

§ 1205.36

this section, all of the information required by §1205.35 may be in code, provided the person or firm issuing the certificate maintains a written record of the meaning of each symbol used in the code that will be made available to the distributor, retailer, consumer, and the Commission upon request. If a mower is manufactured for sale by a private labeler, and if the name of the private labeler is also on the certification label, the name of the manufacturer or importer issuing the certificate may also be in such a code.

(d) *Placement of label.* The label required by this section must be visible and legible to the ultimate purchaser of the lawn mower. For mowers manufactured before January 1, 1984, where the label is not visible to the consumer at the time of sale because of packaging or marketing practices, an additional label or notice, which may be temporary, stating "Meets CPSC blade safety requirements" shall also appear on the container, or, if the container is not so visible, the promotional material, used in connection with the sale of the mowers.

[44 FR 70386, Dec. 6, 1979, as amended at 49 FR 28241, July 11, 1984]

§ 1205.36 Product certification and labeling by importers.

(a) *General.* The importer of any rotary walk-behind power lawn mower subject to the standard must issue the certificate of compliance required by section 14(a) of the Act and §1205.35 of this regulation. If testing of each mower, or a reasonable testing program, meeting the requirements of this subpart B of part 1205 has been performed by or for the foreign manufacturer of the product, the importer may rely in good faith on such tests to support the certificate of compliance provided the importer is a resident of the United States or has a resident agent in the United States and the records of such tests required by §1205.34 of this part are maintained in the United States.

(b) *Responsibility of importer.* If the importer relies on tests by the foreign manufacturer to support the certificate of compliance, the importer bears the responsibility for examining the records supplied by the manufacturer

16 CFR Ch. II (1-1-10 Edition)

to determine that the records of such tests appear to comply with §1205.34 of this part.

§ 1207.1 Scope, purpose, and findings.

(a) *Scope and purpose.* This part 1207 sets forth the consumer product safety standard issued by the Consumer Product Safety Commission for the manufacture and construction of slides for use in swimming pools. The requirements of this standard are designed to reduce or eliminate the unreasonable risks of death or injury associated with swimming pool slides. This standard also makes certain recommendations regarding the installation, maintenance, and intended use of swimming pool slides that supplement its mandatory requirements. This standard is applicable to all swimming pool slides manufactured after July 17, 1976. Paragraph (b) of this section sets forth the findings which the Commission is required to make by section 9(c) of the Consumer Product Safety Act (15 U.S.C. 2058(c)).

(b) *Findings.*¹ (1) The Commission finds that unreasonable risks of death

¹The Commission's findings apply to the swimming pool slide standard that it published on January 19, 1976 (42 FR 2751). On March 3, 1978 the U.S. Court of Appeals for the Fifth Circuit set aside portions of that standard (*Aqua Slide 'N' Drive Corporation v. CPSC*, 569 F.2d 831 (5th Cir. 1978)). On December 18, 1978, the Commission published revisions to the standard which reflect the court's decision. However, the findings have
