

(c) Ensuring a continuing review of classified information for the purpose of declassifying or downgrading in accordance with subpart E of this part.

(d) Reviewing and approving, as the representative of the contracting officer, the DD Form 254, Contract Security Classification Specification, issued to contractors by the installation.

§ 1203.409 Exceptional cases.

(a) In those cases where a person not authorized to classify information originates or develops information which is believed to require classification, that person should safeguard the material as though it were classified until it has been evaluated and a decision made by an appropriate classifying authority. For NASA employees the classifying authority is normally the Installation Security Classification Officer. Persons other than NASA employees should forward, under appropriate safeguards, material in which NASA has primary interest to the NASA Information Security Program Committee, Security Division, Washington, DC 20546 for a classification determination.

(b) Information in which NASA does not have primary interest shall be returned promptly, under appropriate safeguards, to the sender in accordance with § 1203.405.

(c) Material received from another agency for a NASA security classification determination shall be processed within 30 days. If a classification cannot be determined during that period, the material shall be sent, under appropriate safeguards, to the Director, Information Security Oversight Office, GSA, for a determination.

§ 1203.410 Limitations.

(a) Classification may not be used to conceal violations of law, inefficiency of administrative error; to prevent embarrassment to a person, organization or agency; or to restrain competition.

(b) Basic scientific research information not clearly related to the national security may not be classified.

(c) A product of non-government research and development that does not incorporate or reveal classified information to which the producer or developer was given prior access may not be

classified under this part 1203 until and unless the Government acquires a proprietary interest in the product. This part does not affect the provisions of the Patent Secrecy Act of 1952 (35 U.S.C. 181-188).

(d) References to classified documents that do not disclose classified information may not be classified or used as a basis for classification.

(e) Classification may not be used to limit dissemination of information that is not classifiable under the provisions of this part or to prevent or delay the public release of such information.

(f) Information may be classified or reclassified after receipt of a request for it under the Freedom of Information Act (5 U.S.C. 552) or the Privacy Act of 1974 (5 U.S.C. 552a), or the mandatory review provisions of "the Order" if such classification meets the requirements of "the Order" and is accomplished personally on a document-by-document basis by an official with original Top Secret classification authority.

(g) The Administrator, the Chairperson, NASA Information Security Program Committee, or an official with original Top Secret classification authority may reclassify information previously declassified and disclosed if it is determined in writing that (1) The information requires protection in the interest of national security; and (2) the information may reasonably be recovered. These reclassification actions shall be reported promptly to the Director of the Information Security Oversight Office, GSA.

§ 1203.411 Restrictions.

(a) Except as provided by directives issued by the President through the National Security Council, classified information originating in one agency may not be disseminated outside any other agency to which it has been made available without the consent of the originating agency. For purposes of this section, the Department of Defense shall be considered one agency.

(b) Classified information shall not be disseminated outside the Executive Branch except under conditions that ensure the information will be given
