

## § 120.461

## 13 CFR Ch. I (1–1–10 Edition)

(iii) Specific internal control requirements for the SBA Supervised Lender's major asset categories (cash and investment securities), lending, and the issuance of debt;

(iv) Specific internal control requirements for the SBA Supervised Lender's oversight of Lender Service Providers; and

(v) Standards for training to implement the asset review program.

[73 FR 75512, Dec. 11, 2008]

### § 120.461 What are SBA's additional requirements for SBA Supervised Lenders concerning records?

(a) *Report filing.* All SBA Supervised Lender-specific reports (including all SBLC-only reports) must be filed with the appropriate Office of Capital Access official in accordance with Delegations of Authority.

(b) *Maintenance of records.* An SBA Supervised Lender must maintain at its principal business office accurate and current financial records, including books of accounts, minutes of stockholder, directors, and executive committee meetings, and all documents and supporting materials relating to the SBA Supervised Lender's transactions. However, securities held by a custodian pursuant to a written agreement are exempt from this requirement.

(c) *Permanent preservation of records.* An SBA Supervised Lender must permanently preserve in a manner permitting immediate (one business day) retrieval the following documentation for the financial statements and other reports required by §120.464 (and the accompanying certified public accountant's opinion):

(1) All general and subsidiary ledgers (or other records) reflecting asset, liability, capital stock and additional paid-in capital, income, and expense accounts;

(2) All general and special journals (or other records forming the basis for entries in such ledgers); and

(3) The corporate charter, bylaws, application for determination of eligibility to participate with SBA, and all minutes books, capital stock certificates or stubs, stock ledgers, and stock transfer registers.

(d) *Other preservation of records.* An SBA Supervised Lender must preserve for at least 6 years following final disposition of each individual SBA loan:

(1) All applications for financing;

(2) Lending, participation, and escrow agreements;

(3) Financing instruments; and

(4) All other documents and supporting material relating to such loans, including correspondence.

(e) *Electronic preservation.* Records and other documents referred to in this section may be preserved electronically if the original is available for retrieval within 15 working days.

[73 FR 75512, Dec. 11, 2008]

### § 120.462 What are SBA's additional requirements on capital maintenance for SBA Supervised Lenders?

(a) *Capital adequacy.* The board of directors (or management, if the SBA Supervised Lender is a division of another company and does not have its own board of directors) of each SBA Supervised Lender must determine capital adequacy goals; that is, the total amount of capital needed to assure the SBA Supervised Lender's continued financial viability and provide for any necessary growth. The minimum standards set in §120.471 for SBLCs and those established by state regulators for NFRLs are not to be adopted as the ideal capital level for a given SBA Supervised Lender. Rather, the minimum standards are to serve as minimum levels of capital that each SBA Supervised Lender must maintain to protect against the credit risk and other general risks inherent in its operation.

(b) *Capital plan.* (1) The board of directors of each SBA Supervised Lender must establish, adopt, and maintain a formal written capital plan. The plan must include any interim capital targets that are necessary to achieve the SBA Supervised Lender's capital adequacy goals as well as the minimum capital standards. The plan must address any projected dividend goals, equity retirements, or any other anticipated action that may decrease the SBA Supervised Lender's capital. The plan must set forth the circumstances

in which capital retirements (e.g., dividends, distributions of capital or purchase of treasury stock) can occur. In addition to factors described above that must be considered in meeting the minimum standards, the board of directors must also address the following factors in developing the SBA Supervised Lender's capital adequacy plan:

- (i) Management capability;
- (ii) Quality of operating policies, procedures, and internal controls;
- (iii) Quality and quantity of earnings;
- (iv) Asset quality and the adequacy of the allowance for loan losses within the loan portfolio;
- (v) Sufficiency of liquidity; and
- (vi) Any other risk-oriented activities or conditions that warrant additional capital (e.g., portfolio growth rate).

(2) An SBA Supervised Lender must keep its capital plan current, updating it at least annually or more often as operating conditions may warrant.

(c) *Certification of compliance.* Within 45 days of the end of each fiscal quarter, each SBA Supervised Lender must furnish the SBA with a calculation of capital and certification of compliance with its minimum capital requirement as set forth in §§ 120.471, 120.472, or 120.474, as applicable, for SBLCs and as established by state regulators for NFRLs. The SBA Supervised Lender's chief financial officer must certify the calculation to be correct. The quarterly calculation and certification of compliance may be included in the SBA Supervised Lender's Quarterly Condition Report.

(d) *Capital impairment.* An SBA Supervised Lender must meet its minimum regulatory capital requirement and avoid capital impairment. Capital impairment exists if an SBA Supervised Lender fails to meet its minimum regulatory capital requirement under §§ 120.471, 120.472, and 120.474 for SBLCs or as established by state regulators for NFRLs. An SBA Supervised Lender must provide the appropriate Office of Capital Access official in accordance with Delegations of Authority written notice of any failure to meet its minimum capital requirement within 30 calendar days of the month-end in which the impairment occurred. Unless

otherwise waived by the appropriate Office of Capital Access official in accordance with Delegations of Authority in writing, an SBA Supervised Lender may not present any loans to SBA for guaranty until the impairment is cured. SBA may waive the presentment prohibition for good cause as determined by SBA in its discretion. In the case of differences in calculating capital or capital requirements between the SBA Supervised Lender and SBA, SBA's calculations will prevail until differences between the two calculations are resolved.

(e) *Capital restoration plan.* (1) *Filing requirement.* An SBA Supervised Lender must file a written capital restoration plan with SBA within 45 days of the date that the SBA Supervised Lender provides notice to SBA under paragraph (d) of this section or receives notice from SBA (whichever is earlier) that the SBA Supervised Lender has not met its minimum capital requirement, unless SBA notifies the SBA Supervised Lender in writing that the plan is to be filed within a different time period.

(2) *Plan content.* An SBA Supervised Lender must detail the steps it will take to meet its minimum capital requirement; the time within which each step will be taken; the timeframe for accomplishing the entire capital restoration; and the person or department at the SBA Supervised Lender charged with carrying out the capital restoration plan.

(3) *SBA response.* SBA will provide written notice of whether the capital restoration plan is approved or not or whether SBA will seek additional information. If the capital restoration plan is not approved by SBA, the SBA Supervised Lender will submit a revised capital restoration plan within the timeframe specified by SBA.

(4) *Amendment of capital restoration plan.* An SBA Supervised Lender that has submitted an approved capital restoration plan may, after prior written notice to and approval by SBA, amend the plan to reflect a change in circumstance. Until such time as a proposed amendment has been approved, the SBA Supervised Lender must implement the capital restoration plan as

§ 120.463

13 CFR Ch. I (1–1–10 Edition)

approved prior to the proposed amendment.

(5) *Failure.* If an SBA Supervised Lender fails to submit a capital restoration plan that is acceptable to SBA within its discretion within the required timeframe, or fails to implement, in any material respect as determined by SBA in its discretion, its SBA approved capital restoration plan within the plan timeframe, SBA may undertake enforcement actions under § 120.1500.

[73 FR 75512, Dec. 11, 2008]

**§ 120.463 Regulatory accounting—  
What are SBA's regulatory accounting requirements for SBA Supervised Lenders?**

(a) *Books and records.* The books and records of an SBA Supervised Lender must be kept on an accrual basis in accordance with Generally Accepted Accounting Principles (GAAP) as promulgated by the Financial Accounting Standards Board (FASB), supplemented by Regulatory Accounting Principles (RAP) as identified by SBA in Policy, Procedural or Information Notices, from time to time.

(b) *Annual audit.* Each SBA Supervised Lender must have its financial statements audited annually by a certified public accountant experienced in auditing financial institutions. The audit must be performed in accordance with generally accepted auditing standards as adopted by the Auditing Standards Board of the American Institute of Certified Public Accountants (AICPA) for non-public companies and by the Public Company Accounting Oversight Board (PCAOB) for public companies. Annually, the auditor must issue an audit report with an opinion as to the fairness of the SBA Supervised Lender's financial statements and their compliance with GAAP.

(c) *Auditor qualifications.* The audit shall be conducted by an independent certified public accountant who:

(1) Is registered or licensed to practice as a certified public accountant, and is in good standing, under the laws of the state or other political subdivision of the United States in which the SBA Supervised Lender's principal office is located;

(2) Agrees in the engagement letter with the SBA Supervised Lender to provide the SBA with access to and copies of any work papers, policies, and procedures relating to the services performed;

(3)(i) Is in compliance with the AICPA Code of Professional Conduct; and

(ii) Meets the independence requirements and interpretations of the Securities and Exchange Commission and its staff;

(4) Has received a peer review or is enrolled in a peer review program, that meets AICPA guidelines; and

(5) Is otherwise acceptable to SBA.

(d) *Change of auditor.* If an SBA Supervised Lender discharges or changes its auditor, it must notify SBA in writing within ten days of the occurrence. Such notification must provide:

(1) The name, address, and telephone number of the discharged auditor; and

(2) If the discharge/change involved a dispute over the financial statements, a reasonably detailed statement of all the reasons for the discharge or change. This statement must set out the issue in dispute, the position of the auditor, the position of the SBA Supervised Lender, and the effect of each position on the balance sheet and income statement of the SBA Supervised Lender.

(e) *Specific accounting requirements.* (1) Each SBA Supervised Lender must maintain an allowance for losses on loans and other assets that is sufficient to absorb all probable and estimated losses that may reasonably be expected based on the SBA Supervised Lender's historical performance and reasonably-anticipated events. Each SBA Supervised Lender must maintain documentation of its loan loss allowance calculations and analysis in sufficient detail to permit the SBA to understand the assumptions used and the application of those assumptions to the assets of the SBA Supervised Lender.

(2) The unguaranteed portions of loans determined to be uncollectible must be charged-off promptly. If the portion determined to be uncollectible by the SBA Supervised Lender is different from the amount determined by
