

FIG. M
TYPICAL BILLET FOR IMPACT TESTING

(3) Drop the billet onto the pallet and observe the slide for any permanent deformations or cracks. If the slide runway can still support a static load of 350 pounds (1,557 newtons) on the pallet without further crack propagation, it passes this test.

(4) Perform the test on the entrance and exit platforms of the slide runway.

[41 FR 2751, Jan. 19, 1976; 41 FR 9307, Mar. 4, 1976; 41 FR 10062, Mar. 9, 1976, as amended at 41 FR 12638, Mar. 26, 1976; 41 FR 13911, Apr. 1, 1976]

§§ 1207.6–1207.8 [Reserved]

§ 1207.9 Product certification.

(a) Certification shall be in accordance with section 14(a)(1) of the Consumer Product Safety Act (15 U.S.C. 2063(a)(1)).

(b) A certificate shall accompany the swimming pool slide (in the form of a permanent label on the shipping container(s) or in the form of a separate certificate) to all distributors and retailers to whom the material is delivered certifying that the slide conforms to this part 1207. The certificate or permanent label issued under this section shall be based upon either a test of each product or a reasonable testing program, shall state the name of the manufacturer or private labeler issuing the certificate, and shall include the date and place of manufacture.

(c) Any certificate shall be based upon the test procedures and requirements specified in this part 1207.

§ 1207.10 Handling, storage, and marking.

(a) *Marking.* The manufacturer's or private labeler's identification shall appear on the slide and shipping container. Such identification shall include the identity and address of the manufacturer or private labeler. If a private labeler's name is used, the marking shall include a code mark that will permit an identification of the manufacturer.

(b) *Shipping, handling, and storage.* The slide shall be designed, constructed, or packaged so that reasonably foreseeable shipping, handling, and storage will not cause defects in the slide that will prevent the slide from complying with the requirements of this part 1207.

§ 1207.12 Stockpiling.

(a) *Definitions.* As used in this section:

(1) *Stockpiling* means manufacturing or importing swimming pool slides between the date of promulgation of part 1207 in the FEDERAL REGISTER and its effective date at a rate greater than five percent more than the rate at which the slides were manufactured or imported during the base period.

(2) *Base period* means, at the option of the manufacturer or importer concerned, any period of 180 consecutive days beginning on or after January 2, 1974, and ending on or before December 31, 1974.

(3) *Rate of production (or importation)* means the total number of swimming pool slides manufactured (or imported) during a stated time period. In determining whether a slide was manufactured (or imported) during a stated time period, the later of the date on which the slide runway was manufactured (or imported) or the date on which the accompanying ladder and other support parts were manufactured (or imported) shall be used.

(b) *Prohibited acts.* Manufacturers and importers of swimming pool slides, as these products are defined in §1207.3(a)(28) shall not manufacture or import slides that do not comply with the requirements of this part 1207 between January 19, 1976, and July 17, 1976, at a rate which is greater than the rate of production or importation during the base period plus five percent of that rate.

(c) Manufacturers and importers shall maintain appropriate documentation to be able to substantiate to the Commission that they are in compli-

ance with the provisions of this section.

PART 1209—INTERIM SAFETY STANDARD FOR CELLULOSE INSULATION

Subpart A—The Standard

Sec.

- 1209.1 Scope and application.
- 1209.2 Definitions and measurements.
- 1209.3 General requirements.
- 1209.4 Test procedures for determining settled density.
- 1209.5 Test procedures for corrosiveness.
- 1209.6 Test procedures for critical radiant flux.
- 1209.7 Test procedures for smoldering combustion.
- 1209.8 Procedure for calibration of radiation instrumentation.
- 1209.9 Labeling requirement.
- 1209.10 Certification and enforcement.
- 1209.11 Effective date.
