§ 560.34 Prepayments.

Any prepayment on a real estate loan must be applied directly to reduce the principal balance on the loan unless the loan contract or the borrower specifies otherwise. Subject to the terms of the loan contract, a Federal savings association may impose a fee for any prepayment of a loan.

§ 560.35 Adjustments to home loans.

(a) For any home loan secured by borrower-occupied property, or property to be occupied by the borrower, adjustments to the interest rate, payment, balance, or term to maturity must comply with the limitations of this section and the disclosure and notice requirements of §560.210 of this part.

(b) Adjustments to the interest rate shall correspond directly to the movement of an index satisfying the requirements of paragraph (d) of this section. A Federal savings association also may increase the interest rate pursuant to a formula or schedule that specifies the amount of the increase, the time at which it may be made, and which is set forth in the loan contract.

(c) Adjustments to the payment and the loan balance that do not reflect an interest-rate adjustment may be made if:

(1) The adjustments reflect a change in an index that may be used pursuant to paragraph (d) of this section;

(2) In the case of a payment adjustment, the adjustment reflects a change in the loan balance or is made pursuant to a formula, or to a schedule specifying the percentage or dollar change in the payment as set forth in the loan contract; or

(3) In the case of an open-end line-of-credit loan, the adjustment reflects an advance taken by the borrower under the line-of-credit and is permitted by the loan contract.

(d) (1) Any index used must be readily available and independently verifiable. If set forth in the loan contract, an association may use any combination of indices, a moving average of index values, or more than one index during the term of a loan.

(2) Except as provided in paragraph (d)(3) of this section, any index used must be a national or regional index.

(3) A Federal savings association may use an index not satisfying the requirements of paragraph (d)(2) of this section 30 days after filing a notice unless, within that 30-day period, OTS has notified the association that the notice presents supervisory concerns or raises significant issues of law or policy. If OTS notifies the association of such concerns or issues, the Federal savings association may not use such an index unless it applies for and receives OTS’s prior written approval under the standard treatment processing procedures at part 516, subparts A and E of this chapter.

§ 560.36 De minimis investments.

A Federal savings association may invest in the aggregate up to the greater of 1% of its total capital or $250,000 in community development investments of the type permitted for a national bank under 12 CFR part 24.

[66 FR 65826, Dec. 21, 2001]

§ 560.37 Real estate for office and related facilities.

A federal savings association may invest in real estate (improved or unimproved) to be used for office and related facilities of the association, or for such office and related facilities and for rental or sale, if such investment is made and maintained under a prudent program of property acquisition to meet the federal savings association’s present needs or its reasonable future needs for office and related facilities. A federal savings association may not make an investment that would cause the outstanding book value of all such investments (including investments under §559.4(e)(2) of this chapter) to exceed its total capital.
