§ 1015.215

of Government credit, such as those arising from loans and loan guaranties. The cost of living adjustment is the percentage by which the Consumer Price Index for the month of June of the calendar year preceding the adjustment exceeds the Consumer Price Index for the month of June of the calendar year in which the debt was determined or last adjusted. Increases to administrative debts shall be computed annually. DOE will use this alternative only when there is a legitimate reason to do so, such as when calculating interest and penalties on a debt would be extremely difficult because of the age of the debt.

(f) When a debt is paid in partial or installment payments, amounts received by DOE shall be applied first to outstanding penalties, second to administrative costs, third to interest, and last to principal.

(g) DOE shall waive the collection of interest and administrative costs imposed pursuant to this section on the portion of the debt that is paid within 30 days after the date on which interest began to accrue. DOE may extend this 30-day period on a case-by-case basis. In addition, DOE may waive interest, penalties, and administrative costs charged under this section, in whole or in part, without regard to the amount of the debt, either under the criteria set forth in these standards for the compromise of debts, or if DOE determines that collection of these charges is against equity and good conscience or is not in the best interest of the United States.

(h) When a debtor requests a waiver or review of the debt, DOE will continue to accrue interest, penalties, and administrative costs during the period collection activity is suspended. Upon completion of DOE's review, interest, penalties, and administrative costs related to the portion of the debt found to be without merit will be waived.

(i) DOE is authorized to impose interest and related charges on debts not subject to 31 U.S.C. 3717, in accordance with the common law.

§ 1015.213 Analysis of costs.

DOE will prepare periodic comparisons of costs incurred and amounts collected. Data on costs and cor-

responding recovery rates for debts of different types and in various dollar ranges will be used to compare the cost effectiveness of alternative collection techniques, establish guidelines with respect to points at which costs of further collection efforts are likely to exceed recoveries, assist in evaluating offers in compromise, and establish minimum debt amounts below which collection efforts need not be taken.

§ 1015.214 Use and disclosure of mailing addresses.

(a) When attempting to locate a debtor in order to collect or compromise a debt under §§ 1015.100–105 of this part or other authority, DOE may send a request to Treasury to obtain a debtor's mailing address from the records of the IRS.

(b) DOE may use mailing addresses obtained under paragraph (a) of this section to enforce collection of a delinquent debt and may disclose such mailing addresses to other agencies and to collection agencies for collection purposes.

§ 1015.215 Federal salary offset.

(a) DOE may authorize Treasury to offset a Federal salary to satisfy delinquent debt in accordance with 5 U.S.C. 5514, Installment Deduction for Indebtedness to the United States; 5 CFR 550.1101 through 550.1108, Collection by Offset from Indebted Government Employees; 31 CFR parts 900–904, the revised Federal Claims Collection Standards; and 31 CFR 285.7, Salary Offset. DOE shall ensure that all of the rights and protections afforded to the debtor under 5 U.S.C. 5514 and 31 CFR 901.3 have been fulfilled. Claims due from Federal employees will be collected in accordance with DOE Order 2200.2B, Collection from Current and Former Employees for Indebtedness to the United States.

(b) As described in § 1015.201(e), under the DCIA (31 U.S.C. 3711(g)), DOE is required to refer all debts over 180 days delinquent to Treasury for purposes of debt collection (*i.e.*, cross-servicing). As part of its regular debt collection procedures, Treasury may use Federal salary offset on behalf of DOE.
