PART 746—EMBARGOES AND OTHER SPECIAL CONTROLS

Supplement No. 3 to Part 745

§746.1 Introduction.

In this part, references to the EAR are references to 15 CFR chapter VII, subchapter C. This part implements broad based controls for items and activities subject to the EAR imposed to implement U.S. government policies. Two categories of controls are included in this part.

(a) Comprehensive controls. This part contains or refers to all the BIS licensing requirements, licensing policies, and License Exceptions for countries subject to general embargoes, currently Cuba and Iran. This part is the focal point for all the EAR requirements for transactions involving these countries.

(1) Cuba. All the items on the Commerce Control List (CCL) require a license to Cuba. In addition, most other items subject to the EAR, but not included on the CCL, designated by the Number “EAR99”, require a license to Cuba. Most items requiring a license to these destinations are subject to a general policy of denial. Because these controls extend to virtually all exports, they do not appear in the Country Chart in part 738 of the EAR, nor are they reflected in the Commerce Control List in part 774 of the EAR.

(2) Iran. BIS maintains license requirements and other restrictions on exports and reexports to Iran. A comprehensive embargo on transactions involving this country is administered by the Department of The Treasury’s Office of Foreign Assets Control (OFAC).

(b) Sanctions on selected categories of items to specific destinations. BIS controls the export and reexport of selected categories of items to Iraq, North Korea, and Rwanda consistent with United Nations Security Council Resolutions.

(c) This part also contains descriptions of controls maintained by the Office of Foreign Assets Control in the Treasury Department and by the Directorate of Defense Trade Controls in the Department of State. Comprehensive embargoes and supplemental controls implemented by BIS under the EAR usually also involve controls on items and activities maintained by these agencies. This part sets forth the allocation of licensing responsibilities between BIS and these other agencies.
