(b) Examples of information that might constitute reasonable information requirements for proof of identity are provided for illustrative purposes only, as follows:

(1) Consumer file match: The identification information of the consumer including his or her full name (first, middle initial, last, suffix), any other or previously used names, current and/or recent full address (street number and name, apt. no., city, state, and zip code), full 9 digits of Social Security number, and/or date of birth.

(2) Additional proof of identity: copies of government issued identification documents, utility bills, and/or other methods of authentication of a person’s identity which may include, but would not be limited to, answering questions to which only the consumer might be expected to know the answer.
