product or ensemble, the required information may be set out on a single label in such a manner as to separately show the fiber composition of each part, unit, or item.

(b) Where garments, wearing apparel, or other textile fiber products are marketed or handled in pairs or ensembles of the same fiber content, only one unit of the pair or ensemble need be labeled with the required information when sold and delivered to the ultimate consumer.

[24 FR 4480, June 2, 1959, as amended at 25 FR 4318, May 14, 1960]

§ 303.30 Textile fiber products in form for consumer.

A textile fiber product shall be considered to be in the form intended for sale or delivery to, or for use by, the ultimate consumer when the manufacturing or processing of the textile fiber product is substantially complete. The fact that minor or insignificant details of the manufacturing or processing have not been completed shall not excuse the labeling of such products as to the required information. For example, a garment must be labeled even though such matters as the finishing of a hem or cuff or the affixing of buttons there-to remain to be completed.

§ 303.31 Invoice in lieu of label.

Where a textile fiber product is not in the form intended for sale, delivery to, or for use by the ultimate consumer, an invoice or other paper may be used in lieu of a label, and such invoice or other paper shall show, in addition to the name and address of the person issuing the invoice or other paper, the fiber content of such product as provided in the Act and regulations as well as any other required information.

§ 303.32 Products containing reused stuffing.

Any upholstered product, mattress, or cushion which contains stuffing which has been previously used as stuffing in any other upholstered product, mattress, or cushion shall have securely attached thereto a substantial tag or label, at least 2 inches (5.08 cm) by 3 inches (7.62 cm) in size, and statements thereon conspicuously stamped

or printed in the English language and in plain type not less than 1/32 inch (8.38 mm) high, indicating that the stuffing therein is composed in whole or in part of "reused stuffing," "secondhand stuffing," "previously used stuffing," or "used stuffing."

[61 FR 11544, Mar. 21, 1996]

§ 303.33 Country where textile fiber products are processed or manufactured.

(a) In addition to the other information required by the Act and Regulations:

(1) Each imported textile fiber product shall be labeled with the name of the country where such imported product was processed or manufactured;

(2) Each textile fiber product completely made in the United States of materials that were made in the United States shall be labeled using the term *Made in U.S.A.* or some other clear and equivalent term.

(3) Each textile fiber product made in the United States, either in whole or in part of imported materials, shall contain a label disclosing these facts; for example:

Made in USA of imported fabric
or

Knitted in USA of imported yarn

and

(4) Each textile fiber product partially manufactured in a foreign country and partially manufactured in the United States shall contain on a label the following information:

(i) The manufacturing process in the foreign country and in the USA; for example:

"Imported cloth, finished in USA"

or

"Sewn in USA of imported components"

or

"Made in [foreign country], finished in USA"

or

"Scarf made in USA of fabric made in China"

or

"Comforter Filled, Sewn and Finished in the U.S. With Shell Made in China"

or

"Made in [Foreign Country]/fabric made in USA"

or

§ 303.34

“Knit in USA, assembled in [Foreign Country]”.

(ii) When the U.S. Customs Service requires an origin label on the unfinished product, the manufacturing processes as required in paragraph (a)(4)(i) of this section or the name of the foreign country required by Customs, for example:

“Made in (foreign country)”

(b) For the purpose of determining whether a product should be marked under paragraphs (a) (2), (3), or (4) of this section, a manufacturer needs to consider the origin of only those materials that are covered under the Act and that are one step removed from that manufacturing process. For example, a yarn manufacturer must identify fiber if it is imported, a cloth manufacturer must identify imported yarn and a household product manufacturer must identify imported cloth or imported yarn for household products made directly from yarn, or imported fiber used as filling for warmth.

(c) The term *country* means the political entity known as a nation. Except for the United States, colonies, possessions or protectorates outside the boundaries of the mother country shall be considered separate countries, and the name thereof shall be deemed acceptable in designating the country where the textile fiber product was processed or manufactured unless the Commission shall otherwise direct.

(d) The country where the imported textile fiber product was principally made shall be considered to be the country where such textile fiber product was processed or manufactured. Further work or material added to the textile fiber product in another country must effect a basic change in form in order to render such other country the place where such textile fiber product was processed or manufactured.

(e) The English name of the country where the imported textile fiber product was processed or manufactured shall be used. The adjectival form of the name of the country will be accepted as the name of the country where the textile fiber product was processed or manufactured, provided the adjectival form of the name does not appear with such other words so as to refer to

16 CFR Ch. I (1–10 Edition)

a kind or species of product. Variant spellings which clearly indicate the English name of the country, such as Brasil for Brazil and Italic for Italy, are acceptable. Abbreviations which unmistakably indicate the name of a country, such as “Gt. Britain” for “Great Britain,” are acceptable.

(f) Nothing in this rule shall be construed as limiting in any way the information required to be disclosed on labels under the provisions of any Tariff Act of the United States or regulations prescribed by the Secretary of the Treasury.

§ 303.34 Country of origin in mail order advertising.

When a textile fiber product is advertised in any mail order catalog or mail order promotional material, the description of such product shall contain a clear and conspicuous statement that the product was either made in U.S.A., imported, or both. Other words or phrases with the same meaning may be used. The statement of origin required by this section shall not be inconsistent with the origin labeling of the product being advertised.

[50 FR 15107, Apr. 17, 1985]

§ 303.35 Use of terms “virgin” or “new.”

The terms *virgin* or *new* as descriptive of a textile fiber product, or any fiber or part thereof, shall not be used when the product or part so described is not composed wholly of new or virgin fiber which has never been reclaimed from any spun, woven, knitted, felted, bonded, or similarly manufactured product.

§ 303.36 Form of separate guaranty.

(a) The following are suggested forms of separate guaranties under section 10 of the Act which may be used by a guarantor residing in the United States on or as part of an invoice or other paper relating to the marketing or handling of any textile fiber products listed and designated therein, and showing the date of such invoice or other paper and the signature and address of the guarantor.
