

## Federal Housing Finance Board

## § 931.3

### § 931.1 Classes of capital stock.

The authorized capital stock of a Bank shall consist of the following instruments:

(a) Class A stock, which shall:

(1) Have a par value as determined by the board of directors of the Bank and stated in the Bank's capital plan;

(2) Be issued, redeemed, and repurchased only at its stated par value; and

(3) Be redeemable in cash only on six-months written notice to the Bank.

(b) Class B stock, which shall:

(1) Have a par value as determined by the board of directors of the Bank and stated in the Bank's capital plan;

(2) Be issued, redeemed, and repurchased only at its stated par value;

(3) Be redeemable in cash only on five-years written notice to the Bank; and

(4) Confer an ownership interest in the retained earnings, surplus, undivided profits, and equity reserves of the Bank; and

(c) Any one or more subclasses of Class A or Class B stock, each of which may have different rights, terms, conditions, or preferences as may be authorized in the Bank's capital plan, provided, however, that each subclass of stock shall have all of the characteristics of its respective class, as specified in paragraph (a) or (b) of this section.

### § 931.2 Issuance of capital stock.

(a) *In general.* A Bank may issue either one or both classes of its capital stock (including subclasses), as authorized by § 931.1, and shall not issue any other class of capital stock. A Bank shall issue its stock only to its members and only in book-entry form, and the Bank shall act as its own transfer agent. All capital stock shall be issued in accordance with the Bank's capital plan.

(b) *Initial issuance.* In connection with the initial issuance of its Class A and/or Class B stock (or any subclass of either), a Bank may issue such stock in exchange for its existing stock, through a conversion of its existing stock, or through any other fair and equitable transaction or method of distribution. As part of its initial stock issuance transaction, a Bank may distribute any portion of its then-existing

unrestricted retained earnings as shares of Class B stock.

### § 931.3 Minimum investment in capital stock.

(a) A Bank shall require each member to maintain a minimum investment in the capital stock of the Bank, both as a condition to becoming and remaining a member of the Bank and as a condition to transacting business with the Bank or obtaining advances and other services from the Bank. The amount of the required minimum investment shall be determined in accordance with the Bank's capital plan and shall be sufficient to ensure that the Bank remains in compliance with its minimum capital requirements. A Bank shall require each member to maintain its minimum investment for as long as the institution remains a member of the Bank and for as long as the member engages in any activity with the Bank against which the Bank is required to maintain capital.

(b) A Bank may establish the minimum investment required of each member as a percentage of the total assets of the member, as a percentage of the advances outstanding to the member, as a percentage of any other business activity conducted with the member, on any other basis that is approved by the Finance Board, or any combination thereof.

(c) A Bank may require each member to satisfy the minimum investment requirement through the purchase of either Class A or Class B stock, or through the purchase of one or more combinations of Class A and Class B stock that have been authorized by the board of directors of the Bank in its capital plan. A Bank, in its discretion, may establish a lower minimum investment for members that invest in Class B stock than is required for members that invest in Class A stock, provided that such reduced investment provides sufficient capital for the Bank to remain in compliance with its minimum capital requirements.

(d) Each member of a Bank shall at all times maintain an investment in the capital stock of the Bank in an amount that is sufficient to satisfy the minimum investment required for that

member in accordance with the Bank's capital plan.

[66 FR 8310, Jan. 30, 2001, as amended at 70 FR 9510, Feb. 28, 2005]

#### § 931.4 Dividends.

(a) *In general.* A Bank may pay dividends on Class A or Class B stock, including any subclasses of such stock, only out of previously retained earnings or current net earnings, and shall declare and pay dividends only as provided by its capital plan. The capital plan may establish different dividend rates or preferences for each class or subclass of stock, which may include a dividend that tracks the economic performance of certain Bank assets, such as Acquired Member Assets. A member, including a member that has provided the Bank with a notice of intent to withdraw from membership or one whose membership is otherwise terminated, shall be entitled to receive any dividends that a Bank declares on its capital stock while the member owns the stock.

(b) *Limitation on payment of dividends.* In no event shall a Bank declare or pay any dividend on its capital stock if after doing so the Bank would fail to meet any of its minimum capital requirements, nor shall a Bank that is not in compliance with any of its minimum capital requirements declare or pay any dividend on its capital stock.

[66 FR 8310, Jan. 30, 2001, as amended at 66 FR 54108, Oct. 26, 2001]

#### § 931.5 Liquidation, merger, or consolidation.

The respective rights of the Class A and Class B stockholders, in the event that the Bank is liquidated, or is merged or otherwise consolidated with another Bank, shall be determined in accordance with the capital plan of the Bank.

#### § 931.6 Transfer of capital stock.

A Bank in its capital plan may allow a member to transfer any excess capital stock of the Bank to another member of that Bank or to an institution that has been approved for membership in that Bank and that has satisfied all conditions for becoming a member, other than the purchase of the min-

imum amount of Bank stock that it is required to hold as a condition of membership. Any such stock transfers shall be at par value and shall be effective upon being recorded on the appropriate books and records of the Bank. The Bank may, in its capital plan, require a member to receive the approval of the Bank before a transfer of the Bank's stock, as allowed under this section, is completed.

[66 FR 8310, Jan. 30, 2001, as amended at 66 FR 54108, Oct. 26, 2001]

#### § 931.7 Redemption and repurchase of capital stock.

(a) *Redemption.* A member may have its capital stock in a Bank redeemed by providing written notice to the Bank in accordance with this section. For Class A stock, a member shall provide six-months written notice, and for Class B stock a member shall provide five-years written notice. The notice shall indicate the number of shares of Bank stock that are to be redeemed, and a member shall not have more than one notice of redemption outstanding at one time for the same shares of Bank stock. A member may cancel a notice of redemption by so informing the Bank in writing, and the Bank may impose a fee (to be specified in its capital plan) on any member that cancels a pending notice of redemption. At the expiration of the applicable notice period, the Bank shall pay the stated par value of that stock to the member in cash. A request by a member (whose membership has not been terminated) to redeem specific shares of stock shall automatically be cancelled if the Bank is prevented from redeeming the member's stock by paragraph (c) of this section within five business days from the end of the expiration of the applicable redemption notice period because the member would fail to maintain its minimum investment in the stock of the Bank after such redemption. The automatic cancellation of a member's redemption request shall have the same effect as if the member had cancelled its notice to redeem stock prior to the end of the redemption notice period, and a Bank may impose a fee (to be specified in its capital plan) for automatic cancellation of a redemption request. A Bank
