

## § 307.10

with §§307.7 (c) and (d) of the current regulations; or

(2) Placed in the form of a sticker or decal directly onto the item in the Number 1 warning size as set forth in §§307.7 (c) and (d) of the current regulations. The item should be packaged in such a way to ensure that the sticker cannot be removed before placement in the hands of the consumer.

(e) *Hats.* For fabric baseball style hats, the warning statement required by the Act and these regulations shall be deemed conspicuous and prominent in the Number 3 size as set forth in §§307.7 (c) and (d).

(f) Any manufacturer, packager or importer may apply to the Commission for an exemption from the warning requirements of the Act and these regulations for items such as food products to which the health warnings could logically apply. Authority to grant such exemptions has been delegated by the Commission to the Associate Director for Advertising Practices. Where significant issues not previously considered by the Commission are present, however, those plans will be referred by the Associate Director for Advertising Practices to the Commission in the first instance. This delegation is authorized by section 1(a) of the Reorganization Plan No. 4 of 1961 in order to enhance the efficiency and result in expedited treatment of any request for an exemption. The Commission's discretionary right to review actions of the delegate, and the procedure by which a smokeless tobacco manufacturer, packager, or importer may request full Commission review of the delegate's action are as set forth in §307.4(c) of these regulations.

### § 307.10 Cooperative advertising.

The Act prohibits any manufacturer, packager, or importer of smokeless tobacco products from advertising or causing to advertise any smokeless tobacco product within the United States without the required warning. Accordingly, all advertisements for smokeless tobacco products (including cooperative advertisement) paid for, directly or indirectly, in whole or in part, by a manufacturer, packager, or importer of smokeless tobacco products must bear

## 16 CFR Ch. I (1-1-10 Edition)

the required warning. Provided, however, in the case of a print advertisement for a smokeless tobacco product disseminated by a retailer of smokeless tobacco products, other than a manufacturer, packager, or importer of smokeless tobacco products, with a display area of 4 square inches or less, no warning is required so long as the advertisement contains only the brand name or other product identifier and a price. In addition, no warning is required in the case of certain in-store audio announcements as described in §307.8. Any advertisement of a smokeless tobacco product paid for entirely by a retailer or any person other than a manufacturer, packager, or importer of smokeless tobacco products need not carry a warning statement.

### PLANS

### § 307.11 Rotation, display, and distribution of warning statements on smokeless tobacco packages.

(a) In the case of the package of a smokeless tobacco product, each of the three warning statements required by the Act must (1) be displayed randomly by each manufacturer, packager, or importer of a smokeless tobacco product in each 12-month period in as equal a number of times as possible on each brand of the product and (2) be randomly distributed in all parts of the United States in which the product is marketed. The Commission will interpret the statutory language "equal number of times as possible" as permitting deviations of 4 percent or less in a 12-month period. Random distribution means that there is nothing in the production or distribution process of a smokeless tobacco product that would prevent the three warning statements on the package from being distributed evenly in all parts of the United States where the product is marketed.

(b) Each manufacturer, packager, or importer of a smokeless tobacco product shall submit to the Commission or its designated representative a plan that provides for the display of the three warning statements on the package of a smokeless tobacco product as
