(iv) Make a change that will unequivocally benefit the consumer throughout the remainder of the plan.

(v) Make an insignificant change to terms.

(g) *Refund of fees.* A creditor shall refund all fees paid by the consumer to anyone in connection with an application if any term required to be disclosed under paragraph (d) of this section changes (other than a change due to fluctuations in the index in a variable-rate plan) before the plan is opened and, as a result, the consumer elects not to open the plan.

(i) A statement of when finance charges begin to accrue, including an explanation of whether or not any time period exists within which any credit extended may be repaid without incurring a finance charge. If such a time period is provided, a creditor may, at its option and without disclosure, impose no finance charge when payment is received after the time period's expiration.

(ii) A disclosure of each periodic rate that may be used to compute the finance charge, the range of balances to which it is applicable,¹¹ and the corresponding annual percentage rate.¹² If a creditor offers a variable-rate plan,

the creditor shall also disclose: the circumstances under which the rate(s) may increase; any limitations on the increase; and the effect(s) of an increase. When different periodic rates apply to different types of transactions, the types of transactions to which the periodic rates shall apply shall also be disclosed. A creditor is not required to adjust the range of balances disclosure to reflect the balance below which only a minimum charge applies.

(iii) An explanation of the method used to determine the balance on which the finance charge may be computed.

(iv) An explanation of how the amount of any finance charge will be determined,¹³ including a description of how any finance charge other than the periodic rate will be determined.

(2) *Other charges.* The amount of any charge other than a finance charge that may be imposed as part of the plan, or an explanation of how the charge will be determined.

(3) *Home-equity plan information.* The following disclosures described in § 226.5b(d), as applicable:

(i) A statement of the conditions under which the creditor may take certain action, as described in § 226.5b(d)(4)(i), such as terminating the plan or changing the terms.

(ii) The payment information described in § 226.5b(d)(5)(i) and (ii) for both the draw period and any repayment period.

(vi) A statement that the annual percentage rate imposed under the plan does not include costs other than interest as described in § 226.5b(d)(6) and (d)(12)(ii).

(vii) The variable-rate disclosures described in § 226.5b(d)(12)(viii), (d)(12)(x), (d)(12)(xi), and (d)(12)(xii), as well as the disclosure described in § 226.5b(d)(5)(iii), unless the disclosures provided with the application were in a

form the consumer could keep and included a representative payment example for the category of payment option chosen by the consumer.

(4) *Security interests.* The fact that the creditor has or will acquire a security interest in the property purchased under the plan, or in other property identified by item or type.

(5) *Statement of billing rights.* A statement that outlines the consumer's rights and the creditor's responsibilities under §§ 226.12(c) and 226.13 and that is substantially similar to the statement found in Model Form G-3 or, at the creditor's option G-3(A), in Appendix G to this part.

(b) *Rules affecting open-end (not home-secured) plans.* The requirements of paragraph (b) of this section apply to plans other than home-equity plans subject to the requirements of § 226.5b.

(1) *Form of disclosures; tabular format for open-end (not home-secured) plans.* Creditors must provide the account-opening disclosures specified in paragraph (b)(2)(i) through (b)(2)(v) (except for (b)(2)(i)(D)(2) and (b)(2)(vii) through (b)(2)(xiv) of this section) in the form of a table with the headings, content, and format substantially similar to any of the applicable tables in G-17 in Appendix G to this part.

(i) *Highlighting.* In the table, any annual percentage rate required to be disclosed pursuant to paragraph (b)(2)(i) of this section; any introductory rate permitted to be disclosed pursuant to paragraph (b)(2)(i)(B) or required to be disclosed under paragraph (b)(2)(i)(F) of this section, any rate that will apply after a premium initial rate expires permitted to be disclosed pursuant to paragraph (b)(2)(i)(C) or required to be disclosed pursuant to paragraph (b)(2)(i)(F), and any fee or percentage amounts required to be disclosed pursuant to paragraphs (b)(2)(ii), (b)(2)(iv), (b)(2)(vii) through (b)(2)(xii) of this section must be disclosed in bold text. However, bold text shall not be used for: Any maximum limits on fee amounts disclosed in the table that do not relate to fees that vary by state; the amount of any periodic fee disclosed pursuant to paragraph (b)(2) of this section that is not an annualized amount; and other annual percentage

¹³ [Reserved]

rates or fee amounts disclosed in the table.

(ii) *Location.* Only the information required or permitted by paragraphs (b)(2)(i) through (b)(2)(v) (except for (b)(2)(i)(D)(2)) and (b)(2)(vii) through (b)(2)(xiv) of this section shall be in the table. Disclosures required by paragraphs (b)(2)(i)(D)(2), (b)(2)(vi) and (b)(2)(xv) of this section shall be placed directly below the table. Disclosures required by paragraphs (b)(3) through (b)(5) of this section that are not otherwise required to be in the table and other information may be presented with the account agreement or account-opening disclosure statement, provided such information appears outside the required table.

(iii) *Fees that vary by state.* Creditors that impose fees referred to in paragraphs (b)(2)(vii) through (b)(2)(xi) of this section that vary by state and that provide the disclosures required by paragraph (b) of this section in person at the time the open-end (not home-secured) plan is established in connection with financing the purchase of goods or services may, at the creditor's option, disclose in the account-opening table the specific fee applicable to the consumer's account, or the range of the fees, if the disclosure includes a statement that the amount of the fee varies by state and refers the consumer to the account agreement or other disclosure provided with the account-opening table where the amount of the fee applicable to the consumer's account is disclosed. A creditor may not list fees for multiple states in the account-opening summary table.

(iv) *Fees based on a percentage.* If the amount of any fee required to be disclosed under this section is determined on the basis of a percentage of another amount, the percentage used and the identification of the amount against which the percentage is applied may be disclosed instead of the amount of the fee.

(2) *Required disclosures for account-opening table for open-end (not home-secured) plans.* A creditor shall disclose the items in this section, to the extent applicable:

(i) *Annual percentage rate.* Each periodic rate that may be used to compute the finance charge on an outstanding

balance for purchases, a cash advance, or a balance transfer, expressed as an annual percentage rate (as determined by § 226.14(b)). When more than one rate applies for a category of transactions, the range of balances to which each rate is applicable shall also be disclosed. The annual percentage rate for purchases disclosed pursuant to this paragraph shall be in at least 16-point type, except for the following: A penalty rate that may apply upon the occurrence of one or more specific events.

(A) *Variable-rate information.* If a rate disclosed under paragraph (b)(2)(i) of this section is a variable rate, the creditor shall also disclose the fact that the rate may vary and how the rate is determined. In describing how the applicable rate will be determined, the creditor must identify the type of index or formula that is used in setting the rate. The value of the index and the amount of the margin that are used to calculate the variable rate shall not be disclosed in the table. A disclosure of any applicable limitations on rate increases or decreases shall not be included in the table.

(B) *Discounted initial rates.* If the initial rate is an introductory rate, as that term is defined in § 226.16(g)(2)(ii), the creditor must disclose the rate that would otherwise apply to the account pursuant to paragraph (b)(2)(i) of this section. Where the rate is not tied to an index or formula, the creditor must disclose the rate that will apply after the introductory rate expires. In a variable-rate account, the card issuer must disclose a rate based on the applicable index or formula in accordance with the accuracy requirements of paragraph (b)(4)(ii)(G) of this section. Except as provided in paragraph (b)(2)(i)(F) of this section, the creditor is not required to, but may disclose in the table the introductory rate along with the rate that would otherwise apply to the account if the creditor also discloses the time period during which the introductory rate will remain in effect, and uses the term "introductory" or "intro" in immediate proximity to the introductory rate.

(C) *Premium initial rate.* If the initial rate is temporary and is higher than the rate that will apply after the temporary rate expires, the creditor must

disclose the premium initial rate pursuant to paragraph (b)(2)(i) of this section. Except as provided in paragraph (b)(2)(i)(F) of this section, the creditor is not required to, but may disclose in the table the rate that will apply after the premium initial rate expires if the issuer also discloses the time period during which the premium initial rate will remain in effect. Consistent with paragraph (b)(2)(i) of this section, the premium initial rate for purchases must be in at least 16-point type. If the creditor also discloses in the table the rate that will apply after the premium initial rate for purchases expires, that rate also must be in at least 16-point type.

(D) *Penalty rates.* (1) *In general.* Except as provided in paragraph (b)(2)(i)(D)(2) of this section, if a rate may increase as a penalty for one or more events specified in the account agreement, such as a late payment or an extension of credit that exceeds the credit limit, the creditor must disclose pursuant to paragraph (b)(2)(i) of this section the increased rate that may apply, a brief description of the event or events that may result in the increased rate, and a brief description of how long the increased rate will remain in effect. If more than one penalty rate may apply, the creditor at its option may disclose the highest rate that could apply, instead of disclosing the specific rates or the range of rates that could apply.

(2) *Introductory rates.* If the creditor discloses in the table an introductory rate, as that term is defined in § 226.16(g)(2)(ii), creditors must briefly disclose directly beneath the table the circumstances under which the introductory rate may be revoked, and the rate that will apply after the introductory rate is revoked.

(E) *Point of sale where APRs vary by state.* Creditors imposing annual percentage rates that vary by state and providing the disclosures required by paragraph (b) of this section in person at the time the open-end (not home-secured) plan is established in connection with financing the purchase of goods or services may, at the creditor's option, disclose pursuant to paragraph (b)(2)(i) of this section in the account-opening table the specific annual percentage

rate applicable to the consumer's account, or the range of the annual percentage rates, if the disclosure includes a statement that the annual percentage rate varies by state and refers the consumer to the account agreement or other disclosure provided with the account-opening table where the annual percentage rate applicable to the consumer's account is disclosed. A creditor may not list annual percentage rates for multiple states in the account-opening table.

(F) *Creditors subject to 12 CFR 227.24 or similar law.* Notwithstanding paragraphs (b)(2)(i)(B) and (b)(2)(i)(C) of this section, issuers that are subject to 12 CFR 227.24 or similar law must disclose in the table any introductory rate that would apply to the account, consistent with the requirements of paragraph (b)(2)(i)(B) of this section, and any rate that would apply upon the expiration of a premium initial rate, consistent with the requirements of paragraph (b)(2)(i)(C) of this section.

(ii) *Fees for issuance or availability.* (A) Any annual or other periodic fee that may be imposed for the issuance or availability of an open-end plan, including any fee based on account activity or inactivity; how frequently it will be imposed; and the annualized amount of the fee.

(B) Any non-periodic fee that relates to opening the plan. A creditor must disclose that the fee is a one-time fee.

(iii) *Fixed finance charge; minimum interest charge.* Any fixed finance charge and a brief description of the charge. Any minimum interest charge if it exceeds \$1.00 that could be imposed during a billing cycle, and a brief description of the charge. The \$1.00 threshold amount shall be adjusted periodically by the Board to reflect changes in the Consumer Price Index. The Board shall calculate each year a price level adjusted minimum interest charge using the Consumer Price Index in effect on the June 1 of that year. When the cumulative change in the adjusted minimum value derived from applying the annual Consumer Price level to the current minimum interest charge threshold has risen by a whole dollar, the minimum interest charge will be increased by \$1.00. The creditor may, at

Federal Reserve System

§ 226.6

its option, disclose in the table minimum interest charges below this threshold.

(iv) *Transaction charges.* Any transaction charge imposed by the creditor for use of the open-end plan for purchases.

(v) *Grace period.* The date by which or the period within which any credit extended may be repaid without incurring a finance charge due to a periodic interest rate and any conditions on the availability of the grace period. If no grace period is provided, that fact must be disclosed. If the length of the grace period varies, the creditor may disclose the range of days, the minimum number of days, or the average number of the days in the grace period, if the disclosure is identified as a range, minimum, or average. In disclosing in the tabular format a grace period that applies to all features on the account, the phrase "How to Avoid Paying Interest" shall be used as the heading for the row describing the grace period. If a grace period is not offered on all features of the account, in disclosing this fact in the tabular format, the phrase "Paying Interest" shall be used as the heading for the row describing this fact.

(vi) *Balance computation method.* The name of the balance computation method listed in §226.5a(g) that is used to determine the balance on which the finance charge is computed for each feature, or an explanation of the method used if it is not listed, along with a statement that an explanation of the method(s) required by paragraph (b)(4)(i)(D) of this section is provided with the account-opening disclosures. In determining which balance computation method to disclose, the creditor shall assume that credit extended will not be repaid within any grace period, if any.

(vii) *Cash advance fee.* Any fee imposed for an extension of credit in the form of cash or its equivalent.

(viii) *Late payment fee.* Any fee imposed for a late payment.

(ix) *Over-the-limit fee.* Any fee imposed for exceeding a credit limit.

(x) *Balance transfer fee.* Any fee imposed to transfer an outstanding balance.

(xi) *Returned-payment fee.* Any fee imposed by the creditor for a returned payment.

(xii) *Required insurance, debt cancellation or debt suspension coverage.* (A) A fee for insurance described in §226.4(b)(7) or debt cancellation or suspension coverage described in §226.4(b)(10), if the insurance, or debt cancellation or suspension coverage is required as part of the plan; and

(B) A cross reference to any additional information provided about the insurance or coverage, as applicable.

(xiii) *Available credit.* If a creditor requires fees for the issuance or availability of credit described in paragraph (b)(2)(ii) of this section, or requires a security deposit for such credit, and the total amount of those required fees and/or security deposit that will be imposed and charged to the account when the account is opened is 15 percent or more of the minimum credit limit for the plan, a creditor must disclose the available credit remaining after these fees or security deposit are debited to the account. The determination whether the 15 percent threshold is met must be based on the minimum credit limit for the plan. However, the disclosure provided under this paragraph must be based on the actual initial credit limit provided on the account. In determining whether the 15 percent threshold test is met, the creditor must only consider fees for issuance or availability of credit, or a security deposit, that are required. If fees for issuance or availability are optional, these fees should not be considered in determining whether the disclosure must be given. Nonetheless, if the 15 percent threshold test is met, the creditor in providing the disclosure must disclose the amount of available credit calculated by excluding those optional fees, and the available credit including those optional fees. The creditor shall also disclose that the consumer has the right to reject the plan and not be obligated to pay those fees or any other fee or charges until the consumer has used the account or made a payment on the account after receiving a periodic statement. This paragraph does not apply with respect to fees or security deposits that are not debited to the account.

For finance charges, a statement of when the charge begins to accrue and an explanation of whether or not any time period exists within which any credit that has been extended may be repaid without incurring the charge. (F) Charges for voluntary credit insurance, debt cancellation or debt suspension.

(C) Charges under § 226.4(e) disclosed as specified.

(A) *Rates.* The rate, expressed as a periodic rate and a corresponding annual percentage rate.

(B) *Range of balances.* The range of balances to which the rate is applicable; however, a creditor is not required to adjust the range of balances disclosure to reflect the balance below which only a minimum charge applies.

(C) *Type of transaction.* The type of transaction to which the rate applies, if different rates apply to different types of transactions.

(D) *Balance computation method.* An explanation of the method used to determine the balance to which the rate is applied.

(ii) *Variable-rate accounts.* For interest rate changes that are tied to increases in an index or formula (variable-rate accounts) specifically set forth in the account agreement:

(iii) *Fees that vary by state.* Creditors that impose fees referred to in paragraphs (b)(2)(vii) through (b)(2)(xi) of this section that vary by state and that provide the disclosures required by paragraph (b) of this section in person at the time the open-end (not home-secured) plan is established in connection with financing the purchase of goods or services may, at the creditor's option, disclose in the account-opening table the specific fee applicable to the consumer's account, or the range of the fees, if the disclosure includes a statement that the amount of the fee varies by state and refers the consumer to the account agreement or other disclosure provided with the account-opening table where the amount of the fee applicable to the consumer's account is disclosed. A creditor may not list fees for multiple states in the account-opening summary table.

(iv) *Fees based on a percentage.* If the amount of any fee required to be disclosed under this section is determined on the basis of a percentage of another amount, the percentage used and the identification of the amount against which the percentage is applied may be disclosed instead of the amount of the fee.

(2) *Required disclosures for account-opening table for open-end (not home-secured) plans.* A creditor shall disclose the items in this section, to the extent applicable:

(i) *Annual percentage rate.* Each periodic rate that may be used to compute the finance charge on an outstanding balance for purchases, a cash advance, or a balance transfer, expressed as an annual percentage rate (as determined by § 226.14(b)). When more than one rate applies for a category of transactions, the range of balances to which each rate is applicable shall also be disclosed. The annual percentage rate for purchases disclosed pursuant to this paragraph shall be in at least 16-point type, except for the following: A penalty rate that may apply upon the occurrence of one or more specific events.

(A) *Variable-rate information.* If a rate disclosed under paragraph (b)(2)(i) of this section is a variable rate, the creditor shall also disclose the fact that the rate may vary and how the rate is determined. In describing how the applicable rate will be determined, the creditor must identify the type of index or formula that is used in setting the rate. The value of the index and the amount of the margin that are used to calculate the variable rate shall not be disclosed in the table. A disclosure of any applicable limitations on

Federal Reserve System

§ 226.6, Nt.

rate increases or decreases shall not be included in the table.

(B) *Discounted initial rates.* If the initial rate is an introductory rate, as that term is defined in § 226.16(g)(2)(ii), the creditor must disclose the rate that would otherwise apply to the account pursuant to paragraph (b)(2)(i) of this section. Where the rate is not tied to an index or formula, the creditor must disclose the rate that will apply after the introductory rate expires. In a variable-rate account, the card issuer must disclose a rate based on the applicable index or formula in accordance with the accuracy requirements of paragraph (b)(4)(ii)(G) of this section. Except as provided in paragraph (b)(2)(i)(F) of this section, the creditor is not required to, but may disclose in the table the introductory rate along with the rate that would otherwise apply to the account if the creditor also discloses the time period during which the introductory rate will remain in effect, and uses the term “introductory” or “intro” in immediate proximity to the introductory rate.

(C) *Premium initial rate.* If the initial rate is temporary and is higher than the rate that will apply after the temporary rate expires, the creditor must disclose the premium initial rate pursuant to paragraph (b)(2)(i) of this section. Except as provided in paragraph (b)(2)(i)(F) of this section, the creditor is not required to, but may disclose in the table the rate that will apply after the premium initial rate expires if the issuer also discloses the time period during which the premium initial rate will remain in effect. Consistent with paragraph (b)(2)(i) of this section, the premium initial rate for purchases must be in at least 16-point type. If the creditor also discloses in the table the rate that will apply after the premium initial rate for purchases expires, that rate also must be in at least 16-point type.

(D) *Penalty rates—(1) In general.* Except as provided in paragraph (b)(2)(i)(D)(2) of this section, if a rate may increase as a penalty for one or more events specified in the account agreement, such as a late payment or an extension of credit that exceeds the credit limit, the creditor must disclose pursuant to paragraph (b)(2)(i) of this section the increased rate that may apply, a brief description of the event or events that may result in the increased rate, and a brief description of how long the increased rate will remain in effect. If more than one penalty rate may apply, the creditor at its option may disclose the highest rate that could apply, instead of disclosing the specific rates or the range of rates that could apply.

(2) *Introductory rates.* If the creditor discloses in the table an introductory rate, as that term is defined in § 226.16(g)(2)(ii), creditors must briefly disclose directly beneath the table the circumstances under which the introductory rate may be revoked, and the

rate that will apply after the introductory rate is revoked.

(E) *Point of sale where APRs vary by state.* Creditors imposing annual percentage rates that vary by state and providing the disclosures required by paragraph (b) of this section in person at the time the open-end (not home-secured) plan is established in connection with financing the purchase of goods or services may, at the creditor's option, disclose pursuant to paragraph (b)(2)(i) of this section in the account-opening table the specific annual percentage rate applicable to the consumer's account, or the range of the annual percentage rates, if the disclosure includes a statement that the annual percentage rate varies by state and refers the consumer to the account agreement or other disclosure provided with the account-opening table where the annual percentage rate applicable to the consumer's account is disclosed. A creditor may not list annual percentage rates for multiple states in the account-opening table.

(F) *Creditors subject to 12 CFR 227.24 or similar law.* Notwithstanding paragraphs (b)(2)(i)(B) and (b)(2)(i)(C) of this section, issuers that are subject to 12 CFR 227.24 or similar law must disclose in the table any introductory rate that would apply to the account, consistent with the requirements of paragraph (b)(2)(i)(B) of this section, and any rate that would apply upon the expiration of a premium initial rate, consistent with the requirements of paragraph (b)(2)(i)(C) of this section.

(i) *Fees for issuance or availability.* (A) Any annual or other periodic fee that may be imposed for the issuance or availability of an open-end plan, including any fee based on account activity or inactivity; how frequently it will be imposed; and the annualized amount of the fee.

(B) Any non-periodic fee that relates to opening the plan. A creditor must disclose that the fee is a one-time fee.

(iii) *Fixed finance charge; minimum interest charge.* Any fixed finance charge and a brief description of the charge. Any minimum interest charge if it exceeds \$1.00 that could be imposed during a billing cycle, and a brief description of the charge. The \$1.00 threshold amount shall be adjusted periodically by the Board to reflect changes in the Consumer Price Index. The Board shall calculate each year a price level adjusted minimum interest charge using the Consumer Price Index in effect on the June 1 of that year. When the cumulative change in the adjusted minimum value derived from applying the annual Consumer Price level to the current minimum interest charge threshold has risen by a whole dollar, the minimum interest charge will be increased by \$1.00. The creditor may, at its option, disclose in the table minimum interest charges below this threshold.

§ 226.6, Nt.

12 CFR Ch. II (1–1–10 Edition)

(iv) *Transaction charges.* Any transaction charge imposed by the creditor for use of the open-end plan for purchases.

(v) *Grace period.* The date by which or the period within which any credit extended may be repaid without incurring a finance charge due to a periodic interest rate and any conditions on the availability of the grace period. If no grace period is provided, that fact must be disclosed. If the length of the grace period varies, the creditor may disclose the range of days, the minimum number of days, or the average number of the days in the grace period, if the disclosure is identified as a range, minimum, or average. In disclosing in the tabular format a grace period that applies to all features on the account, the phrase "How to Avoid Paying Interest" shall be used as the heading for the row describing the grace period. If a grace period is not offered on all features of the account, in disclosing this fact in the tabular format, the phrase "Paying Interest" shall be used as the heading for the row describing this fact.

(vi) *Balance computation method.* The name of the balance computation method listed in § 226.5a(g) that is used to determine the balance on which the finance charge is computed for each feature, or an explanation of the method used if it is not listed, along with a statement that an explanation of the method(s) required by paragraph (b)(4)(i)(D) of this section is provided with the account-opening disclosures. In determining which balance computation method to disclose, the creditor shall assume that credit extended will not be repaid within any grace period, if any.

(vii) *Cash advance fee.* Any fee imposed for an extension of credit in the form of cash or its equivalent.

(viii) *Late payment fee.* Any fee imposed for a late payment.

(ix) *Over-the-limit fee.* Any fee imposed for exceeding a credit limit.

(x) *Balance transfer fee.* Any fee imposed to transfer an outstanding balance.

(xi) *Returned-payment fee.* Any fee imposed by the creditor for a returned payment.

(xii) *Required insurance, debt cancellation or debt suspension coverage.* (A) A fee for insurance described in § 226.4(b)(7) or debt cancellation or suspension coverage described in § 226.4(b)(10), if the insurance, or debt cancellation or suspension coverage is required as part of the plan; and

(B) A cross reference to any additional information provided about the insurance or coverage, as applicable.

(xiii) *Available credit.* If a creditor requires fees for the issuance or availability of credit described in paragraph (b)(2)(ii) of this section, or requires a security deposit for such credit, and the total amount of those required fees and/or security deposit that will be imposed and charged to the account when the account is opened is 15 percent or more

of the minimum credit limit for the plan, a creditor must disclose the available credit remaining after these fees or security deposit are debited to the account. The determination whether the 15 percent threshold is met must be based on the minimum credit limit for the plan. However, the disclosure provided under this paragraph must be based on the actual initial credit limit provided on the account. In determining whether the 15 percent threshold test is met, the creditor must only consider fees for issuance or availability of credit, or a security deposit, that are required. If fees for issuance or availability are optional, these fees should not be considered in determining whether the disclosure must be given. Nonetheless, if the 15 percent threshold test is met, the creditor in providing the disclosure must disclose the amount of available credit calculated by excluding those optional fees, and the available credit including those optional fees. The creditor shall also disclose that the consumer has the right to reject the plan and not be obligated to pay those fees or any other fee or charges until the consumer has used the account or made a payment on the account after receiving a periodic statement. This paragraph does not apply with respect to fees or security deposits that are not debited to the account.

(xiv) *Web site reference.* For issuers of credit cards that are not charge cards, a reference to the Web site established by the Board and a statement that consumers may obtain on the Web site information about shopping for and using credit cards.

(xv) *Billing error rights reference.* A statement that information about consumers' right to dispute transactions is included in the account-opening disclosures.

(3) *Disclosure of charges imposed as part of open-end (not home-secured) plans.* A creditor shall disclose, to the extent applicable:

(i) For charges imposed as part of an open-end (not home-secured) plan, the circumstances under which the charge may be imposed, including the amount of the charge or an explanation of how the charge is determined. For finance charges, a statement of when the charge begins to accrue and an explanation of whether or not any time period exists within which any credit that has been extended may be repaid without incurring the charge. If such a time period is provided, a creditor may, at its option and without disclosure, elect not to impose a finance charge when payment is received after the time period expires.

(ii) Charges imposed as part of the plan are:

(A) Finance charges identified under § 226.4(a) and § 226.4(b).

(B) Charges resulting from the consumer's failure to use the plan as agreed, except amounts payable for collection activity after

§ 226.7

default, attorney's fees whether or not automatically imposed, and post-judgment interest rates permitted by law.

(C) Taxes imposed on the credit transaction by a state or other governmental body, such as documentary stamp taxes on cash advances.

(D) Charges for which the payment, or non-payment, affect the consumer's access to the plan, the duration of the plan, the amount of credit extended, the period for which credit is extended, or the timing or method of billing or payment.

(E) Charges imposed for terminating a plan.

(F) Charges for voluntary credit insurance, debt cancellation or debt suspension.

(iii) Charges that are not imposed as part of the plan include:

(A) Charges imposed on a cardholder by an institution other than the card issuer for the use of the other institution's ATM in a shared or interchange system.

(B) A charge for a package of services that includes an open-end credit feature, if the fee is required whether or not the open-end credit feature is included and the non-credit services are not merely incidental to the credit feature.

(C) Charges under §226.4(e) disclosed as specified.

(4) *Disclosure of rates for open-end (not home-secured) plans.* A creditor shall disclose, to the extent applicable:

(i) For each periodic rate that may be used to calculate interest:

(A) *Rates.* The rate, expressed as a periodic rate and a corresponding annual percentage rate.

(B) *Range of balances.* The range of balances to which the rate is applicable; however, a creditor is not required to adjust the range of balances disclosure to reflect the balance below which only a minimum charge applies.

(C) *Type of transaction.* The type of transaction to which the rate applies, if different rates apply to different types of transactions.

(D) *Balance computation method.* An explanation of the method used to determine the balance to which the rate is applied.

(ii) *Variable-rate accounts.* For interest rate changes that are tied to increases in an index or formula (variable-rate accounts) specifically set forth in the account agreement:

(A) The fact that the annual percentage rate may increase.

(B) How the rate is determined, including the margin.

(C) The circumstances under which the rate may increase.

(D) The frequency with which the rate may increase.

(E) Any limitation on the amount the rate may change.

(F) The effect(s) of an increase.

(G) A rate is accurate if it is a rate as of a specified date within the last 30 days before the disclosures are provided.

(iii) *Rate changes not due to index or formula.* For interest rate changes that are specifically set forth in the account agreement and not tied to increases in an index or formula:

(A) The initial rate (expressed as a periodic rate and a corresponding annual percentage rate) required under paragraph (b)(4)(i)(A) of this section.

(B) How long the initial rate will remain in effect and the specific events that cause the initial rate to change.

(C) The rate (expressed as a periodic rate and a corresponding annual percentage rate) that will apply when the initial rate is no longer in effect and any limitation on the time period the new rate will remain in effect.

(D) The balances to which the new rate will apply.

(E) The balances to which the current rate at the time of the change will apply.

(5) *Additional disclosures for open-end (not home-secured) plans.* A creditor shall disclose, to the extent applicable:

(i) *Voluntary credit insurance, debt cancellation or debt suspension.* The disclosures in §226.4(d)(1)(i) and (d)(1)(ii) and (d)(3)(i) through (d)(3)(iii) if the creditor offers optional credit insurance or debt cancellation or debt suspension coverage that is identified in §226.4(b)(7) or (b)(10).

(ii) *Security interests.* The fact that the creditor has or will acquire a security interest in the property purchased under the plan, or in other property identified by item or type.

(iii) *Statement of billing rights.* A statement that outlines the consumer's rights and the creditor's responsibilities under §§226.12(c) and 226.13 and that is substantially similar to the statement found in Model Form G-3(A) in appendix G to this part.
