

and certain license exception notices subject to the EAR. All terms, conditions, provisions, and instructions, including the applicant and consignee certifications, contained in electronic or paper form(s) are incorporated as part of the EAR. For the purposes of this part, the term "application" refers to both electronic applications and the Form BIS-748P: Multipurpose Application.

(b) *BIS responses.* BIS will give a formal classification, advisory opinion or licensing decision only through the review of a properly completed application supported by all relevant facts and required documentation submitted in writing or electronically to BIS.

(c) *Confidentiality.* Consistent with section 12(c) of the Export Administration Act, as amended, information obtained for the purpose of considering license applications, and other information obtained by the U.S. Department of Commerce concerning license applications, will not be made available to the public without the approval of the Secretary of Commerce or of the Under Secretary for Industry and Security.

(d) *Electronic Filing Required.* All export and reexport license applications (other than Special Comprehensive License or Special Iraq Reconstruction License applications), encryption review requests, license exception AGR notifications, and classification requests and their accompanying documents must be filed via BIS's Simplified Network Application Processing system (SNAP-R), unless BIS authorizes submission via the paper forms BIS 748-P (Multipurpose Application Form), BIS-748P-A (Item Appendix) and BIS-748P-B, (End-User Appendix). Only original paper forms may be used. Facsimiles or reproductions are not acceptable.

(1) *Reasons for authorizing paper submissions.* BIS will process paper applications notices or requests if the submitting party meets one or more of the following criteria:

(i) BIS has received no more than one submission (*i.e.* the total number of export license applications, reexport license applications, encryption review requests, license exception AGR notifications, and classification requests) from that party in the twelve months

immediately preceding its receipt of the current submission;

(ii) The party does not have access to the Internet;

(iii) BIS has rejected the party's electronic filing registration or revoked its eligibility to file electronically;

(iv) BIS has requested that the party submit a paper copy for a particular transaction; or

(v) BIS has determined that urgency, a need to implement U.S. government policy or a circumstance outside the submitting party's control justify allowing paper submissions in a particular instance.

(2) *Procedure for requesting authorization to file paper applications, notifications, or requests.* The applicant must state in Block 24 or as an attachment to the paper application (Form BIS 748-P) which of the criteria in paragraph (d)(1) of this section it meets and the facts that support such statement. Submit the completed application, notification or request to Bureau of Industry and Security, U.S. Department of Commerce, 14th Street and Pennsylvania, NW., Room H2705, Washington DC 20230.

(3) *BIS decision.* If BIS authorizes or requires paper filing pursuant to this section, it will process the application, notification or request in accordance with Part 750 of the EAR. If BIS rejects a request to file using paper, it will return the Form BIS-748P and all attachments to the submitting party without action and will state the reason for its decision.

§ 748.3 Classification requests, advisory opinions, and encryption review requests.

(a) *Introduction.* You may ask BIS to provide you with the correct Export Control Classification Number down to the paragraph (or subparagraph) level, if appropriate. BIS will advise you whether or not your item is subject to the EAR and, if applicable, the appropriate ECCN. This type of request is commonly referred to as a “Classification Request”. If requested, for a given end-use, end-user, and/or destination, BIS will advise you whether a license is required, or likely to be granted, for a particular transaction. Note that these responses do not bind BIS to issuing a license in the future. This type of request, along with requests for guidance regarding other interpretations of the EAR are commonly referred to as “Advisory Opinions”. The encryption requirements in the EAR require that certain encryption items be reviewed by BIS in order for them to be eligible for export or reexport under License Exception ENC (see § 740.17 of the EAR) or to be released from “EI” controls (see § 742.15(b)(2) of the EAR). BIS makes its determination based on the submission of a review request prepared in accordance with the instructions in Supplement No. 6 to Part 742 of the EAR. A review of the questions provided in Supplement No. 5 to part 742 of the EAR may assist in determining whether you must submit an encryption review request (see paragraph (d) of this section) for your particular item.

15 CFR Ch. VII (1–1–10 Edition)

(b) *Classification requests.* Submit classification requests in accordance with the procedures in § 748.1.

(1) Each Classification Request must be limited to six items. Exceptions may be granted by BIS on a case-by-case basis for several related items if the relationship between the items is satisfactorily substantiated in the request. Classification requests must be supported by any descriptive literature, brochures, precise technical specifications or papers that describe the items in sufficient technical detail to enable classification by BIS submitted as PDF files attached to the SNAP-R submission unless a paper submission is authorized pursuant to § 748.1 of the EAR.

(2) When submitting a classification request, you must complete Blocks 1 through 5, 14, 22(a), (b), (c), (d), and (i), 24, and 25 on the application. You must provide a recommended classification in Block 22(a) and explain the basis for your recommendation based on the technical parameters specified in the appropriate ECCN in Block 24. If you are unable to determine a recommended classification for your item, include an explanation in Block 24, identifying the ambiguities or deficiencies that precluded you from making a recommended classification.

(c) *Advisory Opinions.* Advisory opinion requests must be in writing and be submitted to the address listed in § 748.1(d)(2). Both your letter and envelope must be marked “Advisory Opinion.”

(1) Your letter must contain the following information if you are requesting guidance regarding interpretations of the EAR:

(i) The name, title, and telephone and facsimile numbers of the person to contact,

(ii) Your complete address comprised of street address, city, state, country, and postal code; and

(2) If you are requesting BIS to determine whether a license is required, or the licensing policy related to a particular end-use, end-user, and/or destination, in addition to the information required in § 748.3(c)(1) you must also include:
