive may submit a written appeal of the directive to the OCC. Such

an appeal must be received by the OCC within 14 calendar days of the issuance of the directive, unless the OCC permits a longer period. The OCC shall consider any such appeal, if filed in a timely matter, within 60 days of receiving the appeal. During such period of review, the directive shall remain in effect unless the OCC, in its sole discretion, stays the effectiveness of the directive.

(b) *Contents of notice.* A notice of intention to issue a directive shall include:

(1) A statement of the bank's capital measures and capital levels;

(2) A description of the restrictions, prohibitions or affirmative actions that the OCC proposes to impose or require;

(3) The proposed date when such restrictions or prohibitions would be effective or the proposed date for completion of such affirmative actions; and

(4) The date by which the bank subject to the directive may file with the OCC a written response to the notice.

#### § 6.22 Response to notice.

(a) *Time for response.* A bank may file a written response to a notice of intent to issue a directive within the time period set by the OCC. The date shall be at least 14 calendar days from the date of the notice unless the OCC determines that a shorter period is appropriate in light of the financial condition of the bank or other relevant circumstances.

(b) *Content of response.* The response should include:

(1) An explanation why the action proposed by the OCC is not an appropriate exercise of discretion under section 38;

(2) Any recommended modification of the proposed directive; and

(3) Any other relevant information, mitigating circumstances, documentation, or other evidence in support of the position of the bank regarding the proposed directive.

(c) *Failure to file response.* Failure by a bank to file with the OCC, within the specified time period, a written response to a proposed directive shall constitute a waiver of the opportunity to respond and shall constitute consent to the issuance of the directive.

**§ 6.23 Decision and issuance of a prompt corrective action directive.**

(a) *OCC consideration of response.* After considering the response, the OCC may:

- (1) Issue the directive as proposed or in modified form;
- (2) Determine not to issue the directive and so notify the bank; or
- (3) Seek additional information or clarification of the response from the bank, or any other relevant source.

(b) [Reserved]

**§ 6.24 Request for modification or rescission of directive.**

Any bank that is subject to a directive under this subpart may, upon a change in circumstances, request in writing that the OCC reconsider the terms of the directive, and may propose that the directive be rescinded or modified. Unless otherwise ordered by the OCC, the directive shall continue in place while such request is pending before the OCC.

**§ 6.25 Enforcement of directive.**

(a) *Judicial remedies.* Whenever a bank fails to comply with a directive issued under section 38, the OCC may seek enforcement of the directive in the appropriate United States district court pursuant to section 8(i)(1) of the FDI Act.

(b) *Administrative remedies.* Pursuant to section 8(i)(2)(A) of the FDI Act, the OCC may assess a civil money penalty against any bank that violates or otherwise fails to comply with any final directive issued under section 38 and against any institution-affiliated party who participates in such violation or noncompliance.

(c) *Other enforcement action.* In addition to the actions described in paragraphs (a) and (b) of this section, the OCC may seek enforcement of the provisions of section 38 or this part through any other judicial or administrative proceeding authorized by law.

## 12 CFR Ch. I (1–1–09 Edition)

### Subpart A—Bank Powers

#### § 7.1000 National bank ownership of property.

(a) *Investment in real estate necessary for the transaction of business*—(1) *General*. Under 12 U.S.C. 29(First), a national bank may invest in real estate that is necessary for the transaction of its business.

(2) *Type of real estate*. For purposes of 12 U.S.C. 29(First), this real estate includes:

(i) Premises that are owned and occupied (or to be occupied, if under construction) by the bank, its branches, or its consolidated subsidiaries;

(ii) Real estate acquired and intended, in good faith, for use in future expansion;

(iii) Parking facilities that are used by customers or employees of the bank, its branches, and its consolidated subsidiaries;

(iv) Residential property for the use of bank officers or employees who are:

(A) Located in remote areas where suitable housing at a reasonable price is not readily available; or

(B) Temporarily assigned to a foreign country, including foreign nationals temporarily assigned to the United States; and

(v) Property for the use of bank officers, employees, or customers, or for the temporary lodging of such persons in areas where suitable commercial lodging is not readily available, provided that the purchase and operation of the property qualifies as a deductible business expense for Federal tax purposes.

(3) *Permissible means of holding*. A national bank may acquire and hold real estate under this paragraph (a) by any reasonable and prudent means, including ownership in fee, a leasehold estate, or in an interest in a cooperative. The bank may hold this real estate directly or through one or more subsidiaries. The bank may organize a bank premises subsidiary as a corporation, partnership, or similar entity (*e.g.*, a limited liability company).

(b) *Fixed assets*. A national bank may own fixed assets necessary for the transaction of its business, such as fixtures, furniture, and data processing equipment.

(c) *Investment in bank premises*—(1) *Investment limitation; approval.* 12 U.S.C. 371d governs when OCC approval is required for national bank investment in bank premises. A bank may seek approval from the OCC in accordance with the procedures set forth in 12 CFR 5.37.

(2) *Option to purchase.* An unexercised option to purchase bank premises or stock in a corporation holding bank premises is not an investment in bank premises. A national bank must receive OCC approval to exercise the option if the price of the option and the bank's other investments in bank premises exceed the amount of the bank's capital stock.

(d) *Other real property*—(1) *Lease financing of public facilities.* A national bank may purchase or construct a municipal building, school building, or other similar public facility and, as holder of legal title, lease the facility to a municipality or other public authority having resources sufficient to make all rental payments as they become due. The lease agreement must provide that the lessee will become the owner of the building or facility upon the expiration of the lease.

(2) *Purchase of employee's residence.* To facilitate the efficient use of bank personnel, a national bank may purchase the residence of an employee who has been transferred to another area in order to spare the employee a loss in the prevailing real estate market. The bank must arrange for early divestment of title to such property.

**§ 7.1001 National bank acting as general insurance agent.**

Pursuant to 12 U.S.C. 92, a national bank may act as an agent for any fire, life, or other insurance company in any place the population of which does not exceed 5,000 inhabitants. This provision is applicable to any office of a national bank when the office is located in a community having a population of less than 5,000, even though the principal office of such bank is located in a community whose population exceeds 5,000.

**§ 7.1002 National bank acting as finder.**

(a) *General.* It is part of the business of banking under 12 U.S.C. 24(Seventh) for a national bank to act as a finder, bringing together interested parties to a transaction.

(b) *Permissible finder activities.* A national bank that acts as a finder may identify potential parties, make inquiries as to interest, introduce or arrange contacts or meetings of interested parties, act as an intermediary between interested parties, and otherwise bring parties together for a transaction that the parties themselves negotiate and consummate. The following list provides examples of permissible finder activities. This list is illustrative and not exclusive; the OCC may determine that other activities are permissible pursuant to a national bank's authority to act as a finder.

(1) Communicating information about providers of products and services, and proposed offering prices and terms to potential markets for these products and services;

(2) Communicating to the seller an offer to purchase or a request for information, including forwarding completed applications, application fees, and requests for information to third-party providers;

(3) Arranging for third-party providers to offer reduced rates to those customers referred by the bank;

(4) Providing administrative, clerical, and record keeping functions related to the bank's finder activity, including retaining copies of documents, instructing and assisting individuals in the completion of documents, scheduling sales calls on behalf of sellers, and conducting market research to identify potential new customers for retailers;

(5) Conveying between interested parties expressions of interest, bids, offers, orders, and confirmations relating to a transaction;

(6) Conveying other types of information between potential buyers, sellers, and other interested parties; and

(7) Establishing rules of general applicability governing the use and operation of the finder service, including rules that:

## § 7.1003

(i) Govern the submission of bids and offers by buyers, sellers, and other interested parties that use the finder service and the circumstances under which the finder service will pair bids and offers submitted by buyers, sellers, and other interested parties; and

(ii) Govern the manner in which buyers, sellers, and other interested parties may bind themselves to the terms of a specific transaction.

(c) *Limitation.* The authority to act as a finder does not enable a national bank to engage in brokerage activities that have not been found to be permissible for national banks.

(d) *Advertisement and fee.* Unless otherwise prohibited by Federal law, a national bank may advertise the availability of, and accept a fee for, the services provided pursuant to this section.

[67 FR 35004, May 17, 2002]

## § 7.1003 Money lent at banking offices or at other than banking offices.

(a) *General.* For purposes of what constitutes a branch within the meaning of 12 U.S.C. 36(j) and 12 CFR 5.30, “money” is deemed to be “lent” only at the place, if any, where the borrower in-person receives loan proceeds directly from bank funds:

(1) From the lending bank or its operating subsidiary; or

(2) At a facility that is established by the lending bank or its operating subsidiary.

(b) *Receipt of bank funds representing loan proceeds.* Loan proceeds directly from bank funds may be received by a borrower in person at a place that is not the bank’s main office and is not licensed as a branch without violating 12 U.S.C. 36, 12 U.S.C. 81 and 12 CFR 5.30, provided that a third party is used to deliver the funds and the place is not established by the lending bank or its operating subsidiary. A third party includes a person who satisfies the requirements of § 7.1012(c)(2), or one who customarily delivers loan proceeds directly from bank funds under accepted industry practice, such as an attorney or escrow agent at a real estate closing.

## 12 CFR Ch. I (1–1–09 Edition)

### § 7.1004 Loans originating at other than banking offices.

(a) *General.* A national bank may use the services of, and compensate persons not employed by, the bank for originating loans.

(b) *Approval.* An employee or agent of a national bank or of its operating subsidiary may originate a loan at a site other than the main office or a branch office of the bank. This action does not violate 12 U.S.C. 36 and 12 U.S.C. 81 if the loan is approved and made at the main office or a branch office of the bank or at an office of the operating subsidiary located on the premises of, or contiguous to, the main office or branch office of the bank.

### § 7.1005 Credit decisions at other than banking offices.

A national bank and its operating subsidiary may make a credit decision regarding a loan application at a site other than the main office or a branch office of the bank without violating 12 U.S.C. 36 and 12 U.S.C. 81, provided that “money” is not deemed to be “lent” at those other sites within the meaning of § 7.1003.

### § 7.1006 Loan agreement providing for a share in profits, income, or earnings or for stock warrants.

A national bank may take as consideration for a loan a share in the profit, income, or earnings from a business enterprise of a borrower. A national bank also may take as consideration for a loan a stock warrant issued by a business enterprise of a borrower, provided that the bank does not exercise the warrant. The share or stock warrant may be taken in addition to, or in lieu of, interest. The borrower’s obligation to repay principal, however, may not be conditioned upon the value of the profit, income, or earnings of the business enterprise or upon the value of the warrant received.

### § 7.1007 Acceptances.

A national bank is not limited in the character of acceptances it may make in financing credit transactions. Bankers’ acceptances may be used for such purpose, since the making of acceptances is an essential part of banking authorized by 12 U.S.C. 24.

## Comptroller of the Currency, Treasury

## §7.1012

### §7.1008 Preparing income tax returns for customers or public.

A national bank may assist its customers in preparing their tax returns, either gratuitously or for a fee.

[68 FR 70131, Dec. 17, 2003]

### §7.1009 National bank holding collateral stock as nominee.

A national bank that accepts stock as collateral for a loan may have such stock transferred to the bank's name as nominee.

### §7.1010 Postal service by national bank.

(a) *General.* A national bank may maintain and operate a postal substation on banking premises and receive income from it. The services performed by the substation are those permitted under applicable rules of the United States Postal Service and may include meter stamping of letters and packages, and the sale of related insurance. The bank may advertise, develop, and extend the services of the substation for the purpose of attracting customers to the bank.

(b) *Postal regulations.* A national bank operating a postal substation shall do so in accordance with the rules and regulations of the United States Postal Service. The national bank shall keep the books and records of the substation separate from those of other banking operations. Under 39 U.S.C. 404 and any regulations issued pursuant thereto, the United States Postal Service may inspect the books and records of the substation.

### §7.1011 National bank acting as payroll issuer.

A national bank may disburse to an employee of a customer payroll funds deposited with the bank by that customer. The bank may disburse those funds by direct payment to the employee, by crediting an account in the employee's name at the disbursing bank, or by forwarding funds to another institution in which an employee maintains an account.

### §7.1012 Messenger service.

(a) *Definition.* For purposes of this section, a "messenger service" means

any service, such as a courier service or armored car service, used by a national bank and its customers to pick up from, and deliver to, specific customers at locations such as their homes or offices, items relating to transactions between the bank and those customers.

(b) *Pick-up and delivery of items constituting nonbranching activities.* Pursuant to 12 U.S.C. 24 (Seventh), a national bank may establish and operate a messenger service, or use, with its customers, a third party messenger service. The bank may use the messenger service to transport items relevant to the bank's transactions with its customers without regard to the branching limitations set forth in 12 U.S.C. 36, provided the service does not engage in branching functions within the meaning of 12 U.S.C. 36(j). In establishing or using such a facility, the national bank may establish terms, conditions, and limitations consistent with this section and appropriate to assure compliance with safe and sound banking practices.

(c) *Pick-up and delivery of items constituting branching functions by a messenger service established by a third party.* (1) Pursuant to 12 U.S.C. 24 (Seventh), a national bank and its customers may use a messenger service to pick up from, and deliver to customers items that relate to branching functions within the meaning of 12 U.S.C. 36, provided the messenger service is established and operated by a third party. In using such a facility, a national bank may establish terms, conditions, and limitations, consistent with this section and appropriate to assure compliance with safe and sound banking practices.

(2) The OCC reviews whether a messenger service is established by a third party on a case-by-case basis, considering all of the circumstances. However, a messenger service is clearly established by a third party if:

(i) A party other than the national bank owns or rents the messenger service and its facilities and employs the persons who provide the service;

(ii)(A) The messenger service retains the discretion to determine in its own business judgment which customers and geographic areas it will serve; or

## §7.1014

(B) If the messenger service and the bank are under common ownership or control, the messenger service actually provides its services to the general public, including other depository institutions, and retains the discretion to determine in its own business judgment which customers and geographic areas it will serve;

(iii) The messenger service maintains ultimate responsibility for scheduling, movement, and routing;

(iv) The messenger service does not operate under the name of the bank, and the bank and the messenger service do not advertise, or otherwise represent, that the bank itself is providing the service, although the bank may advertise that its customers may use one or more third party messenger services to transact business with the bank;

(v) The messenger service assumes responsibility for the items during transit and for maintaining adequate insurance covering thefts, employee fidelity, and other in-transit losses; and

(vi) The messenger service acts as the agent for the customer when the items are in transit. The bank deems items intended for deposit to be deposited when credited to the customer's account at the bank's main office, one of its branches, or another permissible facility, such as a back office facility that is not a branch. The bank deems items representing withdrawals to be paid when the items are given to the messenger service.

(3) A national bank may defray all or part of the costs incurred by a customer in transporting items through a messenger service. Payment of those costs may only cover expenses associated with each transaction involving the customer and the messenger service. The national bank may impose terms, conditions, and limitations that it deems appropriate with respect to the payment of such costs.

(d) *Pickup and delivery of items pertaining to branching activities where the messenger service is established by the national bank.* A national bank may establish and operate a messenger service to transport items relevant to the bank's transactions with its customers if such transactions constitute one or more branching functions within the meaning of 12 U.S.C. 36(j), provided the

### §7.1014 Sale of money orders at non-banking outlets.

A national bank may designate bonded agents to sell the bank's money orders at nonbanking outlets. The responsibility of both the bank and its agent should be defined in a written agreement setting forth the duties of both parties and providing for remuneration of the agent. The bank's agents need not report on sales and transmit funds from the nonbanking outlets more frequently than at the end of the third business day following receipt of the funds.

### §7.1015 Receipt of stock from a small business investment company.

A national bank may purchase the stock of a small business investment company (SBIC) (*see* 15 U.S.C. 682(b)), and may receive the benefits of such stock ownership (*e.g.*, stock dividends). The receipt and retention of a dividend by a national bank from an SBIC in the form of stock of a corporate borrower of the SBIC is not a purchase of stock within the meaning of 12 U.S.C. 24 (Seventh).

### §7.1016 Independent undertakings to pay against documents.

(a) *General authority.* A national bank may issue and commit to issue letters of credit and other independent undertakings within the scope of the applicable laws or rules of practice recognized by law.<sup>1</sup> Under such letters of credit

<sup>1</sup>Examples of such laws or rules of practice include: The applicable version of Article 5 of the Uniform Commercial Code (UCC) (1962, as amended 1990) or revised Article 5 of the UCC (as amended 1995) (available from West Publishing Co., 1/800/328-4880); the Uniform Customs and Practice for Documentary Credits (International Chamber of Commerce (ICC) Publication No. 600 or any applicable prior version) (available from ICC Publishing, Inc., 212/206-1150; <http://www.iccwbo.org>); the Supplements to UCP 500 & 600 for Electronic Presentation (eUCP v. 1.0 & 1.1) (Supplements to the Uniform Customs and Practices for Documentary Credits for Electronic Presentation) (available from ICC Publishing, Inc., 212/206-1150; <http://www.iccwbo.org>).

and other independent undertakings, the bank's obligation to honor depends upon the presentation of specified documents and not upon nondocumentary conditions or resolution of questions of fact or law at issue between the applicant and the beneficiary. A national bank may also confirm or otherwise undertake to honor or purchase specified documents upon their presentation under another person's independent undertaking within the scope of such laws or rules.

(b) *Safety and soundness considerations*—(1) *Terms*. As a matter of safe and sound banking practice, banks that issue independent undertakings should not be exposed to undue risk. At a minimum, banks should consider the following:

(i) The independent character of the undertaking should be apparent from its terms (such as terms that subject it to laws or rules providing for its independent character);

(ii) The undertaking should be limited in amount;

(iii) The undertaking should:

(A) Be limited in duration; or

(B) Permit the bank to terminate the undertaking either on a periodic basis (consistent with the bank's ability to make any necessary credit assessments) or at will upon either notice or payment to the beneficiary; or

(C) Entitle the bank to cash collateral from the applicant on demand (with a right to accelerate the applicant's obligations, as appropriate); and

(iv) The bank either should be fully collateralized or have a post-honor right of reimbursement from the applicant or from another issuer of an independent undertaking. Alternatively, if

General Assembly in 1995 and signed by the U.S. in 1997) (available from the U.N. Commission on International Trade Law, 212/963-5353); and the Uniform Rules for Bank-to-Bank Reimbursements Under Documentary Credits (ICC Publication No. 525) (available from ICC Publishing, Inc., 212/206-1150; <http://www.iccwbo.org>); as any of the foregoing may be amended from time to time.

the bank's undertaking is to purchase documents of title, securities, or other valuable documents, the bank should obtain a first priority right to realize on the documents if the bank is not otherwise to be reimbursed.

(2) *Additional considerations in special circumstances*. Certain undertakings require particular protections against credit, operational, and market risk:

(i) In the event that the undertaking is to honor by delivery of an item of value other than money, the bank should ensure that market fluctuations that affect the value of the item will not cause the bank to assume undue market risk;

(ii) In the event that the undertaking provides for automatic renewal, the terms for renewal should be consistent with the bank's ability to make any necessary credit assessments prior to renewal;

(iii) In the event that a bank issues an undertaking for its own account, the underlying transaction for which it is issued must be within the bank's authority and comply with any safety and soundness requirements applicable to that transaction.

(3) *Operational expertise*. The bank should possess operational expertise that is commensurate with the sophistication of its independent undertaking activities.

(4) *Documentation*. The bank must accurately reflect the bank's undertakings in its records, including any acceptance or deferred payment or other absolute obligation arising out of its contingent undertaking.

(c) *Coverage*. An independent undertaking within the meaning of this section is not subject to the provisions of § 7.1017.

and of its corporate instrumentalities in foreign countries), if:

(1) The bank has a substantial interest in the performance of the transaction involved (for example, a bank, as fiduciary, has a sufficient interest in the faithful performance by a cofiduciary of its duties to act as surety on the bond of such cofiduciary); or

(2) The transaction is for the benefit of a customer and the bank obtains from the customer a segregated deposit that is sufficient in amount to cover the bank's total potential liability. A segregated deposit under this section includes collateral:

(i) In which the bank has perfected its security interest (for example, if the collateral is a printed security, the bank must have obtained physical control of the security, and, if the collateral is a book entry security, the bank must have properly recorded its security interest); and

(ii) That has a market value, at the close of each business day, equal to the bank's total potential liability and is composed of:

(A) Cash;

(B) Obligations of the United States or its agencies;

(C) Obligations fully guaranteed by the United States or its agencies as to principal and interest; or

(D) Notes, drafts, or bills of exchange or bankers' acceptances that are eligible for rediscount or purchase by a Federal Reserve Bank; or

(iii) That has a market value, at the close of each business day, equal to 110 percent of the bank's total potential liability and is composed of obligations of a State or political subdivision of a State.

(b) In addition to paragraph (a) of this section, a national bank may guarantee obligations of a customer, subsidiary or affiliate that are financial in character, provided the amount of the bank's financial obligation is reasonably ascertainable and otherwise consistent with applicable law.

tors, adopt an automatic payment plan under which a savings account will earn dividends at the current rate paid on regular savings accounts. The depositor, upon reaching a previously designated age, receives his or her accumulated savings and earned interest in installments of equal amounts over a specified period.

### §7.1020 Purchase of open accounts.

(a) *General.* The purchase of open accounts is a part of the business of banking and within the power of a national bank.

(b) *Export transactions.* A national bank may purchase open accounts in connection with export transactions; the accounts should be protected by insurance such as that provided by the Foreign Credit Insurance Association and the Export-Import Bank.

### §7.1021 National bank participation in financial literacy programs.

A national bank may participate in a financial literacy program on the premises of, or at a facility used by, a school. The school premises or facility will not be considered a branch of the bank if:

(a) The bank does not establish and operate the school premises or facility on which the financial literacy program is conducted; and

(b) The principal purpose of the financial literacy program is educational. For example, a program is educational if it is designed to teach students the principles of personal economics or the benefits of saving for the future, and is not designed for the purpose of profit-making.

(b) *Other sources of guidance.* To the extent not inconsistent with applicable

## § 7.2005

Federal banking statutes or regulations, or bank safety and soundness, a national bank may elect to follow the corporate governance procedures of the law of the state in which the main office of the bank is located, the law of the state in which the holding company of the bank is incorporated, the Delaware General Corporation Law, Del. Code Ann. tit. 8 (1991, as amended 1994, and as amended thereafter), or the Model Business Corporation Act (1984, as amended 1994, and as amended thereafter). A national bank shall designate in its bylaws the body of law selected for its corporate governance procedures.

(c) *No-objection procedures.* The OCC also considers requests for its staff's position on the ability of a national bank to engage in a particular corporate governance procedure in accordance with the no-objection procedures set forth in Banking Circular 205 or any subsequently published agency procedures.<sup>2</sup> Requests should demonstrate how the proposed practice is not inconsistent with applicable Federal statutes or regulations, and is consistent with safe and sound banking practices.

### § 7.2001 Notice of shareholders' meetings.

A national bank must mail shareholders notice of the time, place, and purpose of all shareholders' meetings at least 10 days prior to the meeting by first class mail, unless the OCC determines that an emergency circumstance exists. Where a national bank is a wholly-owned subsidiary, the sole shareholder is permitted to waive notice of the shareholder's meeting. The articles of association, bylaws, or law applicable to a national bank may require a longer period of notice.

### § 7.2002 Director or attorney as proxy.

Any person or group of persons, except the bank's officers, clerks, tellers, or bookkeepers, may be designated to act as proxy. The bank's directors or attorneys may act as proxy if they are

not also employed as an officer, clerk, teller or bookkeeper of the bank.

### § 7.2003 Annual meeting for election of directors.

When the day fixed for the regular annual meeting of the shareholders falls on a legal holiday in the state in which the bank is located, the shareholders' meeting shall be held, and the directors elected, on the next following banking day.

### § 7.2004 Honorary directors or advisory boards.

A national bank may appoint honorary or advisory members of a board of directors to act in advisory capacities without voting power or power of final decision in matters concerning the business of the bank. Any listing of honorary or advisory directors must distinguish between them and the bank's board of directors or indicate their advisory status.

### § 7.2005 Ownership of stock necessary to qualify as director.

(a) *General.* A national bank director must own a qualifying equity interest in a national bank or a company that has control of a national bank. The director must own the qualifying equity interest in his or her own right and meet a certain minimum threshold ownership.

(b) *Qualifying equity interest*—(1) *Minimum required equity interest.* For purposes of this section, a qualifying equity interest includes common or preferred stock of the bank or of a company that controls the bank that has not less than an aggregate par value of \$1,000, an aggregate shareholders' equity of \$1,000, or an aggregate fair market value of \$1,000.

(i) The value of the common or preferred stock held by a national bank director is valued as of the date purchased or the date on which the individual became a director, whichever value is greater.

(ii) In the case of a company that owns more than one national bank, a director may use his or her equity interest in the controlling company to satisfy, in whole or in part, the equity interest requirement for any or all of the controlled national banks.

<sup>2</sup> Available upon request from the OCC Communications Division, 250 E Street, SW., Washington, DC 20219, (202) 874-4700.

(iii) Upon request, the OCC may consider whether other interests in a company controlling a national bank constitute an interest equivalent to \$1,000 par value of national bank stock.

(2) *Joint ownership and tenancy in common.* Shares held jointly or as a tenant in common are qualifying shares held by a director in his or her own right only to the extent of the aggregate value of the shares which the director would be entitled to receive on dissolution of the joint tenancy or tenancy in common.

(3) *Shares in a living trust.* Shares deposited by a person in a living trust (inter vivos trust) as to which the person is a trustee and retains an absolute power of revocation are shares owned by the person in his or her own right.

(4) *Other arrangements—(i) Shares held through retirement plans and similar arrangements.* A director may hold his or her qualifying interest through a profit-sharing plan, individual retirement account, retirement plan, or similar arrangement, if the director retains beneficial ownership and legal control over the shares.

(ii) *Shares held subject to buyback agreements.* A director may acquire and hold his or her qualifying interest pursuant to a stock repurchase or buyback agreement with a transferring shareholder under which the director purchases the qualifying shares subject to an agreement that the transferring shareholder will repurchase the shares when, for any reason, the director ceases to serve in that capacity. The agreement may give the transferring shareholder a right of first refusal to repurchase the qualifying shares if the director seeks to transfer ownership of the shares to a third person.

(iii) *Assignment of right to dividends or distributions.* A director may assign the right to receive all dividends or distributions on his or her qualifying shares to another, including a transferring shareholder, if the director retains beneficial ownership and legal control over the shares.

(iv) *Execution of proxy.* A director may execute a revocable or irrevocable proxy authorizing another, including a transferring shareholder, to vote his or her qualifying shares, provided the di-

rector retains beneficial ownership and legal control over the shares.

(c) *Non-qualifying ownership.* The following are not shares held by a director in his or her own right:

(1) Shares pledged by the holder to secure a loan. However, all or part of the funds used to purchase the required qualifying equity interest may be borrowed from any party, including the bank or its affiliates;

(2) Shares purchased subject to an absolute option vested in the seller to repurchase the shares within a specified period; and

(3) Shares deposited in a voting trust where the depositor surrenders:

(i) Legal ownership (depositor ceases to be registered owner of the stock);

(ii) Power to vote the stock or to direct how it shall be voted; or

(iii) Power to transfer legal title to the stock.

#### § 7.2006 Cumulative voting in election of directors.

When electing directors, a shareholder shall have as many votes as the number of directors to be elected multiplied by the number of the shareholder's shares. If permitted by the national bank's articles of association, the shareholder may cast all these votes for one candidate or distribute the votes among as many candidates as the shareholder chooses. If, after the first ballot, subsequent ballots are necessary to elect directors, a shareholder may not vote shares that he or she has already fully cumulated and voted in favor of a successful candidate.

[61 FR 4862, Feb. 9, 1996, as amended at 73 FR 22241, Apr. 24, 2008]

#### § 7.2007 Filling vacancies and increasing board of directors other than by shareholder action.

(a) *Increasing board of directors.* If authorized by the bank's articles of association, between shareholder meetings a majority of the board of directors may increase the number of the bank's directors within the limits specified in 12 U.S.C. 71a. The board of directors may increase the number of directors only by up to two directors, when the number of directors last elected by

shareholders was 15 or fewer, and by up to four directors, when the number of directors last elected by shareholders was 16 or more.

(b) *Vacancies*. If a vacancy occurs on the board of directors, including a vacancy resulting from an increase in the number of directors, the vacancy may be filled by the shareholders, a majority of the board of directors remaining in office, or, if the directors remaining in office constitute fewer than a quorum, by an affirmative vote of a majority of all the directors remaining in office.

#### § 7.2008 Oath of directors.

(a) *Administration of the oath*. A notary public, including one who is a director but not an officer of the national bank, may administer the oath of directors. Any person, other than an officer of the bank, having an official seal and authorized by the state to administer oaths, may also administer the oath.

(b) *Execution of the oath*. Each director attending the organization meeting shall execute either a joint or individual oath. A director not attending the organization meeting (the first meeting after the election of the directors) shall execute the individual oath. A director shall take another oath upon re-election, notwithstanding uninterrupted service. Appropriate sample oaths are located in the "Comptroller's Corporate Manual".

(c) *Filing and recordkeeping*. A national bank must file the original executed oaths of directors with the OCC and retain a copy in the bank's records in accordance with the Comptroller's Corporate Manual filing and recordkeeping instructions for executed oaths of directors.

[61 FR 4862, Feb. 9, 1996, as amended at 64 FR 60099, Nov. 4, 1999]

#### § 7.2009 Quorum of the board of directors; proxies not permissible.

A national bank shall provide in its articles of association or bylaws that for the transaction of business, a quorum of the board of directors is at least a majority of the entire board then in office. A national bank director may not vote by proxy.

#### § 7.2010 Directors' responsibilities.

The business and affairs of the bank shall be managed by or under the direction of the board of directors. The board of directors should refer to OCC published guidance for additional information regarding responsibilities of directors.

#### § 7.2011 Compensation plans.

Consistent with safe and sound banking practices and the compensation provisions of 12 CFR part 30, a national bank may adopt compensation plans, including, among others, the following:

(a) *Bonus and profit-sharing plans*. A national bank may adopt a bonus or profit-sharing plan designed to ensure adequate remuneration of bank officers and employees.

(b) *Pension plans*. A national bank may provide employee pension plans and make reasonable contributions to the cost of the pension plan.

(c) *Employee stock option and stock purchase plans*. A national bank may provide employee stock option and stock purchase plans.

#### § 7.2012 President as director; chief executive officer.

Pursuant to 12 U.S.C. 76, the president of a national bank must be a member of the board of directors, but a director other than the president may be elected chairman of the board. A person other than the president may serve as chief executive officer, and this person is not required to be a director of the bank.

#### § 7.2013 Fidelity bonds covering officers and employees.

(a) *Adequate coverage*. All officers and employees of a national bank must have adequate fidelity coverage. The failure of directors to require bonds with adequate sureties and in sufficient amount may make the directors liable for any losses that the bank sustains because of the absence of such bonds. Directors should not serve as sureties on such bonds.

(b) *Factors*. The board of directors should determine the amount of such coverage, premised upon a consideration of factors, including:

(1) Internal auditing safeguards employed;

## §7.2014

- (2) Number of employees;
- (3) Amount of deposit liabilities; and
- (4) Amount of cash and securities normally held by the bank.

### §7.2014 Indemnification of institution-affiliated parties.

(a) *Administrative proceedings or civil actions initiated by Federal banking agencies.* A national bank may only make or agree to make indemnification payments to an institution-affiliated party with respect to an administrative proceeding or civil action initiated by any Federal banking agency, that are reasonable and consistent with the requirements of 12 U.S.C. 1828(k) and the implementing regulations thereunder. The term “institution-affiliated party” has the same meaning as set forth at 12 U.S.C. 1813(u).

(b) *Administrative proceeding or civil actions not initiated by a Federal banking agency—(1) General.* In cases involving an administrative proceeding or civil action not initiated by a Federal banking agency, a national bank may indemnify an institution-affiliated party for damages and expenses, including the advancement of expenses and legal fees, in accordance with the law of the state in which the main office of the bank is located, the law of the state in which the bank’s holding company is incorporated, or the relevant provisions of the Model Business Corporation Act (1984, as amended 1994, and as amended thereafter), or Delaware General Corporation Law, Del. Code Ann. tit. 8 (1991, as amended 1994, and as amended thereafter), provided such payments are consistent with safe and sound banking practices. A national bank shall designate in its bylaws the body of law selected for making indemnification payments under this paragraph.

(2) *Insurance premiums.* A national bank may provide for the payment of reasonable premiums for insurance covering the expenses, legal fees, and liability of institution-affiliated parties to the extent that the expenses, fees, or liability could be indemnified under paragraph (b)(1) of this section.

### §7.2015 Cashier.

A national bank’s bylaws, board of directors, or a duly designated officer may assign some or all of the duties previously performed by the bank’s cashier to its president, chief executive officer, or any other officer.

### §7.2016 Restricting transfer of stock and record dates.

(a) *Conditions for stock transfer.* Under 12 U.S.C. 52, a national bank may impose conditions upon the transfer of its stock reasonably calculated to simplify the work of the bank with respect to stock transfers, voting at shareholders’ meetings, and related matters and to protect it against fraudulent transfers.

(b) *Record dates.* A national bank may close its stock records for a reasonable period to ascertain shareholders for voting purposes. The board of directors may fix a record date for determining the shareholders entitled to notice of, and to vote at, any meeting of shareholders. The record date should be in reasonable proximity to the date that notice is given to the shareholders of the meeting.

### §7.2017 Facsimile signatures on bank stock certificates.

The president and cashier, or other officers authorized by the bank’s bylaws, shall sign each national bank stock certificate. The signatures may be manual or facsimile, including electronic means of signature. Each certificate must be sealed with the seal of the association.

## § 7.2024

(2) To pledge such shares at the request of the bank when necessary to prevent loss; and

(3) To leave such shares in the bank's custody.

(b) *Use of capital notes and debentures.* A national bank may not make loans secured by a pledge of the bank's own capital notes and debentures. Such notes and debentures must be subordinated to the claims of depositors and other creditors of the issuing bank, and are, therefore, capital instruments within the purview of 12 U.S.C. 83.

### § 7.2020 Acquisition and holding of shares as treasury stock.

(a) *Acquisition of outstanding shares.* Pursuant to 12 U.S.C. 59, including the requirements for prior approval by the bank's shareholders and the OCC imposed by that statute, a national bank may acquire its outstanding shares and hold them as treasury stock, if the acquisition and retention of the shares is, and continues to be, for a legitimate corporate purpose.

(b) *Legitimate corporate purpose.* Examples of legitimate corporate purposes include the acquisition and holding of treasury stock to:

(1) Have shares available for use in connection with employee stock option, bonus, purchase, or similar plans;

(2) Sell to a director for the purpose of acquiring qualifying shares;

(3) Purchase a director's qualifying shares upon the cessation of the director's service in that capacity if there is no ready market for the shares;

(4) Reduce the number of shareholders in order to qualify as a Subchapter S corporation; and

(5) Reduce costs associated with shareholder communications and meetings.

(c) *Prohibition.* It is not a legitimate corporate purpose to acquire or hold treasury stock on speculation about changes in its value.

[64 FR 60099, Nov. 4, 1999]

### § 7.2021 Preemptive rights.

A national bank in its articles of association must grant or deny preemptive rights to the bank's shareholders. Any amendment to a national bank's articles of association which modifies such preemptive rights must be ap-

proved by a vote of the holders of two-thirds of the bank's outstanding voting shares.

### § 7.2022 Voting trusts.

The shareholders of a national bank may establish a voting trust under the applicable law of a state selected by the participants and designated in the trust agreement, provided the implementation of the trust is consistent with safe and sound banking practices.

### § 7.2023 Reverse stock splits.

(a) *Authority to engage in reverse stock splits.* A national bank may engage in a reverse stock split if the transaction serves a legitimate corporate purpose and provides adequate dissenting shareholders' rights.

(b) *Legitimate corporate purpose.* Examples of legitimate corporate purposes include a reverse stock split to:

(1) Reduce the number of shareholders in order to qualify as a Subchapter S corporation; and

(2) Reduce costs associated with shareholder communications and meetings.

### Subpart C—Bank Operations

#### § 7.3000 Bank hours and closings.

(a) *Bank hours.* A national bank's board of directors should review its banking hours, and, independently of any other bank, take appropriate action to establish a schedule of banking hours.

(b) *Emergency closings.* Pursuant to 12 U.S.C. 95(b)(1), the Comptroller of the Currency (Comptroller), a state, or a legally authorized state official may declare a day a legal holiday if emergency conditions exist. That day is a legal holiday for national banks or their offices in the affected geographic area (*i.e.*, throughout the country, in a state, or in part of a state). Emergency conditions include natural disasters and civil and municipal emergencies (*e.g.*, severe flooding, or a power emergency declared by a local power company or government requesting that businesses in the affected area close). The Comptroller issues a proclamation authorizing the emergency closing in accordance with 12 U.S.C. 95 at the time of the emergency condition, or soon thereafter. When the Comptroller, a State, or a legally authorized State official declares a legal holiday due to emergency conditions, a national bank may temporarily limit or suspend operations at its affected offices. Alternatively, the national bank may continue its operations unless the Comptroller by written order directs otherwise.

(c) *Ceremonial closings.* A state or a legally authorized state official may declare a day a legal holiday for ceremonial reasons. When a state or a legally authorized state official declares a day to be a legal holiday for ceremonial reasons, a national bank may choose to remain open or to close.

(d) *Liability.* A national bank should assure that all liabilities or other obligations under the applicable law due to the bank's closing are satisfied.

(a) *Sharing space.* A national bank may:

(1) Lease excess space on bank premises to one or more other businesses (including other banks and financial institutions);

(2) Share space jointly held with one or more other businesses; or

(3) Offer its services in space owned or leased to other businesses.

(b) *Sharing employees.* When sharing space with other businesses as described in paragraph (a) of this section, a national bank may provide, under one or more written agreements among the bank, the other businesses, and their employees, that:

(1) A bank employee may act as agent for the other business; or

(2) An employee of the other business may act as agent for the bank.

(c) *Supervisory conditions.* When a national bank engages in arrangements of the types listed in paragraphs (a) and (b) of this section, the bank shall ensure that:

(1) The other business is conspicuously, accurately, and separately identified;

(2) Shared employees clearly and fully disclose the nature of their agency relationship to customers of the bank and of the other businesses so that customers will know the identity of the bank or business that is providing the product or service;

(3) The arrangement does not constitute a joint venture or partnership with the other business under applicable state law;

(4) All aspects of the relationship between the bank and the other business are conducted at arm's length, unless a special arrangement is warranted because the other business is a subsidiary of the bank;

(5) Security issues arising from the activities of the other business on the premises are addressed;

(6) The activities of the other business do not adversely affect the safety and soundness of the bank;

(7) The shared employees or the entity for which they perform services are duly licensed or meet qualification requirements of applicable statutes and regulations pertaining to agents or employees of such other business; and

(8) The assets and records of the parties are segregated.

(d) *Other legal requirements.* When entering into arrangements, of the types described in paragraphs (a) and (b) of this section, and in conducting operations pursuant to those arrangements the bank must ensure that each arrangement complies with 12 U.S.C. 29 and 36 and with any other applicable laws and regulations. If the arrangement involves an affiliate or a shareholder, director, officer or employee of the bank:

(1) The bank must ensure compliance with all applicable statutory and regulatory provisions governing bank transactions with these persons or entities;

(2) The parties must comply with all applicable fiduciary duties; and

(3) The parties, if they are in competition with each other, must consider limitations, if any, imposed by applicable antitrust laws.

### Subpart D—Preemption

#### § 7.4000 Visitorial powers.

(a) *General rule.* (1) Only the OCC or an authorized representative of the OCC may exercise visitorial powers with respect to national banks, except as provided in paragraph (b) of this section. State officials may not exercise visitorial powers with respect to national banks, such as conducting examinations, inspecting or requiring the production of books or records of national banks, or prosecuting enforcement actions, except in limited circumstances authorized by federal law. However, production of a bank's records (other than non-public OCC information under 12 CFR part 4, subpart C) may be required under normal judicial procedures.

(2) For purposes of this section, visitorial powers include:

(i) Examination of a bank;

(ii) Inspection of a bank's books and records;

(iii) Regulation and supervision of activities authorized or permitted pursuant to federal banking law; and

(iv) Enforcing compliance with any applicable federal or state laws concerning those activities.

(3) Unless otherwise provided by Federal law, the OCC has exclusive visitorial authority with respect to the

content and conduct of activities authorized for national banks under Federal law.

(b) *Exceptions to the general rule.* Under 12 U.S.C. 484, the OCC's exclusive visitorial powers are subject to the following exceptions:

(1) *Exceptions authorized by Federal law.* National banks are subject to such visitorial powers as are provided by Federal law. Examples of laws vesting visitorial power in other governmental entities include laws authorizing state or other Federal officials to:

(i) Inspect the list of shareholders, provided that the official is authorized to assess taxes under state authority (12 U.S.C. 62; this section also authorizes inspection of the shareholder list by shareholders and creditors of a national bank);

(ii) Review, at reasonable times and upon reasonable notice to a bank, the bank's records solely to ensure compliance with applicable state unclaimed property or escheat laws upon reasonable cause to believe that the bank has failed to comply with those laws (12 U.S.C. 484(b));

(iii) Verify payroll records for unemployment compensation purposes (26 U.S.C. 3305(c));

(iv) Ascertain the correctness of Federal tax returns (26 U.S.C. 7602);

(v) Enforce the Fair Labor Standards Act (29 U.S.C. 211); and

(vi) Functionally regulate certain activities, as provided under the Gramm-Leach-Bliley Act, Pub. L. 106-102, 113 Stat. 1338 (Nov. 12, 1999).

(2) *Exception for courts of justice.* National banks are subject to such visitorial powers as are vested in the courts of justice. This exception pertains to the powers inherent in the judiciary and does not grant state or other governmental authorities any right to inspect, superintend, direct, regulate or compel compliance by a national bank with respect to any law, regarding the content or conduct of activities authorized for national banks under Federal law.

(3) *Exception for Congress.* National banks are subject to such visitorial

## § 7.4001

## 12 CFR Ch. I (1-1-09 Edition)

powers as shall be, or have been, exercised or directed by Congress or by either House thereof or by any committee of Congress or of either House duly authorized.

(c) *Report of examination.* The report of examination made by an OCC examiner is designated solely for use in the supervision of the bank. The bank's copy of the report is the property of the OCC and is loaned to the bank and any holding company thereof solely for its confidential use. The bank's directors, in keeping with their responsibilities both to depositors and to shareholders, should thoroughly review the report. The report may be made available to other persons only in accordance with the rules on disclosure in 12 CFR part 4.

[61 FR 4862, Feb. 9, 1996, as amended at 64 FR 60100, Nov. 4, 1999; 69 FR 1904, Jan. 13, 2004]

### **§ 7.4001 Charging interest at rates permitted competing institutions; charging interest to corporate borrowers.**

(a) *Definition.* The term "interest" as used in 12 U.S.C. 85 includes any payment compensating a creditor or prospective creditor for an extension of credit, making available of a line of credit, or any default or breach by a borrower of a condition upon which credit was extended. It includes, among other things, the following fees connected with credit extension or availability: numerical periodic rates, late fees, creditor-imposed not sufficient funds (NSF) fees charged when a borrower tenders payment on a debt with a check drawn on insufficient funds, overlimit fees, annual fees, cash advance fees, and membership fees. It does not ordinarily include appraisal fees, premiums and commissions attributable to insurance guaranteeing repayment of any extension of credit, finders' fees, fees for document preparation or notarization, or fees incurred to obtain credit reports.

(b) *Authority.* A national bank located in a state may charge interest at the maximum rate permitted to any state-chartered or licensed lending institution by the law of that state. If state law permits different interest charges on specified classes of loans, a national bank making such loans is

subject only to the provisions of state law relating to that class of loans that are material to the determination of the permitted interest. For example, a national bank may lawfully charge the highest rate permitted to be charged by a state-licensed small loan company, without being so licensed, but subject to state law limitations on the size of loans made by small loan companies.

(c) *Effect on state definitions of interest.* The Federal definition of the term "interest" in paragraph (a) of this section does not change how interest is defined by the individual states (nor how the state definition of interest is used) solely for purposes of state law. For example, if late fees are not "interest" under state law where a national bank is located but state law permits its most favored lender to charge late fees, then a national bank located in that state may charge late fees to its intrastate customers. The national bank may also charge late fees to its interstate customers because the fees are interest under the Federal definition of interest and an allowable charge under state law where the national bank is located. However, the late fees would not be treated as interest for purposes of evaluating compliance with state usury limitations because state law excludes late fees when calculating the maximum interest that lending institutions may charge under those limitations.

(d) *Usury.* A national bank located in a state the law of which denies the defense of usury to a corporate borrower may charge a corporate borrower any rate of interest agreed upon by a corporate borrower.

[61 FR 4862, Feb. 9, 1996, as amended at 66 FR 34791, July 2, 2001]

### **§ 7.4002 National bank charges.**

(a) *Authority to impose charges and fees.* A national bank may charge its customers non-interest charges and fees, including deposit account service charges.

(b) *Considerations.* (1) All charges and fees should be arrived at by each bank on a competitive basis and not on the basis of any agreement, arrangement, undertaking, understanding, or discussion with other banks or their officers.

## Comptroller of the Currency, Treasury

## § 7.4006

(2) The establishment of non-interest charges and fees, their amounts, and the method of calculating them are business decisions to be made by each bank, in its discretion, according to sound banking judgment and safe and sound banking principles. A national bank establishes non-interest charges and fees in accordance with safe and sound banking principles if the bank employs a decision-making process through which it considers the following factors, among others:

(i) The cost incurred by the bank in providing the service;

(ii) The deterrence of misuse by customers of banking services;

(iii) The enhancement of the competitive position of the bank in accordance with the bank's business plan and marketing strategy; and

(iv) The maintenance of the safety and soundness of the institution.

(c) *Interest.* Charges and fees that are "interest" within the meaning of 12 U.S.C. 85 are governed by § 7.4001 and not by this section.

(d) *State law.* The OCC applies pre-emption principles derived from the United States Constitution, as interpreted through judicial precedent, when determining whether State laws apply that purport to limit or prohibit charges and fees described in this section.

(e) *National bank as fiduciary.* This section does not apply to charges imposed by a national bank in its capacity as a fiduciary, which are governed by 12 CFR part 9.

[66 FR 34791, July 2, 2001]

### § 7.4003 Establishment and operation of a remote service unit by a national bank.

A remote service unit (RSU) is an automated facility, operated by a customer of a bank, that conducts banking functions, such as receiving deposits, paying withdrawals, or lending money. A national bank may establish and operate an RSU pursuant to 12 U.S.C. 24(Seventh). An RSU includes an automated teller machine, automated loan machine, and automated device for receiving deposits. An RSU may be equipped with a telephone or televideo device that allows contact with bank personnel. An RSU is not a "branch"

within the meaning of 12 U.S.C. 36(j), and is not subject to state geographic or operational restrictions or licensing laws.

[64 FR 60100, Nov. 4, 1999]

### § 7.4004 Establishment and operation of a deposit production office by a national bank.

(a) *General rule.* A national bank or its operating subsidiary may engage in deposit production activities at a site other than the main office or a branch of the bank. A deposit production office (DPO) may solicit deposits, provide information about deposit products, and assist persons in completing application forms and related documents to open a deposit account. A DPO is not a branch within the meaning of 12 U.S.C. 36(j) and 12 CFR 5.30(d)(1) so long as it does not receive deposits, pay withdrawals, or make loans. All deposit and withdrawal transactions of a bank customer using a DPO must be performed by the customer, either in person at the main office or a branch office of the bank, or by mail, electronic transfer, or a similar method of transfer.

(b) *Services of other persons.* A national bank may use the services of, and compensate, persons not employed by the bank in its deposit production activities.

[64 FR 60100, Nov. 4, 1999]

### § 7.4005 Combination of loan production office, deposit production office, and remote service unit.

A location at which a national bank operates a loan production office (LPO), a deposit production office (DPO), and a remote service unit (RSU) is not a "branch" within the meaning of 12 U.S.C. 36(j) by virtue of that combination. Since an LPO, DPO, or RSU is not, individually, a branch under 12 U.S.C. 36(j), any combination of these facilities at one location does not create a branch.

[64 FR 60100, Nov. 4, 1999]

### § 7.4006 Applicability of State law to national bank operating subsidiaries.

Unless otherwise provided by Federal law or OCC regulation, State laws

## § 7.4007

apply to national bank operating subsidiaries to the same extent that those laws apply to the parent national bank.

[66 FR 34791, July 2, 2001]

### § 7.4007 Deposit-taking.

(a) *Authority of national banks.* A national bank may receive deposits and engage in any activity incidental to receiving deposits, including issuing evidence of accounts, subject to such terms, conditions, and limitations prescribed by the Comptroller of the Currency and any other applicable Federal law.

(b) *Applicability of state law.* (1) Except where made applicable by Federal law, state laws that obstruct, impair, or condition a national bank's ability to fully exercise its Federally authorized deposit-taking powers are not applicable to national banks.

(2) A national bank may exercise its deposit-taking powers without regard to state law limitations concerning:

(i) Abandoned and dormant accounts;<sup>3</sup>

(ii) Checking accounts;

(iii) Disclosure requirements;

(iv) Funds availability;

(v) Savings account orders of withdrawal;

(vi) State licensing or registration requirements (except for purposes of service of process); and

(vii) Special purpose savings services;<sup>4</sup>

(c) *State laws that are not preempted.* State laws on the following subjects are not inconsistent with the deposit-taking powers of national banks and apply to national banks to the extent that they only incidentally affect the exercise of national banks' deposit-taking powers:

(1) Contracts;

(2) Torts;

<sup>3</sup>This does not apply to state laws of the type upheld by the United States Supreme Court in *Anderson Nat'l Bank v. Lockett*, 321 U.S. 233 (1944), which obligate a national bank to "pay [deposits] to the persons entitled to demand payment according to the law of the state where it does business." *Id.* at 248-249.

<sup>4</sup>State laws purporting to regulate national bank fees and charges are addressed in 12 CFR 7.4002.

(3) Criminal law;<sup>5</sup>

(4) Rights to collect debts;

(5) Acquisition and transfer of property;

(8) Any other law the effect of which the OCC determines to be incidental to the deposit-taking operations of national banks or otherwise consistent with the powers set out in paragraph (a) of this section.

[69 FR 1916, Jan. 13, 2004]

### § 7.4008 Lending.

(a) *Authority of national banks.* A national bank may make, sell, purchase, participate in, or otherwise deal in loans and interests in loans that are not secured by liens on, or interests in, real estate, subject to such terms, conditions, and limitations prescribed by the Comptroller of the Currency and any other applicable Federal law.

(b) *Standards for loans.* A national bank shall not make a consumer loan subject to this § 7.4008 based predominantly on the bank's realization of the foreclosure or liquidation value of the borrower's collateral, without regard to the borrower's ability to repay the loan according to its terms. A bank may use any reasonable method to determine a borrower's ability to repay, including, for example, the borrower's current and expected income, current and expected cash flows, net worth, other relevant financial resources, current financial obligations, employment status, credit history, or other relevant factors.

<sup>5</sup>But see the distinction drawn by the Supreme Court in *Easton v. Iowa*, 188 U.S. 220, 238 (1903) between "crimes defined and punishable at common law or by the general statutes of a state and crimes and offences cognizable under the authority of the United States." The Court stated that "[u]ndoubtedly a state has the legitimate power to define and punish crimes by general laws applicable to all persons within its jurisdiction \* \* \*. But it is without lawful power to make such special laws applicable to banks organized and operating under the laws of the United States." *Id.* at 239 (holding that Federal law governing the operations of national banks preempted a state criminal law prohibiting insolvent banks from accepting deposits).

(c) *Unfair and deceptive practices.* A national bank shall not engage in unfair or deceptive practices within the meaning of section 5 of the Federal Trade Commission Act, 15 U.S.C. 45(a)(1), and regulations promulgated thereunder in connection with loans made under this § 7.4008.

(d) *Applicability of state law.* (1) Except where made applicable by Federal law, state laws that obstruct, impair, or condition a national bank's ability to fully exercise its Federally authorized non-real estate lending powers are not applicable to national banks.

(2) A national bank may make non-real estate loans without regard to state law limitations concerning:

(i) Licensing, registration (except for purposes of service of process), filings, or reports by creditors;

(ii) The ability of a creditor to require or obtain insurance for collateral or other credit enhancements or risk mitigants, in furtherance of safe and sound banking practices;

(iii) Loan-to-value ratios;

(iv) The terms of credit, including the schedule for repayment of principal and interest, amortization of loans, balance, payments due, minimum payments, or term to maturity of the loan, including the circumstances under which a loan may be called due and payable upon the passage of time or a specified event external to the loan;

(v) Escrow accounts, impound accounts, and similar accounts;

(vi) Security property, including leaseholds;

(vii) Access to, and use of, credit reports;

(viii) Disclosure and advertising, including laws requiring specific statements, information, or other content to be included in credit application forms, credit solicitations, billing statements, credit contracts, or other credit-related documents;

(ix) Disbursements and repayments; and

(x) Rates of interest on loans.<sup>6</sup>

<sup>6</sup>The limitations on charges that comprise rates of interest on loans by national banks are determined under Federal law. See 12 U.S.C. 85; 12 CFR 7.4001. State laws purporting to regulate national bank fees and charges that do not constitute interest are addressed in 12 CFR 7.4002.

(e) *State laws that are not preempted.* State laws on the following subjects are not inconsistent with the non-real estate lending powers of national banks and apply to national banks to the extent that they only incidentally affect the exercise of national banks' non-real estate lending powers:

(1) Contracts;

(2) Torts;

(3) Criminal law;<sup>7</sup>

(4) Rights to collect debts;

(5) Acquisition and transfer of property;

(6) Taxation;

(7) Zoning; and

(8) Any other law the effect of which the OCC determines to be incidental to the non-real estate lending operations of national banks or otherwise consistent with the powers set out in paragraph (a) of this section.

[69 FR 1916, Jan. 13, 2004]

**§ 7.4009 Applicability of state law to national bank operations.**

(a) *Authority of national banks.* A national bank may exercise all powers authorized to it under Federal law, including conducting any activity that is part of, or incidental to, the business of banking, subject to such terms, conditions, and limitations prescribed by the Comptroller of the Currency and any applicable Federal law.

(b) *Applicability of state law.* Except where made applicable by Federal law, state laws that obstruct, impair, or condition a national bank's ability to fully exercise its powers to conduct activities authorized under Federal law do not apply to national banks.

(c) *Applicability of state law to particular national bank activities.* (1) The provisions of this section govern with respect to any national bank power or aspect of a national bank's operations that is not covered by another OCC regulation specifically addressing the applicability of state law.

<sup>7</sup>See *supra* note 5 regarding the distinction drawn by the Supreme Court in *Easton v. Iowa*, 188 U.S. 220, 238 (1903) between "crimes defined and punishable at common law or by the general statutes of a state and crimes and offences cognizable under the authority of the United States."

### Subpart E—Electronic Activities

SOURCE: 67 FR 35004, May 17, 2002, unless otherwise noted.

#### § 7.5000 Scope.

This subpart applies to a national bank's use of technology to deliver services and products consistent with safety and soundness.

#### § 7.5001 Electronic activities that are part of, or incidental to, the business of banking.

(a) *Purpose.* This section identifies the criteria that the OCC uses to determine whether an electronic activity is authorized as part of, or incidental to, the business of banking under 12 U.S.C. 24 (Seventh) or other statutory authority.

(b) *Restrictions and conditions on electronic activities.* The OCC may determine that activities are permissible under 12 U.S.C. 24 (Seventh) or other statutory authority only if they are subject to standards or conditions designed to provide that the activities function as intended and are conducted safely and soundly, in accordance with other applicable statutes, regulations, or supervisory policies.

(c) *Activities that are part of the business of banking.* (1) An activity is au-

thorized for national banks as part of the business of banking if the activity is described in 12 U.S.C. 24 (Seventh) or other statutory authority. In determining whether an electronic activity is part of the business of banking, the OCC considers the following factors:

- (i) Whether the activity is the functional equivalent to, or a logical outgrowth of, a recognized banking activity;
- (ii) Whether the activity strengthens the bank by benefiting its customers or its business;
- (iii) Whether the activity involves risks similar in nature to those already assumed by banks; and
- (iv) Whether the activity is authorized for state-chartered banks.

(2) The weight accorded each factor set out in paragraph (c)(1) of this section depends on the facts and circumstances of each case.

(d) *Activities that are incidental to the business of banking.* (1) An electronic banking activity is authorized for a national bank as incidental to the business of banking if it is convenient or useful to an activity that is specifically authorized for national banks or to an activity that is otherwise part of the business of banking. In determining whether an activity is convenient or useful to such activities, the OCC considers the following factors:

(i) Whether the activity facilitates the production or delivery of a bank's products or services, enhances the bank's ability to sell or market its products or services, or improves the effectiveness or efficiency of the bank's operations, in light of risks presented, innovations, strategies, techniques and new technologies for producing and delivering financial products and services; and

(ii) Whether the activity enables the bank to use capacity acquired for its banking operations or otherwise avoid economic loss or waste.

(2) The weight accorded each factor set out in paragraph (d)(1) of this section depends on the facts and circumstances of each case.

(3) In addition to the electronic activities specifically permitted in § 7.5004 (sale of excess electronic capacity and by-products) and § 7.5006 (incidental non-financial data processing),

<sup>8</sup> *Id.*

the OCC has determined that the following electronic activities are incidental to the business of banking, pursuant to this section. This list of activities is illustrative and not exclusive; the OCC may determine that other activities are permissible pursuant to this authority.

- (i) Web site development where incidental to other banking services;
- (ii) Internet access and e-mail provided on a non-profit basis as a promotional activity;
- (iii) Advisory and consulting services on electronic activities where the services are incidental to customer use of electronic banking services; and
- (iv) Sale of equipment that is convenient or useful to customer's use of related electronic banking services, such as specialized terminals for scanning checks that will be deposited electronically by wholesale customers of banks under the Check Clearing for the 21st Century Act, Public Law 108-100 (12 U.S.C. 5001-5018) (the Check 21 Act).

[61 FR 4862, Feb. 9, 1996, as amended at 73 FR 22242, Apr. 24, 2008]

**§ 7.5002 Furnishing of products and services by electronic means and facilities.**

(a) *Use of electronic means and facilities.* A national bank may perform, provide, or deliver through electronic means and facilities any activity, function, product, or service that it is otherwise authorized to perform, provide, or deliver, subject to § 7.5001(b) and applicable OCC guidance. The following list provides examples of permissible activities under this authority. This list is illustrative and not exclusive; the OCC may determine that other activities are permissible pursuant to this authority.

- (1) Acting as an electronic finder by:
  - (i) Establishing, registering, and hosting commercially enabled web sites in the name of sellers;
  - (ii) Establishing hyperlinks between the bank's site and a third-party site, including acting as a "virtual mall" by providing a collection of links to web sites of third-party vendors, organized by-product type and made available to bank customers;
  - (iii) Hosting an electronic marketplace on the bank's Internet web site

by providing links to the web sites of third-party buyers or sellers through the use of hypertext or other similar means;

(iv) Hosting on the bank's servers the Internet web site of:

(A) A buyer or seller that provides information concerning the hosted party and the products or services offered or sought and allows the submission of interest, bids, offers, orders and confirmations relating to such products or services; or

(B) A governmental entity that provides information concerning the services or benefits made available by the governmental entity, assists persons in completing applications to receive such services or benefits and permits persons to transmit their applications for such services or benefits;

(v) Operating an Internet web site that permits numerous buyers and sellers to exchange information concerning the products and services that they are willing to purchase or sell, locate potential counter-parties for transactions, aggregate orders for goods or services with those made by other parties, and enter into transactions between themselves;

(vi) Operating a telephone call center that provides permissible finder services; and

(vii) Providing electronic communications services relating to all aspects of transactions between buyers and sellers;

(2) Providing electronic bill presentment services;

(3) Offering electronic stored value systems;

(4) Safekeeping for personal information or valuable confidential trade or business information, such as encryption keys; and

(5) Issuing electronic letters of credit within the scope of 12 CFR 7.1016.

(b) *Applicability of guidance and requirements not affected.* When a national bank performs, provides, or delivers through electronic means and facilities an activity, function, product, or service that it is otherwise authorized to perform, provide, or deliver, the electronic activity is not exempt from the regulatory requirements and supervisory guidance that the OCC would

## § 7.5003

## 12 CFR Ch. I (1–1–09 Edition)

apply if the activity were conducted by non-electronic means or facilities.

(c) *State laws.* As a general rule, and except as provided by Federal law, State law is not applicable to a national bank's conduct of an authorized activity through electronic means or facilities if the State law, as applied to the activity, would be preempted pursuant to traditional principles of Federal preemption derived from the Supremacy Clause of the U.S. Constitution and applicable judicial precedent. Accordingly, State laws that stand as an obstacle to the ability of national banks to exercise uniformly their Federally authorized powers through electronic means or facilities, are not applicable to national banks.

[61 FR 4862, Feb. 9, 1996, as amended at 73 FR 22242, Apr. 24, 2008]

### § 7.5003 Composite authority to engage in electronic activities.

Unless otherwise prohibited by Federal law, a national bank may engage in an electronic activity that is comprised of several component activities if each of the component activities is itself part of or incidental to the business of banking or is otherwise permissible under Federal law.

### § 7.5004 Sale of excess electronic capacity and by-products.

(a) A national bank may, in order to optimize the use of the bank's resources or avoid economic loss or waste, market and sell to third parties electronic capacities legitimately acquired or developed by the bank for its banking business.

(b) With respect to acquired equipment or facilities, legitimate excess electronic capacity that may be sold to others can arise in a variety of situations, including the following:

(1) Due to the characteristics of the desired equipment or facilities available in the market, the capacity of the most practical optimal equipment or facilities available to meet the bank's requirements exceeds its present needs;

(2) The acquisition and retention of additional capacity, beyond present needs, reasonably may be necessary for planned future expansion or to meet the expected future banking needs during the useful life of the equipment;

(3) Requirements for capacity fluctuate because a bank engages in batch processing of banking transactions or because a bank must have capacity to meet peak period demand with the result that the bank has periods when its capacity is underutilized; and

(4) After the initial acquisition of capacity thought to be fully needed for banking operations, the bank experiences either a decline in level of the banking operations or an increase in the efficiency of the banking operations using that capacity.

(c) Types of electronic capacity in equipment or facilities that banks may have legitimately acquired and that may be sold to third parties if excess to the bank's needs for banking purposes include:

- (1) Data processing services;
- (2) Production and distribution of non-financial software;
- (3) Providing periodic back-up call answering services;
- (4) Providing full Internet access;
- (5) Providing electronic security system support services;
- (6) Providing long line communications services; and
- (7) Electronic imaging and storage.

(d) A national bank may sell to third parties electronic by-products legitimately acquired or developed by the bank for its banking business. Examples of electronic by-products that banks may have legitimately acquired that may be sold to third parties if excess to the bank's needs include:

- (1) Software acquired (not merely licensed) or developed by the bank for banking purposes or to support its banking business; and
- (2) Electronic databases, records, or media (such as electronic images) developed by the bank for or during the performance of its permissible data processing activities.

### § 7.5005 National bank acting as digital certification authority.

(a) It is part of the business of banking under 12 U.S.C. 24(Seventh) for a national bank to act as a certificate authority and to issue digital certificates verifying the identity of persons associated with a particular public/private key pair. As part of this service,

## Comptroller of the Currency, Treasury

## § 7.5008

the bank may also maintain a listing or repository of public keys.

(b) A national bank may issue digital certificates verifying attributes in addition to identity of persons associated with a particular public/private key pair where the attribute is one for which verification is part of or incidental to the business of banking. For example, national banks may issue digital certificates verifying certain financial attributes of a customer as of the current or a previous date, such as account balance as of a particular date, lines of credit as of a particular date, past financial performance of the customer, and verification of customer relationship with the bank as of a particular date.

(c) When a national bank issues a digital certificate relating to financial capacity under this section, the bank shall include in that certificate an express disclaimer stating that the bank does not thereby promise or represent that funds will be available or will be advanced for any particular transaction.

### § 7.5006 Data processing.

(a) *Eligible activities.* It is part of the business of banking under 12 U.S.C. 24(Seventh) for a national bank to provide data processing, and data transmission services, facilities (including equipment, technology, and personnel), data bases, advice and access to such services, facilities, data bases and advice, for itself and for others, where the data is banking, financial, or economic data, and other types of data if the derivative or resultant product is banking, financial, or economic data. For this purpose, economic data includes anything of value in banking and financial decisions.

(b) *Other data.* A national bank also may perform the activities described in paragraph (a) of this section for itself and others with respect to additional types of data to the extent convenient or useful to provide the data processing services described in paragraph (a), including where reasonably necessary to conduct those activities on a competitive basis. The total revenue attributable to the bank's data processing activities under this section must be derived predominantly from processing

the activities described in paragraph (a) of this section.

(c) *Software for performance of authorized banking functions.* A national bank may produce, market, or sell software that performs services or functions that the bank could perform directly, as part of the business of banking.

[61 FR 4862, Feb. 9, 1996, as amended at 73 FR 22242, Apr. 24, 2008]

### § 7.5007 Correspondent services.

It is part of the business of banking for a national bank to offer as a correspondent service to any of its affiliates or to other financial institutions any service it may perform for itself. The following list provides examples of electronic activities that banks may offer correspondents under this authority. This list is illustrative and not exclusive; the OCC may determine that other activities are permissible pursuant to this authority.

(a) The provision of computer networking packages and related hardware;

(b) Data processing services;

(c) The sale of software that performs data processing functions;

(d) The development, operation, management, and marketing of products and processing services for transactions conducted at electronic terminal devices;

(e) Item processing services and related software;

**§8.2 Semiannual assessment.**

(a) Each national bank shall pay to the Comptroller of the Currency a semiannual assessment fee, due by March 31 and September 30 of each year, for the six month period beginning on January 1 and July 1 before each payment date. The Comptroller of the Currency will calculate the amount due under this section and provide a notice of assessments to each national bank no later than 7 business days prior to March 31 and September 30 of each year. The semiannual assessment will be calculated as follows:

If the bank's total assets (consolidated domestic and foreign subsidiaries) are:		The semiannual assessment is:

40,000	250,000	X10	Y9	40,000
250,000	.....	X11	Y10	250,000

(1) Every national bank falls into one of the asset-size brackets denoted by Columns A and B. A bank’s semiannual assessment is composed of two parts. The first part is the calculation of a base amount of the assessment, which is computed on the assets of the bank up to the lower endpoint (Column A) of the bracket in which it falls. This base

amount of the assessment is calculated by the OCC in Column C.

(2) The second part is the calculation of assessments due on the remaining assets of the bank in excess of Column E. The excess is assessed at the marginal rate shown in Column D.

(3) The total semiannual assessment is the amount in Column C, plus the amount of the bank’s assets in excess

## Comptroller of the Currency, Treasury

## § 8.2

of Column E times the marginal rate in Column D: Assessments =  $C + [(Assets - E) \times D]$ .

(4) Each year, the OCC may index the marginal rates in Column D to adjust for the percent change in the level of prices, as measured by changes in the Gross Domestic Product Implicit Price Deflator (GDPIP) for each June-to-June period. The OCC may at its discretion adjust marginal rates by amounts less than the percentage change in the GDPIP. The OCC will also adjust the amounts in Column C to reflect any change made to the marginal rate.

(5) The specific marginal rates and complete assessment schedule will be published in the "Notice of Comptroller of the Currency Fees," provided for at § 8.8 of this part. Each semiannual assessment is based upon the total assets shown in the national bank's most recent "Consolidated Reports of Condition and Income" (Call Report) preceding the payment date. Each bank subject to the jurisdiction of the Comptroller of the Currency on the date of the second or fourth quarterly Call Report required by the Office under 12 U.S.C. 161 is subject to the full assessment for the next six month period.

(6)(i) Notwithstanding any other provision of this part, the OCC may reduce the semiannual assessment for each non-lead bank by a percentage that it will specify in the Notice of Comptroller of the Currency Fees described in § 8.8.

(ii) For purposes of this paragraph (a)(6):

(A) *Lead bank* means the largest national bank controlled by a company, based on a comparison of the total assets held by each national bank controlled by that company as reported in each bank's Call Report filed for the quarter immediately preceding the payment of a semiannual assessment.

(B) *Non-lead bank* means a national bank that is not the lead bank controlled by a company that controls two or more national banks.

(C) *Control* and *company* have the same meanings as these terms have in sections 2(a)(2) and 2(b), respectively, of the Bank Holding Company Act of 1956 (12 U.S.C. 1841(a)(2) and (b)).

(b)(1) Each Federal branch and each Federal agency shall pay to the Comptroller of the Currency a semiannual assessment fee, due by March 31 and September 30 of each year, for the six month period beginning on January 1 and July 1 before each payment date. The Comptroller of the Currency will calculate the amount due under this section and provide a notice of assessments to each national bank no later than 7 business days prior to March 31 and September 30 of each year.

(2) The amount of the semiannual assessment paid by each Federal branch and Federal agency shall be computed at the same rate as provided in the Table in 12 CFR 8.2(a); however, only the total domestic assets of the Federal branch or Federal agency shall be subject to assessment.

(3) Each semiannual assessment of each Federal branch or Federal agency is based upon the total assets shown in the Federal branch's Call Report most recently preceding the payment date. Each Federal branch or Federal agency subject to the jurisdiction of the OCC on the date of the second and fourth Call Reports is subject to the full assessment for the next six-month period.

(4)(i) Notwithstanding any other provision of this part, the OCC may reduce the semiannual assessment for each non-lead Federal branch or agency by an amount that it will specify in the Notice of Comptroller of the Currency Fees described in § 8.8.

(ii) For purposes of this paragraph (b)(4):

(A) *Lead Federal branch or agency* means the largest Federal branch or agency of a foreign bank, based on a comparison of the total assets held by each Federal branch or agency of that foreign bank as reported in each Federal branch's or agency's Call Report filed for the quarter immediately preceding the payment of a semiannual assessment.

(B) *Non-lead Federal branch or agency* means a Federal branch or Federal agency that is not the lead Federal branch or agency of a foreign bank that controls two or more Federal branches or agencies.

(c) *Additional assessment for independent credit card banks*—(1) *General*

*rule.* In addition to the assessment calculated according to paragraph (a) of this section, each independent credit card bank will pay an assessment based on receivables attributable to credit card accounts owned by the bank. This assessment will be computed by adding to its asset-based assessment an additional amount determined by its level of receivables attributable. The dollar amount of the additional assessment will be published in the “Notice of Comptroller of the Currency Notice of Fees,” described at § 8.8.

(2) *Credit card banks affiliated with full-service national banks.* The OCC will assess an independent credit card bank in accordance with paragraph (c)(1) of this section, notwithstanding that the bank is affiliated with a full-service national bank, if the OCC concludes that the affiliation is intended to evade this part.

(3) *Definitions.* For purposes of this paragraph (c), the following definitions apply:

(i) *Affiliate* has the same meaning as this term has in 12 U.S.C. 221a(b).

(ii) *Engaged primarily in card operations* means a bank described in section 2(c)(2)(F) of the Bank Holding Company Act (12 U.S.C. 1841(c)(2)(F)) or whose ratio of total gross receivables attributable to the bank’s balance sheet assets exceeds 50%.

(iii) *Full-service national bank* is a national bank that generates more than 50% of its interest and non-interest income from activities other than credit card operations or trust activities and is authorized according to its charter to engage in all types of permissible banking activities.

(iv) *Independent credit card bank* is a national bank that engages primarily in credit card operations and is not affiliated with a full-service national bank.

(v) *Receivables attributable* is the total amount of outstanding balances due on credit card accounts owned by an independent credit card bank (the receivables attributable to those accounts) on the last day of the assessment period, minus receivables retained on the bank’s balance sheet as of that day.

(4) *Reports of receivables attributable.* Independent credit card banks will report receivables attributable data to

the OCC semiannually at a time specified by the OCC.

(d) *Surcharge based on the condition of the bank.* Subject to any limit that the OCC prescribes in the Notice of the Comptroller of the Currency Fees, the OCC shall apply a surcharge to the semiannual assessment computed in accordance with paragraphs (a) through (c) of this section. This surcharge will be determined by multiplying the semiannual assessment computed in accordance with paragraphs (a) through (c) of this section by—

(1) 1.5, in the case of any bank that receives a composite rating of 3 under the Uniform Financial Institutions Rating System (UFIRS) and any Federal branch or agency that receives a composite rating of 3 under the ROCA rating system (which rates risk management, operational controls, compliance, and asset quality) at its most recent examination; and

(2) 2.0, in the case of any bank that receives a composite UFIRS rating of 4 or 5 and any Federal branch or agency that receives a composite rating of 4 or 5 under the ROCA rating system at its most recent examination.

### § 8.6 Fees for special examinations and investigations.

(a) *Fees.* Pursuant to the authority contained in 12 U.S.C. 481 and 482, the Office of the Comptroller of the Currency assesses a fee for:

(1) Examining the fiduciary activities of national banks and related entities;

(2) Conducting special examinations and investigations of national banks and Federal branches or Federal agencies of foreign banks;

(3) Conducting special examinations and investigations of an entity with respect to its performance of activities described in section 7(c) of the Bank Service Company Act (12 U.S.C.

1867(c)), if the OCC determines that assessment of the fee is warranted with regard to a particular bank because of the high risk or unusual nature of the activities performed; the significance to the bank's operations and income of the activities performed; or the extent to which the bank has sufficient systems, controls, and personnel to adequately monitor, measure, and control risks arising from such activities;

(4) Conducting special examinations and investigations of affiliates of national banks and Federal branches or Federal agencies of foreign banks; and

(5) Conducting examinations and investigations made pursuant to 12 CFR part 5, Rules, Policies, and Procedures for Corporate Activities.

(b) *Notice of Comptroller of the Currency Fees.* The OCC publishes the fee schedule for fiduciary activities, special examinations and investigations, examinations of affiliates and examinations related to corporate activities in the Notice of Comptroller of the Currency Fees described in § 8.8.

(c) *Additional assessments on trust banks*—(1) *Independent trust banks.* The assessment of independent trust banks will include a fiduciary and related asset component, in addition to the assessment calculated according to § 8.2 of this part, as follows:

(i) *Minimum fee.* All independent trust banks will pay a minimum fee, to be provided in the Notice of Comptroller of the Currency Fees.

(ii) *Additional amount for independent trust banks with fiduciary and related assets in excess of \$1 billion.* Independent trust banks with fiduciary and related assets in excess of \$1 billion will pay an amount that exceeds the minimum fee. The amount to be paid will be calculated by multiplying the amount of fiduciary and related assets by a rate or rates provided by the OCC in the Notice of Comptroller of the Currency Fees.

(iii) *Surcharge based on the condition of the bank.* Subject to any limit that the OCC prescribes in the Notice of the Comptroller of the Currency Fees, the OCC shall adjust the semiannual assessment computed in accordance with paragraphs (c)(1)(i) and (ii) of this section by multiplying that figure by 1.5 for each independent trust bank that

receives a composite rating of 3 under the Uniform Financial Institutions Rating System (UFIRS) at its most recent examination and by 2.0 for each bank that receives a composite UFIRS rating of 4 or 5 at such examination.

(2) *Trust banks affiliated with full-service national banks.* The OCC will assess a trust bank in accordance with paragraph (c)(1) of this section, notwithstanding that the bank is affiliated with a full-service national bank, if the OCC concludes that the affiliation is intended to evade the assessment regulation.

(3) *Definitions.* For purposes of this paragraph (c) of this section, the following definitions apply:

(i) *Affiliate* has the same meaning as this term has in 12 U.S.C. 221a(b);

(iii) *Independent trust bank* is a national bank that has trust powers, does not primarily offer full-service banking, and is not affiliated with a full-service national bank; and

(iv) *Fiduciary and related assets* are those assets reported on Schedule RC-T of FFIEC Forms 031 and 041, Line 9 (columns A and B) and Line 10 (column B), any successor form issued by the FFIEC, and any other fiduciary and related assets defined in the Notice of Comptroller of the Currency Fees.

### § 8.7 Payment of interest on delinquent assessments and examination and investigation fees.

(a) Each national bank, each Federal branch, and each Federal agency shall pay to the Comptroller of the Currency interest on its delinquent payments of semiannual assessments. In addition, each national bank and each entity with a trust department examined by the Comptroller of the Currency and each institution that is the subject of a

special examination or investigation conducted by the Comptroller of the Currency shall pay to the Comptroller of the Currency interest on its delinquent payments of examination and investigation fees. Semiannual assessment payments will be considered delinquent if they are received after the time for payment specified in § 8.2. Examination and investigation fees will be considered delinquent if not received by the Comptroller of the Currency within 30 calendar days of the invoice date.

(b) In the event that an entity that is required to make semiannual assessment payments or trust examination fee payments believes that the notice of assessments prepared by the Comptroller of the Currency contains an error of miscalculation, the entity may provide the Comptroller of the Currency with a written request for a revised assessment notice and a refund of any overpayments. Any such request for a revised notice and refund must be made after timely payment of the semiannual assessment under the dates specified in § 8.2.

(1) Refund the amount of the overpayment or

(2) Provide notice of its unwillingness to accept the request for a revised notice of assessments. In the latter instance, the Comptroller of the Currency and the entity claiming the overpayment shall thereafter attempt to reach agreement on the amount, if any, to be refunded; the Comptroller of the Currency shall refund this amount within 30 calendar days of such agreement.

The Comptroller of the Currency shall be considered delinquent if it fails to return an overpayment in accordance with the time limitations specified in this paragraph (b). The Comptroller of the Currency shall pay interest on any such delinquent payments.

(c) Interest on delinquent payments, as described in paragraphs (a) and (b) of this section, will be assessed beginning the first calendar day on which payment is considered delinquent, and on each calendar day thereafter up to and including the day payment is received. Interest will be simple interest, calculated for each day payment is delinquent by multiplying the daily equivalent

of the applicable interest rate by the amount delinquent. The rate of interest will be the United States Treasury Department's current value of funds rate (the "TFRM rate"); that rate is issued under the Treasury Fiscal Requirements Manual and is published quarterly in the FEDERAL REGISTER. The interest rates applicable to a delinquent payment will be determined as follows:

(1) For delinquent days occurring from January 1 to March 31, the rate will be the TFRM rate that is published the preceding December for the first quarter of the ensuing year.

(2) For delinquent days occurring from April 1 to June 30, the rate will be the TFRM rate that is published the preceding March for the second quarter of that year.

(3) For delinquent days occurring from July 1 to September 30, the rate will be the TFRM rate that is published the preceding June for the third quarter of that year.

(4) For delinquent days occurring from October 1 to December 31, the rate will be the TFRM rate that is published the preceding September for the fourth quarter of that year.

### § 8.8 Notice of Comptroller of the Currency fees.

(a) *December notice of fees.* A "Notice of Comptroller of the Currency Fees" shall be published no later than the first business day in December of each year for fees to be charged by the Office during the upcoming year. These fees will be effective January 1 of that upcoming year.

(b) *Interim notice of Comptroller of the Currency fees.* The OCC may issue an "Interim Notice of Comptroller of the Currency Fees" or issue an amended "Notice of Comptroller of the Currency Fees" from time to time throughout the year as necessary. Interim or amended notices will be effective 30 days after issuance.

(c) *Offices in more than one state.* A national bank with fiduciary powers may establish trust offices or trust representative offices in any state.

(d) *Determination of the state referred to in 12 U.S.C. 92a.* For each fiduciary relationship, the state referred to in section 92a is the state in which the bank acts in a fiduciary capacity for that relationship. A national bank acts in a fiduciary capacity in the state in which it accepts the fiduciary appointment, executes the documents that create the fiduciary relationship, and makes discretionary decisions regarding the investment or distribution of fiduciary assets. If these activities take place in more than one state, then the state in which the bank acts in a fiduciary capacity for section 92a purposes is the state that the bank designates from among those states.

(e) *Application of state law—(1) State laws used in section 92a.* The state laws that apply to a national bank's fiduciary activities by virtue of 12 U.S.C. 92a are the laws of the state in which the bank acts in a fiduciary capacity.

(2) *Other state laws.* Except for the state laws made applicable to national banks by virtue of 12 U.S.C. 92a, state laws limiting or establishing preconditions on the exercise of fiduciary powers are not applicable to national banks.

#### § 9.8 Recordkeeping.

(a) *Documentation of accounts.* A national bank shall adequately document the establishment and termination of each fiduciary account and shall maintain adequate records for all fiduciary accounts.

(b) *Retention of records.* A national bank shall retain records described in paragraph (a) of this section for a period of three years from the later of the termination of the account or the termination of any litigation relating to the account.

(c) *Separation of records.* A national bank shall ensure that records described in paragraph (a) of this section are separate and distinct from other records of the bank.

#### §9.9 Audit of fiduciary activities.

(a) *Annual audit.* At least once during each calendar year, a national bank shall arrange for a suitable audit (by internal or external auditors) of all significant fiduciary activities, under the direction of its fiduciary audit committee, unless the bank adopts a continuous audit system in accordance with paragraph (b) of this section. The bank shall note the results of the audit (including significant actions taken as a result of the audit) in the minutes of the board of directors.

(b) *Continuous audit.* In lieu of performing annual audits under paragraph (a) of this section, a national bank may adopt a continuous audit system under which the bank arranges for a discrete audit (by internal or external auditors) of each significant fiduciary activity (*i.e.*, on an activity-by-activity basis), under the direction of its fiduciary audit committee, at an interval commensurate with the nature and risk of that activity. Thus, certain fiduciary activities may receive audits at intervals greater or less than one year, as appropriate. A bank that adopts a continuous audit system shall note the results of all discrete audits performed since the last audit report (including significant actions taken as a result of the audits) in the minutes of the board of directors at least once during each calendar year.

(c) *Fiduciary audit committee.* A national bank's fiduciary audit committee must consist of a committee of the bank's directors or an audit committee of an affiliate of the bank. However, in either case, the committee:

- (1) Must not include any officers of the bank or an affiliate who participate significantly in the administration of the bank's fiduciary activities; and
- (2) Must consist of a majority of members who are not also members of any committee to which the board of directors has delegated power to manage and control the fiduciary activities of the bank.

#### §9.10 Fiduciary funds awaiting investment or distribution.

(a) *In general.* With respect to a fiduciary account for which a national bank has investment discretion or discretion over distributions, the bank may not allow funds awaiting investment or distribution to remain uninvested and undistributed any longer than is reasonable for the proper management of the account and consistent with applicable law. With respect to a fiduciary account for which a national bank has investment discretion, the bank shall obtain for funds awaiting investment or distribution a rate of return that is consistent with applicable law.

(b) *Self-deposits*—(1) *In general.* A national bank may deposit funds of a fiduciary account that are awaiting investment or distribution in the commercial, savings, or another department of the bank, unless prohibited by applicable law. To the extent that the funds are not insured by the Federal Deposit Insurance Corporation, the bank shall set aside collateral as security, under the control of appropriate fiduciary officers and employees, in accordance with paragraph (b)(2) of this section. The market value of the collateral set aside must at all times equal or exceed the amount of the uninsured fiduciary funds.

(2) *Acceptable collateral.* A national bank may satisfy the collateral requirement of paragraph (b)(1) of this section with any of the following:

- (i) Direct obligations of the United States, or other obligations fully guaranteed by the United States as to principal and interest;
- (ii) Securities that qualify as eligible for investment by national banks pursuant to 12 CFR part 1;
- (iii) Readily marketable securities of the classes in which state banks, trust companies, or other corporations exercising fiduciary powers are permitted to invest fiduciary funds under applicable state law;
- (iv) Surety bonds, to the extent they provide adequate security, unless prohibited by applicable law; and
- (v) Any other assets that qualify under applicable state law as appropriate security for deposits of fiduciary funds.

## Comptroller of the Currency, Treasury

## §9.13

(c) *Affiliate deposits.* A national bank, acting in its fiduciary capacity, may deposit funds of a fiduciary account that are awaiting investment or distribution with an affiliated insured depository institution, unless prohibited by applicable law. A national bank may set aside collateral as security for a deposit by or with an affiliate of fiduciary funds awaiting investment or distribution, unless prohibited by applicable law.

### §9.11 Investment of fiduciary funds.

A national bank shall invest funds of a fiduciary account in a manner consistent with applicable law.

### §9.12 Self-dealing and conflicts of interest.

(a) *Investments for fiduciary accounts—*(1) *In general.* Unless authorized by applicable law, a national bank may not invest funds of a fiduciary account for which a national bank has investment discretion in the stock or obligations of, or in assets acquired from: the bank or any of its directors, officers, or employees; affiliates of the bank or any of their directors, officers, or employees; or individuals or organizations with whom there exists an interest that might affect the exercise of the best judgment of the bank.

(2) *Additional securities investments.* If retention of stock or obligations of the bank or its affiliates in a fiduciary account is consistent with applicable law, the bank may:

(i) Exercise rights to purchase additional stock (or securities convertible into additional stock) when offered pro rata to stockholders; and

(ii) Purchase fractional shares to complement fractional shares acquired through the exercise of rights or the receipt of a stock dividend resulting in fractional share holdings.

(b) *Loans, sales, or other transfers from fiduciary accounts—*(1) *In general.* A national bank may not lend, sell, or otherwise transfer assets of a fiduciary account for which a national bank has investment discretion to the bank or any of its directors, officers, or employees, or to affiliates of the bank or any of their directors, officers, or employees, or to individuals or organizations with whom there exists an interest that

might affect the exercise of the best judgment of the bank, unless:

(i) The transaction is authorized by applicable law;

(ii) Legal counsel advises the bank in writing that the bank has incurred, in its fiduciary capacity, a contingent or potential liability, in which case the bank, upon the sale or transfer of assets, shall reimburse the fiduciary account in cash at the greater of book or market value of the assets;

(iii) As provided in §9.18(b)(8)(iii) for defaulted investments; or

(iv) Required in writing by the OCC.

(2) *Loans of funds held as trustee.* Notwithstanding paragraph (b)(1) of this section, a national bank may not lend to any of its directors, officers, or employees any funds held in trust, except with respect to employee benefit plans in accordance with the exemptions found in section 408 of the Employee Retirement Income Security Act of 1974 (29 U.S.C. 1108).

(c) *Loans to fiduciary accounts.* A national bank may make a loan to a fiduciary account and may hold a security interest in assets of the account if the transaction is fair to the account and is not prohibited by applicable law.

(d) *Sales between fiduciary accounts.* A national bank may sell assets between any of its fiduciary accounts if the transaction is fair to both accounts and is not prohibited by applicable law.

(e) *Loans between fiduciary accounts.* A national bank may make a loan between any of its fiduciary accounts if the transaction is fair to both accounts and is not prohibited by applicable law.

### §9.13 Custody of fiduciary assets.

(a) *Control of fiduciary assets.* A national bank shall place assets of fiduciary accounts in the joint custody or control of not fewer than two of the fiduciary officers or employees designated for that purpose by the board of directors. A national bank may maintain the investments of a fiduciary account off-premises, if consistent with applicable law and if the bank maintains adequate safeguards and controls.

(b) *Separation of fiduciary assets.* A national bank shall keep the assets of fiduciary accounts separate from the assets of the bank. A national bank shall

## §9.14

keep the assets of each fiduciary account separate from all other accounts or shall identify the investments as the property of a particular account, except as provided in §9.18.

### §9.14 Deposit of securities with state authorities.

(a) *In general.* If state law requires corporations acting in a fiduciary capacity to deposit securities with state authorities for the protection of private or court trusts, then before a national bank acts as a private or court-appointed trustee in that state, it shall make a similar deposit with state authorities. If the state authorities refuse to accept the deposit, the bank shall deposit the securities with the Federal Reserve Bank of the district in which the national bank is located, to be held for the protection of private or court trusts to the same extent as if the securities had been deposited with state authorities.

(b) *Acting in a fiduciary capacity in more than one state.* If a national bank acts in a fiduciary capacity in more than one state, the bank may compute the amount of securities that are required to be deposited for each state on the basis of the amount of assets for which the bank is acting in a fiduciary capacity at offices located in that state. If state law requires a deposit of securities on a basis other than assets (*e.g.*, a requirement to deposit a fixed amount or an amount equal to a percentage of capital), the bank may compute the amount of deposit required in that state on a pro-rated basis, according to the proportion of fiduciary assets for which the bank is acting in a fiduciary capacity at offices located in that state.

[61 FR 68554, Dec. 30, 1996, as amended at 66 FR 34798, July 2, 2001]

### §9.15 Fiduciary compensation.

(a) *Compensation of bank.* If the amount of a national bank's compensation for acting in a fiduciary capacity is not set or governed by applicable law, the bank may charge a reasonable fee for its services.

(b) *Compensation of co-fiduciary officers and employees.* A national bank may permit any officer or employee to retain any compensation for

## 12 CFR Ch. I (1-1-09 Edition)

acting as a co-fiduciary with the bank in the administration of a fiduciary account, except with the specific approval of the bank's board of directors.

### §9.16 Receivership or voluntary liquidation of bank.

If the OCC appoints a receiver for an uninsured national bank, or if a national bank places itself in voluntary liquidation, the receiver or liquidating agent shall promptly close or transfer to a substitute fiduciary all fiduciary accounts, in accordance with OCC instructions and the orders of the court having jurisdiction.

### §9.17 Surrender or revocation of fiduciary powers.

(a) *Surrender.* In accordance with 12 U.S.C. 92a(j), a national bank seeking to surrender its fiduciary powers shall file with the OCC a certified copy of the resolution of its board of directors evidencing that intent. If, after appropriate investigation, the OCC is satisfied that the bank has been discharged from all fiduciary duties, the OCC will provide written notice that the bank is no longer authorized to exercise fiduciary powers.

(b) *Revocation.* If the OCC determines that a national bank has unlawfully or unsoundly exercised, or has failed for a period of five consecutive years to exercise its fiduciary powers, the Comptroller may, in accordance with the provisions of 12 U.S.C. 92a(k), revoke the bank's fiduciary powers.

### §9.18 Collective investment funds.

(a) *In general.* Where consistent with applicable law, a national bank may invest assets that it holds as fiduciary in the following collective investment funds:<sup>1</sup>

(1) A fund maintained by the bank, or by one or more affiliated banks,<sup>2</sup> exclusively for the collective investment

<sup>1</sup>In determining whether investing fiduciary assets in a collective investment fund is proper, the bank may consider the fund as a whole and, for example, shall not be prohibited from making that investment because any particular asset is nonincome producing.

<sup>2</sup>A fund established pursuant to this paragraph (a)(1) that includes money contributed by entities that are affiliates under 12 U.S.C.

and reinvestment of money contributed to the fund by the bank, or by one or more affiliated banks, in its capacity as trustee, executor, administrator, guardian, or custodian under a uniform gifts to minors act.

(2) A fund consisting solely of assets of retirement, pension, profit sharing, stock bonus or other trusts that are exempt from Federal income tax.

(i) A national bank may invest assets of retirement, pension, profit sharing, stock bonus, or other trusts exempt from Federal income tax and that the bank holds in its capacity as trustee in a collective investment fund established under paragraph (a)(1) or (a)(2) of this section.

(ii) A national bank may invest assets of retirement, pension, profit sharing, stock bonus, or other employee benefit trusts exempt from Federal income tax and that the bank holds in any capacity (including agent), in a collective investment fund established under this paragraph (a)(2) if the fund itself qualifies for exemption from Federal income tax.

(b) *Requirements.* A national bank administering a collective investment fund authorized under paragraph (a) of this section shall comply with the following requirements:

(1) *Written plan.* The bank shall establish and maintain each collective investment fund in accordance with a written plan (Plan) approved by a resolution of the bank's board of directors or by a committee authorized by the board. The bank shall make a copy of the Plan available for public inspection at its main office during all banking hours, and shall provide a copy of the Plan to any person who requests it. The Plan must contain appropriate provisions, not inconsistent with this part, regarding the manner in which the bank will operate the fund, including provisions relating to:

(i) Investment powers and policies with respect to the fund;

(ii) Allocation of income, profits, and losses;

221a(b), but are not members of the same affiliated group, as defined at 26 U.S.C. 1504, may fail to qualify for tax-exempt status under the Internal Revenue Code. See 26 U.S.C. 584.

(iii) Fees and expenses that will be charged to the fund and to participating accounts;

(iv) Terms and conditions governing the admission and withdrawal of participating accounts;

(v) Audits of participating accounts;

(vi) Basis and method of valuing assets in the fund;

(vii) Expected frequency for income distribution to participating accounts;

(viii) Minimum frequency for valuation of fund assets;

(ix) Amount of time following a valuation date during which the valuation must be made;

(x) Bases upon which the bank may terminate the fund; and

(xi) Any other matters necessary to define clearly the rights of participating accounts.

(2) *Fund management.* A bank administering a collective investment fund shall have exclusive management thereof, except as a prudent person might delegate responsibilities to others.<sup>3</sup>

(3) *Proportionate interests.* Each participating account in a collective investment fund must have a proportionate interest in all the fund's assets.

(4) *Valuation—(i) Frequency of valuation.* A bank administering a collective investment fund shall determine the value of the fund's readily marketable assets at least once every three months. A bank shall determine the value of the fund's assets that are not readily marketable at least once a year.

(ii) *Method of valuation—(A) In general.* Except as provided in paragraph (b)(4)(ii)(B) of this section, a bank shall value each fund asset at market value as of the date set for valuation, unless the bank cannot readily ascertain market value, in which case the bank shall use a fair value determined in good faith.

<sup>3</sup>If a fund, the assets of which consist solely of Individual Retirement Accounts, Keogh Accounts, or other employee benefit accounts that are exempt from taxation, is registered under the Investment Company Act of 1940 (15 U.S.C. 80a-1 *et seq.*), the fund will not be deemed in violation of this paragraph (b)(2) as a result of its compliance with section 10(c) of the Investment Company Act of 1940 (15 U.S.C. 80a-10(c)).

(B) *Short-term investment funds.* A bank may value a fund's assets on a cost, rather than market value, basis for purposes of admissions and withdrawals, if the Plan requires the bank to:

(1) Maintain a dollar-weighted average portfolio maturity of 90 days or less;

(2) Accrue on a straight-line basis the difference between the cost and anticipated principal receipt on maturity; and

(3) Hold the fund's assets until maturity under usual circumstances.

(5) *Admission and withdrawal of accounts—(i) In general.* A bank administering a collective investment fund shall admit an account to or withdraw an account from the fund only on the basis of the valuation described in paragraph (b)(4) of this section.

(ii) *Prior request or notice.* A bank administering a collective investment fund may admit an account to or withdraw an account from a collective investment fund only if the bank has approved a request for or a notice of intention of taking that action on or before the valuation date on which the admission or withdrawal is based. No requests or notices may be canceled or countermanded after the valuation date.

(iii) *Prior notice period for withdrawals from funds with assets not readily marketable.* A bank administering a collective investment fund described in paragraph (a)(2) of this section that is invested primarily in real estate or other assets that are not readily marketable, may require a prior notice period, not to exceed one year, for withdrawals.

(iv) *Method of distributions.* A bank administering a collective investment fund shall make distributions to accounts withdrawing from the fund in cash, ratably in kind, a combination of cash and ratably in kind, or in any other manner consistent with applicable law in the state in which the bank maintains the fund.

(v) *Segregation of investments.* If an investment is withdrawn in kind from a collective investment fund for the benefit of all participants in the fund at the time of the withdrawal but the investment is not distributed ratably in kind, the bank shall segregate and ad-

minister it for the benefit ratably of all participants in the collective investment fund at the time of withdrawal.

(6) *Audits and financial reports—(i) Annual audit.* At least once during each 12-month period, a bank administering a collective investment fund shall arrange for an audit of the collective investment fund by auditors responsible only to the board of directors of the bank.<sup>4</sup>

(ii) *Financial report.* At least once during each 12-month period, a bank administering a collective investment fund shall prepare a financial report of the fund based on the audit required by paragraph (b)(6)(i) of this section. The report must disclose the fund's fees and expenses in a manner consistent with applicable law in the state in which the bank maintains the fund. This report must contain a list of investments in the fund showing the cost and current market value of each investment, and a statement covering the period after the previous report showing the following (organized by type of investment):

(A) A summary of purchases (with costs);

(B) A summary of sales (with profit or loss and any other investment changes);

(C) Income and disbursements; and

(D) An appropriate notation of any investments in default.

(iii) *Limitation on representations.* A bank may include in the financial report a description of the fund's value on previous dates, as well as its income and disbursements during previous accounting periods. A bank may not publish in the financial report any predictions or representations as to future performance. In addition, with respect to funds described in paragraph (a)(1) of this section, a bank may not publish the performance of individual funds

<sup>4</sup>If a fund, the assets of which consist solely of Individual Retirement Accounts, Keogh Accounts, or other employee benefit accounts that are exempt from taxation, is registered under the Investment Company Act of 1940 (15 U.S.C. 80a-1 *et seq.*), the fund will not be deemed in violation of this paragraph (b)(6)(i) as a result of its compliance with section 10(c) of the Investment Company Act of 1940 (15 U.S.C. 80a-10(c)), if the bank has access to the audit reports of the fund.

other than those administered by the bank or its affiliates.

(iv) *Availability of the report.* A bank administering a collective investment fund shall provide a copy of the financial report, or shall provide notice that a copy of the report is available upon request without charge, to each person who ordinarily would receive a regular periodic accounting with respect to each participating account. The bank may provide a copy of the financial report to prospective customers. In addition, the bank shall provide a copy of the report upon request to any person for a reasonable charge.

(7) *Advertising restriction.* A bank may not advertise or publicize any fund authorized under paragraph (a)(1) of this section, except in connection with the advertisement of the general fiduciary services of the bank.

(8) *Self-dealing and conflicts of interest.* A national bank administering a collective investment fund must comply with the following (in addition to § 9.12):

(i) *Bank interests.* A bank administering a collective investment fund may not have an interest in that fund other than in its fiduciary capacity. If, because of a creditor relationship or otherwise, the bank acquires an interest in a participating account, the participating account must be withdrawn on the next withdrawal date. However, a bank may invest assets that it holds as fiduciary for its own employees in a collective investment fund.

(ii) *Loans to participating accounts.* A bank administering a collective investment fund may not make any loan on the security of a participant's interest in the fund. An unsecured advance to a fiduciary account participating in the fund until the time of the next valuation date does not constitute the acquisition of an interest in a participating account by the bank.

(iii) *Purchase of defaulted investments.* A bank administering a collective investment fund may purchase for its own account any defaulted investment held by the fund (in lieu of segregating the investment in accordance with paragraph (b)(5)(v) of this section) if, in the judgment of the bank, the cost of segregating the investment is excessive in light of the market value of the in-

vestment. If a bank elects to purchase a defaulted investment, it shall do so at the greater of market value or the sum of cost and accrued unpaid interest.

(9) *Management fees.* A bank administering a collective investment fund may charge a reasonable fund management fee only if:

(i) The fee is permitted under applicable law (and complies with fee disclosure requirements, if any) in the state in which the bank maintains the fund; and

(ii) The amount of the fee does not exceed an amount commensurate with the value of legitimate services of tangible benefit to the participating fiduciary accounts that would not have been provided to the accounts were they not invested in the fund.

(10) *Expenses.* A bank administering a collective investment fund may charge reasonable expenses incurred in operating the collective investment fund, to the extent not prohibited by applicable law in the state in which the bank maintains the fund. However, a bank shall absorb the expenses of establishing or reorganizing a collective investment fund.

(11) *Prohibition against certificates.* A bank administering a collective investment fund may not issue any certificate or other document representing a direct or indirect interest in the fund, except to provide a withdrawing account with an interest in a segregated investment.

(12) *Good faith mistakes.* The OCC will not deem a bank's mistake made in good faith and in the exercise of due care in connection with the administration of a collective investment fund to be a violation of this part if, promptly after the discovery of the mistake, the bank takes whatever action is practicable under the circumstances to remedy the mistake.

(c) *Other collective investments.* In addition to the collective investment funds authorized under paragraph (a) of this section, a national bank may collectively invest assets that it holds as fiduciary, to the extent not prohibited by applicable law, as follows:

(1) *Single loans or obligations.* In the following loans or obligations, if the

## §9.20

## 12 CFR Ch. I (1–1–09 Edition)

bank's only interest in the loans or obligations is its capacity as fiduciary:

(i) A single real estate loan, a direct obligation of the United States, or an obligation fully guaranteed by the United States, or a single fixed amount security, obligation, or other property, either real, personal, or mixed, of a single issuer; or

(ii) A variable amount note of a borrower of prime credit, if the bank uses the note solely for investment of funds held in its fiduciary accounts.

(2) *Mini-funds.* In a fund maintained by the bank for the collective investment of cash balances received or held by a bank in its capacity as trustee, executor, administrator, guardian, or custodian under a uniform gifts to minors act, that the bank considers too small to be invested separately to advantage. The total assets in the fund must not exceed \$1,000,000 and the number of participating accounts must not exceed 100.

(3) *Trust funds of corporations and closely-related settlors.* In any investment specifically authorized by the instrument creating the fiduciary account or a court order, in the case of trusts created by a corporation, including its affiliates and subsidiaries, or by several individual settlors who are closely related.

(4) *Other authorized funds.* In any collective investment authorized by applicable law, such as investments pursuant to a state pre-need funeral statute.

(5) *Special exemption funds.* In any other manner described by the bank in a written plan approved by the OCC.<sup>5</sup> In order to obtain a special exemption, a bank shall submit to the OCC a written plan that sets forth:

(i) The reason that the proposed fund requires a special exemption;

(ii) The provisions of the proposed fund that are inconsistent with paragraphs (a) and (b) of this section;

(iii) The provisions of paragraph (b) of this section for which the bank seeks an exemption; and

<sup>5</sup>Any institution that must comply with this section in order to receive favorable tax treatment under 26 U.S.C. 584 (namely, any corporate fiduciary) may seek OCC approval of special exemption funds in accordance with this paragraph (c)(5).

(iv) The manner in which the proposed fund addresses the rights and interests of participating accounts.

(2) *Amendments to registration.* Within 60 days following the date on which any information reported on Form TA-1 becomes inaccurate, misleading, or incomplete, the registrant shall file an amendment on FFIEC Form TA-1 correcting the inaccurate, misleading, or incomplete information. The filing of an amendment to an application for registration as a transfer agent under this section, which registration has not become effective, shall postpone the effective date of the registration for 30 days following the date on which the amendment is filed unless the OCC accelerates, denies, or postpones the registration in accordance with Section 17A(c) of the Securities Exchange Act of 1934.

(3) *Withdrawal from registration.* Any registered national bank transfer agent that ceases to engage in activities that require registration under Section 17A(c) of the Securities Exchange Act of 1934 may file a written notice of withdrawal from registration with the OCC. Deregistration shall be effective 60 days after filing.

(4) *Reports.* Every registration or amendment filed under this section shall constitute a report or application within the meaning of Sections 17, 17A(c), and 32(a) of the Securities Exchange Act of 1934.

### INTERPRETATIONS

#### § 9.100 Acting as indenture trustee and creditor.

With respect to a debt securities issuance, a national bank may act both as indenture trustee and as creditor until 90 days after default, if the bank maintains adequate controls to manage the potential conflicts of interest.

#### § 9.101 Providing investment advice for a fee.

(a) *In general.* The term “fiduciary capacity” at § 9.2(e) is defined to include “investment adviser, if the bank receives a fee for its investment advice.” In other words, if a bank is providing investment advice for a fee, then it is acting in a fiduciary capacity. For purposes of that definition, “investment adviser” generally means a national bank that provides advice or recommendations concerning the purchase or sale of specific securities, such as a national bank engaged in portfolio advisory and management activities (including acting as investment adviser to a mutual fund). Additionally, the qualifying phrase “if the bank receives a fee for its investment advice” excludes those activities in which the investment advice is merely incidental to other services.

(b) *Specific activities*—(1) *Full-service brokerage.* Engaging in full-service brokerage may entail providing investment advice for a fee, depending upon the commission structure and specific facts. Full-service brokerage involves investment advice for a fee if a non-bank broker engaged in that activity is considered an investment adviser under the Investment Advisers Act of 1940 (15 U.S.C. 80b-1 *et seq.*).

(2) *Activities not involving investment advice for a fee.* The following activities

generally do not entail providing investment advice for a fee:

(i) Financial advisory and counseling activities, including strategic planning of a financial nature, merger and acquisition advisory services, advisory and structuring services related to project finance transactions, and providing market economic information to customers in general;

(ii) Client-directed investment activities (*i.e.*, the bank has no investment discretion) where investment advice and research may be made available to the client, but the fee does not depend on the provision of investment advice;

(iii) Investment advisory activities incidental to acting as a municipal securities dealer;

(iv) Real estate management services provided to other financial institutions;

(v) Real estate consulting services, including acting as a finder in locating, analyzing, and making recommendations regarding the purchase of property, and making recommendations concerning the sale of property;

(vi) Advisory activities concerning bridge loans;

(vii) Advisory activities for homeowners’ associations;

(viii) Advisory activities concerning tax planning and structuring; and

(ix) Investment advisory activities authorized by the OCC under 12 U.S.C. 24(Seventh) as incidental to the business of banking.

(2) A national bank effecting a securities transaction for a cash management sweep service or other periodic plan as defined in §12.2(j)(2) shall give or send its customer a written statement, in the same form as under paragraph (e)(1) of this section, for each month in which a purchase or sale of a security takes place in a deposit account and not less than once every three months if there are no securities transactions in the account, subject to any other applicable laws and regulations.

(3) Upon written request of the customer, the bank shall give or send the information described in §12.4 (a) or (b), except that the bank need not provide to the customer any information relating to remuneration paid in connection with the transaction when the remuneration is paid by a source other than the customer.

### § 12.6 Fees.

A national bank may charge a reasonable fee for providing notification pursuant to §12.5(b), (c), and (e). A national bank may not charge a fee for providing notification pursuant to §12.4 or §12.5 (a) and (d).

(2) Provide for the fair and equitable allocation of securities and prices to accounts when the bank receives orders for the same security at approximately the same time and places the orders for execution either individually or in combination;

(3) Provide for the crossing of buy and sell orders on a fair and equitable basis to the parties to the transaction, where permissible under applicable law; and

(4) Require bank officers and employees to report to the bank, within the deadline specified in SEC rule 17j-1 (17 CFR 270.17j-1) for quarterly transaction reports, all personal transactions in securities made by them or on their behalf in which they have a beneficial interest, if the officers and employees:

(i) Make investment recommendations or decisions for the accounts of customers;

(ii) Participate in the determination of the recommendations or decisions; or

SEC Rule 17j-1 requires an "access person" of the investment adviser to report certain personal securities transactions to the investment adviser for review by the Securities and Exchange Commission. "Access person" includes directors, officers, and certain employees of the investment adviser. The reporting requirement under paragraph (a)(4) of this section is a separate requirement from any applicable requirements under SEC Rule 17j-1. However, an "access person" required to file a report with a national bank pursuant to SEC Rule 17j-1 need not file a separate report under paragraph (a)(4) of this section if the required information is the same.

[61 FR 63965, Dec. 2, 1996, as amended at 73 FR 22243, Apr. 24, 2008]

### § 12.8 Waivers.

A national bank may file a written request with the OCC for waiver of one or more of the requirements set forth in §§ 12.2 through 12.7, either in whole or in part. The OCC may grant a waiver from the requirements of this part to any national bank, or any class of national banks, with regard to a specific transaction or a specific class of transactions.

### § 12.9 Settlement of securities transactions.

(a) A national bank shall not effect or enter into a contract for the purchase or sale of a security (other than an exempted security as defined in 15 U.S.C. 78c(a)(12), government security, municipal security, commercial paper,

bankers' acceptances, or commercial bills) that provides for payment of funds and delivery of securities later than the third business day after the date of the contract, unless otherwise expressly agreed to by the parties at the time of the transaction.

(b) Paragraphs (a) and (c) of this section do not apply to contracts:

(1) For the purchase or sale of limited partnership interests that are not listed on an exchange or for which quotations are not disseminated through an automated quotation system of a registered securities association;

(2) For the purchase or sale of securities that the Securities and Exchange Commission (SEC) may from time to time, taking into account then existing market practices, exempt by order from the requirements of paragraph (a) of SEC Rule 15c6-1, 17 CFR 240.15c6-1(a), either unconditionally or on specified terms and conditions, if the SEC determines that an exemption is consistent with the public interest and the protection of investors.

(c) Paragraph (a) of this section does not apply to contracts for the sale for cash of securities that are priced after 4:30 p.m. Eastern time on the date the securities are priced and that are sold by an issuer to an underwriter pursuant to a firm commitment underwritten offering registered under the Securities Act of 1933, 15 U.S.C. 77a *et seq.*, or sold to an initial purchaser by a national bank participating in the offering. A national bank shall not effect or enter into a contract for the purchase or sale of the securities that provides for payment of funds and delivery of securities later than the fourth business day after the date of the contract unless otherwise expressly agreed to by the parties at the time of the transaction.

(d) For purposes of paragraphs (a) and (c) of this section, the parties to a contract are deemed to have expressly agreed to an alternate date for payment of funds and delivery of securities at the time of the transaction for a contract for the sale for cash of securities pursuant to a firm commitment offering if the managing underwriter and the issuer have agreed to the date for

all securities sold pursuant to the offering and the parties to the contract have not expressly agreed to another date for payment of funds and delivery of securities at the time of the transaction.

### INTERPRETATIONS

#### § 12.101 National bank disclosure of remuneration for mutual fund transactions.

A national bank may fulfill its obligation to disclose information on the source and amount of remuneration, required by §12.4, for mutual fund transactions by providing this information to the customer in a current prospectus, at or before completion of the securities transaction. The OCC's view is consistent with the position of the Securities and Exchange Commission (SEC) as provided in a no-action letter dated March 19, 1979, which permits confirmations for mutual funds to refer to the sales load disclosed in the prospectus. See Letter to the Investment Company Institute, *reprinted in* [1979 Transfer Binder] Fed. Sec. L. Rep. (CCH) 82041 (Mar. 19, 1979). The OCC would reconsider its position upon any change in the SEC's practice.

#### § 12.102 National bank use of electronic communications as customer notifications.

(a) In appropriate situations, a national bank may satisfy the "written" notification requirement under §§12.4 and 12.5 through electronic communications. Where a customer has a facsimile machine, a national bank may fulfill its notification delivery requirement by sending the notification by facsimile transmission. Similarly, a bank may satisfy the notification delivery requirement by other electronic communications when:

- (1) The parties agree to use electronic instead of hard-copy notifications;
- (2) The parties have the ability to print or download the notification;
- (3) The recipient affirms or rejects the trade through electronic notification;
- (4) The system cannot automatically delete the electronic notification; and
- (5) Both parties have the capacity to receive electronic messages.

(b) The OCC would consider the permissibility of other situations using electronic notifications on a case-by-case basis.

- 13.1 Scope.
- 13.2 Definitions.
- 13.3 Business conduct.
- 13.4 Recommendations to customers.

13.100 Obligations concerning institutional customers.

AUTHORITY: 12 U.S.C. 1 *et seq.*, and 93a; 15 U.S.C. 78o-5.

SOURCE: 62 FR 13283, Mar. 19, 1997, unless otherwise noted.

#### § 13.1 Scope.

This part applies to national banks that have filed notice as, or are required to file notice as, government securities brokers or dealers pursuant to section 15C of the Securities Exchange Act (15 U.S.C. 78o-5) and Department of the Treasury rules under section 15C (17 CFR 400.1(d) and part 401).

#### § 13.2 Definitions.

(a) *Bank that is a government securities broker or dealer* means a national bank that has filed notice, or is required to file notice, as a government securities broker or dealer pursuant to section 15C of the Securities Exchange Act (15 U.S.C. 78o-5) and Department of the Treasury rules under section 15C (17 CFR 400.1(d) and part 401).

(b) *Customer* does not include a broker or dealer or a government securities broker or dealer.

(c) *Government security* has the same meaning as this term has in section 3(a)(42) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a)(42)).

(d) *Non-institutional customer* means any customer other than:

- (1) A bank, savings association, insurance company, or registered investment company;
- (2) An investment adviser registered under section 203 of the Investment Advisers Act of 1940 (15 U.S.C. 80b-3); or

### § 13.3

(3) Any entity (whether a natural person, corporation, partnership, trust, or otherwise) with total assets of at least \$50 million.

#### § 13.3 Business conduct.

A bank that is a government securities broker or dealer shall observe high standards of commercial honor and just and equitable principles of trade in the conduct of its business as a government securities broker or dealer.

#### § 13.4 Recommendations to customers.

In recommending to a customer the purchase, sale or exchange of a government security, a bank that is a government securities broker or dealer shall have reasonable grounds for believing that the recommendation is suitable for the customer upon the basis of the facts, if any, disclosed by the customer as to the customer's other security holdings and as to the customer's financial situation and needs.

#### § 13.5 Customer information.

Prior to the execution of a transaction recommended to a non-institutional customer, a bank that is a government securities broker or dealer shall make reasonable efforts to obtain information concerning:

- (a) The customer's financial status;
- (b) The customer's tax status;
- (c) The customer's investment objectives; and
- (d) Such other information used or considered to be reasonable by the bank in making recommendations to the customer.

#### INTERPRETATIONS

##### § 13.100 Obligations concerning institutional customers.

(a) As a result of broadened authority provided by the Government Securities Act Amendments of 1993 (15 U.S.C. 78o-3 and 78o-5), the OCC is adopting sales practice rules for the government securities market, a market with a particularly broad institutional component. Accordingly, the OCC believes it is appropriate to provide further guidance to banks on their suitability obligations when making recommendations to institutional customers.

### 12 CFR Ch. I (1-1-09 Edition)

(b) The OCC's suitability rule (§13.4) is fundamental to fair dealing and is intended to promote ethical sales practices and high standards of professional conduct. Banks' responsibilities include having a reasonable basis for recommending a particular security or strategy, as well as having reasonable grounds for believing the recommendation is suitable for the customer to whom it is made. Banks are expected to meet the same high standards of competence, professionalism, and good faith regardless of the financial circumstances of the customer.

(c) In recommending to a customer the purchase, sale, or exchange of any government security, the bank shall have reasonable grounds for believing that the recommendation is suitable for the customer upon the basis of the facts, if any, disclosed by the customer as to the customer's other security holdings and financial situation and needs.

(d) The interpretation in this section concerns only the manner in which a bank determines that a recommendation is suitable for a particular institutional customer. The manner in which a bank fulfills this suitability obligation will vary, depending on the nature of the customer and the specific transaction. Accordingly, the interpretation in this section deals only with guidance regarding how a bank may fulfill customer-specific suitability obligations under §13.4.<sup>1</sup>

(e) While it is difficult to define in advance the scope of a bank's suitability obligation with respect to a specific institutional customer transaction recommended by a bank, the OCC has identified certain factors that may be relevant when considering compliance with §13.4. These factors are not intended to be requirements or the only factors to be considered but are

<sup>1</sup>The interpretation in this section does not address the obligation related to suitability that requires that a bank have " \* \* \* a 'reasonable basis' to believe that the recommendation could be suitable for at least some customers." *In the Matter of the Application of F.J. Kaufman and Company of Virginia and Frederick J. Kaufman, Jr.*, 50 SEC 164 (1989).

offered merely as guidance in determining the scope of a bank's suitability obligations.

(f) The two most important considerations in determining the scope of a bank's suitability obligations in making recommendations to an institutional customer are the customer's capability to evaluate investment risk independently and the extent to which the customer is exercising independent judgement in evaluating a bank's recommendation. A bank must determine, based on the information available to it, the customer's capability to evaluate investment risk. In some cases, the bank may conclude that the customer is not capable of making independent investment decisions in general. In other cases, the institutional customer may have general capability, but may not be able to understand a particular type of instrument or its risk. This is more likely to arise with relatively new types of instruments, or those with significantly different risk or volatility characteristics than other investments generally made by the institution. If a customer is either generally not capable of evaluating investment risk or lacks sufficient capability to evaluate the particular product, the scope of a bank's customer-specific obligations under §13.4 would not be diminished by the fact that the bank was dealing with an institutional customer. On the other hand, the fact that a customer initially needed help understanding a potential investment need not necessarily imply that the customer did not ultimately develop an understanding and make an independent investment decision.

(g) A bank may conclude that a customer is exercising independent judgement if the customer's investment decision will be based on its own independent assessment of the opportunities and risks presented by a potential investment, market factors and other investment considerations. Where the bank has reasonable grounds for concluding that the institutional customer is making independent investment decisions and is capable of independently evaluating investment risk, then a bank's obligations under §13.4 for a

particular customer are fulfilled.<sup>2</sup> Where a customer has delegated decision-making authority to an agent, such as an investment advisor or a bank trust department, the interpretation in this section shall be applied to the agent.

(h) A determination of capability to evaluate investment risk independently will depend on an examination of the customer's capability to make its own investment decisions, including the resources available to the customer to make informed decisions. Relevant considerations could include:

(1) The use of one or more consultants, investment advisers, or bank trust departments;

(2) The general level of experience of the institutional customer in financial markets and specific experience with the type of instruments under consideration;

(3) The customer's ability to understand the economic features of the security involved;

(4) The customer's ability to independently evaluate how market developments would affect the security; and

(5) The complexity of the security or securities involved.

(i) A determination that a customer is making independent investment decisions will depend on the nature of the relationship that exists between the bank and the customer.

Relevant considerations could include:

(1) Any written or oral understanding that exists between the bank and the customer regarding the nature of the relationship between the bank and the customer and the services to be rendered by the bank;

(2) The presence or absence of a pattern of acceptance of the bank's recommendations;

(3) The use by the customer of ideas, suggestions, market views and information obtained from other government securities brokers or dealers or market professionals, particularly those relating to the same type of securities; and

(4) The extent to which the bank has received from the customer current

<sup>2</sup>See footnote 1 in paragraph (d) of this section.

comprehensive portfolio information in connection with discussing recommended transactions or has not been provided important information regarding its portfolio or investment objectives.

(j) Banks are reminded that these factors are merely guidelines that will be utilized to determine whether a bank has fulfilled its suitability obligation with respect to a specific institutional customer transaction and that the inclusion or absence of any of these factors is not dispositive of the determination of suitability. Such a determination can only be made on a case-by-case basis taking into consideration all the facts and circumstances of a particular bank/customer relationship, assessed in the context of a particular transaction.

(k) For purposes of the interpretation in this section, an institutional customer shall be any entity other than a natural person. In determining the applicability of the interpretation in this section to an institutional customer, the OCC will consider the dollar value of the securities that the institutional customer has in its portfolio and/or under management. While the interpretation in this section is potentially applicable to any institutional customer, the guidance contained in this section is more appropriately applied to an institutional customer with at least \$10 million invested in securities in the aggregate in its portfolio and/or under management.

- (1) Any national bank; or
- (2) Any other person that is engaged in such activities at an office of the bank or on behalf of the bank.

(b) *Application to operating subsidiaries.* For purposes of § 5.34(e)(3) of this chapter, an operating subsidiary is subject to this part only to the extent that it sells, solicits, advertises, or offers insurance products or annuities at an office of a bank or on behalf of a bank.

(i) The person represents to a consumer that the sale, solicitation, advertisement, or offer of any insurance product or annuity is by or on behalf of the bank;

(ii) The bank refers a consumer to a seller of insurance products or annuities and the bank has a contractual arrangement to receive commissions or fees derived from a sale of an insurance product or annuity resulting from that referral; or

#### § 14.30 Prohibited practices.

(a) *Anticoercion and antitying rules.* A covered person may not engage in any practice that would lead a consumer to believe that an extension of credit, in violation of section 106(b) of the Bank Holding Company Act Amendments of 1970 (12 U.S.C. 1972), is conditional upon either:

(1) The purchase of an insurance product or annuity from the bank or any of its affiliates; or

(2) An agreement by the consumer not to obtain, or a prohibition on the consumer from obtaining, an insurance product or annuity from an unaffiliated entity.

(b) *Prohibition on misrepresentations generally.* A covered person may not engage in any practice or use any advertisement at any office of, or on behalf of, the bank or a subsidiary of the bank that could mislead any person or otherwise cause a reasonable person to reach an erroneous belief with respect to:

(1) The fact that an insurance product or annuity sold or offered for sale by a covered person or any subsidiary of the bank is not backed by the Federal government or the bank, or the fact that the insurance product or annuity is not insured by the Federal Deposit Insurance Corporation;

(2) In the case of an insurance product or annuity that involves investment risk, the fact that there is an investment risk, including the potential that principal may be lost and that the product may decline in value; or

(3) In the case of a bank or subsidiary of the bank at which insurance products or annuities are sold or offered for sale, the fact that:

(i) The approval of an extension of credit to a consumer by the bank or subsidiary may not be conditioned on the purchase of an insurance product or annuity by the consumer from the bank or a subsidiary of the bank; and

## § 14.40

## 12 CFR Ch. I (1–1–09 Edition)

(ii) The consumer is free to purchase the insurance product or annuity from another source.

(c) *Prohibition on domestic violence discrimination.* A covered person may not sell or offer for sale, as principal, agent, or broker, any life or health insurance product if the status of the applicant or insured as a victim of domestic violence or as a provider of services to victims of domestic violence is considered as a criterion in any decision with regard to insurance underwriting, pricing, renewal, or scope of coverage of such product, or with regard to the payment of insurance claims on such product, except as required or expressly permitted under State law.

### § 14.40 What a covered person must disclose.

(a) *Insurance disclosures.* In connection with the initial purchase of an insurance product or annuity by a consumer from a covered person, a covered person must disclose to the consumer, except to the extent the disclosure would not be accurate, that:

(1) The insurance product or annuity is not a deposit or other obligation of, or guaranteed by, the bank or an affiliate of the bank;

(2) The insurance product or annuity is not insured by the Federal Deposit Insurance Corporation (FDIC) or any other agency of the United States, the bank, or (if applicable) an affiliate of the bank; and

(3) In the case of an insurance product or annuity that involves an investment risk, there is investment risk associated with the product, including the possible loss of value.

(b) *Credit disclosure.* In the case of an application for credit in connection with which an insurance product or annuity is solicited, offered, or sold, a covered person must disclose that the bank may not condition an extension of credit on either:

(1) The consumer's purchase of an insurance product or annuity from the bank or any of its affiliates; or

(2) The consumer's agreement not to obtain, or a prohibition on the consumer from obtaining, an insurance product or annuity from an unaffiliated entity.

(c) *Timing and method of disclosures—*

(1) *In general.* The disclosures required by paragraph (a) of this section must be provided orally and in writing before the completion of the initial sale of an insurance product or annuity to a consumer. The disclosure required by paragraph (b) of this section must be made orally and in writing at the time the consumer applies for an extension of credit in connection with which an insurance product or annuity is solicited, offered, or sold.

(2) *Exception for transactions by mail.* If a sale of an insurance product or annuity is conducted by mail, a covered person is not required to make the oral disclosures required by paragraph (a) of this section. If a covered person takes an application for credit by mail, the covered person is not required to make the oral disclosure required by paragraph (b).

(3) *Exception for transactions by telephone.* If a sale of an insurance product or annuity is conducted by telephone, a covered person may provide the written disclosures required by paragraph (a) of this section by mail within 3 business days beginning on the first business day after the sale, excluding Sundays and the legal public holidays specified in 5 U.S.C. 6103(a). If a covered person takes an application for credit by telephone, the covered person may provide the written disclosure required by paragraph (b) of this section by mail, provided the covered person mails it to the consumer within three days beginning the first business day after the application is taken, excluding Sundays and the legal public holidays specified in 5 U.S.C. 6103(a).

(4) *Electronic form of disclosures.* (i) Subject to the requirements of section 101(c) of the Electronic Signatures in Global and National Commerce Act (12 U.S.C. 7001(c)), a covered person may provide the written disclosures required by paragraph (a) and (b) of this section through electronic media instead of on paper, if the consumer affirmatively consents to receiving the disclosures electronically and if the disclosures are provided in a format that the consumer may retain or obtain later, for example, by printing or storing electronically (such as by downloading).

(ii) Any disclosures required by paragraphs (a) or (b) of this section that are provided by electronic media are not required to be provided orally.

(5) *Disclosures must be readily understandable.* The disclosures provided shall be conspicuous, simple, direct, readily understandable, and designed to call attention to the nature and significance of the information provided. For instance, a covered person may use the following disclosures in visual media, such as television broadcasting, ATM screens, billboards, signs, posters and written advertisements and promotional materials, as appropriate and consistent with paragraphs (a) and (b) of this section:

- NOT A DEPOSIT
- NOT FDIC-INSURED
- NOT INSURED BY ANY FEDERAL GOVERNMENT AGENCY
- NOT GUARANTEED BY THE BANK [OR SAVINGS ASSOCIATION]
- MAY GO DOWN IN VALUE

(6) *Disclosures must be meaningful.* (i) A covered person must provide the disclosures required by paragraphs (a) and (b) of this section in a meaningful form. Examples of the types of methods that could call attention to the nature and significance of the information provided include:

(A) A plain-language heading to call attention to the disclosures;

(B) A typeface and type size that are easy to read;

(C) Wide margins and ample line spacing;

(D) Boldface or italics for key words; and

(E) Distinctive type style, and graphic devices, such as shading or sidebars, when the disclosures are combined with other information.

(ii) A covered person has not provided the disclosures in a meaningful form if the covered person merely states to the consumer that the required disclosures are available in printed material, but does not provide the printed material when required and does not orally disclose the information to the consumer when required.

(iii) With respect to those disclosures made through electronic media for which paper or oral disclosures are not required, the disclosures are not meaningfully provided if the consumer may

bypass the visual text of the disclosures before purchasing an insurance product or annuity.

(7) *Consumer acknowledgment.* A covered person must obtain from the consumer, at the time a consumer receives the disclosures required under paragraphs (a) or (b) of this section, or at the time of the initial purchase by the consumer of an insurance product or annuity, a written acknowledgment by the consumer that the consumer received the disclosures. A covered person may permit a consumer to acknowledge receipt of the disclosures electronically or in paper form. If the disclosures required under paragraphs (a) or (b) of this section are provided in connection with a transaction that is conducted by telephone, a covered person must:

(i) Obtain an oral acknowledgment of receipt of the disclosures and maintain sufficient documentation to show that the acknowledgment was given; and

(ii) Make reasonable efforts to obtain a written acknowledgment from the consumer.

(d) *Advertisements and other promotional material for insurance products or annuities.* The disclosures described in paragraph (a) of this section are required in advertisements and promotional material for insurance products or annuities unless the advertisements and promotional materials are of a general nature describing or listing the services or products offered by the bank.

#### § 14.50 Where insurance activities may take place.

(a) *General rule.* A bank must, to the extent practicable, keep the area where the bank conducts transactions involving insurance products or annuities physically segregated from areas where retail deposits are routinely accepted from the general public, identify the areas where insurance product or annuity sales activities occur, and clearly delineate and distinguish those areas from the areas where the bank's retail deposit-taking activities occur.

(b) *Referrals.* Any person who accepts deposits from the public in an area where such transactions are routinely

## § 14.60

conducted in the bank may refer a consumer who seeks to purchase an insurance product or annuity to a qualified person who sells that product only if the person making the referral receives no more than a one-time, nominal fee of a fixed dollar amount for each referral that does not depend on whether the referral results in a transaction.

### § 14.60 Qualification and licensing requirements for insurance sales personnel.

A bank may not permit any person to sell or offer for sale any insurance product or annuity in any part of its office or on its behalf, unless the person is at all times appropriately qualified and licensed under applicable State insurance licensing standards with regard to the specific products being sold or recommended.

All other parties to the proceeding shall have an opportunity, within ten days of receipt of service of the ex parte communication, to file responses thereto and to recommend any sanctions, in accordance with paragraph (d) of this section, that they believe to be appropriate under the circumstances.

(d) *Sanctions*. Any party or his or her counsel who makes a prohibited ex parte communication, or who encourages or solicits another to make any such communication, may be subject to any appropriate sanction or sanctions imposed by the Comptroller or the administrative law judge including, but not limited to, exclusion from the proceedings and an adverse ruling on the issue which is the subject of the prohibited communication.

(e) *Separation of functions*. Except to the extent required for the disposition of ex parte matters as authorized by law, the administrative law judge may not consult a person or party on any matter relevant to the merits of the adjudication, unless on notice and opportunity for all parties to participate. An employee or agent engaged in the performance of investigative or prosecuting functions for the OCC in a case may not, in that or a factually related case, participate or advise in the decision, recommended decision, or agency review of the recommended decision under § 19.40, except as witness or counsel in public proceedings.

Extensions may be granted at the motion of a party after notice and opportunity to respond is afforded all non-moving parties or on the Comptroller's or the administrative law judge's own motion.

### § 19.14 Witness fees and expenses.

Witnesses subpoenaed for testimony or depositions shall be paid the same fees for attendance and mileage as are paid in the United States district courts in proceedings in which the United States is a party, provided that, in the case of a discovery subpoena addressed to a party, no witness fees or mileage need be paid. Fees for witnesses shall be tendered in advance by the party requesting the subpoena, except that fees and mileage need not be tendered in advance where the OCC is the party requesting the subpoena. The OCC shall not be required to pay any fees to, or expenses of, any witness not subpoenaed by the OCC.

## § 19.19

### § 19.15 Opportunity for informal settlement.

Any respondent may, at any time in the proceeding, unilaterally submit to Enforcement Counsel written offers or proposals for settlement of a proceeding, without prejudice to the rights of any of the parties. No such offer or proposal shall be made to any OCC representative other than Enforcement Counsel. Submission of a written settlement offer does not provide a basis for adjourning or otherwise delaying all or any portion of a proceeding under this part. No settlement offer or proposal, or any subsequent negotiation or resolution, is admissible as evidence in any proceeding.

### § 19.16 OCC's right to conduct examination.

Nothing contained in this subpart limits in any manner the right of the OCC to conduct any examination, inspection, or visitation of any institution or institution-affiliated party, or the right of the OCC to conduct or continue any form of investigation authorized by law.

### § 19.17 Collateral attacks on adjudicatory proceeding.

If an interlocutory appeal or collateral attack is brought in any court concerning all or any part of an adjudicatory proceeding, the challenged adjudicatory proceeding shall continue without regard to the pendency of that court proceeding. No default or other failure to act as directed in the adjudicatory proceeding within the times prescribed in this subpart shall be excused based on the pendency before any court of any interlocutory appeal or collateral attack.

### § 19.18 Commencement of proceeding and contents of notice.

(a) *Commencement of proceeding.* (1)(i) Except for change-in-control proceedings under section 7(j)(4) of the FDIA, 12 U.S.C. 1817(j)(4), a proceeding governed by this subpart is commenced by issuance of a notice by the Comptroller.

(ii) The notice must be served by the Comptroller upon the respondent and

given to any other appropriate financial institution supervisory authority where required by law.

(iii) The notice must be filed with OFIA.

(2) Change-in control proceedings under section 7(j)(4) of the FDIA (12 U.S.C. 1817(j)(4)) commence with the issuance of an order by the Comptroller.

(b) *Contents of notice.* The notice must set forth:

(1) The legal authority for the proceeding and for the OCC's jurisdiction over the proceeding;

(2) A statement of the matters of fact or law showing that the OCC is entitled to relief;

(3) A proposed order or prayer for an order granting the requested relief;

(4) The time, place, and nature of the hearing as required by law or regulation;

(5) The time within which to file an answer as required by law or regulation;

(6) The time within which to request a hearing as required by law or regulation; and

(7) That the answer and/or request for a hearing shall be filed with OFIA.

### § 19.19 Answer.

(a) *When.* Within 20 days of service of the notice, respondent shall file an answer as designated in the notice. In a civil money penalty proceeding, respondent shall also file a request for a hearing within 20 days of service of the notice.

(b) *Content of answer.* An answer must specifically respond to each paragraph or allegation of fact contained in the notice and must admit, deny, or state that the party lacks sufficient information to admit or deny each allegation of fact. A statement of lack of information has the effect of a denial. Denials must fairly meet the substance of each allegation of fact denied; general denials are not permitted. When a respondent denies part of an allegation, that part must be denied and the remainder specifically admitted. Any allegation of fact in the notice which is not denied in the answer must be deemed admitted for purposes of the proceeding. A respondent is not required to respond

## § 19.20

to the portion of a notice that constitutes the prayer for relief or proposed order. The answer must set forth affirmative defenses, if any, asserted by the respondent.

(c) *Default*—(1) *Effect of failure to answer.* Failure of a respondent to file an answer required by this section within the time provided constitutes a waiver of his or her right to appear and contest the allegations in the notice. If no timely answer is filed, Enforcement Counsel may file a motion for entry of an order of default. Upon a finding that no good cause has been shown for the failure to file a timely answer, the administrative law judge shall file with the Comptroller a recommended decision containing the findings and the relief sought in the notice. Any final order issued by the Comptroller based upon a respondent's failure to answer is deemed to be an order issued upon consent.

(2) *Effect of failure to request a hearing in civil money penalty proceedings.* If respondent fails to request a hearing as required by law within the time provided, the notice of assessment constitutes a final and unappealable order.

## § 19.20 Amended pleadings.

(a) *Amendments.* The notice or answer may be amended or supplemented at any stage of the proceeding. The respondent must answer an amended notice within the time remaining for the respondent's answer to the original notice, or within ten days after service of the amended notice, whichever period is longer, unless the Comptroller or administrative law judge orders otherwise for good cause.

(b) *Amendments to conform to the evidence.* When issues not raised in the notice or answer are tried at the hearing by express or implied consent of the parties, they will be treated in all respects as if they had been raised in the notice or answer, and no formal amendments are required. If evidence is objected to at the hearing on the ground that it is not within the issues raised by the notice or answer, the administrative law judge may admit the evidence when admission is likely to assist in adjudicating the merits of the action and the objecting party fails to satisfy the administrative law judge

## 12 CFR Ch. I (1-1-09 Edition)

that the admission of such evidence would unfairly prejudice that party's action or defense upon the merits. The administrative law judge may grant a continuance to enable the objecting party to meet such evidence.

[61 FR 20335, May 6, 1996]

## § 19.21 Failure to appear.

Failure of a respondent to appear in person at the hearing or by a duly authorized counsel constitutes a waiver of respondent's right to a hearing and is deemed an admission of the facts as alleged and consent to the relief sought in the notice. Without further proceedings or notice to the respondent, the administrative law judge shall file with the Comptroller a recommended decision containing the findings and the relief sought in the notice.

## § 19.22 Consolidation and severance of actions.

(a) *Consolidation.* (1) On the motion of any party, or on the administrative law judge's own motion, the administrative law judge may consolidate, for some or all purposes, any two or more proceedings, if each such proceeding involves or arises out of the same transaction, occurrence or series of transactions or occurrences, or involves at least one common respondent or a material common question of law or fact, unless such consolidation would cause unreasonable delay or injustice.

(2) In the event of consolidation under paragraph (a)(1) of this section, appropriate adjustment to the pre-hearing schedule must be made to avoid unnecessary expense, inconvenience, or delay.

(b) *Severance.* The administrative law judge may, upon the motion of any party, sever the proceeding for separate resolution of the matter as to any respondent only if the administrative law judge finds that:

(1) Undue prejudice or injustice to the moving party would result from not severing the proceeding; and

(2) Such undue prejudice or injustice would outweigh the interests of judicial economy and expedition in the complete and final resolution of the proceeding.

**§ 19.23 Motions.**

(a) *In writing.* (1) Except as otherwise provided herein, an application or request for an order or ruling must be made by written motion.

(2) All written motions must state with particularity the relief sought and must be accompanied by a proposed order.

(3) No oral argument may be held on written motions except as otherwise directed by the administrative law judge. Written memoranda, briefs, affidavits or other relevant material or documents may be filed in support of or in opposition to a motion.

(b) *Oral motions.* A motion may be made orally on the record unless the administrative law judge directs that such motion be reduced to writing.

(c) *Filing of motions.* Motions must be filed with the administrative law judge, except that following the filing of the recommended decision, motions must be filed with the Comptroller.

(d) *Responses.* (1) Except as otherwise provided herein, within ten days after service of any written motion, or within such other period of time as may be established by the administrative law judge or the Comptroller, any party may file a written response to a motion. The administrative law judge shall not rule on any oral or written motion before each party has had an opportunity to file a response.

(2) The failure of a party to oppose a written motion or an oral motion made on the record is deemed a consent by that party to the entry of an order substantially in the form of the order accompanying the motion.

(e) *Dilatory motions.* Frivolous, dilatory or repetitive motions are prohibited. The filing of such motions may form the basis for sanctions.

(f) *Dispositive motions.* Dispositive motions are governed by §§ 19.29 and 19.30.

**§ 19.24 Scope of document discovery.**

(a) *Limits on discovery.* (1) Subject to the limitations set out in paragraphs (b), (c), and (d) of this section, a party to a proceeding under this subpart may obtain document discovery by serving a written request to produce documents. For purposes of a request to produce documents, the term "documents" may be defined to include

drawings, graphs, charts, photographs, recordings, data stored in electronic form, and other data compilations from which information can be obtained, or translated, if necessary, by the parties through detection devices into reasonably usable form, as well as written material of all kinds.

(2) Discovery by use of deposition is governed by subpart I of this part.

(3) Discovery by use of interrogatories is not permitted.

(b) *Relevance.* A party may obtain document discovery regarding any matter, not privileged, that has material relevance to the merits of the pending action. Any request to produce documents that calls for irrelevant material, that is unreasonable, oppressive, excessive in scope, unduly burdensome, or repetitive of previous requests, or that seeks to obtain privileged documents will be denied or modified. A request is unreasonable, oppressive, excessive in scope, or unduly burdensome if, among other things, it fails to include justifiable limitations on the time period covered and the geographic locations to be searched, the time provided to respond in the request is inadequate, or the request calls for copies of documents to be delivered to the requesting party and fails to include the requestor's written agreement to pay in advance for the copying, in accordance with § 19.25.

(c) *Privileged matter.* Privileged documents are not discoverable. Privileges include the attorney-client privilege, work-product privilege, any government's or government agency's deliberative process privilege, and any other privileges the Constitution, any applicable act of Congress, or the principles of common law provide.

(d) *Time limits.* All discovery, including all responses to discovery requests, shall be completed at least 20 days prior to the date scheduled for the commencement of the hearing, except as provided in the Local Rules. No exceptions to this time limit shall be permitted, unless the administrative law judge finds on the record that good cause exists for waiving the requirements of this paragraph.

[56 FR 38028, Aug. 9, 1991, as amended at 61 FR 20335, May 6, 1996]

**§ 19.25 Request for document discovery from parties.**

(a) *General rule.* Any party may serve on any other party a request to produce for inspection any discoverable documents that are in the possession, custody, or control of the party upon whom the request is served. The request must identify the documents to be produced either by individual item or by category, and must describe each item and category with reasonable particularity. Documents must be produced as they are kept in the usual course of business or must be organized to correspond with the categories in the request.

(b) *Production or copying.* The request must specify a reasonable time, place, and manner for production and performing any related acts. In lieu of inspecting the documents, the requesting party may specify that all or some of the responsive documents be copied and the copies delivered to the requesting party. If copying of fewer than 250 pages is requested, the party to whom the request is addressed shall bear the cost of copying and shipping charges. If a party requests 250 pages or more of copying, the requesting party shall pay for the copying and shipping charges. Copying charges are the current per-page copying rate imposed by 12 CFR part 4 implementing the Freedom of Information Act (5 U.S.C. 552). The party to whom the request is addressed may require payment in advance before producing the documents.

(c) *Obligation to update responses.* A party who has responded to a discovery request with a response that was complete when made is not required to supplement the response to include documents thereafter acquired, unless the responding party learns that:

(1) The response was materially incorrect when made; or

(2) The response, though correct when made, is no longer true and a failure to amend the response is, in substance, a knowing concealment.

(d) *Motions to limit discovery.* (1) Any party that objects to a discovery request may, within ten days of being served with such request, file a motion in accordance with the provisions of § 19.23 to strike or otherwise limit the request. If an objection is made to only

a portion of an item or category in a request, the portion objected to shall be specified. Any objections not made in accordance with this paragraph and § 19.23 are waived.

(2) The party who served the request that is the subject of a motion to strike or limit may file a written response within five days of service of the motion. No other party may file a response.

(e) *Privilege.* At the time other documents are produced, the producing party must reasonably identify all documents withheld on the grounds of privilege and must produce a statement of the basis for the assertion of privilege. When similar documents that are protected by deliberative process, attorney work-product, or attorney-client privilege are voluminous, these documents may be identified by category instead of by individual document. The administrative law judge retains discretion to determine when the identification by category is insufficient.

(f) *Motions to compel production.* (1) If a party withholds any documents as privileged or fails to comply fully with a discovery request, the requesting party may, within ten days of the assertion of privilege or of the time the failure to comply becomes known to the requesting party, file a motion in accordance with the provisions of § 19.23 for the issuance of a subpoena compelling production.

(2) The party who asserted the privilege or failed to comply with the request may file a written response to a motion to compel within five days of service of the motion. No other party may file a response.

(g) *Ruling on motions.* After the time for filing responses pursuant to this section has expired, the administrative law judge shall rule promptly on all motions filed pursuant to this section. If the administrative law judge determines that a discovery request, or any of its terms, calls for irrelevant material, is unreasonable, oppressive, excessive in scope, unduly burdensome, or repetitive of previous requests, or seeks to obtain privileged documents, he or she may deny or modify the request, and may issue appropriate protective orders, upon such conditions as

justice may require. The pendency of a motion to strike or limit discovery or to compel production is not a basis for staying or continuing the proceeding, unless otherwise ordered by the administrative law judge. Notwithstanding any other provision in this part, the administrative law judge may not release, or order a party to produce, documents withheld on grounds of privilege if the party has stated to the administrative law judge its intention to file a timely motion for interlocutory review of the administrative law judge's order to produce the documents, and until the motion for interlocutory review has been decided.

(h) *Enforcing discovery subpoenas.* If the administrative law judge issues a subpoena compelling production of documents by a party, the subpoenaing party may, in the event of noncompliance and to the extent authorized by applicable law, apply to any appropriate United States district court for an order requiring compliance with the subpoena. A party's right to seek court enforcement of a subpoena shall not in any manner limit the sanctions that may be imposed by the administrative law judge against a party who fails to produce subpoenaed documents.

[56 FR 38028, Aug. 9, 1991, as amended at 61 FR 20335, May 6, 1996]

#### § 19.26 Document subpoenas to non-parties.

(a) *General rules.* (1) Any party may apply to the administrative law judge for the issuance of a document discovery subpoena addressed to any person who is not a party to the proceeding. The application must contain a proposed document subpoena and a brief statement showing the general relevance and reasonableness of the scope of documents sought. The subpoenaing party shall specify a reasonable time, place, and manner for making production in response to the document subpoena.

(2) A party shall only apply for a document subpoena under this section within the time period during which such party could serve a discovery request under § 19.24(d). The party obtaining the document subpoena is responsible for serving it on the subpoenaed person and for serving copies on all

parties. Document subpoenas may be served in any state, territory, or possession of the United States, the District of Columbia, or as otherwise provided by law.

(3) The administrative law judge shall promptly issue any document subpoena requested pursuant to this section. If the administrative law judge determines that the application does not set forth a valid basis for the issuance of the subpoena, or that any of its terms are unreasonable, oppressive, excessive in scope, or unduly burdensome, he or she may refuse to issue the subpoena or may issue it in a modified form upon such conditions as may be consistent with the Uniform Rules.

(b) *Motion to quash or modify.* (1) Any person to whom a document subpoena is directed may file a motion to quash or modify such subpoena, accompanied by a statement of the basis for quashing or modifying the subpoena. The movant shall serve the motion on all parties, and any party may respond to such motion within ten days of service of the motion.

(2) Any motion to quash or modify a document subpoena must be filed on the same basis, including the assertion of privilege, upon which a party could object to a discovery request under § 19.25(d), and during the same time limits during which such an objection could be filed.

(c) *Enforcing document subpoenas.* If a subpoenaed person fails to comply with any subpoena issued pursuant to this section or any order of the administrative law judge which directs compliance with all or any portion of a document subpoena, the subpoenaing party or any other aggrieved party may, to the extent authorized by applicable law, apply to an appropriate United States district court for an order requiring compliance with so much of the document subpoena as the administrative law judge has not quashed or modified. A party's right to seek court enforcement of a document subpoena shall in no way limit the sanctions that may be imposed by the administrative law judge on a party who induces a failure to comply with subpoenas issued under this section.

**§ 19.27 Deposition of witness unavailable for hearing.**

(a) *General rules.* (1) If a witness will not be available for the hearing, a party desiring to preserve that witness' testimony for the record may apply in accordance with the procedures set forth in paragraph (a)(2) of this section, to the administrative law judge for the issuance of a subpoena, including a subpoena duces tecum, requiring the attendance of the witness at a deposition. The administrative law judge may issue a deposition subpoena under this section upon showing that:

(i) The witness will be unable to attend or may be prevented from attending the hearing because of age, sickness or infirmity, or will otherwise be unavailable;

(ii) The witness' unavailability was not procured or caused by the subpoenaing party;

(iii) The testimony is reasonably expected to be material; and

(iv) Taking the deposition will not result in any undue burden to any other party and will not cause undue delay of the proceeding.

(2) The application must contain a proposed deposition subpoena and a brief statement of the reasons for the issuance of the subpoena. The subpoena must name the witness whose deposition is to be taken and specify the time and place for taking the deposition. A deposition subpoena may require the witness to be deposed at any place within the country in which that witness resides or has a regular place of employment or such other convenient place as the administrative law judge shall fix.

(3) Any requested subpoena that sets forth a valid basis for its issuance must be promptly issued, unless the administrative law judge on his or her own motion, requires a written response or requires attendance at a conference concerning whether the requested subpoena should be issued.

(4) The party obtaining a deposition subpoena is responsible for serving it on the witness and for serving copies on all parties. Unless the administrative law judge orders otherwise, no deposition under this section shall be taken on fewer than ten days' notice to the witness and all parties. Deposition

subpoenas may be served in any state, territory, possession of the United States, or the District of Columbia, on any person or company doing business in any state, territory, possession of the United States, or the District of Columbia, or as otherwise permitted by law.

(b) *Objections to deposition subpoenas.* (1) The witness and any party who has not had an opportunity to oppose a deposition subpoena issued under this section may file a motion with the administrative law judge to quash or modify the subpoena prior to the time for compliance specified in the subpoena, but not more than ten days after service of the subpoena.

(2) A statement of the basis for the motion to quash or modify a subpoena issued under this section must accompany the motion. The motion must be served on all parties.

(c) *Procedure upon deposition.* (1) Each witness testifying pursuant to a deposition subpoena must be duly sworn, and each party shall have the right to examine the witness. Objections to questions or documents must be in short form, stating the grounds for the objection. Failure to object to questions or documents is not deemed a waiver except where the ground for the objection might have been avoided if the objection had been timely presented. All questions, answers, and objections must be recorded.

(2) Any party may move before the administrative law judge for an order compelling the witness to answer any questions the witness has refused to answer or submit any evidence the witness has refused to submit during the deposition.

(3) The deposition must be subscribed by the witness, unless the parties and the witness, by stipulation, have waived the signing, or the witness is ill, cannot be found, or has refused to sign. If the deposition is not subscribed by the witness, the court reporter taking the deposition shall certify that the transcript is a true and complete transcript of the deposition.

(d) *Enforcing subpoenas.* If a subpoenaed person fails to comply with any order of the administrative law judge which directs compliance with all or any portion of a deposition subpoena

## Comptroller of the Currency, Treasury

## § 19.29

under paragraph (b) or (c)(3) of this section, the subpoenaing party or other aggrieved party may, to the extent authorized by applicable law, apply to an appropriate United States district court for an order requiring compliance with the portions of the subpoena that the administrative law judge has ordered enforced. A party's right to seek court enforcement of a deposition subpoena in no way limits the sanctions that may be imposed by the administrative law judge on a party who fails to comply with, or procures a failure to comply with, a subpoena issued under this section.

### § 19.28 Interlocutory review.

(a) *General rule.* The Comptroller may review a ruling of the administrative law judge prior to the certification of the record to the Comptroller only in accordance with the procedures set forth in this section and § 19.23.

(b) *Scope of review.* The Comptroller may exercise interlocutory review of a ruling of the administrative law judge if the Comptroller finds that:

(1) The ruling involves a controlling question of law or policy as to which substantial grounds exist for a difference of opinion;

(2) Immediate review of the ruling may materially advance the ultimate termination of the proceeding;

(3) Subsequent modification of the ruling at the conclusion of the proceeding would be an inadequate remedy; or

(4) Subsequent modification of the ruling would cause unusual delay or expense.

(c) *Procedure.* Any request for interlocutory review shall be filed by a party with the administrative law judge within ten days of his or her ruling and shall otherwise comply with § 19.23. Any party may file a response to a request for interlocutory review in accordance with § 19.23(d). Upon the expiration of the time for filing all responses, the administrative law judge shall refer the matter to the Comptroller for final disposition.

(d) *Suspension of proceeding.* Neither a request for interlocutory review nor any disposition of such a request by the Comptroller under this section suspends or stays the proceeding unless

otherwise ordered by the administrative law judge or the Comptroller.

### § 19.29 Summary disposition.

(a) *In general.* The administrative law judge shall recommend that the Comptroller issue a final order granting a motion for summary disposition if the undisputed pleaded facts, admissions, affidavits, stipulations, documentary evidence, matters as to which official notice may be taken, and any other evidentiary materials properly submitted in connection with a motion for summary disposition show that:

(1) There is no genuine issue as to any material fact; and

(2) The moving party is entitled to a decision in its favor as a matter of law.

(b) *Filing of motions and responses.* (1) Any party who believes there is no genuine issue of material fact to be determined and that he or she is entitled to a decision as a matter of law may move at any time for summary disposition in its favor of all or any part of the proceeding. Any party, within 20 days after service of such a motion, or within such time period as allowed by the administrative law judge, may file a response to such motion.

(2) A motion for summary disposition must be accompanied by a statement of the material facts as to which the moving party contends there is no genuine issue. Such motion must be supported by documentary evidence, which may take the form of admissions in pleadings, stipulations, depositions, investigatory depositions, transcripts, affidavits and any other evidentiary materials that the moving party contends support his or her position. The motion must also be accompanied by a brief containing the points and authorities in support of the contention of the moving party. Any party opposing a motion for summary disposition must file a statement setting forth those material facts as to which he or she contends a genuine dispute exists. Such opposition must be supported by evidence of the same type as that submitted with the motion for summary disposition and a brief containing the points and authorities in support of the contention that summary disposition would be inappropriate.

### § 19.30

### 12 CFR Ch. I (1–1–09 Edition)

(c) *Hearing on motion.* At the request of any party or on his or her own motion, the administrative law judge may hear oral argument on the motion for summary disposition.

(d) *Decision on motion.* Following receipt of a motion for summary disposition and all responses thereto, the administrative law judge shall determine whether the moving party is entitled to summary disposition. If the administrative law judge determines that summary disposition is warranted, the administrative law judge shall submit a recommended decision to that effect to the Comptroller. If the administrative law judge finds that no party is entitled to summary disposition, he or she shall make a ruling denying the motion.

#### § 19.30 Partial summary disposition.

If the administrative law judge determines that a party is entitled to summary disposition as to certain claims only, he or she shall defer submitting a recommended decision as to those claims. A hearing on the remaining issues must be ordered. Those claims for which the administrative law judge has determined that summary disposition is warranted will be addressed in the recommended decision filed at the conclusion of the hearing.

#### § 19.31 Scheduling and prehearing conferences.

(a) *Scheduling conference.* Within 30 days of service of the notice or order commencing a proceeding or such other time as parties may agree, the administrative law judge shall direct counsel for all parties to meet with him or her in person at a specified time and place prior to the hearing or to confer by telephone for the purpose of scheduling the course and conduct of the proceeding. This meeting or telephone conference is called a “scheduling conference.” The identification of potential witnesses, the time for and manner of discovery, and the exchange of any prehearing materials including witness lists, statements of issues, stipulations, exhibits and any other materials may also be determined at the scheduling conference.

(b) *Prehearing conferences.* The administrative law judge may, in addition to

the scheduling conference, on his or her own motion or at the request of any party, direct counsel for the parties to meet with him or her (in person or by telephone) at a prehearing conference to address any or all of the following:

(1) Simplification and clarification of the issues;

(2) Stipulations, admissions of fact, and the contents, authenticity and admissibility into evidence of documents;

(3) Matters of which official notice may be taken;

(4) Limitation of the number of witnesses;

(5) Summary disposition of any or all issues;

(6) Resolution of discovery issues or disputes;

(7) Amendments to pleadings; and

(8) Such other matters as may aid in the orderly disposition of the proceeding.

(c) *Transcript.* The administrative law judge, in his or her discretion, may require that a scheduling or prehearing conference be recorded by a court reporter. A transcript of the conference and any materials filed, including orders, becomes part of the record of the proceeding. A party may obtain a copy of the transcript at his or her expense.

(d) *Scheduling or prehearing orders.* At or within a reasonable time following the conclusion of the scheduling conference or any prehearing conference, the administrative law judge shall serve on each party an order setting forth any agreements reached and any procedural determinations made.

#### § 19.32 Prehearing submissions.

(a) Within the time set by the administrative law judge, but in no case later than 14 days before the start of the hearing, each party shall serve on every other party, his or her:

(1) Prehearing statement;

(2) Final list of witnesses to be called to testify at the hearing, including name and address of each witness and a short summary of the expected testimony of each witness;

(3) List of the exhibits to be introduced at the hearing along with a copy of each exhibit; and

(4) Stipulations of fact, if any.

(b) Effect of failure to comply. No witness may testify and no exhibits may be introduced at the hearing if such witness or exhibit is not listed in the prehearing submissions pursuant to paragraph (a) of this section, except for good cause shown.

### § 19.33 Public hearings.

(a) *General rule.* All hearings shall be open to the public, unless the Comptroller, in the Comptroller's discretion, determines that holding an open hearing would be contrary to the public interest. Within 20 days of service of the notice or, in the case of change-in-control proceedings under section 7(j)(4) of the FDIA (12 U.S.C. 1817(j)(4)), within 20 days from service of the hearing order, any respondent may file with the Comptroller a request for a private hearing, and any party may file a reply to such a request. A party must serve on the administrative law judge a copy of any request or reply the party files with the Comptroller. The form of, and procedure for, these requests and replies are governed by § 19.23. A party's failure to file a request or a reply constitutes a waiver of any objections regarding whether the hearing will be public or private.

(b) *Filing document under seal.* Enforcement Counsel, in his or her discretion, may file any document or part of a document under seal if disclosure of the document would be contrary to the public interest. The administrative law judge shall take all appropriate steps to preserve the confidentiality of such documents or parts thereof, including closing portions of the hearing to the public.

[56 FR 38028, Aug. 9, 1991, as amended at 61 FR 20336, May 6, 1996]

### § 19.34 Hearing subpoenas.

(a) *Issuance.* (1) Upon application of a party showing general relevance and reasonableness of scope of the testimony or other evidence sought, the administrative law judge may issue a subpoena or a subpoena *duces tecum* requiring the attendance of a witness at the hearing or the production of documentary or physical evidence at the hearing. The application for a hearing subpoena must also contain a proposed subpoena specifying the attendance of

a witness or the production of evidence from any state, territory, or possession of the United States, the District of Columbia, or as otherwise provided by law at any designated place where the hearing is being conducted. The party making the application shall serve a copy of the application and the proposed subpoena on every other party.

(2) A party may apply for a hearing subpoena at any time before the commencement of a hearing. During a hearing, a party may make an application for a subpoena orally on the record before the administrative law judge.

(3) The administrative law judge shall promptly issue any subpoena requested pursuant to this section. If the administrative law judge determines that the application does not set forth a valid basis for the issuance of the subpoena, or that any of its terms are unreasonable, oppressive, excessive in scope, or unduly burdensome, he or she may refuse to issue the subpoena or may issue it in a modified form upon any conditions consistent with this subpart. Upon issuance by the administrative law judge, the party making the application shall serve the subpoena on the person named in the subpoena and on each party.

(b) *Motion to quash or modify.* (1) Any person to whom a hearing subpoena is directed or any party may file a motion to quash or modify the subpoena, accompanied by a statement of the basis for quashing or modifying the subpoena. The movant must serve the motion on each party and on the person named in the subpoena. Any party may respond to the motion within ten days of service of the motion.

### § 19.35 Conduct of hearings.

(a) *General rules.* (1) Hearings shall be conducted so as to provide a fair and expeditious presentation of the relevant disputed issues. Each party has the right to present its case or defense by oral and documentary evidence and to conduct such cross examination as may be required for full disclosure of the facts.

(2) Order of hearing. Enforcement Counsel shall present its case-in-chief first, unless otherwise ordered by the administrative law judge, or unless otherwise expressly specified by law or regulation. Enforcement Counsel shall be the first party to present an opening statement and a closing statement, and may make a rebuttal statement after the respondent's closing statement. If there are multiple respondents, respondents may agree among themselves as to their order of presentation of their cases, but if they do not agree, the administrative law judge shall fix the order.

(3) Examination of witnesses. Only one counsel for each party may conduct an examination of a witness, except that in the case of extensive direct examination, the administrative law judge may permit more than one counsel for the party presenting the witness to conduct the examination. A party may have one counsel conduct the direct examination and another counsel conduct re-direct examination of a witness, or may have one counsel conduct the cross examination of a witness and another counsel conduct the re-cross examination of a witness.

(4) Stipulations. Unless the administrative law judge directs otherwise, all stipulations of fact and law previously agreed upon by the parties, and all documents, the admissibility of which have been previously stipulated, will be admitted into evidence upon commencement of the hearing.

### § 19.36 Evidence.

(a) *Admissibility.* (1) Except as is otherwise set forth in this section, relevant, material, and reliable evidence that is not unduly repetitive is admissible to the fullest extent authorized by the Administrative Procedure Act and other applicable law.

(2) Evidence that would be admissible under the Federal Rules of Evidence is admissible in a proceeding conducted pursuant to this subpart.

(3) Evidence that would be inadmissible under the Federal Rules of Evidence may not be deemed or ruled to be inadmissible in a proceeding conducted pursuant to this subpart if such evidence is relevant, material, reliable and not unduly repetitive.

(b) *Official notice.* (1) Official notice may be taken of any material fact which may be judicially noticed by a United States district court and any material information in the official public records of any Federal or state government agency.

(2) All matters officially noticed by the administrative law judge or the Comptroller shall appear on the record.

(3) If official notice is requested or taken of any material fact, the parties, upon timely request, shall be afforded an opportunity to object.

(c) *Documents.* (1) A duplicate copy of a document is admissible to the same extent as the original, unless a genuine issue is raised as to whether the copy is in some material respect not a true and legible copy of the original.

(2) Subject to the requirements of paragraph (a) of this section, any document, including a report of examination, supervisory activity, inspection or visitation, prepared by an appropriate Federal financial institutions regulatory agency or by a state regulatory agency, is admissible either with or without a sponsoring witness.

(3) Witnesses may use existing or newly created charts, exhibits, calendars, calculations, outlines or other graphic material to summarize, illustrate, or simplify the presentation of testimony. Such materials may, subject to the administrative law judge's discretion, be used with or without being admitted into evidence.

(d) *Objections.* (1) Objections to the admissibility of evidence must be timely made and rulings on all objections must appear on the record.

(2) When an objection to a question or line of questioning propounded to a witness is sustained, the examining counsel may make a specific proffer on the record of what he or she expected to prove by the expected testimony of the witness either by representation of counsel or by direct interrogation of the witness.

(3) The administrative law judge shall retain rejected exhibits, adequately marked for identification, for the record, and transmit such exhibits to the Comptroller.

(4) Failure to object to admission of evidence or to any ruling constitutes a waiver of the objection.

(e) *Stipulations.* The parties may stipulate as to any relevant matters of fact or the authentication of any relevant documents. Such stipulations must be received in evidence at a hearing and are binding on the parties with respect to the matters therein stipulated.

(f) *Depositions of unavailable witnesses.* (1) If a witness is unavailable to testify at a hearing, and that witness has testified in a deposition to which all parties in a proceeding had notice and an opportunity to participate, a party may offer as evidence all or any part of the transcript of the deposition, including deposition exhibits, if any.

(2) Such deposition transcript is admissible to the same extent that testimony would have been admissible had that person testified at the hearing, provided that if a witness refused to answer proper questions during the depositions, the administrative law judge may, on that basis, limit the admissibility of the deposition in any manner that justice requires.

(3) Only those portions of a deposition received in evidence at the hearing constitute a part of the record.

#### § 19.37 Post-hearing filings.

(a) *Proposed findings and conclusions and supporting briefs.* (1) Using the same method of service for each party, the administrative law judge shall serve notice upon each party that the certified transcript, together with all hearing exhibits and exhibits introduced but not admitted into evidence at the hearing, has been filed. Any party may file with the administrative law judge proposed findings of fact, proposed conclusions of law, and a proposed order within 30 days following service of this notice by the administrative law judge or within such longer period as may be ordered by the administrative law judge.

(2) Proposed findings and conclusions must be supported by citation to any relevant authorities and by page references to any relevant portions of the record. A post-hearing brief may be filed in support of proposed findings and conclusions, either as part of the same document or in a separate document. Any party who fails to file timely with the administrative law judge any proposed finding or conclusion is deemed to have waived the right to raise in any subsequent filing or submission any issue not addressed in such party's proposed finding or conclusion.

(b) *Reply briefs.* Reply briefs may be filed within 15 days after the date on which the parties' proposed findings, conclusions, and order are due. Reply briefs must be strictly limited to responding to new matters, issues, or arguments raised in another party's papers. A party who has not filed proposed findings of fact and conclusions of law or a post-hearing brief may not file a reply brief.

(c) *Simultaneous filing required.* The administrative law judge shall not order the filing by any party of any brief or reply brief in advance of the other party's filing of its brief.

[56 FR 38028, Aug. 9, 1991, as amended at 61 FR 20336, May 6, 1996]

#### § 19.38 Recommended decision and filing of record.

(a) *Filing of recommended decision and record.* Within 45 days after expiration of the time allowed for filing reply

briefs under § 19.37(b), the administrative law judge shall file with and certify to the Comptroller, for decision, the record of the proceeding. The record must include the administrative law judge's recommended decision, recommended findings of fact, recommended conclusions of law, and proposed order; all prehearing and hearing transcripts, exhibits, and rulings; and the motions, briefs, memoranda, and other supporting papers filed in connection with the hearing. The administrative law judge shall serve upon each party the recommended decision, findings, conclusions, and proposed order.

(b) *Filing of index.* At the same time the administrative law judge files with and certifies to the Comptroller for final determination the record of the proceeding, the administrative law judge shall furnish to the Comptroller a certified index of the entire record of the proceeding. The certified index shall include, at a minimum, an entry for each paper, document or motion filed with the administrative law judge in the proceeding, the date of the filing, and the identity of the filer. The certified index shall also include an exhibit index containing, at a minimum, an entry consisting of exhibit number and title or description for: Each exhibit introduced and admitted into evidence at the hearing; each exhibit introduced but not admitted into evidence at the hearing; each exhibit introduced and admitted into evidence after the completion of the hearing; and each exhibit introduced but not admitted into evidence after the completion of the hearing.

[61 FR 20336, May 6, 1996]

**§ 19.39 Exceptions to recommended decision.**

(a) *Filing exceptions.* Within 30 days after service of the recommended decision, findings, conclusions, and proposed order under § 19.38, a party may file with the Comptroller written exceptions to the administrative law judge's recommended decision, findings, conclusions or proposed order, to the admission or exclusion of evidence, or to the failure of the administrative law judge to make a ruling proposed by a party. A supporting brief may be filed at the time the exceptions are filed, ei-

ther as part of the same document or in a separate document.

(b) *Effect of failure to file or raise exceptions.* (1) Failure of a party to file exceptions to those matters specified in paragraph (a) of this section within the time prescribed is deemed a waiver of objection thereto.

(2) No exception need be considered by the Comptroller if the party taking exception had an opportunity to raise the same objection, issue, or argument before the administrative law judge and failed to do so.

(c) *Contents.* (1) All exceptions and briefs in support of such exceptions must be confined to the particular matters in, or omissions from, the administrative law judge's recommendations to which that party takes exception.

(2) All exceptions and briefs in support of exceptions must set forth page or paragraph references to the specific parts of the administrative law judge's recommendations to which exception is taken, the page or paragraph references to those portions of the record relied upon to support each exception, and the legal authority relied upon to support each exception.

**§ 19.40 Review by the Comptroller.**

(a) *Notice of submission to the Comptroller.* When the Comptroller determines that the record in the proceeding is complete, the Comptroller shall serve notice upon the parties that the proceeding has been submitted to the Comptroller for final decision.

(b) *Oral argument before the Comptroller.* Upon the initiative of the Comptroller or on the written request of any party filed with the Comptroller within the time for filing exceptions, the Comptroller may order and hear oral argument on the recommended findings, conclusions, decision, and order of the administrative law judge. A written request by a party must show good cause for oral argument and state reasons why arguments cannot be presented adequately in writing. A denial of a request for oral argument may be set forth in the Comptroller's final decision. Oral argument before the Comptroller must be on the record.

(c) *Comptroller's final decision.* (1) Decisional employees may advise and

The final decision of the Comptroller will be based upon review of the entire record of the proceeding, except that the Comptroller may limit the issues to be reviewed to those findings and conclusions to which opposing arguments or exceptions have been filed by the parties.

(2) The Comptroller shall render a final decision within 90 days after notification of the parties that the case has been submitted for final decision, or 90 days after oral argument, whichever is later, unless the Comptroller orders that the action or any aspect thereof be remanded to the administrative law judge for further proceedings. Copies of the final decision and order of the Comptroller shall be served upon each party to the proceeding, upon other persons required by statute, and, if directed by the Comptroller or required by statute, upon any appropriate state or Federal supervisory authority.

### § 19.41 Stays pending judicial review.

The commencement of proceedings for judicial review of a final decision and order of the Comptroller may not, unless specifically ordered by the Comptroller or a reviewing court, operate as a stay of any order issued by the Comptroller. The Comptroller may, in his or her discretion, and on such terms as he or she finds just, stay the effectiveness of all or any part of an order pending a final decision on a petition for review of that order.

### § 19.111 Suspension, removal, or prohibition.

The Comptroller may serve a notice of suspension or order of removal or prohibition pursuant to 12 U.S.C. 1818(g) on an institution-affiliated party. A copy of such notice or order will be served on any depository institution that the subject of the notice or order is affiliated with at the time the notice or order is issued, whereupon the institution-affiliated party involved must immediately cease service to, or participation in the affairs of, that depository institution and, if so determined by the OCC, any other depository institution. The written request must be sent by certified mail to, or served personally with a signed receipt on, the District Deputy Comptroller in the OCC district in which the bank in question is located; if the bank is supervised by Large Bank Supervision, to the Senior Deputy Comptroller for Large Bank Supervision for the Office of the Comptroller of the Currency; if the bank is supervised by Mid-Size/Community Bank Supervision, to the Senior Deputy Comptroller for Mid-Size/Community Bank Supervision for the Office of the Comptroller of the Currency; or if the institution-affiliated party is no longer affiliated with a particular national bank, to the Deputy Comptroller for Special Supervision, Washington, DC 20219. The hearing must be scheduled to be held not later than 30

## 12 CFR Ch. I (1-1-09 Edition)

days from the date when a request for hearing is received unless the time is extended in response to a written request of the petitioner. The District Deputy Comptroller, the Senior Deputy Comptroller for Large Bank Supervision, the Senior Deputy Comptroller for Mid-Size/Community Bank Supervision, or the Deputy Comptroller for Special Supervision, as appropriate, may extend the hearing date only for a specific period of time and must take appropriate action to ensure that the hearing is not unduly delayed.

(c) *Waiver of oral hearing—(1) Petitioner.* When the petitioner requests a hearing, the petitioner may elect to have the matter determined by the presiding officer solely on the basis of written submissions by serving on the District Deputy Comptroller, the Senior Deputy Comptroller for Large Bank Supervision, the Senior Deputy Comptroller for Mid-Size/Community Bank Supervision, or the Deputy Comptroller for Special Supervision, as appropriate, and all parties, a signed document waiving the statutory right to appear and make oral argument. The petitioner must present the written submissions to the presiding officer, and serve the other parties, not later than ten days prior to the date fixed for the hearing, or within such shorter time period as the presiding officer may permit.

(2) *OCC.* The OCC may respond to the petitioner's submissions by presenting the presiding officer with a written response, and by serving the other parties, not later than the date fixed for the hearing, or within such other time period as the presiding officer may require.

(d) *Hearing procedures*—(1) *Conduct of hearing.* Hearings under this subpart are not subject to the provisions of subpart A of this part or the adjudicative provisions of the Administrative Procedure Act (5 U.S.C. 554–557).

(2) *Powers of the presiding officer.* The presiding officer shall determine all procedural issues that are governed by this subpart. The presiding officer may also permit or limit the number of witnesses and impose time limitations as he or she deems reasonable. The informal hearing will not be governed by the formal rules of evidence. All oral presentations, when permitted, and documents deemed by the presiding officer to be relevant and material to the proceeding and not unduly repetitious will be considered. The presiding officer may ask questions of any person participating in the hearing and may make any rulings reasonably necessary to facilitate the effective and efficient operation of the hearing.

(3) *Presentation.* (i) The OCC may appear and the petitioner may appear personally or through counsel at the hearing to present relevant written materials and oral argument. Except as permitted in paragraph (c) of this section, each party, including the OCC, must file a copy of any affidavit, memorandum, or other written material to be presented at the hearing with the presiding officer and must serve the other parties not later than ten days prior to the hearing or within such shorter time period as permitted by the presiding officer.

(ii) If the petitioner or the appointed OCC attorney desires to present oral testimony or witnesses at the hearing, he or she must file a written request with the presiding officer not later than ten days prior to the hearing, or within a shorter time period as permitted by the presiding officer. The names of proposed witnesses should be included, along with the general nature of the expected testimony, and the reasons why oral testimony is necessary. The presiding officer generally will not admit oral testimony or witnesses unless a specific and compelling need is demonstrated. Witnesses, if admitted, shall be sworn.

(iii) In deciding on any suspension, the presiding officer shall not consider

the ultimate question of the guilt or innocence of the individual with respect to the criminal charges which are outstanding. In deciding on any removal, the presiding officer shall not consider challenges to or efforts to impeach the validity of the conviction. The presiding officer may consider facts in either situation, however, which show the nature of the events on which the indictment or conviction was based.

(4) *Record.* A transcript of the proceedings may be taken if the petitioner requests a transcript and agrees to pay all expenses or if the presiding officer determines that the nature of the case warrants a transcript. The presiding officer may order the record to be kept open for a reasonable period following the hearing, not to exceed five business days, to permit the petitioner or the appointed OCC attorney to submit additional documents for the record. Thereafter, no further submissions may be accepted except for good cause shown.

[56 FR 38028, Aug. 9, 1991, as amended at 61 FR 20337, May 6, 1996; 73 FR 22244, Apr. 24, 2008]

#### § 19.113 Recommended and final decisions.

any manner in the affairs of any depository institution, will be affirmed, terminated, or modified. The Comptroller's decision must include a statement of reasons supporting the decision. The Comptroller's decision is a final and unappealable order.

(d) A finding of not guilty or other disposition of the charge on which a notice of suspension was based does not preclude the Comptroller from thereafter instituting removal proceedings pursuant to section 8(e) of the FDIA (12 U.S.C. 1818(e)) and subpart: A of this part.

(e) A removal or prohibition by order remains in effect until terminated by the Comptroller. A suspension or prohibition by notice remains in effect until the criminal charge is disposed of or until terminated by the Comptroller.

(f) A suspended or removed individual may petition the Comptroller to reconsider the decision any time after the expiration of a 12-month period from the date of the decision, but no petition for reconsideration may be made within 12 months of a previous petition. The petition must state specifically the relief sought and the grounds therefor, and may be accompanied by a supporting memorandum and any other documentation the petitioner wishes to have considered. No hearing need be granted on the petition for reconsideration.

or beneficial owner of securities of an issuer. The only issuers covered by this subpart are banks whose securities are registered pursuant to section 12(g) of the Exchange Act (15 U.S.C. 78l(g)). The Comptroller may deny an application for exemption without a hearing.

### § 19.121 Application for exemption.

An issuer or an individual (officer, director or shareholder) may submit a written application for an exemption order to the Securities and Corporate Practices Division, Office of the Comptroller of the Currency, Washington, DC 20219. The application must specify the type of exemption sought and the reasons therefor, including an explanation of why an exemption would not be inconsistent with the public interest or the protection of investors. The Securities and Corporate Practices Division shall inform the applicant in writing whether a hearing will be held to consider the matter.

### § 19.122 Newspaper notice.

Upon being informed that an application will be considered at a hearing, the applicant shall publish a notice one time in a newspaper of general circulation in the community where the issuer's main office is located. (c) *Presiding officer.* The Comptroller shall designate a presiding officer to conduct the hearing. The presiding officer shall determine all procedural questions not governed by this subpart and may limit the number of witnesses and impose time and presentation limitations as are deemed reasonable. At the conclusion of the informal hearing, the presiding officer shall issue a recommended decision to the Comptroller as to whether the exemption should issue. The decision shall include a summary of the facts and arguments of the parties.

(d) *Attendance.* The applicant and any person who has requested an opportunity to be heard may attend the hearing, with or without counsel. The hearing shall be open to the public. In addition, the applicant and any other hearing participant may introduce oral testimony through such witnesses as the presiding officer shall permit.

Then each of the hearing participants, or one among them selected with the approval of the presiding officer, may present an opening statement. The opening statement should summarize concisely what the applicant and each participant intends to show.

(2) The applicant shall have an opportunity to make an oral presentation of facts and materials or submit written materials for the record. One or more of the hearing participants may make an oral presentation or a written submission.

(3) After the above presentations, the applicant, followed by one or more of the hearing participants, may make concise summary statements reviewing their position.

(f) *Witnesses.* The obtaining and use of witnesses is the responsibility of the parties afforded the hearing. All witnesses shall be present on their own volition, but any person appearing as a witness may be questioned by each ap-

plicant, any hearing participant, and the presiding officer. Witnesses shall be sworn unless otherwise directed by the presiding officer.

(g) *Evidence.* The presiding officer may exclude data or materials deemed to be improper or irrelevant. Formal rules of evidence do not apply. Documentary material must be of a size consistent with ease of handling and filing. The presiding officer may determine the number of copies that must be furnished for purposes of the hearing.

(h) *Transcript.* A transcript of each proceeding will be arranged by the OCC, with all expenses, including the furnishing of a copy to the presiding officer, being borne by the applicant.

### § 19.124 Decision of the Comptroller.

Following the conclusion of the hearing and the submission of the record and the presiding officer's recommended decision to the Comptroller for decision, the Comptroller shall notify the applicant and all persons who have so requested in writing of the final disposition of the application. ### § 19.131 Notice of charges and answer.

(a) Proceedings are commenced when the Comptroller serves a notice of charges on a bank or associated person. The notice must indicate the type of disciplinary action being contemplated and the grounds therefor, and fix a date, time and place for hearing. The hearing must be set for a date at least 30 days after service of the notice. A party served with a notice of charges may file an answer as prescribed in § 19.19. Any party who fails to appear at a hearing personally or by a duly authorized representative shall be deemed to have consented to the issuance of a disciplinary order.

### Subpart F—Civil Money Penalty Authority Under the Securities Laws

#### § 19.140 Scope.

(a) Except as provided in this subpart, subpart A of this part applies to proceedings by the Comptroller to determine whether, pursuant to authority contained in section 21B of the Exchange Act (15 U.S.C. 78u-2), in proceedings commenced pursuant to sections 15B, 15C, and 17A of the Exchange Act (15 U.S.C. 78o-4, 78o-5, or 78q-1) for which the OCC is the appropriate regulatory agency under section 3(a)(34) of the Exchange Act (15 U.S.C. 78c(a)(34)), the Comptroller may impose a civil money penalty against the following:

(1) A bank which is a municipal securities dealer, or any person associated or seeking to become associated with such a municipal securities dealer;

(2) A bank which is a government securities broker or dealer, or any person associated with such government securities broker or dealer; or

(3) A bank which is a transfer agent, or any person associated or seeking to become associated with such transfer agent.

(b) All proceedings under this subpart must be commenced, and the notice of assessment must be filed, on a public basis, unless otherwise ordered by the Comptroller. Pursuant to § 19.33(a), any request for a private hearing must be filed within 20 days of service of the notice.

### Subpart G—Cease-and-Desist Authority Under the Securities Laws

#### § 19.150 Scope.

(a) Except as provided in this subpart, subpart A of this part applies to proceedings by the Comptroller to determine whether, pursuant to authority contained in sections 12(i) and 21C of the Exchange Act (15 U.S.C. 78l(i) and 78u-3), the Comptroller may initiate cease-and-desist proceedings against a national bank for violations

of sections 12, 13, 14(a), 14(c), 14(d), 14(f), and 16 of the Exchange Act or regulations or rules issued thereunder (15 U.S.C. 78l, 78m, 78n(a), 78n(c), 78n(d), 78n(f), and 78p).

(b) All proceedings under this subpart must be commenced, and the notice of charges must be filed, on a public basis, unless otherwise ordered by the Comptroller. Pursuant to § 19.33(a), any request for a private hearing must be filed within 20 days of service of the notice.

### Subpart H—Change in Bank Control

#### § 19.160 Scope.

(a) Section 7(j) of the FDIA (12 U.S.C. 1817(j)) provides that no person may acquire control of an insured depository institution unless the appropriate Federal bank regulatory agency has been given prior written notice of the proposed acquisition. If, after investigating and soliciting comment on the proposed acquisition, the agency decides that the acquisition should be disapproved, the agency shall mail a written notification to the proposed acquiring person in writing within three days of the decision. The party can then request an agency hearing on the proposed acquisition. The OCC's procedures for reviewing notices of proposed acquisitions in change-in-control proceedings are set forth in § 5.50 of this chapter.

(b) Unless otherwise provided in this subpart, the rules in subpart A of this part set forth the procedures applicable to requests for OCC hearings.

[56 FR 38028, Aug. 9, 1991, as amended at 61 FR 20337, May 6, 1996]

#### § 19.161 Notice of disapproval and hearing initiation.

(a) *Notice of disapproval.* The OCC's written disapproval of a proposed acquisition of control of a national bank must:

(1) Contain a statement of the basis for the disapproval; and

(2) Indicate that the filer may request a hearing.

(b) *Hearing request.* Following receipt of a notice of disapproval, a filer may

## § 19.170

request a hearing on the proposed acquisition. A hearing request must:

- (1) Be in writing; and
- (2) Be filed with the Hearing Clerk of the OCC within ten days after service on the filer of the notice of disapproval. If a filer fails to request a hearing with a timely written request, the notice of disapproval constitutes a final and unappealable order.

(c) *Hearing order.* Following receipt of a hearing request, the Comptroller shall issue, within 20 days, an order that sets forth:

- (1) The legal authority for the proceeding and for the OCC's jurisdiction over the proceeding;

- (2) The matters of fact or law upon which the disapproval is based; and

- (3) The requirement for filing an answer to the hearing order with OFIA within 20 days after service of the hearing order.

(d) *Answer.* An answer to a hearing order must specifically deny those portions of the order that are disputed. Those portions of the order that the filer does not specifically deny are deemed admitted by the filer. Any hearing under this subpart is limited to those portions of the order that are specifically denied.

(e) *Effect of failure to answer.* Failure of a filer to file an answer within 20 days after service of the hearing order constitutes a waiver of the filer's right to appear and contest the allegations in the hearing order. If a filer does not file a timely answer, enforcement counsel may file a motion for entry of an order of default. Upon a finding that no good cause has been shown for the failure to file a timely answer, the administrative law judge shall file with the Comptroller a recommended decision containing the findings and the relief sought in the hearing order. Any final order issued by the Comptroller based upon a filer's failure to answer is deemed to be an order issued upon consent and is a final and unappealable order.

(a) *General rule.* In any proceeding instituted under or subject to the provisions of subpart A of this part, a party may take the deposition of an expert, or of a person, including another party, who has direct knowledge of matters that are non-privileged, relevant, and material to the proceeding, and where there is need for the deposition. The deposition of experts shall be limited to those experts who are expected to testify at the hearing.

(b) *Notice.* A party desiring to take a deposition shall give reasonable notice in writing to the deponent and to every other party to the proceeding. The notice must state the time and place for taking the deposition, and the name and address of the person to be deposed.

(c) *Time limits.* A party may take depositions at any time after the commencement of the proceeding, but no later than ten days before the scheduled hearing date, except with permission of the administrative law judge for good cause shown.

(d) *Conduct of the deposition.* The witness must be duly sworn, and each party will have the right to examine the witness with respect to all non-privileged, relevant, and material matters of which the witness has factual, direct, and personal knowledge. Objections to questions or exhibits must be in short form and must state the grounds for the objection. Failure to object to questions or exhibits is not a waiver except where the grounds for the objection might have been avoided if the objection had been timely presented.

(e) *Recording the testimony*—(1) *Generally.* The party taking the deposition must have a certified court reporter record the witness's testimony:

- (i) By stenotype machine or electronic sound recording device;

- (ii) Upon agreement of the parties, by any other method; or

- (iii) For good cause and with leave of the administrative law judge, by any other method.

(2) *Cost.* The party taking the deposition must bear the cost of the recording and transcribing the witness's testimony.

(3) *Transcript.* Unless the parties agree that a transcription is not necessary, the court reporter must provide a transcript of the witness's testimony to the party taking the deposition and must make a copy of the transcript available to each party upon payment by that party of the cost of the copy.

(f) *Protective orders.* At any time after notice of a deposition has been given, a party may file a motion for the issuance of a protective order. Such protective order may prohibit, terminate, or limit the scope or manner of the taking of a deposition. The administrative law judge shall grant such protective order upon a showing of sufficient grounds, including that the deposition:

(1) Is unreasonable, oppressive, excessive in scope, or unduly burdensome;

(2) Involves privileged, irrelevant, or immaterial matters;

(3) Involves unwarranted attempts to pry into a party's preparation for trial; or

(4) Is being conducted in bad faith or in such manner as to unreasonably annoy, embarrass, or oppress the witness.

(g) *Fees.* Deposition witnesses, including expert witnesses, shall be paid the same expenses in the same manner as are paid witnesses in the district courts of the United States in proceedings in which the United States is a party. Expenses in accordance with this paragraph shall be paid by the party seeking to take the deposition.

[56 FR 38028, Aug. 9, 1991, as amended at 61 FR 20338, May 6, 1996]

#### § 19.171 Deposition subpoenas.

(a) *Issuance.* At the request of a party, the administrative law judge shall issue a subpoena requiring the attendance of a witness at a discovery deposition under paragraph (a) of this section. The attendance of a witness may be required from any place in any state or territory that is subject to the jurisdiction of the United States or as otherwise permitted by law.

(b) *Service*—(1) *Methods of service.* The party requesting the subpoena must

serve it on the person named therein, or on that person's counsel, by any of the methods identified in § 19.11(d).

(2) *Proof of service.* The party serving the subpoena must file proof of service with the administrative law judge.

(c) *Motion to quash.* A person named in a subpoena may file a motion to quash or modify the subpoena. A statement of the reasons for the motion must accompany it and a copy of the motion must be served on the party which requested the subpoena. The motion must be made prior to the time for compliance specified in the subpoena and not more than ten days after the date of service of the subpoena, or if the subpoena is served within 15 days of the hearing, within five days after the date of service.

(d) *Enforcement of deposition subpoena.* Enforcement of a deposition subpoena shall be in accordance with the procedures of § 19.27(d).

### Subpart J—Formal Investigations

#### § 19.180 Scope.

This subpart and § 19.8 apply to formal investigations initiated by order of the Comptroller or the Comptroller's delegate and pertain to the exercise of powers specified in 12 U.S.C. 481, 1818(n) and 1820(c), and section 21 of the Exchange Act (15 U.S.C. 78u). This subpart does not restrict or in any way affect the authority of the Comptroller to conduct examinations into the affairs or ownership of banks and their affiliates.

#### § 19.181 Confidentiality of formal investigations.

Information or documents obtained in the course of a formal investigation are confidential and may be disclosed only in accordance with the provisions of part 4 of this chapter.

#### § 19.182 Order to conduct a formal investigation.

A formal investigation begins with the issuance of an order signed by the

Comptroller or the Comptroller's delegate. The order must designate the person or persons who will conduct the investigation. Such persons are authorized, among other things, to issue subpoenas duces tecum, to administer oaths, and receive affirmations as to any matter under investigation by the Comptroller. Upon application and for good cause shown, the Comptroller may limit, modify, or withdraw the order at any stage of the proceedings.

### § 19.183 Rights of witnesses.

(a) Any person who is compelled or requested to furnish testimony, documentary evidence, or other information with respect to any matter under formal investigation shall, on request, be shown the order initiating the investigation.

(b) Any person who, in a formal investigation, is compelled to appear and testify, or who appears and testifies by request or permission of the Comptroller, may be accompanied, represented, and advised by counsel. The right to be accompanied, represented, and advised by counsel means the right of a person testifying to have an attorney present at all times while testifying and to have the attorney—

(1) Advise the person before, during and after the conclusion of testimony;

(2) Question the person briefly at the conclusion of testimony to clarify any of the answers given; and

(3) Make summary notes during the testimony solely for the use of the person.

(c) Any person who has given or will give testimony and counsel representing the person may be excluded from the proceedings during the taking of testimony of any other witness.

(d) Any person who is compelled to give testimony is entitled to inspect any transcript that has been made of the testimony but may not obtain a copy if the Comptroller's representatives conducting the proceedings have cause to believe that the contents should not be disclosed pending completion of the investigation.

(e) Any designated representative conducting an investigative proceeding shall report to the Comptroller any instances where a person has been guilty of dilatory, obstructionist or insubordi-

### § 19.184 Service of subpoena and payment of witness expenses.

(a) *Methods of service.* Service of a subpoena may be made by any of the methods identified in § 19.11(d).

(b) *Expenses.* A witness who is subpoenaed will be paid the same expenses in the same manner as witnesses in the district courts of the United States. The expenses need not be tendered at the time a subpoena is served.

## Subpart K—Parties and Representational Practice Before the OCC; Standards of Conduct

### § 19.190 Scope.

This subpart contains rules relating to parties and representational practice before the OCC. This subpart includes the imposition of sanctions by the administrative law judge, any other presiding officer appointed pursuant to subparts C and D of this part, or the Comptroller against parties or their counsel in an adjudicatory proceeding under this part. This subpart also covers other disciplinary sanctions—censure, suspension or debarment—against individuals who appear before the OCC in a representational capacity either in an adjudicatory proceeding under this part or in any other matters connected with presentations to the OCC relating to a client's rights, privileges, or liabilities. This representation includes, but is not limited to, the practice of attorneys and accountants. Employees of the OCC are not subject to disciplinary proceedings under this subpart.

[56 FR 38028, Aug. 9, 1991; 56 FR 41726, Aug. 22, 1991]

### § 19.191 Definitions.

As used in §§ 19.190 through 19.201, the following terms shall have the meaning

given in this section unless the context otherwise requires:

(a) *Practice before the OCC* includes any matters connected with presentations to the OCC or any of its officers or employees relating to a client's rights, privileges or liabilities under laws or regulations administered by the OCC. Such matters include, but are not limited to, representation of a client in an adjudicatory proceeding under this part; the preparation of any statement, opinion or other paper or document by an attorney, accountant, or other licensed professional which is filed with, or submitted to, the OCC, on behalf of another person in, or in connection with, any application, notification, report or document; the representation of a person at conferences, hearings and meetings; and the transaction of other business before the OCC on behalf of another person. The term "practice before the OCC" does not include work prepared for a bank solely at its request for use in the ordinary course of its business.

(b) *Attorney* means any individual who is a member in good standing of the bar of the highest court of any state, possession, territory, commonwealth, of the United States or the District of Columbia.

(c) *Accountant* means any individual who is duly qualified to practice as a certified public accountant or a public accountant in any state, possession, territory, commonwealth of the United States, or the District of Columbia.

**§ 19.192 Sanctions relating to conduct in an adjudicatory proceeding.**

(a) *General rule.* Appropriate sanctions may be imposed when any party or person representing a party in an adjudicatory proceeding under this part has failed to comply with an applicable statute, regulation, or order, and that failure to comply:

(1) Constitutes contemptuous conduct;

(2) Materially injures or prejudices another party in terms of substantive injury, incurring additional expenses including attorney's fees, prejudicial delay, or otherwise;

(3) Is a clear and unexcused violation of an applicable statute, regulation, or order; or

(4) Unduly delays the proceeding.

(b) *Sanctions.* Sanctions which may be imposed include any one or more of the following:

(1) Issuing an order against the party;

(2) Rejecting or striking any testimony or documentary evidence offered, or other papers filed, by the party;

(3) Precluding the party from contesting specific issues or findings;

(4) Precluding the party from offering certain evidence or from challenging or contesting certain evidence offered by another party;

(5) Precluding the party from making a late filing or conditioning a late filing on any terms that are just; and

(6) Assessing reasonable expenses, including attorney's fees, incurred by any other party as a result of the improper action or failure to act.

(c) *Procedure for imposition of sanctions.* (1) Upon the motion of any party, or on his or her own motion, the administrative law judge or other presiding officer may impose sanctions in accordance with this section. The administrative law judge or other presiding officer shall submit to the Comptroller for final ruling any sanction entering a final order that determines the case on the merits.

(2) No sanction authorized by this section, other than refusal to accept late filings, shall be imposed without prior notice to all parties and an opportunity for any party against whom sanctions would be imposed to be heard. Such opportunity to be heard may be on such notice, and the response may be in such form as the administrative law judge or other presiding officer directs. The administrative law judge or other presiding officer may limit the opportunity to be heard to an opportunity of a party or a party's representative to respond orally immediately after the act or inaction covered by this section is noted by the administrative law judge or other presiding officer.

(3) Requests for the imposition of sanctions by any party, and the imposition of sanctions, are subject to interlocutory review pursuant to § 19.25 in the same manner as any other ruling.

### § 19.193

(d) *Section not exclusive.* Nothing in this section shall be read as precluding the administrative law judge or other presiding officer or the Comptroller from taking any other action, or imposing any restriction or sanction, authorized by applicable statute or regulation.

### § 19.193 Censure, suspension or debarment.

The Comptroller may censure an individual or suspend or debar such individual from practice before the OCC if he or she is incompetent in representing a client's rights or interest in a significant matter before the OCC; or engages, or has engaged, in disreputable conduct; or refuses to comply with the rules and regulations in this part; or with intent to defraud in any manner, willfully and knowingly deceives, misleads, or threatens any client or prospective client. The suspension or debarment of an individual may be initiated only upon a finding by the Comptroller that the basis for the disciplinary action is sufficiently egregious.

### § 19.194 Eligibility of attorneys and accountants to practice.

(a) *Attorneys.* Any attorney who is qualified to practice as an attorney and is not currently under suspension or debarment pursuant to this subpart may practice before the OCC.

(b) *Accountants.* Any accountant who is qualified to practice as a certified public accountant or public accountant and is not currently under suspension or debarment by the OCC may practice before the OCC.

### § 19.195 Incompetence.

Incompetence in the representation of a client's rights and interests in a significant matter before the OCC is grounds for suspension or debarment. The term "incompetence" encompasses conduct that reflects a lack of the knowledge, judgment and skill that a professional would ordinarily and reasonably be expected to exercise in adequately representing the rights and interests of a client. Such conduct includes, but is not limited to:

(a) Handling a matter which the individual knows or should know that he or

### 12 CFR Ch. I (1-1-09 Edition)

she is not competent to handle, without associating with a professional who is competent to handle such matter.

(b) Handling a matter without adequate preparation under the circumstances.

(c) Neglect in a matter entrusted to him or her.

### § 19.196 Disreputable conduct.

Disreputable conduct for which an individual may be censured, debarred, or suspended from practice before the OCC includes:

(a) Willfully or recklessly violating or willfully or recklessly aiding and abetting the violation of any provision of the Federal banking or applicable securities laws or the rules and regulations thereunder or conviction of any offense involving dishonesty or breach of trust;

(b) Knowingly or recklessly giving false or misleading information, or participating in any way in the giving of false information to the OCC or any officer or employee thereof, or to any tribunal authorized to pass upon matters administered by the OCC in connection with any matter pending or likely to be pending before it. The term "information" includes facts or other statements contained in testimony, financial statements, applications for enrollment, affidavits, declarations, or any other document or written or oral statement;

(c) Directly or indirectly attempting to influence, or offering or agreeing to attempt to influence, the official action of any officer or employee of the OCC by the use of threats, false accusations, duress or coercion, by the offer of any special inducement or promise of advantage or by the bestowing of any gift, favor, or thing of value.

(d) Disbarment or suspension from practice as an attorney, or debarment or suspension from practice as a certified public accountant or public accountant, by any duly constituted authority of any state, possession, or commonwealth of the United States, or the District of Columbia for the conviction of a felony or misdemeanor involving moral turpitude in matters relating to the supervisory responsibilities of the OCC, where the conviction has not been reversed on appeal.

## Comptroller of the Currency, Treasury

## § 19.199

(e) Knowingly aiding or abetting another individual to practice before the OCC during that individual's period of suspension, debarment, or ineligibility.

(f) Contemptuous conduct in connection with practice before the OCC, and knowingly making false accusations and statements, or circulating or publishing malicious or libelous matter.

(g) Suspension, debarment or removal from practice before the Board of Governors, the FDIC, the OTS, the Securities and Exchange Commission, the Commodity Futures Trading Commission, or any other Federal or state agency; and

(h) Willful violation of any of the regulations contained in this part.

[56 FR 38028, Aug. 9, 1991, as amended at 68 FR 48265, Aug. 13, 2003]

### § 19.197 Initiation of disciplinary proceeding.

(a) *Receipt of information.* An individual, including any employee of the OCC, who has reason to believe that an individual practicing before the OCC in a representative capacity has engaged in any conduct that would serve as a basis for censure, suspension or debarment under § 19.192, may make a report thereof and forward it to the OCC or to such person as may be delegated responsibility for such matters by the Comptroller.

(b) *Censure without formal proceeding.* Upon receipt of information regarding an individual's qualification to practice before the OCC, the Comptroller or the Comptroller's delegate may, after giving the individual notice and opportunity to respond, censure such individual.

(c) *Institution of formal disciplinary proceeding.* When the Comptroller has reason to believe that any individual who practices before the OCC in a representative capacity has engaged in conduct that would serve as a basis for censure, suspension or debarment under § 19.192, the Comptroller may, after giving the individual notice and opportunity to respond, institute a formal disciplinary proceeding against such individual. The proceeding will be conducted pursuant to § 19.199 and initiated by a complaint which names the individual as a respondent and is signed by the Comptroller or the Com-

troller's delegate. Except in cases of willfulness, or when time, the nature of the proceeding, or the public interest do not permit, a proceeding under this section may not be commenced until the respondent has been informed, in writing, of the facts or conduct which warrant institution of a proceeding and the respondent has been accorded the opportunity to comply with all lawful requirements or take whatever action may be necessary to remedy the conduct that is the basis for the commencement of the proceeding.

[56 FR 38028, Aug. 9, 1991; 56 FR 46667, Sept. 13, 1991]

### § 19.198 Conferences.

(a) *General.* The Comptroller may confer with a proposed respondent concerning allegations of misconduct or other grounds for censure, debarment or suspension, regardless of whether a proceeding for debarment or suspension has been commenced. If a conference results in a stipulation in connection with a proceeding in which the individual is the respondent, the stipulation may be entered in the record at the request of either party to the proceeding.

(b) *Resignation or voluntary suspension.* In order to avoid the institution of, or a decision in, a debarment or suspension proceeding, a person who practices before the OCC may consent to suspension from practice. At the discretion of the Comptroller, the individual may be suspended or debarred in accordance with the consent offered.

### § 19.199 Proceedings under this subpart.

Any hearing held under this subpart is held before an administrative law judge pursuant to procedures set forth in subpart A of this part. The Comptroller or the Comptroller's delegate shall appoint a person to represent the OCC in the hearing. Any person having prior involvement in the matter which is the basis for the suspension or debarment proceeding is disqualified from representing the OCC in the hearing. The hearing will be closed to the public unless the Comptroller on his or her own initiative, or on the request of a

## § 19.200

party, otherwise directs. The administrative law judge shall issue a recommended decision to the Comptroller who shall issue the final decision and order. The Comptroller may censure, debar or suspend an individual, or take such other disciplinary action as the Comptroller deems appropriate.

### § 19.200 Effect of suspension, debarment or censure.

(a) *Debarment.* If the final order against the respondent is for debarment, the individual may not practice before the OCC unless otherwise permitted to do so by the Comptroller.

(b) *Suspension.* If the final order against the respondent is for suspension, the individual may not practice before the OCC during the period of suspension.

(c) *Censure.* If the final order against the respondent is for censure, the individual may be permitted to practice before the OCC, but such individual's future representations may be subject to conditions designed to promote high standards of conduct. If a written letter of censure is issued, a copy will be maintained in the OCC's files.

(d) *Notice of debarment or suspension.* Upon the issuance of a final order for suspension or debarment, the Comptroller shall give notice of the order to appropriate officers and employees of the OCC and to interested departments and agencies of the Federal government. The Comptroller or the Comptroller's delegate shall also give notice to the appropriate authorities of the state in which any debarred or suspended individual is or was licensed to practice.

### § 19.201 Petition for reinstatement.

At the expiration of the period of time designated in the order of debarment, the Comptroller may entertain a petition for reinstatement from any person debarred from practice before the OCC. The Comptroller may grant reinstatement only if satisfied that the petitioner is likely to act in accordance with the regulations in this part, and that granting reinstatement would not be contrary to the public interest. Any request for reinstatement shall be limited to written submissions unless

the Comptroller, in his or her discretion, affords the petitioner a hearing.

### Subpart L—Equal Access to Justice Act

#### § 19.210 Scope.

The Equal Access to Justice Act regulations applicable to formal OCC adjudicatory proceedings under this part are set forth at 31 CFR part 6.

### Subpart M—Procedures for Reclassifying a Bank Based on Criteria Other Than Capital

SOURCE: 57 FR 44895, Sept. 29, 1992, unless otherwise noted.

#### § 19.220 Scope.

This subpart applies to the procedures afforded to any bank that has been reclassified to a lower capital category by a notice or order issued by the OCC pursuant to section 38 of the Federal Deposit Insurance Act and this part.

#### § 19.221 Reclassification of a bank based on unsafe or unsound condition or practice.

(a) *Issuance of notice of proposed reclassification—(1) Grounds for reclassification.* (i) Pursuant to §6.4 of this chapter, the OCC may reclassify a well capitalized bank as adequately capitalized or subject an adequately capitalized bank or undercapitalized bank to the supervisory actions applicable to the next lower capital category if:

(A) The OCC determines that the bank is in an unsafe or unsound condition; or

(B) The OCC deems the bank to be engaging in an unsafe or unsound practice and not to have corrected the deficiency.

(ii) Any action pursuant to this paragraph (a)(1) shall hereinafter be referred to as "reclassification."

(2) *Prior notice to institution.* Prior to taking action pursuant to §6.4 of this chapter, the OCC shall issue and serve on the bank a written notice of the OCC's intention to reclassify the bank.

(b) *Contents of notice.* A notice of intention to reclassify a bank based on

unsafe or unsound condition will include:

(1) A statement of the bank's capital measures and capital levels and the category to which the bank would be reclassified;

(2) The reasons for reclassification of the bank;

(3) The date by which the bank subject to the notice of reclassification may file with the OCC a written appeal of the proposed reclassification and a request for a hearing, which shall be at least 14 calendar days from the date of service of the notice unless the OCC determines that a shorter period is appropriate in light of the financial condition of the bank or other relevant circumstances.

(c) *Response to notice of proposed reclassification.* A bank may file a written response to a notice of proposed reclassification within the time period set by the OCC. The response should include:

(1) An explanation of why the bank is not in unsafe or unsound condition or otherwise should not be reclassified;

(2) Any other relevant information, mitigating circumstances, documentation, or other evidence in support of the position of the bank or company regarding the reclassification.

(d) *Failure to file response.* Failure by a bank to file, within the specified time period, a written response with the OCC to a notice of proposed reclassification shall constitute a waiver of the opportunity to respond and shall constitute consent to the reclassification.

(e) *Request for hearing and presentation of oral testimony or witnesses.* The response may include a request for an informal hearing before the OCC under this section. If the bank desires to present oral testimony or witnesses at the hearing, the bank shall include a request to do so with the request for an informal hearing. A request to present oral testimony or witnesses shall specify the names of the witnesses and the general nature of their expected testimony. Failure to request a hearing shall constitute a waiver of any right to a hearing, and failure to request the opportunity to present oral testimony or witnesses shall constitute a waiver of any right to present oral testimony or witnesses.

(f) *Order for informal hearing.* Upon receipt of a timely written request that includes a request for a hearing, the OCC shall issue an order directing an informal hearing to commence no later than 30 days after receipt of the request, unless the OCC allows further time at the request of the bank. The hearing shall be held in Washington, DC or at such other place as may be designated by the OCC, before a presiding officer(s) designated by the OCC to conduct the hearing.

(g) *Hearing procedures.* (1) The bank shall have the right to introduce relevant written materials and to present oral argument at the hearing. The bank may introduce oral testimony and present witnesses only if expressly authorized by the OCC or the presiding officer(s). Neither the provisions of the Administrative Procedure Act (5 U.S.C. 554-557) governing adjudications required by statute to be determined on the record nor the Uniform Rules of Practice and Procedure in subpart A of this part apply to an informal hearing under this section unless the OCC orders that such procedures shall apply.

(2) The informal hearing shall be recorded, and a transcript furnished to the bank upon request and payment of the cost thereof. Witnesses need not be sworn, unless specifically requested by a party or the presiding officer(s). The presiding officer(s) may ask questions of any witness.

(3) The presiding officer(s) may order that the hearing be continued for a reasonable period (normally five business days) following completion of oral testimony or argument to allow additional written submissions to the hearing record.

(h) *Recommendation of presiding officer(s).* Within 20 calendar days following the date the hearing and the record on the proceeding are closed, the presiding officer(s) shall make a recommendation to the OCC on the reclassification.

(i) *Time for decision.* Not later than 60 calendar days after the date the record is closed or the date of the response in a case where no hearing was requested, the OCC will decide whether to reclassify the bank and notify the bank of the OCC's decision.

**§ 19.222 Request for rescission of reclassification.**

Any bank that has been reclassified under part 6 of this chapter and this subpart, may, upon a change in circumstances, request in writing that the OCC reconsider the reclassification, and may propose that the reclassification be rescinded and that any directives issued in connection with the reclassification be modified, rescinded, or removed. Unless otherwise ordered by the OCC, the bank shall remain subject to the reclassification and to any directives issued in connection with that reclassification while such request is pending before the OCC.

**Subpart N—Order To Dismiss a Director or Senior Executive Officer**

SOURCE: 57 FR 44896, Sept. 29, 1992, unless otherwise noted.

**§ 19.230 Scope.**

This subpart applies to informal hearings afforded to any director or senior executive officer dismissed pursuant to an order issued under 12 U.S.C. 1831o and part 6 of this chapter.

**§ 19.231 Order to dismiss a director or senior executive officer.**

(a) *Service of notice.* When the OCC issues and serves a directive on a bank pursuant to subpart B of part 6 of this chapter requiring the bank to dismiss from office any director or senior executive officer under section 38(f)(2)(F)(ii) of the FDI Act, the OCC shall also serve a copy of the directive, or the relevant portions of the directive where appropriate, upon the person to be dismissed.

(b) *Response to directive—(1) Request for reinstatement.* A director or senior executive officer who has been served with a directive under paragraph (a) of this section (Respondent) may file a written request for reinstatement. The request for reinstatement shall be filed within 10 calendar days of the receipt of the directive by the Respondent, unless further time is allowed by the OCC at the request of the Respondent.

(2) *Contents of request; informal hearing.* The request for reinstatement

shall include reasons why the Respondent should be reinstated, and may include a request for an informal hearing before the OCC or its designee under this section. If the Respondent desires to present oral testimony or witnesses at the hearing, the Respondent shall include a request to do so with the request for an informal hearing. The request to present oral testimony or witnesses shall specify the names of the witnesses and the general nature of their expected testimony. Failure to request a hearing shall constitute a waiver of any right to a hearing and failure to request the opportunity to present oral testimony or witnesses shall constitute a waiver of any right or opportunity to present oral testimony or witnesses.

(3) *Effective date.* Unless otherwise ordered by the OCC, the dismissal shall remain in effect while a request for reinstatement is pending.

(c) *Order for informal hearing.* Upon receipt of a timely written request from a Respondent for an informal hearing on the portion of a directive requiring a bank to dismiss from office any director or senior executive officer, the OCC shall issue an order directing an informal hearing to commence no later than 30 days after receipt of the request, unless the Respondent requests a later date. The hearing shall be held in Washington, DC, or at such other place as may be designated by the OCC, before a presiding officer(s) designated by the OCC to conduct the hearing.

(d) *Hearing procedures.* (1) A Respondent may appear at the hearing personally or through counsel. A Respondent shall have the right to introduce relevant written materials and to present oral argument. A Respondent may introduce oral testimony and present witnesses only if expressly authorized by the OCC or the presiding officer(s). Neither the provisions of the Administrative Procedure Act governing adjudications required by statute to be determined on the record nor the Uniform Rules of Practice and Procedure in subpart A of this part apply to an informal hearing under this section unless the OCC orders that such procedures shall apply.

## § 19.240

(2) The informal hearing shall be recorded, and a transcript furnished to the Respondent upon request and payment of the cost thereof. Witnesses need not be sworn, unless specifically requested by a party or the presiding officer(s). The presiding officer(s) may ask questions of any witness.

(3) The presiding officer(s) may order that the hearing be continued for a reasonable period (normally five business days) following completion of oral testimony or argument to allow additional written submissions to the hearing record.

(e) *Standard for review.* A Respondent shall bear the burden of demonstrating that his or her continued employment by or service with the bank would materially strengthen the bank's ability:

(1) To become adequately capitalized, to the extent that the directive was issued as a result of the bank's capital level or failure to submit or implement a capital restoration plan; and

(2) To correct the unsafe or unsound condition or unsafe or unsound practice, to the extent that the directive was issued as a result of classification of the bank based on supervisory criteria other than capital, pursuant to section 38(g) of the FDI Act.

(f) *Recommendation of presiding officer.* Within 20 calendar days following the

date the hearing and the record on the proceeding are closed, the presiding officer(s) shall make a recommendation to the OCC concerning the Respondent's request for reinstatement with the bank.

(g) *Time for decision.* Not later than 60 calendar days after the date the record is closed or the date of the response in a case where no hearing was requested, the OCC shall grant or deny the request for reinstatement and notify the Respondent of the OCC's decision. If the OCC denies the request for reinstatement, the OCC shall set forth in the notification the reasons for the OCC's action.

### Subpart P—Removal, Suspension, and Debarment of Accountants From Performing Audit Services

SOURCE: 68 FR 48265, Aug. 13, 2003, unless otherwise noted.

#### § 19.241 Scope.

This subpart, which implements section 36(g)(4) of the Federal Deposit Insurance Act (FDI Act) (12 U.S.C. 1831m(g)(4)), provides rules and procedures for the removal, suspension, or debarment of independent public accountants and their accounting firms from performing independent audit and attestation services required by section 36 of the FDI Act (12 U.S.C. 1831m) for insured national banks and Federal branches and agencies of foreign banks.

[73 FR 22244, Apr. 24, 2008]

#### § 19.242 Definitions.

As used in this subpart, the following terms shall have the meaning given below unless the context requires otherwise:

(a) *Accounting firm* means a corporation, proprietorship, partnership, or other business firm providing audit services.

(b) *Audit services* means any service required to be performed by an independent public accountant by section 36 of the FDIA and 12 CFR part 363, including attestation services.

(c) *Independent public accountant (accountant)* means any individual who performs or participates in providing audit services.

#### § 19.243 Removal, suspension, or debarment.

(a) *Good cause for removal, suspension, or debarment*—(1) *Individuals*. The Comptroller may remove, suspend, or debar an independent public accountant from performing audit services for insured national banks that are subject to section 36 of the FDIA if, after service of a notice of intention and oppor-

tunity for hearing in the matter, the Comptroller finds that the accountant:

(i) Lacks the requisite qualifications to perform audit services;

(ii) Has knowingly or recklessly engaged in conduct that results in a violation of applicable professional standards, including those standards and conflicts of interest provisions applicable to accountants through the Sarbanes-Oxley Act of 2002, Pub. L. 107-204, 116 Stat. 745 (2002) (Sarbanes-Oxley Act), and developed by the Public Company Accounting Oversight Board and the Securities and Exchange Commission;

(iii) Has engaged in negligent conduct in the form of:

(A) A single instance of highly unreasonable conduct that results in a violation of applicable professional standards in circumstances in which an accountant knows, or should know, that heightened scrutiny is warranted; or

(B) Repeated instances of unreasonable conduct, each resulting in a violation of applicable professional standards, that indicate a lack of competence to perform audit services;

(iv) Has knowingly or recklessly given false or misleading information, or knowingly or recklessly participated in any way in the giving of false or misleading information, to the OCC or any officer or employee of the OCC;

(v) Has engaged in, or aided and abetted, a material and knowing or reckless violation of any provision of the Federal banking or securities laws or the rules and regulations thereunder, or any other law;

(vi) Has been removed, suspended, or debarred from practice before any Federal or state agency regulating the banking, insurance, or securities industries, other than by an action listed in § 19.244, on grounds relevant to the provision of audit services; or

(vii) Is suspended or debarred for cause from practice as an accountant by any duly constituted licensing authority of any state, possession, commonwealth, or the District of Columbia.

(2) *Accounting firms*. If the Comptroller determines that there is good cause for the removal, suspension, or debarment of a member or employee of an accounting firm under paragraph

§ 19.243

12 CFR Ch. I (1–1–09 Edition)

(a)(1) of this section, the Comptroller also may remove, suspend, or debar such firm or one or more offices of such firm. In considering whether to remove, suspend, or debar a firm or an office thereof, and the term of any sanction against a firm under this section, the Comptroller may consider, for example:

(i) The gravity, scope, or repetition of the act or failure to act that constitutes good cause for the removal, suspension, or debarment;

(ii) The adequacy of, and adherence to, applicable policies, practices, or procedures for the accounting firm's conduct of its business and the performance of audit services;

(iii) The selection, training, supervision, and conduct of members or employees of the accounting firm involved in the performance of audit services;

(iv) The extent to which managing partners or senior officers of the accounting firm have participated, directly, or indirectly through oversight or review, in the act or failure to act; and

(v) The extent to which the accounting firm has, since the occurrence of the act or failure to act, implemented corrective internal controls to prevent its recurrence.

(3) *Limited scope orders.* An order of removal, suspension (including an immediate suspension), or debarment may, at the discretion of the Comptroller, be made applicable to a particular national bank or class of national banks.

(4) *Remedies not exclusive.* The remedies provided in this subpart are in addition to any other remedies the OCC may have under any other applicable provisions of law, rule, or regulation.

(b) *Proceedings to remove, suspend, or debar—(1) Initiation of formal removal, suspension, or debarment proceedings.* The Comptroller may initiate a proceeding to remove, suspend, or debar an accountant or accounting firm from performing audit services by issuing a written notice of intention to take such action that names the individual or firm as a respondent and describes the nature of the conduct that constitutes good cause for such action.

(2) *Hearings under paragraph (b) of this section.* An accountant or firm named

as a respondent in the notice issued under paragraph (b)(1) of this section may request a hearing on the allegations in the notice. Hearings conducted under this paragraph shall be conducted in the same manner as other hearings under the Uniform Rules of Practice and Procedure (12 CFR part 19, subpart A).

(c) *Immediate suspension from performing audit services—(1) In general.* If the Comptroller serves a written notice of intention to remove, suspend, or debar an accountant or accounting firm from performing audit services, the Comptroller may, with due regard for the public interest and without a preliminary hearing, immediately suspend such accountant or firm from performing audit services for insured national banks, if the Comptroller:

(i) Has a reasonable basis to believe that the accountant or firm has engaged in conduct (specified in the notice served on the accountant or firm under paragraph (b) of this section) that would constitute grounds for removal, suspension, or debarment under paragraph (a) of this section;

(ii) Determines that immediate suspension is necessary to avoid immediate harm to an insured depository institution or its depositors or to the depository system as a whole; and

(iii) Serves such respondent with written notice of the immediate suspension.

(2) *Procedures.* An immediate suspension notice issued under this paragraph will become effective upon service. Such suspension will remain in effect until the date the Comptroller dismisses the charges contained in the notice of intention, or the effective date of a final order of removal, suspension, or debarment issued by the Comptroller to the respondent.

(3) *Petition for stay.* Any accountant or firm immediately suspended from performing audit services in accordance with paragraph (c)(1) of this section may, within 10 calendar days after service of the notice of immediate suspension, file with the Office of the Comptroller of the Currency, Washington, DC 20219 for a stay of such immediate suspension. If no petition is

## Comptroller of the Currency, Treasury

## § 19.245

filed within 10 calendar days, the immediate suspension shall remain in effect.

(4) *Hearing on petition.* Upon receipt of a stay petition, the Comptroller will designate a presiding officer who shall fix a place and time (not more than 10 calendar days after receipt of the petition, unless extended at the request of petitioner) at which the immediately suspended party may appear, personally or through counsel, to submit written materials and oral argument. Any OCC employee engaged in investigative or prosecuting functions for the OCC in a case may not, in that or a factually related case, serve as a presiding officer or participate or advise in the decision of the presiding officer or of the OCC, except as witness or counsel in the proceeding. In the sole discretion of the presiding officer, upon a specific showing of compelling need, oral testimony of witnesses may also be presented. In hearings held pursuant to this paragraph there shall be no discovery and the provisions of §§19.6 through 19.12, 19.16, and 19.21 of this part shall apply.

(5) *Decision on petition.* Within 30 calendar days after the hearing, the presiding officer shall issue a decision. The presiding officer will grant a stay upon a demonstration that a substantial likelihood exists of the respondent's success on the issues raised by the notice of intention and that, absent such relief, the respondent will suffer immediate and irreparable injury, loss, or damage. In the absence of such a demonstration, the presiding officer will notify the parties that the immediate suspension will be continued pending the completion of the administrative proceedings pursuant to the notice.

(6) *Review of presiding officer's decision.* The parties may seek review of the presiding officer's decision by filing a petition for review with the presiding officer within 10 calendar days after service of the decision. Replies must be filed within 10 calendar days after the petition filing date. Upon receipt of a petition for review and any reply, the presiding officer shall promptly certify the entire record to the Comptroller. Within 60 calendar days of the presiding officer's certification, the Com-

troller shall issue an order notifying the affected party whether or not the immediate suspension should be continued or reinstated. The order shall state the basis of the Comptroller's decision.

### § 19.244 Automatic removal, suspension, and debarment.

(a) An independent public accountant or accounting firm may not perform audit services for insured national banks if the accountant or firm:

(1) Is subject to a final order of removal, suspension, or debarment (other than a limited scope order) issued by the Board of Governors of the Federal Reserve System, the Federal Deposit Insurance Corporation, or the Office of Thrift Supervision under section 36 of the FDIA.

(2) Is subject to a temporary suspension or permanent revocation of registration or a temporary or permanent suspension or bar from further association with any registered public accounting firm issued by the Public Company Accounting Oversight Board or the Securities and Exchange Commission under sections 105(c)(4)(A) or (B) of the Sarbanes-Oxley Act (15 U.S.C. 7215(c)(4)(A) or (B)); or

(3) Is subject to an order of suspension or denial of the privilege of appearing or practicing before the Securities and Exchange Commission.

(b) Upon written request, the Comptroller, for good cause shown, may grant written permission to such accountant or firm to perform audit services for national banks. The request shall contain a concise statement of the action requested. The Comptroller may require the applicant to submit additional information.

### § 19.245 Notice of removal, suspension or debarment.

(a) *Notice to the public.* Upon the issuance of a final order for removal, suspension, or debarment of an independent public accountant or accounting firm from providing audit services, the Comptroller shall make the order publicly available and provide notice of the order to the other Federal banking agencies.

(b) *Notice to the Comptroller by accountants and firms.* An accountant or

## § 19.246

accounting firm that provides audit services to a national bank must provide the Comptroller with written notice of:

(1) Any currently effective order or other action described in §§19.243(a)(1)(vi) through (a)(1)(vii) or §§19.244(a)(2) through (a)(3); and

(2) Any currently effective action by the Public Company Accounting Oversight Board under sections 105(c)(4)(C) or (G) of the Sarbanes-Oxley Act) (15 U.S.C. 7215(c)(4)(C) or (G)).

(c) *Timing of notice.* Written notice required by this paragraph shall be given no later than 15 calendar days following the effective date of an order or action, or 15 calendar days before an accountant or firm accepts an engagement to provide audit services, whichever date is earlier.

### § 19.246 Petition for reinstatement.

(a) *Form of petition.* Unless otherwise ordered by the Comptroller, a petition for reinstatement by an independent public accountant, an accounting firm, or an office of a firm that was removed, suspended, or debarred under §19.243 may be made in writing at any time. The request shall contain a concise statement of the action requested. The Comptroller may require the applicant to submit additional information.

(b) *Procedure.* A petitioner for reinstatement under this section may, in the sole discretion of the Comptroller, be afforded a hearing. The accountant or firm shall bear the burden of going forward with a petition and proving the grounds asserted in support of the petition. In reinstatement proceedings, the person seeking reinstatement shall bear the burden of going forward with an application and proving the grounds asserted in support of the application. The Comptroller may, in his sole discretion, direct that any reinstatement proceeding be limited to written submissions. The removal, suspension, or debarment shall continue until the Comptroller, for good cause shown, has reinstated the petitioner or until the suspension period has expired. The filing of a petition for reinstatement shall not stay the effectiveness of the removal, suspension, or debarment of an accountant or firm.

## Subpart B—Reports of Suspicious Activities

### §21.11 Suspicious Activity Report.

(a) *Purpose and scope.* This section ensures that national banks file a Suspicious Activity Report when they detect a known or suspected violation of Federal law or a suspicious transaction related to a money laundering activity or a violation of the Bank Secrecy Act. This section applies to all national banks as well as any Federal branches and agencies of foreign banks licensed or chartered by the OCC.

(b) *Definitions.* For the purposes of this section:

(1) *FinCEN* means the Financial Crimes Enforcement Network of the Department of the Treasury.

(2) *Institution-affiliated party* means any institution-affiliated party as that term is defined in sections 3(u) and 8(b)(5) of the Federal Deposit Insurance Act (12 U.S.C. 1813(u) and 1818(b)(5)).

(3) *SAR* means a Suspicious Activity Report on the form prescribed by the OCC.

(c) *SARs required.* A national bank shall file a SAR with the appropriate Federal law enforcement agencies and the Department of the Treasury in accordance with the form's instructions, by sending a completed SAR to FinCEN in the following circumstances:

(1) *Insider abuse involving any amount.* Whenever the national bank detects any known or suspected Federal criminal violation, or pattern of criminal violations, committed or attempted against the bank or involving a transaction or transactions conducted through the bank, where the bank believes that it was either an actual or potential victim of a criminal violation, or series of criminal violations, or that the bank was used to facilitate a criminal transaction, and the bank has a substantial basis for identifying one of its directors, officers, employees, agents or other institution-affiliated parties as having committed or aided in the commission of a criminal act, regardless of the amount involved in the violation.

(2) *Violations aggregating \$5,000 or more where a suspect can be identified.* Whenever the national bank detects any known or suspected Federal criminal violation, or pattern of criminal violations, committed or attempted against the bank or involving a transaction or transactions conducted through the bank and involving or aggregating \$5,000 or more in funds or other assets where the bank believes that it was either an actual or potential victim of a criminal violation, or series of criminal violations or that it was used to facilitate a criminal transaction, and the bank has a substantial basis for identifying a possible suspect or group of suspects. If it is determined prior to filing

this report that the identified suspect or group of suspects has used an alias, then information regarding the true identity of the suspect or group of suspects, as well as alias identifiers, such as drivers' license or social security numbers, addresses and telephone numbers, must be reported.

(3) *Violations aggregating \$25,000 or more regardless of potential suspects.* Whenever the national bank detects any known or suspected Federal criminal violation, or pattern of criminal violations, committed or attempted against the bank or involving a transaction or transactions conducted through the bank and involving or aggregating \$25,000 or more in funds or other assets where the bank believes that it was either an actual or potential victim of a criminal violation, or series of criminal violations, or that the bank was used to facilitate a criminal transaction, even though there is no substantial basis for identifying a possible suspect or group of suspects.

(4) *Transactions aggregating \$5,000 or more that involve potential money laundering or violate the Bank Secrecy Act.* Any transaction (which for purposes of this paragraph (c)(4) means a deposit, withdrawal, transfer between accounts, exchange of currency, loan, extension of credit, or purchase or sale of any stock, bond, certificate of deposit, or other monetary instrument or investment security, or any other payment, transfer, or delivery by, through, or to a financial institution, by whatever means effected) conducted or attempted by, at or through the national bank and involving or aggregating \$5,000 or more in funds or other assets, if the bank knows, suspects, or has reason to suspect that:

(i) The transaction involves funds derived from illegal activities or is intended or conducted in order to hide or disguise funds or assets derived from illegal activities (including, without limitation, the ownership, nature, source, location, or control of such funds or assets) as part of a plan to violate or evade any law or regulation or to avoid any transaction reporting requirement under Federal law;

(ii) The transaction is designed to evade any regulations promulgated under the Bank Secrecy Act; or

(iii) The transaction has no business or apparent lawful purpose or is not the sort in which the particular customer would normally be expected to engage, and the institution knows of no reasonable explanation for the transaction after examining the available facts, including the background and possible purpose of the transaction.

(d) *Time for reporting.* A national bank is required to file a SAR no later than 30 calendar days after the date of the initial detection of facts that may constitute a basis for filing a SAR. If no suspect was identified on the date of detection of the incident requiring the filing, a national bank may delay filing a SAR for an additional 30 calendar days to identify a suspect. In no case shall reporting be delayed more than 60 calendar days after the date of initial detection of a reportable transaction. In situations involving violations requiring immediate attention, such as when a reportable violation is ongoing, the financial institution shall immediately notify, by telephone, an appropriate law enforcement authority and the OCC in addition to filing a timely SAR.

(e) *Reports to state and local authorities.* National banks are encouraged to file a copy of the SAR with state and local law enforcement agencies where appropriate.

(f) *Exceptions.* (1) A national bank need not file a SAR for a robbery or burglary committed or attempted that is reported to appropriate law enforcement authorities.

(2) A national bank need not file a SAR for lost, missing, counterfeit, or stolen securities if it files a report pursuant to the reporting requirements of 17 CFR 240.17f-1.

(g) *Retention of records.* A national bank shall maintain a copy of any SAR filed and the original or business record equivalent of any supporting documentation for a period of five years from the date of the filing of the SAR. Supporting documentation shall be identified and maintained by the bank as such, and shall be deemed to have been filed with the SAR. A national bank shall make all supporting documentation available to appro-

priate law enforcement agencies upon request.

(h) *Notification to board of directors—*  
(1) *Generally.* Whenever a national bank files a SAR pursuant to this section, the management of the bank shall promptly notify its board of directors, or a committee of directors or executive officers designated by the board of directors to receive notice.

(2) *Suspect is a director or executive officer.* If the bank files a SAR pursuant to paragraph (c) of this section and the suspect is a director or executive officer, the bank may not notify the suspect, pursuant to 31 U.S.C. 5318(g)(2), but shall notify all directors who are not suspects.

(i) *Compliance.* Failure to file a SAR in accordance with this section and the instructions may subject the national bank, its directors, officers, employees, agents, or other institution-affiliated parties to supervisory action.

(j) *Obtaining SARs.* A national bank may obtain SARs and the Instructions from the appropriate OCC District Office listed in 12 CFR part 4.

(k) *Confidentiality of SARs.* SARs are confidential. Any national bank or person subpoenaed or otherwise requested to disclose a SAR or the information contained in a SAR shall decline to produce the SAR or to provide any information that would disclose that a SAR has been prepared or filed, citing this section, applicable law (e.g., 31 U.S.C. 5318(g)), or both, and shall notify the OCC.

(1) *Safe harbor.* The safe harbor provision of 31 U.S.C. 5318(g), which exempts any financial institution that makes a disclosure of any possible violation of law or regulation from liability under any law or regulation of the United States, or any constitution, law, or regulation of any state or political subdivision, covers all reports of suspected or known criminal violations and suspicious activities to law enforcement and financial institution supervisory authorities, including supporting documentation, regardless of whether such reports are required to be filed pursuant to this section or are filed on a voluntary basis.

[61 FR 45702, Aug. 29, 1996, as amended at 73 FR 22244, Apr. 24, 2008]

### § 22.3 Requirement to purchase flood insurance where available.

(a) *In general.* A bank shall not make, increase, extend, or renew any designated loan unless the building or mobile home and any personal property securing the loan is covered by flood insurance for the term of the loan. The amount of insurance must be at least equal to the lesser of the outstanding principal balance of the designated loan or the maximum limit of coverage available for the particular type of property under the Act. Flood insurance coverage under the Act is limited to the overall value of the property securing the designated loan minus the value of the land on which the property is located.

(b) *Table funded loans.* A bank that acquires a loan from a mortgage broker or other entity through table funding shall be considered to be making a loan for the purposes of this part.

### § 22.4 Exemptions.

The flood insurance requirement prescribed by § 22.3 does not apply with respect to:

(a) Any State-owned property covered under a policy of self-insurance satisfactory to the Director of FEMA, who publishes and periodically revises the list of States falling within this exemption; or

(b) Property securing any loan with an original principal balance of \$5,000 or less and a repayment term of one year or less.

### § 22.5 Escrow requirement.

If a bank requires the escrow of taxes, insurance premiums, fees, or any other charges for a loan secured by *residential improved real estate* or a mobile home that is made, increased, extended, or renewed on or after October 1, 1996, the bank shall also require the escrow of all premiums and fees for any flood insurance required under § 22.3.

## § 22.6

The bank, or a servicer acting on behalf of the bank, shall deposit the flood insurance premiums on behalf of the borrower in an escrow account. This escrow account will be subject to escrow requirements adopted pursuant to section 10 of the Real Estate Settlement Procedures Act of 1974 (12 U.S.C. 2609) (RESPA), which generally limits the amount that may be maintained in escrow accounts for certain types of loans and requires escrow account statements for those accounts, only if the loan is otherwise subject to RESPA. Following receipt of a notice from the Director of FEMA or other provider of flood insurance that premiums are due, the bank, or a servicer acting on behalf of the bank, shall pay the amount owed to the insurance provider from the escrow account by the date when such premiums are due.

### § 22.6 Required use of standard flood hazard determination form.

(a) *Use of form.* A bank shall use the standard flood hazard determination form developed by the Director of FEMA when determining whether the building or mobile home offered as collateral security for a loan is or will be located in a special flood hazard area in which flood insurance is available under the Act. The standard flood hazard determination form may be used in a printed, computerized, or electronic manner. A bank may obtain the standard flood hazard determination form from FEMA, P.O. Box 2012, Jessup, MD 20794-2012.

(b) *Retention of form.* A bank shall retain a copy of the completed standard flood hazard determination form, in either hard copy or electronic form, for the period of time the bank owns the loan.

[61 FR 45702, Aug. 29, 1996, as amended at 64 FR 71273, Dec. 21, 1999]

### § 22.7 Forced placement of flood insurance.

If a bank, or a servicer acting on behalf of the bank, determines at any time during the term of a designated loan that the building or mobile home and any personal property securing the designated loan is not covered by flood insurance or is covered by flood insurance in an amount less than the

## 12 CFR Ch. I (1-1-09 Edition)

amount required under § 22.3, then the bank or its servicer shall notify the borrower that the borrower should obtain flood insurance, at the borrower's expense, in an amount at least equal to the amount required under § 22.3, for the remaining term of the loan. If the borrower fails to obtain flood insurance within 45 days after notification, then the bank or its servicer shall purchase insurance on the borrower's behalf. The bank or its servicer may charge the borrower for the cost of premiums and fees incurred in purchasing the insurance.

### § 22.8 Determination fees.

(a) *General.* Notwithstanding any Federal or State law other than the Flood Disaster Protection Act of 1973 as amended (42 U.S.C. 4001-4129), any bank, or a servicer acting on behalf of the bank, may charge a reasonable fee for determining whether the building or mobile home securing the loan is located or will be located in a special flood hazard area. A determination fee may also include, but is not limited to, a fee for life-of-loan monitoring.

(b) *Borrower fee.* The determination fee authorized by paragraph (a) of this section may be charged to the borrower if the determination:

(1) Is made in connection with a making, increasing, extending, or renewing of the loan that is initiated by the borrower;

(2) Reflects the Director of FEMA's revision or updating of floodplain areas or flood-risk zones;

(3) Reflects the Director of FEMA's publication of a notice or compendium that:

(i) Affects the area in which the building or mobile home securing the loan is located; or

(ii) By determination of the Director of FEMA, may reasonably require a determination whether the building or mobile home securing the loan is located in a special flood hazard area; or

(4) Results in the purchase of flood insurance coverage by the bank or its servicer on behalf of the borrower under § 22.7.

(c) *Purchaser or transferee fee.* The determination fee authorized by paragraph (a) of this section may be charged to the purchaser or transferee

of a loan in the case of the sale or transfer of the loan.

**§ 22.9 Notice of special flood hazards and availability of Federal disaster relief assistance.**

(a) *Notice requirement.* When a bank makes, increases, extends, or renews a loan secured by a building or a mobile home located or to be located in a special flood hazard area, the bank shall mail or deliver a written notice to the borrower and to the servicer in all cases whether or not flood insurance is available under the Act for the collateral securing the loan.

(b) *Contents of notice.* The written notice must include the following information:

(1) A warning, in a form approved by the Director of FEMA, that the building or the mobile home is or will be located in a special flood hazard area;

(2) A description of the flood insurance purchase requirements set forth in section 102(b) of the Flood Disaster Protection Act of 1973, as amended (42 U.S.C. 4012a(b));

(3) A statement, where applicable, that flood insurance coverage is available under the NFIP and may also be available from private insurers; and

(4) A statement whether Federal disaster relief assistance may be available in the event of damage to the building or mobile home caused by flooding in a Federally declared disaster.

(c) *Timing of notice.* The bank shall provide the notice required by paragraph (a) of this section to the borrower within a reasonable time before the completion of the transaction, and to the servicer as promptly as practicable after the bank provides notice to the borrower and in any event no later than the time the bank provides other similar notices to the servicer concerning hazard insurance and taxes. Notice to the servicer may be made electronically or may take the form of a copy of the notice to the borrower.

(d) *Record of receipt.* The bank shall retain a record of the receipt of the notices by the borrower and the servicer for the period of time the bank owns the loan.

(e) *Alternate method of notice.* Instead of providing the notice to the borrower required by paragraph (a) of this sec-

tion, a bank may obtain satisfactory written assurance from a seller or lessor that, within a reasonable time before the completion of the sale or lease transaction, the seller or lessor has provided such notice to the purchaser or lessee. The bank shall retain a record of the written assurance from the seller or lessor for the period of time the bank owns the loan.

(f) *Use of prescribed form of notice.* A bank will be considered to be in compliance with the requirement for notice to the borrower of this section by providing written notice to the borrower containing the language presented in appendix A to this part within a reasonable time before the completion of the transaction. The notice presented in appendix A to this part satisfies the borrower notice requirements of the Act.

**§ 22.10 Notice of servicer's identity.**

(a) *Notice requirement.* When a bank makes, increases, extends, renews, sells, or transfers a loan secured by a building or mobile home located or to be located in a special flood hazard area, the bank shall notify the Director of FEMA (or the Director's designee) in writing of the identity of the servicer of the loan. The Director of FEMA has designated the insurance provider to receive the bank's notice of the servicer's identity. This notice may be provided electronically if electronic transmission is satisfactory to the Director of FEMA's designee.

(b) *Transfer of servicing rights.* The bank shall notify the Director of FEMA (or the Director's designee) of any change in the servicer of a loan described in paragraph (a) of this section within 60 days after the effective date of the change. This notice may be provided electronically if electronic transmission is satisfactory to the Director of FEMA's designee. Upon any change in the servicing of a loan described in paragraph (a) of this section, the duty to provide notice under this paragraph (b) shall transfer to the transferee servicer.

APPENDIX A TO PART 22—SAMPLE FORM OF NOTICE OF SPECIAL FLOOD HAZARDS AND AVAILABILITY OF FEDERAL DISASTER RELIEF ASSISTANCE

We are giving you this notice to inform you that:

The building or mobile home securing the loan for which you have applied is or will be located in an area with special flood hazards.

The area has been identified by the Director of the Federal Emergency Management Agency (FEMA) as a special flood hazard area using FEMA's *Flood Insurance Rate Map* or the *Flood Hazard Boundary Map* for the following community: \_\_\_\_\_. This area has at least a one percent (1%) chance of a flood equal to or exceeding the base flood elevation (a 100-year flood) in any given year. During the life of a 30-year mortgage loan, the risk of a 100-year flood in a special flood hazard area is 26 percent (26%).

Federal law allows a lender and borrower jointly to request the Director of FEMA to review the determination of whether the property securing the loan is located in a special flood hazard area. If you would like to make such a request, please contact us for further information.

The community in which the property securing the loan is located participates in the National Flood Insurance Program (NFIP). Federal law will not allow us to make you the loan that you have applied for if you do not purchase flood insurance. The flood insurance must be maintained for the life of the loan. If you fail to purchase or renew flood insurance on the property, Federal law authorizes and requires us to purchase the flood insurance for you at your expense.

- Flood insurance coverage under the NFIP may be purchased through an insurance agent who will obtain the policy either directly through the NFIP or through an insurance company that participates in the NFIP. Flood insurance also may be available from private insurers that do not participate in the NFIP.

- At a minimum, flood insurance purchased must cover *the lesser of*:

- (1) the outstanding principal balance of the loan; *or*

- (2) the maximum amount of coverage allowed for the type of property under the NFIP.

Flood insurance coverage under the NFIP is limited to the overall value of the property securing the loan minus the value of the land on which the property is located.

- Federal disaster relief assistance (usually in the form of a low-interest loan) may be available for damages incurred in excess of your flood insurance if your community's participation in the NFIP is in accordance with NFIP requirements.

\_\_\_\_\_ Flood insurance coverage under the NFIP is not available for the property securing the loan because the community in which the property is located does not participate in the NFIP. In addition, if the non-participating community has been identified for at least one year as containing a special flood hazard area, properties located in the community will not be eligible for Federal disaster relief assistance in the event of a Federally-declared flood disaster.

(d) *Conforming lease* means:

(1) A CEBA Lease that conforms with the requirements of subparts A and B of this part; or

(2) A Section 24(Seventh) Lease that conforms with the requirements of subparts A and C of this part.

(e) *Full-payout lease* means a lease in which the national bank reasonably expects to realize the return of its full investment in the leased property, plus the estimated cost of financing the property over the term of the lease, from:

(1) Rentals;

(2) Estimated tax benefits; and

(h) *Section 24(Seventh) Lease* means a personal property lease authorized under 12 U.S.C. 24(Seventh).

**§ 23.3 Lease requirements.**

(a) *General requirements.* A national bank may acquire personal property for the purpose of, or in connection with leasing that property, and may engage in activities incidental thereto, if the lease qualifies as a full-payout lease and a net lease.

(b) *Exceptions—(1) Change in condition.* If, in good faith, a national bank believes that there has been a change in condition that threatens its financial position by increasing its exposure to loss, then the bank may:

(i) Take reasonable and appropriate action, including the actions specified in § 23.2(f), to salvage or protect the value of the leased property or its interests arising under the lease; and

(ii) Acquire or perfect title to the leased property pursuant to any existing rights.

(2) *Provisions to protect the bank's interests.* A national bank may include any provision in a lease, or make any additional agreement, to protect its financial position or investment in the event of a change in conditions that would increase its exposure to loss.

(3) *Arranging for services by a third party.* A national bank may arrange for a third party to provide any of the services enumerated in § 23.2(f) to the lessee at the expense of the lessee.

**§ 23.4 Investment in personal property.**

## § 23.5

(3) A legally binding written commitment to enter into a conforming lease.

(b) *Exception.* A national bank may acquire property to be leased without complying with the requirements of paragraph (a) of this section, if:

(1) The acquisition of the property is consistent with the leasing business then conducted by the bank or is consistent with a business plan for expansion of the bank's existing leasing business or for entry into the leasing business; and

(2) The bank's aggregate investment in property held pursuant to this paragraph (b) does not exceed 15 percent of the bank's capital and surplus.

(c) *Holding period.* At the expiration of the lease (including any renewals or extensions with the same lessee), or in the event of a default on a lease agreement prior to the expiration of the lease term, a national bank shall either liquidate the off-lease property or re-lease it under a conforming lease as soon as practicable. Liquidation or re-lease must occur not later than five years from the date that the bank acquires the legal right to possession or control of the property, except the OCC may extend the period for up to an additional five years, if the bank provides a clearly convincing demonstration why any additional holding period is necessary. The bank must value off-lease property at the lower of current fair market value or book value promptly after the property becomes off-lease property.

(d) *Bridge or interim leases.* During the holding period allowed by paragraph (c) of this section, a national bank may enter into a short-term bridge or interim lease pending the liquidation of off-lease property or the re-lease of the property under a conforming lease. A short-term bridge or interim lease must be a net lease, but need not comply with any requirement of subpart B or C of this part.

### § 23.5 Requirement for separate records.

If a national bank enters into both CEBA Leases and Section 24(Seventh) Leases, the bank's records must distinguish the CEBA Leases from the Section 24(Seventh) Leases.

## 12 CFR Ch. I (1-1-09 Edition)

### § 23.6 Application of lending limits; restrictions on transactions with affiliates.

The OCC may also determine that other limits or restrictions apply. The term affiliate means an affiliate as defined in 12 U.S.C. 371c or 371c-1 and Regulation W, 12 CFR part 223, as implemented by Regulation W, 12 CFR part 223," before as applicable. For the purpose of measuring compliance with the lending limits prescribed by 12 U.S.C. 84 as implemented by part 32, a national bank records the investment in a lease net of any nonrecourse debt the bank has incurred to finance the acquisition of the leased asset.

## Subpart B—CEBA Leases

### § 23.10 General rule.

Pursuant to 12 U.S.C. 24(Tenth) a national bank may invest in tangible personal property, including vehicles, manufactured homes, machinery, equipment, or furniture, for the purpose of, or in connection with leasing that property, if the aggregate book value of the property does not exceed 10 percent of the bank's consolidated assets and the related lease is a conforming lease. For the purpose of measuring compliance with the 10 percent limit prescribed by this section, a national bank records the investment in a lease entered into pursuant to this subpart net of any nonrecourse debt the bank has incurred to finance the acquisition of the leased asset.

### § 23.11 Lease term.

A CEBA Lease must have an initial term of not less than 90 days. A national bank may acquire property subject to an existing lease with a remaining maturity of less than 90 days if, at its inception, the lease was a conforming lease.

**§ 23.12 Transition rule.**

(a) *General rule.* A CEBA Lease entered into prior to July 22, 1991, may continue to be administered in accordance with the lease terms in effect as of that date. For purposes of applying the lending limits and the restrictions on transactions with affiliates described in § 23.6, however, a national bank that enters into a new extension of credit to a customer, including a lease, on or after July 22, 1991, shall include all outstanding leases regardless of the date on which they were made.

(b) *Renewal of non-conforming leases.* A national bank may renew a CEBA Lease that was entered into prior to July 22, 1991, and that is not a conforming lease only if the following conditions are satisfied:

(1) The bank entered into the CEBA Lease in good faith;

(2) The expiring lease contains a binding agreement requiring that the bank renew the lease at the lessee's option, and the bank cannot reasonably avoid its commitment to do so; and

(3) The bank determines in good faith, and demonstrates by appropriate documentation, that renewal of the lease is necessary to avoid financial loss and to recover its investment in, and its cost of financing, the leased property.

### Subpart C—Section 24(Seventh) Leases

**§ 23.20 General rule.**

Pursuant to 12 U.S.C. 24(Seventh) a national bank may invest in tangible or intangible personal property, including vehicles, manufactured homes, machinery, equipment, furniture, patents, copyrights, and other intellectual property, for the purpose of, or in connection with leasing that property, if the related lease is a conforming lease representing a noncancelable obligation of the lessee (notwithstanding the possible early termination of that lease).

**§ 23.21 Estimated residual value.**

(a) *Recovery of investment and costs.* A national bank's estimate of the residual value of the property that the bank relies upon to satisfy the requirements

of a full-payout lease, for purposes of this subpart:

(1) Must be reasonable in light of the nature of the leased property and all circumstances relevant to the transaction; and

(2) Any unguaranteed amount must not exceed 25 percent of the original cost of the property to the bank or the percentage for a particular type of property specified in published OCC guidance.

(b) *Estimated residual value subject to guarantee.* The amount of any estimated residual value guaranteed by the manufacturer, the lessee, or other third party may exceed 25 percent of the original cost of the property if the bank determines, and demonstrates by appropriate documentation, that the guarantor has the resources to meet the guarantee and the guarantor is not an affiliate of the bank.

(c) *Leases to government entities.* A bank's calculations of estimated residual value in connection with leases of personal property to Federal, State, or local governmental entities may be based on future transactions or renewals that the bank reasonably anticipates will occur.

[61 FR 66560, Dec. 18, 1996, as amended at 66 FR 34792, July 2, 2001]

**§ 23.22 Transition rule.**

(a) *Exclusion.* A Section 24(Seventh) Lease entered into prior to June 12, 1979, may continue to be administered in accordance with the lease terms in effect as of that date. For purposes of applying the lending limits and the restrictions on transactions with affiliates described in § 23.6, however, a national bank that enters into a new extension of credit to a customer, including a lease, on or after June 12, 1979, shall include all outstanding leases regardless of the date on which they were made.

(b) *Renewal of non-conforming leases.* A national bank may renew a Section 24(Seventh) Lease that was entered into prior to June 12, 1979, and that is not a conforming lease only if the following conditions are satisfied:

(1) The bank entered into the Section 24(Seventh) Lease in good faith;

(2) The expiring lease contains a binding agreement requiring that the

bank renew the lease at the lessee's option, and the bank cannot reasonably avoid its commitment to do so; and

(3) The bank determines in good faith, and demonstrates by appropriate documentation, that renewal of the lease is necessary to avoid financial loss and to recover its investment in, and its cost of financing, the leased property.

(4) A bank may satisfy the notice requirements of paragraph (3) of this section by completing form CD-1, attached as appendix 1 to this part.

(ii) The OCC determines, in published guidance, that the investment is inappropriate for after-the-fact notice.

(b) *Investments requiring prior approval.* (1) If a national bank does not meet the requirements for after-the-fact investment notification set forth in this part, the bank must submit an

investment proposal to the Community Affairs Department, Office of the Comptroller of the Currency, Washington, DC 20219. The investment proposal may also be e-mailed to *CommunityAffairs@occ.treas.gov*, faxed to (202) 874-4652, or submitted electronically via National BankNet at <http://www.occ.treas.gov>. (ii) Whether the investment is consistent with the safe and sound operation of the bank; and

(iii) Whether the investment is consistent with the requirements of this part and the OCC's policies.

(4) Unless otherwise notified in writing by the OCC, and subject to § 24.4(a), the proposed investment is deemed approved after 30 calendar days from the date on which the OCC receives the bank's investment proposal.

(5) The OCC, by notifying the bank, may extend its period for reviewing the investment proposal. If so notified, the bank may make the investment only with the OCC's written approval.

(6) The OCC may impose one or more conditions in connection with its approval of an investment under this part. All approvals are subject to the condition that a national bank must conduct the approved activity in a manner consistent with any published guidance issued by the OCC regarding the activity.

## REGULATIONS

## Subpart A—General

**§ 25.11 Authority, purposes, and scope.**

(a) *Authority and OMB control number*—(1) *Authority*. The authority for subparts A, B, C, D, and E is 12 U.S.C. 21, 22, 26, 27, 30, 36, 93a, 161, 215, 215a, 481, 1814, 1816, 1828(c), 1835a, 2901 through 2907, and 3101 through 3111.

(2) *OMB control number*. The information collection requirements contained in this part were approved by the Office of Management and Budget under the provisions of 44 U.S.C. 3501 *et seq.* and have been assigned OMB control number 1557-0160.

(b) *Purposes*. In enacting the Community Reinvestment Act (CRA), the Congress required each appropriate Federal financial supervisory agency to assess an institution's record of helping to meet the credit needs of the local communities in which the institution is chartered, consistent with the safe and sound operation of the institution, and to take this record into account in the agency's evaluation of an application for a deposit facility by the institution. This part is intended to carry out the purposes of the CRA by:

(1) Establishing the framework and criteria by which the Office of the Comptroller of the Currency (OCC) assesses a bank's record of helping to meet the credit needs of its entire community, including low- and moderate-income neighborhoods, consistent with the safe and sound operation of the bank; and

(2) Providing that the OCC takes that record into account in considering certain applications.

### Subpart B—Standards for Assessing Performance

SOURCE: 60 FR 22180, May 4, 1995, unless otherwise noted.

#### § 25.21 Performance tests, standards, and ratings, in general.

(a) *Performance tests and standards*. The OCC assesses the CRA performance of a bank in an examination as follows:

(1) *Lending, investment, and service tests*. The OCC applies the lending, investment, and service tests, as provided in §§ 25.22 through 25.24, in evaluating the performance of a bank, except as provided in paragraphs (a)(2), (a)(3), and (a)(4) of this section.

(2) *Community development test for wholesale or limited purpose banks*. The OCC applies the community development test for a wholesale or limited

## § 25.22

## 12 CFR Ch. I (1–1–09 Edition)

purpose bank, as provided in § 25.25, except as provided in paragraph (a)(4) of this section.

(3) *Small bank performance standards.* The OCC applies the small bank performance standards as provided in § 25.26 in evaluating the performance of a small bank or a bank that was a small bank during the prior calendar year, unless the bank elects to be assessed as provided in paragraphs (a)(1), (a)(2), or (a)(4) of this section. The bank may elect to be assessed as provided in paragraph (a)(1) of this section only if it collects and reports the data required for other banks under § 25.42.

(4) *Strategic plan.* The OCC evaluates the performance of a bank under a strategic plan if the bank submits, and the OCC approves, a strategic plan as provided in § 25.27.

(b) *Performance context.* The OCC applies the tests and standards in paragraph (a) of this section and also considers whether to approve a proposed strategic plan in the context of:

(1) Demographic data on median income levels, distribution of household income, nature of housing stock, housing costs, and other relevant data pertaining to a bank's assessment area(s);

(2) Any information about lending, investment, and service opportunities in the bank's assessment area(s) maintained by the bank or obtained from community organizations, state, local, and tribal governments, economic development agencies, or other sources;

(3) The bank's product offerings and business strategy as determined from data provided by the bank;

(4) Institutional capacity and constraints, including the size and financial condition of the bank, the economic climate (national, regional, and local), safety and soundness limitations, and any other factors that significantly affect the bank's ability to provide lending, investments, or services in its assessment area(s);

(5) The bank's past performance and the performance of similarly situated lenders;

(6) The bank's public file, as described in § 25.43, and any written comments about the bank's CRA performance submitted to the bank or the OCC; and

(7) Any other information deemed relevant by the OCC.

(c) *Assigned ratings.* The OCC assigns to a bank one of the following four ratings pursuant to § 25.28 and appendix A of this part: "outstanding"; "satisfactory"; "needs to improve"; or "substantial noncompliance" as provided in 12 U.S.C. 2906(b)(2). The rating assigned by the OCC reflects the bank's record of helping to meet the credit needs of its entire community, including low- and moderate-income neighborhoods, consistent with the safe and sound operation of the bank.

(d) *Safe and sound operations.* This part and the CRA do not require a bank to make loans or investments or to provide services that are inconsistent with safe and sound operations. To the contrary, the OCC anticipates banks can meet the standards of this part with safe and sound loans, investments, and services on which the banks expect to make a profit. Banks are permitted and encouraged to develop and apply flexible underwriting standards for loans that benefit low- or moderate-income geographies or individuals, only if consistent with safe and sound operations.

### § 25.22 Lending test.

(a) *Scope of test.* (1) The lending test evaluates a bank's record of helping to meet the credit needs of its assessment area(s) through its lending activities by considering a bank's home mortgage, small business, small farm, and community development lending. If consumer lending constitutes a substantial majority of a bank's business, the OCC will evaluate the bank's consumer lending in one or more of the following categories: motor vehicle, credit card, home equity, other secured, and other unsecured loans. In addition, at a bank's option, the OCC will evaluate one or more categories of consumer lending, if the bank has collected and maintained, as required in § 25.42(c)(1), the data for each category that the bank elects to have the OCC evaluate.

(2) The OCC considers originations and purchases of loans. The OCC will also consider any other loan data the bank may choose to provide, including

data on loans outstanding, commitments and letters of credit.

(3) A bank may ask the OCC to consider loans originated or purchased by consortia in which the bank participates or by third parties in which the bank has invested only if the loans meet the definition of community development loans and only in accordance with paragraph (d) of this section. The OCC will not consider these loans under any criterion of the lending test except the community development lending criterion.

(b) *Performance criteria.* The OCC evaluates a bank's lending performance pursuant to the following criteria:

(1) *Lending activity.* The number and amount of the bank's home mortgage, small business, small farm, and consumer loans, if applicable, in the bank's assessment area(s);

(2) *Geographic distribution.* The geographic distribution of the bank's home mortgage, small business, small farm, and consumer loans, if applicable, based on the loan location, including:

(i) The proportion of the bank's lending in the bank's assessment area(s);

(ii) The dispersion of lending in the bank's assessment area(s); and

(iii) The number and amount of loans in low-, moderate-, middle-, and upper-income geographies in the bank's assessment area(s);

(3) *Borrower characteristics.* The distribution, particularly in the bank's assessment area(s), of the bank's home mortgage, small business, small farm, and consumer loans, if applicable, based on borrower characteristics, including the number and amount of:

(i) Home mortgage loans to low-, moderate-, middle-, and upper-income individuals;

(ii) Small business and small farm loans to businesses and farms with gross annual revenues of \$1 million or less;

(iii) Small business and small farm loans by loan amount at origination; and

(iv) Consumer loans, if applicable, to low-, moderate-, middle-, and upper-income individuals;

(4) *Community development lending.* The bank's community development lending, including the number and

amount of community development loans, and their complexity and innovativeness; and

(5) *Innovative or flexible lending practices.* The bank's use of innovative or flexible lending practices in a safe and sound manner to address the credit needs of low- or moderate-income individuals or geographies.

(c) *Affiliate lending.* (1) At a bank's option, the OCC will consider loans by an affiliate of the bank, if the bank provides data on the affiliate's loans pursuant to § 25.42.

(2) The OCC considers affiliate lending subject to the following constraints:

(i) No affiliate may claim a loan origination or loan purchase if another institution claims the same loan origination or purchase; and

(ii) If a bank elects to have the OCC consider loans within a particular lending category made by one or more of the bank's affiliates in a particular assessment area, the bank shall elect to have the OCC consider, in accordance with paragraph (c)(1) of this section, all the loans within that lending category in that particular assessment area made by all of the bank's affiliates.

(3) The OCC does not consider affiliate lending in assessing a bank's performance under paragraph (b)(2)(i) of this section.

(d) *Lending by a consortium or a third party.* Community development loans originated or purchased by a consortium in which the bank participates or by a third party in which the bank has invested:

(1) Will be considered, at the bank's option, if the bank reports the data pertaining to these loans under § 25.42(b)(2); and

(2) May be allocated among participants or investors, as they choose, for purposes of the lending test, except that no participant or investor:

(i) May claim a loan origination or loan purchase if another participant or investor claims the same loan origination or purchase; or

(ii) May claim loans accounting for more than its percentage share (based on the level of its participation or investment) of the total loans originated by the consortium or third party.

## § 25.23

## 12 CFR Ch. I (1–1–09 Edition)

(e) *Lending performance rating.* The OCC rates a bank's lending performance as provided in appendix A of this part.

### § 25.23 Investment test.

(a) *Scope of test.* The investment test evaluates a bank's record of helping to meet the credit needs of its assessment area(s) through qualified investments that benefit its assessment area(s) or a broader statewide or regional area that includes the bank's assessment area(s).

(b) *Exclusion.* Activities considered under the lending or service tests may not be considered under the investment test.

(c) *Affiliate investment.* At a bank's option, the OCC will consider, in its assessment of a bank's investment performance, a qualified investment made by an affiliate of the bank, if the qualified investment is not claimed by any other institution.

(d) *Disposition of branch premises.* Donating, selling on favorable terms, or making available on a rent-free basis a branch of the bank that is located in a predominantly minority neighborhood to a minority depository institution or women's depository institution (as these terms are defined in 12 U.S.C. 2907(b)) will be considered as a qualified investment.

(e) *Performance criteria.* The OCC evaluates the investment performance of a bank pursuant to the following criteria:

(1) The dollar amount of qualified investments;

(2) The innovativeness or complexity of qualified investments;

(3) The responsiveness of qualified investments to credit and community development needs; and

(4) The degree to which the qualified investments are not routinely provided by private investors.

(f) *Investment performance rating.* The OCC rates a bank's investment performance as provided in appendix A of this part.

### § 25.24 Service test.

(a) *Scope of test.* The service test evaluates a bank's record of helping to meet the credit needs of its assessment area(s) by analyzing both the availability and effectiveness of a bank's

systems for delivering retail banking services and the extent and innovativeness of its community development services.

(b) *Area(s) benefitted.* Community development services must benefit a bank's assessment area(s) or a broader statewide or regional area that includes the bank's assessment area(s).

(c) *Affiliate service.* At a bank's option, the OCC will consider, in its assessment of a bank's service performance, a community development service provided by an affiliate of the bank, if the community development service is not claimed by any other institution.

(d) *Performance criteria—retail banking services.* The OCC evaluates the availability and effectiveness of a bank's systems for delivering retail banking services, pursuant to the following criteria:

(1) The current distribution of the bank's branches among low-, moderate-, middle-, and upper-income geographies;

(2) In the context of its current distribution of the bank's branches, the bank's record of opening and closing branches, particularly branches located in low- or moderate-income geographies or primarily serving low- or moderate-income individuals;

(3) The availability and effectiveness of alternative systems for delivering retail banking services (*e.g.*, ATMs, ATMs not owned or operated by or exclusively for the bank, banking by telephone or computer, loan production offices, and bank-at-work or bank-by-mail programs) in low- and moderate-income geographies and to low- and moderate-income individuals; and

(4) The range of services provided in low-, moderate-, middle-, and upper-income geographies and the degree to which the services are tailored to meet the needs of those geographies.

(e) *Performance criteria—community development services.* The OCC evaluates community development services pursuant to the following criteria:

(1) The extent to which the bank provides community development services; and

(2) The innovativeness and responsiveness of community development services.

(f) *Service performance rating.* The OCC rates a bank's service performance as provided in appendix A of this part.

**§ 25.25 Community development test for wholesale or limited purpose banks.**

(a) *Scope of test.* The OCC assesses a wholesale or limited purpose bank's record of helping to meet the credit needs of its assessment area(s) under the community development test through its community development lending, qualified investments, or community development services.

(b) *Designation as a wholesale or limited purpose bank.* In order to receive a designation as a wholesale or limited purpose bank, a bank shall file a request, in writing, with the OCC, at least three months prior to the proposed effective date of the designation. If the OCC approves the designation, it remains in effect until the bank requests revocation of the designation or until one year after the OCC notifies the bank that the OCC has revoked the designation on its own initiative.

(c) *Performance criteria.* The OCC evaluates the community development performance of a wholesale or limited purpose bank pursuant to the following criteria:

(1) The number and amount of community development loans (including originations and purchases of loans and other community development loan data provided by the bank, such as data on loans outstanding, commitments, and letters of credit), qualified investments, or community development services;

(2) The use of innovative or complex qualified investments, community development loans, or community development services and the extent to which the investments are not routinely provided by private investors; and

(3) The bank's responsiveness to credit and community development needs.

(d) *Indirect activities.* At a bank's option, the OCC will consider in its community development performance assessment:

(1) Qualified investments or community development services provided by an affiliate of the bank, if the invest-

(e) *Benefit to assessment area(s)*—(1) *Benefit inside assessment area(s).* The OCC considers all qualified investments, community development loans, and community development services that benefit areas within the bank's assessment area(s) or a broader statewide or regional area that includes the bank's assessment area(s).

(2) *Benefit outside assessment area(s).* The OCC considers the qualified investments, community development loans, and community development services that benefit areas outside the bank's assessment area(s), if the bank has adequately addressed the needs of its assessment area(s).

(f) *Community development performance rating.* The OCC rates a bank's community development performance as provided in appendix A of this part.

**§ 25.26 Small bank performance standards.**

(a) *Performance criteria*—(1) *Small banks that are not intermediate small banks.* The OCC evaluates the record of a small bank that is not, or that was not during the prior calendar year, an intermediate small bank, of helping to meet the credit needs of its assessment area(s) pursuant to the criteria set forth in paragraph (b) of this section.

(2) *Intermediate small banks.* The OCC evaluates the record of a small bank that is, or that was during the prior calendar year, an intermediate small bank, of helping to meet the credit needs of its assessment area(s) pursuant to the criteria set forth in paragraphs (b) and (c) of this section.

(b) *Lending test.* A small bank's lending performance is evaluated pursuant to the following criteria:

(1) The bank's loan-to-deposit ratio, adjusted for seasonal variation, and, as appropriate, other lending-related activities, such as loan originations for sale to the secondary markets, community development loans, or qualified investments;

§ 25.27

§ 25.27 Strategic plan.

(a) *Alternative election.* The OCC will assess a bank’s record of helping to meet the credit needs of its assessment area(s) under a strategic plan if:

(1) The bank has submitted the plan to the OCC as provided for in this section;

(2) The OCC has approved the plan;

(3) The plan is in effect; and

(4) The bank has been operating under an approved plan for at least one year.

(b) *Data reporting.* The OCC’s approval of a plan does not affect the bank’s obligation, if any, to report data as required by § 25.42.

(c) *Plans in general—(1) Term.* A plan may have a term of no more than five years, and any multi-year plan must

include annual interim measurable goals under which the OCC will evaluate the bank’s performance.

(2) *Multiple assessment areas.* A bank with more than one assessment area may prepare a single plan for all of its assessment areas or one or more plans for one or more of its assessment areas.

(3) *Treatment of affiliates.* Affiliated institutions may prepare a joint plan if the plan provides measurable goals for each institution. Activities may be allocated among institutions at the institutions’ option, provided that the same activities are not considered for more than one institution.

(d) *Public participation in plan development.* Before submitting a plan to the OCC for approval, a bank shall:

(1) Informally seek suggestions from members of the public in its assessment area(s) covered by the plan while developing the plan;

(2) Once the bank has developed a plan, formally solicit public comment on the plan for at least 30 days by publishing notice in at least one newspaper of general circulation in each assessment area covered by the plan; and

(3) During the period of formal public comment, make copies of the plan available for review by the public at no cost at all offices of the bank in any assessment area covered by the plan and provide copies of the plan upon request for a reasonable fee to cover copying and mailing, if applicable.

(e) *Submission of plan.* The bank shall submit its plan to the OCC at least three months prior to the proposed effective date of the plan. The bank shall also submit with its plan a description of its informal efforts to seek suggestions from members of the public, any written public comment received, and, if the plan was revised in light of the comment received, the initial plan as released for public comment.

(f) *Plan content—(1) Measurable goals.*

(i) A bank shall specify in its plan measurable goals for helping to meet the credit needs of each assessment area covered by the plan, particularly the needs of low- and moderate-income geographies and low- and moderate-income individuals, through lending, investment, and services, as appropriate.

(ii) A bank shall address in its plan all three performance categories and,

unless the bank has been designated as a wholesale or limited purpose bank, shall emphasize lending and lending-related activities. Nevertheless, a different emphasis, including a focus on one or more performance categories, may be appropriate if responsive to the characteristics and credit needs of its assessment area(s), considering public comment and the bank's capacity and constraints, product offerings, and business strategy.

(2) *Confidential information.* A bank may submit additional information to the OCC on a confidential basis, but the goals stated in the plan must be sufficiently specific to enable the public and the OCC to judge the merits of the plan.

(3) *Satisfactory and outstanding goals.* A bank shall specify in its plan measurable goals that constitute "satisfactory" performance. A plan may specify measurable goals that constitute "outstanding" performance. If a bank submits, and the OCC approves, both "satisfactory" and "outstanding" performance goals, the OCC will consider the bank eligible for an "outstanding" performance rating.

(4) *Election if satisfactory goals not substantially met.* A bank may elect in its plan that, if the bank fails to meet substantially its plan goals for a satisfactory rating, the OCC will evaluate the bank's performance under the lending, investment, and service tests, the community development test, or the small bank performance standards, as appropriate.

(g) *Plan approval—(1) Timing.* The OCC will act upon a plan within 60 calendar days after the OCC receives the complete plan and other material required under paragraph (e) of this section. If the OCC fails to act within this time period, the plan shall be deemed approved unless the OCC extends the review period for good cause.

(2) *Public participation.* In evaluating the plan's goals, the OCC considers the public's involvement in formulating the plan, written public comment on the plan, and any response by the bank to public comment on the plan.

(3) *Criteria for evaluating plan.* The OCC evaluates a plan's measurable goals using the following criteria, as appropriate:

(i) The extent and breadth of lending or lending-related activities, including, as appropriate, the distribution of loans among different geographies, businesses and farms of different sizes, and individuals of different income levels, the extent of community development lending, and the use of innovative or flexible lending practices to address credit needs;

(ii) The amount and innovativeness, complexity, and responsiveness of the bank's qualified investments; and

(iii) The availability and effectiveness of the bank's systems for delivering retail banking services and the extent and innovativeness of the bank's community development services.

(h) *Plan amendment.* During the term of a plan, a bank may request the OCC to approve an amendment to the plan on grounds that there has been a material change in circumstances. The bank shall develop an amendment to a previously approved plan in accordance with the public participation requirements of paragraph (d) of this section.

(i) *Plan assessment.* The OCC approves the goals and assesses performance under a plan as provided for in appendix A of this part.

[60 FR 22180, May 4, 1995, as amended at 60 FR 66050, Dec. 20, 1995; 69 FR 41186, July 8, 2004]

#### § 25.28 Assigned ratings.

(a) *Ratings in general.* Subject to paragraphs (b) and (c) of this section, the OCC assigns to a bank a rating of "outstanding," "satisfactory," "needs to improve," or "substantial non-compliance" based on the bank's performance under the lending, investment and service tests, the community development test, the small bank performance standards, or an approved strategic plan, as applicable.

(b) *Lending, investment, and service tests.* The OCC assigns a rating for a bank assessed under the lending, investment, and service tests in accordance with the following principles:

(1) A bank that receives an "outstanding" rating on the lending test receives an assigned rating of at least "satisfactory";

(2) A bank that receives an "outstanding" rating on both the service

## 12 CFR Ch. I (1–1–09 Edition)

test and the investment test and a rating of at least “high satisfactory” on the lending test receives an assigned rating of “outstanding”; and

(3) No bank may receive an assigned rating of “satisfactory” or higher unless it receives a rating of at least “low satisfactory” on the lending test.

(c) *Effect of evidence of discriminatory or other illegal credit practices.* (1) The OCC’s evaluation of a bank’s CRA performance is adversely affected by evidence of discriminatory or other illegal credit practices in any geography by the bank or in any assessment area by any affiliate whose loans have been considered as part of the bank’s lending performance. In connection with any type of lending activity described in § 25.22(a), evidence of discriminatory or other credit practices that violate an applicable law, rule, or regulation includes, but is not limited to:

(i) Discrimination against applicants on a prohibited basis in violation, for example, of the Equal Credit Opportunity Act or the Fair Housing Act;

(ii) Violations of the Home Ownership and Equity Protection Act;

(iii) Violations of section 5 of the Federal Trade Commission Act;

(iv) Violations of section 8 of the Real Estate Settlement Procedures Act; and

(v) Violations of the Truth in Lending Act provisions regarding a consumer’s right of rescission.

(2) In determining the effect of evidence of practices described in paragraph (c)(1) of this section on the bank’s assigned rating, the OCC considers the nature, extent, and strength of the evidence of the practices; the policies and procedures that the bank (or affiliate, as applicable) has in place to prevent the practices; any corrective action that the bank (or affiliate, as applicable) has taken or has committed to take, including voluntary corrective action resulting from self-assessment; and any other relevant information.

### § 25.29 Effect of CRA performance on applications.

(a) *CRA performance.* Among other factors, the OCC takes into account the record of performance under the CRA

of each applicant bank in considering an application for:

(1) The establishment of a domestic branch;

(2) The relocation of the main office or a branch;

(3) Under the Bank Merger Act (12 U.S.C. 1828(c)), the merger or consolidation with or the acquisition of assets or assumption of liabilities of an insured depository institution; and

(4) The conversion of an insured depository institution to a national bank charter.

(b) *Charter application.* An applicant (other than an insured depository institution) for a national bank charter shall submit with its application a description of how it will meet its CRA objectives. The OCC takes the description into account in considering the application and may deny or condition approval on that basis.

(c) *Interested parties.* The OCC takes into account any views expressed by interested parties that are submitted in accordance with the OCC’s procedures set forth in part 5 of this chapter in considering CRA performance in an application listed in paragraphs (a) and (b) of this section.

(d) *Denial or conditional approval of application.* A bank’s record of performance may be the basis for denying or conditioning approval of an application listed in paragraph (a) of this section.

(e) *Insured depository institution.* For purposes of this section, the term “insured depository institution” has the meaning given to that term in 12 U.S.C. 1813.

## Subpart C—Records, Reporting, and Disclosure Requirements

SOURCE: 60 FR 22184, May 4, 1995, unless otherwise noted.

### § 25.41 Assessment area delineation.

(a) *In general.* A bank shall delineate one or more assessment areas within which the OCC evaluates the bank’s record of helping to meet the credit needs of its community. The OCC does not evaluate the bank’s delineation of its assessment area(s) as a separate performance criterion, but the OCC reviews the delineation for compliance with the requirements of this section.

(b) *Geographic area(s) for wholesale or limited purpose banks.* The assessment area(s) for a wholesale or limited purpose bank must consist generally of one or more MSAs or metropolitan divisions (using the MSA or metropolitan division boundaries that were in effect as of January 1 of the calendar year in which the delineation is made) or one or more contiguous political subdivisions, such as counties, cities, or towns, in which the bank has its main office, branches, and deposit-taking ATMs.

(c) *Geographic area(s) for other banks.* The assessment area(s) for a bank other than a wholesale or limited purpose bank must:

(1) Consist generally of one or more MSAs or metropolitan divisions (using the MSA or metropolitan division boundaries that were in effect as of January 1 of the calendar year in which the delineation is made) or one or more contiguous political subdivisions, such as counties, cities, or towns; and

(2) Include the geographies in which the bank has its main office, its branches, and its deposit-taking ATMs, as well as the surrounding geographies in which the bank has originated or purchased a substantial portion of its loans (including home mortgage loans, small business and small farm loans, and any other loans the bank chooses, such as those consumer loans on which the bank elects to have its performance assessed).

(d) *Adjustments to geographic area(s).* A bank may adjust the boundaries of its assessment area(s) to include only the portion of a political subdivision that it reasonably can be expected to serve. An adjustment is particularly appropriate in the case of an assessment area that otherwise would be extremely large, of unusual configuration, or divided by significant geographic barriers.

(e) *Limitations on the delineation of an assessment area.* Each bank's assessment area(s):

(1) Must consist only of whole geographies;

(2) May not reflect illegal discrimination;

(3) May not arbitrarily exclude low- or moderate-income geographies, tak-

ing into account the bank's size and financial condition; and

(4) May not extend substantially beyond an MSA boundary or beyond a state boundary unless the assessment area is located in a multistate MSA. If a bank serves a geographic area that extends substantially beyond a state boundary, the bank shall delineate separate assessment areas for the areas in each state. If a bank serves a geographic area that extends substantially beyond an MSA boundary, the bank shall delineate separate assessment areas for the areas inside and outside the MSA.

(f) *Banks serving military personnel.* Notwithstanding the requirements of this section, a bank whose business predominantly consists of serving the needs of military personnel or their dependents who are not located within a defined geographic area may delineate its entire deposit customer base as its assessment area.

(g) *Use of assessment area(s).* The OCC uses the assessment area(s) delineated by a bank in its evaluation of the bank's CRA performance unless the OCC determines that the assessment area(s) do not comply with the requirements of this section.

[60 FR 22184, May 4, 1995, as amended at 69 FR 41186, July 8, 2004]

#### § 25.42 Data collection, reporting, and disclosure.

(a) *Loan information required to be collected and maintained.* A bank, except a small bank, shall collect, and maintain in machine readable form (as prescribed by the OCC) until the completion of its next CRA examination, the following data for each small business or small farm loan originated or purchased by the bank:

(1) A unique number or alpha-numeric symbol that can be used to identify the relevant loan file;

(2) The loan amount at origination;

(3) The loan location; and

(4) An indicator whether the loan was to a business or farm with gross annual revenues of \$1 million or less.

(b) *Loan information required to be reported.* A bank, except a small bank or a bank that was a small bank during the prior calendar year, shall report

annually by March 1 to the OCC in machine readable form (as prescribed by the OCC) the following data for the prior calendar year:

(1) *Small business and small farm loan data.* For each geography in which the bank originated or purchased a small business or small farm loan, the aggregate number and amount of loans:

- (i) With an amount at origination of \$100,000 or less;
- (ii) With amount at origination of more than \$100,000 but less than or equal to \$250,000;
- (iii) With an amount at origination of more than \$250,000; and
- (iv) To businesses and farms with gross annual revenues of \$1 million or less (using the revenues that the bank considered in making its credit decision);

(2) *Community development loan data.* The aggregate number and aggregate amount of community development loans originated or purchased; and

(3) *Home mortgage loans.* If the bank is subject to reporting under part 203 of this title, the location of each home mortgage loan application, origination, or purchase outside the MSAs in which the bank has a home or branch office (or outside any MSA) in accordance with the requirements of part 203 of this title.

(c) *Optional data collection and maintenance*—(1) *Consumer loans.* A bank may collect and maintain in machine readable form (as prescribed by the OCC) data for consumer loans originated or purchased by the bank for consideration under the lending test. A bank may maintain data for one or more of the following categories of consumer loans: motor vehicle, credit card, home equity, other secured, and other unsecured. If the bank maintains data for loans in a certain category, it shall maintain data for all loans originated or purchased within that category. The bank shall maintain data separately for each category, including for each loan:

- (i) A unique number or alpha-numeric symbol that can be used to identify the relevant loan file;
- (ii) The loan amount at origination or purchase;
- (iii) The loan location; and

(iv) The gross annual income of the borrower that the bank considered in making its credit decision.

(2) *Other loan data.* At its option, a bank may provide other information concerning its lending performance, including additional loan distribution data.

(d) *Data on affiliate lending.* A bank that elects to have the OCC consider loans by an affiliate, for purposes of the lending or community development test or an approved strategic plan, shall collect, maintain, and report for those loans the data that the bank would have collected, maintained, and reported pursuant to paragraphs (a), (b), and (c) of this section had the loans been originated or purchased by the bank. For home mortgage loans, the bank shall also be prepared to identify the home mortgage loans reported under part 203 of this title by the affiliate.

(e) *Data on lending by a consortium or a third party.* A bank that elects to have the OCC consider community development loans by a consortium or third party, for purposes of the lending or community development tests or an approved strategic plan, shall report for those loans the data that the bank would have reported under paragraph (b)(2) of this section had the loans been originated or purchased by the bank.

(f) *Small banks electing evaluation under the lending, investment, and service tests.* A bank that qualifies for evaluation under the small bank performance standards but elects evaluation under the lending, investment, and service tests shall collect, maintain, and report the data required for other banks pursuant to paragraphs (a) and (b) of this section.

(g) *Assessment area data.* A bank, except a small bank or a bank that was a small bank during the prior calendar year, shall collect and report to the OCC by March 1 of each year a list for each assessment area showing the geographies within the area.

(h) *CRA Disclosure Statement.* The OCC prepares annually for each bank that reports data pursuant to this section a CRA Disclosure Statement that contains, on a state-by-state basis:

- (1) For each county (and for each assessment area smaller than a county)

with a population of 500,000 persons or fewer in which the bank reported a small business or small farm loan:

(i) The number and amount of small business and small farm loans reported as originated or purchased located in low-, moderate-, middle-, and upper-income geographies;

(ii) A list grouping each geography according to whether the geography is low-, moderate-, middle-, or upper-income;

(iii) A list showing each geography in which the bank reported a small business or small farm loan; and

(iv) The number and amount of small business and small farm loans to businesses and farms with gross annual revenues of \$1 million or less;

(2) For each county (and for each assessment area smaller than a county) with a population in excess of 500,000 persons in which the bank reported a small business or small farm loan:

(i) The number and amount of small business and small farm loans reported as originated or purchased located in geographies with median income relative to the area median income of less than 10 percent, 10 or more but less than 20 percent, 20 or more but less than 30 percent, 30 or more but less than 40 percent, 40 or more but less than 50 percent, 50 or more but less than 60 percent, 60 or more but less than 70 percent, 70 or more but less than 80 percent, 80 or more but less than 90 percent, 90 or more but less than 100 percent, 100 or more but less than 110 percent, 110 or more but less than 120 percent, and 120 percent or more;

(ii) A list grouping each geography in the county or assessment area according to whether the median income in the geography relative to the area median income is less than 10 percent, 10 or more but less than 20 percent, 20 or more but less than 30 percent, 30 or more but less than 40 percent, 40 or more but less than 50 percent, 50 or more but less than 60 percent, 60 or more but less than 70 percent, 70 or more but less than 80 percent, 80 or more but less than 90 percent, 90 or more but less than 100 percent, 100 or more but less than 110 percent, 110 or more but less than 120 percent, and 120 percent or more;

(4) The number and amount of community development loans reported as originated or purchased.

(i) *Aggregate disclosure statements.* The OCC, in conjunction with the Board of Governors of the Federal Reserve System, the Federal Deposit Insurance Corporation, and the Office of Thrift Supervision, prepares annually, for each MSA or metropolitan division (including an MSA or metropolitan division that crosses a state boundary) and the nonmetropolitan portion of each state, an aggregate disclosure statement of small business and small farm lending by all institutions subject to reporting under this part or parts 228, 345, or 563e of this title. These disclosure statements indicate, for each geography, the number and amount of all small business and small farm loans originated or purchased by reporting institutions, except that the OCC may adjust the form of the disclosure if necessary, because of special circumstances, to protect the privacy of a borrower or the competitive position of an institution.

(j) *Central data depositories.* The OCC makes the aggregate disclosure statements, described in paragraph (i) of this section, and the individual bank CRA Disclosure Statements, described in paragraph (h) of this section, available to the public at central data depositories. The OCC publishes a list of the depositories at which the statements are available.

#### Subpart D [Reserved]

#### Subpart E—Prohibition Against Use of Interstate Branches Primarily for Deposit Production

SOURCE: 62 FR 47734, Sept. 10, 1997, unless otherwise noted.

#### § 25.61 Purpose and scope.

(a) *Purpose.* The purpose of this subpart is to implement section 109 (12 U.S.C. 1835a) of the Riegle-Neal Interstate Banking and Branching Efficiency Act of 1994 (Interstate Act).

(b) *Scope.* (1) This subpart applies to any national bank that has operated a covered interstate branch for a period of at least one year, and any foreign bank that has operated a covered interstate branch that is a Federal branch for a period of at least one year.

(2) This subpart describes the requirements imposed under 12 U.S.C. 1835a, which requires the appropriate Federal banking agencies (the OCC, the Board of Governors of the Federal Reserve System, and the Federal Deposit Insurance Corporation) to prescribe uniform rules that prohibit a bank from using any authority to engage in interstate branching pursuant to the Interstate Act, or any amendment made by the Interstate Act to any other provision of law, primarily for the purpose of deposit production.

#### § 25.62 Definitions.

For purposes of this subpart, the following definitions apply:

(a) *Bank* means, unless the context indicates otherwise:

(1) A national bank; and

(ii) Could not have been established or acquired outside of the bank's home State but for the establishment or acquisition of a branch described in paragraph (b)(1)(i) of this section; and

(2) Any bank or branch of a bank controlled by an out-of-State bank holding company.

(c) *Federal branch* means Federal branch as that term is defined in 12 U.S.C. 3101(6) and 12 CFR 28.11(i).

(d) *Home State* means:

(1) With respect to a State bank, the State that chartered the bank;

(i) July 1, 1966; or

(ii) The date on which the company becomes a bank holding company under the Bank Holding Company Act;

(4) With respect to a foreign bank:

(i) For purposes of determining whether a U.S. branch of a foreign bank is a covered interstate branch, the home State of the foreign bank as determined in accordance with 12 U.S.C. 3103(c) and 12 CFR 28.11(o); and

(ii) For purposes of determining whether a branch of a U.S. bank controlled by a foreign bank is a covered interstate branch, the State in which the total deposits of all banking subsidiaries of such foreign bank are the largest on the later of:

(A) July 1, 1966; or

(B) The date on which the foreign bank becomes a bank holding company under the Bank Holding Company Act.

(e) *Host State* means a State in which a covered interstate branch is established or acquired.

(f) *Host state loan-to-deposit ratio* generally means, with respect to a particular host state, the ratio of total loans in the host state relative to total deposits from the host state for all banks (including institutions covered

under the definition of "bank" in 12 U.S.C. 1813(a)(1)) that have that state as their home state, as determined and updated periodically by the appropriate Federal banking agencies and made available to the public.

(g) *Out-of-State bank holding company* means, with respect to any State, a bank holding company whose home State is another State.

(h) *State* means state as that term is defined in 12 U.S.C. 1813(a)(3).

[62 FR 47734, Sept. 10, 1997, as amended at 67 FR 38847, June 6, 2002; 67 FR 46842, July 17, 2002]

**§ 25.63 Loan-to-deposit ratio screen.**

(a) *Application of screen.* Beginning no earlier than one year after a covered interstate branch is acquired or established, the OCC will consider whether the bank's statewide loan-to-deposit ratio is less than 50 percent of the relevant host State loan-to-deposit ratio.

(b) *Results of screen.* (1) If the OCC determines that the bank's statewide loan-to-deposit ratio is 50 percent or more of the host state loan-to-deposit ratio, no further consideration under this subpart is required.

(2) If the OCC determines that the bank's statewide loan-to-deposit ratio is less than 50 percent of the host state loan-to-deposit ratio, or if reasonably available data are insufficient to calculate the bank's statewide loan-to-deposit ratio, the OCC will make a credit needs determination for the bank as provided in § 25.64.

[62 FR 47734, Sept. 10, 1997, as amended at 67 FR 38848, June 6, 2002]

**§ 25.64 Credit needs determination.**

(a) *In general.* The OCC will review the loan portfolio of the bank and determine whether the bank is reasonably helping to meet the credit needs of the communities in the host state that are served by the bank.

(b) *Guidelines.* The OCC will use the following considerations as guidelines

when making the determination pursuant to paragraph (a) of this section:

(1) Whether covered interstate branches were formerly part of a failed or failing depository institution;

(2) Whether covered interstate branches were acquired under circumstances where there was a low loan-to-deposit ratio because of the nature of the acquired institution's business or loan portfolio;

(3) Whether covered interstate branches have a high concentration of commercial or credit card lending, trust services, or other specialized activities, including the extent to which the covered interstate branches accept deposits in the host state;

(4) The CRA ratings received by the bank, if any;

(5) Economic conditions, including the level of loan demand, within the communities served by the covered interstate branches;

(6) The safe and sound operation and condition of the bank; and

(7) The OCC's CRA regulations (subparts A through D of this part) and interpretations of those regulations.

#### § 25.65 Sanctions.

(a) *In general.* If the OCC determines that a bank is not reasonably helping to meet the credit needs of the communities served by the bank in the host state, and that the bank's statewide loan-to-deposit ratio is less than 50 percent of the host state loan-to-deposit ratio, the OCC:

(1) May order that a bank's covered interstate branch or branches be closed unless the bank provides reasonable assurances to the satisfaction of the OCC, after an opportunity for public comment, that the bank has an acceptable plan under which the bank will reasonably help to meet the credit needs of the communities served by the bank in the host state; and

(2) Will not permit the bank to open a new branch in the host state that would be considered to be a covered interstate branch unless the bank provides reasonable assurances to the satisfaction of the OCC, after an opportunity for public comment, that the bank will reasonably help to meet the credit needs of the community that the new branch will serve.

(b) *Notice prior to closure of a covered interstate branch.* Before exercising the OCC's authority to order the bank to close a covered interstate branch, the OCC will issue to the bank a notice of the OCC's intent to order the closure and will schedule a hearing within 60 days of issuing the notice.

(c) *Hearing.* The OCC will conduct a hearing scheduled under paragraph (b) of this section in accordance with the provisions of 12 U.S.C. 1818(h) and 12 CFR part 19.

#### APPENDIX A TO PART 25—RATINGS

(a) *Ratings in general.* (1) In assigning a rating, the OCC evaluates a bank's performance under the applicable performance criteria in this part, in accordance with §§ 25.21, and 25.28, which provides for adjustments on the basis of evidence of discriminatory or other illegal credit practices.

(2) A bank's performance need not fit each aspect of a particular rating profile in order to receive that rating, and exceptionally strong performance with respect to some aspects may compensate for weak performance in others. The bank's overall performance, however, must be consistent with safe and sound banking practices and generally with the appropriate rating profile as follows.

(b) *Banks evaluated under the lending, investment, and service tests—(1) Lending performance rating.* The OCC assigns each bank's lending performance one of the five following ratings.

(i) *Outstanding.* The OCC rates a bank's lending performance "outstanding" if, in general, it demonstrates:

(A) Excellent responsiveness to credit needs in its assessment area(s), taking into account the number and amount of home mortgage, small business, small farm, and consumer loans, if applicable, in its assessment area(s);

(B) A substantial majority of its loans are made in its assessment area(s);

(C) An excellent geographic distribution of loans in its assessment area(s);

(D) An excellent distribution, particularly in its assessment area(s), of loans among individuals of different income levels and businesses (including farms) of different sizes, given the product lines offered by the bank;

(E) An excellent record of serving the credit needs of highly economically disadvantaged areas in its assessment area(s), low-income individuals, or businesses (including farms) with gross annual revenues of \$1 million or less, consistent with safe and sound operations;

(F) Extensive use of innovative or flexible lending practices in a safe and sound manner

to address the credit needs of low- or moderate-income individuals or geographies; and

(G) It is a leader in making community development loans.

(ii) *High satisfactory.* The OCC rates a bank's lending performance "high satisfactory" if, in general, it demonstrates:

(i) A high level of community development loans, community development services, or qualified investments, particularly investments that are not routinely provided by private investors;

(ii) Extensive use of innovative or complex qualified investments, community development loans, or community development services; and

(3) *Needs to improve.* The OCC rates a wholesale or limited purpose bank's community development performance as "needs to improve" if, in general, it demonstrates:

(i) A poor level of community development loans, community development services, or qualified investments, particularly investments that are not routinely provided by private investors;

(ii) Rare use of innovative or complex qualified investments, community development loans, or community development services; and

(4) *Substantial noncompliance.* The OCC rates a wholesale or limited purpose bank's community development performance in "substantial noncompliance" if, in general, it demonstrates:

(i) Few, if any, community development loans, community development services, or qualified investments, particularly investments that are not routinely provided by private investors;

(ii) No use of innovative or complex qualified investments, community development loans, or community development services; and

(iii) Very poor responsiveness to credit and community development needs in its assessment area(s).

(d) *Banks evaluated under the small bank performance standards—(1) Lending test ratings.* (i) *Eligibility for a satisfactory lending test rating.* The OCC rates a small bank's lending performance "satisfactory" if, in general, the bank demonstrates:

(A) A reasonable loan-to-deposit ratio (considering seasonal variations) given the bank's size, financial condition, the credit needs of its assessment area(s), and taking into account, as appropriate, other lending-related activities such as loan originations for sale to the secondary markets and community development loans and qualified investments;

(B) A majority of its loans and, as appropriate, other lending-related activities, are in its assessment area;

(C) A distribution of loans to and, as appropriate, other lending-related activities for individuals of different income levels (including low- and moderate-income individuals) and businesses and farms of different sizes that is reasonable given the demographics of the bank's assessment area(s);

(D) A record of taking appropriate action, when warranted, in response to written complaints, if any, about the bank's performance in helping to meet the credit needs of its assessment area(s); and

(E) A reasonable geographic distribution of loans given the bank's assessment area(s).

(i) *Eligibility for an "outstanding" lending test rating.* A small bank that meets each of the standards for a "satisfactory" rating under this paragraph and exceeds some or all of those standards may warrant consideration for a lending test rating of "outstanding."

(iii) *Needs to improve or substantial non-compliance ratings.* A small bank may also receive a lending test rating of "needs to improve" or "substantial noncompliance" depending on the degree to which its performance has failed to meet the standard for a "satisfactory" rating.

(2) *Community development test ratings for intermediate small banks—(i) Eligibility for a satisfactory community development test rating.* The OCC rates an intermediate small bank's community development performance "satisfactory" if the bank demonstrates adequate responsiveness to the community development needs of its assessment area(s) through community development loans, qualified investments, and community development services. The adequacy of the bank's response will depend on its capacity for such community development activities, its assessment area's need for such community development activities, and the availability of such opportunities for community development in the bank's assessment area(s).

(ii) *Eligibility for an outstanding community development test rating.* The OCC rates an intermediate small bank's community development performance "outstanding" if the bank demonstrates excellent responsiveness to community development needs in its assessment area(s) through community development loans, qualified investments, and community development services, as appropriate, considering the bank's capacity and the need and availability of such opportunities for community development in the bank's assessment area(s).

(iii) *Needs to improve or substantial non-compliance ratings.* An intermediate small bank may also receive a community development test rating of "needs to improve" or "substantial noncompliance" depending on the degree to which its performance has failed to meet the standards for a "satisfactory" rating.

(3) *Overall rating—(i) Eligibility for a satisfactory overall rating.* No intermediate small bank may receive an assigned overall rating of "satisfactory" unless it receives a rating of at least "satisfactory" on both the lending test and the community development test.

(ii) *Eligibility for an outstanding overall rating.* (A) An intermediate small bank that receives an "outstanding" rating on one test and at least "satisfactory" on the other test may receive an assigned overall rating of "outstanding."

(B) A small bank that is not an intermediate small bank that meets each of the standards for a "satisfactory" rating under the lending test and exceeds some or all of those standards may warrant consideration for an overall rating of "outstanding." In assessing whether a bank's performance is "outstanding," the OCC considers the extent to which the bank exceeds each of the performance standards for a "satisfactory" rating and its performance in making qualified investments and its performance in providing branches and other services and delivery systems that enhance credit availability in its assessment area(s).

(iii) *Needs to improve or substantial non-compliance overall ratings.* A small bank may also receive a rating of "needs to improve" or "substantial noncompliance" depending on the degree to which its performance has failed to meet the standards for a "satisfactory" rating.

(e) *Strategic plan assessment and rating—(1) Satisfactory goals.* The OCC approves as "satisfactory" measurable goals that adequately help to meet the credit needs of the bank's assessment area(s).

(2) *Outstanding goals.* If the plan identifies a separate group of measurable goals that substantially exceed the levels approved as "satisfactory," the OCC will approve those goals as "outstanding."

(3) *Rating.* The OCC assesses the performance of a bank operating under an approved plan to determine if the bank has met its plan goals:

(i) If the bank substantially achieves its plan goals for a satisfactory rating, the OCC will rate the bank's performance under the plan as "satisfactory."

(ii) If the bank exceeds its plan goals for a satisfactory rating and substantially achieves its plan goals for an outstanding rating, the OCC will rate the bank's performance under the plan as "outstanding."

(iii) If the bank fails to meet substantially its plan goals for a satisfactory rating, the OCC will rate the bank as either "needs to improve" or "substantial noncompliance," depending on the extent to which it falls short of its plan goals, unless the bank elected in its plan to be rated otherwise, as provided in §25.27(f)(4).

- 26.3 Prohibitions.
- 26.4 Interlocking relationships permitted by statute.
- 26.5 Small market share exemption.
- 26.6 General exemption.
- 26.7 Change in circumstances.
- 26.8 Enforcement.

AUTHORITY: 12 U.S.C. 93a and 3201-3208.

SOURCE: 61 FR 40300, Aug. 2, 1996, unless otherwise noted.

### § 26.1 Authority, purpose, and scope.

(a) *Authority.* This part is issued under the provisions of the Depository Institution Management Interlocks

Act (Interlocks Act) (12 U.S.C. 3201 *et seq.*), as amended, and the OCC's general rulemaking authority in 12 U.S.C. 93a.

(b) *Purpose.* The purpose of the Interlocks Act and this part is to foster competition by generally prohibiting a management official from serving two nonaffiliated depository organizations in situations where the management interlock likely would have an anti-competitive effect.

(c) *Scope.* This part applies to management officials of national banks and their affiliates.

[73 FR 22251, Apr. 24, 2008]

### § 26.2 Definitions.

For purposes of this part, the following definitions apply:

(a) *Affiliate.* (1) The term *affiliate* has the meaning given in section 202 of the Interlocks Act (12 U.S.C. 3201). For purposes of that section 202, shares held by an individual include shares held by members of his or her immediate family. "Immediate family" means spouse, mother, father, child, grandchild, sister, brother, or any of their spouses, whether or not any of their shares are held in trust.

(2) For purposes of section 202(3)(B) of the Interlocks Act (12 U.S.C. 3201(3)(B)), an affiliate relationship involving a national bank based on common ownership does not exist if the OCC determines, after giving the affected persons the opportunity to respond, that the asserted affiliation was established in order to avoid the prohibitions of the Interlocks Act and does not represent a true commonality of interest between the depository organizations. In making this determination, the OCC considers, among other things, whether a person, including members of his or her immediate family, whose shares are necessary to constitute the group owns a nominal percentage of the shares of one of the organizations and the percentage is substantially disproportionate to that person's ownership of shares in the other organization.

(b) *Area median income* means:

(1) The median family income for the metropolitan statistical area (MSA), if a depository organization is located in an MSA; or

(2) The statewide nonmetropolitan median family income, if a depository organization is located outside an MSA.

(c) *Community* means a city, town, or village, and contiguous or adjacent cities, towns, or villages.

(d) *Contiguous or adjacent cities, towns, or villages* means cities, towns, or villages whose borders touch each other or whose borders are within 10 road miles of each other at their closest points. The property line of an office located in an unincorporated city, town, or village is the boundary line of that city, town, or village for the purpose of this definition.

(e) *Depository holding company* means a bank holding company or a savings and loan holding company (as more fully defined in section 202 of the Interlocks Act (12 U.S.C. 3201)) having its principal office located in the United States.

(f) *Depository institution* means a commercial bank (including a private bank), a savings bank, a trust company, a savings and loan association, a building and loan association, a homestead association, a cooperative bank, an industrial bank, or a credit union, chartered under the laws of the United States and having a principal office located in the United States. Additionally, a United States office, including a branch or agency, of a foreign commercial bank is a depository institution.

(g) *Depository institution affiliate* means a depository institution that is an affiliate of a depository organization.

(h) *Depository organization* means a depository institution or a depository holding company.

(i) *Low- and moderate-income areas* means census tracts (or, if an area is not in a census tract, block numbering areas delineated by the United States Bureau of the Census) where the median family income is less than 100 percent of the area median income.

(j) *Management official.* (1) The term *management official* means:

(i) A director;

(ii) An advisory or honorary director of a depository institution with total assets of \$100 million or more;

(iii) A senior executive officer as that term is defined in 12 CFR 5.51(c)(3);

### § 26.3

### 12 CFR Ch. I (1–1–09 Edition)

(iv) A branch manager;  
(v) A trustee of a depository organization under the control of trustees; and

(vi) Any person who has a representative or nominee serving in any of the capacities in this paragraph (k)(1).

(2) The term *management official* does not include:

(i) A person whose management functions relate exclusively to the business of retail merchandising or manufacturing;

(ii) A person whose management functions relate principally to the business outside the United States of a foreign commercial bank; or

(iii) A person described in the provisos of section 202(4) of the Interlocks Act (12 U.S.C. 3201(4)) (referring to an officer of a State-chartered savings bank, cooperative bank, or trust company that neither makes real estate mortgage loans nor accepts savings).

(k) *Office* means a principal or branch office of a depository institution located in the United States. *Office* does not include a representative office of a foreign commercial bank, an electronic terminal, or a loan production office.

(l) *Person* means a natural person, corporation, or other business entity.

(m) *Relevant metropolitan statistical area (RMSA)* means an MSA, a primary MSA, or a consolidated MSA that is not comprised of designated primary MSAs to the extent that these terms are defined and applied by the Office of Management and Budget.

(n) *Representative or nominee* means a natural person who serves as a management official and has an obligation to act on behalf of another person with respect to management responsibilities. The OCC will find that a person has an obligation to act on behalf of another person only if the first person has an agreement, express or implied, to act on behalf of the second person with respect to management responsibilities. The OCC will determine, after giving the affected persons an opportunity to respond, whether a person is a *representative or nominee*.

(o) *Total assets*. (1) The term *total assets* means assets measured on a consolidated basis and reported in the most recent fiscal year-end Consolidated Report of Condition and Income.

(2) The term *total assets* does not include:

(i) Assets of a diversified savings and loan holding company as defined by section 10(a)(1)(F) of the Home Owners' Loan Act (12 U.S.C. 1467a(a)(1)(F)) other than the assets of its depository institution affiliate;

(ii) Assets of a bank holding company that is exempt from the prohibitions of section 4 of the Bank Holding Company Act of 1956 pursuant to an order issued under section 4(d) of that Act (12 U.S.C. 1843(d)) other than the assets of its depository institution affiliate; or

(iii) Assets of offices of a foreign commercial bank other than the assets of its United States branch or agency.

(p) *United States* means the United States of America, any State or territory of the United States of America, the District of Columbia, Puerto Rico, Guam, American Samoa, and the Virgin Islands.

[61 FR 40300, Aug. 2, 1996, as amended at 64 FR 51678, Sept. 24, 1999; 72 FR 1276, Jan. 11, 2007; 73 FR 22251, Apr. 24, 2008]

### § 26.3 Prohibitions.

(a) *Community*. A management official of a depository organization may not serve at the same time as a management official of an unaffiliated depository organization if the depository organizations in question (or a depository institution affiliate thereof) have offices in the same community.

(b) *RMSA*. A management official of a depository organization may not serve at the same time as a management official of an unaffiliated depository organization if the depository organizations in question (or a depository institution affiliate thereof) have offices in the same RMSA and each depository organization has total assets of \$50 million or more.

(c) *Major assets*. A management official of a depository organization with total assets exceeding \$2.5 billion (or any affiliate of such an organization) may not serve at the same time as a management official of an unaffiliated depository organization with total assets exceeding \$1.5 billion (or any affiliate of such an organization), regardless of the location of the two depository organizations. The OCC will adjust these thresholds, as necessary,

based on the year-to-year change in the average of the Consumer Price Index for the Urban Wage Earners and Clerical Workers, not seasonally adjusted, with rounding to the nearest \$100 million. The OCC will announce the revised thresholds by publishing a final rule without notice and comment in the FEDERAL REGISTER.

[61 FR 40300, Aug. 2, 1996, as amended at 64 FR 51678, Sept. 24, 1999; 72 FR 1276, Jan. 11, 2007]

**§ 26.4 Interlocking relationships permitted by statute.**

The prohibitions of § 26.3 do not apply in the case of any one or more of the following organizations or to a subsidiary thereof:

(a) A depository organization that has been placed formally in liquidation, or which is in the hands of a receiver, conservator, or other official exercising a similar function;

(b) A corporation operating under section 25 or section 25A of the Federal Reserve Act (12 U.S.C. 601 *et seq.* and 12 U.S.C. 611 *et seq.*, respectively) (Edge Corporations and Agreement Corporations);

(c) A credit union being served by a management official of another credit union;

(d) A depository organization that does not do business within the United States except as an incident to its activities outside the United States;

(e) A State-chartered savings and loan guaranty corporation;

(f) A Federal Home Loan Bank or any other bank organized solely to serve depository institutions (a bankers' bank) or solely for the purpose of providing securities clearing services and services related thereto for depository institutions and securities companies;

(g) A depository organization that is closed or is in danger of closing as determined by the appropriate Federal depository institutions regulatory agency and is acquired by another depository organization. This exemption lasts for five years, beginning on the date the depository organization is acquired; and

(h)(1) A diversified savings and loan holding company (as defined in section 10(a)(1)(F) of the Home Owners' Loan Act (12 U.S.C. 1467a(a)(1)(F)) with re-

spect to the service of a director of such company who also is a director of an unaffiliated depository organization if:

(i) Both the diversified savings and loan holding company and the unaffiliated depository organization notify their appropriate Federal depository institutions regulatory agency at least 60 days before the dual service is proposed to begin; and

(ii) The appropriate regulatory agency does not disapprove the dual service before the end of the 60-day period.

(2) The OCC may disapprove a notice of proposed service if it finds that:

(i) The service cannot be structured or limited so as to preclude an anti-competitive effect in financial services in any part of the United States;

(ii) The service would lead to substantial conflicts of interest or unsafe or unsound practices; or

(iii) The notificant failed to furnish all the information required by the OCC.

(3) The OCC may require that any interlock permitted under this paragraph (h) be terminated if a change in circumstances occurs with respect to one of the interlocked depository organizations that would have provided a basis for disapproval of the interlock during the notice period.

**§ 26.5 Small market share exemption.**

(a) *Exemption.* A management interlock that is prohibited by § 26.3 is permissible, if:

(1) The interlock is not prohibited by § 26.3(c); and

(2) The depository organizations (and their depository institution affiliates) hold, in the aggregate, no more than 20 percent of the deposits in each RMSA or community in which both depository organizations (or their depository institution affiliates) have offices. The amount of deposits shall be determined by reference to the most recent annual Summary of Deposits published by the FDIC for the RMSA or community.

(b) *Confirmation and records.* Each depository organization must maintain

## § 26.6

records sufficient to support its determination of eligibility for the exemption under paragraph (a) of this section, and must reconfirm that determination on an annual basis.

[64 FR 51678, Sept. 24, 1999]

### § 26.6 General exemption.

(a) *Exemption.* The OCC may by order issued following receipt of an application, exempt an interlock from the prohibitions in § 26.3 if the OCC finds that the interlock would not result in a monopoly or substantial lessening of competition and would not present safety and soundness concerns.

(b) *Presumptions.* In reviewing an application for an exemption under this section, the OCC will apply a rebuttable presumption that an interlock will not result in a monopoly or substantial lessening of competition if the depository organization seeking to add a management official:

(1) Primarily serves low-and moderate-income areas;

(2) Is controlled or managed by persons who are members of a minority group, or women;

(3) Is a depository institution that has been chartered for less than two years; or

(4) Is deemed to be in “troubled condition” as defined in 12 CFR 5.51(c)(6).

(c) *Duration.* Unless a specific expiration period is provided in the OCC approval, an exemption permitted by paragraph (a) of this section may continue so long as it does not result in a monopoly or substantial lessening of competition, or is unsafe or unsound. If the OCC grants an interlock exemption in reliance upon a presumption under paragraph (b) of this section, the interlock may continue for three years, unless otherwise provided by the OCC in writing.

[64 FR 51678, Sept. 24, 1999]

### § 26.7 Change in circumstances.

(a) *Termination.* A management official shall terminate his or her service or apply for an exemption if a change in circumstances causes the service to become prohibited. A change in circumstances may include an increase in asset size of an organization, a change in the delineation of the RMSA or com-

## 12 CFR Ch. I (1–1–09 Edition)

munity, the establishment of an office, an increase in the aggregate deposits of the depository organization, or an acquisition, merger, consolidation, or any reorganization of the ownership structure of a depository organization that causes a previously permissible interlock to become prohibited.

(b) *Transition period.* A management official described in paragraph (a) of this section may continue to serve the depository organization involved in the interlock for 15 months following the date of the change in circumstances. The OCC may shorten this period under appropriate circumstances.

[61 FR 40300, Aug. 2, 1996, as amended at 64 FR 51678, Sept. 24, 1999]

### § 26.8 Enforcement.

Except as provided in this section, the OCC administers and enforces the Interlocks Act with respect to national banks and their affiliates, and may refer any case of a prohibited interlocking relationship involving these entities to the Attorney General of the United States to enforce compliance with the Interlocks Act and this part. If an affiliate of a national bank is subject to the primary regulation of another Federal depository organization supervisory agency, then the OCC does not administer and enforce the Interlocks Act with respect to that affiliate.

## § 27.3

SOURCE: 44 FR 63089, Nov. 2, 1979, unless otherwise noted.

### § 27.1 Scope and OMB control number.

(a) *Scope.* This part applies to the activities of national banks and their subsidiaries, which make home loans for the purpose of purchasing, construction-permanent financing, or refinancing of residential real property.

(b) *OMB control number.* The collection of information requirements contained in this part were approved by the Office of Management and Budget under OMB control number 1557-0160.

[49 FR 11825, Mar. 28, 1984, as amended at 73 FR 22251, Apr. 24, 2008]

### § 27.2 Definitions.

For the purpose of this part, including all forms and instructions issued for use under this part:

(a) *Applicant* means a natural person, including a co-applicant, who makes an application.

(b) *Application* means an oral in-person or written request for an extension of credit for a home loan that is made in accordance with procedures established by a bank for the type of credit requested.

(c) *Bank* means a national bank and any subsidiaries of a national bank.

(d) *Completed application* means an application in connection with which a bank has received all the information that it regularly obtains and considers in evaluating the amount and type of credit requested.

(e) *Decision center* means the place where home loan applications are accepted or rejected.

(f) *Home loan* means a real estate loan for the purchase, permanent financing for construction, or the refinancing of residential real property which the applicant intends to occupy as a principal residence.

(g) *Inquirer* means a natural person who makes an inquiry.

(h) *Inquiry* means a written or an oral in-person request for information about the terms of a home loan by a natural person on his/her own behalf which is received on a bank's premises by any person at the bank who customarily receives or is authorized to receive such requests. Telephonic com-

munications do not constitute an inquiry for purposes of this part.

(i) *Real estate loan* means any loan secured by real estate where the bank relies upon such real estate as the primary security for the loan. Where the bank in its judgment relies substantially upon other factors, such as the general credit standing of the borrower, guaranties, or security other than real estate, the loan does not constitute a real estate loan, although as a matter of prudent banking practice it may also be secured by real estate.

(1) A loan made in reliance upon the security of a mobile home will not be considered a real estate loan, although as a prudent banking practice the security interest is recorded or otherwise perfected as if the mobile home were real estate. For purposes of this part, a loan made in reliance upon the security of a mobile home and the parcel of land to which it is permanently affixed will be considered a real estate loan.

(2) Where the bank relies substantially on the insurance guaranty of a governmental agency in making a loan, it does not constitute a real estate loan except for the purposes of § 27.4 of this part (Inquiry/Application Log).

(j) *Residential real property* means improved real property (not vacant land) used or intended to be used for residential purposes, including single family homes, dwellings for from two to four families, and individual units of condominiums and cooperatives.

[44 FR 63089, Nov. 2, 1979, as amended at 73 FR 22251, Apr. 24, 2008]

### § 27.3 Recordkeeping requirements.

(a) *Quarterly recordkeeping requirement.* (1) A bank that is required to collect data on home loans under part 203 of this title shall present the data on Federal Reserve Form FR HMDA-LAR or in an automated format in accordance with the instructions, except that:

(i) A bank shall maintain the reason(s) it denied a loan application, using the codes provided in part 203 of this title; and

(ii) A bank shall record all information required by this paragraph and part 203 of this title within 30 calendar days after the end of each calendar quarter.

### § 27.3

### 12 CFR Ch. I (1–1–09 Edition)

(2) A bank that receives 50 or more home loan applications a year, as measured by the previous calendar year, and that is not required to collect data under paragraph (a)(1) of this section, shall record and maintain for each decision center the following information on home loan activity:

(i) Number of applications received for each of the following: Purchase; construction-permanent; refinance.

(ii) Number of loans closed for each of the following: Purchase; construction-permanent; refinance.

(iii) Number of loans denied for each of the following: Purchase; construction-permanent; refinance.

Banks which are subject to this paragraph may discontinue keeping this information beginning the month following two consecutive quarters in which their average monthly volume of home loan applications drops to four or fewer applications per month. A bank which is otherwise exempted under this paragraph may be required upon notification received from the Comptroller, to record and maintain such information where there is cause to believe that the bank is not in compliance with the fair housing laws based on prior examinations and/or has substantive consumer complaints, among other factors.

(5) A bank required to maintain information under paragraph (a)(2) or (a)(4) of this section may choose to comply with the quarterly record-keeping requirement by maintaining information in accordance with paragraph (a)(1) of this section.

(xiv) Proposed monthly housing payment, comprising the sum of principal and interest. The bank may also include insurance, real estate taxes and any monthly assessments for home owner dues or condominium fees, and/

When a bank changes its regular practice, such change and its effective date should be identifiable with respect to the bank's new policy.

(xv) Purchase price. Sales price or approximate current market value of the property which will secure the loan.

(A) In collecting the information required under § 27.3(b)(1) (xix) and (xx), the bank shall advise an applicant, either orally or in writing, that:

(1) The information on race/national origin and sex is requested by the Federal Government if this loan is related to a home loan, in order to monitor the lender's compliance with equal credit opportunity and fair housing laws;

(2) The applicant is not required to furnish the information but is encour-

aged to do so. The law provides that a lender may neither discriminate on the basis of this information, nor on whether the applicant chooses to furnish it;

(3) However, if the applicant chooses not to furnish it, Federal regulations require the lender to note race and sex on the basis of visual observation or surname.

(B) Banks which use the Federal Home Loan Mortgage Corporation/Federal National Mortgage Association (FHLMC/FNMA) insert form ("Information for Government Monitoring Purposes") requesting this information will be in compliance with paragraph (b)(2)(i) of this section. A copy of the insert form is set forth in appendix II.

(ii) If the applicant does not voluntarily provide the information on sex and race/national origin which the bank is required to record and maintain under § 27.3(b)(1) (xix) and (xx), the bank shall request the applicant to note that fact (by initials or otherwise) on the application, and the bank shall provide the information based on visual observation or surname. If the applicant does not voluntarily provide the information and does not initial or otherwise note that fact, the bank shall initial, or otherwise note that fact on the application, as well as provide the information based on visual observation or surname.

(c) *Additional information required in the loan file.* In addition to the information required by § 27.3(b), each bank shall maintain the following information in each of its home loan files:

### § 27.4 Inquiry/Application Log.

(a) The Comptroller, among other things, may require a bank to maintain a Fair Housing Inquiry/Application Log (“Log”), based upon, but not limited to, one or more of the following causes:

(1) There is reason(s) to believe that the bank may be prescreening or otherwise engaging in discriminatory practices on a prohibited basis.

(2) Complaints filed with the Comptroller or letters in the Community Reinvestment Act file are found to be substantive in nature, indicating that the bank’s home lending practices are, or may be, discriminatory.

(3) Analysis of the data compiled by the bank under the provisions of the Home Mortgage Disclosure Act (12 U.S.C. 2801 *et seq.* and Regulation C of

the Federal Reserve Board, 12 CFR part 203) indicates a pattern of significant variation in the number of home loans between census tracts with similar incomes and home ownership levels, differentiated only by race or national origin (i.e., possible racial redlining).

(b) The Comptroller, when requiring the maintenance of a Log, will specify in writing:

- (1) The location(s) where the information shall be obtained;
- (2) The length of time it shall be maintained;
- (3) The frequency with which it shall be submitted to the Comptroller; and
- (4) The reason(s) for imposing this requirement.

(c) A bank which has been directed by the Comptroller to maintain a Log shall obtain and note all of the following information regarding each inquiry or application for the extension of a home loan and each inquiry or application for a government insured home loan (not otherwise included in this part):

- (1) Date of application or inquiry.
- (2) Type of loan using the categories: purchase, construction-permanent; refinance; and government insured by type of insurance, *i.e.*, FHA, VA, and FmHA (if applicable).

- (4) Case identification (either a unique number which permits the application file to be located, or the name(s) and address(es) of the applicant(s)).

(5) Race/national origin of the inquirer(s) or applicant(s) using the categories: American Indian or Alaskan Native; Asian or Pacific Islander; Black, not of Hispanic origin; White, not of Hispanic origin; Hispanic; Other. In the case of inquiries, this item shall be noted on the basis of visual observation or surname(s) only. In the case of applications, the information shall be obtained pursuant to § 27.3(b)(2).

(6) *Location.* Complete street address, city, county, state and zip code of the property which will secure the extension of credit. The census tract shall also be recorded when the property is located in an SMSA in which the bank has a home office or branch office.

(d) The information required under § 27.4(c), of this part, shall be recorded and maintained on the form set forth in appendix III. Additional information may be recorded and maintained at the bank's discretion.

[44 FR 63089, Nov. 2, 1979, as amended at 59 FR 26415, May 20, 1994]

**§ 27.5 Record retention period.**

(a) Each bank shall retain the records required under § 27.3 for 25 months after the bank notifies an applicant of action taken on an application, or after withdrawal of an application. This requirement also applies to records of home loans which are originated by the bank and subsequently sold.

(b) The Comptroller of the Currency may, by written notice to a bank, extend the retention period.

**§ 27.6 Substitute monitoring program.**

The recordkeeping provisions of § 27.3 constitute a substitute monitoring program as authorized under § 202.13(d) of Regulation B of the Federal Reserve Board (12 CFR 202.13(d)). A bank collecting the data in compliance with § 27.3 of this part will be in compliance with the requirements of § 202.13 of Regulation B.

**§ 27.7 Availability, submission and use of data.**

(a) Each bank shall make all information collected under § 27.3 and § 27.4 available for review at the bank to national bank examiners upon request.

(b) Prior to a scheduled bank examination, the Comptroller may request the information maintained under § 27.3(a). A bank required to maintain information under § 27.3(a)(2) shall submit the information to the Comptroller on the form prescribed in appendix I of this part. A bank which is exempt from maintaining the information required under § 27.3(a) shall notify the Comptroller of this fact in writing within 30 calendar days of its receipt of the Comptroller's request.

(c) If, upon review of the information maintained under § 27.3(a), the Comptroller determines that statistical analysis prior to examination is warranted, the bank will be notified.

(1) Within 30 calendar days after receipt of notification from the Comptroller, the bank shall submit, for application records specified by the Comptroller, completed Home Loan Data Submission Forms (set forth as appendix IV). The Comptroller may, upon the request of a bank and for good reason, extend the 30-day period.

(2) The number of Home Loan Data Submission Forms requested by the Comptroller will not exceed 250 per *decision center*, or 2,000 per bank with multiple *decision centers*, unless there is cause to believe that a bank is not in compliance with fair housing laws based on examination findings or substantiated complaints, among other factors.

(3) A bank with fewer than 75 home loan applications in the preceding year will not be required to submit such forms unless:

(i) The home loan activity is concentrated in the few months preceding the request for data, indicating the likelihood of increased activity over the subsequent year, or

(ii) There is cause to believe that a bank is not in compliance with the fair housing laws based on prior examinations and/or complaints, among other factors.

(d) If there is cause to believe that a bank is in noncompliance with fair housing laws, the Comptroller may require submission of additional Home Loan Data Submission Forms. The Comptroller may also require submission of the information maintained under § 27.3(a) and Home Loan Data Submission Forms at more frequent intervals than specified in paragraphs (b) and (c) of this section.

### § 28.12 Approval of a Federal branch or agency.

(a) *Approval and licensing requirements*—(1) *General*. Except as otherwise provided in this section, a foreign bank shall submit an application to, and obtain prior approval from, the OCC before it:

(i) Establishes a Federal branch or agency; or

(ii) Exercises fiduciary powers at a Federal branch.

(2) *Licensing*. A foreign bank must receive a license from the OCC to open and operate its initial Federal branch or agency in the United States. A foreign bank that has a license to operate and is operating a full-service Federal branch need not obtain a new license for any additional Federal branches or agencies, or to upgrade or downgrade its operations in an existing Federal branch or agency. A foreign bank that only has a license to operate and is operating a limited Federal branch or Federal agency need not obtain a new license for any additional limited Federal branches or Federal agencies, or to convert a limited Federal branch into a Federal agency or a Federal agency into a limited Federal branch.

(b) *Standards for approval*. Generally, in reviewing an application by a foreign bank to establish a Federal branch or agency, the OCC considers:

(1) The financial and managerial resources and future prospects of the applicant foreign bank and the Federal branch or agency;

(2) Whether the foreign bank has furnished to the OCC the information the OCC requires to assess the application adequately, and provided the OCC with adequate assurances that information will be made available to the OCC on the operations or activities of the foreign bank or any of its affiliates that the OCC deems necessary to determine and enforce compliance with the IBA and other applicable Federal banking statutes;

(3) Whether the foreign bank and its United States affiliates are in compliance with applicable United States law;

(4) The convenience and needs of the community to be served and the effects of the proposal on competition in the domestic and foreign commerce of the United States;

(5) With respect to an application to establish a Federal branch or agency outside of the foreign bank's home state, whether the foreign bank is subject to comprehensive supervision or regulation on a consolidated basis by its home country supervisor. The OCC, in its discretion, also may consider whether the foreign bank is subject to comprehensive supervision or regulation on a consolidated basis by its home country supervisor when reviewing any other type of application to establish a Federal branch or agency; and

(6) Whether the home country supervisor has consented to the proposed establishment of the Federal branch or agency.

(c) *Comprehensive supervision or regulation on a consolidated basis.* In determining whether a foreign bank is subject to comprehensive supervision or regulation on a consolidated basis, the OCC reviews various factors, including whether the foreign bank is supervised or regulated in a manner so that its home country supervisor receives sufficient information on the worldwide operations of the foreign bank to assess the foreign bank's overall financial condition and compliance with laws and regulations as specified in the FRB's Regulation K, 12 CFR 211.24.

(d) *Conditions on approval.* The OCC may impose conditions on its approval including a condition permitting future termination of activities based on the inability of the foreign bank to provide information on its activities, or those

of its affiliate, that the OCC deems necessary to determine and enforce compliance with United States banking laws.

(e) *Expedited review.* Unless the OCC concludes that the filing presents significant supervisory or compliance concerns, or raises significant legal or policy issues, the OCC generally processes the following filings by an eligible foreign bank, as defined in paragraph (f) of this section, under expedited review procedures:

(1) *Intrastate relocations.* An application submitted by an eligible foreign bank to relocate a Federal branch or agency within a state is deemed approved by the OCC as of the seventh day after the close of the applicable public comment period in 12 CFR part 5, unless the OCC notifies the bank prior to that date that the filing is not eligible for expedited review.

(2) *Written notice for an additional intrastate Federal branch or agency.* (i) In a case where a foreign bank seeks to establish intrastate an additional Federal branch or agency, the foreign bank shall provide written notice 30 days in advance of the establishment of the intrastate Federal branch or agency.

(ii) The OCC may waive the 30-day period required under paragraph (e)(2)(i) of this section if immediate action is required. The OCC also may suspend the notice period or require an application if the notification raises significant policy or supervisory concerns.

(3) *Expedited approval procedures for an interstate Federal branch or agency.* An application submitted by an eligible foreign bank to establish and operate a de novo Federal branch or agency in any state outside the home state of the foreign bank is deemed conditionally approved by the OCC as of the 15th day after the close of the applicable public comment period, or the 45th day after the filing is received by the OCC, whichever is later, unless the OCC notifies the foreign bank prior to that date that the filing is not eligible for expedited review. In the event that the FRB has approved the application prior to the expiration of the period, then the OCC's approval shall be deemed a final approval.

(4) *Conversions.* An application submitted by an eligible foreign bank to

establish a Federal branch or agency as defined in 12 CFR 28.11(f)(4) or (f)(6) is deemed approved by the OCC as of the 30th day after the OCC receives the filing, unless the OCC notifies the foreign bank prior to that date that the filing is not eligible for expedited review.

(5) *Fiduciary powers.* An application submitted by an eligible foreign bank to exercise fiduciary powers at an established Federal branch is deemed approved by the OCC 30 days after filing with the OCC, unless the OCC notifies the bank prior to that date that the filing is not eligible for expedited review.

(6) *Other filings.* Any other application submitted by an eligible foreign bank may be approved by the OCC on an expedited basis as described in the Manual.

(f) *Eligible foreign bank.* For purposes of this section, a foreign bank is an eligible foreign bank if each Federal branch and agency of the foreign bank or, if the foreign bank has no Federal branches or agencies and is engaging in an establishment of a Federal branch or agency as defined in 12 CFR 28.11(f)(4), each state branch and agency:

(1) Has a composite rating of 1 or 2 under the interagency rating system for United States branches and agencies of foreign banks;

(2) Is not subject to a cease and desist order, consent order, formal written agreement, Prompt Corrective Action directive (see 12 CFR part 6) or, if subject to such order, agreement, or directive, is informed in writing by the OCC that the Federal branch or agency may be treated as an “eligible foreign bank” for purposes of this section; and

(3) Has, if applicable, a Community Reinvestment Act (CRA), 12 U.S.C. 2906, rating of “Outstanding” or “Satisfactory”.

(g) *After-the-fact approval.* Unless otherwise provided by the OCC, a foreign bank proposing to establish a Federal branch or agency through the acquisition of, or merger or consolidation with, a foreign bank that has an office in the United States, may proceed with the transaction before an application to establish the Federal branch or agency has been filed or acted upon, if the applicant:

(1) Gives the OCC reasonable advance notice of the proposed acquisition, merger, or consolidation;

(2) Prior to consummation of the acquisition, merger, or consolidation, commits in writing to comply with the OCC application procedures within a reasonable period of time, or has already submitted an application; and

(3) Commits in writing to abide by the OCC’s decision on the application, including a decision to terminate activities of the Federal branch or agency.

(h) *After-the-fact notice for an eligible foreign bank.* Unless otherwise provided by the OCC, a foreign bank proposing to establish a Federal branch or agency through the acquisition of, or merger or consolidation with, a foreign bank that has an existing U.S. bank subsidiary or a Federal or state branch or agency may proceed with the transaction and provide after-the-fact notice to the OCC within 14 days of the transaction, if:

(1) The resulting bank is an “eligible foreign bank” under paragraph (f) of this section; and

(2) No Federal branch established by the transaction accepts deposits that are insured by the FDIC pursuant to the Federal Deposit Insurance Act (12 U.S.C. 1811 *et seq.*).

(i) *Contraction of operations.* A foreign bank shall provide written notice to the OCC within 10 days after converting a Federal branch into a limited Federal branch or Federal agency.

(j) *Procedures for approval.* A foreign bank shall file an application for approval pursuant to this section in accordance with 12 CFR part 5 and the Manual. The OCC reserves the right to adopt materially different procedures for a particular filing, or class of filings, pursuant to 12 CFR 5.2(b).

(k) *Other applications accepted.* As provided in 12 CFR 5.4(c), the OCC may accept an application or other filing submitted to another U.S. Government agency that covers the proposed activity or transaction and contains substantially the same information as required by the OCC.

[61 FR 19532, May 2, 1996, as amended at 68 FR 70699, Dec. 19, 2003; 73 FR 22251, Apr. 24, 2008]

**§ 28.13 Permissible activities.**

(a) *Applicability of laws*—(1) *General*. Except as otherwise provided by the IBA, other Federal laws or regulations, or otherwise determined by the OCC, the operations of a foreign bank at a Federal branch or agency shall be conducted with the same rights and privileges and subject to the same duties, restrictions, penalties, liabilities, conditions, and limitations that would apply if the Federal branch or agency were a national bank operating at the same location.

(2) *Parent foreign bank senior management approval*. Unless otherwise provided by the OCC, any provision in law, regulation, policy, or procedure that requires a national bank to obtain the approval of its board of directors will be deemed to require a Federal branch or agency to obtain the approval of parent foreign bank senior management.

(b) *Management of shell branches*—(1) *Federal branches and agencies*. A Federal branch or agency of a foreign bank shall not manage, through an office of the foreign bank that is located outside the United States and that is managed or controlled by that Federal branch or agency, any type of activity that a United States bank is not permitted to manage at any branch or subsidiary of the United States bank that is located outside the United States.

(2) *Activities managed in foreign branches or subsidiaries of United States banks*. The types of activities referred to in paragraph (b)(1) of this section include the types of activities authorized to a United States bank by state or Federal charters, regulations issued by chartering or regulatory authorities, and other United States banking laws. However, United States procedural or quantitative requirements that may be applicable to the conduct of those activities by United States banks do not apply.

(c) *Additional guidance regarding permissible activities*. For purposes of section 7(h) of the IBA, 12 U.S.C. 3105(h), the OCC may issue opinions, interpretations, or rulings regarding permissible activities of Federal branches.

**§ 28.14 Limitations based upon capital of a foreign bank.**

(a) *General*. Any limitation or restriction based upon the capital of a national bank shall be deemed to refer, as applied to a Federal branch or agency, to the dollar equivalent of the capital of the foreign bank.

(b) *Calculation*. Unless otherwise provided by the OCC, a foreign bank must calculate its capital in a manner consistent with 12 CFR part 3, for purposes of this section.

(c) *Aggregation*. The foreign bank shall aggregate business transacted by all Federal branches and agencies with the business transacted by all state branches and state agencies controlled by the foreign bank in determining its compliance with limitations based upon the capital of the foreign bank. The foreign bank shall designate one Federal branch or agency office in the United States to maintain consolidated information so that the OCC can monitor compliance.

**§ 28.15 Capital equivalency deposits.**

(a) *Capital equivalency deposits*—(1) *General*. For purposes of section 4(g) of the IBA, 12 U.S.C. 3102(g), unless otherwise provided by the OCC, a foreign bank's capital equivalency deposits (CED) must consist of:

(i) Investment securities eligible for investment by national banks;

(ii) United States dollar deposits payable in the United States or payable in any other Group of Ten country;

(iii) Certificates of deposit, payable in the United States, and banker's acceptances, provided that, in either case, the issuer or the instrument is rated investment grade by an internationally recognized rating organization, and neither the issuer nor the instrument is rated lower than investment grade by any such rating organization that has rated the issuer or the instrument;

(iv) Repurchase agreements; or

(v) Other similar assets permitted by the OCC to qualify to be included in the CED.

(2) *Legal requirements*. The agreement with the depository bank to hold the CED and the amount of the deposit must comply with the requirements in section 4(g) of the IBA, 12 U.S.C.

§ 28.16

12 CFR Ch. I (1-1-09 Edition)

3102(g). If a foreign bank has more than one Federal branch or agency in a state, it shall determine the CED and the amount of liabilities requiring capital equivalency coverage on an aggregate basis for all the foreign bank's Federal branches or agencies in that state.

(3) *Exceptions.* In determining the amount of the CED, the OCC excludes liabilities of an international banking facility (IBF) to third parties and of a Federal branch of a foreign bank to an IBF. The OCC may exclude liabilities from repurchase agreements on a case-by-case basis.

(b) *Increase in capital equivalency deposits.* For prudential or supervisory reasons, the OCC may require, in individual cases or otherwise, that a foreign bank increase its CED above the minimum amount. For example, the OCC may require an increase if a Federal branch or agency of the foreign bank increases its leverage through the establishment, acquisition, or maintenance of an operating subsidiary.

(c) *Value of assets.* The obligations referred to in paragraph (a) of this section must be valued at principal amount or market value, whichever is lower.

(d) *Deposit arrangements.* A foreign bank should require its depository bank to segregate its CED on the depository bank's books and records. The funds deposited and obligations referred to in paragraph (a) of this section that are placed in safekeeping at a depository bank to satisfy a foreign bank's CED requirement:

(1) May not be reduced in value below the minimum required for that branch or agency without the prior approval of the OCC, but in no event below the statutory minimum;

(2) Must be maintained pursuant to an agreement prescribed by the OCC that shall be a written agreement entered into with the OCC for purposes of section 8 of the Federal Deposit Insurance Act, 12 U.S.C. 1818; and

(3) Must be free from any lien, charge, right of setoff, credit, or preference in connection with any claim of the depository bank against the foreign bank.

(e)(1) *Deposit and Consolidation.* As provided in 12 U.S.C. 3102(g), a foreign

bank with a Federal branch or agency shall deposit its CED into an account in a bank that is located in the state in which the Federal branch or agency is located. For this purpose, such depository bank is considered to be located in those states in which it has its main office or a branch. A foreign bank with Federal branches or agencies in more than one state may consolidate some or all of its CEDs into one such account.

(2) *Calculation.* The total amount of the consolidated CED shall continue to be calculated on an office-by-office basis.

(f) *Maintenance of capital equivalency ledger account.* Each Federal branch or agency shall maintain a capital equivalency account and keep records of the amount of liabilities requiring capital equivalency coverage in a manner and form prescribed by the OCC.

[61 FR 60363, Nov. 27, 1996, as amended at 66 FR 49098, Sept. 26, 2001; 67 FR 4326, Jan. 30, 2002; 67 FR 41620, June 19, 2002; 68 FR 70700, Dec. 19, 2003]

§ 28.16 Deposit-taking by an uninsured Federal branch.

(a) *Policy.* In carrying out this section, the OCC shall consider the importance of according foreign banks competitive opportunities equal to those of United States banks and the availability of credit to all sectors of the United States economy, including international trade finance.

(b) *General.* An uninsured Federal branch may accept initial deposits of less than \$100,000 only from:

(1) Individuals who are not citizens or residents of the United States at the time of the initial deposit;

(2) Individuals who are not citizens of the United States, but are residents of the United States, and are employed by a foreign bank, foreign business, foreign government, or recognized international organization;

(3) Persons (including immediate family members of an individual) to whom the branch or foreign bank (including any affiliate thereof) has extended credit or provided other non-deposit banking services within the past 12 months, or with whom the branch or foreign bank has a written agreement to extend credit or provide

such services within 12 months after the date of the initial deposit;

(4) Foreign businesses and large United States businesses;

(5) Foreign governmental units, including political subdivisions, and recognized international organizations;

(6) Federal and state governmental units, including political subdivisions and agencies thereof;

(7) Persons who are depositing funds in connection with the issuance of a financial instrument by the branch for transmission of funds, or transmission of funds by any electronic means;

(8) Persons who may deposit funds with an Edge corporation as provided in the FRB's Regulation K, 12 CFR 211.6, including persons engaged in certain international business activities; and

(9) Any other depositor if:

(i) The aggregate amount of deposits received from those depositors does not exceed, on an average daily basis, 1 percent of the average of the branch's deposits for the last 30 days of the most recent calendar quarter, excluding deposits of other offices, branches, agencies, or wholly owned subsidiaries of the foreign bank; and

(ii) The branch does not solicit deposits from the general public by advertising, display of signs, or similar activity designed to attract the attention of the general public.

(c) *Application for an exemption.* A foreign bank may apply to the OCC for an exemption to permit an uninsured Federal branch to accept or maintain deposit accounts that are not listed in paragraph (b) of this section. The request should describe:

(1) The types, sources, and estimated amounts of such deposits and explain why the OCC should grant an exemption; and

(2) How the exemption maintains and furthers the policies described in paragraph (a) of this section.

(d) *Aggregation of deposits.* For purposes of paragraph (b)(9) of this section, a foreign bank that has more than one Federal branch in the same state may aggregate deposits in all of its Federal branches in that state, but exclude deposits of other branches, agencies or wholly owned subsidiaries of the bank. The Federal branch shall

compute the average amount by using the sum of deposits as of the close of business of the last 30 calendar days ending with and including the last day of the calendar quarter, divided by 30. The Federal branch shall maintain records of the calculation until its next examination by the OCC.

(e) *Notification to depositors.* A Federal branch that accepts deposits pursuant to this section shall provide notice to depositors pursuant to 12 CFR 346.207, which generally requires that the Federal branch conspicuously display a sign at the branch and include a statement on each signature card, passbook, and instrument evidencing a deposit that the deposit is not insured by the Federal Deposit Insurance Corporation (FDIC).

(f) *Transition period.* (1) An uninsured Federal branch may maintain a deposit lawfully accepted under the exemptions existing prior to July 1, 1996 if the deposit would qualify for an exemption under paragraph (b) of this section, except for the fact that the deposit was made before July 1, 1996.

(2) If a deposit lawfully accepted under the exemption existing prior to July 1, 1996 would not qualify for an exemption under paragraph (b) or (c) of this section, the uninsured Federal branch must terminate the deposit no later than:

(i) In the case of time deposits, the maturity of a time deposit or October 1, 1996, whichever is longer; or

(ii) In the case of all other deposits, five years after July 1, 1996.

(g) *Insured banks in United States territories.* For purposes of this section, the term "foreign bank" does not include any bank organized under the laws of any territory of the United States, Puerto Rico, Guam, American Samoa, or the Virgin Islands whose deposits are insured by the FDIC pursuant to the Federal Deposit Insurance Act, 12 U.S.C. 1811 *et seq.*

(c) *Maintenance of accounts, books, and records.* (1) Each Federal branch or agency shall maintain a set of accounts and records reflecting its transactions that are separate from those of the foreign bank and any other branch or agency. The Federal branch or agency shall promptly provide any additional records requested by the OCC for examination or supervisory purposes.

(2) A foreign bank with more than one Federal branch or agency in a state shall designate one of those offices to maintain consolidated asset, liability, and capital equivalency accounts for all Federal branches or agencies in that state.

(3) A foreign bank with a Federal branch or agency in more than one state that consolidates its CEDs into one account in accordance with § 28.15(e) shall designate a participating Federal branch or agency to maintain consolidated asset, liability, and capital equivalency account information for all Federal branches and agencies

This enforcement authority is in addition to any other remedies otherwise provided by the IBA or any other law.

### § 28.20 Maintenance of assets.

(a) *General rule.* (1) For prudential, supervisory, or enforcement reasons, the OCC may require a foreign bank to hold certain assets in the state in which its Federal branch or agency is located. Those assets may only consist of currency, bonds, notes, debentures, drafts, bills of exchange, or other evidence of indebtedness including loan participation agreements or certificates, or other obligations payable in the United States or in United States funds or, with the approval of the OCC, funds freely convertible into United States funds.

(2) If the OCC requires asset maintenance, the amount of assets held by a foreign bank shall be prescribed by the OCC after consideration of the aggregate amount of liabilities of the Federal branch or agency, payable at or through the Federal branch or agency. To determine the aggregate amount of liabilities for purposes of this section, the foreign bank shall include bankers' acceptances, but exclude liabilities to the head office and any other branches, offices, subsidiaries, and affiliates of the foreign bank.

(b) *Valuation.* For the purposes of this section, marketable securities must be valued at principal amount or market value, whichever is lower.

(c) *Credits.* In determining compliance with the asset maintenance requirements, the OCC will give the Federal branch or agency credit for:

(4) Any deposit with a bank in the United States, unless that bank has executed a valid waiver of offset agreement;

(5) Any asset not in the Federal branch's actual possession unless the branch holds title to the asset and maintains records sufficient to enable independent verification of the branch's ownership of the asset, as determined at the most recent examination; and

(6) Any other particular asset or class of assets as provided by the OCC, based on a case-by-case assessment of the risks associated with the asset.

(e) *International banking facility.* Unless specifically exempted by the OCC, the eligible assets and liabilities of any international banking facility operated through the Federal branch or agency must be included in the computation of eligible assets and liabilities for purposes of this section.

bank shall comply with applicable requirements in 12 CFR 5.48 and the Manual, including requirements that apply to an expedited liquidation of an insured Federal branch.

(b) *Notice to customers and creditors.* A foreign bank shall publish notice of the impending closure of each Federal branch or agency for a period of two months in every issue of a local newspaper where the Federal branch or agency is located. (5) The OCC receives a recommendation from the FRB, pursuant to 12 U.S.C. 3105(e)(5), that the license of a Federal branch or agency be terminated.

(b) *Procedures*—(1) *Notice and hearing*. Except as otherwise provided in this section, the OCC may issue an order to terminate the license of a Federal branch or agency after providing notice to the Federal branch or agency and after providing an opportunity for a hearing.

(2) *Procedures for hearing*. The OCC shall conduct a hearing under this section pursuant to the OCC's Rules of Practice and Procedure in 12 CFR part 19.

(3) *Expedited procedure*. The OCC may act without providing an opportunity for a hearing if it determines that expeditious action is necessary in order to protect the public interest. When the OCC finds that it is necessary to act without providing an opportunity for a hearing, the OCC in its sole discretion, may:

(i) Provide the Federal branch or agency with notice of the intended termination order;

(ii) Grant the Federal branch or agency an opportunity to present a written submission opposing issuance of the order; or

(iii) Take any other action designed to provide the Federal branch or agency with notice and an opportunity to present its views concerning the termination order.

## Subpart C—International Lending Supervision

### § 28.50 Authority, purpose, and scope.

(a) *Authority*. This subpart is issued pursuant to 12 U.S.C. 1 *et seq.*, 93a, 161, and 1818; and the International Lending Supervision Act of 1983 (Pub. L. 98–181, title IX, 97 Stat. 1153, 12 U.S.C. 3901 *et seq.*).

(b) *Purpose*. This subpart implements the requirements of the International Lending Supervision Act of 1983 (12 U.S.C. 3901 *et seq.*).

(c) *Scope*. This subpart requires national banks to establish reserves against the risks presented in certain international assets and sets forth the accounting for various fees received by the banks when making international loans.

[61 FR 19532, May 2, 1996, as amended at 73 FR 22251, Apr. 24, 2008]

### § 28.51 Definitions.

For the purposes of this subpart:

(a) *Banking institution* means a national bank.

(b) *Federal banking agencies* means the OCC, the FRB, and the FDIC.

(c) *International assets* means those assets required to be included in banking institutions' *Country Exposure Report* forms (FFIEC 009).

(d) *International loan* means a loan as defined in the instructions to the *Report of Condition and Income* for the respective banking institution (FFIEC 031, 032, 033 and 034) and made to a foreign government, or to an individual, a corporation, or other entity not a citizen of, resident in, or organized or incorporated in the United States.

(e) *Restructured international loan* means a loan that meets the following criteria:

(1) The borrower is unable to service the existing loan according to its terms and is a resident of a foreign country in which there is a generalized inability of public and private sector obligors to meet their external debt obligations on a timely basis because of a lack of, or restraints on the availability of, needed foreign exchange in the country; and

(2) The terms of the existing loan are amended to reduce stated interest or extend the schedule of payments; or

(3) A new loan is made to, or for the benefit of, the borrower, enabling the borrower to service or refinance the existing debt.

(f) *Transfer risk* means the possibility that an asset cannot be serviced in the currency of payment because of a lack of, or restraints on the availability of, needed foreign exchange in the country of the obligor.

[61 FR 19532, May 2, 1996, as amended at 63 FR 57048, Oct. 26, 1998; 73 FR 22251, Apr. 24, 2008]

#### § 28.52 Allocated transfer risk reserve.

(a) *Establishment of allocated transfer risk reserve.* A banking institution shall establish an allocated transfer risk reserve (ATRR) for specified international assets when required by the OCC in accordance with this section.

(b) *Procedures and standards—(1) Joint agency determination.* At least annually, the Federal banking agencies shall determine jointly, based on the standards set forth in paragraph (b)(2) of this section, the following:

(i) Which international assets subject to transfer risk warrant establishment of an ATRR;

(ii) The amount of the ATRR for the specified assets; and

(iii) Whether an ATRR established for specified assets may be reduced.

(2) *Standards for requiring ATRR—(i) Evaluation of assets.* The Federal banking agencies shall apply the following criteria in determining whether an ATRR is required for particular international assets:

(A) Whether the quality of a banking institution's assets has been impaired by a protracted inability of public or private obligors in a foreign country to make payments on their external indebtedness as indicated by such factors, among others, as whether:

(1) Such obligors have failed to make full interest payments on external indebtedness;

(2) Such obligors have failed to comply with the terms of any restructured indebtedness; or

(3) A foreign country has failed to comply with any International Monetary Fund or other suitable adjustment program; or

(B) Whether no definite prospects exist for the orderly restoration of debt service.

(ii) *Determination of amount of ATRR.*

(A) In determining the amount of the ATRR, the Federal banking agencies shall consider:

(1) The length of time the quality of the asset has been impaired;

(2) Recent actions taken to restore debt service capability;

(3) Prospects for restored asset quality; and

(4) Such other factors as the Federal banking agencies may consider relevant to the quality of the asset.

(B) The initial year's provision for the ATRR shall be 10 percent of the principal amount of each specified international asset, or such greater or lesser percentage determined by the Federal banking agencies. Additional provision, if any, for the ATRR in subsequent years shall be 15 percent of the principal amount of each specified international asset, or such greater or lesser percentage determined by the Federal banking agencies.

(3) *Notification.* Based on the joint agency determinations under paragraph (b)(1) of this section, the OCC shall notify each banking institution holding assets subject to an ATRR:

(i) Of the amount of the ATRR to be established by the institution for specified international assets; and

(ii) That an ATRR to be established for specified assets may be reduced.

(c) *Accounting treatment of ATRR—(1) Charge to current income.* A banking institution shall establish an ATRR by a charge to current income and the amounts so charged shall not be included in the banking institution's capital or surplus.

(2) *Separate accounting.* A banking institution shall account for an ATRR separately from the Allowance for Possible Loan Losses, and shall deduct the ATRR from "gross loans and leases" to arrive at "net loans and leases." The ATRR must be established for each asset subject to the ATRR in the percentage amount specified.

(3) *Consolidation.* A banking institution shall establish an ATRR, as required, on a consolidated basis. Consolidation should be in accordance with the procedures and tests of significance set forth in the instructions for preparation of *Consolidated Reports of Condition and Income* (FFIEC 031, 032, 033 and 034). For bank holding companies, the consolidation shall be in accordance with the principles set forth in the "Instructions to the Bank Holding Company Financial Supplement to Report F.R. Y-6" (Form F.R. Y-9). Edge corporations and Agreement corporations engaged in banking shall report in accordance with instructions for preparation of the Report of Condition for Edge corporations and Agreement corporations (Form F.R. 2886b).

(4) *Alternative accounting treatment.* A banking institution need not establish an ATRR if it writes down in the period in which the ATRR is required, or has written down in prior periods, the value of the specified international assets in the requisite amount for each such asset. For purposes of this paragraph, international assets may be written down by a charge to the Allowance for Possible Loan Losses or a reduction in the principal amount of the asset by application of interest pay-

ments or other collections on the asset. However, the Allowance for Possible Loan Losses must be replenished in such amount necessary to restore it to a level which adequately provides for the estimated losses inherent in the banking institution's loan portfolio.

(5) *Reduction of ATRR.* A banking institution may reduce an ATRR when notified by the OCC or, at any time, by writing down such amount of the international asset for which the ATRR was established.

**§ 28.53 Accounting for fees on international loans.**

(a) *Restrictions on fees for restructured international loans.* No banking institution shall charge, in connection with the restructuring of an international loan, any fee exceeding the administrative costs of the restructuring unless it amortizes the amount of the fee exceeding the administrative cost over the effective life of the loan.

(b) *Accounting treatment.* Subject to paragraph (a) of this section, a banking institution is to account for fees in accordance with generally accepted accounting principles.

[63 FR 57048, Oct. 26, 1998]

**§ 28.54 Reporting and disclosure of international assets.**

(a) *Requirements.* (1) Pursuant to section 907(a) of the International Lending Supervision Act of 1983 (title IX, Pub. L. 98-181, 97 Stat. 1153, 12 U.S.C. 3906) (ILSA) a banking institution shall submit to the OCC, at least quarterly, information regarding the amounts and composition of its holdings of international assets.

(2) Pursuant to section 907(b) of ILSA (12 U.S.C. 3906), a banking institution shall submit to the OCC information regarding concentrations in its holdings of international assets that are material in relation to total assets and to capital of the institution, such information to be made publicly available by the OCC on request.

(b) *Procedures.* The format, content, and reporting and filing dates of the reports required under paragraph (a) of this section shall be determined jointly by the Federal banking agencies. The requirements to be prescribed by the

agencies may include changes to existing reporting forms (such as the Country Exposure Report, FFIEC 009) or such other requirements as the agencies deem appropriate. The agencies also may determine to exempt from the requirements of paragraph (a) of this section banking institutions that, in the agencies' judgment, have *de minimis* holdings of international assets.

(c) *Reservation of authority.* Nothing contained in this part shall preclude the OCC from requiring from a banking institution such additional or more frequent information on the institution's holdings of international assets as the OCC may consider necessary.

[66 FR 8633, Feb. 1, 2001, as amended at 70 FR 6332, Feb. 7, 2005]

### § 30.2 Purpose.

Section 39 of the FDI Act, 12 U.S.C. 1831p-1, requires the Office of the Comptroller of the Currency (OCC) to establish safety and soundness standards. Pursuant to section 39, a bank may be required to submit a compliance plan if it is not in compliance with a safety and soundness standard prescribed by guideline under section 39(a) or (b). An enforceable order under section 8 of the FDI Act, 12 U.S.C. 1818(b), may be issued if, after being notified that it is in violation of a safety and soundness standard prescribed under section 39, the bank fails to submit an acceptable compliance plan or fails in any material respect to implement an accepted plan. This part establishes procedures for requiring submission of a compliance plan and issuing an enforceable order pursuant to section 39. The Interagency Guidelines Establishing Standards for Safety and Soundness are set forth in appendix A to this part, and the Interagency Guidelines Establishing Information Security Standards are set forth in appendix B to this part. The OCC Guidelines Establishing Standards for Residential Mortgage Lending Practices are set forth in appendix C to this part.

[60 FR 35680, July 10, 1995, as amended at 63 FR 55488, Oct. 15, 1998; 64 FR 52641, Sept. 30, 1999; 66 FR 8633, Feb. 1, 2001; 70 FR 6332, Feb. 7, 2005]

**§ 30.3 Determination and notification of failure to meet safety and soundness standard and request for compliance plan.**

(a) *Determination.* The OCC may, based upon an examination, inspection, or any other information that becomes available to the OCC, determine that a bank has failed to satisfy the safety and soundness standards contained in the Interagency Guidelines Establishing Standards for Safety and Soundness set forth in appendix A to this part, the Interagency Guidelines Establishing Standards for Safeguarding Customer Information set forth in appendix B to this part, or the OCC Guidelines Establishing Standards for Residential Mortgage Lending Practices set forth in appendix C to this part.

(b) *Request for compliance plan.* If the OCC determines that a bank has failed a safety and soundness standard pursuant to paragraph (a) of this section, the OCC may request, by letter or through a report of examination, the submission of a compliance plan and the bank shall be deemed to have notice of the deficiency three days after mailing of the letter by the OCC or delivery of the report of examination.

[60 FR 35680, July 10, 1995, as amended at 63 FR 55488, Oct. 15, 1998; 64 FR 52641, Sept. 30, 1999; 66 FR 8633, Feb. 1, 2001; 70 FR 6332, Feb. 7, 2005]

**§ 30.4 Filing of safety and soundness compliance plan.**

(a) *Schedule for filing compliance plan—(1) In general.* A bank shall file a written safety and soundness compliance plan with the OCC within 30 days of receiving a request for a compliance plan pursuant to § 30.3(b) unless the OCC notifies the bank in writing that the plan is to be filed within a different period.

(2) *Other plans.* If a bank is obligated to file, or is currently operating under, a capital restoration plan submitted pursuant to section 38 of the FDI Act (12 U.S.C. 1831o), a cease-and-desist order entered into pursuant to section 8 of the FDI Act (12 U.S.C. 1818(b)), a formal or informal agreement, or a response to a report of examination or report of inspection, it may, with the permission of the OCC, submit a com-

pliance plan under this section as part of that plan, order, agreement, or response, subject to the deadline provided in paragraph (a) of this section.

(b) *Contents of plan.* The compliance plan shall include a description of the steps the bank will take to correct the deficiency and the time within which those steps will be taken.

(c) *Review of safety and soundness compliance plans.* Within 30 days after receiving a safety and soundness compliance plan under this part, the OCC shall provide written notice to the bank of whether the plan has been approved or seek additional information from the bank regarding the plan. The OCC may extend the time within which notice regarding approval of a plan will be provided.

(d) *Failure to submit or implement a compliance plan—(1) Supervisory actions.* If a bank fails to submit an acceptable plan within the time specified by the OCC or fails in any material respect to implement a compliance plan, then the OCC shall, by order, require the bank to correct the deficiency and may take further actions provided in section 39(e)(2)(B). Pursuant to section 39(e)(3), the OCC may be required to take certain actions if the bank commenced operations or experienced a change in control within the previous 24-month period, or the bank experienced extraordinary growth during the previous 18-month period.

(2) *Extraordinary growth.* For purposes of paragraph (d)(1) of this section, extraordinary growth means an increase in assets of more than 7.5 percent during any quarter within the 18-month period preceding the issuance of a request for submission of a compliance plan, by a bank that is not well capitalized for purposes of section 38 of the FDI Act. For purposes of calculating an increase in assets, assets acquired through merger or acquisition approved pursuant to the Bank Merger Act (12 U.S.C. 1828(c)) will be excluded.

(e) *Amendment of compliance plan.* A bank that has filed an approved compliance plan may, after prior written notice to and approval by the OCC, amend the plan to reflect a change in circumstance. Until such time as a proposed amendment has been approved,

the bank shall implement the compliance plan as previously approved.

**§ 30.5 Issuance of orders to correct deficiencies and to take or refrain from taking other actions.**

(a) *Notice of intent to issue order*—(1) *In general.* The OCC shall provide a bank prior written notice of the OCC's intention to issue an order requiring the bank to correct a safety and soundness deficiency or to take or refrain from taking other actions pursuant to section 39 of the FDI Act. The bank shall have such time to respond to a proposed order as provided by the OCC under paragraph (c) of this section.

(2) *Immediate issuance of final order.* If the OCC finds it necessary in order to carry out the purposes of section 39 of the FDI Act, the OCC may, without providing the notice prescribed in paragraph (a)(1) of this section, issue an order requiring a bank immediately to take actions to correct a safety and soundness deficiency or take or refrain from taking other actions pursuant to section 39. A bank that is subject to such an immediately effective order may submit a written appeal of the order to the OCC. Such an appeal must be received by the OCC within 14 calendar days of the issuance of the order, unless the OCC permits a longer period. The OCC shall consider any such appeal, if filed in a timely matter, within 60 days of receiving the appeal. During such period of review, the order shall remain in effect unless the OCC, in its sole discretion, stays the effectiveness of the order.

(b) *Content of notice.* A notice of intent to issue an order shall include:

(1) A statement of the safety and soundness deficiency or deficiencies that have been identified at the bank;

(2) A description of any restrictions, prohibitions, or affirmative actions that the OCC proposes to impose or require;

(3) The proposed date when such restrictions or prohibitions would be effective or the proposed date for completion of any required action; and

(4) The date by which the bank subject to the order may file with the OCC a written response to the notice.

(c) *Response to notice*—(1) *Time for response.* A bank may file a written re-

sponse to a notice of intent to issue an order within the time period set by the OCC. Such a response must be received by the OCC within 14 calendar days from the date of the notice unless the OCC determines that a different period is appropriate in light of the safety and soundness of the bank or other relevant circumstances.

(2) *Content of response.* The response should include:

(i) An explanation why the action proposed by the OCC is not an appropriate exercise of discretion under section 39;

(ii) Any recommended modification of the proposed order; and

(iii) Any other relevant information, mitigating circumstances, documentation, or other evidence in support of the position of the bank regarding the proposed order.

(d) *Agency consideration of response.* After considering the response, the OCC may:

(1) Issue the order as proposed or in modified form;

(2) Determine not to issue the order and so notify the bank; or

(3) Seek additional information or clarification of the response from the bank, or any other relevant source.

(e) *Failure to file response.* Failure by a bank to file with the OCC, within the specified time period, a written response to a proposed order shall constitute a waiver of the opportunity to respond and shall constitute consent to the issuance of the order.

(f) *Request for modification or rescission of order.* Any bank that is subject to an order under this part may, upon a change in circumstances, request in writing that the OCC reconsider the terms of the order, and may propose that the order be rescinded or modified. Unless otherwise ordered by the OCC, the order shall continue in place while such request is pending before the OCC.

**§ 30.6 Enforcement of orders.**

(a) *Judicial remedies.* Whenever a bank fails to comply with an order issued under section 39, the OCC may seek enforcement of the order in the appropriate United States district court pursuant to section 8(i)(1) of the FDI Act.

(b) *Failure to comply with order.* Pursuant to section 8(i)(2)(A) of the FDI

Act, the OCC may assess a civil money penalty against any bank that violates or otherwise fails to comply with any final order issued under section 39 and against any institution-affiliated party who participates in such violation or noncompliance.

(c) *Other enforcement action.* In addition to the actions described in paragraphs (a) and (b) of this section, the OCC may seek enforcement of the provisions of section 39 or this part through any other judicial or administrative proceeding authorized by law.

I. INTRODUCTION

i. Section 39 of the Federal Deposit Insurance Act<sup>1</sup> (FDI Act) requires each Federal banking agency (collectively, the agencies) to establish certain safety and soundness standards by regulation or by guideline for all insured depository institutions. Under section 39, the agencies must establish three types of standards: (1) Operational and man-

agerial standards; (2) compensation standards; and (3) such standards relating to asset quality, earnings, and stock valuation as they determine to be appropriate.

ii. Section 39(a) requires the agencies to establish operational and managerial standards relating to: (1) Internal controls, information systems and internal audit systems, in accordance with section 36 of the FDI Act (12 U.S.C. 1831m); (2) loan documentation; (3) credit underwriting; (4) interest rate exposure; (5) asset growth; and (6) compensation, fees, and benefits, in accordance with subsection (c) of section 39. Section 39(b) requires the agencies to establish standards relating to asset quality, earnings, and stock valuation that the agencies determine to be appropriate.

iii. Section 39(c) requires the agencies to establish standards prohibiting as an unsafe and unsound practice any compensatory arrangement that would provide any executive officer, employee, director, or principal shareholder of the institution with excessive compensation, fees or benefits and any compensatory arrangement that could lead to material financial loss to an institution. Section 39(c) also requires that the agencies establish standards that specify when compensation is excessive.

iv. If an agency determines that an institution fails to meet any standard established by guideline under subsection (a) or (b) of section 39, the agency may require the institution to submit to the agency an acceptable plan to achieve compliance with the standard. In the event that an institution fails to submit an acceptable plan within the time allowed by the agency or fails in any material respect to implement an accepted plan, the agency must, by order, require the institution to correct the deficiency. The agency may, and in some cases must, take other supervisory actions until the deficiency has been corrected.

v. The agencies have adopted amendments to their rules and regulations to establish deadlines for submission and review of compliance plans.<sup>2</sup>

vi. The following Guidelines set out the safety and soundness standards that the agencies use to identify and address problems at insured depository institutions before capital becomes impaired. The agencies believe that the standards adopted in these Guidelines serve this end without dictating

how institutions must be managed and operated. These standards are designed to identify potential safety and soundness concerns and ensure that action is taken to address those concerns before they pose a risk to the deposit insurance funds.

#### A. Preservation of Existing Authority

Neither section 39 nor these Guidelines in any way limits the authority of the agencies to address unsafe or unsound practices, violations of law, unsafe or unsound conditions, or other practices. Action under section 39 and these Guidelines may be taken independently of, in conjunction with, or in addition to any other enforcement action available to the agencies. Nothing in these Guidelines limits the authority of the FDIC pursuant to section 38(i)(2)(F) of the FDI Act (12 U.S.C. 1831(o)) and Part 325 of Title 12 of the Code of Federal Regulations.

#### B. Definitions

1. *In general.* For purposes of these Guidelines, except as modified in the Guidelines or unless the context otherwise requires, the terms used have the same meanings as set forth in sections 3 and 39 of the FDI Act (12 U.S.C. 1813 and 1831p-1).

2. *Board of directors*, in the case of a state-licensed insured branch of a foreign bank and in the case of a federal branch of a foreign bank, means the managing official in charge of the insured foreign branch.

3. *Compensation* means all direct and indirect payments or benefits, both cash and non-cash, granted to or for the benefit of any executive officer, employee, director, or principal shareholder, including but not limited to payments or benefits derived from an employment contract, compensation or benefit agreement, fee arrangement, perquisite, stock option plan, postemployment benefit, or other compensatory arrangement.

4. *Director* shall have the meaning described in 12 CFR 215.2(c).<sup>3</sup>

5. *Executive officer* shall have the meaning described in 12 CFR 215.2(d).<sup>4</sup>

6. *Principal shareholder* shall have the meaning described in 12 CFR 215.2(l).<sup>5</sup>

## II. OPERATIONAL AND MANAGERIAL STANDARDS

A. *Internal controls and information systems.* An institution should have internal controls

<sup>3</sup>In applying these definitions for savings associations, pursuant to 12 U.S.C. 1464, savings associations shall use the terms "savings association" and "insured savings association" in place of the terms "member bank" and "insured bank".

<sup>4</sup>See footnote 3 in section I.B.4. of this appendix.

<sup>5</sup>See footnote 3 in section I.B.4. of this appendix.

and information systems that are appropriate to the size of the institution and the nature, scope and risk of its activities and that provide for:

1. An organizational structure that establishes clear lines of authority and responsibility for monitoring adherence to established policies;

2. Effective risk assessment;

3. Timely and accurate financial, operational and regulatory reports;

4. Adequate procedures to safeguard and manage assets; and

5. Compliance with applicable laws and regulations.

B. *Internal audit system.* An institution should have an internal audit system that is appropriate to the size of the institution and the nature and scope of its activities and that provides for:

1. Adequate monitoring of the system of internal controls through an internal audit function. For an institution whose size, complexity or scope of operations does not warrant a full scale internal audit function, a system of independent reviews of key internal controls may be used;

2. Independence and objectivity;

3. Qualified persons;

4. Adequate testing and review of information systems;

5. Adequate documentation of tests and findings and any corrective actions;

6. Verification and review of management actions to address material weaknesses; and

7. Review by the institution's audit committee or board of directors of the effectiveness of the internal audit systems.

C. *Loan documentation.* An institution should establish and maintain loan documentation practices that:

1. Enable the institution to make an informed lending decision and to assess risk, as necessary, on an ongoing basis;

2. Identify the purpose of a loan and the source of repayment, and assess the ability of the borrower to repay the indebtedness in a timely manner;

3. Ensure that any claim against a borrower is legally enforceable;

4. Demonstrate appropriate administration and monitoring of a loan; and

5. Take account of the size and complexity of a loan.

D. *Credit underwriting.* An institution should establish and maintain prudent credit underwriting practices that:

1. Are commensurate with the types of loans the institution will make and consider the terms and conditions under which they will be made;

2. Consider the nature of the markets in which loans will be made;

3. Provide for consideration, prior to credit commitment, of the borrower's overall financial condition and resources, the financial responsibility of any guarantor, the nature

and value of any underlying collateral, and the borrower's character and willingness to repay as agreed;

4. Establish a system of independent, ongoing credit review and appropriate communication to management and to the board of directors;

5. Take adequate account of concentration of credit risk; and

6. Are appropriate to the size of the institution and the nature and scope of its activities.

*E. Interest rate exposure.* An institution should:

1. Manage interest rate risk in a manner that is appropriate to the size of the institution and the complexity of its assets and liabilities; and

2. Provide for periodic reporting to management and the board of directors regarding interest rate risk with adequate information for management and the board of directors to assess the level of risk.

*F. Asset growth.* An institution's asset growth should be prudent and consider:

1. The source, volatility and use of the funds that support asset growth;

2. Any increase in credit risk or interest rate risk as a result of growth; and

3. The effect of growth on the institution's capital.

*G. Asset quality.* An insured depository institution should establish and maintain a system that is commensurate with the institution's size and the nature and scope of its operations to identify problem assets and prevent deterioration in those assets. The institution should:

1. Conduct periodic assetquality reviews to identify problem assets;

2. Estimate the inherent losses in those assets and establish reserves that are sufficient to absorb estimated losses;

3. Compare problem asset totals to capital;

4. Take appropriate corrective action to resolve problem assets;

5. Consider the size and potential risks of material asset concentrations; and

6. Provide periodic asset reports with adequate information for management and the board of directors to assess the level of asset risk.

*H. Earnings.* An insured depository institution should establish and maintain a system that is commensurate with the institution's size and the nature and scope of its operations to evaluate and monitor earnings and ensure that earnings are sufficient to maintain adequate capital and reserves. The institution should:

1. Compare recent earnings trends relative to equity, assets, or other commonly used benchmarks to the institution's historical results and those of its peers;

2. Evaluate the adequacy of earnings given the size, complexity, and risk profile of the institution's assets and operations;

3. Assess the source, volatility, and sustainability of earnings, including the effect of nonrecurring or extraordinary income or expense;

4. Take steps to ensure that earnings are sufficient to maintain adequate capital and reserves after considering the institution's asset quality and growth rate; and

5. Provide periodic earnings reports with adequate information for management and the board of directors to assess earnings performance.

*I. Compensation, fees and benefits.* An institution should maintain safeguards to prevent the payment of compensation, fees, and benefits that are excessive or that could lead to material financial loss to the institution.

### III. PROHIBITION ON COMPENSATION THAT CONSTITUTES AN UNSAFE AND UNSOUND PRACTICE

#### *A. Excessive Compensation*

Excessive compensation is prohibited as an unsafe and unsound practice. Compensation shall be considered excessive when amounts paid are unreasonable or disproportionate to the services performed by an executive officer, employee, director, or principal shareholder, considering the following:

1. The combined value of all cash and non-cash benefits provided to the individual;

2. The compensation history of the individual and other individuals with comparable expertise at the institution;

3. The financial condition of the institution;

4. Comparable compensation practices at comparable institutions, based upon such factors as asset size, geographic location, and the complexity of the loan portfolio or other assets;

5. For postemployment benefits, the projected total cost and benefit to the institution;

6. Any connection between the individual and any fraudulent act or omission, breach of trust or fiduciary duty, or insider abuse with regard to the institution; and

7. Any other factors the agencies determines to be relevant.

#### *B. Compensation Leading to Material Financial Loss*

Compensation that could lead to material financial loss to an institution is prohibited as an unsafe and unsound practice.

- I. Introduction

The Interagency Guidelines Establishing Information Security Standards (Guidelines) set forth standards pursuant to section 39 of the Federal Deposit Insurance Act (section 39, codified at 12 U.S.C. 1831p-1), and sections 501 and 505(b), codified at 15 U.S.C. 6801 and 6805(b) of the Gramm-Leach Bliley Act. These Guidelines address standards for developing and implementing administrative, technical, and physical safeguards to protect the security, confidentiality, and integrity of customer information. These Guidelines also address standards with respect to the proper disposal of consumer information, pursuant to sections 621 and 628 of the Fair Credit Reporting Act (15 U.S.C. 1681s and 1681w).

A. *Scope.* The Guidelines apply to customer information maintained by or on behalf of entities over which the OCC has authority. Such entities, referred to as "the bank," are national banks, federal branches and federal agencies of foreign banks, and any subsidiaries of such entities (except brokers, dealers, persons providing insurance, investment companies, and investment advisers). The Guidelines also apply to the proper disposal of consumer information by or on behalf of such entities.

B. *Preservation of Existing Authority.* Neither section 39 nor these Guidelines in any way limit the authority of the OCC to address unsafe or unsound practices, violations of law, unsafe or unsound conditions, or other practices. The OCC may take action under section 39 and these Guidelines independently of, in conjunction with, or in addition to, any other enforcement action available to the OCC.

C. *Definitions.* 1. Except as modified in the Guidelines, or unless the context otherwise requires, the terms used in these Guidelines have the same meanings as set forth in sections 3 and 39 of the Federal Deposit Insurance Act (12 U.S.C. 1813 and 1831p-1).

2. For purposes of the Guidelines, the following definitions apply:

a. *Board of directors*, in the case of a branch or agency of a foreign bank, means the man-

aging official in charge of the branch or agency.

b. *Consumer information* means any record about an individual, whether in paper, electronic, or other form, that is a consumer report or is derived from a consumer report and that is maintained or otherwise possessed by or on behalf of the bank for a business purpose. Consumer information also means a compilation of such records. The term does not include any record that does not identify an individual.

i. *Examples.* (1) *Consumer information* includes:

(A) A consumer report that a bank obtains;

(B) Information from a consumer report that the bank obtains from its affiliate after the consumer has been given a notice and has elected not to opt out of that sharing;

(C) Information from a consumer report that the bank obtains about an individual who applies for but does not receive a loan, including any loan sought by an individual for a business purpose;

(D) Information from a consumer report that the bank obtains about an individual who guarantees a loan (including a loan to a business entity); or

(E) Information from a consumer report that the bank obtains about an employee or prospective employee.

(2) *Consumer information* does not include:

(A) Aggregate information, such as the mean credit score, derived from a group of consumer reports; or

(B) Blind data, such as payment history on accounts that are not personally identifiable, that may be used for developing credit scoring models or for other purposes.

c. *Consumer report* has the same meaning as set forth in the Fair Credit Reporting Act, 15 U.S.C. 1681a(d).

d. *Customer* means any customer of the bank as defined in §40.3(h) of this chapter.

e. *Customer information* means any record containing nonpublic personal information, as defined in §40.3(n) of this chapter, about a customer, whether in paper, electronic, or other form, that is maintained by or on behalf of the bank.

f. *Customer information systems* means any methods used to access, collect, store, use, transmit, protect, or dispose of customer information.

g. *Service provider* means any person or entity that maintains, processes, or otherwise is permitted access to customer information or consumer information through its provision of services directly to the bank.

## II. STANDARDS FOR INFORMATION SECURITY

A. *Information Security Program.* Each bank shall implement a comprehensive written information security program that includes administrative, technical, and physical safeguards appropriate to the size and complexity of the bank and the nature and scope

of its activities. While all parts of the bank are not required to implement a uniform set of policies, all elements of the information security program must be coordinated.

B. *Objectives.* A bank's information security program shall be designed to:

1. Ensure the security and confidentiality of customer information;
2. Protect against any anticipated threats or hazards to the security or integrity of such information;
3. Protect against unauthorized access to or use of such information that could result in substantial harm or inconvenience to any customer; and
4. Ensure the proper disposal of customer information and consumer information.

### III. DEVELOPMENT AND IMPLEMENTATION OF INFORMATION SECURITY PROGRAM

A. *Involve the Board of Directors.* The board of directors or an appropriate committee of the board of each bank shall:

1. Approve the bank's written information security program; and
2. Oversee the development, implementation, and maintenance of the bank's information security program, including assigning specific responsibility for its implementation and reviewing reports from management.

B. *Assess Risk.* Each bank shall:

1. Identify reasonably foreseeable internal and external threats that could result in unauthorized disclosure, misuse, alteration, or destruction of customer information or customer information systems.
2. Assess the likelihood and potential damage of these threats, taking into consideration the sensitivity of customer information.
3. Assess the sufficiency of policies, procedures, customer information systems, and other arrangements in place to control risks.

C. *Manage and Control Risk.* Each bank shall:

1. Design its information security program to control the identified risks, commensurate with the sensitivity of the information as well as the complexity and scope of the bank's activities. Each bank must consider whether the following security measures are appropriate for the bank and, if so, adopt those measures the bank concludes are appropriate:
  - a. Access controls on customer information systems, including controls to authenticate and permit access only to authorized individuals and controls to prevent employees from providing customer information to unauthorized individuals who may seek to obtain this information through fraudulent means.

- b. Access restrictions at physical locations containing customer information, such as buildings, computer facilities, and records

storage facilities to permit access only to authorized individuals;

- c. Encryption of electronic customer information, including while in transit or in storage on networks or systems to which unauthorized individuals may have access;

- d. Procedures designed to ensure that customer information system modifications are consistent with the bank's information security program;

- e. Dual control procedures, segregation of duties, and employee background checks for employees with responsibilities for or access to customer information;

- f. Monitoring systems and procedures to detect actual and attempted attacks on or intrusions into customer information systems;

- g. Response programs that specify actions to be taken when the bank suspects or detects that unauthorized individuals have gained access to customer information systems, including appropriate reports to regulatory and law enforcement agencies; and

- h. Measures to protect against destruction, loss, or damage of customer information due to potential environmental hazards, such as fire and water damage or technological failures.

2. Train staff to implement the bank's information security program.

3. Regularly test the key controls, systems and procedures of the information security program. The frequency and nature of such tests should be determined by the bank's risk assessment. Tests should be conducted or reviewed by independent third parties or staff independent of those that develop or maintain the security programs.

4. Develop, implement, and maintain, as part of its information security program, appropriate measures to properly dispose of customer information and consumer information in accordance with each of the requirements of this paragraph III.

D. *Oversee Service Provider Arrangements.* Each bank shall:

1. Exercise appropriate due diligence in selecting its service providers;

2. Require its service providers by contract to implement appropriate measures designed to meet the objectives of these Guidelines; and

3. Where indicated by the bank's risk assessment, monitor its service providers to confirm that they have satisfied their obligations as required by section D.2. As part of this monitoring, a bank should review audits, summaries of test results, or other equivalent evaluations of its service providers.

E. *Adjust the Program.* Each bank shall monitor, evaluate, and adjust, as appropriate, the information security program in light of any relevant changes in technology, the sensitivity of its customer information, internal or external threats to information,

and the bank's own changing business arrangements, such as mergers and acquisitions, alliances and joint ventures, outsourcing arrangements, and changes to customer information systems.

*F. Report to the Board.* Each bank shall report to its board or an appropriate committee of the board at least annually. This report should describe the overall status of the information security program and the bank's compliance with these Guidelines. The reports should discuss material matters related to its program, addressing issues such as: risk assessment; risk management and control decisions; service provider arrangements; results of testing; security breaches or violations and management's responses; and recommendations for changes in the information security program.

*G. Implement the Standards.* 1. *Effective date.* Each bank must implement an information security program pursuant to these Guidelines by July 1, 2001.

2. *Two-year grandfathering of agreements with service providers.* Until July 1, 2003, a contract that a bank has entered into with a service provider to perform services for it or functions on its behalf satisfies the provisions of section III.D., even if the contract does not include a requirement that the servicer maintain the security and confidentiality of customer information, as long as the bank entered into the contract on or before March 5, 2001.

3. *Effective date for measures relating to the disposal of consumer information.* Each bank must satisfy these Guidelines with respect to the proper disposal of consumer information by July 1, 2005.

4. *Exception for existing agreements with service providers relating to the disposal of consumer information.* Notwithstanding the requirement in paragraph III.G.3., a bank's contracts with its service providers that have access to consumer information and that may dispose of consumer information, entered into before July 1, 2005, must comply with the provisions of the Guidelines relating to the proper disposal of consumer information by July 1, 2006.

SUPPLEMENT A TO APPENDIX B TO PART 30—  
INTERAGENCY GUIDANCE ON RESPONSE PROGRAMS FOR UNAUTHORIZED ACCESS TO CUSTOMER INFORMATION AND CUSTOMER NOTICE

I. BACKGROUND

This Guidance<sup>1</sup> interprets section 501(b) of the Gramm-Leach-Bliley Act ("GLBA") and

<sup>1</sup>This Guidance is being jointly issued by the Board of Governors of the Federal Reserve System (Board), the Federal Deposit Insurance Corporation (FDIC), the Office of

the Interagency Guidelines Establishing Information Security Standards (the "Security Guidelines")<sup>2</sup> and describes response programs, including customer notification procedures, that a financial institution should develop and implement to address unauthorized access to or use of customer information that could result in substantial harm or inconvenience to a customer. The scope of, and definitions of terms used in, this Guidance are identical to those of the Security Guidelines. For example, the term "customer information" is the same term used in the Security Guidelines, and means any record containing nonpublic personal information about a customer, whether in paper, electronic, or other form, maintained by or on behalf of the institution.

*A. Interagency Security Guidelines*

Section 501(b) of the GLBA required the Agencies to establish appropriate standards for financial institutions subject to their jurisdiction that include administrative, technical, and physical safeguards, to protect the security and confidentiality of customer information. Accordingly, the Agencies issued Security Guidelines requiring every financial institution to have an information security program designed to:

1. Ensure the security and confidentiality of customer information;
2. Protect against any anticipated threats or hazards to the security or integrity of such information; and
3. Protect against unauthorized access to or use of such information that could result in substantial harm or inconvenience to any customer.

*B. Risk Assessment and Controls*

1. The Security Guidelines direct every financial institution to assess the following risks, among others, when developing its information security program:

- a. Reasonably foreseeable internal and external threats that could result in unauthorized disclosure, misuse, alteration, or destruction of customer information or customer information systems;
- b. The likelihood and potential damage of threats, taking into consideration the sensitivity of customer information; and

the Comptroller of the Currency (OCC), and the Office of Thrift Supervision (OTS).

<sup>2</sup>12 CFR part 30, app. B (OCC); 12 CFR part 208, app. D-2 and part 225, app. F (Board); 12 CFR part 364, app. B (FDIC); and 12 CFR part 570, app. B (OTS). The "Interagency Guidelines Establishing Information Security Standards" were formerly known as "The Interagency Guidelines Establishing Standards for Safeguarding Customer Information."

c. The sufficiency of policies, procedures, customer information systems, and other arrangements in place to control risks.<sup>3</sup>

2. Following the assessment of these risks, the Security Guidelines require a financial institution to design a program to address the identified risks. The particular security measures an institution should adopt will depend upon the risks presented by the complexity and scope of its business. At a minimum, the financial institution is required to consider the specific security measures enumerated in the Security Guidelines,<sup>4</sup> and adopt those that are appropriate for the institution, including:

a. Access controls on customer information systems, including controls to authenticate and permit access only to authorized individuals and controls to prevent employees from providing customer information to unauthorized individuals who may seek to obtain this information through fraudulent means;

b. Background checks for employees with responsibilities for access to customer information; and

c. Response programs that specify actions to be taken when the financial institution suspects or detects that unauthorized individuals have gained access to customer information systems, including appropriate reports to regulatory and law enforcement agencies.<sup>5</sup>

#### C. Service Providers

The Security Guidelines direct every financial institution to require its service providers by contract to implement appropriate measures designed to protect against unauthorized access to or use of customer information that could result in substantial harm or inconvenience to any customer.<sup>6</sup>

#### II. RESPONSE PROGRAM

Millions of Americans, throughout the country, have been victims of identity theft.<sup>7</sup> Identity thieves misuse personal information

they obtain from a number of sources, including financial institutions, to perpetrate identity theft. Therefore, financial institutions should take preventative measures to safeguard customer information against attempts to gain unauthorized access to the information. For example, financial institutions should place access controls on customer information systems and conduct background checks for employees who are authorized to access customer information.<sup>8</sup> However, every financial institution should also develop and implement a risk-based response program to address incidents of unauthorized access to customer information in customer information systems<sup>9</sup> that occur nonetheless. A response program should be a key part of an institution's information security program.<sup>10</sup> The program should be appropriate to the size and complexity of the institution and the nature and scope of its activities.

In addition, each institution should be able to address incidents of unauthorized access to customer information in customer information systems maintained by its domestic and foreign service providers. Therefore, consistent with the obligations in the Guidelines that relate to these arrangements, and with existing guidance on this topic issued by the Agencies,<sup>11</sup> an institution's contract

<sup>8</sup>Institutions should also conduct background checks of employees to ensure that the institution does not violate 12 U.S.C. 1829, which prohibits an institution from hiring an individual convicted of certain criminal offenses or who is subject to a prohibition order under 12 U.S.C. 1818(e)(6).

<sup>9</sup>Under the Guidelines, an institution's *customer information systems* consist of all of the methods used to access, collect, store, use, transmit, protect, or dispose of customer information, including the systems maintained by its service providers. See Security Guidelines, I.C.2.d (I.C.2.c for OTS).

<sup>5</sup>See Security Guidelines, III.C.

<sup>6</sup>See Security Guidelines, II.B. and III.D. Further, the Agencies note that, in addition to contractual obligations to a financial institution, a service provider may be required to implement its own comprehensive information security program in accordance with the Safeguards Rule promulgated by the Federal Trade Commission (“FTC”), 16 CFR part 314.

<sup>7</sup>The FTC estimates that nearly 10 million Americans discovered they were victims of some form of identity theft in 2002. See The Federal Trade Commission, *Identity Theft Survey Report*, (September 2003), available at <http://www.ftc.gov/os/2003/09/synovatereport.pdf>.

with its service provider should require the service provider to take appropriate actions to address incidents of unauthorized access to the financial institution's customer information, including notification to the institution as soon as possible of any such incident, to enable the institution to expeditiously implement its response program.

#### A. Components of a Response Program

1. At a minimum, an institution's response program should contain procedures for the following:

a. Assessing the nature and scope of an incident, and identifying what customer information systems and types of customer information have been accessed or misused;

b. Notifying its primary Federal regulator as soon as possible when the institution becomes aware of an incident involving unauthorized access to or use of *sensitive* customer information, as defined below;

c. Consistent with the Agencies' Suspicious Activity Report ("SAR") regulations,<sup>12</sup> notifying appropriate law enforcement authorities, in addition to filing a timely SAR in situations involving Federal criminal viola-

tions requiring immediate attention, such as when a reportable violation is ongoing;

d. Taking appropriate steps to contain and control the incident to prevent further unauthorized access to or use of customer information, for example, by monitoring, freezing, or closing affected accounts, while preserving records and other evidence;<sup>13</sup> and

e. Notifying customers when warranted.

2. Where an incident of unauthorized access to customer information involves customer information systems maintained by an institution's service providers, it is the responsibility of the financial institution to notify the institution's customers and regulator. However, an institution may authorize or contract with its service provider to notify the institution's customers or regulator on its behalf.

### III. CUSTOMER NOTICE

Financial institutions have an affirmative duty to protect their customers' information against unauthorized access or use. Notifying customers of a security incident involving the unauthorized access or use of the customer's information in accordance with the standard set forth below is a key part of that duty. Timely notification of customers is important to manage an institution's reputation risk. Effective notice also may reduce an institution's legal risk, assist in maintaining good customer relations, and enable the institution's customers to take steps to protect themselves against the consequences of identity theft. When customer notification is warranted, an institution may not forgo notifying its customers of an incident because the institution believes that it may be potentially embarrassed or inconvenienced by doing so.

#### A. Standard for Providing Notice

When a financial institution becomes aware of an incident of unauthorized access to sensitive customer information, the institution should conduct a reasonable investigation to promptly determine the likelihood that the information has been or will be misused. If the institution determines that misuse of its information about a customer has occurred or is reasonably possible, it should notify the affected customer as soon as possible. Customer notice may be delayed if an appropriate law enforcement agency determines that notification will interfere with a criminal investigation and provides the institution with a written request for the delay. However, the institution should notify its customers as soon as notification will no longer interfere with the investigation.

<sup>12</sup>An institution's obligation to file a SAR is set out in the Agencies' SAR regulations and Agency guidance. See 12 CFR 21.11 (national banks, Federal branches and agencies); 12 CFR 208.62 (State member banks); 12 CFR 211.5(k) (Edge and agreement corporations); 12 CFR 211.24(f) (uninsured State branches and agencies of foreign banks); 12 CFR 225.4(f) (bank holding companies and their nonbank subsidiaries); 12 CFR part 353 (State non-member banks); and 12 CFR 563.180 (savings associations). National banks must file SARs in connection with computer intrusions and other computer crimes. See OCC Bulletin 2000-14, "Infrastructure Threats—Intrusion Risks" (May 15, 2000); Advisory Letter 97-9, "Reporting Computer Related Crimes" (November 19, 1997) (general guidance still applicable though instructions for new SAR form published in 65 FR 1229, 1230 (January 7, 2000)). ## 1. Sensitive Customer Information

Under the Guidelines, an institution must protect against unauthorized access to or use of customer information that could result in substantial harm or inconvenience to any customer. Substantial harm or inconvenience is most likely to result from improper access to *sensitive customer information* because this type of information is most likely to be misused, as in the commission of identity theft. For purposes of this Guidance, *sensitive customer information* means a customer's name, address, or telephone number, in conjunction with the customer's social security number, driver's license number, account number, credit or debit card number, or a personal identification number or password that would permit access to the customer's account. *Sensitive customer information* also includes any combination of components of customer information that would allow someone to log onto or access the customer's account, such as user name and password or password and account number.

## 2. Affected Customers

If a financial institution, based upon its investigation, can determine from its logs or other data precisely which customers' information has been improperly accessed, it may limit notification to those customers with regard to whom the institution determines that misuse of their information has occurred or is reasonably possible. However, there may be situations where the institution determines that a group of files has been accessed improperly, but is unable to identify which specific customers' information has been accessed. If the circumstances of the unauthorized access lead the institution to determine that misuse of the information is reasonably possible, it should notify all customers in the group.

*B. Content of Customer Notice*

1. Customer notice should be given in a clear and conspicuous manner. The notice should describe the incident in general terms and the type of customer information that was the subject of unauthorized access or use. It also should generally describe what the institution has done to protect the customers' information from further unauthorized access. In addition, it should include a telephone number that customers can call for further information and assistance.<sup>14</sup> The notice also should remind customers of the need to remain vigilant over the next twelve to twenty-four months, and to promptly re-

<sup>14</sup>The institution should, therefore, ensure that it has reasonable policies and procedures in place, including trained personnel, to respond appropriately to customer inquiries and requests for assistance.

port incidents of suspected identity theft to the institution. The notice should include the following additional items, when appropriate:

a. A recommendation that the customer review account statements and immediately report any suspicious activity to the institution;

b. A description of fraud alerts and an explanation of how the customer may place a fraud alert in the customer's consumer reports to put the customer's creditors on notice that the customer may be a victim of fraud;

c. A recommendation that the customer periodically obtain credit reports from each nationwide credit reporting agency and have information relating to fraudulent transactions deleted;

d. An explanation of how the customer may obtain a credit report free of charge; and

e. Information about the availability of the FTC's online guidance regarding steps a consumer can take to protect against identity theft. The notice should encourage the customer to report any incidents of identity theft to the FTC, and should provide the FTC's Web site address and toll-free telephone number that customers may use to obtain the identity theft guidance and report suspected incidents of identity theft.<sup>15</sup>

2. The Agencies encourage financial institutions to notify the nationwide consumer reporting agencies prior to sending notices to a large number of customers that include contact information for the reporting agencies.

*C. Delivery of Customer Notice*

Customer notice should be delivered in any manner designed to ensure that a customer can reasonably be expected to receive it. For example, the institution may choose to contact all customers affected by telephone or by mail, or by electronic mail for those customers for whom it has a valid e-mail address and who have agreed to receive communications electronically.

I. INTRODUCTION

i. These OCC Guidelines for Residential Mortgage Lending Practices (Guidelines) set forth standards pursuant to Section 39 of the Federal Deposit Insurance Act, 12 U.S.C. 1831p-1 (Section 39). The Guidelines are designed to protect against involvement by national banks and their operating subsidiaries, either directly or through loans that they purchase or make through intermediaries, in predatory or abusive residential mortgage lending practices that are injurious to bank customers and that expose the bank to credit, legal, compliance, reputation, and other risks. The Guidelines focus on the substance of activities and practices, not the creation of policies. The Guidelines are enforceable under Section 39 in accordance with the procedures prescribed by the regulations in 12 CFR part 30.

ii. As the OCC has previously indicated in guidance to national banks and in rule-making proceedings (OCC Advisory Letters 2003-2 and 2003-3 (Feb. 21, 2003)), many of the abusive practices commonly associated with predatory mortgage lending, such as loan flipping and equity stripping, will involve conduct that likely violates the Federal Trade Commission Act's (FTC Act) prohibition against unfair or deceptive acts or practices. 15 U.S.C. 45. In addition, loans that involve violations of the FTC Act, or mortgage loans based predominantly on the foreclosure or liquidation value of the borrower's collateral without regard to the borrower's ability to repay the loan according to its

terms, will involve violations of OCC regulations governing real estate lending activities. 12 CFR 34.3 (Lending Rules).

iii. In addition, national banks and their operating subsidiaries must comply with the requirements and Guidelines affecting appraisals of residential mortgage loans and appraiser independence. 12 CFR part 34, subpart C, and the Interagency Appraisal and Evaluation Guidelines (OCC Advisory Letter 2003-9 (October 28, 2003)). For example, engaging in a practice of influencing the independent judgment of an appraiser with respect to a valuation of real estate that is to be security for a residential mortgage loan would violate applicable standards.

iv. Targeting inappropriate credit products and unfair loan terms to certain borrowers also may entail conduct that violates the FTC Act, as well as the Equal Credit Opportunity Act (ECOA) and the Fair Housing Act (FHA). 15 U.S.C. 1691 *et seq.* 42 U.S.C. 3601 *et seq.* For example, "steering" a consumer to a loan with higher costs rather than to a comparable loan offered by the bank with lower costs for which the consumer could qualify, on a prohibited basis such as the borrower's race, national origin, age, gender, or marital status, would be unlawful.

v. OCC regulations also prohibit national banks and their operating subsidiaries from providing lump sum, single premium fees for debt cancellation contracts and debt suspension agreements in connection with residential mortgage loans. 12 CFR 37.3(c)(2). Some lending practices and loan terms, including financing single premium credit insurance and the use of mandatory arbitration clauses, also may significantly impair the eligibility of a residential mortgage loan for purchase in the secondary market.

vi. Finally, OCC regulations and supervisory guidance on fiduciary activities and asset management address the need for national banks to perform due diligence and exercise appropriate control with regard to trustee activities. See 12 CFR 9.6 (a) and Comptroller's Handbook on Asset Management. For example, national banks should exercise appropriate diligence to minimize potential reputation risks when they undertake to act as trustees in mortgage securitizations.

A. *Scope.* These Guidelines apply to the residential mortgage lending activities of national banks, federal branches and agencies of foreign banks, and operating subsidiaries of such entities (except brokers, dealers, persons providing insurance, investment companies, and investment advisers).

B. *Preservation of Existing Authority.* Neither Section 39 nor these Guidelines in any way limits the authority of the OCC to address unsafe or unsound practices or conditions, unfair or deceptive practices, or other violations of law. The OCC may take action

under Section 39 and these Guidelines independently of, in conjunction with, or in addition to any other enforcement action available to the OCC.

*C. Relationship to Other Legal Requirements.* Actions by a bank in connection with residential mortgage lending that are inconsistent with these Guidelines or Appendix A to this Part 30 may also constitute unsafe or unsound practices for purposes of section 8 of the Federal Deposit Insurance Act, 12 U.S.C. 1818, unfair or deceptive practices for purposes of section 5 of the FTC Act, 15 U.S.C. 45, and the OCC Lending Rules, 12 CFR 34.3, or violations of the ECOA and FHA.

*D. Definitions.*

1. Except as modified in these Guidelines, or unless the context otherwise requires, the terms used in these Guidelines have the same meanings as set forth in sections 3 and 39 of the Federal Deposit Insurance Act, 12 U.S.C. 1813 and 1831p-1.

2. For purposes of these Guidelines, the following definitions apply:

*a. Residential mortgage loan* means any loan or other extension of credit made to one or more individuals for personal, family, or household purposes secured by an owner-occupied 1-4 family residential dwelling, including a cooperative unit or mobile home.

*b. Bank* means any national bank, federal branch or agency of a foreign bank, and any operating subsidiary thereof that is subject to these Guidelines.

II. STANDARDS FOR RESIDENTIAL MORTGAGE LENDING PRACTICES

*A. General.* A bank's residential mortgage lending activities should reflect standards and practices consistent with and appropriate to the size and complexity of the bank and the nature and scope of its lending activities.

*B. Objectives.* A bank's residential mortgage lending activities should reflect standards and practices that:

1. Enable the bank to effectively manage the credit, legal, compliance, reputation, and other risks associated with the bank's consumer residential mortgage lending activities.

2. Effectively prevent the bank from becoming engaged in abusive, predatory, unfair, or deceptive practices, directly, indirectly through mortgage brokers or other intermediaries, or through purchased loans.

III. IMPLEMENTATION OF RESIDENTIAL MORTGAGE LENDING STANDARDS

*A. Avoidance of Particular Loan Terms, Conditions, and Features.* A bank should not become involved, directly or indirectly in residential mortgage lending activities involving abusive, predatory, unfair or deceptive lending practices, including, but not limited to:

1. *Equity Stripping and Fee Packing.* Repeat refinancings where a borrower's equity is depleted as a result of financing excessive fees for the loan or ancillary products.

2. *Loan Flipping.* Repeat refinancings under circumstances where the relative terms of the new and refinanced loan and the cost of the new loan do not provide a tangible economic benefit to the borrower.

3. *Refinancing of Special Mortgages.* Refinancing of a special subsidized mortgage that contains terms favorable to the borrower with a loan that does not provide a tangible economic benefit to the borrower relative to the refinanced loan.

4. *Encouragement of Default.* Encouraging a borrower to breach a contract and default on an existing loan prior to and in connection with the consummation of a loan that refinances all or part of the existing loan.

*B. Prudent Consideration of Certain Loan Terms, Conditions and Features.* Certain loan terms, conditions and features, may, under particular circumstances, be susceptible to abusive, predatory, unfair or deceptive practices, yet may be appropriate and acceptable risk mitigation measures, consistent with safe and sound lending, and benefit customers under other circumstances. A bank should prudently consider the circumstances, including the characteristics of a targeted market and applicable consumer and safety and soundness safeguards, under which the bank will engage directly or indirectly in making residential mortgage loans with the following loan terms, conditions and features:

1. Financing single premium credit life, disability or unemployment insurance.

2. Negative amortization, involving a payment schedule in which regular periodic payments cause the principal balance to increase.

3. Balloon payments in short-term transactions.

4. Prepayment penalties that are not limited to the early years of the loan, particularly in subprime loans.

5. Interest rate increases upon default at a level not commensurate with risk mitigation.

6. Call provisions permitting the bank to accelerate payment of the loan under circumstances other than the borrower's default under the credit agreement or to mitigate the bank's exposure to loss.

7. Absence of an appropriate assessment and documentation of the consumer's ability to repay the loan in accordance with its terms, commensurate with the type of loan, as required by appendix A of this part.

8. Mandatory arbitration clauses or agreements, particularly if the eligibility of the loan for purchase in the secondary market is thereby impaired.

9. Pricing terms that result in the loan's being subject to the provisions of the Home

## Comptroller of the Currency, Treasury

## § 31.1

Ownership and Equity Protection Act. 15 U.S.C. 1639 *et seq.*

10. Original principal balance of the loan in excess of appraised value.

11. Payment schedules that consolidate more than two periodic payments and pay them in advance from the loan proceeds.

12. Payments to home improvement contractors under a home improvement contract from the proceeds of a residential mortgage loan other than by an instrument payable to the consumer, jointly to the consumer and the contractor, or through an independent third party escrow agent.

C. *Enhanced Care to Avoid Abusive Loan Terms, Conditions, and Features in Certain Mortgages.* A bank may face heightened risks when it solicits or offers loans to consumers who are not financially sophisticated, have language barriers, or are elderly, or have limited or poor credit histories, are substantially indebted, or have other characteristics that limit their credit choices. In connection with such consumers, a bank should exercise enhanced care if it employs the residential mortgage loan terms, conditions, and features described in paragraph B of this section III, and should also apply appropriate heightened internal controls and monitoring to any line of business that does so.

D. *Avoidance of Consumer Misunderstanding.* A bank's residential mortgage lending activities should include provision of timely, sufficient, and accurate information to a consumer concerning the terms and costs, risks, and benefits of the loan. Consumers should be provided with information sufficient to draw their attention to these key terms.

E. *Purchased and Brokered Loans.* With respect to consumer residential mortgage loans that the bank purchases, or makes through a mortgage broker or other intermediary, the bank's residential mortgage lending activities should reflect standards and practices consistent with those applied by the bank in its direct lending activities and include appropriate measures to mitigate risks, such as the following:

1. Criteria for entering into and continuing relationships with intermediaries and originators, including due diligence requirements.

2. Underwriting and appraisal requirements.

3. Standards related to total loan compensation and total compensation of intermediaries, including maximum rates, points, and other charges, and the use of overages and yield-spread premiums, structured to avoid providing an incentive to originate loans with predatory or abusive characteristics.

4. Requirements for agreements with intermediaries and originators, including with respect to risks identified in the due diligence process, compliance with appropriate bank

policies, procedures and practices and with applicable law (including remedies for failure to comply), protection of the bank against risk, and termination procedures.

5. Loan documentation procedures, management information systems, quality control reviews, and other methods through which the bank will verify compliance with agreements, bank policies, and applicable laws, and otherwise retain appropriate oversight of mortgage origination functions, including loan sourcing, underwriting, and loan closings.

6. Criteria and procedures for the bank to take appropriate corrective action, including modification of loan terms and termination of the relationship with the intermediary or originator in question.

F. *Monitoring and Corrective Action.* A bank's consumer residential mortgage lending activities should include appropriate monitoring of compliance with applicable law and the bank's lending standards and practices, periodic monitoring and evaluation of the nature, quantity and resolution of customer complaints, and appropriate evaluation of the effectiveness of the bank's standards and practices in accomplishing the objectives set forth in these Guidelines. The bank's activities also should include appropriate steps for taking corrective action in response to failures to comply with applicable law and the bank's lending standards, and for making adjustments to the bank's activities as may be appropriate to enhance their effectiveness or to reflect changes in business practices, market conditions, or the bank's lines of business, residential mortgage loan programs, or customer base.

## PART 31—EXTENSIONS OF CREDIT TO INSIDERS AND TRANSACTIONS WITH AFFILIATES

Sec.

31.1 Authority.

31.2 Insider lending restrictions and reporting requirements.

APPENDIX A TO PART 31—INTERPRETATIONS: DEPOSITS BETWEEN AFFILIATED BANKS

APPENDIX B TO PART 31—COMPARISON OF SELECTED PROVISIONS OF PART 31 AND PART 32 (AS OF OCTOBER 1, 1996)

AUTHORITY: 12 U.S.C. 93a, 375a(4), 375b(3), and 1817(k).

SOURCE: 61 FR 54536, Oct. 21, 1996, unless otherwise noted.

### § 31.1 Authority.

This part is issued by the Comptroller of the Currency pursuant to 12

§ 31.2

12 CFR Ch. I (1-1-09 Edition)

U.S.C. 93a, 375a(4), 375b(3), 1817(k) and 1817(k), as amended.

[61 FR 54536, Oct. 21, 1996, as amended at 73 FR 22251, Apr. 24, 2008]

§ 31.2 Insider lending restrictions and reporting requirements.

(a) General rule. A national bank and its insiders shall comply with the provisions contained in 12 CFR part 215.

(b) Enforcement. The Comptroller of the Currency administers and enforces insider lending standards and reporting requirements as they apply to national banks and their insiders.

APPENDIX A TO PART 31—INTERPRETATIONS: DEPOSITS BETWEEN AFFILIATED BANKS

a. General rule. A deposit made by a bank in an affiliated bank is treated as a loan or extension of credit to the affiliate bank under 12 U.S.C. 371c, as this statute is implemented by the Federal Reserve Board's Regulation W, 12 CFR part 223. Thus, unless an exemption from Regulation W is available, these deposits must be secured in accordance with 12 CFR 223.14. However, a national bank may not pledge assets to secure private deposits unless otherwise permitted by law (see, e.g., 12 U.S.C. 90 (permitting collateralization of deposits of public funds);

12 U.S.C. 92a (trust funds); and 25 U.S.C. 156 and 162a (Native American funds)). Thus, unless one of the exceptions to 12 CFR part 223 noted in paragraph b. of this interpretation applies, unless another exception applies that enables a bank to meet the collateral requirements of §223.14, or unless a party other than the bank in which the deposit is made can legally offer and does post the required collateral, a national bank may not:

- 1. Make a deposit in an affiliated national bank;
2. Make a deposit in an affiliated State-chartered bank unless the affiliated State-chartered bank can legally offer collateral for the deposit in conformance with applicable State law and 12 CFR 223.14; or
3. Receive deposits from an affiliated bank.

b. Exceptions. The restrictions of 12 CFR part 223 (other than 12 CFR 223.13, which requires affiliate transactions to be consistent with safe and sound banking practices) do not apply to deposits:

- 1. Made in an affiliated depository institution or affiliated foreign bank provided that the deposit represents an ongoing, working balance maintained in the ordinary course of correspondent business. See 12 CFR 223.42(a); or
2. Made in an affiliated, insured depository institution that meets the requirements of the "sister bank" exemption under 12 CFR 223.41(a) or (b).

[73 FR 22251, Apr. 24, 2008]

APPENDIX B TO PART 31—COMPARISON OF SELECTED PROVISIONS OF PART 31 AND PART 32 (AS OF OCTOBER 1, 1996)

NOTE: Even though part 31 now simply requires that national banks comply with the insider lending provisions contained in Regulation O (Reg. O) (12 CFR part 215), the chart in this appendix refers to part 31 because Reg. O is a Federal Reserve Board regulation and part 31 is the means by which several provisions of Reg. O are made applicable to national banks and their insiders.

DEFINITION OF "LOAN OR EXTENSION OF CREDIT"

Renewals ..... In most cases, the two definitions of "loan or extension of credit" will be applied in the same manner. A difference exists, however, in the treatment of renewals. Under Part 31, a renewal of a loan to an "insider" (which, unless noted otherwise, includes a bank's executive officers, directors, principal shareholders, and "related interests" of such persons) is considered to be an extension of credit. Under Part 32, renewals generally are not considered to be an extension of credit if the bank exercises reasonable efforts, consistent with safe and sound banking practices, to bring the loan into conformance with the lending limit. Renewals would be considered an extension of credit under Part 32, however, if new funds are advanced to the borrower, a new borrower replaces the original borrower, or the OCC determines that the renewal was undertaken to evade the lending limits.

Commitments to extend credit...	A binding commitment to make a loan is treated as an extension of credit under Part 31. Under Part 32, a commitment to make a loan will not be treated as an extension of credit if the amount of the commitment exceeds the lending limit. Rather, the commitment will be deemed a "nonqualifying commitment" under Part 32 and advances may be made thereunder only if the advance, together with all other outstanding loans to the borrower, will not exceed the bank's lending limit.
Overdrafts .....	An advance by means of an overdraft (except for an intraday overdraft) generally is considered to be an extension of credit under both Parts 31 and 32. However, indebtedness in amounts up to \$5,000 is excluded from the definition of "extension of credit" under Part 31 if the indebtedness arises pursuant to a written, preauthorized, interest-bearing plan or written, preauthorized transfer of funds from another account. Under Part 31, if an overdraft is not made pursuant to this type of plan or transfer, a bank is prohibited from paying an overdraft of an insider (which, in this case, includes only an executive officer or director of the insider's bank) unless the overdraft is inadvertent, in amounts not exceeding \$1,000, outstanding for not more than 5 business days, and subject to the bank's standard overdraft fee. Part 32 does not contain these exceptions for overdrafts, and simply treats overdrafts (except for intraday overdrafts) as extensions of credit subject to lending limits.
Guarantees .....	Generally speaking, guarantees are included in the Part 31 definition of "extension of credit" but are not included in the definition of "extension of credit" in Part 32 unless other criteria are satisfied. Part 31 applies to any transaction as a result of which an insider becomes obligated to pay money to a bank, whether the obligation arises (i) directly or indirectly, (ii) because of an endorsement on an obligation or otherwise, or (iii) by any means whatsoever. Accordingly, a loan guaranteed by an insider will be deemed to have been made to that insider. In contrast, Part 32 does not consider a loan on which someone signs as guarantor as having been made to the guarantor unless that person is deemed to be a borrower under the "direct benefit" or "common enterprise" tests (see discussion of these tests in the discussion of the "General Rule" under "Combination/Attribution Rules," below).

EXCLUSIONS TO DEFINITION

Funds advanced for taxes, etc., necessary to preserve collateral or that are incidental to indebtedness.	Both rules exclude funds advanced for items such as taxes, insurance, or other expenses related to existing indebtedness. However, Part 32 includes these advances for the purpose of determining whether subsequent loans meet the lending limit, whereas Part 31 excludes these advances for all purposes. Part 31 contains no such requirement.
Loan participations.	Both rules exclude loan participations if the participation is without recourse. However, Part 32 elaborates on this exclusion by requiring that the participation result in a <i>pro rata</i> sharing of credit risk proportionate to the respective interests of the originating and participating lenders. Part 32 also requires the originating bank, if funding the entire loan, to receive funding from the participants before the close of the next business day. Otherwise, the portion funded will be treated as a loan by the originating bank to the underlying borrower, and may be treated as a "nonconforming" loan rather than a violation if (i) the originating bank had an agreement with the participating bank that reduced the loan to an amount within the originating bank's lending limit, (ii) the participating bank reconfirmed its participation and the originating bank had no knowledge of information that would permit the participating bank to withhold its participation, and (iii) the participation was to be funded by close of business of the originating bank's next business day.

Acquisition of debt through merger or foreclosure.	Under Part 31, a note or other evidence of indebtedness acquired through a merger is excluded from the definition of "extension of credit." Under Part 32, the indebtedness is deemed to be a loan or extension of credit. However, if a loan that conformed with Part 32 when originally made exceeds the lending limits following a merger after the loan is aggregated with other extensions of credit to the same borrower, the loan will not be deemed to be a lending limits violation. Rather, the loan will be treated as "nonconforming," and the bank will have to exercise reasonable efforts to bring the loan into compliance unless to do so would be inconsistent with safe and sound banking practices.
Credit card indebtedness.	An insider may incur up to \$15,000 in debt on a credit card or similar open-end credit plan offered by the insider's bank without the debt counting as an extension of credit under Part 31. The terms of the credit card or other credit plan must be no more favorable than those offered by the bank to the general public. Part 32 does not exclude credit card debt from the lending limits.

## COMBINATION/ ATTRIBUTION RULES

General rule .....	Under Part 31, a loan will be attributed to an insider if the loan proceeds are "transferred to," or used for the "tangible economic benefit of," the insider or if the loan is made to a "related interest" of the insider. Under Part 32, a loan will be attributed to another person when either (i) the proceeds of the loan are to be used for the direct benefit of the other person or (ii) a common enterprise exists between the borrower and the other person. The "transfer" test and "tangible economic benefit" test of Part 31 are substantially the same as the "direct benefit" test of Part 32. Under each of these tests, a loan will be attributed to another person where the proceeds are transferred to the other person, unless the proceeds are used in a <i>bona fide</i> arm's length transaction to acquire property, goods, or services. However, the "related interest" test of Part 31 and the "common enterprise" test under Part 32 will lead to different results in many instances. Under Part 31, a "related interest" is a company or a political or campaign committee that is "controlled" by an insider. Part 31 defines "control" as meaning, generally speaking, that someone owns or controls at least 25 percent of a class of voting securities of a company, controls the election of a majority of the company's directors, or can "exercise a controlling influence" over the company. Part 32 uses the same definition of "control" in the "common enterprise" test, but a mere finding of "control" is not, by itself, a sufficient basis to find that a common enterprise exists. Part 32 will attribute a loan under the "common enterprise" test if the borrowers are under common control (including where one of the persons in question controls the other) <i>and</i> there is "substantial financial interdependence" between the borrowers ( <i>i.e.</i> , where at least 50 percent of the gross receipts or expenditures of one borrower comes from transactions with the other). If there is not both common control and substantial financial interdependence, the OCC will not attribute a loan under the "common enterprise" test unless (i) the expected source of repayment for a loan is the same for each borrower and neither borrower has another source of income from which the loan may be repaid, (ii) two people borrow to acquire a business of which they will own a majority of the voting securities, or (iii) OCC determines that a common enterprise exists based on facts and circumstances of a particular transaction.
--------------------	--

Loans to corporate groups. Both Parts 31 and 32 will consider a loan that was made to a corporation to have been made to a third person if the tests identified in the previous discussion of the “General Rule” are satisfied. If these tests are not met, Parts 31 and 32 still may require attribution, but the circumstances when this will occur and the consequences of attribution under these circumstances differ under the two rules. Under Part 31, a loan to a corporation will be deemed to have been made to an insider if the corporation is a “related interest” of the insider (*i.e.*, the insider owns at least 25% percent of a class of voting shares of the company, controls the election of a majority of the company’s directors, or has the power to exercise a controlling influence over the company). Under Part 32, a loan to an individual or company will not be considered to have been made to a corporate group until a “person” (which includes individuals and companies) owns more than 50% of the voting shares of a company. If a loan is found to have been made to a related interest of an insider under Part 31, the loan must comply with all of the insider lending restrictions of Part 31. If a loan is found to have been made to a corporate group under Part 32, the loan, when aggregated with all other loans to that corporate group, generally may not exceed 50% of the bank’s capital and surplus.

SOURCE: 60 FR 8532, Feb. 15, 1995, unless otherwise noted.

### § 32.1 Authority, purpose and scope.

(a) *Authority.* This part is issued pursuant to 12 U.S.C. 1 *et seq.*, 12 U.S.C. 84, and 12 U.S.C. 93a.

(b) *Purpose.* The purpose of this part is to protect the safety and soundness of national banks by preventing excessive loans to one person, or to related persons that are financially dependent, and to promote diversification of loans and equitable access to banking services.

(c) *Scope.* (1) This part applies to all loans and extensions of credit made by national banks and their domestic operating subsidiaries. This part does not apply to loans made by a national bank and its domestic operating subsidiaries to the bank’s “affiliates,” as that term is defined in 12 U.S.C. 371c(b)(1) and (e),

as implemented by section 223.2(a) of Regulation W, to the bank’s operating subsidiaries, or to Edge Act or Agreement Corporation subsidiaries.

(2) The lending limits in this part are separate and independent from the investment limits prescribed by 12 U.S.C. 24 (Seventh), and a national bank may make loans or extensions of credit to one borrower up to the full amount permitted by this part and also hold eligible securities of the same obligor up to the full amount permitted under 12 U.S.C. 24 (Seventh) and 12 CFR part 1.

(3) Extensions of credit to executive officers, directors and principal shareholders of national banks, and their related interests are subject to limits prescribed by 12 U.S.C. 375a and 375b in addition to the lending limits established by 12 U.S.C. 84 and this part.

(4) In addition to the foregoing, loans and extensions of credit made by national banks and their domestic operating subsidiaries must be consistent with safe and sound banking practices.

### § 32.2 Definitions.

(a) *Borrower* means a person who is named as a borrower or debtor in a loan or extension of credit, or any other person, including a drawer, endorser, or guarantor, who is deemed to be a borrower under the “direct benefit” or the “common enterprise” tests set forth in § 32.5.

(b) *Capital and surplus* means—

(1) A bank's Tier 1 and Tier 2 capital calculated under the OCC's risk-based capital standards set forth in appendix A to 12 CFR part 3 as reported in the bank's Consolidated Report of Condition and Income filed under 12 U.S.C. 161; plus

(2) The balance of a bank's allowance for loan and lease losses not included in the bank's Tier 2 capital, for purposes of the calculation of risk-based capital described in paragraph (b)(1) of this section, as reported in the bank's Call Report filed under 12 U.S.C. 161.

(c) *Close of business* means the time at which a bank closes its accounting records for the business day.

(d) *Consumer* means the user of any products, commodities, goods, or services, whether leased or purchased, but does not include any person who purchases products or commodities for resale or fabrication into goods for sale.

(e) *Consumer paper* means paper relating to automobiles, mobile homes, residences, office equipment, household items, tuition fees, insurance premium fees, and similar consumer items. Consumer paper also includes paper covering the lease (where the bank is not the owner or lessor) or purchase of equipment for use in manufacturing, farming, construction, or excavation.

(f) *Contractual commitment to advance funds.* (1) The term includes a bank's obligation to—

(i) Make payment (directly or indirectly) to a third person contingent upon default by a customer of the bank in performing an obligation and to make such payment in keeping with the agreed upon terms of the customer's contract with the third person, or to make payments upon some other stated condition;

(ii) Guarantee or act as surety for the benefit of a person;

(iii) Advance funds under a qualifying commitment to lend, as defined in paragraph (m) of this section, and

(iv) Advance funds under a standby letter of credit as defined in paragraph (s) of this section, a put, or other similar arrangement.

(2) The term does not include commercial letters of credit and similar instruments where the issuing bank expects the beneficiary to draw on the issuer, that do not guarantee payment,

and that do not provide for payment in the event of a default by a third party.

(g) *Control* is presumed to exist when a person directly or indirectly, or acting through or together with one or more persons—

(1) Owns, controls, or has the power to vote 25 percent or more of any class of voting securities of another person;

(2) Controls, in any manner, the election of a majority of the directors, trustees, or other persons exercising similar functions of another person; or

(3) Has the power to exercise a controlling influence over the management or policies of another person.

(h) *Current market value* means the bid or closing price listed for an item in a regularly published listing or an electronic reporting service.

(i) *Eligible bank* means a national bank that:

(1) Is well capitalized as defined in 12 CFR 6.4(b)(1); and

(2) Has a composite rating of 1 or 2 under the Uniform Financial Institutions Rating System in connection with the bank's most recent examination or subsequent review, with at least a rating of 2 for asset quality and for management.

(j) *Financial instrument* means stocks, notes, bonds, and debentures traded on a national securities exchange, OTC margin stocks as defined in Regulation U, 12 CFR part 221, commercial paper, negotiable certificates of deposit, bankers' acceptances, and shares in money market and mutual funds of the type that issue shares in which banks may perfect a security interest. Financial instruments may be denominated in foreign currencies that are freely convertible to U.S. dollars. The term "financial instrument" does not include mortgages.

(k) *Loans and extensions of credit* means a bank's direct or indirect advance of funds to or on behalf of a borrower based on an obligation of the borrower to repay the funds or repayable from specific property pledged by or on behalf of the borrower.

(1) Loans or extensions of credit for purposes of 12 U.S.C. 84 and this part include—

(i) A contractual commitment to advance funds, as defined in paragraph (f) of this section;

(ii) A maker or endorser's obligation arising from a bank's discount of commercial paper;

(iii) A bank's purchase of securities subject to an agreement that the seller will repurchase the securities at the end of a stated period, but not including a bank's purchase of Type I securities, as defined in part 1 of this chapter, subject to a repurchase agreement, where the purchasing bank has assured control over or has established its rights to the Type I securities as collateral;

(iv) A bank's purchase of third-party paper subject to an agreement that the seller will repurchase the paper upon default or at the end of a stated period. The amount of the bank's loan is the total unpaid balance of the paper owned by the bank less any applicable dealer reserves retained by the bank and held by the bank as collateral security. Where the seller's obligation to repurchase is limited, the bank's loan is measured by the total amount of the paper the seller may ultimately be obligated to repurchase. A bank's purchase of third party paper without direct or indirect recourse to the seller is not a loan or extension of credit to the seller;

(v) An overdraft, whether or not pre-arranged, but not an intra-day overdraft for which payment is received before the close of business of the bank that makes the funds available;

(vi) The sale of Federal funds with a maturity of more than one business day, but not Federal funds with a maturity of one day or less or Federal funds sold under a continuing contract; and

(vii) Loans or extensions of credit that have been charged off on the books of the bank in whole or in part, unless the loan or extension of credit—

(A) Is unenforceable by reason of discharge in bankruptcy;

(B) Is no longer legally enforceable because of expiration of the statute of limitations or a judicial decision; or

(C) Is no longer legally enforceable for other reasons, provided that the bank maintains sufficient records to demonstrate that the loan is unenforceable.

(2) The following items do not constitute loans or extensions of credit for purposes of 12 U.S.C. 84 and this part—

(i) Additional funds advanced for the benefit of a borrower by a bank for payment of taxes, insurance, utilities, security, and maintenance and operating expenses necessary to preserve the value of real property securing the loan, consistent with safe and sound banking practices, but only if the advance is for the protection of the bank's interest in the collateral, and provided that such amounts must be treated as an extension of credit if a new loan or extension of credit is made to the borrower;

(ii) Accrued and discounted interest on an existing loan or extension of credit, including interest that has been capitalized from prior notes and interest that has been advanced under terms and conditions of a loan agreement;

(iii) Financed sales of a bank's own assets, including Other Real Estate Owned, if the financing does not put the bank in a worse position than when the bank held title to the assets;

(iv) A renewal or restructuring of a loan as a new "loan or extension of credit," following the exercise by a bank of reasonable efforts, consistent with safe and sound banking practices, to bring the loan into conformance with the lending limit, unless new funds are advanced by the bank to the borrower (except as permitted by § 32.3(b)(5)), or a new borrower replaces the original borrower, or unless the OCC determines that a renewal or restructuring was undertaken as a means to evade the bank's lending limit;

(v) Amounts paid against uncollected funds in the normal process of collection; and

(vi)(A) That portion of a loan or extension of credit sold as a participation by a bank on a nonrecourse basis, provided that the participation results in a pro rata sharing of credit risk proportionate to the respective interests of the originating and participating lenders. Where a participation agreement provides that repayment must be applied first to the portions sold, a pro rata sharing will be deemed to exist only if the agreement also provides

that, in the event of a default or comparable event defined in the agreement, participants must share in all subsequent repayments and collections in proportion to their percentage participation at the time of the occurrence of the event.

(B) When an originating bank funds the entire loan, it must receive funding from the participants before the close of business of its next business day. If the participating portions are not received within that period, then the portions funded will be treated as a loan by the originating bank to the borrower. If the portions so attributed to the borrower exceed the originating bank's lending limit, the loan may be treated as nonconforming subject to § 32.6, rather than a violation, if:

(1) The originating bank had a valid and unconditional participation agreement with a participating bank or banks that was sufficient to reduce the loan to within the originating bank's lending limit;

(2) The participating bank reconfirmed its participation and the originating bank had no knowledge of any information that would permit the participant to withhold its participation; and

(3) The participation was to be funded by close of business of the originating bank's next business day.

(l) *Person* means an individual; sole proprietorship; partnership; joint venture; association; trust; estate; business trust; corporation; limited liability company; not-for-profit corporation; sovereign government or agency, instrumentality, or political subdivision thereof; or any similar entity or organization.

(m) *Qualifying commitment to lend* means a legally binding written commitment to lend that, when combined with all other outstanding loans and qualifying commitments to a borrower, was within the bank's lending limit when entered into, and has not been disqualified.

(1) In determining whether a commitment is within the bank's lending limit when made, the bank may deduct from the amount of the commitment the amount of any legally binding loan participation commitments that are issued concurrent with the bank's com-

mitment and that would be excluded from the definition of "loan or extension of credit" under paragraph (k)(2)(vi) of this section.

(2) If the bank subsequently chooses to make an additional loan and that subsequent loan, together with all outstanding loans and qualifying commitments to a borrower, exceeds the bank's applicable lending limit at that time, the bank's qualifying commitments to the borrower that exceed the bank's lending limit at that time are deemed to be permanently disqualified, beginning with the most recent qualifying commitment and proceeding in reverse chronological order. When a commitment is disqualified, the entire commitment is disqualified and the disqualified commitment is no longer considered a "loan or extension of credit." Advances of funds under a disqualified or non-qualifying commitment may only be made to the extent that the advance, together with all other outstanding loans to the borrower, do not exceed the bank's lending limit at the time of the advance, calculated pursuant to § 32.4.

(n) *Readily marketable collateral* means financial instruments and bullion that are salable under ordinary market conditions with reasonable promptness at a fair market value determined by quotations based upon actual transactions on an auction or similarly available daily bid and ask price market.

(o) *Readily marketable staple* means an article of commerce, agriculture, or industry, such as wheat and other grains, cotton, wool, and basic metals such as tin, copper and lead, in the form of standardized interchangeable units, that is easy to sell in a market with sufficiently frequent price quotations.

(1) An article comes within this definition if—

(i) The exact price is easy to determine; and

(ii) The staple itself is easy to sell at any time at a price that would not be considerably less than the amount at which it is valued as collateral.

(2) Whether an article qualifies as a readily marketable staple is determined on the basis of the conditions

existing at the time the loan or extension of credit that is secured by the staples is made.

(p) *Residential real estate loan* means a loan or extension of credit that is secured by 1-4 family residential real estate.

(q) *Sale of Federal funds* means any transaction between depository institutions involving the transfer of immediately available funds resulting from credits to deposit balances at Federal Reserve Banks, or from credits to new or existing deposit balances due from a correspondent depository institution.

(r) *Small business loan* means a loan or extension of credit "secured by non-farm nonresidential properties" or "a commercial or industrial loan" as defined in the instructions for preparation of the Consolidated Report of Condition and Income.

(s) *Small farm loans or extensions of credit* means "loans to small farms," as defined in the instructions for preparation of the Consolidated Report of Condition and Income.

(t) *Standby letter of credit* means any letter of credit, or similar arrangement, that represents an obligation to the beneficiary on the part of the issuer:

(1) To repay money borrowed by or advanced to or for the account of the account party;

(2) To make payment on account of any indebtedness undertaken by the account party; or

(3) To make payment on account of any default by the account party in the performance of an obligation.

### § 32.3 Lending limits.

(a) *Combined general limit.* A national bank's total outstanding loans and extensions of credit to one borrower may not exceed 15 percent of the bank's capital and surplus, plus an additional 10 percent of the bank's capital and surplus, if the amount that exceeds the bank's 15 percent general limit is fully secured by readily marketable collateral, as defined in § 32.2(n). To qualify for the additional 10 percent limit, the bank must perfect a security interest

in the collateral under applicable law and the collateral must have a current market value at all times of at least 100 percent of the amount of the loan or extension of credit that exceeds the bank's 15 percent general limit.

(b) *Loans subject to special lending limits.* The following loans or extensions of credit are subject to the lending limits set forth below. When loans and extensions of credit qualify for more than one special lending limit, the special limits are cumulative.

(1) *Loans secured by bills of lading or warehouse receipts covering readily marketable staples.* (i) A national bank's loans or extensions of credit to one borrower secured by bills of lading, warehouse receipts, or similar documents transferring or securing title to readily marketable staples, as defined in § 32.2(o), may not exceed 35 percent of the bank's capital and surplus in addition to the amount allowed under the bank's combined general limit. The market value of the staples securing the loan must at all times equal at least 115 percent of the amount of the outstanding loan that exceeds the bank's combined general limit.

(ii) Staples that qualify for this special limit must be nonperishable, may be refrigerated or frozen, and must be fully covered by insurance if such insurance is customary. Whether a staple is non-perishable must be determined on a case-by-case basis because of differences in handling and storing commodities.

(iii) This special limit applies to a loan or extension of credit arising from a single transaction or secured by the same staples, provided that the duration of the loan or extension of credit is:

(A) Not more than ten months if secured by nonperishable staples; or

(B) Not more than six months if secured by refrigerated or frozen staples.

(iv) The holder of the warehouse receipts, order bills of lading, documents qualifying as documents of title under the Uniform Commercial Code, or other similar documents, must have control and be able to obtain immediate possession of the staple so that the bank is able to sell the underlying staples and promptly transfer title and possession to a purchaser if default

### § 32.3

### 12 CFR Ch. I (1-1-09 Edition)

should occur on a loan secured by such documents. The existence of a brief notice period, or similar procedural requirements under applicable law, for the disposal of the collateral will not affect the eligibility of the instruments for this special limit.

(A) Field warehouse receipts are an acceptable form of collateral when issued by a duly bonded and licensed grain elevator or warehouse having exclusive possession and control of the staples even though the grain elevator or warehouse is maintained on the premises of the owner of the staples.

(B) Warehouse receipts issued by the borrower-owner that is a grain elevator or warehouse company, duly-bonded and licensed and regularly inspected by state or Federal authorities, may be considered eligible collateral under this provision only when the receipts are registered with an independent registrar whose consent is required before the staples may be withdrawn from the warehouse.

(2) *Discount of installment consumer paper.* (i) A national bank's loans and extensions of credit to one borrower that arise from the discount of negotiable or nonnegotiable installment consumer paper, as defined at §32.2(e), that carries a full recourse endorsement or unconditional guarantee by the person selling the paper, may not exceed 10 percent of the bank's capital and surplus in addition to the amount allowed under the bank's combined general limit. An unconditional guarantee may be in the form of a repurchase agreement or separate guarantee agreement. A condition reasonably within the power of the bank to perform, such as the repossession of collateral, will not make conditional an otherwise unconditional guarantee.

(ii) Where the seller of the paper offers only partial recourse to the bank, the lending limits of this section apply to the obligation of the seller to the bank, which is measured by the total amount of paper the seller may be obligated to repurchase or has guaranteed.

(iii) Where the bank is relying primarily upon the maker of the paper for payment of the loans or extensions of credit and not upon any full or partial recourse endorsement or guarantee by the seller of the paper, the lending lim-

its of this section apply only to the maker. The bank must substantiate its reliance on the maker with—

(A) Records supporting the bank's independent credit analysis of the maker's ability to repay the loan or extension of credit, maintained by the bank or by a third party that is contractually obligated to make those records available for examination purposes; and

(B) A written certification by an officer of the bank authorized by the bank's board of directors or any designee of that officer, that the bank is relying primarily upon the maker to repay the loan or extension of credit.

(iv) Where paper is purchased in substantial quantities, the records, evaluation, and certification must be in a form appropriate for the class and quantity of paper involved. The bank may use sampling techniques, or other appropriate methods, to independently verify the reliability of the credit information supplied by the seller.

(3) *Loans secured by documents covering livestock.* (i) A national bank's loans or extensions of credit to one borrower secured by shipping documents or instruments that transfer or secure title to or give a first lien on livestock may not exceed 10 percent of the bank's capital and surplus in addition to the amount allowed under the bank's combined general limit. The market value of the livestock securing the loan must at all times equal at least 115 percent of the amount of the outstanding loan that exceeds the bank's combined general limit. For purposes of this subsection, the term "livestock" includes dairy and beef cattle, hogs, sheep, goats, horses, mules, poultry and fish, whether or not held for resale.

(ii) The bank must maintain in its files an inspection and valuation for the livestock pledged that is reasonably current, taking into account the nature and frequency of turnover of the livestock to which the documents relate, but in any case not more than 12 months old.

(iii) Under the laws of certain states, persons furnishing pasturage under a grazing contract may have a lien on the livestock for the amount due for pasturage. If a lien that is based on

pasturage furnished by the lienor prior to the bank's loan or extension of credit is assigned to the bank by a recordable instrument and protected against being defeated by some other lien or claim, by payment to a person other than the bank, or otherwise, it will qualify under this exception provided the amount of the perfected lien is at least equal to the amount of the loan and the value of the livestock is at no time less than 115 percent of the portion of the loan or extension of credit that exceeds the bank's combined general limit. When the amount due under the grazing contract is dependent upon future performance, the resulting lien does not meet the requirements of the exception.

(4) *Loans secured by dairy cattle.* A national bank's loans and extensions of credit to one borrower that arise from the discount by dealers in dairy cattle of paper given in payment for the cattle may not exceed 10 percent of the bank's capital and surplus in addition to the amount allowed under the bank's combined general limit. To qualify, the paper—

(i) Must carry the full recourse endorsement or unconditional guarantee of the seller; and

(ii) Must be secured by the cattle being sold, pursuant to liens that allow the bank to maintain a perfected security interest in the cattle under applicable law.

(5) *Additional advances to complete project financing pursuant to renewal of a qualifying commitment to lend.* A national bank may renew a qualifying commitment to lend, as defined by § 32.2(m), and complete funding under that commitment if all of the following criteria are met—

(i) The completion of funding is consistent with safe and sound banking practices and is made to protect the position of the bank;

(ii) The completion of funding will enable the borrower to complete the project for which the qualifying commitment to lend was made; and

(iii) The amount of the additional funding does not exceed the unfunded portion of the bank's qualifying commitment to lend.

(c) *Loans not subject to the lending limits.* The following loans or extensions of

credit are not subject to the lending limits of 12 U.S.C. 84 or this part.

(1) *Loans arising from the discount of commercial or business paper.* (i) Loans or extensions of credit arising from the discount of negotiable commercial or business paper that evidences an obligation to the person negotiating the paper. The paper—

(A) Must be given in payment of the purchase price of commodities purchased for resale, fabrication of a product, or any other business purpose that may reasonably be expected to provide funds for payment of the paper; and

(B) Must bear the full recourse endorsement of the owner of the paper, except that paper discounted in connection with export transactions, that is transferred without recourse, or with limited recourse, must be supported by an assignment of appropriate insurance covering the political, credit, and transfer risks applicable to the paper, such as insurance provided by the Export-Import Bank.

(ii) A failure to pay principal or interest on commercial or business paper when due does not result in a loan or extension of credit to the maker or endorser of the paper; however, the amount of such paper thereafter must be counted in determining whether additional loans or extensions of credit to the same borrower may be made within the limits of 12 U.S.C. 84 and this part.

(2) *Bankers' acceptances.* A bank's acceptance of drafts eligible for rediscount under 12 U.S.C. 372 and 373, or a bank's purchase of acceptances created by other banks that are eligible for rediscount under those sections; but not including—

(i) A bank's acceptance of drafts ineligible for rediscount (which constitutes a loan by the bank to the customer for whom the acceptance was made, in the amount of the draft);

(ii) A bank's purchase of ineligible acceptances created by other banks (which constitutes a loan from the purchasing bank to the accepting bank, in the amount of the purchase price); and

(iii) A bank's purchase of its own acceptances (which constitutes a loan to the bank's customer for whom the acceptance was made, in the amount of the purchase price).

(3)(i) *Loans secured by U.S. obligations.* Loans or extensions of credit, or portions thereof, to the extent fully secured by the current market value of:

(A) Bonds, notes, certificates of indebtedness, or Treasury bills of the United States or by similar obligations fully guaranteed as to principal and interest by the United States;

(B) Loans to the extent guaranteed as to repayment of principal by the full faith and credit of the U.S. government, as set forth in paragraph (c)(4)(ii) of this section.

(ii) To qualify under this paragraph, the bank must perfect a security interest in the collateral under applicable law.

(4) *Loans to or guaranteed by a Federal agency.* (i) Loans or extensions of credit to any department, agency, bureau, board, commission, or establishment of the United States or any corporation wholly owned directly or indirectly by the United States.

(ii) Loans or extensions of credit, including portions thereof, to the extent secured by unconditional takeout commitments or guarantees of any of the foregoing governmental entities. The commitment or guarantee—

(A) Must be payable in cash or its equivalent within 60 days after demand for payment is made;

(B) Is considered unconditional if the protection afforded the bank is not substantially diminished or impaired if loss should result from factors beyond the bank's control. Protection against loss is not materially diminished or impaired by procedural requirements, such as an agreement to pay on the obligation only in the event of default, including default over a specific period of time, a requirement that notification of default be given within a specific period after its occurrence, or a requirement of good faith on the part of the bank.

(5) *Loans to or guaranteed by general obligations of a State or political subdivision.* (i) A loan or extension of credit to a State or political subdivision that constitutes a general obligation of the State or political subdivision, as defined in part 1 of this chapter, and for which the lending bank has an opinion of counsel or the opinion of that State Attorney General, or other State legal

official with authority to opine on the obligation in question, that the loan or extension of credit is a valid and enforceable general obligation of the borrower; and

(ii) A loan or extension of credit, including portions thereof, to the extent guaranteed or secured by a general obligation of a State or political subdivision and for which the lending bank has an opinion of counsel or the opinion of that State Attorney General, or other State legal official with authority to opine on the guarantee or collateral in question, that the guarantee or collateral is a valid and enforceable general obligation of that public body.

(6) *Loans secured by segregated deposit accounts.* Loans or extensions of credit, including portions thereof, to the extent secured by a segregated deposit account in the lending bank, provided a security interest in the deposit has been perfected under applicable law.

(i) Where the deposit is eligible for withdrawal before the secured loan matures, the bank must establish internal procedures to prevent release of the security without the lending bank's prior consent.

(ii) A deposit that is denominated and payable in a currency other than that of the loan or extension of credit that it secures may be eligible for this exception if the currency is freely convertible to U.S. dollars.

(A) This exception applies to only that portion of the loan or extension of credit that is covered by the U.S. dollar value of the deposit.

(B) The lending bank must establish procedures to periodically revalue foreign currency deposits to ensure that the loan or extension of credit remains fully secured at all times.

(7) *Loans to financial institutions with the approval of the Comptroller.* Loans or extensions of credit to any financial institution or to any receiver, conservator, superintendent of banks, or other agent in charge of the business and property of a financial institution when an emergency situation exists and a national bank is asked to provide assistance to another financial institution, and the loan is approved by the Comptroller. For purposes of this paragraph, financial institution means a commercial bank, savings bank, trust

company, savings association, or credit union.

(8) *Loans to the Student Loan Marketing Association.* Loans or extensions of credit to the Student Loan Marketing Association.

(9) *Loans to industrial development authorities.* A loan or extension of credit to an industrial development authority or similar public entity created to construct and lease a plant facility, including a health care facility, to an industrial occupant will be deemed a loan to the lessee, provided that—

(i) The bank evaluates the creditworthiness of the industrial occupant before the loan is extended to the authority;

(ii) The authority's liability on the loan is limited solely to whatever interest it has in the particular facility;

(iii) The authority's interest is assigned to the bank as security for the loan or the industrial occupant issues a promissory note to the bank that provides a higher order of security than the assignment of a lease; and

(iv) The industrial occupant's lease rentals are assigned and paid directly to the bank.

(10) *Loans to leasing companies.* A loan or extension of credit to a leasing company for the purpose of purchasing equipment for lease will be deemed a loan to the lessee, provided that—

(i) The bank evaluates the creditworthiness of the lessee before the loan is extended to the leasing corporation;

(ii) The loan is without recourse to the leasing corporation;

(iii) The bank is given a security interest in the equipment and in the event of default, may proceed directly against the equipment and the lessee for any deficiency resulting from the sale of the equipment;

(iv) The leasing corporation assigns all of its rights under the lease to the bank;

(v) The lessee's lease payments are assigned and paid to the bank; and

(vi) The lease terms are subject to the same limitations that would apply to a national bank acting as a lessor.

#### § 32.4 Calculation of lending limits.

(a) *Calculation date.* For purposes of determining compliance with 12 U.S.C. 84 and this part, a bank shall determine its lending limit as of the most recent of the following dates:

(1) The last day of the preceding calendar quarter; or

(2) The date on which there is a change in the bank's capital category for purposes of 12 U.S.C. 1831o and 12 CFR 6.3.

(b) *Effective date.* (1) A bank's lending limit calculated in accordance with paragraph (a)(1) of this section will be effective as of the earlier of the following dates:

(i) The date on which the bank's Call Report is submitted; or

(ii) The date on which the bank's Call Report is required to be submitted.

(2) A bank's lending limit calculated in accordance with paragraph (a)(2) of this section will be effective on the date that the limit is to be calculated.

(c) *More frequent calculations.* If the OCC determines for safety and soundness reasons that a bank should calculate its lending limit more frequently than required by paragraph (a) of this section, the OCC may provide written notice to the bank directing the bank to calculate its lending limit at a more frequent interval, and the bank shall thereafter calculate its lending limit at that interval until further notice.

[63 FR 15746, Apr. 1, 1998]

#### § 32.5 Combination rules.

(a) *General rule.* Loans or extensions of credit to one borrower will be attributed to another person and each person will be deemed a borrower—

(1) When proceeds of a loan or extension of credit are to be used for the direct benefit of the other person, to the extent of the proceeds so used; or

(2) When a common enterprise is deemed to exist between the persons.

(b) *Direct benefit.* The proceeds of a loan or extension of credit to a borrower will be deemed to be used for the direct benefit of another person and will be attributed to the other person when the proceeds, or assets purchased with the proceeds, are transferred to another person, other than in a bona

vide arm's length transaction where the proceeds are used to acquire property, goods, or services.

(c) *Common enterprise.* A common enterprise will be deemed to exist and loans to separate borrowers will be aggregated:

(1) When the expected source of repayment for each loan or extension of credit is the same for each borrower and neither borrower has another source of income from which the loan (together with the borrower's other obligations) may be fully repaid. An employer will not be treated as a source of repayment under this paragraph because of wages and salaries paid to an employee, unless the standards of paragraph (c)(2) of this section are met;

(2) When loans or extensions of credit are made—

(i) To borrowers who are related directly or indirectly through common control, including where one borrower is directly or indirectly controlled by another borrower; and

(ii) Substantial financial interdependence exists between or among the borrowers. Substantial financial interdependence is deemed to exist when 50 percent or more of one borrower's gross receipts or gross expenditures (on an annual basis) are derived from transactions with the other borrower. Gross receipts and expenditures include gross revenues/expenses, intercompany loans, dividends, capital contributions, and similar receipts or payments;

(3) When separate persons borrow from a bank to acquire a business enterprise of which those borrowers will own more than 50 percent of the voting securities or voting interests, in which case a common enterprise is deemed to exist between the borrowers for purposes of combining the acquisition loans; or

(4) When the OCC determines, based upon an evaluation of the facts and circumstances of particular transactions, that a common enterprise exists.

(d) *Special rule for loans to a corporate group.* (1) Loans or extensions of credit by a bank to a corporate group may not exceed 50 percent of the bank's capital and surplus. This limitation applies only to loans subject to the combined general limit. A corporate group

includes a person and all of its subsidiaries. For purposes of this paragraph, a corporation or a limited liability company is a subsidiary of a person if the person owns or beneficially owns directly or indirectly more than 50 percent of the voting securities or voting interests of the corporation or company.

(2) Except as provided in paragraph (d)(1) of this section, loans or extensions of credit to a person and its subsidiary, or to different subsidiaries of a person, are not combined unless either the direct benefit or the common enterprise test is met.

(e) *Special rules for loans to partnerships, joint ventures, and associations—*

(1) *Partnership loans.* Loans or extensions of credit to a partnership, joint venture, or association are deemed to be loans or extensions of credit to each member of the partnership, joint venture, or association. This rule does not apply to limited partners in limited partnerships or to members of joint ventures or associations if the partners or members, by the terms of the partnership or membership agreement, are not held generally liable for the debts or actions of the partnership, joint venture, or association, and those provisions are valid under applicable law.

(2) *Loans to partners.* (i) Loans or extensions of credit to members of a partnership, joint venture, or association are not attributed to the partnership, joint venture, or association unless either the direct benefit or the common enterprise tests are met. Both the direct benefit and common enterprise tests are met between a member of a partnership, joint venture or association and such partnership, joint venture or association, when loans or extensions of credit are made to the member to purchase an interest in the partnership, joint venture or association.

(ii) Loans or extensions of credit to members of a partnership, joint venture, or association are not attributed to other members of the partnership, joint venture, or association unless either the direct benefit or common enterprise test is met.

(f) *Loans to foreign governments, their agencies, and instrumentalities*—(1) *Aggregation*. Loans and extensions of credit to foreign governments, their agencies, and instrumentalities will be aggregated with one another only if the loans or extensions of credit fail to meet either the means test or the purpose test at the time the loan or extension of credit is made.

(i) The means test is satisfied if the borrower has resources or revenue of its own sufficient to service its debt obligations. If the government's support (excluding guarantees by a central government of the borrower's debt) exceeds the borrower's annual revenues from other sources, it will be presumed that the means test has not been satisfied.

(ii) The purpose test is satisfied if the purpose of the loan or extension of credit is consistent with the purposes of the borrower's general business.

(2) *Documentation*. In order to show that the means and purpose tests have been satisfied, a bank must, at a minimum, retain in its files the following items:

(i) A statement (accompanied by supporting documentation) describing the legal status and the degree of financial and operational autonomy of the borrowing entity;

(ii) Financial statements for the borrowing entity for a minimum of three years prior to the date the loan or extension of credit was made or for each year that the borrowing entity has been in existence, if less than three;

(iii) Financial statements for each year the loan or extension of credit is outstanding;

(iv) The bank's assessment of the borrower's means of servicing the loan or extension of credit, including specific reasons in support of that assessment. The assessment shall include an analysis of the borrower's financial history, its present and projected economic and financial performance, and the significance of any financial support provided to the borrower by third parties, including the borrower's central government; and

(v) A loan agreement or other written statement from the borrower which clearly describes the purpose of the loan or extension of credit. The written

representation will ordinarily constitute sufficient evidence that the purpose test has been satisfied. However, when, at the time the funds are disbursed, the bank knows or has reason to know of other information suggesting that the borrower will use the proceeds in a manner inconsistent with the written representation, it may not, without further inquiry, accept the representation.

(3) *Restructured loans*—(i) *Non-combination rule*. Notwithstanding paragraphs (a) through (e) of this section, when previously outstanding loans and other extensions of credit to a foreign government, its agencies, and instrumentalities (i.e., public-sector obligors) that qualified for a separate lending limit under paragraph (f)(1) of this section are consolidated under a central obligor in a qualifying restructuring, such loans will not be aggregated and attributed to the central obligor. This includes any substitution in named obligors, solely because of the restructuring. Such loans (other than loans originally attributed to the central obligor in their own right) will not be considered obligations of the central obligor and will continue to be attributed to the original public-sector obligor for purposes of the lending limit.

(ii) *Qualifying restructuring*. Loans and other extensions of credit to a foreign government, its agencies, and instrumentalities will qualify for the non-combination process under paragraph (f)(3)(i) of this section only if they are restructured in a sovereign debt restructuring approved by the OCC, upon request by a bank for application of the non combination rule. The factors that the OCC will use in making this determination include, but are not limited to, the following:

(A) Whether the restructuring involves a substantial portion of the total commercial bank loans outstanding to the foreign government, its agencies, and instrumentalities;

(B) Whether the restructuring involves a substantial number of the foreign country's external commercial bank creditors;

(C) Whether the restructuring and consolidation under a central obligor is being done primarily to facilitate external debt management; and

## § 32.6

## 12 CFR Ch. I (1–1–09 Edition)

(D) Whether the restructuring includes features of debt or debt-service reduction.

(iii) *50 percent aggregate limit.* With respect to any case in which the non-combination process under paragraph (f)(3)(i) of this section applies, a national bank's loans and other extensions of credit to a foreign government, its agencies and instrumentalities, (including restructured debt) shall not exceed, in the aggregate, 50 percent of the bank's capital and surplus.

### § 32.6 Nonconforming loans.

(a) A loan, within a bank's legal lending limit when made, will not be deemed a violation but will be treated as nonconforming if the loan is no longer in conformity with the bank's lending limit because—

(1) The bank's capital has declined, borrowers have subsequently merged or formed a common enterprise, lenders have merged, the lending limit or capital rules have changed; or

(2) Collateral securing the loan to satisfy the requirements of a lending limit exception has declined in value.

(b) A bank must use reasonable efforts to bring a loan that is nonconforming as a result of paragraph (a)(1) of this section into conformity with the bank's lending limit unless to do so would be inconsistent with safe and sound banking practices.

(c) A bank must bring a loan that is nonconforming as a result of circumstances described in paragraph (a)(2) of this section into conformity with the bank's lending limit within 30 calendar days, except when judicial proceedings, regulatory actions or other extraordinary circumstances beyond the bank's control prevent the bank from taking action.

### § 32.7 Residential real estate loans, small business loans, and small farm loans.

(a) *Residential real estate, small business, and small farm loans.* (1) In addition to the amount that a national bank may lend to one borrower under § 32.3, an eligible national bank may make residential real estate loans or extensions of credit to one borrower in the lesser of the following two amounts: 10 percent of its capital and

surplus; or the percent of its capital and surplus, in excess of 15 percent, that a State bank is permitted to lend under the State lending limit that is available for residential real estate loans or unsecured loans in the State where the main office of the national bank is located. Any such loan or extension of credit must be secured by a perfected first-lien security interest in 1–4 family real estate in an amount that does not exceed 80 percent of the appraised value of the collateral at the time the loan or extension of credit is made.

(2) In addition to the amount that a national bank may lend to one borrower under § 32.3, an eligible national bank may make small business loans or extensions of credit to one borrower in the lesser of the following two amounts: 10 percent of its capital and surplus; or the percent of its capital and surplus, in excess of 15 percent, that a State bank is permitted to lend under the State lending limit that is available for small business loans or unsecured loans in the State where the main office of the national bank is located.

(3) In addition to the amount that a national bank may lend to one borrower under § 32.3, an eligible national bank may make small farm loans or extensions of credit to one borrower in the lesser of the following two amounts: 10 percent of its capital and surplus; or the percent of its capital and surplus, in excess of 15 percent, that a State bank is permitted to lend under the State lending limit that is available for small farm loans or unsecured loans in the State where the main office of the national bank is located.

(4) The total outstanding amount of a national bank's loans and extensions of credit to one borrower made under §§ 32.3(a) and (b), together with loans and extensions of credit to the borrower made pursuant to paragraphs (a)(1), (2), and (3) of this section, shall not exceed 25 percent of the bank's capital and surplus.

(5) The total outstanding amount of a national bank's loans and extensions of credit to all of its borrowers made pursuant to the special lending limits provided in paragraphs (a)(1), (2), and (3) of

this section may not exceed 100 percent of the bank's capital and surplus.

(b) *Application process.* An eligible bank must submit an application to, and receive approval from, its supervisory office before using the special lending limits in paragraphs (a)(1), (2), and (3) of this section. The supervisory office may approve a completed application if it finds that approval is consistent with safety and soundness. To be deemed complete, the application must include:

(1) Certification that the bank is an "eligible bank" as defined in § 32.2(i);

(2) Citations to relevant State laws or regulations;

(3) A copy of a written resolution by a majority of the bank's board of directors approving the use of the limits provided in paragraphs (a)(1), (2), and (3) of this section, and confirming the terms and conditions for use of this lending authority; and

(4) A description of how the board will exercise its continuing responsibility to oversee the use of this lending authority.

(c) *Duration of approval.* Except as provided in § 32.7(d), a bank that has received OCC approval may continue to make loans and extensions of credit under the special lending limits in paragraphs (a)(1), (2), and (3) of this section, provided the bank remains an "eligible bank."

(d) *Discretionary termination of authority.* The OCC may rescind a bank's authority to use the special lending limits in paragraphs (a)(1), (2), and (3) of this section based upon concerns about credit quality, undue concentrations in the bank's portfolio of residential real estate, small business, or small farm loans, or concerns about the bank's overall credit risk management systems and controls. The bank must cease making new loans or extensions of credit in reliance on the special limits upon receipt of written notice from the OCC that its authority has been rescinded.

(e) *Existing loans.* Any loans or extensions of credit made by a bank under the special lending limits in paragraphs (a)(1), (2), and (3) of this section, that were in compliance with this section when made, will not be deemed a

lending limit violation and will not be treated as nonconforming under § 32.6.

### § 32.8 Temporary funding arrangements in emergency situations.

In addition to the amount that a national bank may lend to one borrower under § 32.3 of this part, an eligible bank with the written approval of the OCC may make loans and extensions of credit to one borrower subject to a special temporary lending limit established by the OCC, where the OCC determines that such loans and extensions of credit are essential to address an emergency situation, such as critical financial markets stability, will be of short duration, will be reduced in amount in a timeframe and manner acceptable to the OCC, and do not present unacceptable risk. In granting approval for such a special temporary lending limit, the OCC will impose supervisory oversight and reporting measures that it determines are appropriate to monitor compliance with the foregoing standards as set forth in this paragraph.

### § 34.1 Purpose and scope.

(a) *Purpose.* The purpose of this part is to set forth standards for real estate-related lending and associated activities by national banks.

(b) *Scope.* This part applies to national banks and their operating subsidiaries as provided in 12 CFR 5.34. For the purposes of 12 U.S.C. 371 and subparts A and B of this part, loans secured by liens on interests in real estate include loans made upon the security of condominiums, leaseholds, cooperatives, forest tracts, land sales contracts, and construction project loans. Construction project loans are not subject to subparts A and B of this part, however, if they have a maturity not exceeding 60 months and are made to finance the construction of either:

(1) A building where there is a valid and binding agreement entered into by a financially responsible lender or other party to advance the full amount of the bank's loan upon completion of the building; or

(2) A residential or farm building.

## 12 CFR Ch. I (1-1-09 Edition)

### § 34.2 Definitions.

(a) *Due-on-sale clause* means any clause that gives the lender or any assignee or transferee of the lender the power to declare the entire debt payable if all or part of the legal or equitable title or an equivalent contractual interest in the property securing the loan is transferred to another person, whether by deed, contract, or otherwise.

(b) *State* means any State of the United States of America, the District of Columbia, Puerto Rico, the Virgin Islands, the Northern Mariana Islands, American Samoa, and Guam.

(c) *State law limitations* means any State statute, regulation, or order of any State agency, or judicial decision interpreting State law.

### § 34.3 General rule.

(a) A national bank may make, arrange, purchase, or sell loans or extensions of credit, or interests therein, that are secured by liens on, or interests in, real estate (real estate loans), subject to 12 U.S.C. 1828(o) and such restrictions and requirements as the Comptroller of the Currency may prescribe by regulation or order.

(b) A national bank shall not make a consumer loan subject to this subpart based predominantly on the bank's realization of the foreclosure or liquidation value of the borrower's collateral, without regard to the borrower's ability to repay the loan according to its terms. A bank may use any reasonable method to determine a borrower's ability to repay, including, for example, the borrower's current and expected income, current and expected cash flows, net worth, other relevant financial resources, current financial obligations, employment status, credit history, or other relevant factors.

(c) A national bank shall not engage in unfair or deceptive practices within the meaning of section 5 of the Federal Trade Commission Act, 15 U.S.C. 45(a)(1), and regulations promulgated thereunder in connection with loans made under this part.

[68 FR 70131, Dec. 17, 2003, as amended at 69 FR 1917, Jan. 13, 2004]

**§ 34.4 Applicability of state law.**

(a) Except where made applicable by Federal law, state laws that obstruct, impair, or condition a national bank's ability to fully exercise its Federally authorized real estate lending powers do not apply to national banks. Specifically, a national bank may make real estate loans under 12 U.S.C. 371 and § 34.3, without regard to state law limitations concerning:

(1) Licensing, registration (except for purposes of service of process), filings, or reports by creditors;

(2) The ability of a creditor to require or obtain private mortgage insurance, insurance for other collateral, or other credit enhancements or risk mitigants, in furtherance of safe and sound banking practices;

(3) Loan-to-value ratios;

(4) The terms of credit, including schedule for repayment of principal and interest, amortization of loans, balance, payments due, minimum payments, or term to maturity of the loan, including the circumstances under which a loan may be called due and payable upon the passage of time or a specified event external to the loan;

(5) The aggregate amount of funds that may be loaned upon the security of real estate;

(6) Escrow accounts, impound accounts, and similar accounts;

(7) Security property, including leaseholds;

(8) Access to, and use of, credit reports;

(9) Disclosure and advertising, including laws requiring specific statements, information, or other content to be included in credit application forms, credit solicitations, billing statements, credit contracts, or other credit-related documents;

(10) Processing, origination, servicing, sale or purchase of, or investment or participation in, mortgages;

(11) Disbursements and repayments;

(12) Rates of interest on loans;<sup>1</sup>

<sup>1</sup>The limitations on charges that comprise rates of interest on loans by national banks are determined under Federal law. See 12 U.S.C. 85 and 1735f-7a; 12 CFR 7.4001. State laws purporting to regulate national bank fees and charges that do not constitute interest are addressed in 12 CFR 7.4002.

(13) Due-on-sale clauses except to the extent provided in 12 U.S.C. 1701j-3 and 12 CFR part 591; and

(14) Covenants and restrictions that must be contained in a lease to qualify the leasehold as acceptable security for a real estate loan.

(b) State laws on the following subjects are not inconsistent with the real estate lending powers of national banks and apply to national banks to the extent that they only incidentally affect the exercise of national banks' real estate lending powers:

(1) Contracts;

(2) Torts;

(3) Criminal law;<sup>2</sup>

(4) Homestead laws specified in 12 U.S.C. 1462a(f);

(5) Rights to collect debts;

(6) Acquisition and transfer of real property;

(7) Taxation;

(8) Zoning; and

(9) Any other law the effect of which the OCC determines to be incidental to the real estate lending operations of national banks or otherwise consistent with the powers and purposes set out in § 34.3(a).

[69 FR 1917, Jan. 13, 2004]

**§ 34.5 Due-on-sale clauses.**

A national bank may make or acquire a loan or interest therein, secured by a lien on real property, that includes a due-on-sale clause. Except as set forth in 12 U.S.C. 1701j-3(d) (which contains a list of transactions in which due-on-sale clauses may not be enforced), due-on-sale clauses in loans, whenever originated, will be

Iowa*, 188 U.S. 220, 238 (1903) between "crimes defined and punishable at common law or by the general statutes of a state and crimes and offences cognizable under the authority of the United States." The Court stated that "[u]ndoubtedly a state has the legitimate power to define and punish crimes by general laws applicable to all persons within its jurisdiction \* \* \*. valid and enforceable, notwithstanding any State law limitations to the contrary. For the purposes of this section, the term real property includes residential dwellings such as condominium units, cooperative housing units, and residential manufactured homes.

### Subpart B—Adjustable-Rate Mortgages

SOURCE: 61 FR 11301, Mar. 20, 1996, unless otherwise noted.

#### § 34.20 Definitions.

*Adjustable-rate mortgage (ARM) loan* means an extension of credit made to finance or refinance the purchase of, and secured by a lien on, a one-to-four family dwelling, including a condominium unit, cooperative housing unit, or residential manufactured home, where the lender, pursuant to an agreement with the borrower, may adjust the rate of interest from time to time. An ARM loan does not include fixed-rate extensions of credit that are payable at the end of a term that, when added to any terms for which the bank has promised to renew the loan, is shorter than the term of the amortization schedule.

#### § 34.21 General rule.

(a) *Authorization.* A national bank and its subsidiaries may make, sell, purchase, participate in, or otherwise deal in ARM loans and interests therein without regard to any State law limitations on those activities.

(b) *Purchase of loans not in compliance.* Except as provided in paragraph (c) of this section, a national bank may purchase or participate in ARM loans that were not made in accordance with this part, provided such purchases are consistent with safe and sound banking practices as described in published OCC guidance, including appropriate diligence regarding the quality and characteristics of the loans, and other applicable regulations.

(c) *Purchase of loans from a subsidiary or affiliate.* ARM loans purchased, in whole or in part, from a subsidiary or affiliate must comply with this part and with other applicable regulations, and be consistent with safe and sound banking practices as described in pub-

lished OCC guidance, including appropriate diligence regarding the quality and characteristics of the loans. For purposes of this paragraph, the terms affiliate and subsidiary have the same meaning as in 12 U.S.C. 371c.

[61 FR 11300, Mar. 20, 1996, as amended at 73 FR 22251, Apr. 24, 2008]

#### § 34.22 Index.

(a) *In general.* If a national bank makes an ARM loan to which 12 CFR 226.19(b) applies (*i.e.*, the annual percentage rate of a loan may increase after consummation, the term exceeds one year, and the consumer's principal dwelling secures the indebtedness), the loan documents must specify an index or combination of indices to which changes in the interest rate will be linked. This index must be readily available to, and verifiable by, the borrower and beyond the control of the bank. A national bank may use as an index any measure of rates of interest that meets these requirements. The index may be either single values of the chosen measure or a moving average of the chosen measure calculated over a specified period. A national bank also may increase the interest rate in accordance with applicable loan documents specifying the amount of the increase and the times at which, or circumstances under which, it may be made. A national bank may decrease the interest rate at any time.

(b) *Exception.* Thirty days after filing a notice with the OCC, a national bank may use an index other than one described in paragraph (a) of this section unless, within that 30-day period, the OCC has notified the bank that the notice presents supervisory concerns or raises significant issues of law or policy. If the OCC provides such notice to the bank, the bank may not use that index unless it applies for and receives the OCC's prior written approval.

[61 FR 11300, Mar. 20, 1996, as amended at 73 FR 22251, Apr. 24, 2008]

#### § 34.23 Prepayment fees.

A national bank offering or purchasing ARM loans may impose fees for prepayments notwithstanding any State law limitations to the contrary.

For purposes of this section, prepayments do not include:

(a) Payments that exceed the required payment amount to avoid or reduce negative amortization; or

(b) Principal payments, in excess of those necessary to retire the outstanding debt over the remaining loan term at the then-current interest rate, that are made in accordance with rules governing the determination of monthly payments contained in the loan documents.

**§ 34.24 Nonfederally chartered commercial banks.**

Pursuant to 12 U.S.C. 3803(a), a State chartered commercial bank may make ARM loans in accordance with the provisions of this subpart. For purposes of this section, the term “State” shall have the same meaning as set forth in § 34.2(b).

**§ 34.25 Transition rule.**

If, on October 1, 1988, a national bank had made a loan or binding commitment to lend under an ARM loan program that complied with the requirements of 12 CFR part 29 in effect prior to October 1, 1988 (see 12 CFR Parts 1 to 199, revised as of January 1, 1988) but would have violated any of the provisions of this subpart, the national bank may continue to administer the loan or binding commitment to lend in accordance with that loan program. All ARM loans or binding commitments to make ARM loans that a national bank entered into after October 1, 1988, must comply with all provisions of this subpart.

**Subpart C—Appraisals**

SOURCE: 55 FR 34696, Aug. 24, 1990, unless otherwise noted.

**§ 34.41 Authority, purpose, and scope.**

(a) *Authority.* This subpart is issued by the Office of the Comptroller of the Currency (the OCC) under 12 U.S.C. 93a and title XI of the Financial Institutions Reform, Recovery, and Enforcement Act of 1989 (*FIRREA*) (Pub. L. 101-73, 103 Stat. 183 (1989)), 12 U.S.C. 3331 *et seq.*

(b) *Purpose and scope.* (1) Title XI provides protection for federal financial

and public policy interests in real estate-related transactions by requiring real estate appraisals used in connection with federally related transactions to be performed in writing, in accordance with uniform standards, by appraisers whose competency has been demonstrated and whose professional conduct will be subject to effective supervision. This subpart implements the requirements of title XI, and applies to all federally related transactions entered into by the OCC or by institutions regulated by the OCC (*regulated institutions*).

(2) This subpart:

(i) Identifies which real estate-related financial transactions require the services of an appraiser;

(ii) Prescribes which categories of federally related transactions shall be appraised by a State certified appraiser and which by a State licensed appraiser; and

(iii) Prescribes minimum standards for the performance of real estate appraisals in connection with federally related transactions under the jurisdiction of the OCC.

**§ 34.42 Definitions.**

(a) *Appraisal* means a written statement independently and impartially prepared by a qualified appraiser setting forth an opinion as to the market value of an adequately described property as of a specific date(s), supported by the presentation and analysis of relevant market information.

(b) *Appraisal Foundation* means the Appraisal Foundation established on November 30, 1987, as a not-for-profit corporation under the laws of Illinois.

(c) *Appraisal Subcommittee* means the Appraisal Subcommittee of the Federal Financial Institutions Examination Council.

(d) *Business loan* means a loan or extension of credit to any corporation, general or limited partnership, business trust, joint venture, pool, syndicate, sole proprietorship, or other business entity.

(e) *Complex 1-to-4 family residential property appraisal* means one in which the property to be appraised, the form of ownership, or market conditions are atypical.

§ 34.42

12 CFR Ch. I (1-1-09 Edition)

(f) *Federally related transaction* means any real estate-related financial transaction entered into on or after August 9, 1990, that:

(1) The OCC or any of its regulated institution engages in or contracts for; and

(2) Requires the services of an appraiser.

(g) *Market value* means the most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

(1) Buyer and seller are typically motivated;

(2) Both parties are well informed or well advised, and acting in what they consider their own best interests;

(3) A reasonable time is allowed for exposure in the open market;

(4) Payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and

(5) The price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.

(h) *Real estate* or *real property* means an identified parcel or tract of land, with improvements, and includes easements, rights of way, undivided or future interests, or similar rights in a tract of land, but does not include mineral rights, timber rights, growing crops, water rights, or similar interests severable from the land when the transaction does not involve the associated parcel or tract of land.

(i) *Real estate-related financial transaction* means any transaction involving:

(1) The sale, lease, purchase, investment in or exchange of real property, including interests in property, or the financing thereof; or

(2) The refinancing of real property or interests in real property; or

(3) The use of real property or interests in property as security for a loan

or investment, including mortgage-backed securities.

(j) *State certified appraiser* means any individual who has satisfied the requirements for certification in a State or territory whose criteria for certification as a real estate appraiser currently meet the minimum criteria for certification issued by the Appraiser Qualifications Board of the Appraisal Foundation. No individual shall be a State certified appraiser unless such individual has achieved a passing grade upon a suitable examination administered by a State or territory that is consistent with and equivalent to the Uniform State Certification Examination issued or endorsed by the Appraiser Qualifications Board of the Appraisal Foundation. In addition, the Appraisal Subcommittee must not have issued a finding that the policies, practices, or procedures of the State or territory are inconsistent with title XI of FIRREA. The OCC may, from time to time, impose additional qualification criteria for certified appraisers performing appraisals in connection with federally related transactions within its jurisdiction.

(k) *State licensed appraiser* means any individual who has satisfied the requirements for licensing in a State or territory where the licensing procedures comply with title XI of FIRREA and where the Appraisal Subcommittee has not issued a finding that the policies, practices, or procedures of the State or territory are inconsistent with title XI. The OCC may, from time to time, impose additional qualification criteria for licensed appraisers performing appraisals in connection with federally related transactions within its jurisdiction.

(l) *Tract development* means a project of five units or more that is constructed or is to be constructed as a single development.

(m) *Transaction value* means:

(1) For loans or other extensions of credit, the amount of the loan or extension of credit;

(2) For sales, leases, purchases, and investments in or exchanges of real property, the market value of the real property interest involved; and

## Comptroller of the Currency, Treasury

(3) For the pooling of loans or interests in real property for resale or purchase, the amount of the loan or market value of the real property calculated with respect to each such loan or interest in real property.

### § 34.43 Appraisals required; transactions requiring a State certified or licensed appraiser.

(a) *Appraisals required.* An appraisal performed by a State certified or licensed appraiser is required for all real estate-related financial transactions except those in which:

(1) The transaction value is \$250,000 or less;

(2) A lien on real estate has been taken as collateral in an abundance of caution;

(3) The transaction is not secured by real estate;

(4) A lien on real estate has been taken for purposes other than the real estate's value;

(5) The transaction is a business loan that:

(i) Has a transaction value of \$1 million or less; and

(ii) Is not dependent on the sale of, or rental income derived from, real estate as the primary source of repayment;

(6) A lease of real estate is entered into, unless the lease is the economic equivalent of a purchase or sale of the leased real estate;

(7) The transaction involves an existing extension of credit at the lending institution, provided that:

(i) There has been no obvious and material change in market conditions or physical aspects of the property that threatens the adequacy of the institution's real estate collateral protection after the transaction, even with the advancement of new monies; or

(ii) There is no advancement of new monies, other than funds necessary to cover reasonable closing costs;

(8) The transaction involves the purchase, sale, investment in, exchange of, or extension of credit secured by, a loan or interest in a loan, pooled loans, or interests in real property, including mortgaged-backed securities, and each loan or interest in a loan, pooled loan,

or real property interest met OCC regulatory requirements for appraisals at the time of origination;

(9) The transaction is wholly or partially insured or guaranteed by a United States government agency or United States government sponsored agency;

(10) The transaction either:

(i) Qualifies for sale to a United States government agency or United States government sponsored agency; or

(ii) Involves a residential real estate transaction in which the appraisal conforms to the Federal National Mortgage Association or Federal Home Loan Mortgage Corporation appraisal standards applicable to that category of real estate;

(11) The regulated institution is acting in a fiduciary capacity and is not required to obtain an appraisal under other law; or

(12) The OCC determines that the services of an appraiser are not necessary in order to protect Federal financial and public policy interests in real estate-related financial transactions or to protect the safety and soundness of the institution.

(b) *Evaluations required.* For a transaction that does not require the services of a State certified or licensed appraiser under paragraph (a)(1), (a)(5) or (a)(7) of this section, the institution shall obtain an appropriate evaluation of real property collateral that is consistent with safe and sound banking practices.

(c) *Appraisals to address safety and soundness concerns.* The OCC reserves the right to require an appraisal under this subpart whenever the agency believes it is necessary to address safety and soundness concerns.

(d) *Transactions requiring a State certified appraiser—*(1) *All transactions of \$1,000,000 or more.* All federally related transactions having a transaction value of \$1,000,000 or more shall require an appraisal prepared by a State certified appraiser.

(2) *Nonresidential transactions of \$250,000 or more.* All federally related transactions having a transaction value of \$250,000 or more, other than those involving appraisals of 1-to-4

### § 34.44

### 12 CFR Ch. I (1-1-09 Edition)

family residential properties, shall require an appraisal performed by a State certified appraiser.

(3) *Complex residential transactions of \$250,000 or more.* All complex 1-to-4 family residential property appraisals rendered in connection with federally related transactions shall require a State certified appraiser if the transaction value is \$250,000 or more. A regulated institution may presume that appraisals of 1-to-4 family residential properties are not complex, unless the institution has readily available information that a given appraisal will be complex. The regulated institution shall be responsible for making the final determination whether the appraisal is complex. If during the course of the appraisal a licensed appraiser identifies factors that would result in the property, form of ownership, or market conditions being considered atypical, then either:

(i) The regulated institution may ask the licensed appraiser to complete the appraisal and have a certified appraiser approve and co-sign the appraisal; or

(ii) The institution may engage a certified appraiser to complete the appraisal.

(e) *Transactions requiring either a State certified or licensed appraiser.* All appraisals for federally related transactions not requiring the services of a State certified appraiser shall be prepared by either a State certified appraiser or a State licensed appraiser.

(f) *Effective date.* National banks are required to use State certified or licensed appraisers as set forth in this part no later than December 31, 1992.

[55 FR 34696, Aug. 24, 1990, as amended at 57 FR 12202, Apr. 9, 1992; 59 FR 29499, June 7, 1994]

#### § 34.44 Minimum appraisal standards.

For federally related transactions, all appraisals shall, at a minimum:

(a) Conform to generally accepted appraisal standards as evidenced by the Uniform Standards of Professional Appraisal Practice (USPAP) promulgated by the Appraisal Standards Board of the Appraisal Foundation, 1029 Vermont Ave., NW., Washington, DC 20005, unless principles of safe and sound banking require compliance with stricter standards;

(b) Be written and contain sufficient information and analysis to support the institution's decision to engage in the transaction;

(c) Analyze and report appropriate deductions and discounts for proposed construction or renovation, partially leased buildings, non-market lease terms, and tract developments with unsold units;

(d) Be based upon the definition of market value as set forth in this subpart; and

(e) Be performed by State licensed or certified appraisers in accordance with requirements set forth in this subpart.

[59 FR 29500, June 7, 1994]

#### § 34.45 Appraiser independence.

(a) *Staff appraisers.* If an appraisal is prepared by a staff appraiser, that appraiser must be independent of the lending, investment, and collection functions and not involved, except as an appraiser, in the federally related transaction, and have no direct or indirect interest, financial or otherwise, in the property. If the only qualified persons available to perform an appraisal are involved in the lending, investment, or collection functions of the regulated institution, the regulated institution shall take appropriate steps to ensure that the appraisers exercise independent judgment. Such steps include, but are not limited to, prohibiting an individual from performing an appraisal in connection with federally related transactions in which the appraiser is otherwise involved and prohibiting directors and officers from participating in any vote or approval involving assets on which they performed an appraisal.

(b) *Fee appraisers.* (1) If an appraisal is prepared by a fee appraiser, the appraiser shall be engaged directly by the regulated institution or its agent, and have no direct or indirect interest, financial or otherwise, in the property or the transaction.

(2) A regulated institution also may accept an appraisal that was prepared by an appraiser engaged directly by another financial services institution, if:

(i) The appraiser has no direct or indirect interest, financial or otherwise, in the property or the transaction; and

(ii) The regulated institution determines that the appraisal conforms to the requirements of this subpart and is otherwise acceptable.

[55 FR 34696, Aug. 24, 1990, as amended at 59 FR 29500, June 7, 1994]

**§ 34.46 Professional association membership; competency.**

(a) *Membership in appraisal organizations.* A State certified appraiser or a State licensed appraiser may not be excluded from consideration for an assignment for a federally related transaction solely by virtue of membership or lack of membership in any particular appraisal organization.

(b) *Competency.* All staff and fee appraisers performing appraisals in connection with federally related transactions must be State certified or licensed, as appropriate. However, a State certified or licensed appraiser may not be considered competent solely by virtue of being certified or licensed. Any determination of competency shall be based upon the individual's experience and educational background as they relate to the particular appraisal assignment for which he or she is being considered.

**§ 34.47 Enforcement.**

Institutions and institution-affiliated parties, including staff appraisers and fee appraisers, may be subject to removal and/or prohibition orders, cease and desist orders, and the imposition of civil money penalties pursuant to the Federal Deposit Insurance Act, 12 U.S.C. 1811 *et seq.*, as amended, or other applicable law.

**Subpart D—Real Estate Lending Standards**

SOURCE: 57 FR 62889, Dec. 31, 1992, unless otherwise noted.

**§ 34.61 Purpose and scope.**

This subpart, issued pursuant to section 304 of the Federal Deposit Insurance Corporation Improvement Act of 1991, 12 U.S.C. 1828(o), prescribes standards for real estate lending to be used by national banks in adopting internal real estate lending policies.

**§ 34.62 Real estate lending standards.**

(a) Each national bank shall adopt and maintain written policies that establish appropriate limits and standards for extensions of credit that are secured by liens on or interests in real estate, or that are made for the purpose of financing permanent improvements to real estate.

(b)(1) Real estate lending policies adopted pursuant to this section must:

(i) Be consistent with safe and sound banking practices;

(ii) Be appropriate to the size of the institution and the nature and scope of its operations; and

(iii) Be reviewed and approved by the bank's board of directors at least annually.

(2) The lending policies must establish:

(i) Loan portfolio diversification standards;

(ii) Prudent underwriting standards, including loan-to-value limits, that are clear and measurable;

(iii) Loan administration procedures for the bank's real estate portfolio; and

(iv) Documentation, approval, and reporting requirements to monitor compliance with the bank's real estate lending policies.

(c) Each national bank must monitor conditions in the real estate market in its lending area to ensure that its real estate lending policies continue to be appropriate for current market conditions.

(d) The real estate lending policies adopted pursuant to this section should reflect consideration of the Interagency Guidelines for Real Estate Lending Policies established by the Federal bank and thrift supervisory agencies.

**APPENDIX A TO SUBPART D OF PART 34—  
INTERAGENCY GUIDELINES FOR REAL  
ESTATE LENDING**

The agencies' regulations require that each insured depository institution adopt and maintain a written policy that establishes appropriate limits and standards for all extensions of credit that are secured by liens on or interests in real estate or made for the purpose of financing the construction of a

building or other improvements.<sup>1</sup> These guidelines are intended to assist institutions in the formulation and maintenance of a real estate lending policy that is appropriate to the size of the institution and the nature and scope of its individual operations, as well as satisfies the requirements of the regulation.

Each institution's policies must be comprehensive, and consistent with safe and sound lending practices, and must ensure that the institution operates within limits and according to standards that are reviewed and approved at least annually by the board of directors. Real estate lending is an integral part of many institutions' business plans and, when undertaken in a prudent manner, will not be subject to examiner criticism.

#### LOAN PORTFOLIO MANAGEMENT CONSIDERATIONS

The lending policy should contain a general outline of the scope and distribution of the institution's credit facilities and the manner in which real estate loans are made, serviced, and collected. In particular, the institution's policies on real estate lending should:

- Identify the geographic areas in which the institution will consider lending.
- Establish a loan portfolio diversification policy and set limits for real estate loans by type and geographic market (e.g., limits on higher risk loans).
- Identify appropriate terms and conditions by type of real estate loan.
- Establish loan origination and approval procedures, both generally and by size and type of loan.
- Establish prudent underwriting standards that are clear and measurable, including loan-to-value limits, that are consistent with these supervisory guidelines.
- Establish review and approval procedures for exception loans, including loans with loan-to-value percentages in excess of supervisory limits.
- Establish loan administration procedures, including documentation, disbursement, collateral inspection, collection, and loan review.
- Establish real estate appraisal and evaluation programs.
- Require that management monitor the loan portfolio and provide timely and adequate reports to the board of directors.

The institution should consider both internal and external factors in the formulation of its loan policies and strategic plan. Factors that should be considered include:

- The size and financial condition of the institution.
- The expertise and size of the lending staff.
- The need to avoid undue concentrations of risk.
- Compliance with all real estate related laws and regulations, including the Community Reinvestment Act, anti-discrimination laws, and for savings associations, the Qualified Thrift Lender test.
- Market conditions.

The institution should monitor conditions in the real estate markets in its lending area so that it can react quickly to changes in market conditions that are relevant to its lending decisions. Market supply and demand factors that should be considered include:

- Demographic indicators, including population and employment trends.
- Zoning requirements.
- Current and projected vacancy, construction, and absorption rates.
- Current and projected lease terms, rental rates, and sales prices, including concessions.
- Current and projected operating expenses for different types of projects.
- Economic indicators, including trends and diversification of the lending area.
- Valuation trends, including discount and direct capitalization rates.

#### UNDERWRITING STANDARDS

Prudently underwritten real estate loans should reflect all relevant credit factors, including:

- The capacity of the borrower, or income from the underlying property, to adequately service the debt.
- The value of the mortgaged property.
- The overall creditworthiness of the borrower.
- The level of equity invested in the property.
- Any secondary sources of repayment.
- Any additional collateral or credit enhancements (such as guarantees, mortgage insurance or takeout commitments).

The lending policies should reflect the level of risk that is acceptable to the board of directors and provide clear and measurable underwriting standards that enable the institution's lending staff to evaluate these credit factors. The underwriting standards should address:

- The maximum loan amount by type of property.
- Maximum loan maturities by type of property.
- Amortization schedules.
- Pricing structure for different types of real estate loans.
- Loan-to-value limits by type of property.

<sup>1</sup>The agencies have adopted a uniform rule on real estate lending. See 12 CFR part 365 (FDIC); 12 CFR part 208, subpart C (FRB); 12 CFR part 34, subpart D (OCC); and 12 CFR 563.100–101 (OTS).

For development and construction projects, and completed commercial properties, the policy should also establish, commensurate with the size and type of the project or property:

- Requirements for feasibility studies and sensitivity and risk analyses (*e.g.*, sensitivity of income projections to changes in economic variables such as interest rates, vacancy rates, or operating expenses).
- Minimum requirements for initial investment and maintenance of hard equity by the borrower (*e.g.*, cash or unencumbered investment in the underlying property).
- Minimum standards for net worth, cash flow, and debt service coverage of the borrower or underlying property.
- Standards for the acceptability of and limits on non-amortizing loans.
- Standards for the acceptability of and limits on the use of interest reserves.
- Pre-leasing and pre-sale requirements for income-producing property.
- Pre-sale and minimum unit release requirements for non-income-producing property loans.
- Limits on partial recourse or non-recourse loans and requirements for guarantor support.
- Requirements for takeout commitments.
- Minimum covenants for loan agreements.

LOAN ADMINISTRATION

The institution should also establish loan administration procedures for its real estate portfolio that address:

- Documentation, including:
  - Type and frequency of financial statements, including requirements for verification of information provided by the borrower;
  - Type and frequency of collateral evaluations (appraisals and other estimates of value).
- Loan closing and disbursement.
- Payment processing.
- Escrow administration.
- Collateral administration.
- Loan payoffs.
- Collections and foreclosure, including:
  - Delinquency follow-up procedures;
  - Foreclosure timing;
  - Extensions and other forms of forbearance;
  - Acceptance of deeds in lieu of foreclosure.
- Claims processing (*e.g.*, seeking recovery on a defaulted loan covered by a government guaranty or insurance program).
- Servicing and participation agreements.

SUPERVISORY LOAN-TO-VALUE LIMITS

Institutions should establish their own internal loan-to-value limits for real estate loans. These internal limits should not exceed the following supervisory limits:

Loan category	Loan-to-value limit (percent)
Raw land .....	65
Land development .....	75
Construction:	
Commercial, multifamily, <sup>1</sup> and other non-residential .....	80
1- to 4-family residential .....	85
Improved property .....	85
Owner-occupied 1- to 4-family and home equity	( <sup>2</sup> )

<sup>1</sup> Multifamily construction includes condominiums and cooperatives.

<sup>2</sup> A loan-to-value limit has not been established for permanent mortgage or home equity loans on owner-occupied, 1- to 4-family residential property. However, for any such loan with a loan-to-value ratio that equals or exceeds 90 percent at origination, an institution should require appropriate credit enhancement in the form of either mortgage insurance or readily marketable collateral.

The supervisory loan-to-value limits should be applied to the underlying property that collateralizes the loan. For loans that fund multiple phases of the same real estate project (*e.g.*, a loan for both land development and construction of an office building), the appropriate loan-to-value limit is the limit applicable to the final phase of the project funded by the loan; however, loan disbursements should not exceed actual development or construction outlays. In situations where a loan is fully cross-collateralized by two or more properties or is secured by a collateral pool of two or more properties, the appropriate maximum loan amount under supervisory loan-to-value limits is the sum of the value of each property, less senior liens, multiplied by the appropriate loan-to-value limit for each property. To ensure that collateral margins remain within the supervisory limits, lenders should redetermine conformity whenever collateral substitutions are made to the collateral pool.

In establishing internal loan-to-value limits, each lender is expected to carefully consider the institution-specific and market factors listed under "Loan Portfolio Management Considerations," as well as any other relevant factors, such as the particular subcategory or type of loan. For any subcategory of loans that exhibits greater credit risk than the overall category, a lender should consider the establishment of an internal loan-to-value limit for that subcategory that is lower than the limit for the overall category.

The loan-to-value ratio is only one of several pertinent credit factors to be considered when underwriting a real estate loan. Other credit factors to be taken into account are highlighted in the "Underwriting Standards" section above. Because of these other factors, the establishment of these supervisory limits should not be interpreted to mean that loans at these levels will automatically be considered sound.

## LOANS IN EXCESS OF THE SUPERVISORY LOAN-TO-VALUE LIMITS

The agencies recognize that appropriate loan-to-value limits vary not only among categories of real estate loans but also among individual loans. Therefore, it may be appropriate in individual cases to originate or purchase loans with loan-to-value ratios in excess of the supervisory loan-to-value limits, based on the support provided by other credit factors. Such loans should be identified in the institutions's records, and their aggregate amount reported at least quarterly to the institution's board of directors. (See additional reporting requirements described under "Exceptions to the General Policy.")

The aggregate amount of all loans in excess of the supervisory loan-to-value limits should not exceed 100 percent of total capital.<sup>2</sup> Moreover, within the aggregate limit, total loans for all commercial, agricultural, multifamily or other non-1-to-4 family residential properties should not exceed 30 percent of total capital. An institution will come under increased supervisory scrutiny as the total of such loans approaches these levels.

In determining the aggregate amount of such loans, institutions should: (a) Include all loans secured by the same property if any one of those loans exceeds the supervisory loan-to-value limits; and (b) include the recourse obligation of any such loan sold with recourse. Conversely, a loan should no longer be reported to the directors as part of aggregate totals when reduction in principal or senior liens, or additional contribution of collateral or equity (e.g., improvements to the real property securing the loan), bring the loan-to-value ratio into compliance with supervisory limits.

## EXCLUDED TRANSACTIONS

The agencies also recognize that there are a number of lending situations in which other factors significantly outweigh the need to apply the supervisory loan-to-value limits. These include:

- Loans guaranteed or insured by the U.S. government or its agencies, provided that the amount of the guaranty or insurance is at least equal to the portion of the loan that exceeds the supervisory loan-to-value limit.

<sup>2</sup>For the state member banks, the term "total capital" means "total risk-based capital" as defined in appendix A to 12 CFR part 208. For insured state non-member banks, "total capital" refers to that term described in table I of appendix A to 12 CFR part 325. For national banks, the term "total capital" is defined at 12 CFR 3.2(e). For savings associations, the term "total capital" is defined at 12 CFR 567.5(c).

- Loans backed by the full faith and credit of a State government, provided that the amount of the assurance is at least equal to the portion of the loan that exceeds the supervisory loan-to-value limit.

- Loans guaranteed or insured by a State, municipal or local government, or an agency thereof, provided that the amount of the guaranty or insurance is at least equal to the portion of the loan that exceeds the supervisory loan-to-value limit, and provided that the lender has determined that the guarantor or insurer has the financial capacity and willingness to perform under the terms of the guaranty or insurance agreement.

- Loans that are to be sold promptly after origination, without recourse, to a financially responsible third party.

- Loans that are renewed, refinanced, or restructured without the advancement of new funds or an increase in the line of credit (except for reasonable closing costs), or loans that are renewed, refinanced, or restructured in connection with a workout situation, either with or without the advancement of new funds, where consistent with safe and sound banking practices and part of a clearly defined and well-documented program to achieve orderly liquidation of the debt, reduce risk of loss, or maximize recovery on the loan.

- Loans that facilitate the sale of real estate acquired by the lender in the ordinary course of collecting a debt previously contracted in good faith.

- Loans for which a lien on or interest in real property is taken as additional collateral through an abundance of caution by the lender (e.g., the institution takes a blanket lien on all or substantially all of the assets of the borrower, and the value of the real property is low relative to the aggregate value of all other collateral).

- Loans, such as working capital loans, where the lender does not rely principally on real estate as security and the extension of credit is not used to acquire, develop, or construct permanent improvements on real property.

- Loans for the purpose of financing permanent improvements to real property, but not secured by the property, if such security interest is not required by prudent underwriting practice.

## EXCEPTIONS TO THE GENERAL LENDING POLICY

Some provision should be made for the consideration of loan requests from credit-worthy borrowers whose credit needs do not fit within the institution's general lending policy. An institution may provide for prudently underwritten exceptions to its lending policies, including loan-to-value limits,

on a loan-by-loan basis. However, any exceptions from the supervisory loan-to-value limits should conform to the aggregate limits on such loans discussed above.

The board of directors is responsible for establishing standards for the review and approval of exception loans. Each institution should establish an appropriate internal process for the review and approval of loans that do not conform to its own internal policy standards. The approval of any such loan should be supported by a written justification that clearly sets forth all of the relevant credit factors that support the underwriting decision. The justification and approval documents for such loans should be maintained as a part of the permanent loan file. Each institution should monitor compliance with its real estate lending policy and individually report exception loans of a significant size to its board of directors.

#### SUPERVISORY REVIEW OF REAL ESTATE LENDING POLICIES AND PRACTICES

The real estate lending policies of institutions will be evaluated by examiners during the course of their examinations to determine if the policies are consistent with safe and sound lending practices, these guidelines, and the requirements of the regulation. In evaluating the adequacy of the institution's real estate lending policies and practices, examiners will take into consideration the following factors:

- The nature and scope of the institution's real estate lending activities.
- The size and financial condition of the institution.
- The quality of the institution's management and internal controls.
- The expertise and size of the lending and loan administration staff.
- Market conditions.

Lending policy exception reports will also be reviewed by examiners during the course of their examinations to determine whether the institutions' exceptions are adequately documented and appropriate in light of all of the relevant credit considerations. An excessive volume of exceptions to an institution's real estate lending policy may signal a weakening of its underwriting practices, or may suggest a need to revise the loan policy.

#### DEFINITIONS

For the purposes of these Guidelines:

*Construction loan* means an extension of credit for the purpose of erecting or rehabilitating buildings or other structures, including any infrastructure necessary for development.

*Extension of credit or loan* means:

- (1) The total amount of any loan, line of credit, or other legally binding lending commitment with respect to real property; and

- (2) The total amount, based on the amount of consideration paid, of any loan, line of credit, or other legally binding lending commitment acquired by a lender by purchase, assignment, or otherwise.

*Improved property loan* means an extension of credit secured by one of the following types of real property:

- (1) Farmland, ranchland or timberland committed to ongoing management and agricultural production;
- (2) 1- to 4-family residential property that is not owner-occupied;
- (3) Residential property containing five or more individual dwelling units;
- (4) Completed commercial property; or
- (5) Other income-producing property that has been completed and is available for occupancy and use, except income-producing owner-occupied 1- to 4-family residential property.

*Land development loan* means an extension of credit for the purpose of improving unimproved real property prior to the erection of structures. The improvement of unimproved real property may include the laying or placement of sewers, water pipes, utility cables, streets, and other infrastructure necessary for future development.

*Loan origination* means the time of inception of the obligation to extend credit (i.e., when the last event or prerequisite, controllable by the lender, occurs causing the lender to become legally bound to fund an extension of credit).

*Loan-to-value or loan-to-value ratio* means the percentage or ratio that is derived at the time of loan origination by dividing an extension of credit by the total value of the property(ies) securing or being improved by the extension of credit plus the amount of any readily marketable collateral and other acceptable collateral that secures the extension of credit. The total amount of all senior liens on or interests in such property(ies) should be included in determining the loan-to-value ratio. When mortgage insurance or collateral is used in the calculation of the loan-to-value ratio, and such credit enhancement is later released or replaced, the loan-to-value ratio should be recalculated.

*Other acceptable collateral* means any collateral in which the lender has a perfected security interest, that has a quantifiable value, and is accepted by the lender in accordance with safe and sound lending practices. Other acceptable collateral should be appropriately discounted by the lender consistent with the lender's usual practices for making loans secured by such collateral. Other acceptable collateral includes, among other items, unconditional irrevocable standby letters of credit for the benefit of the lender.

*Owner-occupied*, when used in conjunction with the term *1- to 4-family residential property* means that the owner of the underlying

### § 34.81

### 12 CFR Ch. I (1–1–09 Edition)

real property occupies at least one unit of the real property as a principal residence of the owner.

*Readily marketable collateral* means insured deposits, financial instruments, and bullion in which the lender has a perfected interest. Financial instruments and bullion must be salable under ordinary circumstances with reasonable promptness at a fair market value determined by quotations based on actual transactions, on an auction or similarly available daily bid and ask price market. Readily marketable collateral should be appropriately discounted by the lender consistent with the lender's usual practices for making loans secured by such collateral.

*Value* means an opinion or estimate, set forth in an appraisal or evaluation, which ever may be appropriate, of the market value of real property, prepared in accordance with the agency's appraisal regulations and guidance. For loans to purchase an existing property, the term "value" means the lesser of the actual acquisition cost or the estimate of value.

*1- to 4-family residential property* means property containing fewer than five individual dwelling units, including manufactured homes permanently affixed to the underlying property (when deemed to be real property under State law).

### Subpart E—Other Real Estate Owned

SOURCE: 61 FR 11301, Mar. 20, 1996, unless otherwise noted.

#### § 34.81 Definitions.

(a) *Capital and surplus* means:

(1) A bank's Tier 1 and Tier 2 capital as calculated under the OCC's risk-based capital standards set out in appendix A to part 3 of this chapter based upon the bank's Consolidated Report of Condition and Income filed under 12 U.S.C. 161; plus

(2) The balance of a bank's allowance for loan and lease losses not included in the bank's Tier 2 capital, for purposes of the calculation of risk-based capital under Appendix A to 12 CFR part 3, based upon the bank's Consolidated Report of Condition and Income filed under 12 U.S.C. 161.

(b) *Debts previously contracted (DPC) real estate* means real estate (including capitalized and operating leases) acquired by a national bank through any

means in full or partial satisfaction of a debt previously contracted.

(c) *Former banking premises* means real estate (including capitalized and operating leases) for which banking use no longer is contemplated. This includes real estate originally acquired for future expansion that no longer will be used for expansion or other banking purposes.

(d) *Market value* means the value determined in accordance with subpart C of this part.

(e) *Other real estate owned (OREO)* means:

- (1) DPC real estate; and
- (2) Former banking premises.

(f) *Recorded investment amount* means:

- (1) For loans, the recorded loan balance, as determined by generally accepted accounting principles; and
- (2) For former banking premises, the net book value.

#### § 34.82 Holding period.

(a) *Holding period for OREO.* A national bank shall dispose of OREO at the earliest time that prudent judgment dictates, but not later than the end of the holding period (or an extension thereof) permitted by 12 U.S.C. 29.

(b) *Commencement of holding period.* The holding period begins on the date that:

- (1) Ownership of the property is originally transferred to a national bank;
- (2) A bank completes relocation from former banking premises to new banking premises or ceases to use the former banking premises without relocating; or
- (3) A bank decides not to use real estate acquired for future bank expansion.

(c) *Effect of statutory redemption period.* For DPC real estate that is subject to a redemption period imposed under State law, the holding period begins at the expiration of that redemption period.

#### § 34.83 Disposition of real estate.

(a) *Disposition.* A national bank may comply with its obligation to dispose of real estate under 12 U.S.C. 29 in the following ways:

- (1) With respect to OREO in general:

(i) By entering into a transaction that is a sale under generally accepted accounting principles;

(ii) By entering into a transaction that involves a loan guaranteed or insured by the United States government or by an agency of the United States government or a loan eligible for purchase by a Federally-sponsored instrumentality that purchases loans; or

(iii) By selling the property pursuant to a land contract or a contract for deed;

(2) With respect to DPC real estate, by retaining the property for its own use as bank premises or by transferring it to a subsidiary or affiliate for use in the business of the subsidiary or affiliate;

(3) With respect to a capitalized or operating lease:

(i) By obtaining an assignment or a coterminal sublease. If a national bank enters into a sublease that is not coterminal, the period during which the master lease must be divested will be suspended for the duration of the sublease, and will begin running again upon termination of the sublease. A national bank holding a lease as OREO may enter into an extension of the lease that would exceed the holding period referred to in §34.82 if the extension meets the following criteria:

(A) The extension is necessary in order to sublease the master lease;

(B) The national bank, prior to entering into the extension, has a firm commitment from a prospective subtenant to sublease the property; and

(C) The term of the extension is reasonable and does not materially exceed the term of the sublease;

(ii) Should the OCC determine that a bank has entered into a lease, extension of a lease, or a sublease for the purpose of real estate speculation in violation of 12 U.S.C. 29 and this part, the OCC will take appropriate measures to address the violation, which may include requiring the bank to take immediate steps to divest the lease or sublease; and

(4) With respect to a transaction that does not qualify as a disposition under paragraphs (a)(1) through (3) of this section, by receiving or accumulating from the purchaser an amount in a down payment, principal and interest

payments, and private mortgage insurance totalling at least 10 percent of the sales price, as measured in accordance with generally accepted accounting principles.

(b) *Disposition efforts and documentation.* A national bank shall make diligent and ongoing efforts to dispose of each parcel of OREO, and shall maintain documentation adequate to reflect those efforts.

#### § 34.84 Future bank expansion.

A national bank normally should use real estate acquired for future bank expansion within five years. After holding such real estate for one year, the bank shall state, by resolution of the board of directors or an appropriately authorized bank official or subcommittee of the board, definite plans for its use. The resolution or other official action must be available for inspection by national bank examiners.

#### § 34.85 Appraisal requirements.

(a) *General.* (1) Upon transfer to OREO, a national bank shall substantiate the parcel's market value by obtaining either:

(i) An appraisal in accordance with subpart C of this part; or

(ii) An appropriate evaluation when the recorded investment amount is equal to or less than the threshold amount in subpart C of this part.

(2) A national bank shall develop a prudent real estate collateral evaluation policy that allows the bank to monitor the value of each parcel of OREO in a manner consistent with prudent banking practice.

(b) *Exception.* If a national bank has a valid appraisal or an appropriate evaluation obtained in connection with a real estate loan and in accordance with subpart C of this part, then the bank need not obtain another appraisal or evaluation when it acquires ownership of the property.

(c) *Sales of OREO.* A national bank need not obtain a new appraisal or evaluation when selling OREO if the sale is consummated based on a valid appraisal or an appropriate evaluation.

**§ 34.86**

**§ 34.86 Additional expenditures and notification.**

(a) *Additional expenditures on OREO.* For OREO that is a development or improvement project, a national bank may make advances to complete the project if the advances:

- (1) Are reasonably calculated to reduce any shortfall between the parcel's market value and the bank's recorded investment amount;
- (2) Are not made for the purpose of speculation in real estate; and
- (3) Are consistent with safe and sound banking practices.

(b) *Notification procedures.* (1) A national bank shall notify the appropriate supervisory office at least 30 days before implementing a development or improvement plan for OREO when the sum of the plan's estimated cost and the bank's current recorded investment amount (including any unpaid prior liens on the property) exceeds 10 percent of the bank's capital and surplus. A national bank need notify the OCC under this paragraph (b)(1) only once. A national bank need not notify the OCC that the bank intends to re-fit an existing building for new tenants or to make normal repairs and incur maintenance costs to protect the value of the collateral.

(2) The required notification must demonstrate that the additional expenditure is consistent with the conditions and limitations in paragraph (a) of this section.

(3) Unless informed otherwise, the bank may implement the proposed plan on the thirty-first day (or sooner, if notified by the OCC) following receipt by the OCC of the bank's notification, subject to any conditions imposed by the OCC.

**§ 34.87 Accounting treatment.**

A national bank shall account for OREO, and sales of OREO, in accordance with the Instructions for the preparation of the Consolidated Reports of Condition and Income.

SOURCE: 66 FR 2084, Jan. 10, 2001, unless otherwise noted.

**§ 35.1 Purpose and scope of this part.**

(a) *General.* This part implements section 711 of the Gramm-Leach-Bliley Act (12 U.S.C. 1831y). That section requires any nongovernmental entity or person, insured depository institution, or affiliate of an insured depository institution that enters into a covered agreement to—

- (1) Make the covered agreement available to the public and the appropriate Federal banking agency; and
- (2) File an annual report with the appropriate Federal banking agency concerning the covered agreement.

(b) *Scope of this part.* The provisions of this part apply to national banks, subsidiaries of national banks, and nongovernmental entities or persons that enter into covered agreements with a national bank or a subsidiary of a national bank.

(c) *Relation to Community Reinvestment Act.* This part does not affect in any way the Community Reinvestment Act of 1977 (12 U.S.C. 2901 *et seq.*), part 25 of this chapter (Community Reinvestment Act and Interstate Deposit Production Regulations) or the OCC's interpretations or administration of that Act or regulation.

(d) *Examples.* (1) The examples in this part are not exclusive. Compliance with an example, to the extent applicable, constitutes compliance with this part.

(2) Examples in a paragraph illustrate only the issue described in the

paragraph and do not illustrate any other issues that may arise in this part.

**§ 35.2 Definition of covered agreement.**

(a) *General definition of covered agreement.* A covered agreement is any contract, arrangement, or understanding that meets all of the following criteria—

- (1) The agreement is in writing.
- (2) The parties to the agreement include—
  - (i) One or more insured depository institutions or affiliates of an insured depository institution; and
  - (ii) One or more nongovernmental entities or persons (referred to hereafter as NGEPs).
- (3) The agreement provides for the insured depository institution or any affiliate to—
  - (i) Provide to one or more individuals or entities (whether or not parties to the agreement) cash payments, grants, or other consideration (except loans) that have an aggregate value of more than \$10,000 in any calendar year; or
  - (ii) Make to one or more individuals or entities (whether or not parties to the agreement) loans that have an aggregate principal amount of more than \$50,000 in any calendar year.
- (4) The agreement is made pursuant to, or in connection with, the fulfillment of the Community Reinvestment Act of 1977 (12 U.S.C. 2901 *et seq.*) (CRA), as defined in § 35.4.
- (5) The agreement is with a NGEF that has had a CRA communication as described in § 35.3 prior to entering into the agreement.

(b) *Examples concerning written arrangements or understandings*—(1) *Example 1.* A NGEF meets with an insured depository institution and states that the institution needs to make more community development investments in the NGEF's community. The NGEF and insured depository institution do not reach an agreement concerning the community development investments the institution should make in the community, and the parties do not reach any mutual arrangement or understanding. Two weeks later, the institution unilaterally issues a press release announcing that it has established a general goal of making \$100

million of community development grants in low- and moderate-income neighborhoods served by the insured depository institution over the next 5 years. The NGEF is not identified in the press release. The press release is not a written arrangement or understanding.

(2) *Example 2.* A NGEF meets with an insured depository institution and states that the institution needs to offer new loan programs in the NGEF's community. The NGEF and the insured depository institution reach a mutual arrangement or understanding that the institution will provide additional loans in the NGEF's community. The institution tells the NGEF that it will issue a press release announcing the program. Later, the insured depository institution issues a press release announcing the loan program. The press release incorporates the key terms of the understanding reached between the NGEF and the insured depository institution. The written press release reflects the mutual arrangement or understanding of the NGEF and the insured depository institution and is, therefore, a written arrangement or understanding.

(3) *Example 3.* An NGEF sends a letter to an insured depository institution requesting that the institution provide a \$15,000 grant to the NGEF. The insured depository institution responds in writing and agrees to provide the grant in connection with its annual grant program. The exchange of letters constitutes a written arrangement or understanding.

(c) *Loan agreements that are not covered agreements.* A covered agreement does not include—

- (1) Any individual loan that is secured by real estate; or
- (2) Any specific contract or commitment for a loan or extension of credit to an individual, business, farm, or other entity, or group of such individuals or entities, if—
  - (i) The funds are loaned at rates that are not substantially below market rates; and
  - (ii) The loan application or other loan documentation does not indicate that the borrower intends or is authorized to use the borrowed funds to make

### § 35.3

### 12 CFR Ch. I (1-1-09 Edition)

a loan or extension of credit to one or more third parties.

(d) *Examples concerning loan agreements*—(1) *Example 1.* An insured depository institution provides an organization with a \$1 million loan that is documented in writing and is secured by real estate owned or to-be-acquired by the organization. The agreement is an individual mortgage loan and is exempt from coverage under paragraph (c)(1) of this section, regardless of the interest rate on the loan or whether the organization intends or is authorized to re-loan the funds to a third party.

(2) *Example 2.* An insured depository institution commits to provide a \$500,000 line of credit to a small business that is documented by a written agreement. The loan is made at rates that are within the range of rates offered by the institution to similarly situated small businesses in the market and the loan documentation does not indicate that the small business intends or is authorized to re-lend the borrowed funds. The agreement is exempt from coverage under paragraph (c)(2) of this section.

(3) *Example 3.* An insured depository institution offers small business loans that are guaranteed by the Small Business Administration (SBA). A small business obtains a \$75,000 loan, documented in writing, from the institution under the institution's SBA loan program. The loan documentation does not indicate that the borrower intends or is authorized to re-lend the funds. Although the rate charged on the loan is well below that charged by the institution on commercial loans, the rate is within the range of rates that the institution would charge a similarly situated small business for a similar loan under the SBA loan program. Accordingly, the loan is not made at substantially below market rates and is exempt from coverage under paragraph (c)(2) of this section.

(4) *Example 4.* A bank holding company enters into a written agreement with a community development organization that provides that insured depository institutions owned by the bank holding company will make \$250 million in small business loans in the community over the next 5 years. The

written agreement is not a specific contract or commitment for a loan or an extension of credit and, thus, is not exempt from coverage under paragraph (c)(2) of this section. Each small business loan made by the insured depository institution pursuant to this general commitment would, however, be exempt from coverage if the loan is made at rates that are not substantially below market rates and the loan documentation does not indicate that the borrower intended or was authorized to re-lend the funds.

(e) *Agreements that include exempt loan agreements.* If an agreement includes a loan, extension of credit or loan commitment that, if documented separately, would be exempt under paragraph (c) of this section, the exempt loan, extension of credit or loan commitment may be excluded for purposes of determining whether the agreement is a covered agreement.

(f) *Determining annual value of agreements that lack schedule of disbursements.* For purposes of paragraph (a)(3) of this section, a multi-year agreement that does not include a schedule for the disbursement of payments, grants, loans or other consideration by the insured depository institution or affiliate, is considered to have a value in the first year of the agreement equal to all payments, grants, loans and other consideration to be provided at any time under the agreement.

### § 35.3 CRA communications.

(a) *Definition of CRA communication.* A CRA communication is any of the following—

(1) Any written or oral comment or testimony provided to a Federal banking agency concerning the adequacy of the performance under the CRA of the insured depository institution, any affiliated insured depository institution, or any CRA affiliate.

(2) Any written comment submitted to the insured depository institution that discusses the adequacy of the performance under the CRA of the institution and must be included in the institution's CRA public file.

(3) Any discussion or other contact with the insured depository institution or any affiliate about—

(i) Providing (or refraining from providing) written or oral comments or testimony to any Federal banking agency concerning the adequacy of the performance under the CRA of the insured depository institution, any affiliated insured depository institution, or any CRA affiliate;

(ii) Providing (or refraining from providing) written comments to the insured depository institution that concern the adequacy of the institution's performance under the CRA and must be included in the institution's CRA public file; or

(iii) The adequacy of the performance under the CRA of the insured depository institution, any affiliated insured depository institution, or any CRA affiliate.

(b) *Discussions or contacts that are not CRA communications*—(1) *Timing of contacts with a Federal banking agency.* An oral or written communication with a Federal banking agency is not a CRA communication if it occurred more than 3 years before the parties entered into the agreement.

(2) *Timing of contacts with insured depository institutions and affiliates.* A communication with an insured depository institution or affiliate is not a CRA communication if the communication occurred—

(i) More than 3 years before the parties entered into the agreement, in the case of any written communication;

(ii) More than 3 years before the parties entered into the agreement, in the case of any oral communication in which the NGEF discusses providing (or refraining from providing) comments or testimony to a Federal banking agency or written comments that must be included in the institution's CRA public file in connection with a request to, or agreement by, the institution or affiliate to take (or refrain from taking) any action that is in fulfillment of the CRA; or

(iii) More than 1 year before the parties entered into the agreement, in the case of any other oral communication not described in paragraph (b)(2)(ii).

(3) *Knowledge of communication by insured depository institution or affiliate.*

(i) A communication is only a CRA communication under paragraph (a) of this section if the insured depository

institution or its affiliate has knowledge of the communication under this paragraph (b)(3)(ii) or (b)(3)(iii) of this section.

(ii) *Communication with insured depository institution or affiliate.* An insured depository institution or affiliate has knowledge of a communication by the NGEF to the institution or its affiliate under this paragraph only if one of the following representatives of the insured depository institution or any affiliate has knowledge of the communication—

(A) An employee who approves, directs, authorizes, or negotiates the agreement with the NGEF; or

(B) An employee designated with responsibility for compliance with the CRA or executive officer if the employee or executive officer knows that the institution or affiliate is negotiating, intends to negotiate, or has been informed by the NGEF that it expects to request that the institution or affiliate negotiate an agreement with the NGEF.

(iii) *Other communications.* An insured depository institution or affiliate is deemed to have knowledge of—

(A) Any testimony provided to a Federal banking agency at a public meeting or hearing;

(B) Any comment submitted to a Federal banking agency that is conveyed in writing by the agency to the insured depository institution or affiliate; and

(C) Any written comment submitted to the insured depository institution that must be and is included in the institution's CRA public file.

(4) *Communication where NGEF has knowledge.* A NGEF has a CRA communication with an insured depository institution or affiliate only if any of the following individuals has knowledge of the communication—

(i) A director, employee, or member of the NGEF who approves, directs, authorizes, or negotiates the agreement with the insured depository institution or affiliate;

(ii) A person who functions as an executive officer of the NGEF and who knows that the NGEF is negotiating or intends to negotiate an agreement with the insured depository institution or affiliate; or

(iii) Where the NGEF is an individual, the NGEF.

(c) *Examples of CRA communications—*  
(1) *Examples of actions that are CRA communications.* The following are examples of CRA communications. These examples are not exclusive and assume that the communication occurs within the relevant time period as described in paragraph (b)(1) or (b)(2) of this section and the appropriate representatives have knowledge of the communication as specified in paragraphs (b)(3) and (b)(4) of this section.

(i) *Example 1.* A NGEF files a written comment with a Federal banking agency that states that an insured depository institution successfully addresses the credit needs of its community. The written comment is in response to a general request from the agency for comments on an application of the insured depository institution to open a new branch and a copy of the comment is provided to the institution.

(ii) *Example 2.* A NGEF meets with an executive officer of an insured depository institution and states that the institution must improve its CRA performance.

(iii) *Example 3.* A NGEF meets with an executive officer of an insured depository institution and states that the institution needs to make more mortgage loans in low- and moderate-income neighborhoods in its community.

(iv) *Example 4.* A bank holding company files an application with a Federal banking agency to acquire an insured depository institution. Two weeks later, the NGEF meets with an executive officer of the bank holding company to discuss the adequacy of the performance under the CRA of the target insured depository institution. The insured depository institution was an affiliate of the bank holding company at the time the NGEF met with the target institution. (See § 35.11(a).) Accordingly, the NGEF had a CRA communication with an affiliate of the bank holding company.

(2) *Examples of actions that are not CRA communications.* The following are examples of actions that are not by themselves CRA communications. These examples are not exclusive.

(i) *Example 1.* A NGEF provides to a Federal banking agency comments or

testimony concerning an insured depository institution or affiliate in response to a direct request by the agency for comments or testimony from that NGEF. Direct requests for comments or testimony do not include a general invitation by a Federal banking agency for comments or testimony from the public in connection with a CRA performance evaluation of, or application for a deposit facility (as defined in section 803 of the CRA (12 U.S.C. 2902(3))) by, an insured depository institution or an application by a company to acquire an insured depository institution.

(ii) *Example 2.* A NGEF makes a statement concerning an insured depository institution or affiliate at a widely attended conference or seminar regarding a general topic. A public or private meeting, public hearing, or other meeting regarding one or more specific institutions, affiliates or transactions involving an application for a deposit facility is not considered a widely attended conference or seminar.

(iii) *Example 3.* A NGEF, such as a civil rights group, community group providing housing and other services in low- and moderate-income neighborhoods, veterans organization, community theater group, or youth organization, sends a fundraising letter to insured depository institutions and to other businesses in its community. The letter encourages all businesses in the community to meet their obligation to assist in making the local community a better place to live and work by supporting the fundraising efforts of the NGEF.

(iv) *Example 4.* A NGEF discusses with an insured depository institution or affiliate whether particular loans, services, investments, community development activities, or other activities are generally eligible for consideration by a Federal banking agency under the CRA. The NGEF and insured depository institution or affiliate do not discuss the adequacy of the CRA performance of the insured depository institution or affiliate.

(v) *Example 5.* A NGEF engaged in the sale or purchase of loans in the secondary market sends a general offering

circular to financial institutions offering to sell or purchase a portfolio of loans. An insured depository institution that receives the offering circular discusses with the NGEF the types of loans included in the loan pool, whether such loans are generally eligible for consideration under the CRA, and which loans are made to borrowers in the institution's local community. The NGEF and insured depository institution do not discuss the adequacy of the institution's CRA performance.

(d) *Multiparty covered agreements*—(1) A NGEF that is a party to a covered agreement that involves multiple NGEFs is not required to comply with the requirements of this part if—

(i) The NGEF has not had a CRA communication; and

(ii) No representative of the NGEF identified in paragraph (b)(4) of this section has knowledge at the time of the agreement that another NGEF that is a party to the agreement has had a CRA communication.

(2) An insured depository institution or affiliate that is a party to a covered agreement that involves multiple insured depository institutions or affiliates is not required to comply with the disclosure and annual reporting requirements in §§ 35.6 and 35.7 if—

(i) No NGEF that is a party to the agreement has had a CRA communication concerning the insured depository institution or any affiliate; and

(ii) No representative of the insured depository institution or any affiliate identified in paragraph (b)(3) of this section has knowledge at the time of the agreement that an NGEF that is a party to the agreement has had a CRA communication concerning any other insured depository institution or affiliate that is a party to the agreement.

#### § 35.4 Fulfillment of the CRA.

(a) *List of factors that are in fulfillment of the CRA.* Fulfillment of the CRA, for purposes of this part, means the following list of factors—

(1) *Comments to a Federal banking agency or included in CRA public file.* Providing or refraining from providing written or oral comments or testimony to any Federal banking agency concerning the performance under the CRA of an insured depository institu-

tion or CRA affiliate that is a party to the agreement or an affiliate of a party to the agreement or written comments that are required to be included in the CRA public file of any such insured depository institution; or

(2) *Activities given favorable CRA consideration.* Performing any of the following activities if the activity is of the type that is likely to receive favorable consideration by a Federal banking agency in evaluating the performance under the CRA of the insured depository institution that is a party to the agreement or an affiliate of a party to the agreement—

(i) Home-purchase, home-improvement, small business, small farm, community development, and consumer lending, as described in § 25.22 (12 CFR 25.22), including loan purchases, loan commitments, and letters of credit;

(ii) Making investments, deposits, or grants, or acquiring membership shares, that have as their primary purpose community development, as described in § 25.23 (12 CFR 25.23);

(iii) Delivering retail banking services, as described in § 25.24(d) (12 CFR 25.24(d));

(iv) Providing community development services, as described in § 25.24(e) (12 CFR 25.24(e));

(v) In the case of a wholesale or limited-purpose insured depository institution, community development lending, including originating and purchasing loans and making loan commitments and letters of credit, making qualified investments, or providing community development services, as described in § 25.25(c) (12 CFR 25.25(c));

(vi) In the case of a small insured depository institution, any lending or other activity described in § 25.26(a) (12 CFR 25.26(a)); or

(vii) In the case of an insured depository institution that is evaluated on the basis of a strategic plan, any element of the strategic plan, as described in § 25.27(f) (12 CFR 25.27(f)).

(b) *Agreements relating to activities of CRA affiliates.* An insured depository institution or affiliate that is a party to a covered agreement that concerns any activity described in paragraph (a) of this section of a CRA affiliate must, prior to the time the agreement is entered into, notify each NGEF that is a

## § 35.5

## 12 CFR Ch. I (1–1–09 Edition)

party to the agreement that the agreement concerns a CRA affiliate.

### § 35.5 Related agreements considered a single agreement.

The following rules must be applied in determining whether an agreement is a covered agreement under § 35.2.

(a) *Agreements entered into by same parties.* All written agreements to which an insured depository institution or an affiliate of the insured depository institution is a party shall be considered to be a single agreement if the agreements—

(1) Are entered into with the same NGEF;

(2) Were entered into within the same 12-month period; and

(3) Are each in fulfillment of the CRA.

(b) *Substantively related contracts.* All written contracts to which an insured depository institution or an affiliate of the insured depository institution is a party shall be considered to be a single agreement, without regard to whether the other parties to the contracts are the same or whether each such contract is in fulfillment of the CRA, if the contracts were negotiated in a coordinated fashion and a NGEF is a party to each contract.

### § 35.6 Disclosure of covered agreements.

(a) *Applicability date.* This section applies only to covered agreements entered into after November 12, 1999.

(b) *Disclosure of covered agreements to the public—(1) Disclosure required.* Each NGEF and each insured depository institution or affiliate that enters into a covered agreement must promptly make a copy of the covered agreement available to any individual or entity upon request.

(2) *Nondisclosure of confidential and proprietary information permitted.* In responding to a request for a covered agreement from any individual or entity under paragraph (b)(1) of this section, a NGEF, insured depository institution, or affiliate may withhold from public disclosure confidential or proprietary information that the party believes the relevant supervisory agency could withhold from disclosure under

the Freedom of Information Act (5 U.S.C. 552 *et seq.*) (FOIA).

(3) *Information that must be disclosed.* Notwithstanding paragraph (b)(2) of this section, a party must disclose any of the following information that is contained in a covered agreement—

(i) The names and addresses of the parties to the agreement;

(ii) The amount of any payments, fees, loans, or other consideration to be made or provided by any party to the agreement;

(iii) Any description of how the funds or other resources provided under the agreement are to be used;

(iv) The term of the agreement (if the agreement establishes a term); and

(v) Any other information that the relevant supervisory agency determines is not properly exempt from public disclosure.

(4) *Request for review of withheld information.* Any individual or entity may request that the relevant supervisory agency review whether any information in a covered agreement withheld by a party must be disclosed. Any requests for agency review of withheld information must be filed, and will be processed in accordance with, the relevant supervisory agency's rules concerning the availability of information (*see* subpart B of part 4 of the OCC's rules regarding the availability of information under the Freedom of Information Act (12 CFR part 4, subpart B)).

(5) *Duration of obligation.* The obligation to disclose a covered agreement to the public terminates 12 months after the end of the term of the agreement.

(6) *Reasonable copy and mailing fees.* Each NGEF and each insured depository institution or affiliate may charge an individual or entity that requests a copy of a covered agreement a reasonable fee not to exceed the cost of copying and mailing the agreement.

(7) *Use of CRA public file by insured depository institution or affiliate.* An insured depository institution and any affiliate of an insured depository institution may fulfill its obligation under this paragraph (b) by placing a copy of the covered agreement in the insured depository institution's CRA public file if the institution makes the agreement available in accordance with the procedures set forth in § 25.43 (12 CFR 25.43);

(c) *Disclosure by NGEPs of covered agreements to the relevant supervisory agency.* (1) Each NGEF that is a party to a covered agreement must provide the following within 30 days of receiving a request from the relevant supervisory agency—

(i) A complete copy of the agreement; and

(ii) In the event the NGEF proposes the withholding of any information contained in the agreement in accordance with paragraph (b)(2) of this section, a public version of the agreement that excludes such information and an explanation justifying the exclusions. Any public version must include the information described in paragraph (b)(3) of this section.

(2) The obligation of a NGEF to provide a covered agreement to the relevant supervisory agency terminates 12 months after the end of the term of the covered agreement.

(d) *Disclosure by insured depository institution or affiliate of covered agreements to the relevant supervisory agency—*(1) *In general.* Within 60 days of the end of each calendar quarter, each insured depository institution and affiliate must provide each relevant supervisory agency with—

(i)(A) A complete copy of each covered agreement entered into by the insured depository institution or affiliate during the calendar quarter; and

(B) In the event the institution or affiliate proposes the withholding of any information contained in the agreement in accordance with paragraph (b)(2) of this section, a public version of the agreement that excludes such information (other than any information described in paragraph (b)(3) of this section) and an explanation justifying the exclusions; or

(ii) A list of all covered agreements entered into by the insured depository institution or affiliate during the calendar quarter that contains—

(A) The name and address of each insured depository institution or affiliate that is a party to the agreement;

(B) The name and address of each NGEF that is a party to the agreement;

(C) The date the agreement was entered into;

(D) The estimated total value of all payments, fees, loans and other consid-

eration to be provided by the institution or any affiliate of the institution under the agreement; and

(E) The date the agreement terminates.

(2) *Prompt filing of covered agreements contained in list required.*—(i) If an insured depository institution or affiliate files a list of the covered agreements entered into by the institution or affiliate pursuant to paragraph (d)(1)(ii) of this section, the institution or affiliate must provide any relevant supervisory agency a complete copy and public version of any covered agreement referenced in the list within 7 calendar days of receiving a request from the agency for a copy of the agreement.

(ii) The obligation of an insured depository institution or affiliate to provide a covered agreement to the relevant supervisory agency under this paragraph (d)(2) terminates 36 months after the end of the term of the agreement.

(3) *Joint filings.* In the event that 2 or more insured depository institutions or affiliates are parties to a covered agreement, the insured depository institution(s) and affiliate(s) may jointly file the documents required by this paragraph (d). Any joint filing must identify the insured depository institution(s) and affiliate(s) for whom the filings are being made.

### § 35.7 Annual reports.

(a) *Applicability date.* This section applies only to covered agreements entered into on or after May 12, 2000.

(b) *Annual report required.* Each NGEF and each insured depository institution or affiliate that is a party to a covered agreement must file an annual report with each relevant supervisory agency concerning the disbursement, receipt, and uses of funds or other resources under the covered agreement.

(c) *Duration of reporting requirement—*(1) *NGEPs.* A NGEF must file an annual report for a covered agreement for any fiscal year in which the NGEF receives or uses funds or other resources under the agreement.

(2) *Insured depository institutions and affiliates.* An insured depository institution or affiliate must file an annual report for a covered agreement for any

§ 35.7

12 CFR Ch. I (1–1–09 Edition)

fiscal year in which the institution or affiliate—

(i) provides or receives any payments, fees, or loans under the covered agreement that must be reported under paragraphs (e)(1)(iii) and (iv) of this section; or

(ii) has data to report on loans, investments, and services provided by a party to the covered agreement under the covered agreement under paragraph (e)(1)(vi) of this section.

(d) *Annual reports filed by NGEF*—(1) *Contents of report.* The annual report filed by a NGEF under this section must include the following—

(i) The name and mailing address of the NGEF filing the report;

(ii) Information sufficient to identify the covered agreement for which the annual report is being filed, such as by providing the names of the parties to the agreement and the date the agreement was entered into or by providing a copy of the agreement;

(iii) The amount of funds or resources received under the covered agreement during the fiscal year; and

(iv) A detailed, itemized list of how any funds or resources received by the NGEF under the covered agreement were used during the fiscal year, including the total amount used for—

(A) Compensation of officers, directors, and employees;

(B) Administrative expenses;

(C) Travel expenses;

(D) Entertainment expenses;

(E) Payment of consulting and professional fees; and

(F) Other expenses and uses (specify expense or use).

(2) *More detailed reporting of uses of funds or resources permitted*—(i) *In general.* If a NGEF allocated and used funds received under a covered agreement for a specific purpose, the NGEF may fulfill the requirements of paragraph (d)(1)(iv) of this section with respect to such funds by providing—

(A) A brief description of each specific purpose for which the funds or other resources were used; and

(B) The amount of funds or resources used during the fiscal year for each specific purpose.

(ii) *Specific purpose defined.* A NGEF allocates and uses funds for a specific purpose if the NGEF receives and uses

the funds for a purpose that is more specific and limited than the categories listed in paragraph (d)(1)(iv) of this section.

(3) *Use of other reports.* The annual report filed by a NGEF may consist of or incorporate a report prepared for any other purpose, such as the Internal Revenue Service Return of Organization Exempt From Income Tax on Form 990, or any other Internal Revenue Service form, state tax form, report to members or shareholders, audited or unaudited financial statements, audit report, or other report, so long as the annual report filed by the NGEF contains all of the information required by this paragraph (d).

(4) *Consolidated reports permitted.* A NGEF that is a party to 2 or more covered agreements may file with each relevant supervisory agency a single consolidated annual report covering all the covered agreements. Any consolidated report must contain all the information required by this paragraph (d). The information reported under paragraphs (d)(1)(iv) and (d)(2) of this section may be reported on an aggregate basis for all covered agreements.

(5) *Examples of annual report requirements for NGEFs*—(i) *Example 1.* A NGEF receives an unrestricted grant of \$15,000 under a covered agreement, includes the funds in its general operating budget and uses the funds during its fiscal year. The NGEF's annual report for the fiscal year must provide the name and mailing address of the NGEF, information sufficient to identify the covered agreement, and state that the NGEF received \$15,000 during the fiscal year. The report must also indicate the total expenditures made by the NGEF during the fiscal year for compensation, administrative expenses, travel expenses, entertainment expenses, consulting and professional fees, and other expenses and uses. The NGEF's annual report may provide this information by submitting an Internal Revenue Service Form 990 that includes the required information. If the Internal Revenue Service Form does not include information for all of the required categories listed in this part, the NGEF must report the total expenditures in the remaining categories either by providing that information directly or by

providing another form or report that includes the required information.

(ii) *Example 2.* An organization receives \$15,000 from an insured depository institution under a covered agreement and allocates and uses the \$15,000 during the fiscal year to purchase computer equipment to support its functions. The organization's annual report must include the name and address of the organization, information sufficient to identify the agreement, and a statement that the organization received \$15,000 during the year. In addition, since the organization allocated and used the funds for a specific purpose that is more narrow and limited than the categories of expenses included in the detailed, itemized list of expenses, the organization would have the option of providing either the total amount it used during the year for each category of expenses included in paragraph (d)(1)(iv) of this section, or a statement that it used the \$15,000 to purchase computer equipment and a brief description of the equipment purchased.

(iii) *Example 3.* A community group receives \$50,000 from an insured depository institution under a covered agreement. During its fiscal year, the community group specifically allocates and uses \$5,000 of the funds to pay for a particular business trip and uses the remaining \$45,000 for general operating expenses. The group's annual report for the fiscal year must include the name and address of the group, information sufficient to identify the agreement, and a statement that the group received \$50,000. Because the group did not allocate and use all of the funds for a specific purpose, the group's annual report must provide the total amount of funds it used during the year for each category of expenses included in paragraph (d)(1)(iv) of this section. The group's annual report also could state that it used \$5,000 for a particular business trip and include a brief description of the trip.

(iv) *Example 4.* A community development organization is a party to two separate covered agreements with two unaffiliated insured depository institutions. Under each agreement, the organization receives \$15,000 during its fiscal year and uses the funds to support

its activities during that year. If the organization elects to file a consolidated annual report, the consolidated report must identify the organization and the two covered agreements, state that the organization received \$15,000 during the fiscal year under each agreement, and provide the total amount that the organization used during the year for each category of expenses included in paragraph (d)(1)(iv) of this section.

(e) *Annual report filed by insured depository institution or affiliate—(1) General.* The annual report filed by an insured depository institution or affiliate must include the following—

(i) The name and principal place of business of the insured depository institution or affiliate filing the report;

(ii) Information sufficient to identify the covered agreement for which the annual report is being filed, such as by providing the names of the parties to the agreement and the date the agreement was entered into or by providing a copy of the agreement;

(iii) The aggregate amount of payments, aggregate amount of fees, and aggregate amount of loans provided by the insured depository institution or affiliate under the covered agreement to any other party to the agreement during the fiscal year;

(iv) The aggregate amount of payments, aggregate amount of fees, and aggregate amount of loans received by the insured depository institution or affiliate under the covered agreement from any other party to the agreement during the fiscal year;

(v) A general description of the terms and conditions of any payments, fees, or loans reported under paragraphs (e)(1)(iii) and (iv) of this section, or, in the event such terms and conditions are set forth—

(A) In the covered agreement, a statement identifying the covered agreement and the date the agreement (or a list identifying the agreement) was filed with the relevant supervisory agency; or

(B) In a previous annual report filed by the insured depository institution or affiliate, a statement identifying the date the report was filed with the relevant supervisory agency; and

## § 35.8

## 12 CFR Ch. I (1–1–09 Edition)

(vi) The aggregate amount and number of loans, aggregate amount and number of investments, and aggregate amount of services provided under the covered agreement to any individual or entity not a party to the agreement—

(A) By the insured depository institution or affiliate during its fiscal year; and

(B) By any other party to the agreement, unless such information is not known to the insured depository institution or affiliate filing the report or such information is or will be contained in the annual report filed by another party under this section.

(2) *Consolidated reports permitted*—(i) *Party to multiple agreements.* An insured depository institution or affiliate that is a party to 2 or more covered agreements may file a single consolidated annual report with each relevant supervisory agency concerning all the covered agreements.

(ii) *Affiliated entities party to the same agreement.* An insured depository institution and its affiliates that are parties to the same covered agreement may file a single consolidated annual report relating to the agreement with each relevant supervisory agency for the covered agreement.

(iii) *Content of report.* Any consolidated annual report must contain all the information required by this paragraph (e). The amounts and data required to be reported under paragraphs (e)(1)(iv) and (vi) of this section may be reported on an aggregate basis for all covered agreements.

(f) *Time and place of filing*—(1) *General.* Each party must file its annual report with each relevant supervisory agency for the covered agreement no later than six months following the end of the fiscal year covered by the report.

(2) *Alternative method of fulfilling annual reporting requirement for a NGEF.* (i) A NGEF may fulfill the filing requirements of this section by providing the following materials to an insured depository institution or affiliate that is a party to the agreement no later than six months following the end of the NGEF's fiscal year—

(A) A copy of the NGEF's annual report required under paragraph (d) of this section for the fiscal year; and

(B) Written instructions that the insured depository institution or affiliate promptly forward the annual report to the relevant supervisory agency or agencies on behalf of the NGEF.

(ii) An insured depository institution or affiliate that receives an annual report from a NGEF pursuant to paragraph (f)(2)(i) of this section must file the report with the relevant supervisory agency or agencies on behalf of the NGEF within 30 days.

### § 35.8 Release of information under FOIA.

The OCC will make covered agreements and annual reports available to the public in accordance with the Freedom of Information Act (5 U.S.C. 552 *et seq.*) and the OCC's rules regarding the availability of information under the Freedom of Information Act (12 CFR part 4, subpart B). A party to a covered agreement may request confidential treatment of proprietary and confidential information in a covered agreement or an annual report under those procedures.

### § 35.9 Compliance provisions.

(a) *Willful failure to comply with disclosure and reporting obligations.* (1) If the OCC determines that a NGEF has willfully failed to comply in a material way with §§ 35.6 or 35.7, the OCC will notify the NGEF in writing of that determination and provide the NGEF a period of 90 days (or such longer period as the OCC finds to be reasonable under the circumstances) to comply.

(2) If the NGEF does not comply within the time period established by the OCC, the agreement shall thereafter be unenforceable by that NGEF by operation of section 48 of the Federal Deposit Insurance Act (12 U.S.C. 1831y).

(3) The OCC may assist any insured depository institution or affiliate that is a party to a covered agreement that is unenforceable by a NGEF by operation of section 48 of the Federal Deposit Insurance Act (12 U.S.C. 1831y) in identifying a successor to assume the NGEF's responsibilities under the agreement.

(b) *Diversion of funds.* If a court or other body of competent jurisdiction

determines that funds or resources received under a covered agreement have been diverted contrary to the purposes of the covered agreement for an individual's personal financial gain, the OCC may take either or both of the following actions—

(1) Order the individual to disgorge the diverted funds or resources received under the agreement;

(2) Prohibit the individual from being a party to any covered agreement for a period not to exceed 10 years.

(c) *Notice and opportunity to respond.* Before making a determination under paragraph (a)(1) of this section, or taking any action under paragraph (b) of this section, the OCC will provide written notice and an opportunity to present information to the OCC concerning any relevant facts or circumstances relating to the matter.

(d) *Inadvertent or de minimis errors.* Inadvertent or de minimis errors in annual reports or other documents filed with the OCC under §§ 35.6 or 35.7 will not subject the reporting party to any penalty.

(e) *Enforcement of provisions in covered agreements.* No provision of this part shall be construed as authorizing the OCC to enforce the provisions of any covered agreement.

#### § 35.10 Transition provisions.

(a) *Disclosure of covered agreements entered into before the effective date of this part.* The following disclosure requirements apply to covered agreements that were entered into after November 12, 1999, and that terminated before April 1, 2001.

(ii) Each insured depository institution or affiliate that was a party to the agreement must, by June 30, 2001, provide each relevant supervisory agency either—

(B) The information described in § 35.6(d)(1)(ii) for each agreement.

(b) *Filing of annual reports that relate to fiscal years ending on or before December 31, 2000.* In the event that a NGEP, insured depository institution or affiliate has any information to report under § 35.7 for a fiscal year that ends on or before December 31, 2000, and that concerns a covered agreement entered into between May 12, 2000, and December 31, 2000, the annual report for that fiscal year must be provided no later than June 30, 2001, to—

(1) Each relevant supervisory agency; or

AUTHORITY: 12 U.S.C. 1 *et seq.*, 24(Seventh), 93a, 1818.

### § 37.1 Authority, purpose, and scope.

(a) *Authority.* A national bank is authorized to enter into debt cancellation contracts and debt suspension agreements and charge a fee therefor, in connection with extensions of credit that it makes, pursuant to 12 U.S.C. 24(Seventh).

(b) *Purpose.* This part sets forth the standards that apply to debt cancellation contracts and debt suspension agreements entered into by national banks. The purpose of these standards is to ensure that national banks offer and implement such contracts and agreements consistent with safe and sound banking practices, and subject to appropriate consumer protections.

(c) *Scope.* This part applies to debt cancellation contracts and debt suspension agreements entered into by national banks in connection with extensions of credit they make. National banks' debt cancellation contracts and debt suspension agreements are governed by this part and applicable Federal law and regulations, and not by part 14 of this chapter or by State law.

### § 37.2 Definitions.

*For purposes of this part:*

(a) *Actuarial method* means the method of allocating payments made on a debt between the amount financed and the finance charge pursuant to which a payment is applied first to the accumulated finance charge and any remainder is subtracted from, or any deficiency is added to, the unpaid balance of the amount financed.

(b) *Bank* means a national bank and a Federal branch or Federal agency of a foreign bank as those terms are defined in part 28 of this chapter.

(c) *Closed-end credit* means consumer credit other than open-end credit as defined in this section.

(d) *Contract* means a debt] cancellation contract or a debt suspension agreement.

(e) *Customer* means an individual who obtains an extension of credit from a bank primarily for personal, family or household purposes.

(f) *Debt cancellation contract* means a loan term or contractual arrangement modifying loan terms under which a bank agrees to cancel all or part of a customer's obligation to repay an extension of credit from that bank upon the occurrence of a specified event. The agreement may be separate from or a part of other loan documents.

(g) *Debt suspension agreement* means a loan term or contractual arrangement modifying loan terms under which a bank agrees to suspend all or part of a customer's obligation to repay an extension of credit from that bank upon the occurrence of a specified event. The agreement may be separate from or a part of other loan documents. The term *debt suspension agreement* does not include loan payment deferral arrangements in which the triggering event is the borrower's unilateral election to defer repayment, or the bank's unilateral decision to allow a deferral of repayment.

(h) *Open-end credit* means consumer credit extended by a bank under a plan in which:

(1) The bank reasonably contemplates repeated transactions;

(2) The bank may impose a finance charge from time to time on an outstanding unpaid balance; and

(3) The amount of credit that may be extended to the customer during the term of the plan (up to any limit set by the bank) is generally made available to the extent that any outstanding balance is repaid.

(i) *Residential mortgage loan* means a loan secured by 1-4 family, residential real property.

### § 37.3 Prohibited practices.

(a) *Anti-tying.* A national bank may not extend credit nor alter the terms or conditions of an extension of credit conditioned upon the customer entering into a debt cancellation contract or debt suspension agreement with the bank.

(b) *Misrepresentations generally.* A national bank may not engage in any practice or use any advertisement that

## § 37.4

could mislead or otherwise cause a reasonable person to reach an erroneous belief with respect to information that must be disclosed under this part.

(c) *Prohibited contract terms.* A national bank may not offer debt cancellation contracts or debt suspension agreements that contain terms:

(1) Giving the bank the right unilaterally to modify the contract unless:

(i) The modification is favorable to the customer and is made without additional charge to the customer; or

(ii) The customer is notified of any proposed change and is provided a reasonable opportunity to cancel the contract without penalty before the change goes into effect; or

(2) Requiring a lump sum, single payment for the contract payable at the outset of the contract, where the debt subject to the contract is a residential mortgage loan.

### § 37.4 Refunds of fees in the event of termination or prepayment of the covered loan.

(a) *Refunds.* If a debt cancellation contract or debt suspension agreement is terminated (including, for example, when the customer prepays the covered loan), the bank shall refund to the customer any unearned fees paid for the contract unless the contract provides otherwise. A bank may offer a customer a contract that does not provide for a refund only if the bank also offers that customer a *bona fide* option to purchase a comparable contract that provides for a refund.

(b) *Method of calculating refund.* The bank shall calculate the amount of a refund using a method at least as favorable to the customer as the actuarial method.

### § 37.5 Method of payment of fees.

Except as provided in § 37.3(c)(2), a bank may offer a customer the option of paying the fee for a contract in a single payment, provided the bank also offers the customer a *bona fide* option of paying the fee for that contract in monthly or other periodic payments. If the bank offers the customer the option to finance the single payment by adding it to the amount the customer is borrowing, the bank must also disclose to the customer, in accordance

## 12 CFR Ch. I (1–1–09 Edition)

with § 37.6, whether and, if so, the time period during which, the customer may cancel the agreement and receive a refund.

### § 37.6 Disclosures.

(b) *Content of long form of disclosures.* The long form of disclosures required by this part must include the information described in appendix B to this part that is appropriate to the product offered. Long form disclosures made in a form that is substantially similar to the disclosures in appendix B to this part will satisfy the long form disclosure requirements of this section.

(c) *Disclosure requirements; timing and method of disclosures—*(1) *Short form disclosures.* The bank shall make the short form disclosures orally at the time the bank first solicits the purchase of a contract.

(2) *Long form disclosures.* The bank shall make the long form disclosures in writing before the customer completes the purchase of the contract. If the initial solicitation occurs in person, then the bank shall provide the long form disclosures in writing at that time.

(3) *Special rule for transactions by telephone.* If the contract is solicited by telephone, the bank shall provide the short form disclosures orally and shall mail the long form disclosures, and, if appropriate, a copy of the contract to the customer within 3 business days, beginning on the first business day after the telephone solicitation.

(4) *Special rule for solicitations using written mail inserts or “take one” applications.* If the contract is solicited through written materials such as mail inserts or “take one” applications, the bank may provide only the short form disclosures in the written materials if the bank mails the long form disclosures to the customer within 3 business days, beginning on the first business day after the customer contacts the

bank to respond to the solicitation, subject to the requirements of § 37.7(c).

(5) *Special rule for electronic transactions.* The disclosures described in this section may be provided through electronic media in a manner consistent with the requirements of the Electronic Signatures in Global and National Commerce Act, 15 U.S.C. 7001 *et seq.*

(d) *Form of disclosures*—(1) *Disclosures must be readily understandable.* The disclosures required by this section must be conspicuous, simple, direct, readily understandable, and designed to call attention to the nature and significance of the information provided.

(2) *Disclosures must be meaningful.* The disclosures required by this section must be in a meaningful form. Examples of methods that could call attention to the nature and significance of the information provided include:

(v) Distinctive type style, and graphic devices, such as shading or sidebars, when the disclosures are combined with other information.

(e) *Advertisements and other promotional material for debt cancellation contracts and debt suspension agreements.* The short form disclosures are required in advertisements and promotional material for contracts unless the advertisements and promotional materials are of a general nature describing or listing the services or products offered by the bank.

**§ 37.7 Affirmative election to purchase and acknowledgment of receipt of disclosures required.**

(a) *Affirmative election and acknowledgment of receipt of disclosures.* Before entering into a contract the bank must obtain a customer's written affirmative election to purchase a contract and written acknowledgment of receipt of the disclosures required by § 37.6(d). The election and acknowledgment information must be conspicuous, simple, direct, readily understandable, and de-

signed to call attention to their significance. The election and acknowledgment satisfy these standards if they conform with the requirements in § 37.6(b) of this part.

(b) *Special rule for telephone solicitations.* If the sale of a contract occurs by telephone, the customer's affirmative election to purchase may be made orally, provided the bank:

(1) Maintains sufficient documentation to show that the customer received the short form disclosures and then affirmatively elected to purchase the contract;

(2) Mails the affirmative written election and written acknowledgment, together with the long form disclosures required by § 37.6 of this part, to the customer within 3 business days after the telephone solicitation, and maintains sufficient documentation to show it made reasonable efforts to obtain the documents from the customer; and

(3) Permits the customer to cancel the purchase of the contract without penalty within 30 days after the bank has mailed the long form disclosures to the customer.

(c) *Special rule for solicitations using written mail inserts or "take one" applications.* If the contract is solicited through written materials such as mail inserts or "take one" applications and the bank provides only the short form disclosures in the written materials, then the bank shall mail the acknowledgment of receipt of disclosures, together with the long form disclosures required by § 37.6 of this part, to the customer within 3 business days, beginning on the first business day after the customer contacts the bank or otherwise responds to the solicitation. The bank may not obligate the customer to pay for the contract until after the bank has received the customer's written acknowledgment of receipt of disclosures unless the bank:

(1) Maintains sufficient documentation to show that the bank provided the acknowledgment of receipt of disclosures to the customer as required by this section;

(2) Maintains sufficient documentation to show that the bank made reasonable efforts to obtain from the customer a written acknowledgment of receipt of the long form disclosures; and

## § 37.8

AUTHORITY: 12 U.S.C. 93a; 15 U.S.C. 6801 *et seq.*

SOURCE: 65 FR 35196, June 1, 2000, unless otherwise noted.

## § 40.1

## 12 CFR Ch. I (1–1–09 Edition)

### § 40.1 Purpose and scope.

(a) *Purpose.* This part governs the treatment of nonpublic personal information about consumers by the financial institutions listed in paragraph (b) of this section. This part:

(1) Requires a financial institution to provide notice to customers about its privacy policies and practices;

(2) Describes the conditions under which a financial institution may disclose nonpublic personal information about consumers to nonaffiliated third parties; and

(3) Provides a method for consumers to prevent a financial institution from disclosing that information to most nonaffiliated third parties by “opting out” of that disclosure, subject to the exceptions in §§ 40.13, 40.14, and 40.15.

(b) *Scope.* (1) This part applies only to nonpublic personal information about individuals who obtain financial products or services primarily for personal, family, or household purposes from the institutions listed below. This part does not apply to information about companies or about individuals who obtain financial products or services for business, commercial, or agricultural purposes. This part applies to United States offices of entities for which the Office of the Comptroller of the Currency has primary supervisory authority. They are referred to in this part as “the bank.” These are national banks, Federal branches and Federal agencies of foreign banks, and any subsidiaries of such entities except a broker or dealer that is registered under the Securities Exchange Act of 1934, a registered investment adviser (with respect to the investment advisory activities of the adviser and activities incidental to those investment advisory activities), an investment company registered under the Investment Company Act of 1940, an insurance company that is subject to supervision by a State insurance regulator (with respect to insurance activities of the company and activities incidental to those insurance activities), and an entity that is subject to regulation by the Commodity Futures Trading Commission.

(2) Nothing in this part modifies, limits, or supersedes the standards governing individually identifiable health information promulgated by the Sec-

retary of Health and Human Services under the authority of sections 262 and 264 of the Health Insurance Portability and Accountability Act of 1996 (42 U.S.C. 1320d–1320d–8).

[65 FR 35196, June 1, 2000, as amended at 73 FR 22252, Apr. 24, 2008]

### § 40.2 Rule of construction.

The examples in this part and the sample clauses in appendix A of this part are not exclusive. Compliance with an example or use of a sample clause, to the extent applicable, constitutes compliance with this part.

### § 40.3 Definitions.

As used in this part, unless the context requires otherwise:

(a) *Affiliate* means any company that controls, is controlled by, or is under common control with another company.

(b)(1) *Clear and conspicuous* means that a notice is reasonably understandable and designed to call attention to the nature and significance of the information in the notice.

(2) *Examples.* (i) *Reasonably understandable.* A bank makes its notice reasonably understandable if it:

(A) Presents the information in the notice in clear, concise sentences, paragraphs, and sections;

(B) Uses short explanatory sentences or bullet lists whenever possible;

(C) Uses definite, concrete, everyday words and active voice whenever possible;

(D) Avoids multiple negatives;

(E) Avoids legal and highly technical business terminology whenever possible; and

(F) Avoids explanations that are imprecise and readily subject to different interpretations.

(ii) *Designed to call attention.* A bank designs its notice to call attention to the nature and significance of the information in it if the bank:

(A) Uses a plain-language heading to call attention to the notice;

(B) Uses a typeface and type size that are easy to read;

(C) Provides wide margins and ample line spacing;

(D) Uses boldface or italics for key words; and

(E) In a form that combines the bank's notice with other information, uses distinctive type size, style, and graphic devices, such as shading or sidebars, when you combine your notice with other information.

(iii) *Notices on web sites.* If a bank provides a notice on a web page, the bank designs its notice to call attention to the nature and significance of the information in it if the bank uses text or visual cues to encourage scrolling down the page if necessary to view the entire notice and ensure that other elements on the web site (such as text, graphics, hyperlinks, or sound) do not distract attention from the notice, and the bank either:

(A) Places the notice on a screen that consumers frequently access, such as a page on which transactions are conducted; or

(B) Places a link on a screen that consumers frequently access, such as a page on which transactions are conducted, that connects directly to the notice and is labeled appropriately to convey the importance, nature, and relevance of the notice.

(c) *Collect* means to obtain information that the bank organizes or can retrieve by the name of an individual or by identifying number, symbol, or other identifying particular assigned to the individual, irrespective of the source of the underlying information.

(d) *Company* means any corporation, limited liability company, business trust, general or limited partnership, association, or similar organization.

(e)(1) *Consumer* means an individual who obtains or has obtained a financial product or service from a bank that is to be used primarily for personal, family, or household purposes, or that individual's legal representative.

(2) *Examples.* (i) An individual who applies to a bank for credit for personal, family, or household purposes is a consumer of a financial service, regardless of whether the credit is extended.

(ii) An individual who provides non-public personal information to a bank in order to obtain a determination about whether he or she may qualify for a loan to be used primarily for personal, family, or household purposes is a consumer of a financial service, re-

gardless of whether the loan is extended.

(iii) An individual who provides non-public personal information to a bank in connection with obtaining or seeking to obtain financial, investment, or economic advisory services is a consumer regardless of whether the bank establishes a continuing advisory relationship.

(iv) If a bank holds ownership or servicing rights to an individual's loan that is used primarily for personal, family, or household purposes, the individual is the bank's consumer, even if the bank holds those rights in conjunction with one or more other institutions. (The individual is also a consumer with respect to the other financial institutions involved.) An individual who has a loan in which a bank has ownership or servicing rights is the bank's consumer, even if the bank, or another institution with those rights, hires an agent to collect on the loan.

(v) An individual who is a consumer of another financial institution is not a bank's consumer solely because the bank acts as agent for, or provides processing or other services to, that financial institution.

(vi) An individual is not a bank's consumer solely because he or she has designated the bank as trustee for a trust.

(vii) An individual is not a bank's consumer solely because he or she is a beneficiary of a trust for which the bank is a trustee.

(viii) An individual is not a bank's consumer solely because he or she is a participant or a beneficiary of an employee benefit plan that the bank sponsors or for which the bank acts as a trustee or fiduciary.

(B) The bank sells the consumer's loan and does not retain the rights to service that loan; or

### Subpart A—Privacy and Opt Out Notices

#### § 40.4 Initial privacy notice to consumers required.

(a) *Initial notice requirement.* A bank must provide a clear and conspicuous notice that accurately reflects its privacy policies and practices to:

(1) *Customer.* An individual who becomes the bank's customer, not later than when the bank establishes a customer relationship, except as provided in paragraph (e) of this section; and

(2) *Consumer.* A consumer, before the bank discloses any nonpublic personal information about the consumer to any nonaffiliated third party, if the bank makes such a disclosure other than as authorized by §§ 40.14 and 40.15.

(b) *When initial notice to a consumer is not required.* A bank is not required to provide an initial notice to a consumer under paragraph (a) of this section if:

(1) The bank does not disclose any nonpublic personal information about the consumer to any nonaffiliated third party, other than as authorized by §§ 40.14 and 40.15; and

(2) The bank does not have a customer relationship with the consumer.

(c) *When the bank establishes a customer relationship—*(1) *General rule.* A bank establishes a customer relationship when it and the consumer enter into a continuing relationship.

(2) *Special rule for loans.* A bank establishes a customer relationship with a consumer when the bank originates a loan to the consumer for personal, family, or household purposes. If the bank subsequently transfers the servicing rights to that loan to another financial institution, the customer relationship transfers with the servicing rights.

(3)(i) *Examples of establishing customer relationship.* A bank establishes a customer relationship when the consumer:

(A) Opens a credit card account with the bank;

(B) Executes the contract to open a deposit account with the bank, obtains credit from the bank, or purchases insurance from the bank;

(C) Agrees to obtain financial, economic, or investment advisory services from the bank for a fee; or

(D) Becomes the bank's client for the purpose of the bank's providing credit counseling or tax preparation services.

(ii) *Examples of loan rule.* A bank establishes a customer relationship with a consumer who obtains a loan for personal, family, or household purposes when the bank:

(A) Originates the loan to the consumer; or

(B) Purchases the servicing rights to the consumer's loan.

(d) *Existing customers.* When an existing customer obtains a new financial product or service from a bank that is to be used primarily for personal, family, or household purposes, the bank satisfies the initial notice requirements of paragraph (a) of this section as follows:

(1) The bank may provide a revised privacy notice, under § 40.8, that covers the customer's new financial product or service; or

(2) If the initial, revised, or annual notice that the bank most recently provided to that customer was accurate with respect to the new financial product or service, the bank does not need to provide a new privacy notice under paragraph (a) of this section.

(e) *Exceptions to allow subsequent delivery of notice.* (1) A bank may provide the initial notice required by paragraph (a)(1) of this section within a reasonable time after the bank establishes a customer relationship if:

(i) Establishing the customer relationship is not at the customer's election; or

(ii) Providing notice not later than when the bank establishes a customer relationship would substantially delay the customer's transaction and the customer agrees to receive the notice at a later time.

(2) *Examples of exceptions.* (i) *Not at customer's election.* Establishing a customer relationship is not at the customer's election if a bank acquires a customer's deposit liability or the servicing rights to a customer's loan from another financial institution and the customer does not have a choice about the bank's acquisition.

(ii) *Substantial delay of customer's transaction.* Providing notice not later than when a bank establishes a cus-

tomers relationship would substantially delay the customer's transaction when:

(A) The bank and the individual agree over the telephone to enter into a customer relationship involving prompt delivery of the financial product or service; or

(B) The bank establishes a customer relationship with an individual under a program authorized by Title IV of the Higher Education Act of 1965 (20 U.S.C. 1070 *et seq.*) or similar student loan programs where loan proceeds are disbursed promptly without prior communication between the bank and the customer.

(iii) *No substantial delay of customer's transaction.* Providing notice not later than when a bank establishes a customer relationship would not substantially delay the customer's transaction when the relationship is initiated in person at the bank's office or through other means by which the customer may view the notice, such as on a web site.

(f) *Delivery.* When a bank is required to deliver an initial privacy notice by this section, the bank must deliver it according to § 40.9. If the bank uses a short-form initial notice for non-customers according to § 40.6(d), the bank may deliver its privacy notice according to § 40.6(d)(3).

#### § 40.5 Annual privacy notice to customers required.

(a)(1) *General rule.* A bank must provide a clear and conspicuous notice to customers that accurately reflects its privacy policies and practices not less than annually during the continuation of the customer relationship. *Annually* means at least once in any period of 12 consecutive months during which that relationship exists. A bank may define the 12-consecutive-month period, but the bank must apply it to the customer on a consistent basis.

(2) *Example.* A bank provides a notice annually if it defines the 12-consecutive-month period as a calendar year and provides the annual notice to the customer once in each calendar year following the calendar year in which the bank provided the initial notice. For example, if a customer opens an account on any day of year 1, the bank

## § 40.6

## 12 CFR Ch. I (1–1–09 Edition)

must provide an annual notice to that customer by December 31 of year 2.

(b)(1) *Termination of customer relationship.* A bank is not required to provide an annual notice to a former customer.

(2) *Examples.* A bank's customer becomes a former customer when:

(i) In the case of a deposit account, the account is inactive under the bank's policies;

(ii) In the case of a closed-end loan, the customer pays the loan in full, the bank charges off the loan, or the bank sells the loan without retaining servicing rights;

(iii) In the case of a credit card relationship or other open-end credit relationship, the bank no longer provides any statements or notices to the customer concerning that relationship or the bank sells the credit card receivables without retaining servicing rights; or

(iv) The bank has not communicated with the customer about the relationship for a period of 12 consecutive months, other than to provide annual privacy notices or promotional material.

(c) *Special rule for loans.* If a bank does not have a customer relationship with a consumer under the special rule for loans in § 40.4(c)(2), then the bank need not provide an annual notice to that consumer under this section.

(d) *Delivery.* When a bank is required to deliver an annual privacy notice by this section, the bank must deliver it according to § 40.9.

### § 40.6 Information to be included in privacy notices.

(a) *General rule.* The initial, annual, and revised privacy notices that a bank provides under §§ 40.4, 40.5, and 40.8 must include each of the following items of information, in addition to any other information the bank wishes to provide, that applies to the bank and to the consumers to whom the bank sends its privacy notice:

(1) The categories of nonpublic personal information that the bank collects;

(2) The categories of nonpublic personal information that the bank discloses;

(3) The categories of affiliates and nonaffiliated third parties to whom the

bank discloses nonpublic personal information, other than those parties to whom the bank discloses information under §§ 40.14 and 40.15;

(4) The categories of nonpublic personal information about the bank's former customers that the bank discloses and the categories of affiliates and nonaffiliated third parties to whom the bank discloses nonpublic personal information about the bank's former customers, other than those parties to whom the bank discloses information under §§ 40.14 and 40.15;

(5) If a bank discloses nonpublic personal information to a nonaffiliated third party under § 40.13 (and no other exception in §§ 40.14 or 40.15 applies to that disclosure), a separate statement of the categories of information the bank discloses and the categories of third parties with whom the bank has contracted;

(6) An explanation of the consumer's right under § 40.10(a) to opt out of the disclosure of nonpublic personal information to nonaffiliated third parties, including the method(s) by which the consumer may exercise that right at that time;

(7) Any disclosures that the bank makes under section 603(d)(2)(A)(iii) of the Fair Credit Reporting Act (15 U.S.C. 1681a(d)(2)(A)(iii)) (that is, notices regarding the ability to opt out of disclosures of information among affiliates);

(8) The bank's policies and practices with respect to protecting the confidentiality and security of nonpublic personal information; and

(9) Any disclosure that the bank makes under paragraph (b) of this section.

(b) *Description of nonaffiliated third parties subject to exceptions.* If a bank discloses nonpublic personal information to third parties as authorized under §§ 40.14 and 40.15, the bank is not required to list those exceptions in the initial or annual privacy notices required by §§ 40.4 and 40.5. When describing the categories with respect to those parties, the bank is required to state only that it makes disclosures to other nonaffiliated third parties as permitted by law.

(c) *Examples*—(1) *Categories of nonpublic personal information that the bank*

*collects.* A bank satisfies the requirement to categorize the nonpublic personal information that it collects if it lists the following categories, as applicable:

- (i) Information from the consumer;
- (ii) Information about the consumer's transactions with the bank or its affiliates;
- (iii) Information about the consumer's transactions with nonaffiliated third parties; and
- (iv) Information from a consumer reporting agency.

(2) *Categories of nonpublic personal information the bank discloses.* (i) A bank satisfies the requirement to categorize the nonpublic personal information that it discloses if the bank lists the categories described in paragraph (e)(1) of this section, as applicable, and a few examples to illustrate the types of information in each category.

(ii) If a bank reserves the right to disclose all of the nonpublic personal information about consumers that it collects, it may simply state that fact without describing the categories or examples of the nonpublic personal information it discloses.

(3) *Categories of affiliates and non-affiliated third parties to whom the bank discloses.* A bank satisfies the requirement to categorize the affiliates and nonaffiliated third parties to whom it discloses nonpublic personal information if the bank lists the following categories, as applicable, and a few examples to illustrate the types of third parties in each category:

- (i) Financial service providers;
- (ii) Non-financial companies; and
- (iii) Others.

(4) *Disclosures under exception for service providers and joint marketers.* If a bank discloses nonpublic personal information under the exception in § 40.13 to a nonaffiliated third party to market products or services that it offers alone or jointly with another financial institution, the bank satisfies the disclosure requirement of paragraph (a)(5) of this section if it:

- (i) Lists the categories of nonpublic personal information it discloses, using the same categories and examples the bank used to meet the requirements of paragraph (a)(2) of this section, as applicable; and

(ii) States whether the third party is:

(A) A service provider that performs marketing services on the bank's behalf or on behalf of the bank and another financial institution; or

(B) A financial institution with whom the bank has a joint marketing agreement.

(5) *Simplified notices.* If a bank does not disclose, and does not wish to reserve the right to disclose, nonpublic personal information about customers or former customers to affiliates or nonaffiliated third parties except as authorized under §§ 40.14 and 40.15, the bank may simply state that fact, in addition to the information it must provide under paragraphs (a)(1), (a)(8), (a)(9), and (b) of this section.

(6) *Confidentiality and security.* A bank describes its policies and practices with respect to protecting the confidentiality and security of nonpublic personal information if it does both of the following:

(i) Describes in general terms who is authorized to have access to the information; and

(ii) States whether the bank has security practices and procedures in place to ensure the confidentiality of the information in accordance with the bank's policy. The bank is not required to describe technical information about the safeguards it uses.

(d) *Short-form initial notice with opt out notice for non-customers.* (1) A bank may satisfy the initial notice requirements in §§ 40.4(a)(2), 40.7(b), and 40.7(c) for a consumer who is not a customer by providing a short-form initial notice at the same time as the bank delivers an opt out notice as required in § 40.7.

(2) A short-form initial notice must:

(i) Be clear and conspicuous;

(ii) State that the bank's privacy notice is available upon request; and

(iii) Explain a reasonable means by which the consumer may obtain that notice.

(3) The bank must deliver its short-form initial notice according to § 40.9. The bank is not required to deliver its privacy notice with its short-form initial notice. The bank instead may simply provide the consumer a reasonable means to obtain its privacy notice. If a consumer who receives the bank's short-form notice requests the bank's

privacy notice, the bank must deliver its privacy notice according to § 40.9.

(4) *Examples of obtaining privacy notice.* The bank provides a reasonable means by which a consumer may obtain a copy of its privacy notice if the bank:

(i) Provides a toll-free telephone number that the consumer may call to request the notice; or

(ii) For a consumer who conducts business in person at the bank's office, maintain copies of the notice on hand that the bank provides to the consumer immediately upon request.

(e) *Future disclosures.* The bank's notice may include:

(1) Categories of nonpublic personal information that the bank reserves the right to disclose in the future, but do not currently disclose; and

(2) Categories of affiliates or non-affiliated third parties to whom the bank reserves the right in the future to disclose, but to whom the bank does not currently disclose, nonpublic personal information.

(f) *Sample clauses.* Sample clauses illustrating some of the notice content required by this section are included in Appendix A of this part.

**§ 40.7 Form of opt out notice to consumers; opt out methods.**

(a) (1) *Form of opt out notice.* If a bank is required to provide an opt out notice under § 40.10(a), it must provide a clear and conspicuous notice to each of its consumers that accurately explains the right to opt out under that section. The notice must state:

(i) That the bank discloses or reserves the right to disclose nonpublic personal information about its consumer to a nonaffiliated third party;

(ii) That the consumer has the right to opt out of that disclosure; and

(iii) A reasonable means by which the consumer may exercise the opt out right.

(2) *Examples.* (i) *Adequate opt out notice.* A bank provides adequate notice that the consumer can opt out of the disclosure of nonpublic personal information to a nonaffiliated third party if the bank:

(A) Identifies all of the categories of nonpublic personal information that it discloses or reserves the right to dis-

close, and all of the categories of non-affiliated third parties to which the bank discloses the information, as described in § 40.6(a)(2) and (3), and states that the consumer can opt out of the disclosure of that information; and

(B) Identifies the financial products or services that the consumer obtains from the bank, either singly or jointly, to which the opt out direction would apply.

(ii) *Reasonable opt out means.* A bank provides a reasonable means to exercise an opt out right if it:

(A) Designates check-off boxes in a prominent position on the relevant forms with the opt out notice;

(B) Includes a reply form together with the opt out notice;

(C) Provides an electronic means to opt out, such as a form that can be sent via electronic mail or a process at the bank's web site, if the consumer agrees to the electronic delivery of information; or

(D) Provides a toll-free telephone number that consumers may call to opt out.

(iii) *Unreasonable opt out means.* A bank *does not* provide a reasonable means of opting out if:

(A) The only means of opting out is for the consumer to write his or her own letter to exercise that opt out right; or

(B) The only means of opting out as described in any notice subsequent to the initial notice is to use a check-off box that the bank provided with the initial notice but did not include with the subsequent notice.

(iv) *Specific opt out means.* A bank may require each consumer to opt out through a specific means, as long as that means is reasonable for that consumer.

(b) *Same form as initial notice permitted.* A bank may provide the opt out notice together with or on the same written or electronic form as the initial notice the bank provides in accordance with § 40.4.

(c) *Initial notice required when opt out notice delivered subsequent to initial notice.* If a bank provides the opt out notice later than required for the initial notice in accordance with § 40.4, the bank must also include a copy of the initial notice with the opt out notice in

writing or, if the consumer agrees, electronically.

(d) *Joint relationships.* (1) If two or more consumers jointly obtain a financial product or service from a bank, the bank may provide a single opt out notice. The bank's opt out notice must explain how the bank will treat an opt out direction by a joint consumer (as explained in paragraph (d)(5) of this section).

(2) Any of the joint consumers may exercise the right to opt out. The bank may either:

(i) Treat an opt out direction by a joint consumer as applying to all of the associated joint consumers; or

(ii) Permit each joint consumer to opt out separately.

(3) If a bank permits each joint consumer to opt out separately, the bank must permit one of the joint consumers to opt out on behalf of all of the joint consumers.

(4) A bank may not require *all* joint consumers to opt out before it implements *any* opt out direction.

(5) *Example.* If John and Mary have a joint checking account with a bank and arranges for the bank to send statements to John's address, the bank may do any of the following, but it must explain in its opt out notice which opt out policy the bank will follow:

(i) Send a single opt out notice to John's address, but the bank must accept an opt out direction from either John or Mary.

(ii) Treat an opt out direction by either John or Mary as applying to the entire account. If the bank does so and John opts out, the bank may not require Mary to opt out as well before implementing John's opt out direction.

(iii) Permit John and Mary to make different opt out directions. If the bank does so:

(A) It must permit John and Mary to opt out for each other;

(B) If both opt out, the bank must permit both of them to notify it in a single response (such as on a form or through a telephone call); and

(C) If John opts out and Mary does not, the bank may only disclose nonpublic personal information about Mary, but not about John and not about John and Mary jointly.

(e) *Time to comply with opt out.* A bank must comply with a consumer's opt out direction as soon as reasonably practicable after the bank receives it.

(f) *Continuing right to opt out.* A consumer may exercise the right to opt out at any time.

(g) *Duration of consumer's opt out direction.* (1) A consumer's direction to opt out under this section is effective until the consumer revokes it in writing or, if the consumer agrees, electronically.

(2) When a customer relationship terminates, the customer's opt out direction continues to apply to the nonpublic personal information that the bank collected during or related to that relationship. If the individual subsequently establishes a new customer relationship with the bank, the opt out direction that applied to the former relationship does not apply to the new relationship.

(h) *Delivery.* When a bank is required to deliver an opt out notice by this section, the bank must deliver it according to § 40.9.

#### § 40.8 Revised privacy notices.

(a) *General rule.* Except as otherwise authorized in this part, a bank must not, directly or through any affiliate, disclose any nonpublic personal information about a consumer to a non-affiliated third party other than as described in the initial notice that the bank provided to that consumer under § 40.4, unless:

(1) The bank has provided to the consumer a clear and conspicuous revised notice that accurately describes its policies and practices;

(2) The bank has provided to the consumer a new opt out notice;

(3) The bank has given the consumer a reasonable opportunity, before the bank discloses the information to the nonaffiliated third party, to opt out of the disclosure; and

(4) The consumer does not opt out.

(b) *Examples.* (1) Except as otherwise permitted by §§ 40.13, 40.14, and 40.15, a bank must provide a revised notice before it:

(i) Discloses a new category of nonpublic personal information to any nonaffiliated third party;

## § 40.9

## 12 CFR Ch. I (1–1–09 Edition)

(ii) Discloses nonpublic personal information to a new category of non-affiliated third party; or

(iii) Disclose nonpublic personal information about a former customer to a nonaffiliated third party, if that former customer has not had the opportunity to exercise an opt out right regarding that disclosure.

(2) A revised notice is not required if the bank discloses nonpublic personal information to a new nonaffiliated third party that the bank adequately described in its prior notice.

(c) *Delivery.* When a bank is required to deliver a revised privacy notice by this section, the bank must deliver it according to § 40.9.

### § 40.9 Delivering privacy and opt out notices.

(a) *How to provide notices.* A bank must provide any privacy notices and opt out notices, including short-form initial notices, that this part requires so that each consumer can reasonably be expected to receive actual notice in writing or, if the consumer agrees, electronically.

(b) (1) *Examples of reasonable expectation of actual notice.* A bank may reasonably expect that a consumer will receive actual notice if the bank:

(i) Hand-delivers a printed copy of the notice to the consumer;

(ii) Mails a printed copy of the notice to the last known address of the consumer;

(iii) For the consumer who conducts transactions electronically, posts the notice on the electronic site and requires the consumer to acknowledge receipt of the notice as a necessary step to obtaining a particular financial product or service;

(iv) For an isolated transaction with the consumer, such as an ATM transaction, posts the notice on the ATM screen and requires the consumer to acknowledge receipt of the notice as a necessary step to obtaining the particular financial product or service.

(2) *Examples of unreasonable expectation of actual notice.* A bank may not, however, reasonably expect that a consumer will receive actual notice of its privacy policies and practices if it:

(i) Only posts a sign in its branch or office or generally publish advertise-

ments of its privacy policies and practices;

(ii) Sends the notice via electronic mail to a consumer who does not obtain a financial product or service from the bank electronically.

(c) *Annual notices only.* A bank may reasonably expect that a customer will receive actual notice of the bank's annual privacy notice if:

(1) The customer uses the bank's web site to access financial products and services electronically and agrees to receive notices at the web site and the bank posts its current privacy notice continuously in a clear and conspicuous manner on the web site; or

(2) The customer has requested that the bank refrain from sending any information regarding the customer relationship, and the bank's current privacy notice remains available to the customer upon request.

(d) *Oral description of notice insufficient.* A bank may not provide any notice required by this part solely by orally explaining the notice, either in person or over the telephone.

(e) *Retention or accessibility of notices for customers.* (1) For customers only, a bank must provide the initial notice required by § 40.4(a)(1), the annual notice required by § 40.5(a), and the revised notice required by § 40.8 so that the customer can retain them or obtain them later in writing or, if the customer agrees, electronically.

(2) *Examples of retention or accessibility.* A bank provides a privacy notice to the customer so that the customer can retain it or obtain it later if the bank:

(i) Hand-delivers a printed copy of the notice to the customer;

(ii) Mails a printed copy of the notice to the last known address of the customer; or

(iii) Makes its current privacy notice available on a web site (or a link to another web site) for the customer who obtains a financial product or service electronically and agrees to receive the notice at the web site.

(f) *Joint notice with other financial institutions.* A bank may provide a joint notice from it and one or more of its affiliates or other financial institutions, as identified in the notice, as

long as the notice is accurate with respect to the bank and the other institutions.

(g) *Joint relationships.* If two or more consumers jointly obtain a financial product or service from a bank, the bank may satisfy the initial, annual, and revised notice requirements of §§ 40.4(a), 40.5(a), and 40.8(a), respectively, by providing one notice to those consumers jointly.

### Subpart B—Limits on Disclosures

#### § 40.10 Limits on disclosure of non-public personal information to non-affiliated third parties.

(a)(1) *Conditions for disclosure.* Except as otherwise authorized in this part, a bank may not, directly or through any affiliate, disclose any nonpublic personal information about a consumer to a nonaffiliated third party unless:

(i) The bank has provided to the consumer an initial notice as required under § 40.4;

(ii) The bank has provided to the consumer an opt out notice as required in § 40.7;

(iii) The bank has given the consumer a reasonable opportunity, before it discloses the information to the non-affiliated third party, to opt out of the disclosure; and

(iv) The consumer does not opt out.

(2) *Opt out definition.* Opt out means a direction by the consumer that the bank not disclose nonpublic personal information about that consumer to a nonaffiliated third party, other than as permitted by §§ 40.13, 40.14, and 40.15.

(3) *Examples of reasonable opportunity to opt out.* A bank provides a consumer with a reasonable opportunity to opt out if:

(i) *By mail.* The bank mails the notices required in paragraph (a)(1) of this section to the consumer and allows the consumer to opt out by mailing a form, calling a toll-free telephone number, or any other reasonable means within 30 days from the date the bank mailed the notices.

(ii) *By electronic means.* A customer opens an on-line account with a bank and agrees to receive the notices required in paragraph (a)(1) of this section electronically, and the bank allows the customer to opt out by any

reasonable means within 30 days after the date that the customer acknowledges receipt of the notices in conjunction with opening the account.

(iii) *Isolated transaction with consumer.* For an isolated transaction, such as the purchase of a cashier's check by a consumer, a bank provides the consumer with a reasonable opportunity to opt out if the bank provides the notices required in paragraph (a)(1) of this section at the time of the transaction and requests that the consumer decide, as a necessary part of the transaction, whether to opt out before completing the transaction.

(b) *Application of opt out to all consumers and all nonpublic personal information.* (1) A bank must comply with this section, regardless of whether the bank and the consumer have established a customer relationship.

(2) Unless a bank complies with this section, the bank may not, directly or through any affiliate, disclose any nonpublic personal information about a consumer that the bank has collected, regardless of whether the bank collected it before or after receiving the direction to opt out from the consumer.

(c) *Partial opt out.* A bank may allow a consumer to select certain nonpublic personal information or certain non-affiliated third parties with respect to which the consumer wishes to opt out.

#### § 40.11 Limits on redisclosure and reuse of information.

(a)(1) *Information the bank receives under an exception.* If a bank receives nonpublic personal information from a nonaffiliated financial institution under an exception in §§ 40.14 or 40.15 of this part, the bank's disclosure and use of that information is limited as follows:

(i) The bank may disclose the information to the affiliates of the financial institution from which the bank received the information;

(ii) The bank may disclose the information to its affiliates, but the bank's affiliates may, in turn, disclose and use the information only to the extent that the bank may disclose and use the information; and

## § 40.12

## 12 CFR Ch. I (1–1–09 Edition)

(iii) The bank may disclose and use the information pursuant to an exception in §§ 40.14 or 40.15 in the ordinary course of business to carry out the activity covered by the exception under which the bank received the information.

(2) *Example.* If a bank receives a customer list from a nonaffiliated financial institution in order to provide account processing services under the exception in § 40.14(a), the bank may disclose that information under any exception in §§ 40.14 or 40.15 in the ordinary course of business in order to provide those services. For example, the bank could disclose the information in response to a properly authorized subpoena or to its attorneys, accountants, and auditors. The bank could not disclose that information to a third party for marketing purposes or use that information for its own marketing purposes.

(b)(1) *Information a bank receives outside of an exception.* If a bank receives nonpublic personal information from a nonaffiliated financial institution other than under an exception in §§ 40.14 or 40.15 of this part, the bank may disclose the information only:

(i) To the affiliates of the financial institution from which the bank received the information;

(ii) To its affiliates, but its affiliates may, in turn, disclose the information only to the extent that the bank can disclose the information; and

(iii) To any other person, if the disclosure would be lawful if made directly to that person by the financial institution from which the bank received the information.

(2) *Example.* If a bank obtains a customer list from a nonaffiliated financial institution outside of the exceptions in §§ 40.14 and 40.15:

(i) The bank may use that list for its own purposes; and

(ii) The bank may disclose that list to another nonaffiliated third party only if the financial institution from which the bank purchased the list could have lawfully disclosed the list to that third party. That is, the bank may disclose the list in accordance with the privacy policy of the financial institution from which the bank received the list, as limited by the opt

out direction of each consumer whose nonpublic personal information the bank intends to disclose and the bank may disclose the list in accordance with an exception in §§ 40.14 or 40.15, such as to the bank's attorneys or accountants.

(c) *Information a bank discloses under an exception.* If a bank discloses nonpublic personal information to a nonaffiliated third party under an exception in §§ 40.14 or 40.15 of this part, the third party may disclose and use that information only as follows:

(1) The third party may disclose the information to the bank's affiliates;

(2) The third party may disclose the information to its affiliates, but its affiliates may, in turn, disclose and use the information only to the extent that the third party may disclose and use the information; and

(3) The third party may disclose and use the information pursuant to an exception in §§ 40.14 or 40.15 in the ordinary course of business to carry out the activity covered by the exception under which it received the information.

(d) *Information a bank discloses outside of an exception.* If a bank discloses nonpublic personal information to a nonaffiliated third party other than under an exception in §§ 40.14 or 40.15 of this part, the third party may disclose the information only:

(1) To the bank's affiliates;

(2) To the third party's affiliates, but the third party's affiliates, in turn, may disclose the information only to the extent the third party can disclose the information; and

(3) To any other person, if the disclosure would be lawful if the bank made it directly to that person.

### **§ 40.12 Limits on sharing account number information for marketing purposes.**

(a) *General prohibition on disclosure of account numbers.* A bank must not, directly or through an affiliate, disclose, other than to a consumer reporting agency, an account number or similar form of access number or access code for a consumer's credit card account, deposit account, or transaction account to any nonaffiliated third party for use in telemarketing, direct mail

marketing, or other marketing through electronic mail to the consumer.

(b) *Exceptions.* Paragraph (a) of this section does not apply if a bank discloses an account number or similar form of access number or access code:

(1) To the bank's agent or service provider solely in order to perform marketing for the bank's own products or services, as long as the agent or service provider is not authorized to directly initiate charges to the account; or

(2) To a participant in a private label credit card program or an affinity or similar program where the participants in the program are identified to the customer when the customer enters into the program.

(c) *Examples*—(1) *Account number.* An account number, or similar form of access number or access code, does not include a number or code in an encrypted form, as long as the bank does not provide the recipient with a means to decode the number or code.

(2) *Transaction account.* A transaction account is an account other than a deposit account or a credit card account. A transaction account does not include an account to which third parties cannot initiate charges.

### Subpart C—Exceptions

#### § 40.13 Exception to opt out requirements for service providers and joint marketing.

(a) *General rule.* (1) The opt out requirements in §§ 40.7 and 40.10 do not apply when a bank provides nonpublic personal information to a nonaffiliated third party to perform services for the bank or functions on the bank's behalf, if the bank:

(i) Provides the initial notice in accordance with § 40.4; and

(ii) Enters into a contractual agreement with the third party that prohibits the third party from disclosing or using the information other than to carry out the purposes for which the bank disclosed the information, including use under an exception in § 40.14 or 40.15 in the ordinary course of business to carry out those purposes.

(2) *Example.* If a bank discloses nonpublic personal information under this

section to a financial institution with which the bank performs joint marketing, the bank's contractual agreement with that institution meets the requirements of paragraph (a)(1)(ii) of this section if it prohibits the institution from disclosing or using the nonpublic personal information except as necessary to carry out the joint marketing or under an exception in §§ 40.14 or 40.15 in the ordinary course of business to carry out that joint marketing.

(b) *Service may include joint marketing.* The services a nonaffiliated third party performs for a bank under paragraph (a) of this section may include marketing of the bank's own products or services or marketing of financial products or services offered pursuant to joint agreements between the bank and one or more financial institutions.

(c) *Definition of joint agreement.* For purposes of this section, *joint agreement* means a written contract pursuant to which a bank and one or more financial institutions jointly offer, endorse, or sponsor a financial product or service.

#### § 40.14 Exceptions to notice and opt out requirements for processing and servicing transactions.

(a) *Exceptions for processing transactions at consumer's request.* The requirements for initial notice in § 40.4(a)(2), the opt out in §§ 40.7 and 40.10 and service providers and joint marketing in § 40.13 do not apply if the bank discloses nonpublic personal information as necessary to effect, administer, or enforce a transaction that a consumer requests or authorizes, or in connection with:

(1) Servicing or processing a financial product or service that a consumer requests or authorizes;

(2) Maintaining or servicing the consumer's account with a bank, or with another entity as part of a private label credit card program or other extension of credit on behalf of such entity; or

(3) A proposed or actual securitization, secondary market sale (including sales of servicing rights), or similar transaction related to a transaction of the consumer.

(b) *Necessary to effect, administer, or enforce a transaction* means that the disclosure is:

## § 40.15

## 12 CFR Ch. I (1–1–09 Edition)

(1) Required, or is one of the lawful or appropriate methods, to enforce the bank's rights or the rights of other persons engaged in carrying out the financial transaction or providing the product or service; or

(2) Required, or is a usual, appropriate or acceptable method:

(i) To carry out the transaction or the product or service business of which the transaction is a part, and record, service, or maintain the consumer's account in the ordinary course of providing the financial service or financial product;

(ii) To administer or service benefits or claims relating to the transaction or the product or service business of which it is a part;

(iii) To provide a confirmation, statement, or other record of the transaction, or information on the status or value of the financial service or financial product to the consumer or the consumer's agent or broker;

(iv) To accrue or recognize incentives or bonuses associated with the transaction that are provided by a bank or any other party;

(v) To underwrite insurance at the consumer's request or for reinsurance purposes, or for any of the following purposes as they relate to a consumer's insurance: account administration, reporting, investigating, or preventing fraud or material misrepresentation, processing premium payments, processing insurance claims, administering insurance benefits (including utilization review activities), participating in research projects, or as otherwise required or specifically permitted by Federal or State law;

(vi) In connection with:

(A) The authorization, settlement, billing, processing, clearing, transferring, reconciling or collection of amounts charged, debited, or otherwise paid using a debit, credit, or other payment card, check, or account number, or by other payment means;

(B) The transfer of receivables, accounts, or interests therein; or

(C) The audit of debit, credit, or other payment information.

### § 40.15 Other exceptions to notice and opt out requirements.

(a) *Exceptions to opt out requirements.* The requirements for initial notice to consumers in § 40.4(a)(2), the opt out in §§ 40.7 and 40.10, and service providers and joint marketing in § 40.13 do not apply when a bank discloses nonpublic personal information:

(1) With the consent or at the direction of the consumer, provided that the consumer has not revoked the consent or direction;

(2) (i) To protect the confidentiality or security of a bank's records pertaining to the consumer, service, product, or transaction;

(ii) To protect against or prevent actual or potential fraud, unauthorized transactions, claims, or other liability;

(iii) For required institutional risk control or for resolving consumer disputes or inquiries;

(iv) To persons holding a legal or beneficial interest relating to the consumer; or

(v) To persons acting in a fiduciary or representative capacity on behalf of the consumer;

(3) To provide information to insurance rate advisory organizations, guaranty funds or agencies, agencies that are rating a bank, persons that are assessing the bank's compliance with industry standards, and the bank's attorneys, accountants, and auditors;

(4) To the extent specifically permitted or required under other provisions of law and in accordance with the Right to Financial Privacy Act of 1978 (12 U.S.C. 3401 *et seq.*), to law enforcement agencies (including a federal functional regulator, the Secretary of the Treasury, with respect to 31 U.S.C. Chapter 53, Subchapter II (Records and Reports on Monetary Instruments and Transactions) and 12 U.S.C. Chapter 21 (Financial Recordkeeping), a State insurance authority, with respect to any person domiciled in that insurance authority's State that is engaged in providing insurance, and the Federal Trade Commission), self-regulatory organizations, or for an investigation on a matter related to public safety;

(5)(i) To a consumer reporting agency in accordance with the Fair Credit Reporting Act (15 U.S.C. 1681 *et seq.*); or

(ii) From a consumer report reported by a consumer reporting agency;

(6) In connection with a proposed or actual sale, merger, transfer, or exchange of all or a portion of a business or operating unit if the disclosure of nonpublic personal information concerns solely consumers of such business or unit; or

(7)(i) To comply with Federal, State, or local laws, rules and other applicable legal requirements;

(ii) To comply with a properly authorized civil, criminal, or regulatory investigation, or subpoena or summons by Federal, State, or local authorities; or

(iii) To respond to judicial process or government regulatory authorities having jurisdiction over a bank for examination, compliance, or other purposes as authorized by law.

(b) *Examples of consent and revocation of consent.* (1) A consumer may specifically consent to a bank's disclosure to a nonaffiliated insurance company of the fact that the consumer has applied to the bank for a mortgage so that the insurance company can offer homeowner's insurance to the consumer.

(2) A consumer may revoke consent by subsequently exercising the right to opt out of future disclosures of nonpublic personal information as permitted under § 40.7(f).

#### Subpart D—Relation to Other Laws; Effective Date

##### § 40.16 Protection of Fair Credit Reporting Act.

Nothing in this part shall be construed to modify, limit, or supersede the operation of the Fair Credit Reporting Act (15 U.S.C. 1681 *et seq.*), and no inference shall be drawn on the basis of the provisions of this part regarding whether information is transaction or experience information under section 603 of that Act.

##### § 40.17 Relation to State laws.

(a) *In general.* This part shall not be construed as superseding, altering, or affecting any statute, regulation, order, or interpretation in effect in any State, except to the extent that such State statute, regulation, order, or interpretation is inconsistent with the

provisions of this part, and then only to the extent of the inconsistency.

(b) *Greater protection under State law.* For purposes of this section, a State statute, regulation, order, or interpretation is not inconsistent with the provisions of this part if the protection such statute, regulation, order, or interpretation affords any consumer is greater than the protection provided under this part, as determined by the Federal Trade Commission, after consultation with the OCC, on the Federal Trade Commission's own motion, or upon the petition of any interested party.

##### § 40.18 Effective date; transition rule.

(a) *Effective date.* This part is effective November 13, 2000. In order to provide sufficient time for banks to establish policies and systems to comply with the requirements of this part, the OCC has extended the time for compliance with this part until July 1, 2001.

(b)(1) *Notice requirement for consumers who are the bank's customers on the compliance date.* By July 1, 2001, a bank must have provided an initial notice, as required by § 40.4, to consumers who are the bank's customers on July 1, 2001.

(2) *Example.* A bank provides an initial notice to consumers who are its customers on July 1, 2001, if, by that date, the bank has established a system for providing an initial notice to all new customers and has mailed the initial notice to all the bank's existing customers.

(c) *Two-year grandfathering of service agreements.* Until July 1, 2002, a contract that a bank has entered into with a nonaffiliated third party to perform services for the bank or functions on the bank's behalf satisfies the provisions of § 40.13(a)(1)(ii) of this part, even if the contract does not include a requirement that the third party maintain the confidentiality of nonpublic personal information, as long as the bank entered into the agreement on or before July 1, 2000.

### Subpart B [Reserved]

**Subpart C—Affiliate Marketing**

SOURCE: 72 FR 62946, Nov. 7, 2007, unless otherwise noted.

**§ 41.20 Scope and definitions.**

(a) *Scope.* This subpart applies to national banks, Federal branches and agencies of foreign banks, and any of their operating subsidiaries that are not functionally regulated within the meaning of section 5(c)(5) of the Bank Holding Company Act of 1956, as amended (12 U.S.C. 1844(c)(5)). These entities are referred to in this subpart as “banks.”

(b) *Definitions.* For purposes of this subpart:

(1) *Clear and conspicuous.* The term “clear and conspicuous” means reasonably understandable and designed to call attention to the nature and significance of the information presented.

(2) *Concise.* (i) *In general.* The term “concise” means a reasonably brief expression or statement.

(ii) *Combination with other required disclosures.* A notice required by this subpart may be concise even if it is combined with other disclosures required or authorized by federal or state law.

(3) *Eligibility information.* The term “eligibility information” means any information the communication of which would be a consumer report if the exclusions from the definition of “consumer report” in section 603(d)(2)(A) of the Act did not apply. Eligibility information does not include aggregate or blind data that does not contain personal identifiers such as account numbers, names, or addresses.

(4) *Pre-existing business relationship.* (i) *In general.* The term “pre-existing business relationship” means a relationship between a person, or a person’s licensed agent, and a consumer based on—

(A) A financial contract between the person and the consumer which is in force on the date on which the consumer is sent a solicitation covered by this subpart;

(B) The purchase, rental, or lease by the consumer of the person’s goods or services, or a financial transaction (including holding an active account or a policy in force or having another con-

tinuing relationship) between the consumer and the person, during the 18-month period immediately preceding the date on which the consumer is sent a solicitation covered by this subpart; or

(C) An inquiry or application by the consumer regarding a product or service offered by that person during the three-month period immediately preceding the date on which the consumer is sent a solicitation covered by this subpart.

(ii) *Examples of pre-existing business relationships.* (A) If a consumer has a time deposit account, such as a certificate of deposit, at a depository institution that is currently in force, the depository institution has a pre-existing business relationship with the consumer and can use eligibility information it receives from its affiliates to make solicitations to the consumer about its products or services.

(B) If a consumer obtained a certificate of deposit from a depository institution, but did not renew the certificate at maturity, the depository institution has a pre-existing business relationship with the consumer and can use eligibility information it receives from its affiliates to make solicitations to the consumer about its products or services for 18 months after the date of maturity of the certificate of deposit.

(C) If a consumer obtains a mortgage, the mortgage lender has a pre-existing business relationship with the consumer. If the mortgage lender sells the consumer’s entire loan to an investor, the mortgage lender has a pre-existing business relationship with the consumer and can use eligibility information it receives from its affiliates to make solicitations to the consumer about its products or services for 18 months after the date it sells the loan, and the investor has a pre-existing business relationship with the consumer upon purchasing the loan. If, however, the mortgage lender sells a fractional interest in the consumer’s loan to an investor but also retains an ownership interest in the loan, the mortgage lender continues to have a pre-existing business relationship with the consumer, but the investor does

not have a pre-existing business relationship with the consumer. If the mortgage lender retains ownership of the loan, but sells ownership of the servicing rights to the consumer's loan, the mortgage lender continues to have a pre-existing business relationship with the consumer. The purchaser of the servicing rights also has a pre-existing business relationship with the consumer as of the date it purchases ownership of the servicing rights, but only if it collects payments from or otherwise deals directly with the consumer on a continuing basis.

(D) If a consumer applies to a depository institution for a product or service that it offers, but does not obtain a product or service from or enter into a financial contract or transaction with the institution, the depository institution has a pre-existing business relationship with the consumer and can therefore use eligibility information it receives from an affiliate to make solicitations to the consumer about its products or services for three months after the date of the application.

(E) If a consumer makes a telephone inquiry to a depository institution about its products or services and provides contact information to the institution, but does not obtain a product or service from or enter into a financial contract or transaction with the institution, the depository institution has a pre-existing business relationship with the consumer and can therefore use eligibility information it receives from an affiliate to make solicitations to the consumer about its products or services for three months after the date of the inquiry.

(F) If a consumer makes an inquiry to a depository institution by e-mail about its products or services, but does not obtain a product or service from or enter into a financial contract or transaction with the institution, the depository institution has a pre-existing business relationship with the consumer and can therefore use eligibility information it receives from an affiliate to make solicitations to the consumer about its products or services for three months after the date of the inquiry.

(G) If a consumer has an existing relationship with a depository institu-

tion that is part of a group of affiliated companies, makes a telephone call to the centralized call center for the group of affiliated companies to inquire about products or services offered by the insurance affiliate, and provides contact information to the call center, the call constitutes an inquiry to the insurance affiliate that offers those products or services. The insurance affiliate has a pre-existing business relationship with the consumer and can therefore use eligibility information it receives from its affiliated depository institution to make solicitations to the consumer about its products or services for three months after the date of the inquiry.

(iii) *Examples where no pre-existing business relationship is created.* (A) If a consumer makes a telephone call to a centralized call center for a group of affiliated companies to inquire about the consumer's existing account at a depository institution, the call does not constitute an inquiry to any affiliate other than the depository institution that holds the consumer's account and does not establish a pre-existing business relationship between the consumer and any affiliate of the account-holding depository institution.

(B) If a consumer who has a deposit account with a depository institution makes a telephone call to an affiliate of the institution to ask about the affiliate's retail locations and hours, but does not make an inquiry about the affiliate's products or services, the call does not constitute an inquiry and does not establish a pre-existing business relationship between the consumer and the affiliate. Also, the affiliate's capture of the consumer's telephone number does not constitute an inquiry and does not establish a pre-existing business relationship between the consumer and the affiliate.

(C) If a consumer makes a telephone call to a depository institution in response to an advertisement that offers a free promotional item to consumers who call a toll-free number, but the advertisement does not indicate that the depository institution's products or services will be marketed to consumers who call in response, the call does not

create a pre-existing business relationship between the consumer and the depository institution because the consumer has not made an inquiry about a product or service offered by the institution, but has merely responded to an offer for a free promotional item.

(5) *Solicitation.* (i) *In general.* The term “solicitation” means the marketing of a product or service initiated by a person to a particular consumer that is—

(A) Based on eligibility information communicated to that person by its affiliate as described in this subpart; and

(B) Intended to encourage the consumer to purchase or obtain such product or service.

(ii) *Exclusion of marketing directed at the general public.* A solicitation does not include marketing communications that are directed at the general public. For example, television, general circulation magazine, and billboard advertisements do not constitute solicitations, even if those communications are intended to encourage consumers to purchase products and services from the person initiating the communications.

(iii) *Examples of solicitations.* A solicitation would include, for example, a telemarketing call, direct mail, e-mail, or other form of marketing communication directed to a particular consumer that is based on eligibility information received from an affiliate.

**§41.21 Affiliate marketing opt-out and exceptions.**

(a) *Initial notice and opt-out requirement.* (1) *In general.* A bank may not use eligibility information about a consumer that it receives from an affiliate to make a solicitation for marketing purposes to the consumer, unless—

(i) It is clearly and conspicuously disclosed to the consumer in writing or, if the consumer agrees, electronically, in a concise notice that the bank may use eligibility information about that consumer received from an affiliate to make solicitations for marketing purposes to the consumer;

(ii) The consumer is provided a reasonable opportunity and a reasonable and simple method to “opt out,” or prohibit the bank from using eligibility information to make solici-

tations for marketing purposes to the consumer; and

(iii) The consumer has not opted out.

(2) *Example.* A consumer has a homeowner’s insurance policy with an insurance company. The insurance company furnishes eligibility information about the consumer to its affiliated depository institution. Based on that eligibility information, the depository institution wants to make a solicitation to the consumer about its home equity loan products. The depository institution does not have a pre-existing business relationship with the consumer and none of the other exceptions apply. The depository institution is prohibited from using eligibility information received from its insurance affiliate to make solicitations to the consumer about its home equity loan products unless the consumer is given a notice and opportunity to opt out and the consumer does not opt out.

(3) *Affiliates who may provide the notice.* The notice required by this paragraph must be provided:

(i) By an affiliate that has or has previously had a pre-existing business relationship with the consumer; or

(ii) As part of a joint notice from two or more members of an affiliated group of companies, provided that at least one of the affiliates on the joint notice has or has previously had a pre-existing business relationship with the consumer.

(b) *Making solicitations.* (1) *In general.* For purposes of this subpart, a bank makes a solicitation for marketing purposes if—

(i) The bank receives eligibility information from an affiliate;

(ii) The bank uses that eligibility information to do one or more of the following:

(A) Identify the consumer or type of consumer to receive a solicitation;

(B) Establish criteria used to select the consumer to receive a solicitation; or

(C) Decide which of the bank’s products or services to market to the consumer or tailor the bank’s solicitation to that consumer; and

(iii) As a result of the bank’s use of the eligibility information, the consumer is provided a solicitation.

(2) *Receiving eligibility information from an affiliate, including through a common database.* A bank may receive eligibility information from an affiliate in various ways, including when the affiliate places that information into a common database that the bank may access.

(3) *Receipt or use of eligibility information by a bank's service provider.* Except as provided in paragraph (b)(5) of this section, a bank receives or uses an affiliate's eligibility information if a service provider acting on the bank's behalf (whether an affiliate or a non-affiliated third party) receives or uses that information in the manner described in paragraphs (b)(1)(i) or (b)(1)(ii) of this section. All relevant facts and circumstances will determine whether a person is acting as a bank's service provider when it receives or uses an affiliate's eligibility information in connection with marketing the bank's products and services.

(4) *Use by an affiliate of its own eligibility information.* Unless a bank has used eligibility information that it receives from an affiliate in the manner described in paragraph (b)(1)(ii) of this section, the bank does not make a solicitation subject to this subpart if the bank's affiliate:

(i) Uses its own eligibility information that it obtained in connection with a pre-existing business relationship it has or had with the consumer to market the bank's products or services to the consumer; or

(ii) Directs its service provider to use the affiliate's own eligibility information that it obtained in connection with a pre-existing business relationship it has or had with the consumer to market the bank's products or services to the consumer, and the bank does not communicate directly with the service provider regarding that use.

(5) *Use of eligibility information by a service provider.* (i) *In general.* A bank does not make a solicitation subject to Subpart C of this part if a service provider (including an affiliated or third-party service provider that maintains or accesses a common database that the bank may access) receives eligibility information from the bank's affiliate that the bank's affiliate obtained in connection with a pre-exist-

ing business relationship it has or had with the consumer and uses that eligibility information to market the bank's products or services to the consumer, so long as—

(A) The bank's affiliate controls access to and use of its eligibility information by the service provider (including the right to establish the specific terms and conditions under which the service provider may use such information to market the bank's products or services);

(B) The bank's affiliate establishes specific terms and conditions under which the service provider may access and use the affiliate's eligibility information to market the bank's products and services (or those of affiliates generally) to the consumer, such as the identity of the affiliated companies whose products or services may be marketed to the consumer by the service provider, the types of products or services of affiliated companies that may be marketed, and the number of times the consumer may receive marketing materials, and periodically evaluates the service provider's compliance with those terms and conditions;

(C) The bank's affiliate requires the service provider to implement reasonable policies and procedures designed to ensure that the service provider uses the affiliate's eligibility information in accordance with the terms and conditions established by the bank's affiliate relating to the marketing of the bank's products or services;

(D) The bank's affiliate is identified on or with the marketing materials provided to the consumer; and

(E) The bank does not directly use its affiliate's eligibility information in the manner described in paragraph (b)(1)(ii) of this section.

(ii) *Writing requirements.* (A) The requirements of paragraphs (b)(5)(i)(A) and (C) of this section must be set forth in a written agreement between the bank's affiliate and the service provider; and

(B) The specific terms and conditions established by the bank's affiliate as provided in paragraph (b)(5)(i)(B) of this section must be set forth in writing.

(6) *Examples of making solicitations.* (i) A consumer has a deposit account with a depository institution, which is affiliated with an insurance company. The insurance company receives eligibility information about the consumer from the depository institution. The insurance company uses that eligibility information to identify the consumer to receive a solicitation about insurance products, and, as a result, the insurance company provides a solicitation to the consumer about its insurance products. Pursuant to paragraph (b)(1) of this section, the insurance company has made a solicitation to the consumer.

(ii) The same facts as in the example in paragraph (b)(6)(i) of this section, except that after using the eligibility information to identify the consumer to receive a solicitation about insurance products, the insurance company asks the depository institution to send the solicitation to the consumer and the depository institution does so. Pursuant to paragraph (b)(1) of this section, the insurance company has made a solicitation to the consumer because it used eligibility information about the consumer that it received from an affiliate to identify the consumer to receive a solicitation about its products or services, and, as a result, a solicitation was provided to the consumer about the insurance company's products.

(iii) The same facts as in the example in paragraph (b)(6)(i) of this section, except that eligibility information about consumers that have deposit accounts with the depository institution is placed into a common database that all members of the affiliated group of companies may independently access and use. Without using the depository institution's eligibility information, the insurance company develops selection criteria and provides those criteria, marketing materials, and related instructions to the depository institution. The depository institution reviews eligibility information about its own consumers using the selection criteria provided by the insurance company to determine which consumers should receive the insurance company's marketing materials and sends marketing materials about the insurance

company's products to those consumers. Even though the insurance company has received eligibility information through the common database as provided in paragraph (b)(2) of this section, it did not use that information to identify consumers or establish selection criteria; instead, the depository institution used its own eligibility information. Therefore, pursuant to paragraph (b)(4)(i) of this section, the insurance company has not made a solicitation to the consumer.

(iv) The same facts as in the example in paragraph (b)(6)(iii) of this section, except that the depository institution provides the insurance company's criteria to the depository institution's service provider and directs the service provider to use the depository institution's eligibility information to identify depository institution consumers who meet the criteria and to send the insurance company's marketing materials to those consumers. The insurance company does not communicate directly with the service provider regarding the use of the depository institution's information to market its products to the depository institution's consumers. Pursuant to paragraph (b)(4)(ii) of this section, the insurance company has not made a solicitation to the consumer.

(v) An affiliated group of companies includes a depository institution, an insurance company, and a service provider. Each affiliate in the group places information about its consumers into a common database. The service provider has access to all information in the common database. The depository institution controls access to and use of its eligibility information by the service provider. This control is set forth in a written agreement between the depository institution and the service provider. The written agreement also requires the service provider to establish reasonable policies and procedures designed to ensure that the service provider uses the depository institution's eligibility information in accordance with specific terms and conditions established by the depository institution relating to the marketing of the products and services of all affiliates, including the insurance company. In a separate written communication, the

## §41.21

depository institution specifies the terms and conditions under which the service provider may use the depository institution's eligibility information to market the insurance company's products and services to the depository institution's consumers. The specific terms and conditions are: A list of affiliated companies (including the insurance company) whose products or services may be marketed to the depository institution's consumers by the service provider; the specific products or types of products that may be marketed to the depository institution's consumers by the service provider; the categories of eligibility information that may be used by the service provider in marketing products or services to the depository institution's consumers; the types or categories of the depository institution's consumers to whom the service provider may market products or services of depository institution affiliates; the number and/or types of marketing communications that the service provider may send to the depository institution's consumers; and the length of time during which the service provider may market the products or services of the depository institution's affiliates to its consumers. The depository institution periodically evaluates the service provider's compliance with these terms and conditions. The insurance company asks the service provider to market insurance products to certain consumers who have deposit accounts with the depository institution. Without using the depository institution's eligibility information, the insurance company develops selection criteria and provides those criteria, marketing materials, and related instructions to the service provider. The service provider uses the depository institution's eligibility information from the common database to identify the depository institution's consumers to whom insurance products will be marketed. When the insurance company's marketing materials are provided to the identified consumers, the name of the depository institution is displayed on the insurance marketing materials, an introductory letter that accompanies the marketing materials, an account statement that accompanies the mar-

keting materials, or the envelope containing the marketing materials. The requirements of paragraph (b)(5) of this section have been satisfied, and the insurance company has not made a solicitation to the consumer.

(vi) The same facts as in the example in paragraph (b)(6)(v) of this section, except that the terms and conditions permit the service provider to use the depository institution's eligibility information to market the products and services of other affiliates to the depository institution's consumers whenever the service provider deems it appropriate to do so. The service provider uses the depository institution's eligibility information in accordance with the discretion afforded to it by the terms and conditions. Because the terms and conditions are not specific, the requirements of paragraph (b)(5) of this section have not been satisfied.

(c) *Exceptions.* The provisions of this subpart do not apply to a bank if it uses eligibility information that it receives from an affiliate:

(1) To make a solicitation for marketing purposes to a consumer with whom the bank has a pre-existing business relationship;

(2) To facilitate communications to an individual for whose benefit the bank provides employee benefit or other services pursuant to a contract with an employer related to and arising out of the current employment relationship or status of the individual as a participant or beneficiary of an employee benefit plan;

(3) To perform services on behalf of an affiliate, except that this subparagraph shall not be construed as permitting the bank to send solicitations on behalf of an affiliate if the affiliate would not be permitted to send the solicitation as a result of the election of the consumer to opt out under this subpart;

(4) In response to a communication about the bank's products or services initiated by the consumer;

(5) In response to an authorization or request by the consumer to receive solicitations; or

(6) If the bank's compliance with this subpart would prevent it from complying with any provision of State insurance laws pertaining to unfair discrimination in any State in which the bank is lawfully doing business.

(d) *Examples of exceptions.* (1) *Example of the pre-existing business relationship exception.* A consumer has a deposit account with a depository institution. The consumer also has a relationship with the depository institution's securities affiliate for management of the consumer's securities portfolio. The depository institution receives eligibility information about the consumer from its securities affiliate and uses that information to make a solicitation to the consumer about the depository institution's wealth management services. The depository institution may make this solicitation even if the consumer has not been given a notice and opportunity to opt out because the depository institution has a pre-existing business relationship with the consumer.

(2) *Examples of service provider exception.* (i) A consumer has an insurance policy issued by an insurance company. The insurance company furnishes eligibility information about the consumer to its affiliated depository institution. Based on that eligibility information, the depository institution wants to make a solicitation to the consumer about its deposit products. The depository institution does not have a pre-existing business relationship with the consumer and none of the other exceptions in paragraph (c) of this section apply. The consumer has been given an opt-out notice and has elected to opt out of receiving such solicitations. The depository institution asks a service provider to send the solicitation to the consumer on its behalf. The service provider may not send the solicitation on behalf of the depository institution because, as a result of the consumer's opt-out election, the depository institution is not permitted to make the solicitation.

(ii) The same facts as in paragraph (d)(2)(i) of this section, except the consumer has been given an opt-out notice, but has not elected to opt out. The depository institution asks a service provider to send the solicitation to

the consumer on its behalf. The service provider may send the solicitation on behalf of the depository institution because, as a result of the consumer's not opting out, the depository institution is permitted to make the solicitation.

(3) *Examples of consumer-initiated communications.* (i) A consumer who has a deposit account with a depository institution initiates a communication with the depository institution's credit card affiliate to request information about a credit card. The credit card affiliate may use eligibility information about the consumer it obtains from the depository institution or any other affiliate to make solicitations regarding credit card products in response to the consumer-initiated communication.

(ii) A consumer who has a deposit account with a depository institution contacts the institution to request information about how to save and invest for a child's college education without specifying the type of product in which the consumer may be interested. Information about a range of different products or services offered by the depository institution and one or more affiliates of the institution may be responsive to that communication. Such products or services may include the following: Mutual funds offered by the institution's mutual fund affiliate; section 529 plans offered by the institution, its mutual fund affiliate, or another securities affiliate; or trust services offered by a different financial institution in the affiliated group. Any affiliate offering investment products or services that would be responsive to the consumer's request for information about saving and investing for a child's college education may use eligibility information to make solicitations to the consumer in response to this communication.

(iii) A credit card issuer makes a marketing call to the consumer without using eligibility information received from an affiliate. The issuer leaves a voice-mail message that invites the consumer to call a toll-free number to apply for the issuer's credit card. If the consumer calls the toll-free number to inquire about the credit card, the call is a consumer-initiated communication about a product or service and the credit card issuer may

## § 41.22

## 12 CFR Ch. I (1–1–09 Edition)

now use eligibility information it receives from its affiliates to make solicitations to the consumer.

(iv) A consumer calls a depository institution to ask about retail locations and hours, but does not request information about products or services. The institution may not use eligibility information it receives from an affiliate to make solicitations to the consumer about its products or services because the consumer-initiated communication does not relate to the depository institution's products or services. Thus, the use of eligibility information received from an affiliate would not be responsive to the communication and the exception does not apply.

(v) A consumer calls a depository institution to ask about retail locations and hours. The customer service representative asks the consumer if there is a particular product or service about which the consumer is seeking information. The consumer responds that the consumer wants to stop in and find out about certificates of deposit. The customer service representative offers to provide that information by telephone and mail additional information and application materials to the consumer. The consumer agrees and provides or confirms contact information for receipt of the materials to be mailed. The depository institution may use eligibility information it receives from an affiliate to make solicitations to the consumer about certificates of deposit because such solicitations would respond to the consumer-initiated communication about products or services.

(4) *Examples of consumer authorization or request for solicitations.* (i) A consumer who obtains a mortgage from a mortgage lender authorizes or requests information about homeowner's insurance offered by the mortgage lender's insurance affiliate. Such authorization or request, whether given to the mortgage lender or to the insurance affiliate, would permit the insurance affiliate to use eligibility information about the consumer it obtains from the mortgage lender or any other affiliate to make solicitations to the consumer about homeowner's insurance.

(ii) A consumer completes an online application to apply for a credit card

from a credit card issuer. The issuer's online application contains a blank check box that the consumer may check to authorize or request information from the credit card issuer's affiliates. The consumer checks the box. The consumer has authorized or requested solicitations from the card issuer's affiliates.

(iii) A consumer completes an online application to apply for a credit card from a credit card issuer. The issuer's online application contains a pre-selected check box indicating that the consumer authorizes or requests information from the issuer's affiliates. The consumer does not deselect the check box. The consumer has not authorized or requested solicitations from the card issuer's affiliates.

(iv) The terms and conditions of a credit card account agreement contain preprinted boilerplate language stating that by applying to open an account the consumer authorizes or requests to receive solicitations from the credit card issuer's affiliates. The consumer has not authorized or requested solicitations from the card issuer's affiliates.

(e) *Relation to affiliate-sharing notice and opt-out.* Nothing in this subpart limits the responsibility of a person to comply with the notice and opt-out provisions of section 603(d)(2)(A)(iii) of the Act where applicable.

### § 41.22 Scope and duration of opt-out.

(a) *Scope of opt-out.* (1) *In general.* Except as otherwise provided in this section, the consumer's election to opt out prohibits any affiliate covered by the opt-out notice from using eligibility information received from another affiliate as described in the notice to make solicitations to the consumer.

(2) *Continuing relationship.* (i) *In general.* If the consumer establishes a continuing relationship with a bank or its affiliate, an opt-out notice may apply to eligibility information obtained in connection with—

(A) A single continuing relationship or multiple continuing relationships that the consumer establishes with the bank or its affiliates, including continuing relationships established subsequent to delivery of the opt-out notice,

so long as the notice adequately describes the continuing relationships covered by the opt-out; or

(B) Any other transaction between the consumer and the bank or its affiliates as described in the notice.

(ii) *Examples of continuing relationships.* A consumer has a continuing relationship with a bank or its affiliate if the consumer—

(A) Opens a deposit or investment account with the bank or its affiliate;

(B) Obtains a loan for which the bank or its affiliate owns the servicing rights;

(C) Purchases an insurance product from the bank or its affiliate;

(D) Holds an investment product through the bank or its affiliate, such as when the bank acts or its affiliate acts as a custodian for securities or for assets in an individual retirement arrangement;

(E) Enters into an agreement or understanding with the bank or its affiliate whereby the bank or its affiliate undertakes to arrange or broker a home mortgage loan for the consumer;

(F) Enters into a lease of personal property with the bank or its affiliate; or

(G) Obtains financial, investment, or economic advisory services from the bank or its affiliate for a fee.

(3) *No continuing relationship.* (i) *In general.* If there is no continuing relationship between a consumer and a bank or its affiliate, and the bank or its affiliate obtains eligibility information about the consumer in connection with a transaction with the consumer, such as an isolated transaction or a credit application that is denied, an opt-out notice provided to the consumer only applies to eligibility information obtained in connection with that transaction.

(ii) *Examples of isolated transactions.* An isolated transaction occurs if—

(A) The consumer uses a bank's or its affiliate's ATM to withdraw cash from an account at another financial institution; or

(B) A bank or its affiliate sells the consumer a cashier's check or money order, airline tickets, travel insurance, or traveler's checks in isolated transactions.

(4) *Menu of alternatives.* A consumer may be given the opportunity to choose from a menu of alternatives when electing to prohibit solicitations, such as by electing to prohibit solicitations from certain types of affiliates covered by the opt-out notice but not other types of affiliates covered by the notice, electing to prohibit solicitations based on certain types of eligibility information but not other types of eligibility information, or electing to prohibit solicitations by certain methods of delivery but not other methods of delivery. However, one of the alternatives must allow the consumer to prohibit all solicitations from all of the affiliates that are covered by the notice.

(5) *Special rule for a notice following termination of all continuing relationships.* (i) *In general.* A consumer must be given a new opt-out notice if, after all continuing relationships with a bank or its affiliate(s) are terminated, the consumer subsequently establishes another continuing relationship with the bank or its affiliate(s) and the consumer's eligibility information is to be used to make a solicitation. The new opt-out notice must apply, at a minimum, to eligibility information obtained in connection with the new continuing relationship. Consistent with paragraph (b) of this section, the consumer's decision not to opt out after receiving the new opt-out notice would not override a prior opt-out election by the consumer that applies to eligibility information obtained in connection with a terminated relationship, regardless of whether the new opt-out notice applies to eligibility information obtained in connection with the terminated relationship.

(ii) *Example.* A consumer has a checking account with a depository institution that is part of an affiliated group. The consumer closes the checking account. One year after closing the checking account, the consumer opens a savings account with the same depository institution. The consumer must be given a new notice and opportunity to opt out before the depository institution's affiliates may make solicitations to the consumer using eligibility information obtained by the depository institution in connection with the new

## § 41.23

## 12 CFR Ch. I (1-1-09 Edition)

savings account relationship, regardless of whether the consumer opted out in connection with the checking account.

(b) *Duration of opt-out.* The election of a consumer to opt out must be effective for a period of at least five years (the “opt-out period”) beginning when the consumer’s opt-out election is received and implemented, unless the consumer subsequently revokes the opt-out in writing or, if the consumer agrees, electronically. An opt-out period of more than five years may be established, including an opt-out period that does not expire unless revoked by the consumer.

(c) *Time of opt-out.* A consumer may opt out at any time.

### § 41.23 Contents of opt-out notice; consolidated and equivalent notices.

(a) *Contents of opt-out notice.* (1) *In general.* A notice must be clear, conspicuous, and concise, and must accurately disclose:

(i) The name of the affiliate(s) providing the notice. If the notice is provided jointly by multiple affiliates and each affiliate shares a common name, such as “ABC,” then the notice may indicate that it is being provided by multiple companies with the ABC name or multiple companies in the ABC group or family of companies, for example, by stating that the notice is provided by “all of the ABC companies,” “the ABC banking, credit card, insurance, and securities companies,” or by listing the name of each affiliate providing the notice. But if the affiliates providing the joint notice do not all share a common name, then the notice must either separately identify each affiliate by name or identify each of the common names used by those affiliates, for example, by stating that the notice is provided by “all of the ABC and XYZ companies” or by “the ABC banking and credit card companies and the XYZ insurance companies”

(ii) A list of the affiliates or types of affiliates whose use of eligibility information is covered by the notice, which may include companies that become affiliates after the notice is provided to the consumer. If each affiliate covered by the notice shares a common name,

such as “ABC,” then the notice may indicate that it applies to multiple companies with the ABC name or multiple companies in the ABC group or family of companies, for example, by stating that the notice is provided by “all of the ABC companies,” “the ABC banking, credit card, insurance, and securities companies,” or by listing the name of each affiliate providing the notice. But if the affiliates covered by the notice do not all share a common name, then the notice must either separately identify each covered affiliate by name or identify each of the common names used by those affiliates, for example, by stating that the notice applies to “all of the ABC and XYZ companies” or to “the ABC banking and credit card companies and the XYZ insurance companies”;

(iii) A general description of the types of eligibility information that may be used to make solicitations to the consumer;

(iv) That the consumer may elect to limit the use of eligibility information to make solicitations to the consumer;

(v) That the consumer’s election will apply for the specified period of time stated in the notice and, if applicable, that the consumer will be allowed to renew the election once that period expires;

(vi) If the notice is provided to consumers who may have previously opted out, such as if a notice is provided to consumers annually, that the consumer who has chosen to limit solicitations does not need to act again until the consumer receives a renewal notice; and

(vii) A reasonable and simple method for the consumer to opt out.

(2) *Joint relationships.* (i) If two or more consumers jointly obtain a product or service, a single opt-out notice may be provided to the joint consumers. Any of the joint consumers may exercise the right to opt out.

(ii) The opt-out notice must explain how an opt-out direction by a joint consumer will be treated. An opt-out direction by a joint consumer may be treated as applying to all of the associated joint consumers, or each joint consumer may be permitted to opt-out separately. If each joint consumer is permitted to opt out separately, one of

the joint consumers must be permitted to opt out on behalf of all of the joint consumers and the joint consumers must be permitted to exercise their separate rights to opt out in a single response.

(iii) It is impermissible to require *all* joint consumers to opt out before implementing *any* opt-out direction.

(3) *Alternative contents.* If the consumer is afforded a broader right to opt out of receiving marketing than is required by this subpart, the requirements of this section may be satisfied by providing the consumer with a clear, conspicuous, and concise notice that accurately discloses the consumer's opt-out rights.

(4) *Model notices.* Model notices are provided in appendix C of this part.

(b) *Coordinated and consolidated notices.* A notice required by this subpart may be coordinated and consolidated with any other notice or disclosure required to be issued under any other provision of law by the entity providing the notice, including but not limited to the notice described in section 603(d)(2)(A)(iii) of the Act and the Gramm-Leach-Bliley Act privacy notice.

(c) *Equivalent notices.* A notice or other disclosure that is equivalent to the notice required by this subpart, and that is provided to a consumer together with disclosures required by any other provision of law, satisfies the requirements of this section.

**§41.24 Reasonable opportunity to opt out.**

(a) *In general.* A bank must not use eligibility information about a consumer that it receives from an affiliate to make a solicitation to the consumer about the bank's products or services, unless the consumer is provided a reasonable opportunity to opt out, as required by §41.21(a)(1)(ii) of this part.

(b) *Examples of a reasonable opportunity to opt out.* The consumer is given a reasonable opportunity to opt out if:

(1) *By mail.* The opt-out notice is mailed to the consumer. The consumer is given 30 days from the date the notice is mailed to elect to opt out by any reasonable means.

(2) *By electronic means.* (i) The opt-out notice is provided electronically to the

consumer, such as by posting the notice at an Internet Web site at which the consumer has obtained a product or service. The consumer acknowledges receipt of the electronic notice. The consumer is given 30 days after the date the consumer acknowledges receipt to elect to opt out by any reasonable means.

(ii) The opt-out notice is provided to the consumer by e-mail where the consumer has agreed to receive disclosures by e-mail from the person sending the notice. The consumer is given 30 days after the e-mail is sent to elect to opt out by any reasonable means.

(3) *At the time of an electronic transaction.* The opt-out notice is provided to the consumer at the time of an electronic transaction, such as a transaction conducted on an Internet Web site. The consumer is required to decide, as a necessary part of proceeding with the transaction, whether to opt out before completing the transaction. There is a simple process that the consumer may use to opt out at that time using the same mechanism through which the transaction is conducted.

(4) *At the time of an in-person transaction.* The opt-out notice is provided to the consumer in writing at the time of an in-person transaction. The consumer is required to decide, as a necessary part of proceeding with the transaction, whether to opt out before completing the transaction, and is not permitted to complete the transaction without making a choice. There is a simple process that the consumer may use during the course of the in-person transaction to opt out, such as completing a form that requires consumers to write a "yes" or "no" to indicate their opt-out preference or that requires the consumer to check one of two blank check boxes—one that allows consumers to indicate that they want to opt out and one that allows consumers to indicate that they do not want to opt out.

(5) *By including in a privacy notice.* The opt-out notice is included in a Gramm-Leach-Bliley Act privacy notice. The consumer is allowed to exercise the opt-out within a reasonable period of time and in the same manner as the opt-out under that privacy notice.

## § 41.25

### § 41.25 Reasonable and simple methods of opting out.

(a) *In general.* A bank must not use eligibility information about a consumer that it receives from an affiliate to make a solicitation to the consumer about its products or services, unless the consumer is provided a reasonable and simple method to opt out, as required by § 41.21(a)(1)(ii) of this part.

(b) *Examples.* (1) *Reasonable and simple opt-out methods.* Reasonable and simple methods for exercising the opt-out right include—

(i) Designating a check-off box in a prominent position on the opt-out form;

(ii) Including a reply form and a self-addressed envelope together with the opt-out notice;

(iii) Providing an electronic means to opt out, such as a form that can be electronically mailed or processed at an Internet Web site, if the consumer agrees to the electronic delivery of information;

(iv) Providing a toll-free telephone number that consumers may call to opt out; or

(v) Allowing consumers to exercise all of their opt-out rights described in a consolidated opt-out notice that includes the privacy opt-out under the Gramm-Leach-Bliley Act, 15 U.S.C. 6801 *et seq.*, the affiliate sharing opt-out under the Act, and the affiliate marketing opt-out under the Act, by a single method, such as by calling a single toll-free telephone number.

(2) Opt-out methods that are not reasonable and simple. Reasonable and simple methods for exercising an opt-out right *do not* include—

(i) Requiring the consumer to write his or her own letter;

(ii) Requiring the consumer to call or write to obtain a form for opting out, rather than including the form with the opt-out notice;

(iii) Requiring the consumer who receives the opt-out notice in electronic form only, such as through posting at an Internet Web site, to opt out solely by paper mail or by visiting a different Web site without providing a link to that site.

(c) *Specific opt-out means.* Each consumer may be required to opt out through a specific means, as long as

## 12 CFR Ch. I (1–1–09 Edition)

that means is reasonable and simple for that consumer.

### § 41.26 Delivery of opt-out notices.

(a) *In general.* The opt-out notice must be provided so that each consumer can reasonably be expected to receive actual notice. For opt-out notices provided electronically, the notice may be provided in compliance with either the electronic disclosure provisions in this subpart or the provisions in section 101 of the Electronic Signatures in Global and National Commerce Act, 15 U.S.C. 7001 *et seq.*

(b) *Examples of reasonable expectation of actual notice.* A consumer may reasonably be expected to receive actual notice if the affiliate providing the notice:

(1) Hand-delivers a printed copy of the notice to the consumer;

(2) Mails a printed copy of the notice to the last known mailing address of the consumer;

(3) Provides a notice by e-mail to a consumer who has agreed to receive electronic disclosures by e-mail from the affiliate providing the notice; or

(4) Posts the notice on the Internet Web site at which the consumer obtained a product or service electronically and requires the consumer to acknowledge receipt of the notice.

(c) *Examples of no reasonable expectation of actual notice.* A consumer may not reasonably be expected to receive actual notice if the affiliate providing the notice:

(1) Only posts the notice on a sign in a branch or office or generally publishes the notice in a newspaper;

(2) Sends the notice via e-mail to a consumer who has not agreed to receive electronic disclosures by e-mail from the affiliate providing the notice; or

(3) Posts the notice on an Internet Web site without requiring the consumer to acknowledge receipt of the notice.

### § 41.27 Renewal of opt-out.

(a) *Renewal notice and opt-out requirement.* (1) *In general.* After the opt-out period expires, a bank may not make solicitations based on eligibility information it receives from an affiliate to

a consumer who previously opted out, unless:

(i) The consumer has been given a renewal notice that complies with the requirements of this section and §§41.24 through 41.26 of this part, and a reasonable opportunity and a reasonable and simple method to renew the opt-out, and the consumer does not renew the opt-out; or

(ii) An exception in §41.21(c) of this part applies.

(2) *Renewal period.* Each opt-out renewal must be effective for a period of at least five years as provided in §41.22(b) of this part.

(3) *Affiliates who may provide the notice.* The notice required by this paragraph must be provided:

(i) By the affiliate that provided the previous opt-out notice, or its successor; or (ii) As part of a joint renewal notice from two or more members of an affiliated group of companies, or their successors, that jointly provided the previous opt-out notice.

(b) *Contents of renewal notice.* The renewal notice must be clear, conspicuous, and concise, and must accurately disclose:

(1) The name of the affiliate(s) providing the notice. If the notice is provided jointly by multiple affiliates and each affiliate shares a common name, such as “ABC,” then the notice may indicate that it is being provided by multiple companies with the ABC name or multiple companies in the ABC group or family of companies, for example, by stating that the notice is provided by “all of the ABC companies,” “the ABC banking, credit card, insurance, and securities companies,” or by listing the name of each affiliate providing the notice. But if the affiliates providing the joint notice do not all share a common name, then the notice must either separately identify each affiliate by name or identify each of the common names used by those affiliates, for example, by stating that the notice is provided by “all of the ABC and XYZ companies” or by “the ABC banking and credit card companies and the XYZ insurance companies”;

(2) A list of the affiliates or types of affiliates whose use of eligibility information is covered by the notice, which

may include companies that become affiliates after the notice is provided to the consumer. If each affiliate covered by the notice shares a common name, such as “ABC,” then the notice may indicate that it applies to multiple companies with the ABC name or multiple companies in the ABC group or family of companies, for example, by stating that the notice is provided by “all of the ABC companies,” “the ABC banking, credit card, insurance, and securities companies,” or by listing the name of each affiliate providing the notice. But if the affiliates covered by the notice do not all share a common name, then the notice must either separately identify each covered affiliate by name or identify each of the common names used by those affiliates, for example, by stating that the notice applies to “all of the ABC and XYZ companies” or to “the ABC banking and credit card companies and the XYZ insurance companies”;

(3) A general description of the types of eligibility information that may be used to make solicitations to the consumer;

(4) That the consumer previously elected to limit the use of certain information to make solicitations to the consumer;

(5) That the consumer’s election has expired or is about to expire;

(6) That the consumer may elect to renew the consumer’s previous election;

(7) If applicable, that the consumer’s election to renew will apply for the specified period of time stated in the notice and that the consumer will be allowed to renew the election once that period expires; and

(8) A reasonable and simple method for the consumer to opt out.

(c) *Timing of the renewal notice.* (1) *In general.* A renewal notice may be provided to the consumer either—

(i) A reasonable period of time before the expiration of the opt-out period; or

(ii) Any time after the expiration of the opt-out period but before solicitations that would have been prohibited by the expired opt-out are made to the consumer.

(2) *Combination with annual privacy notice.* If a bank provides an annual privacy notice under the Gramm-Leach-

## § 41.28

## 12 CFR Ch. I (1–1–09 Edition)

Bliley Act, 15 U.S.C. 6801 *et seq.*, providing a renewal notice with the last annual privacy notice provided to the consumer before expiration of the opt-out period is a reasonable period of time before expiration of the opt-out in all cases.

(d) *No effect on opt-out period.* An opt-out period may not be shortened by sending a renewal notice to the consumer before expiration of the opt-out period, even if the consumer does not renew the opt out.

### § 41.28 Effective date, compliance date, and prospective application.

(a) *Effective date.* This subpart is effective January 1, 2008.

(b) *Mandatory compliance date.* Compliance with this subpart is required not later than October 1, 2008.

(c) *Prospective application.* The provisions of this subpart shall not prohibit a bank from using eligibility information that it receives from an affiliate to make solicitations to a consumer if the bank receives such information prior to October 1, 2008. For purposes of this section, a bank is deemed to receive eligibility information when such information is placed into a common database and is accessible by the bank.

### Subpart D—Medical Information

SOURCE: 70 FR 70675, Nov. 22, 2005; 70 FR 75931, Dec. 22, 2005, unless otherwise noted.

### § 41.30 Obtaining or using medical information in connection with a determination of eligibility for credit.

(a) *Scope.* This section applies to:

(1) Any person that participates as a creditor in a transaction and that is a national bank, a Federal branch or agency of a foreign bank, and their respective subsidiaries; or

(2) Any other person that participates as a creditor in a transaction involving a person described in paragraph (a)(1) of this section.

(b) *General prohibition on obtaining or using medical information—(1) In general.* A creditor may not obtain or use medical information pertaining to a consumer in connection with any determination of the consumer's eligibility, or continued eligibility, for credit, except as provided in this section.

(2) *Definitions.* (i) *Credit* has the same meaning as in section 702 of the Equal Credit Opportunity Act, 15 U.S.C. 1691a.

(ii) *Creditor* has the same meaning as in section 702 of the Equal Credit Opportunity Act, 15 U.S.C. 1691a.

(iii) *Eligibility, or continued eligibility, for credit* means the consumer's qualification or fitness to receive, or continue to receive, credit, including the terms on which credit is offered. The term does not include:

(A) Any determination of the consumer's qualification or fitness for employment, insurance (other than a credit insurance product), or other non-credit products or services;

(B) Authorizing, processing, or documenting a payment or transaction on behalf of the consumer in a manner that does not involve a determination of the consumer's eligibility, or continued eligibility, for credit; or

(C) Maintaining or servicing the consumer's account in a manner that does not involve a determination of the consumer's eligibility, or continued eligibility, for credit.

(c) *Rule of construction for obtaining and using unsolicited medical information—(1) In general.* A creditor does not obtain medical information in violation of the prohibition if it receives medical information pertaining to a consumer in connection with any determination of the consumer's eligibility, or continued eligibility, for credit without specifically requesting medical information.

(2) *Use of unsolicited medical information.* A creditor that receives unsolicited medical information in the manner described in paragraph (c)(1) of this section may use that information in connection with any determination of the consumer's eligibility, or continued eligibility, for credit to the extent the creditor can rely on at least one of the exceptions in § 41.30(d) or (e).

(3) *Examples.* A creditor does not obtain medical information in violation of the prohibition if, for example:

(i) In response to a general question regarding a consumer's debts or expenses, the creditor receives information that the consumer owes a debt to a hospital.

(ii) In a conversation with the creditor's loan officer, the consumer informs the creditor that the consumer has a particular medical condition.

(iii) In connection with a consumer's application for an extension of credit, the creditor requests a consumer report from a consumer reporting agency and receives medical information in the consumer report furnished by the agency even though the creditor did not specifically request medical information from the consumer reporting agency.

(d) *Financial information exception for obtaining and using medical information*—(1) *In general.* A creditor may obtain and use medical information pertaining to a consumer in connection with any determination of the consumer's eligibility, or continued eligibility, for credit so long as:

(i) The information is the type of information routinely used in making credit eligibility determinations, such as information relating to debts, expenses, income, benefits, assets, collateral, or the purpose of the loan, including the use of proceeds;

(ii) The creditor uses the medical information in a manner and to an extent that is no less favorable than it would use comparable information that is not medical information in a credit transaction; and

(iii) The creditor does not take the consumer's physical, mental, or behavioral health, condition or history, type of treatment, or prognosis into account as part of any such determination.

(2) *Examples.* (i) *Examples of the types of information routinely used in making credit eligibility determinations.* Paragraph (d)(1)(i) of this section permits a creditor, for example, to obtain and use information about:

(A) The dollar amount, repayment terms, repayment history, and similar information regarding medical debts to calculate, measure, or verify the repayment ability of the consumer, the use of proceeds, or the terms for granting credit;

(B) The value, condition, and lien status of a medical device that may serve as collateral to secure a loan;

(C) The dollar amount and continued eligibility for disability income, workers' compensation income, or other

benefits related to health or a medical condition that is relied on as a source of repayment; or

(D) The identity of creditors to whom outstanding medical debts are owed in connection with an application for credit, including but not limited to, a transaction involving the consolidation of medical debts.

(ii) *Examples of uses of medical information consistent with the exception.* (A) A consumer includes on an application for credit information about two \$20,000 debts. One debt is to a hospital; the other debt is to a retailer. The creditor contacts the hospital and the retailer to verify the amount and payment status of the debts. The creditor learns that both debts are more than 90 days past due. Any two debts of this size that are more than 90 days past due would disqualify the consumer under the creditor's established underwriting criteria. The creditor denies the application on the basis that the consumer has a poor repayment history on outstanding debts. The creditor has used medical information in a manner and to an extent no less favorable than it would use comparable non-medical information.

(B) A consumer indicates on an application for a \$200,000 mortgage loan that she receives \$15,000 in long-term disability income each year from her former employer and has no other income. Annual income of \$15,000, regardless of source, would not be sufficient to support the requested amount of credit. The creditor denies the application on the basis that the projected debt-to-income ratio of the consumer does not meet the creditor's underwriting criteria. The creditor has used medical information in a manner and to an extent that is no less favorable than it would use comparable non-medical information.

(C) A consumer includes on an application for a \$10,000 home equity loan that he has a \$50,000 debt to a medical facility that specializes in treating a potentially terminal disease. The creditor contacts the medical facility to verify the debt and obtain the repayment history and current status of the loan. The creditor learns that the debt is current. The applicant meets the income and other requirements of the

creditor's underwriting guidelines. The creditor grants the application. The creditor has used medical information in accordance with the exception.

(iii) *Examples of uses of medical information inconsistent with the exception.*

(A) A consumer applies for \$25,000 of credit and includes on the application information about a \$50,000 debt to a hospital. The creditor contacts the hospital to verify the amount and payment status of the debt, and learns that the debt is current and that the consumer has no delinquencies in her repayment history. If the existing debt were instead owed to a retail department store, the creditor would approve the application and extend credit based on the amount and repayment history of the outstanding debt. The creditor, however, denies the application because the consumer is indebted to a hospital. The creditor has used medical information, here the identity of the medical creditor, in a manner and to an extent that is less favorable than it would use comparable non-medical information.

(B) A consumer meets with a loan officer of a creditor to apply for a mortgage loan. While filling out the loan application, the consumer informs the loan officer orally that she has a potentially terminal disease. The consumer meets the creditor's established requirements for the requested mortgage loan. The loan officer recommends to the credit committee that the consumer be denied credit because the consumer has that disease. The credit committee follows the loan officer's recommendation and denies the application because the consumer has a potentially terminal disease. The creditor has used medical information in a manner inconsistent with the exception by taking into account the consumer's physical, mental, or behavioral health, condition, or history, type of treatment, or prognosis as part of a determination of eligibility or continued eligibility for credit.

(C) A consumer who has an apparent medical condition, such as a consumer who uses a wheelchair or an oxygen tank, meets with a loan officer to apply for a home equity loan. The consumer meets the creditor's established requirements for the requested home

equity loan and the creditor typically does not require consumers to obtain a debt cancellation contract, debt suspension agreement, or credit insurance product in connection with such loans. However, based on the consumer's apparent medical condition, the loan officer recommends to the credit committee that credit be extended to the consumer only if the consumer obtains a debt cancellation contract, debt suspension agreement, or credit insurance product from a nonaffiliated third party. The credit committee agrees with the loan officer's recommendation. The loan officer informs the consumer that the consumer must obtain a debt cancellation contract, debt suspension agreement, or credit insurance product from a nonaffiliated third party to qualify for the loan. The consumer obtains one of these products and the creditor approves the loan. The creditor has used medical information in a manner inconsistent with the exception by taking into account the consumer's physical, mental, or behavioral health, condition, or history, type of treatment, or prognosis in setting conditions on the consumer's eligibility for credit.

(e) *Specific exceptions for obtaining and using medical information—(1) In general.* A creditor may obtain and use medical information pertaining to a consumer in connection with any determination of the consumer's eligibility, or continued eligibility, for credit:

(i) To determine whether the use of a power of attorney or legal representative that is triggered by a medical condition or event is necessary and appropriate or whether the consumer has the legal capacity to contract when a person seeks to exercise a power of attorney or act as legal representative for a consumer based on an asserted medical condition or event;

(ii) To comply with applicable requirements of local, state, or Federal laws;

(iii) To determine, at the consumer's request, whether the consumer qualifies for a legally permissible special credit program or credit-related assistance program that is:

(A) Designed to meet the special needs of consumers with medical conditions; and

(B) Established and administered pursuant to a written plan that:

(1) Identifies the class of persons that the program is designed to benefit; and

(2) Sets forth the procedures and standards for extending credit or providing other credit-related assistance under the program;

(iv) To the extent necessary for purposes of fraud prevention or detection;

(v) In the case of credit for the purpose of financing medical products or services, to determine and verify the medical purpose of a loan and the use of proceeds;

(vi) Consistent with safe and sound practices, if the consumer or the consumer's legal representative specifically requests that the creditor use medical information in determining the consumer's eligibility, or continued eligibility, for credit, to accommodate the consumer's particular circumstances, and such request is documented by the creditor;

(vii) Consistent with safe and sound practices, to determine whether the provisions of a forbearance practice or program that is triggered by a medical condition or event apply to a consumer;

(viii) To determine the consumer's eligibility for, the triggering of, or the reactivation of a debt cancellation contract or debt suspension agreement if a medical condition or event is a triggering event for the provision of benefits under the contract or agreement; or

(ix) To determine the consumer's eligibility for, the triggering of, or the reactivation of a credit insurance product if a medical condition or event is a triggering event for the provision of benefits under the product.

(2) *Example of determining eligibility for a special credit program or credit assistance program.* A not-for-profit organization establishes a credit assistance program pursuant to a written plan that is designed to assist disabled veterans in purchasing homes by subsidizing the down payment for the home purchase mortgage loans of qualifying veterans. The organization works through mortgage lenders and requires mortgage lenders to obtain medical information about the disability of any consumer that seeks to qualify for the program,

use that information to verify the consumer's eligibility for the program, and forward that information to the organization. A consumer who is a veteran applies to a creditor for a home purchase mortgage loan. The creditor informs the consumer about the credit assistance program for disabled veterans and the consumer seeks to qualify for the program. Assuming that the program complies with all applicable law, including applicable fair lending laws, the creditor may obtain and use medical information about the medical condition and disability, if any, of the consumer to determine whether the consumer qualifies for the credit assistance program.

(3) *Examples of verifying the medical purpose of the loan or the use of proceeds.*

(i) If a consumer applies for \$10,000 of credit for the purpose of financing vision correction surgery, the creditor may verify with the surgeon that the procedure will be performed. If the surgeon reports that surgery will not be performed on the consumer, the creditor may use that medical information to deny the consumer's application for credit, because the loan would not be used for the stated purpose.

(ii) If a consumer applies for \$10,000 of credit for the purpose of financing cosmetic surgery, the creditor may confirm the cost of the procedure with the surgeon. If the surgeon reports that the cost of the procedure is \$5,000, the creditor may use that medical information to offer the consumer only \$5,000 of credit.

(iii) A creditor has an established medical loan program for financing particular elective surgical procedures. The creditor receives a loan application from a consumer requesting \$10,000 of credit under the established loan program for an elective surgical procedure. The consumer indicates on the application that the purpose of the loan is to finance an elective surgical procedure not eligible for funding under the guidelines of the established loan program. The creditor may deny the consumer's application because the purpose of the loan is not for a particular procedure funded by the established loan program.

(4) *Examples of obtaining and using medical information at the request of the*

*consumer.* (i) If a consumer applies for a loan and specifically requests that the creditor consider the consumer's medical disability at the relevant time as an explanation for adverse payment history information in his credit report, the creditor may consider such medical information in evaluating the consumer's willingness and ability to repay the requested loan to accommodate the consumer's particular circumstances, consistent with safe and sound practices. The creditor may also decline to consider such medical information to accommodate the consumer, but may evaluate the consumer's application in accordance with its otherwise applicable underwriting criteria. The creditor may not deny the consumer's application or otherwise treat the consumer less favorably because the consumer specifically requested a medical accommodation, if the creditor would have extended the credit or treated the consumer more favorably under the creditor's otherwise applicable underwriting criteria.

(ii) If a consumer applies for a loan by telephone and explains that his income has been and will continue to be interrupted on account of a medical condition and that he expects to repay the loan by liquidating assets, the creditor may, but is not required to, evaluate the application using the sale of assets as the primary source of repayment, consistent with safe and sound practices, provided that the creditor documents the consumer's request by recording the oral conversation or making a notation of the request in the consumer's file.

(iii) If a consumer applies for a loan and the application form provides a space where the consumer may provide any other information or special circumstances, whether medical or non-medical, that the consumer would like the creditor to consider in evaluating the consumer's application, the creditor may use medical information provided by the consumer in that space on that application to accommodate the consumer's application for credit, consistent with safe and sound practices, or may disregard that information.

(iv) If a consumer specifically requests that the creditor use medical information in determining the con-

sumer's eligibility, or continued eligibility, for credit and provides the creditor with medical information for that purpose, and the creditor determines that it needs additional information regarding the consumer's circumstances, the creditor may request, obtain, and use additional medical information about the consumer as necessary to verify the information provided by the consumer or to determine whether to make an accommodation for the consumer. The consumer may decline to provide additional information, withdraw the request for an accommodation, and have the application considered under the creditor's otherwise applicable underwriting criteria.

(v) If a consumer completes and signs a credit application that is not for medical purpose credit and the application contains boilerplate language that routinely requests medical information from the consumer or that indicates that by applying for credit the consumer authorizes or consents to the creditor obtaining and using medical information in connection with a determination of the consumer's eligibility, or continued eligibility, for credit, the consumer has not specifically requested that the creditor obtain and use medical information to accommodate the consumer's particular circumstances.

(5) *Example of a forbearance practice or program.* After an appropriate safety and soundness review, a creditor institutes a program that allows consumers who are or will be hospitalized to defer payments as needed for up to three months, without penalty, if the credit account has been open for more than one year and has not previously been in default, and the consumer provides confirming documentation at an appropriate time. A consumer is hospitalized and does not pay her bill for a particular month. This consumer has had a credit account with the creditor for more than one year and has not previously been in default. The creditor attempts to contact the consumer and speaks with the consumer's adult child, who is not the consumer's legal representative. The adult child informs the creditor that the consumer is hospitalized and is unable to pay the bill

at that time. The creditor defers payments for up to three months, without penalty, for the hospitalized consumer and sends the consumer a letter confirming this practice and the date on which the next payment will be due. The creditor has obtained and used medical information to determine whether the provisions of a medically-triggered forbearance practice or program apply to a consumer.

### § 41.31 Limits on redisclosure of information.

(a) *Scope.* This section applies to national banks, Federal branches and agencies of foreign banks, and their respective operating subsidiaries.

(b) *Limits on redisclosure.* If a person described in paragraph (a) of this section receives medical information about a consumer from a consumer reporting agency or its affiliate, the person must not disclose that information to any other person, except as necessary to carry out the purpose for which the information was initially disclosed, or as otherwise permitted by statute, regulation, or order.

### § 41.32 Sharing medical information with affiliates.

(a) *Scope.* This section applies to national banks, Federal branches and agencies of foreign banks, and their respective operating subsidiaries.

(b) *In general.* The exclusions from the term “consumer report” in section 603(d)(2) of the Act that allow the sharing of information with affiliates do not apply if a person described in paragraph (a) of this section communicates to an affiliate:

(1) Medical information;

(2) An individualized list or description based on the payment transactions of the consumer for medical products or services; or

(3) An aggregate list of identified consumers based on payment transactions for medical products or services.

(c) *Exceptions.* A person described in paragraph (a) may rely on the exclusions from the term “consumer report” in section 603(d)(2) of the Act to communicate the information in paragraph (b) to an affiliate:

(1) In connection with the business of insurance or annuities (including the activities described in section 18B of the model Privacy of Consumer Financial and Health Information Regulation issued by the National Association of Insurance Commissioners, as in effect on January 1, 2003);

(2) For any purpose permitted without authorization under the regulations promulgated by the Department of Health and Human Services pursuant to the Health Insurance Portability and Accountability Act of 1996 (HIPAA);

(3) For any purpose referred to in section 1179 of HIPAA;

(4) For any purpose described in section 502(e) of the Gramm-Leach-Bliley Act;

(5) In connection with a determination of the consumer’s eligibility, or continued eligibility, for credit consistent with § 41.30; or

(6) As otherwise permitted by order of the OCC.

## Subpart I— Duties of Users of Consumer Reports Regarding Address Discrepancies and Records Disposal

### §§ 41.80–41.81 [Reserved]

### § 41.82 Duties of users regarding address discrepancies.

(a) *Scope.* This section applies to a user of consumer reports (user) that receives a notice of address discrepancy from a consumer reporting agency, and that is a national bank, Federal branch or agency of a foreign bank, or any of their operating subsidiaries that are not functionally regulated within the meaning of section 5(c)(5) of the Bank Holding Company Act of 1956, as amended (12 U.S.C. 1844(c)(5)).

(b) *Definition.* For purposes of this section, a *notice of address discrepancy* means a notice sent to a user by a consumer reporting agency pursuant to 15 U.S.C. 1681c(h)(1), that informs the user of a substantial difference between the address for the consumer that the user provided to request the consumer report and the address(es) in the agency’s file for the consumer.

**§ 41.83**

**12 CFR Ch. I (1–1–09 Edition)**

(c) *Reasonable belief.* (1) *Requirement to form a reasonable belief.* A user must develop and implement reasonable policies and procedures designed to enable the user to form a reasonable belief that a consumer report relates to the consumer about whom it has requested the report, when the user receives a notice of address discrepancy.

(2) *Examples of reasonable policies and procedures.* (i) Comparing the information in the consumer report provided by the consumer reporting agency with information the user:

(A) Obtains and uses to verify the consumer's identity in accordance with the requirements of the Customer Information Program (CIP) rules implementing 31 U.S.C. 5318(1) (31 CFR 103.121);

(B) Maintains in its own records, such as applications, change of address notifications, other customer account records, or retained CIP documentation; or

(C) Obtains from third-party sources; or

(ii) Verifying the information in the consumer report provided by the consumer reporting agency with the consumer.

(d) *Consumer's address.* (1) *Requirement to furnish consumer's address to a consumer reporting agency.* A user must develop and implement reasonable policies and procedures for furnishing an address for the consumer that the user has reasonably confirmed is accurate to the consumer reporting agency from whom it received the notice of address discrepancy when the user:

(i) Can form a reasonable belief that the consumer report relates to the consumer about whom the user requested the report;

(ii) Establishes a continuing relationship with the consumer; and

(iii) Regularly and in the ordinary course of business furnishes information to the consumer reporting agency from which the notice of address discrepancy relating to the consumer was obtained.

(2) *Examples of confirmation methods.* The user may reasonably confirm an address is accurate by:

(i) Verifying the address with the consumer about whom it has requested the report;

(ii) Reviewing its own records to verify the address of the consumer;

(iii) Verifying the address through third-party sources; or

(iv) Using other reasonable means.

(3) *Timing.* The policies and procedures developed in accordance with paragraph (d)(1) of this section must provide that the user will furnish the consumer's address that the user has reasonably confirmed is accurate to the consumer reporting agency as part of the information it regularly furnishes for the reporting period in which it establishes a relationship with the consumer.

(10) *Service provider* means a person that provides a service directly to the financial institution or creditor.

(c) *Periodic Identification of Covered Accounts.* Each financial institution or creditor must periodically determine whether it offers or maintains covered accounts. As a part of this determination, a financial institution or creditor must conduct a risk assessment to determine whether it offers or maintains covered accounts described in paragraph (b)(3)(ii) of this section, taking into consideration:

(1) The methods it provides to open its accounts;

(2) The methods it provides to access its accounts; and

(3) Its previous experiences with identity theft.

(d) *Establishment of an Identity Theft Prevention Program.* (1) *Program requirement.* Each financial institution or creditor that offers or maintains one or more covered accounts must develop and implement a written Identity Theft Prevention Program (Program) that is designed to detect, prevent, and mitigate identity theft in connection with the opening of a covered account or any existing covered account. The Program must be appropriate to the size and complexity of the financial institution or creditor and the nature and scope of its activities.

(b) *Definitions.* For purposes of this section:

(1) *Cardholder* means a consumer who has been issued a credit or debit card.

(2) *Clear and conspicuous* means reasonably understandable and designed to call attention to the nature and significance of the information presented.

(c) *Address validation requirements.* A card issuer must establish and implement reasonable policies and procedures to assess the validity of a change of address if it receives notification of

a change of address for a consumer's debit or credit card account and, within a short period of time afterwards (during at least the first 30 days after it receives such notification), the card issuer receives a request for an additional or replacement card for the same account. Under these circumstances, the card issuer may not issue an additional or replacement card, until, in accordance with its reasonable policies and procedures and for the purpose of assessing the validity of the change of address, the card issuer:

(1)(i) Notifies the cardholder of the request:

(A) At the cardholder's former address; or

(B) By any other means of communication that the card issuer and the cardholder have previously agreed to use; and

(ii) Provides to the cardholder a reasonable means of promptly reporting incorrect address changes; or

(2) Otherwise assesses the validity of the change of address in accordance with the policies and procedures the card issuer has established pursuant to §41.90 of this part.

(d) *Alternative timing of address validation.* A card issuer may satisfy the requirements of paragraph (c) of this section if it validates an address pursuant to the methods in paragraph (c)(1) or (c)(2) of this section when it receives an address change notification, before it receives a request for an additional or replacement card.

(e) *Form of notice.* Any written or electronic notice that the card issuer provides under this paragraph must be clear and conspicuous and provided separately from its regular correspondence with the cardholder.

b. Certain changes may be made to the language or format of the model forms without losing the protection from liability afforded by use of the model forms. These changes

may not be so extensive as to affect the substance, clarity, or meaningful sequence of the language in the model forms. Persons making such extensive revisions will lose the safe harbor that this appendix provides. Acceptable changes include, for example:

1. Rearranging the order of the references to “your income,” “your account history,” and “your credit score.”

4. Substituting other types of affiliates covered by the notice for “credit card,” “insurance,” or “securities” affiliates.
5. Omitting items that are not accurate or applicable. For example, if a person does not limit the duration of the opt-out period, the notice may omit information about the renewal notice.

APPENDICES D–I TO PART 41[RESERVED]

APPENDIX J TO PART 41—INTERAGENCY GUIDELINES ON IDENTITY THEFT DETECTION, PREVENTION, AND MITIGATION

Section 41.90 of this part requires each financial institution and creditor that offers or maintains one or more covered accounts, as defined in §41.90(b)(3) of this part, to develop and provide for the continued administration of a written Program to detect, prevent, and mitigate identity theft in connection with the opening of a covered account or any existing covered account. These guidelines are intended to assist financial institutions and creditors in the formulation and maintenance of a Program that satisfies the requirements of §41.90 of this part.

## I. The Program

In designing its Program, a financial institution or creditor may incorporate, as appropriate, its existing policies, procedures, and other arrangements that control reasonably foreseeable risks to customers or to the safety and soundness of the financial institution or creditor from identity theft.

## II. Identifying Relevant Red Flags

(a) *Risk Factors.* A financial institution or creditor should consider the following factors in identifying relevant Red Flags for covered accounts, as appropriate:

- (1) The types of covered accounts it offers or maintains;
- (2) The methods it provides to open its covered accounts;
- (3) The methods it provides to access its covered accounts; and
- (4) Its previous experiences with identity theft.

(b) *Sources of Red Flags.* Financial institutions and creditors should incorporate relevant Red Flags from sources such as:

- (1) Incidents of identity theft that the financial institution or creditor has experienced;
- (2) Methods of identity theft that the financial institution or creditor has identified that reflect changes in identity theft risks; and
- (3) Applicable supervisory guidance.

(c) *Categories of Red Flags.* The Program should include relevant Red Flags from the following categories, as appropriate. Examples of Red Flags from each of these categories are appended as Supplement A to this appendix J.

- (1) Alerts, notifications, or other warnings received from consumer reporting agencies or service providers, such as fraud detection services;
- (2) The presentation of suspicious documents;
- (3) The presentation of suspicious personal identifying information, such as a suspicious address change;
- (4) The unusual use of, or other suspicious activity related to, a covered account; and
- (5) Notice from customers, victims of identity theft, law enforcement authorities, or other persons regarding possible identity theft in connection with covered accounts held by the financial institution or creditor.

## III. Detecting Red Flags

The Program's policies and procedures should address the detection of Red Flags in connection with the opening of covered accounts and existing covered accounts, such as by:

- (a) Obtaining identifying information about, and verifying the identity of, a person opening a covered account, for example, using the policies and procedures regarding

identification and verification set forth in the Customer Identification Program rules implementing 31 U.S.C. 5318(1) (31 CFR 103.121); and

- (b) Authenticating customers, monitoring transactions, and verifying the validity of change of address requests, in the case of existing covered accounts.

## IV. Preventing and Mitigating Identity Theft

The Program's policies and procedures should provide for appropriate responses to the Red Flags the financial institution or creditor has detected that are commensurate with the degree of risk posed. In determining an appropriate response, a financial institution or creditor should consider aggravating factors that may heighten the risk of identity theft, such as a data security incident that results in unauthorized access to a customer's account records held by the financial institution, creditor, or third party, or notice that a customer has provided information related to a covered account held by the financial institution or creditor to someone fraudulently claiming to represent the financial institution or creditor or to a fraudulent website. Appropriate responses may include the following:

- (a) Monitoring a covered account for evidence of identity theft;
- (b) Contacting the customer;
- (c) Changing any passwords, security codes, or other security devices that permit access to a covered account;
- (d) Reopening a covered account with a new account number;
- (e) Not opening a new covered account;
- (f) Closing an existing covered account;
- (g) Not attempting to collect on a covered account or not selling a covered account to a debt collector;
- (h) Notifying law enforcement; or
- (i) Determining that no response is warranted under the particular circumstances.

## V. Updating the Program

Financial institutions and creditors should update the Program (including the Red Flags determined to be relevant) periodically, to reflect changes in risks to customers or to the safety and soundness of the financial institution or creditor from identity theft, based on factors such as:

- (a) The experiences of the financial institution or creditor with identity theft;
- (b) Changes in methods of identity theft;
- (c) Changes in methods to detect, prevent, and mitigate identity theft;
- (d) Changes in the types of accounts that the financial institution or creditor offers or maintains; and
- (e) Changes in the business arrangements of the financial institution or creditor, including mergers, acquisitions, alliances,

joint ventures, and service provider arrangements.

#### VI. Methods for Administering the Program

(a) *Oversight of Program.* Oversight by the board of directors, an appropriate committee of the board, or a designated employee at the level of senior management should include:

(1) Assigning specific responsibility for the Program's implementation;

(2) Reviewing reports prepared by staff regarding compliance by the financial institution or creditor with §41.90 of this part; and

(3) Approving material changes to the Program as necessary to address changing identity theft risks.

(b) *Reports.* (1) *In general.* Staff of the financial institution or creditor responsible for development, implementation, and administration of its Program should report to the board of directors, an appropriate committee of the board, or a designated employee at the level of senior management, at least annually, on compliance by the financial institution or creditor with §41.90 of this part.

(2) *Contents of report.* The report should address material matters related to the Program and evaluate issues such as: the effectiveness of the policies and procedures of the financial institution or creditor in addressing the risk of identity theft in connection with the opening of covered accounts and with respect to existing covered accounts; service provider arrangements; significant incidents involving identity theft and management's response; and recommendations for material changes to the Program.

(c) *Oversight of service provider arrangements.* Whenever a financial institution or creditor engages a service provider to perform an activity in connection with one or more covered accounts the financial institution or creditor should take steps to ensure that the activity of the service provider is conducted in accordance with reasonable policies and procedures designed to detect, prevent, and mitigate the risk of identity theft. For example, a financial institution or creditor could require the service provider by contract to have policies and procedures to detect relevant Red Flags that may arise in the performance of the service provider's activities, and either report the Red Flags to the financial institution or creditor, or to take appropriate steps to prevent or mitigate identity theft.

#### VII. Other Applicable Legal Requirements

Financial institutions and creditors should be mindful of other related legal requirements that may be applicable, such as:

(a) For financial institutions and creditors that are subject to 31 U.S.C. 5318(g), filing a Suspicious Activity Report in accordance with applicable law and regulation;

(b) Implementing any requirements under 15 U.S.C. 1681c–1(h) regarding the circumstances under which credit may be extended when the financial institution or creditor detects a fraud or active duty alert;

(c) Implementing any requirements for furnishers of information to consumer reporting agencies under 15 U.S.C. 1681s–2, for example, to correct or update inaccurate or incomplete information, and to not report information that the furnisher has reasonable cause to believe is inaccurate; and

(d) Complying with the prohibitions in 15 U.S.C. 1681m on the sale, transfer, and placement for collection of certain debts resulting from identity theft.

#### *Supplement A to Appendix J*

In addition to incorporating Red Flags from the sources recommended in section II.b. of the Guidelines in appendix J of this part, each financial institution or creditor may consider incorporating into its Program, whether singly or in combination, Red Flags from the following illustrative examples in connection with covered accounts:

#### *Alerts, Notifications or Warnings from a Consumer Reporting Agency*

1. A fraud or active duty alert is included with a consumer report.

2. A consumer reporting agency provides a notice of credit freeze in response to a request for a consumer report.

3. A consumer reporting agency provides a notice of address discrepancy, as defined in §41.82(b) of this part.

4. A consumer report indicates a pattern of activity that is inconsistent with the history and usual pattern of activity of an applicant or customer, such as:

a. A recent and significant increase in the volume of inquiries;

b. An unusual number of recently established credit relationships;

c. A material change in the use of credit, especially with respect to recently established credit relationships; or

d. An account that was closed for cause or identified for abuse of account privileges by a financial institution or creditor.

#### *Suspicious Documents*

5. Documents provided for identification appear to have been altered or forged.

6. The photograph or physical description on the identification is not consistent with the appearance of the applicant or customer presenting the identification.

7. Other information on the identification is not consistent with information provided by the person opening a new covered account or customer presenting the identification.

8. Other information on the identification is not consistent with readily accessible information that is on file with the financial

institution or creditor, such as a signature card or a recent check.

9. An application appears to have been altered or forged, or gives the appearance of having been destroyed and reassembled.

*Suspicious Personal Identifying Information*

10. Personal identifying information provided is inconsistent when compared against external information sources used by the financial institution or creditor. For example:

a. The address does not match any address in the consumer report; or

b. The Social Security Number (SSN) has not been issued, or is listed on the Social Security Administration's Death Master File.

11. Personal identifying information provided by the customer is not consistent with other personal identifying information provided by the customer. For example, there is a lack of correlation between the SSN range and date of birth.

12. Personal identifying information provided is associated with known fraudulent activity as indicated by internal or third-party sources used by the financial institution or creditor. For example:

a. The address on an application is the same as the address provided on a fraudulent application; or

b. The phone number on an application is the same as the number provided on a fraudulent application.

13. Personal identifying information provided is of a type commonly associated with fraudulent activity as indicated by internal or third-party sources used by the financial institution or creditor. For example:

a. The address on an application is fictitious, a mail drop, or a prison; or

b. The phone number is invalid, or is associated with a pager or answering service.

14. The SSN provided is the same as that submitted by other persons opening an account or other customers.

15. The address or telephone number provided is the same as or similar to the account number or telephone number submitted by an unusually large number of other persons opening accounts or other customers.

16. The person opening the covered account or the customer fails to provide all required personal identifying information on an application or in response to notification that the application is incomplete.

17. Personal identifying information provided is not consistent with personal identifying information that is on file with the financial institution or creditor.

18. For financial institutions and creditors that use challenge questions, the person opening the covered account or the customer cannot provide authenticating information beyond that which generally would be available from a wallet or consumer report.

*Unusual Use of, or Suspicious Activity Related to, the Covered Account*

19. Shortly following the notice of a change of address for a covered account, the institution or creditor receives a request for a new, additional, or replacement card or a cell phone, or for the addition of authorized users on the account.

20. A new revolving credit account is used in a manner commonly associated with known patterns of fraud patterns. For example:

a. The majority of available credit is used for cash advances or merchandise that is easily convertible to cash (e.g., electronics equipment or jewelry); or

b. The customer fails to make the first payment or makes an initial payment but no subsequent payments.

21. A covered account is used in a manner that is not consistent with established patterns of activity on the account. There is, for example:

a. Nonpayment when there is no history of late or missed payments;

b. A material increase in the use of available credit;

c. A material change in purchasing or spending patterns;

d. A material change in electronic fund transfer patterns in connection with a deposit account; or

e. A material change in telephone call patterns in connection with a cellular phone account.

22. A covered account that has been inactive for a reasonably lengthy period of time is used (taking into consideration the type of account, the expected pattern of usage and other relevant factors).

23. Mail sent to the customer is returned repeatedly as undeliverable although transactions continue to be conducted in connection with the customer's covered account.

24. The financial institution or creditor is notified that the customer is not receiving paper account statements.

25. The financial institution or creditor is notified of unauthorized charges or transactions in connection with a customer's covered account.

*Notice From Customers, Victims of Identity Theft, Law Enforcement Authorities, or Other Persons Regarding Possible Identity Theft in Connection With Covered Accounts Held by the Financial Institution or Creditor*

26. The financial institution or creditor is notified by a customer, a victim of identity theft, a law enforcement authority, or any other person that it has opened a fraudulent account for a person engaged in identity theft.
