reasons the different assumptions were chosen.

(5) For purposes of this Item and Item 902 of this subpart (§229.902), an asset is “significant” to a partnership if it represents more than 10% of the value of the partnership’s assets as of the end of the most recently-completed fiscal year or recently-completed interim period or if 10% or more of the partnership’s cash flow or net income for the most recently-completed fiscal year or most recently-completed subsequent interim period was derived from such asset.

Instructions to Item 911: (1) The reports, opinions and appraisals required to be identified in response to paragraph (a) of this Item (§229.911) include any reports, opinions and appraisals which materially relate to the roll-up transaction whether or not relied upon, such as reports or opinions regarding alternatives to the roll-up transaction whether or not the alternatives were rejected.

(2) The information called for by paragraph (a)(2) of this Item (§229.911) should be given with respect to the firm which provides the report, opinion or appraisal rather than the employees of such firm who prepared it.

(3) With respect to appraisals, a summary prepared by the appraisers should not be included in lieu of the description of the appraisals required by paragraph (c) of this Item (§229.911). A clear and concise summary description of the appraisals is required.
