Nuclear Regulatory Commission

§ 75.31 General requirements.

Each licensee or certificate holder who has been given notice by the Commission in writing that its facility has been identified under the Safeguards Agreement shall make, in an appropriate computer-readable format, an initial inventory report, and thereafter shall make accounting reports, with respect to the facility and, in addition, licensees or certificate holders who have been given notice, under §75.7 that their facilities are subject to the application of IAEA safeguards, shall make the special reports described in §75.36. These reports must be based on the records kept under §75.21. At the request of the Commission, the licensee or certificate holder shall amplify or clarify any report with respect to any matter relevant to implementation of the Safeguards Agreement. Any amplification or clarification must be in writing and must be submitted, to the address specified in the request, within 20 days or other time as may be specified by the Commission.

[73 FR 78613, Dec. 23, 2008]

§ 75.32 Initial inventory report.

(a) The initial inventory reporting date shall be the last day of the calendar month in which the Commission gives the licensee notice that an initial inventory report is required.

(b) The initial inventory report, to be submitted to the Commission as specified by the instructions (NUREG/BR–0006 and NMMSS Report D–24 “Personal Computer Data Input for NRC Licensees”), must show the quantities of nuclear material contained in or at a facility as of the initial inventory reporting date. The information in the initial inventory report may be based upon the licensee’s or certificate holder’s book record.

(c) The initial inventory report shall be dispatched within twenty (20) days after the initial inventory reporting date.
