

§ 250.3

in accordance with its boarding priority rules.

[ER-1337, 48 FR 29680, June 28, 1983, as amended at 68 FR 52836, Sept. 8, 2003; Docket No. DOT-OST-01-9325, 73 FR 21034, Apr. 18, 2008]

§ 250.3 Boarding priority rules.

(a) Every carrier shall establish priority rules and criteria for determining which passengers holding confirmed reserved space shall be denied boarding on an oversold flight in the event that an insufficient number of volunteers come forward. Such rules and criteria shall reflect the obligations of the carrier set forth in §§ 250.2a and 250.2b to minimize involuntary denied boarding and to request volunteers, and shall be written in such manner as to be understandable and meaningful to the average passenger. Such rules and criteria shall not make, give, or cause any undue or unreasonable preference or advantage to any particular person or subject any particular person to any unjust or unreasonable prejudice or disadvantage in any respect whatsoever.

(b) Boarding priority factors may include, but are not limited to, the following:

- (1) A passenger's time of check-in;
- (2) Whether a passenger has a seat assignment before reaching the departure gate for carriers that assign seats;
- (3) The fare paid by a passenger;
- (4) A passenger's frequent-flyer status; and
- (5) A passenger's disability or status as an unaccompanied minor.

[ER-1306, 47 FR 52985, Nov. 24, 1982, as amended by ER-1337, 48 FR 29680, June 28, 1983; Docket No. DOT-OST-01-9325, 73 FR 21034, Apr. 18, 2008]

§ 250.5 Amount of denied boarding compensation for passengers denied boarding involuntarily.

(a) Subject to the exceptions provided in § 250.6, a carrier to whom this part applies as described in § 250.2 shall pay compensation to passengers denied boarding involuntarily from an oversold flight at the rate of 200 percent of the fare (including any surcharges and air transportation taxes) to the passenger's next stopover, or if none, to the passenger's final destination, with

14 CFR Ch. II (1-1-10 Edition)

a maximum of \$800. However, the compensation shall be one-half the amount described above, with a \$400 maximum, if the carrier arranges for comparable air transportation [see § 250.1], or other transportation used by the passenger that, at the time either such arrangement is made, is planned to arrive at the airport of the passenger's next stopover, or if none, the airport of the passenger's final destination, not later than 2 hours after the time the direct or connecting flight from which the passenger was denied boarding is planned to arrive in the case of interstate air transportation, or 4 hours after such time in the case of foreign air transportation.

(b) Carriers may offer free or reduced rate air transportation in lieu of the cash due under paragraph (a) of this section, if (1) the value of the transportation benefit offered is equal to or greater than the cash payment otherwise required, and (2) the carrier informs the passenger of the amount of cash compensation that would otherwise be due and that the passenger may decline the transportation benefit and receive the cash payment.

[ER-1337, 48 FR 29680, June 28, 1983, as amended at 68 FR 52836, Sept. 8, 2003; Docket No. DOT-OST-01-9325, 73 FR 21034, Apr. 18, 2008]

§ 250.6 Exceptions to eligibility for denied boarding compensation.

A passenger denied boarding involuntarily from an oversold flight shall not be eligible for denied boarding compensation if:

(a) The passenger does not comply fully with the carrier's contract of carriage or tariff provisions regarding ticketing, reconfirmation, check-in, and acceptability for transportation;

(b) The flight for which the passenger holds confirmed reserved space is unable to accommodate that passenger because of substitution of equipment of lesser capacity when required by operational or safety reasons; or, on an aircraft with a designed passenger capacity of 60 or fewer seats, the flight for which the passenger holds confirmed reserved space is unable to accommodate that passenger due to weight/balance restrictions when required by operational or safety reasons;
