§ 24.3 Public welfare investments.

A national bank or national bank subsidiary may make an investment directly or indirectly under this part if the investment primarily benefits low- and moderate income individuals, low- and moderate income areas, or other areas targeted by a governmental entity for redevelopment, or the investment would receive consideration under 12 CFR 25.23 as a “qualified investment.”

[73 FR 46534, Aug. 11, 2008]

§ 24.4 Investment limits.

(a) Limits on aggregate outstanding investments. A national bank’s aggregate outstanding investments under this part may not exceed 5 percent of its capital and surplus, unless the bank is at least adequately capitalized and the OCC determines, by written approval of a written request by the bank to exceed the 5 percent limit, that a higher amount of investments will not pose a significant risk to the deposit insurance fund. In no case may a bank’s aggregate outstanding investments under this part exceed 15 percent of its capital and surplus. When calculating the aggregate amount of its aggregate outstanding investments under this part, a national bank should follow generally accepted accounting principles, unless otherwise directed or permitted in writing by the OCC for prudential or safety and soundness reasons.

(b) Limited liability. A national bank may not make an investment under this part that would expose the bank to unlimited liability.

§ 24.5 Public welfare investment after-the-fact notice and prior approval procedures.

(a) After-the-fact notice of public welfare investments. (1) Subject to §24.4(a), an eligible bank may make an investment authorized by 12 U.S.C. 24 (Eleventh) and this part without prior notification to, or approval by, the OCC if the bank follows the after-the-fact notice procedures described in this section.
