

also be permissible to conduct in-house training programs. Further, registrants should ascertain the credentials of any ethics training providers they retain. Thus, persons who provide ethics training should be required to provide proof of satisfactory completion of the proficiency testing requirements applicable to the registrant and evidence of three years of relevant industry or pedagogical experience in the field. This industry experience might include the practice of law in the fields of futures or securities, or employment as a trader or risk manager at a brokerage or end-user firm. Likewise, the Commission believes that registrants should employ as ethics training providers only those persons they reasonably believe in good faith are not subject to any investigations or to bars to registration or to service on a self-regulatory organization governing board or disciplinary panel.

(f)(1) With regard to the frequency and duration of ethics training, it is permissible for a firm to require training on whatever periodic basis and duration the registrant (and relevant self-regulatory organizations) deems appropriate. It may even be appropriate not to require any such specific requirements as, for example, where ethics training could be termed ongoing. For instance, a small entity, sole proprietorship, or even a small section in an otherwise large firm, might satisfy its obligation to remain current with regard to ethics obligations by distribution of periodicals, legal cases, or advisories. Use of the latest information technology, such as Internet websites, can be useful in this regard. In such a context, there would be no structured classes, but the goal should be a continuous awareness of changing industry standards. A corporate culture to maintain high ethical standards should be established on a continuing basis.

(2) On the other hand, larger firms which transact business with a larger segment of the public may wish to implement a training program that requires periodic classwork. In such a situation, the Commission believes it appropriate for registrants to maintain such records as evidence of attendance and of the materials used for training. In the case of a floor broker or floor trader, the applicable contract market or registered derivatives transaction execution facility should maintain such evidence on behalf of its member. This evidence of ethics training could be offered to demonstrate fitness and overall compliance during audits by self-regulatory organizations, and during reviews of contract market or registered derivatives transaction execution facility operations.

(g) The methodology of such training may also be flexible. Recent innovations in information technology have made possible new, fast, and cost-efficient ways for registrants to maintain their awareness of events and changes in the commodity interest markets.

In this regard, the Commission recognizes that the needs of a firm will vary according to its size, personnel, and activities. No format of classes will be required. Rather, such training could be in the form of formal class lectures, video presentation, Internet transmission, or by simple distribution of written materials. These options should provide sufficiently flexible means for adherence to Congressional intent in this area.

(h) Finally, it should be noted that self-regulatory organizations and industry associations will have a significant role in this area. Such organizations may have separate ethics and proficiency standards, including ethics training and testing programs, for their own members.

(B) Where the claimant is a commodity trading advisor, contain a representation that the trading advisor anticipates providing commodity interest trading advice to qualified eligible persons;

(iii) Contain representations that:

(A) Neither the commodity pool operator or commodity trading advisor nor any of its principals is subject to any statutory disqualification under section 8a(2) or 8a(3) of the Act unless such disqualification arises from a matter which was previously disclosed in connection with a previous application for registration if such registration was granted or which was disclosed more than thirty days prior to the filing of the notice under this paragraph (d);

operator or commodity trading advisor;

(vii) Be filed electronically with the National Futures Association through its electronic exemption filing system; and

(viii)(A)(I) Where the claimant is a commodity pool operator, except as provided in paragraph (d)(1)(ii)(A) of this section with respect to single-investor pools and in paragraph (d)(1)(viii)(A)(2) of this section, be received by the National Futures Association:

(i) Before the date the pool first enters into a commodity interest transaction, if the relief claimed is limited to that provided under paragraphs (b)(2), (3) and (4) of this section; or

(ii) Prior to any offer or sale of any participation in the exempt pool if the claimed relief includes that provided under paragraph (b)(1) of this section.

(2) Where participations in a pool have been offered or sold in full compliance with part 4, the notice of a claim for exemption may be filed with the National Futures Association at any time; Provided, That the claim for exemption is otherwise consistent with the duties of the commodity pool operator and the rights of pool participants and that the commodity pool operator notifies the pool participants of his intention, absent objection by the holders of a majority of the units of participation in the pool who are unaffiliated with the commodity pool operator within twenty-one days after the date of the notification, to file a notice of claim for exemption under § 4.7 and such holders have not objected within such period. (2) The notice will be effective upon receipt by the National Futures Association with respect to each pool for which it was made where the claimant is a commodity pool operator and otherwise generally where the claimant is a commodity trading advisor; *Provided*, That any notice which does not include all the required information shall not be effective, and that if at the time the National Futures Association receives the notice an enforcement proceeding brought by the Commission under the Act or the regulations is pending against the pool operator or trading advisor or any of its principals, the exemption will not be effective until twenty-one calendar days after receipt of the notice by the National Futures Association and that in such case an exemption may be denied by the Commission or the National Futures Association or made subject to such conditions as the Commission or the National Futures Association may impose.

(3) Any exemption claimed hereunder shall cease to be effective upon any change which would cause the commodity pool operator of an exempt pool to be ineligible for the relief claimed with respect to such pool or which would cause a commodity trading advisor to be ineligible for the relief claimed. The pool operator or trading advisor must promptly file a notice advising the National Futures Association of such change.

(4)(i) Any exemption from the requirements of § 4.21, 4.22, 4.23, 4.24, 4.25 or 4.26 claimed hereunder with respect to a pool shall not affect the obligation of the commodity pool operator to comply with all other applicable provisions of part 4, the Act and the Commission's rules and regulations, with respect to the pool and any other pool the pool operator operates or intends to operate.

(ii) Any exemption from the requirements of § 4.31, 4.33, 4.34, 4.35 or 4.36 claimed hereunder shall not affect the obligation of the commodity trading advisor to comply with all other applicable provisions of part 4, the Act and the Commission's rules and regulations, with respect to any qualified eligible person and any other client to which the commodity trading advisor

§ 4.8

provides or intends to provide commodity interest trading advice.

(e) *Insignificant deviations from a term, condition or requirement of § 4.7.* (1) A failure to comply with a term or condition of § 4.7 will not result in the loss of the exemption with respect to a particular pool or client if the commodity pool operator or the commodity trading advisor relying on the exemption shows that:

(i) The failure to comply did not pertain to a term, condition or requirement directly intended to protect that particular qualified eligible person;

(ii) The failure to comply was insignificant with respect to the exempt pool as a whole or to the particular exempt account; and

(iii) A good faith and reasonable attempt was made to comply with all applicable terms, conditions and requirements of § 4.7.

(2) A transaction made in reliance on § 4.7 must comply with all applicable terms, conditions and requirements of § 4.7. Where an exemption is established only through reliance upon paragraph (e)(1) of this section, the failure to comply shall nonetheless be actionable by the Commission.

(v) Be filed by a representative duly authorized to bind the pool operator.

(4)(i) The claim of exemption must be filed before the date the commodity pool first enters into a commodity interest transaction.

(ii) The claim of exemption shall be effective upon filing; *Provided, however, That* any exemption claimed hereunder shall cease to be effective upon any change which would render the rep-

(3) For each pool for which the person claims exemption from registration under this paragraph (a)(3):

(i) Interests in the pool are exempt from registration under the Securities Act of 1933, and such interests are offered and sold without marketing to the public in the United States;

(ii) At all times, the pool meets one or the other of the following tests with respect to its commodity interest positions, including positions in security futures products, whether entered into for *bona fide* hedging purposes or otherwise:

(A) The aggregate initial margin and premiums required to establish such positions, determined at the time the most recent position was established, will not exceed 5 percent of the liquidation value of the pool's portfolio, after taking into account unrealized profits and unrealized losses on any such positions it has entered into; *Provided*, That in the case of an option that is in-the-money at the time of purchase, the in-the-money amount as defined in §190.01(x) of this chapter may be excluded in computing such 5 percent; or

(B) The aggregate net notional value of such positions, determined at the time the most recent position was established, does not exceed 100 percent of the liquidation value of the pool's portfolio, after taking into account unrealized profits and unrealized losses on any such positions it has entered into. For the purpose of this paragraph:

(1) The term "notional value" shall be calculated for each such futures position by multiplying the number of contracts by the size of the contract, in contract units (taking into account any multiplier specified in the contract), by the current market price per unit, and for each such option position by multiplying the number of contracts by the size of the contract, adjusted by its delta, in contract units (taking into account any multiplier specified in the contract), by the strike price per unit; and

(2) The person may net contracts with the same underlying commodity across designated contract markets, registered derivatives transaction execution facilities and foreign boards of trade; and

(iii) The person reasonably believes, at the time of investment (or, in the case of an existing pool, at the time of conversion to a pool meeting the criteria of paragraph (a)(3) of this section), that each person who participates in the pool is:

(A) An "accredited investor," as that term is defined in §230.501 of this title;

Commodity Futures Trading Commission

§ 4.13

(B) A trust that is not an accredited investor but that was formed by an accredited investor for the benefit of a family member;

(C) A “knowledgeable employee,” as that term is defined in § 270.3c-5 of this title;

(D) A “qualified eligible person,” as that term is defined in § 4.7(a)(2)(viii)(A) of this chapter; or

(E) A person eligible to participate in a pool for which the pool operator can claim exemption from registration under paragraph (a)(4) of this section; and

(iv) Participations in the pool are not marketed as or in a vehicle for trading in the commodity futures or commodity options markets; *Provided*, That nothing in paragraph (a)(3) of this section shall prohibit the person from claiming an exemption under this section if it additionally operates one or more pools for which it meets the criteria of paragraph (a)(4) of this section; or

(4) For each pool for which the person claims exemption from registration under this paragraph (a)(4):

(i) Interests in the pool are exempt from registration under the Securities Act of 1933, and such interests are offered and sold without marketing to the public in the United States;

(ii) The person reasonably believes, at the time of investment (or, in the case of an existing pool, at the time of conversion to a pool meeting the criteria of paragraph (a)(4) of this section), that:

(A) Each natural person participant (including such person’s self-directed employee benefit plan, if any), is a “qualified eligible person,” as that term is defined in § 4.7(a)(2); and

(B) Each non-natural person participant is a “qualified eligible person,” as that term is defined in § 4.7, or an “accredited investor,” as that term is defined in § 230.501(a)(1)-(3), (a)(7) and (a)(8) of this title; *Provided*, That nothing in paragraph (a)(4) of this section will prohibit the person from claiming an exemption under this section if it additionally operates one or more pools that meet the criteria of paragraph (a)(3) of this section.

(5)(i) Eligibility for exemption under this section is subject to the person

furnishing in written communication physically delivered or delivered through electronic transmission to each prospective participant in the pool:

(A) A statement that the person is exempt from registration with the Commission as a commodity pool operator and that therefore, unlike a registered commodity pool operator, it is not required to deliver a Disclosure Document and a certified annual report to participants in the pool; and

(B) A description of the criteria pursuant to which it qualifies for such exemption from registration.

(ii) The person must make these disclosures by no later than the time it delivers a subscription agreement for the pool to a prospective participant in the pool.

(b)(1) Any person who desires to claim the relief from registration provided by this section, must file electronically a notice of exemption from commodity pool operator registration with the National Futures Association through its electronic exemption filing system. The notice must:

(i) Provide the name, main business address, main business telephone number, main facsimile number and main email address of the person claiming the exemption and the name of the pool for which it is claiming exemption;

(ii) Contain the section number pursuant to which the operator is filing the notice (*i.e.*, § 4.13(a)(1), (a)(2), (a)(3), or (a)(4), or both (a)(3) and (a)(4)) and represent that the pool will be operated in accordance with the criteria of that paragraph or paragraphs; and

(iii) Be filed by a representative duly authorized to bind the person.

(2) The person must file the notice by no later than the time it delivers a subscription agreement for the pool to a prospective participant in the pool; *Provided*, That where a person registered with the Commission as a commodity pool operator intends to withdraw from registration in order to claim exemption hereunder, the person must notify its pool’s participants in written communication physically delivered or delivered through electronic transmission that it intends to withdraw from registration and claim the

exemption, and it must provide each such participant with a right to redeem its interest in the pool prior to the person filing a notice of exemption from registration.

(3) The notice will be effective upon filing, provided the notice is materially complete.

(4) Each person who has filed a notice of exemption from registration under this section must, in the event that any of the information contained or representations made in the notice becomes inaccurate or incomplete, amend the notice through National Futures Association's electronic exemption filing system as may be necessary to render the notice accurate and complete. This amendment must be filed electronically within 15 business days after the pool operator becomes aware of the occurrence of such event.

(c)(1) Each person who has filed a notice of exemption from registration under this section must:

(i) Make and keep all books and records prepared in connection with its activities as a pool operator for a period of five years from the date of preparation;

(ii) Keep such books and records readily accessible during the first two years of the five-year period. All such books and records must be available for inspection upon the request of any representative of the Commission, the United States Department of Justice, or any other appropriate regulatory agency; and

(iii) Submit to such special calls as the Commission may make to demonstrate eligibility for and compliance with the applicable criteria for exemption under this section.

(2) In the event the person distributes an annual report to participants in the pool for which it has filed the notice, the annual report must be presented and computed in accordance with generally accepted accounting principles consistently applied and, if certified by an independent public accountant, so certified in accordance with §1.16 of this chapter as applicable.

(3) Each person who has filed a notice of exemption from registration pursuant to paragraph (a)(1) or (a)(2) of this section must:

(i) Promptly furnish to each participant in the pool a copy of each monthly statement for the pool that the pool operator received from a futures commission merchant pursuant to §1.33 of this chapter; and

(ii) Clearly show on such statement, or on an accompanying supplemental statement, the net profit or loss on all commodity interests closed since the date of the previous statement.

(d) Each person who applies for registration as a commodity pool operator subsequent to claiming relief under paragraph (a)(1) or (a)(2) of this section must include with its application the financial statements and other information required by §4.22(c)(1) through (5) for each pool that it has operated as an operator exempt from registration. That information must be presented and computed in accordance with generally accepted accounting principles consistently applied. If the person is granted registration as a commodity pool operator, it must comply with the provisions of this part with respect to each such pool.

(e)(1) Subject to the provisions of paragraph (e)(2) of this section, if a person who is eligible for exemption from registration as a commodity pool operator under this section nonetheless registers as a commodity pool operator, the person must comply with the provisions of this part with respect to each commodity pool identified on its registration application or supplement thereto.

(2) If a person operates one or more commodity pools described in paragraph (a)(3) or (a)(4) of this section, and one or more commodity pools for which it must be, and is, registered as a commodity pool operator, the person is exempt from the requirements applicable to a registered commodity pool operator with respect to the pool or pools described in paragraph (a)(3) or (a)(4) of this section; *Provided*, That the person:

(i) Furnishes in written communication physically delivered or delivered through electronic transmission to each prospective participant in a pool described in paragraph (a)(3) or (a)(4) of this section that it operates:

(A) A statement that it will operate the pool as if the person was exempt

Commodity Futures Trading Commission

§ 4.14

from registration as a commodity pool operator;

(B) A description of the criteria pursuant to which it will so operate the pool;

(ii) Complies with paragraph (c) of this section; and

(iii) Provides to each existing participant in a pool that the person elects to operate as described in paragraph (a)(3) or (a)(4) of this section a right to redeem the participant's interest in the pool, and informs each such participant of that right no later than the time the person commences to operate the pool as described in paragraph (a)(3) or (a)(4) of this section.

(f) The filing of a notice of exemption from registration under this section will not affect the ability of a person to qualify for exclusion from the definition of the term "commodity pool operator" under § 4.5 in connection with its operation of another trading vehicle that is not covered under this § 4.13.

§ 4.20 Prohibited activities.

(a)(1) Except as provided in paragraph (a)(2) of this section, a commodity pool operator must operate its pool as an entity cognizable as a legal entity separate from that of the pool operator.

(2) The Commission may exempt a corporation from the requirements of paragraph (a)(1) of this section if:

(i) The corporation represents in writing to the Commission that each participant in its pool will be issued stock or other evidences of ownership in the corporation for all funds, securities or other property that the participant contributes for the purchase of an ownership interest in the pool;

§ 4.21 Required delivery of pool Disclosure Document.

(a)(1) Subject to the provisions of paragraph (a)(2) of this section, each commodity pool operator registered or required to be registered under the Act must deliver or cause to be delivered to a prospective participant in a pool that it operates or intends to operate a Disclosure Document for the pool prepared in accordance with §§ 4.24 and 4.25 by no later than the time it delivers to the prospective participant a subscription agreement for the pool; *Provided*, That any information distributed in advance of the delivery of the Disclosure Document to a prospective participant is consistent with or amended by the information contained in the Disclosure Document and with the obligations of the commodity pool operator under the Act, the Commission's regulations issued thereunder, and the laws of any other applicable federal or state authority; *Provided, further*, That in the event such previously distributed information is amended by the Disclosure Document in any material respect, the prospective participant must be in receipt of the Disclosure Document at least 48 hours prior to its subscription being accepted by the pool operator.

(b) The commodity pool operator may not accept or receive funds, securities or other property from a prospective participant unless the pool operator first receives from the prospective participant an acknowledgment signed and dated by the prospective participant stating that the prospective participant received a Disclosure Document for the pool. Where a Disclosure Document is delivered to a prospective pool participant by electronic means, in lieu of a manually signed and dated acknowledgment, the pool operator may establish receipt by electronic means that use a unique identifier to confirm the identity of the recipient of such Disclosure Document, *Provided, however*, That the requirement of § 4.23(a)(3) to retain the acknowledgment specified in this paragraph (b) applies equally to such substitute evidence of receipt, which must be retained either in hard copy form or in another form approved by the Commission.

The application must be made by the pool operator and must:

(iii) Within ten calendar days after receipt of an application for an extension of time, the National Futures Association shall:

(A) Notify the commodity pool operator of the grant or denial of the requested extension, or

(g)(1) A commodity pool operator may initially elect any fiscal year for a pool, but the first fiscal year may not end more than one year after the pool's formation. For purposes of this section, a pool shall be deemed to be formed as of the date the pool operator first receives funds, securities or other property for the purchase of an interest in the pool.

(2) If a commodity pool operator elects a fiscal year other than the calendar year, it must give written notice of the election to all participants and must file the notice with the National Futures Association within 90 calendar days after the date of the pool's formation. If this notice is not given, the pool operator will be deemed to have

(3) The commodity pool operator must continue to use the elected fiscal year for the pool unless it provides written notice of any proposed change to all participants and files such notice with the National Futures Association at least 90 days before the change and the National Futures Association does not disapprove the change within 30 days after the filing of the notice.

(h)(1) Each Account Statement and Annual Report, including an Account Statement or Annual Report provided pursuant to § 4.7(b) or 4.12(b), must contain an oath or affirmation that, to the best of the knowledge and belief of the individual making the oath or affirmation, the information contained in the document is accurate and complete; *Provided, however*, That it shall be unlawful for the individual to make such oath or affirmation if the individual knows or should know that any of the information in the document is not accurate and complete.

(ii) for a commodity pool Account Statement or Annual Report distributed to participants, a facsimile of the manually signed oath or affirmation of such representative may be used so long as the manually signed original is retained in accordance with § 4.23.

(3) For each manually signed oath or affirmation, there must be typed beneath the signed oath or affirmation:

FURTHER, COMMODITY POOLS MAY BE SUBJECT TO SUBSTANTIAL CHARGES FOR MANAGEMENT, AND ADVISORY AND BROKERAGE FEES. TRANSACTIONS ON MARKETS LOCATED OUTSIDE THE UNITED STATES, INCLUDING MARKETS FORMALLY LINKED TO A UNITED STATES MARKET, MAY BE SUBJECT TO REGULATIONS WHICH OFFER DIFFERENT OR DIMINISHED PROTECTION TO THE POOL AND ITS PARTICIPANTS. FURTHER, UNITED STATES REGULATORY AUTHORITIES MAY BE UNABLE TO COMPEL THE ENFORCEMENT OF THE RULES OF REGULATORY AUTHORITIES OR MARKETS IN NON-UNITED STATES JURISDICTIONS WHERE TRANSACTIONS FOR THE POOL MAY BE EFFECTED.

(3) If the potential liability of a participant in the pool is greater than the amount of the participant's contribution for the purchase of an interest in the pool and the profits earned thereon, whether distributed or not, the commodity pool operator must make the following additional statement in

§4.24

17 CFR Ch. I (4-1-09 Edition)

the Risk Disclosure Statement, to be prominently disclosed as the last paragraph thereof:

ALSO, BEFORE YOU DECIDE TO PARTICIPATE IN THIS POOL, YOU SHOULD NOTE THAT YOUR POTENTIAL LIABILITY AS A PARTICIPANT IN THIS POOL FOR TRADING LOSSES AND OTHER EXPENSES OF THE POOL IS NOT LIMITED TO THE AMOUNT OF YOUR CONTRIBUTION FOR THE PURCHASE OF AN INTEREST IN THE POOL AND ANY PROFITS EARNED THEREON. A COMPLETE DESCRIPTION OF THE LIABILITY OF A PARTICIPANT IN THIS POOL IS EXPLAINED MORE FULLY IN THIS DISCLOSURE DOCUMENT.

§ 4.34 General disclosures required.

Except as otherwise provided herein, a Disclosure Document must include the following information.

(a) *Cautionary Statement.* The following Cautionary Statement must be prominently displayed on the cover page of the Disclosure Document:

THE COMMODITY FUTURES TRADING COMMISSION HAS NOT PASSED UPON THE MERITS OF PARTICIPATING IN THIS TRADING PROGRAM NOR HAS THE COMMISSION PASSED ON THE ADEQUACY OR ACCURACY OF THIS DISCLOSURE DOCUMENT.

(b) *Risk Disclosure Statement.* (1) The following Risk Disclosure Statement must be prominently displayed immediately following any disclosures required to appear on the cover page of the Disclosure Document as provided by the Commission, by any applicable federal or state securities laws and regulations or by any applicable laws of non-United States jurisdictions:

Risk Disclosure Statement

THE RISK OF LOSS IN TRADING COMMODITIES CAN BE SUBSTANTIAL. YOU SHOULD THEREFORE CAREFULLY CONSIDER WHETHER SUCH TRADING IS SUITABLE FOR YOU IN LIGHT OF YOUR FINANCIAL CONDITION. IN CONSIDERING WHETHER TO TRADE OR TO AUTHORIZE SOMEONE ELSE TO TRADE FOR YOU, YOU SHOULD BE AWARE OF THE FOLLOWING:

IF YOU PURCHASE A COMMODITY OPTION YOU MAY SUSTAIN A TOTAL LOSS OF THE PREMIUM AND OF ALL TRANSACTION COSTS.

IF YOU PURCHASE OR SELL A COMMODITY FUTURE OR SELL A COMMODITY OPTION YOU MAY SUSTAIN A TOTAL LOSS OF THE INITIAL MARGIN FUNDS AND ANY ADDITIONAL FUNDS THAT YOU DEPOSIT WITH YOUR BROKER TO ESTABLISH OR MAINTAIN YOUR POSITION. IF

THE MARKET MOVES AGAINST YOUR POSITION, YOU MAY BE CALLED UPON BY YOUR BROKER TO DEPOSIT A SUBSTANTIAL AMOUNT OF ADDITIONAL MARGIN FUNDS, ON SHORT NOTICE, IN ORDER TO MAINTAIN YOUR POSITION. IF YOU DO NOT PROVIDE THE REQUESTED FUNDS WITHIN THE PRESCRIBED TIME, YOUR POSITION MAY BE LIQUIDATED AT A LOSS, AND YOU WILL BE LIABLE FOR ANY RESULTING DEFICIT IN YOUR ACCOUNT.

UNDER CERTAIN MARKET CONDITIONS, YOU MAY FIND IT DIFFICULT OR IMPOSSIBLE TO LIQUIDATE A POSITION. THIS CAN OCCUR, FOR EXAMPLE, WHEN THE MARKET MAKES A "LIMIT MOVE."

THE PLACEMENT OF CONTINGENT ORDERS BY YOU OR YOUR TRADING ADVISOR, SUCH AS A "STOP-LOSS" OR "STOP-LIMIT" ORDER, WILL NOT NECESSARILY LIMIT YOUR LOSSES TO THE INTENDED AMOUNTS, SINCE MARKET CONDITIONS MAY MAKE IT IMPOSSIBLE TO EXECUTE SUCH ORDERS.

A "SPREAD" POSITION MAY NOT BE LESS RISKY THAN A SIMPLE "LONG" OR "SHORT" POSITION.

THE HIGH DEGREE OF LEVERAGE THAT IS OFTEN OBTAINABLE IN COMMODITY TRADING CAN WORK AGAINST YOU AS WELL AS FOR YOU. THE USE OF LEVERAGE CAN LEAD TO LARGE LOSSES AS WELL AS GAINS.

IN SOME CASES, MANAGED COMMODITY ACCOUNTS ARE SUBJECT TO SUBSTANTIAL CHARGES FOR MANAGEMENT AND ADVISORY FEES. IT MAY BE NECESSARY FOR THOSE ACCOUNTS THAT ARE SUBJECT TO THESE CHARGES TO MAKE SUBSTANTIAL TRADING PROFITS TO AVOID DEPLETION OR EXHAUSTION OF THEIR ASSETS. THIS DISCLOSURE DOCUMENT CONTAINS, AT PAGE (insert page number), A COMPLETE DESCRIPTION OF EACH FEE TO BE CHARGED TO YOUR ACCOUNT BY THE COMMODITY TRADING ADVISOR.

THIS BRIEF STATEMENT CANNOT DISCLOSE ALL THE RISKS AND OTHER SIGNIFICANT ASPECTS OF THE COMMODITY MARKETS. YOU SHOULD THEREFORE CAREFULLY STUDY THIS DISCLOSURE DOCUMENT AND COMMODITY TRADING BEFORE YOU TRADE, INCLUDING THE DESCRIPTION OF THE PRINCIPAL RISK FACTORS OF THIS INVESTMENT, AT PAGE (insert page number).

(2) If the commodity trading advisor may trade foreign futures or options contracts pursuant to the offered trading program, the Risk Disclosure Statement must further state the following:

YOU SHOULD ALSO BE AWARE THAT THIS COMMODITY TRADING ADVISOR MAY ENGAGE IN TRADING FOREIGN FUTURES OR OPTIONS CONTRACTS. TRANSACTIONS ON MARKETS LOCATED OUTSIDE THE UNITED STATES, INCLUDING MARKETS FORMALLY LINKED TO A UNITED STATES MARKET MAY BE SUBJECT TO REGULATIONS WHICH OFFER DIFFERENT OR DIMINISHED PROTECTION. FURTHER, UNITED STATES REGULATORY AUTHORITIES MAY BE UNABLE TO COMPEL THE ENFORCEMENT OF THE RULES OF REGULATORY AUTHORITIES OR MARKETS IN NON-UNITED STATES JURISDICTIONS WHERE YOUR TRANSACTIONS MAY BE EFFECTED. BEFORE YOU TRADE YOU SHOULD INQUIRE ABOUT ANY RULES RELEVANT TO YOUR PARTICULAR CONTEMPLATED TRANSACTIONS AND ASK THE FIRM WITH WHICH YOU INTEND TO TRADE FOR DETAILS ABOUT THE TYPES OF REDRESS AVAILABLE IN BOTH YOUR LOCAL AND OTHER RELEVANT JURISDICTIONS.

(3) If the commodity trading advisor is not also a registered futures commission merchant, the trading advisor must make the additional following statement in the Risk Disclosure Statement, to be included as the last paragraph thereof:

THIS COMMODITY TRADING ADVISOR IS PROHIBITED BY LAW FROM ACCEPTING FUNDS IN THE TRADING ADVISOR'S NAME FROM A CLIENT FOR TRADING COMMODITY INTERESTS. YOU MUST PLACE ALL FUNDS FOR TRADING IN THIS TRADING PROGRAM DIRECTLY WITH A FUTURES COMMISSION MERCHANT.

(c) *Table of contents.* A table of contents showing, by subject matter, the location of the disclosures made in the Disclosure Document, must appear immediately following the Risk Disclosure Statement.

(d) *Information required in the forepart of the Disclosure Document.* (1) The name, address of the main business office, main business telephone number and form of organization of the commodity trading advisor. If the mailing address of the main business office is a post office box number or is not within the United States, its territories or possessions, the trading advisor must state where its books and records will be kept and made available for inspection; and

(i) *Fees.* A complete description of each fee which the commodity trading advisor will charge the client.

(1) Wherever possible, the trading advisor must specify the dollar amount of each such fee.

(2) Where any fee is determined by reference to a base amount including, but not limited to, "net assets," "gross profits," "net profits" or "net gains," the trading advisor must explain how such base amount will be calculated.

(3) Where any fee is based on an increase in the value of the client's commodity interest account, the trading advisor must specify how that increase is calculated, the period of time during which the increase is calculated, the fee to be charged at the end of that period and the value of the account at which payment of the fee commences.

(j) *Conflicts of interest.* (1) A full description of any actual or potential conflicts of interest regarding any aspect of the trading program on the part of:

(i) The commodity trading advisor;

(ii) Any futures commission merchant with which the client will be required to maintain its commodity interest account;

(iii) Any introducing broker through which the client will be required to introduce its account to a futures commission merchant; and

(iv) Any principal of the foregoing.

(2) Any other material conflict involving any aspect of the offered trading program.

(3) Included in the description of any such conflict must be any arrangement whereby the trading advisor or any principal thereof may benefit, directly

§ 4.35

17 CFR Ch. I (4–1–09 Edition)

or indirectly, from the maintenance of the client's commodity interest account with a futures commission merchant or the introduction of such account through an introducing broker (such as payment for order flow or soft dollar arrangements).

(k) *Litigation.* (1) Subject to the provisions of § 4.34(k)(2), any material administrative, civil or criminal action, whether pending or concluded, within five years preceding the date of the Document, against any of the following persons; *Provided, however*, that a concluded action that resulted in an adjudication on the merits in favor of such person need not be disclosed:

(i) The commodity trading advisor and any principal thereof;

(ii) Any futures commission merchant with which the client will be required to maintain its commodity interest account; and

(iii) Any introducing broker through which the client will be required to introduce its account to the futures commission merchant.

(2) With respect to a futures commission merchant or an introducing broker, an action will be considered material if:

(i) The action would be required to be disclosed in the notes to the futures commission merchant's or introducing broker's financial statements prepared pursuant to generally accepted accounting principles;

(ii) The action was brought by the Commission; *Provided, however*, that a concluded action that did not result in civil monetary penalties exceeding \$50,000 need not be disclosed unless it involved allegations of fraud or other willful misconduct; or

(iii) The action was brought by any other federal or state regulatory agency, a non-United States regulatory agency or a self-regulatory organization and involved allegations of fraud or other willful misconduct.

(l) *Trading for own account.* If the commodity trading advisor or any principal thereof trades or intends to trade commodity interests for its own account, the trading advisor must disclose whether clients will be permitted to inspect the records of such person's trading and any written policies related to such trading.

(m) *Performance disclosures.* Past performance must be disclosed as set forth in § 4.35.

(n) *Supplemental information.* If any information, other than that required by Commission rules, the antifraud provisions of the Act, other federal or state laws and regulations, any rules of a self-regulatory agency or laws of a non-United States jurisdiction, is provided, such information:

(1) May not be misleading in content or presentation or inconsistent with the required disclosures;

(ii) Supplemental non-performance information relating to a required disclosure may be included with the related required disclosure; and

(iii) Other supplemental information may be included after all required disclosures; *Provided, however*, That any proprietary trading results as defined in § 4.35(a)(7), and any hypothetical, extracted, pro forma or simulated trading results included in the Disclosure Document must appear as the last disclosure therein following all required and non-required disclosures.

(o) *Material information.* Nothing set forth in §§ 4.31, 4.34, 4.35 or 4.36 shall relieve a commodity trading advisor from any obligation under the Act or the regulations thereunder, including the obligation to disclose all material information to existing or prospective clients even if the information is not specifically required by such sections.

Subpart D—Advertising

§ 4.40 [Reserved]

§ 4.41 Advertising by commodity pool operators, commodity trading advisors, and the principals thereof.

(a) No commodity pool operator, commodity trading advisor, or any principal thereof, may advertise in a manner which:

(1) Employs any device, scheme or artifice to defraud any participant or client or prospective participant or client;

(2) Involves any transaction, practice or course of business which operates as a fraud or deceit upon any participant or client or any prospective participant or client; or

(3) Refers to any testimonial, unless the advertisement or sales literature providing the testimonial prominently discloses:

(i) That the testimonial may not be representative of the experience of other clients;

(ii) That the testimonial is no guarantee of future performance or success; and

(iii) If, more than a nominal sum is paid, the fact that it is a paid testimonial.

(b)(1) No person may present the performance of any simulated or hypothetical commodity interest account, transaction in a commodity interest or series of transactions in a commodity interest of a commodity pool operator, commodity trading advisor, or any principal thereof, unless such performance is accompanied by one of the following:

(i) The following statement: “These results are based on simulated or hypothetical performance results that have certain inherent limitations. Unlike

the results shown in an actual performance record, these results do not represent actual trading. Also, because these trades have not actually been executed, these results may have under- or over-compensated for the impact, if any, of certain market factors, such as lack of liquidity. Simulated or hypothetical trading programs in general are also subject to the fact that they are designed with the benefit of hindsight. No representation is being made that any account will or is likely to achieve profits or losses similar to these being shown.” ; or

(ii) A statement prescribed pursuant to rules promulgated by a registered futures association pursuant to section 17(j) of the Act.

(2) If the presentation of such simulated or hypothetical performance is other than oral, the prescribed statement must be prominently disclosed and in immediate proximity to the simulated or hypothetical performance being presented.

(c) The provisions of this section shall apply:

(1) To any publication, distribution or broadcast of any report, letter, circular, memorandum, publication, writing, advertisement or other literature or advice, whether by electronic media or otherwise, including information provided via internet or e-mail, the texts of standardized oral presentations and of radio, television, seminar or similar mass media presentations; and

(2) Regardless of whether the commodity pool operator or commodity trading advisor is exempt from registration under the Act.

APPENDIX A TO PART 4—GUIDANCE ON THE APPLICATION OF RULE 4.13(a)(3) IN THE FUND-OF-FUNDS CONTEXT

The following provides guidance on the application of the trading limits of Rule 4.13(a)(3)(ii) to commodity pool operators (CPOs) who operate “fund-of-funds.” For the purpose of this appendix A, it is presumed that the CPO can comply with all of the other requirements of Rule 4.13(a)(3). It also

is presumed that where the investor fund CPO is relying on its own computations, the investor fund is participating in each investee fund that trades commodity interests as a passive investor, with limited liability (*e.g.*, as a limited partner of a limited partnership or a non-managing member of a limited liability company). Fund-of-funds CPOs who seek to claim exemption from registration under Rule 4.13(a)(1), (a)(2) or (a)(4) may do so without regard to the trading engaged in by an investee fund, because none of the registration exemptions set forth in those rules concerns limits on or levels of commodity interest trading. Persons whose fact situations do not fit any of the scenarios below should contact Commission staff to discuss the applicability of the registration exemption in Rule 4.13(a)(3) to their particular situations.

1. *Situation:* An investor fund CPO allocates the fund's assets to one or more investee funds, none of which meets the trading limits of Rule 4.13(a)(3) and each of which is operated by a registered CPO. It does not allocate any of the investor fund's assets directly to commodity interest trading.

Application: The investor fund CPO may claim relief under Rule 4.13(a)(3) provided the investor fund itself meets the trading limits of Rule 4.13(a)(3)(ii)(A).

2. *Situation:* An investor fund CPO allocates the fund's assets to one or more investee funds, each having a CPO who is either: (1) itself claiming exemption from CPO registration under Rule 4.13(a)(3); or (2) a registered CPO that is complying with the trading restrictions of Rule 4.13(a)(3). It does not allocate any of the investor fund's assets directly to commodity interest trading.

Application: The investor fund CPO fund may rely upon the representations of the investee fund CPOs that they are complying with the trading limits of Rule 4.13(a)(3).

3. *Situation:* An investor fund CPO allocates the fund's assets to investee funds, each of which operates under a percentage restriction on the amount of margin or option premiums that may be used to establish its commodity interest positions (whether pursuant to Rule 4.12(b), Rule 4.13(a)(3)(ii)(A) or otherwise), by, *e.g.*, contractual agreement. It does not allocate any of the investor fund's assets directly to commodity interest trading.

Application: The CPO of the investor fund may multiply the percentage restriction applicable to each investee fund by the percentage of the investor fund's allocation of assets to that investee fund to determine whether the CPO is operating the investor fund in compliance with Rule 4.13(a)(3)(ii)(A).

4. *Situation:* An investor fund CPO allocates the fund's assets to one or more investee funds, and it has actual knowledge of the trading limits and commodity interest positions of the investee funds, *e.g.*, where the

CPO or one or more affiliates of the CPO operate the investee funds. (For this purpose, an "affiliate" is a person who controls, who is controlled by, or who is under common control with, the CPO.) It does not allocate any of the investor fund's assets directly to commodity interest trading.

Application: The investor fund CPO may aggregate commodity interest positions across investee funds to determine compliance with the trading restrictions of Rule 4.13(a)(3). For this purpose, the aggregate assets of the investee funds would be compared to the aggregate of their commodity interest positions (as to margin or as to net notional value). The investor fund CPO should use the results of this computation to determine its compliance with the trading limits of Rule 4.13(a)(3).

5. *Situation:* An investor fund CPO allocates no more than 50 percent of the fund's assets to investee funds that trade commodity interests (without regard to the level of commodity interest trading engaged in by those investee pools). It does not allocate any of the investor fund's assets directly to commodity interest trading.

Application: The investor fund CPO may claim relief under Rule 4.13(a)(3).

6. *Situation:* An investor fund CPO allocates the fund's assets to both investee funds and direct trading of commodity interests.

Application: The investor fund CPO must treat the amount of investor fund assets committed to such direct trading as a separate pool for purposes of determining compliance with Rule 4.13(a)(3)(ii), such that the commodity interest trading of that pool must meet the criteria of Rule 4.13(a)(3)(ii) independently of the portion of investor fund assets allocated to investee funds.

APPENDIX B TO PART 4—ADJUSTMENTS FOR ADDITIONS AND WITHDRAWALS IN THE COMPUTATION OF RATE OF RETURN

This appendix provides guidance concerning alternate methods by which commodity pool operators and commodity trading advisors may calculate the rate of return information required by Rules 4.25(a)(7)(i)(F) and 4.35(a)(6)(i)(F). The methods described herein are illustrative of calculation methods the Commission has reviewed and determined may be appropriate to address potential material distortions in the computation of rate of return due to additions and withdrawals that occur during a performance reporting period. A commodity pool operator or commodity trading advisor may present to the Commission proposals regarding any alternative method of addressing the effect of additions and withdrawals on the rate of

return computation, including documentation supporting the rationale for use of that alternate method.

1. Compounded Rate of Return Method

Rate of return for a period may be calculated by computing the net performance divided by the beginning net asset value for

each trading day in the period and compounding each daily rate of return to determine the rate of return for the period. If daily compounding is not practicable, the rate of return may be compounded on the basis of each sub-period within which an addition or withdrawal occurs during a month. For example:

	Account value	Change in value
Start of month	\$10,000	+10% (\$1,000 profit).
End of 1st acct. period	11,000	\$4,000 addition.
Start of 2nd acct. period	15,000	-20% (\$3,000 loss).
End of 2nd acct. period	12,000	\$2,000 withdrawal.
Start of 3rd acct. period	10,000	+25% (\$2,500 profit).
End of month	12,500	

Compounded ROR = [(1 + .1)(1 - .2)(1 + .25)] - 1 = 10%.

2. Time-weighted method

Time-weighting allows for adjustment to the denominator of the rate of return calculation for additions and withdrawals, weighted for the amount of time such funds were available during the period. Several methods exist for time-weighting, all of which will have the same arithmetic result. These methods include: dividing the net performance by the average weighted account sizes for the month; dividing the net performance by the arithmetic mean of the account sizes for each trading day during the period; and taking the number of days funds were available for trading divided by the total number of days in the period.
