§ 564.5 Appraiser independence.

(a) *Staff appraisers.* If an appraisal is prepared by a staff appraiser, that appraiser must be independent of the lending, investment, and collection functions and not involved, except as an appraiser, in the federally related transaction, and have no direct or indirect interest, financial or otherwise, in the property. If the only qualified persons available to perform an appraisal are involved in the lending, investment, or collection functions of the regulated institution, the regulated institution shall take appropriate steps to ensure that the appraisers exercise independent judgment and that the appraisal is adequate. Such steps include, but are not limited to, prohibiting an individual from performing an appraisal in connection with federally related transactions in which the appraiser is otherwise involved and prohibiting directors and officers from participating in any vote or approval involving assets on which they performed an appraisal.

(b) *Fee appraisers.* (1) If an appraisal is prepared by a fee appraiser, the appraiser shall be engaged directly by the regulated institution or its agent, and have no direct or indirect interest, financial or otherwise, in the property or the transaction.

(2) A regulated institution also may accept an appraisal that was prepared by an appraiser engaged directly by another financial services institution, if:

(i) The appraiser has no direct or indirect interest, financial or otherwise, in the property or the transaction; and

(ii) The regulated institution determines that the appraisal conforms to

§ 564.6 Professional association membership; competency.

(a) *Membership in appraisal organizations.* A State certified appraiser or a State licensed appraiser may not be excluded from consideration for an assignment for a federally related transaction solely by virtue of membership or lack of membership in any particular appraisal organization.

(b) *Competency.* All staff and fee appraisers performing appraisals in connection with federally related transactions must be State certified or licensed, as appropriate. However, a State certified or licensed appraiser may not be considered competent solely by virtue of being certified or licensed. Any determination of competency shall be based upon the individual's experience and educational background as they relate to the particular appraisal assignment for which he or she is being considered.

§ 564.7 Enforcement.

Institutions and institution-affiliated parties, including staff appraisers and fee appraisers, who violate this part may be subject to removal and/or prohibition orders, cease and desist orders, and the imposition of civil money penalties pursuant to the Federal Deposit Insurance Act, 12 U.S.C. 1811 *et seq.*, as amended, or other applicable law.

§ 564.8 Appraisal policies and practices of savings associations and subsidiaries.

(a) *Introduction.* The soundness of a savings association's mortgage loans and real estate investments, and those of its service corporation(s), depends to a great extent upon the adequacy of the loan underwriting used to support these transactions. An appraisal standard is one of several critical components of a sound underwriting policy because appraisal reports contain estimates of the value of collateral held or assets owned. This section sets forth

the responsibilities of management to develop, implement, and maintain appraisal standards in determining compliance with the appraisal requirements of § 563.170 of this chapter.

(b) *Definition.* For purposes of this section, management means: the directors and officers of a savings association, or service corporation of such savings association, as those terms are defined in §§ 561.18 and 561.35 of this chapter respectively.

(c) *Responsibilities of management.* An appraisal is a critical component of the loan underwriting or real estate investment decision. Therefore, management shall develop, implement, and maintain appraisal policies to ensure that appraisals reflect professional competence and to facilitate the reporting of estimates of market value upon which savings associations may rely to make lending decisions. To achieve these results:

(1) Management shall develop written appraisal policies, subject to formal adoption by the savings association's board of directors, that it shall implement in consultation with other appropriate personnel. These policies shall ensure that adequate appraisals are obtained and proper appraisal procedures are followed consistent with the requirements of this part 564.

(2) Management shall develop and adopt guidelines and institute procedures pertaining to the hiring of appraisers to perform appraisal services for the savings association consistent with the requirements of this part 564. These guidelines shall set forth specific factors to be considered by management including, but not limited to, an appraiser's State certification or licensing, professional education, and type of experience. An appraiser's membership in professional appraisal organizations may be considered consistent with the requirements of § 564.6

(3) Management shall review on an annual basis the performance of all approved appraisers used within the preceding 12-month period for compliance with (i) the savings association's appraisal policies and procedures; and (ii) the reasonableness of the value estimates reported.

(d) *Exemptions.* The requirements of § 564.4(b) through (d) shall not apply

with respect to appraisals on nonresidential properties prepared on form reports approved by the Office and completed in accordance with the applicable instructional booklet.

SOURCE: 57 FR 44903, Sept. 29, 1992, unless otherwise noted.

§ 565.1 Authority, purpose, scope, other supervisory authority, and disclosure of capital categories.

(a) *Authority.* This part is issued by the OTS pursuant to section 38 (section 38) of the Federal Deposit Insurance Act (FDI Act) as added by section 131 of the Federal Deposit Insurance Corporation Improvement Act of 1991 (Pub. L. 102-242, 105 Stat. 2236 (1991)) (12 U.S.C. 1831o).

(b) *Purpose.* Section 38 of the FDI Act establishes a framework of supervisory actions for insured depository institutions that are not adequately capitalized. The principal purpose of this part is to define, for savings associations, the capital measures and capital levels that are used for determining the supervisory actions authorized under section 38 of the FDI Act. This part also establishes procedures for submission and review of capital restoration plans
