Federal Energy Regulatory Commission

§ 157.212 Synthetic and liquefied natural gas facilities.

Subject to the notice requirements of §§ 157.205(b) and 157.208(c), the certificate holder is authorized to acquire, construct, modify, replace, and operate synthetic and liquefied natural gas facilities.

(a) Construction and operation—(1) Automatic authorization. The certificate holder may acquire, construct, modify, replace, and operate synthetic and liquefied natural gas facilities, including compression and looping, that are not eligible facilities under § 157.202(b)(2)(i). The cost of a project may not exceed the cost limitation provided in column 2 of Table I of § 157.208(d). The certificate holder must not segment projects in order to meet this cost limitation.

(b) Reporting requirements. As part of the certificate holder's annual report of projects authorized under paragraph (a) of this section, the certificate holder must report in the manner prescribed in §§ 157.6(a) and 385.2011 of this chapter:

(1) A description of the facilities acquired, constructed, replaced, modified or operated pursuant to this section.

(2) The location and maximum quantities delivered at such delivery point.

(3) The actual cost and the completion date of the delivery point.

(4) The date of each agreement obtained pursuant to § 157.206(b)(3) and the date construction began.

(5) If applicable, the information required in § 157.208(e)(4).
