specific source for parts, supplies, components subassemblies or services, the costs associated with those purchases will be considered as part of the cost of materials, not subcontracting costs.

(f) Compliance will be considered an element of responsibility and not a component of size eligibility.

(g) The period of time used to determine compliance will be the period of performance which the evaluating agency uses to evaluate the proposal or bid. If the evaluating agency fails to articulate in its solicitation the period of performance it will use to evaluate the proposal or bid, the base contract period, excluding options, will be used to determine compliance. In indefinite quantity contracts, performance over the guaranteed minimum will be used to determine compliance unless the evaluating agency articulates a different period of performance which it will use to evaluate the proposal or bid in its solicitation.

(h) Work to be performed by subsidiaries or other affiliates of a concern is not counted as being performed by the concern for purposes of determining whether the concern will perform the required percentage of work.

(i) Where an offeror is exempt from affiliation under §121.103(h)(3) of this chapter and qualifies as a small business concern, the performance of work requirements set forth in this section apply to the cooperative effort of the joint venture, not its individual members.

### Subpart B—Eligibility Requirements for the SDVO SBC Program

SOURCE: 69 FR 25267, May 5, 2004, unless otherwise noted.

#### § 125.9 Who does SBA consider to own an SDVO SBC?

A concern must be at least 51% unconditionally and directly owned by one or more service-disabled veterans. More specifically:

(a) *Ownership must be direct.* Ownership by one or more service disabled veterans must be direct ownership. A concern owned principally by another business entity that is in turn owned and controlled by one or more service-

disabled veterans does not meet this requirement. Ownership by a trust, such as a living trust, may be treated as the functional equivalent of ownership by service-disabled veterans where the trust is revocable, and service-disabled veterans are the grantors, trustees, and the current beneficiaries of the trust.

(b) *Ownership of a partnership.* In the case of a concern which is a partnership, at least 51% of every class of partnership interest must be unconditionally owned by one or more service-disabled veterans. The ownership must be reflected in the concern's partnership agreement.

(c) *Ownership of a limited liability company.* In the case of a concern which is a limited liability company, at least 51% of each class of member interest must be unconditionally owned by one or more service-disabled veterans.

(d) *Ownership of a corporation.* In the case of a concern which is a corporation, at least 51% of the aggregate of all stock outstanding and at least 51% of each class of voting stock outstanding must be unconditionally owned by one or more service-disabled veterans.

(e) *Stock options' effect on ownership.* In determining unconditional ownership, SBA will disregard any unexercised stock options or similar agreements held by service-disabled veterans. However, any unexercised stock options or similar agreements (including rights to convert non-voting stock or debentures into voting stock) held by non-service-disabled veterans will be treated as exercised, except for any ownership interests which are held by investment companies licensed under the Small Business Investment Act of 1958.

(f) *Change of ownership.* A concern may change its ownership or business structure so long as one or more service-disabled veterans own and control it after the change.

#### § 125.10 Who does SBA consider to control an SDVO SBC?

(a) *General.* To be an eligible SDVO SBC, the management and daily business operations of the concern must be
