(2) *Approval.* An application for national bank investment in bank premises or in certain bank premises' related investments, loans or indebtedness, as described in paragraph (d)(1)(i) of this section, is deemed approved as of the 30th day after the filing is received by the OCC, unless the OCC notifies the bank prior to that date that the filing presents a significant supervisory, or compliance concern, or raises a significant legal or policy issue. An approval for a specified amount under this section remains valid up to that amount until the OCC notifies the bank otherwise.

(3) *Notice process.* Notwithstanding paragraph (d)(1)(i) of this section, a bank that is rated 1 or 2 under the Uniform Financial Institutions Rating System (CAMELS) may make an aggregate investment in bank premises up to 150 percent of the bank's capital and surplus without the OCC's prior approval, provided that the bank is well capitalized as defined in 12 CFR part 6 and will continue to be well capitalized after the investment or loan is made. However, the bank shall notify the appropriate supervisory office in writing of the investment within 30 days after the investment or loan is made. The written notice must include a description of the bank's investment.

(4) *Exceptions to rules of general applicability.* Sections 5.8, 5.10, and 5.11 do not apply to this section. However, if the OCC concludes that an application presents significant and novel policy, supervisory, or legal issues, the OCC may determine that any or all parts of §§ 5.8, 5.10, and 5.11 apply.

Gramm-Leach-Bliley Act (GLBA)), 113 Stat. 1407–1409, (15 U.S.C. 6712 or 15 U.S.C. 6713) or providing or issuing annuities the income of which is subject to tax treatment under section 72 of the Internal Revenue Code (26 U.S.C. 72);

(g) *Qualifications.* A national bank may, directly or indirectly, control a financial subsidiary or hold an interest in a financial subsidiary only if:

(1) The national bank and each depository institution affiliate of the national bank are well capitalized and well managed;

(2) The aggregate consolidated total assets of all financial subsidiaries of the national bank do not exceed the lesser of 45 percent of the consolidated total assets of the parent bank or $50 billion (or such greater amount as is determined according to an indexing mechanism jointly established by regulation by the Secretary of the Treasury and the Board of Governors of the Federal Reserve System); and

(3) If the national bank is one of the 100 largest insured banks, determined on the basis of the bank's consolidated total assets at the end of the calendar year, the bank has at least one issue of outstanding eligible debt that is currently rated in one of the three highest investment grade rating categories by a nationally recognized statistical rating organization. If the national bank is one of the second 50 largest insured banks, it may either satisfy this requirement or satisfy alternative criteria the Secretary of the Treasury and the Board of Governors of the Federal Reserve System establish jointly by regulation. This paragraph (g)(3) does not apply if the financial subsidiary is engaged solely in activities in an agency capacity.

(h) *Safeguards.* The following safeguards apply to a national bank that establishes or maintains a financial subsidiary:

(1) For purposes of determining regulatory capital:

(i) The national bank must deduct the aggregate amount of its outstanding equity investment, including retained earnings, in its financial subsidiaries from its total assets and tangible equity and deduct such investment from its total risk-based capital (this deduction shall be made equally from Tier 1 and Tier 2 capital); and

(ii) The national bank may not consolidate the assets and liabilities of a financial subsidiary with those of the bank;

(2) Any published financial statement of the national bank shall, in addition to providing information prepared in accordance with generally accepted accounting principles, separately present financial information for the bank in the manner provided in paragraph (h)(1) of this section;

(3) The national bank must have reasonable policies and procedures to preserve the separate corporate identity and limited liability of the bank and the financial subsidiaries of the bank;

(4) The national bank must have procedures for identifying and managing financial and operational risks within the bank and the financial subsidiary that adequately protect the national bank from such risks;

(5) Except for a subsidiary of a bank that is considered a financial subsidiary under paragraph (a)(6) of this section solely because the subsidiary engages in the sale of insurance as agent or broker in a manner that is not permitted for national banks, sections 23A and 23B of the Federal Reserve Act (12 U.S.C. 371c and 371c–1), as implemented by Regulation W, 12 CFR part 223, apply to transactions involving a financial subsidiary in the following manner:

(i) A financial subsidiary shall be deemed to be an affiliate of the bank and shall not be deemed to be a subsidiary of the bank;

(ii) The restrictions contained in section 23A(a)(1)(A) of the Federal Reserve Act shall not apply with respect to covered transactions between a bank and any individual financial subsidiary of the bank;

(iii) A bank's purchase of or investment in a security issued by a financial subsidiary of the bank must be valued at the greater of:

(A) The total amount of consideration given (including liabilities assumed) by the bank, reduced to reflect amortization of the security to the extent consistent with GAAP, or

(B) The carrying value of the security (adjusted so as not to reflect the bank's *pro rata* portion of any earnings retained or losses incurred by the financial subsidiary after the bank's acquisition of the security).

(iv) Any purchase of, or investment in, the securities of a financial subsidiary of a bank by an affiliate of the bank will be considered to be a purchase of or investment in such securities by the bank;

(v) Any extension of credit to a financial subsidiary of a bank by an affiliate of the bank is treated as an extension of credit by the bank to the financial subsidiary if the extension of credit is treated as capital of the financial subsidiary under any Federal or State law, regulation, or interpretation applicable to the subsidiary; and

(vi) Any other extension of credit by an affiliate of a bank to a financial subsidiary of the bank may be considered an extension of credit by the bank to the financial subsidiary if the Board of Governors of the Federal Reserve System determines that such treatment is necessary or appropriate to prevent evasions of the Federal Reserve Act and the GLBA.

(6) A financial subsidiary shall be deemed a subsidiary of a bank holding company and not a subsidiary of the bank for purposes of the anti-tying prohibitions set forth in 12 U.S.C. 1971 *et seq.*

(i) *Procedures to engage in activities through a financial subsidiary.* A national bank that intends, directly or indirectly, to acquire control of, or hold an interest in, a financial subsidiary, or to commence a new activity in an existing financial subsidiary, must obtain OCC approval through the procedures set forth in paragraph (i)(1) or (i)(2) of this section.

(1) *Certification with subsequent notice.* (i) At any time, a national bank may file a ''Financial Subsidiary Certification'' with the appropriate district office listing the bank's depository institution affiliates and certifying that the bank and each of those affiliates is well capitalized and well managed.

(ii) Thereafter, at such time as the bank seeks OCC approval to acquire control of, or hold an interest in, a new financial subsidiary, or commence a new activity authorized under section 5136A(a)(2)(A)(i) of the Revised Statutes (12 U.S.C. 24a) in an existing subsidiary, the bank may file a written notice with the appropriate district office at the time of acquiring control of, or holding an interest in, a financial subsidiary, or commencing such activity in an existing subsidiary. The written notice must be labeled ''Financial Subsidiary Notice'' and must:

(A) State that the bank's Certification remains valid;

(B) Describe the activity or activities conducted by the financial subsidiary. To the extent the notice relates to the initial affiliation of the bank with a company engaged in insurance activities, the bank should describe the type of insurance activity that the company is engaged in and has present plans to conduct. The bank must also list for each state the lines of business for which the company holds, or will hold, an insurance license, indicating the state where the company holds a resident license or charter, as applicable;

(C) Cite the specific authority permitting the activity to be conducted by the financial subsidiary. (Where the authority relied on is an agency order or interpretation under section 4(c)(8) or 4(c)(13), respectively, of the Bank Holding Company Act of 1956, a copy of the order or interpretation should be attached);

(D) Certify that the bank will be well capitalized after making adjustments required by paragraph (h)(1) of this section;

(E) Demonstrate the aggregate consolidated total assets of all financial subsidiaries of the national bank do not exceed the lesser of 45 percent of the bank's consolidated total assets or $50 billion (or the increased level established by the indexing mechanism); and

(F) If applicable, certify that the bank meets the eligible debt requirement in paragraph (g)(3) of this section.

(2) *Combined certification and notice.* A national bank may file a combined certification and notice with the appropriate district office at least five business days prior to acquiring control of, or holding an interest in, a financial subsidiary, or commencing a new activity authorized pursuant to section 5136A(a)(2)(A)(i) of the Revised Statutes in an existing subsidiary. The written notice must be labeled ''Financial Subsidiary Certification and Notice'' and must:

(i) List the bank's depository institution affiliates and certify that the bank and each depository institution affiliate of the bank is well capitalized and well managed;

(ii) Describe the activity or activities to be conducted in the financial subsidiary. To the extent the notice relates to the initial affiliation of the bank with a company engaged in insurance activities, the bank should describe the type of insurance activity that the company is engaged in and has present plans to conduct. The bank must also list for each state the lines of business for which the company holds, or will hold, an insurance license, indicating the state where the company holds a resident license or charter, as applicable;

(iii) Cite the specific authority permitting the activity to be conducted by the financial subsidiary. (Where the authority relied on is an agency order or interpretation under section 4(c)(8) or 4(c)(13), respectively, of the Bank Holding Company Act of 1956, a copy of the order or interpretation should be attached);

(iv) Certify that the bank will remain well capitalized after making the adjustments required by paragraph (h)(1) of this section;

(v) Demonstrate the aggregate consolidated total assets of all financial subsidiaries of the national bank do not exceed the lesser of 45% of the bank's consolidated total assets or $50 billion (or the increased level established by the indexing mechanism); and

(vi) If applicable, certify that the bank meets the eligible debt requirement in paragraph (g)(3) of this section.

(3) *Exceptions to rules of general applicability.* Sections 5.8, 5.10, 5.11, and 5.13 do not apply to activities authorized under this section.

(4) *Community Reinvestment Act (CRA).* A national bank may not apply under this paragraph (i) to commence a new activity authorized under section 5136A(a)(2)(A)(i) of the Revised Statutes (12 U.S.C. 24a), or directly or indirectly acquire control of a company engaged in any such activity, if the bank or any of its insured depository institution affiliates received a CRA rating of less than ''satisfactory record of meeting community credit needs'' on its most recent CRA examination prior to when the bank would file a notice under this section.

(j) *Failure to continue to meet certain qualification requirements*—(1) *Qualifications and safeguards.* A national bank, or, as applicable, its affiliated depository institutions, must continue to satisfy the qualification requirements set forth in paragraphs (g)(1) and (2) of this section and the safeguards in paragraphs (h)(1), (2), (3) and (4) of this section following its acquisition of control of, or an interest in, a financial subsidiary. A national bank that fails to continue to satisfy these requirements will be subject to the following procedures and requirements:

(i) The OCC shall give notice to the national bank and, in the case of an affiliated depository institution to that depository institution's appropriate Federal banking agency, promptly upon determining that the national bank, or, as applicable, its affiliated depository institution, does not continue to meet the requirements in paragraph (g)(1) or (2) of this section or the safeguards in paragraph (h)(1), (2), (3), or (4) of this section. The bank shall be deemed to have received such notice three business days after mailing of the letter by the OCC;

(ii) Not later than 45 days after receipt of the notice under paragraph (j)(1)(i) of this section, or any additional time as the OCC may permit, the national bank shall execute an agreement with the OCC to comply with the requirements in paragraphs (g)(1) and

(2) and (h)(1), (2), (3), and (4) of this section;

(iii) The OCC may impose limitations on the conduct or activities of the national bank or any subsidiary of the national bank as the OCC determines appropriate under the circumstances and consistent with the purposes of section 5136A of the Revised Statutes; and

(iv) The OCC may require a national bank to divest control of a financial subsidiary if the national bank does not correct the conditions giving rise to the notice within 180 days after receipt of the notice provided under paragraph (j)(1)(i) of this section.

(2) *Eligible debt rating requirement.* A national bank that does not continue to meet the qualification requirement set forth in paragraph (g)(3) of this section, applicable where the bank's financial subsidiary is engaged in activities other than solely in an agency capacity, may not directly or through a subsidiary, purchase or acquire any additional equity capital of any such financial subsidiary until the bank meets the requirement in paragraph (g)(3) of this section. For purposes of this paragraph (j)(2), the term ''equity capital'' includes, in addition to any equity investment, any debt instrument issued by the financial subsidiary if the instrument qualifies as capital of the subsidiary under federal or state law, regulation, or interpretation applicable to the subsidiary.

(k) *Examination and supervision.* A financial subsidiary is subject to examination and supervision by the OCC, subject to the limitations and requirements of section 45 of the Federal Deposit Insurance Act (12 U.S.C. 1831v) and section 115 of the GLBA (12 U.S.C. 1820a).

(c) *Scope.* This section describes OCC procedures and approval standards for an application or a notice by a national bank to change the location of its main office.

(d) *Procedure*—(1) *Main office relocation to an authorized branch location within city, town, or village limits.* A national bank may change the location of its main office to an authorized branch location (approved or existing branch site) within the limits of the same city, town, or village. The national bank shall submit a notice to the appropriate district office before the relocation. The notice must include the new address of the main office and the effective date of the relocation.
