§ 240.14a–5

Presentation of information in proxy statement.

(a) The information included in the proxy statement shall be clearly presented and the statements made shall be divided into groups according to subject matter and the various groups of statements shall be preceded by appropriate headings. The order of items and sub-items in the schedule need not be followed. Where practicable and appropriate, the information shall be presented in tabular form. All amounts shall be stated in figures. Information required by more than one applicable item need not be repeated. No statement need be made in response to any item or sub-item which is inapplicable.

(b) Any information required to be included in the proxy statement as to terms of securities or other subject matter which from a standpoint of practical necessity must be determined in the future may be stated in terms of present knowledge and intention. To the extent practicable, the authority to be conferred concerning each such matter shall be confined within limits reasonably related to the need for discretionary authority. Subject to the foregoing, information which is not known to the persons on whose behalf the solicitation is to be made and which it is not reasonably within the power of such persons to ascertain or procure may be omitted, if a brief statement of the circumstances rendering such information unavailable is made.

(c) Any information contained in any other proxy soliciting material which has been furnished to each person solicited in connection with the same meeting or subject matter may be omitted from the proxy statement, if a clear reference is made to the particular document containing such information.

(d)(1) All printed proxy statements shall be in roman type at least as large and as legible as 10-point modern type, except that to the extent necessary for convenient presentation financial statements and other tabular data, but not the notes thereto, may be in roman type at least as large and as legible as 8-point modern type. All such type shall be leaded at least two points.

(2) Where a proxy statement is delivered through an electronic medium,
Securities and Exchange Commission

issuers may satisfy legibility requirements applicable to printed documents, such as type size and font, by presenting all required information in a format readily communicated to investors.

(e) All proxy statements shall disclose, under an appropriate caption, the following dates:

(1) The deadline for submitting shareholder proposals for inclusion in the registrant’s proxy statement and form of proxy for the registrant’s next annual meeting, calculated in the manner provided in §240.14a-8(e)(Question 5); and

(2) The date after which notice of a shareholder proposal submitted outside the processes of §240.14a-8 is considered untimely, either calculated in the manner provided by §240.14a-4(c)(1) or as established by the registrant’s advance notice provision, if any, authorized by applicable state law.

(f) If the date of the next annual meeting is subsequently advanced or delayed by more than 30 calendar days from the date of the annual meeting to which the proxy statement relates, the registrant shall, in a timely manner, inform shareholders of such change, and the new dates referred to in paragraphs (e)(1) and (e)(2) of this section, by including a notice, under Item 5, in its earliest possible quarterly report on Form 10–Q (§249.308a of this chapter), or, in the case of investment companies, in a shareholder report under §270.30d–1 of this chapter under the Investment Company Act of 1940, or, if impracticable, any means reasonably calculated to inform shareholders. 

NOTE 1: The filing of revised material does not recommence the ten day time period unless the revised material contains material revisions or material new proposal(s) that constitute a fundamental change in the proxy material.

§ 240.14a–6 Filing requirements.

(a) Preliminary proxy statement. Five preliminary copies of the proxy statement and form of proxy shall be filed with the Commission at least 10 calendar days prior to the date definitive copies of such material are first sent or given to security holders, or such shorter period prior to that date as the Commission may authorize upon a showing of good cause thereunder. A registrant, however, shall not file with the Commission a preliminary proxy statement, form of proxy or other soliciting material to be furnished to security holders concurrently therewith if the solicitation relates to an annual (or special meeting in lieu of the annual) meeting, or for an investment company registered under the Investment Company Act of 1940 (15 U.S.C. 80a–1 et seq.) or a business development company, if the solicitation relates to any meeting of security holders at which the only matters to be acted upon are:

(1) The election of directors;

(2) The election, approval or ratification of accountant(s);

(3) A security holder proposal included pursuant to Rule 14a–8 (§240.14a–8 of this chapter);

(4) The approval or ratification of a plan as defined in paragraph (a)(6)(ii) of Item 402 of Regulation S–K (§229.402(a)(6)(ii) of this chapter) or amendments to such a plan;

(5) With respect to an investment company registered under the Investment Company Act of 1940 or a business development company, a proposal to continue, without change, any advisory or other contract or agreement that previously has been the subject of a proxy solicitation for which proxy material was filed with the Commission pursuant to this section;

(6) With respect to an open-end investment company registered under the Investment Company Act of 1940, a proposal to increase the number of shares authorized to be issued; and/or

This exclusion from filing preliminary proxy material does not apply if the registrant comments upon or refers to a solicitation in opposition in connection with the meeting in its proxy material.

Note 1: The filing of revised material does not recommence the ten day time period unless the revised material contains material revisions or material new proposal(s) that constitute a fundamental change in the proxy material.
