Section 4A-506. Rate of Interest

(a) If, under this Article, a receiving bank is obliged to pay interest with respect to a payment order issued to the bank, the amount payable may be determined (i) by agreement of the sender and receiving bank, or (ii) by a funds-transfer system rule if the payment order is transmitted through a funds-transfer system.

(b) If the amount of interest is not determined by an agreement or rule as stated in subsection (a), the amount is calculated by multiplying the applicable Federal Funds rate by the amount on which interest is payable, and then multiplying the product by the number of days for which interest is payable. The applicable Federal Funds rate is the average of the Federal Funds rates published by the Federal Reserve Bank of New York for each of the days for which interest is payable divided by 360. The Federal Funds rate for any day on which a published rate is not available is the same as the published rate for the next preceding day for which there is a published rate. If a receiving bank that accepted a payment order is required to refund payment to the sender of the order because the funds transfer was not completed, but the failure to complete was not due to any fault by the bank, the interest payable is reduced by a percentage equal to the reserve requirement on deposits of the receiving bank.

Section 4A-507. Choice of Law

(a) The following rules apply unless the affected parties otherwise agree or subsection (c) applies:

(1) The rights and obligations between the sender of a payment order and the receiving bank are governed by the law of the jurisdiction in which the receiving bank is located.

(2) The rights and obligations between the beneficiary's bank and the beneficiary are governed by the law of the jurisdiction in which the beneficiary's bank is located.

(3) The issue of when payment is made pursuant to a funds transfer by the originator to the beneficiary is governed by the law of the jurisdiction in which the beneficiary's bank is located.

(b) If the parties described in each paragraph of subsection (a) have made an agreement selecting the law of a particular jurisdiction to govern rights and obligations between each other, the law of that jurisdiction governs those rights and obligations, whether or not the payment order or the funds transfer bears a reasonable relation to that jurisdiction.

(c) A funds-transfer system rule may select the law of a particular jurisdiction to govern (i) rights and obligations between partici-

pating banks with respect to payment orders transmitted or processed through the system, or (ii) the rights and obligations of some or all parties to a funds transfer any part of which is carried out by means of the system. A choice of law made pursuant to clause (i) is binding on participating banks. A choice of law made pursuant to clause (ii) is binding on the originator, other sender, or a receiving bank having notice that the funds-transfer system might be used in the funds transfer and of the choice of law by the system when the originator, other sender, or receiving bank issued or accepted a payment order. The beneficiary of a funds transfer is bound by the choice of law if, when the funds transfer is initiated, the beneficiary has notice that the funds-transfer system might be used in the funds transfer and of the choice of law by the system. The law of a jurisdiction selected pursuant to this subsection may govern, whether or not that law bears a reasonable relation to the matter in issue.

(d) In the event of inconsistency between an agreement under subsection (b) and a choice-of-law rule under subsection (c), the agreement under subsection (b) prevails.

(e) If a funds transfer is made by use of more than one funds-transfer system and there is inconsistency between choice-of-law rules of the systems, the matter in issue is governed by the law of the selected jurisdiction that has the most significant relationship to the matter in issue.

(e) *Change in control of an Edge corporation—(1) Prior notice.* (i) Any person shall give the Board 60 days' prior written notice before acquiring, directly or indirectly, 25 percent or more of the voting shares, or otherwise acquiring control, of an Edge corporation.

(2) *Board review.* In reviewing a notice filed under this paragraph (e), the Board shall consider the factors set forth in paragraph (b)(4) of this section, and may disapprove a notice or impose any conditions that it finds necessary

(f) *Domestic branching by Edge corporations—(1) Prior notice.* (i) An Edge corporation may establish branches in the United States 30 days after the Edge corporation has given written notice of its intention to do so to its Reserve Bank, unless the Edge corporation is notified to the contrary within that time.

(ii) The notice to the Reserve Bank shall include a copy of the notice of the proposal published in a newspaper of general circulation in the communities to be served by the branch.

(iii) The newspaper notice may appear no earlier than 90 calendar days prior to submission of notice of the proposal to the Reserve Bank. The newspaper notice shall provide an opportunity for the public to give written comment on the proposal to the appropriate Federal Reserve Bank for at least 30 days after the date of publication.

(iv) Whether the bank is adequately capitalized after deconsolidating and deducting the aggregate investment in and assets of all Edge or agreement corporations and all foreign bank subsidiaries; and

(v) Any other factor the Board deems relevant to the safety and soundness of the member bank.

(i) *Reserve requirements and interest rate limitations.* The deposits of an Edge or agreement corporation are subject to Regulations D and Q (12 CFR parts 204 and 217) in the same manner and to the same extent as if the Edge or agreement corporation were a member bank.

(2) *Continuing activities and investments.* (i) A foreign banking organization that ceases to be eligible for the exemptions of this section may continue to engage in activities or retain investments commenced or acquired

prior to the end of the first fiscal year for which its annual report reflects nonconformance with paragraph (a) or (c) of this section.

(ii) *Termination or divestiture.* Activities commenced or investments made after that date shall be terminated or divested within three months of the filing of the second annual report, or at such time as the Board may determine upon request by the foreign banking organization to extend the period, unless the Board grants consent to continue the activity or retain the investment under paragraph (e) of this section.

(3) *Request for specific determination of eligibility.* (i) A foreign banking organization that ceases to qualify under paragraph (a) or (c) of this section, or an affiliate of such foreign banking organization, that requests a specific determination of eligibility under paragraph (e) of this section may, prior to the Board's determination on eligibility, continue to engage in activities and make investments under the provisions of paragraphs (f)(1), (2), (3), and (4) of this section.

(ii) The Board may grant consent for the foreign banking organization or its affiliate to make investments under paragraph (f)(5) of this section.

(e) *Specific determination of eligibility for organizations that do not qualify for the exemptions—(1) Application.* (i) A foreign organization that is not a foreign banking organization or a foreign banking organization that does not qualify under paragraph (a) or (c) of this section for some or all of the exemptions afforded by this section, or that has lost its eligibility for the exemptions under paragraph (d) of this section, may apply to the Board for a specific determination of eligibility for some or all of the exemptions.

(ii) A foreign banking organization may apply for a specific determination prior to the time it ceases to be eligible for the exemptions afforded by this section.

(2) *Factors considered by Board.* In determining whether eligibility for the exemptions would be consistent with the purposes of the BHC Act and in the public interest, the Board shall consider:

§211.23

12 CFR Ch. II (1-1-10 Edition)

(i) The history and the financial and managerial resources of the foreign organization or foreign banking organization;

(ii) The amount of its business in the United States;

(iii) The amount, type, and location of its nonbanking activities, including whether such activities may be conducted by U.S. banks or bank holding companies;

(iv) Whether eligibility of the foreign organization or foreign banking organization would result in undue concentration of resources, decreased or unfair competition, conflicts of interests, or unsound banking practices; and

(v) The extent to which the foreign banking organization is subject to comprehensive supervision or regulation on a consolidated basis or the foreign organization is subject to oversight by regulatory authorities in its home country.

(3) *Conditions and limitations.* The Board may impose any conditions and limitations on a determination of eligibility, including requirements to cease activities or dispose of investments.

(4) *Eligibility not granted.* Determinations of eligibility generally would not be granted where a majority of the business of the foreign organization or foreign banking organization derives from commercial or industrial activities.

(f) *Permissible activities and investments.* A foreign banking organization that qualifies under paragraph (a) of this section may:

(1) Engage in activities of any kind outside the United States;

(2) Engage directly in activities in the United States that are incidental to its activities outside the United States;

(3) Own or control voting shares of any company that is not engaged, directly or indirectly, in any activities in the United States, other than those that are incidental to the international or foreign business of such company;

(4) Own or control voting shares of any company in a fiduciary capacity under circumstances that would entitle such shareholding to an exemption under section 4(c)(4) of the BHC Act (12 U.S.C. 1843(c)(4)) if the shares were held or acquired by a bank;

(5) Own or control voting shares of a foreign company that is engaged directly or indirectly in business in the United States other than that which is incidental to its international or foreign business, subject to the following limitations:

(i) More than 50 percent of the foreign company's consolidated assets shall be located, and consolidated revenues derived from, outside the United States; provided that, if the foreign company fails to meet the requirements of this paragraph (f)(5)(i) for two consecutive years (as reflected in annual reports (FR Y-7) filed with the Board by the foreign banking organization), the foreign company shall be divested or its activities terminated within one year of the filing of the second consecutive annual report that reflects nonconformance with the requirements of this paragraph (f)(5)(i), unless the Board grants consent to retain the investment under paragraph (g) of this section;

(ii) The foreign company shall not directly underwrite, sell, or distribute, nor own or control more than 10 percent of the voting shares of a company that underwrites, sells, or distributes securities in the United States, except to the extent permitted bank holding companies;

(iii) If the foreign company is a subsidiary of the foreign banking organization, the foreign company must be, or must control, an operating company, and its direct or indirect activities in the United States shall be subject to the following limitations:

(A) The foreign company's activities in the United States shall be the same kind of activities, or related to the activities, engaged in directly or indirectly by the foreign company abroad, as measured by the "establishment" categories of the Standard Industrial Classification (SIC). An activity in the United States shall be considered related to an activity outside the United States if it consists of supply, distribution, or sales in furtherance of the activity;

(B) The foreign company may engage in activities in the United States that consist of banking, securities, insurance, or other financial operations, or

Federal Reserve System

§ 211.24

types of activities permitted by regulation or order under section 4(c)(8) of the BHC Act (12 U.S.C. 1843(c)(8)), only under regulations of the Board or with the prior approval of the Board, subject to the following:

(1) Activities within Division H (Finance, Insurance, and Real Estate) of the SIC shall be considered banking or financial operations for this purpose, with the exception of acting as operators of nonresidential buildings (SIC 6512), operators of apartment buildings (SIC 6513), operators of dwellings other than apartment buildings (SIC 6514), and operators of residential mobile home sites (SIC 6515); and operating title abstract offices (SIC 6541); and

(2) The following activities shall be considered financial activities and may be engaged in only with the approval of the Board under paragraph (g) of this section: credit reporting services (SIC 7323); computer and data processing services (SIC 7371, 7372, 7373, 7374, 7375, 7376, 7377, 7378, and 7379); armored car services (SIC 7381); management consulting (SIC 8732, 8741, 8742, and 8748); certain rental and leasing activities (SIC 4741, 7352, 7353, 7359, 7513, 7514, 7515, and 7519); accounting, auditing, and bookkeeping services (SIC 8721); courier services (SIC 4215 and 4513); and arrangement of passenger transportation (SIC 4724, 4725, and 4729).

(g) *Exemptions under section 4(c)(9) of the BHC Act.* A foreign banking organization that is of the opinion that other activities or investments may, in particular circumstances, meet the conditions for an exemption under section 4(c)(9) of the BHC Act (12 U.S.C. 1843(c)(9)) may apply to the Board for such a determination by submitting to the appropriate Federal Reserve Bank a letter setting forth the basis for that opinion.

(h) *Reports.* The foreign banking organization shall report in a manner prescribed by the Board any direct activities in the United States by a foreign subsidiary of the foreign banking organization and the acquisition of all shares of companies engaged, directly or indirectly, in activities in the United States that were acquired under the authority of this section.

(i) *Availability of information.* If any information required under this section

is unknown and not reasonably available to the foreign banking organization (either because obtaining it would involve unreasonable effort or expense, or because it rests exclusively within the knowledge of a company that is not controlled by the organization) the organization shall:

(1) Give such information on the subject as it possesses or can reasonably acquire, together with the sources thereof; and

(2) Include a statement showing that unreasonable effort or expense would be involved, or indicating that the company whose shares were acquired is not controlled by the organization, and stating the result of a request for information.

§ 211.24 Approval of offices of foreign banks; procedures for applications; standards for approval; representative office activities and standards for approval; preservation of existing authority.

(a) *Board approval of offices of foreign banks—*(1) *Prior Board approval of branches, agencies, commercial lending companies, or representative offices of foreign banks.* (i) Except as otherwise provided in paragraphs (a)(2) and (a)(3) of this section, a foreign bank shall obtain the approval of the Board before it:

(A) Establishes a branch, agency, commercial lending company subsidiary, or representative office in the United States; or

(B) Acquires ownership or control of a commercial lending company subsidiary.

(2) *Prior notice for certain offices.* (i) After providing 45 days' prior written notice to the Board, a foreign bank may establish:

(A) An additional office (other than a domestic branch outside the home state of the foreign bank established pursuant to section 5(a)(3) of the IBA (12 U.S.C. 3103(a)(3))), provided that the Board has previously determined the foreign bank to be subject to comprehensive supervision or regulation on a consolidated basis by its home country supervisor (*comprehensive consolidated supervision* or *CCS*); or

(B) A representative office, if:

(1) The Board has not yet determined the foreign bank to be subject to consolidated comprehensive supervision, but the foreign bank is subject to the BHC Act, either directly or through section 8(a) of the IBA (12 U.S.C. 3106(a)); or

(2) The Board previously has approved an application by the foreign bank to establish a branch or agency pursuant to the standard set forth in paragraph (c)(1)(iii) of this section; or

(3) The Board previously has approved an application by the foreign bank to establish a representative office.

(ii) The Board may waive the 45-day notice period if it finds that immediate action is required by the circumstances presented. The notice period shall commence at the time the notice is received by the appropriate Federal Reserve Bank. The Board may suspend the period or require Board approval prior to the establishment of such office if the notification raises significant policy or supervisory concerns.

(3) *General consent for certain representative offices.* (i) The Board grants its general consent for a foreign bank that is subject to the BHC Act, either directly or through section 8(a) of the IBA (12 U.S.C. 3106(a)), to establish:

(A) A representative office, but only if the Board has previously determined that the foreign bank proposing to establish a representative office is subject to consolidated comprehensive supervision;

(B) A regional administrative office; or

(C) An office that solely engages in limited administrative functions (such as separately maintaining back-office support systems) that:

(1) Are clearly defined;

(2) Are performed in connection with the U.S. banking activities of the foreign bank; and

(3) Do not involve contact or liaison with customers or potential customers, beyond incidental contact with existing customers relating to administrative matters (such as verification or correction of account information).

(4) *Suspension of general consent or prior notice procedures.* The Board may, at any time, upon notice, modify or suspend the prior notice and general

consent procedures in paragraphs (a)(2) and (3) of this section for any foreign bank with respect to the establishment by such foreign bank of any U.S. office of such foreign bank.

(5) *Temporary offices.* The Board may, in its discretion, determine that a foreign bank has not established an office if the foreign bank temporarily operates at one or more additional locations in the same city of an existing branch or agency due to renovations, an expansion of activities, a merger or consolidation of the operations of affiliated foreign banks or companies, or other similar circumstances. The foreign bank must provide reasonable advance notice of its intent temporarily to utilize additional locations, and the Board may impose such conditions in connection with its determination as it deems necessary.

(6) *After-the-fact Board approval.* Where a foreign bank proposes to establish an office in the United States through the acquisition of, or merger or consolidation with, another foreign bank with an office in the United States, the Board may, in its discretion, allow the acquisition, merger, or consolidation to proceed before an application to establish the office has been filed or acted upon under this section if:

(i) The foreign bank or banks resulting from the acquisition, merger, or consolidation, will not directly or indirectly own or control more than 5 percent of any class of the voting securities of, or control, a U.S. bank;

(ii) The Board is given reasonable advance notice of the proposed acquisition, merger, or consolidation; and

(iii) Prior to consummation of the acquisition, merger, or consolidation, each foreign bank, as appropriate, commits in writing either:

(A) To comply with the procedures for an application under this section within a reasonable period of time; to engage in no new lines of business, or otherwise to expand its U.S. activities until the disposition of the application; and to abide by the Board's decision on the application, including, if necessary, a decision to terminate the activities of any such U.S. office, as the Board or the Comptroller may require; or

Federal Reserve System

§ 211.24

(B) Promptly to wind-down and close any office, the establishment of which would have required an application under this section; and to engage in no new lines of business or otherwise to expand its U.S. activities prior to the closure of such office.

(7) *Notice of change in ownership or control or conversion of existing office or establishment of representative office under general-consent authority.* A foreign bank with a U.S. office shall notify the Board in writing within 10 days of the occurrence of any of the following events:

(i) A change in the foreign bank's ownership or control, where the foreign bank is acquired or controlled by another foreign bank or company and the acquired foreign bank with a U.S. office continues to operate in the same corporate form as prior to the change in ownership or control;

(ii) The conversion of a branch to an agency or representative office; an agency to a representative office; or a branch or agency from a federal to a state license, or a state to a federal license; or

(iii) The establishment of a representative office under general-consent authority.

(8) *Transactions subject to approval under Regulation Y.* Subpart B of Regulation Y (12 CFR 225.11–225.17) governs the acquisition by a foreign banking organization of direct or indirect ownership or control of any voting securities of a bank or bank holding company in the United States if the acquisition results in the foreign banking organization's ownership or control of more than 5 percent of any class of voting securities of a U.S. bank or bank holding company, including through acquisition of a foreign bank or foreign banking organization that owns or controls more than 5 percent of any class of the voting securities of a U.S. bank or bank holding company.

(b) *Procedures for application*—(1) *Filing application.* An application for the Board's approval pursuant to this section shall be filed in the manner prescribed by the Board.

(2) *Publication requirement*—(i) *Newspaper notice.* Except with respect to a proposed transaction where more extensive notice is required by statute or

as otherwise provided in paragraphs (b)(2)(ii) and (iii) of this section, an applicant under this section shall publish a notice in a newspaper of general circulation in the community in which the applicant proposes to engage in business.

(ii) *Contents of notice.* The newspaper notice shall:

(A) State that an application is being filed as of the date of the newspaper notice; and

(B) Provide the name of the applicant, the subject matter of the application, the place where comments should be sent, and the date by which comments are due, pursuant to paragraph (b)(3) of this section.

(iii) *Copy of notice with application.* The applicant shall furnish with its application to the Board a copy of the newspaper notice, the date of its publication, and the name and address of the newspaper in which it was published.

(iv) *Exception.* The Board may modify the publication requirement of paragraphs (b)(2)(i) and (ii) of this section in appropriate circumstances.

(v) *Federal branch or federal agency.* In the case of an application to establish a federal branch or federal agency, compliance with the publication procedures of the Comptroller shall satisfy the publication requirement of this section. Comments regarding the application should be sent to the Board and the Comptroller.

(3) *Written comments.* (i) Within 30 days after publication, as required in paragraph (b)(2) of this section, any person may submit to the Board written comments and data on an application.

(ii) The Board may extend the 30-day comment period if the Board determines that additional relevant information is likely to be provided by interested persons, or if other extenuating circumstances exist.

(4) *Board action on application.* (i) *Time limits.* (A) The Board shall act on an application from a foreign bank to establish a branch, agency, or commercial lending company subsidiary within 180 calendar days after the receipt of the application.

(B) The Board may extend for an additional 180 calendar days the period

within which to take final action, after providing notice of and reasons for the extension to the applicant and the licensing authority.

(C) The time periods set forth in this paragraph (b)(4)(i) may be waived by the applicant.

(ii) *Additional information.* The Board may request any information in addition to that supplied in the application when the Board believes that the information is necessary for its decision, and may deny an application if it does not receive the information requested from the applicant or its home country supervisor in sufficient time to permit adequate evaluation of the information within the time periods set forth in paragraph (b)(4)(i) of this section.

(5) *Coordination with other regulators.* Upon receipt of an application by a foreign bank under this section, the Board shall promptly notify, consult with, and consider the views of the licensing authority.

(c) *Standards for approval of U.S. offices of foreign banks—(1) Mandatory standards—(i) General.* As specified in section 7(d) of the IBA (12 U.S.C. 3105(d)), the Board may not approve an application to establish a branch or an agency, or to establish or acquire ownership or control of a commercial lending company, unless it determines that:

(A) Each of the foreign bank and any parent foreign bank engages directly in the business of banking outside the United States and, except as provided in paragraph (c)(1)(iii) of this section, is subject to comprehensive supervision or regulation on a consolidated basis by its home country supervisor; and

(B) The foreign bank has furnished to the Board the information that the Board requires in order to assess the application adequately.

(ii) *Basis for determining comprehensive consolidated supervision.* In determining whether a foreign bank and any parent foreign bank is subject to comprehensive consolidated supervision, the Board shall determine whether the foreign bank is supervised or regulated in such a manner that its home country supervisor receives sufficient information on the worldwide operations of the foreign bank (including the relationships of the bank to any affiliate) to

assess the foreign bank's overall financial condition and compliance with law and regulation. In making such a determination, the Board shall assess, among other factors, the extent to which the home country supervisor:

(A) Ensures that the foreign bank has adequate procedures for monitoring and controlling its activities worldwide;

(B) Obtains information on the condition of the foreign bank and its subsidiaries and offices outside the home country through regular reports of examination, audit reports, or otherwise;

(C) Obtains information on the dealings and relationship between the foreign bank and its affiliates, both foreign and domestic;

(D) Receives from the foreign bank financial reports that are consolidated on a worldwide basis, or comparable information that permits analysis of the foreign bank's financial condition on a worldwide, consolidated basis;

(E) Evaluates prudential standards, such as capital adequacy and risk asset exposure, on a worldwide basis.

(iii) *Determination of comprehensive consolidated supervision not required in certain circumstances.* (A) If the Board is unable to find, under paragraph (c)(1)(i) of this section, that a foreign bank is subject to comprehensive consolidated supervision, the Board may, nevertheless, approve an application by the foreign bank if:

(1) The home country supervisor is actively working to establish arrangements for the consolidated supervision of such bank; and

(2) All other factors are consistent with approval.

(B) In deciding whether to use its discretion under this paragraph (c)(1)(iii), the Board also shall consider whether the foreign bank has adopted and implemented procedures to combat money laundering. The Board also may take into account whether the home country supervisor is developing a legal regime to address money laundering or is participating in multilateral efforts to combat money laundering. In approving an application under this paragraph (c)(1)(iii), the Board, after requesting and taking into consideration the views of the licensing authority, may impose any conditions

Federal Reserve System

§ 211.24

or restrictions relating to the activities or business operations of the proposed branch, agency, or commercial lending company subsidiary, including restrictions on sources of funding. The Board shall coordinate with the licensing authority in the implementation of such conditions or restrictions.

(2) *Additional standards.* In acting on any application under this subpart, the Board may take into account:

(i) *Consent of home country supervisor.* Whether the home country supervisor of the foreign bank has consented to the proposed establishment of the branch, agency, or commercial lending company subsidiary;

(ii) *Financial resources.* The financial resources of the foreign bank (including the foreign bank's capital position, projected capital position, profitability, level of indebtedness, and future prospects) and the condition of any U.S. office of the foreign bank;

(iii) *Managerial resources.* The managerial resources of the foreign bank, including the competence, experience, and integrity of the officers and directors; the integrity of its principal shareholders; management's experience and capacity to engage in international banking; and the record of the foreign bank and its management of complying with laws and regulations, and of fulfilling any commitments to, and any conditions imposed by, the Board in connection with any prior application;

(iv) *Sharing information with supervisors.* Whether the foreign bank's home country supervisor and the home country supervisor of any parent of the foreign bank share material information regarding the operations of the foreign bank with other supervisory authorities;

(v) *Assurances to Board.* (A) Whether the foreign bank has provided the Board with adequate assurances that information will be made available to the Board on the operations or activities of the foreign bank and any of its affiliates that the Board deems necessary to determine and enforce compliance with the IBA, the BHC Act, and other applicable federal banking statutes.

(B) These assurances shall include a statement from the foreign bank describing the laws that would restrict

the foreign bank or any of its parents from providing information to the Board;

(vi) *Measures for prevention of money laundering.* Whether the foreign bank has adopted and implemented procedures to combat money laundering, whether there is a legal regime in place in the home country to address money laundering, and whether the home country is participating in multilateral efforts to combat money laundering;

(vii) *Compliance with U.S. law.* Whether the foreign bank and its U.S. affiliates are in compliance with applicable U.S. law, and whether the applicant has established adequate controls and procedures in each of its offices to ensure continuing compliance with U.S. law, including controls directed to detection of money laundering and other unsafe or unsound banking practices; and (viii) The needs of the community and the history of operation of the foreign bank and its relative size in its home country, provided that the size of the foreign bank is not the sole factor in determining whether an office of a foreign bank should be approved.

(3) *Additional standards for certain interstate applications.* (i) As specified in section 5(a)(3) of the IBA (12 U.S.C. 3103(a)(3)), the Board may not approve an application by a foreign bank to establish a branch, other than a limited branch, outside the home state of the foreign bank under section 5(a)(1) or (2) of the IBA (12 U.S.C. 3103(a)(1), (2)) unless the Board:

(A) Determines that the foreign bank's financial resources, including the capital level of the bank, are equivalent to those required for a domestic bank to be approved for branching under section 5155 of the Revised Statutes (12 U.S.C. 36) and section 44 of the Federal Deposit Insurance Act (FDIA) (12 U.S.C. 1831u);

(B) Consults with the Department of the Treasury regarding capital equivalency;

(C) Applies the standards specified in section 7(d) of the IBA (12 U.S.C. 3105(d)) and this paragraph (c); and

(D) Applies the same requirements and conditions to which an application by a domestic bank for an interstate merger is subject under section 44(b)(1),

(3), and (4) of the FDIA (12 U.S.C. 1831u(b)(1), (3), (4)); and

(ii) As specified in section 5(a)(7) of the IBA (12 U.S.C. 3103(a)(7)), the Board may not approve an application to establish a branch through a change in status of an agency or limited branch outside the foreign bank's home state unless:

(A) The establishment and operation of such branch is permitted by such state; and

(B) Such agency or branch has been in operation in such state for a period of time that meets the state's minimum age requirement permitted under section 44(a)(5) of the Federal Deposit Insurance Act (12 U.S.C. 183u(a)(5)).

(4) *Board conditions on approval.* The Board may impose any conditions on its approval as it deems necessary, including a condition which may permit future termination by the Board of any activities or, in the case of a federal branch or a federal agency, by the Comptroller, based on the inability of the foreign bank to provide information on its activities or those of its affiliates that the Board deems necessary to determine and enforce compliance with U.S. banking laws.

(d) *Representative offices*—(1) *Permissible activities.* A representative office may engage in:

(i) *Representational and administrative functions.* Representational and administrative functions in connection with the banking activities of the foreign bank, which may include soliciting new business for the foreign bank; conducting research; acting as liaison between the foreign bank's head office and customers in the United States; performing preliminary and servicing steps in connection with lending;¹¹ or performing back-office functions; but shall not include contracting for any deposit or deposit-like liability, lending money, or engaging in any other banking activity for the foreign bank;

(ii) *Credit approvals under certain circumstances.* Making credit decisions if the foreign bank also operates one or more branches or agencies in the United States, the loans approved at

the representative office are made by a U.S. office of the bank, and the loan proceeds are not disbursed in the representative office; and

(iii) *Other functions.* Other functions for or on behalf of the foreign bank or its affiliates, such as operating as a regional administrative office of the foreign bank, but only to the extent that these other functions are not banking activities and are not prohibited by applicable federal or state law, or by ruling or order of the Board.

(2) *Standards for approval of representative offices.* As specified in section 10(a)(2) of the IBA (12 U.S.C. 3107(a)(2)), in acting on the application of a foreign bank to establish a representative office, the Board shall take into account, to the extent it deems appropriate, the standards for approval set out in paragraph (c) of this section. The standard regarding supervision by the foreign bank's home country supervisor (as set out in paragraph (c)(1)(i)(A) of this section) will be met, in the case of a representative office application, if the Board makes a finding that the applicant bank is subject to a supervisory framework that is consistent with the activities of the proposed representative office, taking into account the nature of such activities and the operating record of the applicant.

(3) *Special-purpose foreign government-owned banks.* A foreign government-owned organization engaged in banking activities in its home country that are not commercial in nature may apply to the Board for a determination that the organization is not a foreign bank for purposes of this section. A written request setting forth the basis for such a determination may be submitted to the Reserve Bank of the District in which the foreign organization's representative office is located in the United States, or to the Board, in the case of a proposed establishment of a representative office. The Board shall review and act upon each request on a case-by-case basis.

(4) *Additional requirements.* The Board may impose any additional requirements that it determines to be necessary to carry out the purposes of the IBA.

¹¹ See 12 CFR 250.141(h) for activities that constitute preliminary and servicing steps.

Federal Reserve System

§ 211.24

(e) *Preservation of existing authority.* Nothing in this subpart shall be construed to relieve any foreign bank or foreign banking organization from any otherwise applicable requirement of federal or state law, including any applicable licensing requirement.

(f) *Reports of crimes and suspected crimes.* Except for a federal branch or a federal agency or a state branch that is insured by the Federal Deposit Insurance Corporation (FDIC), a branch, agency, or representative office of a foreign bank operating in the United States shall file a suspicious activity report in accordance with the provisions of § 208.62 of Regulation H (12 CFR 208.62).

(g) *Management of shell branches.* (1) A state-licensed branch or agency shall not manage, through an office of the foreign bank which is located outside the United States and is managed or controlled by such state-licensed branch or agency, any type of activity that a bank organized under the laws of the United States or any state is not permitted to manage at any branch or subsidiary of such bank which is located outside the United States.

(2) For purposes of this paragraph (g), an office of a foreign bank located outside the United States is “managed or controlled” by a state-licensed branch or agency if a majority of the responsibility for business decisions, including but not limited to decisions with regard to lending or asset management or funding or liability management, or the responsibility for recordkeeping in respect of assets or liabilities for that non-U.S. office, resides at the state-licensed branch or agency.

(3) The types of activities that a state-licensed branch or agency may manage through an office located outside the United States that it manage or controls include the types of activities authorized to a U.S. bank by state or federal charters, regulations issued by chartering or regulatory authorities, and other U.S. banking laws, including the Federal Reserve Act, and the implementing regulations, but U.S. procedural or quantitative requirements that may be applicable to the conduct of such activities by U.S. banks shall not apply.

(h) *Government securities sales practices.* An uninsured state-licensed branch or agency of a foreign bank that is required to give notice to the Board under section 15C of the Securities Exchange Act of 1934 (15 U.S.C. 78o-5) and the Department of the Treasury rules under section 15C (17 CFR 400.1(d) and part 401) shall be subject to the provisions of 12 CFR 208.37 to the same extent as a state member bank that is required to give such notice.

(i) *Protection of customer information and consumer information.* An uninsured state-licensed branch or agency of a foreign bank shall comply with the Interagency Guidelines Establishing Information Security Standards prescribed pursuant to sections 501 and 505 of the Gramm-Leach-Bliley Act (15 U.S.C. 6801 and 6805) and, with respect to the proper disposal of consumer information, section 216 of the Fair and Accurate Credit Transactions Act of 2003 (15 U.S.C. 1681w), set forth in appendix D-2 to part 208 of this chapter.

(j) *Procedures for monitoring Bank Secrecy Act compliance—(1) Establishment of Compliance Program.* Except for a Federal branch or a Federal agency or a state branch that is insured by the FDIC, a branch, agency, or representative office of a foreign bank operating in the United States shall, in accordance with the provisions of § 208.63 of the Board’s Regulation H, 12 CFR 208.63, develop and provide for the continued administration of a program reasonably designed to assure and monitor compliance with the provisions of subchapter II of chapter 53 of title 31, United States Code, the Bank Secrecy Act, and the implementing regulations promulgated thereunder by the Department of the Treasury at 31 CFR part 103. The compliance program shall be reduced to writing, and either:

(i) Approved by the foreign bank’s board of directors and noted in the minutes, or

(ii) Approved by a delegee acting under the express authority of the board of directors to approve the Bank Secrecy Act compliance program.

(2) *Customer identification program.* Except for a federal branch or a federal agency or a state branch that is insured by the FDIC, a branch, agency, or

[66 FR 53474, Oct. 26, 2001, as amended at 68 FR 35112, May 9, 2003; 69 FR 77618, Dec. 28, 2004; 71 FR 13936, Mar. 20, 2006]

§211.25 Termination of offices of foreign banks.

(a) *Grounds for termination*—(1) *General*. Under sections 7(e) and 10(b) of the IBA (12 U.S.C. 3105(d), 3107(b)), the Board may order a foreign bank to terminate the activities of its representative office, state branch, state agency, or commercial lending company subsidiary if the Board finds that:

(i) The foreign bank is not subject to comprehensive consolidated supervision in accordance with §211.24(c)(1), and the home country supervisor is not making demonstrable progress in establishing arrangements for the consolidated supervision of the foreign bank; or

(ii) Both of the following criteria are met:

(A) There is reasonable cause to believe that the foreign bank, or any of its affiliates, has committed a violation of law or engaged in an unsafe or unsound banking practice in the United States; and

(B) As a result of such violation or practice, the continued operation of the foreign bank's representative office, state branch, state agency, or commercial lending company subsidiary would not be consistent with the public interest, or with the purposes of the IBA, the BHC Act, or the FDIA.

(2) *Additional ground*. The Board also may enforce any condition imposed in connection with an order issued under §211.24.

(b) *Factor*. In making its findings under this section, the Board may take into account the needs of the community, the history of operation of the foreign bank, and its relative size in its home country, provided that the size of the foreign bank shall not be the sole

determining factor in a decision to terminate an office.

(c) *Consultation with relevant state supervisor*. Except in the case of termination pursuant to the expedited procedure in paragraph (d)(3) of this section, the Board shall request and consider the views of the relevant state supervisor before issuing an order terminating the activities of a state branch, state agency, representative office, or commercial lending company subsidiary under this section.

(d) *Termination procedures*—(1) *Notice and hearing*. Except as otherwise provided in paragraph (d)(3) of this section, an order issued under paragraph (a)(1) of this section shall be issued only after notice to the relevant state supervisor and the foreign bank and after an opportunity for a hearing.

(2) *Procedures for hearing*. Hearings under this section shall be conducted pursuant to the Board's Rules of Practice for Hearings (12 CFR part 263).

(3) *Expedited procedure*. The Board may act without providing an opportunity for a hearing, if it determines that expeditious action is necessary in order to protect the public interest. When the Board finds that it is necessary to act without providing an opportunity for a hearing, the Board, solely in its discretion, may:

(i) Provide the foreign bank that is the subject of the termination order with notice of the intended termination order;

(ii) Grant the foreign bank an opportunity to present a written submission opposing issuance of the order; or

(iii) Take any other action designed to provide the foreign bank with notice and an opportunity to present its views concerning the order.

(e) *Termination of federal branch or federal agency*. The Board may transmit to the Comptroller a recommendation that the license of a federal branch or federal agency be terminated if the Board has reasonable cause to believe that the foreign bank or any affiliate of the foreign bank has engaged in conduct for which the activities of a state branch or state agency may be terminated pursuant to this section.

(f) *Voluntary termination*. A foreign bank shall notify the Board at least 30 days prior to terminating the activities

Federal Reserve System

§ 211.26

of any office. Notice pursuant to this paragraph (f) is in addition to, and does not satisfy, any other federal or state requirements relating to the termination of an office or the requirement for prior notice of the closing of a branch, pursuant to section 39 of the FDIA (12 U.S.C. 1831p).

§ 211.26 Examination of offices and affiliates of foreign banks.

(a) *Conduct of examinations*—(1) *Examination of branches, agencies, commercial lending companies, and affiliates.* The Board may examine:

(i) Any branch or agency of a foreign bank;

(ii) Any commercial lending company or bank controlled by one or more foreign banks, or one or more foreign companies that control a foreign bank; and

(iii) Any other office or affiliate of a foreign bank conducting business in any state.

(2) *Examination of representative offices.* The Board may examine any representative office in the manner and with the frequency it deems appropriate.

(b) *Coordination of examinations.* To the extent possible, the Board shall coordinate its examinations of the U.S. offices and U.S. affiliates of a foreign bank with the licensing authority and, in the case of an insured branch, the Federal Deposit Insurance Corporation (FDIC), including through simultaneous examinations of the U.S. offices and U.S. affiliates of a foreign bank.

(c) *Frequency of on-site examination*—(1) *General.* Each branch or agency of a foreign bank shall be examined on-site at least once during each 12-month period (beginning on the date the most recent examination of the office ended) by—

(i) The Board;

(ii) The FDIC, if the branch of the foreign bank accepts or maintains insured deposits;

(iii) The Comptroller, if the branch or agency of the foreign bank is licensed by the Comptroller; or

(iv) The state supervisor, if the office of the foreign bank is licensed or chartered by the state.

(2) *18-month cycle for certain small institutions*—(i) *Mandatory standards.* The

Board may conduct a full-scope, on-site examination at least once during each 18-month period, rather than each 12-month period as required in paragraph (c)(1) of this section, if the branch or agency—

(A) Has total assets of less than \$500 million;

(B) Has received a composite ROCA supervisory rating (which rates risk management, operational controls, compliance, and asset quality) of 1 or 2 at its most recent examination;

(C) Satisfies the requirement of either the following paragraph (c)(2)(i)(C)(1) or (2):

(1) The foreign bank's most recently reported capital adequacy position consists of, or is equivalent to, tier 1 and total risk-based capital ratios of at least 6 percent and 10 percent, respectively, on a consolidated basis; or

(2) The branch or agency has maintained on a daily basis, over the past three quarters, eligible assets in an amount not less than 108 percent of the preceding quarter's average third-party liabilities (determined consistent with applicable federal and state law) and sufficient liquidity is currently available to meet its obligations to third parties;

(D) Is not subject to a formal enforcement action or order by the Board, FDIC, or OCC; and

(E) Has not experienced a change in control during the preceding 12-month period in which a full-scope, on-site examination would have been required but for this section.

(ii) *Discretionary standards.* In determining whether a branch or agency of a foreign bank that meets the standards of paragraph (c)(2)(i) of this section should not be eligible for an 18-month examination cycle pursuant to this paragraph (c)(2), the Board may consider additional factors, including whether—

(A) Any of the individual components of the ROCA supervisory rating of a branch or agency of a foreign bank is rated "3" or worse;

(B) The results of any off-site surveillance indicate a deterioration in the condition of the office;

(C) The size, relative importance, and role of a particular office when reviewed in the context of the foreign

§211.27

bank's entire U.S. operations otherwise necessitate an annual examination; and

(D) The condition of the foreign bank gives rise to such a need.

(3) *Authority to conduct more frequent examinations.* Nothing in paragraphs (c)(1) and (2) of this section limits the authority of the Board to examine any U.S. branch or agency of a foreign bank as frequently as it deems necessary.

[Reg. K, 66 FR 54374, Oct. 26, 2001, as amended at 72 FR 17802, Apr. 10, 2007]

§211.27 Disclosure of supervisory information to foreign supervisors.

(a) *Disclosure by Board.* The Board may disclose information obtained in the course of exercising its supervisory or examination authority to a foreign bank regulatory or supervisory authority, if the Board determines that disclosure is appropriate for bank supervisory or regulatory purposes and will not prejudice the interests of the United States.

(b) *Confidentiality.* Before making any disclosure of information pursuant to paragraph (a) of this section, the Board shall obtain, to the extent necessary, the agreement of the foreign bank regulatory or supervisory authority to maintain the confidentiality of such information to the extent possible under applicable law.

§211.28 Provisions applicable to branches and agencies: limitation on loans to one borrower.

(a) *Limitation on loans to one borrower.* Except as provided in paragraph (b) of this section, the total loans and extensions of credit by all the state branches and state agencies of a foreign bank outstanding to a single borrower at one time shall be aggregated with the total loans and extensions of credit by all federal branches and federal agencies of the same foreign bank outstanding to such borrower at the time; and shall be subject to the limitations and other provisions of section 5200 of the Revised Statutes (12 U.S.C. 84), and the regulations promulgated thereunder, in the same manner that extensions of credit by a federal branch or federal agency are subject to section 4(b) of the IBA (12 U.S.C. 3102(b)) as if such

12 CFR Ch. II (1–1–10 Edition)

state branches and state agencies were federal branches and federal agencies.

(b) *Preexisting loans and extensions of credit.* Any loans or extensions of credit to a single borrower that were originated prior to December 19, 1991, by a state branch or state agency of the same foreign bank and that, when aggregated with loans and extensions of credit by all other branches and agencies of the foreign bank, exceed the limits set forth in paragraph (a) of this section, may be brought into compliance with such limitations through routine repayment, provided that any new loans or extensions of credit (including renewals of existing unfunded credit lines, or extensions of the maturities of existing loans) to the same borrower shall comply with the limits set forth in paragraph (a) of this section.

§211.29 Applications by state branches and state agencies to conduct activities not permissible for federal branches.

(a) *Scope.* A state branch or state agency shall file with the Board a prior written application for permission to engage in or continue to engage in any type of activity that:

(1) Is not permissible for a federal branch, pursuant to statute, regulation, official bulletin or circular, or order or interpretation issued in writing by the Comptroller; or

(2) Is rendered impermissible due to a subsequent change in statute, regulation, official bulletin or circular, written order or interpretation, or decision of a court of competent jurisdiction.

(b) *Exceptions.* No application shall be required by a state branch or state agency to conduct any activity that is otherwise permissible under applicable state and federal law or regulation and that:

(1) Has been determined by the FDIC, pursuant to 12 CFR 362.4(c)(3)(i) through (c)(3)(ii)(A), not to present a significant risk to the affected deposit insurance fund;

(2) Is permissible for a federal branch, but the Comptroller imposes a quantitative limitation on the conduct of such activity by the federal branch;

(3) Is conducted as agent rather than as principal, provided that the activity

Federal Reserve System

§ 211.29

is one that could be conducted by a state-chartered bank headquartered in the same state in which the branch or agency is licensed; or

(4) Any other activity that the Board has determined may be conducted by any state branch or state agency of a foreign bank without further application to the Board.

(c) *Contents of application.* An application submitted pursuant to paragraph (a) of this section shall be in letter form and shall contain the following information:

(1) A brief description of the activity, including the manner in which it will be conducted, and an estimate of the expected dollar volume associated with the activity;

(2) An analysis of the impact of the proposed activity on the condition of the U.S. operations of the foreign bank in general, and of the branch or agency in particular, including a copy, if available, of any feasibility study, management plan, financial projections, business plan, or similar document concerning the conduct of the activity;

(3) A resolution by the applicant's board of directors or, if a resolution is not required pursuant to the applicant's organizational documents, evidence of approval by senior management, authorizing the conduct of such activity and the filing of this application;

(4) If the activity is to be conducted by a state branch insured by the FDIC, statements by the applicant:

(i) Of whether or not it is in compliance with 12 CFR 346.19 (Pledge of Assets) and 12 CFR 346.20 (Asset Maintenance);

(ii) That it has complied with all requirements of the FDIC concerning an application to conduct the activity and the status of the application, including a copy of the FDIC's disposition of such application, if available; and

(iii) Explaining why the activity will pose no significant risk to the deposit insurance fund; and

(5) Any other information that the Reserve Bank deems appropriate.

(d) *Factors considered in determination.* (1) The Board shall consider the following factors in determining whether a proposed activity is consistent with sound banking practice:

(i) The types of risks, if any, the activity poses to the U.S. operations of the foreign banking organization in general, and the branch or agency in particular;

(ii) If the activity poses any such risks, the magnitude of each risk; and

(iii) If a risk is not de minimis, the actual or proposed procedures to control and minimize the risk.

(2) Each of the factors set forth in paragraph (d)(1) of this section shall be evaluated in light of the financial condition of the foreign bank in general and the branch or agency in particular and the volume of the activity.

(e) *Application procedures.* Applications pursuant to this section shall be filed with the appropriate Federal Reserve Bank. An application shall not be deemed complete until it contains all the information requested by the Reserve Bank and has been accepted. Approval of such an application may be conditioned on the applicant's agreement to conduct the activity subject to specific conditions or limitations.

(f) *Divestiture or cessation.* (1) If an application for permission to continue to conduct an activity is not approved by the Board or, if applicable, the FDIC, the applicant shall submit a detailed written plan of divestiture or cessation of the activity to the appropriate Federal Reserve Bank within 60 days of the disapproval.

(i) The divestiture or cessation plan shall describe in detail the manner in which the applicant will divest itself of or cease the activity, and shall include a projected timetable describing how long the divestiture or cessation is expected to take.

(ii) Divestiture or cessation shall be complete within one year from the date of the disapproval, or within such shorter period of time as the Board shall direct.

(2) If a foreign bank operating a state branch or state agency chooses not to apply to the Board for permission to continue to conduct an activity that is not permissible for a federal branch, or which is rendered impermissible due to a subsequent change in statute, regulation, official bulletin or circular, written order or interpretation, or decision of a court of competent jurisdiction, the foreign bank shall submit a written

plan of divestiture or cessation, in conformance with paragraph (f)(1) of this section within 60 days of the effective date of this part or of such change or decision.

§211.30 Criteria for evaluating U.S. operations of foreign banks not subject to consolidated supervision.

(a) *Development and publication of criteria.* Pursuant to the Foreign Bank Supervision Enhancement Act, Pub. L. 102–242, 105 Stat. 2286 (1991), the Board shall develop and publish criteria to be used in evaluating the operations of any foreign bank in the United States that the Board has determined is not subject to comprehensive consolidated supervision.

(b) *Criteria considered by Board.* Following a determination by the Board that, having taken into account the standards set forth in §211.24(c)(1), a foreign bank is not subject to CCS, the Board shall consider the following criteria in determining whether the foreign bank’s U.S. operations should be permitted to continue and, if so, whether any supervisory constraints should be placed upon the bank in connection with those operations:

- (1) The proportion of the foreign bank’s total assets and total liabilities that are located or booked in its home country, as well as the distribution and location of its assets and liabilities that are located or booked elsewhere;
- (2) The extent to which the operations and assets of the foreign bank and any affiliates are subject to supervision by its home country supervisor;

- (5) Whether the foreign bank’s home country supervisor has any objection to the bank continuing to operate in the United States;
- (6) Whether the foreign bank’s home country supervisor and the home coun-

try supervisor of any parent of the foreign bank share material information regarding the operations of the foreign bank with other supervisory authorities;

- (7) The relationship of the U.S. operations to the other operations of the foreign bank, including whether the foreign bank maintains funds in its U.S. offices that are in excess of amounts due to its U.S. offices from the foreign bank’s non-U.S. offices;
 - (8) The soundness of the foreign bank’s overall financial condition;
 - (9) The managerial resources of the foreign bank, including the competence, experience, and integrity of the officers and directors, and the integrity of its principal shareholders;
 - (10) The scope and frequency of external audits of the foreign bank;
 - (11) The operating record of the foreign bank generally and its role in the banking system in its home country;

 - (13) The operating record of the U.S. offices of the foreign bank;
 - (14) The views and recommendations of the Comptroller or the relevant state supervisors in those states in which the foreign bank has operations, as appropriate;
 - (15) Whether the foreign bank, if requested, has provided the Board with adequate assurances that such information will be made available on the operations or activities of the foreign bank and any of its affiliates as the Board deems necessary to determine and enforce compliance with the IBA, the BHC Act, and other U.S. banking statutes; and
 - (16) Any other information relevant to the safety and soundness of the U.S. operations of the foreign bank.
- (c) *Restrictions on U.S. operations—(1) Terms of agreement.* Any foreign bank that the Board determines is not subject to CCS may be required to enter into an agreement to conduct its U.S. operations subject to such restrictions as the Board, having considered the criteria set forth in paragraph (b) of

Federal Reserve System

§ 211.32

this section, determines to be appropriate in order to ensure the safety and soundness of its U.S. operations.

(2) *Failure to enter into or comply with agreement.* A foreign bank that is required by the Board to enter into an agreement pursuant to paragraph (c)(1) of this section and either fails to do so, or fails to comply with the terms of such agreement, may be subject to:

(i) Enforcement action, in order to ensure safe and sound banking operations, under 12 U.S.C. 1818; or

(ii) Termination or a recommendation for termination of its U.S. operations, under § 211.25(a) and (e) and section (7)(e) of the IBA (12 U.S.C. 3105(e)).

(2) *Standards for requiring ATRR—(i) Evaluation of assets.* The Federal banking agencies shall apply the following criteria in determining whether an ATRR is required for particular international assets:

(A) Whether the quality of a banking institution's assets has been impaired by a protracted inability of public or

private obligors in a foreign country to make payments on their external indebtedness as indicated by such factors, among others, as whether:

(1) Such obligors have failed to make full interest payments on external indebtedness; or

(2) Such obligors have failed to comply with the terms of any restructured indebtedness; or

(3) A foreign country has failed to comply with any International Monetary Fund or other suitable adjustment program; or

(B) Whether no definite prospects exist for the orderly restoration of debt service.

(ii) *Determination of amount of ATRR.*

(A) In determining the amount of the ATRR, the Federal banking agencies shall consider:

(1) The length of time the quality of the asset has been impaired;

(2) Recent actions taken to restore debt service capability;

(3) Prospects for restored asset quality; and

(4) Such other factors as the Federal banking agencies may consider relevant to the quality of the asset.

(B) The initial year's provision for the ATRR shall be ten percent of the principal amount of each specified international asset, or such greater or lesser percentage determined by the Federal banking agencies. Additional provision, if any, for the ATRR in subsequent years shall be fifteen percent of the principal amount of each specified international asset, or such greater or lesser percentage determined by the Federal banking agencies.

(3) *Board notification.* Based on the joint agency determinations under paragraph (b)(1) of this section, the Board shall notify each banking institution holding assets subject to an ATRR:

(i) Of the amount of the ATRR to be established by the institution for specified international assets; and

(ii) That an ATRR established for specified assets may be reduced.

(c) *Accounting treatment of ATRR—(1) Charge to current income.* A banking institution shall establish an ATRR by a charge to current income and the

Federal Reserve System

§ 211.44

amounts so charged shall not be included in the banking institution's capital or surplus.

(2) *Separate accounting.* A banking institution shall account for an ATRR separately from the Allowance for Loan and Lease Losses, and shall deduct the ATRR from "gross loans and leases" to arrive at "net loans and leases." The ATRR must be established for each asset subject to the ATRR in the percentage amount specified.

(3) *Consolidation.* A banking institution shall establish an ATRR, as required, on a consolidated basis. For banks, consolidation should be in accordance with the procedures and tests of significance set forth in the instructions for preparation of *Consolidated Reports of Condition and Income* (FFIEC 031 and 041). For bank holding companies, the consolidation shall be in accordance with the principles set forth in the "Instructions to Consolidated Financial Statements for Bank Holding Companies" (Form F.R. Y-9C). Edge and Agreement corporations engaged in banking shall report in accordance with instructions for preparation of the Report of Condition for Edge and Agreement Corporations (Form F.R. 2886b).

(4) *Alternative accounting treatment.* A banking institution need not establish an ATRR if it writes down in the period in which the ATRR is required, or has written down in prior periods, the value of the specified international assets in the requisite amount for each such asset. For purposes of this paragraph, international assets may be written down by a charge to the Allowance for Loan and Lease Losses or a reduction in the principal amount of the asset by application of interest payments or other collections on the asset; provided, that only those international assets that may be charged to the Allowance for Loan and Lease Losses pursuant to generally accepted accounting principles may be written down by a charge to the Allowance for Loan and Lease Losses. However, the Allowance for Loan and Lease Losses must be replenished in such amount necessary to restore it to a level which adequately provides for the estimated losses inherent in the banking institution's loan portfolio.

(5) *Reduction of ATRR.* A banking institution may reduce an ATRR when notified by the Board or, at any time, by writing down such amount of the international asset for which the ATRR was established.

§ 211.44 Reporting and disclosure of international assets.

(a) *Requirements.* (1) Pursuant to section 907(a) of the International Lending Supervision Act of 1983 (Title IX, Pub. L. 98-181, 97 Stat. 1153) (ILSA), a banking institution shall submit to the Board, at least quarterly, information regarding the amounts and composition of its holdings of international assets.

(2) Pursuant to section 907(b) of ILSA, a banking institution shall submit to the Board information regarding concentrations in its holdings of international assets that are material in relation to total assets and to capital of the institution, such information to be made publicly available by the Board on request.

(b) *Procedures.* The format, content and reporting and filing dates of the reports required under paragraph (a) of this section shall be determined jointly by the Federal banking agencies. The requirements to be prescribed by the Federal banking agencies may include changes to existing reporting forms (such as the Country Exposure Report, form FFIEC No. 009) or such other requirements as the Federal banking agencies deem appropriate. The Federal banking agencies also may determine to exempt from the requirements of paragraph (a) of this section banking institutions that, in the Federal banking agencies' judgment, have *de minimis* holdings of international assets.

(c) *Reservation of authority.* Nothing contained in this rule shall preclude the Board from requiring from a banking institution such additional or more frequent information on the institution's holding of international assets as the Board may consider necessary.

INTERPRETATIONS

§211.601 Status of certain offices for purposes of the International Banking Act restrictions on interstate banking operations.

The Board has considered the question of whether a foreign bank's California office that may accept deposits from certain foreign sources (e.g., a United States citizen residing abroad) is a branch or an agency for the purposes of the grandfather provisions of section 5 of the International Banking Act of 1978 (12 U.S.C. 3103(b)). The question has arisen as a result of the definitions in the International Banking Act of *branch* and *agency*, and the limited deposit-taking capabilities of certain California offices of foreign banks.

The International Banking Act defines *agency* as "any office * * * at which deposits may not be accepted from citizens or residents of the United States," and defines *branch* as "any office * * * of a foreign bank * * * at which deposits are received" (12 U.S.C. 3101(1) and (3)). Offices of foreign banks in California prior to the International Banking Act were generally prohibited from accepting deposits by the requirement of State law that such offices obtain Federal deposit insurance (Cal. Fin. Code 1756); until the passage of the International Banking Act an office of a foreign bank could not obtain such insurance. California law, however, permits offices of foreign banks, with the approval of the Banking Department, to accept deposits from any per-

son that resides, is domiciled, and maintains its principal place of business in a foreign country (Cal. Fin. Code 1756.2). Thus, under a literal reading of the definitions of *branch* and *agency* contained in the International Banking Act, a foreign bank's California office that accepts deposits from certain foreign sources (e.g., a U.S. citizen residing abroad), is a branch rather than an agency.

Section 5 of the International Banking Act establishes certain limitations on the expansion of the domestic deposit-taking capabilities of a foreign bank outside its home State. It also grandfathers offices established or applied for prior to July 27, 1978, and permits a foreign bank to select its home State from among the States in which it operated branches and agencies on the grandfather date. If a foreign bank's office that was established or applied for prior to June 27, 1978, is a *branch* as defined in the International Banking Act, then it is grandfathered as a branch. Accordingly, a foreign bank could designate a State other than California as its home State and subsequently convert its California office to a full domestic deposit-taking facility by obtaining Federal deposit insurance. If, however, the office is determined to be an *agency*, then it is grandfathered as such and the foreign bank may not expand its deposit-taking capabilities in California without declaring California its home State.

In the Board's view, it would be inconsistent with the purposes and the legislative history of the International Banking Act to enable a foreign bank to expand its domestic interstate deposit-taking capabilities by grandfathering these California offices as branches because of their ability to receive certain foreign source deposits. The Board also notes that such deposits are of the same general type that may be received by an Edge Corporation and, hence in accordance with section 5(a) of the International Banking Act, by branches established and operated outside a foreign bank's home State. It would be inconsistent with the structure of the interstate banking provisions of the International Banking Act to grandfather as full deposit-

taking offices those facilities whose activities have been determined by Congress to be appropriate for a foreign bank's out-of-home State branches.

Accordingly, the Board, in administering the interstate banking provisions of the IBA, regards as agencies those offices of foreign banks that do not accept domestic deposits but that may accept deposits from any person that resides, is domiciled, and maintains its principal place of business in a foreign country.

§211.602 Investments by United States Banking Organizations in foreign companies that transact business in the United States.

Section 25(a) of the Federal Reserve Act (12 U.S.C. 611, the "Edge Act") provides for the establishment of corporations to engage in international or foreign banking or other international or foreign financial operations ("Edge Corporations"). Congress has declared that Edge Corporations are to serve the purpose of stimulating the provision of international banking and financing services throughout the United States and are to have powers sufficiently broad to enable them to compete effectively with foreign-owned institutions in the United States and abroad. The Board was directed by the International Banking Act of 1978 (12 U.S.C. 3101) to revise its regulations governing Edge Corporations in order to accomplish these and other objectives and was further directed to modify or eliminate any interpretations that impede the attainment of these purposes.

One of the powers of Edge Corporations is that of investing in foreign companies. Under the relevant statutes, however, an Edge Corporation is prohibited from investing in foreign companies that engage in the general business of buying or selling goods, wares, merchandise or commodities in the United States. In addition, an Edge Corporation may not invest in foreign companies that transact any business in the United States that is not, in the Board's judgment, "incidental" to its international or foreign business. The latter limitation also applies to investments by bank holding companies (12

U.S.C. 1843(c)(13)) and member banks (12 U.S.C. 601).

The Board has been asked to determine whether an Edge Corporation's minority investment (involving less than 25 percent of the voting shares) in a foreign company would continue to be permissible after the foreign company establishes or acquires a United States subsidiary that engages in domestic activities that are closely related to banking. The Board has also been asked to determine whether an Edge Corporation's minority investment in a foreign bank would continue to be permissible after the foreign bank establishes a branch in the United States that engages in domestic banking activities. In the latter case, the branch would be located outside the State in which the Edge Corporation and its parent bank are located.

In the past the Board, in exercising its discretionary authority to determine those activities that are permissible in the United States, has followed the policy that an Edge Corporation could not hold even a minority interest in a foreign company that engaged, directly or indirectly, in any purely domestic business in the United States. The United States activities considered permissible were those internationally related activities that Edge Corporations may engage in directly. If this policy were applied to the subject requests, the Edge Corporations would be required to divest their interests in the foreign companies notwithstanding the fact that, in each case, the Edge Corporation, as a minority investor, did not control the decision to undertake activities in the United States, and that even after the United States activities are undertaken the business of the foreign company will remain predominantly outside the United States.

International banking and finance have undergone considerable growth and change in recent years. It is increasingly common, for example, for United States institutions to have direct or indirect offices in foreign countries and to engage in activities at those offices that are domestically as well as internationally oriented. In this climate, United States banking organizations would be placed at a competitive disadvantage if their minority

§211.603

investments in foreign companies were limited to those companies that do no domestic business in the United States. Moreover, continued adherence to the existing policy would be contrary to the declaration in the International Banking Act of 1978 that Edge Corporations' powers are to be sufficiently broad to enable them to compete effectively in the United States and abroad. Furthermore, where the activities to be conducted in the United States by the foreign company are banking or closely related to banking, it does not appear that any regulatory or supervisory purpose would be served by prohibiting a minority investment in the foreign firm by a United States banking organization.

In view of these considerations, the Board has reviewed its policy relating to the activities that may be engaged in the United States by foreign companies (including foreign banks) in which Edge Corporations, member banks, and bank holding companies invest. As a result of that review, the Board has determined that it would be appropriate to interpret sections 25 and 25(a) of the Federal Reserve Act (12 U.S.C. 601, 611) and section 4(c)(13) of the Bank Holding Company Act (12 U.S.C. 1843(c)(13)) generally to allow United States banking organizations, with the prior consent of the Board, to acquire and hold investments in foreign companies that do business in the United States subject to the following conditions:

(1) The foreign company is engaged predominantly in business outside the United States or in internationally related activities in the United States;*

(2) The direct or indirect activities of the foreign company in the United States are either banking or closely related to banking; and

(3) The United States banking organization does not own 25 percent or more of the voting stock of, or otherwise control, the foreign company.

*This condition would ordinarily not be met where a foreign company merely maintains a majority of its business in international activities. Each case will be scrutinized to ensure that the activities in the United States do not alter substantially the international orientation of the foreign company's business.

12 CFR Ch. II (1-1-10 Edition)

In considering whether to grant its consent for such investments, the Board would also review the proposals to ensure that they are consistent with the purposes of the Bank Holding Company Act and the Federal Reserve Act.

§211.604 Data processing activities.

(a) *Introduction.* As a result of a recent proposal by a bank holding company to engage in data processing activities abroad, the Board has considered the scope of permissible data processing activities under Regulation K (12 CFR part 211). This question has arisen as a result of the fact that §211.5(d)(10) of Regulation K does not specifically indicate the scope of data processing as a permissible activity abroad.

(b) *Scope of data processing activities.*
(1) Prior to 1979, the Board authorized specific banking organizations to engage in data processing activities abroad with the expectation that such activity would be primarily related to financial activities. When Regulation K was issued in 1979, data processing was included as a permissible activity abroad. Although the regulation did not provide specific guidance on the scope of this authority, the Board has considered such authority to be coextensive with the authority granted in specific cases prior to the issuance of Regulation K, which relied on the fact that most of the activity would relate to financial data. Regulation K does not address related activities such as the manufacture of hardware or the provision of software or related or incidental services.

(2) In 1979, when the activity was included in Regulation K for the first time, the data processing authority in Regulation K was somewhat broader than that permissible in the United States under Regulation Y (12 CFR part 225) at that time, as the Regulation K authority permitted limited

non-financial data processing. In 1979, Regulation Y authorized only financial data processing activities for third parties, with very limited exceptions. By 1997, however, the scope of data processing activities under Regulation Y was expanded such that bank holding companies are permitted to derive up to 30 percent of their data processing revenues from processing data that is not financial, banking, or economic. Moreover, in other respects, the Regulation Y provision is broader than the data processing provision in Regulation K.

(3) In light of the fact that the permissible scope of data processing activities under Regulation Y is now equal to, and in some respects, broader than the activity originally authorized under Regulation K, the Board believes that § 211.5(d)(10) should be read to encompass all of the activities permissible under § 225.28(b)(14) of Regulation Y. In addition, the limitations of that section would also apply to § 211.5(d)(10).

(c) *Applications.* If a U.S. banking organization wishes to engage abroad in data processing or data transmission activities beyond those described in Regulation Y, it must apply for the Board's prior consent under § 211.5(d)(20) of Regulation K. In addition, if any investor has commenced activities beyond those permitted under § 225.28(b)(14) of Regulation Y in reliance on Regulation K, it should consult with staff of the Board to determine whether such activities have been properly authorized under Regulation K.

§ 211.605 Permissible underwriting activities of foreign banks.

(a) *Introduction.* A number of foreign banks that are subject to the Bank Holding Company Act ("BHC Act") have participated as co-managers in the underwriting of securities to be distributed in the United States despite the fact that the foreign banks in question do not have authority to engage in underwriting activity in the United States under either the Gramm-Leach-Bliley Act ("GLB Act") or section 4(c)(8) of the BHC Act (12 U.S.C. 1843(c)(8)). This interpretation clarifies

the scope of existing restrictions on underwriting by such foreign banks with respect to securities that are distributed in the United States.

(b) *Underwriting transactions engaged in by foreign banks.* (1) In the transactions in question, a foreign bank typically becomes a member of the underwriting syndicate for securities that are registered and intended to be distributed in the United States. The lead underwriter, usually a registered U.S. broker-dealer not affiliated with the foreign bank, agrees to be responsible for distributing the securities being underwritten. The underwriting obligation is assumed by a foreign office or affiliate of the foreign bank.

(2) The foreign banks have used their U.S. offices or affiliates to act as liaison with the U.S. issuer and the lead underwriter in the United States, to prepare documentation and to provide other services in connection with the underwriting. In some cases, the U.S. offices or affiliates that assisted the foreign bank with the underwriting receive a substantial portion of the revenue generated by the foreign bank's participation in the underwriting. In other cases, the U.S. offices receive "credit" from the head office of the foreign bank for their assistance in generating profits arising from the underwriting.

(3) By assuming the underwriting risk and booking the underwriting fees in their foreign offices or affiliates, the foreign banks are able to take advantage of an exemption under U.S. securities laws; a foreign underwriter is not required to register in the United States if the underwriter either does not distribute any of the securities in the United States or distributes them only through a registered broker-dealer.

(c) *Permissible scope of underwriting activities.* (1) A foreign bank that is subject to the BHC Act may engage in underwriting activities in the United States only if it has been authorized under section 4 of the Act. The foreign banks in question have argued that they are not engaged in underwriting activity in the United States because the underwriting activity takes place only outside the United States where the transaction is booked. The foreign

banks refer to Regulation K, which defines “engaged in business” or “engaged in activities” to mean conducting an activity through an office or subsidiary in the United States. Because the underwriting is not booked in a U.S. office or subsidiary, the banks assert that the activity cannot be considered conducted in the United States.

(2) The Board believes that the position taken by the foreign banks is not supported by the Board’s regulations or policies. Section 225.124 of the Board’s Regulation Y (12 CFR 225.124(d)) states that a foreign bank will not be considered to be engaged in the activity of underwriting in the United States if the shares to be underwritten are distributed outside the United States. In the transactions in question, all of the securities to be underwritten by the foreign banks are distributed in the United States.

(3) Regulation K (12 CFR part 211) was amended in 1985 to provide clarification that a foreign bank may not own or control voting shares of a foreign company that directly underwrites, sells or distributes securities in the United States (emphasis added). 12 CFR 211.23(f)(5)(ii). In proposing this latter provision, the Board clarified that no part of the prohibited underwriting process may take place in the United States and that the prohibition on the activity does not depend on the activity being conducted through an office or subsidiary in the United States. Moreover, in the transactions in question, there was significant participation by U.S. offices and affiliates of the foreign banks in the underwriting process. In some transactions, the foreign office at which the transactions were booked did not have any documentation on the particular transactions; all documentation was maintained in the United States office. In all cases, the U.S. offices or affiliates provided virtually all technical support for participation in the underwriting process and benefitted from profits generated by the activity.

(4) The fact that some technological and regulatory constraints on the delivery of cross-border services into the United States have been eliminated since the Regulation K definition of “engaged in business” was adopted in

1979 creates greater scope for banking organizations to deal with customers outside the U.S. bank regulatory framework. The definition in Regulation K, however, does not authorize foreign banking organizations to evade regulatory restrictions on securities activities in the United States by directly underwriting securities to be distributed in the United States or by using U.S. offices and affiliates to facilitate the prohibited activity. In the GLB Act, Congress established a framework within which both domestic and foreign banking organizations may underwrite and deal in securities in the United States. The GLB Act requires that banking organizations meet certain financial and managerial requirements in order to be able to engage in these activities in the United States. The Board believes the practices described above undermine this legislative framework and constitute an evasion of the requirements of the GLB Act and the Board’s Regulation K. Foreign banking organizations that wish to conduct securities underwriting activity in the United States have long had the option of obtaining section 20 authority and now have the option of obtaining financial holding company status.

(d) *Conclusion.* The Board finds that the underwriting of securities to be distributed in the United States is an activity conducted in the United States, regardless of the location at which the underwriting risk is assumed and the underwriting fees are booked. Consequently, any banking organization that wishes to engage in such activity must either be a financial holding company under the GLB Act or have authority to engage in underwriting activity under section 4(c)(8) of the BHC Act (so-called “section 20 authority”). Revenue generated by underwriting bank-eligible securities in such transactions should be attributed to the section 20 company for those foreign banks that operate under section 20 authority.

§ 212.1 Authority, purpose, and scope.

(a) *Authority.* This part is issued under the provisions of the Depository Institution Management Interlocks Act (Interlocks Act) (12 U.S.C. 3201 *et seq.*), as amended.

(b) *Purpose.* The purpose of the Interlocks Act and this part is to foster competition by generally prohibiting a management official from serving two nonaffiliated depository organizations in situations where the management interlock likely would have an anti-competitive effect.

(c) *Scope.* This part applies to management officials of state member banks, bank holding companies, and their affiliates.

§ 212.2 Definitions.

For purposes of this part, the following definitions apply:

(a) *Affiliate.* (1) The term *affiliate* has the meaning given in section 202 of the Interlocks Act (12 U.S.C. 3201). For purposes of that section 202, shares held by an individual include shares held by members of his or her immediate family. "Immediate family" means spouse, mother, father, child, grandchild, sister, brother, or any of their spouses, whether or not any of their shares are held in trust.

(2) For purposes of section 202(3)(B) of the Interlocks Act (12 U.S.C. 3201(3)(B)), an affiliate relationship based on common ownership does not exist if the Board determines, after giving the affected persons the opportunity to respond, that the asserted af-

filiation was established in order to avoid the prohibitions of the Interlocks Act and does not represent a true commonality of interest between the depository organizations. In making this determination, the Board considers, among other things, whether a person, including members of his or her immediate family, whose shares are necessary to constitute the group owns a nominal percentage of the shares of one of the organizations and the percentage is substantially disproportionate to that person's ownership of shares in the other organization.

(b) *Area median income* means:

(1) The median family income for the metropolitan statistical area (MSA), if a depository organization is located in an MSA; or

(2) The statewide nonmetropolitan median family income, if a depository organization is located outside an MSA.

(c) *Community* means a city, town, or village, and contiguous and adjacent cities, towns, or villages.

(d) *Contiguous or adjacent cities, towns, or villages* means cities, towns, or villages whose borders touch each other or whose borders are within 10 road miles of each other at their closest points. The property line of an office located in an unincorporated city, town, or village is the boundary line of that city, town, or village for the purpose of this definition.

(e) *Depository holding company* means a bank holding company or a savings and loan holding company (as more fully defined in section 202 of the Interlocks Act (12 U.S.C. 3201)) having its principal office located in the United States.

(f) *Depository institution* means a commercial bank (including a private bank), a savings bank, a trust company, a savings and loan association, a building and loan association, a homestead association, a cooperative bank, an industrial bank, or a credit union, chartered under the laws of the United States and having a principal office located in the United States. Additionally, a United States office, including a branch or agency, of a foreign commercial bank is a depository institution.

(g) *Depository institution affiliate* means a depository institution that is
