§ 134.24 Containers or holders not designed for or capable of reuse.

(a) Containers ordinarily discarded after use. Disposable containers or holders subject to the provisions of this section are the usual ordinary types of containers or holders, including cans, bottles, paper or polyethylene bags, paperboard boxes, and similar containers or holders which are ordinarily discarded after the contents have been consumed.

(b) Imported empty. Disposable containers or holders imported for distribution or sale are subject to treatment as imported articles in accordance with the Harmonized Tariff Schedule of the United States (19 U.S.C. 1202), and shall be marked to indicate clearly the country of their own origin. However, when the containers are packed and sold in multiple units (dozens, gross, etc.), this requirement ordinarily may be met by marking the outermost container which reaches the ultimate purchaser.

(c) Imported to be filled—(1) If unmarked. When disposable containers or holders or usual containers which are goods of a NAFTA country are imported by persons or firms who fill or package them with various products which they sell, these persons or firms are the “ultimate purchasers” of these containers or holders which are goods of a NAFTA country and they may be excepted from individual marking pursuant to 19
