of ADR most suitable for mid-performance disputes are often the non-dispositive forms such as mediation, facilitation and fact-finding, mini-trials, or non-binding arbitration, although binding arbitration is also available.

(d) *Availability of Information on ADR.* Parties are encouraged to consult with the Board regarding the Board's ADR services at the earliest possible time. A handbook describing Board ADR is available from the Board upon request.

### § 1023.9 General guidelines.

(a) The principles of this Overview shall apply to all Board functions unless a specific provision of the relevant rules of practice applies. It is, however, impractical to articulate a rule to fit every circumstance. Accordingly, this part, and the other Board Rules referenced in it, will be interpreted and applied consistent with the Board's responsibility to provide just, expeditious, and inexpensive resolution of cases before it. When Board rules of procedure do not cover a specific situation, a party may contend that the Board should apply pertinent provisions from the Federal Rules of Civil Procedure. However, while the Board may refer to the Federal Rules of Civil Procedure for guidance, such Rules are not binding on the Board absent a ruling or order to the contrary.

(b) The Board is responsible to the parties, the public, and the Secretary for the expeditious resolution of cases before it. Accordingly, subject to the objection of a party, the procedures and time limitations set forth in rules of procedure may be modified, consistent with law and fairness. Presiding judges and hearing officers may issue prehearing orders varying procedures and time limitations if they determine that purposes of the CDA or the interests of justice would be advanced thereby and provided both parties consent. Parties should not consume an entire period authorized for an action if the action can be sooner completed. Informal communication between parties is encouraged to reduce time periods whenever possible.

(c) The Board shall conduct proceedings in compliance with the security regulations and requirements of
