

## Federal Reserve System

## § 225.129

and Financial Institutions Act of 1994 (12 U.S.C. 4702(5));

(4) Invest in, provide financing to, develop, rehabilitate, manage, sell, and rent residential property if a majority of the units will be occupied by low- and moderate-income persons or if the property is a “qualified low-income building” as defined in section 42(c)(2) of the Internal Revenue Code (26 U.S.C. 42(c)(2));

(5) Invest in, provide financing to, develop, rehabilitate, manage, sell, and rent nonresidential real property or other assets located in a low- or moderate-income area provided the property is used primarily for low- and moderate-income persons;

(6) Invest in and provide financing to one or more small businesses located in a low- or moderate-income area to stimulate economic development;

(7) Invest in, provide financing to, develop, and otherwise assist job training or placement facilities or programs designed primarily for low- and moderate-income persons;

(8) Invest in and provide financing to an entity located in a low- or moderate-income area if that entity creates long-term employment opportunities, a majority of which (based on full time equivalent positions) will be held by low- and moderate-income persons; and

(9) Provide technical assistance, credit counseling, research, and program development assistance to low- and moderate-income persons, small businesses, or nonprofit corporations to help achieve community development.

(g) For purposes of paragraph (f) of this section, low- and moderate-income persons or areas means individuals and communities whose incomes do not exceed 80 percent of the median income of the area involved, as determined by the U.S. Department of Housing and Urban Development. Small businesses are businesses that are smaller than the maximum size eligibility standards established by the Small Business Administration (SBA) for the Small Business Investment Company and Development Company Programs or the SBA section 7A loan program; and specifically include those businesses that are

majority-owned by members of minority groups or by women.

(h) For purposes of paragraph (f) of this section, five percent of the total consolidated capital stock and surplus of a bank holding company includes its total investment in projects described in paragraph (f) of this section, when aggregated with similar types of investments made by depository institutions controlled by the bank holding company. The term total consolidated capital stock and surplus of the bank holding company means total equity capital and the allowance for loan and lease losses. For bank holding companies that file the FR Y-9C (Consolidated Financial Statements for Bank Holding Companies), these items are readily ascertained from Schedule HC—Consolidated Balance Sheet (total equity capital (line 27h) and allowance for loan and lease losses (line 4b)). For bank holding companies filing the FR Y-SP (Parent Company Only Financial Statements for Small Bank Holding Companies), an approximation of these items is ascertained from the Balance Sheet (total equity capital (line 16e)) and allowance for loan and lease losses (line 3b)) and from the Report of Condition for Insured Banks (Schedule RC—Balance Sheet (line 4b)).

[37 FR 11316, June 7, 1972; 37 FR 13336, July 7, 1972, as amended at Reg. Y, 59 FR 63713, Dec. 9, 1994]

### § 225.129 Activities closely related to banking.

*Courier activities.* The Board’s amendment of §225.4(a), which adds courier services to the list of closely related activities is intended to permit holding companies to transport time critical materials of limited intrinsic value of the types utilized by banks and bank-related firms in performing their business activities. Such transportation activities are of particular importance in the check clearing process of the banking system, but are also important to the performance of other activities, including the processing of financially-related economic data. The authority is not intended to permit holding companies to engage generally in the provision of transportation services.

During the course of the Board’s proceedings pertaining to courier services,

## § 225.130

objections were made that courier activities were not a proper incident to banking because of the possibility that holding companies would or had engaged in unfair competitive practices. The Board believes that adherence to the following principles will eliminate or reduce to an insignificant degree any possibility of unfair competition:

a. A holding company courier subsidiary established under section 4(c)(8) should be a separate, independent corporate entity, not merely a servicing arm of a bank.

b. As such, the subsidiary should exist as a separate, profit-oriented operation and should not be subsidized by the holding company system.

c. Services performed should be explicitly priced, and shall not be paid for indirectly, for example, on the basis of deposits maintained at or loan arrangements with affiliated banks.

Accordingly, entry of holding companies into courier activities on the basis of section 4(c)(8) will be conditioned as follows:

1. *The courier subsidiary shall perform services on an explicit fee basis and shall be structured as an individual profit center designed to be operated on a profitable basis.* The Board may regard operating losses sustained over an extended period as being inconsistent with continued authority to engage in courier activities.

2. *Courier services performed on behalf of an affiliate's customer (such as the carriage of incoming cash letters) shall be paid for by the customer. Such payments shall not be made indirectly, for example, on the basis of imputed earnings on deposits maintained at or of loan arrangements with subsidiaries of the holding company.* Concern has also been expressed that bank-affiliated courier services will be utilized to gain a competitive advantage over firms competing with other holding company affiliates. To reduce the possibility that courier affiliates might be so employed, the Board will impose the following third condition:

3. *The courier subsidiary shall, when requested by any bank or any data processing firm providing financially-related data processing services which firm competes with a banking or data processing subsidiary of Applicant, furnish com-*

## 12 CFR Ch. II (1-1-10 Edition)

parable service at comparable rates, unless compliance with such request would be beyond the courier subsidiary's practical capacity. In this regard, the courier subsidiary should make known to the public its minimum rate schedule for services and its general pricing policies thereto. The courier subsidiary is also expected to maintain for a reasonable period of time (not less than two years) each request denied with the reasons for such denial.

### § 225.130 Issuance and sale of short-term debt obligations by bank holding companies.

For text of interpretation, see § 250.221 of this chapter.

[38 FR 35231, Dec. 26, 1973]

### § 225.131 Activities closely related to banking.

(a) *Bank management consulting advice.* The Board's amendment of § 225.4(a), which adds bank management consulting advice to the list of closely related activities, described in general terms the nature of such activity. This interpretation is intended to explain in greater detail certain of the terms in the amendment.

(b) It is expected that bank management consulting advice would include, but not be limited to, advice concerning: Bank operations, systems and procedures; computer operations and mechanization; implementation of electronic funds transfer systems; site planning and evaluation; bank mergers and the establishment of new branches; operation and management of a trust department; international banking; foreign exchange transactions; purchasing policies and practices; cost analysis, capital adequacy and planning; auditing; accounting procedures; tax planning; investment advice (as authorized in § 225.4(a)(5)); credit policies and administration, including credit documentation, evaluation, and debt collection; product development, including specialized lending provisions; marketing operations, including research, market development and advertising programs; personnel operations,
