

period for which data are available, at least one (1) percentage point greater than the national average unemployment rate;

(ii) Per capita income that is, for the most recent period for which data are available, eighty (80) percent or less of the national average per capita income; or

(iii) A Special Need, as determined by EDA.

(2) A Project located within an Economic Development District, which is located in a Region that does not meet the economic distress criteria of paragraph (a)(1) of this section, is also eligible for Investment Assistance under parts 305 or 307 of this chapter if EDA determines that the Project will be of “substantial direct benefit” to a geographic area within the District that meets the criteria of paragraph (a)(1) of this section. For this purpose, a Project provides a “substantial direct benefit” if it provides significant employment opportunities for unemployed, underemployed or low-income residents of the geographic area within the District.

(3) A Project located in a geographic area of poverty or high unemployment that meets the requirements of paragraph (a)(1) of this section, but which is located in a Region that overall does not meet the requirements of paragraph (a)(1) of this section, is eligible for Investment Assistance under parts 305 or 307 of this chapter without regard to political or other subdivisions or boundaries.

(4) EDA will determine the economic distress levels pursuant to this subsection at the time EDA receives an application for Investment Assistance as follows:

(i) For economic distress levels based upon the unemployment rate or per capita income requirements, EDA will base its determination upon the most recent American Community Survey (“ACS”) published by the U.S. Census Bureau for either: The Region where the Project will be located (paragraph (a)(1) of this section), the geographic area where substantial direct Project benefits will occur (paragraph (a)(2) of this section), or the geographic area of poverty or high unemployment (paragraph (a)(3) of this section), as applica-

ble. Where a recent ACS is not available, EDA will base its decision upon the most recent Federal data from other sources (including data available from the Census Bureau and the Bureaus of Economic Analysis, Labor Statistics, Indian Affairs or any other Federal source determined by EDA to be appropriate). If no Federal data are available, an Eligible Applicant must submit to EDA the most recent data available from the State.

(ii) For economic distress based upon a Special Need, EDA will conduct the independent analysis it deems necessary under the facts and circumstances of a given case. Eligible Applicants are encouraged to submit reliable data substantiating their claim of a Special Need.

(b) *Part 303 (Planning Investments) and part 306 (Training, Research and Technical Assistance Investments)*. There are no minimum economic distress level requirements for Investment Assistance awarded to Projects under parts 303 or 306 of this chapter.

(c) *Part 304 (Economic Development Districts)*. For EDA to designate a Region as an Economic Development District under part 304 of this chapter, such Region must:

(1) Contain at least one (1) geographic area that fulfills the economic distress criteria set forth in paragraph (a)(1) of this section and is identified in an approved CEDS; and

(2) Meet the Regional eligibility requirements set forth in §304.1 of this chapter.

(d) EDA reserves the right to reject any documentation of Project eligibility that it determines is inaccurate or otherwise unreliable.

[71 FR 56675, Sept. 27, 2006, as amended at 73 FR 62865, Oct. 22, 2008]

Subpart D—Investment Rates and Matching Share Requirements

§ 301.4 Investment rates.

(a) *Minimum Investment Rate*. There is no minimum Investment Rate for a Project.

(b) *Maximum Investment Rate*—(1) *General rule*. Except as otherwise provided by this paragraph (b) or paragraph (c)

§ 301.4

13 CFR Ch. III (1–1–10 Edition)

of this section, the maximum EDA Investment Rate for all Projects shall, after the application of Table 1 in paragraph (b)(1)(ii) of this subsection, not exceed the sum of: (x) Fifty (50) percent, plus (y) up to an additional thirty (30) percent based on the relative needs of the Region in which the Project is located, as determined by EDA.

(i)(A) *Relative needs.* In determining the relative needs of the Region in which the Project is located, EDA will prioritize allocations of its Investment Assistance to ensure that the level of economic distress of a Region, rather than a preference for a specific geographic area or a specific type of economic distress, is the primary factor in allocating its Investment Assistance. In making this determination, EDA will take into consideration the following measures of economic distress:

- (1) The severity of the unemployment rate and the duration of the unemployment in the Region;
- (2) The per capita income levels and the extent of underemployment in the Region;
- (3) The outmigration of population and the extent to which such outmigration

is causing economic injury in the Region; and

(4) Such other factors as EDA deems relevant in determining the relative needs of the Region in which the Project is located.

(B) A Project is eligible for the maximum allowable Investment Rate as determined by EDA between the time EDA receives the application for Investment Assistance and the time that EDA awards Investment Assistance to the Project; however, the burden is on the Eligible Applicant to establish the relative needs of the Region in which the Project is located.

(ii) *Table 1.* Table 1 of this paragraph sets forth the maximum allowable Investment Rate for Projects located in Regions subject to certain levels of economic distress. In cases where Table 1 produces divergent results (*i.e.*, where Table 1 produces more than one (1) maximum allowable Investment Rate based on the Region's levels of economic distress), the higher Investment Rate produced by Table 1 shall be the maximum allowable Investment Rate for the Project.

TABLE 1

Projects located in regions in which:	Maximum allowable investment rates (percentage)
(A) The twenty-four (24) month unemployment rate is at least 225% of the national average; or	80
(B) The per capita income is not more than 50% of the national average	80
(C) The twenty-four (24) month unemployment rate is at least 200% of the national average; or	70
(D) The per capita income is not more than 60% of the national average	70
(E) The twenty-four (24) month unemployment rate is at least 175% of the national average; or	60
(F) The per capita income is not more than 65% of the national average	60
(G) The twenty-four (24) month unemployment rate is at least 1 percentage point greater than the national average; or	50
(H) The per capita income is not more than 80% of the national average	50

(2) *Projects subject to a Special Need.* EDA shall determine the maximum allowable Investment Rate for Projects subject to a Special Need (as determined by EDA pursuant to § 301.3(a)(1)(iii)) based on the actual or threatened overall economic situation of the Region in which the Project is located. However, unless the Project is eligible for a higher Investment Rate pursuant to paragraph (b)(5) of this section, the maximum allowable Investment Rate for any Project subject to a

Special Need shall be eighty (80) percent.

(3) *Projects under part 303.*

(i) The minimum Investment Rate for Projects under part 303 of this chapter shall be fifty (50) percent.

(ii) Except as otherwise provided in paragraph (b)(3)(iii) of this section or in paragraph (b)(5) of this section, the maximum allowable Investment Rate for Projects under part 303 of this chapter shall be the maximum allowable Investment Rate set forth in Table 1 for

Economic Development Administration, Commerce

§ 301.6

the most economically distressed county or other equivalent political unit (e.g., parish) within the Region. The maximum allowable Investment Rate shall not exceed eighty (80) percent.

(iii) In compelling circumstances, the Assistant Secretary may waive the application of the first sentence in paragraph (b)(3)(ii) of this section. The Assistant Secretary shall not delegate the authority to grant a waiver under this paragraph.

(4) *Projects under part 306.* Except as otherwise provided in paragraph (b)(5) of this section, the maximum allowable Investment Rate for Projects under part 306 of this chapter shall generally be determined based on the relative

needs (as determined under paragraph (b)(1) of this section) of the Region which the Project will serve. As specified in section 207 of PWEDA, the Assistant Secretary has the discretion to establish a maximum Investment Rate of up to one hundred (100) percent where the Project:

(i) Merits, and is not otherwise feasible without, an increase to the Investment Rate; or

(ii) Will be of no or only incidental benefit to the Eligible Recipient.

(5) *Special Projects.* Table 2 of this paragraph sets forth the maximum allowable Investment Rate for certain special Projects as follows:

TABLE 2

Projects	Maximum allowable investment rates (percentage)
Projects of Indian Tribes	100
Projects under part 307 of this chapter located in Presidentially-Declared Disaster areas for which EDA receives an application for Investment Assistance for post-disaster economic recovery efforts pursuant to a supplemental appropriation within eighteen (18) months of the date of such declaration	100
Projects of States or political subdivisions of States that the Assistant Secretary determines have exhausted their effective taxing and borrowing capacity, or Projects of non-profit organizations that the Assistant Secretary determines have exhausted their effective borrowing capacity	100
Projects under parts 305 or 307 that receive performance awards pursuant to §308.2 of this chapter	100
Projects located in a District that receive planning performance awards pursuant to §308.3 of this chapter	100

(c) Federal Funding Opportunity notices may provide additional Investment Rate criteria and standards to ensure that the level of economic distress of a Region, rather than a preference for a geographic area or a specific type of economic distress, is the primary factor in allocating Investment Assistance.

[71 FR 56675, Sept. 27, 2006, as amended at 73 FR 62865, Oct. 22, 2008]

§ 301.5 Matching share requirements.

The required Matching Share of a Project's eligible costs may consist of cash or In-Kind Contributions. In addition, the Eligible Applicant must show that the Matching Share is committed to the Project, will be available as needed and is not or will not be conditioned or encumbered in any way that would preclude its use consistent with the requirements of the Investment Assistance.

§ 301.6 Supplementary investment assistance.

(a) Pursuant to a request by an Eligible Applicant, EDA Investment Assistance may supplement grants awarded in another "designated Federal grant program," if the Eligible Applicant qualifies for financial assistance under such program, but is unable to provide the required non-Federal share because of the Eligible Applicant's economic situation. For purposes of this section, a "designated Federal grant program" means any Federal grant program that:

(1) Provides assistance in the construction or equipping of public works, public service or development facilities;

(2) Is designated by EDA as eligible for supplementary Investment Assistance under this section; and

(3) Assists Projects that are otherwise eligible for Investment Assistance and consistent with the Eligible Applicant's CEDS.
