

§ 621.4

12 CFR Ch. VI (1–1–10 Edition)

§ 621.4 Audit by qualified public accountant.

(a) Each institution shall, at least annually, have its financial statements audited by a qualified public accountant in accordance with generally accepted auditing standards.

(b) The qualified public accountant's opinion of each institution's financial statements must be included as a part of each annual report to shareholders. The accountant must comply with the auditor independence provisions of subpart E of this part.

(c) If an institution disagrees with the opinion of a qualified public accountant required by paragraph (b) of this section, the following actions shall be taken immediately:

(1) The institution shall prepare a brief but thorough written description of the scope and content of the disagreement, noting each point of disagreement and citing, in all cases, the specific provisions of generally accepted accounting principles and generally accepted auditing standards upon which the institution's position in the disagreement is based;

(2) A copy of the institution's final description of the disagreement shall be given to the accountant who provided the opinion with which the institution disagrees;

(3) The accountant shall have 10 business days to develop and provide a brief but thorough final response to the institution's description of the disagreement, including all items believed to be incorrect or incomplete, and citing, in all cases, the specific provisions of generally accepted accounting principles and generally accepted auditing standards upon which the accountant's position in the disagreement is based;

(4) Both the institution's final description of the disagreement and the accountant's final response to it shall be included in the institution's annual report to shareholders directly following the accountant's opinion of the institution's financial statements; and

(5) The institution shall immediately notify the Chief Examiner, Farm Credit Administration, of any disagreement with its accountant and shall furnish the Farm Credit Administration with the written documentation required by

paragraphs (c) (1) through (4) of this section.

(d) If an institution selects a qualified public accountant to audit its financial statements and provide an opinion thereon for its annual report who is different from the accountant whose opinion appeared in the institution's most recent annual report, the following items shall be sent to the Farm Credit Administration no later than 15 days after the end of the month in which the change took place and shall be included in the institution's annual meeting information statement and annual report to shareholders for the year in which the change of accountants took place:

(1) The name and address of the accountant whose opinion appeared in the institution's most recent annual report to shareholders;

(2) A brief but thorough statement of the reasons the accountant selected for the most recent annual report was not selected for the current annual report. If the change resulted from a disagreement with the accountant, the statement shall describe the institution's disagreement with the accountant's opinion and the accountant's final response to the institution's disagreement prepared pursuant to paragraph (c) of this section; and

(3) The identification of the highest ranking officer, committee of officers, or board of directors, as appropriate, that recommended, approved, or otherwise made the decision to change qualified public accountants.

[58 FR 48786, Sept. 20, 1993, as amended at 71 FR 76120, Dec. 20, 2006]

§ 621.5 Accounting for the allowance for loan losses and chargeoffs.

Each institution shall:

(a) Maintain at all times an allowance for loan losses that is determined according to generally accepted accounting principles.

(b) Develop, adopt, and consistently apply policies and procedures governing the establishment and maintenance of the allowance for loan losses which, at a minimum, conform to the rules, definitions, and standards set forth in this part and any other applicable requirements.

Farm Credit Administration

§ 621.6

(c) Charge-off loans, wholly or partially, as appropriate, at the time they are determined to be uncollectible.

(d) Ensure that when an institution or the Farm Credit Administration determines that the value of a loan or other asset recorded on its books and records exceeds the amount that can reasonably be expected to be collectible, or when the documentation supporting the recorded asset value is inadequate, the institution shall immediately charge off the asset in the amount determined to be uncollectible. If the amount determined to be uncollectible by the institution is different from the amount determined to be uncollectible by the Farm Credit Administration, the institution shall charge off such amount as the Farm Credit Administration shall direct.

[58 FR 48786, Sept. 20, 1993, as amended at 74 FR 28600, June 17, 2009]

Subpart C—Loan Performance and Valuation Assessment

§ 621.6 Performance categories and other property owned.

Each institution shall employ the following practices with respect to categorizing high-risk loans and loan-related assets. No loan shall be put into more than one performance category. At a minimum, loans meeting the criteria for both nonaccrual and another performance category shall be classified as nonaccrual.

(a) *Nonaccrual loans.* A loan shall be considered nonaccrual if it meets any of the following conditions:

(1) Collection of any amount of outstanding principal and all past and future interest accruals, considered over the full term of the asset, is not expected;

(2) Any portion of the loan has been charged off, except in cases where the prior chargeoff was taken as part of a formal restructuring of the loan; or

(3) The loan is 90 days past due and is not both adequately secured and in process of collection.

(i) A loan is considered adequately secured only if:

(A) It is secured by real or personal property having a net realizable value sufficient to discharge the debt in full; or

(B) It is guaranteed by a financially responsible party in an amount sufficient to discharge the debt in full.

(ii) A loan is considered in process of collection only if collection efforts are proceeding in due course and, based on a probable and specific event, are expected to result in the prompt repayment of the debt or its restoration to current status. There must be documented evidence that collection in full of amounts due and unpaid is expected to occur within a reasonable time period, not to exceed 180 days from the date that payment was due. The commencement of collection efforts through legal action, including bankruptcy or foreclosure, or through collection efforts not involving legal action, including ongoing workouts and reamortizations, do not, in and of themselves, provide sufficient cause to keep a loan out of nonaccrual status. If full collection of the debt or its restoration to current status is dependent upon completion of any action by the borrower, the institution must obtain the borrower's written agreement to complete all such actions by the specific dates set forth in agreement.

(b) *Formally restructured loans.* A loan is considered formally restructured if it meets the "troubled debt restructuring" definition set forth in Statement of Financial Accounting Standards No. 15, Accounting by Debtors and Creditors for Troubled Debt Restructurings, as promulgated by the FASB.

(c) *Loans 90 days past due still accruing interest.* (1) Loans 90 days past due still accruing interest means loans that are 90 days or more contractually past due, and that are both adequately secured and in process of collection, as described in this section.

(2) A loan shall be considered contractually past due when any principal repayment or interest payment required by the loan instrument is not received on or before the due date. A loan shall remain contractually past due until it is formally restructured or until the entire amount past due, including principal, accrued interest, and penalty interest incurred as the result of past due status, is collected or otherwise discharged in full.
